Hopes Rising In Hunt For Large Plane

LONDON (AP)—A Royal Air Force spokesman said today a British ship has picked up the wheels and part of the undercarriage from the U. S. Military Air Transport plane missing since Wednesday in the Atlantic with 59 U. S. servicemen.

"It gives us new hope that there might be a dinghy or dinghies in the area with survivors," the RAF officer said in Cornwall" "A new search is now being gradually built up around the area in which the wreckage was found."

A U. S. Air Force spokesman in London said he could not confirm the wreckage was from the missing plane, a C118 Liftmaster.

The debris was picked up by the British tanker Navicella about 250 miles southwest of Land's End, the most southwesterly point of Britain.

U. S. Air Force authorities here said the serial numbers of the wheels still had to be checked with the numbers of the wheels of the missing aircraft before it could be definitely established they were the same.

A high-speed British launch was dispatched to the tanker to pick up the wreckage.

The Air Force said today its search for survivors from the plane would continue "indefinitely."

"We cannot see any curtailment at this time, and the search is continuing on schedule," an Air Force spokesman said.

The big military transport version of the DC6 disappeared last Wednesday night on a flight from England to the United States by way of the Azores. It carried 50 Air Force men returning home after duty in Britain and nine Navy crewmen. Four were Texans.

HE'S BACK AGAIN—U. S. Naval Lieut. Norman Donohae, whose hitch-hiking race against time and a diaper shortage for his adopted daughter made headlines nearly two years ago, has adopted a second Greek orphan. Here he holds Stephen Emil, 2½ years old, in Athens, Greece, after completing adoption formalities. Donahoe, on annual leave from Corpus Christi, Texas, air station, plans another hitch-hike return trip but he doesn't anticipate a repetition of 1955 difficulties. He has more time, and Stephen is a year older than Roni Marie was when she was adopted.

Israel Warns Against Jordan Troop Buildup

Tension Grows On Both Sides

JERUSALEM (AP)—Israel, in a statement apparently aimed at Britain, warned today against support for any move by Iraqi troops into Arab Jordan.

Tension was sharp on both sides of the Israel-Jordan border and there was talk in Israel of renewed danger of war as the result of reported plans by Iraq to send troops to bolster young King Hussein's shaky Jordan regime.

"Whoever encourages and abets actively or passively, Iraq in the realization of its schemes takes upon himself grave responsibility," said an Israeli Foreign Ministry statement.

The statement did not mention Britain by name.

In London, however, the British Foreign Office spokesman said the government of Prime Minister Eden has advised Israel that the dispatch of Iraq troops to Jordan would "contribute to stability in a troubled area."

The British purpose was represented as an effort to calm the fears of the Israeli government that the existing balance in the Middle East would be upset by an Iraqi move.

The British are reported to fear that King Hussein's Jordan regime is in danger of collapse from pressures from extreme Arab nationalist elements backed by Egypt. Jordan is holding nationwide elections next Sunday.

The U.S. government is reported backing the British view.

In Cairo, Salah Salem, former Egyptian propaganda minister, declared Iraqi Premier Nuri Said was engineering a "plot" to occupy Jordan.

Iraq is a member of the British-sponsored Baghdad Pact which has been assailed by President Nasser as an "imperialist" agency undermining Arab unity. King Hussein of Jordan and King Faisal II of Iraq are cousins. Both are of the Hashemite family.

Britain and Jordan have an alliance, and Jordan last week formally called on Britain for Royal Air Force support during an alleged attack by Israeli planes in a border clash.

The Israeli government has publicly declared its "anxiety and astonishment" at the British position. It called home its ambassadors to London, Washington, Paris and Moscow as the crisis sharpened.

Israel Will Continue Its Arms Demand

JERUSALEM, Israeli Sector (AP)—Premier David Ben-Gurion told the Israeli Parliament today "we shall continue to demand" of the U. S. government arms "to deter the enemy."

The 70-year-old Premier, in a major policy speech, said also Israel had received assurances from several governments that Israel's right of navigation through the Suez Canal "would be safeguarded by the laying down of a regime of free navigation for all the peoples."

In the section of his speech devoted to Israeli-U. S. relations, Ben-Gurion said:

"The United States, to whom we owe our thanks for much political and financial assistance from the day the state was founded, recognized in principle the need to rectify the arms balance between Israel and the Arab countries, and encouraged their allies to supply us with defensive arms. We cannot be content with this encouragement alone, and we shall continue to demand of the U. S. government defensive arms in the air, on land and at sea, to deter the enemy. But at the same time we do not belittle the value of the encouragement which has had substantial results."

Ben-Gurion said:

"In face of the threat of Egyptian arms from the Soviet bloc, we made superhuman efforts to acquire arms and keep the peace. We succeeded so far this year in avoiding the tragedy of war and we devoted our energy in strengthening the defense forces."

"We have not yet got all the arms we need."

He lashed out at President Nasser, declaring:

"The Egyptian dictator and his supporters openly declare that he is preparing to liquidate Israel, and he even announced that he was not fighting only against Israel, but also against international Jewry and Jewish Capital—a formula with which we are well-acquainted from the speeches of Hitler."

ACCUSED OF TAPING PUPILS' MOUTHS—Miss Esther B. Bogle, 56, has been suspended from teaching at grade school in Brighton, Colo., after Supt. Walter Vikan said she fastened strips of transparent tape over the lips of three pupils in the fifth grade. Miss Bogle said she taped the girls' mouths because they refused to stop talking in class.

Nixon Urges Election Of GOP Solons

DAYTON, Ohio (AP)—Vice President Nixon told a cheering breakfast crowd here today: "If America wants progress on the Eisenhower road you not only will have to elect a president but you will have to give him a House and Senate that will work with him and not against him."

The statement came as Nixon urged re-election of U. S. Sen. George H. Bender and Republican congressmen from Ohio.

A crowd which overflowed the ballroom of the Dayton Biltmore Hotel heard the Republican vice presidential nominee declare the present Democratic Congress blocked part of the program of President Eisenhower, but he said:

"Never has an administration kept the faith and kept its promises as has this administration. The Eisenhower years, for the great majority of Americans, have been the best four years of our lives."

"The Eisenhower campaign is on the upgrade," he said. "The Stevenson campaign is on the downgrade, and if we take nothing for granted and work hard between now and the election we are going to elect a president and a Republican House and Senate."

Declaring that Democratic presidential nominee Adlai E. Stevenson has claimed the Eisenhower administration has "not worked in the best interests of the people," Nixon said:

"He cannot be referring to the 67 million American wage earners who today have more jobs at better wages with the greatest take-home prosperity and security in history—and they have peace to boot.

"He could not be referring to the additional 10 million persons who have secured social security coverage during this administration or the 4 million who have come under the protection of unemployment insurance."

Rains In County Will Aid In Planting Winter Cover Crops

This area's biggest rain since July 19 fell yesterday afternoon and last night.

The rain amounted to about half an inch in most areas in the south parts of Scurry and Borden Counties. The north halves of the counties got very little.

Although it is late, some farmers will use this rain to plant winter cover crops.

