Adair's Crew Try To Snuff Out Oil Fire

VENICE, La. (AP) — It sounds like a thousand jets thundering as the giant finger of flame rises from the big offshore oil platform, weaving a blanket of gray smoke over the Gulf of Mexico.

The platform houses a dozen oil wells, owned by Chevron Oil Co. It broke into flames three weeks ago and today the platform, 30 miles off the southeastern Louisiana marshlands, is a tangled web of steel.

Fire fighting specialist Red Adair's crew is working to try to snuff out the fire and cap the wells. Before flames engulfed it on Feb. 10, the 12-well cluster was producing 900 barrels of oil daily.

There will be another problem when the fire is extinguished—oil will spill into the Gulf and may contaminate rich oyster beds.

Company officials said there is no way to estimate how much oil will spill from the wells because they are not sure how many in the group surfacing at the platform are producing.

"We're not going to make mistakes made before, like the Torrey Canyon," said Tom Riggs, assistant general manager of Chevron, referring to the big tanker which hit a reef and blackened the Cornish coast of England with its oil cargo in March, 1967.

He said a likely way to handle the spill would be to station barges around the platform to scoop up the oil as it pours forth.

Just when Adair's crew will try to snuff out the fire is not known.

"It might be three days or three weeks," Riggs said. "We just don't know. It's all up to Adair's men. They'll move when they feel they're ready."

Chevron has erected a platform adjacent to the burning wells from it, a half dozen big hoses play on the fire.

Riggs said the company's loss would run well into the millions.

Ex-Okie Speaker McCarty To Be Paroled June 1

TEXARKANA, Tex. (AP) — J.D. McCarty, former Oklahoma speaker of the House, will be paroled June 1, L.M. Konnett, warden at the federal correctional institution here, said today.

Konnett said McCarty had a recent parole hearing and the date for release was announced today.

McCarty was sentenced originally to three years imprisonment but U.S. Dist. Judge Luther Bohanon of Oklahoma City trimmed the sentence in half shortly after McCarty was placed in the institution.

A three-year probationary sentence, which was to follow the three-year prison term, was removed by Bohanon.

McCarty was convicted in 1967 of evading payment on taxes on some \$12,000 for the year 1962 and of knowingly signing his 1962 tax return as true.

He was acquitted on similar charges in connection with his 1960 and 1961 taxes.

McCarty served 26 years in the state House of Representatives, including three terms as House speaker before he was defeated in a re-election bid in 1966.

10 YEARS IN PRISON 'High Priest Of Pot' Sentenced

HOUSTON (AP) — Dr. Timothy Leary was sentenced to 10 years in prison today on charges of smuggling marijuana into the United States from Mexico.

Defense lawyers at once served notice of appeal and Leary was whisked off to Santa Ana, Calif., where he faces sentencing on charges of marijuana possession.

Leary was sentenced before U.S. Dist. Judge Ben Connolly, who called Leary a "menace to the country" who "openly advocated violation of the law."

Leary, 50, dressed in a tan suit and open blue shirt, received the sentence without expression.

His 24-year-old dewy-eyed wife, Rosemary, kissed Leary in a long embrace upon Connolly's pronouncement. She wore flowing brown hair and knee-length boots.

Leary, known as a graying "high priest of pot" was formerly a Harvard instructor. He was convicted January 20, in Laredo on the smuggling charges. He was being held without bond at Santa Ana following a February 19 conviction on possession of marijuana.

Rail Talks To Resume

WASHINGTON (AP) — Railroad union and industry negotiators are scheduled to resume talks today in an effort to break their deadlock over contract negotiations that threatened a nationwide rail shutdown.

The talks are set to resume at 2 p.m., hours before a federal court rules whether to extend a restraining order that blocked a rail shutdown in February.

Plant Layoffs Up Foreclosures

DALLAS (AP) — Plant layoffs have contributed to the largest number of foreclosures on private residences in the Dallas area in recent years, the district director of the Federal Housing Administration said Sunday.

"We had 65 in January, and February went over the 250 mark in our whole district," said Edward J. Dee of the FHA.

Dee's district covers 35 counties in North and East Texas.

He said despite the increased number of foreclosures, February was the first month in recent years to show a significant hike.

Of the newest foreclosures, "a good number are in Greenville and Dallas County," Dee said.

The district director said 4,000 layoffs at Ling Temco Vought, Collins Radio and the closing of the Ford assembly plant in Dallas all contributed to the increase.

"If it continues, it would set a dangerous trend," Dee said of the foreclosures.

He said, however, that the FHA has had no problems in disposing of the houses on which it foreclosed.

"We still have a firm market here," he said, "but you do go through a period of readjustment."

In Today's HERALD Bombs Away!

U.S. B52s drop more than 1,000 tons of bombs on a North Vietnamese supply buildup extending from inside Laos to the northern entrance to the A Shan Valley. See Page 1-B.

On-The-Spot Investigation Completed

QUE SON, Vietnam (AP) — U.S. and South Vietnamese officials, working under constant sniper fire, have completed their on-the-spot investigation of charges that a five-man U.S. Marine patrol killed 16 civilians, informed sources said today.

The Vietnamese provincial and district investigators who made an independent inquiry said they were satisfied with the Marine prosecution on the case and would take no further action.

The findings of the Marine probe will now be submitted to what is called an Article 32 Session—the military equivalent of a grand jury hearing. Its recommendations will be reported to Maj. Gen. Edwin B. Wheeler, commander of the 1st Marine Division, who will decide whether to bring the accused men before a court-martial.

The bodies of the victims—5 women and 11 children—were found Feb. 20 near Son Thang village, a highly contested settlement about 2½ miles southwest of this district capital and about 27 miles south of Da Nang.

Although escorted by up to 150 Vietnamese soldiers each time they entered the village, the investigators drew fire from nearby treelines and hedgerows. In one instance, two Vietnamese soldiers were killed and several wounded in a firefight which ended only after a heavy barrage of Marine artillery and mortar fire from nearby Landing Zone Ross forced the enemy to withdraw.

No investigators were hurt.

The informants said the investigation teams determined the 16 victims were members of six Viet Cong families which had refused to be resettled in the relative security of a so-called "consolidated hamlet" 500 yards from their cluster of homes.

Both Vietnamese and U.S. Marines officials said, had warned them repeatedly they were living in a free-fire zone—an area into which allied forces may fire at will.

"But they were determined to stay near their menfolk who are fighting for the Viet Cong," said an American adviser familiar with the area.

U.S. Marine headquarters identified the five enlisted men charged with the massacre as: Lance Cpl. Randall D. Herrod, 20, Calvin, Okla.; Pfc. Thomas R. Boyd, 19, Evansville, Ind.; Pfc. Michael S. Krichen, 19, Hanover, Pa.; Pfc. Samuel G. Green, 18, Cleveland, Ohio, and Pvt. Michael A. Schwarz, 21, Weirton, W. Va.

Schwarz is married. The others are bachelors.

Pro-Israel Action Riles Up Pompidou

NEW YORK (AP) — French President Georges Pompidou meets today with leaders of Jewish organizations to discuss the pro-Israel demonstrations that have marred his visit to the United States.

More mass protests were expected today but spokesmen for the Jewish groups said Sunday night they "deplore any use of disorder or physical force to express our anguish over French Middle Eastern policy."

Pompidou's schedule also calls for a visit to the United Nations, where he will confer with Secretary-General U Thant on the Middle East situation. His schedule winds up with a dinner at the Waldorf-Astoria, where a major protest is planned.

Pompidou decided Sunday to go ahead with his scheduled two-day visit to New York despite misgivings and displeasure over hostile demonstrations in Chicago.

The decision came after Mayor John V. Lindsay appealed to New Yorkers to "avoid any discourtesy or other behavior that would mar this city's devotion to the lawful, peaceful resolution of all difficulties."

The demonstrations are to protest the French sale of 110 Mirage jet fighters to the Arab state of Libya while continuing to impose an embargo on the sale of military hardware to Israel.

Lindsay, who announced previously there would be no formal reception for Pompidou, will be in Washington during the president's two-day visit. He

U.S. Treasure Ship Seized By Cubans

CAN SPRING BE FAR BEHIND?—Robins have been filling the Big Spring skies for several weeks, and Herald Photographer Jim Rentz chased this one two blocks last week before he could zero in with his telephoto lens for this portrait. Spring must be just around the corner.

'Secret' Abilene School Board Deal Overruled

AUSTIN (AP) — The State Board of Education overruled today a Taylor County (Abilene) School Board decision that allegedly was made in secret be-

fore a public hearing was held.

The state board voted 8-7 to reverse the Taylor County school trustees and ordered the transfer of 73.9 acres of land from the Wylie Common School District to the Abilene Independent School District.

The transfer had been requested by the parents of 10 children in the area. State Education Commissioner J. W. Edgar had upheld the Taylor County board's denial of the transfer.

The only member of the county board who voted for the transfer said that members of the board met privately before a public hearing was held, and he said he believed all the board members had made up their minds at that closed meeting.

J. C. Hinsley, lawyer for the county board, conceded there had been a session and that "perhaps" it had violated the state open meetings law. But he said that law does not invalidate any decision made by a public board behind closed doors.

"It goes on all the time . . . in every community of this state, at least once or twice a month, somebody violates that law . . . The legislature has not said actions taken at those meetings should be void or invalid . . . If we are going to start a policy of adopting rules like that, I suggest the Board of Education should issue a statement

and put them on notice that if you make decisions in a meeting like that, we are going to overrule it," Hinsley said.

James Weeks, state board member from Abilene, made the motion to overrule the county board and permit the transfer.

State board member Paul Greenwood of Harlingen endorsed Weeks' motion and made a strong statement against closed meetings.

"By reversing the commissioner (Edgar), we will let local districts know we do not approve of secret meetings where matters of importance are decided and then a perfunctory hearing is held later," Greenwood said.

The families who requested the transfer said the Abilene district had better schools and contended that their social economic and community interests were closer to those of Abilene than to the Wylie district.

At Least 5 Americans Aboard Craft

MIAMI (AP) — Ship radio reports today indicated a Cuban patrol boat had escorted into Cuban waters an American treasure-hunting craft it had boarded on the high seas.

A spokesman in Washington for the firm that chartered the Jocelyn-C for treasure-hunting tests said at least five persons were aboard.

The U.S. Coast Guard in Miami refused to comment.

Marine broadcasts monitored in Miami said Cuban seamen boarded the 65-foot red, white and blue Jocelyn-C Sunday and removed two Cuban crewmen before beginning escort of the American boat into Cuban territorial waters just off La Isabela on the island's northern coast.

As the Jocelyn-C and the patrol boat traveled the 140 miles from the point of the reported boarding to La Isabela, the U.S. Coast Guard cutter Steadfast watched off shore. The cutter remained outside Cuba's three-mile limit.

Only four of the persons reportedly aboard the Jocelyn-C were identified immediately.

Early morning Havana radio broadcasts monitored in Miami made no mention of the incident.

The Steadfast was dispatched to the Atlantic between Cuba and the Bahamas early Sunday afternoon when the Jocelyn-C, commanded by Capt. Sten Carlson of East Orleans, Mass., reported by radio that the Cuban craft was approaching it. The vessel was 15 miles offshore, the radio report said.

Moments before the Jocelyn-C's transmitter went silent, the captain reported: "They're lowering their guns on us."

The Steadfast, a 210-foot heavy-duty cutter armed with a three-inch cannon and several machine guns, reportedly was operating under instructions not to attempt an interception of the two vessels.

The Jocelyn-C, under charter to a Washington firm known as Sub Mar, sailed from Fort Lauderdale Friday after having repairs made to its electronic treasure-hunting equipment. The equipment was to be tested during the cruise.

The Cubans reportedly boarded it near Cay Lobos, an island in the old Bahama channel north of Cuba.

Carlson's wife, Jocelyn, for whom the boat was named, said she spoke to her husband Thursday. She reported he told her a shakedown cruise had been completed and that he would call her again in about 10 days.

Mrs. Carlson lives with the couple's two children in East Orleans, Mass.

The Jocelyn-C left Cape Cod harbor Jan. 1, Carlson, 37, said at the time he was starting a three-month search for sunken Spanish gold in the Caribbean.

Sen. Kennedy Starts Out On 'Sentimental Journey'

NEW ROSS, Ireland (AP) — Sen. Edward M. Kennedy returned today to the riverside port from which his great-grandfather sailed to found a political dynasty in America and got a hearty cheer from a crowd of Irishmen who feel ten feet tall because of the relationship.

As the remaining male of a family with one assassinated President and an assassinated senator, Edward Kennedy trod the path of his brothers in this part of Ireland where the family originated. He called it a "sentimental journey."

The senator flew into Dublin with his wife earlier and then came by helicopter to New Ross, which is about a 15-minute drive to a place called Dunganstown, where President John F. Kennedy and also the late Sen. Robert F. Kennedy, be-

came acquainted with their ancestral farmhouse in 1963.

From New Ross on the Barrow River, Patrick Kennedy departed in a sailing ship and, with the Fitzgalds, established the triumphant and tragic family in Boston, Mass., 125 years ago.

Edward Kennedy's arrival here was muted, compared with the excitement attending brother John's trip here seven years ago. Only a few American flags were hoisted, along with the green, white and orange Irish tricolor.

The senator went on to visit the John F. Kennedy Memorial Park, 460 acres planted with trees from all over the world on the hilltop overlooking New Ross. He returns to Dublin to attend Tuesday's celebration of the 200th anniversary of the Historical and Debating Society at Trinity College.

Maiming Lad Charges Filed

AUSTIN (AP)—Maiming and disfiguring charges were filed late Sunday night against the adoptive parents of John Henry Polanco, 5, who has so many injuries one doctor said "it will take at least 48 hours to determine the extent of all of them."

Police Sgt. James Gillis filed the charges before justice of Peace Bob Kuhn.

"We'd received a tip that something was wrong," said patrolman Claude Hill.

WHAT A CLIMB — Bill Crall, as a delivery man, complains to Regina Portella, "Corey," about the climb to her sixth-floor apartment in this scene from "Barefoot in the Park," Thursday, Friday and Saturday in the Cosden Club.

Final 3 Performances For 'Barefoot In Park'

The three final performances of "Barefoot in the Park" will be presented Thursday, Friday and Saturday in the Cosden Club. The comedy, by Neil Simon, is about a kooky, young bride and her ambitious attorney husband who is confused by his wife's antics.

Regina Portella will play "Corey" Thursday and Saturday nights, and Kay Denny will take the role Friday night. Miss Portella is a senior at Big Spring High School and Mrs. Denny is the wife of 2nd Lt. Richard Denny, a student pilot at Webb AFB.

Chief Says Drug Traffic Climbing

Chief of Police Jay Banks said this morning the incidence of drug abuse in Big Spring has risen sharply in the past few weeks as public concern has subsided following the indictment of six persons for drug sales by the Howard County grand jury in January. Banks said illicit drug traffic in the city has again risen to the pre-grand jury level and cited the lack of public concern as a major factor in the rise. He said requests for police department programs on drugs have decreased drastically in the past month and said this indicates that public interest in the problem may have declined.

