Vol. 3 No. 135 | SNYDER, TEXAS, MONDAY, OCTOBER 6, 1952 | EIGHT PAGES—PRICE 5c

Completion In San Andes Of Garza County

R. S. Anderson of Midland No. 1-39 Clyde Miller has been completed as a San Andres discovery in Southeast Garza County.

The project pumped 24 hours for a potential of 26 barrels of oil plus 67 per cent water from open hole in the San Andres at 3,429-3,074 feet. That section had been treated with 15,000 gallons of acid.

Anderson has asked that the field opened by this well be designated the RSA field.

The No. 1-39 Miller is about three miles southwest of Justiceburg.

MITCHELL WILDCAT

F. Kirk Johnson of Fort Worth has spotted a 7,500-foot wildcat 20 miles southeast of Colorado City in Mitchell County.

It will be the No 1 W. P. Bomar, 660 feet from south and east lines of section 10-12-H&TC. Rotary tools are to be moved in for immediate drilling.

ABANDON KENT WELL

Ohio Oil Co. No. 1 I. E. Gaskill, Kent wildcat, has been plugged and abandoned on total depth of 6,204 feet in lime.

The project was drilled about seven miles northwest of the Salt Creek - Canyon field in section 4-D-psl survey. That is about 16 miles northwest of Clairemont.

DRILLING REPORT

Superior and Intex No. 14-398 R. H. Jordan, Northeast Borden project, is coring at 8,292 feet after a drillstem test from 8,262-282 feet. Recovery was 25 feet of drilling mud with no shows. The tool was open 40 minutes.

Cities Service No. 1-B Leverett, Dawson wildcat, is drilling in lime and sand below 8,680 feet.

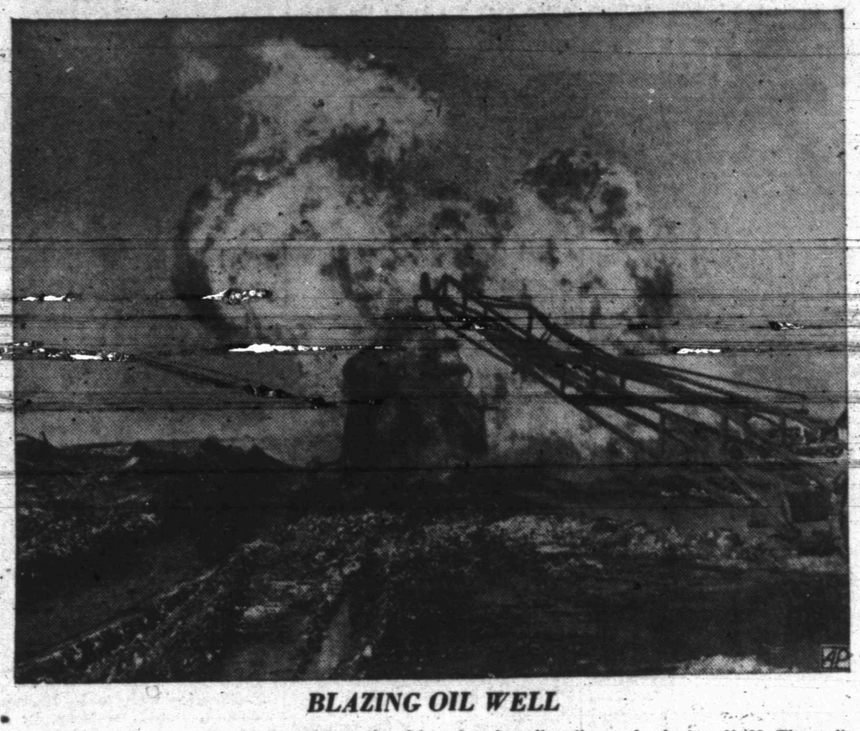

American Trading No. 2-A Howell, Southeast Scurry Ellenburger prospector, is drilling in lime and sand below 6,340 feet.

Department Is Slow To Act

WASHINGTON, Oct. 6 (AP)—The Justice Department, says a House investigating group, has recovered only $300,000 of allegedly fraudulent World War II contracts totaling 21 million dollars.

Asserting the fraud charges were referred to the department four years ago by the General Accounting Office (GAO), a House Judiciary subcommittee said the department has "taken an excessive amuont of time moving to recover money due the United States Government.

In a report to the House last night, the subcommittee said the department's record in handling cases of overpayments to private contractors is "shameful."

BLAZING OIL WELL

Flames leap up as operators attempt to extinguish a burning oil well near Lovington, N. M. The well, Continental Oil Co. No. 1 Anderson Ranch unit in Lea County, started on fire Sept. 23. Wellhead, from which flames originated, is shown spewing oil, gas and drilling mud. Seventeen-pound mud is pumped into the blaze in an attempt to bring it under control. The cost of the fire will amount to at least $1,000,000,000, company officials said.

Last Suspect Caught In Fort Worth Robbery Of Arms Buyers

FORT WORTH, Oct. 6 (AP)—Arrest of a Fort Worth ex-convict today completed the roundup of the key figures in the largest robbery in Fort Worth history—the $248,000 tommygun holdup of three exiled Cubans reportedly planning a counter-revolution in their homeland.

Gene Paul Norris, 31, was captured at 5 a.m. (CST) in a Duncan, Okla., tourist court by FBI agents. They said he offered no resistance. The raid was led by D. A. Bryce, agent in charge of the FBI in Oklahoma.

Better known as Paul Norris, the Duncan machine shop operator was charged last night before U. S. Commissioner R. F. Miam with interstate transportation of stolen property.

CUBANS VIEWS PICTURES

The two Cuban victims of the Friday morning robbery, Manuel F. Madareaga and Candido de la Torre, spent hours yesterday viewing more than 3,000 photographs of hoodlums.

They singled out Norris as the man previously identified as Johnny who was in the room with them before a scar-faced man with a submachine and relieved them of $240,000 intended to finance an anti-Fulgencio Batista move in Cuba and $8,000 of personal funds.

Orval Lindsey Chambless, 31, was taken in custody Saturday night at Oklahoma City.

Agent Bryce said, "All I'm authorized to say is that Chambless surrendered to me at 8 o'clock Saturday night."

Chambless, former "flying bootlegger" ofOklahoma , was charged by him here Saturday.

ADMITS APPROACHED

Chambless vowed, "They are not going to make me the goat."

"Sure, I was offered a proposition," the ex-convict said. "But I turned it down. I'm not going to get tied up in anything with international complications."

He said he was sick in Oklahoma City when Madareaga and De la Torre were robbed.

"This is one time I'm not guilty and I'm going to yell like a panther. This whole thing is a frame-up.

"I'll make those guys catch a rabbit when I get back to Fort Worth. There's something rotten some place.

"There's a hell of a lot of this thing that hasn't come out in the newspapers. I'll make those guys eat those words."

Whereabouts of the loot remained a $248,000 question today.

MAY BE IN OKLAHOMA

Police are working on theory the fortune is cached in Oklahoma since the third wanted man, Sam Brown Cresap, 40, Fort Worth car salesman, was taken into custody less than an hour after the robbery.

The Cuban came to Fort Worth last week to buy munitions with $240,000 given to them by Carlos Prio Socarra, ousted Cuban President, at New York City Wednesday.

46 Degrees Last Night

A chilling norther, which blew into Snyder early yesterday, brought a low of 46 degrees last night. Last night's low was the coolest of this season so far, according to Mrs. D. P. Strayhorn, weather observer. Temperature remained at 46 at 7:30 o'clock this morning. High yesterday was 85.

EACH TAKE SIDE ON CAMPAIGN SIGN

HOUSTON, Oct. 6 (AP)—The Zeigfinger brothers, Hal and Mike, who run a filling station on the Gulf Freeway, believe in letting people know how they stand on the presidential race. So they fixed up a banner 20 feet long and five feet high.

There was one little complication:

Hal is for Ike; Mike is for Stevenson.

Yep. One side of the banner boosts Eisenhower and the other urges the election of Stevenson.

Texas Drys To Push For Vote State Election

An official of the United Texas Drys says statewide prohibition may be voted on soon in Texas.

After three elections Saturday in which two more areas in the state were voted dry but one stayed wet, the Rev. Albert Tucker, Dallas, executive secretary of the drys, said:

"We have already seen the trend toward prohibition. I predict that the question will be settled in the near future—one way or another—so that those who believe in statewide prohibition for Texas will be given the democratic privilege of voting those sentiments."

Tucker said the Drys were "naturally very happy about the outcome of elections in Grand Prairie and Limestone County."

After a brisk election campaign Grand Prairie residents Saturday voted dry by a 438-vote majority with 3,124 votes cast in the town's four boxes. Limestone County dry with a 240-vote margin out of 6,000 votes cast in the East Central Texas region.

The wets, however, were victorious in Orange County, Precinct 3, which voted, 654 to 452, to continue sale of all alcoholic beverages.

Move To Quash Grand Jury In Murder Case

ALICE, Oct. 6 (AP)—A defense attorney today asked for dismissal of grand jurors who met to study charges in the alleged mistaken murder of Jake (Buddy) Floyd Jr.

Percy Foreman, counsel for Alice attorney Nago Alaniz, said he would offer testimony to support his motion to quash the grand jury.

He told Judge Arthur A. Clien of 5th Judicial District, Cameron County, that he wanted the jury Commission, the grand jurors and the district attorney to remain in court for the testimony.

Judge Clien, who replaced Dist. Judge Sam G. Reams to present the charge to the jury, recessed court to study the motion.

Reams disqualified himself and did not appear in court. He had been named in examining trial testimony as an intended victim of what offcers called an assassination plot that went awry and resulted in young Floyd's death instead of that of his father, prominent Alice attorney and political adviser.

Alaniz and Mario (El Turko) Sapet are charged with murder in the death of young Floyd and with conspiracy to murder his father, Jake Floyd Sr.

Republicans Not Able To Handle Problem Of Communists In World

Yankees Tie Series In Sixth Thriller

BROOKLYN, Oct. 6 (AP)—A pair of mighty homers by Yogi Berra and Mickey Mantle matched a pair by Brooklyn's Duke Snider today but the Yankees beat the Dodgers, 3 to 2, in the sixth game of the World Series today and squared the series at three victories for each team.

FIRST INNING

YANKEES: Art Passarella, who figured in yesterday's controversial decision at first base, was soundly booed when his name was announced as the plate umpire. McDougald went out on a hard grounder to Cox. Rizzuto raised a soft pop to Reese. Mantle walked on five pitches. Mize flied to Snider. No runs, no hits, no errors, one left.

DODGERS: Cox dropped a looping double inside the left field foul line. Reese lifted a short pop to Berra. Snider walked. McDougald fielded Robinson's hopper and stepped on third, forcing Cox, Shuba bounced out. No runs, one hit, no errors, two left.

SECOND INNING

YANKEES: Berra went out on a high pop to Reese. Woodling lined a single past Robinson. Noren went down swinging. Martin also went down swinging. No runs, one hit, no errors, one left.

DODGERS: Rizzuto threw Campanella out at first. Hodges struck out. Furillo rammed a single into left field. Loes struck out. No runs, one hit, no errors, one left.

THIRD INNING

YANKEES: Raschi was thrown out at first by Reese. Campanella took McDougald's high pop foul. Rizzuto chased Snider back to the left-center field wall for his long drive. No runs, no hits, no errors, none left.

DODGERS: McDougald whipped out Cox. Woodling took Reese's low liner. Martin tossed out Snider at first. No runs, no hits, no errors, none left.

FOURTH INNING

YANKEES: Mantle went out on a soft pop to Robinson. Mize walked. Berra bounced to Robinson, who threw to Reese, forcing Mize at second. Reese's relay bounced past Hodges and Berra reached second on the error for Reese. Woodling filed to Snider. No runs, no hits, one error, one left.

DODGERS: Robinson was caught looking at a third strike. Shuba struck out. Campanella cracked a single. Hodges struck out. No runs, one hit, no errors, one left.

