THE SCURRY COUNTY TIMES

VOL. NO. 63 — SNYDER, TEXAS, FRIDAY, OCTOBER 20, 1950 — ISSUE NO. 99

Hurricane Is Passing; New One Forming

JACKSONVILLE, Fla., Oct. 19. (AP) — Florida's estimates of damage climbed to about $12 million today from the hurricane which took a few last licks at beaches while in its death throes in western Georgia.

All storm warnings were ordered down as the storm's center thrashed uneasily to near Columbus, Ga.

"That is a dead one, but another center is developing in the Gulf of Mexico about 300 miles south of the Louisiana Coast," storm forecasters at Miami reported. "Both the dying storm and the new one are in a figure-eight-shaped low pressure system."

OK STAMP

Forecasters put a stamp of approval on newspaper estimates of $12 million damage from the 125-mile hurricane that roared in over Miami late Tuesday and early Wednesday. The calm central eye passed directly over Miami between 11:45 p.m. Tuesday and 12:15 a.m. Wednesday. As the eye passed, screaming and smashing winds returned.

Property damage in Miami alone was assessed at about $8 million. Elsewhere property damage was estimated at $2 million, and crop damage at another $2 million for a total of $12 million.

"That estimate seems about right," forecasters said. "It may be a bit conservative when all reports are in."

Storm warnings lowered today were up from Brunswick, Ga., to Cape Hatteras. Warnings elsewhere were lowered previously.

TO DIE DOWN

Winds of about 40 miles an hour lashing North Carolina, South Carolina and northern Alabama will diminish slowly during the day and tonight.

High tides tore at Florida's beaches and seawalls as the dying storm lashed up through the center of the state and into Georgia.

Three Floridians died in the blow.

Borden Well Moved After Pipe Lodged

A strong blow of gas caused drill pipe to become lodged in the hole at Geier-Jackson No. 1 Morgan Coates, wildcat in Central South Borden County, and operator is now skidding equipment 150 feet west to a new location.

The prospector was at total depth of 1,750 feet in Yates lime when the gas blew out. Operator shut the flow off with 1,500 sacks of heavy drilling mud.

Location of the No. 1 Coates will now be 467 feet from the south and 617 feet from the east lines of section 12, block 27, H&TC survey. That makes drillsite one-and one-quarter miles northwest of the East Vealmoor field.

Destination of the No. 1 Coates is 7,500 feet to test the Pennsylvanian pay of the East Vealmoor.

KENT FAILURE

J. B. Stoddard of Dallas No. 1 C. H. Byrd, East Kent County wildcat, three and one-half miles southeast of Jayton, was abaondoned at 6,900 feet in barren Ellenburger.

It was located 330 feet from the east and 430 feet from the south lines of the southeast quarter of the southwest quarter of section 424, block D, H&TC survey.

NEW PAY

Ralph Lowe No. 1 J. E. Hill, Central Midland County discovery for oil in commercial amounts from the Dean sand of the lower Permian, five miles southwest of Midland, is preparing to deepen from 9,179 feet in sand.

This project had a recovery of 7,100 feet of clean 33 gravity oil and no water on its three-hour drillstem test at 9,100-9,178 feet.

Gas came to the surface in 14 minutes and the blow of gas continued throughout the remainder of the investigation.

No fluid came to the top while the tool was open. However, when 22 dry stands of drillpipe had been pulled, it started unloading oil, and the unloading continued for a considerable period.

The Dean sand is below the Spraberry sand and above the Wolfcamp section of the lower Permian.

Informed observers say that the free oil in Lowe No. 1 Hill is the first such fluid to be found in the Permian Basin in that formation. Other wells which have been drilled in the region have logged shows in the Dean sand — but available reports fail to show that any of those projects have had any free oil in that horizon.

Location is 660 feet from north and 1,980 feet from east lines of section 30, block 39, T&P survey, T-2-S. The indicated discovery is six miles northeast of the opener of the Parks-Ellenburger field.

MIDLAND WILDCAT

Some shows of possible production in the Devonian have been logged at Magnolia Petroleum Co. No. H. F. Timmerman, Central-West Midland County wildcat. Op-

Truman-MacArthur Agreement Over Formosa Raises Question

By JOHN M. HIGHTOWER
(Associated Press Staff)

WASHINGTON, Oct. 19. — The report that President Truman and Gen. Douglas MacArthur have reached agreement on the Formosa issue opened anew today the question of what exactly are American aims for the future of that strategic island.

The heart of the question is: To what extent will the United States try to keep Formosa, now held by the Chinese Nationalists, from falling into the hands of the Chinese Communists?

VARIANCE

Up to the time of the Truman-MacArthur conference on Wake Island last Sunday, there was considerable evidence that the two men did not see eye to eye. MacArthur clearly favored a determined policy to keep Formosa permanently out of Communist control. Mr. Truman favored neutralizing the island during the Korean war and thereafter settling its status peacefully through the United Nations.

The key to the reported agreement may be this: Although he seeks a peaceful solution in accord with other friendly nations, the President may have no intention of letting that solution take the form of handing Formosa over to the Chinese Reds.

POSSIBILITY

That is, the reported agreement may have taken the form of an assurance by Mr. Truman to MacArthur that his policies, developing within the UN, are aimed at permanently neutralizing the island.

High Pentagon officials who reported anonymously yesterday that the two men had agreed on the Formosa issue did not say how or in what degree the differences as they formerly appeared on the record had been resolved.

These officials stipulated that they not be named. This brought a prompt protest from Sen. Knowland (R-Calif) about "second hand leaks." In a statement distributed by the Republican National Committee, Knowland said "these partial facts may or may not express accurately the understanding" about Formosa.

FULL TEXT

He demanded that the full text of the anonymous news conference notes be cabled to MacArthur, presumably for checking against his understanding. Knowland noted that the officials who gave out word of the reported Formosa agreement were not actually present at the time, since they said Mr. Truman and the general discussed the issue when they were alone.

In Tokyo, informed sources said MacArthur has not altered his views. They said Formosa was not involved in any policy discussions at Wake.

Sabotage Seen In Corpus Act

CORPUS CHRISTI, Oct. 19. (AP) — Was there sabotage of a tanker that narrowly missed smacking into the Bascule Bridge spanning the Corpus Christi port entrance?

The rudder of the tanker SS Fort Charlotte locked as the ship cleared the bridge before dawn yesterday.

Crewmen and ships officers were quizzed by Coast Guard officers from 8 o'clock in the morning until late afternoon.

Chief Engineer John L. Rawles said he is convinced there was outright sabotage. By whom, he had no idea.

Lt. Comdr. R. Shields, officer in charge of the Coast Guard's local Marine Inspection Division, said the Coast Guard was "up against a stone wall" in its investigation.

Rawles said if "we had hit the bridge we would have been blown sky high. An empty tanker is more dangerous than a loaded one." A spark touched off by a collision would have ignited the vapors of the tanks, he explained.

The engineer said somebody definitely engaged the bypass lever on the [illegible] making it impossible to steer.

No Students In Extra Classes

No student, thus far, has attended the extra school class held at the high school building each afternoon since Monday for the school children needed in the cotton fields during regular school hours, M. E. Stanfield, superintendent, said today.

The class was established last week in a special session of the school board to allow children needed in agriculture to work during regular school hours and attend classes from 3:30 to 7:30 o'clock each afternoon.

Mrs. Edna Mae Lucy, a second grade teacher, was employed to teach the extra class but is allowed to use the time in working on her regular class work, or any other school work, during the time of this class when no students are present.

Without the extra class it would be unlawful for children under 16 to work in agriculture during regular school hours unless employed on farms controlled by their parents.

At the time of the decision to establish the extra class, several members of the school board commented on the probability that no students would attend.

The class is held in room No. 45, across the hall from Stanfield's office in the high school building.

Stassen States Truman Evades Red China Talk

PHILADELPHIA, Oct. 19. (AP) — President Truman's silence on Communist China and the Red threat to Indo-China in his San Francisco speech "appears to indicate" he did not ask Gen. Douglas MacArthur's advise on these issues, says Harold E. Stassen.

"The handling of these problems will determine in the final analysis whether or not the courageous fighting and great sacrifice in Korea have been in large part in vain," the University of Pennsylvania president said in a prepared statement yesterday.

"The President's silence at San Francisco on these subjects appears to indicate that he did not ask Gen. MacArthur's advise on them. This is disappointing to the American people. Gen. MacArthur's advise on these questions is desperately needed now before further bloodshed, rather than after the damage is done by new errors in diplimacy."

Stassen also said he had received no reply to his letter of Oct. 4 asking Premier Josef Stalin for a personal interview to halt the "drift to war" between America and Russia.

"We have absolutely no word as yet," Godfrey Larson, Stassen's personal spokesman, said.

After Long Absence, Street Sweeper Makes Its Return Appearance

Back onto the streets every night is the city street sweeper, which has been out of condition with a damaged wheel and badly worn broom.

City officials report that the sweeper situation has been the cause of the city's not cleaning the streets for the past few weeks.

The sweeper resumed its nightly cleanup Tuesday night.

Cost of repairing the machine was $187.50.

Hurricane Wrecked Car

A puzzled policeman views the little he can see of a fellow officer's car under a pile of cement blocks after winds of a tropical hurricane subsided in Miami. The wall of a boatyard building collapsed in the high winds, causing the damage.

3 Jet Crashes Due To Pilots' Misjudgement

WASHINGTON, Oct. 19. (AP)—The Air Force today quoted 2nd Lt. Luther C. Barcus, pilot who survived a crash of three F-86 fighters, as saying the pilots misjudged altitude in a haze and flew into a body of water in tight formation.

Barcus' plane "bounced" from the water, he was quoted as saying, but the two others went under.

Barcus managed to belly-land his damaged plane in a farm field and he escaped with a fractured leg and cuts.

The cause of the triple disaster about 12:30 o'clock Wednesday afternoon had been a complete mystery until Barcus gave his account at the Quantico, Va., Marine Base Hospital. He was taken there after climbing from the wreckage of his plane which hit near Nokesville, Va., about 35 miles northwest of Washington.

The Air Force also announced it had located a man who saw the planes go into the water and had fixed the approximate position as eight miles south of Quantico and seven miles north of Maryland Point Lighthouse on the Potomac.

Derailment Is Fatal To Two

By ALLAN JACKS
(Associated Press Staff)

ONEIDA, N. Y., Oct. 19. — The New York Central Railroad's "North Star" Express, streaking westward in the darkness, was violently derailed here early today at a cost of two lives and 15 injured.

The fleet passenger train, roaring through this Central New York flatland at a 75-mile-an-hour clip, hurtled the rails in the heart of Oneida. A steel freight car door that had fallen in the path of the limited was blamed for the wreck.

The engineer and fireman were killed.

None of the injured was reported in serious condition.

Three coaches and the baggage car overturned.

The steam locomotive and its tender jackknifed and lay on either side of the tracks with wheels toward each other, 200 feet ahead of the rest of the train. Other cars of the west bound train were derailed.

Most of the injured were reported to have been in the second coach, which overturned in the middle of the main street grade crossing.

A section of rail pierced the club car.

The train was the North Star, No. 21, en route from New York City to Buffalo.

Dr. Francis Pfaff, Madison County coroner, identified the dead fireman as Frank Romeo.

Capt. George Murphy of the Oneida police said all train passengers were being assembled in the state armory in an effort to determine whether anyone was missing.

Cripps Quits Cabinet Post

LONDON, Oct. 19. (AP) — Britain's economic czar, Sir Stafford Cripps, quit his senior cabinet post today.

