County Sheriff's annual rodeo will open with an elaborate rodeo in the county seat on Thursday afternoon at 5 o'clock. The rodeo, featuring professional western entries, will officially open a rodeo calendar.

Performances will be given by the Posse's \$50,000 Interstate Highway rodeo team. Thursday night at 8 o'clock, the show again will feature the finest skills of the bucking stock said to be the finest in the region. Many will compete in the

of Abilene, president of the District, has issued a statement in his candidacy for the District Attorney for the 42nd and 104th Judicial Districts of Texas. This means of formally announcing that candidate for District Attorney, Jones and counties, 42nd and 104th Judicial Districts. The Texas has recently commenced prosecution in the 104th Judicial District of Callahan, Taylor Counties. This unique opportunity for the citizens of these counties in a vital area — capable, fair, impartial in criminal matters, is what I offer to the — Impartial administration of justice without regard for creed, wealth, or position. Feel free to ask questions. I will be in this area for several days and stand on my part in Thursday rodeo performances. Merchants Motor Lines recently sent out a questionnaire to all terminal managers, one of which came to S. F. Bond of Cross Plains.

The venerable nonagenarian answered the necessary questions and appended this brief postscript.

"My car license is I.W. 8463, 1/2 ton Chevrolet pick-up, 1962 vintage, license number 2330503. Social security number 419-4-8681. Voting permit 86-85-66. I am 95 years old with a tottering step, blurred vision, impaired hearing and wavering mind, but have ambition to hold this job two or three years more."

Record Vote Due In Elections Saturday

An unprecedented number of votes is expected in Callahan County Saturday as primary elections are scheduled for both Democrats and Republicans. A total of 4,224 persons registered, qualifying more electors than ever before in history of the county.

Greatest turnouts are expected at Clyde and Baird, where a hot commissioner's race adds interest to the ticket. Seven candidates are pitted in a contest for the commissioner's job. This is in addition to an otherwise lengthy ballot, a copy of which appears on this page of the Review.

All over the county, the polls will open at 8 a.m. Saturday and close at 7 that night.

A new feature to this year's ballot — for both Democrats and Republicans — is a list of referendums. Three questions are to be balloted upon. They have no status, other than to determine public sentiment on three hotly-debated questions.

Also an innovation in Saturday's election is the fact that Democrats will vote at only seven places. Recent consolidation of voting precincts reduced the number of polling places. Those remaining and the number of registrants at each are as follows: Clyde 1,497, Baird 1,005, Cross Plains 974, Putnam 248, Eula 226, Denton Valley 171 and Oplin 103.

Voters are urged to bring registration certificates to the polling places Saturday, however, those who fail to do so will be permitted to ballot by signing affidavits which will be available, stating that the certificates have been lost or misplaced.

Review To Post Election Returns Saturday Night

Returns from both Democrat and Republican primaries will be received in Cross Plains Saturday night and posted on a lighted board in front of the Review building.

Aiding the newspaper staff in compiling and tabulating returns will be Claude Foster, former public official and close observer of the local political scene.

First returns are expected to be available shortly after the

polls close at 7 p.m.

Alton Hornsby, who will hold the Democratic election here, said that incomplete results would be announced at closing time. Periodic reports will be released thereafter until the counting chore is completed.

Returns from other Callahan County voting boxes will be received by telephone and election judges are being asked to telephone the newspaper — 725-3571 — as soon as counts are finished.

Robbers Again Hit Cross Plains Firms

Robbers again hit Cross Plains after midnight Saturday, but gained little for their efforts.

Souder Grocery on North Main Street was invaded and about \$25 in money stolen from the cash register. All cigarettes in the establishment had been carried to a back door and left, indicating that the thieves may have been frightened away before completing their under-taking.

An attempt to gain entrance

to Cox Supermarket on South Main Street was thwarted when a burglar system sounded, sending the robbers away hurriedly.

Reports were heard here Monday that four places of business in Putnam had been looted.

NEW TIME CAUSES LITTLE CONFUSION

Daylight Saving Time which went into use Sunday occasioned little confusion here.

More Rain And Hail Hits Sabanno Sector Sunday

By Mrs. Edwin Erwin

We had a big rain Sunday afternoon with some hail. Several residents reported quite a bit of damage to gardens and fruit. The rain measured between 1.60 to more than 2.00 inches.

Word was received here Sunday night of the death of Harvey Thompson in Eastland. He married Mrs. Ola Lusk in 1966, who was a longtime neighbor and friend of the Sabanno people. We extend our deepest sympathy to the family. Burial was in the Sunlight Cemetery Tuesday afternoon.

Truett Dawkins returned to his home here Thursday from Hendrick Memorial Hospital in Abilene. He is recovering slowly, but it is hoped that with more time he'll soon be feeling much better. Their visitors Sunday were Mr. and Mrs. Charles Cox and girls of Eastland and the Rev. Dan Applin of Cross Plains.

Mr. and Mrs. Clarence Casey accompanied their son Clarence Earl, and his family to Clifton Saturday where they attended the funeral of Mrs.

Casey's brother, Wash Arther. We extend our sympathy to these, our neighbors.

Mrs. Wes. Holcomb accompanied her sister, Mrs. Ethel Anderson, of Cottonwood to Cisco Thursday where they visited with their brother, John Conger, and his family. It was his 60th birthday. They took him a cake, and had coffee and cake together.

