body of his wife and will return later this week after funeral services have been held.

The tragic accident occured at about 8 a. m. Saturday as the car was traveling north on highway 70 about 17 miles south of Perryton. Nichols, Mrs. Glover and Mrs. Holt were enroute to California to see their mother, who is seriously ill. They were riding in a car recently purchased by Miss Brittain, who was a friend of the families.

They had driven all day and night in reaching Pampa, and in checking with the service station where they purchased gas, state highway patrolman Joe Culp learned that Miss Brittain, the driver, had appeared to be extremely sleepy, in fact went to sleep twice while the car was parked on the driveway.

From all appearances, patrolman Culp said, the driver went to sleep and pulled off the road. The car went about 490 feet down the ditch and crashed into a concrete culvert. Force of the impact threw all passengers into the front of the car and the four adults died instantly.

Joe Allen Glover lived until the next day, but was never conscious.

Miss Brittain and Nichols were in the front seat, while Mrs. Glover and Mrs. Holt, with the five children, were in the back seat.

The accident was discovered a few minutes after it happened by

Man Charged In Twichell Equity Burglary June 17

Jesse Carl Williams, 47, of Sayre, Okla., has been charged with burglary and forgery in connection with the burglary of the Twichell elevator on June 17, reports Sheriff Ray Phagan.

Williams is at present in jail in Lubbock, where he is charged with forgery.

A pad of Equity checks was taken in the burgiary, and one of the checks, made out for $47.50 and signed "James W. Rice," was passed at the Cut Rate Grocery in Perryton.

Sheriff Phagan had sent the check to the Department of Public Safety at Austin for handwriting analysis and their report showed that the handwriting matched that of Williams.

The sheriff went to Lubbock Friday to talk with Williams and said the man admitted entering the Twichell elevator. He told the sheriff that he burned the rest of the checks in a wheat field southeast of town. He spent the night in Perryton and left the next day.

Rev. Alvin Klotz To Leave Waka On September 1

Rev. Alvin Klotz, who has been pastor of the Waka Church of the Brethren since 1949, will leave Waka on September 1 to become pastor of the Beaver Creek Church of the Brethren.

The Beaver Creek church is in the suburbs of Dayton, Ohio, which now has a population of about a half million people.

The church is about 100 years old and has been a rural church until recent years when the growth of Dayton made it a suburban church. The former pastor, Dr. Clyde Forney, died in May of this year. He was one of the better known pastors in the Church of the Brethren.

Rev. and Mrs. Klotz have taken an active part in the community life of Waka, Perryton and Ochiltree County. He has been active in the North Plains Concert Assn., the Perryton Ministerial Alliance, is vice president of the Lions Club, and has served in various community projects since coming to this community.

For the past two and one-half years Rev. Klotz has been field secretary of the Oklahoma District, Church of the Brethren.

Wreck Victim Fund Now Near $2,500

The total in the fund for the victims of the wreck last Saturday which killed five North Carolina persons now stands at close to $2,500, according to Rev W. O. Harmon, pastor of the First Christian church. The fund is being handled by the Ministerial Alliance and a freewill offering was taken in the Perryton churches Sunday. Other contributions have come by mail and have been brought to the banks for the fund. There is sufficient money to pay all local funeral and hospital bills, Rev. Harmon said. Sidney Holt, father of the four children who have been confined to the Sanford Hospital since the accident, carried Blue Cross hospital insurance which will take care of most of the hospital expense incurred in the accident.

Two Killed In Auto Wreck Near Pampa

Two Perryton men were killed instantly about 5 p. m. Tuesday when the pink Ford convertible in which they were riding collided with a gasoline transport truck, 8 miles west of Pampa on state highway 152.

Killed were Frank Pierce and Bill Bankston, both of whom had been working in Perryton, although Pierce's address was given as Borger and Bankston's as Lubbock.

Pierce had been working as a roughneck on a drilling crew and Bankston had been working as a cook at Russell's Steak House.

The automobile was owned by Tom Pence, who is employed at Russell Steak House. He was in Perryton at the time of the wreck.

Highway patrolmen who investigated the accident said the convertible, driven by Bankston, attempted to pass a car on a hill. As he did so, the truck, driven by Lowell A. Frazier, Amarillo, topped the hill and was struck on the right side. It went out of control and before Frazier could bring it to a stop, it collided with a car driven by Wesley Matlock of Pampa.

No funeral arrangements had been learned as the Herald went to press.

Eight Men to Go July 25 In Draft Call

Five men will be sent for physical examinations and three will go for induction into the armed services on July 25, reports Mrs. Norma G. Phelps, clerk of local Selective Service Board No. 99.

Scheduled for induction that day are Harold D. Massey, Grain Valley, Mo., Myron McCartor of Perryton, and Richard Blackmore of Lubbock. All three of these men are registered in Perryton.

To go for physical examinations are Charles Strawbridge, Gageby; Dale Bremmer, Booker, Robert P. Holt, Gruver; Jimmy Cameron, Perryton; and Hershel Lee West, Perryton.

Well Service Co. Is Moving In

The Schlumberger Well Survey company will move a crew into Perryton this week, and warehouse space has been rented at the rear of the Redfern Pontiac-Cadillac building.

Charley Miller of the Schlumberger company was in Perryton earlier this week, making arrangements for the move. He said there would be two trucks working out of Perryton, with four men per truck.

Farm-to-Market Road Program Is Explained

Charles Smith of Amarillo, assistant district engineer of the Texas Highway Department, told the Ochiltree County commissioners Thursday that the extension of FM 1267, northwest of Perryton, would be included in the next appropriation.

A total of about $75,000 will be appropriated to pave the road from the west end of the present highway 1267 to Epps Corner and then south to Farnsworth, Smith said. There will be two projects necessory to complete the 14 miles of pavement.

Encouragement for more farm-to-market roads was received in a letter to Judge Howard Slaughter from State Highway Engineer D. C. Greer this week. Greer stated that the State Highway Commission has directed that a careful study be made of proposed farm-to-market projects, as well as a previously presented connection to Oklahoma and that this date be available to the Commission at the time they are in position to form the new program of work from funds provided by the recent session of the Texas Legislature.

Baker Illness Is Diagnosed As Encephalitis

The illness of Jimmy Baker, 17-year-old son of Mr. and Mrs. Travis Baker, has been diagnosed as encephalitis, a form of sleeping sickness.

Jimmy was taken to Amarillo Monday and has been in West Texas Hospital. He has been ill since last Friday, when he collapsed while driving a tractor at the Leonard Wright farm near Farnsworth.

Jimmy had been plowing in the same field with Mike Wright and stopped his tractor about 10:30 a. m., telling Mike that he felt dizzy. Mike thought that Jimmy was feeling the heat, and poured some water from a water bag on Jimmy's head and neck.

Jimmy climbed on the tractor, but after he had gone about 50 yards, threw the tractor out of gear and collapsed. Mike carried him to the car and started for town, but the car threw a rod and stopped. It was two hours before the prostrate lad could be gotten to the hospital.

He was delirious when he arrived at the hospital and had not gained consciousness when he was taken to Amarillo Monday.

At the last report, he was still unconscious late Wednesday afternoon.

The Amarillo specialists told the parents that the disease was a negative reaction to a small-

MISS CHAMBER OF COMMERCE—Linda Rogers, daughter of Mr. and Mrs. O. C. Rogers of Farnsworth, will represent the Chamber of Commerce in the Miss Perryton contest to be held in August. She is a Perryton high school student and participated in the contest last year.

Two Perryton FFA Boys Are Chosen Lone Star Farmers

Two Perryton FFA boys have been selected as Lone Star Farmers and will be honored at the 27th annual Texas Future Farmers of America convention in Houston on July 21. They are Marvin Flowers, son of Mr. and Mrs. Clem Flowers, and Edsel Cole, son of Mr. and Mrs. Leroy McGarraugh.

They will be accompanied to Houston by Josh Hopkins, Vocational Agriculture teacher and FFA advisor.

The Lone Star Farmer award is made only to those FFA boys who qualify on the basis of their chapter projects. They must have made $400 from the projects and must have met a number of other requirements. This is considered quite an honor and Perryton has had only one other Lone Star Farmer—Dale Hoover, who later made an outstanding record at Texas Tech.

Flowers, who graduated this year from Perryton high school, has been in vocational agriculture work for three years. His projects included commercial swine, purebred Suffolk sheep, feeder pigs and purebred Angus cows. His supervised farming program included purebred Suffolk sheep, wheat, milo, and fat barrows exhibition.

