Mrs. Bob Coen, Woman of the Year for 1974, will reveal the identity of this year's recipient. Farmer of the Year honor will be made by Cotton Lewis who received that tribute last year.

Two Local Boys Hurt In One Car Mishap

Two Olton youth, Mark Kennedy and James Matthews, were injured Sunday morning, Jan. 26, when the car in which they were riding failed to manuever a turn about ten miles east of the city.

Investigating officer, Donnie Gilbreath of Hale County, placed the time at 12:30 a.m. and the location 14 miles west and one mile south of Plainview.

He described the situation as "two County roads forming a T intersection."

Traveling east, the car arrived at a dead end, hit a sand pile and turned over.

Both boys, the officer said, were thrown from the car and the driver made his way for help about a mile away.

Hospital officials contacted reported that each boy received fractures. The report, given at press time, stated that each was in satisfactory condition.

Parents of the injured couple are Mr. and Mrs. T. C. Kennedy and Mr. and Mrs. Wallace Matthews.

To Holy Land

Travelers Share Experiences

The Rev. John Lewis, pastor, in regularly scheduled services of First Baptist Church, is sharing impressions gained on a recent trip to the Holy Land.

Last Wednesday evening he presented slides and discussion of Galilee and Samaria. Sunday evening services will feature scenes of Jerusalem to be climaxed with impressions of the crucifixion and the Garden Tomb. Members and visitors will be welcome.

The minister and his wife left Lubbock Dec. 26 as members of a section of Amurasia Christian Tours, directed by Evangelist A.B. Lightfoot of Kerrville. They returned Jan. 5, having visited many points of interest in the Holy Land and in Rome.

Because of icing conditions in Lubbock, the Oltonites missed the Tour flight from Dallas and were one day late in reaching traveling companions in Jerusalem. Even then their arrival was made by a "wild taxi drive" over the remaining 40 miles from Tel Aviv.

Sunday and Monday were spent in the city of Jerusalem. Worship services Sunday morning were held in a bar off the lobby of Holy East Hotel, the only place available for the Christian group.

According to the Rev. Lewis, Jerusalem area was the highlight of his tour, because so much of importance had happened there... "The birth of our Saviour in nearby Bethlehem, the Temple teachings, retreats to nearby Bethany, His crucifixion, burial and ascension."

He continued, "It is inspirational and impressive to walk where our Lord and the early Christians walked. It was a great experience, I was thrilled with it. Being there on the scene made lots of things come alive in the life of the Lord and the Apostles."

Many of the places pointed out as Biblical locations are questioned or duplicated elsewhere, travelers cannot always know which is authentic.

He stated that he was slightly disappointed in the Manger, as shown in the Church of the Nativity in Bethlehem. Visitors have chipped away at the walls for so many years that managers of the place have finally paneled the walls to preserve them, but this takes away the natural look of the place.

"At least two spots lay claim to the burial place of the Lord," he related. "We were shown the tomb in the Garden Wall as being authentic, and held a brief service there, Dr. Lightfoot in charge."

"I had always thought I'd like to go to the top of Mount Calvary, but we were shown the Hill of Calvary from a short distance away. Even then it was impressive," he remembered.

Tuesday a tour through Samaria and Galilee was made by bus. The beauty and productiveness of the countryside impressed the visitors. From Tiberias, on the west side of the Sea of Galilee, they took a boat trip on the glassy, smooth waters, but the weather was dark and rainy..."The only bad weather we encountered on the tour," he mused, "In all it was a pleasant climate."

When asked if he thought the beauty of the countryside was a work of Israel's restoration project, he said that he doubted it. "The British had planted trees and done much to develop the country, and too, I think much of the beauty has always been there."

In Samaria the tourists paid a visit to a Temple. There the Priests showed them scrolls purported to be those of the ancient Pentateuch, the only portion of the Holy Bible they accept. During this visit the pastor was shocked to learn that the Samaritans are a dying race. "Hated by the Jews, they have lived so long to themselves, we were told that there are only 480 left."

A visit to Caesarea included the prison where the Apostle Paul was held before being sent to Rome, and a visit to the Mamartime Prison in Rome, where he was bound during his last years were very solemn experiences.

A stop in Capernaum permitted a viewing of ruins of an early synagogue. Even though it was quite old, it probably had been re-built.

The tourists made a short stay in Haifa, center of the diamond industry of the world. Information states that possibly 75 per cent of all diamonds are polished in its shops.

The tour of The Land ended traveling "down" north to Tel Aviv. In this largest city, of approximately 500,000, a visit was made to the older section once known as Joppa, famous for the "housetop vision of Peter, which means so much to all Gentiles."

The flight back to Rome, via Italian Airline 747, was noted as enjoyable. The stay in Rome was far too short for the many historical places any traveler would like to see.

Saturday brought the tourists back to New York and thence home.

In speaking of the people encountered in the foreign countries, the minister said the guide assigned to them was an Arab, named Elijah. He was a good student of Bible history, according to the traveler, and claimed to be the son of a wealthy Sheik but enjoyed working as a guide.

The minister said they exerienced no problems related to the unrest in the Mid-East. They did see protest demonstrations in Rome, but no violence.

Customs clearance as they traveled alone on the way over was very rigid, both personally and in baggage carried, but in traveling as a group, clearance was made more easily.

"A trip to this legendary Land is wonderful for anyone, especially those who have made a serious study of the Bible. It will result in intensified searching of Bible history...and a better knowledge of old world geography", he concluded.

Olton Band Students Perform In All Region

Three junior high and nine high school band students performed Saturday evening in the All Region Band Concert in Coronado High School auditorium in Lubbock.

Junior high named to the honor were Sharla Nicholas, Lori Barnett and Tim Watt. High school bandsmen were Vicki Kennedy, Mark Watt, Mandy Griffin, David Leathers, Laurie Brown, Scotty Coleman, Kim Barnett, Liz Ann Stockdale and Doretta Couch.

