Shipping Deal With Greeks Drawing Fire

WASHINGTON (AP)—Harold E. Stassen, Mutual Security Director, today accused Sen. McCarthy (R-Wis) and the Senate investigations subcommittee of "undermining" the work of executive agencies seeking to cut off trade between the West to Iron Curtain areas.

"You are in effect undermining and are harmful to our objective," Stassen told McCarthy to his face at a televised hearing of McCarthy's subcommittee.

There was a sharp edge in Stassen's voice as he spoke.

Stassen was referring to McCarthy's announcement Saturday that the subcommittee staff had negotiated an agreement with Greek owners of 242 ships that they would break off all trade with North Korea and Communist China.

CONSTITUTIONAL QUESTION

McCarthy's move had raised a constitutional question, since it is the President who is charged with the conduct of foreign affairs under the constitution.

It was not clear whether McCarthy's subcommittee, in bypassing the executive branch of government to negotiate an agreement with foreigners, had infringed upon Presidential prerogative.

The State Department announced today that Greece already has put into effect a new order prohibiting Greek-flag ships from trading with the Communists.

APPROVED MARCH 23

The order approved March 23 by the Greek council of ministers prohibits all ships registered under Greek law from calling at any port under Communist control, or ports in mainland China and North Korea, a spokesman said.

Lincoln White, state department press secretary, said the Greek decree "had the effect of law immediately, although it is subject to ratification by the Greek parliament. Its effect is binding on all ships of the Greek registry."

McCarthy mentioned the Greek government decree then, but he said it had yet to be ratified by the Greek Parliament. And he said his action went "far beyond" it.

McCarthy's subcommittee today called a hearing on Iron Curtain trading, but the inquiry appeared to have been bobtailed by McCarthy's announcement of the agreement with the ship owners. Previous plans had been to stress activities of the Greek-owned ships.

Summoned as witnesses were Harold E. Stassen, director of the Mutual Security Administration, and Frank C. Nash, assistant secretary of defense.

McCarthy said Saturday that his agreement, negotiated without consultation with the Eisenhower administration, provided that the Greek ship owners would not "carry cargoes of any type from one Communist port to another in any part of the world."

Father Kills Spastic Son Out Of Pity

CLIFTON, N. J. (AP) — A tavern and hotel owner has admitted killing his 5-year-old son because he could "not stand to see him suffer any longer" from cerebral palsy.

Police arrested the father, Albert J. Sell, 44, when they found him in a parked car at a deserted spot near a road yesterday. The body of the black-haired, brown-eyed boy was in the back.

"I shot my boy. He's in the back seat there. I knew the police would find me," Sell was quoted as saying to the officers. Sell will be arraigned today on a murder charge.

The boy, Albert Jr., had been shot through the head. A victim of cerebral palsy since birth, the boy never had been able to talk and had difficulty walking.

Sell, according to police, said he didn't want to see his son suffer. He also was quoted as saying he believed he himself was in bad health and didn't have much longer to live—and that he didn't want his wife, herself in a delicate health, to be burdened with the boy's care.

He kept an all-night vigil with his son's body in the car. During those hours he chain-smoked a pack of cigarettes, then shredded the butts and smoked the tobacco in his pipe. When this ran out, he ripped apart some cheesecloth and smoked that.

King Wildcat Will Drill To Ellenburger

Halmerich & Payne, Inc., of Tulsa has set location in King County for a new wildcat.

It will be the No. 1 Guy M. Gillespie of Abilene, 330 feet from south and west lines of section 133-F-H&TC, 10 miles south and three miles west of Guthrie.

It will dig to 6,800 feet into the Ellenburger, beginning at once.

SCURRY LOCATION

Texas Co. has set location in the Kelley - Snyder Canyon field of North Scurry for its No. 212 P. L. Fuller, 467 feet from south and west lines of section 502-97-H&TC, 12 miles north of Snyder.

It will drill to 7,100 feet or a test of the Canyon at a lesser depth, beginning immediately.

HERMLEIGH FIELD

Humble No. 1 Nachlinger in the Buffalo Creek Ellenburger field near Hermleigh pumped 24 hours ending at 7 o'clock yesterday morning and made 61.45 barrels of new oil and 26.33 barrels of water. It then pumped another 24 hours, ending at 7 o'clock this morning, and made 78.80 barrels of oil out of 80.2 barrels of fluid, of which the rest was water. It is still pumping.

In the same field, Hall No. 1 Huff has drilled down to 1,620 feet in lime and shale.

NOLAN TEST

Superior No. 1-30 Kenard in the Blackwell area of South Nolan County, had a drillstem test at 6,518-562 feet with tool open one hour. Gas surfaced in 13 minutes with volume at the rate of 7,390 cubic feet per day.

Recovery was 300 feet of 45-gravity oil with no water and 215 feet of oil and gas cut mud. Open flowing bottomhole pressure was 480 down to 270 pounds. Thirty-minute shutin pressure was 480. It is now coring ahead at 6,572 feet in dolomite.

DIAMOND M

Southern Minerals No. 1 Huddleston, southeast stepout to the Diamond M Canyon field, drillstem tested the Canyon lime at 6,819-829 feet with tool open 45 minutes and recovered 60 feet drilling mud with no shows. Taking another test at 6,830-907 feet with tool open one hour, it recovered 5,850 feet salty sulphur water with no shows oil, gas, or water. It is now taking electric log surveys.

DRILLING REPORT

Sunray No. 1-56 Mays, Central-South Kent wildcat, swabbed on the section at 1,314 to the plugback total depth of 1,392 feet and swabbed dry. It treated with 500 and then 1,500 gallons of acid, then swabbed out 132 barrels of fluid in 12 hours. No description was given of the fluid, which was likely mostly oil and residue from the acid treatment. It is still swabbing.

Texaco No. 2 Fuller, North Scurry wildcat, pumped 24 hours and made six barrels of fluid, of which 10 per cent was oil and the rest water. It is still pumping.

Texaco No. 3 Fuller pumped 12 hours and made 101 barrels of water and 11 barrels of oil. It followed with 21 hours of pumping, making 21 barrels of oil and 312 barrels of water. It is still pumping.

AMMUNITION CARS EXPLODE

Ammunition in derailed freight cars exploded at Lewis, Indiana, Saturday night, engulfing other box cars and spreading flames to nearby residences and business houses of the Western Indiana town. The blast followed derailment of the train but fortunately, none of the trainmen or 275 villagers were killed. A number were injured.

REDS COMPROMISE IN POW EXCHANGE

1st Big Break In Chinese Demands

TOKYO (AP)—Red China Premier Chou En-Lai tonight offered a compromise solution to the knotty problem of repatriating Korean war prisoners—the only issue blocking an armistice agreement.

It was the first break in the Reds' previously-unyielding demands that all prisoners be returned.

Chou proposed that both sides return those prisoners who insist on going home and hand over the others to a neutral state "to insure a just solution to the question of repatriation."

He did not propose a neutral state by name, presumably leaving that question to be decided at the armistice site of Panmunjom.

The United Nations walked away from Panmunjom last Fall after telling the Reds to accept the principle of giving prisoners their choice of returning home—or come up with an acceptable solution.

Chou's offer—similar to plans advanced in the United Nations assembly—came in a broadcast, heard here, over the Communist Peiping radio.

SECOND OVERTURE

Gen. Mark Clark, U. N. Far East commander, was not immediately available for comment.

The Reds had made an earlier overture Saturday, accepting a Feb. 22 U. N. proposal for exchange of sick and wounded war prisoners and asking that the truce talks be resumed. The U. N. has not yet answered the Saturday proposal.

Chou said tonight:

"Both parties . . . should undertake to repatriate immediately after the cessation of hostilities all those prisoners of war. . . who insist upon repatriation and to hand over the remaining prisoners of war to a neutral state so as to insure a just solution to the question of their repatriation."

WANTS ALL POWs RELEASED

However, Chou also said:

"We by no means relinquish the principle of release and repatriation of war prisoners without delay after the cessation of hostilities . . .

"Nor do we acknowledge the assertion of the United Nations command that there are among the prisoners of war individuals who allegedly refuse repatriation."

Chou said the Chinese and North Korean Reds are taking this step to solve the war only because this one item blocks an armistice.

Chou's plan is similar to the Indian proposal to end the war which was submitted in the United Nations last fall and was promptly and sharply rejected by the two warring Communist nations and Russia.

The Chinese premier, No. 2 man in the Asian Communist hierarchy, is the one usually selected to make important announcements.

BACK FROM MOSCOW

He had just returned to Peiping from a trip to Moscow where he attended the funeral of Stalin and signed new, important economic agreements with Russia.

In his statement tonight, Chou said:

"It is only because the termination of the bloody war in Korea and the peaceful settlement of the Korean question is bound up with the question of the peace and security of the people of the Far East and the world that we take this new step x x x"

He kept some sting in his words—although not as much as the usual Red invective—as he referred to "those captured personnel of our side who, under the intimidation and oppression of the opposite side, are filled with apprehensions and are afraid to return home."

He said the time is ripe for settling the POW question and ending the fighting in Korea.

JUST LIKE CHILDREN

34 Die When Home Of Aged Patients Burns In Florida

LARGO, Fla. (AP)—Three agencies are investigating the wind-swept fire that destroyed a one-story frame nursing home yesterday, taking the lives of 32 elderly patients and a valiant nurse who tried to save them.

Investigations were started today by the state fire marshal, the State Hotel Commission and Sheriff Sid Saunders.

Twenty-five patients were saved as neighbors turned out barefooted and in night clothes to back up the rescue efforts of the owners, Mr. and Mrs. W. L. Littlefield Fire companies from Largo and Clearwater also came quickly, but within half an hour the sprawling wooden structure was doomed.

The tragedy cost 34 lives in all. Angus D. Smith, Pinellas County welfare director, was killed in an automobile collision while driving three patients to a hospital.

Many of the victims died in their beds, unaware of the danger that suddenly roared at them about 3:30 on a chilly Sabbath morning.

