McCarthy Says He's Still Not Agreeing With Dulles

PORCH GONE, ROOF OFF

This is the damage caused to the home of Ed Echols, a chicken farmer, which was in the path of destruction caused by a hopping tornado that struck south and east of Seguin Tuesday night. All of Echols household goods were sucked through the windows, doors and the roof.

Publishers Turn Down Offer; Strike Still On

NEW YORK (AP)—Publishers have turned down a photoengravers union proposal cutting demands about half, a federal mediator announced, and the city's newspaper strike today went into its sixth day.

Prior to the newspapers' action, a union membership meeting had rejected a proposal by the publishers for arbitration of four deadlocked issues, including wages and hours.

Negotiations were recessed shortly before midnight. They will be resumed late today.

"No progress was made tonight," Federal Mediator Frank H. Brown said.

Brown said representatives of the six struck newspapers turned down a proposal by Local 1 of the AFL International Photoengravers Union for a package increase of $7.50 a week. He added that the newspapers, represented by the Publishers Assn. of New York City made no new proposal.

William Mapel, president of the publishers group, told newsmen that "we've made our offer." By this he meant a package of $3.75, which the publishers had offered before the strike of 400 photoengravers started last Saturday.

The strike has left New Yorkers without a major city newspaper for the first time. A total circulation of almost 5½ million has been cut off.

The Herald Tribune suspended publication Monday night in sympathy with the other publishers. It was not struck because its photoengraving is done by a commercial company.

Lack of newspaper advertising has caused department store Christmas shopping to fall off.

Pay was stopped last night for most of the 20,000-odd employes of the six struck newspapers whose action in honoring the photoengravers' picket lines forced the papers to close.

The Herald Tribune, which has been going through the motions of putting editions together, is continuing regular pay.

Struck papers are the Times, Daily News, Daily Mirror, World-Telegram and The Sun, Journal-American and Post.

They could have continued publication without their photoengravers, who make metal plates for reproduction of pictures and illustrations, but refusal of members of mechanical, craft and editorial-business office unions to cross picket lines forced closing.

The publishers issued a statement last night that nonstriking employes, most of whom belong to unions, were dropped from the payroll until they return to work.

Wildcat Slated In North Part Of The County

Wheelock-Weinahel of Corsicana have spotted location for their No. 1 Sidney Johnson as a 7,850-foot wildcat in Northeast Scurry County.

Drillsite is 467 feet from north and east lines of section 265-2-H&TC, about 12 miles northeast of Snyder. That location is in the same section as an 8,000-foot wildcat started several months ago by I. Weiner of Big Spring. Weiner's project was apparently abandoned after spudding to about 200 feet. It was 660 feet from south and east lines of the southwest quarter of the section.

POTENTIAL TEST

Blanco Oil Co. and Newman Brothers Drilling Co. No. 1 S. M. Swenson and others, Northwest Kent wildcat, has reported a 17-hour flow of 320 barrels of oil on the potential test.

Gas-oil ratio on the test was 600-1. Gravity of the oil was 37.4 degrees. No water was present. With a packer set in casing, tubing pressure was 175 pounds.

Top of the pay was at 6,634 feet, with five and one-half-inch casing set at 6,639 feet. Total depth is 6,655 feet. The pay section was acidized with 500 gallons.

Location for the project is 663 feet from north and 687 feet from west lines of the lease in section 3-2-H&GN.

SCURRY STEPOUT

Ohio Oil No. 1 A. R. Turner, stepout to the Kelley-Snyder field, is running a drillstem test from 6,987-7,014 feet after completing a test from 6,912-989 feet.

The tool was open three hours on the test, with gas at the surface in one hour and 15 minutes. Gas flowed at the estimated rate of 3,500 cubic feet per day. Recovery was three barrels of mud and gas-cut water blanket, three barrels of oil and gas-cut mud and two barrels of mud-cut oil, with 240 feet of heavily oil and gas-cut mud from below the circulating sub. Flowing pressure was 825 pounds, with 15-minute shutin pressure 2,675 pounds.

The No. 1 Turner is in section 289-97-H&TC, about eight miles northwest of Snyder. It is slightly less than one mile west and north of production on the west side of the Kelley-Snyder field.

COGDELL FIELD

Texaco has set its No. 220 P. L. Fuller for immediate drilling in the Cogdell field of North Scurry County.

Location is 660 feet from north and 1,854 feet from west lines of section 553-97-H&TC, about 13½ miles northeast of Snyder. Contract depth is 6,850 feet.

Sun Oil Co. has reported completion of the No. 1-F Bilby Wallace in the Clairemont-Lower Pennsylvanian field of South Kent County.

The well pumped 24 hours for a potential of 76.56 barrels of 41-gravity oil plus 9.76 per cent water. Production is from perforations at 6,724-730 feet which were acidized with 500 gallons. Drillsite is 1,980 feet from north and 660 feet from west lines of the lease in section 24-97-H&TC. Elevation is 2,125 feet.

DRILLING REPORT

Texas Pacific No. 1 Little, indicated discovery in North Howard, is preparing to squeeze cement below and back of the casing in an attempt to cut off water believed to be channeling through bad cement back of the casing.

Siamese Twins Are Separated

LONDON (AP)—A surgeon's knife today separated Tomu and Boko, 3-month-old Nigerian twins joined at the abdomen.

Doctors pronounced the difficult surgery a success but cautioned that each curly-headed Negro girl is still in grave danger.

Ian Aird, 48-year-old professor of surgery, at London University, led the tense team that planned and completed this first Siamese twin separation operation ever performed in Britain.

His task over, Aird saw the girls safely tucked into separate incubators. Then he walked into a white-walled room in Hammersmith Hospital and told a kneeling woman: "It's over and we hope they'll win through."

The mother, 24-year-old Mrs. Veronica Davies, sales assistant from Kanu, Nigeria, said simply: "Thank God."

Mrs. Davies, wife of a Bantu clerk, had kissed the twins before they went under the anesthetic this morning. She prayed during the operation.

Conviction In Bribery Case To Be Appealed

CROSBYTON (AP)—An attorney for George Aaron, convicted of attempting to bribe Crosby County Sheriff Roy Hillin, has said he will file a motion for a new trial, probably tomorrow.

Aaron received a two-year prison sentence here yesterday after refusing to apply for a suspended sentence.

"I might have done it," the shaken white-faced Aaron said, "if I was the least bit guilty."

Aaron has been a resident of Dallas in recent months but formerly lived in Amarillo. He had been charged with offering Sheriff Hillin $1,500 per month to permit seven bootleggers to run free in Crosby County.

While deliberating the case yesterday, the jury sent a note to the court asking "if it is lawful for us to render the verdict recommending leniency."

Judge Victor H. Lindsey of 77th District Court indicated that filing of an application for a suspended sentence would be agreeable. But Aaron refused such a plea.

Ten minutes later, the jury returned its verdict, the first definite action growing out of a 1952 investigation of a so-called "multi-million dollar" bootleg syndicate by the Texas House Crime Investigating Committee.

Hillin originally made his bribery attempt charge to the probing committee, headed by Rep. Waggoner Carr, in 1952.

"Well, we're not going to cry over it. I'll just go down there and serve it."

SUPPER TONIGHT

Santa Flies In For Parade To Start Christmas Activities

Christmas activities in Snyder got off to a start today with the beginning of the merchants' treasure hunt, while Santa Claus was scheduled to arrive here at 4 o'clock this afternoon for a visit with children.

The Kiwanis Club will hold its annual pancake supper beginning at 5:30 o'clock this afternoon.

Santa was to arrive at Winston Field by Pioneer Air Lines. He was to be brought downtown on a city fire truck, with the high school and junior high bands meeting him at Avenue S and Thirtieth Street. The parade will proceed from there north to Twenty-seventh Street, turn east and go to Avenue R, and then march around the square, finally stopping on the south side.

With the aid of the Lions Club, Santa will give candy to children while he visits them.

Close to 800 tickets were reported to have been sold by this morning by the Kiwanis Club for the pancake supper, which will begin at 5:30 o'clock this afternoon and last until 9 o'clock tonight. It will be held in the high school cafeteria. Proceeds go to the clubs underpriviledged children fund.

Kiwanians will prepare and serve the supper, with the help of Aunt Jemima, who will also furnish entertainment. Aunt Jemima made the rounds of the Snyder schools today for brief shows.

The Optimist Club will begin within a few days to sell Christmas trees here. Gene Best, president of the club, said today that the club is expecting a carload, about 500 to 600 trees, in about two days. The trees, like last year, are Canadian balsam and will be sold from a lot on the east side of Avenue S between Twenty-fourth and Twenty-fifth Streets, the same lot the club used last year.

Best said the club will have all sizes of trees, even large ones used by large businesses and churches, and will sell them from about $1.50 to $6.50. The club has sold about 400 $1 tickets redeemable on the trees, Best said. In addition to the trees, the club will sell special-built wooden stands. Proceeds from the sales will go into the Optimist boys work fund.

Two service clubs are sponsoring decoration contests here during the Christmas season. The Junior Chamber of Commerce is sponsoring a home decoration contest.

The Lions Club, which will sponsor a merchants' decoration contest, will announce its rules in the near future.

Henriann Back To Hospital

Henriann Hughes, five-year-old leukemia victim who is not expected to live through Christmas, showed some signs of improvement after being taken to Battenfield Hospital yesterday afternoon.

Mrs. Lynn Pratt, nurse attending the child, said the girl's temperature had gone down some since she was taken to the hospital. She has had a temperature of 105 and 106 for several days.

Henriann is the daughter of Mr. and Mrs. Henry Hughes, 2505 Twenty-seventh Street.

The family has exhausted all its savings and more in paying for the cost of diagnosing and treating the incurable disease. Several individuals and groups have come to the aid of the family, making donations to help defray living expenses. At least $99 has been turned into the Daily News and Mack's Used Car Lot, 2307 Avenue S, to be given the family.

Several dolls have been taken to Henriann, but she is too sick to know they had been brought.

Tornadoes As Front Leaves

By The Associated Press

The severe weather that threw at least eight small tornadoes at Texas took a farewell fling Thursday and ripped into Louisiana.

At least eight persons were reported killed in tornadoes that hit Leander and Tullos in central Louisiana.

A thunderstorm with moderately high winds carpeted Orange streets with small tree limbs lightning disrupted power and telephone service. Showers fell at Houston and Beaumont, too.

