Churchmen's Arrest Is Protested By U.S.

Bulgarian Protestant Leaders Face Trial Friday On Espionage Charges

(By The Associated Press)

THE United States formally protested Wednesday against Communist Bulgaria's arrest of 15 Protestant churchmen as blatant terrorism and declared the spy charges against them were "unfounded and ludicrous." Bulgaria promptly rejected the protest.

Church organizations also condemned the Bulgarian move even as the Sofia regime built up its case for the trial Friday.

A 55-page booklet was issued in Sofia, containing purported depositions of the 15, accused of treason, espionage and black market money dealings involving Britons and Americans.

Campaign Underway

"Religion happened to be a cloak for their criminal activities," said the booklet, printed in French and English. "The 15 men were caught red-handed."

It was part of a trend in iron curtain countries which western church officials in Geneva, a European listening post, said was moving with the precision of a timetable. They suggested the pattern was so planned and executed it appeared to have been dictated by a central authority, possibly the Cominform. Hungary's swift arrest and trial of Josef Cardinal Mindszenty, the Roman Catholic primate, was cited.

The British Council of Churches said a secret order had been issued by Communist headquarters in Bulgaria for a campaign against the Evangelical churches there. The churches include the Baptist, Methodist, Congregation and Pentecost.

U. S. Reserves Rights

The council said pastors and priests were forced by threats to join the Communist party; that 30 or 40 were arrested in 1948 and 15 were tried; that pastors' families were tormented.

The joint committee of religious liberty, representing the council and the conference of British missionary societies, adopted a resolution saying it "views with profound concern the denial of full religious liberty in Hungary, Bulgaria and other parts of southeast Europe."

The American note, delivered in Sofia by Charge D'Affaires Sidney E. Donoghue, said the U.S. government "reserves its rights under the treaty of peace with Bulgaria and requests that facilities be made available for representatives of the United States legation to attend the trial."

Israel, Egypt Set Armistice

(By The Associated Press)

RHODES, Feb. 23 — Egypt and Israel agreed today to sign an armistice tomorrow and other Arab states quickly started falling in line.

Iraq formerly notified Palestine Mediator Ralph Bunche she would accept agreements reached by Arab states which are "neighbors of Palestine." These are Egypt, Syria, Lebanon and Trans-Jordan.

Saudi Arabia informed the UN officer it has no independent front with Israel and does not need an armistice.

Bunche announced armistice talks between Israel and Trans-Jordan will start here Monday.

Signing Ceremony Set

It was officially announced the Israelis and Egyptians will sign the historic agreement here at 10:30 a. m. (2:30 a. m. CST) tomorrow.

The solemn ceremony of signature will clear the way for peace talks between Israel and the rest of the Arab world with which she has been at war.

Dr. Ralph J. Bunche, the United Nations mediator, said Israel next will open peace talks Monday with the Arab kingdom of Trans-Jordan, her eastern neighbor.

Fifty persons who have figured in the armistice meetings arranged a banquet tonight to celebrate their success and demonstrate mutual goodwill.

Egypt Delivers Acceptance

The Egyptian delegation, led by Col. Mohamed Ibrahim Seif Eddin, flew back to Rhodes today with Cairo's acceptance. Egypt asked for only one change in the terms, and got it promptly—extension of the time for withdrawal of troops from demilitarized zones of the Negev desert. Four weeks will be allowed, instead of the two weeks originally proposed.

Promptly, then, came the official announcement of the acceptance.

Walter Eytan, director - general of Israel's foreign office, described the armistice agreement with Egypt as an instrument "useful and honorable to both countries." He gave principal credit to Bunche for having brought the talks to success. He said Bunche had "inexhaustible patience and almost superhuman capacity for hard work."

The Jewish state which was forged out of the Palestine war has won most of the barren Negev desert. This includes broad Negev acreages seized by force of arms in addition to the portions which

Solons Approve Chiropractic Bill

AUSTIN, Feb. 23. (AP)—The Senate Health committee met tonight and quickly approved a bill setting up a board to examine and license chiropractors.

"This is what we've been wanting," said Dr. Walter H. Fischer of Temple, legislative representative of the Chiropractic Public Health committee of Texas.

Senator W. A. Shofner, Temple, was the only committee member opposed to the bill.

Legislation Unopposed

No one appeared in opposition tonight. Dr. J. B. Copeland, chairman of the State Medical association council on legislation, made a brief speech in which he said the doctors of Texas are not opposing the legalizing of the chiropractic profession."

He continued: "We have stated time and again, so long as we are assured that the health of the people of Texas will be protected by passage of the minimum standards bill, we do not, in any way, shape, or form oppose the licensing of chiropractors."

A similar bill was passed by the legislature several sessions ago but the court of criminal appeals invalidated it.

Lamesa Officials Reject Bid For Increase In Phone Rates

LAMESA, Feb. 23 (Special) — A request from Southwestern Associated Telephone company for an increase in telephone rates for Lamesa was rejected by the City council in a meeting here last night.

The telephone company asked for increases of one and two-thirds cents to two and one-half cents per day for residence service, and increases up to five cents per day for business phones.

Mills Roberts, telephone company representative, pointed out that the request was a result of increasing costs of furnishing service and the rapid growth in number of telephones used in the city.

Bill To Be Completed Behind Closed Doors

Labor Bill Hearings End On Fiery Note

(By The Associated Press)

WASHINGTON, Feb. 23 — The Senate Labor committee's tumultous public hearings on the Truman labor bill came to an end today on the same note of discord which had prevailed from the start of the sessions.

The next step is for the committee to hold a series of meetings behind closed doors to decide whether the bill will go to the Senate floor as drafted, or whether some changes should be made. Those will start tomorrow and go on for several days.

The bill would repeal the Taft-Hartley law and replace it with a modified Wagner act.

Taft Pounds Table

The final flare-up at the public hearings was between Senator Taft (R-Ohio), leader of the anti-repeal forces, and William Leiserson, a labor-management arbitrator and a former member of the National Labor Relations board.

Leiserson told the committee the Taft-Hartley law is "just no good" and heads "toward government dictation."

Taft, who got around to pounding the table with his fist before he finished, retorted that Leiserson was making "an utter misrepresentation of the intention or the effect" of the law.

Rows Mark Hearings

The hearings started Jan. 31 and have been marked by row after row.

The administration bill, sponsored by Senator Elbert D. Thomas (D-Utah), the committee chairman, would repeal the Taft-Hartley and substitute a modified Wagner act.

Among other things, repeal of the T-H law would scrap the 80-day injunction against "national emergency" strikes; knock out the ban on closed shops; and would put the conciliation service back under the Labor department. The

Skull, Crossbones Label On Liquor In Iowa Is Proposed

DES MOINES, Feb. 23 (AP) —A bill to require that all liquor sold in Iowa be labeled with a skull and crossbones and marked "poison" was introduced in the state legislature today.

The measure is labeled "an act to protect the youth of the state of Iowa against the use of liquor."

One section of the bill also would require liquor labels to carry the words:

"Antidote: Pour contents of this bottle in the sewer and place bottle in ash can."

Filibuster Fight Looms In Senate

WASHINGTON, Feb. 23. (INS)—Sen. Russell (D-Ga) indicated today that southern Democratic senators will try to block President Truman's "fair deal" program if the administration tries to force a rule gagging filibusters through the upper chamber.

Russell, leader of the southern Democratic bloc that is fighting to retain unlimited Senate debate as a weapon against the President's civil rights program, said his group will hold a strategy meeting tomorrow. Russell declared:

"It is wholly possible we will be involved in a fight that could bring about delays in legislation on which most Democrats are in agreement.

Way Is Cleared

"It could cause complications which might defeat worthwhile legislation."

Russell made his statement several hours after northern Democrats won an apparent victory in a two-hour caucus which decided to clear the way to call up the rule to gag filibusters on Monday.

Senate Democratic leader Scott Lucas, Ill., announced that the reciprocal trade extension bill, being rushed through the finance committee, would not be ready Monday. This cleared the track for the gag measure, loaded with political dynamite.

3,000 Demos Slated To Hear HST Talk

WASHINGTON, Feb. 23. (INS)—More than 3,000 Democrats will hear President Truman and other party leaders at two $100-a-plate Jefferson-Jackson victory dinners in Washington tomorrow night.

Mr. Truman's address at the Mayflower and Statler hotels will be carried to the entire country over a nationwide radio hookup and television broadcasts as far west as St. Louis.

The President's speech at the Mayflower will be preceded by a brief broadcast talk by Vice President Barkley in San Francisco.

North Atlantic Nations Ready To Okay Pact

Wallace Fears 30-Years War

By H. K. REYNOLDS
INS Staff Correspondent

WASHINGTON, Feb. 23—Henry A. Wallace predicted today the United States and Russia will collide in a "30 years war" unless President Truman and Generalissimo Stalin "negotiate" peace to end the "cold war."

The defeated "progressive" presidential candidate testified before the House Foreign Affairs committee, with whose members he clashed heatedly. The Committee is holding hearings on legislation to provide $5,580,000,000 to extend the Marshall plan, which Wallace branded a "failure."

Wallace said he saw "no immediate prospect of war." He added, however:

Atlantic Pact Assailed

"But if we continue weakening the structure of the United Nations through unilateral action, such as the European recovery program, war someday will be inevitable. That will be sometime in the future."

Wallace assailed the projected North Atlantic defense pact, linking the U.S. and Canada with western Europe against aggression as "the bankruptcy of American statesmanship" and at worst "a deliberate incitement to war."

He forecast that it will cost the U.S. from $20 to $30 billion to carry out the pact and said that this, added to Marshall plan aid, will bankrupt America and western Europe.

Wallace Urges Changes

Committee Chairman Bloom (D-NY) asked the former vice president whether he prefers the American or the Communist form of government.

Wallace answered:

"I am living here in the United States and I'm not going to try to overthrow the government . . . but if we want our form of government to continue we'll have to make a lot of changes in our reactionary methods."

Rep. Jackson (R-Calif) told Wallace he was using the committee as "a sounding board for the greatest aggression since Kubla Khan."

Wallace testified before fewer than half the members of the committee and only about 50 spectators were permitted in the hearing room, from which Bloom banned photographers.

It was Wallace's first official ap-

Plan To Permit Greater Use Of Foreign Counter-Spies Okayed

By EARLE MARCKRES

WASHINGTON, Feb. 23 —The House Armed Services committee today agreed to waive immigration quotas to permit greater use of alien agents in worldwide counter - intelligence operations.

The committee also approved legislation for a U. S.-Canadian "radar fence" and for construction of a 3,000-mile range for testing guided missiles.

The bill sent to the floor of the House would permit the Central Intelligence agency, clearing house for secret information, to obtain visas for 100 aliens a year regardless of quotas.

The committee specified that the visas should be issued for aliens and their families whose residence in the United States "is in the interest of the national security or essential to the furtherance of the national intelligence mission."

Measures to modernize U. S. defenses included in the bill were:

Death Sounds Horn After Car Plunges Into Icy River

By ED YOUNG
INS Special Correspondent

SOUTH BEND, Ind., Feb. 23—A small coupe swerved off South Bend's North Shore drive late today and plunged into the icy waters of the St. Joseph river near the Sample Street bridge.

On the bridge two youths, Marvin Edwards, 15, and Cecil Boyer, 14, watched the swift current carry the car downstream. As the automobile bobbed in the water they saw a woman trying desperately to hammer out a window.

Family, Car Missing

Some six blocks from the bridge Eli Vintilla, 34, a truck driver waited for his wife to pick him up in their car and drive him home. She didn't appear and Vintella started walking toward his home.

The Sample Street bridge was on his route as he approached the span he noticed the crowd, numbering about 3,000, which had gathered.

Drawn by curiosity he viewed the scene where the car had plunged down an embankment into the water. His heart leaped as he noticed the tire tracks and realized they resembled those of his car.

Quickly he covered the remaining blocks to his house. His wife and daughter weren't there. The car was gone.

Recognizes License

Fighting against mounting fear, Vintilla retraced his steps to the bridge. Darkness had fallen. The fire department had illuminated the scene with huge searchlights and policemen were trying to attach a towline to the car which had been located in about 25 feet of water.

The police succeeded and suddenly part of the car broke the surface of the chilly waters. Vintilla cried out. He recognized three of the license numbers as those of his car. Sympathetic sheriff's deputies walked the hysterical husband and father to a police car.

The police began pulling the car from the water. A

Group Agrees On Housing Program

WASHINGTON, Feb. 23. (INS)—A Senate Banking subcommittee, headed by Sen. Sparkman, (D-Ala.) agreed today on a compromise housing bill calling for a six-year program to erect 810,000 dwelling units.

The compromise legislation, which goes to the full banking committee, would provide for average construction of 135,000 units yearly. It would permit the President, however, to lower the target to 50,000 or boost it to a quarter-of-a-million in any one year.

Middle Course Followed

The legislation follows a middle course between the administration's seven-year, one million-unit bill and the Republican-sponsored measure for a six-year program totalling 600,000 units.

Capitol observers said the legislation is certain to stir up heated controversy in the full committee, where Sen. Bricker (R-Ohio) has served notice he will offer an amendment to ban segregation in public housing projects.

Southern Democrats are regarded as certain to assail the Bricker proposal, and there have been suggestions they may even seek to stymie the whole housing program rather than accept an anti-segregation amendment.

Bricker will insist that persons receiving $1,500 or more a year be prohibited from occupying the

West Military Heads Boycott Red Party

BERLIN, Feb. 23. (AP)—Western military commanders extended their diplomatic deep freeze treatment Wednesday night to a big Red army day party in this focal point of East-West differences.

The Russians and their satellites keyed celebrations of the 31st anniversary of the founding of the Soviet armed forces to attacks on the United States and what they called "Anglo-American imperialists."

Soviet Marshal Vassily D. Sokovlosky extended invitations for the Berlin party to the American, British and French commanders in Germany, who once sat with him on the four-power Allied Control authority.

None of the western commanders—U.S. Gen. Lucius D. Clay, British Gen. Sir Brian Robertson and French Lt. Gen. Joseph Pierre Koenig—accepted personally. Instead they assigned the heads of the three military missions stationed at the Soviet headquarters in Karlshorst to go to the party as their sole representatives.

Hundreds of Soviet troops, many of them looking no older than 16, marched in relays through the Brandenburg gate in Berlin to the stone and marble Soviet war memorial just inside the British sector. They placed flowers on the memorial.

Few Germans paused to watch. Airlift planes supplying Berlin over the Soviet blockade roared constantly overhead.

HST Reported Planning 13-Day Florida Vacation Early In March

WASHINGTON, Feb. 23 (INS)—The White House announced today that President Truman will go to Florida for a vacation early in March.

Mr. Truman plans to spend 13 days at the U. S. submarine base at Key West.

The President plans to leave Washington Sunday, March 6, and fly to Key West. He intends to return to the White House March 19.

While in Florida, Mr. Truman will spend one day at Winter Park, where he will receive an honorary degree from Rollins college.

The President will fly to Winter Park, attend exercises in the middle of the day and make an extemporaneous speech.

STREAMS BLOCK SOME ROADS

Ranges In Del Rio Area Soaked By Heavy Rains

(By The Associated Press)

RANCHERS of the Del Rio area wore million dollar smiles Wednesday as they sloshed around well-soaked ranges.

A 30-hour steady rain was the reason.

In one instance the fall measured ten inches, causing a number of streams to overflow and block highways, but it was generally agreed that benefits from the moisture would far outweigh any damage and inconvenience. Streams were receding Thursday night.

Del Rio Area Soaked

The rain that started early Tuesday, let up at 11 a. m., but not until it had satisfied the thirst of a large area of Southwest Texas.

The heaviest rain was at Quemado, just south of Del Rio.

In Del Rio, where the average February fall is only .54 of an inch, 5.2 inches fell. This totals more than a fourth of Del Rio's average yearly precipitation.

San Felipe creek that winds through a section of Del Rio left its banks. It quickly receded, however, after inundating a part of the golf course.

Devil's river, near Del Rio, went on a five-foot rampage, but did little damage.

Highway 90 was blocked when Sycamore creek, east of Del Rio, overflowed a temporary crossing. The bridge over the stream previously had been washed away.

Streams On Rise

The Rio Grande at Del Rio climbed to nine feet, six feet below floodstage.

Six inches fell at Camp Wood, in Real county, causing the Nueces river to go an 12-foot rise at Vance.

Other points reporting heavy rains were Rocksprings four inches, Eagle Pass 2.71, Sonora 2, Junction 1.19, Bracketville 5, Spofford 2.5 and Garden City .50.

The rain extended past San Angelo where more than 1.29 inches fell in a 24-hour period, ending at 6 p. m. Wednesday.

A number of highways were blocked for a while around Del

South Plains continued to bask in springlike weather Wednesday, and more balmy weather was forecast for today and Friday.

The mercury swung between a morning low of 42 degrees and a high of 66 degrees yesterday and the Weather station north of Lubbock last night said that readings would be the same today. Friday likewise will be warm.

Light fog and drizzle is predicted for this morning, but the weatherman said this weather condition probably would give way by mid-morning. Only a trace of moisture was registered by Wednesday morning's drizzle.

TRUMAN'S LANGUAGE PROTESTED

Vaughan, HST's Military Aide, Presented Mexican Decoration

(By International News Service)

WASHINGTON, Feb. 23—Maj. Gen. Harry H. Vaughan received the Mexican Order of Merit today in the wake of President Truman's vehement warning that no "S. O. B." would force him to oust his aide for receiving medals.

The President's military aide was one of several high-ranking Army, Navy and Air Force officers who received the decoration in ceremonies at the Mexican embassy.

The Mexican award, however, probably will not be subject to the criticism which columnist Drew Pearson and others levelled at Vaughan for accepting a decoration from the "dictatorship" of Argentina.

HST Speaks Bluntly

President Truman's remarks were made last night at a dinner honoring Vaughan. After other speakers had referred to Pearson's attacks on the military aide, the President praised his White House associates, including Vaughan, and said:

Conference Is Set Thursday

By JOHN A. REICHMANN
INS Staff Correspondent

WASHINGTON, Feb. 23.—The United States, Canada and five western European nations are ready to approve finally the draft of the North Atlantic Security pact committing each government to furnish military aid to any member attacked.

This was learned today as ambassadors of the foreign powers concerned were scheduled to meet Thursday with Secretary of State Dean Acheson for a conference on the pact's final wording. A heavy cold which confined Acheson to his home could delay the meeting.

All parties have agreed that the final document will in no way usurp the constitutional bestowal upon Congress of the right to decide whether the United States goes to war.

Publication Planned

The envoys of Britain, Canada, France, the Netherlands, Belgium and Luxembourg now have received final instructions from their home governments regarding modifications of the draft. These were suggested by Acheson following a three-hour secret session with the Senate Foreign Relations committee last Friday.

At Thursday's meeting the ambassadors will be accompanied by the technical experts who have been doing the groundwork on the treaty. As a result they will be in a position to approve the final wording.

As soon thereafter as possible, Acheson plans to return to the capitol for another consultation with the Senate committee members. Plans call for publication of the text shortly thereafter.

Public Discussion Seen

A period of two or three weeks will be allowed following publication for public discussion of the agreement. Then the foreign ministers of the seven powers involved are expected to meet and formally affix their signatures.

The documents then will be transmitted to the home governments for ratification. The U. S. Senate must approve by a two-thirds majority.

At the final meeting it was believed likely that the foreign ministers of the big three powers—United States, Britain and France—will discuss outstanding prob-

Mayor Berates City Career Men

AUSTIN, Feb. 23. (AP)—The mayor of Pasadena told a Senate subcommittee Wednesday night that the civil service bill for firemen and policemen must be made air tight or municipal career men will never put it into full effect.

Mayor Sam Hoover appeared before a sub-group of the state affairs committee in favor of a bill by Senator Kyle Vick of Waco which would make the civil service system mandatory in cities of over 100,000 population. The 50th legislature passed a bill which gave cities the right to set up the system on the vote of the people.

"Any elected mayor or other city official who tells you that this bill will hamstring his city government is either not thinking straight or he is concealing the facts from you," he said.

Mandatory Bill Asked

Hoover said the principal object of opposition is the provision which prohibits the discharge or demotion of a policeman or fireman because of his political activities.

"The only way to clean this thing up is to make this bill mandatory," Hoover said. "The boys who make a lifetime career of running for city offices will never put it into effect if you don't."

Hoover said starting policemen in Pasadena were getting paid $20 more a month than those in Houston.

D. M. Wilson, Waco city attorney, went through the bill pointing out what he termed were defects. Among other points, he asked that the bill be amended to allow a city to give an oral exam as part of a civil service examination and to require a physical ex-

Chambers Obtained Federal Job As Reds Sought Top Information

(Continued From Page One)

munist party. . . ."

At first, Chambers made no accusations that the men were engaged in espionage. "These people were specifically not wanted to act as sources of information," he pointed out to the committee. But their "ultimate objective," he added, was service to the Soviet Union.

The path by which he reached them was devious. A year after he became a member of the Communist party, Chambers was assigned to The Daily Worker. He ran it until 1929, though its nominal editor was Robert Minor.

Chambers left the party briefly in 1929 when, as he put it, Stalin ruled out the "possibility of open argument between two groups of Communists." Before that time, he asserted, there had been a "kind of democracy" within the Communist framework.

But he returned in the early 1930's. By 1932 he was editor of the New Masses. During that same year he was ordered into the Communist underground by Max Bedacht, a member of the Central Committe of the party. There was, of course, no appeal to Bedacht's command.

* * *

HIS first contact in the underground, he told the committee, was a man he knew under the aliases of Mike, Don, and Arthur thereafter, although he had previously known him in the open party as either John Sherman or Robert Mitchell.

Mitchell took him to Grant's Tomb, his story continued, and beckoned him into a large waiting automobile, driven by a Russian Chambers knew as Herbert and as Carl. The Russian questioned him closely about his reasons for leaving the party in 1929, but was satisfied with Chambers' answers.

Two days later Mitchell introduced him to another Russian, whom Chambers thereafter knew as Ulrich and Walter, and Ulrich ordered him to serve as a liaison man between the underground apparatus and Bedacht, who was in the open party.

His main job, however, was the preparation of microfilmed documents for shipment to Russia, and the receipt of the same from abroad. Microfilms going to Russia were concealed in the cardboard and cloth backs of 10-cent store mirrors and passed on to accomplices serving as stewards or seamen on the Hamburg-American and North German Lloyd ships.

When Hitler came into power in Germany, that transmission belt was dissolved. An effort was made to revive it by using employes of the French Line and Lloyd-Triestin, but it failed.

