Texas being as large as it is, there is little basis for comparison, but there are those who believe that any one of the top four high school basketball teams in District 3-AAA would stand a good chance of going to the state finals and perhaps winning the state title if they got past the district.

At the same time, one of the strongest foes outside the district might well be the Andrews Mustangs, who appear to have the upper hand in District 2-AAA. The Snyder Tigers and Andrews divided a pair of games in pre-district play, with each winning on its home floor.

There probably are strong teams in other sections of the state, but it is doubtful that any other district has four teams with the strengh of Snyder, Lamesa, Dunbar and Levelland.

The absence of a tall boy on their roster undoubtedly has hurt the Tigers, but so far they have made up for it with deadly shooting and a pressing defense that has caused a lot of errors on the part of their opponents.

Unusual bench strength also has helped the Tigers. Coach Ned Underwood is able to rest his front liners consistently without giving opponents any breathing room.

Allie White, the Texas Christian University Assistant Coach, is "living" in our region again for a few weeks. He turned up in a Sweetwater eatery Tuesday night at the same time that the Snyder High basketball team was being fed. White undoubtedly has signed more Snyder High Athletes for scholarships than any other college recruiter. He works this territory — roughly from around Mineral Wells to Odessa — every year for TCU, and this is the visiting season for college recruiters. They can begin signing high school senior athletes to pre-enrollment applications on Feb. 12 this year.

Meanwhile, each college recruiter is permitted two "visits" with each prospect. TCU reportedly is interested in several prospects in White's recruiting territory, including Abilene Cooper's Jack Mildren — and who isn't? The word is that Mildren is being sought by all schools in the Southwest Conference, plus Oklahoma and several other out-of-state schools. —WACIL McNAIR

47 Per Cent Allowable Set

By JACK KEEVER

AUSTIN (AP) — The Railroad Commission pushed the statewide oil allowable for February to 47 per cent of potential today, the second consecutive monthly increase.

The market demand factor will permit maximum production next month of 3,685,179 barrels a day, compared to 3,611,892 under the January allowable of 45.7 per cent. One year ago, the production factor was dropped one point from January to 36.5 per cent in February.

Written nominations by major purchasers of Texas crude oil totaled 3,138,101 barrels a day for February, an increase of 52,691 from this month. The Bureau of Mines forecast of the February demand for Texas crude was 3,170,000, an increase of 10,000 from January.

Nine of the 14 major purchasers requested more oil in February, and commission chairman Jim Langdon noted this and one additional factor in announcing the February allowable increase. That factor was the level of foreign imported oil, which Langdon said was "dragging". We're actually supplementing foreign oil imports."

He said he felt this situation was a carryover from the Mideast war from last summer and addeu that the commission was "concerned foreign oil imports may pile up, but we're watching it with caution."

Four purchasers sought the same amount of oil as they requested for this month. Only Standard of Texas wanted less in February.

Nominations by major purchasers in barrels per day for February:

Atlantic Richfield 900,340; Cities Service 81,000; Continental 42,000; Gulf 232,800; Humble 597,000; Mobil 304,000; Pan American 30,000; Phillips 116,00; Pure 62,915; Shell 181,300; Sinclair 117,400; Standard 49,450; Sun 148,570; Texaco 170,000.

Only three companies nominated by percentage: Sun asked for 46 per cent, Atlantic Richfield and Gulf both wanted 45. All were increases from this month.

Dutch Crew Battles To Stay Afloat

NEW YORK (AP) — Sixteen crewmen on a small Dutch freighter battled to stay afloat today as their foundering vessel was slammed by huge waves and high winds in a mid-Atlantic gale.

The Coast Guard reported the captain of the 239-foot freighter decided at dawn today to postpone a planned second attempt to abandon ship as snow squalls struck lowering visibility.

Although listing so badly her deck was awash on the port side, the ship was reported riding better as winds moderated to about 35 knots.

One crewman was reported seriously injured with a head wound.

An attempt to abandon ship Wednesday resulted in the loss of two life rafts and a dinghy to the 25-foot seas and 60-knot winds leaving only two larger life boats aboard the freighter.

Two larger merchant ships were standing by and a Coast Guard C130 aircraft was circling overhead as the Ocean Sprinter labored along at about 4 knots some 1,300 miles east of here.

The 311-foot Coast Guard cutter Absecon was headed toward the scene but because of the gale was not expected to arrive before noon today.

The Ocean Sprinter's last port of call was Summerside, Prince Edward Islands, Canada.

More Terror In Guatemala

GUATEMALA (AP) — Defying a sweeping police roundup to check terrorism in Guatemala, gunmen killed a wealthy landowner Wednesday, one day after the slaying of two U.S. military officers.

Alfonso Alejos de la Cerda, 77, was machine-gunned in a suburb of the capital, and his driver was wounded. He was an uncle of Roberto Alejos, a presidential candidate in 1962, and of Carlos Alejos, a former ambassador to Washington.

Havana Radio, reporting the assassination, said another nephew "gave his farm for the training of Cuban counterrevolutionaries and mercenaries for the Bay of Pigs invasion in 1961."

Alejos was shot a day after assassins in a speeding car machine-gunned U.S. Army Col. John D. Webber Jr., 47, Houston, Tex., head of the U.S. military advisory group in Guatemala, and Lt. Cmdr. Ernest A. Munro, 40, Rockland, Maine, head of the U.S. naval section.

The Rebel Armed Forces, a Castroite group known as FAR, said it assassinated the Americans in retaliation for leftist guerrillas killed by Guatemalan army groups trained by the U.S military mission.

Police made a large number of arrests as they searched for the assassins of the two U.S. officers and other victims of the terrorists.

Military police combed through homes and offices and set up roadblocks. Entire blocks were sealed off by police armed with machine guns. Cars were stopped at checkpoints and searched for arms.

Marine Sgt. Harry L. Greene, 41, of Omaha, Neb., was wounded with two U.S. officers and was reported in fair condition. Army Sgt. Maj. John R. Forster, 42, of Seattle, Wash., was struck in the arm by shattered glass and was released Tuesday after treatment.

