FOOT AND MOUTH DISEASE IS MOVING NORTH—McCann (cq), Victoria, Texas, rancher and member of the Livestock Sanitary Commission, points to a map which shows northward progress of foot and mouth disease among cattle in Texas. He and other members of the commission say the disease is 275 miles from the Texas border.

Forty-four More Blocks May Be Approved for Mail Service

Forty-four additional blocks of Perryton have been recommended for city mail delivery by local office, providing requirements are met by the city along the proposed routes. Fifteen of these blocks have the necessary requirements, and nearly certain that approval for city delivery will be made. These blocks are located in the area between 9th and 11th avenues, from Main street west to E. 10th.

Other 20 blocks include the area between 11th and 12th avenues, and a section in the northeast part of the city, east of State street to 2nd avenue, north to Brillhart avenue.

A postal inspector made a trip to Perryton last Saturday, and advised the local office that approval of the additional city blocks was likely, if the requirements were met. These requirements include street markers, numbers, paved or gravelled streets and connecting side streets.

The Chamber of Commerce has approximately 500 numbers and these numbers were placed on houses in proposed delivery area by volunteer workers last Saturday. O. T. Throckmorton, E. W. Waide, R. E. Waide and Lee H. They put up house numbers until the supply was exhausted.

Citizens living south of 9th are urged to comply with postal requirements so that delivery service may be extended to them. At present, most of these citizens have to call for their mail at the general delivery window at the post office. There is a shortage of boxes in the office. The territory south of 9th avenue is the largest group selected for city delivery extension.

Celebration at Spearman Will Be Big Affair

Perryton citizens who will be estimated 5,000 visitors to the occasion of their sixth Celebration Friday and Saturday April 23 and 24th, will see their new \$50,000 Community building and their new permanent Rodeo Arena. Citizens taken a lot of community spirit to make possible the holding of these two investment. Faced with the building cost that outlayed the generosity of even citizens, the VFW challenged the Chamber of Commerce to complete the two projects in time for the celebration. This month 30 men have been on a trek to Borger for supplies, all labor and contributed by individuals.

See No. 3, Page 6

District Court Scheduled to Open April 19

The regular three weeks term of the 84th Judicial District will convene in Perryton on Monday, April 19, with Judge Jack Allen presiding. The State of Texas will be represented by District Attorney W. L. McConnell.

Mrs. Sue Ragan as district clerk and Sheriff W. H. Lance will assist the court with the docket. Brents Norman is the court reporter.

There is a light docket for this term of court, due to the continuous term system, whereby many cases are disposed of throughout the year. There are 23 civil cases on the docket and there are six criminal cases awaiting action by the grand jury. Included in these criminal cases are a drunk driving charge, wheat theft and forgery charges.

The grand jury panel has been drawn, with the jurors to appear at the courthouse on Monday morning, April 19, at 10 o'clock. Jurors summoned for this term are Lewis Bryan, Giltner LaMaster, Charley Kent, E. W. Thomas, D. D. Hummer, Roy Stollings, Lawrence Elzey, Henry Pshigoda, Martin McCarty, Travis Flowers, John Luthi, Herman Hargrove, O. R. Truax, R. W. Haley, Earl McGarrugh and John E. Johnson.

John Deere Men Swarm Into Local Man's Wheat Field

John Deere dealers converged on Perryton this week from four states, and from a radius of 350 miles, coming by plane, bus and automobile.

The reason for the sudden interest in Perryton was the unveiling of the new John Deere diesel tractor, which was put on display to dealers at the W. H. Lance land, four miles west and two miles north of Perryton.

This is the first diesel tractor ever made by the John Deere Co. The tractor which the dealers have been inspecting is a test model, the company having not gone into production on it as yet. It is approximately 25 per cent larger than any previous John Deere tractor.

Approximately 250 John Deere dealers have inspected the new machine.

The Perryton Implement Co., local John Deere dealers, have been acting as hosts for the demonstration, assisting the factory men in explaining details of the new tractor.

With all the tests and activity, Bill Lance's wheat field is getting a real massage out of this tractor demonstration.

Standard Soil Dist. Hearing Is Scheduled

A hearing will be held in the district courtroom on April 22 regarding the establishment of a standard soil conservation district.

Petitions asking for the hearing have been submitted for several weeks, and the hearing will be the final step preparatory to calling an election to determine whether or not the county will form a standard district.

Officials from the state soil conservation board will be present to explain fully the details of the standard district.

Ochiltree county is in a wind erosion district at present. The trend has been toward a standard soil conservation district all over the state during the past few years. Lipscomb county adopted the standard district a year ago.

PHS Girls' Chorus to Attend Music Festival

The girls' chorus of Perryton high school will participate in the regional music festival to be held in Lubbock on Friday and Saturday of this week. Schools from over the Panhandle and South Plains will compete in this festival.

W. E. Perry is Head of State Photographers

W. E. Perry was re-elected president of the Texas Photographers Association at the 21st annual convention of the association held in Fort Worth last week.

The local man will start his second term as president, having been elected to that office last year, after having served as vice president for a year.

Other officers are Lloyd Baker of Beaumont, vice-president, and Wade Atkinson of Shamrock, secretary-treasurer. Atkinson will be remembered as the man who won first prize in the Ochiltree County Wheat Harvest Photograph contest last summer.

JUST HERE and THERE

We've heard several reactions to the "trade at home" theme of this column last week. Some were pleased, others indifferent, while a few thumbed their nose at us.

We do have an apology to offer for one very important omission and that is this... when you buy bottled drinks, buy Perryton by seeing that the bottle carries the label of the Perryton Coca Cola Bottling Co. We want to add that John Sammons, who by the way is one of our very best advertisers, did not mention this very glaring mistake to us. In fact old John went out of his way to express his appreciation...

And after he walked out, it flashed over us that we had not said a word about buying home bottled Coca Cola and soda waters and other beverages. John has one of the finest bottling plants in North Texas, a big payroll, pays lots of taxes and is a mighty good citizen in every way.

And while we're thinking about things to make for a better and bigger Perryton area... it occurs to us that the high cost of city property, especially residences, is a drag on the growth of Perryton. We've had dozens of people tell us that comparable residential property is much, much better.

OUTLIVES MORTALITY TABLE—Dr. D. J. Jenkins (left) of Daingerfield, Texas, (left) receives checks from J. B. Stringer of Mr. Vernon, Texas, and Mrs. Alma Coker, Mr. Pleasant, Texas. The checks are in payment of two policies he had with the Southwestern Life Insurance Co. Since Dr. Jenkins has outlived the mortality table of 85 years the company is paying the policies in full.

Perryton Will Launch Whirlwind Drive To Clean Up City on Thursday, April 22

PROCLAMATION

WHEREAS, the general health and welfare of our citizens depends upon wholesome surroundings arising from clean living conditions, and

WHEREAS, the lives and property of our people are endangered by fire caused by the cluttered conditions of our streets, alleys and vacant lots, and

WHEREAS, unity of effort is required for the future development of our community,

THEREFORE, I, RUFUS BOLERJACK, MAYOR OF THE CITY OF PERRYTON, do hereby designate April 22, 1948 as official CLEAN-UP DAY, sponsored by the Ochiltree County Chamber of Commerce, and call upon all departments of the city, its commercial organizations, schools, churches, civic clubs and all other associations and our people in general to take an active part in this constructive program for community improvement.

This, the 15th day of April, 1948.

MAYOR RUFUS BOLERJACK
City of Perryton, Texas

Spearman Boosters To Arrive Monday

Approximately 50 carloads of boosters, together with their five-piece hillbilly band and a troupe of square dancers will be in Perryton at 3 p. m. Monday, April 19, advertising the Sixth Annual Spearman Celebration. This year the celebration will see the dedication of Spearman's new \$50,000 Memorial Building and the new \$8,000 permanent rodeo arena.

All Citizens Asked to Help Clean-Up Day

Thursday morning, April 22, is Clean-Up Day in Perryton. Plans have been made to launch a city-wide blitz on trash, dirt and weeds that day, with the full cooperation of every citizen in town.

Business houses have been asked to close Thursday morning in order that everyone may take part in the clean-up campaign. Mayor Rufus Bolerjack has proclaimed April 22 as Clean-Up Day and has pledged the full assistance of city equipment and personnel.

Meeting place for the clean-up campaign is the corner of Main street and 2nd avenue, by the First National Bank. There have been 12 trucks secured to haul off the trash, and 12 clean-up captains have been appointed to organize the work.

These captains are Jack Atchinson, C. W. Foote, Glen McGibson, J. H. Stephenson, Roy Stinson, Delbert Davis, Louis Bryan, Harry Nail, O. A. Schuster, Orlan Bell, C. N. Smith and Virgil Castle.

These men have been assigned certain blocks and have been given a truck to haul the trash. They will need many assistants to load the trash and help gather it up.

Everyone who can possibly do so is asked to report Thursday morning, with shovels, rakes, pitchforks or any other tool that can be used in gathering up trash.

Home owners are requested to clean up around their premises and put the trash in their alleys, where it will be picked up.

City and county equipment will be used to spray alleys, vacant lots with DDT solution to kill flies and mosquitoes and destroy their breeding places.

The Chamber of Commerce is sponsoring Clean-Up Day, with the Civic Improvement Committee under chairman Arch Talley making the arrangements.

Members of the Lions Club, Rotary Club, Junior Chamber of Commerce, American Legion and VFW have pledged cooperation on this project.

Spring Revival At People's Chapel Opens

The spring revival of The People's Chapel opened Sunday night, April 11, with Rev. Ronald Crozier of Joliet, Ill., as the evangelist.

Services begin each evening at 8 o'clock. Special music is provided by the George Sisters.

Rev. Crozier conducted a re-

REV. RONALD CROZIER

val in Perryton about a year ago, and had wonderful results during his stay here. He is an accomplished trumpet player, in

Scouts Plan Scrap Drive

The Boy Scouts of Perryton will conduct a scrap drive on Saturday, April 17, using the proceeds from the sale of the scrap for troop activities.

Perryton business firms with scrap iron or any other kind of junk metal are asked to let the Boy Scouts know about it when they call Saturday. This scrap drive not only will furnish the Scouts with some troop money, but will perform a service due to the scarcity of steel scrap for the mills.

Persons interested in helping the Scouts locate scrap may contact Ralph Headlee, Walter LaMaster, Sidney Jines, Virgil Olmstead, or any Boy Scout.

Baptist Revival Well Attended During Week

The Baptist revival, which opened last Friday night with Dr. E. S. James of Vernon in charge has been exceedingly well attended, reports Rev. O. C. Curtis, pastor of the First Baptist Church. Dr. James spoke in school assembly Monday afternoon, appeared before the Lions Club Tuesday and will speak at the Rotary Club luncheon Thursday. Thursday night has been designated Men's Night, and a large crowd is expected to attend. Local men's organizations have been asked to come and attend in a body on this night.

Services at the Baptist revival meeting start each evening at 7:45 o'clock, not 8:45 p. m., as stated in the press advertisement in last week's Herald. The 8:45 time was an error which the Herald staff regrets.

Dr. James' sermons have been well received and have caused much favorable comment. His sermons have been direct, pointed, and contain much food for thought.

The revival meeting will continue through Sunday, April 18.

McPherson College A Capella Choir To be in Waka

The well-known A Capella Choir from McPherson College, McPherson, Kansas, will present an evening of entertainment on Saturday evening, April 17 at the Waka Church of the Brethren. The performance will start at 8 p. m.

The choir will stop overnight on their concert tour, enroute to Pampa, where they will appear Sunday morning. Arrangements have been made by the congregation to give a supper in the church basement for the students. Families in the Waka community will have the choir members as their guests Saturday night.

The group consists of 20 men and 18 women. They carry their own stage equipment with them.

See No. 6, Page 6

Health Round-Up Shows Tonsil, Tooth Deficiencies in Children

Results of the Health Round-Up for pre-school children of the Perryton area proved definitely the need for physical check-ups for these children before they start to school.

There were 64 children examined by local doctors and dentists at the Round-Up, which was sponsored by the PTA, under the direction of Mrs. Virb Conley, chairman of the health committee.

Of these 64 children, there were 24 with diseased or enlarged tonsils and 29 with cavities or other dental defects.

No deficiencies in eyesight or hearing were noted.

Parents of those children needing medical or dental attention were notified of their children's defects so that attention may be given before school starts in September.

Five children benefitted from the health round-up held last fall among the children of the elementary school. These five were discovered with badly diseased tonsils and through the efforts of the PTA and through the McMillen Sunday School, which gave \$100 for their treatment, all five have had their tonsils removed at local hospitals. Their progress in school work

Weed Control Meet April 22

Ochiltree county farmers and ranchers are urged to take advantage of an exhibit being displayed in Amarillo on April 22 by the West Texas Weed Control Assn., which consists of 36 Panhandle counties.

The exhibit, which will be held in the municipal auditorium, consists of every type of spray-handle counties.

See No. 5, Page 6

With Cooperation from Weatherman Ochiltree Might Make Normal Wheat Crop, Say Experts

Nazarene Church Services Opened Tuesday Night

Evangelistic services started at the Church of the Nazarene on Tuesday night, April 13, with Rev. Charles E. Channey of St. Louis, Mo., in charge. The services will continue through Sunday, April 25, Rev. John R. Hulcy, local pastor, has announced.