FIFTH INNING

YANKEES: Cox hit a single. Martin flied deep to Shuba. Raschi bunted hard inside the first base line and Hodges started a spectacular double play, his long throw to Reese nipping Noren at second and Reese's fast relay to Robinson, who covered first, retiring Raschi. No runs, one hit, no errors, none left.

DODGERS: Furillo struck out. Loes went out no a slow roller to Martin. Cox singled sharply to left. Reese bounced to Rizzuto who outraced Cox to second. No runs, one hit, no errors, one left.

SIXTH INNING

YANKEES: Reese took McDougald's high pop. Rizzuto walked. Mantle skied to Shuba. Robinson gobble up Mize's one-bouncer and threw to Hodges for the out. No runs, no hits, no errors, one left.

DODGERS: Snider hammered a towering home run over the right field screen on Raschi's first pitch to put the Dodgers in front, 1-0. It was his third homer of the series. Robinson went out on a high fly. Shuba struck out. Campanella Cox's grounder took a low hop but McDougald trapped the ball and threw to Collins for the out. No runs, no hits, no errors, one left.

topped back to the mound and was tossed out. One run, one hit no errors, none left.

SEVENTH INNING

YANKEES: Berra crashed a home run high over the screen to the right of the scoreboard, tying the score at 1-1. This tied the seven-game World Series record for home runs set by Washington and Pittsburgh in the 1925 World Series. Woodling slapped a single through the middle. Loes dropped the ball while winding up before het pitch to Noren and a balk was called against him, sending Woodling to second. Noren looked at a third called strike. Cox took Martin's high pop inside third. Raschi shot a hot grounder that bounced off Loes' left knee into short right for a single, scoring Woodling to put the Yankees ahead, 2-1. McDougald walked. Cox backed up for Rizzuto's hot grounder and threw to Hodges for the out. Two runs, three hits, no errors, two left.

DODGERS: Hodges struck out. Furillo bounced to Mize who beat the runner to the bag. Loes singled sharply past Mize. Loes stole second. Cox struck out. No runs, one hit, no errors, one left.

EIGHTH INNING

YANKEES: Mantle walloped a tremendous home run into the lower stands in left-center. This set a World Series record of 13 home runs. Mize popped to Hodges. Berra flied to Snider. Woodling walked. Noren singled to right, Woodling stopping at second. Cox threw out Martin. One run, two hits, no errors, two left.

DODGERS: Collins went in to play first base for the Yankees. Reese bounced out. Snider belted his second home run clear over the screen and scoreboard in right field. It was his fourth of the series and gave the two teams a total of 14. Robinson flied to Woodling in left. Shuba lined a double to the wall in left-center. Snider's homer ties a world series record of four homers in a series set by Babe Ruth in 1926 and tied by Lou Gehrig in 1928. Reynolds replaced Raschi on the mound for the Yankees. Edmundo (Sandy) Amoros ran for Shuba. Campanella struck out. One run, two hits, no errors, one left.

NINTH INNING

YANKEES: Tommy Holmes went to left field for the Dodgers. Reynolds was out on a one-bouncer back to the box. McDougald topped a slow roller to the left of the mound and out-legged Loes' hurried throw for an infield single. Rizzuto smacked a long single to left, sending McDougald to third. That was all for Loes, who was replaced by Preacher Roe. Mantle walked. Collins struck out. Berra lined to Furillo. No runs, two hits, no errors, three left.

DODGERS: Hank Bauer went to right field for the Yankees.

Rocky Nelson, a left-handed hitter, went in to bat for Hodges.

Nelson struck out.

Furillo ran up a full count, then walked on a fourth low ball.

Andy Pafko batted for Roe.

Pafko popped to Rizzuto.

ABOARD TRUMAN, Oct. 6 (AP)—President Truman asserted today that the Republican Party appears unable to "see or understand what it takes to meet the menace of Communist aggression and subversion."

Whistle - stopping eastward through Utah in behalf of the Stevenson-Sparkman Democratic ticket, the President hit anew at the GOP and its presidential candidate, Dwight D. Eisenhower, in a speech prepared for delivery at Brigham Young University in Provo.

The Democrats, he said, can take credit for the United Nations, the Marshall Plan, the North Atlantic Treaty, the Japanese Peace Treaty and the Point Four program of assistance to retarded areas.

"We had a lot of Republican help on these programs for a while," Truman said, "But we also had a lot of Republican opposition.

"If the Republican opposition had prevailed, I have no doubt that France and Italy and almost all of Western Europe would be under Communist yoke today."

Eisenhower, Truman asserted, has "swallowed isolationism whole."

He also denounced Republican talk of "government by crony" in Washington as "sheer poppycock —and politics."

Meanwhile, Truman's campaign strategy board worked on two new speaking itineraries for the "give 'em hell" campaign.

Tentative plans call for a whirlwind tour of New England—highlighted by a major address in Boston—and still another Midwestern tour carrying Truman into states on his way home to Missouri to vote.

Truman's current 8,500 mile, 13-day coast-to-coast trip winds up in New York Saturday with two speeches. Before that he will stump upstate New York from Buffalo, where he speaks Friday night.

The second trip into New England, with speeches likely in Hartford and New Haven, as well as Boston, will follow within less than a week Truman's return to Washington Sunday. The Midwestern trip likely will wind up the campaign.

The President planned his biggest speech today at 11:55 a.m. EST in the field house of Brigham Young University at Provo, Utah. His 16-car special train was to make a 9:40 a.m. EST stop at Salt Lake City for a rear platform appearance by Truman.

Other whistle stop speeches were scheduled for Helper, Utah, and Grand Junction, Rifle and Glenwood Springs in Colorado. The special train will lay over tonight at Glenwood Springs.

Davie Resignation Effective Oct. 11

Robert S. Davie, district attorney for the 132nd Judicial District, announced today that he has submitted his resignation effective Oct. 11.

Davie wired his resignation to Gov. Allan Shivers this morning, he said, and plans to leave next week for Dallas where he has accepted a position on the district attorneys staff.

Davie has served as district attorney for Scurry and Borden counties since March, 1951, when he was appointed by Gov. Shivers after the creation of the district. Davie sought return to the office this year, but was defeated by Renal Rosson, Snyder Attorney.

Mr. and Mrs. Davie and their three sons have made their home here at 3734 Dalton Drive. He is a past president of the Brotherhood of the First Baptist Church, past acting president of the Junior Chamber of Commerce and was secretary - treasurer of the Sharon Ridge Producers and Royalty Owners Association. He is also a member of the Lions Club and of the Scurry County Bar Association.

Bob Davie

First Cold Weather Of Season Settles Across Most Of State

By The Associated Press

Texas' first real cool spell of the fall blew into the Gulf of Mexico Monday after kicking up dust in the Plains and tossing off a few disappointing drops of rain.

The norther failed to make its mark as a genuine cold snap. The forecast had called for the first freezing weather of the season early Monday, but the lowest reading the Weather Bureau could find was 36 degrees at Dalhart, high in the Panhandle.

Northerly winds of 20 to 30 miles an hour had puffed dust into the air, reducing visibility at Big Spring and Childress to four miles.

More dust blew around Midland and Odessa and along the Red River Valley from Childress to Wichita Falls.

Early Monday, thunderstorms rattled in the Fort Worth-Dallas area, northward into Oklahoma and northeastward to Texarkana. But the only measurable rain was .01 inch at Dallas and Mineral Wells. Late Sunday night, the cool front worked up a thunderstrom in the San Angelo area but couldn't squeeze out any moisture.

By mid-morning the front was past Victoria and moving into the Gulf. Victoria had a comfortable 66-degree temperature.

Some pre-dawn readings included: Amarillo 47, Salt Flat 55, Dallas 56, El Paso 60, Lubbock 45, Big Spring 51, Waco 59, Austin 64, Galveston 76, Brownsville 70, Tyler 55, Lufkin 64 and San Antonio 62.

Amarillo's temperature at 9:30 p.m. Sunday had been 50 degrees and had dropped only three degrees in the next seven hours. The temperature at Dallas dropped from 93 at 3 p.m. Sunday to 55 at 1 a.m. and was up to 56 at 4:30 a.m. Monday.

Panhandle and South Plains temperatures Sunday afternoon ranged in the sixties and seventies, but other readings over the state were in the eighties and nineties.

Communist Congress Is Told U. S. Bent Of World Control

MOSCOW, Oct. 6 (AP)—Georgi M. Malenkov told the world's Communists last night "bosses" of the U. S. are bent on world domination through a war with the Soviet Union and the USSR therefore "is strengthening and will strengthen its defense capabilities."

Joseph Stalin looked on as Malenkov (alopg with V. M. Molotov considered a probably heir to the Stalin mantle) delivered an hours-long address to the opening session of the 19th Congress of the All-Union Soviet Communist Party. He denounced U. S. "ruling circles" and laid down the Communist program for the future.

Malenkov portrayed President Truman and other American leaders as plotting world domination and driving the capitalist world toward economic breakdown and war. But the USSR is prepared to co-operate with the U. S. and other powers for peace, Malenkov said.

(On the surface, at least, this appears to contradict the words of Stalin published Thursday. Stalin said there was more likelihood of war between capitalist nations than between the USSR and the capitalist world because of contradictions in the capitalist system's competition for markets. However, the point Malenkov appears to be making is that the Soviet Union will continue to build its "defensive" might to the utmost, to thwart plans of would-be "imperalist aggressors.")

Keynoting the first such party Congress in 13 years, Malenkov laid down this program for the future:

In the foreign field the USSR will "fight against plans for instigating a new war," while incessantly strengthening the defensive might of the Soviet state so that it can "crush and repel any aggressors."

On the economic scene the USSR will sponsor "co-operation and developing of commercial ties with all nations."

On the domestic front the USSR will "strengthen the economic might of the country by overfulfillment of the tasks of the fifth five-year plan."

About 2,000 delegates representing the 6,013,000 members and 869,000 candidate members of the Soviet Communist Party heard the keynote speech, which in the past often has been given by Stalin himself.

Malenkov, whose audience included top ranking Communist leaders from many countries, also claimed Soviet strides in atomic energy, saying the USSR intends to use it for peaceful purposes. Soviet scientists, he said, "liquidated the dominant position of the U. S. A. in this field and dealt a serious blow to the warmongers who tried to use the atomic secret and atomic weapon for purposes of blackmail in a manner to frighten other people."

Church Group Splits Sunday

MEMPHIS, Tenn., Oct. 6 (AP)—The definition of "perfect love" has split the 50,000-member Evangelical Methodist Church.

An indefinite number of the 250 delegates to the annual conference walked out yesterday when Dr. W. W. Breckbill, Altoona, Pa., quit the church.

Breckbill followers said nearly 100 joined the indignant exodus. Backers of Dr. J. H. Hamblen, Abilene, Tex., said the minority faction amounted to about 40.

Breckbill, who was general superintendent of the denomination's eastern area, is president of the American Council of Christian Churches.

Delegates who remained chose the Rev. Lucian D. Smith, Memphis, to replace Breckbill.

Those who walked out included leaders of churches in three of the 13 districts—Northeast (New York Pennsylvania and Maine), California and East Tennessee.

Stevenson Changing Pace In His Campaign For President

SPRINGFIELD, Ill. (AP)—Gov. Adlai E. Stevenson's campaign for the presidency reached a cross roads today—with a shift in emphasis and issues.

From a series of speeches built largely around selling the idea that another Democratic election victory will mean continued prosperity, the Democratic nominee turned to drafting a major address on the menace of communism.

The prosperity theme ran through speeches Friday and Saturday in Ohio, Iowa and Minnesota. The communism issue, on the basis of present plans is to be the topic of a major address in Detroit tomorrow night—the first major address of a five-day, aerial sortie into seven states in the Midwest and Deep South.

From using a deft, sharp needle to jab at the GOP and at Republican candidate Dwight D. Eisenhower, Stevenson apparently has switched to a sledgehammer approach.