Cripps, 61, long known as "Mr. Austerity" to millions of Britons, resigned from the chancellorship of the exchequer he took over in November, 1947. In that position corresponding roughly to secretary of the treasury in the United States, Cripps held wide powers over the economy of Britain. He spearheaded the drive, recently successful, of building up Britain's dollar and gold reserves after the postwar slump which threatened Britain's life as a going concern.

He resigned because of the ill health that has plagued him several years. He has colitis, a form of digestive trouble, and returned Monday from a rest cure in Switzerland and a vacation in Italy.

Texas Is Attacked By Connecticut Woman

HOUSTON, Tex., Oct. 19. (AP) — Vivian Kellems, mad at Texas for taking away Connecticut industries, says "You've got to stop it."

Why, said the peppery little manufacturer yesterday, Texas actually has "campaigns to take our industries away from New England."

Miss Kellems, who in 1947 decided if the government wanted to collect income taxes from her 50 employes it would have to "Come and get it" stopped here en route to Galveston. She's to speak there today to the Texas Manufacturers Association.

Miss Kellems is head of the Kellems Company, manufacturers of cable grips, in Stonington, Conn.

Kim Il Sung Governmet Flees As Conquest Of Pyongyang Is At Hand

Agriculture Department Is Afraid To Mention Cotton

By OVID A. MARTIN
(Associated Press Staff)

WASHINGTON, Oct. 19. — Cotton has become a touchy subject among government farm officials.

They are reluctant even to mention the crop lest what they say sends prices flying skyward or plunging dowhward in an abnormally sensitive market where hundreds of millions of dollars are invested.

This situation has developed because the 1950 crop fell far short of needs and the Agriculture Department's production goal, and because the ticklish international situation has caused a boom in demand for the fiber.

EXPORT LIMITATION

Acting to conserve supplies for this country and to stabilize sharply advancing prices, Secretary Brannan last week issued an order limiting exports for the eight-month period ending March 31. This action was followed by a break in prices and sharp protests from cotton growers and southern lawmakers.

The latter contend that Brannan was treating growers unfairly by causing prices to go down at harvest time.

In recent days, the department has received an abnormal number of telephone calls, telegrams and personal calls pleading and insisting that it either lift the export restriction or modify it to increase export allowances.

SHAKY ACT

Meanwhile, the cotton market has been putting on a teeter-totter act.

Reports and rumors circulated that Brannan was preparing to amend his order right away to permit larger exports. Prices shot up, on the theory that the action would provide a bigger market with a resulting further shrinkage in the nation's tight supplies.

When the amendment failed to materialize, prices trembled again. They bounced up again on reports that Brannan had promised a congressman that he would boost the export quota.

The chances appear favorable for an increase in export quotas. Officials would like to wait longer, however, before making a decision. They would like to see how this year's crop finally turns out. They would like to get some idea on how much farmers plan to increase production next year and to get a better picture of this country's own needs.

French Crisis On Indochina

By CARL HARTMAN
(Associated Press Staff)

PARIS, Oct. 19. — Premier Rene Pleven's government came under heavy political fire today because of French military defeats in Indochina.

Communist Deputy Pierre Juge opened the debate in the national assembly by demanding an "immediate end" to the war. Edmond Michelet, a right-wing follower of Gen. Charles de Gaulle, called for a more energetic fight against the Communist-led forces of Ho Chi Minh.

Michelet branded the evacuation of Coabang "the greatest disaster in our colonial history." He attacked Pleven's middle-of-the-road coalition as a regime of "whited sepulchres."

He said Communist members of the council of the French Union, an advisory house of parliament, are going to Indochina at the French taxpayers' expense and address troop units.

Another rightist, Edouard Frederic-DuPont, bitterly criticized the lack of war support for the French troops in Indochina. The U. S., he said, had offered the light bombers needed.

Andre Maroselli, secretary of state for air, questioned this.

Then why, asked Frederic-DuPont, were no bombers sent from Africa?

Korean War In Brief

(By The Associated Press)

FIGHTING FRONT — Greater part of Pyongyang falls to United Nations forces U. S. First Cavalry and South Korean First Division link up near center of city. Red Premier Kim Il Sung and members of his government reported fled to Huichon, 80 miles to the north. Communists surrender in thousands. Allied commanders see war turning into one of scattered guerrilla actions.

Draft Board Quits In Protest Of Deferments Given College Students

ST. MATTHEWS, S. C., Oct. 19. (AP) — The selective service office here is still open but there isn't any draft board.

The entire board, plus the board's appeal agent, resigned yesterday in protest of a selective service rule that allows deferment of college students.

The rule allows deferment of college students for one school session, and indefinite deferment if the student is a member of an ROTC unit.

End Of War In Sight With Fall Of City

Koreans Warned Of A Long, Hard Struggle Against Guerrillas

(By The Associated Press)

SEOUL, Korea, Oct. 19. — United Nations forces seized the failing heart of Red Korea today.

Twin allied spearheads occupied most of the Communist capital, Pyongyang.

Reports from four Associated Press war correspondents indicated that complete conquest of the North Korean Red nerve center was only a matter of hours.

Premier Kim Il Sung and his Soviet satellite regime apparently fled to the north, possibly as far as Red Chinese Manchuria or Soviet Siberia.

An end to the bitter war that started June 25 was in sight. But top allied commanders have warned that guerrilla resistance may lie ahead.

CLOSE TO MANCHURIA

On both the east and west coasts the allies were pressing closer to Manchuria.

In Pyongyang, nothing stood in the way of the grimy, grinning battlers of the U. S. First Cavalry and South Korean First Divisions except a few die-hard Reds.

The mechanized cavalry troopers were first into the city—as they were first in historic entries into Manila and Tokyo in World War II. They smashed inside the eastern industrial section from the southern outskirts at 11 a.m. Thursday (8 p.m., CST, Wednesday).

The South Korean Division thrust in from the east afterwards.

AP Correspondent Don Whitehead reported frightened Reds surrendered by the thousands. Some ran into the open from houses and fields, clad only in long underwear, hands above their heads.

The ancient bomb-blasted capital seemed virtually deserted by its more than 700,000 inhabitants. The two major escape roads leading northward were clogged with civilian refugees and Red soldiers.

NO STAND

"The Reds could not even muster a stand or fight to the death for their own capital," Whitehead reported.

"Either the Reds had lost their will to fight for the city or else the Americans moved so fast they had no chance to group the defense force."

AP Correspondent William J. Waugh, Tom Lambert and Jack MacBeth reported the Reds blew two bridges spanning the broad Taedong River which courses through the capital's center.

But the Communists neglected to blow a third. The cavalry troopers and South Koreans linked up on the east sides of the bridge, spook hands and poured across.

STRING BANNERS

On the opposite side, the Communists had strung banners across the streets urging the populace to "defend this city to the last."

There was no real defense of Pyongyang," Correspondent Whitehead said.

"Once the crust of resistance was broken at Hukkyo, 13 miles south of Pyongyang, the rest was a breeze for the smiling American troops.

"They were cheerful, even though they had been driving hard for the past 30 days."

The speed of the allied advance evidently had knocked sky high any over-all Red defense plan. In slightly more than a month, the UN forces had smashed out of their once perilous Pusan beachhead perimeter in Southeast Korea, trapped the Reds in the south and plunged across Parallel 38 into the Red north.

Whitehead said feeling ran high that Pyongyang's capture would signal a quick end to the war. Men were shouting "When do we go home?"

French Assembly To Start Debate Over Indochina Question

PARIS, Oct. 19. (AP) — France's National Assembly starts debate today on the government's Indochina policy amid indications from Premier Rene Pleven that he and his cabinet will resign unless their actions get full support.

Pleven will ask the assembly to approve the government policy in Southeast Asia "without equivocation."

Deputies of the powerful Socialist Party met last night to decide what position they would take.

There has been increasing criticism in France over the progressive withdrawal of French troops from posts along Indochina's frontier with Red China. In one such withdrawal more than 3,000 Foreign Legion and Moroccan troops were lost.

Politicians Are In Hot Water All Over The Country Today

(By The Associated Press)

Bringing up the name of Franklin D. Roosevelt, Gov. Thomas E. Dewey sought last night to play down the importance of the famous Hanley letter which kept the New York political campaign boiling.

Dewey said there was nothing wrong in Lt. Gov. Joe R. Hanley's admission that before he had agreed to run for the Senate he had definite assurances he could clean up his financial obligations within 90 days.

SAME DEAL

The Democrats made the same sort of deal in 1928, Dewey declared in a speech at Newburgh, N. Y. He said the late John J. Raskob underwrote $200,000 in debts for Franklin D. Roosevelt so the late President could run for governor of New York.

Rep. Walter A. Lynch, Dewey's Democratic opponent for re-election, kept hammering at the two-times GOP Republican presidential candidate. Dewey, Lynch said, was responsible for what Hanley did but is making Hanley "take the rap."

"He has been caught and he can't take it," Lynch said in a campaign speech.

Elsewhere, Gen. Dwight D. Eisenhower reiterated that "I have said frankly over and over that I have no political ambitions." Dewey tossed the Columbia University president's name back into the political ring Sunday when he said he favors Eisenhower as the GOP's presidential candidate in 1952.

Asked if he would run if nominated, Eisenhower told a news conference: "I'm not going to go into all of these hypothetical questions about things that possibly could happen in this country."

In Maryland, Democratic Sen. Millard Tydings announced he will take over Fulton Lewis, Jr.'s Mutual Network broadcast tonight to defend himself against charges the radio commentator has made against him.

Tydings said he had had to go to the Federal Communications Commission to get equal network time. Mutual said Lewis had volunteered his time to Tydings. And the Commentator said Tydings' statement that he had to go to the FCC was "a cheap, deliberate and contemptible lie."

Foch's Widow Is Dead

PARIS, Oct. 19. (AP) — Mme. Ferdinand Foch, widow of the victorious marshal of World War one, is dead at the age of 90, it was announced today.

She died yesterday of an undisclosed ailment at her home here.

Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Friday. No important temperature changes.

EAST TEXAS: Occasional rain in north portion and near upper coast this afternoon, tonight and Friday. Otherwise partly cloudy, not much change in temperatures. Fresh to strong northerly winds on the coast with occasional squalls on upper and middle coast.

Industrialist, Financier Dies

CENTREVILLE, Md., Oct. 16. (AP) —John J. Raskob, behind-the-scenes political figure of the '30s and a pioneer in the automobile installment-buying plan, died at his estate here yesterday. He was 71.

A Requiem Mass will be offered at 11 o'clock Wednesday morning if his wife, Mrs. Helena S. Raskob, arrives by that time from Arizona. If not, the Mass probably will be delayed pending her arrival.

As a former chairman of the finance committee of General Motors, and associate of the Du Ponts of Wilmington, Raskob was one of the country's leading industrialists.

But he was most remembered for his political experiences. He dropped out of his business positions in 1928 to back Al Smith in his unsuccessful bid for the presidency.

Despite the setback, he remained a power in the Democratic Party—and one of its chief contributors—until 1932, when factional breaks resulted in his assuming a more minor role.

Officials Checking On Railway Derailment

MERMENTAU, La., Oct. 16. (AP) —Officials of the Southern Pacific Railway today investigated the derailment of an eastbound freight train at the Mermentau River here.

Four freight cars fell into the river. At least 17 were derailed and a 200-foot section of the bridge was ripped loose. No one was injured.

