Sentee Vote Light For No Primary

Primary voting has been light for the July Democratic primary, reports Mrs. Sue Ragan, clerk. There have been absentee votes cast and applicants received for ten more

primary voting closes on Tuesday 20.

Democratic Primary will be on Saturday, July 24, at the eight voting precincts. Only one contested race is in prospect, with Guyer campaigning against incumbent Ray Phagan.

Primary 1, a race is on for assessor, with incumbent being opposed by Allen

Other county and precinct are unopposed.

Primary vote is forecast unless turns up before election. The sheriff race and the race between Allan and Ralph Yarborough are only races causing any interest and there is very little about the latter.

No Thrill Now Tuesday

During the elements of and music for the first "Stunt Capades of 1954," the world's foremost precision drivers will present the county fairgrounds on Tuesday night, July 20.

Automobile thrill show is being by the Perryton Jaycees. The program is very similar to the highly successful Joie show presented at the Plains Fair last year and "Capades" has the top of the Chitwood show, including Bill Ward, Vancouver, B. C. international precision champion.

There will be shot from the largest cannon and over new cars, stock model semi crash end-over-end in addition while the drivers react the wheels, autos will be through flaming walls, motorcycles will be three parked cars and will step from the rear of cars into pools of flame. In others of the 30 program.

Law of averages indicates the county will have rain very near future. July is usually a wet month, with

Wolf Creek Is Out Of Water

Wolf Creek which maintained a flow of water all during the past few days, has given the face of the present

ceased to flow in Wolf Creek last Friday, the first time people can remember when there has been no water in the

water, who has lived on the creek for many years, says there have been times in the

DECORATIONS—W. C. Sanders, left, and Cecil Dodd hold some of the flags recently bought by the Chamber of Commerce for street decoration. These flags, U. S. Navy surplus, are eight feet long and there are 40 flags to a set. These will be used during the North Plains Fair.

Barnes Scores Ace At Golf Course

John Barnes, Booker school superintendent, scored a hole-in-one at the Wolf Creek golf course Sunday afternoon, becoming the first player of the year to score an ace and one of the three scored since the course was reopened after the war. Barnes, playing in a three-some with Kenneth Precise and Raymond Powell, scored his hole-in-one on the 155-yd. No. 5 green, using a six-iron. Other aces on the local course have been scored by James Pitts and Rolla Truax.

Troy Sullivan New Principal Of High School

Troy Sullivan, science teacher in Perryton high school since 1948, was hired Tuesday night by the Perryton school board as high school principal. He replaced Kenneth Gibson, who resigned to become principal of an Amarillo elementary school.

Sullivan came to Perryton as a high school science teacher in 1948, the year he received his B. S. degree from North Texas State College. He later received his M. S. degree from the same institution.

All his teaching experience has been in the Perryton schools. For a year, including the 1952-53 school year, Sullivan was employed by a Colorado concern as a chemist, but he returned to Perryton in November, 1953, to rejoin the faculty and has remained in Perryton since that time.

Mr. and Mrs. Sullivan have two children. He has been advisor of the Explorer Scout Post in Perryton since the organization of the unit and has taken a leading part in youth affairs of the city.

New Radio for Fire Truck

A two-way radio was installed in the city-county fire truck this week to provide more efficient fire fighting service.

The radio, on the same frequency as the city-county police network, gives constant communication between firemen and the city hall, as well as with mobile police units.

With the two-way radio, it will be much easier to locate and combat fires, especially in the rural areas, pointed out fire marshal J. D. Maberry.

County Receives Engineering Data for Wolf Creek Dam

The complete file of engineering data for the Wolf Creek Dam has been received from the federal government, county judge Howard Slaughter reported this week. This file had been requested after the government decided the Wolf Creek Park land back to the county.

Contained in the bulky set of documents are complete maps of the dam site, hydrograph at Wolf Creek, complete boring and core log, copy of the engineering report on the condition of the spillway after a flood in September, 1945 and a copy of the report made following an engineering survey after the spillway was washed out in May, 1947.

Judge Slaughter said the commissioners have written the State Board of Water Engineers

asking for an appointment to seek aid in getting a cost estimate prepared for the dam. "We don't know just what help we can get from the state board," Judge Slaughter said. "But we want to meet with them and get suggestions as to how to proceed with the project."

This meeting has been asked for sometime around August 10.

Draft Call for July Announced

Two men will be sent for induction on July 26 from local Selective Service Board No. 99 and five will go for physical examinations on the same date, reports Mrs. Norma G. Phelps, clerk of the board.

To be inducted that date are Benny Ginter of Booker and Sidney A. Parnell of Glazier. Going for physicals are Richard Eugene Hall of Perryton; Dale Richard Roth of Canadian; Donald Wayne Hodges of Canadian; James Borden Heath of Gruver; and Orville Dean Williams of Perryton, transferred to Sterling, Colo.

Transferred to Perryton for physicals are Eldon E. Anderson of Bend, Ore., and Charles J. Ingraham from Midland.

The August call is for two men to be inducted on August 23, Mrs. Phelps said.

Cub Scouts In Council Meeting

Cub Scouts of Perryton will participate in a council fire event tonight, Thursday, at 8:30 p. m. with all Cubs and their families gathering at the county park.

There will be group singing, presentation of awards to Cubs and a short program for those Cub Scouts who are entering Boy Scouts.

Proceeding the program, each den will meet in one member's back yard for an outdoor meal, and several dens will camp out after the program at the county park.

There are three packs, 11 dens, and about 75 Cub Scouts expected to participate in the event.

Scout Bicycle Tour to Visit Here Tuesday

Approximately 50 Scouts from the Adobe Walls Council will visit Perryton next Tuesday evening when they make an overnight stop on a 185-mile bicycle tour through this area.

At least one Scout from Perryton, Kenny Jones, will make the trip, as will Gary Rutz and Barrie Mounsey of Booker.

The Scouts, accompanied by leaders Paul Belsenherz of Pampa, Dave Agnew of Guymon and John R. Collier, Jr., of Spearman, will leave Pampa Sunday morning, July 18. The group will travel to Miami that day, spending the night in Miami.

Area Swelters In Summer Heat Wave

The Perryton area suffered, along with the rest of the Southwest, during the week in temperatures that hovered around the 100 degree mark. High point of the week was reached Wednesday afternoon when the mercury hit 108. Temperatures of 104 were reached Monday and 106 Tuesday. City water consumption has increased tremendously during the terrific heat, but there is no danger of a water shortage yet, according to city manager J. B. Whigham.

State Jaycee Prexy Visits Here Friday

Rocky Ford of Midland, state president of the Junior Chamber of Commerce, will be guest of the Perryton Jaycees at a special meeting on Friday noon in the Harvester Room of the Hotel Coffee Shop.

Ford, accompanied by state vice president Jack M. Allen of Perryton, is making a tour of Region I Jaycee clubs in the Panhandle.

He was elected to the state office at the annual convention in El Paso and has served as a state director, state vice president and as committee chairman for several state committees.

Each Perryton Jaycee has been asked to bring a guest for the Friday meeting.

Milton Morris Is Speaker for PHS Reunion

Milton Morris, secretary of the West Texas State College Extension Student Association and a former student of Perryton high school, has accepted an invitation to be principal speaker at the PHS reunion to be held on August 21.

Morris, one of the best basketball players ever produced by PHS, was captain of the 1929 team that went to the state tournament. He went to West Texas State and had a distinguished career.

Perryton Youth In Polio Clinic

Gary Knowles, 10, son of Mr. and Mrs. Walter Williams of Perryton, was admitted to the West Texas Polio Clinic in Plainview Tuesday morning, first polio patient of the summer from the North Plains.

He was taken to Plainview by plane by Tom Penn Tuesday. His condition has been reported as "good" and thus far physicians have reported no signs of paralysis.

BOOSTS FAIR—Miss Valda Jean Day, daughter of Mr. and Mrs. Ivan Day, is shown with one of the bumper tags distributed this week to advertise the North Plains Fair on August 19-20-21. Miss Day was "Wheatheart of the Nation" in 1952.

Polling Places Named For Referendum Vote

Farmers Vote July 23 On Crop Controls

Three polling places for the July 23 wheat marketing referendum have been announced by the county ASC committee. Wheat farmers of Ochiltree county will vote at the county warehouse, the courthouse and the high school to decide whether or not to keep wheat acreage controls and price supports for the 1955 crop.

