

On The BEAM

By J. W. King, Sr.

Here it is the first day of June and up to now there is little cotton up. Quite a few had cotton up but the heavy rains and high winds covered a lot of it so deep the stands were skippy and had to be replanted. The method of farming now is so different to what it was years ago. When I was a kid cotton was planted thick and then thinned out to one or two stalks in a hill eight or ten inches apart. Now cotton is planted thick (even thicker than it was years ago) and is left that way. It does better that way for machine harvesting.

I can remember when my Dad planted his cotton early in April, got it up to a good stand but before he could plow it there would come a shower and by the time he could get in the field to plow grass had come up in the row with the cotton but he never thought about replanting. Us kids had to hoe the grass out as we thinned the cotton. Now days a farmer would replant such a crop because it would be too expensive to work out.

The contractor has moved in and has started work on the new school building. School officials hope the new classrooms will be ready for occupancy early in September.

I feel sure that Loraine will have a Fair again this fall. Up to now, however, the Lions Club has done nothing about it. The date will be set right away now so that everybody can begin to prepare for the exhibits this fall. Since we have such a wonderful place to hold our fair now we should all strive to make it the biggest and best ever. There will be plenty of room for lots of exhibits of all kinds. Let's all plan to show what we raise.

Representative Mahon Disappointed In Setback Of Bracero Law

Washington, D. C., June 6—The House of Representatives in Washington last week voted down a bill which would have extended the bracero farm labor law for two more years. This was an unexpected setback for the legislation. The present law expires on December 31.

Representative George Mahon, who supported the House bill and spoke in its behalf, expressed disappointment over the refusal of the House to extend the program and pledged his best efforts to ward renewed attempts to meet the threatened crisis in farm labor.

Mahon said that it was too early to predict future developments. An attempt to pass a one-year extension rather than a two-year extension is being considered. Another alternative being considered is the possibility of securing emergency farm labor under the provisions of existing immigration laws which permit the recruiting of foreign farm labor under certain conditions. In previous years Mexico has expressed opposition to this procedure.

PLENTY OF SUGAR

College Station, June 1—"Sugar already on hand or committed to the United States for 1963 totals 500,000 tons more than last year's entire national consumption," reported Under Secretary of Agriculture Charles S. Murphy in comments made recently regarding the upswing in domestic sugar prices.

"These new commitments have been made within the past few days," he added, "and the speculative bubble in sugar is bound to burst in the face of this plentiful supply."

"Speculators may be able to keep the bubble going for a while but not for very long," he declared.

At the same time, he warned that people who load up high priced sugar may sustain losses when the price goes down.

"Current Congressional hearing on the sugar situation," he said, "will show plentiful supplies and this will help restore stability in the sugar market."

He noted that a relatively tight situation in world sugar supplies early this year created uncertainty in the market, and gave speculators a chance to bid up prices.

Report On Aging Released To President

The Older American, a comprehensive report to the President on the problems facing Americans in the retirement years, has just been released by the President's Council on Aging. According to Erven Fisher, Big Spring Social Security District Manager, the report summarizes the financial status of the nearly 18 million Americans over 65, and pinpoints their problems in the areas of health, housing, employment opportunities, recreation, and maintaining a place in the community.

Mr. Fisher said The Older American should be especially interesting to public and private organizations working in fields related to problems of the Aging. He said such organizations can obtain a copy of the report by writing to the President's Council on Aging, Washington 25, D. C. Individual copies may be purchased for 50 cents each through the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

The President's Council, formed last year, is required to submit a report on its activities each year to the President. The release of this report coincides with the observance during May of the First National Senior Citizens Month.

Johnson Hospital Chosen As Test Hospital For PKU

Johnson Hospital of Loraine has been chosen by the Texas Medical Association as one of 15 hospitals in Texas to administer the Phenistix Test for Phenylketonuria-PKU to children three weeks and six weeks of age. The tests were started in May and will continue for six months.

