Wage Parleys Are Asked To Open May 20

Hard Coal Mines Of Nation To Be Affected By Move

(By The Associated Press)

WASHINGTON, May 10.—John L. Lewis today gave hard coal option to end the UMW contract coverators a 60-day notice of intenering 80,000 anthracite miners.

Lewis told the producers that he wants a new contract for the United Mine Workers by July 10. He asked for wage conferences to begin May 20, unless a later date is mutually agreed upon.

No Termination Date

The hard coal industry has been operating since 1946 under a contract carrying no termination date, but allowing either party to give 30 days notice of termination whenever desired.

By giving 60 days notice, Lewis apparently was conforming to a Taft-Hartley labor act requirement that a party wanting to end an agreement allow that much time.

Lewis gave similar notice on April 30 to the soft coal operators, whose contract expires June 30.

The bituminous contract negotiations are to begin May 18 in Washington.

No Recommendation

Lewis made no recommendation where to hold the hard coal negotiations. Usually they are held in New York City.

His request was presented in a letter to Ralph E. Taggart, Philadelphia, chairman of the anthracite operators' wage agreement committee.

In his letter, Lewis did not outline any points of bargaining that he desires for the 80,000 miners in the anthracite regions. He asked merely for a joint conference to negotiate on wages, hours, welfare, health, safety "and all other pertinent matters."

The miners' contract in the anthracite mines is known as an "open end" contract—one with a indefinite tenure.

At the end of 15 days of negotiation either party may terminate the contract within five days.

Lewis, by setting July 10 as the date for a new contract was, in effect, putting the union on record 60 days in advance.

Rural Thefts Are Reported

Thefts from rural sections took a significant turn over the weekend when a large amount of materials collected for construction of a residence on route 6 were reported stolen from L. E. Evans.

Evans, who lives 12 miles south of Lubbock on the Tahoka highway, told the sheriff's department the following materials and tools had been stolen there:

Materials Are Listed

1,000 feet of wire, two flood lights, hardware for a garage door and 20 other doors, a pipe wrench, a gum panel door, five sheets of wall paneling, two saws, two hammers, pipe fittings, five gallons of paint, five gallons of linseed oil, 1,000 feet of inside door trim or molding, a pipe cutter, a set of pipe threaders, a brace and several bits, seven bundles of slate-colored composition singles, and 50 feet of garden hose.

Dep. Sheriff George Eubank found that high winds had almost obliterated tire and human tracks, so that there were no immediate clues of value.

Another rural theft was reported by H. E. Mather who lives on the farm of Dr. H. H. Bidwell on route 5. Two batteries were taken from an irrigation well there, Mather said.

Other Investigations

Peace officers had a variety of other investigations under study, including a woman's informal complaint that she had been raped, a negro man's statement from a hospital that one of his eyes had been "knocked out" by a thrown rock, drunk driving, liquor law violation, and several instances of petty thievery inside the city limits.

Police, informed by a woman living next door that another woman was crying for help, went to a residence in 2600-block Ave. M

Jews Making Supreme Effort To Break Jerusalem Blockade

(By The Associated Press)

Jews claimed today to have occupied all strategic heights around a mountain pass 10 miles west of Jerusalem in a supreme effort to open the Arab-blocked supply line from Tel Aviv.

Some 4,000 Haganah troops were said to be active in the drive to clear an avenue for food to the 100,000 Jews in truce-stilled Jerusalem. They smashed against Arab road blocks.

Are Choosing President

Across the Mediterranean, provisional President Enrico De Nicola of Italy, choice of the Communists and their popular front, led Foreign Miniser Carlo Sforza, outspoken anti-Communist, on Parliament's first vote for the presidency of the Italian republic. His 396 to Sforza's 353 was short of the needed two-thirds majority for election during the first three ballots. A simple majority elects on the fourth ballot.

Winston Churchill told 30,000 listeners in Amsterdam a united Europe would "revive the old glory" of the continent. He is leader of the unofficial "Congress of Europe" called in The Hague to further a democratic federation of European countries. He urged a cessation of national rivalries, praised the United States and urged a stand against "any kind of totalitarian tyranny."

Armies At Disposal

King Ibn Saud of Saudi Arabia wired King Abdullah of Trans-Jordan he is putting "all my armies at your disposal for the fight in Palestine." Action by Arab regular troops may start after midnight Friday when the British mandate ends. Abdullah already has command of the armies of Trans-Jordan, Syria, Iraq and Lebanon. A third of the Egyptian army was reported on the southern border of the Holy Land.

The United Nations speeded the establishment of an emergency caretaker government for Palestine. Virtually all hope for a long term solution has faded. Draft proposals of a permanent truce for Jerusalem were put before Jewish and Arab leaders.

David Ben-Gurion, premier designate of the new Jewish state, said he believed the new country "will be erected" within a few days.

Lamesa Resident Is Killed In Accident

BIG SPRING, May 10 (AP)—Mrs. Geneva Bernice Morris, 16, of Lamesa was killed here last night when an automobile struck a culvert in the city park. Four other persons were injured.

Mrs. Morris is survived by her husband, Herschel Morris, in the army and stationed at San Antonio, and her mother, Mrs. Ida Nelson of Lamesa.

Grandmother, 67, Is Winner Of $18,500

PROVIDENCE, R. I., May 10 (AP) Mrs. Lillian Finneran, a 67-year-old grandmother, today had $18,500 worth of prizes after naming correctly a song —"Army Duff"— in a nationally broadcast contest "Stop the Music."

Practically speechless when Bert Parks, master of ceremonies of the American Broadcasting company program phoned her, the white-haired mother of six grown children almost fainted when, after correctly naming the song Parks listed the prizes.

They include a cabin cruiser, a television set, automboile, diamond-studded watch, a $1,000 persian lamb coat and the promise that Cab Calloway's orchestra will play especially for her.

Mrs. Finneran lives with her nusband, George, and a son in a five-room flat at 47 Prairie avenue, South Providence.

McMurry Watchman Charged In Shooting

ABILENE, May 10. (AP)—A night watchman at McMurry college here was charged last night with assault with a deadly weapon after a student at the school was wounded in the arm and back. The student was John Hendsbee, 26. The night watchman, A. G. McCullough, 56, said in a statement to county Attorney Theo Ash that Hendsbee was shot during an argument. McCollough said he had asked to student and a girl to leave the campus.

Ex-MP Fails To Keep Date With Wife

Young War Veteran Offers Bride Chance To Kill Him, Then Shoots Her To Death

(By The Associated Press)

CARNEGIE, Pa., May 10—A 23-year-old war veteran shot his young bride to death yesterday after first offering to let her kill him, Russell Patton, assistant chief Allgeheny county detective, said.

The detective said Mrs. Alice C. Kish, 19, was shot over the right eye as she lay on a bed in a room rented by the young couple. Her husband, Thomas, a laborer, will be turned over to the coroner, Patton said.

Patton said Kish signed a statement giving the following version of the shooting:

Kish arranged to meet his bride of three months at a Carnegie street corner Saturday night but failed to keep the appointment. When Kish returned to their room early yesterday, he found his wife lying on the bed. She refused his offer of some sandwiches and said:

"I get so mad at you I could kill you."

