Bulldogs Lose To Denver City 12-0, Meet Seagraves

Tahoka Bulldogs go to Seagraves tonight, Friday, for a conference game at 8:30 o'clock with the Eagles.

As The News goes to press Thursday night, the "B" string is playing the strong Class B Ropesville team on the local field. Next week the "B" squad goes to Meadow, while the Bulldogs will tackle the Class AA Big Spring Steers in Big Spring. The Bull Pups, junior boys team, will play Lamesa Juniors here next Wednesday afternoon.

Coach Leo Jackson has made several shifts in the line-up in preparation for the Seagraves game. By comparative scores, Tahoka is said to have a little edge on the Eagles, but such comparisons often end up in disaster for a highly rated team.

Before the largest crowd of the season last Friday night, the Bulldogs lost to the speedy and alert Denver City Mustangs by a score of 12 to 0. The Bulldogs played a hard game, but a few fumbles and failure to capitalize on scoring chances left the home boys on the short end of the score.

Pvt. Carey Back From Italian Front

Mr. and Mrs. O. R. Carey and son Burl of the Gordon community in this county went down to the McCloskey Hospital in Temple last Friday to see their son, Pvt. William E. Carey, who had just arrived on Thursday from service in Italy, where he had been so badly wounded on August 18 that amputation of the left leg above the knee became necessary.

Pvt. Carey was with the 85th Division in the Fifth Army, and he and a buddy were in a foxhole near the Arno River when they were struck by shrapnel. One piece struck Pvt. Carey's knee, two others struck his left arm and one his shoulder. Still another pierced his helmet and left a bruise and abrasions on his head. One struck his wrist watch on the left wrist, severely indenting it, and stopping the hands at almost exactly 12:30. Mr. Carey brought the watch back with him when he returned home Monday and had it with him when he called at The News office Wednesday.

Pvt. Carey's buddy was killed. Carey's left leg was first placed in a cast, but three days later gangrene set in and the leg had to be amputated. When he was able to make the trip, he was sent back to the States, arriving at Charleston, S. C., on October 5th, and five days later he was sent to McCloskey at Temple. Mr. Carey was informed at Temple that his son might be able to come home by Christmas.

Pvt. Carey is only 19 years of age. He graduated at the Southland high school in the spring of 1943. Later he enlisted in the Army and had been in Italy just four months to a day when wounded.

Mr. Carey declared that it was pitiful to see so many young men so badly wounded and now being treated at McCloskey but that on the other hand it was thrilling to see how cheerfully they are bearing their afflictions. They are well cared for at McCloskey and they seem to be having a good time together there, he says.

Marvin Smith Home From The Aleutians

Marvin Smith, P 1/c in the U. S. Navy, is here on a 30-day leave visiting his parents, Mr. and Mrs. Frank Smith. Marvin just recently returned from the Aleutian Islands, where he had spent the past 18 months. Naturally, he would not say much about his experiences but we did learn that he helped to recapture Kiska from the Japs. After his visit here he will be stationed at Camp Parks, Calif.

Mrs. John Boyd left Monday to visit her husband's parents at El Campo.

Lynn County First In State USO Drive

Lynn county was the first county in Texas to raise its 1944 United Service Organizations quota. Wallace Kohler, county chairman, has been informed. The quota was \$5,412.00, and a total of \$6,350.70, or 177 percent, had been raised when the last tabulation was made.

Kohler states that persons not seen in the drive may yet contribute by leaving their checks at the First National Bank.

All above the quota will be applied on next year's quota.

"The boys are not laying down just because they are winning," Kohler said, "and we should not quit just because the goal has been reached."

Drilling Under Way On New Oil Test

Drilling is proceeding steadily on the new oil test well located about five miles west of Tahoka in the T-Bar pasture but The News was unable to get any line on the depth reached up to Thursday morning. This is the Feldman well with George Livermore as the contractor. The well was spudded in more than a week ago.

The derrick is up for the Edwards well to be drilled on the north line of the T-Bar pasture about half way between Dixie and Petty, but it will be a week or ten days before the driller will be ready to spud in.

The Bartley well on the Gray tract about ten miles east of Tahoka in the Garmola community is still drilling down in the neighborhood of 8,000 feet. Our information is that the company is making a real deep test of this well.

The Tunnell well six miles southeast of Tahoka was abandoned, temporarily at least, at a depth of about 6,700 feet.

B. L. Rudd Has Leg Amputated

B. L. Rudd of New Home underwent an operation in the Lubbock General Hospital on Thursday of last week whereby his right leg was amputated above the knee. The operation became necessary because of a diseased condition of the bones of his leg. He had been confined to his bed for two or three months.

Mr. Rudd has a wife and one child. They formerly lived out east of Tahoka.

Pictures Are Shown At Guard Meeting

An interesting program was presented at the Texas State Guard Co. F meeting Monday night when Capt. Chick Trout and Lt. Meyers of Lubbock presented three training films, one on the use of the compass, one on physical training, and one entitled "How To Get Killed."

A chili supper was served to the men.

VERNER SMITH'S UNCLE DIES AT SEAGRAVES

Mr. and Mrs. Verner Smith attended the funeral of his uncle, J. L. Smith, 83, at Seagraves Tuesday. The aged man died of heart trouble Sunday night. He had been residing with his daughters in Seagraves for a number of years.

Funeral services were conducted in the Baptist Church at Seagraves and the body was then shipped back to Clarksville, his former home, for burial.

Mr. and Mrs. H. L. Roddy, who had been friends of the deceased for many years, also attended the funeral services.

Congratulations—

Mr. and Mrs. Herschel Collins of 1602 Ave. K, Lubbock on birth of a daughter weighing 6 lbs., 14 ozs at West Texas Hospital. Mrs. Collins is the daughter of Mr. and Mrs. Henry Douthitt.

S/Sgt. Keith Connolly now is stationed at Sheppard Field.

WAR BONDS in Action

Action on Kwajalein in the Pacific. Back up these Americans by stepping up your payroll savings. Every dollar you save in Bonds now not only will speed the day when our boys take over Tokyo but also store up fighting power for you in any postwar emergency. Sign up today for an extra Bond.

U. S. Treasury Department

Sgt. Ray Grider Says Japs Tough

Sgt. Ray Grider, who has been fighting the Japs in the Southwest Pacific with the Fifth Cavalry and who has been recuperating from wounds the past few weeks, arrived home Wednesday of last week. He will report back to Harmon General Hospital November 1.

Sgt. Grider was wounded while in the Admiralty Islands. The Japs were bombing the Americans when something hit Sgt. Grider in the back injuring the vertebrae. As soon as he was able, he was brought back to San Francisco, and then to Harmon.

Grider has seen overseas service in Australia, New Guinea, and the Admiralty Island. He has been over there 19 months, 14 of which was in the combat area.

Ray was a machine gunner, and no doubt got his share of Japs. He says several times he was on the firing line 36 hours at a time.

The Jap is just as tough a fighter as he has been pictured, Ray says. The Jap soldier won't come and fight on even terms, but is the sneaking, hiding type of fighter that stops at nothing. But Ray says the American soldier has learned to out-smart the Nips. Incidentally, his company never took a prisoner.

He says in many cases no attempt is being made to conquer the Japs. As at Rabaul, many sections of Northwest New Guinea, and on many islands, the Japs are simply cut off from their supply routes and left to the ravages of the jungle diseases. He says no group of civilized men can live in that country long without medical care and disease preventatives.

He thinks General MacArthur is a great soldier, and is fighting a war with as little loss of life as possible.

REOPENS SHOP

Mrs. C. C. Ross, who returned last week from a two years stay in San Diego, Calif., has re-opened her beauty shop in her home here. While in California she was employed in the Rohr Aircraft plant. Mr. Ross, who was also engaged in war work out there, returned to Tahoka several weeks ago.

CPL. WARDLOW HOME

Cpl. Leonard Wardlow of the U. S. Marine Corps, who has been stationed in the Pacific for many months, arrived here Wednesday for a few days visit with Mr. and Mrs. Walter Mathis and others. Leonard is a graduate of the Tahoka schools.

A/C Calvin Edwards of the Army Air Corps arrived Monday from Santa Ana, Calif. After a two weeks visit with his wife and other relatives here, he will report to Luke Field, Phoenix, Ariz., for further training.

Clarence Williams of the Navy has been here this week visiting his wife, parents and other relatives. He now is stationed at San Diego, but expects to get overseas duty soon.

Buy WAR BONDS.

L. O. Mitchell Died On Sunday

Funeral services for Leland O. Mitchell, 51, a long-time citizen of Tahoka but a resident of Lubbock since last February, who died at his home in that city shortly before 5 o'clock last Sunday afternoon, were conducted in the First Methodist Church here at 10:00 o'clock Thursday morning with Rev. H. A. Nichols, the pastor, officiating. Burial in the Tahoka cemetery with Masonic honors followed.

