Great Britain Will Press For Sanctions

'LEAGUE MUST GO ON', SAYS ANTHONY EDEN

LONDON, May 7—(U.P.)—Great Britain will advocate the continuation of penalties against Italy before the League of Nations council next week despite the sweeping Italian victory in Ethiopia, it was understood today.

Anthony Eden, Britain's young foreign minister, who told the house of commons yesterday that "the League must go on", will be given wide latitude in determining his nation's course.

It was understood that he would press for maintenance of sanctions. Only in his that other League powers agree.

LAW AND ORDER RESTORED IN ADDIS ABABA

ADDIS ABABA, May 7—(U.P.)—A strict martial law, curfew, strong patrols of Italian soldiers, and the rapid organization of administrative offices has brought law and order to turbulent Addis Ababa.

A well constituted Italian government was in control today under Marshal Pietro Badoglio.

Convention Smooth Donoway Honored

Machinery of county Democrats functioned with accord Tuesday when precinct delegates meeting in 91st District courtroom at East-land named representatives to the state convention at San Antonio May 26.

Precinct chairmen adopted a resolution of a committee which endorsed the "present administration and its efforts to return prosperity" and commended the efforts of the president and John N. Garner to carry out the platform pledges of the democratic party.

Jim Williamson of Cisco was named chairman to replace temporary chairman Earl Conner, Jr., of East-land, executive democratic chairman for the county.

Abrogation by the national convention of the two-thirds rule and substitution of the majority rule was also favored in one of four resolutions adopted by the convention.

E. T. Dawson of Rising Star served as secretary.

W. O. Russell of Graham, in the only talk of the meeting, flayed the republican administration under Hoover and defended the democrats' farm program. He referred to the precinct delegates as the "genuine true democrats of East-land county."

Resolution adopted by the convention and prepared by Frank Judkins, chairman, Eastland; H. S. Stubblefield, Cisco; Oscar Wilson, Eastland; W. J. Armstrong, Cisco; and J. W. Cockrell, were as follows:

- Resolved that Eastland county's delegation to the state convention vote as a unit on all matters before the convention but that be sent without instructions as to whom or what to vote for.
- Resolved that the national convention abrogate the two-thirds rule in its meetings and substitute therefore a majority rule.
- Resolved that we endorse the present administration and its efforts to return prosperity to our people and commend all the sincere efforts of President Franklin D. Roosevelt and John N. Garner to carry out the platform pledges of the Democratic party.
- Resolved that in this convention one of our delegates has served the democratic party for over 40 years, and been faithful and loyal at all times and that the voice of this convention be expressed in thanks by the chairman to Mr. L. D. Donoway of Doham for that service and loyalty.

PARK HEIGHTS HAS BIG DAY, 60 ADDITIONS

We clip from the San Angelo Standard-Times an item regarding the progress of the revival being held with Parks Heights Baptist church where the Rev. E. S. James, pastor of the First Baptist church of Cisco, is doing the preaching.

"A peak in religious fervor was attained at the morning and night services of the Park Heights Baptist church Sunday when sixty conversions and additions were registered during the two services. Capacity crowds heard the Rev. E. S. James, Cisco evangelist, proclaim Biblical messages on both occasions. He claimed the reaction at the San Angelo church to be the greatest witnessed in many years of ministry, and local church members termed it the "most eventful day of recent years at the Park Heights church."

"Enthusiasm was carried into the Bible classes, the Rev. J. Ralph Grant, pastor, reported. He announced that 517 attended Sunday school classes in the morning and 282 attended the B. T. U. session in the evening.

"This evening at 8 o'clock the Rev. Mr. James will preach "The Great Salvation." Tuesday morning's address is entitled, "Mrs. Lott." Tuesday night's, "How To Be Saved." Wednesday morning's, "Why The Church," and Wednesday night's topic is "A Dying Prayer." Services will be held at 10 o'clock each morning and 8 o'clock each evening this week, with Clyde Biggs, local leader, conducting the song service."—San Angelo Standard-Times.

House Committee Favored Relief

WASHINGTON, May 7—(U.P.)—Staunchly defending President Roosevelt's Works Relief policy in the face of a sharp republican attack against "political control" the house appropriation committee today favorably reported a \$2,364,229,712 relief deficiency bill carrying \$1,525,000 for the WPA.

The committee cut \$75,000,000 from Roosevelt's one and half billion dollar work relief request in order to add \$62,000,000 to continue civilian conservation camps at a strength of 350,000 men.

Foreign Countries Ask About Texas

DALLAS, May 7—(U.P.)—Interest in the state of Texas and its Centennial year celebrations is world wide according to requests for literature and information.

Several thousand inquiries are received each week as the result of extensive advertising campaign carried on by the state organization.

Inquiries have been received from practically every foreign country.

The state department answers each inquiry with a varied assortment of printed matter, descriptive of the Lone Star State and its state-wide Centennial celebrations.

Jaycees To Extend Cooperation To Cisco Lions Club and Merchants

With a decision to sponsor a letter of invitation to the 1,293 individual members of Lions clubs in District 2-E, appealing especially to Lion Ladies to the end that they may use their influence in making the occasion of the Lions convention held here, June 16-17, one of recreation and a vacation for themselves as well as for their husbands, the Junior Chamber of Commerce swung into action in its work of cooperation with the senior body and other civic organizations of the city to do its bit in making Cisco the kind of a town they want it to be.

A committee to work with the Lions publicity committee on the preparation of this letter was appointed, composed of Frank Langston, O. L. Stamey and A. D. Starling.

James McCracken, Robert Elliott and Wightman Moore were appointed to carry through on a wicker boat for the group at 7:30, May 11 at Lake Cisco. The wickers, with pickles, buns and all the trimmings will be furnished at the expense of the club it was announced.

There's Good-Fellowship Galore When Texans Get Together

\$3,269,221.32 WPA TOTAL FOR MARCH

SAN ANTONIO, May 7—(U.P.)—Combined pay checks for 115,419 workers operating 2,855 Works Progress Administration projects in Texas during March amounted to \$3,269,221.32. State WPA officials here disclosed.

Project employes received 77.47 per cent of the \$4,219,767, spent by the Works Progress organization in Texas in March, records reveal.

Cost of materials, supplies, equipment, and non-personal services procured in Texas during the month amounted to \$782,105.

Administrative expenses, including office rental, furniture, supplies, travel, and salaries of administrative personnel in the state office and in the twenty district offices were \$168,440.50 for March. Cost of administering the program was 3.99 per cent of the total expenditure, officials pointed out.

For the entire state, labor expenditures average \$29.24 per person employed. Adding to this \$6.71 per person employed for non-labor expenditure brings the average expenditure per person employed during March to \$35.95, it was explained.

Lowest March expenditure, \$47,817.32, was reported by the Uvalde district, while the Dallas district, wherein densely-settled counties reported 15,523 persons at work on WPA projects required \$531,500.19, highest district expenditure.

JUNIOR-SENIOR BANQUET MAY 8 LAGUNA ROOF

Preparations to entertain the largest senior class in the history of the Cisco high school, which totals 90, are being made by the high school juniors themselves, numbering about 70, at the annual junior-senior banquet on the Laguna roof Friday night, when a surprise program will be brought by the hosts, said Miss Ida Mae Collins one of the sponsors for the junior class.

Mack McGowan, president of the younger body will occupy the chair of honor at the head of the banquet spread and, acting as ring master, will put the performers through their tricks, which are in the main to be a surprise to all except those in the know.

About 180 plates will be laid for the students, faculty members and special guests. Senior sponsors are C. C. Duff, and Miss Elizabeth Daniel; junior sponsors are, Miss Ida Mae Collins, Miss Frances Bowen and E. C. Pennington.

The surprise features of the program, which are said to be outstanding, are being kept as a dark secret, said Miss Collins, but it is divulged that the German band, composed of R. L. Maddox, Martha June Morehart, Ralph McCannies, Jerre Lottin and Julian Ely, will play, also the Dorothy Jean Walker, LaRue Ely and Jane Kizer trio will sing.

A group of Sophomore girls will serve.

After the banquet program there will be a dance at the country club to the music of Ray Judia's orchestra.

Sophomores serving at the Junior-Senior banquet are: Misses Charlene Cooper, Loraine Lassater, Anna Jo Tablaman, Blanche Stevens, Edith Tenyson, Elizabeth Bailey, Betty Jo Hicks, Mildred Curry, Nellie Finley, Marjorie Moates, Mennie Belle Daniels, Marcell Robbins, Bobbie Grace McWhorter, Velma Smith, Marie Hunterman, Milvina Heysler, Myrna Bond, Louise Notgrass and Daisy Wood.

MISS MILLER TO SHARE IN TCU PAGEANT

FORT WORTH, May 7—Miss Zona Miller of Cisco is one of 200 co-eds of Texas Christian University who will have a part in the annual school pageant, to be presented in the University Stadium at 7:45 o'clock Saturday evening.

The pageant will depict the "History of Tarrant County", and will have five episodes, beginning with the time of the Indian and following through to the days of the cowboy in the latter part of the 19th century.

One thousand rural school children of Tarrant county will also have a part in the pageant.

The leading roles will be taken by Miss Mabel Jo Archer of Granbury, who will be "Miss T. C. U." and Miss Orlene Sanders of Birdville and Miss Maudine Garrett of Haslet, representatives of the county schools.

Miss Miller is one of a group of Mexican dancers in the episode depicting the time when the flag of Mexico flew over Texas.

The pageant is directed by Mrs. Helen Murphy, head of the women's physical education department at T. C. U.

Water Celebration May Be Designated

In reply to a letter written last week by P. G. Berry to Dr. John W. Brown, state health officer, who will have charge of the Texas Pool & Beach meet at Belton May 9, regarding the choosing of an official swimming pool for the centennial, Dr. Brown writes:

"We are looking forward to the pleasure of meeting you at Belton and with reference to the matter of the Centennial water celebration, we would be most happy to have this come before the association for discussion and perhaps arrangements can be made to carry out such a program."

Fewer Jaywalking Animals

When automobiles and good roads first invaded the wilds, many animals were killed while crossing highways. They were totally unprepared by previous experience to know what to do when an automobile bore down upon them. But there are said to be such things as evolution and a natural instinct for self-preservation. Those forces are working, according to the recent observations of the curator of the Bronx Zoo in New York. He recently went into the Catskills and the Adirondacks and up and down the valley of the Hudson river, studying the behavior of the wild animals living in woods along the highways. To his great surprise and interest he found that they were actually giving up jaywalking and were taking to the culverts. He saw enough instances of animals proceeding along the side of a motor road until they reached a culvert and then crossing under the road safe from the automobiles rushing overhead to convince him that the animals are learning wherein safety lies. "I can say authoritatively," he remarks, "from my own experience, that while death to human beings from automobiles are increasing, deaths to reptiles and small mammals are decreasing steadily. One finds fewer carcasses on the roads nowadays than in the days of the horse and buggy. Each culvert along the road is crowded with the foot tracks of the animals that have learned how to cross a road without being run over."—Here's something for "thinking" human beings to ponder.

