

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Possible Opener In Lynn To Set Casing

Houston Oil Company of Texas and Seaboard Oil Company of Delaware No. 1 H. B. Howell, possible Pennsylvanian discovery in Southeast Lynn County, is preparing to run seven-inch casing and make production tests.

On its most recent drillstem test at 9,313-80 feet, the venture yielded 500 feet of heavily oil and gas cut mud and 228 feet of drilling mud, with no shows of formation water.

The tool was open four hours. Gas surfaced in two hours and 30 minutes. Flowing pressure was 400 pounds, and 15-minute shut-in pressure was 2,700 pounds.

Running Log
Operators are now taking electric log, preparatory to running seven-inch pipe.

On a drillstem test at 9,312-40 feet, recovery was 720 feet of free oil. A tentative top of this paying Pennsylvanian formation is 8,996 feet, on an elevation of 3,033 feet.

The No. 1 Howell is seven and one-half miles southeast of Tahoka, and 467 feet from north and east lines of section 451, block 1, E1&R2 survey.

C-S Mitchell Due Pennsylvanian Test

J. C. Michael of Dallas has filed an application with the Railroad Commission of Texas requesting a permit to start operations at once on his No. 1 Ellwood estate which is to be a 7,500-foot wildcat to test through the Pennsylvanian lime in Central-South Mitchell County.

Location is 450 feet from north and 499 feet from east lines of section 20, J. P. Smith survey. It is 14 miles south of Colorado City.

Michael has a spread of 2,020.81 acres adjacent to the drillsite.

This prospect is in a region where several deep wildcats have been drilled during recent years.

Some of those ventures had some interesting shows of oil and gas, but none of them were able to develop commercial production.

Pump Being Installed On Sterling Opener

Plymouth Oil Company is installing a pump in its No. 1 TXL prospective Clear Fork-Permian discovery in Central-West Sterling County, 15 miles west of Sterling City.

This project is bottomed at 2,435 feet in the Clear Fork lime which was entered at 2,425 feet. Elevation is 2,589 feet.

A string of 5 1/2-inch casing is set at 2,245 feet. That pipe may be lower before the well is finally completed.

On the latest tests made before work of installing the pump was started, the project bailed oil at the rate of three barrels per hour. It did not show any water and the oil could not be lower below 500 feet from bottom.

The bailer used to pull out the oil was small and the three barrels per hour does not show the full oil yielding ability of the wildcat.

After the pump is in working order operator will run tests and likely complete the well for around 100 barrels per day. The pay section is being produced naturally.

Location is 660 feet from north and west lines of section 1, block 31, T&P survey, T-5-S.

Discovery In Terry Proves More Reef
Union Oil Company of California No. 1 Laura Cotten, new reef discovery in Central Terry County, has flowed oil on another drillstem test.

On the 75-minute test at 10,062-123 feet, gas surfaced in four minutes, mud in 11 minutes and oil in 11 1/2 minutes.

The oil was flowed to pits for three minutes, then was turned to.

Yanks Drive Back Red Vanguard In Assault On Taegu

TOKYO—(AP)—Doughboys drove back vanguards of 50,000 Red Koreans pressing down from the north against Taegu on the Korean central war front Wednesday.

A combined American-South Korean attack was hurled at North Korean flanking infiltrators at dawn. Some Reds had penetrated within eight miles of Taegu.

The heaviest fighting on the whole 120-mile-long Korean battle line was on the American right flank before Taegu.

A break-through by Red forward elements would unleash five Communist divisions for a drive on Taegu, 12 miles to the south of the bloodiest fighting.

A big push for Taegu was considered imminent but there was no official mention of it at headquarters. General MacArthur omitted his early Thursday war summary, a usual indication that the situation is generally unchanged.

On the Taegu front, troops fought over a 100-yard-wide no-man's land. Big guns and planes poured deadly fire into the narrow line, and casualties were believed to be heavy.

The Reds brought out hoarded tanks but kept them out of range. They lost 11 of them in four days fighting before Taegu.

Next 48 Hours Critical
Col. John Michaelis, commander of the U. S. 27th "Wolfhound" Regiment, said he expected the opening phase of an all-out Red drive on the Taegu supply and rail hub was near at hand Wednesday.

AP Correspondent Don Whitehead at the front quoted Colonel Michaelis as saying:

"The next 48 hours could bring a decision. If we can stop them, we will break the back of this drive."

AP Correspondent Tom Lambert reported from the Taegu front that hundreds of Reds attacked American artillery positions that were pounding a wedge the Communists.

Food Price Hikes Kick Living Costs To Two-Year High

WASHINGTON—(AP)—Soaring food prices have shot the government's official cost-of-living index to its highest level in almost two years.

Under at least partial influence of pressures built up by the Korean war, the Bureau of Labor Statistics' index climbed 1.4 per cent between June 15 and July 15. The Korean fighting started June 25.

The month's rise brought the total rise between April 15 and July 15 to three per cent.

The spurt, announced by the bureau Tuesday night, brings a five-cent-an-hour pay boost to 335,000 General Motors Corporation wage earners, effective September 1. Their wages are tied to the agency's figures on living costs under contract with the CIO United Auto Workers.

General Motors quickly announced there was no basis for speculation that the pay increases would cause rises in the cost of GM automobiles and trucks. The company said it is trying to hold prices stable and hopes prices generally will level off.

First Cotton To Be Auctioned Thursday

Midland County's first 1950 bale of cotton will go on the auction block Thursday morning in front of the Midland National Bank. Bidding will begin promptly at 10 a. m.

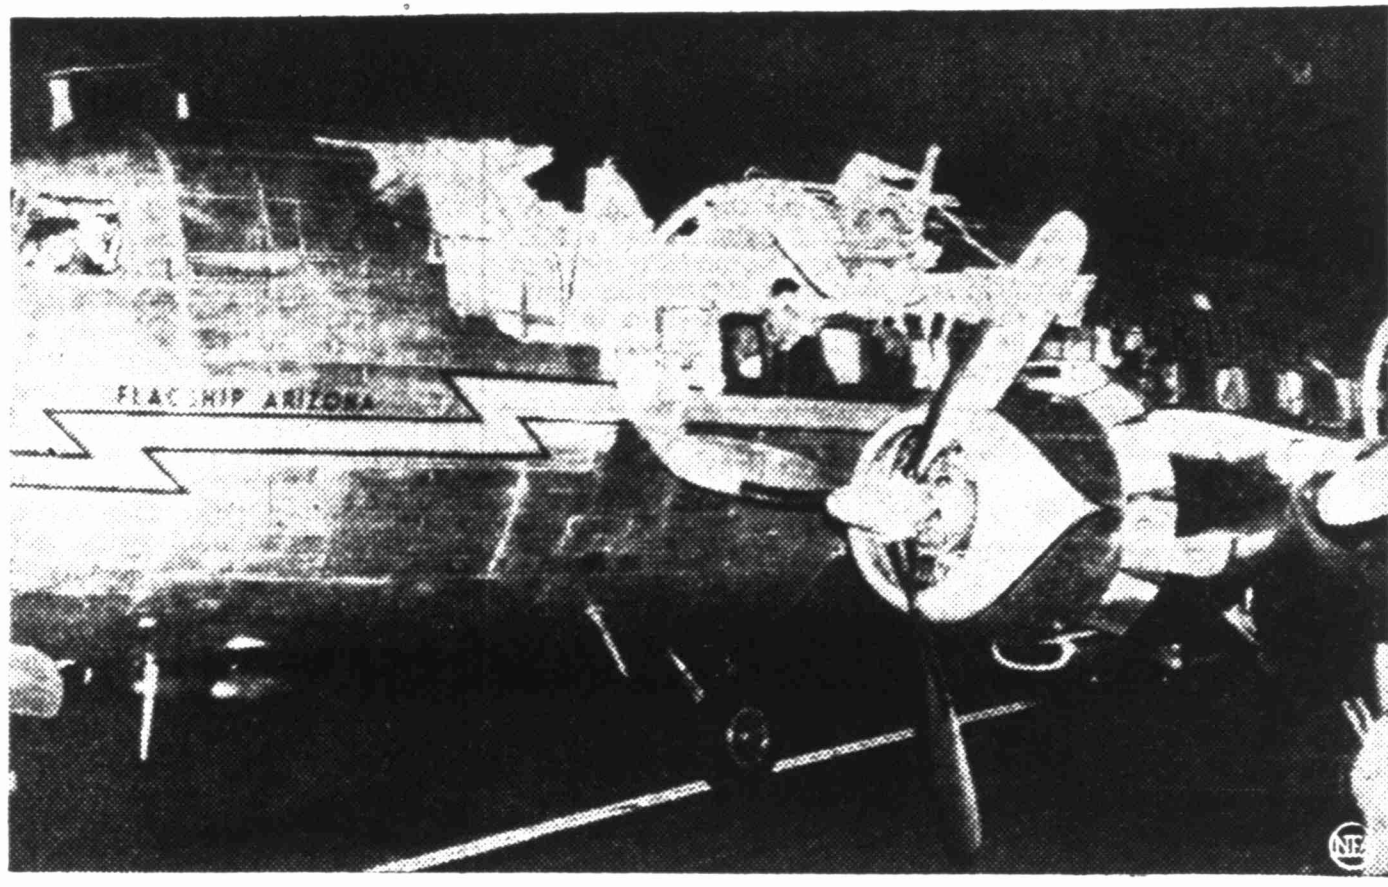

The bale, grown by J. C. Brooks on his farm, five miles east of Midland, weighs 540 pounds. It was ginned August 17.

Chamber of Commerce Manager Delbert Downing said the bidding will begin at a figure above the current market price and all bidders will be required to pay the difference between their own bid and the previous bid.

A large group of bidders is expected to be present for the auction.

Cotton Ginnings Below 1949 Level
WASHINGTON—(AP)—The Census Bureau reported Wednesday that 446,872 bales of cotton were ginned from the 1950 crop prior to August 16.

This compares with 555,168 bales in the corresponding period of 1949, and 559,476 bales in 1948. Ginnings by states, 1950 as compared with 1949 and 1948, included: Texas 438,136, 544,185 and 499,642.

PROPELLER RIPS AIRLINER—An American Airlines DC-6, flying non-stop from Los Angeles to Chicago, lost a propeller while flying high over the Rockies near Denver, Colo. The prop cut through the top of the fuselage, injuring seven persons. One man died of a heart attack. The crew landed the crippled ship at Denver, where the injured were taken to a hospital.

Interest Mounts In Saturday Vote

Voter interest in Saturday's second Democratic primary here and elsewhere in West Texas was warming up Wednesday as candidates landed parting licks as the campaign deadline neared.

Some observers who last week had predicted an exceptionally light vote, now forecast a "fairly representative" vote in the runoff election. Indications, however, are that the voting will be much lighter than in the July 22 primary, when new voting records were established in Midland and numerous other counties in this area.

In Midland, a total of 167 absentee ballots was cast in the absentee voting period which closed Tuesday night. The figure compares with 286 absentee ballots cast for the first primary.

The total number of votes cast in the first primary in Midland County was 4,064. The county has a voting strength in excess of 6,300.

Red-Hot Campaigns
Two "red-hot" district races are attracting increased interest here as election day approaches. In the 16th district congressional contest, Congressman Ken Regan of Midland is opposed for a second term in Congress by Paul Moss of Odessa.

The other district race pits R. W. (Bob) Hamilton of Midland against Raymon Stoker of Odessa for judge of the 70th Judicial District, the post now held by Moss.

Regan Tuesday night concluded his campaign in the El Paso sector and Wednesday started a final swing through the district before returning to Midland late Thursday or Friday. The contest has been the warmest and most expensive in the history of the district.

Hamilton has been campaigning most of this week in Odessa while Stoker has been working the Midland front. The 70th Judicial District includes Midland and Ector Counties.

State Races
In the five races for state offices, Pierce P. Brooks and Ben Ramsey are battling it out for lieutenant governor; Will Wilson and Fagan Dickson are Associate Justices of the Supreme Court (Place 1) opponents; Meade F. Griffin and George W. Harwood are candidates for Associate Justice of the Supreme Court (Place 2); Robert L. (Bob) Lattimore and W. A. Morrison are seeking the office of judge of Court of Criminal Appeals; and John C. White is opposing J. E. McDonald for reelection to the post of Commissioner of Agriculture.

The polls will be open between the hours of 8 a. m. and 7 p. m. Saturday, according to Louis A. Bartha, chairman of the Midland County Democratic Executive Committee.

Man Found Dead In Car Near Tulia

TULIA—(AP)—The body of Lawrence Horton, 25, was found Tuesday beside his car, parked near Tulia's Lake, near Tulia.

Officers said they could find no marks of violence and nothing was disturbed on the body of the man or in his car.

A fisherman who found him said he had bled from his mouth and nose. A post mortem was scheduled Wednesday.

Horton was working for an insurance company in Tulia. The widow and a child, of Plainview, survive.

★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—Senate and House conferees Wednesday agreed on a bill to provide approximately \$686,000,000 for rivers and harbors work. This is a cut of \$77,000,000 from the amount originally approved by the Senate and a \$56,000,000 increase over the amount voted by the House.

TORONTO—(AP)—The Globe and Mail reported Wednesday that 10 United States Army Engineers have arrived in Northern Ontario for what is believed to be a survey for the location of a chain of radar stations across the North.

Wichita Falls Flood Threat Ebbs; Rains Sweep North Texas

The flood threat at Wichita Falls eased Wednesday although rain still fell over North Texas.

Holiday Creek, whose meandering, muddy waters forced evacuation of 45 families Tuesday, was receding.

The crest of high waters from upstream on the creek entered Lake Wichita. The level of the lake near Wichita Falls was rising rapidly.

The big Wichita River, which cuts through the northern part of Wichita Falls, was rising. Observers expected no trouble there, however.

Heaviest overnight rain meanwhile was at Gainesville in North Texas, where 3.45 inches was recorded in the 24 hours ended at 6:30 a. m. Other rain: Sherman and Gunter 1.52, Muenster 1.40, Valley View 1.30, Anna 1.21, Farmersville 1.05, Wichita Falls .79, Dallas .16 and Fort Worth .13. Rain continued to fall at Wichita Falls Wednesday. Almost half an inch fell between 3 and 4 a. m.

Panhandle Skies Clear
More rain was predicted for the Wichita Falls area. Skies were clearing in the Panhandle and the drought hung on in South Texas.

Temperatures were unseasonably cool in North Texas, and hot in the South. Precipitation on the border had a shimmering 104 reading Tuesday. Dalhart in the upper Panhandle had a chill 58 early Wednesday.

RED-HOT MAMA—Mrs. Irma Hamilton, 24, was recently chosen to represent Florida's Miami Beach in the annual Mrs. America contest at Asbury Park, N. J., on September 10. Married six years, Mrs. Hamilton is the mother of a five-year-old son.

No Tax Increase Will Be Required To Finance Issues

The Midland City Council Tuesday night adopted a resolution calling an election for September 9 on a \$3,500,000 bond issue for expansion of water and sewer services, street improvements, and the construction of two new fire stations and a new city jail.

The bond proposal last week was submitted to the council by the City Finance Commission, following the presentation of a report to the commission by the First Southwest Company of Dallas on the fiscal structure of the city. The commission recommended that an election be called promptly.

Mayor William B. Neeley presided at the council session. Councilman F. N. Shriver was absent.

The bond funds, if approved by the voters, would be distributed as follows:

Water improvements, \$1,600,000; sewer improvements, including the construction of a new sewage disposal plant, \$1,400,000; street improvements, \$275,000; new fire stations and fire equipment, \$175,000, and a new city jail, \$50,000.

The bond proposal will be placed before the city voters on the same date Midland County voters will ballot on a proposed \$1,000,000 county bond issue.

No Tax Hike
The city program, if approved, will call for the issuance of revenue bonds totaling \$3,000,000 for the sewer and water projects, to be issued over a period of 30 years at an interest rate not to exceed three and one-fourth percent per annum. The remaining \$500,000, for the new fire stations and city jail, would be tax supported, with bonds issued for a period of 25 years with an interest rate of not more than three and one-fourth percent per annum. It was indicated that issuance of the tax bonds will not require an increase in the tax rate, but that water rates likely will have to be increased to retire the revenue bonds.

The council also approved the appointments of Riley Parr as presiding judge and Cordelia Taylor as judge of the election. Mrs. Alma Ligon, Mrs. Allene Middleton and Mrs. Blanch Shepard will be clerks. The election will be held in the (Continued On Page 16)

Rates would be \$1.50 for 2,000 gallons consumed; \$2.70 for 5,000 gallons; \$4.70 for 10,000 gallons; \$6.20 for 15,000 gallons; \$7.70 for 20,000 gallons; \$9.20 for 25,000 gallons, and \$16.70 for 50,000 gallons.

The present water rates are based on a \$1.50 minimum charge for the first 4,000 gallons consumed and 20 cents per thousand for all additional water.

The increase in sewer rates would be effected as follows:

Residential: First four fixtures, 75 cents; each additional fixture, 20 cents.

Commercial: First 500,000 gallons of water used, eight cents per 1,000; all over 500,000 gallons, five cents per thousand.

Two Unions Agree To Forego Further Rail Walkouts Now

WASHINGTON—(AP)—Two striking rail unions Wednesday promised "to the time being" to keep their token walkouts from spreading into a tieup of national operations.

Leaders of the 300,000 trainmen and conductors agreed to withdraw their threat to strike one or more major railroads when this week's five-day shutdowns at three terminals and two steel-carrying railroads have run their course.

The White House kept up its determined prodding for a solution to the long wage-hour dispute between the two unions and the nation's principal railroads.

The union chiefs said through a spokesman they would forego any new walkout orders out of consideration for President Truman's peace efforts. They said the move had not been requested by President Truman but was out of "respect for him."

There was no indication how long the voluntary moratorium on strikes would last.

Three terminals were struck Monday in Cleveland, Louisville and St. Paul, and two short but strategic railroads were shut down Tuesday. The rail lines were the Elgin, Joliet and Eastern and the Pittsburgh and Lake Erie.

Woman's Slaying By 'Stray' Bullet Now Under Probe

CORSICANA, TEXAS—(AP)—Sheriff David Castles Wednesday said the fatal shooting of a 62-year-old woman August 11, previously attributed to a "stray" bullet, now is under intensive investigation.

The sheriff said the .22 rifle from which the bullet was fired has been identified through ballistics tests, and that its owner has been questioned. He said the case may be turned over to the grand jury.

Mrs. L. E. Strange of Oak Grove was found in a dying condition by her husband about 4 p. m. August 11. She had left the family residence for a nearby garden when the bullet struck her. Officer said then it appeared she was struck by a stray bullet.

Polio cases will show some fluctuation from week to week for the rest of the year, but the general trend will be downward, State Health Officer George W. Cox said.

Face-Lifting Round Won By Football Hero Jim Thorpe

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—Jim Thorpe, who once captured weight-lifting contests, just won a face-lifting round. Ten years were peeled off the football hero's face for a personal appearance stunt with "Jim Thorpe—All-American." Dr. Robert Alan Franklyn did the carving. . . . Spencer Tracy is worried about his health but medical men have assured him he's in tip-top shape. . . . Bette Davis has been undergoing secret medical treatment. . . . Katharine Hepburn's wearing the gamine grin about the rumor that William Prince is her big romantic moment. Katie's side of it: Her brother is a dead ringer for Prince. One day Kate and her brother were bicycling and a spotter got his identities confused.

Note from Thelma Fitter, vacationing at Fire Island, N. Y.: "We arrived down here at the beach to find our cottage crowded with noisy, resentful swallows who seemed anxious for us to go back to Capistrano."

Life With Lana
Somebody had to eat humble pie and it wasn't Lana Turner. West coast representatives of Life Magazine had to do some fast talking to get Lana's OK to shoot pictures of her with Enzo Pinza on the set of "Mr. Imperium." Lana put the mag at the top of her hate list when an unflattering picture of herself in her wedding gown, appeared after her marriage to Bob Topping.

Famed film writer Jane Murnin—once Donald Crisp's wife—is now working as talent scout for a big 10 per cent agency. . . . Richard Green and Pat Medina, who can't make up their minds about a divorce, were a buzz-buzz combination at the darkest table at the Villa Nova.

Elyse Marshall, co-starred with Rory Calhoun in "Rogue River," was named "Miss Profile of 1950" by a group of amateur photogra-

★ THE DOCTOR SAYS ★
Asthma May Be Cleared Up If Sinus Infection Is The Cause
By EDWIN P. JORDAN, M. D.
Written for NEA Service

Shortness of breath and wheezes in the chest are the most common signs of asthma. The diagnosis, however, cannot be made until the physician has listened carefully over the chest and X-ray films have been taken. The results of these examinations show better than symptoms do how much of the lung is involved and the seriousness of the condition.

The location of the difficulty is in the bronchial tubes which lead from the main breathing tube or trachea into the lung tissue. The walls of these small passages become thickened. The passages are narrowed and filled up with mucus which the lung constantly tries to get rid of.

Spasms or contractions of the bronchial tubes frequently occur, and when they do, still further decrease the space through which air can pass to the lungs. The shortness of breath, therefore, of which most victims of asthma complain, is caused simply by the fact that the lungs are not getting enough air and are trying to get more. Likewise the coughing which accom-

panies asthma is nature's attempt to clear out the mucus and enlarge the breathing tubes.

Asthma usually comes on rather gradually after a person has shown signs of sensitiveness to some foreign protein substance for a long time. For this reason it is usually already well established before diagnosis is made. Treatment is consequently difficult. Even when the substance which has caused the asthma has been identified and removed—and this is often difficult—the asthma may keep on.

In some cases sinus infection is responsible for the asthma and treatment of this infection may clear up the asthma. The use of an iodized oil injected into the bronchial tubes has helped some people. X-ray treatments and breathing a gaseous mixture containing oxygen and helium also have been tried with success in some cases.

Many victims of asthma have had to consider moving to a location where the protein to which they are sensitive is absent and where the climate is drier. Such change of climate has been helpful to many. It also has failed to help many. For this reason the victim of asthma who seeks relief by change of residence is advised to try the new location for several months or so before making a permanent decision. The best results with asthma come when the exact cause can be discovered and remedied.

III John 5-8; Col. 4:11; I Cor. 3:3-9.
WORKING WITH AND FOR OTHERS

The Kingdom of God is among you! The fourth attitude we can take toward others is to work with and for others. This sounds like a great advice, so imperative and so demanding is the Kingdom of God that even this turns out to be inadequate. For we may work with others and yet reserve our inner life from others. So sensitive are these laws of the Kingdom that an outer conformity to brotherhood will not do. If the inner self is withheld the relationships break down.

There is only one attitude toward others that will work. Fifth: work with and for others. You must not only work with people; you must work for them as well. There must be positive outgoing good will, a desire to help the other person as you would be helped. Labor and capital can work together, but only when the relationship is built on a generous and just basis will there be relaxed attitudes of good will, a new spirit in the relationships, and a new increase in total output and hence in profits. Just generosity is literally the best policy. It obeys the law of the Kingdom, "Thou shalt love thy neighbor as thyself." This law is written into the constitution of our relationships, and hence it

Old Laws Worrying British Innkeepers
LONDON —(AP)— Laws framed hundreds of years ago, when highwaymen terrorized the roads, are worrying British innkeepers. The matter came to a head after a motorist claimed damages for loss of his car stolen from an inn car park. The judge found the innkeeper liable. The old laws were made for protection of travelers against highwaymen. Innkeepers say they were quite reasonable when framed. A thief could hardly break into stables and bring out a horse, much less harness it to a carriage or coach, without the landlord or stable boy knowing it. Today, they say, a car can be driven away from a car park without the landlord's knowing that the driver is not the owner.

4 new Parker Pens

FOR THE FIRST TIME, YOU CAN BUY A MODERN, PRECISION-MADE PARKER PEN AT JUST ABOUT ANY PRICE YOU WANT TO PAY! CHOOSE NOW FOR SCHOOL, FOR BUSINESS, FOR HOME.

new Parker "51" with the Aero-metric Ink System!*

The world's most-wanted pen... acclaimed for beauty and unequalled performance. Now equipped with the new exclusive Aero-metric Ink System and designed to far outlast ordinary pens. A real investment in writing pleasure! 8 rich colors...Platinum-tipped 14K gold points.

\$13.50
Pen and pencil set, \$19.75 (No. F. E. tax)
Other "51" Pens, from \$19.75

new Parker "51" Special*

Offers the smartest styling and typical "51" precision features. New-type, fastest-action filler. Visible ink supply. Pli-glass reservoir.

(No rubber parts) Super-smooth point of Octanium, the 8-metal alloy. Exclusive metered ink flow. 4 colors. Lustraloy caps.

\$10.00
Pen and pencil set, \$15.00 (No. F. E. tax)

new Parker "21"*

Unsurpassed for style and precision at any price under \$10.00. Many fine-pen features. Octanium point... simplified filling mechanism.

...see-through ink chamber of Pli-glass. (No rubber parts) Deep clip guards against loss. Stainless cap. Colors: blue, green, red, black.

\$5.00
Pen and pencil set, \$8.75 (No. F. E. tax)

new Parkette

The outstanding economy-priced pen of the year. A real Parker Pen... style plus genuine value clear through. Satin-smooth, interchangeable point. Slip-on cap. Uses Parker Quink or any regular ink. Colors: black, blue, gray, red.

They write dry with wet ink!