Kish offered to give her his .32 caliber pistol and when she refused to accept the weapon, he said:

"Now it's my turn," and fired one shot into her head.

Patton said Kish served as a military policeman in both the European and Pacific war theaters. His wife worked in a Pittsburgh department store as a wrapper.

SENATORS IN HARMONY ON BILL

Committee Accepts Draft Bill Terms

(By The Associated Press)

WASHINGTON, May 10—Chairman Gurney (R-SD) today announced general acceptance by the Senate armed services committee of most provisions of a bill to combine a temporary draft and a military training program.

Gurney told reporters he expects the bill to be completed tomorrow.

The measure as it stands authorizes a two-year draft of men 19 through 25 and a year's military training for 18-year-olds.

Registration Required

It also requires registration of all men 18 through 25 and of doctors up to age 45.

Most veterans would be exempt from the draft.

Gurney emphasized that all of these provisions are subject to change before the final committee vote, but he said "there is quite complete agreement on the bill."

He added that the group has "about three more things" to decide, including an amendment by Senator Russell (D-Ga) to require industrial plants to accept war production orders.

Gurney said that when the vote has been taken, it will be introduced in the Senate as a committee bill. It is slated for early action.

Credit For Enlistees

The chairman said the section dealing with doctors will assure that no community will be "denuded" of physicians.

He said another section will credit each state with the number of men already in the services in the determination of draft quotas in order to equalize the call.

In the House, sponsors of a $207,930,350 Army construction bill tried again to get it through the House. Cost of officers' quarters balked the first attempt.

Two Killed In Train Mishap

VALLEY FORGE, Pa., May 10 (AP)—Two persons were killed and more than 200 others bruised and shaken up last night in the derailment of a Reading company passenger train near the George Washington memorial chapel in historic Valley Forge park.

A railroad spokesman identified the dead as Buch Demmy, 51, the engineman, and Howard R. Jackson, the fireman, both of Allentown, Pa.

The engineman was trapped in the cab of the locomotive when it turned over while the fireman was buried under about eight tons of coal which spilled from the overturned tender.

Are Not Overturned

The baggage car and two of the three passenger coaches of the Allentown-to-Philadelphia local landed against an embankment which prevented them from overturning.

Warren Hampshire, 27, of Philadelphia, one of the passengers, said "there was a lurch, and people flew all around me.

Hampshire, who was in the second coach with his wife, Jean, 27, and their four-year-old daughter, Janet, said "there was some hysteria, mostly among elderly women. There was about six children in the car. Someone kicked out a window and we passed the youngsters out the window. Then we made our way back to the door."

Driver Is Uninjured As Train Hits Car

John L. Rainey of Slaton highway jumped from his automobile, escaping serious injury, about 9:50 o'clock Sunday night just before the automobile went onto a railroad track and was struck by a south-bound train on the Buffalo Lakes road.

Rainey told Jack Reeves of the Department of Public Safety he was going westward and attempted to apply his brakes beside the tracks, but found they would not "hold." He jumped and a minute later the train struck the automobile, flinging it 75 to 100 feet off the tracks.

He suffered a minor leg injury and did not go to a hospital.

Southerners In Congress Plan To Block HST

Georgia Senator Is Said Ready To Lead Southern "Revolt"

(By The Associated Press)

WASHINGTON, May 10.—Senator Walter George (D-Ga) is being groomed by some Southerners in Congress as their candidate to oppose President Truman for the Democratic presidential nomination.

Senator Russell (D-Ga.) said today that unless his senior colleague puts his foot down, George's name will be offered at the Philadelphia convention in July as Georgia's candidate on a "states' rights" platform.

Defeated Purge

George, who defeated the late President Roosevelt's attempt to "purge" him from the Senate in 1938, is said by friends to be about willing to lead the fight against Mr. Truman's civil rights program if he can be assured widespread Southern support.

The possibility of putting up the Georgian as a candidate appeared likely to be discussed at a meeting of "state's rights" Democrats from 10 states at Jackson, Miss., beginning today. Several others have been mentioned as possible candidates, including Gov. Fielding L. Wright of Mississippi and Gen. Douglas MacArthur.

Block Said Possible

Gov. Ben Laney of Arkansas said at Jackson he believes the southerners can block Mr. Truman's nomination.

Russell and Senator McClellan (D-Ark) have announced they will not campaign for Mr. Truman because of his stand in favor of anti-segregation, anti-poll tax, anti-lynching and anti-job discrimination bills.

McClellan said he has rejected an invitation of J. Howard McGrath, democratic national chairman, to make the national committee's radio facilities available to him.

Dewey, Stassen Battle

On the Republican side, gallivanting Harold E. Stassen and Gov. Thomas E. Dewey held the spotlight in their battle for Oregon's 12 delegates to the Republican national convention.

They will settle the issue in the May 21 primary there.

Stassen, who shuttled to West Virginia for a week-end speech, moved up his return to Oregon, where Dewey is campaigning the grass roots.

The former Minnesota governor said he expects to arrive in Oregon May 14 and to repeat there a challenge to Dewey to debate the Communist party issue.

He'll Sit With Umbrella Until It Rains

Rio Grande Valley Rainmaker Has Vain Watch For Deluge

(By The United Press)

HARLINGEN, May 10—Romulo Romeo Castillo scanned the cloudy skies today, convinced that his rain-soaked efforts would pay off.

Last week-end, Castillo donned a raincoat, overshoes and opened up his umbrella. He perched on a stool in front of his cafe here and blandly announced, "I'll sit here until it rains. And it'll rain in 72 hours."

The slight, unassuming man bills himself as the number three rainmaker in the country. He doesn't say who the number one and number two cloud sorcerers are, but his title, Castillo claims, came about because he broke a drouth in the Rio Grande valley in 1945.

In a big eight hours of action in 1945, he conjured up an inch of rain. But Castillo's not so fast this time, brewing up nothing stronger than clouds.

Facing a weather bureau prediction of no rain for this section, Castillo spent the night on a cot on the sidewalk. His waiters brought out food from his cafe.

And today he had his work cut out for him. If he breaks the three-month-old Rio Grande valley drought, he might move up a notch or two in the rain-making profession.

Workers Are Urged To Remain On Jobs

Signs Grow That Strike Is Averted; Union Leaders Hold Conferences; Court Order Against Walkout Is Possible

(By The Associated Press)

WASHINGTON, May 10—President Truman seized the railroads and put them under the Army today to avert the "tragedy" of a strike he said would hurt the whole world as well as the United States.

Hours after he acted, the three big railroad brotherhoods which had called a walkout for 6 a. m. (local railroad time) tomorrow were still debating whether to go through with it anyhow.

There were growing signs, however, that a strike probably had been headed off.

Alvanley Johnston, chief of the Brotherhood of Locomotive Engineers, said there would certainly be no strike if the government got a court order against one. Some railroads were tentatively making plans to go ahead with operations.

Seizure of the roads opened the way for the government to seek an anti-strike court order, if it decided one was advisable.

