SOFT-HEARTED TAX COLLECTOR

Extra Time For Paying Taxes In Hardship Cases

WASHINGTON (AP) — Uncle Sam left the door ajar Saturday night for those who face hardship in paying their income tax in full on April 15 — but the burden of proof rests on the taxpayer.

Further, he must convince the Internal Revenue Service that the hardship results from underwithholding from his pay check.

The IRS, in a special announcement:

AVOID PENALTIES

— Warned all taxpayers that their returns must be submitted by the April 15 deadline to avoid severe penalties under the law.

— Urged taxpayers to pay the full amount due at that time if it is at all possible.

—Recommended payment of as much as possible if full payment "would result in undue hardship, as distinguished from mere inconvenience."

—Said those who do not pay in full will receive a bill for the unpaid balance.

—Instructed those receiving such balance-due bills to "promptly write or visit the nearest Internal Revenue Service office to arrange payment" over what IRS describes as "a reasonable period of time." It added that full payment should be made "as quickly as possible."

INTEREST

—Noted that interest at 6 per cent will be charged on unpaid balances.

Many taxpayers face problems in paying their 1964 income tax because insufficient money had been withheld from their wages or salaries.

This is because when the two-stage tax reduction bill was passed last year, the new withholding scale was put into effect at once on the basis of the full reduction which does not become effective until the tax bills for 1965. This was done primarily to inject more spendable income into the economy in 1964.

There was considerable publicity about this and many persons arranged to have employers increase sums withheld. And the IRS sent a notice to all employers pointing out the consequences of underwithholding and asked them to suggest that employes request adjustments in withholding.

IRS Commissioner Sheldon S. Cohen noted "There are a number of taxpayers who in good faith did not make such adjustment. These taxpayers may not have understood the need to do so in their particular case or they may have been unable to make such an adjustment as a result of circumstances beyond their control."

Cohen then concluded:

PAY BALANCE

"In such cases, if the taxpayer can demonstrate that the unpaid portion of his tax is due to underwithholding and that the immediate payment of the entire balance would result in undue hardship, as distinguished from mere inconvenience, the Internal Revenue Service will attempt to work out arrangements for payment of the balance over a reasonable period of time."

Johnson, Pearson Exchange Views

Viet Nam Talks Held Saturday

THURMONT, Md. (AP) — President Johnson met briefly with Canada's Prime Minister Lester B. Pearson in apparent amity Saturday but gave no sign he shares Pearson's view that a pause in air strikes against North Viet Nam might mark a first step toward peace.

At Johnson's invitation, Pearson visited the President for a couple of hours at the Camp David presidential retreat in the nearby Catoctin Mountains.

MORATORIUM

Meeting newsmen before they parted neither man volunteered anything about their joint discussion of Pearson's suggestion, put forward Friday night, for a temporary moratorium on American air strikes north of the 17th parallel.

However, Pearson did concede, in response to a direct question, that "We talked about Viet Nam."

Asked if he was satisfied with the Canadian position as expressed by Pearson, Johnson replied:

"It is not for me to pass judgment on what other countries do."

The President, obviously unhappy that the question of Pearson's plan for an air strike respite had come up, said:

"His visit has nothing whatever to do with Viet Nam or anything else you could blow up or make big or dramatic."

With that, Johnson terminated the 10-minute session with newsmen on a flagstone patio outside Camp David's Aspen Lodge —a patio affording a dramatic view of the haze-shrouded valley at the foot of the mountain.

A Canadian reporter broached the subject of Pearson's Philadelphia speech in a question he directed to the prime minister after Johnson had indicated he wanted to end the informal session with newsmen.

In response to the question, Pearson said:

"We talked about Viet Nam and a view that I have expressed last night and I don't want to say any more except to reiterate that in our government we have tried to understand the position of the United States in Viet Nam, as I underlined last night, and support that position."

Asked if he sees any obstacles to continued support of the American position, Pearson said, "No, I would just say we want to continue supporting U.S. efforts to bring peace to Viet Nam."

Incumbents Given Votes Of Confidence

An election day marked by warm spring temperatures had Big Spring and Howard County voters turn out to cast ballots Saturday in school trustee elections and return most incumbents to office.

In the Big Spring Independent School District trustee election, incumbents Dr. Carl Marcum, Joe Moss and Mrs. R. B. G. Cowper were re-elected.

Vote tallies were: Dr. Marcum, a total of 511 votes, with 435 at Big Spring High School box, 65 at Kate Morrison School, and 11 at Gay Hill School; Joe Moss, 503, with 431 high school, 66 Kate Morrison, and 6 Gay Hill; Mrs. Cowper, 471, with 404 high school, 60 Kate Morrison, and 7 Gay Hill; and Richard Egan, a total of 149 votes, with 108 at the high school, 32 Kate Morrison, and 9 Gay Hill.

In the election for Precinct One and Two posts on the Howard County School Board, incumbent J. D. Gilmore topped Jack Y. Smith in the Precinct Two race, with incumbent H. H. Rutherford, unopposed, elected in Precinct One.

Gilmore polled a total of 307 votes, with Smith tallying 172. By box, the totals were Gilmore, Big Spring High School, 36, Forsan School, 98, and Coahoma city hall, 173; Smith, Big Spring High School, 130, no votes at Forsan and 42 at Coahoma city hall.

At Coahoma, incumbent J. R. Bales was returned to office and W. W. Lepard elected, from the seven candidates on the ballot, for the two Coahoma Independent School District trustee posts.

Bales received 177 votes and Lepard 161.

By box, the candidates and votes were: Bales, Coahoma city hall 154, and Vincent Baptist Church 23; George Callahan, 31, Coahoma 30, Vincent 1; Travis Waller, 65, all at Coahoma city hall; Lepard, Coahoma, 137, and Vincent 24; C. C. Harrison, 97 total, Coahoma 94, and Vincent 3; Don Evans, total of 25, Coahoma 22, and Vincent 3; and J. T. Swinney, total of 42, Coahoma 40, and Vincent 2.

In the Forsan County Line trustee election, to fill two posts, incumbent Paul Lancaster was

COLORADO CITY (SC) — Three incumbent members of the Colorado City School Board, Warren Anderson, O. B. Trulock Jr., and Bill Carter, were re-elected without opposition in a light vote of 67 Saturday.

PICKETING, SINGING

Demonstrators Now In Marion

MONTGOMERY, Ala. (AP) — Groups of civil rights demonstrators picketed and sang "freedom songs" Saturday in Marion, Ala., as the state's bitter racial struggle moved into its 12th week.

Two groups of half a dozen persons each picketed in front of Marion business places. They carried signs reading, "One Man, One Vote" and, "We Won't Buy Again Until We Vote."

Shortly afterward, about 100 persons, including white clergymen, gathered in front of a church about a block away from the city square and sang for about an hour, facing the county courthouse.

They entered the church after a cool rain began falling and later dispersed.

The Negro voter drive gets new impetus Monday when boards of registrars open for the first of two days this month.

Plans for a three-stage economic boycott of Alabama brought more criticism. Roy Wilkins, executive director of the National Association for the Advancement of Colored People, said in Nashville, Tenn., that the boycott "is a two-edged sword that must be handled with great care."

Wilkins appeared on a Vanderbilt University symposium. The Alabama governor also took part. Wilkins told newsmen who asked about King's plan to begin action in Northern cities that, "The problems of Alabama haven't been solved yet, I believe."

Wilkins said the planned boycott would "require a very thorough study of all factors involved, including the very potent factor of public opinion."

In other developments Saturday:

Burned crosses, symbol of the Ku Klux Klan, were found at three places in Detroit. One was found at the home of Viola Liuzzo, white housewife slain March 25 by night-riders on an Alabama highway after taking part in a civil rights march. Police said the crosses were the work of pranksters or crackpots.

In Little Rock, Ark., memorial services for Mrs. Liuzzo were interrupted by a bomb threat at St. Andrews Catholic Church. The 150 mourners filed out. No bomb was found.

Alabaman Speaks Out For Racial Moderation

MONTGOMERY, Ala. (AP)— 'Alabama apparently stands alone in this hopeless defiance."

That cryptic analysis Saturday from the state's attorney general, Richmond Flowers, underscored a two-year struggle for racial moderation which has incurred the wrath of Gov. George C. Wallace.

"The leaders in Mississippi, and Louisiana, too, are just as much dyed-in-the-wool segregationists as anyone in Alabama," Flowers continued in an interview, "but they are sparing their states what Alabama is going through.

"They are speaking out for moderation. They are profiting from Alabama's mistakes where Alabama once could have profited from theirs."

The big, red-haired attorney general readily conceded that he is risking his political future by taking issue publicly with a governor whose popularity in Alabama must be recognized.

Nevertheless, he said he cannot escape the conviction that "There are three things the people might as well forget.

"Segregation as we know it is gone. Somehow, someway we have got to face it and adjust to it.

"Secondly, there's the civil rights bill. We have lost that fight.

"And on the matter of federal encroachment, we might as well quit bellyaching. This President and the one before him have let us know they're going to run us."

Evaluation Group Due

The visiting committee from the Southern Association of Colleges will arrive here this afternoon to begin its check on the self-evaluation by the Howard County Junior College faculty and administration.

The steering committee of the HCJC study, headed by Dean Ben Johnson, will have dinner with the visiting educators at 6 p.m., and at 7:15 p.m. there will be a brief reception for the faculty in the parlor of the Dora Roberts Student Union Building.

During Monday and Tuesday the committee will be making its check of the study and comparing against its own findings. By noon Wednesday the survey is due to be complete with probably a report to the steering committee.

Chairman of the visiting committee is G. H. Johnson, president of Pearl River Junior College, Poplarville, Miss.; Joe Fordyce, president of Central Florida Junior College, Ocala, Fla.; Dr. Wilson F. Wetzler, vice president of Manatee Junior College, Bradenton, Fla.; Mrs. Virginia Riggs, librarian at Hinds Junior College, Raymond, Miss.; and Wimberely Brown, dean of students at Columbus College, Columbus, Ga.

On the HCJC steering committee with Dean Johnson are Mrs. Dean Box, J. T. Clements, John Harley and Dr. W. A. Hunt, president.

Reviewing The

Big Spring Week

With Joe Pickle

Saturday's dawn was the sort that makes you want to sing, "Oh What a Beautiful Morning." April, so far, has started perfectly, though it will be a miracle if there are not several dusters before the month is out. But then the unprecedented cool weather during March worked a near miracle in blowless days. Statistically, it's still possible to have frost for the next two weeks, though not likely.

* * *

Little Mary Elizabeth Wise, injured more than a week ago as she ran across a street, died during the past week. Her death brought to five the traffic toll for the county during 1965—and four of those occurred in March.

* * *

Nor was this all the record of violence, for Mrs. Pat Henry lay in a hospital all week, her condition listed as critical, following a shooting. Charges were filed against her estranged husband, Elmo Henry.

* * *

Glasscock County Independent School District found a good market for its bonds last week selling the $175,000 issue voted Feb. 20. The issue went for 3.0257, thanks to an excellent financial rating and thanks also to a 10-year maturity. Bids may be asked by mid-April on buildings.

* * *

Saturday evening brings up another major event — the Jaycee - sponsored "Miss Big Spring" contest. This will be at the city auditorium, and for the first time is due to be televised. Speaking of the auditorium, Lois Hunt and Earl Wrightson said after their recent concert here that the PA system was the best

(See THE WEEK, P. 8-A, Col. 2)

Raids Striking Nearer Hanoi, MIGs Chased

SAIGON, South Viet Nam (AP)—U.S. air raids struck closer to Hanoi than ever before Saturday. U.S. Navy planes wrecked a bridge 65 miles south of the North Vietnamese capital and chased away three Red MIG jets that for the first time offered a feeble challenge.

While 60 planes from the carriers Coral Sea and Hancock were working over the bridge, 50 U.S. Air Force F100s and F105s were damaging another span 15 miles to the south.

TWIN STRIKES

The twin strikes brought the conflict ever closer to Hanoi's doorstep. The closest approach previously was an air raid March 15 on Phy Qui, 100 miles south of Hanoi.

Never before had Communist fighter planes challenged U.S. air might and this was not much of a challenge. The Navy said the MIGs made a pass at one U.S. Navy plane, probably fired a few shots, but made off into the haze before American fighters could get into firing position with their deadly sidewinder missiles.

The Soviet news agency Tass in a dispatch from Hanoi, said jet fighters of North Viet Nam "engaged American planes for the first time" and as a result of "the coordinated efforts of the air force, navy, antiaircraft units and home guard, 12 American planes were shot down."

Both bridges were on Route 1, the highway leading southward from Red China's frontier through North Viet Nam along the coast and on into South Viet Nam to Saigon.

MAJOR ARTERY

This is a major supply artery for North Viet Nam and when the day's work was done Route 1 was severed.

During the morning, 30 U.S. fleet carrier planes attacked the 500-foot railroad and highway bridge over the Nam Ma River at Dong Phuong. Pilots reported moderate damage but complained they could not see well in the haze.

It was during this operation that the MIGs appeared.

Capt. George H. Whistler, the Navy spokesman, did not say what type of MIGs they were. North Viet Nam is believed to have some old MIG15s and MIG17s and there have been reports Chinese Communists have flown some MIGs to Hanoi.

"I don't know if they (the MIGs) fired," Whistler said. "They probably did and missed."

In the afternoon, 30 A1 Skyraiders and A4 jet attack planes returned to the attack on the bridge, dropping 60 tons of 500- and 1,000-pound bombs. This time one span fell into the river and another was badly damaged the spokesman said.

JET HITS

One Navy jet was hit by antiaircraft fire during the afternoon raid but landed safely at the South Vietnamese base at Da Nang.

North Viet Nam's official Viet Nam news agency claimed "many waves of jet combat planes" plunged "deep into North Viet Nam'e territory to wantonly bomb and strafe many places" and 12 were shot down. It said many more were damaged.

Tornado Alert Is Cancelled

By The Associated Press

The cloudy cover over Texas broke up Saturday afternoon and temperatures quickly climbed into the 70s and 80s.

A few isolated thundershowers fell over the eastern third of the state.

The Weather Bureau issued a tornado alert for a large wedge of North Texas but cancelled it shortly after 5 p.m.

There was no severe weather.

The Weather Bureau defined the threatened Texas area as bounded by lines linking Wichita Falls, Jacksboro, Corsicana and Clarkesville."

Burned Crosses Found

Patrolman John Krok (left) holds a crude, charred cross found Saturday morning in the yard of Anthony Liuzzo whose wife was slain in Alabama after a freedom march on Montgomery. Patrolman Ross Bertram (right) exhibits another charred cross thrown to the sidewalk in front of Detroit's City Hall. A third cross was reported to have been thrown in front of an abandoned building which once housed the office of the NAACP, on Detroit's West Side. (AP WIREPHOTO)

Saturday's dawn was the sort that makes you want to sing, "Oh What a Beautiful Morning." April, so far, has started perfectly, though it will be a miracle if there are not several dusters before the month is out. But then the unprecedented cool weather during March worked a near miracle in blowless days. Statistically, it's still possible to have frost for the next two weeks, though not likely.

* * *

Little Mary Elizabeth Wise, injured more than a week ago as she ran across a street, died during the past week. Her death brought to five the traffic toll for the county during 1965—and four of those occurred in March.

* * *

Nor was this all the record of violence, for Mrs. Pat Henry lay in a hospital all week, her condition listed as critical, following a shooting. Charges were filed against her estranged husband, Elmo Henry.

* * *

Glasscock County Independent School District found a good market for its bonds last week, selling the $175,000 issue voted Feb. 20. The issue went for 3.0257, thanks to an excellent financial rating and thanks also to a 10-year maturity. Bids may be asked by mid-April on buildings.

* * *

Saturday evening brings up another major event — the Jaycee - sponsored "Miss Big Spring" contest. This will be at the city auditorium, and for the first time is due to be televised. Speaking of the auditorium, Lois Hunt and Earl Wrightson said after their recent concert here that the PA system was the best

(See THE WEEK, P. 8-A, Col. 2)

Tornado Alert Is Cancelled

By The Associated Press

The cloudy cover over Texas broke up Saturday afternoon and temperatures quickly climbed into the 70s and 80s.

A few isolated thundershowers fell over the eastern third of the state.

The Weather Bureau issued a tornado alert for a large wedge of North Texas but cancelled it shortly after 5 p.m.

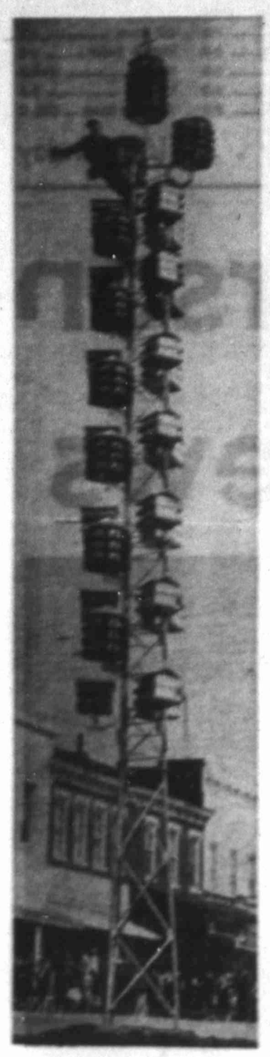

There was no severe weather.

The Weather Bureau defined the threatened Texas area as bounded by lines linking Wichita Falls, Jacksboro, Corsicana and Clarkesville."

Burned Crosses Found

Patrolman John Krok (left) holds a crude, charred cross found Saturday morning in the yard of Anthony Liuzzo whose wife was slain in Alabama after a freedom march on Montgomery. Patrolman Ross Bertram (right) exhibits another charred cross thrown to the sidewalk in front of Detroit's City Hall. A third cross was reported to have been thrown in front of an abandoned building which once housed the office of the NAACP, on Detroit's West Side. (AP WIREPHOTO)

BIRDHOUSE
. . . for 3,024

Birds Find Good Place To Build Nests

Jaycees in Griggsville, Ill., probably had several purposes in mind when they decided to erect a 40 foot tower with housing for purple martins. The tall apartment complex was followed by naming the town of 1,200 the "Purple Martin Capitol of the World."

Certainly, the Jaycees had one eye on the amount of publicity the structure would receive and the resulting tourist value. On the other hand, the apartment center will accommodate 504 families of purple martins, which numbers some 3,024 birds.

These swallows migrate to the area about this time each year to raise their families. Best of all, they consider mosquitoes a rare delicacy and the Jaycees reason it is better to have swallows eating these insects that inundate their city with poison sprays.

The mathematics of the plan is this: Each bird requires about 2,000 mosquitoes per day to survive, and by the time the occupants of this tower of apartments leave around Aug. 15 they will have dined on 651,168,000 mosquitoes.

The program has been underway for three years and has been remarkably successful.

For the martins, it makes for a fine nesting place. For this small town, it makes the summer months more comfortable, as well as attract a few tourists to spend a few bucks.

Holy Week Plans Are Announced

A series of noonday meditations, climaxed by the traditional sunrise service Sunday, will highlight Holy Week observances here, April 12-16.

Under the sponsorship of the Big Spring Pastors Association, brief meditations will be held from 12:30 p.m.-12:50 p.m. Monday through Friday at the First Methodist Church.

Speakers for these 20 minutes of inspiration will be:

Monday, the Rev. John C. Black Jr., minister of the First Christian Church; Tuesday, the Rev. W. M. Dorough, pastor of the Church of the Nazarene; Wednesday, Dr. R. Gage Lloyd, minister of the First Presbyterian Church; Thursday the Rev. Robert F. Polk, pastor of the First Baptist Church; and Friday, the Rev. V. Ward Jackson, pastor of the First Church of God. Everyone is urged to share in these quiet moments.

The lateness of Easter means that odds favor pleasant weather for the traditional sunrise services at the City Park amphitheatre.

The Rev. Black will call the service to order at 6:14 a.m. and will preside as president of the pastors association. Invocation will be by the Rev. Marvin James, associate pastor of the First Methodist Church; the Scripture will be read by the Rev. Jim Sharp, pastor of Wesley Methodist Church; the prayer by the Rev. L. D. Green, East Fourth Baptist pastor; the message by the Rev. Byron Orand, pastor of College Baptist Church. Ted James will direct the music and the Rev. Ramon Navarro, pastor of the Spanish Mission, will pronounce the benediction.

Members of the Kiwanis Club will serve as ushers, and proceeds from the offering will all go to the High School Bible Class, taught by Mrs. Elizabeth Johansen.

Criminal Jury Docket Set Down For Monday

A week of criminal jury trials is set to open at 10 a.m. Tuesday in the 118th District Court.

Judge Ralph Caton will sound it at 10 a.m. Monday. Wayne Burns, district attorney, has slated 13 felonies to go to trial. There was indication Saturday that a few of these defendants might elect to enter guilty pleas Monday when their cases are called.

One defendant on the docket, whose case had been set for trial, decided last week to plead guilty. He was Jesus Bustamente, under indictment for forgery by endorsement. He was given three years prison sentence.

Judge Caton has called a jury panel, originally 102 members in all, to report to his court at 10 a.m. Tuesday. It is his hope to start the first case on that date before the noon recess.

Burns said that in addition to the cases set for trial, it was probable he would move the dismissal of a number of old indictments on the district attorney's docket, and that he had been informed that Judge Caton proposed to dismiss others on the court's own motion.

The cases tentatively to be dismissed include two against Ralph Gilbert, convicted of the murder of Clayton Stewart, in 1959. The two indictments still pending against the defendant are for theft. Also slated to be dismissed, possibly by the court, are two cases against Andres Marquez. Marquez is serving a life sentence imposed in 1959 for the murder of a filling station attendant Gerald Bell. The pending cases are a burglary charge and an assault with intent to rob charge.

Several other older indictments, which have not been tried or where the defendant is already serving a prison sentence for another offense, are slated to be stricken.

"We want to get our docket more current," explained Burns. "There is not a chance that a great many of these cases, some six years old, will ever come to trial. It is doubtful, too, that some of them could be tried. In one case, for example, the principal state witness is in Okinawa. The case was tried one time and the witness brought — at great difficulty — to Big Spring from Okinawa to testify. The trial ended in a mistrial when the jury was unable to agree on a verdict. I doubt if this case can ever be tried. There are a number of others in which similar situations exist."

Judge Caton said that he felt as Burns did about the old cases.

"There is no reason," said the judge, "to keep these old cases alive. They will never be tried, and they accomplish no good by remaining on our docket."

Cases docketed for trial this week are:

Lincoln Brummett, forgery; John Peters, burglary; Bobby W. Beardsley, theft; Robert Earl Frymire, theft; Antonio DeLeon, theft; T. V. Thompson, theft by bailee; Paul A. Reeves, burglary; Harold Boy, theft; Willie J. Hubbard, DWI-2nd; Raul G. Baredez, burglary; Feliciano V. Gonzales, burglary of motor vehicle; Billy Dee Clark, DWI-2nd; and Meliton G. Montelongo, possession of marihuana.

Cotton Trailer Load Limit Is Given Increase

On Aug. 21, prior to the beginning of the High Plains cotton harvest, the maximum permissible gross weight of farm trailers used to transport cotton from field to gin will be increased from 10,000 to 15,000 pounds.

The act bringing about this weight increase has now been signed into law by Gov. John Connally. Available strippers in this area (21,014) can gather the crop approximately four times as fast as gins can gin it, and passage of this bill will promote maximum use of trailers for needed storage on gin yards, according to the Plains Cotton Growers.

Choate Elected Chairman Of National Foundation

Wade Choate was elected chapter chairman of the Howard-Glasscock Counties Chapter of the National Foundation for Birth Defects, at a meeting Thursday evening at the First National Bank Building. He was the 1964 campaign chairman. Other officers elected were Bo Bowen, vice chairman; Edith Gay, secretary; and Mrs. Bernard Rains, treasurer.

Executive committee will consist of the elected officers plus Mrs. H. A. Sherrill, county health nurse; Mrs. Tom Phillips, county welfare worker; and Dr. R. E. Koenig, chairman of the Medical Advisory Board.

Appointed to the Medical Advisory Board were Dr. Koenig, chairman; Bo Bowen and Mrs. Sherrill. Other board members are Mrs. Moree Sawtelle, Mrs. H. H. Stephens, W. C. Blankenship, George Zachariah and Mrs. Ronnell McDaniel, Garden City.

Patty Haralson, president of the Tri-Hi-Y Club, and Robin Gossett, president of the Hi-Y Club, will co-chair the teenage (TAP) program for the March of Dimes.

Their activities will include helping to raise funds and help with the work of the National Foundation in its fight against birth defects. They will enlist youth in Ackerly, Forsan, Coahoma and other communities of Howard County in this effort.

WADE CHOATE

There is a possibility that the Hi-Y and the Tri-Hi-Y clubs throughout the district will adopt the March of Dimes program as their project. This will be determined at a district meeting in Midland in the near future.

Both Patty and Robin are on the high school tennis team and both made contributions to the recent campaign drive.

Report of the 1965 drive indicates that contributions totaled $7,065.59. Of this amount, $881.33 went to campaign expenses; $1,520.77 to medical research; $2,281.17 to National Headquarters; and $2,281.17 is kept in the local fund to give aid to local cases.

Trainee Wanted

The U. S. Civil Service Commission announces an examination for Hospital Service Worker (trainee) starting at $1.25 per hour for employment at the VA Hospital. Information and applications may be obtained from the post office or from the executive secretary, Board of U.S. Civil Service Examiners, VA Hospital, Big Spring.

Applications Taken For Lions Summer Camp

Applications for attending a unique summer camping program are being accepted now by George Melear of the Downtown Lions Club.

The camp is Texas Lions Camp for Crippled Children, and those whose applications are completed attend the two-weeks camp at Kerrville at no expense. Lions even arrange transportation to and from the camp.

There will be five sessions of two weeks each starting June 6. During the camping season, about 720 children will be accommodated. Three sessions will be for boys and girls 7 through 11, and two for boys and girls, 12 through 16 .Sessions for the older groups are June 20-July 3 and July 18-31.

Applications must be made through a member of a Lions Club, and April 30 is a tentative deadline. Melear, who may be reached at 108 E. 17th, or at AM 4-7063, is handling applications for the Downtown Lions and will be happy to answer inquiries.

Children are asked only to bring their clothing, plus wheelchairs, crutches, braces or any other aids ordinarily worn or used. They should take no money, for there is nothing to buy. The best of professional care is provided, and youngsters will not be embarrassed in any manner. Camp administrators say that seldom does a child want to come home when his or her two weeks are over.

Texas Lions have an investment of about $750,000 in the camp and equipment. Last year's budget of $100,000 was supplied by assessing each Lion $3 a year. During winter months, the camp is used as an adult blind training center.

Student Council Elects Officers

STANTON (SC) — Student Council officers for the new school year are Guy Brown, president; Buddy Shanks, vice president; Brenda Dyson, secretary, and Mike Springer, treasurer.

At the recent 29th annual conference of the Texas Association of Student Councils held in Midland, Stanton was represented by these new officers, as well as Bill Johnson, principal of Stanton High School.

CITY LANDMARK UNDERGOES SPECIAL 'SURGERY'
Old Read residence being cut down for removal to new site

Another Historic Landmark Leaving

By SAM BLACKBURN

One of the residences that Big Springers of half a century ago proudly took strangers to see is disappearing from the community scene.

It is the old Read house, located on the southeast corner of Second and Scurry.

The house is undergoing a fantastic bit of carpentry. The lot it has occupied since the late H. Clay Read built it in 1915, is six or seven feet higher than the street level. Towering utility poles encircle it.

Charles Vaught, associated with the Big Spring State Hospital, has bought the old residence from Earl Read, the owner, and proposes to remove it from its present location to acreage he has on the Gail Road.

One expensive item in such an undertaking was to maneuver the 2½ story structure under the power lines. The utility companies explained that it would cost Vaught several hundred dollars if the lines were moved to permit removal of the building.

Vaught found a solution.

Wreckers are carefully taking off the roof and second floor of the building. The first floor is being left intact. In that form, it can be moved under the lines and on its way to the new location. There, it is understood, Vaught proposes to replace the upper floor and roof.

Read, who has the distinction of being the first baby born in Big Spring "of record," kept the lot.

"I sold Mr. Vaught only the building," said Read. "I intend to bulldoze the lot down to street level, top it with asphalt and make it into a parking lot."

Read's authority for his claim to being the first baby in Big Spring, whose birth was legally listed, is based on the testimony of the late Dr. J. H. Hurt, pioneer physician. He was born about a hundred yards east of the site of the house now being wrecked. "On Dec. 19, 1887," he says, "in the old T&P house." Dr. Hurt was the attending physician.

He recalls that his father built the house, now being moved, in 1915. It was a large house then and still is, for that matter.

"There were six big rooms upstairs," said Read, "and four downstairs, with an attached kitchen. We had two bathrooms."

He and his family lived there until after his father's death in 1942. His mother continued to live there for some years longer and moved to her son's hotel only when advanced years made it dangerous for her to live alone. She died a few years ago. Read and his wife lived in the old house until the hotel was built.

"I hated to sell it," he said, "but it was more or less forced on me by conditions. I am not as young as I once was and the problem of keeping up rental property—especially a house as big as that—is a difficult one."

YOUR INCOME TAX

Social Security Lump Sum Benefits Tax Free

This column of questions and answers on federal tax matters is provided by the Big Spring office of the U. S. Internal Revenue Service. It answers questions most frequently asked by taxpayers.

Q—I know that Social Security pensions are not taxable but now about Social Security lump sum death benefits? Are they tax free too?

A—Yes they are. All Social Security benefits, whether they come from the federal government or a state government under a federal program, are exempt.

Q—I receive a pension from my company. Is the entire amount taxable?

A—If your employer paid the entire cost of your pension, and you made no contributions to it, then the full amount of the pension is taxable. If you shared the cost of the pension then a part of your pension is your contribution to the plan and is tax free.

Check the instructions to Schedule B (Form 1040) for information on how to handle the pension if you shared its costs with your employer.

Q—What about strike benefits. Are they taxable?

A—It depends on the circumstances under which they are received. Strike benefits are taxable unless the facts show that the benefits were intended as a gift.

If you received strike benefits last year, check with our local office to see whether your benefits are considered taxable or not.

Q—Is April 15 always the deadline for individuals filing calendar year federal income tax returns?

A—Yes, unless the date falls on a Saturday or Sunday or legal holiday. In that case the next day, which is not a Saturday, Sunday or holiday, is the deadline. The April 15 deadline was set by Congress in 1954. It had been March 15.

Q—As a gift, my parents gave me $100 last Christmas. That would put my income for the year just over $600. Will this mean I have to file a return?

A—Gifts are not taxable income and do not have to be reported. Whether you are required to file a return or not depends on the amount of your other income. Here, since you had under $600 of taxable income you would not be required to file. However, if tax was withheld from your earnings you should file to get a refund of the tax withheld.

Q—How can I tell whether the interest on the bonds I own is subject to tax?

A—The interest on obligations of the U.S. or its agencies issued on or after March 1, 1941, and those issued by private businesses are fully taxable. The interest on bonds issued by state governments and their political subdivisions is not taxable.

If you are in doubt whether the bonds you own are tax-free, be sure to clarify this point before you file your return.

Q—As my contribution to our local church youth center, I built storage cabinets, book shelves and did some other carpentry work. Can I take as a deduction the hourly rate I get as a carpenter for similar work done for my employer?

A—The law does not permit a deduction for the value of the time or services you give to a charitable organization. If you donated the lumber you used, you can deduct its fair market value.

Q—Is it true that students are allowed a double tax exemption?

A—In one sense they are. A full-time student filing his own return should claim one exemption for himself. If his parent provides more than one-half his support then the parent can claim an exemption for him too, assuming the other tests of dependency are met.

Q—I have a question about the moving expense deduction. I moved in 1963 but the 39 week requirement was not up until 1964. Can I take this deduction on my 1964 return?

A—No. These expenses may be deducted only if they were incurred after December 31, 1963.

THE ARTS

Choir Sings In Odessa

The Howard County Junior College choir, under the direction of Gary Ebensberger, will appear Monday afternoon before the district meeting of Federated Music Clubs in Odessa. The choir, incidentally, is pointing now to its May 17 presentation of its traditional Festival of Light Music.

• • •

Something different is coming up this weekend when the Big Spring Little Theatre moves to the Howard County Fair barns for its presentation of "Stalag 17," that uproarious POW comedy. Because the arena of one of the buildings will be used as a stage, this will be a sort of theatre-in-the-round production.

• • •

Two young musicians well known here will be featured in the young artists program of the Midland-Odessa Symphony Monday and Tuesday. Jimmy Burleson, who was graduated from high school here and is now at Texas Tech, will be an oboe soloist, while Joan Matthews, Midland, student of Jack Hendrix at HCJC, will be piano soloist.

• • •

Some great times are coming up for the Big Spring High School choir. First, it will take a spring tour April 21-24 with appearances at Texas Wesleyan College in Fort Worth and North Texas State University in Denton. The climax will be a day at Six Flags before returning here late April 24. Then on the following Monday, April 26, the choir will be ready for its big spring event — the annual concert. Mel Ivey, director, is putting the program together.

• • •

Jack Hendrix, chairman of the HCJC department of music, will be in Houston Friday and Saturday for the annual meeting of the Texas Association of Music Schools. HCJC is a member of the association.

• • •

Johann Sebastian Bach's masterpiece, "St. Matthew Passion," will be presented at 8 p.m. today by the Motet Choir of the First Presbyterian Church and the adult choir of St. Andrew's Presbyterian Church. The place is the sanctuary of the First Presbytarien Church, 800 West Texas, in Midland. Appearing as a soloist will be Ira Schantz, member of the TCU music faculty and formerly at HCJC. He will sing the role of the Evangelist. The public is invited, and the church nursery will be open.

• • •

The delayed arrival of spring weather has shoved the annual Azalea and Spring Flower Trail at Tyler back to its latest time in history. The new dates are April 10-18. Leading off in a preview will be the Tyler Spring Flower Show this weekend. At the Garden Center building in Rose Park through April 12 will be a traveling exhibit from the Museum of Modern Art in New York City. This features religious paintings.

• • •

Those making summer plans may want to keep in mind these Casa Manana dates in Fort Worth: May 24-June 5, South Pacific; June 7-19, The Most Happy Fella; June 21-July 3, The Music Man; July 5-17, Roberta; July 19-31, Camelot; Aug. 2-14, 110 in the Shade; Aug. 16-28, A Funny Thing Happened on the Way to the Forum; and Aug. 30-Sept. 11, The King and I.

• • •

Two features of this city — the spring which gave the town its name and Scenic Mountain, are the subject of prose poems in a book of verse authored by an early contributor to The Herald. She is Mrs. Guy Leslie Thacker, Amarillo, the former Bernice Prichard. The poems are in a book, published by Naylor Company (1015 Culebra Ave., San Antonio) and called "A Part of His Plan." Title of the book, incidentally, came from a poem first appearing in The Herald. Mrs. Thacker, the daughter of Edgar and Anna Prichard, was born on the Bressie Ranch near Big Spring, and graduated from BSHS. Mrs. Irene Atkinson and Mrs. Hazel McCormick are her cousins.

• • •

Music lovers were pleased with the response to Luli de Frietas, who was presented in concert Thursday evening at HCJC. The 350 or more people represented the best turnout for one of these events outside of the traditional spring Light Music Festival. Students were especially attentive and warm to Senora de Frietas, Brazilian virtuoso.

Scientists Battle Dread Leukemia

GALVESTON — Stephan E. Ritzmann, M. D., of the University of Texas Medical Branch is one of seven scientists in the U. S. to receive five-year, $75,000 luekemia research scholarships under the Medical Scholarship Program of the national Leukemia Society, Inc. He is research assistant professor in the department of internal medicine and director of the immunohematology laboratory, a division of the hematology research laboratory under the direction of Dr. William C. Levin.

Announcement of the award was made last week by Martin Hassner, executive director of the Leukemia Society, an association dedicated to the conquest of leukemia through medical research.

Leukemia is a fatal disease in which an abnormal overproduction of the white cells of the blood retards their natural development, inhibiting their ability to fight ordinary infections. Simultaneously, the number of red cells and blood platelets may be reduced, causing anemia and improper clotting of the blood, with resultant hemorrhage, damage to vital organs and ultimate death.

