New Lighting Studied

City Tab To Go Up $530 Monthly

That proposal for almost tripling the illumination for the city's street lights will pull about $530 more from the municipal budget.

And the outgo for electricity with be more as the number of street light installations increase.

However, Texas Electric Service Company has proposed to ease the pain somewhat with a six-year change-over.

Don Benson, TESCO's Colorado City manager, explained the plan this week to City Council.

It is a modernization program -- up grading current lights to 175-watt mercury vapor units with TESCO, of course, footing the bill for the new units and installation.

You can get an idea of the improved night viewing under the proposed mercury vapor lighting when you are driving at night on Hickory and on the first six blocks of Walnut from First up to and around the Corner Drug-Safeway block.

With the vapor units will come modern type open glass fixtures, replacing the old radiawave white disks now throughout the city.

Already up-dating with the modern vapor system are Snyder, where a 3-year change-over plan began two months ago, and Sweetwater, where a 5-year plan started last month. Coahoma has completed its modernization and Big Spring is getting ready for theirs.

Reason cities are paying the higher electric bills to obtain the vapor units is simply better lighting. The lumens are jumped up from the present 2500 lumens to 7000 lumens--160 per cent more illumination.

That means improved visibility, more safety and assistance to law and order in addition to improving the "looks" of a town.

Benson proposed to council for TESCO starting the change-over this January and February and continuing conversion work for the succeeding two months each year through 1974. Although he projected installation on a 5-year schedule, he figured the higher light bill on a 6-year span for an accurate picture of the city's higher expense after replacement of 351 units.

Benson suggested converting 40 series 1000 lumen series each of the two months this winter, 24 series in winter of '71, 30 multiple lights in winter of '72, 35 multiple lights in winter of '73, and 21, 20, 27, 18 and 7 multiples in winter of '74.

Billed on a 12-month basis at this installation schedule, the new lighting would cost the city $1,038 more in electric payments the first year, $1,245 the next, $1,102 the third, $1,287 the fourth, $1,245 the fifth and $434 the next -- all added on top of the other until it reaches the $6,353 annual total that breaks down to about $530 monthly.

City Council is letting City Manager J. A. Sadler Jr. and consulting engineers study the proposal thoroughly before they make their final decision in December. Councilmen want to be sure that the improvements are in harmoney with the city's comprehensive master plan now being formulated.

Berkman On State Board

Governor Preston Smith has appointed Dr. Elton Berkman to the State Board of Chiropractic Examiners.

The Colorado City doctor was named to the six-year term Thursday with two others.

New appointee with him on the board is Dr. Wayne Lundberg of Lubbock. Reappointed to a new term is Dr. Olver Smith of El Paso.

Leaving the board are Dr. Gerald M. Brassard of Beaumont and Dr. T. L. Davis of Liberty.

Berkman's term will expire Aug. 3, 1975.

He is a leader in regional and state activities of his state chiropractic professional organization, having served in numerous offices and has been recognized by his fellow doctors for outstanding service in the organization's legislative program.

During the last session of the Texas Legislature, the Colorado City doctor was in Austin weekly for liaison work with elected officials.

Bureau Supports Cotton Program

Mitchell Farm Bureau members have approved six resolutions recommended by their board and named six directors for new terms.

The action came Tuesday night in Lone Wolf Electric Cooperative Inc., Medallion Room.

Re-elected to new terms on the board of directors are Murrell Blassingame, Bruce Byrne, Charles Stubblefield and Dewey Turner. Newcomers to the board at this time are T. C. Moore and Louis Rees.

Going off the directorate are Charles Holman and Rex McKenney.

The Mitchell Farm Bureau membership supported a list of resolutions which recommend extension of the current federal cotton program and a county boll weevil diapause program.

Support for the boll weevil plan comes as farmers are moving into a harvest period with serious losses from cotton insects.

A countywide control program is viewed as the most effective and most economical with chemicals being applied at strategic time over large areas of crops.

In Dawson County, for instance, where the diapause program is carried by cooperating formers, the coast has been reduced to 45 cents per acre.

The county's resolution favoring extension of the cotton program recommends the extension "until better markets are developed" for cotton.