Johnston made his statement about the effect of a court order as he was going into the White House for another round of conferences with railroad management men. Presidential Assistant John R. Steelman is still seeking to settle the wage dispute, despite seizure of the roads.

A reporter asked Johnston:

"If they enjoin you (get a court order) will you obey the law?"

Johnston laughed. He said: "Of course we will. What the hell are you asking a question like that for, after what happened to John Lewis?"

(Lewis and his United Mine Workers were fined $1,420,000 for contempt of court because they were late in obeying a court's stop-strike order in the coal miners' pension dispute.)

Johnston was also asked whether this would be the last conference at the White House. He said, "well, if it isn't, it ought to be."

The rule and wage (strike) committees of the three brotherhoods, stayed in session at the Hotel Hamilton while Johnston, David Robertson of the firemen and enginemen, and A. J. Glover, jr., of the switchmen's union went to the White House meeting.

Johnston was asked what the brotherhoods would do about their scheduled strike if the government does not get a court order. He said the committees of the three unions would decide that.

The President signed a seizure order two minutes before 1 o'clock (EDT) (11 a. m. CST) in an effort to bar a strike, the order places operation of the trains under direction of the U. S. Army.

Urged To Stay On Job

Mr. Truman appealed to all railroad workers to stay on their jobs.

"I call upon every railroad worker to cooperate with the government by remaining on duty," the seizure statement said.

"I call upon the officers of the railroad labor organizations to take appropriate action to keep their members at work."

Mr. Truman's statement added: "It is essential to the public health and to the public welfare generally that every possible step be taken by the government to assure to the fullest possible extent continuous and uninterrupted

WINDS CAUSE SOME DAMAGE

Heavy Rains Splash North Texas Areas

(By The Associated Press)

Heavy rains amounting to four inches at one place deluged the Red river valley from Wichita Falls to Paris today.

At Bonham an all-morning downpour totaled four inches.

Aircraft reported heavy rains and some hail in the vicinity of Paris and Sherman.

More than two inches fell at Wichita Falls and Gainesville. Farmers in those sections said it would be of great benefit to the corn and oats crops and the late wheat yield. At Seymour .44 inch fell.

At noon the fall had extended as far south as Dallas and Fort Worth.

The rains came on the heels of wind and thunderstorms that did some property damage at Vernon and Wichita Falls. Wind did heavy damage to the airport at Vernon and lightning set a residence and a garage afire at Wichita Falls.

Strong Winds Continue

Strong winds continued over most of the state. An exception was the Panhandle and South Plains where a cool wave moved in. Early morning temperatures in those areas ranged from 45 at Amarillo and 47 at Pampa to 53 at Lubbock.

The morning high for the state was 75 at Crystal City. Presidio with 100 degrees was the hottest spot Sunday.

The forecast for tonight and tomorrow called for partly cloudy skies over most of the state with thundershowers in North and extreme East Texas. Cooler weather was slated for the South Plains and the north and west central portions of East Texas.

NORMAN THOMAS

Thomas Again Is Candidate

READING, Pa., May 9. (AP) — Lank, balding Norman Thomas undertook today another campaign for the presidency saying frankly he does not expect to come any closer to election than in his five previous tries as the Socialist nominee.

But, the 63-year-old New Yorker told a reporter in an interview:

"I intend to campaign as vigorously and widely as possible; not alone in search of votes but in furtherance of our organization and the program we Socialists believe is right and best."

His Sixth Nomination

The 26th national convention of the Socialist party, in its concluding session here yesterday, tendered Thomas its sixth consecutive nomination for the presidency. The unanimous nomination was without opposition among the 200 delegates, and he accepted with a pledge to make "our great concern in this campaign . . . the winning of peace."

Nominated as the vice-presidential candidate was Tucker P. Smith of Highland Park, Mich., professor of economics at Olive college and a former international representative of the CIO United Auto Workers. Smith, 49, a husky, active man, also has been a Socialist leader for years.

They will campaign on the convention-adopted platform which includes pledges to eliminate the veto in the United Nations; accept partition of Palestine as an accomplished fact and seek a permanent peaceful solution; work for international disarmament, and, on domestic affairs, repeal the Taft-Hartley law, provide aid for veterans, eliminate racial and religious discrimination and poll taxes and enact the fair employment practices bill.

Navy PBY With 12 Aboard Said Lost

MIAMI, Fla., May 10 (AP)—The Coast Guard said today that a Navy PBY flying boat with 12 men aboard has been missing since about 2 a. m. (EST) Sunday somewhere between Puerto Rico and Cuba.

A search is being directed by the U. S. Navy base at Guatanamo bay, Cuba, the coast guard said.

The plane was en route from Roosevelt roads, Puerto Rico, to Key West, Fla. It was last heard from about 2 a. m. (EST) Sunday and was to have landed at Key West about 8 a. m. Sunday.

Wheat Crop Estimate Is Further Reduced

WASHINGTON, May 10 (AP) — The Agriculture department today forecast this year's winter wheat crop at 845,484,000 bushels.

This is a decrease of 14,516,000 bushels from the 860,000 bushels forecast a month ago.

It compares with last year's crop of 1,067,970,000 bushels and with 688,606,000 for the ten year (1936-46) average.

No forecast was given for spring wheat, but if the latter should equal the 272,000,000 bushels which the department says is possible on basis of farmers' planting plans, the total wheat crop would be above 1,117,000,000 bushels.

Such a total crop would compare with last year's record of 1,364,919,000 and with the ten year average of 890,306,000.

Anderson Endorsed By Truman In Race

WASHINGTON, May 10 (AP) — President Truman formally accepted the resignation of Secretary of Agriculture Anderson today with an endorsement of his candidacy for the Democratic nomination for the Senate from New Mexico.

"In consenting to your release at this time," the President wrote, "I do so in the hope that the period immediately ahead is but the preliminary to your reentry to the halls of Congress—next time as a member of the Senate."

Anderson formerly was a member of the House of Representatives.

NAPLES, Italy, May 10 (AP) — Marble blocks toppling from a truck fell on a group of sightseeing pilgrims near here today, killing 13 and injuring four.

Hardship For Nation Faced

CHICAGO, May 10 (AP) — The nation measured the effects of the threatened rail strike today in terms of mass unemployment, fruit and vegetable crop losses, inflated food prices and possible hunger.

With no adequate substitute for maintaining normal freight traffic and with food embargoes already in effect on many railroads, Mayor William O'Dwyer of New York said last night that that city faces "one of the worst food gouges in history" if the ban on shipments continues.

Speculation Started

He said "wild speculation" on some foodstuffs enroute to New York markets already had started. The city was not threatened with an immediate food shortage but officials warned against panic buying which would inflate prices and dislocate distribution.

Other large cities generally had the same food supply problem.

Fruit and vegetable growers in California, Texas and Florida said that if the strike, scheduled to start at 6 a. m. (local standard times) tomorrow is prolonged their losses will run into the millions of dollars. Industries with low stockpiles of coal soon will be out of fuel and thousands of employes will be laid off. Mines will be forced to shut down in the absence of coal cars.

Workers Laid Off

In California, about 10,000 agricultural workers already have been laid off and shipments of celery and lettuce halted by embargoes. Growers estimated their losses at $300,000 a day. Carrots, asparagus, broccoli, cherries and artichokes also are being harvested.

