Longhorn's Outlook Optimistic

Optimism rules the outlook for the upcoming football season despite the 3-7 record posted last year by the Hart Longhorns. Fourteen returning lettermen plus four others who saw a good bit of play are reason for Longhorn fans to expect better things this year.

"We had real good participation all summer in the summer recreation program," said Head Coach Buddy Pierce. "There's been lots of enthusiasm and we're real optimistic about the new season."

"Top of Texas" Football Magazine picks the Horns to finish fifth in the district while "Dave Campbell's Football" goes with second place.

"Top of Texas" cites Daniel Higgins, Nathan Ingram, Tommy Washington, Isais Ponce, Benny McLain, Derek Rich, Chad Black and Jesse Gonzales as players to watch.

Shoes were passed out Wednesday evening and the Horns report for two-a-days Monday. Their first

scrimmage game is slated for Friday, Aug. 24 in Longhorn Stadium with Roosevelt as the foes.

The Horns will travel to Hale Center Aug. 31 for a second scrimmage game and will open the '79 season Friday, Sept. 7 against the Bulldogs in Anton. First home game is Sept. 14.

New Courses Offered At High School

A number of new course are being offered this fall at Hart High School. Students may enroll in trigonometry, art, choir and photography.

Students interested in any of these courses as well as chemistry are asked to contact Ed Ammons, HHS principal, at once. Ammons may be reached at school, 938-2141.

Vacation Ends For Students; Registration Begins Aug. 21

Summer vacations are nearing an end for students in Hart school district. School bells will ring out Thursday, Aug. 23.

Registration schedules have been announced by principals of Hart schools, beginning Tuesday, Aug. 21. Senior students will register between 1 and 2:30 p.m. Aug. 21 with juniors coming at 2:30 to 4 p.m.

Sophomores will begin registering at 8:30 a.m. Wednesday, Aug. 22 continuing through 10 a.m. Ninth graders are scheduled to register from 10:30 a.m. to 12 noon.

Eighth grade students may register from 1 to 2:30 p.m. Aug. 22 followed by seventh graders from 2:30 to 4 p.m.

Elementary students may register in the elementary gym between the hours of 8:30 a.m. and 12 noon and 1 to 4 p.m.

Kindergarten students must bring birth certificates and immunization records. To be eligible for kindergarten, a student must be five years of age before Sept. 1, 1979.

Teachers in Hart schools will hold in-service Monday, Aug. 20.

Ed Ammons, HHS principal,

announces that all students should be reminded that they must be in class the first period of the first day of the 1979-80 school year in order to qualify for perfect attendance.

Local members of Castro County Farmers Union hosted a meeting Tuesday night in the school cafeteria for the purpose of learning more about the production of alcohol for fuel use.

Directing the meeting was Doug Higgins, president of the organization. Invocation before the meal was pronounced by Harold Bob Bennett.

Higgins introduced Jerry Gee of Spearman, who spoke to the group explaining what several men in Spearman had learned about producing fuel alcohol.

Gee, who is the president of Hutcherson County Farmers Union and a farmer in the Spearman area, stated that a bill had been passed in

State legislature making it legal to produce alcohol for fuel production and that Texas needed to move ahead now and get some plants set up and running or "we'll be behind everyone in the nation."

He said in the beginning, at Spearman five or six men had decided to build an alcohol producing plant, but since had decided to sell stocks to any interested person.

"The plants are simple . . . I was surprised that they are so simple to build. Everyone had kept telling the farmers that it couldn't be done because of the complexity of the plant. We went to Colby, Kans. and looked at a working plant that produces alcohol

Longhorn Stadium Reserve Seats Can Be Purchased

A large selection of reserved seats in Longhorn Stadium remain to be purchased. Reserve seats, with backs, are selling for \$20 and entitle ticket holders to their "saved" spots during the six home varsity games of the 1979 season.

During the summer, bleachers on the home side of Longhorn Stadium were revamped with aluminum seats. The reserve section also received back rests.

Persons wishing to purchase a seat in the reserved section are asked to contact the business office at Hart High School.

Board Members Met In Special Session

School board members met in special session July 30 and employed Mrs. Brenda Campbell as junior high and high school teacher for the 1979-80 school year.

Mrs. Campbell has been employed by Hart Independent School District five years. She was employed last year as fifth grade teacher in Hart Elementary School.