Lake J. B. Thomas was expected to get some rise from the rainfall, since Gail got .7 of an inch and other parts of the watershed got fair showers. By 9 a.m. today, the lake had only .04 of a foot rise, putting the water elevation at 2,249.81.

The lake, at one time nearly full, has been used down considerably with no sizeable rainfall, and it is now slightly more than eight feet below the spillway level.

In Snyder, the official gauge of David Strayhorn measured .5 of an inch as did most gauges in town. That makes .87 of an inch for October here and 9.21 for the year so far.

Across the south end of the county, from the Hermleigh area to China Grove and across to Ira, reports ran from .4 to .5 of an inch of rain.

North of Snyder, however, at Fluvanna, north to the county line, and northeast at Camp Springs, reports were that only a trace of rain fell.

By The Associated Press

Thundershowers of near-cloudburst proportions brought welcome rain to a number of Texas points Sunday. The Weather Bureau said there was a good chance of more moisture Monday.

The heaviest downpour was at Gainesville where about three inches of rain fell within an hour Sunday. Sherman had 3.57 inches but it was spread over a several hour period.

Slidel had 1.70 inches, Mineral Wells 1.44, Wichita Falls 1.17, Valley View 1.16, Childress .84 and Ennis .80.

Sweetwater had .66 inch, Big Spring .21, Wink .13, Palacios .54, Lubbock .15 and Alpine .03. Light rains were also reported Sunday at Fort Worth, Dallas and Junction and in several West Texas counties including Gaines, Dawson, Borden, Scurry, Martin, Howard and Mitchell.

Early Monday showers were falling at Junction, Fort Worth, Dallas and Mineral Wells. Skies were cloudy over all the state except in the extreme west and along the coast.

Temperatures Sunday afternoon ranged from 79 at Wichita Falls to 94 at Alice. Monday readings at dawn ran from 46 at Dalhart to 75 at Galveston.

The forecast calls for continued cloudy to partly cloudy weather and scattered thunderstorms over most of the state with little change in temperatures Monday and Tuesday.

Scattered showers doused Florida, a few snow flurries fell in the mountains of Idaho and up to half an inch of rain was recorded early today in northwest Oregon and western Washington.

Oklahoma City had about 2½ inches of rain in the past 24 hours.

Temperature changes were minor over the past 24 hours except in the upper Mississippi Valley and the upper Great Lakes, where chill air dropped the mercury 10 to 30 degrees lower than yesterday.

Protesting Letters

FLORENCE, Italy (AP)—Florentines are flooding their papers with letters protesting the Italian government's plans to lend 40 famous paintings to American museums for four months. But the government in Rome shows no signs of backing down.

Resolution Urging Tolerance Passed

AUSTIN (AP)—The Texas Assn. of School Boards passed a resolution urging "tolerance in racial and religious matters" in dealing with integration.

San Angelo Board President Frank Pool, who submitted the resolution, said there was only "one no vote."

Some 150 members and 35 spectators are attending the association meeting.

The board also passed resolutions urging the approval of amendments No. 3 on the college building program and No. 4, which would increase benefits of the present teacher retirement system.

Mrs. Will Miller of Corsicana was elected president.

The resolution on integration said

"The decision of the United States Supreme Court has created for every school district a problem; and

"Whereas, over the past year incidents have occurred that reflect on the integrity and dignity of institutions of public education; and

"Whereas, we as trustees are interested solely in establishing and maintaining educational institutions capable of turning out, as finished products, young people who know, understand and appreciate with pride their American heritage and the principles upon which this great country of ours was founded; and

"Whereas, we as guardians of our educational institutions are charged with the responsibility of demonstrating to our young people by precept and example these principles;

"Now, therefore, be it resolved: no matter what the final outcome of the integration question may be, and no matter what the local decision may be, this body urges each district and its educators and administrators to practice and teach by example the fundamental American philosophy of tolerance in racial and religious matters. We urge each local district to approach the question of integration with the dignity befitting an institution dedicated to the teaching of American principles."

New members of the executive committee include Charles Caruth of Andrews, W. H. Fehe of Beaumont, Mrs. Lemore Hill of Borger, and Peeler Williams of Waco.

Other resolutions passed included:

1. That the National School Board Assn., should have one representative from each state and board selected by the state group to its board of directors which would have the final voice in policy and organization matters not voted on by the main group during convention.

2. Commending the Legislature for laws which permit increase in local school tax rates and revenues and the constitutional amendment to increase the teachers retirement program.

Tyler Case Is Resumed

TYLER (AP)—Joseph Luter, San Antonio NAACP leader, testified today in the state District Court hearing seeking to put the Negro organization out of operation in Texas. He said the San Antonio branch was entirely separate from the national organization.

Luter, treasurer of the San Antonio NAACP branch and an employe in the Federal comptroller's department, said local efforts toward school and park de-segregation had been made without national direction. In answer to questions from Asst. Atty. Gen. Davis Grant, Luter said all funds sent the national NAACP were "voluntary."

He said there were two types of members in the San Antonio branch with one group being affiliated with the national organization while the other group was entirely local.

GE Policy Upheld By High Court

WASHINGTON (AP)—The Supreme Court today let stand a General Electric Co. policy of firing employes who plead the Fifth Amendment at public hearings about Communist affiliations.

The United Electrical, Radio & Machine Workers of America and John W. Nelson, president of the union's Local 506 at Erie, Pa., asked the tribunal to review and overturn a lower court decision upholding the policy. The Supreme Court refused to hear the case. Nelson, an employe at General Electric's Erie works, and other employes at the Erie and Schenectady GE plant were suspended after using the Fifth Amendment privilege against self-incrimination when questioned by Senate committees.

GE's policy is to suspend workers for 90 days if they claim the privilege, followed by dismissal unless the workers answer the questions fully.

The union and Nelson first sued in U. S. District Court here, charging the employer had breached grievance and discharge provisions of the union contract. The District Court upheld the employer, ruling that discharges based on the claim of the Fifth Amendment privilege were firings for obvious cause.

The union appealed to the U.S. Court of Appeals here, where the case was dismissed on the ground the union complaint was a matter for exclusive, primary action by the National Labor Relations Board. The union then appealed in vain to the high tribunal.

Travis County Area Remains 'Wet' Today

AUSTIN (AP) — South Austin and a large Travis County area around the Highland Lakes remained "wet" today after a local option election Saturday.

Sale of all alcholic beverages had been legal in all the areas and will continue so after voters by a heavy margin rejected the ban on liquor. In South Austin the "wets" won 3,050 to 1,220.

None Miss The Boat

WELLINGTON, New Zealand (AP)—Crew members of four American detroyers, which wound up a four-day visit today, were told any man who failed to turn up in time would be drafted for Operation Deepfreeze which is to spend a year in the bleak antarctic.

Not one man missed his ship.

Strong Winds Whip Florida

MIAMI, Fla. (AP)—A storm centered 120 miles south of Miami drifted slowly north today while weathermen watched it closely for signs of growth into a hurricane.

It lacked most of the characteristics of a tropial storm but it was partly the cause of 60 mile winds that buffeted South Florida all yesterday.

Seas under the disturbance, centered in the Florida Straits a short distance off the Cuban Coast, are rough. Tides are expected to be two feet above normal with some flooding along the southeast Florida coast and Keys.