As he swung through Ohio, Iowa and Minnesota at the close of last week, Stevenson bore down on the premise that the American people have been pretty happy and prosperous for the better part of 20 years under Democratic administration. That, obviously, was intended to counter the Republican time-for-a-change chant, and Eisenhower's statements that dollars aren't worth as much as they used to be.

The Illinois governor summed it up in Minneapolis when he hit at the GOP as talking about false prosperity.

"False prosperity, indeed," he snorted. "As false as money in the bank, fertilizer in the soil, a new tractor, and a new washing machine.

"You will find your reasons for supporting the Democratic party in debt-free farms, in markets for your harvest, in your strong, co-operatives, in the homes you own, in the vacations you take; . . . in your new security . . ., in schools . . ., in plans you can make for your future."

All day long Saturday, at Ft. Dodge, Ia., then at Minneapolis and finally at St. Paul, Stevenson took harder and harder swats at Eisenhower, and the GOP. He built up to a climax in St. Paul, where he named names and even called a few.

He called Eisenhower a captive to the GOP "Old Guard," a man who "seems to have embraced or been embraced by the most reckless and embittered wing of his party."

He said Sen. Joseph R. McCarthy of Wisconsin is a "champion of the inquisition, champion of trial by ordeal and slander."

He said Sen. Robert A. Taft of Ohio is the political mentor of the general and a man who has "made opposition a matter of principle."

While his audience cut loose with lusty boos, tSevenson said McCarthy, Taft, and other GOP senators would be part of a "murderers' row" in the Senate, in charge of key committees, if the Republicans elect to office all the candidates Eisenhower has endorsed.

Stevenson advised the workman, the farmer—everyone—to beware because "the dominant Old Guard of the Republican party has captured the candidate and will even torpedo your foreign policy."

Then, in one of the broadest swipes he has taken so far at the rival party, the Democratic nominee went on to say:

WEATHER

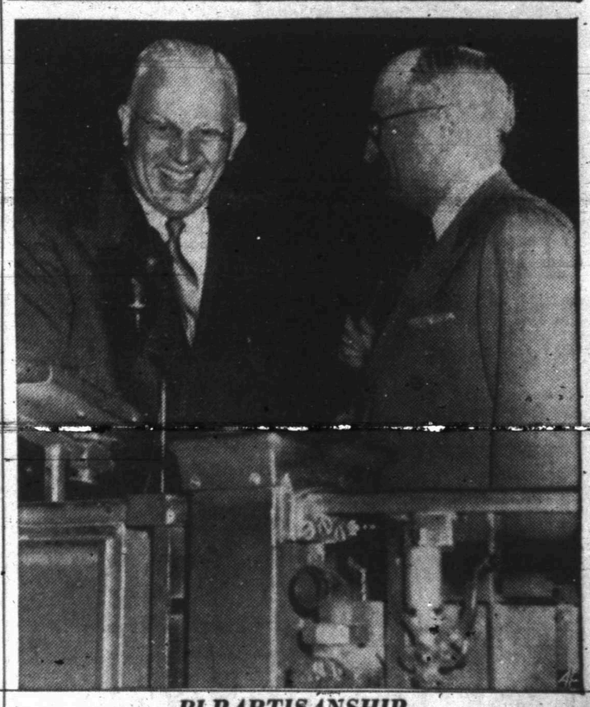

now is the time for al goodm en to come

EAST TEXAS Partly cloudy and colder Monday and Monday night. Widley scattered thundershowers in extreme north portion Monday. Tuesday partly cloudy and cool. Gentle variable winds on the coast becoming fresh to locally strong northerly Monday afternoon.

SOUTH CENTRAL TEXAS: Partly cloudy Monday, Monday night and Tuesday. Colder Monday night and in north portion Monday. Moderate winds on the coast, becoming fresh to locally strong northerly Monday afternoon.

NORTH CENTRAL TEXAS: Partly cloudy and colder Monday ,Monday night. Widely scattered thundershowers in northeast portion Monday morning. Partly cloudy and cool Tuesday.

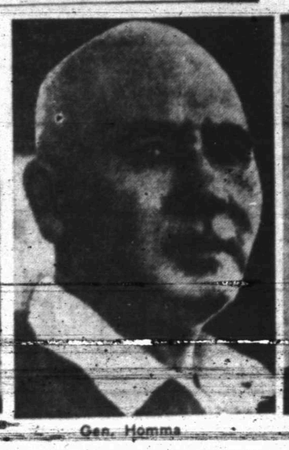

WEST TEXAS: Partly cloudy and colder Monday, Monday night. Low 30-35 in Panhandle and Upper South Plains Monday night. Tuesday partly cloudy and cool.

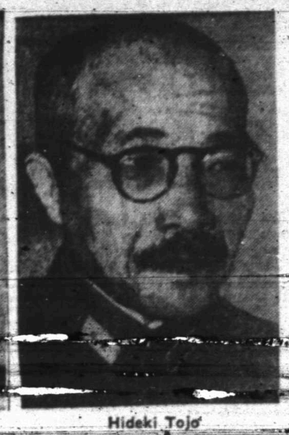

BI-PARTISANSHIP

Gov. Earl Warren of California (left), unsuccessful candidate for the GOP presidential nomination in Chicago last July, is all smiles at Davis, Calif., as he introduces President Harry S. Truman from the rear platform of the President's whistle-stop special. Truman praised Warren during his California speeches as he proceeded on his tour to further the campaign of Democratic nominee Adlai E. Stevenson. Warren left the train before it continued to Oakland, Calif.

Japanese Women Are Still Proud Of Executed Husbands

TOKYO — The widows of four Japanese generals executed by the Allies after the Pacific war say they are still proud of their husbands.

"But my husband deserved death," Mrs. Hisako Yamshita was quoted in a story in the magazine Maru.

Her husband was Gen. Tomoyuki Yamshita, who commanded the Japanese forces in the Philippines. He was hanged at Manila Feb. 23, 1946.

"When a professional soldier loses a battle leaving his nation in ruins, he must die," Mrs. Yamashita said.

Mrs. Fujiko Homma, wife of Gen. Masaharu Homma, commander of the Bataan death march, said she is still is proud of her husband exactly as she testified at his Manila trial.

Homma was shot April 3, 1946, at Manila following his trial for his part in the death march which took the lives of many Americans and Filipinos who were captured at Bataan and Corregidor.

"I knew my husband was to be killed," Mrs. Homma said. "So I did not beg for his life when I met General MacArthur after returning from Manila."

In the Maru magazine story Mrs. Yamshita said she did not go to Manila to testify in behalf of her husband, as Mrs. Homma did for her, because "I knew it was useless."

"It was a trial of the defeated by the winner," Mrs. Yamashita added.

Mrs. Katsuko Tojo, widow of Gen Hideki Tojo, the wartime Japanese premier who was hanged Dec. 23, 1948, said her only wish is to have her daughters marry any boys who "do not mind their background."

General Tojo's three daughters —Makie, 30; Yukie, 24, and Kimie, 21 — live with their mother at the house where Tojo tried to kill himself rather than face trial in 1945. One other daughter, Mitsue, 34, was married before the war.

The Tojo family now raises poultry and crops in their garden, and the two younger daughters attend college.

Mrs. Kiku Itagaki, widow of Gen. Seishiro Itagaki, former war minister who was hanged with Tojo, said her husband was "a really good man."

"At the last interview before his death," she said, "he had only this thing to tell:

" 'I have had a really happy life simply because of you. I wish to now thank you with all my heart.' "

Three Accidents Near Here Leave Five Persons Injured

Five persons were injured, none believed seriously, in three accidents occurring near here yesterday and this morning.

Two of the accidents occurred this morning, both involving a car driven by Rosser Jackson Coker, 40, of 2807 Avenue D, who was placed in the county jail on accusation of drunkenness and failing to stop at the time of an accident.

The other wreck occurred 10 miles east of Gail, according to E. W. Green, highway patrolman who investigated it. Four persons were injured in this accident and taken to a hospital, although their conditions were not believed serious. They were listed as: Thomas Hobbson Heath, 22, of H&B Rooms, driver of the 1949 Pontiac convertible, which was overturned twice; Gwendol Smith, 16, of 605 Sixteenth Street; Helen Wallace, 15, of 1508 Twenty-first Street; and Glenn Lee, 27, of the 1600 block of Twenty - fourth Street, all passengers in the car. Green estimated damage to the car at about $600 and said it was not believed to have been in collision with any other vehicle.

Those in the Borden County accident were taken to a hospital in Snyder in a Bell ambulance.

Green said he took a passenger in one of the accidents today to a hospital here where he was examined and released. The victim was L. L. Eubank, 73, of Ira, passenger in a 1951 Chevrolet pickup driven by James A. Maupin, 18, of Ira. Green said the pickup was struck from behind by a 1947 DeSoto sedan driven by Coker on East Highway near the city limits.

Coker's car was involved in another accident a few minutes later between Snyder and Hermleigh when it and a 1951 Nash sedan driven by Byron Rudy Boatenhamer, 54, of Hermleigh, collided. Damage to the Nash was estimated at from $1,000 to $1,200.

MAILMAN'S COMPANION—"Pretty Boy," 2½-year-old cockatoo, accompanies mail carrier Jack Ford, delivering mail to Mrs. Rosaline Blumenfeld on Westwood, Cal., postal route.

New Roundup Of Youths Here

A second roundup of teen-age boys involved in theft was begun this morning by the city police department.

Policemen Toy Gideon and Buddy Norris, checking into thefts of accessories off private cars, picked up three boys for investigation and were to bring in two more this afternoon.

All the boys' ages range from 16 to 17. An earlier roundup of boys connected with various thefts three weeks ago brought in nine boys, ages 14 to 16, who were later processed by the county's youth development council. There is no connecton between the two groups police said.

Gideon and Norris had already confiscated more than $100 worth of accessories this morning, including two car radios, two full sets of hub caps, two sets of fender skirts, rear view mirrors, sun visors, and bumper guards. The two officers said they had more "loot" to bring in. The articles, allegedly stolen in Snyder and Post, are valued at more than $400.

No charges had been filed at noon today.

Puerto Ricans Among American Casualties

WASHINGTON (AP)—Puerto Rico accounted for 138 of 301 American battle casualties in Korea identified by the Defense Department today. A new list (No. 664) reported totals of 25 killed, 210 wounded, 46 missing and 20 injured.

Puerto Rico's share was five killed, 76 wounded, 44 missing and 13 injured.

Star Weds Manager

SAN FRANCISCO (AP) — Janet Blair, 31, blonde star of "South Pacific," married her stage manager, Nick Mayo, 32, here last night between stops of the road show.

Work To Start Soon On County Park: Specifications Readied

Construction on facilities at Scurry County's park will probably begin within the next few weeks, according to Ralph Spencer of the Butler - Brasher engineering firm of Lubbock.

Butler - Brasher, the firm employed by the county to perform engineering on the park will have specifications ready for the swimming pool within about two or three weeks, Spencer said. As soon as specifications are ready, bids will be taken from contractors.

Spencer said that present plans call for most of the park to be complete for use by next summer. Construction of the swimming pool, he said, will probably take about 100 working days. He added that the A. and I. building will probably be the next thing under construction. Plans are to have that building complete in time for the junior livestock show late next spring.

Most of the facilities can be constructed in a short time, such as ball diamonds, wading pool, tennis courts, and picnic pavilions, Spencer said.

Spencer commented that the park site has already been surveyed and that all roads have been located. He said the roads are ready to be graded off as soon as the county can move equipment to the park site to do the work.

The main entrance to the park, which will consist of a two-way drive, will be at the Big Spring Highway just south of the Canyon Drive-in Theatre. Picnic facilities will be built in the east end of the park, while the central and west portions will be used for recreation. The swimming pool will be located just southeast of the new high school, while the agricultural building will be south of the stadium. Ball parks will be at the extreme west end of the park.

