Aussie Battalion Assigned To Viet

CANBERRA, Australia (AP) — Prime Minister Sir Robert Menzies announced in the House of Representatives today Australia will provide an infantry battalion for service in South Viet Nam.

Sir Robert said the decision had been made on request of the South Vietnamese government for further military assistance.

Defense Minister Shane Paltridge declined to say when the battalion would leave and where it would be deployed in South Viet Nam.

COMBAT DUTY

Covernment sources had reported earlier that Australia would provide up to 800 army troops for combat duty with U.S. and South Vietnamese forces.

An Australian contingent of 800 men would be the second largest unit from any of America's allies in South Viet Nam. South Korea has 2,000 troops there, but they are primarily a work force to build and repair roads, bridges and railways.

Government sources said the decision to send Australian combat forces is not a result of the visit to Canberra last week by U.S. presidential envoy Henry Cabot Lodge. The Australian Cabinet had considered the idea of a more positive involvement in Viet Nam for some time before Lodge's visit, the sources said.

SEEKS SUPPORT

Lodge is touring friendly Far Eastern and Pacific nations to drum up support for U.S. policy in Viet Nam.

Australia already has in South Viet Nam about 100 jungle combat advisers and a Royal Australian Air Force transport unit. The jungle advisers, like their U.S. counterparts, are not classified as combat troops. But they have been in combat areas for months and have suffered casualties in action, including one killed.

The U.S. ambassador to South Viet Nam, Maxwell D. Taylor, told Italian newsmen earlier this month that "aside from the United States, the nationals of supporting nations in South Viet Nam number over 3,000." He said 37 nations have provided support or are about to give support to South Viet Nam.

The Sydney Sun said New Zealand is reported also to have agreed to provide further military aid to South Viet Nam. The newspaper said "observers believe that the underlying aim of the Australian and New Zealand decisions will be to influence Japan and the Philippines to give greater direct aid to the American cause in the Viet Nam struggle."

Banks Report Record Levels

	April 26, 1965	April 15, 1964	Gain (Loss)
Loans and Discounts	$22,181,860.99	$21,163,024.22	$1,018,836.77
Deposits	41,519,495.20	39,971,903.88	1,547,591.32
Cash	8,345,384.47	13,428,940.11	(5,083,555.64)
Total Resources	45,884,812.79	44,000,887.63	1,883,925.16

Deposits and total resources reached new record levels for Howard County banks, figures in response to a comptrollers call for condition as of close of business April 26 showed today.

The three Big Spring banks and one at Coahoma together had a total of $41,519,495.20 on deposit, or $1,547,591.32 more than for the April 15, 1964 call. It was also half a million dollars more than the $41,020,830.40 on deposit at the end of 1964. The new deposit total eased past the previous record of $41,175,974.90 shown on the March 26, 1962 call.

Total resources climbed to $45,884,812.79, which was $1,883,925.16 more than the comparable call last year and well above the $45,004,741.92 at the end of 1964, when a record for this total was registered.

Loans and discounts of $22,181,860.99 were up by $1,018,836.77 over the April call of 1964, but they were slightly under the record total of $22,476,308.27 at the end of last year.

Cash aggregated $8,345,384.47, which was about normal, but was $5,083,555.64 under the abnormally large amount of cash on hand last April when the call came.

The banks also held $4,810,251.25 in United States bonds and $9,138,855.46, a total of $13,949,106.71 in bonds. This was $2,367,779.80 more than the $11,581,326.91 total in bonds shown a year ago.

The figures by individual banks follow:

FIRST NATIONAL — Loans and discounts $11,668,659.14, deposits $23,255,672.64, cash $4,175,205.57, total resources $25,682,159.27. In addition the bank held $2,381,996.37 in U. S. Bonds and $6,268,839.29 in county, municipal and other bonds.

STATE NATIONAL — Loans and discounts $6,562,052.09, deposits $11,582,447.87, cash $2,505,066.07, total resources $12,661,735.74. In addition the bank held $1,165,144.44 in U.S. bonds and $2,398,537.64 in county, municipal and other bonds.

SECURITY STATE — Loans and discounts $3,039,503.18, deposits $5,370,302.74, cash $1,436,928.29, total resources $59,986,345.11. In addition the bank held $891,607.94 in U.S. bonds and $471,478.53 in county, municipal and other bonds.

COAHOMA STATE — Loans and discounts $911,646.58, deposits $1,311,071.95, cash $228,184.54, total resources $1,554,572.67. In addition the bank held $371,502.50 in U. S. Bonds.

Class Integration Target Date Set For Fall Of '67

WASHINGTON (AP) — The federal government today set the fall of 1967 as the target date for integration of all grades of a public school system in order for the system to qualify for federal aid.

The Civil Rights Act of 1964 provides that all recipients of federal aid must carry on their activities in a nondiscriminatory manner.

NEW GUIDELINES

Detailed new guidelines issued by the Office of Education also said there must be a "substantial good faith" start in the 1965-66 school year, with desegregation of at least four grades. There must also be steps taken with regard to faculty integration.

Under exceptional circumstances, the commissioner of education may accept plans that provide for desegregation of fewer than four grades this fall.

The four grades under such procedure, the guidelines said, should include the first grade, the first and last high school grades, and the lowest grade of junior high school.

MANY REQUESTED

Commissioner of Education Francis Keppel told a news briefing it was decided to issue official guidelines because of the many requests received for guidance.

The guidelines, in a nine-page "general statement of policies," are being mailed to school systems that have submitted plans that are not acceptable.

They also will be made available to other districts that are preparing plans.

Lt. Gen. Berry Services Friday

SAN ANTONIO (AP) — Services for Lt. Gen. K. L. Berry will be held here Friday at 9:30 a. m. in St. Paul's Episcopal Church.

The former Texas adjutant general will be buried at Ft. Sam Houston national cemetery.

Texas Gets Light Frost

By The Associated Press

Light frost nipped some areas across the northern half of Texas again today but it apparently caused no damage.

Early morning temperatures nevertheless were a bit warmer at many points than the day before as a four-day-old cold spell slowly relaxed its grip.

Readings remained comparatively mild farther south, where skies were at least partly cloudy. It was clear over the north and central sections of the state.

Slow warming was expected to continue in the chilly areas. Except for a few showers in South Central Texas, forecasts called for no moisture.

Campaign On To Back Cong Into China Sea

SAIGON, South Viet Nam (AP) — A force of more than 1,000 South Vietnamese troops was trying today to drive a key Viet Cong unit in the Mekong River Delta into the South China Sea.

Government commanders claimed at least 86 guerrillas were killed and 34 captured in the opening phase of the operation in Kien Hoa Province Wednesday. U.S. helicopter pilots caught about 60 Viet Cong trying to swim an estuary and machine-gunned them in the waters. The Americans estimated they killed about 40 of the swimmers.

Two Americans were killed in fighting elsewhere in the delta south of Saigon Wednesday. At least 18 Viet Cong dead were reported in that engagement. The American deaths brought the toll of U.S. combat fatalities in Viet Nam to 353 since December 1961.

SEA, AIR

In the Kien Hoa operation, the government force attacked in landing craft from the sea and in helicopters, hoping to catch the Viet Cong in a pincer. The offensive was aimed at the extreme eastern edge of the Thanh Phu district 60 miles south of Saigon, a seaside area of dense mangrove swamp.

The government suspects that arms and munitions from North Viet Nam are landed there by junks.

NAVAL SHELLING

U.S. advisers said the operation was preceded a month ago by an intense bombardment by 41 U.S. Air Force jets. Then leaflets and loudspeaker broadcasts advised all civilians to leave the area to avoid being killed. Some 4,000 refugees, about half the population of the area, left the swamp for government-controlled areas nearby, advisers said.

More air strikes, an artillery barrage and shelling from 3-inch naval guns and 20mm cannon came Wednesday. Vietnamese army and ranger troops went ashore in landing craft and helicopters, accompanied by seven armored personnel carriers.

Ground fighting was comparatively minor. One government soldier was killed and six were wounded, one by a snake bite.

This morning the American pilot of an armed helicopter making a strike against a suspected Viet Cong position was shot through the throat. He was in serious condition.

UNITS TANGLE

A Vietnamese force operating in Binh Long Province, 80 miles southwest of Saigon, tangled Wednesday with a strong Viet Cong unit. A U.S. Army adviser was fatally wounded in the opening volley of Communist fire.

The Reds beat off an armed relief column. American Army helicopters attempting to reach the American and some Vietnamese wounded also were forced from the area by heavy groundfire.

Ground troops finally fought their way into the battle zone, but another American was killed in the attack. A third American was wounded.

CONG DEAD

Eighteen Viet Cong dead were counted on the battle field.

Quake Loss High In Northwest U.S.

Arrivals From Dominican

Two of the many arrivals from the battle-torn Dominican Republic in Miami, Fla., today were Jose Balboa, left, a Dominican Airlines flight captain; and Ernesto Avino, right, a Dominican businessman. The man in background center was unidentified. (AP WIREPHOTO)

Another 100 U.S. Marines Land In Dominican Republic

WASHINGTON (AP)—Another 100 U.S. Marines were landed in the strife-torn Dominican Republic today to protect Americans, as bloody fighting engulfed Santo Domingo.

None of the some 2,000 U.S. citizens remaining in the Caribbean country have been harmed, according to the latest reports reaching Washington. Evacuation was proceeding by helicopter and ship.

Meanwhile, shooting among rival Dominican forces was reported continuing in the capital city, with at least 400 Dominican dead, 1,200 wounded, and armed mobs, up to several hundred strong, sacking and looting in residential areas.

President Johnson ordered the Marines ashore from a naval force late Wednesday, after getting word of the breakdown of local governmental authority in the Caribbean country. The Dominicans were unable to guarantee safety for the Americans, Johnson told the nation in an emergency radio-TV appearance.

FOUR HUNDRED

About 400 Leathernecks landed by helicopter on the outskirts of Santo Domingo, under Johnson's order.

Another 100 from a U.S. naval force were landed early this morning.

There has been no exchange of fire between the American Marines and Dominican factions, the U.S. officials added.

As of the latest count, 215 Americans had been evacuated since the Marines landed. Another 1,100 Americans were evacuated Tuesday.

In Washington, the Council of the Organization of American States (OAS) was summoned into emergency session, at U.S. request, to get a report on the action and to consider possible peace making efforts to end the bloody civil war.

PROTECTION ONLY

U.S. officials said the United States was taking no sides in the political turmoil engulfing the republic. They said the Marines will serve no cause except to protect Americans and will stay there until their mission is completed.

Johnson's order marked the first such use of Marines in Latin America in years. U.S. officials expected criticism from Latin Americans mindful of American "gunboat diplomacy" of a bygone era. But under international law, they said, a nation can send its forces to another land to protect its nationals when the local government breaks down.

Reports reaching the President told of gun battles in Santo Domingo, looting, Communist agitation, the collapse of local authority and word from the Dominicans that they could not guarantee the safety of the Americans there.

Capital's In Rebel Hands With Strife Continuing

SANTO DOMINGO, Dominican Republic (AP) — Armed civilians threw up street barricades in Santo Domingo during the night in anticipation of fresh assaults from military forces opposing the return to power of deposed President Juan Bosch.

Pro-Bosch army rebels and the civilians appeared to be in control of the Dominican Republic's capital following the retreat of anti-Bosch tank forces which had pushed 300 yards into the city on Tuesday.

Brig. Gen. Elias Wessin y Wessin and his anti-Bosch forces were still in control of the powerful San Isidro Air Base and military center 20 miles outside the city. Wessin set up a three-man military junta to govern the country and claimed his forces were victorious.

AT POLO GROUND

U.S. Marines who came ashore Wednesday night to evacuate Americans from the battle zone were reported massed at a polo ground outside Santo Domingo. The field has become an assembly point for the evacuees.

The capital spent a relatively quiet night after another day of fighting and threats by Wessin to bomb and strafe the city. Many residents fled from the capital.

Sporadic gunfire and machine-gun bursts were heard from the outskirts during the night, but there was no fighting in the city. Squads of infantry and armed civilians patrolled the nearly deserted streets.

FLY OVER

P51 Mustangs under Wessin's command flew over the city during the day and strafed ammunition depots in the northern suburbs.

Wessin's Radio San Isidro broadcast an announcement that Bosch had made an agreement to accept the three-man junta and had abandoned all claim to the presidency. The announcement said the junta had agreed to ask the Organization of American States to oversee elections at an unspecified date.

The announcement was attributed to Antonio Martinez, secretary of Bosch's Dominican Revolutionary party. But unconfirmed reports in Santo Domingo said Bosch, in exile in San Juan, had rejected the agreement and stated that Martinez had no authority to make such a pact.

Gas Line Break Routs Dwellers

CONROE, Tex. (AP)— Residents of an eight-block area were forced to evacuate their homes after a butane gas pipeline broke Wednesday night.

A Magnolia pipeline crew from Houston, under foreman Leo Slether, found the break before midnight and began repairs. Workmen used special tools which were not likely to cause sparks.

Scores Hurt; Two Killed In Seattle

SEATTLE (AP) — A major earthquake hit the Pacific Northwest today, causing widespread damage and two deaths.

The first confirmed fatality was in Seattle, where Adolphus Lewis, age undetermined, was struck by debris.

A warehouseman also was killed at the Fisher flouring mill when a water tank collapsed and a wall fell on him. Four others in the mill were hurt.

There were unconfirmed reports of other possible deaths in Seattle.

SCORES INJURED

There were scores of injuries, many in Seattle from falling debris as some brick facing on older buildings toppled into the street.

The quake, rated at an intensity of more than 7 on the Richter scale, was felt from Coos Bay, on the Oregon coast, to southern British Columbia and east as far as Idaho.

The earthquake belt was at least 600 miles long, from north to south, and 400 miles wide.

Alaska points reported it was not felt there.

The tremor did structural damage in half a dozen cities and knocked out some hydroelectric circuits at the giant Grand Coulee Dam in northeast Washington.

SNAPPED WIRES

Most damage appeared to be limited to cracked plaster, broken windows and dishes, and snapped wires.

The University of Washington seismologist said the quake was so strong it knocked the needle off the seismograph and he was unable to get a reading.

At Victoria, B.C., the Dominion Astrophysical Observatory said the same thing happened there.

At Olympia, the State Capitol buildings shook for nearly a minute and state employes ran into the open.

The shock appeared to be worse than one which severely damaged the legislative buildings in 1949.

The tremor was felt from the coast to eastern Washington and from Oregon into British Columbia.

OCCUPANTS FLEE

At Ellensburg, 100 miles east of Seattle, streets were jammed with people who fled from downtown buildings. Some windows were broken and walls cracked.

At Aberdeen, on the coast, the quake was described as a rolling series of three shocks that caused buildings to sway. Most were evacuated.

In Seattle, the two-story, concrete Seattle Times Building jiggled like an electric vibrator. Plaster sifted down in the Associated Press rooms and teletype printers stopped briefly. Telephone service also was interrupted for a few moments.

Murlin Spencer, Seattle bureau chief who directed coverage of the historic March 27, 1964 earthquake in Alaska, said the shock "has the feel of the second quake which hit Anchorage exactly one week after the first destructive one."

ALASKA QUAKE

The second Alaska quake was rated at an intensity above 7 on the Richter scale.

A Seattle woman was reported to have suffered a heart attack when the temblor knocked down the trolley of the electric transit bus on which she was riding.

Eastbound lanes of a drawbridge over the Duwamish Waterway in Seattle were closed to all traffic except transit coaches because of a drop in the road level.

Women prisioners in Seattle's City jail began screaming, "Let us out of here," as the building shook.

STREET LITTERED

In Tacoma, 30 miles to the south, one of the main downtown streets, Pacific Avenue, was littered with bricks and debris.

At Everett, 26 miles north, the state patrol radio tower toppled, streets buckled and some water lines broke. Boulders came rolling down onto the Stevens Pass Highway from Mt. Persis east of Everett, causing some damage.

Lowest Form Of Life

In this Saigon tangle of autos, buses and pedal taxis the pedestrian is the lowest form of life. Saigon seems safe from Communist Viet Cong invasion, so a local tale goes, because they aren't able to fight their way through the traffic. See Hal Boyle's column on page 10-B. (AP WIREPHOTO)

'Heloise's Housekeeping Hints' Now Available In Booklet

The best tips and hints from HELOISE—the all-time favorite columnist of American housewives—is now available in a handy paperbound edition. This is the same book that sold 350,000 copies in hard-cover for $3.95.

The Herald now offers this booklet for just 50¢, plus 1¢ sales tax.

Every homemaker will want one of these books—and they will make ideal gifts.

There is a limited supply now available. Get yours now at The Herald office—only 50¢ plus 1¢ sales tax.

Broadway Hit Star In Lively Show On TV

By CYNTHIA LOWRY
AP TV - Radio Writer

NEW YORK (AP) — Television audiences had an hour-long introduction Wednesday night to the current singing sensation, Barbra Streisand, at 23 the star of a Broadway hit.

CBS' "My Name is Barbra" was a flashy and imaginative demonstration of her talents, literally a one-woman show in which she sang, by actual count, 25 songs, engaged in an outrageous spoof of the high fashion business and even tried a comedy monologue.

We met many different Streisands in moods ranging from serious to silly.

She has an exciting voice, a highly individual style, interesting looks and a glossy sophistication of style that may be a little hard to take by music conservatives who prefer "Lover Come Back to Me" sung as Sigmund Romberg wrote it.

The sleek production of the program was reminiscent of that which surrounded Judy Garland in her earlier specials. But in spite of everything, the hour seemed a little long.

ABC's "King Family" hour will continue through the summer with new programs, only to be chopped in half when the fall season starts in September.

There was a vast outpouring of sympathy notes recently when the senior member of the clan, William King Driggs, died at 79.

Driggs, a veteran vaudevillian, was the father of the six sisters and two brothers who are the parents of all the youthful Kings.

CBS will pre-empt "Great Adventure" Friday night for a memorial program, "An Hour with Ed Murrow." Eric Sevareid and Charles Collingwood, former colleagues of the newscaster who died of cancer on Tuesday, will narrate the program. It will consist primarily of excerpts from his radio and television broadcasts.

Death Penalty Ban Bill Wins Partial Advance

AUSTIN (AP)—Rep. Charles Whitfield of Houston won a partial victory Wednesday in seeking committee approval of a measure to abolish the death penalty in Texas.

In about 15 minutes of parliamentary maneuvering, Whitfield tried first to get the measure rereferred to another subcommittee. Then he asked committee approval for floor debate.

Rep. Dudley Mann Jr. of El Paso, chairman of the House Criminal Jurisprudence Committee, halted the bid for approval by refusing to recognize Whitfield, but the committee voted 9-4 to send the bill to another subcommittee.

It has been before a seven-member subcommittee since April 7. Whitfield said this group "is too unwieldy — in other words, coach, I ain't got the votes."

"I want a House showdown on this bill," he said.

Later the subcommittee approved his bill but agreed on an amendment which will be presented with the bill to the full committee next Wednesday.

The amendment would retain the death penalty for persons convicted of killing a policeman or prison guard.

Order Upheld On Extradition

AUSTIN (AP)—The Court of Criminal Appeals upheld Wednesday an extradition order sending Melvin Powers back to Miami, where he is charged with the stabbing death of millionaire financier Jacques Mossler.

The court said Powers, held in Houston since July 4, should not be granted bail.

Powers' lawyer, Percy Foreman, told the court in oral arguments April 14 that the warrant for his client's arrest was "worth no more than so much used shaving paper."

Powers, 27, is Mossler's nephew by marriage.

Agency Approves Loan To Vernon

WASHINGTON (AP) — The Housing and Home Finance Agency approved Wednesday a $2,609,000 loan to the Vernon, Tex., housing administration to finance 224 low rent housing units, 160 of which are to be for elderly persons.

Issue Raised Before Ruby Trial Judge

JASPER, Tex. (AP) — Joe Tonahill, who helped defend Jack Ruby during his murder trial, has asked Dist. Judge Joe Brown to rule whether Brown is disqualified to hear the case before setting a sanity trial.

In a letter to Brown dated April 26, Tonahill also asked that out-of-state lawyers be barred from the case.

"I wish you would consider this letter as a motion to do one of two things (namely)—1, note your disqualification upon the docket, or 2, set the matter of your disqualification for hearing," the lawyer wrote.

Tonahill said the Texas Constitution specifies that once the disqualification issue has been raised, a judge must settle that question before any further proceedings may be held.

Brown presided at the Dallas trial in which Ruby was sentenced to die for killing Lee Harvey Oswald.

Fat Overweight

Insurance Covers Computer Boners

SAN FRANCISCO (AP) — Humans, you can take heart in this computer age.

A market is developing for insurance to cover the costs caused by computer booboos.

The liability coverage for electronic data processing firms was originated two years ago by Firmean's Fund Insurance Co.

It now is available in most of the 50 states through Fireman's Fund or a competitor, St. Paul Fireman's Fund Insurance Co.

Fireman's Fund survived the 1906 earthquake and fire in its San Francisco home to grow into a sort of American Lloyds in risk coverage ventures.

It now regularly covers the movie industry's Oscar ceremony television broadcasts against ad libbing that might boomerang into slander suits.

SPECIAL RISKS

Garrett Redmond, the Fund's manager of excess and special risks, responded to the company's first inquiry about covering electronic data processing errors.

Redmond's underwriters checked around and within a month offered a policy to the Hawaii data processing firm making the first inquiry about coverage.

A minimum premium of $200 a year will cover a single loss claim of $10,000 and an aggregate of $20,000.

Coverage to a million dollars can be bought for $1,300 to $1,400.

GROWING SIDELINE

The policies do not cover internal losses for a firm processing its own accounts. They cover only automated accounting handled for outside firms, a growing sideline business for major banks.

Independent data processing firms also are developing a growing field in handling accounts for enterprises too small to think of investing in their own equipment.

What can a computer do that could cost its proprietor $10,000 or a million?

Well, a computer could fail to record a vital deposit in a bank account and cause a number of checks to bounce embarrassingly.

A batch of dividend checks based on 30 cents a share declaration could come out of the machine with a one decimal error paying out 10 times too much.

TRACE ERRORS

Redmond said investigation inevitably would trace most such mistakes to a human programming or operating source. But what can't be traced to a human fault will be called a computer malfunction.

"Maybe there will be occasions when there will be dispute over a data processor's actual liability," Redmond said.

"If it goes to court, the data processor will find it costs plenty to prove he's right, even if he doesn't have to pay the claim. Actually, this is the most important coverage that insurance can give him."

