

HOUSE OVERRIDES VETO

Twitty Will Hear Sentence of Death Pronounced Soon

JUDGE EWING TO COME FOR THIS PURPOSE

Plan to Ask Governor To Commute Case Not Yet Carried Out—Man May Be Insane.

ATTACKED NIECE

Man Sits Staring For Hours and Cannot Be Roused—Jail Here Very Much Crowded.

A sentence of death in the electric chair will be pronounced upon Moncus Twitty tomorrow afternoon or early Saturday morning in 31st district court by Judge W. E. Ewing. This announcement was made this morning by Sheriff Lon L. Blansett after he had conferred with Judge Ewing by telephone. The judge agreed to come to Pampa and pass sentence upon Twitty before Saturday noon. The mandate affirming the trial court's verdict of death was received recently. Since he was convicted last summer, Twitty has been a prisoner in the Gray county jail. The jail is badly crowded. Officers of the court see no reason why Twitty should not be sentenced and placed in the death row at Huntsville. His bunk in the local jail is in constant demand.

Several weeks ago, it was reported that certain prominent local citizens had started a movement to save Twitty from the chair. It was said that a petition would be circulated addressed to the governor, asking him to commute the man's sentence. Its sponsors indicated that signatures of the district attorney, jurors, jury clerks, grand jurors and other citizens would be attached to the petition. An investigation made this morning revealed that the petition has not gone beyond the discussion stage.

Twitty was convicted in connection with criminal assault upon his three-and-one-half-year-old niece at LePore, in a family hearing held previous to his trial. He was sentenced to the electric chair on a charge of attacking his niece and refused to speak at the trial and for weeks after. Officers and some physicians declared that he was insane or that his mind was deranged, but other physicians declared that he was sane. A month after his trial, he resumed his former demeanor and deportment. He is now in jail in various intervals he sits lost in abstraction, gazing at nothing. Attempts to rouse him from these spells have been futile, it was said.

New Trial May Be Requested for "Chuck" Wilson

Whether he would file a motion for a new trial, except sentence, or appeal his case was being discussed and considered by Charles "Little Chuck" Wilson, his wife, Mrs. Billie Wilson, and his attorney, C. S. Wortman, in the county jail today. Mr. Wortman announced that he would file notice of appeal even though Wilson should later decide to accept the 30-year sentence which the jury gave him yesterday afternoon on a murder charge in connection with the slaying of C. H. Taylor.

It was learned this morning that the jury stood 11 to 1 for conviction on the first ballot, and was unanimous on the second ballot, taken a few minutes later. The prison term follows such a decision, it was said. The jury deliberated about an hour.

Mrs. Wilson testified that she told the state's chief witness, Paul Nibel, on the night of the crime that he did the shooting, but declared that she would not swear that he did it. Nibel and his wife both testified that Wilson told them he "had to smoke" Taylor that night. Mrs. Wilson is being held in jail in lieu of a bond on a charge of assault with intent to rob.

Testimony Ends In Trial of Hill

WARRANT, Feb. 26. (P)—Testimony was finished today for the trial of Robert Hill, last living member of Cio's Santa Clara bank robbery, charged with murder for the death of Police Chief C. E. Bennett. The officer was killed in a gun fight that followed the hold-up.

Judge George L. Davenport began separation of the charges to the jury. State and defense were allowed two hours each to argue the case, which was expected to go to the jury late today.

The morning session was spent in separation of the charges, cross examination of Hill and in rebuttal testimony offered by both sides.

PAMPA, GRAY COUNTY, TEXAS, THURSDAY EVENING, FEBRUARY 26, 1931.

As Irene Neared Death Chair

As this photograph was taken Mrs. Irene Schroeder was just about to begin her last earthly journey—the trip that took her to the electric chair for the murder of Corporal Paul of the Pennsylvania State Police. The picture shows Mrs. Schroeder at the left, leaving the jail at New Castle, Pa., to go to the Rockview penitentiary where she was sentenced. With her are the wife of Sheriff Frank W. Johnson, and a deputy sheriff.

PRISON OFFICIAL TO TAKE ALAN REED ROBBERS SOON

Only Men Able to Work to Be Considered; Uncle Bud Sends Directions.

Another one of "Uncle Bud" Russell's characteristic telegrams was received by the sheriff's department this morning.

Wired Uncle Bud (whose chief business is to transport prisoners from county jails to the penitentiary): "Send Jake Yale, Pat Powell, and Aubrey Kent if they are able to work. Put them in jail in Amarillo by Saturday."

One of Uncle Bud's pet aversions is toward convicts who are not able to work. It is practically impossible to persuade him to take a prisoner afflicted with jake-lev. He will have nothing to do with one-legged, one-armed, and ailing prisoners.

Sheriff Lon L. Blansett will not find it possible to deliver any one of the three men. Pat Powell is being held in the Spearman jail awaiting trial on a felony charge. He is already under several sentences. Nobody knows where Jake Yale is, and Aubrey Kent is not able to work. He is suffering from a dangerous rupture.

Moreover, the sheriff today was having commitment papers for Roy Stephenson and Roy McGee, convicted Alameda bank robbers, prepared. They will be in the Amarillo jail for Uncle Bud by Saturday—also Moncus Twitty if Judge Ewing passes sentence upon him in time.

ADmits INJURY
ABILENE, Feb. 26. (P)—After two days of semi-consciousness in a hospital here, a middle-aged man who fell from a moving Texas & Pacific freight train today revealed his name as Albert Wortham and his home as Covington, Tenn. He is a carpenter by trade, was out of work, and was attempting to reach Phoenix, Ariz.

Wortham's skull was fractured in the fall, and doctors say his condition is serious.

"World" Employees Charge Hearst Is Back of Move

NEW YORK, Feb. 26. (P)—Paul Block, publisher, announced today he had withdrawn his offer to purchase the New York World newspapers.

He made his announcement through Max D. Steuer, his attorney, who explained that Mr. Block not only had decided not to purchase the newspaper for himself, but also to withdraw the offer he made to buy them and allow the employees of the World's 45 days within which to purchase them without profit to himself.

Surrogate James A. Foley will decide today whether the will of Joseph Pulitzer may be broken to allow the sale of the newspapers. The withdrawal of Mr. Block means that the employees who have made a bid for the World must arrange their financing without his assistance.

"When Mr. Block made an offer for the purchase of the World he was on the coast and he knew nothing of what had been transpired since December between Mr. Roy Howard and the Hearst-Pulitzer," Mr. Steuer said. "Nor did he know that Mr. Howard had concluded a contract with the trustees of the Pulitzer estate and he does not want to be put in the position of having interfered for the purpose of breaking up an existing contract. He did want in good faith to purchase the three papers but he does not want in any sense to interfere with a contract already concluded."

"He is also moved by the plea on behalf of the employees. He would not make a move to deprive them of the opportunity of getting these papers. On the contrary he had announced publicly that if he did purchase them he would give the employees 45 days within which to make arrangements to take the papers over without one cent of profit to him or even reimbursing him for his counsel fees and other disbursements."

The contests will be held March 21 instead of March 22 in order that Gray county need not have the benefit of contest experience before the judging contests to be held at Texas Tech. March 23. Most of the judging teams, including Gray county boys, who will enter the local contests, have planned to enter the Lubbock event and it was decided to move up the date a week. It is believed experience gained here will better equip them to judge at Tech.

The local contests are being sponsored by the R. C. D. County Agent Ralph R. Thomas, and J. L. Lester, vocational agriculture teacher in Pampa high school.

Stock Judging Date Change Is Announced Here

Change in the date of the stock judging contests to be held here next month was announced this morning by George W. Briggs, R. C. D. manager.

The contests will be held March 21 instead of March 22 in order that Gray county need not have the benefit of contest experience before the judging contests to be held at Texas Tech. March 23. Most of the judging teams, including Gray county boys, who will enter the local contests, have planned to enter the Lubbock event and it was decided to move up the date a week. It is believed experience gained here will better equip them to judge at Tech.

The local contests are being sponsored by the R. C. D. County Agent Ralph R. Thomas, and J. L. Lester, vocational agriculture teacher in Pampa high school.

BRIDGE GAME THAT RESULTED IN FATAL QUARREL IS RELATED TODAY AT TRIAL

Mrs. Bennett Criticized Husband After Losing; Unrelated Remarks Between Couple.

KANSAS CITY, Feb. 26. (P)—The bridge game quarrel which preceded the fatal shooting of John G. Bennett by his wife in his fashionable apartment here Sept. 30, 1928, was described today at Mrs. Myrtle Bennett's murder trial by Charles Hoffman, first witness for the state, who was a participant in the game.

Hoffman, who admitted he was friendly toward the 35-year-old defendant, was placed on the witness stand after former Senator James A. Reed, defense attorney, said in his opening statement Bennett was shot accidentally while an automatic pistol his wife had brought at his direction to take on a business trip to St. Joseph, Mo.

The witness was called by James A. Reed, chief prosecutor, who said the state would attempt to show Bennett was shot as he was leaving his apartment in a pique over his wife's criticism of his bridge play in going out with tricks.

"We played for small stakes," Hoffman said. "one-tenth of a cent."

Hoffman said the Bennetts won at first, but their fortunes changed. "When the winning went in our favor, there was quite a lot of criticism between the Bennetts, which is a usual occurrence in a bridge game."

"Some uncalculated remarks were passed by the Bennetts," Hoffman said.

The "last hand" of contract bridge, as described by Hoffman, Bennett opened with a one-spade bid.

(See BRIDGE, Page 6)

JONES WILL SERVE 35 YEARS

APPEAL WILL BE TAKEN BY DOOMED MAN

He Killed W. L. Russell of Abilene, Who Danced With Girl Defendant Escorted to Party.

INSANITY IS USED

Physicians' Testimony Is At Variance in Midland Trial—State Asked for Life Sentence.

MIDLAND, Feb. 26. (P)—C. D. Jones today received a 35-year sentence for the slaying of Weldon L. Russell of Abilene, killed at a party when he danced with a girl whom Jones had brought there.

Sam K. Weaff, Jones' attorney, announced that an appeal would be taken.

Russell was shot Jan. 27 during a party at a private home. Leonard Cox, child state witness, told a length of attempting to wrest a gun from Jones before Russell was shot.

The defense attempted to prove that Jones was insane as the result of injuries to his head received when he was 11 years old. Dr. W. C. Whitehouse testified that he believed Jones had been insane for several years suffering from general paresis. The state presented Dr. J. K. Woods of Odessa, who testified that he had examined Jones and believed him sane.

The state had asked a life sentence for Jones.

Believe Three Robbers Caught Following Raid

JACKSON, Miss., Feb. 26. (P)—Three men, whose names were not disclosed, were apprehended at Hattiesburg, 35 miles south of here, in connection with the robbery today of the State Street branch of the Merchants Bank and Trust company. Copious county authorities notified Jackson police that saved-off shotguns were found in the automobile in which the three men were riding.

Officers and one of the bank employees left to attempt to identify the men.

JACKSON, Miss., Feb. 26. (P)—Three unmasked men held up the State Street branch of the Merchants Bank and Trust company across from the old capitol today, and escaped with \$1,919.03 in money. A confederate waited outside in a car bearing a Louisiana license tag.

Norris Morgan, employee of the bank, who was in the bank, was struck over the head with a sawed-off shotgun by one of the bandits when he refused to stop calling for help. His injury was not thought serious.

FLOOD TAKES LIVES OF 180 ISLAND FOLK

WELLINGTON, New Zealand, Feb. 26. (P)—More than 180 persons were killed in the Ba and Singatoka districts of the Fiji islands in the worst hurricane and flood there in recent years, members of the crew of a government ship reported on their arrival at Suva, Fiji islands, tonight.

The hurricane which occurred a few days ago, was reported to have blown a train off the rails at Lautoka, causing many casualties. The highhouse at Nadi was blown away.

The hurricane was felt along only a narrow strip of territory, outside of which the country was unaffected.