Of those who gained consciousness, some were too panicky to follow directions; some were too feebleminded and some too old and stubborn.

"If they had done what I told them they would all have gotten out," Littlefield said in a tired voice.

The Littlefields were sleeping in the home with the patients. Littlefield said he was awakened by the screams of a woman. He tried to fight the flames with fire extinguishers, saw he was losing, and began waking up patients and trying to get them out.

Mrs. Littlefield ran outside, screaming for help, and collapsed with a heart attack. She is in serious condition.

"One man was sound asleep and he clung to the door and fought me while I tried to get him out," said Mrs. Aletha Herring, who lives across the road.

"They were just like children—they didn't want to be removed from their warm beds," said another neighbor, T. R. Hasty, who carried old people out till he was almost cut off by the raging flames.

However, some of the patients themselves helped others escape.

Hearing Is Set To Enjoin Rule On Spraberry

AUSTIN (AP)—An injunction suit challenging the railroad commission's order shutting down the huge Spraberry oil producing area has been filed in 98th district court.

Arch Rowan, Fort Worth, independent oil operator in the West Texas area, brought suit alleging the commissioner's order is invalid because it discriminates against producers in the area.

Judge Charles O. Betts set hearing on the temporary restraining order asked by Rowan for tomorrow at 9 a.m.

The commission ordered Spraberry oil and gas wells shut down last week to halt what it called wasteful flaring of natural gas.

Rowan said in his petition seeking a temporary restraining order that he has average oil production of 500 barrels daily in the field.

The shutdown was to have become effective April 1. If the temporary restraining order is granted, it would have the effect of nullifying the shutdown order until the lawsuit is resolved.

Temporary restraining orders ordinarily remain in effect 10 days pending further injunction proceedings.

The commission order was written to stop all production in the Spraberry trend area in Midland, Glasscock, Reagan, Upton and Martin counties. It would have dropped the Arpil oil allowable an additional 95,000 barrels a day. It had already been reduced 119,366 barrels daily.

The suit also reduced temporarily at least the immediate threat to state finances posed by the shutdown order.

The commission order directed production to "cease completely" in the Spraberry trend until such time as necessary facilities are made available for gathering, marketing and processing of all natural gas from wells in the field. Operators in the area opposed the shutdown, saying they were trying to install gas processng plants and transmission lines as rapidly as money could be wisely invested.

The Railroad Commission said that 220 million cubic feet of gas was being flared every day in the Spraberry and that operators have been repeatedly warned it must stop.

South Korean Troops Push Red Attack Back On Christmas Hill

SEOUL (AP)—South Korean troops threw back a Chinese Red drive on Christmas Hill on the Eastern Front in a driving snowfall today as U. S. Marines dug in firmly on bloody Outpost Vegas in the West.

Some 300 Reds jabbed 50 yards beyond Allied advance defense lines on a 350 yard front west of Christmas Hill, which is west of the Mundung Valley. South Koreans drove them back, killing or wounding 100 Chinese.

Entrenched Marines on smouldering Vegas had won back the outpost at dawn Sunday after being knocked off three times in the Reds' bloody spring feeler drive on the Western Front last week.

Grimy and weary, the Leathernecks smashed a three-pronged Red drive on Vegas late yesterday and broke up a Red force massing for another attack last night with a thundering curtain of artillery fire.

In the air, U. S. Sabre jet pilots reported probable destruction of one Communist MIG jet and another damaged.

In a big day Sunday, Sabre pilots reported shooting down four MIGs and damaging a fifth. Lt. Col. George L. Jones of Vero Beach, Fla., got one of the MIGs, his fifth, making him the 30th U. S. jet ace of the war.

The early spring snowfall deposited up to five inches on the Eastern Front and up to one inch in the western and central sectors.

The foul weather sharply curtailed Allied fighter-bomber strikes but pilots reported 13 Red supply trucks destroyed in frontline sweeps.

The Reds backed their drive in the Christmas Hill area with 1,800 rounds of artillery and mortar fire. The Chinese dented the advance line after an hour of bloody, close-quarter battle with the South Koreans.

More Bodies Are Found In Killer's Flat

LONDON (AP)—Urgent new warnings went out today to all Britain's police that London's sex-crazed strangler may strike again at tonight's full moon. Already investigators had found the remains of six victims—all women—and what may be the shattered skull of a seventh.

Police believe the murders show a pattern of moon madness that could bring another slaying tonight.

They pursued a theory that the killer at the time of the full moon goes berserk, entices the women into some secluded place, strangles them and assaults them sexually.

Baffled Scotland Yard experts ordered the nation-wide search for the killer redoubled. They also ordered a speedup in the dismantling of the dingy West London tenement house where the victims were found.

The remains of two bodies and possibly of a third were dug out of the tiny garden of the Notting Hill horror house during the week end. Another was found under the floor boards of the ground floor apartment and three more, believed the killer's most recent victims, had been hidden in a papered-over alcove.

Police speculated that the murderer used the alcove as a halfway house to store the bodies until he could bury them. For that reason, they said, more corpses still may be around the house or in the garden.

One of Britain's biggest police nets was out for John Reginald Christie, 55-year-old trucking clerk who had rented the murder flat for a number of years. His wife was among the victims.

Red Strikes In Italy Failing

ROME (AP)—A Communist call for a 16-hour nationwide strike met with only scant success today as the Reds, already out-voted and out-slugged in a riotous week-end legislative session, sought to protest Premier Alcide De Gasperi's new election law.

The huge, Communist-dominated Italian Federation of Labor (CGIL) called the walkout in "indignation" at Senate approval yesterday of the new election measure. The bill cleared the upper house after a wild free-for-all in which senators were slugged, chairs and desks smashed and a woman senator slapped a male opponent.

The legislation, expected to swell De Gasperi's government majority after general elections next June, now goes to President Luigi Einaudi to be signed into law.

Odessa Senator Brings New Charges Against Doctor Cox

AUSTIN (AP)—Sen. J. T. Rutherford, Odessa, offered a notarized statement of a former state health department employe today to back up Rutherford's charge of mis-use of state equipment and personnel by Health Officer George W. Cox.

The statement, signed by Hadley Johnson, was submitted as the State Board of Health began investigation of Rutherford's charges against Dr. Cox and others in the health department.

Johnson said in his statement he had painted the kitchen, back porch and a bathroom cabinet in Cox's house on state time and using state paint brushes in Oct., 1952.

He said Cox paid him $25 for his week's work and that $10 of that went for paint.

JOHNSON REPORTED ILL

Johnson, now a state Senate employe, was reported ill at home when he was called for direct questioning.

Rutherford refused to name other health department employes who, he said, have provided him information purporting to back claims that the health department has been operated improperly by the 73-year-old Dr. Cox.

Atty. Gen. John Ben. Shepperd asked if Rutherford would be satisfied with a guarantee by the board that no retaliatory action would be taken against employes called to testify.

Rutherford said he would not. "Mr. Johnson has already been called up at night, disturbed and cursed. For me to say that some people would be fair would be stretching the truth out of shape," said Rutherford.

NAMES WITHHELD

Several board members insisted employes would have nothing to fear if they testified, but Rutherford refused to reveal any names except Johnson's.

The senator said he would be willing to reveal names and have witnesses called by the attorney general, if Shepperd would keep the names confidential.

Shepperd said he was uncertain how such information could be put to use if the board, which is directing the investigation, could not have access to the witnesses' testimony.

Cox was scheduled to testify after Johnson's appearance before the board.

Teachers' Pay Increase Bill Fails To Make Headway Today

AUSTIN (AP)—Backers of a teacher pay raise today failed again in the House to get quick action on the matter.

The motion was to send the bill to a more friendly committee, which had promised a public hearing Thursday.

The vote was 82-54—a majority of the House, but still not the necessary two-thirds vote that the motion required.

Rep. Lamar Zivley, Temple, author of the measure, asked that the bill be taken out of the appropriations committee and given to the committee on public lands and buildings.

"Time is the thing I'm fighting against now," Zivley said.

But on every attempt he made, Rep. Joe Kilgore, McAllen, author of another bill affecting teacher salaries backed by Gov. Allan Shivers, raised a point of order, saying Zivley wasn't following the rules.

Speaker Rueben Senterfitt upheld Kilgore on each point of order. Zivley finally tried to suspend the rules and failed.

Zivley's bill gives the teachers a $600 a year pay raise to be paid entirely by the state. Kilgore's rearranges the plan of school financing, placing more of the burden on local districts. It provides a raise of about $240.

A drive to speed up congressional redistricting bills also failed by a narrow margin in the House.

Rep. Harold B. Parish, Portland, tried to get the House to instruct the redistricting committee to report in two weeks on grounds the legislature's session is growing short.

The House voted 82-42 with Parish, but it was just short of the two-thirds vote necessary for such motion. Redistricting is one of the session's principal issues. No new district has yet been drawn for the state's addtional congressman.

Rep. Horace Jackson, Atlanta, opposed Parish's motion, asking "what's the hurry?"

More pulse-feeling tests on the teachers pay raise issue were due as the legislature started its 12th week.

85 Here On Sunday

The temperature rose to 85 degrees yesterday, according to Mrs. D. P. Strayhorn, official weather observer. The low last night was 53 degrees, and the thermometer showed the same reading at 7:30 o'clock this morning.

WEATHER

WEST TEXAS: Partly cloudy and a little cooler today with local thundershowers in the east portion of the South Plains and east of the Pecos River. Partly cloudy and a little cooler east of the Pecos Tuesday.

NORTH CENTRAL TEXAS: Mostly cloudy and windy with scattered showers and thunderstorms Monday night. Tuesday partly cloudy and a little cooler.

Airliner Down In Swampland

SALISBURY, Southern Rhodesia (AP)—A missing Viking airliner with 18 persons aboard was located today 80 miles southwest of Dar Es Salaam in Tanganyika at the edge of a region of mangrove swamps. Fate of the 13 passengers, including two women, and the crew of five is unknown.