Four other resolutions recommended by the county board and approved by the membership called for:

1. Continuance of the present policy of the state board electing state officers of Texas Farm Bureau instead of by delegate votes.

2. All land owners to support the Texas brush control program.

3. The 27 1/2 per cent oil depletion allowance be continued instead of being cut.

4. That the weather be left along and not modified—a voice against weather control research projects.

Senator Named to Key Council Post

State Senator Dayid Ratliff is one of five senators named by Lt. Governor Ben Barnes to the important Texas Legislative Council.

The Stamford legislator, who represents Mitchell County's 24th Senatorial District, was appointed with Senators Jack Hightower of Vernon, J. P. Ward of Meridian, Barbara Jordan of Houston and Don Kennard of Fort Worth.

It is the second major appointment for Ratliff within a week. Earlier he was named to the Senate Interim Vocational - Technical Education Study Committee.

Lt. Gov. Barnes and Speaker of the House Gus Mutscher serve as chairman and vice chairman, respectively, of the 17-member Texas Legislative Council.

The council, with a full-time professional staff, conducts studies requested by legislative resolution, provides bill drafting services and is charged with statutory revision functions.

Its members determine policy and direct the work of this agency.

Named by Mutscher as House members of the council are State Representatives Tommy Shannon of Fort Worth, Dick Cory of Victoria, Hilary Doran of Del Rio, Cletus Davis of Houston, George Hinson of Mineola, Jack Blanton of Carrollton, Delwin Jones of Lubbock, Raul Longoria of Pharr, John Traeger of Seguin and J. E. Ward of Glen Rose.

Bad Night In Lamesa For Wolves

No doubt, a philosopher could reflect wisely about it all in abstract manner.

An engineer could possibly cipher out a single bounce of the ball and measure the angle of its bounce.

You might count the mistakes in officiating, if you're a good mathmetician, and theorize on the "ifs" involved.

But when it is all said and done, the record book states its as plain and bland as Coach Truman Nix's ulcer diet.

Lamesa Tornadoes 23, Colorado High Wolfpack 9.

That's the fact, folks, the same as it is life.

Coach Robert James' Tornado with alertness and opportunity parlayed an assortment of breaks and Wolf miscues into a 3-AAA triumph.

With it, the Tornado kept whirling along on an unbeaten path in Zone 1 with Defending State Champ Estacado.

Audit For Schools Reviewed

Annual audit of Colorado Independent School District has been completed and will be forwarded to Texas Education Agency in Austin.

Joe H. Morren, certified public accountant, examined the district's finances for two separate audit reports -- one relating entirely to receipts and disbursements, comparison of official budget with revenues and expenditures, bond schedule and other related records for the fiscal year ending last Aug. 31.

The other audit examined the application fund and the related revenue expenditures for these special government monies for the same fiscal period.

Morren reported that the dis-

MONDAY MEETING MAY TELL

Start For Self-Help?

Colorado City's Community Action Program Monday night hopes to hear what deprived or disadvantaged citizens believe are their own needs.

It is the personal, local view from the disadvantaged themselves that will be sought in a unique "neighborhood" meeting at 8 p.m. in Community Center Building.

All persons who are deprived or disadvantaged by income, lack of adequate job, race or environment or any other factor are being invited to attend and participate in the meeting.

"We are hopeful for an informal discussion on what the disadvantaged persons of our community thinks and feels their needs really are," said Mrs. Robert (Jon) Shamburger, CAP coordinator.

"And we are seeking this discussion from the persons who are involved. . .who are disadvantaged instead of from observer."

Mrs. Shamburger said the Monday night meeting is the first step in a CAP effort to help meet the needs of the disadvantaged and deprived within our area.

"Our CAP organization of interested local citizens can help. . .assist these citizens," she said, "but the CAP cannot help without knowing what these citizens think and want."

In other words, the CAP want the persons who live with poverty and who are not trained in job or craft to talk about their own problems with each other and attempt to formulate a priority lists of needs and goals.

"Then we believe the CAP, with them interested and participating, can start solving these problems within our own community," Mrs. Shamburger said.

