COUNTY AGENT REPORT FIVE MONTH PERIOD SHOWS MUCH WORK PLANNED AND FINISHED

POST OFFICE HAS INCREASE IN BUSINESS

The Christmas volume of business of the local postoffice showed approximately a 22% decrease over last year, according to Mr. Earl Tracy, postmaster. This decrease covers packages, stamps and all business. But the year as a whole showed about a 10% increase over last year's volume of business. This is an indication of general prosperity throughout the year. Postmaster Tracy explained that the Christmas business last year was larger than this year because of the many pipe line workers who were in the county last year.

Lions Club Will Have Ladies' Night

Next Thursday night, January 9, the Junction Lions Club will have a ladies night in place of the regular Wednesday noon luncheon. The wives and sweethearts of the members of the club will be invited to the dinner.

The program will begin at 7 o'clock Thursday evening and will be held in the Baptist Church. The Baptist ladies will serve the dinner. Approximately 50 are expected to attend the informal affair.

TIME TO PAY POLL TAX

It is again time to pay your poll tax if you want to be a full-fledged citizen.

Don't forget that next year is an important one, politically. We are to choose all congressmen and one United States Senator in Texas. We elect all state officers from governor down except some judges of our courts. We are to choose all district, county and precinct officers to serve for the next two years.

So it behooves all of us to prepare ourselves for these elections. Without our poll tax receipts we shall have to stand by as silent bystanders and will have no rights in the elections. And, if we fail to pay our poll taxes, we shall show a lack of patriotism an interest in our government. Better go now, before the last day's rush is on.

WINNERS DOLL CONTEST ARE PRESENTED PRIZES

The doll contest sponsored by McInnis' Drug Store during the pre-Christmas season attracted much attention. Fifteen dolls were given away on Christmas day to the little girls who had the most votes. Those winning the prizes were: Aileen Livingston, Mary Jean Martin, Mildred Cavanes, Flora Louise Brisson, Mary Catherine Cowert, Maurine Hingham, Jo Margaret Buster, Betty Fay Kindrick, Elizabeth Wright, Joyce Wright, Imogene Phillips, Betty Jo Hodges, Beverly Baker, Ruth Agnes Bierschwale, Juanita Glossbrenner.

TRASH TRUCK

On account of the big snow the city trash truck did not make its rounds to gather up trash on the appointed day. Secretary John Munn asks the Eagle to announce that the wagon will cover the town next Monday, January 6. Everyone is urged to place all trash and rubbish that cannot be burned in sacks or boxes and it will be hauled off free of charge. Now is the time to clean your premises of rubbish.

Tentative Program For New Year Made by Homann

A summary of the work of County Agent R. E. Homann since he took up his work in this county August 1, 1929, reveals a variety of accomplishments and many undertakings under way.

During this time, Homann has spent 104 days doing field work and 22 days in the office. He has visited 202 farm and ranch homes, held 113 meetings with a total of 5223 in attendance, and traveled 6614 miles rendering assistance along extension lines.

His work has included a variety of fields, such as poultry, horticulture, dairying, community work, fairs and contests, short courses, agronomy, farm engineering, swine, sheep and goats, beef cattle, entomology and club work.

Sheep and goats have commanded most of his time. Approximately fifty animals were posted. Demonstrations were made dealing with internal parasites, and recommendations were made concerning the worming of animals. During the past five months 12,000 head of sheep and goats have been wormed under the supervision of the agent.

Selection of breeding animals was given considerable attention and approximately 100 individuals selected.

The agent curbed an outbreak of hog cholera in the county and gave demonstrations in the vaccination of all ages of animals.

Three demonstrations were started in the growing of legumes. Two of these were alfalfa and one vetch.

Junior extension work was first started in the county on September 1. One hundred and thirty-one boys and girls in eight different communities are now eligible for the work. Seventy of these have started demonstrations, including the feeding of breeding lambs, billie kids, baby weavers, swine and poultry. A big campaign was put on by the Kimble County Chamber of Commerce where \$350 worth of prizes were awarded to 4H members. These prizes consisted of good livestock and poultry.

Not only has the agent accomplished a great deal in the past five months, but he has drawn up an extensive pro-

GIRL HIT BY AUTO: INJURIES SLIGHT

Miss Stella Bissett, daughter of Mr. and Mrs. Frank Bissett of this city, was injured slightly Sunday night when she was struck by an automobile. She was just leaving the Methodist Church after services had been dismissed, when she was struck. She was rushed to the Standifer Hospital where she was examined for internal injuries and then released. She suffered a skinned place on her foot and another on her head.

DEFECTIVE FLUE IS CAUSE SMALL BLAZE

A fire alarm was turned in Tuesday, December 24, from the Harris residence when a defective flue was supposed to have ignited the building.

The fire department made a quick call and put out the blaze before much damage was done. Fire Marshal John M. Hankins estimated the damage at \$25. The building is owned by Mrs. Henry Bierschwale.

Dr. L. E. Standifer was an Austin visitor last week.

NEW AUTO LICENSES APPEAR ON CARS

On the first day of the New Year several of the New 1930 automobile licenses were seen on cars about town. Sheriff and tax collector Frank Patterson is anxious for all car owners to secure the new plates before the last of the month as the regular taxes are due then.

Building Activity 1929 in Junction Largest in History

The year 1929 witnessed in Junction the greatest building campaign the city ever attempted. The total amount of building for the entire year of 1929 totaled well over one-half million dollars.

Many major building activities were finished in 1929 or started.

The new Baptist Church is a product of the year just passed. The magnificent Church of Christ was built in the year 1929 and the new Methodist Church was started in the old year.

Such buildings as Highland Chevrolet Company, new Court House, Standifer Apartments, Junction Battery and Electric Building, W. H. Baker home, addition to Fritz Hotel, Fire Station, and many homes, have been built in the year just closed. The old year witnessed two major civic improvements when the new water system and sewer system were laid.

The year 1929 was a great year for Junction and indications are that the new year of 1930 will surpass it.

NEW CHEVROLETS WILL BE SHOWN SATURDAY

The 1930 model Chevrolet will be on display in the showroom of the Highland Chevrolet Company Saturday, according to Mr. J. S. Farmer.