Parker "51" and "21" Pens, and only these pens, are designed to use dry-writing Superchrome Ink. YOU NEVER NEED A BLOTTER! (They also use ordinary ink.) Parker—winner Fashion Academy Award.

\$3.00
Pen and pencil set, \$5.00 (No. F. E. tax)

Billie Prothro And Joe Mabee Marry

In a morning ceremony Wednesday in the First Methodist Church Billie Prothro became the bride of Joe Mabee.

The bride is the daughter of Mr. and Mrs. W. F. Prothro and Mabee is the son of Mr. and Mrs. Guy Mabee. The Rev. J. P. Terry of Donna, uncle of the bride, read the single-ring ceremony.

Large rectangular baskets of white gladiolus and asters were placed in front of the chancel rail and two standing; baskets of the same flowers stood behind the rail. A fan-shaped arrangement of the flowers centered the organ. Family pews were marked with white satin ribbon.

Lynna Dell Moore, organist, played "One Alone," Romberg, and "Deep In My Heart, Dear" for pre-nuptial music. Alex Oates sang "I Love Thee," Greig, before the ceremony, and "The Lord's Prayer" Ma-lotte, for the closing prayer of the ceremony while the couple knelt. Miss Moore played "Clare de Lune," Debussy, during the ceremony. Peggy Whitson was the bride's

maid of honor and Mrs. Lamar Ko-pecky, her sister, was matron of honor. Dale Grider of Odessa served as best man and Louis Mabee, uncle of the bridegroom, was an usher.

Given in marriage by her father, the bride wore a street length dress of white pique fashioned with a sweetheart neckline and portrait collar, cap sleeves and a flared skirt. A bandeau of white carnations caught her shoulder length veil of French maline.

She carried a satin covered Bible topped with white carnations and bovardia showered with white satin streamers with bovardia tie. In the lovers knots.

Aqua Dresses
The attendants wore aqua dresses fashioned like the bride's. They carried colonial bouquets of yellow carnations showered with yellow satin ribbon. They wore bandeaus of yellow carnations in their hair.

Mrs. Prothro wore a navy sheer dress with white accessories for her daughter's wedding and Mrs. Mabee wore an aqua lace dress with American beauty accessories. Both had corsages of white carnations.

Mrs. W. C. Tatom, aunt of the bride, was hostess at a reception following the ceremony in her home. Members of the house party included Miss Moore, Mrs. J. L. Tidwell, Mrs. A. C. Humphry of Stamford and Mrs. J. A. White of Avoca, aunts of the bride, and Jo Humphry of Stamford, cousin of the bride.

Live In Abilene
When the couple left on a wedding trip to Northern New Mexico, Mrs. Mabee was wearing a green nylon taffeta dress with natural-colored accessories. Her corsage was white carnations. They will be at home in Abilene about September 1. Mabee is a student in McMurry College.

Mrs. Mabee was graduated from Midland High School and was employed by the First National Bank until the time of her marriage. She is a member of the Nu Phi Mu Sorority. Mabee was graduated from Midland High School and has attended McMurry College.

Out-of-city guests included Sue Humphry of Stamford; Mrs. G. W. Terry of George West; Mrs. J. D. E. Ragan, Mr. Pat L. Stall, Mr. and Mrs. Ray Standley, Mr. and Mrs. Ralph Trosteth, Mr. and Mrs. G. R. Van Landingham, Mr. and Mrs. George F. Vannaman, Mr. and Mrs. W. T. Webb and Mr. and Mrs. Tommy Whitrow.

George Glynn Plays For Circle Eight

The Circle Eight Square Dance Club met Tuesday in the American Legion Hall. Mrs. E. W. Halfast called and George Glynn's band played.

Mr. and Mrs. Harry Lee Grigsby and Mr. and Mrs. Jack Walcher became new members.

Guests attending were Mrs. Fred Smith of Houston and Mr. and Mrs. J. E. Hellinghausen and Mrs. Cora Webb of Amarillo.

Members present were Mr. and Mrs. E. P. Birkhead, Mr. and Mrs. W. Earl Chapman, Mr. and Mrs. Dean J. Corley, Mr. and Mrs. Robert T. Cox, Mr. and Mrs. J. R. Dameron, Mr. and Mrs. Tom S. Edrington, Mr. and Mrs. Pat Fletcher, Mr. and Mrs. T. C. Frick, Mr. and Mrs. Harry A. Gossett, Mr. and Mrs. Horace Greenstreet, Mrs. O. H. Hardy.

Mr. and Mrs. Bill Hinson, Mr. and Mrs. Raymond E. Howard, Mr. and Mrs. Robert Pine, Mr. and Mrs. D. E. Ragan, Mr. T. L. Stall, Mr. and Mrs. Ray Standley, Mr. and Mrs. Ralph Trosteth, Mr. and Mrs. G. R. Van Landingham, Mr. and Mrs. George F. Vannaman, Mr. and Mrs. W. T. Webb and Mr. and Mrs. Tommy Whitrow.

Eastern Star Has Talk On Procedure

A lecture on "Regular Procedure of Subordinate Chapters As Set Forth by the Worthy Grand Matron" was given for Eastern Star members by Carl Hyde, worthy patron, Tuesday night.

The lecture was given after the regular ritual, and was followed by a discussion period. Leading the discussion on the lecture were Mr. and Mrs. G. G. Hazel, Mrs. J. B. McCoy, worthy matron, Mrs. Fred Wycoff and Hyde.

Mrs. Kelly of Dallas was a guest. Thirty-five members attended.

McCamey News

McCAMEY — A series of revival meetings being held at the First Methodist Church will continue through Sunday night. Dr. George C. Baker of Southern Methodist University is the speaker.

Cecil Franklin recently arrived home on furlough from the U. S. Navy. Franklin recently has been stationed in Corpus Christi. He is the son of Mr. and Mrs. Jack Franklin.

Supt. and Mrs. Hamilton Still, Virginia and David and Joveta Yocham recently traveled to San Antonio to visit Don Still. He enlisted in the Air Force in June, and recently has been hospitalized with an injury.

Mr. and Mrs. L. L. Word and family spent a recent weekend visiting with her mother, Mrs. Elizabeth Rains. They recently returned from Montana.

Jean Shaw is at home after undergoing a tonsillectomy.

Mr. and Mrs. Dan Runyan had as recent guests their aunt and uncle, Mr. and Mrs. Mac Benton of Bonham.

Mr. and Mrs. W. H. Burleson and daughter, Wanda Jean, have returned from a visit with Mr. and Mrs. Earl VanZandt and daughter in Austin.

Two Groups Of Midlanders Attend Watermelon Parties

Watermelon parties were in vogue Tuesday night as two groups of Midlanders took advantage of the cool evenings that mark the last part of Summer.

A party in the backyard of the W. I. Pratt home entertained members of Beta Delta Chapter of Beta Sigma Phi Sorority and their guests.

Watermelon was served from a table covered with a blue and white cloth and centered with an arrangement of vari-colored zinnias. Individual favors were white and red salt cellars with rose-shaped tops.

Guests
Mrs. Pratt, Mrs. Randy Rubin and Lunelle Zeek greeted guests. Verda Bartlett and Joyce Hendricks assisted with serving the watermelon.

Guests were Beatrice Bentz, Mrs. Stanley Fox, Mary Katherine McDade, Johnnie Anderson, Jo Abbott, Mary Hammack, Barbara Harding,

Betty Jo Greene, Dorothy White and Novella Bailey.

Other members attending were Mrs. Duffy Stanley, Mrs. J. S. Hull, Mrs. J. C. Meyer, Mrs. Jimmie Furman, Mrs. Leon Crittenden, Kay Kendrick, Sara Johnson, Ann Hubbard, Mrs. Rudy Rubin, Anne Harris and Sue Caruthers.

The Single Young Adult Class of the First Methodist Church held its party in Cole Park.

Those who attended were Harold Longino, Lorraine Sparks, Billy Nickels, Norma Weatherall, Elizabeth Underwood, Carolyn Oates, Dan Peterson, Jan Fuller, Natalie Walton, Bill Nally.

Lily Riethmayer, Carl Nance, Lily Gilbert, Earl Monteith, Bob Gay, Dortha Reising, Harold Barber, Clifford Howell, Joyce Hendricks, Edna Lomax, Curtis Regan and W. E. Vannoy.

Name Is Chosen By Morning Circle Of St. Mark's WS

Miriam was selected as the permanent name of the Morning Circle of the St. Mark's Methodist Woman's Society at a meeting Tuesday morning in the home of Mrs. W. M. Johnson.

Mrs. John Young, circle chairman, presided and announced that a pledge service for all WS officers will be held at 10 a.m. Saturday in the church. The Executive Board will meet at 9:30 a.m. The Service will take the place of the August WS meeting.

Members voted to assist the Naomi Circle with a pie supper at 7:30 p.m. Friday at the church. It was announced the next meeting will be held at 9:30 a.m. September 7 with Mrs. Brandon E. Rea.

State TB Secretary To Visit In Midland

Fanny Nich is, executive secretary of the Texas Tuberculosis Association, will be a guest of the Midland County unit this weekend. Mrs. Linnie Davidson has announced. She will be honor guest at breakfast Saturday morning in Hotel Scharbauer. Midland County board members and other guests will attend.

Shirley Loses But Wins

Pretty soon now a girl named Shirley May France will be back at her home in Somerset, Mass., picking up the threads of a normal, unheadlined teen-age life she dropped for a while to make a plucky try at fame and fortune.

Shirley wanted to be the youngest girl to swim the English Channel, an accomplishment this cynical world is apt to tag with the word "stunt." But it wasn't any stunt to Shirley, who tried two years in a row against heart-breaking odds. And if the money that success might have tossed in her lap helped lead her on, like an enchanting pot of gold waiting under the white cliffs of Dover, there was a gallant reason behind it: She wanted to do big things for her mother and father, her two sisters and her brother, whose way of life has not exactly been plagued with luxury.

In the way of the young with a stubborn heart, Shirley gave all she had to an effort which may have been a fore-doomed failure. Nobody can do more than that. Young horses are asked to run only short distances; male fighters of Shirley's age aren't allowed to box more than six rounds. In contrast a girl who was not quite 18 gamely swam her heart out in the world's toughest waters.

We think Shirley ought to know that nobody ridiculed what she did. They admired her. And when they saw the picture of Shirley crying in disappointment, which also is the way of the young with a stubborn heart, they understood.

In the cruel way the world keeps rearranging our hopes, the money Shirley may have made, had she finally beaten the Channel, probably would have shrunk to a fraction of her dreams because of what is happening in Korea. We are not trying to sound like a Pollyanna when we tell Shirley that her failure to reach Dover the way she wanted to probably saved her from a lot of other frustrations.

The Shirley May France who was a wide-eyed school-girl of 16 when she first made the Channel her horizon has gained a lot of poise, confidence and experience by meeting the world. There may be no more limelight and headlines in her future. But Shirley's bravery and determination will buy a lot of success and happiness in her life, which after all is just beginning.

Couches In The Dugout?

The St. Louis Browns hired a psychologist to help boost the team's morale and unkink its mental twists. After a little more than a month, he's given up. He left with the Browns deep in the American League cellar.

Could this be a forerunner of a trend that might some day spread from tail-enders to league leaders? Is the time coming when every team will have its own psychiatric couch? When the club psychiatrist will rival the field manager in importance?

If so, we can imagine some heated jurisdictional wrangles when an ace batter goes into a downward spiral. To the manager, a little rest on the bench seems a proper prescription. But to the good doctor, a batting slump can't be that simple. He delves into the batter's past for the hidden secret behind the reversal.

You can see the sports headline easily: "Stanford Breaks Slump; Reveals Father Broke Open His Piggy-Bank When Outfielder Was Boy of Ten."

Back To 'Splendid Isolation'?

Britain's friends in American can only feel rather embarrassed at the short-sighted, partisan, isolationist policy statement of the British Labor Party on the issue of European unity.

Prime Minister Clement Attlee since has made some effort in the House of Commons to convince Europe and us that his government does not go along the whole way with this party view. Still, he appears only to have muddled matters worse.

To Americans it sounds plain enough: Britain selfishly is bent on insulating her socialist experiments at whatever cost in vitally needed cooperation with the remainder of free Europe. At a moment in history when her traditional leadership would count most heavily, she seems intent on turning inward and letting Europe go hang.

Free peoples of the Atlantic area can only hope this manifesto does not reflect the sentiment of all Britons.

Department Leaves 'Em Cold

A blonde office worker in the State Department at Washington didn't like the air conditioning. It was too cold, she said. So she brought an electric heater to work with her—in mid-Summer.

As if things weren't hot enough in the State Department, already.

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Copyright, 1950, By The Bell Syndicate, Inc. Tom McNamara and Fred Blumenthal say: FBI secretly nabs another spy suspect; Congress fiddles while Washington burns; Louis Bean gives private analysis on midterm elections.

(Ed. Note—While Drew Pearson is on a brief vacation, his column will be written by members of his staff.) WASHINGTON — It has been hushed up, but the FBI clapped another suspected subversive agent in jail last week. He is William Wolfe Weisband of Arlington, Va., who was arrested in Los Angeles after being trailed by government agents for months.

Weisband was employed for seven years as an analyst in one of the government's top-secret defense agencies. For security reasons, we have been asked not to identify the agency nor the nature of its highly classified work.

It can be revealed, however, that Weisband abruptly was suspended, without pay, last May as a bad security risk. Shortly after his suspension, Weisband and his wife drove to California "to see a friend."

The FBI had the pair under constant surveillance all the way from Washington to Los Angeles. As Weisband was preparing to return to Washington, he was subpoenaed by a Los Angeles federal grand jury investigating espionage. At that time he was asked only a few perfunctory questions—his name, age, home address, etc. He refused to answer.

On August 2, Weisband received a third summons to appear before the Los Angeles grand jury. He decided to comply with the order and returned to the West Coast. Upon his arrival on August 16, he was arrested and jailed on a technical charge of contempt, for failing to respond to the second subpoena.

A stocky, dark-haired man in his early forties, Weisband is a Russian-born, naturalized American. Before the war he was a hotel clerk in Los Angeles. In 1942 he entered the Army and later was commissioned a lieutenant.

(Note: Weisband's pretty, raven-haired wife, a North Carolina girl whom he married 18 months ago, also was fired from the same government agency. However, the FBI does not suspect her of being mixed up in any spying.)

The world looks upon Washington as the heart and hope of democracy, yet here are some unbelievable facts about the U. S. capital: Only two capital cities outside the Iron Curtain do not permit their citizens to vote—Washington, D. C. and Canberra, Australia. . . . Our American forefathers fought the revolution because they were forced to pay taxes without representation. Yet, today, D. C. residents pay more federal taxes than those in 25 of the 48 states, still get no voice in how these taxes are spent. . . . Congress has granted suffrage to the natives of Guam, but still denies it to the citizens of the national capital. . . . Because American citizens living in Washington have no vote, Congress must take time out to decide petty, municipal problems. Last year Congress spent more than 3,000 hours on local district matters.

For example, it took acts of Congress to govern the sale of rock fish, to determine whether butter should be served at St. Elizabeth's Hospital, and to decide what to do about a herd of goats in the District of Columbia. . . . Once Congress had

to interrupt the debate on the Marshall Plan to give D. C. officials the right to tear down a pair of old gateposts. . . . A Gallup poll shows that the public overwhelmingly favors giving their fellow Americans in Washington the right to vote. Both the Republican and Democratic Parties have pledged home rule for the people of Washington. Yet Congress has ignored all this and pigeonholed the "Home Rule" bill.

Washington's noted political dopest, Louis H. Bean, has given intimates of some private postscripts to this new book on elections, "The Midterm Battle."

Reserved Seat

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

"There may be other ways to make this contract," writes a Baltimore correspondent, "but I think the way this hand was actually played is the most interesting."

"West decided to lead the only unbid suit, and chose the remarkable opening lead of the ace of clubs. South saw that he was going to have trouble getting to the dummy and therefore dropped the king of clubs."

"West dared not shift to a different suit, since that would give

declared the chance to take the ace of spades and force entry into the dummy in clubs later on. He therefore led the five of clubs at the second trick.

"East took the queen of clubs, thinking that South had dropped a singleton king. When South followed suit, East realized that South was desperate for entries to dummy. He therefore returned his club immediately, in the hope that the entry would be less useful to declarer at this point than it would be later on."

"Dummy won with the ten of clubs, and speedily cashed the jack of clubs on which South discarded the ace of spades!"

"Now dummy could cash the king and queen of spades, South discarding low diamonds."

"Declarer then abandoned the spades in order to knock out the ace of hearts. He therefore made his contract with two spades, three hearts, two diamonds and two clubs."

The play is very interesting, and declarer is to be congratulated for his very skillful play of a rather doubtful contract. I am afraid the defenders didn't deserve quite as much credit.

If West had made the normal opening lead of a spade, South would probably still be playing the hand. Even when West opened the ace of clubs, the defense was not lost.

It should have been apparent to East that his partner would not have led the ace of clubs if he held as many as four of the suit. Hence East should have refused to win the second club trick and declarer would have been doomed to defeat.

What's RIGHT? Your child is not old enough to take telephone messages or to handle a telephone call without getting confused.

WRONG: Let him answer the telephone, anyway, if he thinks it is fun.

RIGHT: In courtesy to your callers, answer the telephone yourself, since it is disconcerting to have a telephone answered by a child who isn't old enough to get a message straight.

Force is the only language an enemy of peace understands. —George N. Craig, national commander of the American Legion.

I hope I have better luck against the Reds in Korea (than I had against the Cincinnati Reds in my last game).

Curt Simmons, Phillies' ace pitcher, called to active military duty.

"I think he's really getting afraid of everything," Betsy said despairingly.

WASHINGTON COLUMN

High Cost Of Living And War Will Help Decide Election

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Coming congressional election results probably depend a great deal on the status of the Korean war and the home front cost of living situation in the week before voting day, November 7. Just as all the polls missed in 1948 because they didn't measure the last week shift in sentiment, so the returns this year could be changed by last minute developments.

Faced with this situation, anyone daring to make a 1950 political prediction is leading with his chin. But there is one soul who is that bold. He is Louis H. Bean, Department of Agriculture economist and statistician, whose hobby is the study of election trends. His new book, "The Mid-Term Battle," just published, tells how to predict the 1950 elections.

In 1948, Louis Bean's book on "How to Predict Elections" accurately forecast trends toward President Truman's victory and an increase in the Democratic congressional strength. In summary, his new book predicts:

House—Democratic loss of 25 to 30 seats, but not enough to give Republicans control. (Democrats now have a 90 vote majority.)

Senate—Democratic loss of three or four seats, but not enough to give GOP control. (Democrats now have a 14 vote majority.)

Bean makes this prediction with the qualification, "Assuming no sharp let-down in business activity and no material change in our international relations."

As a matter of fact, Bean made his prediction and his book was in type before the Korean war broke out. This first edition was recalled and a new edition was prepared.

Korean War's Effect In it, author Bean makes this analysis of the Korean war's effect on the vote and the election outcome:

1. The war can alter the political balance, but not as much as is generally assumed.

2. The real significance of the war as a political factor is that it may divert public attention so much that many voters will stay away from the polls. Bean believes this would work to the advantage of the Republicans rather than the Democrats.

3. The rise in industrial production due to the war boom offsets much of the last year's dissatisfaction over business slump and serious unemployment. This is taken to be an advantage for the Democrats.

4. The Korean war has reversed the downward trend of farm prices. Bean says this should stabilize the political balance in the farm belt, where the Democrats made big gains in 1948.

5. Increased food costs and general price inflation will work to the advantage of the Republicans by increasing dissatisfaction among lower-income city consumers, a majority of whom have been voting the Democratic ticket in recent years.

6. Popular support for President Truman's stand on the Korean crisis has cut down isolationist sentiment, thus reducing the standing of some isolationist senators and congressmen.

7. Bean doubts the generally held belief that a war rallies voters to support the President as commander-in-chief. It didn't work that way in 1942, when the Republicans almost took over because the Democratic vote was off 11,000,000 and the Republican vote was off 7,000,000.

Domestic Factors Important Adding up all these factors, there is a balance of wartime forces influencing the election outcome. Republicans stand to gain if the war situation is bad just before election, if the vote is small, if consumer prices are high and inflation is bad. Democrats stand to gain if there is a victory in Korea, if industrial and farm production and prices are high, if unemployment is low.

The principal domestic factors influencing this year's election are the Republican charges of communism in government and the effect of President Truman's personal campaigning—if he campaigns.

As for the more general non-war factors influencing the 1950 elections, Bean bases his prediction on charts and statistics which he says prove a pro-Democratic trend. He says, "The record shows that the end of the decline in the Democratic or New Deal tide and, consequently, the end of the rise in Republican fortunes."

Manager Says City Now Saving \$56,000 Yearly On Payrolls

The reorganization of Midland's municipal operations, which have taken effect since October, 1949, are resulting in labor savings amounting to approximately \$56,000 annually, City Manager W. H. Oswalt said Wednesday.

Actual payroll from April through July this year have been compared by K. A. Moore, finance officer, with those for the same period last year, Oswalt said. The payrolls this year have been reduced an average of \$4,706 per month.

The savings can be attributed primarily to a reorganization designed to obtain the most effective use of personnel, Oswalt says, and also to the fact employees under the supervision of men who are experts in their own particular fields are able to accomplish better results.

Savings Cited The payroll savings, along with savings on the operation of the water and sewer department and the establishment of a central purchasing system, have made it possible for the city to overcome serious financial handicaps and further will enable the city to raise the standards of service to citizens without additional tax increases.

The services to which the municipal budget will be expanded was discussed by the City Council at its regular meeting Tuesday night.

Money isn't everything. —Joe Louis, former heavyweight boxing champion.

I think one of the weaknesses of the movies is that producers type cast an actor on the basis of their personal opinion and feeling about him instead of his ability to perform. —Ronald Reagan, movie actor.

Force is the only language an enemy of peace understands. —George N. Craig, national commander of the American Legion.

I hope I have better luck against the Reds in Korea (than I had against the Cincinnati Reds in my last game).

Curt Simmons, Phillies' ace pitcher, called to active military duty.

"I think he's really getting afraid of everything," Betsy said despairingly.

"Condition of polyphobia," Tom agreed sagely. "Fear of almost everything. If Roger keeps in such a dangerous state of tension all the time, he's certain to run on into polyphobia."

So They Say

No other country in Europe has done more to fight communism than Spain, and we must join with her in a united effort to fight aggression. —Sen. Dennis Chavez (D-NM).

Money isn't everything. —Joe Louis, former heavyweight boxing champion.

I think one of the weaknesses of the movies is that producers type cast an actor on the basis of their personal opinion and feeling about him instead of his ability to perform. —Ronald Reagan, movie actor.

Force is the only language an enemy of peace understands. —George N. Craig, national commander of the American Legion.

I hope I have better luck against the Reds in Korea (than I had against the Cincinnati Reds in my last game).

Curt Simmons, Phillies' ace pitcher, called to active military duty.

"I think he's really getting afraid of everything," Betsy said despairingly.

"Condition of polyphobia," Tom agreed sagely. "Fear of almost everything. If Roger keeps in such a dangerous state of tension all the time, he's certain to run on into polyphobia."

"Does Roger think—" I stopped, wondering how you could ask factfully if a guy was going off his rocker.

But Betsy understood what I didn't say. "Oh Doc, I know he does. Aunt Myra keeps after him to go back to the hospital. She's even hinted to me that he might get violent. And Roger is afraid he will, too!"

Betsy's eyes spilled over then. When I patted her shoulder she turned and began to cry on my starched pharmacist's jacket. I wondered if she could feel my heart pounding under her cheek, but probably not. A four-eyed, swayed off, small town druggist isn't much of a bargain for a regular little queen like Betsy Sharpe. But our Sugar 'n' Spice perfume (special at two bucks fifty) smelled for the boy's nose. Then I asked

him, "Where did you find Spunky? Was he with you when you got sick?"

Jimmy Joe Ferris wiped his nose on his sleeve. "Spunky and me were playing chase-a-stick. Then that ole postman came along the sidewalk. When Spunky ran out that ole postman jumped and kicked at him, the old scardy cat," the boy's voice was scornful.

The postman was Roger Blessen, of course. His route runs up Elm Street and he lives at the Ferrises.

"He said Spunky scared him running out like that," the boy went on. "Then he said he was sorry, the ole—"

"You mustn't call him names," Betsy protested. "Roger's been sick a long time and—"

"That's what Miss Myra said. She came along and she talked to that ole postman. He got mad and madder and then he went away. Miss Myra told me to keep Spunky away from him so he couldn't hurt Spunky. She said he was sick and wasn't 'sponsible.'"

THEN I had to open my big mouth. "Roger wouldn't hurt a puppy," I said soothingly. "He brings letters, not poison for little dogs." Too late, I realized what I'd let slip.

Jimmy Joe caught at the word of course. "Poison? Spunky was poisoned? Was he, Doc? I saw him chewing something—" He interrupted himself shrilly. "Doc, you know that old lady that lives down our street? The one that doesn't like little boys to climb her apple trees? Last week that postman dog chased that ole postman up a tree. Jimmy Joe forgot his grief for a moment and laughed. "He looked so funny! That ole fat dog was barking and snorting and running around, and in the tree, hanging onto a limb, was that postman Roger Blessen. The ole lady made her dog let him down and the postman was awful mad. But that night the dog died and Mrs. Simpson told my mother that the ole postman must've done it."

