## House Panel Gives In On Postal Fund

WASHINGTON (AP)—The House Appropriations Committee today voted to give the Post Office Department an extra 41 million dollars in a move to prevent prolonged curtailment of mail services.

The committee's action, taken behind closed doors, was by a vote reported as 27-10.

The amount approved is six million dollars less than the Post Office Department requested and is for use during the next 2 1/2 months.

It is 24 million dollars more than a subcommittee had recommended after Postmaster General Summerfield said it would be necessary to halt Saturday mail delivery and cut back other postal services if he didn't get more money immediately.

The House will consider the Appropriations Committee's recommendations Monday and is expected to approve them quickly so the Senate can act at once and get the bill to the President.

The new allotment would boost to \$2,165,000,000 the funds given the Post Office Department for the fiscal year ending June 30.

Summerfield told newsmen yesterday he would not be able to restore any of the scheduled mail service cuts until a bill giving him sufficient funds has passed both House and Senate and has been signed by President Eisenhower.

Under orders already issued, all post offices will be closed on Saturdays and Sundays and all city and rural mail delivery will be stopped on Saturdays, except for special delivery items.

On Monday, deliveries to city business districts will be cut to two a day and post office window service will be reduced.

All third class mail—chiefly advertising matter and small merchandise—is scheduled to be discontinued April 29, except for certain medical items. On the same day, sales of money orders will be halted at first and second class post offices.

A suit was filed in Federal District Court here yesterday seeking to restrain Summerfield from suspending the third class mail service.

Associated Third-Class Mail Users Inc., with headquarters here, and Spencer Gifts Inc., of Atlantic City, N.J., filed the injunction suit jointly. They contended Summerfield's order, as it applies to third class mail, "constitutes an exercise of unlawful authority. They said that unless the injunction is issued, they will continue to suffer irreparable damages."

Sen. Potter (R-Mich) told the postmaster general yesterday, during a Senate Appropriations Committee hearing, that he had heard "by the grapevine" that the House committee might give Summerfield 41 million dollars.

Summerfield replied that if Congress gave him 41 million, then he would rescind all the cuts he could, but that he wouldn't do it until the money was available.

## Ousted Jordan Chief's Friend To Get Post

AMMAN, Jordan (AP)—King Hussein was expected today to call on Abdel Halim Nimr to form a new government. Nimr is a close associate of Suleiman Nabulsi, dismissed as premier by the King Wednesday.

(A Cairo dispatch in the newspaper Al Mesass said Nimr had already been named premier-designate.)

Nimr, 40, was defense and interior minister in Nabulsi's cabinet. He is described as a strong-willed and aggressive politician, but not as fiery as Nabulsi. Both belong to the National Socialist party. Nimr would encounter no difficulties in forming a Cabinet, since the party and blocs aligned with it could command a decisive majority in the 40-man Parliament.

Choosing Nimr to replace Nabulsi could mean a compromise between the palace and the National Socialist party. It may be a face saving device.

Earlier the King was reported ready to reappoint Nabulsi but this failed to materialize.

It is not clear what foreign policy Nimr would follow, but informed sources say he could be expected to carry out the policies of Nabulsi and the National Socialist party.

Nabulsi said he would refuse American aid if this required him to oppose communism. Though he is not a Communist, Nabulsi frequently said he wants to be friends with Soviet Russia. His Cabinet recently agreed to exchange diplomatic relations with the Soviets.

Whether Nabulsi would be included in a government set up by Nimr still was not definite. A source close to Nimr said he would not be. Other informants said he would be given the Ministry of Foreign Affairs.

# State Dept. Budget Slashed 23 Per Cent

## Information Agency Also Receives Cut

WASHINGTON (AP)—The House Appropriations Committee today slashed 23 per cent from new funds requested by the State Department and the United States Information Agency. It criticized them both for what it called "a amazing and unprecedented" personnel practices.

It refused to approve any money for 2,123 new positions the two agencies requested and for continuance of 950 jobs established during the present fiscal year without prior consideration or appropriations by Congress.

In a sharply worded report written by Rep. Rooney (D-N.Y.), the committee decried "fiscal irresponsibility on the part of the State Department" and "irresponsible handling of the taxpayers' money" in connection with foreign programs financed with funds appropriated to the President.

The report accompanied a bill recommending these appropriations for the fiscal year starting July 1:

State Department, \$190,382,743, a cut of \$47,331,809, or almost 21 per cent, from presidential requests and \$41,317,329 less than was provided this year.

U. S. Information Agency, \$106,100,000, a 26 per cent cut amounting to \$37,900,000 and \$6,900,000 less than was provided this year.

The committee stipulated that Voice of America overseas broadcasts are not to be cut and cutbacks against "propagandizing the American public."

Funds appropriated to the President for international cultural and trade fair programs, \$10,900,000, a cut of \$7,600,000 or 41 per cent, from requests and 7 1/2 millions less than current year appropriations.

Justice Department, \$227,835,000, a 3 per cent cut amounting to \$8,900,000 but an increase of \$1,811,350 over current year money. The FBI was allotted every dollar it requested, including a \$5,940,000 boost over this year's funds.

Federal judiciary, \$38,562,050, a 5 per cent cut of \$2,218,200 from requests but \$2,240,615 more than the courts had this year.

All the funds were embodied in an omnibus bill providing new appropriations of \$83,799,793, a reduction of \$101,850,009, or 15 per cent, from requests and \$41,665,364 less than current year funds.

If the House sustains the committee's recommendations when it considers the bill next week—and it may cut even deeper—it will have boosted to \$1,140,000,000 its total cuts to date this year on eight annual money bills.

Mrs. Jean Schwartz, 32, left, and Mrs. Betty Brooks, 35, pose for photographers at Reno, Nev., following disclosure by their husbands in Millbrae, Calif., that the women are in Reno seeking divorces from their present mates so they can wed each other's husbands.

## JC Staff Elected, Salaries Adjusted

HJCJ trustees approved recommendations of Dr. W. A. Hunt for election of administrators and faculty members Thursday, four of them for 12 months contracts, one of 10 months and the others for nine months.

Ben F. Johnson was re-elected dean and his salary, as was that of Dr. Marvin Baker, who was named assistant to the president, director of night school and director of adult education, was pegged at \$8,500. For Johnson this was a \$500 increase and for Baker \$1,000.

Other 12-month contracts went to B. M. Keesee, registrar, and John Paul Vagt, librarian, who drew the \$200 increment. George A. McAllister, dean of men, was raised \$400 to \$6,120 and Arah F. Phillips, dean of women, was raised a like amount to \$5,800. Contract of Harold L. Davis, athletic director, was renewed with a \$500 increase to \$6,600.

Re-elected to the instructional staff with salaries ranging from \$4,600 to \$5,500 (except for one of \$6,121 which includes \$621 for supervising publications) were these: Dean S. Box, Marshall R. Box, Ray F. Broussard, John T. Clements, Elizabeth Daniel, Robert Harris Dyer, James Bruce Frazier, Jack W. Hendrix, William M. Holbert, Leslie L. Lewis, Ina Mae McCollum, Reva L. Shelton, Fred Ernest Short, Angie C. Vail, Harold W. Vail, William L. Walker, Errol W. White, and Blanche Yarbrough. These each carried a \$200 increment over the present year's pay, except in the case of Hendrix who will get an extra \$100 by virtue of designation as department head.

## Mahon Takes Swipe At Junket Offer To Congress

WASHINGTON (AP)—Secretary of the Army Brucker's offer to congressmen of a free Kentucky trip — he says it's "coincidence" — the excursion falls on Derby weekend—has stirred some bitter comment in Congress.

"This seductive Army bobble could possibly cost the Army 100 million dollars in reduced appropriations," said Rep. Mahon (D-Tex.), chairman of a House Appropriations subcommittee which handles military money bills.

"The extravagant excursion is arranged for one purpose and one only — to please congressmen," said Rep. Burdick (R-ND).

Their comments came yesterday, a day after first public reports of the trip.

A somewhat ruffled Brucker conceded to newsmen he had made a mistake "in not recognizing the coincidence in timing and place."

Members of the House and Senate Armed Services and Appropriations committees were invited to witness a military demonstration May 3-4 at Ft. Knox, Ky., 30 miles from the Derby track at Louisville.

May 4 is Derby day.

In extending the invitation, Brucker offered free air transport, and free meals and lodging for the duration of the Army show. He added that any congressman desiring to remain over for the horse race would be flown back to Washington May 5, and expressed "regret that I am not in a position to make arrangements for seats at the Derby."

Brucker said yesterday, in the wake of congressional criticism, that the trip "is not a free junket to the Derby at the expense of the taxpayers, but a serious expedition."

## Prevue Of Sunday Herald

PICTURE OF PRETTY POKEY — Staff members tell in word what Keith McMillin does in pictures about the new police building you'll see today.

FASTEST THING ON FEET — At least in this area the pronghorn antelope fits that bill. Gordon Creel tells about it.

FREEDOM FLAMES BRIGHTLY — In Africa freedom flowers faster than most experts dream and the U.S. and allies must deal with it, says AP's John Scall.

EVASIVE EASTER — Customs and dates have changed for Holy Holiday, and Sam Blackburn does a bit of background.

OCEAN COMES TO MID-AMERICA — Jack Ryan, in Family Weekly supplement, looks at this economic and engineering phenomenon.

THEY GOT ACQUAINTED — Some fancy entries were made in the "Get Acquainted" contest. Winners will be announced Sunday.

## Local Post Office Services Curtailed

Big Spring post office will present a desolate and holiday appearance Saturday.

In accordance with instructions of the postmaster general, Elmer Boatler, postmaster, said the office will not be open on Saturday and that with the closing down for the full day on that date, the stringent economy measures ordered by the department will become operative in the local office.

Because of curtailed funds for operations, the post office department has instructed all offices to abandon Saturday operations — which includes the cancellation all route deliveries both city and rural — and the closing of all windows in the institution.

Boatler said that four employees of the post office, who are listed as auxiliary help and who work on an hourly basis when needed, will be dropped from the pay roll. Regular employees of the office, will abandon the practice of taking one day off each working week.

Boatler said that the full-time staff of the post office here comprises 17 clerks and nine route carriers. At the present time, there are five auxiliary clerks on hourly pay basis and 13 relief carriers who are employed on the same part-time footing.

Boatler said that no deliveries except of special delivery letters and parcels will be made on Saturday. Box mail will be put up and all incoming and outgoing mail will be processed. No packages or parcels will be delivered.

Effective Monday, he said, final dispatch of mail will be at 9 p. m. Heretofore, the deadline for such mail has been 10 p. m.

This, he felt, is of significance to many persons who are waiting until the last possible moment to send their 1956 income tax reports on their way.

"Such letters, to be an April 15 cancellation," said Boatler, "will have to be in our hands before 9 p. m. Monday. Otherwise they will be cancelled April 15."

Effective Monday, window service in the post office will go a straight 8 1/2 hour day. The windows will open at 8:30 a. m. and close at 5 p. m. Heretofore, longer hours of operation for the windows have been in effect.

The money order window, he said, will open at 9 a. m. as has been traditional time for many years.

## Sutton, Ex-Wife Are Wed Again

PHOENIX, Ariz. (AP)—"We've never really stopped loving each other."

That's how a young couple explained their remarriage last night—less than six hours after the husband was acquitted in the slaying of his ex-wife's lover.

After the ceremony in Orangewood Presbyterian Church, Robert Earl Sutton, 26, a Dallas oil promoter, and dark-haired Freddie Davis Sutton, 26, left for San Diego, Calif., where their three children have been staying during Sutton's five-day trial.

A Maricopa County Superior Court jury acquitted Sutton of first-degree murder in the fatal shooting of a one-time friend, William K. Boone, who became a love rival after the Suttons separated.

Boone, 28, a former disc jockey, was shot Dec. 4 outside Mrs. Sutton's home, and died 32 days later.

Sutton admitted shooting Boone in trial testimony but said it was in self-defense.

Mrs. Sutton testified she and Boone had stayed at several motels while she still was legally married to Sutton.

"I'm happy with the world," Sutton said after the verdict was announced.

## Icy Blast Ends Spring Weather

Big Spring weather toppled from a hot 88 on Thursday afternoon to a chilly 31 degrees with freezing mist in 12 hours and left greenery and countryside coated with a thin layer of ice early Friday.

The sudden cold was the area's share of a vast storm which was sweeping across Texas and which had left much of the state sheathed in ice. In the Amarillo area, state police reported that all highways were covered with slippery ice by midmorning and driving had become hazardous.

Here, anxiety spread that the unseasonable weather would do heavy damage to growing plants, fruit trees and shrubs. The forecast for today, tonight and Saturday offered little hope for better conditions. Icing is to continue, the weatherman warned, throughout today and tonight. A low of around 30 degrees is forecast for tonight.

Freezing mist early in the day was interspersed from time to time with fine snow. Moisture was officially measured as .02 inch. This brings April's total moisture to .04.

Occasional rain or snow is the promise for the remainder of today and tomorrow.

Over the state conditions were described as particularly rugged. Heavy damages in some parts of the state from hail were reported.

Bridges were icing over in the Childress District. Ice was forming in the Lubbock District but all roads were open. State police advised extreme caution in driving.

The ice followed a night of turbulent weather which caused up to \$250,000 in damages from hail at Sweetwater.

In Oklahoma, snow and sleet of more than six inches and crop damaging freezes jolted most of the state.

The chilling Texas arctic air mass plunged deep into Texas toward the Gulf of Mexico.

The Weather Bureau said Texas could expect more freezing rain during the night and early Saturday in the north part of North Central Texas. The coldest temperatures in that area were expected to be 26 to 32 degrees. An ice glaze warning was issued for the area.

For West Texas, the Weather Bureau issued a similar ice glaze warning extending to the lower South Plains. Cold and freezing rain or drizzle were expected for the Panhandle and South Plains through early Saturday.

Even the north part of East Texas could expect rain to change to freezing rain, the bureau said.

Temperatures in the Panhandle and South Plains were expected to drop as low as 24 degrees during the night.

At Electra, the cold blast was preceded by a dust storm Thursday night. Icicles formed as the rains came. At 7 a. m., the temperature was 32 degrees, and it had dropped to 30 at 10 a. m.

A few large flakes floated down the Dallas area early in the day.

The front, borne on chilling northwest winds, had passed a line from near Shreveport to near Austin and northwest to the El Paso area.

A 2-inch rain drenched Beaumont. Wichita Falls got 22, Houston .04, Lubbock .02 and Houston .02.

Hail the size of golf balls battered Stamford Thursday night. A sudden thunderstorm brought .15 of an inch of rain. More than 100 windows in the high school were knocked out. Many cars were damaged.

## Publisher Urges Firmness On Egypt

WASHINGTON (AP)—William R. Mathews, editor and publisher of the Arizona Daily Star, said today President Eisenhower must deal with Egypt with "determination and firmness."

Mathews told a special Senate committee studying foreign aid that the President, in a Feb. 20 speech, "started our policy on the right road" by supporting Israel's right to passage through the Gulf of Aqaba and the Suez Canal.

In testimony prepared for the committee the Tucson publisher said Eisenhower's action in persuading Israel to withdraw her forces from territory taken from Egypt "now obligates him in using equal firmness with Egypt."

