Up in Kansas they tell the one about the office boy who stepped up to the editor's desk and said: "Boss, there's a tramp out here who says he hasn't had anything to eat for six days."

"Bring him in," replied the editor. "If we can find out how he does it, we'll be able to get the paper out for another week."

Yeah man.

J. W. Pepper, Jr., just called as we were suffering through the last spasms of the weekly struggle and he advises that he must have been looking at the December calendar when he set up this week's C. & P. Grocery sale. Correct dates are Friday, Saturday and Monday, November 20, 21, and 23.

Well, we're certainly not trying to start anything with the good people of Eldorado and especially we're not trying to get our good friend Jack Ratliff tuned up, but we thought we heard a few whippers last Friday night regarding the enormity of the score against Eldorado. We do not enjoy seeing any team get pushed by a tremendous score, but the Bronco second and third teams played nearly all the second half, and they happened to be clicking.

We are reminded of a cold and bitter night in Eldorado in 1944, when the great Paul Page was playing his last year for the Eagles against Sonora. The final score was 63-0 in favor of Eldorado. Or, going back to 1938, there was another cold and bitter afternoon and that time it was also in Eldorado. There have been 40-0, 34-0 and plenty of 20-odd to zero scores in favor of the Eagles through the 26-game series which started back in 1927. Some games were played earlier, but they were not organized league games.

The point of the whole thing seems to us to be that occasionally, in a long series such as Sonora has played with the Eagles, there will be a very one-sided score when one team which is high in material, coaching and spirit, plays another which is having a bad year. It happens in football, tennis, horseracing, tiddledewinks and Kelley pool. And there isn't much you can do about it because you can't turn kids loose to play a highly competitive game and ask them not to play their best.

Anyhow, the Eldorado players were in there pitching the whole way and we admire them very much. It's not so easy to be on the receiving end of a thumping and keep hustling, ask members of former Sonora teams. They know.

Here are the Sonora-Eldorado scores since 1927. In that time the teams have played 26 games with Eldorado winning 19 and Sonora 9, with no ties. The discrepancy is explained by the fact that in some years the teams played two games. The longest win string was put together by Eldorado from 1930 to 1947, when they won 17 straight. In 1930, two games were played, Sonora winning here 13-6 and Eldorado winning there 7-0. In that year, Sonora's halfback, Louie Trainer, was named all-state Class B back.

Annual 4-H Livestock Show Jan. 16

The annual Sutton County 4-H Livestock Show will be held Saturday, January 16, 1954 at the club barns, according to County Agent D. C. Langford.

Club members will exhibit 110 fat lambs this year, Langford said, and 30 breeding sheep. J. A. (Jim) Gray, A. & M. Extension Service animal husbandman of San Angelo, will judge both fat lambs and breeding sheep. No calves will be shown this year, Langford added, because of the drought.

LET'S TALK LIVESTOCK

BY **TED GOULDY**

Fort Worth—The cattle business ran into trouble again this week. For better than two years just about everything seems to have hit the cow business that could have hurt. In the wake of the year's biggest run of cattle to market just a couple of weeks ago, it was felt that certainly the excessive runs were now behind. But look at what happened!

Twelve major markets reported over 160,000 cattle and over 32,000 calves last Monday, the second biggest run of the year.

Following the frost that nipped a lot of Johnson grass and other pasture a week earlier, Fort Worth had its largest run of the year on Monday.

The reports from all markets were the same. Weak to 50 cents lower, some spots 50 to \$1 lower.

Cattle and calf prices were saved a worse break by the fact that demand for stecker and feeders was broad on the better kinds. Some 997-pound feeder steers at Fort Worth cashed at \$17. Numerous sales of high grade yearlings and calves were reported in the \$15 to \$17.50 bracket to stecker and feeder outlets.

There was a steady demand for replacement cows. Heifers and heifer calves have a hard time finding a home, except in a packing house.