Storm warnings posted for yesterday's winds were lowered at Miami this morning. They remained up, however, at other sections of the coast from Melbourne around the Keys to Fort Myers.

The strong northeast winds resulted from the low pressure of the Cuban disturbance combined with a great high pressure area over New England. They were air flowing south to equalize the pressure. They dwindled slightly this morning as the Cuban storm edged closer to south Florida.

Heavy showers were reported at Melbourne, Miami and several other cities in the southern half of the peninsula.

Windows were shattered, wires were snapped and trees were uprooted in yesterday's gale-like winds. A low wooden building at Miami was demolished.

Lightning struck a two million dollar orange juice plant at Fort Pierce, causing a fire which resulted in still undetermined damage.

A shrimp boat trying to cross the Gulf of Mexico to Fort Myers, Fla., from the Gulf of Campeche was unreported for two days. However, a Coast Guard plane located the vessel Ike lying anchored 30 miles off Fort Myers. A Coast Guard boat was en route to determine its trouble.

Winds of 40 to 45 m.p.h. were delaying the search for the body of a boy missing and presumed drowned in a lake.

Voter Registration

ALBANY, N.Y. (AP)—Voter registration in representative cities of New York State dropped seven per cent from the record enrollments of 1952.

Governor Of Utah Is Back In Race

SALT LAKE CITY (AP)—Gov. J. Bracken Lee, beaten in his intra-party bid for an unprecedented third term, was back in the running today after a dramatic announcement that he will make the race on his own.

And though the two other candidates have a long head start, some political observers are predicting Lee will give them a run for their money.

The Republican governor announced he will allow his name to remain on the ballot as an independent. It was put there by a group called Citizens for Lee after the governor lost the nomination to George D. Clyde. The Democratic candidate is L. C. Romney.

In a bristling speech, Lee blamed his primary troubles on Sen. Arthur V. Watkins (R-Utah).

"I accuse him of fraud," Lee said, "when he represented to the Republican party that his handpicked candidate for governor was a true Republican when in fact his candidate has no record of service to, or activity for, the Republican party. . . .

"I accuse him of splitting the Republican party by the use of machine politics of the most flagrant kind, and I intend to expose him and his manipulations in the campaign ahead."

Watkins withheld comment. Clyde replied: "I am the candidate of no man or group of men."

The Executive Committee of the Republican party in Utah issued a statement pledging unanimous support to Clyde, who is on leave of absence as director of the Utah Water and Power Board and is making his first bid for elective public office.

Lee gained national attention with his challenge of the legality of the nation's foreign aid program. To emphasize his protest he refused to pay a portion of his 1955 federal income tax. The government collected anyway, by enforcing a lien against his bank account.

Open House Is Planned

An open house will be held at the SACROC Unit water injection and treating station just west of the Sun Lemons Camp Wednesday.

M. M. Dyer, superintendent for the Sun Oil Co.'s production district here, said the open house will be held to demonstrate to the public some of the latest methods used in recovery of oil, and as part of the local observation of National Oil Progress Week.

Hours of the open house will be from 9 to 12 o'clock Wednesday morning, and from 1 to 5 o'clock that afternoon.

Water from Lake J. B. Thomas is treated in the plant for injection into the units producing zone to maintain bottom-hole pressure in the oil field, thereby greatly increasing the ultimate recovery of oil.

Entrance to the plant is about one-half mile west of the Sun Lemons Camp, and the plant is located one-fourth mile north of the farm-to-market road.

Ike To Signal Beginning Of River Project

SALT LAKE CITY (AP)—Bureau of Reclamation officials waited at two remote spots today for the signal from President Eisenhower that starts construction of the gigantic Upper Colorado River project.

Arrangements were made for the President to touch a button in the White House in Washington. It was to set off an electrical impulse which would travel along telephone lines and on radio circuits to Glen Canyon, in northern Arizona, and Flaming Gorge, in northern Utah.

There explosives were ready to begin, at the President's signal, construction work on two of the units which make up the 760-million-dollar project, largest reclamation undertaking ever authorized by Congress at a single time.

Glen Canyon, 700 feet high, and Flaming Gorge, 500 feet high, will be two of the four storage and power-producing dams of the Upper Colorado project. The Upper Basin states are Utah, Colorado, Wyoming and New Mexico.

Glen Canyon, on the Colorado River in Arizona, just south of the Utah border, will produce 800,000 kilowatts of power, about two thirds the capacity of Hoover Dam also on the Colorado. Flaming Gorge, on the Green River, a Colorado tributary, will produce 85,000 kilowatts. It is located in Utah, just south of the Wyoming border.

The Upper Colorado project also includes distribution units which will carry water to land in the area for irrigation purposes. Altogether the project embraces an area of about 110,000 square miles.

Construction of Glen Canyon and Flaming Gorge dams is expected to take about six years. Development of other units will take even longer.

Shortage Causes Closing Of State Bank

FORT WORTH (AP) — The River Oaks State Bank closed today after bank examiners found a shortage in excess of $300,000.

R. G. Patton, vice president, said directors had determined the bank is insolvent. They voted to turn over the bank and its assets to the state banking commissioner for liquidation, Patton said.

State Banking Commissioner J. M. Falkner said the shortage was the result of "kiting of checks by some customers."

He said no officials of the bank are involved in any criminal action "as far as we know."

"Kiting" is a term used for false depositing or manipulating funds to cover one bad check with another. For example a person deposits in a bank "A" a check drawn on "B" although this person has no account in bank "B." With funds obtained from bank "A," the person will then deposit funds in bank "B" and perhaps then write a check on a third bank.

This makes available to the person funds which he does not have.

Falkner said the fraudulent operation on the River Oaks Bank principally involved "just one person who was operating through different companies and had people working for him."

The banking commissioner did not identify this person but said he had not been arrested yet.

"We have not completed our investigation," he said.

The shortage was uncovered last week when Falkner and examiners of the Federal Deposit Insurance Corp. were going over the bank books.

Falkner refused to estimate the size of the shortage but said it was more than the bank's capital and surplus which is $300,000.

Bank officials said "The deposits of the bank are insured to the extent of $10,000 for each depositor by the Federal Deposit Insurance Corp. It is estimated that 95 per cent of the depositors will be paid in full within three weeks."

Falkner said a complete inventory of the bank will have to be made before depositors' money can be returned to them. This will take several days.

Falkner said the only persons who will lose money will be stockholders and possibly those depositors with more than $10,000 in the bank.

WEATHER

SNYDER TEMPERATURES: Yesterday's high 89; Low 58; the reading at 7:30 a.m. today 59. with one-half inch of rain.

West Texas — Partly cloudy through Tuesday with scattered thundershowers Pecos Valley eastward and northward. No important temperature changes.

AREA OIL ROUNDUP

Concho Wildcat Plans To Deepen

Davis & Davis, Inc., and associates of Coleman No. 1 F. A. Fuller, Concho County wildcat, two miles northeast of Millersview is to be deepened to 2,990 feet.

It originally was started to dig to 2,550 feet. No information is available as to how much hole has been cut at this operation. It is 2,253 feet from west and 990 feet from south lines of section 2,785, Fisher & Miller survey.

