The SDN Column

What type of inter-collegiate athletic program will Western Texas College offer?

This question has been the subject of speculation since the junior college district was created here, although nearly everybody apparently feels that it will be a year or so before the local college can compete seriously.

Now, the time has come when some decisions must be made and the college district board is set to tackle this question within the next few weeks. No votes have been taken, but in preliminary discussions, board members have indicated that WTC will seek membership in the junior college athletic conference of this region, which now has member schools in Big Spring, Odessa, Levelland, Amarillo, Borger, Clarendon and Hobbs, N. M. This conference offers competition in basketball, track, golf, tennis and gymnastics, the latter three for both men and women.

Basketball, of course, is the only "revenue" sport of significance. So, the question of economics enters the picture.

★ ★ ★

Basketball also is the costliest of the sports, since it requires more scholarship money, more equipment and more travel expense than any of the others.

But the question being pondered by WTC trustees is when to begin participation. It would be impossible to compete for a conference title in basketball next season because the schedules already have been made. At the same time, consideration must be given to the probability that a season of non-conference experience would enable the local team to enter the conference the following year in a much better competitive position than would be the case if it went into conference play without prior experience.

★ ★ ★

And, if there is to be a team at all the coming season, some decisions must be made now, because the recruiting season for basketball players is approaching rapidly and it will take some doing to line up even an independent schedule for the first year.

There are those who believe that WTC has the potential to become one of the better basketball junior colleges in the Southwest. High school basketball draws very well here compared to some other schools, and the county coliseum offers excellent facilities for home games.

But the question at hand is when and how to begin. The trustees likely will reach some conclusions on this within a few weeks.—WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Wednesday, Feb. 17, the 48th day of 1971. There are 317 days left in the year.

Today's highlight in history:

On this date in 1944, during the Pacific war, American forces landed on the Japanese-held base of Eniwetok in the Marshall Islands.

On this date:

In 1621, Miles Standish was made military captain of the Pilgrim colony at Plymouth, Mass.

In 1801, after 35 separate ballots, the U. S. House of Representatives broke an electoral tie and elected Thomas Jefferson president, defeating Aaron Burr.

In 1817, Baltimore became the first American city to be illuminated by gas lights.

In 1916, in World War I, the British and French captured Germany's African colony of Cameroon.

In 1934, King Albert of Belgium was killed while mountain climbing.

In 1945, the allies in World War II were pushing the Germans back to the Rhine River.

Ten years ago— There was sharp fighting in the Congo between government forces and rebels in Katanga Province.

Five years ago— Vice President Hubert Humphrey, visiting India, announced a $100 million U. S. loan to that country to bolster the faltering economy.

One year ago— Israeli planes bombed two Egyptian missile bases 19 miles from Cairo.

THE WEATHER

SNYDER TEMPERATURES: High reading Tuesday, 80 degrees; low reading, 35 degrees; reading at 7 a.m. today, 40 degrees.

Northwest Texas: Considerable cloudiness tonight and Thursday morning. Scattered thunderstorms late tonight and Thursday morning. Clearing and cooler Thursday afternoon. Low tonight 45 northwest to 62 south. High Thursday 55 northwest to 78 southeast.

North Central Texas: Partly cloudy tonight. Mostly cloudy Thursday with possible thunderstorms late afternoon. Continued warm. High Thursday 75 to 81. Low tonight 57 to 64.

Northeast Texas: Partly cloudy tonight. Cloudy Thursday. Continued warm. High Thursday 75 to 81. Low tonight 57 to 66.

Southwest Texas, west of the Pecos: Considerable cloudiness tonight and Thursday morning with chance of a few scattered showers. Decreasing cloudiness Thursday afternoon. Mild tonight. A little cooler most sections Thursday. Windy tonight and Thursday. Low tonight 36 to 52. High Thursday 62 to 84.

Southwest Texas, east of the Pecos: Increasing cloudiness tonight. Considerable cloudiness Thursday with chance of a few showers or thundershowers north portion. Warmer north portion tonight. Turning a little cooler northwest Thursday. Low tonight 48 to 62. High Thursday 68 to 85.

South Central Texas: Considerable cloudiness tonight and Thursday with chance of a few showers extreme northwest portion Thursday afternoon. Continued warm. High in the afternoons 75 to 88. Low tonight 58 to 68.

Southeast Texas: Cloudy to partly cloudy and warm tonight and Thursday. Low tonight 55 to 65.

Coast: Increasing southeasterly winds 10 to 25 knots through Thursday gusty in the afternoons.

FROM GOV. PRESTON SMITH

Lawmakers Await Tax Plan

By LEE JONES
Associated Press Writer

AUSTIN (AP) — House members tentatively approved today a bill to finance emergency welfare appropriations but put off a final vote until Thursday.

Lawmakers awaited Gov. Preston Smith's ideas to solve the state's longer-range tax problem.

Representatives advanced the measure, 121-22, but fell several votes short of the necessary four-fifths majority to suspend rules and finally pass the Senate-approved bill.

The bill would "borrow" $35 million from the teacher retirement fund to pay for emergency appropriations designed to avert a March 1 cut in some welfare payments.

Rep. W.S. Heatly of Paducah, the House sponsor, assured the representatives the bill would not affect teachers' retirement checks.

"And I have so advised my sister, who is a retired teacher," Heatly said.

Rep. Fred Agnich, Dallas Republican, said that based on last year's average return on the retirement fund's investments, the fund would lose $388,808 in interest from the bill.

Both houses already have passed the $35 million emergency appropriation bill for welfare, but the "loan" from teacher retirement funds must be passed to pay for it.

Smith sent the legislature a "community development" message urging repeal of personal property taxes on cars, which would be replaced with an "ownership tax" to be paid before license plates are issued.

Legislators issued the governor an invitation Tuesday to address a joint session Thursday morning and lay out a new set of tax recommendations to replace his scuttled "spend now, pay later" plan.

An aide said Smith's remarks would be brief—"It will only take about 10 minutes."

In Tuesday's legislative action, senators approved 30-0 and sent to the House the so-called "equal rights" constitutional amendment.

Long advocated by women's rights organizations, the measure is a perennial subject for debate but has never gone to the voters. It provides that "equality under the law shall not be denied or abridged because of sex, race, color, creed or national origin."

The Senate, however, refused to take up a bill creating an eleven-member commission on the status of women.

RELATES SHOOTING STORY — Dallas County Deputy Sheriff A. D. McCurley, center, the only one of five kidnaped deputies who escaped death or wounding in Dallas Monday tells newsmen how he escaped in Dallas Tuesday. Three deputies were shot to death and a fourth was wounded. Dallas County Sheriff Clarence Jones, right, and Ellis County Sheriff Wayne McCullough, look on. Deputies are searching for a 33-year-old ex-convict accused of the shooting. (AP Wirephoto)

Search Widens For Ex-Convict

DALLAS (AP) — Authorities lodged murder charges against the second of two brothers Tuesday in the execution-style slayings of three peace officers.

A search widened throughout the state, meanwhile, for ex-convict Rene Adolpho Guzman, 33, one of the accused pair, who was described to investigators as "a real mean man—he thinks he's Al Capone."

Dallas County Sheriff Clarence Jones said Guzman and his brother, Mosies Zunia Guzman, 35, were at a house where five officers were taken captives and the two Guzmans escorted the deputies to a spot in the Trinity River bottom where the killings took place Monday night.

The deputies were checking the license number of a car spotted in a small town south of here while a burglary was being committed.

A hail of gunfire killed sheriff's deputies Sam Infante, 32, and William D. Reese, 31, of Dallas County and A. J. Robertson, 59, from neighboring Ellis County, where the burglary occurred.

Another Ellis deputy, Wendell Dover, 49, suffered bullet wounds in the chest. The fifth officer held captive for a time, Dallas deputy A.D. McCurley, 50, escaped harm by diving over an embankment while Reese grappled with their assailants.

Mosies Guzman was arrested a few hours afterward.

Sheriff Jones said experts lifted fingerprints of the Guzman brothers from cars which the investigating deputies had been using.

The Dallas sheriff said he was told all the Texas-Mexico border was "shut down tight", in the Hunt for the younger Guzman. Jones added that he was inclined to believe the wanted man was hiding in the Dallas area.

RENE ADOLPHO GUZMAN

McCurley told of going with Reese to the Guzman brothers' address. He said Infante went there earlier with Dover and Robertson, and then asked that a blank form required for a search of the place be brought by the last two officers.

On being admitted, McCurley said, he and Reese found the other deputies tied to chairs and themselves were captured.

Hermleigh School Election Slated

HERMLEIGH—The Hermleigh Independent School board of trustees election will be held April 3.

Walter Stirl is seeking re-election. Forrest Hess, vice president of the board, will not seek re-election.

Holdover members of the board are Donald Tate, president; Jack Nachlinger, secretary; W. H. Coonrod, Jimmy Beck and T. C. Herrera.

Absentee voting will be held March 10-30. The election judge is Inda Sturdivant.

3 More In City Race

Three more candidates were in the race this morning for places on the Snyder City Council.

Each of the places with a term expiring now has a candidate and one of them now has two candidates.