GRAVES COUNTY YOUTH IS KILLED "HOOKING TRAIN"

Ray Lawton Disregards Advice and His Body Is Ground Beneath Wheels.

SLATON, Feb. 26. (P)—Disregarding the advice of a railroad officer and determined to reach his home near Pook by the "blind baggage" route, Ray Lawton, 20-year-old Graves county youth, was killed here last night, his body ground beneath the wheels of the fast Lubbock-Dallas passenger train.

Young Lawton, son of Mr. and Mrs. A. M. Lawton of the Pleasant Valley community, had been to Lubbock and was returning home via the "hooking train" method.

Funeral services will be held at 4 o'clock today in Southland.

Library Petition Being Circulated By Lions Club

Petitions asking the city commissioners to call an election to decide whether a tax of three cents on the \$100 valuation should be assessed for the purpose of establishing and maintaining a public library were being circulated today by members of the Lions club.

A committee comprising John B. Hestey, Ivy E. Duncan and Arthur Teed, was recently appointed by the Lions club to investigate ways and means of establishing and maintaining a library here. It was unanimously agreed, according to Mr. Hestey, to circulate the petition asking the commissioners to call the election. It is believed that the most economical way of maintaining the library would be to vote a tax, it was said.

Mr. Hestey pointed out this morning that the valuation of property in Pampa is seven million dollars. A three-cent tax would yield a revenue of \$21,000. Of that amount, \$50 would be used each month to buy new books; \$75 would be used to pay the librarian and the remaining \$50 would be used to buy and bind magazines and pay for other periodicals and incidentals.

Graves Bill Is Object of Fight

PEEOS, Feb. 26. (P)—Nineteen counties and a great portion of West Texas were represented at a meeting here yesterday when 209 West Texas landowners organized an endeavor to have the legislature validate mineral titles on lands purchased from the state.

The organization appointed committees to work for the defeat of the Graves Bill No. 812 in the house, which would provide that the state hereafter receive all revenue from minerals on lands purchased from it, and to sell passage of the Small bill No. 319 in the senate, which would validate titles of landowners to mineral and grazing lands bought from the state.

K. M. Regan, who served as temporary chairman, asserted passage of the Graves bill would virtually bankrupt many West Texas landowners and indirectly affect every citizen of many counties in this part of the state.

QUAKE SHOCK FELT

EL PASO, Feb. 26. (P)—Persons in three widely separated sections of El Paso reported a distinct earth shock at 11:35 o'clock this morning. The shock was most severe in the residential section, where houses were shaken, pictures on the walls moved, and dishes rattled. No damage was reported.

PRESIDENT OF OPINION THAT BILL IS BAD

Honoring "Father of His Country"

To the same church which the first President of the United States attended, went the thirty-first President the other day to occupy the pew in which George Washington worshipped more than 150 years ago. And here you see President and Mrs. Hoover and their little granddaughter, Peggy Anne, arriving at historic Grace Episcopal Church in Alexandria, Va., to be present at services in honor of the birthday anniversary of the "father of his country." Vestrymen and secret service men are shown escorting them.

WASHINGTON, Feb. 26. (P)—The house today overrode President Hoover's veto of the veterans' loan bill.

WASHINGTON, Feb. 26. (P)—An administration compromise proposal to limit the veterans loan bill to the needy was offered in the house by Republican Leader Tilton today, in appealing for a vote sustaining the president's veto.

WASHINGTON, Feb. 26. (P)—President Hoover today vetoed the veterans loan bill.

In a message to the house, he called the legislation "unwise from the standpoint of the veterans themselves and unwise from the standpoint of the people."

Overwhelmingly approved by the house and senate, the bill would increase the amount a veteran could borrow on his bonus certificate from 22 1/2 to 50 per cent of the face value. Its congressional proponents stood ready to make a prompt effort to override the veto.

The president said the legislation imposes a potential cash outlay of \$1,700,000,000, if all veterans apply for loans, less some \$330,000,000 already loaned. He repeated Veterans Administration figures estimate a billion dollars would be required to administer the bill.

"There not being a penny in the treasury to meet such a demand," he declared, "the government must borrow this sum through the sale of the reserve fund securities, together with further issues or we must need impose further taxation."

"The sole appeal made for the reopening of the bonus act is the claim that funds from the national treasury should be provided to veterans in distress as the result of the drought and business depression."

"There are veterans unemployed and in need today in common with many others of our people. These, like the others, are being provided the basic necessities of life by the devoted committees in those parts of the country affected by the depression or drought."

"The governments and many employers are giving preference to veterans in employment. Their welfare is and should be a matter of concern to our people."

"Inquiry indicates that such care is being given throughout the country and it also indicates that the number of veterans in need of such relief is a minor percentage of the whole."

The president also said that to allow veterans to borrow to writing 50 per cent would work a hardship on the wives and dependents of veterans who will have used the value of their certificate and thereby be deprived of necessary insurance.

"The need of our people today is a decrease in the burden of taxes and unemployment, yet they, who include veterans, are being steadily forced toward higher tax levels and lessened employment by such acts as this," he said.

Termining the legislation of grave importance itself, the president said "of much greater importance is the whole tendency to open the federal treasury to a thousand purposes, many admirable in their intentions but in which the proponents fail or do not care to see that with such beginnings many of them insidiously consume more and more of the savings of the labor of our people."

THE WEATHER

WEST TEXAS: Cloudy, rain in west portion, warmer in north and east portions tonight. Friday, cloudy, local rains.

EAST TEXAS: Increasing cloudiness, warmer in west portion tonight; Friday, probably rain in west portion. Light to moderate easterly winds on the coast.

—AND A SMILE

NEW YORK (P)—Some taxi drivers who have been losing long while and handsome at galloping dominoes have learned why from the police. They showed a table set in a raid on a gaming room above a taxi garage. A camouflaged metal top was connected to wires in a table leg. By stepping on a button under a rug the operator could magnetize the plate and make metal-plugged dice turn in desired fashion.

QUAKE SHOCK FELT

EL PASO, Feb. 26. (P)—Persons in three widely separated sections of El Paso reported a distinct earth shock at 11:35 o'clock this morning. The shock was most severe in the residential section, where houses were shaken, pictures on the walls moved, and dishes rattled. No damage was reported.

Leadership for West Texas Needed In Legislature—We Have It

While there is still hope for congressional action which will limit importation of crude oil, West Texans are at present chiefly concerned with pending legislation at Austin.

The gas and carbon black taxes, which would seriously cripple the hard-pressed industry, are being opposed vigorously in committee hearings. House bill No. 612, which would provide that the state hereafter receive all revenue from minerals on lands purchased from it, is also greatly opposed by West Texans, who know the rigors of wresting a living from the soil.

Those who buy state land and give the best part of their lives to developing it are entitled to whatever minerals may be found. There is no reason why the state should exact more from her clients than do private brokers and land firms. The Small bill No. 310 would, on the other hand, validate titles to landowners to mineral and grazing lands bought from the state.

West Texas needs constant effective legislative leadership in securing passage of needed bills and opposing those which would work to the detriment of this section. Fortunately, West Texas has such leadership.

Andy Mellon, loathe to part with the cash voted for certain appropriations, might, of course, prevail upon congress to observe Thrift week.

A "Thrift Week" may mean a lot to some people, but in Scotland it is just another week.

It won't be long now before the first symptoms of love sickness will begin to show; you know, those "dizzy" spells.

A professor asks why it is good times always approach when women's skirts grow shorter. Well, in the old times it means more hustle and bustle.

A head lamp has been invented for pedestrians. Now when they violate a traffic rule they'll surely be accused of being lighted up.

BY RODNEY DUTCHER

WASHINGTON, Feb. 24. (NEA).—The well-known senate, which never really did do very much for the unemployed and drought sufferers despite frequent promises to fight the House and the administration to a finish on that issue, was more or less consistent when it refused to spend \$500,000 for the purpose of letting the blessed sunshine into the senate chamber.

There was a proposition to move the present chamber bodily to the north wall of the capitol's Senate wing, so the sun could get in. And the money had been appropriated. Amazingly enough, the senate decided to turn the half million dollars back into the treasury. But only after extensive debate on the question whether the present chamber might be considered a deathtrap or a pleasant place where old gents might prolong their years. Some of the windiest boys in the senate were at their best in this argument.

Senator Royal S. Copeland, who used to be health commissioner of New York City and is now the self-appointed unofficial health commissioner of the senate, was endorsing an appropriation bill amendment which would keep the half million, appropriated in 1929 for the reconstruction of the senate wing, available until spent. Dave Reed of Pennsylvania objected that the present chamber was adequate in all respects—acoustics, ventilation and charm—and that the treasury needed the money worse than the senate needed a change.

Hiram Bingham of Connecticut disputed that, referring to the chamber as "a bomb-proof cellar devised at a time when senators were afraid somebody might throw a bomb into this body." He complained of the high senatorial death rate, declaring that for seven or eight years about three of the 96 senators had died annually.

Copeland complained that not only were senators being deprived of the violet rays which would reach them if they sat with the sun streaming through windows, but that the sloping wooden floors of the senate and house chambers made firetraps of the big halls, with carelessness or electric wiring beneath likely to start a blaze any time.

"If we were to wake up in the morning and read that this beautiful structure had been ruined or the building had been mutilated we could hardly face our constituents or the public," he said.

"Nothing can be more insanitary and unhealthy than to live in a room devoid of natural light. Just a little sunlight filters through two of the entrances. We work in artificial light and the situation is dangerous to health. The life of many a faithful senator must have been shortened by it, for the penalty is paid by those most faithful in attendance and a premium is placed on

absence. Since I have been in the senate, 36 or 37 senators have died, if I remember correctly." (Copeland came here in 1923.)

The senator explained that he himself had been blessed "by heredity and kind providence with a strong, vigorous body" and was capable of resisting the evil physical influences as well as any, but that the country wanted senators to "live under conditions which will make their bodies healthy bodies and their thinking clear thinking."

Ashurst of Arizona insisted that everyone knew senators who had served for 30 years or more, years when the chamber was poorly ventilated. Recently one had been buried who had served 35 years. No man, Ashurst said, had ever been known to refuse election to the senate because the thought the chamber was an unhealthy place. And in the chamber's 70-year history there had been no fire of consequence. Why worry?

Heflin of Alabama declared he had seen "men come here who were frail and thin and in a little while after laboring in this invigorating and health-restoring atmosphere become vigorous and strong." All around him he saw fine, robust, wideawake senators enjoying the best of health. He had asked several if they planned to resign because they weren't getting any sun and they all denied it.

Governor Sprouts Wings—Son Pilots

SACRAMENTO, Calif., Feb. 25. (AP).—California's flying governor sprouted wings today.

A student permit from the federal department of commerce was presented Gov. James Rolph, Jr., by Adj. Gen. Seth Howard.

California aviation enthusiasts had no idea of letting "Sunny Jim's" aerial bent stop there. A cabin plane for the governor's own use was provided for in a clause of the pending budget.

There was some conjecture whether the governor will fly his own ship. It would rob him of little naps he steals on long journeys. These proverbial naps of sleep, he said, were essential to freshness and energy. The governor's son is a full-fledged pilot.

A glance at the executive date book tells why Governor Rolph uses an airplane so frequently. It is hard for him to refuse an invitation to a country fair, a bridge dedication, or a civic banquet, no

matter from which end of the 70-mile-long state a bid comes.

"I wouldn't be afraid to go anywhere in a good plane," Rolph said.

Many Charges On Pair Of Negroes

CORONA, Feb. 26. (AP).—Charges today had been multiplied against two negroes held in jail here and a third in a hospital at Kesse, in connection with an alleged attempt to wreck a Southern Pacific train near Kesse, Feb. 13 and numerous robberies here.

Rufus Hunter, 22, of Lawrenceburg, Tenn., identified "Sonny" Miller, and Cal English, the negroes held here, as two of a group of negroes who threw his brother, Charles Hunter, 26, from a Southern Pacific train near Kesse, two weeks ago, resulting in his death.