Jimmy Joe Ferris's breath caught on a sob as he remembered his own last pet. "And I betcha he poisoned my Spunky, too."

(To Be Continued)

Have A Laugh

By BOYCE HOUSE Little Ruth was disappointed in the birthday gift from her aunt, but after her mother had insisted, she wrote the following not of thanks.

"Dear aunt, I've always wanted a pin-cushion—but not very much."

DEWITTVILLE, ORE. —(AP)—Lightning struck a wire fence during a thunderstorm here recently, but along the wire and killed eight cows standing nearby.

Brotherhood Elects E. Smith President

Approximately 85 persons attended the annual family night Tuesday on the First Baptist Church lawn. To take office on the first of October will be Everett Smith, newly elected president of the Brotherhood. Wesley Martin, current president, presided over the meeting. The Rev. Vernon Yearby, pastor, spoke on the subject, "Aroused Men."

Youth Center Plans Dance August 31

Youth Center members are planning a dance August 31 from 9 p. m. to 12. Jimmie Furman's orchestra will play for the dance. Members will be asked to show their membership cards. The Youth Center will be closed all day Saturday to be used for a polling place.

New Teachers Need Guidance, Is Belief

NEW YORK—(AP)—The beginning teacher needs as much help as the beginning pupil, says the Metropolitan School Study Council, a group of superintendents and supervisors of school systems in and around New York.

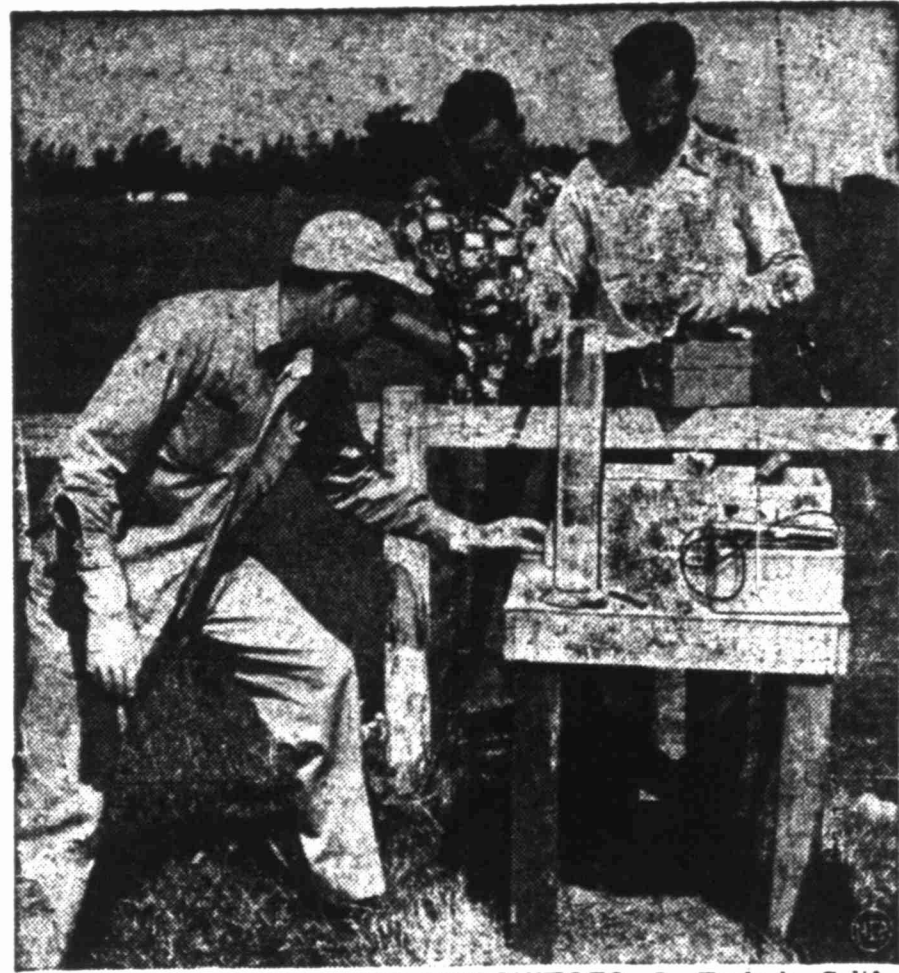

In a booklet, "The Newly Appointed Teacher," they cite a new teacher's needs to know how to deal with behavior problems. Says the council: "The new teacher should be helped to recognize symptoms of pupils' maladjustment. He may, at first, confuse youthful mischief and exuberance with the more serious problems, and in this too he needs guidance." The council says he should be helped to find living quarters and to make social contacts. He should learn his special assignments and special duties. Opportunities for professional advancement and tenure and pension rights should be explained.

Congratulations To:

Mr. and Mrs. F. W. Barnett, Hotel Scharbauer, on the birth Tuesday of a son, Kenneth Robert Barnett, weighing seven pounds, two ounces.

Mr. and Mrs. Ray Passons, 504 South Baird Street, on the birth Tuesday of a daughter, Linda Raye Passons, weighing six pounds, eight ounces.

Mr. and Mrs. Raymond Eudaly, 933 North Fort Worth Street, on the birth Monday of a son, Daniel Raymond, weighing eight pounds, eight ounces.

NOW IT'S RADIOACTIVE MOSQUITOES—In Turlock, Calif., Rene Zenther, left, holds a container of a radioactive substance which will be placed on a specially selected group of mosquito larvae as part of an experiment to learn more about the insect's habits. When the mosquitoes reach maturity they will be collected in special light traps nearby. Lawrence Schmelzer, right, holds Geiger counter to the solution to see that it is not dangerous to animal or human life.

Andrews News

ANDREWS—The Andrews County tax rate was reduced two cents to \$1.34 per \$100 valuation at a recent meeting of the Andrews County Commissioners Court. Taxable valuations in the county were hiked \$3,335,270 to \$39,700,000.

A softball tournament for the five teams in Andrews County got underway Monday night with the Stanolind Oilers meeting the Runners. The Volunteer Firemen play the Stanolind Gassers Tuesday. The Phillips nine will see action Wednesday.

Band Director Everett Maxwell announced that the Andrews High School Band is one of the 20 organizations in the state invited to participate in the Mid-Century Music Festival October 18 in Dallas. Practice sessions for the junior and senior bands and the drum corps began Monday and will continue through September 1.

Harry Marion Robertson is included in the 250 students who received degrees at the Summer commencement exercises Monday night at Hardin - Simmons University.

Robertson received a Bachelor of Arts degree, with a business administration major and a minor in economics. He is the son of Mr. and Mrs. F. M. Robertson of Andrews. Weidon Gregston, Johnny Walker, Johnny Chesney and Danna Pettis have volunteered for the Air Force and were to leave Tuesday for Lackland Air Force Base, San Antonio. John Corley left Monday for San Antonio. He is also an Air Force recruit.

Attend Picnic-Barbecue
Phillips Company production employees and families attending an all-day picnic and barbecue in Odessa recently were George Mossman, C. L. Summerwell, E. I. Martin, H. G. Walters, Rueben Stillwell, George Sheldon, C. L. Pool, and J. D. Woodward.

A. M. Carruth, an employe of Gibbins' Construction Company, is reported to be recovering from injuries received in a collision of his car with a truck driven by J. M. Williamson of the Lea Drilling Company, Tulsa. Williams escaped injury.

County Judge Milton Ramsey has been informed by District Engineer L. D. Cabanis, Texas Highway De-

CRANE NEWS

CRANE—Ora Abram was a recent delegate to the Bluebonnet Girls State in Austin.

Mrs. Jeanne Hudson, Mrs. Reba Hendricks and Mrs. Dorothy Earp are elected delegates to the American Legion Convention September 8-10 in Corpus Christi. Alternates named were Mrs. Myrtle Shaffer, Mrs. Nancy Slater and Mrs. Betty Wilson. They are auxiliary members.

Mr. and Mrs. H. G. Bell, Wednesday left for Dayton, Texas, to attend the wedding Saturday of Irene George of Dayton to their son, H. Joe Bell. The wedding will be in the First Baptist Church there. A tea is scheduled Thursday. Bell is stationed with the Air Corps in San Angelo and recently visited Crane with his sister, Mrs. John Willis.

K. L. Boren is being transferred to the Fort Worth offices of the Gulf Oil Corporation. The family will move this week. Mrs. Tom Coffield and children are in Dallas to visit with relatives. They were accompanied by Mrs. J. H. Huggins, who will go to Corsicana to visit relatives. They plan to return next week.

Mrs. C. J. LeClaire is visiting with relatives in Stanton. Mrs. Jim Thomas and daughter

have returned from Seymour, where they visited with relatives. Thomas drove them home.

Mrs. Arrie Estep is a medical patient in the Crane County Memorial Hospital.

Bob Johnston, a student at Hardin-Simmons University, is on a two-weeks training session with the 36th Division at Camp Hood. His wife, the former Lila Fae Hartwell, will visit in Crane during his absence. He is the son of Mr. and Mrs. Wallace Johnston.

Mr. and Mrs. T. W. Booker and son, A. H., of Belton and Beth Ann Booker of Plainview recently visited in the home of Mr. and Mrs. John Lewis. Also recent guests of Mr. and Mrs. Lewis were Mr. and Mrs. J. W. Walker and granddaughter, Yvonne Walker, of Cloudcroft, N. M. Mr. and Mrs. Walker are the parents of Mrs. Lewis.

RETURN HOME

Mr. and Mrs. Ebin Holman have returned from a week-long vacation trip to San Angelo, Corpus Christi, San Antonio, Waco and Corsicana.

RETURNS TO HOME

Mrs. Bertie Boone returned to Midland recently from a visit to Mexico City.

Nurse Tells How Hadacol Was So Helpful To Her

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., says being a nurse really lets her know when folks are sick. That is why when she tried all sorts of remedies and didn't get relief, she knew she was in bad shape. That was, of course, before she heard about HADACOL and before she found out she had a deficiency of Vitamins B1, B2, Niacin, and Iron.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. I had to stop working and went to the hospital. I was suffering all kinds of dizzy spells, weaknesses and growing weaker. I had pains in my chest, and I could hardly eat. My food never seemed to agree with me. I was terribly run down and growing worse. I had tried all kinds of remedies. Don't think I wasn't plenty scared—cause I know being a nurse, when folks are really in bad shape... I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I don't have dizzy spells any more—I am full of energy. The only thing about HADACOL is that I didn't find out about it sooner. Now I am going back to work at last, thanks to wonderful HADACOL."

Why HADACOL Gives Such Fine Results
HADACOL does not bring just symptomatic relief. HADACOL now

makes it possible to actually relieve the cause of neuritis pains, nervous disorders, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron and Niacin but also helpful amounts of important Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form
There's a very good reason why HADACOL comes in special liquid form. These previous Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'
After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamin B1, B2, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're suffering Finnish torture and agony from neuritis aches and pains, nervous disorders, insomnia, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin of red blood cells (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ—to the liver, lungs, heart, kidneys—even to the nails, hair and eyes. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore? This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50.

Stanton Editor Jim Kelly Is 76 But Midland Editor Jim Allison Fondly Calls Him 'Junior'

By WILLIAM C. BARNARD
Associated Press Staff
James Edwin Kelly, publisher of the Stanton Reporter, is 76. But over at Midland, big Jim Allison calls him "Junior."

Says Allison: "The years never touch Kelly. He's the youngest man I know."

Every week Kelly accomplishes the amazing feat of putting out an eight-page paper, assisted only by his wife. He works 12 to 14 hours daily, seven days a week. He has no employees. He writes the paper, sells the advertising, sets the type and runs the press.

A tall, 160-pounder with iron grey hair, blue eyes and a fine, calm disposition, he has been in the newspaper business 82 years. And he is one country weekly owner who is not disturbed at being in the territory of a metropolitan daily. The Midland Reporter-Telegram is only 20 miles away.

"Kelly uses us to his advantage," Allison, publisher of the Midland newspaper, said fondly. "When I start looking around for my machine, I am told he is over patching up Kelly's 45-year-old linotype or Kelly's 55-year-old press. When Kelly needs parts or equipment, he comes and gets them from my plant."

"And when I call Kelly and ask him to cover a story for us in Stanton—maybe a fire—he replies: 'Send over and cover it yourself, Jimmy. I'm too busy.'"

"So I send men over to cover the

fire and get a story and picture. And what does Kelly do a day or two later. He uses our story and picture in his newspaper."

Kelly, who had been listening to this, chuckled happily and said: "Jimmy, you are a born complainer."

Started Career Early

Born in Winfield, Kans., and raised in Kansas and the Cherokee Strip of Oklahoma, Kelly started his newspaper career at 14 when his father, an attorney, bought a weekly at Pratt Center, Kans. In a few years, the younger Kelly was buying or establishing weeklies of his own, such as the Altus, Okla., Plain Dealer; the Eldorado, Okla., Courier; the Melrose, N.M., Enterprise. In publishing his early papers, Kelly set type by hand and used a George Washington hand press.

He and another man bought the Hereford, Texas, Recorder, but Kelly left Hereford in 1913 after years of heart-breaking drought which almost ruined the area. After that he worked on Texas papers at Dallas, Lone Oak, Frost, Hillsboro, Cleburne and Childress. He edited and managed papers at Graham and Olney. In 1929 he leased the Stanton Reporter and has operated it since. He bought it last year.

Kelly and his wife live in an old, remodeled convent, a cool, pleasant home with adobe walls three to five feet thick, situated on a hill. Kelly works from 7 a.m. to 7 or 9 p.m. daily. He writes stories and editorials directly on the linotype machine. In his front page column, "Snooter Knows," he airs his opinions and lets the chips fall where they may. Stanton has a population of 1,600. The Reporter has a circulation of 1,300.

"As hard as you work, what pleasure do you get out of being a country editor?" we asked James Kelly.

"A lot of little pleasures," said Kelly. "Things like trying to write a better editorial than last week's. Things like saying hello to every man you meet on the street. Pleasures like sitting on a little-town front porch with a friend in the evening, with your feet on the same railing. Hell, that's my life and I wouldn't trade it for any other."

ARRESTED—Dr. Gordon S. Seagrave, known to millions as the "Burma Surgeon," has been arrested on suspicion of aiding the Karen rebels in Rangoon, Burma. The American Embassy reportedly views the arrest of the 58-year-old American surgeon with "serious concern."

Brooks, Ramsey Exchange Charges In Heated Scrap

By The Associated Press

Ben Ramsey of San Augustine planned to make a radio speech from Fort Worth Wednesday night in his campaign for lieutenant governor.

Tuesday, Ramsey and his opponent, Pierce Brooks of Dallas, exchanged charges in statements. Brooks said personal letters were being sent through the mail by a group of senators supporting Ramsey, and that the letters "are on state stationery, with the state seal on the letterhead, and paid for with state funds."

Ramsey said he would go on the air to deflate what he referred to as "false statements made about me while I was sick and flat on my back." He said his opponent had been "misrepresenting my record."

Brook's charge about the mail campaign was included in a statement issued from his Dallas office. His headquarters said Brooks was at Marlin.

"It is untruthful and vicious to say I am advocating a general sales tax, a state income tax, or any other kind of tax," Ramsey said in a statement issued by his Austin headquarters.

Brooks said the letters from senators constituted "just another example of waste and extravagance that the people will smash this coming Saturday."

Korean Conflict May Be Cheapest Yet In Dollars

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON — (AP) — If the armed forces can win a Korean victory without any more money than they have asked for up to now this war will be cheap in dollars—as modern conflicts go.

Just how much of the extra money asked since the fighting started will go to prosecuting the Korean conflict the military doesn't say publicly. However, some guesses range about \$5,000,000,000.

But there is no certainty the outlay will stop there. Secretary of Defense Johnson and other military leaders have cautioned Congress they may have to come back for more money.

The Navy and Air Force disclosed their estimates in published testimony at hearings on the request for \$10,500,000,000 in new defense funds sent to Congress by President Truman on July 24. Another supplemental request on August 4 totaled about \$1,100,000,000.

One Billion For Navy
The Navy said only about \$1,000,000,000 of its proposed \$2,648,029,000 slice of the \$10,500,000,000 appropriation was believed needed for the Korean war.

Air Force officials said they were "carrying an estimate of \$1,600,000,000" for the Korean operation.

The Army set down no estimate in the published version of the testimony. Officials explain one of the reasons for this is that requests for the Far East Command are changing constantly.

However, the Army is carrying by far the heaviest share of the hard fighting in Korea. Its expenditure of ammunition, its loss of equip-

ment and materiel, its maintenance of men and war gear is far beyond those for the other services—perhaps more than double the total of the other two.

Other Recent Wars

The extra appropriation requests sent to Capitol Hill by Truman were for a dual purpose—part to wage the Korean war, part to go into the rearmament program to expand and improve the armed forces.

What about the costs for other recent wars?

The first cost of World War I was about \$27,000,000,000. But by 1950 such items as veterans payments and loans to Allies had boosted the total to about \$57,000,000,000.

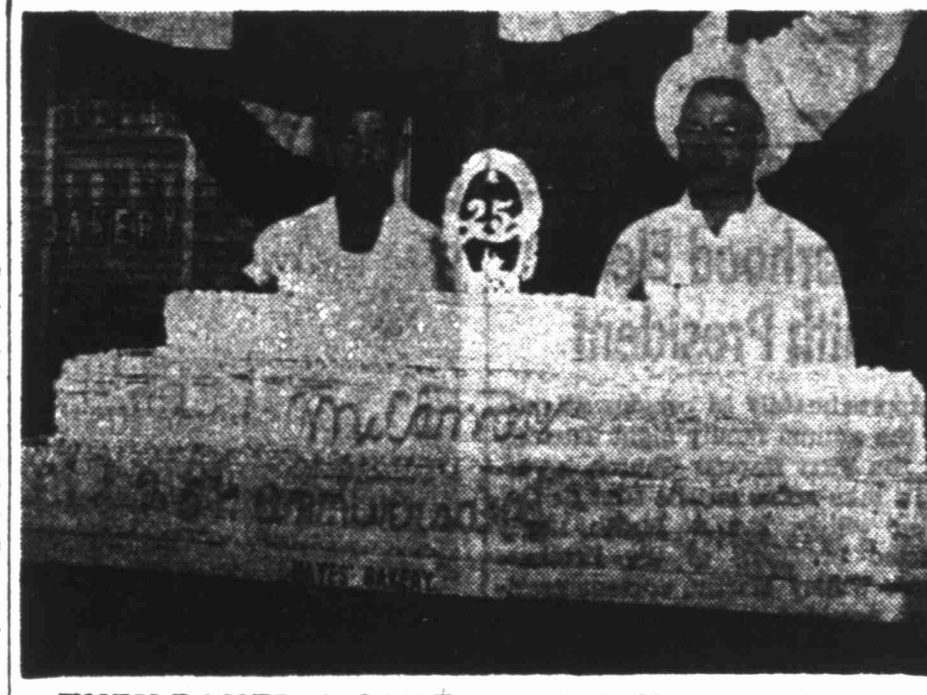

President Coolidge estimated the ultimate cost might be almost \$100,000,000,000. The initial cost of American participation in World War II was about \$350,000,000,000. But some experts have estimated the ultimate cost to the United States of that global conflict may climb to \$1,404,000,000,000.

GAINESVILLE YOUTHS DIE IN PLANE CRASH

GAINESVILLE, TEXAS — (AP) — Jimmy Flowers, 19, and Don Farr, about 22, both of Gainesville, were killed Tuesday when their light plane crashed and burned near here. Farr, who had rented the plane at the Municipal Airport, was the pilot.

It's a Very Satisfying Feeling

Yes, it's good to slip into a truly fine automobile and sense its richness, its comfort, its room.

And there's a great thrill in touching off the waiting power of a great-hearted straight-eight and feeling its swift response at any speed.

It's fun to count the quick, admiring glances thrown your way.

It's nice to have a car that parks easily, for all its inches. It's very pleasant to do away with gearshifting and clutch-pedal pushing, and know in its stead the utter smoothness of Dynaflo Drive's silken transmission of power.

And still that doesn't probe the depths of a ROADMASTER owner's secret satisfaction.

For while he knows he has a fine car, by its look, its feel, its appointments—While he has performance at his command that needs play second fiddle to no other on the road—

While he enjoys a very special measure of creature comfort in the quite matchless gentleness of ROADMASTER's ever-level ride—

He knows too that he has made an

exceptionally wise investment. He has spent his money for the things that make a fine car fine—and nothing simply for show.

He has paid the lowest price per pound in the fine-car field—he has the very satisfying feeling of knowing his dollars have given him solid merit, and solid merit alone.

We'd like to have you try ROADMASTER in honest comparison with the highest-priced cars to be found. We'd like to have you try to match it for room, for comfort, for finish, for handling ease and for ability on the road.

Then check the prices—and see if your own sense of value doesn't advise signing up right now with your Buick dealer for a Buick ROADMASTER.

High Ranking Ko-Red Officer Quits; Says Masses Anxious To Surrender

By HAL BOYLE

TAEGU FRONT, KOREA — (AP) — The 27-year-old commander of a Red Korean artillery regiment walked up to the South Korean lines Tuesday with a white flag and surrendered. He is the highest ranked enemy in Allied hands.

"I don't want to see all Korea run the way the Communists now run North Korea," said the commander, a lieutenant colonel. "I don't like the way they treat human beings."

He commanded the 13th Regiment of the North Korean 15th Division. Now he is spotting Red positions for Allied air and artillery attacks.

"Most of my regiment would like to surrender," he said, "but they are too closely watched by secret political agents in the army. No one can trust another for fear he is a secret agent."

Enemy Morale Poor

He said another obstacle to a mass surrender of his regiment was the fact he couldn't get his troops together in large numbers because of incessant American air attacks and artillery barrages.

He came through the South Korean lines alone at 10 a.m. near Tabu, 11 miles north of Taegu, after

his personal messenger refused to accompany him.

This defection by the regimental commander gave the United Nations forces their highest ranking prisoner of war and confirmed reports that morale is bad among enemy troops massed for all-out attack to seize Taegu. Another prisoner said he had fought for three days without food or water because of supply difficulties.

The lieutenant colonel, neatly clad

Two Men Wounded As Mob Attempts To Seize 'Hex' Slayer

ROGERSVILLE, TENN. — (AP) — Police and sheriff's deputies fought off a mob of some 300 in a brief but brief gun battle at the Hawkins County jail early Wednesday.

Sheriff Bradley Blair said at least two men were wounded as between 15 and 20 shots were fired by officers and the crowd gathered outside the jail.

Blair said the mob stormed the jail to get Carl Walters, 40, held on a murder charge in the double-slaying of two women he claimed had "bewitched" him.

After the shooting ended and the mob dispersed, Walters was taken to an undisclosed jail in East Tennessee.

The sheriff said two pools of blood were found outside the besieged jail, one near the door and another about half a block away.

One man, identified as Grover Compton, about 55, of Kingsport, Tenn., was arrested at a hospital in Kingsport after he appeared there to receive treatment for shotgun wounds in the neck and shoulder. Compton was held without charge for questioning.

Blair said he believed another man was wounded.

During a preliminary hearing Tuesday, Walters was ordered held for grand jury action without bond. Witnesses testified the defendant walked into a store near here a week ago, exclaimed "This has gone far enough," and then shot Mrs. Alberta Gibbons, 21, and her mother, Mrs. Alta Woods.

The women are members of a family which Walters said had hexed him.

in black boots and khaki uniform with Red piping and field cap bearing a red star, was a polite, cheerful and obliging prisoner.

He pinpointed the position of his 22 artillery pieces hidden in an apple orchard. Fighter planes carrying napalm (jelled gasoline) bombs immediately were sent to attack the orchard and American artillery began to bombard it.

When the commander gave himself up, South Koreans called Lt. Frank Dietrich of Travers City, Mich., commanding a Travers City company that has been supporting Republic of Korea troops.

First 'Brass Gook'

Dietrich took the lieutenant colonel to the headquarters of the U. S. 27th Infantry Regiment. Dirty-stained doughboys looked with interest at the great little man carrying a leather map case slung from his shoulder. They never had seen anything like him—and they had been fighting the enemy more than a month with little rest.

"What is he?" asked one soldier.

"He is a brass gook," answered another.

The North Korean took the inspection with composure and then walked briskly into a tent to be questioned. He took out his own personal maps to point out the exact location of his gun batteries. He smiled and appeared at ease.

"He is very friendly," said Lieutenant Dietrich. "When I first met him he jumped right up and wanted to shake hands. He speaks a few words of English—but I couldn't understand him."

Fought With Chinese Reds

Formal interrogation was in Japanese with Lt. Henry H. Kuwabara of Salt Lake City as interpreter.

The lieutenant colonel said he had served in the Chinese Communist Army originally, then transferred to the North Korean Army after the liberation of Korea.

"I wanted to get out but couldn't," he said, adding that he had two brothers and many close friends in South Korea.

"My own army does not trust me. They do not think I have carried out my artillery mission successfully," the lieutenant colonel said.

He said he came from Hokpo, a village in northwest Korea, and that he had once belonged to the North Korean Youth Party, a right wing organization. He did not explain how he had come to join the Communist Army in China.

"I want all Korea to be run as South Korea is run," he said. He added that counter-intelligence agents in the North Korean Army have the duty of finding and destroying all propaganda leaflets dropped by the Americans.

"Those caught reading them are punished," he said.

