ABERNATHY WEEKLY REVIEW

"IN THE PALM OF THE PLAINS"

TEN CENTS Per Copy

VOLUME 40 Hale County — Abernathy, Texas — Lubbock County (10 PAGES THIS WEEK) THURSDAY, OCTOBER 5, 1961 NUMBER 48

Local F.F.A. Members Had 105 Exhibits; Won 33 Ribbons At South Plains Fair

By GENE STEVENS
F.F.A. Reporter

Members of the Abernathy F. F. A. Chapter exhibited 105 crops and vegetables at the South Plains Fair in Lubbock, September 25 through 30.

Crops and vegetables that were exhibited by the local chapter members included the following:

Lint cotton, 20 open bolls, threshed milo, milo heads, yellow dent corn, pop corn, field peas, threshed sesame, peanuts, okra, tomatoes, peppers, squash, watermelons, pumpkins, cucumbers, threshed beans, threshed castor beans, threshed wheat, and sunflower heads.

1st Place Winners

The following F.F.A. members won first place with their respective exhibits:

OPEN DIVISION—Randy Evans, one pound lint cotton; Jerry Bradshaw, sunflower; Bill Waits, white milo heads; Dennis Hall, pinto beans; James Jantz, sesame; Bill Dickey, castor beans; Dennis Hall; tomatoes; David Smithey, blackeye peas; and Bill Waits, cream peas.

F.F.A. DIVISION—James Waters, yellow corn; Bill Waits, yellow milo heads; and Randy Evans, one pound lint cotton.

Win 2nd Place

Those winning second place in the Open Division were: Dennis Hall, 20 open bolls of cotton; Don Marcy, one pound lint cotton; Johnny Ballew, wheat; Bill Waits, winter squash, Bill Waits, okra; David Smithey, pinto beans; Jerry Bradshaw, blackeye peas; and Kenneth Reedy, pop corn.

F.F.A. DIVISION—Dennis Hall, yellow milo heads; and Dennis Hall, peanuts.

Take 3rd Place

The third place winners were as follows:

OPEN DIVISION—Ronnie Gilliland, open cotton bolls; Richard Slough, red grain sorghum; Dennis Hall, grain sorghum heads; Ronald Floyd, cucumbers; Ronald Floyd, pinto beans; Larry Raymond, blackeye peas; James Waters, pop corn; and Ronald Floyd, okra.

F.F.A. DIVISION—Terry Slough, yellow milo heads; Dennis Hall, 20 open cotton bolls; and Don Marcy, one pound lint cotton.

Prizes Offered In Child Photograph Contest Here

The time is almost here for the opening of this newspaper's Big Child Photo Contest, and we're urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving, Texas will be in Abernathy on Thursday, Oct. 12 at 10 a.m. to 6 p.m. at Goebel Variety for the purpose of taking pictures in this vicinity. In addition to having their pictures printed in this newspaper, the children will be competing for $20.00 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for their publication in the Abernathy Weekly Review. Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this section is wanted so that they may all appear in The Review. However, it is necessary that all pictures must be of uniform size, so they must be made by Winston B. Lucas on Thursday, Oct. 12 at 10 a. m. to 6 p. m.

Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper—make plans now to have these photographs made on Thursday, Oct. 12. Tell your friends and neighbors—the more, the merrier.

FIVE CARS DAMAGED IN SMASH-UP HERE SATURDAY NIGHT

One car, traveling South on Ave. E, caused damage to four cars parked at the Dan Z. Ward residence, 401 Ave. E, at 9:15 p. m. Saturday, local officers reported. The parked cars are owned by Herbert Hardin, Alvin Hardin, Hernon Peel and Vic Struve. The car that hit one or more of the parked cars was being driven by a Lubbock man, who was given a $50.00 fine and 3-day jail sentence for DWI in Hale County Court Monday. All five cars involved were badly damaged.

With the Lubbock man in the car that hit the other vehicles were two other persons, a man, who was charged with being drunk in a public place, and a woman. The man paid a fine in city court Monday. No charges were filed against the woman. The men were taken to city jail until Monday morning and the woman stayed at the hotel. The man and woman who were passengers recently came to Lubbock from Michigan.

City policeman John Marsh spotted the car soon after it arrived in town Saturday night and began following the trio. They got a block or two ahead of Marsh when he had to wait for traffic while crossing Ave. D. He arrived at the crash scene at the Ward home immediately after the cars were hit.

Resume Paying Subscriptions

A few weeks ago, The Review advised subscribers not to pay their subscription to the paper until further information was available on the new sales tax. No official information has been received on the sales tax as it applies to newspaper subscriptions, and to further delay taking subscription payments would add complications to an already complicated situation.

If you received a card stating that your Review subscription would expire in September, we will now accept your payment at the regular rate of $3.00 per year in Hale and Lubbock Counties and $4.00 per year for all others.

DISCOUNT OFFER ON TAX PAYMENTS

Tax payments made to the city, school, county and state during the month of October will earn a three percent discount. See the city and school tax advertisements in this paper for details.

New Deal Opens District Season Against Sands

The New Deal Lions will open their conference season Friday night when they play host to the team from Sands (Ackerly).

The Lions have won one game and lost three in non-conference play. They have five scheduled District 4-B games, and then will play another non-conference tilt November 10 to end the regular season's play.

Other teams in the district include Lorenzo, Cooper, Wilson, and New Home, with the Lions meeting those teams in that order. Their final game of the season will be played at Idalou.

School Audit Report Made Monday Night

A. B. Segars of the firm, Bolinger, Segars & Burk, of Lubbock, presented the fiscal audit of all funds of the Abernathy Schools for the year ending August 31, 1961, at the regularly scheduled School Board meeting Monday night.

A combined balance sheet showing the results of the audit will be published in a later issue of The Review. Any interested person may obtain a copy of the audit report at the school business office in the high school building, stated Noel Johnson, superintendent of schools.

Antelopes Idle Friday Night

The Abernathy Antelopes will have an open date this week, midway in the 1961 season. The local boys have played five non-conference tilts, and next week will take on the Morton Indians for their first District 2-AA conference game of the season, at Morton.

The Antelopes hope to be near full strength when the district battle begins. Fullback Dan Thompson, who underwent lung surgery prior to the first game of the season, suited out for the first time last Friday night and saw a little action in the last minute of the game. Quarterback John Kiker is still nursing a knee injury he received in the Abernathy-Hale Center game here three weeks ago.

Ben Templeton, a 180-pound senior tackle, sustained a broken right hand in workouts prior to the first game of the season and saw action for the first time week before last against Denver City. However, the following Monday during workouts he hurt the same hand again and X-Rays showed that he had broken it again, but in a different place.

Game Time 7:30

Beginning next week, and continuing through the District 2-AA season, game time will be 7:30 instead of 8 p.m. This decision was made when officials of the schools in the district met last spring. The other schools in District 2-AA include Morton, Lockney, Floydada, Olton, and Muleshoe.

Pre-Season Favorite

Floydada was the pre-season favorite to take the district crown and at present boasts a 4-0 non-conference record. It could be a toss-up for second place among the five other teams in the district, and at least one or two of these teams could possibly give Floydada a "run for the money."

Hail Hits Area

Hail late Friday afternoon did considerable damage to crops north of town. The damaged strip ranged from the Spade area on the west into the Petersburg territory on the east. Hail shattered out near-ripe grain sorghum and "pecked" unopened cotton bolls. One farmer estimated from 200 to 400 pounds per acre of grain lost to the hail. Extent of damage to the cotton cannot be estimated until the bolls open.

AHS MAJORETTES—Pictured above are the Abernathy High School majorettes for the current school year. The group includes three sophomores and six juniors. They are, left to right, standing: Dianne DuBose, junior, daughter of Mr. and Mrs. R. A. DuBose; Rita Evans, sophomore, daughter of Mr. and Mrs. Elgin Evans; Janie Brown, sophomore, daughter of Mr. and Mrs. Jack Brown; Peggy Davis, junior, daughter of Mr. and Mrs. Ralph Davis; and Linda Burnett, junior, daughter of Mr. and Mrs. Bob Burnett. Front row, Paulette Lebow, junior, daughter of Mr. and Mrs. Curtis Lebow; Angela Presley, junior, daughter of Mr. and Mrs. R. D. Presley; Pam Davis, sophomore, daughter of Mr. and Mrs. Ralph Davis; and Elaine Bilbrey, junior, daughter of Mr. and Mrs. A. E. Bilbrey. —(Staff Photo)

Funeral Held For R. J. Rieken, Sr.

Funeral services for R. J. Rieken Sr., 54, Dallas, formerly of Abernathy, were held at 3 p.m. Monday in First Baptist Church, Abernathy. Officiating was the Rev. Elmer G. Neunaber, pastor of Redeemer Lutheran Church, Lubbock.

Burial was in Abernathy Cemetery.

Rieken died Friday in Dallas where he had lived since 1957. He was employed by the National Trailer Convoy Co.

A resident of the South Plains about 50 years, he had operated farms near Abernathy and New Deal before moving to Dallas. He was a member of Redeemer Lutheran Church.

Pallbearers were Marvin Struve, Rudolph Struve, Harvey Brandt, Otis Pope, Dan Ward, Lasmond Goeth, Oscar Brownlow and V. L. Haley.

Survivors include four sons, R. J. Rieken Jr., Irving, and Jimmy Lee, Billy Jack and Henry Cleo Rieken, all of Rowena; two daughters, Mrs. Virgil Kelly, Santa Clara, California, and Mrs. Jerry Brownlow, Shallowater; a sister, Mrs. Lester Obenhaus, Rt. 3, Lubbock; and three brothers, Tony, Ludwig and Reiner Rieken Jr., all of Rt. 3, Lubbock.

LAYMEN'S DAY SUNDAY AT FIRST BAPTIST CHURCH

Laymen's Day will be observed Sunday at Abernathy First Baptist Church. Men will be in the choir and on Sunday night will have charge of the service beginning at 7 o'clock. The service will be under direction of Willie Florence Brotherhood president.

The Rev. Boyce Evans, new pastor, will deliver the sermon Sunday morning at 10:45. He will be in a revival at Pampa next week, and will begin full-time duties as pastor on October 15. The Evans family moved from Lubbock to the Baptist parsonage at 601 14th Street in Abernathy early this week.

School Enrollment Report Is Given

The enrollment report for the end of the first month of school this year was made during the regularly scheduled board meeting Monday night.

Figures showed that as of Friday, September 29, a total of 1197 students were enrolled in the local white schools. In comparison with the two previous years, there are 15 more students enrolled now than there were at the end of the first month of school last year, and 96 more students enrolled than at the same time in 1959.