Two persons were killed and 21 others injured in the series of twisters that flipped around east and east central Texas Wednesday.

Light snow flurries fell at Amarillo.

Thunderstorms hit many cities during the night.

FAST ENDS WITH 50 POUNDS LOST

JOHANNESBURG, South Africa (AP)—Mrs. Cornelia Foster, a 61 year-old Johannesburg housewife, sipped a cup of tea yesterday afternoon, breaking a fast which she claimed lasted 101 days. She lost 50 pounds and is down to 238. Her only daily nourishment, she said, was six pints of water and soda water. She claimed a record, saying the previous longest fast was by Willi Schmidt of Essen, Germany, who went without food for 80 days.

No Help From AFL In Strike

PORT ARTHUR (AP) — The Port Arthur Trades and Labor Council is not joining CIO'S strike against 22 business firms here.

"We figure that they have their own plans and we have ours," said council president George C. Cantrell yesterday. "We have the attitude that what they do is their business."

Cantrell said the council did not send a representative to a meeting union local for the Distributive, Processing and Office Workers of America local after the DPOWA was accused by Atty. Gen. John Ben Shepperd of being Communist-influenced.

The Port Arthur News said a "few AFL members" attended the Tuesday night meeting and that the AFL "is conducting a quiet organizing campaign at places similar to those struck or picketed by CIO."

Praises Secretary And President Ike

WASHINGTON (AP) —Sen. McCarthy (R-Wisc) stuck to his guns today in his disagreement with the administration on foreign policy, but said any contention that he is challenging President Eisenhower's G.O.P. leadership is "both ridiculous and untrue."

In a prepared statement, McCarthy said "I will continue to give my utmost support to the Republican Party now and in the future" but he emphasized:

"This does not mean that I will refrain from criticizing my party when I think it is making mistakes."

He praised both Eisenhower and Secretary of State Dulles in the statement, but said he still thinks this country should refuse dollar aid to any allied nation "shipping any goods to Communist China so long as a single American remained in a Communist blood-stained dungeon."

"On this matter Secretary Dulles and I are in complete disagreement," McCarthy said.

"In a republic such as ours there must be room for honest difference of opinion. I respect the honesty and sincerity of purpose of Secretary Dulles."

"However, I have such deep convictions on this subject that I shall continue to discuss the matter at every opportunity and I urge Secretary Dulles to reappraise our whole policy in this regard.

"It is my hope that such a reappraisal may result in a change of policy in this respect."

McCarthy's statement was a reply to the one-two punch thrown at him by Eisenhower and Dulles as a result of McCarthy's radio-TV speech last week criticizing administration foreign policy.

Dulles hit at McCarthy's views Tuesday as striking at the very heart of United States foreign policy. Yesterday, President Eisenhower said he was in full accord with Dulles' statements.

Eisenhower also took issue with the Wisconsin senator's declaration that the Communists in government issue will be a major one in next year's Congressional election.

The President appeared, however, to have left the door open for full-blast continuation of Congressional hunts for spies and subversives reportedly active in the government during the Truman administration.

.15 Inch Of Rain Falls Here Yesterday

A shower yesterday afternoon dropped .15 of an inch of moisture on Snyder.

The rain was the first here since Nov. 18, when a light shower measured .02 of an inch. It brought the year's total of 14.25 inches, just .02 of an inch more than had fallen by this time last year.

The average rainfall for the year up to now is almost 20 inches. The average for December is .91.

Temperatures remained moderate, with a high of 65 yesterday and a low of 38. The reading at 7:30 o'clock this morning was also 38, according to Mrs. D. P. Strayhorn, weather observer.

Snyder Holds Mark On Use Of Airline, Beats 3 Other Cities

Passenger loading and deplaning at Winston Field fell off slightly during November from October, but bad weather during the month caused several more overflights during the month.

In November, Pioneer Air Lines boarded 76 passengers here, compared to 77 for October. The airline also deplaned 59 persons, while 65 were deplaned in October, according to Jim Babcock, Pioneer station manager here.

Babcock said that an October report on all Pioneer stations shows that in Snyder 77 passengers boarded compared to 66 for Breckenridge, 64 for Sweetwater, and 62 for Mineral Wells. Big Spring boarded 138 and Plainview 111. The station manager said unofficial reports received here this week show that Sweetwater boarded 56 passengers during November while Breckenridge had 28. Snyder exceeded both stations during both months.

So far since air service began here Sept. 27, there has been a total of 201 passengers boarded and 163 deplaned. That covered a period of 65 days through Nov. 30. That is an average of more than three boarded and more than two deplaned per day.

During October, of those boarding planes here, 41 went to Dallas, 23 to Midland-Odessa, seven to Houston, two to Amarillo, two to Fort Worth, one to Austin, and one to Lubbock. Of those arriving here, 33 were from Dallas, 14 from Midland-Odessa, six from Fort Worth, five from Houston, three from Austin, three from Abilene, one from Albuquerque, and one from Clovis. Babcock said some of the persons leaving here were destined for points out of the Pioneer territory, as some arriving here came from farther away than listed, but Pioneer lists travel only within its own line.

Flight No. 46, which leaves here at 1:15 o'clock in the afternoon eastbound, had the largest number of November passengers with 47 boarding and six deplaning. Eastbound flight No. 48, which departs at 6:27 o'clock in the evening, had 15 on and nine off, while westbound No. 41, which leaves at 9:15 o'clock each morning, had 9 on and 26 off and westbound No. 43, which leaves at 4:22 o'clock in the afternoon, had five on and 18 off.

Overflights were numerous during November. There were 21 overflights out of a scheduled 120 flights because of bad weather. That is 17.5 per cent of the total number of flights. During October there were 14 overflights. At one time during November, Babcock said, the Snyder station missed eight consecutive flights because of bad weather.

The biggest day during November was the 18th, when 18 boarded and 18 deplaned. On that day there were 14 school children who came here from Abilene to tour the Snyder schools. The second biggest day was Nov. 25, when eight boarded and three got off.

Air freight has increased steadily since air service began here, Babcock said, adding that air express has also increased. Air mail has continued at about its same steady pace, but Babcock said he expected an increase this month in Christmas air mail.

Local Paper Wins Change From USDA

WASHINGTON (AP)—The Agriculture Department said last night that a Texas editor had been successful in his fight to have made public the names of farmers helped under the government's drouth relief program.

R. L. Farrington, director of the department's Agricultural Credit Service, outlined the new policy in a letter to J. R. Wiggins, chairman of the American Society of Newspaper Editors freedom of information committee.

Wiggins, managing editor of the Washington Post, had urged revision of the former policy of secrecy at the request of Houston H. Harte of the Snyder (Tex.) Daily News. Wiggins contended that "publication is the governments' best assurance that the announced purpose of governmental programs are not being disregarded.

Farrington said the government prefers not to compile lists of names of the participants because the task might be "unduly burdensome and expensive." But he said "we have determined that it will be feasible to permit a review of the records at reasonable times."

The matter first was raised by Harte who tried to get the names of drouth aid recipients in Scurry County, Tex.

Although Harte later got the names he asked, he was told by the department that their release was contrary to standing instructions because the "information is considered confidential and release would not be in the public interest."

Harte appealed to the ASNE and Wiggins asked Secretary of Agriculture Benson to reverse that policy. Wiggins contended that publication of the names would help prevent irregularities and that "citizens have a right to know for what and to whom public moneys go."

Ex-Policeman Gets 40 Years

FORT WORTH (AP)—A federal court jury yesterday convicted two Oklahoma men, one of them a former Midland, Tex., policeman, of kidnaping a young airman at Oklahoma City, Sept. 15.

Charles Lee Jenkins, 22, who moved to Tulsa after being dismissed from the Midland police force, was given a 40-year penitentiary sentence. Homer Richard Clinton, 36, who has a long Oklahoma criminal record, was given life imprisonment.

Reds Refuse To Alter Demand In Peace Talks

PANMUNJOM (AP)—U. S. envoy Arthur Dean warned today that if the Communists want a Korean peace conference they must do "a complete about face" on demands that Russia be invited as a neutral nation.

Dean told the Reds that "sterile, nonproductive and uncooperative" insistence on Russian neutrality could stall the conference "indefinitely and perhaps forever."

Dean and the Communists met for 3½ hours—the longest meeting so far in 5½ weeks of preliminary talks to arrange the peace conference.

Dean said he was trying to break the deepening deadlock and had received no instructions to put a time limit on the preliminary talks.

The Communists today flatly rejected Dean's latest plan for a political conference, but made no specific mention of his proposal to seat Soviet Russia as a third party.

His proposal would make Russia a full participant but not directly a member of the Communist belligerent delegation. The Russians would have to vote as a unit with the North Koreans and the Chinese, however.

WEATHER

NORTH CENTRAL TEXAS: Generally fair through Friday. Colder Thursday.

WEST TEXAS: Generally fair Thursday with lowest temperatures 25-35 except 36-42 Del Rio-Eagle Pass areas.

EAST AND SOUTH CENTRAL TEXAS: Generally fair through Friday. Cooler. Fresh to strong shifting winds on the coast, becoming moderate westerly.

Family Goes Back And Forth Over Iron Curtain On Train

VIENNA, Austria (AP)—A Czech grandfather told today how he and four of his family shuttled back and forth three times through the Iron Curtain, hidden under a pile of lumber on a freight car, before they finally reached freedom.

At one time the piteous cries of his two grandchildren, suffering from hunger and thirst in an ordeal that stretched over eight days, drove Bedrich Cech, 52, to the point of surrender. All of them suffered, including his pregnant daughter-in-law.

But a monumental bluff by Cech and his son succeeded and the family finally reached a haven in the U.S. occupation zone of Austria.

Cech said he and his family feared arrest in their Communist homeland because his daughter, Vlasta, is married to a former American soldier, Ronald K. Brown. She lives with him near Earlham, Iowa, (R.F.D. 4).

Cech told a news conference in Linz that starvation, thirst and sickness nearly wrecked the escape of the party, which included his son, Marion, 30; his pregnant daughter-in-law Drahomira, 24, and their two children, Ladislav, 4, and Vlasta, 2.

The Trieste-bound train on which they were huddled crossed and recrossed the Iron Curtain three times before they finally reached the safety of the American zone of Austria last Thursday. Customs inspectors overlooked the refugees hidden under the load of wood.