Yak Fighter Planes Attack British Ship

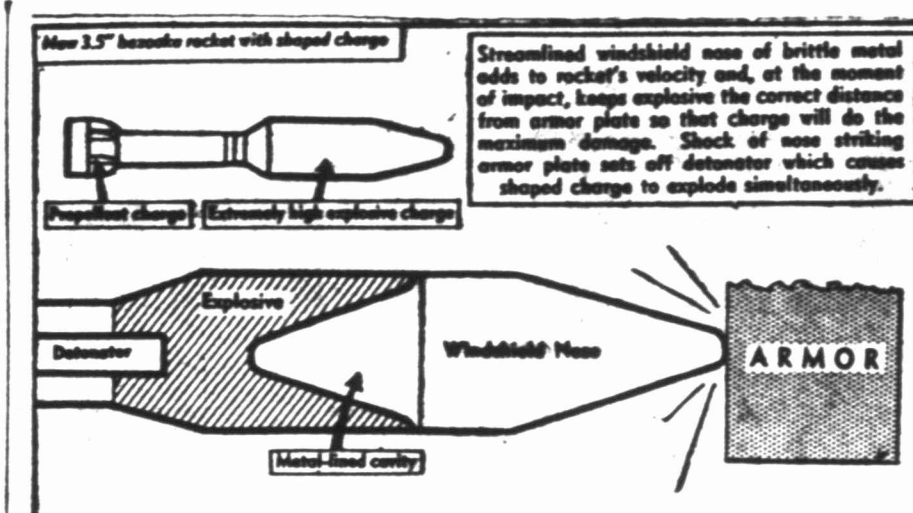

WITH ALLIED FORCES, KOREA — (AP) — Two Red Yak fighter planes Tuesday night strafed and bombed the British destroyer Comus.

The U. S. Fifth Air Force Joint Operation Center said no damage was reported in the attack by the Russian-made planes. British ships have been operating along the Korean west coast in the Yellow Sea.

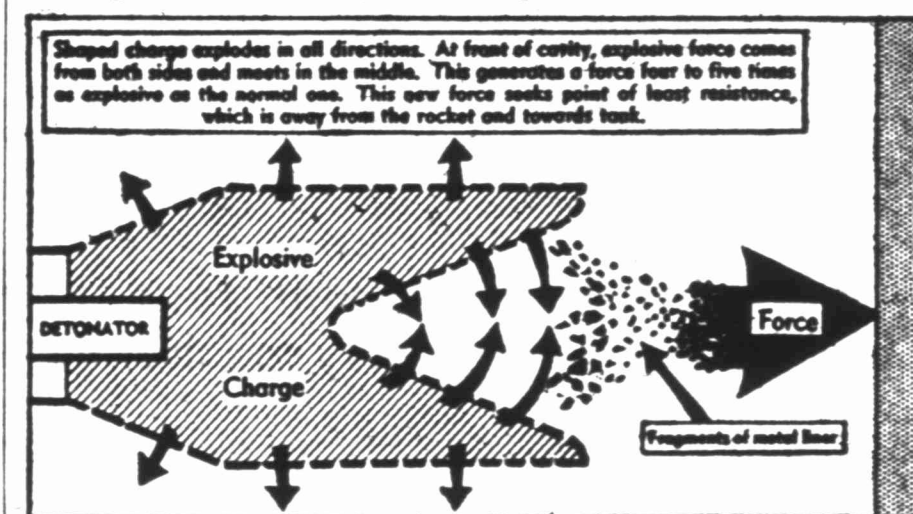

Two Yaks bombed South Korean naval vessels Wednesday in the Yellow Sea southwest of Seoul. The operation center did not report on damage.

INDIA PLANS CENSUS

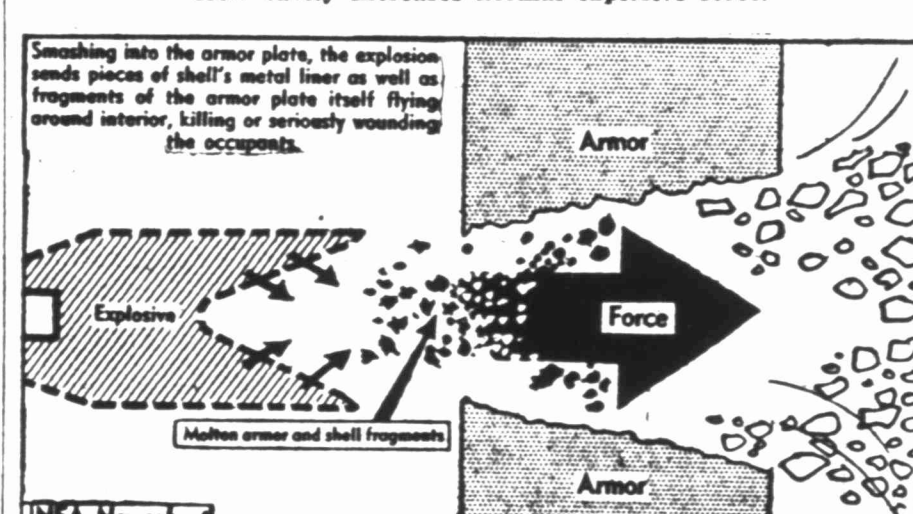

HYDERABAD, INDIA. — (AP) — Next year's census is expected to show that India has a population of 350 million, R. A. Gopalaswami, registrar-general, said here. He said 800,000 persons would take the census at a cost of \$2,000,000.

Top sketch shows shell; below is "phantom" view of war head.

How cavity increases normal explosive force.

How shell uses fragments of tank armor as "bullets."

HOW BIG BAZOOKA BUSTS TANK — American bazookas, howitzers, tank and anti-tank guns now in use in Korea have received a new, highly effective "Sunday punch," in the form of specially designed shells employing a "shaped charge." Military spokesmen have stated that weapons employing these shells will be able to stand up against any known tank operating today. The diagrams above illustrate how the normal explosive effect of the shells is increased four to five times by use of the new charge.

Burmese Monkey Dances With Snake

RANGOON — (AP) — Chico is 18 inches of performing Burmese monkey. When he goes into his roadside dance he does it with a three-foot cobra.

Rest periods he strokes the snake with his head in his hairy paws. His Chinese owner won't say how he involved Chico in this unusual monkey business which pays dividends.

83-Year-Olds End Whirlwind Courtship

LONG BEACH, N. J. — (AP) — Morris Herman and Laura Colby got married Wednesday. They're both 83.

Four generations of in-laws will attend the wedding, which climaxes a whirlwind two-month courtship. The bridegroom owns the Vendome Plaza Hotel here, where the wedding will take place.

State Hospitals' Rates Are Boosted

AUSTIN — (AP) — State hospitals will charge patients up to \$60 a month starting September 1. The charge will be based on ability to pay, the State Hospital Board's acting executive director said Tuesday.

The present rate by non-indigent patients in the state's mental institutions is \$5 a week (\$21.67 per month).

Dr. Howard E. Smith, acting director, said he believed the hospital board ordered the rates hiked at its July meeting. State law allows the board to charge the actual cost of room, board and treatment up to \$80 per month, he said.

INDIAN BARN FOR SIGN

FORT COLLINS, COLO. — (AP) — The disappearance of a large road sign at the junction of highways U. S. 85-87 near the Colorado-Wyoming boundary has been solved.

Don Olson, manager of the chamber of commerce here, said a farmer had used the sign in building a cow barn.

British Get Lesson From U. S. Plants

LONDON — (AP) — Ten British pressed metal experts who studied U. S. methods for a year think their industry needs "a change of outlook by all concerned."

Their report, which found the American industry more "productivity conscious," said British "management must be prepared to be more receptive to progressive methods, to modernize and reequip plants and to provide the means to utilize labor more efficiently." They added: "Trade union officials must convince their members of the absolute necessity for an immediate increase in productivity and must implement this by securing the abandonment of restrictive practices of all kinds."

TO CONDUCT—George Gates, director of the Midland Junior High School Band, will be one of the music directors at the final band concert of the Eleventh Annual Hardin-Simmons University music recreation camp Friday night in H-SU's Parramore Stadium. Gates is director of elementary music and of the miramba at the clinic which ends this week. The encampment is being held at Lueders.

Back To School—

Motorists Urged To Help Make Streets Safe For Our Children

With the greatest number of motor vehicles in the history of this community and the nation, now rolling over streets and highways, and with more children going back to school this Fall than ever before, traffic authorities have issued a special plea to drivers to be on the alert for the safety of youngsters.

Though school patrols have done magnificent work in helping to protect children from traffic hazards near schools, this is not enough. Neither is sound practice on the part of the motorist to depend on a warning horn to keep children from darting thoughtlessly in front of his car.

No matter how well trained the child may be, or how carefully guarded near schools and playgrounds, his preoccupation with play and his immaturity of experience may cause him to stray from the paths of safety without thinking.

It is in the residential areas of the city, and on country roads where children sometime walk home from schools, that the car or truck driver must be especially alert after schools open for the season.

Thoughtful motor vehicle operators who are conscious of the responsibility of younger school children, and concerned about their welfare, will go farther than the exercise of simple caution in driving.

They will make it a point to see to it that their cars and trucks are in tip-top mechanical condition before schools open for the season.

As everyone knows, tragic accidents have occurred because somebody's car horn didn't work at the crucial moment. Other common accidents result from obscure vision caused by a faulty windshield wiper. Life and broken limbs are the toll taken by brakes that don't hold when an emergency arises, or by tires which fail to grip the road because treads are worn down.

Don't Bank On Light
Traffic authorities urge motorists to have their cars checked, to make sure brakes are working properly, and that tires have safe treads.

Time to check windshield wipers is in good weather. With shorter days as the Fall school season proceeds, lights should be checked also.

With his car conditioned for perfect, split-second performance, suggests the AAA, there should be no let-up in caution.

Just because the corner is protected by a traffic light and maybe also by a school safety patrol, is no guarantee that some lads tussling at the edge of the sidewalk won't tumble out into the street; or that some boy or girl, fearful of missing the school bus, might not come rushing across an intersection without looking.

With his car conditioned for perfect split second performance, the thoughtful driver will slow down near schools and in residential sections, and will use an extra bit of caution during the back to school season.

UN Delegates Study Malik's Tirade For New Hints Of War

LAKE SUCCESS—(AP)—Security Council delegates studied Russian Jakob A. Malik's latest speech closely Wednesday for hints of a new war threat.

They weighed Malik's statement to the council Tuesday that "Continuation of military operations in Korea would lead not to a localization of the conflict, as the representative of the United States so diligently tries to convince us, but would inevitably lead to a broadening of the conflict fraught with serious consequences."

"The responsibility for this would lie fully upon the government of the United States of America and their delegation in the Security Council," Malik declared.

In a 48-minute attack the Russian accused the United States, aided by Great Britain, of waging an "open armed aggression against the Korean people and other Asiatic people who struggle for their independence and national sovereignty." The U. S., he asserted, attempts "to cover up this aggression with the label of the flag of the United Nations."

Ninth 'No-Action' Session
It was the ninth "no action" session of the Council since Malik ended the seven-month Soviet boycott and took over the group's presidency August 1. His term ends August 31.

Both U. S. Rep. Warren Austin and Britain's Sir Gladwyn Jebb in reply charged Malik with using Hitlerian propaganda techniques.

The Russian charge, said Austin, is "a lie, a big lie." Jebb termed Malik's statement a "gigantic falsehood," adding that in propaganda, "the bigger the falsehood, the better the chance it has of being believed."

Austin said Malik was employing Hitler's trick of "concealing guilt by accusation." Jebb recalled that Stalin in 1939 had charged France and Britain with attacking Germany.

Sixteen Midland Band Students Attending Camp

ABILENE—Sixteen students from Midland are among the members of the eleventh annual Hardin-Simmons University music recreation camp being held August 14-26 at the Lueders encampment grounds.

They are Rip Griffith, Barbara Long, Phillip McFadden, Joe Richardson, Angus Smith, Georgia Stump, Gene Adkins, Marshall Chase, Charles Fredregill, Jackie Mathews, Ronald Sherman, Bobbie Jean Willig, George Brown, Don Davis, Jay Leggett and Paul Patton.

They are enrolled in the following classes: Griffith—clarinet, harmony, conducting, drum majoring; Long—twirling; McFadden, drums; Richardson—trombone; Smith—clarinet; Miss Stump—drum majoring; Adkins—bass; Chase—clarinet; Fredregill—alto saxophone; Mathews—flute and piccolo; Sherman—tenor saxophone; Davis—clarinet; Willig—clarinet; Brown—drums; Leggett—clarinet, and Patton—clarinet.

Six musicians, who are directing bands or teaching music, are the faculty. They are Pat Arsen, San Antonio; George Gates, Midland; J. D. Schoonover, Bryce Jordan, Macon Sumerlin, and Marion B. McClure of Hardin-Simmons.

Princess To Get Cotton From Texas

EDINBURGH, TEXAS—(AP)—Its a bonny bale of Rio Grande Valley cotton this community is sending Edinburgh, Scotland.

The cotton is destined to become a gift to the newly-born princess of Edinburgh.

The bale, covered in bright Scotch plaid, was contributed by citizens of Edinburg, "to provide the best cotton frocks for the princess."

The gift was dispatched after Mayor Felix L. McDonald proclaimed the new princess a "citizen of Edinburg, Texas, with all of the rights and privileges thereof."

Senate Tax Debate To Begin Thursday

WASHINGTON—(AP)—Senator O'Mahoney (D-Wyo) said Wednesday the Senate is likely to add a \$3,500,000,000-plus corporation excess profits tax to the \$5,000,000,000 tax boosting bill.

But Chairman George (D-Ga) of the Senate Finance Committee told newsmen he does not think so. Senate tax debate is set to begin Thursday.

LET THE HOUSEWIFE BE THE JUDGE

The cost of your food and clothing is determined to a great extent by trading in the commodity exchange.

Normal speculation is to be expected. Excessive speculation can send food and clothing prices soaring.

Since the start of the Korean War, commodity speculation has gone rampant. That is why—

The price of wheat has gone up 6.6 per cent.

The price of soybeans has gone up 20.7 per cent.

The price of lard has gone up 51 per cent.

The price of cottonseed oil has gone up 31.6 per cent.

The price of cotton has gone up 19 per cent.

President Truman, Agriculture Secretary Brannan, and the House Banking and Currency Committee recently recommended that the Government be given power to curb excessive speculation as a means of holding down the cost of your food and your clothing.

Twice a proposal to regulate the commodity exchanges was brought before the Congress.

TWICE, KEN REGAN VOTED AGAINST THAT PROPOSAL.

These are the facts. Study them carefully.
Then decide for yourself.

WE BELIEVE YOU WILL AGREE THAT—

PAUL MOSS

IS THE MAN FOR

Mother Will Get College Diploma Despite Illness

LUBBOCK —(P)— Mrs. S. A. Bowers won't be in the graduation procession at Texas Tech's Summer commencement exercises Wednesday night, but she'll get her degree.

When the 549 graduates get diplomas, the chances are Mrs. Bowers will have hers right next to her bed in a Brownfield hospital, where she is seriously ill.

Mrs. Bowers, mother of two and wife of a Maple grocery store owner, got her official diploma several days ago from President D. M. Wiggins.

Enrolling for the Summer session with her daughter, Josephine, 19, Mrs. Bowers was looking forward to the August graduation. Her son, Bobby, 22, received his degree at Tech last May.

During the school year, doctors ordered a rest when her illness became acute, and for the moment dreams of the college degree faded.

When college officials heard about Mrs. Bowers and her problem, Dr. Wiggins promptly signed the diploma and she'll be listed on the '50 class roll with the all-important degree presented Wednesday night in absentia.

NO STARCH, PLEASE—Two G.I.'s of the 1st Cavalry Division discuss the handling of their laundry with the proprietor of a "high class" laundry in South Korea. Quick delivery was probably the point they wanted to put across.

War Not Inevitable, Says Retiring U. S. Policy Counselor

WASHINGTON —(P)— State Department Counselor George F. Kennan, stepping aside after several years as a top foreign policy maker, believes the American people will have to maintain a large military establishment for many years to come.

But he hopes they will not accept war with Russia as inevitable.

Kennan gained fame in 1947 as the behind-the-scenes architect of the policy of containment by which the U. S. began to try to block the spread of Soviet communism in the world.

Now, despite occasional criticisms that the policy was too defensive or too narrowly conceived, Kennan believes it was the best way to meet the Russian challenge and that despite reverses in Asia it has paid off in holding and even advancing the area of non-Soviet influence in Europe.

Four Essential Principles

For the future, Kennan laid before reporters Tuesday four principles which he believes essential if the U. S. is to obtain its objectives in world affairs:

1. This country should "never make the mistake of regarding war as inevitable and thereby writing off the chances of peace."
2. The American people must maintain an "adequate defense posture" and do so over a long period of time "if necessary." There is no doubt among those familiar with his views that Kennan believes the cold war with Russia must be expected to continue for many years.
3. Among friendly nations abroad the U. S. must develop and maintain the reputation of being "a determined people and reliable allies." At the same time, it must do what it can to stimulate the recognition by Allied countries that the U. S. has no "ulterior motives" in maintaining a solid front with other countries against Russian pressure.
4. On the home front the U. S. must demonstrate "that we are making a success of our own national defense" which will offer foreigners more convincing proof than any propaganda of the effectiveness of American democracy.

Back To School—Scotch Have It—High Coeds, Collegians To Go Plaid Mad

By ANN CAROTHERS

The Scotch really will be in style this school year . . . with the entire high school and college crowd going "plaid mad." Not only will the fabric be featured in bags, shoes, and such essentials, but when teamed with jet black velvet the outcome is a striking sheath dress for evening dining or dancing.

However, plaid skirts don't seem to be as new as gathered striped Jersey ones, light weight tweeds, and straight tailored gabardines and miniature checks. Huge pockets are again in vogue but the tiny triple-decker pockets with buttons for decoration are not to be overlooked. Navy, sky blue, green, gray, and copper are featured in the striped full Jersey skirt.

Often the more tailored skirts are softened by a tiny fold down the front and back, with three tucks stitched outward. For trim, some of the skirts feature natural leather trim.

Jersey For Blouses

Jersey seems to be the most versatile and fashionable material for Fall blouses. One touch added for early Fall wearing when the weather still is on the warm side is detachable pique collar and cuffs. When removed they leave a row of tiny white buttons. Others have the knitted band on short sleeves and waist. But the most common sleeve length is the three-quarters or push-up length. Mustard, kelly green and scarlet are three of the more dramatic colors, with soft brown and gray shades filling in. For a change, there is the long pointed collar which, when unbuttoned, gives a jester effect.

Another novelty in the blouse line is the corduroy and velvet fabric in the full straight Indian style slit an inch or so up each side and opened down the front some six inches. On either side of the neckline are two silver engraved detachable buttons centered with turquoise. For a more formal mood, there is the crepe blouse, short sleeves with satin appliques and minute satin-covered buttons. Tiny tucks on each side of the buttons add to the formality.

Tweed, cinnamon and tobacco are three of the colors in this style.

No more sloppy joes for the high school and collegians but there is the heavy knit cardigan back again this year after an absence of several years. In the other extreme there is the fine, close-knit cardigan in all the usual pastel shades, with some new ones added for the '50 school season. One of the new nylon sweaters has an elastic "acting" neckline, guaranteed not to stretch.

Weskits and matching skirts are back, this time in velveteen, ranging in color from the raven black to eye opener chartreuse.

To spice up a tailored ensemble, dress or skirt and blouse, there is the medallion belt, hooked with large polished bright gold links or tiny engraved ones of "old gold." The velvet scarf is an addition to a muted wardrobe. Tangerine, scarlet, black and brown are shown.

One note in the jewelry field is the black suede spotted with gold polka dots for cigarette case holders, comb bags, compacts, and French purses. For the Midland High students there is the personal bracelet with gold letters spelling the name of their old alma mater.

As For Shoes . . . It's velvet again for the formal occasions, and suede for the campus classes. Velvet is no

longer limited to black . . . it is turned out in blue, green and brown. Low cut, very low in front and glamorous. This is made in both the high three-and-a-half inch heel and the low half-inch heel with ankle tie. For school there are the loafer and the saddle oxford. The loafer, rust suede with stitching, makes for the neater outfit. Some of the shoe companies have come up with some original names which aren't unheard of in the forest world. Mahogany, ebony and maple are three of them. A couple more are maple sugar and cigarette suede.

Nothing particularly different in the design of m'lady's bag, but there is the long slender dachshund type shoulder bag for suit and afternoon wear, and the velvet pocket-book size for formal or dress occasion. This comes fitted with comb, compact and mirror.

And hats . . . they're velvet, too. With pearls, with pheasant feathers, or with just a couple of cords of the same material. But most of them are close fitting . . . with an extravagant bauble of cloth perched off to one side. One style features black grosgrain ribbon arranged in tiny points about the outside. Other hats are of wool felt, velour, rabbits hair, corduroy, and velveteen. Not only are the scoop billed Eton caps for the sports minded. They come in velvet with self trim and sometimes a gold or silver scatter pin.

There are the flowers again . . . and just as in the jerseys, tangerine and cinnamon shades are not to be overlooked. Roses and mums are two of the more popular species.

One dress practical for both early Fall and snow-free time is the bright red corduroy with no sleeves. Later on, it can be worn with long-sleeve blouses. Shown in one of the national teen magazines recently was the two piece gabardine suit/dress with straight skirt and battle jacket, colored with a figured scarf tied to one side of the neck. This comes in both navy and red; and green and tan. Buttons are formed of the numerals one to seven. One outstanding nomination for taffeta comes in rich black with appliques of ebony velvet on skirt and a detachable deep V-collar splashed with sparkling rhinestones. A tiny velvet belt is added to the full-skirted dress.

Tweeds, plaids are designed along the chesterfield line with not quite so much fullness as last Fall. Enormous pockets give plenty of room for those odds and ends which often are placed in the pocket. Corduroy jackets, also velveteen ones, are popular. In the latter style is shown buttoned cuff and belted back with one full pleat.

JEWELRY CO.

A GREAT NAME IN DIAMONDS

104 North Main Midland, Texas

It's Time for Brooks BECAUSE

Only by the election of a business man can the people of Texas be assured of a direct and vigorous attack on the runaway cost, useless waste, and needless extravagance in our State government.

Only a business man who has not been a part of the system which spawned this era of waste and extravagance can give the problem that searching inquiry and impartial analysis needed now. Pierce Brooks is that man.

Pierce Brooks For Lt. Governor

(Pol. Adv.—Paid for by Ben H. Lewis and other friends of Pierce Brooks.)

Cost, Length Of Fighting Depends On Stopping Point

WASHINGTON —(P)— A United Nations decision to push its police action in Korea north of the 38th parallel may require more U. S. funds than the \$10,500,000,000 which President Truman has asked.

Secretary of Defense Johnson estimated the Korean fighting may end about February. He predicted that guess, however, on a campaign to push the Communists back only to their pre-war border.

Whether the UN police action will stop at the 38th parallel or shove on into North Korea in an effort to crush the Communist Army presumably has not been determined.

High command planning—at least up until late in July—was based on an assumption that the war would not be carried north of the 38th parallel.

These estimates came to light Tuesday with release of testimony given by military leaders last month before a House Appropriations subcommittee in behalf of the President's request for new funds for military spending.

Incumbents Lead In Four States' Voting

By The Associated Press

In the primary elections in three states Tuesday, most of the "ins" stayed in, or with the vote still being counted, looked likely to win their races for renomination.

In all, candidates were picked for 54 House seats in New York, Mississippi, Wyoming and Delaware.

Party conventions September 6 and 7 will name New York's candidates for governor and U. S. senator.

Only five of New York's 45 congressmen faced opposition in Tuesday's balloting.

In Mississippi, all incumbents were renominated. A runoff September 12 between State Senators Frank Smith and Oscar Wolfe will determine the victor for the seat of Rep. Will M. Whittington who is retiring.