The elementary grades (1 thru 5) have a total of 656 students. There are 161 in the first grade, 124 in the second grade, 128 in the third, 130 in the fourth, and 113 in the fifth.

There are 287 students in junior high: 90 sixth graders, 108 seventh graders, and 80 in the eighth grade.

High school has a total enrollment of 254, with 79 in the freshman class, 52 sophomores, 59 juniors, and 64 seniors.

1st Grade Students

Following is a list of names of the students in the five first grade classes of Abernathy Elementary School, of which Mr. Jerry Moorhead is principal.

Those in the class of Mrs. Jennie Montgomery are:

Pedro Ayala, Daniel Aguilar, Daniel Barrera, Nazario Cantu, Jr., Richard Casias, Joe Castro, Victor Contreas, Baleriano Cuevas, Jr., Miguel Cuevas, Alejandro Garcia, Francisco Enriquez, Cesar Farias, Richardo Hernandez, Ramon Lara, Jose Luis Ortiz, Benjamin Perez, Jr., Daniel Soto, Manuel Trevino, Jr., Armando Villegas, Jose Antonio Martinez, Anita Arellano, Delores, Castillo, Janey Cuevas, Sylvia Garza, Sylvia Gonzales, Celia Buillen, Mary Helen Loza, Paline Montelongo, Placida Ortiz, Silvia Pichardo, Angela Ramos, Helena Reyes, Vleazy Torrez and Maria Alicia Villarreal.

★ ★ ★

Mrs. Edwin Hardesty's class includes the following students:

Danny Allen, Charles Bass, Robert Brawdy, Jan Vineyard, Galen Chollett, Gary Hall, Debbie Talbott, Grady Higgins, Cindy Teaff, Phillip McClendon, Kathy Raymond, Patricia Schoor, Quintin Horne, Zoe Thompson,

Donnie Leroy, Debbie Ensey, Randal Settle, Melinda Pettit, Danny Rice, Cindy Kitchens, James Lebow, Bruce Bray, Annette Sanders, Karen Murray, Joe Lindsey, Mincy Neal, Gayle Springer and Alvin Williams.

★ ★ ★

The following students are in the class of Mrs. Rachael Webb:

Ronald Adcock, Greg Barton, Chris Caffey, Anna Childress, Sit-

(Continued on Page 4)

BANK CLOSING SET NEXT WEEK ON COLUMBUS DAY

Abernathy First State Bank will be closed Thursday of next week, October 12, Columbus Day, a legal banking holiday in Texas.

WINS FIRST AT FAIR

Mrs. King W. Collins of Tuco won a first place blue ribbon on a knitted stole which she entered in the South Plains Fair at Lubbock last week.

Plainvew Herald Being Delivered In Abernathy

The Plainview Herald, in a continuing effort to expand coverage of the Plainview area and readership in this area, announced the inauguration of afternoon-of-publication door delivery in Abernathy.

Sammy Hunley will be delivering The Herald daily and on Sunday to the expanding list of Herald subscribers here.

A sophomore in high school, Sammy started as Herald delivery boy last week.

See The Herald's ad in this issue of The Review.

Bond Election Proposed To Finance Agriculture Center In Hale County

(From The Plainview Herald)

Proposed plans for a Hale County agriculture center and coliseum costing approximately $1,500,000 were approved unanimously by the Plainview Fat Stock Show board of directors at a meeting Friday afternoon in Plainview.

The board set the dates for the 1962 Fat Stock Show for March 28, 29, and 30. The board decided that beef cattle in the next show will be classed by weight divisions instead of as wet and dry lot. General plans for the exhibit were reviewed and committees named to obtain judges and attend to finances.

Berwin Tilson, past president of the Fat Stock Show Association, presented an architect's drawing by Kerr and Kerr of the proposed agriculture center and coliseum. Petitions were distributed for obtaining necessary number of signatures to permit the Commissioners Court to order a bond election. Numerous other farm organizations have approved the plans.

The plans, different from those drawn when a smaller center was proposed several months ago, call for three sheet steel buildings and a coliseum that would place 138,561 square feet of space under roofs.

The proposed coliseum would seat 4,000 and would have an arena 90 by 225 feet with concrete floor. The coliseum would be air conditioned have concrete floor and seats superior to the bleacher type, Tilson said. The arena would be easily adaptable to rodeos, sports events, ice shows and other uses.

The coliseum auxiliary facilities would include a ladies' lounge, offices, ticket booths and other first aid room, dressing rooms.

The swine and sheep building would be 295 by 90 feet with permanent pens, concrete floor and modern lighting. A structure designated as the cattle and cotton carnival building would be 330 by 90 feet. The machinery building to be used aso as a banquet hall would be approximately 300 by 90 feet. The structure would be designed for use as a meeting place. The three structures would be erected adjoining.

A vast open air exhibit area with all-weather surfacing is contemplated.

The agriculture center would provide office sections for all agriculture agencies including the ASC, Soil Conservation District, county agents, home demonstration agents and Weed Control District. This part of the project would be of masonry construction.

Tilson said the cost figure is $995,000 which would include cost of the site, an area to be at least 20 acres. He said the site has not been determined.

The discussion of the plans, all subject to change, brought out that location of such a project near the center of the county would make it more appealing to the people in the south part of Hale. It was pointed out that a central farm office arrangement with plenty of parking space probably would be very attractive to farmers of the county. The proposed center would prove those advantages, Tilson pointed out.

Petitions are to be turned over to the Commissioners Court by Oct. 12, Tilson said. Plans call for an election as soon as practical.

Farmers among the board of directors suggested that in raising funds for the next Fat Stock Show farmers be contacted for donations. J. B. Wheeler, board chairman, presided.

OES MEETS TONIGHT

A stated meeting of Abernathy Chapter No. 877, Order of the Eastern Star, is to be held tonight (Thursday) at the Masonic Lodge Hall on Avenue E. Mrs. Kenneth Phillips, Worthy Matron, urges all members to be present. During the meeting Masonic Night will be celebrated.

Bowling News

Jimmy Herring, manager of A-1 Lanes, announced that an Alibi Sweeper is now in progress at the local bowling place and will last through the month of October.

All bowlers are invited to participate in the Ragtime Doubles and Scotch Doubles Saturday night at the Lanes. Interested parties are urged to sign up now at the desk.

Juniors To Meet

All junior bowlers are to hold a meeting at 9:30 Saturday morning, October 17, in the League Room at A-1 Lanes.

Board Meeting Held At Research Foundation

Dr. Harold Loden, General Manager of the Paymaster Seed Farms of the Anderson - Clayton Company at Aiken, was elected to the Board of Trustees and executive Committee of the High Plains Research Foundation at the Board's semi-annual meeting in Plainview on September 27. Dr. Loden takes the place vacated by Roy Mack, who resigned recently when he was transferred to Abilene as Director of Personnel for the Anderson-Clayton Company.

The Board of Trustees set the budget and established the research program for the Foundation for 1962. New research projects added to the progam were: grasses and legumes, in which national and introduced grasses and legumes from foreign countries are to be evaluated from the standpoint of the adaptability to this area; several strains of sunflowers are to be evaluated on a limited basis to determine its potential as a crop for the area; another new program is the testing of the carry-over of nitrogen and phosphate, grain sorghums will be used in this test, which will continue until the original fertilizer ceases to increase the yield and irrigation studies on soybeans and castor beans were to determine the most economical irrigation method that will produce maximum profit.

Three foreign countries, ten states and one-hundred thirty-six communities were represented at the Fifth Annual Field Day on September 27. Over 2,500 were in attendance.

IOOF LODGE TO HOST CAPROCK CIRCLE

Abernathy Lodge No. 809, IOOF, will be host to the Caprock Circle which is composed of Matador, Floydada, Lockney, Petersburg, Plainview and Abernathy tonight (Thursday).

All members and visiting Odd Fellows are invited to attend.

TEN children of the late Mr. and Mrs. P. W. Watts held a reunion at Abernathy city hall clubroom recently. The group shown above includes grandchildren of the ten Watts brothers and sisters. No one member of the family was able to identify all the grandchildren pictured here. The photo was made by Kenneth Phillips.

Those attending the reunion, which was the first time for all the brothers and sisters to be together, except for the funerals of their parents, in about 30 years, were J. R. Watts, McLean; Mr. and Mrs. Harley Longan and four children, Clarendon; Mr. and Mrs. Harold G. Watts and five children, Floydada; Mr. and Mrs. B. R. Gibson, St. Jo; Mr. and Mrs. Ted Watts, Debra and David Thomas, Abernathy; Mr. and Mrs. Brad Seale, Lockney; Mr. and Mrs. Harry Reeves and two sons, Tulia;

Mr. and Mrs. C. L. Green, Browntield; Mr. and Mrs. Clyde Green and son, Midland; Mr. and Mrs. Billie Moore and three children, Brownfield; Mr. and Mrs. Robert Garvin, Abernathy; Mr. and Mrs. E. M. Jones, Jr., and three children, Plainview; Mr. and Mrs. H. A. (Coon) Watts, Pecos; Mr. and Mrs. Claude Cole and son, Tulia;

Mr. and Mrs. Wayne Cole, Tulia; Mr. and Mrs. Harold Diller, Kermit; Mrs. Bill Bishop and three children, Odessa; Mr. and Mrs. Jack Watts and two children, Wichita Falls; Mr. and Mrs. G. I. Clingingsmith and daughter, Dimmitt.

Also present was an aunt of the ten Watts brothers and sister, Mrs. N. A. Clingingsmith, Dimmitt, who was the guest of honor at the reunion. "She holds a special place in the hearts of all who attended the event, especially the Watts brothers and sisters," a member of the family stated.

Others attending included Virgil Howard of Abernathy and Bobby Dennison of Brownfield.

"YOU CAN'T TAKE IT WITH YOU" is the thoughtless attitude of the litterbug, who leaves a trail of trash on the highways which Texas Highway Department maintenance crews clean up by the truckload as shown here. The Department asks that you do "take it with you" when traveling. Dispose of your travel litter in proper containers. Please keep Texas highways clean for the enjoyment of others.

BIRTHS

Mr. and Mrs. Marshal Conner of Lubbock are parents of a son born September 29. He weighed 5 pounds 9 ounces and was named Marshal Allen. Grand parents are Mrs. Ed Conner of Hale Center and Mr. and Mrs. D. C. Attebury of Abernathy.

