ABILENE VISITORS TO SNYDER—Rayburn Burgess, left, president of the Snyder Rotary Club, greets Odie Clark, right, and Walter Pfeifer, center, at the clubs' luncheon. Clark, who is chairman of the Abilene Chamber of Commerce Goodwill Committee, and Pfeifer, chairman of the wholesalers and jobbers committee of the chamber there, were among 24 Abilenians who visited here Thursday. The trip's purpose was to "boost" Abilene, and also to promote the Pecan Bowl game there Dec. 12 between Lamar Tech and Iowa State.

18 Mississippians Held In Slaying Of Righters

By MIKE SMITH

PHILADELPHIA, Miss. (AP) —The FBI arrested 18 Mississippians, including Neshoba County's sheriff and his deputy, today in connection with the midsummer slayings of three civil rights workers here.

Federal agents in trench coats took Sheriff Lawrence Rainey, 37, and Deputy Sheriff Cecil Price, 27, into custody at their office a few minutes before 9 a.m. Rainey and Price, dressed in their khaki uniforms, surrendered quietly and removed their revolvers.

Other FBI agents fanned over this east central Misssissippi town picking up other men. Still others were arrested at nearby Meridian.

In Washington, FBI Director J. Edgar Hoover said 21 men altogether have been named in criminal charges in connection with the deaths last June of Andrew Goodman and Michael Schwerner, two white New Yorkers; and James Chaney, a Negro from Meridian.

Hoover said 19 were charged with conspiring to interfere with federal rights and the other two with being accessories after the fact of a crime.

The FBI said its information would be made available to state authorities for possible murder warrants.

Deputy Price was the last person to acknowledge seeing the trio alive on June 21 and was one of those who helped remove their bodies from a giant earthen dam near here on Aug. 4.

Among others arrested here were Herman Tucker, foreman of the construction crew at the earthen dam; James E. Jordan, a construction worker; and Jerry Sharp, a used car dealer.

The scene at the courthouse was tense as FBI agents arrived. Rainey and Price were out on a call. The FBI, while waiting, attracted a crowd of curious, numbering about 100. No one in the crowd spoke to the FBI.

The crowd got angry after the FBI departed with the arrested men. Several bystanders threatened newsmen and photographers, and one pulled a knife on AP photographer Jack Thornell.

The FBI identified the others arrested or charged as:

Bernard L. Akin, 50, a Meridian salesman; Earl B. Akin, 32, a Meridian trailer salesman; Jimmy Arledge, 27, a Meridian truck driver; Horace D. Barnette, 25, a salesman formerly of Meridian; Travis M. Barnette, 36, part-owner and operator of a Meridian garage.

Also, Otha Neal Burkes, 71, a Philadelphia Police Department patrolman; Olen L. Burrage, 34, a trucking company operator in Philadelphia; James T. Harris, 30, a Meridian truck driver; Frank J. Herndon, 46, who runs a drive-in restaurant in Meridian; Tommy A. Horne, 28, of Meridian, owner of a plumbing firm in Bonita, Miss.

Also Edgar Ray Killen, 39, a minister, farmer and sawmill operator in Union; Billy Wayne Posey, 28, of Philadelphia, operator of a Williamsville service station; Alton Wayne Roberts, 26, a Meridian salesman.

Also Jimmy Snowden, 31, a Meridian truck driver; Jimmy Lee Townsend, 17, of Philadelphia, a service station attendant at Williamsville; and Oliver R. Warner Jr., 54, a Meridian grocery store operator.

The FBI refused to say where the arrested men were being taken. It was thought they would be taken to Meridian for arraignment.

It was a dreary, dismal day with heavy overcast as the arrests—which had been expected—came swiftly.

IT MEANS WHAT IT SAYS—Dr. John O'Banion, newly-elected chief of staff of Cogdell Hospital, points at the sign at the hospital's emergency room, and tells Acting Director of Nurses Mrs. Ethel Wadleigh that the doctors have decided to make every effort to see that only true emergency patients use the facilities provided there.

Cal's Rebels Set Free By Wholesale

BERKELEY, Calif. (AP)—University of California insurgent students went free in wholesale numbers today as others threatened a campuswide strike to paralyze the 27,000-student institution.

It was reported that a huge bond, rumored as high as $80,000, was filed to obtain their freedom.

"We're turning them loose as fast as we can," said an Alameda County sheriff's deputy at Santa Rita Prison Farm, where the students were taken after they were dragged out of the campus administration building Thursday.

An army of police arrested 801 students as they sprawled on three floors of Sproul Hall. They were hauled away in buses and bail bonds were set as high as $300 for some.

Stephen Weissman, chairman of a committee representing teaching assistants and graduate students, announced Thursday night his committee had voted to start a strike of all students today until next Tuesday noon.

BAKER CASE

Spotlight On German Girl

WASHINGTON (AP) — Senators investigating an alleged political payoff shift sights today to question a witness Republicans once wanted to ask about the role a German beauty played in the Bobby Baker case.