Voting hours are from 8 a. m. to 7 p. m.

Community B voters, those who live north of highway 117, will vote at the county warehouse. Community A voters, those living west of highways 83 and highway 70 and south of highway 117, vote at the school. Community C voters, those living east of highway 83 and south of highway 117, vote at the courthouse.

Any person who will have an interest in the 1955 wheat crop on a farm for which an acreage allotment of more than 15 acres is established is automatically eligible to vote. If the husband or wife is eligible to vote, each is eligible to vote in Texas.

If two-thirds of the wheat farmers approve marketing quotas, acreage controls and price supports, the 1955 crop will be supported at the rate required by law. If quotas are rejected, there will be no marketing quota penalties, but the price of the 1955 crop will be supported at 50 percent of the parity price.

Voters must have a farm or an interest in wheat in Ochiltree county in order to vote here, according to Elliott Lee, county ASC secretary. Those owning land in other counties may get an absentee ballot at the county ASC office in the courthouse. In the election last year, there were 643 voting in this county, with 622 for and 21 against acreage controls.

MISS ORCHID SHOP and the third entry for the Miss Perryton title is Miss Connie Edwards, daughter of Mr. and Mrs. Miles Edwards, 313 South Drake. She is a junior in Perryton high and is popular in all school activities. Winner of the Miss Perryton event, scheduled for 8 p. m. Thursday, August 19 at the school auditorium, will receive \$50, runner-up \$25 and third \$10. Miss Wheatheart of the Nation will be awarded an all-expense paid trip to Miami Beach, Fla. The annual beauty revues are a highlight of the 3rd Annual North Plains Fair that gets underway in Perryton August 19.

Wheatheart Contest Entries Mailed Out to Tri-State Area

Invitations have been sent to civic clubs and organizations in a wide area for the 1954 "Wheatheart of the Nation" contest to be staged on August 21 as part of the North Plains Fair.

Prize for the 1954 Wheatheart will be an all expense trip to Miami Beach, Florida, for two persons. Arrangements have been made with the Miami Beach Chamber of Commerce for entertainment for the Wheatheart

winner, including a reception and buffet dinner, free tours of the Miami Beach and Greater Miami area, by both bus and boat, appearances on television and a number of other entertainment events.

All expenses not provided by Miami Beach will be provided by the Ochiltree County Chamber of Commerce, which will also provide air transportation to and from Miami Beach.

The winner will be selected at a program in the school auditorium on Saturday night, August 21. "Miss Perryton" will be selected on Thursday night, August 19. Winners in the local contest will receive cash prizes of \$50, \$25 and \$10.

Entrants in the "Miss Perryton" contest thus far include Linda Rogers, Frances-Virginia Shop; Phyllis Vernon, B&PW Club; and Connie Edwards, Orchid Shop. There is no entry fee and any single girl with a civic club or business firm as a sponsor may enter the contest.

Squires Well Best Gasser

The largest gasser of the southeast Texas county field was brought in by Cities Service this week as the No. 1 Squires in Section 17-1-19 was measured at 150,000,000 cubic feet per day.

The well is three and one-half miles east and a half-mile north of the old Range community in southeast Texas county near Hardesty.

It was first brought in Monday July 5, with sand fracturing following. Perforations were from 6,500-6,624 feet with a total depth of 6,634 feet. Production was hit in the Morrow sand.

Earlier the well gauged 5,200,000 cubic feet on a drillstem test and after perforations 5,300,000. After sand-frac treatment, the well's production was increased

THE CLUBHOUSE

With Sublette's four Roberts (Johnson, Faurot, Hoechendorf and Cornett) and their one Leon Howard burning up the loop's statistics this past week, and also being prime stars in the all-star game won by the combined Sublette-Guymon-Perryton team, it appeared increasingly probable that a new Tri-State leader might soon appear.

Howard went from fifth place in the league batting averages with a .400 mark a week ago to second place to challenge Guymon's Bob Rigby, who resigned during the week as Guymon manager, for the league hitting leadership. Rigby still holds on to a .21 point lead, but they are identical in base hits, 12 each, runs scored 9 each, and Rigby's lead is a bare .521 to .500.

Neither Liberal, which went into a tie with Guymon, for third place, Guymon nor Perryton have so far been able to win a single Tri-State league contest with either Hooker or Sublette. So the pennant may well be decided in their two remaining league contests against each other.

Faurot with four league victories and 1 beating has more pitching wins than any other Tri-State hurler, and was near invincible in his last week's work, holding Liberal to 3 skimping hits Wednesday and only yielding one single in his three inning stint in the all-star game.

Next to Faurot, Liberal's Dick Knott and Hooker's full-blooded Indian hurler, Johnny Allen, looked best in the all-star pitching corps. Knott yielded two hits in his three inning workout, and Allen three blows in his three innings of toil. But league pitching leader, Hooker's James Goss, who yielded only four safe blows in winning two league games, was pounded for five runs and four hits in just two innings of all-star game work.

Complaints were heard by league officials preceding the all-star game at umpiring in league games. It was stated there was too much of a tendency towards "homing umpires" in the practice of the home team

furnishing one plate and two base umpires for each game. Two alternatives were recommended, one that the umpiring team for each league game be furnished by towns not playing in league contests; and if that be impossible for financial reasons, that only two umpires be used instead of four, with the home plate umpire trading off with the base umpire each 4½ innings of play. No action has been taken on the complaints, as League President Warner was absent from the all-star tilt.

(These averages do not include league all-star contests.)

Attend Legion Meeting at Follett

Several Legionnaires and Auxiliary members from Perryton attended the meeting in Follett Sunday afternoon to hear Rev. Tom Clark of Alva, Okla., national Legion chaplain. His subject was "Back to God."

In addition to the Legion and Auxiliary members, there were a number of ministers present from this area.

Following Rev. Clark's talk, a

meeting was held in the Follett Legion Hall with Paul Spillman, 18th District Commander, in charge. J. C. Phillips of Borger spoke on communism and the Guatemalan situation.

Attending from Perryton were Mr. and Mrs. O. R. Truax, Mr. and Mrs. L. C. Case, Mr. and Mrs. T. J. Manning, Mr. and Mrs. Robert Barlow and Tom Davis.

Since a thunder storm occurs when large masses of warm air are carried to high altitudes, most thunder is heard in summer although it can occur in winter.

Death Claims James S. Biard

James S. Biard, 93, father of Mrs. W. L. Herndon of Perryton, died July 10 in Worley Hospital in Pampa after an illness of several months. He lived 2½ miles west of Pampa.

