

Heart Fund Drive Planned For February

The annual Heart Fund campaign, to provide money for both local and national use against Heart Disease, opened February 1 and will continue throughout the month.

Heading this year's campaign are the Rev. John W. Ferguson, as chairman of the drive, and Dr. Chas. B. Jones who is assisting him.

Already three groups have seen films relating to heart diseases or the Heart Fund Campaign, Kiwanis Club, the Business and Professional Women's Clubs, and the Parent-Teacher Association.

These films can be made available upon a few days notice to any other group wishing to use them.

The red plastic hearts, traditional coin collectors for this campaign, will be put out this week, workers said.

The only event planned so far that will attempt to reach every Wellington family is the Doorbell drive slated for Heart Sunday, February 23. The group conducting it will be announced.

Other details of the month-long campaign will be announced later.

The Heart Association operates on a year-around basis through the unity unit of the American Heart Association and is headed by Dr. Carter Holcomb, with Miss Bessie Rainer as secretary.

Part of the money raised during the Heart Fund campaign goes to national headquarters to help finance research in heart diseases. The remainder is kept locally to be used should an urgent need arise here.

Christian Church Plans Special Services Sunday

The Rev. Anthony Thibodeaux, minister of First Christian Church, has announced special services for Sunday, February 9, for both morning and evening services.

The morning services will honor Boy Scouts and Cub Scouts and their leaders. This week marks the 47th anniversary of the founding of the Boy Scouts and Sunday is set aside in their honor.

Sunday is also Race Relations Sunday, and this will be observed at the evening service.

"While many pulpits in America will be used Sunday to promote the dangerous Russian instigated communistic propaganda of Forced Integration, I will deliver a message on the subject, 'Is Segregation Unchristian?'. I will discuss such points as 'Does Segregation promote prejudice?', 'Does Segregation promote hatred, division and unchristian deeds?' and I will also quote many great American leaders and educators, such as Abraham Lincoln, F.D.R., Dr. Joseph Winthrop Holley, the great Negro educator, and the great missionary to the negro, David Livingstone, and many others," Rev. Thibodeaux said.

"I refuse to admit that my position on segregation is the result of my being a Southerner, but because of my Southern heritage," Rev. Thibodeaux said.

Harley Kern Dies at Killeen

Harley Kern, for many years a livestock buyer in Wellington, died at 2 p. m. Tuesday, February 4, at Killeen, where he and his family had lived for about 10 years.

His death, following an illness of a year, was not unexpected. He was 56 years of age.

Funeral services will be held Thursday at 2 p. m. in Killeen, although the place is not known at this time, Matt Johnson was notified. Johnson's son, Donald, is Kern's son-in-law.

Burial will be at Killeen. Kern moved to Killeen to go into the hog buying business, but after a short time he sold that and entered the building business. He was owner of a housing project and had other extensive business investments there.

He is survived by his wife and four children: Mrs. Donna Johnson of Fort Worth; Jimmy Kern; Pat Kern; and Mrs. Lindy Tishler, all of Killeen.

DODSON MUSIC MAKERS

Making music is their specialty—one that has brought them recognition as one of the most popular teen-age school groups of the lower Panhandle. It's the Pride of Dodson, 1958 edition. Directed by Ted Parker, who has Kenneth McClendon as

assistant, the group standing in the back row are Garth Lewis, Glen Ray Hunt, Kenneth Hunt at the drums, Joe Lennon and Eddie Z. Hunt. Standing at front are Roger Hugh Painter and Joy Carolyn Smith, added this year as vocalist.

Team Seeks 11th Consecutive Crown

Norwood Host to District 12-B Basketball Tourney Feb. 13-15

Samnorwood high school will be host to the district 12-B basketball tournament Thursday, Friday and Saturday, February 13, 14 and 15, when the two top teams from the east half and west half of the district vie for the championship crown.

Both boys and girls divisions are slated.

For the Samnorwood Eagles, this will be their bid for their 11th consecutive district championship. Competing with them from the east half are the Quail Quails, and a play-off Thursday, February 6, will determine which is the top team. Either of the two top teams in each half-district can win the championship.

Two games are scheduled each night in the tournament, according

to Coach George Stephens of Quail, whose team will be in the tournament. Under the set-up, the top team in the west half will play the second place team in the eastern half, and the winner of the east half plays the second place winner of the west half. There will be a boys and girls game each night, with the championship games scheduled Saturday night.

The girls division in the east half has been determined, with Samnorwood first and Quail second.

Eliminated was the third team in the east half of the district, Dodson. Claude and Groom are regarded the two stronger teams, in both boys and girls classes, over Lelia Lake and Hedley.

Save the Soil and Save Texas Awards

Salt Fork SCD Names Area Contest Entries

Salt Fork Soil Conservation District entries in the Fort Worth Press Save the Soil and Save Texas awards program for 1958 were named this week and include one business man, two individual farmers, and one farm group.

Walter Camp, young Dodson farmer whose outstanding work has been done since he returned from service in World War II, was nominated the Conservation Farmer from Salt Fork SCD. This also, the Veterans of Foreign Wars nominated Camp as their entry of the Glynn Moore Post as the GI Farmer of Texas.

London-reared H. J. P. Field, who had never farmed until he came to Collingsworth county from England after World War II, was nominated the Comeback Farmer. Fields farms near Quail.

John Coleman was nominated the business or professional man who has done the most for soil conservation. His selection was for his introduction of sorghum alum, which has been proved an important soil conserving grass.

A group of farmers including John Brim, Jess Hunsaker, Bob Copeland and Earl Alexander

was chosen to compete as the Conservation Group farmers.

The Salt Fork SCD itself is competing for state honors as the outstanding district.

All individuals and the conservation group will compete first in the area I contest, which covers 51 counties of West Texas and the Panhandle. The district is competing for state honors, since it was chosen as the outstanding district last year and is not eligible to compete again this time.

On-the-Farm Data

Crop Experiments in County Reviewed

This week The Wellington Leader is beginning the first of a series of articles on the results of the On-the-Farm Experiment Program conducted in the county by the Extension Service and the Texas Experiment Station during 1957.

The experiments were under the supervision of Dwane Scott, who is in charge of the program here and in Hall County. The experi-

ments for the first year are completed and the data gathered.

First of the articles concerns the grain sorghum experiments. Those to follow will report the experiment on cotton under irrigation and fertilization; Johnson grass control program and bindweed control program.

The on-the-farm experiment program is being continued through 1958.

First and second place trophies will be given.

Officiating will be Wilson Love and Bobby Scott both from the Amarillo school system.

Winner of the District 12-B tournament will be playing in the bi-district contest late this month.

Experiment Lists Sorghum Alum Top Producer

A report from the Texas Agricultural Experiment Station No. 7 at Spur rated sorghum alum as leading in yields among 7 forage grasses tested.

The green forage yield of sorghum alum was 13,800 pounds per acre, 1,300 pounds above the next highest grass.

"We conducted a grazing study this last summer on six different varieties of sudan grasses and sorghum alum. The sorghum alum made the highest forage production of any of the sudans we tested," the report read.

Green forage yields were: Sorghum alum, 13,800 lbs. per acre.

Green leaf sudan, 12,500 lbs. per acre.

Perennial Sudan No. 6459, 11,600 lbs. per acre.

Sweet sudan, 9,000 lbs. per acre.

Piper sudan, 7,700 lbs. per acre.

Common sudan, 4,176 lbs. per acre.

Re-indict Man Under Right Name

New Grand Jury Returns Four Indictments Friday

A grand jury in session Friday, January 31, returned two indictments for theft against Raymond Martin, colored, alias Allen Barber, district attorney John T. Forbis reported to The Wellington Leader.

These indictments are in connection with the theft of sorghum alum seed from John Coleman

and Oran Starkey, for which the negro was indicted under the name of Allen Barber.

Since that time, Forbis said, officers have received information that his correct name is Raymond Martin, and the indictments Friday were made to preserve the case against him.

The case has been set for trial on the next court day, February 25.

Indicted jointly by the grand jury in the same session were Bobby Tyson and Marvin Turner, both 18, charged with breaking into a motor vehicle. The boys, who were being held in Memphis jail, have been released on \$1,000 bond each.

A third indictment involving a forged check was returned. The man against whom the indictment was returned has not been apprehended.

Grand jurors were John W. Carson, Robert Tabor, Mrs. J. F. Bishop, A. M. Oldham, Mrs. Fred Boyd, Mrs. C. T. Amerson, J. W. Neeley, E. E. Darrow, Gus Gooch, M. G. Reynolds, Charles Allen and Mrs. Marvin Wynn.

Cotton Reserve Fund Approved For \$416,000

The partial restoration of the cotton acreage reserve section of the soil bank program has given Collingsworth county a budget of \$416,053, the amount for which application had been made when sign-ups were stopped January 16, Millard Brown, ASC manager, announced this week.

Any further agreements cannot be signed at this time, but farmers who would like to get in the cotton program may come to the ASC office and register, and if other funds become available, they will be considered.