In 1934 a superior known only as Herman ordered Chambers to meet him in Central Park at nine o'clock one night. It was raining. But Herman was more disturbing than the rain. In telling him that he would be reassigned to Washington he spoke of "the great career that lies before you," which Chambers, a Communist, felt was strange talk coming from another Communist. The second point of alarm was that Herman obviously was a drinker, and liquor is absolutely forbidden in the Red underground.

Herman was murdered shortly after that, by two NKVD men assigned to the job by Russian General Berzin, Chambers believes.

* * *

BUT the Washington job for Chambers came through on orders of a man named J. Peters, who was Bedacht's successor. Chambers acted briefly as a courier between Washington and New York, but his job soon became more important. He was detailed to work closely with the "elite group" and receive information from them—for it was felt that it was time the group was used more aggressively, Chambers declared.

I will deal at length with his activities with the group in subsequent articles, but for the benefit of the reader's greater knowledge of Chambers' character it might be useful to relate the man's actions and emotions just before and after he broke with Communism.

Sometime in 1937, two years before the signing of the Hitler-Stalin pact, he became frightened and yearned for greater security for himself, his wife and their baby. He had been using a variety of aliases in his work with the spy ring in Washington, including the name Carl. But now he wanted a positive identity, to help avert the fate of the drunken Herman.

So under the name of J. Vivian Chambers and with the aid, he states, of George Silverman and Irving Kaplan, later named by Elizabeth Bentley as part of her wartime espionage ring, he secured a job with the blessings and apparently the contrivance of the party.

He went to work for a government research bureau 24 hours after being promised a position by Kaplan, to whom he had been sent by Silverman—"a spectacular instance of the ease with which a Communist could at all times slide other Communists into practically any government agency in which they had a foothold," as Chambers put it.

He worked for several months in the government bureau, collecting his Communist salary on the side, but early in 1938 he quit both the job and the party. He gave the party no warning, but just disappeared.

* * *

HE retired to the seclusion of his Maryland farm, slept mainly through the days and sat up at nights with a gun ready, determined to fight for his life if necessary. He made no friends among neighboring farmers. Later that year, pinched for funds, he applied for a job at Time and got it, though he gave the personnel department an account of his past activities. He was assigned to book and movie-reviewing.

Forty-eight hours after the signing of the Hitler-Stalin pact Chambers sought out anti-Communist writer Isaac Don Levine, now editor of Plain Talk. His purpose was two-fold: to inquire into the market for anti-Communist articles (he had approached Levine on that matter earlier) and to enlist Levine's aid in contacting the proper authorities in Washington—to lay before them all he knew of the Communist conspiracy and its workings within the government.

Levine went to Washington in the hope of seeing President Roosevelt, but got only as far as the late Marvin McIntyre, one of the President's executive secretaries. McIntyre heard the story briefly and informed them that the President was too busy to hear him. He turned him over to Asst. Secretary of State A. A. Berle. Nine years later, testifying before the committee, Berle related the events of that evening as best he remembered them.

Probe Was Made

He said that Chambers that night named Alger Hiss. Donald Hiss (now a partner in Secretary of State Dean Acheson's law firm), Nathan Witt and Lee Pressman as a "group of sympathizers who might be of use (to the Communist party) at some later date."

Chambers did not name them as Communists to him, Berle testified, but rather as lobbyists for Russia. But Berle was concerned enough to make inquiries.

"I checked on the two Hiss boys," he told the committee. "Specifically, I checked with Dean Acheson, and later I checked when Acheson became the Assistant Secretary of State and Alger Hiss became his executive assistant. . . . Acheson said that he had known the family and these two boys from childhood and he could vouch for them absolutely.

"I further checked and found that Mr. Justice Frankfurter would give them an exactly similar endorsement. You had, therefore, a chain of endorsements by the man for whom they worked. Schematically, however, I believed that Chambers was telling the truth as he saw it, so I caused the department to establish very close relations with the F.B.I."

Berle went on to say that he later (in 1944) urged a tougher policy with Russia "when our position was strongest" but that he and those who felt as he did were beaten in a State department policy fight by "Mr. Acheson's group, with Mr. Hiss as his principal assistant." Hiss, he added, "did take what we would call today the pro-Russian point of view."

Hiss's pro-Russian point of view was not unusual at that time, however, Berle quickly pointed out. Many, including Army officers who wanted Russian aid in the war against Japan, shared it. He recalled, also, that Chambers made no mention of stolen documents at the time of their meeting. On the whole, he was concerned but perhaps not deeply.

* * *

CHAMBERS returned to New York after the meeting with Berle convinced that he would be called on immediately by F.B.I. men. "I was ready to go the whole way," he told me later. But no one appeared for a considerable period.

I once asked Chambers why he did not continue his anti-Communist crusade at that time and release the "pumpkin papers" he concealed so long. He replied that he did not want to "hurt people. . . destroy human beings" and risk his own neck, especially when it became apparent that nothing would come of his visit to Washington.

The F.B.I. called on him twice after the murder of Gen. Walter Krivitsky, who had broken with the party and, with Levine's aid, had written a number of articles for the Saturday Evening Post. But the government men were not interested in what he had to say about the Washington spy ring. In fact, no one was until the House committee drew from him, slowly but surely, a story which probably still could be embellished.

Pastor Stresses Need For Brotherhood In Speech To Rotarians

Asserting that the great need of the world today is a handclasp of international brotherhood, Dr. H. I. Robinson, pastor of First Methodist church here, told the Rotary club luncheon Wednesday at the Hilton hotel that the personal touch, not preachment, is the salvation of the world.

Speaking in observance of the 44th aniversary of Rotary International, the speaker outlined "three things we ought to do," after observing that most of the world's troubles are caused by the clash of two ideas—nationalism and internationalism.

These were: make up our minds whether to support nationalism or internationalism; see clearly that internationalism does not destroy nationalism, fitting the latter into a world setup; and, make a personal rededication to understanding and good will. He called to attention of club members that their code provides they be ambassadors of good will.

The club joined with 6,700 others in 80 countries of the world where Rotary clubs are active. The organization was founded on Feb. 23, 1905 by Paul P. Harris, Chicago attorney, at whose suggestion a group of friends met to discuss mutual problems and enjoy general fellowship.

It was called Rotary club because the first meetings were held in rotation in the offices of members. It since has spread to all parts of the world.

Three new members were introduced. They were Rabbi Julius Kerman, Geo. A. Heath, and Steve Matthews. Visiting Rotarians included Ray Haggard of Houston, Clements Von Roeder and Bill Ely of Snyder, Lloyd Wicks, sr., of Ralls, Art Chesher, C. O. Stone and Bill Chesher of Littlefield, Mark Allen of Seagraves, Tom Cartwright of Amarillo, Bob Martin of Dalhart, Bob Lewis of Midland, Bill Deardorff of Plainview, and Ray Foley of Dallas.

George Carpenter from the high school, and Marshall Gettys from Texas Tech, expressed appreciation of attending meetings as junior Rotarians for the month.

The speaker was introduced by Morley Jennings, program chairman. Club President Irving L. Jones was in the chair, with invocation by Ishmael Hill.

Pennsylvania Boy Admits Pushing Girl Into Flood-Swollen River

HARRISBURG, Pa., Feb. 23 (U.P.) —A ten-year-old boy told police today he pushed a neighbor girl into the rain-swollen Susquehanna river last night and threw stones at her "because our families don't get along."

The five-year-old victim, Sharol Zimmerman, fought her way ashore through the swift current before she collapsed of shock and head wounds caused by the stones.

Her condition at the Harrisburg hospital was unsatisfactory." Nurses said she cried repeatedly, "Bumpy threw me in the river."

Vatican Denies Charge Pope Is Seeking 'Holy War' Against Reds

VATICAN CITY, Feb. 23.(INS)—A charge by Communist Chief Palmiro Togliatti that Pope Pius is seeking "a holy war alliance" against Communism was termed an "open falsification" by the Vatican Wednesday.

An official statement issued by the Holy See accused Togliatti of twisting the pontiff's words out of their intended meaning and charged him with "deplorable bad faith and hate against the Catholic church."

The Vatican statement was released soon after the Communists distributed the advance text of an article Togliatti had written for the Communist weekly "Aie Nuove."

The article entitled "God and the Atlantic Pack" declared Pope Pius' recent exhortation to Catholic bishops for special masses April 3 to "expiate the crimes of the enemies of God" was a call for a holy alliance.

The Pope's message was issued in connection with the sentencing of Josef Cardinal Mindszenty by a Hungarian court.

In his message the pontiff had dealt with "atheism's offensive" and referred to "those initiatives which, with the purpose of smashing these menaces, tend to unite nations in ever closer alliances."

The Vatican statement said this was a clear reference to future "strifes, civil discords and wars" threatening "immense destruction" because of new weapons.

It added:

"It is precisely for the prevention of such grave ills that formulates the hope that nations will unite . . . to live peacefully together."

Togliatti charged the Pope's statement showed that "in reality (he) seeks a holy war alliance against people who have committed the terrible sacrifice of liberating themselves from capitalism and imperialism."

The government organ Popolo meanwhile labeled Togliatti "Moscow's echo" and said:

"This same accusation was framed and diffused with the insistence of Moscow."

NEW TRUCK TO BE SHOWN—The Route-Van, an entirely new and different type of vehicle for frequent-stop delivery service, has been added to the large line of Dodge "job-rated" trucks and will be on display at the Dickinson Motor company's truck terminal on East Broadway today, Holman Hendrix, manager, announced Wednesday. This DU model with 117-inch wheelbase and 9½-foot body with a payload capacity of 2,700 pounds is one of the 17 gross vehicle weight models offered by Dodge. Fluid drive, two rear axles, an electro-hydraulic brake holder, and extremely low floor and step heights are some of the features offered on the new truck.

Dallas Accountant Joins Staff Of Draughon's Business College

Wheeler F. Pitts, accountant, has moved to Lubbock and will take up his duties as assistant professor in the accounting department of Draughon's Business college March 1, it was announced Wednesday by Grimes C. Stewart, manager of the school.

Pitts holds a bachelor of business administration degree from Southern Methodist university and formerly was an assistant professor there for a year and a half.

He had his own accounting office in Dallas four years and then became office manager of Orange Crush Bottling company in Houston, from which post he came to Lubbock.

Mr. and Mrs. Pitts have bought a suburban home at Slide. They have no children.

Campaign To Cut Food Costs In Hotels, Cafes Launched

KANSAS CITY, Feb. 23 (INS)—A campaign to induce hotels and restaurant operators to lower food prices to conform with recent meat price declines was launched today in Kansas City by the corn belt livestock feeders association.

Association President Lawrence Brook of Wakefield, Neb., said failure to lower prices in hotels and restaurants has put meat courses out of the reach of many patrons. Purchases have dropped to 14 per cent of output, he added.

Wholesale beef prices have dropped 45 per cent since last July, Brook said, "yet steak and roast beef dinners are practically at the same levels they were at the peak—especially in the east."

Brief Bits Of Local News

A three act comedy entitled, "Her Emergency Husband" will be presented by the senior class of Frenship High school in the Wolfforth grade school auditorium Thursday and Friday nights at 7:30 p.m.

An English film, "Odd Man Out" starring James Mason, will be shown at the Tech Recreation hall Friday night. It is part of the program that is presented each weekend.

The appeal of Brewster E. Dillard, 37, from a murder conviction was delayed Wednesday when it was to have been presented on brief and oral arguments before the Texas court of criminal appeals. Burton S. Burks, a member of defense counsel, had plane reservations to fly to Austin, but fog delayed airline schedules. The appeals court was requested to delay action a week in the case. Either Burks or J. E. Vickers hope to argue the case then. Dillard is under five-year sentence in connection with the Oct. 31, 1947, slaying here of Garlon Douglas Weaver.

Last rites for Mrs. S. F. Gentry, 75, longtime Lubbock resident who died Tuesday morning, were held at 2:30 p.m. Wednesday in the residence at 2524 Walnut. L. J. Moyer, minister of the Slaton Church of Christ, and Rev. Ralph McCoy, pastor of Temple Baptist church here, officiated. Sanders Funeral home directed burial in Lubbock cemetery.

Approximately 70 new members who have joined the club in the past year, were initiated into the Lubbock Lions club at an annual stag party, held Tuesday night at the Ford Implement Co., 1902 Ave. C. Wayne Henly, club president, was master of ceremonies. Music was furnished by the Kiwanis Hot Shots, Harry Delaney, Jack Hall, Raymond Hamilton, and Ralph Stroup. Barbecued chicken was served to 250 Lion members.

A 16-year-old Lubbock girl will be sent to a state reform institution as an incorrigible, juvenile court officials said after a hearing Wednesday morning before County Judge Walter Davies, sitting as juvenile judge. The girl, it was explained, has absented herself from the home of her parents for days at a time.

Friday night has been designated as Family Night at North Side Assembly of God church, Madison at North Second, and a special evangelistic service has been planned, according to announcement by Rev. Scott F. Mitchell, pastor. The service will be conducted by Evangelists Mary Lois Williams and Lois Bates, who currently are conducting a revival at the church, Rev. Mitchell said. Special music will be a feature of the service.

Lubbock Sergeant Completes Tour Of Duty On Okinawa

THIRTEENTH AIR FORCE, Okinawa (Special) — Air Force Sergeant Riley L. Rush, son of Mr. and Mrs. Riley M. Rush, of Lubbock route 5, recently completed a 21-month tour of overseas duty on Okinawa.

Sgt. Rush entered the Air Force Jan. 3, 1947, at Goodfellow field, San Angelo. After completing basic training at San Antonio, he was transferred to Scott field, Ill., to attend the Air Force Cryptography school.

Sgt. Rush began work as a cryptographic technician while stationed on Okinawa with the 1962nd Airways and Air Communications Service squadron.

Before entering the service, Sgt. Rush attended Draughon's Business college in Lubbock, and was graduated from that institution in October, 1946.

YOU CAN ENJOY GOOD HEALTH
STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS
and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite Underweight, Dizzy Spells.

Drugless Health!
NO MATTER how long you have been suffering from stomach, kidney and rheumatic distress, and what drugs you have tried before, you can, now, hope for relief if you take GEO-MINERAL. With your eyes SEE the results seven days after you start taking it.
DRUGGISTS, Chemists cannot make GEO-MINERAL. It comes from the earth — Nature's laboratory. Contains NO dope, NO alcohol, NO oil. ONLY Nature's minerals—the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Wonder Minerals
FOR THOUSANDS of years sufferers, on advice of doctors, go to mineral springs to get cure, or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have gone there twice a year.
WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Thronion in ancient Greece, where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.
IF YOU ARE a sufferer, and can not go to the mineral springs, try GEO-MINERAL which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results
WATCH your elimination from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value.
MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite when your eyes lack that bright spark and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

Read What They Say!

"We have sold Geo-Mineral for the last six months and it has been one of the best selling drug items we have ever handled"—say Porter Bros., pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe Geo-Mineral is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that Geo-Mineral is what they have probably been needing and looking for — we unhesitatingly recommend it."

100% Guaranteed!
WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.
REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!
TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

WHAT MADE LINDA LOSE HER LOOKS?
It may very well be a Borderline Anemia*
It's no help to a happy marriage when a wife is forever fatigued and out of sorts—when a faded, forlorn look has taken the place of her youthful beauty.
Yes, and so often this loss of energy and color stems from faded red blood cells. If you're too pale and tired, you may have a Borderline Anemia, due to a ferro-nutritional blood deficiency. Medical studies show that up to 68% of women—many men and children—are the victims of this blood condition.
Weariness and pallor have many causes—always consult your doctor regularly. But if you have this Borderline Anemia, remember: Ironized Yeast Tablets can help you reclaim your vitality and healthy good looks. They are specially formulated to help build up faded and fagged-out blood cells. To feel better—look better—act alert and alive—try IRONIZED YEAST TABLETS!

The Woman's Angle
By Margaret Turner

THIS is Brotherhood week, one of the few special weeks we think could mean much to many. We wish it would last longer than Saturday.

As a nation we seem to be edging toward tolerance. It's with the speed of a glacier and it takes a nudge now and then to keep it moving forward. We believe that the day eventually will come when you see the man and his good works—not his religion, his color.

DOG POISON—Residents in the 2800-block on Twenty-fifth are upset over the death of a cocker spaniel that was a great pet, a nicely behaved animal and the pride of its young owners. Someone poisoned Jose, however, and Wednesday afternoon he was buried in the backyard in a little wooden box nailed up by the children's grandfather.

One of the neighbors, calling about the tragedy, said she is worried for fear that her toddling baby will pick up an object with a sprinkling of poison on it; perhaps with fatal results.

"I wonder if a person who puts strychnine out to kill a dog ever thinks that a human being might taste it?" she asked. "Small children put everything they pick up in their mouths and the amount that would kill a dog could either kill a child or make him terribly sick."

Personally, we cannot imagine a person who reads a paper being a dog poisoner, but if such there be looking over these lines, we hope he thinks about it. There are ways to get rid of dogs other than killing them.

FOR WOMAN ALONE

THE girl of average intelligence who finds it necessary to be out alone at night has a dozen silent defenses against molesters, if she keeps cool and remembers them, according to an article in a current magazine.

Suggestions:

"Avoid unsavory parts of town and never walk alone through parks or in bad neighborhoods after dark.

"If you are out very late after midnight, skimp on something else and take a taxicab home.

"If no cab is available, keep to the outside of the walk. Malicious characters usually hang out in dark doorways, or hide behind bushes."

• • •

According to the article, "if you walk briskly, as if you were a woman with a mission," and use "the glassy stare, which does not snub but looks through another person as if he did not exist, you will find them two hefty pieces of armor.

OBSERVATION

THERE seems a strong tendency these days to assume that vice becomes a virtue if it is practiced in high (or glamorous) places.

MRS. HOMER D. MEIL

★ ★ ★

Wedding Is Read

Mr. and Mrs. E. H. Foerster, Rt. 1, are announcing the marriage of their daughter, Miss Ludell Adeline Foerster, to Homer D. Meil, son of Mr. and Mrs. C. L. E. Meil of Rt. 1, Meadow, which took place Wednesday, Feb. 16, at the Posey Lutheran church with Rev. Carl Schulte performing a double ring ceremony.

Baskets of gladioli and fern decorated the candlelighted altar. Mrs. Carl Schulte, organist, accompanied Misses Elda Rose and Jeanelle Foerster of Quanah, cousins of the bride, as they sang "Always."

The bride, given in marriage by her father, wore a white satin gown fashioned with a bustle back which extended into a train. Her fingertip veil of illusion, edged with lace, fell from a coronet of seed pearls and she carried a white Bible topped with an orchid. For something old, the bride wore her mother's wedding ring and for something borrowed, she carried a handkerchief belonging to Mrs. Monroe Schulz. The white Bible belonged to Mrs. Hilton Foerster.

Attendants of the bride, Misses Elda Rose and Jeanelle Foerster and Lillian Rose Schoppa of Tahoka, wore identical dresses of pale pink white and pale orchid, respectively. They carried camellias.

Wesley Scheffel of Lubbock, cousin of the bridegroom, served as best man. Eugene Foerster and Weldon Gebert of Slaton were candlelighters and Luther Foerster, twin brother of the bride, and Earl Foerster, cousin of the bride, were ushers.

Flower girls were Beverly Joyce Bartlett of Meadow, niece of the bride, and Joyce Massey of Ropesville, niece of the bridegroom. Their dresses were of powder blue taffeta. Jimmy Hilton Foerster of Shallowater, nephew of the bride, was ring bearer.

At the reception which was given at the Slaton clubhouse after the wedding, the bride's table was laid with a lace cloth and decorated with a wedding cake. Out-of-town guests were from Quanah, Vernon, Floydada, Abernathy, Meadow, Lubbock, Ropesville, Slaton, Tahoka, Shallowater, Anton, Littlefield, Brownfield and Colorado Springs.

After a wedding trip to New Mexico, the couple will be at home on Rt. 1, Ropesville. For travel, the bride wore a black wool suit with green and black accessories and an orchid corsage.

The bride is a graduate of Roosevelt High school and the bridegroom is a graduate of Ropesville High school and attended Port Arthur Business college. He is a member of Post No. 269 of the American Legion.

Bride-Elect Is Honoree

As a courtesy to Miss Juanelle Mullins, who will marry Norman Garrett Igo Friday night, a series of parties is being given.

A series of parties is being given to honor Miss Juanelle Mullins, who is to marry Norman Garrett Igo Friday night.

Mrs. C. M. MacLain gave a dinner party in the Hilton Chimayo room Tuesday night to honor Miss Mullins. Guests, who were employees at Penrod's, presented the honoree with table lamps.

A miscellaneous gift shower was given Friday night at the home of Mrs. Paul Sherrod, 3323 Nineteenth. Assistant hostesses were Mesdames James Pruitt, Jerry Holleman, J. C. Anderson, O. P. Ellis and J. D. Corcorran.

Mrs. Dorman Igo and Miss Lauwanna Cocannouer presided at the service and Misses Anna Adams and Betty Jo Corcorran served cake.

Invitations were extended to 100 guests.

The parties were initiated at a lingerie shower given by Miss Cocannouer at her home, 3519 Twenty-fifth. Fourteen close friends of the bride-elect were invited.

Books Are Discussed For Readers Club

When Tuesday Night Readers met last night with Mrs. C. C. Schmidt, two books were discussed. Mrs. H. F. Godeke reviewed "The Big Fisherman" (Douglas) and Mrs. Gladys Sims reviewed "It's Cheaper By The Dozen" (Gilbreth).

Mrs. J. H. Veazey was a guest. Mrs. H. J. McCabe was assistant hostess.

Colonial Entertainment Is Annual DAR Custom

In observance of an annual custom, Nancy Anderson chapter of the Daughters of the American Revolution entertained at a Colonial tea Wednesday afternoon in the home of Mrs. R. A. Mills at 2627 Twenty-second.

The tea table, set in early Eighteenth century style, was centered with fruit and arranged with crystal appointments. Mesdames A. H. Douglas, William G. Dingus and F. W. Newell served the 92 guests who called.

In the receiving line at alternate hours were Mesdames J. L. Barstow, Robert J. Allen, regent of Nancy Anderson chapter, Mills, Dingus, J. B. Logan, Leroy T. Patton, R. D. Moxley, B. B. Hutchinson, Clyde F. Elkins and Robert E. Strickland. Others in the house-party were Mesdames Frank W. Hudgins, J. S. Crumpler, W. P. Brummett, E. L. Donelson, James H. Goodman, R. T. Bucy, M. B. Hilburn, F. A. McLain and Miss Kathleen Brown.