Cech said the job held by his son, Marion, as an executive with a saw mill in Cervena, 96 miles from the Austrian border, suggested the means of escape.

After his daughter, Vlasta, "disappeared" in May, 1949, to come to Austria to marry Brown, Cech was forced to take a laborer's job. Marion, although not a Communist, was permitted to hold a top job because of a shortage of lumber experts.

Cech gave these details of the amazing escape plan:

On Nov. 19 Marion ordered an open freight car from the sawmill to be loaded in such a way that a six-foot square space would be left under the lumber. The family climbed in. The children were given sedatives. The family took two suitcases with family heirlooms, an oxygen tank, rolls of tarpaper, tools, food, water and a strong liquor.

Unsuspecting workers loaded a final truckload of lumber on top of the hiding place. The two men pasted tarpaper around the compartment to keep their scent from border police dogs. They built two devices for pulling in air and taking it out.

They reached the border on Nov. 21. They held their breath while customs inspector circled the freight car with dogs. Two hours later they reached the Soviet zone of Austria.

"We were overjoyed," said Cech. "There was no need to conserve our food. We ate and drank heartily to celebrate. The freight car waited for 12 hours then suddenly began going in the wrong direction. We were horrified. We went right back into Czechoslovakia."

They spent three days in the car at the border town of Horni Dvoriste. Their food and water was gone. The children were fed a few lumps of sugar moistened with plum brandy, the only liquid left.

Cech was driven to desperation by the cries of the children, "Grandpa, water, water, please give us water." He decided to give up, and the family, almost too weak to stand, emerged from the den in the freight car.

But refreshed by water from a nearby stream, thoughts of surrender were set aside. They returned to the lumber car compartment.

On the morning of Nov. 25 the men decided on a bold gamble. They put their tools in a kit and marched to the station master. Marion said they had been sent to repair the now loose load on the car because it was needed urgently in Trieste. The station master accepted the story.

The men got soup for the children, coffee, and beer in a nearby town, fixed the loose load and asked that the car be put on a train going south. They returned secretly to the hiding place.

Early the next morning they started to move toward Austria. Finally they arrived in Linz in the U.S. occupation zone.

They got out there—on Thanksgiving Day.

Again No Prisoners Choose South Korea

PANMUNJOM (AP) — A second group of 30 South Koreans today unanimously chose life under the Communists, giving Allied persuaders a total blank for two days of efforts to woo home balky war prisoners.

There was no violence, but many prisoners were more talkative than the 30 who yesterday listened passively to ROK explainers, then chose communism.

The U. N. Command said 30 more South Koreans of 328 who refused repatriation will be interviewed tomorrow.

There was no indication when 22 Americans and 1 Briton who stayed with the Communists will be called.

Negotiators working on plans for a Korean peace conference, meanwhile, met for 3½ hours and apparently made no progress.

U. S. envoy Arthur H. Dean warned the Reds that their insistence on seating Russia as neutral might stall the conference "indefinitely and perhaps forever."

The Communists rejected Dean's plan for setting up a peace conference but did not mention specifically his proposal that Russia attend as a third party with full voting rights rather than as a Communist belligerent or a neutral.

Some South Korean prisoners interviewed Thursday marched into the explanation tents singing Communist songs and chanting slogans.

But the interviews went so smoothly that a young Polish major serving as a repatriation commission observer began nodding and finally went to sleep. He awoke with a start when the session ended.

Man Tied As Wife Attacked, Murdered

HOLBROOK, Ariz. (AP)—Carl J. Folk, a 60-year-old, 215-pound carnival owner, refused to talk today in a local hospital after being charged with the rape-slaying of a woman while her husband lay bound and gagged nearby.

Folk was accused of killing Mrs. Betty Faye Allen, of Wattsburg, Pa., 22, in a trailer near here.

Her husband, Raymond, 25, a machine tool repairman, spent a night of horror while tied hand and foot in the trailer and listening to his wife's screams.

He finally wiggled loose and shot the assailant in the stomach. Folk's condition is not regarded as serious.

Investigating officers said Mrs. Allen's hair and body had been burned by her tormentor. Her hands and feet were tied and there was a sheet knotted about her neck.

Meanwhile, the Allen's two-year-old son slept undistrubed in the trailer.

It was reported from Albuquerque, N.M., that Folk is under a five-year suspended sentence in connection with the raping of a young girl. After being committed to the insane asylum, he was released a few weeks later on a convalescent parole.

Sheriff's deputies were informed by Allen that he had a brief chat with Folk yesterday morning when both were stopped at a service station en route westward.

Allen said thereafter he noticed Folk's car repeatedly passing his trailer, dropping back and then passing again.

Allen parked his four-room trailer at the edge of U.S. highway 66, east of Holbrook, to put up for the night.

At a coroner's inquest he said that about 10 p.m. a man barged into the unlocked trailer. He said "this is a holdup. Tell me where the money is and everything will be all right."

The holdup man then tied Allen and his wife.

After a night of torture, Allen broke the rope strands, stumbled from the trailer and hailed a passing truck driver.

Two other drivers joined Allen and his companion as they headed toward the trailer. Allen said he re-entered the trailer, seized one of his two guns, and went in pursuit of the fleeing Folk.

Allen said he fired six times but Folk ran about 200 yards before dropping.

Five Accidents Near Snyder

Five wrecks occurred in the county between noon yesterday and 9 o'clock last night, but no one was seriously injured, according to J. D. Frith and Howard Gibbons, deputy sheriffs who investigated all of them.

Two cars collided at the intersection of Clairemont Road and Smith Street two miles north of town about 4:15 o'clock yesterday afternoon. A 15-year-old school girl whose name and address were listed as L. A. Evans, Avenue O, was driver of a 1952 Ford coach.

She said she attempted a left turn at Smith Street when the accident occurred. The other car, a 1953 Plymouth coach traveling in the same direction, was driven by Don L. Henry, 28 who officers said was attempting to pass. Damage to the Ford was estimated at $75, and damage to the Plymouth was said to be about $150.

About $500 damage resulted from a one-car accident occurring on the Lamesa highway about a mile west of town when a 1953 Chevrolet coach driven by Paul W. Trammell, 20, of 2808 Avenue X, struck a culvert. He was traveling east. He and another man were slightly injured.

No one was injured when a 1947 Plymouth driven by John F. Juantrevino, 31, of McAllen, overturned on the curve at the north of the underpass five miles north of here on the Lubbock highway about 9 o'clock last night. Other occupants of the southbound car included his wife. Damage was estimated at $100. The driver said he lost control of the car when he ran onto the soft shoulder.

About $400 damage was done to a 1952 Chevrolet pickup driven by David M. Hipolitogoz, 38, of Plainview, when it struck the rear of a trailer 14 miles north of here on the Lubbock highway about 7:45 o'clock.

Mrs. Cordelia Chenoweth, 68, of Abilene, was driver of the 1947 Chevrolet coach which was towing the two-wheel trailer. She was alone at the time. Damage to the trailer was estimated at $150.

Heavy damage resulted from a car-truck collision nine miles east of here at noon yesterday. Drivers were Carlos Bernal, 46, Kennedy, in a 1940 Chevrolet truck, and G. H. Wilcox, 53, Sherman, in a 1952 Cadillac.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: William Harold Roseon, Ira; John L. Lawhon, Snyder; Mrs. G. H. Wilcox, Sherman; Henriann Hughes, 2505 Twenty-seventh Street; Mrs. Dan Coomer, Dermott; Mrs. L. L. Beard, 708 Twenty-eighth Street; Paul Trammell, 2808 Avenue X.

Dismissals: Mrs. Gid Chambers, 415 East Thirty-first Street; Mrs. John W. Pickering and baby, Snyder.

Slick Streets Cause Accidents Yesterday

Two minor automobile accidents here yesterday afternoon were said to have been caused by slick streets, Marvin Brister, police sergeant, said.

Brister said that a 1946 Buick driven by W. C. Eisman, 43, Lone Star Hotel, and a 1951 Oldsmobile driven by Verda Ables Sears, 23, 2401 Avenue B, were involved in an accident at Avenue F, and Seventeenth Street at about 3:30 o'clock yesterday afternoon.

The other accident involved a 1947 Buick driven by George Ellsworth Whitted, 35, 504 Thirty-fourth Street, and a 1952 Dodge driven by Billy Clinton Blankenship, 24, of Brownfield.

There were no injuries.

Masons Lauded By Governor

WACO (AP)—The Masonic Grand Lodge of Texas installs its new officers in public ceremonies today after hearing Gov. Allan Shivers praise Masonry's part in Texas history.

The order has been especially influential in the realm of education, the governor said in a banquet address last night.

"Masonry has no greater enemy today than the movement known as Communism, and likewise, Communism has no greater enemy than Masonry," Shivers said.

"The Communist ideology is inimical to God and to the best interests of man. It exalts a monstrous form of government, tramping the finest values of mankind in the name of the state."

More than 2,700 delegates were registered. W. B. Bell, San Antonio attorney, is scheduled to succeed John McKee of Dallas as grand master. George Moffett, Chillicothe, becomes deputy grand master and W. W. Booth of Paris grand senior warden.

Need Doctors Late

ST. LOUIS (AP)—What annoys a doctor more than anything else?

A number of doctors attending the annual American Medical Assn. clinic session here said the "late call" which gets them out of bed when they could have been called earlier.

Most of the doctors agreed that 11 p.m. seemed to be the peak hour for unnecessary calls.

More than 25 million acres of California are national forests.

Injuries From Accident Near Here Yesterday

No one was seriously hurt in an accident east of here yesterday which extensively damaged an automobile and a truck.

Occupants of the car, Mr. and Mrs. G. H. Wilcox of Sherman, were taken to Battenfield Hospital by Bell ambulance, but their condition was not believed serious.

Occupants of the truck, Mr. and Mrs. Carlos Bernal of Kennedy, Tex., and their son, Lupe, 7, were not injured.

The accident occurred about nine miles east of here on the Roby highway at the junction of a county road. Bernal, 46, said he was attempting to turn from the highway onto the county road when the automobile and his 1940 Chevrolet truck collided. Both vehicles were traveling east. Wiscox, 53, a Sherman banker, was driver of the 1952 Cadillac sedan.