Helmet Taken

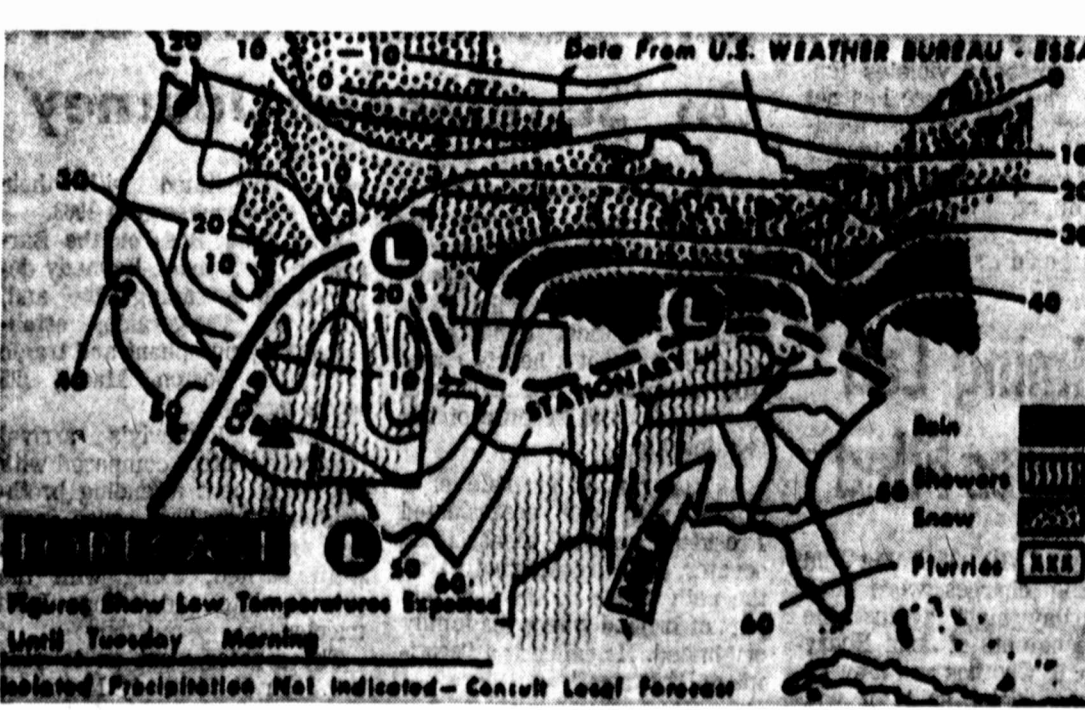

Nelson Hallford, 101 N. Cottonwood, told police Sunday night his helmet was stolen from his motorcycle as it was parked near the Phillips 66 Truck Stop, IS 20 and US 80 West, around 7:30 p.m.

Tractor Damaged

A trash fire ignited a tire on a tractor around noon Sunday at the Bryant Implement Company on the Lamesa Highway, firemen said, causing minor damage before the blaze was doused.

WEATHER FORECAST—Snow is forecast Monday for much of the northern half of the nation. A belt of rain is predicted for an area extending from the East Coast through the Midwest. Showers are expected in the South, Southwest and Midwest. There will be cold weather in the Northwest.

Mysterious Specifications Change Studied By County

A question on the bid taken last week for a new car for the sheriff's department was raised this morning in Commissioners Court by Commissioner Ray Nichols. "It struck me as strange that Ford bid on a larger car than we asked for in our specifications, so I asked them about it," Nichols said. "Bob Brock showed me a second list of specifications he received for a bigger car," Nichols said, showing the list to the commissioners.

The second list was a copy of the first with three alterations. Class I had been altered to Class II, the wheel base had been changed from 119 to 122 inches and a request for a spotlight had been added. All alterations were in pencil. Mrs. Virginia Black, county auditor, said the specifications were kept in her desk, and she had given copies to no one except commissioners and the car dealers. She said the altered specifications did not come through her office. Brock, Ford dealer, said he received the first list through the mail and later found the second one lying on his desk. Nichols said Brock assumed the commissioners had changed their minds about the specifications.

Pioneer Plans New Pipeline

AMARILLO — Pioneer Natural Gas Company has announced plans for building a 12-inch pipeline approximately 45 miles in length to extend from its existing gathering system in Gray County, Tex., to the Buffalo Wallow field in Hemphill County, Tex. In making the announcement, Burton P. Smith, president of Pioneer, said, "Construction will start immediately, and the pipeline is expected to be completed by July 15 of this year. The cost of the pipeline and related facilities connected with the project is expected to be about \$3.5 million."

Coincidental with the announcement of the pipeline, Smith revealed that Pioneer Natural Gas Company had signed a contract with the Celanese Corporation to provide gas for that company's chemical plant located near Pampa, Tex. "The contract will produce about \$4 million annual revenue for Pioneer," Smith said.

Car tags went on sale Feb. 1 and must be on the cars before midnight April 1, Mrs. LeFevre said.

Spring Wednesday. Judge Porter told commissioners they had been invited to send two representatives to a similar meeting March 11 in Midland. Representatives of the governor's office will be on hand at that time to explain goals of the same program. Judge Porter also reminded the commissioners of Student Government Day being sponsored Friday by the Chamber of Commerce. A breakfast will be held at 7:30 a.m. and students will tour city and county facilities later Friday morning.

Commissioners granted permission to Santa Fe Pipeline Co. to lay pipe across county roads and highways. A representative in an earlier meeting had asked proper procedure for submitting an application. The commissioners also approved a request from Webb AFB personnel to install more tie-downs at the County Airport where the T-41 Training Program from Webb is conducted. They approved a sealcoating project for the airport during the summer months.

In answer to a question from Mrs. Zarah LeFevre, tax collector, commissioners decided churches should be exempt from taxes for one church complex and one manse. Mrs. LeFevre said churches had been requesting exemptions for homes of assistant pastors and other personnel. Judge Porter said statutes exempt only the church and one manse.

Car Tag Fees Show Increase

Mrs. Zarah LeFevre, tax collector, said this morning her office has collected \$135,274.52 in motor vehicle fees during February. This figure is up \$27,825.93 from the \$107,448.59 collected in February, 1969. She gave no explanation for the increase.

This is the first year the Texas Highway Department has mailed computer cards to be sent in by automobile owners rather than the title of the car. The computer card will take the place of the car title and enables owners to purchase license plates by mail rather than in person.

Car tags went on sale Feb. 1 and must be on the cars before midnight April 1, Mrs. LeFevre said.

Chamber Has 500 Forms In

Chamber of Commerce Manager Tom Eastland said this morning that his office has received some 500 labor survey forms from area women since the survey was begun last Tuesday. The chamber instituted the survey at the request of several garment manufacturers to determine the number of women in this area who are qualified to work in the clothing industry. At a news conference last Tuesday members of the chamber Industrial Team announced that five clothing companies were considering Big Spring for a future industrial site. Eastland said this weekend that at least 3,000 job applicants are needed to consider the survey a success.

Lenten Speaker

Col. Harrison Lobdell, wing commander at Webb AFB, will be the speaker for the third Lenten program Wednesday at St. Mary's Episcopal Church. He will discuss "The Church, the Christian, and War." The evening prayer will begin at 6:30 p.m., followed by a potluck supper and the address.

Borden County Students Hold Annual Banquet

More than two score members of the junior and senior classes of Borden High School, joined by faculty and members and other guests, held their annual banquet at the Big Spring Country Club Saturday evening. Members of the graduating class were presented individually at the beginning of the program which carried out the gay nineties theme. Lane Griffin was master of ceremonies, and Marvin Boyd wored the invocation.

The welcome was extended by Joe Pat Harding for the juniors and the response by Debbie Dennis for the seniors. Class honors, including miniature loving cups, were announced by Jimmy Don Hodge, assisted by Rick Henley. A boys vocal group comprised of Jimmy Don Hodge, Joe Pat Harding, Marvin Boyd, Gary Williams and Rick Henley, sang, accompanied by Mary Anderson, as did a girl's ensemble of Donna Parks, Connie Ogden, Carol Gray, Loretta Zant and Billie Briggs. Mary Anderson also accompanied them. The tables were decorated with spring flowers, and programs were a book of memories. Senior class officers are Debby Dennis, president; Lisa Dennis, vice president; Sandra Hancock, secretary; Dolores Lanford, treasurer; Sandra Sneed, reporter. The sponsors, who were presented awards, are Sid Long and Ben Jarrett. Junior class officers are Joe Pat Harding, president; Bonnie Curry, vice president; Jimmy Don Hodge, secretary; Tommy Lockhart, treasurer. Sponsors are Mrs. Netta Jarrett, and Mrs. Shirley Kountz, who played the dinner music. Joe Pickle, editor of the Big Spring Herald, introduced by Supt. James McLeroy, urged the seniors to apply the tools of learning with deep personal pride in their chosen vocations. The attitude of always doing their best is one of the best virtues they can have, he said.

TALENT WINNER—Toni Lee Hansen, daughter of Mr. and Mrs. H. T. Hansen, was crowned the winner of the talent division of Big Spring's first Our Little Miss Pageant Saturday night in Municipal Auditorium. The pageant was sponsored by the Big Spring Choir Boosters.

Runners-Up Listed For Tot's Pageant

Dawn Dunnahoo was crowned Our Little Miss Saturday night in Big Spring's first Little Miss Pageant, sponsored by the choir boosters. Teresa Alexander was crowned La Petite winner, and Toni Hansen was named talent winner. Dawn is the daughter of Mr. and Mrs. James H. Dunnahoo; Teresa, Mr. and Mrs. Bill Alexander; and Toni, Mr. and Mrs. H. T. Hansen.

First and second runners-up in the Little Miss division were Rox Anne Howland, daughter of Mr. and Mrs. W. Howland, and Teresa Hohertz, daughter of Mr. and Mrs. Daryle Hohertz. First and second runners-up in the La Petite division were Angela Lee, daughter of Mr. and Mrs. Harry J. Hepner, and Michelle Winkle, daughter of Mr. and Mrs. Sam Winkle. Semifinalists in the La Petite division were Layna Jo Gray, daughter of Mr. and Mrs. Bill Gray; Kasi Ann Moore, Mr. and Mrs. Autry Moore; Kyna Kaye Kirby, Mr. and Mrs. Sam Kirby; Lisa Majors, Mr. and Mrs. Jesse Majors; Kenneth Conner, Mr. and Mrs. Kenneth Conner; Sadie Marie Lewis, Mr. and Mrs. Bob G. Lewis; Lori Lynn West, Mr. and Mrs. John D. West; and the three winners, with only 11 contestants in the Little Miss division, the field was not narrowed to 10 semifinalist and all 11 participated in the final judging.

'Goals For Texas' Meet Planned At Midland

According to a letter received by Chamber of Commerce Manager Tom Eastland this morning, Gov. Preston Smith has requested a meeting of county, city and chamber officials from the 17-county Permian Basin Region to discuss the Goals for Texas Program, March 11 in Midland. The letter, from Midland chamber vice president Frederick Tyler, says, "Since there is no regional organization in our area, the only way we can be heard is to coordinate a method among ourselves for studying the Goals for Texas and determining the requirements of our region." Tyler says that Smith asked for the conference in this area because there is no council of governments or regional planning commission here such as those through which most other areas of the state work for regional projects.

Goals for Texas is a state program designed to encourage local and regional governments to work together for projects involving everything from conservation to police work and the letter states that areas with regional commissions are already well on the way to determining plans and goals through the program. City Manager Larry Crow said this morning he had not received any information on the meeting in Midland, but that he and Mayor Arnold Marshall had made tentative plans to attend a Tuesday conference in Austin during which state and city officials will discuss Goals for Texas, Phase Two.

DEATHS

Mrs. Crippliver, Dies At Loraine. LORAIN — Mrs. C. F. (Mae) Crippliver, 86, died at 5:30 p.m. Sunday in the Roland Nursing Home here, following an extended illness. The remains were to be sent by Kiker and Son Funeral Home, Colorado City, to Oklahoma City today for Tuesday funeral. She was born May 23, 1883, in Jefferson, Wis., and was married to Charles Crippliver in Guthrie, Okla., in 1911. He died in August, 1927. She was a Methodist. Survivors include one daughter, Mrs. Christine Lee, Wichita, Kan.; one son, Roger Crippliver, Fort Worth; one brother, one sister, and two grandchildren.

Mrs. De La Garza, Killed Saturday

Mrs. John (Marcella) de la Garza, 307 NW 8th, died Saturday night in Mose Lake, Wash., as a result of injuries received that day in a one-car accident. She was in Washington visiting her parents and was alone at the time of the accident. Funeral services are pending the arrival of her husband in Washington. She is survived by her husband; one son, Tony, one daughter, Paula Michelle, all of the home; her parents, three brothers and two sisters.

\$108 Million In Bonds OK'd

HOUSTON, Tex. (AP) — Some \$108 million in bonds approved Saturday by Houston voters will allow the city to provide public improvements for the next three years, Mayor Louie Welch said after the election. Houston voters passed all nine propositions by totals ranging up to four-to-one. About 76,000 persons voted in the bond election.

"We hope to sell the first bonds in April or May" the mayor said. "I can't say what amount we will sell then." Voters approved \$35 million for streets and bridges, \$10.5 million for library improvements, \$28 million for sanitary sewers and drainage, \$9 million for storm sewers and drainage, \$9 million for law enforcement, \$6.5 million for the fire department, \$4 million for public health, \$4 million for parks and \$2 million for traffic safety and control.

Welch said the city would use the sewer bonds to upgrade the city's waste treatment plants. The city has recently been under fire by the Texas Water Quality Board which says the city is not adequately treating the waste it is dumping into waterways. Welch said he was also pleased that the bonds draw a yes vote in many predominantly Negro voting boxes. Before the election, state Rep. Curtis Graves, a Negro who had unsuccessfully run against Welch for mayor last year, had predicted that Houston's black citizens would vote against the bonds.

FASHIONABLY FRENCH — Madame Georges Pompidou, wife of the French president, during a full round of social activities in Washington last week, wore these outfits from her wardrobe for the occasions. For a luncheon at the Smithsonian Institution she arrived in a matching coat and hat.

Birthday Dinner Held Saturday

Mrs. P. P. Armstrong, 207 E. 19th, celebrated her 80th birthday Saturday with a family dinner in the home of her son-in-law and daughter, Mr. and Mrs. Leo Parker, Sterling City Route. Cohosts were another son-in-law and daughter, Mr. and Mrs. M. M. Fairchild of Forsan.

J. D. McDonalds Move To Forsan

FORSAN (SC) — New residents are the J. D. McDonalds from Farmington, N.M.

Guests of Mrs. Vera Harris were Mr. and Mrs. Olis Harris, Cortez, Colo., and Mrs. Bessie Cattleman, Albuquerque, N.M.

Mrs. John B. Anderson was in Odessa Saturday visiting her daughter and son-in-law, the Micky Allens.

The J. M. Craigs visited Friday with Mrs. Craig's sister, Miss Norma Merrick, Colorado City.

Mrs. J. L. Overton visited her parents, the L. B. McElraths, in Lubbock. McElrath is a patient at Methodist Hospital.

Guests of the Bob Washes were Brook Jobe and Chris Tootell, both of Durango, Colo.

Mr. and Mrs. C. V. Wash were in Austin visiting Mrs. Lura Booth and daughters.

Mrs. Freddie Stuart and sons of Roby visited Sunday with her mother, Mrs. Clara Fletcher, and sister, Mrs. Fran Bordofoos of Big Spring, who is a patient at Medical Center Memorial Hospital in Big Spring.

Terry Gooch, Odessa, is staying with his grandparents, the Leland Camps.

Mrs. Frank Gethhalt, Marfa, is visiting her son-in-law and daughter, the Herb Smiths.

Arthritis Foundation Speaker Shows Film To Modern Forum

Mrs. Charles Linehan of Midland, executive director of the West Texas Chapter of the Arthritis Foundation, showed a film, "One of 16 Million," when she was guest speaker Friday for the Modern Woman's Forum.

According to Mrs. Linehan, the film is currently being shown to various organizations to "dispell certain myths and misconceptions and to replace apathy with informed concern."

The film explained that an estimated 16 million persons in the United States are victims of arthritis.

"We must sharpen the attack on this disease, which has become one of the most serious public problems in the nation," said Mrs. Linehan. After the film she discussed some forms of treatment. She advised those suffering from arthritis to go to a qualified doctor, follow his advice and remain under his care.

"We must beware of quackery and so-called treatment," she said, "for this is now a 300 million dollar a year racket."

The club met at Coker's Restaurant where Mrs. Clyde Lowry was hostess and Mrs. S. R. Nobles, president, conducted the business session. She announced the Western District, Texas Federation of Women's Clubs, will convene in Odessa Friday and Saturday. Several members announced plans to attend.

