Farmers Co-op Holds Meeting Sat.

The 56th annual meeting of the Farmers Co-op Society will be held Saturday, April 9, at 2 p.m. in Bura Handley Community Center, when members receive patronage rebates earned from the 1982 crop.

Rebates totaling \$68,136.63 will be paid out to customers of Farmers Co-op Gin at the close of the meeting, said James Shepard, gin manager.

As the season closed, Farmers Co-op had ginned 15,060 bales of the poorest

crop Collingsworth County area has experienced in recent years. This year's patronage rebate is being paid on the basis of \$4.75 per bale on an average, after the gin retained \$25,000. This is a standard procedure for the gin.

This year's speaker will be R.C. Hall, manager of the Co-op Compress in Altus.

Dan Henard, president of the board, will conduct the meeting and give the report

of the board.

J.N. Glasgow, assistant manager, will give the gin report.

Officers and directors for the 1983 year will be elected during the business meeting.

Shepard pointed out that Farmers Co-op Gin had a payroll of \$303,346.05 during the last year. Adding to this the patronage rebate, the gin has pumped \$371,482.68, back into the county's economy in the last

12 months.

In addition to this, the gin paid \$43,727.30 in taxes.

Officers in addition to Henard are Carl Wischkaemper, vice president; Carthel Lewis, secretary-treasurer.

Shepard also serves as assistant secretary and Glasgow as assistant treasurer.

Directors are Henard, Wischkaemper, Lewis, Troy Thomason, David Baumgardner, Jerol Morris and Terry Canada.

City and County Study Firefighting Proposal

Renegotiation is under way on the agreement between Collingsworth County and the City of Wellington, which gives fire protection to that part of the county outside the Wellington city limits.

The effective date of a new agreement is May 1, 1983.

A proposed agreement from the Commissioners court was delivered by County Judge Zook Thomas to City Manager Glen Taylor early last week and was discussed by the City Council in its regular meeting Monday night, April 4.

The county proposed three changes (sections 3, 4 and 5). The remainder of the agreement is the same as that under which the city

and county are presently operating.

The county proposes that Section 3 read that "The 'county' will pay for any fire call where the truck goes to a fire and squirts water."

The city council asked that the section read "where the truck goes outside the city limits."

The county does not want to pay a fee when the department is called for a false alarm or when the fire is out by the time firemen arrive.

The county proposes that Section 4 read that "When a truck is dispatched to return before they reach the fire the county is not to be billed." The city asks that this be deleted.

The county proposes that Section 5, read "The

'county' truck is not to be used in City except in the large fires on emergency situations."

The city proposes that: "The 'County' and City truck will be used on all fire calls both city and county."

In a letter to be delivered to Judge Thomas and the Commissioners Court from the City Council, the council says that it finds items 3, 4 and 5 unacceptable, and asks for the changes mentioned above.

The letter says that any fire unit dispatched outside the City limits will be considered a rural fire call and the county has the right and responsibility to determine which rural fire calls are to be answered and may take any measure with the county dispatcher and

Sheriff's Department to determine when to dispatch the fire department to a rural fire.

The letter says that the city-county owned pumper is needed to fight grass fires in alleys, as the city must have a truck of this nature.

"If the county wishes, the city will remove immediately the tank, pump and bed from their [the county chassis] truck and this equipment will be mounted on a truck belonging to the city and the county will be free to build their own truck as they see fit. If this happens, no City vehicle will be sent on a rural fire call. Every time that the city answers a fire call for a rural fire, more than one truck is dispatched and on

HOME DELIVERED MEALS

Insulated chests carried by this group contains the first delivery of home-cooked type meals for the elderly who are homebound, cannot cook their meals and do not have someone to cook them. From left are Mrs. Felix Hunt, Mrs. Ralph Hicks, Ralph Hicks, Sylvia Masten, Elise Wilson, Harriett Powell, Milburn Derryberry and Willie B. Harwell.

First Home Delivered Meals Served

Sixty-two homebound Wellington residents who cannot cook for themselves received their first home-delivered meal Monday, April 4, the earlier of two target dates set for the program to open. This is a new program for the county.

Volunteers carrying hot meals in specially designed containers fanned out across

town just before lunch time, said Willie B. Harwell, president of the county-wide committee which worked with County Judge Zook Thomas and the commissioners court to push through the program.

It could not have been more of a home cooked meal: ham, green beans, oven fried potatoes, fruit

cocktail, chocolate chip cookies, bread and butter, and half pint milk.