Funeral services were delayed awaiting the arrival of the only son, Leland Mitchell Jr. in the U. S. Marine Corps stationed at Santa Barbara, Calif.

Mr. Mitchell suffered an attack of heart trouble in the telephone office here on October 18, 1943, and the condition of his health had been bad ever since. He spent some time in the Veterans Hospital in Amarillo. Unable to continue his

(Cont'd. on last page)

County Ginnings Near 20,000 Bales

The weather has been reasonably favorable for the gathering of the cotton crop the past ten days and the gins have been busy, some of them running almost all night long. Total number of bales ginned in Tahoka up to 9 o'clock Thursday morning, as reported to The News, was 4,077. With thirty gins in the county, it is estimated that the total number ginned in the county is close to 20,000.

Cotton seed at the Tahoka gins and presumably at the other gins in the county is now bringing \$60 per ton.

The weather has been generally clear and cool, the temperatures most mornings recently running down into the low forties.

Sgt. E. P. Weathers Gets Silver Star

Somewhere in the Southwest Pacific—Because he dashed forward to rescue a wounded comrade in the face of intense enemy fire over open ground, the Silver Star has been awarded by Presidential citation to Staff Sergeant Edward P. Weathers, son of Sam Weathers, Tahoka, and serving with a line regiment of the First Cavalry Division in the Admiralty Islands.

Sgt. Weathers was the ranking non-commissioned officer of a platoon which was effecting a flanking movement across an exposed air-strip on Manus Island, in the Admiralty Islands campaign. Coming under heavy enemy fire from concealed pillboxes, many of the men fell wounded.

As his presidential citation says, Sgt. Weathers, "with cool courage and complete disregard of the enemy, abandoned the temporary safety of a prone and concealed position to cross an open exposed area and brought a wounded comrade to safety. His gallantry in thus exposing himself to aid a comrade elicited the cheers of his men and inspired them to further efforts in a continuing aggressive advance."

Sgt. Weathers enlisted in the Army 10 years ago, took his basic training at Fort Bliss, and has been with the First Cavalry Division for eight years. Weathers, who came overseas in 1943, has a brother, John W. Weathers, who is stationed with an air control unit in New Guinea.

NEPHEW IS KILLED

Jim Banister received the sad information a few days ago that a nephew of his, a youth only 19 years of age, had been fatally wounded on the battle front in Germany on September 14 and died the following day. He was inducted into the service from Red River county about a year ago, was later sent across, and had been on the European continent only three months when mortally wounded. He had visited here one time a few years ago.

Hal Shannon Loses Foot, Eye In Battle

Hal D. Shannon, formerly of Draw, was seriously wounded in France in September, according to word received here this week by R. E. Willingham. He lost his right foot and his right eye in battle.

Hal is a brother of Mrs. Mart Willingham, who has lived near here for a number of years but who recently moved to Levelland. Hal lived here himself for several years and entered the Army from Lynn county.

A brother, Mark L. Shannon, was home a few months ago from the Southwest Pacific.

Plains Made For New Negro School

The Negro children of Tahoka are to have a new school building after all, if present plans of the school board are carried out.

On Tuesday night of last week, the board men and went over the financial condition of the district, and decided that sufficient funds were in sight to pay most of the cost of constructing a modest but adequate building for the Negroes. They accordingly decided to do so just as soon as official permission can be obtained and other preliminaries attended to.

The building will probably be constructed on the site of the present building but additional lots will probably be necessary.

The building is to be constructed of tile and lumber and neatly finished outside and inside. It is to be 20 by 40 feet in size with a view to cutting it into two rooms by a partition if and when that shall become necessary.

There are more than fifty Negro children within the scholastic age in the Tahoka Independent school district, and it is hoped that practically every one of them will take advantage of the opportunities that will be offered them when this school building shall have been constructed. If they feel that they must work during the busy fall season, their school term can doubtless be so arranged that each one of them may be given the benefit of nine months of schooling during the year, anyway.

Heretofore, not more than 25 or 30 children, it is said, have been in regular attendance at the Negro school, but it is hoped that more of them will attend as soon as better facilities are provided.

Famous Surgeon And Roy Adams Renew Old-Time Friendship

Dr. Joe R. Clemmons, now head of the Roosevelt Hospital in New York City and the surgeon who performed the operation on the Duchess of Windsor, is an old-time friend of Roy Adams. Lynn county ACA secretary.

Back before World War I, Roy and Joe Clemmons played baseball together. "Smoky Joe" Clemmons was a spit-ball pitcher from Greenville, then attending Simmons College, Abilene, and "Cheesy" Adams from Merkel was catcher. When the war came on, the two enlisted about the same time, went to France together, were in the same division, the 36th, the same company and quad, and slept in the same tent.

Roy lost track of his old buddy, but recently he had noticed the now-famous surgeon's name in the papers. Knowing that "Smoky Joe" was a pre-war student at Simmons, he wrote the New York doctor a few days ago, and this week he had a letter from him. Naturally, the two would like to get together some time to talk over old times.

Cpl. J. K. Woosley left Monday for Camp Polk, Louisiana, where he is stationed, after a few days visit here with his sister, Mrs. F. E. Calvery, and his two sisters at Brownfield, Mrs. Spencer Kendrick and Mrs. Daniel Davis.

Mr. and Mrs. H. L. Roddy and children visited Mrs. Mary Beth at Canyon over the week end. Miss Mary Beth is attending college there and is serving as part time secretary for the Baptist Church.

Chester Connolly .. Buried Saturday Died Thursday

One of the largest crowds ever seen at a funeral service in Tahoka gathered in the First Baptist Church at 3 o'clock Saturday afternoon to pay their respects to the memory of Judge Chester C. Connolly, whose death occurred at 8 o'clock on Thursday night, as mentioned in this paper last week.

Funeral services were conducted by Rev. Levi W. Price, pastor of the church, who offered the prayer and by Rev. Geo. A. Dale, former long-time pastor of the church and a special friend of the deceased, who delivered the funeral discourse, assisted by Rev. H. A. Nichols, pastor of the Methodist church, who gave the Scripture reading.

The body was laid to rest under the direction of the Harris Funeral Home, with Masonic honors. Pallbearers were: W. B. Slaton, A. M. Cade, J. K. Applewhite, Trustett Smith, Judge Tom Garrard, Judge T. W. Elliott, Calloway Huffaker, and B. W. Baker.

A wealth of flowers adorned the church and almost completely enveloped the casket, a mute but impressive tribute of friends to the life and character of the much beloved citizen and former county judge of Lynn county.

Chester Connolly was a native Texan, born near Whitney in Hill county on May 25, 1884. He was married to Miss Nannie Hudson in that county on October 17, 1909. To this union one child was born, Hazel, now Mrs. Clay Bennett. The family moved to Lynn county in 1919, and the wife died on the following February 20, 1920.

Upon moving to Tahoka, Mr. Connolly became financially inter-

(Cont'd. on page 3)

New Lynn Theatre Is Opening Today

The new Lynn Theatre, Tahoka's third movie house, named in honor of Lynn county, will open tonight, according to announcement of Ted E. Waggoner, local city manager for Wallace Theatres, owned and operated by Wallace Blankenship of Levelland.

The opening tonight at 7:30 at the Lynn Theatre will feature the popular star, Gene Autry, in "South of the Border." The picture will also show through Saturday. Then on Sunday and Monday the Lynn will show Armida, the Mexican film star, in "Machine Gun Man."

The Lynn recently has been remodeled from the screen to the front doors, with a new paint job, new screen, additional seats, new sound system, and the motion picture machines have been repaired by experts, all old carpets and drapes have been replaced with new ones.

The policy of the Lynn will consist of three pictures per week with changes on Sunday, Tuesday, and Friday. The theatre will open each day at 1:30 and the box office will close each night at 10:00, after which time the patron can see a complete show. The admission will be 12 cents for children and 30 cents for adults both matinee and night.

The other two theatres, the Rose and the Wallace, have also been thoroughly reconditioned during the past few weeks.

More CCC Granaries Are Available Here

The local ACA office has received 12 Commodity Credit Corporation grain bins of 3,000 bushel capacity to be sold to farmer producers who are interested in storing their grain on the farm. These bins are of unusually heavy construction, having walls made of 2x12 inch tongue and grooved, priced \$285.00. F. O. B. Tahoka. More are obtainable if desired.

We are still suggesting that farmers take advantage of the Commodity Credit grain loan, which is available to all 1944 producers. Robert R. Adams, secretary Lynn County ACA.

