EQUIPMENT AUCTION

Farm equipment fills the Farmers Coop Gin yard where the giant annual auction sale is being held this week. The sale begins at 10 a.m. each day.

Cotton Production 43,049 Bales for 1981-82 Season

Collingsworth County cotton farmers produced 43,049 bales from the 1981-82 crop—a crop that was pleasing from the standpoint of production, but disappointing in quality and price.

This figure is listed by the County ASCS office and it is the production figure but does not reflect the number of bales ginned in the county.

The latter figure, which was used in reports through the ginning season, totaled 49,715 and it represents the number of bales that went through the 5 county gins. The 43,049 bales just

ginned was produced on 76,516.8 acres, as shown by the ASCS.

It was 20,000 bales above the crop for the preceding season of 1980-81, when only 23,605 bales were produced from almost the same acreage, 76,774.

The ginning total, 49,715, reflects cotton that came into the county from Oklahoma, a considerable amount, as well as from north Childress County, and the last 23 bales to be ginned this season, which came from beyond Memphis and was ginned at Wellington Gin by Robert Barjenbruch.

Neither does the ginning figure show the bales that went out of the county to be ginned, with some from the extreme north part of the county going to Shamrock and from the Quail area to Memphis.

The production figure for the 1981-82 season, 43,049 bales, it might be noted was more than three times the production figure of 10 years ago, 1971, which was 14,378.

The 1980-81 figure of 23,000 was more than twice the 11,814 bales produced in 1970.

Hospital Board Considering St. Anthony's Proposal

Collingsworth General Hospital board will discuss at regular board meeting Tuesday, April 20 a proposal by St. Anthony's Hospital in Amarillo to provide consulting services for Collingsworth General management.

The board met March 12 with St. Anthony's administrator Jack Buckley and staff members Evelyn Smith, Gary Hoffman and Bon Beeler to discuss the possibility of some arrangement with St. Anthony's and local board members are --See HOSPITAL, page 2

Deposits in Two Banks Rises \$3 Million in Year

Deposits in Wellington's two banks at the close of business March 31 totaled \$44,038,000, reports made to the State Banking Commissioner reveal.

This is higher by \$3 million than deposits one year ago, and it is only about a quarter of a million under the deposit figure at the end of 1981, which often reveals a higher deposit figure than at the end of the first quarter of business.

The 1981 deposits were \$41,041,000, while those at the beginning of this year were \$44,305,000.

Assets reflected the same trend. The figure at the close of business March 31 totaled \$49,657,000. A year ago the figure was \$46,715,000, and on January 1, 1982 assets were \$49,350,000.

Demand deposits, the money with which depositors can conduct their day to day business, totaled \$9,949,000 at the end of the first quarter of 1982. This is down by almost \$2 million from the demand deposits of a year earlier and down from \$12,907,000 at the beginning of 1982.

Time deposits --money the bank customers have on deposit and drawing interest, show no such trend. On March 31, 1982, time deposits drawing interest in the two banks reached \$34,089,000. This reflected a rise of more than five and one-quarter million over March 31, 1981.

It was also up almost \$3.5 million over time deposits at the beginning of 1982--three months ago.

Loans at the end of the first quarter, March 31, of this year, totaled

\$22,079,000 for the two banks, while they were \$24,150,000 at the end of business March 31, 1981, and \$24,860,000 at the beginning of 1982.

Not included in the bank

call for March 31, 1982, was the three-quarter of a million dollars that Farmers Co-op Gin moved into the county's economy in the form of rebate checks at its annual meeting Saturday,

April 10. It does reflect the end of the cotton crop that was satisfactory to few, along with some of the oil and gas lease money that continues to come into the county.

GIRLS TRACK

Wellington High School's girls track team will compete in Regional UIL contests April 23 and 24 in Odessa in the 400 meter and 800 meter relays and in the 200 meter sprint. Above are varsity team members including, back row, from left, Valerie Van Pelt, Sandra Culpepper, Jean Outley, DeeAnn Williams, Ann Outley, Cynthia Shrubs, Vernita Shrubs, Jackie Lewis and Amy Williams; Front row, from left, are Susan Brooks, Allison Neeley, Mary Torrez, Juanita Martinez and Traci Hunnicutt. Not pictured are Paula Nash, Catherine Sterling and Debbie Bergvall. 400 meter relay team members are Vernita Shrubs, Jean Outley, Cynthia Shrubs and Jackie Lewis. 800 meter relay team members are Vernita Shrubs, Ann Outley, Cynthia and Jackie Lewis. Jackie Lewis will also run the 200 meter sprint.