The sedan skidded 102 feet on the north side of the pavement before the collision, then traveled 132 feet farther before it stopped northeast of the junction, according to a report of the accident, made after investigation by Howard Gibbons and J. D. Frith, deputy sheriffs. The truck came to a stop on the south side of the highway 120 feet from the place of collision.

Damage to the Cadillac was estimated at $400, and the truck was estimated as almost a total loss. Both front wheels and the axle of the truck were torn loose.

The Latin - American Bernal family was working in the cotton harvest here.

Courts Show Collections Up

Fines and court costs collected in justice and county courts during November totaled $2,381, an increase of $1,043.50 over the previous month's total but a decrease of $441 from the total for both courts during November of last year.

The total of fines and costs collected last month in county court was $1,194, compared to $722.50 in October, and the total last month for justice court was $1,187, compared to $615 in October.

Breakdown of last month's collection shows county court fines assessed totaled $1,065, and costs assessed totaled $240, making a combined total of $1,305, but credit for jail time served in lieu of payment totaled $111, leaving collection of fines and costs $1,194.

The breakdown for justice court shows fines were $486, and costs were $701. These totals were from payments in 44 cases. Cases in which credit for jail time was given in lieu of payment are not shown.

Additional receipts in both courts come from civil fees and court costs in civil cases and boost the grand total of all funds collected in the two courts during November to $2,577.55. In justice court, costs collected in seven civil cases amounted to $17.90. In county court, fees for civil citations, etc., amounted to $28.10, and funds found in old file jackets totaled $150.55.

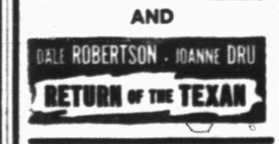

A comparison of current monthly collections with those of the boom's peak is seen by the total for both courts in October, 1950, which was $12,426.

Flutist Hurls Challenge At Band Leader

MEXICO CITY (AP)—A flute player dishonorably discharged from the Mexican army on charges of playing sour notes at the Falcon Dam dedication has challenged his accuser to a musical duel—flute versus a trombone.

Sgt. Silvestre Mayorga was ousted in disgrace for what his superior called playing false notes in a rendition of the national anthem in the presence of Presidents Eisenhower and Ruiz Cortines. Mayorga appealed.

At a hearing yesterday he said he played for 15 years with symphonic orchestras and the ballet and with the orchestra at the Palace of Fine Arts.

Trombone player Amador Perez, director of the army band, had little training by comparison, Mayorga said, and knew little or nothing about flutes.

Former Snyder Man Sued In Slander Case

A $10,000 slander suit against a former Snyder man, B. C. Drinkard of Roby, is scheduled to be heard in February or March in the 104th District Court at Roby.

The suit was recently filed for Robert Bock, Jr., a stockfarmer in the Royston area, who alleges Drinkard slandered him on or about July 15 in Roby. The plaintiff is seeking $5,000 on allegation of the act of slander and $5,000 as exemplary damages.

Counsel for the plaintiff is the Abilene law firm of Scarborough, Yates, Scarborough & Black, which is also counsel for the defense in another suit in which Drinkard is a plaintiff. The latter suit is filed against the county judge there, Bruce McCain, and others and is a suit for $10,000 on alleged breach of contract, involving the county depository.

Drinkard is head of the Citizens State Bank, listed plaintiff in the contract suit. He is also a director of the West Texas State Bank here and is a former head of the local unit of the Farmers Home Administration.

Pilot Jumps From His Jet

AMARILLO (AP)—The hilly, gullied ranch country 15 miles northwest of here was searched in freezing weather last night for an Air Force captain who bailed out of a crippled jet trainer.

Another Air Force officer who parachuted, Col. Milton W. Johnson of Sherman, found his way to a farm house and reported he saw the captain's chute open.

The two were en route from Kirkland AFB, Albuquerque, to their home base, Perrin AFB in Grayson County, on an administrative flight. What happened to the T-33 two-place jet trainer was not disclosed.

Twenty Civil Air Patrol planes made flights over the area and 50 airmen from Amarillo AFB searched on foot for the captain, whose name was not disclosed.

The plane fell on Cross-Bar Ranch.

TV Addict At Home

SANTA MONICA, Calif. (AP)—In support of her petition for a divorce decree, Mrs. Gladys L. Myers, 37, complained that her husband Stanley, 53, aircraft plant policeman, watched television by the hour and forced her to stay in the kitchen meanwhile.

The court granted her a decree.

Wompum Is No Good

DELTA, Colo. (AP)—Police Judge N. E. Darrow returned 29 "buttons" with which three Indians had attempted to pay drunkenness fines yesterday. The buttons came off their wives' clothing.

They were silver dollars defaced by copper loops welded to them. A bank refused to accept them.

The judge suspended the $29 in fines.

NEUROSIS REFLECTED

Pets Tell About Their Home In Laboratory Observation

By HAL BOYLE

NEW YORK (AP)—Does your dog brood? Well, stop him. That way lies madness.

Civilized dogs and cats are getting more neutoric all the time.

The main trouble? It's people. Modern people not only drive each other batty. They do the same thing to their pets.

"People drive 50 per cent of their pets neurotic by lack of understanding," said William Hall, a former management engineer turned animal psychologist.

His conclusions on the mental relationship between pets and people are based on the study of thousands of animals in his laboratory at Coral Gables, Fla.

"Any pet reflects its home," he said. "We can take a dog in our laboratory and quickly tell, in part simply by the way it wags its tail, the general mental health of its owners. We can even tell whether the husband or wife is dominant in the home—and how dominant."

A frustrated animal, Hall has found, usually is the product of frustrated people. He feels the frustration in both the pet and its owner stems from the same cause—an ego-deflating boredom that raises from a feeling of lack of accomplishment.

"We are all extroverts—we like to feel we are doing something worthwhile," he said. "A busy person rarely gets in trouble—and neither does a busy animal.

"A civilized pet has too much leisure, too much time to brood. It has surplus energy it must get rid of somehow. So, unless its owner understands this and gives it something to do that satisfies it, it becomes neurotic, bites people, chews up rugs or tears up the furniture."

Fortunately, the average dog, cat or parakeet doesn't have to write a novel, climb Mt. Everest or get elected to public office in order to gain a feeling of victory out of life.

After 27 Years Mrs. Vacula Gets Her Deer

DEER LAKE, Pa. (AP)—For 27 years Mrs. Mary Vacula had gone deer hunting on the opening day of Pennsylvania's season.

For 27 years, she had never shot a deer.

Yesterday, she stayed home while her husband Steve went out on opening day with five male friends.

While he was deep in the forest, she spotted a five-point buck from her back porch.

Mrs. Vacula got her deer. Steve got none.

River Turns Sudsy

WHEELING, W. Va. (AP) — That "strange, white bubbly substance" stretching from shore to shore in the Ohio River has been identified. It's soap.

A. R. Todd, chemist at Wheeling filtration plant, announced today his analysis showed it to be 32 pounds of detergent—a synthetic soap product—to each million gallons of water.

Todd said the detergent might have been accumulating in creeks during the long dry spell from family washings and other cleaning processes and was flushed into the river during the recent light rain.

Witches Are Excused

BOSTON (AP) — The 1954 Massachusetts Legislature has been asked to clear those famed Salem witches after, lo, these 2½ centuries.

Two Essex County men filed a bill yesterday to reverse the 1692 witchcraft conviction of Ann Pudeator and others.

Ann was hanged on Gallows Hill. Twenty-one other persons also were executed or died in jail before the witch hunt ended.

Kindness Unrepaid

SHAWNEE, Okla. (AP)—Two kind policemen picked up a skunk, run over by a car, and took him to police headquarters at City Hall, believing him to be a pet—the deodorized variety.

But there the ungrateful skunk cut loose with a blast that sent officers Ernie Coleman and Henry Shelton running for cover. Now nobody around City Hall will speak to them.

Red Balky Seems To Enjoy His Interview

PANMUNJOM (AP)—The prisoner of war, a South Korean, was in his early 20s. He smoked a cigarette, his face impassive.

Across the small table from him today, a South Korean major expounded the attractions of the republic over Communist North Korea.

It was the second day of Allied explanations which had failed, up to this point, to win back a single captive from Red ideology.

The major promised promotions, rewards, medical treatment and pardons for any crimes. Then he asked permission to play recordings. The POW agreed.

First came the strains of the South Korean national anthem, then the voices of recent voluntary repatriates telling of good treatment in their homeland.

The captive asked the addresses of the repatriates. The major supplied them.

South Korea had been rehabilitated, the major said. He unfolded a two-page spread of pictures from the U.S. Army newspaper Stars and Stripes showing the progress.

The captive asked the major his name, address, military unit. He wrote the answers carefully.

"Who sent you?" the POW asked. "Why did you take the trouble to travel to Panmunjom?"

The major replied, softly, patiently.

"I know everything about South Korea," the captive interjected. "I am sure you must know why I chose freedom and decided not to return to South Korea."

An Indian guard spoke. "You should listen to the explainer."

"Tung-moo," the young major said. "Comrade."

It was not the Communist salutation, but the South Korean address of a soldier to a soldier.

"Tung-moo, do you want the interview to continue?"

"Yes, please continue"

The major laid aside his notes.

"Your absence has brought tears to the eyes of your mother," he said.

"The scientists say that a tear is just water. I think they are right—but I think there is something more.

"I think there is love in a tear. Your mother is crying and waiting for you."

The prisoner did not answer. He went on scribbling notes.

When the major stopped speaking, the prisoner jumped to his feet.

"You know South Korea as well as I do," he said. "That is why I am going north."

"I will see you one day."

Arizona mines have produced minerals of a value totalling four billion dollars since 1853 says the National Geographic Society.

Mrs. Bill Walker, seated with her two children, Martha, and Bill, and Mrs. Charles Swan, are newcomers to Scurry County. They live in the Sun Lemons Camp southwest of Snyder. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Oil Business Brings 2 New Engineers To Lemon Camp

Mrs. BILL WALKER and Mrs. CHARLES SWAN, newcomers to Scurry County, have several things in common. Their husbands are engineers with Sun Oil Co., and both have moved recently to Lemon Lease camp. They say they like it as a home and have found neighbors friendly and likable.

Mr. Walker was transferred from Silver about three weeks ago. Snyder, his wife says, will be as permanent a location as they can have. Moving has become almost commonplace with this family. Mrs. Walker jokingly said fifiteen moves since their marriage is exaggerating a little, but doesn't miss it very much.