The March 13 meeting will be hosted by Mrs. J. S. Sims.

A letter of appreciation from Big Spring State Hospital expressed appreciation for donations to the All-Faith Chapel Fund and the Buck-A-Month Club.

Quilting Planned By Sewing Club

A quilt made of men's neckties was planned by Sew and Chatter Club members during their meeting Saturday at the home of Mrs. H. V. Crocker, 1707 Benton. Work on the quilt will begin at the next meeting March 10 at the home of Mrs. William Gage, 1200 Nolan.

The birthdays of two members were celebrated with cake and punch. The birthday honorees were Mrs. C. M. Weaver and Mrs. Marvin Sewell.

Gay Hill Food Unit Working On Show

Unite Two Food Group of the Gay Hill 4-H Clubs, held an organizational meeting Friday in the home of Miss Annette Couch, leader. Plans were made for the county food show at the First United Methodist Church March 21. Members met again Saturday for their first food meeting to prepare chili and macaroni and plan menus using a "Food For Fitness" guide.

Hints From Heloise

Dear Heloise:
Will you please tell us how to wash long-line brassieres and girdles in our washing machine? I wear them and so do many of my friends, yet we have never found a satisfactory way to wash them.
Even models wear these brassieres (I know, because my daughter is one) and they have the same problem.
Thanks for any relief...
Jane Smith

I started wearing them four years ago. I know they have stays!
There are two ways to wash these gadgets:
One is in the kitchen sink. Sometimes I do this. I plunge them in the hottest water that my hands can stand — water that has been doused with a good detergent.
I then use a vegetable brush (one used for this purpose only). I put some household cleanser (which contains bleach) on the soiled parts — especially under the arms if a dress has faded — AFTER the garment has been thoroughly

wetted. I then scrub with that old vegetable brush!
I turn my water faucet on "spray" and brush while the water is running...
As I have more than one "strait jacket" (that is anything that contains elastic and stays), I sometimes wait until wash day, when I can wash them all at one time. If they are dingy looking, soak 'em with a perborate bleach, according to directions.
Now, if you want to be real sanitary, rinse them again with an added one-half cup of vinegar. DO NOT rinse the vinegar water out. The odor will leave by the time they are dry.
I always love to place my girdles and bras in the sunshine. They smell so sweet afterwards. If you do not have an outside clothesline, put them in a window where the sun is shining.

So, gals, take good care of these garments, and they'll wear ever-so-much better and longer...
Love, Heloise

This will save pinning the pleats together. Result: a nice, neat job...
A Reader

Dear Heloise:
Nylon net scraps are great for cleaning the holes in the toothbrush holder above the bathroom sink.
I put a narrow strip of net in the hole, take hold of both ends and pull back and forth — seessaw fashion — a few times.
Leaves 'em clean as can be...
Walter Shuemaker

Dear Heloise:
When stacking round or square casseroles, don't place the handles of one in line with another. Stagger them.
This way it is easier to quickly select the casserole you want...
Marion Packard

Dear Heloise:
I have found that a piece of ice serves well for wetting the glue on stamps, envelopes, etc. It's more satisfactory than sponges, which are usually too wet or too dry...
Cesar Guajardo

(Write Heloise in care of the Big Spring Herald.)

Birth Announced By Roger Fryars

Mr. and Mrs. Roger Fryar, Irving, announce the birth of a daughter, Angela Kim, born in Irving Community Hospital Feb. 24, weighing 4 pounds, 2 ounces. Paternal grandparents are Mr. and Mrs. Olen Fryar, Route 2.

EVERYDAY TENSION? SLEEPLESS NIGHTS?
Are you edgy and always having to be "understood" by even your friends?
Well, when simple nervous tension is bothering you and causing sleepless nights you should either try B.T. TABLETS or see your doctor, or both. B.T. TABLETS have tested ingredients which will help you overcome simple nervous tension and sleep better at night.
Your druggist has help for you in safe — nonhabit forming — B.T. TABLETS. Others are enjoying the relief B.T. TABLETS can give, so why wait another day? There's a money back guarantee — so do you have anything to lose? Yes, tension and sleepless nights. Only \$1.50 at your favorite drug store.
Introductory Offer Worth \$1.50

A LOVELIER YOU Get A Holiday Look By Using Cosmetics

By MARY SUE MILLER
Not everyone heads for a holiday this time of year. Some of us just hunch up and endure the routine of school, home or office work. And, that way, most of us get to look pale and forsaken.
But here's where a few new cosmetic refreshers could supply a face with health and vigor. And no one the wiser!

For a start, you might try a brush-on blush with natural glow. The shade was made expressly for "indoor sports." Its pearly overcast subtly catches and roses daylight and nightlights. There's a plus for those who need it — and a safeguard for those who don't — well-tested medications to keep your skin as well as it looks when brushed upon. Better have this glow handy in desk, kitchen and locker drawers, for sure.
To fill the need of work-to-date girls, the latest gimmick is a marvelous oil-saturated pad in a foil envelope for making a clean sweep of stale eye makeup. Added attraction: Hypo-allergenic formula. No tears!

If you just can't get a good skin treatment while you work because it shows or is too complicated, amble onto a one-ear skin formula that refreshes and revitalizes, though you cannot see it. Sounds like the creme of the Year 2000. Well, it is on the way to future simplification. A now concept that will come into being!

If you sum up the values in this small collection, just think of the other benefits open eyes could find. Staggering!
YOUR GROOMING
Put aside your grooming doubts and worries! Send today for "Your Grooming — A to Z," a booklet that covers every step in achieving smooth looks. It tells how to manicure and pedicure, use deodorants and depilatories, bathe for beauty, tend feet, hands, teeth and eyes,

NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A feather-stitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.
"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available at Hemphill - Wells Co. Foundation Department, 214 Main Ph. 267-8284.

HUMPHREY'S CHOICE — Former Indiana Governor Matthew E. Welsh reads an Indianapolis newspaper account of his nomination by Hubert H. Humphrey for Democratic national chairman. Humphrey recommended Welsh Sunday night to the Democratic National Committee. Welsh flew to Indianapolis from Washington late Sunday. The story was the first he saw in print.

Hubert Gives Nod To Indiana Man

WASHINGTON (AP) — Hubert H. Humphrey, anxious to avoid charges of dictating to the party, says he prefers former Indiana Gov. Matthew E. Welsh as the new Democratic national chairman but wants the selection to be a wide open issue.

While a party spokesman insisted there would be no rubber stamping of the former vice president's choice, the odds were the party's executive committee would go along at its meeting today and endorse Welsh.

The official selection will come Thursday when the full Democratic National Committee meets to formally choose a successor to Oklahoma Sen. Fred R. Harris, who is resigning.

But Humphrey quickly went on to list other prospects for the chairmanship, and say all of them should get full consideration.

Among the other names: Mayor Joseph Dooley of Providence, R.I.; Joseph Crangle, Democratic chairman of Erie County, N.Y.; Gov. Buford Ellington of Tennessee; former Gov. Hulett Smith of West Virginia; Gordon St. Angelo, the Democratic chairman of Indiana.

In Indianapolis, Welsh said he had told Humphrey "he could submit my name and if the National Committee wanted me to serve, then certainly I would give it serious consideration."

Welsh served as a U.S. attorney, a state legislator, then as governor of Indiana from 1961 until 1965. His major moment of national political attention came in 1964 when, as a stand-in for

Amarillo High Razed By Fire

AMARILLO, Tex. (AP) — Classes will be suspended today and Tuesday at Amarillo High School, which was almost destroyed by fire Sunday.

The two top floors of the three-story high school, the city's oldest, were burned out by the blaze which was first reported shortly after 6 a.m. It is believed the fire started in the boiler room.

One fireman, C. D. Littlejohn, was treated for smoke inhalation as approximately 100 firemen from 12 units fought the blaze.

The damage estimate is expected to run high.

All of the football trophies, pennants and other sports memorabilia dating back to the 1930s were saved.

The crowd which gathered to watch is credited with saving what was believed to be a valuable art collection. They carried the objects out the front door while firemen battled the fire in the rear.

Late Sunday, school officials said plans for classes after Tuesday were indefinite.

Digging Ends, Site Yields Few Artifacts

With a second day of warm summer weather Sunday, workers at the archeological dig south of Big Spring finished their excavations, packed up their tools and left for home about dark.

"We found three good pots, herds and four projectile points in reasonably good condition," Arnold Sommer, Midland, director of field operations for the Lower Plains Archeological Society, said Sunday afternoon.

"We've dated the site at between 800 and 1500," Sommer said. The group opened a 10-meter trench and several additional squares to help date the time period the area was used as a campsite by Indians.

"The knife which started the whole thing is not in association with the site as we had originally believed," Sommer said, displaying a rough piece of metal with a binding around one end.

"When I first picked this up here last fall, I thought the

Violet Death Count Up To 27 In Texas

By The Associated Press

Rain slickened streets and highways took their toll of lives this weekend as 18 persons died in traffic accidents. The gun and the knife rose the weekend violent death count to 27.

The Associated Press began the death count at 6 p.m. Friday and continued it until midnight Sunday.

Merl Fauset, 18, drowned Sunday when his motorcycle slipped off a spillway over Onion Creek, about three miles southeast of Bergstrom Air Force Base where he lived with his parents, Mr. and Mrs. Dorsey Fauset. A witness said a rush of water swept the youth's vehicle into the water.

WET PAVEMENT

Wesley Cecil Young, 51, a Sonora oilfield worker, was killed Sunday when his car skidded on wet pavement and overturned. A passenger, P. C. Perma of Ozona, was treated and released. The accident occurred on U.S. 277 about 20 miles south of Sonora.

Otto Wehe, 56, of Cibola was killed Sunday when he fell in the path of a pickup truck as it pushed a sedan. Officers said Wehe was standing on the bumper of the vehicles to keep them from locking. The accident occurred in Cibola.

James O. Tucker, 35, was found stabbed to death Sunday in his Houston home. Police said Tucker's roommate found the body and that Tucker apparently had been slain several hours earlier.

Walter Price, 20, was shot and killed when an argument flared early Sunday involving several persons at a Houston apartment house. Officers questioned a man, 40, arrested near the scene.

MURDER CHARGE

Mary E. Taylor, 39, was shot to death in a parking lot outside her Houston apartment. Police charged Dewey F. Purrett, 27, with murder in the slaying.

Tommy Max Brown, 18, of Liberty Hill and George Taylor Shoop, 19, of Marble Falls died Sunday when their pickup trucks collided on Texas 29 in Liberty Hill, about 14 miles west of Georgetown.

Louis Respondek, 46, of New Deal was shot to death in Lubbock Sunday in what police called a climax to an argument back of a residence. A suspect was arrested.

CAR OVERTURNS

Ewell Harris, 71, an employe of the Fort Worth and Denver Railroad, was killed Sunday when his car overturned on Texas 385, five miles south of Channing in the Texas Panhandle. Harris resided in Amarillo and Channing.

Mrs. Virginia Hubbell, 54, of Baytown was killed Sunday morning in a car-pedestrian accident just outside Baytown on Spur 330.

A two-car head-on collision on Texas 114 eight miles east of Roanoke took the life of James Edward Hines, 34, of Alexandria, La., Saturday night.

Roberto Martinez, 22, was killed Saturday night when his car went out of control and rolled over on a city street in Aransas Pass.

SHOT IN CHEST

Willy Ruffin, 57, was shot once in the chest with a .22 caliber pistol Saturday night outside his Austin home in the city's east side. Police questioned two persons.

A Ft. Hood soldier was killed in a two-car collision near Cameron Saturday night. Harvey R. Etheridge, 22, of Huntsville was pronounced dead at the scene of the head-on crash which injured two others.

WASHINGTON (AP) — Retail coffee prices are expected to soar this year and may cut even deeper into American consumption of the country's favorite brew, government and industry experts say.

Average prices already have climbed to the highest levels in a dozen years and the ceiling is not in sight. The Bureau of Labor Statistics said retail coffee prices last month averaged 82.5 cents a pound, up more than two cents from December.

A year earlier the BLS average was 76.2 cents. And for all 76.5 cents, only one-tenth of a cent more than in 1968.

But a killing frost last July in Brazil, the world's chief exporter, severely damaged trees

Chairmen For Panels Named

Chamber of Commerce Vice Presidents John Burgess, Janell Davis and Winston Wrinkle have announced the appointment of 10 Task Force Chairmen for the new year.

Don Womack was named chairman of the industrial team; Ann Bouliouin, pride people; Dr. Floyd Mays, government economy; Helen Hurl, publications advisors; Vonna Lee Cederburg, cultural affairs; Edna Womack, meeting task force; Mrs. Flyd Mays, library; Major Phil Adams, Big Spring Enduro; and Roger Brown and Col. Harrison Lobdell, Base-Community Council co-chairmen.

There are separate tax tables for single persons, unmarried heads of household, married couples filing jointly and married couples filing separately.

Computation from the wrong tax table results in the wrong tax due. Some taxpayers, as a result of the error, receive a

which produce coffee beans. The Agriculture Department says newly planted trees will not be ready for production until about 1975. Meantime, the experts say, world coffee supplies will be tight.

Wrong Table Can Delay Tax Refund

So far this year 1,387 taxpayers in North Texas have used the wrong tax table or rate schedule in computing their 1969 Federal income tax. Not only have refunds been delayed but many taxpayers have overpaid their income tax as a result.

Ellis Campbell Jr., district director of Internal Revenue for North Texas, reported.

The problem occurs Campbell said, when a married taxpayer filing a joint return uses the tax table for either married couples filing separately or for single persons. Frequently single taxpayers use the tables for married taxpayers by mistake.

Other refunds are being held up for a variety of other errors or failures to follow instructions that are included with the returns.

So far errors in arithmetic are causing delay in sending refunds to 219 taxpayers in North Texas.

Through last week, there were 1,096 tax returns filed without signatures, including those of husband or wife on joint returns. These have to be sent back to the taxpayers before refunds can be processed.

Campbell said 24,249 taxpayers in North Texas have received refunds totaling \$4,752,026.30 since January.

PRICES EXPECTED TO JUMP THIS YEAR Coffee Drinking Is Shrinking

WASHINGTON (AP) — Retail coffee prices are expected to soar this year and may cut even deeper into American consumption of the country's favorite brew, government and industry experts say.

Average prices already have climbed to the highest levels in a dozen years and the ceiling is not in sight. The Bureau of Labor Statistics said retail coffee prices last month averaged 82.5 cents a pound, up more than two cents from December.

A year earlier the BLS average was 76.2 cents. And for all 76.5 cents, only one-tenth of a cent more than in 1968.

But a killing frost last July in Brazil, the world's chief exporter, severely damaged trees

which produce coffee beans. The Agriculture Department says newly planted trees will not be ready for production until about 1975. Meantime, the experts say, world coffee supplies will be tight.

No one is predicting that prices will climb to the \$1.23 per pound housewives paid in August, 1954, but one official guessed the average could be near \$1 per pound by next winter if current conditions persist.

An industry official, representing the Pan American Coffee Bureau, called the recent price increases a "psychological scare" resulting from the freeze last year in Brazil.

The coffee trade says retail prices generally have declined since the 1958 average of 84.6 cents a pound. The low mark was 67.4 cents in 1962, when the International Coffee Agreement was put forth to help with marketings and iron out price fluctuations.

Meanwhile, according to Pan American Coffee Bureau surveys, American per capita coffee drinking is shrinking.

In 1962, officials said Americans over 10 years of age drank

an average of 3.12 cups a day. Last year Americans averaged only 2.68 cups of coffee per day, only one-third of a cup more than the all-time low of 2.38 cups in 1950—another period of high prices.

One reason, says a trade spokesman, is that Americans are using less coffee per cup. This began during the high price era of 20 years ago when housewives, hotels and restaurants perked less coffee longer to make more brew for more people.