Services Held In Forestburg

For Former Resident

Services were held at 2 p.m. Wednesday, Aug. 1 in Forestburg for Mrs. Eula Moore, former resident of Hart and mother-in-law of Mrs. J.C. Box. Mrs. Moore died July 30. She would have been 89 Aug. 14.

Mrs. Moore had been a resident of a nursing home in Muenster since breaking her hip in a fall four years ago.

Survivors include one daughter, Mrs. Wanda Perryman; seven grandchildren; three brothers and two sisters.

Mrs. Box and Carla and Mrs. Charlott Lemaster of Tulia attended the services.

Gasohol Meeting Held

for fuel production.

"Sixty pounds of wheat makes a total of 2.60 gallons of alcohol and the waste product is a 30 percent protein feed . . . 17 pounds. The production of alcohol from our grains would hurt some of the elevators. The oil companies don't like it and the distilleries don't like the idea either."

"But, we are faced with rising costs of gas and short supply and we have to have an alternate energy. Someone predicted several years ago that the next generation of wealth would be someone who comes up with a liquid fuel, and that time is here now."

Gee told the group that it would take Continued to page 4

WRONG BOAT? - Armando Montemayor son of Mr. and Mrs. Antonio Montemayor, caught this 41½ lb. drum fish in the Gulf of Mexico near Corpus Christi recently. He boarded what he thought was a "sightseeing" tour boat and found out after he was at sea that it was fishing boat. The "wrong boat" turned out to be the right boat after all.

Some have asked, "What is 4-H?"

4-H is a youth development program of the Texas Agricultural Extension Service, which focuses on the needs, interests and concerns of young people. Its aim is to help youth gain a positive self concept, rational social behavior, knowledge and problem-solving capabilities. Boys and girls between the ages of 9 to 19 from all ethnic, racial, cultural and economic groups, regardless of geographic localities, may participate.

Through planned individual projects, meetings, group activities and participation in local, county, regional, state, and national events, members develop new skills, learn cooperation, develop leadership abilities, improve their citizenship and have fun.

Although early work in 4-H concentrated on agricultural and home economics subjects, today's 4-H and youth projects have been broadened to involve youth in urban as well as rural families. Emphasis is on helping youth develop skills to better cope with demands, events and opportunities in their everyday lives.

Youth can participate in 4-H activities through the 4-H club which is a continuous organization with one or more volunteer leaders and elected officers and project groups where members work on one project or subject matter area.

4-H is sponsored jointly by the Texas Agricultural Extension Service of the Texas A&M University system; Extension Service, USDA; and County Commissioners' Courts. Private donors provide additional program support.

Volunteer leaders are the cornerstone of the 4-H program. They conduct educational activities with youth and serve in other specialized roles.

Orientation and assistance with the

local 4-H program is provided by County Extension Agents in each county. State and area 4-H and youth specialists support county Extension agents with materials and assistance in programming.

Youth can be involved in numerous projects including bicycle, woodworking, aerospace, automotive, dog care, career exploration, consumer information, public speaking, photography, teen exploring parent education, landscape horticulture, recreation, and safety.

4-H also provides opportunities for scholarships and travel, meeting new and interesting friends from across the country.

The 4-H emblem is a four-leaf clover with the letter "H" on each leaf. The four "H's" stand for Head, Heart, Hands, and Health. Leaves of the clover are green and the "H's" are white. The white is for purity. Green is nature's most common color and is symbolic of youth, life and growth. The 4-H Motto is "To Make the Best Better". 4-ers pledge is:

My head to clearer thinking, my heart to greater loyalty, my hands to larger service, and my health to better living, for my club, my community, my country and my world.

The 4-H Prayer is:

Help my, O Lord, to live so that the world may be a little better, because Thou didst make me.

If you are interested in knowing more about the 4-H program, contact me at the County Extension office, 647-41115.

HOPE RIOS

Cook Of The Week

Wedding plans take top priority for the young woman featured as this week's cook. Esperanza "Hope" Rios will become Mrs. Ruperto Martinez Aug. 25 in a ceremony to be held in Sacred Heart Catholic Church in Plainview.