Every person in the county is invited to come to the showroom on Saturday and inspect the new Chevrolet. According to reports, there will be many improvements and added features on the new Chevrolets.

"Coast to Coast" Magazines Are Received Here

The Chamber of Commerce has received several hundred "Coast to Coast" magazines written by J. Wadsworth Travers. These magazines will be distributed to people who are seeking information on the Old Spanish Trail.

Mrs. G. W. Farmer visited relatives in Austin this week.

Old Kimble Court House Is Razed To Make Way For New Structure

DIRECTOR-GENERAL COUNTY INTERSCHOLASTIC LEAGUE NAMES ASSISTANT-DIRECTORS

Hunting Season Ends In Kimble County With No Accidents

Deer, wild turkey and bear are again safe from the wiles of hunters for a period of ten months and fourteen days. The season closed December 31 and it will be unlawful to hunt any of the above mentioned game until November 16, 1930.

It is also to be remembered that no person is allowed to have venison in his possession more than ten days after the season is closed.

From now on until January 16 quail may be imperiled, and the duck season closes on January 31.

A large number of hunters took advantage of the remaining days, and many hunting parties were out the last three days of the season.

About the usual number of kills were made this season according to reports. Borden Ice Company officials stated that practically the same number of deer were stored there this season as was last season.

Kimble County was lucky during the past season in that no casualties occurred as results of hunting trips. There has not been an accident to hunters reported, and no fatal accidents happened.

There have been several fines paid during the past season for violations of the game laws, but the majority of the cases were plainly evident and most of the violators paid off with no ill feelings.

Local Men Appointed On Advisory Board

Representative Coke R. Stevenson and E. V. Stewart have again been appointed as members of the West Texas Chamber of Commerce Advisory Board for 1930.

On January 21, at 2:30 p. m., in the office of the San Angelo Board of City Development, all members of this advisory board are urged to be present at a meeting to discuss plans for 1930.

San Angelo's Board of City Development will hold their annual banquet that night and the advisory board will be their guests.

Old Building Destroyed By Fire in 1889 and Rebuilt RECORDS BURNED

New Building Will Be Two Stories And Basement

The noises of splitting timber and falling stones have been rising all week from the Kimble County Court House grounds where workmen are at work demolishing the old court house to make room for the new \$81,000 structure that will be erected on the site of the old building.

Hardly one stone rests on another in the old building. The walls have been pulled down and the stone is being hauled away.

Mr. E. D. Porter, who was awarded the general contract for the construction of the new court house, is on the job and states that he is using home labor for all the work that can possibly be done by local workmen.

The new building will be two stories with a basement, and will have four faces. A clock with four faces will be placed on the court house.

The court house that is being razed was the second official house for the county. There was one house that preceded it which was built in 1877, a year after the county was organized. This first court house was destroyed by fire in 1884 and many of the records of the county were destroyed.

In 1885, with Mr. Bruno Shott as contractor the present structure was built. It is interesting to know that Mr. Shott, the same man that built the old court house, placed a bid to build the new one, but his bid was unsuccessful.

In 1889 the second court house was burned, and Mr. B. A. Davey was awarded the contract to rebuild it. Mr. Davey worked on the building when it was first erected.

The old building served continuously as the home for county business until last week when workmen began destroying it. The old building was pronounced unsafe many weeks ago and braces had been put in the walls for support. The new building will be finished and ready for occupancy within 150 working days, according to Mr. Porter.

NEW FORDS PLACED ON DISPLAY TUESDAY

Chamber of Commerce Broadcasts Reports

The Chamber of Commerce is receiving some valuable advertising from the El Paso Automobile Association's Broadcast Station. The secretary sends in weekly reports of the condition of the Old Spanish Trail and adds bits of interest to the reports which are broadcast every week and published in the El Paso Times Sunday Review.

WEATHER REPORT

Since the Christmas snow the weather has been fine. The new year opened with a light rain followed by a mild norther and today (Thursday) the sun is shining brightly. Ranchmen say that the snow did not cause a very heavy loss. Some losses are reported, but in most instances they state the benefits were far greater than the losses. The goats weather the cold weather better than sheep.

Mr. and Mrs. Alton Childres visited relatives at Mason on Christmas day.

R. Kothmann Appoints Members To Aid in Work

At the County Institute held in Junction on December 20 and 21, Rankin Kothmann, principal of Tea Cup School, was elected Director-General of the Kimble County Interscholastic League and was given the power to appoint the necessary assistants.

Mr. Kothmann has made his appointments, and the following have been named to assist: Superintendent Guy C. Moses was appointed Director of Declamation. Miss Victoria Brewer was appointed Director of Spelling. Essay Writing was put under the supervision of Mrs. L. E. Stockard of Segovia. Mr. Rex Sallee, principal of London High School, was named as Director of Debate and Extemporaneous Speaking. Miss Ethel Roberts was placed as head of the Arithmetic division. Mrs. Grady Kindrick of Junction was named Director of the Three R's, and Coach Earl Bowers of Junction was named Athletic Director.

Mr. Kothmann stated that the fee for all rural schools was \$1.00 and he urged every school in the county to pay this fee. This fee may be paid to Mr. Kothmann or any of the above named directors. January 15 is the last day on which this fee may be paid. No school may enter into the contest unless this fee is paid on or before this date.

The County contest will be held sometime in the Spring, but the date is not definitely known, according to Mr. Kothmann.

CROCKETT ROAD BONDS CARRY BY BIG COUNT

The \$375,000 road bond issue for Crockett County carried by an 8 to 1 majority, when the voters went to the polls and voted 252 for and 32 against the bond.

This decisive vote insures for Crockett County, of which Ozona is the County Seat, 81.7 miles of paved roads. The entire city of Ozona are jubilant over the victory of the bond issue.

NEW FORDS PLACED ON DISPLAY TUESDAY

On the last day of 1929, the new 1930 model Fords were placed on display in the show rooms of the Loeffler Motor Company, and hundreds of people throughout the day were attracted to the show rooms to inspect the new car.

The new bodies are one of the most important features of the new models. New rustless steel for exposed parts and quick acceleration are worthy features. Mr. E. A. Loeffler went to Houston last week to secure the new four door sedan which is on display now.