"We need lots of volunteers to deliver the meals," said Mrs. Harwell. It never takes over one hour unless you do lots of visiting. The goal is to have enough men and women involved in the program that no one will have to work more than one hour each week."

All of the meals will be delivered to people over 60 years of age.

The home delivered meals are for those who can remain in their own homes but are unable to do their own cooking. The nourishing noon meal along with food that almost any person living at home can fix, will enable many to remain at home and outside care facilities.

Those wanting to volunteer to deliver meals should call Mrs. Harwell at 447-2063 or the Community

THAT'S WINDY

A wind and sandstorm Friday, April 1, one of the worst in many years in Wellington, sent roof shingles and tin flying, broke out several car windshields and, above, ripped a camper shell from the back of R.L. Templeton's pickup and sent it crashing into a nearby parked car.

Member-Guest Tourney Opens Golf Season Sun.

A member-guest tournament Sunday, April 10, will open the Wellington Country Club golfing season, according to Teddy Martin, golf professional.

"Any member who hasn't signed up with a novice should do so right away," said Martin.

Both men and women will play in the 9-hole tournament Sunday, and a supper will be served afterward, starting about 6:30 or 7 p.m.

There will be four players

on each team and tee off time is 1:30 p.m.

"Any non-member who would like to play should get a hold of a member and we will see that he gets to play," Martin assured. "We need to get everybody out there who is interested. If you want to play, we'll find you a member."

Those interested should call Martin at 447-5050.

This is the first of a series of golf tournaments that will be held throughout the summer and early fall.

The next visit of the bloodmobile, which comes from the Red River Regional Red Cross Blood Center in Wichita Falls will be on Thursday, July 28, said Mrs. Lynn Wright, presi-

dent of Collingsworth General Hospital Auxiliary, which sponsors the blood drive. The short time elapsing since the last visit and the prevalence of flu and other illnesses was credited as the reason the county failed to reach its 80-unit quota Thursday.

"The county will be on its own to make a separate agreement with the Wel-lington Volunteer Fire Department to fight rural fires. The City's insurance which covers the volunteers will not be in effect without a contract between the city and county."

City Manager Taylor said that fire calls for Fiscal Year 1981-82 were 19 rural and 16 city and 7 out of the county. He said that the county paid \$3200 to the city, while the city paid out \$20,511.

Wellington Ex-Student Directors Slate Newsletter Mailing

Directors of Wellington Ex-Students Association met Thursday, March 31, to make final plans for the annual newsletter to go out to those on the association mailing list.

The reunion will be held Saturday, August 6, with some of the class reunions scheduled for Friday, Aug. 5.

"The programs are being printed and we will get them in the mail as soon as we can finish them," said Louise Whisenant Henard and Louise Lancaster Peters, who are in charge of publicity.

"We have updated our mailing list and have found addresses of some who had never been contacted," they

reported.

Included in this mailing--the only one that will go out--will be a registration card and the newsletter, which will contain information about the general reunion and the individual class reunions.

An effort is being made this year to have as many pre-register as possible with

the registration card and \$5 fee returned before the reunion.

Some classes are also sending out letters about their own reunions.

Here are the classes that have announced reunions:

The annual 1928-29 reunion; the joint 1932-33-34 reunion; 1938, the joint 1947-1948-1949 reunion, 1953, 1958, 1963, 1968, 1973 and 1978.

Someone at each of these reunions will be responsible for registering the ex-students of their class who do not get to the general reunion.

The cost of the Saturday evening meal for the general reunion will be \$5 each for adults and \$2.50 each for children 12 and under.

Letters from three ex-students were read at the director's meeting.

Raymond Zigler, Jacksonville, Fla., wrote: "I am considering a visit to my early years' home and friends. I am a 1918

graduate but have never been able to attend a homecoming, since I have lived in Florida since 1924."

District Judge Denzil Bevers of Lubbock, class of 1940, enclosed a donation to go in the fund to buy fans which will belong to the association but be used for reunions at the community

center.

Vicky Allen Simmons of Canyon, class of 1965, wrote that she plans to attend the reunion and she also sent a check for the fan fund.

Present for the directors meeting were Andy Henard, president; Dorothy Baird McGill, Debra Long Belew, Helen Gollighugh, Brenda

Phillips Barton, Mrs. Henard, Mrs. Peters and Vickie Mayhugh Porter.

La Paisana Chapter Hears of Soil, Wat Conservation

La Paisana Chapter, Daughters of the American Revolution met Monday, April 4, at Cherokee Inn dining room.