Performers in the All Region Band are selected following stiff competition at regional band try-outs. The group is, therefore, composed of outstanding band students from a large number of bands.

Schools participating in the junior high division were Friona, Dimmitt, Seminole, Idalou, Lockney, Hale Center, Morton, Petersburg, Anton, Sudan, Farwell, Floydada, Brownfield, Ropesville, Ralls, O'Donnell and two from Plainview.

High school bands are divided into north and south zones. Competing with Olton are Friona, Dimmitt, Littlefield, Lockney, Floydada, Farwell, Petersburg, Anton, Sudan and Hale Center.

Students practice approximately 10 hours prior to the concert and receive learning benefits in the preparation.

Clinician-director of the junior high All Region Band was M. E. Rodman of Wayland Baptist College. That band performed four numbers, "Meseta-Taso Doble," "Mini Suite for Band," "Kentucky 1800" and "The Morning After."

Claude T. Smith, band director of Chilicothe (Mo.) High School, was clinician-director of the north zone high school band. They presented one of Smith's own compositions, "March Spiritoso," "Macarthur Park," "Percussion Espagnole" and Smith's arrangement of "God of Our Fathers."

You Are Invited

Of all the factors which have made this nation great, the major one has probably been the ability of our society through the years to provide consistently the highest level of public education in the world. If this is to continue, it is up to the private citizen to take an active role in the improvement of the educational system, for it is the individual who makes the system work on the local, state and national levels. Each of us has the duty to learn as much as possible about local school operations and policies, including funding.

March 3-7 has been designated as TEXAS PUBLIC SCHOOLS WEEK this year. You are invited to take this opportunity to seek answers to your questions about education and the system, and to evaluate your local school district and personnel. Visit, observe, and ask--do your schools have qualified teachers? Do they have enough money available to give your child and others the educational base so vital to living and working in modern society?

Whether you are a parent or not, your comments, questions, and observatons will be most welcome. Won't you please take part? Observe TEXAS PUBLIC SCHOOLS WEEK, March 3-7.

Dear Editor

Dear Sirs:

One way to beautify Olton is to do something about the vacant lots. Planting grass would do it good because in windy days the dirt is loose and gets in your eyes. Also tumble weeds grown in them and they start to dry up and break off. Then they start rolling off into some roads or Main Street. Motorist then try to avoid hitting them because it might cause damage under the car and wreck or run into a building. Then they start piling up in buildings and almost anywhere which makes it ugly.

With the grass planted in, it would at least hold the dirt.

Sincerely,
Silvestre Guerrero

Dear Olton,

Olton needs a better eating place.

We need a bigger and better water tower because we waste alot of our water with it running over.

We need to get a group of people together and clean out the vacant lots.

The people need to clean the streets and pick up trash out of our yards and the streets.

Sincerely,
Susan Cure

Dear Sir,

There is a real big problem with all these vacant lots. They don't look pretty and they are just a place for mosquitos to live and there are enough mosquitos already. Take, for instance, the vacant lot by Leon's. You could make a parking lot out of it or build a new city hall on it. We need a new city hall that is bigger. That lot would be big enough for a parking lot or city hall and it would make the block prettier. What about all the vacant space around the Post Office? There should be something we could do about it. We could plant flowers and grass on it and sit a few benches around or make a parking lot out of it. It would be much prettier. If money is needed you could get a collection going.

The empty buildings a another problem. Th don't look very pretty are just a home for rats. those across from Le could be cleaned up on the inside and the windows shined and they would look much better.

Sincerely,
Wanda Talafuse

Everything But The Kitchen Sink

By Mozelle Trotter

Hello! Remember me? Seems quite a time since I jotted down my idle chatter to fill this spot in the paper. Yea, I hear rumblings of "and she still doesn't have anything to talk about--just rattling her head!"

Thought for just a little while that Ferd and Byron were going to start writing my column along with their own clever doings of "Write In The Groove" but, alas, no!

Gee, what a lot of events coming up! The Chamber of Commerce and Agriculture is sponsoring their annual banquet this Saturday. And in no time at all the FFA Stock Show barn will be teeming with activities as another FFA, FHA and 4-H Club show gets underway.

It's going to be show number 30 for our young folks. That's lots of feeding, watering, walking, training, currying, combing, shearing, trimming, oiling, powdering and all those other responsibilities!

Good work kids for all your labors in getting ready for this time and Good Luck in the show. It's a shame that everyone can't be a winner but that's a fact of life.

And say, the girls are going to have real reason to be walking around glowing as though they'd already been named winners because they have!

Their new building is something to really crow about! Imagine! From rough, crude worn out Arm barracks they'll now exhibiting their work new and pretty building.

It's something worthy of being bragged about! And it's more than a place for the girls' exhibits! It includes a clean, attractive and efficient concession stand, plus the long needed rest room facilities.

If these events aren' enough to fill your idl hours, there's also upcomin events such as Nation FHA week, Valentine's Da and Vocation Educatio Week.

ENERGY TIP

Install your refrigerato away from the range other heat sources. If placed in the coolest spo the kitchen, your refriger tor will run less often--an use less energy!

MRS. ROGER THOMPSON

Cook Of The Week

Recipes shared this week are from a young career girl-housewife who came to Olton 14 months ago as a bride. Mary and Roger Thompson were married in Lubbock where she had grown up and the two had met.

Mary and Roger met at a Corvette Club meeting in Lubbock. Both attended Texas Tech University where Roger received a degree in Finance, and is presently associated with his father, Fred Thompson at Thompson Chevrolet.

Combining her work as teller "and other jobs" at Olton State Bank with her home leaves Mary little time for hobbies. She enjoys tennis and would like to find time for handcrafts.

The Thompsons attend the Episcopal Church in Plainview.