Information relayed here by natives did not make clear whether the Central African Airways plane had crashed or made a forced landing in the east African wilds. Search parties were organized to hunt for survivors.

The plane was en route from Dar Es-Salaam to Balntyre in Nyasaland when it went down.

The plane had been missing since Saturday. Reports received here said Louis Yudkin, stage director for the Covent Garden Opera Company and Sadler's Wells ballet in London, was among those board.

London offices of Central African Airways were unable to confirm that Yudkin was aboard the plane. The office said it had no passenger list.

An office spokesman said Royal Air Force planes had dropped supplies at the crash scene. The spokesman added: "There was activity about the plane so it may be presumed if there was a crash there are survivors."

President Eisenhower Is Said Planning To Cut Foreign Aid

WASHINGTON (AP) — President Eisenhower was reported by congressional leaders today to be planning a cut in foreign aid spending.

Senate Republican leader Taft (Ohio) and House Speaker Martin (R-Mass) said there has been no determination yet on the amount of the cut, but that there definitely will be a reduction from the 7½ billion dollars proposed by the Truman administration for foreign aid in the fiscal year beginning next July 1.

Taft and Martin held a news conference immediately after their weekly meeting with Eisenhower.

Taft said Mutual Security Director Harold E. Stassen is having a study made to find out whether 10 billion dollars in foreign aid carry-over funds can be cut.

Stassen sat in with the congressional leaders at their conference with Eisenhower.

Taft and Martin also announced:

1. The President would send to Congress later in the day a special message asking creating of a commission to study federal-state relations on such matters as taxes, grant in aid and social security. Eisenhower told his news conference last week it would be the job of the proposed commission to eliminate waste and duplication.

ADJOURNMENT SET

2. The President will sign later this week an executive order to strip civil service protection from several hundred federal government policy-making officials appointed by Democratic administrations.

3. Agreement was reached with Eisenhower to fix July 4 as the target date for adjournment of Congress. Taft said Congress in any event "positively" will adjourn by Aug. 1.

4. The leaders informed the President that both the House and the Senate plan to start debate this week on legislation to give the states title to oil-rich submerged coastal lands.

Taft predicted the coastal lands bills will be enacted.

Taft also announced that after the Senate completes debate on the submerged lands measure it will take up a bill to extend the Defense Production Act, scheduled to expire May 1.

When that measure is out of the way, Taft said, the Senate will take up Hawaiian statehood and extension of the Reciprocal Trade Act in that order.

PARIS STAFF CUT

On foreign aid, Taft said the congressional leaders, Eisenhower and Stassen "discussed the general question of savings and foreign aid."

He and Martin said that Stassen already has ordered a 50 per cent cut in the Mutual Security Agency's Paris personnel.

Martin said Stassen expressed belief that he could make the agency much more efficient through such a reduction of personnel.

DUKES WATCH QUEEN'S CASKET

Britain's four royal dukes watched as the casket of Queen Mary, grandmother of Queen Elizabeth II, was removed from the guncarriage at Westminister Hall in London Sunday. After lying in state for two days, the body of the 85-year-old queen will be entombed Tuesday in St. George's Chapel, Windsor Castle, beside that of King George V. The four dukes who walked in the procession from the queen's Marlborough House residence are (left to right) Edinburgh, Windsor, Gloucester and Kent.

WORLD-RECORD TIME

Wes Santee, Kansas University anchor man, is shown breasting the tape at the finish of the sprint medley relay in which his team bettered the recognized world's record of 3:22.7 with a time of 3:21.8. The race was one of the features of the Texas Relays held at Austin.

Indians Look Good; Durocher's Boys May Be In Bad Trouble

By ED CORRIGAN
Associated Press Staff Writer

If you want to take the word of the experts, the Cleveland Indians and the New York Giants are the teams that will win the major league pennants if the New York Yankees and the Brooklyn Dodgers falter.

The Indians this spring have been playing the kind of baseball one would expect of a pennant contender. But then, the Indians had many observers convinced they would take the Yankees last spring.

They always seem to look good in the training season. But there's always that one year that would be the one. Al Lopez' team now has won six in a row from major league opposition, including yesterday's 15-3 slaughter of the Giants. They also hold a 6-2 lead in the series with Leo Durocher's operatives.

The Giants, on the other hand are fair game for the viewers with alarm. They've been playing poorly as the statistics will show. There's no need to go through the entire list. Suffice it to say they have lost their last five games and 10 of their last 12 against major league opposition.

And Durocher doesn't even have his lineup set. He still had Hank Thompson in center field yesterday, and it's pretty generally agreed that Hank can't make the grade. Bobby Hofman played second base and Davey Williams pinch hit.

The Giants pulled out of Phoenix today and they play the Indians in eight states before arriving at the Polo Grounds.

Durocher, who has been spending most of the spring denying that he was worried about the performance of the Giants, made no bones about being displeased with the barrage to which three of his pitchers were subjected. All told, Al Corwin, Hoyt Wilhelm and Reuben Gomez were pounded for 17 hits, including two home runs, two triples and three doubles. They also gave up nine bases on balls.

The Dodgers and Yanks, meanwhile, went at each other as though the World Series were at stake in St. Petersburg, with the Brooks winning out, 1-0, to pull even in the exhition series, 2-all. Johnny Podres and Joe Black held the world champions to five singles while Jim McDonald went all the way for the Yanks.

The Dodgers made only four hits and their one run came about in the second inning when Jackie Robinson walked, went to third on a double by George Shuba and scored when Roy Campanella grounded out.

The Detroit Tigers, who are playing like anything but tailenders, defeated the Boston Red Sox, 11-7, for their 11th victory against five defeats in Grapefruit League competition.

The Washington Senators, with Jackie Jensen hitting a home run and two singles to raise his batting average to .407, defeated the Milwaukee Braves, 10-7.

It took an assist in the form of four errors, but the St. Louis Cardinals, who have been having their troubles all spring, stopped the Cincinnati Reds, 9-4.

Harry Byrd, who is trying to work his way out of the Philadelphia A's doghouse, took a step in the wrong direction when he went all the way against the Philadelphia Phils and was clubbed for a 10-7 loss.

The Chicago White Sox and St. Louis Browns divided a doubleheader. The Brownies won the first, 6-4, on three runs in the ninth, while the Pale Hose, behind Tommy Byrnes' six-hit pitching took the nightcap—a seven-inning affair—5-3.

TRAINING CAMPS

(By The Associated Press)

SARASOTA, FLa., (AP) — The Brooklyn Dodgers were without the service of two of their stars, Gil Hodges and Billy Cox, as they prepared to take on the Boston Red Sox today.

Hodges developed a mysterious ailment in his right foot and will be out indefinitely.

Cox pulled a tendon in his back Saturday and will be out for five days.

LAKELAND, Fla., (AP)—The New York Yankees' Ray Scarborough will attempt to go all the way today against the Detroit Tigers.

The 34-year-old righthander had only two complete games last season while compiling a 6-6 record with the Yankees and the Boston Red Sox.

Ned Garver and Art Houtteman will work for the Tigers.

ALBUQUERQUE, N. M., (AP)—Manager Leo Durocher of the New York Giants can find at least one bright spot in an otherwise dismal picture today—the hitting of Don Mueller.

Mueller, a hot batter all spring, collected two of the Giants' four hits in the 15-3 loss to the Cleveland Indians yesterday.

LAKELAND, Fla., (AP)—Back on top of the Grapefruit League with an 11-7 victory over the Boston Red Sox yesterday, the Detroit Tigers will battle to stay there today when they meet the world champion New York Yankees.

SARASOTA, Fla. (AP)—The Boston Red Sox make their final appearance at Payne Field today by playing host to the Brooklyn Dodgers.

Manager Lou Boudreau said he plans to return outfielders Jim Piersall, Tom Umphlett and Gene Stephens to the lineup.

MESA, Ariz. (AP)—Robert (Red) Wilson, Chicago White Sox rookie catcher, gambled with his athletic future—and won.

Wilson was a star center for the University of Wisconsin football team as well as the baseball squad's regular backstop.

When he was graduated in 1950, he was offered a $10,000 salary to play pro football with the Cleveland Browns. He turned it down in favor of baseball.

The gamble paid off. The 24-year-old Milwaukeean is hitting at a .364 pace in Sox spring training exhibitions. Manager Paul Richards says he's "at least an even bet to be our No. 1 catcher."

CASE GRANDE, Ariz. (AP)—Ransom Jackson of the Chicago Cubs had himself a lot of fun yesterday in an exhibition game with the semi-pro Cotton Kings.

He drove in eight runs with a homer, triple, double and single in a seven-inning 23-2 Cub victory.

ORLANDO, Fla. (AP)—The Milwaukee Braves were tapped for six runs in the opening inning and never caught up as they dropped a 10-7 exhibition loss to Washington yesterday.

The Braves cut four men off their roster yesterday, sending outfielder Chuck Tanner and infielders Hank Ertman, Harry Hannebrink and Bob Mainzerr to Toledo. Four more were to be sent to Toledo today.

CLEARWATER, Fla. (AP)—The Philadelphia Phillies took a two to one edge in spring competition with the Philadelphia Athletics yesterday in a game neither team was very proud of.

The final score was 10 to 6 in favor of the National Leaguers, but the pitching and fielding on both sides was sour. The two clubs made five errors, three for the A's and two for the Phils. Harry Byrd, rookie of 1952 in the American League, went the full nine innings and was raked for 10 runs and 10 hits.

The Phillies learned that outfielder Mel Clark will be out of action for at least a week. The young fielder was hit in the mouth with a line drive on March 26.

HAVANA (AP)—The Pittsburgh Pirates have picked up the contract of Paul Smith who had been signed with their New Orleans farm club although he's been working out here with the Bucs.

Manager Fred Haney said he plans to use Smith as a pinch-runner and pinch-hitter. Smith lives in Wilkinsburg, Pa.

ALBUQUERQUE, N. M. (AP)—Maybe Al Aber and Dave Hoskins are the relief pitchers wanted by Al Lopez, the Cleveland Indians manager.