Paul Aguirre, who has business interests in Puerto Rico, was scheduled among the opening witnesses on what could be the windup day of this round of the Senate Rules Committee investigation.

In a minority report filed after the committee's first hearings into the outside business activities of Baker, former secretary to Senate Democrats, the Republican members said: "The minority unsuccessfully fought to have Mr. Paul Aguirre called as a witness.

"Aguirre could have been asked what part Ellen Rometsch, or other like individuals, had in the promotion of Baker's financial interests or dealings with government officials, government contracts, and others.

"He could have been asked what interests Baker had, or sought to acquire for himself or others, in housing, gambling concessions, and other enterprises in the Caribbean area."

Mrs. Rometsch is the former wife of a soldier once attached to the West German Embassy here. She was a hostess in a luncheon club in which Baker was interested. She has returned to Europe.

Seven other witnesses were scheduled today, including Milton L. Hauft, who once made out income tax returns for Baker and Don B. Reynolds.

Reynolds has testified he was the "bag man" for Baker and Philadelphia contractor Matthew H. McCloskey in a deal to siphon $25,000 into the 1960 Democratic campaign fund from the McCloskey firm's contract to build the District of Columbia stadium.

McCloskey, former ambassador to Ireland and Democratic fund raiser, testified he knew nothing about such a deal.

Testimony Thursday was interrupted by a shouting match between Lennox P. McLendon, special committee counsel, and Sen. John J. Williams, R-Del. Williams triggered this round of the Baker investigation by charging last September in a Senate speech there had been a political payoff.

Patterson Rites Set In Fluvanna

Funeral services will be held at 2 p.m. Saturday for Mr. Vibron Lafayette Patterson, 70.

Mr. Patterson died at 2 a.m. today at Cogdell Hospital following a lengthy illness.

Born Feb. 27 in Mason County, he had been a resident of the Fluvanna community for the past 66 years. His residence was on a farm in Borden County.

The funeral services will be held at the Fluvanna Church of Christ of which Mr. Patterson was a member. Burial will be in the Fluvanna Cemetery under the direction of Bolger Funeral Home.

Mr. Patterson married the former Miss Cora Dowdy in Snyder Aug. 31, 1916. Mrs. Patterson survives.

Also surviving are one daughter, Mrs. G. A. Milliken of Prague, Ok.; one son, Royce Patterson of Fluvanna, and two grandchildren.

Pallbearers will be Mert Jones, Charlie Hunnicutt, Virge Wills, R. B. Wills, Jack Hunnicutt and Fowler Mathis.

Doctors Discuss 'Emergency Room'

Doctors on the staff of Cogdell Memorial Hospital met Thursday at noon to elect staff officers for the coming year, and also to discuss the problems which have arisen concerning use of the hospital's emergency room.

New officers elected were Dr. John O'Banion, chief of staff; Dr. Sherman Merritt, deputy chief of staff; and Dr. Wilton N. Jones, secretary.

Dr. Robert Pierce is the outgoing chief of staff.

In the discussion of the emergency room at the hospital, the doctors were in agreement that some patients were abusing the facilities offered.

They restated the policy that the emergency room should be used for true emergencies only. Estimates of the number of patients who were not true "emergencies" who used the emergency facilities of the hospital ranged as high as 80 per cent.

The doctors stated strongly that their complaints were not directed at those patients who actually had emergency problems. Those were the patients for whom the facilities were provided. But, with the limited number of doctors available in Snyder, they did not think it right for patients with chronic complaints, whose problems could be better attended to during regular hours, to go to the emergency room at all hours of the day and night.

It was also noted that it was against the law to provide narcotics and pain - killing drugs in a hospital emergency room.

In the past, the hospital has taken the responsibility of calling a doctor for patients who come to the emergency room. It was the consensus of the doctors at the staff meeting Thursday that it would be best that the patients contact their own doctors before coming to the emergency room or after arriv-[illegible]

All patients now coming to the emergency room, will be [illegible] own calls for their doctors.

Another change in the emergency room procedures approved by the doctors was an increase to $3 from the previous $2 emergency room charge. Any medication or service performed will also be charged for in addition to the minimum $3 use fee.

It was also noted by the doctors that on several occasions the emergency room facilities had been tied up with patients whom they did not consider "emergencies" when actual emergency patients were brought in.

A little consideration for the rights of emergency patients, as well as for the doctors, would go a long way in solving the emergency room problem, the doctors agreed.

Steelworkers Seek Total Job Security

PITTSBURGH (AP) — Total job security for the steelworkers — just a concept for the past few months — today is a five-point program and a goal the United Steelworkers Union says it will seek in coming contract talks with the basic steel industry.

A 12-page statement issued at the conclusion Thursday of a meeting of the union's International Wage Policy Committee specified what USW President David J. McDonald had referred to previously in only general terms.

Other objectives listed were higher pay and "justice on the job." McDonald declined to estimate what the package would cost but said the proposals were not inflationary.