A special feature of the services is the Bradley Trio, talented singers and musicians of Muncy, Indiana, who present several selections of religious music each evening.

With cooperation from the weather, Ochiltree county and the surrounding area may make a "normal" wheat crop this year, according to reports of experts in the field. By "normal" is meant a 10 to 12 bushel crop, the average from 1936-1945. The bumper crops of 1944 and 1947, of course, cannot be considered normal, by any means.

The Santa Fe crop report, issued recently, the prospects were summed up as "poor" in this particular section of the wheat belt. However, the size of the crop will depend largely upon the amount of moisture during the next 60 days. Santa Fe experts point out that moisture is needed on the surface, since it is doubtful if the shallow roots will follow the present moisture into the subsoil.

Because of the dry fall weather seed in this area did not germinate until late, and as a result, there is very little root development and in many areas not enough top growth to protect the soil from blowing.

A. W. Erickson, noted crop reporter who visited Perryton about three weeks ago, forecasts a 10 bushel crop for the Perryton area, at this stage of the season. Moisture penetration around Perryton was found to be 44 inches, while 46 inches at Farnsworth, 38 inches at Waka and 34 inches at Booker were noted.

Conditions around Waka and Farnsworth are much better than immediately around Perryton, Erickson stated. In fact, the wheat land about six miles from Perryton, in all directions, is conceded to be the poorest in the county.

Anything that germinated in October, says Erickson, is making a good showing. Nov. germination is also showing green above the drill rows, while December germination is still a small, puny plant. High temperatures of the ground, running as high as 60 degrees 40 inches under the surface, will push this wheat along fast, believes Erickson.

Legion, Auxiliary To Have Potluck On Monday Night

Members of the American Legion and Auxiliary, Pierce Johnson Post, will observe the monthly potluck supper at the Legion Hall on Monday night, April 19. Special guests for the occasion will be the student winners of the Americanism contest held recently, in which the contestants wrote essays on the subject, "Our Great American Heritage—Liberty."

Mrs. Alex Barlow is chairman of the hostess committee. Other hostesses are Mrs. Mark Boehning, Mrs. Chester Thiessen, Mrs. T. J. Manning, Mrs. Raymond Overbey, Mrs. A. S. Brillhart, Mrs. J. W. Chase and Mrs. A. R. Hoghland.

Lions Club is Commended For Standing

The Perryton Lions Club knew their recent membership drive was good, but they didn't know it was as good as Lions International told them it was.

In a letter commending the local club on their membership campaign, the international organization revealed that the Perryton club stood 26th in international competition; 4th in international competition among clubs located in towns of 2,000 to 4,000 population; 1st in the district.

The club gained 30 new members during the drive. The international leader, a Lions Club in Guines, Havana, Cuba, secured 72.

A total of 25,809 new Lions

survey and offer a solution... if there be a solution... we would like to see a committee made up of representatives from real estate, building material suppliers, builders, workmen, and last but not least, the average man who needs a house but can't foot the present high cost.

From our own observation, we feel that the high cost of labor in Perryton is one big contributing factor to the high cost of property. We have some figures before us giving union labor costs of skilled trades and common labor in all the principal cities of the south and southwest. It wouldn't take much investigating to find that these union scales

are less than in Perryton. We also believe that such a survey of building costs would divulge that in Perryton, helpers, assistants and even rank beginners at a skilled trade demand and usually get the top wage that the skilled craftsman is entitled to draw.

We'd sure like to see the Chamber of Commerce make such a survey, make their findings public and then when people ask why housing is so high in Perryton, we could give them the correct answer. And if they can be lowered, then so much the better for the common man who has to buy a home or build a new one under the installment plan.

We understand that a group of merchants around the "109" block have organized and leased a plot of ground which they are having prepared for a free parking area for customers of their stores. This is a very laudable movement. Our neighbor city to the north, Liberal, Kansas, which by the way is very well satisfied with parking meters, uses a part of the revenue from their parking meters for the maintenance and supervision of a number of all weather free parking lots adjacent to all parts of the business district.

We have always tried to conduct this newspaper and especially this column on a fair and impartial basis giving of our space to both sides of all public questions, regardless as to our feelings in the matter. Remember that all unsigned editorials, comments and articles must necessarily be taken as the policy of the newspaper... so that is why we must insist that editorials, articles, or letters on controversial public issues must be signed and that we alone must be the judge of their contents as to infractions of the libel laws of this state.

We are publishing below an article titled "Farmer Trade Cut by Parking Meters." This article is from the Chicago Tribune Press Service, one of the nation's greatest newspapers. The article was given to one of our advertising salesmen by a good businessman friend of our's with instructions to run as paid advertising. We're not changing our mind as regards parking meters, we think they should be given a fair trial... but insofar as the Herald is concerned, we want to present both sides of the question... so here's the story, and it's not paid advertising.

"CHICAGO — Farmers have developed a new allergy—"parking meteritis"—the American Society of Planning Officials reported, and their distaste for the nickel-grabbing devices is costing the merchants of many small towns a lot of money.

"Rather than fuss with the meters, the farmers are doing business in communities where parking is unmetered, the society said.

"The farmers base their dislike for the mechanical policemen on reasonable grounds, the society added. "When he comes to town, he has a lot of errands to do in the central district. It is often difficult for him to return to his car every hour and move it, or feed the meter another nickel.

"The farmer objects much more to the fines he has to pay for parking overtime at a meter than he does to the costs of metered parking."

"If small cities wish to keep the farmer trade as well as the trickle of coins from the parking meters, they must provide offstreet parking facilities in addition to the metered spaces, the society added.

"As evidence of the trend, the society cited several instances:

"Brighton, Ore., tried parking meters for 5 months but took them down when merchants proved farmers were taking their business to nearby unmetered cities.

"Farmers of Westhope, N. D., voted to establish their own shopping center rather than pay meter violation fines in Minot, N. D., where most of them had been shopping.

"Concordia, Kans., discovered that 340 of 860 cars tagged

Freshman Veteran Enrollment Down at Texas Colleges

STIN, Tex. — Freshman veteran enrollment in Texas colleges and universities dropped 25 per cent in 1947-48, a survey conducted by a University of Texas member indicates.

Thomas A. Rouse, speech department chairman and member of the University planning and advisory committee on veteran affairs, based his results on information from 75 Texas institutions including 52,000 veterans.

Enrollment increased in the sophomore, junior and senior levels, indicating only a slight loss of veterans in the freshman class according to the survey.

A comparison of 1946-47 and 1947-48 enrollment figures, the survey also pointed out changes in the number of veterans studying engineering and science, business administration, education, law, and other fields had enrollment increases.

Distribution of veteran status was indicated as follows: 10 per cent in nine universities; 10 per cent in the 35 senior colleges; 12 per cent in 36 junior colleges. The remaining two per cent is enrolled in professional schools.

Veteran Forum

Q. I have a discharge from the draft of World War I. May I consider myself a veteran?

A. For the purpose of laws administered by Veterans Administration in order to be classified as a veteran, you must have had active military service during a time of war. A discharged draftee is not considered to have had such service.

Q. I received a pension as a Spanish-American War veteran's widow. I remarried and my second husband is now dead. Am I eligible for a pension again as a widow of the Spanish-American War veteran?

A. Yes, if you meet the other requirements of the law and regulations.

Q. May I receive death benefits for my husband and my son?

A. Yes, if both were veterans and you are otherwise eligible.

Q. What proof is required to obtain death compensation or pension for an illegitimate child?

A. Acknowledgment in writing, signed by the veteran, or evidence showing he has been judicially ordered or decreed to contribute to the child's support or has been, prior to his death, judicially decreed to be the father of such child, or evidence satisfactory to the Administrator of

Veterans Affairs that the veteran is the father of such child.

Q. Is it necessary that a child in custody of the widow, file a separate claim for compensation?

A. No.

Mrs. I. H. Sharpe spent several days last week in Amarillo with her daughter-in-law, Mrs. Harold Sharpe, who underwent surgery Thursday at Amarillo Osteopathic Hospital. On Saturday she attended a district sales meeting of Stanley Home Products Co., and when she returned home, Mr. and Mrs. Harold Sharpe's two children accompanied her for a short visit.

If we don't have it, we can get it for you. Stewart Printing Co.

Industrial Activity in Texas is Still Record Peacetime High

By JOHN R. STOCKTON.

Professor of Business Statistics, College of Business Administration The University of Texas.

The industrial activity of Texas began the year 1948 at a record peacetime level, and only slightly below the wartime peak. The Bureau of Business Research of The University of Texas compiles two reasonably accurate measures of the level of industrial activity in the State: an index of industrial electric power consumption, and estimates of the number of employees in manufacturing industries in the State.

Before the war the Bureau of the Census conducted a census of manufacturers every two years, thus measuring the changes in the industrial output in Texas manufacturing concerns. The 1939 census was the last one taken, although one is now in progress. In the absence of complete census data the bureau's statistical compilations are the best available information.

Since all manufacturing concerns must use labor, the number of persons employed will vary with the level of manufacturing output. One weakness of this data is that over a period of time the rate of output per employee may vary, but for short time periods the variation should not be great. The consumption of electric power by manufacturing concerns is also likely to vary with the rate of output of industry, and data on power consumption may be used as a measure of industrial activity.

The number of employees in manufacturing concerns in February was estimated by the Bureau of Business Research to be 340,200, compared with 188,200 employees in the year 1939. This was an increase of 81 per cent over the prewar period. The peak of employment during the war was 441,900 persons, employed by manufacturing concerns in November 1943. In August 1945, when the war ended, 367,900 persons were employed.

The index of industrial electric power consumption, using the five years of 1935-39 as 100, stood at 286.6 per cent in February 1948. This means that the manufacturing concerns of Texas were

using almost three times as much electric power as in the prewar period, and the inevitable conclusion from this is that industrial activity must have increased in somewhat the same proportion.

The peak of industrial power consumption came in January 1945, when the bureau's index stood at 307.7 per cent of the prewar base period. The low point of the reconversion period was October 1945, when the index was 230.7. Since that date a steady increase in the output of consumer goods has carried the index to its present level, only 7 per cent below the war peak, and 33 per cent above the

reconversion low.

Mrs. Carl Sargent, Oscar Schroeder and Miss Mary Ann Schroeder visited Sunday with the Harold Sharpe family at Pantex.

CARD OF THANKS

Please accept my heartfelt thanks for the cards, flowers and visits I received during my recent illness. They made the days seem shorter, and made me realize how beautiful friendship can be and how much it can mean.

Mrs. Mittie Sultor

YOUR BEST WAY TO SAVE

BOB DRAKE MALCOLM BEALMEAR

Drama Sizzles With Murder, Hot Romance

Gripping mystery and high suspense are linked together adroitly in "Personal Column," which appears at the Ellis on Fri.-Sat., April 23-24.

Co-stars in the production are such gifted players as George Sanders, Lucille Ball, Charles Coburn and Boris Karloff.

The dynamic plot gets under way when Lucille Ball, a strand-

ed American show girl earning a temporary living in a London dance hall, finds that her chum, a very beautiful girl, has foolishly answered an advertisement in the personal column of a London daily. When the girl disappears, Lucille goes to Scotland Yard where she finds Inspector Temple (Charles Coburn) very much concerned over a series of murders all involving beautiful young girls, and all indirectly leading to ads in the personal columns.

The inspector engages Lucille to serve as "bait" for all future ads. In rapid succession this beautiful new Scotland Yard recruit experiences a series of dangerous adventures, some of them spine-chilling, others vastly amusing in a macabre sort of way, during the course of which she meets George Sanders, a suave, likeable night club owner, and his sophisticated partner, Cedric Hardwicke, as well as such suspicious-looking characters as Boris Karloff, Alan Mowbray, Joseph Calleia and George Zucco.

Lucille and George fall madly in love, but their romance culminates abruptly when, on the

GREEN DOLPHIN STREET—Richard Hart and Donna Reed enact a tender scene from "Green Dolphin Street," movie made from the prize winning novel of the same name. The picture plays at the Ellis on Sun.-Tues., April 18-20, and also stars Lana Turner, Van Heflin and Frank Morgan.

'Green Dolphin Street' Packs Wallop in Prize-Winning Tale

eve of their wedding, evidence suddenly points him up as the killer.

Go to High School To See the World

LANCASTER, Calif. (AP)—Antelope Valley Union High School students claim a place among the most "traveled" pupils in the nation.

Sixteen buses cover 1,200 miles daily gathering students from the school district's 3,476 square miles. The buses use 200 gallons of gas each day.

Round trips range from 42 to 116 miles. Average round trip is 76 miles.

Of the school's 1,052 students, about 840 ride the buses. The school district includes the northern half of Los Angeles county and a portion of Kern county.

2,100,000 Return To Poland

WARSAW (AP)—An official report says 2,100,000 Poles have returned from England, Germany, France and Belgium since the end of the war. Some 400,000 Poles still remain in Germany, Austria, France and England.

The Polish government expelled 1,528,448 Germans to Allied zones between Feb. 24, 1946, and June 15, 1947.

Clinton Hearn left Tuesday on a business trip to Ft. Worth.

Boasting established stars and a sensational newcomer, "Green Dolphin Street," which comes to the Ellis on Sun.-Tues., April 18-20, is a faithful picturization of the prize-winning novel by the same name.