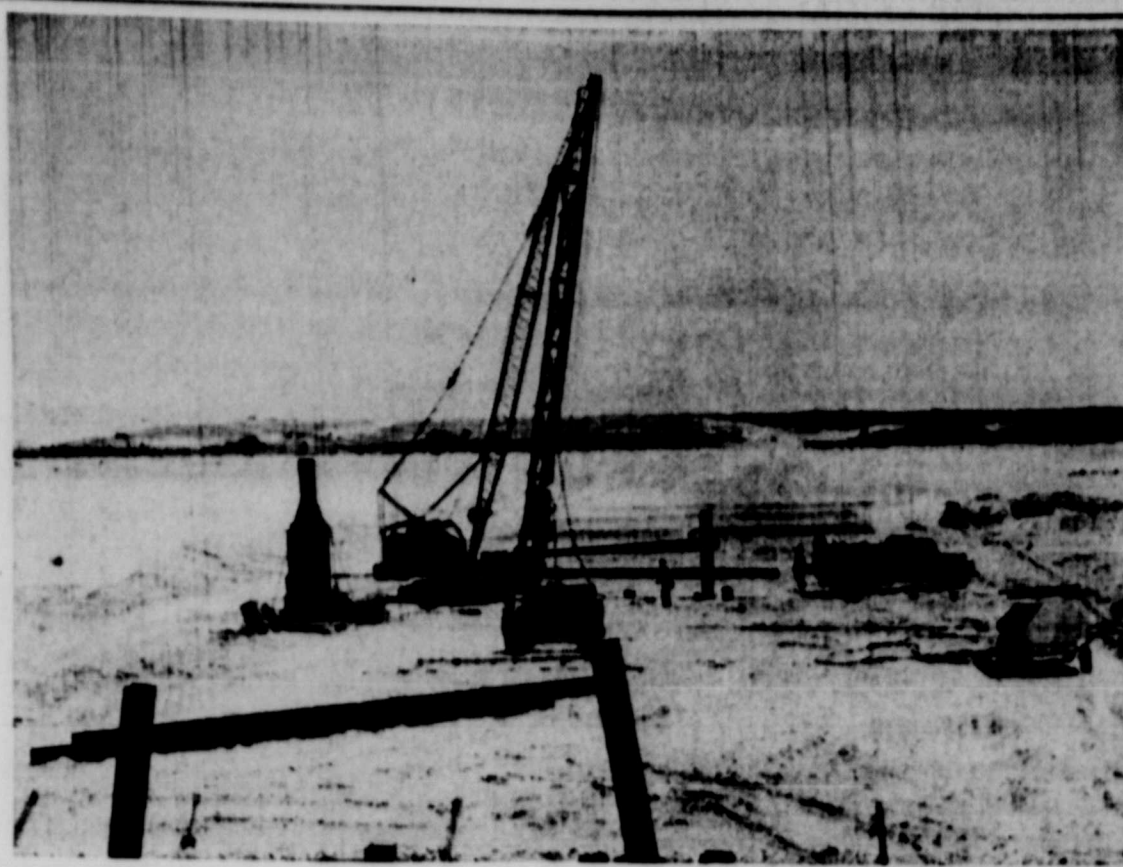

Funeral services were conducted Monday afternoon in Pampa and burial was made in Fairview cemetery.

Mr. Biard was born March 21, 1861 in Lamar county, Texas. He went to Gray county in 1906 and farmed for many years before his retirement.

Survivors include his wife, Margaret, of Pampa; two daughters, Miss Helen Biard, Pampa and Mrs. Edna Herndon of Perryton; a son, Bill of Pampa; a brother, J. A. Biardtown, Texas; four grandchildren and one great-grandchild.

Attending the funeral from Perryton, in addition to the Herndon family, were Mrs. Tom Slack, Mr. and Mrs. Tom Waugh, Mrs. Paul Bowen, Mr. and Mrs. Roy Linn, Mr. and Mrs. A. W. Henry, Mr. and Mrs. Dan Archer, Mr. and Mrs. W. C. Herndon, Mrs. F. Turner, Mr. and Mrs. Horace Glasgow.

The horse is known to have developed from a four-toed animal about the size of a fox.

DRIVING PILING—This mammoth machine is driving steel piling for the Canadian River bridge for the state highway 70. The Frost Construction Co. of Hydro, Okla., has the contract for the bridge, due to be finished in 1955.

Christian Science Services 11 a. m. each Sunday Public Cordially Invited

That strength, joy and healing result from a spiritual understanding of God as infinite Life will be brought forth at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Life" is the Golden Text from Romans (6:23): "The gift of God is eternal life through Jesus Christ our Lord."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (487:27): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."

The following passage will be among those read from the Bible (Psalms 118:14,17): "The Lord is my strength and song, and is become my salvation. I shall not die, but live, and declare the works of the Lord."

Dr. and Mrs. J. F. Howell and son Charlie Watts Howell of Sonora visited their daughter and sister and family, Mr. and Mrs. Jack M. Allen, Kay Lou and Nancy from Saturday of last week until Tuesday. From here Dr. and Mrs. Howell and son went to Denver, Colo. to vacation. Dr. Howell will attend the 8th Annual Cancer Clinic in Denver. Several courtesies honored Dr. and Mrs. Howell and son during their visit.

Mr. and Mrs. Tom Fritz, Amarillo, were visiting in Perryton Tuesday. They are the parents of Mrs. Robert Holt and Mrs. Johnnie Luthi.

George Lindley Services Held

Funeral services for George W. Lindley, Amarillo druggist, were held Tuesday in Kelso Chapel in Wellington. Lindley, 66, died Sunday night at his home in Amarillo.

He was a former Perryton resident, employed as pharmacist at the Burk Drug, where his wife was also an employee. They moved from Perryton several years ago and had lived in Amarillo about three years.

Survivors are his wife, Bess, Amarillo; a son, Jack R. Lindley, Oklahoma City; a daughter, Miss Beth Lindley, Edmond, Okla.; three brothers, Kyle and Guy of Wellington and Harmon, Hereford; two sisters, Mrs. Susie Jester, Yukon, Okla., and Mrs. Ruby Price, Beebe, Ark., and three grandchildren.

Honey on Wheels

—and only a few dollars more
than the low-price cars!

HAVE you been thinking you can't afford a new Buick? Listen:

If you can afford any new car, you can afford a Buick — and a look at the figure on the price tag proves it.

Look again, and you'll see that this is the local delivered price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But — dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power — Buick V8 power — plus the new economy of Power-Head combustion.

They buy a lot more luxury and comfort and solidity — more room, more glass area, more frame strength, more tread width, more ride steadiness — including the million dollar "feel" of all-coil springing and torque-tube stability.

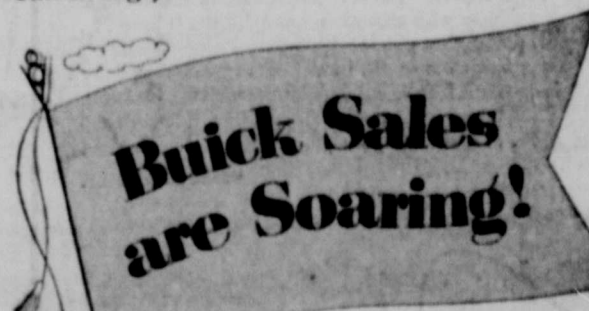

They buy, too, the most advanced styling of the time, and the great panoramic windshield, and the surety that such fresh-

FARMER FRIERSON—A legendary figure in Texas minor league baseball, former outfielder and now farmer Buck Frierson is slopping hogs instead of hitting homers this summer. At night, he's following these high-blooded Walker hounds on fox hunts through the Red River bottoms near Paris.

Two-Way Smile

HUTCHINSON, Kan. (AP)—Samuel Hirst, who's been photographing people here since 1884, gives this tip for photographic success:

"I found that in snapping children's pictures, if I always had a little smile on my face they'd soon follow—and that works with grownups, too."

Miss Maude O. Thomas, Beaver, Okla., was transacting business in Perryton, Tuesday.

Student Exchange

LONG BEACH, Calif. (AP)—Esther Beckstead, a student at Wilson High School, and Janine Verantian, of Paris, France, have exchanged schools. But their switch produced more than travel and education.

Janine has become engaged to an American surgeon, Dr. Harold Peters of Los Angeles. They'll honeymoon in France.

Her mother reports Esther may marry a lawyer she met in Europe.

Mrs. Evans Dies Here Tuesday

Funeral services for Mrs. Abbie Evans, a long time resident of Darrouzett, will be held today, Thursday, in the Church of Christ with Arthur L. Golden officiating.

Mrs. Evans was the widow of the late Frank Evans who died in 1940. She had lived at the Hassell Rest Home in Perryton for the past two years and prior to that was a resident of Darrouzett for 34 years.

She was 75 years of age. She had no immediate survivors. Interment will be in the Follett cemetery.

Japanese Opinion

TOKYO (AP)—A Mainichi Shimbun editorial says a strong pro-American feeling still prevails among the Japanese people. The newspaper, one of Japan's largest, publishes in four cities with a reported combined circulation of six million. A recent editorial declared:

"We do not think the greater part of the Japanese people have anti-American sentiments. Rather, we say that there still exists a strong pro-American feeling." The editorial added, however, that "We must frankly admit there has been a slight change in Japanese feeling."

It attributed this change to a reaction against the pro-American policies of the Japanese government, the affects of anti-American propaganda of the Japanese Communist party, and concern over the effect on economics and education of continued operation of U. S. bases in Japan. The editorial asserted anti-American feeling among Japanese intellectuals could be traced to "McCarthyism" in the United States.

Double Feature

BREMERTON, Wash. (AP)—A mother and her daughter each became mothers in the same delivery room here less than two hours apart. Baby Donna Joy was born to Mrs. Margaret Kanthack at 2:53 p. m.

At 4:46 p. m. baby Theresa was born to Mrs. Marlene Rose Lindstrom, the Kanthack's only previous child. Frank J. Kanthack, 45, a shop supervisor at the Puget Sound Naval Shipyard, and his son-in-law, Ralph E. Lindstrom, took turns congratulating each other.