The executive manager of the Texas Citrus, Vegetable Shippers and Growers association estimated the daily loss to that association's members at $25,000 to $50,000 a day.

Fresh fruit shipping also was at a virtual standstill in Florida, but canning operations were continuing.

The Bethlehem Steel company announced that if the strike is not averted it will suspend operations immediately and lay off its 14,000 employes. The automobile industry indicated it also would be forced to shut down soon because of a lack of storage space for assembled cars.

WE see by way of the United Press that 32 U. S. painters, writers and composers have written colleagues in Moscow declaring that they prefer Russia's current leadership and policies to those of the United States.

For the first time we see good reason for a lend-lease agreement with Russia, by way of Switzerland.

We suggest that we send the 32 "artists" who so prefer Russia to Russia; that in return Russia send a half-pound of caviar to Switzerland and Switzerland pay us off in a pound of limburger cheese.

That ought to make a good deal all around — especially for the U. S. A!

SINCE we have been spending a lot of time lousing around home these recent days, letting our seams grow back after they'd come apart here and there, we've come to the conclusion that the radio folks have a terrible time trying to figure out ways and means of making at least a few people listen to their daytime offerings.

Honest the truth, a fellow with nothing better to do could make a pretty good full-time job out of visiting daytime radio shows, on any of the networks, and live off the "prizes" he could thus pick up and later sell.

On one program we heard the other day, a woman was asked her name. When she answered correctly she got a refrigerator, a mixing machine, a mop, a barrel of floor-wax, a sun-lamp, a table radio and a year's supply of hair-rinse!

We'll wager male readers will be as surprised as we were to discover that soap is pandered over the air-waves on how "fast" it is. It never occurred to us that soap was either fast, or slow, but, instead, only dull and unimaginative.

A certain kind of soap which long has been advertised as "doing everything," now is being ballyhooed as having been improved.

How you gonna figger that 'un out, boys?

If it done "everything" to begin with, how can it do any more now?

SPEAKING about lousing around, taking things easy while the seams are taken up reminds us that we are organizing a new club, to be composed of guys who have discovered, or soon shall, that they are gradually breaking into little pieces.

We are going to name our organization "The Coming Apart at the Seams club," and all interested middle-aged males will be accepted as members without dues, or initiation fee.

The idea of the club is for members to bolster each other up. When one member decides he is going to pieces too fast, another assures him that he isn't, that, really, he's just going to pieces at the normal rate. In other words, our club's going to be a sort of psychological proposition, like Alcoholics Anonymous.

We mentioned "The Coming Apart at the Seams club" to Dean James George Allen, of Texas Tech, and asked him what he thought about the idea.

Dean Allen, who has been "young Jimmie Allen" in everybody's mind for so long that the memory of man runneth not to the contrary, came back with:

"That's a swell idea, I want to be vice-president!"

In addition to The Plainsman, who not so many years ago was scathingly referred to in a political compaign here as "the boy editor," there are numerous citizens who recently have had cause to discover that they're not kids any longer; that they're really grown up to the point where they've started to run down.

Some of 'em, all fine prospects for the club, are Judge Thomas B. Duggan, jr., chief justice of the Lubbock County Lawyer's Union; School Board Boss Clyde G. Tatum, who isn't kidding anybody with that snappy new convertible; School Trustee C. H. "Brownie" Hamilton; the Hon. Clarence Bestwick, and the equally Hon. Marion Sanford; Electrician Hubert L. Allen; Dr. O. W. "Babe" English, who even went to the extent of quitting cigarets; Retha Reginald Martin, sr., the merchant prince, and his kid brother, Ruel Castleton Martin, the celebrated candy-maker.

In fact, as we sit here surrounded by a misery-loves-company aura, it seems to us that about half the males in town are eligible for the new club.

Let's get going boys! Every meeting will open with everybody joining in taking a vitamin tablet and end with a lusty snort of Lydia E. Pinkham's Vegetable Compound!

IT seems from the talk going around that the two most awaited decisions in Texas today are whether Wilbert Lee O'Daniel is going to run for re-election and whether Byron "Santone" Townsend is going to college.

AT the request of Philip Murray, president of the CIO, the U. S. Department of Justice is investigating a ruckus in Kansas City to see if there were any civil rights violated in connection with the strike of packing plant workers.

In demanding the investigation, Mr. Murray is within his rights as a citizen and as the head of a large organization. In making the investigation, the Department of Justice is doing its duty.

There must be no violation of civil rights in labor affairs, says Mr. Murray, and we agree with him.

* * *

We'll go a little farther, though, than Mr. Murray went.

We think there should be even more of an investigation into possible violation of civil rights in the packing plant strike.

Recently, some of the striking packinghouse workers have attempted to return to work. They have found their way into plants barred by pickets so massed as to make entrance impossible.

Haven't civil rights been violated there, too, Mr. Murray?

Most people will think so, because a man's right to work is just as sacred as his right to strike.

BY DREW PEARSON: OIL INDUSTRY SPENDING FORTUNE ON TIDELANDS OIL LOBBY

Lobbying Has Become Capital's No. 1 Industry

WASHINGTON—No. 1 industry in the nation's capital has now become lobbying. Despite the lobbying act, the hotels, the cocktail lounges, the corridors of Congress now swarm with more of these oleaginous back slappers than during the war. Standing out above the rest is the oil lobby — king-pin of them all.

PEARSON

The oil lobby has just scored one great victory—Palestine—about which more later. Now it's concentrating on perhaps the richest of all prizes—tidelands oil.

Tidelands oil, the great continental shelf extending under the water off the Pacific and Gulf coasts, is estimated by some as more valuable than Arabia and the oil fields of the United States combined. Around 100 billion barrels lie buried in these underwater oil fields, as against only 20 billion barrels remaining in the dry-land oil fields of the United States.

"The petroleum resources of the continental shelf are ours to exploit whenever to exploit them becomes worth while," said Standard Oil in a statement to stockholders. And since the Supreme court now takes a contrary view that the continental shelf belongs to the Federal government, not the states, the oil lobby is focusing all its power on a bill introduced by Senator Moore of Oklahoma, himself an oilman, which would reverse the Supreme court.

Having reversed the United Nations on Palestine, the oil lobbyists quite openly boast that they can put a law through Congress reversing the highest tribunal of the land.

* * *

The Lobbyist Army

Like a well-organized army, the oil lobby operates through a front-line commander, shock troops, deputy commanders, plus psychological warfare agents, financial backers, and camp followers.

Front-line commander—is Senator Ed Moore, Oklahoma Republican, who made millions out of oil, is about to retire from the Senate, doesn't care what the voters think of him, and has introduced bill 1988 turning the continental oil shelf of the United States back to the states—chiefly to California and Texas. Senator Moore was able to afford a $25,000 contribution to Senator Pappy O'Daniel's radio fund in 1944.

Shock troop commander—is Walter Johnson, attorney general of Nebraska, who draws a salary of $1,500 a month from the oil lobby and spends part of his time in Washington directing its legislative battle, despite the fact that he is supposed to be attending to the law business of Nebraska.