Here is a powerful dramatic tale laid against such colorful and picturesque haunts of the world as a Channel Island seaport of the 1840's swashbuckling adventure in China, action aboard a magnificent old-time Clipper ship which ultimately is dashed against the rocks in a storm, and a terrific climax of an earthquake and an uprising of Maori natives in an early New Zealand lumber settlement.

Against this arresting background is told the story of the ruthless and bewitching Marianne Pastorel, who snatches the young and handsome William O'Connell from under the very nose of her devoted sister and who, through a series of compelling circumstances, persuades him to marry her against both his wishes and that of a mysterious adventurer, Timothy Haslam, forced to exile in New Zealand because of the blood on his hands. How this curiously assorted foursome work out their lives against a crescendo of suspense.

ful adventures makes for one of the most exciting romantic narratives ever brought to the screen.

Miss Turner, this time seen as a brunette (and just as beautiful), has the role of her career as the willful Marianne who ensnares the man who prefers her younger sister, with the latter role stirring enacted by fragile-looking Donna Reed. Richard Hart, M-G-M's recruit from the New York stage, will win himself a host of screen followers as the result of his virile characterization of the swashbuckling Oz-

anne, and Van Heflin makes up the fourth principal in the character of the mysterious but likable Haslam.

Mr. and Mrs. Dean Leighnor and family and Edwin Rhine went to the youth conference at Oklahoma City last Saturday.

Mrs. Freeman Garrett came in Friday from Amarillo with Mr. and Mrs. Oris Bruner and daughters. She has been on vacation from her duties at Orchid Shop since Easter.

ing equipment for weed control. The exhibit was arranged by the Weed Control Assn. in response to inquiries of farmers interested in small, low gallonage spraying equipment for individuals.

Ted Yost, head of the Kansas Weed Control department, will be a main speaker at the exhibit. The exhibit opens at 9:30 a. m. Audie Conley is a director of the West Texas Weed Control Assn.

Both Conley and Hood Willis, county agent, are enthusiastic about this weed control exhibit. With the spread of bindweed and other noxious plants in this county as well as over the Panhandle, better methods must be devised in order to control the weeds. The bindweed spraying program in Ochiltree county has made use of county spraying equipment, but it is slow. Several farmers and ranchers already own equipment of their own.

Bids for School Remodeling to be Opened April 22

Sealed bids will be opened by the board of education, Perryton Independent School District, on Thursday, April 22, regarding the remodeling of the center school building.

Detailed plans and specifications have been furnished six contracting firms, who will submit their bids to the board before April 22.

If a suitable bid is submitted, a contract will be let and work on the remodeling will start soon thereafter. The board has reserved the right to reject any or all bids.

While the Celebration follows the same pattern of most Panhandle events of this kind, Hansfordites feel that they can give their visitors a very enjoyable visit because the Rodeo is strictly amateur, and often the Bull has a better chance of winning the contest than local cow pokes.

This year the annual dances Friday evening and Saturday evening April 23 and 24th will be staged in the new Memorial building, and it is estimated that there is ample room for 2000 couples to enjoy the dances.

Calf roping, ribbon roping, bronc riding, bull riding, junior steer riding and cutting horse contests will be featured each afternoon at the rodeo.

The annual street parade is scheduled for 11:00 a. m. Saturday April 24th.

As a feature of the celebration a new Ford car will be given away by the Veterans of Foreign Wars.

The noon Barbecue Saturday April 24th will be prepared by C. A. Gibner, Spearman banker.

The Hansford county Rodeo Queen for 1948 will be crowned as part of the Saturday afternoon Rodeo program.

A complete pre-view of the 1948 Celebration will be broadcast over Radio Station KGNC at the "Down Panhandle Main Street" hour, conducted by George Young, at 8:00 a. m. Sunday April 18th.

One of the important features of the Celebration will be a Pilots' Breakfast to be staged at 8:30 a. m. Saturday morning April 24. Pilots and visitors accompanying them from the air-minded Panhandle will be met by a bevy of lovely young ladies and conducted to the breakfast room, which will be the bald prairie. Sour dough biscuits, bacon, ham, black coffee, doughnuts and preserves will be served the visitors.

Five High school bands have already accepted invitations to attend the Celebration. They are from Perryton, Phillips, Guymon and Goodwell, Oklahoma. Following the parade Saturday a band contest will be staged with appropriate prizes for the bands participating.

Service Officers School Scheduled For May 1-2

AUSTIN, April 10—The Veterans Affairs Commission of Texas announced today that it will conduct a Service Officers School in Perryton on Saturday and Sunday, May 1 and 2, in the American Legion Hall.

This School will be for County Veterans Organization Chaplains and Post Service Officers within a radius of approximately twenty-five to one hundred miles of Perryton. All persons inter-

TEXAS MOTHER FOR 1948—Mrs. George W. McDaniel (above) religious leader, lover of art and literature, raiser of frying chickens and a great-grandmother, was designated April 3 as the State Mother of Texas for 1948. Mrs. McDaniel was born at McKinney, Tex., and has been a resident of Abilene for 64 years. The Abilene Chamber of Commerce will sponsor her in the national contest for American Mother of 1948.

ested in veterans' affairs are cordially invited to attend.

This is one of a series of schools being held by the Veterans Affairs Commission throughout Texas. The purpose is to stress instruction on insurance, education, deceased and living veteran benefits, hospitalization, outpa-

Russians Searching For Trotting Horse

MOSCOW (AP)—Russia's famous trotting horse Graba—stolen by the Germans during the war—has not been found.

The German invasion saw the Wehrmacht take off a number of fine race horses from the soil of the USSR. In addition to Graba, the famous Gilda was also removed. She was found, however, but somehow she had lost her eyesight.

The Russians are still looking for Graba, but they've about given up hope.

Souvenir

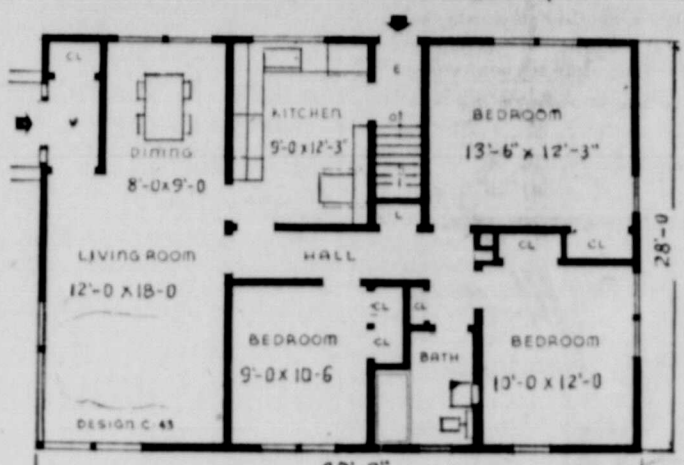

BUTTE, Mont. (AP)—This is the land of the silver dollar. A Butte woman mailed a \$1 bill to the county tuberculosis fund and explained the only reason she had a bill that small was because a Kentucky friend had sent it to her.

Mrs. John Foster and little daughter, Johnnie have returned to their home at Liberal, Kans., after spending a few days with their mother and grandmother, Mrs. Myrtle Collingsworth and their niece, Miss Helen Collingsworth.

tient treatment, compensation and pensions, etc.

Mr. Harry E. Rathner, Educational Officer of the Commission, will conduct the school and will be assisted by representatives from the Disabled American Veterans, The American Legion, Veterans of Foreign Wars and Federal and State Agencies and the Veterans Administration.

HOMES FOR AMERICANS

PLANNED FOR ECONOMY—of simple rectangular construction, this house of 1,120 square feet gets a maximum amount of floor space with a minimum of foundation. It was designed by the Small House Planning Bureau of St. Cloud, Minn., as Plan C-43. With full basement the house contains 21,280 cubic feet. If built on the south side of a street the kitchen and dining space would get the morning sun. Reversal of plan would produce the same result on the north side of the street. The house can be built of frame construction with shingle or clapboard siding, or of concrete or masonry. Three bedrooms and open plan living-dining area afford a lot of livability.

SW CONFERENCE HEAD—Gayle Scott of Fort Worth, Texas Christian University geology professor, is president of the Southwest Conference.

Diphtheria is a Disease That Can Be Avoided

AUSTIN, Texas—It is a tragedy that Texas parents continue to allow their babies to suffer and die from that painful and killing disease diphtheria. This is the opinion of Dr. Geo. W. Cox, State Health Officer, who says "It is up to the parents. If they protect their children with immunization, they need not have diphtheria."

Dr. Cox said that it is amazing that this disease should be allowed to take its toll of young lives when it can be entirely stamped out by proper immunization. Yet in the past week, 33 cases were reported in this state. "Babies should be immunized by the age of eight or nine months," Dr. Cox advised. Auth-

SCRIPTURE: Ezra 1-4; HAGGAI DEVOTIONAL READING: Psalm 124: 1-4

The Return From Exile

Lesson for April 18, 1948

COWPER'S lines come to mind as we study the dramatic return of the Jews from their exile in Babylon to Jerusalem in the first year of the reign of Cyrus, king of Persia, 538 B. C.:
"God moves in a mysterious way
His wonders to perform;
He plants his footsteps in the sea
And rides upon the storm."

Dr. Newton

lesson—the return led by Daniel, 606 B. C., and the one led by Ezekiel, 597 B. C.

PROCLAMATION OF CYRUS
The proclamation of Cyrus, Ezra 1:1-3, records the happy word to the Jews that they would not only return, but that the temple would be rebuilt. Cyrus called upon all the people who would to make offerings by which the temple might be restored. Cyrus was acting under divine impulse in this gracious and generous proclamation.

"The Lord God of heaven hath given me all the kingdoms of the earth; and he hath charged me to build him an house at Jerusalem, which is in Judah," said Cyrus, Ezra 1:2.
Fifty thousand Jews, their hearts rejoicing at the thought of returning to the land of their fathers, set out on the trek of 600 miles, laden with gifts from the Persians for the restoration of the temple in Jerusalem. They could now sing the song of the Lord, and no longer did their harps hang silently on the willow trees.

THE DECREE OF ARTAXERXES
The fourth chapter of Ezra brings us to the halting of the work on the temple, after they had raised the magnificent sum of approximately \$400,000, and had laid the foundation for the temple, with imposing ceremonies.

This delay was occasioned by the jealousy of the Samaritans, who went to Artaxerxes, through employed counsel, and convinced him that it would be dangerous to allow these Jews to rebuild Jerusalem. At first, the Samaritans proposed that the Jews let them use the temple in joint worship, but the Jews feared the Samaritans and refused their offer. It was then that the Samaritans effected the delay in the building of the temple by the space of 14 years. Meanwhile, the Jews went forward with the building of their homes and re-establishing themselves and their civilization in Jerusalem.

STICKING TO ONE'S PURPOSE
WE come now to the part Haggai played in summoning the Jews to their duty and obligation to God to restore the temple. It was in the second year of the reign of Darius that Haggai received the word of the Lord, "Is it time for you, O ye, to dwell in your ceiled houses, and this house lie waste? Now therefore thus saith the Lord of hosts. Consider your ways."

It was enough. The people rallied to the call of Haggai, and the temple was completed. Men can always do what they ought to do, if they will to do it.

GOD'S PURPOSE FULFILLED
THE message of Haggai was heeded. The temple was completed, Ezra 6:13-18, and God's purpose was fulfilled. Read Psalm 126.

This brings us to the golden text: "No man, having put his hand to the plow, and looking back, is fit for the Kingdom of God," Luke 9:62. When once the returned exiles felt the iron of God's purpose surging through their veins, they quitted themselves like men, and God's power was everywhere manifest. So may it ever be with us!

(Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features.)

As We Achieve
The degree of success which we achieve in making effective our Christian education program in the life of this generation will determine whether future generations will be able to enjoy a society free from the distrust of religious intolerance, the vindictiveness of race prejudice, and the bitterness of class hatred.—Water W. Head.

Mr. and Mrs. Tom Collingsworth visited their mother, Mrs. Myrtle Collingsworth over the weekend. They recently moved from Los Angeles, Calif., to their ranch home near Hardesty, Okla.

BROADWAY

By Jack O Brian

YORK—Trader Tom Murphree is a celebrity at least as tough as, say, Rocky Graziano or Marcel Cerdan. You expect such fellows to go for steak and roast beef. But look," he said, pointing to Elliott Roosevelt and his wife, Screen Star Faye Emerson, each

happily inhaling large chunks of red, rare cow. "They certainly can't be ditch diggers in their spare time! I guess they use up all their energy shaking hands and signing autographs."

Milton Berle came in. "Tom! I need a big juicy steak, the biggest in the place," Milton announced. Tom turned him patiently over to the headwaiter, passing on the order.

"I don't get it, Milton maybe has been filing jokes all day? That's a tough job? Maybe it is. But I don't get it."

Tom said sometimes he thinks his steak stand is either an annex of Madison Square Garden or the M-G-M commissary. Billy de Wolfe of Hollywood and the night clubs arrived, also demanding steak.

"They don't even ask for chops," Tom remarked dolefully. "I used to think I knew people. Now I know all I know is steaks."

This, I assured the Trader, is no small accomplishment in these beef-conscious Broadway days.

