Grand Jury Indicts 6 Here Friday

Six indictments were returned by a 100th District Court grand jury in a one-day session, Thursday, Feb. 5, according to District Attorney David McCoy.

Benjamin Avila was indicted for operating a motor vehicle without the consent of the owner, John Thomas on Dec. 19. He was arrested by Hollis police and charged with being drunk.

Avila was tried before Judge Robert Montgomery Thursday afternoon, pled guilty to the charge and received a three year probated sentence.

Avila was found to be an illegal alien and one of the terms of his probation was that he be returned to Mexico and not return to the United States for the duration of his probation.

Aubrey Lewis and Tommy Armstrong were indicted separately for the burglary of the building owned by Dr. Mark Fires on the east side of the square, formerly the Pruden Drug.

Arturo Rodriguez was handed two indictments, one for theft of a check and the other for passing a forged instrument (the check). Rodriguez passed the check in the amount of \$247.72 to George Scott on December 24. The stolen check was made out to Jessie Rivera and signed by Bobbie Thomas.

Lorenzo Buckner was indicted for the burglary of a motor vehicle, which consisted of the theft of a gun from the vehicle belonging to Julian Torres, Sr.

Buckner was on probation for another offense, and an application to revoke his probation has been filed, McCoy said.

C-C Tickets Go on Sale

Tickets for the Wellington Chamber of Commerce Banquet went on sale Tuesday, Feb. 10, and are available at the Chamber office or from any officer or director, Robert Owens, president, announced. The banquet date in Friday, Feb. 27.

Lee Herring, Grand Prairie banker and humorist will be the banquet speaker. The event will be held in Bura Handley Community Center starting at 7:15 p.m. Tickets are \$6.00 each.

Final plans for the banquet were made when the board of directors met Monday, Feb. 9.

Around Grand Prairie, and wherever he speaks, Herring is known for his "clean stories and big banking."

"Herring has a deep love for God, his family and the city of Grand Prairie," said a friend recently.

"He has something else, too--the ability to make people laugh. He's been making after-dinner speeches for a number of years now. For the last 15 he's been getting paid for it."

Wellington people who

have heard Herring agree. Some believe his humor will surpass any that has been heard at banquets here for a good many years.

"And some humor will be good for all of us," declares Owens.

Herring's speech will be only one part of the banquet program, Owens continued.

There will be a presentation of the annual awards, including those to the Outstanding Citizen, the person outstanding in sales and service, and the annual Chamber Outstanding Farmer or Rancher award presented by Salt Fork Soil and Water Conservation District. There may be others.

Special recognition will be given new businesses in Wellington.

There will be a drive to get new residents of the county to the banquet. These will be recognized during the evening.

New officers will be installed. Wives of the Chamber directors will be responsible for table and other decorations, and the meal will be prepared by Chef Bill McCutcheon.

Guard Gets New Ground Radar

Wellington's Texas National Guard detachment (Detachment 1, Support Company 2d Battalion (Mech) 142d Infantry) is organizing a new ground surveillance radar unit that can detect the movement of a single man up to three miles away and movement of a vehicle up to 6 miles away.

The equipment was set up for the first time here this past weekend at regular Guard training.

The unit was assigned here from Amarillo last May, but the equipment was not brought here until January. Some of the men who were in the Wellington detachment's mortar and Redeye sections are now

organizing and building the new unit.

When fully staffed, they'll have nine men. And those nine men will be able to carry the 780 lb. unit, set it up in 20 minutes and provide indirect support for troops in the field. The radar system is self contained--it has its own power generation system.

Now in the radar section are SSG Tony Stephens, SSG R.L. Hunnicutt, SGT Don Lane, SGT Bill Hindman, SGT Charles Jones, SP4 Jackie Matthews and PFC Jerry Lee.

The detachment retains its Redeye and mortar sections.

The Redeye section currently has nine men who

operate the Redeye short-range air defense missiles.

The missiles are launched from shoulder launcher. They are designed to shoot down small jets and attack fighters in support of small combat units. Redeye's are heat-seeking missiles that follow a jet's path. The missile is aimed visually through a site on the launcher, then the missile takes over and follows the jet's heat trail. The missile will self-destruct if it hasn't hit its target within 15 seconds after launch.

In the Redeye section are SSG Ronnie Hartman, SGT Epifanio Castillo, Jr., SGT Kent Riley, SP4 David Castillo, SSG Jim Larned, SP4 Rick Rodriguez, SSG

Darrell Franklin, SP4 James Gray and SGT Harrell Lowe.

The detachment's mortar section contains four 107 mm. mortars and a fire direction center for the mortars.

The two armored vehicles that are sometimes parked in front of the Army here belong to this group--they are M106 mortar carriers. There's one carrier for each gun and its squad.

Two of the section's mortars and carriers are in Wellington and two stay at Ft. Hood.

Each mortar weighs 672 pounds and has a range of about 3 1/2 miles.

In a combat situation, a mortar can pump 18 rounds --See NATIONAL GUARD, page 2

3 Candidates Seek City Offices

Two candidates have filed for mayor of Wellington and one for a place on the city council, according to Nell McKinney, city secretary.

Filing for mayor are:
- Ralph Owens
- Henry Sullivan

Retired sheriff John Rainey filed for city council.

The city election will be Saturday, April 4, as will the elections for hospital board,

Wellington and Samnorwood school trustees, and Dodson city election.

Bill Hatch, who was mayor of Wellington for 8 years, had announced he will not be a candidate.

He said that while he had enjoyed the years he was mayor, he believes it is time for someone else to serve in that office.

Wellington voters will

elect two council members. Owens filled one of the places on the council and Councilman Tom Wilkins announced that he will not be a candidate, after serving four terms, 8 years, in that post.

"I have enjoyed my work on the council and I have enjoyed the people I worked with, but I believe we need to get some new ideas. I

urge that we get someone who will be interested in progress for Wellington."

The three candidates for city office have lived in Collingsworth County most or all of their lives.

Owens was on the council 7 years at two times. He says he believes his years on the council have given him an insight into the needs of

Smoking Cessation Program Starts

PRPC -- Wellington area residents who want to quit smoking will be able to learn about an innovative smoking cessation program soon. The introductory session for the American Health Foundation's Stop Smoking System will be held at 7:30 p.m., Monday, February 16 in the Collingsworth County Courthouse commissioners' courtroom.

The highly successful program is sponsored by the Panhandle Health Systems Agency (PHSA), which is an administrative unit of the Panhandle Regional Planning Commission. The program is part of the development activities of the Health Promotion Task Force of the PHSA.

This program is a matter of concern both for those who want to quit smoking and to their employers. While the employee pays for

his cigarettes, his employer pays for the time he loses smoking, getting ready to smoke, recapturing his train of thought when he goes back to work, etc.

The smoking habit costs the employer \$7 per week per employee, says a PHSA spokesman.

During the free introductory session, the Stop Smoking System will be explained by Bob, who is an engineer with the Texas A&M Engineering Extension Service. Bob is one of seventeen Golden Spread citizens who went through an extensive training period on the smoke stopping course in the fall of 1980.

Local contact for the course is Jimmie Sessions, who works for the PRPC in the Collingsworth County Courthouse.

The smoking cessation program will involve four 90-minute sessions which will begin Monday, February 23, and run through Feb. 26.

