Kerr-McGee Will Drill 8,300-Foot Test In E-C Garza

Kerr-McGee Oil Industries, Inc., is to start operations at once on an 8,300-foot wildcat in East-Central Garza County, about ten miles southeast of Post.

The prospector will be Kerr-McGee No. 1 Connell. It is located at the center of the northeast quarter of the northwest quarter of section 23, block 5, GH&H survey.

The projected destination of 8,300 feet is calculated to take the exploration into the Ellenburger.

Offset Scheduled In N-C Runnels Region

Robinson-Puckett, Inc., of Abilene has spotted location for a one-location north offset to its No. 1 T. B. Poe, indicated Canyon sand discovery in North-Central Runnels County. The new venture will be the No. 1 Minzenmeyer.

It will be located 330 feet from the south and 1,750 feet from the west lines of A. G. Sawyer survey.

The No. 1 T. B. Poe encountered flowing oil from a Canyon sand on a drillstem test at 3,495-3,510 feet. Tool was open 30 minutes. Gas appeared at the surface in five minutes. Oil flowed at the surface in 25 minutes.

Drillpipe unloaded coming out of the hole, and recovery in the pipe was 1,020 feet of pipeline oil and 120 feet of heavily oil and gas cut mud.

Flowing pressure was 600 pounds. Shutin pressure was 1,370 pounds in 20 minutes.

Location of the prospective discovery is 382 feet from the north and 3,600 feet from the east lines of section 55, HT&B survey.

Operator is preparing to run pipe to take a potential test.

SE Taylor Set For Ellenburger Wildcat

In Southeast Taylor County, one mile east of the town of Ovalo, a 5,000-foot wildcat is to be drilled by Kerr-McGee Oil Industries, Inc., as its No. 1 Ovalo-Smith. Operations are to begin immediately.

The exploration will be in the southwest corner of the L. Smith 170-acre tract in the northwest part of section 403, R. Williams survey.

The 5,000-foot depth of this development is scheduled to allow an exploration of the Ellenburger.

C-E Midland Pool Gets Two Oilers

Two new producers have been added to the Tex-Harvey field of Central-East Midland County, one by Henry March of Fort Worth.

Harry B. Lake and others No. 1-4 B. W. Floyd, one-half mile north extension to the field, was completed for 77.52 barrels of 34.1-gravity oil plus five per cent water daily on the pump.

Production came after open hole had been shot with 667 quarts of nitro glycerin. Top of the pay is at 7,170 feet. Total depth of the new producer is 7,440 feet.

The new well is one-half mile northwest of M. Spencer No. 1 G. B. Leach.

Location is 1,992.7 feet from north and 2,010.5 feet from east lines of section 4, block 37, T&P survey, T-3-S.

Henry March No. 1-14 B. W. Floyd estate was completed for 252.21 barrels of oil plus two per cent water daily on a flowing test through a 5/16-inch choke.

The new well is inside production in the southeast side of the Tex-Harvey field.

Production is from 7,010 to 7,303 feet which is total depth. Hole was shot with 761 guarts of nitro glycerin.

Gas-oil ratio was 750-1. Pressure on casing was zero and on tubing it was 25 pounds.

Location is 2,000 feet from north and 2,028 feet from west lines of section 14, block 37, T&P survey, T-3-S.

Midland Tex-Harvey Gets Inside Project

Tex-Harvey Oil Company will drill its No. 1-15 Jay H. Floyd as an inside project in the Tex-Harvey field of Central - East Midland County.

Location of the 8,000-foot rotary project will be 660 feet from east and 1,980 feet from south lines of section 15, block 37, T&P survey, T-3-S and 18 miles southeast of the city of Midland.

Work will start immediately.

SE Garza Opener To Make Production Test

Tobe Foster and associates (formerly R. L. York and Standard-Fryer Drilling Company), No. 1 Justice heirs, Southeast Garza County possible discovery from the Strawn lime of the Pennsylvanian is preparing to make production tests on the sections between 7,416

Marshall Sworn In

WASHINGTON — (AP) — Gen. George C. Marshall was sworn in Thursday as secretary of Defense at a ceremony attended by only two other persons.

The general was given the oath of office by Felix Larkin, general counsel of the Defense Department. Stephen Early, the outgoing deputy secretary, was the only witness.

An announcement of the ceremony, which was held at 7:45 a.m., said this private swearing-in was "in accordance with the wishes" of Marshall.

The new secretary immediately called a conference with the joint chiefs of staff.

The swearing-in ceremony was held in the office of the secretary of Defense.

The way was cleared late Wednesday for Marshall to succeed Louis Johnson, who left office quietly on Tuesday in obedience to President Truman's wishes.

By a 57 to 11 vote, the Senate confirmed Marshall's nomination.

TESCO Officials Visit Properties In Midland Area

Top-ranking officials of the Texas Electric Service Company from Fort Worth visited TESCO's Midland District Tuesday and Wednesday while on an inspection tour of company properties in West Texas. The party left Wednesday for Big Spring and points east. The officials plan to visit every West Texas city in which TESCO operates.

J. B. Thomas, Texas Electric president, headed the group of officials. Among others in the party were Perry Davis, vice president, operations; Beeman Fisher, vice president and assistant to the president; R. K. Hanger, vice president, legal; George W. Bean, chief engineer; Roy Birmingham, accounting department; C. A. Lilly, superintendent of power; O. S. Hockaday, superintendent of transmission; R. E. Hendricks, commercial manager; W. H. Putnam, assistant commercial manager; Chester Geueu, power department; J. E. Gallagher and John Hume, executive department.

R. L. Miller, Midland District manager, was host to the officials while they were in his district.

Work Begins On New Highway To Odessa

Work has begun on the new four-lane highway to Odessa, County Judge Clifford C. Keith has announced. The project is expected to require about 12 months for completion.

The judge said contractors already have marked the right-of-way and begun filling in low areas. Clearance of the right-of-way is expected to begin shortly.

Russia Loses Two Bouts In UN Assembly

NEW YORK—(AP)—Russia was defeated Thursday in an attempt to prevent consideration by the UN General Assembly of Nationalist China's charges that the Soviet Union aided the Chinese Communists to power.

The Assembly's 14-nation Steering Committee defeated the Russian move 11 votes to two. The negative votes were cast by the Soviet Union and Czechoslovakia. India abstained. Nationalist China's charges against Russia first were raised at the 1949 Assembly session.

Russia also was defeated 12 to two on its efforts to keep the old Greek-Balkan question off the Assembly's agenda. A Russian objection to opening the Spanish question to Assembly debate was not decided immediately.

Soviet Foreign Minister Andrei Y. Vishinsky raised his objections in the Steering Committee which proceeded rapidly with its task of working out the agenda for the Assembly's fifth session.

The Steering Committee began plotting the Assembly's work after Secretary of State Dean Acheson submitted a four-point plan to give the Assembly military power to combat aggression anywhere in the world.

Proposals For Peace

John Foster Dulles, Acheson's Republican adviser, described the new Acheson plan as "the most important proposal for international peace and security put forth" since the end of World War II. It will be Dulles' job to push it through the 59-nation Assembly.

It would:

1. Enable the veto-free General Assembly to meet on 24 hours notice in case of a breach of the peace.

2. Set up a roving UN commission to observe developments in areas of international tension.

3. Ask member governments to set up, within their national armed services, units which would be at the call of the Security Council or Assembly to put down violations of the peace.

4. Set up a committee to study other possible means of action to prevent aggression.

Train Hits Auto At Intersection

An automobile driven by Paul Cude, 1909 West Washington Street, was struck by a westbound Texas & Pacific train Wednesday night at the Main Street railroad crossing.

Cude was taken to Midland Memorial Hospital, where he was treated for multiple abrasions. The automobile was a total loss.

Officials said the accident occurred about 8:45 p.m. Cude was driving north when the train struck, hitting the front end of the vehicle and swinging it around.

Policeman's Ball Set Thursday Night

The annual Midland Policeman's Ball will be staged Thursday night in the VFW Hall on West Highway 80. All ticket holders are invited.

All the city's policemen are selling tickets to the big annual dance, proceeds of which will go to needy and destitute persons.

Hoyle Nix and his band of Westerners from Big Spring will provide music for the dance.

Congress To Close Shop On Saturday

WASHINGTON — (AP) — Congress is in the process of winding up its business this weekend and President Truman said Thursday it has given him substantially what he asked for.

He told a news conference he is very well pleased with Congress' work and thinks it has accomplished the purposes for which it met. Democratic and Republican leaders have agreed to close up shop Saturday night—if possible—and to stay closed until November 27.

Truman remarked that Congress members want to go home and attend to a little private business, and he is for them.

Two 'Must' Measures

Congress still wants to dispose of a few "must" measures and to stick around until Truman signs or vetoes the Communist control bill it sent him Wednesday night.

Still on the docket was this other major business:

1. The $4,700,000,000 tax increase bill. Senate-House conferees approved a compromise version Wednesday and the two branches of Congress are expected to ratify it and send it to the President by Friday night. Truman's approval is taken for granted.

2. The $17,000,000,000 emergency defense bill carrying funds to build up America's might and help arm her Allies against Communist aggression.

The stumbling block in the bill is a Senate amendment which would choke off U. S. economic aid to countries which sell arms or war-potential goods to Communist nations.

Weak Cool Front Drops Mercury In North Texas Areas

By The Associated Press

A weak cool front Thursday brought a promise of lower temperatures and more rain to North Texas. But there was little hope of any moisture for parched South Texas area.

The front pushed across the Texas Panhandle and into the Red River Valley only two days before the official entry of Autumn.

Temperatures dropped into the forties in the upper Panhandle. Dalhart recorded an overnight low of 49 degrees compared with 77 degrees at Corpus Christi and Galveston in South Texas.

Wednesday's maximum ranged from a mild 81 at Lubbock to 100 degrees at Cotulla.

East German Reds Boost Tempo In War Of Nerves

BERLIN —(AP)— East Germany's cold war Communists tried to take away land and light from their Western confreres Thursday — but flopped on both counts.

At midnight the Reds arbitrarily cut off electric power deliveries to West Berlin. West Berlin got along on its own resources.

Earlier in the night, on the outskirts of the British zone, a half-dozen Russians soldiers tried to move their border barriers to annex 175 square yards of territory. Some 100 British infantrymen turned them back and British officials Thursday planned negotiating talks with the Russians to settle the mix-up.

There were other incidents, also, indicating the Communists were systematically stepping up their war of nerves against Allied West Berlin.

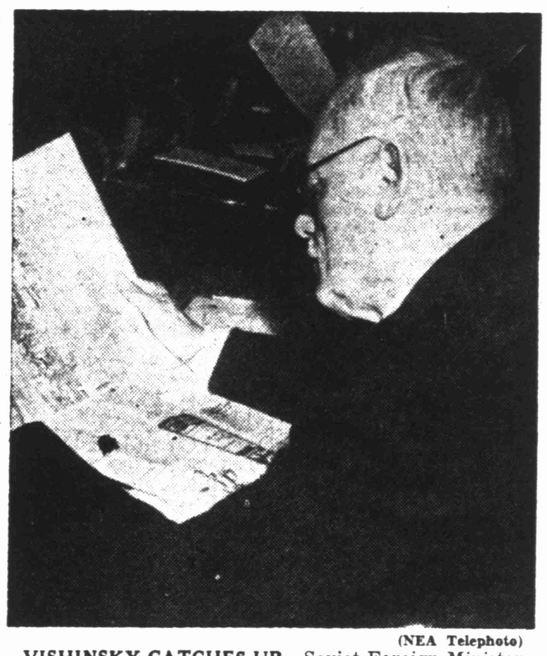

1. Several hundred Communists tried to stage an unlicensed street demonstration in the French sector, but were scattered by police with fire hoses. About 30 Reds were arrested.

2. East German officials ignored a West Berlin offer that each side release police arrested the day before in a series of tit-for-tat raids on each other's personnel.

3. The Communist press stepped up its propaganda barrage against the West, shrilling cries of "Ami (American) and Tommy (British) go home."

4. Berlin's barge traffic with West Germany remained partially crippled as some 50 barges lay tied up here with their cargoes.

5. East Berlin cold storage houses, keeping goods for West Berlin firms, told the Westerners to evacuate. Plans were made to seek American financing for a West Berlin warehouse.

(NEA Telephoto)

VISHINSKY CATCHES UP—Soviet Foreign Minister Andrei Vishinsky takes time out during meeting of the United Nations General Assembly in New York to catch up on the Korean war news. The article he is reading contains two large war maps, pointing to the latest United Nations gains in the bitter struggle.

City Council To Act On New Personnel Program

A new ordinance proposal, designed to create a definite personnel policy for employes of the City of Midland, is expected to be acted on by the City Council at an early date, it was announced Thursday.

The new program, which city officials say will place Midland city employes on a promotion basis in regard to merit, ability and faithful service, includes a special sick leave and vacation policy.

The proposal already has been presented council members and has been discussed for action, according to City Manager W. H. Oswalt.

Officials say it is the first personnel program ever instituted by the city to place all employes on a group basis. Heretofore employes have been promoted on an individual basis.

Charles Chambers, assistant to the city manager, interviewed five of Midland's largest employers before drafting the new program. He said the policy will place city workers on a standing in accordance with other employes in the Midland area.

A central personnel records system, to be headed by Chambers, will be instituted. Individual records and files will be kept on each employe. All personnel actions, such as employment, change of pay

Man To Be Charged With Sending Bomb Devices Through Mail

TYLER —(AP)— A 75-year-old man was to be charged Thursday with sending infernal devices—cigarette lighters filled with gunpowder — in the mail.

The case unfolded like this:

Wednesday a gray-haired man wearing black gloves walked into the post office at Edom, 18 miles west of here. He said he wanted to send an air mail package to an address in Los Angeles.

Postmistress Mrs. G. H. Morris became suspicious because of the man's hurry to leave. She asked for his return address. He gave her one at Edom, one she knew did not exist.

Mrs. Morris called Tyler Post Office offficials and they told her to open the package. She did and found inside it three packages addressed to persons in Los Angeles, Marshall, Texas, and Shreveport, La.

Lighters Found

Marshal Grady Boyd of Edom said inside the packages were table model cigarette lighters, each containing gunpowder and equipped with what appeared to be dynamite blasting caps.

Postoffice Inspector J. L. Pierce of Dallas said the three small packages were addressed to Beatrice C. Yiarkias, Los Angeles, Calif.; Homer Carey, Marshall, Texas, and Harry O. Nelson, Shreveport, La.

He said that in the big package with the three smaller ones was a note asking the recipient to mail the three packages.

Smith County Attorney Dick Burrus said the arrested man had a prison record, and had lived here about six months. He came from Marshall.

Local Draft Boards Ordered To Raise News 'Iron Curtain'

AUSTIN —(AP)— A new draft regulation now permits publication of the draft status of any registrant, Texas newspapers are advised by the State Selective Service Headquarters.

Local boards have been instructed to make available such information on request regardless of whether a registrant has been ordered for a physical examination, accepted or rejected for induction.

Previously, only names of registrants ordered for actual induction into service were released.

Sinclair said the new rule was substituted to permit a community to know, if it wants to, that a man not in service may have been excluded through no fault of his own but by decision of the service.

Red Mystery Column Rolls Toward City

By LEIF ERICKSON

TOKYO—(AP)—American Marines battled for ancient Seoul Thursday while a Red mystery column was reported rolling down on the Korean capital from Soviet-dominated Manchuria.

The nationality of manpower in the heavily-armored Communist column was not known to U. S. Intelligence officers.

Staff Chief Of Red Unit Surrenders

WITH U. S. FIRST CAVALRY IN KOREA —(AP)— Cavalry troopers trapped about 5,000 Communist soldiers Thursday in a small pocket near Tabu, 13 miles north of Taegu. A Red divisional chief of staff surrendered.

"We've got them now," said Maj. Gen. Hobart R. Gay, commanding officer of the First Cavalry. "We have troops all around them."

That left the trapped Reds two choices. They can fight it out against the Americans or they can surrender.

Asked if he expected to go in after the Communists, General Gay replied: "Maybe we won't have to. They're pretty hungry."

The surrendered chief of staff is 30-year-old Senior Col. Lee Hak Ku of the 13th North Korean Division. He told interrogators he believed the Red cause was finished and he believes in democracy now after studying it out.

Remnants of both the North Korean Third and 13th Divisions were believed caught in the trap. Elements of both divisions had hammered the American defenders of Taegu.

One cavalry non-com said "Now we move."

The Red colonel walked along through his withdrawing troops to give himself up.

He is the highest ranking officer so far to become a prisoner of war in Korea.

The Marines' entry into Northwest Seoul's narrow streets was met by stiffening resistance.

Field dispatches reported the tank-led Leathernecks entered the city at 6 p.m. Wednesday from their Han River crossing eight miles downstream.

The swift Allied 10th Corps advance from the original second front landing beaches at Inchon appeared to have reached the slower house-to-house fighting phase. The Marines made it from the riverside into Seoul in 12 hours.

A big battle seemed in prospect.

Besides the threat of the unidentified column of 40 tanks and 200 other vehicles approaching Seoul from the north, Korean Reds rushed into the city from several other directions. Many were from the old Allied beachhead perimeter in the Southeast.

MacArthur Confident

General MacArthur appeared confident. After a visit to a Marine sector west of Seoul, directly across the Han from the capital, the United Nations commander went aboard the battleship Missouri off Inchon and then flew back to Tokyo. He had been at the second front since it opened on the Yellow Sea shores last Friday.

Lt. Gen. Lemuel C. Shepherd, commander of all Pacific Fleet Marine focres, predicted it would be at least a week before Seoul is safe for an Allied victory parade.

AP Correspondent Russell Brines reported the Marines' entry into Seoul's northwest outskirts. Brines said another Marine armored column swept over Seoul's nearest satellite airfield across the Han and was driving toward three partly wrecked bridges across the river.

Brines also relayed the 10th Corps Intelligence report on the mysterious armored force speeding out of

How To Avoid Ticket Line—

Want to avoid standing in a long line to get tickets to the Ysleta-Midland football game Friday night?

You can.

Advance ticket sales are in progress and the ducats are available at the Chamber of Commerce office.

Thundershowers Over Midland Area

Thundershowers over the Midland area Wednesday night promised to boost range grasses but they had Midland County farmers crying "too much rain."

A deluge of rain hit Garden City, flooding roads and making the Glasscock County seat the center of a thundershower area that reached southward to San Angelo.

Highway 158 between Garden City and Sterling City was under water in spots Wednesday night as the North Concho Creek was on the rise. Sterling Creek also was up.

The CAA office at Midland Air Terminal recorded .2 inch Wednesday. The fall inside Midland was lighter. Heavier showers were reported in other portions of the county.

Stanton reported light showers, but they were not heavy enough to cause any further flood damage to the Martin County city.

10,366 Texas Men Called For Physical Exams In October

AUSTIN —(AP)— State Selective Service Headquarters Wednesday ordered 10,366 men from local draft boards for armed forces pre-induction examinations from October 16 to October 27.

The order brought the total number of men called for these tests in Texas to 40,516 since the beginning of the Korean war.

A state call for 3,453 men for actual induction in November has been received from national headquarters, State Director Brig. Gen. Paul L. Wakefield said. Quotas for local boards for this induction call will not be issued until early October, he said.

October examinations will be held at Abilene, Amarillo, Corpus Christi, Dallas, El Paso, San Antonio, Houston, Texarkana and Shreveport.

Following are the area boards and their respective quotas for the latest pre-induction examination call:

Midland 42, Alpine 33, Brownwood 39, Van Horn 3, Lamesa 51, Odessa 81, Plainview 78, Pampa 69, Big Spring 72, Lubbock 201, Sweetwater 63, Pecos 69, Abilene 96, Brownfield 66, San Angelo 66, McCamey 12, Vernon 45.

South's 'Dry' States Are Slightly Damp

WASHINGTON —(AP)— The nation's two "dry" states, Mississippi and Oklahoma, appear to have had 2,064 and 943 retail liquor dealers, respectively, in the 12 months ended last June 30.

The Internal Revenue Bureau reported Thursday it sold that many of its $27.50 tax stamps for retail liquor dealers in those states during that period.

Also, it sold 66 of its $110 stamps for wholesale liquor dealers in Mississippi and 44 in Oklahoma.

Mississippi outranked 24 "wet" states in the number of retail liquor dealer stamps sold; Oklahoma outranked 12.

★ LATE NEWS FLASHES ★

NEW YORK —(AP)— Secretary of State Dean Acheson's new anti-aggression program got a green light for United Nations consideration Thursday when the 14-nation Steering Committee placed the four-point resolution on the General Assembly's agenda.

WASHINGTON — (AP) — The Army said Thursday no evidence has been received here that a column of reinforcements for the Korean Communists is moving toward Seoul from Soviet-dominated Manchuria.

WASHINGTON — (AP) — President Truman said Thursday he agrees prices are going up while wages aren't, and declared plans to meet that situation are being worked on all the time. But he added that he is no prophet and isn't saying when there might be some action.

FRANKFURT, GERMANY —(AP)— American High Commissioner John J. McCloy made plain Thursday that the Western Allies will fight if the Communists stage a Korea-type attack on Western Germany with the East German People's Police.

BUSINESSMAN IS SUICIDE

McALLEN —(AP)— Justice of the Peace T. W. Kelley returned a verdict of suicide in the fatal shooting of Scott Martin, 46, McAllen businessman, Wednesday.

'He's Too Thin For Me' Cried 'Wilson' Producer

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Behind the Screen: Sidney Blackmer, back before the cameras in Columbia's "The Hero," after a long absence from Hollywood, tells about the time he played Josephus Daniels in Fox's production of "Wilson."

The late cabinet member was a personal friend of Sidney's and prided himself on a stomach as flat as Gary Cooper's.

When Blackmer reported to the studio as a trim Josephus Daniels, Darryl Zanuck threw up his hands and issued orders that the celluloid Josephus Daniels would have to sport a bay window. Padding was placed around Blackmer's middle and the cameras began to roll.

The same evening Blackmer sent this telegram to Daniels:

"When you see yourself in 'Wilson,' please remember that the stomach is neither yours nor mine."

It happened in the U. I. publicity unit room when word reached the press agents that Bill Mauldin, whose "Up Front With Mauldin" had been purchased by the studio, was turning actor MGM's "Red Badge of Courage."

"You know," said one of the press agents, "this Mauldin fellow might turn out to be a great actor. What happens to the studio's plans to star Audie Murphy in 'Up Front With Mauldin.'?"

"Let's change the whole thing around," dead - panned another publicity man. "Let's call it Bill Mauldin in 'Up Front With Audie Murphy.'"

• • •

At a fur designer's annual mink-and - sable show in Hollywood, Elois Jenssen, the pretty studio costume designer was telling a group of fashion reporters her ideas of next year's fashions for movie queens.

"I think," said Elois, "that skirts will be higher and that movie stars will have legs again. I also think that hair will be longer."

"Holy Toledo," screamed Joan Davis. "You mean we're going to have long hair on movie stars' legs?"

• • •

Alan Dale, one-time film actor and now proprietor of Hollywood's picturesque Villa Nova, recalls the time that the late John Barrymore arrived accompanied by a doctor and two nurses, throwing the restaurant chefs and waiters into a tizzy.

It was during an on-the-wagon period for John following one of his extended lost weekends and he ordered scallopini marsala.

"What happened back in the kitchen?" Barrymore thundered after wolfing down the dish. "Bring me another order and this time don't make it so cursed dry?"

A second, third, fourth and fifth order were brought to Barrymore, who spooned up the last drop each time, complained bitterly of the lack of sauce and called upon his companions to witness the abominations placed before him. Finally Dale rushed up to the table on the sixth serving and apologized profusely to the great actor.

"Think nothing of it," said Barrymore. "Thanks to the excellent sherry in your scaloppini marsala I am now delightfully drunk and have again failed my medical friends."

Clothes Make Actor

"Wild track" is movietown lingo for dialogue which is added to pictures after certain scenes have been photographed. A star who is called upon to ride across the plains, for instance, will speak his lines into the microphone at a later date.

Doc Merman, production manager for Bill Thomas and Bill Pine, tells about the time he notified Erich von Stroheim that some "wild track" dialogue was needed for "Five Graves to Cairo."

The bald-pated actor was in street clothes and refused to go to the sound room. "I could not think of doing this without the uniform I wore in the scene," he told Marman.

"But there's no cameras around," the production manager remonstrated. "Nobody's going to see you."

Von Stroheim refused to back down. In order to obtain the "wild track" dialogue, the producers had to dress him in full regalia and wait until full mak-up had been applied.

Only then did the veteran actor consent to enter the empty room and speak 10 words into the microphone.

EXPECTANT MOTHER SAYS REDS FORCED HER TO SPY

WITH U. S. SECOND DIVISION, KOREA —(AP)— A 16-year-old expectant mother surrendered to the Americans Thursday and said she had been forced by the North Koreans to act as a spy.

Cartilage takes the place of bone in all members of the shark family.

GOP Chairman To Check On Alleged Remark By Aide

NEW YORK —(AP)— Republican National Chairman Guy Gabrielson says he will investigate a published report that one of his assistants made a remark that "Hitler did Germany a world of good."

The aide, Bonner F. Fellers of Washington, D. C., says he was "misquoted entirely."

Gabrielson promised an investigation on demand of Gov. Thomas E. Dewey.

Robert S. Allen's syndicated newspaper column from Washington reported Wednesday that Fellers made the remark to a group of six anti-Nazi Germans touring the United States.

The Allen column quoted Fellers as telling the Germans at GOP National Headquarters in Washington:

"I believe Hitler did Germany a world of good. Sure, he did a few bad things. But it was Hitler who rehabilitated the Germans. The only thing wrong with Hitler was that he went too far. He got the world involved in a war."

Russia's Vishinsky Gets Traffic Warning

GLEN COVE, N. Y. —(AP)— Soviet Foreign Minister Andrei Y. Vishinsky has been warned by a traffic cop that the next time he speeds through Glen Cove he'll get a ticket.

Vishinsky's car was stopped Wednesday by Motorcycle Patrolman Timothy O'Neill.

Mildly, O'Neill explained to Vishinsky and his chauffeur that 55 miles an hour was too fast. He added:

"This is just a fair warning. Next time we will have to give you a summons."

STASSEN DENIES OFFER OF NAVY SECRETARYSHIP

NEW YORK —(AP)— Harold S. Stassen Wednesday night denied a newspaper report he would replace Francis Matthews as secretary of the Navy.

The Spokane (Wash.) Spokesman-Review said the Navy secretary job had been offered Stassen by President Truman.