"It is time we not only let Israel but Egypt know that we mean what we say," he continued. "For us to vacillate after making such an official declaration would ruin our policy, make our foreign aid look ridiculous and our government look weak and flabby."

Mathews was among a number of witnesses invited to testify in an inquiry preparatory to consideration of the Eisenhower administration's \$4,400,000,000 foreign aid program for the fiscal year starting July 1.

As one who has visited the Soviet Union three times, Mathews said he believes the "changed attitude" of Russia means that country has "given up all plans for many years to come to expand to the West."

"Thus, much of what we sought to attain by the Marshall Plan and our own and Europe's rearmament, has been accomplished," he said. "The Soviet Union now

## Grand Jury Gets Bribe Data

AUSTIN (AP)—The Travis County grand jury today knew why the House bribery investigation hearings halted suddenly last week.

Rep. Wade Spilman of McAllen, head of the investigation committee, appeared before the grand jury for little more than an hour yesterday. Exactly what he said is not known. Grand jury sessions are secret by law.

Spilman's committee was in the midst of a probe to determine how many, if any, legislators have taken payoffs to influence legislation, when it halted hearings suddenly and turned over its findings to the grand jury.

## Jailbreaker Draws 'Life' Prison Term

Kenneth Gerald Neel, elder of the two brothers who were the principals in a spectacular break from the Howard County Jail on March 11, was sentenced to life imprisonment in 118th District Court Friday morning. Neel had pleaded guilty to an indictment which charged him with robbery by assault.

The indictment was what is termed a "repeater" bill—Neel being cited in the indictment as having previously been convicted of a felony in 1955. Under the law covering this form of indictment, life imprisonment is a mandatory sentence.

Neel admitted that he participated in the break on March 11, in which Joe Pierce, county jailer, was overpowered and robbed of personal property and the keys to the jail. Principal witness in the brief hearing before Judge Sullivan was Pierce who told the court of the attack and detailed the articles he said the brothers took from him.

Harmon Neel, younger brother of the defendant before the bar, has declined to plead guilty. His case, on an identical indictment, is scheduled for trial before a jury in 118th District court next Monday.

The two Neels were rearrested in Columbia, Mo., a week after they had escaped from the jail here.

Neel was one of six defendants who entered pleas of guilty Friday morning. Several others were said to be waiting opportunity to come before the court for the same purpose.

Grant B. Williams, charged with forgery, pleaded guilty and was sentenced to serve two years in the state penitentiary.

Apollinar Olquin, charged in two indictments with DWI second offense, was fined \$250 and 10 days in jail on each of the counts.

Frances Williams pleaded guilty to forgery of a \$15 check. She was given a three-year sentence but the sentence was suspended on good behavior.

Troy James, charged with robbery by assault, was sentenced to five years in state penitentiary. Guilford Jones, district attorney, recommended the term in view of the defendant's age—he is just 21—and because his record previously had not been unsavory.

Daniel P. Clevenger, who admitted breaking into a salvage yard and stealing four radiators, which he sold for \$17.50 to a junk dealer, was sentenced to two years in the penitentiary.

## Longtime City Resident Dies

Mrs. R. T. Kelley, 80, a resident of Big Spring for the past 35 years, died here Wednesday at 1: p.m. after a long illness.

Rites will be said Saturday at 2 p. m. in the Trinity Baptist Church, where she was a member. The Rev. L. J. Power, pastor, will officiate, assisted by Dr. R. Gage Lloyd, First Presbyterian minister. Burial will be in the City Cemetery beside the grave of her husband, R. T. Kelley, who died Dec. 5, 1945.

Mrs. Kelley was born in Prattville, Ala. Nov. 11, 1876. She had been in failing health for the past five years. Mrs. Kelley leaves one daughter, Mrs. M. F. Bryant, Big Spring; five sons, Raymond Kelley, Big Spring, John Kelley, Odessa, Cecil Kelley, Cleburne, Grover Kelley, Vancouver, B. C., and Ralph Kelley, New Orleans, La.

She also leaves one sister, Mrs. Ella Collier, Washington, D. C.; 17 grandchildren and 16 great-grandchildren.

Pallbearers will be E. A. Brown, Walker Reed, Weldon Bryson, Albert Medlin, Dan Bostick and Finis Bugg.

## Big Spring Mounted Patrol Formed, First Drill Slated

The Big Spring Mounted Patrol was formally organized last night, and the group immediately started making plans for participation in rodeos and similar celebrations in neighboring towns this spring and summer.

Malcolm Patterson was elected chairman of the patrol. Other officers are C. V. Hewitt, co-chairman and R. V. Middleton, secretary-treasurer.

Initial membership is 31, but leaders said this morning they hope to expand the organization to 50 or 60 members as quickly as possible.

A membership committee, with the identity of members to remain secret, was named to screen all prospective members. Patterson said the patrol expects to create a record of behavior which Big Springs will be proud of and which will bring credit to the city. The group will work closely with the Chamber of Commerce in an effort to develop goodwill throughout the area.

Persons interested in becoming members of the patrol should contact one of the original members.

A uniform of white shirt, red tie, Levi trousers and light hat was adopted. First drill of the patrol was scheduled for next Tuesday at 7 p. m. at the rodeo grounds. Drills will be held the first Tuesday of each month thereafter.

First public appearance of the patrol probably will be at the Midland rodeo June 4. Patterson said, although the group will visit Lamesa next month if uniforms are secured.

## Satellite Test 'Satisfying'

WHITE SANDS PROVING GROUND, N. M. (AP)—The chief of the Naval Research Laboratory here says he is extremely pleased with the way "satellite" instruments performed on a rocket shoot yesterday.

A container about the size of a gallon can was sent 126 miles aloft in an Aerobee H1 rocket. In the aluminum can were instruments like those to be used in the coming earth satellite project.

John W. Townsend Jr., chief naval laboratory scientist, said he was well pleased with the results. Another laboratory spokesman said, "The initial indications are that the data is complete and quite valid."

He said the information was sent back to earth "on two distinct channels," one for instruments in the rocket, and the other for the satellite instruments.

The wreckage of the rocket hasn't been found. The Navy spokesman explained the missiles frequently disintegrate when they re-enter more dense atmosphere.

# Huge Choir To Back Pageant, Pantomime Cast Is Selected

A 100-voice choir, composed of volunteers from local church choirs will sing at the Amphitheatre on Easter morning as background music for the pageant to be staged at sunrise, by members of the Big Spring Civic Theatre group.

The pageant consist of seven scenes and the entire production will be staged in pantomime with the Rev. William Boyd, pastor of St. Mary's Episcopal Church, as narrator.

The first scene opens with the entry of an old man, accompanied by a shepherd boy. As they move slowly across the stage, the narrator recalls the events which led to the crucifixion of Jesus. The voice is that of an old man trying to describe the scenes to the shepherd boy, who listens in wonder and amazement.

## JUNIOR HIGH NEWS

# Poets Budding All Over Junior High

By ROBI ANN ROBINSON

Six weeks tests were struggled through again this week, and we certainly hope everyone passed. This week Mrs. Lennon's ninth grade English class had to hand in original poetry. Here is one composed by Alvin Luce and Jimmy Allen and entitled "The Students Prayer."

GLORIA COKER

were Betty Lou Jones, Larry Knight, Carolyn Sewell, Doug Eastman, Malinda Crocker, Ben Falkner, Shirley Terry, Buddy Barnes, Jake Coleman and Iva Nell Cole, Carolyn Washington and Dale Standland, Judy Perdue, Alvin Utley, Carol Phillips, James Drake, Mary Ella Bain, Terry Lewis, Sherry Luring, Jerry McMahon.

Among eighth graders taking part were Modesta Simpson, Jerry Hewitt, Jane Guin, Bugs Wright, Judy Foster, Joe Ewing, Freddie Bonfield, Tommy Rutledge, Carey King, Mary Read, Juanita Janak, Johnny Case, Paul Fannin, Barbara Stalter, Johnny Freeman, Emmett Morgan, Mike Worley, Tommy Whately, Joann Durum, Wanda Boatler, Beth Scarborough, Cleo Thomas and Steve Priester.

The eighth grade Tri-Hi-Y will have a Mother-Daughter tea on May 8 in the Shelby Room here. May 10 a Kids' Day dance will be held at the Y. The ninth grade Tri-Hi-Y is also invited to attend.

A newly organized band, which calls itself the Saints Rock 'n Roll Combo, has been organized. This band consists of seven boys from the ninth grade and one from the eighth. Allen Clark is the vocalist, Sammy Tillery plays drums; Dennis McCullough, guitar; Lonnie Webb, cornet; Joe Ed Crawford, alto sax; Farrell Smith, tenor sax; Kenneth Gafford, bass fiddle; George White, piano. These boys play everything from western to rhythm and blues. They are now open to play at dances, parties, and so forth. We think they are terrific.

The eighth grade Tri-Hi-Y will attend the First Methodist Church morning worship services in a body.

Gloria Coker steps into the spotlight as freshman of the week. Gloria was chosen class favorite in the seventh grade. She has been on the student council for the past two years, and this is her third year on the paper staff. Gloria is a member of the Tri-Hi-Y, Speech Club, the FHA and Rainbows. She attends the First Baptist Church and takes part in most of the church activities.

# Labor School Is Set At Odessa

Labor representatives from a wide area are expected to join in a two-day labor school set for Saturday and Sunday at Odessa. Sessions will be in the Lincoln Hotel and will be open to all AFL-CIO, independent unions and members of the railway brotherhoods.

# Mrs. Opal Johnson Dies At Houston, Services Pending

Mrs. Opal Johnson, sister of two Big Spring men, died Thursday morning in a Houston hospital where she had been under treatment.

# Degree For Lyndon

BROWNWOOD (AP)—Sen. Lyndon B. Johnson, the Senate majority leader, tonight will address a Democracy in Action Week meeting and receive an honorary doctor of laws degree from Howard Payne College.

# Escapes Back In Claude Jail

Carl J. Williams and Robert Jones, who broke out of the Armstrong County Jail last Sunday morning and were captured here Tuesday afternoon, are back in their old cells in the jail at Claude.

# Mrs. Langley Tells Of Blackmail Try

PORTLAND, Ore. (AP)—The wife of Dist. Atty. William Langley swore yesterday that Portland gambler Big Jim Elkins once tried to blackmail her for \$10,000. Elkins, who has turned state's evidence and who was a star witness before the Senate committee investigating labor racketeering, testified earlier that Langley had received a cut of the take from a private gambling party at a suburban-Portland roadhouse in February 1955.

# Tools Are Stolen From Garage Here

A large group of tools were stolen from a garage here Thursday night. Robert Dennis, 1607 W. 2nd, told police that the tools were taken, he thought, by a person driving a pickup. Included in the lost stolen were hammers, a saw, and a shovel.

# Automobile Hits Utility Standard

An auto collided with a power pole Thursday in one of the two accidents occurring in Big Spring. Fay Mozier, Tex. Hotel, was driving a 1955 Mercury that hit the pole at 1004 Gregg Thursday night. A Nalley-Pickle ambulance was called, but no one was hurt.

# Rites For Oilman Held In Gladewater

GLADEWATER (AP)—Services for Jack Yates, big game hunter and pioneer in the East Texas oil field, were held today. Yates died Wednesday night. He had hunted big game over most of North America, collecting trophies for his museum, a Gladewater showplace open to the public. He owned the pipe and supply firm bearing his name during the East Texas oil boom days.

# Eden To Undergo Surgery Saturday

BOSTON (AP)—A hospital bulletin said today an operation will be performed tomorrow on Sir Anthony Eden to remove a tube placed in the bile duct in 1953 for relief of a duct obstruction.

# No, Not Yeti

KATMANDU, Nepal (AP)—Texas Oilman Tom Slick hasn't had much luck finding a Yeti but has made plenty of photographs of footprints made by a Soppa. A Yeti is what Nepalese in these parts call an abominable snowman. That's what Slick's expedition is here to find. It's a sort of legendary monster that lives high in the Himalayan Mountains.

# Sam H. Hall Enters Arnold Air Society

AUSTIN — Thirty-two University of Texas students are new members of Arnold Air Society, honorary organization for advanced Air Force ROTC cadets. Members are chosen on the basis of their grades and faculty recommendations. The list of new Arnold Air Society members includes: Sam Hulin Hall, son of Mr. and Mrs. A. G. Hall, 1501 Scurry, Big Spring.

# Cotton Groups To Meet In Memphis

MEMPHIS (AP)—Representatives of all cotton organizations and cotton exchanges have been invited here for a meeting April 18 to fix an overall cotton policy.

# 'Miss Texas' Named

DALLAS (AP)—Mrs. Louis F. Hale of Kilgore, a pretty, dark-haired young rancher's wife, last night was crowned Mrs. Texas. She will represent the state in the Mrs. America contest in May at Fort Lauderdale, Fla.

# Pennsylvanian Reef Test Produces 750 Feet Of Oil

A Pennsylvanian Reef discovery became more imminent today following a second successful drillstem test at a wildcat in the north-east corner of Howard County.

The well is Woodson Oil No. 1 Pauline, formerly operated by Jones Drilling Company. Location is about 22 miles northeast of Big Spring, half a mile northeast of the Vincent "Canyon" pool.

On a drillstem test this morning, the tool was open 11 minutes, and gas surfaced in 2 1/2, mud in eight, and oil in 10. Operator then recovered 750 feet of oil with no trace of water.

# Suggestions On Coupon Offers

The Retail Merchants Association has received a large number of inquiries concerning coupon books which offer about \$50 in services for \$3.98, according to Mrs. Ruth Apple, secretary-treasurer of the RMA.

# Group Organizes For Assistance To Mental Hospitals

An organizational meeting was held Thursday afternoon at Wesley Methodist Church for the State Mental Hospital Development Association. In charge of the session was Lou Rae Huckaba of Odessa, the executive secretary of the state association.

# UAW Meet Ending

ATLANTIC CITY, N.J. (AP)—Auto Workers were ready to return home after filling in unfinished details of today's session.

ratio is 389-1. The well is 1,980 from south and 597 from east lines, 25-33-in. T&P Survey, six and a half miles north of Vealmoor.

Perforations in the Spraberry extend from 7,022-122 feet, and top of the pay section is 6,588 feet. Total depth is 7,700 feet, but it is plugged back to 7,665.

# Dawson

Seaboard No. 2-A Weaver, in the East Mungerville field, deepened to 6,559 feet in lime. It is 660 from north and east lines, 7-3, Taylor CSL Survey.

# Glasscock

Hamilton - Zapata No. 1-8 Clark made hole at 9,003 feet in lime today. It is in the Garden City field, 1,985 from north and 2,318 from west lines, 8-32-45, T&P Survey.

# Mitchell

Standard Oil of Texas No. 20-2 Morrison is a new Westbrook field location four miles northwest of Westbrook. It is staked 1,650 feet from south and 1,670 feet from west lines, 21-28-1n, T&P Survey, on a 40-acre lease. Rotary drills will carry to 3,000 feet.