During the PHSA program, those who sign up will be taught to utilize personal strengths to help them overcome the urge to smoke. Elements of Weight Watchers, Alcoholics Anonymous and some other smoking cessation programs are combined to give the

individual the urge-reducing techniques that will work best. They are also given "homework assignments" that help them apply techniques they learn in the classroom to everyday life.

The program has already paid off for dozens of Panhandle citizens. So far, over 85 percent of those signed up for the course have kicked the habit. Nationally, over 75% are still not smoking at the end of six months.

Wellington to Meet Wheeler And Shamrock

Wellington Skyrockets and Rockettes will travel to Wheeler Friday, Feb. 13, then on Tuesday, Feb. 17, Wellington will end the season with a home game against Shamrock.

After the Tuesday night girls games, there was four-way tie for first place between Clarendon, Canadian, Wheeler and Wellington. Each team has lost one game.

Shamrock boys have one win, 2 losses and Memphis has 3 losses for the second

Two Juveniles Given Sentences

Two youths, one 16 years of age and the other 15, appeared before Judge Bob Watson in Juvenile Court Monday, Feb. 2.

Both were in custody for the burglary of Lyman's Auto Supply, 1203 8th Street.

The 16-year-old was committed to the Texas Youth Council.

"This young man was found to be in need of rehabilitation and the public in need of protection," said Watson. He went from here to the TYC reception center

at Brownwood. He will remain until his 18th birthday or until TYC officials deem fit to release him.

The 15-year-old boy was also found to be in "need of rehabilitation and the public in need of protection," and he was placed on official probation for one year, subject to extension year by year until his 18th birthday. He was turned over to Juvenile Probation Officer Lynn Holland and released back to the custody of his parents, Watson said.

AUTOGRAPH

Judge R.L. Templeton autographs a copy of his new book, "The Death of Jimmy Littlewolf," for a former classmate, Dr. Don Rummel of Lubbock, during the autograph party sponsored by Friends of the Library Friday, February 6.

Wellington State Chosen Depository for County Funds

Wellington State Bank was selected as the depository for county funds when the Commissioners court met Monday, Feb. 9.

The bank will pay 14% interest, County Judge Bob Watson said.

In other business, the commissioners accepted the bid of OK Tire Shop for repairing flats, at a cost ranging from \$3.50 to \$17, depending on the tire size. This was the only bid submitted.

The court signed a contract with the Panhandle Alcoholic Recovery Center in Amarillo, operated by the County Judges Chemical Abuse Services, Inc., for 1981. Victims of alcohol abuse can be committed to the center for up to 90 days for treatment or other services as their case requires. Individuals may commit themselves to the center for treatment, Watson explained.

Trips by Helen Gollihugh to the county-district clerk's meeting at College Station in March, and of the judge and commissioners to their conference at A&M University next week, were approved.

Merle Parker, road ad-

ministrator, gave a general report on the condition of the road leading to the golf course and said an attempt is being made to secure right of way so some type of improvement can be done.

Church of God In Christ to Dist. Meeting

A district meeting of the Church of God in Christ is underway this week at the No. 2 District Church in Amarillo.

Wellington's Holy Sanctuary church is participating, pastor Jimmie Barber said.

Meetings begin at 8 p.m. each night.

The program includes: Wednesday, Sunday School seminar; Thursday, Young People's Willing Workers organizations; Friday, district missionary programs; Saturday, evangelism; and Sunday, Sunday School at 9:45 a.m. and an Official Day program at 2 p.m.

Anyone interested is invited to attend, Barber said.

John Duncan and Tommy Lewis requested that the commissioners and county tax-assessor collector, Ann Wauer, work with them in preparing personal property tax rendition sheets. This was agreed to.

The bond of Mrs. Bernice Needham as project ownership coordinator was approved. Mrs. Needham succeeds Mrs. Charlene Poteet, who resigned that job to become a counselor in the Texas Community Action Program, working with Mrs. Jean Ferguson.

Collision Nets Parole Violator

A two-vehicle collision .5 mile west of Haskell Street on a county dirt road Friday, February 6, sent one man to the hospital and resulted in his passenger being arrested on a warrant for violation of probation out of Wichita County.

Herb Duncan reported that a 1971 Buick driven by Clarence Frank Benton, 59 of 711 El Paso Street, failed to give one half the roadway and collided with a 1979 Chevrolet pickup driven by James Frank Lindsey, 1503 Graham.

The Benton vehicle was traveling west and the Lindsey pickup was traveling east. Charges against Benton are pending.

He was picked up by Collingsworth Volunteer Ambulance and was still in Collingsworth General Hospital Tuesday for treatment of a cracked left shoulder, rib injuries and facial lacerations.

There was extensive damage to the left side of both vehicles, Duncan said. Benton's passenger, Benjamin Taylor, Route 1, Burkburnett, left the scene and was later picked up by Sheriff's deputies, according to Sheriff Kenneth Maxwell. He was still being held in jail Tuesday awaiting pickup by Wichita County officers.

the city and how they can best be met.

Sullivan is a former member of the city council, having served 8 years.

Sullivan sold his interest in Clark Chevrolet last year.

He said when he retired that he could give more time to community work.

Rainey retired January 1 after 26 years as sheriff of Collingsworth County.

Filing for the hospital board is by petition, with the secretary of the board, Mrs. H.H. Bowen.

Candidates for school board at both Wellington and Samnorwood is at the school offices, and candidates for Dodson City office is with the city secretary, Howard Hunt.

Filing began Monday Feb. 2 and will continue through Monday, March 2.

School Board Extends Three Contracts

Wellington School Board extended contracts for elementary principal Melvin Cardwell and junior high principal Bob Allen through the '82-'83 school year and awarded high school principal Eddie Hankins a contract through the '82-'83 school year at regular board meeting Monday, Feb. 9.

The board also raised Hankins' travel pay \$50 per month and Allen's \$40 per month.

A motion by Harold Moore, seconded by Kirby Campbell, to extend head coach James Williams' current contract runs through the '81-'82 school year.

The board called a trustee election for April 4. Three trustees will be elected: two for full 3-year terms and 1 for an unexpired 1-year term.

Absentee voting for the election will be March 16 through 31 during regular office hours at the school business office.

The board also hired David Johnson to teach social studies, a slot vacated when Don Beck resigned last month. Johnson holds a BS from Sam Houston State and A.M. Ed. from West Texas State University. He has 20 years teaching experience. He has taught at several panhandle area schools, the last being Amarillo.

The board also approved a motion to allow law enforcement officials to carry a weapon on school grounds after school hours in performance of their duties. The Sheriff had explained to school officials that the motion was necessary to prevent the possibility of a case being thrown out of court, should an incident arise on school property.

Present for the meeting were board members William O'Rear, Jim Ingram, Frank Coleman, Jr., Kirby Campbell, Carroll Nunnelle and Harold Moore. Benson Long was absent.

Farm Bureau Slates Membership Drive

County Judge Bob Watson has designated the week of February 9-14, 1981, as "Farm Bureau Week in Collingsworth County."

Governor Bill Clements has also designated the same week as a statewide observance, according to Denzil Lacy of Wellington, president of the Collingsworth County Farm Bureau.

During this week, the local county Farm Bureau will have a special effort to enroll new members in the organization, according to John Scott of Dodson,

membership chairman. Other members of the membership committee are: Joe Wood, Andy Bell and Doug Coleman, Jr.