Practical And Beautiful—

The practical gift is always acceptable whether in your own home or someone's else. The hurricane lamps at MIDLAND HARDWARE AND FURNITURE COMPANY GIFT DEPARTMENT are both practical and beautiful. They are electric lamps with brass or silver bases with frosted glass globes. Some are ornamented with glass prisms. They sell for $12.95 to $18.95 a pair. Can't you just picture a pair of them on your vanity? It would be a bright idea to lay-away a pair for Christmas giving.

You Figure It Out!—

Mix and match costumes are always ready to match any mixed-up occasion. A smart corduroy skirt, a gay jacket, some blouses, a gay plaid jumper and you're really all set! Jackets come in fascinating new Fall colors, and everyone's mixing and matching at TEEN HAVEN, 100 North Garfield. Clothes to see you through every occasion, for campus, at the ball game, or the school parties and on dates, are featured at Teen Haven in sizes 7-14.

Beauty — The Theme Of The Season—

This is the season of loveliness and charm, so look to your natural beauty and enhance it with the expert attention of LEATON'S BEAUTY SHOP, 806 West Indiana. Modern beauty devices plus the creative work of expert operators is your assurance of satisfaction. Mrs. Billie White Moore, new manager, formerly operated her own shop in Fort Worth and Eunice. She specializes in hair styling and both machine and machineless permanents. Call 2519 for your apointment.

There's A Demand For Real Estate—

Whether you wish to sell or buy property, place your request with LEONARD MILLER, REAL ESTATE, 201 East Wall. Mr. Miller will take care of selling your property — business or residential. There is a demand for real estate and this reliable firm could use more listings, so call 2699 and list your home or business for out-of-town contacts. You can be sure of getting maximum value this way.

Does Your Home Leak Heat Like A Sieve?—

Install Mansville Blown Rock Wool Insulation from BAILEY INSULATION COMPANY, Terminal, Texas. It keeps the interior of your home from "sweating" in Winter and keeps your wallpaper new looking. It will pay for itself in fuel saving and is fire proof, therefore, a protection to your property. Venetian blinds and metal wall tile are also available. Call 3709 for more information.

Believe It Or Not—

Mother's most appreciated food successes are surpassed! You don't believe it? Ask the man or woman who has dined at JOMACK'S CAFE in The Greyhound Bus Terminal, 213 West Indiana. For this cafe is so amazingly different from ordinary eating places, you will be delightfully thrilled with the superb cuisine and pleasant surroundings. Satisfying customers is kept uppermost in mind, so go in and make yourself at home.

Cold Floors Endanger Health—

A modern heating system in your home will pay for itself in savings on fuel. Now is the time to install a modern floor furnace. WHITMIRE PLUMBING COMPANY, 315 North Colorado, has a selection of Empire and John-Zink Floor Furnaces and will install one for you at reasonable costs. Cold floors endanger your and your family's health in Winter. With a floor furnace your home is evenly warmed from floor to ceiling with circulating warm air.

Imported Linens—

Picture your dinner table laid with a lovely imported linen cloth, beautifully hand-stitched. MIDLAND HARDWARE AND FURNITURE COMPANY, LINEN DEPARTMENT has received a shipment of fine table cloths made in Belgium. They are hand drawn and exquisitely hand-stitched. They come in sizes 64 x 84 inches and 64 by 104 inches. Also, there are rayon and cotton table cloths in gold, green and natural in sizes 52 x 52 with a choice of two patterns. The linen department is also featuring imported linen pillow cases.

As The Years March Along—

Your own home will become more and more welcome, as a permanent location where your children can prosper amidst pleasant surroundings. CONSOLIDATED QUICK HOMES BUILDING COMPANY, will build you a one-bedroom home for as little as $3,895 up or a two-bedroom home for $5,195. You have a choice of color scheme inside and out and your own floor plan. Contact A. D. Choate, Sr., or T. D. Brown, 106 South Big Spring.

The Under Cover Story—

Here's an exquisite undercover story in elegant nylon lingerie. At FASHION SALON there are nylon slips, lavishly trimmed with lace and styled to wear under slimmer, shorter dresses. Sho-Form and Star Fashion Bras are molded to give you that upward sweep, flattering even your flat-chested sisters. The Fashion Salon's new Fall hosiery collection is the most exciting yet! New warm Fall tones to accent your gay woolens, new heel and seam treatment to cast all attention ankleward.

Worn By Leading Citizens—

You have to look successful to be successful! A custom-tailored suit is a good investment when you're making important contacts. Let CARL'S help you get ahead. Carl's Custom Made Clothes offer you better fabrics, better wear, better tailoring, better value. Admiring glances turn to the man who enhances his appearance and personal prestige in a custom-tailored suit. Choose from finest fabrics and newest Fall patterns.

Not Just Fair Weather Friends—

In fact, MIDWEST INVESTMENT COMPANY, 211 East Texas, is your foul weather friend . . . those unseen troubles that come up so unexpectedly when you're financially unprepared. Don't lose your car because bad luck prevents your meeting the payments. Let MidWest Investment Company make you a loan. The company specializes in auto financing and refinancing. No embarassing questions are asked and the transaction is strictly confidential.

Want A Good Meal Tonight?—

Are you tired of wandering around from one cafe to another, trying to find a really good eating place? THE STEAK HOUSE, 805 West Wall, is the place you've been looking for. It's spotlessly clean, serves only the finest foods, deliciously and appetizingly prepared. The service is excellent; the prices are low. What more can you ask? And the cafe never closes! Any hour of the day or night "something's cooking" at the Steak House.

It Takes A Good Contractor—

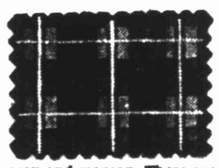

Choose your contractor as carefully as you do the location of your home. For a thoroughly experienced, reliable contractor is your assurance that only the best materials, only the finest workmanship will go into your home. FOWLER AND STANLEY, BUILDING CONTRACTORS, 3411 West Wall, has a reputation earned by strict adherence to standards of quality and scientific advancement in building construction. Why not arrange a personal consultation with these men? They're in a position to help you with your building plans. Call 3359 or 854-J.

How Do You Like Your Toast?—

This automatic chrome-plated toaster pops-up your toast just the color you want! Modern housewives with uncanny eyes for quality will appreciate the home appliances featured at PHILLIPS ELECTRIC COMPANY. Nationally advertised brands in all kinds of modern electrical appliances are featured. Go in and look over the array of beautiful chrome plated electrical work savers and choose the appliances that suit your needs.

New Fall Patterns—

You can let colors run riot when you select seat covers from the new assortment of patterns and fabrics at MILLER BROTHERS TRIM SHOP. Many bright, eye-pleasing patterns are available. You'll especially like the red and black Bullfighter Plaid. There is Scotch Plaid and a choice of colors in striped Saran. A wonderful new assortment of patterns in Boltaflex include pearlized grey and maroon. There are also new patterns in plastic coated fibre.

Exterminating Household Pests—

Kill roaches in your home with Johnston's No-Roach, available in two sizes at MIDLAND HARDWARE AND FURNITURE COMPANY. It's so easy to use. Just brush it on wherever roaches, ants, and waterbugs gather. It's odorless, colorless and stainless. The effect lasts for months. Get it in the eight-ounce bottle for 89c, a pint for $1.19 or a quart for $2.98. Not a contaminating spray, it's perfectly safe to use in the home.

Healthful Entertainment—

Enjoy healthful, open air entertainment. See the latest and best in motion pictures at TEXAN DRIVE-IN THEATRE, on West Highway, while you relax in the comfort and privacy of your own car. There's always a pleasant and unobstructed view when you attend the Texan Drive-In, and the youngsters come along and enjoy the open air theatre, too. It's healthful entertainment for the whole family.

Foot Health Should Start In Childhood—

Insure your child's foot health with properly fitted shoes. Pay a visit to BARNES AND COMPANY for sturdy Red Goose Shoes that are "built for action" and styled for comfort and good looks. And with each pair of Red Goose Shoes, you receive absolutely free a beautiful identification bracelet with your name engraved on it. Don't forget to remind the salesman to give you your bracelet.

Real Estate And Home Loans—

Take the first step toward home ownership with a low-cost loan. A whole new world of good living is within your reach thanks to modern methods of home financing. Consult HUGH WALLACE at Mims And Stephens or call 23 for an appointment. Mr. Wallace specializes in real estate and loans and will give you friendly consultation on your home building plans.

To Modernize Your Home—

There are many improvements that can be made in your home with fine quality millwork. A breakfast nook, a built-in kitchen cabinet, storage units for the bathroom, a new door, an extra window, these are the items and many more that you can get ready to install from ABELL-McHARGUE MILL WORK DIVISION, 1800 North West Front Street. You might remodel that attic or basement into a play room or workroom.

For Every Building Purpose—

You'll find it more economical and more practical to buy your concrete transit mixed. PANNELL BROTHERS, 501 South Pecos, specializes in transit mixed concrete and will deliver any quantity right to your building site. Concrete mixed by experts who know their work gives satisfactory results. The company will give you an estimate on the quantity you need. For walks, steps, foundations, swimming pools, or a whole building. Call 1797.

Now Is The Best Time To Paint—

Paint protects as well as beautifies. It is a wise home owner who keeps his home in perfect condition with high quality paints. They are a sure guarantee against deterioration—a sure promise of increased attractiveness. Now is the best time to paint your house for wood that has been seasoned by Summer weather takes paint better. Get famous DuPont Paints from J. C. VELVIN LUMBER COMPANY, 204 North Fort Worth Street.

Polio Insurance—

We can't prevent it, but we can give our children the best of medical care if polio should strike our homes. Take steps to assure your children of hospitalization and proper care should this spector strike in your home. NEELY AGENCY offers a policy covering medical care for polio victims. It is indeed inexpensive when you consider that for only a few cents a day you are protecting your little ones' future. Call 1850.

Delco Motors—

Any job you do gets done quicker—more efficiently—is more fun—when you work with motor driven tools. Whether your need is for hobby tools or tools for professional work, wood work and metal work go better when you have a Delco motor. BUDDY'S ELECTRIC SHOP, 203 South Main, is stocker dealer for Delco Motors. The shop also specializes in electrical repairs and service on all electric motors.

Colored Flagstones—

Flagstones, when used for patios, floors of dens and in the garden, create a rustic charm that is enhanced by the years. You can get them in colors for novel effects. HELBERT AND HELBERT, BUILDING CONTRACTORS, will sell you the stones and lay them for you. There are so many ways they can be used—sidewalks, barbecue pits, flower boxes, curbs and fish ponds, all easily constructed with colorful flagstones. Call 2524 for more information.

It Took A Million Years To Build This World—

Well, it won't take LLOYD PONDER, BUILDING CONTRACTOR, that long to build on your property, but it will take as long as is necessary to do a perfect job. For any job that is done by this contracting firm must be perfect—your satisfaction, its reputation depends on perfection. Lloyd Ponder builds solidly because he has years of experience to guide him and the Federal government to help him learn about new materials, better ways to build. Build with Lloyd Ponder—grow with Midland!

STYLE SHOW MODELS — Rita Beights and Mrs. R. W. King, Jr., will model Fall and Winter fashions from Midland stores in the annual Beta Sigma Phi style show, "Melody in Fashion," to be presented October 5 in the Midland High School Auditorium. Miss Beights is a member of Xi Theta Chapter, and Mrs. King is affiliated with the Beta Delta Chapter. All models will be members of the three Beta Sigma Phi chapters.

Cook-Out Planning On Scout Program

"How to Plan a Cook-Out" was the major discussion Thursday at the Girl Scout Training Course in the Little House. Instructions also were given on what plans are necessary to take a troop out-of-doors.

Record-keeping and troop government were explained in the Wednesday session of the course. The workshop did more work on their week's projects which will be displayed Friday at the close of the sessions.

Those attending for the first time Wednesday were Mrs. J. S. McNulty, Mrs. E. H. Scott, Mrs. Ray Kelly, Mrs. Rollin Davis and Mrs. William Madison.

Barbare Lindville Is Shower Honoree

ANDREWS — Barbara Lindville, bride-elect of Herman Idleman, was honored recently with a pre-nupital shower in the home of Mrs. J. B. Reeves in the Magnolia Pipe Line Camp. Co-hostess was Mrs. L. L. Shartle.

Mrs. Olene Rapp of Eunice, N. M., was present. Others attending the shower were Mrs. Doy Schibner, Mrs. J. F. Stephenson, Mrs. James Ham, Mrs. W. W. Henry, Mrs. Emit Waits, Mrs. Floyd Graham, Mrs. Bill Barrett, Mrs. Percy Morrison, Mrs. Jimmie Lindville, Mrs. Lloyd Ford, Mrs. Cora Heath and Mrs. Norman Galloway.

All the presidents of the United States have hailed from eastern or middle western states.

Beta Delta Has Guest Speaker

Mrs. Mae Dunagan was the guest speaker at the Beta Delta meeting Tuesday in the home of Mrs. John C. Meyer, 2506 West Kentucky Street.

"A Definition of Happiness" was the speaker's topic. Lunelle Zeeck, chairman of the membership committee, announced the first Beta Delta rush party will be held September 26. The model meeting for the rushees will be held October 3.

Verda Bartlett, president of the Beta Sigma Phi City Council, reported the council has approved the formation of a new exemplar chapter.

Style Show

"Melody in Fashion," the Beta Sigma Phi style show to be presented October 5, was discussed and tickets were distributed to members.

Mrs. Leonard A. Foy transferred to the Beta Delta Chapter from the Gamma Theta Chapter in Wichita Falls. She recently moved to Midland with her husband.

Members present for the meeting were Mrs. Randolph Rubin, president; Verda Bartlett, Mrs. E. W. Bodenman, Mrs. Leroy Butler, Betty Jo Cooke, Mrs. Cecil H. Elder, Mrs. Jimmie Furman, Anne Harris, Joyce Hendrick, Mrs. R. N. Hillon, Anne Hubbard, Sara Johnson, Mrs. Gerald Keeler, Kay Kendrick, Mrs. W. S. Kotch, Jr., Mrs. R. W. King, Jr., Mrs. Rudolph Rubin, Mrs. Duffy B. Stanley, Dell Steel and Billie Walker.

Legion Auxiliary Installs Officers

The American Legion Auxiliary honored its new officers at a meeting in the Manhattan Restaurant.

Dorothy Crook, Sixteenth District president, installed the new officers. They are Helen Mayfield, president; Irene Allen, ice president; Frances Gallagher, secretary; Mary Webb, treasurer; Mattie Kelton, chaplain; Helen Jones, historian, and Deanie Cope, sergeant-at-arms.

Midland Girl Pledges Tri-Delta Sorority

ST. LOUIS, MO. — Margaret Murphey of Midland, Texas, is among the 150 freshmen women students at Washington University who have been pledged to the 10 sororities on the campus, Adele Starbird, dean of women, announced.

Miss Murphey, daughter of Mr. and Mrs. Henry Murphey of Midland, was pledged to Delta Delta Delta Sorority.

PERMA-STONE

2667

is the number to call for

Mr. Virgil Spiegel, 3032 Colerian Ave., Cincinnati, Ohio, a driver for Alber's Supermarkets, is confident that today he is doing the best job he has ever done in his life. That is because he says he has never felt better. To be first rate on the job, a man has to be in top notch condition. He attributes his feeling of well being to HADACOL because his system lacked those necessary Vitamins B1, B2, Iron, and Niacin.

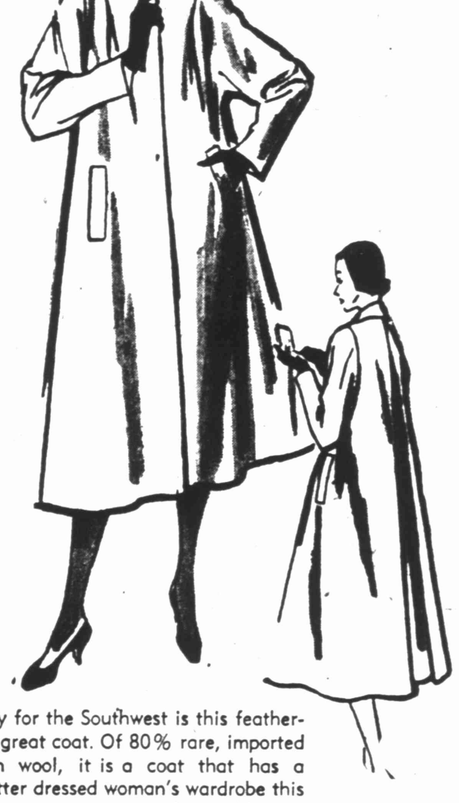

Here is Mr. Spiegel's own statement: "Before I started taking HADACOL I was told I had a nervous stomach. I took many pills and many other 'remedies'—nothing gave me effective relief. It affected my sleep, too—I would doze off and then wake up at the least little thing. I had a lot of gas on my stomach and it burned clear up in my chest. I was just beside myself in knowing just what to do. I heard how other folks having the same trouble I did were being helped by HADACOL. I started taking HADACOL and after the 2nd bottle of HADACOL I noticed an improvement. Now I am in first rate shape. I sleep well, have no more gas pains and the best thing is that my nervous stomach has completely cleared up. I can't thank HADACOL enough."

It Isn't Too Late

to try HADACOL as thousands of other folks suffering from such deficiencies have done and benefitted tremendously from HADACOL. Why, there are even hundreds of doctors who are now recommending HADACOL to their patients whose systems lack Vitamins B1, B2, Iron, and Niacin. If you suffer from stomach distress, nervousness, insomnia, constipation ,heartburn, or a general run-down condition, caused by such deficiencies, give HADACOL a chance to help you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only $1.25 for Trial Size; Large Family or Hospital Size, $3.50.

President's Greatest Victory

The expanded social security law now on the books is a milestone in more ways than one. It's probably President Truman's most important victory in the social welfare field. And it well may be the last for quite a while, unless the outlook for real peace is unexpectedly brightened.

From the time he took office in 1945 until after he was elected in 1948, the President had pretty poor luck with his programs in Congress. Last year he did score with major housing legislation and a new, higher minimum wage law.

But revision of social security stands out above these. The changes add 10,000,000 people to the federal pension rolls, including 4,600,000 self-employed, 1,400,000 state and local government workers not covered by public retirement plans, 650,000 hired farm workers and a sizable number of domestic employes.

* * *

Altogether now some 45,000,000 people — three-fourths of the gainfully employed—are under federal social security. Adding in the 7,500,000 protected by public retirement systems raises the percentage to 85 per cent. Biggest groups not covered are the farm operators.

The new law also means a marked boost in benefits. For persons already on the rolls, the average advance will come to 77.5 per cent. Thus a typical husband-and-wife benefit will climb from $41 monthly to $75.

Social security is paid for by payroll taxes exacted from workers and employers; hence bigger benefits spell higher levies. As a starter, the government will take a bite out of the first $3,600 of a worker's annual income, instead of $3,000 as now. Later there'll be progressive hikes in the tax rate from the present 1 1/2 per cent to a top of 3 1/4 per cent in 1970 and after.

* * *

So by every fair test—its scope, its cost, its effect on the country—the new social security law is a major step.

Yet it's a step that largely was taken before the Korean war began. That conflict, and the threat it poses of further trouble in other areas, have dimmed prospects for the remainder of the President's social and economic program.

The key parts of this program, national health insurance and the Brannan farm aid plan, already were in serious trouble before war came. The new defense outlook just about rules them out for a long time ahead. Indeed, so long as military expenditures must stay at record high peacetime levels, new social welfare plans of any sort seem destined to have a very low priority.

A tightwad is a man who licks his son for buying an all-day sucker just before bedtime.

One trouble with free speech is that too many people use it as an excuse to waste words.

It isn't right to do your son's school problems, says a principal. That's because parents have forgotten most of what they learned.

'Pst, Boys! Not Now! Come Back After Election!'

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: Executives working for government draw salaries from private industry; British favor seating Red China; Louis Johnson was shocked by his dismissal.

WASHINGTON — Congressional memories sometimes are very short. It was only last year that the Senate refused to confirm Carl Ilgenfritz as chairman of the Munitions Board because he declined to give up his $60,000 salary from the U. S. Steel Corporation.

However, just about the same thing is happening with two other high officials and nothing is being said about it. They are:

1. E. G. Plowman, another U. S. Steel executive, who gets $66,000 a year from his company while working for Uncle Sam as director of the Defense Department's Military Traffic Service.

2. William H. Harrison, who has just assumed charge of war controls in the Commerce Department while still drawing his salary from International Telephone and Telegraph.

The excuse given for permitting men to draw a salary from private industry while working for the government is that it is hard to get good men to serve the government without doing this. This is true in peacetime. But in wartime, when thousands of GI's not only have to give up their jobs but their lives, it would seem that enough patriotic businessmen would be willing to work for a government stipend of $15,000 to $20,000 a year.

Jimmy Roosevelt

Jimmy Roosevelt helped to place the insurance on two housing projects at an Air Force field at Victorville, Calif.

Air Force officials state, however, that they had nothing to do with placing the insurance, and that the matter was left entirely in the hands of the private promoters.

There are two housing projects at the Victorville Air Base: 400 homes built by the Victor Valley Housing Corporation, and 250 homes built by Mesa Estates.

C. O. Moore is the owner of Mesa Estates and also owns 40 per cent of the Victor Valley project. He, being a close friend of Roosevelt's, placed the insurance with the firm of Roosevelt and Sergeant, which in turn acted as the broker in placing the insurance on all 650 homes with various companies.

Johnson's Exit

Secretary of Defense Johnson took the news of his dismissal as if he had been struck by lightning. On the morning he was fired, he was cheerfully planning speeches for the American Bar Association, American Federation of Labor and American Legion.

On the morning after he was fired, he put in a routine appearance at his staff conference. General McNarney opened the meeting by saying how shocked they all were at the new development.

But Johnson held up his hand and mumbled: "No, no. Not now." Tears welled up his eyes, and McNarney sat down.

Assistant Secretary of Defense McNeil also tried to say something appropriate. But again Johnson held up his hand. So everyone present stood up, announced there was nothing to report, and solemnly filed out of the room.

Under The Dome

After Secretary Chapman finished wiping up the Senate floor with Senator Schoeppel of Kansas, the Interior secretary attended a Cabinet meeting. As he entered the room, President Truman said: "Here comes Joe Louis. Sit down, champ." . . . Republican leaders had planned to pick out every member of the Truman Cabinet one by one and attack them in the Senate. But Senator Schoeppel's smear of secretary of the Interior Chapman has backfired so badly that the campaign will be abandoned . . . Though President Truman told the press it is "customary" for the secretaries of the Army, Navy and Air Force to hand in their resignations when the secretary of Defense leaves, these three have agreed to stick together and not resign—unless requested . . . Donald Dawson, an aide to President Truman, is being considered as head of the New York Stock Exchange . . . About two months ago, Truman called ex-undersecretary of State Bob Lovett to the White House and asked him to become Acheson's deputy to the Atlantic Union Conferences. Lovett literally wept. His doctor had forbade him to take a job for another year.

Seating Red China

British Foreign Minister Bevin has been nursing a plan to get Communist China admitted to the United Nations through action by the General Assembly.

Bevin has worked out his strategy with India's Premier Pandit Nehru. Both are convinced that, although Russia has been agitating for the Chinese Communists to be admitted to the U.N., actually Russia is dead against Red China joining the world organization. According to British intelligence, Russia hopes that by keeping China out, she can remain as China's spokesman and appear to the Chinese people to be their only real friend.

Bevin and Nehru also are convinced that Mao Tse-Tung and the Kremlin are not getting along well. They hope Mao will become a Chinese "Tito."

Therefore, Bevin and Nehru plan to bring the question of seating the Chinese to a vote before the General Assembly where the veto cannot be used: However, it probably will require a two-thirds vote to seat the Red Chinese and exclude the Nationalists. The British think they can muster the required votes to break the deadlock.

Merry Go Round

General Bradley, chairman of the Joint Chiefs of Staff, took off to rest and work on his memoirs the other day. Immediately fireworks broke loose. First Secretary of Defense Johnson was fired, then the Marines landed at Inchon. Bradley scurried back to the Pentagon . . . Three military men have served as secretary of War. Maj. Gen. Henry Knox, an officer in the Revolutionary War, was the first secretary of War, while two Civil War generals —Grant and Sherman—also served as secretary . . . The 953 lobbyists, paid $7,000,000 a year to bring pressure on Congress, are heading for home . . . More than a million tons of steel plate and pipe have gone underground in the last six weeks—part of it bootlegged into the Texas oil fields, where it sells $50 a ton above the market price . . . Industrialist Willard Rockwell almost let the cat out of the bag when he introduced Senator Byrd of Virginia as presidential timber last week in Pittsburgh. Representatives of the National Tax Association and National Association of Manufacturers have been urging Byrd privately to run for President, but Rockwell wasn't supposed to say anything about it . . . Congressman Case of South Dakota has been paying for rainmaking experiments out of his own pocket. Due to the heavy expense, he now wants to shift the cost to Congress.

Have A Laugh

By BOYCE HOUSE

Jim was Harry's best friend and so when he noticed that Jim seemed very downcast, he asked, sympathetically, "What's the matter?"

"It's my wife," was the reply.

"Why, your wife is one of the finest of women," Harry said.

"She's always nagging at me; surely you've noticed that."

"Well," said the friend, "since you bring up the matter, it does seem to me that she fusses at you a little."

"Se here," Jim exclaimed, "don't you dare talk about my wife!"

So They Say

There are thousands among us who are sympathetic to enemy causes. Each one is a threat more dangerous right now than the atomic bomb.
—Clyde Dougherty, Detroit civilian defense director.

* * *

It seems to me what this House ought to do is to see a good psychiatrist.
—Rep. Robert F. Rich (R-Pa).

* * *

It is my intention to follow up on rumors and reports of a tie-in between national politicians . . . and individuals representing illegitimate pursuits.
—Sen. Alexander Wiley (R-Wis).

* * *

Instead of Labor having large sums to spend in the coming Congresional campaign, our opponents have swollen campaign chests . . . to keep their political puppets in office.
—William Green, president of AFL.

* * *

Because of American aid the Communists are no longer able to fool the peoples of western Europe. We should be proud of President Truman's foreign policy.
—Maurice J. Tobin, secretary of labor.

What's RIGHT?

A young man your parents have never met has asked you to go to a dance with him.

WRONG: Have you parents out of the way when he arrives to take you to the dance, so that he won't have to meet them.

RIGHT: See that he meets at least one of your parents when he calls for you.

Brazilians Total Fifty Millions

RIO DE JANEIRO. —(AP)— Brazil has been counting noses and it seems that they will run close to 50,000,000.

