Anxious To 'Move In'

Police Chief Jesse Browning pauses in the lobby at the public service window of the police dispatcher's office while inspecting the construction and remodeling that will provide the city's new Police & Court Annex. Paneling shown here is being installed throughout the annex--in lobby, dispatcher's office, hall, chief's office and judge's chamber. A similar service window on the north side of the dispatcher's office will provide for processing of police prisoners away from view of the public and regular visitors to the building.

Court's Busy Pace Cleans Law Docket

County Court at Law has just been through one of its busiest 6 months.

During the first half of 1971, 87 criminal cases have been filed in the court.

Fifty-one of these have resulted in convictions with pleas of guilty. Two cases have been held in obeyance for possible future action and 10 have been dismissed.

But that is only a portion of the court record that has kept County Attorney Danny Barber and County Judge Bill Carter at a busy pace.

They have moved through a docket extending back for several years--clearing it by either bringing defendants into court or wiping the old cases off the docket when prosecution is not warranted.

For instance, a 60-day jail term, probated for 1 year on condition of good behavior, was handed down in June to Mrs. Juan Lujan. The bootlegging charge against her had been on the docket since 1967 without dismissal or court action.

Nine other defendants in June also pleaded guilty in cases most of which had been filed in 1970 but had not been brought to trial.

Of these were for DWI with Jose Barrera, Jesus Garcia, J. C. Barrett and John C. Harvey receiving probated sentences and Arvol Stuard receiving a $150 fine plus 3 days in jail.

Another DWI case was reduced in druckenness while Louis Rivera, charged May 9, 1970, with aggravated assault, receiving 6 months probation on a 30-day jail term and Apalonio Hernadez Espinoza and Adam Jose Cruz, charged with fraudently taking $7.50 in property from another person, received a year's probation on 30-day jail term.

Attorney Barber and Judge Carter believe the big rush is just about over. They expect the job of cleaning up the court docket will be completed this month.

During the six-month period since they took office the pair have accomplished the following on cases filed before 1971 back to 1967:

DWI - 12 guilty, 2 not guilty, 8 cases dismissed and one probation revoked. These cases reached back to 1968 and one of the '68 cases resulted in a guilty verdict in April with $200 fine and 6 months probation on a 30-day jail term.

Obscene phone calls - 1 guilty and one dismissed.

Bootlegging - 3 guilty, 1 not guilty and 2 cases dismissed.

Aggravated assault - 3 guilty, 2 not guilty and 23 cases dismissed. Thirteen of the dismissals were for cases filed in 1969 and 1968.

Illegal weapon - 1 case dismissed.

Suspended driver license - 1 guilty.

Speeding - 4 cases dismissed. Three of these were filed in 1969 and '68.

Fraud - 2 guilty, 3 cases dismissed.

Threat of harm - 3 cases, filed in '69 and '68 dismissed.

Worthless check - 1 guilty, and 21 cases dismissed with these complaints reaching back to 1968.

Desertion or child neglect - 3 cases, one each filed in '70, '69 and '68.

Other cases - 3 guilty.

Dismissals usually result from one of several reasons. The right of a defendant to a speedy and fair trial is one element that is considered, especially when the length of time the cases have filed may have bearing on this right.

Lack of available witnesses for a prosectuion as well as lack of information to location of defendants in cases filed in previous years influence the decision.

But that's the entire idea behind the action policy by both Judge Carter and Attorney Barber -- to bring into court those cases which have been a long time on record when prosecution is possible, dismiss those where the county attorney believes the facts and conditions do not warrant prosecution.

In all, the clean-up action has disposed of more than 100 cases that were filed from 1967 through 1970.

The action on older cases hasn't slowed down the Court on its current docket. This is evidenced by the record of January, February, March, April and May with 61 cases filed, only 2 not tried and 10 dismissed.

Twenty-three cases were added to the court's docket during June.

Early 'Shots' Urged

Immunizations Now For All Students

Parents whose children will be in Colorado City public schools this fall-whether in kindergarten or Colorado High's senior class-should start their immunizations.

That's the advice from Gary Gardner, assistant to the superintendent, and the Texas Department of Health.

The advice is voiced because of the Texas Legislature's recent amending of the Texas Education Code to require immunization against certain childhood diseases as a condition for entering school.

The new law applies all through public school grades, from kindergarten right on through the 12th grade. And it doesn't stop there because it applies also to college, parochial schools, academies, universities, schools for blind, deaf, mentally ill and retarded.

With its amendment requirements the law states: "No person may be admitted to an elementary or secondary school unless he has been immunized against diptheria, rubella, rubeola, tetanus, polio and smallpox."