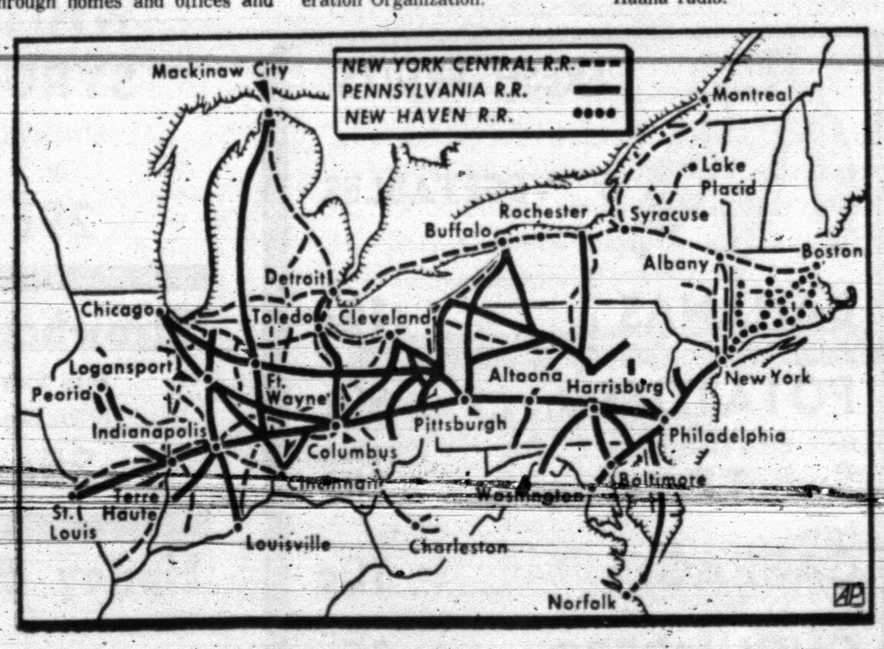

The government put more guards on the U.S. Embassy and other American installations and sent regrets to Washington.

There have been almost daily hand-grenade attacks in Gaza. On two recent occasions grenades were lobbed into open-air market places, injuring local Arabs, and one Israeli soldier was wounded while standing near the Gaza railway stop.

Security forces recently arrested 40 persons suspected of belonging to the Palestine Liberation Organization.

MASSIVE CLOUDBURST

Two Drowned In San Antonio Flood

BY THE ASSOCIATED PRESS

At least two persons drowned and three are reported missing following a massive cloudburst which hit San Antonio during the early morning hours, flooding homes, washing away cars and snarling traffic at the height of the morning rush to work.

Police said the bodies of two adults were recovered from a car washed into Salado Creek on the northeast side. They were not at once identified.

A child who was reported to be in the car was not found.

A woman was reported washed into a storm sewer in the same area and a boy reportedly fell into high water on the south side.

Police reported barricades went up all over the city as fast as they could be erected to keep cars from plunging into dangerous waters.

Meanwhile, the cool front that triggered the deluge set off snow mixed with blowing dust on parts of the South Plains in West Texas and caused widespread rains.

The San Antonio rain reached 4 inches in two and a half hours and still fell heavily.

Both the fire and police departments went on an emergency basis, calling all off-duty men.

The police issued a plea that only emergency travel be made but the plea did not reach sufficient people or was ignored. For massive traffic jams occurred all over the Southwest Texas city.

Low streets were under water and many highways were impassable.

The fire department dispatcher said, "Calls for help are coming in so fast there is no way to estimate the number."

The fire department rescued residents from homes along creeks which left their banks.

In just over two hours, at the height of the storm, police and firemen answered more than 100 "life in danger calls" from motorists stranded by rising water and from residents trapped in their homes.

The San Antonio River, which normally winds serenely through the downtown area, turned into a raging torrent, flooding some in the downtown area. The river was only a few feet below bridges in the heart of the business district.

Dozens of cars were reported swept away by rising water.

Firemen reported one car floated for several yards downstream in a drainage ditch and came to rest against a fence post. The woman driver was rescued.

Telephone service was jammed in much of the city.

The San Antonio School District asked parents who had not yet brought their children to classes to remain at home.

Ft. Sam Houston on the northeast side of San Antonio reported a rainfall of 6.50 inches up to 9:15 a.m. Alamo Heights, a San Antonio northside suburb reported rain of 4.4 inches.

The rains slacked off after 9:30 a.m., but the run-off choked streets and drainage ditches and continued to snarl traffic.

US Plane Shot Down Over Cuba

By FENTON WHEELER
Associated Press Writer

HAVANA (AP)—The government announced today it had shot down and captured an ex-paratrooper from the United States after he dropped a package with a rifle while flying his small plane over Cuba Dec. 29.

The Interior Ministry announcement identified the pilot as Everett Jackson, 27, of Los Angeles. The ministry said his two-engine Taylorcraft was hit by antiaircraft fire over the central Cuban city of Rancho Veloz. The plane fell on Falcon's Key on the north coast in the province of Las Villas.

The announcement did not say what has happened to Jackson since his capture or if he was injured when his plane was downed.

The Interior Ministry described Jackson's motive as "to infiltrate national territory."

The announcement was published on the first page of the Communist party newspaper Granma and in the semiffocial newspaper El Mundo, but without the customary headline splash.

There was no indication of why the government delay: l so long in making the announcement. The news was first broken by Haana radio.

LBJ's Plans Under Fire

By JACK BELL
Associated Press Writer

WASHINGTON (AP) — President Johnson's call for higher taxes along with increased spending has drawn early fire from key congressional leaders. And he apparently has made no inroads into opposition to his Vietnam policies.

Johnson's statement that rejection of his 10 per cent income tax could cripple U.S. prosperity drew no applause from the assembled senators and representatives.

And in a news conference 30 minutes after the speech, House Republican Leader Gerald R. Ford said Johnson failed to make a case for the tax boost.

Chairman William Proxmire, D-Wis., of the Senate-House Economic Committee called it "a serious economic mistake" for the President to seek a tax boost without slashing such programs as public works and space.

Sen. Eugene J. McCarthy, D-Minn., said of the speech:

"We still are told the nation can wage and win two wars—the one in Vietnam and the war on poverty. We are waging one, but not winning either."

Johnson's brief remarks on Vietnam peace prospects—in which he reiterated U.S. demands for a North Vietnamese pledge of a curb on military action if U.S. bombing is to be halted—met with stony silence on the part of two of his severest war policy critics, Sens. J.W. Fulbright, D-Ark., and Robert F. Kennedy, D-N.Y.

As anticipated, Republicans found Johnson's message politically oriented.

Sen. Jacob K. Javits, R-N.Y., said the President made the State of the Union "sound like the state of the campaign." Sen. Hugh Scott, R-Pa., said Johnson "poured forth a cornucopia of promises" but failed to establish legislative priorities.