The 1950 census count ended early in July but definite results will be known in a few more months. There is enough information on hand to estimate the country's population at almost fifty million and to give first rank to Rio de Janerio as the biggest city. The count for Rio is over 2,250,000.

Sao Paulo grew amazingly but it is still number two with 2,200,000. Recife, in the northeastern state of Pernambuco, is third with a dash over half a million. Porto Alegre, in southern Rio Grande, is fourth with 372,000.

On Christmas Eve, 1923, hailstones as large as tennis balls fell in Pretoria, South Africa.

• JACOBY ON BRIDGE

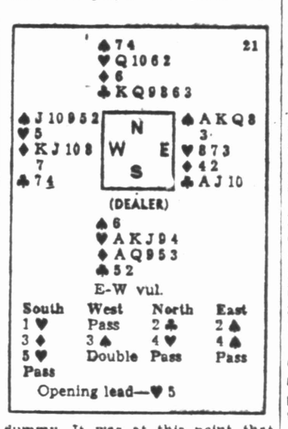

By OSWALD JACOBY
Written for NEA Service

"The players out here have been intrigued by your tales of Generous George's exploits," write a Des Moines correspondent. "Maybe this hand will show you what I mean.

"West opened his singleton trump, expecting that South would try to ruff his diamonds in dummy. He hoped to cut down dummy's ruffing power so that the diamonds could not be established.

"South won the opening lead in his own hand and realized that he could not ruff all of his diamonds in the dummy, especially since the opponents would surely lead additional trumps whenever they got in. He therefore decided to establish dummy's clubs.

"After drawing three rounds of trumps, South lead a club from his hand and played the queen from

South	West	North	East
1 ♥	Pass	2 ♣	2 ♠
3 ♦	3 ♠	4 ♥	4 ♠
5 ♥	Double	Pass	Pass
Pass			

Opening lead—♥ 5

dummy. It was at this point that East remembered the example of Generous George and decided to live and let live.

"Following these generous principles, East played the ten of clubs, allowing dummy's queen to hold the trick. This left declarer with no play for his contract.

"He led a diamond to his ace and led another club towards dummy in the hope that West had the ace. This hope was dashed when East took the ace of clubs.

"East promptly began the spades, and South ruffed the second round. He could get to dummy only once. This was enough to establish dummy's clubs but not enough to cash the good cards in that suit.

"I am sure you will notice that declarer would have made his contract if East had taken the first club with the ace. South would then be able to take the second club trick with dummy's king and ruff a club, thus establishing the rest of the suit. Dummy's queen of hearts would then furnish entry for the rest of the clubs.

"We'd like to know what George thinks about this?"

George sends his congratulations to East, but he was not so complimentary about South's method of playing the hand. The trouble was that South drew the trumps too quickly.

After winning the opening lead, South should go after the clubs immediately. East might refuse to take the ace once (still his best play) but South would find it easy to get to the dummy as often as he liked with trumps.

For example, if East refused the ace of clubs, declarer could take the ace of diamonds and lead another club. East would win and lead spades, South ruffing the second round. Declarer would lead a trump to dummy's ten, ruff a club, and then enter dummy with the queen of hearts to run the clubs.

Many Reserves And Draftees Feel Bitter Over Call To War

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON — Defense officials are concerned over the attitude of the men who are being drafted and called back into active duty.

Naturally there are as many different reactions as there are men being called up. But a sort of resigned bitterness about the whole thing seems to be the typical feeling. On top of that, reports from Selective Service headquarters indicate the rate of men trying to dodge the draft by various means is higher than World War II. And the machinery set up by the services to consider deferments from calls to active duty is being swamped.

As far as the services go the worry is that reluctant recruits might not make good fighting material and that the future reserve programs are going to need some severe overhauling. Letters from men soon to go in, and interviews with them, tell the story. Here is a typical letter from a man in an organized reserve unit who has just gotten his call:

"When they signed me up they led us to believe that it was just a question of march a couple of times a month and get paid for it. And in the case of war everybody would be in and I'd be ahead of the other fellows.

Earning Power Cut

"Now I've been called up and everybody else is staying home. In spite of what they tell me about job guarantees when I get back I know that the smart guys who stayed out of the organized reserve will get the promotions while I'm gone and a couple of years of my life will have gone for nothing as far as my earning power is concerned. Believe me, this is the end of any reserve units for me and plenty of other guys in my outfit."

It's unfortunate, but what he says has a lot of truth in it. Apother reservist, a navigator, who has just received his call, states his opinion:

"They got me and I know it. I'm going in but they can't make me like it. I'd feel better if I didn't know about all the profiteering, black markets and graft that goes on while a few of us out there do all the fighting. We didn't know about those things last time, but we sure do now."

The news of strife within the services since the war and the more recent bitter denouncements of former Secretary of Defense Louis Johnson and Secretary of State Acheson haven't helped the attitude of the draftees and reserves who face service. A Marine reserve captain makes this typical comment:

"Last war when you led men on the beaches you were convinced you were part of the best-equipped, best trained fighting force in history. And you thought you were saving the world for freedom. This made it easier when your men were killed and wounded.

"I don't know how I'd feel now, seeing my men die because maybe a squabble in the Pentagon had resulted in not enough of the right kind of bazookas. Or maybe having the feeling that this whole thing was just a mistake made by the State Department's striped pants boys. I don't know what I'd say if my men were to ask me about these things."

Why Are We Fighting?

As a result of the prominence given to international affairs since the war, many of the young men about to be drafted are pretty savvy about the world situation in general. This probably inspired the following comment from a youngster who had just received his notice to report for induction:

"It probably wouldn't have seemed so bad to be drafted to fight the Nazis. We knew we had to fight them. But I'm not so sure about fighting North Koreans. I'm just not sure why I have to fight."

And another one from a boy about to be drafted:

"My father fought to save the world for democracy. My brother fought to preserve freedom. But they haven't told me as yet what I'm supposed to save."

Military men, commenting on these attitudes, say that enthusiastic patriotic fervor always has been exaggerated as a factor in why men accept service in the past. "They go because they gotta go," one officer says. But the experts who are most concerned with this attitude do admit that that job of whipping up morale and fighting mood in the men taken today is going to be tougher than it ever has been, for the reasons given here.

It's a job which will require a big, sincere effort by the services.

Questions and Answers

Q—In Algiers, what is the real meaning of "kasbah"?

A—In Algiers, as in other places along the historic Barbary Coast, kasbah popularity refers to the native quarter of a city. Actually, the word means "citadel" — the fortress of the town.

* * *

Q—How tall are the Japanese people?

A—The National Geographic Society says Japanese men average five feet three inches in height, women four inches less.

* * *

Q—Are silver dollars worth premiums?

A—Silver dollars, when minted, generally were struck in quantities and thus few are scarce enough to be worth premiums today. Silver dollars have not been minted since 1935.

* * *

Q—How much have television rights for World Series games increased?

A—The first World Series televised was that of 1947, and the rights were sold for $65,000. The price increased steadily from that time until this year—$800,000.

* * *

Q—What baptismal name did Pocahontas take?

A—Rebecca.

HEART DISEASE CAUSES

Rheumatic fever is the leading cause of heart disease from the ages of about five to 40; high blood pressure between 40 and 50; and arteriosclerosis, usually associated with hypertension, in older persons.

There can be no forgiveness for betraying a friend, according to the Brahman code.

Answer to Previous Puzzle

The FORMER MISS FREY

By Edwin Rutt

Copyright 1950 by NEA Service, Inc.

THE STORY: The former Ede Frey, whose marriage to Peter Flood has not been happy, was placed by her father's will in charge of Frey & Company, an advertising agency. Besides business worries, Ede's two brothers, Jeffrey and Myron, and younger sister, Jenn, are of direct concern to Ede. Jenn in particular, because this 19-year-old is running around with a middle-aged man while standing up nice young Tommy Melbourne.

* * *

XVI

SUDDENLY Edith Frey knew that she wanted this clean gray-eyed kid Tommy Melbourne for Jenn. There was something open and honest about him; something promising, in spite of his incredible naivete. He and Jenn were right for each other. But Jenn, the 19-year-old idiot, might not see this, until it was too late.

"Look, Tommy," she said, on impulse. "Would it help any if I rode around with you?"

"Gee, would you?" he said eagerly. "I'd—I'd certainly like to talk to somebody."

"I'll get a wrap," Ede said.

Tommy Melbourne drove like the wind. He chose Long Island via the Triborough Bridge and, once out of the city, the speedometer needle rarely fell below 75. Ede sat back in her seat and was secretly ashamed of the way her feet pressed hard against the floorboards. But she wasn't very frightened. Tommy Melbourne's shoulders were broad and powerful and his big hands, gripping the wheel, gave her a feeling of confidence.

On the way to no fixed destination he told her about himself. He had, he said with a sidelong grin, graduated from Yale notably without honors. He was now in a bank, largely controlled by his father, and learning the business, as he put it, "from the basement up." He hastened to assure her that his father's influence was to make no difference in his progress. He didn't want that and neither did his father. According to Tommy, he was strictly on his own.

Ede liked his attitude. If only Jenn wouldn't insist upon acting like a born fool! Beside this clear-skinned young fellow, with his fresh eager outlook, Hamilton Grieve appeared jaded and shopworn.

"Good Heavens, Tommy," she said suddenly, interrupting him in a description of the intricate offtackle play that had ruined Harvard the previous season. "Do you realize that we're nearly to Montauk?"

He turned to her and grinned. "Why not go all the way?"

"Why not?" said Ede.

But Jenn followed her into the room. "Where were you?" she persisted.

"I'm over 21. I don't have to give an accounting of myself, do I?"

"No," Jenn was suspicious. "But it seems funny. You've never pulled one like this before."

* * *

EDE was looking at a letter from Peter Flood that someone had left on her dressing-table. It had come air mail and special delivery. The outside of the envelope was colorfully plastered with stamps.

"If you've got to know," she said, "I went out with a very charming young man. That's all. Good night, Jenn!"

Ede took her sister by the shoulders, wheeled her around and pushed her out of the door. She turned the key in the lock.

One of Jenn's soft mules thudded angrily against the outside of the door. Then Ede heard her going to her room. Ede smiled and opened the letter from Peter. The next instant it dropped from her fingers.

Peter Flood was asking for a divorce.

HE drove home with speed and authority. They pulled up before the Frey house on Fifth Avenue at an unearthly hour.

Ede got out, gave him her hand. "Tommy, I've had a grand time. Simply swell. If I weren't an ancient married woman, I'd ask you to come again."

"I'd like to come again, all right," Tommy said. He hesitated, shyly.

She laughed. "You don't have to thank me for going with you. I honestly enjoyed it."

"I wasn't going to thank you," he said surprisingly. "I—I just wanted to say that you—that you're the swellest gal I ever went out with. I wish," he added simply, "that Jenn was like you."

"You forget that Jenn's only a kid. She's just being a little nutty right now. She'll get over it."

"I hope so," said Tommy, with feeling.

"She will." Ede pressed his hand. "In the meantime, I'm on your side. If that'll do any good."

He gave her a grateful look. "It helps," he said, and drove away.

Ede went upstairs on tiptoe, but it didn't work. There was a light under Jennifer's door and, as she passed it, the door opened. Jenn came out, attired in Chinese pajamas.

"Where on earth have you been, Ede Frey?" she demanded. "It's 4 in the morning."

"Out," Ede said. "For that matter, why aren't you in bed?"

"I only got in myself half an hour ago," Jenn confessed.

Ede said wickedly, "You haven't been keeping Hamilton up, have you?"

Jenn stared at her. "How did you know I was out with him?"

"I'm clairvoyant," Ede said. "Goodnight, darling."

But Jenn followed her into the room. "Where were you?" she persisted.

"I'm over 21. I don't have to give an accounting of myself, do I?"

"No," Jenn was suspicious. "But it seems funny. You've never pulled one like this before."

SOCIETY

Midland Nurses Have Annual District Meet

The first annual Texas Graduate Nurses Association Conference, District 21, to be held in Midland, convened Wednesday in the private dining room of Hotel Scharbauer.

Two of the speakers for the all-day meeting were Louise Ditrick, State Association secretary, of El Paso, and Mrs. S. J. Brown, a member of the State Board of Directors, from San Antonio.

Mrs. Ellena Willingham, Midland public health nurse and district first vice president, presided.

A talk for the private duty nurses was presented during the morning session. A survey of nurses' resources was discussed during the afternoon. A board meeting was held after the conference adjourned.

Rev. Hull Teaches Bible Class Lesson

The Ladies Bible Class of the Bible Baptist Church met Wednesday in the church. The Rev. J. Marion Hull taught the lesson, "Christ's Conflict With the Pharisees." Mrs. R. J. Branson read the Scripture.

Those attending were Mrs. F. D. Spratt, Mrs. R. L. Miller, Mrs. A. D. Morris, Mrs. J. M. Hull, Mrs. H. D. Leake, Mrs. J. L. Frazier, Mrs. W. E. Jasper, Mrs. A. D. Smith, Mrs. Davis, Mrs. R. L. Ellison and Mrs. R. J. Branson.

Library Adds New Volumes

Recent fiction book additions to the Midland County Library are The Little World Of Don Camillo (Guaroschi), Mischief (Armstrong), Dr. Jeremiah (Markey), Traveler's End (Randall), Grant Of Kingdom (Fergusson).

Piney (Ball), Follow The Seventh Man (Standish), This Is My Son (Alexander), Sailor's Star (Lea), None So Pretty (Irwin), Hunt With the Hounds (Eberhart), Death and Letter (Daly), Three Doors to Death (Stout), Case Of The Musical Cows. (Gardner), Champon Road (Tilsley).

Non Fiction

Non-Fiction books listed are Eleanor of Asquitaine and the Four Kings (Kelly), The Little Princesses (Crawford), The Wisdom of America (Lin Yu'tang), Kon-Tiki (Heyerdahl), Dianetics, The Modern Science of Mental Health (Hubbard), Anybody Can Do Anything (MasDonald), Belles on Their Toes (Gilbreth).

Look Younger, Live Longer (Hauser), Musical U. S. A. (Easton), The Grand Alliance (Churchill), The Texas Border and Some Borderliners (Casey), Migrations Into East Texas, 1835-1860 (Lathrop), Mister Jelly Roll (Lomax), The Great Houndini (Williams), Sagebrush Circuit (Strong), Should We Have More TVA's? (Daniels).

Representative American Speeches 1949-1950 (Baird), The Lady's Not For Burning (Fry), The Effects of Atomic Weapons (U. S. Department of Defense), The Idea of Christ in the Gospels (Santayana), The Witch of Wall Street (Sparkes), Postscript to Yesterday (Morris), Living With Books (Haines), Memoirs of Cordell Hull (Hull) and Who's Who 1950.

Mrs. Christensen Shower Honoree

Mrs. Max Christensen was honored with a pink and blue shower Wednesday in the home of Mrs. Bob Goff. Other hostesses were Mrs. Warren Hogstra, Mrs. Arnold Bleyberg and Mrs. Jesse Rogers.

Bridge was played and refreshments were served to Mrs. Henry Leigh, Mrs. Wesley Davis, Mrs. Tom Rush, Mrs. Bob Gross, Mrs. A. P. McConnell, Mrs. Paul Buckshal, Mrs. Lockert Sleeper, Mrs. William Kincaid, Mrs. Gene Hudson, Mrs. Dave Sheridan and Mrs. Wixson Elmer.

Advertise Or Be Forgotten

Modern Study Club Has First Fall Meet In Westlund Home

Mrs. Carl Westlund, 801 North Marienfield Street, was hostess Wednesday for the Modern Study Club at its initial Fall meeting.

Two guests were present, Mrs. Richard Hindle and Mrs. Kenneth S. Blackford. Mrs. Blackford, who now resides in Lubbock, is a former member of the club.

Varicolored ziennias decorated the lace table cloth of the refreshment table. Mrs. C. L. Sherwood poured punch. Pink carnations, the club flower, decorated the other rooms.

Club's Objectives Outlined

After the officers were introduced, the club's objectives for the year were presented by Mrs. Westlund, president.

The course of study for 1950-51 was outlined by Mrs. K. C. Slough. Mrs. C. Sherwood, ways and means chairman, announced the first project will be a rummage sale.

District Meeting

The district meeting September 29 will be in the form of a luncheon in the First Methodist Church, Odessa. "Building World Peace" will be the program topic.

Other members present were Mrs. R. E. Gillespie, Mrs. K. C. Slough, Mrs. J. W. Carroll, Mrs. F. R. Schenck, Mrs. J. W. Browne, Mrs. John Daly, Mrs. Bryan Denson, Mrs. Bert Goodman, Mrs. G. C. Hughes, Mrs. C. C. Keith, Mrs. Lamar Lunt, Mrs. R. E. Morgan, Mrs. Brandon Rea, Mrs. Ed Shakely, Mrs. C. H. Shephard, Mrs. C. L. Sherwood and Mrs. Harrie A. Smith.

Play Readers Have Initial Fall Meeting

Mrs. E. H. Barron, 1909 West Holloway Street, was hostess Wednesday to the Midland Play Reader's Club. Play reader was Mrs. W. V. Penn.

Guests present were Mrs. J. Milton Loring, Mrs. Jack Gibson, Mrs. George Turner, Mrs. Jack Bradford and Mrs. Foy Proctor.

Mrs. John Fitzgerald, president, presided at a brief business session.

Refreshments were served to Mrs. R. M. Barron, Mrs. Wilson Bryant, Mrs. DeLo Douglas, Mrs. Fitzgerald, Mrs. Harvey Herd, Mrs. Ray Howard, Mrs. Wallace W. Irwin, Mrs. Charles Klapproth, Mrs. James D. Martin, Mrs. C. E. Marsh, Mrs. J. S. Roden, Mrs. Penn, Mrs. W. F. Pennebaker, Mrs. W. T. Schneider and Mrs. Wade Heath.

Col. Plavsic Speaks At Terminal P-TA

Col. M. N. Plavsic, head of the city's Department of Public Safety, was the guest speaker at the Terminal Parent-Teachers Association meeting held Tuesday in the school auditorium.

Mrs. J. A. Wilton, president, opened the meeting with a devotional period. Mrs. Curtis Rogers led the prayer. Officers were introduced by Mrs. George Logan.

Mrs. J. B. Gunn was elected treasurer to replace Mrs. Bob Shadden. The executive committee served refreshments.

Coming Events

FRIDAY

The Midland Youth Center will have a dance in the Center immediately following the football game with Ysleta.

Ladies Golf Association of the Midland Country Club will have a luncheon at 1 p. m. in the Clubhouse.

Delta Delta Delta Sorority will meet at 10 a.m. in the home of Mrs. Neal Marks, 2000 West Indiana Street.

Women's Auxiliary to the Midland Memorial Hospital will meet at 9:30 a.m. in the Nurses' Home.

The Women's Auxiliary to the Midland Memorial Hospital will meet at 9:30 a. m. in the Nurse's Home. Members are urged to bring their green stamps.

• • •

SATURDAY

Order of Rainbow for Girls will meet at 3 p. m. in the Masonic Hall.

Children's Story Hours will be at 10:30 a. m. in the Children's Room of the Midland County Library and in the library's Dunbar branch.

Doctor's Wives Have Luncheon

Mrs. Doyle L. Patton and Mrs. F. M. Middlebrook were co-hostesses to the Midland Doctor's Wives Club when it met Wednesday for a luncheon in the Chesterfield Room of the Manhattan Restaurant.

After the luncheon, the club held a short business meeting. Mrs. Tom Marinis, whose husband is a new doctor in Midland, was a guest of the club.

Others present were Mrs. John Leigh, Mrs. M. L. Loring, Mrs. E. W. McCullough, Mrs. H. E. Mast, Mrs. Clarence Mast, Mrs. June T. Melton, Mrs. J. S. Roden, Mrs. Lex B. Smith, Mrs. F. E. Sadler, Mrs. Tom C. Bobo, Mrs. C. S. Britt, Mrs. James S. Chapple, Mrs. M. S. Dickerson, Mrs. Homer B. Johnson, Mrs. L. W. Leggett and Mrs. Kurt Lekisch.

Mrs. H. Benton Is Prairie Lee Hostess

The Prairie Lee Home Demonstration Club met recently in the home of Mrs. H. E. Benton, Prairie Lee.

Mrs. Vern Dawkins, president, presided at the meeting. Mrs. Dawkins and Mrs. Benton were selected to represent the club at the radio school when it meets Monday in the assembly room of the courthouse.

Pauline McWilliams, demonstration agent, presented a demonstration on making handbags and discussed the selection of accessories. The yearbook committee asked that all yearbook suggestions be turned in as soon as possible.

Mrs. Dawkins and Mrs. Benton were named to make plans for Achievement Day in October.

Present were Mrs. Neal D. Staton, Mrs. Otis Conner, Mrs. L. C. Jones, Mrs. J. M. Franks, Mrs. Sherman North, Mrs. J. C. Hughes, Mrs. Floyd Eggleston and Mrs. J. C. Brooks.

Playwright Undergoes Second Operation

LUTON, ENGLAND —(AP)— Playwright George Bernard Shaw Thursday underwent a second major operation at the hospital where he has been recovering from a broken thigh, the British Press Association reported.

The agency said the new surgery was designed to relieve a bladder and kidney condition which began to trouble the 94-year-old Irish-born dramatist after he first was operated on for a fractured thigh.

Shaw broke his thigh in a fall in his garden.

After the thigh was operated on September 11 Shaw was pronounced much inproved. However, the bladder condition shortly afterward caused his physicians some concern.

WTGS Holds First Fall Meeting With Large Attendance

The first Fall meeting of the West Texas Geological Society, held at 8 p.m., Wednesday night was attended by more than 300 persons.

The session was held in the City-County Auditorium in Midland.

J. H. (Jerry) Bartley gave an abstract of a recently published paper dealing with reef structures in West Texas. The paper was written by Bartley and Berte R. Haigh and was printed in the recently issued special West Texas-New Mexico issue of World Oil.

Discussion Held

Following Bartley's formal presentation an open forum session was held in which various angles of the reef subject were discussed.

Haigh and Ray Huffington explained the plans for and the program of the WTGS field trip to be held October 6 and 7 in the Trans-Pecos mountains of far West Texas.

Weekes Next Speaker

G. R. (Nick) Carter, program chairman of the society announced that L. G. Weekes of New York research geologist for Standard Oil Company, (N. J.) would address the organization on the night of October 23.

He will speak, on "Development of Sedimentary Basins." His appearance in Midland will be under the auspices of the Distinguished Lecture Committee of the American Association of Petroleum Geologists, of which the West Texas society is a regional affiliate.

John M. Hills, president of the WTGS presided at the Wednesday night gathering.

James Stewart—Narrator of "Thunderbolt" at Texan Drive-In.

ROCKET GUNS!

Aerial rocket guns which created great fear and horror among German troops during World War II are seen in action in "Thunderbolt" — technicolor documentary film showing at the "Texan Drive-In" Fri. & Sat., Sept. 22-23.

There is an introduction by screen star James Stewart. The four combat pilots are Col. Archie J. Knight, now commanding officer at Shaw Field, Sumpter, S.C.; Lt. Col. Gilbert O. Waymand, Jr., of Lexington, Ky.; Maj. Francis Manda of Metmor, N.M.; and Capt. Howard Hikok of Arnes, Ia.

"Thunderbolt" was directed by William Wyler, who directed "The Best Years of Our Lives," and "Memphis Belle" and was awarded the Legion of Merit for his direction. Don't miss this wonderful film showing Fri. & Sat. night at Texan Drive-In, Sept. 22-23.—Adv.

Welfare Unit Seeks Home For Four Boys

Four young brothers, ages six to 13, soon must find a new home if they are to be enrolled in school for the 1950-51 term.

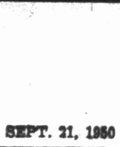

Mrs. Willie Harding, child welfare director, is trying to locate homes for the youngsters. They currently are living with their grandparents, but their home is too far from schools for them to be able to attend.

Their mother is in serious condition in a hospital, and their father is unavailable.

Mrs. Harding said the Child Welfare Unit here will contribute toward the youngsters' care. She said they may be split into pairs and placed in two homes.

The youngest boy, aged six, never has been to school—and he is anxious to enroll.

Congratulations To:

Mr. and Mrs. Herbert Buderd, P. O. Box 376, on the birth Wednesday of a son, weighing seven pounds, two ounces.

Mr. and Mrs. Odell Erwin, 803 Front Street, on the birth Wednesday of a daughter, Clara Mae, weighing six pounds, 10 ounces.

Mr. and Mrs. S. D. McMillan, 906 North Edwards Street, on the birth Tuesday of a son, weighing seven pounds, three ounces.

Mr. and Mrs. S. W. Howell, 2410 West Washington Street, on the birth Tuesday of a son, Samuel Wade, weighing seven pounds, 12 ounces.

Mr. and Mrs. M. C. Peck, 711 Cuthbert Street, on the birth Tuesday of a son, James Ward, weighing six pounds, 11 ounces.

Mr. and Mrs. James Beers, 604 North Main Street, on the birth Tuesday of a daughter, Carolyn Kay, weighing seven pounds, four ounces.

Mr. and Mrs. Mat Gilmore, 303 South G Street, on the birth Monday of a daughter, Peggy Kay, weighing five pounds, 10 ounces.

Mr. and Mrs. J. N. Bray, Terminal, on the birth Sunday of a daughter, Gaylene Hunnicutt, weighing six pounds, four ounces.

Mr. and Mrs. J. B. Collins, 209 South B Street, on the birth Saturday of a son, James Anthum, weighing seven pounds.

Mills Services Held Thursday In Chapel

Funeral services for Mrs. S. R. Mills, who died Wednesday in a Midland hospital, were to be conducted at 4 p.m. Thursday in the Newnie W. Ellis Chapel with the Rev. Vernon Yearby, pastor of the First Baptist Church, officiating. Interment was to be in Resthaven Memorial Park.

Active pallbearers were Bill Ray, A. J. Norwood, Elbin Holliman, Sherwood O'Neal, Archie Booth and James Adamson.

Honorary pallbearers include Taft Wilson, Clyde Tunnell, A. B. Montgomery, Elmer Shultz, Tom Watlington and Lee Lay.

Survivors include the husband, three sons and two daughters; a sister, Mrs. Louise Burrow, Midland; a brother, Tom Dunn, Midland, and two sisters in California.

Cotton

NEW YORK—(AP)—Thursday noon cotton prices were 95 cents to $3.85 a bale higher than the previous close. October 41.16, December 40.98 and March 40.96.

Midlander's Mother Dies In Texarkana

Mrs. Doris Shirley, 67, mother of Floyd H. Shirley of 717 Cuthbert Street, Midland, died Saturday at Texarkana and funeral services were held there Monday afternoon.