# Howard

Woodson No. 1 Pauline, formerly operated by Jones Drilling Company of Midland, today drilled ahead after taking two successful drillstem tests in the Reef. The first in the Pennsylvanian Reef was from 7,445-56 feet, with the tool open 12 minutes.

# Disaster Plan To Be Outlined

The disaster plan of the Howard-Glasscock chapter of the American Red Cross will be outlined at the advisory board meeting Tuesday.

Dr. Lee O. Rogers, disaster chairman, will present the report, W. C. Blankenship, chapter chairman, said the discussion will be most timely because of the precarious weather conditions and record of disasters over the nation during this season.

Robert Strom, 10-year-old science quiz kid from the Bronx, New York City, is in a thoughtful mood as he displays cards with some of the symbols involved in the complex four-part question he answered to boost his TV quiz show winnings to \$160,000. Appearing on the CBS "The \$64,000 Question," he deposed Theodore Nader, winner of \$152,000 on another show, as the biggest money winner on a single TV quiz show thus far.

### Official Admits Shortage Role

YORKTOWN — Bank examiner J. W. Munson says an official of the First State Bank of Yorktown has signed a statement admitting responsibility for part of a shortage that closed the bank.

Munson said J. E. Strieber, active vice president, admitted responsibility for \$112,000 of the estimated \$150,000 to \$155,000 shortage in this small DeWitt County town.

FBI agents said no criminal complaint would be filed at once. The case may be referred to a federal grand jury. The bank was a member of the Federal Deposit Insurance Corp.

The institution closed Wednesday after the shortage was discovered by a state examiner.

State Banking Commissioner J. A. Falkner said the shortage resulted from manipulation of the books and accounts by such devices as "pulling the ledger sheets."

The bank had \$35,000 capital and \$35,000 surplus.

Falkner said the FDIC was designated receiver for the bank and the federal agency indicated it would start paying off depositors within a few days. Individual deposits were insured up to \$10,000.

### Messages Pour In After Skelly Death

TULSA, Okla. — Messages poured in today from friends, associates, business competitors and political foes, all saddened by the death of W. G. (Bill) Skelly.

The 78-year-old oil executive, philanthropist and civic leader died yesterday of a kidney ailment after a long illness. He had just re-entered the hospital after improving from a two-month illness last winter.

Funeral services will be held at 3 p.m. tomorrow at the Boston Ave. Methodist Church here.

Entombment will be in Rose Hill Mausoleum.

The messages all had one theme: Bill Skelly's aggressive leadership will be missed in Tulsa, in Oklahoma and throughout the petroleum industry.

A stalwart Republican—often referred to in Oklahoma as "Mr. Republican"—Skelly was elected

### Young Demos In Dallas Meet

DALLAS — Delegates began moving into Dallas today for a meeting of the executive committee of the Young Democratic Clubs of Texas. The group's fifth annual convention opens here tomorrow.

Atty. Gen. Will Wilson will be the keynote speaker.

Mrs. Frankie Randolph, Democratic national committeewoman from Houston, will be principal speaker at 7 p.m. tomorrow.

The convention is one of the few Democratic organization gatherings which is controlled by the party's loyalist bloc.

Mrs. Randolph was named to her post over the objections of Sen. Lyndon Johnson.

A panel discussion entitled, "How to Prevent Theft of a State Convention," is expected to result in a review of liberal charges that the state Democratic convention last September was "stolen" by a coalition formed by Gov. Price Daniel, Sen. Johnson and House Speaker Rayburn.

### Driver Education Assured For HCJC, 'Open House' Scheduled

Twenty-five administrators and faculty members at Howard County Junior College were re-elected by trustees at the regular monthly board meeting Thursday.

At the same time the board approved salary adjustments, mainly involving a \$200 annual increment, which will add \$6,900 to the next year's budget for staff.

The board also heard glowing reports on the success of Career Day, held March 20 at the college and got word that HCJC graduates are making good records elsewhere.

They approved acquiring of an automobile for drivers education, on a revolving basis similar to that by which public schools acquire their DE cars. This cleared the way for an adult driver education course, and Dr. W. A. Hunt, president, said that some plan might be worked out whereby smaller high schools in the area could acquire some DE training service.

Approved was the purchase of a commercial mower, which will cost in the neighborhood of \$650. Passed over without action at this time was a suggestion that curb

### 15-Foot Hole In Back Yard

SAN GABRIEL, Calif. — One fact emerged today amid the debris and confusion at the Oscar Murphy home: there is a 15-foot hole in the back yard.

That's about all that is certain after two days of strenuous digging activity by Army Ordnance crews.

The Army, without ever quite knowing what it was looking for, yesterday called off the search that began Tuesday when the Murphy's 10-year-old son Pat found a strange hole two feet deep behind the house.

Shortly before the hole was discovered residents of suburban San Gabriel and surrounding communities had been jarred by a deafening blast, apparently caused by a jet plane breaking the sonic barrier.

While Air Force intelligence officers maintained a knowing, tight-lipped silence, Army demolition experts ripped up the Murphy's patio and clothes line poles.

When the two-foot hole had become a pit 7-by-7-by-15 feet and only a broken baby carriage had been unearthed, the digging was halted.

"If there's anything down here, it won't hurt anything if it does explode," said one officer.

The hole is being filled in today. The patio and the clothes line poles are being restored.

in addition the interest and sinking fund has received \$67,479 and has disbursed \$30,570. Dr. Hunt said that at the next meeting a supplemental budget may be submitted. While expenditures are exceeding estimates in some departments, receipts are outstripping budget figures, he observed.

Dean Ben Johnson reported on the Career Day affair and said 400 seniors from 13 schools were represented. In addition, 70 resource people were on the campus to help with the affair. Dr. F. W. Malone, board president, termed it "the best day of this type we have had."

Johnson presented a letter from the dean at Sul Ross College commenting that two HCJC exes (Billy Troy Cox and Sammy Joe Foreman) had made the dean's list the upper 15 per cent at Sul Ross. The letter also noted that "we are always happy to have HCJC students because of their quality personally and scholastically."

Dr. Marvin Baker, in charge of adult education, was told to proceed with plans for an adult driver education course. Tidwell Chevrolet will furnish the DE car, and the college will take care of the insurance and note at an estimated cost of \$450 per annum. Dr. Baker said that 20 already had indicated they wanted this instruction which will be offered during afternoons and on Saturdays. Class work will be held at night.

Desirability of curbing as a base from which landscaping for new buildings can be developed was voiced by Dr. Malone. Most board members concurred but demurred pending a subsequent look at finances.

### Contacts Made With Red Subs

TOKYO — Vice Adm. Wallace M. Beakley, commander of the U. S. 7th Fleet, said today his ships have made some contacts with Communist submarines off Formosa. He added the contacts are "not too frequent."

The Red subs never take any hostile action," Beakley told a Foreign Correspondents' Club luncheon. "We've never tangled with them."

The admiral added U. S. forces also had made contact with Communist subs in the Atlantic.

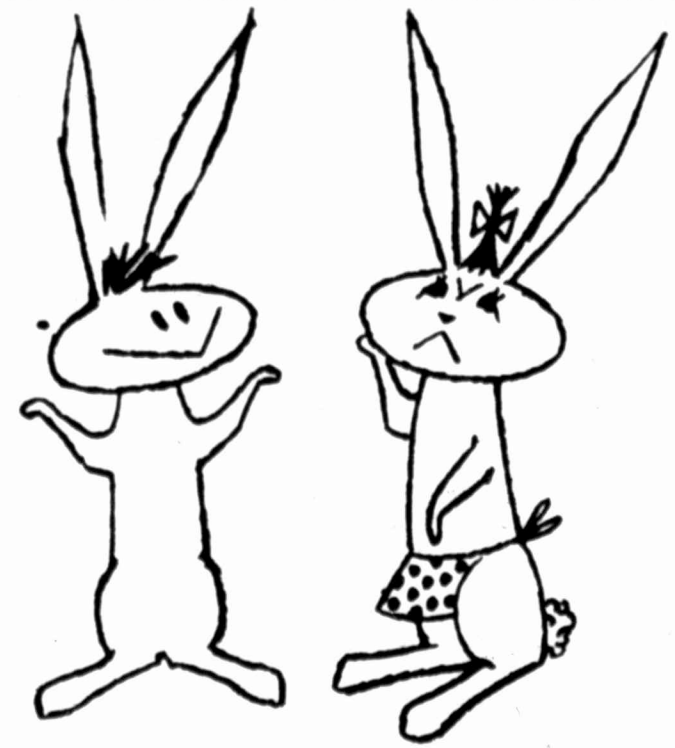

Beakley said the Russians have increased their total submarine strength from 400 to about 500, of which about 100 are based at Vladivostok and other Pacific ports.

Beakley also said:

Russia has about 60 or 70 long-range subs in the Far East. The Soviets have turned over about 15 subs, including some modern ones, to the Chinese Communists. The Chinese also have fewer than 100 smaller type destroyer escorts and similar ships, plus about 1,500 motorized junks.

# 'Seven Last Words' Cantata Will Be Given At First Methodist Sunday

The cantata, "Seven Last Words," by Dubois will be presented Sunday at 4 p.m. at the First Methodist Church. The 90-voice choir will be composed of the H.C.H.C. choir, First Methodist Choir and the Webb Chorale.

The presentation will be under the direction of Orland Johnson. At the piano will be Jack Hendrix and Lt. Charles Webb will be organist.

Sunday at both services, 11 a.m. and 8 p.m. Chaplain C. O. Hitt will be the guest speaker Sunday morning at the East Fourth Baptist Church. During the evening worship hour the Young People of the Church will present an Easter program. The choir will present special music.

**Catholic**  
Mass will be said by the Rev. Fr. William J. Moore at 7 a.m. and 11 a.m. at St. Thomas Catholic Church. Confession will be heard from 5:30 to 6 p.m. and 8 p.m. on Saturday. Benediction will follow the last Mass.

In addition to passages from the King James Version of the Bible, selections will be read from "Science and Health with Key to the Scriptures."

**Church of Christ**  
Roy Phemister of Edinburg will be the guest speaker Sunday at the Ellis Homes Church of Christ. He will be speaking at the 11 a.m. and 7 p.m. services. Bible classes will be held at 10 a.m. "Drifting into the Inescapable" will be T. E. Cudd's message Sunday at the Fourteenth and Main Church of Christ. His evening topic will be "How To Live."

**Episcopal**  
Services at St. Mary's Episcopal Church will be a celebration of the Holy Communion at 8 a.m.; the family service at 9:30 a.m. and morning worship and sermon by the rector, Rev. William D. Boyd, at 11 a.m.

**Lutheran**  
Divine services will be held Sunday at 10:30 a.m. at the St. Paul Lutheran Church with the Rev. Wayne Dittloff officiating. Sunday School and Bible classes are at 9:30 a.m. The adult discussion group will meet tonight at 7:30 p.m.

**Methodist**  
"Sing Alleluia" will be Dr. Jordan Grooms topic Sunday morning at the First Methodist Church. There will be no evening service. At 4 p.m. Sunday "The Seven Last Words" will be presented at the church.

**Unitarian**  
Services are held each Sunday at the Sam Houston Elementary School, 2000 West Louisiana St. Midland. An adult forum is at 9:45 a.m. with church school scheduled at 10 a.m. The morning worship hour is at 11 a.m. The nursery is open from 10 a.m. to noon.

**Attend Conference**  
LAMESA — Five Lamesas, E. E. Deering, Dawson County school supervisor; Ralph Ranson, curriculum director of the Lamesa schools; G. L. Trice, Lamesa Junior High School principal; Harold Wilkinson, principal of Central Elementary school; and K. D. Smith, principal of North elementary school, left Wednesday for Austin where they will attend the annual conference of the Texas Elementary Principals and Supervisors Association. They expect to return home from the conference sometime Saturday.

## WHY I BECAME A MINISTER God's Call Came As 'Still Small Voice'

By REV. C. W. PARMENTER  
Wesley Methodist Church  
My call to the Ministry was something like that of Samuel (1 Samuel 3:1-10).

I was 16 years old before I told anyone about my feeling the call, and until this time I had not allowed myself to become fully aware of God's Plan for me. However as I did fully recognize my call from God, I began to look back over my past feelings, my experiences and ambitions, and was startled to think I had been so blind and stubborn in my resistance against the Spirit of God.

In my childhood we sometimes played the age old game of Pretense, and some would play doctors, some nurses, some mechanics or other things. I played the part of a preacher.

When I was about eight the pastor lined us all up and asked us what we wanted. I wanted to be, and there again; some said lawyers, some said doctors, one even said president, but I said preacher.

Many of the congregation laughed, and I wasn't aware of being serious, as I had not connected any of these childhood urges and feelings with the Will of God for my life's work. Many times I had felt strong emotional tags, and inner voices (1 King 19:12) and only in later life did I recognize them as the working of the Holy Spirit. Only my mother suspected, for when I had admitted the call to the ministry, she confessed she had known God would use me even from the time of my birth.

I finished high school and worked three years saving money to go to college, and had even made reservations for the fall of 1917 when World War I came along to change my plans. By the time I was discharged from service, I had wondered so far from God until I had decided not to become a minister after all. But that was not the final decision for I was soon to learn "Who am I that I should withstand God" had great meaning for me.

There were numerous hardships in store. They might have been a bad omen, or they might have just happened, but I was placed in the awkward position of trying to cope with life's problems with an evil conscience, knowing all the while that I was not obedient to God. I found no satisfaction in prayer or in any form of worship, for certainly — there is no meaning to life for a sinner or a rebellious Christian. Only after 13 long years of rebellion did I finally surrender to the Will of God, and come to know the great joy and peace of mind I had missed for so long.

I do not believe that one's call to the ministry will necessarily come to him in the same manner as it comes to another. We have many ways to communicate with people and I am sure that God has even more ways of communicating with His children.

One might hear the STILL VOICE while others may feel the voice of the Holy Spirit, and still others may see the great need for Ministers and respond on the "volunteer basis." And I can even suppose that if one was just drafted into the service of our Lord he could become as genuine a preacher as one who responded from an inner urge. Drafted men make as good soldiers as volunteers, you know, and I know that God's call came to me through the STILL SMALL VOICE — the inspiration of the Spirit — and through willingness to help in the building of His Kingdom.

## Jesus Praised and Condemned AFTER HIS TRIUMPHAL ENTRY, HE IS SENTENCED TO DEATH

Scripture—Matthew 21:1-11; 27:11-54.

By NEWMAN CAMPBELL  
AS WE ARE PROBABLY quite familiar with the beautiful story of Jesus' triumphant entrance into Jerusalem from the slopes of the mount of Olives, it may be gone over briefly. The younger children will be particularly thrilled over the command of Christ to two of His disciples, to go into a nearby town and commandeer a donkey and its foal and bring them to Him, and the unquestioning obedience of the men.

During His suffering those about taunted Him, saying, "He saved others; Himself He cannot save," and "If He be the King of Israel, let Him now come down from the cross, and we will believe Him."

MRS. JOHN R. SALOIS

## Garden Council Names Teachers For School

The Council of Big Spring Garden Clubs has announced the instructors for Flower Show School No. Three, scheduled for the Practical Arts Building at Howard County Junior College, Wednesday through Friday.