Good and choice fed steers and yearlings drew \$17 to \$23, in this bracket were a load of 975-pound steers from Joyce Coffee, Love County, Okla., at \$23; and a load of 975-pound steers from Lillie Sullivan, Carter County, Okla., at \$23 and 88 fed heifers from V. O. Hildreth of Parker County at \$21.50. Common and medium steers and yearlings sold from \$10 to \$16, and in this field were a load of 856-pound steers from George W. Higgins, Baylor County, at \$15; a load of common steers at 627-pounds from Dudley Taylor of Harrison County; a load of steers at 744-pounds from Boggs Cattle Co., of King County at \$13; Danimo Portwood Fancher of Baylor County had a load of 690 pounders at \$16; B. Allen, Uvande County, had a load of 879-pound steers at \$13.50. J. L. Dugan, Taylor County, had three loads of 997-pound feeder steers at \$17. Ralph Witty, Tarrant County, had about four loads of 672-pound steers yearlings at \$20. Some shelly kinds of steers and yearlings sold from \$7 to \$9.

Fat cows cleared at \$8 to \$11.50, and a load of heiferettes topped at \$13 and averaged 887-pounds from G. R. Davis, Taylor County. Cannors and cutters drew \$8 to \$10, with some shelly, low yielding canners below \$6. Bulls cashed at \$7 to \$12.

Hogs were steady to 50 cents higher, topping at \$20.75 to \$21.25. Sows were steady to 50 cents higher at \$19.50 down.

Most sheep and lambs were fully steady, some top feeders sold 50 cents higher. Feeder lambs drew \$14 to \$17.50, the latter a new high for the past few months. Woolled fat lambs drew \$16 to \$19, and short fat lambs from \$17.50 down. Lower grade lambs drew \$8 to \$14. Old ewes drew \$6 to \$6.50, with stocker ewes \$7 to \$10. Old wethers sold from \$7 to \$10. Old wethers sold from \$7 to \$10. Slaughter yearlings sold from \$10 to \$15.

An unusual feature of the trade was some top sheep and lambs that came from Louisiana. Many people believe that East Texas and Louisiana are not a desirable ground for sheep raising, but in recent years a number of breeders are getting fine results.

One of these is A. H. Kelley, Benton, Louisiana, who on Monday at Fort Worth topped the market in several classes. His woolled lambs at 88 pounds topped at \$19. Some aged wethers drew \$10. Yearlings sold at \$14. Kelley's sheep and lambs usually top their division when they come to Fort Worth.

Mr. and Mrs. Fred Hull received word Monday that Mr. Hull's son, Warren Tate of Buelton, California, died there early Monday morning.

Survivors besides his mother, include his wife and two daughters, and two sisters and three brothers. Mr. and Mrs. Hull left Monday to attend services.

Mr. and Mrs. W. D. Bradley accompanied their daughter-in-law, Mrs. W. D. Bradley, Jr., to Lovington, New Mexico, last weekend to visit their daughter and son-in-law, Mr. and Mrs. Foy E. Nowlin, and their son Eldon.

Members of the jury Monday were John Wesley Joy, G. H. Hall, J. Wray Campbell, Rex Lowe, Nick Esquivel and Ernest Castro.

GUILD MAKES \$1,250

The ladies of St. John's Episcopal Guild realized approximately \$1,250 on their annual bazaar held in downtown Sonora Wednesday. According to Mrs. George Barrow, treasurer, the doll booth, sponsored by the Eldorado chapter of the guild, and the dinner served at the Parish House, realized more money than they did last year, and other booths were about the same. The total figure is about the same as last year.

Members of the guild extend their thanks to the people of Sonora for making the bazaar a success.

Opportunity knocks on the Sonora Broncos' door again tonight when the red and black invade Ozona with a chance to bring home a ball game plus the first undisputed district football championship ever won by Sonora High School.

During the 26 years of district competition, the Broncos have been victims of the "Always a bridesmaid, but never a bride" treatment, winning a co-championship with Menard once, and coming in second several times. Sonora, riding the top of the district wave with no defeats and one tie, has much at stake in this game. Ozona, beaten by Junction, Menard and Eden, is next to the cellar in district standings, and would like nothing better than to knock the Broncos off the top and hand the title to Junction.

ASKEW TO SIFT FAT LAMBS ENTRIES AT SAN ANTONIO SHOW

Vestal Askew, Sonora ranchman, will sift all fat lamb entries in the 1954 San Antonio Livestock Exposition, according to Mark L. Browne, general livestock committee chairman.

