OUR VIEW

Study By Massachusetts Could Aid Texas Education

(From The Corpus Christi Caller)

One of the abiding values of the American federal system is the opportunity it affords for the states to benefit from each other's experiments, mistakes and achievements. The most is not always made of that opportunity, but it should be, and currently the opportunity is wide open in the nationwide interest in educational improvement.

Texas has embarked on a special commission study of its state-supported system of higher education, with recommendations expected to be ready for the next regular session of the legislature in 1964. And other states may benefit from its findings.

Next on the Texas educational agenda should be another thorough improvement survey of state-aided public schools, such as which preceded the postwar Gilmer-Aikin and Hale-Aikin Acts. When and if that is undertaken, there will be available not only the valuable interim research of the Texas Education Agency and such independent studies as those by the Texas Research League, but also similar research meanwhile being done in other states.

Among the latest one of outstanding value promises to be the top-to-bottom survey of Massachusetts' public education scheduled for completion by the end of 1964. Supervised by a special commission, that study is being directed by Dr. Benjamin C. Willis, Chicago school superintendent, who has mobilized an impressive research staff.

Dr. Willis' approach is to analyze how five recent great changes in the American life have affected educational needs and what the educational response to them should be. These are the population explosion, population mobility, urbanization, the knowledge explosion, and accelerated technological change.

Those factors are basic in most states' educational problems, certainly so in Texas. Consequently the Massachusetts survey, among others, should be useful when Texas again undertakes to update and upgrade its public school system, as it soon must do.

Induce your friends to come to Scurry County. You will be doing them a good service. Times may be tight on them for awhile, but if they stay in that hundred dollar land country and keep on paying rent the times will always be tight on them. Get them to come here and buy small farms that they can pay for and what they raise then will be their own.

WASHINGTON, July 23—Representative Smith of Texas today presented the war department a request from an El Paso news-

Post Rodeo Will Start Wednesday

POST — The Post Stampede and Southwestern Championship Junior Rodeo, Post's two-on-one western show, will be held Wednesday through Saturday, Aug. 7-10.

Post's two rodeos are being combined this year for the first time. There will be 13 events in all—six for the seniors and seven for the juniors.

Prize money, as always at a Post rodeo, is plentiful. In addition, buckles will be awarded winners of each of the 12 events and hand-made saddles will go to the best all-around in both divisions.

The opening day rodeo parade will be at 4 p.m. Wednesday, Aug. 7. There will be dances each night on an enlarged dance pavilion with music by Don Allen and the Sunset Ramblers.

Each rodeo performance will begin at 8 p.m., with the grand entry scheduled 15 minutes earlier each night.

Coffe Prices Are Up In 'Land Of Coffee'

MEXICO CITY (AP)—Although Mexico is a coffee producing country, the price for a cup of coffee in downtown restaurants has risen to 16 cents and up. The increase was attributed to a jump in world coffee prices.

Restrictions Increase For Sunday Retail Business Sales

By The Associated Press
Several states tightened restraints on Sunday retail business this year, increasing restrictions on sub-large stores as discount houses and adding to the crazy-quilt pattern of so-called "blue laws."

The changes apparently reflect growth of the huge discount outlets—the most frequent targets of these laws—and effects of a 1961 U.S. Supreme Court decision upholding a general Sunday closing law.

Nortex Loses In Oil Battle

DALLAS (AP)—Nortex Oil & Gas Corp. lost its bid for damages Friday in a suit filed against the now-dissolved Elbro Oil Co. of Longview.

A district court jury decided that Elbro dealt fairly with Nortex eight oil leases in the East Texas Field.

Nortex complained part of the 40 wells it acquired in the deal were slanted or dummied.

Although the suit asked \$5.7 million, Nortex had conceded \$1.1 million was the maximum it ultimately hoped to collect from Elbro's former stockholders. Nortex absorbed Elbro with the purchase of the leases in East Texas.

Jurors deliberated more than three hours before reaching a verdict. They found that Elbro was fair in representing the oil properties Nortex took over.

Under Texas law, Nortex had to win the suit before taking further action against Elbro stockholders, who received proceeds of stock and debenture exchanges for the property.

During a week-long trial of the case, Nortex presented testimony that 12 of the wells it bought were slanted and many of the remaining wells were economically unproductive.

Nortex officials testified that normal testing failed to show the true condition of the leases prior to the purchase.

Elbro countered that Nortex knew the leases were rigged but was willing to buy them anyway.

In final arguments, Elbro lawyer Fritz Lyne argued Nortex was unfamiliar with the East Texas Field and did not consider it necessary to run its own tests on the wells. He concluded by asserting:

"Three thousand Nortex stockholders suffered from this fraud and that's what it is—fraud."

Fire Controlled At Chemical Plant

By PAUL ZDINAK
PITTSBURGH (AP)—A spectacular fire at a chemical plant in a sprawling complex of chemical and gasoline manufacturing and storage firms on suburban Neville Island was brought under control today after six hours.

Fire fighting officials said the blaze at the Neville Chemical Co., on an isle in the Ohio River about five miles from downtown Pittsburgh, was no longer dangerous.

"The fire will continue for several hours but we feel it is now under control," said David Baisley, deputy fire marshal for Allegheny County. "The danger of explosions has apparently past."

There were no serious injuries reported, although one worker suffered flash burns of the face when the blaze erupted at around 2 a.m.

At least five of the 200 firemen battling the fire were treated at a hospital for smoke inhalation.

Fourteen other employees working at the 10-acre site on the midnight shift apparently escaped injury.

H. J. Shear, manager of the plant, estimated damages at about a half million dollars.

Request Refusal Advised

AUSTIN (AP)—A lawyer for a West Central Texas oil pipeline company told the Texas Railroad Commission Friday it should not request a hearing on the pipeline system.

The lawyer, Wallace Scott Jr. of Austin, represents Rock Island Oil & Refining Co., a Kansas firm, which owns the 36-mile pipeline system in Callahan, Shackelford, Stephens and Young Counties.

"It is as plain as a pike staff," Scott said, that the real complaint of independent producers' associations seeking a hearing "is that the price paid for crude oil has been reduced by 19 cents a barrel."

Scott said the price is a matter over which the commission has jurisdiction. He also said the applicants are not interested parties.

The hearing was sought by the West Central Texas and North Texas Oil & Gas Associations and the Texas Independent Producers & Royalty Owners Association.

"They contend that Texaco, Inc., which sold the system to Rock Island, is responsible with Rock Island for a situation which amounts to unauthorized abandonment of the pipeline system."

These groups further maintain that the system was a common carrier which could not be converted to a private operating line system without consent of the wells served by the system.

The lowest state of the Union is Florida, whose highest elevation is 345 feet.

Desola's legislature was vetoed by Gov. Karl Rolvaag.
West Virginia increased penalties to provide fines of \$100 and jail terms of up to six months for a third offense.

Arizona, California, Oregon, Wyoming and Nevada no longer have specific Sunday closing laws. They simply prescribe one day of rest more or less leaving the choice to the retailer.

Texas lawmakers killed a bill to close retail establishments on Sundays.

A Missouri closing law, snagged in court action almost from the start, was upheld July 19 in circuit court in St. Louis. It was challenged by a group of discount department stores.

"The law," Judge George E. Schaaf held, "is a valid exercise of the state's authority, wherein an effort is made through legislation to set one day apart from all others for rest, repose, recreation and tranquility."

A group of grocers has challenged a Kansas law which went into effect July 7 and aimed at keeping most businesses closed on Sundays.

One section exempts stores that sell farm machinery parts, making it possible for farmers to repair breakdowns during the harvest season. There is speculation that all stores wanting to do business on Sunday could get around the law by adding a line of farm equipment parts.

In Nebraska, a statute which goes into effect Oct. 19 prohibits the sale of about 65 designated commodities on Sunday, including groceries, clothing and toys. It exempts business operated by not more than two full-time persons under a so-called "mom-and-pop" store exemption.

New York has been added to the list of states providing an option to permit persons who close their businesses on Saturday in observance of their religion to remain open on Sunday.

Orthodox Jewish groups long had campaigned for this law. While limited to New York City, the legislation was a major departure from the state's historic Sunday laws.

Rhode Island made it possible for nurseries and greenhouses to sell plants and seeds on Sunday. New Hampshire's legislature has passed a bill permitting stores with fewer than four employees on duty sell "necessaries" on Sunday.

Texas lawmakers approved wording on Sunday.

A Sunday closing bill rejected in South Dakota would have banned operation of stores on Sunday that were located within a one-mile radius of any city. Other far-reaching Sunday closing proposals were turned down in Iowa, Florida, Utah and Colorado.

Exemption by commodity was abandoned in Maine. There, a "uniform day of rest" measure which would have tightened Oklahoma's Sunday closing law was killed in a close vote.

Indiana's lawmakers turned down a bill aimed at further defining "necessary Sunday selling" as covered in "blue laws" on the books since 1905.

DALLAS (AP)—The body of Army Sp. 5 Carl H. Ballard, killed by mistake July 15 in Viet Nam, neared the end of a long journey back home to Madill, Okla., today.

Escorted by Sgt. 1. C. Jack Newman of Joplin, Mo., the body arrived from San Francisco by jet airplane at 6:02 a.m. and was transferred to a waiting hearse from Madill.

Relatives have set the funeral service tentatively for Sunday afternoon at Madill, home of his wife, Donetta, and his parents, Mr. and Mrs. C. C. Ballard.

Ballard was killed in a shooting battle at an airstrip near Saigon after a guard mistook a party of American soldiers for Communists.

By proclamation of Lt. Gov. Lew Winters, this was "Carl Ballard Day" in Oklahoma.

In the absence of Gov. Henry Bellmon, Winters called for residents of the state to spend "one minute of silence thanking God for our freedom and the men who fight to preserve it."

Rig Count Up Sixteen

Sixteen more rotary drilling rigs were shown to be active in the Permian Basin Empire on the Friday tabulation of Reed Roller Bit Company than were counted in the two - state region on the comparable date last year.

Listed on the Friday survey were 218 working units. A year earlier the figure was 202. On the previous Friday the total was 221 — three above the latest total.

Lea County, New Mexico, showing a gain of five-up from 40 to 45 — was in first place.

Pecos County, also with an increase — up three, from 14 to 17 — moved into second position.

Ector and Gaines County, each with 15 on both the last checks, tied for third.