"No one is immune to leukemia," Dr. Ritzmann emphasized. "It hits all races, sexes and ages. Although there is no known cure for leukemia, early detection and prompt treatment may add to the life expectancy and comfort of the patient."

According to statistics from the Leukemia Society, 50 per cent of the leukemia patients today remain alive at the end of one year of illness, whereas 10 years ago the figure was only five per cent.

Dr. Ritzmann's research is primarily concerned with those types of leukemia—the immunoproliferative disorders—that affect the immune mechanism of the body, the mechanism by which the organism combats infections.

One part of his research, supported by the National Institutes of Health, involves physico — chemical and immunological studies of paraproteinemias . . . those abnormal blood conditions associated with a particular type of leukemia such as myeloma and macroblogulinemia. In these conditions, Dr. Ritzmann explained, the plasma cells (which are responsible for the formation of immunne antibodies) multiply in an unchecked fashion. The production of such large amounts of abnormal immunoglobulins may result in the patient's developing bleeding tendencies, extreme sensitivity to cold, and other uncomfortable symptoms. The patient also frequently develops overwhelming infections because of a lack of normal antibodies.

Does an eyesight specialist other than one at TSO examine your eyes?

If so, you can still have your prescription for glasses or contact lenses filled at Texas State Optical, using only the finest quality lenses and frames — at reasonable cost, too.

TSO guarantees absolute accuracy in filling your ophthalmic prescription.

Select your frames from hundreds of fashionable styles and colors.

Consult your telephone directory for the TSO office nearest you.

Cindy Has More Dreadful Disease

By SAM BLACKBURN

Three weeks ago, tiny Cindy Matthews, her little legs supported by metal braces, posed for a picture to publicize the campaign to raise funds for handicapped youngsters. At that time, her parents and her friends believed Cindy had been felled by poliomyelitis.

Perhaps the little tyke would have been luckier if that really had been her plight. Sometimes little folk maimed by the crippler can be redeemed from their bad luck—if polio is the villain in the piece.

TINY TOT MAY BE CANCER VICTIM
Mrs. Clarence Matthews and daughter, Cindy

MORE DEADLY

For Cindy's problem is a much more dreadful and deadly thing than even polio. Cindy has cancer — lethal and inoperable.

Last week, her parents, gravely disturbed by their daughter's illness, took her to the famed M. D. Anderson Hospital in Houston. Surgeons made some tests.

Friday, the scientists told the parents the grim news — Cindy is not suffering from polio; her ailment is cancer. Tumors at the base of her spine are malignant. There's nothing the doctors can do.

Cindy is on her way back home.

The little girl is the daughter of Mr. and Mrs. Clarence Matthews, 1803 Morrison. She won't be three-year-old until June.

Early in December, Cindy began to run a temperature. Then she began to lose the use of her legs. She was in constant pain — a condition which becomes more and more acute. Her problem, at the outset, seemed to have all of the accepted earmarks of polio. As the days wore on she did not improve; indeed, her condition worsened from week to week.

PROVED TRUE

The distraught mother and father, acting on advice of their doctor, took Cindy to the famous Anderson hospital. What the parents had feared and what their doctor here had anticipated, has proved true — Cindy is suffering from cancer.

The father, who works for Cosden Oil and Chemical Co., had to come back to his job early last week. The mother, the former Margaret Barnfield, remained in Houston.

The grandparents, Mr. and Mrs. Carl Barnfield, 712 Lorilla, received a call from their daughter late Friday. Although nothing can be done to battle the disease, Mrs. Barnfield said that the surgeons at Anderson had been able to reduce the wracking pain the child has been enduring.

The Matthews have another child, Curtis David, aged 1¼ years. Mrs. Matthews, until her marriage, was a deputy in the office of Pauline Petty, Howard County clerk.

Meantime, friends of the Matthews, shocked and saddened by the tragedy which has befallen tiny Cindy, are rallying to the family's aid.

CHURCH HELP

The Matthews are members of the College Baptist Church and members of that church have started a fund to help with the mountainous expense Cindy's illness is certain to impose. Other friends outside the church are joining in the cause.

Wayman Clark, with Neel's Transfer, has agreed to act as receiving agent for any donations goodhearted folk may want to make to help the Matthews in their hour of need. He will welcome any inquiries.

WINGS OVER BIG SPRING

Boardings Up Here, Planes Being Fixed

By M. A. WEBB

Trans - Texas Airways boardings for March took a small jump over the February tally, with 179 recorded, according to office manager Dean Berry at Howard County airport. This was seven more than the 172 listed in February. Total for the first three months of 1965 now stands at 516. December boardings totaled 250, with much of that traffic due to the holidays. The March daily average was 5.7 passengers.

* * *

Two flying club airplanes are down for major overhauls this week. They are the Big Spring Flying Club's Cessna Skyhawk, and the Howard County Flying Club's Colt.

* * *

R. E. McClure, member of the Howard County club, came back from Abilene last weekend with his commercial license. He is now shooting for an instructor's rating.

* * *

Howard Loyd, airport manager, sold his Cherokee recently, and now has a new-looking Tri-Pacer in the hangar. Loyd also said he would soon have a new Cherokee 140 to be used for instructional purposes. He plans to go to the factory in Florida to bring back that aircraft, along with a Cherokee 180.

* * *

Flying activity was not too prolific this week at Howard County, possibly because two aircraft are down for overhauls.

Big Spring Flying Club members up in the Colt only, were: Norton (7), Weaver (6), Hopkins (2), Bartlett, Stanley.

Howard County Club members up were: Cherokee — Green (2), Dotson (3), Weaver, Brumley (2), Waller, McClure (three-day cross country); Colt—Waller (4).

Webb Aero Club members flying the two Cessnas were: Cessna 150 — McCue, Davidson, Sorenson, Milo, Hill (3), Morrell (5), Hubbard, Morrisey (3), Sammy, Milosevich, Sweeden; Cessna 172 — Jamison (3), Green, Foster (3), Mann, Maxon.

* * *

Members of the Northrup firm, building jet aircraft used at Webb AFB, flew in to Howard County airport Thursday in an Italian-made airplane. It was an unknown model in this area, although it was a six-place craft with push-type engines. The men aboard visited Webb AFB while here.

* * *

A lot of overhauling and repainting jobs are being done at Howard County now, in readiness for warmer and better flying weather when several airport-based planes will be making cross country flights on vacations.

Some flying club members, who have their licenses, are making plans for long trips this summer.

* * *

Several areas are also getting ready to hold air shows and fly-ins to get aircraft moving. The idea is to get pilots up before breakfast for flights to some of these get-togethers, and enable them to return home in time for supper.

Band Boosters Schedule Concert

COAHOMA (SC) — The Band Booster Club is sponsoring a band concert Tuesday at 7:30 p.m. in the high school auditorum, the admission will be 75 cents for adults, 25 cents for students.

The fifth and sixth grade band will play and the high school choir will favor with several selections.

Take Care In Filing Return

Filing a carelessly prepared or incorrect federal income tax return is a sure way to get special attention from the Internal Revenue Service. However, this special attention has no benefits; just delay and additional cost of handling.

Administrative officer Joseph F. Gordon, of the Internal Revenue Big Spring office, points out six common items that delay the processing of returns. They are: (1) failure to attach W-2 forms, (2) no signatures, (3) tax information not legible, (4) failure to list dependents and exemptions, (5) failure to total deductions, and (6) failure to list Social Security number.

What happens when the taxpayer forgets one of the above? Gordon said the return must be specially handled and any refund will be delayed. If the taxpayer calls or writes about his refund, this inquiry takes clerical help away from the processing of correctly prepared returns. Thus, all returns are slowed up.

Review your return carefully when it is completed, Gordon advised. Put it aside overnight, then review it again the next day. After you are sure it is clear, complete and correct, mail it to Internal Revenue Service, Dallas, Texas.

Zoning Request To Get Hearing

A public hearing has been scheduled by the zoning board of adjustment for 4 p.m. Monday at city hall on a variance request from Floyd McIntire. The property involved is at 906 and 908 Ohio, lots six and seven, block one of the North Park Addition.

McIntire is requesting to move a frame residence on lot seven for residential use and later to move or build a house on lot six. The city's zoning ordinance prohibits the use of land in a heavy industrial zone for permanent residential use.

Lions Sponsor Circus Here

The Big Spring Evening Lions Club will bring the International Magic Circus to the City Auditorium for two performances Tuesday.

A matinee will be held at 4 p.m. and the evening performance at 8 p.m. Tickets for the show are $1.50 for adults and $1 for students between the ages of 15-18. Many merchants and professional people in Big Spring have purchased tickets for free distribution to elementary age children for the matinee performance.

Tickets are available from any member of the Evening Lions Club or at the ticket sales office in the Downtown Tea Room. Tickets will also be available at the door prior to each performance.

The two-hour variety show is headlined by Steve Baker. Baker was a featured stunt man in the Wagon Train television series and doubled for Mickey Rooney in the movie "It's a Mad, Mad, Mad, Mad World."

Other acts include the Vanguards, who will present a musical comedy routine, Cole's Equilibrist, and Dum-Dum, pantomime clown. A new act recently added to the show is the Windjammers, a folk singing quartet, plus others.

ferti-lome ROSE FOOD

containing systemic insecticide

easy, sure way to feed your bushes and control insects

Troublesome spraying and dusting is unnecessary to control certain insects when you feed your roses with new ferti-lome Rose Food containing Systemic Insecticide. Monthly feedings will produce vigorous bushes, colorful blooms and control piercing and sucking insects. The Systemic Insecticide is absorbed by the roots and gives invisible protection in old and new growth against aphids, lace bugs, leaf hoppers, mites, thrips, whiteflies, birch-leaf miner, pine tip moth, misoso webworm, red spider mites and other piercing and sucking insects. Contains cottonseed meal, bone meal, blood meal, chelated trace elements from Multi-TRACIN in addition to primary plant foods for a proper diet for all roses. 5 lb. box feeds 50 average bushes. Handi-measure in each box for easy application

E. E. EVERETT

Everett Ends 25 Years With Shell Oil Co.

E. E. Everett, a mechanical technician for Shell Pipe Line Corporation's West Texas Division, Colorado City district, will complete 25 years of service April 7. Everett was employed by Shell Oil Company in 1940 as a mechanic's helper in McCamey and went to work for Shell Pipe Line the following year as a laborer in Denver City. Since then he has been an assistant mechanical maintenance supervisor in Wink, a field maintenance mechanic in Hobbs, and a mechanical maintenance supervisor in Wink and Big Spring. He has been a resident of Big Spring since 1949.

Mr. and Mrs. Everett, the former Ada Appling of McCamey, live at 1710 Alabama in Big Spring. They have a son and daughter, both married, and two grandchildren. He is a member of the Masonic Lodge.

March Potential Shows An Increase

The number of well completions in March went up in the eight-county area of the Permian Basin around Howard County — as did the potential production — over the February report.

Completions were down from the January figures, but potential was still up to 4,370 barrels daily, as compared to 4,091 in January.

Sterling County showed four completions, but two of these were good for 660 and 627 barrels daily. That county's total potential, including a wildcat good for 415 barrels, was 1,768 barrels daily.

Dawson County, with seven completions, accounted for 1,357 barrels potential, while Howard County, with 17 completions showed a potential of only 835 barrels.

There were eight wells plugged and abandoned in March in all eight counties, and 34 locations staked.

Sunset International Petroleum Corporation brought in two new wells in the Triple M (Wolfcamp) field of Sterling County, and W. A. Moncreif and Champlin Petroleum Corporation listed a WAM pool completion as a Fusselman discovery 12 miles southwest of Sterling City, and five and a half miles south of the depleted Wolfcamp strike in the WAM pool.

Sunset's No. 2-64 Sellers, potentialed at 660 barrels of 36.3 gravity oil, while the same operator's No. 4-65-B Sellers, potentialed at 627 barrels of 36.2 gravity oil. Both were drilled to 6,800 feet and better.

The Moncreif and Champlin No. 1 Fay Hildebrand potentialed 415.18 barrels of 49 gravity oil from perforations beween 8,651-77 feet.

Howard County was first in new locations with nine, while Sterling County was second with eight.

Small Hike In Rotaries

A small increase, seven units, was reflected in the 188 reported on the Friday survey of rotary drilling units with bits on bottom in the Permian Basin conducted by Reed Roller Bit Co.

This still is 16 fewer than the 204 reported for the comparable week in 1964. Lea County, N. M., down in the period from 28 to 25, is first place on the count.

Pecos County with 19, down one, is second and Ector and Ward counties, each with 11, are tied for third place. Ector gained five and Ward had the same figure as last week.

The county-by-county survey, with previous totals in parenthesis:

Andrews 9 (12), Chaves 9 (9), Coke 1 (1), Crane 6 (5), Crockett 3 (3), Crosby 0 (1), DAWSON 8 (8);

Ector 11 (6), Eddy 8 (7), Fisher 1 (0), Gaines 6 (6), GARZA 1 (1), GLASSCOCK 1 (2), Hockley 4 (4), HOWARD 5 (3);

Jeff Davis 0 (1), Kent 1 (0), Lamb 2 (1), Lea 25 (28), Midland 3 (3), MITCHELL 1 (1), Nolan 1 (0);

Pecos 19 (20), Reagan 2 (5), Reeves 4 (5), Roosevelt 4 (6), Runnels 3 (2), Schleicher 3 (3), Scurry 1 (1), STERLING 3 (2), Stonewall 2 (2), Terrell 2 (1);

Terry 2 (2), Tom Green 1 (1), Upton 6 (5), Ward 11 (11), Winkler 10 (10), Yoakum 9 (3). Totals 188 (181).

California Reserves Take Jump In 1964

By MAX B. SKELTON

HOUSTON (AP) — California made an about face in 1964 after a 10-year downward trend for finding new crude oil reserves.

A 525 million-barrel increase for California was the brightest spot in the annual proved reserves estimate released last week by the American Petroleum Institute.

California's gain last year was the largest for any state since Louisiana boosted its reserves by 616 million barrels in 1959.

By contrast, California had seen its reserves decline 289 million barrels from 1954 to the end of 1963. A population boom during the same period also prompted a California demand for petroleum products far in excess of the state's crude oil production.

SEARCH CONTINUES

Aggressive search for new California reserves is continuing. There were 100 rotary drilling rigs in action there last Monday, compared to 76 a year earlier. The nationwide total of 1,293 rigs was 110 below the year earlier level of activity.

The healthy California increase prevented United States reserves from declining a fourth straight year.

Domestic reserves of 30.99 billion represented a net increase of 20.5 million barrels, even though 1964 saw a record production in excess of 2.6 billion barrels.

The record for domestic reserves was 31.75 billion barrels at the end of 1961.

Only seven of the 24 states with sufficient reserves to rate individual estimates recorded 1964 increases. Of the top 14 producing states, only Louisiana and California had increases.

PROVED RESERVES

The new estimates reflect an industry trend in recent years to place greater emphasis on extending proved reserves than on expensive wildcat operations in unexplored areas.

Extensions and revisions in proved areas made their strongest gain since 1956, boosting reserves 2.3 billion barrels. Wildcat operations found new fields and pools with reserves estimated at only 346 million barrels, the lowest since 1960.

Actual production wiped out all but 20.5 million barrels of the 1964 additions to reserves.

Natural gas reserves and production jumped to record levels.

The American Gas Association estimates year-end gas reserves at 281.2 trillion cubic feet. The 5.1 trillion increase was the second largest in five years but was dwarfed by a 14 trillion cubic foot gain in 1956.

Gas production exceeded 15 trillion cubic feet the first time.

TOP 12 STATES

The top 12 oil reserves states remained the same as in 1963 —Texas, Louisiana, California, Oklahoma, Wyoming, New Mexico, Kansas, Illinois, North Dakota, Mississippi, Colorado and Montana.

A 54 million-barrel decline, however, dropped New Mexico reserves to 956 million barrels and knocked the state out of the billion-plus category.

Utah edged ahead of Arkansas to rank No. 13 and Ohio moved in front of Pennsylvania to No. 16. Alaska climbed out of the miscellaneous category to take the No. 18 spot from Nebraska.

A 308 - billion - cubic - foot increase moved Arkansas into the No. 10 position among gas reserves states. Alaska took over No. 11 as Colorado, with a 147-billion - cubic - foot decrease, dropped from No. 10 to No. 12.

The top nine gas states are Texas, Louisiana, Oklahoma, Kansas, New Mexico, California, Wyoming, Mississippi and West Virginia.

Speakers Named For Tech's Short Course

LUBBOCK — Names and subject matter, of seven speakers at Texas Tech's 12th annual Southwestern Petroleum Short Course have been announced by J. W. Graybeal of Wichita Falls, conference general chairman.

The seven speakers who will present technical papers during the two-day meeting April 22-23 on the Tech campus are Harvey R. Sigler Jr., Los Angeles, Calif.; Gerald R. Bond, and Jon T. Moss of Dallas; William E. Fickert, Midland; Jack H. Riddle, Odessa; James H. Richards, Philadelphia, Pa., and Max Gibbs, Monahans.

Sigler, engineering department head with Lockheed Electronics in Los Angeles, is scheduled to appear on "Oil Well Monitoring Systems," and his paper falls in the category on production lease facilities.

"Advancements in Artificial Lift Equipment and Practices for Slim Hole Completions," will be Bond's topic. He is hydraulic sales engineer with the Fluid Packed Pump Division of Armco Steel, and will speak generally under the "Production—Artificial Lift" heading.

Moss, president of TOR Developments, Inc., of Dallas, playing a double role in the short course, will discuss "Ignition Equipment and Procedures for Thermal Recovery Projects," in the "Case Histories and Reservoir Operations" category. He will also be a member of the conference feature panel.

Fickert, a partner in the Ryder-Scott petroleum engineering firm, will discuss "Economics of Waterflooding in Grayburg Dolomite in South Cowden Field." He will state that "the profitable development and operation will continue for at least 18 more years, and the cost of producing waterflood barrels is greater than for primary barrels on the basis studied."

Riddle and Richards will team to present a paper on "External Treatment of Feed Water Streamers." Their paper, under the Production-Corrosion Control heading, will include a general discussion of external treatment for feed water to boilers, including aeration, softening, silica removal and other external treatments.

Gibbs, district engineer with the Halliburton Co., will submit a paper on "Primary and Remedial Cementing in Fractured Formations."

Form Filling Costs Sun Oil $1,000,000 Year

PHILADELPHIA—A Sun Oil Company executive has charged that it costs his company nearly $1 million a year to fill out forms and participate in regulatory proceedings for just one Federal bureau.

Charles E. Webber, director of Sun's natural gas administration, said that since the Federal Power Commission started regulating producer sales of natural gas in 1954 Sun has spent over $5 million merely to comply with FPC rules and regulations. The cost currently runs nearly $1 million annually, and "does nothing except enable us to comply with the Commission's rules."

Named Directors

HOUSTON (AP) — A Canadian banker and a former Texas congressman have been elected directors of the Continental Oil Co. They are Neil McKinnon of Toronto and Lloyd Bentsen Jr. of Houston.

Wildcatters Bring In 33

AUSTIN (AP)—Texas wildcatters brought in 28 gas and five oil wells during the week, Railroad Commission said Saturday.

A total of 133 oil wells were completed, bringing the year total to 1,831. A total of 2,208 were completed during the period in 1964.

Gas well completions totaled 97, bringing the year total to 893, compared to 730.

A total of 154 wells were plugged, 90 of them dry holes.

The total average calendar day allowable was 2,890,983 barrels, a decrease of 84,192.

New Recovery Unit Construction Starts

MIDLAND — The Atlantic Refining Co. has begun construction of facilities for a secondary recovery program covering approximately 8,000 acres in the sprawling Wasson (San Andres) field of West Texas, Robert T. Cox, manager of the firm's North Permian District has announced.

Cox said the Willard Unit, in Yoakum County, became effective April 1 with Atlantic as operator.

Most of the injection wells have been converted, and the initial injection system is complete, Cox said. Water injection to maintain reservoir pressure will begin soon, and Atlantic anticipates the program will increase the unit's ultimate recovery by 67.5 million barrels of oil. Cumulative production to date has been approximately 51 million barrels.

The unit has 199 producing wells and one more will be drilled. Atlantic experts average daily production to increase from the present 12 to a peak rate of 30 barrels of oil per well per calendar day.

Water will be injected into the producing formation at a rate of 1,000 barrels per day through each of 26 wells spaced around the unit's periphery.

In addition to Atlantic, others with major interests in the unit include Pan American Petroleum Corp., General American Oil Co. of Texas, Humble Oil and Refining Co., Oil Development Co. of Texas, Texaco, Inc., Texas Pacific Oil Co., American Petrofina Co. of Texas, Husky Oil Co., Mabee Petroleum Corp. and Sinclair Oil and Gas Co.

ferti-lome ROSE FOOD

containing systemic insecticide

easy, sure way to feed your bushes and control insects

Troublesome spraying and dusting is unnecessary to control certain insects when you feed your roses with new ferti-lome Rose Food containing Systemic Insecticide. Monthly feedings will produce vigorous bushes, colorful blooms and control piercing and sucking insects. The Systemic Insecticide is absorbed by the roots and gives invisible protection in old and new growth against aphids, lace bugs, leaf hoppers, mites, thrips, whiteflies, birch-leaf miner, pine tip moth, misoso webworm, red spider mites and other piercing and sucking insects. Contains cottonseed meal, bone meal, blood meal, chelated trace elements from Multi-TRACIN in addition to primary plant foods for a proper diet for all roses. .5 lb. box feeds 50 average bushes. Handi-measure in each box for easy application

CELEBRATING NATIONAL WANT --- AD WEEK

Big Spring Daily Herald

SPECIAL "Want Ad" OFFER

APRIL 4-10

GUARANTEED RESULTS

Place a word Ad for 6 Days . . . If You Do Not Get Results . . . We'll Run The Same Ad 6 More Days Absolutely "Free!" (offer applies to word ads only.)

HERE ARE THE SIMPLE RULES

Ad size is 15 words or more . . . but you may place as many ads as you like.

If the advertisement is cancelled because of results, before the first six-day order has expired, you will be billed for only the number of days the advertisement appeared at the Regular Want-Ad Rate.

Between April 4 and April 10, place a 15-word Want-Ad in The Herald for six consecutive days . . . if your Want-Ad has not produced satisfactory results at the end of six days, The Herald will publish it for an additional six consecutive days without any additional charge! You don't have to call us at the end of the first six days unless you call to cancel. If we do not hear from you, we will automatically continue it for another six days.

HERALD CLASSIFIED AD

Col. Tyldesley Arrives At Webb

Lt. Col. Robert H. Tyldesley reported to Webb Air Force Base recently and has assumed duties as the 3560th Air Base Group Executive Officer, replacing Lt. Col. Thayne L. Thomas, who will retire at the end of April.

COL. R. H. TYLDESLEY

Col. Tyldesley comes to Webb from duty with the USAF Recruiting Service. He was the commander of Detachment 504, Fort Wayne Army Post, Detroit, Mich.

The colonel is a 23-year service veteran and has spent nine years overseas.

He was born in Central City, Ky. He began his service career as a private in April, 1942.

In July, 1942, he went through flying training as an aviation cadet on the West Coast, and became an instructor pilot in Florida.

He served as a night fighter pilot with the 548th Night Fighter Squadron in the United States and in the Far East; then took command of the 418th Night Fighter Squadron in Japan and Okinawa.

In the late 1940's Col. Tyldesley served as assistant group operations officer, and night fighter pilot with the 325th Fighter Group at bases in California, Florida and Washington.

The colonel was assigned to Headquarters Military Air Transport Service at Andrews AFB in 1952 where he served as chief of the maintenance branch. He remained with MATS until 1956, when he went overseas to the Northeast Air Command. In his four year tour he had duties as assistant group operations officer and deputy group commander with the 6th Air Rescue Group at Pepperell AFB, Newfoundland, and rescue operations officer with the 54th Air Rescue Squadron, at Goose Bay, AB, Labrador.

In 1960 he came to Texas and was the chief of operations services division with Headquarters Amarillo AFB Technical Training Center.

In 1963 he went into recruiting service.

He has majored in military science from the University of Maryland, while he has been in the Air Force.

The colonel is married to the former A. Marie Hunt of San Francisco. The Tyldesleys have two children: Robert, 15, and Linda, 14.

Changes Hours

STANTON (SC) — Postmaster William Morrow has announced there will be no mail boxed or worked on Sunday afternoons, but those wishing to post out-of-town mail may drop them in the box just outside the post office. This mail will be picked up by truck on Sunday afternoons and carried to Midland where it will be dispatched.

Rainfall Picture Continues Bleak Through First Quarter

Howard County seems to be getting drier by the year. So far, for the first three months of 1965, the rain gauge at the Experiment Station shows a total of only 1.79 inches.

Comparative averages, taken since 1900, show: 50-year average for the first quarter, 2.20 inches; 60-year average 2.09, and 65-year average 2.08. The 1965 total is .29 inch below the 65-year average.

But April and May should be better, if the 65-year average is followed. During that time the April average is 1.58 inches, as compared to 1.69 during the first 50 years; May average is 2.76 inches as compared to 2.68 for the first 50 years and 2.86 for the first 60 years. One day's rainfall, in 1950, measured 7.99 inches, to help raise the over-all average.

The January rainfall, this year, was only .27 as compared to the over-all average of .59 inch. February brought 1.51 inches as compared to a .68 average, and March saw only .01 inch as compared to an .81 average.

Over the 65-year period there have been 12 January days showing over one inch, and three of those days showing over two inches. February shows 14 days with over an inch, one day over four inches, and two days over three inches. March figures show 21 days with over one inch, one day over three inches, and six over two inches.

Showers Moisten Parts Of County

Most of Howard County was touched by brief showers which dropped varying amounts of moisture about 9 to 10 p.m. Friday night, with the largest measured amount .2 inch in the east portion of Big Spring.

However, Texas Electric Company's Morgan Creek plant reported .56 inch of rainfall in the shower.

Official reading at the experiment station north of the city was .05 inch Friday night.

Most areas of the county reported light showers, with aoout a tenth of an inch reported at Lomax and somewhat heavier moisture south of the community.

Moss Creek Lake reported an amount similar to that recorded in Big Spring. The brief shower at Knott was mixed with some blowing sand and in the southwest part of Howard County the rain was reported as "just enough to wet the top of the ground."

A trace was reported at Coahoma, Forsan and Elbow communities.

The temperature dipped to 52 degrees Friday night, after reaching a high of 87 during the day.

Stanton Lions Pick Officers

STANTON (SC) — The Stanton Lions Club new slate of officers, to be installed on July 1, are Bob Cain, president; John Wood, first vice president; Jack Ireton, second vice president; Roy Pickett, secretary-treasurer; Dr. Allen Fisher, Liontamer; Tom Ed Angel, tailtwister; Rev. Claude LeMond, chaplain, and Pauline Wood, Lion sweetheart.

New directors are Paige Eiland, James Wheeler, and Euel Ferguson. Holdover directors are James Jones and Dr. Allen Fisher.

School's New Radio Tower Put In Place

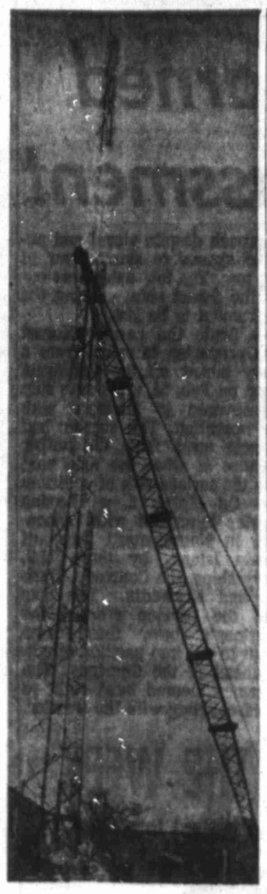

A new radio antenna tower, standing 130 feet from the ground, is now up at the old South Ward School building, and a 10-foot antenna will go on top of that.

The radio system, for Big Spring Independent School District, will start out with a base station at the school business office, and two mobil units in the maintenance supervisor's pickup, and in another maintenance department truck.

The antenna tower was purchased from W. D. Caldwell, who erected it for the school district. Base has been in for some time, but the setting up was postponed until the station license was secured.

FKA-533, operating on 461.15 megacycles, will enable faster service in the maintenance department, without having to have a man get in a car and hunt up the superintendent or others. Mobil units will later be placed in at least two school buses operating the greatest distance from the school, for emergency use.

The present equipment, with radios purchased through the Civil Defense, was installed at about half the price of similar stations purchased outright, Pat Murphy, business manager said. Total cost, to be paid for operation from maintenance funds, is not to exceed $3,650.

GOES UP
... for schools

"The total height of the tower and antenna will be 140 feet," he said, "and will be 10 feet under the 150 maximum permitted in areas where aircraft are flying.

Reds Warned Of Harassment

WASHINGTON (AP) — The nited States complained to the Soviet Union again Saturday about Russian vessels harassing American warships in areas of the world.

A note delivered to the Soviet Embassy said Russia will bear full responsibility if dangerous interference with U.S. Navy operations causes a collision.

Russia has protested that American aircraft have buzzed Soviet shipping.

Saturday's State Department note listed four recent specific incidents, among them one involving the American Polaris submarine Lafayette. The note said the Russian ship Zond crossed six times close off the bow of the submarine about 35 miles off Cadiz, Spain on Feb. 16.

The new note coincided with reports that Russia is expanding her submarine operations throughout large areas of the world, and its submarines have been sighted in the Pacific as far south as the Philippines.

Other incidents cited in Saturday's State Department note included:

— A Russian ship steamed within 75 feet of the stern of the U.S. survey ship Dutton while the latter was towing an instrument for measuring earth magnetism in the eastern Atlantic on Jan. 7.

The Russian ship continued to approach despite visual and audible signals to stand clear of the tow. The tow cable was cut by the Soviet ship, causing the instrument to be lost.

— While the carrier Hornet was preparing to refuel from a Navy tanker off the California coast on Feb. 24, a Russian ship maneuvered to interfere with the operation. The carrier had to veer away from the tanker because of what the note said was the serious risk of collision.

— On March 2, a Russian trawler interfered with maneuvers in Narragansett Bay, off Rhode Island, by three U.S. Navy ships, the Courtney, Dartley and Keywadin. The note said the trawler crossed the Courtney's bow, then came about to get into position directly ahead of the Courtney. The Courtney steered hard right to avoid colliding with the trawler.

THE WEEK

(Continued from Page 1)

they had found in their current appearances.

• • •

Also on Saturday, the County Spelling Bee will be held at 10 a.m. in the HCJC auditorium. Many people have expressed interest in this but were not aware that the event is open to the public. Of course there is no admission, and everyone is invited.

• • •

Another organization is being added to the local scene. It is the 166th Texas chapter of the Sons of Hermann, which is being started here with more than a score of charter members.

• • •

The Easter Seal campaign for benefit of crippled children and adults has drawn to a close after perhaps its most successful appeal. This month the focus is upon the annual appeal by the American Cancer Society. One way that this is kept alive all year is through memorials.

• • •

Eighteen burglaries were said cleared here last week by statements made by a 20-year-old former Big Spring man picked up in Midland in company with a local juvenile. Part of the loot from some of the burglaries has been recovered. But burglaries seem to go right on, and making headway against them is harder than putting out a brush fire.

• • •

It's a little early for the scholarship season, but Kathy Seddon, daughter of the Rev. and Mrs. E. A. J. Seddon, was announced as one of 18 winners of scholarships given by the Presbyterian denomination. Incidentally, she is one of the National Merit Scholarship finalists.

• • •

The Howard County Rehabilitation Center held its first annual banquet during the week, and a highlight was presentation of certificates to volunteer workers. Patti Manuel, daughter of Mr. and Mrs. Vernon Manuel, led with more than 500 hours. At the VA Hospital volunteers were honored, too, and numerous certificates were presented. Mrs. A. W. (Martha) Moody was the most honored with over 2,500 hours.

• • •

Mrs. John A. Coffey died during the week, and after nearly 30 years of teaching service (both in public schools and Sunday schools), she left around a thousand living memorials in those who had studied under her.

• • •

The first of the T-41A (Cessna) planes to be used in training beginning Air Force pilots arrived here last week. So did Jeff Davis, who will head up the operation of a contract pilot school operated by Central Flying Services. The pre-training program will start within about a month.

• • •

The last-minute rush to obtain car license tags didn't materialize last week—at least on the scale of former years. One reason, perhaps, was an earlier start by more people, but the biggest reason was the use of sub-stations which diffused the load to several points.

Lamesa Has New Trustees

LAMESA (SC) — Two new members were elected to the Lamesa Independent School District board of trustees Saturday, Early Peltier and Bill R. Reid, from a field of seven candidates on the ballot.

Other candidates in the race were Hal Boyd, Dr. J. V. McKay, Marshall Middleton, Mrs. Bill Spires and Adolph Hollman Jr.

In the race for the Dawson County school board, precinct two, two incumbents, both unopposed, were re-elected, J. F. O'Brien and Alvin Hogg.

In the election to fill two posts on the Klondike Independent School District board, elected were incumbent Jess Stephens and C. B. Singleton. Defeated candidates were incumbent Tom Estes and Ernest Beam.

Two unopposed incumbents were returned to office in the Flower Grove Independent School District trustee election, Jack Cave and R. E. Hill.

Union School District voters also returned two incumbents to office, W. P. Cozart and M. C. Dunbar.

At the Welch School District election three candidates were elected while two incumbents bidding for re-election were defeated. Elected were Louie Drenan, O. B. Petty and B. V. Phipps. Defeated were A. A. Haynes and D. V. Goode.

Three Win Top Awards

LAMESA (SC) — Three musical groups won first place awards in the ninth annual Dawson County Farm Bureau talent show Friday night. The show was held at the Lamesa High School auditorium.

First place in the senior division was a musical group, "Four Hits and A Miss," with a guitar solo by Len Morris taking second place. Third place winner was another musical group, the "Intentions."

In the junior high division, first place was taken by the "Fiats," a musical group which presented a rock and roll selection. Second was an instrumental group, the "Harveys."

First place winner in the elementary division was the "Deadbeats," a musical group. Jeff Markowsky won second place with a vocal and piano solo.

WEATHER

NORTH CENTRAL TEXAS: Partly cloudy northwest, considerable cloudiness east and south Sunday and Monday. No important temperature changes. High Sunday in 80s.

NORTHWEST TEXAS: Partly cloudy Sunday and Monday. Thundershowers affecting 40 per cent of the north Sunday night and Monday. Cooler north Sunday night and Monday. High Sunday 74-88.

SOUTH CENTRAL TEXAS: Considerable cloudiness and warm Sunday and Monday. High Sunday 82-94.

SOUTHWEST TEXAS: Partly cloudy and warm Sunday and Monday. High Sunday 82-92.

EXTREME SOUTHWEST TEXAS: Clear to partly cloudy and warm Sunday and Monday. High Sunday 78-86 except 84-95 extreme south.

Woman Jailed After Shooting

A 48-year-old Negro woman was in city jail Saturday night after she reportedly fired five times with a .22 caliber pistol into an apartment on the Northside.

The woman was charged with drunkenness and assault with a deadly weapon, police reported. Officer Melvin Daratt said the woman had the pistol in her hand when he arrived at the apartment, on Northwest Fourth Street, about 8 p.m. Officers said the disturbance apparently resulted from a family argument.

No one was injured in the incident, police said.

TO DISTANT PLANETS

Nuclear-Fueled Ion Engine Fired Into Orbit Saturday

VANDENBERG AIR FORCE BASE, Calif. (AP) — The Air Force on Saturday fired a new nuclear-fueled ion engine — of a sort which may someday power flights to distant planets — into an orbit around the earth.

An Atlas-Agena combination rocketed the experimental power plant into an almost circular orbit 705 to 715 nautical miles in space.

Scientists analyzed data radioed from the spacecraft to decide whether or not they could safely turn on the engine's nuclear unit. Said a spokesman: "The reactor will not be started up until it is determined that the orbit is of sufficient duration to permit the radioactive material in the reactor to decay to safe levels after the reactor is shut down — and before the spacecraft re-enters the atmosphere."