MILE HI STRAWBERRY PIE

1 Pkg. (10 oz.) frozen strawberries
1 c. sugar
2 egg whites
1 T. lemon juice
1/8 t. salt
½ c. whipping cream
1 t. vanilla

Place defrosted strawberries, sugar, egg whites, lemon juice and salt in large bowl of electric mixer. Beat at medium speed for 15 minutes or until mixture is stiff and holds its shape. Whip cream and the vanilla and fold into strawberry mixture. Pile lightly into baked pastry shell. Freeze several hours or overnite. Garnish with strawberries if desired. Note: Make sure beaters are free of the slightest amount of grease or the first mixture will not be fluffy.

CRUST

3 c. flour
¼ c. shortening
1 t. salt
5 T. water
1 T. vinegar

Cut shortening into flour and salt. Combine egg, water and vinegar. Pour liquid into flour mixture all at once. Blend with a spoon just until flour is all moistened. This is an easy crust to handle and can be re-rolled without toughening. It also keeps in refrigerator jar up to two weeks.

SHRIMP CREOLE

¾ c. chopped onion (1 med.)
1 clove garlic, minced
1 med. green pepper, chopped
½ c. finely chopped celery
2 T. butter
1 can (8 oz.) tomato sauce
½ can water
1 bay leaf, crushed
1 t. minced fresh parsley
½ t. salt
About 1/8 t. cayenne pepper
1 pkg. (7 oz.) frozen shrimp, thawed
Fluffy white rice

In medium skillet, saute onion, garlic, green pepper and celery in butter about 5 minutes, or until tender. Remove from heat; stir in tomato sauce, water, bay leaf, parsley, salt and pepper. Simmer 10 minutes. Add additional water if needed. Add thawed shrimp. Bring mixture to boil; cook covered over medium heat 5 minutes. Serve shrimp creole over fluffy white rice.

CREAM CHEESE PIE

4 (3 oz.) cream cheese
2 eggs beaten
¾ c. sugar
2 t. vanilla
½ t. lemon extract

Combine above ingredients and beat until light and frothy. Pour into crust and bake in moderate over 350 degrees 15 to 20 minutes. Remove from oven and allow to cool for 5 minutes, then pour topping over pie. Return to oven and bake 10 minutes longer. Place in refrigerator at least 5 hours before serving. Serves 10 to 12.

TOPPING

1 c. sour cream
3½ T. sugar
1 t. vanilla

Blend sour cream with sugar and vanilla. Pour on top of pie.

CRUST

12 to 14 graham crackers, rolled fine
¼ c. soft butter
Pinch of sugar
Makes 9 inch shell

WELCOME TO OLTON

MR. AND MRS. JERRY LaFRANCE & JERI LYNN

An "Olton Son" has come home and is welcomed this week along with his wife and baby daughter. Jerry and Janet LaFrance moved here from Hereford where they had lived since their marriage. Both graduates of West Texas State University, they are parents of a three-months-old daughter, Jeri Lynn.

Janet grew up in Friona. She was a first grade teacher at Hereford until last year. Jerry, who has been working at a Hereford feedyard, will be farming with his brother, Jack.

Twirling Lessons Slated For Young Olton Misses

Little misses who are interested in baton twirling lessons will have the opportunity to study under Jeanie Baer of Plainview, member of National Baton Twirling Association.

A former majorette of the Texas Tech Red Raider Band, Mrs. Baer will begin lessons here Tuesday, Feb. 11 in the American Legion Hut. Lessons will begin at 4:15 p.m. and will be held on four consecutive Tuesdays.

Mrs. Baer plans to take students to state competition in San Antonio in June.

Girls who are interested may register or obtain additional information from Mrs. Buster Nicholas at 285-2446.

Eastern Star To Hold School Of Instruction

Eastern Star School of Instruction is scheduled Tuesday, Feb. 4 in the Masonic Hall at Hereford. Registration begins at 8:30 a.m. Fraternal visit of Worthy Grand Matron will be at 8 p.m.

Mrs. Lorene Stewart, Worthy Matron of Olton Order of Eastern Star, makes this announcement and urges all members to attend the school.

IN LEVELLAND

Mr. and Mrs. Gene Conder spent the weekend with their son and family, Mr. and Mrs. Johnny Mack Conder, Tony, Kelley and Mendy of Levelland.

Card Of Thanks

We are deeply grateful to friends for every concern shown during the illness and death of our brother, Dubb.

We were sustained and comforted by both spoken and written words of condolence, and by gifts of food, flowers and memorials. We accept each kindness as an honor to his memory.

May God bless each of you is our prayer.

Party Honors Britton Infant

Mrs. David Britton and Kristan were feted with a lullaby courtesy Saturday afternoon in the home of Ms. Jim Lawson.

The table was laid with a white linen cloth and centered by a blue floral arrangement.

Mrs. Tommy Hancock presided at the table, serving cookies and punch from crystal and silver appointments.

Special guests were Kristan's maternal great grandmother, Mrs. Sid A. Lowery Sr. of Lubbock, his grandmother, Mrs. Vernon Britton, his sister Melissa, and their aunts, Linda and Pam Lowery of Lubbock.

Hostess gifts were a bunting and a warming plate.

Party To Fete Mrs. Collins

A lullaby shower to be held in the home of Mrs. Mack McGill, five miles north of Circle, will honor Mrs. Danny Collins and her infant daughter, La'Danda.

To be held Saturday, Feb. 8, calling hours are 3 to 5 p.m. Friends and relatives are invited.

Mrs. Norfleet To Be Honored

A "Grandma" courtesy Thursday, Feb. 6 at 2 p.m. in the home of Mrs. Clyde Witten will honor Mrs. John Norfleet on the arrival of a granddaughter, Sara Saige. The little miss is the daughter of Kathy and Mark Cleveland of New Orleans, La.

Friends and relatives are invited.

Two Local Men In California

Joe Hall, W. T. Hall Jr. and their sister, Mrs. Howard Yandell of Lubbock, attended a reception Saturday evening in North Hollywood, Calif. honoring their brother-in-law and sister, Mr. and Mrs. W.D. Hayes on their thirty fifth wedding anniversary.