As expected, the statement from the union's highest policy-making body directed that negotiations on the current contract be reopened Jan. 1 with 11 major steel firms that represent 70 per cent of the nation's production.

Plant level talks on local issues [illegible] start Dec. 15. If no agreement is reached on either level by May 1 the union is free to strike.

ON UN FINANCES

US, Russians Skirt Showdown

By LEWIS GULICK

UNITED NATIONS, N.Y. (AP) — The United States and the Soviet Union moved today toward a new search for cold war solutions after avoiding — at least for the time being — a head-on fight over U.N. finances.

Secretary of State Dean Rusk arranged a third meeting with Soviet Foreign Minister Andrei A. Gromyko Saturday and left open the possibility of further talks next week.

These are the first high-level U.S.-Soviet discussions since the new regime took over in Moscow, and the two Rusk-Gromyko sessions earlier this week focused on the immediate crisis over Soviet arrears on U.N. dues.

Rusk was reported ready now to canvass with Gromyko the possibilities for agreement on other East-West problems ranging from disarmament to trade.

The U.S. assessment is that the Soviet government is still under committee rule and thus not likely to make radical policy changes. In contrast to Moscow's currently harsh propaganda, Gromyko in speaking privately to Rusk was said to have left out charges against U.S. policy in the Congo and Viet Nam.

American sources said Gromyko was interested in broadening the 1963 nuclear test ban. France and Red China have refused to join, and there seems to be little Washington or Moscow can do about that. However, Rusk and Gromyko were said to agree that the possibility of extending the ban to underground explosions — now exempt — could be explored in technical talks at the Geneva disarmament conference.

The U.N. financial argument is on a back burner and the simmering question is: How much will the Soviets have to pay — and in what manner will they pay — to escape losing their vote in the General Assembly for not paying their assessments for U.N. peacekeeping operations in the Congo and the Middle East?

The United States and the Soviet Union have tossed this problem to Secretary-General U Thant.

J. Edgar Hoover Chuckles At Talk Of His Retirement

EDITOR'S NOTE—Approaching 70, J. Edgar Hoover is once again the subject of criticism and controversy. But he is fazed by neither and looks forward to a continuing active career. He granted an exclusive interview to Don Whitehead, author of "The FBI Story" and former Associated Press correspondent, and told him of plans for the future and Hoover's views on the place of the FBI in the nation's law-enforcement apparatus.

By DON WHITEHEAD

WASHINGTON (AP) — J. Edgar Hoover has survived [illegible] years as director of the FBI under seven presidents. Now he merely chuckles at those who talk of his early retirement.

Hoover, who is 69 years old, said in an interview: "I feel fine. I'm in better physical condition than I have been in years. And I intend to remain active because I just don't like the rocking-chair life. If I retired, I wouldn't enjoy life very much."

Hoover gives every appearance of a man who is enjoying life hugely, even when it becomes a bit hectic as it has been in recent days. He is 33 pounds lighter than he was six years ago. He appears to have lost little if any of his old restless energy. And he places no cutoff date on his future.

Part of his exuberance, no doubt, comes from the fact that President Johnson waived last May the requirement that he retire at 70, which he reaches in January.

"So you might say I'm hooked — and I'm happy about it even though staying on the job will cost me money," Hoover said. "If I retired, I could, under the new law, draw a tax-free pension of $30,000 a year. But by staying on the job I must pay a substantial part of it in income taxes."

Hoover said he had observed that men who remain physically and mentally busy are less subject to [illegible] ailments than those who retire, slow their working pace, and grow fat from leisure.

Pope In Bombay, Visits Slum Area

By CONRAD FINK

BOMBAY, India (AP) — Pope Paul VI visited a wretched slum area of Bombay today, comforting the destitute and the ill and wiping tears from his eyes as he talked with orphan boys of various faiths.

Thousands jammed the squalid streets, straining for a glimpse of the Roman Catholic pontiff. Rioting threatened as police fought to maintain a path for the papal entourage, but frantic loudspeaker appeals calmed the crowd moments before the Pope arrived.

The Pope opened his third day in India by celebrating an outdoor Mass in a Catholic school stadium. He then walked to a nearby orphanage for breakfast and from there drove miles through the teeming streets for one appointment after another.

"Many of us have no fathers," 13-year-old Tony Mascerenas said as he welcomed the Pope to the orphanage. "Many of us have no mothers. Some, like [illegible] have [illegible] in this world."

The Pope wiped his eyes as the boy continued: "You have left important people and grand places to see us in our poor home. We cannot give you anything because we have nothing. But we ask God to reward your holiness."

The Pope joined 30 of the home's 216 boys for breakfast, praying with them and drinking coffee and orange juice. The boys had milk tinged with coffee, jam sandwiches and oranges.

The Pope announced a gift of $10,000 to the orphanage. And to each of the boys he personally distributed Rosaries and commemorative medals.

As he left the room, some boys were examining their Rosaries and medals and a few continued eating.

"Goodbye, goodbye," the Pope said. "Bless you, bless you."