Closer Family Bonds

Family life is not destined to go to pieces, in spite of appearances, says Dr. E. F. Ogburn, professor of sociology in the University of California. His reasoning provides a pleasant surprise for a lot of alarmists. "With birth control," he says, "with women working outside of the home, with fewer children and more frequent divorce, it seems probable that much more attention will be given to affection within the family as a means of keeping the family together. Separation and divorce may be more frequent, and yet it is probable that the average quantity of affection per family unit, remaining intact or formed anew after divorce, will be much higher than when the family was held together by other bonds." It is novel reasoning, which would have stunned the Victorian age and is shocking enough to a good many people of the present more liberal-minded age. Yet the professor may be right. Home lies have been founded largely an economic status and social opinion. Many a family has held together by economic or social compulsion. Love and affection, which should be the binding ties of the home, cannot be forced. With greater individual freedom, they may flourish more. Parents and children not compelled to live together may choose to do so and, in their voluntary choice find greater congeniality and charm. That, at least, is the new theory, and it is worth thinking about, not as an argument for the destruction of family ties but as a view of friendly Mother Nature taking care of her children and safeguarding the finest things of life.

The Washington man who used the government for \$10,000,000 for bringing prosperity back in 1930 lost his case. Undoubtedly the judges presumed that was the property that went around the corner and came back with President Roosevelt.

With the government mint would cut the tread deeper on the dollar so it won't skid when we make it cut short corners.

Behind the Scenes in Washington

By RODNEY DUTCHER

WASHINGTON—In addition to the fact that any Republican elected to the presidency this year would almost certainly face a Congress Democratic in both houses, there is also a real possibility that Roosevelt will be re-elected along with a Congress which would probably be described as anti-New Deal. Although it would not be possible for Republicans to come anywhere near changing complexion of the Senate, and Democrats are almost sure to retain a sizable paper majority in the House, there will be more Republicans in Congress.

COTTON ROADS WILL UNDERGO ALABAMA TEST

By WILLIAM BENNETT
United Press Staff Correspondent
MONTGOMERY, Ala., May 6 — (AP)—Alabama will be the Nation's testing grounds for cotton highways if present plans of highway officials are approved.

The program, part of the federal department of agriculture's search for new uses for American-produced commodities, involves the use of rough cotton fabric as a reinforcement for bituminous-surfaced highways.

The United States Bureau of Public Roads recently received the state's application for enough cotton to build 162 miles of road, embracing 14 projects in widely separated areas. Engineers are surveying the road sites.

Resembles Burlap Bagging

In building the roads, a base of sand and clay, or gravel is laid and allowed to "ripen" under weather and traffic for several months until it settles and hardens. A liquid "prime" coat tar will be poured over that, and while it is still wet, the long strips of fabric, resembling heavy burlap bagging, will be laid.

Varying in width, the cotton strips are made so that three of them will cover the width of the road, with a three-inch overlap. Lengths will vary from 90 to 100 yards, with similar overlaps on the ends.

The road surface, two to three inches of bituminous (asphalt and tar) material, then is laid on the cotton and rolled.

Engineers estimate roads averaging 20 feet in width would require about six bales of cotton a mile.

U. S. earmarks \$1,300,000

The government has made \$1,300,000 available for the experiment which it estimates will build about 1,000 miles of the bituminous roads in various states.

H. H. Houk, engineer of the state highway department, said Ala-

bama was in a peculiarly fortunate position to test the new fabric due to its "three-way" program.

Under the old relief setup, hundreds of miles of roads were started, with the county, state and federal relief administration each contributing one-third to their cost. Relief labor was used. Alabama was the only state to have such a program.

More than 200 miles of those "farm-to-market" roads have been based since last fall, ready for surfacing so that the cotton could be placed on them in the next few weeks.

Fabric Types to Be Tested

In conducting the experiment, roads would be divided into mile sections. Four types of fabric, varying in weight, would be laid in adjoining sections, with the fifth division built without the reinforcement. Projects have been picked to test all types of road bases, level and mountainous terrain, urban and rural localities, and damp and dry sections.

Inspectors will ride the roads, keeping check on weather, volume of traffic, and road conditions, and will make constant reports to the federal bureau of roads.

Experiments also will be conducted in using cotton mats for "curing" concrete roads, but on a smaller scale.

Cotton brokers are watching the experiment closely and in view of the unpredictable future of the new cotton control plan, regard the road project as the bright spot of the 1936 cotton market.

COURT RULES ON OPP CASE; FINED \$1.00

AUSTIN, May 6 — (AP)—Automobile owners who had registered their cars in counties other than the one in which they reside will have to re-register in their home county, it was decided here today.

The court of criminal appeals affirmed the convictions of W. L. Cpo in Bexar county. Opp was fined \$1 for operating an automobile in Bexar county where he lives after registering in LaSalle county.

No reliable estimates on the numbers of cars wrongly registered this year could be obtained.

O. J. RUSSELL BECOMES LOCAL WTU MANAGER

In order to lighten and more perfectly systematize the work at the West Texas Utilities company, O. J. Russell and O. H. Cannon, have been given offices as local manager and cashier, respectively, in the sales and office building at the corner of Main at Fifth streets.

Mr. Russell will have charge of local business, including the ice plant, while P. P. Shepard and R. C. Giles are in charge as superintendent and chief clerk for the entire district organization.

This readjustment of the office management is expected to facilitate the handling of the affairs of the company over the district which includes the supervision of Cross Plains, Rising Star, Baird, Putnam, Morah, Albany, Woodson and Throckmorton under the Cisco office.

Insect Control To Be Discussed May 8

A discussion of all insect problems will be held in the county agent's office, Eastland, at 2:30 p. m. Friday, May 8th, led by R. R. Reppert, A. & M. Insect Specialist. The meeting is open to anyone in Eastland county who is interested. Those who attend are invited to bring specimens of any insects to have Mr. Reppert identify and recommend a method of control.

During the meeting, Mr. Reppert will give special attention to the screw worm fly and its control. Livestock raisers will be specially interested in this, as the animal loss from crew worms in Eastland county runs into hundreds of dollars.

Civil Cases Are Set By Patterson

Three cases were assigned for trial and a date for hearing a motion in another was fixed Tuesday by Judge B. W. Patterson when he called the 88th district court docket for May.

State Convention Will Be Peaceful

By United Press

Judging by the relative peacefulness of county meetings the democratic state convention will be a "harmony session" when it convenes May 26 in San Antonio to choose delegates to the national convention in Philadelphia.

Anti-New Deal minorities were snubbed under by sentiment for Roosevelt and Garner.

Only where state and local politics were involved did the convention lack of accord.

Republican county conventions transacted business quietly.

BURNS Resin
Ease the agonizing pain quickly reduce soreness by immediate Resin

To the Citizens of Cisco:

The undersigned stockholders of Lake Cisco Amusement Company last year made a great sacrifice in order to acquire the swimming pool and to improve it to the point where each citizen of Cisco would be proud of it. It is our plan to go ahead with this improvement and we hope to carry this work on until this is made the most attractive place in West Texas. With the foundation that we have and your co-operation, this can be done and it will not only be a source of great pleasure to all of you, but will certainly be of material benefit to our city.

We need your co-operation and feel that we are entitled to it. There are numerous citizens who cannot afford to acquire the stock but there are very few citizens who cannot afford to buy books of tickets and make more money available to take care of the operation and carry on further improvements and beautification.

For the period of ten days we have reduced the price of these books of tickets as an added inducement for your acquiring them, and we trust that everyone who can afford it will co-operate with us by immediately buying one or more of the books of tickets.

The prices of these tickets are—Book of 80 swims, \$9.00. Book of 40 swims, \$5.50. Book of 25 children swims \$2.50.

Very truly yours,

Eat up distance, but not your bearings
Get alloyed oil . . . and you'll get the difference

Ask your wife. The least little heat makes smoke out of some of the oily substances she puts in her frying pan. They vanish double quick, while others stay put.

That's the sort of difference your hilliest hot-weather drive will show you in Germ Processed, the alloyed oil. Patented.

It not only stays up around "Full," but stays right up in every working surface of your engine. Yes, the pistons, cylinders, valve gear, and any types of bearings ever used, can really take in this alloyed oil. You might say they become lastingly, smoothly "oil-glazed."

And you can see that this added sleek oil-surfacing, together with the high-durability Germ Processed oil-film, easily doubles your guard against summer grief. Now when you want to go farthest fastest, get Conoco Germ Processed oil—the alloyed oil. Continental Oil Company.

Lions Arrange For Ladies Night Soon

A musical feature and a business meeting which decided among other things to stage a Ladies Night program at once were the high lights of the Lions program Wednesday.
A trio composed of Miss Jewel Ely, violin, J. R. Kilpatrick, violin cello, and Miss Pat Prevett, piano, furnished the musical numbers.
A motion to retain the present Lion quarters carried and a committee of E. L. Smith and B. C. Giles was appointed to discuss the Lions point of view in the decision with the Rotary club.
With Horace Conley, Jack Anderson and Charles Sandler as the committee in charge, all details of a Ladies Night were to be arranged as soon as possible, with full authority given in the matter.

Bee Culture Taught If Interest Shown

15 honey growers and bee raising enthusiasts of Eastland county are invited to attend a free transferring demonstration which will be held at the June Hargis home, one-quarter mile north of the Texas Electric Power plant and 4 miles east of Eastland at 9 a. m. Friday, May 1st.

R. R. Reppert, A. & M. Extension Insect Specialist, will give the demonstration, assisted by County Agent Cook. A colony of bees will be transferred from a home-made inefficient hive to a modern patent hive. Mr. Reppert will prove that it pays to properly house bees and the profit derived from sales of honey is much greater than when when properly housed and cared for.

Henry Collins, bee enthusiast of Oden, quoted some figures to the county agent which emphasize the benefits to be derived from proper housing and caring for bees. He said more than 400 pounds of comb honey is taken from nine colonies of bees which were housed in patent hives. His returns per colony were more than \$7.50 while the depreciation on equipment was less than 50 cents per colony. Eastland county is an ideal location for a great honey producing industry, says Mr. Collins. "We have an abundance of honey producing plants," he added.

If there is sufficient interest from honey raisers of the county during the demonstration, Friday, cooperative buying of an extractor, a machine to take the honey from the comb will be discussed. Free advice on honey produced in Eastland county has been sent to comb honey.

T. P. Road Improves Highway Crossing

W. P. Elliott, in charge of a group of workmen for the T & P railroad, is laying asphalt and new timber on the road crossing on highway 23 at second street. The concrete work will extend the width of the street and will extend about twelve feet on either side of the rails. This improvement is a part of the program of track improvements now going on the entire length of the T & P across the borders of Texas looking to the heavy traffic expected during the centennial.

Clark Gains Award And Electric Pumps

A. V. Clark, of the Texas Service station, has received four electric pumps to be installed at his station at once, meanwhile he is celebrating the winning of the Plaque of Honor for the fourth time. This award is for efficiency, sales-service and appearance.

The interior of the station is being re-painted.

IGHT SWAYS ZONERI AND LARNIN ODDS

JACK CUDDY
Press Staff Correspondent
MAY 7—UP—Two of the best fighting men in the ring, Lightweight Champion Zoneri and the former champion Jimmy McLarnin, will meet for the first time tomorrow at Madison Square Garden.