France Government Okays Anti-Strike Bill

PARIS (AP)—A government anti-strike bill was voted into law Friday night after bouncing back and forth between the Senate and National Assembly.

The law, bitterly opposed by France's powerful labor bloc, outlawed surprise strikes in public utilities that frequently plague France. The law requires a five-day notice of a strike.

Yankees Hold Lead; Baltimore In Second

By JIM HACKLEMAN
Associated Press Sports Writer

Five short weeks ago Billy Hitchcock's job as Baltimore Orioles manager seemed in jeopardy. The club had plummeted from the top to sixth place in the American League within 10 days. Reports of dissent were bandied. Hitchcock was criticized as having lost control of the team and making all the wrong moves.

But the Orioles began to fly high

in July. Their latest winning string reached four games Friday night when they blanked the Chicago White Sox 6-0 behind Milt Pappas' three-hit pitching, and they've climbed into second place—the highest they've been since June 10.

New York's injury-ridden but

great relief pitching by Steve Hamilton. Boston ended a losing string at four games, beating the Los Angeles Angels 5-4 with a three-run sixth inning.

Ken Retzer's two-run homer in

the seventh carried Washington over Detroit 3-1, snapping a run of five Senator losses.

Cleveland trimmed Kansas City

3-2, scoring the deciding run in the seventh inning on Moe Drabowsky's wild pitch.

In the National League, Phila-

Texas Weather Hurts Fishing

By The Associated Press

The big news and it's bad

news, among Texas sportsmen is

the weather.

"Earl Golding writes in the Waco

News-Tribune that because of the

drought, "tank fishing has had it

over much of the state." Golding

tells of watching 200 giant bass,

all weighing over five pounds,

surface and dying in one small

lake in one day.

At Marble Falls in Central Texas

oldtimers described the

drought as "serious, with fish-

deaths and livestock suffering."

In North Texas at Lake Texoma

they're saying that even the best

fishermen are having trouble be-

cause of the weather. One angler,

O. E. Rigby of Cumberland, of-

fered this advice: "Don't anchor

and cast during the day, but troll.

Not only will you stay cool, but

you'll catch fish, have a fine boat

ride, and you'll enjoy yourself,

too."

Winds and currents, not heat,

are hurting fishing in the Gulf.

some anglers say. Offshore waters

are yielding virtually nothing,

and the culprits seems to be

strong southwest winds and cur-

rents so strong that at times sur-

fishermen can hardly stand-up in

hip-deep water.

A word of hope comes from

Harv Boughton, writing in the

Houston Post. Boughton says red-

hot kingfishing mainly off Free-

port on the upper coast is off-

ering continued poor inshore fish-

ing.

"This is July, and if you haven't

stopped to consider the fact that

we are having a poor inshore, or

bay fishing, season and to wonder

why this is so, you ought to do

so," says Boughton.

Weather also has affected the

antelope population in the trans-

Pecos area where a recent aerial

count shows a 23 per cent reduc-

tion.

Retzer's tie-breaking homer in

the seventh at Detroit came off

loser Frank Lary, made a winner

out of Senator left-hander Don Ru-

dolph, and gave the Tigers a 4-2

mark against southpaws this year.

The Indians broke a 2-2 tie

against the Athletics in the sev-

enth at Al Lupo's walk, Woody

Held's single and the wild pitch

by Drabowsky—one of three he

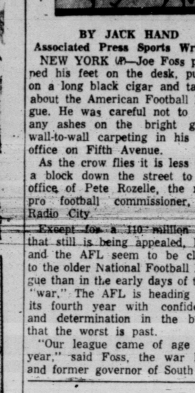

unhooked in the game. Jack Kra-

lick pitched a six-inning for Cleve-

land as the Tribe ended Kansas

City's five-game winning string.

National League Tightening Up

By JOE REICHLER
Associated Press Sports Writer
Shout the praises of Sandy Kousser, Sing praises to Warren Spahn. Make a case for Juan Marichal.

But don't ignore Bob Gibson when it comes time to cast your vote for National League pitcher of the year.

Gibson doesn't have the glittering record of Kousser or Marichal, and he hasn't pitched as spectacularly as Spahn but there isn't a hotter pitcher in the league.

The 27-year-old St. Louis right-hander pitched a four-hitter and posted his fifth straight victory Friday as the Cardinals defeated the Chicago Cubs 4-1 and closed to within five games of the first place Los Angeles Dodgers, who dropped a 6-5 decision to Philadelphia.

It was Gibson's 11th victory in his last 12 decisions. He hasn't lost since May 19, when Cincinnati beat him 10-6. His season record is 12-4.

San Francisco's third place Giants also gained on the Dodgers with a 6-4 triumph over Pittsburgh. The Giants' fifth straight triumph advanced them to within six games of the top. Cincinnati's Reds shelved Milwaukee 11-1 and moved past the Cubs into fourth place, 7½ games off the pace.

Houston inflicted the 20th straight road defeat on New York's cellar-dwelling Mets, 7-3. The loss gave the Mets undisputed possession of the modern major league record. They had been tied with the 1916 Philadelphia Athletics a 19 road losses each.

The New York Yankees maintained their eight-game lead in the American League with a 6-5 victory over the Minnesota Twins.

Baltimore snapped its second place tie with Chicago by beating the White Sox 6-0. Boston edged Los Angeles 6-5. Washington conquered Detroit 3-1 and Cleveland ended Kansas City's five-game winning streak 3-2.

Ken Boyer paced the Cards' nine-hit attack against former Cardinal Paul Fuld and Dick LeMay with a home run and single, driving in two runs. The homer was his 13th of the campaign.

Gibson has beaten every team in the league at least once. The only other pitchers to make the cycle are the Cubs' Dick Ellsworth and the Giants' Marichal. Tony Taylor drove in five runs in the eighth. It was Short's third victory in 11 decisions.

Giant's second baseman Chuck Hiller atoned for two errors with a home run in the bottom of the ninth that broke a 4-4 tie with Pittsburgh. The winning blow was given up by relief pitcher Elroy Face. Jack Fisher picked up his fifth victory in relief. Willie McCovey hit his 30th homer earlier in the game.

The Reds bombarded five Milwaukee hurlers for 18 hits, including home runs by Pete Rose, Tommy Harper and Frank Robinson enabling southpaw Joe Nuxhall to coast to his eighth victory in 12 decisions.

Houston scored all seven runs in the first inning in handing the Mets their ninth straight loss. Tracy Stallard was the victim. Dick Farrell, squaring his record at 8-4, went the route for the Colts with a six-hitter.

IRA PONY LEAGUE ALL-STARS — The second-place trophy won by the Ira team in a four-county league is proudly displayed above. Towns in the league include Ira, Westbrook, Hermleigh, Lorraine, Roscoe and Silver. The team finished the season with an 8-5 record. Pictured in the front row are Jimmy Hall, Jimmy Wilson, L.

T. Dent, Gene House and Gary Wier; back row, Bud House, manager, Johnnie Zell, Billy Leon Sterling, John Paul Rogers, Johnny Lindsey and Leon Sterling, coach. Team members not pictured are Edwin Chaney and Neil Lloyd.

Mightiest Football Race Just Around The Corner

BY HAROLD V. RATLIFF
Associated Press Sports Writer
Six weeks away is history's mightiest football race. It's the 44th Texas Intercollegiate League campaign and 93 teams will begin the long march. No other football race, even in Texas, ever was that big.

In 1920, when the League first started a championship campaign, there were 158 schools. They didn't know it but they were working for playoff spots. Because it was in November that Roy Bedichek, director of the Intercollegiate League decided to match the teams with the best records in a playoff for the first Texas schoolboy title. Cleburne and Houston Heights finally emerged as the finalists and played a scoreless tie in the mud at Austin.

Now 44 years later 937 schools will play for four state championships and a multitude of regional titles in the biggest football campaign of their life.

Last year 918 teams competed for an all-time record. To the amazement of most everybody, Jowers was for three decades one of the nation's leading football coaches. He resigned in 1961 and then was named head football coach. He faced the challenge of building a team from the ground up—the 1960 Southwest Texas State team won only two games.

Jowers changed that in a hurry. His 1961 team was one of the toughest on defense in the league and managed to win four of 10 games. A year later, the 1962 team led the conference until a showdown battle with A&I in the final game of the year. A&I won 20-7 as a breakdown in the Bolcats' already thin punting machine shortened most of the Javalinas' touchdown marches considerably.

Earlier this year Jowers was named to the NAIA Hall of Fame for his contributions to basketball and the coaching profession. He had a record of 266 victories and only one loss in basketball, won six conference titles and one NAIA championship.

Piersall Hopes To Sign With Angels
BOSTON (AP)—Outfielder Jimmy Piersall, released by the nose-diving New York Mets, was expected to sign with the Los Angeles Angels of the American League as a free agent today.

A source close to the Angels said no trouble was anticipated with Piersall over contract terms. The Associated Press learned Friday night that the colorful 35-year-old fly chaser was going to the Angels. But because of the fact the waivers didn't run out on him until noon today neither Piersall nor Los Angeles Manager Bill Rigney was free to announce the move.

Most noted this season for running out his lone home-run backwards, Piersall hit .154 for the Mets and drove in only two runs in more than 40 games.

Defending state championships are San Antonio Brackenridge in Class AAAA, Dumas in Class AAA, Jacksboro in Class AA and Nolan in Class A.

The interscholastic League over the years will be reviewed in a book that emerges from the Texas State at Waco the first week in August. It's titled "Autumn's mightiest Legends" and it tells the story of Texas schoolboy football from the playing field to the courtroom.

Yes, Texas schoolboy football has thrived been in the courts. The last time, the League established its right to enforce its rules unless they conflicted with the laws of the land.

This is among facts revealed in a book that tells about the only state championship ever decided by the Class B schools and of a state championship that the League itself has tried to forget for 50 years.

In 1928 Anson and Marlin met for the Class B championship at Abilene. Anson won 3-0 but Marlin's little men made such a great showing against terrific odds that Dewey Mayhew, the Marlin coach, was lifted by Abilene.

The game wasn't supposed to be played but the League hadn't written its rules right to prevent it. It rewrote them the next year to forbid Class B from ever going beyond the regional level.

Did you know that Houston, when it had only one high school competing in football, was state champion? That was in 1913 when the interscholastic League tried to put on a championship race and was bogged down with ineptitudes that it wiped the results from its records.

But Houston and Comanche actually met at Austin to decide the state title and Houston won 20-0.