**BAPTIST BROTHERHOOD
REORGANIZED TUESDAY**

More than seventy men attended the joint meeting of the Men's Bible class and members of the dormant Baptist Brotherhood in the dining room of the Baptist Church here Tuesday night, when a feast of beefsteak, other edibles and coffee were served.

No formal program was given but several brief talks were made. A number of members of the Methodist Church together with their pastor, Rev. H. A. Nichols, and a few from other religious bodies were present; and Brother Nichols talked briefly about the spirit of brotherhood.

Rev. Levi W. Price stated briefly the purpose of the meeting and some of the goals aimed at. One of these was the eventual construction of an educational building on the church premises to provide more room for the Sunday school and other activities of the church. He stated that such a building could possibly be built for \$15,000 and that it was hoped that the money could be raised next year.

The Brotherhood was reorganized and new officers were elected: Vick Botkin, president; Frank Stuart, membership vice-president; Travis Hanes, program vice president; Claude Conway, activities vice-president; and Lonnie Howell, song leader.

The organization will meet each third Tuesday night in the month and it is hoped to have some outstanding man for an address at each meeting. Refreshments are to be served at all regular meetings.

**MRS. W. S. ANGLIN HOME
FROM WASHINGTON**

Mrs. W. S. Anglin returned last Friday from Zillah, Washington, where she spent several weeks visiting her sister, who lives there. She was accompanied out by her daughter, Miss Dama, but the latter returned home two or three weeks ago.

Zillah is situated in the south central portion of the state in the Yakima River valley, and Mrs. Anglin found it to be a very interesting country. It produces great quantities of vegetables of many kinds especially beans, and Mrs. Anglin had the new experience of seeing green beans threshed by machinery and made ready for canning. Several kinds of fruits are produced in great quantities also, and she brought home with her a box of choice Washington apples.

Every house, Mrs. Anglin says, from a one-room shack to a mansion, has its cellar, in which fruits and vegetables are stored for winter use.

**SGT. PRESTON PARHAM
IS NOW IN FRANCE**

Sgt. Preston Parham has arrived safely in France, according to word received by his wife, the former Wilella Moore of Wilson.

Sgt. Parham attended school at New Home, but his parents now live in Lubbock. He is with the 3492nd Ordnance Co. in France. His wife is with her parents, Mr. and Mrs. T. F. Moore of Wilson, route 1.

Mrs. Henry Douthitt was very sick for a few days but is reported now to be improving.

AT WALLACE PREVUE SATURDAY, SUNDAY AND MONDAY

Chester Morris and Pat O'Brien in a scene from "Secret Command," co-starring Carole Landis, with Ruth Warrick and Barton MacLane.

AT THE WALLACE THEATRE WEDNESDAY AND THURSDAY

Rosemary Lane and Johnny Downs in a comical scene from "Trocadero," with Ralph Morgan, Dick Purcell, Cliff Nazarro and four top bands.

**D. M. NIXON FAMILY HAS
REUNION IN ARIZONA**

The News has received an interesting letter from Mrs. D. M. Nixon, now of Glendale, Arizona, from which we quote below. The Nixons formerly lived in the Grassland community in this county.

To sons, D. M. Jr. (Button) and Jasper are in the Navy and had been home on a visit, but we'll let Mrs. Nixon tell about it.

"Will write and let all know that our two boys, D. M. (Button) and Jasper, had a 21-day leave and came home. They had never met since sailing. Jasper had been over seas 16 months and D. M. 14. One did not know the other was coming until they were in San Francisco. D. M.'s port was San Diego. He was on the first shift to get leave, so he went to San Francisco, where his wife was, and Jasper was at San Francisco. The first crew of his ship had left for home, and he was on the last to come, but they let him off a little early, and so the two boys were together for a few days."

Mrs. Nixon says that their oldest son, A. O., came from Oregon, and their daughter, Mrs. O. J. Welch, from Wheeler county, Texas. Jesse was on Defense work in Idaho and Bun in Washington state, and they could not come, but Jesse's wife was there.

Mrs. Nixon was expecting both her sons to be sent back overseas soon.

"We miss our friends in Lynn county," she says, "but like it here. The climate is fine now; fields green with vegetables, lots of feed, and everything pretty and green. You keep the paper coming for we enjoy it but miss the Grassland news pretty often. Best wishes to all our dear friends in Lynn county. Mrs. D. M. Nixon."

CARD OF THANKS

Joined by my husband and family, we wish to thank all our friends for the beautiful flowers and the "get-well" cards I received while I received while I was in the hospital. We sincerely thank you all—Mr. and Mrs. J. C. Lackey and family.

**McGLAUN'S COUSIN HOME
FROM GERMAN PRISON**

"A Friend" has sent to The News for publication a clipping from the Scurry County Times telling of the experiences of S/Sgt. Donald McGlaun of that city, who is a cousin of City Marshal A. F. McGlaun of Tahoka.

Sgt. McGlaun was a ball turret gunner on a Flying Fortress and, with his 97th Bomb Group, was on his 20th mission, over the Ploesti oil fields in Roumania, when shot down April 24. He parachuted from his plane and landed near a small school. "In a few minutes," it is related, "the children came out, and the teacher, who spoke fluent English, soon had him a good meal."

But he was taken to Budapest and there he was imprisoned. Later, when Roumania capitulated, Sgt. McGlaun and other Allied airmen were evacuated, by air, sometime during August 29 to September 1. He is now visiting his parents in Snyder and has friends in this county.

CELEBRATES BIRTHDAY

Misses Claudine, Allene, and Billie Williams, daughter of Mr. and Mrs. Frank Williams of Grassland, accompanied by their boy friends, were home the past weekend from Lubbock to celebrate Mr. Williams' birthday. Billie had just received her diploma from a business college on Friday, October 13. Other guests in the Williams' home were Mrs. Williams' nephew, Sgt. Jack Owens, and his buddy, Sgt. Lucky Butler of the Big Spring Army Air Field.—Contributed.

Mr. and Mrs. T. Cowan and children spent last Sunday in Snyder visiting her parents, Mr. and W. P. Inman, and a brother and two sisters.

BOB FISHER

**To All Ginners
and Farmers:**

American Gin and Compress equipment is designed for bales of about 500 pounds. The weight of the crop of American cotton bales averages only slightly in excess of 500 pounds, but individual bales vary in weight from 300 to more than 800 pounds. To eliminate the damage to cotton gin and cotton compress machinery the most desirable weight for a bale is from 450 to 550 pounds.

At this particular time, with the labor shortage and the extreme difficulties encountered in repairing or replacing broken or damaged machinery, the cotton warehouses and cotton compresses cannot accept cotton weighing over 600 pounds.

This concern will make every effort to handle the crop of normal sized bales, but due to the large increase in the number of bales of 600 pounds and over we are compelled to make this ruling in order to handle the cotton at all.

We respectfully request your cooperation.

Sgt. Calvin Garvin Ropes, Rides Cow For Boys In France

A Ninth Air Force Service Command Unit, France.—The last time he roped and rode cattle was in rodeos 10 years ago but Sgt. Calvin C. Garvin, 33, Tahoka, showed his buddies in France that he hasn't lost the knack.

Many of the men serving with Garvin in a Quartermaster Truck Company with the Ninth Air Force Service Command said they had never seen a rodeo, so when a stray young cow wandered through the camp area, Garvin caught her with a lariat and rode about 100 yards.

"She was the most surprised cow I ever saw," he said.

Garvin was born in Lueders and lived there for 20 years. He worked as a ranch hand and foreman until 1933, when he became a salesman for the Continental Oil company. After induction Feb. 4, 1942, he was assigned to Lubbock Army Air Base until transfer to overseas duty in May, 1944. His present assignment is as cook in a truck company which hauls bombs, aviation gas and other supplies for the fighter and bomber planes of the Ninth Air Force in France.

"Our trucks are working around the clock," Calvin says, "so the mess hall is ready to feed the drivers any time night or day."

Garvin's wife, Mrs. Meady D. Garvin, lives in Tahoka. His mother, Mrs. Minnie E. Childers, lives in Albany.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ-laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time-tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Football . . .

(Cont'd from page 1)

The first quarter neither team could get an offensive going. As the quarter ended Tahoka was forced to punt from deep in its own territory. Then, on the first play of the second quarter, Tate, Denver City fullback, threw a 35 yard pass to Terrell, end, who raced over the goal line. A few minutes later Denver City recovered a Tahoka fumble on the Tahoka 16 yard line, and on an end around play, Groom went over for another touchdown. Neither extra point was good.

