PAMPA, GRAY COUNTY, TEXAS, THURSDAY EVENING, JULY 27, 1933.

(6 PAGES TODAY)

PRICE FIVE CENTS

TWINKLES
Mr. Hoover tried one "noble experiment" Mr. Roosevelt is trying so many experiments we have difficulty keeping up with them.

After reading of all those "I love you; you love me" telegrams going to and from the president, we are convinced that it is indeed a new day for telegraph companies.

Maybe we're wrong, but it would seem that the time to have a fire would be during the firemen's convention here next week.

Texas life insurance companies paid beneficiaries \$70,800,000 in 1932. It was a great year in which to die, we trust, but a not very happy one in which to live. At any rate, dying called a lot of money out of bank vaults.

Eugene Sanders, state fire prevention chief, is urging all fire marshals and fire chiefs to meet him in Pampa next Tuesday and Wednesday. The state fire insurance commissioner, Raymond S. Mauk, will be here. We take back what we said above about having a fire.

We approve of the Passion play in English. Our German is very rusty. It is no more logical to write such a play in German than in Italian, Scandinavian, or English, except that the players are from Freiburg. We hope many people are present at the Kiwanis' big shows on Monday and Tuesday evening.

CAUTION FOR ALL

It is to be hoped, when the municipal pool is opened free to children under 15 years of age from 9 a. m. to 12 m. Saturday that many youngsters who cannot swim will go into the water. The life guards will be on hand. Children knowing themselves to be poor swimmers should remain in the shallow part of the pool. Now is the time to learn to swim, but not to take risks. It is better to paddle about safely in shallow water than to reveal one's incompetence in a show of bravado.

Caution is necessary for good swimmers, as the lamentable death in Amarillo this week showed. Ability to swim is not a safety factor unless the swimmer uses precautions. To take chances even though a good swimmer is comparable to taking off on a long ocean hop in a land plane. You may get there but there is a chance you won't. DONT TAKE RECKLESS CHANCES.

RAISED AT HOME

This writer and Mrs. Pampan must acknowledge the receipt of home grown "rats" of considerable originality. First, P. O. Anderson came along with a pair of fat squabs and talk about the merits of his pigeons. P. O. thinks only in terms of bigger and better squabs, such as he gave us. Next arrived Howard Neath with a big fat rabbit, all dressed and chilled and ready for the skillet. The NEWS bunch also must acknowledge having enjoyed greatly the pecan crisp ice cream sent down by Mrs. Henry Gerhard of the Gray County creamery. And the first home-grown mushrooms seen in Pampa were the gift of R. B. Graham, 303 East Foster. Many thanks to all.

NEWSPAPER CODES

More than most people are newspaper folk familiar with the national recovery act and its significance. Newspaper explanations have made possible the success of the administration policies to this date. The newspaper support of the president is virtually unbroken throughout the country. No one can say that the newspapers, through their policies and liberality and leadership, are not boosting the new deal. Yet as a newspaper man who has studied the history and principles of the press under various forms of government, this writer states that

PARLEY ADJOURNS

FIRST DEATH PENALTY GIVEN FOR KIDNAPING

ROOSEVELT ORDERS A STUDY MADE OF "SNATCH WAVE"

KANSAS CITY, July 27 (AP)—Walter McGee, confessed leader of the gang that kidnaped Miss Mary McElroy, daughter of City Manager H. P. McElroy, and collected \$30,000 ransom, was assessed the death penalty today by a criminal court jury.

Formal sentence will be passed later by Judge Allen C. Southern.

The case was the first in which the extreme penalty has been assessed in the nation's crusade against kidnapers.

It is one of the few in history to bring the death sentence where the victim of the kidnaping was unharmed.

The jury deliberated three and three-quarter hours last night and reached the verdict soon after resuming deliberations this morning.

The jury interrupted the trial of McGee's brother, George, facing the same charge, to render its verdict.

Acting in an advisory capacity, Joseph B. Keenan, special assistant United States attorney general, aided in the prosecution. Federal indictments were returned against the McGee brothers and Clark because Miss McElroy was taken from Missouri to Kansas by the kidnapers.

McGee showed no emotion whatever when he heard the foreman of the jury announce the accused kidnaper had been condemned to die on the gallows.

By The Associated Press.

Stirred into action by President Roosevelt, the federal government today was preparing to nip the rapidly growing nation-wide kidnap racket.

Striking at organized crime in general, and abductions in particular, the president ordered the department of justice to make an intense study of the "snatch wave" which began in March, 1932, with the kidnaping of 20-month-old Charles A. Lindbergh Jr.

A super-police force, commanded by federal authorities, is the weapon with which Attorney General Cummings expects to lead his attack against outlaws.

Relatives of Charles F. Urschel, Oklahoma City oil operator, who was taken from his home Saturday night, continued their preference to deal independently with the kidnapers, and have not given authority for any cooperation. The family said that so far efforts to contact the kidnapers have been unsuccessful.

Auto Dealers To Add Employee Each—Officers Chosen

Pampa automobile dealers met yesterday and formed the Pampa Automobile Dealers association, with Fred Culbert as president.

Marvin Lewis is vice president, and T. F. Smalling is secretary and treasurer. Directors are L. R. Miller, Tom Rose, J. M. Lybrand, F. M. Culbertson, and George Taylor.

The group discussed the national recovery act and each dealer agreed to add at least one man by August 1.

Suggestions as to hours and wages recommended by NIRA will be met.

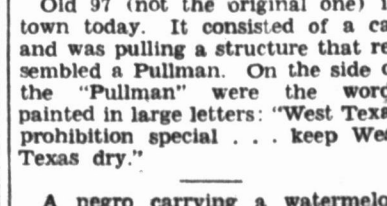

A representative of each local dealer will meet with the Amarillo dealers on Friday or Saturday to set up a district organization and to further a proposed code.

I SAW—

Father Wonderly looking grateful and expressing appreciation for improvements made on the streets and curbs near the Catholic church, by the men employed through R. F. C. funds.

Old 97 (not the original one) in town today. It consisted of a car and was pulling a structure that resembled a Pullman. On the side of the "Pullman" were the words painted in large letters: "West Texas prohibition special... keep West Texas dry."

A negro carrying a watermelon down the street—and it had already been plugged, too. Shoot, yes!

TEXAS: Generally fair tonight and Friday; warmer in north portion Friday. Light variable winds on the coast.

"Employ Until It Hurts"

Adding of New Employees And Raising of Wages Is Chief Goal of President.

Paraphrasing a war-time slogan, the Pampa national recovery committee headed by C. H. Walker has adopted the theme "EMPLOY UNTIL IT HURTS" for the local campaign.

Following discussions last evening, Pampa retail merchants as a unit telegraphed President Franklin D. Roosevelt of their willingness to support the recovery program.

It was emphasized by Mr. Walker that the one great goal of the NRA is to give employment to 6,000,000 persons by Labor day. Obviously, merchants cannot wait for profits from higher prices to finance new help he added. The president is asking business men to "wage" with him, an amount equal to a few months salaries for new employees on the theory that better business will result from increasing the buying power of the country and lowering unemployment.

Mr. Roosevelt has stressed that profits should for the moment not be considered, believing that the outcome of the NRA program will remunerate business men for their faith.

Price-raising agreements without adding of new employees was said to be in conflict with the national recovery act and to make those involved subject to prosecution under the anti-trust laws, which are suspended only when other provisions of NRA are observed. The direct agreements with the president involve chiefly adding of employees and raising of wages. The elimination of unfair practices, adjustment of hours, and similar projects are to be delayed and included in the codes which will be adopted after exhaustive hearings for various trades and businesses.

Pampa automobile dealers, after forming an association, agreed to add at least one new employee at each firm and to conform to hours and wages suggested under the NIRA.

Grocers of this area, having appointed an organization committee which will meet tonight at the city hall with Carl Boston as chairman, are preparing to add new employees and shorten hours of employees' work.

Agreement forms to be signed and mailed to President Roosevelt by individuals and firms were expected to be in the mails this afternoon. The list of firms conforming will be posted in the postoffice.

Meanwhile, the NIRA was about the only topic of conversation on the streets among business men and laborers alike. The confusion which resulted from early announcements and lack of details from Washington is slowly being erased.

Each group now organizing is asked to appoint a representative to Mr. Walker's central committee.

Vernon Lines Up.

VERNON, July 27 (AP)—More than a hundred business concerns had pledged observance to the blanket industrial code here today.

Drygoods, grocery, garage, insurance, furniture, and cafe firms voted unanimously to comply with the shorter hours and more pay program and meetings are being held twice daily to bring other organizations into line.

Levine's In Step.

LUBBOCK, July 27 (AP)—Unconditionally pledging cooperation with President Roosevelt in his national recovery program, William Levine, vice president of Levine Brothers, Inc., operating stores in West Texas and New Mexico, sent a telegram to the White House today agreeing to any provisions the recovery administration might require of retailers.

The Levine corporation plans to raise wages and shorten working hours to comply with any requirements of the retailers code and the recovery act in all of its stores.