Mr. and Mrs. Shirley were at the bedside when his mother died.

Mrs. Dora Shirley visited in Midland last Summer and had many acquaintances here.

MEDICAL PATIENT

Mrs. Harold Bourland of 305 West Hicks Street has been admitted to Midland Memorial Hospital as a medical patient.

MAJOR SURGERY

Mrs. Earl Johnson, 2506 West College Avenue, was admitted to Midland Memorial Hospital late Wednesday for major surgery.

Student Dies Of Polio In San Angelo Hospital

BROWNWOOD —(AP)— Tommy Chap Martin, 17, of Santa Anna, Texas, died of polio in a San Angelo hospital Thursday. He was the second member of his family to to die of the disease in the last 24 hours.

His aunt, Mrs. Elizabeth Holt, 22, wife of Dr. Carroll D. Holt, Brownwood chiropractor, died in the same hospital Wednesday.

Young Martin was a junior in the Santa Anna High School. Joint funeral services were to be held here Thursday.

CHILD IN HOSPITAL

Buster Tudor, five-year-old son of Mr. and Mrs. O. W. Tudor, 1000 South Main Street, was admitted to Western Clinic-Hospital Thursday as a medical patient.

Sources Say World Bank May Make Big Loan To Yugoslavia

BELGRADE, YUGOSLAVIA-(AP)-Responsible Western sources Thursday said Yugoslavia soon may be allowed to borrow more than $100,000,000 from the World Bank, whose president now is studying the Balkan nation's economy here.

Bank head Eugene Black, has conferred with Premier Marshal Tito and other top officials. He surveyed the Yugoslava provinces.

Yugoslavia, hard hit by a trade boycott of Soviet satellites since it ventured on a political course independent of Russia, would use the money for mining equipment, machinery, transportation material and similar projects.

Marsahl Tito's government already has received a total of $55,000,000 in U. S. advances.

THEATER BANDITS SCALE DOWN 'TAKE'

DETROIT —(AP)— Safecrackers slipped into a movie house early Thursday.

The marquee said one of the movies was "I Stole A Million."

They stole $500.

RETURNED TO BERLIN

BERLIN —(AP)— The U. S. Army announced Thursday the return of Major Harold D. Banning to Berlin by air from the United States for questioning about an alleged "misapplication" of $250,000 in the Army finance account.

TEXAN FINED $200

BOISE CITY, OKLA. — (AP) — Judge I. E. Hill fined an Amarillo man, L. F. McGee, $200 Wednesday after McGee pleaded guilty to selling cigarettes without paying the five-cent Oklahoma tax.

LOVE NEEDS LIGHT

TAMPA, FLA. —(AP)— City officials have been asked to install a street light on Love Avenue. Residents complained it is used more for love than it is for an avenue.

Bulldogs Meet Ysleta In Grid Opener

78 Class AA Grid Teams See Action In Weekend Tests

By HAROLD V. RATLIFF
Associated Press Sports Editor

Heralded teams get their lumps this week in the Class AA division of Texas schoolboy football.

The top-raters all run headlong into the kind of opposition that will show whether they're riding on publicity or ability.

Wichita Falls, the defending champion, takes on that tough trial horse, Breckenridge, and Odessa's Broncs tackle Sweetwater. Port Arthur plays the Oklahoma champions, Capitol Hill of Oklahoma City.

Amarillo's Golden Sandies, tabbed for a comeback after a most dismal season, will find out if they have it against Abilene.

The most important tests, however, come against City Conference teams. Highland Park of Dallas battles Paschal of Fort Worth in the headliner, but Arlington Heights (Fort Worth) at Austin is almost as significant.

From the tip of Texas to the Gulf, major games clog the schedule. Forty-four will be played with fourteen of them against City Conference foes.

It's the biggest week of the campaign thus far and will establish favorites in every area.

Tyler Is Lone Holdout

Seventy-eight of the seventy-nine teams in Class AA will see action. Tyler is the lone holdout.

District 14 has the biggest array of tests between Class AA and City Conference teams. In addition to the Arlington Heights-Austin clash, rugged little Kerrville will be seeking to topple Brackenridge of San Antonio, while Miller of Corpus Christi, one of the state favorites, takes on Thomas Jefferson of San Antonio, the defending City Conference champion which lost to Kerrville 6-0 last week.

The weekend schedule includes:

Thursday — Douglas, Ariz., at Bowie (El Paso), Weatherford at Adamson (Dallas), South Park (Beaumont) vs French (Beaumont), Kerrville at Brackenridge (San Antonio), Paris at Amon Carter-Riverside (Fort Worth).

Ysleta At Midland

Friday — Lamesa at Plainview, Childress at Borger, Altus, Okla., at Vernon, Breckenridge at Wichita Falls, Clarendon at Quanah, Victoria at Big Spring, Ysleta at Midland, Lubbock at North Side (Fort Worth), Pampa at El Paso High, Jefferson (El Paso) at Anthony, N. M., Amarillo at Abilene, Odessa at Sweetwater, Temple at Brownwood, Graham at Cisco, Fort Worth Tech at Cleburne.

Saturday — Austin (El Paso) vs Cathedral (El Paso), San Angelo at Poly (Fort Werth), San Antonio Tech at McAllen.

Top Fem Golfers Tee Off At Sunset Hills

CARROLLTON, GA. — Some of the nation's best women golfers —professionals and amateurs—began play Thursday afternoon in Carrollton's first golf tournament, the Sunset Hills Invitational.

The nine-hole course, home layout of Louise Suggs, National Open champion, was a cotton field three years ago, but now is considered one of the best small courses in the country.

Ten professionals, including the fabulous Babe Zaharias and Bauer Sisters, are competing for the $3,000 in cash prizes. Eighteen top amateurs, including Women's National Amateur Champion Beverly Hanson, are entered.

NAVY HAS SOME STARS

ANNAPOLIS, MD. —(AP)— Eddie Erdelatz, making his debut as Navy's new football coach, has a number of outstanding lettermen returning. They include captain and end Tom Bakke, quarterback Bob Zastrow, tackle Paul Tetreault, halfback Frankie Hauff and fullback Dave Bannerman.

COACH — Audrey Gill, all-time grid great at Texas, is one of Coach Tugboat Jones' able assistants. He works with the big men in the middle of the line.

WT-NM League

Lobos Meet Dukes For Loop Bunting

By The Associated Press

Lamesa and Albuquerque Thursday night open a best four-of-seven-game series to determine the Class C West Texas-New Mexico League's 1950 champion.

Wednesday night Lamesa beat Pampa 6-0 to advance to the final round of the playoff, winning four games to three.

Vince Speranza held Pampa to five hits, while his mates banged out nine in four innings to account for the six runs.

Odessa JC Grid Card Announced

ODESSA — Coach John (Red) Coats of the Odessa Junior College Wranglers, has released the 1950 football schedule, as follows:

Sept. 22—San Angelo, there.
Sept. 28 — North Texas State Freshmen, at Odessa.
Oct. 5—Del Mar JC, there.
Oct. 14—Ranger JC, there.
Oct. 20 — Weatherford JC, at Odessa. (Homecoming).
Oct. 26—Open date.
Nov. 3—Texas Tech Freshmen, at Odessa.
Nov. 10—Texas Western Freshmen, at Odessa.
Nov. 16—Decatur Baptist JC at Odessa.

Kickoff Time 8P.M. Friday

"Are you ready, Ysleta?

"Are you ready, Captains O'Neal and Burris of Midland?"

You will see a couple of hands wave and then the shrill whistle of the striped-shirted official will echo through Memorial Stadium.

The 1950 football season in Midland will be here.

Whistle time is 8 p.m. Friday is the night.

You will see 22 football players surge forward for the first contact. The Midland Bulldogs and the Ysleta Indians will be hard at it.

It's what you have been waiting for—the first football game.

It is going to be a battle—a hard battle.

A large opening game crowd is predicted. Advance sales of season ducats broke all records. Individual game tickets are going fast.

The Indians come tough and ready from District 4-AA. They defeated Roswell, N. M., quite handily last week 27-0. They swamped the Bulldogs last season at Ysleta 40-0.

Another Season

Ah yes, but this is another season. This is a season Midland long has been waiting for—we will be big and tough enough. Coach Tugboat Jones' Bulldogs are willing and able. They are ready. They know it will be tough but that is how they want it.

All the color of the first game will be out there. Bright jersied boys on a rich greensward. The stands full of cheering fans.

It's Fall. It's football. Long live King Football. And may the best team win. Bulldogs, it's up to you.

The crack MHS Band will be there to provide your music. Ysleta's band is coming.

The hush, the crowd standing, and then the kickoff—will you be there?

• • •

Everyone in Midland relaxed Wednesday night—they went to movies, they sat at home and listened to the radio, they read newspapers, and they relaxed—everyone, that is, except Coach Tugboat Jones, his assistants and a flock of Bulldogs. They were out at Memorial Stadium, getting in a few practice growls and waiting to bite a tribe of Ysleta Indians—the same war-like Tribe that got the Bulldogs scalp last year.

Coaches Jones, Rutledge, and Gill didn't overlook a department in the workout Wednesday night. They were out there working, and it was in a businesslike manner. The passers passed, the punters punted, the tackles tackled, and everybody blocked. It was power, power, power, wonder-working power.

Smacked Em Down

The red-jersied defensive team turned offensive for awhile, and ran Ysleta plays at the Bulldog defenders. Sometimes the big Bulldog lads smacked 'em down in their tracks—and sometimes the hustling "Indians for the night" broke away for gains. When they did, Tugboat Jones wanted to know why—and he worked until the Ysleta play couldn't click quite so well.

The Ysleta team was scheduled to arrive in Midland by bus at 2 p.m. Thursday. It will stay at Hotel Scharbauer here.

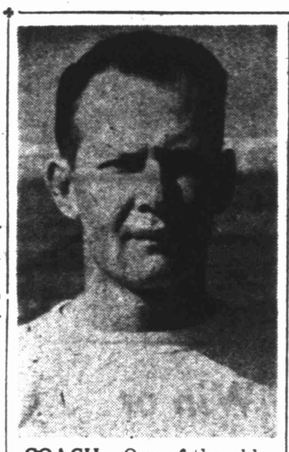

In all probability, Coach Gene Jordan's Ysleta speedsters will take a light workout in Memorial Stadium late Thursday afternoon. They will be working on those passes, those speedy backs will be slipping around the ends and off the tackles, trying to break away for Midland's ozone stripe.

'C' Bulldogs Start 1950 Action With Game At Odessa

Midland's Bulldog "C" team, working hard under Coach Bernard "Pat" Patterson, goes to the starting post for the first time in the current campaign Saturday, engaging the Odessa Crockett Junior High Team in Odessa. Coach Patterson reports the boys have been working hard and pointing toward the game in order to get off on the right foot. A nine game schedule will be played by the "C" eleven, with Lubbock, Big Spring and Lamesa included in the tilts carded.

Boys who have been looking good are Ends John Crowley and Bill Mims; Tackles Clinton Noble and Paul Davis, Guards Larry LaVelle and Tommy Edrington, Center Charles Crites; Backs Wayne Parmley, Milton Jones, Darrell Spivey and Russel Rutledge. Parmley has looked exceptionally sharp in quarterbacking the club. Blocking Back Jones gets with them when it comes to mixing it up at blocking.

There are other boys who are pushing these boys for assignments. The above lineup by no means has a monopoly on play. "C" hustlers include: Jimmy Mashburn, Lendon Cope, Jim Hammet, Jerry Ball, Bobby Howard, Duane Chestnut, Bobby Proctor, Vernon, and John Snidmore. Also, John Vanderpool, Porter Davis, Clinton Hamlin, Harold Logan, John Perryman, Harold Vanderpool, Thomas Dilday, and John Castner. There is competition—and a lot of it, on this "C" ball club.

COACH—One of the able assistant coaches of the Midland High Bulldogs is F. D. (Red) Rutledge. He is tutor of the ends and helps with other positions.

Longhorn League—

Big Spring Goes Ahead Of Odessa

By The Associated Press

Big Spring Thursday held a two-games-to-one edge over Odessa in the Class D Longhorn League's championship playoff.

Wednesday night the Broncs hung a 9-3 licking on Odessa, using a six-run fourth inning to grab the lead. The six runs came on two hits, three Odessa errors and three walks.

The fourth game of the series will be played in Big Spring Thursday night.

The score:	R	H	E
Odessa 000 030 000	3	5	4
Big Spring 000 600 12x	9	10	3

Carson, Ortega and Hernandez; Baez and Calvino.

Texas Collegian Puts Crackers Back In Pennant Chase

ATLANTA —(AP)— A college kid from Texas shoved Atlanta back into the Southern Association playoff championship race by pitching the Crackers to a smooth 8-1 victory over Nashville Wednesday night.

The lad who tripped the determined Vols is Charlie Gorin, a small 22-year-old southpaw who has an almost perfect record since coming with Atlanta in August.

With the final four-of-seven series tied at one-all, the teams moved to Nashville to open a three-game stand Thursday night.

Wednesday night's game was all Gorin. He set the Vols down in order in all except three innings. He gave up only five hits and fanned six batters.

The little Texan also connected for a double in the second to start the Crackers on their way to victory. Then in the sixth he powered one over the first row of signs for a homer. He also was in on one of the two Cracker double plays.

Gorin, who plans to return to the University of Texas this Fall, has won 10 games for the Crackers while dropping only one, a 0-1 defeat by Birmingham.

'B' Bulldogs First Midland High Team To See 1950 Action; To Invade Big Lake Thursday

Midland High's first football team to see action in 1950, the Bulldog "B" eleven, journeys to Big Lake Thursday, to test the power of the Class B Owls. Kickoff time is slated at 8 p.m.

Coaches Keith Bobo and Johnny Higdon expressed satisfaction with the progress made by the B team lads to date, and are confident the team will enter the fray in the best of condition. Little is known of the Owl's strength. They are expected to run from the single wing and box formations. They lost their opener to Sanderson last week, by a 6-0 count.

Midland will operate from the single wing, and expects to stay on the ground. Coaches indicated little passing, unless the Big Lake line stymies the "B" team ground attack completely. Short on experience, but heavy in spots, the "B" team will probably start the following lineup, according to Bobo and Higdon:

Ends, Harold Paden (135) and Bill Erskine (138).
Tackles, Ronnie Rone (190) and Keys Curry (190).
Guards, Richard Balking (140) and James Ruple (137).
Center, Charles Hendricks (192).
Blocking back, Gaylon Strickland (140).
Wing-back, Harold Robbins (151).
Tail-back, M. A. Rose (145).
Fullback, Dick Spencer (140).

Other boys who will make the trip include: ENDS, Dan Ratcliff, Robbie Braun, Allison Cunningham, and Keith Franklin; TACKLES, Barney McClendon, James Reagan, Jay Schlicting, and John Petty. GUARDS, Jim TenEyck, James Hancock, Bill Stark and Bobby Cast, CENTERS, Bill Leonard, Horace Hedges. BACKS, Jesse Hatfield, Fellow Patterson, Fidela Ramirez, Charles Patterson, Jim Adams, Terry Fuglaar, James McKandles.

Texas League—

Missions Win 10-9 To Even Up Series

SAN ANTONIO—(AP)—The Texas League's championship series moves here Thursday night with Tulsa and San Antonio all even at one game each.

Wednesday night at Tulsa, San Antonio outlasted the Oilers 10-9 in a wild, free-hitting game.

San Antonio grabbed a 9-0 lead before Tulsa unlimbered its big guns, but the Oilers staged a terrific finish.

San Antonio scored five runs in the second inning and Tulsa splurged for five runs in the third.

The score:

	R	H	E
San Antonio .. 050 410 000	10	10	0
Tulsa 000 500 013	9	9	2

ACC Wildcats To Play Sul Ross Lobos Saturday

College Tilt Booked Here At Night In MHS Stadium

It's college football in Midland Saturday night. At 8 p.m., in Memorial Stadium the ACC Wildcats and the Sul Ross Lobos collide in a contest sponsored by the Optimist Club of this city.

Preceding the game will be a downtown parade at 5 p.m. featuring the bands of ACC and Sul Ross and their student bodies. Also the MHS Band will march and play.

Proceeds of the football game above expenses will be used to establish a boy's workshop here. This is a project of the Optimists.

The game stacks up as a natural. Both elevens are full of West Texans. The ACC Wildcats are coached by Garvin Beauchamp, ex-line coach of the MHS Bulldogs under Tugboat Jones. The Sul Ross Lobos are tutored by Head Coach Red Pierce, well known for his hard-hitting teams.

Tickets to the game are on sale here by Optimist Club members and at Tailorfine.

'T' Formation

Both teams, ACC and Sul Ross, shoot their offensive thrusts from the "T" formation.

Both won their openers. ACC bumped Eastern New Mexico 39-0. Sul Ross edged Sam Houston State, a rugged foe, by 9-8.

Fans from all over the Permian Basin are due to be in the stands at kickoff time. Both teams have large followings in this area.

Thunder does not sour milk; it is the hot weather accompanying the storm that hastens souring.

FRED UNDERWOOD — Tackle . . . Senior . . . Weight 185 . . . Jersey number 69 . . . Up from B team.

ARMY-NAVY DUCATS GONE

ANNAPOLIS, MD. —(AP)— The military service academies again "regret" they can't sell the public any tickets to their football classic in Philadelphia December 2. Army and Navy ticket announcements report the demand by undergraduates, grads and members of Congress makes the game a sellout before receipt of an application. For those who can buy a ticket it will cost $6.

CBI VETERANS

MAJOR LEAGUES—

Schedule Favors Tigers In Torrid Pennant Chase

By RALPH RODEN
Associated Press Sports Writer

The final chapter of the American League pennant race opens Thursday and, like a good "Who-dun-it," the solution is anybody's guess.

Of the three contenders, the second-place Detroit Tigers appear to be in the best position to take charge.

The Tigers play single games Thursday and Friday while the league-leading New York Yankees and the third-place Boston Red Sox are idle. Victories in both of these games will put the Tigers in first place.

In addition, the Tigers have another advantage as four of the Red Sox and Yanks' 10 remaining games are against each other. They start to knock each other off in Yankee Stadium Saturday while the Tigers are in Cleveland.

Detroit Holds On

Detroit kept close on the heels of the Yanks Wednesday by nosing out the Philadelphia Athletics 6-5. The New Yorkers turned back the Chicago White Sox 8-1. The Red Sox, however, suffered a severe jolt as they dropper a doubleheader to the Cleveland Indians 6-3 and 7-1.

The Washington Senators swamped the St. Louis Browns 12-7 in the Lone American League night game.

Phils Move Closer

The Philadelphia Phillies, meanwhile, moved a step closer toward winning the National League pennant. The Phils defeated the Chicago Cubs 9-6 to pull seven and one-half games ahead of the Boston Braves and the Brooklyn Dodgers. The Braves dropped into a second-place tie with the Dodgers by losing a 1-0 night game to the St. Louis Cardinals. The Dodgers dumped the Pittsburgh Pirates 7-2.

The Cincinnati Reds upset the New York Giants twice, 4-1 and 2-0, behind Ewell Blackwell and Ken Raffensberger.

A. W. BOOTH — Center . . . Sophomore . . . Weight 156 . . . Jersey number 54 . . . Up from C squad.

Snead Is Favorite In Kansas City Open

KANSAS CITY —(AP)— It looks like Sam Snead, the nation's leading money winner, has a good chance to add to his bankroll in the Kansas City Open Golf Tournament, starting Thursday.

He's found the 6,725-yard Milburn Country Club course to his liking. Wednesday, in a warmup round, he collected a 64 to tie the course record. Par is 72.

JOHNNY KENNEDY — Back . . . Junior . . . Weight 150 . . . Jersey number 50 . . . B team last year.

Claassen's Pigskin Predictions

By HAROLD CLAASSEN

NEW YORK —(AP)— How can an innocent sports guesser make a football reputation when Notre Dame, Army and Oklahoma, who seldom lose, aren't among the teams in action?

Makes the job just that much tougher, but here goes:

Arkansas over Oklahoma A&M: Two new coaches make their debuts in this one and the pick here is that Otis Douglas will have the smiles and J. B. (Ears) Whitworth the frowns.

Wyoming over Baylor: All indications are for a Baylor triumph but the pick is Wyoming, who will be spurred on by the chance of avenging the only defeat on the Cowboy schedule last year.

Rote Over Georgia Tech

Southern Methodist over Georgia Tech: Kyle Rote is back. Will he pick up where he left off last year?

Kentucky over LSU: The Southeast Conference may be decided in this fray in which Wildcats have a slight edge.

California over Santa Clara: Could go either way.

North Carolina over North Carolina State: There ain't no Justice but there is plenty of everything else.

Skipping over the others in a hurry:

Southwest: Texas Western over New Mexico A&M, Houston over St. Bonaventure, Texas over Texas Tech, West Texas State over Arizona.

Midwest: Texas Christian over Kansas, Cincinnati over Hardin-Simmons.

Far West: Arizona State (Tempe) over Brigham Young, Stanford over San Jose State, Washington over Kansas State, UCLA over Oregon, Texas A&M over Nevada, San Francisco over Tulsa.

HAROLD HENSLEY — Back . . . Juhior . . . Weight 150 . . . Jersey number 19 . . . B team last year.

KING'S ROW

By LARRY KING

We spent the entire day Wednesday going from school to school and getting line-ups on what to expect from the elementary and junior high school teams this season. And, even this early in the season, we were cheered by what we saw. Every school had a fine turnout, working under coaches who are anxious to do their best job for the good of the boys, the good of the school, and the good of football. It was heartening to see the husky young Bullpups who in a short time will be full-fledged Bulldogs, and it was just as heartening to see the younger kids out there in the warm sunshine, playing the game America loves. We see something in this—and all of it is good. We see winning teams, a lot of them, coming up. We don't know when. We can't say this year, or next year, or next. We won't attempt to say when. But its coming, brother, and its gonna be good!

—KR—

Another old Midland Bulldog sparkled in college play the week just past. Dunnie Goode, the old Jet-84 from MHS took a pass from quarterback John Ford and went all the way for the first Hardin-Simmons touchdown of the year as the Cowboys rolled over New Mexico A&M 48-0. Goode also snagged several other passes throughout the tilt, and turned in a good all-around ball game. The Cowboys, incidentally, run into a team that may come a cropper this weekend — Cincinnati University, which gave Mike Brumbelow's Texas Western team a 32-0 thrashing lash week. The "Model T" Ford and his mates will have to hit on all cylinders to get by in this one.

—KR—

Gil Johnson, quarterback with the Detroit Lions football team, learned the expensive way that blood is thicker than water. Johnson, one time SMU aerial ace and former New York Yankee, has a brother, Bill Johnson, with the San Francisco '49ers.

"I was riding the bench when Bill intercepted a Yankee pass and ran for a touchdown," Gil related to an Associated Press sports writer. "I automatically stood up and cheered my older brother. The Yankee coach acted automatically, too. He fined me a hundred dollars for what he said was 'fraternizing' on my part."

—KR—

Roy Pace, Temple High School football star of last year who was sought by many schools, has decided where to light. Pace says he'll enter Tyler Junior College. He says he will play some football, too, which surprises no one. Pace was tagged for the University of Texas but changed his mind about going there.

A certain fellow here in town really gave us a 'riding' at the Bulldog Booster club meeting Tuesday night. It seems that, 'way back in February, we gave him our opinion of how the American and National League baseball clubs would finish at World Series time. He, full of wrath because we picked his beloved Boston Red Sox for a fourth-place finish, kept the record so he could gloat. We won't tell you how we picked 'em—but we wouldn't have advised the Philadelphia Phillies to buy new uniforms for the World Series, back then. Anyway, we were close on the Browns.

—KR—

Percy Bridgewater, president of the Midland Country Club, passes on some information to us regarding the new face-lifting program going on out there. The new 18-hole course now under construction is due to be a beaut. There will be only one out of bounds fence—on the sixth hole. Some 42,000 feet of pipe has been laid in the fairways for excellent water services. A second water storage tank also will be erected. A grill room, comfortable locker room, and a pro shop will be built at the Midland club at a cost of $100,000. "All we have to do now," says President Bridgewater, "is pay for it." Actually, that won't be much of a problem. Membership of the club is more than 500, with a waiting list of some length. Combined with the already smooth nine-hole golf course here, it will give Midland linksmen 27 holes of the finest golfing range in the country. It's another project Midland can be proud of.

—KR—

DOTS AND DASHES . . . There's a new motto at Texas A&M, a school that has but one victory in its last two football seasons. It's "50-50, or better, in '50" . . . The Aggies might turn the trick, too . . . O. C. Penn, coach of South Elementary, is an old junior high school team-mate of ours from a few years back . . . If the big boy coaches as well as he played, there's no worry from his department . . . The Red Sox of Boston, winners of 24 games out of 30 during their rapid advance toward the American League title, won 16 by having "staying power" . . . that is, coming from behind to win. It was something the Sox never had been able to accomplish with much success before . . . Rick Spinks of Kermit is far and away the leading point producer in district 5-A thus far. In two games to date, Hi-Jinks by Spinks has produced 42 Yellow Jacket points . . . Roswell, who lost by a 0-27 count to Ysleta last week, has practically the same team that was rated number five in New Mexico football last season . . .

Ex-GI In England To Remain On Duty

WARRINGTON, ENGLAND —(AP)—An ex-GI who brought his English wife back home for a holiday is going to stay here—as a sergeant in the nearby U.S. Air Force Burtonwood Base.

Woodrow Goodrich, 32, of Hillsboro, Texas, received a cable from his father notifying him that as an Air Force reservist he had been ordered to active military duty at Robbins Field, Georgia.

"Why go all the way back home?" Goodrich asked Air Force officials at Burtonwood Thursday. "I served 42 months here during World War II."

After an exchange of radiograms with Robbins Field, Goodrich was activated at Burtonwood, maintenance base of the U.S. Third Air Division in England.

Two Texans Killed In Kwajalein Crash

WASHINGTON —(AP)— Two Texans, a Navy nurse and an electronics specialist, were among the 26 persons killed in the crash of a Navy transport plane off Kwajalein Island Tuesday.