The county president said the Texas Farm Bureau was instrumental in passage of the bill limiting taxation of agricultural land in the last Legislature and will be working to protect farmers' interests this session.

Part of the "Farm Bureau Week" official proclamation, signed by judge Watson, reads:

"An adequate supply of

food and natural fibers is essential to our Nation. Many of our citizens of Collingsworth County are dependent, directly or indirectly, upon agriculture for their livelihood. All of our citizens benefit from the advancements made in the agricultural industry.

"Our farmers and ranchers have learned the value of promoting their industry through organization. Four out of five agricultural producers in the Nation are voluntary members of Farm Bureau."

Steers Place in Ft. Worth Show

Three of four Collingsworth 4-H Club steers exhibited at the Fort Worth Stock Show placed in their divisions.

Mark Fourmentin entered two heavy weight Here-

fords, with one placing 9th and the other 10th.

Darvin Nix's light heavy Limousin cross was 14th in his class.

Paul Estes' Semintal cross was just out of the money in the light heavy weight class.

The three placing steers were sold in what was called the best sale in Fort Worth Show history, Extension Agent Don Reeves said.

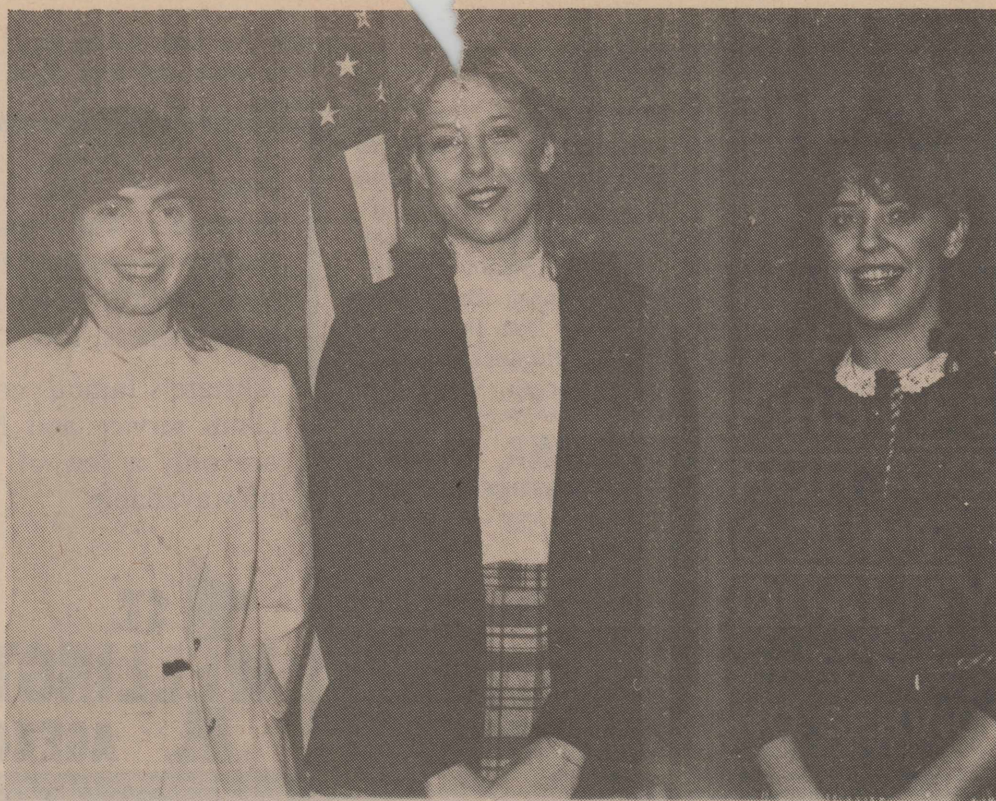

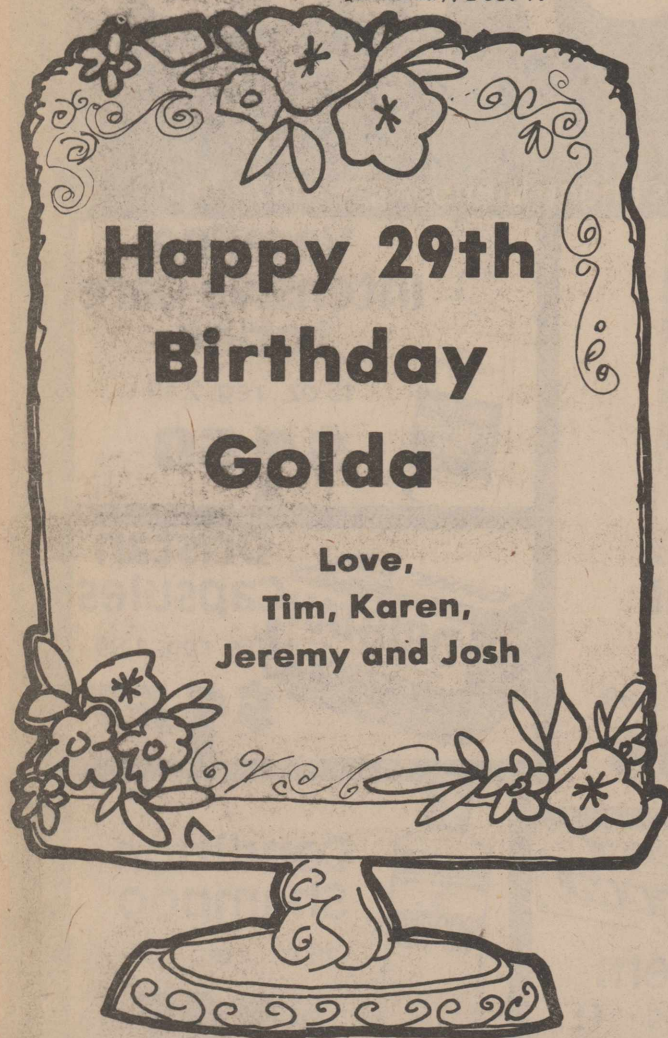

Parents attending were Dr. and Mrs. Bill Estes, Mr. and Mrs. Jerry Nix, Richard Fourmentin, along with Reeves.

Fourmentin, Reeves and the boys took the steers to Ft. Worth Monday, Feb. 2. They were exhibited Feb. 5 and 6, and the sale was held Saturday, Feb. 7.

Man Unhurt as Car Hits Cow

A Liberal, Kansas man, driving north, escaped injury when his car hit a cow on Highway US 83 about a mile north of Lutie at 9:15 p.m. Tuesday, Feb. 10. Temperature was near 0 degrees.

He was identified by the Sheriff's Department as Paul Hoag, about 33, alone in the 1979 Toyota.

Methodists to Build New Kitchen, Fellowship Hall

First United Methodist Church officials accepted a bid of \$218,942 on a new fellowship hall addition at a bid opening Friday, Feb. 6, and set the stage for completion of the church's building program that was begun in the 1960's.

The building will be built on the site of the old Methodist parsonage adjacent to the church's classroom wing. The old parsonage has served as a fellowship hall and kitchen for the past two years since completion of the church's new sanctuary.

Also on Feb. 6, the church building committee accepted a bid from Steve Davis Construction for the old parsonage. The house will be moved within the next two weeks. The church also donated the parsonage

garage to the City of Wellington which plans to use the roof as a picnic table shelter for a new park. A.J. Fires, building committee chairman, said.

Fires said construction is expected to begin within one month and be completed within 165 calendar days.