Brown also explained that any cotton grower who has signed an acreage reserve agreement, but who wants out of the program, may do so by submitting a written request by February 20.

In the meantime, measuring for the cotton acreage reserve, along with the wheat acreage reserve and the planted wheat acres is under way. Measurers this year are Shelton Nunneley, Bob Barton, Neal Powell, Delbert White, N. E. Childers, William O'Rear, Worth Shields, Otis Bradley, and Ernest Tate.

Heart Attack Fatal to Mrs. Jess Hunsaker

Mrs. Jess Hunsaker, who has lived in the county 50 years, died unexpectedly at her home, 104 15th St., Saturday, February 1, about 10:30 p. m. Her death was attributed to a heart attack.

Funeral services were conducted at the Church of Christ at Samnorwood Monday at 3 p. m., with Min. Claud Walkup of Gould, Oklahoma, and Min. W. T. Smith of Robstown, a long-time family friend, officiating.

Gathering to pay final tribute were friends who had been associated with her and her family during the half-century she had made her home here.

Pall bearers were Barney Glenn, Sidney Elmore, Henry Rogers, Will Crawley, Jim Ray, Dalton Honeycutt. Honorary pall bearers were T. W. Devenport, Pat Bouchelle, Clyde Alexander, James Killian and R. D. Wiley.

Burial was in North Wellington cemetery under the direction of Kelso Funeral Home.

Mrs. Hunsaker was born Lillie Donnell in Grayson county September 30, 1880. She was married to Mr. Hunsaker August 16, 1899, in Clay county, where they made their home until they moved to Collingsworth county, settling on their farm southeast of town. Twenty-seven years ago they moved to Wellington.

She had been a member of the Church of Christ since early in life.

Surviving Mrs. Hunsaker are her husband; two sons and a daughter.

County Low in Criminal Cases

Collingsworth county last year ranked fourth in the 5-county 100th judicial district in the number of indictments returned, district attorney John T. Forbis said.

Of the 68 cases handled in the district, only 5 were in Collingsworth county, and none of these was a crime of violence.

New Mexico Couple Proves Honesty to Station Operator

Billy Lee Langford is convinced most people are honest.

Langford, who with his brother, Bobby, operates the Texaco Service Station on Highway 83, last week received a dime, accompanied by the following note from a Lovington, N. M., woman:

"We got two bars of 5c candy and eat it in your station and failed to pay for them. Here is the 10c and we are sorry about it."

Langford believes such honesty deserves recognition.

County Finances \$65,000 Better Than Last Year

Collingsworth County's financial condition on February 1, 1958, is approximately \$65,000 better than it was one year ago, a financial report to the people prepared by County Attorney Paul Spillman this week shows.

The report was issued at this time to reflect improvement in finances and reduction of debt in a 12-months period since the initial report of the citizens' committee was submitted January 30, 1957.

In this period, the Commissioners Court, other officials, the citizens committee

Grading School Planned

Meeting to Explain New Egg Law Set Feb. 11

An education meeting on the new Texas Egg Law will be held Tuesday, February 11, at 10 a. m. in the county court room of the court house, County Agent Bob Lynch announced. This will be followed by an egg grading school in the afternoon.

"It is important that all egg producers, grocers and egg dealers attend this meeting, as the new egg law goes into effect February 17, and violators will be fined after that date," Lynch said.

The meeting is being sponsored by the Extension Service and the Texas Department of Agriculture. The egg law will be thoroughly explained and a question and answer session will follow. Gene Cupp of Lubbock, supervisor of

District 1 of the Texas Department of Agriculture, or one of his assistants will be here for the meeting.

The egg grading school will be for those planning to sell graded eggs.

Lynch named as highlights of the egg law the regulation that all eggs sold through stores or markets will have to be in cartons marked with the grade, or marked "Ungraded". Farmers may do their own grading, provided they buy a license, or the egg dealer may grade them.

Eggs sold as "Fresh" must be graded.

Lynch explained that the law does not apply to the farmer who sells a few dozen eggs a week directly to a housewife.

Long-Time Project

Methodist Men Buy Home for Minister

Methodist Men, an organization of men who are members of First Methodist Church, have bought a house in Wellington to be used as the permanent home for a retired minister, Richard Bailey, president, announced this week.

The group bought the 8-year-old four-room permanent house at 1107 Childress Street, owned by Allen Harp of Childress. The purchase price was \$5,000, Bailey said.

It will be offered first to the Rev. and Mrs. J. F. Michael, who were at First Methodist for five years, to be occupied by them when he retires from preaching, for the remainder of their lives, according to Bailey. Until that time, the house will be rented.

"We had some money on hand

for the down payment, and we are financing the remainder. For that reason, the Methodist Men will welcome any donations, either in a lump sum or to be paid monthly," he continued.

Methodist Men adopted this project of a home for a retired preacher approximately 5 years ago, but the house they bought is the first they found that fitted their need or on which they felt the price was right.

Bailey pointed out that it is the Methodist Men's organization, and not the Methodist Church that is buying the house.

The group has approximately 25 active members, with Bailey as their president and Hook Elliott as treasurer. These two and R. F. Curry are the trustees for the Retired Minister's Home.

Thursday Night

Quail-Norwood Play Off Tie in Cage Title Race

A standing-room-only crowd will watch the Quail Quails and Samnorwood Eagles meet in the play-off for the east half of District 12-B championship Thursday night, February 6, in Quail Gym, George Stephens, coach, announced this week.

In district play, each team has won once, Samnorwood defeating Quail by one point at Norwood and Quail winning by 12 points at Quail.

On the flip of a coin, Quail won the right to play on its home court Thursday night.

There will be a sophomore preliminary game at 7 p. m. Thursday night and the Eagle-Quail game starts about 8, Coach Stephens said.

Strength of the teams is about equal this year, the Quails having

won 21 games and lost 8, while the Eagles won 20 and lost 7.

A victory Thursday will put the Norwood Eagles one step nearer their coveted 11th consecutive district championship, while a Quail victory will mean that team has broken the luck of their traditional Samnorwood rivals.

There will be a small admission charge.

Sweet Tooth Gets Teen Age Trio Into Trouble

Three teen-agers let their sweet tooth lead them into a brush with the law during the week end, and now one of them is in jail charged with burglary, and the other two appeared in juvenile court Tuesday, February 4.

Charges of burglary have been filed against William Nelson, 17, after the trio admitted breaking into the storage building used by Alton Wilkins, distributor for a baking company, and stealing pies and cakes. They also admitted going to the Wellington Sales Barn to ride the calves kept there and breaking into the concession stand for pop, Sheriff John Rainey reported.

Nelson last fall was arrested in connection with the theft of a motorcycle in Amarillo, which he rode to Wellington. This case

and interested citizens themselves have combined efforts to put the county's finances where they now are.

This was done through cutting off of some expenses the commissioners court believed to be unnecessary, curtailing others, and putting into effect a "belt-tightening" policy.

People of the county entered the picture by approving the 30c ad valorem tax in the April election, and this has paid off approximately \$12,000 of the indebtedness.

Mr. Spillman's report shows that a year ago, the county owed \$70,857.90 in outstanding warrants, which simply indicates to the holders that the county owes them a specified sum of money. It also included money borrowed at the bank to finance operations.

The current operating funds, as reflected in the January 31 report of Mrs. J. D. Aaron, county treasurer, shows only \$6,046.34 is owed in outstanding warrants — a reduction of \$64,811.56 in one year.

In the individual precinct accounts, only \$3,968.48 is outstanding in warrants, and that is for Precinct 2. When all old obligations have been paid the individual precinct accounts will be closed out and roads will be operated out of one fund according to the law of the unit system, which the county went under January 1. (This does not affect the precincts themselves. It simply means that the accounts which each of them had for road operations will be pooled.)

\$10,756.28 is still owed on road machinery bought by Precincts 1, 2 and 4 under lease purchase contracts. However this is the method by which many counties buy equipment. It is "leased" by the year, and when the total cost of the machinery is paid, it becomes property of the county. This does not mean a deficiency in current funds.

The county also paid \$24,166.25 on its long term indebtedness. \$17,000 of this was to reduce the principal, and \$7,166.25 was interest. Two thousand dollars was paid by Road District No. 1, reducing the debt from \$66,000 to \$64,000. This debt was incurred by the people of precinct 4 to surface 13 miles of road, thereby relieving the county of maintenance of that mileage.

Payment on this debt is made only by the people of Road District No. 1, which includes all of Precinct 4 north of Salt Fork.

The right-of-way bonds were reduced \$5,000 from \$30,000 to \$25,000; four thousand dollars was paid on the court house and jail debt, reducing it from \$71,000 to \$67,000. Road and bridge bonds were reduced \$6,000 from \$96,000 to \$90,000.

In the current operating funds, the \$6,046.34 in outstanding warrants not paid by January 31, of the year, \$3,968.48 comes in the Precinct 2 outstanding warrants (Continued on back page)

was handled in Amarillo, and Rainey said he was checking its disposition before anything further was done with the youth. He was a juvenile at that time.