These immunizations must be started before Jan. 1, 1972. That's why Colorado City school administrators are advising parents to begin the immunization now.

Here is what the law requires for kindergarten through high school:

Polio - 3 doses of oral vaccine.

Diptheria & Tetanus-3 doses within the past 10 years.

Measles (Rubeola) - 1 dose of vaccine or history of measles illness.

Rubella - 1 dose of vaccine (not required after 12 years of age).

Smallpox - 1 vaccination within the last 10 years.

Gardner emphasized that parents should check their family physician concerning these immunizations.

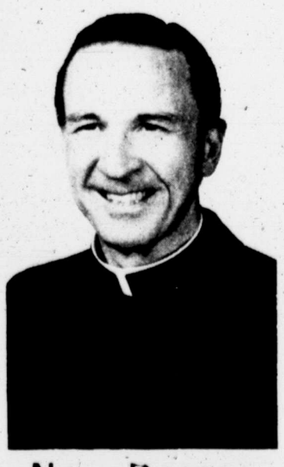

The educator also pointed out that the schools are required to have on record a copy of the immunization record--pertaining to each immunization and its date--for each child enrolled.

"This must be obtained through the parents' family physician and be on file at the school between fall registration and Jan. 1, 1972," Gardner added.

Persons with questions pertaining to the new immunization program are asked to contact Mrs. Mike Hammans, school nurse for Colorado Independent School District.

Joining school officials in urging that parents begin the immunizations now is Dr. J. E. Peavy, State Health Commissioner.

For those students who are at the college level, full immuization against polio is required if the student is under 19 years of age. In addition, all college students must have immunization against diphtheria, tetanus and smallpox (within last 10 years).

Hancock, vicar All Saints' Episcopal Church here from 1969 to 1970, has received the master's degree in divinity at the Church Divinity School of The Pacific for religious studies completed on scholarship at University of The Pacific, Stockton, Calif. With the new degree he will return to pastoral assignment.

Farmers Union Leaders Due

Heading the group will be Jay Naman of Waco, Farmers Union state president.

With Naman will be Joe Rankins of Ralls, state vice president; Vernon Chandler of Midland, district director, and Kenneth Moss, state director for the organization.

George Martin of Loraine said the 4 state leaders will attend a get-acquainted reception Friday, July 16, from 2 p.m. until 3:30 p.m. in Lone Wolf Electric Cooperative's Medallion Room.

Although new members of Farmers Union will be honored, the event will be for all farmers and ranchers in the county, Martin said.

"We will receive their ideas concerning vital agricultural issues," Martin said, "and those attending will be able to present issues of interest and importance to this community."

Jay Naman, to visit here.

Narrell Ranch On West Texas Tour

A Loraine stock farm will be one of six stops Saturday for more than 200 cattlemen of West Texas Polled Hereford Association.

The tour, which will start from Abilene, will inspect cattle at 2 Abilene locations, at Merkel, Hobbs and Wingate as well as Loraine.

Hosts for the cattlemen at Loraine will be Mr. and Mrs. Huse Narrell and their daughter and son-in-law, Mr. and Mrs. Douglas Smith.

The Loraine visit will be No. 5 on the tour. Final stop will be at the Michaelis Ranch, owned by Mr. and Mrs. Paul Michaelis of Wingate, who operate a registered polled Hereford and crossbred steer operation on native and improved pasture.

First stop will be the Circle R Ranch at Abilene, owned and operated by Mr. and Mrs. Earl Rose, according to Dr. Edwin Dubois of Abilene Christian College, chairman of the tour.

Abilene Christian College will be host for the second stop where a group of 30 bred heifers have been selected to begin a foundation herd of performance tested polled Hereford cattle to be used by the college as a tool in teaching a course in livestock breeding, management and evaluation of performance records.

Guest consignors at the college are Estes Polled Herefords and Charles N. Vickers of Abilene.

The Merkel visit will be at the ranch of Sam Swann, oldest continuously operated polled Hereford breeder in the world. Swann, president of West Texas Polled Hereford Association, has a herd of 150 cows with complete performance records.

Immediately before arriving at Loraine, the tour will visit with Mr. and Mrs. Ivy Jones at Hobbs.

J. Fike Godfrey will outline major actions of the WTCS in a program for better business climate for all businesses in West Texas.

Also appearing on the Friday program will be H. Leon Slaughter, projects director of the West Texas organization.

Slaughter's discussion will be of special interest to Colorado City businessmen because it will relate to econimic development in West Texas particularly as it relates to cities under 12,000 population.

West Texas Chamber of Commerce members from Colorado City and Loraine will be introduced at the luncheon by C.C. (Buck) Elliott of Abilene.