Filing Tuesday afternoon was John Boren, Councilman Place 3, who is seeking re-election.

This morning, two candidates filed for Place 5, the post now held by Herbert Reed. The Place 5 candidates are Lon B. Faver and Joe Sentell, a former councilman.

Earlier, Homer C. Godair had filed as a candidate for Place 1 on the council, the post now held by John Thomas.

Saloon Bill Is Introduced

AUSTIN (AP) — A liquor by the drink bill that wuuld bring back the belly-up-to-the-bar saloon was introduced in the Texas legislature today by Sen. Joe Christie, El Paso.

The bill was read once to the Senate and then sent to the jurisprudence committee for further study. No public hearing date was set.

Christie told a news conference Tuesday he expected opposition to emerge "maybe by nightfall."

"Saloons"—yes, they could legally call themselves that—would not have to serve food to stay out of trouble with the law.

Sen. Joe Christie of El Paso, the bill's sponsor, told a news conference Tuesday he expects opposition to emerge "maybe by nightfall."

Christie ran the successful campaign last year for a constitutional amendment enabling the legislature to pass a local option liquor by the drink law.

Rep. Dewitt Hale, Corpus Christi, will sponsor the measure and a companion $22.9 million liquor tax bill in the House.

"We want an honest bill, a clean bill, an enforceable bill," Christie said.

Parts of the local option bill seem almost certain to draw fire from various pressure groups.

For instance, there is no requirement that bars sell food or be affiliated with restaurants, hotels or motels. Many felt this was necessary to make them "respectable."

"The only argument for a food requirement was to keep out of the honky-tonks," Christie said. "I feel we are accomplishing the same aim with a very high $5,000 initial license fee."

For another thing, the bill allows bars to call themselves "saloons" a hated word to some prohibitionists.

"It's part of our western heritage," said Christie. "If there's a big flap over it in the legislature, I guess we'll take it out."

Congress Asked To Hike Debt Ceiling

WASHINGTON (AP) — The Nixon administration asked Congress today for a $40 billion increase in the limit on the national debt, to $435 billion. It would be the biggest single hike in the debt ceiling since World War II.

Secretary of the Treasury John B. Connally, the only Democrat in President Nixon's Cabinet, brought the request to the House Ways and Means Committee, which is dominated by Democrats eager for another chance to criticize the administration's economic policy.

Connally asked for the big increase on the ground that deficits already are exceeding predictions and also that it would be wise to provide a debt limit that would hold up through fiscal year 1972, which ends June 30, 1972.

While Congress never fails to provide enough borrowing authority to keep the government operating normally, it appeared unlikely that the committee would grant the administration enough of a rise over the present $395 billion to take care of a 6-month period. Instead Congress is likely to require the administration to come in for another fiscal accounting within six months to a year.

Connally said that when the present limit was set last June the deficit prediction was only $1.3 billion.

Connally told the committee apparently "the debt will rise to within $1 billion of the present $395 billion limit late this month, before temporarily dropping again."

Over 900 Expected At Banquet

Indications were this morning that over 900 persons would be on hand Thursday night for the annual banquet of the Snyder Chamber of Commerce, and attendance at the event could reach 1,000.

That was the picture as the demand for tickets continued brisk at the Chamber office in the city hall and the deadline for purchasing tickets neared.

Chamber officials hoped to be able to arrive at a fairly accurate tabulation by this afternoon so that figures could be submitted to Bill Early, who will cater the banquet in the Scurry County Coliseum.

The Chamber banquet this year will climax the observance of "Oil Appreciation Week." Those associated with the oil industry will be recognized at the banquet and the guest speaker for the event will be R. J. Becker of Denver, Colo., President of Chevron Oil Co.

Special entertainment will be presented by Bellinda Myrick, Miss Texas of 1970. The Ted McMillan Trio will provide dinner music for the banquet.

Many local citizens will be at tables reserved by local business firms. Tables for businesses were offered this year for groups of 10 or more, and a number of firms have made arrangements to have their employes seated together at reserved tables.

Another Odessa Woman Missing

ODESSA (AP) — Odessa police, investigating a string of unsolved murders of women, learned Tuesday night that still another Odessa housewife had disappeared from this West Texas city.

On Monday, an Ector County rancher found the decomposed body of Mrs. Ruth Maynard, 24-year-old wife of a former policeman, in a pasture. She had not been seen since she left a local night club Jan. 9.

Within hours of the discovery, police were told that Mrs. Oleta Fuller, 28, mother of six children, has been missing since Feb. 10.

Mrs. Fuller's 11-year-old daughter told officers that the car in which she was riding with her mother stalled. Mrs. Fuller went to a nearby lounge for help and a man drove them home. The man and her mother later left, apparently to fetch the stalled car. Mrs. Fuller was not seen again. Her car was found next morning.

A Department of Public Safety helicopter crew began combing the area northwest of Odessa after ground parties failed to turn up any further clues in the area where Mrs. Maynard's body was found. She had been strangled with a nylon stocking.

Deputies from Kermit, about 45 miles west of Odessa, joined the search today. They feared that Mrs. Nancy Mitchell, 27, who disappeared from there Sept. 16 last year, might have met a similar fate.

Mrs. Mitchell vanished from her home, leaving her two children asleep in the bedroom of her home. She apparently had been sewing, and deputies said the light of her sewing machine was still on when they went to the house. The shoes she had been wearing had been kicked off under the machine.

A few days later some of her clothing was found on the road between Kermit and Odessa. Her dress had been ripped and her undergarments cut.

In addition to the Maynard murder and investigations into the disappearance of the two other women, Odessa police have two other unsolved mysteries on their hands.

Two years ago Linda Cougat disappeared after going to a laundromat. Her body was found months later in a pasture under circumstances similar to that of Mrs. Maynard's death.

Then last year Eula Mae Rogers, a go-go dancer who used the professional name of Kay Miller, was found slain in her Odessa apartment. She had been stabbed.

The police still have no clues in either slaying.

One officer privately expressed the opinion: "We are looking for a madman."

Mrs. Schulze Dies Here

Mrs. Rose (H. J.) Schulze, 75, a resident of Scurry County for the past 48 years, died at 11:35 p.m. Tuesday in Cogdell Memorial Hospital.

Rosary will be said at 7:30 p.m. today in the Bolger Funeral Home Chapel. Funeral rites will be held at 10 a.m. Thursday at St. Elizabeth's Catholic Church, where Mrs. Schulze was a member. The Rev. Herman Laux will officiate, and burial will be in Hillside Memorial Gardens, under direction of Bolger Funeral Home.

A native of Hanover, Kan., Mrs. Schulze was married there in 1914 to H. J. Schulze. He preceded her in death in 1966.

She is survived by a daughter, Mrs. Jim (Alfrieda) Moss of Snyder; a brother, Henry Schneiderjans of Hanover, Kan.; a grandson, James T. Moss III, and two granddaughters, Mary and Nettie Moss, both of Snyder.

Mrs. Schulze was a member of the Cogdell Memorial Hospital Auxiliary, St. Elizabeth's Altar Society and the Union Home Demonstration Club.

Pallbearers will be Raul Rosa, Herman Schulze, John Mengwasser, William Wimmer, O. B. Darden and Arthur Lee Pieper.

Tower To Germany

WASHINGTON (AP) — Sen. John Tower, R-Tex., who leaves later this week for Munich, Germany, where he will head a U.S. delegation to the Wehrkende seminar, says at this time he is against any further withdrawal of U.S. troops from Europe.

He said he will take three main concerns to the conference:

"That Western Europe be alert to the threat posed by the Warsaw Pact nations; that they be prepared to devote as much of their own gross national produce as they can to their own defense; that they not naively be taken in by Soviet overtures that are designed to lull them into a sense of false security."

Tower was also to visit Paris, Brussels and London, and to confer in those capitals with top U.S. military leaders during his eight-day trip.

At a news conference Tuesday Tower referred to the recent Securities and Exchange Commission injunction suit in Texas alleging stock manipulations as "a can of worms."

"I sense a wave of public revulsion of this," he said.

ACC To Absorb Colleges

ABILENE, Tex. (AP)— Abilene Christian College will absorb Christian College of the Southwest of Dallas and Fort Worth Christian College effective Sept. 1, ACC president John C. Stevens announced Tuesday.

In the fall semester ACC had 3,234 students; Christian College of the Southwest 464; and Fort Worth Christian 104.

Freshman and sophomore core curriculums will be offered on each campus, along with a law enforcement program and continuing education as the demand develops. Officials also indicated that some graduate work might be developed at the centers.

Dr. Henry E. Speck, president of Christian College of the Southwest while on leave of absence from ACC as professor of Bible, will be dean and the chief academic officer of the Dallas Center.

Dr. Thomas A. Shaver, ACC associate professor of Bible, will serve as resident dean and chief academic officer of the Fort Worth Center.

Permafrost covers about 24 per cent of the world's land area, or about 12.5 million square miles.

US Economy Inches Ahead

By BILL NEIKIRK
Associated Press Writer

WASHINGTON (AP) — The nation's economy inched ahead sluggishly last month, still not responding to President Nixon's ambitious expansion policies, a new government report shows.