Pan American Production Co. No. 1 A. Z. Nolan, stepout to production in the Breedlove (Devonian) field of Northwest Martin County bottomed at 12,493 feet in dry Devonian.

No shows for production were reported from any of the higher formations. The exploration has been abondoned. It was 17 miles northwest of Lenorah and 660 feet from north and east lines of labor 1, league 259, Borden County School Land survey.

Stanolind Oil & Gas Co. set 5½-inch casing at 7,817 feet, the total depth, in No. 1-A W. B. Burks, Central Irion County wildcat, six miles northwest of Mertzon.

The operation bottomed in the Ellenburger. Drillstem tests in that formation failed to show any signs of commercial production.

However, the fact that casing has been set through that formation would indicate that it is to be tested.

The wildcat had shows in the Pennsylvanian at 6,396-6,412 feet, at 6,416-40 feet and at 6,468-87 feet. Those intervals will be tested in any effort to develop a keeper.

It is 2½ miles north of the Lucky-Mag field which produces from the Divide sand and from the lower Clear Fork lime.

The wellsite is 660 feet from north and west lines of section 1032, abstract 962, EL&RR survey.

Latin Group Denies Nixon Opposition

WESLACO (AP) — A charge that the League of United Latin American Citizens has urged its members to vote against Vice President Richard Nixon was denied here yesterday by the head of the organization.

Felix Tijerina of Houston, president of the Lulacs, cited this utterance in Drew Pearson's Oct. 9 column:

"The League of United Latin American Citizens, representing Spanish American citizens in this country has passed the word to its members to vote against Vice President Nixon. They don't like his record on civil rights..."

Tijerina, who said his organization has 10,000 members in Texas, New Mexico, Arizona, Colorado, Indiana, Illinois, Wisconsin and California, said:

"The remarks made by the columnist are untrue and malicious and tend to involve the Spanish speaking citizens of this country in a political issue and to use them as a sounding board.

"The national office of the United Latin American Citizens has at no time made any statement and has not authorized anyone to do so concerning the issues relative to the presidential campaign."

'Hot Cell' Lab Will Be Completed Soon

SAN ANTONIO, Oct. 15 (AP)—A "hot cell" laboratory, which the Southwest Research Institute says is the hottest ever built, will be completed here in November.

The 625,000 plant, of which the cell is a part, is to determine effect of atomic radiation on hydrocarbon (oil) materials.

The "hot lab," will be used in propulsion program, Institute research for Pratt and Whitney as a part of its nuclear aircraft President Dr. Harold Vagtborg said.

The laboratory will contain extensive facilities for engines, fuels and lubricants research in addition to two "hot cells" designed to handle 100,000 curies of cobalt each.

No Cat Burglar

WEST LOS ANGELES (AP) — Character actor Barry Atwater told police he had cut a 4-by-6-inch entrance in his door for his two cats. A burglar reached in, opened the door and took several hundred dollars' worth of clothing and jewelry, a clock radio and tape recorder.

Large Group Is Converted To Buddhism

BOMBAY, India (AP) — Nearly a quarter of a million persons at the bottom of the Hindu caste system embraced Buddhism yesterday in perhaps the biggest mass religious conversion in all time.

India's oldest Buddhist priest, Maha Thera Chadramani, 83, chanted the Buddhist oath in the Pali tongue in front of the untouchable at the city of Nagpur. The converts, many of whom had traveled hundreds of miles, gave response in Marathi.

By Hindu custom untouchables are without any caste—literally outside human society. Traditionally they work only at the lowliest and dirtiest jobs and never associate with their social superiors. The segregation still is practiced widely although it has been made a serious legal offense in modern India.

The converts are followers of Dr. B. R. Ambedkar, a framer of India's constitution who was born an untouchable, and his wife, a doctor who was born into Hinduism's highest caste, the Brahmins. They became Buddhists several years ago.

Ambedkar has been campaigning since India became independent in 1947 for untouchables to leave what he calls the Hindu "oppression and inequality" for Buddhism.

Schedule Of Candidates Is Released

By The Associated Press

This is what the major party presidential and vice-presidential candidates are doing today and tomorrow:

Today:

Adlai E. Stevenson — Makes 30-minute speech from Chicago over nationwide ABC radio-TV network (9:30 p.m., EST).

President Eisenhower — Makes two filmed five-minute television talks over nationwide NBC (8:25 p.m., EST) and ABC (9:25 p.m., EST) networks.

Vice President Nixon — Tours Ohio.

Sen. Estes Kefauver — Tours Vermont; flies to New York City.

Tomorrow:

Stevenson — Leaves Chicago late at night by train.

Eisenhower — Flies to Seattle, with stop for speeches at Minneapolis and St. Paul; makes filmed five-minute television talk over nationwide CBS network (6:55 p.m., EST).

Nixon — Speaks at rallies in Evansville and Fort Wayne, Ind., and in Buffalo, N.Y.

Kefauver—Makes 30-minute nationwide radio-TV speech from New York City over ABC network (8 p.m., EST).

Hairdos To Be Two-Tone

LOS ANGELES (AP) — Brighter and gaudier hairdos are in milady's future. So are knee-length swimming shorts for men.

Members attending yesterday's opening session of the Coiffure Guild of Los Angeles said the emphasis next year will be on styles called "Olympia Cut" and "Ballerina Flare," with soft lines replacing severe poodle cuts and duck tails of 1956.

Another member predicted madame's coiffure will be more colorful, with emphasis on two-tone jobs.

The knee-length swimming shorts, snakeskin belts and silk-blend jakets with slanted, piped pockets were unveiled, meanwhile by the men's and boys' apparel guilds in California.

The emphasis is on bright prints silks and polished cottons and waist-length shirts, with styles based on tropical native costumes.

Fort Worth Store Robbed By Gunmen

FORT WORTH (AP)— Two gunmen, who held 11 persons for nearly two hours and then left them bound and locked inside a meat vault, robbed a Safeway grocery store of about $4,000 yesterday.

The thugs apparently entered the store through the roof during the night. As 11 employes entered, they came under the guns of the pair.

Before leaving, the robbers bound and put the victims, including a woman, into a meat vault in which the freezing unit had been turned off.

Annual State Prison Rodeo Held Sunday

HUNTSVILLE, Tex. (AP)—Riders "bit the dust" yesterday as the bulls and the broncs unseated inmate performers at the second round of the 25th annual Texas Prison Rodeo here.

A record crowd of 32,000 jammed the prison system's million-dollar stadium to see the performance, which is held each Sunday during October.

William Barefield of Wharton, serving a three-year term, was injured when a spirited bronc sent him sprawling. Hospital attendants said he had several cracked ribs.

A former professional rodeo rider, inmate Vernon Abbott of El Paso, who was injured in the first performance, was back in the show yesterday.

Abbott placed third in the bareback bronc riding event, but failed to make the grade in the bull riding event—the same event that almost spelled doom for him last Sunday.

Gail Hall of Odessa was first in bareback bronc riding.

The bull riding event was won by Dwight Hoskins of Amarillo, followed by John McDonald of Sherman.