Football fans today talk about the lack of offense in the twenties. Then, they all say, all games were head-knocking affairs with line smashes the principal weapon and the forward pass used only when a team was 35 points behind with 30 minutes left to play.

Maybe so, but in 1927 Waco High School scored 784 points in 14 games—an average of 55.1. It's doubtful that ever will be equalled even in these touchdown-mad days.

A Pair Of Aces
PRESTONBURG, Ky. (AP)—Let's see you stop that," Joe Burchett told his companion, Arthur Hughes, after sinking a hole-in-one at Jenny Wiley State Park Golf Course.

Hughes slammed his ball off the No. 6 tee and it headed for the flag, 122 yards away. The ball bounced several times then landed in the cup, right atop Burchett's.

Pony League Action In Towle Park

The Snyder Pony League all-stars were due to play the Abilene all-stars at 8 p.m. Saturday in Towle Park. This is the first of the best-two-of-three series. The second game, and third if necessary, will be played in Abilene Monday.

Babe Ruth Semis

SAN ANTONIO (AP)—Marshall was to meet Nederland and the winner was to play Austin in the finals of the Texas Babe Ruth Tournament today.

Marshall took out Bryan 8-6 and Nederland upset Austin 6-2 Friday night in the semi-finals.

Bill Abney clubbed a homer and two singles to lead Marshall to its triumph.

Mac Welch's homer in the seventh tied the score and Nederland went on to victory over Austin.

Little Leaguers Bow To Abilene

The Snyder National Little Leaguers made a valiant effort before losing to Abilene Dixie 2-1 Friday night. A spunky team took control of the game from the larger Dixie stars, and even had the lead going into the bottom of the final inning. By scoring two runs in the sixth, the Abilene team won the right to represent District 5 in the sectional tournament to be held in Big Lake next Thursday through Saturday.

Little David Smith of the Snyder Nationals went the route on the mound and kept the usually big bats of Dixie silent for the most part. Only one Abilene player reached as far as third base before the fateful sixth inning, and that was in the fifth, when Jackie Brock was left stranded when the inning ended.

It was a scoreless tie between Smith and Jerry Sherman until Snyder took the lead in the top of the fifth. Randy Hardee's homer made it look as though Snyder might go to the sectional tournament. It was Hardee's second round-tripper in as many nights as he had stomped a two-run homer in the game against C-City Thursday night.

It looked as though Snyder might score in the fourth, when both Steve Holder and Mitch Rambin hit singles off of Sherman, but the Abilene pitcher bore down to get out of the jam.

Dallas Cowboys Enthuse Landry

THOUSAND OAKS, Calif. (AP)—Coach Tom Landry of the Dallas Cowboys is bubbling with optimism over his prospects. "We are having our best camp ever and most of it is due to the return of our basic group," he said. "We have a couple of years under our system," he says.

"For the first time in their brief history, the Cowboys are able to work with nearly all of the previous year's starters apparently set for another season."

Barring injury or surprise, there will be new starters at only three positions, and one, is not in doubt right now.

Tackle Monte Clark and linebacker Mike Dowdle left via the trade route as did guard Andy Cervero. Jim Ray Smith will cover the guard post, and the other spots are up for grabs.

Dave Edwards, a one-year veteran, and rookies Lee Roy Jordan, Jim Price, and Harold Hays, will vie for the linebacker post. Vets John Houser, Ed Nutting and rookie Ray Schenke are battling to replace Clark.

In the past three years the Cowboys have had to make wholesale changes in the lineup from one season to the next. The result, a new group that had to learn to play together while actually playing the schedule.

Now, for the first time, the Cowboys have unity and team experience which Landry is sure will pay off.

If the Cowboys were to play today, the offense would have Bill Houston, Bob Fry, Jim Ray Smith, Mike Connolly, Dale Mommelaar, Ed Nutting and Lee Folkins in the line—Ed Edwards—Babe—Don Meredith at quarterback, Amos Bullocks at left half (while Don Perkins gradually breaks in after off-season foot surgery).

Amos Marsh at fullback and Frank Clarke at flanker. Defensively the number one men are ends Bob Lilly and George Andrie, tackles Guy Reese and John Meyers (although Clyde Brock thinks to grab one of these positions), linebackers Chuck Howley, Jerry Tubbs and Dave Edwards (with Jordan, Price or Hays expected to push), cornerbacks Don Bishop and Cornell Green and safeties Jerry Norton and Mike Gachter.

In early workouts, Jordan, Price and Sonny Gibbs, the Texas Christian rookie quarterback, were missing because of their participation in the college all-star game.

Several other first year men have looked impressive. Hays, fullback Bill Perkins, safety Ed Turner, offensive tackle Schenke and defensive end Paul Holmes lead the rookie crop at the moment.

The Cowboys open pre-season action Aug. 8 against the Los Angeles Rams in the annual Times Charity Game. Then it is home to Dallas for an Aug. 17 date with the world champion Green Bay Packers.

The Cowboys will then move to Forest Grove, Ore., for a two-week stay and play the Rams again at Portland Aug. 24 and the San Francisco 49ers Aug. 30 at Sakerfield.

The final pre-season test is against the Detroit Lions at New Orleans Sept. 7.

Ball Player Hit By Ball

NEW YORK (AP)—Third baseman Rich Rollins of the Minnesota Twins was reported in satisfactory condition in Lenox Hill Hospital today after being struck in the head by a sharp grounder in the fourth inning of Friday night's game at Yankee Stadium.

Rollins was knocked unconscious by a smash off the bat of Hector Lopez which bounced off his left cheekbone and caromed over to second base on a fly. He suffered nothing more than a superficial injury and is under observation. He was batting .309 before the game.

Rollins suffered a broken jaw last April 7 in an exhibition game at Knoxville, Tenn. He missed only three games as a result.

Don Meredith at quarterback, Amos Bullocks at left half (while Don Perkins gradually breaks in after off-season foot surgery).

Hawaii dropped Tacoma 3-1 while Spokane widened its lead over Division Two with a 5-1 comeback over Portland.

Jay Ward slashed a three-run homer off reliever Jim Coates with one out to give Dallas-Fort Worth its win and pull the Rangers one-half game behind Oklahoma City in the Southern Division.

New Hope For Contenders

By MURRAY ROSE
Associated Press Sports Writer
NEW YORK (AP)—In the reign of King Sonny Liston 1, a heavyweight doesn't necessarily disqualify himself because he can punch.

There is a new hope for contenders Zora Folley and Ernie Terrell, a couple of tall, 200-pounders who meet in the television 10-rounder at Madison Square Garden tonight.

In the days when Floyd Patterson was champion and manager Gus D'Amato had the final voice in his opponents, heavyweight contenders with a wallop rarely got a chance to take pot-shots at Floyd's china chin.

Liston prides himself on his ability to take a punch. Besides, he's a knockout artist. He's won 25 of his 35 fights in a return fight last April 13. This averaged a seventh round knockout loss to Williams the year before.

Terrell, 24, is more likely to become an interesting subject for Liston. The 6-foot-4 former Golden Gloves champion from Chicago beat high-ranked, hard-hitting Cleveland Williams in a return fight last April 13. This averaged a seventh round knockout loss to Williams the year before.

Ernie has won seven straight for a 20-1 record, including 16 knockouts. Being stopped by Williams is nothing to be ashamed of. Williams' record with Liston among the big punchers but he doesn't take it nearly as well as the ring-chinned champion.

Terrell is ranked ninth by Ring and eighth by the WBA.

The bout will be telecast by ABC-TV starting at 10 p.m. EST. Scoring will be by the rounds system.

Milton Jowers Given Honor As Coach

SAN MARCOS (AP)—Milton Jowers, who gave up basketball to coach football, was named coach of the Year Saturday in the Lone Star Conference.

A council composed of sports news directors of the conference schools handed the award to Jowers in a close run-off ballot over Glen Whitt, basketball coach of Howard Payne, and Gil Steinke, football coach of Texas A&I.

The new award will be made by the council hereafter on an annual basis.

Jowers was for three decades one of the nation's leading football coaches. He resigned in 1961 and then was named head football coach. He faced the challenge of building a team from the ground up—the 1960 Southwest Texas State team won only two games.

Jowers changed that in a hurry. His 1961 team was one of the toughest on defense in the league and managed to win four of 10 games. A year later, the 1962 team led the conference until a showdown battle with A&I in the final game of the year. A&I won 20-7 as a breakdown in the Bolcats' already thin punting machine shortened most of the Javalinas' touchdown marches considerably.

Earlier this year Jowers was named to the NAIA Hall of Fame for his contributions to basketball and the coaching profession. He had a record of 266 victories and only one loss in basketball, won six conference titles and one NAIA championship.

Piersall Hopes To Sign With Angels
BOSTON (AP)—Outfielder Jimmy Piersall, released by the nose-diving New York Mets, was expected to sign with the Los Angeles Angels of the American League as a free agent today.

A source close to the Angels said no trouble was anticipated with Piersall over contract terms. The Associated Press learned Friday night that the colorful 35-year-old fly chaser was going to the Angels. But because of the fact the waivers didn't run out on him until noon today neither Piersall nor Los Angeles Manager Bill Rigney was free to announce the move.

Most noted this season for running out his lone home-run backwards, Piersall hit .154 for the Mets and drove in only two runs in more than 40 games.

Football fans today talk about the lack of offense in the twenties. Then, they all say, all games were head-knocking affairs with line smashes the principal weapon and the forward pass used only when a team was 35 points behind with 30 minutes left to play.

Maybe so, but in 1927 Waco High School scored 784 points in 14 games—an average of 55.1. It's doubtful that ever will be equalled even in these touchdown-mad days.

A Pair Of Aces
PRESTONBURG, Ky. (AP)—Let's see you stop that," Joe Burchett told his companion, Arthur Hughes, after sinking a hole-in-one at Jenny Wiley State Park Golf Course.

Hughes slammed his ball off the No. 6 tee and it headed for the flag, 122 yards away. The ball bounced several times then landed in the cup, right atop Burchett's.

Snyder, Texas

THE SNYDER DAILY NEWS

VOL. 14, NO. 76

SNYDER, TEXAS, SUNDAY, JULY 28, 1963

SECTION B

Forty-two Lutheran and Episcopal children have completed an interesting week of study, singing, art work and worship together at the Episcopal Church.

The theme for the kindergarten group, taught by Mrs. Mark McLaughlin and Kay Rannefeld, was God's Wonderful World. Art work included puppets, clay modeling, tempera painting and collages.