Local Phone Conversion Set Sunday

Telephone customers in Hermleigh and Snyder may experience brief service interruptions this weekend, according to Gary Stevens, manager for Southwestern Bell Telephone Company.

"The interruptions will be caused by necessary last-minute work in converting the two towns to all-numeral numbers and in providing Extended Area Service between Snyder and Hermleigh," Stevens said.

The interruptions will be for only a short time, Stevens emphasized. "Service will be restored as soon as possible."

The all-numeral numbers and EAS will be effective at 12:01 a.m. Sunday, Jan. 21.

Nuclear Weapons Treaty Completed

By GEOFFREY ATKINS
Associated Press Writer

GENEVA (AP) — The United States and the Soviet Union have reached agreement on a complete draft treaty to halt the spread of nuclear weapons, authoritative Western sources reported today.

The completed draft, including an article on international controls previously in dispute, is to be submitted to the 17-nation disarmament conference when it goes back to work later today after a Christmas recess.

It was believed that the Soviet-American agreement on controls would result in acceptance of the treaty by West Germany, Italy and other members of the Common Market except France.

No details of the agreement on controls were immediately available. U.S. sources said earlier differences had been narrowed down to a matter of several words during meetings in the past few days of the U.S. and Soviet cochairmen of the conference, Adrian S. Fisher and Alexei A. Roschvhin.

But India's position, believed the key to acceptance of the treaty by most neutral and nonaligned nations, remains that the draft document does not clamp down hard enough on nations that already have nuclear weapons.

If the Indians refuse to sign, Pakistan almost certainly will refuse also. It is believed this would encourage Israel to hold back, and then none of the Arab countries would sign.

India has been the most determined critic of the treaty and has attracted the support of a number of nonaligned nations.

The U.N. General Assembly, which is to reconvene in the spring, has asked the conference to try to have a complete draft treaty ready by March 15.

DEAR ABBY: What's wrong with one of the smartest women in town who's so convinced that she can't pass the driver's test that she's been driving without a license for ten years?

I try to tell her that all she has to do is read the driver's manual, then go take a test, and maybe drive around the block a few times with the examining officer. But she won't believe me.

What can I do? She's a good driver, but I can't persuade her to get a license. A husband can't turn his wife into the police, but I am tempted.

SWEN

DEAR SWEN: The "smartest woman in town" could be the sorriest, and her husband could be the "brokest" if she were involved in an accident. So if you can't talk some sense into her head, ask your insurance agent (or lawyer) to try.

* * *

DEAR ABBY: I am a sophomore at a small but friendly junior college and belong to a close sorority where all the sisters are genuinely concerned for each other. Here is my problem:

My boy firend wants to wait until he is 21, this July, before giving me a ring and officially announcing our engagement. I want so much to become officially engaged before the school year ends because I want to share my happiness with my sorority sisters.

Next fall will be too late because many of the girls will have graduated or transferred. My happiness will not really be complete unless I can share it with those who are so close to me.

How can I persuade my boy friend that a few months won't make that much difference, and that we should become engaged before the school year is over?

EAGER

DEAR EAGER: You probably can't. And if you are wise you won't pressure him. Wait until he is 21 and don't press your luck.

* * *

DEAR ABBY: I am in my early 20's and have been married a little over a year to a divorced man (I'll call Jerry) who has two children by a former marriage. Jerry's wife has remarried.

During the first year of our marriage, we visited his children SIX times, and our second year is starting out the same way. Abby, I am sick to death of these flying trips halfway across the country. We have no children yet, and I hesitate to have any until this problem is solved.

I feel that Jerry is not being fair to our marriage with these frequent trips. I realize that he has obligations to his children, but when he married me he took on new obligations and responsibilities, my happiness being one of them.

I didn't marry Jerry to live in the past with him, and I think two trips a year would be sufficent. He had no reason to feel guilty about the divorce since he neither wanted nor caused it. How can I solve my problem before it becomes more serious?

TIRED OF TRIPS

DEAR TIRED: You are wise to postpone having a child until you "solve your problem," lest your child be added to Jerry's list of children-to-visit. In view of your obvious resentment, unless you and Jerry can agree on how many trips to visit his children is "too many," don't count on a lasting marriage.

Japanese Stage More Protests

By KENNETH ISHII
Associated Press Writer

SASEBO, Japan (AP) — Leftists demonstrated in Sasebo and Tokyo today against the visit of the nuclear-powered U.S. aircraft carrier Enterprise as the 75,000-ton giant neared the U.S. Navy base in this south Japanese port.

Authorities said 120 extreme leftist students were arrested in two clashes with riot police. But the biggest demonstration was an orderly Communist-Socialist gathering of an estimated 50,000 persons at a Sasebo ball park. The demonstrators paraded through the streets.

Some 700 students attacked a police barricade in front of the main entrance to the Sasebo naval base, following a similar attack Wednesday. But riot police drove them off easily with tear gas and high-powered jets of water from firetrucks.

Police said three policemen and eight students were injured and another 200 persons were treated at a hospital for tear gas irritation. Officers arrested 15 students, increasing to 42 the number taken into custody in Sasebo in two days.

Another clash broke out in Tokyo when about 300 students, marching in protest toward the prime minister's official residence and the U.S. Embassy, began throwing stones and milk bottles at some of the 700 riot police along the way. Both students and police wore steel helmets.

Police said the [illegible] 100 students.

About 10,000 labor unionists also marched to the U.S. Embassy in Tokyo in a Communist-sponsored protest demonstration, but they were orderly.

The Enterprise, en route to join the air war against North Vietnam and accompanied by the nuclear-powered frigate Truxton, was due in Sasebo Friday. The U.S. Embassy said the carrier and her crew of 4,300 would stay for about five days.

The Enterprise and the Truxton are the first nuclear-powered surface warships to visit Japan, although American nuclear submarines have been visiting Japanese ports since 1964. The Socialists and the Communists charged the visit threatens Japan with involvement in the war.

Two Youths Are Held In Theft

Two 15-year-old boys wanted in connection with the theft of a radio and tape recorder from Roe's Furniture and Appliance at about 11 a.m. Wednesday were apprehended 24 hours later by city police.

The arrest was made by Det. Sgt. Bobby Goodwin. The stolen item was valued at $99.90. The youths were to be turned over to the county juvenile officer.