A 1974 graduate of Hart High School, Hope smiling acknowledges that becoming a homemaker will turn cooking from a "now and then" hobby into a full time responsibility. She shares recipes for a yummy dessert treat, a tasty way to prepare beets and "Texas Hash".

Reading is Hope's favorite way to spend leisure time.

Born in Mathis, she moved to Hart about 12 years ago with her parents, Mr. and Mrs. Ernesto Rios. Her dad is employed with Frito-Lay. She has three sisters and one brother and is proud of her second niece, a little miss born on her parents' silver wedding anniversary.

Gasohol

approximately three days to build a plant, like the one in Colby, Kans. Plants are being sold by the company in Colby, but a person has to be a member of Renewable Ag Energy Corporation and attend a week's training at the plant before being able to purchase such a plant.

An energy meeting is being planned for Sept. 6 in Lubbock, beginning at 9 a.m. Two Texas Tech professors will discuss the production of alcohol and several knowledgeable persons, who have already begun production of alcohol and those who have been making a deep study of the process, will be on hand to discuss the pros and cons of the fuel additive. The all day affair has been tentatively scheduled to be held at Plains Co-op Oil Mill. If the roster of persons who wish to appear on the program keeps growing, Gee said that the meeting would possibly be moved to the Civic Center.

Bert Shubert, also of Spearman, told of that city's intentions as to drawing up a charter for their gasohol plant. He explained the by laws and the process

of getting a charter for such a co-op.

At the present time, there have been 700 applications for permits to produce alcohol in the State of Texas. Gee said he feels that this production needs to be kept in the hands of the farmers or the big corporations will get hold of the plants and "in ten or twenty years, we'll be dependent on them, just like we are the oil companies today."

The meeting was adjourned and benediction spoke by Weldon Davis.

Cow-Calf Show Slated For Fair

Amarillo Chamber of Commerce and the American Hereford Association will provide \$1,000 in prize monies for a special cow-calf class to be shown in the first Hereford Register of Merit Show held at the Tri-State Fair in September.

Each entry in the special class will consist of four animals: one cow with bull calf and one cow with heifer calf. First prize for the best of class will be \$150 from the C of C and the AHA, a silver belt buckle from the Panhandle Hereford Breeders Association, and a trophy and first place ribbon from the Tri-State Fair.

The show has been named Jay Taylor Register of Merit Show in honor of the worldwide leader in the cattle industry. Taylor owns the Rafter O Ranch near Vega and the HH Ranch at

Magdalena, NM.

In the special cow-calf class co-sponsored by the C of C and the Hereford Association, no fitting, grooming or clipping on cows or calves will be permitted, according to Bob Carthel, C of C Agri-Business committee chairman. Blowing out will be allowed to clean up cattle, he continued.

The split for the top ten places in the special class will be \$150 for first, \$140 for second, \$130 for third, \$120 for fourth, \$110 for fifth, \$100 for sixth, \$90 for seventh, \$70 for eighth, \$50 for ninth and \$40 for tenth.

"This is the first Register of Merit Show held by the Hereford Association in Amarillo. It is a big honor while, additionally, nearly doubling the prize monies for all Hereford classes at the fair," Carthel said.

Customer averaged billing plan

Southwestern's Averaged Billing Plan is designed to minimize the ups and downs in your electric bill.

If you've wished the amount of your electric bills could be more consistent every month instead of changing so much between seasons — here's a way...

The Averaged Billing Plan is provided to HELP SMOOTH OUT THE HIGHS AND LOWS that occur in your electric bills. As the name implies, this plan arranges for you to pay an "average" rather than the actual amount used each month.

Who's eligible for this plan?

Any residential customer with satisfactory credit, whose average bill is \$25.00 or more, can request the Averaged Billing Plan.

How to get started.

All you have to do is call

Southwestern Public Service Company. There's no charge for participation in the Averaged Billing Plan. If for any reason you decide to drop the plan once you've started, just notify us. Payment by Automatic Bank Draft can also, in most cases, be arranged.

This is how the Averaged Billing Plan works.

The dollar amount of your electric bill each month will be determined by averaging the actual dollar amount of your bill for the past 12 months. When the amount you have paid does not cover the amount you have used, 15 percent of the difference will be added to your monthly average.

So, the Averaged Billing Plan does not change your rate, but allows you to pay less during high-use months and make up the difference by paying more during low-use months.