BICYCLE STOLEN

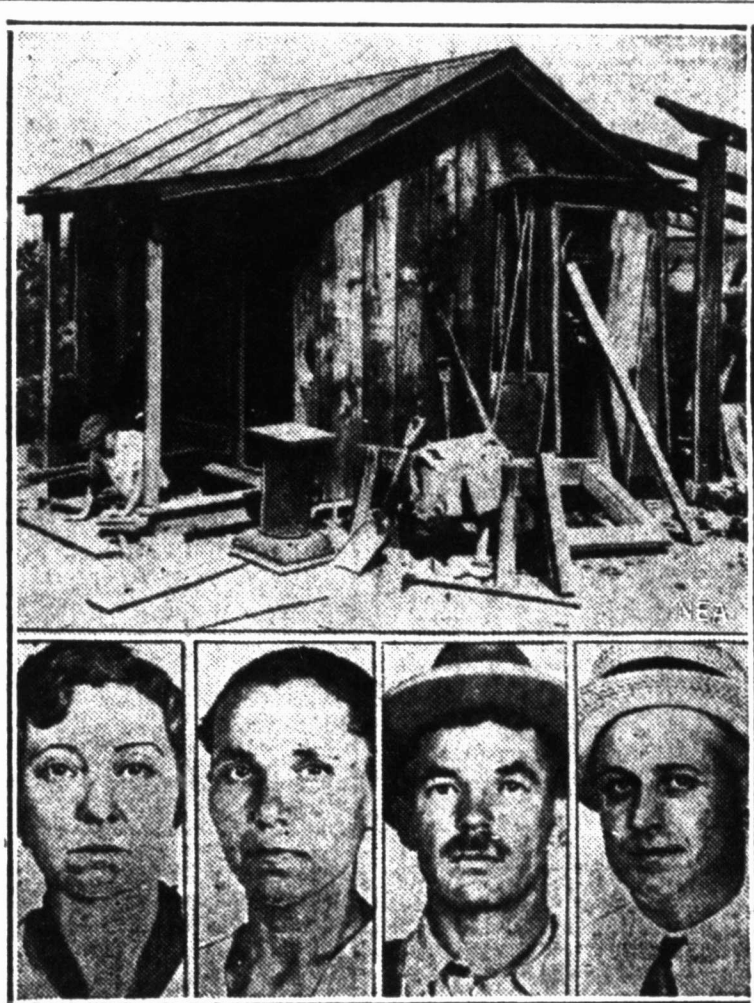

City officials are investigating the theft of a bicycle from Dee Love, Western Union messenger boy. The bicycle was black and red, equipped with red oversize tires and with a bell on the handle bar. The name "The World" is on the front of the bicycle and a Western Union sign was on it when stolen.

Four arrests were for traffic violations yesterday and all entered pleas of guilty. The jail had only three occupants this morning.

TEXAS: Generally fair tonight and Friday; warmer in north portion Friday. Light variable winds on the coast.

Luer Kidnaping Is Solved

WITH the arrest of seven suspects and the discovery of a shed in which August Luer, aged Alton, Ill., banker is believed to have been held prisoner, authorities declare they have solved the Illinois abduction. Top photo shows the shed on the farm home of Michael Musciala, near Madison, Ill., with a man emerging from the shallow basement in which Luer is believed to have been held captive. Four of the suspects held in connection with the case are shown below, left to right, Norma Vaughn, Mrs. Anna Musciala, Mike Musciala and Randall Eugene Norvell. Percy Fitzgerald is said to have confessed his part in the crime. Names of two other suspects have been withheld.

Chief Provisions Of President's Agreement Cited

WASHINGTON, July 27 (AP)—This is brief is what the president's re-employment agreement requires of those who sign it:

An employer of factory or mechanical workers or artisans will not pay them less than 40 cents an hour or work them more than 35 hours a week, unless he was paying less than 40 cents for the same work on July 15, 1929, in which case the rate at that time, but not less than 30 cents an hour, may be paid.

All employees paid on a weekly basis receive not less than \$15 in a city of more than half a million; \$14.50 in cities of quarter of a million up to 2,500; and no less than \$12 below that. These may not be worked more than forty hours a week, except for specified cases.

Higher paid employees should not have wages reduced because hours are cut, and a normal ratio should be maintained between minimum and higher paid levels. Children under 16 may not be worked after August 31 except that those over 14 may work three hours in daylight so long as it doesn't interfere with day school hours.

PAMPA WHEAT MARKET

No. 1 wheat went up the maximum again today for a top price of 85 cents a bushel.

ENDS IN NON-SUIT

The damage suit of G. E. Brewster against the McLean Gas company ended in a non-suit yesterday on motion of the plaintiff after plaintiff's testimony had been completed.

Three Boys Are Fatally Hurt

Unknown Driver Runs Over Four Boys Asleep On Shoulders of Road.

MARTINSVILLE, Va., July 27 (AP)—James Hammond, Howard Hammon, and Arch Purdy, boys ranging in age from 12 to 15 years, were killed at 2 a. m. today and

OIL ALLOWABLE OF ALL FIELDS IS CONTINUED

Hearing Is Postponed 'For At Least 20 Days'

AUSTIN, July 27 (AP)—The railroad commission today postponed "for at least 20 days" hearing of operators in the East Texas oil field to receive evidence on which to base a probable new production allowable.

The existing allowable of approximately 575,000 barrels daily will be continued pending the hearing. C. V. Terrell, member of the commission, announced at a hearing of operators with reference to production allowables in all Texas oil fields, that Ernest O. Thompson, commissioner, and James V. Allred, attorney general, had telegraphed from Washington that a postponement of the East Texas hearing was desirable.

Terrell explained that the federal administrator is preparing a code for adherence of the oil industry and that it was the policy of the Texas commission, administrator of oil and gas conservation statutes, to cooperate with the national government in "every way we can legally do so."

Allowables of the various fields of Texas are as follows:

Panhandle 60,000; North Texas 56,000; West Central 22,500; West Texas 155,050; Southwest Texas 49,550; East Central Texas 58,600; Gulf coast 172,220; East Texas 573,272.

Terrell said it was likely the East Texas hearing would be held about August 17.

Terrell explained that several of the fields had "continuing orders," the allowables in these to obtain until the commission changes them and that production orders for the others would expire on August 1 next.

Archer Meeks was severely injured when the four boys, lying asleep on shoulders of the Martinsville-Stuart highway near Spencer, were run over by an unknown driver.

The boys who lived near Martinsville were walking home from Stuart, Meeks said, when they stopped to rest and fell asleep.

LAST MESSAGE OF ROOSEVELT IS DELIVERED

LABELS OF 'FAILURE' ARE RIPPED FROM CONFERENCE

LONDON, July 27 (AP)—After receiving a dramatic message of encouragement from President Roosevelt, the world economic conference was adjourned late this afternoon to meet again after a recess and make a new attempt to restore world prosperity.

"I can promise you no days or date," said Prime Minister Ramsay MacDonald as he concluded the six-week session in his capacity as conference president.

His declaration that the meeting was adjourned brought to an end a parley unparalleled in history for the scope of the investigations and the bitterness of some of the battles fought over world economic and monetary problems.

"The problems we face—unemployment, bankruptcies, unbalanced budgets and undeveloped resources—challenged the wisdom of man and the capacity of governments," Mr. MacDonald said.

"We adjourn not because we are defeated, not because we are discouraged, but because a longer time is needed to attain results. Let there be no mistake. This is a recess of the world economic conference, not a winding-up. The need for world agreement is greater than ever."

James M. Cox of the American delegation gave the final gesture of the conference. After Mr. MacDonald's speech he submitted a resolution of appreciation to Britain as a hospitable host.

The note of optimism from the American president contrasted sharply with some of the closing addresses.

"Results are not always measured in terms of formal agreements," Mr. Roosevelt asserted in his communication to chairman MacDonald. "They can come equally from a free presentation of each nation's difficulties and each nation's methods to meet its individual needs. We in the United States understand the problems of other nations better today than before the conference met, and we trust that other nations will in the same spirit of good will view our American policies which are aimed to overcome our unprecedented economic situation at home."

"That is why I do not regard the economic conference as a failure. Largely because of your tact and perseverance the larger and more prominent problems will continue to be analyzed and discussed."

Concert, Movies To Be Given at Hopkins Friday

A musical concert for the benefit of the Phillips community fund at Hopkins No. 2 will be given tomorrow evening by the Novello Entertainers, directed by Vern Springer.

The program, to be at the community hall, will include specialty numbers on the marimbaphone, chimes, and string instruments, with other numbers by the orchestra. Admission will be 10 and 20 cents.

Following the concert, there will be a free movie with comedies featured. The public is invited.

BLANKET CODE SIGNED

FORT WORTH, July 27 (AP)—About 100 mixed feed manufacturers and feed dealers here today unanimously decided to sign the blanket code issued by President Roosevelt under the national recovery plan. A large attendance of country elevator operators, country gain shippers and seed dealers is expected tomorrow when the code will be discussed by them.