He has been a Star Chapter Farmer, vice-president of the local chapter, district candidate for state office, took part in debate, declamation and athletics.

He exhibited the reserve champion barrow at the Ochiltree County Junior Livestock Show in 1953.

Edsel Cole has been in vocational agriculture for four years.

Phone Service Back to Normal After Walkout

Perryton long distance telephone service was put on an "emergency call only" basis from Thursday to Sunday midnight while local members of the Communication Workers of America met in "continuous session."

While the workers were meeting, the General Telephone Co. sent in some supervisory employees from San Angelo to man the switchboard and help the three regular employees, Mary Haines, Georgia Hurlbey and Hallie Payne.

Union walkouts were general throughout the system served by General Telephone Co. workers.

Negotiations between the Communication Workers of America and the telephone company have been under way in San Angelo, company headquarters, since May 19. The union has sought increased wages along with other benefits to go into a new contract. The old contract expired July 1.

These negotiations are still in progress, although most of the workers have returned to their jobs.

City Ice Co. Buys Jim's Ice Service

City Ice Co. has purchased the ice business of Jim's Ice Service effective today, according to a joint announcement by Cy LaMaster, City Ice owner and Jim Rasnick.

Rasnick has not announced his future plans.

LaMaster pointed out that many improvements have been made in physical facilities at City Ice Co. and that other modern equipment would be added soon.

Legion Installation Set for Monday

Installation services for the Pierce Johnson Post, American Legion and Auxiliary, will be held Monday night at the Veterans Memorial Building, according to John Stubblefield, post commander.

The annual installation event will be a potluck super and will begin at 7:30 p. m., Stubblefield said.

The installing officer has not yet been confirmed, but Paul Spillman of Wellington, retiring district commander and new division commander of the Legion, has been asked to install the Perryton officers.

Election Will Be Called In Near Future

The Ochiltree county commissioners court signed a contract Monday with the First Southwest Co. of Plainview and Dallas to handle a $150,000 bond issue for the purpose of rebuilding Wolf Creek Dam.

The county agreed to pay a fee of $1,950.00 for the cost of handling bond proceedings, including attorney's market opinion. This fee is to include also the election supplies, printing of bonds and other fees in connection with the preparation of election documents.

In the event the $150,000 bond issue does not carry, the county will not be liable for the fee of $1,950.00.

The First Southwest Co. was low bidder on the proposed issue of $150,000. They bid an average interest rate of 2.988 percent, total interest of $80,347.32, for a 30-year issue.

Two other bonding companies submitted bids. They were the Central Investment Co., Lubbock, 3.198 per cent and total interest of $85,994.33; and the Burt-Hamilton Co., of Dallas, 3.0953 average interest rate and total cost of $83,235.00

The First Southwest Co. will prepare all the necessary preliminary date for a bond election and within another week or so, it is expected that the court will be ready to set a date and order the bond election, according to county attorney Jack M. Allen.

Only property owners of the county will be eligible to vote in this bond election.

Blue Sox Meet Borger Saturday

The Perryton Blue Sox will meet the Borger Stars in a Tri-State League game at the local park Saturday night. The game is expected to be one of the best of the season, with the Sox considered no worse than an even choice.

The Blue sox will start pitcher Tom Walton, who struck out 17 Hooker Cardinals last week only to lose a 3-0 game when Tex Flanagan gave Perryton only one hit.

Walton will pitch the rest of the season for the Blue Sox and is expected to furnish the hurling strength that the Sox have needed.

Game time is 8:15 p. m.

Several Changes Recommended by Safety Group

The Chamber of Commerce safety committee made several recommendations to the city council for traffic safety, following a meeting held Thursday morning.

The committee recommended that a 15 mile per hour speed limit be enforced within one block of school and that the streets withing this zone be marked with large yellow letters.

The setting up a "T-Man" committee was also recommended. This committee would be a secret group of citizens who would note traffic violations and notify the police department. The offender would then get a letter from the police chief, telling of the date, place and time he committed the violation.

A discussion was held regarding the hiring of juvenile officer, with the cost of his salary being shared by the city, county and school.

Present for the meeting were Dean McCutcheon, Gilbert Mize, Arlie C. Binion, J. B. Whigham, Howard Slaughter of the committee. Visitors were Mrs. O. A. Schuster, Mrs. Clifford Beck and Mrs. Wick Brown of the Perryton Sorosis Club, who were present to present "Most Courteous Driver" certificates to Herb Cost, adult winner, and Charles Rickard, youth winner.

Real Play Truck

DETROIT (AP)—Gary Nelles, 9, and his brother Scott, 6, are the envy of all children in suburban Pleasant Ridge. They have a real fire engine. Their father, Morton bought the elderly pumper for $125 from the Hudson, Mich., fire department so they could play on it in their back yard.

And Get Under

SAN DIEGO, Calif. (AP)—An automobile show was declared a success, with only one minor disturbing incident.

"A lady got stuck under a car," the show manager said, "and we had to use a jack to get her out. We were too surprised to ask how she got there and she was too embarrassed to tell."

Honest Delay

DETROIT (AP)—Ralph Bennallack told a Traffic Court judge that the policeman-witness was absolutely right: he gave Bennallack a ticket when he saw Bennallack walking against a red light.

But the charge was dismissed, after the defendant explained:

"I started across on the green light all right, but for some reason I'm just not as fast as I used to be."

Bennallack is 91.

Death Penalty

CHARLOTTE, N. C. (AP)—Judge W. A. Leland McKeithen adjourned court and ordered an investigation of cackles coming from an air vent. A hen had escaped from a coop of chickens in the county jail kitchens atop the courthouse.

When court resumed the judge called for a report.

"The death penalty, your honor," replied Jailer A. J. Brewer, "the hen will be served to the prisoners Sunday."

Four Charges of DWI Filed in County Court

Four charges of driving while intoxicated were filed in county court this week, with three men paying fines and the other being held for action by the grand jury.

Tom Pence paid $100 and costs on July 11; Leroy Unruh paid $75 and costs on July 9; Ernest Rutledge paid $100 and costs on July 8. All three pleaded guilty to the carge of driving while intoxicated.

George Nies, arrested on the same charge, is being held for the grand jury. This is his third offense and under Texas law this becomes a felony.

There have been 15 convictions for driving while intoxicated in Perryton and Ochiltree county during the past four months.

Fair Catalogs Are Printed

The 1955 catalog for the North Plains Fair has been printed and is being distributed to exhibitors throughout the area.

The new catalogs have a blue, red and black cover and contain 96 pages. The catalog carries a list of all the show departments and classes, with prizes for each placing.

Complete rules and regulations for each department of the fair are contained in the catalog.

Mystery Monkey

CHAMBERSBURG, Pa. (AP) — Twelve-year-old Dennis Summers was puzzled when he found a dead monkey wedged in the branches of a tree. It had died of exposure. The police were mystified too. They had no reports of a missing monkey and a check of residents known to own monkey pets showed that all were safe.

No one could offer an explanation.

State Commander E. L. "Stonewall" Jackson announces that among Legion speakers will be National Adjutant Henry Dudley of Indianapolis, Ind.; General Graves B. Erskine, U. S. Marine Corps, retired and now director of the Office of Special Operations, department of Defense and State Land Commissioner Earl Rudder of Austin.

Among speakers to appear before the Auxiliary will be William McGill, head of the Texas Division of Defense and Disaster Relief; Mrs. Rita Breaux, Beaumont, national vice president of the Auxiliary; Mrs. Jane Rishworth, Indianapolis, Ind., national secretary of the Auxiliary and Mrs. R. Max Brooks of Austin. Miss Doris Anderson, Austin, is president of the Auxiliary.

The 40 and 8, headed by Joe L. Matthews of Fort Worth and the Eight and Forty, headed by Mrs. Wynn Goode of Dallas, will open the convention activities Thursday, July 21. The American Legion moves in Friday and continues through Sunday.

The annual convention parade will be held Friday morning with Col. Henry Lee Taylor of San Antonio as marshal. The annual musical organization and color guard contest will be held Friday afternoon.

Special events will be the annual Child welfare breakfast Saturday morning, the 100 Member Club luncheon Saturday noon and the annual Past Commanders' Dinner, Saturday evening.

Charles L. Downey of Pleasanton, now serving as division commander, is unopposed for state commander. The 40 and 8 has two candidates for the job of Grand Chef de Gare (Commander). These are Walter Koehler of San Antonio and Mel Kingcaid of Houston.