Mrs. Swan came here last July. He and his wife have been living in town since their marriage Sept. 26, moving to the camp last week; since then, she said, "We have been busy unpacking wedding presents and getting straightened out." Some of their furniture has just now arrived from Fort Worth, Mrs. Swan's home before her marriage.

Her favorite hobby is bowling, while Mr. Swan prefers fishing. So far, she says, there hasn't been an opportunity for either to try the other's hobby, although both intend to learn. Mrs. Swan also likes to hunt, "but hunting," she said, "is out right now, since I don't have a gun."

As for hobbies in the Walker home, Mrs. Walker says "We don't have much time for them, unless you can call baby sitting a hobby." Martha, eight months old, and two-year-old Bill—not a junior, she laughed——are responsible for the switch from golf to baby sitting.

Bill likes having his daddy so near the house, Mrs. Walker said although it is causing a little trouble for both parents, as he keeps running over to the office at every chance he gets. Mr. Walker was a foreman at Silver, giving drilling training to engineers, and worked in the field.

"Television reception at the camp is fairly good," commented Mrs. Walker; but Lubbock cannot be received here as well as they could get San Angelo at Silver.

Television isn't an interest in her home, according to Mrs. Swan, who says a vacuum cleaner and washing machine have priroities over TV at the present.

Both women like Snyder when time comes to shop, for they find it more convenient than their former homes. Mrs. Walker said "I don't have to drive as far as I did when we lived at Silver." And Mrs Swan's reason is, "Fort Worth is getting so large, it is almost impossible to find parking spaces, and shopping there takes such a long time."

BOOK REVIEWING

Memberships for the second half of the Book Review Club's year are open, Mrs. GENE DULANEY, membership chairman, has announced. The second half starts Jan. 1, and there are four more book reviews due.

Cost will be $5 for the period, which is half the cost of a full year's membership. Those interested can call Mrs. Dulaney at 3-5776.

Beliefs Told At Cosmorama Meet Here Yesterday

Mrs. Jesse Everett and Mrs. James Rosser were program directors for the Cosmorama Club at its meeting yesterday in the home of Mrs. Renal Rosson, 2510 Thirty-first Street.

The Rev. Ronald Hubbard was guest speaker, leading a discussion on Lutheran and Presbyterian beliefs.

During the business session, club members voted to adopt a Christmas project to help a needy person. They also voted to contribute cash to the Kiwanis Club's toy fund in place of exchanging gifts among themselves.

An invitation to attend the exhibition of paintings by John Meigs at Snyder High School Sunday was read.

Twenty-three club members attended the meeting.

PERSONALS

Mr. and Mrs. Ex Minor, who live southwest of Snyder, were called to Dallas last week by the illness and subsequent death of their son-in-law, Joe Locke. Mrs. Locke and two sons will make their home with the Minors here.

Mrs. John Gay, Childress, visited yesterday with Mr. and Mrs. Jodie Bynum, 605 Twenty-ninth Street.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

Here's a tiny little cup cake that almost says "try me." The butterscotch and nut flavor of these oatmeal Marguerites is wonderful, and they are made-to-order for Christmas goodies.

MARGUERITES

1 cup butter or margarine
¾ cup brown sugar
1 egg
1 teaspoon vanilla
1 cup sifted flour
½ teaspoon salt
¾ teaspoon baking powder
⅛ teaspoon soda
1 cup rolled oats, uncooked
1 cup chopped nutmeats

Beat butter until creamy; add sugar gradually and beat well. Beat in egg and vanilla. Sift together flour, salt, baking powder and soda into creamed mixture and mix thoroughly. Blend in rolled oats and nutmeats.

Drop by teaspoons into small well-greased muffin cups. Bake in a moderate oven (375 degrees) for 15 to 18 minutes. Loosen edges with a sharp knife and remove from pans immediately by inverting on a wire rack. Cool. Turn right side up and pipe edges with Butter Cream Frosting; sprinkle with colored sugar. Makes four and one-half dozen cookies.

BUTTER CREAM FROSTING

Mix together two tablespoons soft butter or margarine, one and one-half cups sifted confectioners' sugar, two tablespoons milk and one-fourth teaspoon vanilla until smooth.

Hasten the defrosting of frozen foods by placing electric fan so that a constant supply of air moves over food, replacing the colder air around frozen food with warmer room air.

Christmas Party Planned By H-D Club On Saturday

Plans for a Christmas party to be given Saturday at the Hermleigh School were made at the Pyron Home Demonstration Club, which met in the home of Mrs. Arnold Haywood.

Miss Ruby Butts, county home demonstration agent, showed members a water glass decorated with a Christmas motif done with ball point paints. The correct landscaping of homes, starting with the selection of shrubbery and its planting, was stressed in a talk on landscaping given by Miss Butts.

A demonstration on the baking, serving, and carving of hams was given by Mrs. Herman Stahl and Mrs. Buford Light.

Refreshments of punch and cake were served to Mrs. Dale Hess, Mrs. Forrest Hess, Mrs. Light, Mrs. Lowell Light, Mrs. Stahl, Mrs. A. L. Pieper, Mrs. Garland Haygood, Mrs. Hy Coldewey, Mrs. Ernest Schattel, Mrs. B. J. Clifton, Miss Butts, and two guests.

Farewell Party Given

Miss Janet Chambers was honoree at a farewell party Nov. 24, in the home of Miss Margaret Steel, Dermott.

Assisting Miss Steel as hostess was Miss Joy Bills.

Refreshments were served to Lou Ann Norris, Tommy Pritchard, Joe Reaves, Dub Morris, Pat Maddox, Duayne Norris, Billy Ray Browning, Dick Browning, John Partain, Jerry Scrivner, Bob Pollard, and Miss Chambers.

Class Makes Plans

Christmas plans for the seventh grade at Hobbs Community were discussed in a class meeting Monday, called by Jerry Trice, class president.

Other officers are Mary Ann Kincaid, vice president, Rosalie Neves, secretary - treasurer, and Sandra Simpson, reporter.

Three Generations Of Foys Have Made Hits On Stage

By BOB THOMAS

HOLLYWOOD (AP)—The tradition started by the great vandevillian Eddie Foy is continuing to the third generation.

The purse-mouthed Foy was one of the leading figures of the early golden era of American entertainment. He spawned a household of little performers and incorporated them into an act called "Eddie Foy and the 7 Little Foys." The most famous of the offspring is Eddie Jr., who reports that his own son, Eddie III, is getting ready to join the family trade.

"He's only 18 and still going to Notre Dame High School in the San Fernando Valley," reported Eddie Jr. "But he's got a lot of ham in him. He and some high school buddies whipped up an act and did it one night at my brother's night club. It was okay too. But Eddie complained about the act that preceded him. He's catching on fast."

The 18-year-old will probably face military service and Notre Dame University before he can hit the footlights. But his father says the boy is eager. He'll carry on a tradition that goes back to Chicago alley saloons in the 19th century.

The elder Foy, then Edward Fitzgerald, used to dance for pennies in the drinking joints when he was a boy. One night a bleary-eyed actor commended him and asked his name. "That's too long," the sotted thespian replied. "Better take my name. I haven't done much to distinguish it, but it's short and people remember it. The name is Foy."

Foy went out West to play such towns as Dodge City and became friends with Wyatt Earp, Bat Masterson and other frontier figures. Once a saloon owner banished two guns to secure Foy's services from a rival.

The entertainer became a Broadway hit in shows for the Shuberts, who pretty well controlled the New York theater. One day Foy got in a tiff and struck J. J. Shubert, who fell and broke a leg. As Eddie Jr. tells it, J. J. swore Foy would never work in a Shubert theater again.

Foy sat at home for a year with his Italian wife and their seven children. Mrs. Foy was always arranging benefits for her church, and one day she trouped the seven kids onstage to perform. "Now take the children and go play vaudeville," she instructed her husband.

That was in 1910, when vaudeville had not yet come into its own. But Foy took his brood on the stage and the act was an immediate success.

"We had a great time," recalled Eddie Jr., who is now appearing in "Lucky Me." "The only trouble was that we spent as much time in court as we did onstage. Whenever we stepped off the train in a new town, we were arrested. The Gerry Society tried to stop us from appearing, classifying us with factory hands in violation of child labor laws."

Toughest places to play were Florida, Ohio, the Carolinas and Kentucky, Eddie remarked. He said that authorities in Louisville were about to take away three of the little Foys, but the family was spirited across the state border. They were stoutly defended by Henry Watterson of the Courier-Journal, who convinced the court to reconsider.

The act went strong for 15 years, breaking up in 1925. Son Bryan, who had written the song hit "Mr. Gallagher and Mr. Shean," went to Hollywood as a writer. Eddie Jr. left for Ziegfeld shows. Their father died in 1929.

What happened to the little Foys? Bryant is a movie producer having made the first all-talkie and the 3-D hit, "House of Wax." Charley has long run a popular San Fernando Valley night club, where Mary also entertains. Dick, now dead, was a theater man, and Madelon was married to Bill O'Donnell Texas theater magnate. The youngest, Irving, has run little theaters and is now in Taos, N. M.

When the Sudan held an election recently it required five weeks.

WOMEN'S CALENDAR

THURSDAY

Girl Scout Leaders Club, 4 p.m., Little House.

Rainbow Girls, call meeting for initiation and constitution program, 7:30 p.m., Masonic Hall.

Red Cross first aid training class, 7 p.m., downtown fire station.

FRIDAY

Women's Golf Association, 9:45 a.m., Country Club.

SATURDAY

Atheneum Club Bridge Benefit, 2 to 5 p.m., Ezell Motor Co. showroom.

Saturday Night Duplicate Club, 8 p.m., with Mr. and Mrs. Wayne Boren, 3112 Avenue X.

Delayed Diploma

BREWER, Maine (AP)—Avery D. Olmstead is working on a book report, 22 years overdue, that held up the Brewer High School diploma he should have received in 1931.

The East Orrington man said he wants the diploma for Christmas—which also is his 48th birthday.

School Principal Melvin T. Leighton said, "We have his diploma. School officials have authorized me to give him the diploma when he completes the book report."

Piltdown Hoax Exposure Has Made Evolution Even Clearer

By CHARLES MERCER

NEW YORK (AP)—Now that "Piltdown" has been exposed as a hoax, where does man stand in his knowledge about evolution.