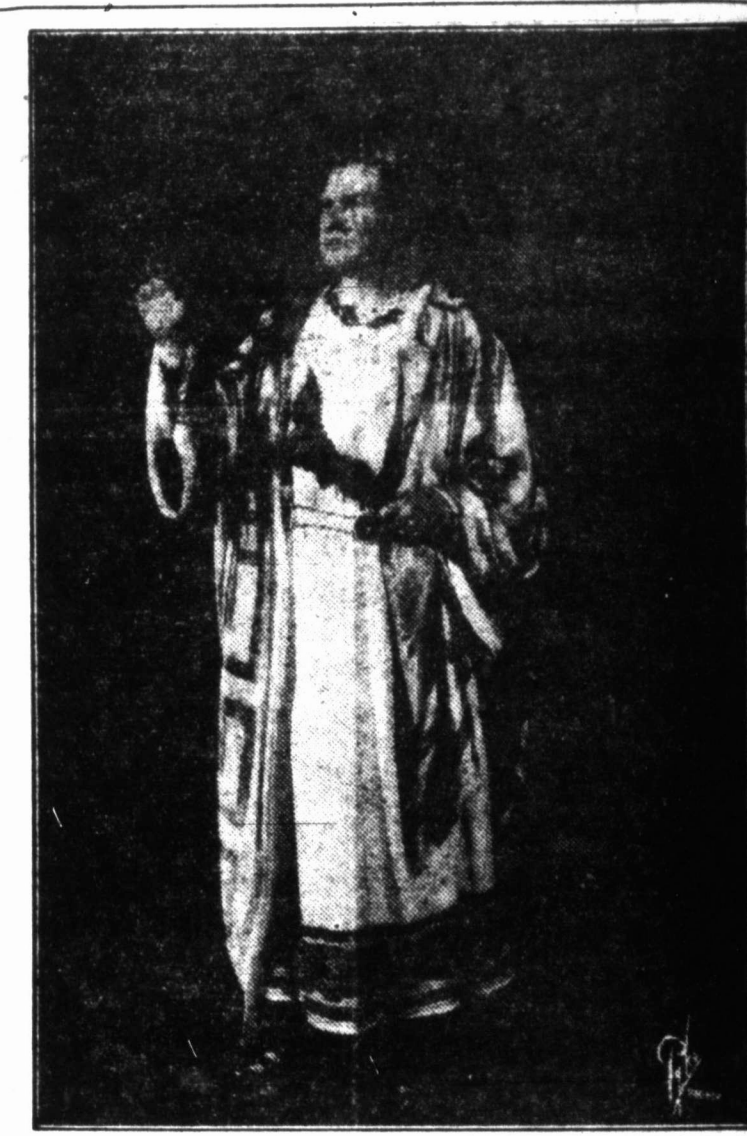

Gus Shofner of Nolette visited in Pampa this morning.

MATTEN IN CANADA

PRINCE GEORGE, B. C., July 27 (AP)—Jimmie Matten, nearing the end of his interrupted round-the-world flight, landed at Prince George today. He had taken off from Smithers, B. C., earlier in the day enroute to Edmonton and New York.

Officers found no clue to the identity of the driver of the car.

"Pilate" In Passion Play

THE PART of Pontius Pilate in the Passion play is one of the most exacting roles in the production and the characterization of Egmont Richter has received the praise of critics all over the world. The play will be presented here Monday and Tuesday evenings at the city hall with a cast of German players who speak their lines in English.

The play is coming to Pampa under the auspices of the Kiwanis club and it is expected that people will be attracted from this entire section. The Passion play to be presented follows closely the Biblical story and is said to be a religious drama of great power and effectiveness.

WHEAT PRICES SHOOT UPWARD 8 CENTS BUSHEL—EXTREME LIMIT ALLOWED UNDER PRESENT RULE

Unusually Bad Crop Reports Is Sole Buying Basis

CHICAGO, July 27 (AP)—Speculative buying of all grains spread like wildfire today, and prices shot skyward, early and late with wheat showing a maximum gain of 8 cents. This was the extreme limit allowed under emergency rules.

In late dealings, temporary sharp reactions took place as a result of immense profit taking and because of some easing of the stock market at New York. Renewed feverish demand for grains however, hoisted prices afresh.

Sensationally bad crop reports from Canada and the American northwest formed the chief if not sole incentive for buyers.

Closing prices were buoyant at the day's extreme top figures. Wheat closed flurried, 7 7/8 cents above yesterday's finish, corn 3 1/4, up, oats 3 1/4 cents advanced, and provisions, varying from 40 cents decline to a rise of 10 cents. All other grains climbed about the bandwagon with wheat. Oats hit the ceiling at the opening four cents higher, and after receding somewhat, regained the peak at the close. Corn was almost at the top of its allowed five cents advance, but receded and the close was 4 1/2 cents higher.

Grocers Will Back Recovery Program And Add Employees

Grocery store proprietors, joining up 100 per cent for the president's national recovery program, today were banding together to add more employees and shorten the time each employee works.

The oil field, LeFors, and Skellytown grocers are joining the same organization.

Carl Boston, chairman of the organization committee appointed early this week today announced the following members of his group: J. W. Brunley, I. Baum, F. S. Brown, Mr. Deal of LeFors, J. L. Nance, Mr. Woodall of the oil field group, and a representative to be named at Skellytown. The committee may be enlarged before it meets tonight at the city hall at 8 o'clock to draft plans for a general meeting early next week.

Jaysees To Help Entertain Firemen

Final plans for entertaining visiting firemen during the sixth annual Panhandle firemen's convention here Tuesday and Wednesday were made last night, when members of the local department met with the Junior chamber of commerce committee appointed to assist in entertaining the visiting members.

The Jaysees will provide several entertainment features during the business sessions and will also have charge of entertainment at the swimming pool Wednesday night. There will be wrestling matches outside the pool enclosure and music and swimming on the inside.

Registration will start Tuesday morning with the first business session called for 9:30 o'clock. Many well known fire fighters of the state will be present.

Mrs. Frank Pennigan of LeFors was a Pampa shopper Tuesday.

MADRID, July 27 (AP)—The Spanish president and cabinet decided today to extend recognition to Soviet Russia, and there were reports that Leon Trotsky, communist leader now in exile, might make his peace with Moscow and become the Soviet ambassador here.

DETROIT, July 27 (AP)—Bennett H. Griffin, Oklahoma City, air pilot who last year flew the Atlantic with James J. Mattern, unsuccessful "round-the-world" flier, today said he and Mattern are planning a non-stop attempt to circle the globe in three days. Griffin, here for an air show, said they plan to make the flight next February or March, if Mattern is able.

Jaysees To Help Entertain Firemen

A PROBLEM WE FACE

A couple of years ago repeal of the 18th amendment looked like a very remote possibility. A year ago the possibility, far less remote, was still only a possibility. Two months ago it began to change into a probability.

The unanimity with which all sections of the country are endorsing repeal marks the culmination of one of the strangest and most surprising shifts of public sentiment in American history.

But the truly interesting and important part of it all is still to come.

To boil it down to a colloquial phrase, it is the question whether we are going to have sense enough to take it or leave it alone.

A complex industrial civilization like ours cannot operate on a tradition of hard drinking. Probably it was a dawning recognition of that fact that made us willing to experiment with federal prohibition 13 years ago. And now that we have learned the failure of that method of coping with the problem, we are going to have to find some new system of social control which will keep alcohol from becoming a menace.

Our best bet, oddly enough, may well be this dawning economic system by which the ordinary working man is going to get more leisure, better living conditions and a higher wage.

Strong drink, traditionally, has been the wage slave's method of escape from unpleasant reality. Excessive drinking was not so much the cause of abject poverty as abject poverty was the cause of excessive drinking. And from this it is clear that the success of the repeal experiment will depend in part on the success of the industrial "new deal."

Noted doctor warns girl bathers against over-exposure. Many a beach policeman has done the same.

Ancient English law, a writer informs us, recognized no less than 178 capital crimes. Had there been, in those days, neighbors who operated noisy lawn mowers at 6:30 a. m., the number doubtless would have been 179.

Former White House housekeeper, in magazine article, reveals President Hoover's extreme fondness for an old flannel shirt in which he played medicine ball. Perhaps he was motivated by the number of people who lost their shirts when the 1929 boom collapsed.

Colonel Lindbergh is listed as "master" in the clearance papers he obtained for his airplane flight to the Arctic with Mrs. Lindbergh. If there's any attempt at back-seat driving, all he'll have to do is show his credentials.

TO FAMILIARIZE THE PEOPLE

OUT OUR WAY

By WILLIAMS

(Continued from Page 1)

in his candid opinion newspapers in their capacity of news dispensers should not sign any federal code under which they would be licensed to operate. Newspapers are not ordinary businesses. They are professional in character and they have special protection under both state and federal constitutions. "The power to license is the power to destroy." Should they bow to a licensing plan, and should there arise a government fearful of their criticism, any newspaper which spoke out bravely could suffer the loss of its license. We say, in short, that newspapers should cooperate fully with the N. R. A. but should not be licensed. As spokesmen for the people, their freedom of expression should never be jeopardized by a license. If they have print shops, these manufacturers will have no such immunity.

APPLY FOR LICENSE
A marriage license application has been filed here by Henry Bruce of Borger and Miss Rose Lane of Borger.