Guffy Rites Held Monday

Leslie Guffy, a resident of the Canadian area for many years, was found dead on his farm in Kentucky July 7. He had left Canadian in 1947 for Kentucky after the death of his wife.

Funeral services were held Monday in the First Christian church at Canadian.

He was 73 years old.

He was born in Clinton county, Ky., on Feb. 23, 1882 and came to Canadian in 1917.

Survivors include seven daughters, Mrs. Willie Schafer and Mrs. Ethel McPherson of Canadian; Mrs. Wanna Herring and Mrs. Martha Brownlee, both of Amarillo; Mrs. Keith McLain, Perryton; Mrs. Lena Jones, Lincoln, Neb.; Mrs. Mary Phillips, Arnett; three sons, Happy Guffy of Perryton, Burlin Guffy of Borger and Melvin Guffy.

Five brothers and sisters also survive. They are Watson Guffy, Dertoit; John and Bill Guffy, San Francisco; Mrs. Cora Young, West Virginia; Mrs. Lola Seaton, Gentry, Ark. There are also 29 grand children and two great-grandchildren.

Mrs. Rogers to Make Tour of West Coast

CANYON, July 13, (Special)—Mrs. C. B. Rogers of Perryton will be among a group from the Panhandle area who leaves Monday (July 18) on a 25-day tour of the West Coast, sponsored by the geography department at West Texas State College.

The tour, by chartered bus, will cover ten states and Canada, with stops in most of the West's national forests and parks, and visits in major cities. Two stops enroute to California afford an opportunity to visit Old Mexico.

First stop is in El Paso, and points for stops the first week are Tucson, El Centro, Calif., San Diego, Los Angeles, and Fresno. Second week will be spent at Yosemite National Park, San Francisco, Garberville, California, Grant's Pass, Eugene, and Portland, Ore., and Seattle and Spokane, Wash.

Points of interest to be visited include Hollywood, Yosemite, San Francisco, the Redwood Highway, Crater Lake, Willomette Valley, Victoria B. C., the Cascade Mountains, the Grand Coulee Dam, Lake Louise in Alberta, Canada, the Yellowstone National Park, and the Grand Tetons.

The tour is conducted by Dr. Murry B. Measamer, head of the WTSC geography department. Two previous summer tours have been made, with the first to the West Coast, and the tour last summer was to the East Coast.

Acquitted After Confession

DENVER, Colo. (AP)—Sam Poole, 48, was fined $260 in Municipal Court, and Angelo Lopez, 25, was acquitted. Each owns a Chevrolet, each admitted ramming a yellow fire plug, each crumpled his left front fender in the process, and each failed to report his accident.

But police found only one fractured fire plug—with tan paint on it. Lopez' car is black, but Poole's is tan. Judge H. Joe Rawlinson threw out charges against Lopez, because the city couldn't prove which fire plug he struck.

Services Held For Mrs. Sim

Funeral services were held Tuesday afternoon at the First Baptist church in Spearman for Mrs. Celia Sim, 89, who died Sunday in the Perryton Hospital. She was the mother of Mrs. Dene Wildhagen of Perryton.

Rev. O. L. Bryant conducted the final rites. Pallbearers were Lawrence Dossett, Pete Vernon, Jess Womble, Bruce Sheets, Earl Riley, J. D. Sansing and J. P. Baggerly.

Survivors include three daughters, Mrs. Hilo Strum, Pensacola, Fla., Mrs. Edna Bauerfeind, Dallas, and Mrs. Dene Wildhagen, Perryton; four sisters, Mrs. Rose Sim, Nebraska City, Mo., Mrs. Julia Sim, Scott City, Kan., Mrs. Emma Ford, Modesto, Calif., and Mrs. Mae Ivers, Akron, Colo., a brother, Ed Koeppl, Perum, Neb.

Interment was made in the Ochiltree cemetery.

Cars Damaged In Collision

A collision at the intersection of Main street and 2nd avenue damaged two automobiles Tuesday afternoon, but no one was injured.

The collision involved a 1955 Chevrolet driven by Earl Waide of Perryton and a 1955 Oldsmobile driven by Charles Ray Snyder of South Gate, California.

Police chief Arlie C. Binion said the impact took place as Waide was making a left turn on to Main after entering the intersection from the west. The Oldsmobile, traveling south, hit the Chevrolet in the right front fender.

Jay Mac Osford and Corky Curtis both of Amarillo visited Jay Mac's grandparents, Mr. and Mrs. W. E. McMillen, last week end. Mr. and Mrs. J. B. Oxford spent Saturday night in the McMillen home. The boys returned home with them.

Mr. and Mrs. Charlie Lile and grandmother Kelly visited in the Leo Kerns home at Booker, Sunday.

Fair Exhibit Space Is Open

Reservations for space for commercial exhibits are being taken at the Chamber of Commerce office for the North Plains Fair, and a number of spaces have already been allotted, according to John Mayfield, manager of the fair.

Preference is being given to those who had a commercial exhibit space last year.

All exhibits in the fair building must remain in place until 6 p. m. this year. In previous years, the exhibits were taken down at 3 p. m. in order to clear the Veterans Memorial Building for the dance that night. This year, however, there will be no dance at the Veterans Memorial Building. There will be a dance at the county warehouse.

Mrs. D. A. Caldwell returned home last week end from three weeks visit with her daughter and family, Mr. and Mrs. A. M. James, Judibeth and Terry of Riverside, Calif., Judibeth and Terry returned home with their grandmother to spend the summer.

Home Gardens Gain Favor In County

Many home demonstration club families in Ochiltree County are enjoying eating fresh vegetables from their own gardens these days. In fact, Mrs. Carl Phillips of Taz club reports that her family has been eating out of their garden since May 10. Foods demonstrators from ten clubs report that 80 club members are gardening this year. As Mrs. Wayne Fluitt of Huntoon put it, "90% of the club members have gardens, although there was considerable flood and hail damage in our community."

Cauliflower and broccoli are flourishing in the garden of Mrs. Harvy Urban, of Taz, and she has been gathering ripe tomatoes many weeks. The secret of getting results so early, is to plant early, using hot caps for protection against late cold spells. Mrs. Robert Githens reports that 13 members of Notla club have gardens, and are now enjoying radishes, onions, English peas, and lettuce.

Asparagus and rhubarb are two vegetables reported by Mrs. R. S. Roberts, Jr., as being among those raised by members of Lone Tree club. These vegetables, with good care, will produce year after year from the same roots.

Mrs. Donald Sell of Friendly Circle has had good results in the past freezing Top Crop beans, the variety she now has bearing in her garden. Mrs. Ben Graham of Ochiltree club, Mrs. LeRoy Reeves of Waka, Mrs. Orville Crain of Black and Mrs. Henry of Modern Priscillas also sent in reports of good gardens in their communities.

Beets, blackeyed peas, cucumbers, corn, cabbage, carrots, cantaloupes, okra, potatoes, squash, mustard, spinach, Swiss chard, and water melon are other things named as being in these gardens.

Mr. and Mrs. A. E. Pittman and Mrs. Nellie Mounts visited Tuesday evening in the Charlie Lile home.

Mr. and Mrs. Hank Cornelsen and children left Wednesday morning for a vacation. They will visit friends in Amarillo and Colorado.

Sells Palominos To New Yorker

R. H. Holland, well-known Palomino horse breeder of Perryton, has disposed of his herd, with a New York buyer taking the largest group of horses.

A carload of 20 head of Palominos were shipped to New York last week by Holland. Other Palominos have been sold singly and in small lots for the past few months.

Holland says he will devote his time to Shetland ponies as a hobby.

Dr. and Mrs. A. A. Eisenberg, Julie Val, Marc and Carrilee of Dallas spent the fourth of July weekend with her parents, Mr. and Mrs. R. T. Correll, and her brother, Mr. and Mrs. Archie Correll and family. Dr. and Mrs. Eisenberg went to Red River, Taos, Raton and Eagle Nest and their children visited with their grandparents. The family returned to Dallas Sunday.

Mrs. Louis Lanners and girls left Monday for Gunter, Colo., to visit her brother-in-law, John Lanners and family, for two weeks. Randy stayed here with his grandparents, Mr. and Mrs. R. T.Correll.

TIME OUT FOR A CHUG-A-LUGGING—Buckshot, a prized Palomino trick horse belonging to Don King of Gainesville, chug-a-lugs every bottle-ful within reach before his master can wet his whistle on a "time out" call from rodeo show practice. It's no trick on Buckshot's part—he likes the stuff, especially when the Texas sun beams down in the rodeo arena.—(UP) Photo.