Jobless Rate Drops

WASHINGTON (AP) — The nation's unemployment rate dropped to 5 per cent in November, the second lowest figure since early in 1960, the Labor Department said today.

DEAR ABBY: I have two daughters in their teens, just starting to date. What worries me is their going in cars with boys. How can a mother find out what kind of a driver a boy is without embarrassing him? I have forbidden my girls to go out with some boys because of the way they drive. But what about the boys I never meet until they come for a date? I worry myself sick until the girls get home safely from a date. Don't say, "Ask your daughter," because if she likes a boy she isn't going to say anything against him.

CONCERNED

DEAR CONCERNED: There is no way to find out what kind of a driver a boy is unless you have seen him drive, or his reputation for driving has preceded him. Tell your teen-age daughter that they risk defacing, crippling injury or death when they accept dates with dangerous drivers. And if they do not get the message, your alternative is prayer.

Says Castro Has Troubles

MIAMI, Fla. (AP) — A Cuban underground radio message said Fidel Castro has arrested three of his cabinet ministers.

The message, released by the Citizens Committee for a Free Cuba Thursday, also mentioned purges in the presidential palace at Havana.

It coincided with accounts by recently arrived refugees of reports in Cuba of rumors of plots against Castro and of a possible power struggle within Cuba's Communist party.

Paula Paul Bailey, expressive secretary of the church, commented, said the picture showing

His Car — Protected, His House — Nothing!

LOS ANGELES (AP) — Car dealer Jerry Hochman has a burglar alarm on his automobile. If you open the trunk, the horn sounds.

The apparatus proved effective when thieves entered Hochman's house the other night and stole his car keys. When they tried to get into the car trunk, containing more than 100 fur pieces, there was a loud honking and they fled, leaving the furs.

But there was a hitch. Police said the same individuals loaded up earlier with $43,000 worth of furs they found in the house.

Hochman's house, obviously, had no burglar alarm.

The robberty took place last Wednesday night.

Sad Little Boy Still Gives Thanks

GARRISON, Tex. (AP) — When a 9-year-old boy entered the waiting room at Nacogdoches Memorial Hospital, nobody paid any attention — until he left.

Bill Warren, the hospital administrator, said Thursday that the boy handed a nurse this note: "To the hospital personnel — I appreciate all you did for my mother. You all couldn't have been nicer to a person than that. And when she died, you were so kind to our family.

"Thank you very much."

Warren said the boy's mother had died of an incurable disease a half hour earlier.

Warren declined to identify the boy.

"Love never faileth." I Corinthians 13:8

Love is patient, it is kind;
And to reclaim a thing
Given away, makes no parade.
Permits no one to be afraid.
In goodness, love is ever glad,
For wrongs of others, only sad.

St. John's Episcopal

The Second Sunday in Advent will be observed at both worship services at St. John's.

The Holy Eucharist will be celebrated at 8 a.m. with the vicar, The Rev. Truman E. Bennett, as celebrant.

Matins - Holy Communion will be the order of worship for the 11:00 a.m. service. Charles G. McCaleb, Jr., Lay Reader, will officiate at Matins. Father Bennett will be the celebrant and preacher at Holy Communion.

The Second Sunday in Advent, the emphasis being on the Holy Scriptures which tell of His coming, of the long preparation for His incarnation, and of the results flowing from it. In the Collect we pray that we may "read, mark, learn and inwardly digest" that memorable record. The Epistle (Rom. 15:4-13) reminds us that whatsoever things were written aforetime were written for our learning, that we through patience and comfort of the Scriptures might have hope." The Holy Gospel (St. Luke 21:25-33) concludes with our Lord's promise that though everything else should sink into oblivion, "My words shall not pass away."

Phil Lammert will serve as Acolyte, and Jack Line will serve as Crucifer. Robert Patterson will serve as usher. Miss Sherrea Belt will be organist.

The Bishop's Committee will have their Corporate Communion Thursday, Dec. 10, at 7 a.m. in preparation for their monthly meeting that evening at 7:30 at the Vicarage.

First Presbyterian

Our theme for the Christmas season - Come, Come To Christmas - asks us now the question. Are you really beginning to get ready for Christmas? Or is the echo of the inn keeper's words still ringing out today - no room - no room here for Jesus.

In many quarters the cry is as loud today as it was in Bethlehem that day. People today, as then, seem to be preoccupied with making a "deal," forgetting the needs of others as they follow the god - self.

Our nation is filled with hungry children in the shadows of tenements, working people caught up in labor strife, bored and listless people crowding the counters of bars and saloons, weary strangers finding our town unfriendly, old people confused and lonely, men in the council rooms of the nations planning ever more methods of destruction.

The question is: Where is there room for the babe of Bethlehem, the Lord of love?

Truly, the tragedy of the first Christmas, when the Holy Family could find no room and went to a stable, is as real today as it was in Bethlehem.

Can we find room, room for Jesus? The sermon this week, "The Challenge of Christmas" . . . with the scripture taken from Luke 2: 1-14, speaks to the needs of each one of us and is aimed at making us aware of our response to His saving acts - by coming as the Babe of Bethlehem.