Mr. and Mrs. Davey Sanders are parents of a daughter born Oct. 2. She weighed 5 pounds 13 ounces.

A son, weighing 6 pounds 12½ ounces, was born Oct. 1, to Mr. and Mrs. Cardenas Jeronimo.

Abernathy Medical Clinic reported the following births:

Mr. and Mrs. James Brawdy of Shallowater are parents of a son born Sept. 27. He weighed 8 pounds 1 ounce.

A son, weighing 9 pounds 12 ounces, was born Sept. 28, to Mr. and Mrs. Juan Moreno of Plainview.

DR. V. H. LEWIS

Local Pastor And Wife To Attend Workshop Oct. 9-11

Rev. and Mrs. James Robertson will be attending the Nazarene Pastor's Conclave at Glen Rose, Texas Oct. 9-11. This is an annual gathering of pastors for workshops and planning for the pastors of churches of the Nazarene. These pastors come from eighty-three counties of Northwest Texas.

Dr. V. H. Lewis, General Superintendent of the Church of the Nazarene will be the principal speaker for the gathering. Prior to becoming General Superintendent of 1960, Dr. Lewis was the first full-time executive secretary of evangelism for the Church of the Nazarene. He was also the district Superintendent of the Houston District from 1946 to 1956. He is the author of a book "The Church — Winning Souls."

Rev. Robertson will be one of the speakers at the workshop. He will be speaking on the "Pastors Personal Touch in Press Relations."

Mrs. Robertson has planned the theme for the meeting. The theme, "Together We Will Build," was suggested by her and she is working with a committee to carry out this theme.

Other area men and their wives attending will be: Rev. and Mrs. Corbie Grimes of Plainview; Rev. E. H. Stahley of Petersburg, Rev. and Mrs. James D. Poe of Littlefield, Rev. and Mrs. Milton Pool, Rev. and Mrs. Ivan Kounter, Rev. and Mrs. Mrs. Bill Duke, Rev. and Mrs. Bill Burton, and Rev. and Mrs. R. W. Hurn, all of Lubbock.

Meet Held Here For Boy Scout Finance Heads

Joe Salem, South Plains Council, campaign chairman conducted a "Community Training Seminar" for all men involved in Boy Scouting finance campaigns this fall.

The seminar was held Tuesday night in the Abernathy school cafeteria. About 55 men representing around 40 communities in the district were present. Local men attending included Ted Hill, Melvin Rape, Richard Havens and Carl Barton, Abernathy chairman. The Boy Scout Finance Campaign will be launched November 2 in all towns of the South Plains, excluding communities with federated campaigns.

Men in the local area who have been named to serve as Boy Scout Campaign Chairmen are Olton, Don Williams; Dimmitt, Jack Miller; Tulia, F. Z. Pannell; Floydada, Sam Puckett; Abernathy, Carl Barton; Petersburg, Howard Rhodes; Cotton Center, and Hale Center, Claude Burnett; and Lockney, Edgar R. Hays.

The $110,160 operations budget for the South Plains Council-Boy Scouts of America is raised by federated campaigns and independent Boy Scout campaigns in the 20 county area. No money is received to operate Scouting from from local, state or federal government.

Miss Squires, Billy B. Gage Are Married

LITTLEFIELD (Special)—First Baptist Church was the setting for the 7:30 p. m. Saturday, Sept. 30, wedding of Miss Carol Anne Squires, daughter of Mr. and Mrs. Don C. Squires, and Billy Bradford Gage, son of Mr. and Mrs. William S. Gage.

A double ring ceremony was read by the Rev. Jimmy McGuire.

As the bride was escorted by her father, she wore a gown fashioned of ivory peau de soie embellished with hand-run Alencon lace embroidered with seed pearls. The scoop neckline was framed with a bertha collar of lace and seed pearls. Her gown was designed with a fitted bodice, three-quarter length sleeves and high princess waistline.Lace appliques, embroidered with seed pearls, accented the skirt and chapel train.

A veil of silk illusion was caught by a crown of pearls and rhinestones. She carried a bouquet of phalaenopsis orchids, stephanotis and lily of the valley atop a white Bible.

Bridal attendants were Miss Lila Gay Buske of Friona, Mrs. Stanley Aaron and Teresa Wilfred of Garland, junior bridesmaid.

They wore emerald green dresses of peau d' or designed with scoop necklines and bouffant skirts. They carried bouquets of white glamellias.

Keith Glover was best man. Gary Squires, brother of the bride, and Weldon Gage, brother of the bridegroom, were groomsmen, Guests were seated by Steve Brock of Lubbock, Conal Norried and Jerry Gage of Lubbock.

Candlelighters were Frank Sitton and Mancil Wilfred of Garland.

Wedding music was furnished by Mrs. Tommy Evins, organist, and Mrs. Dennie Bowman, soloist.

A reception at the church followed the ceremony. Assisting with hospitalities were Mmes. Roy Williams, Dee Clark, Marion O'Dell, A. R. McGuire, Craig Wallace, Gale Phillips and Miss Gail Clonts.

The bride wore a bone wool suit with black accessories and added an orchid corsage for her wedding trip to Las Vegas, Nev.

She is a graduate of Littlefield High School and Texas Tech with a degree in secretarial administration. She is a member of Tau Beta Sigma Sorority. Her husband graduated from Whitharral High School and attended South Plains Junior College. He is employed with Civil Service at Reese Air Force Base.

Wedding Set For October 7

Wedding rites are scheduled for 7 p. m. Saturday, Oct. 7, for Miss Daphne Matejowsky, daughter of Mr. and Mrs. Elmo Matejowsky of Abernathy, and Leon Stewart, son of Mr. and Mrs. Buell Stewart of Yakima, Wash.

The ceremony will be held in the Redeemer Lutheran Church, Lubbock, with the pastor, the Rev. Elmer Nuenabor, officiating.

Lee Roy Smith, owner of Smith's Food Store here, was taken to Methodist Hospital last Friday night where he was kept overnight for observation after suffering an insulin attack. He returned home Saturday and was "back at the store" that afternoon.

'Lope Schedule

Following is the 1961 Antelope football schedule, giving the opponents, the places, and the times the games will be played:

Oct. 6—Open Date.
★ Oct. 13—Morton, There, 7:30.
★ Oct. 20—Lockney, Here, 7:30.
★ Oct. 27—Floydada, There, 7:30.
★ Nov. 3—Olton, Here, 7:30
★ Nov. 10—Muleshoe, There, 7:30.
★ Denotes District 2-AA Conference games.

NOTICE ON CITY ORDINANCE
(By O. F. Rea)

If you are bothered by out-of-town (transient) door to door salesmen or saleswomen selling any of a variety if items of merchandise, services, material, such as paint, magaznes, brushes, seed, flowers, trees or a room added to your house, this is to advise you that there is a city ordinance requiring that anyone engaged in this kind of selling in Abernathy must first secure a permit from the City and perhaps even make bond before calling on you at your door.

For your own protection you should require them to show their permit from the City when they call at your door. If no permit, beware of doing any business with them. During the fall and winter months there is usually more money in circulation here as elsewhere and this type of salesmen take full advantage of that fact. The ordinance is for your protection but without your co-operation it can be of little effect. Your help will not only help protect you but others as well, so BEWARE.

DRIVE SAFELY — The best known safety device is about nine inches above your shoulders.

News From The High Plains Water District

Most any farmer you talk with today will tell you that this 1961 crop is one of the least expensive he has produced in some time.

Why? There are perhaps many reasons, but one is because most farmers have not had to do a great deal of irrigating. The snows and rains have come at times when they were most needed.

Now with the 1961 crop laid-by in most communities of the High Plains, it is not too early to commence thinking about next year's plans.

Keeping in mind the fact that irrigation is generally one of the largest expenses involved in making a crop, why isn't it good business for you to try and figure out how to better use natural precipitation both where it falls and also by pumping from lakes thereby minimizing the use of underground water. The loss of irrigation "tailwater" is also a problem that confronts most irrigators, at least to some degree. This expensive loss should be alleviated, or at least minimized.

With records of the High Plains Underground Water Conservation District indicating that underground water levels are dropping annually, it becomes apparent that if this High Plains country is to continue as a major agricultural area, rainfall must be used more efficiently.

Before you bed your land for next year's crop talk with your High Plains Water District people, the Soil Conservation Service folks or your County Agent about some of the things others are doing to conserve rainfall and underground water. You can probably make some simple inexpensive changes in farming methods that could result in more net income to you from the crops you raise.

After all, isn't financial gain one of the primary reasons you're in the farming business?

Mrs. Harold Thomas has returned home from a Lubbock hospital where she was under treatment.

NATIONAL FIRE PREVENTION WEEK, OCTOBER 8 - 14

Farm fires caused losses estimated at $165 million in the nation last year. W. S. Allen, extension agricultural engineer, said the figure was supplied by the USDA.

Building losses acounted for about 65 percent of the total loss payments by companies for which a breakdown by property class was available, he added. Almost three-fourths of the building losses were on main buildings—homes and barns.

Allen continued that now is the time for neighbors to attack this problem of fires, and suggested that special emphasis be placed on fire prevention during National Fire Prevention Week, October 8-14. This period is just ahead of the month when farm fires take their greatest toll. November was the peak month last year. Four-fifths of all 1960 farm fires and 84 percent of the lives lost occurred during the six months from October through March, Allen said.

President John F. Kennedy in his proclamation designating the special week said, "Our communities and the Nation can ill afford this inexcusable waste of our resources."

Family training in fire hazard removal and fire fighting and drills for establishing escape routes in case of fire were suggested by the engineer as things families and neighbors could work on together. Farm families, in particular, he added, must rely on their own fire safety training, fire prevention check-ups, and fire protection measures to safeguard their lives, income and property.

The U. S. Department of Agriculture has released acreage-marketing guides for the 1962-crop winter vegetables for fresh use and winter potatoes. The new guides call for an 8 percent cut in vegetables and a 3 percent cut in potatoes. Clyde Singletary, extension horticulturist, says these guides are designed to assist growers plan their production so it will be in balance with market requirements.

Baptismal Service Held At Local Nazarene Church

Sunday night, Oct. 1, marked the beginning of a fourteen week Sunday night evangelistic effort at the Church of the Nazarene. Five were baptized at the close of the service. They were: Joy Hall, Mack Rogers, Kerby Sprulell, Steve Patterson, and Mr. R. R. Knox.