Lopez had three 20-game winners last season in Mike Garcia, Bob Lemon and Early Wynn but he had lots of trouble finding good firemen to take over when things got out of hand.

Hoskins, a righthander up from Dallas, gave up only two hits and one earned run yesterday in five innings against the New York Giants. And Aber, just out of the Army, did not allow a single tally in his four innings.

TAMPA, Fla. (AP)—Rookie Bob Marquis may be banking on the old college try to land him a starting berth in the Cincinnati Reds outfield.

The 28-year-old Oklahoman tried mightily to make a circus catch of Enos Slaughter's triple in yesterday's exhibition with the St. St. Louis Cardinals, but crashed into the centerfield fence. He had to leave the game with a badly bruised right shoulder.

The Cards won the exhibition, 9 to 5. The Reds will play the Philadelphia Athletics in their final game at Plant Field today before starting northward.

ST. PETERSBURG, Fla. (AP)—Manager Eddie Stanky of the St. Louis Cardinals, in a cheerful mood, announced last night that the sore shoulder of Eddie Yuhas, whose relief pitching was a big help to the club last season, is definitely on the mend.

Stanky also reported that pitcher Stu Miller, who injured his arm last week, will pitch against New Orleans Friday.

One reason for Stanky's good humor was the Cardinals' 9-5 victory over the Cincinnati Reds at Tampa yesterday.

MESA, Ariz. (AP)—Second Baseman Bobby Young of the St. Louis Browns, who has adopted a new batting stance in an effort to get more hits, is batting at a .339 clip this spring.

Returning to the lineup after a week's rest for a sore leg, Young had a single and a triple yesterday as the Browns downed the Chicago White Sox 6-4 in the first game of a doubleheader at Tucson.

The White Sox won the seven-inning nightcap 5-3.

ORLANDO, Fla. (AP)—Calvin Griffith and Joe Cronin may be brothers-in-law, but that doesn't mean their conversation always sticks to family matters.

Latest reports on huddles between the two is that Griffith, vice president of the Washington Senators, is offering to trade outfielder Frank Campos for Clyde Vollmer.

Gilliam May Take Jackie Robinson's Job

SARASOTA, Fla. (AP) — The kid who chased Jackie Robinson off second base is a 24-year-old Negro from Nashville by the name of James (Junio) Gilliam, fresh from the Montreal farm.

In fact, Gilliam still is on the Montreal roster, pending final action by the Brooklyn brass. They want to be sure before they make their move.

Manager Charley Dressen is almost as sure as you can be at this stage of a spring training season.

"If he continues as he has up to now, he's got to play second base," said Dressen. "Hitting is the only question. If he can hit .260, he can help us. He looks like a fine leadoff man."

Robinson, moved out of his regular job by Gilliam, has this to say about the newcomer:

"He can get balls that I can't touch any more. If he hits .275, I think the club will be strongest with him at second base. He is fast. He has a good arm. The only question to me is the double play. He isn't a polished double play man—yet."

Gilliam, a switch hitter, is getting his big chance after only two years of organized ball—both at Montreal. Last year he hit .301 and was named the most valuable player in the International League. He isn't exactly a novice at the game, having played in the Negro leagues since 1945, when he was only 16.

"It seemed like I always was fooling around a ball park," he said. "Down home in Nashville, us kids always were hanging around Sulphur Dell. Thats where I started with Nashville in the Negro Southern League in 1945.

"Next year I went up to Baltimore, where I live now, and played with the Elite Giants. I was there for five years until Brooklyn bought me."

Semi-finals In City League

One more team will be eliminated from the championship tourney of the city basketball league after a tilt tonight.

Meeting at 8 o'clock will be C & S Sporting Goods and National Guard, teams which have each lost a game in the tourney.

Both the teams suffered the loss from Chuck Wagon — C & S by a score of 70-57, and National Guard by a tally of 59-53.

Chuck Wagon, the only undefeated team in the tourney, is defending champion of the league. Last year it won the championship in a final match with Wade Pipkin Motors. The Pipkin team has already been eliminated from the tourney this year.

The winner of tonight's tilt will meet Chuck Wagon in the finals. If Chuck Wagon wins that game, the loser will have lost two games and will be eliminated, but if Chuck Wagon loses, the tourney will require another game.

Charlie White will lead play tonight for the Guard, while Gene Gibson, Jimmy Williams, and Bobby Shipley will lead C & S.

Wallace Named Coach

SAN ANTONIO (AP)—Roy Wallace, former University of Houston athlete who has been backfield coach of Burbank High School, has been named head football coach succeeding Clark Gorden, who asked to be relieved of the post because of ill health.

Mixed Games For Colleges

(By The Associated Press)

Two of the top teams in Southwest Conference baseball take on lower strata clubs Tuesday in the only action of the week having a bearing on the championship.

Baylor and Texas, two of the three unbeaten teams in the circuit after one week of play, engage Texas A&M and Rice respectively.

Southern Methodist, the other undefeated nine, has no games at all this week.

Texas opened defense of its championship with a 9-0 strapping of Texas A&M. Baylor whipped Rice twice, 6-2 and 5-1, and Southern Methodist trimmed Texas Christian twice—4-1 and 6-4.

Baylor and A&M play at College Station tomorrow while Texas and Rice get together at Houston. Thursday Rice plays Texas City of the Gulf Coast League at Texas City, Texas takes on San Antonio.

Friday Texas Christian and Hardin-Simmons clash at Abilene and Rice plays the Baytown Oilers at Baytown.

Texas is undefeated for the season, winning five games. Last week the Longhorns whipped Minnesota twice in intersectional tilts. The scores were 8-6 and 7-6.

Number Of Umpires Is Cut In Texas League As Economy Move

DALLAS (AP)—A curtailed umpiring staff, cut from 12 to 10 members in a Texas League economy move, was announced today by league President J. Alvin Gardner.

Milt Steengrafe, starting his eighteenth season, is the dean of the staff. Others on the staff are Frenchy Arceneaux, Bill Malesky, Bud Newman, Leonard Roberts, Cy Simon, Bob Smith, Mike Williamson, Bill Wilson and neweomer Stan Lecamus.

Prairie View Relays Set Friday, Saturday

PRAIRIE VIEW (AP)—Fourteen colleges have entered the Twenty-First Annual Prairie View Relays and Tennis Tournament scheduled here Friday and Saturday.

Schools entered are Tuskegee of Alabama, Florida A&M, Tennessee State, Arkansas AM&N, Langston University of Oklahoma, Southern University of Louisiana, Philander Smith College, Huston-Tillotson, Grambling, Wiley, Bishop, Texas College, Texas Southern University and University of Illinois.

There will be both women's and men's divisions.

A white rhinoceros can weigh as much as three tons.

Each Athletic Association Has Own Conception Of Pro

NEW YORK (AP)—What is an amateur?

He's a tennis player who can accept $15 a day for expenses. But if, as a track man, he pays $3.25 for a meal he's a pro.

He's a golfer who must pay his own tournament freight at all times except in rare instances when he's playing for Uncle Sam on the Walker Cup team or in an intercollegiate meet for his college.

He's a trapshooter who can accept an unlimited cash prize as an amateur, can't take anything if he's a professional.

He's a tennis player who can be equipped with a half-dozen racquets and a drawer full of strings —all for free—by a sporting goods firm. But if he does the same as a golfer the USGA throws him out on his ear.

He's a track man who can't spend more than $10 a day for room and board but if he happens to be adept at hitting a tennis ball he can go $5 higher.

LUSH TENNIS EXPENSES

By our puzzling modern standards, court men who wear white pants are supposed to have greater appetites than their thin-clad contemporaries who run and jump over things.

An amateur is a crack football halfback who can accept a college scholarship plus a grant-in-aid—side money for books and board—without jeopardizing his simonpure standing.

Track men can take scholarships, too, without incurring anybody's ire but just let a golfer or tennis player try it and—boom—he automatically becomes a professional.

An amateur is a tennis player who can travel around the lush play spots of the world on an unending expense account but, if he tries it in golf, he gets the back of the USGA's hand.

MAXWELL IN CASE

The inconsistence of America's amateur code was emphasized this week when Billy Maxwell, 1951 National Amateur champion, and seven members of the North Texas State College golf team at Denton were stripped of their amateur standing—some for taking expense money for a venture to Mexico City, others for accepting fees for teaching fellow students.

The golf code is by far the strictest of American sports. A player can't accept expense money, can't get free equipment and can't receive a scholarship for golf ability alone. Once there was a law that a man who taught any sport — a football coach, for instance — was a pro in golf. This has been changed.

Tennis restrictions are liberal and getting lighter. Players are allowed first class air travel and $15 a day for an unlimited number of tournaments but they ask and get more. In Europe, especially, top flight players, such as Jaroslav Drobny, can demand high appearance fees to enter a tournament.

$500 FOR TORUNAMENT

Th eWimbledon champion is said to be able to get $500 extra for every tournament in which he shows up.

The Amateur Athletic Union puts a ceiling of first class rail ticket and $10 a day expenses on its track and swim stars and specifies that no more than $3 shall be paid for any one meal.

The National Collegiate Athletic Assn.—after fumbling around with the sanity code—has a vague rule on college scholarships which permits grants-in-aid. The only limit is institutional control.

Trapshooters have the unique arrangement which permits only amateurs to accept prize money—such as the $5,000 to Grand American Champion at Vandalia, O.—but the pros, who work for shotgun concerns, aren't permitted to take a penny.

But the most realistic attitude is held by the ice hockey people in Canada, who pay their simonpure athletes $500 a year and up. Highest paid performer in Canada probably is Jean Paul Belleveau of the Quebec Senior Hockey League team, who is reported to draw $20,000 a year.

Belleveau has to turn pro this year or be drafted by Montreal in the pro National Hockey League. Tough luck. It'll mean a 50 per cent cut in salary.

SW Conference Golf

(By The Associated Press)

Texas A&M, Texas and Southern Methodist won matches in opening the Southwest Conference golf race last week.