HERE'S WHERE I SPEND MY VACATION!

Most folks take a vacation in the summertime. But not I. This is my extra-busy season

During hot weather, I have to work harder than ever, keeping folks cool with fans, evaporative coolers and air conditioners. Most families have more washing and ironing to do. And they rely on me to furnish the extra refrigeration, extra ice cubes and cold drinks that hot weather calls for.

Naturally this extra work is reflected in the wages you pay me. But the difference is small compared to the comfort I provide. I'm still your lowest-cost servant and the more you use me the less I cost you per hour.

No wonder this great '55 Pontiac is setting all-time sales records!

It's bigger, smarter and more powerful than any other car at anything like the price!

A sales success like Pontiac's starts on the drawing boards—with engineers and designers who have been schooled for years in the Pontiac idea of giving more people more car for less money.

With its long 122" or 124" wheelbase and extra, big-car heft, Pontiac provides road-hugging comfort you get in no other car near it in price!

Now take this big, roomy car and surround it with the distinction of Twin-Streak styling and Vogue Two-Toning—beauty that obviously is calling the turn on the future—and you have another reason for Pontiac's phenomenal sales success.

That alone would be enough for most cars—but not for Pontiac!

Pontiac corners the market on value with the most powerful engine within hundreds of dollars of its price. The sensational 200-horsepower Strato-Streak V-8 with four-barrel carburetor* is the most modern power you can buy. You're on even terms with anything on the road—and you enjoy the greatest economy and dependability in Pontiac history.

If by now you're thinking "This is what I've wanted all along!", we suggest you stop in and talk dollars and cents. That's when you'll get the final reason for Pontiac's record popularity—the fact that you can fit a big, powerful, future-fashioned Pontiac into *any new-car budget!*

You'll never find it easier to get into the fine-car class than *right now!* *Low extra cost option

ON THE JOB—During the current telephone "continuous conference" these employees have manned the switchboard at the Perryton exchange while members of the Communications Workers of America union were in continuous meeting next door. Above, left to right, are Mary Haines, H. B. Elam, Hallie Payne, J. L. Bates and Georgia Hurlbey. Elam and Bates are from the San Angelo general office of the General Telephone Co.

Mrs. Jennie Smith, Indio, California, and Mrs. Hattie Learman, Chicago, Ill., are guests in the home of their sister, Mrs. Geo. T. Leatherman. Mrs. Smith was formerly Mrs. Carl Robertson and resided at Gray, Okla., where Mr. Robertson was employed in a store, operated by Roy Ravenscroft. This was prior to the founding of Perryton.

Mrs. T. E. Derryberry of Albany, Mr. and Mrs. J. L. McWhirter and Larry of Inglewood, Calif., are guests in the John Tillerson home. Mrs. McWhirter is a niece of Mr. Tillerson.

Mrs. Benie Reimer returned last week end from a two month visit in Albany, Oregon, with her daughter and family, Mr. and Mrs. T. E. Derryberry and children.

Dear Staff,

I want to congratulate you for making a good home town paper better. We can hardly wait for Friday to roll around for that is paper day here. We have been away over a year now, but still get homesick. Especially for the Harlan Hawks. We were with them so long, seems like we left part of us behind. So keep our paper coming.

Sincerely,
Mrs. Francis LaCasse

Mrs. Van Stewart, Publisher
The Ochiltree County Herald

Dear Mrs. Stewart:

Clippings from Mr. Whippo reached us this morning and we read with great interest the story from the June 30 issue of "The Herald" about the General Excellence Plaque of the National Editorial Association on being awarded to the "Ochiltree County Herald."

This is truly a wonderful honor and I know that you and Mr. Hudson and your entire staff are most happy about it.

My warmest congratulations to all of you.

Cordiall yours,
Mrs. Ruth Phillips Steinhauser

Dear Jessie:

Mrs. Irvin and I wish to join in congratulating you and members of the staff of the Herald upon the wonderful achievement of winning first place in the nation for the best weekly paper. We always knew that it was the best but it delighted us to know that rightful recognition has been given.

Jimmie and I are leaving in a few days for an European tour. We are going with the group on the trip sponsored by the Dallas Council on World Affairs. The group is limited to ten couples and we believe that we will meet a great many Heads of State, Mayors, Ambassadors, etc.

We join in congratulating you again and in wishing you a very pleasant summer.

Sincerly,
W. B. Irvin

Dear Sir:

Please accept my congratulations on winning First Place in General Excellence in the NEA contests this week.

I figure that any paper that can get such good comments from the NEA judges must have something on the ball. I would like to see what your paper looks like. Enclosed please find ten cents in stamps to cover costs of an issue or two, no special date. Mail them in the enclosed envelope and save the postage. Thanks.

Sincerly,
Robert K. Hennesy

Dear Sir:

May I add my congratulations on your placing first in the National Editorial Association contest for general excellence?

We operate a semi-weekly paper in another town in New Mexico and wish to study the content and typography of successful weeklies.

I wonder if you would be so kind as to send me four or five issues of your paper?

Thank you.

Sincerly,
Robert H. Beck

Mr. Harold Hudson
Editor, Ochiltree Herald
Perryton, Texas
Dear Harold:

I extend to you and your staff of the Ochiltree Hearld my hearty congratulations on winning first place in General Excellence in the National Editorial Association newspaper contest. The Herald is an outstanding newspaper and qualifies in every respect for this fine national honor.

With best wishes, I am
Sincerly yours,
Walter Rogers, M. C.

Turn on the Heat

WEST POINT, Va. (AP) — The traffic tieup at the bridge over the Pamunkey river was a heated affair.

TThe temperature was 90 degrees. A boat tooted its horn. The bridge tender tried to raise the drawbridge. The heat-expanded beams jammed. Highway traffic piled up at either end. Men with blow torches shaved off bits of the expanded beams in an hour and fifteen minutes. Highway and river traffic resumed. Driver temperatures subsided.

Back Seat Dividend

Flying Patrol

NORFOLK, Va. (AP)—Motorcycle Officer Jimmy Squires envies the man on the flying trapeze who flew through the air with the greatest of ease. Squires just flew through the air.

His first flight came when an automobile struck his motorcycle broadside. Seconds later he saw a truck bearing down, threw up his leg to keep the truck from crushing it and took off on another ten-foot flight. This took him into the path of another truck.

"If I ever broke out in a cold sweat it was then," he said. He said the truck driver must have put the brake pedal to the floor. He could feel the front wheel against his arm when it stopped and backed up.

Squires escaped serious injury but had some cuts and bruises.

First Round of Church League Ends This Week

The first round of Church League play ended this week with the Balko Pee Wees and the Mennonite Intermediates leading their leagues with perfect 5-0 records.

In second place in both the Pee Wee and Intermediate divisions is Booker with 3-1 records.

In the Pee Wee division, the Christian and Methodist teams are third and fourth, while in the Intermediate division, the Balko and Christian teams are third and fourth.

Glynn Braden, director of the league, said the game scheduled for June 27 between Baptist and Booker will be played Friday night, July 15. Another make-up game between Christian and Methodist Intermediates will be played Friday night, making a total of three games to be played.

At the end of the second round of the Church League schedule, a play-off of the top four teams will be held. The four teams with the best won and lost percentages for both rounds of play will be considered the top four teams. The teams that did not place in the top four during the first round can still get into the league play-offs by improving during the second round.

The second round schedule is as follows.

July 18—Baptist vs. Christian
July 19—Mennonite vs. Methodist
July 22—Balko vs. Booker
July 25—Baptist vs. Mennonite
July 28—Methodist vs. Balko
July 29—Christian vs. Booker
Aug. 1—Christian vs. Methodist
Aug. 5—Baptist vs. Booker
Aug. 8—Mennonite vs. Balko
Aug. 9—Baptist vs. Methodist
Aug. 11—Christian vs. Mennonite
Aug. 12—Baptist vs. Balko
Aug. 15—Methodist vs. Booker
Aug 18—Mennonite vs. Methodist
Aug 19—Christian vs. Balko

To Inspect Car Motor Numbers After August 1

On August 1, a change in applications will take effect in Texas, and after that date automobiles bought out-of-state will have to have the motor number verified by actual inspection by a peace officer.

Sheriff Ray Phagan has received information as to this change of policy, which conforms to a new state law passed by the legislature during this term.