Mrs. Boyd Derryberry, regent, presided and Mrs. H.H. Bowen was the hostess.

The speaker was Don Reeves, county extension agent. He discussed conservation and said this includes 5 areas, water, soil, plants, animals and minerals. People in Collingsworth county are more interested in soil and water, Reeves pointed out.

Soil is something that is not renewable, and there is a great loss each year of topsoil through water and wind erosion. In the southwest, water is of the greatest interest, Reeves pointed out.

The Ogallala Aquifer is declining every year he reminded, and a great deal of research is being done at the Bushland center for recycling water from playa lakes. Testing trees to reestablish shelter belts is under way. "They are trying to use trees native to the southwest, such as Arizona Cypress, Colorado pines and certain types of cedar," he said. Trees are important, not only for windbreaks, but they help to add moisture to the air.

In the remainder of the meeting, Mrs. Derryberry

gave president general's message; Mrs. R.C. McNett the defense report and Mrs. Walter Pendleton reported on the state conference held at Galveston in March.

Attending were Maudie Coffee, Mrs. Derryberry, Mrs. Bowen, Mrs. Jennie Holcomb, Mrs. Bura Handley, Mrs. Pendleton, Mrs. John McDowell, Mrs. McNett, Mrs. J.D. Coleman, and Rita Lowrie and Mrs. Reeves.

Cummings Host Family

Visiting Mr. and Mrs. Fred Cummings over Easter holidays were 7 of their 9 children.

Mr. and Mrs. Tom Nash and Jan came from Pampa, and a grandson, Mr. and Mrs. Darryl Burney and Shannon and Brandi were from Amarillo.

Mr. and Mrs. Ronald Cummings with Tanya, Tina and Jimmy came from McLean; Mr. and Mrs. John Cummings and Dale from Canadian; Mr. and Mrs. Jerry Risley, Jamie, Debbie and Clayton, from Enid, Oklahoma, and Mr. and Mrs. Bob Cummings with Aaron and Derrick from Pampa; Billy Fred Cummings and Gary Cummings from Amarillo.

Pudding Power

Want to save money on desserts your family will love? Keep cocoa pudding mix on hand for economical, delicious chocolate puddings.

Just one cup of unsweetened cocoa is enough to make twelve servings of chocolate pudding...and that's real economy, especially if you have a whole family of chocoholics!

To make the mix, simply combine one cup Hershey's Cocoa, two cups sugar and two-thirds cup cornstarch until well blended. Store this mix in a covered jar. When you need a hurry-up dessert, for each serving use one-fourth cup of the powder, two teaspoons butter or margarine and one-half cup milk. Combine the ingredients in a saucepan, then stir constantly over low heat until the pudding thickens and bubbles. Pour into serving dishes, cool and chill until ready to serve. Add a dollop of whipped topping, if desired.

Compton, Gollighugh Wed in Ceremony March 29

Rhonda Kaye Gollighugh of Wellington and Ronald Glenn Compton of Duncanville were married Tuesday, March 29, at one o'clock in the afternoon in the home of the bride's parents, Mr. and Mrs. Larry Gollighugh, 1300 Childress Street.

Judge James M. Ingram, Justice of the Peace, performed the ceremony in the presence of family members and close friends.

Parents of the bridegroom are the Rev. and Mrs. R.A. Compton of Mexia.

The couple was unattend-

ed. The bride wore a street length grey and white striped dress with matching jacket. She carried a single red rosebud tied with satin ribbon.

After the ceremony, Mr. and Mrs. Gollighugh were hosts for the reception.

A beige lace cloth with blue underlay covered the bride's table. A blue floral arrangement was the centerpiece and blue flowers decorated the wedding cake. Crystal appointments were used.

Cynthia Gollighugh, sister of the bride, and Susan Barnett served.

The couple left on their wedding trip to Dallas and they will be at home in the Dallas area, where the bridegroom is employed by Coca Cola Bottling Company in Dallas.

Thanks to some scientific ingenuity, industrial wastes of the future can be turned into soil conditioners to prevent the "dust bowls" that swept America's farmlands during the years of the Great Depression. The technique is already in use in Israel, where it was developed. Some 40 percent of the conditioners come from wastes in the paper industry.

GIRL SCOUT NEWS

On Tuesday, April 5, Brownie Troop 26 met with Junior Girl Scout Troop 12. Girls of Troop 12 opened the meeting with a flag ceremony which included the Pledge of Allegiance and the Girl Scout Promise.