BIRTHS

Mr. and Mrs. Oscar Boyd, Clairemont Route, are the parents of a six pounds, three and one-half ounce son, born at 9:55 p.m. Sunday in Cogdell Memorial Hospital.

Mr. and Mrs. T. S. Thompson, General Delivery, are the parents of a girl, born at 1:16 p.m. Sunday in Cogdell Memorial Hospital. She weighed seven pounds, 15 ounces.

Man Assessed Fine Here On Check Count

H. G. Hildebrand was fined $5 plus costs in county court this morning on a plea to swinding by worthless check.

He was arrested in Colorado City Saturday on a Scurry county warrant and returned during the weekend by Leonard White, sheriff's deputy.

Klan Visits Mobile Church

MOBILE, Ala. (AP)—Robed klansmen invaded a small rural church last night in an unscheduled demonstration that startled evening worshippers.

More than 100 men in Ku Klux Klan regalia marched to the altar, left contributions and walked out again. There was no disturbance.

The pianist was playing "Onward Christian Soldiers" when the hooded but unmasked KKK members appeared. She continued with the same tune during the 10 minutes required for their single file parade through the Culvert Street Baptist Church at Whistler, 10 miles north of here.

E. C. Barnard, a Klan spokesman, said the Klansmen had visited other churches but that this was the first time they had gone in their robes.

The pastor, the Rev. B. R. Mills, was unavailable for comment.

School Superintendent Faces Assault Charge

IONIA, Mich. (AP)—Charges of assault and battery confronted school superintendent Harry Flower of nearby Palo today in the wake of an alleged spanking incident involving a 7-year-old boy.

Flower, 31, was fired and landed in jail after Mrs. Vice Wolfington complained that her son Robert suffered bruises she said were inflicted by Flower.

Deputy Sheriff Ralph Johnson said Flower admitted spanking the boy Friday, saying he caught him and other youngsters throwing stones at a teacher's car. The deputy said Flower told him he had not struck the boy hard enough to cause injury.

Plans For Picketing State Fair Dropped

DALLAS (AP) — The leader of a Negro youth group said last night that plans to picket the Negro Achievement Day at the State Fair today have been dropped.

Mrs. J. E. Craft, senior advisor for the Dallas Youth Council said "It looks like the National Assn. for the Advancement of Colored People is out of business in Texas right now and that means our Dallas Youth Council won't be out at the fair with pickets tomorrow.

GATE-CLOSERS

Dear Friends

A farmer friend of ours paid Humble's field men a fine compliment recently.

He said, "There's one thing about you Humble people, you close gates."

Well, of course we do.

All of us at Humble want the good will of the folks with whom we do business. And among those folks, the farmers and ranchers who lease their land to us for exploration and production are right at the top of the list.

In fact, you farmers are partners with us in the development of a vital natural resource. If our efforts are successful then everyone involved benefits.

Keeping the gates closed and the fences mended— things like that are the least we can do.

We know. A lot of us grew up on farms and ranches.

HUMBLE

Sincerely

Spadea's International Designer Pattern

S-324

by Veneziani of Milan

© 1956 Spadea Fashions Inc.

This shirtwaist dress, Italian style, has the special zest that is always identifiable with things Italian. Veneziani cuts the bodice on the bias, slants the buttonholes, puts on a scarf collar that come out of the back. At the sides she adds a stitched detail with arrowheads that can be embroidered or appliqued out of felt, a nice way to camouflage the side zipper. The skirt front is a mass of pleats, the back a swinging flare. Make it in silks, wools or cotton. Whatever the fabric you are assured of a professional looking product since the pattern, with exclusive retail measurements for better fit, is accurately perforated for easy matching.

DRESS: Size 12 requires 4⅜ yards of 54 inch material. INTERFACING: Size 12 requires ¾ yard of 35 inch material. To order Pattern No. S-324, state size, enclose $1. Airmail handling requires 25c extra. Address INTERNATIONAL DESIGNER PATTERNS, P. O. Box 993, G.P.O. Dept. SX-13, New York 1, N. Y. 96 page Pattern Book "B"-50c. If paid by check add 4c.

Lingerie In Half Sizes

HERE'S a handsomely tailored slip and pantie set that goes together like a charm, fits the shorter, fuller figure perfectly.

No. 1539 with PATT-O-RAMA included is in sizes 12½, 14½, 16½, 18½, 20½, 22½, 24½, 26½. Size 14½, slip, 3 yards of 35-inch; panties, 1¼ yards.

Send 35 cents in coins for this pattern to IRIS LANE, Care of Snyder Daily News, Box 438 Midtown Station, New York 18, N.Y.

Fluvanna HD Group Meets

The Fluvanna Home Demonstration Club met Friday at 2:30 p.m. in the home of Mrs. Bill Herring.

Roll call was answered with a useful gadget around the home by 13 members and two guests.

Mrs. Wayland Mathis and Mrs. Ray Fulford gave a demonstration on stay stitching, darts and seams.

New members of the club are Mrs. Albert Bayer, Mrs. Lester Eckert, and Mrs. Burford Browning. Guests were Mrs. W. A. Reeder and Miss Velma Lee Edmonson.

New officers for the year include Mrs. Bill Herring, president; Mrs. Bill Jones, vice-president; Mrs. Slim Marley, secretary-treasurer; Mrs. Hurston Lemons, council delegate and Mrs. Dee Pylant, reporter.

The next meeting will be held in the home of Mrs. Allen Clifton, Oct. 23.

Charter Bus Turns Up in Wrong Place

DALLAS (AP)—A man in a quiet residential section reported a 41-passenger charter bus was parked in front of his house. Police had issued a statewide alert for it after the driver reported it had been taken from in front of a downtown hotel during the night. Police speculated someone must have gone for a joy ride in it.

Delta Kappa Gamma Has Conference

Those from Snyder attending the Thirteenth District Regional Conference of Delta Kappa Gamma in San Angelo Saturday included Mrs. Mary Devenport, Mrs. Alene Cox, Mrs. Lida Rhoades, Vela Bell and Miss Zaida Brown.

The theme for the program throughout the morning session was "We Return Their Gift to Heaven". This was a program honoring the completion of the society's international headquarters building at 416 East Twelfth Street in Austin. Miss Eugenie Terry of Dallas and Mrs. Nelle F. Knight of Del Rio presided at the meeting.

Two of the Snyder members took part in the conference. Mrs. Alene Cox acted as official time-keeper and Mrs. Lida Rhoades spoke on "The Gift From A Dream", which was a reminiscent of the dedication ceremonies and the reception that opened the headquarters building formally on Aug. 3, 1956. This was an accomplishment that had been the Society's dreams since 1926, when it was organized in Austin. The organizational committee was composed of Miss Annie Webb Blanton and 11 charter members.

Guest speaker for the luncheon hour was Miss Eugene Terry, past state president of the society. She delivered a challenge to the 491 members of '56, using the theme, "Light — The Gift Supreme." Miss Terry sought to inspire each member of the society to become a beacon light for advertising the teaching profession; as a key women teachers, to build a wholesome, constructive philosophy toward the profession and the whole educational program; to be an inspiration in recruiting new teachers by our daily living," the speaker stated.

NEWS FROM DUNN

By ELWANDA STEWART

Mr. and Mrs. Billy Durham and children visited relatives in Lubbock recently.