Co-op Pays Rebates of Three-Quarter Million

Farmers Co-op Gin, in its 55th annual meeting Saturday, April 10, added more than three quarters of a million dollars -- in cash -- to the economy of the Wellington area.

This \$728,306.80 represented the rebate checks paid to cotton growers who ginned their cotton with the Co-op during the past season.

This did not include \$50,000 from the 1981-82 season which was retained by the gin.

But the Co-op contribution was greater than that.

The gin had a payroll this year of \$413,053.16, which means that the Co-op has put in circulation in this community more than \$1 million within the last year. It paid \$47,791.72 in taxes during the last fiscal year.

R.C. Hall, manager of the

Co-op Compress at Altus, where Farmers Co-op in Wellington sends its bales, made a short talk, first praising the society for the rebates which it is able to pay each year--amounts that are looked on with respect by gins through the southeast Panhandle-Southwest Oklahoma area.

He recounted the history of the Co-op compress which had its beginning in the combined efforts of the old Oklahoma Cotton Marketing Association and the Plains Cotton Co-op Association in 1963. He traced the growth of the organization over the 20 years to its present impressive size.

The Plains Cotton Co-op Assn., is also the owner of Telcot, by which most of the Farmers Co-op customers market their cotton.

One change was made in

the makeup of the board of directors. Terry Canada succeeded Carroll Nunnelle. Canada has extensive farming interests in the Quail area. This is his first time to serve on the Co-op board.

In a meeting of directors later in the afternoon, all officers were re-elected: Dan Henard, Jr., president; Carl Wischkaemper, vice president; Carthel Lewis, secretary-treasurer; James Shepard, assistant secretary; J.N. Glasgow, assistant treasurer.

During the business meeting, James Shepard, gin manager, and J.N. Glasgow, assistant manager, gave their reports.

A large number of door prizes were awarded, and when the drawing was finished, it was discovered that every Co-op customer present had received a gift.

One Completion Is Reported

Drilling activity in Collingsworth County has been limited in recent days to two intentions to drill filed with the Pampa Office of the Railroad Commission, and one report of a gas well completion. All of this is in the extreme north part of the county.

Beach Oil & Gas, Inc., has reported that its No. 1 Hawkins, located in section 5, block 23, showed a potential of 260 MCF when

it was tested February 16.

The well, was drilled to a total depth of 2328' with production between 2035 and 2151.

It was spudded December 18 and drilling was completed January 27. Rock pressure of 89 pounds was shown.

D&B Petroleum, Inc., of Amarillo exploration company has filed the two intentions to drill. The first of its No. 2 Tony, located

2310' from the south and 360' from the east line of section 17, block 23. This is the northwest section of Collingsworth County.

The proposed depth is 2400' and it is a replacement well for the No. 1 Tony.

The second intention to drill filed by D&B is its No. 1 Vonda, 330' from the south and 660' from the east line of section 10, block 17. The proposed depth is 2400'.

The location is 22 miles northwest of Wellington and seven miles north and one east of Samnorwood.

Firemen Purchase Saw With Local Donations

Wellington Volunteer Fire Department has purchased a gasoline powered portable saw with funds raised by community donations over the past few weeks.

The new tool will allow firemen to gain quick entry to burning buildings.

Fire chief Danny Gray said that donations exceeded the cost of the saw and that leftover money would be used to buy additional equipment for the department.

Those who contributed to the new tool were A.O. Baggett, Neil Davis, John Blevins, Mr. and Mrs. Sam McGill, David Vassey, Benson Long, Wilson Porter, Wells and Wells, Mike Williams, Mr. and Mrs. E.L. Ewing, Mr. and Mrs. Ross O'Hair,

now studying the proposal that came from that meeting. It would involve St. Anthony's as consultants on any problem areas the hospital might have, but would leave all personnel as employees of Collingsworth General and under local board control.

The proposal is less elaborate than a management plan proposed earlier this year by High Plains Baptist Hospital. High Plains later withdrew their proposal when they learned that Collingsworth General was also discussing management and consulting services with St. Anthony's.

In a meeting on March 29, the board voted to pay \$40,000 on the principal and \$18,000 in interest on short term notes owned by the hospital.