Industrial production, one of the first significant economic indicators reported this year, advanced by seven-tenths of 1 per cent in January, the Federal Reserve Board said Tuesday.

At any other time, the gain might have been significant. But, the board said, factory output is still catching up from the knockout blow of last fall's General Motors' strike.

Excluding the unseasonably high 18 per cent increase in auto production, output of the nation's factories showed continuing slack, with declines in production of television sets and other appliances, industrial, commercial and defense equipment and commercial aircraft.

A spokesman for Nixon's Council of Economic Advisers said the production index for January "is a good figure. It doesn't set the world on fire, but it's a good steady figure."

He said the most encouraging signs are the auto production snapback and a stepup in steel output, reflecting industry stockpiling in anticipation of a strike later this year.

"Hopefully, these will spread into other areas," he said.

The administration is looking for a dramatic jump in output in March and April to realize its prediction of an upturn in the economy.

After pursuing tight fiscal and monetary policies in fighting inflation last year, Nixon has ordered heavier federal spending, combined with easier money policies from the Federal Reserve, to expand the economy this year.

His primary goal now is to tackle unemployment, currently at 6 per cent. Nixon has predicted a 9 per cent leap in economic activity this year as measured by the Gross National Product.

The expansionary fiscal policy calls for back-to-back deficits totaling more than $30 billion this fiscal year and next. The administration is asking Congress to approve a near-record increase of about $40 billion in the national debt limit to make the heavier spending possible.

The January industrial production index indicated the administration has a long way to go before reaching the super-fast pace Nixon has laid out for 1971.

The index climbed to 165.1 per cent of the 1957-59 average, 2 per cent below the level prior to the auto strike and still 5.4 per cent under the peak reached in July 1969, when the economy was in high gear.

The Federal Reserve System supplied evidence Tuesday it is ready to assist the President in his goal of expansion.

The system's Open Market Committee, managers of the government's $60-billion-plus portfolio of securities, said it will encourage money growth exceeding 5 per cent in the weeks ahead.

The exact figure was not disclosed. The committee said analysis by its staff indicates the money supply and bank credit will show "somewhat faster growth" in the first quarter of the year. Money stock grew by 5 per cent and bank credit by 9 per cent in the last three months of 1970.

Nixon's economic advisers say a 6 per cent growth in the money supply will be needed to reach the administration's goal of an $88-billion increase in output of goods and services in 1971.

Mortage Rate Is Lowered

WASHINGTON (AP) — The Nixon administration today lowered the maximum allowable interest rate on government-backed mortgages to 7 per cent in a further move to bolster the reviving housing market.

The cut is the third in the past three months and brings the mortgage interest rate back down to 1968 levels. It peaked at 8½ per cent last year on mortgages insured by the Federal Housing Administration and Veterans Administration. An additional one-half of one per cent insurance fee is tacked on to FHA mortgages.

"Prospective home buyers will be able to make plans based on a reduced cost of mortgage money, and this should provide new impetus to the already bouyant homebuilding outlook," Housing Secretary George Romney said.

He noted the new interest ceiling "may be just a little ahead of current conditions in the corporate bond markets.

"But with the mortgage lending institutions becoming increasingly flush with funds, it will not be long before the new ceiling is fully validated."

The secretary estimated that monthly payments on a typical FHA-insured home will be $20-$25 less under the 7 per cent rate than under the 8¼ per cent one prevailing last year.

The rate is effective today. But Romney urged lenders to rewrite existing mortgage commitments to reflect the new, lower rate.

Quarterly Clinic Session Slated

LUBBOCK — The quarterly session of St. John's United Methodist Church Crippled Children's Clinic will be held from 1 p.m. to 5 p.m. Saturday at the church, located at Fifteenth Street and University Avenue.

Conducted quarterly, the clinic is free for crippled children of the South Plains area. Four orthopedic surgeons and the sponsors for the clinic, the Fellowship Class of St. John's United Methodist Church, will supervise activities.

Children going to the clinic for the first time are to be accompanied by a parent or guardian.

Theft Cases Are Reported

Thieves stole a bicycle from Tommy Rylander, 416 Twenty-ninth Street, Monday while it was parked at Travis Junior High School, according to a City Police report.

Officers also said someone stole a battery from a new 1971 Model Buick that was parked at Snyder Motor Company, 711 Twenty-fifth Street, Monday night. The loss was set at $50.

Program Set For Hermleigh Lions

HERMLEIGH — Charles Henderson of the Farmers's Home Administration will present a program on rural housing loans at the Hermleigh Lions Club's Ladies Night meeting at 7 p.m. Thursday.

The Lions and their wives will meet at 7 p.m. and the program at 8 p.m. will be open to the public. The event will be held at the Hermleigh Community Center.

Canadian Eskimos customarily name their sled dogs after deceased members of the family.

City Firemen Called 5 Times

City Firemen answered five calls yesterday.

They extinguished a grass fire behind Brooks Well Servicing on the Lamesa Highway at 12:40 p.m.

A fence and some trash caught fire behind Thomas Chrysler-Plymouth Company on Twenty-fifth Street at 4 p.m. Tuesday.

There were grass fires at 2309 Avenue H at 4:45 p.m. and at 1311 Nineteenth Street at 5:45 p.m.

Firemen also extinguished a grass and trash fire 3¼ miles west of town on the Lamesa Highway at 11:30 p.m.

They are doing free hair styles, for selected young ladies in this area, in connection with National Beauty Salon Week Feb. 14-20.

In Environment Education Parents Should Set Example

By MARLENE DAVIS
Tampa Tribune Staff Writer

TAMPA, Fla. (AP) — Mary is a nice little girl.

She makes her own bed. Helps with the dinner dishes. Brushes her hair 100 times every night. A living copy of her mother.

The only problem is her mother's problem. She doesn't seem to understand her daughter imitates everything she does. Not just the primping or the housekeeping. Everything.

Like throwing the milkshake cup out the car window when nobody is looking. Or leaving the lights on in the back of the house when everybody's in the front.

Or just not thinking about trees and birds and aluminum cans. And what happens to them.

It's not that Mary's mother is a bad mother. It's just that she, like many parents, doesn't recognize her role in producing a better environment for her children by producing better children for the environment.

Donald C. Riblet of Bradenton, an environmental education consultant based at the Education Research Center at the University of Florida, thought about these parents and came up with some simple suggestions to help them help their children develop proper attitudes and values about their environment.

But first a parent has to know what "this environmental thing" is all about. And according to Ribler it's quite simple:

"All our environmental problems trace back to two things, overpopulation and excessive consumption per person. And anything we do to reverse these trends is great."

Parents, he said, should realize Americans consume so very much. A child born in America will consume, during his lifetime, 25 times as much as a child born in an under-privileged country, he explained.

He said the definition people usually hear of environment is "everything other than one's self." But he feels parents should learn environment is "everything including ones self, because of the impacts physically, psychologically and socially each of us has on his environment."

Riblet stressed the fun part of learning this with children. And why can't learning an environmental word a day with your child be fun.

He threw out such words as biodegradable, dissoived oxygen, carbon monoxide, sulfur dioxide.

Taking a child to the source of city services might teach parents quite a bit too. Follow a trash truck. Where does it go? What happens to the trash once it gets there?

Perhaps then a child will become aware of the excessive consumption of such things as paper, cans, bottles.

Teach children, he said, to use human power instead of electric power. Turn off the lights you aren't using, he added. Learn with your child the source of your power. This way a child can learn that by not using as much electricity he can lessen air and water pollution.

Riblet urged mothers who take their children grocery shopping with them to let the children check the detergent counters for nonphosphate detergents.

"Ride the bus. Share your car with a neighbor." It would be fun, he said, and cut down on automobile exhaust.

He said parents should plant a tree or bush with their children and point out how green growing plants give off oxygen, making the air we breathe better. Then, ask the child, he urged, is it better to have a new shopping center or a forest.

Instead of going to the beach for the usual activities, he said, go with a net. "Go where there's shoal grass. Run the net through the grass and dump the contents on the beach to see the variety of marine life which uses the grass as a nursery.

Through this experience, he explained, a child will be receptive to information regarding the pollution of bays.

Newcomers Club Celebrates 1st Anniversary

The Newcomers Club of Snyder is celebrating its 1st anniversary this month and will meet at 10 a.m. Thursday, Feb. 18 at the Snyder Savings and Loan Community room.

This is the beginning of a new year. Those wishing to retain their memberships may pay their dues at this meeting. Club memberships are open to all ladies having moved to Snyder recently. The club meets once a month for a program, business meeting and refreshments. A nursery for pre-school children is provided at the First Presbyterian Church, 2706 Ave. R.

The 66 members of the club enjoy participating in bridge, painting, knitting and flower arranging lessons. Each member may choose one or all of these activities according to their interest.

For those who wish to participate the club has a dinner and games night once a month for couples, and bowling and square dancing and various other activities.

In 1969, the Congo produced 362,000 tons of copper and the 1970 record is expected to exceed 400,000 tons.

The Weeders Guide

By EARL ARONSON
AP Newsfeatures

There's nothing like the arrival of seed catalogues to prove spring is near. There are many new flower and vegetable seed introductions. There are more each year, what with development of hybrids, disease-resistant varieties and planting aids.