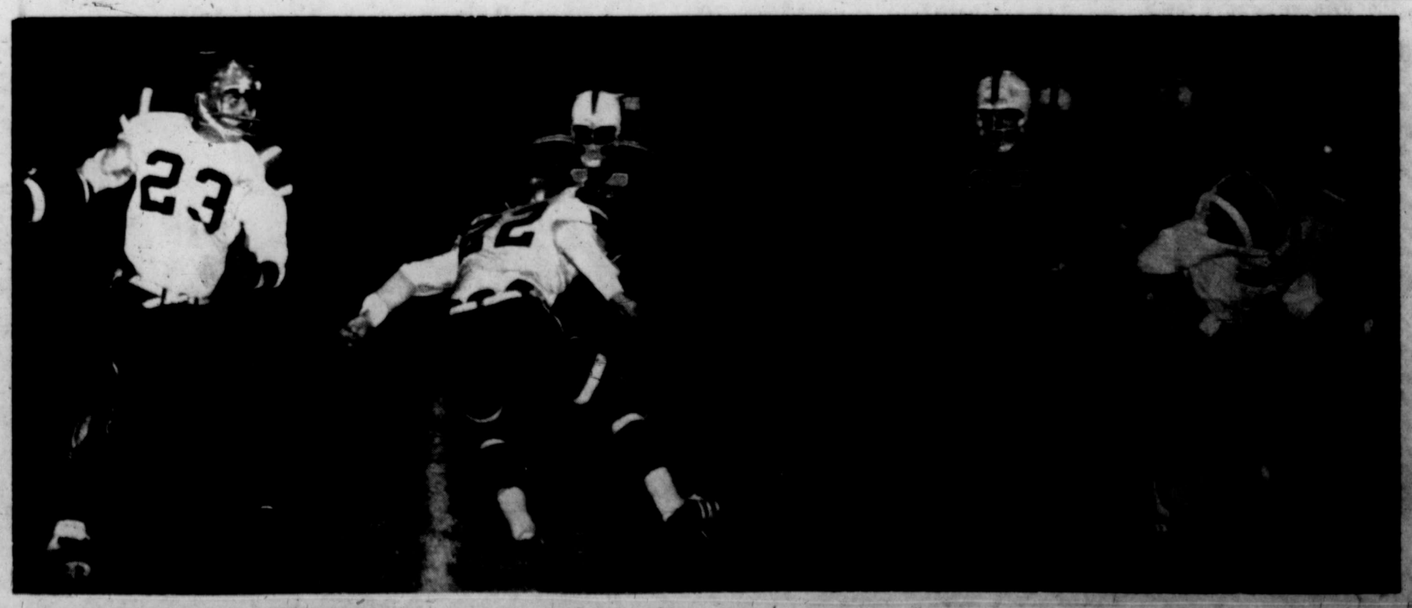

At the meeting Monday will be John Stripling of Abilene, acting executive director of Taylor County's CAP, the unit with which Mitchell County CAP is affiliated, and Mrs. Maria Salughter, program projection specialist for the Abilene program.

Stripling and Mrs. Slaughter will be here to advise the discussion group how they can seek to improve their daily living with the assistance of the CAP.

Efforts to enlist interest for the meeting has been made through personal contacts, telephone campaign and church groups.

LETTERS TO EDITOR

An open letter to those who wish to read:

This will probably never reach the paper but that is what it is intended for.

There are lots of people that feel as I do about this same subject but never express their views.

Heard today on the local news where there was to be a Christmas parade, the turning on of lights and election of Christmas queens by the twentieth of November. I think this is real sad when merchants and Chamber of Commerce officials become more concerned in commercializing Christmas than they are about Thanksgiving. Thanksgiving does come before Christmas and is a day set aside to thank the Lord for all the good things He has given us through out the year. You know He could forget to bless us then we would need no commercialization, because we wouldn't be able to buy gifts anyway. I think it should be a law that Christmas not be considered until after Thanksgiving. After all Christmas has taken on the wrong meaning to so many people, and especially merchants. Christmas is a day we commerate in rememberance of Christ's birthday. To this distorted and un-Christ like country it is just a time to make money and to celebrate. It is time our people woke up and put the blame of a lot of the wrong things going on in our country on the ones who start and promote things just for gain.