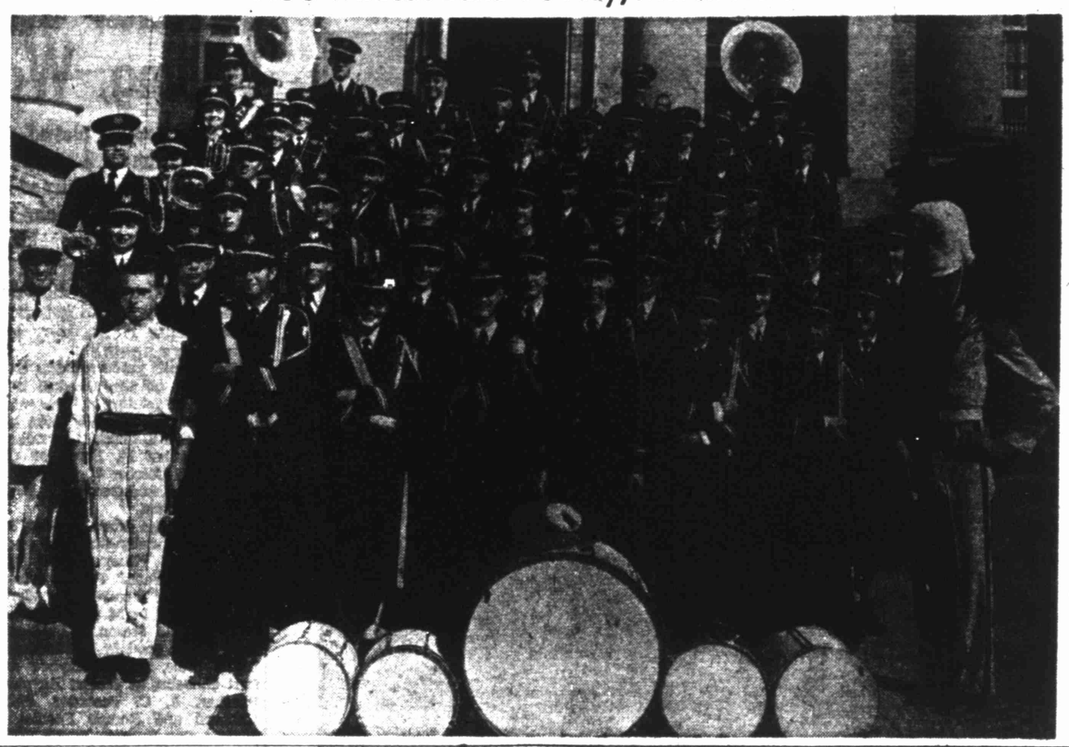

The Texans were Ensign Marie Margart Boatman of San Antonio and Aviation Electronics Man Third Class Albert J. Johnson of Beaumont.

HOOD COUNTY EXES

Midlanders, who are former citizens of Hood County, are invited to a reunion in McKinsie State Park at Lubbock, September 24. Attendants are asked to bring picnic lunches.

Any atomic superbomb that could be constructed on the surface of the earth is a mild firecracker compared with the tremendous explosions in the atmosphere of the sun.

EIGHTH GRADE BULLPUPS—

Junior High Growing Bulldogs Of Future

By LARRY KING

"Trees from little acorns grow"—and likewise, Bulldogs from little Bullpups grow. They are growing, and how they are growing, up at the John M. Cowden Junior High School. They are growing fast, they are growing big, and they are growing good.

Raising these future Bulldogs by the dozen, is Coach Bob Cochran, mentor of the eighth grade Bullpups. The eighth grade gridders work out daily, from 3:40 until 5:15 p. m.—and they go at it in a business-like manner. "I'm pleased with the progress we are making," said Cochran, "but of course we have some rough spots. We now are at work polishing our offensive."

Cochran declined to name a starting lineup as he said the "field is wide open for boys who want to play ball," but he did name some boys as "real prospects." Take a look, and remember, because they'll be wearing the varsity Purple and Gold in the near future.

At center, Jimmy Hunt is described as a good, hard, worker. He gets plenty of competition from Hainey Ivy, who Cochran says is coming along fine. The guards are well-manned, with large and aggressive Wayland Brown and Jack Harris holding the inside track, due to a year of experience on the seventh grade team. Clyde McKandles is another boy tabbed for great things. The coaches like his attitude.

The tackles are what tackles are supposed to be—large enough to throw their weight around, but fast enough to throw it effectively. Bud Lea, Lionel Crisp, Charles Fletcher and Jerry Hancock are fighting it out for starting berths.

The ends are led by Dale Jobe, who is quite a pass receiver. Jobe snagged two touchdown passes in a scrimmage with the Seventh grade gridders last week. James Claiborn, working at the other terminal post, is light, but tough. Carroll Nall and Travis Eldridge are other boys looking good at the end positions.

In The Backfield

In the backfield, Tommy Johnson is number one blocking back as of now, with Don Stringer holding down wing-back. Stringer is described as the fastest man on the squad. William Brooks is throwing the ball well at tailback, and large Lee Woods likes to make body contact from his fullback position. Other boys who were cited as working hard and showing promise are Bill Looney at guard, John Dozier at blocking back, Paul Cole at end, Champ Touchstone at wingback, Jimmy Hicks at tailback, and Carl Yeckel at tackle. Still others are Scotty Carleson, end; Dean Moore, back; Robert Whitaker, back; Joe Buchanan, back; Jerry Green, back; Troy Allen, back, and Bill Cooper, end.

Three games have been lined up for the Bullpups thus far. They open with Big Spring, September 30th, in Big Spring. October 7 finds the Bullpups entertaining Kermit here. October 14 Big Spring plays a return game here. All games are tabbed for Saturday mornings, at 10 a. m. William Brooks and Jimmy Hunt were elected by their team mates as co-captains last week, to lead the Bullpups in the opener against Big Spring. Keep your eyes on these boys—they may go a long way.

Stanton Schools Name Faculties

STANTON — The faculty of the Stanton Schools this year is as follows:

G. H. Goolsby, superintendent; H. F. Collins, high school principal, and Mr. Underwood, grammar school principal.

Others are Mabel Harris and Mary McClesky, English teachers; Hazel Shipp, science; James Fitts, vocational agriculture; France Graham, home making; Sybil Orren, commercial courses; Leo Fields, coach, and H. C. Halcombe, history.

Duane Fuquay, eighth grade and coach; Mrs. W. T. Underwood, sixth grade; Mrs. L. H. Batton, fifth grade; Mrs. H. F. Collins, fourth grade; Miss Middleton, third grade; Mrs. Gary, second grade; Mrs. Coker and Mrs. Phillip White, first grade.

MIDLAND VISITORS

Mr. and Mrs. W. E. Hess and children are visiting friends in Midland. Hess, an organist, has just finished an engagement at Brook Dale Lodge, Brook Dale, Calif. They plan to visit Mrs. Hess's father, E. H. Griswold, in San Angelo.

Colorful Sul Ross Band Coming Here

ALPINE—A colorful part of the events in connection with the Sul Ross State College-Abilene Christian College game September 23 at Midland will be the appearance of the famed 70-piece Lobo Band of Sul Ross State College.

The Lobo Band, accompanied by cheerleaders and a large segment of the student body will participate in a pre-game parade in Midland at 5 p. m. In addition, the college musicians will present one of their famous half-time shows at the game that night.

Under the direction of John Carrico, associate professor of Music at Sul Ross, who is noted as an expert in the field of half-time shows, the 70-piece unit will demonstrate the unique blending of colored lights, colorful props, and stirring themes. With fine equipment and uniforms the Alpine collegiate group has presented spectacular half-time shows over several states.

+ Stanton News +

STANTON — One hundred and forty students have enrolled in the Stanton High School and 313 in the grammar school. Sponsors for the classes are Mr. Fields and Mrs. Graham, seniors; Mary McClesky and Mr. Collins, juniors; Mr. Fitts and Mrs. Owen, sophomores, and Mr. Rike and Miss Shipp, freshmen.

The Stanton P-TA met September 12 in the High School Building. Mrs. Dee Carter, president, presided. The members voted to sponsor a Halloween Carnival.

Jack Tabos recently moved to Midland and Donnie Rae Keele has moved to Colorado.

The Valley View Home Demonstration Club met recently in the home of Mrs. U. Butler. Mrs. Mildred Chapman gave a discussion on how to make velveteen hats and purses.

Circles of the Women's Missionary Society of the First Baptist Church met recently for a Royal Service.

Mr. and Mrs. Art Lind and daughter of Phoenix, Ariz., were recent visitors in the home of Mr. and Mrs. L. E. Groves.

Mr. Collison Mott has been released from the Staton Hospital and is now at home.

"Family Night"

The First Baptist Church recently held a "Family Night." Members of the Men's Brotherhood were hosts.

Mr. and Mrs. Jack Reid have moved to a new home in the Courtney Community.

Promotion Day Exercises and Installation services are planned for Sunday at the First Baptist Church.

Jean Bickley of Odessa was a recent visitor in Stanton.

Mr. and Mrs. Lewis Carlile and Bobby, Mr. and Mrs. Dilmar Hamm and Mr. and Mrs. Steve Church and son recently made a six day tour through the mountains in Colorado.

The Rebekah Lodge held an open house Tuesday night and had a plastic demonstration.

Mrs. John Connel and Mrs. J. E. Kelly recently visited Sgt. John Connel at Randolph Field, San Antonio.

President Benjamin Harrison was the grandson of President William Henry Harrison.

Texas Plane Makers To Add 1,000 Workers

DALLAS —(AP)— An estimated 1,000 workers will be added to payrolls of two Texas airplane manufacturers as the result of new military contracts.

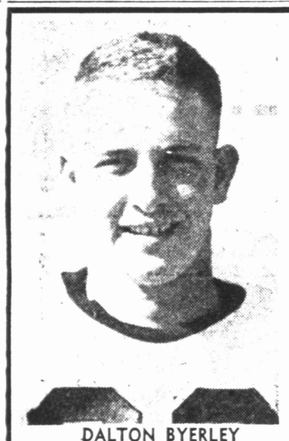

Chance Vought Aircraft and Texas Engineering and Manufacturing Company received the sub-contracts Wednesday. Both will build major assemblies for the Lockheed PV2 Neptune patrol bomber. Chance Vought also will build parts for the Boeing B-47 Stratojet.

Senator Says New Mail Cutbacks Likely

WASHINGTON —(AP)— Senator Humphrey (D-Minn) said Thursday that instead of restoring delivery cutbacks made last Spring the Post Office Department may have to curtail services even further.

He told a reporter the Post Office Department certainly will have to absorb a portion of the $550,000,000 cut in non-defense spending ordered by Congress.

West Elementary Flag Footballers Working Overtime

It was hot, and it was sultry, and your reporter was propped against the side of a building wishing he had a glass of ice water—a picture of a man harassed by heat, and completely beaten. A few yards away, completely ignoring the heat, were 22 yelling, running kids, red flags hanging from the back of their belts. A youngster who must have weighed all of 65 pounds looked into the sun, caught a tumbling pigskin and raced forward behind waves of interference. It was first and ten, for the West Elementary offensive team.

Coach Edwin Nixon was working hard with his Fifth grade footballers, who have hopes of capturing the Flag-Football race in Midland this season. Nixon is in his first year of coaching, having just graduated from Howard Payne. He has the youngsters running from the "T" formation, and has given them some 15 plays to learn. "I don't know who will start for me, or even the positions of many of the boys," Nixon said, "but there is a lot of spirited scrambling for berths. I should know what I have when we play the North Elementary Fifth grade team October 6th."

Twenty-odd boys have obtained permission to stay and work some after school. These boys, who will probably be the backbone of the team, are: Ronnie Vaughn, Charles Ratcliff, Terry Wright, Terry Palmer, Tommy Campbell, Don Terrell, Gary Littlejohn, Jim Carson, Don Irwin, Jimmy Walton, Michael Rordin, Harry Lee Haney, John Hunter, Tinker Downing, Douglas Hampton, Bob Gisburne, June Keeler, Ben Carson, Curtis Stewart, Charles Buckingham, Larry Pittman, James Vineyard, John Porter, John Yeager, Robert Bliss, and Jerry King.

Sul Ross Battered But Ready To Meet ACC Here Saturday

ALPINE—The Sul Ross College Lobos, battered and torn, but victorious for the third consecutive time over Sam Houston State the past weekend down at Huntswille in a driving rain by the score of 9 to 8, are drilling hard this week for the Abilene Christian College Wildcats.

This will be a non-conference tilt, to be played Saturday night in Midland under the sponsorship of the Optimist Club of that city.

Despite many minor injuries and two major ones, Head Coach Paul E. "Red" Pierce is mending both his line and backfield. Dale Garner, a three year-letterman at tackle, now playing guard, has an eye injury that may bench him Saturday night, and Dickie Street, a senior and a two-year letterman, is a questionable first-string scat back because a facial injury took seven stitches.

When ACC and Sul Ross meet Saturday night, it will be the first time since 1946 when the Wildcats whipped the Lobos 32-7 at Alpine. After that game both teams were badly damaged, and each went its separate way until this season. ACC is a member of the Texas Conference and Sul Ross now belongs to the Lone Star Conference after being champions of the New Mexico Conference three years in a row.

Texan Heads Panel To Check GI Abuses

WASHINGTON —(AP)— Rep. Olin Teague (D-Texas), College Station, was named Wednesday to head a nine-man House committee to look into alleged abuses in the GI training and education program.

The ranking Republican member of the committee, Representative Kearney (R-NY) said he was confident the group would uncover instances of "abuses" costing the taxpayers "millions of dollars."

Kearney and Teague said they expect the committee's investigation to have a "tremendous bearing" on how the veterans of the Korean war will get educational benefits to which "they are rightfully entitled."

BRITISH CROSS NAKTONG

WITH U. S. FIRST CORPS, KOREA —(AP)— British troops crossed the Naktong River Thursday to reinforce other Allied forces in the expanding beachhead.

Seven Marooned On Glacier Set To Descend Thursday

REYKJAVIK, ICELAND —(AP)— Six men and a girl, marooned seven days atop a 6,000-foot glacier, after their Icelandic Airline Skymaster crashed, prepared Thursday to descend the frozen peak by ski and jeep.

A U. S. Army ski plane which was to have flown the survivors off their icy perch Wednesday crashed in an attempted takeoff. No one was hurt, but the plane's rudder and wingtip were broken.

A ground party, which worked its way up the glassy slopes of Vatnakoell Glacier, will guide the survivors and their would-be air rescuers down the peak. The trip, which will be made with the aid of skis and jeeps, will take two days.

The Skymaster crew included a young stewardess, who was injured slightly in the crash. The plane, enroute from Luxembourg to Reykjavik, carried a cargo of 10 sled dogs.

Stanton High School Classes Name Officers

STANTON — Class officers for the Stanton High School senior class are: Marshall Huffman, president; Kenneth Kenson, vice president; Mary Belle Johnson, secretary, and Fred Church, treasurer.

Junior class officers are: Harriett Higgins, president; Ford Pierce, vice president; Sue Standefer, secretary, and Barbara Halcombe, treasurer.

Officers for the sophomore class are: Ronnie Gilbraith, president; Eldon Hopkins, vice president; Sylvia Holloway, secretary; Patsy Pollock, treasurer, and Jo Hall, reporter.

Freshman class officers are: Bill Rowden, president; Norman Blocker, vice president, and Eugenia Martin, secretary and treasurer.

MR. AND MRS. MURRAY ATTEND FORD SCHOOL

Mr. and Mrs. H. S. Murray, Jr., will return this weekend from New Orleans, La., where Murray attended the annual Ford Merchandising School this week.

Membership in the school is limited to sons of Ford dealers and the course is designed to aid them in their study of Ford dealership operations.

While on the trip, Mr. and Mrs. Murray visited her parents in Crockett, Texas.

Seventh Grade Bullpups Willing, Working Outfit

Don Powers played college football at Midwestern University, under a gentleman named "Tugboat" Jones—and now Don has returned to help the old master, by building for the future at John M. Cowden Junior High School. In his first year at coaching, Powers says he is extremely pleased with the work of his seventh grade Bullpups up to now. "They try," he said, "And if they fail to get their assignments right, they get up and try again."

The seventh grade gridders have four games on the schedule now, and hope to get two or three more. Right now the schedule looks like this: October 7, Crockett of Odessa, there; October 14, Bowie of Odessa, there; October 21, Crockett of Odessa, here; and October 28, Bowie of Odessa, here.

Quite a large group of boys run through the daily workouts under Powers' eye. "They are all after starting positions," Powers relates, "and thus far I can't name eleven boys who will be at the post when we open the season." Boys who have looked good by positions are: Dickie Mills, Arthur Mayhew and Carl Schaelba at center; Raymond Sanchez, A. C. Veemster, Philip Hubbard and Ronnie Paschel at guards; Coy Hudson, Buddy Whitney and Tommy Booth at tackles; John Swift, Brownie Parmley and Gary Robinson, at ends.

Ball Carriers

In the ball carrying department, such lads as Larry Sapp, Steward Chancellor, Tommy Dillard, Ray Phillips and Joe Ewing are leading the pack. Sapp is described as the most aggressive lad on the squad. Ewing is the trouble-shooter. He can, and does, run from any backfield position.

We don't know what to expect of the seventh grade lads from the standpoint of games won and lost, but if their attitude and a lot of hard work carries authority, they have nothing to worry about. "Wait and see," says Coach Don Powers. And that's just what we shall do.

North Elementary To Be In Thick Of Flag Football Fight

Very much in the picture in the elementary schools flag chase will be North Elementary, tutored by Coach Don Stringer. Stringer is another Midwestern product, and is just breaking into the coaching profession.

Right now, his best bets for starting positions look this way: Ends—Joe Green and Bobby Spaw; Tackles — John Scobey and Tom Abbott; Guards — Dwight Lindsey and David Leggett; Center — Preston Bridgewater. Backfield — James Tom, Fred Hedges, Jean Paul Scott, and Jack Wilkinson.

Other boys who are hustling and look good are David Klapproth, fullback, Donnie Archie, end and tackle, Don Gwyn, end and guard, and D. Bowen, utility lineman. Stringer says he isn't too well acquainted with his material, therefore, he does not know too much what to expect. Time, work, and the boys will tell.

WORKED AT ONCE

George Westinghouse invented the railroad air brake when he was 22. It prevented a grade crossing accident on its first test in 1868.

Industrialist Leaves $10,000,000 Estate

PHILADELPHIA —(AP)— Samuel S. Fels, industrialist and philanthropist, left an estate of approximately $10,000,000.

This was disclosed Wednesday with payment of $950,000 in state inheritance tax, representing a tax of $1,000,000, less five per cent discount for payment within three months after death. The Pennsylvania inheritance tax is 10 per cent of an estate.

Fels, who died June 23 at the age of 90, was president of Fels-Naptha Soap Company.

WT Stars On Team Rosters

Former West Texas high school football stars are well - sprinkled into the squads of both ACC and Sul Ross, which collide here Saturday night.

Here are the West Texans on the ACC list: Ray Hansen, Stamford; James Muns, Sweetwater; Seth Adams, Hamlin; Bobby Bailey, Abilene; Johnny Winston, Brownfield; E. J. Moore, Snyder; Rob Orr, Vernon; Sam Davidson, Abilene; Alton Green, Roscoe; Donald Porter, Nocona; Ted Sitton, Stamford; Bailey Woods, Ranger.

And on the Sul Ross list from West Texas are: Tom Allison, Pampa; James Cleveland, Monahans; J. C. Gotcher, San Angelo; Bob Pauley, McCamey; Elmer Six, Kermit; Jimmy Babb, Odessa; Bob Boyles, Pampa; Cecil Caraway, Odessa; Lee Warner, Del Rio; Leon English, Pampa; Mike Flaniken, Morton; Dale Garner, Colorado City; W. A. Oatman, El Paso; LeRoy Troop, Pampa; Tommy Tucker, Odessa; Chubby Wells, Pecos; Dick Cook, Pampa; Charlie Boyles, Pampa; Charles Laffoon, Pampa; Gene Madison, Kermit; James Reynolds, Odessa; John Reese, Ballinger; Ted Scown, Monahans; Carroll Smith, Pampa; Dwain Stacy, Crane; Dickie Street, Sonora.

Phantom Whistler Startles Residents Of Louisiana Town

PARADISE, LA. —(AP)— This little bayou community bustled with excitement Thursday watching for a phantom whistler whose weird serenades have terrorized an 18-year-old bride-to-be.

Almost all the village's 200 population peered out of windows Wednesday night while a cordon of sheriff's deputies guarded the home of Jacquelyn Cadow.

For the past few days the townspeople have talked of little except the intruder who threatened the girl's life and vowed to prevent her marriage to a young state trooper. Opinion is divided over whether the nocturnal whistler is a prankster, a would-be killer or a lunatic.

His whistle is a shrill interpretation of a funeral dirge.

State Police Step Out

State police, who were drawn into the investigation by State Trooper Herbert Belsom of New Orleans, Jacquelyn' s husband-to-be, said they were stepping out of the case.

"We are convinced it is the work of a prankster," Trooper Vincent B. Ebeier said.

State Police Sergeant N. J. Khoury said the Cadow home Wednesday took on the appearance of a mecca. Hundreds of curiosity seekers in automobiles paused for a look at the scene of the whistler's visits—a cottage surrounded by moss-draped oaks.

A doctor attended the young bride-to-be who collapsed Tuesday night after she and her mother, her mother's sister and a New Orleans States reporter all said they twice heard the intruder's funeral whistle.

Expert Is Called In To Handle Intruder

POMONA, CALIF —(AP)— An unscheduled performer made an unscheduled appearance at an exhibit booth on the Los Angeles County Fairgrounds Wednesday night.

The proprietor of a leather goods booth departed when a skunk took over. The Fairgrounds Fire Department was called but declared the matter out of its jurisdiction. When the skunk went under the flooring of the booth, the carpentry department was called but declined the honor.

A skunk expert was summoned from nearby Chino to handle the situation.

Sixth Grade Pups Are Earning Label Of 'Double Tough'

Coach Jack Russell is pretty optimistic about his sixth grade John M. Cowden Junior eleven, as it starts to shape up after first workouts. Teamwork, spirit, determination, good attitude—all this spells trouble for someone. And Russell is hoping it is his opponents for this season. The sixth grade gridders open their season October 7, playing Crockett Elementary.

Russell puts his boys through their paces from the short modified punt formation. "They like the formation," he said. Russell says he can just about name the boys who will be in the starting lineup, if they continue to play as they have in the past. But he hastens to add that should they slip, other capable boys are available to relieve them. At the present, Jerry Bolton gets the nod at the center position. Guards look like Gene Pace and "Goober" Hoover, one of the smallest men on the guard. Tackle post are manned by Tom Johnson and Bobby Smith, who is the largest man on the squad — and Russell calls him one of the best. At ends, Bob Hillie and Jack Crockett get the ball at this writing. Arthur Adams, described as a cool, smart, field general, calls the plays from quarterback. Halfback chores are in the hands of Gregory Smith and Bill Spencer. John Greathouse is going great guns at fullback.

Russell has capable replacements —in fact, so many of them that several of the other elementary schools are putting his lads on the spot by calling them "double tough." For instance there are Halfback Bobby Crane, a speedy youngster who might break into the first eleven any time, Guards Donald Ratcliff and Bill Dyer, real candidates, and Tackle Douglas Hatfield rates among the best. These boys, backed by others, will form the basis of Russell's team—a team he hopes will be a good one.

Operators Give New Twist To Gas War

LEWISTON, ME.—(AP)—Lewiston-Auburn filling station operators have given a new twist to gas war techniques.

A score or more of "customers" drove into Austin Ellis' Main Street station Wednesday. Each ordered a gallon of gas and paid with $20 bills.

Ellis said most of them were rival operators and that he had been tipped they had been coming. So he had the change ready—all in dimes and nickels.

With Ellis selling gas at 23 cents a gallon that meant a lot of coins to count.

The result was a 20-minute traffic tieup on the main artery between the two cities.

Midland Man Heads Home Builders Group

Forrest Gregory of Midland was named president of the Permian Basin Chapter of the National Association of Home Builders at its recent organization meeting held in Odessa.

Other officers are: O. V. King, vice president; Alden Rogers, secretary-treasurer; and Steve Thomas, Francis A. Deregibus, Cecil Snodgrass, E. C. Bunch and Charles Rudd, directors.

The purpose of the organization, sponsors said, is to foster fellowship among allied interests in the home building field and to disseminate information among home builders.

Low Highway Bids Total $7,885,076

AUSTIN —(AP)— Low bids on all Texas highway projects submitted to contractors this month climbed to a total of $7,885,076 Wednesday.

Twenty-eight projects brought low offers of $3,431,672 after low bids the day before on 27 other projects amounted to $4,453,404.

The projects included 407 miles of construction, 336 miles of which were farm roads.

Pesky radio tubes of the home receiver now may be removed with ease and without danger of breakage. A simple tool makes removal easy regardless of how hot the tube or how limited the working space.

MHS Band, Drill Squad To Perform

Eighty Midland High School band members and 72 drill squad members will be on the field Friday night at the half in the game between Midland and Ysleta. The organizations will do a series of formations called "Childhood Memories."

First the band will form a star and play "Twinkle, Twinkle, Little Star." The drill squad will then form a clock, and the band will play "Hickory, Dickory, Dock," followed by an egg-formation by both groups to the accompaniment of "Humpty-Dumpty." "Rock-a-Bye Baby" will be played while the two groups form a rocking cradle.

Leading the band on the field will be drum major Beverly Keisling, majorettes Carolyn Cook, Carolyn Curd, Nancy Klingler and Agatha Tabor, and flag bearers Nancy Webb, Gloria Anguish and Jo Ann Nelson. The drill squad will be led by drill major Georgia Stump, majorettes Ann Wells, Barbara Ware, Barbara Whitson, Jean Waddill, Emily Hamilton and Barbara Long, and captain Barbara Burnham.

There will also be a flag-raising ceremony before the game in which the band will take part.

Jerry Hoffman, the band director, states that there are 92 members in the band this year, an increase of 18 over last year's band. Twenty two of the members are freshmen.

New instruments will be added to the band this year in the form of two new E-flat basses, a new bassoon, a bass clarinet, and two new double French horns, which are on order and should arrive soon, according to Hoffman.

The present marching band consists of 23 B-flat clarinets, two bass clarinets, one alto clarinet, two bassoons, one oboe, six flutes, six saxophones, seven drums, six trombones, six bass horns, seven French horns, three bassoons, nine coronets and one string bass.

The band and drill squad will accompany the football team on two or three out-of-town games. Other plans for the band include entrance in the district convention competition which will be held in Monahans April 14. The Midland High band won sweepstake honors in Class AA marching and concert at the district convention last year.

South Elementary Set To Wage War On Football Foes

Another one of Tugboats old pupils, O. C. Penn, is busy forging the makings of another good football team at South Elementary. Penn has high hopes it will be as good as it promises to be.

Penn's charges open against North Elementary, October 7. They play the sixth grade of junior high, October 14. October 21 finds them locking horns with Crockett, and October 28 they play a return game with the "Yankees" from North Elementary. They catch sixth grade of junior high again November 4, and wind up on November 11 with Crockett again—by which time Coach Penn hopes his charges will have proved their worth beyond a doubt.