One Texan Is Killed In Action

WASHINGTON (AP) — The Defense Department listed Wednesday one Texas serviceman killed in action in the Vietnam war.

He was Army Spec. 4 Jimmie R. Blissett, son of Mr. and Mrs. John H. Blissett, 8110 Redfern St., Houston.

Listed as dead not as a result of hostile action was Spec. 4 Alfonso Ibanizez, son of Mr. and Mrs. Alberto Ibanizez, 1114 Dewey, Alice.

Two more Texas soldiers were changed from missing to dead—non hostile. They were WO Ronand L. Martin, husband of Mrs. Polly L. Martin, 1500 Everly Drive, Corsicana, and Sgt. Norman R. Anderson, son of Clifford H. Anderson, 512 W. Hastings bst., Amarillo.

Simulated Attack Set

A simulated atomic attack will be held for Snyder's emergency disaster team. It will be held under the direction of the Texas Engineering Extension Service of Texas A&M University.

The drill will conclude a two-week course in emergency procedures. Instructors included Clark Titus and Cliff B. Green of A&M.

Robert F. Schnatterly, also of A&M, also will assist with the drill tonight. Headquarters for the drill will be in the public safety building. Local civil defense director is L. A. (George) Patterson. He will coordinate emergency operations.

The general public will not participate in the drill.

Plea Is Entered In County Court

Freddie Ray James of Snyder pleaded innocent in County Court Wednesday to two counts of illegal possession of alcoholic beverages. Bond was set at $500.

The offenses allegedly occurred Dec. 13, 1967 and Jan. 8. Arrest on the first charge was made by Sheriff's Authorities, and the Police Department assisted in the second case.

Slavs Won't Attend Communist Confab

BELGRADE, Yugoslavia (AP) — Yugoslavia says it will not send a delegation to the international consultative conference of Communist parties because, it says, the conference will try to impose its decisions on all Communists.

The conference, scheduled for Feb. 26 in Budapest, Hungary, is to discuss the controversial Soviet proposal for a world Communist "unity" meeting, presumably to consider Red China's break with the Kremlin.

GOOD EXERCISE — Two unidentified girls leap for the ball while Hermleigh's Dolores Schwarz (40) awaits the outcome during the District 70-B basketball thriller here Tuesday night. Hermleigh beat Fluvanna 51-41 in the girls game and 87-51 in the boys tilt.

IN LUBBOCK FRIDAY
Panthers Host Bengals

"They're big and strong and fast."

Thus Ned Underwood, coach of the Snyder Tigers, summed up his feelings about Lubbock Dunbar — the team the Tigers tangle with Friday night in Lubbock.

Tipoff is set for 8 p.m. following a "B" battle at 6:15 p.m.

Snyder and Lamesa are the only two teams in the 8-team district to remain unbeaten after the first five tilts of the first round. The Tigers meet Lamesa there in a showdown battle next Tuesday following the test with the strong Panthers Friday.

Getting back to Dunbar, Underwood was moved to add: "They're quick as cats."

And so they are. The Panthers knocked off nine straight opponents in non-district play. Their only losses this season are to Midland Carver (80-78) and to Lamesa (75-72) and to Levelland (81-68). The last two losses were in district play and leave Dunbar with a 3-2 record.

Scounts who saw the recent loss at Levelland, say the Panthers were cold that night. The tilt was close until the final quarter when three of Dunbar's best boys fouled out.

At home, they should be doubly tough. They actually sank more field goals than Lamesa on the Tornado court, but lost a squeaker at the free throw line.

Standouts in Coach Curtis Gipson's alignment are Jerry Phillips (6-3), the best inside shooter, and James Skief (5-6), the best outside shooter. John Hollins (6-1), Roy Williams (6-3) and Wilson (6-3 also hit in double figures consistently. The Panthers have a well rounded team.

"They have very good rebounders," declared Underwood. "—why, they got off about a 100 shots against Levelland."

The Panthers don't have any particular pattern they prefer over other maneuvers. They just like to run and shoot.

Yesterday, the Bengal mentor sent his charges through a lengthy scrimmage with the "B" team, and the boys looked exceptionally sharp. The first unit was comprised of Tommy Bullard, Mickey Almond, Drake Snyder, Frankie Grimmett and Jerry January.

Gus Tovar, Jim Patrick, Mitch Rambin, Jodi Williamson and Benny Ward clicked smoothly together on the second unit. Craig Bell was out with the flu.

The flu has been the big problem for the "B" team. Coach Jerry McLeod said Bill Hood and Ronald Ward are back, but they are still weak. Don Light is still out of action.

The coach said Ronald Gladson may break into the lineup Friday night.

"He hasn't played much, but he's improved a lot," said McLeod. A faulty defense and critical mistakes hurt his team in their last outing. Penalties also were a deciding factor as Sweetwater overcame a 10-point lead in the final stanza.

Both the Tigers and Kittens are confident — not overconfident. They realize they are meeting top caliber opponents, but know they have a chance if they perform well.

Brown's Bengals Seek Collegians

By HAL BOCK
Associated Press Sports Writer

JACKSONVILLE, Fla. (AP)— The college draft is the next shopping stop for the American Football League's new-born Cincinnati Bengals.

Paul Brown's Bengals were stocked with 40 veteran players in the AFL's expansion draft here but the head coach and owner of the new club made it clear that he expected more talent to come out of the college market.

"One thing I won't do," said Brown, "is to mortgage my club by trading draft picks for older players."

The Bengals, who choose second behind only Minnesota in the Jan. 30 collegiate draft, are likely to go after a quarterback. There are three good ones available, UCLA's Gary Beban, Alabama's Kenny Stabler and Florida State's Kim Hammond.

Cincinnati already owns one signal caller—John Stofa. He was acquired in a pre-draft trade with Miami in which the Bengals surrendered two collegiate picks.

"It was a good trade for us," said Brown, "because we got an experienced quarterback — something you can't find everywhere."

Stofa, 25, sat out last season with a broken ankle and he'll have plenty of medical company in the Bengals' backfield.

Two of Brown's picks in the expansion draft are question marks because of severe leg injuries. Buffalo's Bobby Burnett, the AFL's rookie of the year in 966, will try to bounce back from a broken right leg and Cookie Gilchrist of Denver hopes to shake the effects of surgery on his left knee.

The Bengals also got an all-star—linebacker Frank Buncom from San Diego—as well as the Chargers' place kicker—Dick Van Raaphorst.