Make up some rich baking powder biscuits. Split them, insert a square of cheese between the layers and pop them back into a hot oven just long enough for the cheese to melt. Delicious served with tomato juice for a first course.

Skillet Steak With Mushrooms

2 tablespoons butter or margarine
1½ cups thin strips onion (1 large)
1 can (8 ounces) sliced broiled mushrooms, drained with liquid reserved
¼ teaspoon each dry mustard and paprika
1 teaspoon Worcestershire sauce
1 beef bouillon cube
1½ cups pencil - thick 2-inch long strips of cooked steak
1 container (8 ounces) sour cream
Salt and freshly ground pepper

In 10-inch skillet in the hot butter, gently cook the onion and drained mushrooms until onion is golden, 20 to 30 minutes; push to one side. To free side of skillet, add ½ cup of the reserved mushroom liquid, the mustard, paprika, Worcestershire sauce and beef bouillon cube; stir over very low heat to dissolve cube without evaporating liquid. Add steak and sour cream; mix well; heat but do not boil. Add salt and pepper to taste. Makes 4 servings. We like to use rare - cooked steak for this dish so that the meat does not get overdone.

WAR THE HARD WAY

Bickering GOPs Occupy Pathetic Political Position

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — No matter how well they paint over their differences or find some party unity, Republicans will still be in a far poorer spot than Democrats in building voter appeal.

The Democrats, not the Republicans, are the ones in a position to propose programs and then put them into action because a Democrat is president and Democrats, in overwhelming numbers in House and Senate, run Congress.

Thus, since they will lack the votes to override Democratic programs or put through their own ideas, the Republicans are left pretty much in the position of critics, not doers.

This is an unhappy spot for a party which, while it is still trying to pick up the pieces after the 1964 election disaster, is talking of trying to surge back in the congressional elections two years from now.

And if they remain split into Goldwaterites and anti-Goldwaterites — which is what seems likely — they'll be unable to present any kind of policy that can be called a Republican policy and make it convincing.

A split seems inescapable. If the Republicans who have had enough of Sen. Barry Goldwater's brand of republicanism manage to throw out his hand-picked chairman of the Republican National Committee, Dean Burch, this will leave the party divided.

But it will be just as divided if Burch and Goldwater's other followers control the committee since the Goldwaterites don't operate on the same wavelength with a lot of other Republicans.

And at this moment it seems all the Republicans in Congress won't be in harmony, either. There the two leaders — Sen. Everett M. Dirksen in the Senate and Rep. Charles A. Halleck in the House — are real conservatives.

But a number of congressional Republicans, looking for some kind of new and appealing image for the party, may not be shepherded very easily if they feel the leadership is out of tune with them.

For most of the past 32 years, Democrats in Congress have been in a far more advantageous position than the Republicans are now or have been.

Since President Roosevelt's election in 1932, Republicans have had a majority in both houses of Congress — and therefore control — only twice: in 1947-48 and 1953-54, or a total of four years out of 32.

In all the other years since 1932, as a minority party, they lacked control. This means that even in President Eisenhower's last six years in office Democratic majorities ran Congress.

Those six years provide a good example of what congressional control can mean even when the other party has the White House.

From 1955 to 1961 Sen. Lyndon B. Johnson was Democratic majority leader in the Senate and his fellow Texan, the late Sam Rayburn, was speaker of the House.

Both were master politicians. But that wasn't all they had going for them. With their majorities in both Houses they could approve or stifle the programs Eisenhower sent to the Capitol, or alter them.

That they worked hard for a number of those programs is a fact. But it was also a happy political advantage. Eisenhower had to share credit with the Democrats for his programs that went through.

It was a position of power enabling Democrats to claim recognition for much that was accomplished, and they did. It gave them an excellent talking point in the 1960 elections.

It seems fair to say that the Republicans, since they are strictly a minority party in Congress, will be in a pathetic political position unless they can achieve some unity quickly before Congress opens in January.

If they don't, they won't even look like a minority. They'll look like splinters of themselves.

Junior Editors Quiz on NAILS

QUESTION: What are the different kinds of nails used for?

* * *

ANSWER: A nail is a most useful little thing if you remember how cheap it is and how securely it can hold two pieces of wood together. The pointed end opens the wood in advance of the body of the nail and tends to keep the wood from splitting. The flattened head makes an even, neat surface when driven in. There are many kinds of nails but carpenters use mostly the four kinds shown against the black background. The common or wire nail is best where strength is required, having a stout body. The more slender box nails are used for careful joinery. Finishing nails have heads only slightly larger than the body. They must be driven carefully as they bend easily, but are very useful in fine work as the small head can hardly be seen and can be driven below the surface with a nailset. The sturdy flooring brad is used for nailing down floor boards. To drive a nail properly, be sure to hold your hammer so it will come down perfectly evenly on the nailhead, neither to one side or the other. This will require practice but is a very useful knack to acquire.