"They got to liking it that way," the official said. "We recommend making 40 to 45 cups from a pound of coffee. Now they're making 70 to 75 cups—they're just drinking more water."

Also, he said, surveys indicate young people are not turning to coffee as rapidly as did their parents.

"They're on a soft drink kick right now," the spokesman said.

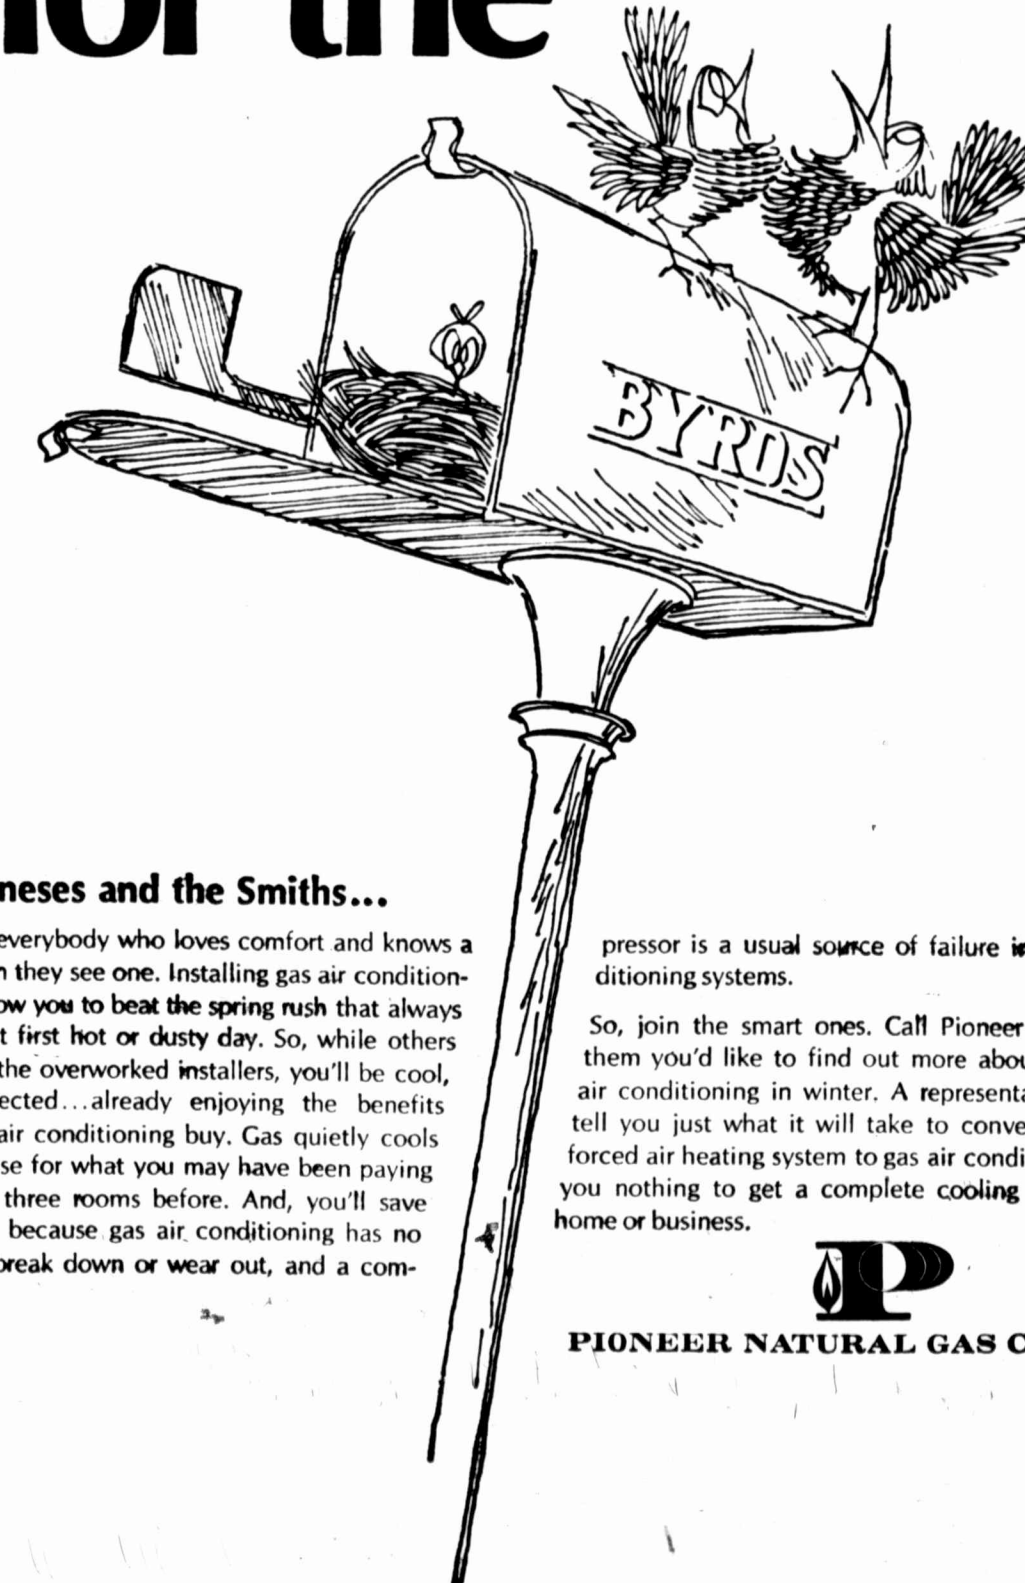

Tormenting Rectal Itch Of Inflamed Hemorrhoid Tissues Promptly Relieved

Gives Prompt, Temporary Relief From Rectal Itching and Pain Caused by Inflammation.

New York, N.Y. There's an exclusive formula that promptly relieves such burning itch and pain of piles for hours and it also helps shrink swelling of hemorrhoid tissues caused by inflammation. And it does it without narcotics or astringents that often sting or smart.

Tests by doctors on hundreds of patients showed this so. The answer is Preparation H®. No prescription is needed for Preparation H. Ointment or suppositories.

Installing Gas Air Conditioning in the Winter is for the

and the Joneses and the Smiths...

and just about everybody who loves comfort and knows a wise move when they see one. Installing gas air conditioning now will allow you to beat the spring rush that always comes with that first hot or dusty day. So, while others are waiting for the overworked installers, you'll be cool, calm and collected... already enjoying the benefits of your winter air conditioning buy. Gas quietly cools your whole house for what you may have been paying to cool two or three rooms before. And, you'll save on repairs, too, because gas air conditioning has no compressor to break down or wear out, and a com-

pressor is a usual source of failure in other air conditioning systems.

So, join the smart ones. Call Pioneer today and tell them you'd like to find out more about installing gas air conditioning in winter. A representative will come tell you just what it will take to convert your present forced air heating system to gas air conditioning. It costs you nothing to get a complete cooling survey of your home or business.

(AP WIREPHOTO by radio from Saigon)

SAIGON LEGISLATOR ARRIVES FOR RETRIAL — Wearing bandages on his neck and flashing a victory sign, South Vietnamese legislator Tran Ngoc Chau arrives in jeep for a retrial in Saigon Monday. A military tribunal convicted him in absentia last week for pro-Communist activity and sentenced him to 20 years at hard labor. Chau is riding in a Vietnamese military police jeep.

B52s Drop Tons Of Bombs On Supply Buildup Targets

SAIGON (AP) — About 40 B52 bombers pounded a North Vietnamese supply buildup extending from inside Laos to the northern entrance of the A Shau Valley in heavy raids Sunday and today.

The eight-jet Stratofortresses dropped more than 1,000 tons of bombs on base camps, bunkers and storage areas in the northwest sector of South Vietnam and in the adjacent area of eastern Laos.

Informed sources said in Saigon last week that Hanoi had launched the biggest supply operation of the war down the Ho Chi Minh Trail and was moving hundreds of tons of war materials through the 25-mile-long A Shau Valley for distribution to North Vietnamese and Viet Cong troops fighting in South Vietnam.

STORAGE AREAS

Another 20 B52s dropped 600 tons of bombs on North Vietnamese troop concentrations and base camps in the western Mekong Delta eight miles from the Cambodian border. The strikes were concentrated in the

Seven Mountains region, which is used as a staging and storage area by the enemy.

Two more American helicopters were reported lost. One was shot down in the Central Highlands a mile from the Cambodian border and 112 miles north-east of Saigon, but the crewmen escaped unhurt. A second helicopter carrying South Korean troops developed engine trouble and crashed 15 miles northwest of Cam Ranh Bay, killing the American pilot and injuring three Koreans.

The losses raised to 6,456 the number of American helicopters and fixed-wing planes reported lost in Vietnam since Jan. 1, 1961.

RIP BRIDGE

Eight miles south of Da Nang, two explosive charges believed planted by Viet Cong saboteurs ripped through a 40-foot bridge across the Song Thanh River, temporarily closing National Highway One, military spokesmen said.

It was the second time in three months that the bridge

had been blown up. A 30-man platoon of South Vietnamese militiamen assigned to defend the bridge was being held for investigation, presumably to determine if they were negligent in failing to spot the saboteurs, who were believed to be frogmen.

The U.S. Command reported a dozen enemy rocket and mortar attacks between 8 a.m. Sunday and 8 a.m. today, including a 10-round rocket barrage on the U.S. Army's Long Binh headquarters, 12 miles northeast of Saigon. No casualties were reported at Long Binh but six Americans were wounded and five Vietnamese were killed elsewhere.

Moon Dust Disappears During Affair

LOS ANGELES (AP)—A vial containing about a spoonful of moon dust is missing, the first loss in 50 displays of priceless lunar samples.

Officials disclosed Sunday that the vial, containing 2.3 grams of material from lunar rock No. 50 brought to earth by Apollo 11, disappeared the night before during a charity affair for scientific research that included a \$100-a-plate dinner.

"I'm going to call it a theft," said Steven Lawrence, business manager of the Institute of Geophysics at the University of California at Los Angeles, who arranged the display. "But I hope it was a joke and we'll get it back."

Several persons from the institute were with the display, he said, but there was no guard "as such."

Police and the FBI said they were investigating.

In Houston, the National Aeronautics and Space Administration said it had not authorized the exhibit, and that about 50 samples had been displayed with authorization and without a loss.

NASA assigned the sample last November to Dr. George Weatherill of the institute for analysis to determine its age.

"Much of its value has been extracted," Weatherill said. "But we were going to try to work on it some more. It's possible we would have found something very important scientifically."

He estimated the sample's age at 3.7 billion years, the same as other samples analyzed elsewhere.

Lawrence said he and Dr. Willard F. Libby, institute director, arranged for the exhibit at Bullock's Wilshire department store, where the dinner-dance was held to raise money for two eye foundations for research curtailed by federal spending cuts.

Carswell Seems On Road To Senate Confirmation

WASHINGTON (AP) — President Nixon's nomination of G. Harrold Carswell to the Supreme Court seems well on the road to Senate confirmation, although opponents still hold out hope of blocking the appointment.

A poll of the Senate by the Associated Press shows 37 firm votes at this time for confirmation with eight more leaning in favor.

In opposition were 18 senators; three members tending toward a no-vote. The remaining 34 senators said they were uncommitted, declined comment or could not be reached.

The 2-1 margin reflected in the poll follows an earlier prediction by Sen. James O. Eastland, D-Miss., a major supporter of Carswell, a Tallahassee, Fla., federal appeals court judge.

Even Edward M. Kennedy, a stated opponent of the nomination and the Senate's No. 2 Democratic leader, indicated

last week he expected only 25 votes against Carswell.

Another critic, New York Sen. Charles E. Goodell, one of only three Republicans publicly on record against Carswell, says he sees a minimum of 30 no votes.

Goodell, however, says he hopes for more allies before the vote is called, perhaps late this month. He said there would be extended debate on the nomination and perhaps a filibuster.

The opposition to Carswell, the second Southerner Nixon has tried to appoint to the seat vacated under fire last year by Abe Fortas, centers mostly on his civil rights views, with some attacks aimed at what critics term a lack of judicial distinction.

Some senators and civil rights leaders charge Carswell with insensitivity, at the very least, to blacks, citing among other things a white supremacy foreword speech he gave during a 1948 political campaign.

Driver Injured In Sunday Mishap

A 53-year-old Big Spring man is in satisfactory condition in Veterans Administration Hospital this morning after a car-trailer accident about 6 p.m. Sunday.

Jessie Hardey Phares, no address available, was thrown about 100 feet from his automobile after a collision at Loop Road and FM 700 with a trailer being pulled by an automobile driven by Bill Westbrook.

Texas Highway Patrolman Don Bates said the collision apparently occurred as Westbrook was turning onto Loop Road. Phares received cuts and bruises in the mishap, hospital officials said.

Ruptured Men Get \$4.95 Gift for Trying This

Kansas City, Mo.—Here is an improved means of holding rupture that has benefited thousands of men and women in the last year.

Inconspicuous, without leg straps, elastic belts, body encircling springs or harsh pads, it has caused many to say, "I don't see how it holds so easy. I would not have believed, had I not tried it."

So comfortable — so easy to wear — it could show you the way to joyous freedom from your rupture trouble.

You can't lose by trying it. It is sent to you on 30 days trial. You receive a \$4.95 special truss as a present for your report.

Write for descriptive circular. It's free. Just address Physicians Appliance Company, 5021 Koch Bldg., 515 W. 75th St., Kansas City, Mo. 64114.

But do it today before you lose the ad-dress. —Adv.

GETTING UP NIGHTS FEELS OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent burning or itching, urination night and day. Secondly, you may lose sleep and have headache, backache and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYSTEX at drugstore.

Puzzle of Saturday, Feb. 28, Solved

DEAR ABBY: The letter from "The People Upstairs" who complained about the embarrassing sounds of love-making from the people downstairs struck me as being pretty ridiculous. Even in the flimsiest of constructed apartment buildings, I can't imagine anyone being able to hear such noises without straining their ears.

It reminded me of a story I heard years ago: A little old lady called the landlord of her apartment building to come up to hear her complaint.

"Why, it's positively disgraceful the way that man across the courtyard parades around in front of his window without a stitch of clothing on!" she said.

The landlord looked at her with disbelief and replied, "You can't possibly see into his window, madame. It's much too high." "Well, just you climb up here on top of this bureau, and you'll see plenty!" she said.

JOHN IN INKSTER, MICH.

DEAR ABBY: Will you please tell us if the letter signed "The People Upstairs" came from Berkeley, Calif.? This is VERY important.

B AND P IN BERKELEY
DEAR B AND P: It didn't. Relax.

DEAR ABBY: We found the letter in your column about the noisy newlyweds whose ill-timed lovemaking kept the neighbors awake, carefully marked and slipped under our front door.

It certainly could not have been meant for us. I am 78 and my wife is 77. We have been married for 58 years, and it has been so quiet down here for the past 20 years that you could have heard day break. Very truly yours,

"THE PEOPLE DOWNSTAIRS," TROY, N.Y.

DEAR ABBY: The word has spread through this building that WE are the people who wrote that letter signed "The People Upstairs." We most certainly are not! Will you please print this to remove the suspicion. Mahaloni.

MR. AND MRS. C.C. HONOLULU
DEAR MR. AND MRS. C.C.: You can bet your sweet pikaki I will.

DEAR ABBY: We wouldn't

expect you to betray a confidence, but did that letter from "The People Upstairs" come from New Bedford, Mass.?

"CURIOUS" IN NEW BEDFORD
DEAR CURIOUS: No, neither from NEW BEDFORD nor OLD BEDFORD.

DEAR ABBY: Thank you for printing that letter from "The People Upstairs." In the future we shall be more quiet.

THE COUPLE DOWNSTAIRS
SANTA BARBARA, CALIF.

DEAR ABBY: You had a letter in your column signed "NAIVE IN NEBRASKA." She said that after her elderly mother's death she went to visit a woman who her mother had described as a "frequent visitor" who had been kind to her during her illness. (She'd come every Sunday, with a piece of cake, and read the Bible to her.) In this woman's home she saw some of her mother's precious "antiques."