Some seed companies are offering starter kits. One item (by Park of Greenwood, S.C.) is a complete growing medium formed into self-contained, ready-to-use cubes. Just soak them in water and sow seed in precut holes. Seeds germinate rapidly, seedlings feed on natural organic material and built-in fertilizer. You transplant cube and all.

A new lettuce named Green Ice and Totem Pole Asters (both by Burpee) are on the way but probably won't make the garden scene this spring.

Green Ice is reputedly more heat resistant, longer standing and a dark green.

Totem Pole Asters have erect, strong stems and large fluffy flowers in white, rose-pink, scarlet-cerise, azure blue and dark blue.

New (from Burgess, Galesburg, Mich.) are a 4-on-1 Standard Cherry, Dwarf 4-on-1 Cherry and Dwarf 5-on-1 pear. Other interesting items are a climbing Trip-L-Crop tomato, a stuffing tomato and mini-vegetables for mini gardens. Another is a seedless hybrid watermelon and a 3-foot long green bean.

Other (Park) items are Begonias Bloom Big, Impatiens Pastel Mixed, Maxi Petunias, Geranium Little Big Shots and Chrysanthemum Autumn Glory.

Available is a pale pink dwarf hollyhock named Silver Puffs, two feet tall. It does not need staking and side branches start to bloom with the central spike. Silver Puffs was a 1971 All-America Selection.

Birch Clump

A clump of birches isn't difficult to achieve, but it takes pruning courage. Birches may be cut off a few inches above ground level, says Prof. Radcliffe B. Pike of the University of New Hampshire.

"Although it may look a little ridiculous to transplant a stump, nevertheless it is sound practice," he explains. "One then gets a clump of several stems, which most people prefer to single trunk in birches. That is how some nurseymen get their birch clumps—known as pads. Heavy pruning encourages basal shoot growth."

If you plant a birch and it appeass to die, cut off the trunk near the ground. Often there remains life in the roots and sprouts appear, forming a nice clump.

Early Planters

In a hurry to plant? Then limit your efforts to annual flowers such as sweet alyssum, bachelor's button, candytuft, calendula, annual chrysanthemum, larkspur, snapdragon, stock and sweet peas. These will tolerate late frosts.

NEW DESSERT — Sugar and spice and fresh pears go into this torte.

Dessert Features Fresh Pears

By CECILY BROWNSTONE
Associated Press Food Editor

One of the newest desserts to come off the test-kitchen line is a Spicy Pear Torte. For this sweet you can take your choice of fresh pears—Anjou, Bosc or Comice.

The pears are added to a cake-type batter, but no liquid goes in. The finely diced ripe pears and a few eggs supply the moisture.

If you buy firm pears, keep them at room temperature for a few days. When they yield to gentle pressure, they'll be ripe. Ripe pears should, of course, be kept in the refrigerator.

We liked this Spicy Pear Torte best when we served it shortly after baking. If you want to follow suit, you'll have to plan your baking and serving schedule.

SPICY PEAR TORTE

2 cups sifted flour
2 teaspoons baking soda
½ teaspoon salt
1 teaspoon cinnamon
¾ teaspoon nutmeg
2 to 3 fresh ripe Anjou, Bosc or Comice pears
½ cup (¼ pound stick) butter or margarine
1 cup firmly packed dark brown sugar
1 teaspoon vanilla
2 large eggs
½ cup chopped (medium fine) walnuts
1-3rd cup raisins
Lemon Glaze, see below
Grease and flour a 2- to 2½-quart fluted tube pan.

On wax paper sift together the flour, baking soda, salt, cinnamon and nutmeg.

Wash and dry pears; core but do not peel. Finely dice enough pears to measure 2½ cups.

In a large mixing bowl cream butter, granulated sugar, brown sugar and vanilla. Add eggs, one at a time, beating well after each addition. Add sifted flour mixture and stir until smooth.

Add diced pears, walnuts and raisins. Stir in lightly but thoroughly. Turn into prepared pan.

Bake in a preheated 350-degree oven until a cake tester inserted in center comes out without any batter adhering to it—60 to 70 minutes.

Place torte in pan on wire rack; let cool for about 10 minutes. With a small sharp knife loosen around edges; turn out on wire rack.

While torte is still hot spread with Lemon Glaze. The heat of the torte will melt the sugar in the glaze and give a transparent look. If you want the torte to have an opaque-looking frosting, spread with the Lemon Glaze after the torte is cold.

LEMON GLAZE

1½ cups confectioners' sugar
¼ teaspoon grated lemon rind
2 teaspoons lemon juice
1½ tablespoons (about) boiling water

Into a small mixing bowl turn the sugar, lemon rind and lemon juice. With a spoon, beat in enough boiling water to give a thin spreading consistency; continue to beat until smooth.

Women's Calendar

THURSDAY

Snyder Chapter No. 450 Order of The Eastern Star will honor past Matrons and Patrons during the meeting at 7:30 p.m. at the Masonic Hall. Hostesses are JoAnn Sterling, Viola Pylant and Alma Love.

AAUW will postpone their meeting until next week due to the Chamber of Commerce Banquet.

FRIDAY

Altrurian Club will meet at 3 p.m. at Martha Ann Woman's Club with Mrs. Evelyn Boone as hostess.

Robots Taking Positions On Assembly Line Jobs

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — Their impact has been very small to date, but robots nevertheless have quietly taken their positions along assembly lines during the past few years, doing the same work—and sometimes doing it better—as the men they replaced.

The implications could be large at some future year, depending upon how quick is their acceptance, but so far they have created little stir where you might expect it most, in the labor unions.

One reason is that most of the jobs now being handled by these machines, which seek to duplicate human arm and even finger movement, are hot, dirty, exhausting, tediuous, dangerous and otherwise undesirable.

The big three of automaking —General Motors, Ford and Chrysler—have purchased robots for assembly line jobs, and current thinking is that after a period of testing they'll play a growing role in automobile production.

General Motors last year purchased more than 60 one-arm, hydraulicall and pneumatically operated robots for assembly line chores at Lordstown and Norwood, Ohio.

Norman Schafler, vice chairman of Condec Corp., which with Pullman Inc. owns Unimation, Inc., a robot-maker, believes the future is assured, even though his company hasn't yet made a profit on robots.

Labor attitudes are changing, he believes, as unions see machines displacing workers into more rewarding jobs rather than putting them out on the street.

Money also is a big factor. Schafler claims that his company's one-arm robot is able to do the work of two men on certain jobs, and do it better, with less downtime—and, of course, with no fringe benefits or pensions.

Assuming an automotive worker's salary and fringes amount to $9,000 a year, the total cost of two men on one shift is $18,000 a year, meaning that the robot, which costs $25,000 could pay for itself in less than two years.

Moreover, Schafer says, "it won't suffer from fatigue, will not need rest periods or coffee-breaks, and while it never will replace an artisan it will do a job exactly as taught. A human will do it either a little better or worse."

Unimation and AMF Industries are the two largest manufacturers of one-arm indistrial robots, but so small is the industry today that it is doubtful if more than 500 of their machines are now in use.

In Japan, which fears a labor shortage before the turn of the century, there is considerably greater interest. At least 60 companies there are involved in manufacture or research.

Olivier Has Role In Musical

LONDON (AP) — Sir Laurence Olivier is going to play that high-rolling crapshooter Nathan Detroit in a production of the musical "Guys and Dolls" by the British National Theater opening at the Old Vic next Nov. 24.

Junior Editors Quiz on SEASHELLS

QUESTION: *How are seashells formed and why do they roar?*

* * *

ANSWER: Looking at an empty seashell, we often forget that a soft-bodied animal of the mollusk group once lived inside. After hatching from an egg, the mollusk begins life as a tiny free swimming veliger (1) which soon sinks down to the bottom and begins secreting lime from the sea, which hardens into a shell (2). When adult (3), the mollusk can pull itself inside the shell and close the opening with a horny plate (4). After its life span is over the animal dies, but the empty shell remains. Emily hears a faint sound like breaking waves as she holds an empty conch shell over her ear. This is because, beside the louder sounds we hear, there are always many fainter sounds. The shell magnifies many little noises so that altogether they make a sound that reminds one of breaking waves. On plantations in the South, people have long been accustomed to breaking the tops off of conch shells and blowing a blast with the shell to summon workers to dinner. The big shell is called Glory-of-the-Seas. A single shell of this kind has been sold for $1,200.

2-17

(Nance Tuie of N. Charleston, S. Carolina, wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Remarks Plumbers Tire Of

By HAL BOYLE

NEW YORK (AP) — Remarks a plumber gets tired of hearing:

"What took you so long to get here, Joe? Did your chauffeur have to stop and fix a flat tire?"

"All you did was jiggle the handle on the toilet, and it started working again. You expect me to pay you $30 for that?"

"I remember when all you had for lunch, Joe, was a liverwurst sandwich and a raw onion. Now I suppose you have your lunches catered on the job."

"In the old days he used to do all the work himself. Now each of his three helpers has a helper."

"What took you so long, Joe? Did you stop off for a round of golf or two?"