GETS EIGHT POINT BUCK AND GOBLER

Dr. L. E. Standifer had good fortune on a hunting trip last Monday when he brought down a fine eight point buck and a big gobbler. This was the first buck that Dr. Standifer ever killed. It took two shots to bring the buck down.

Commissioner G. W. Hardesty of Yates was a Junction visitor Monday.

Bucks and Gobblers Unafraid of Unloaded Guns Hunters Discover

Bucks and gobblers may be forgotten, but stories of exploits of the hunters linger on days and months after the season has closed.

But there will be no mounted deer heads and long beards of "old timers" as souvenirs of the hunts this story describes.

Simultaneously but in different parts of the county, Mr. E. A. Loeffler and Mr. V. P. Emmons took themselves for a hunt, as the season was drawing to a close.

While in camp preparing to leave for the hunt, Mr. Loeffler took some practice shots to test the accuracy of his gun. Satisfying himself of the truthness of his "fusil," he set out. After hunting a while, he saw a big gobbler standing at fairly close range. Taking a deliberate aim, Mr. Loeffler pulled the trigger. A faint metallic click of steel against steel was all that broke the stillness. The gun was unloaded, he had practiced once too many. The gobbler left unscathed.

A little different but just as pathetic is the story of Mr. Emmons. He had shot at a gobbler and missed. The excitement and disappointment was probably too much for the "ohm" wizard for in the flurry he forgot to reload. Soon he saw a buck; took aim, fired, and the same sickening click resounded. Another day lost, another opportunity vanished. Age impairs hunting.

Country Correspondence

LONDON LOCALS

Since our last local column appeared Mrs. Howard Horn has returned home much improved after a serious operation and slow recovery. Howard again acts normal and their many friends rejoice with them over her recovery.

The Christmas holidays have passed with the usual drunkenness and debauchery. It is indeed strange that we people who claim enlightenment will continue to desecrate the birthday of Christ. That day above all others should be celebrated with a reverent, sublime joy by both saint and sinner alike, and would be if the principles were so taught in our homes and schools.

The recent snow was a real blessing to this wonderful country of ours. Both farmer and stockman are rejoicing. Out in the woods and over the hills all day Sunday we had ample opportunity to observe the immediate benefits to pasture land. The green grass shows up from 2 to 4 inches in length and the young weeds almost carpet the ground. We all rejoice because of the benefit and all drank in its wondrous indescribable beauty.

Judge D. M. Slaytor and Francis Harris took Christmas in Llano, but have returned to the ranch.

Victoria Brewer spent her Christmas holidays with her mother who is under treatment in San Angelo.

Bill Cummins came in from San Marcos to be with home folks during the holidays. Bill says he is well pleased with the San Marcos State School. Bill's friends are glad to see him progress and they expect to be made to further rejoice at his future. He is not only making good in school but he is going to make good in after life.

Miss Loree Kothmann is home from Waco where she attends Baylor University. She says old Baylor is a fine school and that she is liking it better all the time.

The editor of the Eagle was among our visitors last week. He reported the road in bad condition.

Mr. Dan L. Ernst of the Graphic went to San Antonio Thursday of last week to spend a few days with his parents and other relatives.

Brother Forester filled the pulpit at the Baptist Church Sunday and Sunday night.

School opened Monday morning with all teachers at their post and pupils in their places. All glad to return to their work. Everything should move along harmoniously with one more united effort for an onward move.

I am in position to know that the Tea Cup school is buying library books. This is fine. This is what they ought to do. I am rather lost at present. About a year ago I spoke of the need of an up to date library in our own London school and at the same time vouched for the ladies of the Parent-Teachers' Association to supply that need. I am afraid they have quit me. Say! let me suggest that we put on a double header. Suppose the Parent-Teachers solicit contributions to purchase library books and that they do it up in good old Methodist and Baptist style by calling on every man, woman, boy and girl of this community to contribute, asking the men for their dollars, asking the boys and girls for any amount they will contribute down to a nickel. I don't approve of pennal contributions—that is too small an amount. Don't think parents should teach their children to be penny contributors at Sunday School nor any where else. Anything worth your support is worth more than a penny contribution. After the community has been canvassed thoroughly, then let's give an entertainment of some kind and charge for it. A box supper, a pie supper or anything that will attract attention. By so doing we can collect enough to start a real library, then add to it each year. How about the writer, did you say? Yes, sir! count on me for a contribution of \$2.50 and

an average support of the entertainment extra.

The new year is here. If we do not progress we will digress. If we do not grow to be better men and women we will grow to be worse men and women. There is no stand still. We are going onward and upward and we are going backward and downward. Let's keep London on the onward and upward move.

IVY ECHOES

Our school began its work again Monday, December 30, after a ten day's vacation during the Christmas holidays. After this bit of recreation led all strike a little harder and resolve as the new year enters Wednesday to "Finish along this line," as General Grant said. "Even if it takes all summer." The Kane family have moved to Carrizo Springs. We regret losing this fine family and we shall miss Elmer, Louise and La Nelle at school but we wish them well in their new home.

There are two other vacant seats at our school since Lester and Ave Dell Pearl have left. We hope their home at London is pleasant and that they will be worthy pupils of the London school.

Our school is now a member of the Interscholastic League, and we expect to participate in the County Meet next spring.

SYCAMORE SAYINGS

(From last week)

Our school closed on the 19th with a Christmas tree which was a grand success for the holidays.

Miss Hodges attended the Institute at Junction the 20th and 21st.

Mr. and Mrs. Edwin Joy of Fischer's Store are spending the holidays at the Freeman ranch.

Mr. and Mrs. H. McCaleb and son of Kerrville came to the Freeman ranch Christmas Eve.

Mr. and Mrs. Jim R. Hodges left for Eastland Tuesday to spend the holidays with her parents, Mr. and Mrs. Horace Gibson.

Mr. and Mrs. A. Miller and son, Milton, spent Christmas in Junction.

Messrs. M. T. Hull and families were shopping in Junction last Friday.

Mr. and Mrs. Jesse Miller were shopping in Junction Monday.

This vicinity has been under snow since the 20th inst. Much damage to stock and ranges has been done.

The snow-clad mountains are still in sight.

The health of our community is much better. No new cases of flu recently.

