IN THE HEART OF MITCHELL COUNTY'S IRRIGATED FARM LAND

The Mirror Through Which The Public Views The Community As It Is Week By Week

On The
BEAM
By J. W. King, Sr.

This column got crowded out last week and I know that the two or three readers we have missed it.

I suppose plans are moving along on the proposed lighted baseball field for youngsters. Backers of the project were being sought and the matter of the location was to be settled the last account I had of it. The City of Loraine through the Council voted to underwrite \$500 of the cost. Three other organizations were being sought to do the same thing. I haven't been kept informed on the subject and do not know if any other organization has agreed to underwrite it with the same amount or whether the site has been determined. When the information is available we will pass it along to you.

The cost of lighting the field is \$2000 which is the biggest item of cost. Our youth ought to have a place to play and we ought to provide it for them.

Drop In Grain Support Price Was Shock To Rep. George Mahon

Washington, March 5.—Rep. George Mahon reports that the recently announced drop in support loans for feed grains has been a shock to the Members of Congress from grain sorghum producing areas.

The House Committee on Agriculture is making a study of the situation in preparation for a Committee hearing which will be held March 13. The support loan level announced for milo for the 1959 crop is 31 cents per hundred below the level for last year. The national average support price for milo last year was \$1.43 per hundred. The announced national average support for this year is \$1.52 per hundred.

On February 18, 1959, the Secretary of Agriculture announced support loan levels for corn, milo, and other feed grains. In view of the language of the law, it was anticipated that the support price for milo in 1959 would be approximately the same as corn, inasmuch as both have approximately the same feed value. This is not the case, and an explanation is being demanded and ways are being sought to remedy the situation.

Mahon stated, "Since the drastic drop in support levels for milo, the announced, I have appealed to the Secretary of Agriculture and others in the Department to reconsider the action taken. I have received complaints in regard to the situation from Mr. Frank Moore of Plainview, President of the Grain Sorghum Producers Association, and many others. If the drastic cut in supports remains in effect, grain sorghum producers will sustain losses totaling many millions of dollars. A more effective program for all feed grains is needed, but action is made most difficult by reason of the well known attitude of the Secretary of Agriculture."

Arkansas Travelers Here March 9th

How do the amazing Arkansas Travelers basketball team (all girls), who play more than 200 games during their season, stand such gruelling, backbreaking pace? That seems to be the question every basketball fan asks after seeing this great team, which makes its first showing of the season here Monday night, March 9, 8:00 p. m. against an Outsiders all mens team at the Loraine High School Gym.

Hazel Walker's talented girls never appear to be exhausted or weary. Every night they stage their dazzling whirlwind show with the same enthusiasm and skill from October through May, in a different town each night.

Actually the girls are prime athletes who've had many seasons of basketball experience. They've learned the art of pacing themselves, going full steam during a drive and then slackening on while executing a particularly intricate pass pattern. They have also learned the art of relaxing under pressure, a test of true ability. Each girl, in her own right, is an outstanding athlete, not only possessed with a knack for basketball but with the ability to excel in other sports.

Sportswriters everywhere have dubbed the team "The Nation's Most Watchable Basketball Outfit."

They are being sponsored here by the P. F. A. Chapter. Be sure and see them in action Monday night, March 9, 8 p. m., Loraine Gym.

"Is there a career in banking
for my grandchildren?"

Banking beckons to high-school and college grad-
uates; offers interesting, important work, congenial
associates, real opportunities for training and
advancement. Did you know that in banking 1 out
of every 5 or 6 people is an officer... that it is tra-
ditional to promote "from the ranks"... that expand-
ing business means more good jobs ahead? We invite
young people, and the older folks who guide them,

... That sometimes people forget how hard it was to get electricity on the farm. He says the people had to build their own systems through electric cooperatives. Sometimes they had to set miles of line just to serve a few people, but that was part of the bargain. My dad says the job isn't finished. He says when I grow up I will have to help pay back the money we borrowed and the interest we owe. But most important my Dad says we must keep reminding people that the Electric Cooperatives have done nothing but good things and that our only purpose now or ever is Rural Electrification.