The Bulldogs came back strong in the second half. LaVaughn Caraway picked up the kickoff on his own 3, and ran to the Denver City 8 yard line. But, the Bulldogs were held for downs right there. A short time later, the Bulldogs staged a drive of consistent gains that carried the Denver City 3-yd. line, where it again went over.

Tahoka made 6 first downs to Denver City's 3, and led in yardage from running plays 115 yards to 88. Tahoka completed two passes for 28 yards, 8 were incomplete, and two were intercepted. Denver City threw 4 passes for a total of 84 yards. Tahoka's seven punts averaged 28 yards. Denver City's nine averaged 34 yards. While Denver City only fumbled once, Tahoka had seven fumbles, and failed to recover two.

Wednesday afternoon, the Pups played an 0-0 tie with the Lubbock Junior High Cowboys.

Last Thursday night at Big Spring, the "B" squad lost to a team they had previously beaten 13-6, by a score of 19 to 25.

NEW LYNN THEATRE WILL SHOW ONE PICTURE EACH WEEK FOR MEXICANS

When asked the type of patronage for the new Lynn Theatre, Ted Waggoner, city manager, announced that it was just another picture show for people of Lynn county.

However, in answer to the requests of Mexicans in the county for the fall, Waggoner says he will show a Mexican picture each Tuesday, Wednesday, and Thursday in the Lynn. Booking arrangements have been made with three Mexican film exchanges to furnish the best Mexican productions.

Connolly

(Cont'd from page 1)

ested in the Ford agency here, and a little later acquired the interest of his partner and continued as the sole agent until 1933, when he gave up the Ford agency and accepted the Chevrolet agency. He continued in this position until 1938, when he sold the agency to H. A. Raborn.

During these business adventures, Mr. Connolly and his sub-agents sold nearly all the Ford and Chevrolet cars respectively that were sold in Lynn county; and he gained a wide acquaintance and a host of friends during those years.

On December 18, 1926, Mr. Connolly was married to Miss Jewell Sherrod of this city, and one child was born of this marriage, Geraldine, who is now a high school student here.

In 1940, at the solicitation of many friends, Mr. Connolly became a candidate for county judge and was elected by an overwhelming majority. He was re-elected in 1942, and was serving the second year of his second term when his health became so bad that under the advice of physicians and friends he resigned his position last March. Having already announced as a candidate for re-election, without an opponent, he withdrew his candidacy also, and since that time he has been confined to his bed or to his room nearly all of the time. Occasionally he would have his wife or some friend to drive him down town in order that he might mingle for a little while with his friends, but on almost every such occasion he was forced to return to his home.

Although Judge Connolly had business dealings with thousands of men, both in business life and in an official character, if he ever made an enemy nobody here knows who he is.

Mr. Connolly was converted and united with the Baptist Church at Whitney about the year 1916, and while he never united with the church here after removing to Tahoka, he contributed to the church at frequent intervals and assisted in its work in other ways. More than once he expressed his readiness to die, though he regretted exceedingly that he had to leave his family and also to leave some of his official duties unfinished. But, in life, he served his fellow man, and in death he left to his friends and his loved ones the rich heritage of many a faithful service well performed and many a kindly deed cheerfully done.

Survivors include the wife, Mrs. Jewell Sherrod Connolly, and two daughters, Mrs. Hazel (Clay) Bennett and Geraldine Connolly; one grand-daughter, Joann Bennett, four brothers, W. C. Connolly of Whitney, Clyde Connolly of Roff, Okla., James and Jeff Connolly of Whitney; together with many other relatives. One brother, Joe Connolly of Whitney, died exactly one year to the day, prior to Judge Connolly's death, and of the same disease, heart trouble accompanied by high blood pressure.

All of the above were here for the funeral with the exception of Clyde Connolly, who visited his brother here the first of last week but had to return to his home Tuesday. Other relatives here for the funeral included Ben Franks, a brother-in-law, Mrs. Joe Connolly and Miss Sac Hudson, sisters-in-law; J. W. Scott and Troy Connolly, nephews; Mrs. Jimmy Epps, niece, all of Whitney; Ellis Paulkner, nephew, Canyon; Sgt. Keith Connolly, nephew, El Paso; and Mrs. Leon Manire, niece, Roswell, N. M. Mrs. Connolly's relatives present included: Mr. and Mrs. Joe Sherrod, Mr. and Mrs. C. Sherrod and Carol Ann, Mr. and Mrs. B. Sherrod, and Mr. and Mrs. Guy Sherrod, all of Lubbock; Mr. and Mrs. John Sherrod of Acuff, Mr. and Mrs. Fred McArthur and daughter of Lorenzo, Mr. and Mrs. Charlie Sherrod of Canyon, Mr. and Mrs. Wilburn Pierce of Robertson, Mr. and Mrs. J. M. Parker of Sundown, Mr. and Mrs. Sam Sanders of Lufkin, Mrs. O. P. Pierce of Del Rio, Mr. and Mrs. Fred Barker of Midland, Friends here included: Will Cross, Mr. and Mrs. George Knight, Mrs. W. G. Tarrance, Mrs. Clifford Dixon, Mrs. Carl Owens, Mrs. Leona Knight, and Rev. and Mrs. Geo. A. Dale, all of Lubbock; and Mr. and Mrs. W. B. Tudor, Brownfield.

FAIRLAND RECITAL

Tuesday, Oct. 24, 8 p. m. in the high school auditorium, pupils of Mrs. Rafe Richardson and LaVoye will present a program of dances, songs, music and readings. This will be their first appearance this year, and everyone is invited to be present.

Harley Sadler Show Coming October 30

Harley Sadler, West Texas showman, will appear in person with his own company in Tahoka for three nights starting Monday, Oct. 30. Mr. Sadler will be seen in one of his favorite roles, Toby, the red-headed boy, in his opening play, "Toby Goes to Washington."

The huge tent theatre will be erected one block east of the court house square. The Sadler show is being brought to Tahoka under the sponsorship of the local Legion post.

PVT MAURICE L. SMITH WRITES FROM ENGLAND

Mr. and Mrs. Lynn Smith have been receiving some interesting letters from their son, Pvt. Maurice L. Smith, who has been stationed in England but may now be somewhere over on the continent.

Pvt. Smith writes that England is the most beautiful country he has ever seen, but he still longs for some of these old 40-pound Lynn county watermelons that his dad raises. Still, he had been getting some good "cats" over there.

In his last letter he tried to tell about some splendid old cities and particularly some historic old buildings he had recently seen but the censor cut out all names and played havoc with his story. Notwithstanding all the interesting sights he had seen he says that those countries over there are from 50 to 75 years behind our time.

Some time when he writes an interesting letter that the censor does not cut up, we shall be glad to publish it, or to quote from it more freely.

MISS SHEPHERD HONORED

Miss Beth Shepherd, daughter of Mr. and Mrs. A. L. Shepherd of Grassland, was selected for membership in the honor society, Alpha Chi, of McMurry College. She was also chosen vice-president of Alpha Chi.

She has also been selected for mention in "Who's Who in American Colleges." Students selected are for outstanding merit shown in their school work.

Miss Shepherd is classified as a junior and is very active in student affairs. She is a member of Gamma Sigma social sorority and sings with the McMurry Chanters.

Before entering college, Miss Shepherd attended Tahoka High School, where she was active in literary and sport events.

Mr. and Mrs. A. B. (Buck) Swan and son of Albuquerque, New Mexico, left Tuesday after a visit of several days with Mrs. Swan's brother, Condy Carmack, and other relatives and friends.

Mrs. Everton Nevill is here from Amarillo to spend a few weeks with her husband's parents, Mr. and Mrs. J. L. Nevill.

Mr. and Mrs. F. O. Greathouse of Cross Plains have been here the past week visiting Mrs. Frank Greathouse and children.

GRAY HAIR?

Get Grayvita Vitamins. Yes, people the nation over have reported GRAYVITA Vitamins WORK, and that their gray hair is returning to its natural color. GRAYVITA Vitamins contain the same amount of "anti gray hair vitamin" (Vitamin B12) as tested by a leading housekeeping magazine. Of those tested, 88% had return of hair color. GRAYVITA Vitamins are non-fatening, can't harm your permanent 30 day supply \$1.50, 100 days \$4.00. Please

NOTICE TO THE PUBLIC:
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

General election day is not far away, the day when Presidential electors, and state, district, and county officials will be elected. All persons within the voting age and who are otherwise qualified may vote in this election regardless of race or color. Nobody questions the right of Negroes who possess the necessary qualifications and a poll tax receipt where one is required to vote in this election. For their benefit, we will state that all Negroes, male and female, between the ages of 21 and 60 who have paid their poll tax, may vote at this election. We believe that we can give them the further assurance that if they desire to vote they will not be molested or interfered with in any manner at the polling places or in going to or away from the same. The elections held in the summer were merely Democratic party primary elections, and the rules and regulations of the party which barred them from voting in the primaries do not apply at all to the general election. If legally qualified, they may vote in the coming general election without let or hindrance on the part of anybody. The News believes that hereafter Negroes subject to the payment of a poll tax should pay it and qualify themselves to vote in the general election whether they are permitted to vote in the party primaries or not.

