Lions Roar

There will be a directors meeting next Thursday night at 7 p. m. Don't forget if you missed last week's good meeting you can make up by attending directors meeting, keep up your attendance record and help the club.

Lions L. D. Messer, A. L. Davis, M. D. Shaw and Frank Murray were presented with silver keys at last week's meeting. Get two new members and you are entitled to the key award. Now is the time, the club needs the members and you need the key.

Ladies night will fall on the last Thursday in November which is the second Thanksgiving night. Maybe we should be thinking about having a big one then.

Park Committee Expresses Thanks

We, the park committee, and every citizen of Hedley wish to thank the West Texas Utilities Co. for the lights that they installed in our park last week, also for the cash donation of \$25.00, the poles and wire, and the labor of their employees. We also want to include Mr. A. A. Cooper who has donated a few hours labor each time cared for the park, Mr. Marshall Stone, who was so kind to prepare the ground for installing our merry-go-round; also to the following boys who have helped mow the park, Benny Sims, Bill and Bud Reeves, Don Cox and Bobby Stine. —And to everyone who has had a part and an interest in the on-going of our project, we say thanks.

Mrs. Leon Reeves
Mrs. John Biard
Mrs. Hobart Moffitt

Boy Scout News

At Monday night's meeting the scouts voted to sell tickets for the American Legion to obtain money to go on a camping trip. Ticket sales will start next Wednesday. Scouts can obtain tickets from Scoutmaster Johnson at the bank.

Mr. and Mrs. Anthony V. Radetich of Los Angeles, Calif., visited here last week end. Mrs. Radetich is the former Cordia Holland.

Mrs. J. F. Hill Lucky At Tri-State Fair

A Hedley woman, Mrs. J. F. Hill, was very fortunate Sept. 29 in being on the "Welcome Traveler" program at the Tri-State Fair.

For having the largest family of any woman present, Mrs. Hill received a worthwhile mark of distinction in the shape of a \$300 Tappan range.

Mr. and Mrs. Hill have had 18 children, 15 of whom are living.

Mr. and Mrs. W. H. Mahler of Wichita Falls spent last week end here with their daughter, Mrs. Mike Thornberry and family. On Monday Mrs. Thornberry and children, Cynthia and Mike, accompanied them to El Paso, where they will spend this week.

Mr. and Mrs. W. H. Jones attended the Shrine ceremonies at Borger Saturday, and also visited Ivan Jones and family at Amarillo Saturday night.

Mr. and Mrs. Morris Weaver of Erie, Pa., visited in the W. H. Hill home last week.

Hail Storm Damages Crops Here Friday

Farmers in this area were hard hit by a driving rain and hail storm last Friday which did severe damage to crops as well as breaking numerous car windows, etc.

Damage to cotton ranged from minor to 100% in a few cases. Cotton loss from the hail was estimated at about 1000 bales in this immediate area.

American Legion

There will be a call meeting of the local post Tuesday night. No business was transacted at this week's meeting, so they plan to have a big meeting next week.

The quota for 1952 members for the Hedley Post is 100, the same as Wellington. Clarendon's quota is 200 and Memphis is 220.

Let's not forget the District convention at Childress, October 27 and 28.

Ike Rains took Alton DeBord to Amarillo Tuesday for a checkup.

Breedlove Honored

College Station, Oct. 10—Seven Texas county agricultural agents have been selected by the Texas County Agricultural Agents Assn. to receive the 1951 Distinguished Service Awards, among them being H. M. Breedlove of Donley county.

The awards are made annually to those county agents who have made outstanding contributions to agriculture over a period of years.

Breedlove has served as county agent of Donley county since February 1935. He graduated from Texas A. & M. College in 1934 and was immediately employed by the Extension Service as an administrative assistant in Wheeler county. He was transferred seven months later to the position he now holds. During World War II, he served for two years in Tank Destroyer Units of the U. S. Army.

He has been associated with just about every agricultural program conducted in Donley county that was aimed at improving the lot of rural people. More than 1,500 miles of terrace lines have been run by Breedlove in the county and other soil and water conservation practices have become routine with farmers as a result of his educational work and demonstrations. The county fair, REA cooperative, cattle spraying program, predator and rodent control work, range and pasture improvement, livestock improvement, soil building and improving programs and of late mesquite control and the building of a veterinary hospital building are a few of the activities that Breedlove has promoted.

4-H club work has always had a strong champion in Breedlove. He believes in working with and through active committees and a 15 man committee has helped him conduct a strong program for the rural youth of the county. Five grand and six reserve championships have been won with beef calves at major shows.

Breedlove was a three year letterman in football at A. & M. He is a member of the American Legion, Lions Club and the Board of Stewards of the Methodist Church.

Mr. and Mrs. J. S. Hinds and Nancy Lou came up from Jayton Saturday, remaining until Sunday evening. Mrs. Frank Kendall, who had been visiting there for a week, returned with them.

Jimmie L., is it true what I have been hearing? Did you give Pat C. that ring or is she just wearing it? Everyone's curiosity has been aroused.

Billy, how are you and Renee getting along? Have you gotten as far as Jimmie and Pat?

Noriene, Richard Bill sure did look lonesome Saturday night.

Jenny, who was that Martha Stanley was talking about? Maybe he was just kidding. Shail I keep my fingers crossed?

Barbara D., how is Memphis getting along? Anyway a certain boy down there.

Alma H., you seem to go for Memphis boys too. What's this one's name?

Jo Ann A., where did Dalton wander off to. Haven't seen him for a long time.

Mattie Lon M., have you heard what you were going to get for Christmas yet? Graduation will be along soon, too.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in trashpiles, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in

chimneys. Others are caused by rusted or cracked pipes and fittings. Look over your heating system now. If your chimney needs it, clean it out. If the furnace pipes and connections are cracked and rusted, replace them.

Teach your family not to put magazines, papers, or clothing on radiators or near open flames. Don't hang flimsy curtains near your kitchen stove. Don't allow lamp shades to come in contact with light bulbs. Remember that such things don't have to touch flame to burn. They will catch fire simply because they are too close to the heat for too long.

Gasoline, benzine, naptha, and similar fluids should never be used indoors. When mixed with air, their vapors can be ignited by the spark of a light switch or an electric fan, or the tiny flame of a pilot light. Keep such fluids in tightly closed metal containers outside your home.

And remember: oil-soaked rags, especially rags that have been used to spread quick-drying liquids such as turpentine, paint thinners, and some furniture polishes, can catch fire by themselves. Oily rags should be stored in air-tight metal containers. It is best to keep them outside the house.