These two veterans never before, and it's virtually certain they'll never cross again tomorrow night's first and second rounds of the Zoneri-McLarnin fight, which is expected to end the trail for the century it will be an historic event when the bull-headed Zoneri and "Baby-faced" Jimmie under the floodlights of the expected capacity crowd and for a net gate of \$10,000.

Light Favors McLarnin
Jimmy will have about a half pound weight advantage, scaling about 140 to 150, the Irishman will be

a slight favorite, probably around 7 to 5 at ring time. This pull in the weights should make McLarnin a decided favorite were it not for the fact that he has been idle since losing his welter crown to Barney Hess last May 28.

Meanwhile, Zoneri has been a busy warrior since winning the lightweight title in an elimination final against Lou Ambers last May 10. Since then Tony had 10 fights, including a title defense against Al Roth on Oct. 4. Five of those bouts were staged this year and Tony proved that he still packs dynamite by knocking out four of those five opponents. The fifth man, Johnny Jadick, lasted the 10-round rubber by a miracle. He was on rubber legs during most of the latter rounds.

Since both are fading veterans at the ripe ring ages of 30 for Tony and 29 for Jimmy, condition will play an important part in the fight if it goes past the five-round mark. With more recent fights under his belt Zoneri should be in the better shape. But McLarnin is a clean liver and a chap who keeps close to peak condition in or out of the ring.

Bride To See Fight
This will be Jimmy's first fight since taking a bride, the former Lillian Cupit of Vancouver. Lillian will be watching at the ringside giving her hard-hitting husband additional incentive to win. She never saw him fight before.

Texas Relief Gets Hedging Orders

Local relief agencies' importance will be more marked in the immediate future, it was evident Wednesday after receipt of orders by Wortham Scale, intake secretary to the Texas Relief Commission for the county, from C. J. Sweeney, district administrator at Abilene.

Scale was advised to not certify eligible employees to Work Progress Administration officials since that program is slicing workers from its rolls and only unemployable persons can apply to TRC for relief.

Conservation of TRC funds was given as the reason of the orders to only receive applications from unemployables.

PREFACING AT CORINTH
Rev. E. E. Mason, of Abilene, will preach at both the morning and evening hours at the Corinth Baptist church, five miles east of Cisco, Sunday, it has been announced.

HOOR GLASS TIMES ORATORS
BERKELEY, Cal.—(UP)—A three-minute hour glass is now being used to time limit all orators on the campus. When the speaker begins the egg-timer is turned up. When the sand has run its three-minute course the chairman announces: "The egg is done."

CC DIRECTORS FIX PROGRAM TO RETRENCH

Shortage of finances necessary for the support of the Chamber of Commerce was the main question discussed at the directors' meeting Tuesday evening at the regular semi-monthly session.

The car expense allowance of Secretary J. E. Spencer was clipped \$25 in an effort to meet necessary expenses. Discontinuance of road sign service was also adopted in the policy of retrenchment. Participation in advertising for Cisco during the Centennial activities was deferred or later consideration, depending upon securing necessary supplemental funds.

It was agreed to sponsor young city representatives at both the Stamford Cowboy Reunion, and the Fort Worth Frontier Show, provided no expenses would be incurred by the Chamber of Commerce.

The directors agreed to sponsor the opening of the relief cannery within the next 30 days, dependent upon the demand for its service.

History Contest Winners Chosen

Miss Bertha Graham, 1013 Channing street, Dalhart, well-known Dalhart school teacher, wins the \$100 first prize in the second of a series of nine weekly Texas history contests sponsored by the makers of Post cereals, according to the judges, S. W. Papert, president of the Texas Daily Press League, Inc.; C. C. Maes, general manager of the Houston Post; and Victor Schoffeleymeyer, president of the Texas Geographic Society, of Dallas.

Miss Graham's answer to the second contest question, dealing with the massacre at Goliad, March 27, 1836, received the highest rating among thousands of entries sent in from all parts of Texas.

A second prize of \$75 was won by Mrs. Bessie Adenburgh, 2723 Gould street, Dallas, mother of two grown daughters.

The \$50 third prize was awarded to a 14-year-old school pupil, John Price, son of Mr. and Mrs. Walter Price, of 205 East Pine street, Palestine.

Weekly advertisement published in Texas newspapers outline details of the contest, which has aroused interest among youngsters and adults. The advertisement announcing the seventh history contest, which appears in this paper May 8, urges readers to hurry their entries before the series ends in a few weeks. Contestants must answer in less than 25 words a question based on a momentous incident in Texas history and put to the contestant in this manner: "As a Texan—What would you say?" Announcement of winners in the third contest will be made next week.

Advantages Shown In Attending Dallas Schools This Year

The greatest educational World's fair ever held in this country will be in operation in Dallas from June 6th to Nov. 29th. There are enough special events listed to have a special event day almost every day of the Centennial Exposition will be in operation. To get the full educational advantages of these special events days, one should be in Dallas so they may attend upon the days most important to them.

Twenty-five millions of dollars are being spent in the construction of this great historic fair. It is estimated that ten to twelve millions of people will visit this great educational exposition. It is estimated these visitors will spend in Dallas approximately two hundred and fifty million dollars. The spending of two hundred and seventy-five millions of dollars in construction and by visitors will cause a wide expansion in business of every kind in Dallas and cause many new firms to open. All of this great business expansion will necessitate the employment of hundreds of bookkeepers, accountants, stenographers, and secretaries.

Byrne Commercial College of Dallas has set its placement quota for this year at four hundred graduates. It invites all ambitious young men and women who would like to be one of the four hundred Byrne graduates to be placed in a good position to write the College for particulars as to courses, payment plan, earning board, etc. — Adv.

Christian Workers Meet In Ft. Worth

FORT WORTH, May 7.—Twenty-five hundred Christian Endeavorers from seven hundred churches of Texas are expected to attend the Forty-fifth Convention of the Texas Christian Endeavor Union to be held here June 11-14, according to an announcement made today by Fred B. Porter and Rev. Patrick Henry, co-chairman of the convention committee.

Governor James V. Allred has been secured as the speaker for a giant citizenship rally to be held during the convention. Other featured speakers will be Dr. Frank Brown, Dallas; J. Kinney O'Heeron of Houston; Max Morrison, of San Antonio; Gordon Weir, of Abilene; George Love of Philadelphia; and Robert S. Nance of Topeka, Kansas.

A parade will feature the Friday afternoon session. Other attractions include a series of banquets, climaxed by a gigantic Fellowship Banquet to be held in the Texas Hotel.

First Christian Church and First Presbyterian Church are to be convention headquarters, but a number of other Fort Worth churches are cooperating in the entertainment.

June 15 has been designated by the Texas Centennial Central Exposition as Christian Endeavor Day at the Centennial in Dallas. Most of the attendants at the convention will attend this celebration also.

Mr. and Mrs. Joyce Howell and little daughter have returned to their home in Midland after a several days stay here, during which time Mr. Howell underwent an operation in the Graham's sanatorium.

Bride-to-Be Social Honoree This Week

Honoring Miss Jourdine Armstrong, who is to be married Friday, May 8, to Mr. Roy Miller, the women of the First Christian church sponsored a tea and shower Tuesday evening in the home of Mrs. J. T. McKissick.

Soft shades of pink were combined with white making a lovely color note which predominated in the entertaining rooms. Beautiful bouquets of roses and peonies graced the

table which was laid with a lace cloth over pink, centered with a crystal bowl of the chosen flowers.

Mmes. W. J. Armstrong, mother of the bride-to-be, and Mrs. W. M. Miller, mother of the groom-to-be, presided at the tea table. They were assisted in the dining room by Misses Olga Faye Ford, Helen McKissick, Mary Elizabeth Cliett and Elsie Pulley. Mrs. Troy Powell held charge of the interesting program rendered by Young Raynell Godfrey, Miss Betty Lou Powell, Mrs. David F. Tyndall, Mrs. Lonnie Shockley and Mrs. Powell.

The many lovely gifts were presented to the honoree by Little Misses Raynell Godfrey and Katy Lou Adkins, at which time Mrs. Powell read a poem in keeping with the occasion.

More than seventy guests called and were present during the evening.

Breakfast Honoree
Miss Armstrong was also honored at Breakfast Wednesday morning by Miss Martha Coleman at the home of Mrs. W. W. Wallace, Humboldt.

Gapes of bridge were played. Prizes were won by Mesdames Armstrong, Hughes and Wallace and were in turn presented to the honoree.

Present were: Misses Mary Elizabeth Cliett, Lillian Shertzer, Adele Anderson, Jourdine Armstrong, Mmes. Lloyd Hughes, Hartman McCall, W. J. Armstrong, Wallace and Miss Coleman.

SNAPPY SAULTS DEMANDED
TOLEDO — (UP)—Toledo's uniformed police officers are to receive a compulsory course in "military courtesy." Police Chief Allen said most of his officers were saluting in the manner that "a tired man greets a poor relative."

SACRAMENTO, Cal.—(UP)—California statistics would indicate that the first qualification for an "indigent" is to own an automobile. Fifty thousand "indigent" automobile owners drove into the state during the past six months.

FARMERS! DON'T GET STUCK IN THE MUD

Dirt road drivers welcome new Goodrich Super-Traction Tire for passenger cars!

Plowing through heavy mud or snow is a tough job for ordinary passenger car or light-truck tires. That's why the Goodrich Super Traction Silvertown has made such a big hit with dirt road drivers.

Massive, heavy, extra tough, this entirely new kind of tire is especially designed to give your car a tractor grip on the softest, slushiest roads. Nothing can compare with the "caterpillar action" of the wider, flatter Silvertown tread with its double-deep, unbroken cleats. No slipping. No swerving. No stalling.

This scientific Goodrich tread construction gives you continuous traction on any kind of road—in any kind of weather—and a comfortable, easy-steering ride on paved highways. Super Traction Silvertowns will serve you long and faithfully yet you pay no price premium.

THE WINNER of the 500-mile Indianapolis classic, Kelly Petillo, says: "Camels hit the spot. I've found that smoking Camels—during and after meals—goes a long way in helping keep my digestion in good shape." Camels set you right!

WOMAN'S WORK is never done, according to the old saying. Mrs. Frank Smith is a typical modern homemaker. "Camels make food taste better," says Mrs. Smith. "My digestion works smoothly when I smoke Camels during meals."

ALL ABOARD! Away from home, a business man meets many conditions that upset the normal routine of digestion. Camels stimulate good digestion no matter where you are. Smoke them for digestion's sake. Camels never jangle your nerves.

MASTER WELDER—Dan Rafferty has a job where good digestion counts. He needs a steady hand and a steady eye. "Smoking Camels helps my digestion," says Dan. "Camels taste mild and rich." Turn to Camels—for digestion's sake.

SECRETS OF THE DEEP. "Camels make food taste better and digest better," says Henry Siemer, master diver. "That tasty Camel flavor is made to order for me."

ONE OF THE PLEASANTEST EXPERIENCES of modern life is shown at the right. Leisurely diners at Jacques French Restaurant in Chicago enjoy such dishes as Baked Oysters à la Jacques and the other specialties of the house. And here again Camels are preferred for the flavor of their costlier tobaccos! "Camel cigarettes are most popular here," Jacques himself (left) observes. "Camels are clearly the favorite with those who know fine living."