Instructing in Flower Show Practice and Horticulture on Wednesday will be Mrs. John R. Salois of Dallas. Mrs. Salois has served for six years on the board of the National Council of Garden Clubs as accrediting chairman; for four years, she has been chairman of the committee on flower show schools.

She is first vice president of the Dallas Garden Center Club and of the Melodie Day Trigg Garden Club of Dallas.

Irene Haddox, also of Dallas, is the instructor for the classes in Flower Arranging, which will be

given Thursday. She is a national flower show judge, an instructor in national flower show schools and is a member of the nationally accredited flower show judges.

Miss Haddox is a member of the Home and Garden Department of the Dallas Woman's Forum and a member of Zonta International. She has recently completed a three-month trip to Europe, where she studied period flower arrangement.

Fee for the course is four dollars, with 50 cents added for those taking the examination, which will be given Friday at 9 a. m. Classes will begin at 9 each morning and last until 12 noon. Morning sessions will be held from 1 to 3:30 Wednesday and Thursday.

Included in the local council are the Big Spring Garden Club, the Four O'Clock, Planters, Oasis, Rosebud and Spaders. Plans are under way for a nursery for the children of members attending the school.

## Officers Are Elected By Indoor, Good Sports

Officers were elected by both the Good Sports and the Indoor Sports Clubs Thursday evening at the Girl Scout Little House.

Dollie Ward will be president of the Indoor Sports; Claudia Arrick will serve as first vice president; Hugh Compton, second vice president and Mrs. G. F. Painter, secretary-treasurer.

Mrs. Charlie Boland was elected to serve on the district board of directors and she will also be reporter for "The Hook-up." This is the national publication of the Indoor Sports.

Elected president of the Good Sports was Mrs. Nina James; vice president is Mrs. Ross Hill, and secretary-treasurer, Mrs. Ruby Rowe.

Delegates were elected to attend the district convention of Indoor Sports, scheduled for June 15-16 in Odessa. They are Shelby Cole and

Hugh Compton. Alternates are Courtney Davies and Vivian Kinard.

The next meeting will be April 25. For the second Thursday in May, an installation service for both groups of officers is planned.

Present Thursday evening were 11 members of the Indoor Sports and 20 Good Sports.

## Mr. Eubanks Is Speaker Thursday For Safety Council

James Eubanks was the speaker for the T&P Ladies Safety Council Thursday afternoon. He discussed safety and showed a film on the perfect crime, indicating car wrecks as the perfect crime.

Opening the meeting was the Scripture from Matthew 16 given by Mrs. W. G. Wilson, Jr. The group sang "America" accompanied at the piano by Mrs. R. D. Ulrey.

Mrs. Wilson reported on visits to the sick and gave accounts of accidents. A report on the by-laws was given by Mrs. C. L. Richardson.

The group voted to change the meeting time from 3 p. m. to 2:30 p. m. The special prize went to Mrs. Richardson.

The meeting closed with the safety pledge and the penny drill. Refreshments were served to 15 members by Mrs. J. C. Craven and Mrs. Richardson.

## C. M. Harry Family Has Gathering In Ackerly

ACKERLY — Children and grandchildren of the C. M. Harry family gathered recently for a reunion. Those attending were Mr. and Mrs. Alvin Hogg and Daphne, O'Donnell, Bill Harry, Portales, N.M., Boots Harry, El Paso, Mr. and Mrs. Jake Harry and Ansel, Mr. and Mrs. Alvis Harry and Mr. and Mrs. Joe Blasingame, Big Spring.

Ronnie Smith, son of Mr. and Mrs. A. H. Smith, is at home recuperating after a few days in a Lamesa hospital.

Visitors with the Paul Adams family have been his mother, Mrs. Reese Adams, and her sister, Big Spring.

Mrs. Ira Myles has returned home after spending several days in Lubbock with her son and his family, Mr. and Mrs. Jack Myles.

Also visiting in Lubbock have been Mr. and Mrs. Red Thomas. They were guests of their daughter, Mrs. Dallas Woods.

A birthday dinner recently honored J. T. Cook and his granddaughter Debbie Grigg. Members of the immediate family attended, Mr. and Mrs. Buck Baker re-

## Mrs. Couch Honored By Baptist SS Class

At the regular luncheon meeting of the Berta Beckett SS class of the First Baptist Church Thursday, the president of the group, Mrs. G. J. Couch was honored on her birthday. Members sang the birthday song and presented Mrs. Couch with a cake. Four other members with April birthdays were also introduced.

Luncheon guests introduced by Mrs. J. H. Greene were Dr. and Mrs. P. D. O'Brien, Lt. Bob Grew, Mrs. Alton Underwood and Mrs. H. H. Squyres.

Dr. O'Brien gave the invocation. The color scheme for the decorations were blue and pink. Mrs. Couch was presented a blue and pink corsage. White cloths covered the table, which was centered with the large birthday cake and flanked with tall pink tapers in crystal holders and tied with blue and pink floral arrangements were used at the head table with hundreds of pansies used on the T of the table.

Place cards and napkins followed the color scheme with favors being gladioli bulbs tied with pink and blue ribbons.

Following the luncheon, Mrs. O'Brien presented the meditation. Her Scripture was from John 11:25, "I Am the Resurrection and the Life." Mrs. O'Brien said: "The resurrection of Christ reveals the most tremendous act in all history. This experience of Christ's is the greatest proof of immortality. Jesus lives and because He lives, we shall live also." A poem, "I Met My Saviour Face to Face" was also read by Mrs. O'Brien.

A special solo, given by Mrs. Underwood, was dedicated to Mrs. Couch. The solo was "Believe Me If All Those Endearing Young Charms." She was accompanied at the piano by Mrs. J. E. Hardesty.

Serving as hostesses Thursday were Mrs. J. F. Sellers, Mrs. E. E. Bryant and Mrs. F. W. Bettie. Mrs. Della K. Agnell and Mrs. J. P. Dodge were in charge of decorations. Mrs. Greene was leader of the program.

## Two P-TA Groups Have Guest Speakers Thursday

Dr. Roy Sloan was speaker for the meeting of College Heights P-TA Thursday afternoon at the school. He discussed mental health in the children of today as compared to the pupils of former days. He recommended the teaching of tolerance and understanding if children are to fit into the world of today.

Clyde Angel discussed the bond issue which will be voted on April 20, and told the group what the passage of the issue would mean to the locality. Mrs. W. A. Cobb gave a report on the district conference recently held here.

About 50 were present.

**EAST WARD P-TA**

Mrs. Buster Reed of Lamesa, district Girl Scout executive, was a guest speaker Thursday for the East Ward P-TA meeting. She spoke to the group concerning the

need for support of Girl Scouting and the urgent need for more leaders.

Presenting the devotion was Dr. Thomas Talbot of Longview. His subject was "Patience and Forbearance."

The program, "How Music Is Taught in Third Grades" was presented by Mrs. Ray Cantrell's school. Mrs. Cantrell said the music was coordinated with other subjects such as nature and science.

Mrs. A. C. Kloven urged those present to write their senators and representatives for the support of Senate bill No. 80 and House bill No. eight.

A report on the district conference held here recently was given. About 90 attended the meeting Thursday.

## 'ROUND TOWN With Lucille Pickle

The magazine cover artists are having a heyday with the spring season here and women buying new hats—and what hats. This week's Post does it up brown, in fact, it's more than most women should be called on to smile over. What woman would put her new chapeau over pinicorns or rollers at 2:30 in the morning and have any idea at all she looked good?

with Mr. and Mrs. Dan Meeks. The Big Spring women took little Danny J. Meeks back home to his parents after he had spent some time here with his grandparents.

MR. AND MRS. J. W. FORRESTER are planning to return here tonight after spending two days in Fort Worth.

Have you had the mumps this spring? It's getting so it just doesn't matter if you've had them once or not it seems. Adults are really getting their share of them this round. Two others who are nursing sore jaws are MRS. FRED STITZEL, in her second week, and DENVER DUNN, who is having his second round with the 'plague' since he's been married.

Now that local stores are stocking the lasagna noodles (those two inches wide) more people will probably be trying out the delicious Italian dish. The recipe on the box calls for ricotta which the stores don't have, but take heart, from the listening post we learn that this is cheese, too, and a substitute for it is a dry cottage cheese.

Are your children coming home for Easter or are you going to see them? If you are going some place or know anyone who is, give me a ring at my home, 3-2542. We all like to know what's going on 'Round Town.

MRS. MORRIS GAY and MRS. C. W. MEEKS are in Houston, where they will spend several days.

## Altrusa Club Delegates Are Elected

In a business session at the Howard House, members of the Altrusa Club elected delegates to the national convention to be held in New Orleans in July.

Mrs. G. G. Sawtelle was named delegate and Mrs. Norman Read alternate. The club voted to pay registration fees for both.

A report was heard from the meeting of the executive board of the club.

Mrs. Read, representing the Citizens' Traffic Commission, asked that a delegate from the club be sent to the meetings of that group. Mrs. Ova Mae Edwards was elected to that place.

Mrs. Obie Bristow discussed pending House Bill 52 and told of the improvements that might be made in it. The bill, if passed as written, she explained, would tend to do away with Driver Training courses in the public schools.

Mrs. Bristow asked that the club write letters to Senator David Ratliff, Capitol Post Office, Austin, Texas, asking that a rider be added to the bill; the rider to call for completion of the driver training course before a juvenile license is issued.

Twenty-six were present at the luncheon meeting.

MR. AND MRS. J. W. FORRESTER are planning to return here tonight after spending two days in Fort Worth.

## Secretaries Plan National Workshop

The first national workshop sponsored by The National Secretaries Association (International), will be held at the Pantlind Hotel, Grand Rapids, Mich., Saturday.

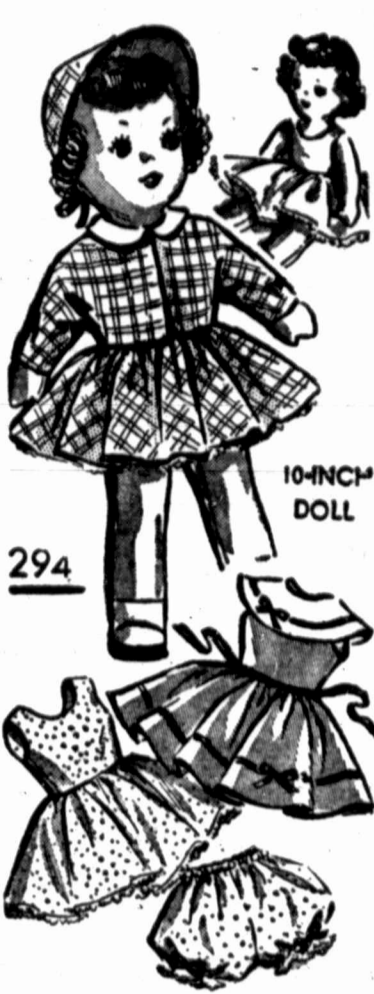

Developing the workshop's theme, varied program will be featured.

Introduction to the program will be given by Dr. May Virginia Moore, education consultant for The National Secretaries Association (International) and assistant professor, Department of Business Education and Secretarial Studies at Michigan State University. The workshop was developed under Dr. Moore's supervision.

Formed in 1942 to promote the educational and professional standards of secretaries, the association has been a pioneer in the field of educational programs for secretaries. One of its outstanding contributions to the field is the annual certified professional secretary examination which it initiated and sponsors. It is aimed at giving secretarial professional status.

In adding the workshop to its national projects, the association hopes to bring this type of educational program to areas where workshops sponsored locally by its chapters have not as yet penetrated. Planned to broaden the secretary's job horizon and make her a better secretary and employee, the national workshop is another of the association's educational services which will be of benefit to secretaries and management.

Guests in the home of Mrs. J. B. Nail, 1400 Main, are her daughter, Mrs. Todd Crain of San Angelo and her grandson and family, Mr. and Mrs. Raymond Lee Williams, Mike and Shelley, San Angelo.

294 10-INCH DOLL

## Ten-Inch Miss

You'll have as much fun making this cutie as the 'young mothers' will have playing with her. No. 294 contains pattern pieces and full directions.

Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, 367 W. Adams St., Chicago 6, Ill.

## New Flag Displayed By Rebekahs Here

A new flag, purchased with money from the birthday fund, was displayed recently at the meeting of the John A. Kee Rebekah Lodge. This was a project of Mrs. Leon Cole.

A school of instruction was held by Mrs. W. C. Cole, lodge deputy. This session was followed by a question and answer period.

Mr. and Mrs. C. W. Nevins of Elmira Rebekah Lodge, Dallas, former members of the John A. Kee, were introduced. Another visitor was Mrs. Connie Record of the Big Spring Rebekah Lodge.

Reports on visits to the sick were given. Mrs. Jones Lamar was installed as right support to Mrs. Morgan Martin, noble grand.

Twenty-one members were present.

MR. AND MRS. J. W. FORRESTER are planning to return here tonight after spending two days in Fort Worth.

## Spaders Garden Club Plans For Workshop

A workshop on flower show procedure will be held at the next meeting of the Spaders Garden Club. This was decided Thursday afternoon when the group met in the home of Mrs. Don Grantham.

During the business session, Mrs. Dewey Mark was elected delegate to the state convention of garden clubs, which will be held in San Antonio May 7-9.

Transplanting was the subject of the program presented by Mrs. Bob Carille. She stressed the importance of proper transplanting methods.

Members were told to have the ground around the plant damp and to move enough soil with the plant that the roots remain covered. Shrubs, especially, should be moved with a large ball of soil, the speaker said. Transplant during the dormant season.

If the soil is conditioned with sand, fertilizer and peat moss as the planting is done, this will save time and work later. Mrs. Carille told the club.

When plants are moved, they should be shaded for at least three days or until they are standing up again, she said.

Seventeen were in attendance and were served refreshments from a table decorated in the Easter motif.

## Luther Club Sees Apple Dessert Made

Two girls of the 4-H Club gave the program for members of the Luther Home Demonstration Club when they met in the home of Mrs. Jim Zike.

Ilameta Carr and Jean Stalcup joined in a demonstration of a baked apple dessert.

Mrs. Zike gave the devotion for the club and Mrs. Regis Fleckenstein brought the thought for the day. A discussion of how to care for kitchen cleaning equipment was given by Mrs. Ernest Williamson.

Roll call was answered by 10 members, who gave hints on sewing. The next thought was announced as Mrs. W. H. Hanson, Gall Route; the meeting will be held April 25.

## Brownie Troop 46 Visits Fire Station

A visit to the fire station at Eleventh and Birdwell was made by Brownie Troop 46 Thursday afternoon. The group met at the home of the leader, Mrs. James R. Granger, and went to the station for a tour and explanation of the equipment.

Following the trip, refreshments were served at the Granger home. Fifteen girls attended the meeting.

Members Of Host Team

Four Webb Air Force Base athletes who will compete in the six-team Webb track and field meet at Memorial Stadium here Saturday. Left to right, they are Wesley Ezell, high jumper, broad jumper and member of the sprint medley team; Dan Dixon, sprinter; James Sewell, broad jumper and relay man; and Dick Strickland, half miler and relay man.