Lets thank the Lord first and then we will still have time to stress Christmas and put the real meaning to it.

County HD Agent Invites "Make It With Wool" Entries

Need a new wool garment before the dead of winter strikes?

Make it now and enter it in the 1969 "Make It Yourself with Wool" contest, suggests Miss Janet Shettlesworth, new Mitchell County Home Demonstration agent.

The national contest is sponsored by American Wool Council and Women's Auxiliary to National Wool Growers Association and is primarily to promote the use of American wool, Miss Shettlesworth said.

Competition is open to all girls and women regardless of race, color or creed.

All entries in the contest must be made from American wool, 100 per cent or no more than five per cent of another fiber added as defined in the Wool Act. Trimmings, interfacings, linings, etc. may be of fabric other than wool.

"Judging will be first on a district level in Lubbock Nov. 22," the county HD agent said. "Winning garments will go on to state and national competition."

For information concerning entry in the contest, phone or contact Miss Shettlesworth at 728-3111, or go by HD extension offices in Courthouse Annex.

Thirty Colorado City Business and Professional Women this week are joining in a national observance of Business Women's Week.

The local club has planned activities for five days of the coming week beginning with an 8 o'clock breakfast Sunday (today) in Civic House.

Mayor John H. Chinn Wednesday issued a proclamation calling attention to the Colorado City organization and its purposes.

Calendar for the week's activities includes the breakfast, a coffee Monday from 9:30 a.m. to 11:30 a.m. in Reddy Room of Texas Electric Service Company; a supper Tuesday at 6 p.m. in Spanish Inn in Big Spring; and a social Thursday in the home of Mrs. Lena Porter.

President of the club, which this year is celebrating its 40th anniversary, is Mrs. Bessie House.

Other current leaders of the organization are Miss Nelda Garrett, president-elect; Mrs. Lona Pritchett, vice president; Mrs. P. G. Carpenter, recording secretary; Mrs. Margaret Ann Williams, corresponding secretary, and Mrs. Annie Dixon, treasurer.

Serving as committee chairmen are Mrs. Pritchett, membership; Mrs. Inez Hock, personal development; Mrs. Arnel B. Smith, world affairs; Mrs. Margaret Oyler, civic participation; Mrs. J. L. Jones, legislation; Mrs. H. W. Cupp, good cheer; Mrs. Sefton Pickens, public relations, and Mrs. M. L. Kirschbaum, finance.

Colorado City B&PW Club was organized here in 1929 with 26 charter members - one was Mrs. J. L. Jones, current legislative committee chairman, who was named corresponding secretary for the charter group.

Purpose of the business woman is to elevate standards for women in business and professions, promote interests of business and professional women, stimulate local and state organizations, bring about a spirit of cooperation among business and professional women of United States and extend opportunities to business and professional women through education along lines of industrial, scientific and vocational activities.

Club projects through the years have included financing a girl through high school in 1929, working with Drouth Relief during "depression years," furnishing hot lunches for an underprivileged boy during 1935 school year, honoring Judge Sarah T. Hughes at a 1940 tea, working 100% with Mitchell County Red Cross, organizing Girl Scouts in county and organizing B&PW clubs in Big Spring and Snyder.

A major project for the women during their 40 years of organization, was the contribution of $2,000 to the new Mitchell County Public Library building. Business women were first donors for the county project.

Theme for 1969-70 is "Build, Plan, Work for Expansion."

TB-RD Campaign Workers

Mrs. H. C. Lindsey, seated left, and Mrs. A. J. Hooks, right, a member of Big Country TB/RD Association, label envelopes for the 63rd Annual Christmas Seal Campaign during a weekly trip to their beauty shop. Joining the pair in finishing the project are their hair dressers, Mrs. M. H. Jameson, standing left, and Mrs. Joe Allen. Christmas Seals will go into the mail in the near future.

Christmas Seal Letters To Be Mailed Here Soon

The 63rd annual Christmas Seal Campaign will get underway next month with the mailing of letters and Christmas Seals to citizens throughout this area.