FOR DIGESTION'S SAKE SMOKE CAMELS

Smoking Camels Encourages Good Digestion, Good Feeling...Increases Alkalinity

Modern days are trying. Nerves get "wound up." Hurry, worry, and strain tend to interfere with normal processes of digestion.

It is a scientific fact that smoking Camels has an alkalizing effect, through increasing the flow of the alkaline digestive fluids, helping to keep digestion on its proper course. You sense a comforting "lift" and feeling of well-being as you enjoy the delicate flavor of your Camel.

You can smoke Camels steadily. With their matchless blend of costlier tobaccos, Camels never get on your nerves or tire your taste.

CAMELS COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS...Turkish and Domestic...than any other popular brand.

HALF-MILLION AVAILABLE FOR COUNTY LOANS

George J. Lane, supervisor for the Resettlement Administration in Eastland county, has been informed by the regional headquarters that almost half a million dollars are now available for cooperative loans in Texas and Oklahoma.

This fund amounts to \$312,000 in Texas and \$143,000 in Oklahoma, but only a few thousand dollars have been loaned to date. Most of the loans so far have been for purchased sires and farm machinery. The loan is usually made to one man, and his neighbors sign an agreement to use the animal or machinery at a specified price.

Many other types of cooperative enterprises may be financed through such loans from the Resettlement Administration, including syrup mills, and facilities for grading and shipping farm products such as fruit, vegetables, eggs, and poultry. Loans may also be made for membership in existing cooperative associations. In one county a loan is now being considered which would enable borrowers to become stockholders in a cooperative hospital.

"I am sure that there are many worthwhile enterprises that should be started cooperatively in this county," Lane said. "And I hope that farmers who are interested will call on me at an early date in order that we may make requests for loans before the money is withdrawn." He explained a sound financial plan must be worked out which will assure repayment and that the cooperative enterprise must not duplicate any already in existence in the community.

Borrowers must either be farmers who are already receiving aid from the Resettlement Administration, or unable to get the desired financial

assistance from any other public or private agency. The others who participate in the enterprise need not be borrowers from Resettlement Administration, or unable to get desired financial assistance from any other public or private agency. The others who participate in the enterprise need not be borrowers from Resettlement provided they are in the low-income class who would otherwise not be able to obtain the sort of service provided.

Country Club To Have Picnic May 15

Directors of the Country Club announce a basket picnic for May 15 was arranged at their recent meeting and that the grass greens have all been soded and should be ready for use by July 1. HIGHER HONEY PRICES SEEN

LANSING, Mich. — (UP)—Those who like wheat cakes and waffles with honey may expect to pay slightly higher prices for the delicacy this year, according to Michigan production may be cut as much as \$1,000,000 because the weather destroyed many bees.

EXPLODES DYNAMITE

KIMBERLEY, B. C. — (UP)—Police attributed the death of Fred Wilkinson, 45, and Della Kretlow, 23, killed by a dynamite explosion, to a bomb Wilkinson had a stick of dynamite in his pocket. It exploded when he took Miss Kretlow into his arms to embrace her.

Educated Boys Lead In NYA Employment

AUSTIN, May 4—Thirty-three thousand Texas youths have availed themselves of the opportunities offered by the National Youth Administration since it went into operation in September, 1933, Lyndon B. Johnson, state director of the youth administration announced today.

A summary of major Texas activities reveals that the student aid program leads with 13,935 high school and college students holding part-time jobs. Of this number 11,030 were employed in high schools and 3,905 in Texas colleges. High school student jobs pay \$6 per month and college students are paid an average of \$15 per month.

Under the works projects program, 12,811 Texas out-of-school youths—7,414 boys and 4,397 girls—have part-time jobs. NYA projects are sponsored locally and adapted to the needs of individual communities.

The Texas NYA has 20 freshmen college centers in operation with a total enrollment of approximately 900 students and with 34 teachers employed. The centers offer college work of the first year level to

students unable to enroll in regular colleges and universities.

Under the vocational guidance and job training program of the NYA, a junior employment service has been established at Fort Worth. In 60 days of operation, 2,119 boys and 1,155 girls have been interviewed. A total of 136 firms have been visited and 22 youths have been placed in marginal jobs in private industry.

Of the 160 young women who attended NYA camps, 85 per cent obtained employment at the end of the camp period.

Seeks Re-Election

Cecil Lotief, Floritorial Representative from Eastland and Callahan Counties, who has announced he will seek re-election.

Lotief Announces For Re-Election

To the Voters of Eastland and Callahan Counties:

In making my announcement for re-election to the place of State Representative from the 107th Floritorial District, I wish to thank every voter for the confidence and support reposed in me in the past. I hope and trust that my actions have been such that you will approve of my candidacy for re-election.

Kept the Faith

I have kept faith with the people. In other campaigns I have repeatedly promised the people of

this district that I would never vote for the creation of a new bureau or commission except as required by the Constitution. I wish to state that during my tenure of office I have never forsaken this promise and never shall I do so.

Old Age Pensions

I have worked and voted for old age assistance to be paid to every one of 65 years of age and voted for the tax on liquor to be used to pay off the old pension. I also voted for an increase on the sulphur tax to be used for this purpose, and also voted for a substantial increase on other natural resources of this state. I voted to pay the old aged from the general fund instead of a special fund and did all in my power to provide quick payment, beginning January 31, 1936, at \$15 per month for each person over the age of 65 as required by the Constitution. If you return me to the legislature I will continue to devote my labors and influence in behalf of the old people.

Friend of School Children

I have worked consistently for our little "red" schoolhouses. During my tenure of office I have voted on every occasion for large appropriations of rural aid, for the benefit of our boys and girls, for the rural schools to remain open for a longer term. I am proud to say this objective has been largely received and school teachers are now receiving their money more promptly, without any additional tax on the patrons of rural schools.

Favored Reduction and Economy

I have voted at every opportunity for reduction in salaries, and other measures incidental to the reduction of taxes, and I offered an amendment to House Bill 674 on page 1928 House Journal dealing with the Red River Claim and saved the State \$50,000.00. I also amended many other appropriation bills thereby saving for the tax payers of Texas many thousands of dollars during my tenure in office. I was author of and sponsored an amendment to House Bill 680 Page 1688 House Journal which makes it unlawful for any and all of the State employees to use the State's owned automobiles for their own pleasure or any of their families to use the

State's cars for their own personal use, thereby saving the tax payers over \$100,000.00 annually on this amendment alone.

Favors One House

I favored a constitutional amendment to be submitted to the voters for a one house legislature. By experience as a member of the House I have learned that the people will receive much more beneficial service from one house than they would from two. There would be less duplications and more money saved for our taxpayers of the state. If we have only one house the people can readily pin the responsibility where it belongs and thereby expect more conscientious representation.

Stood For the Rights of People

I believe in a fair dealing, and I have always treated the Big Business and Small Business; rich and poor on equal basis, and shall continue to do so. I stayed on the job and fought for the interest of the people of my district and even though I was in the minority I never backed down on the floor of the House when I felt that I was representing the interest of the people of this district and of the State of Texas.

Committee Membership

I am now serving on five committees, which are: Revenue and Taxation; Oil, Gas and Mining; Municipal and Private Corporations; Highways and Motor Traffic; Vice Chairman of Commerce and Manufacturing. These committees are as you know, of vital importance to all Texas. My attendance is about 98 per cent.

In the Service of the People

I shall continue to be obedient to the wishes of the majority of the voters in my district as in the past, and I am willing to defend my official record at every voting box in this district and after careful investigation and consideration if you think that I can serve you to a greater advantage, because of my experience in the past and my knowledge of the House rules, I shall appreciate your support, and I hereby promise you again that I shall never betray your confidence.

Again thanking each and everyone of you I am—
Sincerely Suggesting Your Vote,
CECIL A. LOTIEF, State Representative, Eastland, Tex.

Electrolux IS JUST AS SILENT

And this noiseless operation of Electrolux is evidence of its basically different refrigerating method—no machinery at all. It's the key to every one of the famous Electrolux advantages.

- No moving parts to wear
- Lasting efficiency
- Continued low operating cost
- Fullest food protection
- Savings that pay for it

The New Cold **ELECTROLUX** THE SERVEL Gas Refrigerator

THERE'S good reason for the silence—the permanent silence—of Electrolux. It hasn't a single moving part! A tiny gas flame does all the work.

This simplicity accounts also for the greater efficiency of Electrolux . . . and for the ever-growing popularity of this modern gas refrigerator! Already, Electrolux has been the choice for more than half a million American homes and apartments. Each year a larger percentage of all refrigerators sold

are Electrolux Refrigerators. Electrolux runs for only a few pennies a day . . . and this cost will never be increased through the inefficiency of worn or wearing parts. For, parts that do not

move cannot wear or cause trouble!

Remember, too: the constant, steady cold of Electrolux—24 hours a day, winter and summer—keeps perishables and left-overs fresh for days. Owners find that savings on food bills and refrigerating cost actually pay for Electrolux. See the beautiful new 1936 models for yourself. Allowable Is Raised In District

Schedule for the West district, effective Friday, was increased of 1219 barrels over the schedule issued April 1. Eastland county is raised to 14,000 barrels. The nine counties receiving Jones county's allowable the largest out of the district. Increase in daily barrels for Jones was 663 barrels. Counties were cut. Fisher county's allowable was 253 barrels. Shackleford's raise to Jones, with a 237-barrel daily hike. Schedule lists 24 producers. Total daily potential of 10,968 barrels, although each well can produce no more than 150 barrels. Eight wells in the district have been completed since

these figures were sent to the commission offices, however, and the total potential will run more than 14,000 barrels daily.

By counties the schedule is as follows:
Brown, 1,769, up 42; Callahan, 1,653, up 57; Coleman, 1,154, down 18; Comanche, 78, up 4; Eastland 2,935, up 41; Erath, 112, same; Fisher, 5,622, down 253; Haskell, 18, same; Jones, 4,216, up 663; Palo Pinto 382, up 22; Shackelford, 6,714, up 237; Stephens, 4,602, up 51; Throckmorton, 477, up 13; Taylor, 117, down 13; Young (south half) 4,524, up 201.

Olden Wins Contest In Track Saturday

Olden high school won its division of the interschool meet Saturday, scoring a total of 24 3-4 points in taking first place. Anderson of Olden, who has been high point man in every track meet in which he entered, was high point man of the meet Saturday, account-

ing for 19 3-4 points, and breaking the record in the high hurdles with a time of 15 seconds. Curry of Olden accounted for the other five points made by the team in piling up its total of 24 3-4 points.

Applications To Drill Are Filed

Application to drill was on file Saturday in the railroad commission office at Eastland from Fred Browning of Fort Worth for the No. 1 G. T. Scudder, Section 1710, T. E. & L. Co., survey, Palo Pinto. Application called for drilling to 1,350 feet.
Roth & Faurot Oil & Gas Co. of Valera filed application to drill No. 1 M. E. McMullen, Section 33, D. & D. A. survey, Comanche county. Depth contemplated is 2,805 feet.
Production of the Texas Pacific Coal & Oil Company's No. 128 J. N. Stuart, Block 4, Section 71, Palo

Pinto county, was increased from 3 1-2 barrels to 10, according to a statement filed in the commission office. Forty quarts were injected into a sand thickness of 63 feet at 1,625 feet.