The entire Church of the Nazarene denomination is promoting evangelism through its Sunday night service from now until December 31. The local church of the Nazarene will be having evangelistic services at 6:45 each Sunday evening. Rev. James H. Robertson, pastor, announced that his sermon subjects would include "Sin and It's Cure," "The Way To Be Saved," "Assurance of Salvation," "Repentance," and like subjects for the next thirteen weeks. He also pointed out that the local Sunday evening attendance goal is ninety each evening.

A special invitation is extended to the public to attend these services.

Antelopes "Stung" By Tulia Hornets, 20 - 6 For Fifth Straight Loss In 1961 Season

The Tulia Hornets put the "bite" on the Abernathy Antelopes 20-6 here last Friday night. The visitors scored in each of the first three quarters while Abernathy managed to cross the double marker only once, that being midway in the first quarter.

Tackle Larry Florence, who played a whale of a defensive game for Abernathy, kicked off to Tulia's 15 yard line. Tulia quarterback Paul Caraway returned the kick to his own 26, then on the second play from scrimmage halfback Gary Don Haught skirted right end and galloped 69 yards for the Hornets' first score. A pass attempt for the extra points failed.

The fired-up Antelopes took the kickoff on the 20 and returned it to the 36. From that point they used only 10 plays to drive 64 yards to tie the score. Halfback Joe Ybarra carried six out of the 10 plays for 48 yards, going the final 2 yards for the tally. A pass attempt for the extra points failed.

Florence kicked deep to Tulia's 8 yard line and Caraway carried out to the 34 where he was hit hard by Ybarra and Billy Barrick. Haught made a 26 yard run to Abernathy's 40, then the Antelopes made a defensive stand allowing the visitors only nine yards in four plays and took possession on their own 31.

Abernathy fullback George Reagan picked up 3 yards on 2 carries then halfback Tom Ritchey went around right end for 10 yards to the 44 as the first quarter ended. Reagan hit the middle for 2 yards, then quarterback Bobby Pettit connected on an aerial to end Jack Waters good for 30 yards to Tulia's 24. Ritchey skirted end for 16 yards to the 8 for a first and goal situation. Ybarra picked up 1 yard around left end, then skirted right end for five more to the 2 yard marker. Ybarra was rushed on the next play and lost 7 yards, then quarterback John Kiker lost 4 more on fourth down when he attempted to pass but couldn't find a receiver and Tulia took over on the 13.

From that point the Hornets used 11 plays to move the ball to Abernathy's 44 from where a Caraway-to-Haught pass combination was good for a TD which put Tulia out front 12-6. Caraway attempted to run the extra points, but was stopped shy of the goal by Kiker and Billy Jack Hackler.

Tulia kicked the ball into the end zone on the kickoff and Abernathy took possession on their own 20. Ybarra almost broke loose on the first play of the series as he rambled 19 yards before being hauled down. However, the next three plays netted a minus 9 yards and Waters got off a 38 yard punt which was whistled dead on Tulia's 32. The first half ended two plays later.

Second Half

Waters returned the second half kickoff from his own 8 yard line to the 25. Three plays netted only 5 yards. On fourth down Waters punted 42 yards to Tulia's 28 and halfback Frank Hooper returned the ball 33 yards to Abernathy's 39. Tulia drove from here to Abernathy's 20, then Florence and Reagan threw Haught for a 4-yard loss. On a fourth-and-10 situation, Haught spurted up the middle of the field and took a pass from Caraway for Tulia's final touchdown. Caraway then passed to end David Cole for the points after to give Tulia a 20-6 victory.

Abernathy fumbled on the kickoff and Tulia recovered on the Antelope's 25. Four plays later Abernathy took possession on their own 24 after holding the Hornets on downs. Three plays netted 3 yards, then Waters punted 43 yards to Hooper on Tulia's 31 and Ybarra tackled the Hornet on the 29 for a two yard loss on the runback. Two plays later Tulia fumbled and center-linebacker Mac Houston recovered for the Antelopes on the Hornet's 27.

A five yard penalty, a 2-yard gain, another five yard penalty, and a 2-yard loss brought up fourth down and 20 yards to go on the 37. Waters got off a short kick into a strong wind and Tulia took over on their own 18.

Seven plays later Tulia was forced to punt from their own 26; the wind caught the ball and carried it 62 yards over the heads of the Antelope secondary to Abernathy's 12 yard line. Ritchey sailed around left end for a 20 yard run, but a penalty nulified the gain and put the ball on the 7 yard line. Ritchey skirted left end again, this time for 23 yards to the 30. Kiker failed to gain and was replaced by Pettit who went around right end for 8 yards.. Halfback Larry Boyce then added 4 yards which was good for Abernathy's 10th first down. Two plays netted five yards, a pass fell incomplete, and Waters got off another short kick into the wind.

The Antelopes held Tulia for three downs and forced them to punt. The ball went out of bounds on Abernathy's 24 and the Antelopes moved the ball to Tulia's 43 in only four plays, with Ritchey carrying twice for 16 yards, Ybarra once for 15, and Kiker moving the final two yards to the 43 as the game ended.

Statistics

The Antelopes compiled a total of 12 first downs to Tulia's 9. Tulia racked up a total of 190 yards rushing, with Abernathy close behind with 181. The Hornets completed three out of seven passes for 91 yards (two good for touchdowns), and Abernathy completed one out of two for 30 yards.

The Antelopes allowed Tulia only 29 yards on the ground during the second half while they made 81. However, two of Tulia's three pass completions were made during the second half, which were good for 47 yards and two touchdowns.

School Policy On Inclement Weather

Following is the Abernathy Schools' 1961-62 "School Policy Regarding Inclement Weather":

Official Radio Station

KFYO LUBBOCK 790KC has been designated as official station for emergency announcements of any kind.

If extreme bad weather develops during the night an announcement will be made between 6:30 and 7:00 a. m. if school is to be dismissed.

Should bad weather develop after the school day has commenced, an announcement will be made if school will be dismissed early.

NO ANNOUNCEMENT MEANS SCHOOL AS USUAL although at times busses cannot make all of their routes or even a part of it.

School Busses are so difficult to operate in mud and on ice that it is often dangerous to try as well as expensive in the long run with added repairs.

WHEN THE BUSSES CAN'T RUN the school will appreciate your help in transporting your children and other children near you—especially in the afternoon where some areas are inaccessible to the school bus.

SCHOOL MUST GO ON if possible. Days missed have to be added to the end of school and all days must be completed before the end of May to receive full share of state money.

School officials wish to express sincere appreciation to school patrons who over the years have assisted us in meeting our transportation problems so that as a whole our school district has been able to render good transportation service.

Chevrolet Offers 3 Lines for 1962

The wide range of choices Chevrolet dealers will offer for 1962 is hinted in this three-car photograph. Pictured to compare over-all length are (top to bottom) the 180-inch Corvair 4-Door Sedan; the 183-inch Chevy II 4-Door Sedan, and the Impala Sport Sedan which measures 209.6 inches. They are representative of 32 passenger car models which Chevrolet dealers will start displaying September 29. The new Chevy II's bow in on the same date as other Chevrolet-built cars.

Telephone Number Prefix Change Set For December 1

General Telephone Company of the Southwest is making final preparations for publication of its 1961-62 telephone directory for the Abernathy area, according to district manager, W. L. Frazier of Ralls.

The final closing date for making changes or adding new listings to the directory is Friday, September 29.

Frazier urged that all subscribers wishing to make changes should call the local business office as soon as possible to enable the telephone company to make the corrections or additions before the new directory is printed.

Local telephone customers will be using a new numbering system beginning December 1, 1961, the date set for distribution of General's new directory.

Known as the All Numerical Calling Plan (ANC), each telephone number will be composed of seven digits. Frazier explained that the new system will replace the more familiar two letter-five number (2L5N) system inaugurated when the telephone industry first launched its long-range program to permit operators and/or customers to dial direct from one city to another.

The present Abernathy prefix is "CYpress." Under the new ANC plan, the "CY" will be replaced by "29." For instance, the news paper office number, which is now CY 8-2033, will become 298-2033.

Frazier pointed out that the 2L5N system is being replaced as rapidly as possible in order that all number combinations appearing on the telephone dial can be utilized.

"The old 2L5N system requires a prefix as POrter or CHerry;" Frazier stated, "however, because no words in the English language begin with the letter combination WX or WY or JK or JL, telephone numbers beginning with 99 or 55 could not be utilized, thereby limiting number assignments."

As the number of customers being assigned 2L5N numbers throughout the nation increased, the necessity of using all possible number combinations on the dial also increased.

As a result of this realization, a study was undertaken in Wichita Falls, Texas, to determine whether assigning seven-digit telephone numbers proved satisfactory to customers and operators. Conclusion of the extensive study was that the ANC plan not only was satisfactory, but even eliminated previous dialing errors resulting from confusion between the numeral "1" and the letter "I" and numeral "zero" and the letter "O."

Frazier emphasized that the new numbers represented a "paperwork" change in most instances, since the old "CY" prefix and the new "29" numbers require identical pulls of the dial.

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Soil and water conservation was the main theme of the Fifth Annual Field Day at the High Plains Research Foundation the afternoon of September 27. The A. S. C. Committee of the State of Texas, consisting of Ralph T. Price, Bryan; James E. Goad, Rosebud; Weber W. Pool, Sinton and John P. Gayle of West Columbia, were the special guests of Foundation President, Frank Moore, also a member of the committee.

Scientists and farmers explained the research in progress at various stops on the tour. Comparison of the various fertilizer applications on major crops was shown. Varieties of crops that were seen included fifty-six dryland and sixty-two irrigated grain sorghums and thirty-two forage sorghums, thirty varieties of cotton, thirty of corn, eighteen of castor beans, nine-hundred and twelve of sesame and seven-hundred and ninety-four of soybeans. A new grass and legume nursery was also exhibited.

The soybean and sesame breeding program attracted the attention of many guests. Plants are being crossed to produce varieties better suited to the climate and growing season of the High Plains. Thirteen varieties of soybeans have been bombarded with three different strengths of Cobalt 60 to induce more plant variations. Eight varieties of sesame have had similar treatment with a total of twenty-four different plantings. This is a search for a mutation that might result in new high yielding and non-shattering varieties of each crop.

Flame cultivation results on all crops including sugar beets and vegetables was reported. Included were the recent results of field drying of grain sorghum using flame.

Guides for the tour included county agents, soil conservation personnel, representatives of agricultural firms and members of the Young Farmers organization. Dr. T. C. Longnecker, Director, stated that over 2,500 were in attendance during the annual event.