The probation of one of the juveniles, 15, was revoked in the hearing before Judge R. L. Templeton Tuesday, and he was turned over to Sheriff Rainey. Templeton said an effort will be made to get the youth in Boys Ranch, Amarillo, and if this fails it will be necessary to send him to Gatesville. At the time of this offense, he was on probation for house burglary and forgery.

The boy was not attending school, the judge said.

The other youth is being held by Sheriff Rainey until he goes into the Army on his 17th birthday. (Continued on back page)

On-the-Farm Experiments

Evaluation of Grain Sorghum Tests Given

The first evaluation of the grain sorghum tests in the on-the-farm experiment program in Collingsworth county comes with the announcement of production on each of the five farms where the experiments were carried out. These figures were made available this week by Dwane Scott, co-ordinator of the program.

Tests were carried out on five farms, Fred Bourland and Ira Morgan at Quail, David Baumgardner at Wellington, Elvis Crawley at Fresno and John Brim at Loco.

Production figures given here are pounds per acre based on the yield of the test plots. All test plots on each farm were treated alike.

Some of the varieties tested are in commercial production, others have not yet been released by the Texas Experiment Station.

DRY-LAND TESTS

Used in this test were the farms of Morgan, a good mixed sandy land place; Baumgardner, good sandy loam; and Brim, good heavy soil.

On the whole, RS 650 seemed to be the best producer in these tests.

Brim got his top yield of 3,033 pounds per acre in this variety. It was Baumgardner's second high producer, 2,616 pounds, but his

high producer, RS 610, was not tested by either of the other farmers.

RS 650 was third high producer on Morgan's sandy land, with a 2,224 pound yield.

Top producer in the sand (Morgan's farm) was Texas 620, and this was second high producer for Brim, but it fell to fourth place in production for Baumgardner.

Texas 610 was second high producer for Morgan and third high for the other two.

Martin and 1078, long used in this area, ranked at the bottom of the production list in all three test plots.

Yields are given here by farms in order of production. Varieties were the same with one exception. Baumgardner used RS 610; Morgan and Brim had Martin.

On none of these farms did the feed fall down.

IRA MORGAN FARM, QUAIL:

Variety	Yield, lbs. per acre
Texas 620	2616 lbs.
Texas 660	2354 lbs.
Texas 610	2354 lbs.
RS 650	2224 lbs.
Texas 601	2224 lbs.
Texas 611	1962 lbs.
RS 590	1700 lbs.
Martins	1700 lbs.
7078	1700 lbs.

Morgan planted his plots June

25 and they received about 2.75 inches of rain and some hail after planting and before harvest. All the land was deep broke except the plots where RS 590, Martin and 7078 was planted. These are his three low producers, it was pointed out.

BAUMGARDNER FARM:

RS 610	2747 lbs.
RS 650	2616 lbs.
Texas 601	2354 lbs.
Texas 611	2224 lbs.
RS 590	2224 lbs.
Texas 620	2224 lbs.
Texas 660	2093 lbs.
7078	1700 lbs.

These plots were planted June 28 and received 3.75 inches of moisture before harvest.

JOHN BRIM FARM:

RS 650	3033 lbs.
Texas 620	2981 lbs.
Texas 601	2981 lbs.
RS 590	2877 lbs.
Texas 610	2877 lbs.
Texas 611	2720 lbs.
Martins	2563 lbs.
Texas 660	2458 lbs.
7078	2301 lbs.

Brim had good submoisture when he planted June 14, and received 2.25 inches of moisture during the growing season.

IRRIGATION TESTS

Elvis Crawley planted his grain sorghum tests in a field that has soil of medium texture. He irrigated it to a depth of six feet before planting on June 14, and irrigated again on July 27 and August 12. Two and three-fourths inches of rain fell.

Texas 620 was Crawley's top-producer, with 3662 pounds per acre, but Texas 660 ranked a close second with 3597 pounds and Texas 611 was next with 3532 pounds.

Other varieties in the order of their production were:

RS 650	3270 lbs.
RS 590	3139 lbs.
Martin	2878 lbs.
Texas 601	2878 lbs.
7078	2551 lbs.

Bourland also had grain sorghum tests under irrigation, but the only variety he used that was included in any of the other tests was Martin, with 2420 pounds per acre, ranking fourth among his five tests. E56A was his best producer, 3,466 pounds per acre. Other yields were D50A, 3335 pounds.

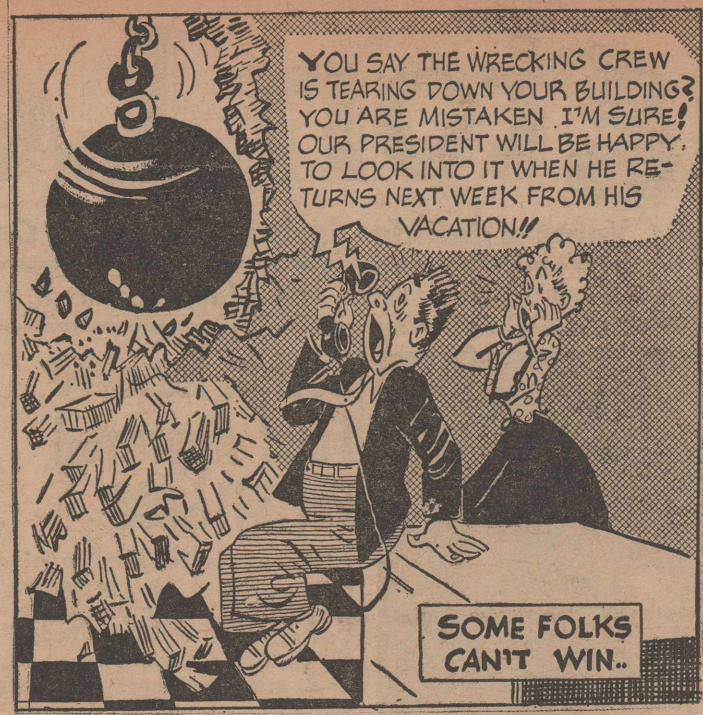

F62A 3074 lbs.

C44A 2354 lbs.

This grain sorghum variety test had a preplanting irrigation and was watered twice after planting. The soil is mixed.

REPORT

Dear Editor:

My square-eyed neighbor says he is going to organize TV Watchers Anonymous and try to rehabilitate folks who have resigned from society and gone to living with TV.

Says this is going to be a tougher job than Alcoholics Anonymous, on account of there is more social watching to trip up a man than there is social drinking.

But he is hopeful that a strong organization of this type will succeed, and that at least a few of his one-time companions can be thus reclaimed for society and poker.

I see where the auto workers union has decided they want part of the big profits being made by the tail-fin makers since they started attaching autos to same.

Also not that some folks, such as G. M. stockholders, do not favor this idea on account of the union does not also offer to share losses when the car business is dull.

But my laboring neighbor says most people are fair-minded. He thinks the auto workers would be willing to share the same hardships and want that company officials and union bosses have to suffer when business is slow and there ain't any profit.

I note that business generally over the country is a little slow at this time, except the reducing parlor business and the sale of electric fat erasers.

But my observing neighbor says these enterprises may soon start folding on account of a hideous trend, which the women folks are putting up a strong rear-guard action against, but they can't win.

Says when the fashion herders get women into these new sack dresses, they will likely figure that if they have got to look fat, they might just as well enjoy eating and be fat.

I see where a school girl sued her teacher for spanking her, and the judge awarded her \$750 damages.

And some of us fossilized fathers at coffee here the other morning got to wondering how, even at today's inflated prices, \$750 worth of damage could be done to the spanking area, and how you would arrive at a price in a matter of this nature.

My been-around neighbor says maybe the judge calculated on lower wages if the girl ever wanted to go into the show business.

Seems that the International Power tournament has now got around to the contest where the object is to see whether the U.S. or Russia can give away the most money.

Miss Lydabel Aaron, E. F. Kannenberg Wed in Quiet Ceremony at Dallas Feb. 1

Miss Lydabel Aaron and Elmer F. Kannenberg were married Saturday morning, February 1, in the pastor's study of Northminster Presbyterian manse in Dallas, with the Rev. Harry Willbanks performing the ceremony.

The bride, formerly of Wellington, is the daughter of Mrs. J. S. Aaron of Wellington and the late Rev. Mr. Aaron, a pioneer couple of Collingsworth county. She has been in the office of the District Director of Internal Revenue in Dallas for a number of years.

Mr. Kannenberg, a native of Dallas, is the son of Mrs. Alvine Kannenberg of that city. He is associated with the George B. Allen Company. Mr. Kannenberg is a 32nd degree Mason and an elder in Northminster Presbyterian Church.