Wyoming, Delaware

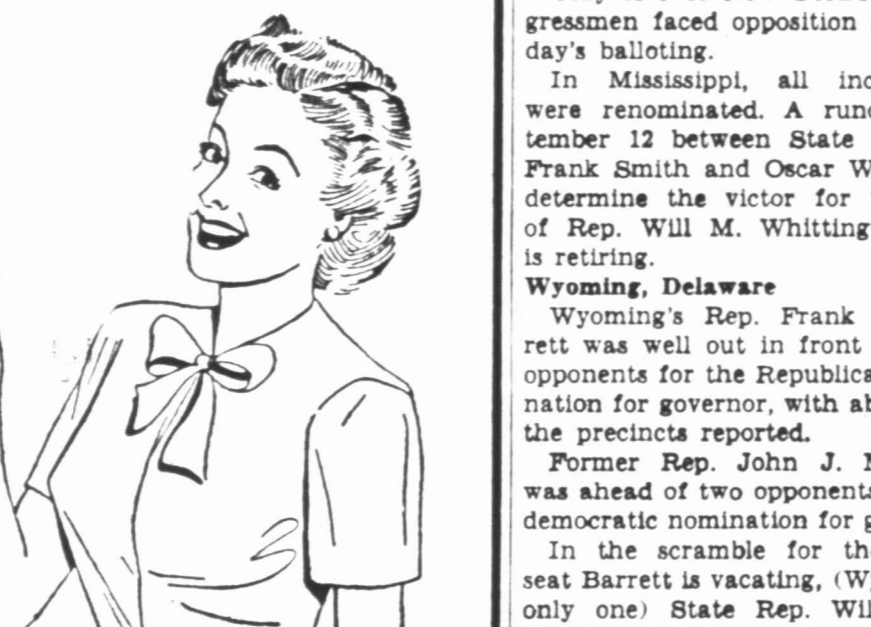

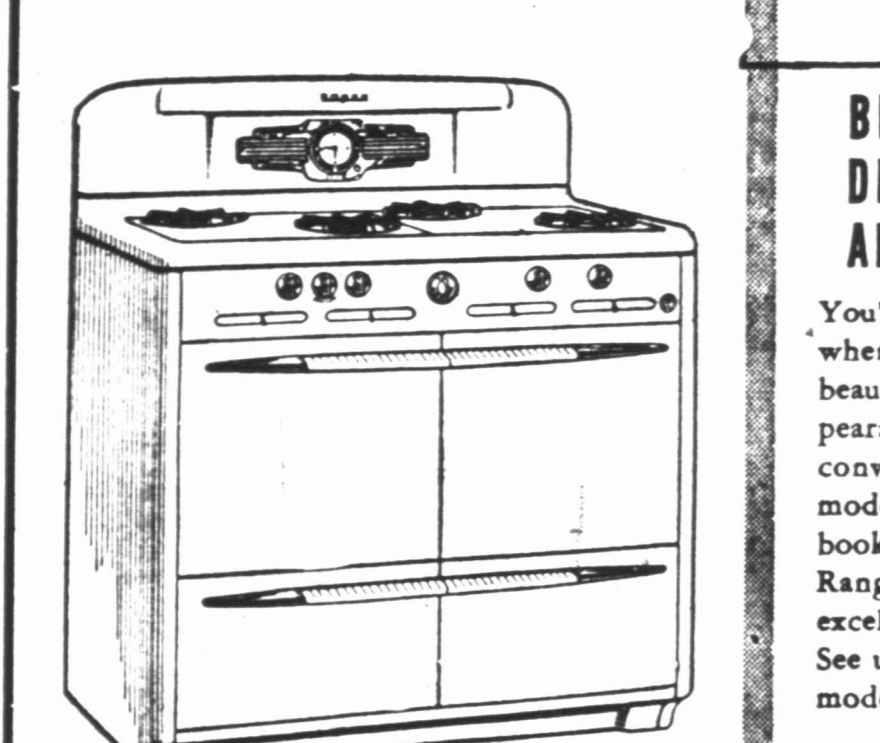

Wyoming's Rep. Frank A. Barrett was well out in front of three opponents for the Republican nomination for governor, with about half the precincts reported.

Former Rep. John J. McIntyre was ahead of two opponents for the democratic nomination for governor.

In the scramble for the House seat Barrett is vacating, (Wyoming's only one) State Rep. William H. Harrison led Homer Oxley for the Republican vote and John B. Clark was comfortably ahead of other Democratic candidates.

Delaware Democrats picked Henry Winchester of Brandywine Hill as the party's candidate against Republican Rep. J. Caleb Boggs. Like Wyoming, Delaware has only one House seat.

LIFE'S GREATEST BLESSINGS

Good health and good sense are often referred to as life's greatest blessings. The degree of health and sense enjoyed is largely dependent upon the individual. The mind can be improved through application. Health is influenced by habits such as adequate sleep, balanced diet, and regular exercise. Only with good health and good sense can the fullness of life be enjoyed. A vigilant guardian of health is your physician. He stands ready to serve day or night. We stand ready to compound your prescriptions whenever medicine is prescribed.

West Texas Oil And Gas Log—

(Continued From Page One)
tanks for a gauged one-hour flow of 110 barrels.
No pressures are available on the test.
This is the fifth test on which the No. 1 Cotten has flowed oil, since it entered the reef at 9,902 feet, on an elevation of 3,262 feet.
The No. 1 Cotten is 660 feet from east and 1,890 feet from north lines of section 91, block T, D&W survey, and four miles southeast of Brownfield.

NE Upton Slated For Permian Prospector

Magnolia Petroleum Company has staked a 7,100-foot Permian wildcat in Northeast Upton County, six miles north of the Benedum multipay field.
The proposed venture will be the No. 1 C. W. Ryburn, located 660 feet from south and west lines of section 1, block O, E&R survey. It will be a north offset to Humble Oil & Refining Company No. 1 Pembeok, a small producer from the Leonard sand of the Permian and which failed in the Ellenburger.

DST In C-E Irion Has Mud, No Signs

Wilshire Oil Company and Balboa Oil Company No. 1 Brooks, Central-East Irion County wildcat failed to find any shows of oil or gas in a drillstem test in the Ellenburger at 7,300-30 feet.

The tool was open 40 minutes. There was a blow of air at the surface for a part of the period. Recovery was 140 feet of drilling fluid. There were no signs of oil, gas or formation water.

Shut-in bottom hole pressure after 15 minutes was 2,600 pounds. The prospector was drilled to 7,355 feet. The zone at 7,346-55 feet was found to have some oil stains, a gas kick and it was soft. Operations are now preparing to run a drillstem test. Exact interval which the investigation will cover has not been reported.

May Plug Back

This prospector topped the Ellenburger at 7,210 feet. Elevation is 2,315 feet. That zone has not logged any possibilities of petroleum production.

The wildcat had some possibilities in the lower Permian and in the Strawn lime. If it fails to make a well in the Ellenburger it probably will be plugged back and production tests run on both those formations.
Location is 660 feet from north and west lines of section 21, block 3, H&T survey. It is five miles west of Knickerbocker.

Reef Areas To Get Seven New Projects

Locations for seven new Canyon lime explorations have been staked in the reef areas of Scurry and Kent Counties.

One of those projects is to be in the Cogdell-Canyon area, and in the Kent County side of that field. The other five are in Scurry County.

Three of the Scurry ventures are in the Kelley-Snyder field; two are in the Sharon Ridge-Canyon field, and the sixth is to be in the Diamond M-Canyon pool.

The locations:
Chapman and McFarlin No. 2-F D. M. Cogdell, 1,885 feet from west and 1,978 feet from south lines of section 772, block 97, H&T survey. It is 22 miles northeast of Snyder and is to drill to 7,000 feet, starting immediately.
In Kelley-Snyder

The Kelley-Snyder locations:
Phillips Petroleum Company No. 1 Doris, 467 feet from north and west lines of the southeast quarter of section 212, block 97, H&T survey, four miles west of Snyder.

It is projected to 6,900 feet and will begin operations immediately.
Skelly Oil Company No. 3-A Head will be eight miles northwest of Snyder and 567 feet from east and 1,867 feet from south lines of section 290, block 97, H&T survey. It is also projected to 6,900 feet and will start digging at once.

Sun Oil Company No. 4 Moe Lemons, et al., will be 467 feet from north and 1,012 feet from west lines of the southwest quarter of section 208, block 97, H&T survey. That makes it five miles west of Snyder. Proposed depth is 7,000 feet and drilling will start at once.

Sharon Ridge Projects
The new locations in the Sharon Ridge-Canyon field, are:
Humble Oil & Refining Company No. 1-C C. M. Mann, 1,890 feet from south and west lines of section 178, block 97, H&T survey, and 15 miles southwest of Snyder. It is slated to drill to 7,000 feet, beginning at once.

Superior Oil Company No. 7-180 C. T. McLaughlin will be 15 miles southwest of Snyder and 1,860 feet from east and 1,890 feet from north lines of section 180, block 97, H&T survey. It is due to explore to 7,300 feet, if necessary to go that deep to test the Canyon reef lime.

One For Diamond M.
The lone new exploration for the Diamond M-Canyon field is to be Superior No. 1-179 C. T. McLaughlin. It is 2,100 feet from west and

660 feet from north lines of section 179, block 97, H&T survey.
That makes it also 15 miles southeast of Snyder. It is to dig to 7,300 feet, or pay at a lesser depth in the Canyon lime. Operations are to start in the near future.

Outpost Planned For C-E Midland Field

Frank and George Frankel of Houston are to start operations in the near future on their No. 1 J. H. and L. B. Floyd, which is to be one and one-half miles east of the southeast side of the proven area in the Tex-Harvey field of Central-East Midland County.

The prospector will be 660 feet from south and west lines of the northeast quarter of section 11, block 37, T&P survey, T-3-S. That makes it 15 miles southeast of the city of Midland.

The project is the first of eight explorations the Frankels are slated to drill during the next 12 months on acreage they recently secured from Ted Weiner of Fort Worth, and associates.

All of these leases involved in the deal between the Frankels and Weiner, et al., is outside the proven area of the Tex-Harvey field.

The new development is slated to drill to 8,000 feet to test the Spraberry sand, the producing horizon in the Tex-Harvey field.

Cable Tool Prospector Staked In C-E Pecos

Paul P. Lawlis has staked a shallow cable tool wildcat in Central-East Pecos County, seven and one-half miles east of Iran.

The proposed venture will be the No. 1 G. R. White and others, located 330 feet from east and 660 feet from south lines of northeast quarter of section 11, block Z, T&P survey.

Projected depth is 1,800 feet. Operations are to begin immediately.

NE Crockett To Get 4,000-Foot Wildcat

C. W. Brown of McCamey No. 1 C. W. Brown-University is to be a 2,000-foot cable tool wildcat in Northeast Crockett County, 14 miles north of Ozona.

Location is 2,310 feet from south and east lines of section 13, block 42, University survey. It is slated to test into the middle Permian lime.

It is five and one-half miles east and a little north of the Midway Lane-Ellenburger field.

Operations are starting immediately.

NE Yoakum Wildcat Plugged, Abandoned

George P. Livermore, Inc., of Lubbock, No. 1 A. M. Brownfield, Northeast Yoakum County wildcat, 13 miles northeast of Plains, and four and one-half miles northeast of the Cobb field has been plugged and abandoned at a total depth of 8,306 feet in the lower Clark Fork of the Permian.

The exploration did not report having logged any possibilities of production.

Location was 660 feet from south and east lines of section 15, block D, John H. Gibson survey.

Cotton
NEW YORK —(AP)— Wednesday noon cotton prices were 60 cents to \$1.05 a bale higher than the previous close. October 38.07, December 38.13 and March 38.22.

CITY OF MIDLAND--

Expansion Program Okayed For Budget

A proposal for a wide-spread expansion of Midland's municipal services, to be included in the 1950-51 budget, was submitted to the City Council Tuesday night by W. H. Oswalt, city manager.

Costs of the expansion, as outlined by the city manager, would be \$128,480. Oswalt said the expansion program could be made available through savings in city salaries and through economies and efficiencies in the city government.

The council, on a motion by H. E. Chiles, Jr., voted to authorize the city manager to incorporate the expansion program into the proposed city budget and to add approximately \$25,000 to provide for an even greater expansion of the police force, traffic control improvement, and for street maintenance work.

Budget Hearing
A hearing on the city budget for the coming fiscal year was ordered for September 26, when the council will meet in regular session.

The expansion program would include the following increases in municipal services:
Provision of a debt service for \$500,000 in new tax bonds, \$34,000. Improvement to the traffic signal system, including new lights and the correction of some deficiencies in the signal control layout, \$5,000. Add four policemen and one squad car to the police department, \$13,680.

Add 12 firemen to man the two new fire stations which are included in the \$2,500,000 bond issue proposal, \$18,000.
Provide engineering for street layouts in new subdivisions, \$8,400. Street Maintenance
Add four men, two new trucks and asphalt maintenance equipment to the street maintenance department and undertake extensive paved street maintenance program, \$13,740.

Double the present street cleaning force and equipment, \$6,960.
Add three garbage trucks and nine men to the sanitation department and increase collections to twice weekly on garbage, once weekly on trash and twice daily in the business area, \$22,700.

The council, also on a motion by Chiles, unanimously adopted a resolution commending the city manager for payroll deductions and the savings brought about in the city government which make the expansion program possible.

The city manager previously had announced that the city payroll had been reduced by approximately \$4,600 through the months of April, May, June and July, as compared to the payroll over the same period in 1949.

Senate Confirms Glennan For AEC

WASHINGTON —(AP)— For the first time since David E. Lilienthal resigned as chairman of the Atomic Energy Commission (AEC) last February 15, that agency has a full complement of members.

The Senate Tuesday night confirmed the appointment of Thomas Keith Glennan for a five-year term on the commission. He is president of the Case Institute of Technology, Cleveland.

Glennan was named to succeed Lewis L. Strauss, who resigned.

FUNNY BUSINESS

"I put in shirts, and trousers come out!"

Scurry Pipe Line Contract Awarded

A contract has been awarded to the Texas-New Mexico Pipe Line Company to O. R. Burden Construction Corporation, Tulsa, to construct approximately 16 1/2 miles of 10 3/4-inch crude oil pipe line in Scurry County. It was announced by R. B. McLaughlin, president of the pipe line company.

The line is being constructed to provide additional capacity to move increased production from the Diamond M and Sharon Ridge pools in Scurry County. It will begin at Colorado City Station of the Basin Pipe Line System and will extend westward to connect with lines extending from the two pools.

Work will be started immediately, and the line is scheduled to be placed in operation by September 15.

GI Beats Wartime Egg-Eating Mark

MALDEN, MASS. —(AP)— Army Pfc. Robert Fulford of Boston suddenly was hungry.
A wartime buddy, Arthur Clark of Stoneham, had just reminded him after they met Tuesday night that once in Germany Fulford ate 19 eggs.

Fulford said he could put away a lot more eggs than that.
Clark and some other friends took Fulford into a diner and promised to pay for all their pal could eat.

Two hours later Fulford got up from his dinner seat.
He had consumed 58 fried eggs and five bottles of milk. The bill for the eggs was \$8.70. The milk was on the house.

DOUBLE JEOPARDY

CHICAGO —(AP)— The Albany Park police station baseball team suffered a double loss. They were defeated by a team of cops from the Damen Avenue station. And somebody stole their uniforms from an automobile parked at Soldier Field.

UNDERGOES TREATMENT

Mrs. W. E. Pittman, 1500 South Lorraine Street, was admitted Tuesday to Midland Memorial Hospital as a medical patient.

TO UNDERGO SURGERY

Mrs. O. S. Brewer of Artesia, N. M., was admitted Tuesday afternoon to Midland Memorial Hospital for major surgery.

Building Association Secretary Is Visitor

C. S. Jackson of Houston, secretary of the Texas Building Owners and Managers Association, conferred with Midland members of the association at a meeting here Tuesday.

A luncheon honoring Jackson and other special guests was held Tuesday noon at the Midland Country Club.

Ralph Geisler, manager of the Petroleum and McClintic Buildings here, is a director of the state organization.

CHILD KILLED WHEN REVOLVER DISCHARGES

KINGSVILLE —(AP)— Lupe Garcia, three, was killed Tuesday when a .38 Colt revolver which she was playing with discharged.

Police Chief Jack West said Lupe and her brother, Adan Garcia, Jr., were home alone when they found the weapon between two mattresses on a bed.

Midland ORC To Hear Discussion

Lt. Col. H. M. Goodman will conduct the instruction period at the bi-monthly meeting of the Midland Organized Reserve Corps group Wednesday night at Midland Airpark.

Colonel Goodman will discuss the troop information and Education program. Several training films are to be included in the instruction period.

The Midland ORC, recently designated as the Headquarters and Headquarters Company, Replacement Training Center, Camp Chaffee, Ark., meets on the second and fourth Wednesdays of each month at the ORC buildings at the Airpark.

Col. H. W. Mathews is commanding officer of the unit.

RETURNS TO MIDLAND

Mrs. W. P. Conroy returned recently to Midland after spending a month in Clouderoft, N. M.

Rotary Club Receives State Fair Invitation

The Midland Rotary Club has been invited to participate in a gigantic Rotary Fellowship Day Friday October 20, at the 1950 State Fair of Texas.

A block of tickets to "South Pacific," the sensational music show which will play in the auditorium during the Fair and to "Ice Cycles of 1951," sparkling skating extravaganza, will be available to Rotarians on a first-come, first served basis on this day at the Fair.

Dallas Rotarians have mailed out about 15,000 invitations to members of some 255 clubs over the state. Members of the nine Dallas County clubs are hosts for the occasion.

A Rotary Fellowship House in the Foods Building will be headquarters for the Rotarians.

Back To School—

Many Midland Students Heading For College

The field of higher education will be enriched this year by a large group of Midland students. Not only will college-bound Midlanders derive for knowledge in their Lone Star State, but many of them will journey to Arizona, Oklahoma, New Mexico, Tennessee, Missouri, North Carolina, Colorado, Maryland, and Massachusetts.

Among those scheduled for college are:

University of Texas: Elizabeth Ann Cowden, Alma Faye Cowden, Ann Cleveland, Jessica Turpin, Pat-

sy Bray, Mary Martha Sivals, Emma Sue Cowden, Frances Puett, Marylee Cowden, Shirley Winter, John Guy McMillan, Harold Chancellor, Tommy Carter, Charles Moncrief, Sarah Lew Link, Frank Ashby, John Steinberger, Margi Carter, Vi Jean Fuglaar, Wilbur Yeager, Charles Vertrees, Carole Casselman, Norma Jean Hubbard, Barbara Ann York.

Hardin-Simmons University: Lois Shelburne, Johnny Murray, Margaret Dougherty, Danny Goode, Genora Brown, Nadine Clement, Donald Deel, Joy Graham.

McMurry College: Eddie Richardson, Peggy Whitson, Alex Oates, Joel Sims, Kay Matthews, Bob Hunter, Dorothy Wolfe, Bill Wolfe, Mary Lola Thompson, Frank Shepherd, Joe Mabee.

Mary - Hardin Baylor College: Anne Upham.

Sul Ross State Teachers College: John Scroggin, Bill Shaw.

Texas Western College, El Paso: Charles Ruckman, Lloyd Henderson.

Ahlens Christian College: Oscar Dorsey, Velda Pigg, Cynthia Ann Parker, Billie Pigg, Dan Branham.

Baylor University: Polly Pullen, Evangeline Theis, Betty Bobo, Jo Ann Montgomery.

Texas Christian University: David Dickinson, Dan Dickinson, Francine Weaver, Nelda Davis, Billie Bollinghouse, James Barber, Frederic Dunn, Frank Roberson, John Ed Greene, Janis Slough, Duane Grissett.

Southern Methodist University: Royce Rae McKee, Jimmy Allison, Ed Prichard, Jean McMillan.

Texas Technological College: Thomas Friday, C. C. Tull, Fred McMurry, Jack Hightower, Richard

Back To School— How To Make Sure Child Is Properly Fitted With Shoes

Children's feet should be measured and fitted carefully, the Institute advises, and suggests the following check list for parents as an aid to buying "back to school" shoes for their brood:

1. Shoes should be at least one-half to three-quarters of an inch longer than the child's foot to permit toe freedom and room for expansion.

2. School shoes should provide instep support through laces, ties or straps which are designed to "hold" the young bones together. These fastenings should be firm but not binding.

3. Have the shoe salesman measure both feet of your child. Suggest that he also examine the child's old shoes to see how outgrown they have become in a few months.

If the seams on the school child's old shoes are broken before a shoe has had excess wear, if there are crooked breaks in the leather across the vamp or if the upper of the shoe is pushed over the sole, the shoe is outgrown and should be replaced.

Even Distribution A shoe salesman can tell if your child is walking incorrectly or if his previous shoes were poorly fitted.

An even distribution of wear on a shoe under the ball of the foot, indicates a correctly worn shoe.

4. Children play dress up in hand-me-down clothes but should not make a practice of wearing older sister's shoes. Shoes take on the shape and form of the foot that wears them and no two feet are the same.

5. Heavy tight shoes retard the development of growing tissue and muscle. Flexible soles that bend with the foot, strong but supple uppers are best for growing feet.

6. A shoe is too narrow if there is not sufficient space in the vamp to allow a small gathering of leather to be taken up between thumb and finger. It is too wide if the top line of the shoe gaps.

7. Heels should be snug. Foreparts should be wide enough so that toes lie in a straight line.

8. Stockings should be at least a half inch longer than the foot.

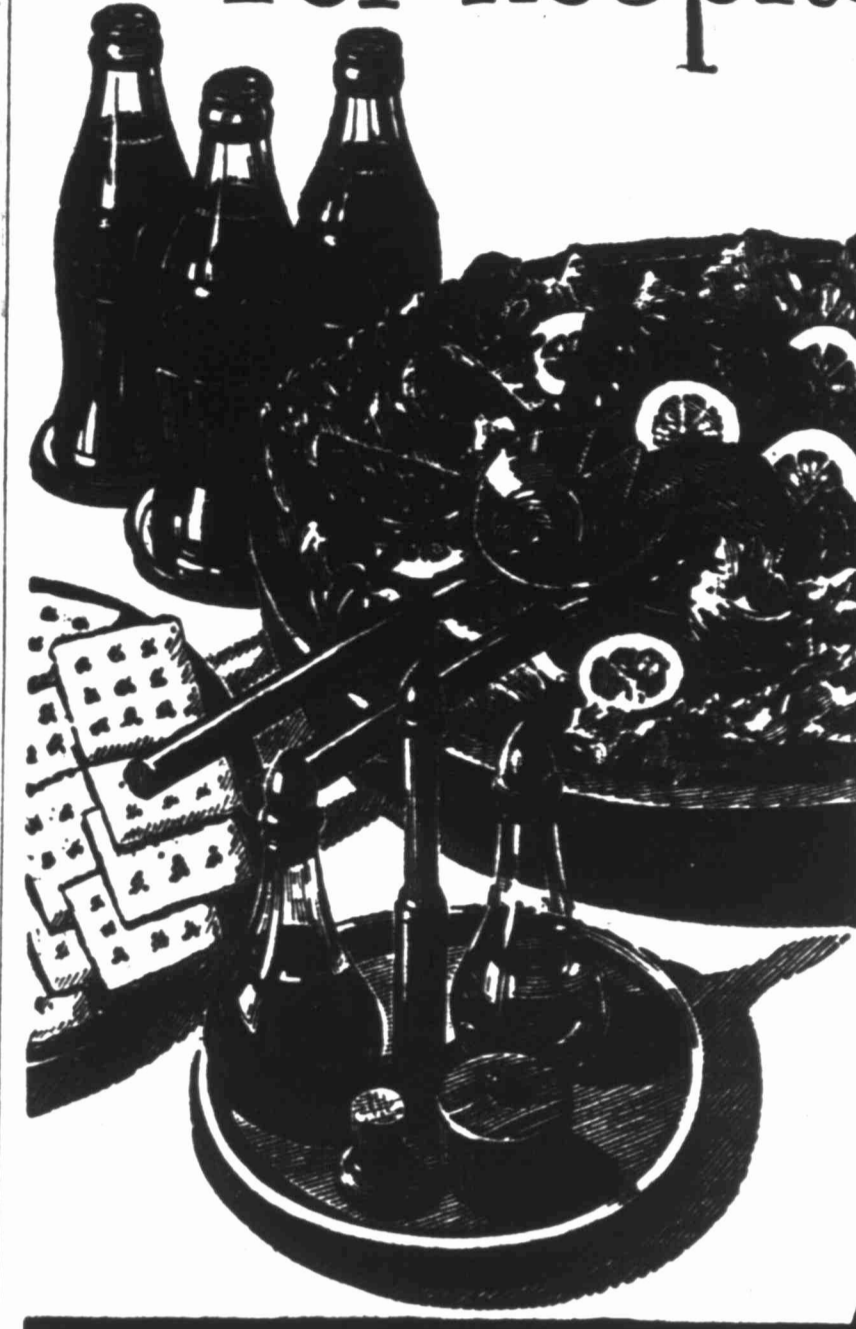

9. Shoes should be tested with the child standing on both feet as well as sitting at ease.

DISTRICT JUDGE

(Paid for by friends of Raymon Stoker in Midland County)

UNASSISTED—James David Wraether proudly exhibits a 10-pound marlin fish he caught still-fishing off Bimini in the Bahamas. Young Wraether also landed several amberjacks weighing from 49 to 52 pounds and a 50-pound rock grouper. The seven-year-old Longview, Tex., lad, who fishes with a nine-thread line and is never given any assistance, weighs only 52 pounds.

Youngsters Pushing Vets In U. S. Meet

MINNEAPOLIS—A crop of youngsters, products of the country's widespread junior golf program, is moving in for a kill at the National Amateur.

Seldom in the 50-year-history of the sedate tournament has so much young blood flowed past the hazardous first two days of play and into the third and fourth rounds.

Two 18-hole trips Wednesday reduced the field, originally 210, to 16 hardy survivors. Whether many of the "rookies" will be around by night-fall is conjectural—but undoubtedly some of them will.

Still in the race for amateur golf's greatest honor are such old hands as Toledo's Frank Stranahan, defending champion Charlie Coe of Oklahoma City; former winners Ted Bishop of Weston, Mass.; Dick Chapman of Pinehurst, N. C.; and Willie Turnesa of White Plains, N. Y.

Warwhopping after such seasoned swingers as these come the kids, led by 15-year-old Don Bisplinghoff of Orlando, Fla., High School.

Foremost among the newcomers are husky Gene Littler, the JayCee 1948 champion from Seattle, Wash., and 21-year-old Gerald Kesselring of Kitchener, Ont., Canada.

Kesselring, fresh from taking the Canadian Junior Crown, scored the most lopsided triumph of the entire meet Tuesday with a 9 and 8 second round decision over Russ Brothers of Nashville, Tenn.

Broncs Oust Roughnecks From Playoff

Celestino Gonzales, a crafty little right-hander, personally eliminated the first-place Roughnecks from the Shorthorn League championship playoffs Tuesday afternoon as he hurled his Broncos to a 5-4 victory. It was the second time Gonzales whipped the mighty Roughnecks in the championship series.