Mrs. A. J. Hooks, a member of Big Country Tuberculosis and Respiratory Disease Association board of directors, and Mrs. A. H. Jackson, alternate board member, were assisted last week in preparing letters.

Helping in this year's project were Mrs. Roy Davis Coles, Mrs. T. W. Daughtrey, Mrs. W. S. Edge, Mrs. R. S. Fee, Mrs. H. W. Hardcastle, Mrs. H. C. Lindsey, Mrs. M. H. Jameson and Mrs. Joe Allen.

Mitchell County is one of 32 counties in the Big Country TB/RD Association. The recent forming of Area 7 completed a reorganization plan for the entire state of Texas, Mrs. Hooks said in announcing the plans for the annual campaign.

Dr. Albert Randall, a member of the board of Texas TB and RD Association, reports that Texas continues to have a higher-than-national rate of new cases of tuberculosis.

"Terminating McKnight State TB Hospital as a tuberculosis hospital means that we will be treating TB patients in West Texas in a different manner," Dr. Randall continued. "Advances in drug treatment cause a patient to become non-infectious quickly, so he can now safely be treated in an outpatient clinic."

Mmes. Hargrove, Hock Present Table Setting Demonstrations

Mrs. Ross Hargrove and Mrs. Wright Hock presented demonstrations of proper table settings and serving Tuesday afternoon for members of Spade Home Demonstration Club in ranch home of Mrs. Nolan Fincher.

Mrs. Hargrove discussed formal table settings. Mrs. Hock talked about informal settings.

Mrs. Hargrove emphasized that place mats and colored tablecloths are used for informal dinners only. She displayed arrangement for various glasses, the cocktail fork, napkins, and centerpieces.

For her demonstration she used a gold and white damask cloth and napkin, brass candle stieks with black candles and a low arrangement of black grapes.

Mrs. Hock used a diagram of pieces needed and their placement for buffet table setting.

She explained that there are no fixed rules. "A buffet table is informal because guests can serve themselves."

For a buffet, Mrs. Hock suggested, place dinner plates first and the main dish at one end of buffet. Desserts can be set at opposite end of table or at another table set up for self service.

"Don't expect guests to carry napkins and silver when he's not ready for them," she continued.

Program leaders served refreshments consisting of shrimp cocktail served in an avalon shell, dip, cookies, candy, coffee and soft drinks.

A nominating committee for 1970 club officers was appointed. The group included Mrs. Herman Salley, Mrs. Hargrove and Mrs. Fincher.

Devotional thoughts were presented by Mrs. Fincher.

Guests for the afternoon were Mrs. Jim Light, Mrs. Roy Howell, Mrs. T. A. Whitesides and Mrs. H. F. (Skeet) Dunn of Roscoe.

Members present were Mrs. Hargrove, Mrs. Salley, Mrs. Robert Bolin, Mrs. Hock, Mrs. J. R. Erwin, and Mrs. Fincher.

Next meeting of the club will be Nov. 11 in home of Mrs. Hargrove. Program will be "How to Have A Beautiful Coiffure."

WOLVES
From Page 1
from the select leadership with defeat No. 1 in Zone 1, their second setback in six games this 1969 season.

It was a game marred by officiating bordering on incompetent. So bum, coaches from other 3-AAA schools scouting the encounter, called out the misses often to each other in the press box.

Coach Nix, his hospital pampered ulcer revolting in new pain, could not restrain his protest but was ordered off the field when he approached the men in white.

Scoreboard counted it up with a two-point safety, touchdown run and extra point kick in the first quarter for the Tornado; a C-City field goal in the second, two touchdowns plus two extra points for Lamesa in the third, and a lone touchdown for C-City in the fourth.

All those howls of delight, of course, came from the Lamesa crowd celebrating their homecoming as a brisk breeze swept up field between the overflowing bleachers.

Both teams the week before had hit the scoring paths for a total of 103 points between them.

This was another night, though. Defense became the name of the game, playing havoc with passing and running attacks.

The Wolves counted 14 first downs when it was all over with a meager 38 yards net on the ground and 112 yards passing, a 150 total.

Lamesa had even less first downs--12 to be exact by way of 124 yards net running and a pale 29 yards passing.