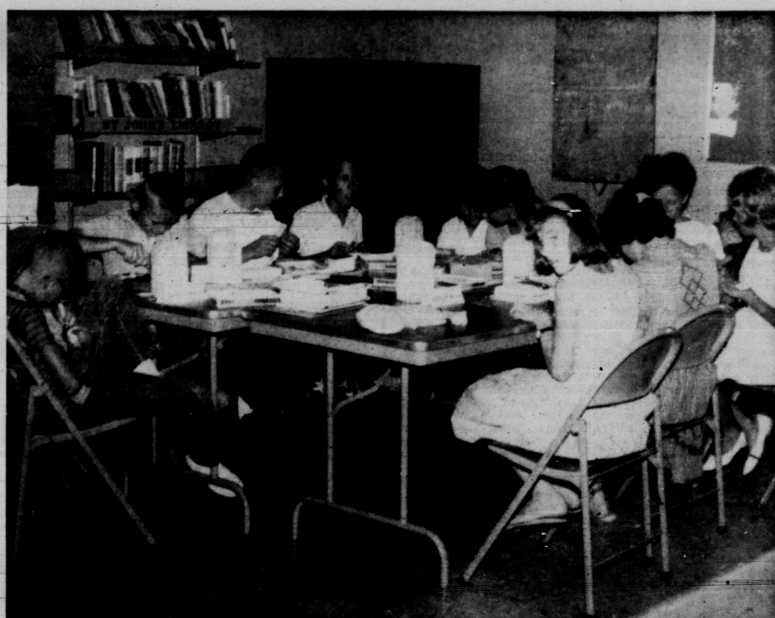

The first and second grade groups, led by Mrs. Roy Darden and Mrs. Tommy Fletcher, studied "God Cares For His World". In art sessions they made spray paint designs, place mats, tempera paintings, clay sculptures and bug constructions.

The third and fourth graders, with Mrs. Bill Line and Jim White, studied "Learning To Trust God"—Moses' Exodus. They carved plaster heads and painted with tempera.

The fifth and sixth grades, assisted by Mrs. Erma Turner, Mrs. Bart Belknap and Bobby White, studied "The Early Church and the Church Today". They carved plaster, made linoleum prints, and developed a choral reading.

A song session and chapel service were held each day. Diane Hargrove was organist. Layreaders for chapel services were Mark McLaughlin, Bob McAllister, Charles McCaleb and Bob Patterson. Alan Phillips was acolyte.

Refreshments were served by the ladies of the two churches. Mrs. David Adams was director of the school.

Women Best Organizers?

BY JOY MILLER

AP Women's Editor
NEW YORK — Lynn Pressman figured her five-strand pearl necklace, smiled sweetly at the man executive beside her and said to an interviewer:

"I think women in business are better organized than men and don't get excited as men do."
"Yet men in business are so condescending. When they flatter me I just want to do this," she clenched her fist and made a jabbing motion. "I don't say to a man 'My, you look beautiful today.' Why should they do it to me?"

She Speaks Her Mind
The pressman's remarks gave an embarrassed little laugh but said nothing. After all, Mrs. Pressman heads a multi-million dollar toy concern. But she turned to him kindly.

"Frankly, I like to work with men better; they're less petty than women."

Loyalty to her own sex made her add: "Of course, when women are jealous, it's because they're unhappy within themselves."
This outspoken president has worked for what she's got — and she'd like to be respected for it.

"I don't understand the girls today who do their day's work and that's the end of it. I always wanted to get ahead, not just for the money, but because I love to work."

Used To Feel Fat
She was born a farmer's daughter in Jamaica, N. Y., youngest of seven children.
"I was never very popular in school," she recalled. "I guess I had an inferiority complex. I always felt fat and pudgy. I felt sorry for myself."

Has Three Children
Later she went into advertising, then became a buyer of children's clothes. Finally married J. P. Pressman, head of a toy corporation and quite a few years older than she. For some years she was content to be a wife and the mother of three children. Ann, now 25 and married with two children of her own; Edward, 19, now at Tufts College; Jimmy, 13.

But about 18 years ago her husband said he wasn't getting along with his partner. He was thinking of retiring. Money wasn't everything, he told her.

"I said to him 'Let me be your partner.' He did. I brought dresses down and lived in the office seven days a week, working until 4 a.m. every morning."

"It was youth and faith — and stupidity. Today I wouldn't do that. Here was, taking this man's fortune and gambling with it. He loved me so much."

She Loves Two Men
She smiled wistfully at this point. "I'm also a romantic. Life without love is nothing."
When her husband died about seven years ago she took over complete control. "I keep a finger on every little operation."

Later She Married Dr. Matty Gray, a good friend of Pressman's. She still wears her first husband's ring and uses his name for business.

"You can love two people at the same time, and you certainly keep on loving someone after he's dead."

Active in Charity
She said she married tidy, rather precise men and "I don't know how they put up with me. I may be meticulous about business, but I'm not personally. If the kids put their feet up on a chair, it doesn't bother me. A home's to be lived in."

She likes to help children less fortunate than her own and as honorary vice president for life of the Child Care Women's League she works actively with the charity.

She likes clothes too. "I buy good clothes and wear them a long time. And I'd rather pay \$39 for a dress and \$100 for a hat than the other way around. A spectacular hat — and I admit I go in for them — can combine with a less distinguished dress to make you look wonderful. No dress can do that well by a so-so hat."

CRISP OATMEAL WAFERS

1 cup sifted all-purpose flour
2 tsp. baking powder
1/4 tsp. salt
1 1/2 cups rolled oats
1/2 cup granulated sugar
1/2 cup melted shortening, cooled
1 egg, beaten
1 tsp. milk
1/2 tsp. vanilla flavoring

Heat oven to 400 degrees. Sift together first 3 ingredients. Combine oats and sugar; stir in shortening and eggs. Add flour mixture alternately with combined milk and vanilla. Drop by rounded teaspoonfuls, 2" apart, on greased cookie sheet. Flatten to 1/4" thickness with spatula, wet in water. Bake in hot oven 400 degrees for 10 minutes. Remove from sheet at once; cool on rack. Makes 30 cookies.

ART WORKSHOP—The Snyder Palette Club ended a week-long workshop Friday at the studio of Mrs. Rosalie McGlaun, 1200 Twenty-fifth Street. Mrs. R. E. Pollard, from the art department of Lubbock Christian College was the instructor. Pictured above at left is Mrs. C. A. Ragan of Sweetwater who attended the workshop and Mrs. Pollard.

PECAN PIE comes a new way, with a cookie rather than a pastry base. This latest variation is just as delicious as the old.

Variation On Famous Pecan Pie

BY CECILY BROWNSTONE

Associated Press Food Editor
ALTHOUGH MANY a gardener seems to be torn with a green thumb, many a cook acquires a pastry thumb by observing experts at work and by practicing.

If you are still in the pastry-practice class but would enjoy serving Pecan Pie, one of America's most famous desserts, you'll be interested in this newly evolved recipe. Here is all the sweet devastation of the traditional pecan-pie filling, but the crust is a cookie-type base that any novice can produce.

You bake this Pecan Cookie Pie—just as you do bar cookies—in a rectangular or square pan. Then you cut it in bars or squares, top it with vanilla ice cream or unsweetened whipped cream, and offer it to your dessert-loving family and friends.

After our tasting of this dessert, we wrapped the remainder appropriately and stored it in the freezer for about a week. When we tasted it after this "freezing," the dessert was still delicious. Should you decide to put half of this pecan sweet in your freezer, just one caution. Take the dessert out of the freezer in plenty of time before serving so it can come to room temperature or the cookie base won't be at its best.

PECAN COOKIE-PIE

2 cups sifted flour
1 teaspoon baking powder
2 1/2 cups dark brown sugar (firmly packed)
1/2 cup butter or margarine
1 1/2 cups flour
4 eggs
1 1/2 cups dark corn syrup
1 teaspoon salt
2 teaspoons vanilla

1/2 cup coarsely chopped pecans
Sift together the 2 cups flour and baking powder into a mixing bowl. Stir in the 2 1/2 cups brown sugar. Cut in butter with a pastry blender until mixture is well blended. It will seem dry. Pat evenly into bottom of well greased baking pan (11 by 7 by 1 1/2 inches or 9 by 9 by 2 inches). Bake in a moderate (350 degrees) oven for 15 minutes.

Meanwhile mix together the 1/2 cup brown sugar and the 1 1/2 cups flour. Beat eggs just until yolks and whites are combined; add corn syrup, sugar-flour mixture, salt and vanilla; mix well. Pour over the partly baked mixture and sprinkle with the pecans. Return to the moderate (350 degrees) oven and bake for 40 to 45 minutes. Cut into bars or squares while still warm; when cool, remove with spatula and serve topped with vanilla ice cream or unsweetened whipped cream.

ALL ABOUT BABIES

A Public Service of the
National Baby Care Council

Keeping Your Toddler Safe
By Phil Dykstra

Director of Home Safety
National Safety Council

We still do not know how to prevent many of the diseases of childhood. But we do know how to prevent most of the accidents in which a baby may become involved. And accidents cause more deaths and more serious damage among babies than any single disease.

In this column, we will describe what you can do to keep your baby safe when he reaches the adventurous age of the toddler, the age from one to two.

It is at this age that baby likes to roam all over the house. He begins to touch, feel and investigate. He likes to climb to unbelievable heights and poke and probe into anything and everything. He opens doors and drawers. He takes things apart. He likes to play in water.

have much confidence that baby is learning to be safe. The job of teaching safety, of course, is never-ending. To teach safety to a child, start with some simple lessons at the occasions arise — to avoid a hot stove, for example. You should go about the job gradually and consistently.

Here are precautions to take to keep your toddler safe:
Prevent Tumbling — Use safety gates on porches and tops of stairs. Window guards and securely fastened screens are a must. Doors — those that lead to basement steps, driveways and danger areas should be locked. Install child safety locks on automobile doors. Keep all poisons under lock and key.

Light Fixtures — Open or unused light sockets should be covered. Garden Pools — Cover or fence any open pool.

Bath Tube — Baby should not be left in the tub alone, even for a split second. He may turn on hot water or slip and fall.

Diapers — They should be chemically clean, fit snugly and be securely pinned. Check safety pins and discard those that do not close properly.

Safe Play — At this age, baby's favorite place to play is the kitchen. Turn pot handles away so baby can't grab them. Keep matches, knives and other unsafe articles out of his reach.