Background music was provided during calling hours by Robert J. Pipkin, violinist, and Mrs. Pipkin, pianist.

Monroe Club Meets For Demonstration

"When pruning mahonia, cut old wood back to the ground and trim long branches in order to shape a compact shrub for beauty and convenience in foundation planting," explained Mrs. George Hunter in a demonstration for Monroe Home Demonstration club Wednesday afternoon.

Mrs. W. O. Fortenberry was hostess to 15 members and two guests, Mrs. W. Roach and Mrs. Vernice Ford.

A pie supper to be held Tuesday night at 7:30 o'clock at New Deal school was announced. Proceeds will be added to a fund for clubhouse furniture.

The club will have a called meeting March 3 at 2:30 p.m. in the home of Mrs. Ernest Exum.

Since the days of William the Conqueror, every English sovereign except Edward V and Edward VIII has been crowned in Westminister Abbey.

'Hearth And Eagle' To Be Reviewed For Women's Clubs

City Federation of Women's clubs will meet this afternoon at 3 o'clock at First Presbyterian Fellowship hall for a book review and musical program.

Anya Seton's book, "Hearth and Eagle," will be discussed by Mrs. Russell Denison and two violin solos, "Adoration" (Borowski) and "Orientale" (Cui), will be presented by Mrs. Charles Stone.

Circle Meets For Review Of Book

The book, "Hand Clasp of the Americas," was reviewed by Mrs. Earl Allen for Ruby Hayden Parker circle of Calvary Baptist Women's Missionary society Wednesday afternoon in the home of Mrs. Bain McCarroll, 2506 Twenty-sixth.

Prayers were offered by Mrs. C. D. Puckett and Mrs. R. S. Hobgood and a devotion was brought by Mrs. Allen. Mrs. Cecil Brashear attended the meeting, also. Refreshments were served by the hostess.

The circle will meet March 9 at 2:15 p.m. with Mrs. Puckett, 714 Ave. M.

Youth Round-Up Program Presented In Shallowater

Shallowater Christian Youth Round-Up attended a semi-monthly meeting at First Methodist church Tuesday night. Group singing of hymns led by Paul Rucker was followed by a business session presided over by J. B. Wages.

Program for the organization's candlelight worship service was as follows: song, "Onward Christian Soldiers," by group; devotion from Psalms 133 by Wayne Tucker; Prayer, Mary Lou Crump; solo, "Beautiful Garden of Prayer," by Robert Sport, accompanied at the piano by Virginia Lyon; inspirational talk, "Unity," by Jackie Reed; poem, "Thoughtfulness of Others," Molly Newman; and benediction, J. B. Wages.

During the social hour held in Fellowship hall of the church, games, including ping-pong were directed by Nancy Ashburn. Refreshments were served to 32 persons. Adults attending were Rev. and Mrs. Cecil Ottinger, Mrs. C. K. Roberts, Mrs. W. C. Vaughan and Mr. and Mrs. James Baker of Lubbock.

The group is an inter-denominational organization composed of young people of Shallowater and surrounding communities. Meetings are conducted the first and third Monday nights of each month at a Shallowater church. Officers are: president, J. B. Wages; secretary-treasurer, Hulin Fowler; publicity chairman, Hubert Gentry; recreation leaders, Nancy Ashburn and Novella Crump; song leaders, Paul Rucker and Jackie Reed; and parliamentarian, Wayne Tucker.

HAIR EXPERT RETURNS TO LUBBOCK TOMRROW FOR TWO-DAY CLINIC

Analyzes Scalp Troubles Free, Demonstrates New Home Methods That Stop Hair Loss, Dandruff, Grow Stronger, Thicker Hair

Do you believe that baldness is due to heredity? You're 100% wrong.

Do you believe that baldness is due to age? You're 99% wrong.

Do you believe that baldness can not be prevented? You're 95% wrong?

These popular misconceptions belong to the "tonic" age. For years now, the better professional tricholo-gists have proved that they can re-grow hair by repeated clinical treatments.

But it remained for the Mueller trichologists, after years of experience, to develop methods and formulae to restore hair growth by **home treatment.** Already this new treatment has proved successful in restoring hair growth for thousands of men and women.

S. J. MUELLER
B. S., C. L. T.
Director of Trichologists
Mueller Hair Experts
Clinics in Principal Southwestern Cities

Results are quick.

Results from home treatment are quickly noticeable. Usually it takes just a few weeks to cleanse your scalp of all dandruff, surface and imbedded, kill the bacteria swarming beneath the scalp, and correct local disorders. Then special formulae are used to stimulate the processes of hair growth. In less than two months, you should begin to see new replacement hairs.

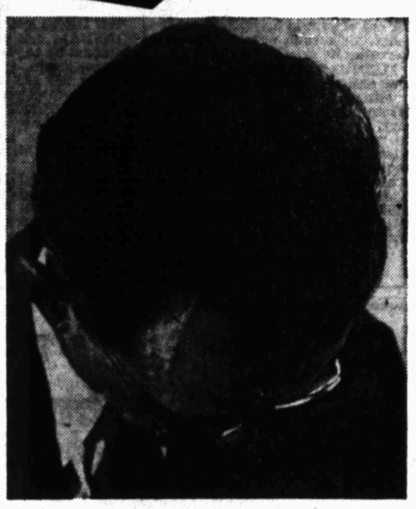

BEFORE MUELLER TREATMENT

MR. JOE A. THRASH, Houston, Texas, before starting Mueller treatment. Note bald spots and thin areas on top and side.

AFTER MUELLER TREATMENT

This is Mr. Thrash today, with a good head of hair. He says: "I am proud to exhibit the results I obtained from Mueller treatment."

Hopeless cases not accepted.

Mueller home treatment is not a "cure-all." Each of the 14 kinds of external scalp disorders requires a different therapy. For that reason, we do not ever prescribe treatment without first making a thorough, personal scalp examination.

If your case is hopeless, we tell you so. About five per cent of those we examine fall into this group not eligible for treatment. As a rule, if your scalp grows "fuzz," your case is not hopeless.

What is the treatment like?

Mueller home treatment combihes physical and chemical therapy which you can easily administer to yourself in your home. Among the exclusive formulae included in most treatment kits are fast-acting germicides, scalp cleaners, and sub-scalp stimulants.

The progressive steps of medication and treatment are easy to understand and follow. You mail regular reports of your hair progress to the nearest Mueller Clinic, so that treatment can be changed if necessary to get best results.

Regular check-ups

Also, your scalp condition is checked personally by a Mueller expert at regular intervals.

Free examination!

Mr. W. T. Loesch, Mueller trichologist, starts a hair clinic here tomorrow. Let him give your scalp a professional examination.

You will not be obligated or embarrassed in any way. If you decide to take home treatment, you'll find the fee very reasonable.

Come to the hotel between 10 A.M. and 7 P.M., at the hour most convenient for you.

Club Will Be Formed

Organization of a Lubbock Pilot club was discussed and temporary officers named at a dinner meeting sponsored by the extension committee in the Amarillo Pilot club Tuesday night in the Hilton Colonial room.

Miss Lois Alexander was named temporary chairman and Miss Leona Gelin, temporary secretary-treasurer. The first meeting will be held at the Hilton March 3 at 7:30 p. m.

Pilot is one of five classified business and professional women's service organizations in the United States. Its main objectives are to promote friendship and to render community service. It is non-profit; not-sectarian.

Mrs. Lenis Beyer of the Amarillo club, who presided at the dinner, and Miss Esther Boulware, club president, explained the objectives of the club to a group of Lubbock women. The main project sponsored by the Amarillo club is a speech improvement school for pre-school children.

Other Amarillo women at the dinner were Mrs. Billie Davis, chairman of the extension committee, and Mesdames Almira Swenson, Alva Dee Posey, Virginia Schroeder, Laura Mae Blakemore, Josephine DeCoster, Salome Hales, Misses Adra Lemons, Mabel Hampton and Virginia Dacus.

Chapters Of OES At Buffet Supper

When Freedom chapter of OES entertained with a buffet supper Tuesday night at the IOOF hall, guests were members of Lubbock chapter 76. Officers in the latter chapter were guest officers and directed closing ceremonies. They were presented with gifts.

F. A. Kleinschmidt talked on "Washington As a Mason."

Mrs. A. T. Cocanougher, grand representative from West Virginia, and Mrs. Pauline Smith, chairman of welfare committee in Texas Grand chapter, were guests and spoke.

Sixty attended, including chapter members from Anton and Texline.

PEO Guest Is Honored

A coffee given in the home of Mrs. James Spears, Bobalet heights, Wednesday morning was a compliment to Miss Barbara Petgen, field representative for Cottey college, Nevada, Mo. Members of Chapter AA and AK of PEO Sisterhood were hostesses. The college is owned and operated by PEO, international woman's organization of 100,000 members.

The specious new home was decorated with spring garden flowers. Mrs. W. M. Craig, president of AA, and Mrs. James O. Cade, president of AK, presided at the coffee services.

Mrs. M. B. Hilburn and Mrs. Clifford B. Jones and their committees planned the entertainment.

Miss Petgen talked on the college and showed pictures of the campus. Cottey is a two-year liberal arts college for women. The dormitories are unique in that there are suites of rooms for each group of ten students; each suite being furnished by a state PEO chapter.

Texas State chapter of PEO gives scholarships amounting to $300 and there are scholarships available to outstanding music and honor students in high school.

Mis Petgen conferred Wednesday afternoon with girls who are interested in attending the Nevada college.

Women Are Guests At 42 Club Party

Guests of 1936 Forty-Two club Wednesday afternoon were Mesdames J. T. Meek, Sue Jenness, M. Gay, Ollie Martin, H. B. Adams and Miss Elizabeth Easter.

Mrs. Florence Sanderson, 820 Ave. K, was hostess and members present were Mesdames Pearl Sampson, S. B. Hay, T. E. May, Elbertine Hugh, L. C. Montgomery, R. J. Williams and Margueret Rampy.

On March 9 at 2 p.m., the club will have a party in the home of Mrs. May, 1511 Fourteenth.

Benefit 42 Party Planned By Club

Ladies Auxiliary to the Brotherhood of Railroad Trainmen made plans for a benefit 42 party to be given March 17, in the Mackenzie State Park party house when members met Wednesday at 1:30 p.m. in the IOOF hall.

Mrs. W. D. Donald was hostess for a social hour.

Members attending were Mesdames N. M. Lowery, J. D. Mullins, Lawrence Jordan, Ervin Grady, Rafe Nabors, Trenton McCurry, E. G. Wylie, T. K. Martin, Arno Boyd and Ben Clifton.

Today's Town Talk

BOWLS OF IVY and lighted tapers will decorate the tables Saturday night when the Lubbock Dancing club entertains in the Lubbock hotel between 9:30 and 12:30 o'clock.

Music will be by Bailey Ireland and his orchestra, and about 30 guests have been invited.

Hosts will be Messrs. and Mesdames Harry Holcomb, Allen Benton, Ken Blackford, Pete Cheaney, G. W. Cochran, J. R. Cone, Bruce Ferrell, R. E. Gee, Bill Mowery, Arno Struve and Bob Walker.

Leland J. Culp left Lubbock by plane Wednesday for a two weeks trip to Atlanta, Ga.

He plans to stop in New Orleans for the Mardi Gras.

Lubbock Symphony Orchestra Board of Directors will have its annual spring meeting tonight at 7:30 o'clock in the Lubbock National bank cafeteria.

New directors will be selected and a new slate of officers will be voted on.

Mrs. Wynn Baker is celebrating a birthday today. She is the former Jeanne Stovall, daughter of Mr. and Mrs. E. L. Stovall, 3119 Twenty-second.

A policeman stopped a young Lubbock matron who didn't come to a complete halt at a stop sign. "There's five dollars difference between a pause and a stop," he said.

When the stage set and costuming are the result of hometown work, there is plenty of activity preceding a Little Theater production.

Work has been going on for weeks on the stage set for next Monday night's presentation of "Jane Eyre" and costuming has taken lots of time, too.

Mrs. Marshall Harvey did the research work and designing of costumes. Mrs. Charles Cobb (Jane Eyre in the play) will wear a costume designed especially for her, as well as other cast members.

Deep burgandy, green and other appropriate colors have been used for the costumes and many yards of material have gone into their making.

Mr. and Mrs. Neil F. Johndrow left Lubbock Tuesday night for Colorado Springs, Colo., where they will make their new home. They plan to buy a little business there and spend their spare time fishing and hunting.

"We'll be holding openhouse all year round for our Lubbockite friends," says Mrs. Johndrow, "and if half as many people come to see us as have promised, we'll have company all of the time."

She attended Tech and liked Lubbock so much that she wanted to come back here to live after her graduation. The Johndrows have resided at 3108 Thirty-first for the past three-and-a-half years.

Reception In Lewis Home

Gardenias decorated receiving rooms at the Edgar Lewis home Tuesday night when Miss Sarah Jones and her fiance, Kenneth Donald Tanner, were guests of honor at a reception given by Mrs. Lewis, Mrs. Retha Martin and Mrs. Fred Standefer.

Approximately 40 friends of the betrothed couple called.

The hostess presented a covered silver dish to Miss Jones and Mr. Tanner who are to be married Saturday night at 8 o'clock at First Presbyterian church.

Cut In Service Hospitals Set

WASHINGTON, Feb. 23. (AP)—To relieve somewhat the "critical shortage" of doctors and dentists in the armed forces, Secretary of Defence James Forrestal today ordered the closing of three service hospitals and the reduction in status of three others.

In addition, he ordered 48 smaller hospitals to be cut down to dispensaries.

Forrestal's order followed the recommendations of a special board headed by Dr. Paul R. Hawley, former chief medical director of the Veterans administration.

Doctor Shortage Cited

Forrestal explained the armed forces will be short by July about 1,600 doctors and 1,160 dentists. By next December, he said the shortage will grow to 2,200 doctors and 1,400 dentists.

Forrestal in a memorandum to the secretaries of the Army, Navy and Air Forces ordered the closing "as soon as possible" of the following three hospitals:

The U.S. Naval hospital, Pearl Harbor, Hawaii; McCormack Army General hospital, Pasadena, Calif.; and the 22nd Army General hospital, Guam.

Three other general hospitals to be reduced to station hospital status, equipped to care for minor illnesses and injuries only, are:

The 183rd Army General hospital, Anchorage, Alaska; Fort Totten Army General hospital, Long Island, N. Y.; and Tilton Army General hospital, Camp Dix, N. J.

Red Raiders Skin WTSTC Buffaloes, 70-61, In Loop Game

Tech Takes Early Lead To Win Eleventh Border Game

By JOE KELLY
Avalanche Sports Editor

Championship class basketball was played last night by the Red Raiders of Texas Tech, who climbed all over the Buffaloes of West Texas State Teachers college, 70-61, in winning their eleventh game of the year in the torrid Border Conference race.

The Raiders won by the simple expedient of jumping into an early lead and holding it. In fact, with only six minutes left to play, Coach Polk Robison's crew held a 65-46 lead and proceeded to coast to their second victory of the year over the Buffs.

★ ★ ★

Raiders Really Played

The Raiders last night gave little resemblance to the quintet that barely staggered to victories over Hardin-Simmons, New Mexico and others following the exam period. They were moving the ball, feinting Buff players out of position and working in for crip shots and close set shots.

Leading the onslaught was Don Grove, the towering pivot man, who scored 17 points for high honors. Forward Bill Miller of the Buffs had 16 points for his night's work, while Whistle Banks had 15 to finish third in the scoring parade.

Tech jumped into the lead at 1:25 on a two-handed push shot by Grove only to see J. W. Malone knot the count at 1:50 on a pair of free throws. Sammy Malone hooked a set shot at 2:05 to hand the Buffs the only lead they held all night.

Wimpy Hill, who played a great game, scored with a side shot at 2:35 to deadlock the count and Grove hit a short hooker that sent the Raiders into a 6-4 lead at 3:25. Barton followed with a brace of goals sandwiched between another Grove net swinger and Tech led 12-5.

Scoring Rush Develops

The Buffs cut into the margin during the next three minutes, a layup by Sammy Malone making Tech's lead only 15-12. But a rash of Raider tallies followed. Barton snared a free throw to start it at eight minute flat and Hill hooked a pair of side shots and Barton converted another charity toss to make it 21-12 with 10 minutes gone.

Coach Gus Miller, who started his short five, replaced them with his tall team and the scoring was evenly divided for the remaining 10 minutes. Tech went off the court with a 39-31 margin at the half.

The two teams came back and traded points evenly for the first five and a half minutes, when the Raiders put on a scoring spurt that sent them safely out in front.

Tech had lost Gene Gibson at 16:50 of the first half and Wayne Bowles, who replaced him, picked up his good work. He followed Hill's mesher with a tip in and seconds later duplicated. Banks went in for a layup, Grove meshed a free toss and Grove hit a layup on a pass-off from Jackson to make it 59-45. Seconds later it was 65-47 with a little over six minutes to play and Tech relaxed.

The Raiders again had a fine percentage from the floor in the first half, ending up the first canto with a 54½ percent mark. The Buffs hit for only 37½ during the same period. In the second stanza, Tech hit only 30½ while the Buffs were hitting 37. It gave the Raiders an over-all percentage of 40½ compared to 36 percent for the visitors.

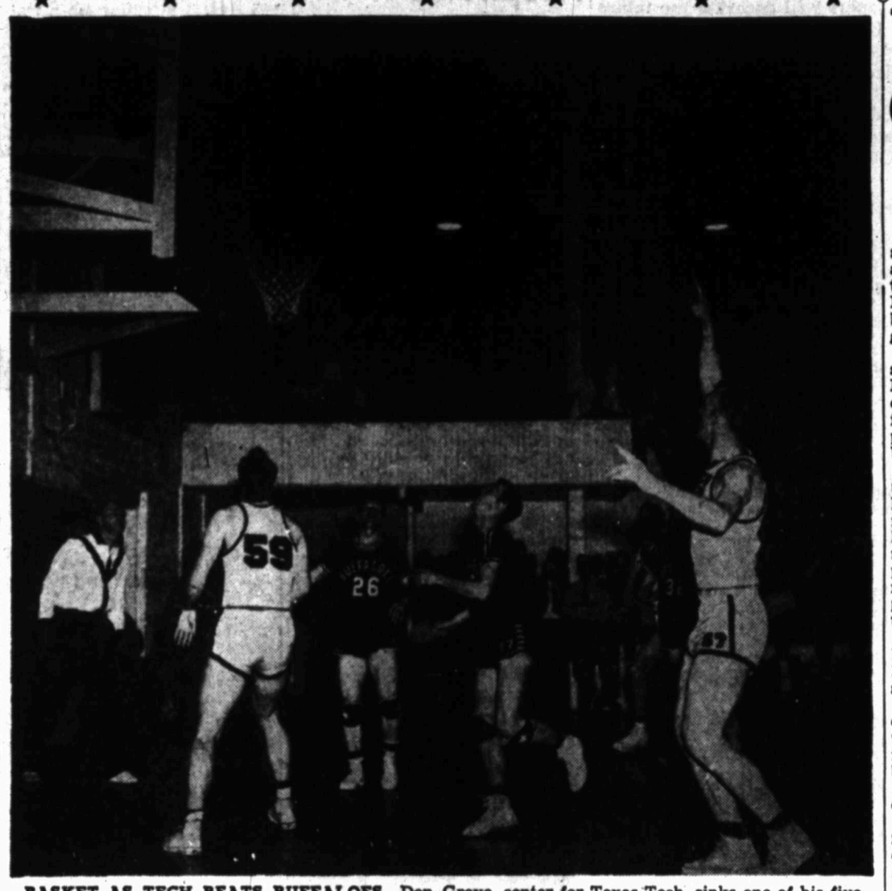

Roughness of the game is attested to by the 47 personal fouls called, 27 against the Buffs and 20 against Tech. The visitors lost Glynn Braden just before the half and had two other players wind up with four fouls each. Tech had one other courtster with four.

State Class AA Berths On Line

(By The Associated Press)

Highland Park of Dallas and Port Arthur Thursday night can win berths in the state Class AA basketball tournament at Austin.

These teams already hold decisions in bi-district playoff competition against Bonham, and Nacogdoches.

Lubbock, Austin, and Texarkana, three other double AA teams with bi-district victories wait until Friday to try and clinch spots in the state meet.

Lamesa and Bowie of El Paso open their playoff series Thursday night at Lamesa.

The trimming of 133 district champions in Class AA, A and B to state tournament size of 22 really gets started this week-end—when most Class A and B teams compete in regional tournaments.

The only two teams who do not have to battle for tickets to the AA, A and B championship tournaments at Austin are Texas City and Brownwood. These two teams, winners in 12-AA and 7-AA respectively, advanced on byes.

The three divisional tournaments will be run off together at the University of Texas March 3-5.

Lubbock whipped Childress Tuesday night, 39-23; Highland Park downed Bonham, 43-26; Texarkana beat Waco, 47-35; Port Arthur downed Nacogdoches, 35-27, and Austin nosed out Harlingen, 46-44 in overtime.

The two winners play at Nocona Friday.

Highland Park plays at Bonham, and Port Arthur at Nacogdoches Thursday. Lubbock and Childress meet in the second game of their best two out of three game series Friday night at Childress.

Texarkana and Waco resume play at Waco Friday and Austin and Harlingen at Austin.

Class A regional tournaments will be at Canyon, Abilene, Hillsboro, Cameron, Alice, Rosenburg, and Commerce.

Class B Regional meets will be at Lubbock, Abilene, Kilgore, Huntsville, San Marcos, Kingsville, Marfa, and Dallas.

Mrs. John Markham Cards Low Score At Country Club

The low net score for 18 holes was posted by Mrs John Markham yesterday at the weekly meeting of Women's Gold association at Lubbock Country club.

Over the nine hole route Mrs. Culver Hall had the low score. Putting honors over nine holes went to Mrs. E. M. Hennersdorg.

A two-way tie resulted from putting over the longer course, with Mrs. George Soash and Mrs. C. O. Campbell sharing the low score.

Plainview, Lubbock Boxers To Meet Here In Inter-City Bout

Henderson Meets Galvan Monday

Final preparations for a 10-round main event in Tucson, Ariz., are being made this week by Bill Henderson of Levelland, who boxes Sammy Galvan of El Paso Monday night.

Henderson, former state Golden Gloves featherweight champion for two years and a student at Texas Tech, entered the last phase of heavy training by going several fast rounds with local boxers Tuesday and Wednesday.

The 130-pounder, with 13 successive professional victories under his belt, will be going for Number 14 in his bout against Galvan. He defeated the third-ranking Texas challenger Jan. 13 in El Paso, scoring a sixth round TKO.