The event was hosted by the honorees' son and his wife, Mr. and Mrs. David Hayes and their sons-in-law and daughters, Mr. and Mrs. John Maginelli and Mr. and Mrs. Larry Benson.

Hayes and his wife, Luradene, are former residents of this area. They have seven grandchildren.

Olton Senior Citizens Celebrate Anniversary

Senior Citizens Club observed its seventeenth anniversary with a covered dish luncheon held Thursday in Woman's Club House with members of Olton Garden Club serving as hostesses.

Two tiers of the anniversary cake were placed with the lower tier extending in front of the upper tier in stair step formation. One was decorated with the words, "Happy Seventeenth Anniversary" in pale green lettering and sprays of yellow flowers. The other tier had as decor yellow roses, pale green leaves, blue fantasy flowers and the lettering "Golden Agers."

Ivin Wozencraft gave the invocation. Speakers were Bill Powell of Littlefield, Resource Developer for South Plains Community Action Development, Inc. Mrs. Judith Jackson of Lubbock, Aging Service Co-ordinator for South Plains Association of Government, and Walter Struve, member of Board of Lamb County Community Action. "Happy Birthday" was sung to Mrs. Ethel Schreier and club sponsor, Mrs. Denver Offield.

Mrs. Joe Chester read a poem which she wrote and to the club in 1961.

A TRIBUTE TO OUR GOLDEN AGERS - 1961

I've heard it said of Golden Agers
That they're weak and like a child.
But are they really truly that
Just because they've learned to smile?

Don't they deserve a well earned rest
From years and years of toil
To enjoy the fleeting little things
Which in our haste WE spoil?

Is it really being foolish
To be calm, and so serene
When all about us is confusion
And Nature's beauty goes unseen?

Is it completely out of reason
A quiet walk to take
Or to plant a seed and see it grow
Or watch reflections in a lake?

Is it really being childish
To stop and visit with a friend,
And to go chat of this and that
And a happy hour spend?

Yes, with all this wisdom
That comes with the Golden Years
These have truly learned to live
With joy--as well as tears.

I only pray when I have reached
The later years in life
That I can also see a golden lining
To each gray cloud of strife."

Attending the luncheon were Floyd Coleman, Messers. and Mmes. G. A. Bodkin, Art Nafzger, and Mmes. Jewel Henson, Minnie Sherman, Ocie Holland, Bessie Jones, Anna Gallagher, Bessie Cowart, Noma Adair, Hoyte Pashal, Callie Miller, Dora Ellis, Ruby Crosby and Ethel Schreier.

Visitors were Mrs. Walter Struve, Mrs. Jim Ferguson and Miss Ann Warren. Other guests were the speakers, Wozencraft, members of the Garden Club, Mmes. L.G. Elkins, H.B. Carson, Linnie Campbell, Naomi Cooner, Helen Bohner, May Silcott and Pearl Schreier. Regular sponsors Mmes. Tom C. Smith, Joe Chester, Denver Offield and Alfred Allen were also present.

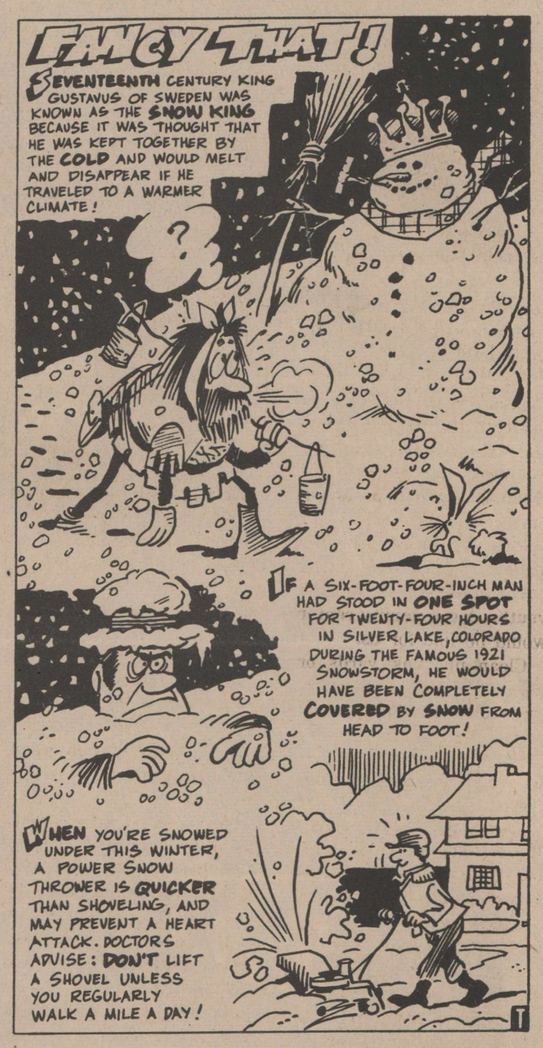

Olton Golden Agers Club was organized Jan. 30, 1958 with 28 charter members, Mrs. Chester and Mrs. Smith as sponsors.

Mr. and Mrs. Neil Andrew of San Diego, Calif. announce the arrival of a son born Jan. 22. The little man weighed seven pounds 14 ounces and has been named Brent Devin. He has a brother, Shawn Christopher, three. Maternal grandparents are Mr. and Mrs. Glenn Patterson of Parker, Ariz. Mr. and Mrs. Bud Andrew are paternal grandparents. Ben Andrew and H.R. Keeter are his paternal great-grandfathers. Maternal great-grandmothers are Mrs. Myrtle McNamara of Springlake and Mrs. Gordon Thomas.

ENTERPRISE PRESENTS - Jason Norfleet Jones, son of Lt. and Mrs. George Jones of Honolulu, Hawaii. The little lad was born Sept. 7, 1974 in Tripler Military Hospital. He is pictured at three months old. Mr. and Mrs. Owen Jones are his paternal grandparents. Maternal grandparents are Mr. and Mrs. Owen Norfleet. Mrs. Bill Richards is his maternal great-grandmother.