Both Ralph and I were there, of course, for the 'double feature,' Kanthack said. "However, it wasn't really scheduled that way at all."

He explained that Donna Joy arrived a week early and his new granddaughter wasn't expected for several weeks.

Boyd, Okla.

By Mrs. Aldeen Rodgers

The hot, dry weather continues over most of the territory. A few showers fell Tuesday night. Jim Wallace reported a half inch an dW. H. Williams said one inch fell on his ranch northeast of Boyd.

Major and Mrs. Connors and children visited last Monday with Mr. and Mrs. W. H. Williams. Major Connors is a friend of the Williams' son, Capt. Jack Williams. Major Connors and Capt. Williams were together at Myrtle Beach, S. Carolina during training in World War II and were also in England together. The past few months Connors and Williams have been stationed with the Air Force in Japan. The Connors family was enroute to Victoria, Texas where Major Connors will be stationed.

Mr. and Mrs. Jim Wallace called on John A. Beck and daughter Helen of Beaver, Wednesday.

Mrs. W. H. Williams shopped in Liberal, Kansas Thursday.

Earl Huling of Beaver has been working for W. H. Williams.

John Lowry visited relatives and renewed acquaintances here recently. Mr. Lowry is a cousin of Claude and Kenny Myers.

Lee McCulley called on several friends near Boyd recently. Mr. McCulley has been working for Johnnie Freeman who farms southwest of Boyd.

Mr. and Mrs. A. N. Dowers of McAllen, Texas were recent callers in the home of Mr. and Mrs. John Winter.

Mr. and Mrs. George R. Rowbotham and Patricia Ann were supper guests in the John Winter home recently.

Mr. and Mrs. Bill Nichols visited her parents, Mr. and Mrs. Sam Batt of Logan, over the July 4th holidays.

Mr. and Mrs. George R. Rowbotham and Patricia Ann visited in the home of Mr. Rowbotham's grandfather in Beaver Tuesday evening. The Rowbothams and daughter left Thursday for Monahans, Texas where they will be guests of Mr. and Mrs. John Rowbotham and family.

Mr. and Mrs. George Kirton, Jerry and Mary Ann and Royce Rodgers fished at Fort Supply Lake Saturday evening.

Mr. and Mrs. Aldeen Rodgers visited in the John A. Beck home in Beaver a short time Friday.

W. H. Williams and son Hugh have been cutting alfalfa on some of their irrigated land.

Mr. and Mrs. Aldeen Rodgers were callers in the W. H. Williams home Friday evening.

John Winter sprayed the weeds in his maize crop recently.

Blank Robbery

NEW YORK (AP)—An armed holdup man trailed a woman carrying a bulky payroll-type manila envelope. In the lobby of her office building he grabbed the envelope, shoved her into an elevator and ordered the operator to take the car up. He escaped with the envelope containing several hundred blank order pads.

Wasted Money

BEATRICE, Neb. (AP)—A letter from a motorist told the police to "credit" his past parking tickets with 20 cents he "squandered" in the meters on a day when the police weren't checking cars because it was a state holiday.

Angry Moose

BURNS LAKE, B. C. (AP)—Mrs. Rosemary Harrison stopped her car on the highway to let a big bull moose pass, but the animal charged the car, climbed on the hood and did considerable damage before returning to the woods.

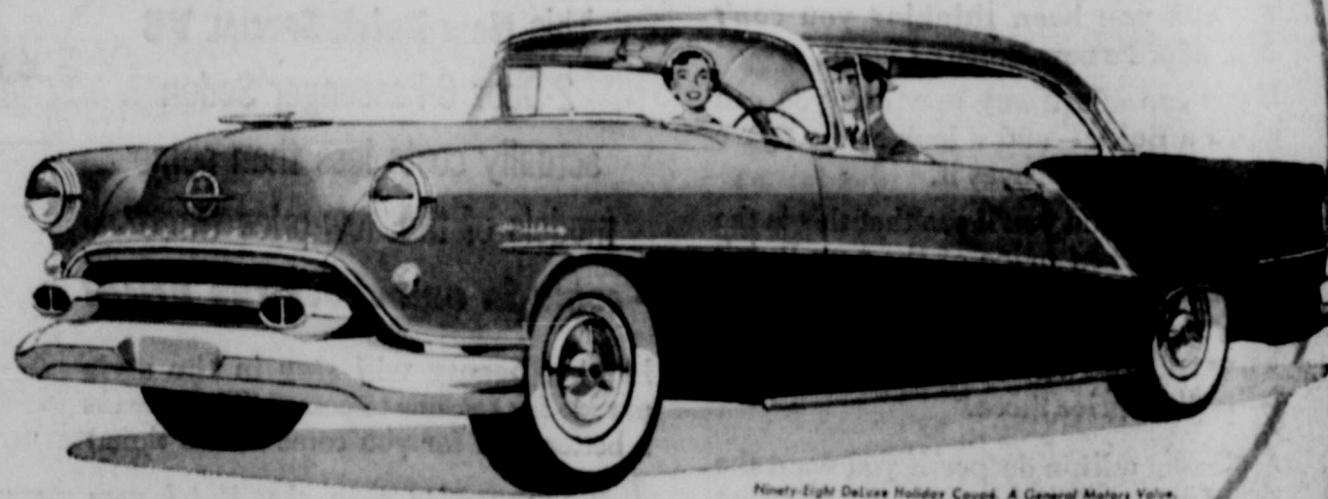

Housebreaker Rent?

NEW LONDON, Conn. (AP)—Police investigating a report that a beach house had been broken into found two one dollar bills charged the car, climbed on the hood and did considerable damage before returning to the woods.

Schools Receive \$101,422 for State Assistance

Ochiltree county school children are among those over the state sharing the most impressive period of Texas Public Education in state history, a compilation of figures from 1949-1953 released in Austin this week shows.

Ochiltree county received \$101,422.72 for public education during the last fiscal year as its share of the giant \$211 million spent over the state, the Texas Education Agency report said. It also showed that money for the state's school children had increased from \$145 million in 1949 to the present figure.

Drive-In Church

SALEM, Ohio (AP)—The first drive-in church service in this northeast Ohio area came up with a drive-in church service during the summer. The service was held in the drive-in theater for their Sunday service. The sponsoring Salem Vicinity Ministerial Association reports that "business" is better than ever.

Education funds were distributed for salary and operation of schools. Another large expenditure went for operation of buses.

Governor Allan Shivers called the present school year "the best yet in Texas history" and "better education," said the state looks even better for the students.

HOMES FOR AMERICANS

THE ADD-A-ROOM campaign for enlarging homes centers at-
 tention on the advantages of planning a house for expansion.
 Here is a plan for a house that can grow with a family. It is
 easily constructed in stages. The main part of the house can
 be built with expansion attic. The breezeway and garage can
 be added when desired. The extra bedrooms and second bath-
 room upstairs can be finished when needed. If in the future
 more house is required, the breezeway and garage are readily
 convertible into rooms. This is Plan B-2442 by Alvin Cassens
 Jr., architect, 145 So. Franklin Ave., Valley Stream, N.Y.
 Building estimates can be based on the main part of the house
 covering 1,170 square feet.

(Further information and blueprints available from architect.)

Five Accidents In Patrol Area During Month

There were five automobile accidents in Ochiltree, Hansford, Lipscomb and a portion of Hutchinson counties during June, reports state highway patrolman Jack Shields. In these five accidents were six injured persons and an estimated \$2,900 in property damage.

The month of July has already seen a worse traffic record, with two fatalities, Shields pointed out.

During June, there were 18 cases filed, nine of them for speeding and the other nine for miscellaneous violations. There were 90 hazardous warning tickets issued, 30 for speeding.

All of the nine speeding violations were for automobiles traveling in excess of 85 miles per hour and one car was clocked in excess of 100 miles per hour, Shields said.

In June, patrolman Shields traveled 4,577 miles on patrol duty, working 352 daytime hours and 101 night hours.

In the Panhandle district, there were eight persons killed in June and 64 injured. Estimated property damage in the district was \$69,839.00. There were 77 accidents on state and federal highways, seven on farm-to-market roads, eight on county roads and five in towns under 2,500 population.