Hunter planned to go to Kesse to view Tom Henry Armstrong, negro, who is in a hospital there recovering from wounds received last week in a gun fight with Southern Pacific officers.

"I wouldn't be afraid to go anywhere in a good plane," Rolph said.

MARANVILLE IS SICK

ST. PETERSBURG, Fla., Feb. 26. (AP).—The Boston Braves trotted out 31 men for Manager McKee's inspection today. Just off man, Arthur Veltman, is on the holdout list.

Rabbit Maranville won't show up until tomorrow or Saturday because of an attack of influenza.

UNDER CHARGES

FORT WORTH, Feb. 26. (AP).—Recovered from wounds received here in January during an exchange of shots with a special officer, Joel Carroll left the county jail here today for Palestine to face charges

in connection with the robbery of a Frank bank.

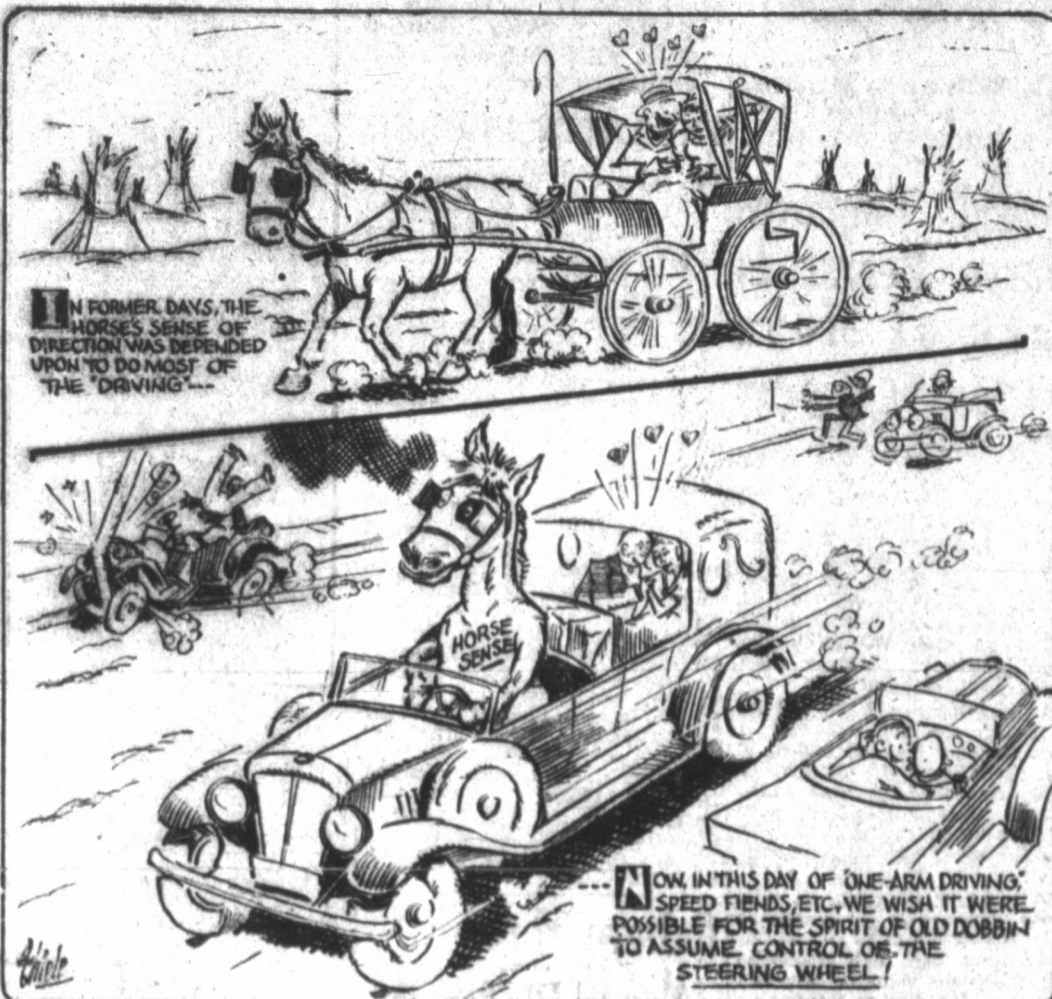

Carroll is in custody of Sheriff A. D. Jones of Anderson county. Carroll is under indictment here on a charge of assault to murder, but if he is identified as one of the Frank bank robbers he will be tried as a first.

FIRE CHIEF ILL

SAN ANTONIO, Feb. 26. (AP).—Fire and Police Commissioner Phil Wright is seriously ill. He was taken suddenly Wednesday, and was taken to a hospital. Wright is suffering from an organic disorder, physicians said.

CLINGMAN NEAR WEIGHT LIMIT FOR HIS MATCH TONIGHT

NO TROUBLE IS EXPECTED MAKING MARK

Local Champ Works Off Excess Ounces In "Dog" Trot—Cyclone Mackey Is Under 160 Now.

Only half a pound stood between Otis Clingman and his 160-pound weight limit for tonight's wrestling match when he stepped on the scales this morning.

"Not so bad, at that," he mused. Then he whistled to his big dog and started another long jaunt at a "dog" trot. The dog is a big animal and his trot is not very short. Clingman did not expect to have much difficulty eliminating the eight ounces by weighing-in time at 3 p. m. After making the weight, he will absorb a big steak and some sugar before entering the squared arena.

The local man returned last night from El Paso, where he decisively defeated Ed Olin. His opponent tonight, Cyclone Mackey, will arrive about noon.

The cyclone has not had to reduce any and will be at his best. Clingman says he "never felt better" and that removing half a dozen pounds has not hurt him. In the preliminaries will be the hit-em twins, Rob Roy and Ray Welch. The event will start at 3:30 o'clock at the Pla-Mor.

Hornsby Likes Six New Men

AVALON, Calif., Feb. 26. (AP)—Three recruits, two pitchers and an outfielder, have caught Rogers Hornsby's eye and appear to be set for a season of employment with the Chicago Cubs.

The hurlers, Ed Bach and Lon Warneke, have progressed rapidly enough to cause the Rajah to give them lots of personal attention. The outfielder, Vincent Barnett, who also first bases some, yesterday was the first shot in batting practice, driving the ball even farther than the night's Hack Wilson.

Athletic Hurler Is Very Speedy

FORT MYERS, Fla., Feb. 26. (AP)—Frank McDonald, giant California right-hander who is trying out with the Philadelphia Athletics, has the entire camp wondering how long it will take him to get into the lineup.

"Hey," shouted Collins, "don't cut loose yet."

"I'm not, boss," replied the six-foot-four rookie. "This ain't nothing. I can speed 'em in a lot faster."

McDonald worked out on the coast and is already in shape and anxious to get going.

College President Pays His Fine

LOUISVILLE, Ky., Feb. 26. (AP)—Two state college executives, by payment through their attorney of \$3 fines on amended charges, today had settled their accounts with the Louisville police court.

The settlement, though made Tuesday, did not become publicly known until last night.

It all happened at a special session of police court conducted by Police Judge Fred Starck after regular court had adjourned and spectators and reporters had gone. Attorney W. L. Doolan, Sr., appearing for Dr. H. H. Cherry, president of Western Kentucky Teachers' college at Bowling Green, and W. M. Pearce, director of the college's extension department, moved that charges be amended, which was granted, and paid the fines.

Dr. Cherry's charge of operating a motor vehicle while intoxicated was amended to violation of the boulevard stop regulation, and Mr. Pearce's charge of drunkenness in a public place was amended to breach of promise. The charges were filed after a minor traffic collision here last Wednesday.

The day after their arrest, Judge Starck said the charges would be held open until it was convenient for the accused to come to Louisville to answer them in person. At the special court session, however, at which only Attorney Doolan appeared, he changed his mind and granted the attorney's motion that he be permitted to enter their appearance.

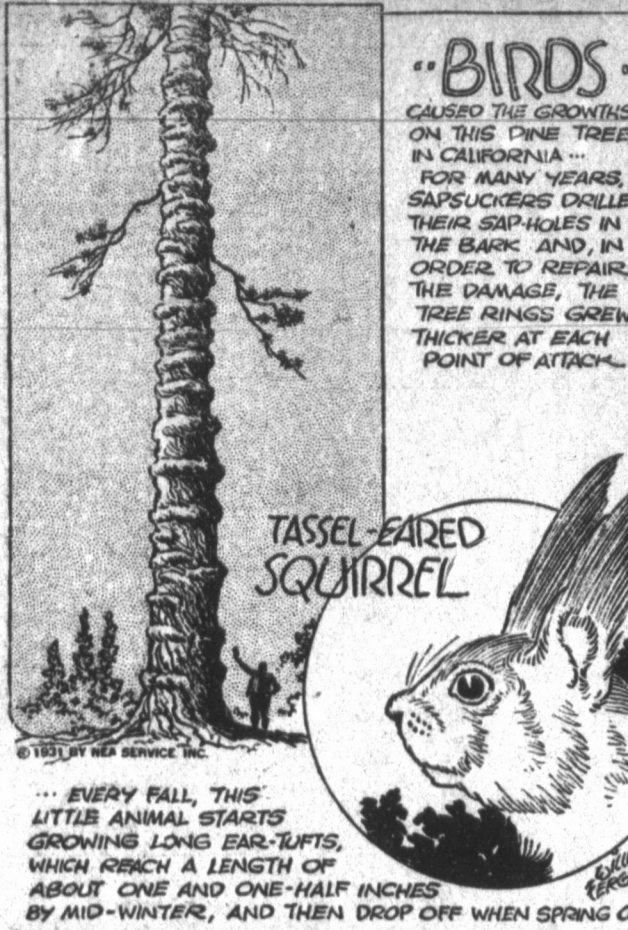

A bottle of prescription whiskey found on the floor of the car, which Stanley Briel, police court prosecutor, said belonged to Mr. Pearce, will be returned to him if he calls for it.

BROWNS HOLDING OUT WEST PALM BEACH, Fla., Feb. 26. (AP)—The continued absence of Pitches Walter Stewart and Warren "Rip" Collins from the Browns' training camp here today caused rumors they were holding out. Stewart was good enough to win 20 games for the sixth place Browns last season. Infield practice was scheduled for today, the first of the training grind.

J. S. Wynne returned yesterday from a business trip to Oklahoma City.

MOTHER NATURE'S CURIO SH

Sport Slant's

by ALAN GOULD ~ ASSOCIATED PRESS SPORTS EDITOR

It is a long trail to Los Angeles and the 1932 Olympics, but the performances of several American youngsters in recent track meets are encouraging to American prospects in the tenth modern game of the ancient Greek games.