TEXAS TALK

By Billy Davis

This is the first week of TEXAS TALK and it seems appropriate to take this opportunity to explain a little about the column since now you'll be able to read it here every week.

Through this column, we'll take a look at agriculture. Hopefully, there will be some things you didn't know at all, others you thought you knew but weren't quite sure about and without a doubt there will be observations and definitions some readers know a whole lot more about than the writer.

One thing is guaranteed ..many readers will find something new every week...and to keep things even more interesting you will find an occasional hint about the easy way to solve a problem you may be having around the house or on the farm or ranch. Comments on the column will be appreciated. Anybody's..Anyplace ...Antime.

See you here next week when we get down to serious TEXAS TALK.

Tex Watson talks about
The West Texas Gas Supply
You hear a great deal about the competition for the natural gas in West Texas these days. It is rightfully a matter of interest and concern to every citizen of this area. It has some serious implications.
Natural gas has been an important factor in building West Texas and will continue to be. Most of the businesses and industries in our area depend, directly or indirectly, on a continuing supply of natural gas. A lot of people's jobs depend on it. So, we must see that they have it.
We will have to pay more for it than in the past . . . the competition for gas has never been so fierce. But by working together, and without outside interference, we'll have the gas energy we need today and in the future. Gas will still be your best energy buy.
PIONEER NATURAL GAS COMPANY
K. Bert (Tex) Watson, president of Pioneer Natural Gas Company, is a native of West Texas, a chemical engineer and lawyer by training and in his 20th year with your gas company.

Letter To The Editor

Dear Sir,

I think that Olton needs a community center. Most of the people who live here in Olton would like to have a community center so they could have parties and dances or games to play.

These would help keep the children off the street.

Your Friend,
Mary Lou Trevino

Dear Editors,

There is one very important thing Olton needs.

The kids and young people need a receation center. I think one of the old vacant houses could be used. All the kids could earn money and have a few adult sponsors and one Saturday all the people could join in and clean and paint the center. They could give ballgames and a carwash to raise money. The center should have Coke machines, games and places to sit and talk. It could be opened till 10:00 on weekdays and 12:00 on weekends.

Sincerely,
Nancy Norfleet

Dear Olton,

One problem Olton is facing is the dog pack problem. When dogs go around town tipping over trashcans and messing up people's yards, it is awful. Dogs go around walking in the streets causing wrecks and if you try to pet them and they have rabies and they bite you, you have had it. I think the solution to this problem is that all the people cooperate in catching those stray dogs before they hurt somebody.

Another important problem is the water supply. There is either too much or not enough. In the summer, there is not enough water to fill Olton's needs and in the winter the towe is overflowing. The answer to this problem is build a new tower in a vacant lot somewhere in town. In winter you could pump the extra water to the new tower and in the summer the new tower could hold the extra water Olton needs.

Sincerely,
Scott Parker

Dear Editors,

The main problem that I want changed, is the noise on Main Street.

My family and I live on Main Street, and at night the noise is so awful that we can't hardly sleep.

I understand the new patrol unit is trying to do something about this problem.

I'm glad that something is being done.

Sincerely,
Melissa Caraway

Dear Olton

I think there are some ways we can improve or beautify Olton.

One thing we could do to improve Olton would be to put in a small airport with two strips one facing north, south and another one facing east, west. We could put it on the other side of the park. The pilots around here said we need one.

Another thing we could do would be to tear down or fix all the old houses out by the lake. And then plant grass around the land to make it look better.

Also by making this city a pleasant place to live and work, we may be able to draw new business.

We also need to do something about the weeds and dirt along the paved roads. We could try to fix the street sweeper and get rid of the weeds and dirt.

Another thing we need in Olton is a bigger water tower or another water tower. Also we need a bigger light on the water tower so airplanes can see it and won't hit it.

Sincerely,
Gregg Cannon

Dear Olton,

The new doctor needs a few more nurses. He is doing good but he gets too many patients and needs more nurses to take care of them until he is ready to see them. If he gets these nurses he could work a lot better and have a lot more progress in Olton.

Yours truly,
Brad Burgess

Dear Olton,

This town is a mess and the people can do something about it!

We need to quit littering and pick up the paper people throw down.

We need to pull up all of the dead trees.

We need to tear down the old houses that people don't live in and make good use of the lumber.

We need to get all the junk such as old cars out of of people's yards.

The garbage truck needs to come by more often and pick up trash.

We need a dog pound so we can pick up the dogs that don't belong to anyone.

Olton needs a good place to eat where everybody doesn't hang out.

People need to cut their grass and hoe the weeds out of it, to make the houses more attractive.

The street cleaner needs to come at least once a week.

We also need to do something about the junk yards, we need to pile up all the junk in one big pile. The junk yards need to be out of town. We also need a fence around them.

We really need to do something about the sewers, it's really bad the way they smell. We need a deodorizer or something for it.

Sincerely,
Chelli Steele.

Dear Olton,

To me Olton is a good town. It could use a lot of improvements.

The junk yard is a disgrace to our town. They burn all of those tires. It stinks and pollutes the air with black smoke. The city could ask him politely to haul them off, or bury them. It also needs a fence around the cars and junk.

If you have a dog keep it in your own yard or fence, so it won't wander off in other peoples' yards. It messes up other peoples' yards and is very rude.

The city should not let big dog packs roam through the city. They kill other peoples' animals. We have a dog pound and we should use it. Perhaps we need a dog-catcher.

The city should clean up the vacant lots. It's not so hard to get a tractor and plow up or mow the weeds.

Olton should build a new city hall where people will see it. It might bring in new businesses which we need terribly!

Olton has good things also. I realize that it will cost the citizens alot of their money. In the long run they will be very proud of Olton.

Yours truly,
Tawni Thompson

Dear Sirs,

Olton isn't really all that bad, but what town or community doesn't need help to improve their environment.