The board also heard a report that new lights, intercoms and fire alarm system had been installed and that the sprinkler system needed only a few more parts before it would be completed.

At their upcoming meeting the board will also canvass the recent trustees election, swear in new members and elect officers.

Governor Proclaims Texas Library Week April 18-24

"The future of our state depends upon a well-informed public," says Governor William P. Clements, Jr., in a proclamation declaring April 18 through April 24, 1982, to be Library Week in Texas.

"Public libraries as well as the libraries in schools and colleges and universities provide both the information that Texans need and the information that makes their lives fuller," Governor Clements says.

Indeed, libraries of all kinds have undergone major changes during recent years. Not only do they maintain and make available the books and other printed materials that libraries have always provided, but libraries today also provide films and other audiovisual materials. They offer special services for those with

impaired hearing and with poor vision. Buildings are accessible to Texans in wheelchairs.

"Get To Know A Lifelong Friend--Your Library" is the theme of this year's observance of Library Week in Texas. The observance is sponsored by the Texas Library Association, and libraries throughout the state will be inviting Texans to take part in special activities during the week. One of the largest will be in Dallas, where a new Central Library will be dedicated on April 18.

Throughout the state, Texans are discovering that their libraries are indeed friends. Whether they want to repair their car or discover more about a distant planet or a distant spot on this planet, their libraries have the books and magazines and films that

can answer their question.

169 Come Home to Quail For Ex-Students Reunion

THE WELLINGTON (TEXAS) LEADER
Thursday, April 15, 1982

4

One hundred and sixty nine Quail ex-students and their guests gathered for the annual Quail Ex-Students banquet and reunion Saturday night, April 10. This is one of the larger crowds of recent years.

Billy Don Carson of

Hedley was elected president to succeed Earl Lynn Feemster, who presided at the Saturday night event. The new vice-president is Sheriff Kenneth Maxwell, while Brenda Childers Ferguson is secretary-treasurer; and Karon Peters

Sain is reporter.

Those planning the banquet limited the entertainment program to one number: Nina Thurman Robb of Kansas City, Mo., who wrote and presented the Class Prophecy when the group graduated 40

years ago, had kept this paper and she read it again Saturday night. Those who knew this class well heard how often the prophecy, presented in fun, had become an accurate forecast.

One unusual family group was present. Mrs. Mary Clay, Hedley, had attended Quail School in the years around 1910, and she had with her 17 members of her family who had attended Quail School. Fifteen were graduates.

They included her 5 children: Addierene Clay French (1942), Alvie Clay (1946), Mildred Clay Langley (1946), Avyrella Clay White (1949) and Peggy Clay Dawson (1956).

There were also 5 grandchildren: Paula Langley Carson and Pamela Langley Neeley, 1969; Mark White, 1971; Susan Langley Bratt, 1972; and Sheri White Van Bakel, 1974.

Others were two sons-in-law, Loyd Langley and Delbert White; two grandsons-in-law, Benny Carson and Cary Neeley; and a niece who was living with Mrs. Clay, Joyce Burdine Nall.

Mrs. French was presented a lamp having a Quail as part of the base, for having traveled farthest to attend.

The banquet was catered by Juliana Baumgardner, Gwen Emmert and Lennie Morgan.

No one was present from the first class, but others who registered were: 1937: Agnes Weaver Ewing.

1938: Winsor Gray, Amarillo.

1939: Jack Smith, Lubbock.

1940: Mrs. C.P. Jones (Carma Thurman) El Paso.

1941: John Carson, Burlin Wilson, Pasadena; Boots Graham, Amarillo; Cleo Robinson, Amarillo; R.D. Wiginton, Dallas.

1942: Glenda Davis Morrow, Midland; Orville Atkinson, Plainview; Blanche Williams Gray, Amarillo; Iris Blevins Connally of Amarillo; Vaudell Smith Wilson of Pasadena; Willie Mae Walters Haskell, Denver, Co.; Wendell Graham, Corpus Christi; Lester E. Thomas, Wichita Falls; Maureen Hightower Mensch, Amarillo; Omelee Wiginton, Dallas; Jack D. Harwell, Denton; Lowell Davis, Odessa; Bill Sanders, Pampa; Addierene Clay French, Avila Beach, Ca.; and Pauline Cherry Smith, Lubbock; Nina Thurman Robb, Kansas City, Mo.

1943: Dr. Glynn Breeden, Amarillo; Lovera Kitchens McGill, Denver, Colo.; Trudie Ogletree Peters, Eva Creed Gosnell, Olney and Modena Spier Hill, Hedley.