Big Carl Devorce and the rest of Colorado City's front defensive four -- Joe Kirschbaum, Scott Hudson and Wesley Smith -- led the superb Wolf defense.

A pair of hefty seniors, Fullback and Linebacker Ron Hester and End Jimmy Berry, led the Lamesa front defense that worked effectively with a revolving secondary which intercepted four C-City passes.

Somehow, it just wasn't Colorado City's night. Sure, a good ball club rises above those things.

Well, the Wolves did, Time and time again. But there was an avalanche of these fate twisters this October eve and with a few of their mistakes thrown in, hill became almost too high to climb.

Against, a lesser team, they probably could have made the recovery. But Tornado is a big, experienced and aggressive team that has all-around ability to make the best of opportunity. And they did it.

It was in the opening seconds of the second quarter -- right after a tremendous 44-yard heave from Quarterback Steve Vest which Senior End Larry Holder caught in a running dive on the Lamesa 47 and fell forward to the 44 -- that Holder went to the sidelines for the night and probably a few weekends.

His gimp left knee cradled on him when a Lamesa defender stepped on his foot at the 10-yard line as the superb pass catcher leaped for the ball.

Vest himself was injured and shaky on his feet with rib bruises when a Lamesa back crashed into him as he lay downed by another tackler. X-rays Saturday revealed no broken bones.

Ruth COFFEY's

CONVERSATION CORNER

HOUSEHOLD HINTS columns fascinate nearly everybody old enough to read 'em.

Look at the fans "Hints From Heloise" has attracted all over America.

Reading hints is one thing. Taking them to heart and trying 'em is another.

Trouble with Heloise is she works so hard at saving work it sounds exhausting. Always think of her as surrounded by empty milk cartons, plastic containers, and miles of nylon net.

As the born-lazy type, am more inclined to throw empty cartons in the trash basket and use those little scrapers you buy at the store whenever the carrots burn right in the middle of "As The World Turns."

* * *

WHEN—and if—the day ever comes that writing Conversation Corner stops being fun, shall switch to household hints columns.

Might call them "Ruth's Truths" and would never waste time writing about making foot stools out of coffee cans or shaping old coat hangers, then gilding them for ornamental bird cages.

"Ruth's Truths' would be more concerned with tried-and-true ways to save time and energy for important things like reading and seeing soap operas.

* * *

FOR INSTANCE, "Truths" would advise things like these—

Hate to shell blackeyed peas? Then don't—unless you grow them yourself and have to. Try the frozen variety. Or better still, open a can of English peas. Heat, season, and eat.

Hate to take up hems? Try doing it while watching "Secret Storm' or that "Dial For Dollars" movie.

Hate to launder curtains? Just hold the thought that they'd come to pieces in the wash, any how, and replace them when you get around to finding new ones at a bargain.

* * *

PART of the take-it-easy game can be accomplished by applied psychology.

Hate to get up in the morning? Teach your husband to make the coffee. Be sure to brag on his brew and tell him how much better his coffee tastes than yours. Flattery will get you extra sleep.

Persuade him that instant everything is a real economy. Household economy appeals to most men.

Note: while we're on the subject of instant everything be sure to disregard instructions on frozen vegetables. Cook 'em longer than it says—unless you really enjoy eating raw lima beans and whole kernel corn.

* * *

THINGS have changed since grandma was a girl. Sometimes shudder to think what my little mother-in-law would think if she were still on earth to see all the instants, the mixes, canned biscuits, and store-bought strawberry preserves in the house on East 9th St.

Unlike Peg Bracken, who wrote the "I Hate To Cook" book, I love to cook. So long as it's instant or comes in a can. Every time I recall washing hundreds of dishpans full of fresh spinach, feel faint.

"Ruth's Truths" best advice to homemakers everywhere in this era is short and sweet.

It goes "If it ain't instant, skip it."

* * *

SEEN LATELYS this time include Frank Deregibus. . . Amarie Gann Hall (Mrs. Price) wearing a bright geranium red coat for this fall weather.