The accident came after the bridge had been lowered. It had been raised to allow a barge to pass underneath. A railroad spokesman in Houston said the crossing was attempted too quickly after the bridge was lowered.

Raskob is credited with authoring the plan for car manufacturers to finance car purchases on the installment plan.

His eastern shore farm— a showplace—has been host to both industrial and political hierarchy for 20 years. Several guests were down from New York for the week end when he suddenly became ill and died before a summoned physician could arrive. Death was due to a heart attack.

Doctors Up To Fifty Years Of Age Register For Draft Today

By VERN HAUGLAND
(Associated Press Staff)

WASHINGTON, Oct. 16. — The Defense Department hoped today's first medical draft registration will provide a pool of from 5,000 to 10,000 men from which it can induct the 1,522 doctors, dentists and veterinarians it wants by the end of January.

Under the medical draft law passed by Congress, men through 50 can be drafted. Present plans, however, call for induction of only a few in the lower age groups.

REGISTRATION

Draft boards today registered young doctors, dentists and veterinarians who were:

1. Students in the Army specialist training or similar Navy V-12 program during World War II, and who served less than 21 months in one of the services or the public health service after completing their medical education.

2. Deferred from service in World War II to obtain medical, dental or veterinary degrees.

Estimates of the number involved range from 5,000 to 10,000.

Other medical men under 51 will register at later dates until Jan. 16, when the registration task is to be completed. No provision has yet been made for the registration of pharmacists, optometrists, osteopaths, x-ray technicians and other medical specialists.

Men called up in the doctor's draft will serve not more than 21 months under present regulations.

FIRST UP

Medical men whom their draft boards find acceptable for military service will be placed in class 1-A immediately.

A special category—1-A-0—to be drafted right along with the 1-A's, has been set up for conscientious objectors willing to perform non-combat services.

Conscientious objectors who say they cannot perform any type of military service whatever will be placed in class 4-E, and this class will be the first to be looked over when the 1-A's and 1-A-0's are used up.

Next will come class 1-D—members of reserve units. After them will come the 2-A's, medical men whose services in their community are found to be necessary to the maintenance of health, and who cannot be replaced.

It is not anticipated that the present needs of the armed forces will make it necessary to dip into these classes.

Police Raid Obscene Motion Picture Showing

CHICAGO, Oct. 16. (AP) — Police raided the basement of a north side home yesterday and seized 72 teen-aged boys who they said were viewing obscene movies.

Juvenile Officer Ted Groark said the movies were "shocking, the worst we've ever seen."

Ten of the boys, 17 to 19, will appear in boy's court today on charges of being inmates of a disorderly house. Sixty-two boys, from 13 to 16 years of age, will appear in family court.

Det. Albert Gerber said the boys running the show said they were members of the Cobegos Club and charged admission to raise funds for jackets. The movies were being shown in the home of one of the club members while his family was away.

Police said they were looking for a woman who reportedly rented out the films.

Nation Enjoying Summertime Heat

CHICAGO, Oct. 16. (AP) — Temperatures headed toward summertime levels again today in parts of the Midwest, Great Plains and Gulf states.

Except for scattered showers in northern Minnesota, extreme southern Florida and parts of the Rockies, skies were generally clear throughout the nation.

Readings of 90 degrees or higher were reported Sunday from points in southeastern Colorado, western Kansas and the interior of the Gulf States.

Temperatures in the low 80's were forecast for some points in the Midwest.

However, cooler weather was pushing into the northwest and temperatures were rather low in the northeast.

Most Of Louisiana Fires Extinguished

DERIDDER, Oct. 16. (AP) — The State Forestry commission says most of the 103 forest fires which roared throughout Louisiana yesterday have been extinguished.

About 30 fires were reported in Beauregard Parish (County) in southwestern Louisiana and 14 in Livingston Parish in the southeastern part of the state.

Fires were also reported in Vernon, Allen, Evangeline, Rapides, LaSalle, East and West Feliciana, East Baton Rouge, Tangipahoa, Washington and St. Tammany Parishes.

Headquarters for Builders

Shown here is Forrest Builder's Supply at 2109 Twenty-fifth Street. This has been Snyder's complete building service since 1937.—(J. Lawrence Devers photograph).

South Amboy School Students Returning

SOUTH AMBOY, N. J., Oct. 16. (AP) — Some 500 public school kids hit the books today—on shifts—following the longest summer vacation they ever had.

The delay in opening was caused by last May's disastrous munitions explosion which did extensive damage to the city's schools. Even now the high school is the only one open. It will serve high school students in the morning and elementary pupils in the afternoon.

Famous Golf Writer Succumbs In Atlanta

ATLANTA, Oct. 16. (AP) — O. B. "Pop" Keeler, who spent most of his life doing the things he wanted to do—writing about golf and making friends—is dead.

O. B. was 68 when he died yesterday morning in an Atlanta hospital from a liver ailment and a nerve condition.

"Pop" was retired by the Atlanta Journal last Sept. 15 after 42 years of newspapering for the Journal, the extinct Atlanta Georgia and the Kansas City Star.

11th Hour Elopment Changes Plans Some

NEWARK, N. J., Oct. 16. (AP) — Bob Wallman, 24-year-old Newark draftsman, smiled as he put up the wedding decorations in St. George's Hall.

He thought of his cute little bride-to-be, 19-year-old Bernice Kurdes. He thought of the wedding reception, . . the New York night club table he had reserved . . . the two plane tickets to Florida . . . two weeks in the sun. . . .

All that was Friday night. Bernice had just left him.

And she really had left him.

She was dashing off for an 11th-hour elopment with another young man, Roland Lauther.

Next morning Bob got the bad news.

Sadly they called off the wedding and reception, flagged down the caterer and 200 wedding guests. Wallman also wondered about his $700 engagement ring and the house he had just bought.

But he was not going to give up . . . honeymoon — even if there wasn't any honey anymore.

He gathered up old Pal Joe Krieg, who would have been usher at the wedding, and the two set out last night . . . for New York.

After that. . .

Gun Shot Kills Man

DALLAS, Oct. 16. (AP) — R. D. Walthall, 46, died yesterday, three days after he was shot out of a pecan tree by an 80-year-old hunter.

The aged man said he thought he was shooting at a squirrel.

A row of utility poles on a street parallel to the Miami river were pushed almost flat during the severe hurricane that hit Miami and swept northward along the Florida west coast.

Two Companies To Take Color Television Order Into Court

By JACK ADAMS
(Associated Press Staff)

WASHINGTON, Oct. 19. — Sleeves were rolled up all around today for what looked like a knock-down, drag-out fight over color television.

The Federal Communications Commission, which has held aloof from the squabble over color which followed its selection one week ago of Columbia Broadcasting System's color plan as the official system, announced it will vigorously contest court challenges against its order. They have been filed in New York and Chicago by Pilot Radio Corp., Radio Corp. of America and National Broadcasting Co.

At the same time, the commission moved yesterday to get RCA's rejected color system off the airwaves during regular commercial telecasting periods, for which CBS has been given formal licenses effective Nov. 20.

MAY CONTINUE

The commission notified NBC, which is affiliated with RCA, that it may continue "experimental" color broadcasts under the rca system over Washington Station WNBW and New York Station WNBT, but that these broadcasts may not be handled during "normal broadcast hours" on the NBC network.

NBC and RCA had no immediate comment.

For about a year NBC has been broadcasting some of its commercial programs in RCA color, by way of keeping the public reminded that the RCA method is "compatible" with current operations — that is, that it may be viewed in black and white by owners of present sets, without additional equipment or dial adjustment.

Under the FCC ruling, NBC can make such demonstrations only in the morning hours or very late at night when most commercial programs are off the air.

The commission also answered an RCA charge that it may have been influenced in selecting Columbia color by biased advice from an FCC engineer who has invented an adapter to enable existing sets to get the CBS color system in black and white.

The commission said the invention, by Laboratory Chief Edwin W. Chapin, assisted by an aide, Willmar K. Roberts, has been turned over to the U. S. government. FCC said the government holds the patent and that no individual could collect royalties from it.

Ban on Amusement Building Is Planned to Conserve Material

WASHINGTON, Oct. 19. (AP)—Despite forceful objections from the building industry, the government today considered an emergency ban on the construction of race tracks, dance halls, bowling alleys and other amusement spots.

New moving picture theaters and night clubs might also be included, but officials of the national production authority (NPA) said the scope of the proposed order remains to be worked out. Its aim is to save materials for munitions.

The move would be a stiff blow to the already tottering building boom. Severe limitations on private real estate credit and federal home financing were imposed Thursday, and a limitation on commercial construction credit — affecting stores and office buildings—is expected to follow.

Still another slap at credit expansion, in the form of a federal reserve board order tightening bank reserve requirements, became more likely. The board yesterday reported that bank loans to business houses hit another record high last week.

An order requiring banks to set aside more funds in reserve would limit the bank funds available for lending. Business loans last week, the board said, increased by $227,000,000 to a total of $16,142,000,000.

The proposed building ban was unfolded yesterday to a score of leaders in the building, real estate, materials, and related industries. They fought the idea vigorously, and urged instead that the industry be allowed to undertake its own conservation campaign.

The industry group argued that the real estate credit move will freeze huge quantities of materials. Some of them estimated that residential construction will slump from this year's record of 1,300,000 homes started to a total of only 600,000 or even 400,000 in 1951.

This also will produce great savings of materials now being used up in the equipping and furnishing of new dwellings, the industry spokesman argued. Finally, they asserted, the government should "sharply curtail" its own non-defense building as well as that of states and cities.

The latter proposal would apply not only to public works and buildings, but presumably to the big public housing program under which the government proposes to finance 810,000 units of subsidized housing for low-income families.

But it was clear that NPA was not dissuaded from its plan, for a spokesman said today that a meeting will be held shortly with building trades and other labor groups affected before a final decision is made.

Severe Damage To Garage From Fire

A private automobile garage was destroyed and a house trailer heavily damaged by fire in Northeast Snyder yesterday afternoon.

Cause of the fire, which originated in the garage at the residence of Mr. and Mrs. J. H. Huey, 2101 Avenue M, was not determined.

The fire was discovered by a neighbor boy who reported it shortly after 3 o'clock. Mrs. Huey said she and Mrs. W. M. Gaston, a resident of the house trailer, were downtown at the time, arriving at the scene before the fire was extinguished.

The garage burned to the ground, but most of the trailer was saved.

No. 3 Game Will Be Snyder Homecoming

The Snyder-Hamlin football game on Nov. 3 has been selected as the high school's homecoming fete this year.

Special numbers by the band and pep squad are being planned by Mrs. Mary Faver, pep squad sponsor, and Jimmy Verner, band director.

Plans are also being made to crown the football sweetheart during the program.

Expect Two More Paid Firemen By Next Month

Fire Chief Norman Autry, still working with his committees on the modernization and expanding of the fire department, announced this week that he should have two more paid firemen on duty by Nov. 1.

Still not certain of the increase of employees, Autry will make another report later in the month. He is acting upon a recent vote of the city council instructing him to hire two more firemen at a starting salary of $200.

With a total of four full-time firemen, Autry will have two on duty at all times.

Borden Well

(Continued from Page 1)

erator is now testing the section which carried the shows, which is at 11,766-868 feet.

This prospector topped the Devonian at 11,595 feet, which is on a datum of minus 8,744 feet. According to some correlations that makes it approximately 15 feet low to the top of the Devonian in Magnolia No. 2 Parks, two and one-quarter miles to the northwest, which is the opener of the Parks-Ellenburger field.