"I hear your mother wanted you to be a doctor or a lawyer or a dentist, Joe. But today those guys live like paupers compared to plumbers, don't they?"

"What do you care if you wear a blue collar to work instead of a white collar? After all, your collar is silk."

"Just remember when you send me your bill, Joe, that I'm the guy who fixes your four television sets. If you give me a hard time, I can give you one right back."

"You don't expect your wife to look like a tramp, do you, Joe? What do I care if you feel embarrassed about having your customers see me wearing a new chinchilla coat to church? If they can't afford to give their wives chinchilla, let 'em wear squirrel."

"What took you so long, Joe? Did you have to stop off at the bank to make another deposit?"

"Why in the world do you have to call in another master plumber for consultation? My problem is just a broken pipe—not a ruptured appendix."

"You can forget about that flooded basement I phoned you about a week or so ago, Joe. I decided it would be cheaper in the long run just to turn it into an indoor swimming pool."

"I hear your daughter is getting married, Joe. Where are you having the reception—at the Waldorf, or aboard your yacht?"

"It seems to me that lately you've spent so much time with a putter in your hands that you've forgotten how to use a wrench."

"What's this about your son wanting to teach, Joe? How can he live on a college professor's measly salary after the way he's been brought up?"

"What took you so long, Joe? Why don't you quit making house calls altogether, and have your customers bring their stopped-up kitchen sinks to your office for diagnosis?"

University Supplies Speakers

HOUSTON (AP) — The University of Houston has an answer to all those committee chairman looking for a program for the next meeting of that civic club, church group or social club.

The university is offering speakers on just about any topic, with no fees charged but transportation for the speaker.

The school set up a speakers bureau partly as a community participation program and partly to speed the development of public speaking skills among students.

Twenty-seven young men and women have been enlisted by the bureau and in addition, the 20-member debate team is available and expected to speak on "almost any topic under the sun" with two weeks' notice, says Martha Haun, who directs the bureau.

"We have two aims with this group," she said, "to help the speakers gain experience and to provoke discussion on topics in the news on which there are a variety of views and reactions."

The students have given talks, she says, on such topics as "Campus Unrest and the Business Community," "The Marijuana Menace," "Student Power in the University, "Opposition Movements in Society" and "Are Wage and Price Controls the Answer?"

Purse Mystery

PEORIA, Ill. (AP) — Mrs. Alice J. Stoller was quite upset when someone stole her purse from behind a counter at the paint store where she works.

The purse contained $29 in cash along with credit cards, driver's license, and other personal papers, she told police.

Later Ora Lawrence reported the theft of her purse at a furniture store where she is employed. She said it was taken from her desk and contained $25 cash, a driver's license, credit cards and other items.

But another purse was left in its place.

Police examined the purse left at the store and surmised it was the one stolen from Mrs. Stoller. It was returned to her with everything intact except the money was gone. The Lawrence purse still is missing.

HORACE AND BUGGY

DENNIS THE MENACE

LAFF-A-DAY

"Don't let Daddy rattle you, Sigmund."

TALENTED TEAM— The Snyder High School golf team set a new school record this year, carding a team total 300. Team members are, from left to right, Front Row, Marty Pate, Bobby Burleson, Bo Lovell and Mark Hargrove; and, Top Row, Coach J. P. Ward, Art Kidd, Glenn Rambin, Mitch Butler, Sammy Baker and Mike Kerley.

Tigers Nip Mustangs

SWEETWATER — Snyder's Tigers leaped into an early lead and withstood a second half rally by Sweetwater to claim a 51-48 verdict in the final basketball game of the season for both teams last night. The win gave the Tigers second place in the District 3-AAA race and set a new school record for the most victories in a single season. The Bengals ended the campaign with a highly respectable 23-5 record. They finished 6-1 in second half play.

Snyder grabbed a 15-6 lead in the first period and boosted it to 32-21 at halftime. Sweetwater outscored the Bengals 14-7 in the third quarter and 13-12 in the last quarter, but the Mustangs just couldn't catch the Tigers.

Dubby Preston had an outstanding night for the Tigers, sinking 19 points. Jerry Brooks was the only other Bengal in double figures. He roped 10 points. For Sweetwater, Cliff Gilliam tallied 21 points, and Charles Spaulding collected 11.

Neither team did an outstanding job of shooting. The Tigers hit 12 of 32 for 38 per cent in the first half and seven of 23 for only 30 per cent in the second half. At the line, they put in eight of eight for 100 per cent in the first half and five of 12 for 42 per cent in the second half.

Sweetwater meshed six of 20 for 30 per cent in the first half and 10 of 28 for 36 per cent in the second half. At the line, the Mustangs put in nine of 14 for 64 per cent in the first half and six of nine for 67 per cent in the second half.

Rebounding was almost even as both teams really hustled under the boards. The Tigers claimed 36 rebounds, and Sweetwater captured 33. Tommy Washington was the leading Tiger rebounder with 12, but Kent Horsley and Dubby Preston were close on his heels with 11 and 10 rebounds respectively.

In the B team game, Snyder won 69-54 after holding an 18-10 lead in the first quarter and a 38-26 lead at halftime. The Kittens held narrow margins in each of the last two periods. Jimmy Don Dyess had a great night for the Kittens, roping 32 points. For the Ponies, Zetzman scored 21 points, and Foreman put in 11.

Elsewhere in the district last night, Brownfield beat Colorado City 70-59, Lamesa thumped Lake View 79-33, and Dunbar flailed Estacado 95-72.

Hermleigh Grid Banquet Set

HERMLEIGH—The Hermleigh Public Schools will hold their All-Sport banquet Saturday night.

The banquet will begin at 9 p.m. in the high school cafeteria.

Buddy Fornes, head football coach at McMurry College, will be the guest speaker.

All Hermleigh school athletes, their dates, escorts, board members and faculty will attend the event.

The maximum number of entries from each nation in each Olympic Games event is fixed by the International Olympic Committee after consultation with the international sports federation concerned. There are 25 different sports federations.

Fluyanna Wins Title In 10-B

FLUVANNA—The host Buffaloes won the District 10-B championship here last night with a 69-54 victory over Highland. The win leaves the Buffs of Coach Buddy Stewart with a 13-1 district record. Fluvanna will meet McAdoo in bi-district at a site and date to be determined.

Fluvanna grabbed a 27-12 lead in the first quarter and coasted to victory. They were never seriously threatened by the Wildcats.

Larry Patterson sparked the Fluvanna attack with 18 points. Other Buffs who hit in double figures were Randy Gill, 14 points; Richard Gill, 13 points; and, Larry White, 12 points.

Three Wildcats also hit in twin figures: Jerry Muncy 13, Loran Krejci 11, and Mike Alexander 11.

HIGHLAND (54)—Alexander 4-3-11; Krejci 5-1-11; T. Muncy 2-4-8; J. Muncy 5-3-13; Campbell 4-1-9; Dodgin 1-0-2; totals 21-12-54.

FLUVANNA (69)—Patterson 8-2-18; Ra Gill 5-4-14; Ynguanzo 2-0-4; White 5-2-12; Ri Gill 4-5-13; Bilano 2-4-8; totals 26-17-69.

FCA Meeting Set Thursday

The Fellowship of Christian Athletes will meet at 6:30 a.m. Thursday at the Steak House. All members are urged to attend.

Milwaukee Beats Buffalo 135-103

By THE ASSOCIATED PRESS

The new Buffalo Braves battled the powerful Milwaukee Bucks almost on even terms for three quarters. But the rules call for four periods and that was one too many for the Braves.

The Braves trailed only 96-93 after three quarters of their National Basketball Association game Tuesday night, but they lost 135-103 as they scored only 10 points in the final period and were outscored 21-2 by the Bucks in the closing minutes.

Lew Alcindor led Milwaukee with 38 points, four more than Buffalo's Donnie May.

In other NBA action Los Angeles beat the New York Knicks 130-115, Cincinnati topped Portland 109-102, Chicago bombed Atlanta 118-102, Detroit drubbed Baltimore 110-95 and Phoenix edged Boston 119-116 in a day game.

Denver outlasted Memphis 125-120 in the only American Basketball Association game.

The Lakers, behind at the half 57-54, went on a 21-4 spree at the end of the third period and broke loose on a 21-6 blitz early in the last period, to beat the Knicks. Jerry West led the attack with 31 points, hitting seven baskets in a row in the third period.

Willis Reed, returning to the line-up after a two-game layoff because of his knee trouble, paced the Knicks with 23 points.

Dave DeBusschere of the Knicks scored the 10,000th point of his NBA career on a short jumper with eight minutes left. The game was stopped and Elgin Baylor of the Lakers presented him with the ball.

Cincinnati snapped a seven-game losing streak and broke Portland's five-game winning string. Tom Van Arsdale topped the Royals with 29 points while Geoff Petrie was high for the Trail Blazers with 31.

Chicago spurted to a 40-30 lead with Jerry Sloan and Bob Love combining for 11 of 13 points and went on to rip Atlanta. Sloan finished with 32 points and Love with 19. Lou Hudson hit for 23 and Walt Bellamy 22 for Atlanta.