Fireman's Fund has written a dozen policies covering errors or omissions in electronic data processing.

"Up to now we haven't had a single loss claim," said Redmond.

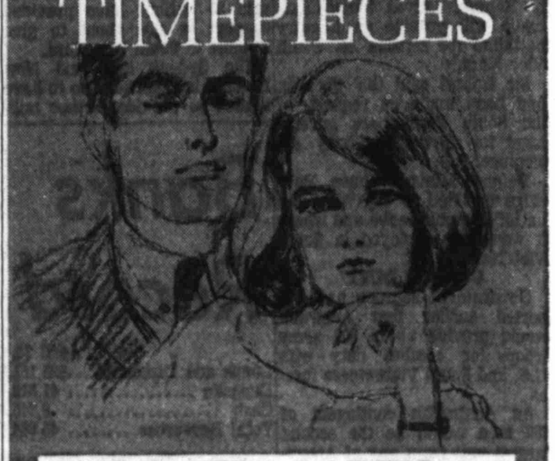

Resigned Pastor Gets New Post

HOUSTON (AP)— The pastor of the First Baptist Church, who resigned Sunday—one day after revealing a church vote to remain segregated, said this week he will become missions coordinator in the Los Angeles area for the Baptist General Convention.

Dr. K. Owen White said the church vote did not influence his resignation, effective May 31. He will assume his new post around July 1.

Anniversary Of Fuehrer's Suicide Near

BERLIN (AP) — If you stand atop a wooden platform at Potsdamer Platz in downtown Berlin and look slightly to your left across the concrete and barbed wire of the Red wall, you will see a grass-covered mound.

Occasionally East German Communist border guards walk past the gently sloping, 15-foot mound. Sometimes the guards walk up on it and observe the area around them, watching for refugees.

It is a macabre spectacle considering that under their feet, beneath this mound, lies the tomb of Adolf Hitler's Third Reich — the bunker where history's murderous madman gave his last orders, before shooting himself.

MARKED CLIMAX

It will be 20 years ago Friday that the fuehrer's suicide ushered in the Goetterdaemmerung of Nazi Germany and was the climax of Berlin's collapse in flames.

The guns of the Red army were pounding the city and Soviet infantrymen were less than a mile from the Reich Chancellery.

Hitler was in his bunker, surrounded by a dozen of his faithful men, his bride, Eva Braun, and his favorite German police dog "Blondi."

Rather than fall into the hands of the Russians, who probably would have marched him through the streets of Moscow, he killed himself. Eva Braun, his mistress of many years and wife of a day, swallowed cyanide. The dog was poisoned.

Survivors in the bunker wrapped the bodies in blankets and tossed the bundles into a huge bomb crater outside — Adolf and Eva lying side by side with the dog on top of both.

"HERO'S DEATH"

Gasoline was poured over the bodies, a match was struck and, as the flames shot up, the burial party left the scene.

Next day, the Nazi radio broadcast that the fuehrer died "the death of a hero at the head of his troops defending the Reich capital."

But when the war ended, the story of his death was pieced together from testimony of those who survived.

Over the years rumors bubbled through the world that Hitler had survived; had escaped in a submarine to South America; had holed up in the Alps.

Until recently, the Russians kept silent about what they found.

They finally talked, they said, because a West Berlin prosecutor had filed charges against Hitler to assure his prosecution for crimes against humanity if he should ever turn up, after the expiration of the statute of limitations.

Yelena Rshevskaya, a member of a Soviet army intelligence team charged with arresting top-ranking Nazis, said in a radio report there was irrefutable evidence that Hitler had died.

Miss Rshevskaya described in detail how the bodies of Hitler and Eva Braun were found in the bomb crater but did not say where the remains eventually were buried.

Migrate To Down Under?

PERTH, Australia, (AP) — Scores of U.S. families want to migrate to western Australia, which has been described as a new California.

The Perth Chamber of Commerce has received more than 50 letters in the past week from Americans desiring to settle here.

The rush for information followed a glowing report on western Australia's potential published recently in the magazine U.S. News and World Report.

Lynda May Get Her Degree At Texas University

WASHINGTON (AP)— Lynda Bird Johnson may be returning to the University of Texas in the fall.

Mrs. Lyndon Johnson remarked Wednesday: "It's going to be hard to send her away in September."

Asked if Lynda, 21, will return to Texas, Mrs. Johnson said:

"I think so probably. She has to have at least 19 hours at the University of Texas to get a degree there."

Lynda, now a junior history major at George Washington University, spent her freshman year at Texas. Mrs. Johnson was graduated there in 1933.

Steel Peace Pact Signed

PITTSBURGH (AP) — A four-month labor peace pact guaranteed today a continued flow of steel for the nation's booming economy.

"It's all signed, sealed and delivered," said David J. McDonald, United Steelworkers president.

He and R. Conrad Cooper, chief negotiator for the basic steel industry, signed the temporary truce exchanging postponement of Saturday's scheduled strike for an 11.5-cent hourly pay hike.

TOUCH, GO

But for a while Wednesday it was touch and go.

The expected routine approval by the steelworkers' Wage Policy Committee turned into a three-hour debate when opponents branded the pact a "tin cup agreement" and implied that top union negotiators were "beggars."

"We all thought it was lost," said one top union source after the hectic session of the 163-man committee, which finally overrode the opposition and approved the agreement.

Less than an hour after the committee's shouted approval, Cooper hustled to McDonald's hotel headquarters. Emerging a few minutes later, Cooper shook hands with McDonald and said, "It's signed."

NOT COMPLETE

Both emphasized a complete contract remains to be negotiated. Either side can serve 30-day notice Aug. 1 to end the agreement, bringing on another steel strike threat Sept. 1.

With at least temporary labor peace assured, attention turned to Friday's scheduled announcement of the results of the union's presidential election — a major factor complicating the steel industry negotiations.

I.W. Abel, now secretary-treasurer, is expected to be the winner, ending McDonald's 12-year reign over the million-member union.

CHALLENGE DUE

McDonald reportedly plans to challenge the expected result, asking the union's 33-man executive board to overturn it. He also may ask the U.S. Labor Department to investigate and seek a court order for a new election.

McDonald said the 11.5-cent wage raise provides a floor for the union's bargaining aims during the postponement.

But Cooper indicated he did not consider the figure a pattern for future bargaining.

The 11.5 cents an hour will not be paid to steelworkers until a final contract settlement is worked out.

Korean Reds Damage Plane

WASHINGTON (AP)—An Air Force reconnaissance plane was damaged when two North Korean jet fighters attacked it over international waters more than 50 miles off the coast of Communist North Korea, the Pentagon says.

The Defense Department said Wednesday the RB47 with six crewmen aboard was on a routine mission when the attack occurred Tuesday.

The plane returned to Yokota Air Force Base in Japan and no injuries were suffered by the crew, the Pentagon said.

Villagers With Eye Maladies Get Help

STANFORD, Calif. (AP) — Like many vacationbound Californians Dr. Frank C. Winter thought of Baja California, Mexico, two years ago when he set out for some deep-sea fishing.

But instead of marlin, the Stanford Medical School ophthalmologist found an appalling number of blind and near-blind villagers when he set down in San Jose del Cabo.

NO FISHING

He set aside his tackle.

In six visits Dr. Winter performed more than 100 operations for cataracts and other disorders. For hundreds of villagers he prescribed glasses — all donated by the Parsons Optical Co. of Palo Alto, Calif.

On each visit the word was spread by Dr. Eduardo Rodriguez, district medical officer.

By mule, truck and on foot the people came to the village's 40-bed hospital.

One was a 9-year-old boy, blinded in the right eye by a stick when he was a baby. His left eye had an open sore in the cornea.

"In the United States he would have had an emergency operation immediately but the general practitioners in Baja have not had the chance to specialize in eye work," Dr. Winter said.

"Since there were no fresh corneas available for transplant when I first saw the boy last year, I fashioned a temporary patch by using tissue from his blind eye."

PERFORMS SURGERY

From the eye bank in Palo Alto a fresh cornea was flown in and Dr. Winter performed a successful operation.

There was no charge to the impoverished family or to any of the families of those he treated.

But the villagers collected some money and had a medal made.

"Con gratitude Dr. Winter," the inscription reads.

1 ♠	Pass	2 ♡	Pass
3 ♠	Pass	4 ◇	Pass
4 ♡	Pass	5 ♡	Pass
6 ♡	Pass	Pass	Pass

Opening lead: Ten of ♣

A slight lapse in technique led to a roadblock in the trump suit for South, the declarer, at six hearts. In attempting to untangle the snarl, however, he failed to preserve his communications line intact — and the result was a substantial setback.

North's jump rebid of three spades was forcing after partner had made a two over one response. He bided his time by giving South a simple preference, when the latter presumably showed a second suit.

South's overbid of the game expresses a desire to reach slam and suggests that clubs—the only suit not yet mentioned—represents his main concern. North got the message and promptly bid the slam in hearts.

West opened the ten of clubs and the king was played from dummy. A small heart was led to the king on which West discarded a diamond. It was now revealed that East had a sure trump trick, so South led a small heart to the jack, intending to finesse against the ten subsequently.

East was in with the queen of hearts and he returned the nine of diamonds. Declarer put up the ace and entered dummy with the queen of spades. The nine of hearts was led and permitted to ride when East declined to cover. In order to get back to his hand to complete the drawing of trump, South tried to cash a second spade. East ruffed with the ten of hearts and a diamond return netted two more tricks. The defense registered a 300 point profit on the deal.

South could have avoided the fatal block in the trump suit, by leading the nine of hearts from the dummy at trick two. Assuming that East does not cover, declarer intends to play the king from his hand, followed by a low heart to the jack when West shows out. When the five of hearts is led from dummy subsequently, declarer can overtake with the eight and then draw the last trump. The spade suit provides the necessary discards for South's losing diamonds.

After declarer blocked up the hearts, he was still in position to recover, by crossing over to the dummy with a spade for an immediate heart play thru East. The jack of hearts is covered by the queen and ace, and a heart is led to dummy's nine and taken by East's ten. South wins the diamond return with the ace and draws the last trump.

Fabulous Story In GM's Profit

DETROIT (AP) — General Motors wrote a fabulous page in American business history Wednesday, reporting the biggest profit ever made in a first quarter by any firm and overshadowing record earnings announced earlier by both Ford and Chrysler.

The $636-million profit topped the GM and U.S. industry's old first-quarter high of $536 million set last year. It also marked a new high for any quarter, surpassing the old mark of $602 million GM earned in the second quarter of 1964.

On Monday, Ford Motor Co., the second largest member of the automotive Big Three, reported record earnings of $208.8 million, a 39 per cent increase over the similar period in 1964.

LED OFF

Chrysler led off last week by announcing profits of $56.6 million, an increase of nearly $3 million over its old record of $53.8 set in the first quarter of 1964.

American Motors, the nation's fourth largest auto maker, is due to make its first quarter report early next week. Its automotive sales have run behind 1964 thus far and its report is not expected to be as bright.

GM worldwide employment averaged 737,963 workers for the first quarter and they were paid $1.3 billion. These totals were far ahead of the previous highs, set in the second quarter last year, of 690,802 workers and $1.2 billion in payrolls.

PEAK RATES

Frederic G. Donner, board chairman, and John F. Gordon, president, said, "GM car and truck production in the United States was maintained at peak rates during the quarter in order to meet the current high demand and make up production losses resulting from strikes in the latter part of 1964.

"However, in spite of these high production rates, inventories in the hands of dealers at the end of the quarter remained below the level of a year ago."

PER SHARE

The Donner-Gordon report showed net income per share for the first three months of this year was $2.22, compared with $1.87 in the first quarter last year and the any-quarter previous high of $2.11 set in the second three months of 1964.

GM's dollar sales for the quarter were $5.5 billion compared with $4.7 billion in the opening quarter last year and the corporation's former record quarter of $5.0 billion set in the second quarter last year.

The $636-million profit for the opening quarter gave GM a running start toward passing the $1.7 billion earned in all of 1964.

Arraignments Set In Attack

LONGVIEW, Tex. (AP) — Dist. Atty. Ralph Prince said Wednesday that two Negroes from Gladewater probably will be arraigned in 125th District Court here Monday on charges of rape and assault with intent to murder.

The two, Johnny Clemons 27, and his brother-in-law, Cecil Head, 19, were indicted by the Gregg County grand jury Wednesday.

They are accused of raping Darlene Blake, 22, and seriously wounding her and a companion, Jerry Stanford, both of Gladewater.

The men are being held in the county jail. Bond was denied on the rape charge. Bonds of $10,000 each were set on the assault to murder charge.

Miss Blake is recovering in a Shreveport, La., hospital after surgery for bullet wounds in the face and neck. Stanford is reported in satisfactory condition at Tyler after brain surgery.

Seizure Fatal To Oil Firm Employe

MIDLAND, Tex. (AP)—Adolph Sieker, 49, died Wednesday night of a heart attack suffered as he umpired a Little League baseball game. He was an oil company employe.

Officers Named To H-SU Board Of Development

ABILENE — Ned P. King, Dallas, president of Mercantile Security Life Insurance Company, Wednesday was elected chairman of the board of development for Hardin-Simmons University.

Robert W. Whipkey, publisher of the Big Spring Herald, was elected vice chairman, and Mrs. E. B. Yeatts, Abilene, was named secretary.

The new board officers were chosen at the annual spring meeting of the board which is made up of 46 business and professional leaders from Texas, Oklahoma and New Mexico. The group's goals are to provide financial support and recruit outstanding students for Hardin-Simmons.

Dr. D. M. Wiggins, Lubbock, H-SU trustee and member of Gov. John Connally's special committee on higher education, said Texas colleges are far behind even the average of other states.

Tom Parrish, director of development for Baylor University, said private colleges must have a clear understanding of their purpose and limit themselves to their specific roles if they are to help meet the demands of the social order.

Dr. James H. Landes, H-SU president, said 85 per cent of H-SU graduates will go into education, social work and church work. He said also that the board of development and other agencies have made possible the addition of eight new faculty members with Ph.D. degrees during the current school year. Dr. Lee Hemphill, vice president for development, told the board that gifts in support of Hardin - Simmons have amounted to $856,000 since last June, not including a $750,000 contribution from the Sid W. Richardson Foundation of Fort Worth.

Pakistani Occupy 'Oasis' In India

BIAR-BET, Kutch (AP) — Pakistani forces claim they scored an easy victory over Indian troops in a four-day battle that ended with Pakistani occupation of this oasis in the baked, barren Rann of Kutch.

It is one of the most unlikely and desolate battlegrounds on earth. Soon the heat-scorched wastes will become marshy tideland, covered by water from the Arabian Sea whipped up by monsoon rains.

The temperature reaches 120 degrees during the day. The desert shimmers in the blinding heat.

Pakistani field commanders said almost all fighting takes place at night, when the heat subsides. The darkness also allows more freedom of movement across the empty flats where during the day one can see for miles.

Troops are dug in around the oasis which is several miles long. Some Pakistani tanks are parked nearby. No villages or civilians car be seen.

The Pakistani officers talked light-heartedly about their combat experience.

"We would have pushed them clear to Bombay," a captain said with a laugh. He said his troops suffered no fatalities in taking Biar-Bet and that the first evacuee was a wounded Indian.

The Pakistanis said they captured the oasis Monday night, inflicting heavy Indian losses. Biar-Bet is five miles south of what India claims to be its western border in the disputed Rann of Kutch area.

Maj. Gen. Tikka Khan said 350 Indian troops had been killed in heavy fighting since April 9. Khan, Pakistani commander in the Kutch, said only about 20 Pakistani soldiers had been killed.

INDIA'S CLAIM

India claimed 300 Pakistanis have been killed, wounded or captured and put its own losses at 65.

Khan said his patrols had pushed 20 miles south into what India claims as its territory all the way to the 24th Parallel, which Pakistan says is the boundary line. The disputed area is 150 miles long and 20 to 25 miles wide.

Both sides are reported to have moved thousands of troops into Kutch, possibly a total of 30,000.

During the hour newsmen were at Biar-Bet, artillery shelled what were said to be Indian positions a few miles away. There was no return fire and no Indian troops were seen.

The newsmen were shown American aid ammunition cases which Pakistani officers said the Indians left behind. India has charged that the Pakistanis are using tanks supplied by America. Both countries are pledged not to use American aid

STATE HOSPITAL TO DISPLAY MINIATURE CIRCUS
In conjunction with Mental Health Week, May 1-8

Miniature Circus Featured In Hospital Open House

The Big Spring State Hospital will be host to an open house Saturday and Sunday in conjunction with Texas Mental Health Week, May 1-8.

Guided tours of the hospital facilities will be conducted each hour beginning a 1 p.m. on both Saturday and Sunday. Starting point for the tours will be the Weaver Building. Signs will be erected to guide visitors to the building.

Two members of the hospital staff, Dr. Frankie Williams and Robert Von Rosenberg, will give lectures in the hospital's central dining room following tours. Dr. Williams will speak on "What you should do when mental illness enters your home," and Von Rosenberg will speak on "Rehabilitation of the mentally ill." Refreshments will be served following the lectures.

Tuesday, the hospital will make its annual psychiatric aide of the year award and employe service awards. The ceremonies will take place in the auditorium of the Allred Building beginning at 8 p.m.

A special attraction at the hospital will be the display of the Powell Miniature Circus. The circus will be open to the public during the open house and will be shown to patients Monday.

This circus has everything from animals and clowns, to Ferris wheels and pretty girls. Everything in the circus is miniature, approximately one-half-inch scale. The figures of people, animals, trucks, rides and other parts of the circus are made from scraps of material, including wood, anti-freeze cans and wire tubing.

More than 300,000 individual pieces make up the circus and it takes five hours to set up. The circus includes 136 horses, 162 circus animals, 18 cages, 20 baggage wagons, seven floats, five trucks, four trailers, a wardrobe trailer, a generator trailer, 107 clowns, and a variety of railroad cars.

The entire show is illuminated with 120 light bulbs, the size used in an automobile dashboard. Eleven electric motors keep the circus going and the majority of the acts and rides are animated.

Many of the animals and people in the circus are imported from Japan, Denmark, Austria and other countries A hand-painted banner line advertises the side show, which includes the usual snake charmer, dancers, singers, fire eater, sword swallower, fat lady, thin man and pretty girls.

The miniature "Big Top" is made of real tent material and houses the high wire, trapeze, bear act, dog show, elephants, clowns and other circus attractions.

Receives Top Honor

Wanda McNew receives the commissioner's award, which is highest standard achivement for Sunbeams as a highlight of the district Sunbeam and Girl Guide district meeting at the Salvation Army citadel here Wednesday. She is the daughter of Mr. and Mrs. William McNew. Capt. Virginia Kellner, Dallas, in charge of Sunbeam and Girl Guide work in Texas, made the presentation, while Capt. and Mrs. William Thomas watched. Only one other girl, Debra Reese, Odessa, earned this award, and while Mary Ethel Carroll, San Angelo got the commissioner's award for Guides. In field meet competition, San Angelo Guides won and Abilene Sunbeams were first. The meeting drew 157 from Big Spring, San Angelo, Abilene, Odessa and Midland.

Sheriff Wins One Bid, Loses Second

Aubrey Standard, sheriff, won adjustments in the pay of three of his office staff Thursday, but his request for uniforms for his force was not approved.

By a three to one vote, the Howard County Commissioners Court authorized an increase in pay for Lindy Oldfield, chief deputy, from $420 to $450 per month. The salaries of two girls employed in the check department, who have been receiving $237.50 per month, were raised to $250.

R. C. Nichols moved that the request of the sheriff be approved and the motion was seconded by L. J. Davidson. On a vote, Davidson, Nichols and Simon Terrazas voted "aye" and Joe Hayden voted "no." Standard said that he wanted the pay schedule effective at once.

"This is not a request for a raise as I see it," said the sheriff. "It is a request for an adjustment.

"There is a $50 per month differential in the salaries of regular deputies and chief deputies in all of the county courthouse offices with the exception of my office. I merely want the same pay basis for my chief deputy.

"As to the two girls, it does not seem fair that all other regular deputies in all of the offices should be paid $250 where my deputies have been receiving only $237.50."

He also pointed out that the hours worked by his staff are different from those of other deputies. He also stressed that the responsibility of Oldfield as chief deputy made his job difficult.

"I felt that the chief deputy was underpaid when I had the job," Standard told the commission. "I am sure that Fern Cox, who had the place before me, felt the same way. I couldn't do anything about it when I was chief deputy, but now that it is my responsibility to speak for my department, I am asking that this matter be adjusted."

He replied to a suggestion by Hayden that the commissioners had already done a lot for the sheriff's office—remodeling the office, installing the teletype service, and authorized a radio transmission center for the department itself— that he did not feel a great deal had been done.

"As to the remodeling of the office," he said, "I don't think the commissioners court had to pay out any money. My deputies did the work themselves.

"The teletype will pay for itself in the savings in long distance phone calls.

"As to the radio, I do not see how the county can afford not to take advantage of the opportunity to get it. It will mean a savings over the years of the $100 a month which the county now pays to the city for rental on city equipment and will pay for itself in a few years."

The proposal that his deputies be uniformed was not approved. He had told the commissioners that he felt the cost of the uniforms could be handled out of his budget, without additional funds from the county. The matter was taken under advisement.

"It may be you (the sheriff) will be up asking for a hike in salary," Hayden observed in discussing the pay adjustment.

"I assure you that I will not ask for a salary increase for myself," replied Standard. "Of course, I would accept one if you gave it to me, but you may be certain I won't ask for one for myself."

Pleads Guilty

R. L. Harmon, accused of writing a worthless check, entered a g... ty plea before Judge Lee Porter in Howard County Court Wednesday. He was fined $25 and costs in the case.

Annual Meet Of WTCC Under Way

The annual meeting of the West Texas Chamber of Commerce opened in Abilene this morning with a golf tournament scheduled for 8 a.m. at the Abilene Country Club. Registration began at 11 a.m. in the lobby of the Windsor Hotel. An executive committee meeting was set for 2 p.m. and a hospitality hour scheduled for 6:30 p.m. in the Lytle Shores auditorium.

Chamber of Commerce Manager Carroll Davidson, Champ Rainwater, and others are expected to attend all or a part of the sessions from Big Spring.

The main business of the convention will open Friday, with an open meeting of the board of directors at 9 a.m. The membership luncheon will be held at 12:15 and Ben Ramsey, chairman of the Texas Railroad Commission, will speak on "West Texas Oil and Gas Industry."