AMERICAN HEROES

BY LEFF

The Navy plane plunged into the Pacific a mile off Guadalcanal's shark-infested shores. T/Sgt. Julius Mayer was on shore patrol with a fellow-soldier. Launching a 2-man rubber raft, they reached the Navy fliers, placed them safely aboard and propelled them to shore. Buy War Bonds for the safety of our men.

U. S. Treasury Department

The President of the United States is the Commander-in-Chief of our Army and our Navy. The winning of the war is the chief business of this nation at the present time. We do not believe that it would be wise to repudiate the Commander-in-Chief and elect a few and inexperienced men to take his place just as we are about to win the war. We believe that the man who has been at the helm during the entire conflict and is more familiar with all the details and all the momentous events which have occurred during the course of the war than any other man in our country should be at the helm until the war is finished and the peace terms written. While we do not believe that peace terms born of hatred or of a vengeful spirit should be imposed upon the German people, we do believe that such terms should be imposed and enforced as will make it impossible for them to arm themselves for another conflict within the next several generations such as the last two conflicts which they started have been. We need no isolationists and no appeasers at the peace table; and the Republican party is shot through and through with both of these classes.

Lynn Smith brought in a copy of The Rising Star Record one day last week containing a copy of a letter written by a soldier in a hospital in Italy who formerly resided at Rising Star, which we should like to publish if we were not facing grave mechanical and labor problems here in the News office, for it sets forth in terse and vivid fashion his appreciation of the "way of life" here in Texas. The writer had been in France, where he contracted malaria, but he liked France. It is "a much nicer place than Italy," he wrote. "More friendly people, cleaner atmosphere, and just a better place to be."

CARD OF THANKS

We wish to express our heartfelt appreciation for every kind word, every expression and the countless deeds and beautiful flowers shown and given us during the illness and death of our loved one. We are grateful from the depth of our hearts for each dish and effort extended to us. We especially appreciate Mr. and Mrs. Harris and Dr. Sinclair. We pray God's blessings on each of you.—Mrs. Jewell Connolly and Geraldine, Mr. and Mrs. Clay Bennett and Jo Anne, Carl, Jeff, W. C., and James Connolly, Mrs. Ben Franks.

Wilson News

(By Mrs. Ira Clary)

Mr. and Mrs. H. W. Seals were called to Coleman Sunday on account of the illness of Mrs. Seals' mother, who had suffered a stroke. Mrs. Gene Dickerson and children and Mrs. Roy Robison and children visited in New Home Sunday.

Mr. and Mrs. M. L. Murry and daughter Juanita of Slaton visited the Hancock and Williamsons here Sunday.

A wedding shower was given Mr. and Mrs. Gilbert Kaatz Sunday night in the home of Mrs. Will Bruckner. They received many useful gifts.

A barbecue was given in the home of Charlie Siewert on Sunday night in honor of their son Richard who is home on furlough. A large crowd was present.

Mr. and Mrs. Ralph Milliken and daughter Peggy Jean were here this week visiting Mrs. Milliken's parents, Mr. and Mrs. H. R. Williamson.

Byron Talkmitt had the misfortune of getting all four fingers of the left hand cut off in a gin here on Thursday night of last week.

The Wilson boys played the Southland boys last Friday, the Southland boys winning.

S/Sgt. D. White of the 15th Air Force visited his sister, Mrs. W. T. Baxley, here Saturday.

Mrs. Abe Moore's daughter, Opal, and family of New Home visited here this week.

Mrs. H. R. Williamson is still on the sick list.

Mr. and Mrs. Frank Smith were visiting in Lubbock Sunday.

A large crowd attended the barbecue at the W. O. Kieschnick home last Monday night.

Mr. and Mrs. R. A. Kahlich and Roy Lynn visited in Slaton Sunday with their daughter and family, Mr. and Mrs. Kittens.

Miss Reba Patterson visited in New Home Sunday.

Pvt. Frank Snodgrass is home on furlough visiting his folks, Mrs. Effie Snodgrass and family.

Mrs. J. C. Lackey was brought home Sunday from the West Texas Hospital, where she had undergone a major operation on October 4. She is said to be improving nicely and it is hoped that she will be up and about again in a very few weeks.

Mr. W. A. Reddell's mother, Mrs. Smith of Idalou, has been seriously sick at the Reddell home here.

CITATION BY PUBLICATION

The State of Texas.
To Lettie Mae Wardlow, Greeting:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation the same being Monday, the 27th day of November, A. D., 1944, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas. Said plaintiff's petition was filed on the 7th day of Oct., 1944. The file number of said suit being No. 1585. The names of the parties in said suit are: Marvin Wesley Wardlow as Plaintiff, and Lettie Mae Wardlow as Defendant.

The nature of said suit being substantially as follows, to wit: Being a suit for divorce alleging that plaintiff and defendant were legally and duly married on or about September 7, 1934, and continued to live together as husband and wife until on or about September 1, 1936, since which said date plaintiff and defendant have not cohabitated as husband and wife, and alleging further that there have not been any children born of said marital relation and that there is no community property to be divided between plaintiff and defendant. Plaintiff prays for decree of divorce, for other and further relief, special and general, etc.

Issued this 11th day of October, 1944.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this 11th day of October, A. D., 1944.

(SEAL)
Hattie Server, Clerk of District Court, Lynn County, Texas. 10-4tc

Mrs. Annie Childs Collins of Timpon, down in southeast Texas, was here a short time Monday visiting friends after having been called to Levelland by the serious illness of a sister, Mrs. Collins, then Mrs. Childs, lived in this county for a number of years, and when she left she ordered The News sent to her address, and she has kept it going ever since.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.
CARDUI
SEE LABEL DIRECTIONS

Driving that's easy on passengers and cars is one far-reaching good outcome of War!

Handling the wheel and pedals like a professional became a wartime necessity. It favored the car—and quit scaring the rear-seat riders. Now it's a great point of pride. Yet an even more envied proof of fine car-sense is to own an engine that isn't showing its age. That demands sparing your engine from acids; from fiercely corrosive acids inside. You can do it by having your engine OIL-PLATED. All you need is a change to Conoco Nth motor oil... oil that OIL-PLATES.

In the extra-limited seasonal driving that's now the rule, your engine "hoards", a surplus of acids. Every explosion adds to these acids. You don't drive enough for engine heat to eject them safely. But they won't go biting right through OIL-PLATING! This highly corrosion-resistant surfacing is attached all over your engine's fine inner finish as if by magnetism—an effect you must credit to costly pioneer research, responsible for the special ingredient in popular-priced Conoco Nth oil, patented.

You can't apply keener intelligence to the car that must last you, than to equip it with an OIL-PLATED engine—simply by changing to Conoco Nth oil for Winter. Your Mileage Merchant's Conoco station knows your correct grade. Go now. Continental Oil Co.

Cpl. Buster Driver Writes From Italy

Mr. and Mrs. Boyd Driver received a letter recently from their son, Cpl. Boyd R. (Buster) Driver, written from some place in Italy, which is both interesting and informative, and we are publishing most of it for the benefit and entertainment of his many friends in this county.

Dear Mother and Daddy: I wonder how you are tonight. I'd like to have a letter from you. We've only got mail once.

I've got a little more to talk about tonight. I think, to begin with, I've got my first mission over with. . . . We have our own ship now. Mother, I'm putting your name right below my window, too.

Let me tell you, everything you read about those Germans is the truth. I saw them myself digging dead people from a bomb crater where they had been shot and buried. I could see feet, legs, arms, and parts of bodies sticking out of the ground where the men were digging. They were scalping the bodies to look for head wounds be-

cause some of the people, who were both men and women—and we heard that a couple kids had been dug up—were only wounded and were buried alive. It was pretty bad, but it all oughta' be over soon.

Golly! I just had a coke, the second I've had since I've been over here. Say, you better buy up a small herd of Jersey milk cows, because I'm sure gonna drink lots of milk when I get back. I haven't had a taste of fresh milk since I stepped on the boat.

You've heard about Pompeii, haven't you? The old Roman city that was buried by an erupting volcano in 69 B. C.? They've dug most of it out now. I visited the place since I came over here. It's really something to see too. It's amazing to see how intelligent they were that long ago. In my opinion they were smarter than the Italians are now.