One problem is that our town has a lot of children, most of them are very small children and very energetic. So a community center would be in order for our town. Children on the streets are in danger. Older people should but don't always look out for small children crossing the streets in town. I know of some people in Olton that would be willing to help either donate or help clean up a building for this. Maybe even earn enough money with a car wash or other odd jobs. Kids would do this for our town, I'm sure.

Yours truly,
Cheryl Stewart

Munch For Brunch Or Lunch

You don't have to be an egghead to know that a beefed up brunch or hot lunch is nothing to beef about, particularly if it's easy, quick and economical to prepare, yet able to please all the palates in your household. This delicious dish can settle the hash of the hungriest.

HEARTY ROAST BEEF HASH

6 eggs
6 teaspoons cream
3-11 1/2 ounce packages of Stouffer's Frozen Roast Beef Hash
Dash of Salt

Defrost hash overnight in the refrigerator or at room temperature for 1-2 hours. Preheat oven to 350°F. Place Roast Beef Hash in a shallow baking dish and bake for 15 minutes. Remove from oven and make six indentations on top with a tablespoon. Break eggs and place in each identation. Sprinkle with salt and pour one teaspoon of cream over each egg. Return it to oven for 15-20 minutes or until eggs are set in desired manner. Serves 6.

Well, here's your always active, never nervous news reporters with today's hot headlines. On the marriage of John Lennon and Yoko Ono, well Lennon turned Yoko into a Japanese beatle. Also in today's report is big news from Canton, Ohio. Key witness takes fifth in liquor problem. A hot headline from Oakland, Calif. reads, "Two Convicts Evade Noose, Jury Hung!" And from the Stockholm bank, "Sweden Bounces Bad Czechs." A study by three physicians in Columbus, Ohio showed that perhaps two out of three births in the U.S. result from pregnancies. These are just a few reports of the many that W.I.T.G. receives from all over the world. And now for the local news. We know most of you heard about twenty different versions on the wreck last Saturday. We don't know what really happened but we do know James and Chuck are in the Central Plains Hospital in Plainview. Remember if you're over that way, why not stop by and see them.

MONDAY
The "blahest" day I've ever known
Is the day that we call Monday.
In case you haven't heard of it,
It comes right after Sunday.

Friday means so many things;
The start of our week-end.
Getting ready for a date,
And the dough you'll have to spend.

On Friday, our schools open doors,
To let the animals out;
For a short two-day vacation
And we giggle, laugh and shout.

But Oh, does Monday hit us
Like a cold slap in the face!
And I can't help but think to myself
"Oh I'll never make it, not even to first base."

And when I get the courage up
To dress myself for school.
I wish that Monday would stop and think
About the "Golden Rule."

And then I put my head back on;
(It doesn't always fit.)
And the body that I put it on
Would rather just reject it.

Well, Mondays come and Mondays go;
They come just once a week.
And when they leave, they look around to see
The havoc that they wreck.

Dear Virginia Pipeline,
Things have really been going great since I read about you in the paper. I also wanted to tell you that things have been going well here at Texas A.M. They gave me a test to see how smart I was and did I ever fool them. They put me in a room that was round and told me to find my way out. I hope I can find a way so I can get out of college. Being in here for 13 years is pretty hard. Enough of that mumbo jumbo about my home away from home.
Is it really true what you did in the paper? If it is boy I can't wait until we go on a date. I really fell madly in love with you because of it.

Dear Editor

Dear Olton,

I believe we can make Olton a cleaner place to live in by fixing the old houses. I think we could make them a little more attractive, or just take them away from where they are. All of those houses look very untidy. Maybe that's why some people don't want to live in them. If we could get them painted and cleaned all over they would look much better. Olton also needs more rent houses.

The junkyard is also a problem. It looks like a junkyard and it's not a very pretty place to look at. I think we should put a fence, screen, trees or shrubs around it. We could also clean it up a little. After that it might not look all that pretty but it will have to look much better.

Another problem is sewer. The only thing I can think of to do is to take it out farther from town. The smell is very unpleasant. The people that live down there don't enjoy it very much. Also, in the summer mostly, a lot of mosquitoes gather around there.

All of these things are not only not attractive to us but they are also unattractive to visitors, possible new businesses and to the people who pass by here going to other towns.

Sincerely,
Elizabeth Magallanes

Dear People of Olton,

Olton needs help! We can do something about it.

We can get groups or by yourself, with a friend to clean up the old buildings, tear them down, clean up the mess after the men get through tearing it down. Just clean them up!

Pick up trash in the streets and ditches.

We need a place for the youth. A community center would be fine for us.

Clean up junk yards or places, such as old cars, pipes, old and rusty pieces of steel.

We need a dog pound, to help stop some of the dog packs.

Get some real business here. Like a shoe store, men's stores, and other kinds of businesses.

Sincerely,
Stacy Huguley

Dear Editors:

I believe we can make Olton a better place by changing some things about it.

First of all, we have a lot of empty lots. I believe they need cleaning. Maybe we could get a group of young kids to help do this.

Next, our junk yard needs fixing. We should at least put a fence around it to make it a better sight for people who come from other towns and happen to pass by Highway 70.

We could also do something about the old houses. For instance we can take down all of these houses and save the good wood to make better houses. I think that some old houses can be fixed and painted. But we cannot do this unless we encourage property owners to take pride in repairing, painting and cleaning up their own property. A way to do this is give a reward for the most improvements done in a given time period.

We need some of our dirt streets paved. I am sure that not all of our streets can possibly be paved, but maybe we can get some paved and then the rest after awhile.

Maybe these few things will help Olton become a much better place to live.

Sincerely,
Norma Garza

Dear Editor,

I'm writing to you to tell you that we could make Olton look better by improving it. The park could have more picnic tables, and see-saws. Trees and flowers could be planted. If we had a dog pound, there wouldn't be so many dogs like there is. Trash needs to be picked up from the alleys. Trees and flowers need to be planted by Leon's. One more thing the mosquito control program. I wish the city would do something about it or find a spray to spray the whole town to kill the mosquitoes. I hope the city can do something about it.