Mr. and Mrs. F. M. Hodges enjoyed Christmas dinner with Lane Hodges and family.

Traffic between Central and South Texas will be speeded up materially when the old ferry that has served for years between Brenham and Waller will be supplanted by a modern bridge across the Brazos.

Secretary C. of C. Urges Less Cotton

WILL IT BE MORE ACRES AND LESS PRICE? OR LESS ACREAGE AND A HIGHER PRICE?

DOWN WITH COTTON ACREAGE AND AWAY WITH THE SURPLUS!

We solicit your co-operation in a cotton acreage reduction campaign, which we believe is the best way to assist our Federal Farm Board in their work to raise the cotton industry to the standard of other industries.

As you know, when the government issued its cotton acreage report the first of last July of approximately forty-nine million acres, the price of cotton started down, and this crop has been sold for from three to four cents a pound less than last year, although we will not produce less than five or six hundred thousand bales more than last year, according to the final government estimate on December 9.

Now if you want our cotton mills and every other industry of this Southland of ours to HUM, let's wipe out this surplus cotton, so our farmers can have a profit in what they have to sell. To increase the farmers' buying power means profit in every line of business. Our co-operative associations throughout the South have thousands of bales of cotton on hand, and if we do our part in this campaign, we have no doubt as to the outcome of the remainder of this crop.

Now if we bankers, merchants and farmers sit idly by and let the South plant from forty-five to fifty million acres of cotton, and all growing conditions are favorable, we will produce eighteen or twenty million bales of cotton next year, and it will mean bankruptcy and poverty for the masses of our people, and years of hard work to get back on a sound business basis.

Every other industry such as coal, lumber, copper, petroleum, textiles and many others we could name, curtail their production when the supply exceeds the demand. There is no reason why we people of this great Southland of ours could not join hands with the excellent leadership we have in our Federal Farm Board and help raise the standard of the cotton farmer to a level of other lines of business.

We ask the co-operation of all the people who are engaged in raising cotton to help in the reduction of the cotton acreage, so that we can advertise to the world that the acreage will not exceed forty million.

We are asking the local papers of Kimble County to publish this appeal and if everyone will do his part, we will wipe out this surplus of cotton.

This appeal has been issued by other chambers of commerce and we are handing it on down, believing that it will help the Cotton Farmer.

Kimble County C. of C., E. V. STEWART, Secretary.

WORK

Half of all the work done in the world is done in the United States, says Dr. Thomas Thornton Read, Professor of Mining in Columbia University. The average American does thirty times as much work as the average Chinaman, two and one-half times as much as the average German, almost twice as much as the average Briton. Electrically-powered machinery is the answer; each American worker has the equivalent of thirty-five slaves at his command, who do not have to be fed out of his earnings.

Europeans, puzzled by our prosperity, have attributed it to America's natural resources. We know better. We do more work.

**CHURCH CONFERENCE
AT KERRVILLE**

A group church conference of Episcopal Churches of Boerne, Junction, Kerrville and Comfort will be held at the Blue Bonnet Hotel in Kerrville on Thursday, January 9, at 6 p. m. Delegates from the Episcopal Church of Junction are urged to attend this conference. A luncheon will be held preceding the conference. The conference will be over by 9 o'clock in order to give the delegates time to drive home after the meeting.

**FINE DOG TRIES WILD
LIFE WITH COYOTE PACK**

A friend of Jack Baylor's recently presented him with a fine registered German police dog. Jack took the dog down to the ranch and in a few days it disappeared. This was in the early part of July. After making inquiries all over the country, and writing back to Houston, the dog's former home, he finally gave up, supposing that the dog had gotten poisoned or that someone had stolen him. About three months later something made a raid on one of the goat camps one night, killing two goats. The next night the Mexican herder set two steel traps around the carcasses of the dead goats and the next morning he had the German police dog in one and a coyote in another. The dog was still wearing his collar bearing Mr. Baylor's name, but was very poor, full of fleas and lice and no doubt had been having a hard time making a living with the coyotes. The Mexican took him out of the trap and sent for Mr. Baylor. When he arrived the dog recognized him and was very glad to see him. He accompanied Mr. Baylor to town Monday and is still carrying one foot which plainly shows the mark of the trap—Cottulla Record.

**COACHES BETTER PAID
THAN PROFESSORS**

An interesting feature of the Carnegie Foundation report on college athletics was that survey of 100 institutions of learning showed that the average salary paid the head football coach was higher than that of the best-paid full professor. Average salary of coaches was \$6,107, of best-paid full professors \$5,158. The report did not consider the gifts of watches, fine automobiles and other material things which are frequently made by admiring students and alumni to football coaches but seldom if ever to full professors.

**Youth's Leg Cut Off
By Train; Didn't Hurt**

Tehuila, Miss.—Their attention attracted by the screams of spectators, trainmen saw a young man fall under a freight train, trucks of three cars ran over his left leg before the engineer could stop the train. Train crew and bystanders lifted the youth carefully from where he lay beside the track, and carried him gently to an

automobile. "Thanks, now will you get me another one?" he asked. "Another what?" someone inquired. "Why, another leg," he said, "that one was wooden." He said his name was Hawthorne and that he lived in Chicago.

NANCIFRED DUDERSTADT GIVES ALL-DAY PARTY

Miss Nancifred Duderstadt entertained the P. A. L. Club with an all-day party at her home Tuesday, December 31.

Half of the members were dressed as boys and the other half as girls. The boys drew for their partners. During the morning they danced and played bridge, each one staying with her partner.

Luncheon was served at twelve o'clock, and after lunch games were played. At three-thirty candy and peanuts were served.

The blue and white color scheme was carried out in the napkins, party caps and decorations. Those present were Misses Grace Johnson, Marie Sheppard, Elsie Martin, Eva Lee Preston, Mae Delle Lowry, Kathryn Hodges, Tommie Jones, Lucille Williams, Juanita Cowser and hostess, Nancifred Duderstadt.

MRS. J. A. THOMPSON GIVES SURPRISE PARTY

Mrs. Joe Fritz complimented her daughter, Mrs. J. A. Thompson, with a surprise birthday party Saturday evening at the Fritz Hotel.