This will be Henderson's first main event and he is anxious to make a good showing. He sprawled Light Heavyweight Dan Williams on the mat several times Tuesday, showing a devastating punch. Henderson has speeded up his punches considerably and also throws them with more power than at any other time.

On the supporting card with the Levelland fighter will be Charley Neff of Petersburg. Neff will meet Ignacio Godinas of El Paso in a six-round semi-final bout.

Neff faced Godinas once before when he was not in condition and lost a close decision. He will attempt to make amends for that showing, hoping for a better spot on other cards. Godinas was the victim of a TKO by Henderson here in Lubbock last summer on the Jaycee fight card.

Both boys are working out daily at O. C. Foster's gym, 2417 Main street.

City Conference Basketball Tourney Will Open March 11

AUSTIN, Feb. 23 (AP)—Dr. Rhea Williams, athletic director of the Interscholastic league, announced the results today of a drawing for places in the City Conference basketball tournament.

The tournament will be held March 11 and 12 in the Houston public school gymnasium. The two top teams in each city will compete in the playoff.

San Antonio's first place team will play Houston's number two team.

Jaycees Sponsor Return Matches

Plainview boxers will come to Lubbock Monday night for a return inter-city match against Lubbock fighters, who lost a decision earlier in the season at Plainview.

Both boxing teams are sponsored by their respective Junior Chambers of Commerce. Pat Wiman, chairman of the Lubbock Jaycees' sports committee, announced today that tickets for the fights would go on sale Saturday morning in Wylie's Drug Store.

The bouts, and there are expected to be between 15 and 20, will be unreeled in Chapman Fieldhouse. The District 2, Texas Athletic Federation, basketball tournament, in which finals were supposed to be played Monday night, will be postponed until Tuesday night.

Several Are Glovers

Several of the boys who appeared here in the recent Golden Gloves competition will be seen in action in the inter-city matches. The visiting delegation will be headed by Doug Beedy, the light heavyweight who went to Fort Worth and was knocked out in his first bout by Tom Adams of Brownfield. Adams is now with the Texas Gloves team in Chicago.

Elmo Sams, who won the bantamweight title here, but who did not make the trip to Fort Worth, also will be seen in action. Bill Thompson, who won the Gloves heavyweight title in Amarillo, also will be with the Plainview team.

Lubbock fighters of prominence will include Ismael Olvera, who came over from Levelland to win the lightweight title, Jimmy Hall, who won the novice middleweight crown, Joe Hall of Olton, who won the novice flyweight title and Paul Hill of Tahoka, who took the novice light heavyweight division.

In addition to the bouts, Ronald and Donald Key, twin brothers, will stage a fast three-round exhibition to open the card. And Dingy Davis and Jimmy Carter, acrobats, will do a variation on their handstand act.

RICE DEFEATS TEXAS

HOUSTON, Feb. 23. (AP)—Rice couldn't miss in the second half tonight as the Owls knocked the University of Texas Longhorns out of the Southwest Conference title picture, 65 to 49.

BEARS DROP SMU

DALLAS, Feb. 23. (AP)—Baylor university whipped Southern Methodist 47-38 here tonight in a Southwest Conference basketball game.

Morales Loses Gloves Bout

CHICAGO, Feb. 23 (AP) — Some 10,000 fans booed tonight as flyweight Fred Morales of Temple, Tex., was eliminated in the Golden Gloves tourney.

Morales, one of four Texas team quarterfinalists, was eliminated by Ken Wright of Gary, Ind.

Morales apparently had held his southpaw negro opponent on even terms and when the Gary scrapper was announced the winner, the crowd booed for fully two minutes.

Morales was missing some of his hard right-hand shots in the first round, but after an even second round seemed to have the edge in the final canto. Morales was boring in and landing effective punches throughout most of the final canto.

Tony Maoriana, hard-hitting 118-pound Mexican from San Antonio, knocked out Fred Hall of Nashville, Tenn., in 18 seconds of the first round of their scheduled three-rounder.

Hall was heavily floored with a right to the chin for a count of eight. When he regained his feet, the Texas lad let fly another right that caught Hall on the peak of the chin. He was knocked crashing to the floor and the referee called a halt.

Thomas Tinkers Defeat Henley's Quint To Advance In TAF Event

Bluebonnett Five Loses To Primm

In third round play of the single elimination District 2, Texas Athletic Federation, basketball tournament at Chapman Field House last night, Henley's, Bluebonnet Sunbeamers, and Plains gas met defeat.

Thomas Tinkers advanced one step nearer the finals, defeating Henley's, 37-24. The scoring was evenly divided but Ernest Hawkins was high scorer with eight points for the winners, and L. W. Udley made seven for the losers.

Bluebonnet put up a great fight until midway in the final half in losing to Primm Drug of Brownfield, 27-47. The druggists led at halftime, 23-15, but with nine minutes remaining Bluebonnet pulled up to a 25-25 tie before falling apart. Primm scored 22 points after that while limiting the losers to only two.

Ray Warren hit the basket for 18 points and Jake Geron scored 10 for Primm. Don Cowan tallied six markers for Bluebonnet.

Panhandle All-Stars of Spade overcame a 14-18 disadvantage at the rest period and went on to defeat Plains Gas, 37-32. Vance Osborne led the Panhandlers with 12 points, and Buell Wynn counted 10 for Plains Gas.

Three games are scheduled tonight. At 7 o'clock Anton American Legion meets the high-flying Levelland Refiners. Blue Flame is matched against Cloverlake at 8, and in the final game at 9 o'clock Primm Drug plays Cisco Grocery of Denver City.

Lamesa, Bowie Clash Tonight

LAMESA, Feb. 23. (Special)—The bi-district playoff between Lamesa and Bowie of El Paso begins at 8 o'clock tonight, and all games will be played in Lamesa, continuing on Friday and Saturday—if a third game is necessary.

Lamesa is regarded as the favorite locally, but Bowie is expected to field a strong team. Injuries received in an automobile accident last Sunday will hamper two regulars for Lamesa, T. J. Womack and Ronald Chapman, but both are expected to be ready for the game.

No tickets for the games will be sold at the gate, and ducats for the 600 seats will be sold at points downtown on the day of each game.

Last year Bowie defeated Abilene in the bi-district to advance to the state tournament. Both Lamesa and Bowie suffered two defeats during the regular conference campaign.

BENGALS UNDER MAGNIFYING GLASS

Breaks In '49 Might Put Tigers Out Front Again; Pitching Fair

Three of the American league second division teams are "just tankers" glumly waiting for the bell but the fourth—Detroit—could move up. So says veteran sports writer Davis J. Walsh in the second chapter of his five-article series sizing up the major league baseball clubs.

By DAVIS J. WALSH
INS Sports Writer

NEW YORK, Feb. 23—Not much can be done about the ball club with a bad case of "second-divisionism." It's largely incurable and the law is usually pretty stern about shooting from ambush.

Take that hybrid ensemble known as the Detroit Tigers.

They got a slight touch of "second-divisionism" last year, winding up fifth in the American league to the consternation of all. A possible exception was the Philadelphia Athletics, fourth last October but fifth themselves the year before. A step upward, as they quaintly call it.

What they would call the 1947 to '48 performance of the Detroit Tigers isn't known at this time. But "fall-downward" won't do.

It wasn't just a fall. It was a downright plummet—from second place to fifth.

They'd been second, too, in 1946. And the year before that, champions of their league and the world as well. In fact, a quick playback of the Tigers record from 1944 presents this singular reading: 2-1-2-2-5.

Briggses Want To Know Too

This seems to show that the Tigers, as of this generation, have no particular affinity for the second division; are, at worst, a borderline case.

All right, what happened then?

That's what the Briggses wanted to know after the '48 club finished six games behind the Athletics, and 19 behind the champion Cleveland Indians.

So they tossed out manager Steve O'Neill and brought in Red Rolfe, which may get the proper reaction, at that. For Steve, as comfortably amiable as a shapeless old moccasin, probably wasn't an ideal man for adversity—and new managers frequently score big on the bench.

But it wouldn't mean a thing, if the Tigers didn't have a latent touch of high-frequency down through the listed personnel.

Give them a "gimmick" or two, in fact, and they might go roaring right back up there into the pennant run, the gimmick being any added gent whose contribution means the difference between mediocrity and distinction.

Just such a gent might be a certain John T. Groth, outfielder,

Banquet Will Honor Raiders

A banquet honoring the Texas Tech football squadmen will be held tonight in the Hilton hotel, but tickets will not be placed on general sale.

The banquet is sponsored by friends of Tech and the Double T club, composed of former lettermen at Tech. They felt that the squad which won the Border Conference grid title for the second straight year should be honored and that some recognition should be given the Tech freshmen.

The president of the Double T club, L. J. "Lefty" Sollis, organized the dinner plan and worked with D. M. McElroy, alumni secretary, to carry out the plans. The tickets sell for $2.50 each and will be sold to a selected list of Matador club members and all Double T men.

The limited seating capacity prohibits sale of tickets to the general public, but if there are vacancies a few tickets may be placed on sale just before the dinner.

In addition to all squad members of both varsity and freshmen, coaches present will include Dell Morgan, Polk Robison, G. B. Morris, Tipp Mooney and Maxey McKnight. Others present will be college officials, cheer leaders, athletic council members and board of directors.

McElroy will serve as master of ceremonies, with short talks by Morgan, Dr. J. William Davis, athletic council chairman, and others.

A preparatory meeting was held last night in the administration building, with McElroy serving as chairman. Present were Ed Smith, Lou Jones, Curly Wilkinson, Bert Williams, Yancey Price, Harvey Dunn, Elmo Payne and Sollis.

Tiger Hitting Is Ranked As 'Good'

Continued From Page 8

who hit .340 in Buffalo and then went mildly nuts with .471 for six games when the Tigers had him screen-tested near the close of the last race.

Item: At Buffalo, the guy had 358 total bases, which runs into plenty of real estate.

But, even if John T. falls all over his shirt-front, the Tigers will have that certain something the other second-divisioners so obviously lack—a first-division outlook.

Mayo Been Trying

However, they'll let you have that, and all the money you can drag home on a hand-truck, in exchange for somebody who can play a bit of second base.

For some years, Eddie Mayo has been trying this, near-sightedly, from the standpoint of a very shallow right field. But times are toughening to a point where it's now necessary to come back in and join the rest of the infield from time to time. That's one reason the Tigers are down.

Two more reasons — Hank Greenberg and Rudy York passed out of Briggs stadium circulation at much the same time, leaving a lot of aperture.

Also K. M. Landis and A. B. Chandler in the last decade have taken turns in voiding much of Detroit's minor league material for alleged violations of the cover-up code.

All this has been just a mite onerous. But it would take more than that to bring the Tigers down to the St. Louis-Washington-Chicago level in second-division rating and, if they're even looking in that direction, they're crazy.

Tigers—hitting, good; pitching, pretty fair; defense, pretty eccentric. Infield bad through middle. Hal Newhouser, 21-game winner, still one of the league's top pitchers. Given a couple of routine breaks, the club can move up.

Senators—currently headed nowhere. Don't hit, pitching adequate for the company it's keeping. Didn't better selves with Mickey Vernon trade, but probably didn't intend to.

Field Of 135 Will Open Fire

Rio Grande Valley Open Starts Today

By HAROLD V. RATLIFF
Associated Press Sports Writer

HARLINGEN, Feb. 23—A field of 135 will move out Thursday in the first round of the $10,000 Rio Grande Valley Open golf tournament.

Chunky Johnny Palmer, the great putter from Badin, N. C., is the general choice to take away the $2,000 first money.

Palmer tested the 6,095-yard par 71 municipal course Wednesday and hung up an easy 68 while others of the star-spangled touring brigade were giving regulation figures a terrific drubbing.

Jim Turnesa of Elmsford, N. Y., registered the top score of the tune-up rounds this morning as he cashed in with seven birdies for a 64—just one stroke over the competitive course record set last year by Lloyd Mangrum of Niles, Ill., the 1948 tournament winner here and current leading money earner of the year.

Mangrum is another well up in the title ratings. The course with its wide fairways is made to order for Mangrum. The short course, that makes putting most important, also is the kind Palmer likes.

Other good practice rounds turned in Wednesday included a 65 by Eric Monti of Santa Monica, Calif.; a 66 by Fred Hawkins of Antioch, Ill., and 67's by Jackson Bradley of St. Charles, Ill., and Ed Furgol of Royal Oak, Mich.

There are 118 professionals in the field with Skee Riegel of Tulsa the top rated amateur. Frank Stranahan of Toledo, Ohio., another well-ranked amateur who is making the winter tour, won't play here. Instead he will participate in the Houston Invitational.

The field will be cut to the low 60 scorers and ties after the second 18-hole round Friday. The last 36 holes will be played Saturday and Sunday.

Region One Meet Starts Friday

Eleven Class B cage teams are entered in the Region One TIL tournament which is being held Friday and Saturday at Texas Tech gym.

Pre-tournament indications are that this will be one of the best Class B meets ever to be held in Lubbock, and some of the best material in the state is expected to appear.

Included in the list of teams are Stratford, District 1; Miami, District 2; Samnorwood, District 3; Carey, District 4; Dimmitt, District 5; Spade, District 6; Shallowater, District 7; Roaring Springs, District 8; Ropesville, District 9; Dawson, District 10; and Vega District 11.

One of the most outstanding teams is from Stratford High school. A former state basketball champion, the Stratford quint defeated Lubbock earlier in the season by a large margin and is considered one of the best teams in the state.

The defending champion is Carey, which upset the dope bucket to win the regional crown last year.

One of the strongest contenders is Shallowater. The Mustangs are led by Derrell Murphy who has scored 731 points in 35 games for better than a 20 point per game average.

The Shallowater aggregation lost only four games during the season while winning 38.

Matching of teams will be done Friday morning, and play starts in the afternoon, with seven games scheduled Friday afternoon and night. Other games will be played Saturday afternoon, and the finals will be that night.

The Region One champion will go to Austin to play in the state tournament starting Thursday, March 3.

Dodgers Announce Hermanski Has Signed 1949 Contract

NEW YORK, Feb. 23 (INS)—The Brooklyn Dodgers announced today that outfielder Gene Hermanski has become the 31st player to sign his contract.

The Dodgers also announced that their affiliate, the St. Paul club of the American Association, has bought the contract of shortstop James Pendleton from the Chicago Giants of the Negro American league.

Balk Estes Scores Win Over LaDue

An upset was scored Wednesday night at Sled Allen's wrestling arena as Monte LaDue met defeat in the main event against Balk Estes of Elk City, Oklahoma.

The Oklahoman won the first fall when LaDue was disqualified after 12 minutes of mayhem for refusing to break a hold which had Estes' head twisted in with the ropes.

In the second fall LaDue was outside the ring after 12 minutes of very fast wrestling when Estes caught him with a flying head scissors and finished the match. The loss was the first for LaDue in these parts in a long time.

The first main event was a rough and tough battle from the time the two men stepped in the ring. Before the referee had finished giving instructions, Pat O'Dowdy began roughing up Billy Goelz. Just as the bout started Goelz made a lunge at Rowdy, but all he got for his efforts was a dropkick and smother from O'Dowdy which cost him the first fall in one minute.

The second fall went to Goelz in 19 minutes, and in the final frame the action was fast and furious with no holds barred. After throwing Goelz out of the ring, O'Dowdy kicked him as he attempted to get back in, but Goelz picked up a chair and flattened O'Dowdy in the fine time of four minutes. Goelz was declared the winner of the fall and the match.

In the preliminary George Overhauls won the match after 16 minutes with a full nelson over Bill Parks, another young wrestler.

OKLAHOMA AGGIES WIN

STILLWATER, Okla., Feb. 23. (AP)—Oklahoma A. & M. college slapped down the University of Oklahoma 46-36 here tonight to avenge their 54-41 licking at Oklahoma's hands 12 days ago.

Tech Frosh Play Odessa

Basketball action will continue tonight at 7 in Tech gym when the Red Raider freshmen play the Odessa Junior college cagers for the second time this year.

The game, which is open to the public, will be a re-match of an early season contest in which the First year men triumphed over the Odessa cagers. The Raider freshmen won that game easily, but have a season's record of only two victories against three defeats.

On the basis of the season's play, the Raider freshman quintet isn't too strong. They turned in a fine game in losing a double overtime contest to the Hardin-Simmons Fish and then took a horrible trumping from the West Texas State Teachers college neophytes. They gained revenge for that licking here in Lubbock for the second victory on the string, but they also were beaten by Wayland college.

This will be next to the last game for the Raider freshmen this week. They will accompany the varsity to Abilene Saturday night, when they will play the Cowboy fish in a curtain-raiser to the Tech-Cowboy Border conference game.

Tech fish will rely on Jack Alderson and Virgil Johnson, Lubbock; Irl Brown, Katonah, N. Y.; Ted O'Neil, Wellington; Jimmy Eddins, Sudan; Jim Sharp, Amarillo; Don Bagwell, Claude; Glen Lucas, Whiteface; and Charles Campbell, Monument, N. M.

Holguin Gains Mexican Open

MEXICO CITY, Feb. 23. (AP)—Cutting 12 strokes off par, Tony Holguin, Guadalajara, Mexico pro, won the Mexican Open Wednesday.

The 22-year-old Holguin turned in 201 against a par 213 for the 54 holes. He was six strokes under Sam Snead's 207 card. Snead led the visiting U.S. pros, one stroke ahead of Jimmy Demaret's 208. The next three were all visitors.

Holguin, ending his first year as a professional and his fifth as a tournament golfer, led throughout the 54 holes Tuesday and Wednesday. The worst card he turned in was a par 36 in the fourth nine over the Chapultepec golf club's 6,285 yard course. Holguin, who was born in San Antonio, Texas, played in eight opens in the U.S. last year, but this is the first he has won.

Percy Clifford, a long-time British resident in Mexico City, was the leading amateur with 214. Gabriel Belmont was second in the amateur standings with 217 and Tom Sepvidge of Mexico City third with 225. They all received cups.

COTTON CENTER, ROOSEVELT TANGLE

Top Girls Teams See Action In District 18-A Tourney Tonight

SUNDOWN, Feb. 23 (Special)—District 18-A girls basketball tournament gets back into action again tomorrow night with the top game of the tournament on tap.

Cotton Center, defending district champions and one of the strongest teams in West Texas, will meet another strong girls team, Roosevelt, in what many think will be one of the best games of the year.

Both teams have outstanding records for the season and both have been hard to beat. Roosevelt drew a bye in first round play Tuesday, but Cotton Center came through as expected. The girls champion team scored an easy 58-36 victory over Three Way and the score could have been worse.

Ruth Cannon, whose work as a freshman last year drew rave notices, gave proof that she was no flash in the pan. Miss Cannon's strong arm and unerring eye accounted for 35 points to lead Cotton Center to victory. She has had another good year and her presence makes the Cotton Center team favorites to win.

Other games Tuesday went about as expected, with Amherst scoring a slow 21-11 victory over Abernathy, Anton taking a 27-14 win over Bula and Spade edging past Morton 23-20.

Games tonight will start at 6 p. m., with Anton meeting New Deal, making its first appearance, in the initial clash. Spade will play Whitharral, making its first appearance, in the next game. And the third game will bring together Whiteface and Amherst. The concluding tilt will be the Roosevelt-Cotton Center clash.

Boys Club Will Take Road Trip

The four Boys Club basketball teams will go to Wichita Falls Saturday to meet Wichita's Boys club teams.

Last week the teams went to Amarillo and turned in three victories with only one defeat. Earlier in the season Wichita Falls came here for the games, and this is a return match. For the last four years the clubs have played on a home-and-home basis.

The following boys and the teams they represent will make the trip, leaving here at 6:45 Saturday morning:

Seniors—Jack McLarty, Gene Tollison, Roger Van Cleave, Jackie Cook, Billy Bohner, Mackie Lawrence, J. B. Elliott, Davis Hopper, Bobby Nabors and Billy Everheart.

Australians are protesting against an increase in the price of haircuts.

Baseball's Reserve Clause Under Fire

ALBANY, N. Y., Feb. 23. (INS)—A bill to outlaw professional baseball's reserve clause was introduced in the New York state legislature Wednesday.

Sen. Alfred E. Santangelo and assemblyman Louis A. Cioffi, both of New York City, charged in introducing the bill that the clause reduces players to "peonage" and is in restraint of trade.

Similar charges have been made by Danny Gardella, former New York Giant, in a $300,000 damage suit now in federal court.

Santangelo and Cioffi claimed that baseball does not need the reserve clause. They asserted that club owners can protect themselves by signing players to long-term contracts.

Cleveland Indians Sign Up Pitcher Will Hafey For 1949

CLEVELAND, Feb. 23 (INS)—The Cleveland Indians announced today the signing of pitcher Will Hafey, son of Chick Hafey, former National league hurler, to a 1949 contract.

Officers Report Lull In Offenses

Law violations were at a minimum Wednesday, city and county law enforcement officials reported, with two burglaries committed a night previously and several minor thefts as the only cases under investigation.

A $37.50 MBC spraygun was taken in a burglary of Fred Gentry's Body shop, at 2504 Walnut, and two file ledgers, the police were informed Wednesday.

They also were investigating the burglary of McWhorter school in 2700 block First, and studying clues indicating a burglary of Orr's cafe, in 1500 block Thirteenth, had been attempted.

Nothing was believed taken from the school, police investigators were told—unless files from a cabinet in the principal's office.

Entrance to the building was through a window. The door to the principal's office had been pried open.

Matches On Floor

"A lot of matches were struck and left on the floor," the report further said. That indicated to police that someone wanted badly something from the files—whether money or papers, they said they could not determine.

One man ran from the Sports Center, at 1612 Thirteenth, before an open door was discovered at Orr's cafe. Police said they believed an attempt would have been to enter both places had the suspect not been discovered.

An automobile radiator valued at $50 was reported stolen from John F. Andrews of 3101 Walnut.

A bike was reported taken from Jim Irby, of Sneed hall at Texas Tech.

Tools Stolen

Teddy Drake of 2816 Edna, said brick layer's tools, valued at $65, had been stolen from his car.

A. D. Arant of six miles from Lubbock on the Plainview highway said a battery had been stolen from his tractor.

W. R. Appleby of 2310 Eighteenth told police that a .22 caliber Colts Woodsman automatic pistol, valued at $27.50, had been stolen from the trunk compartment of his car parked on Texas Tech campus.

A 19-year-old youth, Bobby Frank Estes, pleaded guilty in corporation court of a charge of moving a house into the city limits without a permit, and Judge Solon Lea assessed his fine at $25.