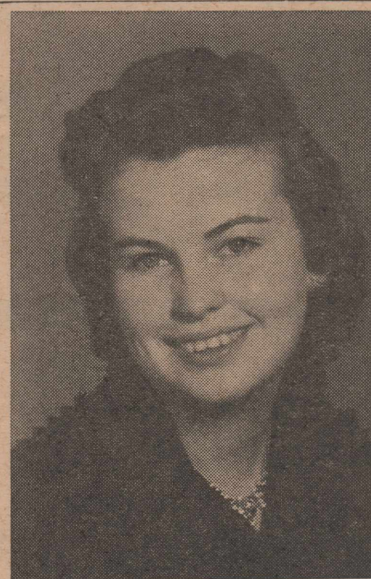

For her wedding, the bride chose a street-length dress of sapphire blue peau de soie fashioned with a portrait neckline and fitted bodice. She wore beige accessories and her corsage was an orchid.

Wedding music was presented by Miss Judy Aaron, niece of the bride.

As the couple left on their wedding trip of Tulsa, Mrs. Kannenberg wore a Doir blue suit of imported wool, with beige and black accessories. They are now at home at 5921 Gaston, Dallas.

Only members of the couple's immediate families attended, including a sister and brother of the bride, Mrs. Newton Roberts and Mr. and Mrs. George Aaron and Judy; the bridegroom's sons,

Mr. and Mrs. R. C. Kannenberg and Hubert Dannenberg and his brother, Mr. and Mrs. Bob Kannenberg, all of Dallas.

Bride-to-Be

Hick Morrow is on a business trip to Milwaukee, Wisconsin. He is making the trip by plane.

Mrs. Kendrick Introduces New Permanent

Remember Cinderella, the lucky lady who became beautiful in the wave of a wand, and lived happily ever after? Now it's nearly that easy to get a new kind of professional permanent wave that makes the hair lovelier than ever—and all your hair sets stay happily ever after!

Louise Kendrick, manager of The Permanent Wave Shop in Wellington, announced the arrival this week of Rayette "Cinderella" Wave, a new permanent that features a gentle, fragrant waving lotion in three "custom-made" strengths and a tube of neutralizer with a "magic" ingredient.

"The magic potion that prevents 'curl-sag' between settings is part of the new wave's neutralizing plan," Mrs. Kendrick explained. "A scientific new ingredient known as 'Dura-Flex' literally bathes the hair with new life. The hair becomes soft and manageable. It gleams with vitality. It has new body and elasticity that lasts throughout the life of the lovely permanent."

Hair sets will remain more manageable after the new Rayette Cinderella Wave, even in hair that was formerly too limp and too soft to hold waves well, Mrs. Kendrick continued. Yet the hair is satin-soft, easier to comb and to keep in place.

The wave itself takes only two-thirds as long as ordinary permanents. You emerge with a lovely new hair style that will stay and stay.

Group to Rummel-Thomas Wedding

Going from here to attend the wedding of Miss Ada Carole Thomas and Don Rummel in Hereford Tuesday, January 28, were Mr. and Mrs. Gilroy Rummel, parents of the bridegroom; Mr. and Mrs. Fred Cox Jr., and Cathy; Mrs. Joe Baumgardner, Mr. and Mrs. David Baumgardner and Juliana; and Miss Janice Davis.

The young couple left immediately after the wedding reception for their new home, 305 Ennis Street, College Station.

Bride-Elect of Clifton Bradford

Mr. and Mrs. J. M. Campbell, Route 1, George West, are announcing the engagement and approaching marriage of their daughter, Darla Jean, to Clifton A. Bradford, son of Mr. and Mrs. C. A. Bradford of Raymondville, formerly of Wellington. The wedding will be performed in First Baptist Church, Three Rivers, Friday, February 14, at 7:30 o'clock in the evening. Miss Campbell is a graduate of Three Rivers high school and is a student in the University of Corpus Christi. Her fiancé was graduated from Wellington high school and is employed by General Telephone Company at Three Rivers.

Fifth Grade Class Sets Bake Sale

Fifth grade students of Mrs. Ralph Word's room will hold a Bake Sale Saturday, February 8, at Wellington Hardware and Furniture, Mrs. Gorman Owens, announced.

The sale will begin at 9 a. m., and all kinds of baked foods and

pasteries will be at the food stand at all times.

Proceeds from this food sale will go to buy library books for the room.

Mrs. Don Rummel

Before her marriage Tuesday, January 28, Mrs. Rummel was Miss Ada Carole Thomas, daughter of Mr. and Mrs. J. W. Thomas, whose many years residence here ended when they moved to Hereford in late December. The couple was married at the Thomas home in Hereford, and they are now at home in College Station, where the bridegroom attends Texas A&M College.

Music Club Hears Program by Choir and Organist, Elects Officers for New Term

Mrs. Billy Mac Sims was elected president of the Wellington Federated Music Club in a recent election meeting. She will take office at the end of the current club year, in May, succeeding Mrs. Jack Davis.

Elected with her were Mrs. Bernice Welch, vice president; Mrs. Hiram Cudd, secretary-treasurer; Mrs. W. O. Vaughan, reporter; Mrs. Jack Kopp, parliamentarian.

Also during the business session, Mrs. Davis named the year-book committee to include Mrs. Robert Lewis, president; Mrs. Sims, and Mrs. Welch.

The program on church music included a group of vocal selections, illustrating various periods in the development of hymnody, by the choir of First Methodist Church which Mrs. Davis directs, and two organ numbers by Mrs.

Frank Weir, one of the church organists.

The choral selections included "Venite, Exultemus Domina", "Ye Watchers and Ye Holy Ones", from the Cologne Book of 1623; "O Day of Rest and Gladness", Wordsworth; "The Church's One Foundation", Stone; "Come Unto Me", Lizst; and "The Holy City", Frederick E. Weatherly.

Mrs. Weir's organ numbers included "What A Friend We Have in Jesus", by Converse, and the arrangement of "Finlandia", by Sibelius, arranged for church use and as the music to "Be Still My Soul".

The program was given in First Methodist Church.

Mr. and Mrs. Silas Henry have as their guest this week their small granddaughter, Becky Ann Brannum, daughter of Mr. and Mrs. Blayne Brannum of Lubbock.

Duncan Due Back With Tech Team For '58 Season

LUBBOCK, Jan. 31 — Addition of seven gridders to Texas Tech's varsity roster for next fall and the loss of three lettermen for a year because of low grades were announced by Coach DeWitt Weaver.

Leading groundgainer for 1956, fullback Doug Duncan of Wellington has brought up his grades, responsible for his being ineligible last year. A 1954 letterman, halfback Mack Pogue of Sulphur Springs, whose ankle injury prevented his playing upon return from the service, is also ready for duty.

Lettermen lost who have told Coach Weaver they plan to be back for the 1958 season are tackle Bobby Cline of Belton, guard Homer Rosenbaum of Abilene, and end Jim Allison of Amarillo, all sophomores.

Sophomore tackle Winston Bookner of Tulsa, quarterback end, who attended Notre Dame his freshman fall but did not play; fullback Max Brod of San Angelo, who had not completed enough hours for graduation from San Angelo Junior College when he came to Tech from the service; tackle Don Rose of Texarkana, a similar transfer from Texarkana Junior College; and fullback Dick Stafford of Temple, who played freshman football at Midwestern University and came to Tech when that school dropped the sport.

Duncan and Pogue will have one year of eligibility; Brod, two; Witucki, Rose Bookner, and Stafford, three.

Lloyd Harpers Move to Shamrock

Mr. and Mrs. Lloyd Harper moved during the week end to Shamrock, where he is employed in the mechanical department of Holmes Motor Co. He has worked in Wellington shops and operated his own business for a number of years.

Their son, Clifford, enrolled Monday in Shamrock school.

Mr. and Mrs. Harper have been especially active in Masonic and Eastern Star work, having held the offices of Worshipful Master and Worthy Matron respectively.

DOZIER

By MRS. ALEX COLEMAN

Rebecca Ann was born to Mr. and Mrs. Bill Graves in Shamrock General Hospital. Mrs. Graves and daughter are convalescing in the home of the mothers parents, Mr. and Mrs. W. T. Mabery, of Samnorwood.

Alex Coleman was admitted to St. Joseph's Hospital Sunday afternoon for an operation, with Dr. Tom Hunter of San Angelo doing the operating Monday morning. He is doing as well as any one could.

Richard Roth of Georgetown, a brother of Mrs. Bill Knoll, was uprooting trees when his tractor overturned pinning him beneath its wheels. He was dead when his wife arrived at the scene a few minutes later.

Mrs. Wilkins at ASC Office

Mrs. Tom Wilkins began work recently in the county ASC office, Millard Brown, manager, announced this week.

Before her marriage, Mrs. Wilkins worked at the Childress County ASC.

She has been with Pvt. Wilkins, who was stationed at Ft. Lewis, Washington, until Christmas. He is now stationed at Ft. Dix, New Jersey.

Guests in the home of Mr. and Mrs. Ellis LaHue recently have been Mr. and Mrs. John Guy Erwin and son and Mr. and Mrs. Jasper Clay and little daughter, all of Lawton, Oklahoma.

Mr. and Mrs. Rudy Horak, Terry and Patricia, of Amarillo, spent the weekend with Mrs. Doshia Dix.