TO BE SUCCESSFUL
Rules for being unsuccessful are contributed as follows:
1—Fix the fact firmly in your mind that your experience and knowledge are adequate and that you need not profit by the experiences of others.
2—Do not join a local business organization. It will take your time and people may think you are after an office. Stand to one side and wait to be coaxed.
3—Do not attend state or national gatherings of your association. You can use the vacation money going somewhere else other than with the crowd of your own kind. Besides, why go away for the fun of talking shop when you can stay home and do that?
4—If anyone visits your store, like a wide-awake traveling salesman, resist the inclination to listen to him. They most likely get a salary for talking and why bother with the information they may have to offer?
5—Never make a change. What has been good enough, ought to be good enough and a rolling stone gathers no moss. To be sure, a setting hen never gets fat, but dignity demands deliberation and to make a change is like admitting that somewhere back you have made a mistake.

George Limerick Is Eulogized At Lions Luncheon

George Limerick, local theater manager, was eulogized at the Lions club luncheon today by John Sturgeon, who announced that Mr. Limerick would leave tomorrow for Chickasha, Okla.

Mr. Limerick will become manager of four Griffith theaters in the Oklahoma city. He has been very active in civic affairs here and as a member of the Junior chapter of commerce.

Succeeding Mr. Limerick is Tom Blair, who though making Pampa his headquarters has been district manager of Griffith theaters. He and his family have made their home here for about a year.

The clubmen enjoyed a soprano solo by Mrs. C. R. L. Vawter, accompanied by Howard House of the Vawter evangelistic party. Mr. House also gave a "rag picture" demonstration, using the Lions emblem in illustrating the club's work for crippled children.

C. H. Walker and R. G. Allen discussed the national recovery act. Carson Loftis was program chairman. L. A. White, Rev. Vawter, Tom Blair, Bill Mullins of LeFors, and Clayton Mullins of Monroe, La., the latter having recently been graduated at West Point were visitors.

Markets

New York Stocks

NEW YORK, July 27. (P)—Late softness of gold mining issues failed to materially unsettle a fairly firm stock market today and leading equities finished in a steady to firm position. There was a sell-off in the last hour, but offerings were readily absorbed and most of the leaders rallied. The abbreviated session was generally quiet 2,700,000 shares.

Funeral Home Is Damaged in Blast

Gas that apparently collected from unlighted jets exploded under the hot water tank in the G. C. Malone Funeral Home at 6:15 o'clock last night and the explosion was heard for several blocks. The bottom was blown from the tank, a hole was blown in the floor and a nearby window was smashed. Attendants at the funeral home cut off the gas and water before any serious damage resulted. The heater was in a room by itself and the damage was slight.

FLIER ARRIVES

CLARENVILLE, N. F., July 27. (P)—Captain Umberto Rovis, one of General Italo Balbo's trans-Atlantic fliers, whose plane was forced down at Prince Edward's island by motor trouble while en route here on the return trip to Italy yesterday, arrived at 10 a. m. (E. S. T.) today. He was given a rousing reception as he rejoined the Flotilla.

NEW ORLEANS COTTON

NEW ORLEANS, July 27. (P)—Cotton prices continued the "come-back" of recent sessions with a further net advance of \$1.15 to \$1.20 a bale in active trading today.

All future deliveries swung above the 11-cent-a-pound level in today's market, showing a recovery of more than \$7.50 a bale from the extreme lows of last week's reactions. October contracts, which traded as low as 9.49 on the recent "break," went to 11.01 at today's high point. The close was only a few points under the best.

Spot cotton advanced \$1.20 on the day, with middling quoted at 10.87 cents a pound.

BUSINESS AND MISSIONARY STUDY FEATURE CHURCH MEETINGS

TRIP TO CAMP IS PLANNED IN BAPTIST MEET

PROGRAM ON WORK IN AFRICA IS GIVEN

ATTENDANCE at the annual Baptist encampment near Canadian, to be held in August, was planned by women of Central Baptist Missionary society yesterday afternoon, when a joint meeting of the circles was conducted at the church.

A missionary program on work of the Baptist church in Nigeria was given preceding the business meeting. The Bible lesson from Luke was read by Mrs. F. L. Anderson, and Mrs. W. O. Cooley gave the opening prayer.

Mrs. Cooley also opened the lesson discussion. Her topic was "Africa, Old and New." Other discussions were given as follows:

A. Waiting Village, Mrs. O. H. Gilstrap.

A. Waiting House, Mrs. Vernon.

Work in Nigeria, Mrs. Paul Link.

Waiting the Word, Mrs. E. V. Davis.

In the Life of Ruth, Mrs. Cecil Lunsford.

On Lips of Aro, Mrs. O. J. McAllister.

The closing prayer was given by Mrs. Anderson.

Two visitors, Mrs. J. B. Hilburn and Mrs. W. L. Lane, were present.

Members present and not on program were Mesdames G. C. Stark, Lewis Bridge, H. C. Chandler, G. D. Holmes, R. M. Mitchell, L. L. Brewster.

Circles will meet separately next week, Bethany circle with Mrs. T. M. Gilham and Little Moon circle with Mrs. W. W. Hughes.

Hal Hughes of Abilene is visiting friends here.

L. M. Lane of Fort Worth is here on business this week.

Ed Bopp of Granville, Wis., is transacting business here for a few days. He is with the Montgomery Ward Stores.

A large delegation of members from the Church of Christ here, headed by the pastor, E. C. McKenzie, will attend the revival in the LeFors church this evening.

RAINBOW GIRLS GO TO BORGER WITH PROGRAM

Visitors Accompany 21 Girls on Trip For Meeting

Twenty-one Rainbow Girls of the Pampa order drove to Borger Tuesday evening to present a program exemplifying degrees before members of the Order of Eastern Star and, Masonic lodge there.

They were accompanied by a number of Eastern Star and Masonic members from the chapters here, and the program was attended by a large group that included members from White Deer, Stinnett, and visitors from Oklahoma.

Girls making the trip were Misses Margaret Beck, Mildred Haggard, Lorraine Noel, Willie Isbell, Grace New, Helen Jo Dougherty, Christine Dickinson, Anna Mae Gotcher, Oneta Fraser, Mary Louise Adams, Mary Ruth Coulter, Marie Tinsley, Dorothy Brunley, Harriet Hunkapiller, Daisy Anne Shields, Martha Jones, Emily Burge, Mary Lee Record, Sybil Ward, Clotilde McCallister.

Eastern Star and Masonic members who accompanied them were Mrs. Roy Sewell, Mrs. Katie Vincent, Mrs. Sunkel, O. M. Anderson, Mrs. Madge Murphy, Mr. and Mrs. L. C. Gonnillou, Mr. and Mrs. Porter Beck, Dr. and Mrs. W. A. Seydler.

Mrs. Hugh Isbell and Howard Zimmerman also went from Pampa, driving some of the party to Borger.

Couple Recently Wed Are Honored

Relatives and close friends of Mr. and Mrs. Jeff Yearwood, who were married Tuesday in Sayre, Okla., were entertained informally last evening at the home of the bride's parents, Mr. and Mrs. R. F. McCalip, 421 S. Russell.

Before her marriage Mrs. Yearwood was Miss Florence McCalip. Mr. Yearwood is the son of Mrs. Ida Yearwood. Both have grown up in Pampa.

They were accompanied to Sayre, by the bride's father and her sister, Miss Phoebe McCalip, and Wilbur Woodcock. The couple are making their home on Mr. Yearwood's farm just east of Pampa.

Evangelist Says Feelings Are No Test of Religion

"Show me the man who follows his feelings and I will show you a moral leper," declared Dr. C. R. L. Vawter last night in his sermon, "Faith and Feelings." "The penitentiaries are full of men who followed their feelings. The libertine, the hi-jacker are all men who follow their feelings."

"Some people are following their feelings by not accepting Christ. They believe in Christ and know what they ought to do, but they are putting it off. Who should have his way, you or Christ?"

"Judas followed his feelings and sold the Lord. The apostle Peter followed his feelings and denied that he ever knew Jesus. That was a despicable act. If ever Jesus needed a friend it was then but here is one who had companioned with him for three years and at the time Jesus needed him most he said, 'I don't know him.'"

"Many of you think you will have a certain kind of feeling of ecstasy when God forgives you. Then you will become a Christian. That is false. You will feel right when you do right."

The Bible drill last night was a success. About 35 children went through the drill and it was almost impossible for the judges to select three who were best. The large audience was amazed at what the children had learned in such a short time. They quoted verse after verse of scripture setting forth the Bible plan of salvation, and in each case

SOFT CORNS

Moone's Emerald Oil Must Do Away With All Soreness and Pain Or Money Back.

Get a bottle of Moone's Emerald Oil with the understanding that if it does not put an end to the pain and soreness your money will be promptly returned. Don't worry about how long you've had it or how many other preparations you have tried. This powerful penetrating oil is one preparation that will help to make your painful, aching feet so healthy and free from corn and bunion soreness that you'll be able to go anywhere and do anything in absolute foot comfort. So marvelously powerful is Moone's Emerald Oil that thousands have found it gives wonderful results in the treatment of dangerous swollen or varicose veins. City Drug Store, the Nyal Store, is selling lots of it. Mail orders filled. (Adv.)

Girl Scouts Are Practicing Tests

Tenderfoot requirements for Girl Scouts were discussed when the Pampa troop met yesterday evening at the home of Betty Jane Blythe. Several new members started work to pass the required tests. Members also worked on looms for bead-work and basket weaving. Continued work on these projects and on Scout tests will feature the next meeting.