Mr. and Mrs. Jay Wilcoxen and little son of Coleman were Sunday supper guests with his parents, Mr. and Mrs. M. P. Wilcoxen, Jr. and Joe.

John Morris of Coleman visited with his sisters, Josie and Alma Morris, recently.

Mr. and Mrs. L. Tilman of California visited with their relatives, Mr. and Mrs. J. L. King, Thursday night.

Mr. and Mrs. Gus Brandon visited with her cousin, Mr. and Mrs. Yates, in the Williams community Sunday.

Knight Team Nears Bowling Loop Title

Despite being held to a 2-4 split by Dan Johnston's team last week, Tommy Knight's squad is nearing the championship of Cross Plains Bowling Club. Only eight games, two weeks, remain on the schedule, and Ted Souder's quartet is the only other team that still has a shot at the crown.

Knight's crew carried a six-game edge into the battle with Souder this week, and a single game victory could insure the foursome of at least a tie for the diadem. Two or more favorable decisions would give the leaders the laurel outright.

Souder, however, tuned up for the crucial contest last week by blasting J. P. McCord's unit 4-0, which fell from contention after the loss.

Dan Johnston claimed individual honors last week. He posted the best series of 526 and had the highest and third best 10 frames, 194 and 180 respectively. Benny Glover sandwiched a 181 effort between Johnston's outputs, and was runner-up in the series bracket with a 510 aggregate. Tommy Knight placed third in series competition with a 444-pin total.

In team competition Knight's four keggers won top spots. The unit felled 2,295 maples in three games, and posted the night's best single game of 819. Johnston took second place in series play with 2,278 pins, and secured third place team games with 775 and 768 efforts. Souder's group posted a 2,190-pin total for third place.

McCord and Johnston were to battle this week in addition to the Knight-Souder contest.

Callahan Veterans Get \$318,000 Federal Cash

Some idea of the amount of money now being spent annually to aid Callahan County's war veterans and their families may be gleaned from government sources.

They show that expenditures in the form of cash benefits and services locally are at an all-time high.

During the past fiscal year, an estimated \$318,000 in pensions, compensation, grants and other benefits went to local veterans or their beneficiaries.

The figure was derived from detailed data for each state, released by the Veterans Administration in its annual report, covering the past fiscal year.

Sharing in the distribution were some 200 former service-

men and the relatives of others who have died.

The report shows that a total of \$397,668,000 went to Texas state veterans and their families during the year. It was at the rate of \$1,621 per veteran.

In other parts of the country it ranged above and below this amount, the average being \$1,607.

A breakdown of the \$318,000 that Callahan County veterans and their dependents received in 1967 shows that about \$201,000 of it represented compensation or pension benefits, including retirement pay.

Another \$37,000 was in dividends and indemnity payments in connection with G. I. insurance policies.

Administrative costs and miscellaneous benefits accounted for the remainder.

IT'S FOR YOU "PROF" — Dale Bishop, far right, local Chevrolet dealer, is shown handing keys to a new pickup truck to O. B. Edmondson, high school vocational agriculture instructor. Use of the vehicle is being made possible by Citizens State Bank, represented by Fred Tunnell, at left, and Bishop Chevrolet Company. Wayne Ford, superintendent of schools, looks on with smiling approval. The picture was made by Ike M. Neal.

Stanley D. Clark Chosen Lancaster's Best Citizen

Stanley D. Clark, a native of Cross Plains, has been chosen "Most Outstanding Citizen" of the City of Lancaster, located just south of Dallas.

Excerpts from a recent article in the Lancaster Leader tell of the tribute heaped upon the former local man.

"As a member of the awards committee of the Lancaster Chamber of Commerce, Stanley Clark and other members of the committee agreed that no one would be designated as outstanding citizen at a recent annual banquet of the C. of C. But the past-president and four-year director was in for a surprise when directors announced that they had selected him for the honor.

"A more-deserving man could not be found. Clark has worked diligently for the chamber since joining the organization about eight years ago. In addition to serving as president, director and chairman of the awards committee, he also served on the transportation and roads committee, along with holding several other offices. In addition to his work with the chamber, Clark has been a member of the Lancaster Lions Club 20 years, formerly serv-

Oldest Cemetery Needs Cash Gifts

Reminder that it is again time for annual contributions to Belle Plain Cemetery Association is made by Mrs. Naomi Heyser of Baird, secretary-treasurer for the burial plot.

"Recent rains have caused lush growth of weeds and grass and some settling of graves," she said, "and money is needed to maintain the grounds in dignified condition."

Contributions may be mailed to Mrs. Heyser at Baird or deposited to the cemetery association's account at the First National Bank in Baird.

Belle Plain Cemetery is the county's oldest, currently in use.

County Has Gain In Young People

Callahan County will be witnessing a sharp increase in its "young adult" population in the next few years, with a consequent rise in the local marriage rate and in the number of new household formations.

It is not idle speculation. It is based upon solid, statistical evidence.

The latest Census Bureau figures show that approximately 783 young men and young women in the local area are now in the 20 to 25 age bracket — the young adult category.

This is a big increase over the number that are normally in that age group. In 1950, for

example, there were only 317. Why the sudden increase? It harks back to the second World War and to the extremely high birth rates in the years just following.

The babies that were born in that period have now reached adulthood and are in the prime marrying ages. They are going to work, getting married and forming families of their own.