The propulsive unit, SNAP-10A, designed eventually to drive men through vast distances of space on tiny amounts of fuel, was aboard a 970-pound, cone-shaped vehicle 10 feet long and 5 feet in diameter.

Officials said that at the planned orbital height of 700 miles it would remain in the sky 3,500 years and the nuclear materials would decay to safe levels before it re-entered the atmosphere.

The new propulsion system consisted of a 250-pound reactor providing electricity to run a two-pound engine that expels a beam of ionized atoms to produce thrust.

It was the first attempt to test a reactor-ion engine system in orbit.

Plans call for the reactor to be started by radio command from the ground and attain full power of 500 watts some 24 hours after launch.

Electricity generated by the reactor was to be stored in a 400-pound bank of batteries and released in spurts as the ion engine is turned off and on.

The ion engine was designed to operate three to six months.

Eldercare Favored Over Medicare, Survey States

CHICAGO (AP) — The president of the American Medical Association said Saturday that replies to a recent nationwide survey showed a large majority favor limiting a government program of health care to the elderly to those who need financial help.

Dr. Donovan F. Ward said the survey also showed a large majority favor that the program be paid for from general revenues rather than by increasing Social Security taxes.

The survey, Ward said, was made by Opinion Research Corp., Princeton, N.J., for the AMA between March 6 and March 21 among a nationwide probability sample of adults. The purpose was to test public attitudes toward the "Eldercare" bill, supported by the AMA, and the administration's "Medicare" proposal.

Ward, of Dubuque, Iowa, said the survey showed more people favor state over federal administration of a health care for the elederly program and prefer to permit the states to pattern a program to fit the needs of their citizens rather than to create a program that would operate uniformly in all states.

Ward added in a news release: "The results show that the people are in favor of the provisions of Eldercare over Medicare by an overwhelming 74 per cent to 14 per cent, with 12 per cent offering no opinion.

"Significantly, a majority — 52 per cent — of individuals over 65 years of age favor limiting a health program to those in need of financial assistance and 49 per cent prefer general revenue financing against 28 per cent favoring a Social Security tax increase. It is also interesting to note that nearly a fourth of the elderly are undecided on this question."

Not Much Zip In ZIP Code

ST. LOUIS, Mo. (AP) — A St. Louis newspaper has tested the U.S. post office's "ZIP code" system and found it hasn't speeded mail deliveries appreciably since its inauguration in July 1963.

The Globe-Democrat mailed letters, some with and others without ZIP codes, to some 30 points in the St. Louis area and across the country. Arrangements had been made for the return of duplicate mailings.

"Most of the pairs of letters arrived simultaneously," according to the newspaper. "There was some variation, but in such cases the letters arriving first carried the conventional postal zone designations as frequently as they bore the ZIP code."

Woman Hurt In TV Mishap

COAHOMA — Mrs. Robert Ross, 18, was taken to Howard County Hospital Foundation late Saturday afternoon for emergency treatment, after she received burns while helping erect a television antenna, which contacted a high voltage line.

Ed Mulkey, a Coahoma resident who heard the noise of the electrical contact, administered mouth- to-mouth resuscitation to Mrs. Ross, and Big Spring Ambulance Service rushed her to the hospital, where she was described as resting well Saturday night.

She was reportedly knocked about 20 feet by the electrical contact, with burns on arms and hands. Hospital attendants described the burns as not severe.

She was helping put up the antenna at the side of the Stan Griffin residence, 801 Sanders in Coahoma. The Ross family lives at 802 Sanders. Mulkey, who lives at 906 Sanders, jumped over a fence and immediately began the resuscitation efforts, a neighbor reported.

The accident occurred about 6 p.m. Saturday.

Weather Forecast

Rain is forecast Sunday over Great Lakes region and portions of Upper Mississippy Valley with showers in parts of the Ohio and Tennessee valleys. Showers are expected in Texas and Central Plateau region with snow in the Northern Rockies. Temperatures will be warmer in the northeast quarter of the U.S. (AP WIREPHOTO MAP)

Wants Voting Bill To Cover Target

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., a sponsor of the administration's Negro voting rights bill, said Saturday night it "unnecessarily raises a constitutional question" by voiding literacy tests in the covered states.

He said also in a statement that the bill should be expanded "to include states such as Texas which have no literacy tests." He urged an alternative formula "to hit the whole target rather than just a part."

MONDAY

Scott is a member of the Senate Judiciary Committee which will conclude its hearings on the bill Monday and then start considering amendments in closed session. It is under orders from the Senate to submit its recommendations by next Friday.

Although Scott is a strong civil rights advocate, his position on literacy tests is in line with one of the arguments which Southern foes of the bill have been making throughout the hearings.

He said that, "Upon reflection, I believe the bill would be much less vulnerable to constitutional attack if its provisions were limited to (1) the discriminatory application of a literacy test, and (2) the substantive provisions of such a test which incorporate standards achieving de facto discrimination."

Scott said that the 15th Amendment, on which the bill is based, "does not prevent the imposition by a state of literacy test or other voting qualification reasonably adapted to legitimate ends.

"It only prohibits the administration of such a qualification so as to discriminate on the basis of race or color."

As submitted to Congress by President Johnson, the bill would ban the use of literacy or similar tests in covered states or their political subdivisions and provide for the appointment of federal registrars.

States would be covered if they used such tests and if less than 50 per cent of their voting-age population was registered or voted last November.

In this category are Alabama, Alaska, Georgia, Louisiana, Mississippi, South Carolina, and Virginia. The formula also would apply to 34 counties in North Carolina and one each in Arizona, Idaho and Maine.

LITERACY TEST

Scott said he sees no reason why a literacy test that is nondiscriminatory could not be applied by federal registrars appointed under the bill.

Scott urged that it be expanded "to include all states and counties where voting figures indicate that qualified citizens are being denied the right to vote on the basis of race or color."

He specifically mentioned Texas, the President's home state. He said it is not covered by the bill since it has no literacy tests, even though its voter turnout was only 44 per cent in the last presidential election.

School Improvements Discussed At Colo. City

COLORADO CITY (SC) — Members of the Colorado City school Board appeared before a citizens' committee of about 50 persons here Friday night to explain deficiencies in the school system and a proposed plan for remodeling at a total cost of $600,000.

Under the plan the five buildings in the system would be remodeled and new classrooms, science labs, cafeterias, music rooms and sports dressing rooms would be built.

School board chairman Warren Costin pointed out that the present tax rate was $1.50 based on 28 per cent actual valuation, which produces $303,574 in taxes each year. He said that the board expects a re-evaluation of property values, now in progress, to yield approximately $5 million of additional property valuation. Present valuation of the school district is $91,327,304.

Much of the cost of any bond issue, which might be proposed in the future, would be borne by this source, board members said.

C. M. Smith, Abilene, the school's financial advisor, said that the improvements under discussion could be made without altering the present tax rate, per cent of tax or actual valuation.

"The improvements in additional classrooms will allow complete integration of the system," said Costin. So far only the first grades are integrated and present plans are to integrate an additional grade each year.

The school board asked the citizens committee to study the proposal and make written recommendations concerning the proposed plans for its further study.

Henry Conrad Dies Saturday

LAMESA (SC) — Services will be at 3 p.m. Monday for Henry Fred Conrad, 73, who died here Saturday morning in a local nursing home. He was retired farmer and had lived in the area for a number of years.

Mr. Conrad had been a Lamesa resident for the past 1½ years. He was born Nov. 25, 1891. A member of the American Legion post, he was a veteran of World War I and had served with the 36th Division.

Services will be at the St. Paul Lutheran Church with the pastor, the Rev. Henry Ehlen, officiating. Burial will be in Lamesa Memorial Park under direction of Branon-Philips Funeral Home.

Survivors include the widow, Nancy; five sons, Ervin H. Conrad, Route 2, O'Donnell, Elmer L. Conrad, Route 3, O'Donnell, Hilbert F. Conrad, Waco, Ben R. Conrad, Victoria, and Lester R. Conrad, Alburquerque, N.M.; one daughter, Ellanora Fernstrom, Wichita Falls; four sisters, Mrs. Henry Hohn, Port Lavaca, Mrs. Cecil Adickes, Cuero, Mrs. Alfred Pfeifer, Corpus Christi, Mrs. Edwin Pilsner, Nordheim, Tex.; six brothers, John and Arnold Conrad, Westoff, Tex., Willie and Emil Conrad, Port Lavaca, Adolph and Rudolph Conrad, Houston; 17 grandchildren and one great-grandchild.

Pallbearers will be Walt Gehring, Edwin Gehring, Olen McKenzie, Henry Vogler, R. F. Menix and Jeff White.

Study Due VA Closings

WASHINGTON (AP) — President Johnson announced Saturday night the selection of a blue-ribbon committee to study whether 11 Veterans Administration facilities should be closed.

The President said he took this step because "controversy has developed over our decision to close several veterans hospitals and domicilaries."

He said in a statement released at the White House that hearings in Congress over the proposed closings have produced conflicting statements of fact.

"This week I have personally been reading the reports of these hearings very carefully," the President said, "and I must say they have raised some doubts in my mind about some facilities included in the original order."

Johnson said on some of the hospitals, "the facts are in dispute."

"Much of the testimony is contradictory," he continued. "There is considerable reason to believe that further examination and study are necessary before a final decision is implemented."

"It may be that some of these hospitals are not, in fact, outmoded, and that they can continue to serve veterans as efficiently as our standards require. It may be that the need for some of them, as well as the ned for some of the other facilities affected by the original decision, is greater than our experts understood."

William J. Driver, veterans' administrator, has been making a quick tour of the 11 VA hospitals and homes which had been marked for closing.

Driver said at Dwight, Ill., Saturday that the closings of marginal institutions are part of an over-all improvement and expansion program.

He said the VA's long-range plan which involves $1.2 billion in construction of new facilities will eventually provide 18,000 more hospital beds than at present.

"What we are trying to do is improve care for veterans," he said.

The chairman of the committee to make the study and report back to the President by June 1 will be E. Barrett Prettyman, retired former chief judge of the U.S. Court of Appeals for the District of Columbia.

Steer Band Wins Regional Meet

The Big Spring High School band won first place awards in concert play and sight reading to take sweepstakes honors at the Interscholastic League regional band contest in Odessa Saturday.

This was the third year in a row for the band to win the sweepstakes honor.

Forsan Elects Three Aldermen

FORSAN — Voters returned two incumbent city aldermen to office and elected one new member in an uncontested city election Saturday.

A total of 79 votes were cast, out of a qualified voter total of 95 persons.

Re-elected were C. B. Long, 78 votes, and G. L. Monroney, with 79 votes. The new alderman elected was Joe B. Hoard Sr., with 77 votes. Balloting was in the Forsan High School.

ELECTION

(Continued from Page 1)

returned to office and R. L. Rister was elected to the other vacancy. Incumbent Robert Cowley was defeated in a bid for re-election.

The votes by boxes were: Lancaster, Forsan High School, 87, and Elbow School, 16, for a total of 103 votes; Rister, Forsan 25, Elbow 62, total 87; Robert D. Cowley, 69 total, Forsan 64, and Elbow 5; Curtis (Pete) Sherman, total of 53, Forsan 5, and Elbow 48; and Charles V. Spurgin, total of 22, Forsan 17, and Elbow 5.

An incumbent, Dudley Coleman, was defeated while two new members were elected to posts on the Sands Independent School District board of trustees. V. L. Jones, with 50 votes, and J. E. Hopper, with 49, were elected. Incumbent Coleman received 44 votes.

The voter totals for the other candidates in the race were: 32 votes for J. C. Ingram and 30 votes for O'Brien Bowlin.

At Garden City, in an election to fill three posts on the Glasscock County school board, incumbents Sidney Hirt received 161 votes, Edwin Budnar, 151, and James Currie, 143, with candidate Fred Hoelscher receiving 31 votes. The race had nine names as write-in candidates, with one candidate, Lester Jansa, receiving 11 votes.

Two new members were elected to trustee posts at the Grady Independent School District election, Jim Sawyer with 52 votes, and Malcolm Tunnell with 40. The other candidate was Newell Tate, with 32 votes.

Bandit Robs Midland Store

MIDLAND (AP)—An armed robber took $12,000 in cash Saturday from the Sundown Market in east Midland. He escaped.

An armored car had just delivered $3,000 in bills of $20 denomination or less.

Kenneth Taylor, 28, the manager, was checking the money in his office when the white thug, dressed in Army fatigues, entered. He pulled a revolver and said:

"I want that money."

He locked Taylor in a cooler and took $4,000 more from a filing cabinet. Several customers in the store apparently were unaware of the holdup. Taylor got out of the cooler in about five minutes.

The store is on busy U.S. 80.

Six More Girls Enter Show's Junior Section

Six more Big Spring High School coeds have entered the junior division of the Miss Big Spring Pageant, which is to take place at Municipal Auditorium Saturday evening.

The six include Susan Ella Daniels, daughter of Mrs. Jeri Daniels; Shelly Cole, daughter of Lt. Col. and Mrs. C. H. Cole Jr.; Beth Walker, daughter of Mr. and Mrs. A. E. Walker Jr.; Linda Dianne Duncan, daughter of Mr. and Mrs. Lloyd H. Duncan; Esther Lynn Christensen, daughter of Mr. and Mrs. J. L. Christensen; and Barbara Louise Adams, daughter of Mr. and Mrs. Jack Adams.

Competition in the senior and junior divisions of the pageant will take place Saturday evening, with a parade through downtown Big Spring also planned Saturday.

Last year's Miss Big Spring, Charlotte Anders, placed in the top five finalists in the Miss Texas Pageant at Fort Worth. Miss Anders will be on hand for the show here Saturday, along with Miss Texas of 1964.

Tickets for the pageant are on sale by Jaycees, or may be obtained at the chamber of commerce office. Prices are $2 for reserved seats and $1 for general admission. Entry blanks for contestants will remain available this week from Jack Orr, First National Bank, Jack Dumphy, First Federal Savings and Loan Association, or at the chamber office.

SUSAN DANIELS

SHELLY COLE

LINDA DUNCAN

BARBARA ADAMS

ESTHER CHRISTENSEN

Miss Adams, 17, is a junior at the high school and is a member of the band, a cappella choir and the National Junior Honor Society. She is 5 feet, 7 inches tall and her measurements are 37-24-36. Also a junior, Miss Duncan is 16, a member of the band and choir and active in the Tri-Hi-Y. Also 5 feet, 7 inches tall, she measures 34-22-35.

Miss Christensen, 17, is a senior student, was a member of the all-state high school band and participates in the choir program. She is 5 feet, 2 inches and her measurements are 34-24-35. A sophomore student, Miss Daniels, 16, has received special training in piano and drama. She is 5 feet, 4 inches tall, 36-23-36.

The winning Miss Diamondback contestant, Miss Cole is a senior, 16, has been active in the Student Council and the Future Homemakers program. Her height is 5 feet, 9 inches and her measurements 35-24-35. A junior, Miss Walker, 16, has participated in the Future Teachers program and received five years of piano and voice instruction. She is 4 feet, 8 inches tall and measures 34-23-34.

Qualifications for entry in the pageant are ages 18 to 28 for the senior division and 16 to 18 for the junior division. All entrants must be single and never have been married.

No Contest In City Election

Voters will go to four polling places in Big Spring Tuesday to cast ballots in the election to fill two expiring terms on the city commission. Candidates in the race are John Stanley and Chester Cathey.

The seats expiring are those of Stanley and Paul Kasch.

Polls will open at 8 a.m. and close at 7 p.m. Tuesday.

Polling places will be located at the Central Fire Station, Fourth and Nolan Streets; Station No. 2, 1711 Main; Station No. 3, 1607 Eleventh Place; and Station No. 4, 100 NE 8th.

Required for voting in the election is a poll tax receipt or exemption certificate, in addition to residency in the city for the previous six months.

The places on the city commission are two-year overlapping terms.

Stanley is completing his second two-year term on the commission. He is associated with his father in the Stanley Hardware Co. and has been a Big Spring resident for some 19 years. He has been active in business and civic circles here.

During World War II, he served for five and a half years, with overseas service with the 24th Division. He is married and the family includes a nine-year-old daughter.

The Stanleys are members of the East Fourth Street Baptist Church and he has been active in the American Business Club, Big Spring Flying Club and the American Legion.

Cathey has been a Big Spring resident since 1936, when he joined the State National Bank as a teller. In 1941 he entered the Army and served in the Pacific Theatre before separation from service in 1945. After working with a bank in Midland, he again returned to Big Spring as cashier for the Security State Bank.

He is now a director, vice president and cashier of the bank. He is chairman of the Salvation Army advisory board, secretary of the Howard County Rehabilitation Center and treasurer of the United Fund. Cathey has been active in Boy Scout work and is an elder in the First Christian Church.

One absentee ballot has been cast in the election, according to City Secretary C. R. McClenny. Friday was the last day for absentee balloting.

C-City's VFW Post Is Cited

COLORADO CITY—The Colorado City VFW Post has been honored by both Department and District 8 officials for being first in the district to reach its membership quota, according to Warren Goode, post commander.

The local post has a quota of 100, which was reached in November, according to quartermaster Murray Jordan. Present membership is 141, Jordan said. The post meets on the second and fourth Thursdays.

Nine members of the post and auxiliary attended the District 8 meeting of the VFW held in Abilene last week. The group included: Commander and Mrs. Warren Goode, Mr. and Mrs. Tom Robertson, Mr. and Mrs. Jesse Bunch, Mrs. Francis Turner and P. C. Smith and Jordan.

Fees Go Up For Cavern Tours

Admission fees for Carlsbad Caverns in New Mexico have been increased to $2, the National Park office has announced. Previous fees were $1.50, with the change effective April 1.

Organized, sponsored youth, student and military organizations which were previously admitted without charge as a group will be affected by the new rates, the park announced. The charges resulted from the Land and Water Conservation Fund Act of 1965, which is to finance a state grant program for recreational planning and development and a federal acquisition program to assure accessibility to outdoor recreational resources.

Two Floats Are Entered In Annual Rodeo Parade

Two floats have already been entered in the parade for the 32nd annual Big Spring Rodeo, scheduled for 4 p.m. May 19. The rodeo will run through May 22 at the rodeo arena in West Big Spring.

Webb Air Force Base has entered a float, as has the Midland-Big Spring Civil Air Patrol unit. Neither has indicated what will be portrayed in the floats.

Elra and Jiggs Beutler of Elk City, Okla., will again produce the rodeo and are already lining up specialty acts. The producers have acquired new stock but are holding over some of the "saltiest" animals for this year.

Charlie Creighton, president of the Rodeo Association, said $3,000, plus entry fees, will go as prize money to the contestants in saddle bronc riding, bareback riding, bull riding, bulldogging, calf roping, and girls' barrel race.

The parade, which is to "kick-off" the rodeo, will feature many interesting entries, Malcolm Patterson, parade chairman, said. Sheriff's posses from neighboring towns have been invited; bands and marching groups will also be in the parade, in addition to the float contest. First, second, and third place winners in the float contest will divide $100 in cash.

Immediately following the parade a barbecue, complimenting visiting sheriff's posses and their families, and rodeo queen contestants, will be held at the fair and show barn on the grounds. Kiwanis Club members will stage a big feed at the city park, with barbecue as the main "dish."

Those wishing to enter floats should call the chamber of commerce office at AM 4-4641. Entrants need not go by the office if they prefer to phone.

New Wells Ready For Water Storage

Collecting lines have been laid to seven new wells which the Colorado River Municipal Water District has completed on its new lease in Martin County.

At the same time, the district's winter repressuring program is drawing to a close in preparation for the beginning of summer peaking demands.

The new wells, which soon will be ready for use as needed, have a potential of around 4,200,000 gallons per day.

Bolstered by 170,000,000 gallons of lake water injected into the existing well field during the winter months, the CRMWD potential for peaking out of the well field will approach 11,000,000 gallons per day, said O. H. Ivie, assistant general manager.

During winter months water from Lake J. B. Thomas was injected into the old well field near the district pump station northwest of Courtney at the rate of about 2,000,000 gallons per day. Recently, the rate has depended upon Odessa daily demands, with the water surplus to Odessa needs going into the aquifier. Next winter the program will be expanded greatly since the new wells on the J. C. Sale lease then can be used for injection of lake water.

The new wells are connected by 8,000 feet of 18-inch and 5,000 feet of 8-inch and 10-inch line. Wells are being completed and equipped and are due for an early tie-in to the system. The timing is ideal since demand curves are beginning to climb rapidly, said Ivie.

Two Burglaries Investigated

Two burglaries were reported in Big Spring Saturday morning, at the First Presbyterian Church, 701 S. Runnels, and the Reed Oil Co. service station, 1628 E. 3rd.

At the church, police reported apparently someone climbed the fire escape to the third floor and entered the building through a window. Reported missing were five cases of soft drinks.

An undetermined amount of change was reported missing from the service station. Apparently someone entered through an unlocked window, police reported.

Mrs. Ward Dies Friday

Mrs. Mattie Lenora Ward, 69, who recently moved to Big Spring, died about 8:45 p.m. Friday in a local hospital after a short illness.

Services will be held 3 p.m. Monday in the Owens-Brumley Chapel in Bowie with burial to follow in Elmwood Cemetery there. Local arrangements were handled Nalley-Pickle Funeral Home.

Mrs. Ward had lived in Bowie for 47 years before moving to Big Spring last month to live with her sons. She was born March 27, 1896, in Cleburne and married R. T. Ward on Jan. 17, 1917, in Decatur. He preceded her in death on Feb. 27 of this year in Bowie. She was a member of the Bowie First Baptist Church.

Survivors include three sons, Orville V. Ward and W. C. Ward, both of Big Spring, Cecil Ward, Fort Worth; one daughter, Mrs. Betty Jean Graham, Bowie; one sister, Mrs. Lillie McNatt, Casa Grande, Ariz.; and seven grandchildren.

New Lodge To Get Charter

The grand president of the 61,000-member Order of the Sons of Hermann in Texas, Fritz Schilo of San Antonio, will present a charter and install initial officers of the newest Hermann Sons lodge in the state, Big Spring Hermann Sons Lodge No. 130, today at 3 p.m. in the Holiday Inn.

Schilo will be assisted by Marvin O. Gold, San Antonio, grand lodge district supervisor, and Edwin F. Stahl, Odessa, special grand lodge representative.

The new lodge in Big Spring will bring to 166 the number of Hermann Sons lodges in Texas. It was given the number 130 in its nomenclature because that was an unused number at this time. The Big Spring lodge will be a mixed lodge, having both men and women members. There are approximately 30 adult and junior members now. Mrs. Marvin Patterson will serve as the lodge's secretary and agent.

A dinner at 5 p.m. will follow the dedication ceremony.

Two Charged In Burglaries

Burglary charges were filed late Friday, with Justice of the Peace Walter Grice, against Robert Rodriquez Villareal, 18, and Jose Antonio Saracho, 18, both of Big Spring. Bond was set by Grice at $1,500 each and both remained in Howard County jail Saturday morning.

Detective Jack Jones received a signed statement from Villareal Friday in connection with break-ins at the Vasquez Food Store, 509 N. San Antonio, on Aug. 13 of last year, the Ranchburger, 511 W. 3rd, on Nov. 12, 1964, and a theft of beer during a break-in at Zubiate's Cafe, 405 NW 4th, on April 1.

Jones obtained a statement from Saracho in connection with the break-in at the Zubiate Cafe. The door to the cafe was broken open, police said.

In the break-in at the Vasquez store, beer, cigarettes, meat and some change were reported missing. An assortment of items, including beer, lighter fluid, potato chips and an amount of money, were reported taken in the Ranchburger break-in, according to police.

Named To Honor Roll

DENTON—Names of 76 students on the 3.0 honor roll and 491 on the 2.5 honor list for the fall semester at North Texas State University have been announced by vice president J. J. Spurlock.

Those in the 3.0 group made a grade of "A" in all of their course work. The 2.5 listing includes all others whose grade average came at least midway between an "A" and a "B."

Included in the 2.5 honor roll are four Big Spring students. They are Catherine Boren, Sonnet Johnson, Woodrow Rutledge and Jack Wilson.

Miss Boren, a freshman Spanish major, is the daughter of Mr. and Mrs. Ray H. Boren, 504 Westover.

A senior music major, Miss Johnson is the daughter of Mr. and Mrs. Irving B. Johnson, 1005 E. 21st. She is a member of Mu Phi Epsilon, national professional music sorority.

Rutledge, the son of Mr. and Mrs. Woodrow T. Rutledge, 604 Elgin, is a junior personnel management major.

The son of Mr. and Mrs. Jack B. Wilson, 1710 Main, Wilson is a junior accounting and insurance major at NTSU. He is a member of Lambda Chi Alpha, national social fraternity.

Stair-Step Lake Plan Proposed

A proposal to solve the West Texas water problem by using Colorado River lakes as stair steps, has been advanced by the United States Bureau of Reclamation.

Harry Burleigh, Austin, in charge of the bureau's operations in Texas, outlined the plan Thursday to representatives of cities, water districts and authorities along the Colorado River. He got expressions of interest, but serious questions of power costs were directed at his preliminary study.

O. H. Ivie, Big Spring, assistant general manager, and Marvin Nichols, Fort Worth consulting engineer, represented the Colorado River Municipal Water District at the meeting. James W. Brown, Midland city manager, attended the meeting, as did M. D. Bryant and J. N. Gregory, representing San Angelo.

Basically, the bureau plan is linked to a proposed inter-basin canal along the coastal regions. This would be the source of additional water—as much as 600,000 acre-feet per annum — should the reservoirs upstream fall below safe, renewable levels.

Each reservoir could draw from the one below to meet its needs, and gaps in the system would be closed by construction of additional dams. One of these is assumed to be the proposed CRMWD lake at Robert Lee, and development of the Stacey site about 50 miles downstream is also included as a possibility.

Bringing water up to the Robert Lee site envisions capital costs of about $490,000,000, said Burleigh. He said that cost of delivering water at that point would be 10 to 15 cents per thousand. This was based on a projection of one half a mil for power costs, but utility concerns, to whom the plan had been explained previously, challenged this rate. The bureau explained that this was arrived at on the theory that each dam would have a pump generator. During periods of low power demands, water would be pumped upstream, but when peak demands hit, the machinery would be reversed and power would be generated to meet the peak demands of utility companies. The net loss would be in water drawn off to meet the needs of the upper end of the system.

By taking water at Robert Lee, this plan would mean that supplemental water could be delivered into the Trans-Pecos and El Paso areas at 35 to 40 cents per thousand, according to the report. Water also could be supplied to the Red Bed area northeast from Big Spring to the cross timbers at a lesser cost than being brought in from the north, Burleigh claimed.

Nichols suggested to Burleigh that he produce a letter from the Texas Water Commission to the effect that this plan had the TWC blessing. Until this is done, he expressed doubt that the CRMWD could consider the matter too seriously.

Cancer Crusade Meeting Monday

STANTON (SC) — The Martin County unit of the American Cancer Society will start the Cancer Fund drive with a family night at the Courtney School gym Friday night, April 9, beginning at 7:30 p.m. according to Mrs. Owen Kelly, crusade chairman.

Games will be played, and all ages can participate. Sandwiches, pies and cold drinks will be sold, with the proceeds going to the Cancer Society. Everyone in the county is invited to attend.

Can Enlist In Abilene Unit

Sgt. Raymond J. Woolverton, local Army recruiter, announced Saturday that the Army will accept young men for enlistment in Abilene's Nike Hercules Missile Unit, stationed at Abilene. Under this limited enlistment option, men who enlist for the Abilene unit will be assigned there directly after basic training.

Young men who take advantage of this enlistment option will gain technical training with the unit, as well as fulfilling their military obligation at the same time. If they wish they may continue their civilian education during off duty hours under the Army's educational program at one of Abilene's three colleges.

The importance of enlisting for the Abilene unit is that a young man can fulfill his military obligation while serving near his home, and receive valuable training as well.

Interested men should contact Woolverton at 207½ W. 4th, or call collect, AM 4-8940 or AM 3-3239.

Charges Filed Against Pair

Burglary charges were filed Saturday afternoon in Justice of the Peace Court of Jess Slaughter against Cecil Roy Baker, 22, of Midland. He was arrested in Midland and then brought to Big Spring by officers here Saturday afternoon.

Bond was set at $3,000 and Baker was released on bond Saturday afternoon.

Also released on $3,000 bond was Robert Loren Baker, 20, who was charged Friday with burglary before Slaughter.

The younger Baker gave Big Spring officers several statements Thursday in connection with a series of burglaries here.

BIG SPRING DAILY HERALD

SECTION B — BIG SPRING, TEXAS, SUNDAY, APRIL 4, 1965 — SECTION B

Randy Matson Nears Shot Put Standard

By HAROLD V. RATLIFF

AUSTIN, Tex. (AP) — Mighty Randy Matson of Texas A&M threw the shot 67-9 to come within one inch of the world's record Saturday as 16 records were set and two tied in the Texas Relays.

Matson had throws of 64-9½ and 64-10¼ before unrocking the great heave that almost tipped Dallas Long's world mark of 67-10 set in 1964.

The 260-pound Aggie also won the discus with a record 188-8. He was named outstanding athlete of the meet.

Kansas won two relays, taking the distance medley in 9:48.1 Friday night to upset defending champion Missouri and then set a record 16:55.3 in the four-mile relay Saturday.

Lowell Paul ran 4:14.6, John Donner 4:14.6, John Lawson 4:12.7 and Herald Hadley 4:13.4 in taking the four-mile.

The most sensational relay performance was by Texas Southern in the college division. The Houston school won the mile relay in 3:07.8, with Ray Saddler running a 45.4. It wiped out the best mile relay ever run in Texas — the 3:07.9 by Abilene Christian in 1961 — and was within 3.3 seconds of the world record of 3:04.5 set by Arizona State in 1963.

Southern Illinois set a new mark of 3:21.1 in the sprint medley.

There were three records in the university-college class, where Matson had his great shot and discus throws and John Hartfield of Texas Southern high jumped 6-10½ to wipe out a 6-9 record that had stood for 15 years.

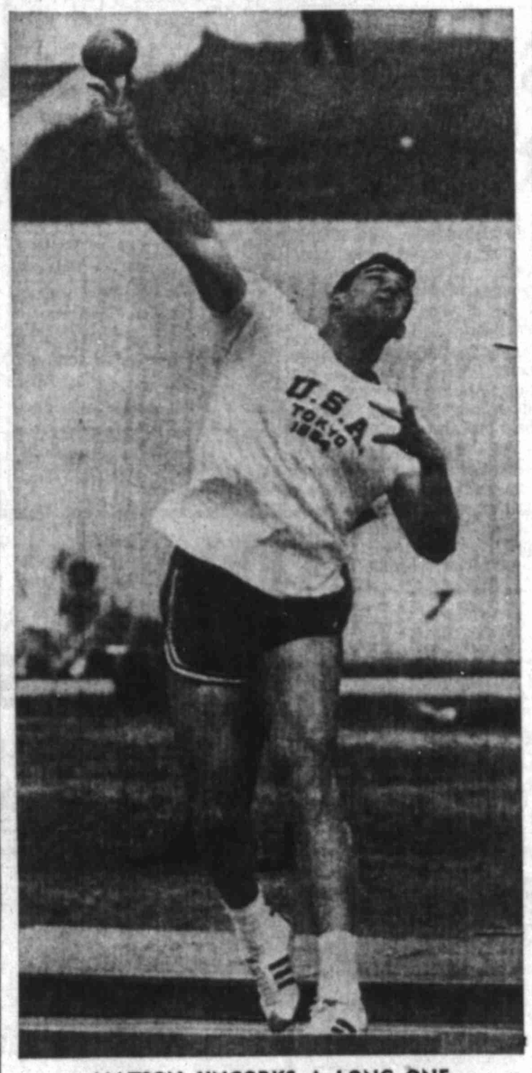

The college class produced four records — a 40.4 440-yard relay by Texas Western, 3:21.1 in the sprint medley relay by East Texas State, 9:54.4 in the distance medley by Emporia, Kan., State and Texas Southern's mile relay.

John Camien of Emporia State won his fourth straight mile of the Texas Relays but failed by a wide margin of dipping under four minutes — something he has tried for two years. His time was 4:08.6 today as a duel with Robin Lingle of Missouri failed to materialize.

Lingle confined his efforts to the relays and had a 1:49.8 half-mile and a 4:04.0 mile but couldn't put his team across.

Saddest man at the relays was Bobby May of Rice, who twice bettered the 120-yard high hurdles record of 13.9 that has stood for 26 years. He did 13.8 in the preliminaries and 13.7 in the finals but each time it was ruled out because he was helped by a six-miles-per-hour wind. The allowable is 4.47.

Oklahoma State upset Missouri in the two-mile relay with Lingle doing the last half-mile in his 1:49.8. He tried to make up 10 yards and got only eight of it as Dave Perry came in in 1:50.3 on the last lap for Oklahoma State. The time was 7:24.0.

Houston Ducat Sales Exceed $3 Million

HOUSTON — The Houston Astros' pre-season ticket sales passed the $3,000,000 mark this week as the Astros became the second club in major league history to surpass the $3 million total in pre-season sales.

The $3 million total is approximately one million more than the Houston club received for tickets during the entire 1964 season, including daily game sales.

"This is very encouraging, to say the least," commented Astros president Roy Hofheinz. "However, the HSA has a terrific financial burden in leasing and operating the Astrodome."

"It has been heart warming to see that so many Houston business concerns realize that a season seat in the Astrodome will be one of the finest methods to entertain customers and to create goodwill among their employes. I'm sure each concern will be more than happy with the use they will get from their season tickets."

The $3 million total includes more than $2,500,000 from over 7,000 season tickets and a $500,000 advance ticket sale for the Astros' five exhibition games, April 9-11.

The Los Angeles Dodgers are the only other major league club to have reached the $3 million figure.

The 1965 pre-season total is three times the amount that the Astros have totaled in any other year.

Season tickets are still available, and information concerning season tickets can be obtained by calling the sales office at RI 8-4500.

There are also tickets remaining for five of the Astros' first six games in the Astrodome.

All types of seats are available for the Astros' games with Baltimore on Saturday, April 10, at 1:30 p.m., and Sunday, April 11, at 7:30 p.m., and the official opening game with the Philadelphia Phillies on Monday, April 12, at 7:30 p.m.

Pavilion seats are available for the Astros vs. New York Yankees games on Saturday, April 10, at 7:30 p.m., and pavilion and general admission seats are available for the Yankee game Sunday, April 11, at 1:30 p.m. The April 9 game with the Yankees is sold out.

Tickets may be ordered in person at the Astrodome ticket office or at the Trans-Texas Airways ticket counters in the Rice and Sheraton-Lincoln hotels in Houston and all TTA offices throughout the Southwest.

Box seats are $3.50, reserved seats are $2.50, general admission $2.00 and the pavilion seats are $1.50.

Tickets may also be ordered by sending check or money order to Tickets, Houston Astros, P.O. Box 1691, Houston, Texas 77001.

Longhorns Set Four Records

CARLSBAD, N.M. — Big Spring won five first places and set records in four of them in the Carlsbad Relays here Saturday afternoon.

The Longhorns, in their best showing of the year, placed fourth in team totals with 49 points.

The meet was won by Roswell, with 90 points. Odessa was second with 56½ while Carlsbad finished just ahead of Big Spring with 53. A distant fifth in the cinder show was Hobbs, N.M., with 22½.

Big Spring's combination of Johnny Hughes, Kirby Hodnett, Marvin Hall and Joe Jaure set records in both the sprint relay and the 880-yard relay, covering the 440 yards in 42.4 and the 880 in 1:29.0.

Hughes also shattered the mark in the low hurdles when he negotiated the distance in 19 seconds flat. Rickey Earle, Big Spring, was fourth in the same event and was timed in 19.9.

Joe Jaure of Big Spring raced to a record 9.7 clocking in the 100, at which time there was only a mild breeze and it was blowing across field.

Bobby Baker of the Steers fled to a 14.5 clocking in the 120-yard high hurdles. Mike Gattis, Roswell and formerly of Big Spring, was second to Baker in that event and runnerup to Hughes in the low hurdles.

Hughes also placed fourth in the broad jump with a leap of 21-3¾.

Jaure emerged as the high point man of the meet with 16 points and won a big trophy. He was second in the 220 with a 21.4 clock and had legs on two winning relay teams.