She was astonished, and wanted to warn others that there were women who made it their business to routinely visit the sick and elderly and "admire" some of their bric-a-brac just enough to get the ailing person to make them a "gift" of a few pieces before dying.

I would like to quote something from our church bulletin for NAIVE IN NEBRASKA to see: "The test of a people is how it behaves toward the old. It is easy to love children. Even tyrants and dictators make a point of being fond of children. But the affection and care of the old, the incurable, the helpless are the true gold mines of a culture." — Abraham J. Heschel.

Her mother parted gladly with the antique bric-a-brac in "payment" for the companionship (whatever the motives) which she so desperately hungered for. Too bad NAIVE IN NEBRASKA didn't know it. It may have inclined her to take better care of her mother.

LOUISVILLIAN READER

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Calif. 90069. For a personal reply enclose stamped, addressed envelope.

A Devotion For Today . . .

"Leave your gift there before the altar and go; first be reconciled to your brother, and then come and offer your gift." (Matthew 5:24, RSV)

PRAYER: Our Father, forgive our pettiness and hard-heartedness. Change our hearts; make them quick to forgive and eager to receive our brothers in Christian love. Amen. (From the 'Upper Room')

Slick Maneuver

Gov. Preston Smith has had lots of experience finding his way through the political thickets in Austin. His slick handling of the welfare issue is a fresh example of his adroitness.

The State Welfare Board announced Feb. 9 that it would have to slash aid for families with dependent children 12 per cent and Medicaid 20 per cent, effective April 1. The board said it was running out of money because of court decisions which raised case loads and the 50 per cent drop in the federal share of Medicaid payments.

Lt. Gov. Ben Barnes almost immediately asked Smith to call a special session of the Legislature to deal with the crisis. Smith, who certainly did not welcome a taxing and spending session in the midst of a political

election year, did not preclude a special session, but promised to give the problem more thought.

Then Smith happened on the happy expedient of transferring \$13.5 million in medical school construction money to the welfare fund. That money could not be used until after next January, anyway.

The \$13.5 million is still about \$22 million less than the estimates of welfare needs before the 62nd Legislature convenes next January. Yet it provides time for more consideration. A special session may yet be needed, but it can be postponed until much later in the year.

Sooner or later, the legislature is going to have to face up to the issue. Postponing can't go on forever.

A Mob Is A Mob Is A Mob

Things appear to have quieted down in Santa Barbara, Calif., where a young mob, said to be made up of or to include students from that branch of the University of California, tore up things and burned down a bank.

The right of peaceful assembly and free speech are cherished constitutional rights which must not be abridged. But there has never existed the right of anyone to destroy another's property, or to inflict harm upon another. Mob action is no less

repugnant whether it issues from a college campus or whether it is an assault upon a jail in the boonocks.

Whether the latest episode is a deliberate attempt to create chaos or an acceleration of unbridled demonstrating makes little difference in the results. Action to control such a situation is not only justified; it is incumbent. Moreover, there should be as detailed follow up investigation as possible to deal with those responsible for damage and destruction.

Burleson Reports

The Cat And Rat Ranch Theory

WASHINGTON — There is a rather popular idea, which has been around Washington for a long time, that the expenditure of Federal money will alone cure all the ills of our country. Some contend that if the government will just spend enough, it will create new sources of tax revenue and hence more money to collect and more to spend.

The theory is a bit like a stock promotion deal offered in 1927. A friend in East Texas recently called attention to a report in Time Magazine, dated Aug. 8, 1927, describing a "get rich quick" scheme by a John J. Carey, "Realtor and Insurance Salesman" of Atlantic City, N.J.

IN THAT DAY before there was a Securities and Exchange Commission, a letter was sent out over the country to a "selected" group of possible customers, which said in part: "We propose to organize a corporation to operate a Cat Ranch near McKee City, N. J., where land can be bought cheap.

"To start with we will collect 1,000,000 cats. Each cat will average 12 kittens a year. The skins will sell for 10 cents for the white ones to 75 cents for the pure black. We will have about 12 million skins to sell at an average of 30 cents apiece, making our revenue about \$10,000 per day gross.

Billy Graham

I heard you say that there was little emotion about your own conversion. When I surrendered my life to the Lord I had a glorious feeling, and it remains until this day. I can't quite understand you saying that there was no emotion when you came to Christ, K.T.

We all have different temperaments and react differently emotionally. Some people cry at a wedding, others smile and laugh. Some people are aesthetic when they receive a gift; others, no less grateful, show little emotion. There are no two people alike, and we all react differently.

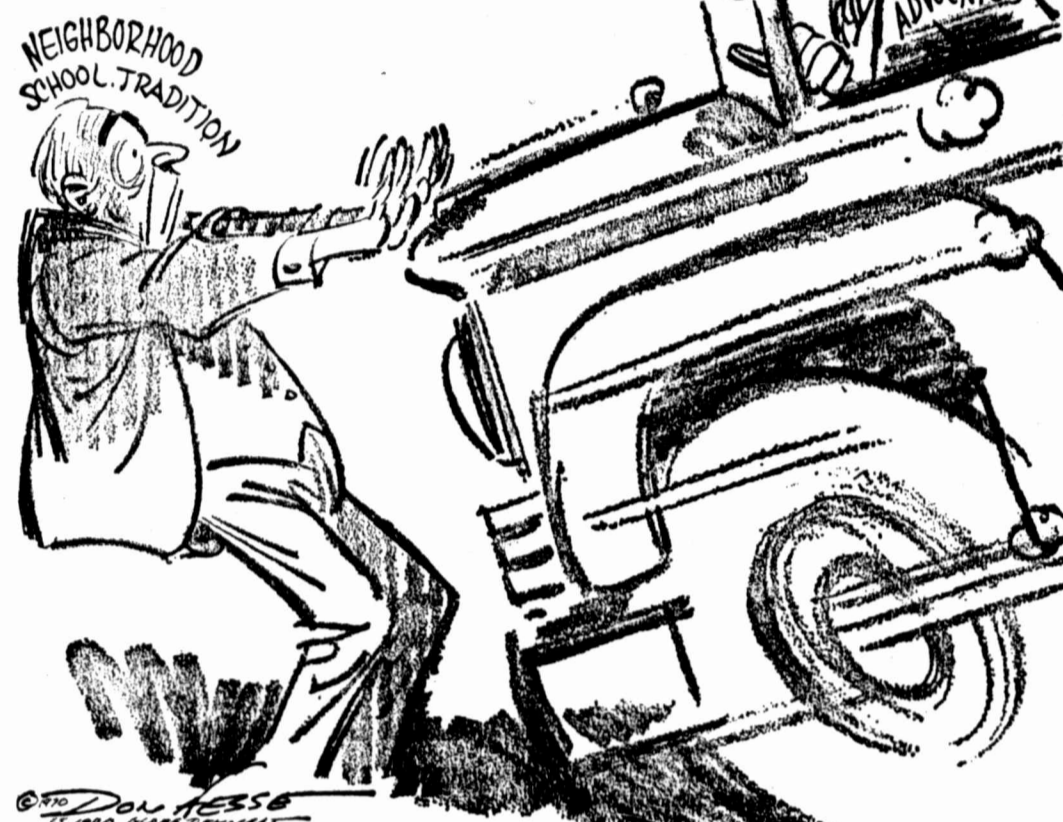

I was honest when I said that when I made my decision for Christ that I had little emotion. I went forward because I felt I should. I was young, and had not attended very many large evangelistic services. But, however devoid of emotion, I soon became aware that a change had been wrought in me. As I obeyed Christ, His joy came to my life, and I then had emotion. Today, Christ is the most real, the most thrilling, the most exciting thing in my life.

The reason that I tell of the lack of emotion in my decision is that so many people think that when they accept Christ they are going to experience an emotional upheaval. If that is their objective, and that alone, they may be disappointed. If they really accept Him, of course the knowledge of His Presence in their lives will bring a kind of emotion. I think it is important that they have faith, and really come to terms with the Master first. After that they will experience Christian emotion.

'LEAVE THE DRIVING TO US'

John Cuniff

His Action Ignited Stock Market

NEW YORK (AP) — If Norman Denny had held a match under a thermometer or fired a gun when the rumors were braced against their starting blocks, he couldn't have produced a more predictable result.

Denny, president of that "little institution out of Philadelphia," the Lincoln National Bank, announced Wednesday a reduction in the prime interest rate and in so doing ignited the stock market on a course toward space.

For months traders had blamed tight money and high interest costs for cutting into corporate profits and, as a result, the price of stocks. They desperately awaited news of an interest rate reduction.

Denny, a spirited 5-foot-11 activist with "the youngest bank board in Philadelphia," gave traders the news. He announced that beginning March 1 he would lend money to business not at 8 1/2 per cent, but at 8.

The news reached Wall Street at about 2:30 p.m. Wednesday with the Dow Jones Industrial average moping along with less than a one point gain. In the next half hour that gain multiplied 13 times.

"We call it the Lincoln Market around here," said Denny the next day as he received telegrams, phone calls and new accounts. Clearly he was elated that the 1,267th largest bank could crack a shot heard round the country.

"The public is a coiled spring," he said. "A little institution out of Philadelphia shot the market up the way it never went before. The public is a nervous wreck."

What Denny and his directors did was little more than many small banks could have done. The situation was just waiting for action; it was a setup for any publicity minded lender. But Denny said Lincoln's sole concern was the economy.

Hal Boyle

More Deaths By Poison

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Fatalities from accidental poisoning have increased 70 per cent in the United States in the previous decade. Last year there were 2,400 cases, and half a million children under the age of five were made ill by swallowing toxic materials but survived.

It cost the average motorist about \$1,449 to drive his car 10,000 miles a year—but even if he never took it out of the garage it still would cost him about \$1,053, including depreciation, insurance and registration fees.

If you are looking for a good excuse to throw a party, why not celebrate the 90th anniversary of the employee suggestion box? It was originated by a British shipbuilder, William Denny, who in 1880 offered his workers 10 pounds for every idea that could be used to boost production. All together now, lads: "Happy birthday to you, dear employee suggestion box!"

Quotable notes: "Every time I hear the word sugar I get a lump in my throat."—Groucho Marx.

To Your Good Health

Histoplasmosis, And What It Is

By G. C. THOSTESON, M.D.
Dear Dr. Thosteson: Could you give me a better understanding of histoplasmosis? A member of my family has it.

Does a person get entirely over it without after-effects? About how long does it take? What causes it? She is very tired and seems very run down.—K.B.

Histoplasmosis is a fungus infection — just as there can be infections from bacteria or viruses, some fungi can do so. Athlete's foot is another type of fungus infection. (Of some 10,000 known kinds of fungus, only 30 or 40 cause human diseases, and many of these are superficial ailments.)

Histoplasmosis can attack deeper. (It is a fungus called Histoplasma capsulatum, a parasite particularly common in the vicinity of the river valleys of the central U.S.)

The disease was once thought to be rare, because only severe cases were recognized. It is now known to be very common, and is contracted by breathing the fungus. Since birds often carry this fungus, that is one of several good reasons for wearing some sort of mask over nose and mouth when working in the dusty roosting places of birds.

In thousands of cases of histoplasmosis, only the skin and/or lungs are affected, and these attacks

quite commonly are passed off as, supposedly, "flu." Many times the real nature of the disease is not noted until afterward, when X-rays show the scars of healed infection in the lungs.

In more severe instances, the disease can be mistaken for tuberculosis, since lung X-rays can be virtually identical. (They can be told apart accurately by skin and sputum tests.)

The mild cases ordinarily require no treatment; the patient throws off the infection by himself.

In moderately severe infections, however, there can be anemia, severe fatigue, and enlarged lymph nodes and spleen.

Severe, acute cases are treated with amphotericin B, a potent antibiotic which is given by vein.

Since the average case does not require treatment, you might have to look elsewhere for your relative's anemia and tiredness.

Dear Dr. Thosteson: I have been having trouble with chapped, tight, dry lips and for a year I have tried almost every type of sticks for chapped lips and lipstick but nothing helps. Sometimes my lips have a crusty shell. Do you know of a disease of the lips that

can cause this?—M.B.R.

Most likely cause of your trouble, I would say, is some sort of allergy, and instead of trying everything you can get your hands on, why don't you stop putting anything at all on your lips for a few weeks?

If that doesn't help, your best bet is to see a dermatologist (skin specialist).

Dear Sir: Thank you for your booklet on "How You Can Control Arthritis." Please forward a list of doctors you would recommend.—H.C.T.

I would need a nationwide list, which is too big an order to print here. Your best bet is to find rheumatologists in your area (a) checking with your regular physician, (b) with the local chapter of the Arthritis Foundation in your state or city, (c) with the local medical society.

Arthritis sufferers can be helped. Dr. Thosteson's booklet discusses many types of arthritis and related joint diseases as well as outlining effective treatments and medications. For a copy of "How You Can Control Arthritis" write to Dr. Thosteson in care of The Herald, enclosing 35 cents in coin and a long, self-addressed, stamped envelope.

Around The Rim

New Designs For Tattoos

This and that: Many of these days can be attributed to a drug-oriented society.

A veteran tattoo artist says that he has had requests from several people who asked for designs of money on their backs. Others want to display the slogan "Keep America green, grow grass."

The peace symbol is still very big with young people who project their arms or chests for tattoos. Roses and hearts are out, things like motorcycles are in.

TIME WAS when military personnel kept tattoo artists in business, but no more. Only about 20 per cent of the tattoo artist's business now comes from soldiers, sailors and marines.

Awaken a tattoo artist in the middle of the night, and he's apt to blurt out something like:

"I was born to lose, mother, but death before dishonor."

ONE THING I have noticed about politics: When Republicans gain power, they are prone to send representatives of the opposite party

to jail. When the Democrats take over, they raise the Republicans' taxes.

ON THE SUBJECT of taxes, levies collected by all governments in the country for the last fiscal year averaged out to \$3,927 per family, up \$370 from 1968.

It not only points to the fact that the cost of living is sky-rocketing but that tax-evading Americans are meeting their match in computers.

Someone said recently that preparing an income-tax return is like a girl preparing for the beach: You take off as much as the law allows.

THE COST of education is going to continue to go up, too, as long as the school districts keep competing against each other for the services of teachers. In that particular profession, it's a buyers' market.

I RAN INTO a sheltered soul the other day who remarked:

"I saw a picture of a tower in Italy the other day. I wonder if they realize the damned thing's leaning?" —TOMMY HART

David Lawrence

Mr. Nixon And His Problems

WASHINGTON — Perhaps the question most often asked in conversations about politics among citizens today is: "How do you think President Nixon is doing?"

There is a curiosity to learn not merely whether Mr. Nixon is handling his job well, but whether he is going to continue to do so as the problems mount up in the future. Unquestionably during his first year in the White House, he won the approval of a large majority of the people, as shown by the public-opinion polls. But there is a feeling that many of the major decisions of his administration are yet to be made and that the fate of his administration will depend upon how he deals with the crises that he will face in the next three years.

AS HAS HAPPENED again and again in the history of American politics, the economic situation has usually made the deepest impression on the voters. When times are not good, the electorate shows its discontent at the polls and puts the blame on the administration in power.

The President of the United States is expected to maintain an economic equilibrium. Apparently there are some differences of opinion today as to whether President Nixon is allowing the economic condition of the country to drift into a recession, and whether he will take decisive steps soon.

APART FROM the economic squeeze, however, there are other issues which worry the American people. The crime situation is by no means improved. The newspapers carry every day stories of hold-ups, robberies and murders, and most people in the cities stay home at night rather than risk the perils of street crime.

Senator John McClellan of Arkansas has led the fight for legislation to cope with organized crime, and undoubtedly more funds will be provided whereby the federal government will

cooperate with state and local authorities in law enforcement. But it is apparent that the crux of the problem is not being reached.