Just why Nebraska, a landlock state, with no oil lands remotely near the sea, should be so interested in the tidelands-oil bill, is difficult for the average person to understand. The reasons and ramifications will become evident later.

Deputy shock troop commander—is William W. Clary, assistant attorney general of California. Although working for the state of California and paid $6,500 a year by the taxpayers of that state, Clary also works for the law firm of O'Malvoney and Myers which in turn represents 23 oil and utility companies, most of which will profit from tidelands oil. A lush bonanza of $270,000 in attorney's fees was dropped into the lap of Mr. Clary and his associates by various clients last year, and Mr. Clary even explains that he pays his salary as a state official into his law firm's kitty, splitting it with his partners.

How these state officials can get away with working for their state governments and for the oil companies at one and the same time is not only interesting but indicates why the oil companies are so anxious for state control of tidelands oil. State officials will be so nice and easy to get along with.

* * *

PSYCHOLOGICAL warfare chief —is Dr. Edward A. Rumely, once jailed for concealing his operations for Germany during World War I, later pardoned, and now amazingly and sanctimoniously successful at enticing all sorts of people to put money into the tidelands-oil fight.

Rumely employes a staff of 50 people to shovel out propaganda to the American public, and has a neat game whereby big businessmen can buy up his literature for so-called "educational" purposes and send it to schools and colleges. This makes it deductible from income taxes.

Rumely has done a skillful job of deluging an unsuspecting public with propaganda, especially doctors and lawyers, and many people have fallen for it.

* * *

The Camp Followers

One of Rumely's camp followers and assistant propagandists is amiable Homer Dodge, ex-Washington newsman, frequently seen in the National Press club, and who drew $2,073 from Rumely's committee for Constitutional Government during the last three months of 1947.

Another deputy in the army of oil-lobby propagandists is able Eugene Kelly, another ex-Washington newspaperman, who was hired by Attorney General Fred Howser of California at $500 a week. Admitting this to a Senate committee, Howser explained:

"The money has not been appropriated nor have I obtained it from the state of California. I must go home and get it for him."

Howser did go home, and did get the money appropriated—$43,000 by the California legislature. However, when it was reported that $25,000 of this was "ear-marked for lunches and entertainment of Congressmen," "California Congressmen raised cain and Governor Warren, in the end, vetoed the bill.

This leaves Attorney General Howser, Eugene Kelly and some of the other eager battlers in the army for tidelands oil, with a big hole in their pockets—at least theoretically. From a practical viewpoint undoubtedly the oil companies will fill up the hole.

That is just a brief bird's-eye view of the most skillfully organized lobby which has ever wrapped California's Sheridan Downey around its little finger. More about the lobby which plans to have its cake and eat it too—Arabian and tidelands oil—will follow soon.

High School Honors Awards Set Tuesday

A lot of Lubbock Senior High school students were keeping their thoughts to themselves today and a lot of them weren't. But all of them were anxious for Tuesday to roll around, when they will gather in the school auditorium at 9 a. m. for the presentation of 1947-48 student honors.

Much discussed "who-is-its" to be answered tomorrow include the All-Western girl, All-Western boy, senior favorites, junior favorite, sophomore favorite and yearbook dedication.

Other awards on tap for Tuesday's recognition assembly are the "Who's Who" awards in the three classes, departmental winners, athletic and literary victors, yearbook and journalism leaders and the American Legion Citizenship announcements.

The names, carefully guarded since the secret balloting took place shortly after the turn of the year, come out of the box tomorrow, and hearts are beating a little faster than usual at L. H. S.

Rail Seizure

(Continued From Page One)

transportation service."

"A strike on our railroads would be a nationwide tragedy, with world wide repercussions."

The seizure order was issued after a weekend of almost continuous negotiations, directed by Presidential Adviser John Steelman, failed to bring a settlement of the dispute between the three brotherhoods and the railroads over wages and working conditions.

The heads of the three unions left a White House conference just as the President's executive order was being released. They would not say whether their union members would remain on the job under government seizure.

"We're going to take that up now with our committees," President Alvaney Johnston of the locomotive engineers, David B. Robertson of the firemen and enginemen, and A. J. Glover, of the switchmen's union said.

The union leaders went right to their hotel for a conference with their strike committees. They said House at 2:30 p. m. (EDT). They said they would not promise they they would return to the White would be able to notify Steelman at that time of their decision about working for the government.

Mr. Truman's order directed that, for the time being, present wage and working conditions in effect on the railroads shall be maintained.

The President said these wage conditions shall be continued until further order from himself or from the Secretary of the Army, Kenneth Royall.

Increase Recommended

A presidential fact-finding board has recommended a 15½ cents and hour increase as a settlement of the wage dispute. Railroad management accepted it, as did nearly a score of other railroad unions. The engineers, switchmen and firemen refused to accept it. They ask a 30 percent increase.

These unions have about 190,000 of the 1,300,000 workers in the nation's rail system.

Johnston told reporters that in the weekend negotiations "we have reduced our demand and tried to get a compromise. We have endeavored to get a settlement by cutting down to the limit our demands.

"We've done all the giving. They want to make a compulsory arbitration board out of the fact-finding board.

"We're not going to do it."

Just Too Complicated

Johnston and Robertson said it was "too complicated" to explain how they had receded from their earlier demands.

It was indicated the concession which the unions said they would make were in operating rules, by which take-home pay is affected.

Secretary of the Army Royall named Major General Edmond H. Leavey to run the railroad for the Army.

Leavey is Army chief of transportation.

Royall asked in a statement for cooperation of labor, management and public.

Royall's statement said:

"By direction of the President, I as Secretary of the Army, have been given the responsibility for the control and operation of the railroads of the United tSates.

Cooperation Necessary

"In assuming this risk, I rely on the cooperation of railroad labor and management and of the entire public, for only through the united efforts of all our population can the task be successfully performed. I earnestly ask all citizens to give their help."

The President signed the seizure order in his executive office during a conference with the Secretary of State George C. Marshall.

The White House said that Marshall was there discussing other matters with the President. Their talk was interrupted only long enough for Mr. Truman to put his signature to the order.

Nothing was available for the time being from Army department officials on just how the "Army operation" would be carried out.

Two years ago when the roads were seized because of a strike, leading officials of the railroads were given Army commissions and told to go ahead with their usual operations. So the seizure was in effect mostly a bookkeeping operation.

BUYING PROPS MARKET

NEW YORK, May 10 (AP) — Late buying put props under the stock market today as hopes revived that the threatened rail strike would be averted.

The President's authorization for the Army to take over the roads failed to depress prices to any great extent, carrier issues pushed up selectively in the final hour, along with a number of industrials and utilities. Forenoon declines were eased in many cases and gains of fractions to 2 points predominated at the close.

Dealings were lively at intervals and transfers for the full proceedings ran to about 1,500,000 shares.

Touching peaks for the year were Studebaker, Socony, Sinclair Oil and Western Union.

In front at the last were Chrysler, Youngstown Sheet, Goodyear, Santa Fe, Southern Pacific, Central Railroad of N. J., Northern Pacific, Dupont, International Harvester, International Telephone, Wilson & Co., Armour, Johns-Manville, and Southern Railway.