Eastland School Heads are Named

Eastland school trustee elected the following officials at a meeting Friday night:
P. B. Bittle, superintendent of schools.
C. A. Hertig, tax assessor collector.
Johnny Kitchen, athletic director of Eastland high school.
W. G. Womack, principal of Eastland high school.
G. W. Colburn, band master.
It was reported instructors and other officials will be elected at an early date.

Cisco Pioneer Dies At Breckenridge

Burial in Oakwood Cemetery followed funeral services held Monday afternoon at Breckenridge for Daniel W. McKoy who died early Sunday at his home in Breckenridge. Mr. McKoy was born in Arkansas in 1849 and came to Texas about 1876, first stopping at Fort Worth, where he worked for the government, hauling freight to points west of Fort Worth. He later settled near Elison Springs in the eastern part of this county, where he lived for several years before moving to Sabano community in the southwest section of this county. He was also a resident of Cisco for a number of years. For the past several years he had lived in and near Breckenridge.
Mr. McKoy was one of the great number of true pioneer citizens that came to Texas when it was sparsely settled with a determination to master the difficulties and hardships which people had to face at that time.
He was laid to rest with his wife,

formerly Miss Alice Keith and son Eddie. He was converted at the age of forty, uniting with the Baptist church. Later he was ordained a deacon, which office he filled with distinction.

He is survived by seven children: Boyd McKoy, Breckenridge; John McKoy, Arp; Mrs. Sallie Ellison, Los Angeles, Cal.; Mrs. Mary Ogle, Los Angeles; Dan McKoy, Jal. N. M.; Mrs. Jessie Price, Ilex; Riley McKoy, New York. Eight grand-

children, one sister, Mrs. Ragen Hemphill of Los Angeles.

Tompson-Kiker Funeral Home of Breckenridge assisted by Green's Funeral Home had charge of funeral arrangements.

YAWNING MALADY CONQUERED

VICTORIA E. C. — Mrs. P. E. Wakelin is recovering from a strange malady that kept her yawning continuously for more than three months. Doctors attributed the illness to nerve disorders.

CONLEY'S COVE, N. S. — (UP)—The hull of a nameless vessel, raked by fire, was washed ashore here. All traces of the name were obliterated and efforts to establish the identity of the ill-fated vessel have failed.

FAFALONA, Cal. — (UP)—Prof. A. E. Nirovsky, head of the Association of Soviet Architects, has notified the Soviet Chamber of Commerce and the Soviet Republic would like to erect a duplicate of the Pasadena Rose Bowl.

G-E THRIFT-UNIT Now Serves More Homes Than All Other "Sealed" Refrigerators Combined

You'll need no "gadget" to insure against food spoilage worries with a General Electric. The famous G-E sealed-in-steel mechanism has kept the temperatures in General Electric all-steel cabinets always below 50° for years. And a stainless steel super-freezer provides extra cold temperatures for fast freezing of ice cubes.

Now "Double the Cold" with Even Less Current Than Ever

General Electric developed the first sealed-in-steel mechanism nearly nine years ago. Its unmatched dependability and low cost have been proved in nearly 2,000,000 homes. Basically unchanged but constantly improved, the General Electric Refrigerator is now even thrifter than ever. Every minute of every day somebody buys a General Electric.

See the New G-E Models Today!

You will, of course, find all modern convenience features in General Electric Refrigerator cabinets, including sliding shelves, interior lighting, vegetable drawer, temperature control and defrosting switch.

PARK HEIGHTS HAS BIG DAY, 60 ADDITIONS

We clip from the San Angelo Standard-Times an item regarding the progress of the revival being held with Parks Heights Baptist church where the Rev. E. S. James, pastor of the First Baptist church of Cisco, is doing the preaching.

"A peak in religious fervor was attained at the morning and night services of the Park Heights Baptist church Sunday when sixty conversions and additions were registered during the two services. Capacity crowds heard the Rev. E. S. James, Cisco evangelist, proclaim Biblical messages on both occasions. He claimed the reaction at the San Angelo church to be the greatest witnessed in many years of ministry, and local church members termed it the "most eventful day of recent years at the Park Heights church."

"Enthusiasm was carried into the Bible classes, the Rev. J. Ralph Grant, pastor, reported. He announced that 517 attended Sunday school classes in the morning and 282 attended the B. T. U. session in the evening.

Jaycees To Extend Cooperation To Cisco Lions Club and Merchants

With a decision to sponsor a letter of invitation to the 1,293 individual members of Lions clubs in District 2-E, appealing especially to Lion Ladies to the end that they may use their influence in making the occasion of the Lions convention held here, June 16-17, one of recreation and a vacation for themselves as well as for their husbands, the Junior Chamber of Commerce is swinging into action in its work of cooperation with the senior body and other civic organizations of the city to do its bit in making Cisco the kind of a town they want it to be.

A committee to work with the Lions publicity committee on the preparation of this letter was appointed, composed of Frank Langston, O. L. Stamey and A. D. Starling.

There's Good-Fellowship Galore When Texans Get Together

\$3,269,221.32 WPA TOTAL FOR MARCH

SAN ANTONIO, May 7—(UP)—Combined pay checks for 115,419 workers operating 2,655 Works Progress Administration projects in Texas during March amounted to \$3,269,221.32. State WPA officials here disclosed.

Project employes received 77.47 per cent of the \$4,219,767, spent by the Works Progress organization in Texas in March, records reveal.

Cost of materials, supplies, equipment, and non-personal services procured in Texas during the month amounted to \$782,105.

Administrative expenses, including office rental, furniture, supplies, travel, and salaries of administrative personnel in the state office and in the twenty district offices were \$19,440.50 for March. Cost of administering the program was 3.99 per cent of the total expenditure, officials pointed out.

For the entire state, labor expenditures average \$29.24 per person employed. Adding to this \$6.71 per person employed for non-labor expenditure brings the average expenditure per person employed during March to \$35.95, it was explained.

Lowest March expenditure, \$47,817.32, was reported by the Uvalde district, while the Dallas district, wherein densely-settled counties reported 15,325 persons at work on WPA projects required \$531,500.19, highest district expenditure.

MISS MILLER TO SHARE IN TCU PAGEANT

JUNIOR-SENIOR BANQUET MAY 8 LAGUNA ROOF

Preparations to entertain the largest senior class in the history of the Cisco high school, which totals 90, are being made by the high school juniors, themselves numbering about 70, at the annual junior-senior banquet on the Laguna roof Friday night, when a surprise program will be brought by the hosts, said Miss Ida Mae Collins one of the sponsors for the junior class.

Mark McGowan, president of the younger body will occupy the chair of honor at the head of the banquet spread and, acting as ring master, will put the performers through their tricks, which are in the main to be a surprise to all except those in the know.

About 180 plates will be laid for the students, faculty members and special guests. Senior sponsors are C. C. Duff, and Miss Elizabeth Daniel; junior sponsors are, Miss Ida Mae Collins, Miss Frances Bowen and E. C. Pennington.

The surprise features of the program, which are said to be outstanding, are being kept as a dark secret said Miss Collins, but it is divulged that the German band, composed of R. L. Maddox, Martha June Morehart, Ralph McCannies, Jerre Lottin and Julian Ely, will play, also the Dorothy Jean Walker, LaRae Ely and Jane Kizer trio will sing.

A group of Sophomore girls will serve. After the banquet program there will be a dance at the country club to the music of Ray Judia's orchestra.

KARPIS TIPS OFF G-MEN

ST. PAUL, May 7—(UP)—Alvin Karpis imprisoned gang leader gave the tip that brought the capture of his chief lieutenant, Harry Campbell, a G-man indicated today.

The federal man was waiting at St. Paul airport for arrival of the plane bearing Campbell and his captors. The agents were asked "Is Karpis going to get the \$2500 for Campbell's capture?"

CAMPBELL PUTS UP LITTLE RESISTANCE

CLEVELAND, Ohio, May 7—(UP)—J. Edgar Hoover, director of the Federal bureau of investigation announced today that Harry Campbell only remaining member of the Karpis-Baker gang was captured in Toledo at 3 o'clock this morning.

Hoover arrested Campbell personally and brought him to Cleveland in a chartered plane and sent him to St. Paul under guard of federal agents.

Hoover said only slight resistance was encountered when he and his agents broke into Campbell's apartment. They found a woman whom Hoover said was Campbell's wife, with him.

Investigators found \$2,900 in cash, a revolver and six clips of cartridges in the apartment. Hoover said Campbell had been living in Toledo for five months.

Fewer Jaywalking Animals

When automobiles and good roads first invaded the wilds, many animals were killed while crossing highways. They were totally unprepared by previous experience to know what to do when an automobile bore down upon them. But there are said to be such things as evolution and a natural instinct for self-preservation. Those forces are working, according to the recent observations of the curator of the Bronx Zoo in New York. He recently went into the Catskills and the Adirondacks and up and down the valley of the Hudson river, studying the behavior of the wild animals living in woods along the highways. To his great surprise and interest he found that they were actually giving up jaywalking and were taking to the culverts. He saw enough instances of animals proceeding along the side of a motor road until they reached a culvert and then crossing under the road safe from the automobiles rushing overhead to convince him that the animals are learning wherein safety lies. "I can say authoritatively," he remarks, "from my own experience, that while death to human beings from automobiles are increasing, death to reptiles and small mammals are decreasing steadily. One finds fewer carcasses on the roads nowadays than in the days of the horse and buggy. Each culvert along the road is crowded with the foot tracks of the animals that have learned how to cross a road without being run over." Here's something for "thinking" human beings to ponder.

Closer Family Bonds

Family life is not destined to go to pieces, in spite of appearances, says Dr. E. F. Ogburn, professor of sociology in the University of California. His reasoning provides a pleasant surprise for a lot of alarmists. "With birth control," he says, "with women working outside of the home, with fewer children and more frequent divorce, it seems probable that much more attention will be given to affection within the family as a means of keeping the family together. Separation and divorce may be more frequent, and yet it is probable that the average quantity of affection per family unit, remaining intact or founded anew after divorce, will be much higher than when the family was held together by other bonds." It is novel reasoning, which would have stunned the Victorian age and is shocking enough to a good many people of the present more liberal-minded age. Yet the professor may be right. Home ties have been founded largely on economic status and social opinion. Many a family has held together by economic or social compulsion. Love and affection, which should be the binding ties of the home, cannot be forced. With greater individual freedom, they may flourish more. Parents and children not compelled to live together may choose to do so and, in their voluntary choice find greater congeniality and charm. That, at least, is the new theory, and it is worth thinking about, not as an argument for the destruction of family ties but as a view of friendly Mother Nature taking care of her children and safeguarding the finest things of life.

The Washington man who sued the government for \$10,000,000 for bringing prosperity back in 1930 lost his case. Undoubtedly the judges presumed that was the prosperity that went around the corner and came back with President Roosevelt.

Wish the government mint would cut the tread deeper on the dollar so it won't skid when we make it cut short corners.