During the first six months of the year there have been 32 killed and 339 injured in the Panhandle with property damage of \$406,777.00, according to Captain J. W. Blackwell of the Texas Highway Patrol.

On Monday they will cycle to Canadian, spending Monday night there, and on Tuesday will cycle the 45 miles to Perryton. The Scouts will camp on the courthouse lawn and will swim at the city pool.

They go to Spearman on Wednesday, to Borger on Thursday, to Pampa on Friday, and disband at 4 p. m. Friday at the Central Park in Pampa.

A sheriff's car will accompany the boys on their travel, and provisions have been made for repairing bicycles. Each boy will carry his clothing and bedroll, plus other necessary provisions. It is planned to have a rest stop about every 20 minutes.

FAIR OFFICERS—Studying the 1954 catalogue of the North Plains Fair are these officers of the North Plains Fair Association at the executive board meeting Monday night. Left to right are John Mayfield, secretary-manager; Percy Powers, president; Delbert Timmons, vice president. Catalogues have been distributed to all superintendents of the fair and more than 300 have been mailed out.

Grass Fire On North Main

A grass fire on North Main destroyed about 25 bales of hay and burned up some tires before being brought under control by the city fire truck.

The fire was turned in by Mrs. E. E. Hutchins of the North Side Sales, who reported the blaze on the vacant lot to the south. The hay was owned by Hutchins and the tires belonged to Lyndon Balzer.

Ask Me About My Business
CECIL DODD

Disgust Is Legal

BRUSSELS (AP)—A court of appeal ruled here that an employee could not be fired for using an ill-mannered expression upon leaving her work. She was fired, the court said because she "used an expression which incontestably denoted a lack of education, but which cannot be accepted as a sufficient cause for the breach of a contract without warning nor indemnity, particularly since nothing indicates that this expression referred to her superiors."

The court ruled that "on Saturday night, after a whole week of work and with the prospect of the rest and freedom of the Sunday one can hardly blame an employee for translating into words the feeling of relief he might feel at the time."

No Coddling

CINCINNATI (AP)—When Sheriff Dan Tehan announced that Hamilton county prisoners would get foam rubber mattresses, it seemed like a bit of coddling to some people. The reason is that such mattresses not only are highly sanitary, but they do not allow a place for hiding anything.

Beaver Trapping Is Booming

QUEBEC (AP)—A somewhat uncertain venture 22 years ago, Quebec's beaver industry has blossomed into a highly profitable business.

In recent years the annual value of beaver pelts has ranged from \$500,000 to more than one million dollars.

In 1932 the first provincial beaver reserve was established. Eight years later 800 pelts were taken from the 7,200-square mile reserve on the east coast of James Bay.

Today there are 11 reserves in northern Quebec. They cover 185,000 square miles. From these reserves nearly 26,000 pelts are expected this trapping season.

Coffee Break?

STROUD, Okla. (AP)—The Stroud American has come to the conclusion hard times are not here yet.

"We offered to give away a pound of coffee with each subscription," the paper said. "People called to see what kind it was before they came in, or if they came by and didn't like the brand, just passed by the offer."

BREAD IS VITAL. "Give us this day our daily bread." The Great Baker stored the world with enough for all, but millions of human beings lie down at night hungry. The knife is held by selfish hands and the slices are very thin. *Beware of him that withholds corn, the people shall curse him.* Who stops his ears at the cry of the poor, he also shall cry himself but shall not be heard, Prov. 21:13. From the pulpits we are offered Heavenly loaves... slices will be ample for our needs.

EACH CRUM is precious but none needs the whole loaf. We do not live to eat... we eat to live. We are invited to break the bread of life as Jesus broke the loaves beside the sea. Bread is vital to the soul. *As the body is of the earth and must be fed from the earth, so the soul is of Heaven and must be fed from Heaven.* This bread of life is found in God. It is in the Bible, it is in the church. If you are hungry, go where bread is found. Take it, eat, and live, thus saith our God.

Grow Thin

FRANCISCO (AP) — Alert officials nipped a "flattened dime" racket by a few municipal cops.

Officials said flattened dimes were used as pennies when an operator dropped them into the box while making change, giving the operator a "profit."

Company soon stopped the practice.

Police Ketchup

SPRINGFIELD, Mo. (AP)—Sheepishly, the teen-age youngster wiped the ketchup off his arm and the police let him and his companion off with a warning.

The youngster had daubed the ketchup on his arm and then hidden in an automobile trunk with the gory arm dangling. His accomplice drove around town. Citizens called the cops.

Dear Friends:

I have served as your County Treasurer since January, 1953 and have done my best to carry out the duties of the office.

Now is the time to ask for a continuation of your confidence, and vote, in the coming Democratic Primary, Saturday, July 24.

Even though I am seeking this trust again and do not have an opponent, please accept this as my humble thanks for your confidence in me.

HESPERIA, Mich. (AP)—A 52-inch circular saw screaming through a big beech log lost all its teeth when it had hit a woodsman's wedge imbedded deep in the log. Experts estimated the wedge had been there for 100 years, judging from the growth of the tree around it.

Mrs. Oby Rist, Mrs. John Hardy and daughters, and Mrs. Clyde Herrington and family were Wednesday afternoon visitors in the James Hardy home.

Mr. and Mrs. Thurman Trew of Alameda were in the community Friday.

Allison Unruh called in the A. C. Dial home Thursday morning.

Lake Springs Leak

FLAGSTAFF, Ariz. (AP)—Water department officials found a leak in the lake from which the city gets its water supply.

They estimated that one million gallons of water a day has been pouring into a hole leading to a subterranean channel ever since the dam was raised two years ago.

The city will spend \$20,000 to plug the hole.

Legion Juniors Beat Hooker

The Perryton junior Legion baseball team won their third straight victory in the Panhandle Junior League Friday night by defeating Hooker, 14-1.

Dear started on the mound and was strong all the way. He struck out 15, issued only two walks, and allowed two singles in the full seven innings. This victory leaves Perryton the only undefeated team in the league.

Perryton collected nine hits from the combined pitching of Lyles, Lucas and Witt. Leading in the hitting department for Perryton were Hughes, Wilbanks, Farrington and Dear. Farrington was credited with four runs batted in.

Wheat Headache

Secretary Benson has called for another reduction in wheat acreage to reduce the surpluses now piling to mountainous heights under federal auspices.

A referendum will be held July 23 among wheat farmers. They will decide if they want to take a second cut in acreage and retain government support prices. If they don't, federal subsidies would be nullified.

There is little doubt but that the referendum will show the great majority of farmers in favor of acreage controls and price supports.

This will perhaps postpone for another year the terrific headache posed by this pile of wheat. The surplus of wheat in government storage now amounts to a two-year supply. The government cannot be expected to go on forever buying up surpluses, as much as that seems necessary or desirable from some standpoints. No administration, Republican or Democrat, could long stand the economic strain involved.

The problem is becoming increasingly harder. We don't envy Sec. Benson or the Eisenhower administration this one.

Public Dump Heap

This past week, on a hot afternoon along highway 83 north of Perryton, a couple of employees of the Texas Highway Department trudged along through the dust, picking up beer cans, cardboard boxes, assorted papers and other junk, filling the back of a truck with this debris.

With every step, we are certain, these two men had unkind thoughts about the carelessness of motorists who throw things out of car windows.

Crusades are being conducted in many states to educate travelers not to litter up the roadways. Laws have been enacted, but enforcement obviously is difficult.

We note with interest that the industries that contribute to the littering up of the countryside have decided to help in a campaign to prevent further dumping along the roadside.

Among the packaging industries combining to keep the country beautiful are food, steel, tobacco, forest products, rubber and petroleum. Also, automobiles, chewing gum, soap, soft drinks, candy and dairy products.

How to change the habits of many millions of persons is a problem of psychology, in law enforcement and in education of individuals through organized effort.

People who wouldn't dare spit on their floors at home will dump trash in a public park without a second thought. The same people think nothing of dumping trash along a highway. It is these people that this campaign is designed to reach.

We wish the campaign much success.

Former Resident Dies July 7

Mrs. Helen Walstad Boggess of Wichita, Kansas, died July 7, 1954, according to word received by her sisters, Mrs. May Blodgett and Mrs. Sena King.

Mrs. Boggess was 86 years of age and was one of the four Walstad children born in Norway and who came to the United States in 1870.