Girls present with their advisors, Mrs. Stockton and Miss Beth June Blythe, were Lou Dean Luttrell, Sarah Pafford, Margie Hampton, Ann Sweetman, Dorothy Jo Moore, Betty Ann McTaggart, Dorothy Burton, Norma Lee Lane, Theda Stone, Minella Baird, Geraldine Jones, Helen Harris, Annie Johnson, Theda Cox, and Elaine Murphy.

Evening Bridge Party Given at Saunders Home

Twelve couples were guests of Mr. and Mrs. J. M. Saunders at their beautiful country home last evening, to enjoy games of bridge and informal talk.

They arrived early and inspected the law, rock garden, flower and vegetable gardens before starting the games. Refreshments of fruit punch, ice cream and angel food cake were served.

Miss Jerry Mitchell and Maurice Saunders assisted in serving.

Mrs. Pearl Williams of Oklahoma City, Mr. and Mrs. W. Runkle of Fort Worth were out-of-town guests present. Others were Messrs. and Mrs. J. M. Saunders.

VISITORS MEET IN LUNCH WITH COUNCIL GROUP

WOMEN OF CHRISTIAN CHURCH ACT AS HOSTESSES

A NUMBER of guests were entertained by group one of the Christian Women's council, which met for a morning program and covered dish luncheon at the church yesterday. Mrs. C. R. L. Vawter, member of the evangelistic party conducting a revival here now, was the guest speaker.

After a business session, she gave a vocal solo and a travelogue talk on world missions as she has seen them on trips around the world.

Women present for the program were Mesdames Lee Ledrick, Ross Cornelius, Ethel Olsen, T. M. Sanders, Rich Bowers, Bessie Martin, younger Cockrell, O. H. Ingram, Charles Frost, J. B. Townsend, John Tate, A. A. Teeman, Ramon Wilson, Homer Sprinkle, Floyd Coffin, Geo. Cree, C. P. Lewis, Weldon Wilson.

Additional guests for the luncheon were Mr. and Mrs. Vawter, May Vawter, Howard House, William Reeves, John Mullen and children, Jean and John, Mrs. Penix of Mineral Wells, Mr. and Mrs. Charles Mundy.

Mrs. Albert Lord was dismissed from Worley hospital today after a major operation.

Miss Virginia Embury will leave Worley hospital this afternoon following a major operation.

Mrs. Paul Branford entered Pampa hospital this morning for a minor operation.

R. C. Bailey has been dismissed from Pampa hospital.

H. O. Batson was able to leave Pampa hospital this morning.

Mesdames R. McConnell, F. H. Yalley, L. E. Gordon, Chester Hunkapiller, E. O. Snead, F. Stalls, G. Shackleton, W. R. Ewing, Robinson, Sherman White.

Johnson to the Hospital

Scott Johnson, who for several days has been suffering from asthma was taken to Fort Worth Wednesday morning for medical treatment. He was accompanied by Mrs. Johnson, sons, Elton and Vernon.

SERIES OF BENEFIT TEAS IS STARTED BY P-T. A. AT McLEAN AS THE PRESIDENT ENTERTAINS

Birthday Party For Girl Is Given By Mother

McLEAN, July 27.—Tuesday afternoon at four o'clock Mrs. John Butler, president of the local Parent-Teacher association was hostess at a tea to several officers and chairmen of that organization, when plans for the coming year were discussed.

It was decided to let Tuesday's meeting be the initial tea of a series to be given by members of the association to increase interest in the work and enrich the treasury, each guest donating 10c to the Parent-Teacher association general fund.

For the purpose of friendly rivalry, those present were divided into two divisions. Mrs. O. E. Lockridge was appointed chairman of one division with Mesdames H. W. Finley, Cecil G. Goff, C. A. Cryer, and J. E. Lynch as members. Mrs. Jim Back is the other chairman and will be assisted by Mr. and Mrs. A. C. St. Clair, Mesdames T. A. Massey and Pete Fulbright.

The contest will close about Thanksgiving when a general get-together meeting at the gymnasium is planned for all patrons and teachers of the school.

Celebrates Birthday

Tuesday evening was made merry for a number of children when Mrs. Scott Johnson entertained in celebration of the thirteenth birthday of her daughter, Shirley. Fun-provoking games were enjoyed by the children, and lovely gifts were bestowed upon the honoree.

Cooling refreshments were served to the following: the honoree, Leta Mae Phillips, Dorothy Sitter, Mabel Back, Wanda Estes, Jesse Mae Lynch, Peggy Greer, Thelma Jo Gray, Mary Alice Wilson, Margaret Gracy, Spencer Sitter, Jeff Coffey, Kid Jr. McCoy, Billie Cash, Billie Boston, and Joe Billie Bogan.

Johnson to the Hospital

Scott Johnson, who for several days has been suffering from asthma was taken to Fort Worth Wednesday morning for medical treatment. He was accompanied by Mrs. Johnson, sons, Elton and Vernon.

P-T. A. Sees Work On Street Done To Baker School

One of the major summer projects of Baker Parent-Teacher association was completed yesterday afternoon when work of laying caliche on the street from Cuyler street to the school was finished.

This work has been done through R. P. C. workers and the city commission. Contributions from several oil companies made it possible, member of the P-T. A. committee said.

The committee from the association was composed of Mesdames J. A. Meek, Earl Roof, Roy Holt, and Glendene Lard.

Donations were made by the Continental Oil company, Danciger Refining company, Phillips Petroleum company, E. & B. Lubricating company, Sinclair Oil company, and Gulf Refining company.

Lawn Party Given For Madonna Class Members, Families

Old fashioned games and a watermelon feast on the lawn of the O. J. McAllister home entertained women of the Madonna class, Central Baptist church, and their families yesterday.

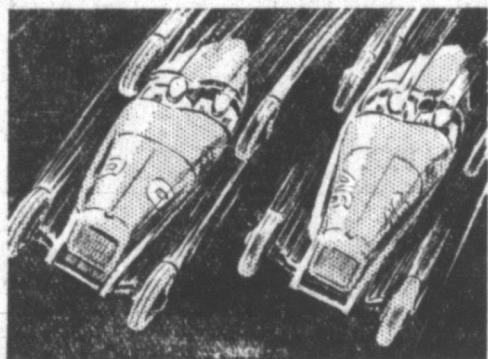

Present were Mr. and Mrs. G. C. Stark, Mr. and Mrs. O. H. Gilstrap and Mary Helen, Mr. and Mrs. Jerry Lockard, Mr. and Mrs. Homer Cone and Roy, Mr. and Mrs. Earl Phillips and sons, Mr. and Mrs. Fred Hays and Charlene, Mr. and Mrs. Jim Coburn and James Earl, Mr. and Mrs. Cecil Lunsford, Mr. and Mrs. McAllister, Mesdames M. L. Black, E. V. Davis, H. E. Beckham, W. L. Lane, Garrett, Miss Loveta Black, Vernie Hicks.

Mrs. T. W. Ponce of Pratt, Kan., is visiting Mr. and Mrs. E. R. Miller this week.

STUDEBAKER

raced 28 cars off the track at Indianapolis!

Out of 42 entries only 14 finished . . . and 7 were Studebaker powered! 5 were 85% stock Studebakers which went through entire race without a repair!

THOSE five Studebakers—and two privately entered cars with Studebaker engines—finished in the first twelve. Not a repair was made to any car in the Studebaker team throughout the 500 miles. No other proving ground in the world could give a car the test the Studebakers took in this fastest race in Speedway history. Why not come in today and drive a new Automatic Studebaker so that you can see for yourself why Studebaker engineering is so flawless and Studebaker stamina so superior?

Biggest June Sales Since 1930! Studebaker June sales were 147% greater than March—in fact, greater than any June since 1930. And sales already recorded show that July will substantially surpass June. Put your money on a winner. Come in and let us put a price on your present car today.

PRESIDENT'S AGREEMENT FORMS TO BE DELIVERED THIS WEEK

POSTMEN WILL BRING FORMS TO EMPLOYERS

KNOTTY QUESTIONS IN CODE BEING WORKED OUT TODAY

WASHINGTON, July 27 (AP)—American business men today began recording official definite pledges to do their part in President Roosevelt's mighty re-employment effort.

The first of the agreement blanks which are to go to 5,000,000 employers for signature were being distributed, along with addressed envelopes that will take back to Washington the individual promises to increase purchasing power by boosting pay and providing more jobs through shorter hours for those now employed.

The agreement forms not delivered today will be taken around by the mail carriers tomorrow and next day so that by August 1, storekeepers, industrialists, garagemen, bankers, baker, and every conceivable type of employer may present to his postmaster evidence that he has put the agreement in effect, receiving in exchange a poster with the blue eagle and the legend: "We do our part."

Already President Roosevelt and Hugh S. Johnson, his industrial recovery lieutenant, had definite evidence from an avalanche of telegrams that thousands would comply immediately, mailing back their forms today.

Meantime, Johnson worked to remove the hesitation of many who found that arbitrary interpretations of the agreement's clauses would affect their business seriously.

Last night, he and his principal assistants began working out a way to interpret the most knotty questions. They promised to announce decisions today.

Several thousand civic and commercial units which have volunteered to lead nation-wide campaigning to put the plan across received instructions to set up militarized organizations with a general and lieutenant general, the latter a woman, in each community, heading a big staff.

These units will step into action three or four weeks hence. In the final week of the drive they will make a block by block canvass to make sure of compliance by pledge-bound employers, to get after any who have not joined, to survey the unemployed, determine what work they are suited to, and help place them.

Coincidentally with this work on the emergency drive, Johnson and his officials began hammering into

STATE OIL TOO CHEAP, JIMMIE ALLRED ARGUES

Famous Murder Case Put Official Into Limelight

BY MELVIN E. COLEMAN, Associated Press Staff Writer.

THE youngest attorney general of the union's largest state, James V. Allred of Texas, is troubling some oil companies these days.

He has been after them since he won his office in 1930 and now has customer suits pending against 15 of them. He alleges violation of the Texas anti-trust laws, asks that the corporations be barred from the state and that penalties aggregating \$17,000,000 be assessed.

His latest move is an investigation of prices offered in the west Texas field by four of the chief oil purchasing concerns. Allred says the companies' prices are 40 per cent below the regular market, and that the difference between what they are paying and what he thinks they ought to pay is costing state institutions which own the pools hundreds of thousands of dollars.

The company argument is that increased cost of transporting the oil to market justifies the differential. To this Allred retorts that 40 per cent "is unreasonably out of line."

Allred was born at Bowie, Texas, 34 years ago. At the outbreak of the world war he quit Rice Institute to enlist in the navy. He got his law degree at Cumberland university in Lebanon, Tenn., in 1921.

Three years later he was district attorney of Wichita county, Texas, and one of the state's most famous murder cases thrust him into the limelight.

Frank Collier, mayor of Wichita Falls, shot his son-in-law, Allred had to overcome several obstacles in bringing the mayor to trial, but got a verdict of manslaughter. Later Collier was pardoned by Governor "Ma" Ferguson.

After that case Allred ran for attorney general and was beaten by less than 4,000 votes. He won out in the race in 1930 and snowed his opponents under for a second term.

MILITARISTS RECALLED

MEIKCO, D. F., July 27 (AP)—As an economy measure the ministry of war today issued orders recalling all military commissions abroad.

There are numerous such missions in the United States and Europe. The department said expense continuing such commissions was excessive and economies must be effected in the department.

shape codes on which no suitable agreement was reached in open hearing, and making arrangements for a steady succession of public sessions on more of these lasting compacts of industry. One such code for shipbuilders was promulgated last night by the president.

TEXAS PUBLIC WORKS BOARD IS ANNOUNCED

CLIFFORD JONES' FOUR ADVISERS ARE APPOINTED

DALLAS, July 27 (AP)—A Texas advisory board has been appointed by President Roosevelt to submit to the public works administration construction projects which will provide employment.

The four members named on the board were Col. Ike Ashburn of Houston, S. A. Goeth of San Antonio, John Shary of Mission, and R. M. Kelly of Longview.

Col. Ashburn was commandant of cadets at Texas A. & M. college for several years. About seven years ago he was brought to Houston to become general manager of the Houston chamber of commerce.

After several years service as head of the Houston chamber, Col. Ashburn was employed as agency director for a life insurance company. Last year he was appointed executive manager of the Texas Good Roads association.

Goeth is a lawyer who has been prominent in civic affairs for many years. He has been a member of the

END AGONY OF NEURITIS

Here's One Good Way To Newark Man Knows How and Loses 10 Pounds

"Gentleman: I used Kruschen Salts to try and get rid of Neuritis from which I had suffered for one year in my left shoulder and arm. I took a little of the salts in the morning, sometimes in my coffee, other times in water. I would also occasionally take a dose in water at night before retiring. For 3 months I used the salts and while I lost 10 pounds in weight, the pain in my shoulder HAS ENTIRELY DISAPPEARED. During the time I was taking the salts I received no other medical treatments so I am fully convinced the Kruschen Salts did the trick." C. K. Murray, Newark, N. J.

Take one half teaspoonful of Kruschen Salts in a glass of hot water every morning—a jar lasts 4 weeks—get it at Richard Drug Co., Inc., or City Drug Store, or any druggist in the world—costs but a trifle. (Adv.)

JONES TO FORT WORTH
DALLAS, July 27 (AP)—The Dallas Times Herald today printed a story from its regular Washington correspondent stating that the office of the state director under the public works program probably will be located here. The office of Clifford Jones of Spur, appointed regional director for Texas, Louisiana and New Mexico, will be in Fort Worth.

WHEN LEMONS ARE DRIED OUT
If lemons seem a little dried out and there is no time to go to the store, place them in very hot water. This will freshen them and give them renewed life.

San Antonio water board since its establishment eight years ago. He was a member of the advisory committee which recommended construction of Los Olmos dam after the disastrous flood at San Antonio in 1921. He operates a farm near the city.

Goeth has wired his acceptance of the appointment to the president. Kelly, pioneer Longview manufacturer, is head of a plow works bearing his name. He helped organize the East Texas chamber of commerce and was first president of that organization.

His interest in welfare work has extended over a long period. Kelly said he expected Clifford Jones of Spur, regional director to the public works administration, to call a meeting of the Texas advisory board at Fort Worth soon.

REPORTS ON ROAD MEETING
McLEAN, July 27.—The Rev. A. F. Johnson, pastor of the Baptist church of Borger, who is holding a revival meeting here, and Jaudon Cobb, teacher at Acuff, were visitors at the Lions club Tuesday at the regular meeting. Short talks were made by each, and Mr. Cobb favored the club with an original poem which provoked much merriment.

Witt Springer made a report on the road meeting held at Pampa last Friday evening. The following Lions accompanied Commissioner W. W. Wilson and M. D. Bentley to the Pampa meeting: Boyd Mendon, John Cooper, Witt Springer, Claude Williams, C. O. Greene, Jesse J. Cobb, W. E. Bogan, Ralph Caldwell, and Tom Holloway.

Field Marshal Of Japan Dies In Manchuria

TOKYO, July 27 (AP)—Field Marshal Nobuyoshi Muto, Japanese supreme representative in Manchuria, died in Changchun, Manchuria, today following a sudden attack of jaundice. He was 63 years old.

Immediately the army moved swiftly to name a successor to forestall the possibility of trouble during an interregnum in the Japanese sponsored Manchukuo government in Manchuria, and named General Takashi Hishikari, a member of the supreme war council, as his successor.

The mikado's new proconsul in the continental protectorate has been an officer in the Japanese army for 40 years and is experienced in

For steady smoking—Camel's costlier tobaccos

STEEL ALONE IS NOT ENOUGH!

—neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like CHEVROLET

CHEVROLET There is only one type of body construction which Chevrolet will permit on the chassis of the cars it builds: That's the type which every test—and every experiment—and every experience has proved to be the safest, strongest, and best. Not steel alone, because steel alone is not enough. But a Fisher body of steel reinforced by hardwood! The same kind of construction used on practically all the highest-priced cars in America.

Chevrolet well knows that steel alone has one distinct advantage: it's cheaper. Steel also is strong—up to a certain point. BUT—beyond that point, steel alone will bend and crumple under severe stress or shock. And there's where hardwood does its work. Hard-

wood reinforces the steel and is, in turn, reinforced by the steel. Hardwood absorbs shocks—takes out rattle and rumble. The result: A steel plus hardwood body can withstand concussions that crush a body built of steel alone.

If you're thinking of buying a new low-priced car, better watch this matter of bodies carefully! Insist on steel reinforced by hardwood! Fortunately, the only low-priced car with this preferred type of body is also the only car with a proven valve-in-head six; with Fisher Ventilation; with Cushion-Balanced Power; with a genuine Synchromesh gear-shift; and a Starterator. That car is Chevrolet—America's most economical automobile!

Be hard to please EXPECT MORE

The New AIR-COOLED ELECTROLUX gives you more

At New Low Prices
Utter Silence
Lowest Operating Cost

BE HARD to please when you buy an automatic refrigerator. EXPECT MORE. Demand more. You'll get it in the New Air-Cooled Electrolux!

The New Air-Cooled Electrolux uses no water. It has no moving parts. A tiny gas flame circulates the refrigerant, which ordinary air cools. The flame is completely protected by an automatic shut-off. It is this unmatched simplicity of the New Air-Cooled Electrolux that accounts for its even lower operating costs—its permanent and absolute silence.

But, expect more with the New Air-Cooled Electrolux! Expect such exclusive features as two-temperature chilling unit which insures constant, uniform cold, adjustable split shelves, automatic trigger release on ice trays. When you come to our showrooms, expect to find in the New Air-Cooled Electrolux the finest refrigerator money can buy. Yet prices are lower than ever. Terms are liberal.

ROADRUNNER BATSMEN ANNIHILATE MAGNOLIAS 15 TO 1 IN OPENING GAME

TWO CLUBS TO STAGE SECOND AFFAIR TODAY

MAGS SCHEDULED TO PUT UP BETTER FIGHT TODAY

The Danciger Roadrunners put on a field day for the Magnolia "Mags" yesterday afternoon in the first of a three-game series for charity, and when the dust from the spikes of the Roadrunners had cleared away at Danciger park, the score stood 15 to 1. The Roadrunners made 21 hits off the delivery of Vodie Clemmons and Charlie Stewart, while Lefty Thomas was limiting the "Mags" to seven scattered blows.

Seven of the Roadrunners hit for extra bases. Ike Lister and Ray Riley connected for triples, while Cox, Lister, and Riley hit doubles. Leggett helped himself to two doubles. Warren was limited to a double and Newsome with a triple got the Magnolia extra base blows.

The Roadrunners hopped on Clemmons for three runs on four hits in the opening inning. Clemmons then tightened and pitched scoreless baseball for three innings. However, in the fifth he blew up and four runs crossed the plate on five hits and two walks. Stewart relieved Clemmons in the sixth but he was greeted with a barrage of hits and five more runs crossed. The Roadrunners finished their scoring spree with three in the eighth.

The lone Magnolia run came in the fourth inning when Newsome, first man up, tripled and scored when Warren was safe on an error. The "Mags" threatened again in the sixth when they got three men on base but Cahill was hit by a batted ball and the other two men were left stranded.

The two teams will meet again this afternoon and again Sunday afternoon. It will be a much

McLean Wallops Erick Nine 12-3

McLEAN, July 27.—McLean's baseball team surprised Erick Tuesday afternoon and won a 12 to 3 revenge game. Harris, McLean youngster, started the game and pitched great ball until relieved by McCabe. R. Hensley was behind the bat. The McLean management is not letting the youthful Harris go the full distance yet.

Brawley and Holland took turn about on the mound for Erick but neither of them were effective and the McLean batters hit the ball hard and far. Holly and Douglas did the receiving.

The McLean team is gathering momentum every game and should be heard from before the second half of the Cotton-Oil league is over.

Miss Florence Seydler left this morning for her home in Houston, after spending the past two months here with her brother, Dr. W. A. Seydler, and Mrs. Seydler.

strengthened team that will face the Roadrunners today and Sunday. It also has a Roadrunner outfit on pitchers that will take the field next time.

Stop Chills and Fever!

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any store. (Adv.)

RED SOX SPLIT DOUBLEHEADER WITH YANKEES

BOSTONIANS CONTINUE TO BE CHAMPIONS' JINX

By HUGH S. FULLERTON, JR. The Boston Red Sox, who came out on the short end of the score the first nine times they played the New York Yankees this season, appear to have developed into a particular thorn in the collective sides of the world's champions.

For the second time the Sox have proved troublesome to the Yanks at a time when they need every victory they can get. The New Yorkers played a doubleheader in Boston yesterday with a chance to tie Washington for the American league lead before going into a "crucial" series with the Senators, but they came out still a game behind after an even break.

Early in June the Red Sox did a similar stunt, taking four in a game from the Yanks and starting them off on a losing streak that sent them so far into second place they haven't been able to get out to stay yet.

New York won the opener yesterday 2-0 in a mound duel between Vernon Gomez and Bob Welland in which each southpaw allowed five hits. The Yanks bunched three of their blows with a couple of walks and two long flies for runs in the last two innings. Boston came back and smashed Walter Brown off the hill in the fourth inning, scoring five runs to win the second game 9-4.

Washington was rained out at Philadelphia.

The Detroit Tigers and Cleveland Indians, a game apart in the race for the last berth in the first division, took different routes to victory. The fourth place Tigers slugged it out with the St. Louis Browns, winning 9 to 7.

Willis Hudlin's six-hit flinging was an important factor in Cleveland's 7-1 victory over the Chicago White Sox while the bases kept contributing to their seventh straight defeat by making three errors in succession in the seventh to give the Indians three runs.

In the National League the pace setting New York Giants took advantage of the rain that kept their leading rivals, Chicago and Pittsburgh from playing, and increased their lead to four games over the Cubs by winning a twin bill from the Brooklyn Dodgers.

The clouting of Joe Huteson, rookie outfielder, was the only bright spot for Brooklyn as Hal Schumacher and Hy Bell limited the Dodgers to four hits to win the opener 5-3 and Bud Pamelee pitched six-hit ball for a 4-3 victory in the nightcap.

The St. Louis Cardinals climbed back into fourth place past the Boston Braves by turning back the Cincinnati Reds 3-2. The Braves and Philadelphia had an open date.

Drawings in Davis Cup Finals Made

PARIS, July 27 (AP)—The draw for the British challenge of France for the Davis cup today pitted H. W. (Bunny) Austin against Andre Merelin, French youngster, in the first match. Henri Cochet, ace of the tri-color squad, will meet Fred Perry, England's No. 1, in the second. The order will be reversed on Sunday, the final day of play.

Perry and George Patrick Hughes will play doubles Saturday for Great Britain against the veteran French combination of Jean Borotra and Jacques Brugnon.

Both captains reported their men in excellent shape for the encounter which opens tomorrow in Roland Garros stadium.

STEERS SLASH HOUSTON LEAD IN 5-4 GAME

BUFFALOES NOW ONLY FOUR GAMES AHEAD OF GALVESTON

By BILL PARKER Associated Press Sports Writer The submarine Galveston, piloted by Scappy Billy Webb and his orange clad Buccaneers, and carrying a cargo of needed runs and timely base hits, is rising from the depths with such speed that the Houston Buffaloes are on the run.

From a comfortable nine game lead, Manager Carey Selph's Buffs have slipped fast. Thursday found them with trouble ahead and only four games in front of the second place Buccaneers. What resembled a complete success for Houston for the straight through pennant now is a cloudy issue with the Buccaneers ready to sweep into first place most any time.

The Buffaloes lost valuable pennant territory Wednesday night when they dropped a 5 to 4 battle to Dallas. Mike Cveugros, southpaw, and Ed Greer, right-hander, are listed as Houston aces. Against the Steers they were just two more pitchers trying to win and failing.

Ernie Holman, Dallas third baseman, cracked a triple to the right-field fence in the last of the ninth to score Ray Flaskamper with the run that broke a 4-all contest and gave the Steers their second straight win over Houston.

Unlashing a bombardment against "Peaches" Davis for five runs in the second inning, Galveston stopped Fort Worth's winning streak. 7 to 4. Chief Euel Moore worked for Galveston. He allowed twelve hits but managed to scatter them.

"Rip" Collins, former Texas and major league hurler who left baseball to become a Texas ranger, returned Wednesday night in a Fort Worth uniform. He relieved Davis in the second inning and his speed ball was fast enough to hold Galveston to four hits the remainder of the way but the Pirates got to him for a pair of runs on his wildness.

The Oklahoma City Redskins, playing under "Red" Harvel, their new manager, who Wednesday suc-

Risko Finally Wins Decision Over Loughran

CHICAGO, July 27. (AP)—Johnny Risko, the Cleveland baker boy, today held his first ring decision in four starts over Tommy Loughran, the Philadelphia dancing master.

Risko won over the Philadelphia by his aggressiveness in their ten-round contest at Mills stadium last night.

In the first round Risko opened a two-handed offensive that appeared to bewilder the former light heavyweight champion. He rushed Loughran to the ropes under a heavy body attack, spilling him with a left hook to the chin for a count of three. Loughran, however, pulled himself up at the count of three and succeeded in untracking himself in the second and third rounds to outpoint Risko.

The decision was not unanimous as one of the judges cast his vote for Loughran. The other judge, however, and Referee Tommy Thomas, favored Risko. Loughran spotted Risko 8½ pounds, scaling 185.

S. E. Allison of Canadian visited here yesterday afternoon.

SHIPERS LOSE CATCHER DETROIT, July 27 (AP)—John Pasek, catcher for the Beaumont club of the Texas league, has been recalled by the Detroit Tigers and directed to report this week. Pasek has been with Beaumont for the past two seasons under option to Detroit.

A. R. Fowler has returned to his home at Groom after treatment at Worley hospital.

Little Jean Richey of Miami was dismissed from Worley hospital yesterday evening after treatment.

PILES—HEMORRHOIDS

'LEASE AND AGENCY' EXPECTED TO BE ABOLISHED IN OIL CODE

REGULATION OF PIPE LINES IS ALSO PLANNED

PRODUCTION LIKELY TO BE ALLOCATED TO MEET DEMAND

WASHINGTON, July 27 (AP)—The "lease and agency" arrangement, whereby oil dealers are bound to handle exclusively the products of one distributor, is expected in informed sources to be prohibited in a code of trade practices for the marketing division of the petroleum industry.

Formulation of a marketing and distribution code now is in the hands of a special committee representing the various factions of the industry and Hugh S. Johnson, the industrial administrator.

The committee was set up yesterday at the close of hearings on proposed plans for the industry and was understood in authoritative quarters to have agreed to recommend that the lease and agency system be prohibited.

Meanwhile, industrial recovery administration officials set about drawing up a code for the production and refining end, on which widely divergent views were presented from spokesmen for the oil world.

Because of the inability to correlate the proposals, Johnson and the administration took over the job of writing a plan for submission to the industry next Monday night for their consideration.

Formal announcement of Johnson's intent came as a surprise to many of the oil men, but observers and some of the industry's leaders had expected the step; they had felt an agreement in the industry would be an impossibility.