SPEAKS TO FFA GROUP

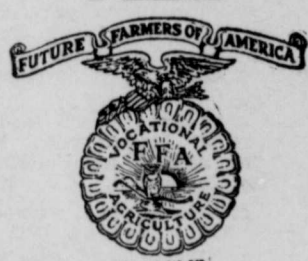

Ray Preston, owner of the Ray Preston Department Store, was speaker when the Future Homemakers held their regular monthly meeting in the homemaking cottage Monday.

Mr. Preston talked on "Teenage Consumer Education in Buying Dry Goods." One of the national goals of the F. H. A. is teenage consumer. A question and answer period followed the speech.

During the social period the "Torpedoes" composed of Darrell Owen, Bobby Compton, Lorenzo Moreno and Raymond Cardoza, entertained the club with music.

Sharon Redwine presided at a brief business meeting.

Wanda Moore, Pauline Cornutt, Ruby Edwards, Barbara Kidd and Bessie Miles planned the program and served refreshments to Mary Ann Wright, Fran Griffin, Barbara Mahon, Katrina Wells, Mary Allmendinger, Ann Dickenson, Joretta Hall, Loyce Graham, Esther Mosher, Dian Beaty, Gail Liles, Jean Kidd, Gloria Richard, Sharon Redwine, Sarah Pratt, Jackie Coffee, Melba Thompson, Mrs. Price Hall and the sponsor, Mrs. Claude Morrison.

F. F. A. NEWS

By Chapter Reporter
All the members of F. F. A. 1, 2 and 4 classes had the privilege of hearing Mr. James Hull of Lone Wolf Electric speak to each class during their regular class periods Tuesday. He gave a talk and demonstration on how electricity is made, what electricity is and how it is transmitted from the power plant to the consumer. He also left some interesting facts and information with the class about electricity.

Several of the vocational agriculture students have been working this week setting out some new shrubs at the front entrance to the building. These are the shrubs that the P. T. A. purchased to help beautify the school grounds. Also all of the trees on the school campus have been pruned and the appearance has changed considerably, which adds to the attraction of the school.

The local FFA Chapter is sponsoring Hazel Walker and the Arkansas Travelers Monday night, March 9, at 8:00. This is the greatest basketball attraction in America, playing men's teams, and men's rules only. If you really want to see an even-

ing of good basketball, don't forget the date. This is an all girls team and should promise an evening of fun.

SENIOR OF THE WEEK

Wanda Moore, daughter of Mr. and Mrs. Marlin Moore, is our Senior of the Week.

Wanda is active in all school activities. She is cheer leader and member of the pep squad. She was an A team forward on the basketball team this past season; secretary-treasurer of the Library Club; and was second place winner in the Farm Bureau contest.

Wanda chose Tommy Sands as her favorite actor and Debbie Reynolds as her favorite actress. Her favorite dish is Mexican food. Her favorite singer is Connie Francis and her favorite song is "Smoke Gets in Your Eyes."

Wanda has brown hair and hazel eyes. She is 5 ft., 6 inches

tall and weighs 125 pounds.

When Wanda graduates she plans to attend college at Texas Tech in Lubbock.

CARD OF THANKS

We wish to express our deepest gratitude to our friends and neighbors for their kindness and thoughtfulness following our recent misfortune.

Mr. and Mrs. R. N. Gray

Mr. and Mrs. Woodrow Pratt and Mr. and Mrs. Huse Narrell left Wednesday on a trip to South Texas where they plan to visit places of interest, and in Houston where they will visit the Narrell's son-in-law and daughter, Mr. and Mrs. Douglas Smith. They plan to return home Sunday.

Mr. and Mrs. Edgar Haltom of Roscoe visited Mrs. S. H. Hart Sunday night.

Mr. and Mrs. Truman Nix and three sons and Mr. and Mrs. Harold Blackburn of Wink visited in the Lester Webb home Wednesday as they were enroute to Austin where Coach Nix and Coach Blackburn will attend an athletic meet. Dwayne and Randy Nix remained here with their grandparents.

Mrs. Jack Bryant and Mrs. M. D. Martin of Sweetwater visited Mrs. Floyd Richey Saturday afternoon.

Mrs. Paul Barron and son Wayne and her father, W. C. Barber, made a trip to Munday last Thursday.