Like Billy Rose, Tom got his start in steaks by way of stenography. He became private secretary to J. Ogden Armour, then went to a big independent meat company with the grand title of "Assistant in Charge of Beef Sales East of the Mississippi."

He had a hand in getting up specifications for Army beef during the war. Before the big fracas, when he had his own wholesale meat business doing an \$8,000,000 a year turnover, Tom was given an order to provision an Italian government ship. He heard it was to be used as a Mediterranean meeting place for Hitler and Mussolini. Knowing Hitler's anti-semitic frenzies, Tom, an Irishman, thought up the idea of using nothing but Kosher beef. "The only trouble was that I heard Hitler loved it,"

From where I sit... by Joe Marsh

Now It's Neckties Made of Milk!

Fellow in Andy Botkin's Tavern was boasting about a trick necktie he was wearing made out of a by-product of milk. "Took 33 pounds of milk to make this tie," he says.

Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to drink. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"

Yes, modern science being what it is—seems like you can make "anything out of anything" these days. But in the case of milk, well

I guess drinking it is still a whole lot better than just wearing it.

Of course there are lots of other ways of abusing goods and beverages—like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation.

But from where I sit, most people who enjoy a wholesome beverage like beer or ale are moderate—because beer itself is a beverage of moderation.

Joe Marsh

PITTSBURG FIREMEN GET A BREATHER—A new self-breathing apparatus permitting firemen to generate their own oxygen supply independent of the outside air has been adopted by the Pittsburgh fire department. The apparatus shown in photo consists of a tight-fitting rubber face mask, and a breathing bag which fits over the chest. A canister of potassium tetroxide, the source of the oxygen supply is fitted to the breathing bag. Oxygen is generated when the wearer's breath comes in contact with the chemical. A timing device enables firemen to safely enter sewers and gas filled rooms. When the oxygen supply runs low, the device rings a bell to warn the firemen to get back to fresh air.

Advanced Wheat School in Amarillo Set for April 22

A large enrollment is expected at the wheat variety school in Amarillo on April 22 and 23, when country elevator and mill grain buyers, as well as county

agents, agriculture teachers and certified wheat growers meet at the Grain Exchange building to continue study of wheat kernel characteristics.

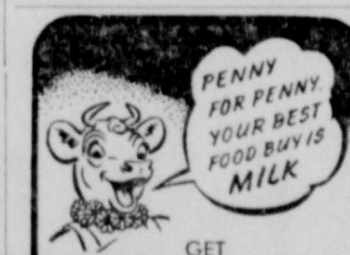

A group of men from the Perryton area will attend the school. These men finished the school held in Perryton several weeks ago and will go to Amarillo to continue their study of wheat kernel characteristics.

Invitations to buyers and other extended by Keats Soder, director of the Texas-Oklahoma Wheat Improvement program, list six instructors headed by Fred T. Dines, nationally recognized variety expert employed by Tex-O-Kan Flour Mills. Other instructors include R. H. Jordan, Grain Inspector (in Oklahoma) and Claude Goodnight (in Texas); Willis B. Combs, USDA Grain Marketing Specialist from Chicago, plus several A. & M. College representatives.

The program will begin at 9 a. m. each day. The first half-day will be a review of past schools and will give beginners an opportunity to catch up, according to Soder. Those who have learned to identify four varieties at past schools will learn four more for a total of the eight principal varieties grown in this area. Buyers for mills are demanding desirable varieties for local flour sales and are picking every ear they buy for variety. Housewives and bakers, by demanding high quality bread, are forcing mills to pay premiums for desirable varieties whether purchased here at home or in the north, advises Soder.

Either wanting premiums today or looking to the time our huge export program collapses, country elevator wheat buyers are flocking to these and similar schools to learn to distinguish between desirable and undesirable milling and baking varieties. They will thus be prepared to protect their profits when two prices are paid for wheat at country points as is now the case at all major wheat terminals, concludes Soder.

Mrs. C. L. Pattison and daughter, who recently moved to Trinidad, Colo., with Mr. Pattison are visiting with relatives and transacting business in Perryton this week.

It's BORDEN'S It's Got To Be Good So Why Not Try Our Ice Cream, Too!

Mister, this Oil gives you "Lubri-tection"!

Yes, That's the Kind of Protection You Get With the Great Phillips 66 Premium Motor Oil!

RIGHT—you can get more than just lubricating qualities with this fine oil—you get plenty of engine protection, too!

That's why we call it "lubri-tection"! Because Phillips 66 Premium does more than just oil moving parts. It washes away harmful sludge, helps reduce piston-fouling varnish, protects delicate bearing metal from corrosion. All that in a quart of oil!

Why not give your engine this kind of treatment—it's worth it. Just ask for the new Phillips 66 Premium.

Telephone Pole Politicians

The old saying in Texas is that politicians begin to come out when the dogwood blooms. Down in East Texas, where there is plenty of dogwood, local politics this year seem to be warming up ahead of schedule. The dogwood isn't out yet, but the candidates are. Soon the local and state campaigns begin to pop, and then we'll see, once more, the usual crop of telephone pole candidates.

These are the fellows, most of them candidates for state offices, who send someone around to plaster telephone poles, pine trees, and barn doors with a picture of what (they hope) appears to be a fine, upstanding citizen, a man who wants your vote to put him in office. You can see the pictures everywhere, but you seldom see the man. He wants you to vote for him on the strength of what his picture has to offer, but he's too busy elsewhere to visit you in person or through your home-town paper, to tell you what he stands for.

This may be good politics, but it certainly isn't good logic. From a standpoint of good sense, it seems to us that a simple statement of policy and platform by a politician, printed in the newspaper, would better serve any candidate than his picture on a thousand telephone poles. As voters, we all need to know more about a prospective office-holder than his face can tell us; perhaps not much more, but enough to be able to say to ourselves: There's a man with sensible, practical ideas, with a background worth something in public office.

Another type of campaign material that has been used in Texas in past years is just about as worthless, and that is the campaign newspaper. These are newspapers in name only, and a discredit to the name, at that. The press in this country has built itself a fine reputation for integrity, for presentation of all the news, and for fair treatment of both sides on any controversial issue. The campaign newspapers seek to trade on that reputation, and are published in the belief that the people will assume that everything that finds its way into a newspaper must be the truth. Not bound by the laws of libel and the responsibilities for fairness that govern bona fide newspapers, the campaign sheet can and will print any kind of irresponsible untruth and half-truth, to further the cause of the candidate who is paying the bill for publication. As molders of public opinion, these sheets are worth little to the people who have learned by experience that the truth isn't in them, and never will be. About all that can be learned from a campaign newspaper is that the candidate has spent a great deal of someone's money, bought a large amount of scarce newsprint from black market sources, and engaged a high-powered publicity staff, to blanket the state with news (so-

VASSAR IDEAS GO TO GERMANY—The American Military Government has opened the second "American House" information center in Berlin where the Germans have free use of well-stocked American libraries and magazine rooms. The Russians started it first with their "House of Soviet Culture," but now the Americans are outstripping them.

Babson Discusses Prices

ROGER W. BABSON, Editor-in-Chief

ST. LOUIS, Mo., Apr. 9—During the past two weeks I have visited some of the largest U. S. cities, interviewing prominent farmers, manufacturers and merchants. The following are their conclusions:

Food Prices

The wholesale market for nearly all farm products has declined since I was in the Central West six months ago. Yet, intelligent farmers do not regret this and feel more secure than when prices were abnormally high. Most farm products, with the possible exception of dairy products, will continue to work lower over the long-range.

Therefore, the farmer should follow the practice of getting

out of debt and putting his buildings and implements in good condition. Otherwise, he should carry on business as usual continuing to plant acreage and let prices follow naturally. Avoid speculation by either rushing crops to market or holding them back for higher prices.

Building Prices

I see no reason why building costs should be less during the balance of 1948, but one should be able to get better materials. Moreover, as the labor shortage decreases, the painters, bricklayers and carpenters should give more work for the same amount of money. Certainly, I would not build anything now that I did not need to build. However, I

called about his candidate.

Political advertising CAN be adult, sensible material, published in legitimate newspapers throughout the state. We believe that kind of campaign can be successful. It certainly speaks better for the intelligence of our voters and our candidates than some of the other methods.

should keep my buildings in good repair.

Veterans are howling for more houses, subsidized more or less by the Government. On the other hand, this great increase in building, such as the veterans want means even scarcer materials and higher prices. Veterans want continued rent control, although so long as rent control stays very few new houses will be built for renting. It is a bad mess.

Retail Trade Prices

Merchants, although holding well as to the total of dollar sales, know that the unit volume has declined. Therefore, wise merchants are resisting price increases and are keeping down inventories. In fact, unit retail prices may now be at a high point for some years to come.

This means that we all should show some control and more resistance in our purchasing. This will help bring prices to a more reasonable level. Income and savings will then quickly gain additional purchasing power which could finally benefit everyone. It is said that in a city such as Philadelphia a reduction of 10 cents a pound in meat prices would release \$30,000,000 a year purchasing power for other goods and services.

Fuel Prices

Readers should now order their winter's supply of coal and fuel oil. With the exception of summer "fill-up" fuel oil discounts, there will probably be no reduction in fuel prices and there may again be a scarcity.

Oil companies are spending huge sums developing new wells

a and bettering their refining methods. However, the consumption is terrific, now running about 5,400,000 barrels a day. Synthetic fuel plants cannot help for years to come. Here again the only answer is for drivers of automobiles to show some restraint and not waste gasoline.

War Outlook

In my Annual Forecast for 1948 published in this paper about January 1st, I made two very important statements. One was that World War III would not start in 1948. Notwithstanding the calamity howls of the broadcasters and the exciting news in the papers, I continue to be convinced of this whatever may happen after 1948. The longer it can be delayed, the better chances are that it will not occur for many years.

Another definite forecast was that 1948 would be a year of preparation for war. I now add that these preparations will increase monthly in fact this preparing for war will be one of the things to prevent it.

Conclusions

I still cling to another statement in my Annual Forecast, namely, that 1948 will be about the same as 1947. Thus, farmers, manufacturers, bankers and especially merchants, should go about business as usual. Figure that there will be no shortage of goods, yet no surplus. Buyers will not be justified in waiting for lower prices. On the other hand, they will not be justified in buying surplus goods for fear of higher prices. Let us all give

more time to developing our business and reducing operating expenses, and less time to listening to news broadcasts and discussing them with our neighbors.

Cupid Works in Tokyo

TOKYO (AP)—U. S. Consular officials estimate that 824 American men in the occupation forces have married Japanese women since May of 1946. Most of the Americans are of Japanese ancestry.

Reindeer Transport

OSLO (AP)—Reindeer are mobilized in Finland, northernmost part of Norway, help transport of 300 tons of building materials for the town which was devastated by Germans. Most of the material come from Oslo and will go through Sweden to Swedish-Finnish border, where the reindeer will take over.

California Leads In Hunting Accidents

SACRAMENTO (AP)—California broke its own record and led all states in 1947 with 18 killed and 32 wounded in hunting accidents.

This is according to the Division of Fish and Game. The division says the accident causes parallel a list of "don'ts" for safety around a gun.

Nimrods got shot by others who mistook them for a deer, a turkey, and in one case, a rabbit. Hunters killed or wounded themselves while carrying a loaded gun on a streetcar, pulling a gun from an auto, resting a gun butt on the shoe while lighting a cigarette, crawling through a fence, falling, and—yes—looking down the muzzle.

Director Emil Ott, Jr., says hunting casualties for 1948 may be even higher unless hunters are more careful.

He says education is the answer. He notes only one veteran of World War II was on the 1947 list.

Mrs. Susie Wood and Mrs. C. B. Zimmerman of Balco, Okla., visited in Perryton Monday.

Good tip for any trip!

Take it from those who know travel and travelers best... before any trip, drain out that dirty old winter oil and OIL-PLATE your engine with fresh, new Conoco Nth!

Conoco Nth Motor Oil (Patented)* contains a plus ingredient that acts magnet-like to fasten an extra film of lubricant so closely to metal that your engine's cylinder walls and all moving

parts are actually OIL-PLATED!

And because protective OIL-PLATING stays up there where it belongs... won't all drain down even when your engine's idle overnight... Nth Oil extra-protects from "dry-friction" starts... from power-choking sludge and carbon due to wear!

For extra-powerful, extra-cool, extra low-cost miles...

Make a date to OIL-PLATE!

YOU GET CONOCO SERVICE...

as well as the famous CONOCO Products at these stations. Try CONOCO N-TANE Gas and CONOCO Nth Motor Oil

THE TIRE
THAT SETS THE PACE
IN THE LOW PRICE
FIELD!

MARATHON

by GOODYEAR

Marathon—the famous money saving tire is back in the Goodyear line—and a better "buy" than ever! You get the economy, long mileage and safety—the extra value for your dollars that made Marathon the favorite of millions of motorists before the war... added to this—more and stronger cords in the rugged tire body give the new Marathon even greater protection against tire failure. Stop in today and trade your worn tires for new Marathons—the money saving low price tire that has these features...

LONG WEAR—New specially treated cords and newly compounded rubber make Marathon the tire that "runs and runs and runs".

NON-SKID SAFETY—Those famous Goodyear diamond blocks really grip the road. You get safer, quicker stops—especially on wet, skiddy roads.