Christmas decorations were used in the dining room. At eight o'clock a dinner of broiled squab on toast, potatoes, peas, cranberry sauce, fruit salad and angel's delight were served. A pretty birthday cake decorated in green and red was cut and served.

Bridge provided entertainment during the evening. Mrs. U. D. Kindrick made ladies' high score and received a bridge score pad and tallies. Mr. Joe Watson won the men's prize, a bottle of shaving lotion. The cut prize, a box of body powder, went to Mrs. Watt Turner. Mrs. Thompson was presented with a bottle of perfume.

Those present were Mrs. H. G. Perry of West, Mrs. L. E. Standifer, Mr. and Mrs. U. D. Kindrick, Mr. and Mrs. Pierce Hoggett, Mr. and Mrs. Clifford Hamer, Mr. and Mrs. Joe Watson, Mr. and Mrs. Watt Turner, Mr. and Mrs. J. A. Thompson and the hostess.

P. A. L. CLUB GIVEN PARTY FRIDAY NIGHT

Miss Tommie Jones, of San Antonio, entertained the P. A. L. Club at her home in Junction Friday night, December 27. Four games of bridge were played. Miss Elsie Martin, who made high score, received a bottle of perfume. Grace Johnson received a powder puff as a consolation.

Sandwiches, potato chips, cake and hot chocolate were served to the following members of the club: Misses Marie Sheppard, Lucille Williams, Elsie Martin, Eva Lee Preston, Grace Johnson, Nancifred Duderstadt, Mae Delle Lowry, Kathryn Hodges, Juanita Cowser and hostess, Tommie Jones, and outside of the club were Misses Blackie and Brownie Motley.

GLEANERS ENTERTAINED

Miss Bonita Barnes and Ruth Sandherr were joint hostesses in entertaining the Gleaners Sunday School class of the Methodist Church last Saturday night at the home of Mrs. Robert Loeffler.

The decorations carried out the Christmas motif. The fir Christmas tree was beautifully lighted with colored lights. Many interesting games were played and enjoyed by all.

Refreshments of ham salad sandwiches and tea, red jello topped with green whipped cream decorated with a miniature Christmas tree, pink and green iced cakes were served to the following guests: Myrtle West, Elsie Bessent, Tempie Boone, Lucille Motley, Paiale Lynn, Nevada Blackburn, Lemuel Jones, Raymond James, Junior Stevenson, LaRue Newby, Harry Witt, Buzz Motley, Leonard Dunbar, Mrs. Sandherr, Mrs. B. B. Ragland, Mrs. R. H. Loeffler and the hostesses.

PAIRALEE LYNN IS HOSTESS TO FRIENDS

Thursday evening Miss Paiale Lynn was hostess at a pop party at the residence of her parents, Mr. and Mrs. Ned Lynn.

The rooms were hung with strings of pop corn. Much hilarity was caused by the games and contests, all featuring the word "pop."

Sandwiches, tea and pop corn were served to Misses Lenora Legun of Fort Stockton, Nevada, Blackburn, Lucille Motley, Elsie Bessent, Bonita Barnes and Ruth Sandherr and Raymond James, La Rue Newby, Harold Thomas, Harry Witt, Leonard Dunbar, Warren Braley and Roy Cochran.

LITTLE CLUB GIVEN PARTY AT FRITZ HOTEL

Thursday evening Mrs. J. A. Thompson was hostess to the members of the Little Club and their husbands at the Fritz Hotel.

Christmas wreaths, autumn leaves and a gayly trimmed Christmas tree decorated the dining room. The attractive tallies also carried out the Christmas motif. After a series of interesting bridge games the cut prize, a box of correspondence cards was awarded to Dr. L. E. Standifer. Mrs. Pierce Hoggett received the club prize, a card table cover, and Mr. L. D. Borden made men's high score and was rewarded with a deck of cards.

Christmas sandwiches, pimiento cheese sandwiches, fresh cocount cake and coffee were served to Mr. and Mrs. Irvin Jarvis, Mr. and Mrs. H. G. Perry of West, Texas, Mr. and Mrs. Fletcher Sullivan of Flatonia, Mr. and Mrs. Roy Spiller, Mr. and Mrs. Brown King, Mr. and Mrs. Ed Allen, Mr. and Mrs. Vann Martin, Mr. and Mrs. Clifford Hamer, Mr. and Mrs. Bill Hamer, Mr. and Mrs. Guy Moses and Miss Olive Chadwell of San Antonio.

MRS. SAM WOODWARD HOSTESS TO CARD CLUB

The Ladies' Afternoon Card Club and a group of friends were entertained by Mrs. Sam Woodward at her residence Saturday with a bridge luncheon, honoring her sister, Mrs. Walter Gann, of Denver, Colorado, and Mrs. Pearl Chadwell of Austin.

At noon a luncheon of fruit cocktail, creamed chicken in timbales, carrots, potatoes, perfection salad, olives, hot biscuits, Christmas pudding and coffee were enjoyed.

Mrs. W. P. Riley won the club prize, a rose jar filled with ginger strings. Silk hose were presented to the honorees.

At the close of the afternoon marshmallows were toasted in grapefruit hulls by the guests. Those present were Misses Myrtle Davey and Kathleen Watson of Kerrville, Miss Olive Chadwell of San Antonio, Mesdames C. T. Hokekamp, H. G. Hubert, Felix Watson, Joe Watson, W. P. Riley, Carl Wolf, John Phillips, A. S. Rieck, R.

H. Spiller, John Martin and Gay Sieker of Kerrville.

MRS. URBAN ENTERTAINS

Mrs. A. P. Urban gave a bridge Saturday evening in honor of Mr. Bill Wright.

Mrs. L. E. Standifer won the ladies' prize, an attractive bridge set. The men's prize, a linen handkerchief, went to Mr. Doe-boy Taylor. Mrs. R. L. Gosney received the cut prize, a deck of cards. A linen handkerchief was presented to Mr. Bill Wright.

Chicken salad sandwiches, potato chips, olives, fruit cake and chocolate were served to Mrs. Dorothy Westmoreland, Miss Josephine Urban, Dr. and Mrs. L. E. Standifer, Mr. and Mrs. R. L. Gosney, Mr. and Mrs. Earl Barr, Mr. and Mrs. Vic Urban, Robert Warren of Houston, Doe-boy Taylor, Arthur Dunbar and Bill Wright.