THE ADMINISTRATION has promised to deal with the crisis, but, after all, it will require large sums of money and the training of a great number of law-enforcement officers, federal and local. The demand for improvement has been going on for several years, but governmental authorities have been slow to take action. The people are growing more and more impatient about the spread of crime and violence.

Other issues that are causing widespread concern are the Vietnam war and the controversy over how desegregation is to be carried out. While the administration has indicated that it will gradually withdraw combat troops from Vietnam and hopes to finish the job by 1971, there is always the possibility of a recurrence of the fighting which would delay such a move.

AS FOR the friction that is arising over the busing of students and the way that school districts should be formed in all parts of the country, there are signs that this particular issue now is beginning to take hold in northern states, too. The administration has been relying on the courts to straighten it all out. The people are expecting the President to develop a constructive plan and get Congress to work with him in putting it into effect.

CERTAINLY President Nixon is at present doing perhaps as well as he can with the problems confronting him. The electorate is willing to give him time to work out solutions and is waiting hopefully for good results. But in 1972 it may not be satisfied with what has been accomplished. So, while Mr. Nixon has been doing a good job thus far, he has a much harder task ahead to satisfy the American people.

Andrew Tully

Women Against Men

WASHINGTON — These United States, and especially Washington, are teeming with female oracles these days who go about warning that man had better behave or the women will take over and, possibly, declare males illegal.

Although always with us, this movement has gained momentum in recent months through the activities of something called the Women's Liberation Front, which views men dimly through a haze of genteel paranoia.

I DO NOT know what else women can be liberated from, but perhaps it is man's duty to save them from themselves. For instance, there is behind the current nagging the supposedly shrewd reminder that there are more women in the country than men, and that dames might elect one of their club President.

This is supposed to give males pause and perhaps make them stop being late for dinner, and in some of the more sniveling precincts it has succeeded. But high-type men — which is to say, the majority — are going right on living their merry and privileged lives, and a touch more gin in that Martini, Tony. They are not scared because they realize that no matter how many women there are they will still be women and therefore, bless their more-or-less feminine fluffiness, congenitally incapable of taking over.

MATHEMATICALLY, the time would seem imminent for this nation to commit national suicide and elect a woman President. The dolls seem to have the votes and undoubtedly there are plenty of shiftless wenches with the ambition. But it won't ever come off.

Women are too catty to vote one of their sex into the White House. They talk a lot about equal rights and giving the girls a voice in the council chambers, but no woman in her right, feminine mind could stand the thought of another woman lordling it over a whole country of females.

THAT IS TO SAY, the basic ob-

stacle is that every woman thinks the other woman is the wrong one for the job. Mrs. Atty. Gen. John Mitchell might consider herself eligible, but I do not see her casting a vote for Mrs. Bobby Kennedy.

Would Sophia Loren mark an X opposite the name of Mia Farrow? Or Mrs. George Romney campaign for Shirley Temple Black? The common characteristic of female politicians is strong-mindedness, and a convention dominated by dames would be still deadlocked at the last Trump.

BUT THE really compelling reason why men have nothing to fear is that girls are too smart to want a female President: Women are much more coldly practical than men and they recognize that, with the world in such awful shape, it would be sheer idiocy to assume responsibility for it.

AT ANY RATE, although women are always accusing men of making a mess of things, they don't really mean they desire to run the joint. It's merely a means of keeping men loose up there at the plate.

(Distributed by McNaughton Syndicate, Inc.)

What Others Say

If you think that the big greedy corporations are the only polluters, you're wrong. One of the polluters might be you. A recent survey on a one-mile stretch of two-lane highway in Kansas counted the following items of litter:

770 paper cups, 730 empty cigarette packages, 590 beer cans, 130 pop bottles, 120 beer bottles, 110 whisky bottles, 90 beer cartons, 90 oil cans, 50 paper livestock feed bags, 30 paper cartons, 26 magazines, 20 highway maps, 16 empty coffee cans, 10 shirts, 10 tires, 10 burlap bags, 4 bumpers, 4 shoes (no pairs), 2 undershirts, 2 comic books, 2 bed springs, and 270 miscellaneous items.

That's 3,086 items, or nearly two per yard on that one-mile piece of Kansas road. Any of them sound familiar? —CHICAGO DAILY NEWS

Israeli Planes Kill Civilians

By The Associated Press
Egypt reported Israeli planes killed 32 soldiers and civilians in a raid on Egyptian military positions in the central and southern sectors of the Suez Canal Sunday.

It was the second time in two weeks that Egypt had charged Israeli attackers with causing heavy casualties. Egypt said on Feb. 13 that Israeli planes killed 70 civilians in an attack on a scrap metal plant 17 miles north of Cairo.

The announcement today by the Middle East News Agency did not say how many of the dead were troops and how many were civilians. But it said the civilians were "working with the armed forces."

The Israeli military command in Tel Aviv announced three raids across the canal and said some planes penetrated 15 miles into Egypt. The command said all planes returned safely. There was no estimate of the raids' effect.

In Israeli-occupied Gaza City, military officials said three Arabs were killed and seven wounded today when a hand grenade was thrown into the passport office. Officials said it was possible one of the dead men was the attacker.

It was the second grenade attack in Gaza in a week. Last week one Arab was killed and 39 were injured when a grenade was thrown.

Activity also was reported on the Israeli-Lebanese front, where an Israeli spokesman said saboteurs from Lebanon blew up a house in a frontier settlement but caused no casualties. It was the fifth civilian home attacked in two weeks by guerrillas from Lebanon, Israeli officials said.

Guerrillas from Lebanon also blew up an irrigation pipe at the Israeli frontier settlement of Zarit.

The Israeli command said two Arab saboteurs were killed by an army patrol in a fire fight near the Damya Bridge across the Jordan River.

A spokesman said three Israeli soldiers were wounded in another fight with guerrillas on the occupied Golan Heights of Syria.

A Jordanian military spokesman said Jordanian and Israeli troops fought a half-hour machine-gun battle in the southern Jordan Valley. The spokesman said the Israelis opened

fire and the Jordanians returned the fire. No Jordanian casualties were reported.

A Palestine guerrilla spokesman said several units of Al Fatah commandos attacked with rockets and overran a number of Israeli army positions in Turkuania, Tellet el Najjar and Um el Wattadi, in the Jordan Valley. The spokesman said one guerrilla was killed and two wounded, while the Israelis suffered several casualties.

The Beirut newspaper Al Moharrar said Israel is planning a large-scale attack on Lebanon soon. The paper contended that Israeli reports of stepped-up guerrilla attacks from southern Lebanon is part of a "psychological campaign" to justify the strike.

Recall State's Key Witness

EDINBURG, Tex. (AP)—Defense lawyers in the murder for hire trial of Pete Thomas Scamardo recalled the state's key witness to the stand today for further cross examination.

Jerry O. Watkins, 43, of Houston, a former convict, has presented only testimony so far to link the defendant with the July 6, 1968, slaying of Sam Degelia Jr. near McAllen.

Watkins testified last week that he was present when Charles Harrelson of Houston shot Degelia to death in an abandoned pump house.

Watkins also testified that Harrelson told him Scamardo had ordered the slaying to collect on a \$50,000 life insurance policy.

Defense lawyer Percy Foreman pointed out what he called several discrepancies last week during two days of cross examining Watkins.

Scamardo is accused of being an accomplice by offering to pay Harrelson \$2,000 to kill Degelia, his former business partner and longtime friend.

Only 21 of about 60 witnesses subpoenaed by Dist. Atty. Oscar McInnis has testified. McInnis is seeking the death penalty.

The case is being heard by a jury of six men and six women and is being presided over by Dist. Judge J. R. Alamaia.

Smith Asks For Crusade At Dedication

WASHINGTON - ON - THE-BRAZOS, Tex. (AP) — Several thousand persons Sunday heard Gov. Preston Smith call for a drive to bring livability to Texas at the dedication of the park here where Texans signed their Declaration of Independence 134 years ago today.

The park on the Brazos River was set up to preserve for all times the dedication of the men who gathered here March 2, 1836, to declare Texas independent from Mexico.

The day was overcast Sunday, just as it was on that day in 1836.

Except for the star-shaped museum and an auditorium building, the park is being restored just as it was on the day of the signing.

Smith told the gathering of the signing and of the later winning of independence on the San Jacinto battlefield near Houston. He then called for a "new series of San Jacintos" in the struggle for human existence.

"Let us make Texas free again," Smith said. "Let us make Texas free from the fouled air and spoiled water and free from the reckless destruction of our natural resources."

"To restore this polluted land to some elements of livability will require the same attributes of courage, initiative and dedication that inspired the men of 1836. If we fail, we fail them. If we fail, we fail ourselves. If we fail, we will doom our descendants to a steadily degenerating existence," he said.

Baylor Starts Money Drive

HOUSTON (AP) — Baylor Medical School started a drive Sunday to raise \$30 million in two years to double student enrollment and add to its facilities.

School officials said that \$8 million of the money needed had already been pledged with \$3.5 million coming from school trustees and \$2.6 million from Baylor faculty.

The \$30 million, Baylor officials said, will be used as "seed money" to attract federal matching funds and foundation grants.

L. F. McCollum, chairman of the school's board of trustees, and President Dr. Michael DeBakey said the urgent shortage of doctors in the state and nation caused the expansion plans.

They said they hoped to double the student body, starting with the admission of twice as many freshmen next year.

The staff of 450 would be expanded by 50 per cent, they said, and the school will also start other programs if the money is raised.

The expansion plans include upgrading the graduate school, forming a school to train allied medical manpower such as nurses and technicians, and starting a school for hospital and medical administrators.

Unique Puppet Program On Concert Series Tonight

One of the most unique programs in the history of the Big Spring Concert Association comes up this evening when Elton Norwood brings his

LOCATIONS

HOWARD
Molto, South (Wolfcamp) field will be tested to 2,800 feet by the Robinson Drilling Company at Big Spring. It spots 1,707 feet from south and 933 feet from north of section 43, block 31, T-1-N T&P survey.

MITCHELL
Lloyd H. Smith, Houston plans the area separated by failures and offset from Strawn and Canyon production in the West field of Big Spring. It spots 1,980 feet from the north and west line of section 20, block 12, H-2-C survey. 16 1/2 miles southeast of Colorado City.

KOCC No. 1 Burchard South is planned to 2,900 feet in the Coleman Ranch section three miles west of Culbert. Location is 1,450 feet from east and 580 feet from north lines of section 4, block 25, H-2-C survey.

famous Norwood Puppet Theatre to town. The program is set for 8 p.m. in the Municipal Auditorium.

No mere Punch and Judy show (although there is a Punch and Judy sequence), the Norwood puppets are as life-like as they are versatile. Some of them range up to 4 1/2 feet. The expert puppeteers exercise uncanny control down to subtle movements. All of this, naturally, in the moving background for a clever line of dialogue, patter, and music.

The program has been acclaimed by sophisticated adult audiences as well as by college students and school children.

Norwood, who calls Denver home, first discovered this art when a friend asked him to assist in a children's puppet show. He knew theatre, art and music (he plays four keyboard instruments and is proficient on the Koto and Shamisen), so an art that demanded all these talents fascinated him. He spent five years as an apprentice puppeteer to become proficient, then began to make his career with little people and animals.

Each puppet (or marionette) is a Norwood creation from initial design to final costume, control board and strings. He selects the music, does the choreography and directs the

College Officials Go To Hawaii

Two administrators and four board members of Howard County Junior College left this morning for Honolulu, Hawaii, and the annual meeting of the American Association of Junior Colleges.

This is the first time that the national meeting has been held off the mainland. The convention will last through this week, although some will take a brief tour of the islands before returning.

Making the trip are Dr. W. A. Hunt, HCJC president, and Dr. Dawson DeViney, administrative dean; also John A. Coffey, board president; Paul Adams, Tom Barber and Dr. Charles Warren, board members. All were accompanied by their wives.

One Of Dionne Quintuplets Dies

MONTREAL (AP) — Marie Houle, one of the Dionne quintuplets, died of a blood clot, according to a preliminary autopsy report. She apparently died a week ago today. Her body was found Friday.

Marie, separated from her husband, was reported by Dr. Marcel Bernier, her physician, to have been in a state of depression for several weeks, but the autopsy report said death was due to natural causes.

Quintuplet Emilie died in 1954, and three of the sisters, born in 1934, survive: Cecile, Annette and Yvonne. They and their parents, Mr. and Mrs. Olivia Dionne of Callender, Ont., will attend Marie's funeral services here Tuesday.

H-SU Award To W. O. Davis

ABILENE — Presentation of the John J. Keeter Alumni Award to Dallas banker Wilton O. (Hook) Davis, highlighted activities at the Hardin-Simmons University general alumni meeting and program held Saturday as part of the campus Homecoming weekend.

Presiding over the assembly, which also honored ex-lettermen and former coaches, was Lloyd (Bill) English of Wichita Falls, president of the H-SU Alumni Association.

English reported on Alumni Association activities including Founders Day in April, the Faculty-Staff Appreciation Dinner in May, and the Feb. 27, 1971, Homecoming date which will honor alumni of H-SU who are religious workers. He also recognized Hattie Bell Martin, H-SU Alumni assistant, for her work with the Alumni Association.

Recognized as the new Alumni Association President was Maj. Dean Taggart, H-SU assistant professor of military science. Other new officers beginning their year term of office are James Paul Shanks of Baird, first vice president; Miss Billie Shirley of Abilene, second vice president; Riley Cross of Odessa, third vice president; Vernon Scott of Lancaster, fourth vice president; Mrs. Joe Grba of Abilene, secretary; and Rev. Bill Cathey of Midland, chaplain.

Claude Hicks of Abilene, past president of the Alumni Association, announced the names of the newly-elected Alumni officers for 1971-72. They are Randall Bridges of Abilene, president; Rev. Bill Hardage of Anson, first vice president; Mrs. Homer Hutto of Tuscola, second vice president; Wayne Adams of Houston, third vice president; Rev. Dan Yeary of Lubbock, fourth vice president; Mrs. Faye Barfoot of Abilene, secretary; and Rev. James Hester of Dallas, chaplain.

Renovations Are Completed

The fire and police departments completed some minor renovations in their quarters last week including painting the firemen's living area and making more room for the police traffic division.

The firemen at the downtown station and the station near Municipal Golf Course repaired their living space and refinished the hardwood floors in both stations at an estimated cost of \$365.

Chief of Police Jay Banks said his department spent \$200 to \$300 moving the traffic division office to a redone store room and expanding the corporation court clerk's area by refitting the counter over which much of the court's business is done.

Tapes Missing

Patrick W. Murphy, 408 E. 11th, reported 17 stereo tapes missing from his automobile while he was inside the Bowl-A-Rama around 1 a.m. Sunday. Officers said the thief apparently broke a right-side window to enter the vehicle. Total loss and damage was put at \$105.

Shotgun Stolen

Mrs. L. W. Elliott, 1601 W. 5th, said Sunday morning her trailer house had been broken into and a shotgun and some shells taken while she was away between 4:15 p.m. Saturday and 12:15 a.m. Sunday. Entry was made by breaking a glass pane in the front door, officers said.

Finch Condemns Recent Desegregation Orders

WASHINGTON (AP) — A recently fired administration civil rights official says four powerful White House aides are to blame for slackened government school desegregation efforts.

The charges were made as Vice President Spiro T. Agnew, head of President Nixon's special cabinet-level task force on school desegregation, declared the panel would not "give support to any evasion of the law."

Leon E. Panetta, dumped by the White House as civil rights head for the Department of Health, Education and Welfare, also said the vice president and two senators played major roles in his ouster.

WICHITA MOVE
The four White House aides identified by Panetta as principal architects of the administration desegregation policy were: H. R. "Bob" Haldeman, the man who controls access to the President; Bryce N. Harlow, counselor and congressional relations expert; John D. Ehrlichman, domestic policy chief; and Harry C. Dent, No. 1 political strategist at the White House.