Clamp Down On Dogs Promised

Dogs are running wild all over Snyder, and they'll be picked up if they are not licensed, according to Earl Allen, city dog catcher.

Allen said today that he is continually receiving complaints from residents here about dogs running loose in their yards, tearing clothes off lines, and turning over garbage cans.

Out of a dog population that runs into the hundreds, only 149 are licensed, according to city records. Allen said he is going to "clamp down" and pick up unlicensed dogs. After keeping them 10 days at the dog pound he will kill dogs not claimed, he said.

Allen added that while no dogs he has picked up recently have been found rabid, at least three have bitten children. He urged those owning dogs to have them vaccinated, which costs about $2, and licensed, which costs $1 for males and $2.50 for females, he said.

Compensation Case Is Started In Court Here

Testimony began this morning in a civil district court suit for compensation. Styling of the case is Tom Moran vs. Texas Employers Insurance Association.

Moran, of Taylor County, is seeking compensation based on alleged permanent and total disability resulting from an accident in oil field work April 15, 1951. The amount of compensation sought is the maximum of $25 a week for 401 weeks.

Revised Bible Being Received Well Here

The new Revised Standard Version of the Bible has already shown promise of becoming a best seller in Snyder.

The Times Printing Co. reported it had sold six copies in two days and had many more prospective buyers when more expensive editions were received.

The Revised Standard Version, published after more than 13 years of preparation, was placed on sale last week in bookstores across the nation. Observances were held in churches throughout the nation to mark its appearance.

Funeral For Mrs. Spykes In Hermleigh

Funeral services for Mrs. Millie Spykes, 68, of Hermleigh were to be held at 3 o'clock this afternoon at the Hermleigh Methodist Church.

Mrs. Spykes died Saturday in a Lubbock hospital following a long illness. She had been a resident of Hermleigh for the past 32 years.

The Rev. S. A. Sifford, pastor of the church, was to officiate at the services. Burial was to be in the Hermleigh cemetery with arrangements in charge of Bolger Funeral Home.

Survivors in addition to the husband [illegible] sons, Jess Spykes of Hermleigh, W. L. Spykes of Humbolt, Iowa, and K. D. Spykes of Casper, Wyo.; eight daughters, Mrs. Roy Patterson of Lubbock, Mrs. Marvin Hanback of Snyder, Mrs. Joe Groves of Hermleigh, Mrs. Owen Bern of Abernathy, Mrs. McNeil Wylie of Lubbock, Mrs. George Best and Mrs. Walter Sturdivant of Clovis, N.M., and Mrs. Victor Smith of Worland, Wyo.

Other survivors are three sisters, Mrs. Laura Whitlock of Modesta, Calif., Mrs. Charlie Sanster of Alma, Ark., and Mrs. Parazie Ledford of Ector; four brothers, W. S. Magnes of Bonham, A. D. Magnes of Bonham, Emmerson Magnes of Fort Smith, Ark., O. C. Magnes of Modesta, Calif., 14 grandchildren and one great-grandchild.

Pallbearers were to be Herman Richburg, James Davidson, E. L. Vandiver, A. E. Sturdivant, Loren McMillan, C. P. Carey and Ivey Sturdivant.

Funeral Tomorrow For 14-Month-Old Baby

Funeral services for Daniel Brantez, infant son of Mr. and Mrs. Abel Brantez of Snyder, are to be held at 3:15 o'clock tomorrow afternoon at the Templo Bautista.

The child, 14 months old, died unexpectedly this morning. The Rev. E. P. Gonzales will officiate at the services, with Bolger Funeral home directing burial in Snyder cemetrey.

Survivors in addition to the parents include three sisters and seven brothers.

The Maya Indians who once produced a high civilization in what is now Mexico are still the most important element in the population of Yucatan.

GREETINGS FOR TRUMAN

Eisenhower and Nixon campaign signs were much in evidence as President Truman, on a "whistle stop" tour of the United States, made a stop in Davis, Calif. He was even introduced by Republican Gov. Earl Warren of California. Warren, unsuccessful candidate for the Republican presidential nomination last July, left the train which proceeded to Oakland. The President then motorted across the bay to San Francisco.

Republicans In Hollywood Reorganized Around Actors

By BOB THOMAS

HOLLYWOOD (AP)—As in the rest of the nation, the main topic of conversation in Hollywood today is politics.

No previous campaign has evoked so much interest and activity as the 1952 race. To report Hollywood's part in the election, I visited the local headquarters of both sides and talked to some of the campaigners. First, alphabetically, came the Eisenhower group.

Hollywood's drive for Ike is directed by the Entertainment Industry Joint Committee for Eisenhower-Nixon. The nature of this group was explained by Mickie Kies, who is in charge of the office.

"The committee was formed in August," she remarked. "It is composed of two groups—the Hollywood Republican Committee, which was formed in 1947, and the Independent Volunteer Committee, which was organized last spring to promote Eisenhower's nomination since the latter comprises many former Democrats and independents, it was felt a new group should be formed apart from the Republican committee."

The GOP group lists such officials as George Murphy, Robert Montgomery, Walt Disney, Ginger Rogers, Adolphe Menjou and Leo McCarey. The volunteers are headed by powerful studio heads J. L. Warner, Samuel Goldwyn and Darryl Zanuck. Members include Fred Astaire, Irving Berlin and Clifton Webb.

The Republicans boast other well-known supporters such as Esther Williams, who sports a diamond-studded "I like Ike" pin. Jeanne Crain has done the first political campaigning of her life, speaking at a women's meet called "Coffee Hour for Eisenhower," along with Hedda Hopper.

The purpose of the joint committee, it was reported, is (1) to raise money; (2) to provide talent for Republican programs. Sample a women's rally in Long Beach; Dennis Morgan to a fund-raising drive in Beverly Hills. Also active are Lucille Ball, Dick Powell, June Allyson and Hoagy Carmichael.

Head of the Republican group in Hollywood is hard-working exhoofer George Murphy. He managed the campaign sendoff for Richard Nixon in Pomona and last week introduced Gov. John Lodge of Connecticut in San Diego and El Centro, Calif.

"We are now working on plans for the Eisenhower rally here on Oct. 9," Murphy told me. "Producers Mervyn Leroy, Joe Pasternak and Arthur Freed are putting on the show. It wil be a typical Republican rally, because we represent Hollywood, USA; it's no longer Hollywood, Calif."

The Republican committee sends stars wherever they are needed to whoop up spirit and raise money. Stars are also set for some radio and television appearances. Most stars under contract to studios are barred from TV, but there are indications they will be allowed to appear on TV for political purposes. The argument is that such appearances involve their rights as citizens, in contrast to their restrictions as performers.

Cold is the absence of heat and at 460 degrees below zero, Fahrenheit it is impossible to get any colder.

FOR ALL AGES— Machine-knit dress with dickey, under dolman-sleeved cardigan, typifies styling young enough for a sweater girl or dignified enough for her mother.

20 Crewmen Drowned

HULL, England (AP) — Twenty crewmen of the British fishing trawler Norman drowned when their 629-ton vessel foundered in a dense fog off the rocky Southeast Coast of Greenland, it was reported here today.

More than 1,500 people are employed in Iowa coal mines.

Banker, Lady Friend Killed In Hotel Fire

NEW YORK (AP)—A socially prominent San Francisco banker and his woman companion died yesterday in a fire in the fashionable Hotel Warwick.

The two were identified as Lloyd Wiseman, 46, of Berkeley, Calif., a vice president of the Crocker First National Bank of San Francisco, and Mary Driscoll, 40, of West Newton, Mas.

Police said Wiseman checked into the hotel alone last Wednesday and registered for Mr. and Mrs. L. J. Wiseman.

Miss Driscoll arrived in New York Friday after telling her mother in Massachusetts she planned to meet some old friends and look for a job here.

Wiseman, a grandfather, gave the fire alarm himself in a telephone call to the night clerk. Hotel employes then chopped through the door of their 29th-story room.

They found Wiseman and his companion nude and unconscious—the banker on the floor, she stretched across a window sill—police said. Their clothes may have been burned off.

Wiseman was dead when a doctor arrived. Miss Driscoll died 14 hours later.

Newsmen were barred from the room. A hotel employe said it was gutted and that several empty and one partly drained whisky bottles were in the room.

The fire apparently started near the bed, possibly from a cigarette. It was confined to Wiseman's room.

Wiseman had come to New York after attending a bankers' convention in Atlantic City, N. J.

Womans' Vote Like Papas' When Election Time Comes

By CYNTHIA LOWREY

NEW YORK, Oct. 4 (AP) — Never trust a woman around election time.

In spite of all the big talk about "the woman's vote," come election day Mama goes to the polls and casts her ballot the way Papa does.

This sad but true little secret has been uncovered in a social science study conducted by a group of experts led by Dr. Paul Lazarsfeld of Columbia University's Bureau of Applied Social Research. Since 1940 they have been working on a massive project designed to discover the processes leading a voter to choose a candidate.

The bureau first studied the voting and voters of Erie County, Ohio. Four years later, it studied 2,000 voters on a national basis with the National Opinion Research Center.

In 1948, it studied, in co-operation with the University of Chicago and Cornell, 1,000 Elmira, N. Y., voters. Lazarsfeld and his assistants are still chewing over the 1948 findings for publication soon, but the 1952 election is being studied on a national basis by the University of Michigan with some 60 sampling centers scattered across the country.

The study is far from complete, but pure science is on the trail of some tradition-shattering stuff which some day might alter campaigning methods.

Take this business about the woman's vote, the corraling of which is the nervous concern of separate, woman-run departments in both major parties. There is a widely held belief in political circles that arguments satisfactory to the male voter simply don't go down with women. The woman's vote requires something different, something special, preferably something with glamor.

Much of this, the studies and poll-taking indicates, is nonsense. As a matter of cold, statistical fact, when a lady enters a voting booth the odds are that she's in there voting the same ticket as her husband. If she hasn't a husband, it's probably the ticket of her father. Or her brother. In social science words, this almost perfect family agreement is called "male dominance in political situations."

An early study showed that only one pair of husbands and wives in 22 disagreed on a candidate, and in cases of parents and children, only one in 12. Later studies confirmed the sampling.

One of the Columbia bureau team, William McPhee, said all studies "seem to bear out this harmony of voting." Early in the campaign period there emerges something like a shadow of a woman's vote. Poll-takers find women seem to have a preference for one candidate. But this disappears as election day nears and the women go to the polls and vote the way their men tell them to, said McPhee.

In one bureau study, all the men in one group were asked whether they had talked politics with anyone recently. Four said they had had some discussions about politics with their wives; all the others mentioned political discussions with neighbors, friends, fellow employes and others. But 45 wives said they'd talked the election over with their husbands.

Lazarsfeld's staff felt this definitely indicated that men don't feel they are discussing politics with their wives. They feel they are telling them.

McPhee said this situation was also found in the 1948 study.

"Men think they are talking politics when they do it outside the family," he said. "While women say proudly they have discussions with their husbands. A typical way of putting it — for the wives — is to say 'Dick and I talked it over, and we decided. . . .'"

Contracts For Pipe To Run To California

LOS ANGELES, Oct. 6 (AP)—Consolidated Western Steel Division of U. S. Steel annouced today it has completed firm agreements for 40 per cent of the pipe needed for a 960-mile crude oil pipe line from Wink, Tex., to Norwalk, Calif.

Consolidated said Ebasco Services Inc., New York, agents for West Coast Pipe Line Co., has agreed to supply the 210,000 tons of 24 and 26 inch diameter pipe and deliveries are scheduled to begin by January.

The minotaur was a fabulous Cretan monster having the body of a man and the head of a bull.

Here's money-making NEWS about your U.S. Defense Bonds!

New law gives your Series E Bonds ten more interest-bearing years!

CONGRESS HAS PASSED A BILL that can mean more money for you. For this new law makes it possible for all Series E Bonds to continue earning interest ten years longer than was originally planned.