The tests are for the purpose of detecting whether or not a child will be normal or retarded. The test is simple and entirely harmless. The local hospital will be glad to explain the test to those interested.

METHODISTS FOUND PREACHER

After church services last Sunday night members of the Methodist Church gave Rev. and Mrs. Frank Story an old fashioned pound cake. The occasion was because the Story's had been returned here for another year by the annual conference.

J. Wiley Walker, president of the Official Board, said a few words of welcome to Rev. and Mrs. Story telling how the membership of the church appreciates them. John Mahon read a poem "Strength For The Task" written by Mrs. Jim Johnson. Rev. Story responded with a few well chosen words.

Punch and cookies were served in the fellowship hall.

Mr. Royal Vane and sons Stan and Van of Crockett are visiting in the home of his parents Mr. and Mrs. W. F. James.

PINK AND BLUE SHOWER HONORS MRS. JOHN MILES

Mrs. Jack Brewer hosted a pink and blue shower at her home Monday night honoring Mrs. John Miles.

After games the hostess was assisted by Mrs. Bill Bowles and Mrs. C. L. Maynard in serving pink punch and blue cup cakes. The serving table was laid with a white cloth. Plastic flowers were used as decorations. Napkins were embossed with the picture of a baby and the cup cakes were with a tiny blue shoe.

Many lovely gifts were registered. Those who attended were Mmes: C. H. Epperson, Hubert Meadows, Eddie Galvan, Mabel Graham, Wanda Banks, Edgar Halton, Bill Bowles, C. L. Maynard and the honoree Mrs. John Miles.

Funeral Rites For Mrs. W.D. Green

Funeral services were held at 2:00 p.m. Saturday, June 1, for Mrs. W. D. Green, 81, in the First Baptist Church, Loraine, of which she was a member. Officiating was the pastor, Rev. J. A. Turner, assisted by former pastors, Rev. A. C. Hardin of Cisco and Rev. Wayland Boyd of Amarillo. Scriptures were read by Rev. Maurice Smith, a Missionary on furlough from Africa.

Mrs. Green was born, Eldora Collier in Coleman County, daughter of the late Mr. and Mrs. F. M. Collier on Sept. 15, 1881, and died at her home here May 30, 1963.

Mrs. Green was married to W. D. Green on Oct. 22, 1899. They had many colorful experiences in farm and ranch life and as owners of a Loraine Cafe in 1906. Mr. Green was ordained a Baptist preacher here in 1913. This new life meant years of hardship as he pastored small churches in Mitchell, Scurry and Nolan Counties, while he attended classes in Simmons College, now Hardin-Simmons University. He served as Associational Missionary two years, each in Big Spring and Mitchell-Scurry. Other pastorate included Big Spring, San Angelo, Knox City, Hermleigh and Houston.

Mrs. Green was a Sunday School teacher throughout the 37 years of Bro. Green's active ministry and for 9 years here after his retirement in 1950. Together they attended many county and district meetings, 37 Baptist General Conventions. She took advantage of all training courses offered by her church, and was an enthusiastic participant in Training Union and W.M.U. work. Soon she was recognized as a leader. Her ready wit and homespun humor added spice to her illustrations.

She served as president of the W.M.U. in the several churches where Bro. Green was pastor and was Dist. W.M.U. President in Mitchell-Scurry and Big Spring.

Her courage in overcoming obstacles was backed by her spirit filled prayers of faith and child like trust in her Savior.

Within a month after Mrs. Green came back to Loraine for retirement years she was chosen President of the Baptist Woman's Mission Union. Unusual progress was shown during her three years leadership. First, she recommended goals that greatly amplified previous offerings for missions. Next in turn was adopting a Missionary; starting a Latin American building fund; and acquiring State workers to lead in their Vacation Bible Schools. The full-graded W.M.U. stepped up their program of sending boys and girls to summer camp and of having a full week of prayer for the four annual Mission offerings. Membership increased with four active circles.