The answer: just about where he did before that famous fossil skull was found to be a fraud.

In fact, the exposure clears the air. Physical anthropologists have been viewing Piltdown with skepticism for years.

When the pieces of skull and jawbone were found in an English gravel pit near the Sussex village of Piltdown between 1912 and 1915 some scientists concluded they were parts of the same creature who lived anywhere from 50,000 to 500,000 years ago.

On the basis of evidence then at hand, Piltdown seemed to them to be either a superior type of sub-human or a sub-normal type of true human. Yet his head was curiously different from those of other pre-historic men found in various parts of the world. He was a puzzle in the whole evolutionary picture.

Dr. Harry Shapiro, head of the department of anthropology of the American Museum of Natural History, says Piltdown "never was consistent with other data. He was out of line chronologically. His removal, instead of weakening, in effect strengthens our knowledge of the evolutionary process."

Prof. Ernst A. Hooton of Harvard, one of the world's most famous anthropologists, says the hoax "doesn't disturb our ideas of human evolution at all. If it is right that the head is a fake, it loses all its significance and removes a very puzzling link."

In England, Piltdown's time-stained skull and ape-like jawbone have become the butt of cartoonist's jibes and comedians' jokes. In this country some fundamentalist churchmen, who maintain that man was created in his present image about 6,000 years ago, have used the Piltdown hoax as a lever to pry at the whole theory of evolution.

Actually, scientists say the only disservice that possibly could come from exposure of the Piltdown fake would be widespread skepticism about other important discoveries of mankind's vestigial past.

People usually bandy the phrase "man came from monkeys." Most authorities today agree there are five families in that part of the living animal kingdom to which man belongs—the human family, the great anthropoids, the small anthropoids, the old world monkeys and the new world monkeys. All developed from the same stem hundreds of thousands of years ago, which is quite a different thing from saying "man came from monkeys."

In the study of mankind's evolution through fossils the most important discovery was made in Java in 1892 by a young Dutch physician, Eugene DuBois. He found the famous Java Man skull —an ape man twice the size of a gorilla who prowled the volcanoed slopes of ancient Java possibly 750,000 years ago, a real missing link between ape and man.

About the same period another giant peered out of a cave near modern Peking. Imagine a 1,000-pound brute with over-size jaw and under-size brain, even bigger and tougher than Java Man. His fossil remains were discovered in 1927 by Franz Weidenreich, who—incidentally—was convinced that Piltdown was a phony.

A third giant was added to this company in 1948 when Robert Bloom, a renowned anthropologist, found its petrified remains in South Africa.

It is interesting to recall the Book of Genesis: "There were giants in the earth in those days."

In 1921 the remains of Rhodesian Man were found in northern Rhodesia. Far down the evolutionary chain from the giants, he lived from 20,000 to 40,000 years ago. He stands as an ancestral type to modern man, about five feet 10 and stoutly built. But his brain space was small, his face reminds you of a gorilla's.

Since World War II, paleontologists have been aided in some phases of their work by fluorine testing.

With advances in methods of fluorine testing Piltdown recently underwent his final examination. Then the world learned that fragments of the cranium are genuine remains of a primitive man but the jaw is from a modern ape and deliberately faked.

CRICKETER NEHRU — India's Prime Minister Jawaharjal Nehru watches his cricket team warm up for a match in New Delhi in aid of a relief fund for flood victims.

Rent Hikes In England Get Approval Of House In Contested Vote

LONDON (AP)—The House of Commons last night approved in principle the Conservative government's new housing program aimed at halting deterioration of Britain's six million rent-controlled homes and starting clearance of slum areas.

The lawmakers backed the measure on second reading by a 309-282 vote shortly before Prime Minister Churchill left London for the Big Three conference in Bermuda. The measure was sent to committee for final revision before its third and last reading in the House, a formality.

The most controversial feature of the bill, hotly opposed by the opposition Labor party, gives permission for landlords to raise rents provided the added income is earmarked for repairs and maintenance.

Bevo Takes Country Team Into Big City

NEW YORK (AP)—Bevo Francis brings Ohio hill country basketball to the big town tonight with the opening of the Madison Square Garden college season.

The 6-foot-9 scoring sensation and his teammates from little Rio Grande College—smallest school ever to be represented in the Garden's 20 years of college basketball—take on Adelphi College of Garden City, N. Y., with St. John's of Brooklyn, runner-up in last season's National Invitation Tournament, facing Lafayette in the other game.

Under normal conditions the twin bill might attract upwards of 14,000 fans. But because of the strike which has closed all New York newspapers, Francis will get a real test of his drawing power.

Anything above 10,000 will represent a personal boxoffice triumph for the gangling young man who in his freshman season averaged an amazing 50.1 points per game.

When it comes to scoring, however, Bevo has a real rival in Furman's Frank Selvy, scourge of the Southlands. Furman has played and lost two games in two nights but Selvy, a 6-4 Kentuckian, is setting a torrid pace in defense of his national scoring crown.

Against North Carolina State Tuesday night he scored 31 points and last night be dropped in 40 as his club bowed to Duke 110-76.

Selvy, who averaged 29.5 per game last season, needs only 489 more points to break the three-year major college record of 1,888 set by Clyde Lovellette of Kansas in 1952.

Last night was another big one for basketball all around.

The new Atlantic Coast Conference opened its season with Maryland edging South Carolina 53-49 in the final 15 seconds. Purdue of the Big Ten started with a 83-64 verdict over Valparaiso.

The Oklahoma Aggies made it plain that they are again out to slow down the high-scoring clubs. Hank Iba's Aggies, always among the top defensive clubs, held Texas in check 54-37. In two games the Oklahomans have allowed a total of 77 points.

The University of Chicago won its second game in its last 56 starts and broke its own scoring record in the process. The Maroons beat George Williams College of Chicago 89-42.

All America Tom Gola scored 18 points as La Salle of Philadelphia opened with a 79-57 victory over Millersville, Pa., Teachers.

At Brunswick, Maine, a goal in the last 15 seconds gave New Hampshire a 92-90 decision over Bowdoin. West Virginia outlasted Carnegie Tech 96-92.

Loyola of Chicago won its third straight 90-85 over North Dakota. Niagara, one of the best teams in the East, crushed the University of Toronto 92-29.

District Waits Action Of 4A Before Meet

Officials of District 1-AAA have postponed their organizational meeting until they find out what will be the fate of Pampa and Borger, two District 1-AAAA teams threatened with being dropped to Class AAA.

Dr. Cecil Yarbrough, superintendent of schools here, said the regular district meeting will be held at Brownwood Saturday before the Big Spring-Brownwood bi-district playoff, but they must await the outcome of the two schools before they make any decisions on their own membership and schedules.

There are already eight teams in this district including Levelland, which has been assigned to the loop for next year. If Pampa and Borger were dropped to this district, that would bring the total to 10.

The possibility of dividing this district into halves, if it has 10 teams, has been suggested, with champions of the two halves playing off for the district title. If that were done, all the district teams would be forced to cut their schedules to nine games instead of 10, since Interscholastic League rules prohibit more than 10 district games.

Another suggestion is the dividing into two districts, with Pampa, Borger, Vernon, Plainview, and Levelland in one and Lamesa, Big Spring, Snyder, Sweetwater, and Breckenridge in the other. Another suggested division is Pampa, Borger, Plainview, Levelland, and Lamesa in one district and Big Spring, Snyder, Sweetwater, Breckenridge, and Vernon in another.

Reports throughout the state are that if Pampa and Borger are dropped to this district, Breckenridge would face the possibility to being dropped out, since it has a small enough enrollment to be voted into the district each year. It was dropped last year from District 2-AAA before admittance in this district, so if it were dropped from this loop it would go down to Class AA. But if Breckenridge were dropped, that would still leave nine teams in this district.

Reports are that Abilene, Odessa, and San Angelo will vote not to readmit Pampa and Borger to the Class AAAA district because they are too far away and keep the schedule too crowded. There are eight teams in that district.

Golfers Start Cuba Tourney

HAVANA (AP)—The Havana Country Club's International Golf Tournament drew 29 of the top United States professionals today for the next to last chance for 1953 prize money.

Defending champion Dutch Harrison of Ardmore, Okla., took one look at the field and said:

"I don't think I'll be able to win this year."

Some of Harrison's colleagues promptly dubbed him "the doleful drawler" and observed he is only a year older than last year when he won the tournament with a 17 under par 271. Par for the Havana course is 37-35—72.

There are 31 pros in all, including two from Havana, participating in the three-day pro-amateur tournament. Art Wall of Pocono Manor, Pa., is scheduled to tee off first.

Each pro plays with two amateurs three days or 54 holes. On Sunday the pros add up their three-day scores and play 18 holes more to decide who gets what part of the $15,000 prize money. Harrison said he thought maybe Jim Demaret of Kiamesha Lake, N. Y., looked like a good bet to win.

The first half-dozen money winners among the pros are entered. They include Lew Worsham, No. 1, and Doug Ford, No. 2, on the money-winning list. Other entries number Marty Furgol, Walter Burkemo and Julius Boros.

Big League Players And Their Commissioner Don't Get Along

ATLANTA (AP)—The strained relationship between the major league players and owners reached its widest breach today following a pair of bombshells exploded yesterday.

It began with the refusal of the player representatives of the 16 major league clubs to attend a scheduled meeting with Commissioner Ford Frick because their attorney, J. Norman Lewis, had been barred.

It ended with the commissioner's revelation that the major league Executive Council was considering the termination of the players' multimillion - dollar pension plan.

Frick disclosed at a news conference that the major league owners, at their annual meeting in New York next week, will vote on a resolution that could dissolve the entire pension plan within 90 days although its present five-year setup does not expire until 1956.

Frick explained that all player representatives responded but it was not until 15 minutes before the proposed meeting yesterday morning that Ralph Kiner and Allie Reynolds, player spokesmen in their respective leagues, called on him to permit Lewis to be present.

"I told them that was not possible," Frick said.

Frick said he felt he had the right to summon anyone he wanted—player or club official—in the interests of baseball, without any outsider present.

Kiner and Reynolds contended that Lewis was their official legal counsel and they advised Frick that the players had unanimously voted that Lewis must be admitted or they would not attend themselves.