The general membership session will begin in the ballroom of the Windsor at 2 p.m. Speakers and their subjects for the afternoon will be: Dr. John Stockton, director, Bureau of Business Research, University of Texas, "Economic Development Future of West Texas"; Mayor Hank Avery of Midland, "The Role of Businessmen in Civic Affairs"; Dr. Stephen M. Sutherland, department of geography, University of Oklahoma, "Economic Geography and Industrial Development."

The 47th annual banquet will be held at 7:30 p.m. Friday in the ballroom, with special entertainment.

Saturday's sessions will include the general membership session at 9:15 a.m. Tom McFarland, general manager, High Plains Underground Water Conservation District 1, Lubbock, will speak on "West Texas Water Resources Today."

The 10 a.m. business meeting will include reports, resolutions, election of directors, nominating committee report, election of 1965-66 officers, and selection of the 1966 convention city.

W. R. Poage, congressman from the 11th district, will speak on "West Texas Agriculture" following the noon membership luncheon which begins at 12 noon.

Hugh M. Smith Funeral Set

Hugh M. Smith, 90, died Wednesday afternoon in a local hospital following a lengthy illness. He was born March 9, 1875 in Lawrenceville, Pa. He attended the school of optometry in Baltimore, Md., and a school of pharmacy. He worked as a regular pharmacist for several years.

Mr. Smith, father of Carl Smith of Big Spring, was in business for himself as an optometrist and watchmaker from 1915-1925. He moved to Texas about 1925 and became associated with Morris B. Zale at Graham, in Zale's first store. He later moved to Wichita Falls with Zale as an optometrist, and remained there until his retirement in 1952.

Mr. and Mrs. Smith moved to Big Spring from Wichita Falls Feb. 2, 1964. She died in June, 1964.

Services will be held at 2 p.m. Friday at the Hampton-Vaughn Funeral chapel in Wichita Falls. Burial will be in Crestview Memorial Park. The remains will lie in state at Nalley-Pickle Funeral Home, in charge of local arrangements, until early Friday morning when they will be taken to Wichita Falls.

Survivors include two sons, Carl Smith of Big Spring, and Chap Smith of Wichita Falls; five grandchildren and two great-grandchildren.

Pledges Sought For Youth Center

Pledge cards are being circulated following the meeting of interested citizens at Coahoma Monday for an explanation of plans for a Howard County youth center.

The facility, if it materializes, may be located somewhere between Coahoma and Sand Springs.

Cecil Drake was named chairman of the effort, and Mrs. George Lacy was elected secretary.

The pledges are for $50 initiation fee (which will all go for facilities) and $5 a month dues for operation, maintenance, etc. If as many as 200 of these can be signed by May 22, the group plans to go ahead with plans.

Persons desiring pledge cards may secure them from Mrs. Lacy at Coahoma.

Weather Forecast

Weathermen predict no significant precipitation across the nation Thursday night with the exception of a few scattered showers in the northern Rockies. It will be cooler along Atlantic seaboard and in Plateau states and warmer from Lakes area across the Mississippi Valley and Plain states. (AP WIREPHOTO MAP)

Headed For Corpus Christi Festival

Director Doug Wiehe, with suitcase, gets his Big Spring High School band students ready for loading on two chartered buses to go to Corpus Christi for the music festival in connection with Buccaneer Days activities.

Band Leaves For Festival In CC

The Big Spring High School band, with 89 students and eight sponsors, left at 10 a.m. today for the music festival in Corpus Christi in connection with that city's Buccaneer Day celebration. Two chartered buses hauled the band, instruments, and luggage, with a couple of automobiles accompanying them.

The buses were expected to get into Corpus Christi tonight around 9 o'clock. Solos and ensembles will be played Friday, and the band will play Saturday. Doug Wiehe, director, said the group would return to Big Spring Sunday between 9 and 10 p.m.

"This is the second time the band has entered the festival in Corpus Christi," Wiehe said. "We didn't go last year, but decided to enter again this year. We will be among 22 Class AAAA bands entered, which is the largest class there each year."

Selections are not made through invitation, the director said, but each high school must make its own decision on whether or not to enter the competition.

The high school band won sweepstakes rating in interscholastic contests this year, which is the highest rating available, and it won first division in concert.

OIL REPORT

Martin Explorer Site Selected

A Martin County wildcat location has been staked, and a Howard County completion listed with the railroad commission office.

The Thelma J. Cole well, originally filed by Curtis Hankamer, and completed by Oil & Gas Production, Inc., flowed 167 barrels of 44.8 gravity oil, with a trace of water, through a 9-64 inch choke. The well flowed naturally.

Operator drilled to 7,936 feet and set 4½-inch casing at 7,927 feet. He perforated at 7,846-64 feet. Gas-oil ratio was 1,882-1, and tubing pressure was 995 pounds per square inch.

This is the third well in the Vincent, South (Strawn) field.

Murphy H. Baxter has staked location for No. 1-B Allar, 1,980 feet from the south and east lines of section 15-35-2n, T&P survey, 15½ miles north of Stanton.

The wildcat will go to a contract depth of 7,000 feet with rotary to test the Fusselman.

It is three miles south of the Hill Ranch (Dean) field, and four miles northwest of the northernmost production in the Spraberry Trend area.

DAILY DRILLING

HOWARD

Shell Oil Co. has moved off the rotary rig from its No. 1 Clay Reid, four miles northeast of Big Spring, and is moving in a completion unit. The well holds promise of a strong gas flow, and a fair amount of condensate.

Location is 660 feet from the north and 1,980 feet from the west lines of section 13-32-1n, T&P survey, and is a southwest stepout to the Big Spring Fusselman.

STERLING

Shell Oil Co. was drilling ahead at 8,274 feet in its No. 1 F. M. Hildebrand 13 miles south of Sterling City. The wildcat is being drilled one location southwest of Moncrief & Champlain No. 1 Fay Hildebrand completion, and was spotted 660 feet from the north and east lines of section 4-7, H&TC survey.

Two Ask For Justice Post

Two applicants for the post of justice of the peace of Precinct 2 (Coahoma) have filed their applications with the Howard County Commissioners Court.

The post was left vacant a few days ago with the death of the incumbent, Bill Hunter.

The applicants are Mrs. Fred A. Adams, who appeared in person to make her request to the court Thursday, and R. Krause, who submitted a letter asking that he be appointed to the job.

The commissioners had taken no action on either request at 11 a.m. Thursday.

Bids Asked For Glasscock Road

Bids will be received by the Texas Highway Department for construction of 7.097 miles of road in northern Glasscock County, J. A. Snell, district engineer at San Angelo, announced today.

Plans and specifications may be had from H. L. Bailey, resident engineer at Sterling City. The road will be from FM 33 at Lee's west and north to the Howard County line, and from the Glasscock County line to FM 818. Bids will be opened May 22 in Austin.

Jurors Called

A panel of 60 jurors have been notified to report to Howard County Court at 1:30 p.m. May 5 for duty in the court. Sheriff Aubrey Standard's deputies dispatched the notices to the jurors Wednesday afternoon.

Cancer Funds Still Growing

Funds raised in the Cancer Crusade continued to grow today as more reports from the door-to-door canvass trickled in.

Mrs. Larson Lloyd, crusade chairman, said the total had now passed $6,200 and some additional money is expected. One or two institutions will not complete their contacts until the end of the month, she said.

Returns have exceeded the $5,000 goal and Mrs. Lloyd said she was delighted at the response. She expressed thanks to everyone who had a part, particularly to those who worked as committee members, division leaders and residential canvassers.

The special gifts division, headed by R. L. Tollett, brought in $1,910. The business division brought in $550, memorials, $366, and nearly $3,400 came in through the door-to-door effort, led by Mrs. Jack Haralson. Co-chairmen of the business division were Mrs. Clyde Thomas and Mrs. Rube McNew. Mrs. M. M. Edwards was chairman for the memorial fund.

Capping Rites Planned Friday

Capping exercises for 15 members of the vocational nurses class at Howard County Junior College will be held at 7:30 p.m. Friday in the college auditorium.

Dr. Preston Harrison, superintendent of the Big Spring State Hospital, will be the speaker for the occasion, and the Rev. E. A. J. Seddon will offer the invocation and pronounce the benediction. Mrs. Johnnie Amos, instructor, will present the caps, and members of the Gideons International will hand each a white Bible.

The capping ceremony for the VN trainees comes about midway through their year's course.

Ross Graham Due At Hospital

Ross Graham, for years a star on the Voice of Firestone radio and television program, will entertain patients of the Big Spring Veterans Administration Hospital tonight.

Graham, who is retired and lives in Midland, is part of the Midland Elks Club entertainment for the patients. Each month the Midland club or Big Spring club provides an evening of entertainment for the patients.

Maris Hurt Making Third Out Catch

Roger Maris, New York Yankee outfielder, makes a backhanded catch for a third out in the seventh inning of the game Wednesday between the Yanks and Kansas City in New York. On the play, however, he pulled the hamstring muscle of his right leg and will be sidelined for three weeks. The photos show Maris making the catch in full stride and, below, holding onto his pulled muscle. (AP WIREPHOTO).

Popups Hard To Hold, Twins' Tovar Finds

By MURRAY CHASS
Associated Press Sports Writer

Cesar Tovar of the Minnesota Twins has notched another hole in his glove en route to the second annual Richie Allen fielding award.

Tovar's latest entry in his bid for the honor came Wednesday night in Minnesota's 9-3 loss to Cleveland.

The Allen award, established last year by the third baseman of the Philadelphia Phillies, goes to the rookie infielder whose season-long performance in the field is the most conspicuous — much to his team's chagrin.

Tovar has played in only six games and has committed two errors, so it's unlikely he'll achieve Allen's freshman report card of 41 errors, most by a player in the majors last season.

Tovar, 24, had pop-up trouble Wednesday night against the Indians. With two out and none on in the first inning, Leon Wagner lofted an easy pop toward second base where the rookie was playing. Tovar dropped the ball, and Cleveland was on its way to three unearned runs.

The Twins' freshman had help, however, in leading the Twins' to only their third defeat in 10 games.

Right-fielder Tony Oliva started the third inning by dropping Dick Howser's fly ball while left-fielder Bob Allison followed shortly after by muffing Max Alvis' fly. The result was another three unearned runs.

In other AL games, Detroit nipped Los Angeles 5-4, Baltimore defeated Washington 6-3 and New York belted Kansas City 5-1.

While the Twins were aiding the Indians defensively, Rocky Colavito was leading the offense, driving in four runs with a three-run homer in the seventh inning and a single in the first. Alvis homered with one on for Cleveland while Jimmie Hall connected twice and Allison once for Minnesota.

Detroit's three-run rally in the seventh inning chased Dean Chance and brought the Tigers a victory over Los Angeles. Chance retired the first two batters before he walked Jim Northrup and gave up a single to Dick McAuliffe.

Morton's Shades Midland In Two

SPEC FRANKLIN

Morton's Foods pitchers Spec Franklin, Cotten Mize and Billy Paul Thomas held the Midland Drillers to six hits and four runs in two exhibition games Wednesday night at City Park. Morton's won both games, 5-0 and 6-4.

The locals breezed in the opener, behind the two hit pitching of Franklin and Mize. Each pitcher gave up one hit, Franklin in the fourth and Mize in the seventh.

Billy Paul Thomas hit a home run in the first-inning for Morton's to start things off. He drove in two runs with Oakey Hagood on base by an error and Joe Sharpnack on base on balls.

The locals got two more runs in the fifth after Hagood blasted a triple. Sharpnack drove him home on a double. Sharpnack advanced to third base on an error and came home on a wild pitch.

In the second game, Thomas went all the way on the hill. Bobby Suggs opened the scoring for Morton's in the second inning following a triple. Jack Blizzard smashed a double to bring Suggs home and tie the ball game.

Thomas scored in the third on errors and then in the fourth inning Allen Simpson and Hagood along with Sharpnack broke the game up. Simpson hit a double and went to third on a wild pitch. Hagood walked and Sharpnack hit a hard triple to score Simpson and Hagood.

In the sixth inning Simpson and Hagood put the game on ice for Morton's. Simpson reached first after being hit by a pitched ball. He proceeded to steal second on a wild pitch. Hagood cracked a triple to right field and came home on a wild pitch to end the scoring.

Hawks To Oppose ACC Frosh Again

Coach Red Lewis and his Jayhawk track team will be in Abilene Friday to meet once again with the Abilene Christian College Wildkittens and possibly Cisco and Ranger Junior Colleges.

Last week the Jayhawks took care of the Wildkittens in short order, allowing them only two first places — in the 100-yard dash and pole vault. However, four of the top ACC performers were not in attendance at the meet here and could cause the Jayhawks trouble Friday.

Missing the meet were Ken Knapp, Randy Samuels, Albert Van Troba and Pat Hubbard. These are boys hard to keep down in their individual events.

Jim Napier is again expected to make a sweep of the shot put, discus and broad jump and last week surprised some by placing third in the 100-yard dash. Napier also runs a leg of the sprint relay team.

Steve Langham, the HCJC quarter-miler, has yet to find rugged competition in the Wildkitten camp. Saturday he finished a full three seconds ahead of his nearest competitor.

Tom Carter and Harley Bynum seem to have the hurdles races sewed up unless the Wildkittens can pull something from the hat. ACC's Hubbard runs the hurdles, but has not been concentrating on them this year. Knapp will probably take the century and 220 for ACC, as the Jayhawks do not have the speed in the sprints.

Astros Sack Up 12-9 Win

HOUSTON (AP)—What's with those Houston Astros?

Sure they have a brand new $31.6 million air-conditioned stadium, complete with a dome.

And they have a new name—they were known as the Colts those first three seasons in the National League.

But the experts said they were still the same team. A finish no higher than ninth in the 10-team league has been generally predicted.

So how are the Astros doing so far?

Well, they won their seventh game in a row by beating the New York Mets 12-9 Wednesday night.

It's the longest winning streak in the National League this season and broke the Astros' previous record of six.

Their nine victories and six defeats put the Houston club in third place, half a game out of first.

The Astros twice came from three runs behind to beat the Mets. They sacked it up with three perfect innings of strikeout relief pitching by Claude Raymond.

The two clubs collected 24 hits and 21 runs and used up 11 pitchers.

A two-run single by Bob Aspromonte capped a four-run sixth inning that carried the Astros to victory. They scored on two bases-loaded walks before Aspromonte wrapped it up.

Nat Fleischer Takes Along Mementoes

NEW YORK (AP) — Nat Fleischer has moved training quarters south, 18 blocks downtown from his old amp in Madison Square Garden. The ring historian is bouncing around flicking jabs at his 78th birthday with only scorn for that kid Casey Stengel.

Fleischer's new spacious office of Ring Magazine and kindred publications is located within a block of the site of the new Madison Square Garden, due to be completed in 1967. But Nat couldn't wait. A young fellow has to look out for the future.

"The worst problem is what to keep," said Nat with the despair of every man whose wife has told him to clean out the attic — or else. "We have more pictures of boxers than any other organization and more complete files."

Fleischer popped from one room to another, brushing past ancient pictures, bronzed boxing gloves, silver ring bells, watches and belts. Belts most of all. Belts, belts and more belts.

Nat dug into a closet and pointed to some packages on the floor.

"There are five more championship belts we haven't given out yet," he said. "When we finish with them, counting Salvatore Burruni, the latest, we will have given out 213 belts. I started way back in 1922 with Jack Dempsey. It's kind of a Ring romance."

Fleischer has been cited by the governments of Italy, France and Thailand among others. But his real choice possession is a gold and silver antique belt dating back to the 39-round draw between John L. Sullivan and Charley Mitchell on the estate of Baron Rothschild at Chantilly, France, in 1888.

"It weighs 17 pounds," said Nat.

LOOKING 'EM OVER

With Tommy Hart

Sports dialogue:

JIM MURRAY, Los Angeles writer:

"When you and I think of a dog, we think of a fur-lined garbage disposal who sheds hair on the family furniture, carries a retinue of fleas wherever he goes and has to be let out in the dead of night. He is colorblind, indifferent to wealth and can't talk—and is therefore greatly loved because he is everything man is not. . . . He sleeps all day til the kids come home and then he is off after them in a cloud of dust, dog fights, barkings and related nuisances. His greatest pleasure is tipping over trash cans or cornering skunks."

APPLING

W. H. (TUBBY) WALTON of Georgia:

"One day at my restaurant, Bird Hope come in for lunch. He was the coach at Fulton High School. 'I got a little boy that kin hit a curve ball,' Bird said. He talked with a little whine. 'Ain't no boy kin hit a curve ball,' I said. 'This one kin,' Bird said. 'Looks a little like a Indian and kin hit a curve ball.' 'Bring him out,' I said. I ast him to bring him out to Tubby Walton's Baseball University, of which I was president and chairman of everything. . . . Our campus was a skinned diamond with a chickenwire backstop. So Bird bring him out. I got this pitcher who was sort of mean. Later got in jail. I tole him to knock this Indian down and then curve him. This mean boy low-bridged him, then that Indian-looking boy hit the next curve ten miles. I tole Bird I'd take him without any further extrance examination. This boy tole me his name was Luke Appling."

JOHNNY WOODEN, basketball coach at UCLA:

"I think free throws in basketball are more mental than anything else."

JIMMY CANNON, New York writer:

"The insurance rates on jai alai players should go up. Hal Reniff, the Yankee relief pitcher, is betting on them. Once at a race track, Reniff denounced a horse that lingered too long at the gate. It dropped dead in the stretch. Another time at a dog race in Miami Beach, he screamed at a whippet that was turned around at the start and ran the wrong way. It collided with the mechanical rabbit and was killed. Recently at a fronton near Fort Lauderdale, Reniff was infuriated by the action of a jai alai player who cost him a bet. 'The way Hal was putting the curse on him,' said Joe DiMaggio, who was with him. I thought he was going to get his first human being.'"

JIMMY OUTLAR, Atlanta scribe:

"An apt description of NBA basketball is wrestling on stilts."

JACK NICKLAUS, Masters golf champion:

"I call the hat I wore in the tournament a Masters Special. It cost me $6.50 in the pro shop, three bucks anywhere else."

BEAR BRYANT, on his football prospects at Alabama:

"We're going to be all right at quarterback, where we have Steve Sloan coming back for his senior year; Wayne Trimble, a junior who played halfback last year; and a good looking sophomore in Kenny Stabler, but we're hurting in the line and in the defensive secondary. We lost 16 starters from last year's team. . . . I saw Joe Namath the other day and his knee is still swollen, bigger than it used to be when he hurt it. He isn't doing as well as I had hoped."

Alous Swing Sizzling Bats

By The Associated Press

Matty Alou of the San Francisco Giants is hitting 2½ times his weight, but that's still four points less than his younger brother.

At 160 pounds the littlest and least conspicuous of the three Alou brothers, Matty lifted his average to .400 Wednesday when he drove in four runs with a double and a bases-loaded triple that powered the Giants to a 9-3 victory over Philadelphia.

It was the second straight game in which Matty had produced the winning run — his ninth-inning homer Tuesday ended the Giants' 14-13 slugfest against the Phillies. He now has hit safely in the nine games he has started while producing the winning hit in four of seven San Francisco victories.

And it's just possible that the 26-year-old Matty will finally step up as the Alou family leader instead of 22-year-old Jesus or 29-year-old Felipe.

Jesus is hitting .404 for the Giants.

Felipe the elder, meanwhile, is currently in the also run category with a .138 average for the Milwaukee Braves.

In other games, three top pitching performances were turned in. St. Louis' Bob Gibson three-hit Milwaukee 5-0 and Pittsburgh's Bob Veale three-hit the Los Angeles Dodgers 2-0. Cincinnati's Joey Jay pitched 7 2-3 innings of no-hit ball but was gone when the Reds finally edged the Chicago Cubs 3-2 in 14 innings.

And the Houston Astros extended the longest winning streak in the majors this season to seven by walloping the New York Mets 12-9.

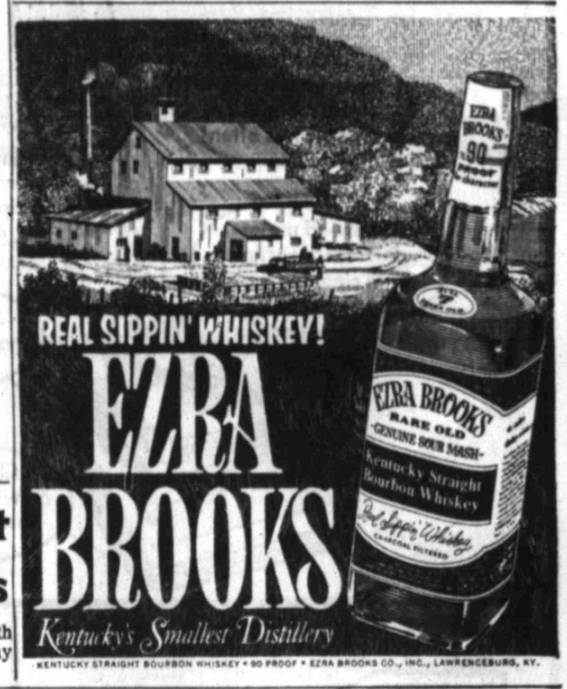

The Giants trailed 3-2 in the fourth when Phillies' starter Ray Culp hit Tom Haller with a pitch, walked Jose Pagan and Harvey Kuenn and then hit Matty Alou's bat with a pitch that was rifled into the right field corner for a triple.

Ron Herbel got the victory with five innings of hitless relief after taking over for Jack Sanford. Sanford allowed only three hits — but two were homers by Johnny Callison and Wes Covington. Willie Mays hit one for San Francisco.

Cooper Defeated By Abilene High

ABILENE — Abilene High threw the District 2-AAAA baseball race in a shambles Wednesday defeating Abilene Cooper, 5-2.

Midland High now is atop the district standings with pre-season favorite Midland Lee and Cooper tied for second. Cooper scored single runs in the first and seventh. Abilene counted in the first, second and fourth innings.

Longhorn Track Team Set To Run In Meet At Hobbs

Coaches R. C. Moore and Cliff Patton will take five members of the Big Spring High School track and field team to Hobbs, N. M., Saturday for the Hobbs Relays, one of the biggest meets held in that state.

The Longhorns will use the cinder show as a final warmup for the State meet, which will be unreeled in Austin May 7-8.