DESDEMONA

By MRS. W. C. BEDFORD

The seventh grade class of Desdemona sponsored an "Amateur Hour" Thursday night April 30. There was a good crowd the total admission fees being \$11.75. The purpose of this Amateur hour was to money to buy the seventh grade diplomas. Miss Della Wall suggested this type of program. There were thirty-two numbers. The prize one dollar was awarded to the Freshmen Sextette who sang, "Standing in the Need of Prayer." Second place went to the Hotcha Band playing "Coming Round the Mountain." Third place went to some sixth grade boys blacked as negroes, singing "Old Folks At Home." Miss Joe Cella Crenshaw tap dancing, received honorable mention. Joe Merrill, Jr. was master of ceremonies with the title of "Mayor Merrill."

Mr. and Mrs. R. D. Wright drove over to Stephenville Saturday to bring their sister, Miss Romaloe Wright home to DeLeon for the weekend.

Miss Della Wall and Miss Johnnie Buchanan drove up to Ranger and Eastland on business Saturday. Miss Lillian Grabowsky left Friday night for Drumwright, Oklahoma for a visit with her sister. She was taken to Ranger by her friends, Mr. and Mrs. Style McEntire and she went from there by bus.

Rev. E. M. Daily drove over to Gorman Monday to see Rev. H. H. Nance of Carbon who had undergone an operation for appendicitis on Sunday. Rev. Nance was pastor here last year and his many friends here are glad to know he stood the operation nicely and is improving.

Saturday afternoon Mrs. Walter Lamm and her children, Miss Mabel Frances Lamm and Walter Lamm, Jr. stopped for a few minutes to visit with their old friends, Mr. and Mrs. W. C. Bedford. They had intended getting here early Saturday morning but had car trouble that caused them to stay all day in Brownwood. They were going to Ranger on business. They are glad that they had such a short time to visit with their many friends and neighbors. Their home is at George West. Miss Mabel

Frances taught at Rock Spring this year.

The "21" Study club met on Tuesday afternoon of last week at the Clubhouse for a Fine Arts Day program. The meeting was called to order by the president, Mrs. Mattie Henry and the faithful secretary, Mrs. S. E. Snodgrass called the roll which was responded to by members giving names of Texas artists. On account of several members being absent part of the program was omitted. Mrs. Preston Sparks was leader of the program. Mrs. W. H. Davis read with splendid expression, "Lines to a Violin." "Home on the Range" was sung by Mrs. Clarence Ragland, Preston Sparks, C. W. Maltby and W. H. Davis, with Miss Edith Creighton accompanist. The late issue of the Federation News containing an account of the recent Sixth District convention held at Abilene gave many interesting articles for discussion, especially the article telling of the forming of the Eighth District Federation. At the close of the program, the hostesses, Mrs. C. W. Maltby and Miss Edith Creighton, served delicious fruit punch and two kinds of cake. Those present were Mrs. S. E. Snodgrass, Charles Lee, W. H. Davis, Mattie Henry, W. C. Bedford, Preston Sparks, Clarence Ragland, C. A. Skipping and the hostesses.

Dave Key and Tommie Key drove down to Fort Worth on business Monday.

Mr. and Mrs. Owen (Angel) Clark of Cisco, came down Friday to visit her mother, Mrs. Salyer.

Mr. and Mrs. S. T. Stover drove over to DeLeon on business Friday. The revival meeting which has been in progress at the Church of God the past few weeks, closed Sunday night. Several new members of the church were baptised Sunday morning at Ellison Springs. Rev. Smith of Olney did the preaching during the revival and there was good attendance and interest all the time.

Mr. and Mrs. Charlie Greenhaw came down from Cisco Thursday and spent the day with his parents, Mr. and Mrs. A. L. Greenhaw. Mr. Willie Rue Logan came down with them and spent the day with Mr. and Mrs. W. C. Bedford, Mrs. A. L.

Greenhaw went home with her son and his wife.

Myron Nerron left Monday for Fort Worth after a few months stay with his aunt and uncle, Mr. and Mrs. Dave Key.

Mrs. Bailey Stark was in Ranger on business Saturday.

Mr. and Mrs. Frank Daniel of De Leon spent Sunday here with Mr. and Mrs. S. T. Stover.

Felix Sparks and two sons of Bellville near Houston, came Friday to be with his father, Jim Sparks who is seriously ill. Others who came were Tom Sparks and family and also Mrs. Frank Moorehead of Leuders who came to help nurse Mr. Sparks, whose many friends are hoping he may recover in spite of his serious illness.

Mr. and Mrs. Z. S. Hatliff of Ft. Worth spent the weekend here with her sister, Mrs. S. E. Snodgrass.

Mrs. A. B. Henslee and baby Sam Anne, of Freer and her daughter, Mrs. Robert Dawley and children of Caddo were here Monday on business and visiting friends.

Mrs. Dave Key and Mrs. Horace Morrison drove down to DeLeon Monday.

The Methodist Missionary Society met at the church Monday afternoon for the monthly business meeting. Roll call responses were answers to questions on the Book of Judges. Several officers gave their reports and the local treasurer reported there was still a small balance on hand after having paid \$3 for communion glasses. Those present were Miss Mollie O'Rear, Mrs. Arnold Anderson, Charles Lee, S. E. Snodgrass, E. M. Daily, Preston Sparks, C. O. Bragg and W. C. Bedford.

Mrs. C. B. Riblett and son, Ray Henslee of Longview visited Mr. and Mrs. W. H. Davis Wednesday.

Behind the Scenes in Washington

BY RODNEY DUTCHER
NSA Service Staff Correspondent

WASHINGTON—In addition to the fact that any Republican elected to the presidency this year would almost certainly face a Congress Democratic in both houses, there is also a real possibility that Roosevelt will be re-elected along with a Congress which could probably be described as anti-New Deal.

Although it won't be possible for Republicans to come anywhere near changing complexion of the Senate, and Democrats are almost sure to retain a sizable paper majority in the House, there will be more Republicans in Congress.

In concert with Democratic members who consider much of the New Deal too radical, they are likely to give Roosevelt—if he is re-elected—much more opposition than he has had in the past. Perhaps enough, in fact, to stymie the president, who recently asserted that "social pioneering" was only in its infancy.

If you identify the "New Deal" as an advanced program of political and economic progressivism or liberalism—as it professes to be—some of the following factors will be of profound interest, to both the simon-pure New Dealers who have glowing hopes of new "pioneering" in the next Roosevelt administration and the conservative opposition which fears Roosevelt will be re-elected, but hopes the "worst" is over:

WEIGHT SWAYS CANZONERI AND M'LARNIN ODDS

By JACK CUDDY
United Press Staff Correspondent
NEW YORK, May 7.—Two of the grandest fighting men the ring ever knew, Lightweight Champion Tony Canzoneri and the former world king Jimmy McLarnin, will collide for the first time tomorrow night (May 8) in a non-title 10-rounder at Madison Square Garden.

Paths of these two veterans never crossed before, and it's virtually certain they'll never cross again. Because tomorrow night's first and last battle between two of the hardest hitters—pound for pound—in pugilistic history is expected to be the end of the trail for the loser.

Consequently it will be an historic battle when bull-shouldered little Tony and "baby-faced" Jimmy tangle under the floodlights before an expected capacity crowd of 18,000 and for a net gate of about \$100,000.

Weight Favors McLarnin
Because Jimmy will have about eight and a half pounds weight advantage—scaling about 144 to Tony's 135½—the Irishman will be a slight favorite, probably around 7 to 5 at ring time. This pull in the weights should make McLarnin a decided favorite were it not for the fact that he has been idle since losing his welter crown to Barney Ross last May 28.

How They Compare

NEW YORK, May 7.—Here's how Tony Canzoneri and Jimmy McLarnin will stack up in their 10-round bout:

McLarnin	Canzoneri
29 years	30 years
144 lbs.	135½ lbs.
5 ft. 6 in.	5 ft. 5 in.
67 in.	65 in.
15	15½
37	36
40	38
18	20½
14	13
11	12½
12½	13½
7	6½
8	7
31	28
11	11

Meanwhile Canzoneri has been a busy warrior since winning the lightweight title in an elimination final against Lou Ambers last May 10. Since then Tony had 10 fights, including a title defense against Al Roth on Oct. 4. Five of those bouts were staged this year and Tony proved that he still packs dynamite by knocking out four of those five opponents. The fifth man, Johnny Jadick, lasted the 10-round route by a miracle. He was on rubber legs during most of the latter rounds.

Since both are fading veterans at the ripe ring ages of 30 for Tony and 29 for Jimmy, condition will play an important part in the fight if it goes past the five-round mark. With more recent fights under his belt Canzoneri should be in the better shape. But McLarnin is a clean liver and a chap who keeps close to peak condition in or out of the ring.

Bride To See Fight
This will be Jimmy's first fight since taking a bride, the former Lillian Cupit of Vancouver. Lillian will be watching at the ringside giving her hard-hitting husband additional incentive to win. She never saw him fight before.

During 11 years of busy campaigning Canzoneri won three titles: feather, junior welter and lightweight, while McLarnin garnered only one, the welter in 12 years of professional scrapping.

However, Jimmy met-in-over-the-weight matches—nine champions from flyweight to welter and registered victories over all of them. A couple of these reversed previous defeats. This was additional to wrestling the 147-pound crown from Young Corbett in 1933 and his three embroilments with Ross.

McLarnin, who now lives at Berkeley Cal., trained for the bout in New York while Tony conditioned at his Marlboro, N. Y., farm.

Motorists Barely Missed as Boxcars Topple Over

This shattered heap of boxcars provided a new and astonishing peril for motorists when a New York-Chicago freight train of 24 cars was derailed on a Plymouth, Ind., viaduct. One boxcar landed exactly on the spot from which a motorist frantically loped away as he saw the train leave the rails. Four more cars crashed down on the opposite side of the trestle within six feet of other autos halted by a traffic light at the viaduct. No trainmen were injured, though 1000 feet of track was torn up in the derailment.

Texas Topics

By RAYMOND BROOKS

AUSTIN, May 7.—A "Dossier" system, whereby each individual will exist both in person and as an official record in a gigantic card-index, seems the ultimate course of the federal social security system. Already in Texas, the social security set-up begins to grant direct aid to the unborn child, with the possibility that he may continue to get such direct aid throughout his life, ending with the old-age pension after he is 65 years of age.

One division of the work universally acclaimed as one of the greatest benefits governmental aid has conferred is the maternity and child welfare program. When the legislature meets, it will provide for a set-up and some matching aid to get the state about \$3000,000 a year federal money for benefits to the indigent mothers of non-supported children. Crippled children, blind and those requiring certain types of vocational training, can receive benefits under the far-flung program. Many phases of rural health work will be carried on with funds from this source. The biggest single phase of the program is the old-age pensions, partly from levies taken from the pay of the individual during his working years. Five years in-between years, the government already has started levying the payroll tax, and in 1939 will reach the maximum of 3 per cent from the employer and 3 per cent from the employee, all paid in by the employer.

To compute through an individual's lifetime how much tax has been collected from employers on his work, how much of his own pay has been collected in taxes, how much he is entitled to when leaving one employment, how much for unemployment insurance, and how much he has contributed to the national fund for his old-age retirement pension, it has been declared necessary to maintain a lifetime government record on him, just as the army keeps an enlistment record of each soldier.