* * *

FOR YOU TO DO: Get a few wire nails, box nails and finishing nails and do a bit of practicing, driving in each kind. Be careful you don't hit your thumb.

Santa Finds Womans' List Easy To Fill

By JOY STILLEY

NEW YORK (AP) — Santa won't have any trouble filling my stocking this year. In fact, there are so many unusual gifts around I wish I were a centipede.

Everything I could possibly want is available, plus a lot of things I definitely don't want, such as a set of cufflinks made of real glass eyes.

Even Santa himself is on the market. He's a life-size, jolly gentleman who may look a bit undernourished at first glance, but just feed him a diet of crumpled newspapers and he'll have as round a belly as anyone could wish. He's made of all-weather plastic, so he can spend the entire holiday season atop my chimney.

There's one gift of far-reaching importance. It's an 18-inch long electric back scratcher. Press the button and the busy fingers start to scratch 3,000 times a minute. I'm itching for that one.

I've discovered just the thing to add the romantic touch our bathroom needs. It's a filigree toothbrush holder "looking for all the world like an heirloom antique." This should go well with our toothbrushes, which also tend to look like antiques.

Most useful items, though, are the cozy duster slippers. Just put these miniature mops on your feet and dust as you dance. I plan to whirl gracefully about my morning chores, doing the twist in the corners and the Charleston for the stubborn spots.

I've a couple of gift ideas for my husband, to. One is a long-handled shoe buffer so he can shine his footwear standing up. The only trouble is he won't be able to get his eyes open wide enough in the morning to see that far.

And, though I've been giving him the red-carpet treatment figuratively for years, now I can do it literally. The bright red felt rug comes with golden fringe and his name custom-lettered in matching gold for that personal touch.

One thing I must have — those candles in the shape of a question mark for my next birthday cake.

You Just Can't Go To Hell Anymore!

HELL, Calif. (AP) — A funny thing happened to this little desert town — often the butt of many bad jokes. You just can't go to Hell anymore.

The California division of highways smashed and burned the dickens out of Hell. Engineers reasoned that a new freeway routing was more important.

Gone are the post office, gas station and the one lone restaurant.

But in nearby Indio there still stands a sign that reads:

"100 miles of desert ahead — right through Hell."

Mustangs Face Bulldogs Here Tonight

AA Goliaths To Collide

A pair of seasoned playoff brigades will square off at 7:30 tonight in Tiger Stadium, with a semifinals berth in the Class AA division of University Interscholastic League football at stake.

The Denver City Mustangs will be making their second appearance on the local turf in current playoffs, while Stamford will be going into playoff action here for the first time in five years.

And, just five years ago, it was the same Mustangs and Bulldogs that tangled in Tiger Stadium. Stamford won that one by a 14-0 count and then went "all the way" but later had to forfeit its state title because of a UIL rules infraction.

Then, a year later, Denver City was back here to play Olney in a quarterfinal battle, and the Mustangs not only galloped to a 40-0 victory here, but surged on to the state title.

Winner of tonight's encounter will face the winner of the Atlanta - Marlin game in next week's semifinal match for the north zone of Texas.

Denver City carries a spotless record into the game tonight, having cruised through its regular season and two playoff games without giving up more than eight points in any one game. The Mustangs have captured no less than five shutout decisions. Their latest triumph was a 26-8 decision over Iowa Park on Thanksgiving Day in Tiger Stadium.

Stamford has three losses on its record, but two of them were early - season affairs before the Bulldogs started rolling toward their district title. Their losses were to Iowa Park by 26-0, to Breckenridge by 23-6 and to Winters by 18-6. Thus their only district loss was to Winters, a team that had been expected to contend for the state title in pre - season ratings. And Stamford already had the district crown sewed up by that time.

Denver City expects to have its No. 1 quarterback, David Mitchell, ready for action tonight for the first time in three weeks. He will be joined in the ball - moving department by David Laughlin, Jimmy Young and Dennis Morgan.

Stamford's classy quarterback, Rusty Kelly, will guide the Bulldogs. He will have the assistance of Harrison Cole, Marc Lovvorn and Keith Kainer.

Mississippi Tilt Is In Spotlight

By JAMES SAGGUS
Associated Press Writer

OXFORD, Miss. (AP) — Mississippi State and Mississippi, rough Southern teams that found the season full of frustrations, will clash here Saturday in a traditional game that erases disappointments for the winner.

Injuries, unexpected weaknesses and bad luck combined to plague both squads much of the season and both are hoping for a victory to compensate for their setbacks.

The annual game, delayed this year to fit into the national television schedule, is expected to draw a capacity crowd of 35,000.

It will be telecast by NBC starting at 2:45 p.m., EST.

The game shares top billing with the hurricane-delayed night clash between Sugar Bowl-bound Louisiana State, 7-1-1, and Florida, 6-3, at Baton Rouge, La. LSU will meet Syracuse in the Sugar Bowl.