TEXAS AGRICULTURE: A LONG LIST OF FARMING FIRSTS

Traditionally, Texas probably lay claim to more and better of most any and everything that any of the rivalling 49 states. Often as not, these Texas boasts are tongue-in-cheek acommodations for folks who just expect us to brag. In agriculture, however, the Lone Star State has a long list of firsts of which we ought to be reminded, just in case we ever need some "real" verbal ammunition.

Dificult as it is, it's necessary to start our tirade on pride with an admission: Texas is not first in the nation in total value of agricultural products. We rank fourth with a total annual farm income that exceeds two billion dollars, which is no small shakes. This is about a fifth of total income for the state each year.

Of major farm products, however, we can claim more production firsts than any other state. Some of these are:

COTTON: This is our most valuable crop, and far more cotton grows in Texas than in any state. Our farmers produce about four million bales a year, worth some 700 million dollars.

BEEF CATTLE: Here again we lead the nation, production-wise, and beef cattle provide Texas' second largest source of agricultural income; earning about 400 million dollars a year. We might add that the long-range cattle industry originated in Texas, and we're still far ahead of the rest in cattle raising.

SORGHUMS: Texas out front again. Next to cotton, this is the state's most valuable field crop and the third most valuable source of farm income.

RICE: We are at or near the top in rice production, rivalled nearest by California. Our rice farmers along the Gulf Coast have done a magnificent job in producing a superior product. Although we lead in rice production, we are pretty far behind in rice consumption A lot of Texans haven't discovered how good and good for you rice is.

OTHER FIRSTS include production of sheep and goats in which Texas leads, and acompanying firsts in production of wool and mohair, which a lot of folks don't know about.

There are other farm products, certainly, which we can brag about, being near the top in production and certainly at the top in quality. These include, in part, poultry (the commercial broiler industry started in Texas) and eggs (we rank first in the South, seventh in the nation in egg production, and our eggs are the best); corn, which ranks second only to cotton in the amount marketed; vegetables, citrus, semi-tropical fruits, melons, dissiduous fruits (peaches, pears, plums), pecans (this is where pecans were first found in greatest abundance), peanuts, and on and on.

So the next time somebody asks you to talk about Texas, tell them about the Lone Star agriculture.

Jerald LaWayne Fowler and Frank Harris Haston are included in a list of Hale County men to report Oct. 9, for Armed Forces physical examinations.

ABERNATHY MOTOR COMPANY

— Ford Dealer —

CY-8-2821 Abernathy, Texas

The top offering in Ford's station wagon line for 1962 is this four-door, nine-passenger Country Squire (top). The power-operated rear window is standard in this Squire as well as in the six-passenger Country Squire and in the nine-passenger Country Sedan. The Galaxie nine-passenger wagons have the only forward facing third seat in the low-priced car field. Tailgate openings on all of the wagons are more than 50" wide. This Galaxie 500 two-door hardtop (bottom) is one of twelve models being offered in Ford's expanded Galaxie series for 1962. The sculptured body of the 1962 Galaxie gives the appearance of actual motion to its unmistakably classic Ford lines. This appearance of movement is emphasized in the recessed Thunderbird-like rear window and in the forward thrust of the roof itself. The new Galaxie series will feature an industry first—"Twice-a-year" maintenance.

Harvest Machinery Regulations To Be Strictly Enforced In Hale County

Sorghum fields in Hale County appear to be maturing rapidly. In some of the fields Johnson grass and bindweed are also maturing seed and will be ready to harvest at the same time the sorghum is ready.

This will be the basis for an intensive harvest machinery inspection program this Fall to be conducted within the Hale County Noxious Weed Control District. When noxious weeds and grasses are present on land being harvested with a combine, the noxious weed seeds infest the machinery and are distributed through it not only within the field being harvested, but in fields harvested afterwards with the same machine. Naturally this is not the only method whereby noxious weed seeds are scattered, but is one of the primary methods.

In 1959 the board of directors of the Hale County Noxious Weed District approved a resolution which stated that all harvest and farm equipment must be cleaned free of noxious weed and grass (including bindweed and Johnson grass) before entering Hale County or prior to being transported from place to place within the county. The directors were authorized to install and enforce such a regulation by the Texas Legislature. Violations are punishable by a fine of $250.00 for each offense. The regulation will be strictly enforced in Hale County this year.

The current Rural Areas Development program being conducted by the USDA is an expansion and reorganization of a program started in 1955, explains W. N. Williamson, assistant director of the Texas Agricultural Extension Service. A major change is the departmental reorganization, which will allow the USDA to bring all of its resources to bear on specific problems. Each USDA agency has been given definite responsibilities under the program, which has as its purpose helping local people mobilize their total resources in an overall economic development effort to improve levels of living in rural areas.

Poultrymen who try to cut production costs by buying a cheap feed may end up losing money, says Dr. C. W. Deyoe of the Texas A&M Poultry Science Department. A cheap feed may result in lowered production and therefore, an increase rather than a decrease in the cost of producing a dozen eggs. The only safe way to reduce feed costs, says Deyoe, is to feed the ration which is most economical while still meeting the laying bird's requirements for energy, protein, vitamins and minerals.

DAYS 'TILL CHRISTMAS

State Prison Rodeo Slated For Five October Sundays

Five of the nation's foremost television and recording stars will be highlighted at the 30th annual Texas Prison Rodeo to be held each Sunday in October in the prison's $1,000,000,000 stadium in Huntsville.

Opening the colorful event on Sunday, October 1, was Fats Domino, sensational jaz pianist and singer, followed by Cowboy Rex Allen and his horse KOKO on October 8. On October 15, the star will be Ernest Tubb, a veteran folk song personality. U. S. Bonds, one of the nation's number one recording artists, will appear on October 22, while Chuck Connors of "The Rifleman" TV fame will appear on October 29.

In addition to these entertainment stars, tough inmate cowboys will be attempting to tame tougher prison-produced broncos and bulls in a host of events not usually found in other rodeos.

Inmates specialties will include entertainment groups, plus the Goree Girls from the women's unit of the Texas Department of Corrections.

To round out a thrilling two-hour show which opens at 2 p.m., rodeo officials also have arranged to present such free-world events as calf roping, a girl's barrel race and noted mounted quadrilles from various parts of Texas.

Reserve seat tickets are $2.40, $3.75 and $4.40, tax included. They may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

Sophomore Class Is Headed By Jerry Settles

By NEIL DAVIDSON
Class Reporter

The students in the sophomore class of Abernathy High School held a class meeting Wednesday, Sept. 27, for the purpose of electing officers for the 1961-62 school year.

Students elected to serve as officers are: Jerry Settle, president; Susie Deering, vice president; Gwyn Henrdix, secretary; Neil Davidson, reporter; Lou Rogers, treasurer; and Rita Evans, Annual representative.

Also during the meeting the class elected five students to act as a social committee. Their job will be to plan and arrange the school-sponsored parties that the sophomore class hopes to have. These five students are: Betty Wisdom, Janie Brown, Linda Kitchens, Kenneth Clement and Danny West.

Freshmen Elect Class Officers

By JIM OWENS
Class Reporter

The AHS freshmen students held a class meeting last Wednesday and elected officers for the current school year.

John Reagan was elected to serve as president; Ray Mac Poage is to serve as vice president; Jana Stevenson as secretary; Ronal Stillwell was selected treasurer; and Jim Owens is the reporter.

Other class activities will be reported on concurrently with the particular activity.

Junior Class Elects Officers

By BILLY BARRICK
Class Reporter

Members of the junior class of Abernathy High School elected officers during a class meeting held last Wednesday at the school.

Gid Adkisson was elected to head the class as its president for the current school year. Bobby Pettit was elected vice president; Sherry Wilson is the new secretary; Dianne DuBose is treasurer; Eddie Davis is parliamentarian; Angela Presley is the annual representative; and the class reporter is Billy Barrick.

Class Officers Are Selected

By LARRY FLORENCE
Class Reporter

Senior students of Abernathy High School held a business meeting last Wednesday and elected officers for the present school year.

Class officers are as follows: Dan Thompson, president; Billy Jack Hackler, vice president; Sue Suttle, secretary; Harold Davis, treasurer; and Larry Florence, reporter.

Cafeteria Menu

Monday, Oct. 9
Fish, Potatoes, Green Beans, Combination Salad, Hot Rolls, Butter, Cake Squares, and Milk.

Tuesday, Oct. 10
Hamburgers, Baked Beans, Cornbread, Butter, Fruit Cup, and Milk.

Wednesday, Oct. 11
Fried Chicken, Buttered Corn, Green Beans, Cranberry Sauce, Hot Rolls, Butter, Cup Cakes, and Milk.

Thursday, Oct. 12
Chili, Pinto Beans, Spanish Rice, Combination Salad, Cornbread, Butter, Fruit, and Milk.

Friday, Oct. 13
Baked Turkey, Potatoes, Cranberry Sauce, Early June Peas, Hot Rolls, Butter, Ice Cream, and Milk.

Fathers To Be Special Guests Of Local P-TA

Fathers will be special guests October 9 when the Abernathy Parent-Teacher Association meets in the school auditorium at eight.

The program, entitled "Dads 'n' Lads," will present Captain W. A. Cox, Lubbock Police Department Juvenile Division, as guest speaker with a local men's quartet as an added attraction.

In discussing the changes, interests, and problems of the "teen-agers" Captain Cox will point out objective methods of dealing with boys and girls of this age as a bulwark against delinquency with the needed security of encouragement from their "home team" through effective learning habits in the home.

Registration for Room Count will again be made at tables in the lobby. All parents and interested persons are urged to be present.

SCHOOL LUNCH PROGRAMS CONTINUE TO EXPAND

More than 14 million of the expected enrollment of 46 million children in the nation's schools will participate in the National School Lunch Program this year, reports the U. S. Department of Agriculture.

Last year, well over $1 billion worth of foods, equipment and services were required to provide the 2.3 billion lunches consumed by the 13.5 million participating school children. Payment of this billion dollar lunch check comes from three basic sources—roughly 60 percent is paid by the children with the remaining cost about equally divided between state and local sources and the Federal Government.

The program, in its present form, began in 1946 when Congress passed the National School Lunch Act "to safeguard the health and well-being of the nation's children, and to encourage the domestic consumption of nutritious agricultural products.'

When the new program got underway in the fall of 1946, less than one school child out of six was able to buy lunch at school. This year one out of three will eat lunch at school. Of the total lunches served, about one in 10 is served free to children who cannot afford to pay.

County Average On Wheat Is Announced

The average county rates per acre for wheat acreage diverted to conservation uses under the 1962 wheat program are $28.50 and $38.00, according to E. J. Pope, Jr., chairman of the Agricultural Stabilization and Conservation Committee.