Over \$57,000 in livestock and horse show premiums, a record in the show's five year history, are being offered in the February 12-21 show.

Don Good, Kansas State College, will judge both the Aberdeen Angus Breeding Cattle and all steers exhibited at the show. Other judges are Dr. Oliver S. Willham, Dr. A. E. Darlow and Glen Bratcher, Oklahoma A. & M. College; Dr. J. C. Miller, A. L. Darnell, and Dr. W. G. Kammlade, Jr., of Texas A. & M. C. L. Rougeau, Southwest Louisiana Institute; R. O. Sheffield, San Angelo; Lamar Esplin, Colorado A. & M. and Arthur Davis, Sabinal Texas.

Santa Gertrudis cattle, a new department for the 1954 San Antonio exposition, will be judged by John Armstrong of Selma, Alabama.

The Lions and their supporters are doing all they can this week to insure the Broncs a warm welcome. Pep rallies have been held each night this week, yells are given in the school halls, and curbs, sidewalks, buildings, windows, trash cans and stop signs have been plastered with signs exhorting the Lions to "Beat Sonora", "Stomp the Broncos", and "Get Sonora." A dummy, dressed as a Sonora player, hangs from a goalpost on the Ozona field.

Sonora and Ozona have played 22 football games since 1931, with Ozona winning 12, Sonora winning 9 and one tie game. The teams tied 7-7 in 1943, but this was won by Ozona on penetrations and therefore goes into the win column. The longest string of victories put together by either team was a six-game streak by Ozona from 1941 to 1947.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - The VA has just awarded me disability compensation for an ailment I incurred in service. Can I count on receiving compensation checks, for the same amount, each month for the rest of my life?

A - Not necessarily. Your compensation payments may be subject to change, depending on your physical condition. If medical evidence shows your disability is improved, payments may be reduced or even stopped; or, if it shows the disability is worse, payments may be increased.

Q - In computing my income for VA pension purposes, am I supposed to include the gross salary that I receive on my job, or only my net take-home pay? Part of my pay is withheld for income tax and retirement.

A - You must include your gross salary-your take-home pay plus what is withheld for taxes, retirement or other reasons.

Q - When I reentered military service, I surrendered my permanent National Service Life Insurance policy for cash, and thereby became covered by the free indemnity. Will the beneficiaries I named in my NSLI policy carry over for the indemnity coverage?

A - No. You must make new designations of beneficiaries for the indemnity. They may include only persons in the following classes: wife, children, parents, brothers or sisters.

Q - I am a disabled World War II veteran, and I want to take vocational training under Public Law 16. Is it still possible to enroll for a four-year course?

A - No. Under the law, you may only take a course that you can complete by the end of the Public Law 16 program, on July 25, 1956.

FUQUA ATTENDS SHOWING OF CHEVROLET TRUCKS

Lamar Fuqua of the Lamar Fuqua Chevrolet Co., has just returned from Fort Worth, where he attended a private preview of the new 1954 Chevrolet trucks.

The exhibit and accompanying business session were sponsored by the company for all retail dealers and salesmen in this area and emphasized the importance Chevrolet is attaching to its soon-to-be announced new truck line.

"The meeting was somewhat without precedent in our experience because it was devoted exclusively to new truck models,"

said Fuqua. "The reason soon became clear. The 1954 line contains so many new features that even a review of highspots required considerable time."

"Not only will Chevrolet have more to offer the truck user in 1954, but it will expand the forces behind it selling. Included is an expanded advertising program."

Fuqua said he plans to arrange a special showing of the new line in his dealership when the trucks available for display later this month. It is one of the few times in history that Chevrolet has exhibited new trucks apart from new passenger car models.

Your Health

In speaking about the food requirements of a child enjoying maximum health, Dr. George W. Cox, State Health Officer, emphasized the importance of a well rounded diet and stated that a healthy and well nourished child enjoys life because he is physically fit.

Stressing the importance to health of an adequate and well balanced diet, Dr. Cox stated further that when a child is in good health, his appetite is good, elimination regular and sleep is sound and untroubled.