The following judgments were filed Wednesday by County Judge Walter Davies:

Fine of $125 and court costs assessed against Bill Davies, 23, on a plea of guilty of a liquor law violation charge filed Saturday; $25 fine and costs against Bobby June Weaver, 23, on a plea of guilty of aggravated assault on his wife.

A rash of what police called "wild and irresponsible" driving of automobiles here continued Tuesday night and Wednesday with two more arrests that followed chases on city streets, corporation court officials said.

A 24-year-old resident of west of Lubbock was fined $50 for drunkenness and $25 for reckless driving after Cecil Dickey and Alvin E. Sherrill, radio car patrolmen, said they observed him driving at a high rate of speed, part of the time across the center stripe of the road and "running cars off the street and up on sidewalks."

A 42-year-old Lubbock man was fined $50 for reckless driving and $10 for having no operator's license on his person after J. D. Atchison and J. H. Schenk said he had almost run into their patrol car, driven on the wrong side of the road, had run over a part of the curb in making a turn, and had "run" a red blinker light.

There had been several other chases in recent days, including one from Lubbock to Idalou. That chase, the police said, hit a velocity of approximately 85 miles an hour at one stage.

Late reports last night to police showed that property valued at $105 had been stolen on the campus at Texas Tech.

Property missing included: Two .22 caliber rifles from the car of Bing Bingham of Post; a bike from Gary Lacewell of 2016 Eighth street; and a pair of glasses and a flashlight from the car of O. R. Stark of 2011 Broadway.

Death Sounds Horn

(Continued From Page One)

hush fell over the estimated 3,000 spectators. The auto rose slowly.

Suddenly, as the automobile came out of the river one of the bodies visible inside moved and fell on the car horn. An eerie, drowned honk broke the hush. Then the car was pulled farther up the bank. The horn apparently dried out a bit and the tone changed, becoming mournful.

Deputies helped the hysterical Vintilla to the side of the dripping wet coupe. He identified the bodies inside as those of his wife Helen, 34, and his daughter, Kay, 12.

Mysterious Package Causes 'Bomb' Scare In New York

NEW YORK, Feb. 23 (INS) — Police announced tonight that a suitcase delivered to the home of Francis Cardinal Spellman which they first suspected contained a bomb was found to be laden with "religious articles."

The "bomb" scare developed when a steel-rivited metal suitcase was delivered tonight by an express company truck at the home of the New York archbishop.

Detective Rudolph McLaughlin received a call from the Cardinal's home that a mysterious package had been delivered. He sped to the home at 51st street and Madison avenue, studied the unusual wrapping riveted with metal strips and removed the suitcase in his own car to a nearby vacant lot. The case was opened and the papers found inside.

Radar Plan Okayed

screen" or "radar fence" around the United States and Canada to guard against sneak attacks by air.

Testing Range Approved

2. Authorization for construction, also by the Air Force, of a 3,000-mile range for testing new and powerful guided missiles.

The committee bill would appropriate $161,000,000 for the "radar fence," and $75,000,000 for the first three years on a 3,000-mile testing range.

The project contemplates stations both on land and on ships, along with a patrol by radar - equipped planes 150 miles off the coasts.

Long Range Missiles Planned

Gen. Muir S. Fairchild, Air Force vice chief of staff, has termed the radar screen "of exceptional and pressing importance" and has declared that no adequate warning of air attack can be expected until it is completed.

The 3,000-mile range is to permit testing of guided missiles. Dr. Karl T. Compton, noted scientist and director of the research and development board, estimates the U. S. will have missiles capable of traveling that distance within a few years.

It was projected after Dr. Compton testified that guided missiles might travel as much as 5,000 miles, with a deadly load presumably including A-bombs, and with a "seeing eye" to enable them to "recognize" their target.

Labor Bill Hearings

service is independent under the T-H measure.

There was a rush of developments as the committee got ready to take the bill behind closed doors for a week or more of further study:

Mine Strike Feared

1. Defending the T-H law injunction provision, a spokesman for coal operators said "it takes a tough remedy" to prevent strikes in the coal industry. Joseph E. Moody, president of the Southern Coal Producers association, told the committee that if John L. Lewis' United Mine Workers go out on a 30 to 50-day strike when their present contract expires June 30, the country "would be in a very serious situation."

2. Chicago newspaper publishers, in a statement they sent to the committee, said the 15-month strike of printers on Chicago papers is "unquestionably a strike against the national policy" as set forth in the Taft-Hartley law.

3. Edgar A. Brown, director of the National Negro council, stood up in the hearing room and demanded that colored people be given a chance to testify concerning any new labor law.

Palestine Armistice

(Continued From Page One)

the United Nations Palestine partition resolution of November, 1947, allotted to Israel.

It is Israel's dream to develop agricultural production and mineral resources of the Negev.

The armistice calls for the demilitarization of all Egyptian-held Palestine, authoritative sources said.

They reported the demilitarization zone on the Egyptian side extends to, but does not include, the big Egyptian military camp at El Arish, on the coast 30 miles inside Egypt.

On the Israel side, the demilitarization line runs through but does not include Beersheba, strategic road center which the Jews captured last October. The UN partition plan placed Beersheba in Arab territory.

The agreement permits the Jews to station military forces at Beersheba, a point which Egypt opposed until the end of the talks.

Civil Service Bill

amination periodically.

L. T. Murray, former mayor of Waco, said the bill was "an invasion of cities' rights to handle their own affairs."

J. C. Muse, jr., city attorney of Highland Park, made the closing speech for the opponents. He termed the bill "nothing but a pressure group asking for a closed shop and a union contract."

"If you are going to take over control of our police and fire departments, then why don't you set up state institutions and agencies in every city and town?" he asked the subcommittee.

Vick, chairman of the group, said the subcommittee would continue its study of the bill and report back to the entire committee in the near future.

Chrysler Corporation Announces Price Boosts On All '49 Models

DETROIT, Feb. 23. (INS)—The Chrysler corporation Wednesday announced price tags on 1949 models will be marked up close to seven per cent.

The automotive firm reported the Detroit factory retail prices will average 6.66 per cent more than prices of previous models with comparable equipment.

Chrysler will introduce its new Plymouth, Dodge, De Soto and Chrysler lines sometime next month.

The lowest priced model will be the three-passenger Plymouth deluxe coupe at $1,295, exclusive of taxes. The factory retail price on the four-door Plymouth special deluxe will be $1,540. Dodge price tags will range from $1,525 for the three-passenger coupe to $2,206 for the Dodge Coronet convertible coupe.

The Chrysler line will start at $2,002 for the Royal Club coupe. De Soto dealers will show the deluxe coupe at $1,871 as their lowest priced model.

David Rizzio, secretary and favorite of Mary, Queen of Scots, was born in Turin, Italy, and came to Scotland in the train of the ambassador from Piedmont.

RAILS SLOW MARKET

NEW YORK, Feb. 23. (AP)—Weakness in railway stocks helped send the entire market lower today.

It was the fourth overall decline in a row and carried the general price level within a shade of the lowest point in around 11 months.

Losses ranged from fractions to an extreme of 3 points or so, some issues hitting new 1948-49 lows. For a short while in the morning fractional gains predominated.

Selling pressure never amounted to much but, in view of cool to frosty demand, was enough to force quotations down all along the line.

The poor performance of carrier stocks was linked with the January report of Southern Pacific, the first covering operations in those sections in the central western section of the country which have been pounded by vicious winter weather.

Southern Pacific reported January gross of $40,590,117 against $45,363,292 a year ago. A net operating income of well over $3,000,000 a year earlier was converted into a net operating loss of about $600,000 for this January.

Not since January 1938 has the road shown a net railway operating deficit for that month.

Southern Pacific closed 1¼ lower at 42, Santa Fe dropped 3 to 89, Union Pacific 1½ to 79½ (a new 1948-49 low) Great Northern preferred 1⅛ to 37½, and Norfolk and Western 2⅜ to 50¼. N. Y. Central also scored a new low for the past year with a fractional dip to 10½.

The Associated Press average of 60 stocks lost .6 of one point at 62.3 On Feb. 11 the price level fell to 62.1, the lowest since March 18.

Of the 974 issues which changed hands, 565 declined and only 189 advanced.

Aside from one or two flurries of activity, business remained slow.

Cotton

NEW YORK REPORT

NEW YORK, Feb. 23. (AP)—Cotton futures were irregular today in moderately active dealings, featured by evening-up operations in nearby March and switching from March to later months. There were only two March transferable notices issued on first notice day which induced a good deal of covering. Gains extended to $1.10 a bale before the market reacted partially on increased hedging and profit taking. New crop deliveries lagged on the advance, reflecting the larger cotton crop acreage prospects this year.

Futures closed $1.05 a bale higher to 30 cents lower than the previous close.

Grain

FORT WORTH REPORT

FORT WORTH, Feb. 23. (AP)—Wheat No. 1 hard, 2.42½-2.47½.

Oats No. 2 white 94¾-95¾.

Corn No. 2 white 1.56¾-1.60¾.

Sorghums No. 2 yellow milo, per 100 lbs 2.67-2.72.

CHICAGO REPORT

CHICAGO, Feb. 23. (AP)—Grains closed with moderate gains on the board of trade today, paced by strength in corn. The yellow cereal gained more than a cent, largely reflecting small arrivals of cash corn here. The total for the past two days was 66 cars.

Wheat was helped by a boost in the price the government will pay for cash wheat in the Southwest, plus some concern over prospects for the winter wheat crop in western Nebraska. Oats did not do as well as other ceerals. Soybeans were held firm and lard mixed.

The market advanced most of the morning, but ran into a sharp sinking spell shortly before the close. Gains in deferred contracts were wiped out. But the market then turned about and rose again in the last 15 minutes with trading active.

Wheat closed ⅜-1½ higher, May $2.15½-⅝, corn was 1¼-1⅜ higher, May $1.28⅝-½, oats were ⅛ lower to ⅛ higher, May 67¼-⅜, rye was 1⅛ higher, May $1.28¾, soybeans were unchanged to 3 cents higher, March $2.32¾-2.33¾, and lard 10 cents lower to 5 cents a hundred pounds higher, March $12.87.

ENGLAND NEEDS SCIENTISTS

STAFFORD, England (AP)—Britain needs at least 200,000 scientific and technical workers—twice as many as it has now—says Dr. C. P. Snow, wartime director of scientific appointments for the government. Opening new electrical training laboratories at Staffordshire county technical college, he said that "the scarcity of scientists is a problem more vital than the shortage of raw material." At present Dr. Snow is director of technical personnel for the English Electric Co. at Stafford. The company contributed $40,000 worth of equipment to the college and gives its apprentices time off to attend school.

ROSS UNDERGOES SURGERY

SHIP LOSES COBRAS

SINGAPORE — (AP) — Eight months ago a Royal Navy fumigating party at the Naval Base here killed a six-foot cobra discovered aboard the minesweeper Test. Since then the Test has been alongside the dock. This week the vessel got another fumigation. Three yard-long king cobras were killed. Fumigation experts believe the latest bag of snakes were hatched from eggs left by the one killed eight months ago.

Mr. and Mrs. R. O. Bennett of 2622 Twenty Second street left yesterday to attend the funeral of Mrs. Bennett's father, J. M. Brumley, 84, in Ozark, Mo. Bennett is the owner of the Bennet Motor company.

The body of Second Lt. Billy R. DeLoach, son of Mr. and Mrs. W. G. DeLoach of Sudan route 2, has been returned to this country aboard the U. S. Army transport Dalton Victory, relatives have been informed. DeLoach, who had resided in this area all his life, was killed Aug. 9, 1944, in Burma. He was graduated from Sudan High school in 1938, and joined the Air Force in October, 1942. Reburial arrangements will be made after arrival of the body from the regional distribution office of the American Graves Registration service. Other survivors of DeLoach include his wife, Mrs. Leo Baker, of 105 N. Temple, and one son, Billy Roland DeLoach.

A. B. Bryant, of 3110 Thirtieth, last night was reported to be in satisfactory condition at West Texas hospital after undergoing massive skin grafts there Tuesday. Bryant, a service man for Southwestern Public Service Co., was severely burned Jan. 7 when he accidentally came into contact with a high voltage electric power line.

Mr. and Mrs. J. H. Williamson of 1606 Ave. Y have just returned from Tulsa, where they visited their son, Gwen, and his wife who have recently become parents of a baby boy.

A slight improvement last night was noted in the condition of Rev. A. F. Laing, pastor of First Church of the Nazarene here, an attendant at Lubbock Memorial hospital reported. Rev. Laing suffered a heart attack while golfing Tuesday afternoon.

another think coming.

"No commentator or columnist names any members of my cabinet or my staff. I name them for myself. And when it is time for them to be moved on, I do the moving—nobody else."

Pearson Gives Answer

Pearson in commenting later said:

"If Mr. Truman is trying to discourage the right of fair comment, then he, too, has another think coming.

"The men he has on his staff are his business—even though the taxpayers have to foot the bill. But when his staff members accept medals from a military dictatorship whose principles this government has denounced, then it's the public's business and should be Truman's"

Meanwhile, the President of the American Council of Christian churches asked Mr. Truman to apologize to the American people for using his "S. O B." tag.

Minister Scores Language

The Rev. Carl McIntire, of Collingswood, N. J., said in a telegram to the Chief Executive that his language was "an offense against Christian people, degrading to our youth and humiliating before the nations of the world."

The Mexican citation said Vaughan "served his country with distinction in both world wars," and added:

"The Mexican government has been pleased to award General Vaughan this distinction as a token of its recognition of his efforts in behalf of the cause of inter-American solidarity and of his friendship for Mexico."

Others awarded the Mexican medal included Gen. Carl A. Spaatz, Gen. Jacob L. Devers, Rear Admiral James H. Foskett, Rear Admiral Clifford A. Swanson, and Air Force Major Paul B. Miller.

Others Get Decorations

Pearson, who picketed the Argentine embassy the night Vaughan received the "dictator" decoration, previously had said in a broadcast that the aide's action "partly nullifies" Mr. Truman's "words about saving Democracy."

The President's initial response was that there would be no criticism of Vaughan "if he were not my military aide." In support of this, the State department today released a list of 19 U. S. officers who have been decorated by Argentina.

The list included such outstanding names as Gen. Omar N. Bradley, Gen. Devers, Gen. Courtney H. Hodges, Lt. Gen. Albert Wedemeyer, and Lt. Gen Willis D. Crittenberger.

Vaughan's foreign decorations, incidentally, are not available for him to wear immediately. Although he can formally accept them, he cannot legally accept them without permission from Congress.

The State department has placed them in a safe. They will be returned to Vaughan when he leaves his government post.

Federal law prevents government employes from accepting foreign decorations unless it is authorized by Congress.

WATER PLAN HIT

MIDLAND, Feb. 23. (AP)—Reservoir-building plans of the Colorado River Municipal Water association do not meet with the approval of the Midland city council. The council last night went on record as "not favoring" the plan as now drawn up. The association wants a reservoir built on the Colorado northwest of Colorado City from which water would be piped to Big Spring, Midland and Odessa.

Artie Reed Paces Loop Bowling Match

A 605 series was rolled by Artie Reed last night in a Commercial Bowling league match, but Hemphill-Wells lost three games to the league leading Russell - Hardin keglers.

The high individual game went to Reed also with a sizzling 231. Bennie McNeely rolled 226-542 to head scoring for the winners.

Southwestern Public Service took two games from Blue Bonnet Laundry. Norma Crossland splintered the wood for a 202-529 series for Southwestern and was matched by Blue Bonnet's Silver Behrens, who carded a 199-529 series.

Flo Christensen bowled two 183 lines and totaled 503 for the series to help Penrods to two games over Glassman's. Ruth Vautilburge came through with 177-464 for the losers.

In the final match, Home Lumber and Supply won the first two games from Lubbock Tailoring, but dropped the third. Minnie Turner turned in a 175-484 series for the winners, and Helen Henkel toppled the pins for a 176-461 series for the tailors.

Two busloads of boosters for the San Angelo fat stock show had their tour delayed at Del Rio. They left at noon to return to San Angelo over highway 163 via Ozona and Comstock.

Skies were cloudy over most of the state Wednesday. Rain fell at many points. These included Abilene, Austin, Beaumont, Brownsville, Dallas, Fort Worth, Houston, San Antonio, Waco, Corpus Christi, Galveston, Victoria, Laredo, Junction, Tyler, Mineral Wells, Bryan, Wichita Falls, Lufkin, and Texarkana.

For the 24 hour period ended at 6:30 p.m. Fort Worth had 1.47 inches; Dallas .88; Abilene .72; Waco .67.

At 8:30 p. m. rain still was falling at Dallas, Houston, Waco, Mineral Wells, Fort Worth and Texarkana.

More rain was expected in the upper coast and in northwest Texas Thursday. Mostly cloudy skies were in prospect for east Texas; partly cloudy for West Texas.

Temperatures were mild over Texas Wednesday. They will remain so through Thursday, the U. S. Weather bureau said.

NORTHWEST WATCHFUL AS NEW FLOODS THREATEN

(By The Associated Press)

Mild weather and melting snow developed new threats in the touch-and-go flood situations in the northwest.

The mercury rose above the freezing mark over much of the deep snow area of the northwest plains and mountains. However, snow deposits in many high altitude localities, northeastern Montana and all of North Dakota remained firm as cold weather lingered.

Widespread rains ended in Washington, Oregon and northern California, and serious flooding of the Klamath river near U.S. highway 101 appeared averted.

Local flooding was reported in some areas of the Missouri headwaters. Corvallis, in western Montana, and hundreds of acres of surrounding farmland were standing in one to two feet of icy water. A flash flood rolled down from the Sapphire mountains as temperatures rose to near 50 over the deep snow there.

lems, such as the German situation.

State department sources profess that no decision has been made on having the pact signed by the foreign ministers. However, because of the prestige it would give this history-making alliance, diplomats felt that such a ceremony must take place.

Ceremony Site Undecided

It has been suggested that the signing take place either at Ottawa, Washington or Bermuda. The time suggested has been about the middle of March.

Washington is said to be looked on unfavorably because of the danger of demonstrations of dissident groups. The British reportedly favor Bermuda. However, there is considerable support for a meeting on the North American continent because of the contribution both the United States and Canada are making.

For these two powers it constitutes an historic step. Neither before has been so flatly committed in advance to participation in European affairs.

Wallace's Warning

pearance in Washington since his crushing defeat in the Nov. 2 elections.

The former cabinet member called upon Mr. Truman to open negotiations with Moscow for establishment of a way in which the U.S. and the Soviet Union can live together peacefully.

He said he believes Russia wants peace but that a long-term ideological conflict between capitalism and Communism is "inevitable." Wallace added:

"My concern is to see that it does not culminate in war."

In reply to questions by Rep. Judd (R-Minn), Wallace declared that U.S. aid to Greece and Turkey is designed to "protect the British empire and our oil industries in Saudi Arabia."

Everybody Losing Cold War

Wallace admitted, however, that should Russia win control of the Dardanelles and the Red sea there would be a "serious threat to peace." Asked whether he would favor going to war with Russia if she seized control of Turkey, Wallace replied:

"If Russia did move in with troops it would be very hard for me to oppose that kind of war. But I think Russia has too much good sense for that."

Wallace contended Russia's cold war moves "have been largely counter to something we have done." He said that neither the U.S. nor Russia is winning the cold war, but that everybody is losing it.

Rep. Lodge (R-Conn) observed that Russia is building more warplanes than the U.S.

Wallace said he assumed if this is so the Soviet planes are largely fighters designed to intercept American bombers.

by the State Medical association was an about-face.

Chiropractors have long tried to get such a bill. The one introduced in the Senate this session by Senator Pat Bullock of Colorado City sets up a board to examine and license chiropractors.

The State Medical association always before had opposed such a bill and instead endorsed the minimum standards measure requiring all practitioners in the healing arts to pass the same examination. Chiropractors called this unfair, saying their practice was different from medical doctors.

The Senate Health committee recommended passage of the minimum standards bill after a hearing last week.

New Mexico Senate's Gas Tax Hike Protested By House Group

SANTA FE, N. M., Feb. 23 (INS)—Skirmishing began today in the House of the New Mexico legislature against the seven-cent gasoline tax recently passed by the Senate.

The tax represents a hike of two cents a gallon.

Rep. Max Cabber of Roswell and others began wearing miniature frying pans dangling from their lapels, objecting to the raise. "Five cents is plenty" is their slogan.

As another bit of strategy, Cabber and associates introduced a bill to reduce the gas tax from the present five cents to four cents.

Gen. Clay Says Russians May Set Up Eastern German State

By RICHARD WEIL
INS Staff Correspondent

BERLIN, Feb. 23—Gen. Lucius D. Clay declared tonight there is a "strong probability" that the Russians will establish a Communist East German state ahead of the projected West German federation sponsored by the Allies.

The U. S. military governor said in an exclusive interview with International News Service that the most likely time would be the interim period when a West German constitution is awaiting popular ratification.

The United States, Britain and France have been working toward creation sometime this year of the West German federation which Moscow has been trying to prevent.

New Moves Doubted

Gen. Clay said that civil war in Germany, after any withdrawal of occupation forces, "is a possibility we must consider," adding:

"The main question will be how far East Germany is prepared to attempt an amalgamation with West Germany by force.

"There are no definite indications that such force is planned, but we cannot ignore the establishment and increase of a Communist-indoctrinated political police force in East Germany."

Clay said he doubted the Russians would attempt any new moves in western Germany at present because "though the Communist apparatus is still strong and functioning in West Germany the Communists lack the manpower to support any decisive blow."

Soviet Pressure Continues

The military governor emphasized that establishment of an East German state by the Russians "will not affect our position in West Germany nor in Berlin," and added:

"We will continue the political and economic reconstruction of the western zones and we will remain in Berlin regardless of who lays an unauthorized claim to our sectors of the city."

The general stressed also that there is "no noticeable abatement of Soviet pressure in Germany and none is expected."

Gen. Clay said that new anti-smuggling control measures have reduced the illegal flow of goods out of West Germany "but we still have far to go."

The governor said that a major problem is that in exchange rates the western deutschemark is three times higher than the legal rates, "enabling illegal dealers to purchase large quantities of German goods at prices automatically guaranteeing them a 300 per cent profit."

Gen. Clay said that the Russians "undoubtedly are getting a portion" of goods smuggled out of western Germany, but are not the prime movers in the operations.

Dana Andrews Plans Return To Europe For Top Role In Gangster Film, 'Paradise Lost'

HOLLYWOOD, Feb. 23 — Dana Andrews, who has been home from Europe just a few months, takes off for Italy in three weeks to star in "Paradise Lost," for Leo Spitz and William Goetz. The popular Dana was borrowed from Sam Goldwyn who owns half his contract.