The Magnolia No. 2 Parks did not show for any commercial production in the Devonian.

Top of the section showing porosity and oil stain in No. 1 Timmerman is at 11,760 feet.

This exploration is 11 ½ miles south and a little west of the city of Midland, and 660 feet from north and east lines of section 8, block 40, T&P survey, T-3-S.

It has already shown for a flowing discovery from the Pennsylvanian. It flowed 41.4 barrels of 43.5 gravity oil in one and one-half hours from the section at 10,455-535 feet. There was no water.

NO. 6 WEATHERS

Amerada Petroleum Corp. No. 6 Cora Weathers has been completed as a south extension to the Von Roeder field of Southeast Borden County for a daily flowing potential of 472.56 barrels of 45.3-gravity oil.

The new producer is 2,002 feet from south and 1,958 feet from west lines of section 94, block 25, H&TC survey.

The potential was based on an unnatural 20-hour flow through a one-quarter inch choke.

The producing horizon from 6,801 to 6,842 feet was treated in open hole with 500 gallons of acid.

No water was produced on the completion test. Gas-oil ratio was 955-1. Casing pressure was reported to be 550 pounds and pressure on tubing was 950 pounds.

Five and one-half inch oil string was cemented at 6,803.

SWABBING

Sinclair Oil & Gas Co. and Magnolia Petroleum Co. No. 1 Davis wildcat in Northwest Upton County, is at drilled out total depth of 13,159 feet swabbing through perforations at 13,110-13,159 feet.

Operator swabbed load with slight shows of oil in pits and then acidized the above interval with 2,000 gallons of acid.

The No. 1 Davis was then swabbed down to 12,200 feet. In five hours, recovery was five barrels of oil and six barrels of acid water.

Operator is continuing to swab and test.

Location of the No. 1 Davis is 660 feet from north and east lines of section 20, block 41, T&P survey, T-5-S and six and one-half miles southwest of the Pegasus field.

FISHER LOCATION

Lion Oil Co. has staked drillsite for its No. 1 Huddleston, 6,500-foot wildcat in extreme Southeast Fisher County.

Exact location will be 669 feet from west and 579 feet from south lines of east half of section 10, block K, T&P survey.

Operations are to begin in the immediate future.

TWO IN STONEWALL

Two deep wildcats have been scheduled for immediate drilling in Stonewall County, one in the north portion of the county two miles south of King County line and one in South-Central Stonewall.

Deeper of the pair is a 7,100-foot Ellenburger wildcat. It is Continental Oil Co. No. 1 G. C. Carothers, 660 feet from west and 1,980 feet from north lines of section 139, block F, H&TC survey.

Drillsite is three miles southeast of Rowan & Hope No. 1 Catherine Berry, recent failure at 6,670 feet.

The other Stonewall project, a 6,080-foot Ellenburger test seven miles southeast of Aspermont, will be F. Kirk Johnson and others of Fort Worth No. 1 A. E. Smith, 1,980 feet from west and 660 feet from south lines of section 143, block 1, H&TC survey.

Texas Pacific Coal & Oil Co. was preparing to run casing for completion attempt as an Ellenburger discovery at its No. 1-A May Sears, section 74, block 20, T&P survey, seven miles east of Sweetwater in Northeast Nolan County.

The Ellenburger was topped at 5,950 feet and cored from 5,967 to 5,973 feet, recovery being three feet of dolomite. A 90-minute drillstem test from 5,955 to 5,973 feet recovered 30 feet of slightly oil-cut mud.

Operator then deepened to 6,014 feet and ran a 130-minute test with packer at 5,973 feet. There was gas to the surface in one minute, developing into a strong blow within 15 minutes.

Recovery was 660 feet of oil and 210 feet of heavily oil-cut mud.

Flowing pressure was 205 pounds and shut-in pressure 2,475 pounds.

The No. 1-A May Sears is located three miles northeast of Sohio No. 1 Erl Favor, Ellenburger producer in block 21, section 50, T&P survey.

The No. 1-A May Sears is 765 feet from south and 660 feet from west lines of the section 74, block 20, T&P survey.

TWO COMPLETIONS

Two wells, diagonally offsetting each other, have been completed on the north side of the Pegasus field in Northwest Upton County.

Magnolia Petroleum Co. No. 3-36 Dr. Roy Glass was completed for a 24-hour flowing potential of 830.25 barrels of 53.3-gravity pipeline oil.

Gas-oil ratio was 1,400-1. Production was natural through a 24-64th inch tubing choke.

Pay was topped at 12,660 feet and total depth was 12,969 feet. Five and one-half inch casing is cemented at 12,770 feet.

No. 3-36 Glass is 1,998 feet from south and 660 feet from east lines of section 36, block 41, T-4-S, T&P survey.

Magnolia potentialed its No. 3-A TXL for a daily flow of 546.75 barrels of 53.2-gravity pipeline oil. Gas-oil ratio was 1,515-1.

The flow was through an 18-64th inch choke and open hole between 12,735 feet, where 5 ½-inch oil string was set and 12,993 feet, the total depth.

It is located 1,980 feet from north and 660 feet from west lines of section 31, block 40, T-4-S, T&P

IN SPRABERRY

Magnolia Petroleum Co. No. 1 Caswell, west offset to the same company's No. 1 Garza Land & Cattle Co., opener of the O'Donnel-Pennsylvanian pool in Southeast Lynn County, is at plugged back total depth of 6,016 feet in Spraberry sand.

Operator was making preparations to shoot with notro-glycerine at 5,960-6,006 feet. Casing is set at 5,960 feet.

The offset swabbed 5 barrels of fluid in 12 hours. The fluid was 80 per cent salt water, 10 per cent mud water and 10 per cent oil.

Location is 660 feet from north and east lines of the southwest quarter of section 431, block 9, EL&RR survey.

REAL COUNTY

Moore Exploration Co. of Midland and Dan Auld of Kerrville have staked location for a wildcat in Northeast Real County.

They will drill their No. 1 Claude Haby to 6,700 feet, unless commercial production is found at a lesser depth.

Exact location will be 660 feet from north and east lines of the southwest quarter of section 111, San Antonio Ditch survey.

It will be two and one-half miles south of Kerr County line and approximately three miles west of the Bandera County boundary.

The prospector will be drilled about five and one-half miles south of the old Love area, where promising shows of oil were encountered in the early 1930s but commercial production was not developed.

Drilling & Exploration Co. of Abilene has the drilling contract. The project is being supported by Humble Oil & efining Co. and Atlantic Refining Co.

COKE FAILURE

Lion Oil Co. No. 1 Runnie Waldrop, wildcat in Northeast-Central Coke County, has been plugged and abandoned on total depth of 6,638 feet in Ellenburger lime.

Top of Ellenburger by samples was 6,360 feet on a datum minus of 4,262 feet.

Operator drillstem tested from 6,585 feet to 6,638 feet. Tool was open one hour. Recovery was 450 feet of slightly salty muddy water and 1,290 feet of slight gas cut salt water with a sulphur odor.

This failure is located 660 feet from south and east lines of section 369, block 1-A, H&TC survey and four and one-half miles northeast of Union Oil Co. of California No. 1 McCuthen, recently completed Cissame distance northwest of Bronte.

No. 1 Waldrop was seven miles northeast of Rohert Lee and the co discovery.

Stanolind Oil & Gas Co. No .1 C. W. Burton, Northwest Howard County wildcat, 10 miles northwest of Big Spring, and eight miles south and west of the Vealmoor field, was drilling ahead below 8,876 feet in a lime.

This prospector cored at 8,871-76 feet. Recovery was six inches of soft lime with slight porosity and slight oil stain.

Following the pulling of the core operator went back in the hole and is drilling deeper. A drillstem test probably will be run after about 25 feet more hole has been made.

No official call has been made on the top of the Pennsylvanian lime reef. This project has already penetrated a section of approximatly 300 feet above 8,871 feet which was alternate streaks of lime and shale.

Official Sources are waiting until more information is secured before making a call on the reef top — thinking that there is a possibility that the current lime section may turn out to be only a stringer.

Location is 660 feet from north and west lines of the southeast quarter of section 27, block 33, T&P survey, T-2-N.

CROCKETT COUNTY

Eight miles south of Iraan in extreme East Crockett County, L. D. Gibson and others will drill their No. 1 J. H. Tippett as a 2,000-foot cable tool wildcat.

Location of the prospector will be in section 4, block 194, GC&SF survey.

Operations are to commence immediately.

DRILLSTEM TEST

Ninety feet of slightly gas-cut mud and 120 feet of heavily oil and gas-cut mud, plus 1,590 feet of dry sweet gas were recovered on a drillstem test in the Spraberry sand at R. R. Herrell of Midland No. 1 Marshall Cook, wildcat in Central Glasscock County.

Operator is now drilling below 7,432 feet in sandy shale.

The tester was open four hours. A strong blow of air was to the surface for three hours.

STOCK MARKET

NEW YORK, Oct. 19. (AP) — An opening advance in the stock market bogged down before it got well started today.

The initial rise carried the market to a new 20-year high following broad rises on Tuesday and Wednesday. Gains today, though, were quickly cut down or even converted into losses.

Changes either way were limited to less than $1 a share for the most part.

Opposition to a further rise appeared to be due mainly to profit taking sales.

Livestock Market

FORT WORTH, Oct. 19. (AP) — Cattle 1,100; calves 850; steady; medium grade slaughter steers and yearlings 24.00-28.00; fat cows 19.00-22.00; canners and cutters 12.00-18.50; culls 17.00-23.00; good and choice fat calves 26.00-29.00; common to medium slaughter calves 21.00-25.50; culls 18.00-20.00; stocker calves 24.00-30.00; stocker yearlings 24.00-30.00; stocker yearlings 24.00-28.00; stocker cows 18.0-24.0.

Hogs 500; butcher hogs 50 cents to $1 higher; feeder pigs steady; good and choice 190-270 lbs 22.00-25.00; good and choice 150-185 lbs 19.00-21.25; sows 18.00-20.50; feeder pigs 16.00-17.00.

Sheep 400; steady; good wooled slaughter lambs 27.00; medium and good slaughter yearlings 24.00; feeder lambs 24.00-26.00.

Cotton Market

NEW YORK, Oct. 19. (AP) — Noon cotton prices were 30 cents to $1.90 a bale higher than the previous close. Dec 39.13, Mch 39.11, and May 38.99.

Louis E. Long To Represent Insurance Firm

The Deffebach Insurance Agency, 2606 Avenue R, yesterday announced a new life insurance service through Louis E. (Bob) Long, Jr., who will be associated with the Deffebach firm while representing the Lincoln National Life Insurance Co., of Fort Wayne, Ind.

Long, who lived in Snyder as a child, returned here from El Paso, where he and his family have lived for the last five years.

"I am happy to be able to come back to Snyder to rear my two boys," Long said.

Long's people have been in the cattle business and have traded in Snyder for more than 30 years. His father, Elmer Long, who lives near Gail, is well known in the cattle business around Snyder.

For a long time Long has been associated with the Lincoln company, which is one of the oldest life insurance firms in the country and is the nation's tenth largest.

The Longs will live at 2707 Avenue O, Apartment No. 1, until their new home is completed.

Hunters Return From Utah Mountain Trip

Five Scurry County men and a friend from Fort Worth returned here yesterday from a hunting trip in Utah, where they killed 10 deer.

Their seven-day hunt was in the Horse Mountain region near Blanding, in San Juan County.