Panetta said Agnew, a former Maryland governor, and Sen. Robert Dole, R-Kan., became irritated after the department "indicated to Maryland its high-education (civil rights) program was not good enough."

Dole was mad because "we were moving on Wichita, Kan., which was a Northern system

where we were able to establish discrimination and frankly where city leaders said there is discrimination," he said.

POWER POLITICS
Panetta also blamed the administration's request last summer for a desegregation delay in 30 Mississippi school districts on Sen. John Stennis' threat to withdraw as floor leader of the President's hotly contested Safeguard antiballistic missile system.

Stennis, a Mississippi Democrat, is chairman of the Senate Armed Services Committee.

The President's special school desegregation panel was viewed by some government officials as a means to decrease HEW's role in Southern school desegregation.

Agnew, however, said that the panel would not attempt to intrude in the "operating jurisdiction" of the departments of Justice and HEW.

Instead, Agnew said, it would work with black and white moderate community leaders to achieve court-ordered compliance in the least disruptive way. The vice president emphasized it would not "be in any way an appeal body, permit any implication that it would or could change legal requirements, or give support to any evasion of the law."

FREEDOM-OF-CHOICE

In another development, the Senate approved Saturday a \$19 billion health-education money

bill after effectively nullifying three amendments approved by the House.

The words "except as required by the Constitution" were inserted into two amendments that would have prohibited the use of federal funds to force busing of school children. The third which would have sanctioned freedom-of-choice plans was struck by a 43-32 vote.

And HEW Secretary Robert H. Finch voiced Sunday the strongest administration complaint to date about court-ordered desegregation.

BITTEN THE BULLET
"They've really bitten the bullet in the South," Finch said. In most districts, he added, "the old dual systems have been broken up."

Court-ordered racial percentages for schools in Charlotte, N.C., and Los Angeles were "totally unrealistic . . . and moving in the wrong direction" because extensive busing would be required to comply with the court decisions, he said.

"We're in Atlanta and Mobile and Charleston," he continued. "And those kind of problems are de facto—arising from residential patterns—in the very real sense you have them in Chicago and New York and Los Angeles."

"And you just can't compare that to the old rural system of one black and one white school," he said.

Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN
(© 1970, by The Chicago Tribune)

ANSWERS TO BRIDGE QUIZ

Q. 1—Neither vulnerable, as South you hold:
♠AQ5 ♥K8 5 ♦AKJ10 9 3 ♣8

The bidding has proceeded:
South West North East
1 ♠ Pass 1 ♥ Pass
1 ♦ Pass 1 ♥ 1 ♠ ?

What do you bid now?

A.—Surely you wish to commit this hand to game, even if partner has a very weak take-out. The proper procedure, therefore, is a cue bid of two spades, showing first round control of that suit and demanding a game. If partner has a good hand this will facilitate the reaching of a slam.

Q. 2—Both vulnerable, partner opens one heart and you hold:
♠AQ8 2 ♥K9 4 ♦KQ8 3 ♣A6

What is your response?

A.—While the hand comes within the high card limits of a three no trump response, such a call is not our preference. We reserve that response for hands distributed 4-3-3. In this case, a slam may be reached in one of your four card suits if partner has four cards facing it. We prefer a temporary bid of one spade, but would accept as entirely correct an immediate jump shift of two spades. Valued at a suit, the hand is worth 19 points.

Q. 3—As dealer you hold:
♠K 7 4 ♥K 8 2 ♦AQ 6 ♣AK 4

What is your opening bid?

A.—This hand is too big for a one no trump bid and should be opened with one of a suit. The orthodox bid is one heart. However, a good result will sometimes be obtained by opening with one club. This makes it somewhat easier for partner to respond if he happens to have some borderline hand containing diamonds.

Q. 4—Both vulnerable, as South you hold:
♠10 4 ♥Q10 6 ♦KJ10 4 ♣QJ8 5

The bidding has proceeded:
North East South West
2 ♥ Pass 3 ♥ Pass
3 NT Pass ?

What do you bid now?

A.—Partner has shown a hand with distributed values and about the equivalent in high cards of an opening three no trump bid. You, therefore, have sufficient values to justify contracting for slam in no trump.

Q. 5—Neither vulnerable, as South you hold:
♠A 9 5 2 ♥K 7 4 ♦AK ♣AQ 6

The bidding has proceeded:
South West North East
1 ♠ Pass 1 ♠ Pass
3 ♣ Pass 5 ♣ Pass ?

What do you bid now?

A.—There is no doubt that you should accept the slam invitation but, as a precautionary measure, it is suggested that you contract for six clubs to protect the king of hearts from attack on the opening lead, should it develop that North has two small hearts.

Q. 6—Both sides vulnerable and as South you hold:
♠J10 5 ♥AQ8 4 2 ♦A8 3 ♣K 2

The bidding has proceeded:
East South West North
1 ♠ Dbl. 1 NT Pass
2 ♠ ?

What do you bid now?

A.—While the hand is clearly indicated. To contract for eight tricks, with a passing partner, would be highly indiscreet. East has shown length in spades and clubs, making it probable that he is short in hearts, which may be banded in the West hand.

Q. 7—As South, vulnerable, you hold:
♠A 9 7 4 2 ♦A J 10 9 ♣J 8 6 2

The bidding has proceeded:
North East South West
1 ♥ Pass 1 ♠ Pass
2 ♠ Pass 2 ♠ Pass
3 ♥ Pass ?

What do you bid now?

A.—A jump bid to five clubs is our choice. In view of the fact that you have already bid two suits, this bid will offer partner a strong inducement to go on to six.

Q. 8—As South, vulnerable, you hold:
♠AKQ ♥Q 2 ♦A 9 8 5 ♣KQ 9 7

The bidding has proceeded:
South West North East
1 ♥ Pass 1 ♠ Pass
1 ♠ ?

What do you bid now?

A.—A jump rebid of some kind is in order. Without a heart stopper we are not inclined to jump in no trump, so that leaves a three spade bid as our choice. We try to avoid jumps with only three trumps whenever it is practical to do so, but in this case, adherence to the four trump rule would result in our making a clumsy rebid.

Hill's No. 2 Bags Doral Top Money

MIAMI (AP) — Little Jackson, Mich., has long been famous as the site of the Michigan State Prison and as hometown to golf star Dave Hill. Now there's a new Hill in town.

Mike "Don't Call Me Dave" Hill pulled alongside his brother Sunday as a golfer of note by bagging the Doral Open Golf tournament and its \$30,000 top money.

This fellow Mike is 31 years old, looks 21 and talks like he is 61. In the moment of his first great triumph, Hill No. 2 spoke of retirement.

"I was raised in a farming area and would like nothing better than to settle down on a spread of my own," said Mike. "I've seen this pro tour fray many a man's nerves. When that happens to me, I'm gone."

Hill grinned and said, "I guess I might have added a couple of acres with this \$30,000 check."

NOT EASY

Things haven't come easy for Mike. He tried twice to pass the golf tour's entrance exams at the PGA National Golf Club in Palm Beach Gardens, Fla., and twice he missed by one stroke. Hill survived the third time around 22 months ago.

Mike began Sunday's final round at Doral with a three-shot lead. He once dropped into a three-way deadlock but stormed back to win by four over Jim Colbert, a 165-pound former Kansas State football halfback.

"I didn't start maddening myself against anybody until it was Colbert and me," said Hill. "I had a three-stroke lead then and decided to play for pars. If he could make three birdies in five holes on this course, Jim deserved to catch me."

Hill was calm as he picked up the check that nearly doubles his \$16,239 earnings of last year. "I won't feel the true impact until Monday morning," he said. "I'm so pumped up now I'm numb."

Mike fired rounds of 70-69-71 for his nine-under par total of 210. He plans to lay around the plush Doral site for a couple of days, but won't play golf.

FANTASTIC

"The kid was fantastic," said Dave, winner of \$156,423 last year. "It would have been easier for me to play those last holes than watching. It was pure hell until Mike played safe on his second shot at the 18th and pitched on the green in three."

Mike parred the man-killing hole by holing a 15-foot putt, preserving his four-stroke victory over Colbert.

British rookie Brian Barnes tied for third with Larry Hinson and Bruce Devlin and Jack McGowan was sixth. Nobody else

broke par for the 72 holes on such unnotables as Ross Randall and Joe Porter III and made \$946.66. That's Dave Hill. He's Mike Hill's brother, you know.

(AP WIREPHOTO)

VICTORY DANCE—Golfer Mike Hill, Jackson, Mich., dances after he won the Doral Open at Miami, Fla., Sunday. It was the first win for the 31-year-old pro who shot a 9-under-par 279 for the four rounds.

Derby Countdown Starts This Week

The countdown starts this week for the Kentucky Derby, the first leg of racing's triple Crown classics for 3-year-olds.

The occasion will be the \$100,000-added Flamingo Stakes Tuesday at the closing day of the Hialeah meeting in Florida. The Flamingo usually produces

Bi-District Tilt In Snyder Tonight

CANYON — Abilene High and Lubbock Monterey will tangle in Class AAAA bi-district basketball competition at 8 p.m. in the Scurry County Coliseum here Tuesday.

Monterey defeated the Borger Bulldogs, 71-63, Saturday night to earn the right to oppose Abilene, the 3-AAAA champion.

Coahoma QBC Meets Tonight

COAHOMA — The Coahoma Quarterback Club will meet at 7:45 p.m. today at Rick's School store. Financial reports will be received, and several other important items of business considered.

SEVEN ALREADY PICKED Miners, Uclans Nail Down Berths For NCAA Tourney

Two familiar faces—UCLA and Texas-El Paso—were among seven teams that won their way into the NCAA Basketball Tournament over the weekend.

The once-beaten and second-ranked Bruins, going for their fourth consecutive national championship, nailed down the Pacific Eight crown by routing California 109-95.

Actually, UCLA has won five of the last six NCAA tournaments. The only intruder was Texas-El Paso, then known as Texas Western, in 1966. The Miners gained one of the 25 berths Saturday by edging Utah 83-82 for the Western Athletic Conference title.

The other five conference champs to make it were Iowa in the Big Ten, Davidson in the Southern, Ohio U. in the Mid-American, Rice in the Southwest and Temple in the Middle

Hawks Play Final Game Here Tonight

Howard County Junior College Hawks will be going after a cherished goal of victories as well as a chance for a piece of the Western Conference crown when they make their last home appearance this evening at 7:30 o'clock.

Cellar-dwelling New Mexico Military Institute will be the opposition. If the Hawks win, they not only will have 20 wins for the season but stay alive in hopes Lubbock Christian can upset Odessa in Lubbock Tuesday evening. That would give the Hawks a tie for the crown.

Local fans will be watching six Hawks in action for the last time — and these are just about the front line of the club. Included are Sammy James and George Tilley of El Paso, Glenn Fletcher of Crane, Danny Clendenin of Big Spring, Monty Phillips of Lubbock.

Only in 1966 have the Hawks under the 11 years of Buddy Travis' coaching failed to win 20 games. They have sacked up five Western conference crowns outright, tied once in 1965 with San Angelo. The record since Travis has been coach is: 34-4 in 1960; 25-7 in 1961; 29-5 in 1962; 20-7 in 1963; 21-11 in 1964; 25-12 in 1965; 14-16 in 1966; 24-11 in 1967; 22-11 in 1968; 30-5 in 1969; and hopefully 20-7 this year. Three times the Hawks have gone to the nationals.

Mary Curtis Wins Again

WINCHESTER, Mass. (AP) — Mary Ann Eisel Curtis of St. Louis, a 23-year-old veteran, is the queen of the nation's indoor tennis circuit for a third year. Mrs. Curtis, ranked just third by the U.S. Lawn Tennis Association and seeded second in defense of her indoor title, completed an upset Sunday in the 63rd annual indoor title.

Mary Ann, the national indoor singles titlist in 1964 and '69, weathered a seven-game blitz at the start and defeated upset Patti Hogan of LaJolla, Calif., 6-6, 6-3, 6-4 for another championship and \$1,500 prize money.

Nancy Richey of San Angelo, Tex., the nation's top-ranked player, was favored in the tournament despite an absence of three years. However, Richey was ousted by fifth-ranked Miss Hogan in a stirring comeback in Saturday's semifinals.

In the doubles, Mrs. Curtis, a five-time indoor winner, and Valerie Ziegenfuss of San Diego, Calif., were dethroned by Miss Richey and Miss Bartkowski, 6-6, 6-4. The winners received \$200 each and the losers \$100.

Stallings Places In Stockton Relays

FORT STOCKTON — Odessa Permian team honors in Division I of the Comanche Relays here Saturday, scoring 110 points to 81 for Midland High and 72 for third-place Abilene High. Midland Lee was fourth with 51.

Andrews won Division II with 81 points. Snyder was third behind Del Rio with 67.

In Division III, Dalworst was first with 65, five more than runnerup Ozona.

Steve Stallings of Stanton finished second to Mike Parsons of Olton in Division III's mile run, pushing Parsons to a new record.

Parsons was clocked in 4:35.8. Stallings in 4:37.6.

LIGHTWEIGHT TITLE Ramos Facing Toughest Battle Against Laguna

LOS ANGELES (AP) — The lightweight champion of the world, leggy young Mando Ramos, agrees he may be facing the toughest test of his relatively brief career in Panama's Ismael Laguna Tuesday night.

Taking matters easy today on the eve of his 15-round scrap in the Sports Arena, the 21-year-old titleholder from Long Beach had finished probably his most dedicated training period.

Mando stands 5-foot-10 and may be the tallest in lightweight title history, yet Laguna is only an inch shorter.

Laguna and his New York-based manager, Cain Young, a wealthy semi-retired businessman, are not impressed with Ramos' credentials as a champion.

SHERRY COZART

Cold Quarter Costs Queens

Howard County Junior College Queens advanced through one round but had a cold second quarter in the next round and fell out of contention in the Texas Women's University basketball tournament over the weekend.

The Queens took an early lead over Southwest Texas State University in the first game, then went on to win 41-35. They had a comfortable 21-12 advantage at the half.

In the next game, however, the Queens lost a first quarter lead when they scored only four points in the second quarter while Weatherford Junior College was pouring in 16. They cut the lead to five points at the end of the third but couldn't erase it further.

Tuesday evening the Queens go to Abilene for a game with Hardin-Simmons University.

The box scores:

H.C.J.C. (41) — Condon 1-2-4, Lane 4-1-9, Russell 5-0-10, Bichsel 1-0-2, Cozart 1-0-2, Johnson 3-0-6, Gross 3-0-6, Weidner, 1-0-2. Totals 19-3-41.

SOUTHWEST TEXAS (35) — Eideck 10-2-22, Harrison 1-3-5, Godenough 1-0-2, Perill 2-0-4, Sewell 0-1-1, Wager 0-1-1. Totals 14-7-35.

SECOND ROUND H.C.J.C. (39) — Condon 6-1-13, Lane 5-0-10, Johnson 3-0-6, Bichsel 0-2-2, Cozart 1-0-2, Stevenson 1-0-2, Russell 0-1-1. Totals 17-5-39.

WEATHERFORD (44) — Edwards 2-1-5, McCullough 5-0-10, Tinney 3-0-6, White 2-0-4, Schwab 5-3-13, Eskridge 0-2-2, Hart 0-2-2. Totals 17-10-44.

WEATHERFORD (44) — Edwards 2-1-5, McCullough 5-0-10, Tinney 3-0-6, White 2-0-4, Schwab 5-3-13, Eskridge 0-2-2, Hart 0-2-2. Totals 17-10-44.

Owls' Coach Likes Being Underdog; Facing SMU

By The Associated Press.

"Underdog is a good place to be... the only people that believe in us are on our 300-acre campus... Now, they believe."

Rice coach Don Knodel was speaking about his newly crowned Southwest Conference basketball champion Owls Sunday and their upcoming date with fifth-ranked New Mexico State in the NCAA playoffs Saturday in Fort Worth.