The Aggies beat Baylor 4-2, Texas defeated Rice by the same score and Southern Methodist edged Texas Christian 3½ to 2½.

Arkansas opens the race Monday against Southern Methodist at Dallas.

Stalling Paid Off When Rain Came, Syd Doesn't Believe It

By GAYLE TALBOT

PHOENIX, Ariz. (AP)—Out here in the cattle and cotton country they hold firmly to the belief that Syd Cohen, who has been pitching and managing ball clubs around these parts for a couple of decades, is the most colorful character the game has produced since Rube Waddell, another left-hander.

They are proud of the fact that Syd was the last pitcher in the American League to throw a home-run ball to Babe Ruth. That was in 1934, during Syd's brief association with Washington.

They tell a hundred stories of Syd and his fierce desire to win ball games in the Arizona-Texas League. Our personal favorite is the one relayed with great relish by Buck Elliott, present manager of the Phoenix Senators. He says it gives an idea of how stubborn Syd can be.

Seems that one night back in '49, Syd's El Paso team and Elliott's Bisbee-Douglas entry hooked up in a night game at Douglas. Syd was, of course, on the hill for the visitors, and there was a rare threat of rain in the air. From here on it's Elliott's yarn:

"Well, Syd's team jumped on us right from the start and ran up a 9-0 lead after a couple of innings (Buck recalls). We began looking at those rain clouds and taking our time about things. Syd was pitching so fast when we were at bat that he didn't even bother to wind up.

"Finally it came the last of the fifth and you could feel the rain in the air. Syd needed only three more outs to make it an official game, and he was really pumping. We adopted all the bush league tactics you ever heard of, such as tying our shoes between pitches, but he got two of us out in spite of everything we could do.

"When our third batter didn't get into the box quickly enough, the umpire ordered Syd to pitch anyway. Syd threw two in a hurry and the ump called them automatic strikes. On the third pitch my batter jumped into the box and managed to get his bat on the ball and foul it off.

"And right at that instant, so help me, the damndest rain storm Arizona ever saw hit that ball transformer, or something, and every light in town went off, including those in the park. We all ran for the dressing room to keep from drowning. It was pitch dark.

"After about 30 minutes the downpour let up a little and I suddenly remembered that in the rush I had left the box containing our valuables on the bench. We don't have a regular lock box in the dressing room like big league teams. I groped my way out up to my ankles in water, and when I stepped down into that dugout I went up to my knees.

"I found the box and was starting to wade back when I heard this slush-slush sound. I thought I was hearing things, because I knew nobody was out there, but I kept hearing it, and pretty soon I see this figure coming out of the gloom. It was Syd, and he passed within three feet without seeing me.

"He had been standing out there on that mound for 30 minutes, waiting to make that last pitch. I heard later he was so wet that the tobacco in his upper pocket had dissolved and run all over him.

"We nearly had it out at home plate the next night. Syd called me a lot of things you couldn't put in print and accused me of turning out the lights on him. He won't believe it was an act of Providence yet."

"All That I Have"
60 MINUTE SOUND — RELIGIOUS FILM
Is a man who contributes hundreds of dollars to the poor and destitute, who donates $50,000 to his Church's missionary program, who insists, "all that I have belongs to God"—is such a man mentally incompetent to manage his own affairs?
Wealthy Dr. Grayson is haled into court because his nephews think their uncle cannot be trusted with the care of his money. Even the so-called friends of Dr. Grayson bring damaging testimony and claim he is not of sound mind. Finally in his own defense, the aged doctor gives his explanation of the principles of Christian stewardship. Simply, yet forcefully, he points to the Bible text: "Ye are not your own . . . ye were bought with a price."
What kind of a verdict will the jury pass on Dr. Grayson? What will be your decision as you see this gripping picture? What verdict will you give as you see the principles of Christian stewardship put to a true test?

SNYDERITES AT TECH AFROTC BALL

Mr. and Mrs. Max von Roeder (left), James Franklin, Miss Billie Alford and Ellis Huddleston, all of Snyder, were among those who attended the Air Force Reserve Officers Training Corps military ball at Texas Tech, March 21. The dance was the first major social function held in the new $540,000 Student Union Building recently completed on the campus. Included in the school's new social center are a snack bar, recreation room, television viewing space, large ballroom, seven meeting rooms and a concession stand. The public will gets its first view of the building April 12 at open house.

U.S. Refugee Program Helping Many Who Flee Iron Curtain

FRANKFURT, Germany (AP) — They flee from the terrorized East in many ways.

Some pirate airplanes for their escape. Others have seized locomotives. An excursion boat captain ran his river ship past shooting guards to a haven for his family in the West. Most simply sneak by night across borders where Communist police have orders to shoot to kill.

All risk their lives, leaving homes, property and jobs behind. They arrive in the West by the thousands—free, but penniless. In an area already overcrowded with refugees, they face a bleak future.

This is where the United States steps in.

The U. S. has a project to help these fugitives get on their feet as free men. It's called the "escapee program." It began last summer with a $4,300,000 appropriation for its first fiscal year.

So far, it has helped nearly 12,000 fugitives: 4,500 Czechs, 3,000 Hungarians, 1,300 Poles, 600 Albanians, 300 Balts, 1200 Bulgarians 600 Romanians and 500 Russians.

It has enabled 3,400 of them to emigrate to the U. S., Canada, South America and Australia. For the others, it has provided food, clothing and medical aid. Some have received short training courses in languages or trades to help them qualify for emigration.

This program has convinced thousands—who were beginning to doubt—that their risk was worthwhile, that the free West really offers them a better chance in life.

"The significance of this program," says its director, Richard R. Brown of Littleton, Colo., "lies in the rebuilding of hope among the refugees. They become aware that they are not neglected by the free world. They no longer need to remain without prospects in overcrowded camps.

"Equally important, ways and means are provided to give practical and constructive expression to the good will and hospitality which the free world desires to extend to those whose faith in democratic ideals has induced them to flee from the Iron Curtain countries."

The law creating this program was introduced in 1951 by Rep. Charles J. Kersten, (R-Wis), who regarded it as a defense measure as well as humanitarian.

Naturally, the Communists don't like this program. They have complained in the United Nations but there appear no signs that the program will be abandoned. In fact, its directors hope for more money next year.

A recent report estimated there are more than 20,000 non-German refugees from communism living in camps scattered around the rim of the Iron Curtain—with about 400 more arriving every month. Refugees from the Soviet zone of Germany are cared for separately by the West German government.

The U. S. escapee program does not attempt housing and feeding. Their camps are operated by the country to which they flee. That country provides the barracks and a minimum subsistence diet.

The escapee program supplements their meager supplies and helps them emigrate. It works through many relief and welfare agencies such as the National Catholic Welfare Conference, the American Joint Distribution Committee, the American Fund for Czechoslovakian Refugees, the Lutheran World Federation, the American Polish War Relief and the International Rescue Committee.

Deadline For Plates Tuesday

More than half the sets of license plates assigned for registration of vehicles in the county throughout this year have been issued, which is indicative that most motorists have registered their cars, the tax office reported today.

The total number of vehicles registered since the new plates went on issue Feb. 1 was 6,124 at noon today, and a line of about a dozen persons waited to register vehicles. The county was assigned more than 13,000 sets of plates for the year, an estimate of its needs based on registration of more than 12,000 during 1952.

Tomorrow is the last day for registration without penalty.

The number of passenger cars registered so far is 4,019, commercial trucks 153, farm trucks 640, trailers 284, and the rest included commercial truck tractors, house trailers, deal numbers, farm truck tractors, motorcycles, and motor scooters.

Moore On Trial Today In Borden County

Fred Paul Moore, 35, of Gail and Snyder, an ex-convict, went on trial in district court at Gail in Borden County this morning under an indictment charging him as a habitual criminal. The charge alleges theft of horse saddles from the Beal Ranch in Borden County.

Charged with Moore, but not as a habitual criminal, is Leslie Gaskin, about 25, Centerville.

Presiding at the trails is Sterling Williams, district judge, and Renal B. Rosson, district attorney, is prosecuting.

Moore has a record of at least four felony convictions and has served sentences in state prisons of California and Texas.

BIRTHS

Mr. and Mrs. Pascual Ravis of Snyder are parents of a son born at 11:37 o'clock yesterday morning in Battenfield Hospital. The boy weighed nine pounds and five ounces.

Hill Put On Most Wanted List Of FBI

WASHINGTON (AP)—The FBI today put Floyd Allen Hill, Southwestern bad man, on its list of "10 Most Wanted Fugitives."

Hill, 40, twice an inmate of Alcatraz, is currently wanted for alleged participatiion in a $248,000 robbery, carried out in a fashionable Fort Worth motel last October.

Arrested and indicted after that robbery, Hill helped to lead a violent mass break of prisoners from Fort Worth's Tarrant County jail on Feb. 18. Ten men fought their way out of the jail.

In the motel robbery, the victims were two representatives of the deposed regime in Cuba. The FBI said the Cubans were in Fort Worth with a quarter million dollars in cash to negotiate an arms purchase, and were tricked into an interview with the robbers, one of whom posed as a spokesman for a group desiring to supply the weapons.

The Cubans were tied up in their hotel room at machine-gun point and the bandits departed with virtually all their cash.

A few weeks later, Fort Worth police arrested Hill in a wooded ravine near Azle, Tex. The officers found nearby a buried gallon vacuum jug holding $128,000.

A native of Fort Worth, Hill has a criminal record dating back to age 19 and has done time in numerous prisons in the Southwest.

He has a large build, weighs around 192 pounds and is 6 feet 2 inches tall. His dark brown hair is turning grey, and he has a cut scar in the center of his forehead.

He was put on the "most wanted" list as a replacement for Robert Benton Methus, southeastern states robber who was caught at Duson, La., March 19.

BURY THE HATCHET

Today is the second day of "Get Acquainted Week" in Snyder, and it is known as Friendship Day.

Today is the day for everyone to shake hands, renew old friendships, "bury the hatchet."