"COMPACTING TREAD"—Inflation forces the sidewalls out, compacts the tread. This reduces tread wear, punctures, bruises and breaks.

GUARANTEED FOR LIFE!

Every Marathon tire is backed by a guarantee—not for 12 months or 18 months or 24 months, but for its full life without time or mileage limits.

For a really sensational "buy" in tires, see us for Marathon today! And remember "new tubes save tires".

After 21 pages he said, "We are re-hashing our diatribe." But he went on for another 16 pages because "we want to rub it in."

The judge said some people may try to refute him by bringing up the 1946 conviction of John L. Lewis, but, he added, that is "a horse from an entirely different garage."

He said the case of Lewis' mine workers was different because Lewis "incited" the coal strike of that year; also he was in contempt of court; and furthermore "The shaggy eye-browed gentleman was defying Uncle Sam himself."

Halifax for Better Salaries for Clergy

LONDON (AP) — Lord Halifax has appealed to the membership of the Church of England for larger contributions to boost clergy salaries to "a living wage."

In a message sent to the House of Laity of the Church Assembly, the wartime ambassador to Washington, a lay leader, said postwar living costs "had accentuated the inadequacy of clergy stipends to the point of crisis."

A church spokesman said purpose of Lord Halifax's message was to insure enough funds to raise all ministers' salaries to a minimum of 500 pounds (\$2,000) per year.

Out of Prison, Headed for Jail

GREAT FALLS, Mont. (AP) — Tom War Bonnet escaped from the state prison, where he was serving a term for burglary, and a prison bulletin suggested that peace officers watch for him to contact his wife, Agnes, at "326 Third Avenue north."

That's the address of the county jail where Agnes served some time. Sheriff D. J. Leeper says he is expecting Tom to knock at the door any day now.

HEREFORD PRESIDENT—Libb Wallace of Sonora is president of the Concho Hereford Association, Texas district.

HEREFORD PRESIDENT—Libb Wallace of Sonora is president of the Concho Hereford Association, Texas district.

WHAT ABOUT THE BROWNS?—Manager Zack Taylor, left, talks to three of the few players with this year's St. Louis Brown team who were with the club last year. Catchers Les Moss and Jake Early and pitcher Fred Sanford, left to right, are the players. Taylor lost all of the good ball players off a last place club, which leads observers to believe the Browns will again occupy the cellar.

Germans Swap Rags for Suits

Newsfeatures

BERLIN—Rags may be cast-off clothing in the rest of the world, but in Berlin they're the open sesame to a new suit.

Clothing stores carry signs in their windows reading: "Bring in a rag certificate" and "No suits without rag certificate."

To get a rag certificate you just cart fifty pounds or more of the stuff to the nearest rag man. The catch is that rags are even scarcer than the suits. Families have broken up over the "battle for rags." In a recent court case a woman asked for divorce "because she stole my good woolen dress and light summer coat to get enough rags for a suit."

Paul's
FLOOR SANDING
We generate our own power.
Write 412 W. Monroe or Phone 775, Borger, Texas.

Armed with the certificate you then look around for a clothing store. Clothing stores, however, are hard to find in Berlin, for few stores have windows and fewer still have clothing in them.

Almost as a by-thought the man will ask you for 250 marks. That represents the take-home monthly wage of the average typist... If you find the suit.

City officials in charge of the rag-and-suit business contend that suits must really be regarded as a premium for turning in the more important rags. They report that in the Soviet sector a special firm called Texta has been set up to handle the rags.

operation. This firm is supposedly responsible only to Soviet headquarters.

No one knows exactly where the Soviet rags go, but one rag wag figures he has the answer. "They're probably storing them for some future 'mopping up' operation," he said.

Mrs. Annie E. Rogers and her granddaughter, Carol Sparkman, were in Amarillo this weekend visiting in the home of Mr. and Mrs. E. W. Rogers. Mrs. Rogers also visited briefly in the home of Mr. and Mrs. W. D. Thompson.

Do you have a white elephant.

Weather dry, with some windy days.

Mr. and Mrs. Aldeen Rodgers, James and Royce Rodgers and Hugh Williams attended a Boy Scout meeting Monday night.

Mr. and Mrs. Lewis Whittet moved their house on its foundation Saturday. They moved the house from near Turpin.

A group of 4-H girls from Turpin went to Buffalo Tuesday to attend a district meeting.

Dick Young purchased a new pickup one day last week.

Several farmers and ranchers were vaccinating and branding cattle the past week.

John Winter worked for Vernon Ratzliff a few days last week.

George Kirtan, Douglass Sherrill and Glen Schollenbarger were working near Guymon at a gravel pit last week.

Mrs. Glen Myers had the misfortune to get burned while cleaning clothes last week.

Mrs. James Robb and daughters of Forgan called on her parents, Mr. and Mrs. Fred Whittet Sunday afternoon.

Mr. and Mrs. G. H. Law, Liberal, Kans., Mr. and Mrs. Fred Whittet and Mrs. Lewis Whittet were guests of the W. H. Williams Sunday.

W. H. Martin and Ira Martin made a business trip to Wichita Falls last week.

Santa Claus Gives A Tip to Farmers

LARAMIE, Wyo. (AP) — Ever thought about a Christmas tree farm?

W. O. Edmondson, Wyoming agricultural extension service forester, has. He's decided it could make farmers some money in their off-season while using spare land.

"By planting an acre a year to trees spaced six feet each way, a grower can market about 1,000 trees a year after the first trees have grown to merchantable height," says Edmondson, adding that it will take six to 15 years, depending on the species used.

Mr. and Mrs. Loyd Morgan spent the weekend in the home of Mr. and Mrs. Hadley Reeve at Friona.

Mrs. Elize Winfrey has returned to her home at Kingman, Kans., after visiting the past three weeks with Mrs. James F. Hardy and Mrs. Lewis Hardy.

CARD OF THANKS

I wish to thank all my good friends who sent me such a beautiful bouquet of roses, also the cards of cheer, letters and prayers. They helped me so much during my hospital stay.

Mrs. R. D. Stephenson

CITATION with trainer BEN JONES.

DERBY FAVORITE PREPS FOR CLASSIC—Calumet Farm's Citation, solid winter-book favorite for the 1948 Kentucky Derby, is pictured here in his stall, being led from the barn to the track by Calumet's General Manager Ben Jones and out for a workout. F. McMillen, his regular exercise boy, is in the saddle. Citation has won 12 of his 13 starts, was named the outstanding two-year-old of 1947 and is rated by many racing observers the equal of Man O' War at this stage of his career.

Citrus Molasses Takes Place of Milo for Feed

COLLEGE STATION — Molasses made from citrus pulp is a good and cheap replacement for part of the grain in fattening cattle, according to tests conducted recently at College Station by the Texas Agricultural Experiment Station.

Steers fed balanced rations with 2, 3 and 4 pounds of citrus molasses respectively replacing equal amounts of ground Martin milo during the 112-day trial made about the same gain as steers fed milo without molasses. The milo was priced at \$70 and the molasses at \$42 per ton.

There was no trouble getting the steers to eat the molasses. It was not noticeably laxative, and it seemed to improve the hair coat.

One lot of steers made an average daily gain of 2 pounds per head on a daily ration of 11.08 pounds of milo, 1.5 pounds of cottonseed meal and 11.9 pounds of mixed hay. Lots receiving 2, 3 and 4 pounds of molasses made average daily gains of 1.78, 1.95 and 1.96 pounds daily respectively.

The steers fed no molasses made a net profit of \$10.16 per head. The steers fed 2, 3 and 4

pounds of molasses made a net profit of \$7.97, \$14.79 and \$14.97 per head respectively. The carcasses of all 4 lots graded about the same.

Citrus molasses is a by-product of the grapefruit and orange juice canning plants. In the early days it cost around \$250 a ton to haul away the pulp from the plant; now the pulp is dehydrated and made into livestock feed after the citrus molasses has been extracted from it.

Former Minor Leaguer Pilots CCNY Nine

NEW YORK (AP)—Solly Mishkin, former minor league manager in the Yankee chain, is the new baseball coach at New York's City College.

A graduate of Occidental College, Los Angeles, in 1927, Mishkin has played in the minors with San Francisco, Jersey City and Montreal. He formerly managed Wellsville, N. Y., in the Pony League and Amsterdam, N. Y., in the Canadian-American League. In 1943 his Wellsville team won the Pony League playoffs.

CO-OP PRESENTS A GREAT NEW OIL

This great new oil that is big news to oil users is the new Furfural Solvent Refined oil... it is available in two types: CO-OP PREMIUM and CO-OP HEAVY-DUTY.

Furfural is an amazing new filter, now being used in the Co-Op refinery to purge oil of Naphthenes—those elements in ordinary oils that cause sludge and carbon to form in your motor.

That's why the Co-Op Solvent Refined Oil is big news for your engine. It means the virtual elimination of motor-wearing carbon and sludge. It means instant lubrication on starting. It is the oil that will retain full 'oiliness' under greatest heat and flow freely even in coldest weather.

You'll like the great new Co-Op Solvent Refined Oil... your engine will like it too! Buy it at your local Co-Op.

Furfural is made of oat hulls, rice hulls, cottonseed hulls, corn cobs, and other farm by-products. It cleanses oil of impurities that refiners have sought for years to get rid of, the impurities that cause sludge and carbon to form.

The "Stop-at-Nothing" Vehicle the Whole Country Needed—

4-WHEEL-DRIVE
UNIVERSAL

Jeep

THE UNIVERSAL "JEEP" is the kind of vehicle this country has needed for forty years. It is a tough, rugged vehicle that can always be depended on to take men and supplies where they are needed.

With selective 2- and 4-wheel drive, the Universal "Jeep" gives speed on hard roads and ability to get over bad roads or travel cross-country. With all four wheels pulling, you go through mud, sand and snow that stops ordinary vehicles. The "Jeep" will climb a 60-per-cent grade and maneuver its way through dense growth.

For every kind of work—on or off the road, in any weather—the Universal "Jeep" measures up to every need. We invite you to drive the "Jeep" fifty miles and see for yourself.

Rosa Faye Marries

Grogan, Mo.

Mrs. Ralph Cook of Grogan, Mo., former residents of this city, are happy to announce the marriage of their daughter, Rosa Faye, to Arthur Ralph Grogan, son of Mr. and Mrs. A. T. Grogan.

The wedding was solemnized in the home of the bride's parents at 2 o'clock Sunday afternoon, with Rev. Floyd Roberts, pastor of the Free Will Baptist Church officiating. Only close relatives and relatives of the couple were present.

The marriage by her father, the bride was attired in a blue dress accented with white accessories.

The only attendant was her sister, Miss Yvonne Mae Cook, daughter of the bride's parents. The groom was his best man.

Following the ceremony, an elaborate dinner was served to the 83 guests who were present for the wedding.

S. C. S. Meeting

at Kirks

The Society for Christian Service of the Methodist Church held its regular program and business meeting on Thursday afternoon in the home of Mrs. Luther Kirk.

Cecil Dodd brought the report of the district meeting, and Mrs. Kirk and E. McMillen presented reports on the topic, "Commitment to Christ."

W. Thomas brought a report on the W. S. C. S. conference held in Plainview recently.

Those present were Mesdames Orlan Bell, Clifford Beck, F. Jones, Robert Barlow, E. W. Thomas, W. E. McMillen, Belle Mack, J. H. Sharpe, J. W. Chase, and Cook, S. C. S. Mallett, Carl Mallett, H. W. Ragan, Dodd, and Bell and Arch Talley.

Young Girls to

Join in Group

The Perryton chapter, Order of the Young Women's Union, held a meeting for girls, attended by church services at the First Baptist Church in a group Sunday.

The organization attends a number of their choice in a body usually in keeping with Founders Day observance.

One Tree Club

Holds Meeting

Mrs. Jack Osborne was hostess of the One Tree Home Demonstration club for its session Wednesday, March 24, and Mrs. T. M. Osborne, president, was in charge of the business meeting.

It was voted to donate \$10 to the Y. W. C. A. fund to help pay expenses for the district meeting, and Mrs. T. M. Osborne was named convention delegate.

The members were urged to attend the safety meeting on April 15 in Perryton. Council report was given by Mrs. Chas. Selby; Mrs. Robert Barlow read the message.

Mrs. Clarence Peterson talked her food plans for meeting the needs of her family. Mrs. Virdee Wheeler gave the demonstration on preparing plants and trees.

The refreshment plate was served by Mesdames Chas. Selby, Julius Pshigoda, Ham Murphy, Robert Barlow, T. M. Osborne, Amos Morris, J. W. Wheeler, Virdee P. Wheeler, and Mrs. Jack Osborne, and new member, Mrs. Frank Shaf-

fer. The next meeting was scheduled for April 14 in the home of Mrs. B. Pletcher. It will be an open meeting and a covered luncheon will be served at 12 noon.

Miss Helen Marie Hudson and Cecil Bartel Married in Church Ceremony

Rev. Cecil Goff of Dumas officiated for the double ring ceremony at noon on Thursday, April 8, which united Miss Helen Marie Hudson and Cecil Ray Bartel. Miss Hudson is the daughter of Mr. and Mrs. H. I. Hudson, Dumas, and Mr. Bartel is the son of Mr. and Mrs. H. G. Bartel, Perryton.