Big Spring led in the sprint medley much of the way but ran out of gas and failed to place.

Tyrone Smith of Carlsbad was the second high scorer while Hughes was third.

Summary:

440-yard relay—1. Big Spring (Johnny Hughes, Kirby Hodnett, Marvin Hall, Joe Jaure); 2. Carlsbad; 3. Odessa High; 4. Midland Lee; 5. Roswell. 42.4 (New record).

120-yard high hurdles—1. Bobby Baker, Big Spring; 2. Mike Gattis, Roswell; 3. Mullins, Midland Lee; 4. Carbajal, Ysleta Bel Air; 5. Jordan, Carlsbad. 14.5 (New record).

100-yard dash — 1. Joe Jaure, Big Spring; 2. Lowery, Carlsbad; 3. Smith, Carlsbad; 4. Goddard, Odessa; 5. Williams, Carlsbad. 9.7 (New record).

Mile run—1. Sims, Eunice; 2. Lankin, Roswell; 3. Santina, El Paso Bowie; 4. Godfrey, Odessa; 5. Gutierrez, Ysleta Bel Air. 4:34.7.

880-yard relay—1. Big Spring (Johnny Hughes, Kirby Hodnett, Marvin Hall, Joe Jaure); 2. Carlsbad; 3. Roswell; 4. Artesia; 5. El Paso Tech. 1:29.0. (New record).

440-yard run—1. Cox, Odessa; 2. Marshall, Odessa; 3. Hernandez, Carlsbad; 4. Silver, Hobbs; 5. Barfield, Clovis 50.5.

180-yard low hurdles—1. Johnny Hughes, Big Spring; 2. Gattis, Roswell; 3. Gibson, Carlsbad; 4. Rickey Earle, Big Spring; 5. Carbajal, Ysleta Bel Air. 19.0 (New record).

880-yard run—1. Lawhorn, Roswell; 2. Williams, Clovis; 3. Connors, Roswell; 4. Hernandez, El Paso Tech; 5. Brown, Midland Lee. 2:06.6.

Sprint medley relay—1, Roswell; 2. El Paso Bowie; 3. El Paso Tech; 4. Odessa; 5. Artesia, 3:40.9.

220-yard dash—1. Tooke, Roswell, 21.2; 2. Jaure, Big Spring; 3. Smith, Carlsbad; 4. Lowery, Carlsbad; 5. Clark, Odessa. 21.2 (New record).

Two mile—1. Waggoner, Roswell; 2. Mason, Hobbs; 3. Barton, Odessa; 4. Gutierrez, Ysleta Bel Air; 5. Walker, Roswell. 10:45.0.

Mile relay—1. Roswell; 2. Odessa; 3. Midland Lee; 4. Hobbs; 5. Clovis. 3:26.2.

Javelin—1. Batte, Hobbs; 2. Anderson, Roswell; 3. Busby, Roswell; 4. Snow, Carlsbad; 5. Sims, Hobbs. 182-10.

Pole Vault—1. Wilborn, Artesia; 2. Tie between Martinez, Roswell, and Colbert, Hobbs; 4. Tie between Seeds, Roswell, and McKay, Odessa. 12-0.

High jump—1. Johnson, Roswell; 2. Cauble, Midland Lee; 3. Patty, Carlsbad; 4. Martin, Carlsbad; 5. Hurd, Carlsbad. 6-0. (New record).

Shot put—1. Townsend, Odessa; 2. Sewell, Artesia; 3.Spruill, Odessa; 4. Coons, Roswell; 5. Castner, Roswell. 54-8.

Discus—1. Spruill, Odessa; 2. Castner, Roswell; 3. Burns, Artesia; 4. Makin, Hobbs; 5. Lynn, Eunice. 169-5. (New record).

Broad jump—1. Smith, Carlsbad; 2. Hurd, Carlsbad; 3. Berry, Odessa; 4. Hughes, Big Spring; 5. Baker, Roswell. 23-8 (New record).

Team totals: 1. Roswell, 90; 2. Odessa, 56½; 3. Carlsbad, 53; 4. Big Spring, 49. 5. Hobbs, 22½ 6. Midland Lee, 19; 7. Artesia, 15; 8. El Paso Bowie, 10; 9. El Paso Tech and Eunice, 8 each; 11. Clovis and Ysleta Bel Air, 6 each

Mosley Sets Mark In 880

MONAHANS — Monahans won first place in the seventh annual Sand Hill Relays here Saturday night, scoring a total of 145 points.

Odessa Blackshear was second, with 69 points; McCamey third, with 65; Alpine fourth, with 61; Crane fifth, with 56; Fort Stockton sixth, with 46; and Coahoma seventh, with 36. Midland Carver and Pecos finished behind Coahoma in the team standings.

Mike Mosley, Coahoma, broke the meet record in the 880-yard run with a 1:57.9 clocking.

Other Coahoma points were picked up by:

Stoker, sixth in shot put; Bobby Pherigo, fifth in pole vault; 440-yard relay team, sixth; Marshall Williams, sixth in 440; Eddie McHugh, fifth in 180-yard low hurdles; mile relay team, fourth.

Hardaway of Monahans set a record in the discus with a throw of 157-3½. Monahans' sprint relay team tied the meet mark with a 42.7 clocking. Penny of Crane also tied the pole vault mark with a leap of 12-6.

Yearlings Tied For Third Spot

KERMIT — The host school won the Kermit Junior High Track and Field Meet here Saturday, scoring 125 points to 98 for runnerup Monahans.

Big Spring Runnels and West Pecos tied for third, with 87 points each.

Big Spring point winners included:

100—Claude Tucker, second 11.1; 330—John Patton, third, 39.5; 660—Pete Rodriquez, third, 1:35.7; 1320—Richard Vera, second, 3:42.2; Steve Darden, fourth, 3:51.3; 120-yard low hurdles— Mike Noble, fifth, 16.0; chinning the bar—Richard Vera, second, 18 times; Tanta Chavarria, tied for third, 16.

440-yard relay—Third (team consisted of Roy Warren, John Patton, Tony Perez, Claud Tucker), 48.6; 880-yard relay—Third (team consisted of Jesse Brown, John Patton, Roy Warren, Claud Tucker); 1:41.8; broad jump—Claud Tucker, fifth, 18-4½; shot put — Luven Flores, second, 45-2½; discus—John Patton, third, 120-8½.

Queens Enter Gallup Meet

GALLUP, N.M. (AP) — Twenty-four teams will see action in the Women's National AAU Basketball Tournament opening here Monday for a week's stand.

The Phoenix, Ariz. Westerners will play the St. Joseph Pepettes in the opening of the six-game first round.

Top-seeded Nashville Business College, winner of three straight national tournaments, plays the winner of the East Denver- Chicago Broadview contest Tuesday afternoon.

Six games are scheduled the first four days, four on Friday and three Saturday, including the consolation bracket title, third place and championship events.

Nashville finished at the top of the women's National Basketball League with a 7-1 record, losing only to second- seeded Wayland College of Plainview, Tex. The Texas club had a 6-1 mark, losing only to Nashville.

Wayland plays its opener Tuesday night against the winner of Monday's University of New Mexico-Washington, D.C. game.

Other entries include third-seeded Raytown, Mo., Carlsbad, N.M., Silverton, Tex., Iowa Wesleyan College, Gallup, N.M., Columbus Ohio, Omaha Comets, Des Moines, Iowa, Omaha Aces, and Quachita Baptist College.

A 12-girl team will be selected during the tourney to represent the United States in a European tour. The tour will include four games in Russia against the Russian Nationals.

Goliad Unbeaten In Volleyball

The Goliad seventh grade volleyball team ended its season with a perfect 7-0 record Thursday by defeating the Runnels seventh grade 15-9 and 15-11.

Kathy Dean and Judy Dyer were high point servers for Goliad in the first game with five points each. At the net in both games were Linda Crawford, Deborah Ray Grimsley and Regina Hamby. Nancy King was high the second game with six points.

The Goliad ninth grade also took a victory Thursday by downing the Runnels ninth grade, 15-9 and 15-12. Sonia Whittington was high point server in both games with seven points in the first game and six in the second.

The eighth grade team, lost 17-15 — 15-11. The first game went into overtime. Elizabeth Moore and Claudia Took were high point servers for Goliad.

Forsan Girls Win First Place In Track Carnival

ASPERMONT — The Forsan Buffalo Queens pulled a few surprises out of the hat here Saturday to take first place in the Aspermont girls track meet.

The Queens outclassed powerful Aspermont and Ira to sweep to first place by winning three of the five relay events and placing high in the other two. The 300-yard shuttle relay team of Wanda Albertson, Sherry Walraven, Nona Prescott and Valynica Conway set a new record of 36.3 in preliminaries of that event. In the finals, however, the Queens dropped the baton twice to finish fourth.

The Forsan 200-yard shuttle relay, 240-yard shuttle and 240-yard shuttle hurdles relay teams all placed first. Wanda Albertson placed second in the 100-yard dash behind the 12.5 winning performance of McGee of Balmorhea. Ann Harrell placed fourth in the high jump with a height of 4-7.

Ira was in second place with 70 points and Aspermont was third with 69. San Angelo placed fifth with 65 points.

Forsan will be host to a girls track meet Friday with about 20 teams attending. Preliminaries are set for 1:30 p.m. with the finals under the lights at 7:30 p.m.

Broad Jump —1. Alsup, Aspermont; 2. McGee, San Angelo; 3. Criswell, Aspermont; 4. Harris, San Angelo. 16-1¾.

High Jump—1. McGee, Balmorhea; 2. Alsup, Aspermont; 3. Harris, San Angelo; 4. Ann Harrell, Forsan. 4-8.

Discus—1. Jones, Ira; 2. Autry, Ira; 3. Floyd, Aspermont, 4. Kelly, Jim Ned. 86-½.

Shot Put—1. Jones, Ira, 2. Autry, Ira; 3. Labeff, Roby; 4. Halesat, San Angelo. 33-3¾.

Hop, Step and Jump—1. Criswell, Aspermont; 2. Jones, Ira; 3. Simmons, Roby; 4. Bishop, Aspermont. 21-6.

Javelin — 1. Pontios, San Angelo; 2. not reported; 3. Flowers, Aspermont; 4. Hawkins, Aspermont. 75-3.

60-yard high hurdles—1. Alsup, Aspermont; 2. Autry, Ira; 3. Rogers, Aspermont; 4. Rice, Aspermont Jr. High. 9.3.

160-yard shuttle relay—1. Aspermont, 2. San Angelo, 3. Ira, 4. Forsan. 21.7.

50-yard dash—1. Dennis, Gail; 2. McGee, Balmorhea; 3. Horton, Jim Ned; 4. Moore, Roby. 6.5.

240-yard shuttle relay—Forsan (Wanda Albertson, Sherry Walraven, Nona Prescott, Ann Harrell), 2. San Angelo, 3. Aspermont, 4. Ira. 31.2.

80-yard hurdles—1. Autry, Ira; 2. Bishop, Ira; 3. Wreath, San Angelo; 4. Rogers, Aspermont. 13.2.

300-yard shuttle relay—1. Ira, 2. Aspermont, 3. San Angelo, 4. Forsan, (Wanda Albertson, Sherry Walraven, Nona Prescott, Valyncia Conway). 37 flat. (New record of 36.3 set by Forsan in preliminaries. Old record of 37.3 held by Aspermont).

100-yard dash—1. McGee, Balmorhea; 2. Wanda Albertson, Forsan; 3. Whitley, San Angelo; 4. Howell, San Angelo. 12.5.

200-yard shuttle relay—1. Forsan (Orveta Fryar, Valyncia Conway, Sherry Walraven, Nona Prescott), 2. San Angelo, 3. Ira, 4. San Angelo. 26.4.

240-yard shuttle hurdles relay—1. Forsan (Karen Lawson, Sherry Walraven, Nona Prescott, Ann Harrell), 2. San Angelo Jr. High, 3. San Angelo, 4. Ira. 45.3.

Team totals: 1. Forsan, 72; 2. Ira, 70; 3. Aspermont, 69; 4. San Angelo, 65.

Record Bettered

ROBSTOWN, Tex. (AP)—One of the fastest mile runs ever unreeled by a schoolboy track star was watched at a meet here Saturday night when Robert Gonzalez of Falfurrias ripped off the distance in 4:14.1.

Bronchos Blank Jayhawk Netters

ROSWELL, N.M. — New Mexico Military Institute blanked Howard County Junior College's boys in a Western Conference tennis match here Saturday.

Results:

No. 1 singles—M. Morgan over Donnie Thompson, 7-5, 6-1; No. 2 singles—R. Eberts over Taylor Smith, 6-1, 6-0; No. 3 singles — B. Brayton over Ab Pruitt, 6-3, 6-1; No. 4 singles—T. Sandin over A. J. Pirkle, 8-6, 6-4.

No. 1 doubles—Morgan and Brayton over Thompson and Smith, 6-0, 6-2; No. 2 doubles—Eberts and Sandin over Pruitt and Bill Clements, 6-3, 7-5.

Osborne, Brown First At Webb

F. T. Osborne and Milton Brown came out on top in last Sunday's blind draw golf tournament at the Webb AFB course with a score of 141.

Jim Day and Leonard Morgan along with June Daniels and Jim Pettit were nine strokes back in second place with 150. tween Wayne Newsome and Johnson, and Spot Crockett and Johnny Rodante with 152. Fourth place was also a tie between Eddie Acri and L. J. Fontenot and the team of Frank Parelta and Parks with 153.

Morton's Is 1-0 Winner

Morton's Foods eliminated Pepsi-Cola, 1-0, in the American Softball League's Pre-Season tournament Saturday night at the City Park.

Cotton Mize was credited with the victory while John Terry was the loser.

In another game Saturday evening, Pioneer Natural Gas turned back the 3560th Squadron of Webb AFB, 8-7, in a contest that went into extra innings.

Sam Snead Moves Close To Crown

GREENSBORO, N.C. (AP) — Sam Snead moved another step nearer his eighth Greater Greensboro Open Golf Tournament victory with a third round 68 Saturday to take a two-stroke lead with a 205 total.

The 52-year-old Snead who has more than a 100 tournament victories, was three under par Saturday and eight under for 54 holes in the $65,000 tourney.

Labron Harris, 1962 U.S. amateur champion in his first year as a professional, shot a 67 to jump into second place at 207.

Phil Rodgers observed his 27th birthday by shooting 69 to move into a third place tie at 209 with Billy Casper, 36-hole co-leader with Snead.

LSU Coach May Have Problems

BATON ROUGE, La. (AP) — It might get confusing when Louisiana State University Coach Charlie McClendon starts calling out names when he begins spring football practice Monday.

On the roster are three Jones boys, brothers David and Richard, plus Dan, who is not related; three Leblancs, halfback Danny and Maurice and tackle Allen, not related; two Hoppers, twins Mel and Mike; two Johnsons, centers Phil and Walter, not related; two Powells, brothers Tommy and Henry.

McLendon also has two Charlie Moores. One is from Louisiana, the other from Tennessee. They are known as Louisiana and Tennessee Moore.

Houston Sweeps To Links Title

HOUSTON, Tex. (AP) — The University of Houston swept through the final round Saturday of the All-America Intercollegiate Golf Tournament.

The Cougars copped all five division championships and the over-all team championship.

Jim Grant fired a one-over-par 73 for a total of 291 and individual scoring honors. Colorado's Hale Irwin shot a 74 and Jerry Keel of Oklahoma fired a 73 to tie for second with 295.

Houston defeated New Mexico, 6-0, for the championship of team match play and led second-place Arizona State by 32 strokes, 1,184-1,216, in team medal scoring.

The Cougars took the two-ball and four-ball competitions with 272 and 255 totals, respectively.

Houston's Randy Petri tied for third in individual scoring with teammate Elwin Fanning at 297. Fourth was Dave Eichelberger of Oklahoma State, 298, and Houston's Marty Fleckman took fifth place with 299.

Best Medicine For Golfer

R. H. Sikes of Springdale, Arkansas, rookie of the year on the PGA golf tour last year, gets some tender loving care from his fiancee, Miss Jolene Sitton, of Little Rock. Sikes was hospitalized in Little Rock for a nose operation to aid his breathing. He was to be released from the hospital Saturday and plans to rejoin the pro tour April 15. (AP WIREPHOTO)

Broyles Says Hogs Faced With Woes

FAYETTEVILLE, Ark. (AP) — Where do you go from a perfect football season?

"You go to work," Coach Frank Broyles said quickly.

And that's what his Arkansas Razorbacks will do Wednesday as they begin spring football practice.

Broyles left no doubt about what he is looking for: Headhunters.

Those are the candidates otherwise described as aggressive. There are gaps in the Razorback line-up reserved for them.

Graduation claimed several defensive standouts, such as All-America linebacker Ron Caveness.

The offense lost quarterback Fred Marshall and four linemen.

"We have got some problems," Broyles said in his understatement tone.

Broyles, of course, dreams about another team like the one he had in 1964 — the one that went 11-0, finishing No. 2 in The Associated Press rankings beating Nebraska in the Cotton Bowl.

Arkansas has 20 actual practice days in a 30-day period to find replacements for the holes left by graduation in its first undefeated team since 1909.

"The jobs are up for grabs," Broyles said. "We just hope that somebody will step in and develop fast enough to make us a hand there."

There will be some shuffling among the veterans, too.

All Little Leagues Are In Need Of Umps Here

Want a moonlighting job that pays up to $60 a week?

If you're interested, apply for an umpiring job in the Little League program here. All four leagues operating in the city is in need of arbiters.

Each league pays the umpires $3 a game and the official can work two games a night six nights a week, if he so desires.

Those interested should contact either Troy Love of the American League, Albert Cardenas, Texas League; Buford Hull, National League; or Major Ed Davis, International League within the immediate future.

Little League competition gets under way April 26 and continues through the early part of July.

Little League signups took place Saturday in four areas of the city. The schedules of the various circuits will be printed in the Daily Herald in the very near future.

Much work has gone toward improving the American League park, which is located on the HCJC campus.

More wire screen has been added for the protection of players and fans. The playing field has been fertilized. The stands and dugouts have been touched up with paint. The drainage system has been improved and more light bulbs will shortly be added.

On a recent Saturday, a volunteer group consisting of 32 men and women pitched in to help improve the park.

SPORTS PROFILE

Round-Ball Game Is Constantly Changing

By HARDY PRICE

What is basketball?

By dictionary definition it is a game usually played indoors in which two contesting teams endeavor to toss an inflated ball into an elevated goal (originally an ordinary fruit basket) invented in 1891 by James Naismith at the YMCA college in Springfield, Mass.

Ask 100 basketball coaches the same question and you will probably get 100 different answers.

"I love the game myself," said Allen Simpson, head coach of the Big Spring Steer cagers. "It helps me get an education and I owe a lot to basketball."

Simpson is what you might call a new breed of basketball coach, bringing new ideas into a constantly changing game. Top-notch coaches are coming out of all schools nowadays, whereas in years past the top coaches came from the few schools specializing in basketball competition.

"High school basketball in Texas has changed so much since I was in high school it is nearly a different game," Simpson once said. "Coaches nowadays are going to the full court press."

The celebrated UCLA zone-press, which recently led the Bruins to their second straight NCAA national title, is not that new.

"I saw so many variations of the zone-press this year, I got sick of it," said Simpson. No less than four of the eight teams in District 2-AAAA, Abilene, Abilene Cooper, Odessa, and Midland Lee, used some variation of the zone or full court press.

Midland Lee, Cooper and Odessa play what Simpson calls "race horse or run-and-shoot" basketball. San Angelo and Permian prefer the control game.

ALLEN SIMPSON

"We ran a pattern-type offensive with the fast break when it happened this year," said Simpson. He added that a coach will build his offensive around his players. The offensive of a high school basketball team can change with graduation, while colleges and universities can recruit the type players they want to fit their offensive.

As a coach, Simpson emphasizes two things in his workouts, defensive and fundamentals. Defensive is easy to understand. If you keep the other team from scoring, you have a better chance to win.

In talking fundamentals to Simpson you will hear three things — how to dribble, pass the ball and shoot.

"I am a real stickler for shooting," said Simpson. During a two hour workout of the Big Spring Steers, shooting is emphasized by going through the preparations for a shot, the actual shot and the follow-through.

The first 30 minutes of the workout will be spent on ball handling, fast breaks, defensive, play pattern, and shooting. Next will come 30 minutes of offensive drills followed by at least five minutes workout on each time defensive.

"If I know what kind of defensive we will be up against, I'll concentrate on it," said Simpson.

"To be a good basketball player you have to be dedicated, stated Simpson. "When I was in school and with a girl and saw one of my coaches coming I went the other way. After workouts I would go home and three-fourths of the team would be in my backyard playing basketball."

Once you get the player then you must have teamwork to have a good team. Height is not that important to Simpson. "I still say there is room for the little man in basketball," he said. A good little man can be the playmaker for the team in setting up shots and getting the ball down court against a press.

What does it take to be a basketball coach?

"It takes a man of patience," said Simpson. "Patience to put up with the problems of the kids, instill his system and sometimes patience with officials."

Simpson recalled that if an official made a call he disagreed with, "three years ago I would have got up and hollered about it. But then I saw that the more I hollered the more the kids hollered so I just quit. Kids seem to identify themselves with the coach."

Larsen Hurls 1-0 Victory Over Braves

WEST PALM BEACH, Fla. (AP) — A balk by Denny Lemaster made the difference in a mound duel with Don Larsen Saturday setting up the run that gave the Houston Astros a 1-0 victory over the Milwaukee Braves.

The 35-year-old Larsen shut out the Braves on four hits in his seven-inning turn.

Lemaster pitched five-hit ball for eight innings, longest sting by a Braves this spring, but lost when his balk in the eighth put a Houston runner in scoring position.

Bob Willis opened with a single. Lemaster picked him off first but was charged with a balk. Willis then took third on Ron Brand's sacrifice fly. The run-batted-in was Aspromonte's 13th of exhibition season.

Larry Dierker, 18-year-old rookie, finished for the Astros and completed a six-hitter.

Wolves Kayo Cooper, 7-0

COLORADO CITY—Third inning home runs by Larry Currie and Wayne Snowden highlighted a five-run outburst as Colorado City smashed Abilene Cooper, 7-0, in a baseball exhibition here Saturday.

The shutout, achieved behind the two-hit hurling of Skipper Warren, avenged a 19-6 defeat the Wolves had suffered at the hands of the Cougars a couple of weeks ago.

Currie banged his homer off with Ronnie Hillhouse and David McKay on base. Snowden banged his with Corky McAdams on board.

Warren struck out only two but exhibited good control and made the Cougars hit the ball where he wanted it.

The win was the second in eight starts for Colorado City, which doesn't return to play until April 13, at which time the team goes to Lamesa.

Snowden, who plays first base for the Wolves, collected two of Cee City's seven safeties. The defeat left Cooper with a 6-3 record.

Score by innings:

Cooper	000	000	0—0
Colorado City	005	110	x—7

Brown, Chase (2) and Yeatman; Warren and Millsaps.

Patton's Blow Swings Issue

Mike Patton hit a home run of the first pitch from Morton's Billy Paul Thomas in the bottom of the eighth inning to give the 3560th Squadron from Webb AFB a 3-2 victory over Morton's Friday night in the American Softball League tournament.

The game was tied in the sixth inning on a home run by Morton's third baseman D. A. Miller. Figalin was the winning pitcher for the 3560th.

In the first game of Saturday's action Seaboard Finance downed Pepsi - Cola 4-2 in a game that was carried over from Friday night. Rain washed the game out in the bottom of the fourth inning with Seaboard leading 2-0. Bob Riceman was the winning pitcher while Joe Blassingame was credited with the loss.

Blacker the Fish — Better the Day for Fishing

Morton's Starts Season Saturday

Morton's Foods, Big Spring's representative in the West Texas Softball Traveling league, will open play with Abilene Conoco at 7:30 p.m. April 10th in the city park here.

All games in the league will be doubleheaders. The teams will play at home every other Saturday. All games will be seven innings. Winner of the league will be eligible for the state tournament.

Teams in the league include Abilene A's, Lubbock, Big Spring, Abilene Conoco, Midland Drilling Services, Midland Rebels and Sweetwater.

L. W. Utley of Lubbock is president of the league and Buck Drake and Tito Arencibia are treasurer and secretary. D. A. Miller is manager of the local club.

First round schedule:

First round schedule:
APRIL 10 — Lubbock at Abilene A's; Abilene Conoco at Big Spring; Midland Drilling vs Midland Rebels at Midland.
APRIL 17 — Midland Drilling at Lubbock; Big Spring at Midland Rebels; Sweetwater at Abilene Conoco.
APRIL 24 — Midland Rebels at Abilene A's; Lubbock at Sweetwater; Abilene Conoco at Midland Drilling.
MAY 1 — Midland Drilling at Sweetwater; Abilene Conoco at Midland Rebels; Big Spring at Abilene A's.
MAY 8 — Midland Rebels at Lubbock; Sweetwater at Big Spring; Abilene A's vs. Abilene Conoco at Abilene.
MAY 15 — Abilene Conoco at Lubbock; Big Spring at Midland Drilling; Abilene A's at Sweetwater.
MAY 22 — Lubbock at Big Spring; Midland Drilling at Abilene A's; Sweetwater at Midland Rebels.

BOWLING BRIEFS

PILOT TRAINING LEAGUE

Results—Sky Scooters over Falcons, 3-1; Phantoms over Toy Soldiers, 3-1; Jaguars over Boulders, 3-1; Lepers split with Vagabonds, 2-2; Eagles split with Hammers, 2-2.

High team game and series—Sky Scooters, 959-2754; high individual game—Capt. Bob Hammerle, 228; high individual series—Capt. Dick Wilson, 562.

Standings—Lepers, 65½-38½; Falcons, 60-44; Hammers, 57-47; Phantoms, 52-52; Sky Scooters, 53-52; Jaguars, 49-51; Eagles, 46-54; Vagabonds, 45-55; Boulders, 44-60; Toy Soldiers, 41½-58½.

TUESDAY COUPLES LEAGUE

Results—R&R Theatres over Phillips 66 Cafe, 4-0; Leonard's Pharmacy over Boxer TV, 4-0; Meads Auto Supply over Sport Shop, 4-0; Team 9 over Rip's Cafe, 3-1; Forsan Oil Well Service split with Earl Piew Cosden, 2-2; Reader Insurance and Moore College Park 66, postponed.

High team game and series—Forsan Oil Well Service, 827-2336; high individual game women—Alma Arnold, 176; high individual game men—Harry Calverley, 229; high individual series women — Louise Booth, 480; high individual series men—Bill Patterson, 585.

Standings—R&R Theatres, 77-39; Leonard's Pharmacy, 69½-46½; Phillips 66 Cafe, 65½-50½; Forsan Oil Well Service, 62½-53½; Reader Insurance, 57½-54½; Meads Auto Supply, 54-62; Rip's Cafe, 53½-62½; Boxer TV, 52-½-63½; Team 9, 52½-63½; Sport Shop, 51½-64½; Earl Piew Cosden, 51-65; Moore's College Park 66, 43-67.

LADIES MAJOR LEAGUE

Results — Coor's over S&H Green Stamps, 3-1; Sport Shop over Sheltered S Ranch, 3-1; Schlitz over Western Fence Co., 4-0; Gandy's split with Marquez Fence Co., 2-2.

High team game and series—Schlitz, 763-2191; high individual game—Louise Booth, 214; high individual series—Joan McKinney, 596.

Standings—Sport Shop, 74½-37½; Coor's, 71½-40½; Gandy's, 63½-48½; S&H Green Stamps, 57-55; Sheltered S Ranch, 56-56; Schlitz, 54-58; Western Fence Co., 38-74; Marquez Fence Co., 33½-78½.

PILOT TRAINING LEAGUE

Results—Jaguars over Eagles, 4-0; Lepers over Phantoms, 3-1; Falcons over Vagabonds, 3-1; Boulders over Toy Soldiers, 3-1; Hammers over Sky Scooters, 3-1.

High team game—Falcons, 912; high team series—Lepers, 2650; high individual game—T. K. Price, 233; high individual series—Bob Hunter, 547.

Standings—Lepers, 63½-36½; Falcons, 59-41; Hammers, 55-45; Phantoms, 49-51; Sky Scooters, 49-51; Jaguars, 46-50; Eagles, 46-52; Vagabonds, 43-53; Boulders, 43-57; Toy Soldiers, 40½-55½.

BLUE MONDAY LEAGUE

Results—Casey's over State National, 3½-½; Cokers over Smith and Coleman, 3-1; City Pawn over Oldham Oil, 4-0; Cook and Talbot split with Good Housekeeping, 2-2.

High team game and series—Casey's, 624-1718; high individual game and series—Nell Hall, 184-453.

Standings—Casey's, 64-36; Coker's, 61-39; Cook and Talbot, 52½-47½; Good Housekeeping, 50½-49½; Smith and Coleman, 47-53; State National, 47-53; Oldham Oil, 40-60; City Pawn, 38-62.

Results — Bentley's of Stanton over Mason Used Cars, 4-0; Coor's over Dreyer Music, 3-1; Neel's Transfer over Hamm's, 3-1; United Reant-All over City Transfer, 3-1.

High individual game — Bill Littlejohn, 225; high individual series — Lou Soder, 577; high team game and series—United Rent-All, 1028-2952.

Standings—Coor's, 78-38; Neel's Transfer, 75½-40½; Dryer Music, 68½-50½; Hamm's, 59-57; United Rent-All, 54-62; Bentley's of Stanton, 53-63; City Transfer, 40-76; Mason Used Cars, 39-77.

BOWLERINA LEAGUE

Results — College Park Cleaners over McKinney Plumbing, 4-0; Hull and Phillips Grocery over Moore's 66 Station, 4-0; Warren Clinic over C&T Cleaners, 4-0.

High team game — College Park Cleaners, 733; high team series — Warren Clinic, 2081; high individual game—Iva White, 208; high individual series — Marge Cochran, 553.

Standings — College Park Cleaners, 64½; 39½; Hull and Phillips Grocery, 61-43; Warren Clinic, 57½-46½; C&T Cleaners, 53½-50½; Moore's 66 Station, 37½-66½; McKinney Plumbing, 38-66.

Irish Football Workouts Open

SOUTH BEND, Ind. (AP) — Preparations for Notre Dame's 77th football season begin Monday with the start of spring practice.

Coach Ara Parseghian lost 18 lettermen from last season's team, which ran up nine victories before suffering a 20-17 loss to Southern California.

"We'll be solid on defense," said Parseghian. "The majority of our problems pertain to offense, and this is particularly true of the skilled positions of split end and quarterback where Jack Snow and John Huarte are being graduated."

Parseghian will have 18 returning letterman, 7 on offense and 11 on defense. He has no idea who will replace the Huarte-to-Snow passing combination.

Sandy Bonvechio is a letterwinner at quarterback but Bonvechio had only 30 minutes of playing time last season.

Wilt Is Key Figure In 76ers' Challenge

By BOB HOOBING

BOSTON (AP) — Philadelphia's spirited 76ers rallying around the new, no-Wilt Chamberlain challenge the Boston pro basketball dynasty starting Sunday.

The Boston answer, as always, starts with captain Bill Russell, five-time National Basketball Association most valuable player.

The first of the best-of-seven Eastern Division final series will be nationally televised by ABC-TV, starting at 1:55 p.m., EST, with New England blacked out.

The Celtics are after an unprecedented ninth straight regional playoff crown and seventh world championship in a row. Philadelphia knocked off second place Cincinnati 3-1 in the preliminaries.

Boston Coach Red Auerbach agrees with veterans Tommy Heinsohn and K. C. Jones it will be the toughest series for the Celtics since their title reign began.

"We've got pride and a winning tradition but they've got momentum," Auerbach said. "They haven't been sitting around two weeks like we have."

Shortly after Auerbach said Tom Sanders was "the key to the Philly series because Russell can't do it all" his ace defensive forward sprained his right ankle Friday. But Satch vowed he would play as he had before with similar injuries. Clutch man Johnny Havlicek is ready after resting his sore left knee and swollen right finger for a week.

"We have a 50-50 chance of beating the Celtics," said Philadelphia Coach Dolph Schayes who used to do that quite regularly when playing for the old Syracuse Nats.

"Wilt is playing the best ball of his career," Schayes said. "I think the teams match up pretty even all around. I don't think the Celtics are going to run us off the court."

UCLA Grid Star Is Questioned

LOS ANGELES (AP) — Police booked UCLA's star football quarterback Larry Zeno on suspicion of burglary early Saturday after finding him within one block of a home where a prowler was reported.

Officers arrested the 22-year-old Zeno on the basis of a description furnished by Herbert Solow, who said he saw a prowler peeping through a back yard window of his home in Brentwood.

Zeno was quoted as telling officers he had intended to enter the yard next to Solow's, which he said was the back yard of the house in which his girl friend lived. Officers said he told them he planned to visit her.

Zeno reportedly told police that when he realized he was in the wrong yard he removed his shoes and tiptoed away. Officers said his socks were wet.

Zeno signed to play professional football for the Dallas Cowboys.

Ysleta Cage Star Signed By HCJC

Jack Thompson, a 6-7 Ysleta High School basketball player, has been signed to an athletic letter-of-intent by Howard County Junior College.

JACK THOMPSON

Coach Buddy Travis of HCJC scouted Thompson in person and said he was impressed by the Ysleta boy's hustle and ability to play defense.

Thompson was an all-district performer his senior year in high school and was highly recommended to Travis by Bobby Lesley, one of the Ysleta players.

Two other El Paso-area boys, Kirt Papp and Charles Vass, will return for their sophomore seasons with HCJC next year.

In a game against Big Spring here last December, Thompson scored 15 points to help the visitors rack up a 56-43 victory. It was Thompson's rebounding that had a lot to do with Ysleta's victory.

District 71-B Meet Nearing

The six schools of District 71-B will gather in Big Spring Tuesday for the district track meet at the HCJC track.

Schools entered include Borden, Klondike, Sands, Loop, Flower Grove and Dawson. Borden County was the winner last year with 195 points followed by Klondike in second place with 105½ points.

Five new records were set in the meet last year, with Borden County setting four of them. Tommy Burrus set new records in both the 120-yard high hurdles and 180-yard low hurdles with times of 16.7 and 20.9. David Cass of Borden set a new record in the 880-yard run with a time of 2:05 flat and the mile relay team of Kenneth Telchik, Burrus, Cass and Danny Hagins went the distance in the record time of 3:43 flat.

Klondike's 440 - yard relay team of David Neill, Jack Schneider, Keith Carter and David Vogler, ran the course in 46.9 for the last record-breaking event.

SUNLAND P'K RACE RESULTS

SATURDAY

FIRST RACE (1 Mile) — Fair Tag 52.00; 29.60, 12.00; Que Lastima 6.80 and 3.60; Turn to Tack 3.80. Time 1:40.2.

SECOND RACE (6 furl.) — Ballet King 28.60, 13.20, 9.00; Wingmaster 6.20 and 4.80; Lisa T. 3.80. Time 1:12.3.

DAILY DOUBLE—$67.80.

THIRD RACE (350 yards) — Rocket Poo 8.40, 5.40 and 4.20; Quick as a Wink 6.00 and 4.40; Hanks' Beachie 4.20. Time 18.1.

FOURTH RACE (870 yards) — Star Mancho 18.80, 6.80 and 5.20; Little Regards 4.00 and 3.20; Party Kid 10.00. Time 46.4.

QUINELLA — 23.20.

FIFTH RACE (400 yards) — Tag Twist 9.20, 4.40, 3.00; Pancho Supreme 5.00 and 3.20; Louak 2.80. Time 22.3.

SIXTH RACE (6½ furl.) — Hiho Hood 18.00, 6.80 and 5.20; Lets Twist 6.20 and 5.60; Tommy Spain 9.00. Time 1:18.3.

SEVENTH RACE (5½ furl.) — B. Way 12.00, 5.40, 4.00; Hy-Bill B. 9.60 and 6.60; I'm Quick 6.80. Time 1:05.1.

EIGHTH RACE (1 mile) — Dino Pocket 14.20, 6.00 and 3.80; Milady Regrets 4.40 and 2.80; War Mate 2.40. Time 1:37.4.