Tomorrow will be Neighbor hood Day, the day to get acquainted with persons on your block, street, and neighborhood.

Two Injured In Wreck Near Here Last Night

Two Lubbock persons were injured at 1:45 o'clock this morning when the automobile in which they were riding crashed into a bridge abutment 18 miles east of here on the Roby highway.

O. E. McComb, 28, suffered a broken hip, and his cousin, Bob McComb, 17, suffered abrasions. They were taken to the Battenfield Hospital in Bell ambulances. Hospital attendants said the youth was not seriously hurt.

Bill Zimmerman, highway patrolman who investigated the accident, quoted the driver as saying he fell asleep while they were en route from Abilene to Lubbock. Zimmerman said the car was a total loss.

More Cars Are Due Atom Blast Exposure

LAS VEGAS, Nev. (AP)—Already battered by one atomic blast, 50 automobiles are going to be hit by further detonations on the Nevada Proving Grounds.

Harold L. Goodwin, civil defense atomic test director, said the new exposure of the cars will be to supplement information obtained in the March 17 shot.

Exposure to an atomic pounding under different conditions will give a better basis for evaluating the degree of protection afforded passengers by automobiles, he explained.

Scout Camp At Lake Thomas

A group of 80 boys participated in the district roundup of Boy Scouts held at Camp Ed Murphy at Lake Thomas Friday night and Saturday.

The roundup was held to prepare the troops of the district for the Buffalo Trail Council roundup, which will be held at Big Spring April 24-25.

In competitive events, which will also be held at Big Spring, the White Coyote patrol of Troop No. 27 won first place over 11 other patrols. A patrol consist of five to 10 boys.

Members of the winning patrol are J. D. Gray, leader, Jerry Fleming, Jimmy Huffman, Bill Doak, Mike Harrison, James Snowden, Dickie Martin, Donald Gibson Richard Newman, and Robert Whitaker.

The patrol will be taken for a ride in an airplane in the near future by Phil Burns, who was head official of the roundup. Burns was assisted in the camp by A. J. White, Bruce Forbes, Pepper Martin, the Rev. Wayland Dowden, Bernard Bartels, and Bob Eastus.

Night activities were highlighted by lighting of the camp fire by Troop No. 27 and stunts by all the troops.

Troops participating were No. 27, led by Bartels; No. 34, Sig Line; No. 35, Martin; No. 38, Forbes; and No. 26 of Fluvanna led by Mr. Dowden.

Actor Is Put Under Care Of Psychiatrists

NEW YORK (AP) — Author-actor-director Elliott Nugent was placed in the Bellevue Hospital psychiatric ward early today, a hospital spokesman said.

The 54-year-old Nugent became ill last night at his club, The Lambs, and was escorted by police and his physician, Dr. Hyman Weitzen, to Roosevelt Hospital.

No diagnosis was made available immediately. The Bellevue spokesman said only that Nugent had been transferred there for observation.

Just 10 days ago Nugent was booked in Los Angeles on a charge of being intoxicated. Five days previously, on March 15, he was arrested twice in one day: once on a charge of driving while drunk and later on a charge of drinking in public view. He posted a total of $270 bail. On Feb. 7 he was halted twice by police in Banning, Calif., and paid a $25 fine on a charge of intoxication.

Nugent was co-author and star of the plays "The Poor Nut" and "The Male Animal," and co-star of the play, "The Voice of the Turtle."

Tomorrow Deadline On Absentee Voting In School Board Election

Tomorrow is the last day for absentee voting in the school elections set for April 4, Hardy W. Scarborough, secretary of the Snyder board, said today. No one has voted by absentee ballot in the Snyder district yet.

The six Snyder candidates for three places are Wayne Boren and Paul Keaton, incumbents, and Clyde Godwin, M. R. Estes, Weldon Johnson, and Dr. John Hamblen.

Absentee voting may be done at the regular polling place, the school district's tax office, west of the city hall.

Train Wreck Damage High

ERIE, Pa. (AP)—New York Central Railroad officials estimated today that property damage alone will total more than one million dollars in a triple train crash which killed 21 passengers and injured about 150.

After a 10-hour rest, wrecking crews resumed work today to clear the twisted wreckage of two passenger trains and a freight.

Two tracks on the railroad's main east-west line have been opened to traffic. Officials hope to have all tracks restored by tomorrow night.

Only one of the 21 persons killed in the pileup late Friday night just inside Pennsylvania, four miles east of Conneaut, O., is unidentified. The victim is a woman, about 30 years old.

More than 60 of the injured remain in hospitals here and in Ashtabula, O., and Conneaut. Three are in serious condition. They are Harold Ballman, Cincinnati, O.; Mrs. Elsa Dickout, Kenmore, N.Y. and Clayton Miller, Middlebury, Ind.

After a routine probe, the FBI ruled out any posibility of sabotage.

The New York Central said the wreck resulted from an almost unbelievable set of circumstances. Two passenger trains—Westbound No. 5 (Buffalo to Chicago) and Eastbound No. 12 (the Southwestern Limited) were about to pass at the same time two freight trains were passing on the other tracks. This is what happened, the NYC said:

Some stakes broke off a gondola car in an eastbound freight train, allowing a few links of 18-inch pipe to fall off.

One of the pipes struck the north rail of the westbound passenger track, bending the rail. Seconds later, the Buffalo to Chicago express hit the kinked section of rail and some of the cars smashed into a westbound freight. Several cars of the westbound freight train were derailed and No. 5's cars blocked the eastbound passenger track. Just then, the Southwestern Limited smashed into No. 5's cars.

James Buchanan was the only U. S. President who never married.

Blood Clots Rank Just Below Auto Accidents In Killing

ST. LOUIS, (AP)—Runaway blood clots in the human body kill three-fourths as many Americans every year as are slain by automobiles, a Philadelphia doctor reports.

These fugitive clots, called "pulmonary emboli," are possible following a surgical operation or childbirth—and they kill 30,000 people in this country annually, declared Dr. Meyer Naide, compared with 40,000 auto deaths.

The clots form in the legs, increase in size, then suddenly break away and race upward to the lungs, where they impair the oxygen supply to the body, often resulting in death.

Addressing the American Academy of General Practice, whose annual meeting ends today, the Women's Medical College of Philadelphia doctor said the only way to prevent the clots is to find and tackle them while they are small and stationary in the blood vessels of the legs. In this state, clots are called "thrombi"—hence the name "thrombo-phlebitis" for blood clotting in the legs.

Even when breakaway "emboli" are not formed, leg clots can sometimes result in ulcers, skin infections and swelling of the leg.

Dr. Naide said that despite a tremendous amount of research on thrombo-phlebitis and the development of drugs that can fight clotting, doctors are seeing almost as much of this ailment now as they did 15 or 20 years ago.

Clotting of blood usually occurs more readily after surgery or childbirth than under normal conditions because various blood vessels have been injured. Even the anxiety associated with undergoing an operation or childbirth contributes to the speed of clotting.

Also, people who undergo such experiences are naturally less active, hence their blood flows more slowly, increasing the likelihood of clots.

College Surgeons Say Action Will Be Taken Against Violators

LOS ANGELES (AP)—The director of the American College of Surgeons says: "We would expel any member of the college of surgeons who is guilty of fee-splitting, ghost surgery and unnecessary surgery."

Dr. Paul R. Hawley, the director, arrived yesterday for a section meeting of the college. He defined ghost surgery as an operation performed by one surgeon while the patient and family believe another is doing it.

"It's like any other black market activity and hard to get evidence," Dr. Hawley added. "The great majority of doctors are capable and are of the highest integrity and the men who engage in these practices constitute a small percentage of doctors."

PERSONALS

Mr. and Mrs. Pete Iverson and daughter, Linda, have moved from Odessa to 1907 Coleman. He is associated with Iverson Supply.

Mr. and Mrs. J. E. Woodson and daughter, LaNell, Lamesa Highway, attended funeral services in San Angelo Thursday for Mrs. Roy Clendening.

Mrs. R. B. Sears of 3301 Avenue U was taken to a Sweetwater hospital last night by Bolger ambulance. Mrs. Sears was entered as a medical patient.

Hugh Steen of El Paso, assistant superintendent of the El Paso Natural Gas Co., was a visitor here Thursday.

Janet and Bonnie Eckstadt, daughters of Mr. and Mrs. J. R. Eckstadt, 3724 Austin Street, underwent tonsillectomies Saturday in a Big Spring hospital.

Gloversville, N.Y., was so named because of group of glove makers from Scotland established a glove industry there before the Revolutionary War.

Miss Sandra Cooper

Miss Camille Cloud

Snyder Students Are To Attend Missouri School

Sandra Cooper and Camille Cloud, senior students at Snyder High School, have been accepted as students at Christian College in Columbia, Mo., for the 1953-54 school year.

Miss Cooper is the daughter of Mr. and Mrs. Charles H. Cooper of 3007 Avenue S and Fort Worth. Miss Cloud's parents are Mr. and Mrs. P. W. Cloud, Clairemont Road.

A junior college for young women, Christian was founded in 1851. It is the oldest chartered institution of its kind west of the Mississippi and has been located on its original 20-acre campus for more than 100 years.

County Offices Are Scene Of Open House

Extension Service offices were the scene for an open house Saturday sponsored by the Scurry County Home Demonstration Council.

Exhibits of clothing, baked goods and crafts were displayed.

Presidents of county home demonstration clubs who alternated at the punch bowl were Mrs. H. J. Schulze, Union Club; Mrs. C. M. Lyons, Tri-Community Club; Mrs. Dale Hess, Pyron Club; Mrs. Clarence Moore, Plainview Club, and Mrs. W. D. Durfey, North Clairemont Club. Other members of the house party were Miss Ruby Butts, county home demonstration agent, and the following council delegates: Mrs. Jack Wright, Mrs. B. M. DeLoach, Mrs. Lowell Light, Mrs. Lowell Thornburg and Mrs. J. W. DeFore.