Dave Bing scored 18 points in each half and led Detroit past Baltimore, which got 25 points from Wes Unseld and 22 from Earl Monroe.

Phoenix beat Boston on the hot final-quarter shooting of Connie Hawkins. The Hawk threw in 17 of his 27 points in that period. John Havlicek led Boston with 39.

Denver made 37 of 38 free throws for a team record as the Rockets downed Memphis in the ABA. Byron Beck, Larry Cannon and Larry Brown each converted foul shots twice in the last minute to keep the Rockets on top.

Cannon led Denver with 34 points. Jimmy Jones topped Memphis with 35.

SPORTS

Howard Payne Ranked No. 13

By THE ASSOCIATED PRESS

Southwestern Louisiana closed in on front-running Louisiana State of New Orleans in The Associated Press College Division basketball poll—but not enough to shiver their timbers.

The Privateers, 20-0, who led the pack by a solid 57 points a week ago, garnered seven of the 12 first-place votes Tuesday in the nationwide balloting by sports writers and sportcasters and amassed 214 points for a comfortable 41-point bulge over the second-place Bulldogs.

Southwestern Louisiana picked up two first-place nominations and, while Kentucky State received none, it still managed to garner 147 points and retain third place. Each team is 17-2.

Fairmont State of West Virginia, with two top-spot votes, moved into fourth with 131 points, trading places with Louisiana Tech. And Tennessee State took sixth, vaulting over Ashland.

No. 8 Assumption and No. 9 Eau Claire State held their positions but Moorehead, Minn., moved up three-places to 10th.

Filing out the top 20 were Kentucky Wesleyan, down one spot; Puget Sound, also down one and Howard Payne, up one notch.

Stephen F. Austin—which received the only other first-place vote—move up a step to 14th, Indiana State slipped from 11th to 15th, and Oral Roberts moved into 16th, switching berths with North Carolina A&T.

Breaking into the select circle were No. 18 Iowa Westleyan, No. 19 Sam Houston Sate and No. 20 St. Mary's, Texas.

The Top Twenty College Divisuon basketball teams with first place votes in parentheses and total points on a 20-18-16-14-12-10-9 8 etc. basis:

1.	LSU-New Orleans (7)	214
2.	Southwestern La. (2)	173
3.	Kentucky State	147
4.	Fairmont, W.Va. (2)	131
5.	Louisiana Tech	130
6.	Tennessee State	122
7.	Ashland	117
8.	Assumption	89

20.	St. Mary', Tex.	9

Frogs Stay One Game Out Front

By THE ASSOCIATED PRESS

For all practical purposes, the Southwest Conference basketball race became a four-team affair Tuesday night with a nine-minute cold spell all but cooking Texas' goose and defending champion Rice tumbling almost out of contention in the last four seconds.

Texas Christian retained its one-game lead with a 92-86 victory over Arkansas while Baylor, Texas Tech, and Southern Methodist stayed only a step away.

Baylor nicked Rice 73-71, SMU tripped Texas A&M 85-78, and Texas Tech romped over the Longhorns 70-55 in Austin.

With 11:12 remaining and the score tied 49-all, Texas went 8:42 without putting a point on the board. Before Texas could score again, Texas Tech dashed to an insurmountable 62-49 lead.

Texas plays three of its last five games on the road. The Horns are 4-5.

The Horned Frogs pushed their SWC mark to 7-2 behind jumpin' junior Eugene (Goo) Kennedy who established a new league rebounding record with 28 caroms against the Razorbacks. It broke the old standard of 27 held by Kendall Rhine of Rice and Doug Boyd of TCU.

TCU opened the throttle for a 34-point lead at one stage in the second half before coach Johnny Swaim put in his reserves. Arkansas gamely whittled at the lead, but it was much too late.

Simpson Degrate, who hit 12 straight points as the second half got underway, scored 29 points for TCU and Vernon Murphy of Arkansas also got 29.

The Razorbacks are now 0-9 in SWC action.

"I'm still pretty excited about our chances," said Swaim, whose Horned Frogs play three of their last five games at home, including Saturday night's encounter with Rice.

Baylor's Tom Stanton dribbled through most of the Rice team for a layup with four seconds remaining. Rice now has a 5-4 record.

Rice fell behind 47-42 at halftime but the Owls charged back to take the lead briefly at 63-62. Baylor came on strong behind William Chatmon, who was high point man for the night with 27.

Gary Reist, whose desperation shot at the final buzzer bounded off the left side of the backboard, made 24 points for the Owls.

Gene Phillips, a 6-foot-4 senior who now holds the All-Time SWC career scoring record, poured home 24 points for the Mustangs. Wayne Howard led the Aggies with 23 points.

SMU, Baylor and Texas Tech are all 6-3 in SWC play. Besides the Rice-TCU game Saturday night, Arkansas is at Texas, SMU is at Baylor and Texas A&M is at Texas Tech in the regionally televised contest.

Three Astro Hurlers Balk

COCOA, Fla. (AP) — The Houston Astros will go to spring training camp Feb. 23 but so far three of their 21 pitchers have not decided if they will be there.

The Astros said Tuesday that Jack Billingham, Jack Dilauro and Skip Guinn have so far not returned their signed contracts for the 1971 season.

Otherwise Manager Harry Walker expects 18 pitchers and five catchers on opening day. The first exhibition game is scheduled for March 5 with the Boston Red Sox.

Four prospective starting pitchers, Larry Dierker, 16-12 in 1970, Don Wilson, 11-6, Tom Griffin, 3-13, and Wade Blasingame, 3-3, have already signed contracts.

Nastase Wins Close Match

SALISBURY, Md. (AP) — A left - handed teenager whom Pancho Gonzalez says is the best young player in America threw a scare into defending champion Ilie Nastase Tuesday night before losing to the Romanian great in the second round of the $50,000 U.S. National Indoor Open Tennis Championships.

Jimmy Connors, an 18-year-old youngster from Belleville, Ill., forced Nastase to rally for a 5-7, 6-4, 6-2 victory.

Connors, a left-hander, broke the last of his three rackets at a crucial point in the second set, and the turning point came when he was using an unfamiliar racket borrowed from Brazil's Ronnie Barnes.

In the highlight of the Tuesday afternoon matches, unseeded Jaime Fillol of Chile upset the tournament's No. 3 ranked foreign player, Jan Kodes of Czechoslvakia, 6-3, 7-5.

Ford Co. Earnings Down

DETROIT (AP) — The Ford Motor Co. reports record earnings for the last quarter of 1970 of $151 million, but says its 12 month earnings were down $31 million.

The decrease in net income was explained Tuesday as due to sharply rising labor and material costs. The nation's second largest automotive manufacturer said 1970 sales were a record $5 billion.

Earlier, both General Motors and Chrysler also reported lower 1970 earnings.

The earnings per share for Ford stock were $4.77 for 1970 compared with $5.03 for 1969 based on sales of $14.8 billion. Earnings for 1970 totaled $516 million compared with $547 million in 1969.

General Motors, closed by a 10-week strike last fall, reported its net income was $609 million in 1970, off 66 per cent from 1969 and Chrysler announced a loss of $7.6 million, compared to a profit of $99 million in 1969.

Woman Stole For Children

ROYSE CITY, Tex. (AP) — Sheriff W. J. Price quoted a woman as saying she robbed the Citizens State Bank of about $6,250 Tuesday because she desperately needed money for her nine children.

He filed an armed robbery complaint identifying her as May Cayton Edwards, 37, of Sulphur Springs.

Officers arrested her four miles east of Greenville. Price said the bank's cash was crammed into a big purse.

Paul Hancock, a Royse City farmer, and Erby Campbell, a tractor dealer and assistant fire chief here, told of giving chase at speeds up to 100 miles per hour after witnessing the holdup.

They told officers a woman wearing a blonde wig fled toward Greenville after obtaining the money at gunpoint from Estelle Dailey, a bookkeeper at the bank.

Charles Mesk, vice president of the bank, said another bookkeeper, Mary. Summers, first was ordered to hand over the cash and fainted at sight of the pistol.

4 Bodies Found In Plane

JUNCTION, Tex. (AP) — Searchers found the bodies of an 18-month-old girl and three adults Tuesday in the wreckage of a light plane that had been missing since Sunday night.

The demolished craft was less than two miles north of its destination, the Junction airport, the Civil Air Patrol reported.

The dead were identified as August Hunger, 51, the pilot; his wife Nettie; their grand daughter, Vickie Sanders, and Hunger's father, Ed Hunger, 82, all of Junction.

Searchers said the child's parents, Mr. and Mrs. Dennis Sanders of Junction, were en route to Utah when the search began for the craft, and they returned to Texas.

The plane, bound for Junction from Vance, Tex., just 30 minutes' flying time away, crashed amid trees in hilly country. It did not appear to have burned.

Volunteer searcher Bill Williams said the four had been visiting Hunger's brother, Bobby Hunger of Camp Wood, near Vance.