J. Fike Godfrey, . . . speaker.

Post Office Is Tops For Area

Colorado City's Post Office has been tagged "outstanding" for cleanliness and appearance.

It is one of only 3 in the entire total of 48 post offices in the Abilene area to receive the top rating.

Postmaster Arlene Morris and his staff received notice of the rating Tuesday. Congratulations came with it, of course.

All post offices in the U.S. have been inspected recently in connection with the United States Postal Service's national clean-up week.

A team from the Abilene district office inspected Colorado City and the 47 other area post offices before the clean-up week program. Then the team returned to the offices after the clean-up for final rating.

"We are proud that our Colorado City facility has been rated outstanding," said Morris, "and it is a credit to our post office staff and their pride in the service they represent."

The local resident was guest of her mother-in-law, Mrs. D. Fowler in Anniston, Ala.

In Petersburg, Va., she visited an aunt, Mrs. R. P. Self, and in Columbus, Ohio, she was guest of a son-in-law and daughter, Mr. and Mrs. Van Harmison; a granddaughter, Pam, and great-grandson, Jeff Harmison.

A brother-in-law and sister, Mr. and Mrs. Ben Payton, were her hosts in Muskogee, Okla.

A personal note about gifting . . . .

Even the gaiety and prettiness of a Sam L. Majors Jewelry gift wrap must face the economic fact of life. And, there in, is the point of this brief note.

Continued increase in costs, over which we have no control, necessitates that Sam L. Majors now place a gift wrap fee of 50 cents for each item priced under $5.

At the same time, Sam L. Majors initiates a new service for shower gifts--a policy, we believe, which will be popular. If desired by the bride and the hostess, our staff will set up an appropriate display of the gifts--unwrapped, but suitably carded--free of charge at the shower scene.

Please be assured these new policies are established only to make certain our customers continue to receive the distinctive quality that always has marked a gift from Sam L. Majors Jewelry.

4-H'ers In Revue Workshop

A workshop for entrants in annual Mitchell County 4-H Dress Revue is being conducted this week in Payne Baptist Church Fellowship Hall.

Mrs. Sidney Compton and Mrs. Henry McGuire are instructors for afternoon sessions.

The workshop is being conducted for 4-H members desiring help in constructing garments to be modeled in annual dress revue slated here Tuesday.

Theme for the revue this year is "4-H Fashion Fiesta."

Any boy or girl, 9-19 years old, whether a member of 4-H Club or not, can enter the revue, according to Mrs. Janet Moore, Mitchell County Home Demonstration Agent.

"However, there are two basic requirements for the event.

"First," Mrs. Moore said, "the garment must be made by the person modeling it. Second, participants who were 14 by Jan. 1, 1971, must turn in a clothing record."

Judging of garments will be at 10 a.m. Tuesday in First Presbyterian Church parlor.

One junior (age 9-13) and one senior (age 14-19) will be chosen to represent Mitchell County at District II 4-H Dress Revue in Lubbock July 22.

Mrs. Moore this week extended an invitation to the public to attend the revue, set to begin at 8 p.m. in First Presbyterian Church's Fellowship Hall.

Refreshments will be served.

FEW CAN MEASURE UP

Next time you drive through another town, take note of what's going on.

I'll bet you will travel long and far before finding a town our size accomplishing what our community is doing. That includes larger towns, too.

The sidewalk and curb project. Then, the police and court building next to City Hall. And the joint project between schools, city and county for the parking lot improvement at Colorado High. The new street lights with city and Texas Electric working hand in hand.

The sewer plant improvements, moving the city's waste disposal processing up to new state standards which hundreds of other cities will have to measure up to in the future. Plus the remodeling, re-equipping and new facilities at Root Memorial Hospital by our hospital district.

All with local funds without state and federal aid. All on our own.

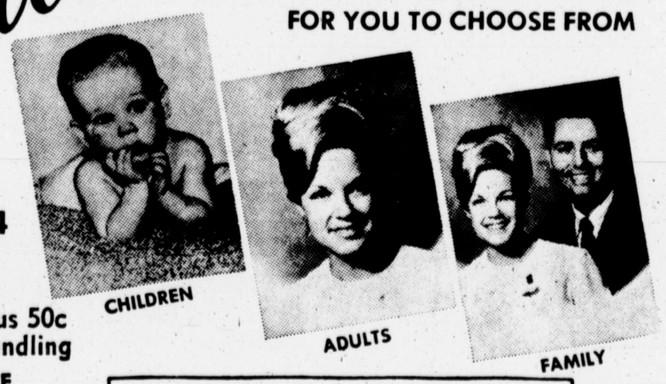

Those next towns you visit, take a look and see if any of 'em can match our own progress.

You'll be surprised how few can.