The family were early day residents of this country. Mrs. Bog-

gess is survived by seven children, another sister, Mrs. Blanche Lard of Hot Springs, N. M., a brother-in-law, Jim Fryer of Albuquerque, N. M., 43 nieces and nephews, including George Dietrich and Henry Fuller of Perryton.

MORE MONEY for SCHOOLS

During Governor Allan Shivers' administration more money has been spent for schools than ever before.

The result? — better schools, more and higher paid teachers, and better guidance for your children.

Since Allan Shivers became your governor, school funds have increased from 145 million to 211 million dollars per year. Teachers got \$1000 a year more. Your child receives individual attention from 15,000 more teachers. This educational climb is your child's guarantee of a profitable and happy future. For you it means assurance about his growing-up years. It means a better Texas for everyone.

in OCHILTREE COUNTY

\$101,422.72 was spent for your child's education during the last fiscal year. He got better teachers with higher salaries and an administration that had more money to spend for its needs. Texas veterans received educational aid.

The money went for other—things too, like school buses and cafeterias with hot noontime lunches. It meant more vocational help for your child. It went for many things, all necessary for a better education for him.

From the SIDELINE with HAROLD HUDSON

We've had a lot of trouble in the newspaper business, sometimes things don't go just right, but we've never had the same trouble as one of our contemporaries down at Huntsville. Editor of "The Echo," the newspaper of the Texas Prison System, pointed out in the latest issue why the paper was late. "It seems as if the copy just keeps coming in a little later and our own non-editorial work keeps piling up," says that editor.

"But that is only natural at this time of the year when it's 'crop time' on the farms; who feels like writing a column after wrestling that idiot stick all day," he concludes.

By way of explanation, crop time on the prison farms means cotton chopping time, and off "idiot stick" is a hoe. Apparently editing the prison newspaper is only a part time job, one to be done after a full day of chopping cotton under a broiling south Texas sun. We're beginning to think we have a pretty soft job.

The man who said close doesn't count never sat next to his girl in a hammock.

We dropped by the ditch digging project at the south edge of town Monday and Bill Wilson said the ground was about the hardest and driest he has ever seen it. Said he went down 10 feet with the ditching machine and failed to turn up a clod with any moisture in it. If this is any example, it will certainly take tons of water to soak down the soil in this country.

Two years ago there was considerable political fever, and for the first time in Ochiltree county history, precinct and county conventions were held. We haven't heard much about the precinct conventions this year, although we presume there will be some held. All precinct conventions are to start at 2:30 p. m. on Saturday, July 24, in case you want to organize a convention.

Small towns have more gossip because it's more fun watching a game when you know the players.

At the Chamber of Commerce directors meeting Tuesday morning, considerable time was spent on discussing ways and means of getting more interest stirred up among business men for the North Plains Fair. C. E. Whippo, who made a survey regarding booster trips, found that 66 of 76 men contacted were in favor of booster trips and most of these commented that "we need to wake up and take more interest in this thing."

All of which is very fine. But what happens when you ask one of these men to serve on a committee, to do something which requires not only some labor and perhaps some cash, but something which requires taking time off from his business? If past experience is any criterion, that man will not serve on the committee, giving as the reason, "don't have the time."

This is the problem that must be faced. If we are all so busy that we can't sacrifice some of our time to do unpaid, community work without even a word of thanks in many cases, then perhaps we should forget about joint community enterprise.

J. H. Stephenson made a survey seeking floats for the fair parade and met with little response. Practically everyone was anxious to see the parade, but very few were willing to have a float. And this is understandable, too. After all, a commercial float costs around \$200 and a lot of time. This represents considerable expenditure nowadays and not too many firms can stand it.

What is the solution? The Chamber of Commerce and the North Plains Fair Association would like to know. How do you go about getting everyone in a community, in town and in the country, behind a community enterprise such as the North Plains Fair?

It does seem that there is a revival of interest in the fair. Perhaps people work together better when money is less plentiful. We hope things do improve. The North Plains Fair can grow into one of the largest events of its kind in this part of the country and has a good start towards this goal. But it will take the work and cooperation, plus financial backing, of a lot of people.

Wolf Creek Philosopher Something Wrong With Candidates

(Ed. note: The Wolf Creek Philosopher tries to explain the lack of interest in politics this week. Don't know whether he succeeds or not.)

Dear editor:
Some of my neighbors and me were talking the other afternoon about politics, or I better put it the lack of politics.

Nobody, it seems, has gotten very steamed up over politics this year, and here the election is right on us. It used to be along about this time, all you could hear was politics, and when four or five people got together, a hot argument always developed, with maybe a little fist fight on the side. But nowadays not only can you fail to get up any arguments, you can't even get out a crowd at a political speaking, and the few that do turn up just sit there and eye the speaker without much show of response, and there ain't nothing more discouraging than a candidate flailing his arms and meltin down his collar, with nobody listening.

My neighbors were offering all kinds of explanations for this luke-warm interest in politics,

one of em said it was the fault of the voters, they just was fallin down on their job of makin democracy work, another said it was the fault of radio and television, they offered too much competition.

I do not agree with any of these. The fault lies mostly with the candidates, and it's not that the candidates aren't as good as they ever was, it's just that they've used up all the adjectives against each other. There ain't nothin original left to call an opponent.

Time was when, if a candidate promised to take the skin off his opponent, a big crowd would turn out to hear him pour it on, and some really colorful speaking resulted, but after a few years of it, after candidates have called each other about all there is to call a man, the novelty years off. When candidates have succeeded in describing each other down to a certain point, there ain't nothin left to say, there ain't no more skin left to take off, and consequently people lose interest.

Where the candidates made their mistake years ago was in

Rural Areas In Texas Show Loss Of Population

AUSTIN, Texas—Most of Texas' rural areas are losing population but rural life is improving, Assistant Professor Wilfrid C. Bailey of the University of Texas declares.

Latest U. S. census figures shows only the irrigation-farm-

been too generous in the use of adjectives. If everybody calls everybody a loose-jointed liar and a horse thief, there ain't no shock value left, and voters switch on "I Love Lucy." They should have rationed em, usin up just a few words each year, so the supply would have lasted at least through the 20th century. But here the century is only a little past half gone and they're at the bottom of the barrel. Seems like a great lack of foresight, to me. When is the election this year, anyway?

Yours faithfully,
J. A.

ing sections of the Texas Panhandle and Lower Rio Grande Valley recorded rural population gains.

That means prosperity for all areas, Bailey says. Farming prospects in the Panhandle and Valley are improving. In other rural sections, farms have become larger and marginal lands have been turned into grazing pastures.

Better roads and transportation have caused larger villages and towns to grow as shopping centers for the larger-farm owners, Bailey explains. Operators of small marginal farms have found better-paying jobs in the shopping centers.

Only the smaller villages have suffered from the change, he says. With today's highways and motor vehicles, a purchaser who once had only time to drive 10 miles to a store now is willing to drive 30 to 50 miles to shop.

New industries in smaller cities also are improving living conditions in many rural areas, allowing farmers to work in factories also, Bailey pointed out. An anthropologist, Bailey has

summer term, the department has hit its highest point since the summer of 1951 when 48 were recorded. The Offset Lithography course is nearly full, while Machine Composition is about two-thirds of capacity with room only for a few linotype students for afternoon work.

According to E. W. Eaton, printing head, maximum enrollment of the department since it opened in January, 1947 has been 50, reached during the January term of 1951. Only 21 students were registered last summer, the department's lowest mark since 1947, but the September and January terms each saw an increase with the May or summer term reaching the present point.

Should that increase continue, possibly aided by a campaign planned by the Oklahoma Press Association, one or two more terms may find a record enrollment and the state shortage materially cut down, Eaton believes.

Average age of those currently enrolled is 23, with three being 17 and two being 40 or older. The three youngest, Jimmy Rockett, son of a former Tahlequah newspaperman, and Glenn Carter and Bill Wise, both of Tecumseh, will not be generally useful to the printing trade for some time, as they all plan to attend college, using their mechanical knowledge gained here to finance their further education.

In natural contrast, the oldest should be available sooner. John Sunday, 40, of Eucha, is the son of a printer and had some printing experience himself before entering the army in 1942. James G. Johnson, 45, former head of journalism at Oklahoma City University, has had six years of newspaper reporting and desk work, and 15 of college teaching. A deafness handicap has made it advisable for him to study linotype operation.