Individual farm rates are based on these county rates, depending on the farm's productivity in relation to the county average, the chairman said. He also pointed out that each wheat producer in the county with a 1962 wheat allotment, and also each producer without allotments who have grown wheat in at least one of the years 1959, 1960, or 1961, has received information on the 1962 wheat program, including two rates for his farm.

For the minimum payment, the rate is 45 percent of the adjusted basic county support rate, multiplied by the number of diverted acres, and then by the individual farm yield or productivity index.

The maximum payment rate is computed in the same way using 60 percent of the adjusted basic county support rate.

Producers must use an acreage at least equal to 11.1 percent of their 1962 farm wheat allotment for conservation in order to be eligible for price support under the 1962 program and be in compliance with their 1962 allotment.

In addition, farmers may voluntarily divert an additional one-third of their 1962 allotment. The payment earned for this additional diversion is made at the maximum farm payment rate.

The diverted acreage must represent an additional amount over the normal conservation acreage and any acreage diverted to conservation uses for which payment is made under any other Federal program, such as the feed grain program. However, cost-sharing under the Agricultural Conservation Program (ACP) or the Great Plains Conservation Program (GP-CP), may be used to carry out conservation practices on diverted acres.

Wheat Growers Are Cautioned On Acreage

Some small wheat producers who have grown less than 15 acres of wheat in the past three years may be subject to marketing quotas and penalties—under provisions of the wheat stabilization program for 1962, according to E. J. Pope, Jr., chairman, Hale County Agricultural Stabilization and Conservation Committee.

Under previous programs, farms that had less than 15 acres of wheat, or farms that did not produce more than 200 bushels of wheat annually, were not subject to marketing quotas even though they had allotments of 15 acres or less. The 200-bushel exemption has been repealed, and the 15 acre exemption is no longer applicable under the new program.

For 1962, the marketing quota exemption for those who planted 15 acres of wheat during any one of the three years 1959, 1960, or 1961, and whose allotment is less than 13.5 acres, will be reduced to 13.5 acres. Exemption for growers who planted less than 13.5 acres of wheat will be the highest planted acreage in any one of these three years if the 1962 allotment is less than such highest acreage.

In addition to these quota requirements, some small producers may also be subject to marketing quota penalties under certain conditions, Mr. Pope pointed out. For example, farmers who have not grown wheat in any one of the past three years and who grow wheat for harvest without an allotment in 1962 will be subject to marketing quota penalties on the entire production.

TREAT SMALL GRAIN SEED EARLY

Treat small grain seed for higher yields and greater profits. That's the advice of R. J. Hodges, extension agronomist, who reminds farmers that the time for treating is now—even though small grain seeding time is still a few weeks away.

By treating now, the farmer can avoid the seasonal rush and be sure the crop is protected against disease, Hodges points out.

When treating wheat, oats, barley or rye, be sure to use a mercury treatment. By applying a mercury treatment early, the farmer gains the additional benefit of "vapor action." Vapor action assures that all disease organisms on the seed surface and inside cracks and crevices are killed.

As the seed is treated, small amounts of the chemical are deposited on each seed. Within a few hours, organic mercury on the seed vaporizes, and the vapors surround the kernels and penetrate into the cracks. The vapor later condenses and becomes permently and uniformly attached to the seed. They will not dust off or deteriorate while the seed is in storage or in the drill.

Even after the treated seeds are planted, the treatment continues to protect the seed from disease organisms in the soil, says Hodges.

For further information on seed treatment, contact your local county agent.

Brother-In-Law Of Local Women Is Given Assignment In Europe

(Editor's Note: The following U. S. Army news release from Joliet, Ill., concerns a brother-in-law of Mrs. Clyde E. Rhodes, Sr., and Mrs. Bess Carey, both of Abernathy.)

John E. Wisdon, 1115 Barthelme St., Joliet, Ill., has been picked as a member of a team of experts that will visit western Europe to provide consultant services on the ammunition program of five friendly nations.

Wisdom has been a chemical engineer in the manufacturing branch of the Ordinance Ammunition Command since he came to Joliet in 1953.

He departed for Europe about the middle of September and will spend six weeks visiting ammunition manufacturing facilities in Great Britain, France, Germany, Italy and Spain.

Wisdom began his career in the ammunition industry in 1942 at the Pantex Ordance Plant, Amarillo, Texas. Before he came to OAC he also worked at the Cactus Ordnance Plant, Dumas, Texas; San Jacinto Ordnance Plant, Houston, Texas; and Cornhusker Ordnance Plant, Grand Island, Neb.

He had previously worked at an oil refinery in Texas, in Cuba at a sugar production plant operated by E. I. du Pont de Nemours & Co., Inc., and as a high school principal at Claude, Texas.

Wisdom is a native of Panhandle, Texas, and a 1929 graduate of Texas Technological College, Lubbock, Texas, with a bahelor of science in chemical engineering degree.

Mrs. Wisdom, the former Velma Slemmons of Abernathy, Texas, is teacher in the Taft School, Joliet.

Mr. and Mrs. Wisdom have three daughters, Mrs. R. L. Ludeman, 119 Stadium Drive, Joliet; Mrs. William G. James, Lockport; and Mrs. James Enderson, Laramie, Wyoming.

Wisdom is the son of Mrs. Maggie Wisdom, Claude, Texas.

News of Men In Service

Army Specialist Four James D. Brice, whose wife, Mable, lives at 2515 Colorado Avenue, Stockton, Calif., completed the 16-week aircraft powertrain repair course at the Transportation School, Fort Eustis, Va., Sept 15.

Specialist Brice entered the Army in May 1960 and completed basic training at Fort Carson, Colo.

The 21-year-old soldier, son of Mr. and Mrs. James D. Brice, Route 1, Abernathy, attended Abernathy High School.

He was employed by the Hobbs Parson Produce Company, Stockton, Calif., before entering the Army.

Jr. Study Club News

The Abernathy Jr. Study Club met Tuesday, Sept. 26 at 7 p. m. to attend the Rodgers and Hammerstein stage play "Oklahoma" at the Theatre Center in Lubbock.

Those attending were, Mmes. Buford Davenport, Carl Phillips, Hugh Pettit, Virgil Phillips, Vernon Pettit, Elton Settle, R. J. Jones, Jr., and Gid Adkisson.

The next meeting will be Oct. 10, at 2:30 p.m. in the home of Mrs. Joe Barton.

Mrs. Lewis Lutrick and Mrs. Elton Settle will be in charge of the program.

Be sure to unload your guns, Mr. Sportsman, before putting them in the car. One careless action may cost a life.

County Line Chit Chats

By MRS. A. H. KLAFKA

Mr. and Mrs. J. L. Shelley of Baytown and Mrs. Lena Price and Billy of Austin were weekend guests of Mr. and Mrs. E. M. Crow.

Mr. and Mrs. G. W. Blackmon visited Mr. and Mrs. Aubrey Hood in Big Spring over the weekend.

Mr. and Mrs. Olen Horne and family went to Carlsbad Caverns Monday of last week.

Mrs. Mathew Goodrich went to Oklahoma last Tuesday to be with her mother who is in the hospital.

Wilton Manley of Canyon spent the weekend with his parents, Mr. and Mrs. G. W. Manley.

Mr. and Mrs. H. B. Richardson, parents of Mrs. Darrell Stephens of Abilene, spent a few days in the Stephens home last week.

Mr. and Mrs. Marvin Stephens, Rhonda and Becky Stephens, spent Sunday in Farwell.

Mr. and Mrs. C. S. Hudson and Ann spent the weekend in Carter, Okla., with his brother and family, Mr. and Mrs. Daulton Hudson.

VISIT HERE

Visitors here recently in the home of Mr. and Mrs. J. E. Jackson were her sister and family, Mr. and Mrs. J. C. Minor and the Minor's daughter, Mrs. Jerry Carlson, all of Sacramento, Calif. It was the first time Mrs. Jackson and her sister had seen each other in 42 years.

Examination For Postmaster Job Here Announced

An examination for Postmaster at Abernathy, Texas, $5,790 a year, will be open for acceptance of applications until October 10, 1961, the Commission announced. This examination has been announced under revised qualifications standards recently agreed upon between the Commission and the Post Office Department.

Competitors for the postmaster vacancy in this city must have at least 3 years of experience (education above high school level may be substituted for 1½ years of experience) showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise employees so that customers are satisfied with the service.

Competitors must also show that they are of good reputation and that they can deal with the public agreeably and effectively.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, and fitness for the position. They must have resided within the delivery of the office for one year immediately preceding the closing date of the examination. In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. Persons over 70 years of age cannot be appointed.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filed with the U. S. Civil Service Commission, Washington 25, D. C., and must be received or postmarked not later than the closing date.

Persons interested in cattle feeding may find a visit with the local county agent very profitable, suggests U. D. Thompson, extension animal husbandman. He says they have available or can get plans for feed lots, feeders and other equipment and have available information on feeds and feeding.

Wedding Set For November 23

Mr. and Mrs. Wade McKeown of Shallowater wish to announce the engagement and approaching marriage of their daughter, Doris Jean, to A. C. Harris. He is the son of Mr. and Mrs. A. C. Harris, Sr., of Abernathy.

Miss McKeown is a 1961 graduate of Shallowater High School. She is now employed by Hemphill-Wells. Mr. Harris is a 1958 graduate of Abernathy High School and is now employed by Joe Thompson Implement Company.

The couple will marry November 23 in the home of the bride-elect's parents.

TECH'S OPPONENTS NOT TO BE UNDERESTIMATED

Quality of Texas Tech's home schedule was emphasized by opening games played recently.

Texas A & M, the Raiders' first foe here, Oct. 7, managed an upset tie with University of Houston 7-7; Texas Christian (Oct. 14) stunned nationally-ranked Kansas 17-16; Baylor (Oct. 21) rolled over Wake Forest 31-0; Rice (Nov. 4) toppled mighty Louisiana State 16-3; Boston College (Nov. 25) rolled over Cincinnati 23-0; and West Texas State (Dec. 2) swamped Brigham Young 55-8.

Watch for children (and other pedestrians) at the cross-walk between city hall and Pinson's!

City Garden Club Holds Meeting

The City Garden Club met in the club room September 28 with 17 members present. Mrs. J. P. Nystel was the hostess.

Plans were further discussed for the District Zone meeting and members were told what the menu would be.

The Rummage Sale started Saturday in Mrs. Hernon Peel's building, same as last fall. The Rummage Sale will be held each Saturday from 9:30 a. m. until 5 p. m.