All of this is sweet music to local retail merchants. Each new wedding represents thousands of dollars of consumer business.

On the basis of surveys that have been made of the bridal market, an estimated \$1,500 is spent by a couple, with parental assistance usually, in connection with their engagement and wedding.

Another \$3,000, on average, is spent within the first year in equipping their home. Some of it is paid for in cash and the rest is bought on credit.

At this rate, the amount of potential spending in Callahan County from this source comes to a healthy \$1,575,000.

This assumes that nearly all those in the young adult age group get married during the next few years and that some 350 new households result.

All segments of the local economy stand to gain from the zip in business that this new spending will produce. Marketers of furniture, rugs, dishes, draperies, blankets, clothing, electrical equipment and other household necessities will all benefit.

These initial outlays will be followed by others, as family income increases, enabling the newlyweds to acquire homes of their own, buy new cars and add to their furnishings.

BURKETT MAN HAS ROSE WITH STORY

The late Roy McAnally of Burkett liked to tinker with roses and in his last years bred a new strain.

Bill Davee, a neighbor and golfing partner, admired the deep red beauty of the McAnally rose, which for some reason was never officially named.

"When I pass on," McAnally once told him, "I want you to take and culture this rose bush." Time passed and that very thing occurred.

Today the McAnally bush — now known as Roy's rose — blooms beside the porch at the Davee place.

"It's a perfect reminder of an old friend," Davee says.

The Truth About Liquor By The Drink

Texas has been relatively a "moral" state. It has a reputation for being a
good place to raise children. With increased drinking from increased liquor out-
lets there would be more people showing a drinking example to our children.
There will not be an increase in tax revenue, but in COSTS and PROBLEMS.
Liquor-by-the-drink states consume 72% MORE alcohol per capita than package-
store only states.

In California for every \$1 collected in liquor taxes, the state pays \$5.20 IN DI-
RECT MEASURABLE COSTS related to liquor.

For \$13 million in alcohol tax revenue, the State of Massachusetts paid out \$46
million for KNOWN ALCOHOL RELATED expenses.

In Utah, \$1.37 was spent FOR ALCOHOLIC, for every \$1 of alcohol tax col-
lected.

San Francisco has the highest rate of alcoholism in the U. S. San Francisco has
one liquor outlet for every 143 persons.

The more drinking outlets, the MORE drinking problems; the MORE problems
that result from drinking, the MORE cost for law enforcement officers and
courts, and rehabilitation.

Looking At Texas

Texas is now No. 5 in the U. S. in tourism. It is apparent that people do not come
to Texas, as tourists, in order to drink — instead they bring their families to
Texas that they might enjoy its beauty and climate. (This class of people is much
MORE desirable than the drinker.)

In package-only-sales states the percentage of liquor sales varies from 1.1 per
cent to 2.6 per cent for all retail sales. In liquor-by-the-drink states it is 4.9 per
cent to 7.8 per cent. Texas will be spending MORE on alcohol and less on ne-
cessities.

According to records of other states, Texas can expect at least an increase of
20% in traffic fatalities, if we have liquor-by-the-drink. This will result in an in-
crease in 600 deaths a year — not counting the cost of maimed and physically
disabled. (Will this be you or one of your loved ones?) The American Auto-
mobile Association reports it is not the person that is drunk that causes most acci-
dents, but those who have had only two or three drinks. SOMEONE IS GOING
TO PAY THE EXPENSE OF THE INCREASE IN ACCIDENTS, AND YOUR IN-
SURANCE COMPANY IS GOING TO SEE TO IT THAT THEY DON'T.

If Texas legalizes liquor-by-the-drink, we can expect the number of alcoholics to
go up 33%.

Please consider the above proven facts.

particular emphasis on narcotic usage.

"In making this announcement, I hope that I am known personally to many of the citizens of Callahan County, as well as Jones and Taylor Counties. Except for the time in the U. S. Navy and schooling and two years of practicing law in Dallas, I have spent my entire 33 years in Taylor County. I have served as City Attorney in Abilene and since January, 1967, have served as 42nd District Attorney, having been appointed by Governor John Connally at that time to serve an unexpired term.

"In qualifying myself for the post sought, I attended McMurry and Hardin Simmons in Abilene, and graduated from North Texas State and Southern Methodist University School of Law. I maintain membership in the State Bar Association, the Taylor County Bar Association, and

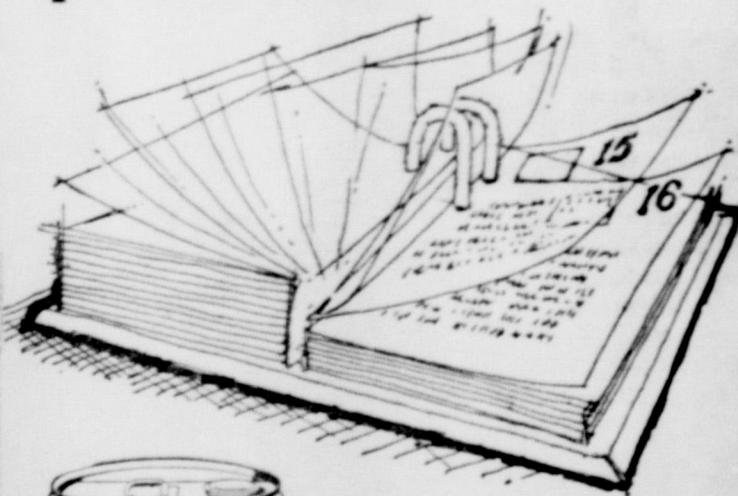

the District-County Attorney's Association.