The new 40' x 100' building will contain a fellowship hall, kitchen, Sunday school room, parlor, and storage spaces on ground level and in the attic area.

Windows in the new building will contain stained glass from the old sanctuary that has been reworked to fit the new window sizes.

The building committee awarded the contract to Perr Cates Construction Co. of Amarillo, one of eight

bidders on the project. Bids ranged from \$206,000 to \$248,000. Cates recently constructed a fellowship hall at First United Methodist Church at Childress.

BOB WATSON, COUNTY JUDGE

COLLINGSWORTH COUNTY

WELLINGTON, TEXAS

Greetings:

An adequate supply of food and natural fibers is essential to our Nation. Many of the citizens of Collingsworth County are dependent, directly or indirectly, upon agriculture for their livelihood. All of our citizens benefit from the continuing advancements in agriculture.

Farmers and ranchers have learned the value of improving agriculture and rural life in America through organization. Four out of five agricultural producers in this Nation are voluntary members of Farm Bureau, an independent farm organization striving to build a better social and economic life for farm and ranch families and all Americans.

Therefore, I, BOB WATSON, County Judge of Collingsworth County, do hereby designate February 9-14, 1981, as FARM BUREAU WEEK in Collingsworth County, and urge our citizens to give due recognition to this observance honoring the Collingsworth County Farm Bureau.

In official recognition thereof, I hereby affix my signature this ninth day of February, 1981.

Signed

Bob Watson

Collingsworth County Judge

Mrs. Vester Smith, GFWC District President, Speaks

Mrs. Vester Smith of Higgins, president of the Top of Texas District, Texas Federation of Women's Clubs, was the guest speaker when the 1924 Study Club held its traditional International luncheon on Thursday, February 5, in the Heritage Room.

Mrs. Smith used the General Federation's motto, "Unity in Diversity" as the theme of her talk. The General Federation, which was organized in 1890, now has sixty thousand members in the United States and ten million throughout the world. Mrs. Don Shide is the first to have the title, of International President.

In 1897, the Texas Federation was formed and admitted to the General Federation in 1899.

Club work centers around

the local community with its individual needs, then extending to state and national levels.

Through the various departments problems have not only been studied, but through the efforts of club women have been corrected by legislation. For example, a national survey of high school students revealed a lack of knowledge of the free enterprise system and resulted in Tennessee passing a law requiring the study of economics.

Mrs. Smith concluded her talk by giving examples of individual growth through united effort.

Hostesses for the luncheon were Mrs. Boyd Derryberry, Mrs. Bill Beall and Mrs. Chester Fires.

The table was colorful with dolls from foreign countries, shells from Ha-

wai and a replica of Chinese coins. The emblem of the GFWC was also displayed.

The meal featured typical dishes of a number of countries.

Mrs. Boyd Derryberry presided at the meeting and the club collect was read by Mrs. B.M. Sims, Texas Federation president.

Attending were Mrs. Reynaldo Perez, Mrs. Prasanna K.N. Kumar, Mrs. Sut Braselton, Mrs. John Harper, Mrs. R.R. Crawley, Mrs. Fred Boyd, Mrs. B.B. Martin, Mrs. J.R. Ross, Mrs. Jean West, Mrs. Clyde Drake, Mrs. Truett Holland, Mrs. Cal Hurst, Miss Hattie D. Wells, Mrs. Sims, Mrs. Smith and the hostesses, Mrs. Beall, Mrs. Fires and Mrs. Derryberry.

Christian Women Meet

Mrs. Bill Anders was hostess when the Christian Women's Council of First Christian Church met in the fellowship hall Monday, Feb. 9.

The president, Mrs. Johnny Linville, presided, with Mrs. Emil Kersten giving the opening prayer and Mrs. Anders the devotional.

The program speaker was Mrs. Rhua Ketchum, who used as an example of the "Seven Most Remarkable Chapters of the Bible," the 15 chapter of St. Luke. She followed this by reading "If Jesus Came to Your House," by Lois Kendall Blanchard.

Members were reminded of upcoming events: the Valentine banquet Saturday night, Feb. 14, for all members and guests; and the garage sale and bake sale on Feb. 21 in the fellowship hall. Hours will be 8 a.m. to 5 p.m.

Mrs. Billy Kerlee led the closing prayer.

Refreshments were served to Mrs. Harry Cryster, Mrs. Phillip Frasso, Mrs. Ketchum, Mrs. Kersten, Mrs. Linville, Mrs. Anders, Mrs. Kerlee and Mrs. Jack Sanford.

Bonnie Willis Chosen RTA Retired Teacher of Month

February Teacher of the Month of Collingsworth Retired Teachers Association is Bonnie Willis, who in her career was a classroom teacher, principal and supervisor.

She believed that teaching is a distinguished profession and that those who teach should approach their work with dedicated professionalism but with the added qualities of love of teaching and of the children they teach.

A great concern throughout her career was improvement of school curriculum, to meet the demands of the times.

She was a member of the Texas Association of School Curriculum Development and served on its state committees. Here she proved that a teacher from a small school can serve on equal footing with those from the quality schools of Texas' largest cities. "I learned so much going to those meetings. You hear about it (curriculum) first hand," she says. Those close to her remember well these many workshops and seminars.

She practiced her belief by such things as introduc-

ing art courses and even teaching them, and in developing the love of reading among her students.

Miss Willis received her elementary and secondary education in the schools of her native Sebastopol, Miss. Her college work was in Texas after she came to Wellington with her family. She attended Texas Tech and received Bachelor of Science and Master of Education degrees from East Texas State University. Her post-graduate work was at the University of Texas.

Her first school was at Loco, the next at Arlie. Then she taught at Oklahoma Lane, a large consolidated rural school on the South Plains. She returned to Wellington as a classroom teacher and was elected principal of East Ward. Later it was combined with West Ward and she was the first principal of the present Wellington Elementary School.

She rounded out her career as supervisor of Hall County Schools--Estelline, Lakeview and Turkey.

"I enjoyed teaching, and I loved the children," she says. Each major holiday, those children, long grown, form a procession of visitors to the home where she and her brother, Mack Willis, live.

When she retired, Miss Willis began the study of art with Dord Fitz, who pioneered the belief that fine art and artists can come from the plains and prairies of the Panhandle and Western Oklahoma. Her work has been exhibited at his Amarillo studio and The Little Red Schoolhouse.

This led to studies with Elaine de Kooning; Louise Nevelson, acknowledged as the world's greatest living woman sculptor, Jean Renault, acclaimed for her mosaics, and Leon Smith, and Oklahoman who introduced the hard edge style or painting to the art world. Other studies took her to Arizona.

In her interest in improving county and community libraries, Miss Willis was a charter member and president of Friends of the Library and was on the Collingsworth County Library Board.

She is a member of Delta Kappa Gamma, Retired Teachers Association, Excelsior Club and First Baptist Church.

Her professional organizations included Texas Association of School Supervisors, Texas State Teachers Association, National education Association, and National Supervisors Association.

She is one of four sisters who became teachers, and who like her, were concerned with the quality of education for the children of their communities: Jean Willis West, Floy Willis

Mrs. Mike Barjenbruch's Piano Pupils in Festival and Recital

Piano Students of Mrs. Mike Barjenbruch competed in one of the major piano festivals of the area on Saturday, Feb. 7, then on Sunday they entertained their families and friends in a recital.