This case-record task alone will require the work of many thousands of employees, when the government develops it to its fullest requirements.

Hold Six as New 'Dillinger Gang'

A new midwest gang which police say aspired to rival the crime record of the Dillinger mob was shattered, authorities declare, with arrest of six suspects in Chicago. The prisoners are accused of a series of robberies, climaxing by a \$15,000 jewelry store holdup in Lima, O., and the killing of an Indianapolis policeman, Alfred Brady, alias Barton, alleged leader, is shown, upper photo, with Assistant Prosecutor William B. Crawford. Brady is said to have confessed that he killed the policeman with the gun Crawford is holding. At left center is Jack Becker, at whose Chicago home the arrests were made. Below him are shown Mrs. Laura Becker, left, and Mrs. Margaret Barry, said to be Brady's "moll." At right is part of the Lima loot.

UNDER THE DOME AT AUSTIN

By GORDON K. SHEARER
United Press Staff Correspondent
AUSTIN, May 7.—(U.P.)—Horse race bookmaking promises to be a live issue in the next session of the Texas legislature. The statesmen are fond of talking of "schools of thought." One school advocates stamping out the bookmakers. The other proposes to reorganize and license them. Both seem much dissatisfied with the existing condition. Either restrictions and a licensing system, seems likely.

San Antonio, Houston, Fort Worth and Dallas all have had more or less successful drives against the bookies. There is no difficulty in placing a bet in any of them. Even Austin, in the shadow of the capitol, has had bookie shops running with little interruption.

So far the licensing movement has had little more than general discussion to go on, but it is currently reported that a survey has been made to determine what the state revenue might be from licensed race bet establishments, distinct from the race tracks.

The University of Texas becomes embarrassed when it is called the "richest university" and points out that only a small part of its potential wealth from its oil lands is immediately available. A few years ago part of this potential wealth as drawn upon for a building program. The future income was pledged to redeem bonds that paid for a dozen buildings. Buildings for this department and that department were erected. A campaign towers above everything else in Austin but the Regents forgot all about having a hospital for the more than 7,000 students. Now the hat is being passed to provide hospital accommodations.

Last winter's epidemics so overcrowded local institutions ordinarily used for students that the officials have awakened to the need of a hospital. The plan now is to have the students agree to a \$5 hospitalization fee to liquidate a federal loan. The legislature will be asked to amend the act limiting student fees.

House Speaker Coke R. Stevenson, announced positively this week that he will not seek a third term as Speaker.

Stevenson wants to come back to the house as a member but is content for his record as the first speaker to succeed himself for a second term. About half a century ago, John Cochran, Dallas, was twice speaker. There was an interval, however, between his terms. He was a member of the 14th, 15th, 16th and 18th legislatures. His first service being in 1874.

The right to vote is such an important one, that Attorney General William McCraw believes it is his duty to give legal advice on the topic to all interested regardless of position or party. Advice on other matters is confined to state officials, whose adviser he is.

"The custom of this office, in advising election officers, as to their duties and responsibilities, deserves to be perpetuated," McCraw said.

Claims National Altitude Mark

Rather girlish garb this winsome miss is wearing, but it's appropriate, for Annette Gipson is airishly inclined, offering as evidence what is claimed as a new national altitude mark for a light plane carrying a passenger. In her 90-horsepower craft, the New York pilot ascended an estimated 14,000 feet over Ft. Lauderdale, Fla., during a severe thunderstorm.

Mystery Witness in Wendel Case

For days surrounded with utmost secrecy, the "mystery woman" of the Wendel inquiry was revealed to be Mrs. Janet Bleefeld, wife of Murray Bleefeld, one of the men indicted in the kidnaping of Paul H. Wendel, former New Jersey attorney who was forced to confess the Lindbergh baby abduction. She is pictured above waiting to be questioned by District Attorney William F. X. Geoghan of Brooklyn, who announced that she was in no way personally implicated in the case. Her testimony led to the arrest of Sol Marcus Trenton, N. J. bookmaker, in connection with the case. It was reported.

It will be continued by this administration. In proper cases, individual citizens will likewise be assisted in matters touching their rights and privileges as voters.

A booklet on election laws and procedure has been compiled by McCraw and has been printed. It is "not paid for by the state of Texas", the imprint informs.

Rhode Island, smallest state found May 4, a propitious date to congratulate Texas on its centennial. By sending the message on the day the little New England state was able to refer proudly to the fact that it was the 16th anniversary of Rhode Island's freedom from Great Britain and the beginning of its official celebration of 300 years since its founding.

Many centennial messages come to Governor James V. Allred's office. A Brooklyn language teacher who says he speaks 16 languages fluently, has offered to come to Texas and be interpreter so foreign visitors may be addressed in their own tongues. He offers to give the service free.

Murder charges against women in Texas led to an unsuccessful effort to find a record of a woman having been executed in Texas. One woman given a death verdict, died in jail. None has been electrocuted. Before electrocution became the legal method of capital punishment, executions were by hanging in county jails. A check of each county would be necessary to establish certainly that no woman had been hanged.

Bee Culture Tangle If Interest Shows

All honey growers and bee enthusiasts of Eastland county invited to attend a bee training demonstration which will be held at the June Hargus home, quarter mile north of the Electric Power plant and east of Eastland at 9 a. m. May 8th.

R. R. Reppert, A. & M. Entomology Specialist, will give the instruction, assisted by County Cook. A colony of bees was transferred from a home-made efficient hive to a modern hive. Mr. Reppert will show it pays to properly house the profit derived from the honey is much greater from when properly housed and for.

Henry Collins, bee enthusiast Oden, quoted some figures to county agent which emphasize benefits to be derived from producing and caring for bees. He sold more than 450 pounds of honey in 1935 from nine colonies of bees which were housed in ten hives. His returns per acre were more than \$7.50, while depreciation on equipment was less than 50 cents per colony. "This county is an ideal location for a great honey producing industry," says Mr. Collins. "We have abundance of honey producing plants," he added.

If there is sufficient interest from honey raisers of the county during the demonstration, cooperative buying of an extra machine to take the honey from the comb will be discussed. Before all honey produced in Eastland county has been sold as honey.

Everyone in Eastland county has one or more colonies of bees. It is urged to attend the demonstration Friday morning.

Convention Smooth Donoway Honored

Machinery of county Democrats functioned with accord Tuesday when precinct delegates meeting in 91st District courtroom at Eastland named representatives to the state convention at San Antonio May 26.

Precinct chairmen adopted a resolution of a committee which endorsed the present administration and its efforts to return prosperity and commended the efforts of the president and John N. Garner to carry out the platform pledges of the democratic party.

Jim Williamson of Cisco was named chairman to replace temporary chairman Earl Conner, Jr. of Eastland, executive democratic chairman for the county.

Abrogation by the national convention of the two-thirds rule and substitution of the majority rule was also favored in one of four resolutions adopted by the convention.

FOLLY and FAREWELL By Marie Blizard

BEGIN HERE TODAY
 LINDA BOURNE, 29 years old, pretty, is left almost penniless by the sudden death of her father.

PETE GARDNER, newspaper reporter, helps her get a job writing society news. Linda is in love with DIX CARTER, but he goes abroad to study singing. When Peter asks her to marry him she agrees, but postpones the wedding.

HONEY HARMON, film star, comes to Newtown, making a "personal appearance" tour. She buys a scenic view from Linda. Linda goes to Hollywood and there, expressing ideas that are really Peter's, she acquires a reputation for being able to discover new stars.

At a party given by Honey Harmon, Linda meets BASIL THORNE, director. She goes out late at night alone. Suddenly Thorne appears beside her, takes her in his arms and kisses her.

NOW GO ON WITH THE STORY CHAPTER XIV

LINDA refused to accept the threat in Honey's voice. There was no reason for it; therefore it couldn't exist. Smiling and friendly, she said good night to Honey and to Basil Thorne separately, and went to her room. Sunday she pleaded work, breakfasted privately, and spent the morning reading. In the afternoon she gathered up a foursome for bridge and at 5 she left without saying more than the most casual banalities to Basil Thorne.

But, returned to her apartment in Beverly Hills, her gaze wandered toward the telephone and each time it rang, exhilaration lifted her swiftly and left her smiling as she heard a voice that was not Thorne's.

For five days Thorne didn't telephone her. That didn't surprise Linda. She expected that he would play his game that way. He knew he had made an impression; now he would let her wonder a bit. He reckoned without Linda's purposefulness. Knowing the situation between Honey and Thorne, she decided she would not see him.

BUT for once Linda did not abide by her own decision. Basil Thorne telephoned her the sixth day of that week and asked her to dine at his house. To her own surprise, she accepted, and spent the next hour in a fever of dressing. Her hair wouldn't behave. The red frock looked too bold, the white one too virginal, the black one too dressed-up. She wore a frothy gray, pinned violets at the waist, and flung a mink cape over her shoulders.

Speeding over the smooth roads to Brentwood and Thorne's palatial "shack," as she called the 18 rooms, she reminded herself that she was a grown woman, capable of handling any situation, and that a man only took advantage of a woman when the woman wanted him to. While many men had made love to her in Hollywood, none had presumed to treat her as a woman other than she was. And while she was telling herself these

things, her excitement mounted and made her flushed and lovely when she stepped into the great hall of Thorne's house.

He was not there to greet her. Linda was accustomed to bad manners. She had met them frequently in the last year, but she was astonished that Thorne had been guilty of such bad taste. A Chinese butler took her wrap. She touched a lipstick to her mouth, patted her hair and lit a cigaret. Then she strolled into the living-room.

"There was an eight-foot lounge before the hearth and, reposing in unlovely slumber, dressed for dinner with a dressing gown in place of his dinner jacket, was her host! He was snoring gently. Not that the "gentle" part helped. He might have trumpeted and the effect would have been no worse. Fastidious Linda shuddered, and was lost to him.

He was aware of her then and rose unsteadily to his feet, and spoke thickly. "Sorry, Little Linda. Dropped off to a nap. Be all right in a minute." His words sturred slightly and he roared, "Cocktails!"

LINDA took one from the tray and sipped it. She was stricken to silence. The evening had gone completely flat. She watched Thorne gulp two of the cocktails in quick succession, saw his hand steady and his eyes cloud.

She didn't quite know what to do, but when he pulled her down on the lounge beside him she slipped from his grasp, smiling, and, still smiling, left him. He didn't realize until she was well down the road in search of a telephone that she had gone.

That finished Basil Thorne with Linda, but it did not remove him from her life. And that week had awakened in her a loneliness, a need for affection to have and to bestow.

The next day he telephoned. He called her at the studio, and he called her at home. He sent her a charming note of apology and enough flowers to lend a funeral effect to her four-room apartment. But she refused to talk to him or see him.

After that she accepted no invitations until she was certain that the guest list did not include his name. She saw him at lunch at the Brown Derby. She met him at the Los Angeles Athletic Club. He sat two tables away from her at the Clover Club, and each time she nodded and smiled, but was careful to avoid having to speak to him. Linda had learned that one does not make enemies in Hollywood.