When I heard the title "Paradise Lost," I immediately thought of Milton. But this is a 1949 "Paradise Lost" and is the story of a gangster who goes to Italy with millions, but doesn't find happiness. I suggested that it might be Lucky Luciano's story and was promptly shouted down.

While all the beautiful natural scenery around Naples and other Italian villages will be utilized, all interiors will be made at the Universal-International home studio.

Wouldn't you know with all the publicity the Hollywood "Raffles" is getting that someone would announce a picture based on the exploits of a fictional society burglar? Marine Reserve Unit Will Meet Tonight

The Lubbock Marine Corps Reserve unit will hold its weekly meeting at 7:30 p. m. today at the Naval Armory on the Texas Tech campus.

A movie entitled "West of Waikiki," will be shown.

The local unit, which was formed Feb. 9, is at present conducting a membership drive. Leaders of the unit said Wednesday that men interested in joining the unit will find that it offers a number of opportunities.

They pointed out that it enables former service men, no matter which branch of the service they were in, to retain their former rank, and to draw pay for attending weekly meetings. Free correspondence courses also are offered to those who join the unit, as is a non-compulsory paid two-week summer encampment at Camp Pendleton, Calif.

Unit leaders have invited all interested high school boys, college men, and former service men to attend tonight's meeting.

Mardi Gras Revelers Hamper Search For New Orleans Killer

By PAT McDONNELL
INS Staff Correspondent

NEW ORLEANS, Feb. 23.—Plainclothesmen and uniformed police filtered through the gay celebrators in New Orleans today in search of the Mardi Gras slayer of Virginia multi-millionaire James A. Mahoney.

Detectives methodically checked the Vieux Carre night spots and scanned thousands of faces in their effort to track down the bludgeon-murderer of the Bristol, Tenn.-Va. land owner and financier.

The 56-year-old bachelor was found dead in a bloodied bed of his New Orleans hotel room yesterday. Police said Mahoney's neck had been broken with a towel and his skull smashed.

Nothing 'Unusual' Reported

Yet, other persons near Mahoney's room had not heard anything unusual at the time the multi-millionaire is supposed to have been slain.

Police say they are seeking a heavy-built man of six-feet, one-inch and 52 years of age.

Authorities said this man has a criminal record dating back to 1933. Police refused to divulge the name of the suspect, but added that the man was seen drinking with Mahoney in a cocktail lounge just a few hours before the murder occurred.

Armed Pair Arrested

Two armed juveniles, meanwhile, were arrested in Pass Christian, Miss. Police were bringing them to New Orleans for questioning.

The pair, however, denied any part in the strangulation and death-beating of Mahoney.

Police admitted that the Mardi Gras crowds made the job of checking all the known haunts of the underworld characters extremely difficult.

A round up of more than a score of police characters and French Quarter habitues in New Orleans, meanwhile, brought no other new leads.

Investigators said the motive for the murder was probably robbery.

Mahoney's wallet was gone when police found his body. Some $1,400 in travelers checks, however, were left untouched. No jewelry was found in the room.

STRANGE BONES DUG UP

DECATUR, Ind. (U.P.) — Workmen unearthed a cache of strange bones which local authorities believe may be interesting study for midwestern archaeologists. The bones, embedded in a huge skelton-like formation, were dug up by a steam shovel crew. Whether the remains are an age-old dinosaur or Indian burial ground, authorities did not know.

Removal Action Voted 35 To 25

By BO BYERS
Associated Press Staff Writer

AUSTIN, Feb. 23 — The State Democratic executive committee split sharply today on the Wright Morrow issue, a slim majority voting to press action for removal of the Houston man as national Democratic committeeman from Texas.

They asked that he be replaced by Byron Skelton of Temple.

Strength of the anti-Morrow faction was shown when the committee voted 35 to 25, in favor of a resolution expressing the group's "adverse feeling toward Wright Morrow."

Morrow Forces Gain

Though the opposition to Morrow held the whip hand, its strength was considerably less than that of three months ago. At that time, Morrow forces mustered only six votes against a resolution attacking Morrow and asking the national committee to recognize Skelton as the member from Texas.

Today, those opposing continuance of Morrow as national committeeman charged he has not been loyal to the Democratic party.

By voice vote, the committee aprroved a motion calling for Chairman John C. Calhoun of Corsicana to appoint a three-man group to appear before the national Democratic committee and to take any action necessary to secure approval of Skelton as national committeeman.

The action was taken despite warnings from Grover Sellers of Sulphur Springs, Everett Looney of Austin and others that continuation of the factional feuding will split the party in the 1950 and 1952 elections.

The motion to name the committee to work for Skelton's cause was made by Charlie C. Gibson of Amarillo.

Urge Poll Tax Repeal

In other business of the day, the committee approved resolutions by the legislative subcommittee urging passage of state legislation to repeal the poll tax as a requirement for voting, to establish a voters registration system, and to secure a secret ballot.

The committee also pledged itself "to fight for repeal of all anti-labor laws in Texas."

Bickering over Morrow began early.

W. G. Hall, Dickson, finance committee chairman, said in his report: "It was evident that the overwhelming majority of the state Democratic executive committee preferred to raise such funds as the state Democratic par-

Indications Good At Scurry Test

More indications of a new oil field in southwest Scurry county were shown on a second drillstem test in the Canyon lime of the Pennsylvanian at Humble Oil & Refining company No. 1 Bishop, wildcat 13 miles southwest of Snyder.

The examination was for 42 minutes at 6,665-80 feet. Gas reached the surface in four minutes and oil in 25 minutes. It flowed for 17 minutes at the estimated rate of 50 barrels of oil per hour through a ⅝-inch choke.

Pressure Is Reported

Gas-oil ratio was estimated as 700-1. Flowing bottom hole pressure was 900 pounds. Shutin bottom hole pressure after 17 minutes was 3,050 pounds.

A Schlumberger survey, was to be run prior to cemented pipe on bottom. It is then to attempt completion as a new discovery.

Location is 660 feet from south and west lines of section 164, block 97, H & TC survey.

Is Drilling Aboard

In west Lynn county, McAlester Fuel company No. 1 Edwards, slated Ellenburger wildcat, 440 from south and west lines of section 58, Georgetown RR survey, was drilling ahead from 11,217 feet in dolomite with no shows.

The current formation is unidentified. Observers think it might be Ellenburger.

The second producer from the Shafter Lake-Ellenburger pool in north-central Andrews county has been completed at Texas Pacific Coal & Oil company No. 1-F University, 660 feet from south and 1,980 feet from east lines of section 13, block 13, University survey.

On an initial production test, the well flowed 24 hours through a 26/64-inch choke to make 1,561.18 barrels of oil. Gravity of the petroleum was 42.5. Gas-oil ratio was 297-1. There was no water.

The Ellenburger pay at 11,660-11,819 feet was previously acidized with 7,000 gallons.

Preparing To Acidize

Lone Star Producing company was preparing to acidize the lower Canyon lime of the Pennsylvanian at its No. 1 Maule, apparent west extension to the North Snyder field of North-Central Scurry county.

Second School Bill Gets Senate Okay

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Feb. 23.—The second of the Gilmer-Aikin school bills was finally passed by the Senate today dented by three amendments that were violently opposed by proponents of the plan.

The vote on final passage was 27 to 2. The bill now goes to the House where it faces rough going.

Opponents of the plan fought it through more than five hours of wrangling over pot-shooting amendments.

Ruling Asked On Funds

The bill finally passed was Senator Ottis Lock's measure setting up a minimum program of public school education and providing the embattled economic index method of financing it.

West Texans Oppose Plan

Senators from West Texas led by Grady Hazlewood of Amarillo charged the bill as written discriminated against and worked a hardship on schools in sparsely settled areas.

Hazlewood's amendment under which districts having fewer than one school child per 100 square miles would be guaranteed as many teachers under the new plan as they have now, was the first adopted. It was also the first solid lick against the entire Gilmer-Aikin structure.

It was approved 16 to 13.

Other Amendments Lose

Hazlewood's second amendment, boosting the transportation allowance in the areas of great space and relatively small population, was the second adopted. It was also the second successful assault on the plan.

The third was an amendment by Senator Gus Strauss of Hallettsville, knocking out a section of the bill under which school bus drivers who pick up any but public school children would be subject to penalties. It was approved by voice vote after a motion to table lost 17 to 11.

Senator Rogers Kelley of Edinburg earlier had sent up a series of seven amendments, all opposed by backers of the school reorganization bills. They were batted down in order.

One of these would have provided that in school districts having 2,000 or less children and in which there were one or more private or parochial schools, the average daily attendance would be figured by combining the average attendance of both types of schools.

It was tabled on motion of Senator Jim Taylor—author of the first Gilmer-Aikin reorganization bill that passed the Senate last week.

Taylor said the Kelley amendment would discriminate against districts where there were no private or parochial schools.

Strauss contended the amendment would be of benefit to Southwest Texas.

Kelley assailed the minimum foundation bill as one that would "ruin" and "gut" some schools in southwest Texas and other areas. Hazlewood said if adopted without his amendments, it would close some schools in the Panhandle, or force children to ride a bus more than 100 miles a day to find a school with good facilities.

Taylor said he did not consider the amendment damaging.

"Just the other way, I think the 27 to 2 final vote will help the plan in the House," Taylor told reporters. His bill was approved by a 16 to 8 vote last week.

Two senators who voted against the Lock bill were Strauss and Kyle Vick of Waco.

The Lock bill sets up a minimum program of education designed to give Texas children the best opportunity possible to go to school. It provides teacher-pupil quotas to insure an average of one teacher for each 26 students, and would boost the minimum pay of first year teachers from $2,000 to $2,400 a year.

It determines the share each local district would pay in proportion to what all other districts pay. The local cost has been estimated at 45 million dollars, or one-fourth of 180 million dollar total.

Public school bills had embroil-

Lamesa Assault Trial Set Friday

LAMESA, Feb. 23 (Special)—Trial of two men, charged with aggravated assault in connection with the severe beating Friday of School Principal Ray Culp, has been scheduled for 10 a.m. Friday, it was announced following a preliminary hearing today before County Judge R. W. Herndon.

R. D. Taylor, a farmer, and Jack Aldridge, a trucker, allegedly beat Culp on the front porch of his home here Friday night, after Culp reportedly had struck Taylor's son a number of times with a rubber hose as a matter of school discipline.

George Thomas, Big Spring attorney, will represent the defendants in the court action, it was said, and County Attorney Vernon D. Adcock, assisted by Carl Rountree, Lamesa attorney, will represent the state.

Taylor has been released on posting of $1,500 bond, and Aldridge on a bond of $1,000.

Police Hold Five In Kansas Bank Robbery

ALMA, Kan., Feb. 23. (INS) — Alma's First National Bank was robbed today of about $5,000 by four gunmen and four suspects were seized a short time later with a fifth man alleged to have been the driver of the getaway car.

Two of the seized men were taken to Alma for questioning and the three others to Topeka. Authorities withheld the names of the five.

The four unmasked gunmen, all negroes, forced bank Cashier Harold Schmitz, President Otto J. Hess and three other employes to lie on the floor while they scooped up the cash.

None of the bank employes were molested, however.

Two of the suspects were nabbed 10 miles east of Alma. The three others were seized in nearby hills. None offered resistance to arresting officers.

Goal For Red Cross Hiked

Mrs. J. H. Stiles, executive secretary of the Lubbock chapter of the American Red Cross, and Homer Hensley, chairman of the local 1949 Red Cross fund campaign, spoke Wednesday on the program of the weekly Exchange club luncheon in Hotel Lubbock.

Mrs. Stiles discussed local aspects of Red Cross work, citing case histories and statistics which illustrated the role of the organization in Lubbock. She referred briefly to such Red Cross programs as first aid training, home nurse training, lifeguard training, blood bank, service to armed forces members and veterans, and Lubbock's disaster preparedness plan.

Plan Said Complete

The disaster plan for Lubbock, Mrs. Stiles explained, has been worked out in great detail, and is ready to be launched on a moment's notice should the occasion ever arise.

Hensley talked on the national Red Cross picture, citing figures which showed the part taken by the organization in disaster work last year, and during the Midwestern blizzards early this year.

The fund campaign goal of the American Red Cross has been set at $60,000,000 for 1949, as compared to $75,000,000 in 1948, Hensley said.

Lubbock Goal Higher

Despite the national decrease, however, Lubbock's 1949 goal of $26,618 will be slightly higher than the 1948 figure here. Hensley explained that the local increase is due primarily to the establishment of the blood bank, and of separate Red Cross headquarters here. These two activities have increased considerably the annual operating costs of the local unit, he said.

The two speakers were introduced by Al Marcus, program chairman.

Guests introduced included Dr. Lee Hewitt, John Shropshire, Nelson Bardwell, H. D. Phillips and James Cathey.

Charles Cathey presided at the luncheon, with invocation by Warlick Carr.

Margaret O'Brien's Objections Almost Halts Mother's Wedding

NEWARK, N.J., Feb. 23. (INS)—The mother of Margaret O'Brien said today she almost cancelled her wedding to orchestra leader Don Sylvio "at the last minute" in Palm Beach yesterday because of the child film star's objections.

Mrs. Sylvio said the solemn-faced Margaret, who cried throughout the ceremony in Miami yesterday, "probably thought it would break up the friendship between Margaret and me."

She added, "But of course it won't."

Margaret, who arrived at Newark airport by plane from Miami with her mother, aunt and tutor, said her new stepfather is "very nice." She said she didn't know why she wept at the wedding.

Asked if she thought it would be pleasant to have "a man around the house," the 12-year-old star, whose father died four months before she was born, replied:

"Oh, yes."

CROP PLANTING CURBS OPPOSED

Texas Group Urges Approval Of Domestic Cotton Allotment Plan

By TEX EASLEY
Associated Press Staff Writer

WASHINGTON, Feb. 23.—The so-called domestic allotment program for cotton was advocated today by a group of Texans.

A leading advocate of the plan, who called at various congressional offices to outline his views, was Texas state agricultural commissioner J. E. McDonald.

Restrictions Opposed

Under the program, American cotton farmers would be guaranteed a fixed income for that part of their crop sold at home and could then sell the balance on the world market at whatever it would bring.

The government would allot the amount a grower would produce for domestic consumption, leaving him free to plant in any quantity for foreign markets.

"When we restrict our cotton planting," McDonald told a reporter, "we play right into the hands of both the foreign growers and the manufacturers of synthetic fibers."

Similar views were expressed by Cleve Tandy of Brownsville, who grows cotton near Los Fresnos, Tex. He came here with F. M. Vining, of Weslaco, and James D. Ward, of San Benito.

Two-Price Plan Favored

"We strongly urge that Congress enact a two-price system for cotton," he said.

"Every grower then can be guaranteed a fair income on his share of cotton which will be used here at home. He can use his own judgment as to how much to plant for foreign trade, and the risk is his own."

McDonald said his primary reason for coming to Washington is to discuss with Agriculture department officials the possibility of getting citrus plantings shipped to Texas from Florida nurseries.

Some Texas growers have expressed an interest in obtaining Florida plantings because of the recent severe freeze that damaged their own groves, he said.

ACCUSED TRAITOR TAKES STAND

'Axis Sally' Says Fear Made Her Swear Allegiance To Germany

By FREDERIC TUTTLE
INS Staff Correspondent

WASHINGTON, Feb. 23 — "Axis Sally" told her treason trial jury today that because she feared for her life she signed a "written oath of allegiance to Germany" the day after Pearl Harbor.

American-born Mildred E. Gillars, "Sally" of wartime Nazi propaganda broadcasts, testified the oath of allegiance was demanded of her after she "went to pieces" when the Japanese sneak-bombed Hawaii.

The silver-haired, 48-year-old defendant took the stand for the first time in her own defense and declared that she criticized the Japanese violently.

Criticized Japanese

Miss Gillars, who faces a possible death penalty if she is found guilty, is charged by the government with betraying her own country by playing a key role in Hitler's Psychological warfare of the radio.

She said that after she criticized the Japs, Johannes Schmidt-Hansen, chief of the German "Sender Bremen" radio station, informed her she could not return to work unless she affirmed in writing her loyalty to the Nazis.

The accused woman dramatically related the incident after declaring that her love for America was "quite beyond a question of doubt."

Miss Gillars, whose voice rose with emotion, said she heard of the Pearl Harbor attack on Dec. 7, 1941, while she was at the Bremen radio studio. She said:

"Lost All Discretion"

"I was so shocked I lost all discretion and told the Germans what I thought of the Japs."

Miss Gillars, clad in a black dress and her eyes sometimes brimming tears, said that the studio "monitor," named Christiani, then informed her not to return to work that evening and to go to the office of Schmidt-Hansen the following day.

She testified that as a result of her visit to Schmidt-Hansen's office she signed a statement to the effect that "I swear my allegiance to Germany." Defense counsel James J. Laughlin asked:

"Why did you sign?" "Sally" answered:

"I think it's obvious."

Laughlin then asked whether she signed "to save your life." "Sally" replied dramatically:

"I signed it in order to live."

Tells Of Interview

Miss Gillars, describing her interview with Schmidt-Hansen, said "He just stared at me across the table." She continued:

"He told me he had heard about my remarks the preceding day and hoped I understood the seriousness of the situation and that I could not resume work until I submitted a written oath of allegiance to Germany."

Laughlin then asked "Sally":

"Did you ever do anything to hurt the United States?" Sally responded:

"Never."

At one point during her testimony, "Sally" said she was "accused of sabotage" by the Germans in 1941 and had some of her work taken away.

Earlier, she told the jury privation and hunger started her on the road that led to a top spot among wartime German propagandists. She said that hardship dogged her days when she was a stage-struck girl in the U. S.

During the 1948 North American horse racing season, 114 track records were broken, including four American marks and two world records.

'Juke-Box' Songster At Revival Service Lands In City Jail

A 51-year-old man took such enthusiastic part in Northside Assembly of God church's revival service Tuesday night that the police carted him off to jail and fined him $50.

Two radio patrolmen, J. H. Schenk and J. D. Atchison, said in their report they had slight difficulty in agreeing with the church's pastor that the defendant had gone to an inappropriate place to join in the singing.

For when the congregation began singing gospel hymns, the defendant bore down on a popular juke-box hit widely known in the high country and in-between as "Tennessee Saturday Night."

For benefit of those whose repertoire doesn't include the ditty, it takes off with something like:

"Somebody takes off his brogans and knocks out the light;
They all go native on Saturday night."

And moves into an explanation that those who go for a stroll with their girl are not bothered with much moonlight, because the pines are so tall.

If anyone stays to hear any more—and the church congregation was taken so by surprise that all members apparently did—the song goes into the alleged merits of dancing and drinking all night, and says that all take cognizance that the other fellow packs a gun and if you start a fight there'll be a funeral.

Or something to that effect, according to the police.

At any rate, the congregation, the minister, and Schenk and Atchison agreed the church could get along under its own selection of songs—without the unscheduled soloist. The church is located at Madison and North Second.

The charge was drunkenness, City Recorder J. Solon Lea said.

Feather Processing Factory Destroyed In Brownwood Blaze

BROWNWOOD, Feb. 23 (U.P.) — Two Navy veterans' dream of making this the "feather capital of the world" was reduced to ashes early today.

Fire swept through the Texas Feather Processing plant, destroying the two-story sheet metal building and 40,000 pounds of feathers, most of them processed.

Feather drying machinery was saved, but it was uncertain that the building would be rebuilt.

Twenty-two workers were employed in the feather factory, set up in October, 1946, by William C. Carpenter and James G. Mitchum, Naval veterans who developed an exclusive assembly process and declared their intention of making Brownwood the world's leading feather center. The building was owned by Tom W. Posey.

Oil Cementing Firm Lists Net Income Of $6,597,443

DALLAS, Feb. 23 (AP) — Directors of the Halliburton Oil Cementing Co. today declared a quarterly dividend of 37 and a half cents per share, payable March 30 to stockholders of record on March 20.

Earle T. Halliburton, chairman of the board, reported the company's consolidated gross income for 1948 was $55,062,182, compared with $40,862,690 for 1947.

Net income was $6,597,443 for 1948. The previous year it was $4,801,687. Halliburton said earnings per share were $5.02 last ye[ar] compared with $3.66 th[e] before.

Chicken In A-Bombed Area Of Japan Laying 'Unorthodox' Eggs

NAGASAKI, Feb. 23. (U.P.)—Eggs that aren't egg-shaped may be one of the results of atomic warfare unless a local hen is playing tricks on residents of this atom-bombed Kyushu city.

Japanese atomic researcher Dr. Takushu Nagai of Nagasaki Medical college has begun investigations to find out whether latent effects of atomic radioation could cause a hen to lay unorthodox eggs.

Dr. Nagai began investigations after a pet hen belonging to a 14-year-old school girl in nearby Sasebo started turning out gourd-shaped eggs, colorless eggs, yokeless eggs, one completely empty, and one egg with a hole in it.

French And Italian Communists Launch Attacks On New 'Fronts'

By J. M. ROBERTS, JR.
Associated Press Staff Writer

French and Italian Communists, who launched the most recent so-called Russian "peace offensive" with statements about the possibility of cooperation between East and West, now have taken a new tack.

In both countries, with occasional lapses, the Communists have generally avoided direct conflict with nationalism. They have sought to present their programs as local, and played down their connection with the Lenin-Stalin world revolution.

Now they take direct issue with some of the greatest forces which oppose them.

Take New Tack

Maurice Thorez, secretary-general of the party in France, says that, if Russian troops ever begin to occupy his country, French people should not resist.

Palmiro Togliatti of Italy has openly attacked the Pope.

Thorez, although stirring up a hornet's nest, was merely amplifying an old attitude, which affects all international Communist activities.

Togliatti's words, on the other hand, were quickly interpreted as an admission that, since the Communists had been unable to insinuate their way into the heart of Italian life, they no longer had anything to lose through an out and out fight.

Recall Lenin's Views

Students of Communism are sometimes curious but seldom surprised by tactical shifts. They remember what Lenin said:

"To wage war for the overthrow of the international bourgeoisie, a war which is a hundred times more difficult, more prolonged, more complicated than the most bloodthirsty of war between states, while renouncing beforehand the use of maneuvering, of playing off (though for a time only) the interests of one foe against the other, or entering agreements and effecting compromises (even though these may be of an unstable and temporary character)—would not such renunciation be the height of folly? We might as well, when climbing a dangerous and hitherto unexplored mountain, refuse to advance to make the ascent in zigzag, or to turn back for a while, to give up a chosen direction in order to test another which may prove to be easier to negotiate."

