On Chamber's Front Line

These four civic leaders will be on the front line, so to speak, in 1959 for Chamber of Commerce membership and support. Looking over new membership forms with G. D. Foster, seated, chairman of the continuous membership committee, are—left to right—J. Ralph Lee, committee member; Ernie Larmer, chamber manager, and George Witten, chamber director representative for the committee. Other members of the membership committee will be O. A. Ruffin, Warren Costin, J. W. (Bill) Randle, Jerold Riordan and Henry Lewis.

## ALLOTMENT, PRICE DATA

### 3 Cotton Information Meetings for County

Farmers can obtain data on the 1959 cotton program at three community meetings this week in Mitchell County.

The informational meetings are scheduled Monday night in Westbrook, Tuesday in Colorado City and Thursday night in Lorraine.

Mitchell County Agricultural Stabilization & Conservation Committee and the county agent's office are sponsoring the sessions.

Prime data offered in the meetings will concern factors involving Choice A and Choice B acreage allotments under the new price support program.

Time for all three meetings will be 7 p. m., according to Wayne W. Worley, ASC office manager here in Colorado City.

The Westbrook meeting Monday will be in Westbrook's First Methodist Church. Colorado City's Tuesday meeting is scheduled in Courthouse and Lorraine's Thursday gathering is set for the Lions Club Building.

Explaining the 1959 allotment plans will be Worley. Special price data will be furnished by County Agent Jack Burkhalter.

Also on hand will be John Russell, Farmers Home Administration supervisor for Mitchell County.

"These informational meetings will explain the 1959 cotton program in general," Worley said, "with the aim of putting the facts of the program before the farmers."

"We don't want to be accused with trying to make up the minds of the farmers. Instead, we just want to put the facts out to them so they will be better informed and in a better position to make their own decision."

Worley said that he believed the meetings will be of interest to every cotton producer.

The U. S. Department of Agriculture announced last week that the base price support for 1959 cotton will be 30.40 cents a pound on 7/8ths middling staple.

Farmers, under Choice A, can plant within their allotment and sell directly to the government at the 30.40 base rate, 80 per cent of parity on 7/8th middling.

Under Choice B, farmers can elect to over plant their acreage 40 per cent take a cut of 25 partly percentage points, 24.70 cent base rate or 65 per cent of parity.

Last year's single base rate in the support program was 31.32 cents.

## HERE AGRI-BUSINESS DAY

### Magazine Editor to Keynote Farm Event

An active Central Texas rancher who also is a key staff member of The Progressive Farmer magazine, will speak here Feb. 24.

The date is Colorado City's Second Annual Agri-Business Day, an event when farmers and ranchers join business men in an inventory of West Texas's giant agricultural industry.

And the rancher-magazine executive is C. G. Scruggs, whose outstanding achievements in the field of agriculture began before World War II as a Future Farmer. Scruggs, associate editor of The Progressive Farmer, will be one of half dozen speakers who will analyze West Texas agricultural problems and assets here in Civic House.

The program will be a morning and afternoon program, mixed with coffee talk and a free barbecue luncheon.

Sponsor of Agri-Business Day are West Texas Chamber of Commerce, T&P Railroad and Colorado City Chamber of Commerce.

Scruggs will set the tempo and the tone of the Feb. 24 meeting here. For it will be he who introduces the program and keynotes the program of discussions.

On the Progressive Farmer staff, Scruggs specializes in agricultural economics and livestock copy. As an active rancher, he runs cattle and Angora goats on land he operates in Mills and Bosque counties.

Scruggs organized the Southern Brucellosis Conference which led to formation of state committees to fight this disease in every state in the South.

He developed the "Beat the Heat" campaign for The Progressive Farmer which led to a Southern conference on this subject and promises important advances in Southern livestock and agriculture. At present, the rancher-magazine executive is president of Texas Rural Safety Council, secretary of Texas Animal Health Council, vice-chairman of National Brucellosis Committee, member of the Board of National Conference on Farm Safety, plus scores of other agricultural related committees.