There is nothing for you to do. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

This law does not in any way change your privilege of cashing bonds. You may still cash your bonds at any time after the first sixty days you have held them. But holding your bonds is the smart thing to do! For your government bonds are as safe as America itself.

And don't forget that the money you put into U. S. Bonds regularly and leave there is steadily growing into a larger and larger sum. Before you know it you'll have money enough for a home, a business, a retirement fund, an education for your children, or whatever really big thing is your personal dream. And *now*, too, remember, your Series E Bonds earn 3% interest compounded semiannually when you hold them to maturity!

So if you have bonds which are coming due this month, remember the new money-making chance your government is giving you. Just hold onto your bonds and they'll go on earning for you. In the meantime keep up your regular saving with *more* U. S. Defense Bonds—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that lets you save *before* you draw your pay. Thousands say it's the *sure* way to save!

• • •

3 new money-making opportunities for you!

New Series H, J, and K

Defense Bonds pay 2.76% to 3%!

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at your bank about these new bonds:

SERIES H. A new current-income bond, available in denominations of $500 to $10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semi-annually by Treasury check. Annual limit, $20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of $25 to $100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, $200,000 issue-price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of $500 to $100,000. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, $200,000 issue price jointly with Series J Bonds.

Now even better! Invest more in Defense Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, The Advertising Council and

Little Hope That Southwest Conference Will Get Better

By HAROLD V. RATLIFF
Associated Press Sports Writer

The shock of a near shut-out in intersectional football lingers with Southwest Conference teams today as they recoup battered forces for another try.

Prospects aren't very bright that they can do any better this week than last when only Baylor, which wasn't supposed to beat anybody, came through. It left the Golden Bears the only undefeated team in the league.

Dropping four games out of five against foes from other areas, the conference saw its intersectional record for the season fall behind. Teams of this circuit have won six and lost seven.

AGGIES TRY MICHIGAN

Texas A&M, set down, 10-7, by Kentucky for its first loss of the campaign, tries Michigan State, the nation's No. 1 team, at Lansing, Mich., Saturday. Rice, which was whipped, 27-7, by Louisiana State, goes to Los Angeles to play a UCLA outfit that slashed Texas Christian two weeks ago.

Texas, which succumbed to Notre Dame, 14-3, engages an Oklahoma team that has just finished clouting Pittsburgh, 49-20. Southern Methodist, which felt the lash of Georgia Tech, 20-7, goes to Columbia, Mo., to play tough Missouri.

Baylor doesn't have to worry about its intersectional record this week but it has worries just the same. The Bears, who slammed Washington State, 31-7, last week, engages the Arkansas Razorbacks at Little Rock Saturday night in a conference game.

TCU PLAYS TRINITY

Texas Christian, winner of the only conference game played thus far—a 13-7 decision over Arkansas—gets downtrodden Trinity University at San Antonio Saturday night. Trinity hasn't been able to beat anybody yet and they haven't played a team as strong as Texas Christian.

The Texas-Oklahoma game will be the high point of the schedule. Regardless of how these two teams fared in a season, their struggle at the State Fair in Dallas each year always packs the Cotton Bowl.

Post-mortems over the Notre Dame-Texas game led to the one main conclusion that Notre Dame won it through the old blocking and tackling routine. Texas just didn't play the fundamentals like the Fighting Irish.

KENTUCKY CAME BACK

Georgia Tech showed a fine football team indeed. Kentucky had the comeback stuff to score all its points in the third period then stave off a frenzied Aggie rally as time ran out. There was just no way of explaining the decisive victory of LSU over Rice. The Tigers hadn't won a game until they met the Owls. Rice had been rated quite a football team in its first game—a 34-7 trimming of Texas Tech.

Baylor turned its sophomores—L. G. Dupre and Allen Jones—loose on Washington State. Those fellows plus a very hot Texas sun wore out the boys from the Pacific Northwest.

Texas Loop In Even Break On Saturday Play

By The Associated Press

For the first time in a month, Texas Conference football teams broke even in the win-loss column in their four games last week.

Abilene Christian chalked up its second victory in four games while Howard Payne registered its first triumph in three starts. McMurry, winless in three efforts, managed a tie. In the first month the conference teams have established a .218 mark in 16 games with non-conference opponents.

Abilene Christian pulled the upset of the week by tumbling powerful Midwestern University, 21-0, at Stamford. In their series with Midwestern, ACC has won four and tied one. Touchdown runs of 33 and 46 yards respectively by Jimmy Hirth in the second half led the ACC victory.

Howard Payne's freshmen found the winning stride by tumbling East Central State of Ada, 28-7.

McMurry tied Eastern New Mexico University at Portales, 7-7.

Texas A&I dropped a 7-6 game to Fort Sam Houston at San Antonio.

Four games are scheduled in the final week before conference play opens Oct. 18. Austin College tries the gargantuan feat—playing two games in a six-day period. Austin meets National University of Mexico in the Dallas Cotton Bowl Monday night and then Saturday night entertains the East Central State Tigers at Sherman.

Howard Payne meets Texas Lutheran at Seguin and Texas A&I plays Sam Houston State at Huntsville in Saturday's games. Abilene Christian and McMurry are open this week in preparation for their annual intra-city battle, Oct. 18.

B Squad Takes Another Defeat

The Snyder Tiger B squad, already defeated twice by Abilene B, took another defeat Saturday night by Big Spring B 20-7.

The Snyder eleven, coached by Jack Dillon, held the Big Spring team to no score during the first period, then they broke loose and scored in the second quarter.

Following the first score, a Big Spring teamster intercepted a pass flung by Snyder Quarterback Mike Gibson in the second quarter and raced it 90 yards for a touchdown.

During the third quarter, Jack Spikes, fullback for the Tigers, split the middle for 10 yards to chalk up a score for Snyder. Gibson converted on a run.

The Tigers were on their way toward another score when they fumbled, and the Big Spring team recovered and ground out another TD.

Gibson completed eight out of 13 pass attempts, most of them to Paul Hayes, who played outstanding ball as an end on both offensive and defensive.

Spikes, Gibson, and Halfbacks Joe Davis and Gary Harris contributed about 170 yards of ground gain for the Tigers. Tackle Frankie Minton showed promise on the defensive line.

The B squad will meet the Lamesa B here at 7:30 o'clock next Saturday night.

SPORTS MIRROR

By The Associated Press

TODAY A YEAR AGO—The New York Giants scored five runs in the fifth inning to defeat the New York Yankees, 6-2, and take a 2-1 lead in the World Series.

FIVE YEARS AGO—Lefty Joe Page turned in five scoreless innings in relief as the New York Yankees won the seventh game of the World Series against the Brooklyn Dodgers, 5-2, to become the world champions.

TEN YEARS AGO—Maxie Shapiro won an upset decision over Bob Montgomery after flooring him three times in a 10-round bout in Philadelphia.

TWENTY YEARS AGO—The Newark Bears won the Little World Series, four games to two, defeating the Minneapolis Millers, 8-7, in the final contest.

West Coast Teams Show Their Power: Texas Teams Do Badly

NEW YORK, (AP)—Things may be diferent at Rose Bowl time but right now football fans in the Far West are very happy about the way Pacific Coast teams have been walloping the Big Ten this year.

Stanford's thrilling 14-7 victory over Michigan and California's 49-13 trampling of Minnesota made it four straight for coast teams against the Big Ten. This sort of thing could mean the end of the Mid-west's six-game winning streak in the Rose Bowl Jan. 1.

Bob Mathias bulled over from the one-yard line for Stanford's winning touchdown.

Big man for California, ranked fourth nationally in the Associated Press football poll, was halfback Don Johnson with four touchdowns, one of them an 84-yard dash.

Wisconsin was the Big Ten's leading contender for the Rose Bowl trip after Saturday's 20-6 victory over Illinois. They're saying the Badgers should sweep through the rest of their conference schedule if they get past Ohio State this week.

One Midwestern team, Michigan State, had a narrow squeak out west. The Spartans, rated No. 1 in the nation, downed Oregon State 17-14 on a field goal by Eugene Lekenta in the last two seconds of play.

Texas teams had a gloomy time of it Saturday in intersectional contests.

Notre Dame, looking like the powerhouses of old, led the invasion with a second-half surge that buried Texas, No. 5 nationally, 14-3.

Other Southwestern Conference scores: Georgia Tech 20, Southern Methodist 7; Kentucky 10, Texas A & M 7; Louisiana State 27, Rice 7; Baylor 1, Washington State 7.

It was No. 17 in a row for Tech, the class of the Southeastern Conference, and it now appears that the Engineers' clash with Duke Nov. 1 will be for the championship of the Southland. Duke, Southern Conference kingpins, conquered Tenesee by holding the Vols' heretofore mighty ground attack to 25 yards while punching out a 7-0 victory.

The non-conference championship of the Southern Conference has been settled, by the way, by Maryland's thoroughgoing 28-0 shellacking of Clemson. Maryland, ranked third in the AP poll, was suspended from the conference, along with Clemson, for playing in bowl games last New Year's.

After Navy's 1-7 thumping of Cornell, however, the Terrapins may have trouble wining the championship of their own state. They meet the Middies Oct. 28.

Princeton, preparing for its key Ivy League clash with Pen next Saturday, rolled to a 61-19 victory over Rutgers, their 24th in a row while Penn had to struggel to down Dartmouth, 7-6, on a 56-yard pass from Walt Hynoski to Bill Deuber.

America's first novel, "Power of Sympathy," by Susannah H. Rowson, appeared in 1789.

CAMPY FALLS FROM PITCH

Brooklyn Dodgers' catcher Roy Campanella goes over on his back as he ducks a pitch from New York Yankee's Allie Reynolds in the first inning of the fourth World Series game in Yankee Stadium, New York. Catcher Yoggi Berra of the Yankees takes ball from his glove. The Yanks won the game, 2-0, to even the series at two games each.

Erskine And Beautiful Fielding Put Dodgers In Lead Sunday

BROOKLYN (AP) — The official World Series program says on Page 25 that if Duke Snider gets hot "he can break this series wide open."

They can write that again.

Yesterday, the Duke, along with Dodger outfielders Carl Furillo and Andy Pafko, hit a torrid pace in Brooklyn's 11-inning, 6-5 victory over the New York Yankees.

If the series isn't broken wide open, at least its severely bent.

Now the Dodgers will try to clinch the world title in six games as the series moves back to Ebbets Field today. Brooklyn has won three games, the Yanks two.

Manager Charlie Dressen has tapped Billy Loes to try to wrap it up. He's told the youngster to rear back and fire the ball instead of trying to out-think the Yank batters as he did in a disastrous relief stint in the second game.

Vic Raschi will go to the mound for the American League champions.

The job the Dodgers did yesterday on a couple of second-line Bomber throwers, Ewell Blackwell and Johnny Sain, was a beaut.

That was all Casey Stengel could talk about—Pafko and Furillo going up in the stands and practically mingling with the crowd in right field to rob his team of two home runs.

"You saw it," said the Yankee manager after the game. "There's nothing I need to tell you. That fellow (Erskine) doesn't get that kind of fielding behind him, we win it. Never saw two better catches anywhere. That fellow got better as he went along, but he didn't get that kind of fielding we beat him."

Which was absolutely true. Erskine didn't permit another Yank hit after Johnny Mize unloaded his three-run homer to put the Bombers out in front 5-4 in the fifth. In fact, he retired the last 19 Yank batters in succession, but he could have been badly bruised with anything less than the magnificent support he received.

Some thought that Pafko made the greater catch when he leaped to make a one-handed stab of Gene Woodling's long belt in the second inning. Others thought Furillo's robbery of Mize for the second out in the 11th won the prize.

To a man, the Dodgers conceded that they were dying while Mize's 11th-inning blast sailed out there. They thought it was going in, sure.