Louisiana State faces a crippled Florida squad. Florida coach Ray Graves said senior Tom Shannon would start at quarterback in place of ankle-injured Steve Spurrier. Graves said Spurrier would see only limited action.

The LSU-Florida game had been scheduled for Oct. 3 but was postponed because of Hurricane Hilda.

Mississippi, the pre-season choice to win the national collegiate championship, found the going rough early in the year and has a 5-3-1 record.

Only a thumping 30-0 victory over Tennessee three weeks ago preserved the Rebel string of bowl invitations when it won a spot in the Bluebonnet Bowl against Tulsa at Houston Dec. 19.

State, a Cinderella team with a 6-2-2 mark in 1963, had hoped to show even more improvement but a series of injuries made a walking, wounded corps of the team's key players. State will take a 3-6 record into the contest.

Anderson, Elkins Are Picked As Top Stars

NEW YORK (AP) — John Huarte, Bob Timberlake, Donny Anderson and Gale Sayers comprise the offensive backfield of the 1964 Associated Press All-America football team named today.

Illinois linebacker Dick Butkus, the lone holdover, heads a defense averaging 219 pounds per man on the squad which reflects the wholesale revival of a platoon game this season.

For the first time since 1952 separate units, a 22-man first team, has been selected on the recommendations of the sports-writers and broadcasters who made up the eight regional boards. All games through Nov. 28 were taken into account.

Huarte, Heisman Trophy winner as college player of the year, was the quarterback who changed Notre Dame from a 2-7 to a 9-1 performer and left a flock of school records in his wake. His most notable season marks are 2,069 yards in total offense and 114 pass completions for 2,062 yards and 16 touchdowns.

"We built our whole offense around Huarte," says Coach Ara Parseghian. "I've lived in constant dread of what we would do if something happened to him."

Timberlake quarterbacked Michigan to the Big Ten title and a Rose Bowl berth but he's so good a runner he was elected a halfback slot in his conference. The 6-foot-4 senior rushed for 574 yards, passed for 897 and scored 80 points.

By means of pass receptions and kick runbacks as well as sprints from scrimmage junior Anderson from Texas Tech—a first round futures pick in both pro drafts—accounted for 1,710 yards. He also punts.

"Donny Anderson is the complete football player," says his coach, J.T. King. "I actually recruited him as a center-linebacker but he's too valuable on offense to play the defense."

Kansas' Sayers, the whirlwind of the plains, is one of the most exciting runners in Big Eight history and leaves a league career rushing record of 2,675 yards behind him.

The closest of some hectic position contests on offense was at end where Florida State's Fred Biletnikoff and Baylor's Lawrence Elkins got the nod over Jack Snow of Notre Dame and Karl Noonan of Iowa. Biletnikoff, who operated at flanker back and split end with equal ease besides being a sound blocker and kick runback specialist, caught 57 passes for 987 yards and 11 touchdowns this season.

Southeast area board members rated him the finest athlete in that sector.

Ira Tourney Is Underway

IRA — Teams from Fluvanna and Hobbs advanced in both divisions in the first round of the Ira Basketball Tournament Thursday.

Fluvanna girls nipped Ira's B team, 42-40 as Rinda Bruner roped 25 points for the winners. Jenny Mendrano scored 21 for Hobbs girls as they took out Trent B, 43-32, and Ira's A team walloped Loraine girls, 72-33. Pat Jones had 23 points for Ira girls, while Renoka Hooker had 20. Janice Bishop 16 and Jan Williams 13. Marilyn Forbes had 11 for Loraine.

In the boys division Klondike sidelined Ira B, 85-28, while Loraine edged Ira A by 49-44. Fluvanna defeated Lueders by 60-50 and Hobbs Trimmed Trent, 47-43. Jack Payne scored 11 points and Larry Holladay 10 for Ira A, while Hamilton had 15 and Preston 14 for Loraine. Rick Contreras paced Fluvanna with 18 points, while S. Harvey had 17. Tommy Ray got 21 points for Hobbs and Jerry Heathly had 16 for Trent.

TOURNAMENT IS LAUNCHED TODAY

Midland Lee and Seminole were to clash at 1:30 p.m. today in Tiger Gym in the opening game of the Snyder B Team Basketball Tournament.

The 8 - team tournament will continue Saturday, with the championship finals booked for 7:30 p.m..

Other first - round games today and tonight were to match Lubbock Monterey and Brownfield, Lubbock High and Andrews, and Snyder and Big Spring.

Travis Cage Teams Split

BIG SPRING — Snyder Travis and Big Spring Goliad divided a junior high basketball doubleheader here Thursday night, with Travis winning the 8th grade game by 41-27 and Goliad taking the 9th grade game, 51-34.

Goliad 9th built up a 23-8 advantage in the first half when Travis 9th had a cold spell and went the entire second quarter without scoring.

Albert Rodriguez had 8 points to lead Travis 9th, Benny Garrett had 7, Alton Patterson 5, John Brinner 4, Gus Tovar, Jerry Luttrell, Kye Nitsch, and Raymond Rodriguez 2 each. Norman Lunday paced Goliad with 16 points, while Don Malone had 10 and Burchett 10.