Registering guests were the following 4-H Club girls; Pat Wade, Wanda Sue Crook and Juanez Teaff, Snyder Junior High School; Betty Hillis, Hermleigh, and Jacquelyn Martin and Beth Wiman, Fluvanna.

Arrangements of lilacs, tulips and iris were used to decorate the building which houses offices of the county home demonstration agent and the county agriculture agent.

About 125 persons attended.

Mrs. King Leads Altrurian Club's Suez Program

Mrs. W. P. King was program leader for the Altrurian Club Friday when countries of the Suez Canal were studied.

Mrs. Ross Blanchard was hostess at her home.

Exports and imports were discussed by Mrs. A. C. Preuitt. The people of the countries were discussed by Mrs. J. C. Dorward, and Mrs. Joe Caton told of the problems of the countries, with emphasis on Egypt.

Mrs. W. W. Adcock showed colored pictures she had taken last year when she visited Egypt and other Biblical lands.

Tulips, iris and azaleas were used in arrangements throughout the home.

Sixteen members attended.

Abshiers Are Hosts For Buffet Supper

Mr. and Mrs. T. C. Abshier were hosts for a buffet supper and bridge Sunday night at their home, Lamesa Highway.

Guests included Mr. and Mrs. R. G. Wilson, Mr. and Mrs. R. G. Tefft and Mr. and Mrs. Winston Birdwell.

Halfmann-Beuerlein Wedding Plans Told

Mr. and Mrs. Paul Halfmann of Olfen, Tex., have announced the engagement and approaching marriage of their daughter, Miss Lucile Halfmann to Louis J. Beuerlein of Snyder.

Joseph Beuerlein of Lawrenceburg, Tenn., is the bridegroom's father.

The Rev. Hubert Halfmann of Sacred Heart Cathedral in Amarillo, brother of the bride-elect, will read the ceremony April 8 at St. Boniface Catholic Church at Olfen.

Mrs. Winston Is Elected President Of Garden Club

Mrs. Wade Winston was elected president of the Garden Club Friday.

Other officers elected were Mrs. George Frazier, vice president; Mrs. Bill Davidson, treasurer, and Mrs. W. R. Bell, Sr., secretary.

Mrs. Worth Sayner reported on the garden show she attended in Dallas and described various arrangements.

Miss Fay Harrell brought arrangements of drift wood, which she discussed. She advised keeping the arrangement as near to nature as possible and suggested using rock, pebbles and flowers for accents. One of her arrangements, which suggested a sea horse, was shown as she told the story of a sea horse. She said drift wood arrangements are thought of in connection with modern furnishings and said the wood is usually polished if it is to be used with traditional furnishings. She exhibited another arrangement suggesting a ship of wood, jonquils and pansies. Mrs. Winston judged the arrangements.

Mrs. John Keller showed an arrangement of pansies in a colonial milk glass container. Mrs. Winston had brought an arrangement of pansies to be used on a round coffee table.

Mrs. Frazier was hostess at the Village. Twelve members attended, and Mrs. Herbert Feather was a new member.

EVENTS OF THE WEEK

MONDAY

VFW-American Legion Auxiliaries buffet supper, 7:30 p.m., club house.

TUESDAY

Cher Amies Bridge Club, 1:30 p.m., with Mrs. Warren Richardson, the Village.

North Side Baptist Ladies Auxiliary, 2 p.m., church.

Presbyterian Women's Organization, 2:30 p. m. at church.

Sine Cura Bridge Club, 2:30 p.m., with Mrs. H. G. Towle, 3000 Avenue U.

Couples duplicate bridge, 7:30 p.m., Country Club.

WEDNESDAY

Ace Bridge Club, 1:30 p.m., with Mrs. W. E. Byers, 3749 Avondale.

Altrurian Daughters Club, 2:30 p.m., with Mrs. Robert Wasson, 300 Thirty - seventh Street.

Cosmorama Club, 3 p.m., with Mrs. R. J. Kidd, 3709 Highland Drive.

Snyder Beauticians' Association, 7:30 p.m., Manhattan Banquet Room.

THURSDAY

Hi-Lo Canasta Club, 1 p.m., with Mrs. S. L. Surratt, Pan American Camp.

City P-TA Council, 1:15 p.m., school administration building.

Girl Scout Leaders Club, 3:45 p.m., Little House.

FRIDAY

Women's Golf Association, 9:45 a.m., Country Club.

Book Review Club, 2 p.m., Country Club.

Stumble and Fall Square Dance Club, 7:30 p.m., rodeo pavilion.

Rainbow Girls Are Sponsors For Dance

About 100 persons attended a dance sponsored by the Order of the Rainbow Girls Friday night at Humble's Recreation Hall.

Winifred Watson and Jeff Crane were hosts.

Music for dancing was provided by the Western Rhythmaires.

Proceeds from the dance will go into the travel fund for Rainbow Girls to attend the Grand Assembly in Galveston in June.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News or call 3-5486.

I have been trying to find a recipe using macaroni in a cheeseless casserole. Any suggestions? R. K.

If you like onion, this macaroni dish would be good either hot or cold. Cook 4 ounces elbow or shell macaroni in boiling salted water until tender (about 8 minutes). Drain and rinse. Combine macaroni and 1 cup sour cream, ½ cup chopped green onion and ½ teaspoon salt and toss lightly. Chill or heat in saucepan and serve hot. Makes 4 servings.

* * *

I clipped the recipes you published for orange bread and I especially like to have the recipes on hand which require no icing. Do you have any sort of chocolate recipe which would be good without icing? O. T.

This Chocolate Date Nut Cake is self - frosting. Combine and let cool: 1 cup chopped dates, 1 teaspoon soda and 1½ cups boiling water. Combine and blend well ¾ cup shortening, 1 cup sugar and 2 eggs, and add 1¼ cups sifted flour, ½ teaspoon salt, date mixture, ½ cup chopped nutmeats, and ½ cup chopped semi-sweet morsels.

Pour into greased 12x8x2-inch pan. Top with ½ cup chopped nutmeats and ½ cup chopped semi-sweet morsels. Bake at 375 degrees for 45 minutes.

* * *

We have a fiber rug that has just about seen its last days, but I'd like to try to paint it to use on the back porch this summer. What sort of paint should I use? Mrs. J. M.

First, clean the rug thoroughly with a vacuum cleaner. Then scrub it with a good rug shampoo according to label directions. Use a brush; work with circular strokes and wipe off each cleaned section with damp cloth. If rug is dry and brittle, spray it with clean water after shampooing. Apply a coat of sizing made with 1 cup of starch. Blend starch with 1 cup cold water; add 2 quarts boiling water. Blend smooth; brush on with large paintbrush. Then brush special paint, (your paint dealer can tell you the brand name), well into fibers. Two thin coats are better than one thick coat. Do not move rug until thoroughly dry.

Plan Your Entry Now... If You Didn't Start Sunday—Win That $100.00 !!

$200 IN CASH PRIZES

FIRST PRIZE $100.00
SECOND PRIZE . . . . . $ 50.00
THIRD PRIZE . . . . . $ 30.00
FOURTH PRIZE . . . . . $ 20.00

Let's Get Acquainted CONTEST

OPEN TO ALL Except Newspaper Employes And Their Families

No Sir-ree . . . it's not too late! You have until 5:00 p.m. Thursday, April 9 to send or bring your "Let's Get Acquainted" Contest entry to The Snyder Daily News! As you plan your entry — you are learning the names of more of our business folks: and, a total of $200 for the four winners!!

These Are Business Firms Wanting To Know More Folks --- They Sponsor "Get Acquainted Week"

HERE'S THE A-B-C's OF THE FIRMS IN "LET'S GET ACQUAINTED" CONTEST:

AIRLIFT FOR CAR WASHING

Even more important to the long life of a car than washing its outside is thoroughly washing the underside, Morriss Faver, above, co-owner of the Evans-Faver Chevron Service Station, Avenue L and Twenty-fifth Street, said. To permit easy, quick, and thorough washing of the underside of cars the station has recently installed the airlift being demonstrated above. (Lee Watson Photograph)

Underside Of Cars Getting Attention Now

A new machine that enables the Evans & Faver Chevron service station, Avenue L and Twenty-fifth Street, to wash cars more thoroughly and more quickly has recently been put to use there.

Morriss Faver, co-owner with Ralph Evans, said the new gadget is an air lift machine that raises either end or side of a car up so that the bottom side of the car can be washed with high pressure water quickly.

"Washing the outside of a car makes it look good, but washing the underside of the car is far more important to the long life of the car," Faver stated.

"With this new gadget there is no part of the car which we cannot wash thoroughly and quickly," he added.

For this added service the station makes no extra charge.

The new washing service is just one of the many extra features of the Evans & Faver Chevron station. Since the two young men bought the business on Jan. 15, 1952, they have constantly improved the services they offer.

Another very recent addition to their facilities is a machine called the Chevron-matic. It is a machine that reduces to almost nothing the time necessary to complete a credit card purchase of products at their station. The customers credit card is simply inserted in the machine, and all the necessary information is obtained by pulling a lever, leaving only the amount of the purchase to be filled in by hand.

"We honor all credit cards," Faver said.

Royalty Pays Queen Homage

LONDON (AP)—The thinning ranks of European royalty headed for London today to pay homage at the funeral of Queen Mary.

The royal delegations were to include young King Baudouin of Belgium; Queen Juliana of The Netherlands and her husband, Prince Bernhard; Crown Prince Olav of Norway, and ex-King Umberto of Italy.

Greece's Queen Frederika arrived yesterday.

They will journey to Windsor Castle for simple funeral rites tomorrow for the 85-year-old Queen grandmother, whose death last Tuesday severed British royalty's last living tie with the Victorian era.

Throughout last night and today, a silent file of mourning Britons moved past the dead queen's coffin as it lay in state in ancient Westminster Hall, adjoining the Houses of Parliament.

By dawn, nearly 40,000 people had passed the candlelit catafalque, resplendent in its purple drapings and silver pall.