Some of the other students have had previous printing experience, but most have not and were attracted by the advertised need for more workers.

Fouse Services Held July 7

Funeral services were held at the Assembly of God church on Wednesday, July 7, for Pearl Francis Fouse, former Perryton resident, who died July 4 in Kansas City.

Fouse, 33, had lived in Kansas City for about a year. He was formerly employed by the City of Perryton. Death was attributed to a heart attack suffered while he was driving his automobile in a Kansas City suburb, taking a fellow workman home.

Rev. T. J. Howard conducted the final rites. Pallbearers were E. E. Jones, Arlie C. Binlon, Bede Barkley, Sheldon Wilson, Everett Eisman and Lawrence Williams.

Survivors include his wife, Lona Mae, a son, Gregory Allen; his parents, Mr. and Mrs. W. Fouse of Perryton; a brother, Lois Fouse of Dallas; a sister, Mrs. George Merritt of Perryton. Interment was in the Ochiltree Cemetery.

Guests in the W. I. Molesworth home west of Waka last week end were Mr. and Mrs. Jack Baker and Miss Pearly Jo Hunter of Amarillo and Mrs. Alvin Fritz and sons, Billy and Richard David of Amarillo. Mrs. Fritz and Mrs. Baker are sisters of Mr. Molesworth. Guests July 7 and 8 were Mr. Molesworth's cousin, Mr. and Mrs. Russel Stewart, Roy and Peggy of Chicago, Illinois.

Prompt Action Is Needed for Summer Stains

By VIVIAN BROWN
AP Newsfeatures Writer

Backyard picnics and terrace buffet parties are fun but are likely to leave their mark in the form of berry and egg stains on summer linens, garden furniture slipcovers and upholstery. Grass stains play havoc with summer clothes and cushions.

Smart homemakers need not worry about these mishaps, according to laundering experts.

Prompt action and a bit of know-how remove summer stains without hazard. Here's how:

STRETCH stained linen over a bowl, pour boiling water through it and launder.

CHEESE—Scrape off the excess with a table knife. Sponge with cool water and wash in hot soapsuds and rinses.

CHOCOLATE—Wash in warm soapsuds. If a brown stain remains, treat it with hydrogen peroxide and launder promptly.

COFFEE AND TEA—Pour boiling water from a three-foot height through the stained fabric stretched taut over a bowl. Launder as usual.

EGG—Scrape off excess, soak in cold water, wash in warm soapsuds. If egg contains salad dressing, substitute hot soapsuds to remove oil.

FRUITS—Methods are the same in removing stains from cooked fruits and berries as from fresh. Dry stains are difficult to remove so get at the stains promptly.

More than 70 languages and 200 dialects are spoken in Ethiopia.

From where I sit ... by Joe Marsh

What's New with Cows?

Catching up on my reading, I noticed three news items which might like to know about.

First, a farmer whose milk had a trace of garlic flavor is feeding his cows chlorophyll to sweeten their breaths.

Next, a college agricultural station has trained a herd to get milked when they are called by number. Seems 75 out of 80 cows learned their numbers in a few days. Guess the "dumb" five couldn't count that high. Final item—cows are getting "nose-printed" for identification.

From where I sit, I hope there is as much progress being made with humans... especially in regard to tolerance. Whether it's a choice of a political party, a basketball team, or a favorite beverage, let's learn to live and let live more. You may ask for a soft drink after a hard day's work—I'll choose a refreshing glass of beer. But let's not try to "cow" the other fellow into our way of thinking!

TWENTY-FIVE YEARS AGO July 18, 1929

A contract was let for the erection of the Perryton Hospital which is being erected at a cost of approximately \$25,000 with an additional \$10,000 going into the equipment which will be the very latest and modern known to the medical profession. Dr. W. T. Travis will be surgeon in charge.

A date was set for a demonstration of the new marvelous motor fuel, Conoco Ethyl gasoline, at the Perryton Motor Co.

A new business was added to Perryton, the Wilson-Derr Monument Co. with G. R. Wilson of the Wilson Funeral Home and C. O. Derr, Queen City, Mo. as partners in the enterprise.

"In Old Arizona," the feature attraction at the Ellis Theatre, is said to be the first all-talking picture ever filmed in the great outdoors.

Miss Chester Carter, daughter of the C. C. Carters and granddaughter of Mr. and Mrs. Jno. N. Stump gave three reading selections on a program that was broadcast from Colorado Springs, July 18.

TEN YEARS AGO July 20, 1944

Property damage running into thousands of dollars resulted from a severe hail, wind and rain storm July 18. The center of the hail storm was in the Twichell area, where feed crops were leveled, windows broken and many roofs were ruined.

The 1944 harvest in the Perryton area came to a close with Ochiltree County leading Texas in wheat production.

The Ochiltree County democratic primary scheduled for July 22 is expected to draw a heavy vote.

The first wool to be shipped out of this area this season was shipped to Boston, Mass. by the Todd Poultry and Egg Co.

Rev. H. N. Daenzer, pastor of the Perryton Lutheran church for the past eight years, moved his family to Birch Run, Mich., where

Combined bank deposits in Perryton dropped over a million dollars since April 11, 1949. Total deposits on June 30 were \$10,947,052.06 compared with \$11,972,684.85 on April 11.

Nearly four inches of rain fell during the past week in the Perryton area.

J. W. McKinney, formerly of Winfield, Kansas, arrived July 19 to become the new minister of the First Christian Church.

Mrs. Jack Allen was elected president of the Library Board, succeeding Mrs. A. J. Kelly, retiring president.

Mutton Makes Tradition

BANBURY, England (AP)—One day in 1874 a stranger bought a leg of mutton in the South Bar St. butcher shop. "Hang it up for me," he said, "until I come back."

He never did come back. The leg of mutton is still hanging there, and that's how traditions are born in Britain.

"It would be like parting with my own leg to get rid of it," was the fond comment recently made by Edwin Walker, present owner of the business. He started in the shop as an apprentice many years ago.

The leg, which weighed 13½ pounds in its young muttonhood, is shrunken and wizened now.

"It hangs well away from the salable meat, of course," says the butcher's wife. "But it isn't at all objectionable and it has never been treated with a preservative."

Keith Flowers of Perryton and Harry Price of Chicago was held at the Swimming Pool July 17.

McMillen

By Mrs. Ralph Pattison

The McMillen Community enjoyed a potluck supper Friday evening at 8 p. m. Hostesses for the supper were Mrs. Lester Barnes, Mrs. Leroy Smith and Mrs. Ralph Pattison.

Games were enjoyed during the evening.

Those present were Mr. and Mrs. Harvey Urban and Marty Jones of Spearman, Mr. and Mrs. Dave Unruh, Mr. and Mrs. Allison Unruh, Mr. and Mrs. Sam Judice and children, Mr. and Mrs. Robert Potts, Mr. and Mrs. John Hardy and daughters, Mr. and Mrs. A. C. Dial, Mrs. Grace Bunting, Mrs. Sena King, Mrs. Warren Gum and Dean, Mrs. Ellis Matthews and children, Joe Bob LaMaster, Bernice Unruh and the hostesses and their families.

Mrs. Carl Philipps and Mrs. William Flowers will be hostesses for the July 16 potluck supper.

Bernard Bryan and Ralph Pattison were in Amarillo Thursday on business.

Mrs. Willis Hardy and Ernest and Joyce Ann Matthews visited Mr. and Mrs. Don Tucker and

daughter in Austin last week.

Joe Bob LaMaster spent several days recently with Kay Tandy and Sammy Joe Judice.

Gary Smith visited Friday with Lynn and Glynn Pattison.

The McMillen Home Demonstration Club will meet Thursday, July 22, at the McMillen club center with Mrs. Fred Pshigoda as hostess.

Ralph Pattison and Bernard Barnes spent several days in Colorado, Nebraska and South Dakota last week.

Marty Jones of Spearman is spending several days with his grandparents, Mr. and Mrs. Harvey Urban.

Those enjoying homemade ice cream in the Clyde Herrington home Saturday evening were Mr. and Mrs. Terry Yates and girls, Mr. and Mrs. Jack Dodson, Mr. and Mrs. Ellis Matthews and family and Mr. and Mrs. C. B. Trew and family.