Rockets, Rangers Split Double Header Jan. 28

By JO ANN LANGFORD

The Wellington Rockets and Rockettes met the Perryton Rangers and Rangerettes on the Rangers home court, Tuesday, January 28. The Rangerettes edged past the Rockettes to win the first game, 62-57. The Rockets won their game over the Rangers, 62-43.

The Rockettes started the game off by outscoring the Rangerettes in the first quarter, 11-10. The Rangerettes took the lead in the second quarter, by netting 18 against the Rockettes' 15. The half ended with the Rangerettes ahead, 30-25. The Rangerettes came back in the third quarter to outscore the Rockettes by a narrow margin, 17-13. Both teams kept the net popping in the fourth quarter, but the Rockettes edged past the Rangerettes by making 18 points against the Rangerettes' 16. The final score was 62-57 in the Rangerettes favor.

The Rangerettes' guards played

a man-to-man defense. The Rockettes played a zone and man-to-man defense.

High pointer for the Rockettes was Sherry Bounds with 33 points. High pointer for the Rangerettes was Linda Spence who scored 23 points, while Pyles was next with 20.

Starting lineup for the Rockettes was Sherry Bounds, Pat Tompkins, Theda Martin, Katherine Sanders, Jo Ann Crane, and Vada Bell. Marcella Savage also helped in the Rockettes' scoring. Starting for the Rangerettes were Thomas, Spence, Slack, Pyles and Wilson.

The Rockets took an early lead in the first quarter of their third conference game against the Perryton Rangers, by scoring 13 points against their opponents 8. The Rockets outscored the Rangers in the second quarter, 18-13. The half ended with the Rockets in the lead, 31-21. The Rockets came back in the third quarter to edge past the Rangers to lead again 9-8. The Rangers tried to keep the Rockets from scoring but could not hold the Rockets back, as the scoreboard showed them in the lead 22-12. The final score was 62-43 in the Rockets favor as they added another victory to their list. The Rangers

Kansas Couple Here To Enroll Son in Panhandle College

Mr. and Mrs. Verbyl Gosnell of Merriam, Kansas, visited from Thursday until Saturday with her parents, Mr. and Mrs. Cleve Graham here.

The purpose of the trip was to enroll their son, Carl Gosnell, 18, as a freshman in West Texas State College, Canyon, the school where Gosnell received his degree. Merriam is a suburb of Kansas City, and Gosnell is in the real estate business there.

Their three younger children, Jack, 14; Kathy, 7; and Vicky, 5, remained at home. En route home they stopped in Norman to visit Mrs. Carl Chaudoin.

The Gosnells formerly lived at Quail and he was principal of Quail High School.

tried to keep the Rockets from scoring so much, by pressing, but this failed.

High pointer for the Rockets was Randall Raburn with 16 points while Pat Wilkins who scored 12 points was next. High pointer for the Rangers was Mounts with 17 points. Starting lineup for the Rockets was Randall Raburn, Pat Wilkins, Jerry Elbert, Farris Woods, and Athen Lowrie. Starting for the Rangers were Mounts, Swink, Shiflet, Johnson and Carter.

Former Quail Man Back from Italy With Phillips Co.

By MRS. G. T. STEPHENS

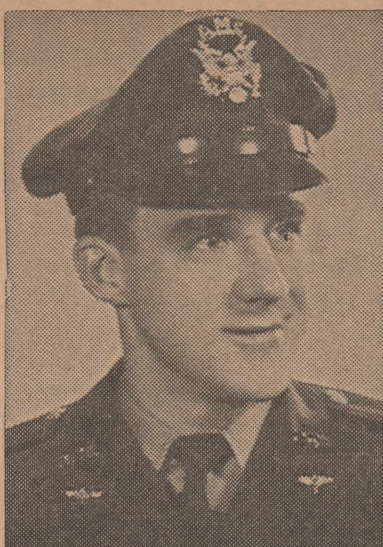

Ira Brisbin of Borger, formerly of Quail, returned home January 23, after spending three months in Italy. Brisbin, with several other Borger men, were there for the Phillips Petroleum Company, which is building a new rubber plant in Italy.

While overseas, Brisbin also visited his sister and brother-in-law, Warrant Officer and Mrs. Myron Messer, stationed in Weisbaden, Germany. Messer is an Army career man and they have been in Germany a year and a half. She is the former Cleo Brisbin. Mr. and Mrs. L. E. Brisbin, Wellington, are the parents of Ira Brisbin and Mrs. Messer.

They are all former Quail residents.

Mrs. Lacy of Turkey spent last week in the home of her son, Robert Lacy and family, of Buck Creek.

News of Men in Service

2nd Lt. Don Lacy was promoted to senior director of one of the 4 crews of the 686th Aircraft Control and Warning Squadron at Walker Air Force Base, Roswell, N. M.

As senior director, he is the officer in charge of a crew of 20 airmen. Prior to his promotion, he was duty director.

This is one of the many radar stations set up throughout the world.

Lt. Lacy was graduated from Texas A&M College and taught in Wellington Junior High before entering the Air Force. He attended officers school at Lackland AFB, San Antonio, then directors school at Tyndall AFB, Panama City, Florida, before receiving his assignment at Walker AFB, four months ago.

MUNICH, GERMANY (AHT-NC) — Army Specialist Third Class Joe R. Thompson, 22, son of Nathan Thompson, Dozier Route, Shamrock, recently completed training with the 502d Infantry in preparation for the Expert Infantryman's Badge tests to be given in Munich, Germany.

A fire team leader in the infantry's Company A, Specialist Thompson entered the Army in May 1954. He arrived in Europe in January 1956.

Thompson is a 1953 graduate of Samnorwood high school.

Dodson Wins Two Trophies In Estelline Tourney

By ALBERT MOTSENBOCKER

Both the boys and girls from Dodson High School finished third in the Estelline Tournament held last week. The girls lost their first game to Lake View by a 49 to 36 score. They won their next game from Turkey by beating them 41 to 31. In their last game they dropped Lelia Lake. The score of that game was 58 to 48.

Zenith Swift was high point girl for all three games. She scored a total of 67 points in the three games.

The Mustangs lost their first game to the Turkey boys; then came back to drop Kirkland. Turkey beat Dodson 36 to 62. Dodson won over Kirkland by 9 points. Saturday night the Mustangs downed Carey by a score of 56 to 32.

Charles Roberts, Mustang center and captain, was hurt in the first eighteen seconds of play Saturday, but he was able to get back into the game later in the first quarter.

The girls from Dodson placed two players on the all-tournament squad. They were Zenith Swift and Gaye Ford.

Mr. and Mrs. Deskins Wells were in Panhandle Sunday to attend the funeral of David M. Warren, former publisher of the Panhandle Herald, and head of the Borger and Panhandle Banks. Mr. Warren was president of the Texas Press Association for one term while Mr. Wells was executive vice president.

Mrs. Virgil Patterson and daughter, Pam, of Friona, are visiting in the home of her parents, Mr. and Mrs. Pick Bartlett of Loco community.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — By 1962 the first wave of the state's "war babies" — probably hundreds of thousands of them — will be seeking a college education in Texas.

Time to get ready for them is now, says the Commission on Higher Education.

Created by the Legislature in 1955, the Commission has spent some two years getting organized and gathering facts. Now, says the Commission's director, Dr. Ralph T. Green, it is ready to start making some "firm recommendations," beginning with its meeting February 10 in Denton.

Commission has the responsibility for studying the needs and problems of all 18 state supported colleges and universities and making recommendations and appropriate

tion requests for them to the Legislature.

Commission staff has done extensive research in areas of professor's salaries, how many students take what courses and possible need for more branches and courses in certain areas.

Several cities have been actively demanding senior college status for their junior colleges. Commission is to have recommendations on this later.

At present, says Dr. Green, Texas' 18 state colleges have some 77,913 students. By 1962, he predicted, they will have 102,000.

Statewide, the possibilities are even more overwhelming. There are some 160,000 students in both state and private colleges now, said Dr. Green, but by '62 there

will be an estimated 320,000 prospective college students.

Exact figures are not possible, of course, he said, but "there's no getting around it, the kids are there. It's almost frightening to foresee this tremendous volume and know, too, that standards must be raised to meet demands for improved scientific and technical training. But with good planning, we can do it."

POLIO PLUMMETS — Best news from the State Health Department recently is the 1957 polio figures — lowest in a decade.

Total for 1957 was 734 cases, just a little over half the 1956 total 1,307 and less than one-fourth the peak year of 1952 (3,984).

Department officials said they expect a continued, but more gradual decline, as more people take the vaccine. Shots are not likely ever to stamp out the disease completely, they said, since the vaccine does not prevent non-paralytic polio.

COME AND SEE US — Texans can garner many millions in out-of-state dollars by learning to be good hosts to tourists.

Said Tom Taylor, manager of information and statistics for the State Highway Department, "The tourist industry is one of the easiest in the world to promote. Every community has something to offer. But many Texans don't know enough about their own communities to give directions."