Carlotta, Queen Of Circus Aerialists, Death Victim

SANTA MONICA, Calif., Feb. 23. (AP)—Death finally has taken Carlotta, who defied it for years as queen of the big-top aerialists.

Carlotta, whose real name was Mrs. Lottie Aymar Cousins, died Sunday at the age of 92 in the home of a grand-daughter, Mrs. Forrest Wysong, it was learned yesterday. The funeral will be today.

The famed high wire walker and bareback rider began at the age of five a career that was to take her to every town of any size in this country, South America and Europe.

Carlotta came by her talents naturally. She was the daughter of Walter Aymar, circus owner and bareback rider, and Margaret Manley Aymar, a well known aerialist. Her first husband was Harry Wembold, a man on the flying trapeze. After his death, she married Cousins, a bareback rider now also dead.

She toured with Barnum and Bailey and Ringling Brothers and Forepaugh circuses.

Doctor Advises Laugh-A-Day To Keep People Like Him Away

DALLAS, Feb. 23. (INS) — A laugh a day will keep the doctor away says Dr. Earle Williams of Dallas.

Dr. Williams told the Dallas Exchange club that "you never see a man break down who is equipped with a good sense of humor."

"I am a firm believer," he said, "in Franklin D. Roosevelt's aphorism that 'we have nothing to fear, but fear itself'."

Wayland Instructor Dies Of Fall Injuries

PLAINVIEW, Feb. 23. (Special)—James Z. Bishop, 33, instructor in government and history at Wayland college here, died today in the Plainview sanatarium of a brain injury suffered in a fall at the college gymnasium last Friday.

The body was sent overland by train to Memphis, Tenn., tonight, and from there will be carried to nearby Shaw, Miss., for funeral services and burial. Final arrangements had not been made, Wood Funeral home of this city reported tonight.

Bishop, a native of Mississippi, had been a member of the Wayland college faculty since last fall. He was a veteran of World War II.

Survivors include his mother, Mrs. James W. Bishop of Shaw; and four sisters, Mrs. Conrad Armbracht of Mobile, Ala., Mrs. Harley Metcalf of Metcalf, Miss., Miss Beatrice Bishop of Shaw, and Mrs. Hiram Girard of Anguilla, Miss.

Philippine President Acts To Restore Unity In Legislature

MANILA, Feb. 23 (INS) — Philippine President Elpidio Quirino laid plans today to forestall disruption of the Island republic's legislative processes threatened by a wide-open split in the Senate.

Quirino met with a congressional delegation to formulate plans to prevent a spread of the split from the Senate to the Lower House of the Philippine legislature.

This plan would call for formal recognition by the House of representatives of Mariano J. Cuenco as acting head of the Senate. The Lower House would continue to exchange bills with the Senate.

Cuenco was installed as acting Senate president by a small quorum of members who reconvened after Senate President Jose Avelino adjourned a wild session and stalked out of the chamber, followed by his supporters.

Avelino, who is bitterly opposed to Quirino's administration, was declared unseated. He and his followers have promised to carry the fight over his ouster to the Philippine Supreme court.

Guatemala will have a government-owned and operated cement plant.

IF ELECTRICITY WERE FREE

MOST FOLKS probably wouldn't even walk out of their way to pick up free electricity... there's little need to, because electricity costs less today than ever before. For your electrical dollar you're receiving just about twice as much service as you did a few years ago.

Then, too, most folks realize that a good portion of the small amount they pay each month for good electric service comes back to their community, state, and federal government, in the way of taxes.

Today, more than ever before, with so many new uses for electricity, dependable low cost electric service from the Southwestern Public Service Company is your biggest bargain.

Senate Okays Second Portion Of Gilmer-Aikin School Proposal

(Continued From Page One)

ed both the House and Senate throughout today's long session. The House earlier voted 115 to 23 to ask the attorney general for an opinion on whether an appropriation of three million dollars to make up a shortage in country school funds would violate the constitution.

"If we approve this $3,000,000 we will set a precedent by which some other governor may go out and borrow $30 million without asking the legislature," said Rep. Douglas E. Bergman of Dallas.

The same criticism was made in Senate debate when the measure was passed in that branch of the legislature. Senator W. R. Cousins, jr., of Beaumont today introduced a proposed constitutional amendment to validate the $3 million asked to repay school districts that borrowed the money last year when it turned out that funds appropriated by the last legislature were not enough to pay country school teachers' salaries.

Pay Raise Bill Okayed

The pending bill calls for an appropriation of $9,000,000. No question has been raised over the $6,000,000 that would apply during the current school year.

The question is whether or not the credit of the state was pledged in violation of the constitution, when the $3,000,000 was put up for school districts last year.

Rep. George O. Nokes, jr., of Corsicana introduced a resolution which would set up a commission to revise the Texas constitution. It carries an appropriation of $75,000 from contingent expense funds.

The Senate passed an emergency pay raise bill for state workers. It would increase salaries below $3,600 a year from five to 20 per cent on the basis of years served. The measure applies to employes of the state departments, eleemosynary institutions, and the judiciary.

New Bills Offered

The raise would begin about March 1—if the House approves the bill—to the end of the fiscal year, Aug. 31.

Cousins introduced a bill providing a salary schedule for constables. It follows adoption of a constitutional amendment putting them on a salary rather than a fee basis.

Other bills introduced in the Senate included these:

By R. L. Proffer of Justin, setting up a legislative council.

By Searcy Bracewell of Houston, making the state liable for wrongful acts of any employe.

By G. C. Morris of Greenville, creating a Sabine river authority.

By Bracewell, authorizing the highway commission to enter into certain contracts with cities.

Rep. W. H. Rampy of Winters sponsored the rural aid deficiency bill in the House.

Two amendments were added. One by Rep. Floyd Bradshaw of Weatherford would make five more schools eligible. He said they did not qualify in 1948-49 because of sub-standard salaries.

The other amendment by Rep. W. R. Chambers of May increased the appropriation for 1948-49 by $750,000 to take care of certain schools which did not qualify for the aid.

feet and ran tubing. After the acid injection, production tests are to be started. Total depth is 7,189 feet.

This prospect is 660 feet from South and east lines of section 451, block 97, H&TC survey, about three miles east of the town of Dermott.

Republican Natural Gas company No. 1 Sartin, southeast Yoakum county wildcat, 330 feet from north and west lines, of the east 200 acres of the west 422 acres of section 19, block C-34, psl survey, had drilled to 3,502 feet in red shale, and had cemented a string of 9⅝-inch casing at 3,501 feet.

Plug will be drilled in a few days and operator will start digging ahead to around 6,000 feet to test through the San Andres-Permian. The project may drill below that formation should it prove to be barren.

Man Wins Patent On 'Radiant Energy' Oil Finding Process

WASHINGTON, Feb. 22—(AP) A man who believes he can determine the size and depth of subterranean petroleum deposits by measuring "radiant energy" emenating from them has won a patent on his process, it was disclosed today.

The inventor, Walter Armstrong of Washington, D. C., told a reporter:

"By using this method of locating oil well sites, it will be impossible—or rather useless—to drill a dry hole."

Government experts, however, expressed doubt.

Armstrong claimed the process will revolutionize the oil prospecting industry.

Claims Proof

He said field tests in various parts of the United States have proved the reliability of the system.

The government experts at the Interior department, asserted that, as far as they knew petroleum contained no elements capable of radiating any distance through the earth's subterranean soil.

Armstrong said, nonetheless, that he has found "petroleum radiation does exist." His patent—number 2,461,799, approved last week—states:

"This invention involves the discovery that subterranean petroluem deposits emit penetrating radiant energy in amounts proportionate to the nature and quantity of the petroleum deposits emit penepass through interventing rock strata to the surface of the earth."

The apparatus which measures the radiation, the inventor said, works on an electronic principle of shielding the device from "known ionization radiations such as alphas, beta, gamma and other rays."

MILK SQUIRTS

It takes about 35 squirts to make a gallon of milk, according to an Illinois farmer, who estimated his hand milking in a 15-year period at about 37,000,000 squirts.

ty might need by means in no way associated with the "honorable Wright Morrow."

"If there is to be discussion of the Wright Morrow issue, let's meet it squarely on a resolution to hang him and burn him in effigy if necessary," said Looney, who represented committeeman R. T. Craig of Athens. "But let's don't come here with veiled insults to Mr. Morrow."

Hall later agreed to withdraw all reference to Morrow from his report.

Test Vote Held

The first test vote on Morrow came when Hall presented a resolution pledging the executive committee's "full support to the Jefferson-Jackson day dinners at which the honorable Sam Rayburn will speak."

The resolution continued: "We do this because of our loyalty and affection for Texas' No. 1 Democrat and the man who has given us leadership and inspiration during our battles in behalf of Texas democracy, and because of our loyalty to the Democratic party, and in spite of our adverse feeling toward Wright Morrow."

Warren Phillips of Corpus Christi immediately offered a substitute amendment simply to pledge the committee's full support to the "official Jefferson-Jackson day dinners at Austin, Lubbock and Corpus Christi."

He said Rayburn was scheduled to speak at Austin and the original resolution did not clearly indicate support of the other dinners.

On motion of Stuart Long, Phillips' amendment was killed, 29 to 26.

Ouster of Morrow as national committeeman and his replacement by Skelton was ordered at the Fort Worth state Democratic convention last fall.

Hall said it was the state committee's duty to continue the fight to remove Morrow.

WORKING DAY

The average working woman, according to a survey made by the Y.W.C.A., spends 7¾ hours in sleep, 1 hour 22 minutes in personal care, 1 hour 47 minutes eating, 7 hours 12 minutes in work, 1 hour 29 minutes in transportation, and 4 hours 16 minutes in leisure.

UPROARIOUS TRIAL RECALLED

Kuhn Not Likely To Get Wish To Take Up U.S. Citizenship

By BOB CONSIDINE
INS Staff Correspondent

NEW YORK, Feb. 23.—Sideglances:

Fritz Kuhn's wish to return to the U. S. from Germany and take up American citizenship cannot exactly be listed under "today's best bets." But it indicates that the guy is as vain and arrogant as he was during his trial in New York a decade ago.

That was quite a show. The witnesses for the defense (Fritz was accused and convicted of blowing the German-American bund's funds on a hefty blonde girl friend) were an astonishing lot of goofs and knuckleheads, including one youth who looked like a starved sparrow and who held his head far back when he spoke and let the words ooze down to his chin. He testified that fat Fritz was his god and that he could spend the treasury as he saw fit.

Winchell Carried Gun

Walter Winchell, warned not to appear near the trial, covered it daily, packing a gat. George Dixon dubbed Fritz "the hotsy-topsy Nazi" and when Fritz's girl friend took the stand to put a blast on him and introduce the fumbling passion of his love-letters, Fritz flopped into the witness chair to lodge a counter- blast that had the room in a roar. Dixon that day started his piece, "Hell hath no fuehrer like a bund-leader scorned."

P. S.—Whatever became of interesting trials?

French Leader In Spotlight

In his remarkable new book on Clemenceau ("The Tiger of France," Duell, Sloan and Pearce) Wythe Williams paints the picture of a man whose fiery personality and bitterly spoken decision changed the face of Europe and the course of western civilization.

But Mr. Williams, who knew "the last great Frenchman" so well, has not neglected the personal side of the man.

Clemenceau had his own religion and was critical of all others. He and his American wife, Mary Plummer, battled tempestuously for seven years and then separated for all time. He was hardly cordial to their children but he adored their grandchildren (one of whom is a New Orleans business man today) and respected his elder sister, Sophie, whose temper was explosive as his own.

Clemenceau was a man whom many found completely unapproachable, yet he enjoyed a joke, if it were intricate enough. Once he rented a circus horse, painstakingly trained it to lie down at the sound of his whistle, invited Sophie to ride with him in the bois de boulogne and, with a whistle, deposited her on the tanbark.

To reverse an old refrain, spring will come a little early this year. In fact it opens tomorrow (Thursday) with a burst of green at a lavish local cellar named the Copacabana, where Phil Regan begins singing for a while. For my dough, the former New York cop has the kind of voice that carries me back to old County Clare where, a recent letter-writer informed me, many a Considine is still living in trees.

Phil didn't expect or want any monetary reward out of being chosen to sing the national anthem from the steps of the capitol before President Truman's inauguration. But he was a bit astounded on his return from Florida to learn that a comedian whose stuff keeps causing Joe Miller to revolve in his sarcaphogus, was just about the hottest thing in New York "because he has been mentioned in two columns."

* * *

Every once in a while someone comes up with a story that Margaret Mitchell, whose "Gone With The Wind" saved 149,718 novelists from continuing to try to write the great American novel, is writing another book.

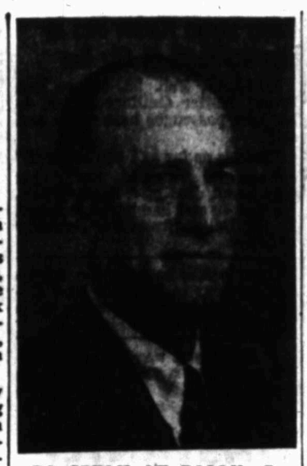

Saw her last week at her favorite convention, that of the Georgia press institute. Regret to say she is not writing another novel, nor anything else. Her concern in life remains the complete recovery of her ex-newspaperman husband, John Marsh, a good egg who now handles public relations for the Georgia Power and Light company.

Marsh has made a remarkable recovery from heart trouble. His appearance at the institute this year was a cause of many celebrations, in too many of which I joined with unwarranted enthusiasm, gadzooks.

GWTW, as all southern journals call it, continues to be a best seller, in case you didn't know. It is being read so eagerly today in places you never heard of that it remains the world's second most popular book, just behind the Bible.

In its manuscript from GWTW once was so voluminous and so casually regarded by friends of this Atlanta newspaper couple that the friends used it as a spare stool or couch at the Marshs parties. The movie version, whose technical adviser was Sue Myrick of Macon, Ga., good friend of Miss Mitchell, has grossed about $40,000,000. There is no second worth mentioning in that department.

GWTW was sold outright to Selznick for $50,000.

TO SPEAK AT RALLY—G. L. Farrar, above, of 2710 Thirty-first, is to be principal speaker Sunday at the Layman's Day rally at the First Methodist church of Ackerly. Farrar, who holds B. A. and M. A. degrees from Texas Tech, has been school superintendent at Lorenzo, Brownfield, Seminole, Frenship and Wellington, in addition to being a veteran Sunday school teacher.

Red Soldiers Seize Two Girls In Vienna

VIENNA, Feb. 23. (AP) — Two American girls vacationing in Vienna were disclosed today to have been detained two hours by Russian soldiers when they photographed a picture of Premier Stalin.

The U.S. provost marshal's office gave their names as Carol C. Hackett, 21, of Berkeley, Calif., who complained of rough treatment, and Constance A. Cole, 23, Watertown, N. Y.

The girls, employed by the U.S. military government at Nuernberg, Germany, were seized yesterday when they snapped a picture of Stalin on a Russian district headquarters building.

Miss Hackett said she was "grabbed roughly by the arm and pulled about ten yards while resisting two armed Soviet soldiers."

She said nearby Austrian police tried unsuccessfully to interfere but the girls were taken inside the Kommandatura building.

They told U.S. officials, who are expected to protest to the Russians, that they were asked to sign a statement in Russian and English and that three rolls of film were confiscated. Their passports also were taken, but returned before their release.

Indiana Convicts Die In Electric Chair For Murdering Policemen

MICHIGAN CITY, Ind., Feb. 23 (U.P.) — Robert A. Brown, 37, and Frank Badgley, 50, died in the electric chair early today for killing two Hammond, Ind., policemen in 1947.

The two Indianapolis men went to their deaths calmly and silently.

Brown was taken into the death chamber at 12:04 a.m. (CST) and he was pronounced dead eight minutes later.

A few moments before he began the "last walk," Badgley insisted that he was innocent on moral grounds. He said he was at the scene of the killings but denied pulling the trigger on his gun. Then he fell silent. He was taken from his cell at 12:14 a.m. and pronounced dead at 12:21.

Brown had turned to religion for solace during his last day of life yesterday. He called for a minister and was baptized a protestant.

Australia's capital cities now have 160,000 more women than men.

TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcentrate DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcentrate, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty.

Here is proof

Here is what Mrs. H. P. Bishop, Route 2, Stamford, Texas, wrote us:

"I am very glad to endorse Barcentrate, so please accept my sincere thanks and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way.

"I had to have a very serious operation and was told that I must lose a lot of weight before the operation could be performed. I went on a diet and tried very hard to reduce, but wasn't losing much weight until I heard of Barcentrate. I began taking it and could soon tell the difference in the way I felt and the weight I was losing. I weighed 200 pounds when I started and I lost a total of 47 pounds and was able to undergo my operation. I can truthfully recommend it to others, since it did so much for me."

At all druggists

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back. Adv

DR. STRONG ELUDES NEWSMEN

U.S. Pro-Soviet Author Boards American Airliner For New York

By ELIE MAISSI
INS Staff Correspondent

PARIS, Feb. 23.—Dr. Anna Louise Strong, American pro-Soviet writer expelled from Russia under mysterious circumstances, is en route by plane to New York tonight after eluding U. S. newsmen throughout Europe.

The 64-year-old Nebraska-born woman, charged with espionage by the Russian government, boarded a Trans World airlines plane in Paris at 12:15 a. m. today (6:15 p. m. CST Tuesday) and is due at La Guardia airport tomorrow morning.

Hides in Rest Room

(In New York it was regarded possible that federal agents may be present at La Guardia airport when Dr. Strong's plane arrives, to serve her with a grand jury subpoena.

(It has been reported that she may be summoned at once to appear before the New York federal grand jury investigating Communist espionage.

(It also is possible that Dr. Strong may be summoned immediately by the House Un-American Activities committee. Chairman Wood has stated that his group wants to question her.)

Dr. Strong hid herself for several hours in a women's rest room at the Invalides rail station in Paris last night after arriving from Warsaw aboard a Polish airlines plane at 5 p. m.

Reds Balked Interview

She shielded her identity from those seeking her and apparently also studiously avoided any American diplomatic official during her trip across Europe from Moscow.

This was learned today in a recheck of the movements of the woman who officially has a residence in Palo Alto, Calif., but has lived for many years in Moscow.

American officials in Moscow failed to get Soviet permission to talk to the authoress after the Feb. 15 announcement of her arrest and impending expulsion. The State department called the Soviet refusal a violation of the 1933 Soviet-American agreement whereby the United States recognized Russia.

Reported in Warsaw

After Russia early yesterday announced her expulsion, Dr. Strong was reported to have passed through Warsaw, but no word of this appeared in the Communist Polish press which not long ago was printing her articles favorable to the Communist cause.

It was learned Dr. Strong took a bus from Orly airport outside Paris and went to the Invalides rail station in the heart of the city, where she hid in the rest room, then took a bus back to the airport to board No. 907 Trans World airline flight plane.

The American embassy said it received absolutely no message or information from any source regarding her passage from Moscow to Paris.

Expulsion Is Surprise

The plane which was scheduled to fly to Shannon, Eire, enroute to Gander, Nfld., and New York, was diverted to the southern route due to weather. It touched at the Azores at 3 a. m. CST.

Dr. Strong, a native of Friend, Neb., first went to Russia after the first world war with a Quaker relief mission. She married a Russian who died during the second world war and since the early 1930's has been writing many books and articles friendly to the Communist cause.

A diplomatic official who had spent several years in Moscow said recently in Frankfort that she became disillusioned with the Stalinist brand of Communism and therefore lost her value to the Kremlin.

Her arrest and expulsion surprised western officials and newsmen stationed in Russia, and apparently also surprised Communist officials in other lands.

(The Communist New York Daily Worker not long ago had recommended her for a Pulitzer prize on the grounds that she was a fair and objective reporter.)

Rumored Plan To Fix Parity Of Mexican Peso 'Soon,' Discounted

MEXICO CITY, Feb. 23 (U.P.) — Financial circles today discounted rumors Mexico plans to fix parity for the peso "soon" at less than 6.80 per dollar.

The rumors coincided with the visit of Maurice Parson, a representative of the International Monetary fund and a conference between President Aleman and Treasury Minister Ramon Beteta.

Parsons had no comment on the reports. He said, "to say either yes or no would put me in an uncomfortable position."

Informed circles said such reports are "habitually" started by local banks to replenish their dollar reserves.

The rumors had no effect on the money market. The peso closed last night and opened today at 6.97-6.99 per dollar.

Rodents range in size from pygmy mice, which rank among the smallest of mammals, to the capybara, which is four feet long.

Pilot Group Opposes Blind Landing System

WASHINGTON, Feb. 23 (U.P.) — The Air Line Pilots association (AFL) said today it wants no part of the approach light system the government plans to install at key airports to aid landings through fog.

A spokesman for the pilot's union said the new General Electric co. high intensity light system will "confuse" pilots trying to land at a weathered-in airport. He said the type of lights favored by pilots had not been given a fair trial.

Produces Minority Report

He made available a minority report which David L. Behncke, ALPA president, filed with the Air Force-Navy-Civil Aeronautics administration committee that adopted the lights. He said this contradicted CAA claims that the committee unanimously adopted the GE lights, since the pilot representative, E. A. Cutrell, opposed them.

The government-approved system comprises a double row of lights extending for 3,000 feet from either end of a runway. It forms a funnel down which a pilot can fly a plane in bad weather. If he is off course, the solid rows of lights appear to break into an echelon formation warning him he is too high or too far left or right.

The lights are to be installed soon, the CAA said, at Washington airport, New York International, Newark, N. J., Boston, Philadelphia, Atlanta, Houston, Chicago, Los Angeles, Seattle, St. Louis and Nashville.

New York Police Capture Suspect In Gunfight Near Fifth Avenue

NEW YORK, Feb. 23 (U.P.) — A gunman staged a running gunfight with police on the roof of the St. Clair hotel just off Fifth avenue early today and escaped. His companion was captured.

Louis Coleman, 60, night clerk at the hotel, said several shots were exchanged before the gunman escaped over the rooftops.

His companion, armed with a .45 automatic, surrendered meekly. The captured man identified himself as William P. Cleary, of Miami, but refused to name his companion.

Coleman said the two men had checked into the hotel last night. Early this morning he discovered they had gone to the roof. Becoming suspicious, he locked the door to the roof and notified the police.

Police were waiting at the foot of the stairs when the two came down from the roof after having broken into an adjacent building to burglarize it.