First Aid To The Jobless

Career Corner
by Joyce Lain Kennedy

Dear Joyce: The organization for which I've worked the past 7 years is moving to another city. For personal reasons, I can't make the move and have to find another job. What can you suggest I do? – S.U., New York

Your entire letter was too long to print, but it indicates you plan to use the more obvious jobsearch channels: newspaper ads, employment services and direct application. But I wonder if you're aware of one of the most laudable public service ventures going . . .

THE MAN MARKETING COUNCIL. The Council, in operation for 38 years, is New York's oldest free cooperative employment counseling service. It has been sponsored by the Sales Executives Club of New York since its inception, and provides help to anyone – man or woman – office boy or company president – who has lost his old job, or who is seeking a better one.

NEW YORKERS attend evening meetings once a week where they learn job hunting skills. The Council's director, Henry K. Astwood, says that during the past year, more than 1,500 men and women have attended these weekly sessions, and the majority have already successfully landed jobs.

BY MAIL. I asked Astwood how jobseekers in the rest of the U.S. could benefit from this not-for-profit program. "It's available in a 68-page booklet, 'How To Land The Job You Want,' " he said. (For a copy, send $3 to the Man Marketing Council, Sales Executives Club, Roosevelt Hotel, Suite 1920, 45th St. & Madison Ave., New York, N.Y. 10017.)

SALES APPROACH. "The Council works on the theory," Astwood says, "that anyone looking for a job is performing the same task – no matter what level of job is sought. He is out selling a new and unknown product (himself) to a potential customer. The Council recommends applying the same selling techniques used to market a product, to selling the man.

"We all know that to sell a product successfully it is necessary to first know the selling points of that product thoroughly . . . as well as the customer's needs for the product . . . and then to present these points in such a fashion as to create a desire for the product," Astwood said.

THE WEEKLY MEETINGS and booklet are designed to show the job seeker how to do just this, and include such topics as how to: write a good resume . . . handle yourself when you lose a job . . . select your next job . . . plan an adequate job campaign . . . successfully present your abilities . . . ask for and get the right compensation . . . prepare for interviews . . . compile a list of prospective employers . . . follow up the prospective employer and get the job.

SERVICE CLUBS in a few other cities also conduct free job clinics but I was unable to find a listing of more than a few. This would be an excellent service project for advertising clubs, service clubs, chambers of commerce and Jaycees. If you belong to a club which is interested in conducting a job clinic to help the unemployed, the Man Marketing Council says it's willing to provide the know-how, and help you get it off the ground. Contact Henry Astwood for more details.

JOB CLEARING HOUSE. The Sales Executives Club of New York also provides a free source of jobs for sales people through their Sales Manpower Foundation division (same address as above). The service operates on a national basis. It has a couple of hundred job openings on file right now. If you're looking for a start in the sales/marketing field . . . or a salesman looking for a better job . . . or a sales executive striving to advance, get 20 copies of your resume on file with the club.

* * *

Send your career topic suggestions to Joyce Lain Kennedy at this newspaper. Sorry, but the volume of mail makes personal answers impossible.

WHEELS TO KNOWLEDGE — Educator Burt Bradley of Westland, Mich., and his three daughters prepare to hit the road in their quest for knowledge. Bradley, who has a doctorate in higher education, is dissatisfied with traditional classroom teaching and has planned a seven-month odyssey throughout North America for his children as a kind of experimental school. Bradley, who is divorced, is holding his daughter Sandra 7, and is resting his hand on Sheryl, 9. The third daughter, Suzanne, 11, is holding the family pooch. (AP Wirephoto)

Quake Provided Data For Experts

By BILL STOCKTON
AP Science Writer

LOS ANGELES (AP) — Last week's devastating California earthquake is becoming a scientific bonanza to researchers seeking to predict, prevent or lessen damage from future, potentially more deadly temblors.

Scientists say no other earthquake was so well measured by batteries of instruments as the Feb. 9 jolt in the San Fernando Valley northwest of Los Angeles that caused 64 deaths and damage estimated at up to $1 billion.

"This is by far the most complete coverage ever obtained of an earthquake," said Dr. Donald E. Hudson, an earthquake engineer at the California Institute of Technology, where some of the world's pioneering earthquake research has been conducted.

"Instruments were closer to the real center than we've ever had before."

The implications are important for earthquake-prone areas of the world, especially California, where experts agree an eventual shaking more massive than the Feb. 9 temblor is inevitable.

Said Dr. George W. Housner, a Cal Tech colleague of Hudson: "All the information on ground shaking that we obtained from the instruments will enable us to see how the designs of future buildings should be made. By examining the buildings that survived, both the damaged and undamaged, we will have a much greater understanding of the behavior of buildings under strong shaking."

Seismologists also are hoping careful analysis of recordings of the initial quake and dozens of aftershocks will add to their knowledge of the complex mechanism that triggers an earthquake.

They want to know how and why elastic forces build up between two chunks of the earth's crust along a crack, or fault, and then suddenly are relieved, sending waves of energy through the crust to bring down buildings and collapse bridges.

They hope the data will yield new clues on how to predict when the crust will shear and how the energy could be released slowly and safely.

"You might compare it to an autopsy," said Richard Maley of the National Oceanic and Atmospheric Administration seismological field survey.

"We can't do anything now for what's happened, but we can learn for the future."

Crude Oil Demand Down

AUSTIN (AP)— Nominations for Texas crude oil by major purchasers total 3,410,112 barrels a day for March, the Railroad Commission reported Tuesday.

That is a decrease of 867 barrels daily from the February nominations.

Bill Would Certify Schools

AUSTIN (AP) — There should be state certification of schools that actually teach preschoolers instead of just being a babysitting service, one such school operator says.

Mrs. Bess Tittle of the Creative Learning School in Dallas told a House committee Tuesday some of the Texas schools, some of the better in the country, are "forced to be called day care centers."

She testified in favor of bill that would certify schools offering instruction at preschool, kindergarten or elementary grade levels.

"We want the professionalism that comes when you're called a school," she told the House Public Education Committee.

The bill by Reps. Joe Golman and Dick McKissack, both of Dallas, would not require mandatory certification, Golman said.

The Texas Education Agency would certify the schools.

The bill, along with two others, were referred to subcommittees.

The committee also heard a bill that would allow school districts to contract with private firms to provide vocational training if it is cheaper to do so.

The sponsor, Rep. Bob Salter of Waco, said the training could be only in fields regulated by the state. This now is limited to licensed vocational nursing schools and barber and beautician colleges, but legislation has been introduced to expand the categories.

A bill by Rep. Dewitt Hale of Corpus Christi incorporating all public education legislation passed by the 1969 legislature into the Texas education code was also heard.

Church Panel To Hear Charges

By RICHARD BEENE
Associated Press Writer

SAN ANTONIO (AP) — A Methodist official says he has no choice but to call a committee to hear charges leveled against a bishop by the ousted pastor of a Laredo church.

The Rev. Wil Schaefer filed the charges against his presiding bishop, the Rev. O. Eugene Slater of San Antonio, accusing him of maladministration.

Schaefer, who wears mod orange boots and bell bottom pants, was dismissed from the First United Methodist Church of Laredo last month for refusing to give up his relationship with a San Antonio woman.

Schaefer contends that under church law he was improperly dismissed.

He filed the charges with the Rev. Garfield Owens, superintendent of the San Antonio Methodist district, asking that the church's Committee on Investigation hear them.

"I have no alternative except to abide by the discipline (church law) ... and call the committee to look into the charges presented by Rev. Schaefer," Dr. Owens said Tuesday.

He said he would send notices to the committee of five ministers today and that they probably will convene in eight or 10 days.

The same committee already is scheduled to study the church's case against Schaefer Thursday. The meeting compares to a grand jury session.

Bishop Slater said it is the Rev. Schaefer's "privilege under the law of the church" to bring such charges against him.

"If he chooses to go in this direction, I would certainly want him to exercise every right he has, for he is still a minister in the United Methodist Church," the bishop said.

The Rev. Schaefer, who calls his dismissal a "test case," said his charges against the bishop are the "last church avenue open to me."

In a letter to the bishop, he listed 11 points, including a charge that the bishop has "refused to listen or to communicate in any way."

He also charged that there have been repeated errors in the use of the church law.

Schaefer was ousted because of his relationship with Mrs. Judy Nash, 27, of San Antonio, who was recently divorced. She has been traveling with him. His wife, who says she approves of the relationship, and the Schaefers' two children are visiting in California.

Civil War Widow Dies

GALVESTON, Tex. (AP) — Mrs. Florence J. Layman, 87, reported to be the nation's last Civil War widow, was to be buried today in Hitchcock, Tex.

Mrs. Layman, widow of the late Milton Layman, died Monday in St. Mary's Hospital.

She was born Dec. 6, 1883 in Alabama, and married the Civil War veteran when she was 22 years old and he was a 65-year-old Oklahoma farmer. Layman died in Durant, Okla., in 1933, and his widow moved to Galveston to live with a daughter.

Until her death she received a Confederate Widow's pension of $65 per month from the state of Texas, recognizing Layman's service to the confederacy.

The family said he often mentioned service at Chicamauga, Ala., but there were no records of his service in the Confederate Army.

She is survived by four sons, three daughters, 18 grandchildren and an undetermined number of great grandchildren.