It was a brawling game in which so many things happened that it was difficult to get a very clear picture of it in retrospect. First there was Snider bringing the great crowd of 70,536 to its feet, and then Mize, only a few minutes later, rendering them virtually delirious with his mighty three-run slam into the chairs.

Again there was Snider tying it up at 5-5 with a line single in the seventh, and finally the Duke winning it with his double in the 11th.

It would be easy to overlook Erskine's remarkable performance. The box score says that the Yankees made five hits, but you should have seen them. The first one, by Mickey Mantle to lead off the fourth, was a drag bunt. The next three, which put the Yanks back in business in the fifth, were mangey singles which dribbled through the Brook infield. The only one worthy of the name was Mize's homer. It alone was well and truly swatted.

After that, nothing. Although Joe Black had run all the way to the bullpen and started lathering up after the second Yank hit, Manager Chuck Dressen stuck with Erskine, and he was well rewarded.

Gulf Ciast Teams To Stay About Same

GALVESTON, Oct. 6 (AP)—President Howard Green of the Gulf Coast Baseball League says the loop probably will have the same eight clubs next season that it has had the last two years.

Green reported that all matters discussed in yesterday's fall meeting were of a routine nature.

Trying To Buy Club

BEAUMONT, Oct. 6, (AP)—A meeting of Beaumont civic leaders today was to arrange for a $50,000 loan to Allen H. Russell for aid in the purchase of the Beaumont Texas League baseball club.

Russell is negotiating with Owner Guy Airey for purchase of the franchise and physical properties at a sum around $150,000.

Russell, president of the Houston Texas League club, will sever his conections with the St. Louis Cardinal Chain, Houston Club owners, of he obtains the Beaumont outfit.

OPEN SEASON

By DALE WALTON

According to reports, the Snyder Tigers will be in for a rough time Friday night—when the Bowie Bears of El Paso come here for a non-district tilt.

The Bears, who lost to Pecos by a bare 27-26 last Thursday night, defeated Cathedral of El Paso 39-7 Sept. 26.

Bowie, a member of District 2-4A, along with Thomas Jeferson, is highly favored for top honors in that loop, along with Austin high.

Coach Buryl Baty, former A&M quarterback, has 16 lettermen on the squad, and he has a quarterback named Jessie Martinez who likes to pass as much as Baty did back in his Aggie days.

They tell us the chief Bear runner is Manny Morales, 170-pound halfback who can clock the 100 yard dash in 10 seconds flat.

We have no prediction as to the outcome of the game, but we'll bet Bowie has lots more to offer the Tigers in the way of offensive play than did the Jefferson lads.

• • •

Today and tomorrow are the last days for season ticket sales, according to Art Nicholas, school business administrator.

Nicholas has about 150 of the cards left. They cost $4.80, and they are good for the four remaining home games. Nicholas will sell them at the school administration building on Thirty-seventh Street.

On Wednesday, reserved seat tickets for Friday night's game will go on sale in the office of Forrest Beavers, county superintendent. Those tickets will be $1.20.

Student tickets, which are 30 cents each, will be sold only at the schools on Thursday and Friday.

• • •

Tiger fans will probably have a chance to watch the Bowie eleven work out here on the field before they meet the Tigers.

The group will arrive here Thursday and check into the Bar-V Motel, and they plan to work out on the stadium Thursday afternoon or night.

• • •

A new scoreboard, now being installed, will be ready by Friday night to keep score on the Tiger-Bear game at the Tiger Stadium. The clock, electrically operated from the 50-yard line, will keep time, yards to go, downs, quarters and score. It's a gift of the school graduation clases of 1953 and 1954.

Abilene Man Places

ALBUQUERQUE, Oct. 6 (AP)—George Williams of Tulsa, Okla., placed first in the third and final go round of bareback bronc riding at the New Mexico State Fair Rodeo last night.

Other results:

Bulldogging—Dick Barrett, Abilene, Tex., 3.9.

Lamar Favored To Win Again

By The Associated Press

Undated East Texas State opens defense of its Lone Star Conference Saturday night against Lamar State College of Technology at Beaumont.

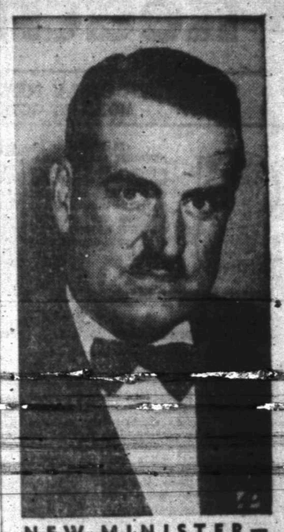

Boasting virtually the same team that took the 1951 crown wtihout a league loss, the Lions are favored to repeat this year.

Lamar Tech, after routing Stephen F. Austin, 27-6, in conference play last week, will be out to atone for a 47-7 defeat at the hands of the Lions last fall.

Meanwhile Sul Ross State, which outlasted Sam Houston and came from behind to score a 33-25 conference win last week, goes after its second straight Saturday night against Southwest Texas State at San Marcos. The game will mark first conference action for Southwest Texas, conceded to be the No. 2 team in the circuit.

Stephen F. Austin and Sam Houston entertain outside foes this week, Austin playing host to Southeastern Louisiana and Sam Houston meeting Texas A&I.

George Riley of East Texas, who counted three times last week as the Lions routed Southwestern Oklahoma, 65-0, tied Sammy Carpenter of Lamar Tech for conference scoring honors with 30 points. Carpenter scored once against SFA, passed for another and set up his own TD with a 43-yard aerial.

NEW MINISTER—Jack K. McFall, Assistant Secretary of State in charge of liaison with Congress, has been named by President Truman as Minister to Finland.

Umpire Sherbet Served

PHILADELPHIA (AP)—The dining room of a downtown hotel has been listing "Umpire Sherbet" on its menus since the World Series began.

Turns out the sherbet is raspberry.

Porpoises May Have Built In Sonar To Use In Navigation

By The Associated Press

TALLAHASSE, Fla. — Porpoises may have been swimming with the aid of sonar long before man ever developed it as a help to navigation.

Sonar is a method of navigating with the aid of sound waves [illegible] objects. The possibility that porpoises use it is suggested by two scientists of the Florida State University Ocean Orghaphic institute.

Writing in the magazine Science, W. N. Kellogg and Robert Kohler report on experiment with captive porpoises at Marine Studio at Marineland, Fla., and at Bimini in the Bahama Islands.

METHOD UNCERTAIN

They said porpoises either can hear sounds far too high on the scale for human detection or have an as yet unidentified organism which reacts to high frequency vibrations in water.

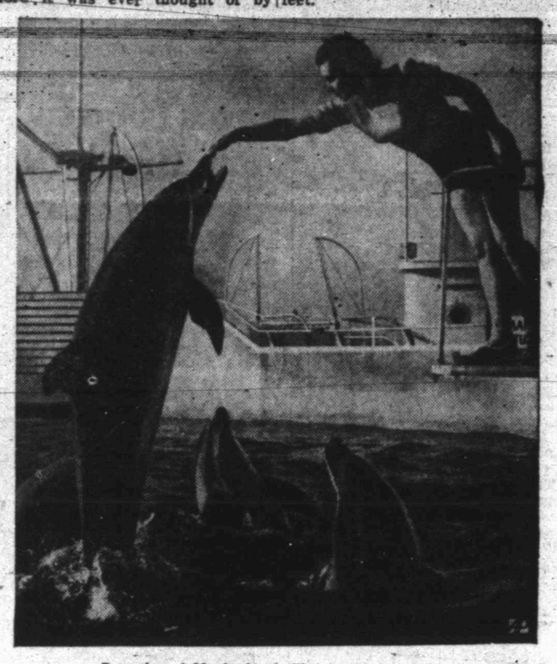

If their ears are capable of picking up extremely high sounds "it follows as a unique possibility that porpoises may not only hear (high) frequencies . . . but that they may also produce or emit ultrasonic vibrations.

"The inference seems inescapable that the porpoise, like the bat, may orient itself with respect to objects in its environment by echo-location — that is, by the reflection of its own sound waves." The scientists said porpoises are extremely fast swimmers and often visit murky waters or travel at night when they would be unable to navigate or hunt food by sight.

JUSTIFIED [illegible]

The porpoises "may, consequently have used sonar long before it was ever thought of by man," Kohler and Kellogg wrote. They warned, however, that the theory should be regarded at present only as an "interesting speculation, to be investigated in the future."

Though found in the ocean, porpoises are not fish but mammals of the same order as whales. The common variety of porpoise usually doesn't grow longer than five feet.

Porpoise at Marineland, Fla., catches a fish.

Little Evidence Of Soldiers Wounding Selves On Front

WASHINGTON, (AP)—In the Korean War, as in all others, there are some soldiers who deliberately wound themselves to get out of battle or out of the Army.

But the Army believes, although it can't prove it one way or the other, that the number in this war is comparatively small.

In response to questions, the provost marshal general's office today made a spot check of records of the Far East Command from the period July 1, 1951, to June 30, 1952. The office said that showed only seven cases which were established definitely as self-inflicted wounding.

However, other Army officers with long experience in such matters point out that it is difficult to detect and prove an actual case of self-inflicted wound. Almost the whole burden of evidence rests on the surgeons in the field who treat wounded men and on checks made at the scene by investigators.

And they must rely primarily on the type of the wound (including whether suspicious powder burns from close firing of a weapon and the location of the wound) and on testimony of the man and his comrades to show conclusively the act was intentional.

But if a case can be proved, the going is rough for the soldier who tries it.

He is guilty of violating Article 115 of the Universal Code of Military Justice, dealing with malingering and the avoidance of duty. There is a maximum sentence of seven years hard labor and dishonorable discharge possible—and in time of war the maximum provision may be suspended and even heavier sentence imposed.

If investigations show the man was of sound mind at the time he deliberately wounded himself, he receives no disability payments upon discharge.

Self-wounding is an act of utmost desperation usually arising out of fear of battle which the soldier hasn't yet experienced.

Old timers of the Army say they have noticed the majority of cases are among men who have not yet seen much action. The soldier who goes through his first engagement and finds that he and most of the men in his outfit are alive and unhurt, has passed his most desperate anxiety and fear.

There is one feature of the Korean War which may help to explain the apparent low incidence of self-inflicted wound cases.

In World War II there was no rotation system. The rotation system in Korea, under which the average man can figure he will start home after anywhere from 11 to about 14 months, makes a difference in soldier thinking, say the experts. He has a known, definite time when he can expect to get through with his job and he doesn't need to puncture himself with a bullet to get out.

Mass Jet Flight To Hawaii Made; Refueling Done Over Pacific

HONOLULU (AP)—Forty-two F84g Thunderjet fighters flew nonstop from Travis Air Force Base, Calif., to Hawaii yesterday in the second transpacific mass jet flight in history.

Their commander was Col. Donald J. M. Blakeslee, 35, Fairport Harbor, O.

The Thunderjets were refueled in the air by Boeing aerial tankers.

The planes are part of the 27th Fighter Escort Wing of the Strategic Air Command, based at Bergstrom Air Force Base, Austin, Tex.

Thirty-three more, the remainder of the wing, are due today from Travis.

The 75-plane group is scheduled to leave for Japan next week for a three-month tour of duty with the Far East Air Forces, replacing the 31st Fighter Escort Wing, which made the first historic transpacific flight last July. The 31st will return to its base at Turner, Albany, Ga.

DEMONSTRATION IN CAMERA SHOP

Mrs. Jack W. Craft, co-owner of Craft Studio & Camera Shop, is shown above behind the View-master display showing the third-dimensional viewers and slides to two customers. They are R. L. Duggar, and Mrs. Josephene Leonard. Thousands of reels are furnished by the company that whisk Viewmaster viewers to all the interesting places of the world.

Stereoscope Scenes In View-Master Sold At Snyder Shop

If you have ever looked through an old-time stereoscope, you'll remember the thrilling fascination of three dimension pictures. Add to this the vivid full color of Kodachrome and you have an idea of the breath-taking "come-to-life" realism and exciting beauty of modern View - Master stereoscope pictures, Jack Craft, owner of Craft Studio & Camera Shop, said.