The chapel of the First Baptist Church, Amarillo, where the vows were solemnized was decorated with white stock in altar baskets, fern and cathedral tapers gleaming in branched candelabra.

John Josey, organist, played "Indian Love Call" as the guests were assembling, and after the candles were lit, "Because" by D'Hardelot and "I Love You Truly" by Bond.

Miss Ruby Ann Patton, the bride's only attendant, was attired in a white wool suit fashioned with ballerina skirt and peplum jacket. To complete her costume, she chose black accessories and a corsage of pink roses.

Calvin Schroeder of Perryton was best man. Ushers were Harold R. Hudson, Perryton, brother of the bride and Doris Dean Bartel, Perryton, brother of the bridegroom.

For her marriage the bride wore a suit of rose wool with straight skirt, and full back jacket. Her hat was of navy straw and was trimmed with pink flowers. She carried a white prayer book topped by pink and white roses and showers of white sweet peas.

Mrs. Hudson, mother of the bride, wore a pastel blue suit with pink accessories and a corsage of pink carnations; Mrs. Bartel, mother of the bridegroom, was dressed in deep brown with white accessories and her corsage was of white carnations.

A reception held in the home of the bride's aunt, Mr. and Mrs. Grover Wilson, 1705 Harrison, was a compliment to the couple.

The table, appointed with silver, accented the bride's chosen colors, pink and white, in the decorations. The three tiered wedding cake was topped with two pink wedding bells; the centerpiece was fashioned from pink sweetpeas and white stock, flanked by pink tapers.

Mrs. Harold Hudson cut the cake and Miss Ruby Ann Patton poured.

Immediately following the reception, the couple left for a wedding trip to Denver, Colo.

Mrs. Bartel attended Perryton high school, and following her graduation, enrolled at Baylor University School of Nursing.

Taz Club Plans Supper for 4-H Club Girls Soon

The Taz Home demonstration club will sponsor a covered dish supper for the 4-H girls, their friends and families at an early date. It was voted at the club meeting held April 6 in the home of Mrs. Martin McCarty.

During a short business meeting, Mrs. Elmer Potts resigned her position as assistant secretary, and Mrs. Warren Gum was named to fill the vacancy. The club agreed to buy the book, "Fun Encyclopedia," to be used for entertainment.

An educational game, "Knowing Your Trees" was played by the members.

A demonstration on making a bed for plant cuttings was given by Mrs. Virdee P. Wheeler, agent. In giving instructions for making the bed, Mrs. Wheeler recommended a large amount of sand, a sunny protected place, and plenty of water at all times for the plant cuttings. Later in the afternoon she talked on seeds and plants.

Refreshments were served to Mesdames J. T. Trew, Chas. Trew, Warren Gum, H. E. Potts, Clem Flowers, Lucy Urton, William Flowers, Carl Philipp, a visitor, Miss Turner and Mrs. Wheeler.

The next meeting will be April 20 at Mrs. Aaron Diehl's home in Perryton. A demonstration on frozen desserts will be given by Mrs. Philipp. Members may bring recipes or their favorite frozen dessert.

Home Ceremony Sunday, April 4, Unites Gwen Sparks and Clyde W. Tarbox

Nuptial vows were solemnized at high noon, Sunday, April 4, by Mrs. Gwen Sparks, daughter of Mrs. Etta Pugh, and Clyde Wilson Tarbox, son of Mr. and Mrs. Jake Tarbox, Higgins, Rev. Harvey W. Hulce, pastor of the Lipscomb Union Church, read the double ring ceremony before an improvised altar of greenery in the home of Mrs. Beatrice Dixon.

"I Love You Truly" by Bond was played for a musical background during the exchange of vows.

Little Miss Sammy Jean Sparks, daughter of the bride, was ring bearer. She wore a dress of white eyelet embroidery and a pink carnation headress.

The bride was attired in a pink dress with black accessories, and her corsage was an orchid.

Mrs. Dixon wore a black printed chiffon dress and a corsage of pink carnations. The groom's mother was dressed in navy crepe; she had a corsage of pink carnations, also.

Following the ceremony, the E. J. Tarbox home was the scene for a wedding dinner. The three tiered wedding cake was baked for the occasion by Mrs. Martin McCarty, aunt of the bride, and Mrs. Max Blau, Booker.

Prior to her marriage the bride was employed by the A. C. A. in Lipscomb. Mr. Tarbox is chief of police in Perryton, and the couple will make their home here.

Present for the wedding were Mr. and Mrs. Jake Tarbox, Mr. and Mrs. Oscar Peterson, Mr. and Mrs. Ernest King, Higgins, Tex.; Mr. and Mrs. Elmer Tarbox and Lois, Lubbock; Miss Bertha Stephenson and Miss Ruth Stephenson, Booker; Mr. and Mrs. Martin McCarty and Myron, Gus O. Birdwell and R. D. Stephenson, Perryton; Clyde and Jay Pugh, Darrouzett; Miss Roberta Ferguson, Mrs. Beatrice Dixon, Sammy Jean Sparks, Mr. and Mrs. E. J. Tarbox and E. J. Jr., Mr. and Mrs. Russell Minton and Rev. Hulce.

Mrs. Bohling Entertains Club

The Merry Workers club met in the home of Mrs. Burl Bohling Thursday, April 8, for an all day meeting and covered dish luncheon.

The meeting was called to order by the president, and the lesson was on control of household insects. Mrs. Robert Tevebaugh won the guess box.

During the business hour, women voted to do repairs and cleaning work on the Gray church.

The members present were Mesdames Lola Gray, J. C. Price, Ethel Seago, Nellie Mounts, Jim Sims, Lillian McDonald and Robert Tevebaugh. Guests were Mrs. Alec Wall, Mrs. Irene Brodie and Mrs. Lena Leatherman.

The club will meet with Mrs. Ernie Tregallis for the May 13 session.

Miss Britton Is Bride of Byrl W. Hardy

The home of Mr. and Mrs. W. K. Britton, Olton, Texas, was the scene Saturday, April 10, for the marriage of their daughter, Wanda June, to Byrl W. Hardy, son of Mrs. James F. Hardy and the late James F. Hardy, Perryton.

Elder J. B. Hardy, grandfather of the bridegroom, read the vows in the presence of close friends and relatives. Elder Hardy has officiated for the marriage of five of the bridegroom's brothers and sisters, and also married his father and mother.

For the wedding, the bride was attired in a huge suit with blue blouse and black accessories. Her corsage was of Tailsman roses.

For something old, she wore blue sapphire earrings given her by Mrs. James Hardy; for something borrowed, a strand of pearls belonging to her mother.

Miss Maxine Britton was her sister's only attendant. She chose a dress of light grey with blue accessories; her corsage was of white carnations.

J. Paul Hardy, brother of the bridegroom, was his best man.

Mrs. Britton, mother of the bride, wore pink and Mrs. Hardy wore grey crepe.

Following the ceremony a reception was held. Arrangements of narcissus and fern decorated the entertaining rooms. The linen covered table was centered by the traditional three tiered cake topped with miniature bride and groom.

After a short wedding trip to Carlsbad Caverns and other points in New Mexico, the couple will be at home on their farm east of Perryton.

Mrs. Hardy graduated from the Olton high school with the class of 1947; she was employed by W. W. Virtue, Perryton, during the past summer.

Mr. Hardy, who graduated from Perryton high school in 1947, has since been engaged in farming.

Those attending the wedding were Elder J. B. Hardy, Perryton; Mrs. Eliza Winfrey, Kingman, Kans.; Mr. and Mrs. Paul Hardy and Grace, Mr. and Mrs. Frank Gipson and family, Mr. and Mrs. E. G. Blackwell and family, Mr. and Mrs. Earl Schalk and family, Mr. and Mrs. Virde Faries, Mrs. Jas. Hardy, Elvis Parker, Perryton; Mr. and Mrs. Lesol Parker and family, Elder and Mrs. S. J. Ellis, Plainview; Mr. and Mrs. Alton Richard and Lynn, Rule; Mr. and Mrs. Vernon Britton and son, Harold Britton, Lubbock; Mr. and Mrs. W. E. Davis, Mrs. Elizabeth Bradshaw, Mr. Winston and Douglas Britton, Mr. and Mrs. Chas. Ellis and family and Mr. and Mrs. W. K. Britton of Olton, Texas.

ADVERTISEMENT FOR BIDS

Job No. 343

Sealed proposals will be received by the Architects and the Owner at the office of Mr. J. M. Hocking, President of Board of Trustees, Booker Independent Consolidated School District, Booker, Texas, in the High School Building, Booker, Texas until 2:00 o'clock, P. M., Central Standard Time, 8th day of May, 1948, for the furnishing of all labor and materials and the erection and completion of a School and Gymnasium Building, at which time and place the proposals will be opened and read aloud. Any bid received after closing time will be returned unopened.

Copies of the plans, specifications and other proposed contract documents are on file in the offices of J. C. Berry & Kerr & Kerr, Associated Architects, at 312-B W. 10th St., Amarillo, Texas, and are open for public inspection.

A set of such documents may be obtained by qualified General Contractors, from the Architects at their offices, upon deposit of Twenty-five Dollars (\$25.00), cashier's check. This deposit will be refunded to each actual bidder upon return of such documents in good condition within 5 days after the receipt of the bids. Other deposits will be refunded, with reductions not exceeding the actual cost of production of the drawings upon return of all documents in good condition within thirty (30) days after date of opening bids.

A Cashier's Check, certified check or acceptable Bidder's bond payable to Harry S. Mitchell, Secretary, in an amount not less than five percent (5%) of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rate of wages which have been established by the Owner and are as follows:

Mechanic, Workman	General Prevailing Hourly Rate
Or Type of Laborers	
Air Tool operators (Jackhammers, Vibrator)	1.375
Asbestos workers	2.00
Bricklayers	2.25
Carpenters, Journeymen	1.875
Electricians	2.00
Iron Workers, structural	1.875
Iron Workers, reinforcing	1.75
Laborers, unskilled	1.125
Lathers, wood	2.00
Lathers, steel	2.25
Mason tenders	1.375
Mortar mixers	1.375
Painters, brush	1.875
Painters, spray	2.375
Pipe fitters	2.00
Plasterers	2.25
Plumbers	2.00
Power Equipment operators:	
Toists, 1 drum	1.75
Mixers	1.375
Trenching machines	2.00
Roofers	1.75
Sheet Metal workers	2.00
Steam Fitters	2.00
Teamsters	1.25
Truck drivers, up to 1½ tons	1.375
Truck drivers, 1½ and over	1.50

Wages are based on eight (8) hour day and forty (40) hour week, all overtime to be paid at 1½ times the hourly rate.

No bid may be withdrawn, after the scheduled closing time for receipt of bids, for at least thirty (30) days.

The Owner reserves the right to open the bids either privately or in public as he deems fit and to reject any and all bids and to waive informalities.

Slow Results in Cancer Drive

Members of the Junior Chamber of Commerce will solicit funds for the 1948 Cancer Drive during the rest of this week in an effort to bring in as much of the \$563 quota set for the county as possible.

To date, approximately \$35 has been mailed in to Ray McWilliams, local chairman of the drive. Dean McCutcheon is county chairman.

Jaycees who will work on the drive during the remainder of the week are Jack Todd, Charles Taylor, Malcolm Bealmer, Clyde Carpenter, Bill Cone, Roy Synons, Tom Slack, Harold Hudson, Giltner LaMaster and Lee Little.

Contributions may be mailed or given to any of the above men, or to either bank in Perryton.

Group Attends Press Convention April 8-10

Members of the staff of Stewart Printing Company and several guests were in Amarillo Thursday, Friday and Saturday to attend sessions of the 39th Annual Convention of the Panhandle Press Association.

They included Messrs. and Mesdames B. B. Lee, Raymond L. Overbey, O. W. Dunkle, C. E. Cone, Harold R. Hudson, Knute Dowers and Paula, Van W. Stewart, Mrs. Velta Wilson, Misses Polly Holmes, Thera Hargrave, Carol Sparkman and Nan Markham of Tulsa, J. W. Payne, Marvin Walton, Calvin Flowers and Doris Dean Bartel.

C. W. Foote made a business trip to Amarillo Monday.

Tucker Recital to Be Held Tonight

Mrs. Steryl Tucker will present her accorion and piano pupils in a recital to be held in The People's Chapel on Thursday night, April 15.

A special guest soloist on the program will be Dr. Ronald Crozier, trumpet virtuoso, who is currently conducting a revival meeting at The People's Chapel.

Students who will be presented are Roberta Gayle Barnes, Janice Schuster, Ronnie Tabor, Lee Ann Austin, Donna Clenny, Kaye Witt, Dianne Tremble, Gary

George, Joan Humphrey, Betty Holdeman, Arjean Clark, Pat Wood, Ola Sue Johnson, Roberta Pletcher, Joan Epp, Ellen New-

man, Mary Holdeman, Mary Humphrey, Jean Campbell, Bryan, Dolleen Stephens, Wagner.

"Your Ford is our future!"

Tomorrow's sales depend on how well we service your Ford today...

Frankly, we Ford Dealers are looking ahead.

We want to make every Ford owner a Ford owner for years to come.

Our method is simple. We're keeping the Fords we service in the very best condition.

And we're keeping our service prices down!