Making the trip with the mentors will be Johnny Hughes, Joe Jaure, Rickey Earle, Kirby Hodnett and Marvin Hall.

The meet gets under way at 12 noon, Big Spring time. Finals are scheduled in the late afternoon and early evening.

Hughes will run in the low hurdles, 100-yard dash and on the 440-yard relay team. Jaure will compete in both sprints and on the relay team.

Earle is an entry in the low hurdles. Hodnett is in both sprints and on the sprint relay quartet.

Sgt. Buckle Is Honored

T. Sgt. Jackson L. Buckle, formerly at Webb AFB and now with the Air Force on assignment in Viet Nam, was one of four non - commissioned men cited for giving aid to a severely injured Vietnamese child.

The technicians were making a radio frequency check in the Lake Bein Ho area near Pleiku when they noticed two Vietnamese children sitting to the side of a road near a 40-foot embankment. One of the youngsters appeared to be in great pain, so the USAF NCOs turned their vehicle around and discovered the young boy was in a state of shock after falling off the embankment. He had a compound fracture of the left leg and was bleeding badly. The airmen applied a constrictive bandage above the wound, prepared the youngster for moving, treated him for shock and got him to the general hospital in Pleiku. The Vietnamese doctor attending the boy at the hospital said the airman likely saved the lad's life.

Sgt. Buckle, who had previously been commended for exceptional work, received the AF commendation medal recently.

Mrs. Buckle and their five children — Mingh, Neysa, John, Roger and Melody—reside here at 3703 Connally while he is overseas.

Singing Slated

The regular quarterly singing will be held Sunday at 2 p.m. in the Nazarene church here, with quartets expected from Loraine and Sweetwater. All interested residents are invited to attend and participate.

Davis To Draw Pact For Use Of Airport

Howard County commissioners Thursday asked the county attorney to draw a contract for the use of the Howard County Airport and its new hangar office building by the Central American Airways Flying Service.

The contract will be considered Monday, if it is ready, or on next Thursday if Dee Jon Davis, county attorney, has not completed it earlier.

The contract would give the Central American Airways use of the new hangar-office building at the airport and other facilities of the port for the operation of the new Air Force T-41A light plane training program.

The contract will propose the company repay the county for a new building it is erecting on the airport at the rate of 15 per cent of the original estimated $25,000 cost of the structure plus interest at 3 to 3.5 per cent. The contract further provides that the company pay the county two cents a gallon for all gasoline used in the training program and 10 cents a gallon on all oil consumed. The leasee is to pay all utility bills.

The hangar being built will cost $32,000 but the lease will be based on the terms of a letter sent by the Big Spring Chamber of Commerce to prospective bidders for the training program. At that time, the maximum expenditure the county proposed for the hangar had been pegged at $25,000.

Clyde McMahon, member of the chamber of commerce aviation committee, and Carroll Davidson, chamber manager, were at the meeting today.

Davidson said that a representative of the Central America Airways was in town Tuesday, but said he could not wait to meet with the commissioners due to other commitments. He asked that Davidson appear for him and negotiate the contract for the use of the airport.

It was shown that the proposed contract would bring in about $175 per month. McMahon estimated the operation would use about 100,000 gallons of gas a year plus from 500 to 600 gallons of oil.

Open House For Resco

John L. Sullivan, owner-manager of Resco Refrigeration Service, 308 S. Benton, has announced open house in his remodeled and enlarged building for Friday and Saturday. Hours will be from 8 a.m. to 5 p.m. each day, with coffee and donuts served to adults. The building has been enlarged to include a display room for various lines of home and commercial units.

"We are primarily a service company," Sullivan said, "but have all kinds of commercial equipment available within a reasonable length of time. We do our own layouts and designs from architect's or builder's drawings for any type installation. We have three men and three service trucks running for small or large jobs, and have three night telephone numbers if needed: AM 3-3009, AM 3-4412, and AM 3-4556."

Resco is dealer for Friedrich and Day & Night refrigerated units as well as Essick evaporative units; window and central units and systems; cafe and store units, for display and ice making; restaurant and cafe equipment and supplies, such as dishes and silverware.

LETTER

Opposes Right To Work Law

To the Editor:

I am writing in regard to the many articles concerning the right-to-work law, that have appeared in our area newspapers. This law has been grossly misrepresented.

Even with this law repealed there would still be no compulsory unionism under the Taft-Hartley Act. Although these people who do not belong would then have to pay dues, if both the employer and the union agreed, which isn't unfair, as the union is now forced by law to represent all workers in a plant whether or not they are members of the union. I don't think anyone would want a utility company who is required by law to serve all the people to be required by another law to give its services free to the people who do not choose to pay for this service. I think if you check when this right-to-work law was passed the workers' rights were not discussed. Only how much industry this law would attract to the state of Texas, by low wages and how it would keep the unions weak, which hasn't worked; but to the contrary has branded us as a backward state. Instead of reaping rewards based on our skilled people and natural resources, our whole state has suffered because our workers' wages were kept low and our natural resources depleted by out of state corporations.

Again I think the wording of this bill should be changed from the right-to-work law to read the right-to-freeload law.

Sincerely yours,
JIM BOB ROBERTS

You are hereby commanded to appear by filing a written answer to Plaintiff's Original Petition at or before 10:00 o'clock a.m. of the first Monday after the expiration of forty-two (42) days from the date of the issuance of this Citation, same being the 7th day of June, A.D. 1965, at or before 10:00 o'clock a.m. before the Honorable District Court of Howard County, Texas, at the Courthouse of said County in Big Spring, Texas.

Said Plaintiff's Original Petition was filed in said Court on the 21st day of April, A.D. 1965, in this Cause No. 15,813 on the docket of said Court and styled B. O. BROWN vs. UNKNOWN HEIRS OF J. P. BROWN, DECEASED, ET AL.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff is suing in trespass to try title and for title possession of the following described tract of land:

North 240 acres of the East 480 acres of Section No. 33, Block No. 27, H&TC Ry. Co. Surveys, Howard County, Texas.

Plaintiff is further alleging that he holds the title and possession of the above described land and premises under and by virtue of the three (3), five (5), ten (10), and twenty-five (25) year statutes of limitation, using, enjoying, and claiming same adverse to all persons, and having peaceable and adverse and exclusive possession thereof for the required period of time under each and all of the three (3), five (5), ten (10), and twenty-five (25) year statutes of limitation, to recover the title and possession of said land from Defendants.

If this citation is not served within ninety (90) days after the date of this issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

ISSUED AND GIVEN UNDER MY HAND AND THE SEAL OF SAID COURT, at office in Big Spring, Texas, on this 21st day of April, A.D. 1965.

ATTEST:
M. FERN COX, District Clerk,
Howard County, Texas
BY: JO BARBEE, Deputy.

DEAR ABBY

The Time To Be 'Boss'

DEAR ABBY: We have three daughters, 11, 15 and 17, who can't wait until they reach the age when they will be their "own boss." In your opinion is there such an age? I believe you once said there was not, and you listed a few accomplishments a girl had to achieve before she could be her own "boss." I would appreciate your reviewing that list. A MOTHER

DEAR MOTHER: In order to be one's own boss (in my opinion) a girl must be able to leave her parents' home, pay for her own clothing, insurance and medical and dental care, and pay for the continuance of her own education, transportation and recreation. Then she has the privilege of choosing her own company, making her own decisions and being her own "boss."

* * *

DEAR ABBY: In your column you stated that the widow who removed her wedding ring is thereby telling the world that she is "looking." I cannot speak for other widows but, in my case, nothing could be further from the truth. When my husband died a year ago, after 30 years of happiness, I placed MY wedding ring on HIS finger as a token of my undying love for him. My wedding ring had never been removed from the time he placed it on my finger during our wedding ceremony. We are both of Irish descent, and it is an old Irish custom. It has been observed by all the women in both our families as far back as we can remember. And there is no record of any woman in either family having remarried. Personally, I could no more marry again than I could have been unfaithful to him while he was still living. And I know many ringless widows who share my feeling. Furthermore, I resent such sweeping generalities. RINGLESS BUT NOT LOOKING

DEAR RINGLESS: No offense intended. I should have used the word "available." You are not, but other widows without rings possibly are. Thank you for your enlightening letter.

* * *

DEAR ABBY: Thank you for telling that mother whose 23-year-old son wanted to marry a 33-year-old widow that the marriage could work. If that "older" woman loves her 23-year-old husband half as much as I love MY husband, the mother should be grateful. My husband is 20 and I am 31. We've been married 10 months and my young husband has taught me more about living and being a mature woman, wife and mother, than anyone in my life. He proudly refers to his 12-year-old stepson as "my son." The children adore him and I worship him. He has done more for us than either of my two former husbands. (You see, I was no prize package.) I would go to the ends of the earth and back again for this man.

PROUD TO BE HIS WIFE

DEAR PROUD: Congratulations but, in my book, you are still on your honeymoon. If, after 10 YEARS, you can write the above letter, I would, say you had it made. It's not difficult to understand why a twice-married divorcee with three children would worship a young man who would marry her and adopt her children. Be good to him. He's one in a million.

Airport Friends Voice New Hope

DALLAS (AP) — Dallas officials expressed renewed hope that Love Field will be saved, after Najeeb Halaby, who is stepping down as administrator of the federal aviation agency, said it would take a decade to establish a good regional airport.

"We coincide with that view 100 per cent," said Robert Collum, a negotiator in the recent Washington airport talks, "and this has been a major stumbling block in the solution of our problem."

Anti-Tunisian Attack Made On Embassy

CAIRO (AP) — Denouncing President Habib Boarguia of Tunisia as a "Zionist" and "son of a dog," several hundred students attacked the Tunisian Embassy Wednesday and set it afire.

The fire on the ground floor was quickly extinguished and the students were dispersed by police with tear gas after a battle.

The demonstrators were protesting an attack Tuesday on the United Arab Republic's Embassy in Tunis and Bourguiba's recent proposals for a peaceful settlement of the Arab-Israel dispute. The Tunis demonstration was a protest to previous anti-Tunisian demonstrations in Middle East capitals.

Most of the demonstrators were Palestinian students although there was a sprinkling of Egyptian youths.

Several thousand other demonstrators shouted anti-Bourguiba slogans outside the Arab League headquarters, where Tunisian Ambassador Mohammed Badra was meeting with the Arab League secretary-general, Abdel Khaleh Hassouna.

In Madrid, Spain, a group of about 20 Arabs, identified as students in Madrid, attacked the Tunisian Embassy, apparently in protest over Bourguiba's attitude toward Israel.

BIG SPRING DAILY HERALD

Sec. B Big Spring, Texas, Thurs., April 29, 1965 Sec. B

Advances Made In Cancer Fight

(EDITOR'S NOTE: Dr. Alfred M. Popma, the American Cancer Society's president in 1954, has written this explanation of the role of radiology in diagnosing cancer and in treating it. Dr. Popma is head of the Department of Radiology at St. Luke's Hospital, Boise, Idaho. It is the fourth article in a series of six.)

By ALFRED M. POPMA, M.D.

During the past two decades many advances have been made in the field of radiology which have been of great benefit in the control of cancer. These advances are reflected both in diagnostic and in treatment procedures.

The development of new technics in the X-ray examination of patients, as well as the refinement of old and established methods, have combined to make case finding more accurate.

BETTER EQUIPMENT

Better equipment has made possible the conduct of examinations and procedures which were not possible two decades ago.

The utilization of the X-ray for the early detection of cancer in the female breast has, during the past five years, become an almost standardized procedure in most hospitals and clinics, as well as many physician's offices.

The use of new contrast material to visualize organs deep within the body has opened up many new avenues for X-ray exploration in areas hitherto inaccesible to accurate and meaningful X-ray studies.

DR. ALFRED M. POPMA

TREATMENT

In the treatment of cancer, various forms of radiant energy, such as X-rays, radium, cobalt and other radioactive isotopes have been developed to a very high degree.

New equipment and the refinement of technics now offer to cancer patients more opportunities for the cure of their disease, as well of relief of symptoms and prolongation of life.

The outstanding accomplishments in the past 20 years have been in the fields of radioactive isotopes and supervoltage irradiation. Since many patients referred for these methods have advanced or incurable cancer, no spectacular group of cures can be cited but in many patients worthwhile palliation has been obtained.

RADIOTHERAPY

The development of the specialty of radiotherapy under the direction of radiologists primarily interested in the treatment of cancer has elevated the standards of treatment and brought about increased patient care and improvement in methods.

Basic and continuing education programs help make professional and technical personnel ever more proficient in this therapeutic field, as well as in the diagnostic aspects.

The vast amount of basic and clinical research being conducted today is indicative of new methods, tecnics and equipment which will become available in the near future.

While the hope of all is for the discovery of a single cause, and subsequently a simple curative agent or effective preventive, the daily problem is still the many patients who present themselves to their physicians for treatment.

For many of these, radiation therapy is still the treatment of choice. Dedicated radiologists are continuing to attack these problems, and at the same time evolving new and better methods of using their skills.

Investment Club Vital To Office

By CARROLL ARIMOND

CHICAGO (AP) — An office without an investment club is like a home without a hearth.

Our office has one and, from the viewpoint of this nonmember, the changes it has wrought are awesome. Fellows who used to worry only about the White Sox now are concerned with White Motors. Some who had trouble getting enough scratch together to pay the monthly light bill are strong for utilities. One, who never has been on a train in his life, wants to convert some of the chemicals to rails.

Meetings of the club rotate from home to home. In this respect the club replaces the social groups of the 1930s, those potluck buffet affairs where couples got together for penny ante poker and, if lucky, the big winners went home with an extra 80 cents.

Investment clubs pool their resources in order to make stock market plunges. At the meetings they discuss stocks or hear lectures on the market from authorities — or from each other.

Often the clubs are sponsored by brokerage firms, which, of course, have an interest in promoting securities trading.

When our office club was being organized, one of the promoters invited me to join.

"I am paying tuition to three schools, a university and two high schools," I said. "One has to have non-earmarked money to be in your club.

"Tell you what I'll do though, I'll tout you just like the boys do at Arlington Park. I'll give you a good one now and then, and you members can cut me into your pot."

The club promoter didn't care much for the idea, but did not close the door on it. "What do you suggest we buy?" he asked.

"Not so fast," I replied. "I have to study this thing out; besides, why do you assume 'buy'? I may recommend 'sell'."

A BROKER

One of my neighbors works full time as a broker. Occasionally we meet on the commuter train and talk markets. He is very glib with me because he knows I have nothing with which to win or lose.

A few days later I sought out the club promoter at the water fountain. "I have one for you," I said, naming an issue.

In a flash he had the markets section of the newspaper out of his hip pocket and was scanning the stock lists. The issue was selling at 30⅛.

"Why?" the promoter challenged. "What's the price-earnings ratio? What's the growth potential? Is the yield adequate and the dividend well protected? Has management budged sufficiently for product research?"

"Wait a minute," I cut him off. "When someone gives you a horse at Arlington, do you start right in asking the horse's blood pressure, size of his shoes, whether the jockey has a high school diploma, et cetera?

"Of course you don't, you just take it or leave it. I'm giving you one and you can take it or leave it."

He left it and walked away. We never have talked market again.

The stock closed the other day at $67.75 a share.

Russian Sees War Menace

MOSCOW (AP) — Soviet Marshal Ivan Konev warned today that Western "provocations" may "at any moment trigger off a military conflict and hurl mankind into the abyss of another world war."

"The flames of war fanned by the imperialists in Viet Nam are threatening to spread to other areas, thereby creating tension all over the world," Konev said.

"The Soviet Union cannot remain indifferent to the destiny of the fraternal Vietnamese people."

Konev spoke of the strength and hitting-power of the Soviet Union's strategic missile forces.

"The main lesson of World War II is that military ventures of the imperialist forces against socialism inevitably lead to the complete rout of the aggressor," he said.

The Soviet marshal also hit out against the arming of West Germany with nuclear weapons.

Secret Talks Held On Airport Matter

DALLAS (AP) — Representatives from Dallas and Fort Worth held a lengthy conference about a North Texas regional airport Wednesday. After the meeting one of the negotiators said they had been directed not to disclose anything that was discussed.

Woman Executive To Be Banquet Speaker

Mrs. Jackie Greer, assistant vice president of the Fannin Bank, Houston, will be the principal speaker at the annual membership and installation banquet of the Big Spring Chapter of the American Institute of Banking. The affair will be at 7 p.m. Saturday at Cosden Country Club.

Serving on the banquet committee are Mrs. Bernard Rains, Mrs. Ivanell Marr, Miss Selma Roberts, Dick Ream, Travis Waller and Charles Dunnam.

Mrs. Greer is past president of the Houston chapter, having been the first woman in Houston to hold this position and was the first woman to serve as associate councilman for A.I.B. in the southeastern part of Texas. She held this office from 1948 to 1950 and was instrumental in forming chapters in Beaumont and Galveston and a study group in Port Arthur during this time.

Mrs. Greer started her banking career in 1933 at the Guardian Trust Company, and in 1936 went to the San Jacinto National Bank where she stayed until 1939. She left banking for several years but started a new career in the field in 1943 at the First National Bank of Houston. She was appointed counselor to women in 1944 and personnel director in 1945. In 1947 she was made assistant cashier, and two years later was given the title of assistant vice president and personnel director which she held until 1957.

In 1957, Mrs. Greer again left banking to become a clinical manager in Houston and held this position for five years. She returned to banking in 1962 at the Fannin Bank where she is now assistant vice president and serves in both the business development department for both commercial banking and trust.

She is listed in "Who's Who in Women of America" and the "Register of Texas Women of Distinction." Mrs. Greer is a member of the speaker's bureau of the Houston Chamber of Commerce and chairman of the salary administration committee of the Metropolitan YMCA program.

Mrs. Greer was given one of the most coveted awards that can be bestowed on a career woman, the Matrix Award of the Theta Sigma Phi for outstanding work in the professions.

Award Set For Local Gardeners

The Big Spring Garden Council is to receive an award at the El Paso state convention. Mrs. D. S. Riley made the announcement during the Wednesday morning council meeting at Cosden Country Club.

In other business discussions, Mrs. J. F. Wheat gave a financial report on Saturday's flower show and asked that all bills and excess tickets be turned in to her.

It was noted that all members who receive mail of any sort from national organizations must forward their zip code number to the senders.

Members were also asked to contact their senators to encourage the passage of Bill No. 721. This is a measure to create a national park of the Halibates Quarry at Amarillo. The quarry is the only one of its kind in the Western Hemisphere and was once used as a source of arrowhead flint by Plains Indians.

Further plans for the May 9 garden pilgrimage were discussed. Tea will be served in the J. F. Wheat home, and each club is responsible for ten dozen cookies. Gardens to be toured are those of Mr. and Mrs. H. G. Keaton, Mr. and Mrs. R. L. Beal, Mr. and Mrs. J. W. Garrison, Mr. and Mrs. Jimmy Moorehead, Dr. and Mrs. Cal Guilliams, Mr. and Mrs. Dale Smith and Mr. and Mrs. J. F. Wheat.

The next meeting will be May 26 for the election of officers.

The Truth About WIGS by Bette B.

The majority of husbands today, are in favor of their wives having wigs. However, there are still a few die hards who object to women wearing anything false, which they claim a wig is. "What about bras, girdles, facial make up and hats, Mr. Husband?"

Today's fashion quality wig is not false. It is made of the finest human hair available. A quality wig is cool, comfortable, feels secure, is well ventilated and acts as a protective covering for your natural hair. Women who wear a wig day in and day out, discover that their own hair grows out more beautiful and lustrous than ever.

A well ventilated wig keeps the wearer's head cooler in the summer time rather than hotter as one might believe. They also save countless hours and agony under hot dryers, on the average of 120 hours per year. With our easy payment plan, women are saving enough each month to take care of the full payment on their wig.

Phone or drop in at Bette B. Wig Clinic, 1704 Gregg, AM 3-6411. adv.

Rebekahs Plan Tea

Plans for a May 8 tasting tea were made at the Tuesday evening meeting of the John A. Kee Rebekah Lodge, Mrs. Odell Buchanan presided.

Members who attended the Rebekah assembly in Odessa were Mr. and Mrs. H. F. Jarrett, Mrs. LaVerne Rogers, Mrs. T. F. Horton, Mrs. Garland Land, Mrs. Ted Brown, Mrs. Bill Rayburn, Mrs. Alton Allen, and Mrs. Jim Ferguson.

The 21 members present made reports of their weekly sick visits.

Rebekahs Hear State Officer

STANTON (SC) — Mrs. Lee O'Dell, president of Rebekah Assemblies of Texas, presented her yearly program at a Tuesday night Odessa banquet.

Mrs. O'Dell suggested that the district lodge members accent their activities for special charities in the forthcoming year. She also asked that the new song for all Texas lodges become "Count Your Blessings."

Members from Lodge 287 attending the district dinner were Mrs. Granville Graves, noble grand; Mrs. John Wilkes, deputy; Mrs. Fannie Graves, Mrs. C. E. Christopher, Miss Sammye Laws and Mrs. Walter Graves.

Plans Announced For Bible School

Plans for vacation Bible school in Midland were announced in the Tuesday morning meeting of the Esther Circle of Kentwood Methodist Church. Several members plan to attend.

Mrs. Don Campbell reported on a gift of fruit and flowers to Mrs. J. F. Horner at the Bennett House.

Mrs. Noel Stulle provided refreshments, and Mrs. C. W. Parmenter gave a program on prayer with all members participating in the discussion.

The next meeting will be at Mrs. Henry Parmenter's home May 3.

JOHN R. HARLEY

Viet Nam Involvement Explored By Speaker

"Involvement in Viet Nam" was the topic of John R. Harley, guest speaker for the Tuesday evening meeting of the Business and Professional Women's Club. Thirty members attended the meeting, in the patio Room of the Holiday Inn, to hear the first of a series of programs on world affairs.

Harley, an instructor at Howard County Junior College, said that the ideological struggle now taking place in the Asiatic countries is personified by the conflict in Viet Nam. He explained that Viet Nam is a bonafied effort to halt acts of aggression caused by Marxian forms of government.

To underline the seriousness of Viet Nam, Harley asked, "Do we want democratic countries, such as India, or communist countries, such as Red China, to win the struggle in Asia?"

Mrs. Bert Affleck, president, conducted the meeting and introduced Mrs. Otis Jamerson, Mrs. Wendell Stasey, Mrs. Elaine Clark, Mrs. Sybil Head, Mrs. Tom Richardson, and Mrs. John R. Harley as guests of the club.