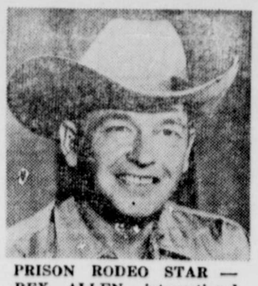
The club has received the Christmas wrappings and bows for all to sell. Proceeds will go for benefit to the blind.

Mrs. S. R. Jackson gave an interesting program on "Culture and Use of Flowering Shrubs in Landscaping," at the recent meeting.

Refreshments were served to the following members: Mmes. W. V. Halford, Harlow Neis, M. M. Bell, T. O. Brown, J. M. Gardner, G. B. Adkisson, Sr., J. A. Givens, O. W. Weaks, H. B. Coggin, R. H. Beard, T. A. Brewster, Floyd Shipman, Ed Heath, G. M. Carr, H. H. Selke and S. R. Jackson.

Mrs. T. A. Brewster, Reporter

Mr. and Mrs. Bobby Barton visited friends in Amarillo last weekend. Mr. and Mrs. Paul Harral visited their daughter, Mrs. John Toman, and family there Sunday. Also in Amarillo Sunday were two women's teams from Abernathy bowling in a travel league.



PRISON RODEO STAR — REX ALLEN, international star of movies, TV and radio, and his famous horse, KOKO, will highlight the second performance of the 30th Annual Texas Prison Rodeo in Huntsville, Sunday, Oct. 8. There will also be rugged convict rodeo contests, special inmate entertainment, and other events by free-world specialists. The rodeo begins at 2 P.M. and lasts two hours. Net proceeds from ticket sales go to purchase rehabilitative services not furnished by legislative funds. There will be other top-flight artists making personal appearances at the rodeo on subsequent Sundays in October.

Mail News to The Review

Use Of Defoliants And Desiccants On Hale County's 1961 Cotton Crop

Each year about this time Hale County cotton farmers are faced with making the decision about whether or not to use a cotton desiccant or defoliant on their cotton crop. County Agent Ollie Liner points out that at least 60 percent of the bolls should be open before a defoliant is applied and the remaining bolls should be fairly mature. At least 80 percent of the bolls should be open and the remainder of the bolls should be mature before a desiccant is applied. Keep in mind that a desiccant acts similar to a frost and that it kills all of the leaves and the plant. The action, however, is less abrupt than a killing frost because it takes the desiccant a few days to kill the cotton plants, whereas, a killing frost is a more instant type action and an immediate shock. Defoliants do not kill the plant, but instead cause the mature leaves to drop off, which is the reason defoliants can be applied with a smaller percentage of the cotton open.

Farmers will want to keep in mind that to produce quality cotton and high yields it cannot be defoliated or desiccated before the proper stages of maturity are reached. Liner points out that research at the Lubbock Station has shown that too early an application (30 percent open bolls) of either a defoliant or desiccant has reduced lint yields as much as 175 pounds per acre. On this same test the cotton that was treated too early graded wasty while the untreated cotton graded higher. It should also be remembered that cotton treated too early with a defoliant or a desiccant has a lower micronaire than that which is not treated or is treated at the proper stage.

This is not to say that cotton defoliants and desiccants do not have a place in growing and harvesting quality cotton. They very definitely do. However, for top quality cotton and maximum yields, wait until 60 percent is open before applying a defoliant or 80 percent is open before applying a desiccant.

Extension Service Leaflet 145 "The Cotton Defoliation Guide for Texas for 1961" is now available in County Agent Ollie Liner's Office. Liner states that the new 1961 guide again lists the available cotton defoliants and desiccants as well as the proper rate and concentration for applying each of the chemicals. Keep in mind that many of these harvest aid chemicals are very poisonous. Be sure to read the labels on the containers carefully before handling or using these materials.

Warning To Motorists

With the starting of school, all motorists are reminded of the State law regulating traffic in regard to school buses. "The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may proceed past such school bus at a speed which is prudent, not exceeding (10) miles per hour, with due caution for the safety of such children."

Mrs. A. N. Johnson, who was taken to St. Mary's Hospital in Lubbock September 24, is reported to be recovering from a stroke, but will be required to stay in the hospital a few more days.

Newsbits FROM New Deal High

(By ANN SPEER)

Officers of the New Deal High School Band for the current school year were elected in a meeting held Wednesday, Septebmer 27, at the high school.

They are Marilyn Harkey, president; Jimmy Esty, vice-president; Molly Vickers, secretary; and Philip Hogg, treasurer. Miss Harkey is also the band drum majorette.

— Ann —

Six weeks tests are being held this week at New Deal. The following is a schedule for the testing periods.

Tuesday, October 3—Periods 3 and 6.

Wednesday, October 4—Periods 2 and 5.

Thursday, October 5—Periods 1, 4 and 7.

The report cards will be issued the first Wednesday following the tests.

— Ann —

The F.F.A. and F.H.A. held a joint party Friday night. They went to the Picadilly in Lubbock to eat and then to Twin Lakes to play miniature golf. The F.F.A. Sweetheart and the F.H.A. Beau were announced.

The Sweetheart is Miss Shirley French, 17 year old senior and daughter of Mr. and Mrs. C. E. French.

The Beau is Glenn Coker, 16 year old junior, and son of Mr. and Mrs. James W. Coker.

— Ann —

The New Deal Lions will make their bid in the District 4-B race Friday night when they play host to the team from Sands (Ackerly).

In non-conference play this season, the Lions have won one game and lost three. They had an open date last week.

The following is a roster of the 1961 football squad of New Deal High School. It lists the position played, weight, class, and number of each player.

Name	Position	Wt.	Class	G. No.	W. No
Larry McBride	E	150	SR	80	80

News of Men In Service

Army Specialist Four James D. Brice, whose wife, Mable, lives at 2515 Colorado Avenue, Stockton, Calif., completed the 16-week aircraft powertrain repair course at the Transportation School, Fort Eustis, Va., Sept 15.

Specialist Brice entered the Army in May 1960 and completed basic training at Fort Carson, Colo.

The 21-year-old soldier, son of Mr. and Mrs. James D. Brice, Route 1, Abernathy, attended Abernathy High School.

He was employed by the Hobbs Parson Produce Company, Stockton, Calif., before entering the Army.

Jr. Study Club News

The Abernathy Jr. Study Club met Tuesday, Sept. 26 at 7 p. m. to attend the Rodgers and Hammerstein stage play "Oklahoma" at the Theatre Center in Lubbock.

Those attending were, Mmes. Buford Davenport, Carl Phillips, Hugh Pettit, Virgil Phillips, Vernon Pettit, Elton Settle, R. J. Jones, Jr., and Gid Adkisson.

The next meeting will be Oct. 10, at 2:30 p.m. in the home of Mrs. Joe Barton.

Mrs. Lewis Lutrick and Mrs. Elton Settle will be in charge of the program.

Be sure to unload your guns, Mr. Sportsman, before putting them in the car. One careless action may cost a life.

County Line Chit Chats

By MRS. A. H. KLAFKA

Mr. and Mrs. J. L. Shelley of Baytown and Mrs. Lena Price and Billy of Austin were weekend guests of Mr. and Mrs. E. M. Crow.

Mr. and Mrs. G. W. Blackmon visited Mr. and Mrs. Aubrey Hood in Big Spring over the weekend.

Mr. and Mrs. Olen Horne and family went to Carlsbad Caverns Monday of last week.

Mrs. Mathew Goodrich went to Oklahoma last Tuesday to be with her mother who is in the hospital.

Wilton Manley of Canyon spent the weekend with his parents, Mr. and Mrs. G. W. Manley.

Mr. and Mrs. H. B. Richardson, parents of Mrs. Darrell Stephens of Abilene, spent a few days in the Stephens home last week.

Mr. and Mrs. Marvin Stephens, Rhonda and Becky Stephens, spent Sunday in Farwell.

Mr. and Mrs. C. S. Hudson and Ann spent the weekend in Carter, Okla., with his brother and family, Mr. and Mrs. Daulton Hudson.

VISIT HERE

Visitors here recently in the home of Mr. and Mrs. J. E. Jackson were her sister and family, Mr. and Mrs. J. C. Minor and the Minor's daughter, Mrs. Jerry Carlson, all of Sacramento, Calif. It was the first time Mrs. Jackson and her sister had seen each other in 42 years.

Examination For Postmaster Job Here Announced

An examination for Postmaster at Abernathy, Texas, $5,790 a year, will be open for acceptance of applications until October 10, 1961, the Commission announced. This examination has been announced under revised qualifications standards recently agreed upon between the Commission and the Post Office Department.

Competitors for the postmaster vacancy in this city must have at least 3 years of experience (education above high school level may be substituted for 1½ years of experience) showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise employees so that customers are satisfied with the service.

Competitors must also show that they are of good reputation and that they can deal with the public agreeably and effectively.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, and fitness for the position. They must have resided within the delivery of the office for one year immediately preceding the closing date of the examination. In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. Persons over 70 years of age cannot be appointed.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filed with the U. S. Civil Service Commission, Washington 25, D. C., and must be received or postmarked not later than the closing date.

Persons interested in cattle feeding may find a visit with the local county agent very profitable, suggests U. D. Thompson, extension animal husbandman. He says they have available or can get plans for feed lots, feeders and other equipment and have available information on feeds and feeding.

Wedding Set For November 23

Mr. and Mrs. Wade McKeown of Shallowater wish to announce the engagement and approaching marriage of their daughter, Doris Jean, to A. C. Harris. He is the son of Mr. and Mrs. A. C. Harris, Sr., of Abernathy.

Miss McKeown is a 1961 graduate of Shallowater High School. She is now employed by Hemphill-Wells. Mr. Harris is a 1958 graduate of Abernathy High School and is now employed by Joe Thompson Implement Company.

The couple will marry November 23 in the home of the bride-elect's parents.

TECH'S OPPONENTS NOT TO BE UNDERESTIMATED

Quality of Texas Tech's home schedule was emphasized by opening games played recently.

Texas A & M, the Raiders' first foe here, Oct. 7, managed an upset tie with University of Houston 7-7; Texas Christian (Oct. 14) stunned nationally-ranked Kansas 17-16; Baylor (Oct. 21) rolled over Wake Forest 31-0; Rice (Nov. 4) toppled mighty Louisiana State 16-3; Boston College (Nov. 25) rolled over Cincinnati 23-0; and West Texas State (Dec. 2) swamped Brigham Young 55-8.