Owners of out-of-state automobiles or house trailers will not get a title unless the proper form is filled out by a peace officer certifying that the motor number is the same as shown on the registration papers.

This law, being passed in a number of states, is designed to help curtail the theft of automobiles and to make identification of stolen automobiles easier.

Local Man's Father Dies

Elmer Brown, 61, was found dead near his home in Slapout, Okla., Tuesday morning according to information received by his son, Lewis Brown.

Lewis said that death was apparently due to a heart attack. His mother Mrs. Elva Brown has been bed-ridden since 1949 with injuries sustained from a tornado that lashed the Slapout community.

Funeral arrangements had not been completed Wednesday afternoon.

Mr. and Mrs. Lewis Brown moved to Perryton from Slapout last April and he is an employee of City Ice Co.

Brown is survived by his wife, Lewis, and two daughters, Mrs. R. A. Williams and Mrs. Afton Watts, both of Slapout.

Mrs. Ora Williams of Pampa visited her brother and sister-in-law, Mr. and Mrs. W. E. McMillen from Friday of last week until Sunday.

Jaycee President Visits Thursday

Edd Stumpf of Houston, state president of the Junior Chamber of Commerce, made his official visit to the Perryton Jaycees Thursday and was honored with a barbecue at the county park.

Members of the Perryton Toastmasters Club and Jaycees from Pampa and Liberal were special guests.

John Aiken of Hereford, regional vice president, made the trip to Perryton with the president.

Stumpf told about the progress made in Jaycee activities and how the movement has grown. He gave a brief report of the national convention in Atlanta, Ga., and outlined some of the state Jaycee projects proposed for this year.

He was introduced by Jack M. Allen, who just completed a term as state vice president.

Morris Henson, James Boydston, and Shorty Blair of Pampa, who were in a pickup on their way to Perryton. In fact, the automobile had passed them near the Canadian River Bridge a few minutes earlier.

While Blair went to telephone for help, Henson and Boydston got the injured children out of the car and administered first aid until transportation arrived to carry them to Perryton. City police chief Arlie Binion, deputy sheriff Luther Daves, patrolman Joe Culp, and the Boxwell Bros. ambulance arrived in a short time, and the children were taken to the Sanford Hospital.

Perryton people were quick to respond to the need of the survivors. The Red Cross office made arrangements for four-hour shifts of women to stay with each injured Holt child while they were in the hospital and there were a score of volunteers for this duty.

The Ministerial Alliance sponsored a fund to aid the wreck victims and the people responded generously.

As of Wednesday, all of the Holt children were doing well. James, 6, who was the most seriously injured, appears to be on the way toward recovery and the other three are also doing well.

Rights for Underprivileged

DALLAS, Tex. (AP)—Just because they're poor folks, relatively speaking only, owners of $50,000 homes don't have to face the back doors of $100,000 homes here.

That was decided by the city planning commission which turned down a developer Hal Anderson's proposal to build a group of $100,000 homes fronting away from the $50,000 homes.

His promise to spend $25,000 beautifying each back yard with a swimming pool, patio and sunken garden left the commission unmoved.

Pearson-Statucki Wedding Is Read At First Christian Church Monday

The First Christian Church was the setting Monday morning, July 11, for the marriage of Miss Joyce Pearson, daughter of Mr. and Mrs. Harland Pearson, Farnsworth to A/1c Roger Statucki, Salina, Kansas, son of Mrs. Hazel Statucki, Macedon, New York.

Reverend W. O. Harmon read the impressive double ring service at 10 o'clock.

Altar decorations featured an archway entwined with greenery flanked with large baskets of white gladioli.

Miss Linda Skaggs played a prelude of nuptial selections and accompanied Mrs. Neal L. Thompson as she sang, "I Love You Truly", "Always" and "The Lord's Prayer" as the benediction. The traditional wedding marches were played for the processional and recessional.

Given in marriage by her father, the bride wore a gown of white embossed nylon, designed with a princess collar and full pleated skirt. She wore a white lace hat and carried a white Bible topped with an arrangement of white carnations showered with white satin streamers, tied with split carnations.

Mrs. George Brown was matron of honor. She wore an ice blue nylon lace dress over matching taffeta, fashioned after the bride's dress. Her hat was white and she wore crystal jewelry.

A/2c Charles D. Hendricks, Salina, was best man. Ushers were Tim Pearson, brother of the bride, and Gary Brown.

For her daughter's wedding Mrs. Pearson wore a navy blue and white nylon dress with white accessories. The bridegroom's mother wore a periwinkle blue dress and white accessories. Their corsages were of pink carnations.

Immediately following the wedding a reception was held in Fellowship Hall. Mrs. Allen Dennison of Farnsworth played piano selections during the reception. Hostesses were Mrs. Jim Anderson, Mrs. Neal L. Thompson and Mrs. Percy Powers.

Miss Judy Anderson registered the guests.

The bride's table was centered with an arrangement of white gladioli and carnations, flanked with blue tapers in crystal candelabra. Mrs. Anderson served wedding cake and Mrs. Powers presided at the punch service.

For a wedding trip to Macedon, N. Y., and Niagara Falls the bride traveled in a pastel blue dress and white accessories. Her corsage was of white carnations. The couple will attend the wedding of the bridegroom's twin brother at Macedon on July 14.

The couple will make their home at 2209 West Sixth Street, in Amarillo.

Mrs Statucki graduated from Perryton high school in 1953. She is a student at Northwest School of Nursing in Amarillo. In high school she was active in 4-H club work and won several coveted prizes and awards in dress making and baking.

A/1c Statucki attended the Palmyra and Macedon schools. He returned recently from duty with the Air Force in England.

Out of town wedding guests included Mrs. Max Pearson and Joyce Ann of Texhoma, Okla., Mrs. Ruby Stuart of Lamar, Colo., Mrs. Hazel Statucki of N. Y. and A/2c Charles D. Hendricks of Salina, Kansas.

Ralph Hale Farm Is Former Notla Store, Post Office

Last week's Herald Mystery Farm of the Air has been identified as the home of Mr. and Mrs. Ralph Hale, located 26 miles southeast of Perryton.

Previous owners were Ed Terhune and Frank Hamilton and the farm was the old Nolta store and post office which stood on the road between Perryton and Canadian.

There is an interesting sidelight as to the name of Notla. Mr. Hamilton sent in the name of Alton to be given his post office, but since there was already a town in Texas named Alton, the Post Office Department turned the word backwards and called it Notla.

Mr. and Mrs. Hale have lived there for the past eight years and during that time have added barns, corrals and improvements to the house.

Mrs. Hale is the former Ivy Lard and they were married in 1922. There are five Hale children Paul, 30, Fred, 25, Betty Hale Massey of Canadian, 28, Henry, 18, and Harriett, 16.

The Hale family belong to the First Christian Church, and Hale is a Mason. He is also a member of the American Hereford Association, Panhandle Hereford Association and North Plains Hereford Association.

Hale has been in the registered Hereford business for a number of years and has built up a herd with a reputation known throughout the Panhandle.

Hale attended school in Roberts County and Manhattan Agriculture College. The children attended Miami, Canadian and Perryton schools and their college work has been done at West Texas State College.

There are approximately 8,200 acres of farm and grass land in the Hale place and there are five miles of terraces and dams built for soil conservation purposes.

Wheat and grain sorghums are the principal crops, and of course Hereford cattle are the principal livestock on the Hale place.

The house has six rooms and bath.

Mr. and Mrs. Hale have subscribed to the Herald for 14 years.

More people in the United States play the piano than all the other musical instruments lumped together.

A Wonderful Idea

We wonder what would happen if everyone who lives in Perryton and surrounding area were to spend every penny for merchandise, services and entertainment in Perryton.

Just think, if no out-of-town purchases were made, either by mail order or personal visit, what a boom this would cause. Cash registers in Perryton would fill rapidly and a boom would indeed be on.

Unfortunately for the Perryton marchants, there is no way to make customers spend their money in Perryton. The only way this money will be spent here is for the local merchants to make their wares so attractive that the buyer will feel impelled to purchase here.

And this takes a bit of doing. It takes advertising and it takes shrewd merchandising. It also takes some courteous, pleasant treatment on the part of sales people after the advertising has brought potential customers inside the front door. It takes a combination of all these things to keep the trade at home.

Still—as a sort of dream—wouldn't it be nice if all our dollars stayed home?

A Touch of Color

The United States Post Office chose Independence Day for a bit of justifiable "flag waving" which will keep the national colors in the eyes of the public 365 days a year.