Toys — Avoid those with small removable parts.

RECEIVES HONOR—Mrs. Lucy Dennis is pictured above as she receives the crown of "ABWA Woman of the Year" from Mrs. Kathleen Glover. Mrs. Glover was the 1962 honoree. The American Business Women's Association held their ceremonies and regular dinner meeting at the Martha Ann Woman's Club Thursday evening at 7 o'clock.

Big Word In Folk Is Called Hootenanny

BY MARY CAMPBELL

AP Newsfeatures Writer
A HOOTENANNY, according to the dictionary, is an informal party, usually featuring folk dancing and group singing.

A hootenanny, say the folk singers, is a group of folk folks coming together for a vocal jam session. A hoot can be at an outdoor music festival, a tiny coffee house or on network TV.
And, with an LP titled "Hootenanny" put out by Crestview, it can be on record.

The 12 artists who perform weren't gathered together for a give and take and group singing. They each sing one song.

So maybe it isn't a regulation hootenanny, but why quibble about words when you have an album with 12 hands, every one of them good.

The Lincolnton sing and the Travelers 3, the Dillards for bluegrass. Bud and Travis sing "La Bamba," a lively folk song from Veracruz, and Theodore Bikel, the moving "Rising on the Moon," from the Irish Rebellion. There's Judy Collins, and Josh White doing "John Henry."

Bob Gibson is backed by the Gospel Pearls: Judy Henske's strong voice intones the spiritual, "Wade in the Water." Miss Henske, who proved with her recent first LP that she also can be hilarious, is scheduled to display her talent on the first of Judy Garland's weekly TV shows this fall.

Oscar Brand, whose latest of some 50 LPs is "Songs For Golfers," and Will Bolt sing funny songs. Ed McCurdy sings "Josie," a version of the Frankie and Johnny story. "He was, her man but he wouldn't come home."

How long has it been since the first Herman "herd" asked Caldonia about the firmness of her cranium? Answer: nearly 20 years. On a new Philips release, "Encore, Woody Herman," a big 7 minute 40 second arrangement of "Caldonia" features the current Herman herd in an updated, biting, driving version of the two-decade standby. Perhaps the '63 group doesn't have the sharply honed perception of some of the earlier groups but certainly the old excitement is here.

Another band on this album, Antonio Rose, "I Love You So," which was recorded live during a "Much It Hurts Me," etc.

Hollywood engagement is "Betty Get It In Your Soul" by bassist-composer Charlie Mingus. It's a free swinging showcase for several of the herd's young jazzmen and includes a hollering Herman on top of the full brass section.

A lush rendition of "Body and Soul" features Woody's also. One we could have done without is "Days of Wine and Roses," an arrangement that sounds like a sign-off at a senior prom, quite out of place in this otherwise magnificent album.

Decca's newest release is "The Patsy Cline Story," a two-record package in memory of the Grand Ole Opry star who was killed in a plane crash in March.

Four pages of pictures and biography are included. Patsy, who was 30, had been recording for Decca only since 1960 so this isn't the story of a development of style from her early years. It is instead a collection of songs her fans liked on the Opry and bought on record — "Heartaches," "San Antonio Rose," "I Love You So," which was recorded live during a "Much It Hurts Me," etc.

TEA—The above ladies comprised the receiving net at a double gift tea Thursday evening in Colorado City. From left, Mrs. A. M. Holman of Colorado City, mother of the two bride-elects, Miss Barbara Holman,

Mrs. A. D. Kimbrell, mother of Mr. McMillan, Miss Annette Holman, Mrs. H. L. Martin, mother of Mr. George Martin, and Mrs. Bill Hertel of Sagerton, sister of Mr. Martin.

Camera Angles

BY IRVING DESFOR
AP Newsfeatures

In effort is now under way to pululate more movie making by ngsters. Till now there have in many photo contests in all as of still picture shooting ich were aimed at our youth-camera fans. Now we have first national competition for vies made by only young peo-

the movies can be fun or nm. They can be color or black 1 white. They may be with ind or silent. It can be the rk on one person or of a group youngsters working together, y subject matter is acceptable the final film, after editing, st be only one reel in length. he contest has two age class- ions: 1. Movies made by boys girls from 12 to 15 years of 2. Those made by teens from 16 to 19, inclusive. Winning films receive cash awards and may sent overseas to represent this ntly in international film festi- ls or may be shown at other nts.

The entries will be judged on guality of subject matter or ization, and how well it is ric, out photographically. The test is sponsored by Kodak cooperation with the University n. Producers Association and VE, the Committee on Inter- onal Non-Theatrical Events. ical entry forms can be ob- ned from Kodak, Rochester 4, Y, and the deadline is Sept.

his makes a fine project for uthful movie camera fans to rk on this summer. There must many interesting or unusal s, hobbies or activities that ngsters get involved in when regular school sessions cease. routine movie of normal ac- ies is not likely to win any ards. But an exciting adventure, off-beat trip, strange customs costumes offer possibilities. beware the deadly sin of home vies: unsteady and too much nting. Be rock firm in holding

the camera or get a tripod for absolute steadiness. Vary your camera angles and shooting distances to inject visual variety in films. And come in for close-ups. They are dramatic, powerful and there are never enough of them in the average home movie.

Change of pace is another thing to keep in mind in shooting or in the final editing. Average scenes in a movie might run about 10 seconds each. But if all scenes were 10 seconds apiece, the overall tempo, or pace of the movie would be monotonous. Some scenes can be made short and staccato by cutting them to about five seconds each. Others may go to 15 seconds or more, as long as something interesting is taking place.

The final phase of any film is in the editing. Toss out any faulty footage and rearrange the scenes, if necessary, to make a better story.

WOMEN'S CALENDAR

MONDAY

Towle Park Duplicate Bridge. 1:30 p.m. at 2404 Forty-second Street. Open to players with less than 5 masterpoints.

TUESDAY

Ladies Golf Association meets at Country Club. 10-hole tee-off. 8:30 a.m. nine-hole tee-off at 9 a.m.

WEDNESDAY

Annual 4-H Dress Revue at Lamar Junior High School. Snyder Duplicate Club, 1:30 p.m. at 3702 Rose Circle. Open.

The Episcopal Church Women will hold a bake sale at Picky Wiggly from 9 to 11 a.m.

FRIDAY

Duplicate Bridge at Country Club. 9:30 a.m. Open.

YE CATCHING PHOTO by a youthful camera fan,raig Chihlar, 18, of Seven Hills, Ohio, shows imagination,umor and photographic skill. It won an award in a pre-vious High School Photo contest. The same ingenuity i story making movies can now be directed towards a ational movie contest for youngsters.

Tea Compliments Holman Sisters At CC

Miss Barbara Holman of Snyder, bridgelect of Kemp McMillan of McAllen, and Annette Holman of Snyder, bride-elect of Mr. George Martin of Rule, were honored at a gift tea on Thursday evening in the fellowship hall of the First Methodist Church, Colorado City.

The honorees are the daughters of Mr. and Mrs. A. M. Holman of Colorado City. Mr. McMillan is the son of Mrs. A. D. Kimbrell of Hermleigh and Mr. Martin is the son of Mr. and Mrs. H. L. Martin of Rule.

Mrs. Mike McKinney registered guests and Miss Carolyn Morris presented background music on the organ.

The refreshment table was centered with an arrangement of pastel flowers, carrying out the sisters color themes of pink and white and yellow and white. Silver and crystal were used in appointments.

Showing gifts and assisting in hostess duties were: Mmes. J. C. Cook, R. B. Long, Jack Long, W. A. Ennis, Fred Warner, Wilfred Fox, O. A. Scarborough, Arnel Smith, Leonard Morris, W. P. Jarman and Warren Costin.

Miss Annette Holman and Mr. Martin will exchange vows on Aug. 9, and Miss Barbara Holman and Mr. McMillan will exchange vows on Aug. 24.

Stamp collectors throughout the world will have a new addition to their Australian Dependencies. The Territory of Cocos (Keeling Islands) will be issuing a series of postage stamps and thus bring the Cocos group in line with other Australian territories. Previously Australian stamps were in use for these islands.

The 3 pence brown - purple shows natives at work in the Copra Industries. The 5 pence blue depicts a Super Constellation Airplane. The 8 pence red features a map of the islands. The 1 shilling green shows Coco Palms. The 2 pence purple pictures a native sailboat called a "Dulong". The 2 shilling 3 pence green features the White Tern, a beautiful bird of the islands.

Several new albums recently placed on the market have been proving so popular that many have sold out and second printings have been necessitated. This was recently noted in the U. S. Specialized Catalog of First Day Covers by the Washington Press. The H. E. Harris loose-leaf Standard World Stamp Album has been selling in great quantities even though it sells for \$11.95. The fact that it has places for 50,000 of the world's stamps (those which collectors are most likely to acquire) and has 30,000 identifying illustrations, has been a big selling point. This album can be obtained directly from the company by writing H. E. Harris and Company, Box A, Boston, Mass.

The Republic of Senegal recently was the site of the fourth Biennial Friendship Games in which 2500 athletes from 25 countries in Africa and the Middle East participated. A colorful set of six stamps honoring the occasion was issued. The 15 franc featured diving, 20 francs high jumping, 25 franc - football, 30 franc - basketball, 35 franc - track, and 10 franc - boxing.

Amelia Earhart, who will be honored with an 8 cent U.S. commemorative stamp on July 24th, was such a beloved individual that it was difficult to pick a first day site. Atchison, Kan., received the honors because that is where Miss Earhart was born 65 years ago. However, Boston, New York City, Philadelphia, Los Angeles, and Miami also were closely connected to her career and might well have been appropriate sites for first day honors. Even Toronto has a claim since she was a nurse's aid there during World War I.

One hundred and twenty-eight million people (72 per cent of the total U. S. population) are now covered by health insurance.

NOTICE PRESIDENTS

It is almost the time of year when clubs will convene their new year.

Various activities during the fiscal club year calls for information from each club, so as soon as your club year books are finished it would greatly benefit the society department of the Snyder Daily News to receive one.

I would also like to request the names of all Federated Club presidents be called or mailed in as soon as possible, along with their addresses and phone numbers.

Tragedy Of 20th Century

THE ODYSSEY OF KOSTAS VOLAKIS. By Harry Mark Petrakis.

Volakis came to the Greek American colony in Chicago in 1919, an illiterate immigrant whose first job - 18 hours a day - was a dishwasher.