All player representatives departed for their homes except Reynolds, who said he would attend the American League meeting in New York next week. Harridge, however, said the invitation to Reynolds to attend the American League session had been withdrawn. Reynolds was not immediately available for comment.

If the owners' resolution should be approved next week, it would terminate one of the most elaborate pension funds ever set up in sports. Conceived in 1947 and expanded in 1952 with the addition of an annual million-dollar allotment from World Series and All-Star Game receipts, it now provides a fund that assures an income of $100 a month to 10-year players on retiring at the age of 50 on down to $50 a month for five-year men.

Frick explained that the players demanded their pension payments be increased from $50 to $80 for five-year men and from $100 to $150 for 10-year men. At the same time, the players wanted to reduce the 50-year age eligibility to 45 while paying smaller premuums. He explained that would boost the cost to an addition 1½ million dollars annually over the next five years.

Currently the players pay around $100,000 a year to the pension fund while each club pays about $125,000 a year plus the difference needed to pay off back service of players who had major league service prior to the pension fund inaugural.

PIPE DOWN, TEXANS

Ivy League Shows SW Loop What Tough Competition Is

By HUGH FULLERTON JR.

NEW YORK (AP)—Pipe down, you Texans! The nation's toughest college football league isn't your Southwest Conference. It's the Ivy League—and we have figures to prove it.

How? Well, as we see it, a "tough" league is one in which the teams are so closely matched that it's difficult to win any game. And an analysis of this year's scores shows that fits the Ivy group.

For years the fans have rightly regarded the Southwest Conference as a league in which competition really was rugged. Sure, there aren't any "breathers" in that round-robin schedule and the only "upset" is when a favored team wins just as expected.

But the figures show that in the Southwest—and most other conferences—the winning team often manages to roll up a one-sided score. But the Ivies, who have been content to accept a secondary role in "big time" football, went in for close spine-shivering finishes this year and that's "tough" for the teams that play, regardless of the quality of the football.

Look at Princeton's last-minute, 20-19 decision over Columbia, for instance; or those two thrillers on one afternoon when Yale beat Princeton 26-24 in the last few seconds and Cornell barely held off Dartmouth 28-26. Those weren't easy games for anybody.

The same statistics that put the Ivy League first in tight games give second rank to the Missouri Valley Conference and third to the Skyline Conference, with the Southwest in fifth place.

They were reached to averaging the number of points separating the winners and the losers in all conference or league games—the point spread, if use of that term still is permitted.

In the Ivy group, a total of 157 points separated the winners and the losers in 18 games. That's an average "spread" of 8.72 points a game. Only two games were decided by margins bigger than 14 points (Dartmouth 30, Yale 0, and Dartmouth 32, Princeton 12) and just two ended in ties.

In nine Missouri Valley Conference games the average difference was 10.55 points a game and in the Skyline Eight it was 11.42. At the other extreme, the average winning margin in Border Conference games was 24.22 points.

The Southeastern Conference, in which 8 of 39 games ended in ties, wound up with a 12.64 point average. The figures for other major conferences (using conference games only): Southwest, 13.24; Pacific Coast, 14.13; Big Seven, 15.62; Big Ten, 15.84; Atlantic Coast, 16.50; and Southern, 17.60.

Irish Scouts Worried About SMU Tactics

SOUTH BEND, Ind. (AP)—Unbeaten Notre Dame may be in for some surprises in Saturday's football finale, says Irish scout Johnny Druze, who has been spying on Southern Methodist.

Druze is certain that the national television audience and the capacity crowd of 55,000 at Notre Dame Stadium will see a sensational, wide-open game.

"When those Texans make up their minds to do something they usually succeed," said Druze, a fellow not accustomed to talking with tongue in cheek.

"SMU has nothing to lose in this last game of the season and a great deal to gain by knocking us off. This in itself is a healthy situation for them.

"We've always found out in the past that we can expect anything from SMU. Maybe I can throw away my scouting reports. They undoubtedly will throw stuff at us that they have been saving all season and no one has seen.

"We can expect spread formations, although I haven't seen them use one yet. They have backs who can be used in all kinds of combinations, although basically it's a tight T formation club with split T variations.

The Mustangs uncorked 45 passes to beat Notre Dame 27-20 in 1951, their last meeting. But SMU under Coach Woody Woodard, is supposed to have a "new look" of a predominantly running team. They compiled a 5-4 record this season.

"They run well, but they also have a half dozen backs who can pass, including sophomore Hal O'Brien, a southpaw," Druze said. "And they have a good defensive club, anchored by Don Goss, a 6-4 tackle who is listed at 245 pounds but is actually 270.

"This Goss is like a bird. He has great agility for a big guy, moving along the line with a knack of being at the right place on a play."

Although Druze would not admit it, Notre Dame also is expected to come up with some new stuff that could entail a lot of passing.

Conroe Coach Resigns

CONROE (AP)—E. Y. Steakley has resigned as head football coach at the high school here because of poor health, Supt. J. D. Wilkerson said yesterday.

A former Rice Institute player, Steakley will remain with the local school system in a teaching capacity.

Not Fair To Shoot

CULVER CITY, Calif. (AP)—Actor Steve Cochran was convicted yesterday of reckless driving and fined $100.

A policeman testified before Judge O. Benton Worley that he had to fire a warning shot to bring the actor's $6,000 sports car to a halt last Nov. 8.

Officer Roger Deveux said he stopped Cochran after a five-mile chase and was told by the actor: "You never would have caught me if you hadn't shot—that wasn't very fair."

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Basketball Play In High Schools Starts

Most teams of District 1-AAA will open their cage seasons tomorrow night or have already started them as the Snyder Tigers go into their season with games against Pampa.

The Tigers' games against Pampa will be held here at 8 o'clock tomorrow and Saturday nights.

Four changes have been made in the Snyder schedule recently. The two games with Rotan have been cancelled and the first game against Lubbock will be played here instead of there. The Tigers will return a game with Lubbock Dec. 14.

As the schedule now stands, the Tigers will play the two Pampa games at home, continue at home Monday night against Lubbock and Tuesday night against Colorado City, then remain idle until the second Lubbock game. During the Tigers' idle period the Canyon Reef Invitation basketball tourney will be held here, with four colleges participating.

Plainview and Sweetwater have already begun their schedules. Monday night, Plainview downed Levelland 45-26 with Lester North and Rex Jordan leading scoring with 10 points each. The Bulldogs are to go to Phillips tonight. Sweetwater fell to Coleman 65-50 Monday night and is scheduled to meet that team again tomorrow night at home.

Lamesa is to go to Midland for a game tonight and to be at home tomorrow and Saturday nights for games with Bowie of El Paso.

Vernon opens its schedule tomorrow night at Wichita Falls. Big Spring does not have a game scheduled until next Tuesday, when it meets Andrews.

Lubbock and Colorado City, non-district opponents of the Tigers, will both be in tournaments this week end. Lubbock will participate in the Borger tourney tomorrow and Saturday, while Colorado City will be at the McMurry College event tonight through Saturday.

Head cage coach Gene Gibson is still looking for an A squad. He is weeding out a group of about 50 prospects. He will have only 10 to 12 boys on the A team, while Jack Dillon will handle the remainder of the juniors and sophomores on the B squad. Hal Battle will coach the freshmen.

A Scottish law passed in 1288 decreed that any man who rejected an offer of marriage from a girl during Leap Year could be fined as much as a pound.

CRANBERRY CRATERS FOR OPEN HOUSE SEASON
. . . serve with hot tea or coffee

Cranberries Fit Menu From Fruit Soup All Way To Pie

From soup to pie, cranberries fit into any winter menu.

The ways to use cranberries are many and the cook can take her choice. Here we have a variety of recipes that put cranberries on the table for first course or last, or the salad in between.

For a festive meal cranberry soup, with its pretty color, is appetite-stimulating. The garnish is a spoonful of sour cream.

CRANBERRY FRUIT SOUP

5 tablespoons quick-cooking tapioca
½ cup sugar
dash of salt
1 pint cranberry juice
½ cup water
sour cream

Combine quick-cooking tapioca, sugar, salt, cranberry juice and water in a saucepan and mix well. Cook and stir over medium heat until the mixture comes to a boil. Remove from heat. Cool, stirring once after 20 minutes. Cover and chill thoroughly. Top each serving with a spoonful of sour cream. Makes four servings.

Perhaps you'd like to serve the cranberries in combination with the bread portion of the meal. This recipe for cranberry muffins does just that.

CRANBERRY MUFFINS

1 cup cranberries
½ cup sugar
2 cups flour
4 teaspoons baking powder
¾ teaspoon salt
1 egg, beaten
1 cup milk
3 tablespoons melted butter

Put cranberries through food chopper, mix with half the sugar. Sift remaining sugar with dry ingredients. Combine beaten egg, milk and melted butter and add to dry ingredients. Stir only until blended. Fold in sweetened cranberries. Bake in buttered muffin pans in hot oven (425 degrees F.) about 25 minutes. Makes 12 medium-sized muffins.

Here's a way to combine cranberries with that favorite vegetable, yams.

CRANBERRY YAM PUFFS

4 medium size yams or sweet potatoes
1 cup fresh cranberries, chopped
½ cup drained crushed pineapple
½ cup chopped salted peanuts
4 tablespoons butter

Boil yams until tender; peel and mash with fork. Add chopped cranberries, drained pineapple, nuts and butter; mix thoroughly and season to taste. If mixture seems too dry, beat in 1 egg or ¼ cup evaporated milk. Divide mixture into four or six well-greased custard cups and dot with butter. Bake in moderately hot oven (400 degrees F.) 45 minutes or until set. Loosen with spatula and turn out on a plate. Makes four to six servings.

For a cool dessert to follow a heavey dinner, this lemonade - cranberry ice is delicious. It would be good, too, on the entree plate with cold turkey slices left from after Thanksgiving.

LEMONADE-CRANBERRY ICE

1 can (6 ounces) frozen concentrate for lemonade
water (fill lemonade can once)
1 can (1 pound) whole cranberry sauce, jellied
⅛ teaspoon salt
2 egg whites, beaten

Mix concentrate for lemonade with 1 canful water in large bowl; add cranberry sauce (breaking the sauce with fork or spoon) and mix well. Add salt. Pour into ice tray and freeze to a mush. Then beat egg whites stiff, add the frozen lemonade-cranberry mixture, and beat together thoroughly. Freeze again in ice tray, stirring and mixing two or three times more during freezing process. Serves six.