He has served, in addition, as president of Texas Commercial Agriculturalists Council and Dallas Agricultural Club. Scruggs was born and reared on a Central Texas farm. See KEYNOTE Pg. 7

# Annexation Plan Before Council Monday Night

## Study Committee Submits Report

City Council Monday night will study a proposal for expanding Colorado City boundaries by annexation. And councilmen are likely to call an election this spring to decide whether the expansion is carried out.

Proposition for possible extension of city limits on three sides of the city will come from a special citizens committee.

The committee, re-activated recently by City Council, met Monday night to look into the possibility of extending present city boundaries.

And the proposal that will be placed before council Monday includes extension of boundaries on the south to Label St., east beyond State Highway 208 (to Robert Lee) and north to include interchange areas at the U.S. 80 freeway that will be constructed north of the city.

HERE IS A cross-country description of the proposed boundary change: Move the south boundary (now angling between Central and Label) to form a straight line extending along Label to west bank of Colorado River; north on west bank of the river to line even with extension of Canyon St., then east to a line west of Sherman St. Then, north to the south boundary of the T&P Railroad, east along the south side of the railroad to a point about 580 feet east of State Highway 208.

North east from State 208 on a parallel with the Old Buford Road to the north line of Section 34, then west to a corner opposite Corley Rogers land north of Colorado City, then south for about half a mile along Morales St. to the present northwest corner of the city limits.

THE AREA includes freeway entrances that will be built for traffic moving into Colorado City and also the old Buford Rd. area which is in future development plans of the State Highway Department.

Extension of the city boundaries are being proposed so include a large ballroom, game planning and zoning can be assured for future development and re-arrangement of dressing rooms for swimmers.

With annexation, planning See COUNCIL Pg. 7

Prospects of the five per cent pay increase were revealed late last month by Dan M. Krause, Cosden's senior vice president. And the definite announcement was made this week by R. L. Tollet, in his column, "Mr. T. Talks," in the Cosden Copper company publication.

Last year Col-Tex employees in Mitchell County earned almost one million dollars in salary and wages which indicates the increase here will amount to approximately \$50,000 for the year.

Col-Tex officials in keeping with announcement made at the firm's annual service awards dinner for employees have revealed that the drawing board for Col-Tex Sub-at-Lake, Colorado City, include a large ballroom, game planning and zoning can be assured for future development and re-arrangement of dressing rooms for swimmers.

With annexation, planning See COUNCIL Pg. 7

More than one councilman, too, described the new county proposal as good except for the factor that it lumps all rural fire calls together with no more pay to the city for a fire requiring one truck for a few minutes and a fire requiring two or three trucks for two or three hours.

Last year, when the first fire fighting contract was negotiated between the county and city a base factor in the contract discussion, councilmen said, was a pay rate of \$60 per fire truck hour although the total for the year was not to exceed \$900.

A question to be decided at the council table Monday night will be whether a majority of councilmen will want the compromise agreement to include provision for expense of a long fire or use of more than one truck at a time.

One thing for sure that councilmen seemed agreed upon. They want assurance from the county that the Commissioners Court will sit down with City Council in conferences in 1959 to seek agreement for 1960 before budgets are set up and long before contract expiration date.

There also is thinking among councilmen for an aim to long term fire fighting contracts—possibly for five years—so both the city and county can plan ahead in the future and not have to go through contract negotiating every year.

Last year the county paid a total of only \$900 for Colorado City fire fighting in rural areas. At rate of \$60 per fire truck hour the sum was used

See FIRE Pg. 7

## Will It Come Monday?

### FIRE COMPROMISE?

City Council Saturday appeared in the mood for a compromise agreement to furnish fire fighting for the county in rural areas.

But whether they can agree on the new proposal by Commissioners Court is a question mark.

In fact, councilmen probably will not know their own composite answer until the proposal is placed officially on the table Monday night at City Council.

Commissioners Court has proposed to pay the city \$60 for each rural fire call with a guaranteed minimum of \$1,500 in 1959.

In addition, the county has offered to pay \$60 for every additional fire call above the \$1,500 guarantee.