The hunters and the number of deer killed were Jack Curry, of Fort Worth, 2; Earl Strawn, 1; Jones Chapman, 2; Tom Chapman, 2; Derwood Chapman, 2; and Lloyd Merritt, 1.

Former Snyder Bonded Patrol Faces Charge

SWEETWATER, Oct. 19 (SPL)—C. E. Atkins, 42-year-old former bonded patrolman in Snyder, was released yesterday on $3,000 bond, Sweetwater city detective Lloyd Rogers said today.

Atkins is charged with attempted burglary. The charge will be considered by the next session of the Nolan County grand jury.

Known in Snyder as Mickey Atkins, he was employee of the bonded patrol there last winter.

Atkin's bond was set at $3,000 in an examining trial Tuesday morning before justice of the peace M. C. Manroe. He had surrendered himself Monday night at Sweetwater police headquarters.

A warrant for his arrest, was issued Monday after Clyde Boose, county attorney, filed an attempted burglary complaint against him.

He is charged with attempting to burglarize the residence of Farley Harris of Sweetwater on Sept. 26. Rogers said Mrs. Harris identified Atkins from a lineup Monday night. Rogers added that Atkins had been living in Sweetwater four or five months and that he ceased to be a bonded patrolman a few weeks ago.

Detroit Building Is Postponed For Awhile

DETROIT, Oct. 19. (AP) — The Fisher Bros. have deferred plans to put up a $10 million midtown office building here.

Charles T. Fisher, Sr., eldest of the famed automotive brothers said the project would be delayed "until we can see things clear."

The Korean war and the rearmament program brought on conditions that forced postponement of the project, Fisher said.

Detroit Police Get Hot Rod Shipment

DETROIT, Oct. 19. (AP) — It takes a "hot rod" to catch a "Hot rod," police here decided.

So they ordered more than 100 "hot rod" scout cars for pursuit of speeders. Police have received the first batch of the new speed jobs. They are souped-up to do 110 miles an hour and can jump from zero to 83 miles an hour in 30 seconds.

Highway Patrolmen To Conference in Abilene

Bill Zimmerman and E. W. Green, highway patrolmen, left this morning to attend a district meeting of patrolmen in Abilene.

The meeting is for all patrolmen of Abilene District No. 3. They will discuss common problems and new methods in patrol work.

Snyder Physician Back From Lubbock Hospital

Dr. Dan Harrison of the Snyder Hospital Clinic was returned to Snyder yesterday from the Lubbock Memorial Hospital. He is now recuperating in the hospital here from surgery last week at Lubbock.

Through a Local Proven Agency!
An Open Letter to the Citizens of Snyder

Citizens Of Snyder:

I have become associated with the DEFFEBACH INSURANCE AGENCY to specialize in LIFE INSURANCE SERVICE.

My Company, with whom I have been associated for quite some time, is the Lincoln National Life Insurance Company of Fort Wayne, Indiana. In case there are those here who do not know, The Lincoln is a very FINE, a very OLD, and a very STRONG financial institution, and is the TENTH largest Life Insurance Company in the United States.

I am very proud to represent this Company and am doubly proud to be able to offer my services through the DEFFEBACH AGENCY. It is only natural that many of you would prefer to have your life insurance in the hands of a local agency in whom you already have faith.

The Lincoln offers an exceptionally wide range of Life Insurance coverage from the lowest cost protection contracts available anywhere to the finest investment and retirement programs in existance.

My family has been in the cattle business and have traded in Snyder for over 30 years. I lived here myself as a child and am very happy to be able to come back here to rear my two boys. We have a fine, progressive community and one of which we can all be proud.

If you have a life insurance problem please drop by or phone me at the DEFFEBACH AGENCY. I sincerely hope my services as a Life Underwriter for the Lincoln National Life will be of helpful interest to many of you.

Life Insurance is no longer a luxury—it is a necessity. Life Insurance solves many problems, and Life Insurance is often the ONLY WAY to solve a problem. There is NO OTHER WAY to accomplish what you can accomplish through a proper, planned Life Insurance program. If you desire any information concerning the many different types of Life Insurance you can rest assured that you will have access to my knowledge of the business with no obligation on your part. It will please me to be of service to you!

I will feel honored to have any of you call on me for any information you might desire covering Life Insurance, and will feel deeply grateful to those of you who let me assist you in building your Life Insurance Estate.

My temporary address until my home is completed here is 2707 Avenue O, Apt. No. 1.

Sincerely,

Louis E. (Bob) Long, Jr.

The Widow Of Famous Letter Writer Hears From Koreans

COLLINGDALE, Pa., Oct. 19. (AP) —Two little girls, whose father wrote the now famous "Dear Joannie and Rosemarie" letter, have received another bit of mail they probably will cherish in the years to come.

A letter of sympathy and $50 contributed by nine Koreans was presented yesterday to the widow of Pfc. John J. McCormick.

McCormick wrote to his daughters, Rosemarie, 6, and Joannie 3, shortly before he was killed in action last Aug. 10. In the letter, which reached the children Sept. 14, he explained he was fighting so his loved ones could live in peace

WRITE LETTER

On Sept. 30, nine Koreans appeared at the Tokyo office of Newsweek Magazine and said they wanted to let Mrs. McCormick know "there are good and decent people in Korea as well as bad ones."

The Koreans wrote:

"As your brave husband said in that letter there are many bad people who bring misery and destruction to humanity. However, we should like to tell you that there are a great many good and courageous people, of which Mr. McCormick was certainly an outstanding example. It is the effect of these good people and under his guidance that keeps the world going in spite of the evil done by bad people. This is but one reason for our trust in God."

NO RESENTMENT

In accepting the letter from a representative of Newsweek, Mrs McCormick said:

"I hold no resentment against the Korean people for the awful death of my children's father. Free people fight because they believe something is right. The only resentment I hold is toward the Communist leader, Stalin, who has gone against the will of God."

Little Change In Food Price

(By The Associated Press)

Food shoppers will find only scattered changes in retail prices this week as compared with last week end when several items tipped downward slightly.

Top grade large eggs advanced two to six cents a dozen in many places after declining irregularly for two weeks, but medium and smaller eggs showed little change.

Frying and broiling chickens, some coffees, apples, snap beans, Idaho potatoes and cranberries eased a bit in most stores. Melons and bunch carrots were a little higher. Meat prices were mostly unchanged.

At the wholesale level, some small advances in food prices were just about balanced out by minor declines. The Dun & Bradstreet wholesale food index held steady this week at $6.48 after dropping for four consecutive weeks. This index represents the sum total of the wholesale cost of a pound each of 31 general use foods. On Sept 12 when the decline started, the figure was $6.68. A year ago this week it was $5.58.

Several brands of coffee, both canned and bag-packed, were trimmed one to three cents a pound by independent roasters and food store chains. They said the reductions—first since May—reflected a reeent downturn in the, cost of green coffee beans.

Agriculture Secretary Brannan, speaking in Cincinnati, said an upward price trend in over-all food prices "is plainly discernible" until well into the first quarter of next year.

Brannan said the nation's excellent food distribution rules out any need for a system of food controls at this time. But he added: "Let me make it perfectly plain that I cannot say at this time that we can go forward for eight months without food controls."

RAIN IN EAST TEXAS

East Texas was getting a lot of rain today, and at mid-morning showers and drizzles were falling at Austin, Fort Worth, Mineral Wells, Galveston, Houston, Lufkin, Beaumont, Bryan, Waco, Texarkana, Tyler and Longview.

During the 24-hour period ending at 6:30 a.m. today Beaumont had 1.28 inches of rain, Lufkin .45, Tyler .41, Texarkana .61, Bryan .14, Mineral Wells .08, Galveston .12, Palestine .24, Fort Worth .11, Waco .20, Houston .09, Dallas .14, Corsicana .51 and Austin .05.

The forecast called for occasional rain in North Texas and near the upper coast this afternoon, tonight and Friday. Otherwise, partly cloudy with not much change in temperature. West Texas was expected to be partly cloudy today, tonight and tomorrow, with no temperature changes.

Senate Crime Group Finishes Up In Chicago

CHICAGO, Oct. 19. (AP) — The Senate Committee investigating organized crime ended a second round of Chicago hearings yesterday after reportedly uncovering in some measure the ramifications of gambling and racketeering.

"Much work remains to be done," said Sen. Estes Kefauver (D-Tenn), committee chairman, at the windup of two days of hearings.

Kefauver said committee investigators will remain in Chicago "To do a lot more digging," working on leads furnished at the two hearings held here this month. He said the committee plans to return here in December for open sessions.

GAMBLING ARTERIES

He expressed the belief that race wire services "Are the arteries of the gambling clique over the nation." He said the hearings also have made it clear there is an extensive policy racket in Chicago and that gangsters have infiltrated into legitimate businesses.

Testimony indicated, Kefauver said, that "A good many people who were in the rackets have carried into the legitimate business hoodlum tactics, such as coercion."

Much of yesterday's session was devoted to inquiry into race wire services. Kefauver said the committee had evidence that the defunct Trans-American News Publishing Company was owned and controlled by Bob McCullough, 58, a former race track police chief and described by Kefauver as a onetime bodyguard for the late Al Capone.

POLICE SEIZE

After he testified, McCullough was seized by state's attorney's police for further questioning about the Sept. 25 ambush slaying of William Drury, former police lieutenant. He had been questioned previously and denied knowledge of the slaying of Drury, who was to have testified before the Senate Committee.

Kefauver said the committee had no evidence linking him with the shooting of Drury.

Discuss Law On Vendors, Solicitors

The board of directors of the Chamber of Commerce Tuesday night adopted for consideration and study a recommendation of the chamber's merchants committee that the organization sponsor a proposed city ordinance regulating the sale of goods by peddlers.

The directors adopted the committee's recommendation that the ordinance be considered and studied by James Rosser, a lawyer and a member of the Chamber board, and W. W. Park, the city attorney, before being presented to the city council by the committee for the council's consideration.

PROVISIONS

As proposed, the ordinance would provide for registration and fingerprinting "peddlers, solicitors, hawkers, canvassers, itenerate merchants, and or transient vendors of merchandise, requiring them to give certain other information and to carry a registration card."

The term "peddle" would not however, include agents or representatives of jobbers and wholesalers, calling on customers on a regular established route, according to the proposal's definition of the terem.

Rites Thursday In Hermleigh For Mrs. Evans

Funeral rites were held at 2 o'clock Thursday afternoon in the First Baptist Church of Hermleigh for Mrs. Floyd Evans, 43, of Amarillo, who died in the Snyder Hospital Tuesday night of a sudden heart attack.

Mrs. Evans had been here visiting her family since Saturday. Ill for several months, she had lived a few months in Snyder before she returned to her home in Amarillo last month.

Mrs. Evans was born July 15, 1907 in Hermleigh, where her mother, Mrs. T. F. Peterson still lives. Her husband, Floyd N. Evans, is a stock farmer at Amarillo.

Officiating in the funeral service will be the Rev. Bob Creswell of the Hermleigh Baptist Church, and assisting will be Charles Leslie of the same church. Burial arrangements are by Bolger-Barnes Funeral Home, and interment will be in the Hermleigh Cemetery.

Survivors, other than the mohter and husband are a son, Thomas Evans of Amarillo; a granddaubhter, Tommie Lynn Evans of Amarillo; three brothers, George Peterson of Hermleigh; and Joe Peterson and Woodrow Peterson, boht of Fresno, Calif.; and four sisters, Mrs. Jess Marshall of Roskport, Mrs. W. L. Murphy of Amarillo, Mrs. A. L. McMillan and Mrs. W. L. Etheredge, both of Snyder.