They had lots and lots of beautiful paintings that weren't hurt so much. They were painted on the wall. There were lots of vulgar pictures, too.

We could see the chariot paths in the narrow streets where they had worn down about knee deep.

The most amazing thing though was the running water and the drainage. They had lead flattened out and rolled up like pipes and they piped water all over the city. It was an awful large city too. We were only in there a couple hours and we didn't cover hardly any of it. We did explore around without a guide and go through a lot of tunnels and all different shapes and sizes of rooms. We found a large room where they had stacked part of the bones of the people. It was covered with skulls and bones were stacked all the way up the wall. It was really a sight-seeing trip. Just think! That happened 1014 years ago. It's remarkable now the buildings and different structures were preserved under the ashes of the volcano for so long. I saw the volcano that did it too. It erupted last April, the very day they landed at Naples. The name of it is Mount Vesuvius (Greek to you, huh?) It's right in the outskirts of Naples.

Naples was sure bombed and mined a lot and nearly all the trains they had were destroyed, all except the very oldest. I rode in some of the first box cars ever built in this country. One of the cars I rode in was a captured German car. It was old, too.

In Caserta, Italy, we saw one of the king's palaces. It's a monstrous modern building and the yards were three miles long. At one time it was really beautiful, too. They had two swimming pools a quarter of a mile long on them and more sculptured statues than we could count. They had a beautiful hand-made waterfall too. The Americans have the swimming pool and palace and the Allies use them.

The Red Cross is doing a swell job in Italy. They've had a place in every place I've been in for soldiers to do everything they could do at home in U.S.O.'s, and it's the only place you can eat when you go to town—but that's just cookies, coffee, lemonade, and sometimes ice cream.

I wish you could see these Italian towns, all of them built on top of mountains or hills. They're built in a circle and have wall-like buildings surrounding them. They were built centuries ago and were built for defense.

In case you're interested, the name of our squadron is the "Liberators." It's the best squadron too. (Naturally, Ha!)

Well, guess it's about all for tonight. Goodnight, and remember I love you both a heck of a lot and lots and lots more. Bye now. With all my love, Buster.

With all my love, Buster.

METHODIST CHURCH

Sunday afternoon at 3 o'clock, Dr. L. N. Lipscomb, District Superintendent of the Lubbock district, will hold the fourth and last Quarterly Conference of this year. That will be the time for the election of stewards, trustees, and the general and divisional superintendents of the Church School. And, too, reports from the WSCS, trustees, stewards and the Church School superintendents will be heard. The pastor will give a general report of the year's work. You, as members and friends, are urged to be present.

The pastor is preaching a series of sermons on the subject, "Is The Church Necessary in Our Country?" Would you be willing for the churches of this community to close their doors and go out of business? Would you want to rear your family here without the influence of the church? Had you rather your children run wild on Sundays than be in the Sunday school and church services? If not, what is your attitude? Do you uphold the church by your prayers, your presence, your gifts, and your service? This is a personal and a direct question to each and all.

A hearty welcome awaits all who will worship with us at all services Sunday.

WAYLAND VOLUNTEER BAND WILL BE AT REDWINE

The Volunteer Mission Band of Wayland College will render a program at the Redwine Baptist church Saturday night and have charge of the services there Sunday morning and Sunday night at the regular preaching hours, according to announcement made by Rev. L. B. Edwards, the pastor.

Beginning at 7 o'clock, there will be a Fellowship hour and sandwich supper, followed by services, Saturday night. The Band will also conduct the services Sunday in their own way.

A special offering will be taken Sunday morning, according to the pastor, which will go into the fund for the endowment of Wayland College.

He urges every member of the church to be present and help to welcome the visitors, and the general public is given a cordial invitation to attend all these services.

CARD OF THANKS

We wish to express our sincere appreciation to our many friends who were so kind and sympathetic to us during the greatest sorrow we have ever known. We shall always feel very grateful to those who came to our home and to those who sent kind messages and flowers. May Heaven spare you all from a like experience.—Mr. and Mrs. Henry Maasen and Joycelyn.

Mrs. Eural Lee was here, over the week end from Wichita Falls, where she now resides, visiting Mr. and Mrs. R. E. Lee and also her grandparents, Mr. and Mrs. J. J. Gray.

Mrs. Josie Scott, who now resides in Los Angeles, is here this week visiting her sister, Mrs. R. C. Forrester.

C. F. O'DONNELL, PRESIDENT

HOME OFFICE • DALLAS

Lynn county farmers are making a real dent in the spread of Johnson grass and in doing so are contributing to the future economic welfare and productivity of the land. One has only to drive through much of central Texas and other areas of down-state land to be brought to a full realization of the menace which the spread of Johnson grass constitutes to this area. Agricultural statistics bear out the striking facts that in many present day infested areas, the productivity of the land has been reduced enormously. One such county formerly produced 60,000 bales of cotton which is approximately the amount this county produced last year. Last year that county produced only about 12,000 bales of cotton because Johnson grass had been allowed to take over the fields. Land values in that county have dropped 50-75%.

Therefore, Lynn County farmers have good reasons for being alarmed over the spread of Johnson grass. Good farmers all over the county, whether they own or rent their land, are continually at the job of eradicating Johnson grass from their fields and surrounding bar-ditches. Many are using rigs such as shown in the large picture—placing a large barrel on a platform rigged up on the tool bar and using a pressure pump and rubber hose, spraying the Johnson grass regularly as it gets

up, burning it back to the ground (by burning is meant the chemical action rather than flame), thus keeping it from seeding and gradually killing out the roots by exhausting them through growth.

For killing out small spots here and there, some as Lynn County farmers are using hand sprayers—common garden sprayers—such as pictured here. The farmer is C. D. Loven who operates the R. C. Woods farm. Mr. Woods was also plowing up spots of crop throughout his field where Johnson grass had come up, stating and wisely so, that he preferred to lose a little of his crop this year rather than lose entire fields by letting the Johnson grass spread. His plans called for cultivating these spots regularly, exposing the roots to the heat thereby killing them out. Kerosene spray is used in smaller spots.

R. W. Cook, a Lynn county farmer in the north eastern section of the county is using a rig on his tractor such as pictured in the large picture. Cook is using tractor fuel instead of kerosene. The experience of most farmers has been that tractor fuel, gets a quicker reaction on the plant. J. B. Edwards of the New Home community reports to the county agent that he sprayed Johnson grass in bar-ditches along his fields one day and that by the same time next day the plant was so dry that it really caught fire and burned course it should be remembered when he struck a match to it. Of that new plant will come up from the roots until they are exhausted. Spraying only kills off the above ground portion of the plant, but continuous effort by this means will kill out the menace.

Undoubtedly the most economical and practical method of killing out Johnson grass is by cultural means keeping the roots plowed and expose to the hot sun. August is probably the best month in which to do this, and many cooperative Lynn county farmers practiced such methods during the summer. In crop areas where we can't plow out these roots during crop season, sprays such as tractor fuel, distillate, and kerosene can be used to keep the plants down. Atlatide, now practically unobtainable, shows promise, salt and gin ashes, used properly, are effective in killing Johnson grass, but temporarily damage land.

Another of the pictures shows Cecil Curry using the mobile sprayer the Currys have rigged up. A compressor is used to spray. This device enables one to cover considerable territory much faster than other spraying methods illustrated here.

County Judge Tom Garrard and County Agent Stone are pictured observing a mower in use on Tom grass down. Garrard farm keeping Johnson These are just a few of many typical cases of the fight being staged on Lynn county farms against the spread of Johnson grass. The majority of farmers are behind

the program, but unfortunately there are those who are not active in the program and their negligence counteracts the efficiency of the efforts of the majority to some extent. The spread is by many means. Many farmers have experienced planting seed which contained some Johnson grass seed. Combines moving from one area and one field to another spread the menace. Seeds are blown, carried by livestock, and by dozens of other means. It is likely that we could never completely eliminate Johnson grass, but we can reduce it by 90% and prevent further spread. If every Lynn county farmer would keep every blade of Johnson grass on and around his premises down below six inches in height for a 12 month period, 90% of the infestation in Lynn county would be killed out in one year. Then it would be a matter of continually keeping the other down which comes up from new seeds and isolated spots each year. A farmer who works consistently at the job at regular intervals for six months and then in a rush season relaxes his efforts for a 45-60 day period will likely lose all that he has gained.

Our land in West Texas and Lynn county has a high value now. If we allow Johnson grass to continue spreading, we will shortly find ourselves in the Johnson grass hay market for either our land or the hay. The Johnson grass eradication program is a long-time program and the cooperation of every farmer is urged. Encourage your neighbor to cooperate with you in eliminating Johnson grass.

