

Moore... ABOUT EASTLAND

by Virgil E. Moore

Arthur E. Hartwell, rector of the Calvary Episcopal Church in Eastrop, renewed his subscription to the Telegram this week. You will remember he was minister of the Eastland Episcopal Church for several years and still has many friends here.

President Eisenhower has been on the receiving end of a lot of "Southern talk" in recent days. Newest car sticker out is one which reads, "Vote For Ben Hogan For President. If you Want A Golfer, Get a Good One!"

Mrs. S. D. Beggs' four year old grandson saw one of Tom's Sport Cars ads on TV the other night and asked his father to buy him one of the little cars. He was told they cost too much money. Kim replied, "Oh, I just want one in the low priced field."

Then the conservation got around to love. Kim asked his father if he remembered "a long time ago when you fell in love with Betty Lou" (Kim's mother). His dad said he did, and Kim said, "I do to, but it was sure a long time ago."

Congratulations are in order for Grant Misner and the former Josephine Richards. The couple was married Sunday in the home of S. W. William. Bill Waltrip officiated at the ceremony. Grant is 77, his bride 78.

W. E. Hallenbeck, minister of the Church of God warned us not to mention that the Ministerial Association didn't bother to read the minutes of the last meeting at their Monday meeting. Seems Hallenbeck, who is secretary of the Association, misplaced the minutes somewhere down the line. He insisted that we not mention the fact in our story on their meeting, and you will note that we didn't.

Thanks to Hallenbeck for bringing by the information on the meeting. We sure would like to have more help like that from a number of other local organizations.

We need the news, so if you have it, please shoot it our way.

After the Ranger game Friday night we ran into Jimmy Phillips, Eastland's great guard on the 1956 Class A semi-finalist team. Jimmy grabbed us by the arm and said, "Man, those guys have something we didn't have last year. They really play to win."

Phillips then told us to "give all those boys credit. Everyone of them was out there fighting to win."

This is National Newspaper Boy week. And brother, after we carried two routes Saturday, we are willing to pay the boys due praise. Now in our time we have had routes for four different newspapers, and we know it got to be hard work at times. But when some of boys went to the State Fair Saturday we volunteered to throw their routes. The doctor says we will be able to lift our arm up okay in another few days.

The Telegram is proud of it's young businessmen. We have a fine crop of boys right now. We know you will want to have something nice to say to 'em yourself during their week, too.

Here's a friendly tip to the Eastland Mavericks: Gorman's Panthers will go all out to beat you Friday night. If you doubt that fact just wait until you get out on the field. Gorman has one of the biggest teams we have played all year, and Panthers want to win this one mighty bad.

Demonstration of New Forage Feed Slated Friday

A demonstration of a new type forage feed that is being grown on the Dee Williamson farm at Morton Valley will be held Friday at 3 p.m.

Don J. Brown, of the Dekalb Agricultural Association, said Williamson is now putting his DeKalb hybrid sorghum feed into his silo. J. M. Cooper, county agent, has termed the feed crop as outstanding.

(Editor's Note: This is the 27th in a series of articles taken from the book, "History of Eastland County, Texas," written by Mrs. George Langston in 1904.)

In 1879, when there were not more than half a dozen families in the locality, Rev. C. G. Stevens established a postoffice at a passway in the hills, one mile west of town, and called it Red Gap. A floorless log school house, with one small window, was built, and "S. Coliste Green taught school" the half mile of Red Gap Postoffice. W. T. Caldwell had a store which he kept dry goods and groceries.

In 1880 the Texas and Pacific Railway pushed its line on westward through Eastland County at Red Gap continued in existence. It was expected, however, that when the Texas Central reached the Texas and Pacific a new road would be located at the crossing of the roads. Each day, as the iron rails led nearer and nearer to this point of crossing, saw new tents stretched, new covered wagons taking their stand, and new faces in the rapidly growing town which was called Red Gap.

Major Bob Elgin of Houston, who had charge of the Land Department of the Houston and Texas Central Railway, assisted by E. Metzger, an engineer, with T. E. Johnson as chain bearer, laid off the town. A platform was put up where Mayhew & Company's feed store now stands, and Major Elgin (who is a brother-in-law of N. R. Wilson and

Underdog Gorman to Play Host to Mavs

Hardluck Panthers Are Seeking Upset

Two teams which scored upset victories last week, the Eastland Mavericks and the Gorman Panthers will clash at 7:30 Friday night at Broglon Field in Gorman.