NINTH RACE (5½ furl.) — Master Man 7.60, 5.40, 4.40; Mr. Nathoo 5.00 and 4.80; Renees Prince 9.00. Time 1:05.

TENTH RACE (6 furl.) — Bobs Slave 12.60, 5.00, 3.40; Oklahoma Hills 4.40 and 3.00; Carronade 4.40. Time 1:11.1.

ELEVENTH RACE (1 1-8 mile) Jet Plow 22.80, 12.20, 6.00; Fuego Belico 9.20 and 5.00; Gil L. 4.20. Time 1:52.

QUINELLA — 72.40.

Total attendance 2,838. Total handled 186,151.

Sets Record

Herald Hadley of the University of Kansas crosses the finish line to win the four-mile relay event at the Texas Relays in Austin Saturday in 15:55.3, setting a record for the event. (AP WIREPHOTO)

Pool Tournament Round Nears End

First round in the Elks Club Pool tournament needs only two matches to be complete and then play will begin in the second and consolation round.

Thirty-two members of the Elks have entered the tournament being conducted in the Elks Club at the Crawford Hotel.

First round results:

Ken Saint over Wally Slate, 2-0; Roscoe Cone over Elmo Phillips, 2-1; R. E. Cone over Joe Holten, 2-0; Leland Graves over Dudley Jenkins, 2-0; J. G. Littlejohn over Fred Dwyer, 2-0; Glen Gale over Luther Cobb, 2-1; gary Showalter over Curtis Arnold, 2-1; Ray Snyder over Bob Riceman, 2-0; Jim Mewis over A. M. Farriss, 2-1; Neil Bumgardner over Bill Oliver, 2-1; A. L. deGraffenreid over Jack Kimble, 2-1; Dick Egan over Lee Mulky, 2-0; and Rusty Smith over Bob Rogers, 2-0.

Mentor Succumbs

DETROIT (AP) — Lloyd Brazil, the University of Detroit's head baseball coach for 20 years, died Saturday of injuries suffered in an auto accident. He was 58.

Bob Purkey Stops Pittsburgh, 3 To 0

By The Associated Press

Bob Purkey, an off-season acquisition, limited the Pittsburgh Pirates to three hits in St. Louis' 2-0 victory Saturday.

Purkey, a veteran knuckleballer, allowed only one runner to reach second base. That was Jim Pagliaroni, who doubled in the eighth inning. Lou Brock's triple and doubles by Dick Groat and Ken Boyer brought in the Cardinal runs in the fourth.

In another shutout, a balk by Denny Lemaster led to the only run in Houston's 1-0 triumph over Milwaukee. Don Larsen and Larry Dierker hurled the six-hitter for the Astros.

Bob Willis opened the eighth with a single, advanced to second on the balk, moved to third on a fly out and scored on Bob Aspromonte's hit.

Gordy Coleman drove in three runs with a homer and a single, powering Cincinnati past the Los Angeles Dodgers 6-1. Tommy Davis homered for the Dodgers.

Cleveland exploded for seven runs in the first two innings and held on for a 7-6 triumph over the Los Angeles Angels. Chuck Hinton rapped a triple and a single while Billy Moran added a double and a single for the Indians.

Jerry Lumpe collected three hits and drove in two runs as Detroit defeated the Chicago White Sox 7-4. Pete Ward slammed a three-run homer for the White Sox in the eighth.

Cleon Jones snapped a 4-4 tie with a seventh-inning homer, and the New York Mets went on to edge Kansas City 7-6.

Boston stopped the Chicago Cubs 9-5 behind Lenny Green's two-run homer and Felix Mantilla's three-run blast.

Rain washed out the game between San Francisco and another Angel squad.

Boston Defeated But U.S. Wins

LONDON (AP) — Olympic champion Lynn Davies shaded world record holder Ralph Boston in the broad jump Saturday but the American teams swept the British in their indoor track and field meet.

The U.S. men won eight of the 11 events in their part of the two-day meet at Wembley Stadium for a 70-47 victory in points, while American women won five of their seven events and finished ahead in points 38½-33½.

Davis jumped 25-9¼, three-quarters of an inch better than Boston, who competed in three events. The American, recently troubled by a knee injury, won the 60-yard hurdles Friday, then placed second in the broad jump and third in the high jump Saturday.

"That proves it wasn't luck in the Olympics at Tokyo," Davies exclaimed happily after his victory. The Welshman also narrowly scored in the Olympics over Boston, whose world record is 27-4½.

Billy Mills, the U.S. Marine who won the 10,000- meter gold medal at Tokyo, set a British indoor record of 13:36.8 in winning the three-mile run.

Ted Nelson of Canoga Park, Calif., put on a well-timed burst in the stretch and won the 880 yards in 1:52.5. John McGrath of Los Angeles took the shot put with an effort of 61-¾. And the medley relay was won handily by the American team of Mel Pender, Charlie Mays, Ollan Cassell and John Dunkelberg.

Britain's only winner besides Davies Saturday was Gordon Miller, first in the high jump at 6-10.

Tommy Davis of Frederick, Md., clinched the women's meet for the United States with a victory in the 60-yard hurdles. The 17-year-old American won by three-tenths of a second in 8.0.

Mary Mulder, a 15-year-old New York high school girl, raced to a sensational victory in British indoor record time in an invitation 880-yard run — an event not counting in the team competition. The youngster, clocked in 2:15.0, beat Brenda Carr, silver medalist for Australia in the 1960 Olympics, and Mary Hodgson, a 1964 Olympian for Britain.

Bowling Tourney Is Called Off

CHICAGO (AP) — The World's Invitational Match Game Championship, one of bowling's biggest tournaments, has been cancelled.

The sponsoring Proprietors Association of Greater Chicago said Saturday increasing costs caused the cancellation.

Eli Oarsmen Help Oxford

LONDON (AP) — Four former Yale oarsmen sent Oxford to a four-length victory over Cambridge in the 111th rowing of the inter-varsity boat race Saturday despite a near collapse by one of the Americans.

At the end of the 4¼-mile race over the River Thames, Duncan Spencer, son of a New York banker, said "I felt like quitting about half a mile from the finish."

Ed Trippe, 23-year-old son of Juan Trippe, president of Pan American Airways, stroked the Oxford crew to victory in 18 minutes, 7 seconds. The record of 17:50 was set by Cambridge in 1948.

Trippe said, "Any doubts I had about winning vanished after the first two minutes. From then on the race was in the bag."

Cambridge, without an American in its crew took a slight lead at the start. Oxford, powerhoused by the four Americans in the stern, soon took over.

Harry Howells, 22-year-old son of a New York business executive, and Bill Fink, 22, of New York City, were the other Americans on the Oxford crew.

It was the first time that four Americans had raced in one crew.

LOOKING 'EM OVER

Some People Wavering

By TOMMY HART

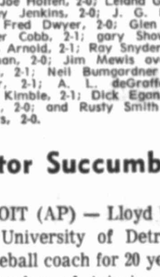

Latest poll of adults across the state, conducted by the Joe Belden concern, shows that 47 per cent think that horse race betting should not be legalized in the state, compared to 44 per cent who do . . . The other nine per cent interviewed voiced no opinion . . . The percentage prejudiced against parimutuel betting has dropped considerably since the middle of last year, when 60 per cent went on record as being against it . . . Tax revenue from racing in the state of California last year amounted to $45,537,414.72, an increase of 6.9 per cent over the amount realized the preceding year . . . The Vincennes, Ind., Trailblazers, crowned the 1965 National Juco Basketball Champions at Hutchinson, Kan., recently, represent the only junior college in the Hoosier State . . . The Vincennes team didn't even win its own conference title but should be tough again next year — with three starters back . . . There must be a lot of money in professional football . . . Fullback Jimmy Brown of the Cleveland Browns is sponsoring Ray Botts on the pro golf tour . . . Brown's boss, club owner Art Modell, backs Dick Sikes on the tournament trail but Sikes didn't cost Modell a penny last year . . . In gratitude, Modell bought Sikes a Cadillac . . . Camilo Pascual, the former Big Spring hurler who is now the ace pitcher on the Minnesota Twins' staff, golfs in the 70's . . . The Chicago White Sox recently tried to talk trade with the Twins, with Pascual the key figure . . . Larry McCulloch, the Odessa College cage mentor, is trying to recruit two Indiana products, having gleaned many a basketball nugget in that state in recent years . . . McCulloch has Bob Snoody, Pete Zuniga and Chuck Ramsey returning from this year's Wrangler club.

* * * *

Present plans call for qualifying in the annual City Golf Tournament at the Muny course to start about the middle of the month and matched play to extend from May 1 until May 9 . . . Bernard Rains beat Charley Bailey in last year's tournament finals, 1 up 20 holes . . . Entry fee in this year's meet will probably again be $5 . . . Shorty Gideon, course manager, has been topping the Muny greens the past week . . . Last Saturday and Sunday, over 300 players toured the Muny layout and the course got an unusually heavy play during the winter months . . . Coach Hayden Fry of SMU is pleased with the weight Big Spring's Don White has put on . . . When Mustang aide Pug Gabrel signed Don several weeks ago, he tipped in at 182 . . . He's up to 195 now . . . Fry continues to applaud the play of Big Spring's Dick Irons, a tackle who has been outstanding in spring training . . . "Irons has the ability to make the big play," the SMU coach said recently . . . The Midland Country Club, where Arnold Palmer, Bob Charles, Bobby Nichols and Doug Sanders play an exhibition May 3, will also be the scene of the Texas State Amateur Tournament starting June 1 . . . They still play a lot of polo in Lamesa, where Gus White Sr., a four-goal player, is president of the Lamesa Polo Association . . . Spencer Barron, a member of Lamesa's first team in history who has three sons and a son-in-law in the game, is vice president of the organization while Sol Cleveland serves as secretary . . . The Lamesa riders play each Sunday afternoon on a new field . . . Wendy Green, the former assistant golf pro at the Country Club here, is one of the new aides to Jimmy Gamewell at Midland's Hogan Park course . . . Wendy has been placed in charge of the driving range there . . . Dewey Burkhart is the other new assistant on Gamewell's staff . . . Martin Vanover, athletic director at Augusta College down in Georgia, gave a written examination to a class of girls in physical education recently and asked the question: "What are the two basic strokes in table tennis?" . . . Replied one coed: "Ping and pong."

THROW NIPS WESTERNER AT FIRST BASE
Big Spring infielder Eddie Thomas makes putout

Wes Verner Blanks Big Spring, 3-0

Wesley Verner fashioned a three-hitter in leading Lubbock High to a 3-0 victory over Big Spring here Friday afternoon.

Big Spring was between assignments in the Eunice, N. M., tournament and was seeking to avenge a 2-1 loss to the Westerners.

Lubbock's win was its sixth of the season, compared to six losses and a tie.

Richard Bourland scored Lubbock's first run after bunting successfully as the leadoff man in the opening inning. Joe Mac Tilson eventually brought him home on an infield out.

In the fourth, Lanthan Lindley banged a bases-empty home run for the Westerners and the visitors added another run in the round when Jimmy Boyd, who had walked, legged it home on a single by Kenneth Moore.

Big Spring had its best chance to score in the fourth when it got runners on second and third before a runner could be retired but Verner tightened down to make the other Steers hit to the infield or strike out.

In all, Verner fanned 13 and issued only one walk. Hank Pope, on the mound for Big Spring, yielded only four hits, whiffed eight and surrendered only two bases on balls.

Midland Lee Is Solid Favorite

Midland Lee, defending champion and a state finalist last year, is a unanimous choice among baseball coaches and sports writers in District 2-AAAA to repeat as champion this spring.

All 12 persons participating in the poll visualized a race dominated by Ernie Johnson's Rebels. Only coach Henry Colwell of Abilene Cooper did not submit a ballot.

Some of the coaches in the conference excluded their own teams in their predictions. One who did not was Johnson, who pointed to his own club as the one most likely to finish on top.

Odessa Permian was a second in the poll, all but one of the voters have picked the Panthers to wind up in the runnerup spot.

Midland High, despite the fact that it is playing without six boys who were dismissed for disciplinary reasons, emerged in third place in the balloting.

Here's the way the panel saw the finish (points given on the basis of eight for first place, seven for second and etc.):

1. Midland Lee 96
2. Odessa Permian 76
3. Midland High 58
4. Abilene High 50
5. Odessa High 42
6. Abilene Cooper 41
7. Big Spring 30
8. San Angelo 29

Burt Watkins New Golf Pro

LAMESA (SC) — Burt Watkins has assumed duties as golf pro at Lamesa Country Club as of April 1. He came to Lamesa from the City Municipal Golf Course in Gallup, N. M., where he had been employed 10 months. Watkins is married and he and his wife, Neldan, have three children.

He was born in Pampa, and graduated from high school there. He attended Odessa Junior College prior to accepting a position as golf pro for the Celanese Chemical Company in Pampa where he was in charge of building the course for the company. Watkins has been a golf pro for five years.

After leaving Pampa he was associated with the Portales Country Club as pro. He went to Gallup from Portales.

The Lamesa Country Club is sponsoring a pro-am April 15 and is holding an invitational tournament April 22.

Williams Hired At Abernathy

ABERNATHY — Don Williams, head football coach at Olney for the past five years, has been hired as head coach at Abernathy.

A Texas Tech graduate, Williams succeeds Richard Eddelman, who recently resigned. Williams was a quarterback and captain his senior year at Tech. Prior to his Olney post he coached at Fort Worth Arlington Heights for three years. He is a native of Graham. His Olney teams rolled up a 40-13-2 record under his coaching and reached the Class AA playoffs twice.

Palmer, Nichols Enter Tourney

FORT WORTH, Tex. (AP) — Masters champion Arnold Palmer and PGA titlist Bobby Nichols have accepted invitations to play in the $100,000 Colonial National Invitation Golf Tournament May 6-9.

Palmer, who finished last in his first appearance here in 1955, is a former Colonial winner. He won in 1962 in a playoff with Johnny Pott.

A field of 72, including Ben Hogan, Sam Snead and Byron Nelson, is planned for the event.

Sens Acquire McCormick

POMPANO BEACH, Florida (AP) — The Washington Senators purchased pitcher Mike McCormick from the Baltimore Orioles Saturday for the waiver price and sent two young players to their Hawaii farm club of the Pacific Coast League.

Pitcher Pete Craig and infielder Tim Cullen were sent to the Islanders, and after McCormick's purchase the Senators were one over the opening day player limit of 28.

McCormick broke in with the New York Giants as a 17-year-old bonus player in 1956 and did not pitch in the minors until the Orioles sent him to Rochester last May. He figured in a six-player deal between the Giants and Orioles in 1962.

McCormick has a lifetime record of 65 victories and 69 defeats in his major league years with the New York and San Francisco Giants and Baltimore. He was 12-8 last year with Rochester after Baltimore sent him down with an 0-2 record.

Mets May Be Better, Says Casey Stengel

By JACK HAND

ST. PETERSBURG, Fla. (AP) — Casey Stengel fished into his back pocket and produced a line-up card for an exhibition game.

STENGEL

"There's the best line - up that ever drew 1,700,000" said the New York Mets' manager. "I'm only interested in one thing. To get it better. To get it built up.

"Now you wanta know how I'm going to cut this ball club. You say we've got eight outfielders and we can't keep them all. We've got Hickman. He can play center field but we're trying to find out can he play first. Smith played the outfield for me last year but now he's at third base. And we've got a boy named Napoleon. He's done good work for me and he can play third base, too."

Out of the confusion arose the idea that Stengel, closing in on his 75th birthday, thinks the Mets will be better. How much better he does not know. He hopes it will be good enough to get out of last place.

Warren Spahn, soon to be 44, is working like a beaver, determined to be both a starting pitcher and the pitching coach. Yogi Berra is the first base coach but may be activated as a pinch hitter.

Spahnie will be a starter along with Galen Cisco, Carl Willey, Jack Fisher and Al Jackson. Larry Bearnarth and Bill Wakefield and probably Larry Miller, ex-Dodger, will be in the bullpen.

Casey likes 19-year-old Jerry Hinsley, young Ron Locke and Gordon Richardson, the former Cardinal. First-year man Dennis Musgraves represents a $100,000 investment and first-year man Frank McGraw looks too good to risk losing. Gary Krell impressed with a no-hitter. Frank Lary, back from Milwaukee, is an added starter.

Ed Kranepool at first, all-star Ron Hunt at second and Roy McMillan at short are set. Charlie Smith probably will be at third because of 20 homers last year.

Joe Christopher will be in left and Jim Hickman in right. Cleon Jones, a power hitter in Buffalo, looks like the center fielder.

Danny Napoleon, a first year man who tore up the NYP League last year with a .351 average, 36 homers and 134 RBI, has been impressive.

Chris Cannizzaro is the No. 1 catcher, probably backed up by John Stephenson.

SAC Gets Cager

SAN ANGELO — San Angelo College has signed Richard Preston, 6-feet-6, of Eldorado High School to a basketball letter of intent. Preston averaged 22 points a game for his school the past season.

Dempsey, White In Hall Of Fame

DENVER (AP) — A former heavyweight champion, one-time professional football player and Supreme Court justice were inducted Friday night into the Colorado Sports Hall of Fame.

Jack Dempsey, Earl (Dutch) Clark and Justice Byron (Whizzer) White became charter members of the honorary group at a banquet.

White was an All-America football player at Colorado University.

Dempsey learned to fight in the mining camps of the West before winning the world's heavyweight crown in 1919.

Legislators Eye Congress

AUSTIN (AP) — Legislators, who consider "states' rights" a favorite phrase, will be watching Washington this week for federal legislation keyed to some of the state's problems.

Redistricting, voting rights, school aid and a number of other issues before Congress are the attraction to Texans.

Speaker Ben Barnes made a quick trip to Washington during the weekend and may report Monday on the mood of Texas congressmen on the various issues.

Gov. Connally made a recent trip to Washington and talked at length with state congressmen and federal officials. Connally has contended for some time that Texas' interests in Congress are so strong the state should send a permanent "ambassador," or two, to keep watch along the Potomac River. A bill to that effect is pending in a House committee.

The Texas House takes another look Tuesday at a proposal to repeal the state poll tax. Representatives may want to wait and see how President Johnson's voting rights bill emerges from a Senate committee.

Also pending in Congress is a bill to allow 15 per cent variance in congressional redistricting and a proposed constitutional amendment that would let one house of a state legislature be elected by geographical areas instead of population alone.

Other issues before Congress that are being closely watched in Austin include:

Review of veterans administration plans to close 11 VA hospitals, including one at McKinney, and other facilities, including those at San Antonio and Lubbock.

A review of Pentagon plans to merge National Guard and Reserve forces with Texas losing 4,600 men.

The so-called medicare bill which would cause extensive change in Texas' hospital care program for needy old folk.

Wes-Tex Phone Meet Is Set

The annual membership meeting of Wes-Tex Telephone Cooperative will be held in Stanton Saturday evening. Registration will begin at 7 o'clock, with the business session slated at 7:30 in the Willie Wiredhand room of the Cap Rock Electric building.

Directors and Manager O. B. Bryan will report on financial and other affairs of the organization.

Six directors will be elected. The nominating committee has nominated the following to succeed themselves on the board: For two-year terms — Lawrence Adkins, Lomax, Mrs. L. C. Hazlewood, Courtney; and Cecil Wilkerson, Garden City; for three-year terms—Jack Hopper, Knott; Mrs. James C. Barr, Vincent; and D. O. Lawson, Stanton. Holdover directors are president, A. A. McKinney, Big Spring; vice president, Mrs. Glen Cox, Lenorah; and E. G. Cates, Ackerly.

Other business will include voting on a proposed amendment to the articles of incorporation which would limit the tenure of directors to two consecutive terms on the board.

Ten prizes will be given, and there will be a free movie for the children.

This will be the 15th annual meeting for members of Wes-Tex. The telephone cooperative was activated in 1950 and now has eight automatic dial exchanges and 1,091 miles of line in seven counties. The system serves 1,329 members.

Peace Corps Test Slated Saturday

An opportunity for area residents to test their aptitudes for Peace Corps service will come at 9 a.m. Saturday.

In this area, tests are given at Abilene, Room 5, Federal Building; Midland Post Office; Lubbock, Room 16A Post Office; San Angelo, Room 324 Federal Building.

The Peace Corps placement test is not passed or failed, but simply indicates where an individual's greatest potential lies. The Peace Corps questionnaire, which must be filled out and brought to the exam unless previously submitted, tells what an applicant has done in the past. The placement test is aimed at showing what he or she can do in the future. Applicants do not have to register for the test ahead of time.

The Peace Corps Questionnaire can be obtained at all post offices. On college campuses they are available at college placement centers or the offices.

Mrs. Tollett Is Recovering

Mrs. R. L. Tollett was recovering satisfactorily Saturday at Methodist Hospital in Houston following extensive vascular surgery on Thursday.

Mrs. Tollett entered the hospital in mid-March and emergency vascular surgery was performed March 19 by Dr. Michael de Bakey. She was still under intensive care Saturday, but there was prospects that she would be moved to a room during the weekend. Mr. Tollett has been at her bedside.

Jail Costs Going Down, Meal Quality Stays High

By SAM BLACKBURN

In January, Sheriff Aubrey Standard reported that his jailer, Sonny Buzbee, had fed the county jail prisoners that month at an average cost per meal of 21.9 cents.

In February, the sheriff said, the cost per meal was pulled down to 20.5 cents per meal. Now the March figures are in.

The county jail kitchen served 1,525 meals last month to an average of 20 to 21 prisoners per day for a per meal cost of only 17.75 cents.

How can this be done?

PLANNING

"By planning, using sense in buying groceries, seeing to it that what is cooked is edible and good and not wasted," said Standard.

"Buzbee and Georgia Leach (the jail cook) are doing a bang-up job," said the sheriff. "Since Buzbee took over Jan. 1, the whole county jail setup has been revolutionized. The jail is neat and is kept clean. The prisoners' morale is good—better than in most jails. They are well fed with plenty of good food.

"And we are saving the county a lot of money."

Buzbee said he spent $269.14 for groceries and milk for the prisoners in March.

Is he "skimping" too much on the food?

Not according to the prisoners and not according to his menus. The prisoners get two meals a day — breakfast and lunch. Buzbee has introduced an innovation — his "guests" are served coffee at 6 p.m. This has never been done before.

What does he feed the prisoners?

Well, they get meats at two luncheons a week and three breakfasts. They get dessert at three meals a week.

MENU

The menu for today at the county jail will be well seasoned meat loaf with one or two vegetables — probably green beans and potatoes. Breakfast this morning was the "light" morning meal of each week—doughnuts and coffee. The luncheon is a little more elaborate than usual. And, of course, there will be coffee at 6 p.m.

"A federal jail inspector who was here recently," said Standard, "complimented Buzbee on his job and had only one suggestion. He thought we should serve three meals a day—not because the prisoners are underfed but because in some jails, where the two meal plan is followed, the inmates keep back some of their lunch to eat in the evening. He said this tends to encourage vermin."

No such situation exists in the jail here. The plates are cleaned at each meal. Further, Buzbee rides herd on the inmates and cells like an old time top Army sergeant.

As a result, the rank odor of unwashed bodies and disinfectant, which generally assail the nose of a visitor in most jails, is entirely lacking.

NO ODOR

There is no offensive odor and the air is fresh and clean. Floors, walls and facilities in the corridors and cells gleam with the cleanliness of diligently applied soap and water.

"You'll have no smell in any jail," explained Buzbee, "if you see to it that plenty of soap, water and elbow grease is regularly applied. We 'GI' this place weekly and I make several rounds of inspection each day. When I see something that needs doing to keep the place in order, it gets done."

The prisoners are most cooperative, the jailer said.

"They keep themselves clean, their clothing in shape, and their cells neat," said Standard.

The kitchen is as white and clean as the surgery of a hospital. Pots and plans glisten. The food on the big range sends out savory odors.

What are typical menus?

"We change them every day," said Buzbee.

Thursday of last week, for instance:

Breakfast: Oatmeal, coffee milk, two slices of bacon, bread. Lunch: Beef stew, pork and beans, bread, coffee.

Friday's menu included boiled rice, bacon and egg, bread and coffee for breakfast. The luncheon featured well seasoned pinto beans cooked with generous chunks of salt pork; canned corn, bread, bread pudding and coffee.

COOK

The jail cook, Georgia Leach, has been at her job at the county jail since 1929. She has served under many sheriffs and jailers in her long tenure in the county jail kitchen. She prepared meals in the old days in the ancient jail which was replaced by the present facility.

She has a high reputation as a good cook and as a thrifty one.

"Georgia does a good job," said the sheriff.

Standard made it clear that the $269.14 spent for groceries was strictly for foods. The salaries of the cook and the jailer are not included in that figure.

"We want to do a good job," said Standard. "We want to run the right kind of a jail, and at the same time, do all we can to economize on county money.

"Actually," said the sheriff, "It is likely most of the people we have upstairs are eating as good or perhaps better, in jail than they did when they were outside."

GOOD HUMOR

Buzbee walked through the jail aisles. The prisoners, in high good humor, hailed him as he passed.

He noted a bit of disorder in one cell.

"Bill," he said to one of the inmates, "that needs straightening up."

The prisoner nodded vigorously.

"Sure does," he responded. And he set about putting the matter in order.

It's a most unusual jail.

ECONOMICALLY OPERATED JAIL KITCHEN

CARD OF THANKS

A very special thanks to the Doctors and nursing staff at Cowper Clinic, Reverend Andress, and to all the kind friends and relatives for their many expressions of kindness and sympathy at the passing of our beloved daughter, Mae Elizabeth.

Mrs. Lillie Mae Wise and Family

Drama Class Plans Hamlet

The Big Spring High School Drama class, along with the Court Jesters and Thespian Troupe 1474, will present Shakespeare's "Hamlet," April 12 in the high school auditorium at 8 p.m.

Tickets are 75 cents for adults and 50 cents for students. The play has been cut to 40 minutes to conform with Interscholastic League contest rules. The play will be presented April 9 at Midland in the district Interscholastic League competition.

After the play there will be a Shakespearian exhibit in the school library. The exhibit will include notebooks, costumes, and other student projects from the Shakespearian era. The Madrigal singers from the high school choir will sing songs representative of the era. Refreshments will be served.

The cast includes — Horatio, John Seitzler; King Claudius, Don Haney; Queen Gertrude, Jo Ellen Fiveash; Hamlet, Pat Hamilton; Marcellus, Dick Sweeden; Barnardo, Clark Frayser; Polonius, Mitchell McNeese; Laertes, Deats Bearid; Ophelia, Sandra Conner; Player Queen, Virginia Colclazer. Stage manager for the production is Marshall Cockrell.

Cancer Society Launches Drive

A breakfast meeting is planned at 7 a.m. Monday at Coker's Restaurant for volunteer workers in the business division of the current Cancer Crusade.

Friday volunteers who will work in the house-to-house solicitation April 27 received instruction and materials in a meeting at the Reddy Room of Texas Electric Service Company. Mrs. C. J. Haralson is chairman of the division.

Volunteers will knock on doors through the city's residential areas and in some county communities. Pamphlets will be distributed on the work of the American Cancer Society, on facts about cancer in Texas and on what steps persons can take to prevent the disease.

Zing into spring!
Chevelle by Chevrolet

'65 Chevelle Malibu Convertible—with color-keyed all-vinyl upholstery

It's the most popular mid-size traveler built—which isn't surprising when you consider who built it.

There's no doubt that a car like this could get by on its good looks alone. Without ever having to rely on family connections.

But the fact that it is built by Chevrolet assures you right off it's got a lot more going for it than merely meets the eye. It tells you, for example, that beneath those impetuous-looking lines you can have the impetuous kind of power—6 or V8—that Chevrolet has a reputation for putting in its cars. It tells you that you get Body by Fisher handiwork inside and out (with the kind of meticulous attention to detail that goes into some of the most expensive cars around). It tells you that you're going to get a ride developed by engineers who are old hands at putting the squelch on bumps (Chevelle has Full Coil suspension at all four wheels, similar to the regular Jet-smooth Chevrolet).

Knowing all this, you probably won't be startled by the fact more people are now buying Chevelle than any other car its size.

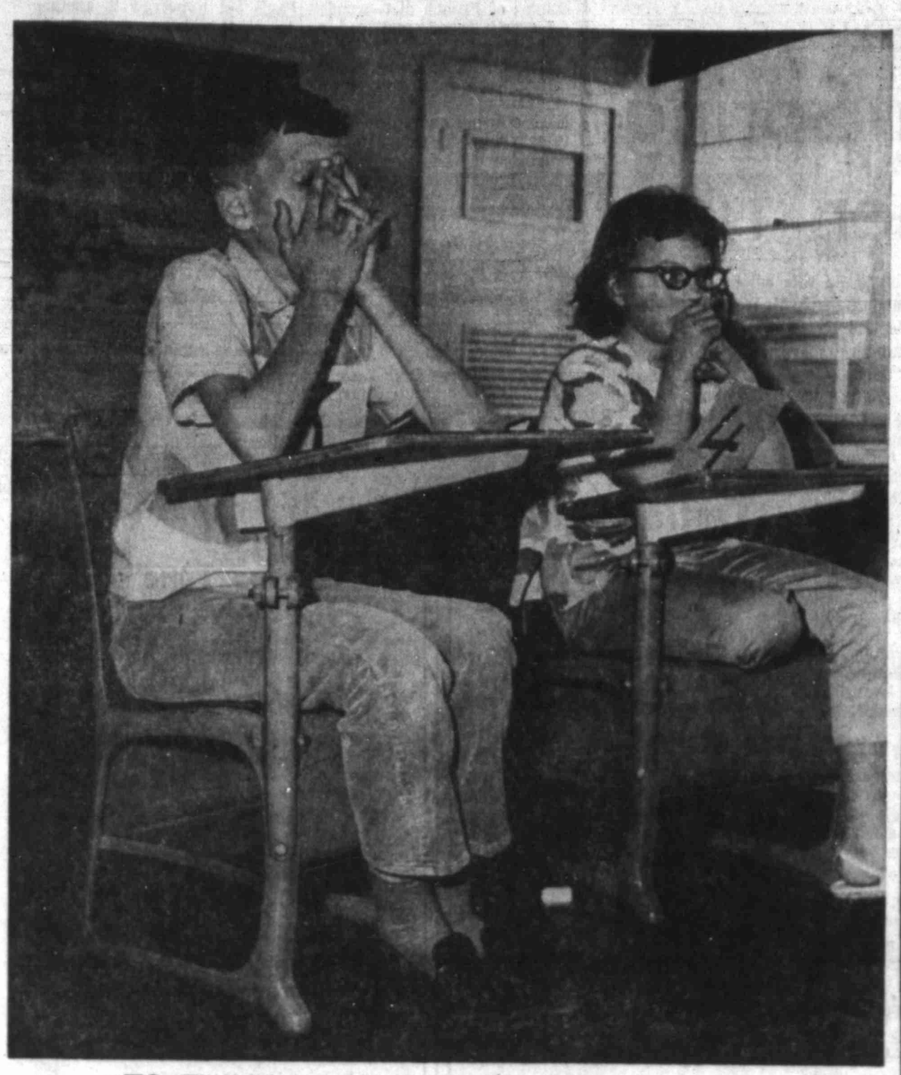

But you will have a happy surprise when you check *what* you can buy one for—right now down at your Chevrolet dealer's.

MR. AND MRS. AUBREY HERRINGTON

Aubrey Herringtons Observe Anniversary

COLORADO CITY (SC) — Mr. and Mrs. Aubrey Herrington of Colorado City will celebrate their 50th wedding anniversary, today at their home at 342 E. 9th from 2 to 5 p.m.

Mr. and Mrs. Herrington were married April 4, 1915, at Central Church near Cisco.

Mrs. Herrington, the former Rosa Lee West of Cisco, came to Colorado City in 1915, following her marriage to Herrington. The couple moved into a frame house at the site of their present home which was built in 1925.

"There was nothing north of us but shinnery, sand and the old C. H. Laskey pasture," laughed Mrs. Herrington. The entire area north of the Herrington home has built in and is now covered with homes, a few places of business and three schools.

"Aubrey's salary was $30 a month," Mrs. Herrington continued, "but a quarter bought six loaves of bread or steak for two!"

CAR DEALER

Herrington was born in Hamilton County, Oct. 19, 1891, and came to Colorado City in 1907 with his parents, Mr. and Mrs. A. J. Herrington. The senior Herrington — now 97 years old and living in Brady — was at first a blacksmith, but soon made the transition into the automobile business. He became one of the area's pioneer car dealers and built the large building, at the corner of Main and Elm, for a garage and showroom. The building is now owned by the Jaycees and is known as "Civic House."

"In those days," Herrington says, "When you sold a car you had to teach 'em how to drive. We sold a Cuthbert man a car and I had to go out there and stay three weeks until he could take over. When we were not practicing driving, I had to help him shock feed and milk the cows. I wonder how many car salesmen today, would go through all that to sell a car that sold for $395?"

When the senior Herrington sold the automobile business and moved to South Texas, Aubrey opened an auto parts business and operated it until his retirement in 1963.

HOUSE PARTY

Decorations at the Herrington home will carry out the gold theme and tea, coffee and cake will be served. Members of the house party will include Mrs. George A. Morgan of Brady and Mrs. Lona Jackson of Bandera, both sisters of Herrington; and Mrs. Donna Reed and Mrs. Wilfred Fox, both of Colorado City; Mrs. Hugh Millington, San Angelo; and Misses Faye and Janie Matthews of Odessa, all sisters of Mrs. Herrington.

Other sisters of Mrs. Herrington are Mrs. P. D. (Dick) O'Brien, Houston; Mrs. John Nicholas, Carbon; Mrs. Robert Walker, Dublin; and Mrs. Dave Sambrough, Eastland. A brother is James T. Matthews of Moran.

Luncheon Announced

The annual spring luncheon of the Texas Tech Home Economics Ex-Students will be held in the Coronado Room of the Student Union building on Saturday, April 10, at 12 o'clock noon.

Guest speaker for the program will be the Rev. Herman Williams of the Second Baptist Church. The recipient of the Margarot Weeks Scholarship Award, Barbara Louise Higgins, an applied arts major from Roswell, N. M., will be presented. Officers for the coming year will be elected.

All former and current faculty members and former students of Texas Tech are eligible to attend the luncheon. Graduating seniors of the School of Home Economics are invited. The price of the meal is $1.80 and dues are $1.00, both payable at the door.

Reservations may be made by writing or telephoning Mrs. Elliot Taylor, 2808 65th, telephone SW 5-0451, Lubbock.

Officers serving this year are Mrs. David Foster, president; Mrs. Harry Dixon, vice president; Mrs. Charles Foroo, secretary-treasurer and Mrs. William Hamilton, reporter.

Stanton Rebekahs Announce School

STANTON (SC) — Mrs. Granville Graves, noble grand, presided at the Monday evening meeting of the Stanton Rebekah Lodge No. 287. Mrs. John Wilkes Jr., deputy, announced that she will conduct a school of instruction Monday evening.

Nineteen visits to the sick were reported and members agreed to discontinue the traveling gift drawing.

Mrs. Loyd Hasting received her commission as District 88 Deputy President.

Sammy Scroggins' Mother Visits

WESTBROOK (SC) — Mr. and Mrs. E. G. Johnson of Scranton were weekend guests of the Altis Clemmers.

Mr. and Mrs. Sammy Scroggins and children were Sunday visitors of his mother, Mrs. Wyona Scroggins of Merkel.

Mr. and Mrs. Claud Crow of Colorado City visited the Sam Odens Sunday afternoon.

TRAVEL TALKS

See Paris In Spring Or Any Other Time!

By HULIN FOWLER

There is a saying that everyone has two countries, his own and France.

Paris occupies a special spot in the heart of every visitor. It never changes yet it is ever-changing. You see one Paris in the day, and get an entirely new concept of it at night.

Talk to someone who has been to Paris and you will see a look of pure nostalgia come onto his face as he reminisces about that glorious city.

What is there about Paris? A thousand books could not describe it.

Paris is a stroll through one of the magnificent parks that dot the city or along one of the tree-lined boulevards. Paris is an animated discussion at one of the scenic sidewalk cafes that are so typical of this ancient Gallic city of kings, royal gaiety and scene of the rise and fall of empires.