# 2nd Annual Webb Track Meet Carded Saturday

Some of the Southwest's finest athletes will gather here Saturday for the second running of the Webb Air Force Base track and field meet, scheduled to get under way at 1 p. m. in Memorial Stadium. Teams from six bases, including Webb, are due to compete. Brooke Medical Center of San Antonio is favored but Sheppard Field of Wichita Falls could offer a lot of competition for team honors. Goodfellow Field, Reese AFB of Lubbock and Laughlin AFB of Del Rio are also due to enter teams.

## LOOKING 'EM OVER

With Tommy Hart

Naming the mile run in a track meet after a sports dignitary, living or dead, seems to be fashionable in this day and time. He's a long way from being dead but perhaps the mile run in this season's race (as it is likely to be before July comes on).

It's quite obvious that the mile run isn't John Macy's best race. He finished far back in the pack in the Jerry Thompson Mile in the Texas Relays last week.

Even his teammate, Jerry Smart, beat him at the distance. Macy won the two-mile race in the last ABC Relays and chances are good he'll be back to try and defend his laurels in 1958.

Beverly Rockhold, the Baytown track and field coach who went to high school here, says his present ace, Bert Coan, is the finest track prospect he's ever seen.

Southwestern baseball league officials aren't apt to look to Lubbock as a replacement when a franchise becomes orphaned in this season's race (as it is likely to be before July comes on). Scribe Charley Gillespie says reporters at the Lubbock baseball park have been sold to a Clovis Power League, to be erected in that New Mexico city.

Denver may bid for a professional football franchise before long. Population of the Rocky Mountain city is said to have passed 750,000.

Alex Carrasquel, one-time manager of the Sweetwater Longhorn League entry will serve as a coach of the Monterrey team in the Class AA Mexican League this season. Carrasquel, a former hurler for the Washington Senators, served in a similar capacity for the Mexico City entry in the same league last year.

When the Philadelphia Athletics and the Pittsburgh Pirates met in an exhibition baseball game here shortly after World War II (the last such game staged in Big Spring), the umpire behind the plate was Babe Pinelli—the same fellow who was calling balls and strikes when Don Larsen hurled his perfect game in the 1956 World Series.

Dan Stallworth, another one-time Big Springer who recently retired as head football mentor at Baytown, turned to coaching while at Wall after leaving here in the '20's. The head coach at Waco then was the late Paul Tyson and Stallworth still insists that Tyson was the greatest coach of them all.

Mel Steiner, an outfielder for the old WT-NM League team here prior to World War II, will again serve the Pacific Coast League as an umpire. Steiner is the fellow who was pushed around by an enraged fandom in San Francisco last year after he had chased one of their favorites from a game.

Mickey Mantle has already made \$25,000 in endorsement money this year, in addition to the new car given him by the concern which had him on a recent Sunday night TV program. Aramis Arreola and Al Valdes, the one-time Cuban baseball players who are now on their way to becoming United States citizens, have purchased homes here.

## AT LUBBOCK Janak And Smith In Regional Meet

Big Spring enters only two boys in the Regional track and field meet starting in Lubbock today but each athlete will compete in two events.

Johnny Janak, second in both the 100 and 200 in district two weeks ago, will take part in those events again in Lubbock.

Mike Smith will represent the Steers in the pole vault and the high jump. Smith tied for first place in the pole vault at San Angelo.

Breaking with a rule which had endured for years, the Texas Interscholastic League decreed that only boys who finished first or second in district meets would be eligible for Regional meets.

It was first believed that Frank Powell and Bobby Wallace of Big Spring would also be eligible for Regional. Powell finished third in the pole vault and Wallace third in the broad jump in District.

Abilene and Odessa are favored to fight it out for first place in the team scrap at Lubbock.

San Angelo is also highly regarded. However, the ace of the Angelo team, Roy Eisenbach, is ill and will not be able to compete.

Eisenbach won the quarter mile in District and runs on San Angelo's great relay teams.

Snyder could also be a big factor in the bid for team laurels at Lubbock. The Tigers have fine sprinters and hurdlers.

Olen Davis of Midland and Chief Bennett of Abilene are chief contenders in the pole vault, along with Smith.

Jim Windham, Colorado City

## Major League Fans To See New Faces

NEW YORK (AP)—There's been a hefty six months turnover in major league baseball. Teams will have about 25 new players in the opening day lineups next week.

The Philadelphia Phillies will have four changes: first baseman Ed Bouchee, shortstop Chico Fernandez and outfielders Rip Repulski and Bob Bowman. Bouchee and Bowman are rookies up from Miami of the International League. Repulski was acquired from St. Louis and Fernandez from the Brooklyn Dodgers.

The New York Giants will introduce shortstop phenom Andree Rodgers. They'll also reintroduce Whitey Lockman, back from the Cards and Gail Harris, recalled from Minneapolis.

The Chicago Cubs will have third baseman Ray Jablonski, picked up from Cincinnati, and Bob Speake, brought up from the Pacific Coast League. Chicago also will have a new catcher with either ex-Yankee Charley Silivero or rookie Cal Neeman, up from Richmond, Va., likely to start in Cincinnati will have Don Hoak at third base. The Cardinals have a new left fielder and No. 4 batter in Del Ennis, the former Philadelphia star. The Dodgers probably will have Gino Cimoli in left field. He was used sparingly in 1956 but has been a spring training sensation this year.

The Milwaukee Braves and Pittsburgh Pirates have remained put on regulars.

In the American, shortstop Bill Hunter and outfielder Bob Cerv, both acquired from the Yankees, will be in the opening Kansas City Athletics lineup as will second sacker Milt Gruff, a former Yankee farmhand.

The Chicago White Sox fans will get a glimpse of rookie Jim Landis in the outfield with Bubba Phillips, a utility man last season, at third base and Jim Rivera, an outfielder, at first base.

Cleveland has rookie outfielder Roger Maris. George Strickland, a '56 handyman, likely will start at second base, and Bobby Avila, both acquired from the Yankees, will be in the opening Kansas City Athletics lineup as will second sacker Milt Gruff, a former Yankee farmhand.

Third baseman Frank Malzone and Gene Mauch, a second baseman, are the New Boston Red Sox. Malzone failed in a brief spring trial in '56. Mauch was purchased from the Coast League last season.

Tony Kubek, in left field, is the only one to crack the starting lineup for the New York Yankees. He hit .331 for Denver of the American Assn. last season. Detroit may start Eddie Robinson, obtained from Kansas City, at first base.

The Washington Senators and Baltimore Orioles opening day lineups will be about the same.

Bill Hogan of Luther caught 20 large crappie Sunday while fishing in the river channel.

## Rex Bishop Gets 2-Pound Crappie

Rex Bishop got a 2-pound crappie along with a number of smaller ones at Lake J. B. Thomas last week. The total string weighed 15 pounds.

Mr. and Mrs. A. C. LaCroix of Big Spring had 20 crappie and black bass. They had their best luck fishing in the river channel.

Buba Hart, Earl Harris and B. W. Dorn of Colorado City hooked a handsome black bass and 14 crappie while on a fishing junket at Lake J. B. Thomas.

As usual, the trotline fishermen are doing very well, according to a report from Patrolman Hiram Reid.

# Steers Host Abilene At 3:30 Saturday

Big Spring High School tries to get back on the winning track in a 3:30 p. m. baseball game with the mighty Abilene Eagles here Saturday. The Longhorns lost their opening round game in District 2-AAAA competition to San Angelo earlier in the week, 10-6. At the same time, Abilene was blanking Midland, 5-0.

The Bovines will carry a 5-3 record into the field against the War Birds. The locals have beaten Andrews twice, Crane, Plainview and Snyder. They have lost twice to San Angelo. Abilene has yielded only one decision in 14 starts. That was an early season verdict to Snyder.

In Glynn Verdick, Abilene has an outstanding pro-prospect who scouts of practically every big league club have tried to sign. Gregory will do the catching harness for the visitors tomorrow.

Other outstanding players for Abilene are Robert Carothers, who belted a home run against Midland; and Jimmy Carpenter. Carpenter and Gregory combined to give Abilene a feared scoring punch in football.

Coach Roy Baird of Big Spring plans to start Chubby Moser against the Eagles. Moser is a lefty who has exhibited a lot of poise on the mound, despite the fact that he is only a sophomore.

Backing him up will be Rickey Terry, catching; George Peacock, first base; Bernard McMahan, second base; Preston Daniels, shortstop; Jackie Thomas, third base; Billy Johnson, left field; Jerry McMahan, center field; and Glenn Whittington, right field.

The Steers collected nine hits off San Angelo hurling last Tuesday but found their punch too late.

Robert Groseloclose of Abilene said it would not have been more trouble to handle three qualifiers in the regional meet than to take two.

Edwin Nixon of Midland said that as the result of the rule a 12-foot 3-inch pole vault and a 1.59-half-mile pole were not good enough to qualify for further participation.

## Musial's Blow Benefits Cardinals In 5-0 Win

By BEN OLAN The Associated Press

Some of the game's top sluggers—Ted Williams, Mickey Vernon, Willie Mays, Stan Musial—hit homers yesterday, but only Musial's circuit blow did his team any good.

He stroked it off Billy Pierce as the Redbirds blanked the Chicago White Sox 5-0 behind the nifty pitching of Lindy McDaniel and Willard Schmidt. Hobe Landrith also homered for St. Louis.

The home run by Williams was only one of two hits collected by the Red Sox off the combined efforts of rookie pitchers Jack Sanford and Angelo Liperti of the Philadelphia Phils. Philadelphia won 7-1, helped by four unearned runs.

Mantle and Hank Bauer connected for the Yankees, but the worldchamps dropped a 6-5 verdict to their Richmond (International League) farmhands.

Mays' homer spoiled an otherwise brilliant five-inning effort by Early Wynn, who made his first appearance of the spring. The Cleveland pitching mainstay had been bothered by a hip injury.

Area Tracksters To Odessa Meet

Coahoma, Stanton, Ackerly, Forsan, Knott and Garden City are area schools eligible to be represented in the Region 8-B track and field meet in Odessa Saturday.

Coahoma is likely to send a team composed of Joe Hill, Royce Hill, Ricky Phinney, Bobby Myrick, Billy Spears, Don White, Eddie Allen, Sharty Barr and Frog Harrington.

The Bulldogs finished second to Merkel in the recent District 125-B meet at Snyder.

Stanton's only entry will be Rodney Denon.

Those who will represent Ackerly are Phil Wallace, James Savell, Royale Lewis, Pat and Buster Grigg and Bryan Adams.

Forsan's hopefuls will be Pat Brunton, Frank Tate, Edell Ratliff, Leon Calley, Gary Don and Toney Starr and Roy Newsom.

Running for Garden City will be Bobby Fisher, Jameson Parish, Lloyd Jones, Glenn Riley, Milton Mow and Jimmy Childers.

Buck McNew and Leo Williams are eligible to go from Knott.

## Bobby Maxwell 2 Strokes Off Pace At Greensboro

GREENSBORO, N.C. (AP)—Doug Ford, still displaying the touch that carried him to victory in the Masters Tournament last Sunday, was front man for one shot going into today's second round of the \$15,000 Greater Greensboro Open Golf Tournament.

The husky, 34-year-old professional playing out of Mahopac, N.Y., put together a pair of 34s yesterday to take the first round lead with a 68, two under par for the 6,720-yard Sedgfield Country Club course that yielded only three subpar rounds to a field of 135.

A stroke back at 69 were Marty Furgol, Lemonte, Ill., and the darkest of dark horses, Greensboro amateur Willard Gourley. Sam Smead, White Sulphur Springs, W. Va., who has won here six times, including the last two years, had a rocky 37 finish for a 72 after opening with nine pars.

## DUTCHOVER TOP SCORER

Carlos Humphreys' Washington Place Colonials wrapped up team honors in the first of five Ward School track and field meets here Thursday afternoon, scoring 40 11-14 points.

East Ward gave the Colonials a scrap but wound up second, with 31 9-14 points. Kate Morrison was third, with 24 1-6; College Heights fourth, with 18 2-7; West Ward fifth, with 9; Airport sixth, with 2 1-7; Park Hill seventh, with 2; and North Ward eighth, 1-7.

Washington took only three first places in the ten-event program but claimed a flock of seconds and third to earn first place.

Tony Dutchover of Kate Morrison wound up as the leading individual scorer of the meet with 9 1/4 points. Dutchover won the 75-yard dash, tied for first in the high jump, was third in the 100 and fourth in the 50.

Right behind him was James Samples of East Ward, with 8 1/4 points. Samples won first place in the 100, had a leg on the winning 440-yard relay team and tied for first in the high jump.

East took first places in the sack race, the 440-yard relay and the 100. Morrison copped the 100, College Heights the chinning and West Ward the softball throw.

Summary: 100-yard dash — 1. James Samples, East Ward, 12.8; 2. Mickey Sloan, College Heights, 13.1; 3. Tony Dutchover, Kate Morrison, 14.2; 4. Mike Godwin, Washington Place, 15.5; 5. Jeff Brown, West Ward, 16.8; 6. Jeff Brown, West Ward, 16.8; 7. Jeff Brown, West Ward, 16.8; 8. Jeff Brown, West Ward, 16.8; 9. Jeff Brown, West Ward, 16.8; 10. Jeff Brown, West Ward, 16.8.

50-yard dash — 1. Joe Don Musgrove, Washington Place, 6.8; 2. James Bowen, Washington Place, 7.1; 3. Don White, College Heights, 7.4; 4. Don White, College Heights, 7.4; 5. ## Batchelor Term Reduced

SAN ANTONIO, Tex. (AP) — The prison term given former Cpl. Claude Batchelor for collaborating with the Chinese Communists while a prisoner of war in Korea has been reduced to 10 years, his attorney's office disclosed yesterday.

Batchelor, 25, a native of Kermit, Tex., originally was sentenced to life imprisonment but the term later was reduced to 20 years. He was one of 23 American soldiers who refused repatriation and stayed with the Chinese Communists. He was the second to later change his mind.

He is serving the sentence at the federal penitentiary at Leavenworth, Kan.

The office of Atty. Joel Westbrook, who defended Batchelor at his court-martial at Ft. Sam Houston, Tex., in 1954, announced it had been notified of the reduction. The action makes Batchelor eligible for parole in January, 1958.

Sentenced

First Lt. William D. Conroy was sentenced to dishonorable dismissal from the Marine Corps by a court martial at Parris Island, S. C., after pleading guilty to charges growing out of an assault on a Marine private.

## 18 Dead, 84 Missing After Jap Boat Sinks

HIROSHIMA (AP) — A small ferryboat carrying more than twice its registered passenger capacity rammed a rocky obstruction in Japan's picturesque Inland Sea today and sank quickly with 222 persons aboard.

The coast guard reported 18 dead, 84 missing, and 120 rescued. They were returning from a visit to a temple.

Twelve patrol boats crisscrossed the area, 27 miles east of Hiroshima, as darkness fell. Hope of finding more survivors faded rapidly.

Hiroshima police said a 16-year-old boy was at the helm and the captain was collecting tickets when the 40-ton vessel slammed into Toramaru Rock at 1:15 p.m.

The boat capsized and sank.