The piano students received marks of Superior (the highest offered) and Excellent (second highest) when they participated in the piano festival held at Western Oklahoma State College, Altus, on Saturday, Feb. 7.

This was the fifth annual piano festival and was sanctioned by the Oklahoma Music Teachers Association.

Altogether, 238 students from the area around Altus participated, including Wellington, Vernon, Quanah, Lawton, Duncan, Frederick, Hobart, Erick, and Sayer, and other Oklahoma towns.

Judging the competition, or serving in directoral capacities, were members of the Music Department of the University of Oklahoma, Norman: Dr. Jonathan Gonder, Dr. Thomas Wilson, Dr. E.L. Lancaster, Dr. Rod Morrow, and Dr. Duffy.

Dr. Lancaster, a composer as well as a teacher, heard Wellington students play some of his compositions.

Wellington students will participate in one more competition at Altus during the year, and Mrs. Barjenbruch plans for her entire class to take part.

Mrs. Barjenbruch is a member of the Oklahoma Music Teachers Association, and this enables piano students to participate in events not usually open to music students of this area.

Attending the festival Saturday were Dennis Cudd II, Angell Hendrix, Paula Nunnelle, Jana Nunnelle, Heather Hendrix, Kay Lynn Bartlett, Robi Lou Mabery, Kim Castleberry, Julie

Caldwell, Barry Bowen and Vanda Wood.

Mrs. Barjenbruch presented her piano pupils in a recital Sunday afternoon, Feb. 8, in the sanctuary of First United Methodist Church.

Both beginning and advanced students played in the recital.

The young musicians and their numbers included:

Diana Lindsey, "Texture in G"; Douglas Cudd, "First Year Texture"; Jana Pruitt, "In a Chinese Garden"; Joe Bartlett, "Dolphins Song"; David Duncan, "Indian Song"; Bill Odle, "Bagpipe Tune" by Haydn;

Chad Feemster "Ode to Joy" by Beethoven; Melinda Ornelas, "The Swing"; Wiley Fires, "All School Parade" by Bastien; Leandra Hartman, "Boogie Bass"; Robert Watts, "Conversation Piece" by Kabelevsky; Angell Hendrix, "Blue Mood" by Bastien; Dennis Cudd Jr., "Major Chord Rock", by E.L.

Lancaster;

Stacey Fires, "Old Fashioned Waltz"; Paula Nunnelle, "Prelude in 18th Century Style"; Jana Nunnelle, "Cowboy Blues"; Heather Hendrix, "The Bear" by Rebikov"; Kay Lynn Bartlett, "Extended Waltz"; Robi Lou Mabery, "Comedian's Dance" by Kabelevsky.

Kim Castleberry, "House of the Rising Sun," Julie Caldwell, "Pastorale", by Burgmeller; Barry Bowen, "Old Hundredth Chorale" by Willard Palmer; and Vanda Wood, "Maple Leaf Rag," by Scott Joplin.

Older students had heard Palmer, a widely recognized composer from Austria, earlier this year, and still others heard and met Lancaster the day before the recital at Altus.

Cheesemakers call the holes in Swiss cheese "eyes."

What Makes a Woman Rich Theme of Belles Lettres

What makes a woman rich was the program theme when Belles Lettres Club met Tuesday, Feb. 3, with Mrs. A.B. Clark as hostess. Mrs. Dick Richards presided. Mrs. W.F. Harbin paraphrased a chapter from "Pebbles in the Sand," by Donald E. Wildman.

"First," she said, "I am rich because of my heritage, being from a good Christian family who loved and provided for me that I might have the advantages of life."

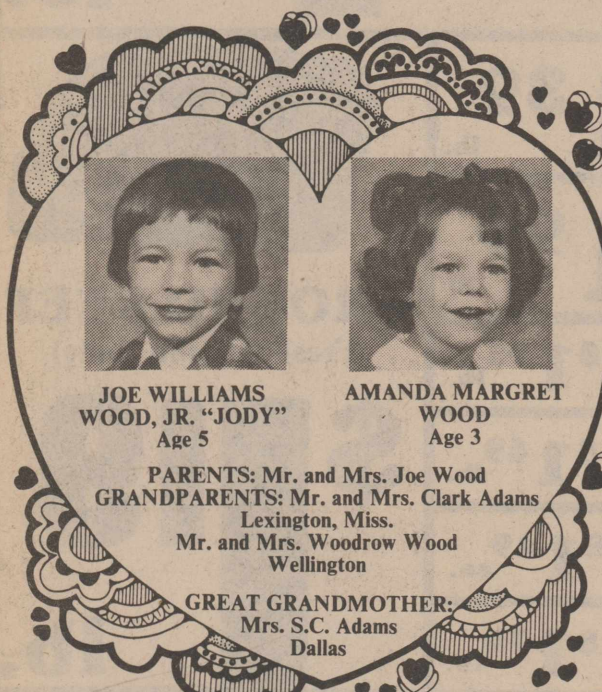

"I have a good husband and a fine daughter, and a good job that fulfills my need," the paraphrase continued. "I live in a free country. Millions are not aware of what it means to live in a free country. It helps one to realize how important freedom is. It helps one to press toward

the goal that God has for me."

She also named good friends and the belief in God and of life after death.

Mrs. Harbin traced briefly the history of Valentine Day, adding that it is an age old custom of remembering sweethearts and loved ones. At different times in history, other things were popular as Valentine gifts--handkerchiefs, letters, candy, garters and gloves. An estimated 8 million valentines will be delivered this year, many by hand.

Present were Mrs. Richards, Mrs. Louise Vaughan, Mrs. Joe Thompson, Mrs. Howard Riggs, Mrs. Bryan Denley, Mrs. F.A. Hatch, Mrs. Harbin, Mrs. E.F. Bartlett, Mrs. Bob Hightower and the hostess.

Aerobic Exerciser

Best and Safest Mini-Trampoline

Highly recommended-Prescribed by physicians

Jogging 5 minutes equals 1 mile!

TODAY'S EASIEST AND MOST ENJOYABLE WAY TO EXERCISE

Results with just minutes per day.

Two important systems in the human body are the cardio-vascular system and the skeletal system. If a person ruins the skeletal system (ankles, knees, hips and back) by jogging on a hard surface to help the cardio-vascular system (heart, arteries, blood vessels), WHAT HAS HE GAINED??? Jogging on the REBOUNDER protects the skeletal system. The user can get the good from jogging without the harm.

People who have been getting up at five o'clock every morning to jog around the block may be in for a rude awakening! Instead of improving their health, they may have been slowly crippling themselves. Chicago physician Dr. Gordon Falkner told a recent meeting of the Illinois Podiatry Society that he has discovered an ailment he calls "Jogger's Ankle!" The symptoms are similar to arthritis and tendonitis of the Achilles Tendon just about its attachment to the heel bone. Dr. Falkner stressed that tissues of the feet and ankle take a terrific pounding from jogging on concrete or blacktop. He stresses that this leads to the eventual breakdown of these tissues.

Instead of cutting out exercise altogether, Dr. Falkner recommends cycling or a REBOUNDER device to his patients. "Cycling is not as complete an exercise for the entire body as the exercise you get on the REBOUNDER." "The REBOUNDER can be used indoors ANY time of the day or night. It's FUN and it's EASY!"

Energy Saving tips on Electric Heating.