Braniff Airways To Inaugurate Plan Offering 'Credit' Travel

For the army of air travelers who like to fly but can't comfortably plunk down a lump sum without disarraying their budget, Braniff International Airways will put a new travel credit plan into effect Friday.

You can now fly to South America or to 30 cities in the United States and have an entire year to pay for the trip. The result of many requests by regular air travelers, Braniff's credit plan will apply to all of its Latin-American routes as well as the domestic cities.

A person can fly to Cuba, Panama, Ecuador, Peru and Bolivia and pay for it by the month. Special arrangements have been made with the Lubbock National bank to handle the financial transactions. A passenger applies for travel credit at any Braniff ticket office. The airline's travel representative then contacts the bank which completes all necessary arrangements for the trip.

The credit privilege also applies to special excursion rates which Braniff offers such as the triple-holiday tour to Havana, New Orleans, and Miami effective until April 30.

Dallas Transit Worker Dies At Steering-Wheel Of City Bus

DALLAS, Feb. 23. (AP) — Bus driver Walter Guillory turned to his lone passenger here today and said:

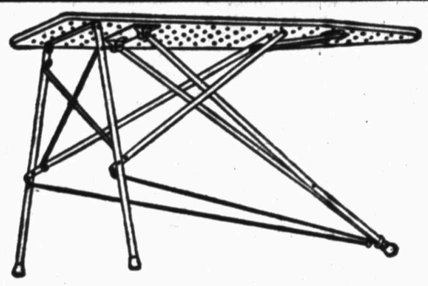

"This is as far as I can make it."

Then he slumped under his wheel and died of a heart attack. He was 49 and had been employed by the Dallas Street Car company 28 years.

Kyle, Former Texas A&M Head, Is Decorated By Guatemala

GUATEMALA CITY, Guatemala, Feb. 23. (AP)—Edwin J. Kyle, former ambassador to Guatemala and former dean of Texas A&M college, received Guatemala's highest decoration here last night.

Nearly 100 Texans were present to see the Order of Quetzal pinned on Kyle's breast at the national palace.

Kyle was appointed U. S. ambassador to Guatemala in 1945. Since his retirement recently, he has been one of this country's strongest boosters.

REGRETTABLE NEED

Ban On Secrecy

THE desirability and need are to be regretted for a bill like one prepared this week for submission to the Texas Legislature by Rep. Preston E. Smith, of Lubbock.

Mr. Smith's measure would require all State boards, agencies and bureaus which spend public money and/or form public policies to hold open meetings at all times.

It is unfortunate that conditions have existed, and continue to exist, which call for legislative correcting. It is regrettable that there should be reasons even to consider a measure which undoubtedly would place some agencies under handicaps at times. The authority to hold closed meetings protects the public interests if the power is not abused.

The trouble in Texas is that this authority has been abused—flagrantly abused in many instances. Many public groups—of which the Board of Regents of the University of Texas is an extreme example—have surrounded their proceedings with entirely too much secrecy. They spend public money and transact public business. Yet they repeatedly have taken the attitude that it is none of the public's business as to what they do.

Such official groups can blame only their own excesses and abuses for whatever need exists for a law like that proposed by Representative Smith. Those boards either must improve their own conduct voluntarily, or become reconciled to the certainty that sooner or later—possibly during the present session of the Legislature—they will be compelled to transact public business where the public can observe what takes place.

Good Omen For Peace

THE masses of the people of the world are justified in viewing the future with more confidence because of the expressed conviction the other day of Sen. Tom Connally, of Texas, that he does not believe war with Russia is imminent in the foreseeable future.

No one in the United States is in better position to estimate the prospects for continuing peace than Senator Connally. As chairman of the Senate Foreign Relations committee, he is in as close touch with the true situation as any man, and has been for years.

True, it might be possible that he could be trying to conceal the actual outlook from the American people. But this suspicion isn't logical. Senator Connally certainly would not attempt to allay fears of this nation, and of the democratic world, if he believed they might be in deadly danger. He would be doing everything he could to arouse them to frenzied preparation.

It was disturbingly significant, however, that Senator Connally confined his expressions of confidence to the "imminent" outlook. He did not undertake a forecast as to what might happen further down the line.

But he did supply whatever encouragement may be inspired by his belief, as a man in position to know, that war is not likely to break out at any moment. He offers the limited reassurance that, if the worst must happen, it will be delayed—thus affording additional time for efforts to avert the catastrophe entirely.

The man who lives by his wits usually makes his living off half-wits.

Beware Of Romance

XXXIII

IT was a day of hard work, sweetened by laughter and happiness. Late in the afternoon, when the house was already beginning to regain its former gracious charm, there was a ring at the front-door bell, and a voice called, "Hi — what's going on around here?"

Merry, in a gigham house-frock and a checked apron, a scarf twisted gypsy-wise about her hair, a smudge on one cheek and her hands frankly grimy, gasped and cried, "It's Tip!"

She raced down the stairs, brandishing a dustcloth, and hurled herself upon him, crying joyously, "Oh, Tip, isn't it wonderful? I'm home!"

Tip stared at her, held her a little away from him and said sternly, "Hi, this is a clean shirt and I just had my pants pressed! Home, Merry? For good?"

"Of course, Tip—and who cares about your old clean shirt? Only I guess I am a bit smudgy."

Tip laughed and bent his head and kissed her firmly.

"You are, and that's a fact. But you're still the prettiest girl I know, even with a smudge on your cheek and your paws grimy," he told her, and turned to greet Aunt Jane. "Look, what's all this about? All of a sudden smoke was coming out of the chimneys and people were working out on the lawn trimming shrubbery and such. Everybody thought the place had been sold."

"Never, Tip! It's my home. And the millionaire hasn't yet been born who could scrape up enough money to buy it from me!" Merry told him radiantly.

Aunt Jane looked at his bewildered face and said briskly, "It's rather a long story, Tip. Merry, march yourself right upstairs and into the tub and a clean dress. Tip, make yourself at home, and stay for dinner. It'll be pot-luck, but Lizzie's supervising the pot, which is proof enough that it'll be worth eating. Scram, Merry!"

Merry laughed joyously.

"See what I've let myself in for?" she appealed gaily to Tip, as she turned to go upstairs. "I'm going to be bossed to death."

• • •

AUNT JANE studied the boy as he watched Merry out of sight, and when Merry's door had closed behind her, she led the way into the living room. Then she said quietly, "You think a lot of her, don't you, Tip?"

Tip looked at her in frowning surprise.

"That's a fool question, Aunt Jane," he said brusquely, "I love her with all my heart. I think I always have. She's been in my heart since she was in fourth grade in grammar school."

Aunt Jane said quietly, "I'm glad, Tip. She needs love, security, a place of her own. Merry wasn't meant to drift. She's loyal, faithful, steadfast. A broken marriage would finish her."

Tip said quietly, "You've got her wrong, Aunt Jane. She's young but she's tough. She'd make the best of it, if it had to happen. But let's pray that it won't ever happen to her. She's so deserving of the best."

When Merry came down a little later, crisp and fresh and lovely in a striped chambray frock, her hair shining from brushing, her face shining with happiness, Aunt Jane stood up, looked once at Tip's enchanted face and then at Merry and murmured something about getting cleaned up for supper. And she knew that neither of them heard her when she left the room.

Tip said huskily, "I don't seem to have any words to tell you what it means to me to have you back home again."

Merry laughed shakily and said impulsively, "What puzzles me is why I didn't think of it before!"

They sat for a little in a lovely, companionable silence, eyes on the huge log-fire that leaped in the big fireplace, adding its note of cheer and comfort to the pleasant scene. And when Aunt Jane came back, they smiled warmly at each other and Merry felt as though the long year that had known so much of heartbreaking and bewilderment and loneliness had been merely a bad dream . .

• • •

WITHIN a week or two she had picked up the scattered threads of the old life and it was almost as though she had never gone away at all. Except that the year of being away had made all the old familiar scenes even more dear; and the old friends more precious. She even found herself loving Penny Staples, who had graduated from high school and had a job in the bank. Some of the other girls had gone off to college, and came home at Easter chattering like bright-winged birds about things that sounded fascinating and strange to the stay-at-homes. One or two of the girls were married and being almost unbearably smug about it. Others were engaged. And the boys, too, had scattered. In the year of her absence, it seemed to Merry that they had stopped being boys and had grown into young men. Some, like the girls, had gone to college. Two had joined the Navy, and others were working in Marshallville. A few, restless and seeking newer and larger opportunities, had gone away to Atlanta or to Jacksonville, and the Chamber of Commerce worried about this and discussed it at length at their weekly meetings and sought ways and means of attracting new business to Marshallville, that their young people might find there the larger opportunities they sought. But since Marshallville was rather isolated so far as transportation was concerned; nothing much was done about it.

In short, life for Merry resumed at a placid, even tempo and she drifted happily with it, busy and contented with her daily round of unimportant activities, watched over by Aunt Jane and by Lizzie and Andrew.

(To Be Continued)

Looking At Life - - By Erich Brandeis

HERE is a bit of wisdom which everyone of us may as well remember.

It is from an editorial I just read and it was intended to apply only to Russia and her "peace move" of a couple of weeks ago.

Don't let us be fooled, said the editorial, speaking about the "process of persuasion in which Premier Stalin is now interested and engaged.

BRANDEIS

"He is at his trickiest best in this role, for it is when he appears the most amiable that he is the most dangerous."

Then it goes on as follows, and I want you, please, to pay particular attention to the last few words:

"Let us pursue our advantage and improve our position, and it is quite evident that Russia will continue to have more and more respect for us—fear being the Russian equivalent of respect."

Fear being the equivalent of respect.

Those are the words that are so significant.

Because they apply not only to Russia, but to life in general and to the people in general.

• • •

Fear is so often mistaken for respect.

Only today I met a girl in her early twenties.

At that age, when the whole world should be a happy merry-go-round, she was disillusioned and had no confidence in people.

At that age, instead of considering life a flag-bedecked racetrack with success as the prize for the winner, she saw it as a free-for-all in which the honors go to the trickiest, the most inconsiderate, the wickedest.

I probed into her background a bit.

Fear of her parents had shaped her entire youth.

They wanted respect. They got fear.

• • •

SHE wanted to be a musician. They wanted her to go into business.

She wanted a career. They wanted her to prepare herself for marriage and motherhood.

She respected their wishes, they thought. But in reality she feared quarrels and arguments.

BOOST FOR PROGRAM

Demos To Celebrate

By ROGER WARREN
Special Correspondent

WASHINGTON—This year one of the main objectives of the Jefferson-Jackson Victory Dinners to be staged by the Democrats throughout the country is to focus attention on the President's social welfare program.

The chief event will be in Washington. Tonight Mr. Truman will shuttle between the Mayflower and Statler hotels addressing what promises to be overflow audiences in both hostelries.

Cynics maintain that his purpose is to "raise dough among the faithful so that the Democratic National committee will have funds enough for stirring up sentiment so that Congress will raise taxes" But this is too harsh a description.

TUCKER

The President seeks renewed public approval at a time Republican orators are denouncing what they call socialistic and spendthrift measures and some of his own henchmen in Congress are flashing the amber caution light on his left-of-center projects.

His advisers are confident that the majority of Americans still are give-away program fans and want Congress to initiate the popular radio shows.

• • •

HOOKUP: Vice President Barkley is scheduled to speak in San Francisco. Both the Washington and California addresses will be on a nationwide radio hookup. For the first time in Jefferson-Jackson banquets all four big networks will carry the program. In over half of the country it will appear on television.

The Vice President has written his speech in consultation with party policy-makers and has agreed to deliver it exactly as set down. This pledge has calmed the nerves of the headquarters group, who passed a jittery half hour during the campaign because of Alben's tendency to ad lib.

In the election contest ghost writers prepared a polished address for the candidate to give over a big hookup. When he saw the copy a few minutes before he went on the air, the Kentuckian was disgusted with its tameness. He tore it up and delivered an extemporaneous barrage of fire and brimstone.

Every few sentences he thumped his big fist in emphasis, shaking the mike like jelly in an earthquake. Each whack brought apprehension to the men who set the policy for speeches. But Barkley, an old hand at senatorial oratory, steered a safe course. Anyhow, he was elected.

• • •

TABLES: Nothing fills a hall like political success. There are not likely to be any vacant chairs this year like last. It will be recalled that at the previous affair Senator Olin Johnston of South Carolina, a premature Dixiecrat, hired guards to keep a table vacant directly under the head table so that President Truman—and the news cameras—should notice the snub.

Another interesting sidelight is that lots of career men in the government have discovered that they were Democrats all the time. A year ago many of the $8,000-a-year men in the various Washington departments assumed the attitude that they were non-partisan federal officials and not party men. Hence they took only one ticket as a generous gesture.

This year the worried bureaucrats have signed up for full tables. They very much resemble the forgetful contributors who, after Truman had won, sent checks to the Democratic finance committees dated as far back as September—but delayed in transit.

• • •

SWANK: The contagion of political prosperity is noticeable everywhere in District of Columbia Democratic circles. For instance the other night the city's Young Democratic League staged a reception to new Congressmen at a swank hotel. Two years ago not many party freshmen from Capitol Hill were available. The event was modestly dispatched and sparsely attended.

But not in 1949. Two gold-plated candelabra, each containing seven flaming candles, and five dozen long-stemmed scarlet roses decorated a long table overflowing with de luxe canapes, rainbow colored sandwiches and sparkling liquids.

Secretary of the Treasury Snyder nibbled a fried oyster on the end of a toothpick. Cabinet members such as Krug and Brannan circulated among brass hats and big name politicos. A long line of happy young Congressmen and their ladies received the homage of a jam-packed crowd of delighted young Democrats. This year everything is rosy-fingered dawn.

• • •

PLEASURE: Political historians probably will maintain that the change in Truman's fortunes began when he revived the New Deal policies of Franklin D. Roosevelt.

It is significant that last summer some prophet hung a large portrait of Franklin Delano Roosevelt in the reception room of the new Democratic National committee headquarters here. It still hangs there opposite to the famous Greta Kempton picture of Harry Truman.

Any dinner in honor of Andrew Jackson is a pleasure to the man from Missouri. Beside the President's desk in the White House is a small statue of "Old Hickory."

They have much in common—including an earthy vocabulary. Stubbornness is a mutual trait.

The President recognizes that many of his pet measures may be stopped or be watered down when Congress is through with them. He will use the Jefferson-Jackson dinners to whip the faint-hearted back into line, counting on renewed support from the folks at home.

The earth was once a great gaseous mass, says a scientist. After listening to some political talks, we sometimes think it still is that way.

A little boy is the one who does not think he has taken a sufficient bite unless it fills his mouth.

It doesn't take long for a man to realize he can't breeze through a tough situation merely by using wind.

The hardest thing to keep in the modern kitchen is a cook.

Nowadays when the wolf comes to the door, the chances are he has a date with the young lady of the house.

A laborer is worthy of his hire. That is, if you can find one to hire.

Life was simple in the old days. One wasn't called upon to save the world two or three times each year.

There wouldn't be any crack-pot leaders if there weren't any crack-pot followers.

The old-time books were classics. The author didn't write with one eye on Hollywood.

FOREIGN ISSUES SLOW ACTION

HST's Program Facing Delays

By THOMAS L. STOKES
Special Correspondent

WASHINGTON—The 81st Congress is in its eighth week. Time enough to get lots done, given will and energy. Little has been done, though many things have been started.

It is clear that during these weeks the mandate of the November election, so-called, has faded somewhat. The further away from the election we go, the more it will fade. It does not take any Congress long to get over election eve promises and fears, and it becomes increasingly independent of the influences that operation once the hot ated in the elec breath of the voters is off the back of the neck.

STOKES

That was why some of President Truman's advisers were so anxious to strike quick and fast. The initiative has been lost to a degree already in only eight weeks and, once it is lost, it is not easy to regain.

• • •

New Delays Seen

In addition, circumstances have arisen to favor the forces opposing the Truman program, giving them an opportunity to reorganize after the shattering upset of November. These forces are powerful and clever and know their way about Washington and Congress.

One of these circumstances was not even an issue in the election, or even mentioned. This is the so-called Atlantic security alliance which must go before the Senate in the next few weeks to occupy considerable time there to the exclusion of other measures in the Truman campaign list.

• • •

Another circumstance involves an issue that should have been pretty well settled by the election. That is civil rights. But the States Righters though completely routed in the election, still hold the upper hand in the Senate because of the power of the southerners there, a minority, to filibuster. They will use this power, beginning in the next few days, to block civil-rights measures, an integral part of the Truman program, and that maneuver in itself will delay and perhaps block other measures in the Truman program.

Another circumstance is the drop in business activity and the increase in unemployment, which Dr. Edwin G. Nourse, chairman of the President's council of economic advisers, calls by the fancy name of "disinflation." That gives enemies of some new ventures in the Truman program that entail increased expenditures the argument that Congress should hold off on them until some other time.

Social - welfare programs also come into conflict with the huge military outlays asked of this Congress. The military, now far more powerful around Washington than the public generally realizes, is aided in its campaign for big appropriations by the emotional religious element now injected into the "cold war" with Russia by the Cardinal Mindszenty case and the expulsion of Catholics and Protestants from Hungary and Bulgaria, Russian satellites.

• • •

Foreign Issues Slow Action

Foreign affairs and fears have risen up like an angry cloud to obscure domestic objectives that were issues in the campaign.

There is a very practical fact, too, with which other Presidents have become familiar, particularly Franklin D. Roosevelt. This is that an election "mandate" is compounded of many diverse and frequently conflicting forces which operate together to elect a president but do not operate together in Congress afterwards, such as, for instance the winning combination of labor and farmers in Harry Truman's case.

This is manifest now in labor's uphill battle to repeal the Taft-Hartley act, where it finds itself fighting almost alone on an issue in which its election allies by circumstances, the farmers, are not at all interested.

• • •

All around the capitol there is talk of watering down various Truman social welfare objectives. This includes expansion of social security coverage, which apparently is to be limited. It includes revision of the wage-hour act, which now appears will be limited to a flat increase from 40 cents an hour to 65 cents, perhaps graduated to 75 cents in two years, but without extending coverage to others now included. It includes housing legislation against which the real estate lobby again is operating. It includes the Truman health insurance program, chances for which are going glimmering under a campaign of misrepresentation by a doctor's lobby that is one of the most powerful and heavily financed of any ever seen here. Congressmen literally wilt under such a barrage because of the political power of doctors in their home communities.

In all these matters those who spoke so bravely for the people in October suddenly have become tongue-tied and timid in Congress.

Carpets now being bought by American firms in Tientsin, China, are chiefly hooked rugs made from shoddy wool with jute backing, rather than more expensive types, owing to the price situation.

Former State Official Escapes 'Fever'

'Loot Of Lima' Treasure Hunt Is Called Wild Goose Chase

By JAMES PADGITT
INS Staff Correspondent

LOS ANGELES, Feb. 23—Ellis Patterson, former California lieutenant-governor, derided the expedition seeking the $60,000,000 "loot of Lima" treasure on Cocos island as "a wild goose chase" today.

The outspoken ex-state official said that he was about the only member of the 33-man expedition who had not succumbed to "treasure fever." Declared Patterson:

"The whole thing is a wild goose chase. They are all confident that they are going to find millions of dollars worth of gold. Some of them act as if they've already got the treasure.

Operations Start

"The treasure fever never got me."

Patterson, who flew back from Costa Rica long enough to campaign in Los Angeles' pending mayoralty race, said that operations had barely started when he left the island.

The expedition, headed by James A. Forbes, of Riverside, Cal., left Long Beach harbor four weeks ago on Patterson's boat, the Simon Bolivar, equipped with the very latest in deep sea diving and salvage and dredging equipment.

It is Forbes' fifth attempt to recover the storied pirate treasure. On each of his previous expeditions metal detectors have recorded the presence of metal under a stream flowing through the tropical isle.

It is at the same point on the island, believed to correspond with the location given on the faded "X marks the spot" map owned by Forbes, that current digging operations are planned, according to Patterson.

Patterson said that Forbes and others in his party were confident that the treasure is buried under the stream.

Patterson said that it took two weeks to unload the 150-tons of equipment from the ship. Another week was required to smooth out technicalities with the government of Costa Rica which further delayed search for the treasure.

Under terms of international law governing treasure troves, one half of any treasure found reverts back to Costa Rica whose possession Cocos island is.

A dozen Costa Rican soldiers were sent by the government to guard the party and to represent the Central American republic.

In addition the expedition was augmented by 30 native laborers to aid in digging for the hidden wealth.

The treasure consists of jewels, doubloons and pieces of eight and life-size statues of solid gold. Simon Bolivar's march on Lima in 1820 caused the treasure, known as the "loot of Lima," to be put aboard the English merchantman, "Mary Dear," which later was hijacked to Cocos island where the fortune was buried.

French Railroads Experiment With New Rubber-Tired Trains

AKRON, O., Feb. 23. (U.P.)—Railroad trains that run on pneumatic rubber tires are being tried out in France, the B. F. Goodrich Co. reports.

French government-operated railroads are experimenting with three special trains mounted on air-filled tires molded to fit regular railroad tracks, Each car is equipped with double the normal number of wheels, the idea being to distribute the weight.

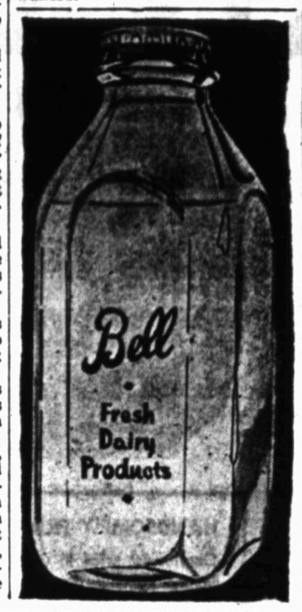

The principal advantage is a smoother, quieter, more comfortable ride for passengers. In addition, there probably will be far less wear and tear on the train.

German Threatens Suicide Unless U. S. Agrees To Clothe Family

FRANKFURT, Feb. 23 (U.P.)—A Frankfurt citizen warned the American people that he would commit suicide if he did not receive immediately two pairs of ski-trousers for his children and other articles as an American gift.

In an appeal to Radio Frankfurt, the man, whose name was not disclosed, said he would take his family of four to death if his economic situation was not boosted very soon by United States textile gifts. He filed a long list of wanted items which, besides a coat and dress for his wife, listed two pairs of children-sized ski-trousers as most important for his well-being.

The local radio station advised the man to apply for a job and earn money to buy what he wanted.

For a control of clothes moths, spray the entire surface of all closet walls, particularly around the baseboards and edge of the floor, at three - month intervals. Use five per cent DDT in a stainless kerosene solvent.