Any information needed in regard to this program can be obtained in the County Agent's office, and your County Agent is always glad to discuss the problem with any and all interested farmers.

SGT. EURAL LEE IN FRANCE

Flem Hall, Fort Worth Star-Telegram correspondent in France with the American Army, recently mentioned a Tahoka boy, Sgt. Eural Lee, son of Mr. and Mrs. R. E. Lee, in one of his articles.

He tells about how Lee's outfit got ahead of the advance when the Allies overran France, and found itself being welcomed into a French town. "We were a little embarrassed," Lee said, "but they twisted our arm, so we accepted." Wine, food and various forms of adulation were the reward.

SCHOOL SPIRIT

Have you ever stopped to think just what school spirit is? It is the attitude that you have toward your school, the activities in which you participate. Think of all the good times that your school offers. There are the football games, the pep rallies, and the school socials. School is not all books and exams, but it is the happiest part of your life if you will take part in what is offered to you. There are the football games that so many students never think about. And there are some students who go to the pep rallies like they were going to a funeral. Remember, the students make the school, so wake up and live—this will not last forever. Take active part in your school activities, make them happy ones that will be remembered while you still have a chance.

SENIOR CLASS NEWS

The Seniors have elected their representatives to the Student Council. They are Claude Donaldson and Virginia Jones.

The class is well organized and is improving in Parliamentary procedure very much since he Speech class gave their program on the subject on Wednesday.

Bulldogs Lose To Denver City

Friday night, in the second conference game of the season, the Bulldogs were defeated by the hard tackling Denver City Mustangs. Due to clumsy handling of the ball and shuffling of the backfield, the Bulldogs didn't click as expected. "Seabiscuit" Caraway, fullback for the Bulldogs, took the ball for an 80-yard sprint that followed beautiful blocking and looked like a sure score but was stopped from behind on the 4 yard line by a low-flying Mustang. The Bulldog steamroller was held for downs, and when the Denver City boys took over they kicked and placed the ball well into the middle of the field. Twice more, the Bulldogs penetrated the 20-yard line and threatened to score.

The Denver City team sported excellent tackling and passing, plus good team work. The final score was 12-0 in favor of Denver City.

Thursday night the "B" team went to Big Spring to play the Big Spring Yearlings. The boys came back with the little end of a 19-25 score. Clois Leverett, wingback, scored three times, while Dan Brookshire made one extra point.

JUNIOR CLASS NEWS

The Junior class met Oct. 9 to issue advance tickets for the Denver City game. In our citizenship program Wednesday, the class carried out the theme of war. The program was enjoyed by all. Then Oct. 12 the class held a meeting to allow the students to turn in ticket money and unsold tickets. The Juniors worked hard on this sale, because the class that sells the most tickets wins 1,000 votes on their queen contest. The class has a great opportunity to win the queen contest this year.

The president appointed an assembly program committee, and also a song committee. The song committee is composing a class song and reports some good suggestions for a song, however they have not completed their plans.

ASSEMBLY PROGRAM

The assembly program Tuesday, Oct. 12, was a sing-song, led by Mr. Montgomery, with Miss Frazier at the piano.

Songs sung included the "rounds" Three Blind Mice, Row, Row Your Boat, and A. You Sleeping Brother John? Then we all sang together these: Dinah, Put Your Arms Around Me, Goodnight Sweetheart, The Dark Town Strutter's Ball, My Blue Heaven, It Had To Be You, Oh What a Beautiful Morning, and When the Lights Go On Again. Our closing song was America.

Lewis Allen Botkin gave a piano solo. Everyone enjoyed every song sung.

Pfc. Alvis Mensch and wife of Carlsbad, New Mexico, was here three days last week visiting his parents, Mr. and Mrs. S. A. Mensch of Draw.

KIDDIES' KORNER

Dear Fans, if any:

This week we are dedicating this little "strip of joy" to the Junior fair-sex of THS. As a warning, we are introducing a few of these ladies to you boys, beware!

First, we present Glenda Spencer, a lover of high school. "I just adore high school because the kids are so friendly." Her outdoor sports include swimming and baseball. She likes fried chicken and ice cream. Glenda collects lapel pins for a hobby.

Jeannine Smith favors football games and anything connected with it. She loves high school because it makes her feel grown up. Here she adds, "I keep telling my mother."

In the line of food, Jeannine will take hamburgers and stuff. Keeping a scrap-book is her pastime.

Ardyth Leeper, a newcomer to THS, finds that it is swell. Hamburgers, chocolate pie, swimming, and collecting miniature shoes are among Ardyth's favorites. Her pastime is drawing and oil painting.

Our last interview comes from Jerine Bartley, who pleads that her hair is natural red. Her favorite pastimes are eating and riding around. Her outdoor sports are football and more football. She says THS is wonderful but the boys are too short.

JUNIOR RED CROSS

The Junior Red Cross drive got off to a good start last week with all classes enrolling 100 percent.

The following contributions were made: Grade School, \$20.57; Junior High School, \$5.70; High School, \$21.80; making a total of \$48.07.

The chairmen of the schools are: Grade School, Mrs. John Sims; Junior High School, Mrs. Paul Pittman; and High School, Miss Lucille Wright. We are proud of our students and their wonderful cooperation.

OUTSTANDING STUDENT

The Journalism class elected Nita Bragg as their outstanding figure for the week. She is 5 ft. 6 in. BIG brown eyes and loves the game of football. She's also vice president of the Senior class.

Southland News

(By Mrs. Marvin Truelock)

Friday afternoon our second football game on home grounds was played with Wilson. The Senior boys defeated the visitors 60 to 7, while our juniors followed with a score of 18 to 12. Quite a few adults attended.

O. E. S. Program

At the regular meeting Thursday night at the Masonic hall at Southland, O. E. S. members honored the Post Worthy Matrons and Patrona with a lovely and impressive program. Each past officer was presented with a lovely corsage. Refreshments were served 22 members.

O. E. S. Initiation

Mrs. C. A. Barkley was initiated in the Eastern Star at Southland Saturday night. The hall was beautifully decorated and the work was put on impressively. Cake and coffee was served. Mrs. Mary Edwards of Lubbock was present.

Mrs. Billy Basinger was honored at a bridal shower Saturday at the home of Mrs. Chris Grindorf Jr., assisted by Mrs. Edmund Stolle. Mesdames Marcus Wilke and Wallace Becker entertained with readings.

Refreshments of sandwiches, angel food cake, cookies, and cocoa were served to the honoree and Misses Bernice Neugebauer, Evelyn Krause Mesdames W. A. Hamilton, W. R. Woods, Wilburn Woods, Heywood Basinger, G. W. Basinger, J. W. Donahoe, Alfred Basinger, Albert Krause, Joel Neugebauer, Wallace Becker, Fred Steinhouser, Walter Stolle, Stolle, Chris Grindorf Jr., and Elmer Grindorf.

Albert Basinger Jr., his mother, his grandmother, Mrs. Jake Foster of Lubbock, visited the soldier's paternal grandparents, the E. M. Basingers, Thursday. Albert Jr. is home on leave.

Mrs. Iva Lee Walker and children Carolyn and Rodney accompanied the Basingers to visit friends here.

Mrs. Zella Smith of Hackberry received word Friday that her son Cpl. Howard Smith is to come home soon. He has been in service three years, most of the time in the South Pacific, traveling many thousands of miles.

Virgil Smith (Howard's brother), Dwight Corbell, Billy Winterrowd, and James Field reported in El Paso Oct. 16 for their physicals.

Friday 13th was not unlucky for the soldiers whose relatives and friends live here. Of \$7.02 stamp sales, most of the money was for overseas boxes.

Last Monday the Thompsons from Lubbock moved to take charge of the Hackberry store. Then, Friday,

they received word that one of their two soldier sons was wounded. They have four other children at home.

Had you doubted the "hand-made" labels on Philippine embroidery? Then, examine the apron Mrs. Walter Kellum's daughter-in-law sent her from New Zealand. Mrs. Carlos Wagoner took tiny stitches in the all-over embroidery design, a dancing native couple about eight inches high.

Hallowe'en Carnival

Next Friday night, Oct. 27, there will be a Hallowe'en carnival at the school house. The high school classes are raising money to elect their candidate as queen. There will be boxing at the gym, and many other attractions.

Monday night, Harold Voigt was honored at an ice cream supper celebrating his birthday. Those present were the following families: Malcolm Lämmer, Herman Kiesel, C. D. Stewart.