Considering the scarcity of promotion, said Taylor in a speech to the Texas Motor Transportation Association, it was surprising to note that Texas is fifth among the states in number of tourists. It was a \$500,000,000 industry in 1957, he said, bringing Texans more income than cotton, cattle and wheat combined.

But, Taylor, noted, competition from other states is getting stiffer, and Texans will have to work harder to get out-of-staters to spend their vacation money here.

SCHOOL QUESTIONS TO GO OUT — Some 25,000 manuals are to be mailed to counties by Feb. 15 for use in a massive study of Texas public schools.

Study guides are being sent out by the Hale-Aikin Committee which is to report to the next Legislature on school needs. County leaders will distribute the 44-page study guides to the local school districts. It is hoped that answers and suggestions will be worked out in a series of group meetings in each area.

Rep. L. DeWitt Hale, vice chairman of the study committee, said local groups should feel free to add more topics of their own. Study guide has 167 questions.

If people all over the state respond with facts, ideas and suggestions, the committee will have some 42,000 replies to serve as basis for its recommendations.

MORE COTTON ASKED — Texas should be allowed to produce more cotton this year to meet a demand for better grades, says Agriculture Commissioner John White.

Despite the cotton surplus in storage, there is a shortage of middling grades and an active demand for better grades, said White. Because of the end of the drought, he said Texas had an excellent chance to produce high quality cotton this year for the first time in eight years.

WELL WATERED — Texas goes into the 1958 growing season with the best soil moisture conditions in years, reports the U. S. Dept. of Agriculture.

High plains wheat prospects are considered the best in years.

122 Named on Quail Six Weeks Honor Roll

One hundred and twenty-two Quail students were named on the honor roll for the six-weeks period just ended, Supt. Herman Moseley announced. Of the 81 grade school students, 27 were on the A roll, while 10 of the 31 high school students were in the A group.

The list includes:

First grade, A roll: Benny Carson, Reta Cummings, Janis Gosnell and Sharon Johns; B roll: Gary Barton, John Blevins, Joe Blevins, Joe Cummings, Sharon Cummings, Michael Little and Alice Romo.

Second grade, A roll: Darrell Colton, Mary Jo Gilbreth, Cary Don Neeley, Nancy Thomas, Vicki Wade; B roll: Keith Crooks, Rhonda Emmert, Freida Minaret, Gary Mitchell, Delores Moody and William Cline.

Third grade, A roll: Judy Kay Campbell, Rebecca Holliman, Earl Feemster, Margaret Kennedy, Jerry Haralson and Linda Sue Lester; B roll: Coy Stephens, Wanda Emmert, Johnnie Hoggatt, Robert Bevins and Garland Boyce.

Fourth grade, A roll: Mary Ann Lindsey, Linda Sue Peters, Clarice Wheeler; B roll: Mary

Most areas have enough moisture to carry the crop well into spring.

In many areas growers now want "open" weather. Said USDA, "Many fields in East Texas have turned pale as waterlogged soil prevents root aeration."

Panhandle grain farmers need sunshine to prepare for spring planting and Valley vegetable growers to harvest the winter crop.

FLU UP AGAIN — Number of flu cases in Texas climbed in January, but was no where near the October peak.

According to State Health Department officials, estimated number of cases at end of December was 3,411. In successive weeks totals went up to 4,301, 4,820 and 8,800.

But during the October outbreak the total reached 40,000.

Gov. Price Daniel was among the recent victims.

SHORT SNOTS — Texans salted away \$94,382,837 more in their bank savings accounts in 1957 than the year before, according to the State Banking Commission. Increase was from \$288,703,258 to \$383,086,095, a jump of approximately 24 per cent. . . . Atty. Gen. Will Wilson has been asked for an opinion as to constitutionality of the law prohibiting an insurance company official's making a gift to an Insurance Department employee. Opinion was asked by the district attorney of Randall County, locale of Estate Life Insurance Co. Estate's president, John L. McCarty, was recently deposed after testimony concerning a \$2,000 gift to a state employee.

John Wayne—"CONQUEROR"
in beautiful color

Eventually every owner of an outboard motor boat faces this problem: Should I leave my boat in the water, or should I buy a trailer?

That's exactly the question that was asked by one of the readers of this column. And I'll try to answer it.

Leaving the boat in the water continually calls for the monthly payment of a stall-rental fee. It's either that or ownership of a dock. And owning one is far more expensive than renting. But there are many other angles to consider, besides the docking cost.

A fellow who keeps his boat in the water all the time always has it available for immediate use. He saves time launching and loading, not to mention the cost of buying a trailer. Something else too—he eliminates the problem of where to store the boat and trailer. Also the problem of transporting trailer and boat from home to lake.

Loading and unloading a boat, at best, is no easy matter. It requires at least two persons to do the job, even for the smallest runabout. And usually it necessitates leaving your car in a not too desirable location—with the added possibility of theft or damage to car and trailer.

Also well worth considering is the possibility of damage to the boat while loading and unloading, as well as in transportation to and from the boating locale.

TIME ELEMENT IS IMPORTANT

Important to most of us is the fact that it takes far more time to get aboard—from the moment you decide to go boating—if you have to be bothered with hitching and unhitching a trailer, and unloading and reloading the boat. A boat already in the water is ready for instant use—or almost so—depending on whether you first have to remove a tarp and tidy up a bit.

There's the maintenance problem of the trailer—small but ever present.

Finally, and as important as any feature to us, is the matter of finance... the cost of buying a trailer, an annual license, and insurance.

Now, let's look at the other side of the picture... the advantage of having a trailer... and not keeping the boat in the water all the time.

In the first place the cost of building a dock, or the expense of stall rental eventually would pay for the trailer.

Another mighty important point to consider is the advantage of moving the boat from one lake to another. In Texas with its many lakes and rivers and the Gulf Coast area, available for fishing or boating, this is a highly important point in favor of trailer ownership.

I kept a 14-foot, fiberglass Fleetform boat in the water for a year before buying a Little Dude trailer, so I speak from some experience when I say that keeping a boat in a public dock has its worries, even though the dock be well guarded. While there isn't as much fear of someone stealing your boat or your motors from a public dock, as from a private dock located in some remote spot on the lake, there is the ever present worry about pilfering.

If you are going to have your boat readily accessible so that you can take your friends and business acquaintances boating on a moment's notice, you must leave it in all the necessities of boating. Namely gas tanks, a battery, several life preservers and a couple of oars.

In addition, a fellow should take along a few extras. For instance, I never go out day or night without an emergency spot light with a built-in red blinker—A Burgess Radar-Lite—and I've been mighty glad on more than one occasion that I had it along. Ever present is an extra long coil of rope, an anchor with rope attached, several bumpers, and at least two mooring snubbers.

In toto that's not much. But they are "loose" items, and they can be stolen. All of which adds up to the fact that pilfering items from a boat is a constant worry unless the dock is well guarded. I have heard of more than one person who has lost a motor, not to mention the smaller items.

BEWARE OF "BORROWERS"

Then there's another problem.

STATUE FOR TWO—The postwar craze for motor scooters, particularly in Italy, is now immortalized in this bronze sculpture by Milton Hebard of New York. Hebard apparently doesn't share the scooterists' enthusiasm, for he titled the work, shown at a Rome exhibition, "The Rape of Italy."

The temptation to joy riders. Every so often one reads of thrill-seeking kids who, out of sheer devilment, "borrow" a boat. Some are not too careful with them either. It was only last year that four boys commandeered a brand new runabout and, after a wild midnight ride, finally sank it in Lake Austin. The boat was less than 24 hours old, and the kids were less than 21 years.

More and more outdoors are coming equipped with keys. But a youngster bent on borrowing can short one out in short order. Sort of like locking your motor to your boat. If they are going to steal it, a lock won't make much difference.

There is another kind of "borrowing" too. The honest kind. Some people think nothing of asking you to loan them this or that. How valuable it is makes no difference. No man likes to loan his boat. But your borrowing friends are more likely to ask for the loan of your boat if it's already in the water.

A regular problem of all motor boat owners is "gassing up". You gotta have the petrol to percolate. Some of the lakeside gas stations are virtually inaccessible to all but the expert boatman. Far too many are in difficult to reach locations.

With our trailer, however, we just drive up to a Humble station, gas up the car, tell 'em to put white gas in the boat's tanks (along with outboard motor oil) and roll on our merry little way. Sure lots easier than trying to fill up while in the water.

Not all stations carry outboard oil and white gas. But most Humble stations do. If not, they

do have regular gas. It's next best. But avoid the high octane, treated stuff. It tends to gum up your motor, especially after long periods of inactivity.

There's something else to consider. If you leave your boat in the water, keep your eye on the weather. Heavy rains may fill your boat. And a sudden rise in

the lake level may cause you plenty of trouble, even sinking.

Once a year every boat owner should take his boat out of the water and give it a good cleaning. Scum will collect on the bottom of any boat—fiberglass, metal or wood. Some boats need painting every year. All boats and especially the motors, need at least an annual examination. If you own a trailer this is a relatively simple matter. Otherwise it is a problem of borrowing a trailer, or renting one, or paying for transportation and an inspection-overhaul.