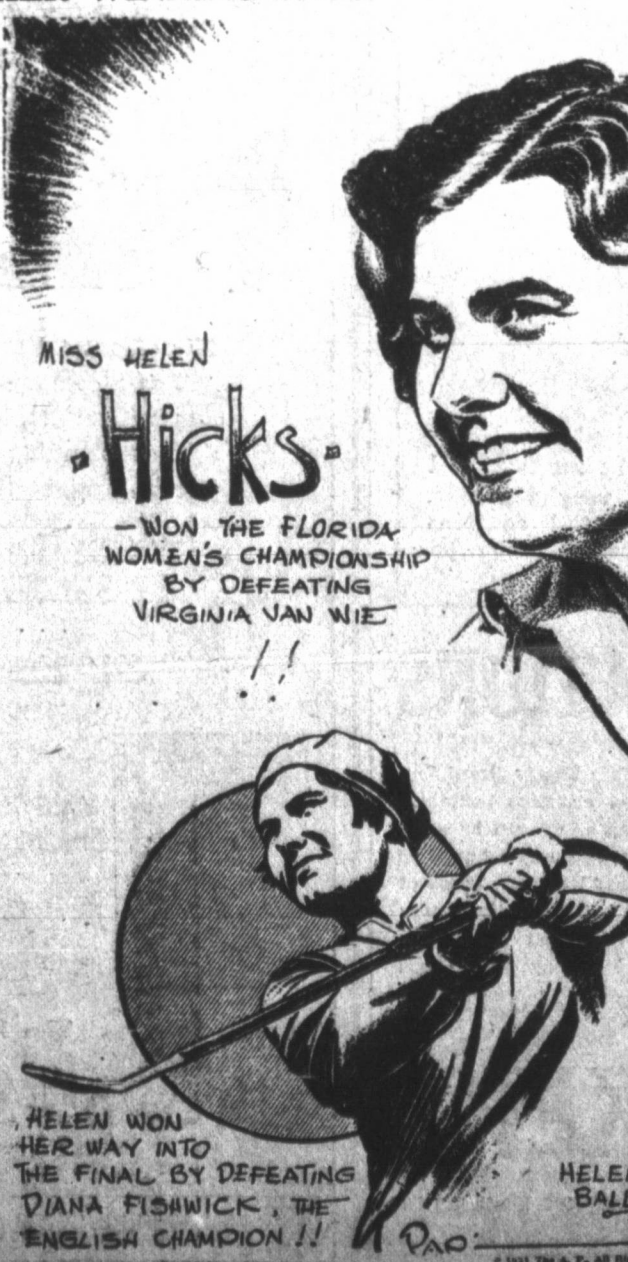

The rise of Ira Stinger and William Bruder as first rank sprinters, the fine performances of Ray Conger at 1,000 yards and the mile, the great indoor half miles of Russell Chapman and the new world's record performance of George Spitz in the high jump, to name only a few, are cause for rejoicing in American Olympic committee circles.

Of the five only Conger competed in the 1928 Olympics and his form on the boards this winter has been better than he showed in 1928. He finished a badly spent 10th in the 1,500 meter final at Amsterdam but his added years and weight have given him new endurance without, certainly, taking away that great finishing "kick" that characterizes all his races.

Spitz, only 19 years old and already holder of the indoor world's record of six feet seven inches, is today undoubtedly the best high jumper in the world. Under the direction of Von Eiling, capable New York university coach, and of Spitz Sr., himself a track athlete of many years ago, this New York youngster should be soaring to new record heights by 1932.

Chapman, who has obscured his talents for years to help his slower Bates college mates to victory in relay races, is the most promising half-mile eastern track star.

HER WINNING WAY

COBB DREAMS OF BIG GAME EXPEDITIONS

Retired Star Must Train Daily To Feel Good—He Likes Hunting and Golf Courses.

ATLANTA, Ga., Feb. 26. (AP)—Ty Cobb sits in a big easy chair, smoke rings curling around his lean head and bronzed features, and dreams of the big game he is going to hunt some day in Africa. He has been doing that for years. He has never been closer to the jungles with a gun than Canada.

But he dreams on. Plans have been changed and rechanged. Boat, mountain lions, moose have fallen before his crack-shoot on preparatory trips. He wants those elephants, crocodiles and rhinos. But something else always comes up.

Golf is his game now. He plays with the same fervor and zest that made him the center fielder of all time. He shoots in the low eighties and does it left handed. He tries to kill the ball on every long shot and so he presses. He hits wonder-ful slices.

Ty was playing one day with Bobby Jones over a North Carolina course. They were off their respective games. Both were slightly peeved.

They Went Home

Coming up to the eighteenth tee Cobb decided to drive right handed and Bobby swung from the left side. They put four balls in a creek in front of the green. Solemnly they shook hands and went home.

Mrs. Cobb can tell you from Ty's footprints when he hits the front porch whether he has won or lost. It used to be the same when he was playing baseball. He puts the same fervor and dash into both games. The stronger the opposition, the better he plays. And he can't bear to lose at anything.

The last time he wrestled with a 14-year-old son, Herschal, a husky 155-pound lad, it took everything Ty had to down the boy. He hasn't wrestled Herschal since. He won't let his son throw him. But he loves to play with the kids.

Next to golf, Ty likes to fish and hunt. He prides himself on being able to take young fellows out and walk 'em down. He quit baseball because his legs went back on him. He goes after birds on horseback and hunts fox at night. He has to exercise daily or he feels badly.

Since retirement Cobb feels like a schoolboy on vacation. He has no desire to play ball again. Some day he may purchase a ball club. Baseball meant nothing but hard work to him after his first year as hitting champion. He had to struggle too hard to protect his record.

His home is a picture gallery and the walls are covered with pictures of himself, other baseball stars, United States presidents, celebrities of all kinds. His scrap books are filled with action pictures. The walls of his den are covered with animals he has killed, bear skins, tanned deer hides. He has given away all the bats and balls that figured in the making of his hitting records. But he still has a few of the uniforms he wore at the height of his career.

Ty was one of the most supersti-

OTIS HOPES TO USE THIS HOLD TONIGHT

It Otis Clingman can apply this Boston spin hold on Cyclone Mackey a couple of times tonight, the local man will emerge an easy winner in his wrestling match at the Pla-Mor. One glance is enough to show the possibilities of the spin arrangement. Cal Farley is posing as the victim.

Cards Catching Staff One of Best in Baseball

BRADENTON, Fla., Feb. 26. (AP)—Mike Gonzales, who, according to Gabby Street, was "catching" way back in my time, and seems just as agile now, is going to help coach the younger members of the Cardinals' pitching staff. Street believes the old Cuban will be able to impart many valuable pointers to the juvenile flingers.

Street said today he regarded his receiving staff of Jimmy Wilson, Gus Mancuso and Gonzales as the best "three-man catching staff" in baseball.

Texas Player Is Very Impressive

PASO ROBLES, Calif., Feb. 26. (AP)—When the second guard of the Pittsburgh Pirates, due here Saturday, is in shape to begin the training camp series of ball games with the yanigans, they're going to get a surprise or two, in the opinion of the board of strategy here.

Jewel Egan put several of his rookie infielders through a speedy drill yesterday and was so pleased he said today's program would be even heavier. Tony Piet, Texas second baseman, and Harry Geisberger, San Francisco, were especially impressive.

There's not much chance of his figuring in the big program for 1931, however. Before Walker fought the main go last night, Max Schmeling, the German who was bequeathed the heavyweight title by boxing authorities, and his American challenger, Young Stribling, appeared in exhibition bouts. The winner of the Schmeling-Stribling bout, in June, is slated to defend the title against Primo Carnera.

Carnera was a spectator last night and is booked to meet Jimmy Maloney of Boston here on March 5 in the battle of the cracked rib.

NO TOMMYHAWKS SAN ANTONIO, Feb. 26. (AP)—Chief Bender, famous Indian pitcher who is coaching the New York Giants, has found a lot of company here. Representatives of three Indian tribes, Osage, Chick and Cherokee, were in the audience at yesterday's drill. Francis Healy, from Holyoke, Mass., was a bit doubtful about their being Indians. "Why, those fellows haven't even got a tommyhawk," he said.

IT AIN'T SO LIVELY ST. PETERSBURG, Fla., Feb. 26. (AP)—The new American league ball has not made much difference to the New York Yankees' pitchers, who so far have only thrown straight ones across the plate and not very hard, but it has provided Coach Art Fletcher with a phrase to pep up his batting practice. Every time a batter pops up an easy fly, Fletcher comments "that ball ain't so lively."

CALLS SQUAD OUT WINTER HAVEN, Fla., Feb. 26. (AP)—Manager Burt Shotton of the Phillies called his baseball squad out today for the first practice. Fifteen players, mostly batterymen, are in camp. Rumors were in circulation that Phil Collins, ace of the pitching staff last year, may be a holdout.

PAINFUL PILES Go Quick—No Cutting—No Salves J. S. Leonard's prescription—HEM-ROID—to end itching, bleeding, protruding piles. This internal remedy acts quickly even in old, stubborn cases. HEM-ROID succeeds because it heals and restores the affected parts and removes blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting fail. Therefore, Drug company says HEM-ROID Tablets must end your Pile misery or money back.—adv.—2

MICKEY WALKER IS BATTLING WAY INTO HEAVY CIRCUITS

Whips Johnny Risko Soundly But Middleweight Not Recognized Enough to Become Contender.

By ALAN GOULD MIAMI, Fla., Feb. 26. (AP)—They may have to move over later, if not this year to make room for Mickey Walker in the scramble for the world's heavyweight championship.

After three six rounds over the limit for the middleweight class, in a no-nonsense world's title, Walker packed enough stamina and wallop in his 163 1-2 pounds last night to hand a convincing pasting to 191-pound Johnny Risko of Cleveland, somewhat battered reminder of the one-time speller of heavyweight ambitions.

Walker won the unanimous verdict of three judges after 10 slashing, bruising rounds of punch-tossing. Mickey was held close to even terms for the first eight rounds, due to Johnny's bull-like charges, and aggressive hammering, but Walker won the last two rounds by a wide margin. Risko was groggy in the ninth and tenth under Walker's vicious left hooks and right crosses to the chin. The Associated Press score-sheet gave Mickey six rounds and Risko four.

In fine condition, Walker overcame big handicaps in weight and reach to demonstrate his ability to mix successfully in bigger company. He has not defended the middleweight crown in over a year and apparently intends to leave it on the shelf while he battles for a spot in the heavyweight picture.

There's not much chance of his figuring in the big program for 1931, however. Before Walker fought the main go last night, Max Schmeling, the German who was bequeathed the heavyweight title by boxing authorities, and his American challenger, Young Stribling, appeared in exhibition bouts. The winner of the Schmeling-Stribling bout, in June, is slated to defend the title against Primo Carnera.

Carnera was a spectator last night and is booked to meet Jimmy Maloney of Boston here on March 5 in the battle of the cracked rib.

TWO RECORDS ARE MADE IN NIGHT MEET

Short High Hurdles Are Covered Rapidly by Youth From Alabama's Poly—Time Is 8.5.

By ORLO ROBERTSON NEW YORK, Feb. 26. (AP)—Two new world records were on the books, eight of the nation's best were their first National A. A. U. championship medals while six others were in possession of their second successive title today as the result of indoor track and field championship held in Madison Square Garden last night.

Percy Beard, a long striding youngster from Alabama Poly clipped one-fifth of a second off the existing world's record for the 70-yard high hurdles. He beat Lee Gotman of University of Illinois, co-holder of the record in 1925-26. The University of Pennsylvania medley relay team, with the diminutive Carl Coan running the anchor lap, slashed 51-5 seconds off the 8-year-old record in the one and seven-eighths medley relay time to defeat Bates college in 7:30.2-10. The old record was hung up by a quartet from the Illinois Athletic club.

The two new world records were made in a program that saw Ray Conger take the 1,000-yard championship with his famous bell lap kick; Leo Lermond gave 'em a flash of his old time speed to win the two-mile title and Fred Sturdy leaped 13 feet 11 inches to retain his pole vault crown.

The 1930 champions swept through the field events. Harold Osborn repeated in the standing high jump. Anton Burg turned back Osborn and a class field of youngsters in the running high jump. William Werner took the standing broad jump.

Five times Little Bill Carr of the University of Pennsylvania was forced to travel the 300 yards before gaining the decision over John Lewis, the chunky negro champion from Detroit City college. The pair ran twice to qualify for the finals and then fought through the last lap of the deciding race to a dead heat. In the run-off, Carr nipped the titleholder at the tape.

The Illinois Athletic club retained its team championship, scoring 16 points with victories by Conger, Burg and Osborn and a fourth place by the latter in the running high jump. Pennsylvania placed second with 15 points and the New York Athletic club third with 11.

PREY IS HEAVIER TAMPA, Fla., Feb. 26. (AP)—Bennie Ford, once the nemesis of the Chicago Cubs, while the Cincinnati Reds played havoc with the Bruins' chances for the National league pennant, has taken on considerable weight and appears in excellent condition for the coming campaign. Bennie lost his mastery over the Cubs after the middle of last season because, he believed, of too much work.

FIRE IN MEXICO ENSENADA, Mexico, Feb. 26. (AP)—Fire of undetermined origin swept nearly a block in the center of this city last night. Authorities estimated the loss at \$100,000. Seven buildings, including the Hotel Mazatlan, were destroyed. Three persons, overcome by smoke, were rescued by firemen.