Miss Mabel Ann Manley, county agent, met with the Girls 4-H club Friday. Jayce Morris was the only girl to have her yearly report, which is due Nov. 1. N. A. officers are: President, Lena Mae Samples; vice president, Diane Haire, secretary, Joan Sanders; song leader, Josephine Becker. Others attending were: Mrs. Brooks, Home Ec. teacher, Betty Jean Edwards, Dixie Dahbs, Wanda Fay Kelly, Margie Becker, Joyce Sanders, Joyce Bradley, Vera Smoot, Margie Bell Payton, Donna Jones, Billie Barkley, Betty Ann Jackson, and Doris Jean Sartain.

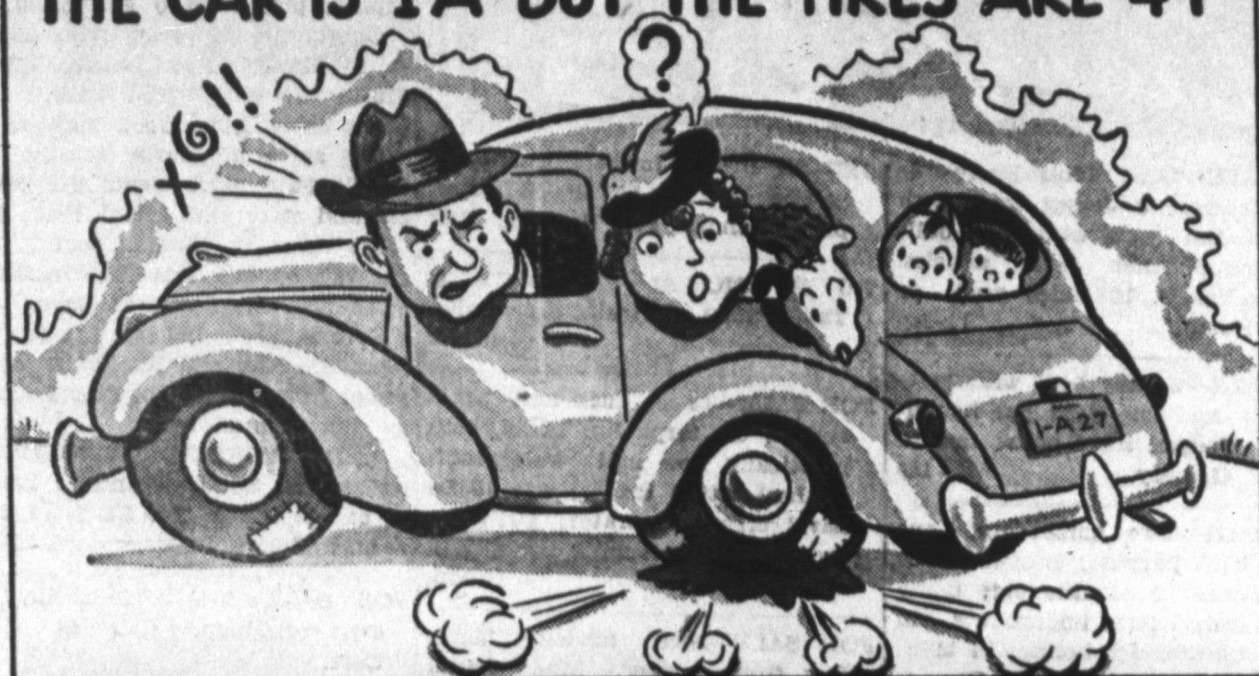

Peggy Ann Nowlin spent the past week end with her aunt, Miss Myrtle Cooper, in Lubbock.

How women and girls
may get wanted relief
from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "times" to come. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

CARDUI
BY DR. L. A. CARDUI

THE CAR IS 1-A BUT THE TIRES ARE 4-F

Be sure to get both Tire Saving and Car Saving Service

D-DAY IS HISTORY.

And V-Day may well be, by the time you read these words!

But as a recent editorial in the September 9 issue of Collier's points out: "If we don't baby our cars and tires along as carefully as we can, the ominous fact is that we can run into a serious motor-transport breakdown on the home front."

The blunt words of the editorial echo what Phillips and its service station men have been saying month after month, beginning even prior to Pearl Harbor.

We quote it because some few motorists may have thought that our insistent emphasis on tire and car care was motivated by self-interest rather than by our patriotic sense of duty. So again we say, in our country's interest and in your own, be frugal with your dwindling stock of tire and car miles. Visit your Phillips 66 Service Station at least once a week for tire and car-saving services.

CARE FOR YOUR CAR—
FOR YOUR COUNTRY

Phillips Tire Saving Service includes checking air pressures... inspecting for nail holes, cuts, and bruises... examination of the tire carcass to warn you when re-capping is necessary and still possible... crisscrossing with the spare every 3,000 miles.

Phillips Car Saving Service includes inspection of battery, air filter, and anti-freeze protection... regular lubrication of every friction point specified by the maker of your car.

With tires for A-card motorists not promised before mid-1945... with cars wearing out and disappearing from the road at the rate of more than 5,000 a day... you must Care for your car for your Country, to help prevent a crisis in domestic transportation.

Drive in at any Orange and Black 66 Shield, the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil, and you will get the patriotic cooperation and aid of the Phillips 66 Service Man in making your car and tires go farther and last longer.

FOR VICTORY... Buy U.S. War Bonds and Stamps

FAIRBANKS-MORSE ECLIPSE WINDMILLS

There's been
"something in the wind"
FOR A LONG,
LONG TIME!

ECLIPSE WINDMILLS
BY FAIRBANKS-MORSE

For more than 80 years the name Eclipse has signified the best in windmill construction.

Eclipse windmills have won their enviable reputation for long life by actual proof! There are Eclipse windmills still in service today that have given faithful service for 40, 50, even 60 years! Records like that don't just happen. They're the result of better construction, higher-quality materials, precision workmanship, and advanced design.

There's something else in the wind these days, too. Everywhere progressive farmers enthusiastically praise the new Fairbanks-Morse Type 38 Eclipse windmill. They like its patented easy-wheeling, shedproof sails, its adjustable stroke and easy pull-out, and its simple, self-oiling mechanism. Come in today and find out for yourself why the Eclipse is the windmill to see before you buy just any windmill!

L. O. Mitchell

(Continued from page one)

work as district maintenance man, he moved to Lubbock in February of this year, where he was given less strenuous work by the company. Sunday afternoon he suffered an attack which seemed to cause pain in the head, and he soon became unconscious. He was rushed to a hospital but died within a few hours. The body was prepared for burial and brought to the Harris Funeral Home here, where it remained until Thursday morning.

Funeral services were: V. A. Botkin, Happy Smith, H. L. Roddy, Calloway Huffaker, Charles Nelms, and W. S. Anglin.

Survivors are his widow, his mother, Mrs. J. M. Mitchell, Campbell; three daughters, Mrs. Troy Sproles and Misses Evelyn Mae and Margaret Mitchell, all of Lubbock; one son, Leland O. Mitchell Jr. of the Marine Corps, Santa Barbara, Calif.; three brothers, J. H. Mitchell of Lubbock, J. F. of Campbell, and L. N. of Pampa; three sisters, Mrs. Will Collins of Campbell, Mrs. Walter Hamilton of Dallas, and Mrs. E. R. Boggs of Sherman, all of whom were here for the funeral. Also here were Mrs. Mitchell's sister, Mrs. G. R. Compton of Ft. Worth, and her mother, Mrs. J. W. Oliver of Arlington, and a brother, Mr. Oliver of Dallas.

Mr. Mitchell was born at Campbell, Hunt county, Nov. 14, 1892. He was married to Miss Vera Oliver at Campbell on Sept. 4, 1920. He united with the Methodist Church in 1922, and remained a faithful member up to the time of his death. He had also been a member of the Masonic fraternity and of the American Legion, having served in World War I.

He moved from Hunt county in 1925 to Brownfield, where he worked for an ice company and the telephone company. He came to Tahoka to work for the telephone company in 1926, and he had been connected with this company in various capacities ever since, most of the time as maintenance man.

A resident of Tahoka for more than 17 years, his children were all practically reared here, and naturally the entire family felt that Tahoka was really their home.

Mr. Mitchell was a quiet, unassuming man, a good citizen, and a devoted husband and father. He had many friends here, who greatly deplored his continued illness and untimely death, and who sympathized deeply with the family in their great and irreparable loss.

suming man, a good citizen, and a devoted husband and father. He had many friends here, who greatly deplored his continued illness and untimely death, and who sympathized deeply with the family in their great and irreparable loss.

Miss Jean Chestnutt of Mount Pleasant is here spending the week with her brother and wife, Mr. and Mrs. G. H. Chestnutt, on her way back from California. This is her first visit to the Plains.

Cpl. August Mensch of Camp Hood is spending his 15-day furlough with his brother, S. A. Mensch of Draw.