At the same time, the commissioners have offered proportional pay to Westbrook and Lorraine fire departments for fire fighting in rural areas.

Councilmen indicated Saturday they are viewing the county offer as a bonafide attempt to compromise the fire fighting issue and obtain fire protection for rural areas.

And councilmen indicate they believe the offer is at least near a level that might be agreed upon for the current year.

But there was more than one school of thought, so to speak, Saturday among councilmen.

Some were indicating they might accept the new county proposal as it is—\$1,500 guarantee plus \$60 for each additional fire call above the guarantee.

More than one councilman, too, de-

## GOING TO BOYS RANCH

### Boy Burglar Gets His 'Big Chance' -- Thanks to Judge

The 14-year-old boy whose string of burglaries stretched for at least a year will get his "big chance."

His big chance, really, is another probably his last opportunity to go straight. He left Saturday for Boys Ranch of West Texas, a unique institution 17 miles west of San Angelo for prevention of juvenile delinquency.

County Judge Elmer Martin contacted the ranch in an effort to secure admission of the youth.

And final arrangements for his admission were made here Thursday after Morris Craig, Boys Ranch director, came to Colorado City for personal interviews with the boy and his parents.

The youngster had been in custody of his parents on order of the county judge since he had admitted to police more than a week ago a series of daring daylight burglaries at local residences.

"He is a boy with good potential," Judge Martin said, "and I believe it is best to give him this chance at Boys Camp than to send him to a state training school."

The youth, who has been a student at Colorado Junior High, may remain at the ranch for a period of six months to a year.

He will join 44 other boys at the 960-acre ranch in a citizenship program aimed to give them a sense of responsibility, self-respect, respect for others, spiritual appreciation and belief in their country.

Boys at the ranch attend public schools and receive special tutoring when needed. Craig, when he decided here Thursday to admit the local youth, said that effort would be made to work with the kid's family in strengthening his home situation.

A total of 132 applications See BOY Pg. 7

## FRIDAY 13TH SHOW

### Bands, Skits to Feature Varieties

A big dish of entertainment is shaping up for Good Luck Varieties, annual show of Wolf Band Boosters which will be presented here the night of Friday the 13th.

Kenn Eastin, the Midland bank executive popular throughout West Texas for his encoosing and magician's talent, is returning to be master of ceremonies.

All of Colorado City public school bands are scheduled for performances, and nine additional organizations definitely will stage acts in the varieties.

Curtain will go up on the Good Luck show Friday night at 7:30 in Colorado High Auditorium, according to Mrs. James E. Payne, general chairman for the show.

Proceeds from the sale of tickets will be used by the Band Boosters to continue their extracurricular program in band student education, band training and educational trips.

Women's clubs, civic clubs and youth organizations are on the list of groups who will stage special entertainment features in the show. More are expected to join the list early this week.

Among those preparing skits are the Debutantes, Women's Fire Auxiliary, the Spudnick Combo, Hutchinson Elementary PTA, Girl Scout Troop of Wallace School, Business & Professional Women's Club.

Bands in the show will represent all schools. Mrs. Olson Sweet will direct the Primary School Melody Band. Directing the regular bands of Hutchinson Elementary, Junior High and High School will be Dwight Tomb and Warren Thaxton.

Special treat will be the first appearance of the High School Band in their new uniforms. At least 11 committee and See SHOW Pg. 7

## of Self-Embezzlement?

It's a serious charge. But many of us are guilty . . . although very few people cheat themselves intentionally. Yet that is just what we're doing when we fail to Shop Home Stores before we buy.

Often enough the deals are better at home, dollar for dollar. Always they're better when you consider that Trade Builds Communities . . . and that Trade is the sole source of prosperity for an area and for those who live within it. Even great natural resources benefit only a few unless they put more dollars into a community's regular trade channels

When we buy from those who buy from us . . . either our labor or our products . . . when we trade with the neighbors who help us to support our local social facilities . . . when we spend our money where our Trade creates opportunities for ourselves and our children . . . then we're getting full value for the money we work to earn

**TELEPHONE TALK**  
by Truman Black, Manager

**TODAY YOU'RE STILL PAYING WORLD WAR II "EMERGENCY TAXES" ON YOUR TELEPHONE BILL.**

Next time you're checking over the charges on your monthly telephone bill, take a real close look at the second line from the top. Notice the figure indented under the word TAX.