Kansas City contributed two familiar names to the Bengals in split end Chris Burford and linebacker Sherrill Headrick, both AFL veterans.

Up front, Cincinnati got Buffalo's Gary Bugenhagen, an All-American at Syracuse two years ago, and Oakland's Richard Sligh, a 8-foot, 300-pound defensive tackle, among others. They'll put the ball up every chance they get.

Fans React To Split Decision

Scurry County Boys Club opened its boxing season Saturday, Jan. 13, at Lamesa.

In the PeeWee Division, Ricky Rios of Snyder decisioned Larry Bledsoe from the Woodson Boys Club of Odessa.

In the Novice Division, Bucky Crisp of Snyder, fighting in his first fight, was defeated by Ricky Peurifoy of Carlsbad, N.M. Bobby Watson of Snyder was defeated by Gene Ellis of Odessa.

In the high school division, Pete Martinez used a strong left jab and rights to TKO his opponent — Scott Armstrong of Kermit — in the second round. Joe Martinez of Snyder lost in a close decision to Frank Orozco of Carlsbad, N.M.

Benny Barones of Lamesa took a split decision over Snyder's Eloy Benitez in an open featherweight bout that brought a reaction from several persons in the crowd who apparently differed with the decision.

All-boys who are interested in boxing and plan to box this year should contact Ruben Gonzales, boxing coach, or Robert Kissire, director of the Boys Club.

Vaughn, scored 40 points, with five three-point baskets in his total, as the Pittsburgh Pipers crushed Indiana 137-101 n an American Basketball Association game Wednesday night.

But the Muskies remained one-half game ahead of Pittsburgh in the league's Eastern Division, beating Anaheim 119-115.

Vaughn had plenty of help in he scoring department as Connie Hawkins had 28 points, Charlie Williams had 23 and Art Heyman 22. for the Pipers.

It Just Takes One Easy Miss

BY THE ASSOCIATED PRESS

Earl Monroe made 14 shots in a row, but the one that mattered was the only he missed.

When Monroe missed an easy layup with seconds left in the game Wednesday night the Baltimore Bullets missed a chance to tie the New York Knicks, who won 111-109.

Monroe's lapse negated a 26-point performance that led the Bullets, during which he made his first 14 free throws. Dick Barnett scored the winning basket for the Knicks, who were led by Cazzie Russell's 30 points.

In other National Basketball Association action, Boston downed St. Louis 114-102, Detroit topped San Francisco 117-109, San Diego beat Chicago 110-104 and Los Angeles took Philadelphia 125-116.

In the American Basketball Association, New Jersey beat Kentucky 103-96, New Orleans took Houston 110-103, Pittsburgh crushed Indiana 137-101 and Minnesota beat Anaheim 119-115.

Bailey Howell led a comeback attack for Boston late in the third period. John Havlicek led the Celtic scorers with 35 points while Len Wilkens led the Hawks with 32.

Dave Bing and Eddie Miles led a late surge for Detroit that broke a 107-107 tie. Bing finished with 31 points while Nate Thurmond had 32 for the Warriors.

San Diego saw an 18-point fourth-quarter lead drop to just three with a minute left, but a clutch shot by Jon McGlocklin that put the Rockets out of trouble. McGlocklin topped the scorers with 28 points. Keith Erickson led the Bulls with 20.

The Lakers broke a five-game losing streak as Jerry West, with 39 points, and Gail Goodrich, with 29, had their highs for the season. At one point late in the first half, the Lakers outscored the 76er- 20-1. Wally Jones was tops for Philadelphia with 20 points.

Berry To Be Lauded

AUSTIN (AP) —. Raymond Berry, former Paris schoolboy football player who became the all-time leading pass receiver in professional football, will be honored by the Texas Press Association in McAllen Saturday as "Texan of the Year."

Berry, with the Baltimore Colts of the National Football League for 13 years, also played football for Schreiner Institute and Southern Methodist University before going into the professional ranks.

Harold Hudson, publisher of the Ochiltree County Herald and TPA president, will present the award at the association's annual mid-winter meeting.

Tom Steely, publisher of the Lamar County Echo, and Clemo Clements of the Lewisville Leader will introduce Berry, who holds the NFL record for catching the most passes in a career and for gaining the most yards on passes.

IN FOOTBALL
False Moves Stopped

By BEN FUNK
Associated Press Sports Writer

MIAMI (AP) — Three types of guys who knowingly—but legally—contribute to college football's high toll of injuries have been outlawed by the Football Rules Committee of the National Collegiate Athletic Association.

These are the villains:

The safety who gives a fake fair catch signal, making himself immune from tackling, then throws a crushing block into an unsuspecting enemy coming down to cover the punt.

The flanker who goes wide, then cuts back into a neutral zone behind the line of scrimmage to clip a linebacker.

The lineman who goes into a sucker shift to draw the opposition offside.

These maneuvers, condoned by tricky coaches, have led to many injuries, Ivan B. Williamson, the committee chairman said Wednesday, and prohibiting them "will make football a safer game."

Under new rules, the safety who gives a fair catch signal will not be allowed to block while the ball is in play. If he does, his team draws a 15-yard penalty.

In the past, clipping has been legal in a zone three feet deep along the interior line. In the future, no player more than five yards outside this zone may enter it and throw a clip. The penalty will be the usual 15 yards.

To prevent sucker shifts, no lineman will be allowed to move before the snap of the ball once he has assumed a position with a hand on the ground. A shift will bring a five-yard penalty.

The committee, yielding to a clamor from coaches, also abolished the punt coverage rule it put into effect last season.

The one-year-old rule allowed only ends and backs of a punting team to go downfield with the snap of the ball.

But pressure from coaches to go back to the old rule, which permitted everybody to go with the snap of the ball, succeeded, although the new rule did not lead, as they expected, to a rash of injuries among ends and backs.

The tackle-eligible pass play was eliminated from the game. Williamson said some coaches had been getting illegal receivers downfield by putting numbers in the 80s, usually reserved for ends, on tackles.

Now, centers, guards and tackles must wear numbers between 50 and 79 and no player wearing those numbers will be eligible for a pass.

Under other new rules, quarterbacks may communicate with any number of coaches on the sideline during a charged time out, instead of just one coach; the timeout period is shortened from two to 1½ minutes, and the clock will be stopped whenever a team makes a first down.

No safety will be allowed when a player intercepting a pass is carried into his end zone by his own momentum. If he does not choose to run out of the end zone, the ball will be put into play at the spot where the interception was made.