This is the story not only of Volakis, who became a restaurant proprietor, but of his family as well. Though much of it is told in humor-vein, it is basically a tragedy.

There were three sons and two daughters, and eventually grandchildren, but the family had to endure great sorrows because of the fatal flaw in Volakis' character. He loved his firstborn, Aeneas, too much.

He worshipped the boy. And when sudden illness killed Aeneas, the father turned against the newly arriving second son, Alex. Eventually there grew a hatred between the unloved son and the father, and out of this hatred came further tragedy.

But the story is not grim. Most of it is a lively and warm - hearted account of daily life in the Greek - American neighborhood, with some interesting people weaving their way into the family's life. Two of the most engaging are a priest and a cynical but kind physician.

The author has a good ear for colorful dialogue and manages to depict his characters in highly individual terms. He has made Volakis' life journey come around in the end, like an ancient Greek tragedy, to a purge of the old man's sin.

The questions people ask are sometimes more revealing than the answers they give to questions asked of them.

Those questions also can be surprising. Example: one of the most frequent queries directed at this department concerns the why's and wherefores of changing a washer to stop a faucet leak.

Another involves the savings in painting the outside of my house. The high or low cost. Questions about painting are so high on the list of favorites.

But month after month, year after year, it's money that appears to give readers the most concern. Which is only to be expected. If we all had limitless funds at our disposal, things like mortgages and the costs of remodeling and repainting would be the least of our worries - and questions about them would be unnecessary.

Three recent separate seminars on home ownership also found potential home buyers asking more questions about financing than any other phase of ownership. The most frequent questions indicated a misunderstanding of what are generally called Federal Housing Administration loans. Actually, they aren't FHA loans, at all, but FHA-insured loans. The government does not issue the mortgage. It merely guarantees the lending institution that it will not lose any money if you, the borrower, should default.

The advantages and disadvantages of a small down payment also produced many questions. The situation here is similar to any purchase made on the installment plan. The smaller the down payment, the more money the purchaser eventually pays. A small down payment, however, permits many families to buy homes when they otherwise might have to wait many years to do so. This is the basic difference, but by no means all. There are several other factors which must be taken into consideration, including the length of the mortgage agreement.

Probably the most important advice that can be given to the prospective home purchaser is to

shop around for a suitable mortgage the same as you would shop around for a suitable automobile.

There are different types of mortgages, different interest rates and different terms. Selecting the right one can result in a considerable financial saving over the years.

QUESTION: I'm thinking about using exterior latex paint for painting the outside of my house. Is it better than regular wood-shingled house. I've never used

STOP THE PRESSES!

Apparently Quiet Cyprus Could Have Bloody Eruption

NICOSIA, Cyprus (AP)—Stunningly, this island republic appears to be just another tourist stopover in the eastern Mediterranean.

This is only a mask hiding festering that could erupt into bloody fighting between the island's squabbling Greek and Turkish people.

"We hope for the best but fear the worst unless this issue is resolved," was the way one Cypriot put it.

The trouble was sparked nearly seven months ago when the Greek-dominated Council of Ministers failed to agree on how the island's five largest towns should be governed. The Turks favor separate Greek and Turkish councils for each town as provided under the constitution. The Greeks claim this is unrealistic and costly. They want mixed Greek-Turkish boards to administer municipal affairs.

"The Greeks seem to have logic on their side," said one Western diplomat. "But the Turks have the law."

The island's highest court has failed to find a solution and tension between the two communities is increasing. Isolated violence has broken out, but cool-

heads on both sides have prevented it spreading.

Terror is no stranger to Cyprus. The 380,000 islanders are 80 per cent Greek. In 1960 they threw off British colonial rule that had lasted 82 years. It took four long years of bloodshed and 600 lives.

At the end, Greek and Turkish were battling each other. The Greek Cypriot battle cry of "Enosis"—union with Greece—embittered the island Turks, who still claim the Greeks want to join the ancestral homeland.

But Enosis hopes were cooled, if not killed, when in 1959 Archbishop Makarios, now president of Cyprus, signed the London-Zurich agreements. Greece, Turkey and Britain also signed as interested parties.

The agreements ruled that Cyprus could never join another state. Minority rights of Turks were guaranteed.

Makarios, in contrast to Turkish leaders here, is optimistic about Cyprus' future. He sees the island progressing economically along a path of tourism, agriculture and light industry.

The fledgling republic has received much foreign assistance, considering its size. In all, the island has received nearly \$80 million in grants, technical as-

sistance and loans from friendly countries, the United Nations and the World Bank and Council of Europe. The United States has offered more than \$12 million in aid.

Cyprus' main exports are minerals and farm products, but islanders still import more than they send out. The imbalance of trade amounted to about \$24 million last year.

Also propping the Cypriot economy are the big British Army and Air Force bases on the island. The cry once heard throughout the island, "Tommy Go Home" is sounded no more.

Firm Will March On Washington

NEW YORK (AP)—A mattress workers' union has voted to try and change a paid holiday from Columbus Day to Aug. 23 so its members can join the civil rights march to Washington.

The unanimous vote of several hundred members, about half of them white, was taken at a meeting of Local 140, Bedding, Curtain and Drapery Workers Union, AFL-CIO, Thursday.

Alex Sirota, local president, said the contract change would require the consent of employers. He acknowledged the move would cost the employers a day's work since Columbus Day falls on a Saturday, a regular off day. He offered to make up the time if employers request it.

Sirota said the contract change would allow the 2,000 local members to take part in the march without losing a day's pay.

East Germany Swanky Hotel Almost Built

By PETER KEZAK
EISENHUTTENSTADT, East Germany (AP)—They've nearly completed the Hotel Lunik on the Street of the Republic.

When it is finished, the standard tour for foreign visitors of this showcase of Communist East Germany will, probably include an overnight stay.

The Communist regime is proud of this city, whose name means "City of the Iron Works." Its inhabitants work for the country's largest raw iron producing plant and their families.

Officials beamingly refer to it as "Germany's first socialist city."

Three-quarters of Eisenhuttenstadt (pop. 35,000) was built from scratch as the model of a Communist community. The rest used to be the town of Fuerstenberg (pop. 8,000).

"There is no private enterprise in the new town," an official said proudly. "Some traces of the capitalist system remain in the old section but they are disappearing."

This Communist dream city looks much like housing developments one finds in Western Europe.

The first stop for visitors is the City Hall. Here, city architect Herbert Haertel is ready to lecture.

"As you know, Germany's heavy industry is concentrated in the Ruhr in West Germany. Therefore, the third Congress of the Socialist Unity Party (Communist) decided to build an iron works and a city here to give the German Democratic Republic a basis for heavy industry."

"Our coke comes from Poland and our ore from the Soviet Union," he adds.

Rents, Haertel says, average 10 per cent of the average worker's salary, which is about 500 marks (\$125 at the official exchange rate) per month.

He does not mention that the city originally was called Stalinstadt when it was started in 1950. The name was changed in 1961.

State-owned food stores are modelled on Western supermarkets. Some items are restricted. Only residents registered with the store are allowed to buy meat there.

Some items, like cigarettes, are more expensive than in the West. A package of 25 Balkan cigarettes cost 1 mark (\$1.50).

"We know we're still behind the West in many things," one official says, "but our people here are convinced our system is better. They, as workers, are assured of a just share in the profits."

Little Red Schoolhouse Lives On

COEYMANS HOLLOW, N.Y. (AP)—The little red schoolhouse must be saved.

That's the view of a group of residents in this hamlet, which is part of a school district near Albany that has built three new schools.

The group plans to buy the 64-year-old one-room school and turn it into a museum. Among the leaders is a man whose father, grandfather and great grandfather attended the school.

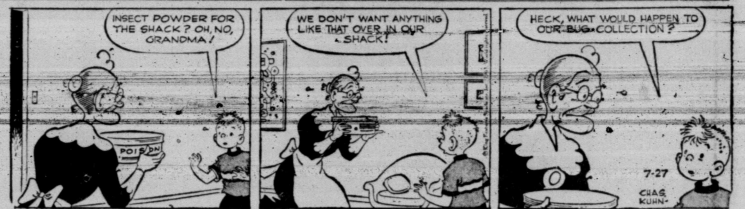

Until the income tax was imposed 50 years ago, customs duties accounted for more than half the federal revenue.

Weather scientists say that at any given moment some 1,800 thunderstorms are occurring somewhere in the world.

Junior Editors Quiz on ENGINES

QUESTION: How is the diesel different from the gasoline engine?

ANSWER: In our drawing of the gasoline engine you will notice a spark plug in the top. The electric spark coming from this, inside the cylinder, ignites the gasoline vapor and pushes down the piston, making the engine run. But by 1897 a German engineer, Rudolph Diesel, had invented a simple, economical internal combustion engine which did not use electricity. Our diagram with the black background shows how this kind of engine works.

In position (1), the piston is moving down inside the cylinder. The valve at upper right is open, allowing air to fill cylinder. In (2), the piston is moving up. Meanwhile the valve has closed—so that the air is being compressed. When confined air is suddenly squeezed, it becomes very hot. In (3), fuel is sprayed in from the side. The very hot compressed air ignites it and there is an explosion which forces the piston down; this is called the "power stroke." In (4), burned gases are being forced out.

FOR YOU TO DO: See how many tractors or heavy units of road machinery you can count in the course of an automobile ride. These will probably have diesel engines, because diesels burn fuel oil which is cheaper than gasoline, and perform better in large sizes than do gasoline engines.

(Robert Steinbacher of Salona, Pa., wins today's grand prize of a 20 volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Wellborn Motors Offers Dodges

Wellborn Motor Company, located on the Big Spring Highway, near the entrance to Cogdell Memorial Hospital is the only new car agency on the Big Spring Highway. H. P. Wellborn, owner, handles Dodge products, the dependable, automobiles, trucks and pickups, as well as J. I. Case tractors.

If you're looking for a vehicle, regardless of whether it's a used car, new car or a tractor, it would pay to stop at Wellborn's. As a new feature, Wellborn's has a "beat in price" by anyone who has used car selection usually runs from nine to around 20, and about any make of car can be found on his lot.

Another feature of Wellborn's firm that can't be overlooked is his complete service department and Mo-Par parts department. All equipment is modern and up-to-date and the shop is equipped to do any job that you desire. In John Abernathy, Wellborn has one of the finest mechanics in this area. H. P. stresses, "Our work is reasonably priced and it's all guaranteed. I give my personal guarantee on this."