"The child's appearance usually help parents to judge the state of his nutrition. A well

nourished child has good skin color and there is a moderate padding of fat over the bones and muscles of the arms, legs and body. Muscles are well developed and strong. Teeth are good and the gums firm and pink," Dr. Cox said.

That finicky appetite or a tired feeling after a little exertion indicates a possible malnutrition and the child should see the family physician. Poor appetite can also mean the beginning of an illness and possibly that the child does not require as much food as he is being urged to eat.

Required as a diet for the preschool child and those of school age, Dr. Cox included milk, fruit, vegetables, eggs, meat, fish or cheese, cereal and bread and added that cod liver oil other vitamin preparations are important in winter and spring but should be prescribed by the family physician.

Mr. and Mrs. D. C. Bruce had as their guests Wednesday of last week his brother and sister-in-law, Mr. and Mrs. R. C. Bruce of San Luis Obispo, California. Sunday another brother and sister-in-law, Mr. and Mrs. G. H. Bruce, and family of Big Lake visited with them.

WHY MUST I HAVE A PRESCRIPTION?

That slip of paper in a message from your physician to your pharmacist. When you bring it here, it passes on to us the responsibility for preparing the medicine especially for you. Your physician has determined your needs, and we welcome the responsibility of interpreting and fulfilling them.

We maintain an extensive stock of hundreds of products to fill any prescription you may bring us. Combined with this extensive stock is an up-to-date scientific knowledge of all kinds of drugs and pharmaceuticals. We are trained to know how much of each type medicine should be given to people of different ages . . . which substances are harmful or ineffective when mixed with others . . . which products may not be sold legally without a prescription to protect you.

We relieve your physician of these tasks and allow him more time for personal attention to you-time he would not have if he had to prepare your medicine whenever you went see him.

LIFE HAS A LOT TO OFFER

By W. H. Marshall

Life has a lot to offer you if you really want it.

Just because a man breathes, eats three meals a day, and sleeps eight hours out of twenty-four, doesn't mean he is alive. When faith is lost, when honor dies, the man is dead.

How Is Business? The FIRST thing a business man owes his community and town is his moral support. A man's business is not founded upon the dollar, but upon the character and integrity of the people who trade with him. Good people make good business. Good business makes good people. There is always a dollar that you can well afford not to own. A man is not educated unless he knows how to take a dollar to pieces and analyze it.

There are some dollars filled with tears and heartaches, and on them, if you look close enough, can be seen the faces of little children who are hungry.

The friend I need is the man who can get music out of an old tin can when I need to hear music, soft and sweet, and reassuring. There is something good in the man who loves music; there is something divine in a man who manner of living has music in it.

IT'S UP TO YOU

Have you made someone happy, or someone sad,

What have you done with the day that you had?

God gave it to you to do as you would,

Did you do what was wicked, or do what was good?

Did you lift someone up or push someone down?

Did you lighten the load, or some progress impede,

Did you look for a rose, or just gather a weed?

What did you do with your Beautiful day,

God gave it to you, did you throw it away?

"Are you ambitious for your children, too?"

Then, listen," says Mrs. Mary Callon,
of Indianapolis, Indiana

"I sent my twins to college—by saving on the Payroll Savings Plan!"

"I've been a working widow since the children were eight," Mary Callon says. "Only through Payroll Savings could I have saved the money that sent them to college."

You can send your child to college, just as Mary Callon did. A sure way is to begin saving today on the Payroll Savings Plan!

It works because it makes you save. Here's how simple it is: You decide how much you'd like to save out of every pay. Go to the payroll office where you work and sign to save that amount every payday. The sum is then automatically saved out before you draw your pay. You can sign up to save any amount you wish. Your savings automatically purchase Series E Bonds, delivered to you.

Then your savings really grow. For every Savings Bond earns more money—at an average of 3% interest per year, compounded semiannually, when held to maturity.

How about it? For your sake, and your family's sake, will you sign up for Payroll Savings—today?

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately

Each week for 9 years and 8 months, save	\$1.85	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save	\$0.75	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any sum you wish, from a couple of dollars a payday to \$375 a month. The important thing is, start your Plan today!

Start your child's college fund today . . . Invest in U. S. Savings Bonds through the Payroll Savings Plan!