HIGHWAY WORK RESUMED STINNETT, Feb. 26. (AP)—Work has been resumed on state highway No. 117, north of Stinnett, an agreement having been reached with the five farmers who protested construction of the highway by filing injunction proceedings. The highway grade was within a mile of completion when the injunction halted construction.

WARDROBE SCHOOL IS TO BE CONDUCTED AT McLEAN

There Is No Divorcing Health From Beauty, Says Nancy Earle Today

Mrs. Dora Russell Barnes, College Station, to Teach; Demonstration Agent Here Urges Good Attendance

A wardrobe school sponsored by the extension department of Texas Agricultural and Mechanical college will be held at McLean, March 9-10, according to an announcement made yesterday by Miss Myrtle Miller, county home demonstration agent.

The school will be directed by Mrs. Dora Russell Barnes of College Station, extension specialist in clothing. It will be open to all clothing demonstrators in the county and another member of each club in the county. Each of the eight clubs in the county has one demonstrator. It is necessary for all demonstrators in the county to attend the school both days, Miss Miller emphasized.

Each woman will be required to bring a pencil, pins, tape measure, thread, scissors, thimble, needle, five yards of wrapping paper, plain waist and skirt pattern which fits her as nearly as possible, five yards of unbleached domestic and a yard-stick which may be obtained at any number yard.

Each attendant at the school will make a foundation pattern which of course can be used as a basis for any dress or pattern. The making of various types of dresses will be studied. Mrs. Barnes, a well-known authority on dressmaking, will discuss recent style trends and how to conform to them by way of the machine. Miss Miller pointed out that the wardrobe school will be entirely different from the Singer sewing machine school recently held here in the McLean session, women may learn as much about making their own clothes as they learned about using the machine attachments at the school here.

Mrs. Barnes will conduct eight wardrobe schools in the Panhandle during the first two weeks of March. They will be at Matador, Quanah, Canadian, McLean, Panhandle, Wellington, and other towns.

Miss Miller urges all demonstrators to make preparations to attend the school.

Skellytown News

Mr. and Mrs. C. V. Hertje of LeFors spent Sunday with their son and family. Mr. and Mrs. J. C. Looman and little daughters, Margaret and Helen.

Mrs. Hanson entertained the A and B Study club Thursday. Those present were: Mrs. J. C. Collins, Mrs. Joe Matysiak, Mrs. J. C. Looman, Mrs. Fred Mathews, and the hostess.

CAPITAL BEAUTY

There must be a lull in political squabbles and diplomatic rows when Miss Dorothy Fell appears in public in Washington. She's one of the prettiest members of capital society's younger set. Shown here in a new posed portrait, she is a daughter of Mrs. Ogden Mills, wife of the undersecretary of the treasury.

Rehearsals Held For Production Of Next Monday

Final rehearsals are being held for "Nothing But the Truth," which will be presented by the Pampa Little theater next Monday evening at the city hall.

The following persons have been selected as hosts and hostesses for the occasion: Therman Harris, George J. Rainouard, Paul Camp, Harry Kelly, Mr. and Mrs. C. W. Stowell, Mrs. Walter Sill, Mrs. W. S. Moore, Mrs. Raymond Harrah, Mrs. H. H. Hicks, Mrs. E. B. Emerson, and Mrs. R. T. Senter.

Curtis Stark, who has had extensive experience in high school dramatics, is the stage manager for the premiere production, his co-workers being L. G. Roberts and Therman Harris. Mrs. Nat Floyd is mistress of properties. She was active with the Little theater organization in St. Louis in designing sets for the plays, is an expert in advertising layouts and scenic effects, and is developing some interesting ideas for the present production.

Mrs. E. M. Conley, who is doing splendid work at the head of the membership committee, has called a meeting of her group and is enlarging it for the Monday evening premiere. She is building a dainty miniature theater for demonstration in the foyer of the auditorium, which will be a tiny silent marionette show in itself. The committee will be on the job to enroll members and issue membership cards on Monday evening at the present very low fee of one dollar, entitling each to the two remaining plays of the present season, as well as all voting privileges, and it is expected that several hundred will be enrolled.

"Excess Baggage" Is Discussed by Charm Specialist This Afternoon; Style Revue Will Be Held Tonight

Profitable afternoons are being spent by hundreds of women at the News-Post Charm and Health school, city hall auditorium, this week.

Three hundred twenty-five persons were in attendance yesterday afternoon, when Nancy Earle, wearing a flame ruffled frock of chiffon, discussed "Face the Facts."

Miss Ora Hatcher and Miss Virginia Gauger, skin analysts, were present and illustrated muscle strapping and care and treatment of a double chin. Miss Gauger is from New York and St. Louis, and Miss Hatcher is from California. Miss Hatcher has worked with numerous screen artists. She is also a trained nurse.

A part of Nancy Earle's Wednesday talk follows:

"Monotony is one of the easiest sins for a woman to fall into. A sense of humor means keeping the sense of proportion. It is the ability to laugh. Humor is never dull, and it can be very gay. Charm has moods."

"The universe is also alive! A rut is only the grave with both ends kicked out."

"Remember it takes only 14 muscles to smile and 64 to frown."

This afternoon Nancy Earle is discussing "Excess Baggage." She is wearing a floor-length green and black chiffon frock with form-fitting bodice. Cosmetic therapy also is being continued.

The speaker is to wear blue pajamas while illustrating exercises for gaining, reducing, and the obtaining of poise, ease, and grace.

For tonight's talk, "Down Petticoat Lane," Nancy Earle will be frocked in wood violet taffeta. The frock is a belted model, floor length, with circular ruffles of tulle. White gold and brilliant accessories will be worn.

Of special interest also will be the style revue, featuring living models wearing frocks and gowns from Murree's store and Brownbill shoes.

Nancy Earle plans to display charm, as well as to discuss it.

PLAINVIEW IS WINNER

PLAINVIEW, Feb. 26. (AP)—The Plainview high school basketball team, by defeating Dalhart 23 to 15 today in the deciding game of their series, won the right to enter the state tournament at Austin next week. The Plainview boys are new champions of districts 1 and 2.

FEMININE FANCIES

BY HOLLYCE SELLERS

"I will answer all questions pertaining to health or charm," declared Nancy Earle as she made her first talk to the women of Pampa Monday afternoon in conducting the News-Post school of health and charm. "I may have to say I don't know, but I will give you an answer."

Then she opened the question box.

"Will I be successful in my oil investments?" read one.

Now Nancy Earle had never claimed to be a fortune teller, but she politely answered, "I hope so."

The speaker was quick to see the humorous angle of questions. She read: "How can I keep my blond hair?" I hope you mean how can you keep your hair blond," she replied with a giggle, and answered the question from the latter standpoint.

Nancy Earle was ready for any emergency. On one piece of paper she read: "Are you married or single?" Then she coyly answered, "Yes."

But there were numbers of really valuable questions asked and all were carefully answered by Nancy Earle.

Nancy Earle quickly won the confidence of her audience through her own charm. She is small of stature, a brunette, and always neatly, yes, exquisitely frocked. As she stands before an audience, one cannot help but notice her lovely, exquisite hands. She uses them always to intensify whatever she has to say.

In regard to hands, Nancy Earle says:

"Hands reveal the inner self. If there is nothing within to reveal, no hidden beauty of spirit or character, then the hands advertise that shallowness. Poverty of the soul, drab grayness of mind, leanness of spirit, lack of meaning or color in the personality, these things settle upon any loveliness of form and destroy it utterly."

"And so if you would have beautiful hands, look for them first of all in your qualities of mind and heart."

PARENTS VISIT BAKER SCHOOL DURING TODAY

Parents and friends of pupils in Baker school spent today visiting the various classes. The Parent-Teacher association is offering a picture to the room having the largest number of parents present. Visitation day was to have been climaxed at 2:30 p. m. with the following program:

Number from Woodrow Wilson school.

Reading, Mrs. Helen Turner.

Entertainment by the high school quartet.

Numbers by the high school band under the direction of "Pop" Frazer.

Play, "Medicine Folk," by fifth grade pupils under the direction of Miss Edna Underwood.

Play, "The Making of the First Flag," Miss Opal Snodgrass' room.

Rhythm band numbers under the direction of Miss Martha Wulfman.

Health play by pupils of the fifth grade under the direction of Miss Leota Brown.

Musical numbers under the direction of Miss Lenna Bryant.

Shooting Claimed To Be Accidental

RALEIGH, N. C., Feb. 26. (AP)—Prosecutor A. J. David of Raleigh, N. C., announced today that William M. Frazer, charged with the murder of Mrs. Phoebe Stader, had admitted shooting the woman but claimed it was accidental.

Frazer, the prosecutor said after questioning the man for more than an hour, told of accidentally discharging a rifle, the bullet killing Mrs. Stader.

The killing took place in New Jersey and not in New York, Mr. David said.

M. A. Hoey, assistant to the district attorney of Orange county, N. Y., arrived here this morning to ascertain if the killing took place in his county. Frazer and Mrs. Stader were reported to have been seen together in Orange county early on the night she is believed to have been killed.

Mrs. Frazer insists Mrs. Stader "ruined" her husband.

"I forgave him time after time. I don't know whether I can stand by him through this," she said.

WILL SLEEP MORE

SYRACUSE, N. Y. (AP)—The cause of illness among Syracuse co-eds has been discovered. It is lack of enough beauty sleep. And so the dean is recommending eight hours.

NOT HOW CHEAP But Oh, How Good!

Dilley's Big Dandy Kid says: "Miss Earle knows her stuff about health, beauty and charm; that's why she demands Dilley's products."

Miss Nancy Earle Demands Dilley's Big Dandy Bread

Miss Earle says: "I visited the Dilley Bakery and found it to be sanitary and their products not only very delicious, but their Big Dandy Bread contains every health giving ingredient required and contains nothing harmful."

BEWARE of CHEAP IMITATIONS

We could bake bread that would sell for half the price you pay for Dilley's Big Dandy Bread, but it wouldn't be Bread, nor would you receive the wholesome, nutritious food elements contained in Dilley's Big Dandy Bread. Instead of trying to make our bread as cheap as we can by using inferior flour and leaving out other health-giving ingredients, we make it just as pure and good as we can by using rich milk, high quality malt, pure cane sugar, simon pure leaf lard, best grade of flour and mixing thoroughly with the latest type mixing machine giving it that distinctive flavor contained only in Dilley's Big Dandy Bread. You can feed your family better and keep them healthier if you will use Dilley's Big Dandy Bread exclusively. "Cheap bread is not good; good bread is not cheap."

Central Baptist Women Meet For Study Yesterday

The Women's Missionary society of the Central Baptist church met Wednesday afternoon at the church, to under a missionary program.

The meeting was opened by singing "Joy to the World," and a prayer by Mrs. D. M. Scafe. Mrs. R. M. Mitchell led the devotional services, reading several Scriptures based on the Golden Rule.

The following topics were discussed: "The Measure of Love," Mrs. Ray E. Hunsate; "Measuring the Field," Mrs. W. J. Turpin; "Measuring the Forces," Mrs. H. C. Chandler; Mrs. Lloyd Satterwhite related the story of "The Mother of One Hundred Boys"; and Mrs. Cecil Lunsford told the story of "The Ladder Lady."

Mrs. Ben Siebold gave a report on the work of the home mission board during the past year, and the meeting was closed with the hymn "Rescue, the Perishing," and a prayer by Mrs. R. M. Mitchell.

March week of prayer for home missions will be observed next week. All meetings will be held at the church.

Royal Neighbors Have Kid Party

Thirty members and 15 guests attended a "kid" party given by the Royal Neighbors Tuesday evening in the basement of the First Baptist church.

Games were played throughout the evening, and a gift was awarded Mrs. W. E. McLaughlin for being the best initiator. Animal cookies and lollipops were served.