On the offside were Schenley, Glenn Martin, Douglas Aircraft, Lockheed, Air Reduction, Allied Chemical, Chesapeake & Ohio, Standard Oil (NJ), Philip Morris and American Tobacco.

Cotton Market

NEW YORK REPORT

NEW YORK, May 10 (AP) — Cotton futures were steady in moderately active dealings today. Mill buying and short covering met only scale up offerings. Commission house buying was attracted to the new crop months on favorable export prospects and the fact that they are selling at a substantial discount compared with nearby deliveries.

Spot cotton markets were quiet as demand from shippers slackened, pending clearer ideas on export demands for old crop cotton supply.

Late afternoon prices were 60 cents to $1.30 a bale higher than the previous close. May 37.86, July 36.66 and Oct. 33.60.

It, costing $6,396.27, will be purchased from W. T. McClure Machinery company.

Aside from routine business transacted, the court also authorized:

Expenditure of $875 for professional services of Elmer V. East, Lubbock attorney, in connection with his assistance in the marketing of $250,000 in courthouse and jail bonds; $315 to Conley-Lott-Nichols company for a conveyor belt for use in precinct 1; $325.81 for truck parts and repairs purchased from Dickinson Motor company for precinct 3; and $338.33 to E. J. Wallyace for installing complete boiler controls in the courthouse.

The court planned to resume its sitting this afternoon.

Commissioners are R. O. Short, Ben Mansker, Ottis Isom, and Pat Corley. County Judge Walter Davies presided. Louie F. Moore, county clerk, kept minutes of the proceedings.

Rural Thefts

and were admitted by a 27-year-old man who invited them in. They said a woman was in the house, crying. She claimed she had been raped by the man, who was arrested.

Did Not Live There

Investigators said neither the man nor the woman live at the address, and that the woman said she had been with the man at a dine and dance place earlier. She is the mother of two children, investigators said.

The complainant will have a chance to tell her story to district officials, probably later to a grand jury, officials said.

The man, police said, admitted being friendly with the woman, but denied he had forced his attentions.

The following judgments were taken by County Judge Walter Davies: A fine of $100 and court costs adjudged against each Fred Shaw and O. A. Alderson, who pleaded guilty of liquor law violation; a fine of $50 and costs against N. B. Hernandez, 27, of Idalou for driving while intoxicated.

Will Post Bond

John Quincy Lyon, 51, pleaded innocent of drunk driving, and posted $600 bond for trial appearance, it was announced.

One hundred gallons of gasoline was stolen from a truck parked in 1500-block Ave. B, valued at $25, V. W. Parr complained.

Seven gallons of gasoline and a gas tank gap were stolen from the car of Mrs. John D. Smith, police were informed.

Dr. Allen T. Stewart, a physician of 3120 Twenty-first, said his instrument and medicine bag was stolen from his car. A small amount of narcotics and several instruments were in it.

Ollie Filmore, described by police as a negro, informed police from a hospital bed that he was riding in a car in 2600-block East Ave. B when someone threw a rock that knocked out one of his eyes. He said he suspected a relative with whom he had quarreled. He said the relative was standing near the assault scene with a group of other persons. Investigation was continued.

Another negro was held for investigation into claims of Mary Williams, described as a negro living in 1900-block Ave. B, that he had struck her.

A Lubbock man who allegedly had been warned earlier by police against that offense was fined $25 for allowing his horses to roam on Lubbock streets.

Gold Coast natives will hold their own Olympic contests this year.

Same Old Things Are Displayed At Dallas Home Show This Year

BY WILLIAM C. BARNARD
Associated Press Staff Writer

An eager beaver home planner is bound to feel disappointed when he views the National Home show now in progress at State Fair auditorium, Dallas.

He lays 40 cents on the line for a ticket and what does he see but the same old stuff. The refrigerators may hold a few more oranges, the ranges may have an added burner and a better boiler but these are just old models streamlined.

Nothing Exciting

We took in 175 exhibits and never saw anything exciting. After all, the American public has been viewing such things as air conditioners, electric dishwashers, and modern kitchens a decade or so.

One company should receive mention—a firm which specializes in birthday parties for children. For $11.95 this company will deliver to your door a complete birthday part for 12 children. It includes a birthday cake decorated with the child's name; candles, favors, a bright table cover, napkins, gingerbread man cookies, party hats, souvenir boxes of candy for each child, paper plates, balloons, ice cream, colored whistles and a prize for the guest of honor.

That was the only ingenuity we found at the show and we ask a question: If the Army scientists can bring forth a new type rocket every seven days, why can't the home industry scientists find something new every seven years?

Suggestions Made

How about some barometrically controlled windows that will close automatically when a storm approached? or some flameproof sheets for people who never heed the danger of smoking in bed? Where is the electric eye that will warn housewives of an approaching magazine salesman? What family with children couldn't use crayolas that would mark only on a chemically-treated blackboard?

We'd like to see an ash tray and lighter combination on rollers that could be scooted across the living room to your wife with one push of the foot, a radio that would turn off during singing commercials, a super electronic oven with too much sense to burn biscuits.

When the home scientists get these things worked out, we'll have a few more jobs ready.

Death Of Dog Leaves Boy, 6, Heartbroken

PORTLAND, Me., May 10 (AP)—Six-year-old Timmie Downes cried himself to sleep last night because Spanky was dead.

Spanky, a pet dog received by Timmie as a Christmas reward for being a good boy, was struck Saturday while the two played near the Downes home.

Timmie kept a tearful vigil beside the little dog's bed, staying up long past his bedtime to comfort his "pal."

"I'll stay with him till they fix him or he dies," Timmie told newsmen.

Examination indicated the pet suffered internal injuries.

Animal Refuge league agents said they had received a call from a woman who said she wants to give Timmie another dog in the event Spanky died.

MINERS ON STRIKE

SHEFFIELD, Eng., May 10. (AP)—A stay-down strike by 92 miners at Waleswood colliery went into its second week today. The men quit work and refused to come to the surface last Monday in protest against a decision by the national coal board to close the mine. Wives of the miners cook and send down four meals a day.

WHEAT IS RECEIVED

News Briefs

All American Legion members are requested to attend an important business meeting tonight at 8 o'clock in the Legion hall, 910 Texas avenue, Commander H. J. McCabe announced today.

The opening performance of the Tech varsity show, "Phenomena," a two hour and fifteen minute comedy variety production, is scheduled for 8:15 p. m. tonight in the Senior High school auditorium. Other performances of the show, which features all student talent, are set for Tuesday and Wednesday nights. Reserved seats are $1.50 and general admission tickets $1. The ducats are on sale at the Administration building on campus and at Dunlaps and Hemphill-Wells department stores.

The merry-go-round didn't break down, but nobody apparently wanted to ride on it for a brief few minutes Sunday. City firemen explained that a cushion caught fire. They answered a 3 p. m. alarm from the amusement park in Mackenzie State park. Damage was negligible. Firemen said they ran early Sunday afternoon to Grollman's, where paper caught fire. There was no appreciable damage. The department answered a car fire this morning on Tenth.