Democrats To Try For Clean Sweep In Iowa

By DWIGHT McCORMACK

(Associated Press Staff)

DES MOINES, Oct. 19. — President Truman's surprise 1948 victory in Iowa is generating stronger than usual Democratic campaigns now in the two congressional distrcits where Republicans barely won two years ago.

Rep. Karl M. Le Compte, 65, of Corydon, who has represented the fourth district since 1938, is one of the Republican targets.

The other is Rep. Paul H. Cunningham, 60, Des Moines, who has won re-election from the fifth district every year since 1940.

Newspaper Publisher Le Compte's Democratic opponent this year is the same young Leon attorney who came within 3,500 votes of victory in 1948 — Steven V. Carter, 34.

Cunningham, a lawyer himself, faces another Des Moines attorney, Gibson C. Holliday, 44, in November. Cunningham had only about 2,700 votes to spare in defeating Vincent Browner, Des Moines grocer, in 1948.

Here's the way Democratic state Chairman Jake More puts it:

"Two years ago none of us thought Carter had a chance. We did nothing. This year we all believe he can win. We're all working."

Commerce Funeral Edinburg Murder Trial Continues

COMMERCE, Oct. 19. (AP) — Funeral services were to be held here today for Mrs. Bassie Farrar Gee, mother of President James G. Gee of East Texas State Teachers College. She died yesterday. Burial will be at Union, S. C.

Dunigan Staff Membe To Breckenridge Rites

Mr. and Mrs. W. F. Atwo 1308 Avenue T, accompanied T. W. McGriff, drove to Breckridge, Tex., Tuesday to attend funeral of John Monaghan, was killed instantly in a car lision Monday.

John Monaghan was a son M. A. Monaghan of the Duni Tool Co. in Breckenridge. Atwo and McGriff are with that tool company here.

Responsibilities of Club Women Stressed in Speech

More than 100 study clubwomen of Snyder gathered in the ballroom of Country Club Friday afternoon to hear Mrs. J. Howard Hodge of Midland speak on the pecular responsibilities and priyileges of federated clubwomen.

Mrs. Hodge, the president of the Texas Federation of Women's Clubs, was brought here by the Altrurian Club, whose members invited the other six federated clubs of Snyder. Mrs. J. T. Whitmore, retired federated clubwoman, spoke briefly in introduction of Mrs. Hodge.

Mrs. Hodge reviewed twelve goals and objectives which federated clubs in America are striving toward.

"Boss" of 75,000 Texas federated clubwomen, she stressed the fact that it would behoove these women to become world citizens, to better their own communities, to vote conscientiously, to further understanding among countries, to assume bravely the responsibilities accruing to women in such an important group.

A musical program was planned by Altrurian club members, Mrs. Sam Williams, Mrs. Charles Miller, Mrs. R. D. English and Mrs. A. C. Preuitt. A choral group sang "America The Beautiful" and "Londonderry Air", accompanied by Mrs. Sam Joyce and Mrs. A.C. Preuitt.

The chorus was made up of Mrs. Ross Blanchard, Mrs. Max West, Mrs. Fred Bullard, Mrs. Holman Odom, Mrs. H. E. Clark, Jr., Mrs. Charles Miller, Mrs. R. L. Gray, Mrs. Myron Roe, Mrs. Oscar Weber, Mrs. Scott Casey, Mrs. H. P. Brown, Mrs. Ophelia Blackard, Mrs. Hugh Boren and Mrs. Clare Smith.

Mrs. W. R. Bell, president of the Altrurian Club, presented the speaker and presided with other officers of the club in the receiving line.

Those forming the receiving line were Mrs. D. M. Cogdell, Mrs. J. C. Stinson, Mrs. H. P. Brown, Mrs. J. C. Dorward, Mrs. H. G. Towle, Mrs. Sam Williams, and other Altrurian members.

Following Mrs. Hodge's speech, tea was served from a buffet, with Mrs. Fritz R. Smith and Mrs. Hugh Boren pouring. Mints, small cakes and nuts accompanied the tea.

Magnificent bronze chrysanthemums in an effective arrangement centered the buffet table and a similar floral arrangement decorated the piano.

Organization Meeting For Sorority To Be Held Next Sunday

The meeting of women interested in forming a Beta Sigma Phi sorority chapter here will be held next Sunday afternoon, not this afternoon, as was erroneously reported Friday in the Daily News.

The meeting will be at the home of Miss Marybell Weathersbee, 1708 Twenty-seventh Street.

Cleaning of Sewing Machine Is Shown

The Union Home Demonstration Club met last week in the home of Mrs. Lester Gladson to answer the roll call with the pledge to the flag.

Mrs. H. J. Schulze and Mrs. Jack Wright gave a demonstration on "Cleaning and Care of Sewing Machines".

The club officers for 1951 were elected as follows: Mrs. Jim Moss, president; Mrs. Bill Pate, secretary and treasurer; Mrs. Johnnie Lankford, council delegate; Mrs. Robert Lankford, reporter; Mrs. Howard Hogue, parliamentarian.

Cake and coffee was served to Mrs. J. B. Adams, Mrs. H. B. Caldwell, Mrs. Howard Hogues, Mrs. J. H. Lankford, Mrs. Dink Lyons, Mrs. Paris McPherson, Mrs. Jim Moss, Mrs. W. R. Pate, H. B. Wright, Mrs. Lester Gladson, Mrs. Dub Everett, Mrs. Don Mrs. Alvin Rollins, Mrs. H. J. Schulze, Mrs. R. A. Smith, Mrs. Hearn and one visitor, Mrs. W. C. Rodgers.

Hermleigh Residents Overturn in Car

Mrs. Lula Garcia, 64, of Hermleigh, suffered a minor injury Tuesday afternoon when her automobile was overturned on the Big Spring highway south of here.

Mrs. Garcia, suffering a moderate concussion, was released from the Snyder hospital shortly after examination. With her at the time of the accident was a 19-year-old son, who was not injured.

Committee To Hit Government Agencies On China Shipments

By JOHN CHADWICK
(Associated Press Staff)

WASHINGTON, Oct. 19.—Aroused by word that some American ships are hauling strategic materials to Red China, a congressional committee called today for a reckoning from three departments of the government.

Officials of the State, Defense and Commerce Departments were called for questioning about how tightly export regulations have been drawn and enforced, especially since the Communist invasion of South Korea last June.

LETTER STARTS

The inquiry by the Senate commerce subcommittee grew out of a letter written by a crewman on the American freighter, Flying Cloud, last August saying that the ship was carrying war useful materials from Japan to Communist China.

Sen. O'Conor (D-Md), subcommittee chairman, denounced as "reprehensible" any shipments of strategic goods to the Chinese Reds since the start of the Korean war and said the inquiry had been expanded to:

1. Find out what steps have been taken by the state and Commerce Departments to block such shipments to Communist China.

2. Check on whether export controls are being circumvented by shipping materials from this country to another country for reshipment.

3. Determine whether government agencies are working together closely enough in designating strategic materials and administering controls to prevent loopholes.

OTHER ACTION

In connection with the last point, O'Conor told newsmen the subcommittee intends to explore into any conflicts between the regulations of authorities here and army occupation officials in Japan.

O'Conor said he was determined "to bring to light all the facts in any cases where absence of regulations, or lack of knowledge or lack of enforcement of such regulations anywhere, is making it possible for Communist forces to secure strategic materials which could be used against the United States or United Nations forces."

"If there is any laxness in government agencies making such a situation possible," he said, "it should be brought out into the open now so that the loopholes can be closed and security measures strengthened."

For Various P.-T.A. Units

Five units of the Parent-Teachers' Association last week elected officers and began the first year's work as separate organizations, one for each school in the system. Total attendance at this first meeting of the five combined units was 235 parents and teachers.

Ninety attended the Primary School unit. They elected officers as follows: Mrs. Ovid Lawlis, president; Mrs. M. Hicks, vice-president; Mrs. Armour McFarland, secretary; and Mrs. John Boren, president.

The Elementary School group with an attendance of 50, named Mrs. Harold Brown, president; Mrs. Sam Joyce, vice-president; Mrs. Myron Fenton, treasurer; and Mrs. Elmo Crowder, secretary.

Northwest Elementary School had 75 members present. Elected to offices were Mrs. E. L. Kownsar, president; Mrs. Howard Bramley, vice-president; Mrs. Richard Brice, secretary; and Mrs. George Webb, treasurer.

Junior High School, with 20 members present, elected Mrs. L. M. Bruce, president; Mrs. H. F. Rogers, vice-president; Mrs. Fritz R. Smith, Jr., treasurer; and Mrs. I. Pursell, secretary.

The high school group elected Mrs. Garrett Harrell, president; Mrs. Forest Sears, vice-president; Mrs. Oscar Weber, treasurer; and Mrs. Dan Barton, secretary.

The next meeting of the Parent-Teachers' Association will be the second Thursday of November, with the Primary School group meeting at 2:30 o'clock and all the others meeting at 3:30 o'clock, acsident of the consolidated P.-T.A.

Snyder Group Guests In Colorado City Home

Several Snyder residents, who had attended the Friday night football game in Colorado City, were entertained later in the home of Mr. and Mrs. Eldon Mahon.

The District Attorney and Mrs. Mahon had invited at least two dozen Colorado City couples in to meet the Snyder group in the new Mahon home, which they have occupied for only one month.

Present at the party from Snyder were Mr. and Mrs. Bob Davie, Mr. and Mrs. Howard Bramley, Mr. and Mrs Malven Stephenson, Mr. and Mrs. Jack Kennedy, Mr. and Mrs. Wayland Holt, Mr. and Mrs. Garrett Whitworth, Mr. and Mrs. Charles Wolfe, and Mr. and Mrs. Harold Bennett.

The 1915 Philadelphia Phillies batted only .247 as a team, but won the National League flag.

Birthday Party At Prince Home, Union

Mr. and Mrs. R. A. Prince of Union entertained with an all-day birthday party in their home Sunday. Honored guests whose birthdays were celebrated were Mrs. E. E. Holman, Mrs. Mabel Webb, Frank Short, and Janice Eades.

Mrs. Prince served a large dinner at noontime to the following: W. R. Rodgers, Arnold Webb, Mr. and Mrs. Hays Prince, and Mr. and Mrs. E. E. Holman, all of Snyder; Mr. and Mrs. Franklin Eades and children of Fairview; Mrs. Webb, and Mr. and Mrs. Frank Short.

Charles Henderson, Miss Ima R. Jordan

A candlelight ceremony Sunday at the First Methodist Church united Mr. and Mrs. Charles Hubert Henderson. The Rev. W. W. Adcock performed the ceremony. Mrs. Henderson is the former Miss Ima Reed Jordan, the daughter of Mr. and Mrs. R. A. Jordan, 2805 Avenue U. Mr. Henderson is the son of Mr. and Mrs. B. F. Henderson of Hermleigh.

The bride wore an aqua satin street length dress with a high queen's collar, a small black velvet hat and other black accessories. She carried a white Bible with a large bouquet of pink carnations and pink streamers.

Wayne Pitner played "Because" and "Always" at the organ. Ruth Adcock lighted the candles over the altar.

Attending the wedding were Mr. and Mrs. R. A. Jordan and Miss Charlene Jordan, Miss Veda Scroggins, Miss Jean Gordan, Darwin Gordon, Mr. and Mrs. R. O. Wolf, and Wesley Pison.