Street letter boxes, which have worn olive drab (used by the Army for camouflage) will be repainted in red, white, and blue, Postmaster General Summerfield has announced.

Of course, it will probably take a year or so to get the boxes painted, but one by one they will take on a new gleam—red tops, blue bodies, and white letters, U. S. Mail.

And by that time, maybe Perryton will have a morning mail departure.

Prices Still Rising

One of the results of the recent contracts in the automotive and steel fields is bound to be some rising prices. It takes no genius to realize that Ford or General motors will not absorb the added cost of wage increases and "fringe benefits" if they can get out of it.

They say automobile sales are setting new records—and perhaps they are. But while the factories are engaged in a mighty race to out produce each other, it is the dealer at the end of the line who finds his profit margins shaved by the "close deals" he has to make in order to make sales at all.

The principal hope for maintaining present price levels is to get that long-sought tax relief on automobiles, plus increased mechanization and labor saving machinery.

If prices on automobiles are forced up too high, at the expense of the nation's dealers, then Walter Reuthers United Automobile Workers may find that they have injured, if not killed, the goose that lays the golden egg.

It was this department's rather unpleasant duty to take pictures of the tragic accident south of Perryton Saturday morning which took the lives of five North Carolina persons. This was the worst automobile wreck in the short history of State Highway 70, but of course wasn't the first. Dean Blank having lost his life last December on the same highway. Both accidents involved one car.

Sidney Holt, father of the four surviving children, says he cannot find words to express his gratitude to the people of Perryton who took care of his children in this tragedy. He said he had no idea the children were receiving such wonderful care in the Sanford Hospital and furthermore didn't dream that local people would be organized into four-hour shifts so that every child would have someone near their bedside during the night.

He said the tragedy was hard enough to bear as it is, but would have been much worse had it not been for the wonderful acts of the Perryton people.

Across the nation there is a "Litterbug" campaign designed to keep trash off our streets and highways and the campaign has been launched locally by the Perryton Garden Club. While some progress has been made, it is apparent that a lot of education remains to be supplied before people will quit throwing their sacks, paper cups, and other trash out of their automobiles on to the street or highway.

In fact, the city has a regular job hauling off various bottles and cans right on Main Street every morning. The State Highway Department still employs a crew of men on a regular basis to cruise the highways to pick up the beer cans. We can see why this trash problem is so acute. Nearly everything these days come wrapped and double wrapped. At our house we have newspapers, magazines, plenty of circulars and waste basket mail. Add to this the wrappings for groceries, meats and dry cleaning sacks. Waste baskets soon overflow. If a family has a struggle keeping its rooms clear of rubbish, imagine what a problem it is for cities.

Be nice to your friends. If it were not for them, you'd be a total stranger.

It now appears that the kids will get another shot of polio vaccine, in spite of the months of delay, charge and countercharge, accusations and what not. While the polio vaccine program seems to have been ironed out now, it was in enough mess to destroy a certain amount of public confidence. We are somewhat inclined to agree with editor Ernest Joiner of the Ralls Banner who said at the beginning of the program that he was extremely suspicious of anything upon which the medical profession seemed to be in unanimous agreement. And at that time, all doctors were lavish in their praise of the Salk vaccine.

In reading the newspaper exchanges over the state this week, we noticed that there were four injuries by fireworks in neighboring Panhandle cities during the July 4 holiday. One boy lost an eye, several were burned. Gives advocates of fireworks prohibition another talking point.

Tell some girls their hair looks like a mop and they don't mind because they don't know what a mop is.

We were impressed by former heavyweight boxing champ Jersey Joe Walcott in his lecture on applied child psychology. Appearing before a Senate committee, Joe said the answer to juvenile delinquency is a lot of loving attention and judicial doses of old-fashioned "strap oil." This is an old fashioned approach to the problem, but Joe has raised six children of his own, none of whom has become a delinquent. Joe says the loving attention is equally as important as the strap oil and one should not be used without the other.

Waitress—a girl who thinks money grows on trays.

The Texas Legislature passed a law which we missed, along with probably a thousand more, and this one makes it illegal for a store to limit quantities of any merchandise they offer for sale. This is aimed at grocery firms, primarily, and the measure was sponsored by independents who wanted the chains stopped from selling below cost. The new law has some good points, and some that are not so good. It is another evidence of government control and there is a good chance that the law isn't even constitutional.

A raving beauty is the girl who took second place in the beauty contest.

Wolf Creek Philosopher

Says Farm Boys Are Not So Low

(Ed. note: The Wolf Creek Philosopher has a tinge of irritation in his letter this week, but we predict he'll get over it.)

Dear Editar:

What amounts to success in life is sometimes hard to figure out.

I got to thinking about this serious subject the other day after I read in a paper about the rise to success of a politician up north.

That is, the article said he was successful, and apparently he is, as he gets elected every time he runs for Congress and he works hard at his job and his opinion is sought by leaders in industry and government.

But what got me to thinking was the choice of language used in proving he was a success.

What it said was he "rose from a farm boy."

Right off, I'd like to tell you, me and that writer differ considerably on our standards of measure. If he'd said he rose from the slums, or from poverty, or from illiteracy, and got elected to Congress, it might make sense, but to lump farm boys in the same class, as though being a farm boy was something to rise above, demonstrates an odd viewpoint.

Understand, this doesn't make me fighting mad, not in this hot weather as I happen to know there are a lot of Congressmen who went to Congress because they didn't have any land to farm and wasn't doing much of anything else at the time. In fact, the article would have made just as much sense if it had said he rose from a seat in Congress and became a successful farmer, and it might surprise you how many members of Congress would give up running for office if they had the security of a good farm.

Every once in a while you hear somebody, talking about a boy who grew up on a farm and made his mark, say "that's pretty good for a countryboy," as though it would have been peanuts for a city boy.

Anyway, I just thought I'd get this off my chest. Personally, I wouldn't be interested in rising from my way of life. I like sitting where I am.

Yours Faithfully,
J. A.

This Big Buick SPECIAL 2-Door, 6-Passenger Sedan delivers locally at a small-car price
(Come in and check it!)

We'll mince no words.

You can buy a Buick SPECIAL like the one shown here if you can buy *any* new car.

You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for *less* than some models of the three most well-known smaller cars. The price tag we'll show you proves that.

But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into.

For Buick sales are soaring to all-time best-seller highs this year *just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere.*

They find Buick a bigger package of sheer automobile for the money—bigger in power thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added prestige—Buick roadability and handling ease an added pleasure—Buick brawn and precision an added reassurance.

And they find Buick performance a thrill without peer—for where else can you get the whip-quick response and bettered gas mileage of Variable Pitch Dynaflow†?

Maybe you'd better drop in and see how much real automobile and fun and deep-down satisfaction your money buys in Buick.

Whether you want the low-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, or the custom-built ROADMASTER—you'll find the price more than right and the trade-in deal terrific. Can you make it today?

†Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick

man Asks Recognition Flag Pledge Author

By HARRY NASH
NEA Features

PORTSMOUTH, Va.—A Portsmouth woman has asked President Eisenhower to issue a Flag Day proclamation this year naming Francis Bellamy as the author of the pledge of allegiance. Mrs. Arnette Miller has also asked the Post Office Department to issue a postage stamp in memory of Bellamy, who was born 100 years ago—May 18, 1855—at Mount Morris, N. Y.

A White House secretary and Post Office spokesman have advised her the requests are being considered.

The pledge of allegiance," Mrs. Miller says, "is recited by millions Americans and is the basis our claims to a free country and democracy. It is the example for all the world to see and profit by. A commemorative stamp would give added emphasis the patriot responsible for this precise piece of loyalty to our country."

Mrs. Miller, a slim brunette in her early 40s, has devoted most of the past 19 years to untiring efforts to identify Bellamy with the pledge in the national mind. She first became interested when someone told her the body of the man who wrote the pledge lay in an unmarked grave. She began an investigation which disclosed this report was not true, but which subsequently convinced her that Francis Bellamy was the author.

As a result she has fired a steady barrage of letters at governors of the 48 states, Congressmen, school authorities and publishers of reference books in her efforts to have Bellamy, who died in 1931, credited with the authorship of the pledge.

Her efforts have borne fruit. Governors of 45 states have issued Flag Day proclamations naming Bellamy as the pledge author. Bellamy is so credited in Bartlett's Quotations, the Encyclopedia Americana, and the Encyclopedia Britannica. The United States Flag Assn. attributes the pledge to Bellamy.