The Mavericks go into the game as favorites, something that Eastland fans have learned to hate. The Mavericks haven't lost a ballgame all year long to a team that was supposed to beat them, but twice they have fallen to teams they were rated to beat. And the Mavs may be overconfident for this one.

Gorman is defending champions of District 8-B and is picked in many quarters to repeat. Eastland is the defending District 10-A eleven, but aren't given much hope of getting by mighty Albany this year.

Eastland has won three and lost two. Gorman has won two and lost three. The Panthers, however, have been a hard luck team all year. After dropping their opener 29-0 to DeLeon, Gorman moved down Early 40-12. Then the Panthers went to Fort Worth to play Class AA Castleberry. Gorman led all the way until the final minute of the game when a desperation pass gave Castleberry a much needed score, and the Panthers were defeated, 14-12. Dublin downed the Panthers, 7-6 in the next game, again in the last minutes of play on desperation passes. Gorman drove to the Dublin one yard line in the final period, only to fumble away the ball. Then Friday night Gorman upset the Brownwood B team, 20-6.

Eastland, of course, holds wins over Ranger, 14-13; Cross Plains, 19-7; and Dublin, 25-7. The Mavs lost to Cisco, 18-21; and to DeLeon, 20-6.

Gorman has 12 returning lettermen back from last year's team. The Panthers have eight seniors, one junior and three sophomores on the team who have earned letters. On the starting eleven Coach Roy Byrd has a letterman at every position. He will start seven seniors, one junior, and three sophomores. Five of the starters have earned two letters, the other six all have one.

A 170-pound sophomore fullback has paced Gorman scoring so far this year. John Brinegar has 36 points to his credit, getting five touchdowns and kicking six extra points. Brinegar and senior Eddie Gregg and sophomore Neal Overstreet are all speed merchants.

Gorman weights listed in the box above are in the main guesses. Gorman Progress sports writer (Continued on Page Two)

There will be a pep rally Thursday night at 6:45 on the south side of the square. The cheerleaders; Barbara Brock, Marian Woods, S. Sney Seal, Patricia Fullen, Peggy Humphreys, and Patsy Hollis will lead the E.H.S. student body and parents in an expression of their pride in our Maverick team. The band, under the direction of Kerman Bond, will also play. Ya'll Come!

Several of the members of the Tri-Hi-Y and the Hi-Y will attend the fair in Dallas this coming Saturday. They will leave early in the morning and spend the entire day there with the Tri-Hi-Y and Hi-Y sponsors.

Funeral Services For T. Hernandez Held Thursday

Rosary was recited at 8 o'clock Wednesday night at the Killingsworth Funeral Chapel for Transito Hernandez, 37, with the Rev. C. Boesman, of St. Rita's Catholic Church, officiating. He will also say mass at 9 a.m. Thursday at the Church, and burial will follow in Evergreen Cemetery.

Mr. Hernandez, a Spanish-American laborer, was asphyxiated about noon Tuesday while inside a tin cistern tank at a farm three miles west of Ranger. He was painting the interior with tar to prevent leakage. He had finished his lunch and climbed back in the manhole on top of the tank, which was the only ventilation. Someone climbed up about 15 minutes later to talk to Hernandez and found that he had collapsed.

A doctor and an ambulance were called, and the ambulance driver eventually hauled Hernandez out of the tank, but by this time there was no hope for artificial respiration. The tank, 10 or 12 feet deep, was sitting on the ground while repairs were being made. It usually rested on an elevated platform.

Hernandez was born August 15, 1920, at Durango, Mexico, and came to Eastland County 12 years ago.

Survivors include his wife and six sons, Aurelio, of Old Mexico and Steve, Pollo, Tino, Ruben and Transito Jr., and two daughters, Lupe and Mary Louise, of Ranger. The children are all very young and the family is said to be in tragic circumstances.

the lineman of the week and this week it is exceptionally hard to do so. All of the Mavericks are wonderful guys and fine players and it is always a tough job to pick the most outstanding player out of a whole group of outstanding players.

Kenneth Watson has been chosen as lineman of the week for this week. You will find Kenneth in the Number 14 jersey as offensive center or defensive linebacker. He kicked the two goal points for us in the Ranger game Friday night.

During his Sophomore year Kenneth was a starting guard but was injured during the DeLeon game and is playing again for the first time this year. Although he is not a captain he has shown an outstanding leadership ability among the boys on the team.

Watson was born on Dec. 7, 1940 in Odessa. He has lived in Eastland for about 13 years. During his sophomore year he was a fire boy and once again during his senior year he is a fire boy. Kenneth stands an even six foot and weighs around 160 pounds.