H. P. invites everyone who is interested in a car, whether new or used to visit him. He says,

Discount Given By L & L Gas Co.

This is the slogan of L & L Gas Co., located on the Big Spring Highway. L & L Gas Co. is a well established discount Gasoline Company with stations located in Snyder, Lubbock, Abilene, and Amarillo.

They are able to sell gasoline at lower prices and still give you good quality gasoline by eliminating the middle man. This is done by direct refinery buying and doing their own hauling.

The station here is operated by Bill Taylor and he is assisted by Cecil Stephens. Bill is originally from Abilene, but has been in Snyder almost a year. He has been with the L & L Gas Co. for the past five years and is a firm believer in their company slogan.

In the spring a female monarch butterfly lays as many as 400 jade green eggs on the underside of milkweed leaves. An astronaut's aluminized nylon rubber space suit weighs about 20 pounds and consists of more than 7,000 parts.

BETTER LIVING—Located in the Cogdell Center on the Big Spring Highway is a store which furnishes area shoppers with a variety of merchandise, gift items, ap-

pliances, a complete hardware department, fishing tackle, appliances and many other home and farm needs.

Variety Of Merchandise At Whitfields

Whitfield's 5 & 10, located in the Highland Shopping Center in the 4000 block of the Big Spring Highway, is owned and operated by Mr. and Mrs. Carl Whitfield. The Whitfields have been residents of Snyder for over 22 years and opened the variety store in September, 1955.

Whitfield's 5 & 10 are constantly adding new merchandise especially in their soft goods and notions lines. New materials are constantly arriving at the store. To complete the department a wide variety of notions such as thread, dye, patterns, buttons and trim are featured.

Clothing for the young folks is also popular at Whitfield's. Lee Riders in Tan or the regular jean color in sizes six through 16 are the choice of knowing mothers. Buster Brown knitwear from Whitfield's for the younger set features many wanted lines such as socks and sweaters.

A complete toy department and a lamp shade department are also features of the store. There are 24 separate departments at Whitfield's. Goldfish and aquarium supplies are to be found in one of these departments.

One of the most popular features of the store is the spacious and convenient parking with no time limit, and shoppers are welcome to browse around at their leisure.

Bill Early Has Growing Concern

A growing concern in the Big Spring Highway shopping area is Early's Grocery and Market which was opened for business in April, 1962.

The store, owned and operated by J. W. "Bill" Early, has doubled the floor space of the original store in order to carry a larger variety of foods and to serve its customers better.

Two butchers, Early and Neal Thompson, are on duty in the market and are ready to serve the customer with any cut of meat desired. U.S.D.A. Choice Beef is featured in the market. The firm also has a complete line of staple groceries and fresh vegetables at all times.

The store also features real pit cooked barbecue in a choice of beef, pork or chicken which is available over the counter. They will also do custom barbecuing for large gatherings.

Early is a native of Snyder and has had many years experience in serving the Snyder public. He operates the store seven days a week from 7 a.m. to 9 p.m. for the convenience of the customer.

Get Finer Things At Better Living

Better Living, as the name implies, is designed to do just that—provide the homemaker with the finer things in life—whether it be through the gift route, or through the simple availability of the wares which contribute to gracious living for the homemaker's discriminating selection.

The firm is now in its third year of operation and is still growing significantly.

Art Dress Shop Handy

One of the leading ladies fashion shops in Snyder is Art Dress Shop, which is conveniently located in the Snyder shopping center on the Big Spring Highway.

The shop is owned and operated by Mr. Homer Bishop and Mrs. B. J. Weaver. Mrs. W. W. Carey aids them in the selling department with her friendly help and attention to customers.

The shop was established in 1959, over four years ago, and has evolved into one of Snyder's leading fashion centers. It offers a complete selection of ready to wear, foundation garments, and accessories in the medium priced, yet high quality merchandise.

This medium price range and high quality has enabled the firm to continuously expand their stock and add new lines of well known manufacturers.

Art dress shop is continuously striving to bring you the finest nationally advertised brands in every department of ladies wear so that you may be familiar with the quality of the merchandise you buy.

Mr. Bishop, Mrs. Weaver, and Mrs. Carey wish to express their appreciation to their customers for their patronage throughout the years. They pledge to do their utmost to serve you in their most prompt, courteous and efficient way in the future.

Construction Shows Increase In 1962

AUSTIN (AP)—Construction in Texas during the first half increased 2 per cent over 1962. The University of Texas Bureau of Business Research said Saturday.

About 88 per cent of the \$213.1 million in valuations during the first half were permits for new construction, the bureau said.

The rest, or \$90.1 million, were for additions, alterations and repairs.

The Dallas, Houston and Fort Worth areas accounted for half of the units and value of one-family homes and more than 50 per cent of the units and value in metropolitan areas, the bureau said.

Fill All Your Prescriptions At Burgess

Burgess Pharmacy, located at Fortieth Street and the Big Spring Highway, has offered a complete prescription pharmacy service to the people of Snyder for the past six-and-one-half years.

Much personal care and attention go into each prescription filled by Rayburn and Roy Burgess, both registered pharmacists.

Although Burgess Pharmacy specializes in prescriptions, they also carry a complete line of vitamins and general sick room needs. In addition to the professional pharmacy service offered by the Burgess Brothers, the store has a full line of baby needs, complete cosmetics and photography departments.

The drive-in window on the north side of the building permits pickup of prescription and shopping for most items from the car.

Roy and Rayburn Burgess have been licensed pharmacists for 26 and 14 years, respectively. For your prescription needs, see Burgess Pharmacy on the Big Spring Highway.

HOME FURNISHINGS—Appliances, furniture, sporting goods, television, stereo, yard and garden needs are all featured at Roe's Furniture and Appliance which is one of Snyder's most modern stores. The store is located in the Highland Shopping Center on the Big Spring Highway.

963 Records May Cause Problems

By MAX B. SKELTON
HOUSTON (AP)—Some records of domestic oil industry set the first half of 1963 may cause problems later in the year.
Crude production and refinery operations reached record levels in the first half of the year, and output exceeded demands.
A warning of trouble was sounded this week by L. F. McCollum, chairman of the American Petroleum Institute.
McCollum said production and refinery operations increased 32 million barrels in the April-June period. Products demand the second quarter was only 2 percent above the year earlier period compared to a 4.2 percent gain recorded during the January-March first quarter.
"The operations of many oil companies were not adjusted for a lower growth rate and seasonal decline in demand in the second quarter," said McCollum, president of Continental Oil Co. "Refinery runs dropped only 8,000 barrels a day compared to a 1,800,000 a day decline in domestic demand."
McCollum said the 1963 growth demand is expected to continue through the third quarter but that further action will be needed if a current oversupply problem is to be overcome.
"Individual companies need to balance their production of crude oil and refined products more closely with demand than was the case in the second quarter," he said.

Won't Learn Sinhalese Language

COLOMBO, Ceylon (AP)—About 100 persons are refusing from government jobs in Ceylon rather than learn the Sinhalese language, official sources report.
Since the British granted independence to this island in 1948, the government has been conducting mainly in English. But under political pressure from the Sinhalese-speaking rural majority, laws were made to switch to Sinhalese.
The prime minister, Mrs. Sirimavo Bandaranaike, recently died against extending a deadline for complete conversion to Sinhalese in government work by June 1.
Many officials come from the Tamil-speaking minority and their refusal to learn Sinhalese have been unable to do so, they are choosing early retirement rather than try to abandon English in their official work.

Roe's Big Store Is Growing With Area

It was just a little over three years ago that Roe's Furniture and Appliance made their move to the Big Spring Highway. A veteran of many years as a Snyder business firm, the move to the Highland Shopping Center was a natural as the company continued to expand.
Roe's provided a more convenient location and more adequate parking with its move to the shopping center, and now has the equivalent of two major stores at a single location.
One of the newest lines added to the stock at Roe's is the paint department. Every paint need can be filled by one of the products in the Sterling Paint line handled by the store.
Mr. and Mrs. M. H. Roe, owners of the firm, have been in the appliance business here for more than 20 years. Their move to the Highland Shopping Center was their third major expansion. The store is open from 8 a.m. to 6 p.m. on weekdays.
Roe's features full coverage on Philco and General Electric lines of larger appliances, including electric ranges, washers, dryers, freezers, refrigerators and refrigerated air conditioners.
Included in the quality lines of furniture are such brands as Tell City Maple, Stanley, Hooker, Valentine, Seaver, Berkline, Sealy mattresses and sleepers, Lazy Boy chairs, and Nova table and floor lamps.
Roe's reminds Snyder citizens that FM radio reception is now available in our area through the SCAT cable. They suggest that SCAT customers call SCAT for a low-cost FM hookup, and then call on Roe's for the finest in FM radios. They are stocking more table model FM radios, and of course, most console stereo sets have FM tuners built-in.
Zenith television is featured at Roe's, and a large assortment of small radios, including transistor models and clock radios are kept on hand at all times.
The transistor radios and stereophonic record players are two of the most popular items to be found at Roe's, and a wide choice is always to be found there.
In the small appliance line, famous names such as Presto, GE, Sunbeam, and Farberware stainless steel are featured by the firm. Juvenile wheel goods and a full line of garden tools and equipment, including Exello and Jacobsen power mowers and edgers, are specialties.

Retail Sales Up In 1962

AUSTIN (AP)—Retail sales during the first half of this year are 2 percent larger than in 1962, the Bureau of Business Research at the University of Texas said Saturday.
Total sales were \$5.9 billion, with 12.2 billion expected for the full year.
"The conclusion that retail business in Texas continued to grow slowly in 1963 is still borne out," the report said.
"June is normally a slow month for retail business in the state, and this year's June was not the exception. However, sales of most kinds of retail stores for the first half of 1963 showed gains. The kinds of businesses showing decreases were lumber and building material dealers, apparel stores, except men's and boys' clothing stores, florists, liquor stores, and office, stores and school supply dealers."
The report said store sales dropped 3 percent in June, but were 5 percent higher during the first six months.
Stricter Control On Medicinal Herbs
MEXICO CITY (AP)—Stricter control on sales of medicinal herbs has been ordered by the Health Ministry. It has closed five pharmacies for selling them.