Each year for 12 years Miss Miller has presented an American flag, in memory of Bellamy, to a representative high school in a different state. She makes the presentation personally, always on Columbus' birthday. This year's award will be made to Franklin High School, Seattle, Wash.

Seven Students Registe: for Music Camp

GUNNISON, COLO., July 11—Registrations from seven students from Perryton have been received for the 22nd annual Summer Music Camp to be held on the Western State College of Colorado campus at Gunnison August 7-20, reports Dr. Robert Hawkins, camp director.

Total registration to date has passed the 600 mark, and Dr. Hawkins urges other students who plan to attend to get their registration in as early as possible. "The 1955 Camp will undoubtedly reach its goal of 1,000 students; opening of the new women's dormitory earlier this year makes it possible to take care of more students."

Headliners for the 1955 camp include Dr. William Revelli, conductor of the university of Michigan bands; Peter J. Wilhousky, director of music for the New York City Public Schools; Ralph E. Rush, chairman of the music education department of the University of Southern California; Mark H. Hindsley, director of bands at the University of Illinois; Al G. Wright, director of the Purdue University bands, and a host of other nationally known musicians and teachers.

The seven students from Perryton who have registered for the camp include LuNette Castle, Karen Crum, Dixie Conley, Russ Thomas, Ellen Erickson, Pat Haywood and Barry Acker.

Christian Science July 17

The life-giving power of God, who is Life, will be brought out at Christian Science services this Sunday. This passage from the Bible will be read in the Lesson-Sermon on the subject, "Life": "The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?" (Psalms 27:1).

Selections will also be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. The following is included: "God is divine Life, and Life is no more confined to the forms which reflect it than substance is in its shadow . . . He is all-inclusive, and is reflected by all that is real and eternal and by nothing else." (p. 331).

The Golden Text is from I John (5:11): "This is the record, that God hath given to us eternal life, and this life is in his Son."

Q. Does time spent as a cadet at the U. S. Military Academy at West Point count, in computing my entitlement for Korean GI Bill training?

A. No. Time spent attending any of the U. S. Service academies—includnig West Point—may not be included, in figuring your GI training entitlement.

Q. About a year ago I was seriously injured while traveling, under orders, to report for induction into military service. Of course, I never was inducted. My disability is acting up, and I need hospital care. Would I be eligible to go to a VA hospital?

A. You may be eligible for VA hospital care, on the same basis as a veteran with a service-connected disability, providing your disability was not the result of your own misconduct.

Q. I am planning to get a GI business loan to be insured, rather than guaranteed, by the VA. What is the maximum rate of interest on insured non-realty loans?

A. The interest may not exceed a three percent discount rate, or an equivalent simple interest rate of 5.7 a year.

Q. I have a Korean GI term insurance policy. At the end of the five-year term period, what will I have to do to renew it for another five years?

A. You needn't do anything—except make certain your premiums are paid on time. So long as your policy is in force at the end of the term period, it will be renewed automatically.

WILLIAM J. MORGAN, Minister
First Christian Church, Booker, Texas

The following is the 17th in a series of messages by ministers of this trade area. This week's message was written by William J. Morgan, Minister of the First Christian Church, Booker.

HOW IS YOUR RECORD?

It is a sad fact that so-called Christian America is not a church-going people. While 95% of Americans claim to believe in God, and about 60% claim religious affiliation, it is said that about 40% attend church services with any regularity.

Church attendance is important because it is the command of God. He has made it plain in the Scriptures that "the assembling of ourselves together" for worship is pleasing to Him. (Heb. 10:25). Regardless of how good a person may claim to be without church attendance, he is disobedient to God if he forsakes the public worship.

Church attendance is important because it follows the example which was set by Jesus Christ. At the age of twelve He was in the temple saying, "Wist ye not that I must be about my Father's business?" After He had begun His active ministry, it is said that "He went into the synagogue as was His custom." This reveals that even the Son of God was faithful in attending the house of worship. How essential it is for His followers to do likewise!

Church attendance is important because it is a poweful witness to the outside world. Jesus said to His immediate disciples, and surely to disciples of all time, "Ye shall be witnesses unto Me." Not all Christians can be ministers in the pulpit, missionaries in foregin lands or specialized workers in the great harvest field; but every Christian can stand up for Jesus by being faithful in attendance at the place where Christ is exalted and preached. It is as though one were saying, "I believe in Christ as my Savior, and I want to witness for Him." On the other hand, habitual absence without due cause from the place of worship is to state, in effect, "I don't believe in Christ. I don't think He is important, and I'm not concerned about my soul or the soul of anyone else."

Someone has said that in average life of 70 years the time would be used somewhat as follows: 3 years would be spent in education; 8 years in amusement; 6 at the dinner table; 5 in transportation; 4 in conversation; 14 in work; 3 in reading; 24 in sleeping; 3 in convalesense; and if one attends a 90 minute service each Lord's Day and prays five minutes morning and evening, he would give 10 months to God—10 months out of 70 years. How is your record?

The guaranty of farm non-realty loans for such things as stock, feed, seed and equipment remains at 50 percent of the loan with a maximum guaranty of $2,000.

VA said that while maximum guarantees are set by law, the amount of the loan obtainable by a veteran depends on the policies of the lender.

In the 11 years of the GI loan program, VA has guaranteed or insured 67,760 farm loans totalling $264,786,200. Veterans already have paid back in full 39,867 GI farm loans totalling $120,909,670.

VA has had to pay claims on only 2,099 farm loans. Net amount of the claims paid is $1,456,400 and that amount is subject to further recovery through the liquidation of tangible security or from the veterans.

World War II veterans have untill July 25, 1957 to use the GI loan benefits while Korean conflict veterans have until January 31, 1965.

Bedridden Since World War I, El Paso Man Is Success As Children's Writer

EL PASO, Texas, (AP)—Fred Cornelius doesn't look strong enough to lift a pencil.

His bones show clearly through flesh that is thin and almost devoid of muscle. His eyes have the sunken look of the starved, and he moves slowly.

He has been bedfast since mustard gas and 12 shrapnel wounds caught him in World War I. That was 35 years ago.

But from his bed in his El Paso home, Cornelius has in the last 30 years published nearly 4,000 stories and articles. He also writes a weekly newspaper column and paints in oil.

Ever hear of Tambalear the Tumbleweed? Or Little Wild Burro, or Tino the Mouse, Jolson the Rooster or the Munoz Family?

They are characters in Cornelius' stories for children. His children's stories have received the widest publications of his work.

Tino the Mouse rides on the back of a terrapin called Slo-Go. Then there's Big O the Elephant, and Sly Boy the Coyote. The Munox family is a Southwestern ranch family of 15. They have lots of fun.

"I must have a childs mind," says Cornelium. "My whole life has been spent trying to do something for children. I learn a lot from them. They give me ideas for stories."

Cornelius writes the weekly column for the Southern Democrat, a newspaper at Oneonta, Ala., which Cornelius still calls his home town.

He took up oil painting only three years ago. He usually paints in the mornings, propped up in bed. He sleeps little and does most of his writing around midnight.

Cornelius took part in heavy trench fighting in World War I. After suffering the 12 shrapnel wounds he spent two monts in a hospital. He was back in uniform in time to go over the top at St. Mihiel and emerged unscratched.

But in the Argonne Forest, as acting sergeant, he was the victim of German mustard gas. Unable to walk, he crawled two miles to an aid station.

He hasn't forgotten the war. One of his recent paintings is an Argonne Forest scene. But he doesn't let his memories keep him from leading a useful and pleasant life.

"The day passes all too quickly for me," says Cornelius. "I've had a good life."

Atomic Preservation

ANN ARBOR, Mich. (AP)—Atomic radiation treatment of potatoes—to increase the spud's edible lifetime—now is publicly advocated by a discoverer of the process.

The idea is to preserve the potato for a year or more. It comes from the University of Michigan.

Lloyd E. Brownell, supervisor of the University's Fission Products Laboratory, says the process does not harm the potatoes nor spoil their taste.

Irradiated potatoes from the 1953 crop stored at the university still show no sign of deterlorating, Brownell said, while untreated potatoes from the same crop have rotted.

Outdoor Job Pays

BLOOMINGDALE, Mich. (AP)—When poor health forced Charles Wilson out of an office and indoors, he and his wife decided to go into the poultry business. Today, 14 years later, they've perfected their chicken business to the point where they can take six-month vacations every year.

They raise broilers for the resort trade. Production starts in April and ends in mid-October.