Penn has a pretty good idea of who will be his mainstays, but no one is certain of a starting berth. It reads like this: Center, Don Phillips; guards, Don Sole and Carroll Hightower; tackles, Richard Herd and Dorman McCarey; ends, Keith Crabtree and Jimmy O'Neil. Quarterbacking the club is Dennis Patton, with S. L. Vann at fullback. Halfbacks are Jimmy Padgett and Stanley Decker.

The second team is about on par, and, indeed, could become the first team very easily. It reads thusly: Keith Jeffcoat at center; James Thompson and Vernon Williams at guards; Robert Williams and Kenneth Morris at tackles, Audrey Decker and Cecil Butler at ends. Backs are Edward Kirkpatrick, Leonard Truelove, Wayne Koon and Jimmy Stoein.

Coach Penn was high in the praise of the boys' attitude, and efforts—even to Managers Jimmy Gates and Deisel Gates, two youngsters who are carrying headgears until they gain enough weight to carry footballs.

13 Women Charge Bilking By Lonely Hearts Club Chief

LOS ANGELES —(AP)— Thirteen women, ex-clients of a Lonely Hearts Club, Thursday were to confront George H. Ashley, former club chief, in court.

Ashley, 52, and two co-defendants are charged with bilking the women of $130,000.

The first of the 13 women, motherly looking Mrs. Maude Neal, 65, of Mount Airy, N. C., testified at a preliminary hearing Wednesday that Ashley threatened to push her off a cliff when she demanded repayment of $17,500 she had lent him.

Not For Romance

Mrs. Neal said she did not join Ashley's club for romance but because she was loney and "would have welcomed getting acquainted with some ladies." She testfied she is on good terms with her husband and was ordered to come West by her physician because of ill health.

Recalling that Ashley had ridiculed her clothing, she said:

"I know I'm a hillbilly, but somehow it makes you feel pretty cheap to have anyone tell you how bad you look, especially when they've taken all you have and you don't have money to buy anything else."

Bergman Denies She Deserted Lindstrom

LOS ANGELES —(AP)— Ingrid Bergman, now the wife of an Italian movie director, claims she did not desert her California husband.

Dr. Peter Lindstrom, Beverly Hills surgeon, charged the actress with desertion in a divorce suit filed last April 20. Miss Bergman, in an answer filed in superior court Wednesday, categorically denied the charge.

Continental Engineer Inspects Air Terminal

Robert F. McKee, engineer of airports and facilities for Continental Air Lines, was in Midland Thursday to make a general inspection of airport conditions, Jim Carlson, Continental station manager here, announced.

McKee was to inspect the conditions of runways and lighting and to note the general condition of facilities at Midland Air Terminal.

Marines—

(Continued From Page One)

the Red China border city of Antung in Manchuria.

The report was relayed to General MacArthur just before he left for Tokyo. Brines returned with him. A MacArthur spokesman said the general was not called back by any emergency.

Pilots Spot Column

Pilots spotted the Red column 20 miles south of the Yalu River Korean boundary 210 miles north of Seoul. It was reported Thursday morning to be possibly below the 38th parallel dividing North and South Korea. This would put the column less than 30 air miles from Seoul.

Elite divisions of North Koreans which invaded South Korea June 25 were seasoned in Communist China's Manchurian armies. They fought with Russian-made tanks and other arms. But with the Allied offensive in the South picking up steam, the Reds appear unable to muster much organized strength from that direction.

The column from the North—if it reaches Seoul intact—would pose the freshest threat.

Reds in the South were reported withdrawing, changing into civilian clothes and deserting or surrendering.

A major battle for Seoul's dusty and narrow streets might destroy a large part of the 500-year-old capital. The city of 1,000,000 is a mass of closely packed one- and two-story mud - covered wooden structures.

To cut off effective reinforcements for the city from the South, the U.S. Seventh Division drove for the last line of ridges overlooking the highway from Seoul to Suwon.

Marines In 'Big Push'

AP Correspondent Relman Morin reported the Marines who rammed across the Han eight miles northwest of Seoul found the narrow roads too slow for their tanks. They rumbled farther east to the railroad tracks leading into the city and then swung southward.

Morin, veteran reporter of European, African and Asian campaigns, said the drive on the capital from the northwest was a big push "like the big ones near the end of the last war."

Reds captured on the Han's north bank, Morin added, reported they had been pressed into battle only five days previously. This was shortly after the United Nations started landing a 40,000-man liberation force at Inchon last Friday.

Allied bombers and fighters kept an umbrella over the Marines and infantrymen on the Seoul front, and flew close ground support missions in the South. A record 702 sorties were flown Wednesday.

5,000 Reds Trapped

On the old United Nations beachhead in the Southeast, the main actions were in the Waegwan sector, 140 miles southeast of Seoul.

U. S. First Cavalry Division troopers and South Koreans forged a trap on 5,000 Reds of the third and 13th divisions northeast of Waegwan, and the U.S. 24th Division drove three miles northwest of the town.

If the trapped Reds are held or wiped out, the way is open for an allied advance up the Kumchon-Taejon rail line and higway toward Seoul over the best route to the capital.

To the right of this sector, along the northern front, the greatest advance was made by the South Korean Eighth Division. It rolled almost six miles to occupy Kusan, 20 miles north of Yongchon. Two weeks ago, Yongchon was in Red hands.

Kusan is the northern most advance of the Allied forces since the offensive kicked off September 15. The village is 35 miles northwest of recaptured Pohang, east coast seaport.

Enemy Fights Stubbornly

On the southern front of the old beachhead, twin spearheads of the U.S. Second Division lashed out toward Hypochon, 31 miles west of the winding Naktong River. Infantrymen have crossed in at least five places.

The northern thrust encountered heavy resistance in a drive on Chogye, on high ground six miles west of the river.

AP Correspondent Stan Swinton said prisoners reported the Red Ninth Division reinforced the battered Communist Second Division only two days ago.

In the U.S. 25th Division sector, the extreme southern stretch of the beachhead perimeter, the Reds fought stubbornly. They were thrown back west of Kangju, seven miles northwest of Haman, but they slowed the American advance.

Haman was the high-tide mark of the Communist sweep from the North. It carried them within 35 air miles of the southeast port of Pusan.

Driving Tests Slated On Six-Day Week Here

Motor vehicle operators license tests will be given six days a week in Midland for an indefinite period, B. A. Dunn, examiner, announced Thursday.

Licenses previously had been issued on Thursdays, Fridays and Saturdays only.

Bobby Fleming will be in Midland Monday through Wednesday each week and other examiners will be here on Thursdays, Fridays and Saturdays. Written tests will be given at 8 a.m. and 1 p.m. each day. Driving tests are begun at 9 a.m. and 2 p.m.

The written examinations may be taken in the county courtroom in the Midland County Courthouse.

TO DALLAS

Harry Murray will leave Friday on a business trip to Dallas.

Permian Basin Oil And Gas Log—

(Continued From Page One)

feet and 7,460 feet, where it developed considerable amounts of free oil in a drillstem test. Some of that oil unloaded from the drill pipe while it was being pulled.

The prospector drilled to a total depth of 7,834 feet in Mississippian lime and chert. It ran a drillstem test on the bottom section and developed no shows of oil, gas or water.

Top of the Mississippian is at 7,756 feet. Elevation is 2,304 feet.

A string of 5 1/2-inch casing has been cemented on bottom.

The section in the Strawn at 7,460-92 feet made oil and salt water. Operators probably will leave that zone plugged off when they attempt to make an oil well from the interval at 7,416-60 feet, where oil and gas, and no water was found.

Location is 660 feet from south and west lines of section 19, block 6, H&GN survey. That makes it one and three-quarters miles southeast of Justiceburg.

W-C Scurry Wildcat Gets Strawn Petroleum

Sun Oil Company and Humble Oil & Refining Company No. 1-A G. H. Arledge, West-Central Scurry County wildcat, one and one-half miles southwest of the nearest producer from the Strawn lime of the Pennsylvanian, on the southwest side of the Kelley-Snyder field, flowed 220 barrels of oil in 24 hours, through a three-eighth-inch choke, and made no water.

The production is from perforated section in the Strawn at 7,654-82 feet. That interval had been treated with 2,000 gallons of acid.

Flowing tubing pressure was 575 pounds. Shutin casing pressure was 110 pounds. Operators are continuing to test to complete.

This new producer and extender for the Strawn pay zone of the area is six miles southwest of Snyder.

It is 660 feet from south and 1,980 feet from east lines of section 193, block 97, H&TC survey.

Water Developed In Midland Exploration

General American Oil Company No. 1 Ben Winkleman, et al, East-Central Midland County wildcat, 12 miles southeast of the city of Midland, and 663 feet from north and 664 feet from east lines of the southeast quarter of section 18, block 37, T&P survey, T-3-S, filled up with water in the open hole section at 7,159-63 feet in the top of the Spraberry sand of the Permian.

Operator will attempt to eliminate the water.

This prospector, located one and one-quarter miles west of the southwest side of the Tex-Harvey field drilled the plug on 7-inch casing which had been cemented at 7,159 feet, with 150 sacks.

It drilled out to the total depth which had been at 7,161 feet, when the casing had been set.

The project then deepened two feet to 7,163 feet. It was at this point that the hole full of water was developed.

Operator might drill deeper and find pay in the Spraberry, and if such should happen an effort might be made to shut off the water with a liner. The Spraberry section is rather thick and it carries streaks of oil bearing sand and in some wells it has water streaks between the oil pays.

Flanker In Stonewall Gets Bend Petroleum

Skelly Oil Company No. 1 Cleve Hamilton, south offset to the Bend Conglomerate discovery well in Central-East Stonewall County, flowed 13 barrels of oil in one hour, after kicking off at the end of 14 hours of swabbing.

During the 14 hours, the well made 128 barrels of oil and 14 barrels of wash water, swabbing into tanks.

Production was from three sets of perforations at 5,861-67, 5,876-90 and from 5,900-05 feet.

Location of the No. 1 Cleve Hamilton is 467 feet from the north and east lines of A. M. Reed survey.

Operator will probably take a potential test within a few days.

Terry Explorer Gets New Contract Depth

Amerada Petroleum Corporation No. 1 N. W. Willard, wildcat in South Terry County, will drill on down to 13,000 feet instead of stopping at original contract depth of 12,000 feet.

Operator filed application to deepen the project with the Railroad Commisison of Texas.

The wildcat is now progressing below 12,115 feet in Mississippian lime.

The new depth will probably take the No. 1 Willard into the Ellenburger.

Location is 660 feet from north and east lines of northwest quarter of section 6, block C-37, psl survey.

Drillsite is one mile west of the Adair-San Andres field and six miles west of the Corrigan-Fusselman field.

More Pay Indicated In Hockley Opener

Honolulu Oil Corporation and Signal Oil & Gas Company No. 1-13 Underwood, discovery well of the Ropes-Pennsylvanian field of Central-East Hockley County, has been cored deeper to 9,410 feet.

Operators are now preparing to put the well back on production. A new potential will be taken and reported in a few days.

The production of the well when it was completed had been holding up satisfactorily, and the owners decided to deepen it to see if there were more pay in the producing section.

Some of the new section did not show for production, however, a considerable amount of it did have good indications of oil and gas.

Exact location of the No. 1-13 Underwood is 510 feet from north and east lines of labor 13, league 5, Wilbarger County school land.

Complete Hydraulic Casing Pulling and Well Plugging Service

S. P. TODD

Phone 2447 — Midland

N-E Howard Tester Is Drilling Deeper

Burdell Oil Company No. 1 Hodnett, Northeast Howard County wildcat, two miles northwest of Vincent, and 660 feet from north and east lines of the southeast quarter of section 31, block 25, H&TC survey, had reached 7,350 feet in sand and shale, and was drilling ahead.

This exploration was started to go to 8,000 feet to explore through the Pennsylvanian limes. Up to now it has not found any lime in the Pennsylvanian.

It will have to encounter the lime shortly if it is to have much chance of finding production in that horizon, according to informed observers.

Wildcat Is Spotted In E-C Terry Area

Nelson Bunker Hunt Trust Estate, Dallas, staked its No. 1 A. M. Brownfield in East-Central Terry County to be drilled as a wildcat to 10,500 feet.

Location is 1,980 feet from north and west lines of the north half of section 74, block T, D&W survey and three miles southeast of Brownfield.

It is also two miles north and one-half mile east of Union Oil Company No. 1 Cotten, discovery from the Pennsylvanian lime in that area.

Shallow Wildcat Is Slated For Pecos

Childress Royalty Company of Monahans has filed application with the Railroad Commission of Texas requesting permisison to drill its No. 1-G J. S. Masterson as a 2,500-foot wildcat, in Central-North Pecos County.

Drillsite will be 2,310 feet from northwest and southwest lines of section 116, block 10, H&GN survey. That makes it six miles southeast of Buena Vista.

Wildcat In Scurry To Test Clear Fork

Robert W. McKissick of Abilene will drill his No. 1 Hugh Birdwell as a wildcat to explore the Clear Fork one mile south of production from that formation in the Diamond M field of Southwest Scurry County.

Projected to 3,500 feet with cable tools, the No. 1 Birdwell will be drilled 2,310 feet from south and 2,640 feet from east lines of section 177, block 97, H&TC survey.

That makes it five and one-half miles northwest of Ira.

Operations are to commence immediately.

NORMA BALLARD IS NEW PETROLEUM CLUB ORGANIST

Norma Ballard, noted organist, Thursday began a two-week engagement at the Petroleum Club of Midland. She will be presented daily at the organ during the luncheon and dinner hours, club officials said.

Miss Ballard came to Midland from Dallas, where she recently completed an engagement at Neiman-Marcus. Following her Midland engagement, she is scheduled to go to the Shamrock Hotel in Houston.

Tugboat Jones Is Rotary Speaker

Thurmon L. (Tugboat) Jones, head coach at Midland High School, told Midland Rotarians at their meeting Thursday noon, "I don't know for sure what kind of a football team we will have this Fall, but we hope to find out Friday night against Ysleta."

Coach Jones was the guest speaker at the gathering, discussing football in general and the Midland High School Bulldogs in particular. He was introduced by Paul Davis, program chairman. President James N. Allison presided.

In mentioning what boys get out of football, the mentor said some boys never make the first team but all squad members are receiving lasting benefits from the training they receive on the football field. He called upon parents to send their boys out for sports, adding "We will keep them busy."

Letter Men

Coach Jones said Midland High School this year for the first time will letter all boys coming out for football regardless of whether they get in a single game. All squadmen also will make all out-of-city trips.

He discussed prospects for the season and listed the Bulldogs and their weights. He said the boys are working hard and are showing up well in practice sessions. He complimented the boys on their desire to play football.

EMERGENCY TREATMENT

Janice Willoughby, daughter of Mr. and Mrs. James Willoughby, Odessa, was admitted to Western Clinic-Hospital Wednesday night for emergency medical treatment. Attendants said the 15-months-old child had swallowed a quantity of gasoline.

CHILD HAS SURGERY

Cecilia Ann Minyard, five-year-old daughter of Mr. and Mrs. J. H. Minyard, underwent surgery Wednesday in Western Clinic-Hospital.

HERE FROM PECOS

L. D. Cabaness of Pecos, district engineer for the Texas Highway Department, was a Midland visitor Thursday.

City Council—

(Continued From Page One)

status, promotions, termination of work and absences will be kept in the records.

The new personnel system will include a set-up of 50 job classifications under the headings of professional, clerical, supervisory, skilled labor, semi-skilled labor and unskilled labor. Under each of the headings, the position of each employe will be listed. Each employe can fit under one of the classifications, with the exception of the department heads.

Each class will have an accompanying compensation schedule, providing for periodic pay adjustments. Primary purpose of the classifications is to give equal pay for an equal amount of work done, according to Chambers.

Chambers said he will meet with employes of each city department within the next week to explain the new program and answer questions regarding its operation.

Retirement and a military leave policy already have been provided. All employes are eligible to participate in group life insurance and hospitilization programs.

CANADA HAS FEWER LAWYERS

TORONTO —(AP)— Canada today has 8,059 lawyers in active practice, proportionately fewer than at any time since 1900. One-third are in Toronto or Montreal.

Casualties in Korea

WASHINGTON —(AP)— One more Texan has been killed in action and one has died of wounds in the Korean war, casualty list No. 101, issued by the Defense Department Thursday, reveals.

Army killed in action: Cpl. Joseph C. Hopper, Dallas.

Marine Corps died of wounds: Pfc. Arnulfo Martinez, Brownsville.

Army wounded: Pfc. Edward J. Bailey, Paris; Cpl. David J. Daywood, Austin; Cpl. Kenneth E. Gilliam, Jr., Mesquite; Pfc. Elroy Griffin, Jr., Austin; First Lt. Earl D. Hinton, San Antonio; Pfc. Mervin L. Ince, Dallas; Pfc. Merced Jiminez, Jr., Marfa; Pfc. Charlie H. Johnson, Meridian; Second Lt. George A. Keller, Wellington; Pfc. Cecil W. Kilpatrick, Eustace.

Pfc. T. L. Minor, Jr., son of T. L. Minor, Star Route, Midland (notification given at Arp, Texas); Pfc. Robert L. Morris, Marshall; Sgt. Ricardo Oropeza, El Paso; Sgt. 1/c Floyd H. Rowden, Jr., Pasadena; Pfc. Charles A. Rublee, Mesquite; Pfc. Benjamin B. Smart, Dodson; Pfc. Arthur Vasquez, San Antonio.

Army injured: Cpl. Tommy J. Hemby, New Willard.

Army missing in action: Pfc. Manuel G. Galvan, Brownsville; Pfc. Bob E. Murray, Houston.

The horse has the largest eyes of any land animal except the elephant. This accounts for its excellent vision both day and night.

(NEA Telephoto)

CAPTURED RUSSIAN MACHINE GUN—At Lake Success during his reading of General MacArthur's report on the Korean situation, American delegate Warren Austin displayed this Russian-made submachine gun, captured from North Koreans, to members of the United Nations Security Council. The gun was dated 1950, and MacArthur said Russians have been, and still are, supplying Red aggressors with the most modern Soviet weapons.

Army's Iron Hat Has New Shape; Still Cook Pot And Shaving Mug

WASHINGTON —(NEA)— The Army soon will field-test a new plastic helmet, stronger and lighter than the last war's iron pot, featuring a drape shape and an aluminum cover.

The aluminum adds somewhat to the helmet's strength, but its chief function will be to serve as shaving mug, cooking pot, foot bath or water can—just as the old iron cover did.

Its secondary value is strictly morale. The Army figures most soldiers like to have some metal covering on their heads, and if metal makes them happier, metal they'll get.

Just As Strong

Actually, according to Army Quartermaster Corps Research and Development's Dr. Warren Stubblebein, the plastic liner alone is just as strong as the old helmet, steel and plastic liner together.

The new helmet is cut low around the neck to provide better protection to the neck and base of the skull, sits a little higher on the forehead, and is cut wide over the ears to accommodate ear phones for tankers, and other radio men. Metal clips are provided for attachment of the headphones—which also are new — and lighter and smaller than the old headsets.

The helmet will weigh around three pounds, including its aluminum cover, which is more than a pound less than the old helmet.

Part Of Policy

The light weight is part of the overall Army policy, reflected by the mottoes hung in Research and Development offices: "Make it lighter, make it smaller, make it work."

Dr. Stubblebein said there were two reasons for this. First, the entire Army is being redesigned to be strictly airborne. Next, if a soldier doesn't have so much weight to carry himself, he'll get less tired, and will be able to fight longer.

So far, 2,500 helmets have been ordered for field testing. Defense Department spokesmen said there is "a very good chance it will be adopted," since by the time a product is OK'd for field-testing, any adjustment in it will be minor.

The design was the work of the Army Quartermaster Corps and Dr. Steven Grancey of New York's Museum of Art. Dr. Grancey is curator of arms, and is by profession an armorer. The new helmet's shape actually derives from old Roman helmets.

Helmets aren't designed to stop bullets, as much as they are to protect the head from falling debris and shell fragments. Yet a flat-surface sample of the material of which the new helmet is composed was fired on at point-blank range with .45 caliber bullets. They didn't penetrate. Striking a curved surface, they're even less likely to penetrate, Dr. Stubblebein said.

There is still a bug in the design, which worries the medical corps. The medics complain there's no way to trace fragments of plastics in the body through X-rays. Research and Development is tinkering with ideas of combining chemicals in the plastic which can be traced.

Along with the new helmet, Dr. Stubblebein's office is also testing:

New insulated lips for canteen cups — so soldiers won't scorch themselves on hot coffee.

Built-in stoves for canteens carried in Arctic weather.

Throw-away plastic trays from which soldiers can eat field rations.

Taft Hangs Label Of 'Red Appeasers' On Administration

WASHINGTON —(AP)— Senator Taft (R-Ohio) Wednesday accused the Truman Administration of "appeasing the Communists" and of helping to build Russia's military might.

The Ohio lawmaker, chairman of the Senate Republican Policy Committee, also suggested appeasement of the Reds is the surest way to bring about World War III.

And he asserted the Chinese Communists have been assisted "even more by the friendly cooperation of the Far Eastern Division of our State Department" than they have been by Russia.

Taft's charges against the Administration were contained in his weekly newspaper column prepared for Ohio voters.

"Communism has always been a threat to the American people," Taft declared, "but the present military strength of Russia is largely the result of the foreign policy of the Roosevelt and Truman Administrations."

He added that the two Democratic Administrations followed a policy at the Yalta and Potsdam Conferences "which placed Russia in a dominating position in Central Europe from which they can successfully threaten the liberty of Western Europe and of the United States."

JUNIOR TAKES OVER—Since the regular South Korean police force is away near the front, handling refugee crowds, junior-size traffic cops have taken over. This lad, known only as "Kym," gets some first-hand instruction from MP Cpl. T. H. Grabowski of New York City.

Make Picnic Dishes Different

PICNIC POP—The [illegible] Labor Day picnic includes iced soda pop, salads in containers, and a variety of interesting sandwiches.

By GAYNOR MADDOX
NEA Staff Writer

When planning your picnic basket, how about trying a few new ideas? In the first place, take along several chilled bottles or carbonated beverages. Carry them in one of those patented insulated canvas bags or picnic ice chests. In the chest, you can bury the bottles in the ice and keep salads and other foods fresh in containers in the separate tray.

Here's a surprise mayonnaise for your picnic salad.

Six tablespoons bottled cola beverage, 3/4 teaspoon unflavored gelatin, 1/4 cup grapefruit juice, 1 1/2 teaspoons lemon juice, 1/4 teaspoon salt, 1/4 teaspoon paprika, 2/3 cup mayonnaise.

Chill bottled carbonated beverage in refrigerator before uncapping. Place gelatin in saucepan; slowly stir in grapefruit juice. Cook over medium heat, stirring constantly until gelatin has dissolved (do not boil). Add lemon juice. Cool, but do not allow to set. Add salt and paprika to the mayonnaise; blend in the cooled mixture, a little at a time to prevent separation. Slowly stir the chilled cola beverage into mayonnaise mixture; place in refrigerator. While cooling, stir several times to make dressing creamy-smooth. Serve with crisp shredded cabbage, sliced cucumber, and green pepper strips tossed together. Pack in plastic container. Note: This dressing may be stored in refrigerator; but stir before serving.

Sandwich Spreads

One and one-half cups ground cooked ham, 1/4 cup mayonnaise or salad dressing, 1/3 cup pickle relish, 1/2 teaspoon horseradish.

Combine all ingredients and spread on your favorite type bread or buns.

Bologna And Olive Spread

Two cups ground bologna, 1/2 cup stuffed olives, chopped fine, 1 1/2 tablespoons minced parsley, 2 teaspoons Worcestershire sauce, 1/3 cup mayonnaise.

Combine all ingredients and spread on sliced soft buns.

'Room For Everyone' Assured At Baptist Meet At Fort Worth

FORT WORTH — There'll be room enough for all when the Baptist General Convention of Texas meets in Fort Worth in November.

In addition to the hundreds of hotel rooms which will be available, thousands of homes, possibly 5,000, will be thrown open for the delegates and visitors.

Sessions of the convention and two auxiliary meetings which will precede the general convention, will be held in the Will Rogers Coliseum and auditorium. The coliseum has a seating capacity in excess of 12,000 and there are 3,000 seats in the auditorium.

Work on the programs for the Woman's Missionary Union and Brotherhood, which meet November 6-7, is progressing and plans for the general convention which will open the night of November 7 will be completed soon.

Dr. R. G. Lee, Memphis, Tenn., president of the Southern Baptist Convention, will be the opening night speaker. Billy Graham, widely-known evangelist, is also a convention speaker.

Singapore Watches Reds' Propaganda

SINGAPORE —(AP)— The Singapore government plans to stop the flow of Communist propaganda in the form of books and magazines pouring in from Hong Kong and Red China.

A branch of the Chinese secretariat has been set up to check and translate China-produced publications. If considered necessary, the emergency regulations pertaining to published works will be extended to enforce a ban.

INDEPENDENT PARROT

VANCOUVER —(AP)— Micky the parrot disappeared from home recently, but his owners weren't worried. If he's thirsty, Micky will scream: "Gimmie a drink"; if he's hungry, he'll head for a dog's dish and eat his fill. If the dog objects, Micky will peck at him until he gives in.

One-Man Strike Is Disturbing To Town

ROME —(AP)— A one-man strike causes great inconveniences in San Vito al Torre, a 1,500-inhabitant hamlet in Northeastern Italy. The striker is Gerdinando Miani, 70, sexton and church clock winder, who struck for a pay increase.

The town's clock on top of the belfry is stuck on 0245. Laborers sleep late in the morning, husbands arrive home late for dinner. All this for Ferdinando's strike. Explaining why he asks a pay increase, Ferdinando said:

"How can the mayor expect a man of my age and skill should climb 250 steps daily for $1.10 a year?"

BURGLARS TAKEN FOR RIDE

CHICAGO —(AP)— Burglars sneaked into the Polk Street elevated railway station and carried off a 200-pound steel safe. If and when they got it open, they found that it was full of canceled transfers.

American Jews Are Invited To Israel

JERUSALEM — (AP) — Premier David Ben Gurion would like to see American Jews comes here to help build up the little Jewish state, but he says that decision is strictly up to them.

He told a luncheon here honoring Jacob Blaustein, of Baltimore, chairman of the American Jewish Committee, that Jews in the United States owes no political allegiance to Israel and their only political attachment is to the United States.