We can do this because of our four Ford service advantages: Ford-trained Mechanics, Genuine Ford Parts, Factory-approved Methods and Special Ford Equipment.

If you're one of the small percentage of Ford owners who haven't yet discovered this special kind of service you get from Ford Dealers, you'd better come "home" today for real savings of time, money, and trouble.

Your Ford Dealer invites you to listen to the FRED ALLEN SHOW, Sunday Evenings—NBC network.

Listen to the Ford Theater—NBC Network, Sunday afternoons. See your newspaper for time and station.

1. Factory-approved Methods
2. Ford-trained Mechanics
3. Genuine Ford Parts
4. Special Ford Equipment

We Ford Dealers know Fords best!

with HAROLD HUDSON

sports program of the Perryton schools is just about ended, those of us that like to see the boys perform will now have to wait until fall, when the annual thump of the old pig-skins is heard again, and a new season gets underway.

Not all over, though. David Miller goes to Lubbock next week to seek a regional tennis title, while Tommy Miller and Jerry Ward do likewise in tennis doubles. This is the third straight year that the Miller-Hummer has been a repeat trip for Pletcher, who was half of a district tennis doubles team before last.

At a Perryton high school year! A regional title and a state title in football, a state title and fourth place in basketball, and a sweep in district tennis. Only that, "Sonny" Powell, the district and regional Gloves boxing title.

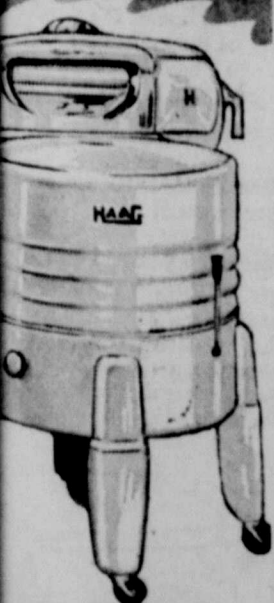

What an expanded sports program since Floyd Murry and Emerick took over in PHS. This past year, there was competition in football, basketball and boxing from the on through high school. The next few years the Rangers will have experienced boys teams in all sports.

Remaining spring football leaves a gap this spring sports picture in Perryton. All the coaches can do is get the boys out in track to get them into some sort of shape. No football equipment, no shoes, is allowed under scholastic League rules. But there are plenty of just itching to put suits on their charges and see what's coming up for next year.

got a news release from the Christian College the day, announcing the formation of the first collegiate Anti-Heart Disease Society ever founded in the U. S. The society aims to show, through the use of scientific research, the effects of tobacco on the human body and thus discourage the use of tobacco products. They are at 80 malconditions of the heart caused or aggravated by use of tobacco.

WHITE AUTO STORE

CUBS HAVE NUCLEUS, BUT THAT'S ALL—The Chicago Cubs have the nucleus of a good ball club, the only trouble is that it seems destined to remain a nucleus. Manager Grim, center, talks the situation over with newcomers Hal Jeffcoat, left and Clarence Maddern, right. Jeffcoat and Maddern hit well last year and will bolster up the team's hitting strength if they come through.

Brings to mind an old poem we know. It goes like this:
"Tobacco is a filthy weed,
I like it.
It satisfies no human need,
I like it.
It makes you thin,
It makes you lean,
It takes the hair
Right off your head.
I like it."

We heard plenty of warnings against the Communist menace this past week-end. First, at the Panhandle Press Assn. convention, Charles Guy, editor of the Lubbock Avalanche-Journal, gave the newspapermen a good, stiff jolt of warning. Then Saturday night, James F. O'Neil, national Legion commander, delivered another stern warning. After thinking about it, we can't recall any public figure who has not, in the past few months, made a statement along these lines.

What are we to do to fight Communism? The obvious answer is to urge our duly elected representatives in Washington to devise some way to stop its spread. But are the people doing it? From the actions of Congress, it would appear not. The European Recovery Plan, devised by some of the best minds in the nation as a deterrent to Communism abroad, just squeaked through after months of debate. Even now, the draft, Universal Military Training, and expansion of the armed forces is being bogged down by debate. The Universal Military Training bill is pigeon-holed, presumably until after election, in the House Rules Committee.

Somebody is not letting their Congressmen know how they feel, or the Congressmen are turning a cold shoulder to their constituents. The only people against a preparedness program are Henry Wallace and his crowd at least publicly, and surely Congress isn't letting Wallace in-

Dombey, Okla.

(Too late for last week.)

Mr. and Mrs. J. C. Stevens returned Wednesday from a trip to the Wichita Mountains where they attended the Easter pageant. They shopped in Oklahoma City and also visited several days in Wichita Falls with his parents and other relatives. Last Tuesday many people in this community heard Mrs. Stevens, who appeared on "Man on the Street" program from the Wichita Falls radio station.

V. E. Shepherd has returned to his home at Brownwood, Texas. Mr. and Mrs. Edwin Neill and two children, Dodge City, Kans., visited over the weekend with their parents and other relatives. Mrs. Edwin Neill took Mrs. Tillie Neill to the doctor at Perryton Saturday. Miss Lois Neill accompanied them.

Mr. and Mrs. J. R. Kulow had as their guests for dinner Sunday Mr. and Mrs. Edwin Neill and two children, Mr. and Mrs. Ralph Kulow and James Kulow of Liberal. The boys helped their father erect a new windmill. Mrs. John King called on Mrs. J. R. Kulow and Mrs. Tillie Neill Friday afternoon.

Mr. and Mrs. Lewis Duerson and family are moving into their lovely new home in Turpin this week. Mrs. Randles and Claud called at the J. R. Kulow home Thursday. Mrs. Bill Crosley, the former Miss Ramona Miller, was the honoree for a bridal shower last Thursday afternoon in the home of Mrs. A. E. Ross at Liberal, Kans. Mrs. Crosley, is the daughter of Mrs. Lena Miller, Liberal, and a granddaughter to Mrs. Lula Randles of Turpin. Many Dombey women were in Liberal to attend the courtesy.

We feel sure W. Lee O'Daniel will introduce some sort of bill to stop Communism, as soon as he finds out where it is that they introduce bills in Washington. After all, he's only been there five years, and it takes a man a while to get his feet on the ground, so to speak.

TOMBOY ON MARYLAND RIFLE TEAM—Sharon Mac Bride has earned a place on the Maryland University rifle squad, considered the nation's finest, to become the first girl ever to gain a place on a Maryland varsity sport team. She stands 15th on a squad of 30, which includes Art Cook, holder of several junior world's records.

to attend the courtesy.

The Turpin Rebekah Lodge, No. 93, met Thursday night, April 8, for a special meeting. Mrs. Louise Atkinson, noble grand matron and Mrs. Opal Williams, district deputy president, Guy-mon were present. The lodge decided to attend the School on Instruction to be held at Texhoma in May; Monday night the lodge will go to Forgan with two candidates to be initiated.

Callers at the J. R. Kulow home Sunday were Mrs. Ralph Kulow, Mr. and Mrs. J. C. Stevens and James Kulow of Liberal. Mr. and Mrs. Lloyd Mitchell returned the last of the week from a business trip to Wichita. The children stayed with their

Southworth Lauded As Manager Who Gets Most Out of Players

By FRANK ECK
Newsfeatures Sports Editor

TAMPA, Fla.—"It was no surprise to me when I went with the Boston Braves," said Bob Elliott, "Billy Southworth tried to get me as his third baseman even before I reached the big leagues."

"When Billy was managing Rochester in 1939 I was playing

with Toronto and really playing great ball against him. He made a remark he was going to get me someday. I hit .328 that year and at the tail end of the season I went to Pittsburgh. Last spring Billy said 'I've always wanted you and I'm going to make you the best ball player in the National League'."

That's exactly what happened, for Elliott, hitting .317 including 22 home runs and 113 runs batted in, was voted the league's most valuable player.

That's the type of manager Southworth is. He gets more out of ballplayers. He takes every player aside and analyzes his good points and bad points and the player responds by giving his best.

Southworth now is trying this same confidence method on a number of his Boston Braves, notably Center Fielder Jim Russell, another former Pirate who hit .312 in 1944 but who has steadily fallen off in hitting the last three years. He's trying it with Johnny Beasley who won 21 games for the 1942 Cardinals and he's always patting Ernie White on the back, hoping he can get a couple of victories out of his left arm.

"It's remarkable," said Elliott, "what Southworth is doing with Beasley. Why the other day I saw Johnny Beasley zipping them over the plate, the fastest I've ever seen him since he hurt his arm overseas."

"I asked: 'How do you feel, Johnny?'"

"If my arm feels exactly as it did today we're in," he said."

Russell interrupted Elliott and said: "They tell me you did a terrific job last season, Bob, not only on the field but in getting the players all excited about how

OUT FOR A MORNING WORKOUT—Citation, Calumet Farm's pride and joy, takes some exercise in a morning workout. Citation, favorite for the 1948 Kentucky Derby, has won 12 of his 13 racing starts, was named the outstanding two-year-old of 1947 and is rated by some as the equal of Man O' War at this stage of his career.

well they could play."

Elliott said: "I'll still be in there battling and helping to make hustle the big item. You can't let down for a second when you're playing for such a grand guy as Billy Southworth. We beat Brooklyn 12 games out of 22 last year and can do it again. We had trouble only with the Cardinals. They beat us 13 to 9. We'll win if we can beat them."

W. L. "Pood" Herndon, A. W. Henry, Vance Apple, Fred Osborne, La Rue Norris and Cecil Dodd returned home Friday from Possum Kingdom Lake where they enjoyed a fishing trip.

Send a birthday card from the Stewart Printing Co.

Many Students On Honor Roll In High School

The honor roll for the fifth six weeks of school showed a slight improvement over the fourth six weeks, having one more student on the A honor roll and one student less on the B honor roll.

There are 11 students on the A honor roll, the largest number since the school term began. Last six weeks there were 10. There are 67 students on the B honor roll as compared with 68 for the fourth six weeks.

Those on the A honor roll are Betty Jo Seago, Annabelle Daniel and Lenis Fern Wright, seniors; Orvil Brummett, Jerry Key and Marian Day, juniors; Bettye Hall, sophomore; Fae Marie Beck, Colene Schell, Josephine Foote and Marilyn Campbell, freshmen.

Senior students on the B honor roll are Lola Barnes, R. L. Kirk, Clarence Miller, Bennett Thomas, Maureen Townsend, Rozella Vaughn, Alvin Buschman, Claudine Carmichael, Donna Clark, Ruth Hall, Shirley Bess Hearn, Jewel Ann Morgan, Lorene Reiswig and Colleen Smith.

Juniors on the B honor roll are Camilla Kelley, Roger Piersall, Billy Conner, Max Denny, Grace Payne, Jerry Ward, Texas Cunningham, Norma Flowers, Lloyd Hamner, Diane Kent, Peggy Luthi, Peggy Merydith, Marianna McGibbon, Janet Ranson, Clara Revis and Cleo Shuler.

Sophomores on the B honor roll are Winifred Clennan, Diane Gerard, Connie Kershaw, Curtis Leicht, Joyce Merydith, Bob Dunlavy, Rose Busch, Julia Faye Gheen, Dale Hoover, Harolyn Malone, Dean Morgan, Jean Plummer, Loren Shuler, Rita Gale Smith, Evelyn Yates, Neta Faye Swigart, Delbert Trew, R. L. Smoot, Jolene Wright, Betty Piersall, Earl Olmstead, Margie Pletcher, June Daniel, Gary Conley and Patsy O'Dell.

Freshmen on the B honor roll are Gail Littleton, R. E. Waide, Shirley Keim, Janette Waugh, Earleen Brown, Joan Bryan, Jean Connor, Donald Hedgepeth, Mary Hurter, Anita Rae McCurdy, Fern Tinney and Ogden Wilson.

C. W. Foote, Perryton International Harvester dealer, will attend a class in diesel fuel, maintenance, and overhaul in Chicago beginning April 26. He will study in Chicago for a week and is scheduled to return home May 2.

Farm-to-Market Road Bids to be Opened on May 11

Hard surfacing of the two farm-to-market roads in Ochiltree county will be done in the near future, according to word received from the State Highway Department this week. Bids will be opened on May 11 for the construction of the two sections of farm-to-market road.

Grading and filling has been in progress for some time on these two roads, with the work being done by the county.

There will be 14.2 miles of grading, structures, flexible base and single asphalt topping. One section to be hard surfaced is the 9.1 miles leading south from state highway 117 at Farnsworth. The other section is 5.1 miles leading east from highway 83 at Perryton, on the old Uncle Sam highway.

Dr. Jack H. Sims, is in Perryton this week visiting his brother Jim Sims. Dr. Sims, who was a dentist in Perryton for nine years left here about 15 years ago.

Tuesday is Picnic Day In Perryton Schools

Tuesday, April 20, is Senior Day in the Perryton schools, and the students of the other grades are taking advantage of this day for their annual school picnic. The seniors will have an all-day holiday for the picnic. Other grades will report to the school and leave for the various picnic places by 10 a. m. They will return to school at 3 p. m. in time to be transported home on the school buses.

Sometimes it don't take but one sour word t' curdle the milk o' human kindness.

The facts you need to choose a washer wisely!

