People are funny. Really strange. With all the talk about physical fitness, eating right, exercise, and such, that really isn't where the majority of people find their heart...or their mouth!

As an example. The newest issue of *Souther Living* magazine came out. Sitting down at the local department store for coffee every one of the five people present discussed in detail the three page section devoted to a chocolate cheesecake, a chocolate pecan cake and a chocolate truffle torte.

We mentioned the absolutely gorgeous chocolate icing, the lovely chocolate leaves used to trim them, the cream and blends of bittersweet and milk chocolate used in them.

Not one of us mentioned the entire third of the magazine that was totally devoted to "cooking light"!

A day or two later, with another group of friends the subject of recipes came up.

"Listen," one friend exclaimed, "I tried the chocolate truffle cake in the new *Southern Living*...it's absolutely out of this world."

Again the discussion about those chocolate goodies...and not one single, solitary mention of that 45 page section on "Cooking Light".

Within two days I had the opportunity to taste two of the three chocolate recipes...baked by folks who couldn't resist the temptation to try them.

To date...no one has offered me a taste of one of those "light" recipes. No one has mentioned them, no one is interested in cooking them in the least!

Oh, I suppose somewhere, someone is happily trying the poached pears out...or the asparagus with butter-free sauce.

I haven't met them yet though. It's only human nature, we love what we shouldn't have.

And no matter how hard we seem to strive to eat right, it's those "sinful" goodies that we really devote our efforts to!

Sharon Adams Has Christmas Spirit Year 'Round

By Mollie Williams

For most people, Christmas gift giving comes only once a year, but not for Sharon Adams of Deport.

Sharon's giving began several months before Christmas in 1988. She crocheted lap robes for every patient on Central Hall of Red River Haven Nursing Home where she is employed as charge nurse. Sharon says she wanted to give her patients something of herself for Christmas. By hand-crocheting and individually gift wrapping each lap robe, Sharon was able to fulfill her own desire and

also show the true spirit of Christmas to all 44 of her patients.

Sharon graduated from Paris High School in 1966 and from Paris Junior College in 1974. She has been employed as an LVN at Red River Haven Nursing Home in Bogata for 15 years. Fellow employees describe Sharon as a very sweet and talented co-worker. Administrator Bobbie Cawley said, "We are very happy to have Sharon on our staff here at Red River Haven. She is a very faithful

employee and always treats the patients with kindness.

Sharon is married to Bill Adams. She has a daughter, Anissa, a son, Damon and a stepson, Cliff. Sharon says she worked on the lap robes at night while Bill was working. She also enjoys cooking and gardening.

Sharon's patients have truly been blessed by her kindness. Not only have they received a very useful gift, they have received a gift of love from a very caring person.

Is a power line running through your child's favorite branch of the house?

A power line near a tree can turn your child's favorite play area into a dangerous place.

Before you let your child build a tree house or climb a tree, make sure there are no power lines nearby.

Even if children don't touch a line directly, they can still be shocked if they touch a branch that is touching the line.

If you'd like more information about power line safety, call or visit your local TNP office today.

Roundball Roundup

By Gary House

Varsity Boys:

The Rebels finished the week with a 4-1 District 17AA record and a 12-11 season mark, following a win and a loss.

The irony is that the Rebs played much better in the losing effort than they did in the win. Such is the nature of the game called roundball, and the quality of the competition.

In a key contest against the Honey Grove Warriors on their court, the Rebels took the game to the tribe early with aggressive offense and ball-hawking defense, as well as controlling Honey Grove's premier player, Homer Garner. But the most valuable player in the District last year made his presence known in the final quarter as he hit eight of his 17 points to lead the Warriors to a 62-52 victory. The Rebels' ineffectiveness from long range was evident as they hit only three of 18 three-point efforts, although they were 21 of 52 for the game for a 42% field goal accuracy.

One of the game's key players was Rebel Jason Pogue, who consistently captured the Warriors' misdeeds, and ended with nine of the Rebels' 20 rebounds on the night. Bradley Woods led the scoring with 17 points, but Scooter Brown and Jimmy Lewis were well below their season average with eight points each.

The Rebels took to the road for the second time in the week to play at Como-Pickton and were routed rather rudely by the Eagles, who forced the contest into overtime before Rivercrest squeezed a scary 54-48 victory. It was a mediocre outing for the Rebels, who no doubt were in remission following their tough loss to Honey Grove. "The bottom line is that we won," commented Rebel boss Wake Wood.

The Rebel shooters were ice cold from the field as they hit only 20 of their 70 attempts, for a chilling 28%.

The victory margin came from the free throw line as a 60% accuracy there (13 of 22) spelled the difference. Although the Eagles had a significant advantage in the number of free throws attempted (28), they could not capitalize, hitting only 15.