The brooder on their 8½ acre chicken farm starts 300 chicks a week. When they're ready for market the chickens are plucked and drawn by an electric device, then packaged for dealers. With help from neighbors, the Wilsons say they can dress up to 100 birds an hour.

Reports from Poland indicate that artificial eyes are on the black market, sailors bringing them in are selling them for high prices.

Federal Expenditures

Federal Government agencies, according to a report from Senator Byrd's committee, entered the third quarter of fiscal year 1955 with unexpended balances and authorizations totaling 101.1 billion dollars. This does not mean that these agencies has this much cash on hand. It means that agencies, on March 31, 1955, were still authorized to call upon the Treasury for sums in that amount. The third quarter of fiscal year 1955, being April, May and June of this year, has already passed, but the final figures on expenditures have not been released.

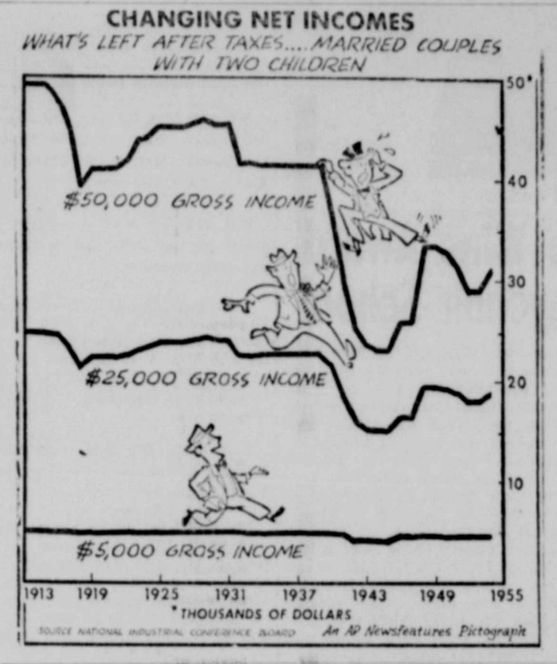

For the first three quarters of the 1955 fiscal year, the agencies had spent 47.2 billion dollars. For strictly military services 26.3 billion was spent, leaving a balance of 57.3 billion.

The Foreign Operations Administration spent 2.8 billion during the first nine months of fiscal year 1955, and entered the last three months with a balance of 10.1 billion dollars. You will recall that in a previous newsletter I pointed out that 3 1/3 billion dollars was added to the balance in the recent foreign aid authorization. The balance of 10 billion dollars on hand was one of the several reasons that I voted against adding more funds to the balance out of the taxpayer's pockets.

18 billion dollars was spent by GI loan benefits while Korean conflict veterans have until January 31, 1965.

You will no doubt wonder why such stupendous balances should be present when the government is operating on a deficit. Most of these balances represent appropriations and authorizations for expenditures to be made upon the fulfillment of contracts for military and other equipment and supplies that must be ordered in advance. In some cases, contracts are entered into that will not be fulfilled for several years. However, the appropriation or authorization for the appropriation must be made in order to provide the means for the government to carry out its part of the contract.

Neither Rain Nor Hail ... Nor Broken Boxes!

Red Fowler, local R.F.D. mailman, got an English car—with a right-hand drive so he can stuff mailboxes from behind the wheel.

"It's great!" Red reports. "But it would work a lot better if *all* box holders would follow regulations. A mailbox should be *40 inches high, on the right of the road* ... within reaching distance from a car window. If one is knocked down, the owner should make repairs pronto."

Come to think of it, Red is pretty good about *his* obligations—delivering packages, supplying stamps, cashing money orders—saving us trips to the Post Office. Let's fix up those boxes so he can get his chores done fast.

From where I sit, obligations always work both ways. For instance, I figure that I'm *obliged* to respect your right to enjoy your favorite beverage—be it coffee, tea, beer, buttermilk or whatever. Why? Because I'd expect you to do the same for me. The Golden Rule should be followed "to the letter" by *everyone*.

Beaver County Wool Producers Vote In August

Paul Arnett, chairman of the Beaver County ASC committee, said this week that county wool growers will have an opportunity to vote in a referendum to decide whether or not deductions will be made from wool payments to provide a means of financing a wool marketing program.

The wool producers of the nation will decide whether or not to approve a levy of five cents per 100 pounds on lambs and yearlings with wool on and one cent a pound for shorn wool. These deductions would go to the American Sheep Producers Association.

Chairman Arnett said that ballots may be cast by mail or producers may vote at the county ASC office in the county where their farm or ranch headquarters is located. Votes cast by mail are to be mailed to such county ASC office. Voters may cast their ballots any time between June 27, 1955 and August 19, 1955, both dates inclusive.

The polls will close at 5 p. m. on August 19.

He's In a Pickle

CHESTERTOWN, Mr. (AP)—The odor of pickles led to an arrest on a charge of robbing a jewelry store.

Police Chief Howard Hadaway found a cap and jacket in the building which housed the jewelry store. There was the unmistakable odor of pickles on the clothing.

Hadaway followed his nose to a local plant which packs pickles and found a suspect at work with some of the loot in his possession.

Unrecorded Speed

CONCORD, N. H. (AP)—Paul L. Nadeau, 24, told the policeman his car wouldn't go that fast when Patrolman Wothern Muzzey handed him a ticket for going 50-miles-an-hour in a 25 mile zone.

Patrolman Edward Manning got into Nadeau's automobile; Muzzey and Nadeau got into the patrol car. After a short run the man agreed his auto was doing over 50.

Manning reported the speedometer stopped at 40.

Nadeau paid a $15 fine.

LAWRENCE RAGAN

Perryton Youth Wins Award At Columbus Boychoir School

Lawrence Ragan, son of Mrs. Sue Ragan of 622 South Baylor Street, was awarded the coveted "Best Trouper" plaque at the recent closing excercises of The Columbus Boychoir School in Princeton, New Jersey. Lawrence was chosen Best Trouper of the famous "America's Singing Boys" for his good citizenship and outstanding helpfulness during the Boychoir's Spring Concert Tour of the 1954-55 season, when the group appeared throughout the South, Midwest and West.

Lawrence completed the Boychoir School's top grade, the ninth, this year, and plans to enter Perryton High School in the Fall since his changing voice has "graduated" him from the Boychoir. He plans to attend the Boychoir Summer Camp at Chautuaqua, New York, from July 17th to August 7th, where he will sing his final appearance with the group in the Chautuaqua Ampitheatre on August 6th when the Boychoir appears with the Chautuaqua Symphony in Bach's Cantata Number Four, which they recorded this spring in the Decca Album "Columbus Boychoir Festival of Song". While with the Boychoir, Lawrence frequently appeared as soloist.

Chosen by audition for membership in this outstanding group of young musicians, Lawrence joined the Boychoir at its summer camp in 1953, and entered the School in Princeton the following September. At the School, approximately 70 boys between the ages of 9 and 15 who have demonstrated unusual qualities of musicianship and academic achievement are given an education motivated by music with emphasis on training toward responsible and informed citizenship. Boys spend their first year learning the large repetoire of the Boychoir, in order to be eligible for inclusion in the 26-voice Concert Choir, which annually tours the United States and Canada. Youngsters from the school also make many appearances on radio and television programs, both as a group and in individual roles.

DURHAM, N. H. (AP)—Reports of a large black bear, which appears to be conducting an independent "traffic survey," have reached the Fish and Game Department.

The bruin was first reported recently sitting in the middle of a traffic circle in town carefully watching vehicles whizzing by. A later account placed what appeared to be the same bear about four miles west on Route 4, still gazing at traffic.

Hurrying to the scene, conservation officers spotted the animal heading north to his natural habitat.

Attends St. Louis Music Institute

Mrs. Lyndol E. Taylor of Perryton is among the scholarship recipients from 23 states who are attending the 1955 Summer Session of the St. Louis Institute of Music.

Mrs. Taylor was recommended for her scholarship by her music teacher, Miss Mildred Moore of Seymon, Ohio, who teaches the progressive series plan of music education.

In addition to their music studies, various recreational and social activities are on the agenda of the students during the summer session.

Bear Checks Traffic

DURHAM, N. H. (AP)—Reports of a large black bear, which appears to be conducting an independent "traffic survey," have reached the Fish and Game Department.

The bruin was first reported recently sitting in the middle of a traffic circle in town carefully watching vehicles whizzing by. A later account placed what appeared to be the same bear about four miles west on Route 4, still gazing at traffic.

Hurrying to the scene, conservation officers spotted the animal heading north to his natural habitat.