I imagine you've seen it so often you hardly even pay any attention to it any more. And yet, it deserves your special attention because it's about the closest thing to an unfair tax you'll ever be required to pay.

**10% FEDERAL EXCISE TAX**

Most of that amount represents federal (U.S.) excise taxes—10% on every dollar of local and Long Distance phone service.

Doubtless few people even remember, but federal excise taxes were World War II emergency taxes designed to help raise money for defense, and to discourage use of vital telephone lines which were then needed for essential war time purposes. When they were put on the books, the Chairman of the Ways and Means Committee told Congress, "The increases on present excises, and new taxes, are temporary and will expire after the war."

Well the war is over. But you and I are still paying the taxes.

Continuing World War II emergency taxes on an essential item like telephone service is so unbelievable it's almost funny. Except it's a little hard to laugh when you're being belted in the pocket book that hard.

**ONLY ON TELEPHONE SERVICE**

Of the four essential household utilities—gas, water, lights, telephone—only your telephone service is subject to excise taxes.

And as if the tax itself isn't enough, there's also a hidden cost involved. You pay that, too. You see, we have to collect the tax and pass the proceeds along to Uncle Sam. This extra bookkeeping and billing adds to the expense of running the telephone business. Since we get the money to operate the business from only one source—our customers—you not only pay the tax, but the cost of collecting it as well.

If you feel as I do, that this unfair tax should be repealed, I invite you to write Senators Lyndon Johnson and Ralph Yarborough and Representative George Mahon and tell them so. One more reminder won't surprise them. They'll already have heard about it from me.

**DON'T MISS THIS TV TREAT!**

The second Bell Telephone Hour on television will feature a host of musical stars including Duke Ellington, Ella Fitzgerald, Grant Tinker, Rise Stevens, Martha Wright and Russell Nye, with a wide variety of American Music by American artists. Call by number. It's twice as fast.  
**SOUTHWESTERN BELL TELEPHONE COMPANY**

25 guests attended the birthday fete.

A special guest attending was Mrs. Mohler's only sister, Mrs. W. H. Dunn of San Angelo, who also observed her birthday the first week in February, too.

Mrs. Mohler, the former Clara Lee Jones, was born Feb. 3, 1879 in Gatesville. The Mohlers were married in Corvett County, Gatesville, Sept. 21, 1898. They moved to Mitchell County in 1925. Mr. Mohler died in 1949.

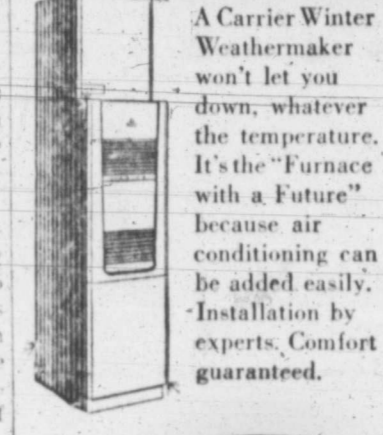

The buffet serving table was covered with a white linen cloth and centered with a traditional birthday cake.

Mrs. Mohler received numerous gifts from relatives attending the birthday dinner and celebration in her honor.

SPEAKERS—MMES. McSPADDEN, ALBRIGHT

### Hesperian Daughters Study 'Evolution of Fashion'

"Evolution of Fashion" was the program topic discussed by Mmes. A. L. McSpadden and Donald Albright last Friday at a regular meeting of the Hesperian Daughters Study Club in the home of Mrs. Dan S. Pope.

Mrs. McSpadden presented background information concerning the era of the "Flapper." For her talk, Mrs. McSpadden was attired in a costume of the time. She wore a black chemise, which was elaborately embroidered with small gun-metal and jet beads. She completed her flapper costume with a head-hugging cloche.