Rainfall In Area Is Beneficial, Farmers All Say

Eastland County farmers were pleased with rainfall which fell this week.

"Just what my oats needed," was the general opinion. Peanuts were not hurt by the rainfall, and the small county cotton crop suffered no great damage. County Agent J. M. Cooper said, in fact, that the county peanut crop was possibly helped by the moisture.

Cooper said farmers would hate to see a long wet spell set in now, of course. "We could lose some peanuts if it set in and rained for about 10 days," he added.

Gorman School Homecoming Plans Revealed

The Fourth Annual Gorman High School Homecoming for ex-students will be held Saturday, Oct. 26. The annual get-together was started in 1954 and has been held each year since.

The program for the day will begin at 10 a.m. with registration of exes at the high school building, followed by a business session at 11 a.m. From 12 noon until 2 p.m. lunch will be served to the exes and their families in the school cafeteria. And a pep rally will be held at 2:30 p.m. in the auditorium.

Climaxing the day's activities will be a district football game matching Gorman and Moran at 7:30 p.m. It will be the second district game for the Panthers.

Additions to the program may be made at a later date. Reservations for the luncheon should be made in advance so that an estimate can be made of the number of exes that will attend. Reservations can be made by writing Mrs. Edgar Higginbottom, secretary of the Ex-Students Association, or to the Gorman School office.

About 100 exes have been present the past three years at the Homecoming.

DERN GOAT! They were having a rash of broken show windows in St. Landry Parish, near Opelousas, La., much like the rash of broken windshields from BB guns that swept the country for a while. City, County and State law enforcement officers were alerted and a round-the-clock watch was established. Deputy Sheriff Bill Soileau, above, holds the guilty party. This goat went around noting his reflection in the glass windows and a good healthy "butt" did the rest.

Hard Luck—

(Continued From Page One)

Jerry Clark listed weights of the Panthers for us. But Jerry did it without the benefit of scales. Coach Byrd doesn't list the weight of his players on the official program. Eastland scouts seem to think Gorman is quite a bit heavier than shown above.

The Mavericks are getting back into good shape. Larry Alldredge is recovering nicely. He won't be ready for Gorman, but the hard hitting Mav Lineman may get back into the lineup before the season ends. Robertson is officially out for the rest of the year. The Mavs are thus left short at the half back slot. Robertson was co-captain of the team. Mike Manning, another halfback, is still out with an ankle injury. Other than running noses and a few bruises here and there that seems to be about it however.

Eastland fans were reminded of the early gametime. Kickoff is at 7:30 The weatherman says you better bring a coat.

HOME MAKERS Views and News

Sandra Kirkland Home Dem. Agent Nancy Weathers Asst. Home Dem. Agent

Would you like to feed your family better for less? If you are like thousands of other homemakers, the answer is "yes." Follow these suggestions for better utilization of the food dollar.

To get the most from today's food dollar:

Plan your marketing list before you shop.

Buy only what can be used or stored satisfactorily.

Plan to use left-overs. Avoid waste.

Buy the form and quality that is best suited to the intended use.

Buy foods in plentiful supply. Don't feed the garbage can . . .

The average American feeds 225 pounds of food a year to the garbage can. That's two-thirds of a pound a day. At the low rate of 25 cents a pound, this means a family of five pays \$281 for groceries they do not eat. Reasons:

Lack of good planning and buying, poor preparation and serving, poor use of leftovers, and improper practices of preservation and storage. Solution: Suggestions for planning meals, buying, preparing, serving, and preserving foods are given in Extension Bulletin, "Eat Well for Less." Get a copy from the HD agents' office.

Eggs are available in various grades and sizes in most markets—

Extension foods and nutrition specialists say highest grades, A and AA, are ideal for cooking in the shell, for frying, or poaching.

Thrifty homemakers need not shy away from Grade "B" eggs, but rather take advantage of the plentiful supply and lower price by serving egg main dishes often and by stepping-up the richness of many other foods with added eggs.

Non fat milk solids contain all nutrients found in fresh skim milk. It is economical and can supplement or substitute for part of your milk supply. Use nonfat milk solids for making your own mixes. Use them for biscuits, shortcakes, muffins, waffles, pancakes, chocolate pudding. Recipes are found in extension bulletin "How to Use Whole and Nonfat Dry Milk." Next time you have mashed potatoes, use a tablespoon of milk powder for every medium-sized potato. Add it with the butter when you mash the potatoes. Then, instead of adding fluid milk, use some of the hot potato water in which you cooked the potatoes. Substitute powders for milk in sauces, gravies, desserts, and meat loaves. Supplement calcium by adding powders to whole fresh milk. (Especially for children).