A hemispherical theme was carried out by Mrs. M. A. Webb, chairman of the world affairs committee. The table was decorated with a world globe pinned with small flags from various countries and with multi-colored flowers. The special menu included foods representative of nine different nations.

The club was reminded that the Legal Equal Rights for Women Bill was before the Texas legislators and members were asked to contact their state representatives in favor of the measure.

The next meeting will be May 11 at Holiday Inn. This will be a business meeting to hear the officer nominating committee and to make convention plans.

New Slate Selected At Party

The monthly party for members of the Homemakers Class of the First Christian Church was held Tuesday afternoon in the home of Mrs. J. T. Allen, 114 Lincoln. Mrs. J. R. Creath was cohostess, and Mrs. J. D. Benson presided for an election of officers.

The new slate includes Mrs. Benson, teacher; Mrs. O. G. Burns, assistant teacher; Mrs. Angy Glenn, president; Mrs. Tom Rosson, vice president; Mrs. Earl Wilson, treasurer; Mrs. Harry Lees, secretary; Mrs. M. C. Lawrence, reporter; and Mrs. Dow Keith, card chairman.

During the social hour, Mrs. Creath directed the mental exercise games.

Twelve members and a visitor, Miss Lucille Berry, were served refreshments from a table centered with an arrangement of pink roses.

Stanton Sorority Plans Banquet

STANTON (SC)—Helen Thrailkill of Xi Epsilon Delta chapter will serve as chairman of the 34th anniversary of the Beta Sigma Phi Founders Day Banquet to be held Friday evening at 8 p.m. at Cosden Country Club, Big Spring.

The toastmistress will be Mrs. Tullray Louder. Other members who will have a part on the program will be Bert Schwalbe, Mrs. Lewis Roten, Jean Koonce, and Nona Beth Cain. Mrs. Glenn L. Brown will present a special message from the sorority's founder.

Mrs. Judy Collins, Big Spring, will be a guest and present a special program.

Officers Assume Church Duties

Newly elected officers assumed duties at the Tuesday afternoon meeting of the Homemakers Sunday school class of Westside Baptist Church. Mrs. Waymon Lepard, class teacher, was hostess.

The new officers are Mrs. James Kinman, president; Mrs. Tommy Vernon, vice president; Mrs. Donald Ray, secretary; Mrs. Jack Johnson, treasurer; Mrs. Rayford Harrison, reporter; and Mrs. Ernest Lee, social chairman. Group leaders will be Mrs. Henry Yother, Mrs. Jimmy Murphy, Mrs. Monroe Sundy and Mrs. Shirley Bayes.

Prayers were given by Mrs. Jack Johnson and Mrs. Yother.

The next meeting will be in the home of Mrs. Sundy May 25.

Spring Styling Memory Lingers

The Paris spring fashion collections are long since shown, but their memory lingers on — in the young mobile and feminine look.

Necklines for the most part were clean and pure with many collarless costumes or costumes with small collars rolled away from the neck. Shoulders showed a broadening trend with sleeves set in.

Fun Night Scheduled For May

The presiding officers of the Immaculate Heart of Mary Altar Society were re-elected at a Tuesday evening meeting in the parish hall. Mrs. E. W. Brewer presided for the election, and Mrs. J. E. Engel and Mrs. C. C. Choate will plan the installation dinner scheduled May 25.

It was reported that Mrs. R. L. Anderson and Mrs. Harry Woodley represented the society in serving refreshments at the Veteran's Administration Hospital Friday.

Mrs. T. K. Newell will be chairman for the family fun night May 9. The event is open to the public.

Mrs. W. V. Keenan was introduced as a new member, and others were reminded that Mrs. T. E. O'Keefe would be honored on her birthday with a special mass.

Tuesday Winners In Bridge Play

Seven and a half tables were in play Tuesday during Master Point duplicate games at Big Spring Country Club. Winners were Mrs. W. K. Edwards and Mrs. R. N. Greenhaw, first; Mrs. Elmo Wasson and Mrs. James Duncan, second; Mrs. Jack Irons and Mrs. Malcolm Patterson, third; Mrs. Wally Slate and Mrs. J. D. Robertson, fourth; and Mrs. J. Gordon Bristow and Mrs. A. Swartz, fifth.

Rebels Review State Meeting

Activities from the state convention were heard in the Tuesday night session of the Tops Pound Rebels Club. Each of the local delegates to the April 23-24 Dallas gathering presented their resumes of the special events.

Mrs. J. H. Talton reported on "Fun Night." She described several skits that were given on the perils of weight losing. This was followed by a "big" dress parade made up of ladies who had lost 50 pounds or more. There was also a beauty contest for the women who had lost 50 pounds or more. She also noted that Mrs. Walter Goodwin of Big Spring received applause when she revealed that her secret formula had resulted in the loss of 75 pounds.

Mrs. Goodwin made her report on the convention business session. She said that 900 members attended and reported a 1964 State of Texas loss of 19,470 pounds. Mrs. Goodwin also announced that the organization was made up of 3,795 chapters with a 100,000 membership.

Mrs. Alma George talked on the king and queen coronation ceremony. Dr. Morry Selik, Houston, was declared king with a loss of 42 pounds, and Mrs. Eula Lawrence, Mesquite, was queen. She had lost 119½ pounds. Each club also introduced a member as their queen of weight losers.

Mrs. Al Scott reported on the "Stairway to Happiness" banquet held in the Terrace Room of the Baker Hotel. She noted that each club had colorful banners above their tables and that the king and queen made speeches of encouragement.

The club also had a surprise stork shower for Mrs. E. G. Runstrom.

The Tops Pound Rebels is open for membership and interested parties may call AM 3-4450. The next meeting will be in the conference room of the Chamber of Commerce May 4.

STOP IN EGYPT

Tall Talkers Continue Verbal Tour Of World

Egypt was the scheduled stop Tuesday evening as the Tall Talkers Toastmistress Club continued it's verbal tour around the world. Following the invocation by Mrs. R. C. Shaver, the table topics were introduced by Mrs. R. S. Freidman, and favorite books were discussed in observance of National Library Week.

In keeping with the theme of the program, Mrs. Grant Boardman, a guest, gave an impromptu speech on Egypt which she has visited in the past.

Mrs. Lewis Vale, toastmistress, introduced Mrs. D. M. Costlow who gave her ice-breaker speech, "To School With Dad." The second speaker was Mrs. James Brooks who's talk, "Food For the Soul," concerned poetry.

Valuaters were Mrs. Freidman and Mrs. Eugene Sieja, and the general valuater was Mrs. Robert Bateman.

The women met in the officer's Open Mess at Webb AFB where guests were Mrs. Boardman, Mrs. M. A. Porter, Mrs. Lila Aikey of Akron, Ohio, and Lt. Judith Ohr.

HINTS FROM HELOISE

Time Arrives For Pretty Weddings

Dear brides and mothers of brides:

With all the June weddings coming up soon, we have been asked again for something that might be different for a wedding:

Well, why not tint some rice to shower the bride and groom after the wedding?

Or, when wrapped in a piece of nylon net to match your color scheme, the tinted rice is also a wonderful favor at a bridal shower.

I suggest buying at least three boxes of REGULAR rice (NOT pre-cooked). If you don't use it all, you can always cook it and eat it later.)

Pour a half cup of cold water in a bowl and add a few drops or so of food coloring (until the desired shade is attained), then Heloise pour two cups of the uncooked rice into this mixture and immediately stir, stir, and stir with a spoon. (If the rice is too dark, add MORE rice at once and stir some more).

Now . . . pour the rice on folded newspapers (this will absorb the moisture) and spread it out with your spoon.

Every 30 minutes or so, stir the rice again (takes about three or four times) until it is COMPLETELY dry.

Make more than one shade and color in separate batches. Try pink, blue, yellow and a mixture of colors.

After these three or four mounds of rice are dry (each will be a different shade), mix them all together and add lots of white rice to those delicate little seeds of good wishes.

Oh, it's absolutely beautiful.

At my son's wedding last year, we gave each guest a little bag of this rice as they entered the church, and they loved it.

The thought each guest enjoyed the most (I guess), is that each had individually participated when the bride and groom departed.

Recently, one friend of mine packed a few tablespoons of this tinted rice in little pink net squares, tied them with pretty ribbon and stacked these around the centerpiece at a shower. Lovely.

Keepsakes are wonderful, aren't they?

And happy wedding to those of you who are embarking on the sea of matrimony this June! Keep those stars in your eyes . . . they are lovely . . . Heloise

• • •

Dear Heloise:

I wonder if you'll consider this a "Letter of Laughter?"

I wear eye glasses all day and find that they expand from the heat in the summer.

So . . . before going to bed at night, I place my glasses in the refrigerator, and they fit fine all the next day . . . No. 11

• • •

Dear Heloise:

I have some attractive terry cloth guest towels and wash cloths which I use for place mats and napkins when we have a casual company dinner.

For outdoor barbecues (with messy finger-foods), I wring out a set of "napkins" in very hot water, carry them out on a tray and let each guest use one.

I call them my "outdoor fingerbowls" . . . Reader

Dear Heloise:

I keep a stainless steel iced tea spoon in my "handy" drawer. It will get into the corners of pans, jars, ice cream cartons, etc., better than anything else I have found . . . Wichita

Cong. Mahon Protests Change In Cotton Rules

WASHINGTON — A strong protest against a proposed change in the skip-row planting method for cotton has been registered by Congressman George Mahon of the 19th Texas District.

The U. S. Department of Agriculture has set forth a change in rules for measuring cotton when planted in a skip-row pattern for compliance with acreage allotments. The change, if adopted, would become effective for the 1966 cotton crop.

Mahon has advised the Secretary of Agriculture that the change would be disastrous to some dryland farmers and hurtful to all.

He has asked the Chairman of the House Committee on Agriculture to conduct an open hearing to enable farmers and farm organizations to air their views on the proposed change. He is ready to join farmers before the committee.

Mahon further suggested that cotton farmers and farm organizations make their views known to the USDA by addressing communications to the Director, Farmer Programs Division, ASCS, Department of Agriculture, Washington, D. C., 20250.

The congressman has advised all ASC offices in his district of the situation.

The Department of Agriculture's proposal would reduce by 30 per cent the advantage which the present program grants to producers who plant two rows of cotton and skip one, or who plant two and skip two.

The skip-row area actually becomes idle land, but under the USDA proposal, this would be considered cotton acreage for allotment purposes.

Pampa Pair Dies As Plane Crashes

PAMPA, Tex. (AP)— Homer Schearer, about 27, and Miss Gerry Heiskell, 23, both of Pampa, were killed Wednesday night as a light plane crashed 4 miles southwest of here near U.S. 60. Witnesses said the craft flipped over and nosedived for no apparent reason.

Leathernecks, Viet Cong Clashing Daily

DA NANG, South Viet Nam (AP) — How are U.S. Marines reacting to South Viet Nam, the Viet Cong and the first ground combat with an enemy since the Korean War?

The Reconnaissance Company of the 3rd Marine Regiment has been bearing the brunt of patrol work deep into Viet Cong territory in the past week. Two men were killed and seven wounded in clashes with the enemy.

"I've never sweated so much in my life. This is the hottest country in the world," said M. Sgt. H. W. Rogers of Allen Park, Mich., a World War II veteran.

DAILY CLASHES

"Before we came here, I thought that enemy contacts would be few and far between. But now that we are in Viet Nam I find that we are clashing with them every day," said Lt. William Van Kat, a platoon leader from East Paterson, N.J.

About the Vietnamese people:

"The peasants out in the villages have amazing endurance. We saw a woman running through a village we were attacking with intensive ground fire the other day. We arrived inside and she hadn't even been hit, but man was she scared," said Lt. Carmine del Grossi of the Bronx, N.Y.

"We can already tell when we reach the enemy territory. In their villages there are no men. The women and kids appear to hate us. You can feel it. But in the friendly territory people take our candy, salute, smile and wave," said Capt. Pat Collins of Grosse Ile, Mich., the company commander and a veteran of the Korean War.

About Vietnamese soldiers:

"Ones we are working with are green infantrymen and they appear hesitant," said Capt. Collins. "They need better leadership and we can give it to them by working with them in four-man teams of two Marines and two Vietnamese. We did this in Nationalist China and in Thailand. This way we can show by example."

HAVE ENDURANCE

"They've got terrifying endurance and they are always smiling — well-led, they'll be good," said S. Sgt. Albert Kihlstrom of Worcester, Mass.

About the Viet Cong:

"I think they have been built up as supermen but they are just a bunch of bandits," said Lt. del Grossi.

The U.S. Marines:

"All their basic training is coming out now, their reaction is something to look at. Give them a signal and they will take off. There is no hesitancy at all on their part. The other day they charged into a machine-gun nest. They don't need any coaxing," said del Grossi.

"Morale is starting to lift now that we are getting some combat, doing what we were trained to do. There are no disciplinary problems," said Collins.

Dancer Bill Tossed Around

AUSTIN (AP)—The bill concerned women dancers, only partly clad, and House committeemen tossed it around quite a bit Wednesday.

They also approved the measure, which would repeal a law preventing women dancers from traveling from place to place for exhibitions.

"We're talking about females disrobing, aren't we?" asked Rep. Tommy Shannon of Fort Worth.

"Yes, to some extent, such as you've seen at the Caravan," replied Rep. Jim Nugent of Kerrville, naming a local supper club.

TENT SHOWS

Rep. Dudley Mann of El Paso, chairman of the House Criminal Jurisprudence Committee, said the current law was drawn to regulate dancing girls in tent shows that traveled around the country.

It later was amended to include modern dances, with certain exceptions such as regular organized shows and theatrical troupes performing in opera houses and theaters.

Penalties for breaking the law range up to $500 fine and one year in jail.

"What we're doing is doing away with a statute that prohibits naked women dancers," said Shannon.

ILLEGAL INDOORS?

"You might say that," answered Nugent.

...All Expenses To Be Paid, Too

HARRISBURG, Pa. (AP) — Herbert E. Harrison, who lives in Middletown, Pa., 10 miles from the state capital, won first prize when he submitted the winning name for a new state office building.

His prize is an all-expense-paid trip to the capital.

Personal Income Climbs In Texas

Personal income estimates advanced to new high for the State of Texas in 1964. A rise of $1,260 millions of dollars for a total of $22,611 million is noted in estimates published in the April, 1965, issue of the Survey of Current Business, according to Harry C. Meyers, director, of the U. S. Department of Commerce, Dallas Field Office.

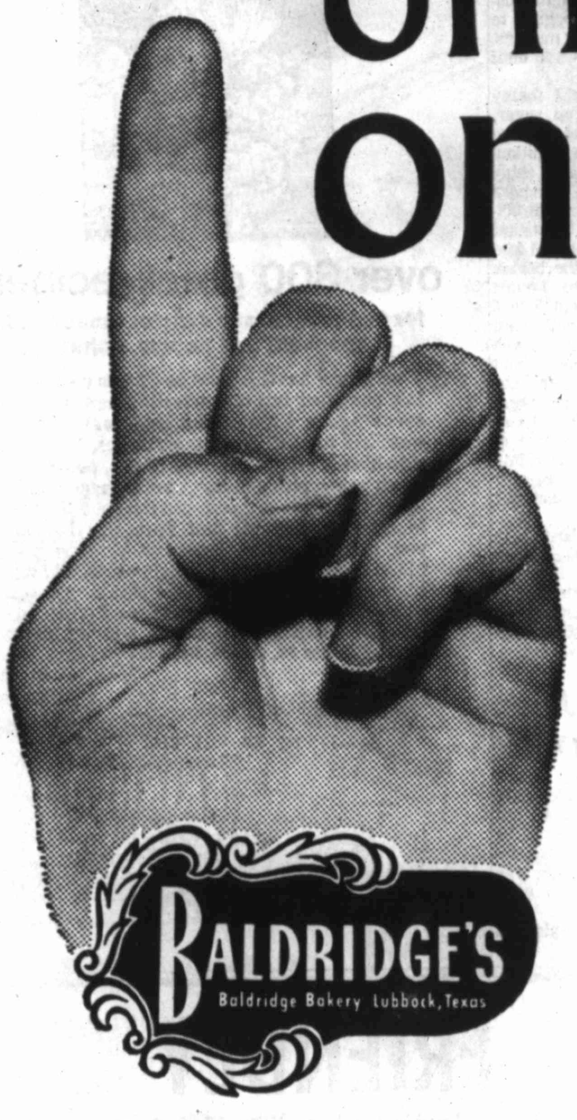

The increase amounting to 6 per cent from 1963 to 1964 matches the gain for the U. S. as a whole. Most states shared in the fourth consecutive year of economic expansion as the average per capita income for the nation tops $2,500 for the first time.

Texas per capita income is estimated at $2,175 in 1964 up from $2,088 last year. The four per cent gain here is again in line with the national increase of four per cent in per capita income for 1964 over 1963.

In the four year period from 1960 to 1964, industrial areas within the state showing the largest gains in total personal income were services, government, manufacturing, finance and construction.

Fancy Filberts For Your Teenage Party

If you are in the mood to try a new sweet, we think you will like this candy roll. It was much enjoyed at our house.

This candy is made with the new peanut - butter flavored chips and it is rolled in filberts. The filberts, by the way, take on extra flavor when they are blanched, sliced and toasted according to our directions.

One caution: serve this candy promptly. It softens if it is allowed to stand around at room temperature; on the other hand, if the finished product is chilled over-long, the filberts lost their crispness.

PEANUT FILBERT CANDY ROLL

- ¼ cup butter
- 3 cups unsifted confectioners' sugar
- ⅛ tsp. salt
- 2 tbsps. milk
- 1 cup firmly packed light brown sugar
- 2 tbsps. butter
- ¼ cup milk
- 1 tbsp. light corn syrup
- 1 pkg. (5½ ozs.) peanut butter flavored chips
- 3 tbsps. milk
- 1 tbsp. butter
- ½ cup filberts (blanched, sliced and toasted)

In a mixing bowl beat the ¼ cup butter; gradually beat in half the confectioners' sugar until fluffy. Beat in the remaining confectioners' sugar and the salt alternately with 2 tablespoons milk so mixture is creamy and smooth.

In a medium saucepan, stir together the brown sugar, 2 tablespoons butter, ¼ cup milk and the corn syrup. Over medium heat, cook and stir constantly until mixture comes to a boil. Continue boiling, stirring occasionally, to 248 to 250 degrees on a candy thermometer, or until 1 teaspoon of the mixture dropped into ¾ cup very cold water forms a firm ball when removed from the water.

Remove from heat. Gradually beat in the confectioners' sugar mixture so mixture is smooth and thick. Quickly pour out onto a buttered baking sheet (13 by 9 by ½ inch)—the mixture will fill it; or use a large buttered platter. Let set until firm—about 10 minutes.

Knead ¼ cup of the peanut-butter flavored chips into the mixture and form into 2 rolls; wrap each in waxed paper, chill.

Into a small saucepan, turn the remaining peanut-butter flavored chips, 3 tablespoons milk and 1 tablespoon butter. Over low heat cook and stir constantly without boiling just until the chips are melted and the mixture is smooth. Cool slightly.

Spread 2 tablespoons of the filberts over one end of a sheet of waxed paper; with a small spatula spread one-quarter of the slightly cooled chip mixture over half of one of the candy rolls; turn over onto the filberts. Spread the other side of the roll with another quarter of the chip mixture and turn over onto another 2 tablespoons of the filberts. Coat the second candy roll the same way. Wrap each roll in waxed paper; chill. Makes 2 pounds. Serve as soon as possible after candy rolls are coated and chilled so filberts will be crisp.

To prepare filberts: Generously cover shelled filberts with boiling water; allow to stand until brown skins will come off easily with the fingers and the help of a small sharp knife. While filberts are still soft, slice into fairly thin rounds.

Spread out on a baking sheet; bake in a moderate (350 degrees) oven stirring a few times, until light brown and toasted—8 to 10 minutes.

MRS. A. N. STANDARD JR. AND CYNTHIA

Feels Creating Home Can Be Satisfying Job

By ELAINE CLARK

Mrs. A. N. Standard, 504 E. 15th, is a contented, full time homemaker and mother. "I think too little importance and emphasis is put on the joy of having a home and raising a family these days. Many mothers work away from home because they don't find being a housewife exciting or rewarding."

The mother of two daughters, Cynthia, who is in the first grade at College Heights Elementary School, and Audrey Nell, in the fifth grade there, she cans, bakes, sews, gardens and enjoys her way of life.

She plans to can fruit from the apricot, nectarine and peach trees that grow in her back yard. Each summer she cans at least a bushel of blackeyed peas and recently made jelly from the crab apples that grow in the court house yard.

"I don't feel that canning saves enough money to make a difference, but it certainly makes a difference in the flavor," she said. "We much prefer canned foods to frozen ones."

A hint she gave for better flavor is to boil the vegetables until the bright color is gone, then freeze them. When they are opened, cook them with salt pork and seasoning before serving.

Mrs. Standard prefers baking to other types of cooking, and makes her own light bread and buns. Family favorites are pound and chocolate cakes.

QUICK MEALS

As sheriff, her husband's hours are quite irregular. As a result, most of her meals must be quickly prepared. She uses casseroles, roasts, meat loaves and stews frequently for this reason.

"With a meat dish already prepared, I can make a salad and something to drink, and a meal is ready," she explained.

"I've thoroughly enjoyed being in the Airport Home Demonstration Club," she said. She displayed beautiful bird cages, made of blue and red net, styrofoam, velvet ribbon and colorful miniature birds, one of the crafts she learned in the club. These are used in her daughter's bedroom.

The inviting atmosphere of the home displays her talent in interior decorating. Sturdy oak furniture is accented by upholstry and draperies in rich browns, golds and greens. Copper and bronze plates and appointments enhance the warm color scheme.

Her two well-dressed, pretty daughters are evidence of their mother's interest and ability to sew and design clothes. In addition to making clothes for her daughters, she embroiders table cloths, runners, towels and pillow cases.

Gardening and raising flowers are interests shared by all of the Standard family. Their attractive yard features geraniums, zinnias, petunias and an area of river rocks and desert plants.

Mrs. Standard raises beautiful, abundant plants indoors. Throughout the home she has geraniums, rubber plants, ivy, choleas, and different varieties of succulents.

"We are all active in the Trinity Baptist Church" she said, "and I'm now working in the Cradle Row Department."

Audrey Nell takes piano lessos, and both parents are anxious for her to play well enough to play for church services. Sacred music is the family preference, and they like both piano and organ accompaniment.