Mrs. Bill Hunter of Coahoma visited her mother, Mrs. W. A. Johnston, Monday.

Mr. and Mrs. C. D. Gray Jr. were in Sweetwater Monday to be with her sister who underwent surgery.

Mrs. Perry Echols is in Houston this week to be with her mother Mrs. Van Hooker who underwent surgery last week.

C. E. Payne has returned home after visiting relatives in Dublin.

Mrs. Bettie Smith and Mrs. C. E. Payne went fishing at Lake Colorado City Tuesday.

YOU AND YOUR TEEN-AGER

By BEVERLY BRANDOW

What happens in adolesence when a boy or girl who, always before has been soft spoken and well mannered, suddenly seems to be making a conscious effort to be bad?

Interest in church wains, he demands privacy concerning where he goes and wants to be able to keep his own night hours. He starts to swear and you find a package of cigarettes absentmindedly left on the bureau.

And when you call him down after catching a whiff of his breath he admits that "yeah, maybe he did have a beer or two" and perhaps he does drink a little socially at parties.

And he's only sixteen! Where is it leading? You may hear that he's been sent to the office a couple of times for being smart alecky and learn that he's definitely not dating society's blue book.

What's the matter with him? What's happened?

He's reached adolescence, that trying age about which so much has been written and so little understood. We can't justify his actions, but we can try to understand that he is undergoing a terrific change, mentally and physically. He is trying to fit into a new world with new privileges and responsibilities.

The ground under him is unsure. He doesn't yet know his own social strength. The whole world lies ahead, waiting to be sampled.

If he feels secure in his environment (made secure by parental morale building) and if he feels much loved and trusted by his family, the transition from boy to man is likely to be without major incident or cause for concern.

Most of us would undergo a great deal before we would let it be proved that someone was wrong to believe, love, and have fáith in us.

The teen who goes wrong is the teen who enters adolescence already insecure. He is the teen who feels unloved and unimportant.

Often he takes up bad habits and bad language in the hope that he can shock his parents into an awareness of him. He needs attention and will settle for any kind he can get.

Feeling more in-the-way than needed, he may fall into bad company for the sake of companionship and the right to be "somebody" to someone.

Petting with "girls who will" becomes a weak substitute for the love he craves.

A brazen affront often is the shield of a frightened boy trying to seem grown up and make himself noticed.

It is my opinion that boys from closely knit homes abounding in mutual love and regular Christian devotion, do not go wrong.

When building a boy, if the result is not right, check the recipe.

Junior High P-TA Meets

The Junior High School P-TA will hold their regular meting tonight at 7:30 p.m. in the cafeteria. They are hoping for a record attendance of 250 persons. This is indeed not impossible if parents will just show their interest and appreciation of their teachers and children.

Mr. Newt Morton, president, will be in charge of the meeting with the guest speaker being Mr. Bill Watson will acquaint the group with the Fourth Admendment that will appear on the Nov. 6 election ballots. He will conduct a question and answer discussion immediately following his explanation.

The regular $5 for room prize will be given. See if your child's home room can be the winner by your attending.

Miss Doak To Pledge Sorority At NTSC

DENTON, — Mary Ann Doak of Snyder has been selected to pledge Zeta Tau Alpha, national social sorority, at North Texas State College this semister.

Names of 121 pledges for the six national sororities at NTSC Dr. Imogene Bentley, dean of women.

Miss Doak, a sophomore business major, is the daughter of Mr. and Mrs. Herman E. Doak, 3101 Avenue W.

P-TA Is Planning Sale of T-Shirts

The Northeast Elementary P-TA held a called meeting Friday at 3:45 p.m., with Mrs. E. B. Tumblinson, president, conducting.

Mr. Glass, principal, introduced Mr. Haskell Beard, a high school teacher, who explained the teachers retirement that will be voted on Nov. 6.

Plans were discussed and laid to sell t-shirts for a work project.

If the methods of gasoline manufacture had not improved so vastly since 1918, gasoline production in the United States this year would fall short of meeting the country's needs by more than 25 billion gallons.

Asthma and Hay Fever Relief Comes in Minutes ...and Lasts For Hours

Tiny Tablet Now Available Without Prescription!

New York, N. Y. (Special)—Medical science has developed a new, tiny tablet that not only stops asthma spasms ... but brings relief to those who also suffer from hay fever attacks.

Authoritative tests have proved that this remarkable compound brings blessed relief in mere minutes—and gives hours of freedom from recurrence of painful spasms.

This fast-acting formula is prescribed by doctors for their private patients who suffer from both asthma and hay fever. And now sufferers can obtain this formula—*without prescription*—in tiny, easy-to-take tablets called *Primatene.**

New Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension, helps dry up nasal passages.

All this without taking painful injections, and without the inconvenience of nebulizers.

The secret of Primatene is that it contains medicines found most effective in combination for those who suffer from asthma and hay fever distress.

Primatene is available at all drug stores. The price is only 98¢ for a bottle of twenty-four tablets. And remember—if not entirely satisfied, your money will be refunded promptly.

So look forward to sleep at night and freedom from anxiety by day. Get Primatene today! *Trade Mark

EDITORIALS

It's Late For Action

At his news conference this week President Eisenhower made the profound observation that the drought has been "very serious for several years," and added: "It's a kind of thing that the longer it lasts the more severe it gets."

So he announced a stepped-up program of drought relief, and may even visit the drought area to see that the "extra federal aid" is bringing "good results."

One feature of the stepped-up relief program —of course the election had nothing whatever to do with this sudden interest—is an increase from $1 to $1.50 per 100 pounds in the federal subsidy for government-owned feed grains to maintain basic livestock herds.

We have news for the President. The ranches of West Texas have been pretty well stripped of "basic livestock herds" by this time, not to mention many a purebred herd which the owner had to let go in consequence of the hammering effects of several years of drought.

Take that subsidy of $7.50 per ton for forage, which as we understand has to be made use of by December 31, or it lapses. When the nearest available hay to West Texas is in, say, the State of Idaho, and it takes several dollars more than the subsidy to pay the freight on it to Texas, how long can a rancher "maintain his basic herd" unless he gets more help than that? When the allowance of roughage is only 12 pounds per day per head, and the range is as bare as National GOP Chairman Len Hall's head, what chance has a smalltime rancher to hold onto his she stuff?

The drought has been going on for years—about seven, insofar as West Texas and much of the great Southwest is concerned. The effect on agriculture in general has been simply devastating, and the total effect on the livestock industry no less so. Countless small operators, and a great many big ones, have been forced to the wall.

A drought is no respector of political parties, and certainly neither major party can be blamed for bringing it on.

But it's a little late in the day to try to "save" an important segment of our national economy with a few opportunistic words and a few gracious gestures.

Our farm population will swing back into high gear within a single growing season after the rains come, but it may take from three to five years to rebuild the range and restock our ranchers spent rebuilt the range and restock it with the same high-grade livestock our ranchers spent years and decades in building up.

No class of people on earth can be more independent and self-reliant than our stockmen. In general they have resisted federal aid, and particularly subsidies. With a grassless winter coming on, and not much hope of a winter grain crop, their back is to the wall for certain.