The Ministry of Transportation said the ferry, the No. 5 Kitagawa Maru, had a registered capacity of 82 passengers. It was carrying 4 crewmen and 218 passengers, the coast guard reported.

The boat was en route from Setoda to Onomichi with vacationing Japanese tourists.

Japanese defense forces rushed to the area. Patrol boats converged on the winding waterway between the islands of Honshu and Shikoku.

The Kitagawa Maru went down in the same general area where the Shiun Maru sank in May 1955 with a death toll of 160. Japan's worst ferryboat disaster was the capsizing during a typhoon of the Toya Maru Sept. 26, 1954. A total of 1,172 persons were drowned, including 56 Americans.

## Katy People Get Jobless Paychecks

PARSONS, Kan. (AP) — E. B. Bunn of Kansas City, a regional official of the Railroad Retirement Board, said yesterday the RRB is paying \$2,500 a day in unemployment benefits to displaced Missouri-Kansas-Texas Railroad workers here.

Bunn said between 300 and 350 Katy workers are receiving benefits and that the board estimates 460 employees here have been discharged, furloughed or transferred since Jan. 1.

The railroad abolished its accounting office here March 17. It had about 1,300 employees in Parsons on Jan. 1.

Bunn said the average unemployment payment is about \$7 a day. Unemployed railroad workers are entitled to a maximum of 27 weeks payments in one fiscal year.

## Cold Air Hits Mid-Continent

By The Associated Press

Northerly winds blew cold air across the mid-continent today and sent spring winging. Fresh falls of snow in many areas added to the wintry scene.

The arctic air from central Canada extended from the Rockies into most of the Ohio Valley, with the southern edge of the icy blasts stretching across much of northern Texas.

Back of the leading edge of the cold air a belt of snow extended from the lower Great Lakes region into the Oklahoma-Texas Panhandle. Temperatures ranged from near freezing from the Panhandle northeastward into central Ohio to the low teens in the extreme Northern Plains.

Snow fell during the night from the Lower Missouri Valley to the Central Plains, with snow flurries hitting areas northeastward to Michigan and in the Upper Mississippi Valley. Most falls were light, but moderate amounts were reported in parts of Kansas, Iowa and Missouri. A 2-inch blanket of white was measured in the Chicago area.

## 7 A Day Die On Texas Highways

AUSTIN (AP) — More than seven persons were killed per average day last year on Texas highways, the Department of Public Safety has reported.

In its 1956 traffic accident report issued yesterday, the department said some 2,611 persons were killed in Texas motor accidents. On each average day some 305 persons were injured in approximately 625 accidents. On an average day the dollar loss totaled near two-thirds of a million dollars.

The department attributed the decrease in head-on collisions and "run-off-roadway" accidents to improved rural highways.

Speed was cited as a leading cause of accidents. The department said traffic violations, particularly speeding, were causes of 87 per cent of Texas' accidents.

New cars and young drivers were responsible for "more than their share of accidents," the report said. Almost half of the drivers in traffic accidents were under 30 while only a third of Texas' drivers are under 30.

## Pickup Stirs Up Controversy

AUSTIN (AP)—A 1927 model-T pickup truck, impounded by Austin city police as a public nuisance, has stirred up a minor controversy between Capitol Hill and the police department.

Rep. E. E. Shackelford of Jasper County filed suit for a writ of habeas corpus in the 98th District Court charging police acted illegally in seizing and impounding his antique vehicle. He asked the court to order Chief of Police R. D. Thorp to appear and show by what authority his department is holding the truck.

Shackelford's petition said the truck was seized Tuesday while lawfully parked in the 300 block of East 10th Street. He said it still bore last year's license plate because he had not had a chance to register in his home county. He said the law had not been violated because the truck had not been driven since the April 1 registration deadline.

Shackelford's petition said he had been using the old truck to "create interest on the part of the public for an increase in old age pensions." The truck, when impounded, still had placard signs on its sides reading "back shack" and "aid the old folks."

He charged an unlawful seizure depriving him of property without due process of law. No hearing date was immediately set.

Two other members of the House were listed as attorneys for Shackelford—J. C. Zbrank of Dallas and Reagan Huffman of Marshall.

Family In Court Reunion

George and Nabejda Kozmin, Russian immigrants, are reunited with three of their four boys at Family Court in Chicago where they appeared seeking custody of the children. The Kozmins, who came to this country in 1950 as displaced persons, want to return to the Soviet Union and take the children with them. The three boys, George, 8, (left), Richard, 10, (rear), and Paul, 7, (seated), have been wards of the court since 1953 when both parents entered a hospital after nervous breakdowns. Seven-month-old Peter, who lives with parents, sleeps in mother's arms.

## No State Dept. Check Made On Release Of Probe Data

WASHINGTON (AP)—Robert Morris, counsel of the Senate Internal Security subcommittee, said today the State Department has not asked for an opportunity to check any future testimony about foreign officials before publication.

The State Department, meantime, challenged earlier reports that it had cleared for publication the transcript of a hearing involving Canadian diplomat E. H. Norman.

The subcommittee's release of closed-door testimony linking Norman to communism, after he already had been cleared by his own government, aroused angry protests in Canada.

Norman, who was the Canadian ambassador to Egypt, committed suicide in Cairo after publication of the subcommittee transcript. The Canadian government protested what it called the "irresponsible allegations" against Norman, and advised the State Department two days ago it reserved the right to halt further exchanges of security information with this government unless assured it would be withheld from congressional committees.

It said it was willing for such information to be passed on to committees of Congress only when it specifically agreed—a condition that U.S. officials said would be difficult to meet.

Morris, in answer to questions by newsmen, said that the subcommittee has received "no request from the State Department asking us to clear anything as a result of this."

He was asked if the subcommittee might seek clearance from the department in any future case regardless of whether it was requested to do so.

"There is no change in committee policy or procedure," he replied.

The subcommittee has taken the position that it was under no obligation to consult with the State Department about publication of testimony it took about Norman at a closed hearing March 12.

However, Chairman Eastland (D-Miss.) and Sen. Jenner (R-Ind.), the senior minority member, have said that "before the testimony which contained references to Ambassador Norman was released, the transcript was cleared for publication by the State Department."

Lincoln White, the State Department press officer, said yesterday that Robert F. Cartwright, the department's deputy security chief, had never approved publication by the subcommittee of any derogatory information about Norman.

White said that Cartwright, who was present at the hearing, did indicate the department would have no objection to the public release of the testimony of John K. Emmerson, a State Department employee who was the witness at the hearing.

Emmerson testified he had known Norman since 1940 and never had any reason to think he was a Communist.

Emmerson testified he had known Norman since 1940 and never had any reason to think he was a Communist.

## Beck Heads For New Probe Session

WASHINGTON (AP)—Teamsters Union President Dave Beck apparently is headed for another session with Senate racket investigators.

Sen. McClellan (D-Ark.) told newsmen yesterday that in the light of newly uncovered evidence, "it is highly probable Beck will be called back at some future time."

McClellan did not give any clue to the nature of the evidence, nor did he say when Beck might be recalled.

The Arkansas senator is chairman of the Senate committee which last month sought without success to get replies from Beck to its questions about his finances.

The committee, which is charged with searching out evidence of corruption in labor and management, has said Beck used \$32,000 in Teamsters Union funds for his own purposes.

Beck already is in trouble with the AFL-CIO for invoking the Fifth Amendment in refusing to answer the committee's questions. He contended his answers might tend to incriminate him and noted that the Internal Revenue Service has been investigating him.

Beck, whose union is one of the biggest in the nation, has called the Teamster Executive Board to meet Tuesday in Galveston, Tex., to decide whether to defend the union against the AFL-CIO's charges of "corrupt" influence in its upper echelons.

McClellan talked with newsmen after he had conferred with Robert F. Kennedy, the committee counsel who returned yesterday from a 10-day coast-to-coast investigating mission. Kennedy reported to McClellan and other

committee members behind closed doors.

The committee plans to resume public hearings here Tuesday, this time looking into affairs of several unions in the Scranton, Pa. area.

Meanwhile, the Teamsters inaugurated a new \$2,000,000 public relations program. Starting today, facilities were to be made available to newsmen in the Teamsters ornate headquarters near the Capitol. Recently, newsmen had been barred from going anywhere but the first floor lobby.

## Actor's Daughter Dies; Probe Due

LOS ANGELES (AP)—Microscopic examinations have been ordered by the coroner's office to determine why the 20-year-old daughter of swimmer-actor Buster Crabbe died in her sleep yesterday.

An autopsy failed to fix the cause of death. A coroner's physician said the attractive coed, Caren Lynn (Sande) Crabbe, weighed only 60 pounds.

Miss Crabbe was a student last semester at the University of Southern California. She lived with her grandparents, Mr. and Mrs. Tom Heid, where death occurred.

Dr. Carl D. Strouse, the girl's physician, said he declined to sign a death certificate because he was not present at the time of her death. He added, however, that she had been suffering from anorexia nervosa, an ailment characterized by an inability to eat.

"It's tied in with an emotional disturbance," said Strouse. Miss Crabbe continued to eat something, but not much, up to the time of death, her physician said. He declined to comment on

a report that she went on a strict reducing diet last year. Strouse said he had treated her only since March 4, when she was referred to him by a psychiatrist.

Classmates at USC said Miss Crabbe began dieting when she weighed 120 pounds. She was 5

## Head-On Collision Fatal To 4 People

LUFKIN (AP)—A head-on collision four miles southeast of here today killed all four occupants of two automobiles.

Charles Coleman Merchant, 28, of Silsbee, Tex., who was alone in one car, was killed instantly. Occupants of the other car fatally injured in the accident on U.S. 69 were Joe Everett Purvis, 19, driver, and Mrs. M. E. Purvis, about 60, both of Lufkin, and Mrs. Ray Jackson, 32, of Huntington, Tex.

The Purvis family recently moved to Lufkin from Angleton, Tex.

feet 4 inches tall. The grandmother conceded Caren had "lost a lot of weight," but she said also that the girl was stricken with virus flu about a month ago. The parents, who now live in Rye, N.Y., left at once for Los Angeles to attend funeral services today.

### Centralism Not Stopped But Slowed

Prospects for adoption of President Eisenhower's civil rights legislation dimmed the other day when debate was put off another month by House committee action. The blame lay ostensibly on the Southern conservatives, and they were not averse to accepting it. Nevertheless much if not all of the President's program will likely be approved in the House, as it has been before, but the Senate is another matter.

Any delay in bringing the legislation to the floor will make its ultimate passage unlikely, as it will run into a Southern filibuster in the Senate—most assuredly, as it has in the past. This program contains elements far more destructive of state's rights and inimical to individual liberties than any of its predecessors, among them the setting up in the Department of Justice of a special division to enforce the enjoyment of civil rights by some at the expense of the civil liberties of the many, including the jailing of a citizen for contempt without trial by a jury of his peers.

O. Henry, emphasizing the ruthless power of the Mexican rurales, once said if you'd mount the Supreme Court of the U. S. on horses and send it out in search of John Doe, you'd have an approximation of the rurales' authority.

Under one provision of the pending civil rights legislation even the old rurales would have to take a back seat in comparison with the authority vested in the Department of Justice to enforce civil "rights."

Some of these provisions are so broad, so at variance with constitutional rights of individuals and states, that it is doubtful if the administration has any sincere intention of seeing them enacted into law. But it was elected on a platform which made much of the points at issue, and perhaps it feels the gesture must be made, a "record" of effort must be established. The administration can always blame failure on the Southern Conservatives.

The administration saw its program of federal aid to education blockaded last year when an amendment saying none of the money could be used in states or districts not desegregated was attached as a rider to the bill at the insistence of a Negro congressman from New York.

The same group that blocked aid to education with a rider is ready to ride again if any serious effort to pass the legislation is made. Nevertheless, the administration will have "made its record." It is too much to hope that the headlong pace toward total centralism has been reversed, but it is possible it has been slowed down.

### Being Quick On The Draw

A gun enthusiast in Dallas, Arthur C. Ross, is the inventor of Rudolph the Red-Nosed Robot—a mechanical badman of the old West who wears two six-guns and is ready to fire them at any police officer who is slow on the draw. When Rudolph's eyes light up, literally, a competing officer has 1.5 seconds to draw his shootin' arm and hit Rudolph in some vital spot. If the cop is a wee bit slow on the draw, Rudolph fires a couple of blanks at him.

Already Rudolph has met his match time after time, in the person of Bob Wade, criminal investigator for the Garland police department. Brother Wade consistently draws and plugs the mechanical badman in 4 second after his eyes light up.

"Quick on the draw" became a sort of fetish among Western badmen, and more especially among readers of Western literature. But being quick on the draw isn't

everything. Accuracy of fire was the indispensable ingredient of successful gun-fighting over a period of time. That is why "gun-fanning" was never widely popular on the frontier, if indeed it ever existed except as a stunt, for gun-fanning and accuracy of fire obviously could not co-exist.

Some of the old time Western marshals weren't notably fast on the draw. They lived long and died peacefully in bed largely because they were deadshots. They had the cool courage to duck a wild shot or two in their general direction while they took time to draw a bead on the target. If they lived long enough to draw a bead, that was a crop.

Still celerity of the draw can come in mighty handy under certain conditions, and we have no doubt Rudolph the Red-Nosed Robot will earn his machine oil and rust-proofing as time goes on.

## David Lawrence

### No Sign Of Business Extremes In '57

WASHINGTON — Well, the scare about business conditions is about over. Analysts who were gloomy in January in predicting what kind of year 1957 would be are getting more optimistic. It looks now as if this year will be one of the best in the history of American business.

Everything is relative, of course, because unless a current year shows "gains" over the preceding year, the talk is usually of a "decline" and maybe a "recession." But what's being discovered now is that 1957, while not a record-breaking year, will be good by almost any standard.

Within the last few days some significant surveys of the business situation have been issued which coincide in their appraisal of 1957 as a good year for business. Thus, the monthly letter of the first National City Bank says:

"On balance, the strong sectors in business offset the areas of weakness. . . . There is no evidence that the rise in gross national product has halted; certainly, it has not turned down."

There are two major fields to which business surveys always give primary attention. One is the expenditures for heavy goods — plant and equipment — and the other is consumer spending. Here is what the bank's letter says on both:

"Business men are planning to spend \$37.4 billion on new plant and equipment during 1957 — an increase of 6 1/2 per cent over the record-breaking 1956 outlays. . . ."

"Most of the scheduled rise from 1956 to 1957 had already been accomplished by the first quarter of 1957. To achieve their investment goal for the full year, business men need to increase their spending less than two per cent further. Second quarter outlays are already scheduled at a \$38 billion annual rate, but these early expectations may not be fully realized, as has been the case in each of the last four quarters. Estimates of expenditure patterns in the second half of 1957 are

still very tentative, but the best guess is that they will be close to the first quarter rate."

Consumers are shown by surveys to be generally optimistic, though somewhat "price conscious and cautious." But, as the bank letter says, "on the whole, it is a picture of sustained, though not expansive, consumer buying interest."

Turning to the survey made by the economic division of "U. S. News & World Report" last week, we find this appraisal for 1957:

"Business, by almost any standards other than those of feverish boom, will be good in most lines. . . . In general, business activity will be on a plateau, with a few valleys appearing in places where expansion had gone too fast. . . ."