Members of the Lubbock Junior Chamber of Commerce talked over several projects in a business meeting at their luncheon at the Hilton hotel today noon. Tom Settle of Omaha, Neb., and Rev. Wm. H. Foster, jr., of Houston, were out-of-town visitors.

QUAKE IS FELT

TOKYO, May 10 (AP) — The newspaper Asahi reported the southern island of Kyushu was rocked by a strong earthquake Sunday. No damage was reported. The quake was believed to have epicentered at sea—about 30 miles east of Kyushu's southern tip.

OUTSTANDING RICHMOND CITIZEN, RESTAURANT OWNER, LAUDS RETONGA

Mr. F. J. Wallace Credits Retonga With Helping Him Regain Strength, Energy. Found Prompt Relief For The Distress Of Sour Stomach, Restlessness.

Another outstanding citizen has put his endorsement on Retonga. He is Mr. F. J. Wallace, prominent resident of Richmond, Va., for 45 years and owner of the famous Wallace Restaurant at 828 E. Main Street. A Scottish Rite Mason and Shriner, Mr. Wallace is one of the best-known business men in Richmond. He gratefully states:

"I got to where I felt haggard and worn-out most of the time and just had no get-up-and-go. To go to bed at night meant little or nothing to me because I couldn't seem to sleep restfully at all. After eating, the gas in my stomach caused me to feel too full to be comfortable and at night I'd feel so jittery inside that at times I thought I wouldn't be able to get my breath. Harsh laxatives were a must for me to relieve my sluggish bowels. I often felt high-strung and on edge.

"The relief Retonga brought me was truly a wonderful experience. I have regained much of my strength and energy, get a full night's restful sleep and no longer suffer from that full, over-stuffed feeling or rely on harsh laxatives. Retonga is truly a great medicine and I recommend it unhesitatingly to all my friends and others who might be suffering as I did."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at all good drug stores.

Hubs Batter Gold Sox, Lamesa Wins

Downtrodden Lamesa finally accomplished what three other teams couldn't do for nine games —they licked the Borger Gassers decisively, 14-5, to end the longest winning streak compiled in the West Texas-New Mexico league this season.

The Lubbock Hubbers climbed into the first division again and scuttled Amarillo's Gold Sox to the bottom section by pounding out a 22-7 victory. Abilene gained a ful game on Borger and is now only a contest and a half out of first after beating Clovis 10-6. And Pampa stayed within half a game of the Blue Sox by nosing out the Albuquerque Dukes, 4-3, in the best game of the day.

Started To Roll April 30

Borger's defeat snapped a remarkable skein of victories that had lifted the Gassers from seventh place into the league lead. The Gassers were in seventh place when they played Abilene Friday night, April 30. They won that game and then began to roll.

They beat Amarillo four straight, the final victory lifting them into the lead on Tuesday, May 5. They then beat Clovis twice and Albuquerque twice, before the Loboes turned the trick yesterday. At no time did they have a lead of more than two and a half games, but it was sufficient to keep Manager Eddie Carnett's gang ahead of everyone else.

Yesterday's defeat may snap more than a long winning spell. If it does, Abilene, Pampa, Lubbock and Amarillo all are within striking range and eager to take over the front spot. But a team that can fashion nine victories before being defeated usually is more than a flash in the pan and the loop may have its hands full knocking off the Gashouse Gassers.

Hub Batsmen Cut Loose

A Sunday crowd of approximately 3,000 watched the Hubbers turn marauders yesterday at the expense of the Amarillo Gold Sox. The Hub City crew enjoyed their best day of the season at bat, smashing out 27 hits good for a total of 49 bases.

Chick Fowler, who has turned into a home run hitter, clouted two balls over the left field fence to run his total for the year to eight and the double and single he added gave him four hits good for 11 bases.

Bob Crues of Amarillo, the converted pitcher outfielder, returned to the mound for a three-inning stint and stopped the home run nonsense. The Amarillo slugger also took time out to hit his 11th four-master of the season to put him one-up on Gordon Nell of Borger, who went hitless.

Others Smash Homers

The Hubbers went hit-happy yesterday, with Frank Boothe, Frank McAlexander and Charley Scarborough all busting balls over the fences, the last two named hitting homers in succession in the seven-run fifth inning.

Behind that kind of clubbing, Marvin Alexander had little trouble coasting to his second victory of the year against two defeats.

Tonight at 8:15 the same two teams meet again at Rosenthal Field, with Cotton Russell going after his second win of the season.

Between . . . The Lines

— By JOE KELLY —

Well, boss, we tried to tell you Sunday that we were going to see our Hubbers beat the Amarillos and invite you to come along, but apparently the phooey-newmonie bug wouldn't let you get down to your favoriate coaching box on third base. Tonight, if the breeze is balmy and warm, you ought to trot out to Rosenthal Field and see the boys murder Bucko Fausett's Gold Sox again.

• • •

It was a pretty good pyrotechnic display the boys had set up for you yesterday. You'd hardly have had time to get comfortably seated before Chick Fowler parked one over the fence. A couple of innings later, just as you had bought a bag of peanuts, Frank Boothe laid the wood on one that brought three runs home. You'd have enjoyed that. And two innings later you'd really have been in ecstasy.

• • •

About the time you bought your second Cone, Fowler slipped his second clout over the fence. That gave the Hubbers just time enough to put one more run across and two more men on base for Frank McAlexander to bring home with a left-field fence clearer. Copycat Charley Scarborough hit the first pitch after McAlexander's homer for another fourbagger. Bob Crues of Amarillo, irked at reading the script and not being in the act, slammed one in the seventh for Amarillo to end the barrage.

• • •

Yes, boss, the Hubbers had it yesterday. They collected five doubles and a triple in addition to the five homers and 16 singles. Why they had to hit so many singles, we'll never know. They just sorta sneaked into the proceedings. Bucko Fausett tried to kick up a row with the umpires in the early part of the game, but after the Hubbers had nine runs in the third, Bucko deflated a lot. It's a shame such an old man hasn't to play, isn't it? He could have so much more fun watching the teams play and making side bets with his cronies.

• • •

The Gold Sox looked awful foolish a couple of times yesterday and we imagine Buck was suffering more from the ignominy of it than from ulcers—which they probably caused. For instance, take that pop fly of Don Moore's in the third. Jackie Sullivan was on third and Virgil Richardson was lolling on first. Moore popped almost to the screen to the right of home plate. Pitcher Lorino came in from the mound, Catcher Salmon went back from his box, First Baseman Lewis came over and Ol' Bucko even came in to the plate. Lorino reached up a long arm and grabbed the fly. While the boys were a-huddling and congratulaing each other, Rich lites out for second and makes it standing up! Poor Bucko.

• • •

Then in the same inning, Moore singled his second time at bat and attempted to steal second. Catcher Salmon allowed a passed ball, the horsehide resting midway back to the screen. He starts looking in the sky for the ball, then toward third, short, second and first, but still can't find it. Meanwhile, Moore is streaking around the bases and winds up on third. I think the ump finally pointed to the ball, or Moore'd still be running.