Stopping or even slowing down the dissipation of their priceless foundation herds is a serious emergency, in the successful solution of which millions of Americans who look forward to juicy steaks and delicious roasts have a direct and personal interest.

A Strong Industry

For the last several decades of the 19th Century cotton and cattle were the mainstays of Texas' economy, but at the turn of the century the boll weevil had got into the cotton and the longhorn had lost its peculiar place in our economy and in history.

Then with the discovery of Spindletop a new king arose—oil. Since that time for more than half a century petroleum and its concomitant natural gas have played an increasingly important role not only in our economy, but in our way of life. Oil and its whole train of byproducts have enriched our institutions of higher learning, provided the foundation for our public school system, attracted new industries, helped pave thousands of miles of roads, and attracted to Texas hundreds of thousands of new citizens. In addition it has spawned a multitude of associated industries and it has oiled the wheels of commerce and industry throughout the world.

In these last several years of drought the oil industry has proved a godsend, in particular to West Texas, and more especially to Snyder.

Most of our people know the importance of the oil industry in all its phases to their economic wellbeing, but few realize how greatly we have depended on it to see us through this trying time of drought.

The drought has hurt the industry by making it more expensive to carry on its work, particularly in drilling operations; but not even a drought can stop the relentless search for new petroleum resources.

'Seeing Eye School' Proves Guide Dogs Important In Rehabilitating The Blind

By MICHAEL G. CRISSAN

MORRISTOWN, N.J., Oct. 15 (AP) — You have seen the familiar pair on the streets: the blind man in his last night and the alert dog guiding him through busy traffic..

This strange cooperation between sightless human and speechless animal is promoted here, in the quiet, green, rolling countryside outside of Morristown.

Dogs and blind people are brought together and taught by a few devoted workers of the Seeing Eye, Inc., to care for each other. The entire Seeing Eye movement and hopes of thousands of men and women condemned to a life of darkness depend on this unusual operation.

Blindness itself is not the only handicap for a sightless person. He is faced also with psychological problems as frightening as the loss of eyesight—fear, loneliness, perpetual dependence upon others and pity from other people.

The Seeing Eye movement has met successfully these emotional problems and guide dogs have helped rebuild the morale of their masters and re-established their independence and usefulness.

The Seeing Eye school has no classrooms or textbooks. Here, on the busy streets of Morristown, you will see the blind master and his dog walking together, followed by a watchful instructor ready to correct their mistakes.

Since the organization was established in 1929, some 2,300 blind men and women have been trained at the school. Now they earn their livelihoods in over a hundred different fields. Among them you will find legislators, farmers, newspapermen, lawyers and secretaries.

A recent survey made by the Seeing Eye school showed that more than 90 per cent of its graduates would not give up their dog for a sighted guide.

The school is equipped with a teaching staff and facilities to train at least 200 blind persons and dogs a year. While it takes four years to train one of the sighted instructors, it takes only three months to teach a dog and one month to train a blind person.

George De Betaz, vice president of the organization and supervisor of the school, says best dogs for the blind are German shepherds and boxers, but individual dogs of other breeds are also used by the school.

"As a rule," he says, "we prefer female dogs. They're less stubborn and aggressive."

It costs $1,200 to train a dog and a blind person but each applicant is asked to pay only $150 as his share toward the cost and training of the dog, his adjustment to the animal and room and board during the training period.

Although Seeing Eye dogs are not given away, no applicant has ever been denied one for lack of funds. Those who haven't the money can pay as little as $1 a month. The philanthropic organization is supported by voluntary gifts.

When their first dog dies and they come back to school for a month's training with a new animal, blind persons are charged only $50.

These contributions, De Betaz says, are required by the organization to help blind persons maintain their self-respect. To give the student a dog as an out-and-out charity it would defeat the school's purpose at the very outset.

Some dogs are given to the school and others are purchased, but the organization maintains its own breeding farm, 13 miles from the school.

LITERARY GUIDEPOST

GIOVANNI'S ROOM. By James Baldwin. Dial.

A young American in Paris, David, the narrator of Baldwin's second novel, first appears to us in Southern France. He has been with Hella. She is now bitterly on her way back to the States and David tragically counts the minutes of the speeding night for by dawn Giovanni will have gone under the knife, the formidable machine by which France executes her murderers, the guillotine.

After this tingling opening, the story settles down to a slower pace and to the tawdrey situation which is Baldwin's theme: David is not able to decide whom he prefers, or what way of life he prefers. Hella or Giovanni, the warming, secure way at the heart of a family, or this more dangerous experience with Italian-born Giovanni.

The whole background of the novel is the spotty little dead - end bars and cafes where irregularities and abnormalities flourish. David had run out of money, he knew he could get some from older, richer Jacques, but this introduced him to the new youth serving at the bar owned by dissipated, older, richer Guillauma. That launched the two on an association that ended in violence when David made his decision.

Baldwin's first novel, "Go Tell It on the Mountain," and some fiery essays of his, "Notes of a Native Son," were very considerable contributions to our temporary literary shelves. This story largely does not come off because these people are symbols of aberrations and not really people, they stay too remote from the sort of life we know for us to understand them. There is one section alone which shows what Baldwin might have done: the concluding pages tell of the searing farewell of two one-time lovers, and they dig deep into aching hearts.

W. G. Rogers

New Electronic Eye Gives Telescopes Super-Vision

PASADENA, Calif., Oct. 15 (AP) — A new electronic eye promises super-vision for telescopes to solve some of the greatest mysteres of the universe.

With it the great 200-inch Palomar telescope might see objects 10 times fainter than those it sees now. In effect it might become a 2,000-inch telescope.

That super-vision might answer big questions:

Is there an edge or limit to the universe, a boundary in space where there are no stars?

How old is the universe — when did it begin? How old is time?

Does space curve? If you could see far enough out into space, would you see the other side of the world?

The electronic eye is a kind of TV-tube or electronic magnifier that could be attached to regular telescopes.

And this electric eye could be a practical thing soon, says Dr. Wililam A. Baum, astronomer of the Mt. Wilson and Palomar observatories.

The 200-inch telescope can see one to two billion light years into space, photographing great galaxies so far away it has taken light from them one to two billion years to reach us. A light year is the distance light travels in one year at a speed of 186,000 miles per second.

But astronomers estimate our universe is only 5 to 6 billion years old. Could the electronic eye and telescope perhaps see beyond the limits or edge of the universe?

The universe appears to be expanding, as though everything started from one great central explosion. The galaxies, or great families of stars each containing hundreds of millions of stars like our own Milky Way, are apparently rushing away from one another.

"... AND THIS WONDERFUL TOWN OF YOURS... !"

Crude Apparatus Provides Life-Saving Knowledge For The Medical Profession

By LEO MARKS

KANSAS CITY, Oct. 15 (AP)—A Rube Goldberg contraption, put together in a home basement by a team of Kansas City doctors, biologists, electricians and mechanics, is contributing life - saving facts to medical knowledge.

Over six years of experimenting, the nine men have provided a new controlling factor for kidney failure, through an old drug known for 100 years. The drug is papaverine, an opium compound.