Davidson's Offers Atlas Brand Items

The Standard Service Station located at 37th Street and the Big Spring Highway is one of Snyder's most modern stations and offers a complete service to its customers.
The station owned by Line & Line Oil Co. is operated by J. B. Davidson who has had years of experience in the care and maintenance of automobiles.
Quality standard products and first class workmanship are featured at the station. Davidson handles Atlas Tires and batteries and almost any accessory you would need for your car.
Davidson's motto is "We Take Better Care of Your Car" and with this care is a friendly service and a desire to please every customer.

Tax Rate Cut By Harris County

HOUSTON (AP)—Harris County commissioners have lopped \$1,000,000 from the county's revenue for 1964 by cutting the county's tax rate six cents per \$100 valuation. The new rate is \$1.87.

Project Costly

HOUSTON (AP)—Planning and legal work on the \$47 million Trinity River project has cost Houston \$1.6 million.

De Gaulle May Make Statement

By JOSEPH E. DYNAN
PARIS (AP)—President Charles de Gaulle, ignored while the Big Three nuclear powers talked in Moscow, takes the spotlight Monday with a news conference.
He may make a major policy statement.
His last news conference Jan. 14 jarred the West with a veto on British membership in the Common Market, and a court rejection of President Kennedy's proposal for a nuclear force for the North Atlantic Treaty Organization.
De Gaulle may use the conference as a platform to reply to Kennedy's various actions since then—particularly to Kennedy's speeches in Germany, pledging enduring American support to a "cohesive" Europe within an Atlantic partnership.
Other events since January which may also call forth comment from de Gaulle include the open split between Russia and Red China, and the partial nuclear test ban accord among the United States, Britain and Russia.

Kennedy has called for a new look at America's attitude toward Russia and the cold war. Premier Khrushchev has seemed to offer an easing in East-West tension.
De Gaulle, touchy on France's place in the world, has consistently asserted that France must have its own nuclear arsenal as long as any other country has one, and must participate on equal terms in any high level global decisions.
France has warned that Paris will not be bound by any nuclear test ban achieved by the Anglo-Saxons and the Russians. De Gaulle has declared that France must develop its own nuclear arm unless all nuclear powers agree to scrap their own arsenals and delivery systems as a first step to complete and controlled disarmament.
Many newsmen expect these themes to be restated Monday.

Fight Caused By Anti-Castro Group

RIO DE JANEIRO (AP)—Six anti-Castro exiles burned a Soviet flag and splashed red paint on the Cuban embassy Friday—then got into a fight with four Cubans.
The exiles had just completed the paint job when a limousine drew up with the Cuban ambassador, Raul Roa Khouri, and four members of his staff.
Police arrived and the exiles fled. No one was injured severely. The ambassador did not take part in the fighting.

Yankees Like Tequila

MEXICO CITY (AP)—Americans are drinking almost half a million quarts of tequila a year. Vernon Underwood, a distributor from Los Angeles, reported Thursday.

STATE FARM INSURANCE—Located on the Big Spring Highway is operated by Roy McCloskey. The firm recently moved to its new location on the Big Spring Highway.

Holt Music Fills Need In Snyder

If it pertains to music, Holt Music Co. on the Big Spring Highway has it. Owned and operated by Mr. and Mrs. Terry Holt, Holt Music offers the most complete line of records in this area as well as a great selection of hi-fi and stereo record players. Their record offerings include the very latest hit recordings in the popular, classical, western and sacred fields.

Holt has one bin of jukebox records on sale at all times for only 25 cents. These records consist of all types of music and are in perfect condition. At the present time, Holt says he has many items throughout the store on sale at a fraction of their actual cost.

New available at Holt's are Gretsch guitars as well as the Gibson line which the firm has handled for some time. With Gretsch and Gibson, the offering is complete from inexpensive guitars for the beginner to the most expensive guitars preferred by the professionals.

Another popular item this time of year at Holt's are the portable record cases. Students on their way to college find these cases a necessity.

Whatever the tastes of a customer may be in the field of music, Holt's has selections to fill the bill.

Government Sells Surplus Cotton

WASHINGTON (AP)—Exporters have bought 1,382,796 bales of government-owned surplus cotton since April 15 for shipment after Aug. 1. The Agriculture Department has been offering 183,000 bales on a bid basis under a program designed to enable exporters to obtain desired supplies at prices which will enable them to meet foreign competition.

Tuna have been known to swim at 40 miles an hour.

McCloskey Heads State Farm Agency

When larger quarters were made necessary by the expanding business of the State Farm Insurance Agency here, it was only natural that Roy J. McCloskey made his move to the Big Spring Highway.

When McCloskey came to Snyder in July, 1956 to assume management of the agency here, he kept the records of policyholders in one desk drawer. Now, seven

Goss Lot Can Furnish Any Auto

The T. C. Goss Used Car Lot has been one of the Big Spring Highway's leading businesses for several years.

T. C. Goss, owner of the firm, is a pioneer merchant on this busy highway, having been a partner in the Hiander Restaurant when it was built and later sole owner. The Hiander just recently burned.

His faith in the future development of the Big Spring Highway was justified as it has continued to grow by leaps and bounds over the years.

The T. C. Goss Used Car Lot does "custom buying". That is, if a customer is looking for a certain car, the firm will locate just the right car. Further, they will take the trade-in and handle the financing. The lot also carries a wide variety of cars, all makes and models at all times, too.

T. C. welcomes inquiries about any type of new or used car that a person might want. If it is not on the lot, he will try to locate one which will satisfy the customer.

The Goss Used Car Lot is located on Fortieth Street and the Big Spring Highway.

Canyon Reef Remodels BS Hwy. Store

Canyon Reef Sports Center, located at the corner of Thirtieth and Big Spring Highway, is owned and operated by Mr. and Mrs. D. V. Marcum.

Canyon Reef sells wholesale and retail all nationally known brands in sporting equipment.

Just recently, the Canyon Reef has undergone a revamping, approximately one-third of the building being rearranged as display space. Primarily it was storage space. This remodeling gives the customer more browsing room as well as a chance to look over a larger variety of merchandise.

Everything from fishing tackle to football equipment can be found on these display cases. At the present time, all summer merchandise is on sale with the prices drastically slashed.

Even though Canyon Reef wholesales to schools in this area, it also stocks the very best in equipment to retail.

D. V. Marcum, manager of the store, has been connected with athletics in school systems for years as a coach and knows exactly how to advise you when buying equipment for any sport.

Canyon Reef also has sports equipment for any member of the family, regardless of age. If you're looking for anything in the athletic equipment line, look no further than the Canyon Reef Sports Center.

Modern Shop Headquarters For Beauty

In the Modern Beauty Salon, 1903 Fortieth Street, Snyder women have at their convenience one of the most modern, up-to-date salons in West Texas.

The Modern, operated by Mrs. Jessie Hampton, has interior decoration of Japanese modern theme, and a color scheme of pink and walnut with gold lighting fixtures throughout.

The salon has a staff of six operators, Billie Matson, Lawanna Vincent, Mary Beidelman, Horton, and several others. Each operator has been trained in all phases of beauty work. These operators have the experience and knowledge to give you the attention it deserves. They also keep abreast of the latest hair styles and trends. Mary Hood serves as receptionist.

The Modern was built in 1958 and is completely air conditioned for both summer and winter and also features a high fidelity sound system which plays high fidelity music.

The operators at the Modern are continually going forward in the finest for their patrons.

Popular Gulf Station Has New Manager

Lobban's Gulf Service was until last week known as McGlaun's Gulf Service and is located at 37th and Big Spring Highway.

Vernon Lobban, operator of the station, recently moved to Snyder from Post to take over the station. He is married and has one daughter, age 14 months.

For the past five years, Vernon has been in business with his dad, operating a Gulf station in Post and he is well experienced in all phases of the service station business and well acquainted with Gulf products. Vernon feels that the backbone of his business is quality products and expert service and that is just what he has to offer.

Assisting in the operation of the station are Roosevelt Ashberry and Weldon Buchanan, both have had a variety of experience in service station work.

The station carries a full line of Gulf products and offers expert lubrication, car washing, wheel balancing and many other services that keep your car, "On The Go".

Houston-Firm Purchased

DALLAS (AP)—John Young and Robert Hall, both of Dallas, and James West of Corsicana have purchased the Herrin Transportation Co., an affiliate specializing in the transport of petroleum products for major oil companies. Herrin Transportation Co. has primary lines throughout the South and Southwest and interlines to all parts of the United States.

R. T. Herrin Sr., founder of the multi-million-dollar motor freight complex in 1931, will continue with the company in an advisory capacity for a minimum of five years.

It takes about 100 monarch butterflies to make up one ounce.

TOYS AND SPORTING GOODS—A selection that is one of the largest in West Texas are the features at the modern Snyder Athletic Supply & Toyland, located in the Highland Shopping Center on the Big Spring Highway.

Firm Has Many Types Of Toys

Thousands of toys of all descriptions are available at Snyder's only specialty toy shop Snyder Athletic Supply and Toyland, located in the modern Highland Shopping Center.

The business was founded September 2, 1959 and expanded into the toy business January 16, 1960, when they bought out H. D. Harmon, next door, after the latter had operated the firm for several years. The firm is now owned and operated by Gene and Merlene Williams.

They stock an endless list of toys for all ages, many types of guns, which are the most popular of the boys' toys, and dolls, most popular for girls. They also have all types of games, rolling toys, table games and many others, keeping up with all the latest types on the market.

All the usual and many of the unusual gifts may be seen among the selections in the toyland shelves, from the small day-to-day gift to the large wheeled items for special occasions.

Also featured are such nationally known brands of sporting goods as Wilson, Spalding, Brooks, Converse, and Pennsylvania. They carry baseballs, footballs, basketballs, tennis, golf, swimming, fishing, archery equipment, bowling bags, shirts and shoes.

Sporting goods for the entire family or for individual sport can be found in the athletic department, which stocks complete lines for all major sports.

For family and neighborhood fun there are all sorts of games, such as shuffleboard, croquet, badminton and volleyball.

They carry the best stock of hobby supplies in town, such as airplanes, model cars, boats, paint-by-number sets, hobby crafts, pebble crafts, foam craft, plaster of

Paris molds and paints.

The store sports a large collector's corner and science corner, as well as items for the small fry.

Right now the big summer clearance of sporting goods, toys, and hobbies is in progress. Everything has been reduced to sell, which means big savings to you. Gene invites everyone in to take advantage of his sale. He knows that if it's toys, hobbies, or athletic equipment you want, you can find it at Snyder Athletic Supply and Toyland.