GLEANER CLASS IS GIVEN ENTERTAINMENT

Saturday evening, December 14, Misses Bonita Barnes and Ruth Sandherr were joint hostesses, honoring the Gleaner's class of the Methodist Sunday School and their escorts at the residence of Mr. and Mrs. R. H. Loeffler.

The living and dining rooms were hung with red and green roping which was caught in

the center with a huge Christmas bell. A Christmas tree twinkled in one corner of the room and over the mantle cedar was placed.

Amusing games and contests were enjoyed. Sandwiches, red jello with green whipped cream, topped with tiny Christmas trees were served with hot tea, to Misses Paiale Lynn, Myrtle West, Nevada Blackburn, Elsie Bessent, Lucille Motley, Tempie Boone and Leonard Dunbar, Lemuel Jones, Raymond James, Robert Motley, La Rue Newby, Junior Stevenson, Harry Witt, Mrs. B. B. Ragland, the class teacher, Mrs. Mae Sandherr and Mr. and Mrs. R. H. Loeffler.

SLUMBER PARTY

Miss Myrtle West entertained a few of her friends with a theater and slumber party Saturday evening. Those present were Misses Bonita Barnes, Nevada Blackburn, Lucille Motley, Elsie Bessent and the hostess.

MR. AND MRS. HOLEKAMP ENTERTAIN NITE CLUB

Mr. and Mrs. C. T. Hokekamp complimented the Nite Club with a bridge dinner, at their residence Thursday evening.

Christmas bells, wreaths and a pretty Christmas tree provided a festive setting for the occasion. Clever Christmas place-cards and tallies combined, marked the seats for the guests.

Cocktails, baked mushrooms on toast, creamed ham, carrots, peas, cranberry sauce, olives, hot rolls, fruit cake, date loaf and coffee comprised the menu.

Mr. and Mrs. Clay Maddux made high score and received two Italian towels and a carton of cigarettes. The ladies guest prize, an Italian towel, went to

Mrs. Fletcher Sullivan of Flatonia, and a linen handkerchief was awarded to Mr. Hugh Spiller for men's guest prize.

Those enjoying the hospitality of Mr. and Mrs. Hokekamp on this occasion were Mr. and Mrs. Clay Maddux, Mr. and Mrs. S. A. McDonald, Mr. and Mrs. Clay Secrest, Mr. and Mrs. Fletcher Sullivan of Flatonia, Mr. and Mrs. J. M. Livingston, Mr. and Mrs. U. D. Kindrick, Mr. and Mrs. Hugh Spiller and Mrs. Carl Wolf.

Miss Marie Sheppard made high score. She received a beautiful wall vase. Miss Nancifred Duderstadt received a little celluloid elephant as a consolation. Miss Mae Delle Lowry received a pair of garters as high cut prize.

Fruit sherbet topped with whipped cream and fruit cake and chocolate creams were served to Misses Marie Sheppard, Kathryn Hodges, Grace Johnson, Mae Delle Lowry, Eva Lee Preston, Tommie Jones, Nancifred Duderstadt, Juanita Cowser and hostess, Elsie Martin.

The pink and green color scheme was carried out in decorations, tallies, napkins and party cups.

MUNN-NEWMAN

Miss Ruby Newman and Mr. Guy Munn were quietly married in Rosenberg at the home of the bride's parents, Mr. and Mrs. Joe Rennell.

The ceremony took place at eight-thirty o'clock Christmas evening.

Preceding the ceremony a Christmas dinner was served to eighteen guests. The young couple were united in marriage by Rev. B. D. Clark, pastor of the Christian Church in Rosenberg.

The only attendants were Miss Ray Munn, sister of the groom, and Mr. P. H. Longwood of El Campo.

The bride wore a charming gown of orchid flat crepe fashioned in the new mode and trimmed with pleated frills of cream colored georgette. Her hat and shoes completed the attractive ensemble.

Miss Munn wore a dahlia flat crepe silhouette frock with accessories to match.

After the ceremony Mr. and Mrs. Munn left for Houston, Austin, El Campo and San Antonio where they spent their honeymoon.

Mrs. Munn is a member of the Shreiner High School faculty, which position she will continue to fill.

Mr. Munn is employed by Schreiner-Hodges Company.

NEW CHEVROLET TO BE DISPLAYED HERE SATURDAY

The Chevrolet Motor Company announces a new car for 1930 known as "The Greatest Chevrolet in Chevrolet History."

Announcement of the new car comes right at the close of Chevrolet's greatest year, for the sensational success of the six-cylinder Chevrolet, introduced just a year ago, resulted in an output of 1,850,000 cars this year, breaking by a wide margin all former Chevrolet annual production records.

In making public Chevrolet's plans for 1930, W. S. Knudsen, president and general manager, declared that with the improvements incorporated in the new car, Chevrolet was anticipating a volume of business that will equal, if not surpass, the phenomenal record of 1929. And, in order to accommodate an early demand, production is being speeded with all the haste consistent with the precision methods for which Chevrolet manufacturing operations are famous.

New car shipments have been going out to dealers for the past ten days, with deliveries to owners scheduled to start Saturday. The cars went on display this morning in the Highland Chevrolet show rooms. Scores of distinct improvements have been made in the 1930 Chevrolet line, the factory announces. Greater beauty, added safety factors, improved riding comfort and better all-round performance with added power, and faster acceleration are announced as features of the new line.

For Rent—Furnished 3-room house with bath. 38c **Roy Skaggs.**

FIRE LOSS IN TEXAS DURING NOVEMBER REACHES BIG TOTAL

During the month of November, 1929, there were 632 fires in the State of Texas, causing a loss of \$1,160,843.98 to the people of the state.

This report as prepared by the Texas State Fire Insurance Department at Austin gives the various kinds of fires which occurred during the month. Stoves, furnaces, etc., caused 93 of the fires. Electricity, alone, was the cause of 48.

Matches and smoking accounted for 28 fires; explosions caused 26; incendiary fires caused 19; exposures, including conflagrations accounted for 51 fires; defective chimneys, flues, gas, open lights, rubbish and trash, sparks on roof, sparks from machinery, spontaneous combustion, hot grease and lightning, combined, caused 113 fires.