1944: Evelyn J. Carson, Avis Sinclair Polsley, Amarillo; and Pauline Boyles Bias.

1945: Juanell Tate Carson Hedley; Bill Carson, Alvin White, Amarillo; and Harold White of Hedley.

1946: Loyd Langley, Mildred Clay Langley, Alvie Clay, Alline Boyles Bird, Wichita Falls;

1947: Hoyt Langley, Paris; Delbert White.

COLLINGSWORTH CO. EXTENSION AGENT REPORT

By NANCY BIGBY

Spring is officially here, and so is the time to do our spring cleaning. If you don't get all of your closets, drawers or shelves straightened up there is one thing that you can't afford to let slip, your medicine chest is probably the most important thing you need to clean because of the many potentially dangerous items stored in one place.

The first thing to check when you are cleaning is that all medications are stored with childproof safety caps. For added protection, your medicine chest should be locked.

Another precaution that should be taken to ensure safety is to keep drugs in a cool, dark place. Tablets tend to stick together or crumble under high humidity and many medicines decompose under high temperatures. Your bathroom usually is high in humidity and temperature therefore, a new location is needed for proper storage.

Also, as medicines age, the chemicals they consist of may change. Check expiration dates and throw away any medication that is no longer useful.

Beside medication, there are some items you might add after cleaning. One very important addition should be a list of telephone numbers to call in an emergency. Another good item is a first aid manual. Become familiar with the procedures in the manual since accidents are unexpected.

Additional medical items many homes should include are: general first aid items: aspirin for fever, aches and pain, Ipecac syrup to induce

Belles Lettres Hears of Easter Customs, Traditions

Belles Lettres Club met Thursday, April 6, with Mrs. Dick Richards as hostess. Mrs. Charles Cason, president, directed the business meeting, when new officers were elected.

Mrs. Richards was chosen president; Mrs. W.F. Harbin, vice-president; Mrs. E.F. Bartlett, secretary; and Mrs. Bryan Denley, treasurer.

Members, led by Mrs. F.A. Hatch, repeated the collect.

Mrs. R.R. Hightower presented the program, "Easter: New Beginnings."

"Easter comes every year, bearing the symbols of hope, new life and new beginnings. It is the birth of a new season, a time when we all enjoy the traditions of Easter, such as the Easter egg," said the speaker.

"One day a peddler went to the marketplace to sell a basket of eggs. He came upon a crowd mocking a man who staggered beneath a heavy cross. The peddler ran to his aid, leaving the basket at the roadside. When he returned, he found eggs transformed into

vomiting, calamine lotion for all around skin treatment, antacid for upset stomach, ice bag or ice pack, hot water bottle, elastic bandage and thermometer.

Go in and give your medicine chest a spring cleaning the time you spend to update its contents will be well worth it because you never know when an emergency may occur.

exquisite colors, with designs and symbols. The man was Simon and the man bearing the Cross was Christ, and the eggs were to become a symbol of rebirth for all mankind."

Easter is determined by the moon and comes on the first Sunday after the first full moon after March 21.

Another tradition of Easter was recounted:

"The weather has always been a concern, even in ancient times, forecasters gave predictions and one of the early sayings about Easter Sunday weather goes like this:

"If it rains on Easter Sunday, it will rain the next 7 Sundays. It is also said a White Christmas brings a Green Easter, while a green Christmas means a white Easter. Despite all the traditions of Easter, the family gatherings are very important and the church services, with beautiful Easter lilies and the choirs singing lovely anthems make for a beautiful Easter, Mrs. Hightower continued.

"And on this Easter morning, is another beginning. Time for change, and time for Christians throughout the world to observe the real meaning of Easter--the Resurrection."

Refreshments were served to Mrs. A.B. Clark, Mrs. Harbin, Mrs. Hatch, Mrs. Earl Alexander, Mrs. Denley, Mrs. Charles Cason, Mrs. Hightower and the hostess, Mrs. Richards.

Other Editors Say ...

Good Grief, What Next?

Is nothing sacred? The federal government has laid the weight of its muscle-bound hand on nearly every delicate art and science known to man, but surely some things should be left alone by the bureaucracy.

And surely one of those things that needs no centralized planning and regulation is barbecue.