To put it briefly, we like the trailer idea. But if yours is a big boat, or an inboard, leave it in the water. It's a big job to move a large boat! So if it's an 18-footer or over, better let 'er float.

Bobcats Take Twinbill from Rockets Friday

By JO ANN LANGFORD

The Wellington Rockets and the Childress Bobcats met for the first time this season in a District 2A-3 play, Friday night, January 31, on the Skyrocket court. The Wellington and Childress "B" teams also played. The Childress "B" won the game, 68-23.

The Childress "A" team edged past the Rockets 64-58. The Skyrockets gym was packed with excited Skyrockets and Bobcat fans.

The Rockets got off to a good start by outscoring the Bobcats in the first quarter, 20-16. The Bobcats came back in the second quarter to keep the net popping by netting 22 points against the Rockets' 10. This is where the Rockets lost the game. The half ended with the Bobcats out in front, 38-30. Both teams came back in the third quarter to score 10 points each. At the end of the third quarter the Rockets were 8 points behind. The Rockets just couldn't seem to keep control of the ball as the Bobcats outscored them in the fourth quarter, 28-18. The Bobcats made most of their points in the fourth quarter from recovering the many fumbles made by the Rockets. The Rockets lost their first conference game this

season as the Childress Bobcats edged past them 66-58.

High pointer for the Rockets was Randall Raburn who scored 26 points. High pointer for Childress was Jerry Lane with 22 points.

Starting lineup for the Rockets was:

Pat Wilkins, "Goose" Elbert, Randall Raburn, Farris Wood, and Athen Lowrie. Carl Daves also shared in the Rockets scoring.

Starting for Childress were David Seals, Jimmy Conner, Jerry Lane, Hugh Fritch, and Butch Forha.

The "B" team game started off with the Childress "B" team leading in the first quarter, 18-11. The Bobcats came back in the second quarter to take the lead again, 19-6. The half ended with the "Little Rockets" lagging behind by 20 points, 37-17. The Bobcats had more height than the Rockets. The Rockets were also

slowed down when four of the Rocket players fouled off. The final score was 68-23 in the Bobcats favor.

Carroll Nunneley and Billy Lockhart tied for the Rockets' high pointer with 6 points each. Jim Holeman was high pointer for the Bobcats with 16 points.

Starting lineup for the Rockets was: Carroll Nunneley, Billy Lockhart, Ronnie O'Rear, John Duncan, and Weldon Cleveland. Others who helped in the Rockets' scoring were Bill Estes, Granville Killian, Robert Weir, Eldon Owens, Donnie Moore, and Mike Rainey.

Starting for Childress were Eason, Holeman, Merrel, Hopkins and Hamilton.

Kendrick Honored At Insurance Sales Meeting

Ernest Kendrick, Perryton agent for the Great Southern Life Insurance Co., was presented a wrist watch for his 1957 production record with the company at a meeting of the Panhandle Agency in Amarillo. A former Skyrocket football star, Kendrick is the son of Mickey Kendrick.

Kendrick also received a \$100 savings bond for having turned in at least \$5,000 a week for each week of 1957. Roy Reinarz, district manager, pointed out that Kendrick has produced at least \$5,000 in new insurance business every week since he joined the company in June, 1954.

Panthers-Pantherettes Win from Childress

The J. J. Rhoads Tigers and Tigerettes of Childress dropped two games to the Wellington boys and girls last week at Wellington.

Although the Tigerettes started off with a two-point lead in their game with the Pantherettes, they really lost the game, 23-10, in the first quarter. Halftime score was 12-6 for the Pantherettes. By the fourth quarter the Tigerettes were completely closed out. Francine Childs of Wellington held the high score of 12 points.

The Tigers-Panthers contest was almost as one-sided with a final score of 44-30. Wellington outscored the local boys in every quarter except the fourth when the Tigers scored nine points to the Panthers' four. The Panthers were ahead 24-14 at halftime. Harold Davis got 16 points for the Tigers, and Roland Powell was high scorer for Wellington with 15 points.

Report to the People of Collingsworth County

Last year when I was elected your county attorney I gave you a report on the financial condition of Collingsworth County and I want to again give you a report which reflects the following facts:

CURRENT operating funds showed outstanding warrants and money borrowed at the bank according to the report of the finance committee as of January 30, 1957 **\$70,857.90**

CURRENT operating funds showed outstanding warrants as of January 31, 1958, as reflected by report of County Treasurer **6,046.34**

Our current operating funds are \$64,811.56 better off now than at this time last year. The 30-cent tax voted, paid off approximately \$12,000.00 of this amount.

The road funds show the following obligations for the year 1958:

Road and Bridge Fund started as of January 1, 1958 under the unit system—Outstanding Warrants Jan. 31, 1958 **\$ 2,077.86**

	Outstanding Warrants	Lease Purchase Contracts Principal	Total
Precinct No. 1	None	\$ 2,500.00	\$ 2,500.00
Precinct No. 2	\$ 3,968.48	\$ 4,306.28	\$ 8,274.76
Precinct No. 3	None	None	None
Precinct No. 4	None	\$ 3,950.00	\$ 3,950.00

The above lease purchase obligations are only the yearly obligation due under contracts entered into in prior years and does not include interest, and is not deficiency in current funds.

THE FOLLOWING SHOWS COMPARISON OF LONG TERM INDEBTEDNESS:

	1957	1958	Principal Reduced
Road District No. 1	\$66,000.00	\$64,000.00	\$2,000.00
Right-of-way Bonds	30,000.00	25,000.00	5,000.00
Court House and Jail	71,000.00	67,000.00	4,000.00
Road & Bridge Bonds	96,000.00	90,000.00	6,000.00

TOTAL REDUCED PRINCIPAL **\$17,000.00**

There was \$7,166.25 interest also paid on the above indebtedness in year 1957.

We are closing the individual precinct accounts as soon as all old obligations have been paid and operating the county roads out of one fund according to the law of the Unit system.

At the present time all the other funds are now in the black and have no outstanding warrants against them.

It is my opinion that if the present budget is followed for the year 1958 that as of January 1, 1959 all the funds will be in the black and will have no outstanding warrants issued against them and there will be operating funds in each account.

This has been a year of decision for Collingsworth County and the officials, with the help of the citizens, have achieved a great success at straightening out the financial condition of the county and they should be commended for their cooperation and I especially want to thank the finance committee for their help and cooperation.

Respectfully submitted,

PAUL SPILLMAN

COUNTY ATTORNEY

Washington School Host to District 1-B

Booker T. Washington school will be host to the District 1-B basketball tournament Saturday, February 15, in the Wellington high school gymnasium, Coach Lorenzo Person announced this week.

Nine teams will compete: boys teams from Wellington, Shamrock, Childress, Pampa, Quanah and Memphis, and girls teams from all those towns except Shamrock.

Winner of the boys division will go directly to the state meet February 22 at Prairie View College, Prairie View.

The girls do not play in state competition.

The drawing will be held at 9 a. m. and playing will follow a short time later. The Wellington girls, the Pantherettes, won last year's district championship, while

Mrs. Tiffin Young Buys Jay's, Plans Open House Sat.

Mrs. Tiffin Young announced this week that she has bought Jay's restaurant from Floyd Hood and will hold open house all day Saturday, February 8, in her new business. Mrs. Young has operated the Highway Cafe on Highway 83 for the last year.

Free coffee and doughnuts will be served all day Saturday and Mrs. Young invites the public to visit her.

The interior of the building has been redecorated and repaired throughout and the exterior has been repainted. The knotty pine finish has been retained in the restaurant proper and in the small dining room, which has been put back. The large dining room was finished in white with colorful touches.

The large dining room will be available for Sunday dinners and also for special occasions, such as parties, wedding rehearsal dinners, dinner meetings and banquets and other gatherings of similar type. Set at one side of the cafe proper, the dining room is assured complete privacy.

Some new equipment has been added, along with new curtains for the cafe section.

All personnel working with Mrs. Young in her old location have moved to Jay's, including Mrs. C. E. Sutton, cook, and Mrs. Virginia Jones, Mrs. Haskell Baggett, and Ross Morrow. Other employees will be added.

Rules on Surplus Commodity Plan Are Announced

Surplus commodity applications covering 1,013 persons have been made to date, information from the office of County Judge R. L. Templeton disclosed.

This represents a total of 177 white families with 614 persons and 94 colored families with 384 persons.

The following instructions have been issued by Mrs. A. V. Lowrie, who is administering the surplus commodities program:

If the person to whom the surplus commodities identification card is issued is unable to come in for his commodities, the person calling for the commodities must present the case name's commodity identification card, together with a signed statement identifying the person chosen to act for him, authorizing the issuing officer to deliver the commodities to that person.

Each person calling for commodities must bring his own container in which to put the food.

Those approved for the program will be issued an identification card when they come for their commodities. In case a card is lost or misplaced, an additional card will cost 25c.

Anyone who is receiving commodities who is offered a job, and who is physically able to work, but does not accept the job, will be investigated and restricted from receiving commodities.