Saw Inez Carter Hock. . .The J. D. Hills, Jr., Charlie and Frances Godwin. . .Clem and Frances Myers. . .Peggy Bagwell, wife of Hulen, and Ray Anne Carlock, wife of Edwin (Bim).

Pretty little Nell Ruth (Pickens) Holman, wife of Charles, was coffee-breaking after a day of teaching.

Ruth Grantland was on the downtown scene. . .So was Wilma Womack (Mrs. Dave) and that nice butter-and-egg man named Truman Bodine.

* * *

DID YOU KNOW that all the men employed by City National Bank are now wearing snazzy "uniforms?'

That is to say they are wearing matching sports jackets with plain slacks and ties to harmonize. Saw two VP's, Gus Chesney and George Womack in identical striped gold jackets.

Did you know that this is the weekend City National Bank employees and their spouses take their annual bus holiday to Dallas to see the Dallas Cowboys?

* * *

FAMILIAR FACES, here and there places, belonged to Sibyl Barber Blackman of Temple, here on business. . . Shirley DeLaney, wife of Don. . .Lon and Ruthie Robertson sandwiching together at Colorado Drug. . .Gladys Howard.

Clydine Stickney was lunching at the Down Town. . .Ditto Dwain and Betty Williams.

Met Johnnie (Mrs. B. W.) Tartt on the grocery shopping scene. . .Viola (Mrs. Jim) Hale. . .Lucille (Mrs. Oren) Trulock. . .Minna Berman, wife of Philip. . .and vivacious Virginia Fuller (Mrs. Raymond) too.

* * *

MAIL CALL brought a heart-warming little note from Pat Prude, former Citian who lives and works in Midland.

Pat had good things to say about the Colorado City Record and about the Open Letters column. "It was one of the best," she writes, saying "It made my day."

That makes the two of us even. That letter made my day.

* * *

LETTER, long and sweet, from Lucy (Mrs. Will) Berry was praising the paper, too.

Lucy's letter was full of "Remember When." She was recalling the day she fried 14 chickens to feast Colorado High School faculty and their families. It was the year her daughter Billie graduated, back in 1937 as valedictorian.

A few years later, Lucy Berry, one of our county's loveliest ladies, celebrated daughter Mary Nell's graduation with another fried chicken feast at the Berrys' beautiful country home. John Watson was superintendent at the time of both parties, she remembers.

Mrs. Barry keeps a scrap book and wrote to say she's adding that "Remember When' column, bless her!

* * *

FROM HEREFORD, came nice phrases in a letter from Mary Sue Hull (Mrs. James).

She begins by writing "We have just finished reading the Colorado City Record. While we always enjoyed and appreciated our paper at Colorado City, we race to see which of us is lucky enough to get it first now.'

The Hulls like living in Hereford but "left 13 years of good memories in C-City,' says Mary Sue.

Son Mike is playing football, Boy Scouting, and taking piano lessons. "He has a good teacher but we certainly miss Mrs. (Ruth) Latham," she adds.

* * *

ANNE TILLER PALMER (Mrs. Tommy) of Dallas brightened this corner with a note opening "When the Oct. 12 issue of the Record arrived this morning I felt as if I'd had a visit home to the 'friendliest town in Texas.' "

And little Hannelore Wood, wife of Billy E. Wood, sent a happy little note from the Bahamas where Billy is stationed with the Sea Beas.

Billy has been promoted to first class. "He is now E-6 and gets his new stripe in December," says Lore. Billy is vice-president of the Fleet Reserve Association, Branch 305, and will become a father for the third time come December. He is son of the Odis Wood family.

P. S. That "If it ain't instant, skip it" theory does not apply to homemade vegetable soup.

It's the exception that proves the rule. . .and that delicious aroma coming from the kitchen right now is soup simmering away. . .proving nobody can win 'em all.

Drummonds Touring Montego Bay, Jamaica

Mr. and Mrs. John Drummond left Saturday for a week's trip to Kingston, Jamaica, and Montego Bay.

The trip, sponsored each year by General Electric, honored dealers from Northwest Texas District who reached a sales quota during the first eight months of 1969.

Drummond, who more than doubled his quota set by GE was third high in the district.

Doris Hines Leads GA Program