For the simplest kind of pie, glazed cranberry cream pie made with vanilla pudding is a suggestion. Make your favorite pastry for one crust pie, fill with vanilla pudding and top with tangy red cranberries molded in orange-flavored gelatin.

An upside-down pudding is suitable for holiday eating, particularly when it features cranberries. The basis is ready-to-eat bran.

UPSIDEDOWN CRANBERRY PUDDING

1 cup whole cranberry suace
2 teaspoons cornstarch
1 cup ready-to-eat bran
¾ cup milk
¼ cup shortening
1-3 cup sugar
2 eggs, well-beaten
1 cup sifted flour
1 tablespoon baking powder

Combine cranberry sauce and cornstarch; spread about 2 tablespoons of mixture in bottom of each of eight greased custard cups.

Combine ready-to-eat bran and milk; let stand about five minutes. Blend shortening and sugar; add eggs and bran mixture. Sift together flour, baking powder and salt; add to shortening mixture. Stir only until combined. Spread over cranberry sauce, filling custard cups about 2-3 full. Bake in moderate oven (375 degrees F.) about 45 minutes. Cool slightly before removing from custard cups. Serve warm, cranberry side up, with whipped cream.

The distinctive flavor of cranberries is shown at its best in this chiffon pie, airy - light and a special treat.

CRANBERRY CHIFFON PIE

1 package lemon-flavored gelatin
1 cup hot water
2 cups 10-minute cranberry sauce
1 baked pie shell, 9-inch
1 cup whipping cream

Dissolve gelatin in hot water. Drain cranberry sauce thoroughly and add syrup, reserving berries. Chill until consistency of unbeaten egg white. Beat until light and fluffy. Fold in cranberries and turn into pie shell. Chill until firm. Top with whipped cream.

CRANBERRY SAUCE

Combine 1 cup sugar and 1 cup water in sauce pan. Bring to boil, stirring until sugar dissolves. Add 2 cups cranberries and simmer until berries burst open, about 10 minutes.

Coconut cranberry craters are meant for serving with a hot cup of tea or coffee on a cool December afternoon. As the Christmas holiday season approaches you'll find more and more occasions to serve them.

COCONUT CRANBERRY CRATERS

2 cups sifted flour
1 teaspoon double-acting baking powder
½ teaspoon salt
½ cup butter or other shortening
2-3 cup sugar
1 egg
2 tablespoons light cream
1 teaspon vanilla
coconut cranberry filling

Sift flour once, measure, add baking powder and salt, and sift again. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add egg and beat well. Add cream and vanilla and mix thoroughly. Add flour, a small amount at a time, mixing well after each addition. Chill several hours.

Roll dough, a small amount at a time, ⅛ inch thick on well-floured board. (Keep rest of dough chilled until ready to roll.) Cut with floured 2-inch cooky cutter. Place half of cookies on ungreased baking sheet and drop 1 teaspoon coconut cranberry filling in center of each. Cut a small slit or circle in center of each of remaining cookies. Place these over the cranberry-topped cookies, pressing edges together. Bake in moderate oven (375 degrees F.) 10 minutes, or until lightly browned. Makes four dozen filled cookies.

Coconut cranberry filling: combine ¾ cup ground or finely cut shredded coconut, ¾ cup ground or finely chopped cranberries; ¼ cup sugar, ½ cup water, and ¼ cup light corn syrup in saucepan; mix well. Place over medium heat and cook and stir about eight minutes, or until all liquid is absorbed. Add 2 tablespoons butter and blend. Cool before using.

Grounds For Divorce

CHICAGO (AP)—Mrs. Joan Brown, 21, told Circuit Judge Julius H. Miner yesterday that her husband Clem, 27, kept a whistling tea kettle on the fire continuously.

She said she asked him to remove the kettle because it annoyed her, but he told her it was "his symphony and he wanted it to play." Then, she said, she removed the kettle and he struck her.

She was granted a divorce on grounds of cruelty.

County Roads Given Commission Approval

AUSTIN (AP)—The State Highway Commission has approved the following projects, by counties, subject to availability of funds and the county's providing necessary right of way:

Harrison—Farm to market roads from Farm Road 134 at Caddo State Park northeast to road intersection, 4.7 miles; from Farm Road 1998 at Scottsville south to U.S. 80, 1.7 miles; and from end of Farm Road 449 at intersection with Farm Road 450, west to road intersection, 4.2 miles.

Hall—Farm roads from proposed farm road, 8 miles north of Petersburg, east to Floyd County line, 2 miles; from end of Farm Road 789, near Bellview School, south to end of Farm Road 1313, 7.7 miles.

The three largest auto makers in the United States turned out 87 per cent of all passenger cars and 80 per cent of all trucks manufactured in the country.

Military Losing Personnel To Attractive Industry Positions

WASHINGTON (AP)—A group of generals and admirals called today for a military pay boost and other actions to halt what they termed an alarming deterioration in the career military service.

"Military service has lost much of its attractiveness as a career," said a study committee named by Secretary of Defense Wilson last spring at the direction of President Eisenhower.

"Unless the present trend of career personnel leaving the service can be reversed, most serious consequences to the national defense effort will result."

Asst. Secretary of Defense John Hannah, in making public the report of the five-man committee, said it would receive careful attention from the military services, the Defense Department and the Joint Chiefs of Staff. Hannah added that release of the report implied neither its approval nor acceptance in every respect.

An earlier report submitted by the group, headed by Rear Adm. J. P. Womble Jr., was turned back by Hannah for further study and rewriting. The report as issued today, moreover, omitted the committee's specific allocation of blame for many of the weaknesses the group found in the current military morale situation.

It is understood that the report as completed by the group listed the public, the press, Congress and the President's own Bureau of the Budget as being among sources of the difficulties it concluded exist.

Among its conclusions and recommendations, the committee of two admirals and three generals said:

1. There is a "positive danger" that budget cutting considerations might be permitted to "transcend" the attainment of combat effectiveness which "must be achieved at whatever cost."

2. The Defense Department should press for a cost-of-living increase in military pay scales as a major means of holding good men in competition with private industry. A committee aide told reporters, in reply to questions, that the group had in mind an increase amounting to about 8 per cent.

3. Service leaders must accept blame for yielding to popular and "political pressure" in adopting after World War II policies which served to diminish the distinction between ranks and to force officers and enlisted men into a "common social pattern."

4. There should be prompt restoration of fringe benefits and an end to what the report called whittling away of extras which military men have traditionally considered to be part of their income. On this point the report stated that "pressure groups of business interests have emasculated many of these benefits," and that the benefits have been the "continuous targets of congressional economy attacks." The report concluded that fringe benefits must be fully restored, declared by law to be a part of service pay, and in some cases increased.

Among these benefits the committee listed incentive and hazardous duty pay, sea and foreign duty pay, medical and dental care for dependents, better and cheaper housing and more provision for the education of service children.

The committee said its analysis of difficulties and recommended solutions concerned only the "hard core" of professional officers and noncommissioned officers. As for draftees, reservists and volunteers in time of emergency or war, the report had this to say:

"So long as the 'unstable international political situation requires some form of military service from virtually every eligible young man in this country, there will be no dearth of numbers who, for personal advantage, temporarily desire to affiliate themselves with this hard core."

The report also called for the placing and acceptance of responsibility by nonmilitary agencies or officials for whatever results might follow budget - cutting decisions made "without due regard to their impact on personnel and combat effectiveness."

The committee noted "with alarm" that many such decisions are made by civilian advisers and by "committees, bureaus and agencies" outside the services, "none of whom are charged with the military defense of our nation or are capable of evaluating our combat effectiveness."

In concluding that military morale needs bolstering, the report urged stress on physical conditioning and training for combat and a "reduced emphasis on USO and other dubious morale aids" which the report did not list.

A military pay and allowance increase amounting to about 5.8 per cent went into effect in April 1952. On the last day of the Truman administration, last Jan. 19, the Defense Department asked Congress for an 8 per cent increase in military pay. The request was not acted upon.

Van Fleet Denies He Is Entering Politics

MIAMI, Fla. (AP)—A report last night that President Eisenhower had urged Gen. James A. Van Fleet to become the Republican candidate for governor of Florida next year brought a quick denial from Van Fleet.

The Miami Herald said the President "indicated he strongly favored the idea" of Van Fleet running for governor.

Van Fleet, reached at Jackson, Miss., where he was on a speaking tour, said the story was news to him and that he had not discussed the subject with the President.

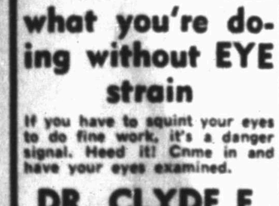

Mum Teachers Fired

LOS ANGELES (AP)—The Superior Court has upheld the right of the Los Angeles City School Board to dismiss three teachers for refusal to testify before the House Committee on Un-American Activities.

Judge Joseph W. Vickers held yesterday with the school board that the teachers could be dismissed for unprofessional conduct, evident unfitness for office and refusal to obey reasonable regulations.

Counsel for the teachers, Abraham Minkus, Serril L. Gerber and Harry Shepro, said they would appeal.

Puerto Rico raises about a million tons of sugar annually.

Postal Receipts For November Are Above Those From Year Ago

Postal receipts have been breaking records in Snyder for three years, but they do not appear to be headed for a new record this year.

H. D. Moreland, postmaster, reported, however, that November receipts were $8,287, compared to last November's $7,739.91.

The November receipts brought the total for the year so far to $93,546.71. By this time last year, receipts had reached $100,026.44, while they were $96,031.63 by this time in 1951 and $96,893.19 in 1950.

Last year's receipts for the entire year were $115,434.44; the highest in history here. To break that record, the Snyder office would have to have receipts of more than $21,000, Last December's receipts, the highest in history here for that month, were $15,408.

Would Install Tattle Tale Speedometers

DENVER (AP)—Gov. Dan Thornton has been asked to have the Colorado Legislature consider next January a proposal that all automobile owners be required to install recording speedometers. These would make a permanent record of the speeds traveled.

Periodic inspections would be made by the state. If the speedometers showed any speed in excess of the legal limit, the motorists would be fined.

Pidgin English, once considered a corruption of English used by traders in the South Seas, is now a language in its own right.