Services will be held at 2 p.m. at the Levy and Bro., Funeral Home. Burial will be in Hitchcock, Tex.

BACK TO VIETNAM — Lt. Girard Hoffpauir III has returned to his base at Tan Son Nhut AFB, Vietnam, after a fourteen-day leave visiting his wife, Sherryl, daughter of Mr. and Mrs. Olin Johnson of Hermleigh. He also visited his parents, Mr. and Mrs. Girard Hoffpauir Jr. of Estherwood, La. He is a pilot and an aircraft commander of an EC-47 in the 360th Tactical Electronic Warfare Squadron. His tour of duty in Vietnam will end May 19.

Cary Gets Custody Of Daughter

LOS ANGELES (AP) — Actress Dyan Cannon has agreed to give Cary Grant temporary custody of the divorced couple's 4-year-old daughter in a compromise agreement filed in Superior Court.

Miss Cannon wanted to take the child, Jennifer, to France and Greece when she begins work on a film next month. A divorce decree bars either Miss Cannon, 33, or Grant from removing the girl from California without court permission.

The 67-year-old actor told the court Tuesday he will take Jennifer to Athens in April to visit her mother. The daughter will return here April 18 with her father and stay with him until Miss Cannon arrives home, the agreement said.

Front Stalls

By THE ASSOCIATED PRESS

A weak weather front stalled today after crossing half of Texas, and almost summery warmth lingered for another day.

Official observers looked for a Pacific frontal system to move into western sections of the state by late Thursday, however, along with scattered thunderstorms.

The February heat wave sent thermometers climbing Tuesday as Kingsville and San Angelo recorded the nation's top mark of 87 degrees. It was nearly as warm in some other areas.

By this morning the dissipating front was stationary along a line from around Dallas and Fort Worth into the Big Bend country toward the southwest. It was expected to drift back to the north as it broke up, permitting warm south winds to pour moist air inland from the Gulf of Mexico.

It was damp and rather cloudy with occasional fog south of this old front. Skies were mostly clear in other sections except for some clouds in the Texas Panhandle.

Early morning temperatures sank to 27 degrees at Marfa and 33 at Alpine in far West Texas. Readings at other points stayed as high as 65 at Laredo and Victoria, and 66 at Alice.

Sammy To Join Welfare Militants

LAS VEGAS, Nev. (AP) — Sammy Davis Jr., who appears regularly on the Las Vegas Strip, says he will join welfare militants when they march on the Strip next month.

"Black people and poor whites need my help," said Davis at a news conference Tuesday. The National Welfare Rights Organization has announced it would march on the Strip March 5 and 6 to protest welfare cutbacks in Nevada.

'Twitties' Injured In Collision

SAN ANTONIO (AP)—Three "Twitty Birds," members of country-western singer Conway Twitty's band, were injured in a three-car collision here Tuesday while en route to a performance.

Twitty's airplane pilot, David Eickhoff, and singer Ronald "Anthony Armstrong" Jones, another member of Twitty's group, also were hurt along with three other persons.

Twitty was not in the accident. He performed alone Tuesday night at the San Antonio Stock Show and Rodeo.

The injured "Twitty Birds" are bass guitarist Joe E. Lewis, drummer Tommy "Porkchop" Markham and steel guitarist John Hughey.

A hospital reported Lewis and Jones were in satisfactory condition and the others in the Twitty group were treated and dismissed. All are from Oklahoma City except Hughey, who is from Southaven, Miss., officials said.

Police said the Twitty group was in a cab that was in a collision with two other cars. The driver of one car was treated and dismissed and two persons in the third were in fair condition, hospital officials said. The cab driver was not reported hurt.

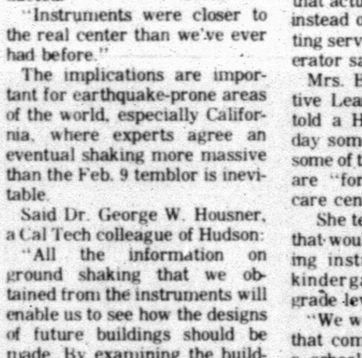

Texans On Casualty List

WASHINGTON (AP) — The Pentagon announced Tuesday the deaths of two soldiers in connection with the fighting in Southeast Asia.

Killed in action were: Spec. 5 Ambers A. Hamilton, son of Mr. and Mrs. J.M. Wheeler, Route 3, Box 44, Mabank; and Pfc. Johnny M. Tinney, son of Mr. and Mrs. W.Z. Tinney, Route 2, Box 241, Huntsville.

Kaye To Return With Broken Leg

NEW YORK (AP) — Danny Kaye says he will return to the cast of the musical "Two by Two" Thursday with his left leg in a cast, and perhaps using a crutch and wheelchair.

Wants to help dad's 'problem'

By Abigail Van Buren

[© 1971 by Chicago Tribune-N. Y. News Synd., Inc.]

DEAR ABBY: What does a teen-aged son do when he knows his father is having a back-street affair with his secretary?

I've planned to say so many things, but always end up in a cold sweat and say nothing.

My mom is a fine looking woman. She is pretty, dresses well and can hold her own on any subject, so why did dad turn to a cheap nobody? He sneaks around like a common thief to meet this woman at a motel on Wednesday afternoons [his day off].

Dad used to be such a great guy. Now I can hardly look at him without feeling sick to my stomach. I just have to do something, Abby, but it scares me. I can't go to our rabbi with this rotten mess because he is a friend of the family. My father is a professional man and everybody in town thinks well of him. Please help me. I don't want mom hurt.

BROKEN-HEARTED SON

DEAR SON: Tell your father what you suspect, but don't be surprised if he denies it. And don't be disenchanted either. He may have "problems" you know nothing about. Be patient. At least your father will be alerted to the hazards in his conduct—for your mom's sake if not his.

DEAR ABBY: My inlaws are the world's greatest. Often they take a widow friend along when they go out to dine. This little lady is on a rather tight budget, and after eating, she unobtrusively slips the remainder of her meat into a little plastic bag which she carries in her purse for that purpose.

I can tell this embarrasses my inlaws, altho they have never said anything about it.

With the price of meat nowadays, it's a shame to waste it, but don't you think someone should tell the little lady to ask the waiter for a doggie bag? DAUGHTER IN LAW

DEAR DAUGHTER: You're doggone right. Somebody should ask the waiter for a doggie bag, and it doesn't matter who asks. Most fine restaurants not only provide them, they offer them.

DEAR ABBY: Let me tell you about the divorce in our family. When our son divorced his wife, we continued to love our daughter in law and their four children as we always had.

Our former daughter in law maintains close and loving relations with us because she loves us, too. How can love suddenly stop because there is a divorce?

Now she is remarried and so is our son, and we love the "new" spouses, and they love us.

It takes a lot of patience and understanding when divorce comes, but love remains for those concerned, if there was love there to begin with. Why can't others see it this way?

THE THOMASES

DEAR THOMASES: Because when divorce comes, there is usually a lot of ugly talk on both sides.

DEAR ABBY: Contrary to what others may feel, I, for one, am not outraged when I see a young mother give her child a good sound whack if he misbehaves in the supermarket or anywhere else in public. If the child sets up a bloodcurdling howl, I don't even mind the noise. I secretly applaud that mother. Children who are not disciplined when young grow up to be tomorrow's criminals. OLD TIMER

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Hate to write letters? Send $1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

Aftershocks Rattle LA Area

LOS ANGELES (AP) — Four more aftershocks from last week's temblor rattled the Los Angeles area Tuesday. No new serious damage was reported.

Meanwhile, the official death toll increased to 64 and 11 quake-damaged buildings in the Los Angeles City School District were ordered demolished, including Los Angeles High School, scene for the television series "Room 222." The order affects 20,000 pupils.

Building inspectors continued to check structures in the San Fernando Valley, north of downtown, where 5,704 structures were reported damaged. More than 1,100 dwelling units have been declared unsafe and residents told to vacate them.

The big quake Feb. 9 caused damage estimated up to $1 billion and more than 1,000 injuries. It registered 6.6 magnitude on the Richter scale, hundreds of times more powerful than the aftershocks.

The latest victims were Arthur Cahill, 57, who died Monday and Mabel Meyers, 87, who died early Tuesday. Cahill was a patient at the San Fernando Veterans Hospital in Sylmar, where two wings collapsed. Mrs. Meyers died of complications from a broken leg suffered when she fell at her Long Beach home during the quake.

City School Supt. William Johnston told the Board of Education that about $209 million would be needed to replace and repair quake-damaged buildings and meet quake-resistant standards set by the state.

He said he would propose a $160-million bond issue and ask the federal government for the rest.

Besides Los Angeles High, two elementary schools were closed by damage. The 619-school system sustained 97 per cent of damage to school buildings reported in the county, officials said.

Child Center To Be Discussed

The procedure followed in organizing and operating a child day care center at Lamesa will be discussed tonight at a meeting at the First Presbyterian Church.

The church will have its "family night" meal at 6:30 p.m. and at 7:30 p.m. the Rev. Walter Horn of Lamesa will present the program. He will show slides and describe the day care center there. Anyone interested is invited to attend, said the Rev. John Gordon, pastor of the local church.