STERLING IS INVITED

BORGER, Feb. 26. (AP)—Gov. Ross Sterling, state Senators Clint Small and Pink Parrish, and Rep. A. C. Johnson today were invited to attend the celebration of Borger's fifth birthday, March 9. Gene Howe, Amarillo editor, has accepted an invitation to speak.

Sixty Women Are In Attendance At W. M. S. Meeting

About 60 women were in attendance at a devotional and business meeting of the Methodist Woman's Missionary society Wednesday afternoon.

The meeting opened with a song, "Jesus Calls Us," followed with prayer by Mrs. Fannie Hardin. Mrs. Purviance led a devotional on "Sharing the Gift of Life," and consecration prayers were given.

Reports from officers featured the business meeting.

Mrs. S. A. Burt, superintendent of study, announced that the next study book would be "Life and Letters of Paul."

Circle 3 received the surprise package for having the best representation at the meeting.

The gathering was dismissed with a song, "Blest Be the Tie."

Episcopal Group Discusses India

"India looks to Her Future" was the subject studied by members of the Episcopal auxiliary at a meeting Wednesday afternoon in the home of Mrs. William M. Craven. The meeting was the second during Lent.

The auxiliary is to have a food sale Saturday beginning at 9 a. m. at M System No. 2.

"Bridge" Trial Attracts Many

KANSAS CITY, Feb. 26. (A) — With the prospect of a hand of an eye-witness' account of the bridge game quarrel the state alleges, indicted Mrs. Myrtle A. Bennett to slay her wealthy husband, a throng massed in front of the criminal court and jail building today hours in advance of the opening of the fourth day of her murder trial.

John V. Hill, assistant prosecutor, had announced he expected to begin the state's testimony by placing on the stand Mr. and Mrs. Charles Hoffman, bridge opponents of the Bennetts when the alleged quarrel started.

To enforce the order relative to limiting attendance court attendants locked the big iron gates of the building.

Cigarette Ads Tell Of Huge Contest

WINSTON-SALEM, N. C., Feb. 26. (Special) — During the next few days the country will forget its crossword puzzles, back-slammer and bridge and turn its attention to the more interesting and lucrative pastime of finding the best answer to the question "What significant change has recently been made in the wrapping of the Camel cigarette?"

For the best answers to the foregoing question, R. J. Reynolds Tobacco company will distribute fifty thousand dollars in cash awards. The first prize will be \$25,000 in cash. The second, \$10,000; third, \$5,000, and numerous other cash awards of from one to five hundred dollars each.

The prize contests mark the beginning of an intensive nationwide advertising campaign to acquaint the public with the advantages of the new tight-sealed moisture-proof cellophane wrapper in which the Camel cigarette is now enclosed. While the new method of wrapping adds considerably to the cost of manufacture, the consumer will not be required to pay more than the usual price for his Camels.

According to the announcement of the R. J. Reynolds Tobacco company, practically every daily, county seat weekly, financial and college newspaper in the country will be used in its new advertising campaign, as well as a coast to coast radio hook-up and other forms of advertising media.

The first announcement of the \$50,000 prize contest appeared in full page advertisements in Wednesday's News, in which full details of the contest were given.

The contest will close at midnight, March 4. The judges selected to pick the winning answers are Charles Dana Gibson, international famous artist and publisher of Life Magazine, Roy Howard, chairman of the board of the Scripps-Howard newspapers, and Ray Long, presi-

Uncle Sam Makes Printers of Girls

First men lost their monopoly on the right to vote, then the barber shop became unsafe for old-fashioned stories, and now man's last stronghold is threatened. Women have invaded the government printing office in Washington, D. C., for the first time. Here you see Blanche Boisvert and Beulah A. Fairall, the first two girls accepted as apprentices—or "printers' devils."

dent of International Magazine company and editor of Cosmopolitan magazine. Winners will be announced as soon after the closing of the contest as practical.

Many Boys Will Go To Fort Worth

COLLEGE STATION, Feb. 26. — A total of 1,625 boys from 85 Texas high schools and their vocational agricultural teachers have requested tickets for vocational agricultural day, March 7, at the Southwestern Exposition and Fair at Fort Worth, according to information compiled for the show officials by J. C. Dykes, professor of agricultural education at Texas A. and M. college. The boys and their teachers will be guests of the show on the opening day.

Last year about 800 boys and teachers were in attendance on Vocational Agricultural day. Mr. Dykes said, "The greatly increased demand for tickets is due to the fact boys from 25 vocational agricultural schools will exhibit project calves, pigs, and lambs this year whereas only eight schools had entries in 1930."

Dean C. H. Winkler of the School of Vocational Teaching, and E. R. Alexander, professor of agricultural education at Texas A. and M. college, are planning to meet with the vocational agricultural boys and teachers on their day at Fort Worth as are C. L. Davis and J. B. Rutland, supervisors from the state department of education at Austin.

SCHOOL HEADS FOR PROHIBITION

DETROIT, Feb. 26. (AP) — With only one voice in opposition, the National Educational association, department of superintendence today adopted resolutions upholding the eighteenth amendment.

The lone opponent of the resolution committee report was Dr. Daniel S. Kealey of Hoboken, N. J., who had offered a repeal resolution. Dr. Kealey did not ask adoption of his own resolution, however, but devoted a 10-minute talk to opposing the one reported by the resolution committee which declared the eighteenth amendment the "most effective means yet devised to curtail the distribution and use of alcohol."

The New Jersey educator's talk, which was made from the stage, was interrupted frequently by cries of "throw him out" and "sit down." Norman R. Crozier, president of the organization, several times called on the superintendents to "be fair" and permit Dr. Kealey to finish his speech. Raising his voice above the noise, Kealey shouted at one time, "if you think you can intimidate me, you're foolish."

HE WON'T BE THERE

NEW ORLEANS, Feb. 26. (A) — Eddie Morgan, Cleveland's home run hitting first baseman, will not be on hand Monday when the Indians report here. He was on his honeymoon today with his bride, Miss Frances Tobin, a New Orleans debutante of the 1930 season.

Independent Republicans Avoiding Caucuses by Regulars of Party

Power of Satan Told By Whatley

High school students were addressed this morning by the Rev. H. R. Whatley, revivalist at the First Baptist church.

His text was Job 18:18—"Driven from light into darkness and chased out of the world."

"I come this morning to bring you not a chapel program of the usual kind like I would if I were a minister in this town, but a special message on morals.

"The first thing I want you to notice in this verse of scripture I just read is, that it has a driver. This driver is a personality, and he is a great personality. He drives souls from light into darkness and finally out of the world. It is his business to drive souls into the eternal darkness. And one day he will chase us out of the world.

"He is an invisible power and is called by various names such as: Satan, which means lying in wait; Devil, and that means he accuses; Tempter, because he tempts, and Serpent, because they are very poisonous.

"The devil does not start by driving but by wooing the soul which he is tempting. He wants us to live for today and forget the future, or let it take care of itself. There are many lights from which he drives you especially from the lights of the Bible and the church. I beg of you young people take hold of your chance while yet you are young."

WASHINGTON, Feb. 26. (A) —

Ranks thinned by the purposeful absence of independent-minded members, the republicans of the house will meet in caucus tonight to select candidates for offices in the next congress.

The independents, mostly from western states, want a free hand next December, are unwilling to commit themselves now to the present republican leadership, and are determined to gain greater recognition for their group.

Among the regulars as meeting time approached there was no sign of opposition to Nicholas Longworth of Ohio for renomination as speaker. He has held the chair for six years. The other officers also appeared slated for renomination without opposition: John Q. Tilson, of Connecticut, floor leader; William Tyler Page, clerk; Joseph G. Rodgers, sergeant at arms, and Bert W. Kennedy, doorkeeper.

The independents have not entirely retailed against this leadership but the significance of their abstentions lay in the close margin between the republicans and democrats in the next house. In a block, that dozen or fifteen votes could elect either slate or force a compromise on the ticket or in committee selections. They have given no sign, however, of wishing to join the democrats.

Recent weeks have seen Speaker Longworth in a conciliatory attitude toward restive groups. Only yesterday he obtained reopening of the oil embargo question after the ways and means committee had shelved for the session legislation sought urgently by petroleum state representatives. The day before he took the floor to aid in passage of the "lame duck" resolution much de-

AN EMPIRE nightgown of pink crepe, seen recently in a smart crousseau, had a yoke of other Aleuscon and a plastron of pink daisies at the front of the waist, held by satin ribbons which tied at the back.

Kidnaped Police Officers Released

HASTINGS, Neb., Feb. 26. (A) — Two policemen who were kidnaped by four bank robbers after a gun fight with officers in which two persons were injured were released today.

One of the officers, Patrolman William Woods, was tied to a fence post near Grafton, Neb., and released several hours later. Police Captain Frank Yettman was released by the robbers eight miles from Sylvan Grove, Kans., about 3

sired by westerners, and his support of the veterans' loan bill was popular with an overwhelming majority of the house.

a. m. Reports received here were the officer had been tied to a chair in a school house. He later was freed and notified authorities of his safety.

One of the robbers who gave his name as Robert Hendricks, and Vincent Condit, an investigator for the Nebraska Bankers association, were wounded seriously in an exchange of shots when officers attempted to arrest the men. Hendricks was captured later at Belvidere, Neb.

The bandits yesterday robbed the Hastings National bank of \$27,673 after blinding and gagging 13 employees of the bank.

Late last night officers surrounded the robbers' house two blocks from Hastings college. Two officers went to the door. The robbers kept guns trained on them while they were in the house and the officers were forced to leave. Condit attempted to enter the house through a rear door and was shot. He returned the fire, but the robbers dragged him into the house.

A gun fight followed and numerous shots were exchanged. Pointing two machine guns at Condit, the robbers forced him to walk to the front of the house and plead with the other officers to cease firing. The officers put down their guns and were forced to lay on the ground, while the bandits escaped in two motor cars with a woman and child. Yettman and Woods were kidnaped by the bandits and taken with them.

our shots were exchanged. Pointing two machine guns at Condit, the robbers forced him to walk to the front of the house and plead with the other officers to cease firing. The officers put down their guns and were forced to lay on the ground, while the bandits escaped in two motor cars with a woman and child. Yettman and Woods were kidnaped by the bandits and taken with them.

FUMES KILL THREE

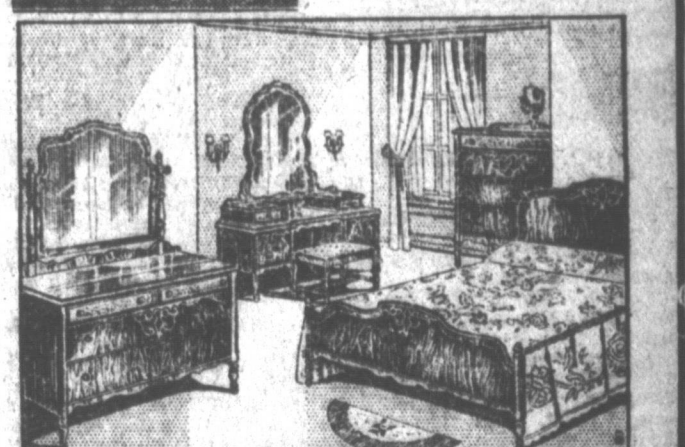

INDIANAPOLIS, Feb. 26. (A) — Two men and a woman, all elderly, were found asphyxiated in their home here today by fumes thought to have come from a kitchen gas heater. The victims, fully dressed apparently, were stricken without warning.

The dead: Mrs. Letha Stickle, 65; Benjamin Stickle, 70, her husband; William Coble, 69, brother of Mrs. Stickle. The three persons were last seen alive Tuesday night.

SAUNDERS BLDG., ACROSS FROM ROSE MOTOR CO.

PAMPA, TEXAS

Everyone who has seen it says that the Ford Show is one of the most interesting automobile exhibits in Pampa's history. Attendance increases hourly—and it is our suggestion that you do not wait until Saturday night. Come now!