On a typical day in Paris you may want to rise early to eat in your room or at a nearby restauant before seeing the sights. Your breakfast may be "continental," consisting of hot "cafe au lait" (half hot milk and coffee) and croissants with butter and marmalade.

You will stroll out onto a street already humming with the early morning traffic and hail a passing cab. The ride may be breath-taking in the heavy traffic and your driver may have some words to exchange with another cabbie who brushes past. But French cabbies are good drivers, and he will deliver you safe and sound to your destination—the Eiffel Tower.

'TOUR EIFFEL'

A visit to the "Tour Eiffel" will give the visitor a sweeping view of Paris, the meandering river Seine, the astounding boulevards, the parks which dot the city with green islands, and in the distance a historic site that you will want to see close-up, the Basilica of the "Sacre Coeur," on top of the Butte Montmartre. You will see also, on an island in the center of the Seine, the medieval cathedral of Notre Dame which took over 100 years to construct.

Leisurely sightseeing may take you from the "Arc de Triomphe," memorial to the victories of Napoleon, down the Champs Elysees to the Place de la Concorde, the formal gardens of the Tuileries, the "Louvre" ancient palace of the French Kings, now a famous museum. Every street, every building has beauty and historical meaning.

France boasts of the best "cuisine" in the world, and you will stop for lunch at one of Paris' many restaurants. Eating is almost a ritual which should never be hurried. After an "aperitif," you may choose "soupe a l'ognion" (onion soup) or a wide variety of hors d' oeuvres. Then will come a filet of sole or, for the adventurous gourmet, perhaps snails in garlic butter sauce. Your main course, be it veal, chicken or lamb, will come with potatoes and a vegetable. A green salad, followed by one of France's many cheeses, then fresh fruits, will complete your meal. Of course throughout your lunch you will have enjoyed the two staples of French diet—wonderful crusty bread and red or white wine.

LUXURY

If you are able, resume your sightseeing, inspect the windows offering quantities of luxurious items or return to your hotel for a rest, to get ready for your evening in Paris.

This is a day in your life in Paris but tomorrow is another day. You will not really get to know Paris on a short vacation but what you will see and do you will never forget.

EDITOR'S NOTE: Write to Mr. Fowler in care of this newspaper for answers to your travel questions.

Sartorial Tipoff On Men's Tastes

A well known tailor, who has more than a passing interest in astrology, says that Capricorn and Gemini men are most conservative dressers, while Pisces and Scorpio are the most daring.

Men born under Cancer are the most casual and stress comfort in their apparel.

Virgoans are the neatest. Leo men "dress to kill" . . . and incidentally are the best and fastest about paying their bills.

Delegates Study Map

Shown discussing travel routes before leaving Friday for Phoenix, Ariz., are, from left, Mrs. H. E. Taylor, Mrs. H. P. Wooten, Mrs. R. C. LeFevre, Mrs. A. C. Moore and Mrs. Leonard Burks. The women are members of the American Association of Business Women and are attending the district meeting which ends today.

Delegates Leave For ABWA Convention

Five members of the two local chapters of the American Business Women's Association left Friday to attend the Southwestern District meeting in Phoenix, Ariz. The district includes Texas, New Mexico and Arizona.

Those attending from here are Mrs. R. C. LeFevre, Mrs. H. E. Taylor, Mrs. Leonard Burks and Mrs. H. P. Wooten, all of the Scenic Chapter and Mrs. A. C. Moore of the Cactus Chapter.

The three-day meeting was to begin with registration Friday, and a Western open house was scheduled for Friday evening.

Tours of the area were to be offered Saturday morning, and a reception was planned for those campaigning for national office sand bidding for the next convention.

Scrapbooks and bulletins will be displayed, the top five to be sent to San Francisco, Calif., in October for the national convention judging.

The meeting will end today after a brunch and afternoon workshops where educational speakers will be heard.

The ABWA theme for 1965 is "Alert and Alive in '65." At the national convention in Minneapolis, Minn., in 1964, it was announced that the organization lists 30,000 active members in the United States.

Following the national convention this year, there will be a tour to Hawaii from Oct. 17-24. The price of the trip is $325 and included is a full week of activities.

'ROUND TOWN

By LUCILLE PICKLE

Special guests here for several days are MR. and MRS. LYMAN MOE of Chetek, Wis., who are the houseguests of MR. and MRS. C. E. SHIVE and will also be entertained by the Bert Shives. The couple made their home with the elder Shives family during the war years of '43-'45 and through the years the families have remained in touch, having visited in each other's homes numerous times. The Moes are en route to visit relatives in California.

* * *

MRS. C. B. SULLIVAN was met in Fort Worth by her son, Coral, a student in NTSU at Denton, Friday and the two drove to Barksdale AFB, La., where they are visiting their daughter and sister, and her family, CAPT. and MRS. LYNN THOMAS and their sons. Mrs. Sullivan will stay for several weeks after Coral returns to Denton.

* * *

DR. and MRS. PAUL KIONKA are in Tucson, Ariz., where they will spend the week with DR. and MRS. C. E. BENSEMA. The Kionkas lived in Tucson for 14 years before moving here and each spring they return for a visit with their friends there.

* * *

When MRS. HOUSTON PARKER went for a visit several weeks ago with her son, TRAVIS AARON, and his wife in Amarillo she had a bonus trip. The three took a jaunt down to San Antonio and she said the bluebonnets were particularly beautiful at this time. She returned here Thursday.

* * *

MRS. WAYNE VAUGHN underwent surgery Friday morning at Gaston Avenue Hospital in Dallas and is in room 265.

* * *

MRS. JULIAN FISHER was happy to hear that her brother, ISADORE TUDZIN, was named manager of the Las Palmas store in San Antonio, one of the Joske group.

* * *

Friends here will be happy to learn that MRS. J. R. CALDWELL of Bovina, sister of Mrs. W. F. Taylor, was presented last week as Mother of the Year of the Caprock District, Texas Federation of Women's Clubs, at the district meeting in Friona.

* * *

C. W. DICKERSON should about round up his visitation among his relatives this week. He is spending this weekend with the BOB DICKERSONS in Houston. He started his trip in time to spend March 27 in Braman, Okla., with his father, C. R. DICKERSON, who was 91 on that day. Later he visited Mrs. Dickerson's mother, MRS. J. C. HUSTON in Hutchinson, Kan., and then went on to Kansas City to spend some time with their daughter, Jan.

* * *

MR. AND MRS. BUEL FOX and MR. AND MRS. G. L. WILEY were in Roscoe Saturday evening for the 82nd birthday anniversary of their mother, MRS. IOLA CHILDERS. The occasion was celebrated with a family dinner.

Newest Handbag Is For Shoulders

The newest handbag for spring is the small shoulder bag in leather. The straps are shorter than the shoulder bag of a few years ago.

Marriage Vows Read Tuesday

COAHOMA (SC) — Eldon Krause and Mrs. Carlene Pinfield were married Tuesday at a justice of peace office in Big Spring.

Mrs. Monte Davis and children of Lubbock are visiting here with her parents, Mr. and Mrs. L. F. Anderson.

Mrs. Kathy Gaddis is in the Johnson Hospital in Loraine.

Mrs. Grover Bright has been released from the Malone and Hogan Foundation Hospital.

Mr. and Mrs. W. B. Burch are vacationing in Guyman, Okla., Walch, Colo., and Liberal, Kan.

Mrs. Alline Hall has returned home from 29 Palms, Calif., where she spent the last four months with her son and family, Mr. and Mrs. Winston Hall and boys.

Sets Date

Miss Connie Rochelle Randel and Michael Otto have set June 5 as the date for their wedding in the First Methodist Church. The announcement is made by her parents, Mr. and Mrs. Grady L. Randel, 207 Jefferson. The prospective bridegroom is the nephew of Miss Edna Otto and Miss Mary Otto, both of Pecos.

Herman Parsons Visit E. L. Clifton Family

WESTBROOK (SC) — Mr. and Mrs. Herman Parsons and daughter, Melanie, were in San Angelo over the weekend visiting her parents, Mr. and Mrs. E. L. Clifton, and her brother and family, the Allen Cliftons. Other guests were Mr. and Mrs. Bryant Stavely Jr., and daughter, Lyn, of Lajunta, Colo. Mrs. Stavely is the former Marie Clifton.

Visiting their parents during spring holidays are Dale Byrd, Glenda Joe Rees and Janie Putman, students at Texas Tech in Lubbock.

Mr. and Mrs. Ralph Bryant, and daughters Donna and Carolyn, and Raymond Rich were in Kerrville Sunday visiting Mr. and Mrs. Arthur Karcher and children, Art and Teresa.

Mr. and Mrs. Charles Ranne and Linda spent the weekend in Fort Worth visiting her mother and brother, Mrs. Edna Rabb and Raymond.

The Rev. and Mrs. S. L. Yeilding, Debra and Susan, were in San Angelo Sunday afternoon visiting his mother, Mrs. J. C. Yeilding.

Guests in the Troy Lankford home Saturday night were Mr. and Mrs. Troy Greenlee, Suzan and Gary Bruce of Snyder.

Linda Bristow To Wed Lee Wright

Mr. and Mrs. J. V. Bristow, Vincent Route, Coahoma, are announcing the engagement of their daughter, Linda Carol, to Herman Lee Wright, son of Mr. and Mrs. H. H. Wright, 1613 E. 16th.

The wedding is planned for 8 p.m. April 20 in the Birdwell Lane Baptist Church.

MRS. VIOLA TERRY DUBLIN

Mrs. Dublin Is True Woman Of The West

By JO BRIGHT

Often there's a forgotten chapter in the books that are written about the virile and lusty men who made the West. Recognition is seldom given to the wonderful women who came with them.

But they did. When the first crude houses were built to nestle against life-giving windmills, there were women to put linen on the tables, boil clothes in big iron pots — and keep tumbleweeds pushed away from the doors. They labored with their men — building fences, driving cattle, raising chickens and rearing children.

Mrs. Viola Dublin, 600 Scurry, was one of 10 children reared by such pioneers. Her parents, the late Mr. and Mrs. J. W. Terry, lived first at Roby but began ranching and farming near Midland when she was 10 years old. She had been riding since the age of five and had a horse of her own, a beautiful white animal named "Dan." Growing up, she learned about cattle from her father and raised 25 head which she proudly stamped with her personal brand, "V-T." When the time came to sell, she helped drive them from the ranch to the Odessa railhead, sharing her saddle with a maverick that couldn't make it on its own. The ride took three days with cook fires to be built every day and blankets spread on the prairie for sleeping.

After finishing high school, Viola Terry went for two years to a convent which flourished in 1909 at Stanton. She met a young man named Charles M. Dublin, member of another pioneer ranching family, and they were married in 1913 at Midland.

OWNED SPREAD

The young couple loved ranching and continued to make this their way of life on a spread 25 miles northwest of Odessa until 1922 when they tired of the losing battle with dust and drouth. Moving to Big Spring, they made their home at 600 Scurry where she still lives today. For a time, he was a jobber for Magnolia before becoming associated with the Independent Eastern Torpedo Company where his job included shooting oil wells with nitroglycerin. The couple was able to celebrate their 50th wedding anniversary in January of 1963 before his death that same year.

The Dublins had two daughters, Mrs. Horace Garrett, 715 Edwards, and Mrs. Howard Kemper, Phoenix, Ariz. The grandchildren are Ann Garrett, 15, Sue Garrett, 7, John Kemper, 15, and Mrs. Charles Benson, 24, of Phoenix.

Mrs. Dublin recalls that her street was not paved when they moved here. She thought the population was about 4,000. It was considered a big rail center, and it was easy to know which people were with the railroad—their homes were all painted yellow and black. There was a red brick schoolhouse where the post office now stands, and she remembers well the night the town's biggest hotel burned as the whole town watched. The Settles Hotel was constructed later, during the oil boom of the late 20s.

As a young matron, Mrs. Dublin was active in the town's social life. She was a member of the Delphian Study Club and never missed the opportunity for a bridge game. The time came, however, during the depression, when she quickly put these pleasures aside to help her husband by doing professional sewing and taking an outside job.

FULL MEASURE

Mrs. Dublin, a small woman who's youthful beauty was enhanced with strength of character, now has hair like spun silver, and has been confined to her wheel chair since 1940—but she still takes a full measure of pleasure from each day and gives much of herself to others in return. Despite crippling arthritis, she has an amazing range of interest and keen desire to keep on the go.

She can continue "cooking" by telling someone else how to prepare certain dishes, with a radio she still has her music, and her eyes are good enough to read and work crossword puzzles.

Like most women, she'd miss her telephone very much. She keeps in touch with many old friends this way, and often the calls are made to bring the group together for their regular card parties. Some of the women, who have continued to play together for years, are Mrs. Travis Reed, Mrs. Harvy Williamson, Mrs. Ova Mae Edwards, Mrs. B. B. Badger, Mrs. C. A. Jones, Mrs. Joseph Hayden, Mrs. E. O. Ellington and Mrs. H. J. Morrison.

LIKES FISHING

With the use of a portable chair, she can still get in a bit of fishing with Mrs. Morrison. At the Garrett ranch, a small wharf was built for her at the "spring" tank where she can fish in the shade of a willow tree.

Mrs. Dublin has none of the primness of the past which clings to many women in their senior years. Her outlook is as modern as the many people she comes in contact with. She accepts changes—thinking most of them are for the better — and looks forward to everything that comes into her life. She has been on fishing trips to Lake Buchanan, three years ago she saw the horse races at Ruidoso, N. M.—and come summer—she plans to be in Phoenix.

Installation Banquet Held By Jaycee-Ettes

The installation banquet and dance of the Jaycee-Ettes was held Friday evening in the Big Spring Country Club.

Mrs. Glen Wortham, Area II vice president of the state Jaycee-Ettes from Sweetwater, conducted the ceremony. Officers installed were Mrs. Louis McKnight, president; Mrs. Walter Wheat, first vice president, Mrs. Jack Orr, second vice president, Mrs. Charles Dodson, secretary; Mrs. Charles Butts, treasurer, Mrs. Melvin Fry, reporter; and Mrs. Dub Moore, state director.

The outstanding Jaycee-Ette of the year award was presented to Mrs. Orr.

Mrs. Moore gave a resume of the past year's activities and was given a past president's pin.

Miniature sampans, fans and yellow sweetpeas carried out the Japanese motif in decorations.

Twenty-five members danced to the music of Mel Sharp and His Sharps and Flats.

The new officers will be hostesses for a get acquainted game night Tuesday at 7:30 p.m., in the Community Room of the First Federal Savings and Loan Association building.

Pass Punishment Severe In France

ISSOIRE, France—Five hundred workers at a factory here went on strike when Mme. Celine Cadorin, 54, reported that two of her superiors had made passes at her.

Directors demanded the resignation of one of the men, and the other was fired for two weeks.

"I am sorry that the punishment was so severe for the two men, but we all agree that these detestable pleasantries do not contribute to good work," said Mme. Cadorin.

Testing Technique

Finger test for poultry: When the drumstick can be moved up and down easily and the meat feels soft when the thickest part of the drumstick is pressed between the fingers. In making the test, be sure to protect the fingers with several thicknesses of cloth or paper toweling.

Musician's Hair Causes Conflict

HALMSTAD, Sweden—Conny Karlson, who works as a store clerk during the day and as a band musician at night, is in a quandary.

He will lose his store job if he does not cut off his long hair, and he will be fired by his bandleader if he does. "Wearing a wig is no solution for a man," he said.

"Girl fans are disappointed if they discover that your hair is false when they pull at it under the stress of musical emotion."

Policy Study Held By Insurance Women

Mrs. Henry Bell conducted a study on co-insurance and standard fire policies at the Thursday evening buffet meeting of the Insurance Women of Big Spring. Nine members attended the event at Big Spring Country Club.

An explanation of terms used in these policies was given, and a general discussion was held on extended coverage endorsements.

Federation jewelry, consisting of charms and pins, was given to six members.

Those named for the nominating committee for the May election of officers were Mrs. Tommy Harvell, Mrs. Curtis Choate and Mrs. Ed Settles.

Mrs. Bell was in charge of the business session, and members decided to donate to the "Buck of the Month" club at Big Spring State Hospital.

Plans were made for a Bosses Banquet to be held in conjunction with the initiation of officers June 3.

Mrs. Bill Reed will conduct a study course on rating of standard fire policies at the May 6 meeting at the country club.

Jack Lambs Now Home From Ralls

FORSAN (SC) — Mr. and Mrs. Jack Lamb have returned from a visit in Ralls.

Mrs. M. M. Fairchild was a recent visitor in the homes of Larry Digby and Mr. and Mrs. Dan Fairchild.

Visitors in the homes of Mr. and Mrs. Paul Kennedy and Mr. and Mrs. Don Murphy have been Mr. and Mrs. James Kennedy and family from Seminole.

The Jimmy Shoults family are new residents in Forsan.

Debbie Wiggins is here visiting her grandparents, Mr. and Mrs. C. L. Gooch.

Mr. and Mrs. J. W. Griffith visited in Hobbs, N. M., with their son-in-law and daughter, Mr. and Mrs. Robert Newcomb.

Karan Osment To Wed Charles Free

Mr. and Mrs. James M. Osment, 223 S. Gordon, Wichita, Kan., are announcing the engagement of their daughter, Karan Louise, to Charles A. Free. He is the son of Mr. and Mrs. L. O. Free, Route 1, Knott.

The wedding is planned for May 8, in the Bethel United Bretheren Church in Wichita.

Mrs. J. M. Snelling has returned from a visit with her sister, Mrs. Audry May, in San Antonio.

Rest Aids Thinking

SPAIN — Marguerita Ramos celebrated her 100th birthday here by working in the fields with her children all morning, taking part in a nine-course banquet at noon, and spending the rest of the day in bed.

"Everybody should spend more time in bed," she declared. "Early in my life I noticed that 80 per cent of the good new ideas that come forth in the world are born in bed."

Buttons Secured By Cellophane

Use a narrow strip of cellophane tape to secure the remaining threads of a loose button on a jacket or coat, if you cannot re-sew it immediately. The tape should hold the threads in place until you can re-sew it.

Warmer Carpet Colors Wanted

PHILADELPHIA—Watch for warmer, more vibrant tones in carpeting.

Color stylist-consultants say this is the trend. Cranberry red is one sample of the warm colors. This is better than a hot red—such as fire engine red.

Centenary Comments

Gertrude Miehler celebrated her 100th birthday by condemning today's youth for not taking care of their parents and grandparents.

"It is the shame of modern youth that they neglect this financial and social responsibility," she said. "My ancestors had a happier, richer old age because they knew they would never live or die under the indifference of their youngsters."

Women To Double

The number of women aged 20 to 29 — the peak childbearing years — will nearly double in the next 25 years.

Easy Window Care For Spring Chore

Nobody likes to wash windows but here is an easy, fast way to handle this chore. Simply add one-half cup of ammonia and one-eighth cup of vinegar to one quart of warm water. This solution will make your windows gleam and won't leave the usual film or streaks on the glass.

Scholarships Available For Students Of Music, Dance

Each summer the camps and music schools over the United States are filled with talented young musicians, many of whom are giving serious study to the various phases of music through scholarships and awards offered by the National Federation of Music Clubs, the world's largest musical organization.

This year scholarships are available at 17 centers, said Mrs. Clifton J. Muir, national president. National chairman is Miss Gertrude Caulfield, 210 Lenox, Providence, R. I., 02907.

At the Arizona All State High School Music Camp in Tempe, full tuition and board, valued at $180, is offered to a high school instrumental or voice student. Deadline for applying is May 15 to the chairman, Mrs. Miles A. Dresskell, 329 Palmcroft, Tempe, Ariz. Camp dates are in June and July.

At the Aspen Music School, Colorado, a total of $300 is given toward tuition for a student in strings up to 25 years of age. Deadline for applying is April 15 to the chairman, Mrs. Mark R. Schmidt, 536 N. 7th, Grand Junction, Colo. Camp dates are from June through August.

At the Berkshire Music Center, Tanglewood, Mass., NFMC offers the Ada Holding Miller Scholarship of $500 toward tuition to a student 18 to 25 years of age who is interested in instrumental, opera, or choral instruction. Deadline for applying is April 15 to the chairman, Mrs. Ada Holding Miller, 375 Lloyd, Providence, R. I. Camp dates are eight weeks in July and August.

A summer Opera Workshop scholarship is offered at Chatham College, Pittsburgh, Pa., for a tenor and a mezzo-soprano from 21-25 years of age. Each scholarship is valued at $180 and is offered in the Northeastern region only in 1965. February 15 is the deadline for applying to Mrs. David V. Murdoch, 5914 Wellesley, Pittsburgh, Pa., national chairman.

Five scholarships of $135 each for full tuition are available in violin, voice, piano, organ, and flute for eight weeks in July and August at the Chautauqua Music School, Chautauqua, N.Y. Deadline is June 1, and Mrs. William B. Millard, 4628 Bayard, Pittsburgh, Pa., is chairman.

The Stephen Foster Music Camp in Richmond, Ky., has a scholarship available in strings for a junior or senior high school student. It is valued at $150 for tuition, room, and board for four weeks, and the deadline is March 15. Camp dates are four weeks in the summer. Miss Jane Campbell, Eastern Kentucky State College, Richmond, Ky., is the chairman.

A Junior scholarship for a male dancer, ages 16-18 years, is being offered for the first time this year. The Mordecai Bauman Scholarship offers a full summer of advanced classes at the Indian Hills School outside Stockbridge, Mass. Donor of the scholarship is Mordecai Bauman, director of the school. Valued at $750, the scholarship is offered on the basis of merit, for the applicant must be a member of the NFMC and must need financial assistance to further his dance career. National selections will be made by judging a five-minute 8mm silent movie of the state winners, to include three minutes of barre and two minutes of dance steps on the floor. These films must be forwarded to the national chairman, Miss Jane Benedict, 937 Hillside, Plainfield, N. J. by March 15. In states where there is no dance chairman, the state president and the junior counselor should hold the auditions, said Miss Caulfield.

In the Ozarks, at Inspiration Point, Eureka Springs, Ark., the NFMC has a scholarship available for opera study for a high school or college student. Valued at $295, it covers full tuition, room, and board for six weeks in June and July. March 15 is the deadline for applications to Mrs. Harry A. Spradling, 1410 Grand Ave., Carthage, Mo., chairman.

On the border between U. S. and Canada, at the International High School Music Camp in Peace Gardens, N. D., the Agnes Jardine Scholarship, a partial scholarship valued at $500 for room, board, and tuition, is available to a high school student of band, orchestra, twirling, or music drama for six weeks in June and July. March 15 is the deadline for applying to the chairman, John E. Howard, University Station, Grand Forks, N. D.

And at Meadowmount Camp in Westport, N. Y., three $160 scholarships are offered toward tuition, room, and board for a string player 10-25 years of age for the eight-week season in June and July. The deadline is March 15, and applications are to be sent to Mrs. Blanche Schwarz Levy, 825 West End Avenue, N. Y.

A partial scholarship valued at $200 is offered at the Music Academy of the West in Santa Barbara, Calif., for opera study and voice technique. The age group is open, and the season is July and August. Deadline for applications to reach the chairman is March 15, and requests for an audition should go to Martial Singher, 1821 Delancey Place, Philadelphia, Pa. Miss Clara Tatley, 202 N. Gower St., Los Angeles, Calif., is chairman.

Auditions for the Alaska Festival of Music Scholarship have been held and were won by Marilyn Wojcik, violinist, of Evanston, Ill. Dates are late June and July in Anchorage.

At Oglesbay Institute Opera Workshop, Wheeling, W. Va., a full scholarship is available for tuition, room, and board, valued at $180, to an opera coach or pianist-accompanist for a three-week period in late summer. Deadline is June 1, and information should be obtained from the chairman, Mrs. Brooks B. Evans, 1330 Kanawha Charleston, W. Va.

In the Far West, Rocky Ridge Music Center in Estes Park, Colo., offers $100 towards tuition to a junior or senior high school music student for seven weeks in the summer. Deadline is March 15, and applications should go to the chairman, Mrs. James Mooney, 125 Pennsylvania, Denver, Colo.

At Sewanee Music Center, Sewanee, Tenn., the NFMC has a half scholarship available toward tuition, room, and board, valued at $150 for a music student of high school or college age for the five week summer session. Deadline is April 15, and applications should go to the chairman, Mrs. Frank Liddell, 4249 Tuckahoe, Memphis, Tenn.

At Brevard, N. C., at the Transylvania Music Camp, the National Federation of Music Clubs has available the Hinda Honigman Scholarship for an instrumentalist for band or orchestra, ages 12 to 18 for six-and-a-half weeks from June through August. The partial scholarship is valued at $350 for room, board, and tuition, with a deadline of March 15 for applying to the chairman, Mrs. Louise Young Workman, 445 Beaumont, Charlotte, N. C.

Deadline for NFMC and Readers Digest Scholarships to National Music Camp was Feb. 1, said Mrs. Muir.

Mrs. David C. Johnston, 4915 North Kelley, Oklahoma City, Okla., is chairman of the scholarship board of the National Federation of Music Clubs. She estimates the value of all scholarships offered by the NFMC for summer study to be approximately $8,000.

Buff Nails For Good Circulation

Clean fingernails with an orange stick rather than a file. A metal file damages the underside of the nail.

When washing hands, scrub nails with a brush.

Use a buffer to improve circulation and make the nail pinker. Buff in one direction only or you may set up friction that will erode the nail.

Paris Trick Perks Spring Wardrobe

A quick trick straight from Paris to pep up your spring outfit: Wear a wide, white organdy stole, knotted at the back. Also one or two camellias in the lapel of a suit or at the neckline of a dress.

Newsy Necklines

Here are spring blouses with very new necklines, perfect with any suit. No. 3183 comes in sizes 12, 14, 16, 18, 20. In size 14, blouse with cowl neckline takes 1⅞ yards of 39-inch fabric; frilled blouse, 2¼ yards of 35-inch fabric.

Send 35 cents plus 5 cents postage for this pattern to IRIS LANE, Big Spring Herald, Box 1490, New York 1, N. Y. Add 15 cents for first class mail and special handling.

Free pattern is waiting for you. Send 50 cents for our Spring-Summer Pattern Book which contains coupon for pattern of your choice.

Reveal Plans

Mr. and Mrs. S. A. Wilson, 2500 Seminole, have announced the engagement and approaching marriage of their daughter, Margaret Ann, to Leon Stockton, son of G. B. Stockton, 1712 Armstrong, San Angelo, and the late Mrs. Stockton. The wedding will be an event of June 5 at the Fourteenth and Main Church of Christ with Perry Cotham, minister, officiating.

Methodists Hold Salad Luncheon

An Easter motif of bunnies, flowers and eggs decorated the luncheon table of the Susanna Wesley Sunday school class of the First Methodist Church for the Friday meeting. Mrs. H. T. Sefton and her group were hostesses for the event held in fellowship hall.

Mrs. Lina Flewellen gave the invocation and the Rev. Marvin James led the devotional.

Thirty - two members and guests. Mrs. Earl Ezzell, Mrs. Flewellen, Mrs. G. N. Pittman, the Rev. James, Mrs. Wayne Bledsoe and Cynthia Vaughn attended.

Home Shoppers Need Checklist

If you're shopping for a new home, look for details that will help you decide if it can be cooled, heated and ventilated efficiently.

Check the insulation, the amount of glass, the number of trees around the house, roof overhang, type of heating and cooling equipment, color of roof, location of ventilating fans, and the location and utilization of automatic controls.

WEBB WINDSOCK

By SALLY HUDSON

Honored at a baby shower on March 21 was Mrs. Bryce Jenkins. Hostess was Mrs. Gene Pottinger, and guests were members of Class 66-A.

Lt. and Mrs. G. W. Green have recently returned from a trip to Los Angeles and Seattle. They enjoyed showing off their new son and liked the activities available in the two cities.

Miss Lorana Pflederer and Miss Catherine Huette of Morton, Ill., have been guests in the home of Dr. and Mrs. Alan Swearingen. They spent five days visiting and enjoying the sun.

Capt. Larry Snow was honored last Saturday with a surprise birthday party. The guests participated in a scavenger hunt and charades.

The pavillion was the scene Saturday evening for a party given by Class 65-G. The party featured a barbeque, dancing and a folk singer. Members of the class also entertained with trumpet solos and a dramatic skit.

Mrs. Dave Hardesty was honored with a baby shower Wednesday evening. Hostesses were Mrs. G. D. Golden, Mrs. Frank Malagarie and Mrs. Thomas Brady. Guests were members of Class 65-G.

Robert Beal of San Francisco has arrived for a visit with his daughter and son-in-law, Lt. and Mrs. J. H. Kiehle.

The candidates for the Officers Wives Club for next year are to have their pictures made in the base photo lab. These pictures will be made each afternoon Monday through Friday from 1 p.m. to 4 p.m. The candidates are urged to have this done as soon as possible. Be sure to call before you go to the photo lab so they can be ready for you.

The candidates for office for next year for the Officers Wives Club are: president, Mrs. R. L. Counts, Mrs. G. A. Phillips and Mrs. T. R. Thomas; first vice president, Mrs. R. A. Gray, Mrs. J. R. Kasher and Mrs. G. W. Young; second vice president, Mrs. J. D. Arnold, Mrs. R. S. Friedman and Mrs. J. H. Kiehle; third vice president, Mrs. J. O. Zygner, Mrs. E. M. Hudgens and Mrs. D. M. Werking; recording secretary, Mrs. R. L. Gardner and Mrs. W. E. Lowman; corresponding secretary, Mrs. A. E. Greiner, Mrs. G. W. McKenna and Mrs. Donald Martinez; treasurer, Mrs. B. J. Lotzbire, Mrs. R. W. Hunter and Mrs. C. H. Cole; and assistant treasurer, Mrs. G. W. Green, Mrs. J. R. Humphrey and Mrs. Larry Klinestiver.

Bride-Elect

Miss Dixie D. Bruce, daughter of Mr. and Mrs. Bruce Bell, 4001 Pleasant, Midland, is the bride-elect of Airman 2.C. Jerry Lee Wadsworth, son of Mr. and Mrs. W. E. Wadsworth, 2101 Main. The prospective bride's parents have announced that the couple will be married May 27 in the Crestview Baptist Church at Midland.

From Soap To Stage Is Ma Perkins Saga

By JORIE LUELOFF
AP Newsfeatures

NEW YORK (AP) — Ma Perkins may be gone, but her voice is still very much here.

After creating the title role in 1933 and starring in "Ma Perkins" for the entire run of the radio serial, Virginia Payne was eager for a change of pace when the soap opera left the air in 1960.

"And I wanted the experience of playing to an audience, which is something you miss in broadcasting," the plump, matronly actress explains.

So Miss Payne has devoted the past five years to live theater and has loved every minute of it.

Her radio fans finally had a chance to see her in person when she toured the country in "Carousel" and "Oklahoma!" In New York she has appeared in "The Mousetrap," "Right You Are," and her staged reading of "An Evening with Katherine Mansfield."

The range of roles she played in two seasons with the Alley Theater, Houston's resident repertory company, was a welcome change from 27 years as Ma Perkins Plays ran the gamut from Shaw's "Misalliance" to "Come Back, Little Sheba." She was the Queen Mother in "Becket" and Mary Tyrone in "Long Day's Journey into Night."

And now she's making her Broadway musical debut playing the part of the wardrobe mistress in "Fade Out, Fade In."

Having gotten a strong dose of variety, Miss Payne no longer scoffs at the idea of resurrecting Ma Perkins.

"I should think it would be a possibility," she says slowly. "I think it would make a lovely TV series — you could give that atmosphere of a small town."

But while she talks television, she admits a certain nostalgia for radio. Television, she says, should not preclude radio drama, which has a value all its own.

"As a listener," Miss Payne says, "I miss radio. Today you hear the same thing over and over again on radio — news and music. To cut off dramatic presentations takes so much from radio.

"It seems that radio particularly is so much the theater of the imagination. You could make the setting anywhere — and the audience supplies such a large part of it.

"For instance, everyone remembers "Ma Perkins" so specifically. Listeners were so involved with the show and they supplied so much for themselves — make-up, scenery, costumes. People would send us outlines of how they pictured the town. And I'm sure they each had a different picture of the characters in mind. Every man wrote his drama in his own way."

"Canadian radio," she says, "has gone on with dramatic broadcasting despite TV, and I think we could well do the same thing."

Besides resurrecting drama on radio, Miss Payne thinks there are other unexplored possibilities. One, she suggests, is reading good literature.

"There are so many blind people and older people who have difficulty reading," she says. "Maybe you could read a chapter a day. I think that would make a wonderful program."

MA PERKINS TODAY
Virginia Payne keeps busy on Broadway

Perfume Effective On Pulse Spots

Every year brings a new crop of fragrance users. Advice has been to use perfume effectively in pulse spots. Where are these?

They are at the base of the throat, at the inside bend of the elbow and knees, back of the ears, on the wrist and at the cleavage of the bosom.

Touch up fragrances every two or three hours.

Tassels New In Home Decorating

The be-fringed and be-tasseled look is home fashion news in 1965 for throw pillows, bedspreads, canopies, and window shades, to name just a few examples of this new fashion foible.

A large "pouff," bursting with fat cushioning of foam rubber and dressed up in a favorite fabric takes on added zing with tasseled corners.

COSDEN CHATTER

C. W. Shouse Obtained As D And D Speaker

C. W. Shouse, vice president-refining, will be guest speaker for the Desk and Derrick Club at 7:30 p.m. Monday in the Cosden Snack Bar.

Tom Bill Kuykendall, son of the Bill Kuykendalls, attended the West Texas-New Mexico Paint Horse Show at Cross Plains last weekend. He showed the runner-up for reserve champion honors.

The Wayne Grahams, the Jack Hansons and the Jess Looneys were in El Paso last weekend to attend the YMCA Spring Sports Festival. The Hansons' daughter, Sharon, and the Grahams' daughter, Denise, took third and fifth places respectively in vaulting.

Mr. and Mrs. S. C. Lagourney and son of Dallas were guests last week of her parents, the J. R. Asburys.

Mr. and Mrs. Bill Emerson attended an area Chevrolet sales meeting in Dallas Friday evening.

The J. D. Cole family is spending the weekend in Big Bend.

In Dallas for the weekend are the Don Lesters.

Leon Riddle will take next week as part of his vacation. He plans to work on his ranch in Conway, Ark.

Mr. and Mrs. Wayne Vaughn are in Dallas. She is to undergo back surgery at Gaston Hospital.

Next week Roland Schwarzenbach will be on vacation, fishing in the Rio Grande.

H. F. Merrell Jr. left Friday morning to enjoy a weekend of fishing in Devil's River.

Jeff Pike is a patient in Cowper Clinic and Hospital.

Jim Meador, who has been on the sick list, expects to return to work Tuesday.

Mrs. Kirby Brown is a surgical patient in John Sealy Hospital, Galveston. She will be there another three weeks.

McDonalds Visit

Mrs. M. D. McDonald and daughter, Christine, of Montgomery, Ala., are visiting in the homes of Mrs. W. D. McDonald, Mr. and Mrs. Cecil McDonald and Mr. and Mrs. Bobby McDonald.

MRS. JOE MOSS

Mrs. Joe Moss, 1604 Osage, is serving this year as president of the Ladies Golf Association of Big Spring Country Club. She is the former Anne Lee Reese, daughter of Mr. and Mrs. F. D. Reese of Austin. She was born in Dallas and reared in Austin where she graduated from high school and attended the University of Texas. Also, she was a student at Northwestern University at Evanston, Ill.

While attending the University of Texas, where she was a fine arts major, she met Moss, who earned his BBA and LLB at the same school. They were married in Austin in 1947 and he practiced law there until he was recalled for service with the Navy during the Korean conflict. They lived in New York City, N. Y., and Charleston, S. C., until he completed his tour of duty.

Moss accepted a position here with Cosden in 1953 and is now vice president, chief counsel and secretary for Cosden Oil and Chemical Company.

The Mosses have one son, Joe David, who is a seventh grader at Goliad Junior High School.

Mrs. Moss is a past president of the Women of the Church of the First Presbyterian Church and the Park Hill Parent-Teachers Association. She is a former member of a garden club and forum unit and is now associated with several bridge groups. She and her husband have both participated in civic and charity work as well as being active members of their church. She has assisted with the various fund drives, and their social activity includes membership in the Wednesday Night Dance Club.