Mrs. Albright presented a discussion of fashions of the present. "What a delightful show of femininity! This was the headline comment in a news story last night," Mrs. Albright explained to club women. "The story was from Paris and concerned the latest showing of the spring collections of three leading French designers including the famous House of Dior.

"Men are to see the female figure again. Women can look like women again... for the sack, trapeze, extreme Empire Line and the knees are banished, for the time being, at least," Mrs. Albright added. "Women will look like women again, not like potato sacks and pyramids.

"To sum it up, the Spring Look is feminine. Waistlines are back, slightly higher sometimes, but there," Mrs. Albright said. "To the great joy of millions of women, not to mention their husbands, every leading collection includes a number of the well-loved classics that never go out of style—the full-skirted shirtwaist dress, the fitted

suit, the easy—and versatile dress-and-jacket costume. Materials are textured and easy to care for. Colors are wild, and this is the year to splurge into singing colors. Collars are important, but tons large jewelry important hats soft—It is the time to be glad you are a woman!" Mrs. Albright concluded. Members answered the afternoon roll call by attending the club meeting in their favorite costumes and presenting brief comments concerning what they were wearing. Mrs. Ace Melton wore her wedding dress, a sheer-printed chiffon gown. Other members were attired in sports, ensembles and cotton dresses.

The hostess served refreshments during the social hour to the following members: Mrs. John Worrell, Mrs. Elmer Martin, Mrs. J. E. Solcraft, Mrs. Curtis Baker, Mrs. Carl Echols, Mrs. R. P. Bates, Warren Costin, Mrs. Lester Manning, Mrs. Willis Jones, Mrs. E. V. Grandland, Mrs. A. L. Geor, Mrs. L. H. Fiddl, Mrs. McShan, Mrs. McSpadden and Mrs. Albright.

The Hesperian Daughters will meet next in the home of Mrs. Solcraft at 625 Elm Street, Friday, Feb. 17 at 2 p. m. for a "Tone Poem." Mrs. Curtis Baker will present analysis and illustrations for this program.

The new county proposal ups the guarantee to \$1,500 and provides for \$60 per call above the guarantee - a provision that would pay the city approximately \$2,100 if there are as many fire alarms in 1959 as 1951.

Whether that is enough to satisfy City Council remains to be seen. Originally, the council had asked for slightly more than \$6,000 - basing that figure on equipment, paid personnel and other expenses of the fire department budget that exceeds \$17,000 annually.

WINANS HITS 26 POINTS

# Lake View Trips Wolf Cagers in 79-42 Game

Billy Winans, the dark haired, long, side-burn captain of the Lake View Chiefs basketball team, proved himself again Friday night when he led his team to a 79-42 win over Colorado High Wolves.

Winans found the nets on the home court in his fifth game as he plunked in 26 points. He scored 25 against the Wolves in the first meeting of the clubs.

The win gave the Chiefs a clean 50 record in 3 AAA play. For Coach Luther Jefferson's Wolf quintet, it was the fifth straight consecutive loss and the second this season at the hands of Lake View.

The 79 points by Lake View is their season high - scoring mark. Their previous high mark of 75 points was scored against the Wolves in the first meeting of the clubs when Lake View won, 75-59.

Lake View could do no wrong Friday night. Lake View hit 45 percent of its shots and cleared 32 rebounds off the boards.

Wolves hit a weak 25.5 percent of their shots and made off with only 34 rebounds.

It was Winans who helped the Chiefs' firing - average with his 10 field goals on long set shots and jump shots from around the keyhole.

Jer's Treadwell, Wolves' little southpaw guard, led his team with 10 points while Ray Weaver, Wolves' bench-warmer, was held to nine points on nine

defensive work by the Chiefs' center William Keel. At the same time, Weaver held Keel to only eight points. Chiefs led all the way with a 17-12 first quarter advantage and increased that to 41-21 at halftime.

## SWEETWATER IS HERE THURSDAY