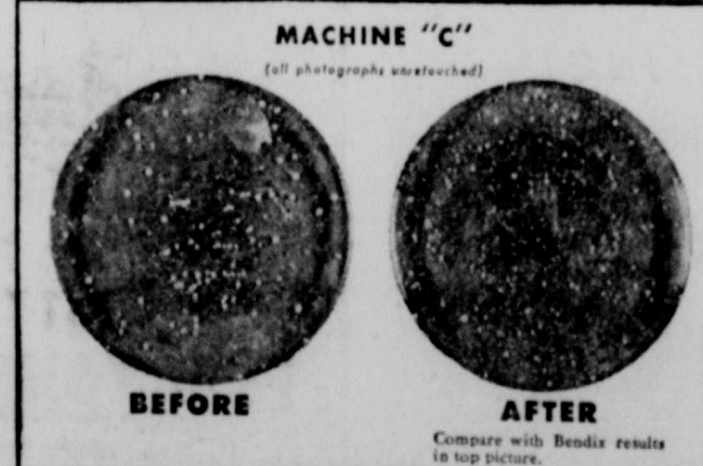

BEFORE

AFTER

washing in the Bendix. Each spot represents a germ colony.

washing in the Bendix. Germs have been practically eliminated.

BEFORE

AFTER

Compare with Bendix results in top picture.

"HOW THE TESTS WERE MADE"

The soil removal tests were made in accordance with the Test Manual of the American Washer and Ironer Manufacturers' Association, with water temperatures of 160° for the automatic machine and 125° for non-automatic type machines as specified by the Manual.

For the germ removal tests the washing procedure as above was supplemented by a pre-determined rinse procedure established from contact with authorities in the field of home laundering including the manufacturers of the machines used. The Bendix was used in accordance with the manufacturer's published instructions. Staphylococcus aureus bacteria (bacteria commonly used for test purposes) were used to measure efficiency of germ removal. The four washers used, three non-automatic and a Bendix automatic Washer, were purchased in the open market by the Pittsburgh Testing Laboratory.

No general words... no vague statistics... but actual, unretouched photographs

SHOW THE BENDIX METHOD IS MORE THOROUGH!

At last it's possible to know in advance what results to expect from the washer you buy. No more disappointments if you read and heed the results of tests just completed by America's largest independent testing laboratory.

The Bendix outwashed all others tested for both soil and germ removal.

Matched against three leading non-automatic washers in two-way tests of washing thoroughness, the Bendix did a much better job than any of the others, according to reports from the Pittsburgh Testing Laboratory. In soil removal tests, the Bendix automatic Home Washer removed 23.3% more soil than the "next-best" machine tested.

In germ removal tests, the Bendix did 10 times as good a job as the other washers tested!

Best way is also thriftiest and easiest!

According to the Pittsburgh Testing Laboratory's report the do-everything Bendix used 40% less soap than the average of the other washers tested, and averaged 10 gallons less water for a single load of clothes! Get the whole story and see a demonstration at your authorized Bendix Dealer's.

DU PONT Self-Cleaning House Paint STAYS WHITE

Yes, "Self-Cleaning" Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) may delay or interfere with this process. Because this "Self-Cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected. It starts white... It stays white.

INDISCREET SENATOR—William Powell registers distress in a scene from "The Senator Was Indiscreet," new picture which comes to the Ellis on Wed.-Thurs., April 21-22. The story concerns the rise of a bumbling dunderhead who becomes a senator through generous applications of hot air. Ella Raines, Arleen Whelan and Ray Collins also appear in the film.

McCelvey's Father Dies in Vernon Of Heart Attack

Funeral services were held in Vernon, Texas on Friday afternoon, April 9, for A. P. McCelvey.

who died on Wednesday, April 7, following a heart attack. He was the father of A. P. McCelvey, Jr., of this city. Mr. and Mrs. McCelvey, Jr., were with his father when he died.

The services were held in the Presbyterian church of Vernon. He is survived by his wife, two sons, A. P. of Perryton and H. W. of Harlingen, Texas; a granddaughter, Betty Ann of Perryton; a brother, W. C. McCelvey of Lubbock; and two sisters, Mrs. Robert Discol, Alexandria, La., and Mrs. Fran Chenault, Houston. He was 63 years of age.

Local people who attended the funeral were Mr. and Mrs. Clarence Neufeld, and J. H. Neufeld. Mrs. James Cooper of Lorena, Texas, sang at the funeral.

Winners in Balke School Elimination Contests Named

Elimination contests were held at Balke last Wednesday to select contestants to represent the school in the Fine Arts Festival at Beaver on April 16-17. Mr. Miles served as judge.

The following contestants were selected:

Readings
3-4 Grades: Robert Pearson.
5-6 Grades: Doris Claybrook.
7-8 Grades: Shirley Fish.
High School: Abigail Fuller.
Music Solos
4-5 grade girls: Nora Neufeld.

VA Recommends Expansion of Amarillo Hospital

(Ed. Note: The following letter was received from Congressman Eugene Worley regarding the expansion of the Amarillo VA hospital.)

Here's some good news for people of the Panhandle and especially for veterans. The Veterans Administration at Washington has finally agreed to recommend enlargement of the Veterans Hospital at Amarillo from its present 186 beds to 500 beds. It has been an uphill struggle to secure this favorable action but it is well worth the time and effort spent. This is YOUR Hospital and the addition will greatly relieve the crowded conditions. In many cases, veterans from the Panhandle have been unable to secure badly needed medical attention at the Amarillo Hospital and have been compelled to make long trips to other Veterans Hospitals.

I would like to thank the American Legions, Veterans of Foreign Wars and other groups over the Panhandle and neighboring states, together with a number of fine substantial individuals who have lent invaluable aid in our efforts to secure enlargement of this Hospital. The resolutions and letters have been most helpful to me in preparing data to support our contentions that the Hospital should be enlarged.

Last week I introduced legislation providing for 350 additional beds and other necessary buildings and equipment and authorizing an appropriation of \$3,000,000 for such construction. With an economy-minded Congress, the actual appropriation of the money for the construction of these additions will probably be difficult, but I expect to take this legislation directly to the Veterans Administration, Bureau of the Budget, and the President himself and make every effort to have it included in this year's appropriation. To anyone not familiar with legislative procedure, this is somewhat unusual but will be faster than the regular procedure. I feel the merits of our cause justify every effort and with the continued help and loyal cooperation of the American Legion, Veterans of Foreign Wars and all other interested parties, I hope the addition will soon become a reality.

29,000,000 Ready To Vote in Italy

ROME (AP)—On the basis of reports from all provinces except Bolzano, the interior ministry estimates tentatively that 28,939,706 Italians—15,096,244 women and 13,843,462 men—are qualified to vote in the April elections to choose the new republic's first parliament.

4-5-6 grade boys: Irwin Gates.
7-8 grade girls: Rheta Faye Cates.
High school, alto: Lucy Carol Pearson.
High school, soprano: Dorothy Cornell.

The Balke school was represented in the Speech Contest at Goodwell by Darrel Renfrow, Deloren Claybrook, Dorothy Cornell, LaNell Humphrey, Anna Mae Pope, and Patricia Cornell. They entered in dramatic oration, humorous oration, standard oration, radio speaking and poetry interpretation.

Spring Legion Convention to Be in Pampa

PAMPA, April 13—Dr. George Pratt, manager of the Veteran's Administration Hospital at Amarillo, will be the principal speaker at the annual Spring Convention of the 18th District of The American Legion which will be held for two days here Saturday and Sunday, April 17 and 18. G. F. Sanders, Childress, 18th District Commander, has announced.

G. F. SANDERS
District Commander

Registration will start at 12 noon at the Schneider Hotel, Saturday. At 1:30 o'clock that afternoon an open house for Auxiliary members will be held at the city club rooms at the city hall. At 3 o'clock an 18th District 40 and 8 wreck will be staged. At 4 o'clock a tea for Auxiliary members will be given at the local Post which is commanded by Lee Roy Franks.

A full two day program for The American Legion, the 40 and 8 and The American Legion Auxiliary has been arranged by the city club rooms. At 6 p. m. a dinner for registered 40 and 8 delegates will be enjoyed in the Palm Room at 7 o'clock. This will be followed by a business session of the District 40 and 8. At 8 o'clock Saturday evening, a Pan-American program "Argentina" will be presented for the Auxiliary. Saturday's program will be climaxed with a dance starting at 9:30 o'clock in American Legion building with music by R. E. Smith and his 11 piece orchestra.

Sunday's activities begin bright and early with a breakfast for all District Commanders and Adjutants at 7:30 o'clock at the Courthouse Cafe. At 9:30 the general session of The American Legion and Auxiliary will open at the Junior High School Auditorium on West Jenkins Avenue. Welcome address will be by Robert W. Curry of Pampa with response by Mayor Warren Jenkins of Higgins. Dr. Pratt will make his address and this will be followed by memorial services conducted by the Department Chaplain, the Rev. Alan Harvey Brooks of Borger.

Business session of the Legion will be held Sunday afternoon with addresses by James R. Gleaton, Stamford, Fifth Division Commander and Henry Teubel of

Local People Are Named on School Committee

Senator James E. Taylor, Chairman of the Glimmer-Aikin Committee, has notified the following persons of their appointment to membership on the Ochiltree County Advisory Committee names. At the time of notification, each member was mailed a copy of the Committee handbook, Let's Look at Our Local Schools in Texas as a guide to the countywide study of the public school system.

The names of the persons appointed to membership on the local committee were submitted to the Glimmer-Aikin Committee by local service clubs, civic organizations, and local school officials.

These committees are being established in every county in Texas primarily for the purpose of making a careful study of the local schools to ascertain the facts, together with recommendations, can be transmitted to the Statewide Committee for consideration in making recommendations for improving the public school system of Texas.

The following local citizens were named on this committee: J. A. Anderson, Dr. Manse Wood, Max Boyer, Mrs. Vance Apple, Herman Hargrove, Jerome Woods, Bob Shindler, Herb Brillhart, Gilbert Mize, Lewis Emerick, Mrs. Jane Emerick, O. L. Anderson, Miss Charlene Wetsel, Mrs. Kenneth Precise, J. D. Davis.

His Honeymoon Coupe Goes 300,000 Miles

WAYNESBURG, Pa. (AP)—James L. Johnston has driven his "honeymoon coupe" 300,000 miles without so much as denting a fender.

It was back in 1930 that Johnston bought a new automobile to take his honeymoon. Still in service, the auto is used by Johnston daily as he commutes to work. He has replaced the car's motor twice but the 18-year-old vehicle's body still has a brilliant polish.

Johnston's recipe for safe driving: "Just use your head and exercise ordinary care, caution and common sense."

Mr. and Mrs. Elliott Lee and Mrs. Jimmie Palmer were Amarillo visitors last Tuesday.

Tulia, Fifth Division Membership Chairman, District Commander Sanders will call for reports from all Division committees and District officers will be elected.

Perryton Boys Win District Tennis Titles

The boys tennis teams of Perryton high school won both singles and doubles titles at the district meet in Pampa Saturday, while the girls teams were blanked.

Only two schools were entered in class A tennis competition, Perryton and Phillips.

David Hummer won his third consecutive singles crown, winning by a 6-2; 6-4 score.

Tommy Pletcher and Jerry Ward won easily in their doubles match, the score being 6-3; 6-3. Ward was an alternate for Don Rogers, who was ill and couldn't

make the trip. Christine Records, representing Perryton in girls singles, was beaten by a score of 6-2; 6-4. The doubles team of Colleen Smith and Donna Clark was eliminated 6-4; 6-3.

Hummer, Pletcher and Ward will represent the district in the regional tennis tournament to be held in Lubbock April 24.

EQUITY

TEXAS CITY ONE YEAR LATER—Oil pipe lines for loading tankers were back in service within a month after the Texas City, Tex., disaster, April 16, 1948. Over a million tons of liquid cargo and sea-train dry cargo was shipped from the port in February, 1948, and amount only slightly below the overall tonnage figure for March, 1947, the last full month of operation before the disaster.

PAINTS PORTRAIT OF GOVERNOR—Seymour M. Stone of Fort Worth is shown putting the final touches on an oil portrait of Gov. Beauford H. Jester. The painting will be placed in the Texas Memorial Museum.

Mrs. A. J. Kelly and son, Ellis Kelly, returned home Monday from a trip to Hot Springs, Ark.

CARD OF THANKS

We want to thank our many friends and neighbors who so unflinchingly assisted us during the illness and death of our loved one, P. J. Files. Also for your kind expressions of sympathy

and the beautiful floral offerings. May God's richest blessings flow to each one.

You, And keep you from all sin. And when you knock at the golden gates, May the angels let you in. Mrs. P. J. Files Mr. and Mrs. Norman Swink Mr. and Mrs. Jack Smith 16-11-c

County Bond Quota is Set At \$210,000

A quota of \$210,000 has been set for Ochiltree county in the Security Loan campaign, April 15 through June 30, according to information received from the U. S. Treasury Department.

This is the highest quota the county has received since the war.

Reason for the high quota is given as the threat that inflation offers today to our personal and national economic security. Individual purchases of bonds are one of the greatest deflationary actions.

Money received from the sale of Savings Bonds is used to retire inflationary short-term government obligations which are held by banks and large corporations.

Widespread ownership of Savings Bonds by the people against inflation, provides a guard against possible depression and allows for the sound management of our national debt.