Yours truly,
Sylvia Rodriquez

Dear Olton,

I think that Olton can be beautified in many ways. I think that Olton can be beautified by cleaning up behind the store Pro Sox and planting grass, maybe even a few flowers. That old house on Main Street needs some flowers and grass also.

I think that to solve this problem the Garden Club would probably donate some flowers and help plant them and even if they didn't the school could come and help. About the grass, there are lots of farmers who could rip a little of grass up to spriged in the lots.

Yours truly,
Chris Elkins

Square Dancers To Meet In Lubbock Saturday

Lubbock Area Square and Round Dance Federation will host the regularly monthly Federation Dance Saturday, Feb. 1, 1975 at Fair Park Coliseum in Lubbock. Request rounds will begin at 7:15 p.m. and Grand March will start at 7:50 p.m.

Featured caller for square dancing will be Andy Petrere from Baton Rouge, La. Andy is a well-known caller all over the state of Louisiana. He has toured both the East and West Coasts of the United States and has been on the staff at Infantina Square Dance Lodge in North Carolina. He and his wife, Margaret, have a teenage daughter, Lynn.

Round dancing will be directed by Dave and Nita Smith of Lubbock. The Smiths are instructors for the Happy Hearts Round Dance Club and teach round dance lessons regularly in the Lubbock area. They have served on the staff of linburg, Tenn., and the Percy Quinn Week-end in McComb, Miss.

Special guests at the dance will be members of Texas Association of Single Square Dancers which will be having its first convention at Koko Palace Friday, Saturday and Sunday. Single dancers from all over Texas and many neighboring states are expected to attend.

The Swingin' Teens will serve as hosts for the evening. They are a club of Teenaged square dancers who dance every first and third Thursday at 7:30 p.m. at A.B. Davis party house. All square and round dancers are welcome to attend the Swingin' Teens dances.

The LAS & RDF is composed of 25 square and round dance clubs in West Texas and Eastern New Mexico, including the Swinging O's of Olton.

There are clubs for pre-teens, teens, singles and adults; as square and round dancing are wholesome family activities.

Spectators are invited and will be admitted free of charge. For more information about square and round dancing contact Roy LaDuke.

'Resolve To Take Care' Motto Of Heart Ass'n.

For residents of Lamb County who haven't made their New Year's resolution yet, the Lamb County Heart Association has a suggestion: Resolve to reduce your risk of heart disease by taking better care of your heart.

Tom Tollett, president of the Lamb County Heart Association, says the best way to begin is by getting a complete medical checkup. "Your doctor can tell whether you're a candidate for heart attack or stroke. And he can prescribe the preventative measures you and your family should take to reduce your risk."

Many heart attack deaths can be prevented if the victims or their families know and recognize the early warning sign of heart attack.

-Prolonged, oppressive pain or unusual discomfort in the center of the chest.
-Pain may radiate to the shoulder, arm, neck or jaw.
-Pain or discomfort is often accompanied by sweating.
-Nausea, vomiting and shortness of breath may also occur.
-Sometimes these symptoms subside and then return.

Blood pressure is another important area that Lamb County residents should resolve to watch. Some 23 million Americans have high blood pressure and half don't know it. The disease usually has no special symptoms. While it can usually be controlled, when left unchecked, it can lead to heart attack, stroke, heart or kidney failure.

Your doctor can tell if you have high blood pressure by performing a simple test. By following his orders and taking the prescribed medication, those with high blood pressure can reduce their risk of heart attack and stroke.

The Heart Association president cited other risk factors that can lead to heart attack and stroke. They include high blood cholesterol, cigarette smoking, a diet high in saturated fats and cholesterol, stress and a lack of exercise.

Living a heart-healthy life isn't a hard resolution to keep. All you have to do is make a few moderate changes in your lifestyle, such as having your blood pressure checked regularly, stop smoking cigarettes or at least cut down, eating foods low in saturated fats and cholesterol and getting regular daily exercise.

As part of your new, heart-helping lifestyle, resolve to make a generous contribution when a Heart Fund volunteer visits your home in February, designated as American Heart Month.

COLORADO SAFARI - with beauty as far as the eye can see and cameras the only weapons employed, twenty-seven 'flat-land' Texans joined last weekend in the annual Snowmobile Safari. The trek included the 82 mile span between Delores and Norwood, Colo. ..... and return. (Personal Photo)

Oltonites Join 'Snowmobile Safari'

Twenty-seven Texans met in Cortez, Colo., Friday, Jan. 24, to become part of the Annual "Snowmobile Safari" sponsored by Snow-Bos, Inc., of that city.

The Safari covers the 82 miles between Delores, Colo., and Norwood, following a well defined snowmobile trail.

Opening at 8 a.m. Saturday morning, the trail closed at 9 a.m. During the intervening hour all members of the Safari were carefully checked as they left.

The 60 members of the Colorado organization together with the 27 Texans added up to "a lot of noise as they roared off on the course," which according to one Oltonite was a "long, rough trip for beginners."

All trails were vividly marked for distance and direction by bright orange arrows in the snow. A lunch stop was made at Ground Hog Reservoir.

Emergency vehicles made the trip to Norwood, via an open highway through Dove Creek, to assist with possible mechanical failures or over-weary travelers.

Return trip was made Sunday over a slightly different trail, but again lunching at Ground Hog.

The visiting Texans were hosted in Cortez Friday evening with a supper in the home of Mr. and Mrs. Willis Wilbanks. Mr. and Mrs. Keith Ferrick co-hosted the event, which was designed to welcome the visitors to share the beauty of Colorado's snowy slopes.