Mrs. Jordan attended high school in Snyder. Mr. Henderson is a native of Hermleigh. After a brief wedding trip, they will be at home in Hermleigh.

Officers Re-elected By Plainview Club

Mrs. A. K. Murphy was hostess to the Plainview Home Demonstration Club when it met Oct. 12.

Following the roll call, Mrs. Roy Stanton directed two games.

Mrs. Pogue presided over the business meeting in which all officers were re-elected for the coming year.

A demonstration on the care and cleaning of sewing machines was given by Mrs. Clarence Moore and Mrs. J. H. Rollins. The council report was given by Mrs. Murphy.

Refreshments were served to two visitors, Mrs. Leon Campbell and Mrs. Cora O'Neal; two new members, Mrs. C. R. Rucker and Mrs. J. E. Bryant; and to the following members: Mrs. Lowell Thornburg, Mrs. Vestal Boothe, Mrs. John Woodard, Mrs. Alford Rosson, Mrs. Ross Williams, Mrs. Roy Stanton, Mrs. Roe Rosson, Mrs. J. W. Greene, Mrs. Coyle Pogue, Mrs. B. H. Young, Mrs. Robert Chambers, and Mrs. Clarence Moore.

IS 5 MINUTES OF YOUR TIME WORTH $1000?

5 MINUTES BEHIND THE WHEEL SOLD ME ON DODGE...AND SAVED ME $1000!

EUNICE WEATHERSBEE, Clerk
District Court Scurry County, Texas.

Speeder Thanks Cop Who Stops Him, Buys Patrolman's Dinner

An unusual and fairly new hobby has turned up in the county which, thus far, has proved to be an interesting way to study the varying attitudes of traffic law violators.

For years, certain persons have made their hobbies by collecting such things as match folders, post cards, stamps, and rare coins. But Mark Search, Hermleigh's [illegible] patrolman, and the Rev. Bob Creswell, are collecting letters from persons arrested for speeding and similar violations.

VARYING REACTIONS

"Observing the different attitudes of motorists and variances of personality proves an interesting way to watch the world go by," says Creswell, who claims he has always liked to study the personality traits of persons he meets.

Joining him in this study, Search prizes the complimentary letters received by the court, sighs over the other kind—which are few—and "gets a kick out of the excuses offered by speeders."

Some motorists are indignant about being arrested, Search says, while others readily admit they should have heeded the two speed limit signs they passed when entering the town, smile, and sign the tickets.

"One man recently told me I did him a favor by stopping him, and after paying his $14 fine, he bought my dinner because I tried to be courteous to him," Search recalls.

On the bulletin board in the city hall are some of the unusual letters received from speeders. One of them, written by a San Angelo man, said:

"Your arresting officer and your chief of police were both very nice and most considerate in this matter. Although I believe your fine to be a little stiff for a first offense, it is improboble that you ever have a second offender. It taught me one thing that I had not learned in eight years of driving, and that is to slow down in accordance with posted speed limits."

COURTESY

"We try to be as nice as possible to the motorists who come through Hermleigh," Creswell said "and when arrests are made, we are acting in the best interests of safety both for the drivers and for those living in the town, many of whom are pedestrians who find it necessary to cross the highway often."

About six months ago, a 5-year-old girl was struck by a pick-up truck, but because of the trucks slow speed, she was not critically injured. The driver, a Sweetwater negro, told officers he was thankful they had warned him three days before the accident to slow down when coming through the town.

"We like to remember those who appreciate our efforts to promote safe driving," Creswell says, "and saving letters and making notes on their responses serves as a good way to observe life."

San Souci Bridge Club Meets At Carey Home

Mrs. W. W. Carey, 2800 Avenue M, entertained the Sans Souci Bridge Club yesterday afternoon in her home. Assisting Mrs. Carey with hostess duties was Mrs. C. L. Gay.

High score prize went to Mrs. H. B. Sanders; second score prize to Mrs. Gay, and bingo prize to Mrs. H. D. Jones.

Mrs. Carey had decorated her home in red roses.

Cake and coffee were served to these members: Mrs. J. T. Burris, Mrs. Warren Richardson, Mrs. Joe Love, Mrs. Lonnie Smith, Mrs. Jack C. Morgan, Mrs. V. K. Benson, Mrs. Lloyd Knownslar, Mrs. Jones and Mrs. Sanders. Mrs. L. B. Tate was a new member admitted to the club.

Guests were Mrs. W. P. Thurmon and Mrs. V. V. McGrew.

The next meeting will be at the home of Mrs. H. D. Jones, 2312 Thirty-first Street.

District Court Scurry County, Texas.

Sabu Cleared In Paternity Case By Jury

LOS ANGELES, Oct. 19. (AP) — A superior court jury has decided that Sabu, elephant boy of the movies, is not the father of a British ballet dancer's two-year-old baby.

The jury of six women and six men returned a 9 to 3 verdict yesterday favoring Sabu in the paternity suit brought against him by Mrs. Brenda Julier Ernst.

Mrs. Ernst, who married a British film technician last August, claimed the baby was conceived in December, 1947, while she was living in Sabu's home at Northridge, Calif. Her attorney said the baby was born Sept. 12, 1948, in Dublin, Ireland.

Atty. Sydney M. Williams, representing the actor, whose full name is Sabu Dastagir, told the jury no proof was produced to show that Mrs. Ernst is the mother of the girl, Michaela, and that "we have only her naked word that she had a baby in Dublin."

Mrs. Ernst's attorney, Frank D. Catlin, declared in his argument to the jury that "Sabu played a dirty trick, because any man who gets a woman pregnant and runs away is pretty low."

During the trial Mrs. Ernst testified that she visited in Sabu's home at his request, after they had met in London, and that she stayed most of the time in his room. Sabu testified that he did not stay at his home during that period, but lived elsewhere to be closer to a movie studio where he was working.

Football Fatalities In Nation Are Half Of Last Year's Total

LOS ANGELES, Oct. 19. (AP) — Football fatalities in the nation are down almost 50 per cent at this stage of the grid season as compared to the same period in 1949.

There have been six deaths attributed directly to football, one is listed as indirect and still another is registered as uncertain.

The statistics were obtained today from the committee on injuries and fatalities of the American Football Coaches Association.

At this same period last year, including the second week of the season in October, direct football fatalities numbered 11.

One High School death, at Silverton, Tex., may or may not have been due to football, the report noted.

Heart Attack Fatal To Louisiana Attorney

NEW ORLEANS, Oct. 19. (AP) — A heart attack took the life of Esmond J. Phelps, 62, prominent attorney and civic leader, yesterday as he worked in his office in a downtown office building.

The attorney was perhaps best known as a lawyer for the Times-Picayune Publishing Co., and a member of the paper's board and as president of the board of Tulane University's educational fund.

Miss Grimmett And Howard Gray Married At North Side Church

Miss Darlene Grimmett and Howard Gray were married Saturday night at 8 o'clock in a candlelight ceremony at the North Side Baptist Church. The Rev. Earl Creswell performed the ceremony. Mrs. Gray is the daughter of Mr. and Mrs. Bill Grimmett, 1301 Avenue R. Mr. Gray is the son of Mr. and Mrs. E. E. Gray of San Angelo.

Mrs. Gray was attended at the double ring ceremony by Miss Betty Jo Beavers. Mr. Gray was accompanied by Billy Joe Brown. Ushers were Hubert Henley and Roland Bell, Jr. The couple stood under a huge arch of greenery.

Mrs. Gray wore a ballerina-length light blue gown with navy accessories. She carried a French corsage. Miss Beavers chose a tailored gray and brown suit with black accessories and her corsage was of gladioli.

Immediately following the ceremony, the couple left for a wedding trip in Mexico.

Mrs. Gray was graduated in 195[illegible] from Snyder High School. She has been working as bookkeeper for her father's firm, the Grimmett Sand & Gravel Co. Mr. Gray was graduated from the San Angelo High School. They will live in Snyder.

Helms Addition Lots Sold in 2-Day Auction

All homesites in the Helms Addition were sold Sunday and Monday when 210 homesites were auctioned, the average lot bringing from $100 to $250.

The addition, which begins one and one-half blocks east of the Clairemont Road on Eighth Street, was open for inspection Sunday, when prospective buyers chose the lots they wanted to bid on.

Col. C. H. McCall, of Odessa, was auctioneer. The lots were offered on terms of 20 per cent of the bid price as down payment, plus a $5 auctioneer fee per lot, the balance being due on a 24-month installment basis.

Lumber Fire Put Out Yesterday Afternoon

Snyder firemen answered two calls Tuesday afternoon.

The first was a lumber stack, which caught fire about 2 o'clock from a nearby trash fire near the home of the Rev. W. L. Kirksey, pastor of the Allen Chapel, Methodist Church for Negroes.

The second call came from 2812 Avenue V, where an insect control worker was exterminating under the house. His electrical equipment shorted, emiting smoke, and firemen were called, but no blaze resulted. The call came about 5 o'clock.

The average Big Ten institution conducts intercollegiate competition in 11 sports.

Collision Kills Two

MOUNT PLEASANT, Tex., Oct 18. (AP) — Mrs. H. L. Hughey, 23, and her two year-old daughter were killed yesterday in the collision of a pickup truck and an automobile three miles south of Pittsburg, Tex. Her husband, Dr. H. L. Hughey of Pittsburg, a dentist, was seriously injured. So was R. L. Perryman of Gladewater, driver of the truck.

Over 2,000,000 truck users can't be wrong with

CHEVROLET and VALVE-IN-HEAD!

MORE HORSEPOWER AT THE CLUTCH
Certified ratings prove Chevrolet heavy-duty trucks with Valve-in-Head Loadmaster engine deliver more net horsepower than those of the principal standard equipped conventional trucks in their class, 13,000 to 16,000 lbs. G.V.W.* *Gross Vehicle Weight

GREATER ECONOMY
Chevrolet's great Valve-in-Head engine and ruggedly dependable units mean genuine economy in operation . . . lower running costs and less maintenance cost. Operators' experieace with more than 2,000,000 trucks prova it!

BLUE-FLAME COMBUSTION
Chevrolet's Valve-in-Head engine design gets more power out of every drop of gasoline. High efficiency combustion chambers, specially shaped for maximum fuel economy, burn fuel smoothly, evenly with "blue-flame combustion."

TOP EFFICIENCY WITH 4-WAY LUBRICATION
With Chevrolet's lubrication system, oil flow is controlled 4 ways so all bearings and operating surfaces receive an adequate supply of oil—from the first turn of the engine—regardless of temperature and operating conditions.

Registrations Show More Than 2,000,000 Chevrolet Trucks Now on the Road . . . More Than Any Other Make!

Today over 2,000,000 truck operators have the world's most popular engine in the world's most popular truck. For the last eight consecutive truck production years, Chevrolet trucks have led in sales . . . are far ahead this year. Come in—let us give you the facts.

Two great Valve-in-Head Engines • Power-Jet Carburetor • Diaphragm Spring Clutch • Synchro-Mesh Transmissions • Hypoid Rear Axles • Double-Articulated Brakes • Wide-Base Wheels • Advance-Design Styling • Ball-Type Steering • Unit-Design Bodies.

CHEVROLET
First in demand . . . First in value . . . First in sales

ST. PETER'S IN MINIATURE — Attilio Savoia (center, bearded) explains construction of model of Basilica of St. Peter he and his son, Licio, built, at exhibition in Rome.