There are many reasons why you should see this show. All of the thirteen Ford cars, including the smart new Victoria, are here—a type for every need and preference. If you are interested in commercial transportation, you will want to see the many new Ford commercial cars and trucks on display. They offer the utmost in dependable, low-cost motor transportation.

ADDED ATTRACTION! TALKING PICTURE!

There are many features in this show. An interesting talking picture: "A Tour Through the Ford Plant." And some very informative displays of such features as the Triplex shatter-proof glass windshield, Rustless Steel, the Houdaille double-acting hydraulic shock absorbers and steel-spoke wheels. You will be shown the rebuilding of a Ford motor in our service school. You will be invited to experience the great riding comfort and driving ease of the Ford. A corps of demonstrators will be at your service, and you will be under no obligation whatever.

Come to the Ford Show without fail—today, if possible. Admission is free.

Week's Summary Of Oil Production Given By Institute

NEW YORK, Feb. 26. (AP) — The weekly summary of the American Petroleum Institute today said: Refineries representing 93.7 per cent of the estimated daily potential refining capacity operating at 88.6 per cent of their capacity, reported daily average run of crude oil to stills as 2,270,400 barrels. Daily average the previous week was 2,211,800 barrels for refineries representing 95.7 per cent of the potential capacity operating at 81.9 per cent of their capacity.

Refinery operation (in barrels):
Week ended Crude run to stills
Total Daily Avg.
Feb. 21 15,893,000 2,270,400
Feb. 14 15,479,000 2,211,800

IN CONGRESS

By The Associated Press Thursday

Senate: Continued debate on second deficiency bill and considered minor bills.

Conference met on proposed constitutional amendment to abolish "lame duck" sessions of congress. Lands committee resumes oil shale investigation.

House: Votes on bill to tax yellow oleomargarine 10 cents a pound. Considers \$30,000,000 battleship modernization program.

Census committee resumes hearing on reapportionment. Rules committee considers measure for investigation of transportation holding companies.

Wednesday
Senate: Confirmed Eugene Meyer as governor of federal reserve board. Debated second deficiency appropriation bill.

Senator Davis, republican, Pennsylvania, appeared before a lobby committee to deny lobbying for sugar tariff.

House: Sent \$20,000,000 veterans' hospital bill to conference. Debated measure to tax yellow oleomargarine.

Rules committee heard witnesses on proposed investigation of all transportation holding companies. Ways and means sub-committee named to draft compromise oil tariff measures.

GRAHAM, Feb. 26. (AP) — Julia Price, 50, was dead and J. E. Rider was in a hospital here today, probably fatally burned, as a result of an explosion and fire late yesterday at the W. B. Hinson well of the Nash and Windfirth interests, a mile north of Graham. A sudden rush of oil from the well sprayed a boiler, the oil catching fire and igniting gas from the well.

DIXIE COTTON CARNIVAL QUEEN

Like an old-time southern belle in her old-fashioned gown, Miss Elaine Patterson of Memphis, Tenn., wears this costume as queen of the first Memphis Cotton Carnival, a three-day celebration that begins on March 2. Miss Patterson, who is the debutante daughter of Mrs. Allie Strake Patterson, is also shown in a closeup in the inset. The garments are made entirely of cotton.

McMANUS TO BE THERE

SACRAMENTO, Calif., Feb. 26. (AP) — The entire Detroit Tiger squad will begin training together here next Monday. Even Marty McManus, star infielder, let it be known he would be on hand, despite salary differences with the management. He wants \$13,000 and a \$1,000 bonus. He has been offered \$12,000.

MANY PUPILS SAVING

Two hundred seven children of Woodrow Wilson school now have accounts with the Western Building and Loan School Thrift department.

BETWEEN WAVELENGTHS

(Time Is Central Standard)
NEW YORK, Feb. 26. (AP) — The National Broadcasting company is to begin the production of recorded programs for broadcast purposes.

The records will not be used on chain broadcasts but will be for stations which cannot join the chain at certain hours, and for regional stations.

While officials admit that broadcasting records introduces a second mechanical process between the listener and the artist, they feel developments in this line have been such as to warrant participation, at least on an experimental basis. NBC artists will supply the talent.

Try these on your radio tonight: Rudy Vallee's orchestra, with

Irene Bordoni, as guest singer, WEAF and stations at 7.

Will Rogers in the Salon orchestra broadcast on WJZ and network at 7:30.

Drama "Jungle Time" and talk by Dr. Herbert S. Diekey, explorer, WABC and group at 7:45.

Efrem Zimbalist, violinist, in orchestra melodies, WJZ and hook-up at 8:30.

Testimonial dinner and award of the James E. Sullivan memorial medal to Bobby Jones from Chicago at 9.

The E. A. Rolfe dance orchestra, WEAF stations at 9.

Nan Halperin singing in the Radio Roundup, WABC network at 10:30.

CHARM ITSELF COMES TO WOMEN

With this thorough daintiness

Zonite Ointment

"The greatest beauty cream"
Large tubes, 50¢

Charm and daintiness — how much they mean to every woman! It is not everyone who can have regular features or a youthful figure. But everyone can have the poise and self-assurance that go with daintiness and charm.

Just get one bottle of Zonite at your drugstore. It is not expensive, but in it you will find a wealth of uses that go hand in hand with good grooming and dainty feminine charm. Beauty experts have acclaimed Zonite for its "many necessities all in one." You will find a list of them here. Full directions come with the bottle.

Zonite is an aid to beauty, but it is also more. Zonite is a remarkable germicide and antiseptic—remarkable because it combines strength with absolute safety. Besides this, there is Zonite Ointment. It is a smooth, antiseptic greaseless cream, and you are sure to like it.

In bottles:
50¢, 60¢, 75¢

NANCY EARLE . . . famous lecturer on Charm and Health . . . recommends Zonite for

Feminine hygiene

IS CHARM

such a simple thing as that?

THINK of the women you consider unusually attractive and you will think of women who have freshness and animation. Invariably, brilliant smiles go with a charming personality.

Certainly then, attractive teeth are very important. And their proper care is not only an aid to all-round health, but one of the most effective aids to beauty.

You will find that Squibb Dental Cream takes wonderful, gentle care of teeth and gums. It cleans beautifully because it is an antacid dentifrice. Before you finish the first tube, your teeth become lustrous and your mouth begins to keep that healthy, fresh feeling.

And Squibb's is especially effective in protecting The Danger Line, where gums meet teeth. For Squibb's contains more than 50% Squibb Milk of Magnesia, a soothing antacid dentists have used for years.

Squibb's is safe in every respect—it contains no grit, no astringents, nothing which might injure enamel or delicate tissues.

HERE'S WHAT DENTISTS SAY:

E. R. Squibb & Sons asked a prominent research institution to conduct an investigation among 50,000 American dentists as to proper care of teeth. Here is the summary of the replies received:

95% of the answers stated that germ acids most frequently cause tooth decay and gum irritation;

95% of the answers agreed that the most serious trouble occurs at the place where teeth and gums meet;

85% stated that the best product to prevent these acids from causing decay and irritating the gums is Milk of Magnesia.

Squibb Dental Cream is made with more than 50% Squibb Milk of Magnesia. What stronger assurance could there be that its formula is correct and that it will protect your teeth and gums?

"SERVICE AFTER THE SALE"

THE CRIME IN THE DUTCH GARDEN

SYNOPSIS: Whose, murderous and a sane image fatally missing on Annabelle Quendling, her Dutch Garden? Was it the piler of the death threats the murder had received? Jimmie Haskell, whom Evelyn Blake, Miss Quendling's niece, consulted previously, is aiding police in the case, who has been given orders to kill her. Evelyn Blake, a discharged nurse, Evelyn's sister, Marjorie, how she found her aunt dead a few minutes after she and a friend, Dr. Netherland, had conversed with her in the garden. Evelyn and Lionel Duckworth, her lover, as they were in the music room, when Marjorie reported the news. Major Gresham, in the garden after the tragedy, does not satisfy the superintendent regarding his actions during the quarter preceding it.

Chapter 7
SHATTERED ROMANCE
"This is insolent," fumed the major, Richmond indicated that his vision as unsatisfactory.

Suddenly the major stopped short and glared through his monocle. Then he started abruptly.

"Very well, I'll tell you, Miss Quendling had been a friend of mine for years and twice a week I called on her. Last Tuesday I asked her to marry me."

His glare at Jimmie brought only an encouraging nod.

"She declined. I took her refusal as a gentleman should. Then, last night, I started to walk over though I was uncertain what to say to her. I suppose I walked slowly for that reason. It was devilish difficult."

"Then," said Superintendent Richmond, "that is the reason you waited on the lawn and did not go straight to the Dutch garden?"

"It is. Now, poor soul she is dead." His voice dropped. "If I was reluctant to tell you even in confidence, you will appreciate my reason."

Richmond again asked the major if he had seen anyone in the garden. A negative answer made the question more specific.

"Did you, for instance, see a woman passing near the house, I mean, before Marjorie passed?"

"No, I saw nobody."

The major glared in the old manner as he left the room.

Richmond grinned. "Fancy his proceeding to Miss Quendling! He told Constable Roscoe to summon the chauffeur. 'If anyone here did it, he seems the most likely.'"

Explained, but as Jimmie's suggestion he decided to question the maid, Janet.

Pretty Janet Raynes, made nervous by the circumstances, was put in a defensive attitude by the superintendent's severity. She had been Miss Quendling's parlor maid for eighteen months and had gone out of the house for only a short time on the night before, but had not one near the Dutch garden.

She said that on the night before there had been only one caller, Mr. Duckworth, and that Miss Marjorie had told her to take some coffee to him and her sister in the young ladies' room. "I left the coffee and went out."

"Singing, weren't they?" She nodded and Jimmie continued. "Did you go to the garden?"

"No, sir, not at first. The doctor came. He went out with Miss Marjorie."

"And you followed, or not?"

"No, sir, not at first. The doctor came. He went out with Miss Marjorie."

"And you followed, or not?"

"No, sir, not at first. The doctor came. He went out with Miss Marjorie."

"And you followed, or not?"

"No, sir, not at first. The doctor came. He went out with Miss Marjorie."

Truck and Auto Hit—2 Men Die

LONGVIEW, Feb. 26, (AP)—Two men were dead and two were in a hospital at Henderson today seriously injured, as a result of the head-on collision of an automobile and a truck late yesterday on the Nacogdoches highway, 10 miles south of Henderson.

The dead: Thomas Wallace, 38, cotton buyer, Timpon.

Will C. Ward, 50, cafe owner, Timpon.

The injured men, who were riding in a sedan with Wallace and Ward, are Leo Robbins, of Hope, Ark., and S. T. Pries, of Shreveport, La. Clifford Lusby, driver of the truck, was unhurt.

THEY DIDN'T GO HOME
SIOUX CITY, Ia., Feb. 26, (AP)—Chickens don't always go home to roost.

When H. Lent, a trucker of Smithland, Ia., pulled into a garage he noticed two chickens roosting on the rear axle of his truck.

The chickens, he said, apparently picked their roosting place where he was delivering some cattle to a farm house near Norris, S. D.

Norris is 237 miles from Sioux City.

all the time. What threatening language did you use to Miss Quendling?" Richmond asked.

"I didn't threaten. I only said, if she wanted to prevent folk marrying, she was a meddling old fool."

Richmond pressed him closely, but there were no more contradictions. He said that in going for the doctor he followed the footpath just inside the links. He hesitated momentarily as Jimmie asked whether he had seen anyone.

"No, but there was a car off the path just inside the links."

"Another car!" exclaimed Richmond. "Whose could it have been?"

IS IT YOUR STOMACH?

Pineland, Texas—"I suffered from stomach trouble ten years, was treated by many doctors but grew worse. My constitution was run down and I took the 'flu', was totally confined to bed for four months. I could eat but very little. I was so discouraged I had almost given up hope. I wrote Dr. Pierce and he advised me to take Dr. Pierce's Golden Medical Discovery and the 'Favorite Prescription'. Words can't express the benefit I received."—Mrs. O. B. Fults, Dealers.