UNBEATEN BLACKBIRDS RATED THIRD IN POLL

BY THE ASSOCIATED PRESS

The Long Island University Blackbirds, only unbeaten team among those ranked in The Associated Press' small-college basketball poll, may have a tough time maintaining their perfect record Saturday night.

LBJ Left Heat And Color Out Of Annual Message

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — President Johnson's State of the Union message to Congress Wednesday night was not one of his masterpieces.

He cut it to the bone. No trimmings. And also no color. No hint this would be his most critical year with its presidential election. No political overtones. Just straightaway.

And two of his main points at least—Vietnam and an income tax boost—were simply repetitions of his 1967 State of the Union message.

This was the way he chose to launch his 1968 presidential campaign—no one seems to doubt he will run again although he hasn't said yes or no—for every thing he says this year will affect some voter's view of him.

In short, he left the heat and the oratory for later this year. He confined himself strictly to American conditions.

He didn't even go into details about the one thing which has kept the Vietnam pot bubbling and boiling. This was North Vietnam's suggestion Jan. 1—it could be a phony—that it is willing to start peace talks if the United States will stop the bombing unconditionally, and all other acts of war.

Ever since Hanoi made this suggestion American critics have called for an end to the bombing, either temporarily, to see what Hanoi is up to, or permanently.

Johnson ignored the critics directly, simply saying the bombing would stop if talks "took place promptly."

But the one thing he made clear—despite all the criticism he has had to endure because of the war and the fact that a war still going on at election time may affect the outcome—is that the United States will continue the war.

This is the same position he took in his State of the Union message last year.

Last year he also asked Congress to impose a six per cent surcharge on personal and corporate income taxes. Congress ignored him in 1967. Wednesday night he asked for the surtax again, but now he wants a 10 per cent hike.

He had hardly anything new to add to what he said last year about trying to prevent crime in the streets and asked Congress this year to approve the crime control proposal he made in 967.

And so it went.

In delivering his televised messag at the Capitol before a joint session of House and Senate he used exactly the same techniq e he adopted in 1967: A minimum of gestures and facial expressions.

This, no doubt, is the technique he will use in the campaign. He has been increasingly careful for at least a year about his public image. The year 1967 was a turning point for him.

In last year's message his method changed from previous years in sentence structure. At that time he eliminated the over-use of short sentences. And last year's, like this year's, had no trimmings.

Both were matter-of-fact.

The Johnson the nation listened to and watched Wednesday night—and in 1967—is not necessarily the Johnson it would have seen if there had been no war in Vietnam.

If there had been no war, Wednesday night's message might have been full of sweeping new proposals. But the criticism heaped on him about the war has probably made him want to stay out of controversy in general as he tries to sweat out the war, while remaining unyielding to his critics.

Bulletins From Boyle's Mailbag

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

In the future you may be able to eat your wornout wool suits and sweaters instead of throwing them away. Scientists in New Zealand have found a way to turn wool into food proteins. They don't have the taste thrill of steak—but they are said to maintain life.

We are having a pet population explosion as well as a human one. Dogs and cats in the United States now number about 50 million, or one for every four people.

Incidentally, advocates of equal rights might look into the fact that most local governments discriminate against lady dogs. Average license fees for a male dog are only $1.31, but for a female dog they are $3.10, according to the American Humane Association.

If you're having Zsa Zsa Gabor to dinner soon, be sure to serve frog legs as the main course. She jumps at every chance to enjoy her favorite delicacy.

Did you show up for work today? Well, two million other Americans probably didn't. That's the daily job absenteeism rate.

President Johnson wants us to cut down on foreign travel, so if you want to please him why not see America first by visiting Rome, N.Y., Athens, Ga., and Paris, Ill.

Quotable notables: "Be not afraid of life. Believe that life is worth living, and your belief will help create the fact."—William James.

Clotheshorse: John Whyte, one of Manhattan's top male models, has a $10,000 wardrobe. Make you jealous, ladies?

Safety statistic: U.S. motor vehicles now travel 900 billion miles a year, says the National Foundation for Highway Safety. But 87 per cent of accidents are caused by vehicles that account for only 17 per cent of the total mileage.

Prosperity note: Every hour of the day, the federal government now spends at least $1 million more than it takes in. Uncle Sam apparently believes in the old saying, "You can't take it with you."

Worth remembering: "The only people with whom you should try to get even are those who have helped you."

Folklore: If you don't have money in your pocket on New Year's Day, you'll be broke the rest of the year. Getting a hair cut drives away bad spirits. Drinking a potion of pine bark boiled in water will cure ulcers. If a butterfly flies into your house, that's a sign of an impending wedding.

Oddities to tell at the next cocktail party you attend: Baby sitters now earn a billion dollars annually. All bears except the polar bear have poor eyesight. About 20 per cent of U.S. citizens change their address each year. Female insects usually have more body fluid than males.

Unforgettable household hint from the Farm and Home Almanac: "To keep peanut butter on bread from sticking to the roof of your mouth, turn the bread upside down."

Junior Editors Quiz on PEPPER

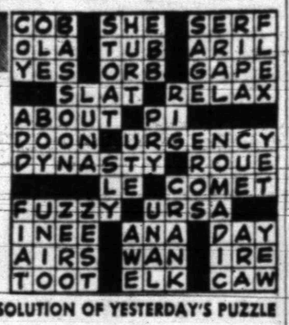

QUESTION: *What is the story of pepper?*

ANSWER: Pepper seems ordinary to us; it is so familiar sitting in its little shaker on the pantry shelf. Yet pepper has a most romantic story, beginning with the fact that it is a spice and comes from the Spice Islands of the Far East. These islands lie south of the Philippines and are colored black in our map. Pepper, which grows especially well on the islands of Java and Madura, is a tall vine with red berries. After the berries are dry, they turn dark and are then ground into pepper. We still use pepper and other spices; but they were especially important to Europeans and others before the days of the refrigerator. Not only did they give zest and flavor to dull-tasting foods but they tended to cover over the taste of food which had become stale or tainted. It was partly to reach these Spice Islands that Columbus and other explorers made their famous voyages. Later, the sturdy mariners of New England built sailing vessels, such as our artist has pictured, in order to sail to the Far East. Sea captains and owners made fortunes bringing back spices, china and silks to such towns as Salem and Marblehead. So spices contributed much to the prosperity of the growing American nation.

TAX ANSWERS

This column of questions and answers on federal tax matters is provided by the U. S. Internal Revenue Service and published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

* * *

Q — Are there any changes in the tax law I should be aware of when I file my 1967 income tax return?

A — The filing requirements for 1967 returns are little changed from what they were a year ago. Perhaps the major change concerns the handling of medical deductions.

All taxpayers itemizing medical deductions on 1967 returns will be subject to the same 3 percent and 1 percent income limitations. Previously, taxpayers 65 years of age and over could deduct all of their allowable medical expenses, not just those in excess of 3 percent of their adjusted gross income.

Another change in the medical deduction area concerns premiums paid for medical insurance. On 1967 returns, one-half of the premiums paid for this insurance may be deducted without regard to the 3 percent limitation. The maximum that may be deducted under this provision is $150. The balance of the premiums paid should be added to the taxpayer's other medical expenses subject to the 3 percent rule.

Insurance premiums paid for supplementary benefits under "Medicare" are covered by this provision but not that portion of the Social Security tax withheld from wages for Medicare.

These changes in the medical expense area are explained on page 7 of the 1040 instructions. To avoid errors that could lead you to underpay or overpay your taxes, read the instructions before you file.

Q — Where can I get 1967 tax forms?

A — Most taxpayers should receive their income tax forms in the mail early in January. Additional copies of the forms will be available in post offices, local IRS offices and many banks.

Q — I inherited some stock from my grandfather's estate and later sold it. Do I have to report anything on my tax return?

A — Yes. You will have a capital gain or loss measured by the difference between the sale proceeds and the fair market value of the stock at the date of your grandfather's death. The transaction should be reported on Schedule D and attached to your Form 1040.

Q — I was married last month. Since my name has changed do I also have to change my Social Security number?

A — When your name is changed, you should notify your local office of the Social Security Administration office as possible. Your number will not be changed but your record will be corrected to reflect your married name.

Q — I'm a full time college student and my parents claim my exemption on their tax return. If I file for a refund of taxes withheld on a summer job, will they lose their exemption for me?

A — No, your parents will not lose you as an exemption, provided the necessary dependency tests are met.

Q — Are gifts ever taxed?

A — There is no federal tax to pay for the recipient but the giver may have to pay a tax if the gift is sizable. The law generally requires a tax return to be filed by the donor when a gift or gifts to any one person during the year exceed $3,000. However, income earned on gifts is taxable to the recipient.

Q — I sold my house just a month or so before my 65th birthday. Does that mean I won't be entitled to the special benefits for the elderly on those sales?

A — To qualify for these special benefits you must be 65 or over before the date of sale or exchange.

Q — Do you have to report as income insurance compensation for injuries received in an auto accident?

A — No, damages for injuries suffered in an accident are tax free.

Q — Who has to file a tax return?

A — A return must be filed by every person under 65 who has gross income of $600 or more during the year. For those 65 and over, a return does not have to be filed until gross income reaches $1,200. However, if you are self-employed, you must file a return if you had net self - employment income of $400 or more, even though your gross income was less than $600.

The filing requirements also apply to minors. If, for example, a child has income of $600 or more from a savings or trust account or any other sources, then a return must be filed on behalf of that child.

Rome Fashion House Shows New 'Pouf Pouf' Pants Sets

By LEONORA DODSWORTH
AP Fashion Writer

ROME (AP) — Rome fashion house Barocco presented a new view on pants in their spring-summer showing Wednesday night.

Called "pouf pouf" by designer partners Gilles and Rocco, they took the form of knickerbockers and—with jackets added—were meant to be worn in a city location.

The way Barocco made these pants suits, they were elegant enough to be worn on New York's Fifth Avenue but as a design idea they were pretty drastic.

In fact, every now and then, even Gilles and Rocco had doubts and modified the puffy pants into short plisse pleated skirts.

Pants apart, these outfits consisted of long jackets with deep horseshoe necklines that revealed frosty white shirts that wrapped high round the neck. Sometimes there was also a vest included.

Coats were straight-cut with lightly padded shoulders. In silver gray tweeds, they were girdled with a new belt made of linked pearl buttons that looked just like ear studs.

The new chalky grays that the Italians are bringing on so fast as the fashionable new "no color", were well represented. They showed up in pin striped wools, classic schoolboy flannel, and crepes washed as pale as a dawn sky.

Fabian's favorite, the tent coat, turned up yet again. Double-breasted, it swung from a tight-fitting choker collar. There was another coat, too. It had a big deep pointed collar, a tiny fitted top and sprang into deep folds from just below the bust.

FOR US, SOVIET WRITERS

Soviets Set Double Standard

By WILLIAM L. RYAN
AP Special Correspondent

One day after a closed-door Soviet court convicted four defendants in a literary trial, the Soviet government newspaper Izvestia waxed indignant over what its headline called "the fate of a poet."

In a column subtitled "Democracy Inside-out," the newspaper expressed anger that this poet had been convicted, it said, because of his views.

Izvestia was not talking about Soviet writers, many of whom have been sent off to prison for their views. It was talking about the case of the American Negro poet, LeRoi Jones.

Jones had allegedly participated in a violent Newark, N.J., riot last summer. He was convicted recently for illegal possession of lethal weapons. His trial was open and widely publicized. He was freed on bail and was at liberty, pending his appeal, to keep speaking engagements and say publicly whatever he pleased about his government.

The Soviet writers convicted last week were sentenced to imprisonment at hard labor on vague charges of anti-Soviet activities. The trial court was closed except to those selected by the prosecution. All through the trial there was no mention of it in the Soviet press. Only after the conviction did one Soviet paper briefly report the fact that it had been held. Principal press organs ignored the proceedings.

There will be no bail for the Russian writers, nor for any convicted before them. There will be no opportunity for them to keep speaking engagements or even to whisper publicly what is on their minds.

But the way Izvestia tells the story to its Russian readers, the United States is a savage persecutor of writers. Here is what Izvestia had to say about the trial of LeRoi Jones.

"The bourgeois newspapers and journals are silent about the reprisals against the gifted poet whose verses have been included in an anthology of modern American poetry. Official literary societies also display total ignorance . . . Only the workers' newspaper, the Worker, came forward with an exposure of his tormentors."

Soviet law makes it a serious crime to engage in any "activities against the state," and only the Soviet authorities can say which activities endanger the state. Any breath of criticism at all can be interpreted, under the Soviet penal code, as "anti-Soviet slander," and incur harsh punishment from which there is little chance of appeal or escape.