• • •

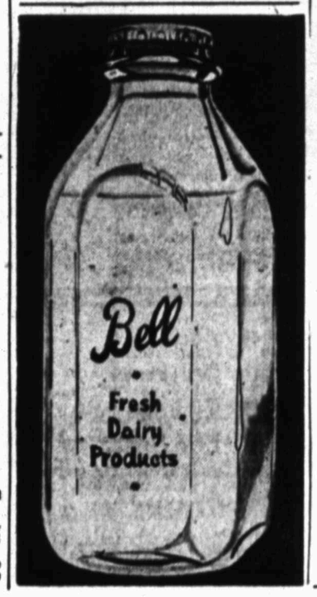

It was quite a day for the Hubbers and even Jackie Sullivan, who isn't feeling well and is having leg trouble, enjoyed the show. They had to start the game without the regular umpires, who hadn't shown up by game time, and we began to feel sorry for Amarillo. Fate stepped in and who do you think they sent out on the mound to umpire? None other than John King, the old lefthander-hater! And who do you think Buck Fausett elected to pitch? Believe me, boss, it's the truth—a left hander! Well, old John didn't have to umpire long and, from what happened to Lefty Lorino later, maybe he would have done better with John around longer.

• • •

Will Austin, the Negro caretaker who manicures the infield and is responsible for Lubbock having the finest diamond in the league, came within inches of death at Rosenthal Field yesterday. Will was raising that big, heavy main gate at the park about 1:30, when the cable snapped.

Brownfield And Post Winners

BROWNFIELD, May 10 (Spcl.) —Brownfield's batsmen had a carnival of hits and runs at the expense of Sundown in an Oil Belt league game played at Sundown Sunday, winning 24 to 11.

A combination of hits with errors brought Brownfield six runs in each of the first two innings, and firing was desultory from then until the eighth, when eight runs were scored. Most of the early scoring was off Martin, who was relieved in the second inning by Cakes, and Cakes in turn went out in the seventh in favor of Wright, who had been catching. Manager Paul Joiner took over catching duties when Wright went to the mound.

Sundown rallied in the late innings, scoring four runs in each the seventh and ninth innings, but could not overcome the big lead.

Brownfield, currently tied for the league lead, plays Post at Brownfield next Sunday.

Line score:

Brownfield 661 101 180—24 22 8
Sundown 000 200 414—11 9 8

Bish, Shewmake, Hawick, and Kelly, Rogers; Martin, Cakes, Wright, and Wright, Joiner.

POST MILLERS BEAT SEAGRAVES, 8 To 5

POST, May 10 (Special) — A four-run eighth inning rally gave the Post Millers an 8-to-5 decision over Seagraves Oilers in an Oil Belt league game here Sunday.

Greer, on the mound for Post, struck out 12 men and walked two, while Bennett, who started for Seagraves struck out six and walked seven until the sixth, when Pierce went in for three pitches and was in turn relieved by Gentry who finished the game.

Line score:

Seagraves 100 300 010—5 7 8
Post 201 010 04x—8 7 5

Bennett, Pierce, Gentry and Blair; Greer and Threne.

Big State Double Bills All Divided

(By The Associated Press)

Everybody got a second chance in the Big State league yesterday, and took advantage of it. The four doubleheaders were evenly divided.

Greenville kept comfortably ahead of second place Gainesville by bouncing back from a 4-3 licking to beat Austin, 5-1. Gainesville beat Texarkana, 8-1, then lost 9-4. In other games, Paris edged Wichita Falls, 8-7, and lost 10-5, and Waco shutout Sherman-Denison, 8-0, then lost 5-2.

The heavy gate slammed back down, narrowly missing Will. Customers had to go in the side doors. We're glad to report that the gate did miss Will and that he was half-way laughing about it later.

THE ROUNDUP: Floyd Walker hit a home run at Abilene Saturday night, but it cost him a dollar. Coach Royce Mills gave him the take sign, only to have Walker hit one of the longest homers ever hit in Abilene. For that he's fined! . . . Jack Wilcox was released by Lamesa and promptly signed by Lubbock. He didn't use the willow for much yesterday, but he made some sparkling plays, one particularly beautiful one in the eighth, when he had two assists and one putout . . . Kermit Altizer hadn't pitched since his freshman year in high school when he went to the mound at Abilene Saturday night . . . And Marvin Alexander never pitched before 1944, when he went into the Marines.

Downtrodden A's Beat Tigers Twice

By JOE REICHLER
Associated Press Sports Writer

This is kindly old Connie Mack's 86th year—his 64th in baseball—and it promises to be one of his happiest.

The venerable manager of the patched-up Philadelphia Athletics, who has experienced innumerable thrills in his 48 seasons as boss of the same club, must be having the time of his life watching his 'castoff crew" make monkeys out of the so-called elite of the American league.

Mathematical Oddity

Only a mathematical oddity keeps this much-abused outfit from occupying first place in the American league. After yesterday's double victory over the Detroit Tigers, 10-5 and 5-3, which boosted their winning streak to eight games, the Athletics actually lead the first place Cleveland Indians by a half game. The percentage table, however, shows the Indians in front by eight points.

Here is why. Cleveland, with its two triumphs over the Red Sox in Boston yesterday, 4-1 and 9-5, has won 10 games and lost four for a .714 percentage. The A's have won 12 and lost five for .706. The New York Yankees, in third place, have a 10-6 mark, a game and a half behind the Athletics, but only one game back of the leading Indians. The Yankees drubbed the Chicago White Sox, 8-0.

Come From Behind

The Indians surprised the Boston Red Sox by coming from behind twice to capture their doubleheader. Trailing 1-0 on Ted Williams' fourth-inning home run, the Indians drew even in the next stanza when Ken Keltner connected for the first of his three home runs. Keltner's second four-base knock came in the 10th inning and sparked a three-run rally which enabled Bob Feller to gain his third victory of the season.

Williams' second home run of the day and seventh of the season gave the Red Sox a brief 5-2 lead in the second game, but the Indians came back with three round trippers to win.

Cards Move Into First

The St. Louis Cardinals moved into first place in the National league. They pushed a half game ahead of the New York Giants by downing the Boston Braves, 6-4, while the Cubs were shutting out the Giants, 2-0, in Chicago.

Frank Shea held the White Sox hitless for six and two-thirds innings, to record his first shutout and second win. A single by Bob Kenndy ended Shea's dream of a no-hitter. Charlie Keller, George McQuinn, Billy Johnson and Tommy Henrich poled home runs for the victors.

Washington turned back the St. Louis Browns, 3-1, to move into fourth place in the American league.

Pirates And Dodgers Split

The third place Pittsburgh Pirates remained a game off the pace in the National league by dividing a doubleheader with the Brooklyn Dodgers at Forbes Field. The Dodgers won the opener, 14-2, as Pee Wee Reese knocked in six runs with three hits, including a grand slam homer. Ralph Kiner swatted his fourth and fifth round trippers to lead the Pirates to a 10-8 nightcap decision.

The Philadelphia Phils clubbed the Reds twice in Cincinnati, 14-2 and 8-0, as Lefty Ken Heintzelman registered his second straight shutout.