Mrs. Leroy Smith and Mrs. William Flowers Saturday morning.

WHILE OLD DOBBIN waits, Van Heflin and Anne Bancroft do a little courting in this scene from "The Raid" a technicolor drama that opens at the Ellis Theatre Tuesday, July 20. It's about the actual raid of St. Albans, Vermont in 1864 during the Civil War.

Life's Too Short

Mr. and Mrs. Floyd Nelson and Jimmy called in the Ralph Pattison home last Sunday.

Mr. and Mrs. Leroy Smith and family spent Sunday with her parents, Mr. and Mrs. T. I. Harbourn, and a sister and family, Mr. and Mrs. G. E. Webster of Dayton, Ohio.

Mrs. Laura Barnes spent several days with her son and daughter-in-law, Mr. and Mrs. Murphy Barnes and Phil at Menard, Texas.

Vonelle and Jane Hardy visited Tuesday with Nina Sue and Judy Matthews.

Mrs. Ralph Pattison and sons visited in the Ellis Matthews home Sunday morning.

The first execution in an electric chair was in August 1890 in Auburn prison, New York.

NEW YORK (AP)—Raymond Duncan, long-haired, toga-wearing American philosopher, says people would be smarter if they lived longer. Arriving on one of his periodic visits from Paris, he commented: "When you get to be 80 like me, you commence to see the light. We die too young. America will be really great when people live to be 150."

Mrs. Mason Anderson and sons Ron and Bond returned home Sunday from a visit with relatives in Chicago.

'The Raid' Is Exciting Drama of Civil War Days

History students may have forgotten all about the raid on St. Albans, Vt., in 1864, but moviegoers today will get plenty of exciting entertainment out of it when they see "The Raid," which comes to the Ellis Theatre on Tuesday-Thursday.

The story concerns a group of Confederate soldiers who break out of a Union prison and descend upon a small Vermont town, determined to burn it to the ground to avenge Richmond.

Van Heflin, as the Confederate major who leads the raid on the town, is adept at his portrayal. His subtle romancing of Katy Bishop, a young widow played by Anne Bancroft, spreads throughout the story with an aura of pleasantness.

The burning and looting of

the little town is spectacularly done and the human roadblock used in this scene to prevent the Union cavalry from catching up with the retreating raiders is breath-taking in its dramatic impact. The scene is like the burning of Atlanta in "Gone With the Wind."

Leslie Caron Is Star of 'Lili'

Leslie Caron, Mel Ferrer and Jean Aumont are the stars of "Lili," the attraction at the Ellis Theatre on Sunday and Monday.

Offering something different in the way of screen romances, this is the story of a young French girl who finds both excitement and love when she becomes part of a traveling carnival show.

Miss Caron, who won overnight stardom after her appearance opposite Gene Kelly in the Academy Award-winning "An American in Paris," plays the title role, a part which gives her an opportunity for both drama and dancing, the latter in two dream ballet sequences of the story.

Ferrer, last seen in "Scaramouche," plays a puppeteer who buries the secret of his past in the wooden figures of the characters he creates. And it is these puppets, almost human in their appearance and movements, which give "Lili" some of its most novel scenes.

Veterans Forum

Q I still am in school under the World War II GI Bill. I want to know whether I will be allowed to change my course, even though my cut-off date has passed. I've been doing well in my studies, but I feel I am in the wrong field.

A Under the law, it is possible to change your course if the new course would be more in keeping with your aptitudes, previous training and experience. You will need VA's approval before you make the change.

Q I am the widow of a World War I veteran and I am supporting a child under 18 years of age. My salary has just been raised to the point where I no longer will be eligible for a VA pension. Could a pension be paid in behalf of my child?

A Yes. So long as your child's annual income does not exceed the legal maximum, he will be eligible for pension payments in his own right. The payments will begin as of the day following the date of your last payment.

Q Is there any time limit on filing a claim for reimbursement of burial expenses of a veteran?

A Yes. The claim must be filed within two years after the date the veteran was buried.

Mr. and Mrs. Ralph Reiswig and family spent Sunday evening with the L. V. Noes.

Tribal Dances Reduce Weight

"Spend a half hour a day doing African tribal dances and you can forget your stomach and hips forever," is the advice given those who have to watch their weight by Joe Comadore, one of the world's foremost authorities on primitive dancing, who appears in "Tanganyika," scheduled Friday and Saturday at the Ellis Theatre.

Comadore, who drew rave notices from critics when he toured with the stage production of "The Shrike," rejoins the star of that troupe, Van Heflin who shares billing honors in "Tanganyika" with Ruth Roman and Howard Duff.

The dance expert served both as technical advisor and as an actor in "Tanganyika," portraying Heflin's safari master and coaching other players in native African tribal dances.

Warn Against Carelessness In Using New Spray

AUSTIN—Walk into practically any home gardening supply store in the state and ask for an organic phosphate insecticide. Chances are the clerk will sell you a bottle or package without fuss or bother.

What's wrong with that? Just that organic phosphates happen to be among the most deadly of chemical compounds, for humans as well as insects.

Last year a Texas rancher accidentally killed 48 cows by spraying them with the potent insecticide. He wanted to kill their insect parasites, and didn't realize the chemical was highly toxic for all warm-blooded animals.

A six-year old Oregon boy found a bottle of TEPP, one of the organic phosphate insecticides, in a field near his home. Workmen presumably had left it after spraying an orchard. The curious lad spilled a cupful on his pants and was dead in less than 24 hours.

Conscious of the same thing happening in Texas, State Health Officer, Henry A. Holle would like to make it hard for part-time home gardeners to buy the compounds.

"Used as chemists intended, organic phosphates are a great help in fighting agricultural pests," says the health official. "Used indiscriminately without protective clothing, they're lethal."

Organic phosphates were developed in Germany after the last war. They are the chemists' answer to demands from agricultural men for a real bug killer to combat hordes of insects which do billions of dollars of damage to crops annually.

In the hands of professionals, trained in precautions to be taken in using them, chances of accidents are slight. But in recent years, bottles and packages have appeared on retail shelves for home gardening use. Since then, incidents of human poisoning have increased.

The three most important types are tetraethylpyrophosphate (TEPP), hexaethyltetraphosphate (HETP), and parathion. All are sold under various trade names.

Most manufacturers spell out in bold black or red letters the fact that the contents are highly hazardous for humans, and recommend wearing respirators, rubber gloves, coveralls, and a rubber cap or hat when using the sprays. But warning labels don't always help.

Dr. Holle thinks legislation regulating sale of organic phosphates for home use would help.

Tent Revival Set at Balko On July 18

BALKO—A tent revival will be conducted at Balko on Sunday, July 18, just north of the Balko store, by the Apostolic church. The revival will begin with the Gospel Light Quartet, from the Bob Jones University, in charge.

These five young men are students of the Bob Jones University and are spending the summer months in such services as these. Rev. Leon Pugh, member of the Quartet, is a son of Mr. and Mrs. Swanson Pugh of Balko.

These boys will conduct evangelistic services each evening and one of the members of the quartet will do the preaching. The entire community is invited to attend these services.

Services will begin each evening at 8 o'clock except Sunday and there will be a special Young People's service on the platform at 7 o'clock.

Drug Store Service

WEWOKA, Okla. (A)—You can get everything in a drug store these days. Undersheriff David Ramage was drinking his morning coffee in the pharmacy which also houses the Western Union office, a clerk handed him a telegram. It was a warrant for an arrest on a Texas bogus check charge.

The accused man was also a customer. The officer made the arrest, finished drinking his coffee and minutes after receiving the wire had the prisoner on his way back to Texas.

Miss Jerre Meyer and Miss Joan Roberts both of Kansas City Mo., are house guests this week of Mr. and Mrs. J. D. McDonald of Gray, Okla.

PERSONAL MESSAGE

There's a lot of kidding about a title for our sale BUT... a sincere message to the friends and customers of SCRIB'S SHOES. The first of this year we ran a cut-price sale. From the standpoint of sales, it was a phenomenal success. We had a tremendous quantity of shoes, but now we must sell the next ten days, irrespective of loss, a great deal more.

We frankly owe too much money for too much stock. The purpose of this sale is to reduce both our stock and our debt.

We are not going out of business!! But we must move merchandise we now have to make room for merchandise we now have on commitment.

Most sincerely,
J. M. WATSON