US Casualties Increase Sharply

SAIGON (AP) — American casualties in the Vietnam war rose sharply last week. The U.S. Command reported today that 278 men were killed in action and 1,323 wounded, compared with 184 killed and 1,132 wounded the week before.

The South Vietnamese Command reported its casualties also went up markedly.

Enemy casualties last week dropped to 2,216 killed, the two commands said, a major decline from the record 2,868 reported for the previous week.

The U.S. Command said action last week was "characterized by moderate to heavy engagements."

Of the 1,323 Americans wounded last week, the command said 711 required hospitalization.

The report increased the total American combat casualties in the war to 16,549 killed and 102,197 wounded. The command said another 968 Americans are listed as missing, captured or interned since Jan. 1, 1961.

South Vietnamese headquarters reported 357 government troops were killed last week, 946 were wounded and 110 were missing or captured. These tolls are among the heaviest of the war for South Vietnamese forces.

South Vietnamese casualties reported for the week before were 263 killed, 657 wounded and 83 missing or captured.

Of the 2,216 enemy reported killed last week, South Vietnamese headquarters said 605 were killed by government troops and the rest by U.S. and other allied forces.

The U.S. Command said there were no personnel killed in action last week among other allied forces, only four wounded and none missing.

The report said there were 486,000 U.S. military personnel in South Vietnam by midnight Saturday, an increase of 4,000 over the total reported for the previous week.

The total of other foreign allied personnel was 60,000 a drop of 1,000 from the previous week.

The U.S. estimate of enemy strength was the same it has been for weeks—223,000 to 248,000 military, and 75,000 to 85,000 political workers.

Desperate Mother May Burn Card!

GAFFNEY, S.C. (AP)—Due to ice and snow schools have been closed in this area for almost a week and one mother called her child's principal to find out when classes would resume.

When told, "No school tomorrow," she said: "Well, if you don't have school soon, I'm going to burn my PTA card."

Board Probes Fraud Case

AUSTIN (AP) — The State Board of Medical Examiners planned to question Freddie Brant today about how he worked as Groveton's only physician without a medical degree.

The board's official hearing notice said Brant was cited to appear to answer allegations that he "illegally or fraudlently obtained a license."

Brant, 43, was paroled from prison in 1956 after serving time on a bank robbery conviction, and met Dr. Reid Llewellyn Brown while working at a hospital in Chattanooga, Tenn. He later used the license of "Dr. Reid Brown" to get a job an an intern at Terrell State Hospital.

Last summer, while on a vacation trip with his wife and daughter, he treated a 12-year-old Groveton boy who had a gashed leg. He stayed on as the town doctor, using Brown's name.

Brant was discovered when a drug firm found it had filled orders for two Dr. Reid Browns. He since has said he hopes to get a job at his clinic as an X-ray technician.

Witness Says Mrs. Birch Used Gun

LOS ANGELES (AP) — A witness quoted Pearl Choate Birch as telling spectators and two policemen "in a loud voice that if they didn't get off her property, she would kill them."

Then, said the witness, "I felt something brush the top of my head...My ears were ringing like when a firecracker goes off close to you."

The witness was Rod Ferguson, 35, testifying Wednesday in the two-day-old trial of Mrs. Birch, 60, on two counts of assault with a deadly weapon with intent to murder.

Mrs. Birch, a 200-pound practical nurse, is the widow of A. Otis Birch, millionaire philanthropist from nearby South Pasadena.

She is charged with shooting at Ferguson and Rex Council, a policeman in suburban Compton.

Asked if the sound that made his ears ring seemed to be a gunshot, Ferguson replied, "It didn't sound like a gun—it was a gun."

Ferguson told the jury he went to the home of his sister-in-law, Mary Harris, last July 13 after being told that the doors in Mrs. Harris' half of the Compton duplex were removed.

There he saw Mrs. Birch, the duplex' owner, he said. After Mrs. Birch's warning to policemen and the spectators, Ferguson said, he ducked under a tree branch and heard a shot.

Deputy Dist. Atty. Irvin Cohen alleged that Mrs. Birch fired a rifle through the window of the half of the duplex where she lived. He said the shot missed Council by inches, passed over Ferguson's head and hit a house across the street.

Cohen said Mrs. Birch had the doors taken off the Harris side of the duplex because the rent was overdue. Ferguson's wife had called police and asked them to arbitrate a dispute over the rent.

Mrs. Birch married Birch in October of 1966, three weeks after his first wife died. Birch died last year at 95.

Meanwhile, a legal contest over Birch's handwritten will was continued until Feb. 21 by Los Angeles Superior Court.

The will left his fortune to his widow. It is being challenged by several charitable organizations.

Marijuana Said Common On Campuses

SAN MARCOS, Tex. (AP) — Arrest of seven Southwest Texas State College students Tuesday night on marijuana charges brought a statement from the school's president that the weed was on every campus in the country.

"There isn't a campus in the United States that doesn't have it,' said James H. McCrocklin, president of the college. "We've been trying to do something about it."

Three SWTSC seniors were arrested by San Marcos police and Federal Bureau of Narcotics agents at a house here. Three sophomores were nabbed in a raid on a college dormitory. A seventh student was picked up near IH 35 in San Antonio.

Officers said they confiscated a half pound of marijuana in the raids.

All the students were charged with possession of marijuana.

They included: John I. Schroeder, 27, San Marcos; James A. Lewis, 22, Burnet; Tommy K. Clover, 23, Austin; Gregory D. Hoover, 19, Schertz; Harold C. Coyne, 20, Nacogdoches; and Patrick Charles West, 18, Sabinal.

By late Wednesday, the students had been arraigned and several had posted bond and were released.

Session Set On Cattle Marketing

An area - wide meeting has been scheduled for 7:30 p.m. Monday to discuss and possibly organize a livestock marketing program through the Farm Bureau.

Announcement of the meeting, which will be held in the community room of the Snyder Savings and Loan Association building, was made by James Beaver of Fluvanna, chairman of the livestock committee of the Scurry County Farm Bureau.

Myron Hillman, manager of the Texas Farm Bureau Livestock Marketing Program, and Ed Cumbie, Farm Bureau fieldman for this area, will be here to explain the program. If enough interest is shown by local people, efforts will be made to organize a livestock marketing program here.

Representatives from surrounding counties are expected to attend the meeting. Beaver said that anyone interested in better prices for cattle is invited to attend.