FAMILY FUN

When time is available from Standard's busy schedule, they enjoy fishing, hunting and camping out. They are planning a summer vacation in Colorado and New Mexico, sight-seeing and fishing.

Cynthia pointed out that a parakeet "Peanuts," and a dachshund named "Toy" are important members of the family.

The Standards moved here from Limestone County in 1947. He is Howard County Sheriff.

She shares some of her favorite recipes, ones she thinks are attractive and easily prepared.

STRAWBERRY MOUNTAIN

- 1 3-oz. pkg. strawberry gelatin
- 1 cup boiling water
- ½ cup cold water
- ½ to 1 cup whipping cream
- ½ small pkg. frozen strawberries or 1 cup chopped fresh strawberries

Dissolve gelatin in boiling water, add cold water. Pour ½ cup gelatin into bottom of mold which has been greased with vegetable oil. Chill remainder in mixing bowl until slightly thickened, whip with egg beater until fluffy and thick. Whip cream until very stiff. Fold into gelatin and add strawberries.

Pour into the 1-quart mold and refrigerate until firm. Garnish with mandarin oranges and fresh strawberries.

CREAM CHEESE PIE

- 1 8-oz. pkg. cream cheese
- 1 can Eagle Brand milk
- 1-3 cup lemon juice
- 1 tsp. vanilla
- 1 can cherry pie filling (optional)

Soften cream cheese to room temperature, whip until fluffy. Add milk slowly and beat until well blended, add flavoring, pour into crumb crust or baked crust. Chill 2 or 3 hours and top with cherry filling or your favorite fruit filling.

ITALIAN SPAGHETTI

- ½ lb. butter
- 3 large onions, chopped fine
- 3 pieces garlic, chopped fine
- 1½ to 2 lbs. ground veal or beef
- 2 cans tomato paste
- 1 No. 2½ can tomatoes
- 1 small can mushrooms
- Parmesan cheese
- 1 lb. spaghetti

Melt butter until golden brown. Add onions, garlic, cook until brown. Add meat and brown. Salt and pepper to taste. Add tomatoes, tomato paste, 1 teaspoon sugar and pinch of soda.

Cook until thick as gravy. Add mushrooms. Boil spaghetti according to directions on package. Drain and arrange on platter, cover with sauce. Top with shredded Parmesan cheese.

BEEF CASSEROLE

- 3 cups cooked beef, cubed
- 2 cups cooked potatoes, cubed
- ½ cup onion, sliced or chopped
- 1 large green pepper, chopped (optional)
- ¼ cup pimento, chopped (optional)
- 1 tsp. salt
- 2 cups thick brown gravy

Combine ingredients. Pour into large buttered casserole. Bake 400 degrees for 15-20 minutes or until heated thoroughly.

THICK GRAVY

- ¼ cup butter
- ¼ cup minced onion
- 2 cups water with
- 2 bouillon cubes
- ¼ cup all purpose flour

Saute onion in butter until brown. Add flour and blend. Add stock or bouillon slowly and stir until smooth. Cook until thick.

TEXAS HASH

- 2 large onions, sliced
- 2 green peppers, sliced
- 3 tbsps. shortening
- 1 lb. ground beef
- 2 cups (1 lb. can) tomatoes, or stewed tomatoes
- 1 cup cooked rice
- 1 tsp. chili powder
- 1 tsp. salt
- ⅛ tsp. pepper
- ½ cup buttered bread crumbs

Brown onions and green peppers in shortening. Add meat and cook until raw appearance is gone, stirring frequently to crumble, add tomatoes, rice, salt, pepper and chili powder. Pour into greased baking dish, sprinkle crumbs over top. Bake at 350 degrees until thoroughly heated and crumbs are browned. May also be topped with cheese.

CREOLE CAKE

- 2 eggs, beaten
- 2 cups sugar
- ½ cup vegetable oil
- 2 cups flour
- 2 tbsps. cocoa, heaping
- ½ tsp. salt
- ½ cup buttermilk
- 1 cup hot water
- 1 tsp. soda

Mix eggs, sugar and vegetable oil together. Add flour, cocoa, salt and buttermilk. Add soda dissolved in hot water and beat thoroughly. Grease and flour pan. Bake in hot 350 degrees oven for about 40 minutes.

TOPPING

- ¾ stick margarine
- 1 cup brown sugar
- ½ tsp. vanilla
- ½ cup evaporated milk
- ½ cup pecans
- ½ cup coconut

Combine all ingredients, heat until sugar is dissolved. Pour over cake while cake is still hot. Serve warm or cool.

Moderns Entertain At 'Coffee'

Evening "coffees" are as popular as the discotheques with young couples. The combination of a delicate dessert and delicious coffee is sure to get glowing compliments. Choose an all-purpose premium blended coffee such as Yuban for just the right coffee flavor. Serve it freshly brewed at the peak of perfection.

COFFEE SOUFFLE

- 1 envelope unflavored gelatin
- ¼ cup water
- ¾ cup sugar
- ¾ cup water
- ½ cup milk
- ⅛ tsp. salt
- 4 egg yolks, slightly beaten
- 4 egg whites
- ½ cup sugar
- 1 envelope whipped topping mix
- 1 tbsp. premium blended instant coffee
- ⅛ tsp cinnamon

Add gelatin to ¼ cup water—amount into egg yolks. Then, let stand about 5 minutes. Combine sugar, ¾ cup water, ½ cup milk, and the salt in a saucepan. Heat just to boiling. Stir a small stirring constantly, return mixture to saucepan. Add gelatin and continue to cook and stir over low heat until gelatin dissolves and mixture begins to thicken—about 2 to 3 minutes. Remove from heat. Chill until very thick.

Beat egg whites until foamy throughout. Add ½ cup sugar, 2 tablespoons at a time, beating thoroughly after each addition. Continue beating until stiff shiny peaks will form. Prepare whipped topping mix as directed on package; fold in instant coffee and cinnamon. Blend into gelatin mixture with the beaten egg whites. Pour into 2-quart serving dish. Chill about 5 to 6 hours or overnight. Garnish with additional whipped topping and nuts, if desired. Makes about 8 cups or 14 to 16 servings.

Use 2 level tablespoons regular grind premium blended coffee for each ¾ cup (6 ozs.) of water. Measure cold water into percolator. Measure regular grind coffee into the basket. Set in percolator.

Heat until water begins to percolate. Reduce heat. When water becomes amber in color, begin timing. Percolate gently 5 to 8 minutes, depending on strength of brew desired. Remove basket before serving.

Add Lemon Juice For Whipping Milk

You can whip evaporated milk without adding lemon juice, but for more stability it should be added. Either way, pour the undiluted milk into a freezing tray until it gets mushy then whip rapidly.

Evaporated milk triples in volume when whipped.

Spring Salad Makes Every Meal Special

Salad days are here again! Of course, salads are on the menu year around, but the main dish salad around which meals are built usually comes into its own during spring. These are the meaty salads which need only a hot bread, beverage and dessert to complete the menu.

Sunglow Salad is one of the simplest salads to put together because it's easy to assemble the ready-to-serve meats which may be purchased sliced and need only to be cut in strips. Either a sharp knife and cutting board or a pair of kitchen shears may be employed for this purpose.

SUNGLOW MEAT SALAD

- 6 to 8 ozs. sliced salami, cut in strips
- 6 to 8 ozs. sliced bologna, cut in strips
- 2 cups cauliflower pieces
- 1 green pepper, cut in strips
- 1 tsp. finely chopped onion
- ½ cup French dressing
- 1 cup orange sections
- Lettuce

Combine salami, bologna, cauliflower, green pepper, onion and dressing. Toss lightly and marinate in refrigerator 3 to 4 hours. Add orange sections. Toss and serve on lettuce leaves. 4 to 6 servings.

new pasta cookbook

over 300 great recipes

for economical and delicious macaroni, spaghetti and noodle dishes

Your grocer has this great new pasta cookbook. It's crammed full of interesting new ways to serve pasta. From quick and easy penny-watchers to elegant gourmet dishes. Canapes, side dishes, salads, meatless dishes, pasta with meat, pasta with poultry . . . even school lunch ideas. ☐ And your grocer has the good Skinner Macaroni, Spaghetti and Pure Egg Noodles you need to make these wonderful recipes. Made from 100% amber durum wheat, Skinner Macaroni tastes, cooks, looks better. ☐ If your grocer doesn't have the new "What's for Dinner Mrs. Skinner?" cookbook, send 85c to: SKINNER COOKBOOK, P.O. Box 75, Omaha, Nebr. 68101.

Segregation OK, New Senator Says

WASHINGTON (AP) — Sen. Donald Russell, D-S.C., who has been called a civil rights moderate, said today he feels racial segregation "in many areas is necessary and it's for the best interest of both races."

Russell, who resigned last week as governor of South Carolina and was appointed to the Senate vacancy created by the death of Sen. Olin D. Johnston, D-S.C., called for compliance with the 1964 Civil Rights Act but said he opposes the pending Negro voting rights bill.

In an interview with The Associated Press, Russell:

—Said he believes President Johnson has lost political support in the South by his advocacy of the voting rights measure but has "gained immeasurably in esteem" by his firm policy in Viet Nam.

SEN. DONALD RUSSELL

MOVING OUT

—Said Negroes are moving out of the Southern states and the proportion of white population is gaining, thus offsetting increases in the Negro vote.

—Said the South seems to be moving toward a two-party status politically.

Here, in answers to questions, are some of his views:

Q. You're a moderate on civil rights and represent what is called the new South. How do you define your role?

A. I don't know where you got the characterization. I have attempted in my policies as governor to be fair and just to all. I do feel that there are areas in which it is better for both races that we follow the policy of some segregation. On the other hand we have observed punctually and very carefully any court orders and we have tried to comply with the law.

I think that is in keeping with the feeling of the majority of the people of South Carolina, and I think we have made quite a record in that regard. I think, as a result of it, it has contributed to a spirit of racial peace that has aided in the growth and development of our state.

Q. You're still in favor of limited segregation?

PROPOSED ACTS

A. Yes, I think that there are many proposed acts that I don't think would be justified at the moment, and I certainly am opposed to the voting rights bill that is now pending. I do not think there is any need for it as far as South Carolina is concerned.

I was governor for two and a half years approximately and so far as I know there was never a complaint at any time during that period that the literacy test had been used to discriminate against anyone on account of his race, color or creed. We have attempted to be fair and just and I think the registration would show that.

Q. In what specific areas do you think segregation is the best policy?

A. Well, I do not believe that immediate integration of schools, faculties — and here I'm speaking about the public schools — would be in the interest of either Negroes or whites.

Q. Yet, you put the first Negro into a white public school in your state, isn't that true?

COURT ORDER

A. That is true. There was an order of court that provided for it. We observed that order of court.

Q. But you're still not for general school integration?

A. Right.

Q. Are you for integration in public facilities, such as theaters, bowling alleys, restaurants and things like that?

A. Most of, practically all of, your restaurants and your theaters are covered by the Civil Rights Act of '64. So, it's not a question of whether we think it's right or not, it's a matter that it is the law and we have to observe it.

Q. You campaigned for President Johnson in your state and the Republicans carried it. How does Johnson stand there now?

A. I think there are two crosscurrents and what effect the two of them may have, I don't know. One, I think the President has gained immeasurably in the esteem of the people of our state by his firm policy in Viet Nam. I think on the contrary he has undoubtedly lost support on account of his support of the voting rights bill. Now to what extent they'll be pluses and minuses this year — to what extent it balances out, I wouldn't want to try to say.

NEGRO VOTE

Q. Do you think the Negro vote eventually will become a decisive factor in Southern states?

A. Of course the size of the Negro vote has been increasing. On the other hand the Negro population has been moving out of many of the Southern states in heavy numbers, and that's true in our state. The proportion of white population in South Carolina has been constantly increasing over a period of the last 30 or 40 years. We are increasing in population, but we are increasing because of migration of whites, despite heavy out-migration of Negroes. I assume that same pattern might be occurring in most of the other Southern states.

Big Three Steelmakers List Sharp Profit Climb

NEW YORK (AP)—The Big Three steelmakers earned the highest profits in several years in the first quarter of 1965.

Steel producers operated at capacity during the period to meet heavy demand for current use and for stockpiling in the event of a May 1 strike.

The strike deadline was extended four months this week.

U.S. Steel Corp., No. 1 steelmaker, earned $73,772,849, or $1.25 a share, in the first quarter, up 43 per cent from $51,546,002, or 84 cents a share, a year earlier. This was the highest since income of $80.9 million in the second quarter of 1960. Sales rose 29 per cent to $1,150,375,259 from $888,994,392.

Second-ranking Bethlehem Steel Corp. enjoyed its best period since the fourth quarter of 1961. It earned $44,132,000, or 97 cents a share, against $28,505,000, from $506,593,000. Steel shipments of 5,704,000 tons were the highest for any quarter.

Republic Steel Corp., No. 3 producer, had profits totaling $23,276,168, or $1.48 a share, compared with $15,772,262, or $1 a share, in the 1964 first quarter. Sales increased to $373,317,433 from $288,421,898.

India Scores Pakistan Aid

NEW DELHI, India (AP) — India opened a campaign Wednesday against the U.S. military aid program to Pakistan, claiming Indian troops have had to fight off American-made tanks spearheading Pakistani attacks.

Photographs of tanks, said to have been taken by an Indian air force plane, were distributed to the press as "documentary evidence" that Pakistan has been illegally using its U.S. military aid against India in the Rann of Kutch area on the western frontier.

There is no way of telling from the photographs where or when they were taken or to whose army they belonged. But an official spokesman said they were part of a Pakistani column surprised in Indian territory near Biar-Bet in the Rann of Kutch Monday.

India says a big battle was fought in this area and claims that altogether it has destroyed 10 American-made medium tanks weighing 45 tons and known as "Pattons."

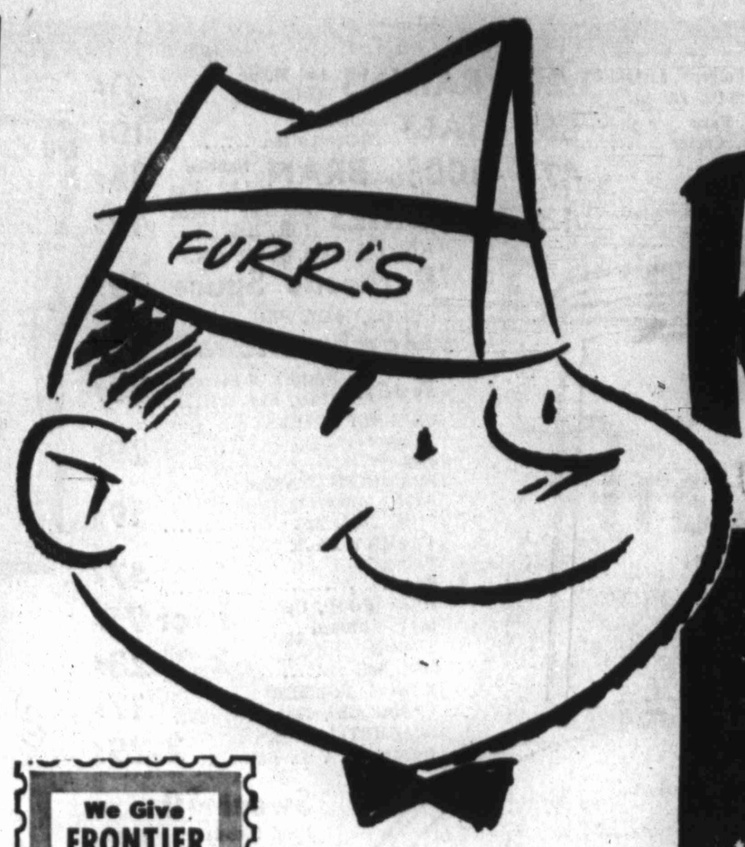

Communists Said On Picket Line

WASHINGTON (AP) — President James M. Nabrit Jr. of Howard University has blamed recent campus protest demonstrations on a few students influenced by "external disruptive forces." On one occasion, he said, he saw two known Communists on a student picket line.

The president of the predominantly Negro college said Howard places "no restriction" on the right of students to demonstrate as individuals. Students arrested in demonstrations have not been disciplined by the college, Nabrit said.

Houston Man Dies, Four Hurt In Crash

PEARLAND, Tex. (AP) — Jack Snow Jr., 35, of Houston was killed and four other persons were injured in a head-on collision here Tuesday.

Kim And Groom Try Camping Out

CARMEL, Calif. (AP) — Movie stars usually spend honeymoons in glamorous settings like the Riviera or Acapulco.

Newlyweds Kim Novak and British actor Richard Johnson have been camping out in the hills of the rugged Big Sur country near here.

"We just packed our supplies in the station wagon," says Kim, "and honeymooned in sleeping bags. It's the world's greatest way to get away from it all. For days, we saw nothing but deer and rabbits."

RUGGED LIFE

Kim is used to the rugged life. For years, she has maintained a home here on an ocean promontory. For Johnson, the camping trip was something he hadn't done since childhood.

"But I found out that my wife is a good cook," says Johnson. "It was a fortunate thing because out in those wilds you have a captive appetite."

Kim and her husband wind up their honeymoon within the next week or so to go on the road for "The Amorous Adventures of Moll Flanders."

It's the picture where the two met — and under, Kim says, a terrific handicap for an actress and actor.

"Richard kept upstaging me," she says. "When I'd complain, he would apologize by saying that he had spent most of his life in the theater and didn't understand movie techniques."

"QUITE A GUY"

But when an actor upstages an actress and finally marries her, he has to be quite a guy. There are some who say that Johnson is one of Britain's finest actors, a young Olivier.

He has been in the business for 20 years, starting with John Gielgud in "Hamlet."

He and Kim are shopping for a script to do together.

"I'm anxious to concentrate on films from now on," he says. "I've had so many years in the theater that I'm now ready for a new challenge."

Johnson once made a movie in Hollywood with Frank Sinatra and Gina Lollobrigida — "Never So Few."

He says "Moll Flanders" was one of his most rewarding experiences.

"I owe a lot to that picture," he says. "It made me a California camper."

Floodwaters Burst Dikes

By The Associated Press

The churning Mississippi River swirled through the Quincy area in west-central Illinois today, while 140 miles upriver weakened dikes were battered in the Quad Cities of Iowa and Illinois.

The record flood burst dikes and spread debris-littered water over thousands of acres from Dubuque, Iowa, to Hannibal, Mo.

Floodwaters rolled over more than 5,600 acres of farm land south of Quincy, but most of the city of 45,000 residents is situated on bluffs and is safe.

More than 15 square blocks of the business district were inundated in Hannibal, a city of 20,000.

LEVEE BREAKS

The river burst a levee in the South Quincy drainage district, and engulfed more than 5,600 acres. Some 150 persons were evacuated.

Illinois 57 south of Quincy was closed and most rail traffic was stopped. Highway 36 and the Mark Twain Bridge were in danger of being closed.

Two National Guardsmen on the South Quincy levee when it broke were rescued by boats.

About 24 miles south of Quincy, the 550 residents of Hull, Ill., were ready to leave. Officials said the levees protecting the town would not hold.

FAMILIES MOVED

In Hannibal, 23 families were evacuated from low areas as the river reached its highest level in history. Hannibal has no levee.

Civil Defense workers used a boat to patrol against looting in the flooded Hannibal business district. The U.S. Weather Bureau predicted a 25½-foot crest Sunday.

Upriver, the crested Mississippi surged against soggy dikes in the Quad Cities of Moline, Rock Island and East Moline, Ill., and Davenport, Iowa. The area has a population of more than 270,000.

The Mississippi crested at 22.4 feet in Rock Island Wednesday, more than 7 feet above flood stage.

Thousands of volunteers continued an around-the-clock sandbagging job.

U.S. Viet Policy Sharply Drawn

WASHINGTON (AP) — President Johnson clearly wants to win as much support as possible over the world for his policies in Viet Nam but he is also grimly determined not to run U.S. strategy in the Vietnamese war as a popularity contest.

These two attitudes were sharply defined by a presidential statement and replies to questions at a White House news conference Tuesday.

In line with what the President said, officials discounted the impact of "severe disapproval" of the war which was expressed by French President Charles de Gaulle in a speech at Paris an hour earlier.

This was the second time in five days that a top administration spokesman had dealt directly with criticisms of the U.S. role in Viet Nam which had been made both at home and abroad.

RUSK'S RETORT

Last Friday night Secretary of State Dean Rusk assailed critics for talking "nonsense" when they say the United States should find some quick way of getting out of Viet Nam or should at least half the bombings in the North.

Johnson devoted the opening statement at his news conference to arguing that the United States has used its massive power with great restraint and to putting full blame on the Communists, and specifically North Viet Nam, for causing the conflict by waging a campaign of terror and guerrilla warfare in an effort to conquer the South.

When the President was asked specifically whether he thought the United States was losing friends around the world because of its military operations against the Communists, he summed up his reaction in these words:

"We're resisting aggression, and as long as the aggressors attack we'll stay there and resist them whether we make friends or lose friends."

But, actually, he said, this country has many friends throughout the world, and he argued in substance that many other governments understand what the United States is trying to accomplish in the defense of South Viet Nam.

CHARLES DE GAULLE

RED THREAT

He asserted that a successful Communist conquest would threaten all free nations and would endanger the freedom of the United States itself.

The issue of the popularity of the anti-Communist fight in Southeast Asia is regarded here as an important one. It bears upon the judgment of North Vietnamese leaders and behind them the leaders of Red China as to whether the Reds can eventually win in Viet Nam or whether they may have to settle the conflict on terms acceptable to South Viet Nam and the United States.

Authorities here believe the Reds in Hanoi and Peking may hold strong hopes that demonstrations against the United States will force the President to change his policies and move toward a willingness to make peace on terms acceptable to them.

In various ways Tuesday Johnson seemed to be saying to the Communists that they should abandon any such notions because he is determined to see the fight through to a finish — and the only conclusion acceptable to him will be one which leaves South Viet Nam free and independent.

Authentic Italian Aromas Discovered

When a great Italian liner, such as the Cristoforo Colombo or the Leonardo da Vinci, inches away from the pier — siren roaring, friends shouting goodbyes, serpentines dragging — the chefs in the ship's galley are already busily preparing what amounts to the first of a series of latter-day Roman banquets. And if you looked closely you'd find them turning again and again to a certain herb — the secret of much Italian cookery.