If ever there was an activity that requires freedom of choice and unrestrained individual expression, it is barbecue. Not only is there no school solution as to what barbecue is, but devotees even argue over how it is properly spelled. In the Southeast, where they do not know any better, the word "barbecue" means pork. As any Texan is born knowing, one can barbecue pork or squid or yak if one goes in for that sort of thing, but the generic term is normally applied to beef.

And this disagreement is only on the most basic, primer stuff. When the battle moves into such exotic matters as proper fuels, length of time, method of smoking, it really gets complicated. It is better not even to mention sauces in a family newspaper, considering what some barbarians think should be included.

But now comes the federal government, presuming to write specifications—yes, you read that right—for barbecued meat.

The Department of Agriculture is plunging in where angels fear to tread and will draw up federal barbecue guidelines. It is inviting public suggestions, which we have no doubt it will get in such volume as to put the postal service in the black for the next three years.

Such meddling deserves that response. If the feds will fool with barbecue, it is quite possible that one day they might dare to trifle with chili.

Reports

DRINKING AND DRIVING

AUSTIN -- Last Tuesday in Austin we announced a new plan to get drunk drivers off the road. Many people have tried to accomplish the same thing in the past, but we think this plan is different.

Drunk driver prevention is a complicated problem. For one thing, a drunk driver's chances of being detected are small. For another thing, drunk driving is a crime, which means the defendant is entitled to all the protections our society offers people accused of crimes.

For now, we are concentrating on what happens to the drunk driver after he is arrested. In other words, we are not making a big effort to make police arrest more drunk drivers, although we think this will happen also.

We want to concentrate on the repeat offender. That means the first offender will have to be convicted. That is not happening now. Too many times, the first offender is given deferred adjudication. Then he is arrested

again and is a first offender again, because deferred adjudication wiped the record clean.

Under what we want to do, this will not happen. We want to get rid of deferred adjudication in drunk driving cases.

Police and prosecutors are frustrated because it is so hard to get the evidence needed to convict a drunk driver. A drunk driver can refuse to take a breath test or a blood test. Most of the time he won't lose his license if he refuses these tests. To top it off, the prosecutor can't even tell the jury why such a test wasn't performed.

We want to change that. We plan to require one test at the time of arrest and another test an hour later. If the defendant refuses, we'll take away his license and tell the jury he refused to be tested. Also, we plan to have video cameras in police stations in larger counties, so the jury can see for themselves how the defendant looked when he was arrested.

Letters From The People

Dear Editor

Our school worked hard so the armadillo could be the State Mascot. Now a man in Hallettsville wants people to kill thousands of them. We are very sad.

Armadillos can't see well or hear well and they aren't afraid of people so it isn't fair to kill them. What will the baby armadillos do if some one kills their mother? Will you help us save the

armadillos? Maybe people can write to Texas Parks and Wildlife at 4200 Smith School Road, Austin, Texas 78744. And maybe they won't buy silly things made from armadillos.

Please help us.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Campaign season is truly a time of thanksgiving and profit for public relations firms, ad agencies, political consultants, pollsters and dozens of others involved in campaign activities. This election year promises to be no different.

Political observers have estimated that the candidates for statewide, legislative and congressional offices will spend some \$90 million during the 1982 campaigns, and, judging from the early campaign expense reports filed April 1, that estimate could be conservative.

Gov. Bill Clements, even though he faces no serious opposition in the Republican primary, already has spent some \$2.3 million dollars and has another \$1.6 million in his campaign coffers.

Among Democratic challengers, Attorney General Mark White has spent \$1 million, Railroad Commissioner Buddy Temple, \$558,000 and Land Commissioner Bob Armstrong \$266,000 during the first three months of the campaign.

Clements spent more than \$7 million in his 1978 gubernatorial effort, and it has been estimated that the GOP and Democratic nominees for governor could spend as much as \$10 million each before election day. That means a lot of bumper stickers, posters, campaign literature, billboards, newspaper ads, radio and television time and

consultants' fees.

The governor's race isn't the only one to carry a high price tag. Candidates for lieutenant governor, land commissioner and state treasurer also have spent hundreds of thousands of dollars in the early months of the campaign.

By the time all of the legislative county, local and judicial races are added in, the total price tag for this year's elections should be staggering.

Redistricting Resolved

While the candidates were out looking for financing and support, a three-judge federal court plan decided the state's May 1 Democratic and Republican primaries could be held on schedule under a court-imposed redistricting plan that the U.S. Supreme Court earlier had rejected.