In Tuesday's tilt, Gonzales allowed only three hits and whiffed 15 batters. He might have earned a shut-out if it hadn't been for some costly errors.

Dale Jobe, pitching for the 'Necks, gave up only four hits but he walked four and hit one. Jobe also uncorked a couple of wild pitches which cost him.

The win places the Broncos in the finals, where they will meet the winner of the Bluejays-Travelers series for the league title.

The Travelers have a one-game edge over the Jays and could end the series Wednesday afternoon. The two teams meet at 5:15 p.m. on Borden Field.

Oregon and UCLA have played 20 football games, and each has won 10 contests.

Longhorn League—Broncs Close In On Third Place As Dusters Lose

By The Associated Press
Big Spring, a team that used to dominate the Longhorn League, is within one percentage point of pulling into third place.

The Broncs Tuesday night whitened Vernon's margin to this by knocking off Ballinger 9-4 as the Dusters bowed to Odessa 13-0.

Midland beat San Angelo 4-2 and Sweetwater split with Roswell, taking the second game 7-1, after losing the first 10-9.

Ray Vasquez' three-run homer sparked a five-run outburst by Big Spring in the eighth.

Four-hit pitching gave Ray Knoblauch his nineteenth victory and Odessa its easy decision. The Oilers used six hits, an error, four walks and a hit batsman for eight runs in the fourth frame.

Jim Prince's two-run, first-inning home run started Midland to its win.

Tom Jordan hit a bases loaded homer for Roswell and teammate Chuck Pressley hit one good for two runs in that first game. In the second, five runs off four hits and three Roswell errors in the sixth cinched matters for Sweetwater.

The scores: R H E
Midland 201 001 000-4 7 1
San Angelo 100 100 000-2 9 2
Jarl and Philion; Cox and Punderburk.

Texas League—San Antonio Wins, Moves Up On Dallas

By The Associated Press
Dallas lost again Tuesday night in the Texas League, but—for a change—San Antonio won. And that put the Missions just a half-game back of fourth-place Dallas.

San Antonio has been chasing the Eagles for weeks, but every time Dallas went into a losing streak, it seemed the Missions followed. And they didn't get very far, very fast in their attempt to get among the first four.

Fort Worth blanked Dallas 2-0 while San Antonio edged Houston 8-7.

In other games, Beaumont shaded Shreveport 3-2 and Oklahoma City defeated Tulsa 8-5.

Pat McGlothlin gave Dallas seven hits, one more than his mates could collect off Bob Buhl. But three walks, an infield hit by Bob Bundy, and a Dallas error provided a run in the first inning. McGlothlin singled Frank Brown home with the other in the ninth inning.

In 59 innings of baseball, Dallas has now scored exactly three runs. And these three came in the last inning of a seven-inning first game of a twin bill at Tulsa Sunday.

Two runs in the sixth inning helped Zeke Melligano beat Shreveport. He pitched six-hit ball. Len Pillar stopped a Tulsa rally in the ninth inning by fanning two batters to protect Oklahoma City's win. The Oilers had scored three runs this frame.

Dick Bokelmann and Jerry Witte hit home runs for Houston, but the Buffs couldn't manage enough runs to win. For Witte it was his twenty-fifth since joining Houston in mid-season.

New Policy Fixed For Hospitalization Of Veterans In U. S.

WASHINGTON—Veterans will no longer be sent—except in emergencies—to most of the military hospitals in the continental United States.

This new policy was announced Tuesday by the Department of Defense and the Veterans Administration. Army hospitals will be affected immediately; Navy hospitals in the near future. The VA operates 138 hospitals of its own.

The policy was changed, the government agencies said, because Army and Navy hospital space is needed to care for Korean casualties and because more medical personnel is being sent to the Far East.

Waxahachie Loses In Legion Playoff

BATON ROUGE—The Shreveport Seven-Up Bottlers defeated Waxahachie, Texas, 4-3 Tuesday night to take the Sixth Regional American Legion Junior Baseball Championship.

Bo Foster started on the mound for Waxahachie and was relieved in the seventh inning by Tom Gibson who finished the game.

Seth Morehead, who did the hurling for the winners, allowed only three hits and struck out 13.

POBBY TO MANAGE

BROOKLYN, N. Y.—Brooklyn second baseman Jackie Robinson will manage the Mayaguez team in the Puerto Rican League during the diamond off-season. The batting star will not play, but will confine himself to masterminding.

CUPID INVADERS BASEBALL FIELD—Dan Cupid invaded the Fort Worth LaGrave Field in Fort Worth as four members of the baseball team lined up to say their "I do's." Here, the leadoff man and his bride, Mr. and Mrs. John Rutherford, she the former Jo Day of Dayton, Tenn., emerge from the canopy of crossed bats. The couple was followed by Mr. and Mrs. Don Hoak; Mr. and Mrs. Joe Torpey and Mr. and Mrs. Russ Rose.

Indians Win 4-2; Will Open Home Set Wednesday

The Midland Indians and the San Angelo Colts collide at 8:15 p.m. Wednesday in Indian Park in the opener of a three-game series. Lefty Leon Hayes is due to chuck for the Indians in the opener. He probably will be opposed by San Angelo's Jim Price, also a lefty.

SAN ANGELO—The big bat of Manager Jim Prince and the sterling clutch pitching of LeRoy Jarl gave the Midland Indians a 4 to 2 victory over the San Angelo Colts here Tuesday night. The win also gave the Tribe an even split in the two-game series.

Prince didn't wait around long before he gave the Indians a two-run lead.

Lou Dawson, the third man to face Derwood Cox in the tilt, drew a free pass. Prince stepped to the plate and slammed the first pitch to him over the right field fence for a home run, driving in Dawson ahead of him.

Cruces Doubles
The Colts got one of the runs back in the bottom of the inning when Bob Cruces doubled home a tally, but Jarl was stingy as all get-out after that.

The giant rookie right-hander was in trouble several times but managed to pull himself out without much damage.

The Indians added a run in the third which was aided by Wayne Wallace's error. Mike Bellone reached base on the miscue and Kenny Jones drove him home.

Seven San Angelo batters went to the plate in the fourth but Jarl got by with only one run being scored.

Bob Phillion doubled and scored on George Firnbach's single for the final Midland tally in the sixth.

The box score:

City League Play Ends Wednesday

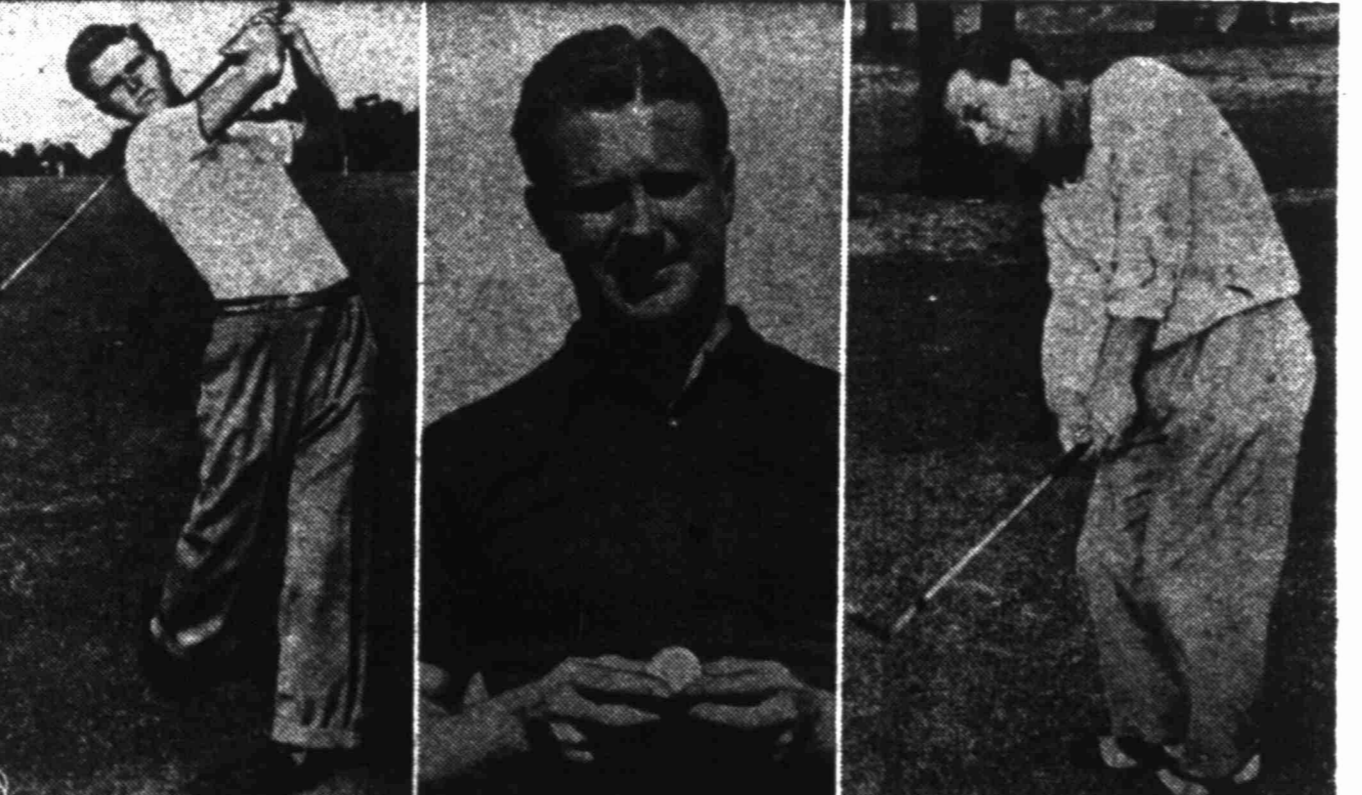

The final doubleheader of the regular season pits the Reporter-Telegram against the Shell nine and the Rotary Engineers will match runs with first-place Western Plastic Wednesday night in the City Major League.

The Reporters go into their last game still seeking a loop victory, while a Shell triumph will give them a fourth-place tie with the Rendezvous and a shot at the playoffs.

The Plastic-Rotary tilt is a natural for the season finale, matching the loop's top nines. Even if Rotary wins, Plastic will retain the straight-away title. Rotary won 14 league games while Western Plastic was racking up 16 victories.

NEW SCHOOL—Harvey Ward, Jr., William C. Campbell, Jr., and MacGregor Hunter, left to right, are leading members of the new school taking over on the United States Amateur Golf Championship's 50th anniversary. Ward is a North Carolina undergraduate, Campbell a West Virginia legislator, Hunter, son of Willie Hunter, former British Amateur champion and a Los Angeles professional. The tournament ends at the Minneapolis Golf Club, Aug. 26.

Adults Lose To Top Nine

The Lutherans whipped the Young Adults 16-8 and the Presbyterians beat the Baptists 15-14 in softball games played Tuesday night in the JayCee-sponsored City Church League.

The runner-up Young Adults opened their tilt with the league leaders with a two-run count in the first inning. The first batter grounded out, but Pete Peterson looped a one-bagger. R. A. Whitson struck out. Frank Shepard singled Peterson to second and both advanced on a passed ball. Cliff Howell walked and then Pitcher Earl Monteith plated Peterson and Shepard with a sharp single. It was the only time in the game the Adults led.

The Lutherans quickly took over on Gilbert Becker's home run, a double by Bob Morrow, Gene Furlow's base on balls and Ed Synatch's three-run homer. With two men out, Earl Fletcher walked and came home on Pitcher Paul Westrup's booming two-bagger.

Adults Tie Score
The Adults came back in the second to tie the score, but soon fell behind to stay. Whitson and Shepard each singled in a run and Carl Vance scored on an infield error. The loss dropped them into a second-place tie with the Presbyterians.

The Lutherans walloped 13 bingles, including four doubles and four home runs. Synatch smashed two round trippers and Becker and Lou Durio also hit homers. Synatch drove in six runs.

The happy-go-lucky Presbyterians used six pitchers in their victory over the Baptists and led from the start. Norman Drake homered for the winners only extra-base blow.

Bob Morrow blasted a four-bagger and Frank Shepard doubled for the losers.

WT-NM League—Lamesa Drops To Third; Hubs Gain

By The Associated Press
Relief pitching is paying off for Walt Stenberg.

The Albuquerque twirler Tuesday night won his fifth game in two weeks—four of them in relief roles—as the Dukes took the second game of a double bill from Amarillo 8-6. Stenberg took over from Jordan Pitta in the third inning. Amarillo won the first game 8-0.

Borger bounced Clovis 12-3, 8-4 in another doubleheader, while Lubbock took over second by one percentage point with a 7-6 decision over Abilene.

Lamesa dropped to third when it bowed to pace setting Pampa 11-7.

Coach Bill Jeffrey's Penn State soccer team is unbeaten in its last 15 games. Two of the 15 were stalemates.

SPORT SLANTS

Football is booming in District 5-A and just about everybody has the same opinion as to what the final outcome will be.

Andrews and Pecos are the established favorites to cop the district. The coaches all say it, the fans think that's the way it will be and we've heard it from so many sides we are beginning to believe it too.

—SS—

F. O. Scroggins, the Monahans High School mentor who piloted his 1948 Lobos to the state title, is one of the firm believers this is the year Andrews must win.

"Tubbs has kept his team up close to the top every year and he'll be loaded this season. I don't see how he can miss," Scroggins says.

—SS—

Derrell Mayer, the Kermit coach who had a fine club last season, shares Scroggins' view of the district race.

"I can't do anything but pick

WT-NM League—Lamesa Drops To Third; Hubs Gain

Andrews and Pecos as the teams to beat," he declares.

"Pecos has some of the best backs in the state and Andrews is well stocked on lettermen."

—SS—

There's no denying Pecos and Andrews will have good material from which to mould their ball clubs but don't let all this talk fool you into thinking there won't be some other tough teams in the conference.

Monahans, Wink, Kermit and Seminole will be some of the other title contenders.

The 5-A race is going to be tough again just like it always has been.

—SS—

Up at Wink the linemen are big this season. Some of the boys are a little "green" yet but with any luck at all, Coach Glen Frazier's Wildcats will make a showing.

Gone are Bud Rollins, Pat Drumm and Don Hoskins from the backfield of the 1949 district championship outfit. It always hurts to lose boys like them.

But even with the backs lost through graduation, Wink has some good prospects.

—SS—

Monahans has some of its backs and most of its linemen returning from last season's team. A few of the boys up from the B team are going to land starting assignments.

Coach Scroggins has a pair of hefty linemen in Tackles Bob Black, a 220-pound letterman, and Bill Busby, 230-pounder up from the B team.

Leonard Perryman and Gloyd Walsh, a couple of lettermen, will be the top men in the backfield.

—SS—

Sports Slants is gathering the dope on all of the District 5-A teams and a series of articles on them will follow this week and next.

After looking at a half-dozen of the teams we still say 5-A is the toughest conference in the state.

One thing that makes it so tough is the fact that there are 10 teams in it. That means nine conference games and never a chance for a breather.

NOW IS THE TIME TO BUY THE BEST!

GOOD YEAR TIRES are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires. That's why we're having a hard time keeping Goodyear tires in stock—despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

It's Value that counts
The final answer to tire value is how many trouble-free miles a tire delivers compared to its cost. Get Goodyear quality and find out for yourself why Goodyears are best.

We'll give you service . . .
Yes, we're equipped to give you the best service in town—service that adds miles and miles of safe driving. We'll check your tires regularly for inflation, balance and uneven wear.

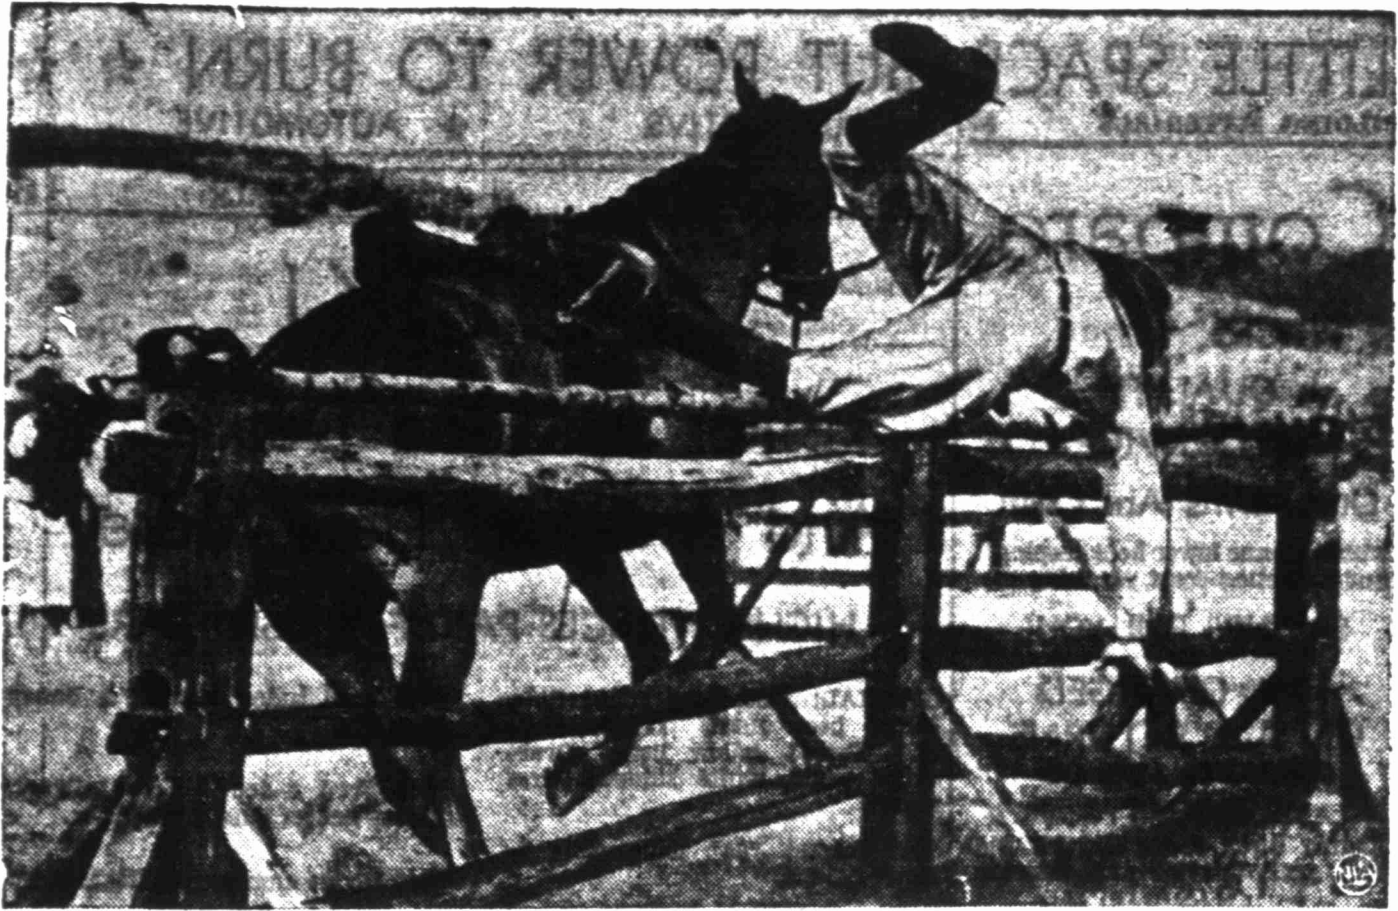

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears—the best!

Trade new miles for old
90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade you new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone"—go Goodyear for safety. And for safer driving, get LifeGuard Safety Tubes.

Come in . . . let's talk tires, tubes, terms

K and K TIRE CO.

Little League To Open 'World Series'

WILLIAMSPORT, Pa.—(AP)—The pick of the nation's boy baseball stars begins the fourth annual Little League World Series here Wednesday night.

Pennsylvania's Pennsylvania state champions will clash with Hagerstown, Md., representing Region Four, in the series opener. Three other first round games will be played Thursday.

Wilkinson Predicts Sooners' Win String Will Be Broken Soon

OKLAHOMA CITY—(AP)—"There are going to be a lot of football games won and lost by the armed forces this season."

Bud Wilkinson, University of Oklahoma coach, put feeling into that statement Tuesday to sports writers at a preview of Sooner prospects.

Federal activation of Oklahoma's 45th Division took away five men being counted upon for replacing some of the 10 starters lost through graduation.

"Four National Guard divisions have already been called in the nation," Wilkinson said. "In Oklahoma, all three major schools are suffering. This naturally gives surrounding states that were not touched an advantage."

Of course, war developments during the season also will determine football manpower. Wilkinson, named coach of the year at the end of last season, isn't sure he'll finish out. He's a Naval Reserve officer.

He predicted Oklahoma's string of 21 straight victories will come to an end soon after the season opens.

The nation's No. 2 team opens against Boston College September 30, and follows with Texas A&M and Texas.

"There's no chance to win them all. We'll be fortunate to win one. I'll be well pleased to win two out of three," he said.

MAJOR LEAGUES—

Yanks Cop First Tilt From Tigs; Rolfe Is Worried

By JOE REICHLER
 Associated Press Sports Writer

This could be described as D-day in the life and times of the turbulent Detroit Tigers.

Another loss on top of Tuesday's 13-6 beating by the New York Yankees might mark the beginning of the end of Detroit's pennant dream. Also the outlook for the third and last of the three-game set at Yankee Stadium Thursday is far from bright. Then comes Boston.

Red Rolfe is banking on his ace, Art Houtteman Wednesday. The young right-hander and veteran Dizzy Trout are all that's left of the once-mighty Tiger pitching crew. Hal Newhouse and Fred Hutchinson have been in and out all year. Virgil Trucks and Ted Gray are laid up with sore arms. Hal White was pounded black and blue Tuesday and Trout worked the day before. So everything is up to Houtteman.

Houtteman (16-9) has beaten the Yanks four times in six outings. Veteran Vic Raschi (15-8), his opponent, owns a 1-2 season record against the Tigers.

Rolfe, recognizes that the flag can be won or lost at the stadium. "I'm not trying to belittle the chances of the Indians or Red Sox," Red said before Tuesday's game.

Two More Texans Who Missed Guard Maneuvers Penalized

DALLAS—(AP)—Two more National Guardsmen, who skipped Summer maneuvers with the 49th Armored Division, have been fined and sentenced.

A 21-year-old guardsman was sentenced to 10 days in jail and a \$10 fine by court martial. A 22-year-old man was given 10 days in jail and a \$10 fine on each of 16 counts charging him with being absent without leave.

The sentence for the second man was suspended by Brig. Gen. C. P. Kerr, commander of the division's Combat Command B, because of the man's family situation.

One guardsman was convicted and fined last week, another has been charged and is free under \$500 bond, and a third has been charged but not apprehended.

New Mexico U's Status Discussed

LUBBOCK—(AP)—The status of the University of New Mexico in the Border Conference may be decided September 9 at El Paso.

Dr. J. William Davis of Texas Tech, conference president, and Dr. E. L. Larson, conference commissioner, met here Tuesday and could not iron out the problem. They set another session temporarily for September 9.

The school wants to be considered eligible for conference titles in football and basketball this year. It recently joined the Skyline Six Conference.

Davis said there were several problems connected with the university's request. He also said every member of the circuit apparently had a different idea of what action should be taken.

Northwood Club at Dallas Gets Tourney

MINNEAPOLIS—(AP)—The U. S. Golf Association announced Tuesday that the 1952 Open Championships will be played at the Northwood Club in Dallas.

The Amateur that year will be in Seattle, Wash.

Cullinan's Daughter To Fight For Share Of Oil Man's Estate

HOUSTON—(AP)—Mrs. Barbara Cullinan Waller, 29-year-old daughter of the late Craig P. Cullinan, Sr., says she will fight being left out of the wealthy oil man's will.

The will, filed in probate court Monday, left the bulk of his estate in trust to two sons, Craig, Jr., and J. S. Cullinan, II. It also specified that \$25,000 was to be left in trust for Mrs. Waller's daughter by a former marriage, Nina Judith Pittman, now 10.

The will said Mrs. Waller had been provided for adequately in that she had been given a home, education and interest-bearing securities.

Mrs. Waller, who said she is a waitress in a Baton Rouge, La., cocktail lounge, said she understands her father's estate is worth from \$30,000,000 to \$40,000,000. She came here Tuesday with her attorney, Richard O. Rush.

Estranged in 1943

Mrs. Waller told reporters she and her first husband, J. H. Pittman, Jr., of Houston "ran off and got married" in 1939 and her father was displeased. She said she and Pittman were divorced in 1943 and that she and her father never spoke again.

The divorce proceedings placed her daughter in the custody of Mr. and Mrs. Cullinan, Sr., she said.

"I signed papers giving complete custody to my mother and father, she said. "Now they are both dead and nobody will even tell me where my daughter is. Of course, I'm not worried that she's hungry, but I'm going to get her back if it costs me my last dime, if I have to scrub floors to do it. I never tried to get her back because I figured my parents could give her more than I could."

She said she married J. W. Waller of Baton Rouge about two and one-half years ago.

She said she and her attorney plan to file a contest of her father's will.

Economy Group Gains Ground In Slashing Road Aid

WASHINGTON—(AP)—With Congress facing early votes on higher taxes and bigger military outlays, economy advocates had gained ground Wednesday in their efforts to whittle domestic spending.