For many weeks nothing happened to disturb the smooth rou-

LEADER IN EXILE

FRANCISCO DE PAULA SANTANDER, great revolutionary patriot of Colombia, had fought under Simon Bolivar, "Liberator of South America," for independence from Spain. He had become vice president, and actual governor, of the newly formed Republic of Colombia when, after one of Bolivar's frequent expeditions, a plot against the liberator's life was discovered.

Santander was accused of complicity and sentenced to death. Later, the sentence commuted to banishment. Santander traveled in Europe. In 1832, the Republic of New Granada was formed, and Santander was recalled to fill the presidency of that infant government. For four years, he directed the progress of his country, and encouraged public education, science, and art.

After his presidency, he was elected to the national congress for two terms, and died May 5, 1840, at the age of only 48. His portrait appears on several stamps of Colombia. One is shown here.

Circle One Meets Tuesday at Church

Circle One of the First Presbyterian Woman's Auxiliary met Tuesday afternoon at the church with Mrs. Abbie C. Daniels as hostess.
Mrs. R. S. Cope led the devotional which was taken from the 19th chapter of Matthew. Mrs. Daniels brought the lesson from First Genesis.
Present were Mesdames A. L. Buford, R. B. Carswell, R. S. Cope, Abbie C. Daniel, C. H. Fee, A. E. Jamison, J. S. Pearce, G. C. Rosenthal, J. G. Rupe, Alex Spears, P. R. Warwick, John Kleiner and E. H. Phillips.

Mrs. W. R. Simmons Is Tuesday Hostess

Mrs. W. R. Simmons was Tuesday hostess to members of Circle Two of the First Presbyterian church in her Eighth street home.
The devotional was led by Mrs. Blair Clark. A program on "Korea" was given by Mesdames F. D. Pierce and N. H. Blizard. Plans were made for a luncheon to be given May 12 at the home of Mrs. Watson.
During a social hour refreshments were served to Mesdames T. F. Reynolds, N. H. Blizard, W. P. Lee, W. G. Bardwell, Elizabeth Le Veaux, John Garrett, W. W. Wallace, P. D. Pierce, F. W. Watson, Blair Clark, Straughan and Miss Willie Ward. Mrs. Margaret Farquhar of Ontario, Canada, sister of Mrs. Straughan, was a visitor.

Kwiltin' Klub Has Bi-Monthly Meeting

The bi-monthly Kwiltin' Klub meeting was held Wednesday in the home of Mrs. Buddie Matthews.
A surprise shower of quilt blocks was presented to Mrs. Louise Lewis. A surprise handkerchief shower was given to Mrs. H. R. Pack, who is leaving soon for Stephenville where she will make her home.
Present were Mesdames Henry Van Gern, Neat Lewis, H. R. Pack, R. W. Smith, Nina Van Geem, Will Higginbotham, Harry Moore, Mart Dulin, A. L. Richardson, Homer White, Gaston Campbell, Waverly Massengale, C. C. Street, C. C. Newton, Gladys Matthews, Herbert Lewis, L. D. Evans, Bobbie Burkett, Misses Teddie Archer, Lurvan Higginbotham, Judy Smith, Jane Matheus, Maxine and Harold Pack, Nita Faye Massengale, Graces Ellen Van Geem and Billy Joe Carlisle.
The next meeting has been announced for May 19 at the home of Mrs. C. C. Street.

Bride-to-Be Social Honoree This Week

Honoring Miss Jourdain Armstrong, who is to be married Friday, May 8, to Mr. Roy Miller, the women of the First Christian church sponsored a tea and shower Tuesday evening in the home of Mrs. J. T. McKisick.
Soft shades of pink were combined with white making a lovely color note which predominated in the entertaining rooms. Beautiful bouquets of roses and gerberas graced the table which was laid with a lace cloth over pink, centered with a crystal bowl of the chosen flowers.
Mesdames W. J. Armstrong, mother of the bride-to-be, and Mrs. W. M. Miller, mother of the groom-to-be, presided at the tea table. They were assisted in the dining room by Mesdames Olga Faye Ford, Helen McKisick, Mary Elizabeth Clett, and Elaine Pulley. Mrs. Troy Powell had charge of the interesting program rendered by Young Raynell Godfrey, Miss Betty Lou Powell, Mrs. David F. Tyndall, Mrs. Lonnie Shockley and Mrs. Powell.
The many lovely gifts were presented to the honoree by Little Misses Raynell Godfrey and Katy Lou Adkins, at which time Mrs. Powell read a poem in keeping with the occasion.

More than seventy guests called and were present during the evening.
Breakfast Honoree
Miss Armstrong was also honored at Breakfast Wednesday morning by Miss Martha Coleman at the home of Mrs. W. W. Wallace, Humboldt.
Games of bridge were played. Prizes were won by Mesdames Armstrong, Hughes and Wallace and were in turn presented to the honoree.
Present were: Mesdames Mary Elizabeth Clett, Lillian Shertzer, Adele Anderson, Jourdain Armstrong, Mesdames Lloyd Hughes, Hartman McCall, W. J. Armstrong, Wallace and Miss Coleman.

MISS LINDER IN DANCE REVUE
Mr. and Mrs. Lewis Linder will visit this evening in Abilene where they will attend a dance revue at the Paramount Theater, at which their daughter, Miss Margie, will be presented in several dance numbers. The revue is being given by the Irene Jay Dance Studio.
TO MARK CENTENNIAL
LITTLE ROCK, Ark.—(UP)—State churches of all denominations will observe Arkansas' 100th anniversary of its admission to the Union on Sunday, June 14, with special services.

Social Calendar For Week

Thursday
The W. M. S. of the First Methodist church will sponsor a Mother-Daughter banquet at the church at 7:30 o'clock.
The J. O. Y. class of the First Baptist church will meet in a covered dish luncheon at the home of Mrs. Leon McPherson, 808 West Ninth street.
Friday
The Friendly Twelve Forty-two club will meet in the home of Mr. and Mrs. Ray Haley, 613 West Eleventh street.
Mr. G. B. Kelly will be hostess to members of the Merry Wives Forty-two club in her home at 512 West Fifth street.

T. P. Road Improves Highway Crossing

W. F. Elliott, in charge of a group of workmen for the T. & P. railroad, is laying asphalt and new timber on the road crossing on highway 23 at second street. The concrete work will extend the width of the street and will extend about twelve feet on either side of the rails. This improvement is a part of the program of track improvements now going on the entire length of the T. & P. across the borders of Texas, looking to the heavy traffic expected during the centennial.

SNAPPY SAULTS DEMANDED

TOLEDO — (UP)—Toledo's uniformed police officers are to receive a compulsory course in "military courtesy." Police Chief Allen said most of his officers were saluting in the manner that a tired man greets a poor relative.

Ringside Figures at OARP Probe

The anxious interest with which legions of Townsend adherents are following investigations into the plan which promised them \$200 monthly pensions at 60 seems mirrored in the faces of these two spectators at the congressional probe in Los Angeles. Former California Congressman Charles Randall gravely watches the proceedings as the woman behind him strains to catch the testimony.

Spring! Bluejays and Swallows!

IT'S spring! Time for youngsters to open mouths wide for sulphur and molasses. But better fare went down the gullets of these three waifs—bluejays orphaned by a falling tree. Their rescue by Mrs. Harry Lang, Hollywood, is an example for bird lovers solicitous of spring's feathered foundlings.

JOE LOUIS TENDERFOOT SCOUT

INDIGENT OWN AUTOS
SACRAMENTO, Cal.—(UP)—California statistics would indicate that the first qualification for an "indigent" is to own an automobile. Fifty thousand "indigent" automobile owners drove into the state during the past six months.

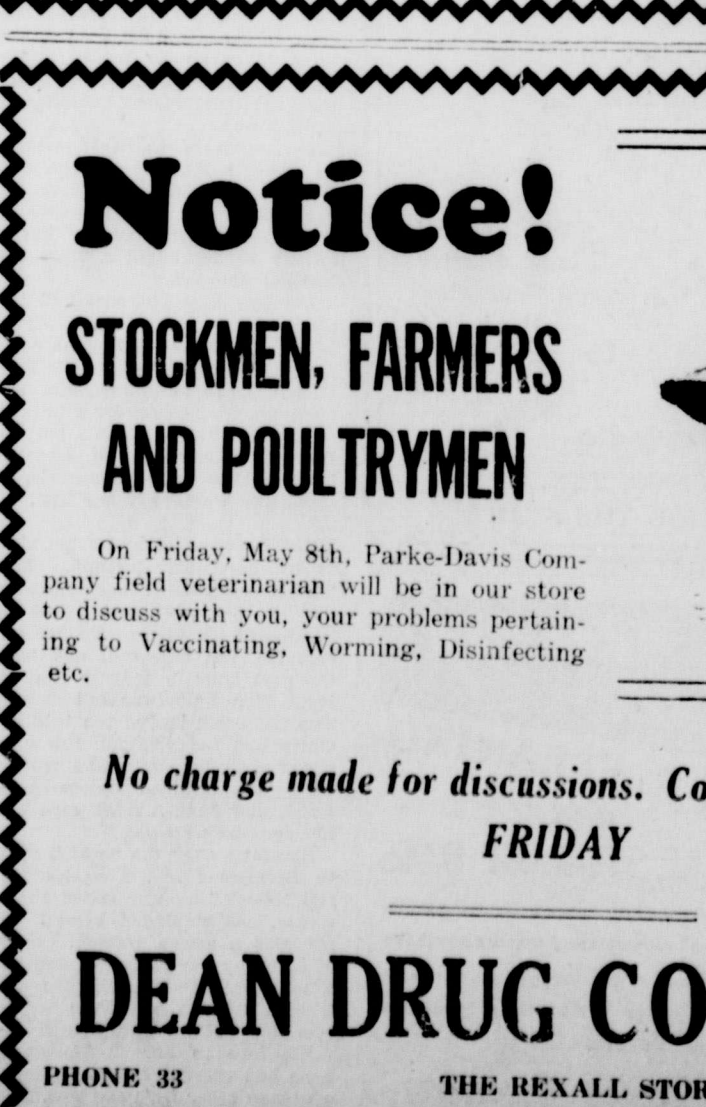

FARMERS! DON'T GET STUCK IN THE MUD

Dirt road drivers welcome new Goodrich Super-Traction Tire for passenger cars!
● Plowing through heavy mud or snow is a tough job for ordinary passenger car or light-truck tires. That's why the Goodrich Super-Traction Silvertown has made such a big hit with dirt road drivers.
Massive, heavy, extra tough, this entirely new kind of tire is especially designed to give your car a tractor grip on the softest, slushiest roads. Nothing can compare with the "caterpillar action" of the wider, flatter Silvertown tread with its double-deep, unbroken cleats. No slipping. No swerving. No stalling.
This scientific Goodrich tread construction gives you continuous traction on any kind of road—in any kind of weather—and a comfortable, easy-steering ride on paved highways. Super Traction Silvertowns will serve you long and faithfully yet you pay no price premium.
No wonder it pulls cars through the toughest spots—without chains
1. "Caterpillar Action" tread design. 2. Huskier, over-sized shouldering. 3. Double-Deep Self-Cleaning Cleats.