Mrs. Lowrie said that any person needing a hired hand or someone to work may contact her at the court house and she can give a list of those needing work.

Best All-Around Named at Quail

Judith Ann Wilson and Ronald Cummings have been named the best all-around girl and boy of Quail high school, among the top honors to come to a student there.

The selections were made by teachers voting by secret ballot, based on the students' scholarship, citizenship, and participation in school affairs.

Judith, 15, is the daughter of Mr. and Mrs. Woodrow Wilson of Lillie Community. A sophomore, she has been an officer of the Future Homemakers and of her class, she is pianist of the chorus, plays basketball, and is active in work of the Lillie Baptist Church.

Cummings, son of Mr. and Mrs. Fred Cummings, of Marella, is a senior. He is a member of the judging teams of the Future Farmers, has been a class officer, participates in sports, and is on the staff of the high school annual and the school paper.

The couple is active in the Baptist Church.

They have rented the home of Mr. and Mrs. Lloyd Harper on Ellison Street, just east of Ellison Park. They have three children, all married: Mrs. Harold Prather and Dale Privett of Childress, and Claude Privett Jr. of Dallas.

Three to Memphis Boxing Tourney

At least three and possibly more Wellington youths will participate in the second annual Memphis Boxing Tournament at the high school gym there Thursday and Saturday, February 6 and 8. There will be no Friday sessions.

There will be no Pee-Wee division this year and weights start at 105 pounds. Weigh-in time is until 6 p. m. Thursday and fight time is 8 p. m. both nights.

County Judge R. L. Templeton said boys already planning to enter are Clinton Gibbs, 135 pounds; Gene Kittrell, 118 and Douglas Kittrell, 112. Other boys wishing to box in the tournament may do so, Templeton said.

Frank Smith is tournament director and Ladell Pugh and Doug Graham referees.

Raymond McGill Will Operate Gordon's Freeze

Mr. and Mrs. Raymond McGill have leased Gordon's Old Fashioned Freeze and have re-opened that business, located at the corner of West Avenue and 10th Street, across-corner from the Post Office.

The business will be open from 11 a. m. to 11 p. m., with curb service beginning at 4 p. m. each day. Customers may phone in their orders which will be ready when called for. Delivery service is not offered.

Mr. and Mrs. McGill are serving hamburgers, sandwiches, pop of all types, and the Gordon's Old Fashioned Freeze, for which the place is known.

Already well known here, Mrs. McGill formerly taught in Wellington and Samnorwood, and McGill is with the National Guard and farms. They are inviting their friends to get acquainted with their new business.

Owners of Gordon's Old Fashioned Freeze are Mr. and Mrs. Dewey Hesser of Stillwater, Oklahoma, who were here to help Mr. and Mrs. McGill with the reopening.

El Paso Buys 400 Acre Gas Lease

E. A. Smith, W. J. Clay and Service Drilling Company of Tulsa, Okla., has sold El Paso Natural Gas Co., the gas lease on 400 acres of land in north Collingsworth County. The sale was subject to royalties, including shut-in gas well royalties, overriding royalties and others.

The tracts included the W/2 section 71, block 17 leased by W. E. Brashears and wife in September 1957; and the NE/4 of SW/4 section 13, block 17, leased from October to December by Alise E. Cotney Brown and husband, M. P. Brown, Zearl James Cotney and wife, Beulah Cotney, Robert Cotney, Barbara Louis Cotney George and Jesse George, and O. J. Walker, guardian of Eva Beatrice Cotney.

Welfare Worker To Bi-Area Meet

The Business Women's Circle of the First Baptist Church met Monday evening in the home of Mrs. E. C. Clement for their regular monthly meeting.

After a covered dish supper, Rev. Russell Pogue gave the opening prayer.

Taking part on the program were Mesdames H. A. Davis, Ernest Harwell, Donnie Huston, and Misses Doris White, Mary Hays, and Mabel and Inez Clement.

Mrs. Charles Cason Sr., gave a demonstration on the Mission Study.

Mrs. Russell Pogue gave the closing prayer.

The next meeting of the circle will be in the home of Mary Hays March 3.

Harwell Shetland Sells for \$2,500 In Ulysses Sale

Ernest Harwell last week sold a Shetland stallion, Ulysses Hot Toddy, in a Shetland auction at Ulysses for \$2,500.

The sale, conducted by Clark McKelvey, was the highest average shetland sale ever held in the United States, Harwell reported.

Ulysses Hot Toddy, of Crescent breed, was bred at Ulysses and bought by Harwell from a Shetland dealer at Perry, Oklahoma. He is a four-year-old sorrel with white mane and tail.

Harwell has several other head of ponies at his barn at the intersection of Highways 52 and 83.

Junior Teams Split Games

Wellington Junior High Firecrackers won over the Memphis boys 24 to 19, while the Crackerettes, who were supposed to have won this game, lost it 27 to 22. The games were played at Memphis.

The girls had the game their way until just before the game ended, when Memphis scored to make it a tie. They scored again in the overtime period. Wellington junior high girls were the winners in a game played here earlier in the season.

High scorer was Linda Millsap, with 13 points. Helen Howard of Memphis was next with 8.

The tall Memphis boys failed to get their machine working and Jackie Daves scoring ability accounted for 16 points. Nearest to him was Ables of Memphis with 10.

Sweet Tooth—

(Continued from page one)

Judge Templeton, sitting as juvenile judge, found two of the group not delinquent and ordered them released, on the grounds that although they were with the others when the thefts were committed, they did not participate.

The other juvenile was placed on probation in custody of his father. The family is moving to another part of the state, where the boy will be placed in school. The youngster spent 6 days in the juvenile ward of Childress County jail. It is expected that Wheeler and Hall counties will accept the local disposition of the juvenile case.

The other two boys involved in the case were 17 and appeared before the grand jury as adults.

County Finances—

(Continued from page one)

and \$2,077.86 outstanding warrants in the Road and Bridge fund, incurred January 1 to January 31, 1958. This latter is simply to pay for road work done during January, under the new unit system.

With car tag money coming in, Spillman pointed out that these \$6,046.34 in outstanding warrants will be paid off by April 15. Payment will be made on the basis of the oldest warrants first, each warrant being paid in the order that it was issued.

After April 15, he estimated there would be plenty of cash in the road and bridge fund for the remainder of the year.

All other funds are operating in the black already: general fund, officers salary fund and court house jail fund for current expenses (not to be confused with the court house and jail bonds.)

It is the opinion of the commissioners court, the county attorney, other officials and interested citizens who have studied the county's current financial status that the county will be operating in the black by the end of 1958, owing only the long-time indebtedness and debts for shorter terms, such as the lease purchase contracts on machinery.

Mr. and Mrs. Ed Brown of Abila called on friends and relatives in Wellington Sunday afternoon.

Emergency Road Funds Distributed

Funds made available to Collingsworth county through a disaster program approved by Congress last year have been distributed among three of the four county precincts, to reimburse them for expenses incurred repairing damage from flooding and heavy rains.

The funds total \$6,428.00. The greatest damage to roads and bridges was suffered in Precinct 3, which received \$3,578 reimbursement. Precinct 4 received \$1,820 and Precinct Two \$1,030. Precinct 1 was not included in the program.

Farmers Tax Guides Ready

Farmers Tax Guides are now available in the office of the county agent at the court house, Bob Lynch, new agent, reported this week.

He reminded farmers that their income tax is due February 15 unless an estimate of the tax has been paid already.

March of Dimes Drive Completed

Royce Daves, March of Dimes Chairman, said this week he is well pleased with the co-operation given during the February Drive. The drive has brought in \$831.05 and not all funds are reported, he said.

The talent show and auction Thursday, January 30, which closed the drive, grossed \$831.05.

Mr. and Mrs. Fred Alexander of Abilene, were weekend visitors in the home of their parents, Mr. and Mrs. Clyde Alexander of Dodson.

STRICTLY FRESH

AT postholiday fur sales, some folk come away with mink and others get skunked.

Fellow whose girl jilted him the day after Christmas says that she sure had presents of mind.

The thingummy you got that you don't know what to do with will make a fine gift for someone next Christmas.

Some folks like to leave holiday decorations up for several weeks into the New Year, and others aren't quite so lazy.

The fellow who first put carrot seeds in rye bread obviously still had his own teeth.

Personal

Mrs. Tom Harwell is visiting in Wichita Falls with her son and family, Mr. and Mrs. Tom Harwell.

Mrs. Pete Scott was called to Amarillo Sunday night because of the illness of her granddaughter, Deborah Lynn Aaron. Deborah, who is the daughter of Mr. and Mrs. Cal Aaron, is much better now and Mrs. Scott returned home Monday.

SWAT

these three "D's"

There are three devilish "D's" which menace every business:

DISHONESTY of employees, burglary, robbery and forgery.

DISAPPEARANCE of money or securities, possibly with no trace or evidence.

DESTRUCTION by accident or design (including fire, flood or explosion.)

Call us today and let us explain our America Fore 3D Policy which will guard you against these 3 Demons.