"I was born in Abilene in 1934, attended public school there and graduated from Abilene High School in 1953. My father's family settled in Taylor County near the Hamby community shortly after the turn of the century. My mother, the former Ethel Nixon, is a native of Jones County, having been born and reared near the Stith community in the southern part of Jones County, where her family farmed for many years. My parents, Mr. and Mrs. Claude Paynter, now live in Clyde as did my grandparents before them. My wife is the former Ada Bradley of Inverness, Miss.

"My promise is to work hard giving you my best efforts, and therefore, I feel justified in asking the voters of Callahan County to elect me as your District Attorney."

Peggy Purvis Shot Put Toss Wins Girls State Track Spot

Peggy Purvis will represent Cross Plains High School in the girls state track meet to be held in Abilene May 10 and 11.

She won the berth with a second place finish in the shot put at the regional meet held in Mason Saturday. The senior Buffette threw the shot 33-feet, 8 1/2-inches.

Buffettes as a team scored 34 points, and tied for fifth place with Center Point in a field of 21 schools. Bandera won the meet with 76 points. Rising Star was third with 59, and Baird took sixth spot with 39.

Barbara Renfro narrowly missed qualifying for the state meet in two contests. She won third place in the shot put, with a heave of 33-feet, 8-inches, only one-half inch behind Miss Purvis' toss, and the Cross Plains senior placed fourth in the 80-meter hurdles in a time of 14.5 seconds.

Buffette 440-yard relay team recorded its best time of the year at Mason, but had to settle for third with the 54.2 seconds timing. The four-member squad is composed of Rosalea Grider, Sue Walker, Valeta Edington and Barbara Renfro.

The 880-yard relay team also

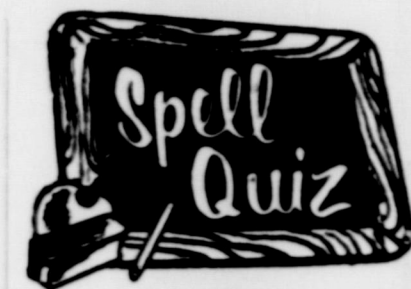

bettered previous performances Saturday, but was rated fifth. The quartet of Misses Grider, Purvis, Edington and Renfro was timed in 1:55.8 which bettered the district winning time by just over two seconds.

Norma Merrill, who was entered after first two district placers did not attend the Mason meet, ran seventh in the 60-yard dash. She was clocked in 8.1 seconds.

Burke Musgrove

Burke Musgrove has been called Texas' most energetic Representative

LSD HEARING—Explaining the need for action to curtail the abuse and availability of LSD and other dangerous drugs, Burke Musgrove testifies before the House Criminal Jurisprudence Committee as a large group of interested spectators look on. Taking the initiative, Musgrove accomplished extensive research into the growing problem

of drug abuse in Texas and pushed through legislation that provided this state with the strictest of laws against illegal distribution, possession and use of dangerous drugs. Recognizing the magnitude of the drug problem, the President of the United States recently proposed in his State of the Union Message that the U.S. Congress enact nationwide laws similar to the new Texas drug law.

LOST IDENTITY WELLS—An abandoned oil well whose ownership is unknown is plugged in Stephens County to combat salt water pollution problems. More "lost identity" wells were plugged by the state in Stephens and Eastland Counties than in all other counties of the state combined. Pictured are: (L to R) Railroad Commission official W. B. Reed, Musgrove, and Judge Cecil Mayes.

TEXAS FLAG—Musgrove, a Texas flag that he presented to the Capitol to the School student body speech to the group.

YOUTH WORK—Stressing the importance of today's youth becoming participating citizens, Musgrove explains the workings of the legislature at his desk in the House Chamber to Boys State delegates from Palo Pinto and Eastland Counties.

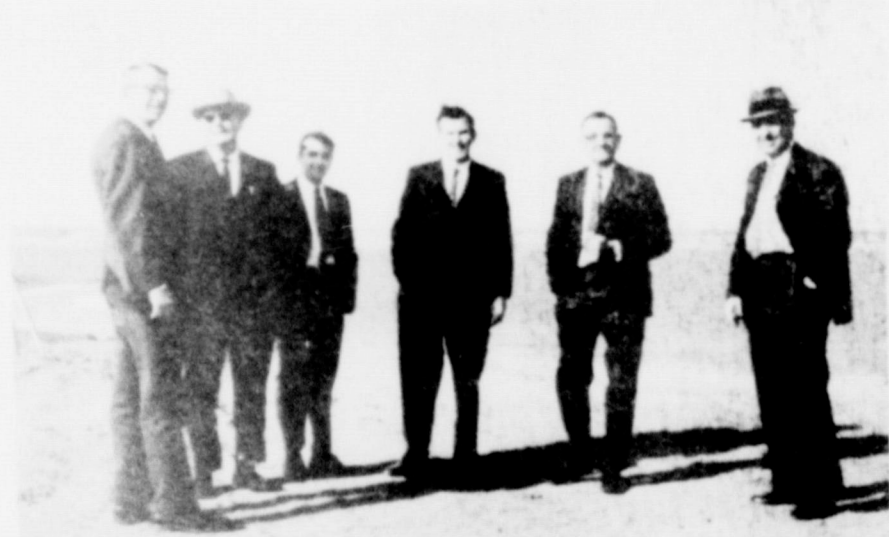

CAMPAIGN WAGON—Campaign helpers pose with the bright green campaign wagon used during Musgrove's last campaign. Resourcefulness, energy and constant drive have been the mark of Burke Musgrove, both in campaigning and representing the people of his district.

LEGION—Musgrove discusses plans for the annual American Legion Boys State program, the 9th which he has had a hand in organizing.

INDIAN UPRISING—Meeting with several Indian chiefs and representatives of the Native American Church of North America in his Breckenridge office, Musgrove accepts a symbolic pin from Indian tribes in Oklahoma, Nebraska, and the passage of the dangerous drug law some 300,000 North Americans inadvertently cut off from their Texas source of peyote, which the Indians for centuries as a religious sacrament. Since Texas is the only state in the country which grows freely and the federal government recognizes the Indian Church religious use, Musgrove assisted the Indians with a temporary way plant.

HIGHWAY IMPROVEMENTS—Rep. Musgrove brought the State Highway Commission Chairman to the district for a first hand look at road needs. Pictured are: (L to R) Highway Commission Chairman Hal Woodward, District Highway Engineer E. M. Pritchard, Burke Musgrove, Judge Cecil Mayes and highway officials Dean Munsell and J. B. Brannan.

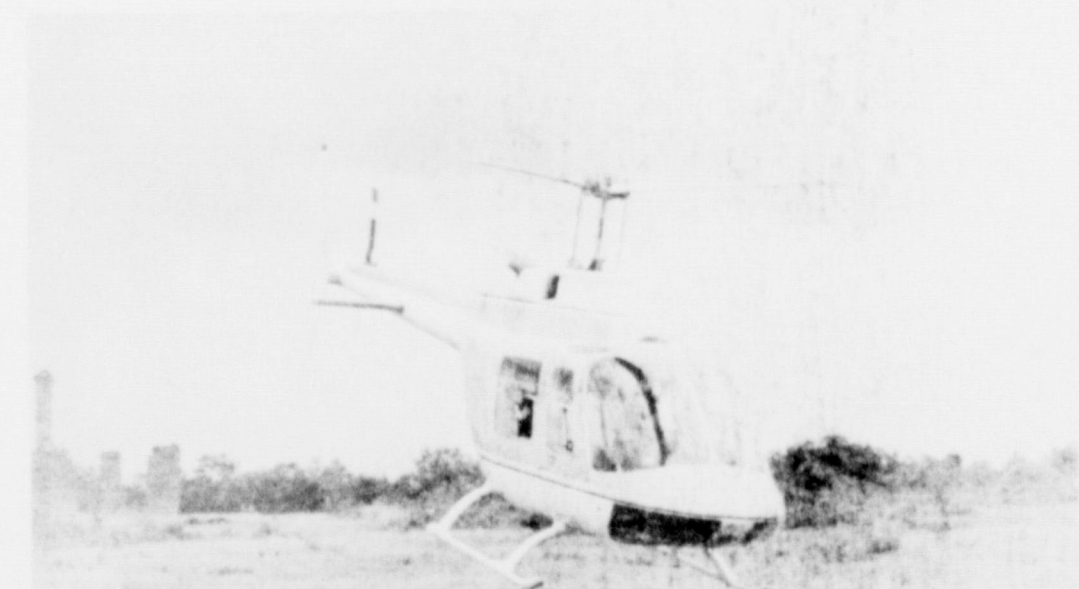

UNIQUE SWEARING-IN—Choosing to take the oath of office among "those who elected him" rather than in mass ceremonies in Austin, Musgrove took the oath in Palo Pinto County Court-house, with all the county judges in the district invited to administer the formalities. That same day, the new representative traveled to Austin for the legislative session and the opening day ceremonies.

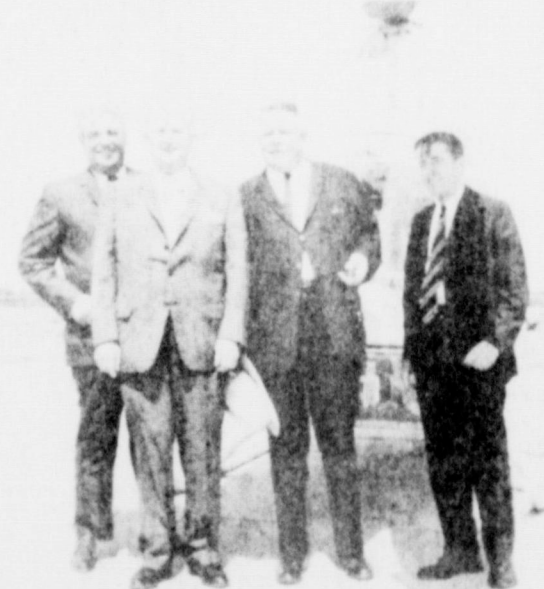

WEST TEXAS DELEGATION CHAIRMAN—Musgrove receives experienced advice during the LSD hearings from the Senior member of the House of Representatives,

Ned Blaine of El Paso. Retired Col. Blaine served as chairman of the West Texas Delegation.

HELICOPTER TOUR—Considering plans to restore Fort Griffin in Shackelford County, Burke Musgrove flew in with all three members of the State Parks and Wildlife Commission. The tour included helicopter stops at a proposed state park site on Hubbard Lake, Possum Kingdom Lake State Park and the proposed site for a large 2,500 acre state park on the Palo Pinto side of Possum Kingdom Lake.