The Craft Studio is exclusive dealer in Snyder for the View-Master viewers and reels as well as for View-Master three dimension cameras.

"Seen through a View - Master stereoscope, pictures have entertainment and educational qualities that fascinate children and adults alike, Craft said.

The View-Master stereoscpoe is a modern adaptation of the popular stereoscopic viewer of three generations ago. View - Master stereoscopes are constructed of metal and sturdy, shock-resistant plastic for long pleasurable service. Lenses are accurately ground and polished. The View-Master stereoscope is light weight and simple to operate ... a flick of the finger changes the scene, Craft said.

The new View-Master camera which was introduced recently now makes third-dimension pictures of candid subjects as easy as snapping the shutter on a box camera, yet you can have all the thrill of true-to-life color in the realistic dimensions that you see with your eyes.

Craft said that there are more than 300 different View-Master reels each containing seven pairs of pictures of all the wonder spots of the globe in his selection of reels, and he invites everyone to come by the studio and "browse" through the scenes.

He pointed out, too, that View-Master stereoscopes and reels make ideal gifts because the viewer costs only $2, and three reels cost only $1.

Deporting Criminals Is To Be Mammoth Job For Government

By ARTHUR EDSON
(For James Marlow)

WASHINGTON (AP)—Most of us take our U. S. citizenship pretty much for granted.

We were born in this country, or possibly born abroad of U. S. parents. Our citizenship was none of our doing. And no matter how onery or worthless we may be no one can take our citizenship away.

To be sure, we can take to violent crime and maybe lose our citizenship rights, such as the right to vote.

Or we can decide to become citizens of another country. But that's something we decide to do, not something the government decides to do to us.

Atty. Gen. McGranery had in mind another type of citizen—the naturalized citizen—when he said last week, he wanted to rid this country of about 100 foreign-born racketeers.

"Ungrateful recipients of American hospitality," McGranery called them.

He hopes to have their naturalization papers revoked and then deport them. And, he said, he has similar plans for some Communists.

McGranery didn't discuss details, but any attempt to carry out such a program would be a long, tedious legal operation.

In the first place, a naturalized citizen who got his papers legally and honestly can't be deported. This country can't kick him out even though he later becomes criminal No. 1 on the FBI list.

To denaturalize a foreign-born citizen the government must prove in court that he obtained his papers illegally or through fraud.

It is here, obviously, that McGranery expects the Justice Department to make its case. Many of those he calls "unsavory characters" were unsavory to begin with, possibly and lied in getting their citizenship papers.

But let's suppose the case finally is proved. Is the unsavory character on his way back to wherever he came from?

No, he merely has reverted back to his former state. He's an alien again, one of the three million or so in this country.

Now the government must begin deportation proceedings. Here again the defendant has every legal right to fight back and to appeal.

But, again, let's suppose the case finally is proved. Are we rid of him at last?

No not necessarily.

We must have some country to deport him to. He may not be a citizen anywhere. His country may not take him back.

L. Paul Winings, general counsel for the Immigration and Naturalization Service, says there are 3,487 deportable aliens this country wants to get rid of, but can't.

Private Firms Set Up Own Weather Stations

ORANGE, Oct. 6 (AP)—Plans of private industries to set up a six-station radio network along the Texas and Louisana Gulf Coasts to supplement the Weather Bureau's facilities were announced here today.

The stations will be erected by the Gulf Industries Weather Network, a private, non-profit organization of 14 major industries and utility companies.

Each station will cost an estimated $8,000.

They will be available exclusively for the use of the Weather Bureau for:

1. "Back-up" communications between the Weather Bureau offices at times when existing land line communications fail or become overloaded.

2. Gathering and disseminating information regarding extreme weather conditions during critical or emergency situations.

3. Possible use in the event of a disaster.

Plans call for the six master stations at Brownsville, Corpus Christi, Victoria, Houston, Lake Charles and New Orleans. A number of member industries will install their own "satellite" stations and other will utilize stations which they already have in operation.

Triple Funeral For Husband And Daughters

ONTARIO, Calif. (AP) — Mrs. Wilma Jean Dugan, 21, plans a triple funeral next month for her husband Ralph, 28, killed in Korea, and their twin daughters, whom he never saw.

The daughters died within 36 hours of their premature birth Sept. 26. Several days later Mrs. Dugan was notified that her husband was killed in Korea Sept. 21.

The news followed a doctor's report that another daughter, Lydia, 18 months, may be suffering from leukemia.

George Washington received unanimous electoral votes both times he was chosen President.

Volunteer Patrol Group Does Dirty Work Behind Red Lines

SOMEWHERE IN KOREA (AP)—They call it an outfit that doesn't look its best until life is at its worst.

It's a raider platoon, specializing in night patrols. When it is in action it does more than half the patrolling of no man's land for the 1st battalion of the U. S. 38th Regiment, 2nd Division.

In one 14-day period, men of the raiders made 30 patrols. Only three were wounded. Two were shot in the legs. Another was creased by a slug from a Red burp gun.

"They do it mainly by aggressive action," says the battalion executive officer, Maj. Jack Dunlap of Charleston, S. C. He organized the raiders.

Here's how they work:

One dark night recently a patrol from the raiders went through a Chinese position with all guns firing. The surprised Reds lost about 12 men. The patrol went on to its objective, then came back unharmed.

"They just barreled through," said Dunlap.

The big reason the platoon gets through is because of the men themselves. All are volunteers.

It has men like Pfc. Dale Hunter, a 19-year-old red-haired kid from Los Angeles who is on his second Korean combat tour. He was wounded in the Chinese Red offensive of May, 1951. After six months in a hospital at home, he volunteered to come back.

There is Pvt. George Henderson of Brooklyn, N. Y. He says he doesn't want to be anything but a private. When he comes off patrol he returns to the front to take pot shots at the Chinese.

The platoon leader, Lt. George A. Hoyem, Missoula, Mont., was selected because the battalion executive officer "liked his attitude." Despite a blonde mustache, he's sometimes known as "Babyface."

"He knows what he's doing," said the executive officer. Hoyem had never been in combat before he took the platoon.

When the outfit was formed, the men had only one week's training together. From then on it was experience that did the teaching.

"We buddy up," explained Sgt. Thomas Briggs of Lobo, Kan. "When we go out in small groups each group does a good job."

The men choose a partner on patrols. It makes for teamwork that has brought patrols out of tight spots.

The raiders were called out in a hurry shortly after midnight recently to rescue another patrol that had run into trouble, and had one killed and several wounded.

The raiders found the wounded and brought them back through bursting mortar shells and a stream of machine-gun fire, shooting all the way.

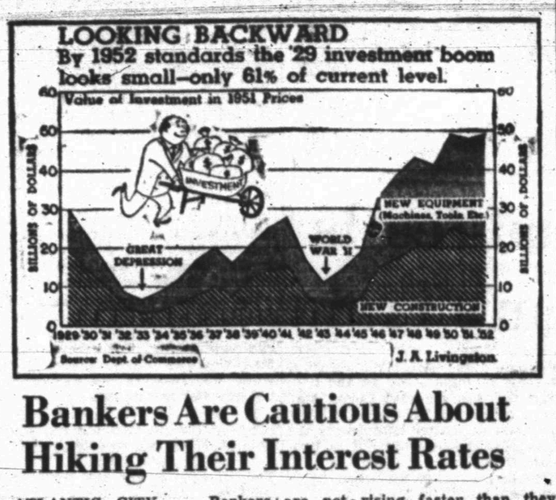

"The old boy upstairs had a lot to do with that," said Cpl. Ronald Pike of Beloit, Wis.

"The guys used their heads," said Pfc. Jessee Owens, a Flat Rover, Mo., raider.

The wounded all had to be helped back. The Chinese had moved behind the patrol. In the darkness and confusion the trained raiders kept the group of wounded together, slipped by the Chinese who had cut them off and came out without having a raider hurt.

The raiders travel light when they move at night. Some don't even carry canteens. But they all wear the new armored vests issued to patrol units.

"Wouldn't go without 'em," Pike said.

Bankers Are Cautious About Hiking Their Interest Rates

ATLANTIC CITY, — Bankers during the 78th annual convention of the American Bankers Association were on the fence. They wanted to raise interest rates on the loans to commercial customers. They felt the higher prices paid for the money by Secretary of the Treasury Snyder justified their doing so. Yet, they couldn't bring themselves to it.

The speeches they heard didn't help them make up their minds, either. Secretary Snyder promised good business for the next 12 months or so. But comptroller of the currency Preston Delano and Walter E. Hoadley, Jr., economist of Armstrong Cork Co., uttered gentle warnings about a possible recession.

Bankers pondered: Suppose we do raise interest rates? Will the higher rates stick?

BEYOND FALL

Ever since mid-August, New York bankers have felt interest rates ought to go up from 3 per cent to 3¼ per cent on commercial loans. They even upped the rate on brokers loans from 2½ per cent to 2¾ per cent, but stopped there.

That's another way of saying that bankers, like most people, are not sure of the business or inflation outlook. At the moment, business loans are expanding. Manufacturers, wholesalers, and retailers are financing their pre-Christmas inventories. But loans are not rising faster than they should at this time of year.

If the bankers felt that loans would stay high after Christmas, they wouldn't hesitate to raise the rate. Then, the rate would hold. But if this is just a bulge, then they'd only be penalizing a particular class of business men — those who come in to borrow now. That would be poor customer relations. Banking has become institutionalized. Interest rates don't respond solely to temporary tightness or looseness in the money markets — as in the 'twenties.

WESTINGHOUSE TVS

The question is: How vital — how lasting — is the present business upturn? Industrial production in September spurted to 223, according to the Federal Reserve Board index. That's up 8 points over August, and equals the April, 1951, postwar and post-Korean peak.

Demand for consumers' durable goods has come along nicely. Westinghouse, for instance, is allocating television sets among its customers and no further orders are being taken for radios because "production is completely sold out." Factory sales of washing machines in August were 6 per cent higher than last year; vacuum cleaners were up 16 per cent; dryers, 33 per cent. Ironers didn't do quite so well down 4 per cent.

Labor once more is in a sellers' market - - as has been noted here previously. In Detroit with automobile companies producing 450,000 passenger cars per month, personnel managers are hiring women and marginal workers. New York City is off the Department of Labor list of surplus-labor areas as a result of the pickup in textile employment. Curiously, New York department store sales have not reflected this improvement in payrolls. For the 24th consecutive week, sales were below a year ago. Other large cities, like Philadelphia and Boston, have had their downs, but they've had ups amid them.

MACHINE TOOLS

The tight labor market, the upsurge in retail sales, the rise in production could augur another round of inflation. The test's due next year. Will business investment, now at an all time high, hold up?

At present, many companies are still expanding plant and installing equipment to meet the requirements of the defense program. And they're borrowing from banks. But such programs can slide off rapidly — as in the 'thirties (see chart).

The machine tool industry doesn't bolster enthusiam. Turndowns in machine tool orders preceded declines in business in 1923, 1927, 1929, 1937 by from one to seven months. And now, new orders are down about 40 per cent from a year ago. At the same time production is up 85 per cent to a post-war high. At current production, the order backlog is good for only 12 months, as against 23 months at this time last year.

Private investment, however, is not the sole determinant of the business trend. Right now, such investment is running at an annual rate of 49 billions. Defense outlays are just about the same — 50 billions — and they're likely to go up to 55 billions and possibly 60 billions. Thus, government spending will be a substantial offset to any decline in private investment.

That means, then, that the future of business depends on you and me — the ultimate consumers.

Gen. Mark Clark's Headquarters in Tokyo said Mrs. Dorothy Smith (above) allegedly inflicted the knife wound from which her husband, Col. Aubrey D. Smith, died. Mrs. Smith is identified by "Who's Who in America" as the daughter of Gen. Walter Kreuger, retired, famous World War II commander of the U. S. Sixth Army.