"Sure, we'll be heavy underdogs," Knodel said. "There were some predicting TCU would knock us off Saturday in our own gym. It's been like that all year. People don't even think we can win at home."

"Well, Baylor beat New Mexico State earlier in the year. That means they (NMSU) can be beaten."

Knodel said New Mexico State will be tough because "We've had our biggest problems against teams with tremendous physical strength who can dominate the boards."

Knodel added "Of course, we outbounded TCU something unreal. It's one of those rare opportunities in life when you have a chance to go for a championship and our kids went out there after it."

The Owls defeated TCU 82-73 and two other private schools came through with victories to give Rice the throneroom outright for the first time since 1954.

Southern Methodist upset Texas Tech 85-80 while Baylor tripped Texas A&M 70-68. In the other SWC game Saturday, Arkansas crunched Texas 78-61.

Knodel said he heard what he could of the SMU game on the car radio in the driveway.

"It kept fading in and out," Knodel said. "It was 57-40 and Gene Phillips scored for SMU... then it faded out. Finally, we caught the end of the game. I guess I was the only one around here who thought SMU had a chance to beat Tech."

Volleyball Unit Splits Pair

Big Spring High School's A team volleyball players dropped a pair to Midland Lee over the weekend, but the B team turned the tables.

The volleyballers travel to Abilene Tuesday evening for a pair of games with Abilene Cooper.

In the A game with Midland Lee, BSHS dropped the first game 10-15 with Mary Lou Brown the top server with four points and with Judy Bair and Judy Dyer at the net. Mary Lou again was high point with three in the second game, which was lost 11-15, and Mary Dirs and Judy Dyer were at the net.

The B team took the first game over Lee 15-3 with Cindy Williams leading the service with six points, and Mary Alice Terrazas and Cynthia Cook at the net. The second game was won 15-4 with Mary Alice Terrazas high server with five points and Kay Lou Caffey and Lottie Ellison at the net.

Czechs Win Top Places

IRONWOOD, Mich. (AP) — Czechoslovakia is king of the hill — 1, 2, 3.

It was in that fashion that the Czechs dominated the first ski flying tournament ever held in the Western Hemisphere this weekend.

Adrian Watt, a 22-year-old from Duluth, Minn., finished fourth, the best performance by an American in ski flying since the current U.S. team coach, Gene Kotlarek, placed fourth 10 years ago in Yugoslavia.

Czechoslovak Jiri Raska, its gold medal winner in the 1968 Winter Olympics and runner-up to Russia's Gari Napaikov in the previous weekend's world jumping championships, finished No. 1 in the two-day tournament here.

Raska's teammates Zbynek Huback and Rudolf Doubek finished second and third respectively. Raska racked up 667 points in four flights. Huback had 658, Doubek 649 and Watt 647.5.

To Open Season

The Big Spring High School baseball team opens the season Tuesday against Coronado in Lubbock at 4 p.m. The first home appearance for the charges of Oakie Hagood won't come until a week from Tuesday when they entertain Odessa Permian.

The Owls have one SWC game remaining against Texas A&M in College Station Tuesday night. A&M and Texas Tech sport 8-5 records while Baylor and TCU are 7-6. Texas is 5-8, SMU 4-0 and Arkansas 3-10. In the other finals Tuesday, Arkansas is at TCU, Baylor is at Tech and SMU is at Texas.

(AP WIREPHOTO)

CLOSE FINISH—Ken Swenson of Kansas State just barely edges Jim Neihouse of Kansas to take the 880-yard run in the Big Eight meet Saturday. Both finished in 1:51.9 — a new record — and the judges gave the nod to Swenson. The old record of 1:52 was set by Kansas' Jim Ryan.

Six Important Again To Celtics

By The Associated Press

For years, the Boston Celtics' magic number was 6. That was the number Bill Russell wore while leading the Celtics to all those National Basketball Association championships.

Russell is gone, though, and this time the Celtics' number—6 once again—may be up.

Los Angeles defeated Boston 120-114 Sunday while Philadelphia turned back Baltimore 104-99. Any combination of 76er victories and Celtics defeats totaling six will eliminate the defending champs from the Eastern Division playoff race.

Elsewhere, Phoenix downed Atlanta 109-98, slicing the Hawks' Western Division lead to one-half game over the Lakers. Milwaukee beat Cincinnati 120-114, San Diego rimmed Chicago 135-122 and Detroit whipped San Francisco 116-99.

Los Angeles' Jerry West and Elgin Baylor combined for 62 points, 39 in the second half, as the Lakers checked repeated Boston rallies.

West finished with 33 points and Baylor with 29. Don Nelson topped the losers with 30 points. Phoenix never led Atlanta until Connie Hawkins' basket in the final minute of the third period gave the Suns a 72-71 edge. The score was deadlocked at 83 before Gail Goodrich put the

Suns ahead to stay with 7 1/2 minutes left.

Hawkins paced Phoenix with 30 points and Goodrich added 22. Lou Hudson scored 30 and Joe Caldwell 29 for the Hawks. The Suns' triumph increased their third-place lead to 1 1/2 games over Chicago.

Substitutes Pat Riley and Jim Barnett combined for 21 points in the last period to trigger San Diego's victory over Chicago. Elvin Hayes topped the Rockets with 38 points while Tom Boerwinkle was high for the Bulls with 26.

Milwaukee, trailing by two points, ran off nine in a row at the start of the final period and went on to beat Cincinnati. Lew Alcindor led the Bucks with 32 points and Greg Smith chipped in with a career high 26. Oscar Robertson and Johnny Green split 46 for the Royals.

Philadelphia wiped out a 14-point third-period deficit with a 28-4 burst. Hal Greer had 38 points for the 76ers and Jack Marin 31 for the Bullets, whose high-scoring Earl Monroe was ejected after only six minutes for protesting a technical foul call.

Dave Bing pumped in 31 points and Terry Dischinger 23 as Detroit snapped a three-game losing streak and stretched San Francisco's to five.

Longhorns Still Have Ingredients

The Texas Longhorns still own the two ingredients that made them the Southwest Conference baseball champions last year: excellent pitching and strong hitting.

Texas won three out of four games from Sam Houston State Friday and Saturday. The Horns won Friday 12-1 and 10-0 then split Saturday, taking the opener 14-0 and losing the nightcap 3-1.

Texas Tech proved it has staying power, going 11 innings before downing Hardin-Simmons 15-10 Saturday. Max Martin and Dick Shaw struck homers for the Red Raiders while Doug Thorley and Steve Hurt each collected three hits.

Tech meets Pan American in a doubleheader at Edinburg Monday in the only conference action.

Emerson Fattens His Account

LOS ANGELES (AP) — With 10,000 U.S. dollars nestled in his bank account, Roy Emerson is looking forward to a return to his native Australia and another \$10,000 tennis game against Spain's Andres Gimeno.

Corsicana Sun Wire Editor Dies

CORSICANA, Tex. (AP) — Charlton Gunter, wire editor for the Corsicana Daily Sun for many years, died Sunday afternoon at his home.

The 66-year-old Gunter suffered an apparent heart attack about 2 p.m.

He worked for newspapers in Paris and Port Arthur and United Press International before returning to the Sun where his father was mechanical superintendent for many years.

Gunter attended Corsicana schools and was a graduate of Southern Methodist University. Survivors include his wife, a son, Jimmy Gunter, and a daughter, Erlene Gunter. Both the son and daughter are students at the University of Texas at Arlington.

Funeral services will be at 11 a.m. Tuesday at Corely Funeral Chapel with burial in Corsicana.

'POOFF' IS AGAINST THE MIDIS—It's no spoof, says the members of POOFF (Preservation of Our Femininity and Finances), who are banding together in Beverly Hills, Calif., against the "new, ugly, unfeminine fashions, especially the midi." The quartet, from left, Juli Reding Hutner, Linda Henson, Carolyn Kent Cooke and Grace Robbins, plus 20 other members of their organization are seeking signatures on petitions denouncing the new fashions which they will circulate among designers, stores, and anyone else with influence.

Demo Relief Plans Get Senate Airing

WASHINGTON (AP) — Several Democratic sponsored welfare and hunger-relief plans get a Senate airing this week in the wake of unexpected action in the House boosting chances for President Nixon's own welfare proposal.

Public hearings before Sen. George McGovern's Committee on Nutrition and Human Needs, opening today, will focus on plans the South Dakota Democrat says are intended to put a floor under family income and provide enough money for every family in the nation to have an adequate diet.

Among McGovern's witnesses called to testify on the "hunger and nutrition gap," is the Rev. Jesse Jackson, a top aide in the Poor People's Campaign of the late Dr. Martin Luther King Jr., and national director of Operation Breadbasket.

New York City Mayor John V. Lindsay is scheduled to testify Tuesday.

McGovern has promoted his own "human security plan" as a multistep measure for fighting poverty, including as a key ele-

ment a guaranteed monthly payment of at least \$50 for every American child.

The Nixon proposal, which emerged last week from the House Ways and Means Committee after languishing since August, calls, among other things, for a guaranteed family income of at least \$1,600 a year.

McGovern's hearings are seen by some Capitol observers as accepting — the — challenge response to the Republican administration's contentions that critics of its welfare ideas never offer workable alternatives.

Deadline Near To File For Trustee Voting

With the deadline Wednesday for filing for the Big Spring Independent District School Board, only two persons have filed for the two positions.

Roy Watkins and Delnor Poss have both filed for election. The terms expiring this year are held by Watkins and Jack R. Alexander.

Candidates must be qualified voters of the school district, and any relatives working for the school district must have been employed at least two years before the candidate accepts a seat on the board.

The election is scheduled for April 4, with polling boxes at Big Spring High School and Gay Hill School. Deadline for applying for a place on the ballot is 5 p.m. Wednesday. No filing fee is required; the position pays no salary.

Theft Reported

Gilbert Goldman, 300 Main, Coahoma, reported this morning to Howard County sheriff's officers that \$16,820 and a checkbook were taken from his trailer at that address Friday night. Entrance was apparently made through a rear window. Sheriff A. N. Standard said the case is under investigation.

Howard County Library Has New Films Available

Eleven new films are available at the Howard County Library for use by clubs, schools, churches and individuals who have access to a 16mm sound projector. All the films are in color and have sound tracks.

The films include:
"Summer Pageantry" (9 min.), one-day tour of Ottawa, Canada; "Wayleggo" (22 min.), summer on a 45,000-acre sheep

station bordering the South Island's Southern Alps; "Passport to Pleasure" (17 min.), trout-fishing in beautiful New Zealand; "The Royal Province" (21 min.), history of Nova Scotia; "West to the Mountains" (27 min.), story of Alberta from wagon train to oil boom with accompanying music by guitar-strumming Burl Ives in buckskins and sombrero; "Drummer Hoff" (6 min.), folk rhyme about a group of happy warriors who build a cannon; "River Boy" (17 min.), presents the story of a boy growing up, being infatuated with a girl and the resulting changes in him; "Water Sports" (18 min.), experts perform exhibitions of swimming, diving, water skiing and scuba diving; "Japan: Customs and Traditions" (27 min.), commentary on the culture, manners and traditions of Japan attempting to preserve tradition in an era of technology; "Red Balloon" (34 min.), modern fairy tale of a Parisian schoolboy capturing and befriending a red balloon with a mind of its own; "Epic of Flight" (50 min.), visual history of aviation from the Wright brothers to the modern air terminal.

McGovern said his plan would cost some \$10 billion the first year, compared with the administration's allowance of \$4 billion.

But he said the payments for children, to be accomplished through the elimination of personal tax exemptions, would all but end poverty among families with children.

"It would also provide a critical boost in the income of middle American families," he said.

The McGovern plan calls also for a guaranteed job for every able-bodied citizen of working age, improvements in the Social Security system, and a scaled-down Public Assistance welfare plan to provide income for those unable to work.

The Nixon program covers the working poor as well as families without a breadwinner. It would use food stamps to give a family of four an effective income of \$2,400 annually. And it would allow states to provide additional help, with the federal government paying 30 per cent of the extra cost, up to a pre-set level.

The plan would also require able-bodied adults to register for job or job training and would provide day-care centers to provide an incentive for a mother to obtain work.

Horoscope

TOMORROW

—CARROLL RIGHTER

GENERAL TENDENCIES: A highly impatient and disciplined person is now willing to listen to your ambitions. This party will help you go get what you want. Don't be too content. Let him know just what you have in mind. Any interests you have in art or culture can now be enhanced by your own actions. Keep active.

ARIES (March 21 to April 19) Studying that new project well should put you in a position to carry through with it very efficiently now. Then get into some charitable work that is important.

TAURUS (April 20 to May 20) A good day to get away from regular routines and into something new and promising. Put those fine talents to work. A good day to repay pressing social obligations. Be grateful.

GEMINI (May 21 to June 21) Heed the advice of a specialist and you improve your job and your surroundings. Have more benefits. Pay your bills on time and improve your credit rating. Feel better, too.

MOON CHILDREN (June 22 to July 21) Know what it is that associates with you; then use a clever and artistic way of pleasing them. If you are more conservative, you find you come to a better understanding with partners. Be poised.

LEO (July 22 to Aug. 21) Doublecheck with associates before entering that new venture so that you coordinate your methods. Ideas. Find the right items to add to your wardrobe that will bring out your finest points. Be wise.

LIBRA (Sept. 22 to Oct. 22) Ideal day to come to a full understanding with kids so that life becomes more pleasant at home and in the outside world. Some new idea could bring more benefits in the future. Add to your knowledge.

SCORPIO (Oct. 23 to Nov. 21) A good friend can give you the right idea on being happier at social and recreational events. Be sure to keep those important appointments you made earlier. Make reservations for later fun.

SAGITTARIUS (Nov. 22 to Dec. 21) Look into that practical affair that has been bothering you and get the right answer to present problems. You can handle those financial responsibilities with ease. Show that you have a good head on your shoulders.

CAPRICORN (Dec. 22 to Jan. 20) Go out for some recreation you enjoy. Be with persons you like today. Handle that correspondence efficiently, also. Take care of that important obligation before you go out for a good time.

AQUARIUS (Jan. 21 to Feb. 19) Planning some time to find out about your financial position is wise. Apply yourself well to whatever your goals may be. Look at life more seriously.

PISCES (Feb. 20 to March 20) Talk matters over with friends who are serious and expert in your own line of endeavor, but don't force anything. Social gadding about is fine, but talk shop, also. Be happy.

College Contest Planned For Management Pupils

Doyle Holder, director of the Mid-Management program at Howard County Junior College, announced there will be a local contest to determine the top students in five distributive education categories, and the first place winners will attend the annual Junior College Division of Distributive Education Clubs of America meeting in Dallas April 3-4. The local contest will be March 5 at 7:30 p.m. in the HCJC Science Building.

Judges in the sales management division will be Barney Toland, A. J. Prager, Bob Taylor and Travis Starr. Merchandising judges include Bill Harris, Bob Hickson, Richard Adkins and Bill Grey. Selecting the top student in personnel management will be Linda Cole, Bill Brooks, Lloyd Morse and Don Morgan. The human relations division will be judged by Gary Hamilton, Clem Jones, Frank Parker and Joe Pickle. The outstanding student in public relations will be picked by Joe Vinson, Tom Eastland, Charles Beil and O. T. Brewster.

Students entering are Shelton Ashley, Robert Sanchez, Raymond Hattenbach, Ronald Lindsey, Robert Adkins, Marvin Wright, Joe West, Larry Horn, Glen Clark, Henry Torres, Roy

HE SELLS TO 'DOPES'

LOUISVILLE, Ky. (AP) — Two detectives spotted a young man talking and gesturing to a soldier along a downtown street and decided something was wrong.

The detectives questioned the salesman and learned he was trying to sell the soldier an envelope supposedly containing marijuana.

It turned out to be dried parsley, and the salesman was asking \$3 for it. At the station house, police said the salesman told them he sometimes deals in baking powder. He calls it heroin.

The police called his actions loitering and jailed him.

You want skin that's firmer, don't you?
FIRMESSCENCE