Oregano, a member of the mint family and native to the lands of southern Europe, gives just the right aroma to sauces for spaghetti, tortellini, and manicotti. It goes in every well-seasoned tomato sauce and a sly bit of oregano is used with tomato and certain other salads. One of its Italian names, "l'erba di funghi," meaning "mushroom herb" indicates its importance in mushroom dishes. It gives a delightful flavor fillip to cheese dishes of all kinds, lamb and fish fillets. Small wonder it's one of the great herbs not only of Italy, but of Greece, Spain, Portugal and southern France.

Although oregano has been used in these lands for many centuries it's a johnny-come-lately in the United States, says the American Spice Trade Association. A half century ago our cookbooks almost never mentioned it and in those rare instances when it did appear, it was called "wild marjoram." Late in the 1930's, screen stars, always world travelers, discovered the exciting redolence of oregano. Anything Hollywood did was news, so a few of the more daring hobby cooks tried it. But until after World War II so little oregano was used that it was never listed in imports. Now Americans are using well over a million pounds of oregano a year, importing if from Greece, Mexico, France, Portugal and Italy.

Oregano is flavorful addition to certain vegetables also of Italian origin, as witness these recipes from the test kitchens of the Spice Association.

PASTA CON BROCCOLI

3 tbsps. olive oil
6 anchovy fillets, cut in small pieces
1 pkg. (10 oz.) frozen broccoli flowerets
2 tbsps. pignolia nuts
½ cup seedless raisins
¾ tsp. crushed oregano leaves
⅛ tsp. ground black pepper
½ lb. medium-sized shells
Boiling water
1 tbsp. salt
2 tbsps. fresh lemon juice
Grated Romano cheese

Heat oil in saucepan or skillet. Add anchovies and cook, stirring, until anchovies break into very small pieces. Add next 5 ingredients. Cover, cook gently, stirring occasionaly, until broccoli is tender. In the meantime, cook shells in boiling salted water according to package directions until tender. Drain. Toss shells with lemon juice. Add broccoli mixture and toss gently. Serve immediately with grated cheese.

YIELD: 4 servings.

ASPARAGUS, ITALIAN STYLE

1 pkg. (10 oz.) frozen asparagus spears
1 long or 2 short Italian breads
¼ cup butter or margarine, melted
¼ tsp. ground black pepper
¼ tsp. oregano leaves
3 slices prosciutto or boiled ham
1 tbsp. grated Parmesan cheese

Cook asparagus according to package directions until tender. Drain and reserve. In the meantime, slice top of Italian bread and scoop out soft center. Toast crust in a preheated moderate oven (350 degrees) until lightly browned. Combine melted butter or margarine with ground black pepper and oregano. Arrange asparagus in toasted bread cavity.

Chop prosciutto or boiled ham and sprinkle over asparagus spears. Spoon seasoned melted butter or margarine over all and sprinkle with grated cheese. Place under preheated broiler and cook until cheese is lightly browned, about 1 minute. Cut in crosswise slices and serve immediately.

YIELD: 6 servings.

ARTICHOKE SOUP A LA ROMANO

1 pkg. (10 oz.) frozen artichoke hearts
¼ tsp. ground oregano
⅛ tsp. ground mace
2 cups chicken consomme
Sour cream, optional

Place all ingredients in a saucepan. Bring to a boil, reduce heat and simmer 10 minutes, or until artichoke hearts are tender. Transfer mixture to the container of an electric blender and blend until smooth. Serve immediately with a spoonful of sour cream, if desired.

YIELD: 4 servings.

Tangy Salad Adds To Leftover Meat

Tangy salad to serve with leftover cold meat.

BLENDED BLUE CHEESE DRESSING

¼ cup milk
1-3 cup mayonnaise
½ cup commercial sour cream
2-3 cup crumbled blue cheese
Seasoning salt and white pepper

In an electric blender, blend together the milk, mayonnaise, sour cream and blue cheese. Stir in seasoning salt and white pepper to taste.

Chill, tightly covered, for a few hours for flavors to blend. Makes about 1½ cups.

Store any dressing not used in the refrigerator.

Perfect Potatoes Party Favorite

Dinner guests deserve potatoes that are baked and served perfectly!

PERFECT BAKED POTATOES

6 medium (2½ lbs.) russet-skin baking potatoes
6 squares butter
Paprika
6 parsley sprigs

Scrub potatoes with cold water and drain. Bake in a hot (425 degrees) oven until tender when pierced with a fork in the center—about 45 minutes.

Remove from oven at once. Cut a small crisscross through skin and into pulp in the center of each potato; insert a square of butter in each crisscross and sprinkle with paprika; add parsley sprigs. Serve at once. Makes 6 servings.

Quick Roasting

Don't hesitate to put a fresh pork roast on your rotiesserie; cooked this way, the meat will need about one-third less time then when oven-roasted at a 325-degree temperature (185 degree internal temperature).

Favorite Turnips Get New Flavor

Interesting way to give extra flavor to turnips.

HELEN'S TURNIPS

1½ lbs. (6 medium) white turnips
1-3 cup water
2 tbsps. butter or margarine
1 tsp. salt
¼ tsp. sugar
1 tbsp. lemon juice
¼ cup minced parsley

Pare turnips and cut into ½-inch cubes. In a 10-inch skillet, heat the water, butter, salt and sugar; stir in turnips. Boil gently, covered, until turnips are tender—about 10 minutes; practically all the water should be evaporated.

Stir in the lemon juice and parsley and reheat. Makes 6 servings.

Chilled Compote Epicurean Choice

Serve this fruit compote when you have epicurean guests!

NEW YORK FRUIT COMPOTE

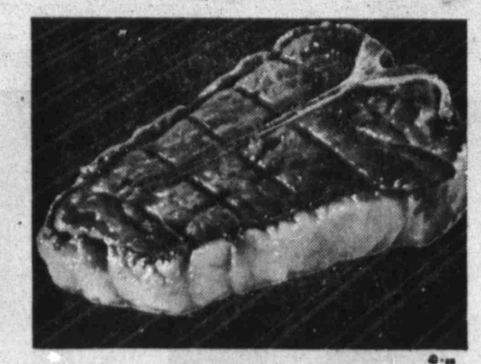

6 very large navel oranges
2 medium red-skinned eating apples
2 tbsps. each white rum, kirsch and maraschino liqueur

Pare oranges so no white membrane remains; cut sections away from dividing membranes and turn into a bowl with any juice.

Wash and dry apples; cut each into 8 wedges; slice into thin fan-shaped pieces—there should be about 1 cup. Add apples to oranges and stir in rum, kirsch and maraschino liqueur. Cover and chill. Serve in sherbet glasses. Makes 6 servings.

Mushroom Pickles Different Delicacy

Great for lots of guests!

MUSHROOM PICKLE

2 cans (each 6-ozs.) whole mushrooms
2 cans (each 6-ozs.) sliced mushrooms
1½ tsps. salt
½ cup sugar
1 cup cider vinegar
2 tsps. mixed pickling spice tied in cheesecloth bag
1 tbsp. instant minced onion

Drain all the mushrooms, reserving 1 cup liquid and pouring it into a 1-quart saucepan. To the measured liquid add the salt, sugar, vinegar, mixed spice and onion; stir over low heat until sugar dissolves; bring to a boil; pour over mushrooms.

Cover and chill for several hours or overnight. Remove spice bag. Serve mushrooms drained. Any leftover may be kept refrigerated in marinade for about a week.

Cooked Bananas Different Dessert

A generous hostess served us this dessert and handed us the recipe!

BANANAS A LA IRENE

2 large bananas
1 tbsp. butter
½ tsp. grated orange rind
½ cup orange juice
2 tbsps. caramelized sugar
Pinch of mace
½ tsp. vanilla

Cut bananas in half crosswise. Melt the butter in a skillet; add bananas and heat gently, turning to coat with butter.

Add the grated orange rind, orange juice, caramelized sugar and mace; continue heating. Remove from heat and stir in the vanilla.

Serve hot; garnish with whipped cream if desired. Makes 2 servings.

Try Cranberries

Cranberries make a delicious addition to the filling for apple pie, but use more apples than cranberries so the dessert will not be too tart.

Bigger Cookies Favored By Famous Fischer Quintuplets

All of the Andrew J. Fischer family of Aberdeen, S. D., including the world-famous quintuplets, enjoy cookies—and the bigger the cookie the better!

Mrs. Fischer bakes large batches of cookies, so there are always some on hand to appease the appetites of the 11 children, two adults and family guests.

The quintuplets, now 1½ years old, get cookies at the end of a meal. Older brothers and sisters get cookies as a mid-afternoon or after-school treat.

Four cookies for which the Fischer family has expressed great liking are: Prize Cookies, a traditional, treasured mince meat cookie of the easy-to-make type . . . Chewy Mince-Meat Oatmeal Drop Cookies and Mince Meat-Oatmeal Bars — a triple layered bar of oatmeal crust, mince meat filling and crumb topping. Giant Peanut Butter Cookies with a Danish-style margarine and nonfat dry milk base, also rate high with the Fischers.

Here are the kitchen - tested recipes:

PRIZE COOKIES

3¼ cups sifted flour
½ tsp. salt
1 tsp. baking soda
1 cup shortening
1½ cups sugar
3 eggs, well beaten
1 1-3 cups (½ of 28-oz. jar) ready-to-use mince meat

Sift together flour, salt and soda. Cream shortening; add sugar gradually. Continue to cream until fluffy. Add eggs; beat until smooth. Stir in mince meat. Gradually add flour mixture; mix well. Drop by teaspoonfuls, two inches apart, onto greased baking sheet. Bake in hot (400 degrees F.) oven about 12 minutes. Makes about 5½ dozen cookies.

MINCE MEAT-OATMEAL BARS

¾ cup (1½ sticks) Danish margarine
1 cup light brown sugar, firmly packed
1¾ cups sifted flour
1 tsp. salt
½ tsp. baking soda
1½ cups quick oats
2 2-3 cups (28 oz. jar) ready-to-use mince meat

Heat oven to 400 degrees F. In a large-size mixing bowl, thoroughly combine margarine and brown sugar. Sift together flour, salt and soda. Blend thoroughly into creamed mixture. Stir in oats. Press about one-half of this crumb mixture firmly and evenly onto the bottom of a well-greased 13½ x 9 x 2-inch baking pan. Spread mince meat evenly over top of crumb mixture.

Cover with remaining half of mixture; press crumbs lightly. Bake about 25 to 30 minutes, or until golden brown. Cool. Cut into 1½ x 2-inch bars. Store in covered cookie jar. Makes 30 1½ x 2-inch bars.

MINCE MEAT-OATMEAL DROP COOKIES

¾ cup (1½ sticks) Danish margarine
1½ cups sugar
2 eggs
1 tsp. vanilla extract
½ cup water
2½ cups sifted flour
½ tsp. baking powder
1 tsp. baking soda
1 tsp. salt
1 tsp. cinnamon
½ tsp. cloves
2 cups quick oats
1 (9-oz.) pkg. condensed mince meat

Heat oven to 400 degrees F. In a large mixing bowl, cream margarine until light and fluffy. Beat in sugar, eggs and vanilla extract until well blended. Stir in water. Sift together sifted flour, baking powder, soda, salt and spices. Add to creamed mixture. Stir in oats. Break mince meat into small pieces with fork. Add to oat mixture.

Drop by rounded teaspoonfuls about two inches apart onto ungreased baking sheets. Bake 8 to 10 minutes, or until lightly browned. Remove from baking sheet while still warm. Store in covered cookie jar. Makes about 6 dozen cookies.

GIANT PEANUT BUTTER COOKIES

1 cup (2 sticks) Danish margarine
1 cup creamy peanut butter
1 cup granulated sugar
1 cup light brown sugar, firmly packed
2 eggs
1 cup instant nonfat dry milk
2½ cups sifted flour
1 tsp. baking powder
1½ tsps. baking soda
½ tsp. salt

In a large size mixing bowl, cream together margarine and peanut butter. Gradually add granulated sugar, brown sugar and eggs; mix well. Sift together nonfat dry milk, flour, baking powder, baking soda and salt; stir into butter mixture.

Let dough stand 15 minutes. Roll into balls the size of a large walnut. Place three inches apart on lightly greased baking sheets. With flour-dipped fork, flatten dough crisscross fashion to 3-4-inch diameter.

Bake in moderate (375 degree F.) oven, 10 to 12 minutes or until lightly browned. Let cool slightly before removing from baking sheets. Makes about 4 dozen 3 to 4-inch cookies.

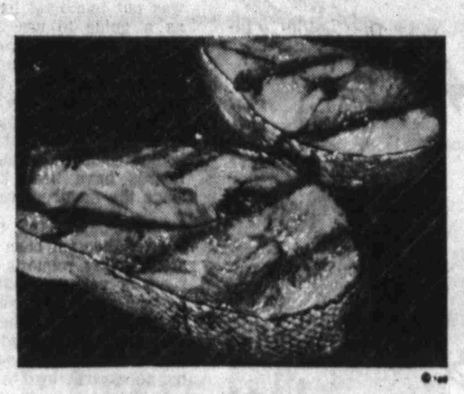

Friendly Supper Simple To Make

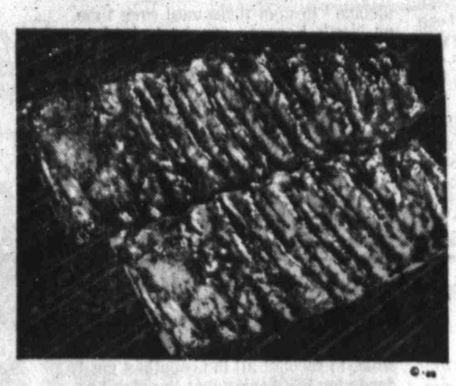

This platter will feed a dozen friends—and men will like it as much as do the women.

SUPPER SNACK PLATTER

1½ lbs. snap beans, cooked and marinated in French dressing
1 lb. Italian-type thinly sliced salame (casing removed)
12 hard-cooked eggs, halved and stuffed
½ bunch water cress
2 small bunches radishes
1 can or jar (4-ozs.) pimiento

Make an attractive platter arrangement of all the ingredients with the snap beans in the center and the other foods ringed around them. Makes 12 servings.

A Devotional For The Day

This is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent. (John 17:3)
PRAYER: O Savior, redeem our lives from sin and destruction. Come into our hearts, and give us life. Grant that we may live with Thee for ever and ever. In Thy name we plead. Amen.
(From the 'Upper Room')

Ticklish Business

The introduction of Soviet surface-to-air missiles (SAMS) in North Viet Nam adds another ominous dimension to our involvement in Southeast Asia.

First reports suggest that the SAMS are being emplaced only in the Hanoi area. No air raids have yet been made in that area. But if the air war is widened, Hanoi will certainly become one of the most attractive targets in the north.

Russia may just be sending these missiles in order to attest to their willingness to support "wars of liberation" in Viet Nam or wherever they arise. In the struggle for leadership of the Communist world she must feel she cannot afford to be "second" to China in supporting those movements.

Yet the danger is not just the presence of Russian SAMS in Viet Nam which must trouble our policy-makers. For the missiles will almost surely be accompanied by Russian "technicians" to man them until such time as North Koreans can be trained to operate them. The interval may be many months.

If the decision is ever made to attack the industrial areas around Hanoi, the missile sites would become the first priority targets. We would have to silence the missiles to avoid prohibitive plane losses. But when we began knocking out missile sites we would begin killing the Russians who manned them.

Salute To Kiwanians

The Big Spring Kiwanis Club celebrated its 36th birthday Monday evening and thus wished itself a happy anniversary.

Well, someone outside the organization ought to do that, too, and so we salute Kiwanians not only on the occasion of their charter birthday, but equally upon their record of service.

It would be difficult, if not impossible, to recount all the countless good deeds for Big Spring that the club has performed during those years. The club has never been of the flashy sort, but it has been steady, dependable and persistent. Big Spring is a better place because of it, and there are many citizens who are better citizens because of the help and encouragement that the club gave to them when they were young.

Holmes Alexander

The Clutch Of History

WASHINGTON—Sooner or later the American people will have to confront the unwelcome truth that we really are engaged in racial and religious struggles both in the United States and in Southeast Asia.

Columnist Walter Lippmann, who has written longer and better than most of us, came to this point the other day, but he did so with wringing hands and a plea of "Say it isn't so."

THE NATIONS of the world, he wrote, "regard our war in Viet Nam as . . . a war by white men of the West against non-white men in Asia." Regrettably, that's what it is in a large measure, and that's what history has largely been—a battle among the races of mankind, a battle frequently heightened and embittered by the fervor of religion.

It is one thing to deplore the fact that the world isn't wide enough for its races to live in peaceful coexistence. They never have. It is something else to teach and advocate an escape from history, for that is possible only through death.

SO IT IS with "men of the West" and "non-white men in Asia." For centuries, wherever possible, the whites have enslaved the blacks and ruled over the yellows. At various times and places, the very whites dominated the lesser whites, as the deep blacks and yellows have sat as masters over the light blacks and not-so-yellows. Men's basic instinct to excel over his fellows, individually and racially, and to subdue his inferiors in war or business or sport is not altered much by the complexity of economics and weaponry.

THE QUESTIONS for us in Viet Nam are not whether we should fight, but whether our Western civilization shall win and live, or lose and die. World War II, as we can view it now, was a civil war among Westerners—the democracies vs. the tyrants, if you will—but the real enemies of our civilization soon hove into view East of the Don River and West of Hawaii. They were the hordes of Asia, not only yellow-skinned and slanty-eyed, but fired with the religion of communism, which is irreconcilable with Christendom and capitalism.

WE WERE DECEIVED many times in the 1940's by false prophets and by traitors into the wishful sophistry of oneness—One World, One Family, One Purpose. We have followed policies of disarmament, experimented in universal government at the U.N., and tried Share America in our foreign aid programs. We have had to repent of our folly in endless disillusion and pain, and at prodigious cost.

The President's escalation of the war in February was both courageous and sagacious. It was a determination to win rather than lose, to survive rather than perish, to prefer our skins to theirs, our religion over communism, since those were the choices.

(Distributed by McNaught Syndicate, Inc.)

Billy Graham

I can't believe that God still loves me after what I have done. My family has disowned me and with good reason. I have ruined the good name of our family. Is there any chance to win back God's love? A.G.

I'm sure God still loves you. Of course, you don't deserve it, and many of us don't, but God loves each of us more than any earthly father does, more than we can comprehend. Jesus assures us of this, and we can trust His word.

Jesus used one parable after another to try to reveal to men that God cares for the lost. When we read the Gospels we hear Him saying to us, "Do you see that shepherd who has left all the rest and gone to find the sheep that went astray? When you wander off, your Father goes looking for you, just as the shepherd went after the lost sheep." Or we hear Him saying, "Look at that woman who has been sweeping the whole house to find a single coin. When you are lost God will seek you more persistently than a woman seeks for a missing coin."

Open your Bible to Luke 15:11, and read again the story of the Prodigal Son. God is like the father pictured in that parable.

God sent Christ to reveal His great love for us. Today Jesus is saying to you, as He once said to those in Galilee who crowded about Him, "Are not five sparrows sold for two farthings, and not one of them is forgotten before God? But even the very hairs of your head are all numbered. Fear not therefore: ye are of more value than many sparrows." (Luke 12:6,7).

Yes, God still loves you. But He does not love or condone your sin. Return to God, and ask His forgiveness. He will welcome you home. He is your Father.

WHAT OTHERS SAY

"This bill has so much in it that those big senators won't have anything left to add."

So says a House liberal as he contemplates the "medicare" measure approved the other day by the Ways and Means Committee. His forecast, whether accurate or not, is indicative of a kind of competition too common in Washington — competition in quantity of legislation instead of quality.

This unwieldy legislation might be more acceptable if it actually were the only way to deal with the health problems of the aged. But that is far from the case.

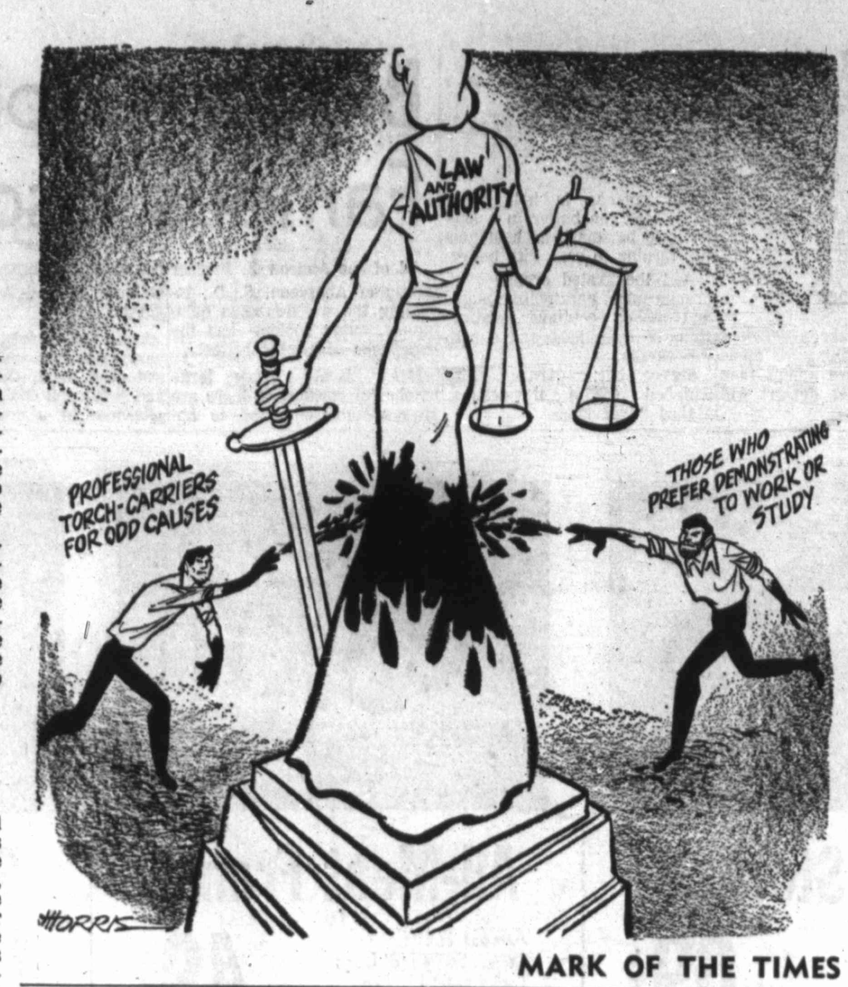

For one alternative, the government could encourage the spread of private health insurance. Even without such encouragement, it has been spreading fast; about half of all Americans over 65 now have some form of private protection.