There were 190 fires of unknown origin or cause. Many of the above causes are easily preventable and are attributed to carelessness only.

It is surprising to know that fire loss, plus the upkeep of fire departments, water supplies and fire alarm service cost the people of this country approximately \$1,112,000,000 last year.

It is estimated that 15,000 people are burned to death annually in America, and double this number suffer serious injury as a result of fire.

A good resolution for the New Year is to resolve to be more careful with fire during the year of 1930.

CONTRACT EPISCOPAL CHURCH TO BE LET EARLY IN JANUARY

Definite steps towards the erection of the proposed Episcopal Church building in Kerrville will be taken early in January, Rev. F. M. Brasier, rector of the Kerrville church, announces. Bids from several contractors will be let at the meeting of the vestry scheduled for the first week in January, 1930.

It is planned for the church building to be T shaped, 42x75 feet and of native stone with a slate roof, however, the details are to be gone into at the January vestry meeting and definite decision will then be made. It is expected that actual work on the church building will be begun early in the coming year. Rev. Brasier is the rector of the Junction Episcopal Church also. He meets with the Junction church once each month.

"MY OLD KENTUCKY HOME"

In Holland's Magazine for January, is a very interesting article by Anne English entitled: "My Old Kentucky Home." According to this author the song, written by Stephen C. Foster, is as popular in the North as in the South, and is familiar to most European people, having been translated into nearly every language. It is sung by people of Europe and Asia who do not know where Kentucky is, or how long it is going to stay there. It is loved for its plaintive beauty and the simple message of home.

In Bardstown, Kentucky, stands the vine-covered house where Mr. Foster wrote his immortal song. About ten years ago this residence was dedicated to the nation. It used to be known as Federal Hill, but is now known as "My Old Kentucky Home." It is second to Mt. Vernon in popularity at this time, being visited by the peoples of all nations. Mr. Foster also composed "Massa's in the Cold, Cold Ground."

Mother: I wonder who it was that never folded his clothes when he went to bed? Little Lawrence pulled the bed-clothes over his head and answered, "Adam!"

PERSISTENCE WINS \$300,000

Mexico City.—For nine years Arnulfo I. Sanchez, an accountant, purchased a ticket in each drawing of the national lottery, always the same number.

Friends advised him to vary—try another number—but he religiously played his favorite.

He won the capital prize in the last drawing, amounting to \$300,000.

AMERICAN PEOPLE ARE LIBERAL SPENDERS

According to government statistics the American people are liberal spenders. Here are some of the annual totals:

- \$2,000,000,000 for movies.
- \$2,000,000,000 for automobiles.
- \$2,500,000,000 for tobacco in various forms.
- \$5,000,000,000 for food luxuries.
- \$3,000,000,000 for pleasure, resorts, joy rides and races.
- \$750,000,000 for cosmetics, etc.
- \$500,000,000 for jewelry.
- \$400,000,000 for toilet soaps.
- \$350,000,000 for candy and cake.
- \$350,000,000 for soft drinks.
- \$300,000,000 for furs.
- \$250,000,000 for ice cream.

It is when we read that the lost sheep is preferred to the rest of the flock that we begin to wonder if in this good but sometimes inconsistent world of ours penitence is not more often rewarded than innocence.

A SMILE

A smile costs nothing, but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment but the memory of it sometimes lasts forever. None is so rich or so mighty that he can get along without it, and none so poor that he cannot be made rich by it. A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship. It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and is Nature's best antidote for trouble. Yet it cannot be bought, begged, borrowed or stolen, for it is something that is of no value to anyone until it is given away. Some people are too tired to give you a smile. Give them one of yours, as none needs a smile so much as he who has no more to give.—Anon.

MEXICAN SWAINS LOVE SAME GIRL. DIE AT SAME HOUR

Mexico City.—At exactly the same hour, 12 noon, Francisco Lopez Ortis leaped from the top of a building under construction in one part of the city and Francisco de la Rosa jumped from a roof in another section, both suffering perhaps fatal injuries.

The coincidence of the hour and the manner of attempting suicide excited the curiosity of authorities and detectives were ordered to investigate.

It was found that the two men, in love with the same girl and at the same time being warm friends decided it best to simultaneously end their lives, evading the dual suicide pact that each would leap from the top of a building at the same hour.

BLANTON WILL RUN FOR OLD SEAT IN HOUSE

Abilene.—Thomas Lindsay Blanton, for twelve years a member of Congress from this district, announced that he would be a candidate next year for his old seat now held by Col. R. Q. Lee of Cisco. "Since retiring from Congress," said Judge Blanton, who made the race for the United States Senate last year, "constituents generally have continued to call on me when needing service. I couldn't refuse them. I can't turn down ex-service men who are in distress and need urgent help. I can't turn down former constituents who call on me."

Judge Blanton's statement continued: "This work, gratuitously done, takes valuable time from my law practice, and has hardly allowed me a breathing spell. In other words, I am doing gratis much work every day for which another draws the pay. I am not financially able to give this time. Therefore, I am going to ask the voters of the Seventh District to return me to Congress."

Junction Trade Notes

(By G. G. Co.)

Junction and Kimble County have much to be thankful for at beginning of the New Year. A 15-inch snow during Christmas week mellowed the ground for later planting and insures early range for flocks and cattle. The freeze that followed killed myriads of insects and it is a common saying, based on scientific fact, that a good crop year always follows snows and a severe winter.

Buyer for Swift & Co. has recently contracted steer and heifer calves in Crockett County at 10c lb. and will put them on feed, it is stated. Arch Huddle, farmer near Coleman, marketed his turkeys profitably by grinding them up with pork sausage, which is said to be a delicious food combination.

A health scientist says people who use a large amount of nervous energy, or those who do brain work with little or no exercise, require a great deal of protein in their diet, and that meat is one of the most easily digested of the protein foods. We receive fresh each week, hams and bacon, baked hams in sanitary sealed tins, baked chicken in similar sealed package, ready to serve. Gann Grocery Company.