City Garden Club Holds Meeting

The City Garden Club met in the club room September 28 with 17 members present. Mrs. J. P. Nystel was the hostess.

Plans were further discussed for the District Zone meeting and members were told what the menu would be.

The Rummage Sale started Saturday in Mrs. Hernon Peel's building, same as last fall. The Rummage Sale will be held each Saturday from 9:30 a. m. until 5 p. m.

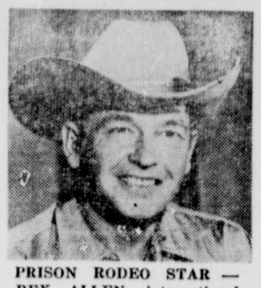
The club has received the Christmas wrappings and bows for all to sell. Proceeds will go for benefit to the blind.

Mrs. S. R. Jackson gave an interesting program on "Culture and Use of Flowering Shrubs in Landscaping," at the recent meeting.

Refreshments were served to the following members: Mmes. W. V. Halford, Harlow Neis, M. M. Bell, T. O. Brown, J. M. Gardner, G. B. Adkisson, Sr., J. A. Givens, O. W. Weaks, H. B. Coggin, R. H. Beard, T. A. Brewster, Floyd Shipman, Ed Heath, G. M. Carr, H. H. Selke and S. R. Jackson.

Mrs. T. A. Brewster, Reporter

Mr. and Mrs. Bobby Barton visited friends in Amarillo last weekend. Mr. and Mrs. Paul Harral visited their daughter, Mrs. John Toman, and family there Sunday. Also in Amarillo Sunday were two women's teams from Abernathy bowling in a travel league.



PRISON RODEO STAR — REX ALLEN, international star of movies, TV and radio, and his famous horse, KOKO, will highlight the second performance of the 30th Annual Texas Prison Rodeo in Huntsville, Sunday, Oct. 8. There will also be rugged convict rodeo contests, special inmate entertainment, and other events by free-world specialists. The rodeo begins at 2 P.M. and lasts two hours. Net proceeds from ticket sales go to purchase rehabilitative services not furnished by legislative funds. There will be other top-flight artists making personal appearances at the rodeo on subsequent Sundays in October.

Mail News to The Review

Use Of Defoliants And Desiccants On Hale County's 1961 Cotton Crop

Each year about this time Hale County cotton farmers are faced with making the decision about whether or not to use a cotton desiccant or defoliant on their cotton crop. County Agent Ollie Liner points out that at least 60 percent of the bolls should be open before a defoliant is applied and the remaining bolls should be fairly mature. At least 80 percent of the bolls should be open and the remainder of the bolls should be mature before a desiccant is applied. Keep in mind that a desiccant acts similar to a frost and that it kills all of the leaves and the plant. The action, however, is less abrupt than a killing frost because it takes the desiccant a few days to kill the cotton plants, whereas, a killing frost is a more instant type action and an immediate shock. Defoliants do not kill the plant, but instead cause the mature leaves to drop off, which is the reason defoliants can be applied with a smaller percentage of the cotton open.

Farmers will want to keep in mind that to produce quality cotton and high yields it cannot be defoliated or desiccated before the proper stages of maturity are reached. Liner points out that research at the Lubbock Station has shown that too early an application (30 percent open bolls) of either a defoliant or desiccant has reduced lint yields as much as 175 pounds per acre. On this same test the cotton that was treated too early graded wasty while the untreated cotton graded higher. It should also be remembered that cotton treated too early with a defoliant or a desiccant has a lower micronaire than that which is not treated or is treated at the proper stage.

This is not to say that cotton defoliants and desiccants do not have a place in growing and harvesting quality cotton. They very definitely do. However, for top quality cotton and maximum yields, wait until 60 percent is open before applying a defoliant or 80 percent is open before applying a desiccant.

Extension Service Leaflet 145 "The Cotton Defoliation Guide for Texas for 1961" is now available in County Agent Ollie Liner's Office. Liner states that the new 1961 guide again lists the available cotton defoliants and desiccants as well as the proper rate and concentration for applying each of the chemicals. Keep in mind that many of these harvest aid chemicals are very poisonous. Be sure to read the labels on the containers carefully before handling or using these materials.

Warning To Motorists

With the starting of school, all motorists are reminded of the State law regulating traffic in regard to school buses. "The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may proceed past such school bus at a speed which is prudent, not exceeding (10) miles per hour, with due caution for the safety of such children."

Mrs. A. N. Johnson, who was taken to St. Mary's Hospital in Lubbock September 24, is reported to be recovering from a stroke, but will be required to stay in the hospital a few more days.

Newsbits FROM New Deal High

(By ANN SPEER)

Officers of the New Deal High School Band for the current school year were elected in a meeting held Wednesday, Septebmer 27, at the high school.

They are Marilyn Harkey, president; Jimmy Esty, vice-president; Molly Vickers, secretary; and Philip Hogg, treasurer. Miss Harkey is also the band drum majorette.

— Ann —

Six weeks tests are being held this week at New Deal. The following is a schedule for the testing periods.

Tuesday, October 3—Periods 3 and 6.

Wednesday, October 4—Periods 2 and 5.

Thursday, October 5—Periods 1, 4 and 7.

The report cards will be issued the first Wednesday following the tests.

— Ann —

The F.F.A. and F.H.A. held a joint party Friday night. They went to the Picadilly in Lubbock to eat and then to Twin Lakes to play miniature golf. The F.F.A. Sweetheart and the F.H.A. Beau were announced.

The Sweetheart is Miss Shirley French, 17 year old senior and daughter of Mr. and Mrs. C. E. French.

The Beau is Glenn Coker, 16 year old junior, and son of Mr. and Mrs. James W. Coker.

— Ann —

The New Deal Lions will make their bid in the District 4-B race Friday night when they play host to the team from Sands (Ackerly).

In non-conference play this season, the Lions have won one game and lost three. They had an open date last week.

The following is a roster of the 1961 football squad of New Deal High School. It lists the position played, weight, class, and number of each player.

ABERNATHY WEEKLY REVIEW

Thursday, October 5, 1961 — Page 10

Published On Thursday of Each Week In Abernathy, Texas
Entered As Second Class Mail Matter At The Post Office At Abernathy, Texas, Under The Act Of Congress of March 3, 1879
ESTABLISHED IN 1921
Richard Havens, Editor — Buford F. Davenport, Publisher
P. O. Box 847, Abernathy, Texas
605 Avenue C — Telephone CY-8-2033

"Exposition Of Music" Is 1961 State Fair Theme

The 1961 State Fair of Texas will have an "Exposition of Music" theme. Dates of the Fair are Oct. 7-22.

Musical events of all types from classical to jazz will be highlighted at the 1961 State Fair to carry out the exposition theme.

Every high school band in the state will be invited to participate in some way. College and university bands, orchestras, choruses and similar groups will also be encouraged to give performances at the Fair.

A big feature of the 1961 Fair will be a spectacular parade around the fairgrounds each evening. The parade will include elaborate illuminated floats carrying out the musical theme, in addition to bands and other marching units.

Some 32 cities and towns throughout a 200-mile area will be offered the opportunity to participate in the parade, with two cities each night due to be honored with its local queen riding on the town float and its high school band included in the line of march.

Among major musical events planned for the "Exposition of Music" are a Gospel Singing Festival, old fiddlers contest, the annual Texas Music Festival sponsored by the Texas Music Educators Association, a Circus Night in the Cotton Bowl, a special children's concert, a pageant saluting "East Texas on Parade" and a college jazz concert.

An appropriate tie-in with the "Exposition of Music" is the show to be presented in State Fair Music Hall during the 1961 Fair. This will be the Rodgers and Hammerstein Broadway hit, "The Sound of Music," to be staged here by the national company. The popular "Ice Capades" also will include numerous musical themes.

"The State Fair down through the years has made many contributions to the musical taste of this area, from the early-day band concerts by the Sousas and Liberatis down through the great musical shows presented at the Fair in recent years," said James H. Stewart, executive vice president and general manager.

Engagement Is Announced

Mr. and Mrs. H. T. Peters of Abernathy are announcing the engagement and approaching marriage of their daughter, Patsy Jean, to Donald Ray Marcy, son of Mr. and Mrs. A. L. Marcy, also of Abernathy. The couple plan to be married late in December.

News Briefs

Visitors last week in the home of Mr. and Mrs. Bobby Dyess were her parents, Mr. and Mrs. V. O. Bowden, of Lovington, N.M.

Mr. and Mrs. R. H. (Buddy) Lutrick of Rodeo, N. M., visited her parents, Mr. and Mrs. J. R. Robinson, and other relatives here last weekend.

Recent guests in the home of Mr. and Mrs. T. A. Brewster included Mr. and Mrs. Herman Brewster, Portland, Ore.; Mr. and Mrs. George Brewster, Mrs. R. S. Balch and Mr. and Mrs. Edgar Kendall, all of Abilene; Mr. and Mrs. H. C. Saffel, Colton, Calif., and Mr. and Mrs. Frank Rone and son, Tommy, of Sudan.

O. L. Gilland was taken to Methodist Hospital, Lubbock, early Tuesday morning by Chambers Funeral Home ambulance.

The Texas Agricultural Extension Service, along with other State Cooperative Extension Services of the nation, has been assigned the responsibility for providing the educational and organizational leadership for carrying out the U. S. Department of Agriculture's Rural Areas Development Program. The USDA's RAD program is applicable to all counties and is an expansion and reorganization of the earlier rural development effort which operated on a pilot basis.

A compact, long-range emergency ration made from whole wheat has been developed and tested by USDA scientists. It was developed for stockpiling in fallout shelters. The product, in the form of wafers, have an estimated shelf life of five years and pack a lot of food value in a small space.

SUPPORT the AHS Antelope football team this season! Attend all the games and give the players a morale boost!

Blood Bank File Is Kept At Reid Chevrolet

The Walking Blood Bank File, promoted by the IOOF Lodge of Abernathy, is now kept at Reid Chevrolet. Edwin Crow, sales manager for Reid Chevrolet, is in charge of the file.

The card file, with the types of blood of people in the Abernathy area, is kept for the purpose of locating certain blood types in case of an emergency. Also, a person whose name is carried in the file may receive blood more quickly in the case of an emergency, whereby the necessity of taking another blood test could be eliminated.

About 450 names are now in the Walking Blood Bank File. A large number of these individuals have rare blood types, and a few have very, very rare blood types.

Anyone wishing to file his or her name and blood type in the file is asked to contact Ed Crow at Reid Chevrolet, or any member of the IOOF Lodge.