Write to Dr. Pierce's Clinic, Buffalo, N. Y. for free medical advice, enclosing wrapper from medicine.

"So, you admit you were not there"

"That's a lie," shouted Green. "No one came until I was wanted to fetch the doctor." When Richmond insisted that some one had come for him and he had been absent, he corrected himself. "I was there every minute except when I went to the cottage to get a hammer Ben had borrowed."

"So, you admit you were not there"

THIS GREAT HEALING OIL BEST FOR PIMPLES AND SKIN TROUBLES

Make up your mind today that you are going to give your skin a real chance to get well.

You've probably been, like a lot of other people, convinced that the only thing to use was an ointment or salve (some of them are very good) but in the big majority of cases these sticky salves simply clog the pores and the condition primarily remains the same.

Go to Fatheree Drug Stores or any other good druggist today and get an original bottle of Moore's Emerald Oil—an 85 cent bottle lasts 2 weeks.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your skin troubles will be a thing of the past.

Remember that Moore's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

"Great care should be made in selecting Silverware, Chinaware and Glassware to harmonize," says Miss Nancy Earle.

Here you will find the newest designs in Haviland, Bavarian and English China, Tiffin Glassware and 1847 Rogers Silverware.

Thousand Doctors Are Investigated In Liquor Conspiracy

NEW YORK, Feb. 26, (AP)—Suspected of conspiracy in what federal authorities called the largest liquor-prescription syndicate ever uncovered, 1,000 physicians and 400 druggists were under investigation today.

Directed by Horace J. Simmons, special treasury agent, 100 agents made 14 simultaneous raids on 12 drug stores, an office building and a hotel yesterday and arrested more than 30 men. Signed prescriptions totaling 1,432 were seized in the apartment of Nathan Bernstein.

Eleven prisoners were taken at 60 headquarters of the syndicate in Union Square. Twelve druggists and employees were arrested at their stores in Manhattan, the Bronx and Brooklyn. Morris Sweetwood, an ex-convict, was arrested at the Hotel Alva. Small quantities of liquor were confiscated at each place.

Mayor Leads Raid On Exclusive Club
PHILADELPHIA, Feb. 26, (AP)—Mayor's manufacturer's club, one of Philadelphia's most exclusive institutions, was raided early today by a special police detail personally directed by Mayor Lenox B. Schofield, director of public safety, a member of the club.

Armed with a warrant issued by Magistrate Edward P. Carney, the raiding party entered the club shortly before 2 o'clock. In a suite of rooms on an upper floor, Director Schofield said, he found a regular old-fashioned bar, and about 100 loaves, many of which contained liquor.

From the lockers and bar the raiders said they removed between 500 and 800 quarts of liquors, including cordials, champagnes, rye, Scotch and gin. The manager of the club, August Bolli, was arrested on a charge of possession.

Immediately after the raid Director Schofield tendered his resignation as a member of the club and issued the following statement:

"The only way to enforce the prohibition law is to arrest the big fellow along with the little fellows. To the police, Broad and Walnut streets (the club central city location) looks the same as any little speakeasy up an alley."

The Strickland Apartments have put in General Electric Refrigerators to replace conventional type electric refrigerators that were only used two years. G. C. Malone Furniture Co. Adv.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

FRIGIDAIRE

Electricity Assures Dependable Refrigeration

To safely preserve perishable foodstuff . . . to protect them from spoilage or bacteria infection . . . a method of refrigeration which will maintain a constant temperature of less than fifty degrees is a vital necessity.

In no other way can you be sure that the foods you are serving are safe beyond the shadow of a doubt . . . Electric Refrigeration is as certain as electricity itself. Regardless of where you are, dependable and efficient electric service guarantees the constant low temperature advocated by leading medical and food authorities . . . Food may be left without attention in the Electric Refrigerator for an indefinite period without harmful effects . . .

SCHOOL SITE ANNOUNCED

CANADIAN, Feb. 26. (P)—The location of Allison school district, unsettled for several years, has been settled.

Boundaries of the district extend into both Wheeler and Hemphill counties. The district has been under the management of Hemphill county until almost a year ago when the boards of trustees of the two counties voted to transfer it to Wheeler county.

The attorney general's department ruled recently that school districts could not be transferred in such manner, and the school is back where it started.

The district is facing an \$18,000 bond election Saturday for a new building.

BROKE MUCH LAND

DALHART, Feb. 26. (P)—Lem S. Pife, retiring as Dalhart chief of police, March 1, is refuted here to have broken out more land in the Texas Panhandle than any other man now living. He came to this section from Illinois in 1808.

He was also one of four punchers to trail a herd of buffalo from Dalhart to near Fort Garland, Colo., in 1912.

NOTICE WATER WELL

CONTRACTORS—Sealed proposals will be received by the City Commission of the City of Pampa, Texas, until 2:30 p. m. Tuesday, March 3, 1931, for the drilling and equipping of one water well in the City of Pampa, Texas. Some requirements are as follows: The well should be drilled to penetrate the water-bearing stratum found at an approximate depth at 335 to 420 feet and shall be developed with gravel placed between the outside of the casing and the wall of the well, and shall be equipped with turbine pump, brick pump house and various and sundry other equipment.

Full specification and form of proposals may be obtained at the office of the City Manager in Pampa, Texas.

Proposals should be addressed to the City Manager of the City of Pampa, Texas, and must be accompanied by a certified check in the amount of \$500.00 to guarantee execution of required contract. The right is reserved to reject any and all bids.

D. W. OSBORNE, Mayor.
F. M. GWIN, City Mgr.

About New York

NEW YORK—If and when Police Commissioner Mulrooney claps a 1 a. m. curfew on Broadway, it will be the knockout punch for the wide-open night club.

Things don't start in the silken saloons of dancing and floor shows until 11 o'clock, and they don't begin to get going until around midnight, when the after-theater crowd has fully arrived.

So what's the use, Broadway may ask, in trying to whoop it up in 120 short minutes. It could hardly be done.

Cutting the closing hour down from 3 o'clock is proposed, it seems, only for the night clubs. The hotel supper clubs probably would be unaffected, or even if they were included they at least begin festivities at dinner time.

New Yorkers always will stay up late, somewhere.

Hot Spot

The new curfew idea, and don't think I expose it, grew out of the shooting up of the Club Abbey.

It seems one doesn't have to reserve a hotel room for the shooting these days.

Well I know the spot where the bullets whanged. It was in what the color-writers called "the wise guy corner," where sat gangsters, newspapermen and guests who don't pay cover charges—still quoting the newspapers.

I never sat in that corner because I always (whether you care or not) pay the check. I like to leave the other sort of thing to that elusive fellow who goes around falsely representing himself as holding my job. There's one thing about being known to the night club bouncers. When the phony chap barges in, they boot him out. And I hope some day he has to write a column.

But the Abbey set a vogue in night clubs, even though it was much like its predecessors in appointments—semi-dark, smoky, close and hot. With the upper, lower and demi-world rubbing agitated elbows together at tables around the wall.

Daring Show

Jean Mallip, the chief entertainer, whose name was in the lights outside, has become a town character. With his Helen Morgan-impersonating buddy he set a winter's style in daring entertainment, which was copied by other clubs, but now is evidently on the wane, largely because of public sentiment against its lavender color.

Thanks to luck, I missed that shooting, changing the old mind about an intended visit to the Abbey on brawl-night and going straight home after the Beaux Arts ball.

In comparison with a night club the ball was a lot more brilliant. It's true, several important Park avenue quartets and sextets broke forth in the wavering lobbies, and one gay fellow beat a waiter's tray wildly under these tired ears, but the party was no more decadent than a college prom.

Motor Cars Will Supplant Trains

AUSTIN, Feb. 26. (AP)—The railroad commission has authorized the Frisco to substitute motor car service between Fort Worth and Brownwood for its present day mixed train service. The change will take effect today.

At present it requires all day for the mixed train to run from Fort Worth to Brownwood and vice versa. The motor train will make the trip in about five hours, leaving Brownwood about 7:30 a. m. and leaving Fort Worth about 2:30 p. m. The change will give the Frisco a better opportunity to try out its new two-cent fare.

Baby Bunting Goes A Hunting

RADIO DAY BY DAY

by C. E. BUTTERFIELD

By C. E. BUTTERFIELD

Associated Press Radio Editor

The scope of the individual newspaper reporter no longer is confined to his own local territory. It's world wide.

That's another thing for which radio is responsible. More examples are creeping into print almost daily, one instance being the interview between New York City and Vatican City, in which Guglielmo Marconi gave his opinions on radio progress.

It wasn't the first interview via the ether waves by any means, but it was one of the first, if not the first, in which the great expanses of the Atlantic had been traversed by questions and answers to develop material exclusively for newspaper use.

Digging back into the early history of radio, there is recalled a similar interview with the MacMillan-McDonald expedition in 1925. At that time James D. Foster, Chicago newspaper man, talked via a two-way low wave-high wave circuit to the far north, was enabled to give the world a story of what the explorers were doing.

The Marconi interview, following so closely upon the first papal broadcast, brought sharply to the attention of listeners the fact that radio, outside of the territory of the entertainment field, is making tremendous strides.

Think of being able to sit in New York and address a person so far away that it would take days and nights of the fastest travel to see him face to face!

By his answers to the questions, Marconi indicated that his enthusiasm over radio has not waned as yet, despite the fact that it is his handicraft which is the basis for many of modern developments.

Apparently much of his work in the future is to be in the short wave channels, where great possibilities are being opened up through development of the waves under 15 meters. Not only has Marconi turned his attention in that direction, as shown by the new Vatican City station HVJ, which operates on 19.84 meters most of the time, but American engineers and amateurs are doing much research work there.

Last Judgment Subject Of Talk By Rev. Whatley

Taking as his subject the last judgment, Rev. Whatley spoke to more than 200 last night at the First Baptist church auditorium.

"I am going to talk about the end of the world tonight," said Rev. Whatley in opening his sermon. "There are several reasons why it is reasonable to believe that the world will end some day. One is the increasing population of the earth. In every century since the dawn of human history the earth's population has been on an increase. Think of the United States, just discovered 400 years ago. There were only a few Red Men here, then; but now our population numbers 120 millions. If the population continues to increase on an upward scale there is no telling what will happen."

"We are told that Christ will come back to earth. This coming is described in the book of Matthew. In the coming of Christ we are told three things: He shall come in His glory; He shall come with all His holy angels, and He shall come to judge the world."

"When Christ comes we are told He shall come in all His glory. Just what that glory is we do not know; but we do know it is something dazzling, unthinkable to man."

"Then we are told that He is coming with all His angels. They are numberless, and they are all coming. It will be impossible for any human to escape, for they shall

all be sent to gather in humanity for the last judgment."

"Another word: We are told that Christ is coming to sit on His throne. He is coming to sit on His throne. Every human will stand before His throne. Some try to tell you that there will be a chance for salvation when Christ comes again. But there will be no second chance. When Christ comes again He will come as supreme judge."

"At the judgment all people will be present. We are told that all nations shall stand in the judgment. The first resurrection is a resurrection of righteousness; the second resurrection is when the devil will come and gather up his army; and a third resurrection is when both the saved and unsaved will come forth from the grave. Every eye shall see Him. When Christ comes back to earth the end of time is here. When we come down to the end of time the Christ will come. The saved shall be on the right and the unsaved on the left; Christ shall be the judge."

"The cross divides this old world. You are either for God or against Him. You are on the road to hell or on the road to heaven. We will face our record down here."

"My last word tonight is, there will be a division there. A time will come that will be known as the time of separation. I don't know how to describe it to you but

there will come an eternal separation. To me this is one of the saddest things I know. If you have unsaved children, husband, or wife, you had better get on your knees now!"

SUNSHINE MELLOWS Heat Purifies

LUCKIES are always kind to your throat

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

Everyone knows that sunshine melloWS—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret heating process. Harsh irritants present in all raw tobaccos are expelled by "TOASTING." These irritants are sold to others. They are not present in your LUCKY STRIKE. No wonder LUCKIES are always kind to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough
