Santa, be smart...
an ELECTRIC
CLOTHES
DRYER
can win you her heart

She'll love the extra time she can spend with you. No more lugging heavy laundry baskets to the clothesline. No more time wasted hanging clothes outdoors and worrying about the weather. She will save ironing time, too... permanent press clothes come from an automatic electric dryer ready to wear without ironing. Electric dryers cost as much as \$40 less to buy... and they're flameless, so installation costs less, too. So, Santa, see your appliance dealer soon.