Sales Tax Total Amounts to \$20,155

State Comptroller Bob Bullock has returned \$2,280.89 to Wellington in local sales tax payments for the period ending March 4. The total received in 1983 payments is \$20,155.50. This represents a 3.18% increase over the amount collected at the same time last year which totaled \$19,533.73. This was possible although Wellington's tax rebate for the same period

last year amounted to \$4,916.99. Wellington's sales tax payment is in contrast to the payments state wide, which are 4.5% below the same period last year. The March checks were for taxes collected on sales made in January and reported to the comptroller by the end of February.

Free Health Tests Set for April 13

A free blood pressure and diabetes clinic will be held at the Senior Citizens Center, 702 East Avenue, Wednesday, April 13, from 10 to 12 a.m. and 1-4 p.m. "Everybody is welcome to come regardless of age," said Mrs. Haskell Manuel, director. Mrs. Rita Anderson of Memphis, registered nurse with the State Department of Health will give the diabetes test and Willie B. Harwell will be in charge of blood pressure checks.

Wallendorff Received CJC Honors

In recent elections by the Clarendon College student body, Lori Wallendorff was voted "the most academic girl." She was also a nominee for Cowgirl of the Year. Lori, the daughter of Mr. and Mrs. William O'Rear, is a sophomore at CJC.

Mrs. Hood Takes Group To Europe

Elizabeth Hood, a teacher in MacKenzie Junior High School, Lubbock, has been selected by the American Institute for Foreign Study (AIFS, Greenwich, Conn.), to accompany a group of students on a "Europe by Land and Sea" this summer. Group members will spend three weeks touring Madrid, Rome, Paris and London. A highlight is a 6-day western Mediterranean cruise with calls at Majorca, Tunis, Sicily, Naples and Genoa. This program is especially attractive because it combines sightseeing in several "must see" historic cities with the more leisurely life aboard a cruise ship. A former Wellington resident Mrs. Hood is the daughter of Mrs. Luther Gribble and the wife of Don Hood.

Youths Win in Science Fair

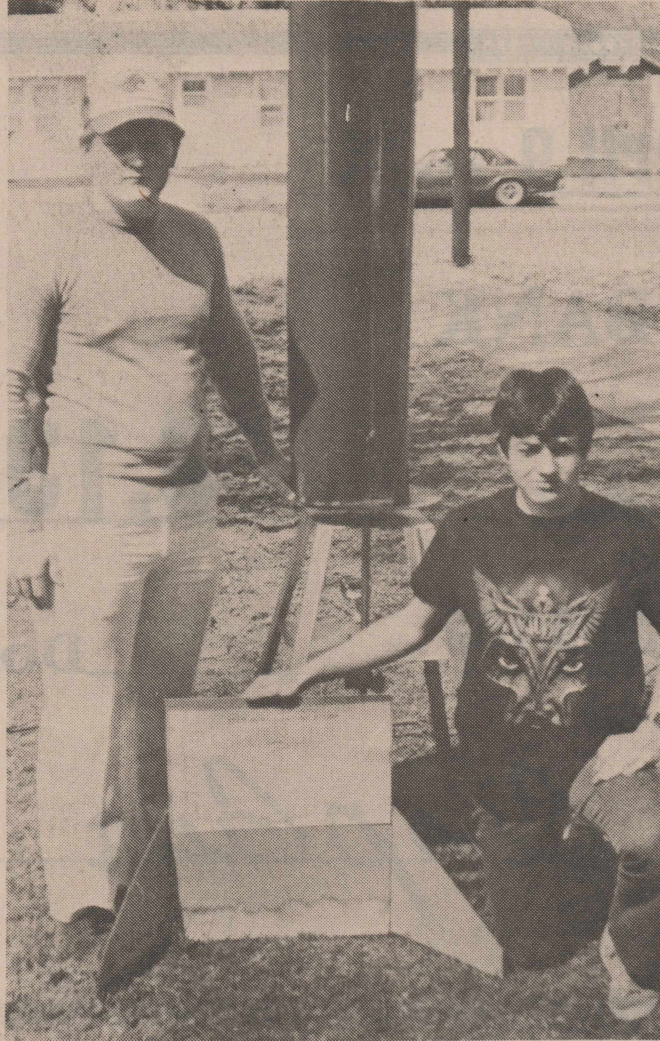

Two Wellington students placed in the High Plains Regional and Engineering Fair held in the ballroom of West Texas State University Saturday, March 26.

Jay Anders, representing Wellington High School, received second place in the energy division of the fair and Jeff Powell from Junior High was third in the biological division for contestants in grades 7 and 8.