PARKS TOUR—Inspecting three proposed state park projects in the 53rd district are: (L to R) Parks and Wildlife Commissioners Harry Jersig, Chairman Will Odom, James Dellinger and Rep. Burke Musgrove.

PARK PLANS—Rep. Musgrove discusses the proposed Hubbard Lake State Park with State Parks and Wildlife officials and Water District Manager Austin Hancock. Pictured are: (L to R) Parks and Wildlife Executive Paul Brashear, Musgrove, Hancock and Executive Director Bob Singleton.

TALKS TO HOUSE MEMBERS—Rep. Musgrove talks to other members of the House of Representatives from our area of the State.

BURKE MUSGROVE

Incumbent State Representative—Serving first term. Raised in Breckenridge—Selected "Most Valuable High School Student" by State and National Elks Foundation. University of Texas and S.M.U.—Selected "Outstanding Student" from the 24,000 member student body in 1963 at U.T. Sons of the American Revolution Medal of Honor. Chicago Tribune Award. Berry Whitaker Leadership Award. Worked with Numerous State Officials as Co-Ordinator of American Legion Texas Boys State Program. Program Co-Ordinator of first Statewide Attorney General's Youth Conference Against Juvenile Crime. Americanism and Youth Development work. First Methodist Church, Breckenridge, Age—27.

BURKE MUSGROVE, a worker for you. In just his first year as State Representative, Burke Musgrove has shown that he is an independent, outspoken, energetic worker for our District and all of Texas. The Breckenridge American recently noted that no legislator "besides Ben Barnes has had the attention of the press" as has Burke Musgrove. He gets things done.

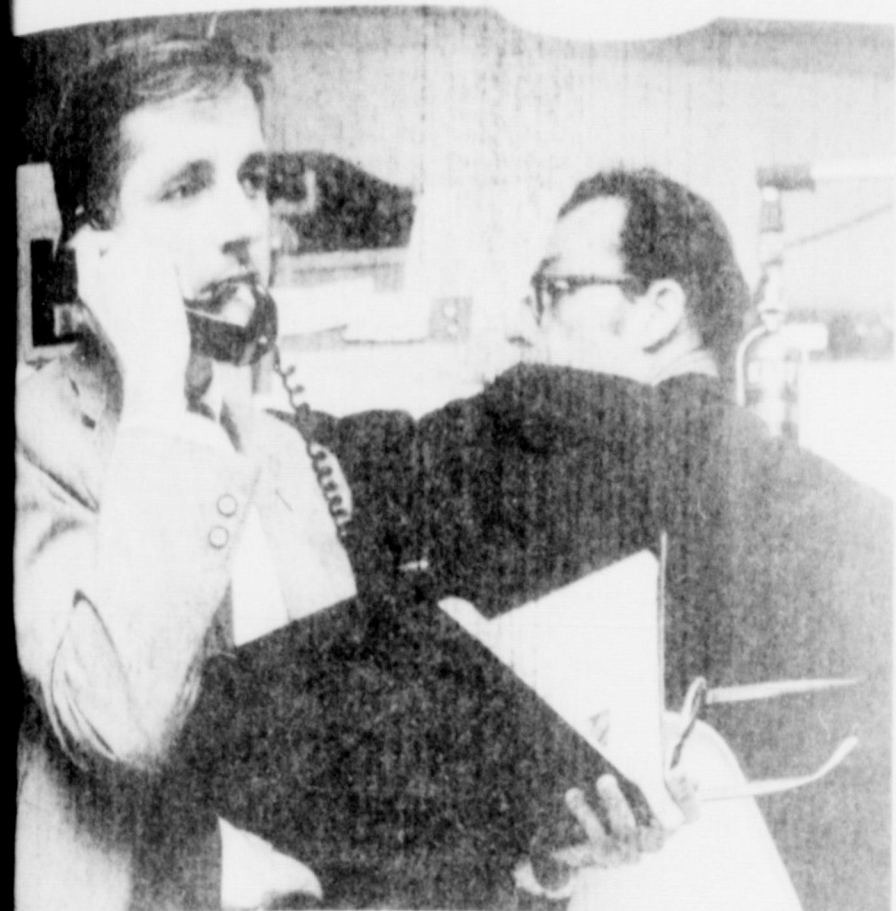

- BURKE MUSGROVE is your first State Representative to make the job full-time, and the first to have an office in the District open to the needs and problems of the people.
- BURKE MUSGROVE had more successful legislative achievements than any other first-term member of the 60th Legislature. He served on the five committees that considered more than one-fourth of all the legislation approved by the House.

• BURKE MUSGROVE was the legislative leader in the fight against LSD and other dangerous drugs that are destroying the youth of our larger cities. He organized a state educational program on drug abuse and initiated legislation in Texas similar to that which the President of the United States recently proposed in his State of the Union Message to combat the growing problem of drug abuse on a national level.

• BURKE MUSGROVE, together with Eastland County residents, opposed and ultimately defeated a state legislative effort to obtain from Eastland the Texas Court of Civil Appeals.

• BURKE MUSGROVE took the Parks and Wildlife Commission on tour of Fort Griffin State Park, Possum Kingdom Lake, and Hubbard Lake. He is advancing a proposed 2,500 acre state park on the Palo Pinto side of Possum Kingdom that would preserve scenic hills.