Ben Gurion asserted that the aid of American Jews to Israel was "one of the principal sources of our strength and success. But we would like to see American Jews come and take part in our effort. We need their technical knowledge, their unvalled experience, their spirit of enterprise, their bold vision, their 'know-how'."

Luffa gourd sponges are especially useful for filtering oil.

'SOUTH PACIFIC' SEATS STILL ARE AVAILABLE

DALLAS—Tickets still are available for "South Pacific," auditorium feature of the 1950 State Fair of Texas, October 7-22, James H. Stewart, executive vice president and general manager, has announced.

"South Pacific," sensational Broadway musical hit, will play 24 performances in the 4,300-seat auditorium, with performances nightly and matinees on Thursdays, Saturdays and Sundays during the State Fair.

The basking shary is harmless to man. The white shark, of al members of the shark family, is the most dangerous to man.

Crocodile Is Found At Kallang Airport

SINGAPORE — (AP) — Singapore Flying Club members at the international Kallang airport here had a surprise visitor. They found a crocodile dozing in their front open drain. As the club was for "members only," they rudely woke him up. He gave them a cold stare and crept away in a closed drain.

Next morning the croc was again found taking a nap on the club's front lawn. This time he did not escape. He was five feet long.

Use Plentiful Fruits In Jams

FAMILY AFFAIR—Junior gets a big kick out of helping Mom put up jam and jelly.

By GAYNOR MADDOX
NEA Staff Writer

There is no shortage of sugar. Not only in the United States, but all over the world the 1949-50 sugar crop is the largest on record. Any temporary shortage on your grocer's shelves is being caused by housewives' hysterical attempts to hoard, not by any real shortage in the warehouses or at the refiners.

So plan to go ahead with your normal jelly and jam making. Use plums, pears and peaches and the other seasonal fruits. Here are sure-fire recipes even an amateur cook can be certain about:

Peach, Pineapple And Plum Jam
(Makes About 11 6-Ounce Glasses)

Four cups prepared fruit, 1/4 cup lemon juice, 7 cups sugar, 1 bottle fruit pectin.

To prepare the fruit: Peel and pit about 3/4 pound soft ripe peaches. Chop very fine or grind. Pare 1 small, fully ripe pineapple. Grind or chop very fine. Pit (do not peel) about 3/4 pound fully ripe plums. Cut in small pieces and chop fine. Combine fruits and measure 4 cups into a very large saucepan. Squeeze the juice from 2 medium-sized lemons. Measure 1/4 cup into the saucepan with fruit.

To make the jam: Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil, and boil hard one minute, stirring constantly. Remove from heat and at once stir in bottled fruit pectin. Then stir and cool slightly, to prevent floating skim by turns for five minutes to fruit. Ladle quickly into glasses. Paraffin at once.
(Makes About 12 Glasses; 6 Fluid Ounces Each)

Four and one-half cups prepared fruit, 7 1/2 cups sugar, 1 bottle fruit pectin.

To prepare fruit: Peel and core about 2 pounds fully ripe pears. Grind or chop very fine. Pit about 1 1/2 pounds fully ripe plums (do not peel), cut in small pieces and crush thoroughly. Add 1/4 cup water, bring to a boil, and simmer, covered, five minutes. Combine fruits.

To make the jam: Measure sugar and prepared fruit into large saucepan, mix well, and bring to a full rolling boil over high heat. Stir constantly before and while boiling. Boil hard one minute. Remove from heat and stir in bottle fruit pectin. Skim; pour quickly. Paraffin hot jam at once.

English Schoolmarms Let Their Hair Down About Chicago After Year In Windy City

CHICAGO —(NEA)—When Amy Imlanch let her hair down the Board of Education applauded, but many other Chicagoans were indignant.

Miss Imlach comes from London, England. She is one of two English teachers who have completed a year of teaching in Chicago, on an exchange basis. Miss Imlach has been teaching physical education in a Chicago high school.

They both were invited by School Superintendent Herold C. Hunt to tell the Board of Education what their impressions have been. Miss Imlach pulled no punches.

"I have been disappointed chiefly," she said, "because of the low standard of morals among so many students. Coming from a perfectly ordinary school in London with a poorer economic background than the one where I have been teaching, I am not used to taking roll more than once a day.

Don't Cut Classes

"At home the students don't cut classes; their personal property doesn't have to be locked up, because there is a feeling of respect for the other person's possessions; and students don't have to have passes wherever they go for they are trusted and they respond to that trust."

The other exchange teacher, Alice Gilgallon of Scunthorpe, added a few criticisms of her own. Her ideas were along academic lines, however. For one thing, she felt that English schools devote more time to the fundamentals, like the "three R's."

But she had some kind words for Chicago, too.

"No city in the world," she said, "has done as much for handicapped children as Chicago."

Both teachers felt that Chicago schools were overcrowded, and Miss Imlach felt the tempo of big-city education was too fast.

After the two teachers finished their talks, the members of the Board of Education applauded. Miss Imlach added that the reason she had been 'frank and honest" was because she felt many teachers were "keen to do a good job." She said she thought the superintendent of schools set an example of frankness and honesty.

Later, Miss Imlach admitted that her decision to speak her mind was a hard one to reach. It took her many "sleepless nights" of self-debate before she decided to be "courageous."

"I have been disappointed in my own teaching," she said, "chiefly because of the low moral standards among so many students."

PORTABLE LAMP— Decorative, yet highly functional, this portable modern lamp features a movable arm which adjusts to any one of seven stops. Shade is swirl liber, glass; stem is of rosewood.

Tour For Illinois Farmers Is Planned

PEORIA, ILL. —(AP)— While their crops are ripening for the harvest, Central Illinois farmers are being invited to take a 17-day trip to the Pacific Northwest, Canada and British Columbia.

The Period Journal and radio Station WMBD are sponsoring the 'good fellowship' tour. It will take the farmers 5,052 miles by rail, 475 miles by steamer, and 425 miles in sightseeing buses. The cost will be under $350 per person.

MORE EFFECTIVE

Aerial mapping photography has been made twice as effective as before with a new device known as the Twinplex. The instrument can reproduce a 22.2-square mile area in a single photograph. Using paired aerial photographs, it produces three-dimensional effects—a decided advantage in aerial bombing.

FEMALE PIRATE

One of the most daring pirates of the Spanish Main was a woman, Mary Read. More than one man fell before her sword and pistol. She was condemned to hang, but died in prison.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And The Magic Oven

Mother Ringtail was busy in the kitchen of the monkey house. Mugwump, the monkey boy, heard the rattle of the pot and pans. He was standing down in the middle of the Elephant Path when he heard it, and then up he climbed to the monkey house. On across the porch and through the house to the kitchen.

"Happy day, Mother Ringtail," said Mugwump.

"Happy day to you, Mugwump," said Mother Ringtail.

"Are you making scrambled coconut pie?" asked Mugwump.

Mother Ringtail smiled and said she was, and so Mugwump watched to see her make it. He had seen it many times before. Mother Ringtail poured the coconut in a bowl. Next she stirred in the scrambled with a spoon.

Mother Ringtail poured the scrambled coconut pie into the pan at last. She put the pan in the oven and closed the door. Then she gave Mugwump the bowl for him to clean with a spoon. Mugwump cleaned it, all right. With the spoon he scraped out all the scramble and coconut, too. Oh, it tasted very good, it did, but of course not nearly as good as the scrambled coconut pie would taste, when at last it was through with the cooking in the oven.

It was beginning to cook right now. Mugwump could smell it. The scramble was mixing around with the coconut, there inside the oven, and the coconut was mixing around with the scramble. Magic, magic things were happening. The oven was magic, too, Mugwump guessed, and Mother Ringtail said that indeed it was.

"I don't know what the cooking does to a pie," she said, with a merry twinkle in her eye, "but a pie is never the same to me, unless it first is cooked."

And so the smell of the pie was better and better, and Mugwump's mouth and his stomach too were thinking they couldn't wait any longer for scrambled cocoanut pie. Then at last the pie was through with the magic of the oven. Out it came, a golden brown, a smell of scrambled coconut all over it.

Mugwump stood by the window to watch the pie while it cooled, and then there was scrambled coconut pie for supper. Yum, yum and a happy day. Oh my yes.

Everybody Likes Blueberry Pie

OPEN-FACED—Fresh blueberry pie with lattice top is a summertime treat.

By GAYNOR MADDOX
NEA Staff Writer

Those plump, outsized cultivated blueberries are crying out loud for pie shells. Better give them a kind answer. Then everyone will be happy.

Fresh Blueberry (or Huckleberry) Pie

Two tablespoons quick-cooking tapioca, 3/4 cup granulated sugar, 1/2 cup brown sugar, firmly packed, 1/4 teaspoon salt, 1 quart blueberries, pastry for two-crust 9-inch pie, 1 tablespoon butter.

Combine quick-cooking tapioca, sugars, salt and berries; let stand 15 minutes, or while pastry is being made. Line a 9-inch pie pan with 1/2 of the pastry rolled 1/8-inch thick. Roll remaining pastry 1/8-inch thick. Fill pie shell with fruit mixture. Dot with butter. Moisten edge of pastry with cold water. Cut strips from rolled pastry and adjust in lattice across top of pie. Flute rim.

Bake in hot oven (425 degrees F.) 45 minutes, or until syrup boils with heavy bubbles that do not burst. Note: For extra juicy fruit pies, serve them a little warm. For thicker pies, let cool about 4 hours or longer before serving.

Ever try a sweet omlet for dessert? Time you did if your family relishes good things to eat.

Blueberry Omelet (2 servings)

To two egg yolks, slightly beaten, gradually beat in 1/4 cup confectioners' sugar. Add two teaspoons grated lemon peel. Fold into four egg whites, stiffly beaten with 1/4 teaspoon salt. Melt 1 1/2 teaspoons butter in a skillet. Pour in the omelet mixture. Cook over low heat, covered While cooking slash across several times to penetrate the slight bottom crust. When done but soft on the inside, crease through center with a knife. Add one cup cultivated blueberries. Carefully fold over on crease. Sprinkle with confectioners' sugar.

Copies Of National Production Authority Regulation Available

EI PASO — Receipt of National Production Authority Regulation Number 1, the purpose of which is to prevent the accumulation of excessive inventories of materials in short supply, was announced by Thomas U. Purcell, district manager for the U. S. Department of Commerce. Copies of the regulation may be obtained from Purcell's office in the U. S. Courthouse.

The regulation affects inventories of certain types of building materials, forest products, iron and steel, metals and minerals, rubber and textile materials. The regulation does not apply to ultimate consumers buying for personal or household use, but does apply to everyone buying or selling either for use or for resale.

GINGERBREAD DESSERT

Packaged gingerbread makes a quick dessert and it's delicious served with a mound of whipped cream cheese and a lemon sauce. Or it may be paired with applesauce or chocolate sauce.

FUNNY BUSINESS

"George is mad at the government—he's just discovered he paid some more hidden taxes!"

SIMPLE FROSTING

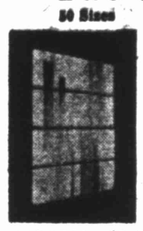

If you want to frost a ready-prepared angelfood cake, gradually add about two tablespoons of warm cream to two cups of sifted confectioners' sugar, mixing until it is a good spreading consistency. Add a teaspoon of vanilla and use to frost top and sides of cake.

Koreans are fond of whale meat.

SOFT-COOKED EGGS

Perfect soft-cooked eggs can be made by using one cup of cold or warm water for each egg, or enough to cover well. Bring the water gradually to simmering; do not boil. Simmer three to five minutes, then break immediately into an egg cup and serve. Season with salt and pepper, and a little butter or margarine if desired, at the table.

"Mirror, mirror, on the wall..."

"Have I been fair on every call?

"Have I been giving people enough time to answer the telephone?

"I used to figure there was no one at home if I didn't get an answer after two or three rings. But yesterday I missed reaching mother. She was working in her garden when she heard the telephone ring, and told me later there was no one on the line when she answered.

"Now I wonder how many other times I've hung up too soon... how many other calls I've lost. Guess it does pay to wait a little longer."

Right, Mrs. Housewife. The best plan is to let the telephone you're calling ring *one minute* before giving up. That gives your friends time to answer.

Iron Goes Begging As Demand Declines

GOA, PORTUGUESE INDIA. —(AP)—An estimated 70,000 tons of iron ore have piled up here because of a sudden fall in foreign demand.

The decline in exports is attributed to foreign competition, failure of Goan exporters to furnish guarantees to importers, and unfavorable rail rates in Goa. The press here is campaigning for government assistance to counteract competition and provide all possible facilities to exporters.

Goa's exports of manganese, an important dollar-earner, have not been affected. The iron-exporting industry is relatively new here.

Swiss Don't Savvy Their Own Jokes

ZURICH, SWITZERLAND —(AP)—Night-club entertainment in perfect English by entertainers who don't really understand a word of it currently is amusing American tourists at Switzerland's low-budget "cabarets."

Poking fun at Hollywood glamour girls, the teen-age set, romanticized "private-eyes" and other familiar U. S. types are night-club stars who learned correct accents and gestures from frequent movie-going.

Light Bond Asked For Red Residents

SEVIERVILLE, TENN. — (AP) — If you're a Communist, it's okay for you to live in Sevierville.

But you must abide by the new city ordinance.

That law requires you, among other things, to post a $1,000,000 bond to keep the peace.

Advertise Or Be Forgotten

HOME OF FINE CABINET WORK—The Gates Cabinet Shop, 411 West Kentucky Street, specializes in any type woodworking job from window frames to the finest cabinet work. Another specialty is the installation of plastic cabinet tops. Pictured, left to right, are Joe Schuman, head cabinet man, and A. F. Gates, owner. The telephone number is 1981.

Steak House Open 24 Hours Daily For Convenience

The Steak House, 611 West Wall Street, is open 24 hours a day to patrons who desire tasty meals or short orders.

Courteous, rapid service is a byword of the Steak House personnel and the management ever is alert to vary its menus to please the most discriminating persons. Whether it is a sandwich or complete dinner, you can depend on its being well prepared by cooks with plenty of know-how.

The Steak House is located conveniently on U. S. Highway 80 and serves as meal headquarters for many persons who travel this section.

The well-equipped and spacious Steak House can take care of parties and family groups and for short order customers there is a roomy lunch counter.

Booths or tables may be engaged for special occasions.

The welcome sign is out at all times at the Steak House, and you will find the atmosphere cozy and homelike.

The management has many years experience in serving the public and realizes there are many little courtesies which help to make a meal more enjoyable.

If you have not tried the Steak House, and have difficulty in finding a variety in the menus elsewhere, you are especially invited to try the food and service at this fine eating establishment.

Only expert cooks with years of experience are employed in the spotlessly clean kitchen at the Steak House.

Majestic Cleaners Does U-San-O Moth-Proofing

The Majestic Cleaners, 615 West Wall Street, handles all types of cleaning and specializes in fine fabrics. All garments are given the same expert attention by the experienced personnel.

U-San-O moth-proofing, which is approved and recommended by the experts in the cleaning business, is another service of Majestic Cleaners.

The wise owner always will take moth-proofing precautions before storing clothing and U-San-O has been proved in efficiency.

There is no time better than the present for getting those Fall clothes out of the closet and cleaned and pressed for the football games and other outdoor occasions which are at hand.

Billingsley Equipment

Majestic Cleaners is equipped with Billingsley equipment, which is of the most modern design. It is rated highly among cleaners for its fast and efficient performance.

Every garment turned out by Majestic is given a thorough inspection before delivery.

The firm solicits your business and promises the same efficient and courteous service which has won for it numerous customers.

E. G. Dill, the manager, has had 15 years experience in the dry cleaning business.

British Fortress Under Construction

ADEN, ADEN PROTECTORATE —(AP)—A British fortress now is under construction near Al Hamra, near Sumair, seat of the sultan of the state of Qutaibi, Arab news agency reported. The agency said the fortress will be garrisoned by about 250 troops and construction is being carried out with the approval of the Aden government.

Warring tribesmen have caused frequent trouble in this area in the past.

MORE MILEAGE

By rotating tires on passenger vehicles every 2000 to 3000 miles car owners may gain up to 25 per cent more tire mileage. Tire engineers report that the right rear tire usually gets about 38 per cent of all tire wear, the left rear tire 29 per cent, right front 19 per cent and the left front 14 per cent.

GAS-TURBINE 'SELF-STARTER'

First fully-automatic "self-starter" for gas-turbine power plants used in electric power generating stations, has been developed. The equipment will perform automatically and in sequence all the complex operations necessary to start and stop power plants of this type.

WESTERN STYLING FOR YOUNGSTERS—The trend to Western styling and to more function in juvenile furniture both are reflected in this attractive, sturdy grouping. Made of saddle finish maple, the pieces are topped and banded with washable, natural color Duran. The stirrup design drawer pulls, brass nail-head trim and branding markings all are typically wild-west details. The desk-chest and larger night table with drawer and shelf are new functional features.

Manpower Shortage Threatens Apple Harvest In Northwest

A critical manpower shortage which threatens the harvesting of a 40,000,000 bushel apple crop, has developed in the State of Washington, according to information received here.

The Washington apple industry reportedly will need 18,000 apple pickers for four to six weeks beginning October 1. Growers said the situation is worse even than during the war years.

New high rates of pay for pickers have been established and efforts are being made to induce laborers to move in on the "apple state," the Washington State Apple Commission said. "A Fall vacation with pay in Washington's Indian Summertime" is the slogan being used in an advertising campaign to obtain manpower sufficient to harvest the big crop.

Actually, what Washington's apple industry needs to do is move in people to the equivalent of another city of Wenatchee, Wash., which is called the "Apple Capital of the World."

ROAD HOG RUINS CAR

PADUA, ILL. —(AP)— A new automobile struck a 450-pound hog on a highway. The results: The car was damaged extensively. The hog was killed.

Mother Gives Child Shoplifting Ideas

SAN BERNARDINO, CALIF.—(AP)—Police booked a woman on suspicion of grand theft. They said she was teaching her nine-year-old daughter the fine points of shoplifting.

Capt. Vernon Shiflett said the mother would stuff a shopping bag full of unpaid for merchandise, then hand it to her little girl to carry from the store. He said the girl admitted she and her mother were a team.

Israel Birth Rate, Infant Deaths Gain

JERUSALEM —(AP)— Infant mortality is on the increase in Israel. The government's statistical monthly reported a rate of 52.7 per 1,000 births during the first quarter of 1950. The figure was 47 in the corresponding period of 1949.

The birth rate is rising. It was 35.5 per 1,000 population from January through April 1, 1950, compared with 27 per 1,000 in that period of 1949.

SYRIANS TO SPREAD ARABIC

KARACHI, PAKISTAN — (AP) — The Syrian minister in Pakistan, Syed Omar Bahauddin El-Amiri, has pledged his country's support to spread the Arabic language in Pakistan. He announced plans to open Arabic reading centers in Karachi and to obtain Arabic books from Damascus to popularize the language in Pakistan.

Deep-rooted clovers open subsoil to rain or irrigation water.

SNOWHITE
Is Coming To Town!

Youth Center Chatter

By JOYCE HOWELL

Thursday, and here we are again, back with more news and happenings during the third week of school.

First of all, we would like to express our thanks to Mr. Avery who repaired the public address system free of charge last week. The system makes it much easier to call teeners who are at the other end of the Youth Center.

A week ago Thursday, more than 50 teeners attended the meeting at the Center during which Mrs. Gwyn, our director, outlined a few of the plans for this Fall. Dances at the Center will be held after each home football game. These dances will begin right after the games and will last until midnight. Music will be furnished by the big name bands of the nation via our favorite juke box. Girls, here's good news for you. The football boys will be allowed to stay up until twelve after the games—if they feel like it, that is.

Two Pool Tables

There are two pool tables now. One for the girls and one for the boys. Mrs. Gwyn also told us about Mrs. Williams who is our temporary director while Mr. and Mrs. Gwyn are on vacation. The meeting ended with the members drawing numbers for the pool tables.

Mr. and Mrs. Gwyn left after the Center closed last Sunday afternoon for a trip up through the northern states and Canada. They plan to go through St. Louis, Mo., and Chicago, Ill. to visit relatives.

While our director is on vacation, Mrs. A. G. Williams is in charge of the Center. Mrs. Williams has had much experience with the high school and college age group. For two years, she was hostess at the Kappa Alpha Theta Sorority house at the University of Texas. She also was house mother for the Gamma Phi Betta at the university. Mrs. Williams recently is from Oklahoma where she was hostess for the Phi Kappa Psi Fraternity at Oklahoma University. In addition to all this experience, Mrs. Williams has raised three daughters of her own.

Elizabeth Williams, Mrs. Williams daughter, also will be seen at the Youth Center the next two weeks. Miss Williams attended St. Mary's School in Houston, Monticello and Katherine Gibbs Colleges. She has lived in Midland two years now, and her mother came out a year ago to join her.

The Seniors received their 1951 rings Monday and they certainly are proud of them. From the way the Seniors act, one would think the blue amythist is a huge diamond. The school motto, "Not Failure, But Low Aim, Is Crime" and a Texas Longhorn steer's head appear on one side of the stone, with a Bulldog head and the words, Arts, Science, Languages, and Industries" on the other. Midland High School and the year is inscribed around the stone.

Last Friday all band students received the jackets they earned last year. They are grey and—yep, you guessed it—purple with gold band letters on the left side. Bill Crites was wearing his at the Center and we certainly do think they are nice looking. Bet it won't be long now before we see a lot of girls wearing those belonging to the boys.

Tom Carrathurs looked very gay the other night. He was sporting a new pair of bright fire-engine red moccasins.

A new way of playing throw ball (No one seems to know the correct name for this game and everyone terms it by a different name, so we'll just call it throw ball) has been devised by Vernon Carpenter. He was seen throwing all the balls at once and crawling half-way up the alley in order to catch any returning balls. Did you make a higher score playing by your own method, Vernon?

Francis Herrern and Ann Graham also have devised a new way of playing an old game. Ping-pong certainly is more exciting when played like badminton!

"New" Dances

"Bet you can't do it like this!" Jo Ann Cunningham and Jan Scott were practicing the dance, La Raspa, and between falls, they were doing a pretty good job. The Charleston is another dance along with the Shag which rapidly is rising (or should we say "re-rising"?) to popularity. The only trouble is that no one seems to know very much about the Charleston or the Shag. Bet a lot of adults would get quite a kick—and many a laugh out of seeing the teeners attempt these dances.

The bazaar sponsored by St. Ann's Catholic Church Saturday night also brought out a lot of teeners. Fishing for prizes, turtle races and eating barbecue were a few of the things the teeners enjoyed. Toya Chapple and Thomas Smith were urging the turtles onward. Tom said he had "fixed" the races by feeding bubble gum to No. 4 but we noticed that No. 3 also won a few races during the evening. Nina Wendt, Marion Sevier, and Leon Cline also enjoyed the turle races.

Wandering Thoughts

We noticed Tommie Jean Underwood wearing a brightly striped red, blue, green and yellow tennis cap.

Susie Young has mentioned she would like to have her name in the column, but she can't think of anything of interest she has done lately. Here's your name anyway, SUZANNE NO-MIDDLE-NAME YOUNG.

What were Sue Johnson and Patty Hammon laughing about in algebra class?

Why do the Freshmen break into a mad race every time an upper classman offers them a ride?

What was Bill Erskine dressed to represent last week? We saw him in the Center wearing high boots, a war helmet, and carrying a long gun. (Don't be alarmed, the gun was just a toy.)

Uke playing really is back again. We often have heard groups of girls—or boys—gathered around the piano at the Center, singing to the music (and we really are stretching the use of that word) of the uke and piano. Martha Frick and Mary Jane Miller were strumming away on one the other day. Peggy Charleton felt the urge to strum, but she had only a tennis racquet handy. That didn't bother Peggy! She picked up the racquet and strummed away. Background music for Peggy's racquet solo was furnished by the juke box, which played "I'll Find You."

New Teeners

We won't attempt to tell you about all the new teeners in Midland, however, we would like to tell you a little about some of the new ones we've met at the Center this week.

Jackie Brady is a new Junior in Midland. Jackie moved here late in June from Tulsa, Okla., and she is interested in music. June was the month during which Lynn Hibbit moved here, too. Lynn, who is a red head, came from Dallas. She is a Freshman in high school.

Bet Studdert, who left last Saturday for St. Mary's Girls Junior College in Raleigh, N. C., introduced us to Emily Studdert, her cousin from New Burn, N. C. There are two others in the branch of the Studdert family—George, who is a Freshman, and Edna who still is in junior high school. They moved here about three weeks ago. Bet supplied us with quite a bit of information about Emily. Emily owns two collies—we forgot to ask about any other pets or such.

We've also met two new boys at the Center since school began, Bobby Culpepper and Roy Ripley.

More Newcomers

Bobby is a new Sophomore from Harrison, Ark. He moved here during the latter part of July. This new comer's nickname is Speck.

Roy, a Senior, hails from Brady, Texas. The oldest of seven, he is seventeen years old. Money and chicken rate as tops among his list of favorites, and to quote Roy, "for the sake of advertising, girls rate high on my hit parade." While living in Wheeler, Roy was a cheerleader. He already has copped honors at M.H.S. as secretary of the Senior Class.

Friday night is the BIG NIGHT for teeners and adults alike in Midland. The Midland Bulldogs will open the season against the Yaleta Indians in Memorial Stadium. The Bulldogs have been working hard this Fall and we know they will win this first game. Band and drill squad members, majorettes and cheerleaders also have been working hard.

We'll expect to see all of you out there Friday night. Don't forget the dance at the Youth Center after the game.

That's about all for this week, so we'll be toddling—or rather, Shagging along until next week.

New Locations Total 103 In West Texas District

This list of applications to drill new petroleum projects in the Midland district of the Oil and Gas Division of the Railroad Commission of Texas, filed with the regulatory body's office in this city during last week totaled 103 new projects.

Of those projects 25 of them were wildcats. In addition, amended applications, covering changes of locations or some other item, were filed with the commission on nine previously reported operations.

Ector County claimed three of the new locations. Howard, Scurry and Terry Counties each reported two new ventures. The remaining prospectors were distributed one each to Borden, Cottle, Crane, Culberson, Crosby, Gaines, Kent, King, Loving, Martin, Midland, Motley, Reeves, Sterling, Ward and Yoakum Counties.

Ector County led the list of field projects with a total of 18. Scurry followed with 15 new locations and Pecos County had 10.

Drillsites were established for six new projects in Dawson County. Andrews, Gaines and Kent Counties each report five new explorations.

Three new locations were staked in Crane County. Cochran, Hockley and Loving Counties listed two projects each.

The remaining new sites were divided equally among Garza, Hale, Howard, Midland, Mitchell and Winkler Counties. One new location was reported in each of these counties.