Making the venturesome trip were Messrs. and Mmes. Rex Davis, Carlton Holland and Ralph Roper all of Plainview. Mr. and Mrs. Kenneth Henson and Mr. and Mrs. Glenn Vining and Gill all of Springlake-Earth.

Olton trail riders were Messrs and Mmes. Owen Jones, Archie Sorley, George Brown Jr., Gary DeBerry, Bill Kemp, Bill Morris, W.A. DeBerry and Randall Roper.

They reported the snow as powdery and not in best condition and the weather unusually warm.

Campaign Contributions May Be Tax Designated

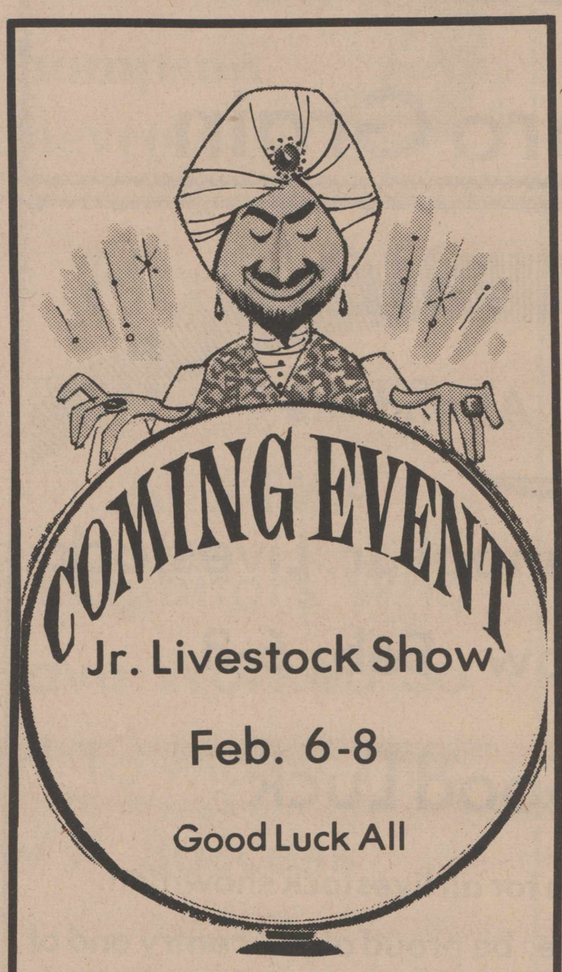

Taxpayers preparing their 1974 federal income tax returns can again take part in the 1976 Presidential Election Campaign fund by checking a box on the front of their Form 1040 or 1040A, the Internal Revenue Service (IRS) said today.

Walter Perry, Director's Representative of the IRS for the Plainview area, said that more than 11 million of the approximately 81 million returns filed last year contained a campaign fund designation for 1973. Another 6 million of the returns had a retroactive designation for 1972.

The total amount designated on 1973 returns was about $26 million, Perry said. With approximately $4 million checked off in 1972, the campaign fund now totals about $30 million.

Under legislation enacted by Congress in 1971, every taxpayer with a tax liability of $1 or more may designate $1 of his or her tax ($2 on a joint return) each year to the 1976 campaign fund. All money thus earmarked goes into a general fund to be distributed among all eligible Presidential candidates.

Since participation in the campaign fund by a taxpayer neither increases his or her tax nor reduces any refund due, the IRS Director's Representative said, the taxpayer filing for a refund should not send cash or a check to pay for the designation.

'Rural Hero Of Texas' Search Is Underway

The search is underway for Texas' rural hero of 1974.

The Rural Heroism Award, sponsored by the Texas Farm and Ranch Safety Council, is presented annually to some deserving person who has performed an act of exceptional bravery during a time of crisis, according to Ben Bullard, Council vice-president and assistant safety director for the Texas Farm Bureau.

All entries must be submitted by February 15, to the Rural Heroism Award Committee, Texas Farm and Ranch Safety Council, P.O. Box 489, Waco, Tex., 76703, according to Bullard.

The heroic act or deed must have occurred in Texas during 1974 and must be related to farming or ranching operations.

Nominations should include a written account of the incident and the names of all persons involved. Newspaper clippings and pictures should also accompany the nomination, if available.

The award will be presented March 2 at the annual meeting of the Texas Safety Association at the Shamrock-Hilton Hotel in Houston.

Last year's winner was E.W. McMichael of Hooks in northeast Texas who attempted, in vain, to save the life of the pilot of a crop-dusting airplane which had crashed.

ENERGY TIP

If you're in the market for a television, especially to serve as an "extra" or "second" set, consider buying a black and white model. It uses less energy than a color tv--and usually costs less too!

GRANDCHILDREN VISIT

Jeri, Kelli and Toni Small of Dimmitt stayed Saturday night with their grandparents, Mr. and Mrs. J.L. Small. Sunday the Smalls and Mr. and Mrs. E.J. McCord visited in Dimmitt with the girls and their parents, Mr. and Mrs. Randall Small.

TO ARKANSAS

Mrs. D.W. Durall of Lowell, Ark. went home last week. She had been here since the first of January with her daughter and family, Mr. and Mrs. Floyd Prentice, Carol, Chris and Cathy.

WEEKEND VISITOR

Mrs. E.T. Walthall of Odessa was here from Friday until Monday with her sister-in-law, Mrs. Era Mae Walthall. Mrs. Walthall and her visitor spent Sunday with her sister-in-law, Mrs. F.W. Dodson of Hale Center.

TO CORPUS CHRISTI

Mrs. Inez Yates returned last mid-week from Corpus Christi where she stayed some ten days with her sister, Miss Laura Kennedy. Accompanying Mrs. Yates was her sister, Mrs. Ruth Gautier of Lubbock and a cousin, Mrs. Helen Stark of Hereford.

ENERGY TIP

A good way to save gasoline is to simply relax! Tense, aggressive drivers who are chronic lane changers must constantly shift between the accelerator and the brake. A more even driving pattern can save 30 percent or more in gasoline--and it's easier on your nerves.