Mrs. Moss likes to garden, and the family enjoys time spent at their farm near Luther where they raise cattle and occasionally picnic.

Joe David likes all sports and sometimes joins his father for a game of golf. He is a member of the Boy Scouts, and plays football at Goliad.

Acoustical Treatment Aids All Types Homes

Although the acoustical sciences have achieved great things for public, commercial and industrial noise and sound control, high noise-level continues to be a major problem in the home, itself.

In new home planning, provision should be made for separating "naturally-noisy" rooms from the "naturally-quiet" ones; for example, kitchens should be placed as far as possible from bedrooms, etc.

Older homes can gain some noise control by inexpensive, simple - to - do methods: silent light switches, caulking of window and door frames, weatherstripping of doors, windows and other outside openings, as well as by some of the techniques previously listed.

WSCS Continues Genesis Study

WESTBROOK (SC) — The Woman's Society of Christian Service met at the Methodist Church Monday afternoon. Mrs. Gressett brought the devotion and she and Mrs. A. L. Young had charge of the study of Genesis. Next Monday will be a business and social meeting.

To Marry

Mr. and Mrs. William W. Clements, Garden City, are announcing the engagement and approaching marriage of their daughter, Linda Sharon, to Airman 2.C. Robert Lee Casey. Mother of the prospective bridegroom is Mrs. Dorothy Casey, 832 Richard, El Paso. The couple plans to be married June 3 in the home of her uncle and aunt, Mr. and Mrs. R. E. Heath, Garden City.

Easy Nail Care

Insure a fine, smooth edge on your nails by refiling after you wash your hands.

Easter Party Help Sought

Volunteers to help with the base-wide Easter party were sought at the Friday morning meeting of the Saint Anne's Guild of Webb Air Force Base Mrs. William Russell, base youth director, said help was needed for the Easter activities which are sponsored by the Base Chapel and Youth Activity programs.

Chaplain Thomas Holland gave the opening prayer.

Mrs. Charles Dorsey and Mrs. Victor Real, who were delegates to the Diocesan Council of Catholic Women held at the Cosden Country Club recently, gave a report of the meetings. Mrs. Nicholas Danylak and and Mrs. Francis M. Herbst also attended.

Plans were made for a reception honoring the Rev. Gerald A. Hughes in the chapel annex following the evening services April 8. Rev. Hughes is from Dallas and will conduct the parish missions beginng Sunday.

New members welcomed were Mrs. Charles W. Dorsey and Mrs. Harold E. Hopkins. Mrs. Dunylak was awarded the attendance prize.

The next meeting will be held at 9 a.m., May 7 in the base chapel for mass and communion. The installation of officers will be held following the services. Those wishing to attend the breakfast may contact Mrs. Dorsey at AM 4-2427 for reservations.

Parisian Bath Proven Popular

PARIS (WNS) — Mme. Viallis has opened the Thermas Marins at 6 Rue de la Paix so that men and women can have the ocean in Paris. The baths are 85 per cent sea water, and are accompanied by sound effects of waves and seagulls.

Telephones are available in the solarium for women, and "real beds" for men. All clothes are cleaned during the hairdressing and beauty treatments for both sexes.

"There is nothing better than a romantic restful hour to overcome the tensions of business," explained Mme. Viallis.

Iron Wrong Side

Iron those dark cottons on the wrong side to give them that desired dull appearance. You'll often get a shiny look if the ironing is done on the right side.

Credentials Said Needed

COLOGNE, Germany — The Women's Driving Association here has suggested that traffic cops present their cards and "act with similar courtesies" when stopping drivers for bad traffic behavior.

"They ask for our papers, and we should have theirs," declared president Gertrud Bleier. "It will establish better relations on both sides."

BIG SPRING DAILY HERALD

SECTION D — BIG SPRING, TEXAS, SUNDAY, APRIL 4, 1965 — SECTION D

Former Webb Officer Asks Help For Children

Maj. A. K. Halverson is temporarily back at home here after a brief indoctrination in Korea—and his main impression of the place is that there are hungry children in tattered rags.

Maj. Halverson, for many years stationed at Webb and earlier this year sent to the foreign duty assignment, came home on emergency leave due to his wife's illness. She's doing OK, so his story is of round-eyed little people who need help.

The officer is now squadron commander and chief of maintenance of the 6314th Consolidated Maintenance Squadron, 314th Air Division, at Osan, Korea.

Just a few miles from his base is the Sung Yook orphanage, a collection of inadequate buildings that provide some shelter, some care, some food and some education — all in limited amounts—for some 80 to 85 Korean orphans. They range in age from two to 13 years, although there are a couple of older ones who help the orphanage's "Mama-San" look after the brood.

EVERYBODY KICKS IN

The Air Force squadron has taken these kids to its heart. Officers and men of the 6314th Camron march by a "kitty" every pay day, and are committed to putting about $100 per month into a fund which helps give the youngsters some schooling.

About 70 per cent of the orphanage food ration, said Halverson, comes from the Korean government. The rest—well, it comes as it can. The diet is chiefly rice, and that supply is hoarded carefully when the price dips, is doled out in small portions. The orphanage has tried to keep a poor cow, has tried to raise some pigs, with indifferent results. Recently Halverson's squadron just went out and bought a nearby apple orchard to turn over to the orphanage, so that there might be some fruit.

CLOTHING NEEDED

"These kids are living on the border line," said the major, "and yet they are as bright as any youngsters you will see. Little arms are not much larger than my fingers, but there are bright eyes and smiles.

"All you have to do is walk up to the buildings. Here they come, the taller ones grabbing your fingers, the little ones pulling at your clothes. You become enmeshed in a whole flock of tiny tots, just clinging."

The big need for this flock, says the Air Force man, is clothing. "We manage to see that they are not absolutely starving. They are getting some rudimentary education.

"But it has been heart breaking to see the wearing apparel they have shivered in, during the winter months. It gets cold in that country. None of them have stockings, most of their shoes are thinnest of rubber. The little garments have been patched and re-patched and patched some more, until the patching thread is the most distinguishing mark."

MANY LITTLE GIRLS

Maj. Halverson, who will be returning to duty soon, is hopeful that some group, some club, some responsive people could send clothing.

"I would say most of the children are little girls," he reported. "Apparently the giri-child is not in great demand when times get hard in Korea.

"They can use anything to wear — anything — stockings, shoes, underwear, dresses, blouses, pants—you name it."

The major, whose family remains here at 3701 Caroline while he is on foreign assignment, and who regards Big Spring as home, said he felt home was the best place to make his appeal.

"The men of my squadron will see to it that everything sent us gets to these children," he said. "If people want to mail us items of clothing, they can just address it to me:

"Maj. A. K. Halverson, 3614th Camron, APO, San Francisco 96570."

The Orphans Of Sung Yook

Here are some of the orphaned tots in Korea who have been aided considerably by U.S. Air Force men stationed nearby, but who need more help, principally in clothing. The story of these bright-eyed youngsters is told by Maj. A. K. Halverson (standing at rear), former Webb AFB officers now stationed in Korea but home on emergency leave. Major Halverson is hoping some Big Spring groups can help the little people by sending him packages.

Fewer Cases Are On File

There were three fewer divorce cases on file in 118th District Court March 31, than on March 1, Fern Cox, district court clerk, said Friday.

Nineteen new divorce cases were filed during the month. Seventeen divorce cases were disposed of in the court, and five others were dismissed. The result was that there were 196 active cases still on the docket when March ended.

All types of cases on file in the court were 11 down on March 31 as compared with March 1. All types of new cases filed totalled 43. Forty cases of various kinds were handled by the court and 14 were dismissed. The docket total as of the end of the month stood at 1,088.

One new annulment case was filed in March. Two annulments were granted and 10 are still pending.

One tax suit was dismissed in March to leave 372 on file. Fifty had been tentatively docketed for last Monday, but they were not tried.

Other civil suits of all kinds other than divorce, annulments and tax suits, diminished two during the month. The total as of March 31 was 461. Three criminal cases were tried before the court and one was dismissed. The active cases on hand total 49.

Nipak Marks Milestone For East Texas

KERENS—A major milestone in the agricultural and industrial development of East Texas was reached Friday with the formal dedication of the giant Trinity River Complex, home of Nipak fertilizers.

Texas Governor John Connally officiated at the dedication of the $25 million installation, and spoke to a large crowd of Nipak dealers, agricultural and industrial leaders, dignitaries and officials from throughout the state.

The governor's message was the high point of a day which included tours of the plant.

Owned and operated by Nipak, Inc., of Dallas, the huge plant, now in full operation, will produce more than 300,000 tons of quality fertilizer products each year for United States and foreign markets.

Since Nov. 14, 1963, when the complex shipped its first car of anhydrous ammonia, an ever-increasing stream of fully loaded railway freight and tank cars and highway transports have moved out of the complex en route to consumers in many states. "And," says Roy Jury, vice president and chief executive officer of Nipak, "we propose to make the first shipment of fertilizers on the Trinity Canal when that essential 'gateway to the world' has been built and opened for business.

"And it should be pointed out," Jury continued, "that we are exporting a Texas product made from Texas' raw materials."

Raw materials required in the ammonia process are natural gas, obtained from East Texas reservoirs, air and water. The complex will use 4.8 billion cubic feet of natural gas per year in the production of anhydrous ammonia, an excellent fertilizer in its own right and the basic feed stock used in the production of other nitrogen fertilizers produced at the complex.

Construction and operation of the complex has served greatly to strengthen the economy of the general complex area. Cities located within the effective perimiter of the area are Kerens, Trinidad, Malakoff, Powell, Athens and Corscana.

The initial economic boost came with arrival of employes of prime and sub-contractors, bringing with them an estimated annual payroll of $1.5 million.

Postal Receipts Reported Down

March postal receipts sagged $2,104.83 under the March receipts last year, according to E. C. Boatler, postmaster.

However, for the first three months, the post office is holding a narrow margin of gain over the same three months in 1964. The gain has been cut down, due to the March drop, to only $266.42.

Total receipts for the first three months of 1965 are $109,859.92 compared with $109,593 for the same period in 1964.

March receipts were $43,715.49 this year, compared with $36,820.32 for March, 1964.

DEAR ABBY

Views About Sex And Age

DEAR ABBY: I am tired of reading articles and columns saying that people are "sick" just because they don't go wild over sex. Tell me something, why do people keep pushing sex? Why didn't you tell that woman, whose husband lost interest in her, to leave the poor guy alone? She probably wore him out. I happen to be one of those people who couldn't care less about sex and I wouldn't change if I could. If you stop to think a minute, you will have to agree that half the world's problems stem from sex. To mention a few: Over population, unwanted children, sex crimes, veneral disease and adultery. Besides, sex can ruin your reputation I am not a bitter old maid. I am a 37-year-old married woman and the mother of two teenagers. And I am not locked up anywhere, so I think I'm normal. I wouldn't give you a nickel for sex and I am perfectly content.

Not Sexy and Couldn't Care Less

* * *

DEAR ABBY: I have had some experience in the matter of men losing interest in sex after having reached a certain age, so I think I am qualified to make a statement on the subject.

Some men lose their youth at 50, and some at 60. But you can take my word for it, if any man over 60 tells you a different story, he is lying.

You are foolish to advise women whose husbands have lost interest in them to "get them to a doctor." No doctor on earth can help them. I am 72 years old and I know more about life than you do. A doctor once told me that after a man reaches 60, he is all washed up in the "love" department. And so is a woman, no matter what anybody says. We accept the fact that as we get older our eyes grow dim, and our hearing starts to fade. Our bodies aren't in the same condition at 55 as they were at 25. So why not face ALL the facts? We just plain dry up. And this happens to everybody if they live long enough.

Respectfully yours,
"WASHED UP"

* * *

DEAR ABBY: A wife wrote wanting to know if medical treatment was in order for her husband, who seemed to have lost all desire for her. If this letter came from my wife, I would like to answer her through your column:

"No, my dear, medical treatment is not in order for me. But it is quite possible that it is in order for YOU! When I married you, ten years ago, you were 5'3" and weighed 117. Today you weigh 170, and are about six axe handles across the rear. Since bearing our two wonderful children, you've decided that you've done your job, and you just lounge around getting fatter. The housework gets done only when you are expecting guests. No, I am not planning to leave you. I think too much of our children. But the thought of walloping some of that fat off you has crossed my mind several times."

Abby, you could probably save many, many marriages if you would tell wives that "letting themselves grow fat and lazy" has destroyed more marriages than all the money fights, in-law trouble, and infidelity put together.

SIX-TWO AND ONE EIGHTY

* * *

DEAR ABBY: Speaking of men losing interest in the opposite sex reminds me of something I read long ago: "When we are young, we avoid temptation. When we are old, temptation avoids us."

YOUR FAN, FRANKIE

TRY BIG SPRING 1ST

Boy, 15, Exhibits Own Model Satellite At Fair

CHICAGO (AP) — Fifteen-year-old David Belkin said he spotted some shortcomings in Telstar, so he built "Star Dust," his own communications satellite, with some extra features.

"I wanted to show how Telstar works and add a few ideas of my own," David said last week as he exhibited his model satellite at the Chicago Students Science Fair.

Although Telstar was "a great achievement," he said, "it had no provision for a Laser communications channel."

Star Dust has such a channel, he said, enabling it to "transmit voices on a coherent beam of light."

"It would have been an added feature for Telstar," said the high school sophomore. "It has to transmit by radio and if something goes wrong, that can't be used. If it had a Laser, then it would have another medium to transmit voices or data."

A Laser is an electronic device producing an extremely narrow beam of light.

Star Dust has another improvement over Telstar, he said.

"I armed it with a weapons Laser so if another nation sent up a satellite that threatened it, mine would knock the other one out."

DR. ROBERT H. JOHNSON

Johnson Elected ABC President

Dr. Robert H. Johnson was elected president of the local chapter of the American Business Club in an election held during the organization's luncheon at the Settles Hotel Friday.

He succeeds Charles Dunnam, who will remain in office until July 1. Dr. Johnson will be in office for a year.

The incoming president was elected by acclamation when the other candidate, Dr. Harold Smith, asked that he not be considered due to matters which would keep him away from many club sessions during the next few months.

Dr. Johnson, a native of Goldthwaite and a graduate of Baylor's school of dentistry, has been a Big Spring resident since 1958. He is a member of the First Methodist Church here and holds memberships in the Big Spring Country Club and the Junior Chamber of Commerce.

He and his wife, Pat, own their own home at 510 Highland Drive. They are the parents of two boys, Robert and Bart.

During his seven years in the local club, he has held virtually every office in the organization.

Other officers elected Friday include Richard Hughes, first vice president; Morris Robertson, second vice president; Joe Clark, third vice president; Roger Brown and Weldon Bryson, sergeants at arms; Milas Wood, member of the club's concessions committee; and Joe Ward, Dr. Harold Smith, Bill McDonald and Elmo Phillips, all directors.

Is Initiated

Wayne Julian Baird, son of Col. and Mrs. J. B. Baird, 130 Kelly Circle, has been initiated into Phi Eta Sigma, national honorary society for university and college freshmen, at Texas A&M University.

Membership in Phi Eta Sigma is the highest academic honor a freshman can attain. A grade point average of at least 2.5 is required.

Girls Dominate Champ Ranks

MARGIE OVERMAN
. . . Kentwood Champ

SCOTT TYRA
. . . Kentwood Alternate

DEBBIE RIVES
. . . South Ward Champ

RANETTE MILLER
. . .South Ward Alternate

Girls seem to dominate the ranks of Howard County's spelling experts.

At South Ward School, for example, the champion speller, who will compete April 10 in The Herald's Third Annual Howard County Spelling Bee, and the alternate champion are both girls. At Kentwood, a tiny blonde gal is the title holder. Here, however, a boy is the runner-up.

South Ward's champion is Debbie Rives, 12, a sixth grader. She is the daughter of Mr. and Mrs. M. T. Rives, 3312 Drexel. Alternate is Ranette Miller, also 12, and in the sixth grade. Miss Miller is the daughter of Mrs. Dorothy Miller, 1409 Mt. Vernon.

With all school champions selected, judges appointed, pronouncer named and details, in general, well along, everything is all set for next Saturday. At 10 a.m., the 15 champions will meet at the HCJC auditorium. They will then spell until one remains—that one will be the county champion.

Mrs. Elizabeth Martin is the pronouncer. She has served at both of the two previous spelling bees and is regarded as the best. Judges are to be Rev. V. Ward Jackson, Julian B. Baird, an Air Force colonel from Webb, and R. H. Weaver, an attorney. Walker Bailey, county superintendent, will preside.

Spellers and alternates will be the guests of The Daily Herald at lunch in HCJC sub following the spelling bee.

The champion will receive an attractive plaque and the right to compete in Lubbock at the regional spelling bee May 1. All champions will be presented with blue ribbons and with special Paper-Mate pencils as mementoes of their efforts.

Singing Meet Set In Roswell

The "Great New Mexico State Singing Convention" will be held in the Pueblo Junior High School auditorium in Roswell, N. M., on the night of April 10, and all day April 11. The convention will open at 6:30 p.m. April 10, and the second session will begin at 9:30 Sunday morning.

"All persons who like Gospel music are invited to attend the convention," O. A. Kinnison, manager of the Gloryland Quartet in Roswell, said. "The Stamps Quartet, Stamps-Baxter, Spear Trio, Stamps Trio, and many other singing groups will be present for the two-day convention.

ADVICE TO TEENAGERS.

PLEASE WATCH YOUR DIET

"Mainly from lack of dietary education," said Dr. R. Hillman of State University of N.Y., "eating little or no calory foods, has caused up to three-quarters of our teenagers to be two-thirds deficient in vitamins A & C, thiamin, riboflavin, calcium and iron."

It is hard to resist sickness without nutritive foods and sufficient vitamins. Depend less on hurried snacks and more on good nourishing food. Ask your physician for dietary advice. You will live longer and happier. You will have healthier children.

A Devotional For The Day

The Lord will bless his people with peace. (Psalms 29:11)
PRAYER: O God, Thou who art the author of peace and the lover of concord, root us in Thy love. Nourish us in attitudes and actions that produce harmony. Keep us in Thy promised peace that we may live in harmony one with another. In Jesus' name. Amen.

(From the 'Upper Room')

The Community Cooperating

The occasion of National Chamber of Commerce Week reminds us of the necessity of the chamber in our community affairs and the need for its support by the broadest possible segment of our local society.

The chamber is nothing more or less than the community cooperating in a program of action for its own betterment.

While its membership may be predominantly business and professional, chamber membership is open to all, and the range is from agriculture to industry from labor to management.

If there were no chamber, there would have to be something by some other name to do the same job. In a time when sound administrative processes are increasingly imperative, the community must have some agency which will make everybody's business its own.

This means that the chamber must constantly survey the needs and the potentialities of the community, and thus establish objectives. Then it must organize — as indeed ours does— by committees and other means to attack problems which lie in the way of achieving the objectives. It must parcel out tasks, interest various agencies in doing things which should be done, and seek to avoid duplications of effort and collision of enterprise. Finally, the chamber must push and prod, for nothing worthwhile comes easy, and few people or groups will persevere to the end unless there is someone constantly pricking consciences and provoking effort.

The chamber is no miracle, but the way in which it does bring us together to do the things which ought to be done is little short of miraculous. The only limitation upon the chamber is upon the people who are in reality the chamber.

Self-Evaluation

A committee from the Southern Association of Colleges visits the Howard County Junior College campus this week as the final step in a self-evaluation by the faculty and administration.

While it is trite to say that one of the greatest values in the study is in bringing performance and objective under close scrutiny of those who are responsible for them, it is nonetheless true. It would be expecting perhaps too much that a visiting committee could in two and a half days come up with a critical and penetrating analysis of an institution such as the college.

Yet, using the fruits of nearly two years of introspection by teachers and administrators, the committee can gain impressions on the validity of findings. From its position of detachment, perhaps the committee can spot flaws and thus call attention to areas in need of attention.

Whatever the final report shows, this should not be the end of self-evaluation. One of the tests of a strong faculty is the self discipline which constantly appraises the quality of work being done in the light of fundamental philosophy.

David Lawrence

King's View On Legal Disobedience

WASHINGTON—Dr. Martin Luther King Jr., one of the leaders of the Negro cause, may not have realized it, but he has just presented the best defense yet made for the so-called "defiance of the law" by Governors Faubus of Arkansas, Barnett of Mississippi, and Wallace of Alabama.

Dr. King won the 1964 Nobel Prize for promoting the cause of peace, but he now plainly says that resistance to the law is one of the ways to accomplish reform. He was asked on NBC's program, "Meet the Press," to explain his reasoning as he led the second march on Montgomery on March 9, in defiance of a federal court order not to march. The stenographic transcript quotes Dr. King as having answered as follows:

"FIRST I DID NOT consider myself defying a court order that particular day. I consulted with my attorneys before the march and they stated that they felt that it was an invalid order and that it would not be—that I would not be in contempt of court, of violating the court order, if I led the march, to the point of having a moral confrontation with the state troopers at the point where the people were brutalized on Sunday, so I still don't consider that breaking a court order, or breaking what I consider an unjust law.

"ON THE OTHER hand, I must be honest enough to say that I do feel that there are two types of laws. One is a just law and one is an unjust law. I think we all have moral obligations to obey just laws. On the other hand, I think we have moral obligations to disobey unjust laws because noncooperation with evil is as much a moral obligation as is cooperation with good.

"I think the distinction here is that when one breaks a law the conscience tells him is unjust, he must do it openly, he must do it cheerfully, he must do it lovingly, he must do it civilly, not uncivilly, and he must do it with a willingness to accept the penalty. And any man who breaks a law that conscience tells him is unjust and willingly accepts the penalty by staying in jail in order to arouse the conscience of the community on the injustice of the law, is at that moment expressing the very highest respect for law."

BUT THERE IS a distinction to which Dr. King did not draw attention. The Department of Justice instituted contempt proceedings against Governor Barnett when he ignored a court order, but it didn't begin any such proceedings against Dr. King. In fact, his attorneys probably felt that the order which Dr. King was disobeying would be reversed in a few days and that he wouldn't be taking much of a chance if he violated it.

Dr. King, in his interview, declared that the segregationists do not challenge the laws as much as they might. He added:

"The fact is that most of the segregationists and racists that I see are not willing to suffer enough for their beliefs in segregation and they are not willing to go to jail."

THERE ARE MANY who will dispute the doctrine that the individual is not "irresponsible who breaks a law and willingly accepts the penalty." The theory of government under law is that, once law has been firmly established and explicitly set forth by the legislative body and by the courts, it should be obeyed, and that there is no justification for deliberate violation by anyone.

(Copyright, 1965, New York Herald Tribune, Inc.)

Billy Graham

I am a Christian and read my Bible every day but I find it difficult to tell others about my Saviour. Is there anything I can do about it? W. H.

The Bible says: "God hath not given us the spirit of fear, but of love, and of power, and of a sound mind." Our Lord also said: "If any man is ashamed of me I shall be ashamed of him in that day." Just be natural in your Christian faith and experience. Fill your heart and mind with the promises of God from the Bible. Live a life consistent with your faith. Your life will testify for Him, and there will be many opportunities in which you can say a good word for Him. Trying to testify makes us timid; living the life makes it easy.

WHAT OTHERS SAY

President Johnson certainly has a good idea when he says he plans to eliminate federal business enterprises which are unnecessary and uneconomical. It's a good idea, however, that isn't likely to lead to very much, if history is a guide.

In a similar campaign President Eisenhower had to settle for shutting down several hundred federal businesses; many thousands not only have survived but multiplied. The targets of the current drive, moreover, are mostly minor.

Where activities compete directly with private firms, they should indeed be closed down, but it won't be easy. When the General Accounting Office suggested a while back that military PX stores were hardly needed in such places as the Washington metropolitan area, critics sounded as though they thought the GAO was viciously attacking American servicemen.

Perhaps the most unjustified of the government's businesses is the Commodity Credit Corp., which long ago largely took over management of major commodity markets. Though the CCC's costly price manipulations have failed conspicuously to aid the small farmers they were supposed to aid, failure hardly ever spells finis for a federal business.

The President is to be commended for doing whatever he can to curb useless federal business undertakings. The unhappy fact remains that in the political business the most unnecessary and uneconomic enterprises sometimes also seem the most unending. —WALL STREET JOURNAL

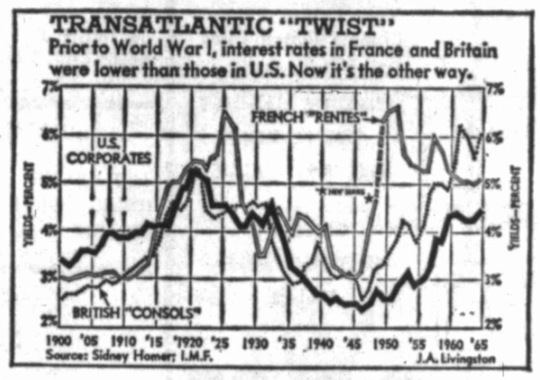

'IF YOU DON'T LEAVE, I'LL ATTACK YOU'

J. A. Livingston

Dillon Speaks To Other Nations

WASHINGTON — During his last few days here as Secretary of the Treasury, Douglas Dillon was relaxed and expansive. He no longer was Atlas straining under the weight of the American dollar. He passed that burden on to Henry H. Fowler, his successor.

Now Dillon could afford to be reflective. His final words were addressed as much to European finance ministers and central bankers as to newspapermen and the American Public. And he gave Fowler a powerful assist.

He rejected the thesis that U. S. interest rates must rise to the European level to check the outflow of capital and gold from the U. S.

"This is not a proper, not a fair assumption," he told newspapermen at an American Bankers Association symposium. "The level of interest rates in Europe is extraordinarily and historically high — higher than it has been in centuries. There is no reason to expect that it is the proper level or that it will continue."

The U. S. can't be asked to make the money system of the world function — all by itself. The industrial nations must participate, must collaborate. This was Dillon's parting thesis.

VULNERABLE TO CRITICISM

The ex-Secretary conceded that immediately after the war, high interest rates were necessary in Europe. Capital was scarce, destruction great, reconstruction urgent.

Then, as European recovery (helped by U. S. Marshall aid) commingled with unprecedented prosperity and expansion, demand for capital became almost overwhelming. Monetary policy — tight money — was used to impede inflationary tendencies, but social policies (such as housing subsidies) fostered inflation.

Today, the Secretary emphasized, the high-interest rate policy of Europe is as vulnerable to criticism — yes, even more vulnerable — as this country's policy of low-interest, which European finance ministers and central bankers so uncharitably attack.

"A lot of the thoughts I now enunciate," he declared, "I learned from the man who was, I think, the greatest authority in this general area, Per Jacobsson (the famous Swedish economist who died in office as managing director of the International Monetary Fund). He believed that it was essential for European rates to come down and to balance at roughly the rates we are presently at. These rates are a little above center in our history, a little bit on the high side (see chart).

WE CAN GO UP

"Certainly, that does not mean that our rates can't go a little higher. They can, and there is no reason to believe that the world will fall in if they do. But there is no reason to feel that they can go high enough to meet the European levels. They can't even go halfway."

Undoubtedly, Dillon had in mind the self-defeating consequences of such a policy. To force interest rates on U. S. corporate bonds from, say, 4.5 per cent to 5.5 per cent or 6 per cent, would require sharply tightening credit. It would slow down the U. S. growth rate; it might bring on a recession; it might prompt sales by foreigners of U. S. stocks and a withdrawal of funds from America.

A reporter asked, "Why can't industrialized nations provide their own funds for capital expansion?" The retiring Secretary responded:

"That is exactly what they will have to do, because we are not going to supply the funds. There is going to be a change in monetary policy all over Europe. The flow of dollars from the United States on which they have been living and on which they have based their policy will cease. They will relax their control of their capital markets and they have begun to do it."

In essence, then, the departing Secretary left this message: West Germany, France, the Netherlands, and other industrial nations ought to resume their prewar roles of financing not only internal needs but the requirements of less developed nations. This can be done only when world capital markets are competitive, only when European interest rates are close to ours. Then, and only then, will the world money system function easily, fluidly — without frequent governmental interpositions and restrictions.

To Your Good Health

Both M.D.'s And D.O.'s Undergo Rigid Training

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Please explain the difference between M.D.'s and D.O.'s. My brother and I are having quite an argument and hope you can settle it.—P.B.

Together, the two groups constitute the sum total of physicians qualified to give general health care.

Aside from them, there are others who profess themselves to be "doctors" but have not had adequate training. One such group, for example, is not permitted to give medicine or to perform surgery—obviously this limits their capability. There are still other groups which set themselves up to try to treat everything solely with diets, exercise and such.

Good diet, of course, is beneficial to all of us, and so is an appropriate amount of exercise, but you can't treat pneumonia with them, or remove a clogged gall bladder, or relieve other such serious conditions.

And there's one more general grouping: People who have had excellent training, but only for a certain task. Podiatrists (for foot trouble), dentists and dental surgeons, optometrists (for measuring refractive errors in the eyes, and related matters), physiotherapists who do a great deal of good for people but work in conjunction with physicians. But these people stick to their fields of special training.

For general, comprehensive medical and surgical care, there are only the two main classifications: M.D.'s and D.O.'S.

When osteopathy began, it was a cult, based on the belief that adjustments of the skeletal bones (mostly the spine) could be the answer to all illnesses. That was back in the preceding century.

As of today, however, osteopathic schools have entrance requirements and provide comprehensive teaching comparable to that of the medical schools. Graduates, like M.D.'s, have at least a year of service as interns after that before they become fully licensed physicians.

There are some differences, but not in fundamanetal health science.

* * *

Dear Dr. Molner: Would not eating butter affect the thyroid gland? I mean would one get run down and really ill?—MRS. I. W. C.

No. Butter is not an essential food. Of course we all need some fat, but it can be from any number of other sources. In fact, most Americans consume far more fat than is good for them.

* * *

Dear Dr. Molner: I am very fond of molasses and use it daily on cereals and other foods instead of sugar. What's your opinion?—G. B.

If you prefer that form of sweetening, there is no reason why you shouldn't use it.

* * *

Shingles can be a painful disease! To receive a copy of my booklet, "The Facts About Shingles," write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 10 cents in coin to cover cost of printing and handling.

* * *

Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

If April Weren't So Perverse...

Did you ever know any girls named April? Did it seem to you they were the quietly demure type, the patrician, the lady-of-gentility?

If such were true, then there is a paradox in names. April, the month, is not always so refined.

I have written a paean or two to this month, the one supposedly of mild grace, the one harkening to a world come alive again, the one in which soft blues of calm skies mingle with the bright greens of new leaves, with the hues of early blossoms.

YES, APRIL could be the girl I have described her. But on some calendars and in some parts of this land — the part of the land I know best — she is a girl of many moods.

It is nice enough to say that little girls are sweet and delectable. And they are, particularly on the Sunday mornings when they don their straw bonnets with the yellow flowers, the little white gloves, and the new slippers, and parade in gaiety to their Sunday Schools. Angelic is the word, and could anything, at any time, ever be more adorable?

BUT DON'T even little girls have tantrums? The sugar and the spice at times trickle out and something of the little witch appears. A streak of stubbornness, a scream of sudden anger, a defiance of discipline, a perversity so inexplicable. Yes, little girls have many moods. You would like to write about the angelic periods, but in honesty you can't always.

And so this young-girl month, is here. The first impulse is to take her up in warm embrace. Many of her days are like the dressed-up Sundays of the little girl — flowers on a new straw bonnet, little white gloves gleaming.

THESE ARE the days when buds burst almost as one watches; when a couple of cardinals atop a pole carry on their backyard gossip; while ignoring them both a scissor-tail busily flies in and out of the pyracantha bush, bearing twigs on the inward trip — that's a new home a-building.

The days when the azure of the heavens almost reaches down in an enveloping aura, and heaven and earth surely are close together. The days when the turned earth has a new aroma all its own; when a bit of moisture washes out the speckling dust of the prairie country, and there's a wholesome air that makes you breathe deeper, deeper.

AND COLOR replaces drabness, and freshness drives out stagnation.

But, as the little girl, April can play little tricks on you. Another day when the wind gathers new force, to drive the birds off their perches; when unaccustomed heat makes the incipient buds shrink back; when a racking storm turns the blues back to browns.

Yes, April is as perverse as a spirited little girl. You adore her the one day, you are perplexed with her the next, you are completely out of patience with her the next.

SHE CAN BE so enchanting, and yet so frustrating!

Ah, April! Keep your warmth, keep your color, keep your freshness, keep your gaiety, keep your God-given appeal! Let mortal humans respond to your enticements, and do not let those enticements be frittering, transient things! Be sweet, April.

—BOB WHIPKEY

Economic Problems For The Negro

WASHINGTON — Shortly Negro members will be named to statewide agriculture committees in one or more states of the Deep South. This will be the first tentative breakthrough in a pattern of segregation completely dominating the cotton South with its underpinning of large federal subsidies.

SECRETARY OF Agriculture Orville Freeman has been working for weeks on techniques to break the rigid barriers walling off outside interference with the plantation system as underwritten by payments from Washington. But he is not precisely a free agent. Like other secretaries before him he must work with congressional committees dominated by Southern senators and representatives. What is more, apart from the statewide committees, the system within the counties is largely autonomous and self-contained.

BOTH ON THE land in the new industrial South the Negro has been held in second- or third-class status. The right to vote fought over with so much expenditure of blood, sweat and tears is a first step. But measured against what must still be done if the Negro is to get anything approaching equality, it is a small step indeed.

With mechanized farming in the cotton South the system seems to operate as though it had been deliberately designed to create as much trouble as possible for both North and South. Take as an example the several thousand acres of rich cotton land cultivated by Sen. James O. Eastland at Ruleville, Miss.

FIFTEEN YEARS ago he employed on his land up to 400 families. Today with mechanical cotton pickers and cultivators fewer than 40 families have employment and some of them are kept on merely because they are too old to leave. Others are on relief in the area or the younger members have helped to overcrowd the Negro ghettos of the Northern cities. Given virtually no education they swell the ranks of the unemployed and quickly learn the ways of crime, violence and drug addiction.

IN SOMEWHAT the same way the low-wage economy of the industrial South creates havoc in the North. At the height of the trouble in Selma, Ala., Hammermill-Bond, a Northern paper company, reaffirmed its intention of building a large mill at Selma. Other companies are following suit. As they move from North to South they leave behind pockets of unemployment, including often older workers who have no hope of finding jobs.

THE POVERTY program as it evolves in the rural South to keep families profitably employed on small farms is part of the answer. Secretary Freeman made a two-day survey in Arkansas to determine the practicality of a program to raise levels of living and encourage marginal farmers to stay on the land. Migration to the cities may in this way be checked.

When the Negro in the South is allowed to vote in proportion to his numbers economic changes can come about. That is the meaning of the present struggle. Techniques used by some of the civil rights leaders may be woefully misguided and calculated more to alienate than reconcile. Yet there is no disputing the fundamental importance of the goal. Without the right to vote, the barriers between the two regions will insure that the war goes on.

An Expensive Building, But, After All...

WASHINGTON — Every once in a while I feel I should come to the defense of Congress. Our representatives, who are constantly saving us money, looking after our interests, and keeping the peace, have been under fire because of a silly building in Washington which has just been built to house their new offices.

The Rayburn House Office Building was built to take care of 169 congressmen and their staffs. It is modest in proportions and takes up only two city blocks. The architects, builders, and congressmen managed to complete the entire thing for only $125 million, which in these days of high prices for marble and carpeting is a bargain.

ORIGINALLY the building was supposed to cost only $64 million, but unfortunately this price didn't include the plumbing and welcome mats, and although the estimate was more than doubled I see no reason why the American taxpayer should complain.

Architecturally, the building has been a great success and has been compared to some of the finest state penitentiaries in the country.

IT HAS BEEN called "Edifice Rex," "Forest Lawn East," and "The Seventh Blunder of the World" by some critics who don't know a good thing when they see it.

But the majority of people are happy with its simple lines and modest grandeur.

"Only Mussolini could have built something like this," an architect told me when he saw it.