Despite the high court ruling that the judges should not have substituted their own plan for four Dallas County congressional districts, the three-judge panel ruled that the 1982 elections could proceed under that plan, which did away with Dallas County district lines favoring the GOP.

While the court's decision resolves the reapportionment issue for this year, more court battles are expected over both the congressional and legislative redistricting plans once the 1982 elections are over.

Clean-Up Week Opens May 10

Wellington's annual Spring Clean-up Campaign involving both business and residential areas, and including vacant lots, has been set for the week beginning Monday, May 10. This is a joint project of Wellington Chamber of Commerce and the City of Wellington.

Arrangements were begun in the meeting of Chamber of Commerce directors Monday night, April 12.

The clean-up campaign will be carried out as in the past, with the city devoting that week to hauling off the trash, rubbish and refuse that Wellington citizens collect and put in the alley to be carried off.

City trucks will cover the entire town picking up this material. This is in addition to the regular garbage pickup.

Trucks will go through the alleys one time only, and for this reason, both the Chamber and City Manager Glen Taylor urges Wellington residents to begin now to get their own clean-up under way.

Residents are encouraged to clean up premises of all trash, rubbish and refuse. Those who own vacant lots are urged to clean those, also and they are reminded that under a new city ordinance being formulated they are required to keep those lots clean at their own expense.

For Clean-up week, however, all rubbish and trash

on these lots will be hauled off free, if it is put on the alley.

This should be the first step in weed control that lasts throughout the season for protection against mosquito breeding and harboring places for snakes, skunks, etc.

One day will be set aside by the city to haul away dead trees and junk. City equipment for this type of hauling will be used and community volunteers are asked to co-operate. The city will not dig up dead trees but they will haul away those that have been dug.

In other Chamber business, President Tommy Hudson announced that a second meeting of business men in an effort to generate more business for Wellington will be held Wednesday, May 19, at 3 p.m.

Membership in the industrial team was discussed and an announcement is due to be made next month.

The directors discussed the applying for a license to hold bingo games during the annual county fair and raised the question if what they took in would pay for the trouble. They centered this on the fact that under the enabling act, an organization holding a license can sponsor bingo games only three nights a week, four hours each night.

Dodson Ex-Students Banquet was held Saturday night, April 10, with the dinner at the Dodson Cafe. A short program and business meeting was held in the American Legion

Sandown Smith, Longtime Area Resident, Dies

Sandown Smith, 78, died at his home a mile and a quarter north of Wellington, Sunday, April 11 at 8:30 p.m. He had been in failing health several years and hospitalized much of the time recently.

He came to Collingsworth County in 1926 from Gainesville, working first as a machinist.

He followed other professions, for he was recognized as a man who "could do anything he wanted to and do it well." He farmed for approximately 20 years before he retired.

Mr. Smith was on the board of directors of City State Bank for several years and although he worked quietly, he won the respect of others associated with major banks of the area for the thoroughness with which he did his work.

He had been an avid outdoorsman and sportsman, especially as a hunter, and trapper, since boyhood, and in later years he added fishing to these.

Mr. Smith was born January 21, 1903, in Oklahoma the son of the late W.P. and Ellen Smith. His boyhood was spent in the Gainesville area.

Mr. Smith was a Baptist. He was married to Miss Morie Barnes of Wellington on June 2, 1934, in Hollis.

Funeral services were conducted at 2 p.m. Wednesday, April 14, in Kelso Chapel, with Rev. Joe Mack, pastor of First Christian Church, officiating. Burial was in Memorial Gardens under the direction of Kelso Funeral Home.

building, with visiting both preceding the banquet and following the business meeting. Approximately 160 attended.

Eddie Z. Hunt of Duncanville was master of ceremonies.

Richard Gollihare of Beaumont was presented a gift for traveling the greatest distance to attend.

Mrs. Jewel McKinney Brannum of Amarillo received a gift for being the earliest student in the Dodson School who was present. She attended in 1911, when the town itself was only a year old.

Mrs. Edna Burdine Bridwell was honored as being the earliest teacher in the Dodson School who was present for this reunion.

Don Farris of Weatherford and Kat Ford of Vernon tied for the fun award when they were voted as the students most likely to succeed but didn't. Ford jokingly told the group: "Everyone said I'd succeed in going to the pen. I didn't."

The ex-students are still taking donations for the building fund which will be used to enlarge the American Legion Building. The ex-students meet here, and it serves not only for the Legion meetings, but for many community meetings also.