Check your thermostat setting.
Recommended temperature setting for winter heating is 68°. Remember, the lower you set the thermostat in the winter the lower your energy cost.

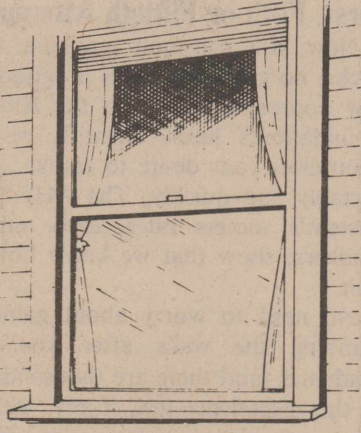

Have your heating system checked regularly!
Proper servicing is good preventive maintenance.

Keep filters clean. Check the filter every 30 days on forced-air systems. If filter is permanent, clean it by manufacturer's directions, if it's disposable, replace when dirty.

Have your home properly insulated! Adequate home insulation keeps the warmth in, cuts energy use... can pay for itself by lowering heating (and cooling) costs.

Use the warmth of the sunshine!
On sunny days open the drapes. The sun shining through the glass will supply additional heat at no cost.

Remember, Reddy Supplies the Energy,
only you can use it wisely!

Contemporary Indian Artist Studied by Club

Mrs. Robert Barjenbruch, program speaker at Excelsior Club, discussed the life and work of a contemporary Navajo artist, R.C. Gorman.

Members met Wednesday afternoon at the Heritage Room.

Miss Dorothy Robertson and Miss Hattie D. Wells shared hostess duties for Mrs. Russell Yates.

An artist of many firsts, the speaker said that Gorman was the first artist to be given a one-man exhibition at the Museum of American Indian Art-Heye Foundation in New York City, and of Navajo Ceremonial Art in Santa Fe. He is one of the few Indian artists whose work is in the permanent collection of the Metropolitan Museum of Art in New York City. The New York Times has called him the "Picasso of Indian Artists."

Mrs. Barjenbruch traced Gorman's life on the Navajo Reservation at Chinle, Arizona, where several generations of his family were artists and silversmiths, through his years as a scholarship student at the Mexico City College, now the University of the Americas.

"Here he was exposed to the emotional art which came out of the Mexican Revolution, an art rooted in Indian experience. Mexican artists such as Orozco, Siquieros, and Rivera had a definite impact on him. It was from this experience and his Navajo heritage that he developed his own expression," the speaker said.

Gorman now works in Taos, where his Navajo Gallery and home are in a charming old house on Ledoux Street, a block from the Plaza.

Other Editors Say . . .

Double Standard

If you think the old double standard is dead, think again! It is alive and well and kicking women in the teeth. Take, for example, these recent incidents gleaned from newspapers:

- The Mayor of one of the biggest cities in the United States is a woman. She is handling a complicated government and one of the most powerful political machines in the nation's history. The big news item about her? Her husband responded to a question from the press by saying "She has a sweet ass on her." If the wife of the mayor of New York was stupid enough to make such a remark, would it ever see the light of day in a respected news magazine?

- Statistics for 1980: the fastest growing crimes in America are child abuse, rape and wife-beating, all essentially crimes against women.

- Homes and ranches for abandoned, troubled boys, many of whom have committed criminal acts, are favorite charities for most people. Homes for unwed mothers and delinquent girls are continually in financial trouble. The director of one such home comments: "People tend to look at these girls as wayward; even other women are not sympathetic."

- Girls can be arrested for the crime of being a woman. Example: parents can tell authorities that their daughter is promiscuous, and she can be placed in a juvenile facility. Promiscuous boys are not considered criminals, after all, "boys will be boys."

- The state government begins thinking of ways to cut money from the budget. The first project to go...shelters for battered wives and their children.

- A woman calls the police in our neighboring big city. "My husband is beating me," she screams. "I am terrified of him." Their reply? "Sorry, our hands are tied." A few days later they are called to the same apartment, this time to investigate the murder of the woman.

- According to Psychology Today, tight jeans and see-through blouses on a girl are a clear "come-on". Tight jeans and see-through shirts on boys are considered fashionable.

- The rape seminars tell women that if they resist rape, they run the risk of being killed. If they don't resist, they will be accused of inviting the attack. According to "In My Corner", a column by Frances Lowe in the Lubbock Avalanche Journal, a police sergeant remarked, "There's really not much a woman can do. It's not really such a bad thing to have happen to you..." The sergeant is a man.

- A woman in a big city returns to her home after taking her children to school. A man follows her home, rapes her repeatedly, threatening to kill her. She and her husband require psychiatric counselling for years.

- A man, accused of rape, is brought before a judge. The man says, "She was wearing shorts, she was just asking for it." The judge is sympathetic.

Our culture has a long way to go, to dig out of the hole of sexual prejudice that we have burrowed in. It would be comforting to me if I could say that all this was caused by men, but women must share the blame for some of these attitudes. Those of us who have been lucky, who had fathers who protected us and husbands who loved us, have looked with disdain and sometimes disgust at our less fortunate sisters.

We have allowed the attitude to prevail that the battered wife, the raped woman, the sexually abused girl, the prostitute on the street, somehow deserves what she gets. By allowing our sons and daughters to believe these polluted ideas, we have prolonged the misery of countless women.

The change in attitudes must begin with us...now.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—One month after opening day of the new Legislature, bill action is rapid in the Senate and practically nil in the House . . . all because of a new tactic not seen at the Capitol since the 1930s.

The House has prevented itself from voting on any bills (other than emergency bills designated by the Governor) by refusing to lift a Constitutional provision which previous Legislatures lifted as a matter of tradition.

It is a confusing and complex strategy which has left many lawmakers and on-lookers scratching their heads.

Four-Fifths Rule

The Texas Constitution provides that the first 30 days of the session shall be devoted to the introduction of bills and the next 30 days devoted to committee hearings. Except for the governor's emergency bills, the Legislature is constitutionally prohibited from voting on any bill during the first 60 days of the session.

The kicker is this: the Constitution allows either house to override the above provisions by "an affirmative vote of four-fifths of its membership."

In every Legislature since the '30s, the members have mustered the necessary 120 "ayes" to allow them to begin voting immediately . . . but not this time.

Reform-Minded Session?

This session a small group of Democrats and Republicans banded together on the second day of the session to keep the Constitutional provision intact. The press immediately tagged the group "The Terrible Termites," after a lobbyist complained they were gnawing away at

Speaker Bill Clayton's power.

Since only 31 members are needed to keep up the strategy, it is most likely that the House will not fall into its regular rhythm until after the first 60 days. Reminiscent of the old "Dirty Thirty" days, a dissident minority is, at least for now, controlling House action.

Ramifications of the strategy are many, and probably includes some twists which the Termites did not foresee.

Clayton Stalled

The primary intent was to stall House Speaker Clayton, who in his previous three terms as gavel-wielder has steered his favorite legislation to early passage. By delaying the appointment of committee chairman for three weeks, Clayton had played on desire for those political plums to muster votes for his issues. This session Clayton named committee chairmen a week earlier than previous sessions, but his issues are still pending.

And that's all he's getting for now. However, when the 60-day deadline rolls around, Clayton will be back in control of bill action in the House . . . and friend and foe alike will concede that the Speaker's knowledge of procedure is probably as vast as any legislator who has ever served in that chamber.