PERSONALS

Mr. and Mrs. Alfred McGlaun 1200 Twenty-fifth Street, went to Abilene Tuesday to visit with their daughter and family, Mr. and Mrs. Dwight Worley. Mr. and Mrs. Worley, who are both sophomores at Abilene Christian College, live in the barracks provided for married students on the campus.

Mr. and Mrs. J. S. Best, 300 Twenty-eighth Street, went to Colorado City Sunday to visit with Mrs. Best's sister, Mrs. Julia Gale.

Mrs. Johnnie Cole returned Tuesday night from a brief trip to San Angelo, where she went for medical treatment. She was accompanied by her son and wife from Slaton, Mr. and Mrs. Leslie Cole, who have visited with her a few days.

Neal Lee, 905 Twenty-third Street and Claude Lee, who resides north of town, were called to Seagraves, Tex., early yesterday to be with their grandfather, E. D. Johnson, who is seriously ill.

Mr. and Mrs. Bob Sides, 314 Twenty-eighth Street, went to Abilene Tuesday, where Mrs. Sides was admitted to Hendrick Memorial Hospital for a medical check up.

Mr. and Mrs. W. D. Fish, 3110 Avenue U, went to Sweetwater Tuesday, where Mr. Fish underwent medical treatment. Mr. Fish, who has been ill for several days at home, is now back at his business.

Mrs. M. S. Strona, who has been visiting in Snyder for two weeks, will leave today for her home in Pomona, Calif. Mrs. Strona is Mrs. Ted Somerville's mother, and has been here with Mr. and Mrs. Somerville.

Frank Bayouth, 3000 Avenue W has returned from a three weeks' vacation trip to Galveston, where he visited a sister-in-law and family, Mr. and Mrs. Gilbert Delgato. He also went to John Sealy Clinic for medical treatment, and visited with a cousin, Dr. B. Boyd, who is one of the resident physicians at the clinic.

Mr. and Mrs. R. E. Patterson, 2009 Thirtieth Street, entertained with an informal dinner party Tuesday night for Dr. and Mrs. J. Richard Sims and Dr. and Mrs. Robert F. Wasson.

Dr. and Mrs. Robert F. Wasson have returned from Dallas where they attended the Oklahoma-Texas game and various other events, and from Fort Worth where they visited friends.

Mr. and Mrs. Charles Cavendish, 1603 Twenty-seventh Street, are parents of a baby boy, weighing 6 pounds, 10 ounces, born Tuesday. Mother and son are both in Snyder Hospital.

The Rev. Clifford Taylor returned Tuesday night from a week's absence. He has been attending the International Convention of the Disciples of Christ, held in Oklahoma City. En route home he stopped in Fort Worth to visit with friends at the Texas Christian University. Mrs. C. C. Miller, 2807 Avenue T, and Miss Faith Miller, who also spent three days at this convention, returned to Snyder last week end.

Mrs. Cora Greenfield, 3101 Avenue U, is home again after spending last week with her son and family, Mr. and Mrs. L. L. Greenfield in Fullerton, Tex. She went there with the Rev. E. K. Shepherd, who is holding a revival, and returned with her son and family from Dermott, Mr. and Mrs. Alton Greenfield.

Guest of Walter Dabb Honored at Dinner

Mr. and Mrs. Walker Dabb entertained with a small dinner party at the Country Club last Wednesday night.

The party feted Mrs. Elizabeth Mundhenke, of Kerrville, Tex., who has been a house guest with Mr. and Mrs. Dabb for a week.

A full-course steak dinner was served to Mr. and Mrs. Hunter Pendleton, Mr. and Mrs. Arnett Dorbandt of Sweetwater, and Mrs. Mundhenke.

NEWS FROM IRA

BY MRS. MABLE WEBB

The weather has been fine for gathering the crops. The gin has been running almost night and day.

Car-Train Collision Results in No Severe Injuries; Damages Car

No serious injury was suffered Tuesday afternoon about 3 o'clock when a car hit a train on the Roscoe, Snyder, & Pacific tracks on Twenty-seventh Street.

Driving a 1950 Ford coupe, John M. Harlon, 17, yard boy at Gordon's Drive-In said that the car "just wouldn't stop" as it crashed into the engine tender, police reported this morning.

Harlon did not notice any injuries at the time, but later went to the Snyder Hospital with a pain in a knee.

"Odd" Is Topic Of Club Study Program

Mrs. I. W. Boren, 2901 Avenue T, was hostess yesterday to the Twentieth Century Study Club.

The group studied for their afternoon's topic "Odd". Mrs. Nelson Dunn read a paper on "Odd Accidents of Last Year." Mrs. W. H. Cauble read, "Mexico Is Sinking." Mrs. B. M. West discussed "The Oddest Garden in the World."

Mrs. Boren served pie and coffee to Mrs. Waldo Montgomery and Miss Zaida Brown, guests of the club, and to Mrs. D. S. Bodie, Mrs. H. J. Brice, Mrs. Cauble, Mrs. Dunn, Mrs. W. D. Harral, Mrs. Ola B. Heath, Mrs. J. E. LeMond, Mrs. Ernest Sneed, Mrs. West, and Mrs. Joe Strayhorn, members.

The club will next meet with Mrs. LeMond, 1100 Twenty-sixth Street.

Mr. and Mrs. R. F. Burks entertained last night with a barbecue dinner party at the home, 605 Twenty-ninth Street.

Present at the dinner were Mr. and Mrs. Jodie Bynum, Mr. and Mrs. B. T. Bynum, Mr. and Mrs. K. L. Fouch and family, Miss Frances Tate, and Lester Hanback.

13-Year-Old Bullet Is Coughed Up By Man

POTTSVILLE, Pa., Oct. 19. (AP) — Kuyde A. Klasner awoke in a fit of coughing and found a bullet in his mouth.

Consulting his physician, the 50-year-old assistant controller of the Philadelphia & Reading Coal and Iron Co. was told yesterday it was the pellet that lodged near the base of his brain in a hunting accident 13 years ago.

Since then the soft-nosed copper-jacketed .32 caliber slug had worked its way slowly through Klasner's neck, emerging today through an old scar from a tonsil operation, the doctor said.

Kiwanis Hears Report Of Galveston Meeting

Members and guests of the Kiwanis Club yesterday heard reports of the Twenty-third Annual Texas-Oklahoma Kiwanis Convention given by Frank Stephenson and Dr. W. W. Mikeska, who attended the meeting with their wives Oct. 1-3.

Stephenson commented on the speech of Dr. Walter Kerr. Dr. Mikeska then read a speech made at the convention by Josh Lee, a member of the Civil Aeronautics Board in Washington, and former U. S. senator from Oklahoma.

After the reports on the convention, three new members were presented with badges. They were LeRoy C. Johnson, proprietar of Quality Signs, 512 East Highway; Timothy Spurrier, 1700 Avenue R, manager of Banner Dairies here; and Harold Grant, 1617 Seventeenth Street, of the Halliburton Oil Well Cementing Co.

The club recognized Joseph B. McNamara, 1927½ Twenty-fifth Street, as a new transfer from the club at Big Spring. McNamara is an insurance adjuster for R. D. Batjer Claim Service.

ACTOR'S WIFE CREATES — Gladys Lloyd Robinson, wife of Edward G. Robinson, shows one of the pieces displayed in her ceramics exhibition at America House, New York.

Engagement of Miss Brooks, Mr. Lammert Is Told at Shower

Announcement was made last night at a lingerie bridal shower of the approaching marriage of Miss Silfa Brooks to Toby Lammert. Miss Brooks, who is the daughter of Mr. and Mrs. Clifton Brooks, will marry Mr. Lammert Thursday in a ceremony here. Mr. Lammert is the son of Mr. and Mrs. J. F. Lammert, who live east of town.

The shower was held in the home of Mrs. J. G. Springer, 3805 Highland Drive. Mrs. Springer served frosted punch, cookies, and nuts to Mrs. Delbert Randolph, Mrs. Morris Sanders, Mrs. Gene Brown, Mrs. E. E. Thompson, Mrs. Gladys Cummings, Mrs. J. E. Blakey, Mrs. R. H. Bonner, Mrs. Alma Elliott, Mrs. Clifton Brooks, Miss Ruth Schooling, Miss Helen Suiter, Miss Ramona Whitehead, and the honoree.

Miss Brooks, who graduated from Snyder High School in 1948, has been employed at C. R. Anthony's. She resides with her parents south of Snyder.

Mr. Lammert, who is a native of Snyder, is employed with the Tri-State Oil Co. Following their marriage and a brief wedding trip, the couple will be at home in Snyder.

Wives Are Guests At Junior Chamber Meet

Ladies Night was observed last night when the Junior Chamber of Commerce members and their wives gathered at the Country Club for dinner.

Mr. and Mrs. Harry King of Big Spring gave a demonstration square dance and announced that they would conduct a series of six lessons for Junior Chamber members, their wives, and their friends on Monday nights at the Country Club.

Mrs. M. M. O'Rear accompanied a quartette of high school girls who sang for the 22 couples.

Junior Chamber decided to promote the purchase of 4 by 6 foot flags for all business houses around the square.

PERSONALS

Mr. and Mrs. C. A. Heath left yesterday afternoon for Fort Worth and Dallas on business connected with the H. & H. Development Co. They will be away two days.

C. E. McGaw, 604 Twenty-fourth Street, plans to leave for Dallas tomorrow where he will be joined by his wife and their daughter, Miss Rose Marie McGaw, of Longview, Tex. The family will attend the State Fair in Dallas. The attorney will be back in his offices Monday.

Mr. and Mrs. Garland Armstrong 1306 Avenue Z, left Tuesday for pected to return today.

Miss Winnie Garner, 2711 Avenue I, was admitted to Snyder Hospital yesterday at noon. Miss Garner is under observation.

Mrs. Edward Boger returned to her home yesterday. She has been visiting her father, Dr. M. O. Perry in Allen, Tex., and also spending time in Waco and Lubbock.

Don't smooth the frosting down when you are putting it on a cake. It has a more attractive appearance when it looks fluffy and gives the cake a high, festive air.

New Catholic Edition of

IN OUR IMAGE

Houston Harte's great religious book

... with Preface and Imprimatur of The Bishop of Amarillo

Houston Harte, outstanding Texas publisher and citizen, has won universal acclaim for his triumphal In Our Image.

In response to many requests from Catholic clergy and lay people, Oxford proudly presents Houston Harte's epic masterpiece, *In Our Image*, in the Douay Edition.

Except for text, this book is identical to the original Protestant Edition ... the same superb bookmaking ... the same grouping of inspiring art and text ... the same vivid portrayal of the Old Testament people as flesh and blood human beings.

Startling, vivid portraits in color, by Guy Rowe, noted *Time* cover artist ... a triumph of artistic realism.

The dramatic Douay Text and these amazing paintings make you feel you now really know for the first time these heroes who walked with God.

IN OUR IMAGE should be in every Catholic home. You will ponder long over these 32 deeply moving portraits ... and thrill to the Bible stories Houston Harte selected for the book.

In Our Image is a book for all the family to treasure, to enjoy. Stop in and see it at your bookstore today. In Catholic or Protestant editions, buckram bound, $10.00; French Morocco, red or blue, $25.00.

Portfolio of In Our Image Portraits. The 32 portraits by Guy Rowe are available without text in portfolio form. Portraits on deluxe coated stock ... beautiful to frame. 32 portraits, 9 x 12 inches, $5.00.

OXFORD — *Publishers of Fine Books since 1478*

Out front with the finest

yet priced with the lowest

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest ... yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.