Just his first year, Burke Musgrove established himself as an outspoken, energetic, and independent representative of the people of our District...an effective legislator who gets things accomplished.

FORMER GOVERNOR—Helping Musgrove to prepare his comprehensive dangerous drug bill, former Governor Price Daniel advises Musgrove of his experience with the drug abuse problem. (While U.S. Senator, Daniel headed up a national drug investigation that yielded many of the present national narcotics laws.)

SECRETARY—Musgrove and his secretary, "Mrs. Mac," work to answer some 3,000 letters received during the legislative session. Mrs. Mac was formerly Gov. Price Daniel's secretary and her experience is valued.

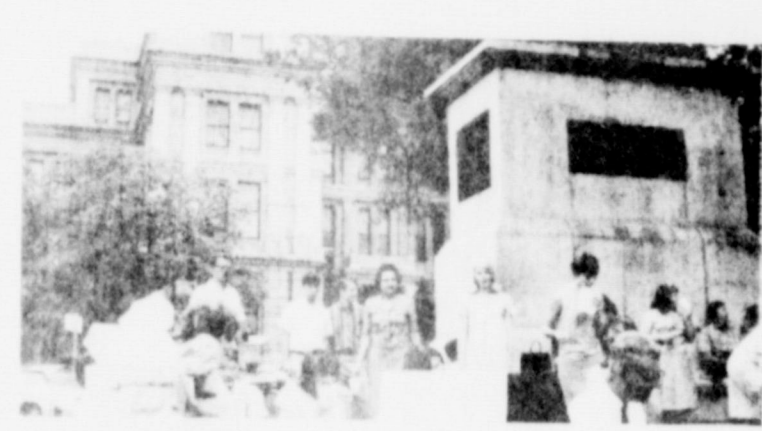

AGAINST COURT MOVE—Rep. Burke Musgrove, Eastland County Judge Scott Bailey (1) and attorney Virgil Seaberry discuss plans to oppose a bill that would move Eastland County's historic 11th Court of Civil Appeals to Abilene. Calling the bill an "act of piracy," Musgrove, helped by Eastland County residents, spearheaded a drive to keep the 11th Court of Civil Appeals in Eastland. The bill was defeated in a House committee and the court will stay in Eastland.

Burke Musgrove and several members of the House of Representatives discuss a bill in the halls of the Capitol building. A corps member gets his story.

FAMILY—In Musgrove's office are (l. to r.) sister Mrs. Phil Fitzer, Musgrove, mother Mrs. Dale Musgrove and aunt Ruth Tatum.

STUDENT TOURS—Motivating young people to become involved and active citizens, Musgrove arranged tours to the Capitol during the legislative session for many classes to observe the