Mrs. Green showed continued interest in the Lord's work even during her long semilife. Her son, J. D. Green of Amarillo and grandson, James D. Green, Houston, are Baptist deacons. A daughter, Mrs. J. D. Green, Houston, and other members of the family are active in church work.

She is survived by her husband; daughter, Mrs. J. D. Green, Houston; one son, J. D. Green, Amarillo; a daughter whom they reared, Mrs. Went Green, Houston; five grandchildren, James, Green, Mrs. Dorothy Wiggins, Jerome Green, Mrs. Wanda Lewis and Mrs. Sue Bilderback, and by grandchildren, James David Green, Glenda Denise Green and Wendall Terrell Wiggins.

Palbearers were: C. D. Brown, C. T. Conner, R. C. Smith, Houston, Harry McHane, Warren Farguson, Hermleigh and Jeff Kenner, San Angelo, Texas.

Interment was in the Loraine cemetery with Kiker and son in charge.

AMERICAN LEGION POST HELD REGULAR MEETING

The American Legion Post 555 of Loraine held their regular monthly meeting Monday night at 8:00 in the Hut.

Plans were discussed on how to keep the post on a active level and get the veterans interest in the work of the post.

The next meeting of the post will be Monday July 1 and all members and veterans of the Loraine area are urged to be present.

Mr. and Mrs. Joe Glass of Slaton were guests in the home of her father, Mr. and Mrs. O. P. Blair Thursday.

Views

Someone recently said, "What we need in this country of ours is people who will think for themselves." This is a great fact but could be just half truth and half truths are dangerous.

What do we want people to think concerning when we say we need thinkers? The washer woman of the depression days said she enjoyed going to church and sitting for an hour thinking about nothing. In order for thinking to be worth our while, it must be directed thinking.

The colored preacher said to think about the "Status Quo". A member asked the meaning and the preacher replied, "I am Latin for the mess we are in". We perhaps need to do this but we must do this sort of thinking searching for a ray of hope of a basis for action.

It is true, we think, that too many people today depend upon the thought and directions of a few rather than think through our problems on our own. All the while we are forgetting that those upon whom we depend are also beset by problems.

The butcher, the baker, the candlestick maker, farmers, and what have you all have their problems. These clash many times. What will appear to be a perfect solution for the problems of PAT may work a difficulty for Mike.

The Psalmist in the long ago was faced with welding a nation of twelve tribes. Each tribe had peculiar problems. He was honest in his efforts. He sought ways and means of union. One day, in a cave, with enemies about, he said, "While I was musing, the fire burned; then spake I with my tongue. He had seen a ray of hope and a course of action.

GREEN THUMB

GREEN THUMB... is the way of describing those that have a way with plant life. The ones, who are so gifted, will tell you that to be successful with plants, you must see that they have plenty of water. God knows too, that a soul must be watered in order for it to mature and grow.

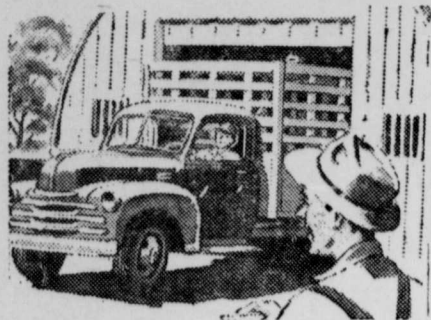

"...and thou shalt be like a watered garden, and like a spring of water, whose waters fail not." Isaiah 58:11

Plenty of hot water
...WORRY-FREE

You'll enjoy abundant hot water for every need... with flameless cleanliness and safety... when you have a quick recovery electric water heater. It's completely automatic and carefree... just install it and forget it. No flame or pilot light to worry about... no by-products of combustion... no noise... no fumes. You get hotter water faster because immersed electric heating elements put all their heat directly into the water. And since a flameless electric water heater needs no flue, it can be installed close to the point of greatest use, eliminating long heat-wasting pipe runs. See the new electric water heaters at your plumber's or appliance dealer's.