"When it is all added up, the result is a year of spending about on a par with the spending level of late 1956. In total, 1957 promises to be a year of stability rather than a year of expansion. . . ."

"All in all, the outlook is for one of the mildest adjustments on record."

This doesn't mean that the brakes are soon to be off and another boom is in sight. There is no justification for extremes, either of pessimism or of optimism.

What's happening really is that the American economy is demonstrating how it can absorb a dip in auto sales and a sharp decline in home building while other fields of activity more than make up for these weak spots — all this in a country whose output this year may total \$425 billion. Also, war clouds in the Middle East are receding.

Much of the pessimism manifested in the first part of this year was due to the talk about the federal budget being "too high." But the significance of the agitation was not in the probability that the present budget would be cut deeply and the economy upset by drastic reductions in government expenditure but in the effort to crystallize public opinion against further growth in the size of the annual budget.

For there are two methods talked about to achieve tax reduction — one is by cutting the present budget deeply and yielding a surplus. This contains some hazards in readjustment of business. The other way is to hold down the present budget with reductions of a billion or so and to depend on next year to encourage an enlargement of tax receipts due to healthy business conditions. A surplus of unexpected size can emerge, and, if it isn't immediately spent by the social-welfare boys in the administration and on Capitol Hill, tax relief for the American people can be realized next year.

The first quarter of this year shows that business is set for 1957 on a firm course and that confidence is coming back where only a few weeks ago there was hesitation and talk of a "hair-curling depression." It was the long-range and not the short-range situation which was the real target of the Secretary of the Treasury's original remarks. The warning now has served its purpose and business can plan ahead on a sounder basis than ever before.

### Mixed Reception

## James Marlow

### Some Tall Tax Tales

WASHINGTON — You think you have income tax troubles? A would-be taxpayer walked into a federal building, got off the elevator at the wrong floor, saw a lot of men filling out forms, was handed some himself, filled them out and turned them in.

"I still don't see what this has to do with filling out my tax return," he said. It didn't. He had just taken, and passed, an examination for building guard.

That comes from the Internal Revenue Service here. Every year about this time — income tax deadline is April 15 — it receives from its collectors around the country stories of the problems they — and the taxpayers — have. This is the time when people, along with their returns, send in old shirts and pants, saying:

"You've taken everything else, you may as well have this too!"

The revenue service reports these events too: One woman pulled a switch on the shirts-and-pants gifts. She sent in a lock of her hair with a brief note: "I've just been scalped."

One old lady paid her tax and waited. The cashier said: "That's all." She said: "Where are my green stamps?"

"Everybody gives green stamps nowadays. It's about time you people wake up."

Another woman tried to deduct as a medical expense the price she paid for a Chihuahua puppy. A neighbor had told her having such a dog around might cure her asthma. And, after the dog arrived, her asthma improved.

One man, asked by the revenue service to verify a big dental ex-

pense, sent back his false teeth with a note: "After buying these plates I gained so much weight the doctor told me to go on a diet. By sending them to you as proof of my claim, I hope to solve two problems at the same time."

### Punched Names

NEW YORK — Every day 10,000 men across the country sign their names with a punch.

They are the nation's railroad conductors, and each has an iron and steel punch which leaves a hole as distinctive as his handwritten signature.

These designs range from a goat's head to a miniature Scotty dog, and the Cross of St. Andrew to a boxing glove.

Steelways, official publication of American Iron and Steel Institute, said the practice of punching signatures was introduced more than a century ago by Pappy Ayers of the Erie Railroad who saved his railroad thousands of dollars annually by foiling free riders.

MILWAUKEE — Twins Roland and Donald Bezella are 13, and their parents have the figures, mostly 13, to prove it.

The boys were born at 9:13 a.m., August 13, 1943. Their mother, whose birthday is July 13, was in room 413 at the hospital and had been married 13 years when the boys arrived.

Ronald and Donald each have 13 letters in their names and were baptized on the 13th Sunday of the year. The boys will graduate from the eighth grade on June 13.

OKLAHOMA CITY — It really was "dirty pool," a billiard player explained to police.

"I put up with this character for 30 minutes," he said. "Every time I'd get ready to shoot he'd lie on the pool table. I got mad and shoved him back. He called me a dirty name."

The attempt at a game ended when the player broke the cue over the head of his antagonist.

BURLINGTON, Wis. — The Donald Johnsons have decided not to get rid of their old convertible car now that it has a new top and doesn't look so bad any more.

What happened to the old top? Mrs. Dorothy Johnson explained: "The horse ate it, and the insurance company paid for the new one."

CINCINNATI — A police drive to collect dangerous war souvenirs netted a flock of lethal devices, including hand grenades and shells up to 75-millimeter size.

But some of the souvenirs showed that owners took no chances. Police Lt. Lawrence McCarthy said, "One man brought in a two-inch cannon ball that must have been used in the Civil War."

IONIA, Mich. — Inmates of the Ionia State Reformatory gave 1,204 pints of blood to the Red Cross in two days to bolster their claim of being "world champion blood donors." The prison has 1,500 inmates.

## Around The Rim

### From Child Custody To Old Recipes

Massachusetts law says a child, "when practicable," must be adopted into a home of the same religious faith as its parents. Hildy McCoy's adoption was, apparently, "practicable" and certainly within due process of law. She was adopted by Mr. and Mrs. Melvin B. Ellis, who are Jewish. Hildy's mother is Catholic.

Later the child's mother decided she wanted Hildy back, not for herself, she claimed, but so Hildy could be reared "in a Catholic home," even though the Ellises had agreed to rear the child in her mother's faith.

Massachusetts authorities have asked extradition from Florida, where the Ellises fled with Hildy.

The whole case smacks of anti-Semitism and intolerance, and I suspect the lack of tolerance springs from the same source as religious persecution in Colombia. The action of Massachusetts authorities reflects the attitude of some members of East Coast minorities who have not yet become fully assimilated, retaining un-American attitudes through the first few generations. These people try to write non-religious matters into the Catechism, and end up embarrassing an old and honorable church. Their belief, in the Hildy case, seems to be based on an Old World dogma that children must never be exposed to "inferior" faiths.

Massachusetts public officials, especially in Boston, have often perpetrated injustices in the name of religion. I wonder if they'd have made a similar misinterpretation of the law had Hildy's mother been Jewish and her adoptive parents Catholic.

With apologies to Anne LeFevre: TRY SOBIBELLY, GRITS FOR A QUAIN DISH Are your guests (and you) growing tired

of roast ducking en casserole? Does caviar a la chief no longer make your mouth water? Is basted ox tongue in artichoke dressing no longer a pleasant surprise? In short, has your palate become jaded by too much of our rich, modern food?

Then hie back to the good old days! Pull a real surprise, and a pleasant one at that, at your next dinner party. Give your guests something they've never tasted before, a real tasty dish right out of your grandmother's recipe book.

Try sobibelly and grits, served with a steaming pot of black coffee, thoroughly boiled, and without cream or sugar!

Sound crazy? It is! It's a real gone dish! But our grandparents, bless them, built this mighty country on such simple fare. Surely, you can build a mighty party with the same time-tested (and tasty) recipe!

Preparation is really very simple. In fact, it is simplicity itself. Obtain several large slabs of sobibelly bacon at your grocer's, boil or fry until thoroughly cooked. Serve with a can or more of horning grits, which can also be obtained at your grocer's, and which needs only warming up.

This time-saving preparation will allow you more time for preparing games, decorations and other surprises for your guests.

But one word of warning: Some of your more delicate guests may not be well affected by the name "sobibelly." If this is the case, use a name such as "pork tummy." — BOB SMITH

## Marquis Childs

### Tragedy Of The Norman Suicide

WASHINGTON—The tragedy of the suicide of the distinguished Canadian diplomat, E. Herbert Norman, raises an issue of responsibility which goes beyond what in this and other instances has been widely branded as the reckless irresponsibility of the Senate Internal Security Subcommittee.

It confronts the State Department and the head of the department, Secretary of State John Foster Dulles, with certain questions that have been evaded.

In the department there is the greatest awareness of the damage done by the unverified information about Norman that the Canadian government long ago rejected after lengthy investigation. The damage is not only to Canadian-United States relations but to America's position throughout the free world.

Counsel Robert Morris of the Senate committee has verified that the information about Norman was released with the approval of a State Department official, Robert F. Cartwright of the Bureau of Security and Consular Affairs. Cartwright is deputy to W. Scott McLeod, chief of the bureau. In his turn, Cartwright says that all he did was to approve release of testimony of John K. Emmerson, a foreign service officer, who had been asked in executive session about Norman.

But whatever the degree of responsibility of Cartwright acting for McLeod in this case, Dulles has exercised only limited authority over McLeod and his bureau.

In his highly favorable biography of Dulles which caused a storm of controversy, John Robinson Beal, with the benefit of "personal interviews" with the Secretary, describes instances of McLeod's "excess of zeal."

Dulles, according to his biographer, wanted to fire McLeod, whom he became convinced that McLeod had gone over his head to spread derogatory information about Charles E. Bohlen both in the Senate and at the White House. Bohlen had then been nominated ambassador to the Soviet Union. The Secretary

was dissuaded by Smith, who argued that it would damage the Administration to fire McLeod.

McLeod was put in the State Department by Senator Styles Bridges (R-NH), whose assistant he had been. His loyalty appeared to be to Bridges and other Senators including Joseph R. McCarthy of Wisconsin, with whom he had been associated. His friends say that his views were altered by service in the department and that he became a "reformed character," doing a good job of supervising the refugee program.

Reports have persisted in recent weeks that Dulles intended to make McLeod ambassador to Ireland. Whether the motive is to get him out of the department or reward him for his reform, such a step would remove a figure who has seemed from time to time to exercise an independent authority. This brings into sharp focus the question of responsibility in the department.

Responding to reports of the McLeod appointment, the Irish Times, a conservative newspaper in Dublin, sounded a note of protest. There have been rumors of Senate opposition if McLeod should be nominated to the post in Ireland now held by William Howard Taft III.

While the Senate Foreign Relations Committee has received no advance notice of the McLeod appointment, as is customary, the word of McLeod's successor in the Bureau of Security and Consular Affairs has already leaked out. It is to be Roderic O'Connor, who has been a close personal assistant since Dulles became Secretary. O'Connor is now deputy Assistant Secretary for Congressional Relations.

Some talk has been heard of an investigation into the circumstances surrounding the release of the hearsay information about Norman's associates nearly 20 years ago. This might be useful. But it cannot erase the tragedy nor undo the damage to America around the world.

### Britain Forced Into Defense Cut

At last John Bull has done it. The decision to rely on Uncle Sam as a military protector and reduce Great Britain's share in the military defense of the western world was inevitable. Yet it is a shock — in the U. S. and in Britain.

The Pentagon considers it defeatist to conclude that the British Isles are indefensible against nuclear attack; that, therefore, the standard military and naval budget can be pruned severely and trust placed in preventing war through the power of retaliation. To chagrined Britons, it's a final salute to the glories of empire.

This was hardly a military decision, however. "John Bull's" problem is that of a once wealthy man. He has too many commitments. . . . He's trying to hold an empire together. He's trying to pay debts which he can't afford. He's trying to manage a social revolution. . . . He's undertaking military obligations which are bigger relatively than those of the United States. Before John Bull can be a great power in the world again, he must first become a lesser one."

The foregoing was not written as an editorial comment the day after the British White Paper on defense was issued. I wrote it in 1949 after a trip to Britain — after an analysis of the military burdens Great Britain was then trying to carry. The strains on the British economy were then painfully evident.

Indeed, it's surprising that the decision to curtail wasn't made sooner. Pride deterred earlier action. Many older Britons still believe that Queen Elizabeth's ermine symbolizes world leadership. But younger, adventurous Britons, unsteeped in tradition, don't.

Since the end of World War II an estimated 7,000,000 men and women have left Great Britain. Some 150,000 a year leave the homeland — for Canada, Australia, New Zealand — for places where

business is more lively, taxation less onerous. Only a shortage of shipping space prevents a greater exodus. And the population, at 51,000,000 — one-third that of the United States — expands very slowly.

Yet this smaller population has tried to keep up with the U. S. in shoring up the postwar world in its prewar shape. Up to 1950, Great Britain spent more proportionately than the U. S. on national defense.

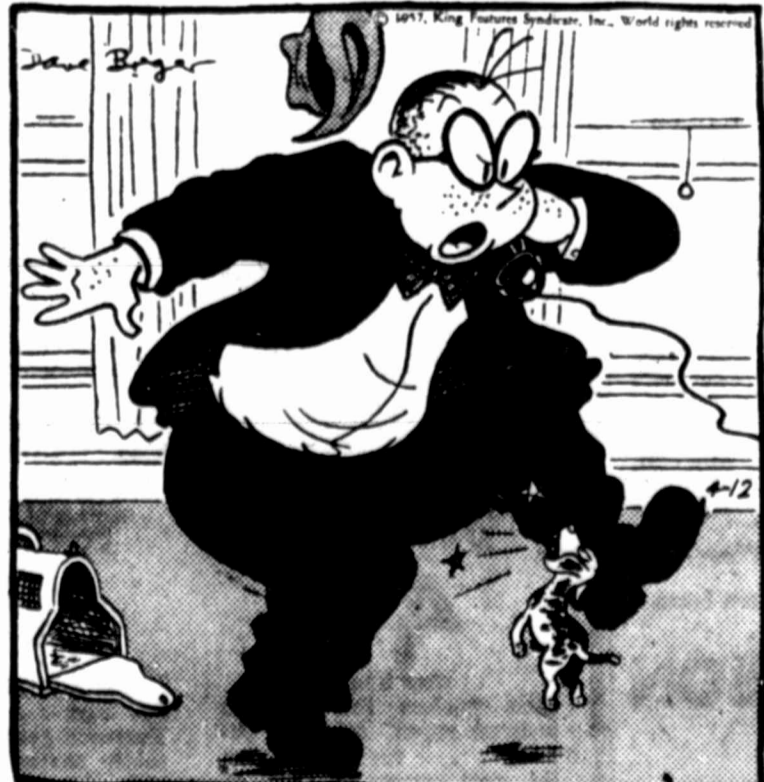

In Britain and the United States, expenditures rose rapidly during the Korean War and then, starting in 1953, tapered off. The Prime Minister's decision means that 1957, the schedule calls for a nine per cent reduction. In contrast, U. S. outlays go up 8 per cent.

Just as once the United States relied on the British Navy for protection from overseas attack, so today Great Britain is relying on America's massive population, production, and military prowess to guard the far-flung bastions of the world — the Middle East, Asia, Europe — from Soviet aggression.

A nation with one-third America's population and only about one-seventh of our total output cannot support a military establishment which takes eight per cent of her total output. Not when this country finds it tough going — that's what all the budget fustian is about — to divert 10 per cent to military effort.

That's the background on the new Prime Minister's decision. A great power has to be prepared for anything and everything everywhere. Great Britain, being no longer a great power, not possessing the economic strength to support a diversified, all-purpose military establishment, is concentrating. And the U. S. has to pick up the burdens, the tabs, it drops. We did in Greece, in Turkey. We shall elsewhere.