Plentiful foods list for October—

Outdoor chefs will find one of their favorites, broiling and frying chicken, heading the list of plentiful foods for October. Cheese and dry peas also headline the October list of plentiful foods. Canned and frozen peas are also expected to be in ample supply as are apples, potatoes, onions, peanuts and peanut butter.

They Forgot One Thing—

. . . in the rush of other duties in setting up house-keeping—they forgot how large a part of their home investment was in the furnishings. After they had the big fire insurance paid for rebuilding the house, but lack of funds to replace the contents left them a long way from having a liveable home. Don't make this mistake. Provide now for adequate insurance to cover your household effects.

MISTAKES WAS MADE

In the write up "Beethoven Music Club Elects New Officers at First Meet of Year" a mistake was made in the name of the girl who read the minutes. It was Linda Huckabay not Linda Robertson. On the program Susan Johnston given an article on "Suite by Debussy" (Ashton). It was printed in paper as this "played an article 'DeBussy Suite'."

Rising Star Fair Ends
RISING STAR—Rising Star rang down the curtain Saturday on a free Fall Fair which in the final result eclipsed last year's fine production and in at least one respect exceeded any previous Fair.

The parade opening the three-day event was the longest and most attractive that has ever been held in connection with a fair here, officials said, while the livestock show drew more than twice as many entries as the show of last year drew.—Rising Star Record

Pastel shades of green and yellow were carried out in floral arrangements throughout the home. The serving table was laid with a pale yellow damask satin cloth with silver appointments.

A green-gold china Cadillac convertible, 1920 model, centered the table and held not only a lovely bouquet of yellow shasta daisies and mums, but small replicas of furniture being moved.

Guests, approximately 40, were served white frosted cake squares, each of which bore Mrs. Henderson's name "Azlee" in chocolate outline with dainty yellow flowers, along with mints and salted nuts.

Assisting the hostesses were Mmes. Roy Turner and Charles Freyschlag, who poured, Mmes. Hugh Neeld and B. H. Clifton,

W.M.U. Uses 'We Follow In His Paths' as Installation Theme

"We Follow in His Paths" was the theme Mrs. H. W. Sims used to install the officers of the Women's Missionary Union of the First Baptist Church Monday night, Sept. 30, in the Fellowship Hall of the church.

Mrs. Gene Rhodes, president, presided over a short business session preceding the installation service. The program was opened with the singing of the song of the year, "From Greenland's Icy Mountains," followed by the "Calendar of Prayer" read by Mrs. Roy Rushing.

A review of the work accomplished during the year was given by Mrs. Rhodes. It was reported that the WMU "finished the year as an advanced Woman's Missionary Union for 1956-57."

As the name of each officer and chairman was called, she came forward walking the path representing her office. Mrs. Frank Sayre was installed as president; Mrs. Frank Lovett, J. W. Hardin, Howard Upchurch, J. A. Pogue and Marvin Hood, circle chairmen.

Mrs. M. A. Treadwell, enlistment vice-president; Mrs. John Dickey, program vice president; Mrs. Rushing, prayer chairman; Mrs. A. E. Hallford, community missions; Mrs. Rhodes, stewardship chairman; Mrs. Warren Chapman, mission study; Mrs. Stanley Lynn, recording secretary; Mrs. J. O. Jolly, Y.W.A. director.

Miss Sandra Kirkland, Y.W.A. counselor; Mrs. Harvey Kimbler, G. A. director; Mrs. Ola Eldridge, Mrs. R. D. Kelley and Mrs. Rhodes, G. A. counselors; Miss Nancy Weathers, Sunbeam director; Mrs. Bonnie Maynard and Mrs. Winnie Wright, Sunbeam counselors; Mrs. Charles Layton, treasurer; Mrs. Clyde Garrett, choirster; and Mrs. Harvey Kimbler, pianist.

At the close of the installation service John Dickey, accompanied on the piano by Mrs. D. L. Kinraid, sang "I Walked Today Where Jesus Walked." Mrs. Sims led the "Prayer of Dedication."

Monthly Meeting And Luncheon Is Held By CWF

Members of the Christian Woman's Fellowship held their monthly meeting Monday following a covered luncheon hosted by the sister group in the church annex. Floral arrangements carrying out the Fall colors decorated the tables.