Kenny Sehested scored 15 points for Travis 8th, while Benny Ward had 12, George Kay 7, Roy Lee 4, Tommy Hollis 2 and Harvey Browning 1. Steve Russell led 16 and Mike Bethel 9 for Goliad.

Lamar Wins Two Matches

Lamar's 9th Grade Texans made a tremendous second half surge to squeak past Big Spring Runnels 9th, 50-49, last night to give the Texans a sweep in a two - game card.

Lamar 8th had little trouble in subduing Runnels 8th, 42-20.

The 9th grade Texans were down by 18-35 at-half - time, and victory appeared as remote as a Goldwater - Johnson merger at intermission. But the Texans took charge in the second half and chipped steadily at the Runnels advantage. The locals finally took the lead for the first time with just a minute and 20 seconds left in the game.

Frankie Grimmett scored 16 points for Lamar, while Tommy Bullard had 15, Mickey Allmand 13, O. L. Cooper, Drake Snyder and Dwayne Boydstun 2 each. Clendinen paced Runnels with 15 points.

Doyle Gallman roped 15 points to lead Lamar 8th to victory. Mitch Rambin had 7, Steve Holder 5, Jodi Williamson 4, Charlie Johnson, Dewey Grinslade, Bobby Wright and Randy Owen 2 each and Richie Thompson 1. Patton scored 8 points for Runnels 8th.

District Attorney Names Assistant

SAN ANTONIO (AP) — U. S. Dist. Atty. Ernest Morgan named Jamie Boyd, 32, his assistant in the El Paso division of the western district of Texas. Boyd, now assistant county attorney in El Paso, replaces M. H. Ramey, who joined the International Boundary and Water Commission.

Estes' Name Used In Swindle Try

GREENVILLE, Miss. (AP) — Two men posing as agents of tooled Texas financier Billie Sol Estes were charged with attempted grand larceny Thursday in what officers called an effort to swindle a farmer of $10,000.

Police identified them as Clennie Buchanan, 60, of Jackson, Miss., and Marshall Mays, alias Blackjack Powell, 47, of Durant. The farmer was not named.

County authorities gave these details:

Three men, one still at large, approached the farmer recently and asked what he thought of the Billie Sol Estes case.

They claimed to represent Estes, who they said had a large amount of hidden cash he needed to exchange for other money because "the government has the bills (serial numbers)."

The men told the farmer they would exchange the money at 75 cents to the dollar. The farmer pretended to go along but stalled by asking for time to raise money. He then contacted authorities.

When the two men arrived at the farmhouse Thursday, they were met by Greenville policemen and Washington County sheriff's officers.

Powell was one of the figures involved in the case of Kimble Berry, a young Greenville convict who fled the state in 1962 while on a Christmas leave.

Berry told massachusetts officials he was freed with the aid of a high official so he could pick up half a million dollars in loot from a Hattiesburg safe burglary.

Production Up In '63

WASHINGTON (AP) — Production of crude petroleum in the United States last year averaged 7,542,000 barrels a day, the Bureau of Mines reports. This is an increase of 210,000 barrels a day or 2.9 per cent over 1962.

Demand for crude oil last year was 8,712,000 barrels a day, an increase of 274,000 barrels a day. This included increases of 268,000 barrels a day for domestic crude and 6,000 barrels a day for foreign crude.

At the close of last year, the bureau said, crude stocks—domestic and foreign—totaled 237,361,000 barrels, a decline of 14,700,000 barrels from the Dec. 31, 1962, level.

Imports of crude and oil products in 1963, the report said, were 2 per cent above the level of the previous year. Crude imports averaged 1,131,000 barrels a day—0.4 per cent above the 1962 level. Products imports including unfinished oils averaged 992,000 barrels daily, 3.8 per cent above 1962.

SACROC Unit Has New Engineer

The Standard Oil Co. of Texas has announced the appointment of E. W. McCants as District Engineer of Standard's SACROC Unit here.

McCants will replace R. B. Wacker who was transferred to Gainesville Dec. 1.

Wacker, who came to Snyder from the Gulf Coast Production District at LaPorte on May 1, 1962, now has the duties of Production Supervisor of the Northern Production Division in Gainesville.

McCants came to Snyder from Houston where he was serving as the lead reservoir engineer of the Southern Production Division in Houston.

Fundamental Belief in GOD

Dreamed of by millions, searched for by many, discovered by a few.

Established, built, maintained, and governed by a Fundamental Belief in God. That is America — these United States. That is our home... that is you and me. How else could the heritage we hold come into being? A System?... Not so! But a dedicated, consecrated way of life as set forth in the Sermon on the Mount. *Through the grief and misery suffered at Valley Forge, shines the same light which has illuminated men's minds since time began.*

That same light — the Word of God — is now lighting and showing the way — the way of truth — to us as a nation and as individuals.

Just so long as each of us, each day, rededicate our lives to a Fundamental Belief in God — shall we endure.