Rivercrest built their biggest lead of the contest, 26-19 just before halftime, and after a lethargic third quarter led 35-31. The Eagles knotted the score at 36 just over two minutes into the final period.

The win for the Rebels seemed secure when Jimmy Lewis, who led all players with 20 points, tipped a missed free throw home with 30 seconds to play to give his team a five point, 43-38 lead. But the never-say-die Eagles tied the score in 20 seconds on a three-point bucket, and an easy lay-up on a stolen inbound pass. With nine seconds remaining, Rivercrest committed a turnover to put themselves in real danger. The Eagles took a good shot which rolled in and out of the goal to extend the game for three minutes.

Rivercrest regained their composure to wrest control during the OT. Junior guard Jeremy Abshier scored six of his 11 points in the final minute of the period, all on lay-ups from court-length passes a move designed to thwart the Eagle press.

Although Bradley Woods was off the shooting mark, his hustle accounted for four defensive boards in the overtime; Woods also made a crucial one- and- one free throw opportunity in the period to score two of his 11 points.

Varsity Girls

The Rebelettes came within an eyelash of pulling off a tremendous upset of a very disciplined and patient Honey Grove squad as they fought back from a ten point deficit with less than four minutes to play, only to fall one point shy and take a 38-37 loss.

The low scoring affair saw Kristie Stansell with nine pots, while playing good defense. Rosie Norman had seven points. Krista Weatherall and Jerilyn Russell had six each, as both hit three-pointers down the stretch to trim the Warriorette lead. The Rebelettes forced Honey Grove to the free throw line in the final quarter, which was a positive move as they managed only 4 of 18 during that span. The Rebelettes made the most of their charity tosses, hitting 7 of 11 for 69%, which complimented a 35% field goal accuracy. Norman's basket with 16 seconds left brought the Rebels within one point, but they could not evoke a referee's whistle in the final ten seconds.

In defeating the Lady Eagles from Como-Pickton for the second time this season, the Rivercrest bunch matched their highest point total of the year in a 70-46 win. The Rebelettes decided height advantage enhanced the effectiveness of the inside game.

Junior post Kristie Stansell had her best game of the year as she hit 18 points from the low post spot. The girls displayed good ball-handling technique, especially on the passes from the perimeter into the lane. Rosie Norman matched Stansell's 18 points, as the Rebelettes hit 30 of 54 shots for a 55% field goal accuracy. Other highlights on the one-sided affair included 12 steals, 39 rebounds, one-third of them under their own goal.

Junior Varsity Boys

The sophomore unit's record continues to improve as they added two in the win column last week. Against

Honey Grove, Shane Beers had 16 points, and three Rebels, David Davidson, Jim Purviance and Paul Stringer, had eight in a 53-24 walkover of the Warrior squad.