WHILE IT IS beautiful from the outside, it is also functional from the inside. For example, although the building is only four stories high, 15 per cent of the building has been allocated for offices and hearing rooms, and the rest of the space has been set aside for hallways, staircases, and parking space for 1,100 automobiles.

Eight of the nine rooms set aside for permanent committees are two stories high and seat as many as 130 people. There hasn't been one wasted inch of room in the entire building.

EACH CONGRESSMAN has his own washroom and safe, but his suite of offices has been designed in such a way that if he wants to speak to his aid or staff he has to walk through his waiting room.

This gives the congressman ready access to his constituents, which is the way the architects planned it.

There is a 60-by-20 swimming pool, a 112-by-40-foot gym, five dining rooms, a cafeteria and a courtyard.

THE ART WORK has also been praised by many. One critic called it the greatest example of Bolshevik modern in this country.

Another said that students would come from all over the world to stare at the art work in amazement.

In any case, the criticism of the Rayburn House Building has been unjustified. You can't build a $125 million office building without making a few mistakes, and if there was any hint that the building was a waste of taxpayers' money, Congress would certainly investigate it. Wouldn't they?

A Change

CINCINNATI (AP) — A burglar—who used brute force to break in the door of a locksmith shop — may be seeking a smoother technique.

Police said his loot included a set of lock picks.

Which Will It Be?

HCJC cheerleader Sandy Smith seems to be having trouble deciding which mascot to vote for. College students will have an opportunity to cast their votes in an election to decide upon changing the school mascot from the "Jayhawk" to the "Hawk" this week in the SUB foyer. If you have not made up your mind, be sure to do so and go by and vote!

Religious Week To Be Observed For First Time

By BONNIE SIMPSON

Howard County Junior College is planning to observe a program called Religious Emphasis Week for the first time. Its purpose is to revive the awareness of persons toward Christ. It is hoped that persons will take time to consider the importance of God and what He means to us. This program is being sponsored by Wesley Fellowship and the Baptist Student Union. It is one of a planned series of programs that have been observed throughout the year.

The assemblies will be held Monday, Wednesday, and Friday at 9:45 a.m., in the HCJC auditorium. The speaker for Monday will be the Rev. Jim H. Sharp of Wesley Methodist Church in Big Spring; Wednesday, Father Beasley of the Catholic Church will speak; and Friday's speaker has not yet been announced. All interested persons are invited to attend these assemblies.

An SGA meeting was held Monday during activity period. The coming SGA State Convention to be held in San Angelo, April 8-10, was discussed. All SGA members are eligible to attend this convention. It was also decided that due to a too full school schedule, Western Week will not be held as was formerly planned. John Bennet, BSHS Student Council president, talked to members about the high school's activities.

There are many activities being sponsored around the campus in the coming weeks. They include a girls' ping pong tournament, a coed basketball and volleyball tournament, a domino tournament, and a boys' intermural basketball tournament. The winner of the boys' tournament will play the freshman varsity team. All interested students are urged to take part in these activities.

Graduates were measured for their caps and gowns in the bookstore Friday. All students who are on the list of graduates, and who plan to graduate, should go by the business office and pay their graduation fees as soon as possible.

A display of current student activities has been compiled and placed in the showcase in the foyer of the SUB. All students be sure to go by and see it!

Coach L. L. Lewis and 10 members of the track team traveled to Austin to take part in the Texas Relays this weekend. Team members who made the trip were Steve Langham, Bobby Sorenson, Jim Napier, Robert Horn, Harley Bynum, Julio Martinez, Walter Reyna, Joel Conway, Tommy Bradshaw, and Harold Reed.

Members of the TV-Radio class are going to present the history of Howard County Junior College on their program, April 10. The program is seen over KWAB-TV at 2:30 p.m. Joanna Patterson and Gary Bradbury will give the past history, and Roland Neil and George Archer will give the present history. The future will be presented by Sheryle Flowers and Paul Rogers. Mr. Bruce Frazier and Dr. W. A. Hunt will be interviewed.

Boy And Girl Of The Month Chosen

COAHOMA

By LEITHA MASON

The Boy and Girl of the Month for March at Coahoma are Sharon Lewis and Terry Denton.

Sharon is the daughter of Mr. and Mrs. A. V. Lewis. She is a junior and serves as junior class treasurer, and is a member of the FHA and Library Club.

Terry, a junior, is the son of Mr. and Mrs. C. A. Denton. He is a member of the Science Club and FFA. He played football and runs track.

The Library Club had a party March 26, in the elementary cafeteria. Food was furnished by the members.

The annual science fair was held last Friday night and Saturday morning. Larry McKinney, a sophomore, won the sweepstakes award in the high school division. In the junior high division Rhonda Tiller and Laura Madison won the sweepstakes. Marlene Whiley won the sweepstakes award in the elementary division. And the primary sweepstakes division in the lower grades was won by Jamey Easterling.

Blue ribbon winners were Drexel Rugledge and Charles Crowley.

The sophomore personalities in this week's issue of the "Bark" were Sarah Oakes and Eddie Read.

Sarah is the daughter of Mr. and Mrs. Gerald Oakes. She is a member of the Library Club, "Bark" staff, FHA and a honorary member of the FFA. She also played on the B-team basketball squad.

Eddie is the son of Mr. and Mrs. Bill Read. He is a member of the Library Club, Science Club, FFA and serves as sophomore class treasurer. He played on the B-team basketball squad.

The track team was in Merkel last Saturday. The team won two first places, four second places, one third, three fourths and one sixth place to win the track meet.

Winning first places were Mike Mosley in the 880-yard dash, and the mile relay team consisting of Johnny Gibson, Mike Mosley, Marshall Williams and Wayne Ogiesby. Second place winners were Bobby Pherigo in the pole vault, Tony Butler in the discus, Eddie McHugh in the 100-yard dash and the 180-yard high hurdles, and Bobby Weaver in the 120-yard high hurdles. Third place winner was Marshall Williams in the 440-yard dash. Winning fourth places were the 440-yard relay team consisting of Marshall Williams, Eddie McHugh, Terry Denton and Johnny Gibson, Johnny Gibson in the 220-yard dash, and Bobby Weaver in the 180-yard high hurdles. Bobby Pherigo won sixth place in the 120-yard high hurdles.

This weekend the team was in Monahans.

Several students from Coahoma went to Merkel to attend the Interscholastic League District meet this weekend.

Girls Enter District Volleyball Tourney

SANDS

By DARLENE WRIGHT

The Sands High School girls' volleyball team played in the District Volleyball Tournament at Loop this weekend. The Mustangs played Dawson in their first game at 5 p.m. Thursday and won by scores of 15-0 and 15-1. After winning the first game, the Sands girls went on to win over the Flower Grove Dragons with scores of 15-3 and 15-5. By winning these two games, the Mustangs qualified for the finals. They played the Gail Coyotes at 8 p.m. Friday in the finals. Teams who played in the District Volleyball Tournament were Dawson, Flower Grove, Loop, Klondike, Gail and Sands. Mr. M. B. Maxwell coaches the Sands' girls' volleyball team.

The girls' volleyball team played Forsan at the Forsan gymnasium, and won one game out of the six games played.

The senior class has received its play books and the cast has been selected. The play, "Going Places," is a rollicking three-act comedy based on the family, the Maxwells, in the comedy that the class put on last year when they were juniors. This is just another episode of the Maxwell family which was enjoyed so much last year. The cast consists of: Wilbur Maxwell played by Eddy Herm; Hercules Nelson, Larry Chapman; Betty Lou Maxwell, Don Nell Allred; Bernadine Smith, Robbie Brown; Connie Maxwell, Martha Robinson; Mr. Maxwell (John), Terry Davis; Mrs. Maxwell (Janet), Ruth Lemon; Mrs. Brown (Alice), Darlene Wright; Mr. Brown (William), Ray Long; Grandfather Maxwell (Henry), Tommy Fryar; Grandmother Maxwell (Martha), Judy Oaks; Aunt Mary, Mona Russell; and Mr. Hinckley, James Haston.

The annual Interscholastic League Literary Meet will be held at 1 p.m., April 8 at Gail. Entering from Sands will be: Ruth Lemon and Eddy Herm in ready writing, with Sam Tarbet as alternate. Roger McCasland and Darlene Wright will enter poetry interpretation, with Vickie Brinson as the alternate. Entering spelling competition will be Lanelle Etchison and Lynn Maxwell. Conchita Robles and Judy Shockley are entering shorthand.

From the elementary grades Rolynn Mullins, Jill Hunt, Jane Ann Sprawls and Kenneth Schuelke will be entering picture memory. In fifth and sixth grade spelling Stevie Herm, Devra Huse and Cassie Martin, alternate, will enter.

The junior play will be given April 7-9. The three-act comedy will be given in the Sands High School auditorium at 8 p.m. The play is said to be the rootin'est, tootin'est, funniest satire on the old West to ever gallop across a stage. Everyone is urged to attend.

The athletic banquet is going to be held this coming Saturday night, at 7 p.m. in the high school cafeteria. Students who have participated in high school sports this year are eligible to attend. The banquet will be given to the students by the high school coaches.

The Mustang Track team traveled to Lamesa Saturday for the last track meet to be held before the district meet coming Tuesday at Howard County Junior College. Students who wish to support the track team may do so by traveling to the district meet on Tuesday on buses provided for that purpose.

Boys entering the district track meet from Sands will be Robert Bagwell, Eddy Herm and Ricky Kemp in the 100-yard dash; C. L. Williams, Leon Russell and Larry Chapman in the 120-yard high hurdles; Robert Bagwell, John Calvio, Alfonso Calvio and Ricky Kemp in the 440-yard relay; Joe Garfius, Oren Lancaster and Marion Lee Snell in the 880-yard dash; John Calvio, Tommy Fryar and Larry Oaks in the 440-yard dash; C. L. Williams, James Lemon and Roger McCasland in the 180-yard low hurdles; Ray Long, Eddy Herm and Ricky Kemp in the 220-yard dash; C. L. Williams, Jesse Cavazos and Ronnie Neves in the mile; Roger McCasland, John Calvio, Alfonso Calvio and Tommy Fryar in the mile relay; Roger McCasland in the pole vault; Ray Long, Merwin Beal and Dennis Wells in the shot put; Jesse Cavazos and Alfonso Calvio in the broad jump; Merwin Beal, Ray Long and Dennis Wells in the discus throw; and Jerdy Womack in the high jump. Mr. Roland Mullins is the track coach.

Next Years' School Leaders Chosen

By LINDA CLEMENTS

Elections for Student Council officers and cheerleaders for next year were held at Garden City Thursday. Campaign speeches were given at an assembly by Michael Hoch and Dana Werst for president; Vernon Newsom and James Seidenberger, vice president; Bonnie Glenn and Paula Hardy, secretary; and Bill Cook and Judy Hirt, treasurer.

Trying out for cheerleaders were juniors, Sharon Jacob and Charolette Ford; sophomores, Paula Hardy and Brenda Jacob; freshmen, Gaylene Etchison, Micky Hill, Bonnie Glenn and Linda White; and eighth grader Kay Sawyer. One cheerclass.

After the assembly was dismissed, students returned to their home-rooms to vote. Votes were counted, and results were announced by the seniors. Student Council officers are: president, Michael Hoch; vice president, James Seidenberger; secretary, Paula Hardy; and treasurer, Judy Hirt. Cheerleaders are Sharon Jacob, Paula Hardy, Bonnie Glenn, and Kay Sawyer.

The Beta Club sponsored a Western Day and a dance in the rotunda of the high school building after the results were announced. Refreshments were served in the homemaking department by the club.

Friday morning at seven, the tennis teams left for San Angelo to participate in the tennis meet. Miss Theora Calverley is tennis coach.

At 6:45 a.m. Saturday, students left to attend the Interscholastic League District meet in Sterling City. Linda Hoelscher and Dana Werst competed in the high school spelling contest, while Kay Sawyer and Janie Taylor competed in the junior high spelling contest. Others making the trip were Pumpkin Sawyer and Millie Christie, sixth grade spelling; Eva Herrea and Velma Sharrod, declamation; Kathy Pendly, grade school ready writing; Alice Hoelscher and Charolette Ford, high school ready writing; Alice Hoelscher and Sharon Hunt, shorthand; Charolette Ford and Brenda Jacob, typing; and Ronda Green, poetry reading.

The senior class held a bake sale Saturday in downtown Garden City.

Bands And Choirs Hear Texas Tech Concert Band

BSHS

By JEAN FANNIN

Monday, fourth period, the Texas Tech Concert Band appeared before the band and choir in the BSHS auditorium. The band entertained with seven selections. Dean Killion, Texas Tech band director, conducted. The group was in Big Spring on their spring tour. Other stops were Denver City, Colorado City, Winters, Snyder and Abilene.

Mrs. Betty Green has announced the delegates to the shorthand contest in Midland, April 9. They are Janice Arnold, Pam Vines and Jean Fannin.

Mrs. Peggy Hallmark and Miss Ann Ploeger have announced delegates to the typing contest. They are Jill McNery, Jo Farris, Jackie Bowen, Merry Lee Dibrell and Pat Hamilton.

Merry Lee Dibrell, "El Rodeo" editor, has announced that annuals should arrive the first week in May.

Representatives to the Key Club convention for Oklahoma and Texas, April 9-11, are Mark Alexander, Tommy McCann, Tommy McMahon, Larry Mullican and Hollis Webb. The convention will be held at the Hotel Texas in Fort Worth.

The junior girls have challenged the senior girls to a Powder Puff football game, April 23 at 7:30 p.m. in Memorial Stadium.

Court Jesters and the drama department are making plans to present "Hamlet," April 12 in the auditorium. Along with this, an exhibit of student projects concerning the Shakespearean era, such as costumes, stage models, art work, notebooks and research papers will be presented under the direction of Mrs. Catherine Hedges.

Music of the sixth and seventh centuries will be presented by a madrigal group under the direction of Mr. Mel Ivey, choir director. Dan Shockey, speech teacher, is directing "Hamlet."

The a cappella choir won sweepstakes in Odessa March 20. It was the only mixed choir out of 36 to win this honor.

BSHS had 10 first place winners in the solo and ensemble contest for University Interscholastic League March 27. They are: Pat Hamilton, Don Haney, Phillis Hall, Linda Fowler, Mary Newton, Elaine Thomas, Charlene McDonald, Sheryl Gambill, John Seitzler and Dick Sweeden.

DISC WINNER ANNOUNCED

Winner of this week's 45 rpm record is Sandra Seidenberger. Sandra is a senior at Garden City High School. She lives on St. Lawrence Route, Garden City, Texas.

All record winners should come by The Herald and pick up their record certificates as soon as possible after their names are announced. If you are a record winner and have not gotten your certificate, it is still at The Herald waiting to be picked up.

Flower Grove Students Enter IL Competition

By BECKY HAGGARD

Entries from Flower Grove have been named for the University Interscholastic League District meet, April 8 at Gail. Those entering are Nadine Beckmeyer in extemporaneous speaking; Fran Creighton, poetry interpretation; Dean Massengale, alternate; prose reading, Kenneth Pribyla and Carol Ann Pribyla; ready writing, Wade Geurin and Becky Haggard; spelling and plain writing, Brenda Koonce and Rosalita Salazar; alternate, Faye Langston; typewriting, Becky Haggard, Brenda Davis and Naome Caughman; number sense, Nadine Beckmeyer, Diane Massengale and David Roman; alternate, Dee Shortes; science, Johnny Howard, Kenneth Pribyla; alternate, Deane Massengale; and slide rule, Kenneth Pribyla, Jackie Ragsdale, and Richard Perry.

Entries from grade school are: number sense, Gregory Gonzales, Bonnie Hill and Beth Holcomb; spelling, Gloria Salazar, Tommy Hollandsworth; Maria Perez, alternate; declamation, Beth Holcomb; Bonnie Hill, alternate; spelling, Kathy Mayes, Jackie Cave; Kenneth Hollandsworth, alternate; picture memory, Nancy Seely, Judy Cave and Isabel Medrano; and story telling, Deana Holcomb.

The district track meet will be held Tuesday at Howard County Junior College. School will be dismissed Tuesday at lunch for those who bring a written excuse to go to the track meet.

Saturday at Grand Falls' track meet, Eddie Hollandsworth placed second in the discus throw. Jimmy Don Graves placed sixth in the 440 - yard dash.

The Dragons track team went to Lamesa this week to run against some of the schools in the district.

The grade school track team had a track meet at Stanton Thursday.

The high school girls' district volleyball tournament was held at Loop April 1-2. The girls played their first game Thursday night.

The senior class is planning its Old Timers Volleyball Tournament for May 6-8. Everyone wanting to enter should get in touch with Mr. Buddy Ables, sponsor, or any senior class member, by May 3.

Citizens At Stanton Picked

By CAROLYN SPRINGER

Stanton citizens of the month for March are Reba Ringener and Wayne Bradshaw. Eight students are nominated each month by a Student Council committee. From these nominees, the faculty selects the winners by secret ballot.

The Martin County Chamber of Commerce and the FHA jointly sponsored an assembly April 2, featuring "Merlin the Magician." The FHA's share of the money will be used to help pay Eunice Stephenson's expenses to the National FHA meeting this summer.

David Hicks and Mike Wood will represent Stanton in the District Golf meet at Gaines Country Club near Seagraves on Monday. Coach Doyle Edmiston will accompany the boys.

The band performed at the Regional Band contest at Odessa April 3. Mr. Jerry Don Banks is the director.

Six weeks test will be given April 7-8. This will complete the fifth six weeks period.

"The Wonder Hat," a one act play, was presented to the student body by the students who entered the UIL contest. Those who had parts were Robert Haggard, Cindi Britton, Wayne Woody, Rodney Rotan, and Linda Louder. Those who helped with production were Larry Haggard, Lila Phillips, and Margaret Clardy. The group placed fourth in the contest, and Rodney Rotan was chosen for the all-star cast.

The choir directed by Mr. Banks, will present a program for the Production Credit Association on April 10.

In the University Interscholastic League Literary contest held in Plains March 27, Beth Biggs won third place in prose interpretation; Beth Biggs and William Robnett won third place in spelling and plain writing; Li[illegible] Costlow won fourth place in typing; and Mary Stuard won sixth in typing.

Publications Received

By SUSAN ELROD

"The Stampede," Forsan's school paper, arrived this week and was followed shortly by the arrival of the 1965 yearbook, "The Buffalo Trail." This year the seniors dedicated the yearbook to Mrs. Barbara Gandy, whose efforts helped to make the yearbook one of the best the school has ever had.

FORSAN

The bulletin board this week was designed by Coach Oscar Boeker. "Success by Determination," is his theme, and he has mounted pictures of the students holding track records in Forsan High School since 1962.

Thursday, April 1, Forsan School had Play Day. Grade school students entered the Junior Olympics which were held at the track field. High school was divided into seven teams with a senior boy as captain. Each team participated in volleyball, ping pong, tennis, and horseshoe tournaments. Robo's Pansies, whose captain was David Roberson, won the volleyball tournament. Ping pong and horseshoes were won by Ole Karnit's Klan, with Donnie Simpson as captain. The tennis tournament was won by the Jim Dandys whose captain was Jim Alexander. The over-all winner was Ole Karnit's Klan with 10 points. Second place went to Kent Sneed's Cooties.

April 5 will begin election of FHA officers for 1965-66. The candidates are: president, Nancy Anderson and Sherye Kirkpatrick; program chairman, Jody Dodd and Katie Hodnett; degree chairman, Patsy Gooch and Karen Lawson; project chairman, Deryl Dunnagan and Diana Rodman; public relation chairman, Nona Prescott and LaDonna Hooper; songleader, Juanita Henderson and Wanda Albertson; secretary, Mary Simpson and Sherry Walraven; treasurer, Vivian Bronough and Nancy Kennemur; parliamentarian, Mollie Condron and Anna Duffer.

Three members of the tennis team traveled to San Angelo Thursday to take part in the District Tennis Meet. Charles Richardson and Kent Sneed made up a doubles team, and Donnie Simpson played singles.

Will Observe FHA Week

By LYNN PUCKETT

The FHA chapter at Runnels has scheduled a number of activities for FHA Week, April 4-10, according to Mrs. Willbanks, home economics teacher. The plans are as follows: Sunday, emphasizing family worship; Monday, cleaning up the home economics department; Tuesday, wearing of the school colors — red and white; Wednesday, giving an apple to each teacher; Thursday, entertaining the eighth grade girls or "little sisters" and serving refreshments; Friday, attending Chapter Day FFA meeting at the Big Spring High School; Saturday, observing family day.

Mr. Hubert Murphy, Runnels' choir director, went to the Music Teachers' National Association Convention held in Dallas. He returned Wednesday.

Twirp Week To Be Climaxed By Dance

GOLIAD

By MARTHA JORDAN

Next week, April 5-9, Goliad will shift into reverse. The annual twirp week, when girls are required to do the work usually done by boys, will be climaxed Friday with a "Twirp Sock Hop." During the week, girls will be expected to open doors and carry books for boys. Twirp Week activities are sponsored by the Goliad FHA; FHA Week will be observed during the same period. The chapter has also planned various other activities, including the preparation of two showcase displays and little sister day.

Little sister day, sponsored annually by the Home Ec department and FHA, will be observed on Thursday. On this day, eighth grade girls are invited to visit the Home Ec department; they are hosted by ninth grade students, who explain to them the workings of the department. They are told the many advantages to be gained in the courses, and are urged to sign up during their freshman year. Refreshments of cookies and punch will be served to the visitors.

Ninth grade students will take achievement tests Tuesday and Wednesday of next week. All freshmen will stay in their homeroom classes until the tests are completed.

Finals for the Goliad spelling bee were held Wednesday in the cafeteria. Curlee Rogers, eighth grade student, scored a victory when she spelled spectrum, the final word. Raymond Woolverton, seventh grader, was the runner-up. Dr. C. A. Ainsworth was pronouncer for the bee; judges were Mr. S. A. Walker, Mrs. Pat Parks, and Mrs. Cornelia Gary. The county finals will be held April 10 in the Howard County Junior College auditorium. Curlee Rogers will be Goliad's representative, with Raymond Woolverton as alternate.

Members of the Goliad tennis team, coached by Mr. Joe Dawes journeyed to Snyder Wednesday to play the Lamar team. Craig Frank, of Goliad, was the only Big Spring singles winner; he defeated Phillips, 6-4, 6-4. Mike Graves and Bobby Kibler won a doubles contest over Scott and Flynn, of Snyder, in a hard-fought match, 6-1, 4-6, 9-7. Other matches and their scores were: Suttle and Anderson over Graves and Frank, 6-4, 4-6, 6-2. Mebane and Henderson, Snyder, beat Cofer and Carlson, 6-2, 2-6, 6-1. In the girls contests, Martha Jordan lost to Amos of Snyder, 6-1, 6-0, while Carol McCombs, was beaten by Sims, 6-0, 6-1.

The Goliad girls volleyball teams played Runnels Thursday night in the Goliad gym. Seventh grade players ended their undefeated season with a 15-9 15-11 victory. High scorers were Kathy Dean and Nancy Keene. The eighth grade team was defeated 15-17, 11-15. Elizabeth Moore and Claudia Took were the high-point servers. The freshman team won over Runnels 15-9, 15-12. Sonia Whittington was named outstanding server for both games.

Coach Margo Lauderdale has announced that the final eighth and ninth grade games will be Tuesday in the Goliad gym at 5:30 p.m. Both teams will play Snyder Travis.

Unique Staging For 'Stalag 17'

Final polishing of Big Spring Civic Theatre's production of "Stalag 17," set for April 8, 9 and 10, is under way this week.

The production will offer Big Springers their first opportunity to see a play produced in the arena theatre style followed successfully by Fort Worth's Casa Manana theatre.

First slated for production at the City Auditorium, the play instead will be produced in Howard County Fair Building.

The story takes place in a prisoner of war camp during World War II, combining action, straight drama and comic relief.

The cast includes Dan Kester, Mike McCarthy, Kieran Doherty, Jack Meeker, Bob Bateman, Richard Clark, Dr. R. J. Kasher, Joe De Sousa, David Carriero, Joe Maenner and Bill Hill.

The reaction of Civic Theatre membership will determine if the arena style will be presented again at future dates.

Tryouts have also been announced by Judy Spencer, director, for the production of "The Man Who Came to Dinner" on May 14 and 15. The tryouts will be at the Prairie Playhouse on April 10 and April 11 at 3 p.m. each day. A cast of 36 persons is needed, ranging from teenagers to men and women of middle age. Backstage help is also needed.

Tickets for the production of "Stalag 17" are available by calling the chamber of commerce office before April 9th. Tickets are $1.50 for adults and 75 cents for students and airmen.

Portrays War Camp Scenes

Set in a prisoner of war barracks during World War II, the play, to be produced this week by Big Spring Civic Theatre, portrays the comic-serious story of captured soldiers. Here Bob Bateman, left, and Richard Clark become involved in a heated exchange during the play.

Project To Seek New Performers

NEW YORK (AP)—A 10-year project for the discovery, training and development of new acting talent throughout the country has been launched by the American Academy of Dramatic Arts and the American Broadcasting Company.

Under the plan, regional auditions are to be conducted under ABC supervision, and winners awarded scholarships for two-year courses at the Academy.

Bel Geddes To Return To Stage

NEW YORK (AP)—Barbara Bel Geddes has signed for autumn return to Broadway in a play by Reginald Rose. As yet untitled, the piece will be produced by Gabriel Katzka, Gustave Berne and Joseph E. Levine, and directed by Ulu Grosbard, all currently involved in hit revival of "A View from the Bridge."

Miss Geddes' most recent White Way appearance was in "Mary, Mary" which she left to make a movie..

Humanity Saved From Deadly Virus

"The Satan Bug," starring George Maharis, Richard Basehart, Anne Francis and Dana Andrews opens Thursday at the Ritz Theatre.

Adapted for the screen from the novel by Ian Stuart, it is described as a fast-moving, adventure thriller.

The plot deals with the development of a virus so deadly that it is capable under certain conditions of destroying the human race, and a batch of these bugs is stolen by a depraved mind who means to destroy humanity with it. But it is more than fast-moving adventure, it is a probing into the workings of people's minds under this formidable threat.

The story was shot on location at Palm Springs and in, around and above Los Angeles, the city chosen for destruction by the depraved mind and which is being evacuated by the civil authorities.

There is only one feminine role in "The Satan Bug," and it's played by Anne Francis, who also played the sole feminine role in "Bad Day at Black Rock" opposite Spencer Tracy.

Richard Basehart is the well-known Broadway star often called "The Actor's Actor."

"The Satan Bug" is from the pen of Ian Stuart, which happens to be the pen name for Alistair MacLean, author of "The Guns of Navarone."

WEEK'S PLAYBILL

BOOKS

Looks Back At Heroes

HEROES WITHOUT GLORY. By Jack Schaefer. Houghton Mifflin. $5.95

There is a gratifying glow of pride, tinctured with wistful envy, in looking back at the real frontier heroes of the nation's 19th Century. Schaefer's book is a pretty fascinating narrative about a handful of them.

The author's premise is that books and television have overemphasized, to the point of satiety, the cult of the Western badmen. First by glamorizing them at considerable length. He says they were some minor goofs not worth bothering about. His task is to tell about some of the frontier's "goodmen."

There was the ex-shoemaker who became Grizzly Adams, who tamed bears and other fierce creatures, creating the first natural history zoo in the West.

There was Snowshoe Thompson, a self-sacrificing man who lugged the mail every winter to cabins in the high Sierras, and incidentally started an early interest in skiing. And John Phillips, the brave little guy who carried a rescue message "236 miles to Fort Laramie," by riding the colonel's best horse right through the whole Sioux tribe.

Then there was Bear River Tom Smith, the cool man who calmed wild Texas cowboys in the shipping point at Abilene with his fists, and got them to check their shootin' irons with the bartender. And McGillicuddy, the stubbornly honest Indian agent; Gardiner, the eastern blueblood who became a devoted frontier doctor; and Wash-a-kie, the old Indian chief who always kept the treatics with the whites.

Some of the passages in this book are quaintly florid, but don't let that bother you. Others are quite graphic.

If modern life seems to pall, get a lift by reading about some rugged old boys whose integrity and ingenuity are a real source of hopeful inspiration.

Miles A. Smith

STAMP NEWS

Local Bahamas Scenes On New Stamp Series

By SYD KRONISH
AP Newsfeatures

Fifteen new stamps have been issued by the Bahamas as a new definitive series reports the Crown Agents Stamp Bureau in Washington. The new set depicts various local scenes. All stamps bear an Anthony Buckley portrait of Queen Elizabeth.

The illustrations show: A hospital, Colony Badge, Out Island Regatta, high school, flamingo, development, yachting, public square, sea garden, Old Cannons at Fort Charlotte, seaplane and jet liner, film project and undersea post office, conch shell, Columbus' flag ship.

* * *

For collectors of Eire stamps and covers, there is a special two-color St. Patrick's Day cachet available. It portrays Ballinlogh Castle, County Westmeath, Ireland. It is the 14th consecutive cachet of the historical Irish castle series to be issued. The covers will be mailed in Ireland where the castle is located and a card inside the cover will give a brief summary about the castle. Collectors in this country wishing covers may write to Irish Cachet Covers, 947 E. 32nd St. Brooklyn, N. Y. 11210. The cost is 60 cents per cover.

* * *

Recently a set of stamps was issued by Tristan Da Cunha, a British supervised island about 1,300 miles south of St. Helena, 1,800 miles east of Uruguay and 1,500 miles west of Cape of Good Hope. In other words it is farther from the next inhabited land than any other island in the world. Tristan Da Cunha is about 30 square miles in area and has a population of 270. The 15 new stamps depict various ships connected with that island's history. One in the set shows a portrait of Queen Elizabeth and another stamp features

a map of the South Atlantic pinpointing the island.

'HUSH, HUSH, SWEET CHARLOTTE'
Bette Davis, Olivia de Havilland

Award Winners Star In New Film

Bette Davis and Olivia de Havilland, each a winner of two Academy Awards, star with Joseph Cotten in "Hush . . . Hush, Sweet Charlotte," which opens today at the Ritz Theatre. Producer-director Robert Aldrich, maker of "What Ever Happened to Baby Jane?" had to replace Joan Crawford with Miss de Havilland when the former became ill with virus pneumonia.

Set and filmed on location in Louisiana, "Hush . . . Hush, Sweet Charlotte" is an eerie tale of murder, madness and revenge. Miss Davis plays the title role of Charlotte, an aging and demented ex-Southern belle, with Olivia de Havilland as her cousin Miriam, and Joseph Cotten as Miss de Havilland's former beau, now a prominent doctor.

The plot revolves around the unsolved murder and mutilation of Charlotte's married lover during a formal ball 40 years ago. The townspeople think that Charlotte wielded the hatchet on that fateful night, but this has never been proven, and Charlotte continues to roam through her empty, dark mansion, convinced that somehow her murdered lover will communicate with her.

Miss de Havilland portrays a woman of the world who returns from Europe to visit Charlotte, and is again plunged into the evil and horror from which she once escaped. Also she is reunited with the doctor (Joseph Cotten) who jilted her after the sensational murder.

Call Long Distance for Less ALL DAY SUNDAY and after 8 Each Evening

NOW you can make long distance calls *all day Sunday* at the low *night* rate.

The night rate is now in effect on station-to-station calls all day Sunday and every evening after 8 p.m.

Saturday calls are cheaper, too. Now the "evening" rate applies all day Saturday and from 6 to 8 p.m., Monday through Friday.

Why not call out-of-town family or friends any time Sunday, or any night after 8 p.m., when rates are lowest? It's the next best thing to being there.

LOOK HOW LOW RATES ARE NIGHTS AND SUNDAYS

	Sunday — all day; Monday-Saturday 8 p.m.-4:30 a.m. (night rate) *	Saturday 4:30 a.m.-8 p.m. Monday-Friday 6 p.m.-8 p.m. (evening rate)	Monday-Friday 4:30 a.m.-6 p.m. (day rate)
Dallas to Abilene	$ .50	$ .70	$ .85
Fort Worth to Phoenix	.75	1.05	1.45
Lubbock to Austin	.60	1.00	1.15
Wichita Falls to St. Louis	.65	.95	1.35
Tyler to San Antonio	.60	.90	1.05

All rates for three-minute station-to-station calls. Add 10% Federal excise tax.

* Does not apply to collect or third-number calls within Texas.

MEN IN SERVICE

VERNON JACKSON

Edward Ray Gaines, 19, son of Mr. and Mrs. Edward D. Gaines, 402 South Ave., Coahoma, enlisted in the Navy through the Big Spring Recruiting Station. He took his oath for enlistment at the Main Navy Recruiting Station at Albuquerque, N. M. March 29.

He graduated from Coahoma High School in May, 1964. He enlisted in the Navy's High School Graduate Program, whereas he is guaranteed to vocational type trade school.

He chose the Naval Training Center at San Diego, Calif., to take his nine weeks of recruit training.

* * *

2nd Lt. Carl E. Franklin, son of Mr. and Mrs. R. C. Franklin, Sweetwater, has entered U. S. Air Force pilot training at Reese AFB, Tex.

Lt. Franklin will fly the newest Air Force jet trainers and receive special academic and military training during the year-long course. He will be awarded silver pilot wings upon completion of the Air Training Command flying program.

The lieutenant, a graduate of Newman High School, received his B.B.A. degree from Texas Technological College was commissioned upon completion of the Air Force Reserve Officer Training Corps program.

His wife, Edith, is the daughter of Mr. and Mrs. John E. Freeman, 2110 Johnson, Big Spring.

* * *

Damage Controlman Fireman Willie L. Elliot, USN, son of Mr. and Mrs. John H. Elliot, 300 Andree, Big Spring, returned to San Diego, Calif. March 16, aboard the seaplane tender USS Currituck, after completing a 16-day cruise off the coast of southern Canada and Northwestern United States. During the cruise, the Currituck carried experimental electronic equipment which was tested and evaluated for use in areas with below-normal atmospheric conditions.

RONALD DARATT

2nd Lt. Howard A. Long has entered the U. S. Air Force pilot instructor course at James Connally AFB, Tex. Upon completion of the training program, he will be assigned as an instructor pilot at an Air Training Command (ATC) pilot training base for duty. ATC trains airmen and officers in the diverse skills required by the nation's aerospace force.

Lt. Long's wife, Linda, is the daughter of Mrs. Ethel Hickson, 107 E. 17th, Big Spring.

* * *

COLORADO CITY (SC) — Lt. Col. Willard Welch, son of Mr. and Mrs. C. E. Welch of Colorado City, was on temporary duty at Goodfellow AFB, last week, during the inspection of Detachment 15, Central Air Rescue Center, Goodfellow AFB. Col. Welch is deputy inspector general of Air Rescue Service at Olander AFB, Olander, Fla.

* * *

Two Big Spring sailors, Vernon Jackson and Ronald Daratt, are home on leave prior to reporting to new duty stations.

Jackson, a 19-year-old graduate of Big Spring High School in 1963, is going to Viet Nam for seven months duty with the U.S. Seventh Fleet on the tanker, USS Cimarron. Jackson is a bosun mate seaman on the tanker. His parents, the Rev. and Mrs. V. Ward Jackson Sr., and his wife, Nancy, reside at 2003 Main. Jackson joined the Navy in July, 1963.

Daratt is also a 1963 graduate of Big Spring High. The 20-year-old electrician's mate joined the Navy in August, 1964. He has been assigned to the fleet tanker, USS Chipolo, now anchored at Pearl Harbor. He expects to see duty with the Western Pacific Fleet. His parents, Mr. and Mrs. Melvin Daratt, live at 500 E. 23rd.

* * *

Capt. Frederick D. Yost, son of Mr. and Mrs. Burl C. Yost, Colorado City, was one of more than 500 U. S. Air Force Air Rescue Service men deployed around the world in support of the Gemini two-man space flight from Cape Kennedy, Fla.

Capt. Yost, permanently assigned at Prestwick AB, Scotland, was part of the force stationed at airborne and land positions along the orbital path. He was there to assist if needed in the all-important task of recovering the two astronauts and their Gemini capsule.

The captain, a graduate of Union High School, Grand Rapids, Mich., attended Grand Rapids Junior College and Lincoln Chiropractic College, Indianapolis, Ind. He was commissioned in 1950 through the aviation cadet program.