West Virginian Swing

CHARLESTON, W.Va. (AP)—Sen. John J. Sparkman, Democratic vice presidential nominee, was here for a luncheon speech today, opening a two-day swing in a bid for West Virginia votes.

In ancient times meteors were believed to originate in the atmosphere.

Paul Keaton

Snyder Firm Places High In Sales Contest

The sales record of Snyder Truck & Tractor Co., International Harvester dealer here, in selling IH refrigerators and freezers during the recent national sales contest has resulted in their placing fifth among the top-five dealers in the Sweetwater territory of the company.

In winning fifth place in the International Harvester refrigerator sales contest Paul Keaton, owner, missed out by only a small margin in being one of the two IH dealers who, with their wives, received all-expense 8-day cruise on the "Queen of Bermuda."

More than 500 dealers and their wives are sailing on a Bermuda-Nassau cruise, starting Oct. 11 as the result of being the district leaders in the sale of refrigerators and freezers by International Harvester during the 75 day selling event.

Valuable merchandise prizes were awarded to third, fourth, and fifth place winners in all IH sales districts.

TRUMAN FIRES REAL BLAST

President Truman, flanked by Montana Representative Mansfield and Senator Murray, sets off a huge blast at the ground-breaking ceremony for the start of Tiber Dam on the Marias River southeast of Shelby Mont. The president addressed a crowd estimated at 5,000 before the blasting.

National Demo Committee Is Paying Tab On Truman's Train

ABOARD TRUMAN TRAIN (AP)—How much is President Truman's 8,500-mile, 24-state campaign tour for Adlai Stevenson costing the government?

This was the query, relayed to this correspondent aboard the 16-car special train taking the President from whistle stop to whistle stop coast-to-coast.

An editor of a newspaper wanted to know.

The answer to that question is beyond the determination of a reporter without the power to subpoena witnesses and compel their testimony and time in which to record and weigh it.

The answer would involve a decision as to exactly where a political action starts and an official action begins.

It would require a complete record not only of the salaries of everyone aboard the "give 'em Hell" presidential special, but of many others along the route it travels.

The Democratic National Committee has announced it is picking up the check for this 15-day speaking tour by Truman with an estimated figure of something under $25,000.

That apparently covers the railroad transportation, meals, hotel and other such expenses of the President, his speech writers, stenographers, secretaries, clerks and others.

It does not cover the expenses of the Secret Service men.

The law requires that they be with the President at all times, wherever he is and whatever his mission, and no invitation is involved insofar as the National Committee is concerned.

Whoever happens to be president at the time gets the advantage of the Secret Service protection in a campaign year. No political party could raise enough money to provide the services that fall by law to a president.

Because they must assure his protection at all times, they send out agents in advance to go every step of the route he must travel.

How much is this service costing, in terms of salary, Pullman accommodations and per diem up to a maximum of $9 a day?

That would require a lot of Treasury experts with figures on the salaries of each and every man on the White House detail, and the record of how many field office Secret Service men are brought into play.

There are others, who are required to be with the president at all times, where ever he is, and whatever he is doing. Like the Army Signal Corps officers who have an elaborate communications system of radio telephone and radio teletype which keeps the President of the United States in touch with the White House and all world capitals at all times.

How much do their salaries and expenses amount to? That would require a first-hand statement from each just as it would in the case of the Secret Service men.

Truman aides point out that Truman didn't request the Secret Service to come along on the trip, that the Army Signal Corps men have to be available at all times, and that no matter how deeply the President involves himself in politics, there is always official business to be transacted when he is on the road.

As for the salaries of the President and his staff during the period they are away on political missions, these aides point out that the salaries of campaigning governors, senators and representatives go on during campaigns, as do those of their secretaries, clerks and other aides.

They ask, "Would you deduct two weeks of the President's salary under the circumstances?"

Air Pioneer Succumbs

NEW YORK (AP)—Col. Augustus T. Post, 78, pioneer of the air and gasoline age, died here Saturday night.

He became an advocate of balloon travel in 1900 after going aloft in a 52-passenger ballon.

For years he piloted racing motorcycles and automobiles, and he was the 13th man to fly a plane in this country.

Juke Box In Church Plays Hymns Free

HARRISON, N.J. (AP)—A juke box in a church?

You'll find one in St.John's Lutheran Church here, and when you make a selection, out pours the soothing strains of a hymn.

The church's pastor, 37-year-old Rev. Theodore Bornhoeft, was concerned because there wasn't enough of a response to a new policy of keeping the church open all day as a place for prayer and meditation.

So the juke box, with its flashing lights, was installed about a month ago in the choir loft, and, according to Rev. Bornhoeft, is fast becoming one of the most played music machines in town.

Visitors pay nothing for the musical selections.

More than 99 per cent of the air at sea level is composed of oxygen and nitrogen.

Prefab Bunker Brings Praise For Soldiers

SOMEWHERE IN KOREA (AP)—The defenders of "Old Baldy" are singing the praises of a new, light, all - metal prefabricated bunker.

This bunker, born of grim necessity, is a great improvement over the "Abe Lincoln" prefabricated bunkers of logs which made their appearance on the front only a short time ago.

Troops of the 38th Regiment, U. S. Second Division, vow they can put together the metal bunkers and make a protective roof in less than 30 minutes. Time is a matter of life and death when troops storm up a hill and need quick cover from the dreaded Communist shelling.

Engineers of the Second Division designed the shelters. They are constructed with barbed wire pickets and welded into four sections. Each section weighs about 75 pounds.

One man can carry a section. The new pre-fabricated design allows a sharp speed-up in construction over the "Abe Lincoln" log bunkers. It generally takes two men to carry each log, and 30 to 40 logs are used for one bunker, the Second Division said.

The metal bunker has openings for firing on all four sides. When complete, it is 5 feet square and 3½ feet high.

"There isn't much room on the inside, but for a fighting bunker they are number one," commented in Old Baldy veteran, Pfc Orval Dietz of Saulte Ste. Marie, Mich.

The Second Division said 50 pounds of explosives were set off on the roof of a metal bunker without demolishing it. In tests, mortars exploded three to five feet from the bunkers without causing any visible damage.

The new metal structures were used by the division for the first time in the furious Old Baldy fighting on Korea's Western Front. They made a big hit with the soldiers.

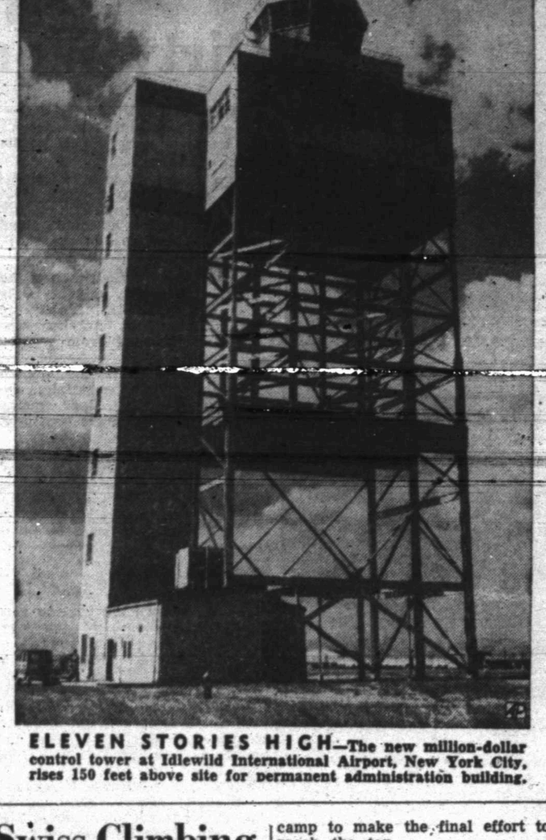

"We were able to get these new bunkers up to our positions much quicker, and this very definitely saved us many casualties," remarked 1st Lt. Lucas Floyd of Somerset, Ky., pioneer and ammunition platoon leader. "It's right after you take a hill that you need over-head cover the most."

Nation-Wide Appeal For $5 From Democrats

NEW YORK (AP) — Beardsley Ruml, Democratic finance chairman, made a nation-wide broadcast appeal last night for $5 contributions to Gov. Adlai E. Stevenson's presidential cmapaign.

The program was in preparation for an eight-day drive starting Wednesday with an army of volunteers soliciting the $5 contributions throughout the country.

ELEVEN STORIES HIGH—The new million-dollar control tower at Idlewild International Airport, New York City, rises 150 feet above site for permanent administration building.

Swiss Climbing Mt. Everest

NEW DELHI, India (AP)—Swiss mountain climbers toiled up the bleak slopes of unconquered Mt. Everest today for a final struggle toward the snow-covered summit, 5 ½ miles high.

No man has ever climbed this world's tallest peak and returned to tell about it.

It was the second attempt this year for the Swiss party. One of the team, Raymond Lambert, climbed to within 900 feet of the summit May 28 before fierce storms drove him back.

The six men left their base camp, 12,200 feet up in the high Himalyas, yesterday. Two men will be chosen at the last advance camp to make the final effort to reach the top

Their success or failure likely will remain unknown to the world for at least three weeks after their final climb toward the peak. Their only means of communication is by special runners from the base camp to Katmadu, Nepal's capital, 170 miles away.

Nine previous unsuccessful assaults have been made on the peak.

Boy Dies After Attack By German Shepherd Dog

LOS ANGELES (AP) — Fredrick Gage, 2, died yesterday from injuries suffered when a German shepherd dog attacked him three days ago. Doctors took 174 stitches in his face and head in an attempt to save his life.

Important Decisions Due As Supreme Court Convenes Today

WASHINGTON (AP) — Confronted by legal controversies of far-reaching importance, the Supreme Court reassembles today to start another historic term.

The eight-month session is expected to produce a ruling on the old and burning issue of segregation of Negro and white children in public schools. Negro parents in two appeals have asked the tribunal to strike down segregation as an unconstitutional "badge of inferiority."

A decision also is looked for in one major phase of the hot issue of public vs. private power development. The court has agreed to rule whether private industry or the federal government should build a big hydroelectric plant at Roanoke Rapids, N.C.

In appeals filed during the summer recess, the court has been asked to grant hearings on these issues:

Conviction of Julius Rosenberg and his wife on charges of being atom spies. If denied a hearing, only President Truman can save them from execution in New York's Sing Sing Prison.

The right of the Atlantic Coast Line Railroad and other Southern lines to require segregation of Negro and white passengers in coaches.

Constitutionality of the new federal law requiring gamblers to buy a $50 tax stamp.

Validity of the new Federal Lobbying Act, which was intended to regulate persons and organizations seeking to influence congressional legislation.

The right of Dr. Edward A. Rumely to deny to Congress the names of purchasers of books put out by his Committee for Constitutional Government.

Indications point to busy months ahead for the nine justices. Already approximately 200 cases have been docketed and more are arriving daily. The total represents about a 30 per cent increase over the same time last year.

By long tradition, Monday opening sessions are mere formalities. The court will admit attorneys to practice, hear a new routine motions, and then adjourn for a week.

During the week the justices will hold closed door conferences to discuss the appeals filed during their vacation time. Their decisions on which cases will be reviewed will be announced the following Monday.

Woman Celebrates Her 100th Birthday Sunday

LOS ANGELES (AP)—Mrs. Annie Tobin celebrated her 100th birthday by singing "In a Little Spanish Town" and "Little Brown Jug," but said she'd rather fly to Halifax, where she lived in a lighthouse for 28 years.

She celebrated the occasion yesterday with six of her children, 32 grandchildren, 68 great grandchildren and four great-great grandchildren.

Her observations: "Worry doesn't get you anyplace," and "Modern girls show more intelligence for not working as hard as girls did in my day."

Nepal, a small state on the northern border of India has seven million people.

NOSE, THROAT,
and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