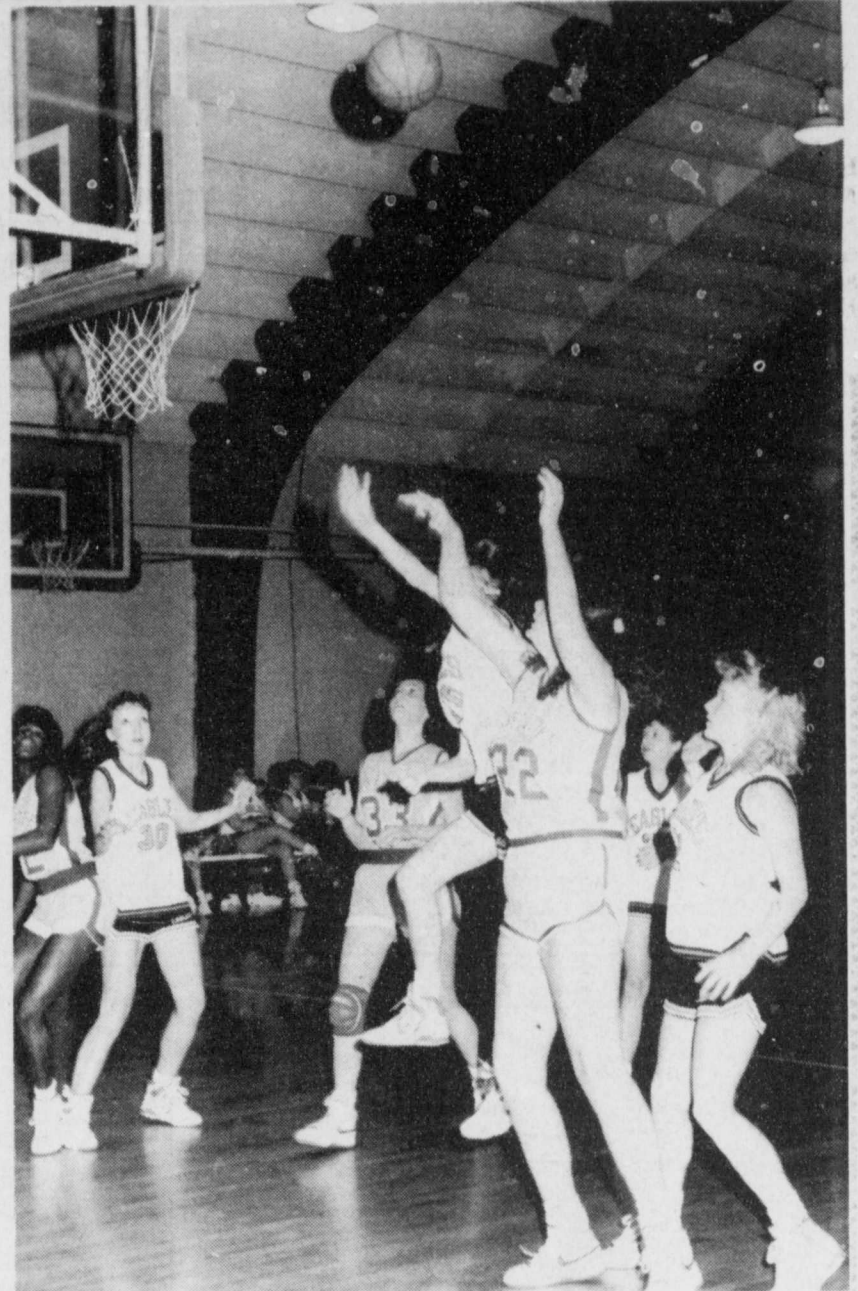

The Saturday contest against Prairiland was much tougher, but the Rebels won a close game, 60-54. Balanced scoring was evident as Jesse Woods hit for 15 points, while a trio of Rebels had 12: Jeff Bagley, Shane Beers and Donald Combs. Barber led the way for the Pats with 25 points, while Griffin had 15. Leading by one after three periods, the Rebels hit for 20 points in the fourth, whereas Prairiland could only hit two field goals in the period. Yet, they stayed close with their free throw tosses, hitting 11 of 13 in that span.

Freshman Boys

The Youngest Rebels ran into a talented group from Como-Pickton Friday night and suffered a 57-34 loss. James Freelan had 17 points in the losing effort, which saw the Rebels score only a single two-point in the second quarter, while Como-Pickton went on a 22-point binge in the final stanza. Freelan was out of sight with 29 points on Saturday as the Rebels built a 32-18 halftime advantage into a 61-44 shellacking of the Prairiland Freshmen. Rhodes had 17 for the Pats.

Junior Varsity Girls

Rivercrest beat Prairiland 56-36 on Saturday to advance their season record to a very respectable 12-3. Tiffany Parish connected for 12 points, while Katy Ross added eight, and Mary McKelvey also hit eight points, all in the second half. Monday had 11 for the Lady Patriots.

FOOT CARE by

Dr. Max Weinberg

Podiatrist

DIABETES & CIRCULATION

Gravity does its job in pulling blood to the feet when we stand. The return trip, however, is not so easy. Often, there is a stasis of blood, which means that the blood slows down considerably. In the diabetic, the situation is further complicated by faulty sugar metabolism, making the blood circulation even more sluggish. Arteries in the foot are narrow and fragile, leading to damage to peripheral nerves. The resultant loss of sensation makes injury and even dangerous possibility. A person over sixty is more prone to hardened arteries and poor blood circulation, which are both aggravated by the diabetic condition. Because the feet then become an easy target for infection, they should be routinely examined by the podiatrist. Because the diabetic's skin tends toward dryness, it should be routinely treated with an emollient or simple lanolin.

Often times we think we know what the problem is and try to treat ourselves. Self-doctoring can possibly intensify discomfort or further injure yourself. If you have any chronic foot pain or other symptoms seek professional assistance.

This has been presented as a public service to promote a better awareness of the benefits of podiatry by the office of MAX R. WEINBERG, D.P.M., P.C.

Cows Need Special Attention In Winter

The current mild winter has been a real blessing to cow-calf producers in Texas.

"Most producers have their cows in excellent condition prior to the calving season, but there are many herds where cow condition is deplorably poor," said Dr. Randall Grooms, livestock specialist for the Texas Agricultural Extension Service. "Cows that calve in a thin condition have a notoriously poor rate of return to estrus and conception, re-

gardless of the amount of feed fed after calving."

Cows need to be in very positive state of nutrition prior to calving to give increased vigor to newborn calves, bring the cow into proper milk flow and to shorten the postpartum interval. Grooms says this means that cows need to be gaining from one-half to one pound per day prior to calving.