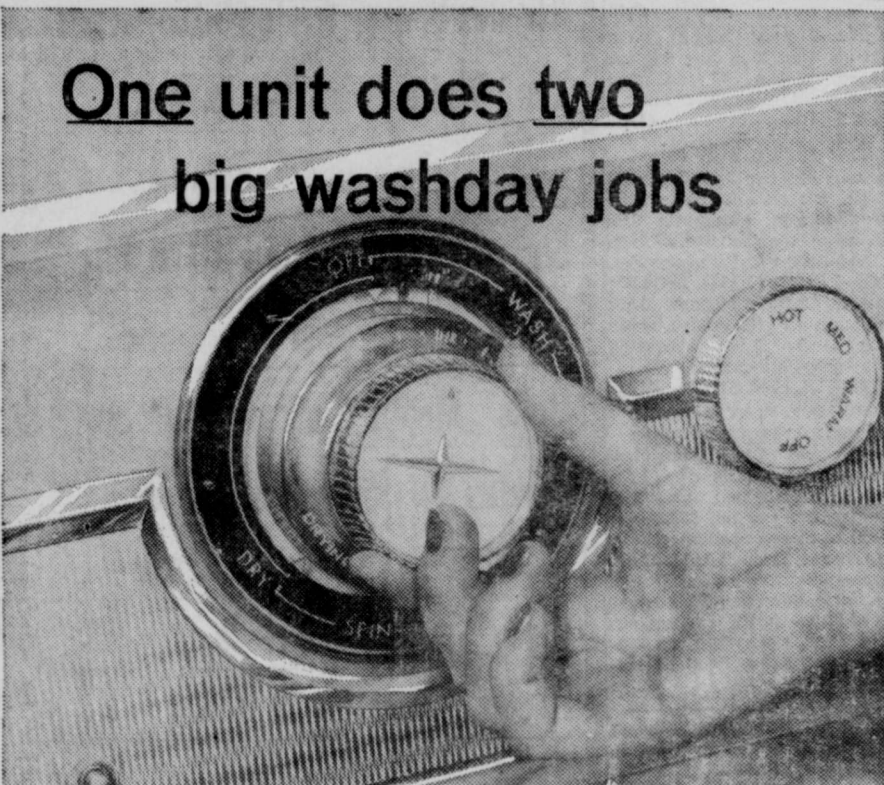

Mr. and Mrs. W. E. Stribling spent the weekend in Pueblo, Colorado, visiting their son Billy who is working and also a student at Midwestern of Commerce College.

Mrs. B. A. Parker returned to her home in Abilene Wednesday after spending the weekend with her son and wife, Mr. and Mrs. Jeff Parker. Also visiting during the weekend in the Parker home were their son and family, Mr. and Mrs. Barzile Parker of Denver City and Mr. and Mrs. Uman Parker of Hamlin.

Mr. and Mrs. Herbert Mearse and Mr. and Mrs. E. J. Schroeder returned home late Monday after a two day outing and fishing trip to Buchanan Lake.

Guests of Mr. and Mrs. Roy Wells Saturday night were her sister and husband, Mr. and Mrs. Linam Prentice and son of Cross Plains.

Mrs. Richard Blair and little son Scotty of Andrews spent the weekend with Mr. and Mrs. Bennett Blair.

Combination ELECTRIC WASHER-DRYER

It's two wonderful work-savers in the floor space of one! First it washes...then it dries...all in one continuous operation. Just put in soiled clothes, set the automatic controls and your Electric Washer-Dryer

does the work while you attend to other things. It even does your laundry while you sleep. For space-saving convenience and real washday freedom, investigate the advantages of an Electric Washer-Dryer.

Impala Sport Coupe—like every Chevy—has Safety Plate Glass all around.

Chevy stops quickest... goes farthest on a gallon!

Chevy showed the best brakes of the leading low-priced three in a test of repeated stops at highway speeds conducted and certified by NASCAR. Chevy also won over the other two in a NASCAR economy run—with the highest gas mileage for 6's and V8's at cruising speeds of just over 55 miles an hour.

Here's a car that knows how to get the most out of a gallon. And it's the only car in its field to bring you hydraulic valve lifters in all popular engines—6 and V8. This means smoother, quieter performance for you.

There are many other advances just as fundamental as the efficiency of Chevrolet's engines and the depend-

ability of its new brakes (with more lining area than any other low-priced car). But why not stop by your dealer's and let Chevy do its own sweet talking!