So far, \$2,630 has been raised, but the cost is estimated at approximately \$8,000. It is hoped the building will be ready for the banquet and reunion in 1983.

Service for John Loter, Fallon, Nev.

John Robert Loter of Fallon, Nevada died April 9 at 6:30 a.m. in Churchill County Hospital in Fallon, after a lengthy period of ill health.

Born December 3, 1900 in the Fresno Community, he was the oldest child of the late Mr. and Mrs. J.W. Loter. His early life was spent in the Cottonwood Community north of Wellington.

From early childhood he was interested in horses and cattle. Before he was old enough to go to school he had his own horse and saddle and helped his father with ranching.

In 1918 he started cowboying with Smith Ranch near Estellene. He worked there until the late 20's. Later he worked on ranches near Wink and Midland and in New Mexico. For several years he served as a cattle buyer.

After the death of his wife in 1958 in Las Cruces, New Mexico, he moved to Fallon, Nevada.

In 1933 a horse fell on John crushing his hip. After a year of recuperating, he was able to ride and rope again for a number of years. In 1973 additional surgery was required on the hip and from that time, most of his life was spent in a wheelchair.

Although most of Mr. Loter's adult life was spent away from Wellington, he always spoke of Wellington as home. He last visited Wellington in 1978 when he attended a family reunion and visited with his aunt, Mrs. Jennie Holcomb.

Funeral services were conducted at 2 p.m. Monday, April 12, in Kelso Chapel, with Garell Forehand, minister of the Church of Christ, officiating. Burial was in Memorial Gardens in the family plot. Guy Owens Funeral Home was in charge of arrangements.

Pall bearers were Zook Thomas, Eddie Smith, Elmer Hiett, Henry Langford, Hugh Bledsoe and John Coleman.

He is survived by three sisters, Mrs. H.L. Langston (Ola) of Albuquerque, New Mexico, Mrs. A.Z. Hays, (Lena) of Abilene, Mrs. Robert B. Harper, (Margaret) of Oklahoma City, Okla. and two brothers, Allen D. Loter of Lubbock and Wesley Loter of Denver, Colorado.

Twenty reserve deputies were sworn into the Collingsworth County Sheriff's Department April 8 after completing 70 hours of training. Back row, from left, are Benny Carson, Jim Ingram, Cary Don Neeley, Eddie Davis, Tommy Lindley, Monte Ferguson, and Doug Seale. Second row, from left, are Elmer Green, Robin Rainey, Junior Castillo, Billy Wilkerson, Danny Gray, Johnny Barnett, and Melody Wauer. Front row, from left, are Randy Molsenbocker, Robert Coffee, Patsy Gentry, John Green, Truett Owens, and Olan Lowe.

20 Reserve Deputies Sworn In On April 8

Twenty Collingsworth County men and women have completed 70 hours of law enforcement training to be sworn in on April 8 as Reserve Deputies in the Collingsworth County Sheriff's Department.

The Reserve Deputies will have the same legal authority as a deputy sheriff, and will be used as back-ups to regular deputies, Sheriff Kenneth Maxwell said.

Maxwell said the Reserve Deputies would be used primarily to help during tornado watches or in the event of an emergency or disaster.

The Reserves are volunteers who purchased their own uniforms and firearms and are not paid by the county.

Maxwell said the Reserves would always be assigned work with a regular peace officer and would not be asked to work by themselves.

The Reserves will be in a Sheriff's Department uniform when on duty, Maxwell said.

Some of the Reserves have been riding on night patrols with regular officers when that officer would otherwise be patrolling alone, Maxwell said.

"These volunteers are really interested, conscientious citizens," Maxwell said, "and we're looking forward to working with them."

"We had almost perfect attendance during the 70-hour course," Maxwell said.

The course included 1 hour each in school organization, departmental organization and officers conduct in court; 2 hours each in code of criminal procedure, rules of evidence, mechanics of arrest,

case preparation and report writing, police-community relations and field interrogation and interviews;

4 hours each in criminal investigation, criminal law, and beat patrol and observation;

5 hours each in traffic supervision, and civil law; 3 hours in crowd control;

6 hours in laws of arrest, search and seizure; and 10 hours each in firearms and first aid.

The courses were taught by Walter Eubanks and Lee Bradshaw of Amarillo College, Paul Hoff, DPS safety instructor, and Capt. Eddie Kirkwood, Potter County Sheriff's Department.