## MR. BREGER

"Pet Shop? That puppy DID get attached to me in NO time — just like you said!"

On P. Dr. Halvar Spring, has policy plan Republic I pany of Au announced president. West Texas group.

## No 'P To Me

Look — Mexico, for iness, you Wade Ch clerk, am is work in tain passpor with request for "passpo He pointe Mexico, all a card which few minutes border city are not rec His office sition to i needed for he repeated towns when enter Mexic

W it would gi cotton-plant Texas an a West Texa Mahon si switch 175, to East ar West Texa provides fo it Corp. to "light spot

### On Policy Board

Dr. Halvard T. Hansen, Big Spring, has been named to the policy planning board of Western Republic Life Insurance Company of Austin. The appointment, announced by Banks L. Miller, president, makes him the first West Texan to be named to this group.

### No 'Passports' To Mexico

Look — if you plan a trip to Mexico for vacation or for business, you don't need a passport. Wade Choate, district court clerk, among whose extra duties is work in helping travelers obtain passports, has been besieged with requests in the past few days for "passports" to Mexico.

He pointed out that to go into Mexico, all an American needs is a card which he can obtain in a few minutes from officials in any border city. Passports and visas are not required. His office here is not in a position to issue the travel cards needed for Mexican trips. These, he repeated, are obtainable at the towns where the traveler plans to enter Mexico.

### Cotton Bill Okay Asked

WASHINGTON — A spokesman for the old Cotton Belt Assn. of Texas has asked a House Agriculture subcommittee to approve a bill which West Texas cotton interests are opposing. John Stiles of Taylor urged approval of the bill which would apportion cotton acreage allotments on a three-year basis. Apportionment under present law is made on the basis of production during the preceding five years. The measure, by Rep. Bob Poage of Waco, has been opposed by Rep. Mahon on the grounds it would give growers in the older cotton-planting counties of East Texas an advantage over those in West Texas. Mahon said the proposal would switch 175,000 acres of allotment to East and Central Texas from West Texas. The measure also provides for the Commodity Credit Corp. to make special loans on "light spotted" grades of cotton.

### Sophia Loren Spoofs Sex

By BOB THOMAS  
HOLLYWOOD — You know Sophia Loren has conquered Hollywood when you learn she has:

Made three studios accept her on her own terms — no cheesecake, had studios fighting to give her parties; made Clark Gable blush.

It's all true. The cheesecake edict may surprise some Americans who think of Italian film actresses in terms of leg art.

"Sure, I did cheesecake when I was starting out," said the actress in flawless English. "I had no control over what they did with me. In those days I thanked photographers for taking my picture — though they seemed to enjoy themselves.

"Later, my producer sold my pictures with the sex angle. I think that is a mistake. It is the cheap way of selling pictures."

She said that her contracts now give her final approval of all publicity photos on her pictures. She figures she can be sexy without scanty costumes.

"You are born with sex; you can't manufacture it by nudity," she said.

Miss Loren has contracts with 20th Century-Fox, Paramount and Columbia, and has made a film recently for Stanley Kramer.

At her encounter with Gable: "He is so timid. He actually blushed when he met me." Her reaction to Jerry Lewis: "He is also timid, but he covers it up by acting crazy. He is very nervous."

Miss Loren said she is already shopping for a house to buy and expects her three contracts to keep her here indefinitely.

### Reserve Judgment On Wife Exchange, Minister Advises

MILLBRAE, Calif. — The pastor of two suburban couples who plan to trade wives says he will ask his congregation to reserve judgment.

"I will deliver my regular Palm Sunday sermon next Sunday," the Rev. R. F. Winkelman said yesterday, "and add without comment the 7th Verse from the 8th Chapter of John:

"He that is without sin among you, let him first cast a stone at her."

"That leaves most of us out," added the minister of Community Methodist Church in this San Francisco suburb.

Planning the swap are Dr. Frank Schwartz, 38-year-old eye

### Garden City Pupils Are Herald Guests

Members of the fifth grade class at Garden City were guests of the Herald Wednesday afternoon for a tour of the newspaper plant.

Earlier in the group of 20 youngsters, plus their sponsors and teacher, had toured the 7-Up Bottling plant, the television station and the city hall fire station. They enjoyed a picnic lunch at the City Park.

Heading the group was Mrs. Dorothy Chaney, teacher, assisted by Mrs. Ronald McDaniel, Mrs. Darrell Flynn, Mrs. Joy Wilkinson, Mrs. W. A. Wilson, room mothers, and V. M. Fehmin, bus driver. Guests included Roy Lee McDaniel, Susie Flynn and Andy Wilson.

### Coahoma Student Is Cheerleader Nominee

A Howard County student, Charlene Williams, Coahoma, is candidate for cheerleader at East Texas State Teachers College at Commerce.

A general election will be held April 16 for seven student council posts and six cheerleader positions. Miss Williams, a freshman art major is the daughter of Mr. and Mrs. C. C. Williams, 202 South, Coahoma.

### Harold Steck Elected

Harold P. Steck, formerly of Big Spring, has been elected president of the Midland - Odessa General Agents and Managers Insurance Club. Steck was named at a breakfast meeting in Midland on Tuesday morning and will take office July 1.

### Political Gifts Not Deductible

Citizens who made donations to political parties or to candidates for political office are warned by Ben Hawkins, administrative officer in the Internal Revenue Service offices here, that such contributions are not deductible on income tax reports.

There are no exceptions, Hawkins said. Numerous individuals who made such contributions have inquired whether they can deduct the gifts from the income for tax purposes. In all cases, Hawkins stated, the answer is a flat "no."

### Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleaningest" rug cleaner, known as Blue Lustre, is available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical as 1/4 gallon of concentrate cleans three 9 x 12 rugs.

In Chevron Supreme or Regular\* CHEVRON GASOLINE

OUR HIGHEST OCTANE EVER!

From the great oil fields of West Texas comes the top-quality crude that is converted into higher octane Chevron Gasolines at the huge Standard Oil of Texas refinery, biggest and most modern in the Southwest.

Yes, the highest octane Standard ever made, in Chevron Supreme... AND \*our highest octane "regular" gasoline, too! So choose the one that's best for your car.... CHEVRON SUPREME with new 1957 SKYPOWER, the exclusive aviation fuel blend that vaporizes harmful deposits, is designed for top anti-knock performance in today's super-compression cars—but gives older models a new level of power and response, too. Actually cuts in half the biggest cause of engine wear—and has all the features your car needs for easy starting, fast acceleration, and maximum power development.

CHEVRON REGULAR, for cars that do not require "Supreme," is refined with the same care, and brings out a new peak of ping-free power, yet gives the economy of regular price.... And both have improved "Detergent-Action" for smoother idling and extra gas mileage. So get full value for your gasoline money—a bigger value than ever now that the Southwest's most popular motor fuels have higher octane than ever!... You owe it to yourself—and your car—to test a tankful today and see why these gasolines are superior to any others in the Southwest.

# School Officials Urge Support Of Bond Issue

Warning that more and more expansion of school facilities is forecast for Big Spring, was sounded by Floyd Parsons, city school superintendent, in an address before the Big Spring Kiwanis Club Thursday.

He was speaking on the school bond election set for April 20 and shared the program with Omar

Jones and Robert Stripling, members of the city school board.

Parsons, with his colleagues, urged support of the \$800,000 bond issue and said that immediately the junior high school problem — which is the foremost objective at this time — is out of the way, the schools must begin making plans for expansion of the high school.

The speakers said that the proposed \$800,000 bond issue will increase the tax rate seven cents and that a person with a home on the rolls for \$5,000 would have to pay only \$3.50 more per year in the event the bonds are approved.

The present enrollment in the first three grades, Parsons said, is 1,980. He warned that all of these children within a few years will

be moving into junior and senior high. In addition, he said there are 1,530 students in the 4th, 5th and 6th grades. These will be in the high school within six years.

Of the proposed \$800,000 bond issue, half would be applied to \$500,000 already on hand to build a complete new junior high to supplement present facilities. The remaining \$400,000 would be kept to expand the high school to meet increased enrollment there in the speaker said.

## Knott Student In Honorary Fraternity

AUSTIN — Joseph Edward Beall, University of Texas student from Knott, is a new member of Sigma Gamma Epsilon, honorary geology fraternity.

Beall, senior petroleum engineering student, is the son of Mrs. P. E. Little. An honor student, he is a member of Tau Beta Phi, honorary engineering society.

## WARWICK

We wish to announce a change in ownership of Mr. Jesse Kelley's Phillips 66 Service Station. While ownership has changed, we intend to continue the high standards of service which have gained for Mr. Kelley his well-deserved reputation for prompt and cheerful service.

Friends of Mr. Kelley will be pleased to learn that he has consented to remain as manager for a time.

An expanded line of automobile accessories has been established for your convenience. Our convenient downtown location near the Settles Hotel makes it easy for you to leave your car to be washed and lubricated while you shop.

You are cordially invited to stop at

### The Warwick Service Station

L. to Big Spring, Texas, will be received by the County Auditor, Big Spring, Texas, until 5:00 P. M. on April 22, 1957. Plans and specifications are on file in the Engineering Office, 3rd floor of Courthouse.

Lee Porter, County Auditor

## GOOD... so good it's remarkable

Early Times is so good that... of all the whiskies made in Kentucky—and these are the world's best—Kentuckians themselves overwhelmingly choose Early Times over all other straight whiskies. Try it yourself. You'll have better times with Early Times.

KENTUCKY STRAIGHT BOURBON WHISKY • 86 PROOF • EARLY TIMES DISTILLERY CO., LOUISVILLE 1, KENTUCKY

## A.R.A. Automotive Air Conditioner

Makes Mom's Chores Easier and Happier

Mom's the errand-runner in most families. She's the one who takes the kids to the movies or the swimming pool... does all the grocery shopping... runs to the tailor or picks up laundry. Maybe you think she won't bless the day she gets an A.R.A. The children will love it, too, and you'll enjoy them more when they're happier and quieter in a cool car. And nothing nicer could happen to grandmother and grandfather than a spin in your cool, cool car on a hot summer's day.

**\$480**

**Can You use it?**

Man, when you've just got to have \$480 to meet some unexpected expense, like hospital or dental or a car overhaul or something it can look like \$480,000, can't it? But wait, now. Just get on your bicycle and get yourself down here, and let US consolidate those bills. We know all about your kind of troubles—we see 'em all day long. And LOOK: \$24.85 is not a lot of money, is it? Well, \$24.85 repays that \$480 S.I.C. loan (24 months) — of course, subject to usual credit regulations. Man, hurry down, give out with your own—

Details of organization were completed at a meeting of the board in Austin on Monday. Spence was in Austin to appear before legislative committees in connection with other matters. Douglas E. Soaper, Yaletta, is president of the association; W. M. Watson, Daingerfield, first vice president; Ben F. Hickey, Fort Worth, secretary-treasurer. Soaper, general manager for El Paso County Water Control and Improvement District No. 1, was reared in Colorado City.

**Church Gift**

Toddie Lee Wynne, of Dallas, turned over two million dollars to his church as a tithe after selling his petroleum company interests in a multi-million dollar deal. Wynne signed final papers transferring stock of American Liberty Oil Co. to Petrofina, Inc., of New York for an estimated \$5 million dollars. Wynne, who will receive about 20 million after payment of debts, turned over 10 per cent to the Texas Presbyterian Foundations, the largest gift it ever received.

**SA Delegation To Go To Dallas For Annual Meet**

Nineteen delegates from the Salvation Army unit here will be in Dallas this weekend for the annual SA young people's meeting. Capt. Harold Robbins, divisional young people's secretary, will be in charge and will be assisted by youth workers from the territorial offices in Atlanta, Ga. Among those leaving here Friday morning and to return Sunday evening following the concluding morning worship, are: Capt. and Mrs. Dexter Breazeale and Rickie, Mr. and Mrs. Jimmy Moore, Mr. and Mrs. Jerry Stephens, Howard Morrell, Johnny Morrell, Randy Grant, Albert Grant, Janice McQueen, Linda Bishop, Mary Sosa, Beverley McNew, Marcella Osborne, Jean Nanez, Gayla Lend and Pearl Martinez.

**Local Firms Bid In Reagan**

BIG LAKE — Contracts totalling \$204,313 were awarded by the Reagan County Commissioners Court in Big Lake Wednesday for an addition, including a nurses home, for the Reagan County Memorial Hospital.

Low general contractor was B&F Construction company of San Angelo with a bid of \$134,000. Plumbing, heating and air conditioning went to the Bowen Plumbing & Heating Co., on their bid of \$56,657.00. Electrical work was awarded C. & D. Electric Co., Big Spring, on a low bid of \$13,656. Eleven general contractors submitted bids and seventeen firms were represented in the plumbing and electrical fields. J. D. Jones Construction Co., Big Spring, on a combined bid for all phases of the work was third low bidder. Also turning in bids were Big Spring General Contractors, A. P. Kasch & Sons and the Suggs Construction Co.

**McComb To Get 25-Yr. Service Pin**

S. A. McComb, maintenance supervisor for the Texas Highway Department here, will receive his 25-year service pin in Austin April 24. McComb has spent 23 of his 25 years with the highway department in Big Spring. He started his highway career in Albany and served in various posts at Rule, Snyder, Sweetwater, Abilene and Baird before being transferred to Big Spring. State highway officials will present the service pins to McComb and other veteran employees in Austin.

**Jayne Steals Show At Film Premiere**

HOLLYWOOD — Warner Brothers premiered "The Spirit of St. Louis" last night, but Charles Lindbergh would have had to land his plane in the theater lobby to steal the show from Jayne Mansfield.

The voluptuous actress, wearing a far from plain gown that had fans and photographers in a spin, put on a show seldom seen in the dignified Hollywood of today. Assisted by her boy friend, musician Mickey Hargitay, onetime Mr. Universe, Jayne even autographed programs for the fans in a top row of the bleachers.

Hargitay, in a performance that resembled a circus act, lifted his blonde girl friend high in the air so that she could reach bobby soxers in the back rows.

Jayne explained that she and Hargitay had practiced the pose at home because it resembled an airplane in flight.

"And isn't this what this picture is all about?" she asked.

Six major television networks shows, both live and film, quickly switched their cameras away from such sedate stars as Greer Garson, James Stewart and Gary Cooper.

As Miss Garson explained philosophically: "Who can follow that?"

The Egyptian Theater premiere of the movie, depicting Lindbergh's famous 1927 nonstop flight to Paris, attracted one of the biggest turnouts of stars in recent memory. More than 300 attended. But as far as the fans were concerned it was a Mansfield show.

to Paris, attracted one of the biggest turnouts of stars in recent memory. More than 300 attended. But as far as the fans were concerned it was a Mansfield show.

COLUMBUS, Miss. — A new sign at the east end of the bridge identifies the river as the Luxapallila. The new sign at the west end says it's the Luxapallila. The State Highway Department's own maps agree with other authorities that it's really the Luxapallila.

**Atom Sub Asea**

GROTON, Conn. — The atomic submarine Nautilus is at sea once more today after her first reed ed cruising Jan. 19, 1955, traveled 60,000 miles on her first charge of nuclear fuel — "about the size of a softball," the Navy says.