Clements Rolls On

The man who is taking advantage of the Termites' ploy is wily Bill Clements, the governor who wants to turn Texas government farther to the right.

By simply declaring a bill "an emergency," Clements can authorize any bill for

early consideration in the House. Until the 60-day deadline, Clements is the first gatekeeper for House bill action and it has enhanced his position. Legislators seeking immediate action on their pet projects must curry favor from the Governor, who is hardly known as a soft touch. While it is not absolute or permanent, this special leverage for Clements is definitely to his advantage.

Rock, Hard Place

The second gatekeeper is still Clayton, but the Termites have put him between a rock and a hard place. If they persist in their stalling action, Clayton is weakened in his dealing with Clements. Yet the Termites are unlikely to give up their ploy unless Clayton deals over certain concessions to them, not his wont.

Clayton is a conservative Democrat, and despite the recent Brilab woes, he is given good odds to continue his political career. A courageous, intelligent man, Clayton may well stand now at the cross-roads of his political life.

He is the epitome of the conservative Democrat in Texas, which may be a dying breed if the state continues to polarize politically. As the Republicans and moderate-liberal Democrats grow in strength, Clayton's middle ground may be eroding from under him. If he is to run for higher office, Clayton could conceivably switch political parties beginning this session with concessions to the Republicans. He is already accused of getting along too well with the GOP.

Friends close to Clayton believe he is too loyal a Democrat to change, and his political footsie games with Republicans stems from a genuine concern to help all Texans. But can Clayton make peace with the liberal faction, led by Rep. John Bryant of Dallas, which has offered him only headaches?

The burden is not just on his shoulders. Clayton is a wealthy man who could retire with pride for his political accomplishments, if so chosen. His nemesis faction must realize a new flexibility on their part: the voters have spoken for a new conservatism, hardly a passing political trend.

History will run its course, and men like Clayton, Clements and Bryant will act as they think best. The drama will be interesting as it unfolds in the coming months.

WASHINGTON -- Here's how area members of Congress were recorded on major roll call votes between Jan. 29 and Feb. 5.
HOUSE

THE NATIONAL DEBT

By a vote of 305 for and 104 against, the House passed and sent to the Senate a bill (HR 1553) raising the national debt ceiling from \$935.1 billion to \$985 billion. The bill enables the government to pay its current bills but does not hike spending levels. In past years, Republicans generally voted against raising the debt limit and Democrats generally supported an increase. This year, scores of members in both parties reversed their past positions.

Members voting "yea" favored a \$50 billion increase in the debt ceiling.

Reps. Charles Wilson, D-2, Phil Gramm, D-6, Bill Archer, R-7, Jake Pickle, D-10, James Wright, D-12, Jack Hightower, D-13, Richard White, D-16, Charles Stenholm, D-17, Kent Hance, D-19, Henry Gonzalez, D-20, Tom Loeffler, R-21, and Martin Frost,

D-24, voted "yea."

Reps. Samuel Hall, D-1, James Collins, R-3, Ralph Hall, D-4, Jim Mattox, D-5, Jack Fields, R-8, Jack Brooks, D-9, J. Marvin Leath, D-11, William P. Garza, D-15, Ron Paul, R-22, and Abraham Kazen, D-23, voted "nay."

Rep. Mickey Leland, D-18, did not vote.

SENATE

LABOR SECRETARY By a vote of 80 for and 17 against, the Senate confirmed President Reagan's nomination of Raymond Donovan, of New Jersey, as Secretary of Labor in the new administration.

Sens. Lloyd Bentsen, D, and John Tower, R, voted "yea."

a thought

FROM HIS WORD . . .

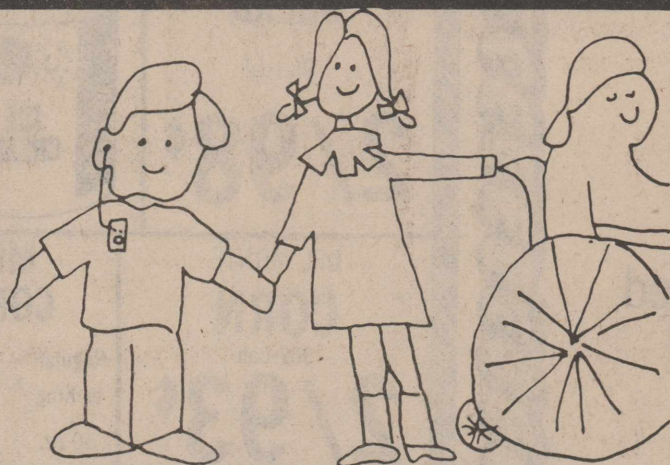

(Part III)

The only real solution to the problems between husband and wife are of the most basic nature. Men and women have simply violated the basic law of marriage designed by God in the Garden of Eden. This law states that man is to leave his mother and father and become "one flesh" with his wife. (Gen. 2:24)

When we, men and women do not care nor feel the happiness and pain of our mate during the course of the day we are not one flesh. How can you tickle or hurt yourself and be unaware of what is happening to your flesh? Can we take half of our body and destroy it, and then continue to be complete in every aspect of life just as before?

The popular concept of "doing your own thing", the "me generation", the simple "I and me" speech of today reflects the selfish nature of man in his ungodly or self-centered state. Only by complete submission to Jesus Christ can a person come to enjoy the salvation and power in God's love. (Mt. 11:27; 1 John 2:15-17) Without submission to Jesus our vision will always be locked on us as our center of life. (Mt. 10:39)

How do we overcome this self-centered life style that distorts our lives and homes? By becoming Christ centered, for in Christ we become new creatures and in His control "all things become new" and we can care for one another, not out of selfish gain, but with love, as Christ directed. (2 Cor. 5:17; 1 John 3:8-21)

THE LIGHT TOUCH
by Ed and Norma Hale
The best rule when driving through five o'clock traffic is to keep from becoming part of the six o'clock news.

Maybe the reason some kids like to go to monster movies is that they want to be with their own kind.

Exhilaration is that feeling you get just after a great idea hits and before you realize what's wrong with it.

Father to another: "My son has a color TV, a stereo, a radio, and a phone in his room. When I want to punish him, I have to send him to MY room."

We sure miss the old-fashioned Valentine-the one you could buy for a dime and mail for a nickel.

We're all heart at Norma's Phillip 66 on Highway 83. See us for old fashion care and top notch repairs.

ROCKET-CLARENDON

Wellington and Clarendon boys met on the Broncho court Friday, Feb. 6, with all the fire and flourish that these meetings generate.

With 49 seconds left in the game, Rocket Calvin Culpepper and Broncho Alton Gaines got into a scuffle on a jump ball and both were ejected from the game. Wade Williams replaced Culpepper. Fouls were called on both teams, with Wellington ahead one point, 47-46. Williams missed the front end of his one and one, then Darrell Thomas made two shots, with one of them good to advance the Rocket score to 48-46. Broncho Brad Thompson tied the score on a two-shot foul. Wellington got the tip on the mid-court jump and ran the clock down to 10 seconds. Rand Johnson took a good shot, missed and Lennie Archie got the rebound and put the ball in with 7 seconds left. Clarendon had the ball at full court with Wellington

ason and Thompson 3 each and Silvia Hunnicutt 2. C: Vanessa Calloway 16.

JR. HLGIRLS-WHEELER

Wellington 8th grade girls defeated Wheeler Junior High by two points, 27-25, in overtime play Thursday, Feb. 5, in Skyrocket Gym.