What form the administration proposal would take was guarded as work progressed, but some understood that there probably would be provisions for pipe line regulation in accordance with authority given in the industrial recovery law for

'Shoe Pitching' Title of World At Stake Today

CHICAGO, July 27 (AP)—A record field, including five former titleholders, came to Soldier Field today to settle the world's horseshoe pitching championship of 1933.

Blair Nummacker of Cleveland, world champion for the past four years, was a big favorite to repeat in the pitching for fame and \$1,600 in gold but was promised plenty of competition from such stars as Jimmy Rick, Montpelier, Ind., holder of the American Association title; Frank Jackson of Kellerton, Iowa; Charles C. Davis of Kansas City; Burt Duryee, Ohio champion, and Fernando Isais, Mexican pitcher and California champ.

Women also were entered in a tournament with Mrs. Mayne Francisco of Columbus, Ohio, the defending champion. Mrs. C. A. Latham of Bloomington, Ill., and Mrs. George Brouillette of Minneapolis were regarded as her most dangerous rivals.

Sixteen Left In Western Amateur Golf Tournament

MEMPHIS, Tenn., July 27 (AP)—Sixteen rain-weary golfers were left today to continue the western amateur championship chase.

Gus Moreland of Dallas, defending champion, eased through his 18-hole first round match yesterday morning with a 4 to 3 victory over Sidney Salomon of St. Louis, but his second round engagement with Leland Mammam of Waco, Texas, was delayed by the rain.

The decision to postpone playing of second round matches was made yesterday afternoon. Later, officials decided not to order further play until this afternoon to allow time to condition greens made unplayable by the downpour.

Chief among first round eliminations were Johnny Lehman of Chicago, 1930 winner and the man who set a qualifying record a year ago; Billy Howell of Richmond, Emmet Spicer of Memphis, former southern champion, and Keefe Carter of Oklahoma City, 1925 titleholder.

Ten-Year Old Girl Passes Swim Tests

Emma Boone Todd, daughter of the Rev. and Mrs. James Todd, Jr., passed her beginner's and swimmer's tests at the municipal swimming pool with high honors Tuesday afternoon. Not yet 11 years old, she is the youngest person in the city to pass the tests, not having been able to swim when the pool was opened.

The youthful star is ready to take junior life saving tests, but cannot do so because of her age. She will, however, start on the work so that she will be ready when old enough.

The test for swimmer's honors is difficult and many who have been swimming for a long time have found it hard. The test opens by treading water for 30 seconds. Then it is necessary to float motionless, followed by a plain dive. The entrant must swim 100 yards, side stroke and one other standard stroke and then swim 50 feet on back moving legs only. The final test is to dive into six or eight feet of water and recover an object.

Fifteen young swimmers have passed the tests and others are ready. The tests are given by Harry Kelley, instructor, with judges present.

H. G. Ellis of Bartlesville was a Pampa visitor Tuesday.

Mrs. C. P. Buckler and daughters, Mrs. Tom Rose and daughter, Mrs. Clifford Braly and son, and Ray McNeil returned Tuesday morning from a vacation at Cloudcroft, N. M.

Miss Louise Feigenspan of Roxana was a Pampa visitor Tuesday.

The president to go into this subject. It was expected that the code would be designed to allocate production equitably between the oil states to meet the demand, without indicating what factors might be considered, and felt it would seek to insure adequate supplies for independent refineries.

Two distinct plans were presented to Johnson for the hearings, one written by a group that met recently in Chicago under the auspices of the American Petroleum Institute and the other proposed by a number of independent factions led by Jack Blalock of Marshall, Texas.

The Chicago code made no provision for pipe line regulation, and presented two proposed marketing rules on lease and agency, one prohibiting the system and the other permitting its continuation.

Class Has Sunrise Breakfast at Park After Bicycle Ride

A sunrise breakfast at Harvester park entertained members of the Fidelity Matrons class of First Baptist church early Tuesday morning. After most of the party had taken a bicycle ride, breakfast was prepared over a campfire. The menu included grapefruit, oranges, bacon and eggs, toast, doughnuts, and coffee.

Mrs. T. W. Tucker, teacher, is out of town on a visit, but the picnic was attended by Mesdames Virgil Hill, May Hunter, Joe F. Brown, Joe R. Foster, Anna Mae West, E. C. Hemphill, William Puckett, R. L. Edmonson, S. G. Cecil, C. L. Stevenson, H. C. Boyd, K. T. Mays, D. B. Jameson, J. A. Arwood, R. L. Moseley, Joe B. Brown, H. E. Crocker, P. Tomlinson, E. A. Davis, W. N. Moore, C. Brown, Robert Lee Banks. A number of children of the members were also present.

By the World FORGOT

Chapter 46
REAL NEWS

THERE was a sound at the back door, and Mrs. Drill hurried in. "Well, I never," she began. "You could have known I'd come down with a feather when Scarlett told me you'd come home. Well, I never."

"There wasn't time to let you know," George said; her spirits rose at sight of the woman's kindly face. "I've just made some tea if you'd like some, but there's no need for you to stay, I can see to myself."

"Tea's always welcome," Mrs. Drill said and fetched another cup. "Well, and what do you think of the news, Miss George?"

"You mean about the house?" "Yes, and about your uncle. I'll bet you was surprised."

"What about my uncle?" George asked blankly.

Mrs. Drill stared at her. "You don't mean that he hasn't told you?" she asked. "Well, I never. I should have thought it would have been the first thing he would have said, but perhaps he don't like to, him a gentleman born anyway as you might say."

"What are you talking about?" George asked impatiently. "He told me he was going to sell the house if he could, and that he was going to live at the Bear's Head. But if there's anything else—"

"Live at the Bear's Head is right enough," Mrs. Drill said with deep satisfaction. "Of course he's going to live at the Bear's Head seeing that he's going to marry Mrs. Spears."

"Marry Mrs. Spears?" George laughed. "I don't believe you," she said firmly. "I can't believe you." She amended her words. "Why, Mrs. Spears doesn't even like Uncle Edward."

"Ah, that's what she told you I expect," Mrs. Drill said knowingly. "But she don't tell everything to you or to anyone else. She's one of the deep ones. She's going to marry him alright, and a fine step up it is for her. They're going to be married next week in London. Everyone in the village knows about it, Miss George. Most of 'em think that your Ma knew, too, seeing that she took you away all in a hurry like. I couldn't believe my ears when I heard that you'd come home again."

Come home! George laughed, wondering if there was anyone in the world more homeless than she.

LATER on in the evening, having first made sure that her uncle was asleep in his study, George walked down to the Bear's Head. The village seemed silent and deserted, but as she walked she seemed to hear a slow, limping footstep behind her, and once she turned her head quickly, almost expecting to see Nicholas Boyd's tall figure outlined against the dark sky.

If only—if only! She hurried on, trying vainly to outstrip the longing which she knew must go with her to the end of her life. It seemed hard that she must be one of the faithful sort, she thought wistfully; other girls whom she had known in London laughed and talked about the number of their love affairs as if it was quite natural to have half a dozen.

The Bear's Head was gay with light, and the sound of the radio. George loved music, but tonight even the cheery lilt of a jazz tune deepened the ache in her heart.

George pushed open the glass-pannelled door which was proudly marked "Hotel Entrance" and came face to face with Mrs. Spears. For a moment they looked at one another silently, then Mrs. Spears said helplessly: "Well, I never. Come right in. I was just thinking about you."

"I only came back this afternoon," George said.

"So I hear," Mrs. Spears looked a little nervous, which must have been an unusual experience for her, as she led the way to her own private room.

"Take a seat," she said affably. "And tell me all the things you've been doing in London."

"There isn't much to tell," George said. "And I came to say to ask—" she bawled helplessly.

MRS. SPEARS rushed into the breach. "To ask if it's true that I'm going to marry your uncle. Well, yes, it is."

Contracts on 21 New Battleships Ready To Be Let

WASHINGTON, July 27. (AP)—Bids for contracts to build 21 new fighting ships were brought today to the navy.

Never before had offers on that many naval vessels been sought at the same time. Besides these, the navy was about ready to allot to its own yards 16 more.

Those for which the bids were called: Eight 1,850-ton destroyers, one 8-inch gun 10,000-ton cruiser, which cannot be laid down until January 1; two 20,000-ton aircraft carriers, one 6-inch gun 10,000-ton cruiser, seven 1,500-ton destroyers, two 1,400-ton submarines. To be built in navy yard are three 6-inch gun 10,000-ton cruisers, nine 1,500-ton destroyers, two 1,400-ton submarines and two 2,000-ton gunboats.

Already under construction are an aircraft carrier, six heavy cruisers, eight destroyers and two submarines. But naval experts figured that even the addition of all these would leave the United States far behind below allowed limits when the London treaty expires in 1935 than either Japan or Great Britain.

If bids are accepted, work is to start at one on the 21. But with President Roosevelt reported ready to promulgate an order limiting shipyard work hours to 32 a week,

E. H. McKinney of Lubbock is visiting friends here.

G. C. Rosenthal of Cisco was a Pampa visitor Tuesday.

Revisions in the contracts may be necessary.

Steve Banas, Notre Dame line cracker, is emulating Red Grange by carrying ice at Kankakee, Ill., this summer.

Miss Elmer Savage of LeFors spent yesterday with friends in the city.