The amended applications were distributed two each to Crane and Scurry and one each to Ector, Kent and Winkler Counties. Garza and Loving Counties each reported an amended application on a wildcat location.

Andrews County

Stanolind No. 2-K David Fasken, 660 feet from north and west lines of northeast quarter of section 42, block 41, T-1-N, G&MMB&A survey, rotary, 5,000 feet depth, Midland Farms field, starting immediately.

TREND CUTS GREASE FASTER

SEE LOCAL GROCERY ADS FOR BARGAIN PRICE ON BIG TREND
2 PACKAGE SPECIAL
LOOK FOR COLORFUL TREND BOX—AND NEW LOW PRICE—ON YOUR GROCER'S SHELF!

Guarantee
TREND is fully guaranteed to do a faster, better job of washing greasy dishes, pots and pans than any dishwashing soap you can buy—or double your money back. If you are not entirely satisfied, return the unused portion to your grocer. He is authorized to refund double your purchase price.
Made by the makers of PUREX—the gentle bleach

OR DOUBLE YOUR MONEY BACK!
TREND, the scientists say, has the finest 'grease-stripping' action ever developed. It gets right under the grease on dishes, pots and pans—right under dried egg and cereal—strips it off like magic. Prove it yourself. Buy TREND today.

MILDER THAN PURE SOAP
Patch tests, made on women's skin, show that TREND is milder for *your* skin than the purest soap. And why not? TREND is neutral. Imagine a dishwashing suds that cuts grease faster than any soap made...yet actually *babies your hands!*

Business Shuns Excess Food Stockpiling

NEW YORK—(NEA)—One encouraging angle of the food hoarding spurred by the Korean war is that to date there is no evidence that big food business is repeating its 1942 stockpiling by buying up supplies far in excess of normal needs.

The U. S. Department of Agriculture's production and marketing sugar branch reports that from all they can find out large food manufacturers have not been buying up unusually large supplies of sugar.

George Dice, acting chief of the sugar branch, says industrial users had allowed stocks to run lower than usual this Spring. They were expecting a drop in demand which did not materialize. Then on June 23, when it was announced that sugar prices would go up on July 3 in some areas and on July 10 in others, they naturally decided to save money and buy up some extra supplies.

Their buying came before the Korean affair—at least their orders went in before that. Dice thinks with them it was simply a question of buying while prices were lower.

Concern Shown

Another Agriculture Department spokesman admits that in view of what big business did on the outbreak of the last war, government was greatly concerned how business would react to the Korean situation. But up to now, he reports, no tendency to repeat 1942's rush to hoard has been seen.

Manufacturers are aware of marked differences in the food supply picture today, he points out.

The 1949-50 world sugar crop will be the largest in history. Our own sugar beet crop is also expected to be the largest on record and our sugar cane crop a third larger than average. Cuban production is double pre-war output and our quotas of imports from Cuba were recently increased and can be increased further.

The fats situation is also far stronger. The tremendous growth of the detergent industry in the last few years has shrunk a major outlet for meat packers' animal fats and an important market for vegetable oils. Furthermore, these soapless detergents can be made from petroleum or such oil derivatives as benzine or kerosene, instead of coconut oil from the Philippines.

The world crop situation this year has greatly improved. But every country is dollar hungry. Therefore, in our strong dollar position, we can buy food throughout the world in the event any shortages develop here.

Nevertheless, this Department of Agriculture spokesman adds, if the general public does not halt its unchecked raids on grocers' shelves, their panic may cause food manufacturers to get worried and begin to protect themselves by unusually large advance buying.

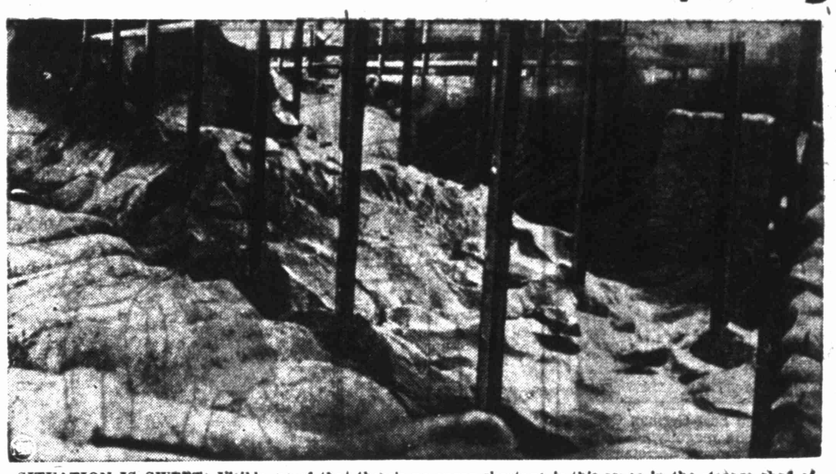

Paul S. Willis, president of the Grocery Manufacturers of America, does not expect this to happen. He says food processors know the present shortages in stores are caused only by delivery delays.

He explains that in some areas customers are stripping stores of their normal weekly supplies in one or two days. Several "shortage" days follow before the trucks from the well-stocked warehouses can deliver more supplies.

Many chain grocery companies are fighting the hoarding by refusing to increase their normal deliveries to branch stores. Safeway Stores have warned their branch managers not to order more than their normal weekly supplies even though customers have stripped down their shelves temporarily.

The A&P Food Stores have not changed their policy of having individual stores in the chain order on a day-to-day basis.

John Hartford, board chairman of A&P, says, "We will make every effort to hold our inventories at the lowest point consistent with good service to customers because hoarding, whether by wholesalers, retailers or consumers will cause higher prices."

SITUATION IS SWEET: Visible proof that there's no sugar shortage is this scene in the storage shed of a Boston refinery, where more than 30,000,000 pounds of raw sugar are piled up.

SIDE GLANCES

"But I don't want you to be a genius and shake the world—I want you to come into the firm with me!"

Traffic Arrest Ends In Marriage

DALLAS—(AP)—When Dean Williams, a pretty, 25-year-old office worker, made an illegal left turn in her car, a cop nabbed her permanently.

Involved was a $1 fine, a cup of coffee and a practical joking lawyer.

Sparks flew during the curbside meeting between Miss Williams and Officer Homer MacNamee, 32, two months ago. She got a ticket anyway. She turned it over to a lawyer in the office where she works, but she paid a $1 fine.

The attorney as a practical joke arranged a meeting between Miss Williams and MacNamee. The officer was in civilian clothes. He invited the young woman for a cup of coffee. She accepted.

"I didn't recognize him at first, but then all of a sudden it struck me that he was that darn cop," she said.

But a dinner date followed. Love blossomed. They were married recently—in the home of the practical joking attorney.

"Now every morning before he goes to work," Mrs. MacNamee said, "I tell him to think twice before he gives another woman a ticket."

Oldtimers Know Lineup Schedule

NEW YORK—(AP)—Charles Rogers, 66, has been arrested 66 times; Joseph Morris, 61, 31 times.

Now they know police station routine better than the police.

They showed that after the pickpocket squad nabbed them on the usual charge, jostling.

Taken to the police station, they walked without instructions to the desk to be booked.

Then they led the way down a grill-closed stairway to the identification bureau and assumed proper positions for photos.

In the fingerprinting room they need no advice to "leave your hand limp."

Then one officer said: "Well, let's go to the lineup room."

The prisoners looked incredulous.

"What's the matter, Bud?" said one. "Don't you know there's no lineup on Saturday."

There isn't, either.

TIRED OF POLITICS

WINNIPEG—(AP)—A drowsy air enveloped the committee room at the city hall. The public work's committee still had a long way to go on its 80-item agenda. A gentle snore rose from the end of the table followed by a loud crash. Rising with dignity, the alderman picked up his chair and remarked: "Well, that's one way to wake up."

Book On A-Bombs Is Having Fast Sale

WASHINGTON—(AP)—A government-printed book on atomic bombs is going fast but its sale is not expected to outstrip that of "Infant Care."

Government printing office officials said "The Effect of Atomic Weapons" has sold close to 45,000 copies since its publication five weeks ago. Another printing of approximately 10,000 copies is contemplated.

But GPO's all-time best-seller, prepared by the Children's Bureau and originally issued in 1913, has a record of more than 6,000,000 copies sold to date. That record looks as though it will never be topped, an official said.

Old Headquarters Of Washington Sold

HATBORO, PA.—(AP)—George Washington would have to dig pretty deep to buy one of his old headquarters these days.

The 140-acre "headquarters farm"—used by the Continental Army commander during 1777—was sold recently for $97,700.

The main house and six acres—three miles north of this Southeastern Pennsylvania community—went for $49,000, with the remainder of the property sold in three separate parcels.

Legion Announces Dances For Fall

The American Legion Post has announced three Fall dances. All will be held in the Legion Hall.

The first one will be October 14 and is an "Early Bird" dance. All holders of 1951 legion membership cards will be admitted free.

November 18 is just a regular dance. One dollar admission will be charged.

December 16 there will be the annual Christmas Dance for legion members only. Membership cards are good for admittance.

Mystery Of Insect Behavior Is Studied By College Scientist

BALTIMORE—(AP)—Why do mosquitos dive bomb you one day and snub you the next?

What makes a bee more active at one time than another?

And why will a moth dance around a light one day and stay in the shadows the next?

A Johns Hopkins University scientist believes the answer to those and other insect-life mysteries may be found in a study of tiny time and space changes in the weather near the earth's surface.

The university announced that the scientist, Dr. Vincent G. Dethier, has opened a research station at East Bluehill, Maine, to try to get to the bottom of the riddle of what makes an insect act as it does.

Dr. Dethier is studying these minute weather changes, usually occurring within five feet from the ground, with the assistance of a bevy of bees, moths, mosquitos and other insects.

Brother Assists

His brother, Bernard Dethier, formerly of the climatological division of the Patterson Weather Station, Salinas, Calif., is associated with him in his work at East Bluehill.

The Army is a co-sponsor with the university in the project.

It particularly is interested in testing the value of newly-developed insect sprays and other repellents.

The university said the two scientists are making the first intensive study of those tiny weather changes in relation to their effect on animal life.

The so-called microclimate has great influence over the behavior of living things at the earth's surface, Dr. Dethier explained. In fact, he said, it is those almost undetectable changes which have the most influence.

The Dethier brothers have set up a series of ingenious experiments at their laboratory in Maine.

To find out what makes a honeybee tick, they have placed sugar containers at strategic spots around the station and carefully are recording the number of bees visiting the containers under different weather conditions.

At night, moths are trapped as they hover around electric lights and their numbers and types are recorded.

WELL-BALANCED ARRANGEMENT—This charming, traditional-style living room illustrates the importance of a well-balanced room arrangement. Note that the sofa, chairs and tables are placed so that they do not interfere with traffic in-and-out of the room. The sofa and two chairs in the foreground form an ideal conversational grouping while the arrangement in front of the window lends itself to a game of canasta or bridge.

PECOS NEWS

PECOS — A petition seeking a $125,000 bond issue for the construction of a county hospital was submitted to the Reeves County Commissioners' Court recently. At present the county is using the facilities of a local privately owned hospital for emergency cases and others usually handled by a county installation.

City Secretary Bob L. Davis has announced his resignation from that office to accept a position as secretary - manager for McCamey. Davis' resignation is to become effective at the close of business October 15 which will be two years after he accepted the position.

A. V. Patterson of Odessa and Bill Cheatham of Midland were speakers for the Quarterback Club meeting recently. Patterson, football commissioner for District 5-A, explained some of the duties of his office, while Cheatham discussed some recent changes in football regulations and duties of game officials. Cheatham is president of West Texas Football Officials Association.

FIRST SHOWING OF THE 1951 AIRFLYTES

The Dashing New Rambler
★ It's the new 1951 Rambler Convertible Sedan. Like the super-smart Rambler Station Wagon, this Airflyte powerhouse gets up to 30 miles a gallon at average highway speed.

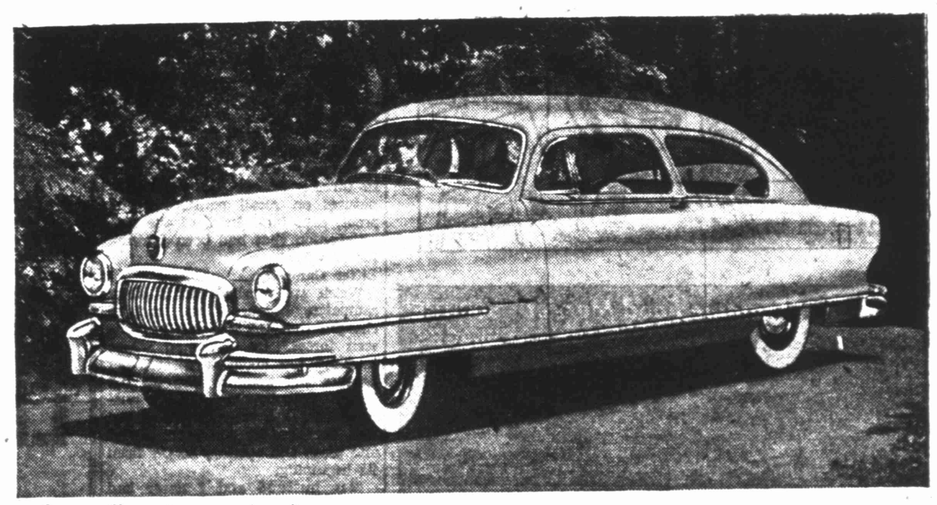

The World's Most Modern Cars!

Nash—first to design and build automobiles on modern aviation principles—is proud to present sixteen thrilling new 1951 Airflytes—the world's most modern cars. Visit your nearest Nash dealer. You will see cars deliberately designed to be free from body-bolt rattles. You will see priceless exclusive developments that bring you completely new safety, riding comfort, performance and economy.

You will see the extra values that have earned Nash a postwar sales gain five times as great as the average of the industry. Before you decide, take an Airflyte ride—in the world's most modern car.

NO OTHER CAR OFFERS YOU THESE PRICELESS BENEFITS

★ Airliner Reclining Seat
★ World's Best Aerodynamic Design
★ Twin Beds
★ Weather Eye Conditioned Air System
★ Most Usable Luggage Space
★ Airflyte Construction
★ Most Comfortable Ride You Ever Tried
★ 20 Different Interior Color Combinations

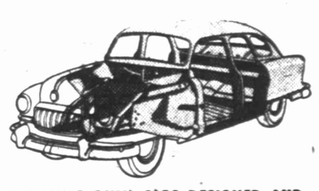

The Distinguished Ambassador
★ Meet the most modern of America's finest cars—offering you the last word in luxurious appointments . . . the best automatic transmission—Hydra-Matic Drive . . . and the engine that recently covered 712 miles at a record 95.3 m.p.h. Here is your finest value in fine cars.

1951 Nash AIRFLYTE
The World's Most Modern Cars
THE AMBASSADOR · THE STATESMAN
THE RAMBLER

The Popular Statesman
Now available with Hydra-Matic Drive! ★ Here is the newest and finest Statesman; the big, roomy car that goes more than 25 miles to a gallon at average highway speed. It's new in aerodynamic beauty—new in interior refinements.

WORLD'S ONLY CARS DESIGNED AND BUILT ON AVIATION PRINCIPLES
In every Nash you get the benefits of Airflyte Construction—body-and-frame are welded into one single, double-rigid unit that is lastingly free of rattles and squeaks. Gives you a steadier, smoother, safer ride. Stays new *years* longer.

Nash Motors, Division Nash-Kelvinator Corp., Detroit, Michigan

+ Jacoby On Canasta +

By OSWALD JACOBY
Written For NEA Service

Should a player always be required to discard?" asks a Canasta fan of McCrory, Ark.

"Several times in a game someone has come down to a one-card hand. He could then meld the card drawn from the stock pile. He melded this card, kept the one card that remained in his hand, but made no discard.

"My impression is that regardless of the situation a player must always discard, unless he is melding out. Would you be good enough to confirm or deny this?"

My correspondent is absolutely right. The laws very clearly state that a player must discard at each and every turn, except when he melds out legally. There is only one other exception to this rule. If you draw the last card of the stock, and it happens to be a red three, you may meld, but may not discard; and the hand ends at that point.

In any other situation at all (except when melding out) you must discard as part of your play. After you have discarded, you must still have one card left in your hand.

It is never permissible to say "Pass," or to knock on the table as a sign that you are not going to make a discard. The rules give you no such right.

In this situation, a player who is unwise enough to reduce down to one card before his side has made a canasta, is not permitted to meld what he draws from the stock. He must discard either his original card or the card he has just drawn.

* * *

Q—When you have only two black threes left in your hand and the discard pile consists only of one black three, can you pick it up and meld out?

A—No. You are never permitted to pick up the discard pile when the previous discard is a black three. Such a card is always a "stop" card.

* * *

Q—Are you allowed to meld two black threes and a deuce when you meld out? What about three black threes and a deuce?

A—You are allowed to meld two black threes and a deuce when you meld out. The only other melds with black threes are three black threes (without a deuce); and four black threes (without a deuce). No other melds are possible with black threes.

* * *

Q—One side makes a canasta with four tens and three wild cards. Is it legal for that side to try for another canasta of four tens and three more wild cards?

A—That is perfectly legal. I cannot say as much for the advisability of making such a play. It is usually more sound to use your wild cards on some other meld. You may be able to get five or six natural cards in another meld, and thus you will need fewer wild cards to complete the canasta.

* * *

Q—We had a mixed canasta that consisted of four natural cards and three wild cards. Several founds after this canasta had been made we wanted to add another wild card to that canasta. Was this permissible?

A—Yes. If the canasta already is made, you are always permitted to add extra wild cards to it.

Mrs. I. C. Bowery of San Bernardino, Calif., writes as follows: "One of my opponents melded three aces and then discarded her one remaining card which was a king. Her side did not have a canasta, so she was not out. My partner could take the king. What should be the procedure? I read your column every day and hope you can answer, as there are a whole bunch of us interested."

Mrs. Bowery's question is a rather important one as this situation happens quite often. Here is what should be done according to the laws of canasta.

The last paragraph of law 10 reads as follows: "When a player melds out legally, he need not discard. At all other turns to play a player must both discard and retain at least one card in his hand after discarding."

The laws further provide that a discard once made must stand. Hence the discard of the king stands and Mrs. Bowery's partner is entitled to take the discard pile.

The meld of the aces does not stand since that would leave the player without any cards in her hand. Instead the aces become penalty cards. As such, they are left face up on the table, and definitely are not melded. Instead they are treated the same as cards in the player's hand except that they must be discarded one at a time unless they can be melded legally.

* * *

At her next run to play the lady with the aces on the table will draw. If she can take the discard pile she may do so. In this event, she will have cards in her hand and will be able to meld the aces. Or maybe she will be able to complete a canasta in which case she may meld the aces and go out.

Failing either of these happenings she will have to discard one of the three aces. The same process will have to be repeated at each of her next two turns to play whereupon she will be rid of the aces and be able to play normally.

Finally, if someone else goes out before she is rid of the aces they will be counted against her. When someone goes out penalty cards are counted as if they are in the player's hand.

MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, overexertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and helping to bring back alluring curves and graceful slenderness. Just get from your druggist, four ounces of liquid Barcentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Housewife Defeats City Hall Machine With Aid Of Family

GRAND RAPIDS, MICH.—(NEA)—As a young public school teacher back in the 20's, Dorothy Judd didn't think much of the civics textbooks she had to work with.

A little later, as a young lawyer's wife, Mrs. Judd didn't think much of the political machine that was running her city's government.

Lots of other people felt the same way, but they were too busy to do anything. Mrs. Judd was busy, too. She had a house to run, and two daughters to raise. But she couldn't forget her feelings about textbooks and city hall. So she took on another job and went to work with the League of Women Voters.

Down For Count

Today Mrs. Judd's determination not to sit back and merely "deplore" the situation is credited with finally running machine politics out of the Grand Rapids City Hall for good.

In between there were a lot of frustrations. And there were plenty of complications over mixing what she calls "practical politics" with the business of running a family.

While her two daughters were growing up, Mrs. Judd held many top posts in the League of Women

Dorothy Judd: Practical politics became a family affair.

Voters and served on state commissions to revise election laws and set up civil service. At one out-of-town League convention, she had to bring along her younger daughter, then an infant, so her nursing schedule wouldn't be interrupted by politics.

Her first stab at her own city's machine was in 1932, when city hall was known as the "Fun House" and reform efforts were overwhelmed by Mayor George Welsh and his political sponsor, Frank McKay.

Elects Slate

That time she helped organize the Better Government League. In 1934, that group elected its own slate of candidates, which favored a revision of the city charter to allow the city manager to do his administrative work without political manipulation.

Then the citizens sat back, and a year later Welsh and McKay moved back into power.

Dorothy Judd went back to her League work. Two years ago she began holding evening meetings with 15 young couples to study the problems of the city's schools and government. The group grew, and became a new organization—Citizen's Action.

CA's new power — which didn't die this time—was touched off last year when the city manager was summarily dismissed for refusing to take dictation from the machine in the appointment of a city assessor. In three weeks, CA got 27,000 signatures on recall petitions—sure proof, says Mrs. Judd, of the dissatisfaction that had been growing for 15 years.

Bitter Campaign

Welsh was recalled, and a bitter campaign began. The machine charged that CA was run by "unseen forces," by a woman whose husband was about to divorce her because she wouldn't give up the fight. Actually, Mrs. Judd's husband, Siegal, a prominent attorney, was contributing his legal advice and ideas and strategy to CA from its beginning.

"My husband and I never had so much fun together," says Mrs. Judd. The rest of the family was in it, too, with her daughters and her father, who had served as a city commissioner during the brief 1934 reform, all lending a hand.

When the votes were counted, Citizen's Action had elected its candidate for mayor and four out of five city commissioners. CA directors ruled themselves out as candidates, although her admirers think Mrs. Judd has just about everything it takes to be a candidate for any office.

Catching Up Now

Right now she's catching up on a few things she had to skip as full-time unpaid executive director of the CA. She's redecorating her house, baby-sitting with her grandson, and seeing friends at tea.

She didn't forget that civics book, either. She got around to that in 1948, working mostly from five to seven in the morning to write one called "Our City Government," which has been praised by the National Municipal Review as a model of its kind.

Citizen's Action isn't coasting, however.

"My job is only begun," says Mrs. Judd. "It takes someone plugging away behind the scenes to keep a movement like Citizen's Action alive. If it folded up now the old boss would elect the next city commission."

The male and female albatross take turns sitting on the eggs.

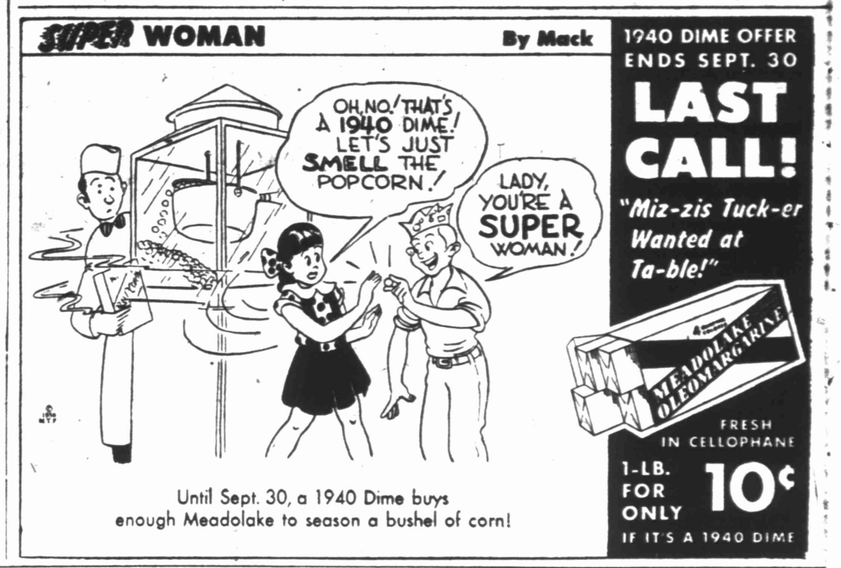

THROUGH THE LOOKING GLASS—When East German Communists examine their potato bugs under the magnifying glass, they find their faces look like President Truman, Secretary of State Dean Acheson and other American officials. At least, that's the story they're circulating in the anti-American pamphlet from which this sketch is taken. The Reds call it "documentary proof that American planes are dropping potato bugs to sabotage East German crops."

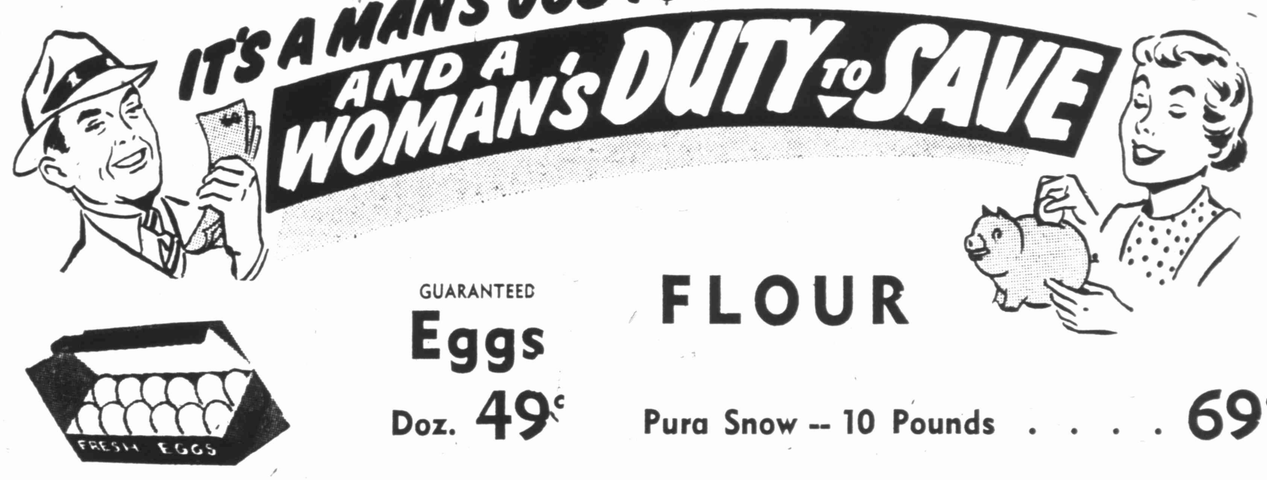

The U. S. government had to resurvey 1,000,000 acres of land after the 1812 earthquake at New Madrid, Mo.

Stephen Foster, famous author of southern songs, never lived in the south. Born in Pittsburgh, he died in New York City.