Jeff, son of Mr. and Mrs. Tommy Powell, entered a scarified seed project, in which he showed that seeds scarified by burning sprout quicker than those in a control group. The implication was that a few hours difference in emergence of the seed can be of importance to a farmer, where time is an element.

Jeff used 100 seed in each group and rolled them in wet paper towels for sprouting.

Jay, whose parents are Mr. and Mrs. Bill Anders, entered a model wind-charger of unique design, which he had made himself. Approximately three feet tall, the windcharger head caught the wind on three curved blades and this in turn powered a generator

JAY ANDERS — JEFF POWELL

that produced enough electricity to light a small lamp.

His award was presented by the Junior Energy

Society and the entry was shown in the energy design section.

Jay already had several improvements in mind for his project, and he was encouraged to return to the science fair next year with this windcharger and the improved design which he will make.

COLLINGSWORTH COUNTY AGENT REPORT

by DON REEVES

WHEAT PASTURE BLOAT

Bloat in cattle grazing wheat pasture has been a major problem this spring. Excellent moisture and warm weather has stimulated good plant growth. When this type of plant material is stressed by frosts and freezes, conditions are conducive to a widespread health problem. A limited amount of a non-legume, low nitrate hay will help reduce bloat conditions. Many producers have had excellent results by feeding ground grain (corn or milo) at the rate 1/4 pound per head per day. Others have added Rumensin R and a mineral mix to the grain and used approximately 5-7% salt to restrict intake and offered the ration free choice and have not encountered the degree of bloat problems as their neighbors.

Some of the forage

collected from fields where cattle were bloating has been shown to be high in ammonia which when consumed readily in high volumes can lead to conditions that result in bloat. Daily feeding of a readily digested energy source such as milo or corn can help alleviate the problems caused by high levels of dietary ammonia.

Bloat Guard R (Poloxalene) is a feed additive that is effective against foam buildup that causes frothy bloat. It must be consumed on a daily basis at the recommended levels (1-2 gm./cwt.) in order to be effective. The most satisfactory intake patterns have been achieved when the ingredient is mixed with grain or a molasses lick.

Milburn Derryberry Retires from Post Office

Milburn Derryberry, the first man lots of new Wellington residents get to meet, has retired from the Postal Service, the only job he ever held.

He worked in the Wellington office more than 36 years.

Derryberry was honored with an office party Tuesday morning, April 5, and Postmaster Charles Britten presented him with a plaque and letter of commendation from the Postal Service. Co-workers presented him a leather-bound Bible, in recognition of his devotion and work in behalf of First Baptist Church.

What he enjoyed most about his job was the people he met on a day to day basis. "I enjoyed working mail, but I got to meet lots of people," he says.

Radical changes are coming to the Post Office Service, but from the day he started work until just a few years ago, work in the post office was unchanged.

"I work the mail just like when I started--manually," Derryberry said.

Because most patrons get their mail in boxes it is possible to handle a person's mail every day, yet never meet that individual for as long as he lived in Wellington.

"When I started to work, we delivered mail to more than 800 people in boxes," Derryberry recalls.

"The second year, I was made general delivery clerk, and we had 500 people getting mail in general delivery then. It was a full time job. Now only 30 to 40 people get their mail in general delivery and it's a temporary thing. Earlier, there were not enough

boxes for those who wanted them.

"When home delivery was created, it took about two-thirds of the box holders out on the city routes. But it didn't change the way the mail was handled."

At that time, mail came into Wellington in two ways, on the Katy Railroad and the mail truck from Childress.

"We'd meet the Katy train for the mail that came in from Dodson, Hollis, Altus and the east. We'd bring the mail pouch to the office, then we'd take our pouch back to the train."

The Fort Worth and Denver never carried the mail.

Derryberry considered a post office career before he ever graduated from high school.

But World War II, a battlefield commission as

second lieutenant, and battlefield service across Europe intervened.

He volunteered and was in the first draft of men to go into service. He served with the 36th division across North Africa, and into France and Germany. Derryberry spent 282 days within rifle range of the enemy. He received a purple heart and Bronze Star and some 20 years later, an Oak Leaf Cluster to the Bronze Star.

Home from active duty, he had been accepted by the Highway Patrol and was offered a job in Wellington State by Bud Manzer, when Postmaster R.F. Curry called Derryberry aside one day and asked how he'd like to work for the post office. He took the offer, and worked under 5 postmasters, Curry, R.T. Savage,