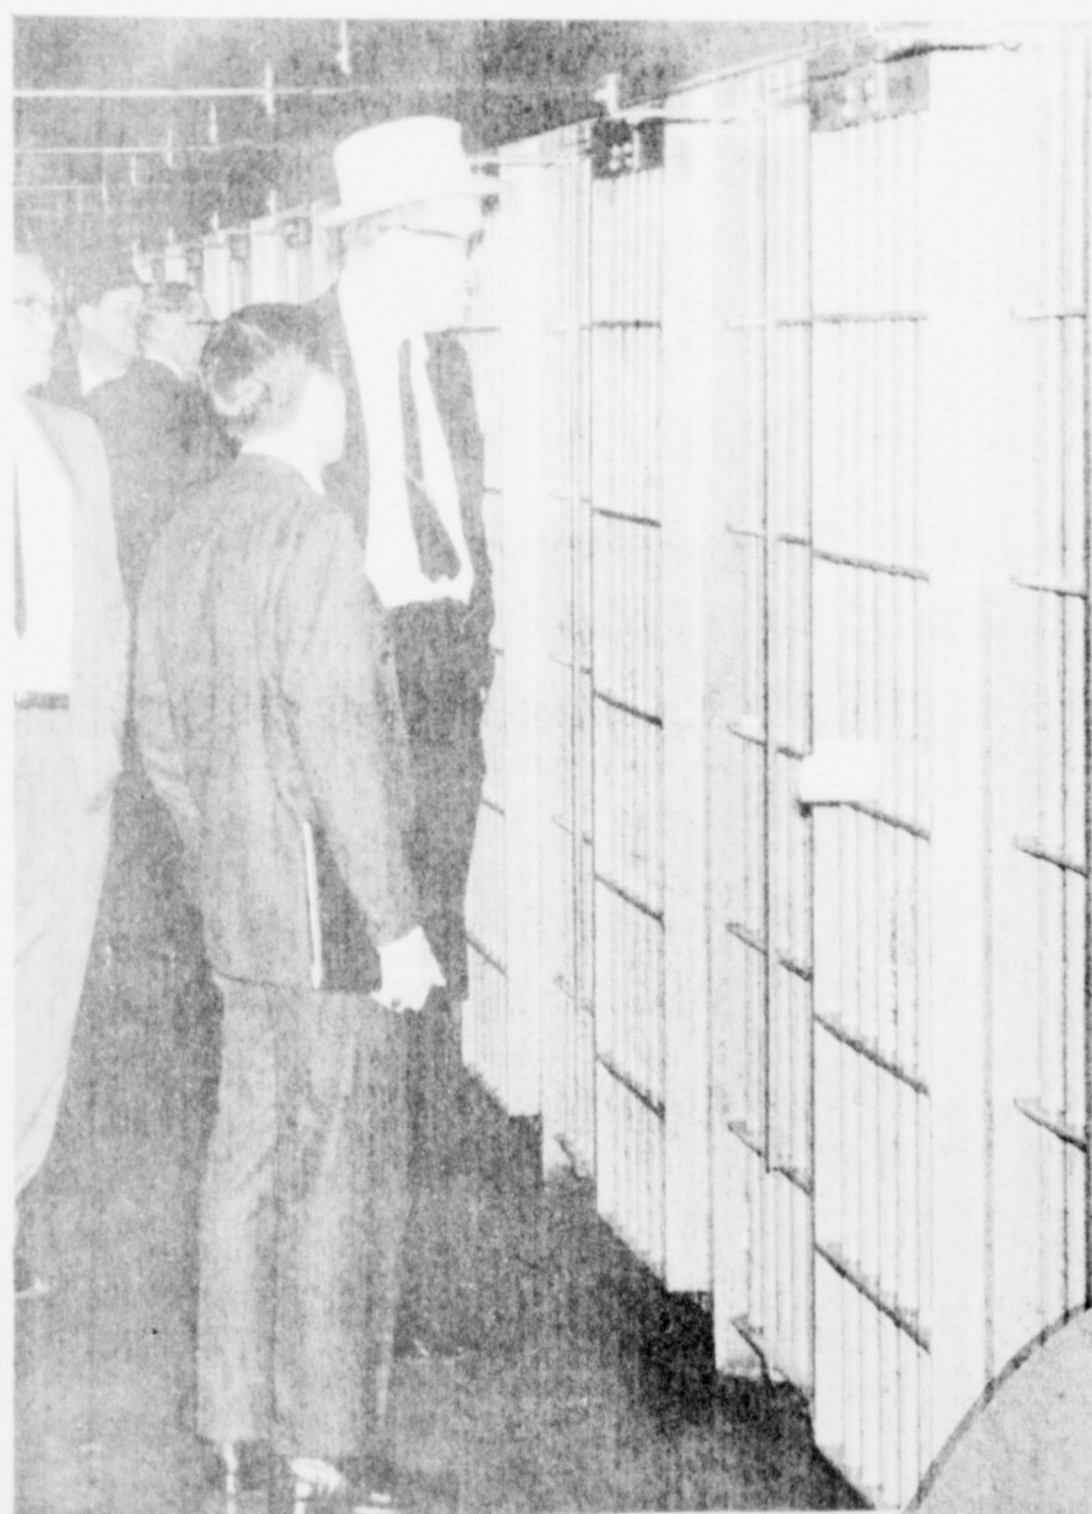

legislative process and visit with State Officials. Groups pictures are from: (1) Cisco High School and (2) Putnam High.

CONFERENCES—An early supporter of Speaker-elect Gus Mutscher, Musgrove confers with him on a legislative matter. Mutscher will become Speaker of the House in January.

—The legislative leader against LSD and other dangerous drugs, Musgrove is met outside the Capitol building by a group of demonstrators and hippie opponents of the legislation. In order to keep the growing drug problem from every angle, Musgrove met with proponents of every point of view. Other states have legislation as a basis for the solution of their own problems. Musgrove will face offenders under the new Texas Dangerous Drug Act.

TEXAS PRISONS—Rep. Musgrove served on five standing legislative committees, and as a member of the Penitentiaries Committee, he inspected all 13 Texas prisons with the Director of the Texas Department of Corrections, Dr. George Belts. After his inspection tour, Musgrove proposed governmental economies to save taxpayers over \$2,000,000 annually.

TO CONGRESS—Rep. Musgrove leaves the State Capitol in Austin to return to his district to discuss with his constituents on some proposed legislation that will affect the district.

CAMPAIGN—Campaign workers stack several thousand bright green-colored styrofoam balls — a new idea in political campaigning — outside Musgrove's office. Called "vote-toppers," the balls are distributed to supporters for display on car radio antennae. These attention-getting vote-toppers are considerably cheaper and more popular than bumper stickers. Considerable effort was spent in devising an economical way of printing the "Keep Burke Musgrove" campaign slogan on the 2-inch styrofoam ball, but many predict widespread use of this idea in future political races.

KEEP BURKE MUSGROVE

Musgrove campaign "VOTE TOPPERS" for display on car radio antennae can be obtained from campaign workers, from the "KEEP BURKE MUSGROVE" traveling billboard when it visits your town or by writing the KEEP BURKE MUSGROVE Campaign Headquarters, Miller Building, Breckenridge, 76024

- BURKE MUSGROVE was the first legislator in West Texas to urge investigation of Liquor Control Board influences.
- BURKE MUSGROVE spearheaded a two-month study into sales tax collection problems of retail merchants, uncovering many solutions.
- BURKE MUSGROVE assisted some 50 financially handicapped high school graduates from our District to obtain state-supported college loans.
- BURKE MUSGROVE successfully sponsored legislation that provided Callahan County with Parks and Wildlife services, the establishment of the Rising Star Hospital District, transfer of vacated armory to Ranger Junior College (saving local taxpayers \$300,000), Breckenridge refinancing legislation, and much more.

You can see why this District needs a Working State Representative... and why you'll want to help re-elect BURKE MUSGROVE.