The queen's coffin was brought to the hall yesterday, carried through crowded, silent London streets from Marlborough House, her residence where she died. Before the procession, the royal family attended a memorial service for her in the chapel there.

Woman Heads Cattlemen's Association

ALBUQUERQUE, N. M. (AP)—A woman of the West who slept at an Eastern women's college with a pistol under her pillow took over today as boss of a tough, realistic cowman's organization.

Mrs. Linda Mitchell Lambert was elected president of the New Mexico Hereford Growers Association, a group devoted to the production of registered cattle.

New Mexico ranchmen say that never before to their knowledge has a woman headed such an organization.

Mrs. Lamberg, of Mosquero, N. M., heads an association which, with 250 members, is one of the nation's largest organizations of pure-bred cattle growers.

Equally at home with tea cup or branding iron, the attractive cowgirl almost caused a riot when she checked in some years ago at Wellesley College in Massachusetts. As she unpacked, she chatted with her assigned roommate, a demure city gal.

Mrs. Lambert drew from her suitcase an Old West revolver—standard equipment at her ranch home—casually spun the cylinder to check the bullets, and stuck it under her pillow.

The Eastern girl fled in horror.

In town, Mrs. Lambert looks more like a Long Island socialite than a prosperous, successful ranch operator. On the range, however, she's at ease in boots, levis and a broad-brimmed hat.

She insists it's corny but true that she learned to ride about the time she learned to walk and started shooting a pistol almost as soon.

Born and raised on the famous Tesquesquite Ranch in Northwestern New Mexico, Mrs. Lambert says she is 45 and "not ashamed of it."

For years she operated by herself—and later with her son-in-law and daughter—her own spread, the Triangle Ranch of some 8,000 acres.

Her father was T. E. Mitchell, himself widely known in ranching circles. Her brother, Albert, is New Mexico Republican national committeeman and a member of the Department of Agriculture advisory committee.

Mr. and Mrs. R. W. Newman, 709 Twenty - fifth Street, spent the week end in Dallas with their daughters, Mrs. Leonard Davis and Mrs. Billie Yontz.

Scientists Find More Effects Of Atom Blast

RICHMOND, Va. (AP)—Laboratory workers here have intentionally burned themselves with heat waves simulating the flash of an atomic bomb.

More than a dozen scientists and laboratory aides at the Medical College of Virginia—including a woman doctor and a woman nurse—have bared their arms to a beam of hot light from a specially-rigged anti-aircraft arc searchlight.

While results can be compared only to the effect of earlier-model atom bombs, they should allow rough predictions of the effects of more powerful bombs, including the projected hydrogen bomb, the scientists say. The tests are supported by grants from the Army surgeon general's office.

Burns sustained by the volunteers have been only dime-sized because the heat from the searchlight is focused on a half-inch hole in a heavy shield.

But many second-degree, blistering burns have been produced, along with some burns approaching the third-degree variety, with the flesh practically charred.

All of the volunteers recovered without ill effects and are now planning further tests.

The most outstanding results so far of the human tests—and animal tests that went with them—are these:

1. They have conclusively disproved an earlier belief that persons caught in the open by an atomic blast would have three seconds to duck the bomb's heat.

Tests show that maximum burning occurs within a single second. This means that ducking won't prevent a person from getting burned—although he should duck anyway to escape blast and falling debris.

2. The tests demonstrated that Negroes burn more easily than white persons when exposed to flash heat. The scientists conclude that this is because white skin, like white clothing, reflects heat better.

3. Women were found to burn more easily than men—presumably because their skin is thinner.

4. The tests gave these new data on actual distances from a bomb blast at which burns of varying severity could be expected.

First degree burns, similar to sunburn, are possible from as far as 13,000 feet—over two miles—from the blast on a clear day.

Second degree burns, in which the skin is blistered, are possible at 10,000 feet.

BELL'S WINDOW FOR EASTER

Always one of the show spots of Snyder during any holiday season, Bell's Flower Shop window for Easter features Easter around the world with a large outline map of the globe and a man-sized Easter bunny. Roland Bell, owner, said that just as much care is necessary in making up each order of flowers as goes into the artistic window decorations. All the traditional Easter flowers escpecially lilies, are ready for the seasonal decorations, he said. (Lee Watson Photograph)

Easter Lilies Coming Out Of Storage Now

Lilies are being thawed out this week in preparation for the biggest flower holiday of the year at Bell's Flower Shop, 804 Twenty - fifth Street.

Roland Bell, owner of the busy shop, said that thawing out the lilies is literally true, because they have been in cold storage here for weeks in preparation for the Easter weekend, with its many parties and church functions.

Reason for storing the lilies in cold storage is that the plants begin blooming a few days before Easter, and if the blooms are not retarded by cold storage, they will bloom and be wilted before Easter day.

"So when we see the first blooms coming out, we rush all the lily plants to the cold storage plant where the atmosphere keeps them from blooming until they are taken out again," Bell said.

"We remove them just in time to complete their blooming to be their most beautiful on Easter day," he said.

5-Year-Old Already In Car Theft Trouble

WEST PALM BEACH, Fla. (AP)—Police said a 5-year-old boy took a taxicab from a parking lot yesterday, drove it a block and crashed into the Dixie Court Hotel when he tried to turn the corner.

The boy fled the wreckage on foot but was caught four or five blocks away and taken to police headquarters, where juvenile authorities and his parents took charge.

Only minor damage was caused he hotel but damage to the taxicab was estimated at $150.

MOTH PROOFING SERVICE

Included in the addition of more than $2,000 worth of new equipment this season at Highland Park Cleaners is a new moth proofing service being demonstrated above by Si Steinberg, owner of the fast growing business firm. "The moth proofing service is backed up by a 5-year guarantee," Steinberg said. (Lee Watson Photograph)

Moths Have No Appetite For Clothes Treated At Cleaners

Moth proofing of all your clothing that could possibly look appetizing to the destructive pests can now be done in Snyder and with a five-year written guarantee at Highland Park Cleaners, on the Big Spring Highway just south of Thirty-seventh Street.

Mr. and Mrs. Si Steinberg, owners of the cleaners, have just added the moth proofing service as part of more than $2,000 in additions made to the plant this season.

"We moth proof anything a moth will eat," Steinberg said.

His service is the Ya-De moth proofing system which permits the moth proofing chemicals to be sprayed into the garments or other materials with a small spray gun and requires only a few additional minutes per garment while they are at the cleaners.

"One application of moth proofing will last five years, regardless of how many times the garment is cleaned or washed, and it leaves absolutely no unpleasant odors nor stains," the plant owner said.

Another service to be added this spring will be storage of winter clothing through the summer months.

"Many persons have taken their winter clothing to out-of-town storage plants for summer storage in the past, and many of the same persons have suggested that the storage will be much needed service here," Steinberg said.

About his moth proofing service, Steinberg added that his firm will moth proof any clothing, furs, rugs, drapes, or upholstered furniture, and for prices that are surprisingly inexpensive for the service offered.

Mr. and Mrs. George Gray of McCamey were guests Friday in the home of their son and daughter-in-law, Mr. and Mrs. George Wetzel, 220 Thirty - fifth Street. The Wetzels' son, Raymond Ellis, who had been visiting his grandparents, also returned home.

PRESIDENT GREETS PREMIER

President Eisenhower shakes hands with French Premier Rene Mayer as they meet aboard the presidential yacht Williamsburg in Washington for cold war strategy talks. French Ambassador dor Henri Bonnet stands at center.

BOYLE'S COLUMN

Men Should Pay Attention To Their Thinning Hair

By HAL BOYLE

NEW YORK (AP)—Ladies, you've learned the art of staying young and lovely. Maybe there'll be more money in the bank for you now if you see that the man in your life is well-tressed, too.

I have always held that a gray-haired man looks distinguished, and a bald-headed geezer is a more romantic lover than a boudoir full of these curly-haired young male movie stars whose skulls are dandruff nest and who have to paste beaver fuzz on their chests to look virile.

Ten million American baldies say I'm right. But my wife says I'm crazy, and Albert the noted hairdresser, who isn't any kin, just says I'm wrong.

Albert, who operates a kind of masculine Fifth Avenue charm school for the weary business tycoon, says it is high time for the average man to steal a bit from the household budget and start peacocking himself up a bit.

FOR LOVE AND MONEY

"This is important both in terms of love and money," he said. "The American wife keeps her youth in middle age. She is a gorgeous strawberry or silver blonde. But her husband is a gray shadow who looks at least 15 years older. She looks like sister, he has worked hard and hasn't taken care of his appearance. So he looks like grandpa.

"But this is an age of youth and vigor. Men who are gray or bald find it harder to get promoted or land a new and better job.

"A wise man also should never lose his head—or his hair—over a woman. Because he will need both to get another one."

Kind of discouraging to us baldies. What can a man do?

"The same thing a woman does," said Albert. "He should adapt his hair style to his face."

"If he has a wide face, he should avoid close-cropped hair. It makes him look fatter. A fellow with Clark Gable ears shouldn't clip his hair short either. You can see why, yes?

MORE TOUPEES

"A man getting baldy may cover it by changing the style he parts his hair. He shouldn't plaster it down. A few permanent waves may thicken it, too, and give it body. There are many ways to disguise thinning hair."

"I will bet you that maybe one out of 25 men you meet today wears a toupee, or a piece of a toupee," he said. "You can wear a toupee," and stand on you head with it on, go swimming, or take a shower. I have worn a toupee four years myself, and my own mother hasn't noticed it."

Of course, Albert still has more hair of his own than he did when his mother first met him. You can think of that.

Gene William Hackett, heir to a fortune estimated at $100,000 by FBI agent J. K. Mumford, is pictured in a cell of the county jail at Dallas, Tex., after his arrest as a fugitive from the Wisconsin State Prison. In announcing the arrest the FBI said Hackett was serving a three-to-ten-year sentence for armed robbery when he broke out of the Wisconsin prison April 20, 1952. He will come into his inheritance, largely real estate holdings in West Allis, Wis., a surburb of Milwaukee, in a year and nine months when he will be 30 years old.