A \$1,138,000,000 two-year highway building bill went to the House after senators had carved \$119,000,000 off proposed outlays previously cut \$240,000,000 at President Truman's request. The Senate passed it Tuesday by voice vote.

The bill sets a limit on the amount to be appropriated later by Congress for road building up to June 30, 1953.

The economizers, led by Senator Byrd (D-Va.), regarded as a notable victory their success in trimming a measure that offers federal aid money for every state—the kind of a bill that seldom feels the keen edge of the pruning knife.

Byrd told a reporter he is hopeful the Senate's action means some real economies will be made in non-defense spending.

Crane News

CRANE—For the first time this year there will be registration of children entering the first grade and all new elementary students.

These children are to register August 31-September 1 at the elementary building. The eighth grade and high school students will register for classes August 29-31. The schedule: August 29—seniors, 8 a. m. to 12 noon; juniors, 1 to 5 p. m. August 30—sophomores, 8 a. m. to 12 noon; freshmen, 1 to 5 p. m., August 31—eighth grade, 8 a. m. to 12 noon.

Contractors have started the work of installing sewer and water lines in the Russell Heights addition in West Crane. A number of large homes are being planned for this section.

District Missionary R. L. Wittner of Alpine spoke to approximately 250 persons at the Workers Conference of the Pecos Valley Baptist Association recently in Crane.

Mr. and Mrs. G. C. Arent and Mr. and Mrs. A. R. Watkins and daughter, Ruedell, recently attended the Brister-Clark reunion held in Ballinger. The Watkins also attend a school reunion in Cruz and the Arents visited with relatives and friends in San Angelo and Hopewell in Runnels County.

Mrs. W. R. Crowover, Kay and Ronny of Borger are visiting in Midland and Crane. She last week attended the Workers Conference at the First Baptist Church of Crane. They are former Crane residents.

Harold Riley and Robert Trout, who have been employed during the Summer here, have returned to Waco, where they will begin training for the Southwest Conference football season. They are Baylor grid stars.

James Nance and Merwyn McCulley will leave in September for the United States Navy.

The Rev. R. L. Wittner, district missionary from Alpin, reported that the recent Paisano Baptist Encampment was most successful. More than 2,400 persons registered during the camp period.

Dwain Stacy and Hubert Foreman recently visited in Brownwood with Mrs. Foreman and son.

"Worthwhile Living and Service" was the subject of a talk by the Rev. Harvey Graham at a recent meeting of the Men's Fellowship of the Tabernacle Baptist Church.

Second Hurricane Dies In Caribbean

MIAMI, Fla.—(AP)—The second hurricane of the season has blown itself out.

The tropical storm, spawned in the same general area as hurricane No. 1, degenerated into a wide squall area in the Eastern Caribbean Sea Tuesday night after smashing tiny Antigua Island with 120-mile an hour winds.

Observers said the storm was little more than a series of gusty squalls with winds of 30 to 35 miles an hour in the roughest spots.

Pioneer Stockman Dies

STAMFORD—(AP)—Carl Edward Youngquist, 80-year-old retired farmer and stockman, died Tuesday. Youngquist was a native of Sweden and came to the United States when he was 19 years old. He settled in Jones County in 1907.

MAIL, MAIL—The plane's not all here. There wasn't room in the hangar for James Ronco's uninsured plane when a sudden hail storm struck Pueblo, Colo., recently. A foot of hail fell on the city, breaking more than 10,000 windows and causing Ronco's craft to look as if it had been through the Korean war.

Novel Twist For a Quick Frisk

Since many North Korean Communists have been infiltrating through our lines by disguising themselves as civilian refugees, American troops have been obliged to carefully check each Korean group for concealed weapons. Cpl. James Imswiler, of Westchester, Pa., speeds up the checking process by using a sensitive mine detector that will reveal the presence of any metal objects.

One Killed, Six Hurt In Apartment Blaze

CHICAGO—(AP)—An unidentified man was killed and six persons suffered minor injuries in a fire which destroyed a three-story South Side rooming house early Wednesday.

More than 100 persons were driven from the 36-apartment brick building at 6217-21 Kenwood Avenue. Fire officials said later a search of the building disclosed no bodies in the wreckage. Many escaped by jumping from upper floors and others by sliding down rope ladders.

Fire officials estimated damage at \$20,000 but early they were unable to determine the cause of the blaze.

Attendants at Woodlawn Hospital said one man brought to the hospital was dead on arrival. They said the cause of death apparently was suffocation.

Manufacturer Tells Of New U. S. Weapons

JOHNSTOWN, Pa.—(AP)—The U. S. is building "fantastic" new war weapons, says aircraft manufacturer Glenn L. Martin.

Speaking Tuesday night at the Kiwanis dinner marking the start of the All-American Baseball Tournament, Martin said his Baltimore firm is building four types of homing device missiles, each of which can "track its game better than an animal."

Martin said his company will be on full wartime basis by November.

Animals that fight with their teeth retract their ears when angry so that the ears cannot be injured or torn by the enemy.

But I'll Find Out Who He Is

GOSH! I REMEMBER HIS FACE—BUT I CAN'T RECALL HIS NAME

Mr. and Mrs. J. F. Brannan will travel to Houston where they will be joined by Mr. and Mrs. Raymond Brannan and son for a trip to Camp, Ark.

Manning Smith of College Station will call a benefit square dance Thursday on the Community Hall tennis courts. It is sponsored by the Cub Scouts.

Approximately 1,000 persons attended the recent formal opening of the T&P Clothiers in the new Pasgur Building. A style show was presented and souvenirs of orchids, ash trays and balloons were distributed.

Mrs. E. Henderson of Abilene will accompany Mr. and Mrs. W. R. Hamblett on their vacation in South Texas. She is Mrs. Hamblett's mother.

Mr. and Mrs. J. Williams of the Gulf Oil Camp recently attended the funeral services in Brenham for his father, A. B. Williams.

Mrs. Terry Burleson and son, Clint, of Shreveport, La., are visiting with her parents, Mr. and Mrs. L. D. Henderson.

Robbie Nell Hubbard, daughter of Mr. and Mrs. Ted Hubbard of Fort Worth, is visiting with her aunts, Mrs. Roy Moore, Mrs. W. S. Johnston and Mrs. J. R. Todd.

Scientist Charged In Plutonium Theft

DENVER—(AP)—Federal charges of stealing plutonium—vital in atom bomb production—have been filed against Sanford Lawrence Simons, 28, research scientist at Denver University.

FBI Agent Russell Kramer said a small glass vial of plutonium was recovered from a hiding place beneath Simons' Denver home. He was held in default of \$10,000 bond. Simons will be tried under the Atomic Energy Act. The maximum penalty is five years' imprisonment and a \$10,000 fine.

Kramer said the plutonium was taken from the Los Alamos, N. M., atomic project four years ago. The FBI said Simons admitted taking the plutonium as a "souvenir" and that he had placed it under his house so that his children wouldn't play with the radioactive substance.

Simons served as an Army enlisted man at Los Alamos from August, 1944, to March, 1946. He was a civilian scientist there from March, 1946, to July, 1946. Since September, 1948, Simons has been a research scientist at Denver University.

The FBI would not disclose the quantity or value of the plutonium. Kramer said he had heard varying reports the substance was worth from \$500 to \$200,000.

CHILD CYCLIST KILLED

LUBBOCK—(AP)—"Tubby" McClain, 10-year-old son of Mr. and Mrs. G. C. McClain of Lubbock, was killed Tuesday when the bicycle he was riding and a truck collided.

MIDLAND'S STORE FOR MEN AND WOMEN

IF AT FIRST YOU DON'T SUCCEED—When this enterprising Franciscan friar got no response to his bell-ringing at the entrance to the Church of the Visitation, near Jerusalem, Israel, he put the decorative iron gate to practical use as a ladder.

Bond Election Set—

(Continued From Page One)
City-County Auditorium at Colorado and Missouri Streets.

The council, on a motion by J. W. McMillen, voted to award a contract to the M and N Construction Company of Hobbs, N. M., for water and sewer extension work in the Parklea, Gardens and Crestview Additions. The M and N bid was \$35,789.21. Other bids for the project

were submitted by J. W. Copeland, Midland; W. L. Johnson, Midland; Roger Smith Company, Waco; K. C. Richardson Company, Austin, and the Bill Curby Company, Odessa.

Developers of the three additions will finance the costs of the projects.

Speaker Compares City To Airplane

Little George McEntire, Midlander who gained fame as a flier and test pilot, told members of the Lions Club at their luncheon meeting Wednesday in Hotel Scharbauer, a city is like an airplane in that all parts must function together to make a good finished product.

McEntire, a wartime test pilot for Lockheed, told of his experiences and made practical comparisons of flying and airplanes to a city and its way of life. He said there is no such thing as a dangerous airplane in its mechanics but mistakes made in flying it account for danger, especially when the stress point is exceeded.

"A plane gets a bad name because it cannot produce. So it is with a bad citizen," the speaker compared.

Ed Prichard, president. Invocation was by Ray Gwyn. Cal Boykin announced the Labor Day report event and invited Lions to support it. It was announced that R. B. Baker had been appointed a director of the club replacing H. Winston Hull, who resigned because of the press of other matters.

City Secretary At McCamey Resigns

MCCAMEY — James A. Fleming, city secretary of McCamey for 13 months, offered his resignation Tuesday night to Mayor C. W. Brown and the city council members who were meeting as a board of tax equalization.

Fleming gave as his reason that a "more attractive financial offer" had been made.

Food Price Index Climbs Upward Again

NEW YORK—(AP)—The Dun & Bradstreet wholesale food price index resumed its upward climb this week after holding unchanged for three weeks in a row.

It advanced three cents to 65.53—11.9 per cent above the year ago week's 53.86, and the highest since Sept. 28, 1948, when it was 56.70.

Yanks Drive—

(Continued From Page One)
had shoved into the frontline. No U. S. guns were knocked out in that attack.

Lambert said the North Koreans tried to cut the Allied road from Taegu but succeeded in slowing supplies only briefly Wednesday.

The main Kumwha-Taegu mountain highway from the north was the battle line. Ridges lining it were commanded by the Reds when the doughboys jumped off against them.

In an all-day fight the Americans drove the Reds from several commanding ridges. One annoying Red artillery position was silenced early.

The Communists met the American-South Korean attack with heavy artillery and mortar fire.

First Americans to break through the Communist vanguard took high ground, silencing Red artillery that had been hampering Allied advances.

One U. S. unit, attacking over ridges to the east of the main supply road, drove the Reds back on the American right flank, Lambert said.

Largest Faculty In History Assigned

Midland public schools will open September 5 with the largest faculty in its history—to instruct the largest enrollment in the history of schools here. On the school rolls will be 180 persons, ranging from superintendent to first grade teachers.

Superintendent Frank Monroe heads the system, as administrator.

PRINCIPAL — Charles Mathews is beginning his fourth year with the Midland school system. He is principal of Midland High School.

Back To School—Teach Children Safety Truths

There are 10 safety "Truths" which, if followed implicitly by all children, would help to reduce the number of injuries from traffic mishaps.

They form the AAA suggested Safety Education Program for elementary schools and are also the basis for the annual poster contest for elementary and high school students which last Spring drew thousands of entries.

- The "Truths" are:
- 1—Obey the Safety Patrol.
 - 2—Keep from between parked cars.
 - 3—Look both ways before crossing.
 - 4—Wear white after dark.
 - 5—Cross only at corners.
 - 6—Watch for turning cars.
 - 7—Be extra alert on rainy days.
 - 8—Learn and obey bicycle safety rules.
 - 9—Play away from traffic.
 - 10—Walk on left facing traffic.
- Children will have these truths pointed out to them in class by teachers. Parents will do well to remind them of these points at home also.

Rail Board Slates Three Area Hearings

AUSTIN —(AP)—The Railroad Commission Tuesday scheduled public hearings in Austin as follows:

September 12—Application of the Stanolind Oil and Gas Company for exceptions to the commission's flare gas prohibition order in the Levelland field, Cochran and Hockley Counties.

September 12—Application of the Amerada Petroleum Corporation for special field rules and a determination of the most efficient rate of production for the Von Roeder field, Borden County.

September 13—Application of the Gulf Oil Corporation for special field rules for the C-Bar field, Crane County.

head. In charge of the various schools are Charles F. Mathews, principal of Midland High School; Wesley N. Martin, principal of John M. Cowden Junior High School; W. D. Ladd, principal of North Elementary; C. D. Johnson, principal of South Elementary; Leslie Hinds, principal of West Elementary; Mrs. Mary Logan, part-time principal and teacher at Terminal Elementary; and Mrs. Lucy Mashburn, part-time principal and teacher at the Latin-American Elementary. E. L. Jordan is principal of the negro Carver school.

Also on the school rolls are five special teachers. They are Mrs. Inez W. Luce, visiting teacher; Mrs. Gladys Tolbert, pupil personnel; Mrs. Lucille Wilkinson, high school librarian; Mrs. Evelyn Cox, junior high school librarian, and Mrs. Rachel Drake, teacher of exceptional children.

Inez Parker is consultant of art; R. C. Michener is consultant of music, and Jack Mashburn is counselor of the high school. Vocational teachers include Clyde Parmelley and Mrs. Faye Massey, home economics teachers in the high school; Ruth Donnell, distributive education, and J. R. Cuffman, vocational agriculture teacher.

Junior High
At Midland High School, 32 teachers are on the faculty. They are Novilla Bailey, Jere Bass, John Bizio, Mrs. Ella Mae Blair, Keith Bobo, Harold Bankston, Louise Boyd, Pae Campbell, Mrs. Betty K. Cotton, Bonnie Eddy, Audrey L. Gill, Gwen Gordon, Verna Harris, John L. Higdon, Jerry Hoffman, Thurmon L. Jones, Minnie Jackson, Theresa Klapproth, Mrs. Elsie Magee, Bert Marks, Helene Milley, Lucy Moore, Mrs. Josephine Parr, Bernard Paterson, Mrs. Mary B. Phillipus, Fannie Reeves, Mrs. Helen Rucker, F. D. Rutledge, Veta Watson, Josephine Weaver, Mrs. Charles Barron, William Norris.

Teachers at John M. Cowden Junior High School are Ethel Chaudoin, Mrs. Jesse Orth, Mrs. Opal Shew, Marcia Smith, Mrs. Ehyeene Keel, Mrs. Monetta Brown, Mary Lynn Clift, Mrs. Hollye Friberg, Maurine Horton, Joyce Jenkins, Dorothy Perkins, Dorothy Routh, Donald G. Powers, Jack Russell, Alafair Burton, Robert Cochran, Patricia Owens, Rosalind Rollins, Mrs. Lillian Shirley, Nancy Tally, Bess Thurman, Tom Tibbetts, Mrs. Doris Watson, Mrs. Laverne West, Mrs. Eugenia Wilson, Wilson Blurton, George Gates, Linda Lou Lindsay, and Mrs. Evelyn Wink.

North Elementary
North Elementary School teachers, and the grades they will teach, are Mrs. Helena Grant, Mrs. Lucille McCree and Lela Robbins, first grade; Mrs. Marvena Kemp, Mrs. Bessie Peters and Mrs. Mary Jo Reynolds, second grade; Ruth Pearce and Marie Williams, third grade; Annie Frank Stout and Mary Louis Yoe, fourth grade; Mrs. Hazel B. Cobb, Mrs. Zula Thayer, fifth grade; Mrs. Doris Aldridge and Don Stringer, sixth grade.

South Elementary
At South Elementary school, teachers are Mrs. Laura Clemens, Dollye A. Littlefield, Mrs. Ida Stracener and Mrs. Alpha Lynn Tillman, first grade; Mrs. Jack Ellington, Frances Ann Eubank, Mrs. Evanel May and Mrs. Jessie Powell, second grade. (Continued On Page Five)

TEN TIMES MORE
Anticipated enrollments in high schools are expected to be just short of ten times what the enrollment was at the beginning of the century. Total for 1950 is now estimated at more than 6,000,000.

SECTION TWO

Back To School—New School Year Brings Meetings Of P-TA Groups

With the beginning of the school year will come the first meetings of Midland's six Parent-Teacher Associations and their governing body, the City Parent-Teacher Council.

Mrs. S. M. Erskine

Mrs. S. M. Erskine, council president, completed her appointments early in the Summer. The six units which were active last year—High School, Junior High, North, South and West Elementary and Terminal—are ready to begin work. A new unit for the David Crockett Elementary School will be organized soon after school opens.

Other council officers are Mrs. Raymond Leggett, vice president; Mrs. M. O. Gibson, secretary; Mrs. A. Cowden, treasurer. Committee chairmen are Mrs. Bill Glasscock, audio-visual education; Mrs. Leo Brady, arts and craft; Mrs. Al Cowden, budget and finance; Mrs. H. L. Huffman, health and Summer roundup; Mrs. Allen Dorsey, goal sheet; Mrs. W. Earl Chapman, legislative. Mrs. T. McElligot, membership.

SUPERINTENDENT—Frank Monroe is starting his tenth year with the Midland school system. He first was principal of Midland High School and became superintendent of all schools in 1943.

OVER 300 JOCKEY CLUB

NEW YORK —(AP)—Walter Miller holds the record for riding the greatest number of winning horses in one year with 388 victories in 1,384 mounts in 1906. Jockey Miller again broke 300 in 1907, topping the list with 334 winners in 1,194 mounts. Only three other jockeys have topped 300 in one year—Vincent Powers with 324 in 1908, Jack Westrope with 301 in 1933 and Johnny Longden with 316 in 1947 and 319 in 1948.

Midland School Bells To Ring September 5

Finishing space for Midland's school-age children each Fall is becoming a yearly event for school officials here, as the scholastic population jumps annually to tax school facilities.

Remodeling and enlarging the high school last year provided barely enough room, and the construction of two new schools in the Midland Independent School District, and the construction of a new Catholic school this year are giving school administrators a breather this year.

But even now, Frank Monroe, superintendent of schools, and the trustees of the Midland Independent School District are plotting and planning ways of raising enough money to construct more new schools in the near future.

The new David Crockett school, in northeast Midland, is to accommodate 600 students, including 200 bus students who formerly attended South Elementary, crowding that school almost to the bursting point.

Crockett School also will draw students from a large area in the rapidly-growing northeast portion of the city, relieving some of the pressure on North Elementary and the high school. Last year, three rooms of elementary students held classes in the high school building.

By the load division, North and Crockett each will be filled, and the high school will have the three additional rooms to cope with increased high school enrollment.

The scholastic enrollment here is expected to top 4,200 as schools open here September 5, and an additional several hundred are expected to be enrolled in the first few weeks. Cotton picking season is listed as one of the primary reasons for the late enrollment.

Monroe said enrollment at the

Back To School—And What About Dear Teacher?

Give a thought to the problems of teacher during this coming school season when enrollments are expected to reach unprecedented peaks.

Parents who fret about the problems of caring for one or two or three youngsters at home should remember that teacher may have an overcrowded roomful of thirty-five to fifty children and sometimes more.

Parents and teachers can both understand each other's problems better by becoming acquainted through their P-TA groups.

start of the 1949-50 school year was 3,800, and rose more than 200 by the end of the first six weeks. He estimates this year's starting enrollment will be 300 more than that of last year—as it has been each year for the past several years—and will jump the additional 200 or more by the end of the first six weeks.

Another change made this year is the retention of sixth grade at North, South and Crockett Elementary schools, in line with the long range plan to establish a 6-3-3 school ratio—six grades in elementary schools, three grades in junior high and three grades in senior high.

At present, Monroe said, it is not possible to keep the sixth grade at Latin-American, Terminal or West Elementary School. West Elementary probably will be the next school to get relief, by means of the construction of a new school, probably in northwest Midland, Monroe indicated.

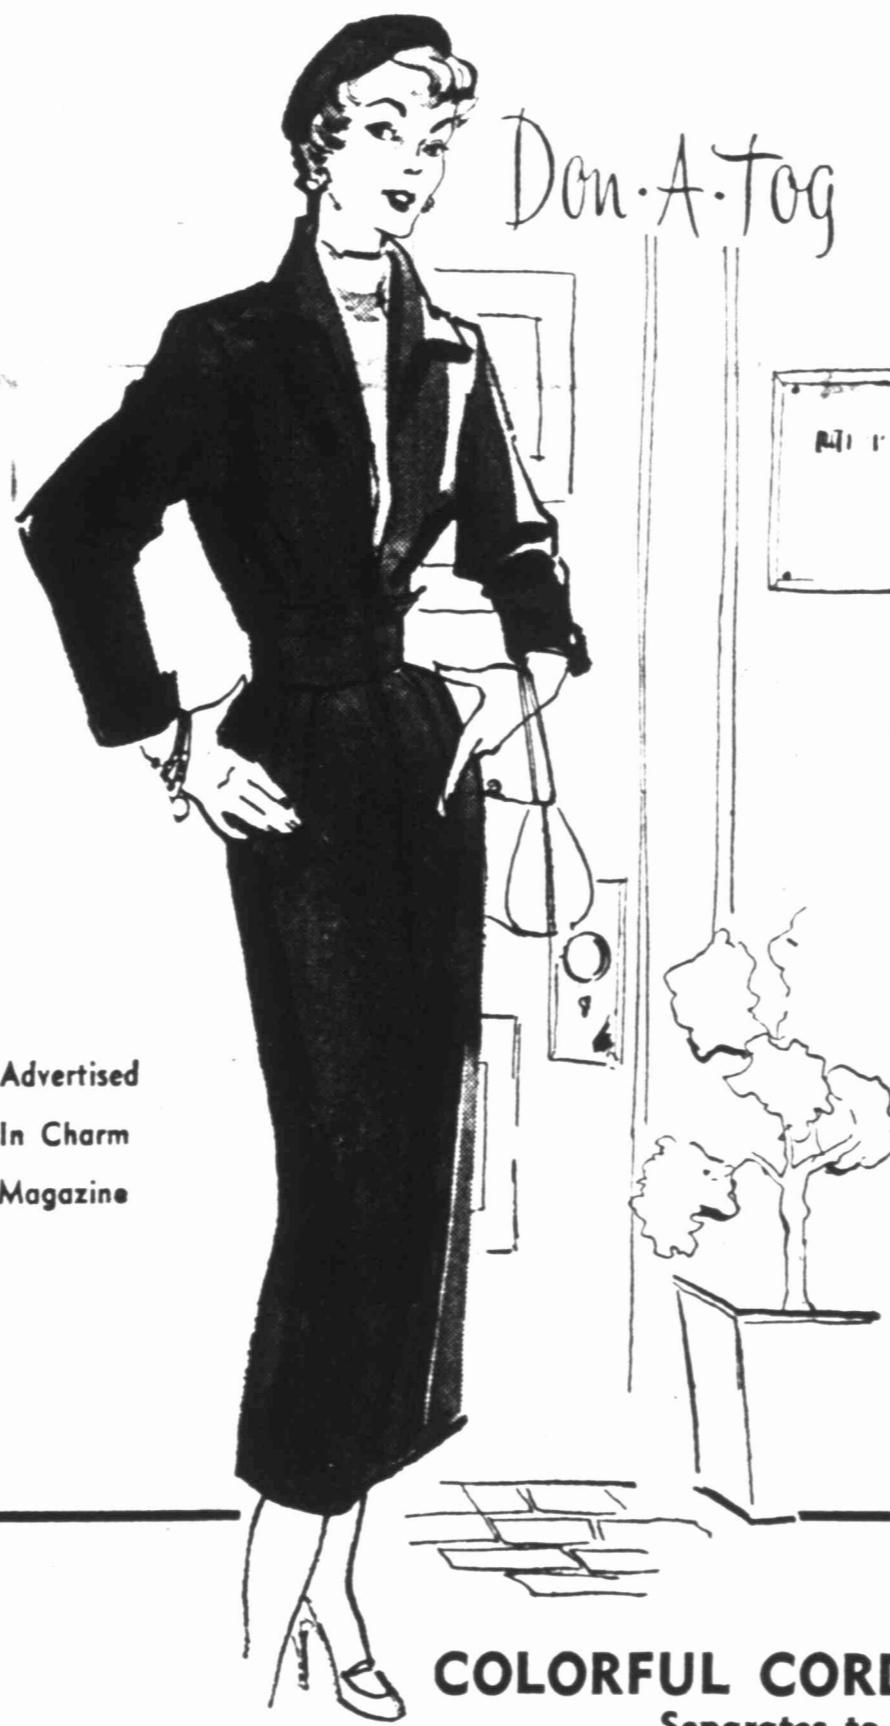

Equitable Share

The record enrollment at the nine Midland schools will give each school an equitable share of the load, Monroe said. Attendance figures are expected to be: High school, 875; junior high, 850; North, 450; South, 675; West, 475; Crockett, 600; Terminal, 150; Latin-American, 150. (Continued On Page Five)

Baker Oil—Three Cosden Outlets

Courtesy is the keynote at the three Cosden outlets served by the Baker Oil Company here.
The Cosden stations feature the new 93-octane cat-cracked ethyl gasoline. All the outlets are staffed by highly-trained attendants.
In addition to Cosden high octane gasoline, the stations carry Para-Fine Motor oils, Veedol motor oils and United tires and tubes, in addition to the regular lines of gasoline, greases and lubricants.
The Baker Oil Company has been serving Midland and area with Cosden Petroleum products for more than five years. The firm also operates a wholesale and retail diesel fuel service. A butane service was added last year.
Kitchen appliances also are carried in stock.
A new tank and truck have been added in the last few months in keeping with the growth and expansion of the firm.
Baker, who has been a Midland resident for the last 25 years, always has been on the alert to put new ideas into operation for improved service as the growing territory put new demands on the business.
He invites you to give Cosden products a trial, if you are not already a customer, and expresses assurance you will be more than satisfied with the performance of the product, and the expert, courteous service of the service station attendants.