Wellington girls were behind late in regulation play, but came back to tie the game as time ran out.

"This is the third game we have played into overtime, said Coach Dale Morris. We were a little more poised in overtime and I think that is why we won."

Wheeler 5 14 20 25 25
Wellington 10 14 20 25 27
W: Margie Ingram and Sandra Culpepper 8 each, Traci Hunnicutt 7, Tina Bawcom and Erma Barber 2 each. Wh: Shawna Hampton 17.

There was no 7th grade girls team, as Wheeler has only enough girls for one junior high team.

ROCKETTES-CLDN.

Action in the last minute of the game gave Wellington Rockettes a two point victory over Clarendon Girls Friday, Feb. 6 in Broncho Gym.

With 5 minutes to go, Wellington had a 5 point lead, which Bronchoettes cut to three then to one. Melanie Pendleton made a one and one free throw to return Wellington's lead to 3 again.

With 58 seconds to go, Clarendon cut the Rockette lead to one point.

Mary Sue Thompson was fouled with 5 seconds left and made the first of a one and one situation but missed the second, which a lane violation would have nullified anyway. Wellington led by two.

With Clarendon going for an inbound pass, Mary Sue intercepted and the clock ran out.

Purchase of Items by PTA Recommended

A selection committee has recommended to the Samnorwood Parent-Teacher Association the purchase of a number of small items with funds left over from its major school project.

These include an electric sander for the vocational agriculture department; sewing machine for the Home Ec Department; paper cutter, repair of playground equipment and purchase of some new equipment for the grade school, and two step-stools for the home ec kitchen.

The PTA's major project was the purchase of chairs for the gymnasium foyer. Money was raised by sponsoring the annual Halloween carnival.

College Honors Eunice Pickering

Eunice (Mrs. James O.) Pickering of Tinton Falls, N.J., daughter of the late Mrs. Annie Bird of Wellington, recently received the Ninth Annual Outstanding Christian Service Award from Northeastern Christian Junior College, Villanova, Pa. This recognition is presented to an individual who has been "dedicated to Christian service in the Northeast part of the United States."

"A great spirit of Christian service to other people and to Christian causes has spanned her lifetime," stated Larry Roberts, president of Northeastern Christian Junior College in presenting the award to Mrs. Pickering.

Mrs. Pickering serves on the Board of Trustees of the college, and has been actively involved in many aspects of the college. She was instrumental in the establishment of a chapter of the Northeastern College Women's Auxiliary in Monmouth County, N.J. in 1958, a year prior to the college's opening.

Mrs. Pickering, who describes herself as a "helper," and who lists "people" as her hobby, credits her mother, Mrs. Annie Bird, for having influenced her toward a life of service.

"She was the kind of person who continually did things for others. She would send me to take a cake

where there had been a death, or to take a quilt to someone whose house had burned," she reminisces.

Mrs. Pickering, a founding member of the Church of Christ in Tinton Falls, has worked actively in the establishment of Christian camps, children's homes, and numerous other Christian works in the New Jersey, Pennsylvania, New York area. She serves on the Board of Trustees of Camp Shiloh, a Christian camp for disadvantaged youth located in Woodbridge, N.Y., and on the Board of Camp Manatawny in Douglassville, Pa. She also taught at Camp Shiloh for several summers.

Another of her interests has been the International Mission, a Christian outreach to internationals in New York City. Mrs. Pickering has taught English there to foreign business people and students for a number of years.

The Pickering home has been a "home away from home" for many people. She has been particularly sensitive to the needs of foster children, and has cared for several in her home.

Her hospitality has been extended also to the G.I.'s from nearby Fort Monmouth, and to foreigners, many of whom she has met through the International Mission. She recently hosted a birthday party for one of her Egyptian students at which 14 countries were represented. At another time, two Vietnamese boys were guests in her home for a year.

Mrs. Pickering can relate many follow-up stories about her involvements. A few months ago, she was pleased to meet the vice president of a Chilean shipping line, who had been shipping 25-35 boxes of

The Pickeringings have lived in Tinton Falls since 1940. Mr. Pickering is an electronic engineer at Fort Monmouth. Mrs. Pickering retired last June from a 30-year teaching career in Tinton Falls.

Sarpalious Proposal Funds County Roads

Austin--A bill co-sponsored by Bill Sarpalious which would mean additional money for the counties of the Texas Panhandle passed the Senate today. Senate Bill 151 will allow the distribution of idle road building funds to counties.

This bill is supported by the Collingsworth County Commissioners Court, as well as by courts in other Panhandle counties. Judge Bob Watson was in Austin about 10 days ago in its behalf.

The money, which will amount to \$7.3 million for all 254 counties each year, has been left in the lateral road fund since the Board of County and District Road Indebtedness was abolished in 1979.

The board was created in 1932 to help counties raise money to build roads. The board was also empowered to distribute the money in the lateral road fund to the counties based on a statutory formula.

Sarpalious explained the reason for the new legislation. "There are two main reasons for this bill. One is that the money now is sitting idle because there is no authorization for the distribution of it. The other is that while the state highway fund has a permanent escalator clause built into it, county road funds have no such protection at the state level."

Distribution of the fund,

according to Sarpalious, will be based on a combination of three factors: one-fifth on the basis of county area, two-fifths on the basis of rural population, and two-fifths on county road mileage.

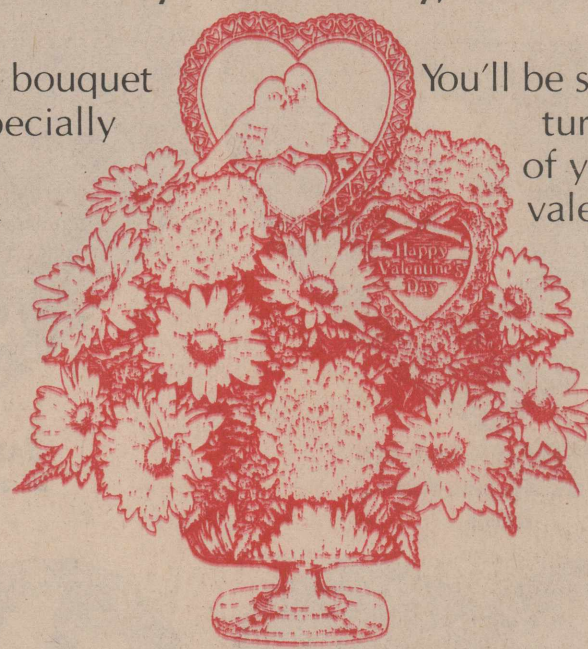

"The 26 counties in our district should fare well under this distribution system, because we have counties with large areas and substantial rural population," he said. Sarpalious also was quick to point out that this bill would not result in any new taxes, because the money comes from the state gasoline tax that the state has been collecting for decades.

Additionally, SB 151 appropriates all the money which has accumulated in the lateral road fund since the last distribution and the \$7.3 million to be allocated to the fund for fiscal year 1982. Thus the total amount to be distributed, according to the formula, for the fiscal year 1981 will be in excess of \$20 million for all 254 counties.

"Many people don't realize that 51 percent of the roads in this state are supported by county governments. These county roads are very important to everyone in the state, but are particularly important to the people in the Panhandle and the South Plains. We have a large rural population, with a lot of agricultural and oil and gas activity," Sarpalious said.