Then, too, Congress could build up the Kerr-Mills program, under which federal and state governments meet the health costs of the needy, into an improved answer to much of the problem. It's true that some states have shunned Kerr-Mills, but this is an obstacle that could be overcome by federal financial incentives.

Nor is it any valid objection to say that Kerr-Mills violates the "dignity" of the elderly by subjecting them to some form of "means" test. It would hardly have to be much more complex than the probing the Social Security administrators do even now to determine whether the elderly are earning too much to qualify for benefits.

We have no idea whether the House members have done so much that the senators won't be able to outdo them in this competition. We do know, however, that when quantity is stressed over quality in legislation, congressmen do injury to the entire nation.

Vital Question Posed On Outlawing Poll Tax

WASHINGTON (AP) — This is an ABC on a hot dispute.

The Senate, now debating a bill to protect Negroes' voting rights, is in knots over one section which would outlaw the poll tax as a requirement for voting in state elections.

The Constitution's 24th Amendment, adopted Jan. 23, 1964, bars the poll tax in federal elections, says nothing about state elections. Since the Constitution is silent on that, the question is:

Does Congress have the right to forbid poll taxes in state elections since these are state matters?

PRESIDENT JOHNSON himself this week, although he demanded a voting rights bill, expressed concern that if it passes with the antipoll-tax provision as it now stands there may be long court fights over it.

The attempt to keep certain groups of people from voting at all is an old story in American history. Negroes are just the latest target.

The Constitution's framers in 1787 were divided on whether poor men should be permitted to vote. The Constitution was left blank on this, thus allowing states to fix their own voting qualifications.

All the states imposed property qualifications. One by one the states abandoned them. After the 15th Amendment was adopted in 1870 to protect the voting rights of newly freed Negroes, Southern states thought up the poll tax.

THAT AMENDMENT said a citizen couldn't be deprived of his right to vote—by federal or state governments — because of race or color. Eleven Southern states adopted poll taxes. Only four still have them: Alabama, Mississippi, Texas, Virginia.

In a test case from Georgia in 1937 the Supreme Court upheld the validity of the poll tax as a voting requirement, reasoning it didn't abridge the right to vote. The court considered the tax just an ordinary revenue measure.

And up until now — or at least until this week — that has been the position of federal courts. But that 1937 court blithely ignored the fact that in the Georgia case the state made no attempt to collect the tax from those who did not try to vote. Yet, the court said it was a revenue measure.

But the poll tax has been under attack ever since. In 1938 the Southern Conference of Human Welfare condemned it as a device to keep Negroes from voting. And in 1947 President Truman's Committee on Civil Rights called for outlawing it, saying "it simply places the payment of a fee between the voter and the ballot box."

BILLS TO ban it were offered in every session of Congress after 1939. Five times the House passed antipoll-tax bills. But Southern Democrats in the Senate were always able to block them there.

Hal Boyle

Saigon Traffic Wild, Colorful

SAIGON, South Viet Nam (AP) — In war-torn South Viet Nam, you may take your life in your hands if you venture far outside Saigon.

But if you do much walking inside Saigon, you take your life in your feet.

There is no such thing as an innocent bystander here.

Particularly if he is a pedestrian he is fair game for all and the only time he isn't in danger of being run down is during the curfew hours between 2 and 4 a.m. If he is abroad then he is only in danger of being shot by the police.

IT IS SAID that one reason the besieging Viet Cong haven't taken Saigon is that after reaching the outskirts of the city they decided it would be hopeless to try to fight their way through the traffic.

Saigon traffic is famous throughout the Far East. It starts early in the morning and, except for a three-hour siesta break, continues until it gets too dark to see a pedestrian.

If you strike one and are found at fault you must pay his hospital or funeral costs. Rules of the road prohibit a motorist from pursuing the pedestrian across sidewalks or into public buildings.

"ACTUALLY YOU rarely see a pedestrian or bicyclist badly injured," remarked a motorist who has won an unsafe driver's badge with three oak leaf clusters. "The main idea is merely to brush him out of the way with your bumper."

The traffic here is picturesque as well as impossible. The streets are a rolling museum of the history of wheeled vehicles.

Your status depends on whether you own your vehicle, what kind of wheels it has and how much it cost.

At the bottom of the social totem pole is the cyclo driver who wears a conical hat and operates a pedal taxi resembling a bike pushing a wheel chair.

From this social basement your prestige goes up to the motorcyclist to the cab owner to the man who owns his car or even better is driven by a government chauffeur.

THE CABBIES of Paris are regarded as Europe's wildest steersmen. But in Saigon, everybody drives as if he were a jockey whipping his mount home in a $100,000 handicap race.

Motorcycle owners pride themselves on the number of people they can get on their vehicles. I saw one man and his wife barreling along holding three children as they discussed the world situation in Chinese.

To Your Good Health

Aneurysm A Weak Place In A Blood Vessel

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: What about an aneurysm on the leg directly behind the knee?

Is an operation necessary? Is it dangerous to just let it go? What results can one expect? —MRS. W. H.

Let's discuss aneurysms in general, not just those behind the knee.

An aneurysm is a weak place in a blood vessel. If you had a bulgy place in a tire on your car, you wouldn't "just let it go." You would know that it might not be causing any noticeable difference in the way the car ran, but you'd know that if the bulgy place ruptured (a blowout, that is) it would give you a flat tire, might ruin the tire altogether, and could, in some circumstances, cause a bad accident.

So consider an aneurysm in exactly the same way.

There are different types of aneurysms, and most of the differences are medically technical and you wouldn't be interested in them. But there's one type, a so-called "dissecting aneurysm," which you should know about. In it, the weak spot develops between the inner and outer layers of the blood vessel. Gradually the pressure pushes the gap along between these layers, so the weakened area becomes bigger and bigger. This can continue for quite a long time. Sometimes.

What if the aneurysm finally bursts? Blood escapes and seeps through the surrounding tissues. The amount of pain varies, from none to quite a lot, depending on the location and other circumstances. So does the danger. But at best it is a serious condition, and in some cases it can be permanently disabling or even fatal.

If an aneurysm bursts in the brain, we have a "stroke." That's an example which is somewhat gloomy, in that there is scant if any chance of finding it in advance, and after it happens, the outlook depends on whether the "blowout" has been mild or severe. But you see the point.

If the aneurysm exists high in the chest, in the all-important artery (the aorta) leading from the heart, there is the added risk that the bulging may put pressure on other structures, and cause trouble and discomfort. This, however, is not an unmixed evil. It is also a warning that trouble is developing and ought to be corrected.

As to the area behind the knee, that is the politeal artery, a large one, running through soft tissues and hence not strongly supported.

It is not by any means simple to correct such a weak place, but it has been done many times, by removing the affected section and replacing it with tubing made of woven plastic. Living tissue grows into the "weave" of the fabric, and what was weak becomes strong.

Whether such surgery is feasible in any given case depends on so many technical factors that I can't discuss them here. But if your doctor recommends surgery, say yes.

* * *

What are ulcers? How should they be treated? What can you do to help rid yourself of ulcers and stay rid of them? For answers, read Dr. Molner's helpful booklet, "How to Heal Peptic Ulcers and Keep Them Healed." For your copy write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

* * *

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

Everyone Can Be Heard

One of the many phases of the city's master plan, which was so wholeheartedly backed by the community several years ago, was a complete new zoning ordinance. The old one had been hopelessly riddled with so many variances, it had very little meaning left.

SO AT CONSIDERABLE expense, planners drew up a new ordinance, with new designations, and we started with a fresh slate, so to speak. After many public hearings and changes, it was put into final form and adopted as a guide to use in encouraging orderly municipal growth.

Cognizant, of course, that some changes would have to be made, the ordinance called for a zoning board, a zoning board of adjustment, and all manner of ways decisions of these bodies could be appealed. And these boards have been kept busy, ever since the members were named.

OBVIOUSLY, the tasks of these boards have not been easy. Unfortunately, many requests for changes in zones or variances have been decided by how many folks could be mustered in the audience for the opposing sides. This method of deciding on whether the ordinance is changed or not, does not necessarily lead to orderly growth, as envisioned in the master plan program.

Rather, any changes in the city's zoning should take into account the big picture, as planned when bonds were voted to extend our city's services into areas where they could best serve the proposed zoning. These capital expenditures might easily be made outmoded with un-planned zoning.

ALL RESIDENTS, of course, can be heard at public hearings concerning proposed changes in zoning, or any other city function. The city is required to notify any person who lives within a certain distance of the affected property, and the notice usually invites these folks to the hearings. But as everyone — no matter where he lives — has a stake in the city's zoning plans, everyone can be heard when the arguments of each side are presented.

AND JUST AS it is hoped the various boards will keep a tight rein on the expensive plans we purchased several years ago, we can be hopeful they will hear all interested citizens at a public hearing; particularly those who lend them support in looking ahead to continued orderly, municipal growth.

—V. GLENN COOTES

Marquis Childs

Foes Seize On U.S. Differences

WASHINGTON—In scoring critics of their Viet Nam policy officials of the Johnson Administration come down hard on one point—any evidence of dissension will be taken within the Communist world as a sign that the United States does not intend to stand by its commitment to South Viet Nam.

INTELLIGENCE reports are said to show that North Viet Nam is making extensive use of the big student demonstration in Washington. In radio broadcasts and with the use of filmed excerpts wherever it is possible the rally on the Washington Monument grounds and in front of the White House is billed as showing the deep divisions in American opinion. Propagandists encourage the conclusion that America will not see it through and that continued support for the Communist Viet Cong must mean a victorious end to the war.

WHETHER ANY criticism or attack—sober discussion of alternatives, shouting student rallies, all-night teach-ins—influences policy is doubtful. How large a body of opinion all of this represents is also doubtful. The President has given no indication that he will be swayed from a determination to prosecute the war unless and until North Viet Nam signals a willingness to stop furnishing men and supplies for the "war of liberation" in the South.

So far has the direct American involvement gone that military men are inevitably more and more making the decisions. If you take two steps then you must take four in order to protect the position you have just reached with two steps. This is a process as old as military history and it is going forward at an increasingly rapid pace.

AT THE MILITARY conference in Honolulu last week the dimensions of a very large step were defined. Printed reports have thus far underestimated its scale. Within a few months, certainly by the end of the year, the number of American ground troops in South Viet Nam will be doubled. The total will be well over 60,000.

No one at this writing is prepared to say that any such enlargement of the American force is to be put in the works. One reason is that it counteracts the optimism that Ambassador Maxwell Taylor expressed when he was in Washington little more than a month ago. Taylor's hopefulness was the rationale for planning that contemplated a very large increase in the South Vietnamese armed forces and only a small jump in the number of American trainers and advisors.

BUT, AS SO often before, that optimism has been blasted by subsequent reports of the growing strength of the Communist guerrillas and also by the persistent difficulty in recruiting Vietnamese manpower.

A totalitarian state is peculiarly susceptible to autointoxication with its own propaganda. The Nazis were convinced in 1939 and 1940 that the United States would never come into the war. They listened to the isolationists who were filling Madison Square Garden and a hundred other meeting places night after night to hear speakers who pledged that America would never become involved in Europe's war.

SOMETHING LIKE this same autointoxication may be going on in Hanoi and even in Peking. Surely Moscow, having lived in the real world for several decades, must know that the sound and fury of demonstrations signify little. Shaky governments holding on with marginal power in impoverished countries may be overthrown by student riots but not in the West.

Art Buchwald

The Tiger

WASHINGTON—The automobile is becoming the No. 1 virility symbol in the United States. Not only are they putting tigers in people's tanks as well as the back seat, but the advertisements keep hinting that you're really not much of a man unless you're driving a Beep Beep or some other fast sports car.

A recent television commercial showed a sickly-looking fellow who was left out of everything until he bought a certain type of car. Suddenly his entire personality changed and the girls were beating down the windshield to get close to him.

IT WAS A very compelling commercial and so I decided to try it out. I went down to a Beep Beep dealer and asked him if I could try out the car for the afternoon. If I liked it, I'd buy it. He said okay.

I drove the car out of the garage and pretty soon my chest started to swell and my muscles started to tremble.

I looked in the mirror and could see a sneer on my face and danger in my eyes.

I put it into second. Suddenly I heard a siren behind me. The cop made me pull over.

"YOU WERE doing 30 in a 25-mile zone," he said. "Do you have any explanation?"

"I guess I'm just a tiger," I replied, chortling.

"Well, here you are, tiger," the cop said. "I'll see you down at the jungle."

I took the ticket and drove over to the Georgetown Drugstore, which is usually swinging around three o'clock on a Saturday afternoon, and parked it right in front by the door.

THEN I SAT and waited. A blonde came out and looked at the car. She came over as I expected, but instead of getting in, she said, "Would you mind moving so I can get my car out?"

I pulled up a little and she pulled out. I started back when a brunette in a tight knitted suit came over and said, "Have you seen a little boy of six with red hair?"

"No, lady. I'm just here waiting for somebody to break down my windshield."

She walked away in a huff.

I TURNED UP the radio, figuring music never hurt anything, and sure enough, a girl came strutting by with a little French poodle.

The poodle stopped by a white-wall tire and started sniffing.

"He wouldn't," I said to the girl.

"He's been trained to," she replied.

Some of the tiger went out of me.

I started to doubt the commercial when a gorgeous girl in a mink coat came rushing up.

"Are you going somewhere?" she said breathlessly.

"Sure, honey. Where do you want to go?"

HER EYES BLAZED, and she pointed behind her. "My husband's looking for a parking place." She walked over to her husband and said something to him.

I sped off before he could catch me and took the car back to the dealer.

"Well, how did it go, tiger?" the salesman wanted to know.

I winked at him. "Great, fella, but at this rate I'll die before my time."

Mine Mice

DONCASTER, England (AP) — Mice in the mines of Yorkshire have smaller tails but longer bodies than their cousins above the ground.

So says Michael Clegg, a Doncaster Museum naturalist after a study of mice in various habitats of the largest county in England.

Why mines mice have larger bodies and smaller tails is something Clegg can't answer. Maybe, he said, they had larger ancestors. And maybe conditions for mice are better down below than they are up above.

Commencement May Be Outside

The only place in Big Spring large enough to hold all high school graduates and relatives wishing to attend bacculaureate and commencement exercises is outdoors. There will be over 300 this year, according to Supt. Sam Anderson.

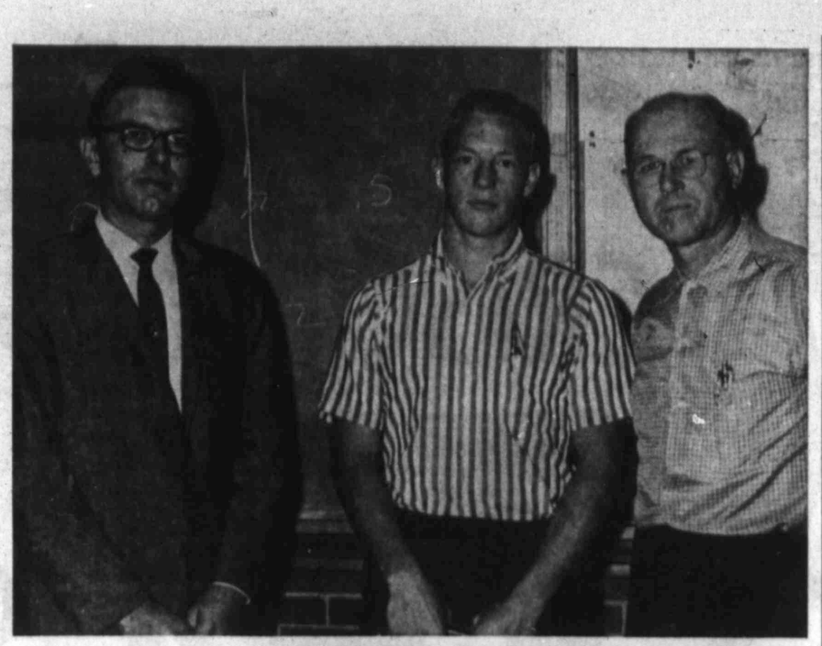

Following a discussion with school board members, an attempt will be made to hold both services in Memorial Stadium.

Baccalaureate services are scheduled for May 23 and commencement May 27, both in the evening.

"With over 300 students this year the problem of space for just a part of their families is being faced," he said. "The Municipal Auditorium will seat 1,440 persons. If the graduates are seated, that leaves 1,140 seats for an average of only 3.8 relatives per senior. Of course weather conditiions will determine what we can actually do, but the stadium seems the only local place to hold services in good weather."

Based on past experiences, Anderson said, it would be necessary to hold the municipal auditiorium in readiness in case weather drives the services inside.

"In that case we will have to pro-rate tickets for relatives in advance so that no confusion will result at the door," the superintendent said. "We want the public to be able to attend if possible, but all we can do right now is hope for good weather."

Win Awards

Two young men, one from Big Spring High School and one from Coahoma High School, have been awarded engraved slide rules by the Texas Chemical Council. These are in recognition of being named the outstanding graduating science students in their high schools. Above, Jerry G. Jenkins, Cosden Oil and Chemical executive who made the awards, is with David H. Perron, Big Spring, and David's instructor, Douglas Whitley. Below, Larry Allen Newman, Coahoma, and his instructor, P. A. Wynn, admire his slide rule.

Area Students Are Given Chemical Council Awards

Texas Chemical Council awards were handed Wednesday to David H. Perron and Larry Allen Newman as the outstanding graduating science students of Big Spring and Coahoma High Schools. Jerry G. Jenkins, manager of licensing and chemical development for Cosden Oil & Chemical company, made the presentations in classroom ceremonies at the two schools.

The students were selected by faculty members of the schools' science departments on the basis of scholarship, imagination, scientific aptitude and completion of at least two years each of science and math.

Each of the council awards was a slide rule, engraved with the student's name and recognition of his accomplishment. More than 140 such presentations have been taking place throughout Texas as a highlight of Chemical Progress Week, April 26-May 1. Tom Anderson, Point Comfort, president of the Texas Chemical Council, says the awards are made annually to reward and stimulate outstanding scientific achievement by young people.

Perron is the son of Lt. Col. and Mrs. Gregory H. Perron, 68 Ent Drive. He has been in the Big Spring schools only one year, having traveled extensively as a member of an Air Force family. He transferred last September from Oslo, Norway, and previously had studied in Tokyo, Japan. While in Norway he participated in football, basketball, ice hockey and snow skiing, and was a member of the Science Club. In Big Spring he has lettered in tennis. His scholastic average is above 90. He expects to major in engineering, hopefully at either the U.S. Air Force Academy, Texas A&M University, or Texas Tech.

Newman is the son of Mr. and Mrs. Gerald Newman, Route 1. He has been president of the Science Club and the Student Council, played basketball, and served as a photographer for football games. His scholastic average is 95. In 1962 and 1963 he won the science fair grand prize, and last year won the slide rule district contest. He plans to attend Texas Tech, to major in chemical engineering.

Thursday morning Jenkins was in Colorado City to present a council award to John Tiller, outstanding graduating science student of Colorado City High School. Tiller, who is the son of Mr. and Mrs. John Tiller, Route 3, Colorado City, ranks in the top 19 of his class of 110 students. He has been a member of the National Honor Society for two years, currently serving as vice president. He has played football, and been active in the Spanish and Math Clubs as well as the Future Teachers Association. His present plans are to enter either Rice or Texas Tech to major in math.

British Jet Due At Webb For Display

A Royal Air Force V-type bomber will be flown in from England to be at the Armed Forces Day celebration at Webb Air Force Base May 8.

The RAF Bomber Command has approved a static display of the large, medium-range jet bomber for Webb's Power For Peace show. Although visitors to Webb will not be permitted to board the bomber, the British crew will be on hand to answer questions and talk with spectators.

Webb Air Force Base will host one of only three of these planes to be displayed in the United States on Armed Forces Day. All citizens in the Big Spring and surrounding communities are invited by Col A. F. Taute, commander, to help show the British visitors the best in West Texas hospitality.

In addition to the British bomber and other interesting displays, there will be an air show featuring fly-bys by Webb's two jet trainers, the T-37 and the T-38, and a show by a team of F-104 Starfighters from the 331st Fighter Interceptor Squadron, stationed at Webb. Also included in the air show will be an appearance by Bozo, the clown helicopter.

The gates of Webb Air Force Base will open at 9:30 a.m., and a parade will officially start the day at 10:00 a.m.

Texas Students In Demonstration

AUSTIN (AP)—About 125 university pupils, mostly white, demonstrated for about two hours Wednesday night outside a lounge whose owner refuses to serve Negroes. Hecklers outnumbered the demonstrators about two to one.

Juror 'With Past' Fined

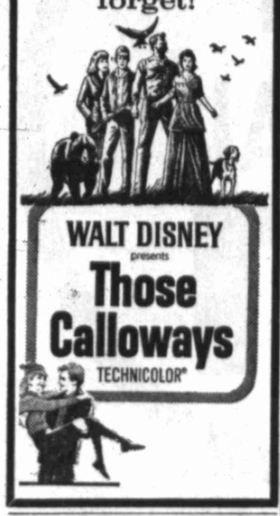

HOUSTON (AP) — Tears flowed as Ernest Collins, 51, told Dist. Judge Sam Davis he had been a good citizen and "kept the secret for the sake of my three children."

His secret for 33 years was that Collins, then a teenager, once drew a two-year prison term for forging a $17.50 check.

Davis sentenced him to three days in jail and fined him $100 Wednesday for serving on a jury which convicted John Davis of murder last month in the 1959 slaying of a brother-in-law, Charles Blore. The verdict was set aside and Collins was charged with contempt when it was learned he had served a prison term.

Sentences Set In Jap Demonstration

TOKYO (AP) — The Tokyo District Court handed down suspended sentences Wednesday ranging from 8 to 18 months for 22 left-wingers who organized the demonstration that resulted in cancellation of President Dwight D. Eisenhower's 1960 visit to Japan.

BEAUTYREST by SIMMONS

ORDINARY MATTRESSES have 200 to 300 wired-together springs. Push one down . . . and the other nearby springs sag down too. They can't support body hollows . . . give a "hammock" kind of sleep.

BEAUTYREST has over 800 individual springs . . . not tied together . . . each is in separate cloth pockets. Each spring works independently to push up under the back . . . give firm, buoyant support to all parts of the body.