DEPENDABLE SERVICE—Personnel of the City Transfer and Storage Company and a portion of the firm's fleet of trucks are pictured in front of its building at 313 South Baird Street in Midland. With "Dependable" as its slogan, the City Transfer and Storage Company gives special attention to every job, exercising care for safe delivery of all cargo. The firm's telephone number is 3391. The night number is 483-J.

Truck Service Feature Of Midland Iron Works
The Midland Iron Works, located at 900 North West Front Street, specializes in ornamental and structural steel for residential, commercial and industrial purposes and performs a wide variety of services. The firm will design and make ornamental steel for any purpose and behind this work are years of experience, guaranteeing satisfaction.
The Midland Iron Works was opened in 1944 and is owned and operated by Oscar Watlington. Special orders for beams and similar structural steel are taken and the concern will erect it according to the most exact specifications.
Watlington was in this type of business in Houston and other cities before coming to Midland.

Monkey Business On Dial Telephone
LOS ANGELES. —(AP)—It sounded like monkey business when a telephone call came in on an emergency number.
The operator could hear sounds of a violent struggle but no one answered her frantic questions.
A supervisor traced the call and gave police the address. A squad car raced out. Officers slit the back screen door and entered.
Sure enough, it was monkey business. Mrs. Viola Shore's pet monkey, Anthony, left alone, had snarled its leash with the telephone cord and was banging the telephone indignantly against the wall.
How did Anthony dial the emergency number? He ain't sayin'.

Back To School— Texas' School System To Be Vastly Improved

AUSTIN — Texas' already vastly improved public school system will be on an even higher level during the 1960-61 school year, it was predicted here.

More classroom facilities and more and better trained teachers will be available, it was pointed out by L. P. Sturgeon, state associate commissioner of education.

Under the new Gilmer-Alkin laws, which went into effect last fall, the teaching staff was increased by 2,000 and more than half of the school districts of the state added to their classroom facilities.

An additional 1,500 teachers will be hired for the next school year, Sturgeon said. A survey disclosed many more schools will increase their facilities, Sturgeon also said.

Increase in pay for teachers has added to their morale and made the profession far more attractive to young people, Sturgeon pointed out. More young people are preparing for careers as teachers and these better trained instructors will be available in larger numbers next year to replace retiring instructors and those less adequately trained, according to Sturgeon.

School districts which met the requirements of state law in order to receive additional financial aid from the state had a teacher for every twenty-five pupils in average daily attendance during the last school year, but many districts were forced to put pupils on a half-time basis.

"This will be alleviated partly

during the 1960-61 school year by the construction of more classrooms and the availability of more teachers," Sturgeon said.

Add To Benefits
"This will add to the great benefits derived by a great many of our school children in the last school term through their being in smaller classes, where they could get more personal attention."

"During the 1948-49 school year a survey conducted by the Texas State Teachers Association disclosed that more than half of the classrooms in the state were badly overcrowded."

Sturgeon also had high praise for the state's teachers.

"While the pay increases under the Gilmer-Alkin laws averaged only \$500 for teachers, their morale is at the highest in the history of Texas," he said.

"I can see that in their interest in and their attendance of professional meetings I have attended throughout the entire state. Superintendents are almost unanimous in their reports of the willingness of teachers to accept additional assignments and to participate in extra-curricular activities."

"Teachers are satisfied and are proud of their profession. That means better education for our children in rooms presided over by well-trained instructors. It is only reasonable that happy, efficient teachers can do far more in imparting knowledge than dissatisfied, inefficient persons."

Increased enrollment in courses leading to degrees in education in the state's colleges was also pointed to by Sturgeon as an indication of the attractiveness of the teaching profession in Texas now, with its resulting benefits to the children.

PUBLIC PROBLEM

Public awareness of the increasing needs of our schools to take care of the greater enrollments is one of the most pressing problems of this period. Parents are urged to take an active part in studying the needs of our school systems.

Meetings Of P-TA Groups—

(Continued From Page One)

Kilmer, publicity; Mrs. J. S. Griffith, scrapbook and Mrs. W. H. Greenstreet, hospitality.

Mrs. Robert L. Wood

Junior High officers are Mrs. Robert L. Wood, president; Mrs. Ben Black and Mrs. H. H. Redding, vice presidents; Mrs. H. S. McFadden, secretary and Mrs. E. D. Richardson, treasurer.

A partial list of the committee chairmen includes Mrs. Sherwood O'Neal, Youth Center delegate; Mrs. R. W. Hamilton, scrapbook and publicity and historian; Mrs. J. D. Dillard, publications.

Mrs. Ish McKnight, hospitality; Mrs. Richard L. Hughston, carnival chairman with Mrs. Herbert Marshall and Mrs. W. Dave Henderson as her assistants; Mrs. H. S. McFadden and Mrs. E. D. Richardson, ways and means.

Huffman, representative to the Girl Scouts; Mrs. Franklin Whitaker, council representative; Mrs. Rachal, Youth Center representative; Mrs. S. C. Glessey, yearbook;

Mrs. E. J. Murphy

Heading the West Elementary unit is Mrs. E. J. Murphy. Other officers include Mrs. F. N. Littlejohn and Mrs. Harvey Herd, vice presidents; Mrs. Jack Chase, secretary; Mrs. Leroy Butler, treasurer.

The list of committee chairmen already selected is Mrs. Robert Morgan, parliamentary; Mrs. R. D. Hurt, scrapbook and historian; Mrs. Herd, program chairman; Mrs. J. C. Rinker, council delegate; Mrs. F. R. Schenck, audio-visual education; Mrs. Butler, budget and finance; Mrs. Jack M. Moore, bookshelf; Mrs. Robert Senning, health; Mrs. Willard C. Kimbell, hospitality; Mrs. George Johnson, inspiration; Mrs. F. N. Littlejohn, room representative; Mrs. J. B. Elder, elementary study groups; Mrs. M. U. Bagwell, pre-school study groups; Mrs. Carroll Thomas, yearbook; Mrs. Allen Dorsey, goal sheet; Mrs. H. L. DeWees, music and Mrs. R. E. Cox, ways and means.

Mrs. Clyde Gwyn

Officers at South Elementary are Mrs. Clyde Gwyn, president; Mrs. R. E. Hubbard and Mrs. W. D. Engle, vice presidents; Mrs. J. T. Cox, secretary and Mrs. J. F. Adkins, treasurer.

Standing committee chairmen are Mrs. Gene Roderick, membership; Mrs. O. V. Kelly, social; Mrs. Hubbard, program; Mrs. C. E. Williams, publication; Mrs. J. T. Cox, ways and means; Mrs. Leeman Jones, scrapbook; Mrs. Vinton Newberry, publicity; Mrs. C. L. Stephenson, health.

Mrs. C. R. Scrivner, room representative; Laura Clemons, auditing; Mrs. Roy Tillman, pre-school and elementary study groups; Mrs. L. D. Johnston, parliamentary and Mrs. Arthur H. Green, historian.

Mrs. J. A. Wilton

For the second year, Mrs. J. A. Wilton heads the Terminal unit. Other officers are Mrs. T. McKelligot and Mrs. Gene Campbell, vice presidents; Mrs. Glenn Burgess, secretary; Mrs. J. R. Shadden, treasurer.

Mrs. George Logan is parliamentary; Mrs. Fox, historian; Mrs. J. R. Flowers, room mother chairman; Mrs. J. V. Gunn, goals chairman; Mrs. E. O. Voge, publications chairman; Mrs. Neal Van Fossen, publicity chairman and Mrs. J. C. Matlock, health chairman.

Midland District Swim Team Picked For District Meet

In preparation for the Buffalo Trail Council swimming meet scheduled Saturday at Pagoda Pool, the El Centro District (Midland) held its own contest to select an entry team.

Judges were Malcolm Brenneman, the Rev. Clyde Lindsay, Bob Pine and P. V. Thorson, Jr.

Seven events were held, with separate classifications for Scouts and Explorers.

Winners were:
Explorer Back Stroke, won by Bill Mims, Troop 85; 2. Tim Cornwall, Troop 85; 3. Lee Sneed, Troop 53. Time: 1:27.9.

Scout 40-yard Free Style, won by Paxton Howard, Troop 85; 2. Paul Ruff, Troop 154; 3. David Lunt, Troop 154. Time: 2:8.4.

Explorer 100-yard Free Style, won by Bill Erskine, Troop 85; 2. Bob Pine, Jr., Post 85, Roy Kimsey, Post 85. Time: 1:11.6.

Scout Medley Relay won by Paul Ruff, Bucky Herndon, David Lunt, Troop 154.

Explorer Medley Relay won by Bill Erskine, Roy Kimsey and Bill Mims, Troop 85.

Explorer Free Style Relay, won by Joe Turner, Bill Erskine, Roy Kimsey and Bill Mims, Troop 85. Time: 2:08.

Cross Chest Carry event was won by Troop 154.

Scout 100-yard Free Style, won by Paxton Howard, Troop 85; 2. Bucky Herndon, Troop 154. Time: 1:31.3.

Explorer 200-yard Free Style, won by Bob Pine, Jr.; 2. Tim Cornwall, 3. Waldo Leggett. Time: 3:02.7.

Diving Events
Scout Diving was won by Paxton Howard, Troop 85.

Explorer Diving was won by Lee Sneed, Troop 53, with 39 points, over Buzze Bray, Troop 85, who scored 26 points.

Breast Stroke, 40-yards, won by Bucky Herndon, Troop 53, 2. Carl Baugh, Troop 154.

Back Stroke, won by Ray Kimsey, 2. Bill Erskine, 3. Waldo Leggett. Time: 1:23.9.

Free Style, Paxton Howard, 2. Bucky Herndon, 3. Jim Boyer. Time: 1:14.2.

The winners will be entered in the Council-wide meet, to be held at 9 a. m. Saturday at Pagoda Pool. Judges for the Council meet will be Malcolm Brenneman and Red Rutledge, both of Midland, Wayne Miller of Odessa, R. J. Kneidel of Odessa, Dr. P. T. Quast of Sweetwater and Jim Hale of Big Spring.

J. M. McDonald will handle the public address system, and G. W. Brenneman is food chairman.

EDUCATIONAL MOVIES

Government agencies have films for visual education of children and adults covering aspects of subjects ranging from Agriculture to the United Nations.

MILLION IN COLLEGE

More than 2,600,000 students are expected to be enrolled in colleges and universities this year despite the fact that registration of war vets is now declining.

DADDY RINGTAIL

Daddy Ringtail And A Lion Wronside Out

Uncle Bunkum had always been very much afraid of lions, but he thought that the lion who stood in the door with a flower in his hand was only a part of a dream. Uncle Bunkum knew that a dream can never hurt anyone, and so he grabbed hold of the lion he thought was part of a dream. He flounced and trounced the lion a-plenty. At the

end of the flouncing and trouncing, Uncle Bunkum ran his hand down the mouth of the lion. He caught hold of the lion's tail from inside.

He gave a jerk and there the lion was wronside out like a sock. Then Uncle Bunkum threw the lion over behind a chair. He laughed. What fun was the dream he thought he had had about the lion. He woke up Daddy Ringtail to tell him about it. "Yessir," said Uncle Bunkum with another laugh, "I flounced and trounced that lion a-plenty, and then I turned him wronside out, and I threw him over behind the chair." Uncle Bunkum laughed again at the tel-

ing of what he thought was a dream. "Oh me and oh my," Daddy Ringtail said. "Just look at the wreck you made of this house in your dream. Chair broken. Window smashed."

Said Uncle Bunkum: "That's because the dream seemed like very real, but I'll fix the things I broke, all right."

And Mugwump said: "Look! That looks like the tail of a lion there beneath the chair!"

Uncle Bunkum looked and saw it, and then he began to shake and tremble. The lion hadn't been a dream at all, and Uncle Bunkum was afraid of lions that were real.

"Help! Help!" Uncle Bunkum shouted. "Somebody do something!" Daddy Ringtail did it. He grabbed the lion by the tail and jerked him rightside out again, and he grabbed Uncle Bunkum to stop his trembling.

And the lion? He was really a

HORSING AROUND

DETROIT (AP)—Coaches of the Detroit Lions have decreed no more "horsing around" for rugged recruit tackle Thurman McGraw, former Colorado A&M star. McGraw, the Lions' No. 2 draft choice for the 1950 National Football League season, once won a college student dare to wrestle a horse. The six foot, four inch, 235-pounder, suffered a bruised leg for his effort.

friendly fellow after all. He wasn't hurt anywhere, he said, and he had brought some flowers to Uncle Bunkum to try to be friends.

Well, Uncle Bunkum wasn't afraid of lions any more after that, I am glad to say. But he never, never again tried to flounce and trounce a lion or turn it wronside out. So everyone was happy, and so am I if you are. Happy day.

Hines Business College Student Wins High Honor

Juanice McKeown, niece of Mr. and Mrs. Paul Jamison of Midland, has established a new record as a student at Hines Business College here.

Miss McKeown has attended the college only two months and ten days and last week received her 100-word speed certificate in Stenography.

She completed the theory in six weeks, spent seven days and was taking 50 words a minute, two days and did 60 words, six days and got her 80-word certificate, and spent only six more days to attain the 100-word goal. She expects to continue into high speed dictation for the remainder of her course, to see how high she can go.

While taking the course, Juanice has worked at the Southwestern Bell Telephone Company eight hours a day and studied typewriting in school.

She attended Stanton High School during her freshman and sophomore years and was graduated from Big Spring High School in the class of 1948.

Midland School Bells—

(Continued From Page One)
and Carver elementary and high school, 375.

Another addition to the Midland school picture is the new elementary school being built by St. Ann's Catholic Church. The new parochial school, built by parish funds, will include a kindergarten and six elementary grades, with an enrollment of 180 expected. The Rev. Francis Taylor, pastor of the church, said the structure has been built for the addition of a second story, sometime in the future, for the possible addition of grades, or for additional classrooms of the grades now scheduled.

The new St. Ann's school is expected to be ready for classes to begin by the second week of September. The five nuns who will teach at the school already are here, he said. Sister Bonifata is to be principal of the school, which will include both Catholics and non-Catholics in its enrollment.

Two Wings To Be Ready
Also due for an unsettled opening is Crockett Elementary school, which will not be completed by the September 5 opening. Houston Hill, general contractor, assured the school board at a recent meeting that two wings of the ultra-modern

building will be ready, but the third wing may be two to three weeks delayed.

The board agreed that Hill had done as well as circumstances permitted, and settled on a policy of half-day classes for the short time until the additional wing is to be ready.

Carver High School, the other new building, is to be available for classroom work by the September 5 deadline, though work on the auditorium will continue for some time. Along with the growth in student enrollment, teacher strength naturally has increased, with a total of 183 instructors and principals on the rolls for 1966-67.

Thirty-two new positions were opened in the district by the addition of the new buildings and changes in curriculum. A total of 32 new persons were hired by the school district, with 20 of them as replacements for teachers who resigned for various reasons.

Two Classes Added
Two new classes have been added in the Midland High School curriculum. They are advanced typing and advanced woodwork.

At John M. Cowden Junior High School, a crafts and arts course has been added, as an expansion of the course in hand tooled shop offered last year. Principal Wesley N. Martin said the new course will include work with plastics, hand tooled woodwork, leather, clay modeling, life masks and linoleum blocks. The junior high music program also is to be expanded, he said. Four choirs are to be formed this year at the school.

A new floor has been laid at the high school gymnasium, to replace a faulty one. Football practice for the Midland High School Bulldogs is to open September 1, while the MHS band, a top performer last year, has been practicing since mid-August.

Another addition to teaching facilities in the school district is the purchase of 50 sound films from the Encyclopaedia Britannica. The films are described as "the first 50 basic classroom films for an initial school library." They range in content from first grade subjects to atomic science, Monroe said.

Faculty—

(Continued From Page One)
grade; LaRue Ross, Mrs. Colleen Requist, Beverly Wilson and Doretha Hendrick, third grade; Mrs. Peggy M. Bates, Mrs. Ruth Bedford and Mary Nell Russell, fourth grade; Druena Collins, Maxine Tidwell and Dorothea Summers, fifth grade; Lucille Carroll, Patricia O'Brien and O. C. Penn, sixth grade. West Elementary

To teach at West Elementary school are Jean Bachman, Mrs. Grenade Peters and Jo Ann Waller, first grade; Mrs. Ada Russell, Wanda Slocum and Mrs. Wanna Lee Thomas, second grade; Joan Cade, Geraldine Abahler and Tommie Smith, third grade; Mrs. Lou E. Hyde, Ova Webb and Lottie Sue Wilson, fourth grade; Charlene Burleson, Edwin Nixon and Joyce Thurman, fifth grade.

Terminal
Teachers at Terminal Elementary school are Mrs. E. E. Duke and Mary Kearns, first grade; Mrs. Bessie Mahan, second grade; Kathryn Kendrick, third grade; Mrs. Martha Gene Fox, fourth grade and Mrs. Mary Logan, fifth grade.

Crockett Elementary
At the new Crockett Elementary school, teachers assigned are Mrs. June Boggs, Mrs. Ruby Burton, Virginia Bush, Mrs. Geraldine Loveless, Verlele Ann Williamson, first grade; Mrs. June Kingdon, Mrs. Marion Standefer, Mary Lou Sarber, Bonnielyn Waters, second grade; Alma Atwood, Anne Webb, Mrs. Judith Joseph and Mrs. Orpha Lindeblad, third grade; Lida Beasley, Grace Elizabeth Caffall and Earlene Ham, fourth grade; Mrs. Marjorie Kahoefer and Juanita Stinnett, fifth grade, and Hazel Lyles and James Williams, sixth grade.

Latin-American
The Latin-American school faculty will include Mrs. Helen Conner and Mrs. Lucy Mashburn, first grade; Mrs. Willie Colvin and Jo Ann Rea, second grade; Mrs. Nova Lynn Campbell and Mrs. Jessie Ennis, third grade; Mrs. Juanita Hickey and Royann Edmonds, fourth grade, and Mrs. Kathryn Owens, fifth grade.

Carver School
The Carver school faculty includes Mrs. Annie Barrett and Mrs. Cleopatra Pace, first grade; Mrs. Clarice P. Allen and Mrs. Juanita Daurthry, second grade; Lula Schofner, third grade; Mrs. Margaret Thomas, fourth grade; Mrs. Francelle Cole, fifth grade; Mrs. Doris Richardson, sixth grade; Mrs. Doris Connally, seventh grade and home economics; Mrs. Tenola S. Bell, eighth grade; John Williams, coach, math and history; Wendell Mitchell, shop and agriculture; James C. McClure, science and business, and Mildred Oliver, music and English.

NOT TOO SOFT
A smooth, not too hard and not too soft mattress helps assure sound sleeping in preparation for the active school days ahead.

ISRAELI MILK RECORD

TEL AVIV, ISRAEL—(AP)—A 17-year-old Israeli cow called "Stavit" is credited with setting a new milk output record for Israel and the Middle East. The Ministry of Agriculture reported the cow had produced more than 100,000 quarts of milk. The previous lifetime record for any cow registered by the ministry was 80,000 quarts. "Stavit" is descended from a Damascus cow and a Dutch bull.

Advertise Or Be Forgotten

Wildcat Drilling In Colorado, Nebraska Reported Increasing

DENVER—(AP)—The oil and gas drilling campaign through the Colorado and Nebraska sections of the Denver Basin increased again this week as several operators announced plans for new wildcat wells.

In the Colorado portion, the Olds Oil Company of Casper and E. L. McElroy began moving equipment to the Fort Morgan area for additional test wells.

The J. M. Huber Corporation and Adams Drilling Company made an important oil strike near Fort Morgan recently and are completing a second well. On weekend tests, the second well flowed oil from the muddy sand at the rate of 120 barrels a day.

North of Fort Morgan, the Tri-good Oil Company, is completing its second well in the Merino area of Logan County for a pump production of 280 barrels of oil daily and is starting a third well.

In the Western Nebraska area, the British-American Oil Producing Company, J. C. Todd and W. A. Gillan of Lincoln, Neb., and Macaulay and Dorough, Denver independents, announced plans for wildcat wells in the Huntsman Field area.

Israeli Vegetables Means Dollars, Cents

TEL AVIV, ISRAEL—(AP)—Israelis say canned vegetables are worth "their weight in gold"—and the gold they want is more foreign money. A canning factory as Raanana reported it had received large orders from abroad and had boosted its employment scheduled to two shifts of 140 workers to prepare shipments.

The factory already has shipped 18,000 cans of cabbage and 40,000 cans of cucumbers to England. Israeli steamers are to transport 100,000 cans of Israeli cucumbers to the United States.

Daniel Baker Will Open September 11

BROWNWOOD—President Richard A. Hayes has announced that Daniel Baker College, 61-year-old co-educational senior college recently acquired by the Episcopal Church, will open its Fall semester Monday, September 11.

A 74-page bulletin containing announcements for the 1950-51 session of the college has been printed for distribution to prospective students. Copies may be obtained from the college.

Daniel Baker is the only Episcopal senior college for young men and women in the entire Southwest. Degrees offered are: Bachelor of Arts, Bachelor of Science, Bachelor of Science and Education and Bachelor of Business Administration. A student may major in the Departments of Biology, Business Administration, Education, English, History and Government, Home Economics, Physical Sciences, Foreign Languages and Music.

During its 61 years of distinguished educational service, Daniel Baker College has graduated thousands of young men and women who have contributed materially to the development of Texas and to the Southwest. The college was established in 1889 as a co-educational institution under the leadership of Dr. B. T. McClelland. It operated as a Presbyterian college from 1889 to 1930, and as an independent Christian college from 1930 to 1946, when it was taken over by Southwestern University. The 61-year-old college was acquired by the Episcopal Church in June, 1950.

Officials of the college are: Dr. Richard A. Hayes, D. D., president; Dr. Karl E. Ashburn, Ph. D., vice president and dean; W. W. Stevic, Jr., M. A., registrar; and Alta M. Craig, bursar.

Paul Tyson is head coach and athletic director.

BRIGHTEN UP HOME

No need to refurbish your home to make it a welcome place for your school youngsters and their chums. The cheery addition of gaily printed slip-covers and matching draperies insures a maximum of hospitable spirit.

SCHOOL PATROLS—Pointing the way to traffic safety for grade school children in many parts of the country are sturdy young American members of the school patrols like the lad pictured above while on duty. He is learning the responsibilities of citizenship as well as helping to save life and limb.

Back To School—

Check Health Of Child Before Classes Begin; Pre-School Exam By Family Doctor Favored

With a long and active Summer vacation behind them and a season of changeable weather directly ahead, children who are scheduled to go back to school this Fall, should pay a visit to the family doctor for a physical checkup.

Some schools actually require annual physical examinations. Others provide for them as a matter of course and in the general interest of public school health.

Seasonal health checks for youngsters as scheduled with the family physician by thoughtful parents, will cover their lungs, hearts, legs, vision, ears, vertebrae, and if made an annual practice can serve to reveal whether they are growing properly, whether their weight is right and also to determine what changes in diet will be best for them.

These are the safeguards of the child's health that parents can and should provide to insure a sound body that will be better able to absorb the training of mind that is the principal province of the school.

Teeth Need Attention

Similarly, the best time for the annual visit of children to the dentist is before school starts and not after the semester begins. Pre-school dental examinations can forestall serious trouble later which may interrupt attendance at classes.

Another important pre-school health check up is the eye examination to determine whether Junior's vision is up to par. Though glasses may not always be necessary, it is best to know in advance rather than to wonder later about what is responsible for the child's inability to make progress in school.

New attention is being directed also to the importance of checking up on the school child's ability to hear clearly.

Usually the child is the last one to know whether he can hear well or not, yet lack of alertness or failure to respond promptly may be attributed to a backward personality when a defect in hearing is really to blame.

Stenoscrypt

Enrollments for the short course in Stenoscrypt, (the new miracle shorthand), are now being accepted.

Phone now for information.

In this course, you need only to complete 18 lessons in theory after which you start taking new material at 50 words a minute. Spend a few days and you are taking 60 words, a few more days you can get 80, and spend a few more days of dictation and you have your 100 word certificate. If you want to get a job taking dictation investivate STENOSCRYPT.

Fall Term opens Tuesday, September 5

FULL WHITENING POWER! YET PUREX IS GENTLE TO COTTONS AND LINENS —DEFINITELY MILDER

Purex is safe—yet no other bleach does a better whitening job!

Purex whitens your wash with gentle Controlled Action. Scientists say it has "a lower oxidation potential." That simply means: Purex is milder—milder and safer for your cotton and linen fabrics.

Avoid harsh bleaching!

No other bleach makes whites whiter or fast colors brighter than Purex. Yet Purex is gentle. Used as directed it protects your cotton and linen fabrics so they last as long as if no bleach were used.

Remember! Play safe! Use only Purex, the gentle bleach.

PUREX—THE GENTLE BLEACH

WITH Controlled Action

GUARANTEE: We guarantee that Purex, used as directed, will let your cotton and linen fabrics last fully as long as if no bleach were used. © 1950, Purex Corp., Ltd.