The meanest thief is at large in the vicinity of Del Rio where he stole the Christmas sedan of pastor of the Christian Church. The car was the gift of members of the congregation and was stolen from in front of the church. Mr. and Mrs. Vincent Kemp of Lancaster, Pa., had twins born twice during 1929: On Jan. 4, twin boys; Dec. 31, a boy and girl, all living.

Uless Adams of Roosevelt came to Junction on a shopping errand for his wife and went to a dry goods store after Lux. E. D. Porter of San Antonio, contractor in charge of construction of Kimble County's new courthouse, has Mrs. Porter with him and they are comfortably domiciled at the home of Earl Tracy until the job is finished.

In stock: Pure hog lard, practically as cheap as the compound. Spiced herring and dry smoked herring. Gann Grocery Company.

During construction of the Kimble County courthouse, county officers are parked over and around the bank. Tax Collector Frank Patterson has his headquarters downstairs at the rear of the bank. Persons applying for auto licenses must have certified ticket from a public examiner.

The Yard Beautiful Committee of the P. T. A., working in conjunction with Chamber of Commerce, announces that yard prizes will be awarded same as last year, and reminds homeowners that now is the best time for fertilizing and preparing soil for planting. We have in stock Mandeville & King flower seeds. Gann Grocery Company.

In local athletic circles it is announced that a team of six-footers is promised by the Junction Eagles when they take the floor for their first basketball game this season. Coach Earl Bowers took his football team through to a district and bi-district championship and hopes to repeat it in basketball.

Looking back over the year, this store is moved to a deeper and more sincere appreciation of friends and each year we realize more fully our relations with others is what makes life worth living. We appreciate the pleasant trade relations of the year just ended and wish everyone a prosperous year 1930.

Although turkey raising under suitable conditions is quite profitable, the number of turkeys in the country is much less than 30 years ago. During the last 15 years, however, there has been little change in the number raised, and interest in commercial turkey raising has recently increased.

Love Is a Disease Similar to Measles, Says German Doctor

Munich.—To millions of men and women the world over, love may still be life's great romance, but to Dr. Waldemar Schweissheimer it is nothing more than a disease to be compared with measles. This physician has just published a volume, "Love Only a Disease," in which he subjects love to purely clinical laboratory analysis.

He draws a parallel between love and measles and contends that in the persons "afflicted" with love there is a disposition with love there is a disposition that, just like a cold, it is not caught by every person who shakes hands with another, so the love germs are not inoculated in everyone indiscriminately.

He then argues that, as in all infections, the "love disease" has its incubation period between its inception and crisis. This, he writes, is similar to the incubation period in diphtheria. The infection does not make one violently ill immediately after the germs have lodged themselves in the human system. Love at first sight, the physician holds, is as exceptional as the sudden breaking out of scarlet fever.

Once the "love disease" has broken out, Dr. Schweissheimer says, its symptoms are indubitable. The eye is blurred, the face becomes pale, the heart palpitates, sleep is irregular and the sufferer loses weight. Those unhappy in love may fade away like flowers deprived of sunshine and water. On the other hand, like faded flowers are brought back to life by sunshine and water, such lovers who see their love reciprocated will recover.

Diagnosis and prognosis in the "love disease" are established with less difficulty than in medicine, the author contends. Few are those who die while in love.

Even in the matter of therapeutics, Dr. Schweissheimer attempts to show the existence of clinical parallels with other diseases. With love, as with other diseases, a cure is often difficult. Inoculation against the "love disease" is not yet possible, nor has a curative serum been discovered.

A NEW GAME LAW

A new game law that should be passed by all states should contain the following:

- "Book agents may be shot between October 1 and September 1; spring poets from March 1 to June 1; automobile speed demons from January 1 to January 1; roadhogs from April 15 to April 15; amateur hunters from September 1 to February 1; no closed season on the man who accepts a paper for two years and then when the bill is presented, says, "I never ordered it," may be killed on sight and buried face downward in quick-lime so as to destroy the germs and prevent the spread of the infection."—Dawson Herald.

Mr. and Mrs. J. F. Horton of Eden spent the week-end in Junction visiting relatives.

EXPOSED METAL ON FORD CARS RUSTLESS STEEL

"Rustless steel, a material familiar to the housewife in cutlery, has been brought to a high state of perfection to increase the beauty of new bodies for Model A Fords, now shown here," said E. A. Loeffler, local Ford dealer. "The improved metal will supplant the use of nickel or chromium plating on these automobiles."

"The new Ford bodies, painted in new and attractive colors, will be placed on view all week," said Mr. Loeffler, who emphasized that fact that no change in price will be made.

Rustless steel is only one interesting feature of many which make the Model A more desirable than ever. The complete ensemble has added beauty, combined with greater dignity—a more substantial look. It is fresh and new without being tricky. No attempt has been made to do anything sensational just as a passing whim.

The most notable changes in body types have been made in the Tudor Sedan, the Coupes and the open cars.

The Tudor Sedan, most popular of the five passenger closed cars, is longer. There is more room for occupants of the rear compartment. Access is easier around the folding seats. In exterior appearance the car is much improved. It still retains the crown roof effect with rounded corners on the rear quarter, the beauty of which is accentuated by the new belt and moulding.

WATCH NIGHT PARTY

New Year's Eve the members of the Epworth League gathered at the Methodist church where they held a watch-night party.

The devotional service was led by Ramsey Randolph. Following this was an entertaining program of music and games.

Sandwiches, cake and hot chocolate were served to about thirty young people.

At midnight they rang the bell and fired off skyrockets, Roman candles and fire crackers.

EYE SPECIALIST COMING AGAIN

Dr. Fred R. Baker, San Angelo's well known optical specialist will be at the Fritz Hotel, one day only, Thursday, January 16. A large number of local citizens wear "BAKER'S FAMOUS GLASSES." The doctor says the list of names is too large to publish, but he will furnish them as references upon request.

He has been serving people of this section for over twenty years and his license is registered in this county.

Dr. Baker was president of the Texas Optical Association, National Vice-President and was appointed by former Governor Neff, a member of the Texas Optometry Examining Board. He has added a new testing instrument to his scientific equipment and has a large stock of new style spectacles to select from. His work is fully guaranteed, refitting being done free in one year, if necessary. Remember the above date and don't fail to see him.