Chief Deputy Ray Akemon and Deputy G.T. Owens, Jr., are coordinators for the Reserves.

Reserve members sworn in last week were Eddie Davis, reserve commander, Doug Seale, assistant reserve commander, Johnny Barnett, Benny Carson, Epifanio Castillo, Jr., Robert Coffee, Monte Ferguson, Patsy Gentry, Danny Gray,

Elmer Green, John Green, Jim Ingram, Tommy Lindley, Olan Lowe, Randy Molsenbocker, Cary Don Neeley, Robin Rainey, Melody Wauer, Billy Wilkerson, and G. Truett Owens III.

County Clerk Helen Gollighugh swore in the Reserve Deputies at a ceremony and dinner April 8 in the Community Building. Those attending the dinner were:

Robert Coffee, Kim Wauer, Winnie and Guy Bell, Monte, Brenda and Damon Ferguson, Jim and Lonetta Ingram, Johnny and Adelle Barnett, Patsy Gentry, Olan and Almada Lowe, Paul and Melody Wauer, Ben, Paula, Anthony, Stephen and Jennifer Carson, Junior, Jesse, Sheila, Benito Castillo, Herb Duncan,

Joel, Robin, Denise and Sharlie Rainey, N.E. and Morene Childers, Byron, Jayne and Jackie Bell, Terry and Janice Thompson, Eddie, Marilyn, Dell and Gina Davis,

Auxiliary Tea, Membership Drive Plans Completed

Plans are complete for the Collingsworth General Hospital silver tea, a fund-raising event, and the membership drive, Mrs. Lynn Wright, president, announced.

These are to be held together Tuesday, April 20, in the patio of Collingsworth General Hospital.

Molsenbocker, Cary Don, Pam, Curtis and David Neeley, John James, Sandra Jett, John, Martha and Mike Green,

Tommy Lindley, Danny and Hope Gray, Elmer, Rita and Rinde Green, Billy, Jackie, Bobby and Janie Wilkerson,

Doug, Ella, Spencer and Mandi Seale, Helen Gollighugh, Kenneth L. Maxwell, Junior and June Owens, Truett Owens, Ray, Nancy, Lola, Holly and Kallie Akemon and Gene Denton.

Interest in these events will continue to mount, for at some point during the fund-raiser, half a beef will be given away.

This new organization already has a membership of more than 60, but a goal of 100 members by the time the drive ends has been set, Mrs. Wright said.

She emphasized that it is open to all women in the county.

Members work as volunteers in the hospital, and all are urged to attend the silver tea.

They are asked to wear their regulation uniforms--volunteer pink uniforms. Name tags have arrived and can be picked up at the tea.

In charge of the membership drive are Mrs. Buster Hughes, chairman, assisted by Mrs. Earl Bowen, and Mrs. Dick Sweat, and assisted by all members of

National Library Week will be observed with the annual tea on Wednesday, April 21, with members of Friends of the Library acting as hosts.

The day-long event will begin at 9 a.m., just when Wellington's business community begins its coffee break, and will last until 4 after the group has had its afternoon tea, punch or coffee.

Errors Delay Refund Check

DALLAS - "While an error-free tax return can be processed by the IRS within 6-8 weeks at this time of the year, a return with an error can take up to 12 weeks and, in some cases, considerably longer," said Sharon L. Wrublesky, Chief, Taxpayer Service Division for the Internal Revenue Service.

One of the major purposes of the auxiliary is to assist the hospital in major projects that require financing.

Planning the silver tea are Mrs. Wayne Cudd and Mrs. Richard Nall.

But right along with the business people from the downtown section will be the many county residents interested in the well-being of the library.

This year's Library Week slogan is: "A Word to the Wise: Library," said Mrs. Tex Smith, an officer of Friends of the Library.

Those visiting Wednesday will have an opportunity to browse through the library and especially to see the many new books, some published only in recent weeks, that have come on the library shelves.

Present to greet the guests will be Betsy

Castleberry Lemons, the volunteer certified librarian. Mrs. Rhua Ketchum and Mrs. Erma Faye Kersten, and Mary Saldana, 17 year old high school student who works after school and on Saturday mornings.

Special visitors that day will be the children in Wellington Elementary School first grade, the Community Action children, and students from Kindergarten through second grades at Samnorwood School. Posters from the contest conducted in Wellington elementary and Junior High Schools will be on display.