Their report, entitled "Studies on the Etiology and Treatment of Acute Renal Failure," was recently published in the Journal of the American Medical Assn.

The report, in a nutshell, says that when acute kidney failure is caused by constriction of blood vessels, such as in shock, certain drugs which dilate the blood vessels restore circulation and can save life.

The best of these, they found, was papaverine.

Dr. Paul N. Johnstone, a surgeon whose experience with kidney deaths spurred him on, organized the project in 1950. Joining him were Dr. Raymond G. Stone and Dr. Harold C. Burdick, University of Kansas City biologists; Dr. Hobart K. B. Allebach, a pathologist; and Frank E. Tuller, maintenance foreman of a major airline.

Four more workers were added later, Loy F. Patton, another airline foreman; Leo E. Erb, an electronics engineer; L. G. Sturtz, an electrician, and James O. Smith, a drug expert.

First, Dr. Johnstone had to have an artificial circulatory machine, hence the electrical and mechanical experts.

Much of its construction, modification and improvement took place in the basements of Patton's and Dr. Johnstone's homes, and in Tuller's garage. All the ideas, skills and time were contributed.

The experimenting itself went on in laboratories at the university and the Armour and Co. packing plant, where kidneys of freshly killed livestock were used.

Basically, the contraption supplies heartlike pressure and oxygenation to blood drawn from an animal and connected by tubes to a kidney. Another tube hooked to the kidney's outlet vein allows the blood to circulate.

The idea was to find out why kidneys sometimes "go dead," don't do their filtering and eventually kill. Such balky kidneys killed many war wounded who would otherwise have recovered. Surgical shock often causes a kidney crisis.

It took months before the team found that blood vessel constriction was the key to the problem. Two years later the papaverine test proved out.

The report said:

"We treated 11 patients who had acute kidney failure with trial doses. Ten promptly developed material increase in urinary output coincidental with this therapy."

Gourmets Came To Scoff, Left Begging For More

By INEZ ROBB

For more than a century, ever-lovin' critics of the United States both at home and abroad have insisted that we are at once both the most-and the worst-fed nation in the world.

This critique strongly implied that while we live higher on the hog than any other people, we haven't the foggiest idea of how to cook the porker to make it really palatable.

We have been written off scornfully as a meat-and-potatoes nation (Is that bad? with no talent or appreciation for haut cuisine, although God has blessed us with an unparalleled variety and profusion of foods.

As one in whose family master cooks abounded, I have always felt this was—nonsense, buncombe and tripe a la sour grapes under European blass. Or else why is every American over the age of 10 always on a diet?

But now our confounded critics can mix themselves a beaker of bicarb and go stand in a corner, for basic American cuisine--vittles, if you please—has been crowned with laurel and has carried off the gold cup, the highest award, in the International Cooking Olympics in Frankfurt, Germany.

While teams of chefs from 10 other nations were stirring up Etuvee de Veau au Vin Rouge, Pieds de Porc a la Sainte-Menehould, Caille sous la Cendre, Fastnacht Krapfen, Gebackenes Kalbshirn mit Gemischtem Salat, Pollo Cacciatore and Risotto Milanese, the American chefs were astounding their rivals and assorted gourmets with such typical American dishes as roast turkey and fixin's, soft-shelled crab, roast beef, baked Idaho spuds and avocados stuffed with Maryland lump crab meat.

Any U. S. citizen who has ever had trouble rassling with fettuccine in Rome or a slippery boiled pudding in London can now rejoice in the knowledge that the provincial international gourmets gathered from all over Europe didn't know how to eat that great American delicacy, the soft-shelled crab.

Once the waiters were instructed in the art, they passed on their skill to the gourmets, who then fell upon the crab and begged for more.

That emerald jewel, the avocado, was a stranger to the cultivated European palate, too. But after wrapping an experimental lip around it, the bon vivants pleaded to be permitted to buy one at any price to take back to the home folks (Alas, the American team had none to spare).

If gourmets came to scoff at thick, juicy American roast beef and Idaho bakers, they remained to pray for more. Nor could they get enough of two-All-American entries, turkey (Which came first on these shores, the Indian or the turkey?) and candied sweet potatoes, glaced with a soupcon of pineapple.

Anyway, the American cuisine won the gold cup walking away, based on dishes just like mother used to make. Most of us always would have backed Mom against Escoffier, any time, any place. But it's nice to have our judgment backed by a gold cup that says "Winnah and Still Champ."

Teacher Amendment Would Help Strengthen Profession

By ED OVERHOLSER

AUSTIN (AP)—A proposed amendment, aimed at enticing and holding more Texas teachers, would strengthen the security of the profession by broadening retirement benefits.

The amendment, by Sen. A. M. Aikin Jr., of Paris, co-author of the Gilmer-Aikin School Law, is one of nine proposals to be voted on in November.

It would increase participation by both the state and teacher from 5 to 6 per cent of the annual salary, with a $504 annual limit on payments into the program. Disability and death benefits would be added.

Retirement could come at 55 after 10 years service or at the end of 30 years. The proposal covers employes of public schools and state supported colleges and universities.

The bill sets a minimum retirement benefit of $1,200 a year for a teacher who has completed 2 years and retires after 60. It would guarantee $900 yearly to a teacher who has completed 10 to 20 years and retires after 65.

Opponents contend the new system would increase state obligations 4½ million dollars a year with a considerable increase soon. Moreover, better salaries are more appealing than better pensions, argue those opposing the amendment.

The present teacher retirement system was set up in 1937.

Two other amendments involve the oath of office and the state welfare program.

The welfare proposal would allow the state to match federal aid for those 18 to 65 who are permanently and totally disabled because of a mental or physical handicap.

An estimated 11,500 to 14,600 Texans are eligible. State assistance would be limited to $20 a month per person, or 1½ millions a year for the total program.

Federal funds have been available since 1950 and 38 states offer this type of aid. Opponents say Texas is already accepting too much federal money and this leads to a stronger centralized government.

Proponents say that many needy individuals are now sent to state institutions where they do not belong. They say this cost is about $90 a month a person but the cost per person would be about one-third of that if the amendment is approved.

Some argue that the proposal could lead to false claims until the meaning of "permanently and totally disabled" is clarified. Opponents state that only 6,250 needy individuals—about half the total—could get $20 a month with the 1½ million dollar ceiling.

WASHINGTON LETTER

You Can Phone As Well As Write Congressman

By JANE EADS

WASHINGTON — "You can not only write your congressman, or government official, you probably can get him in person on the phone.

The number of politicians with unlisted phones is limited. Of course, many live in hotels or apartments with switchboards that can and do block your way to direct contact, but generally anyone with a legitimate desire to talk first hand to the higher-ups can get through without much ado.

Of course, you can't just dial National 8-1414, which is the White House, and get President Eisenhower or Mamie on the phone. The switchboard operator will be courteous, however, and put you through to someone who will try to give you an answer if the request is legitimate.

Presidential Assistant Sherman Adams has an unlisted home phone but I have been able to talk to Mrs. Adams by calling the White House, having the operator relay my call and within minutes Mrs. Adams has called me back. I have always been able to contact Mrs. John Foster Dulles in person (when she's in town, that is).

Mrs. Earl Warren, wife of the chief justice, is one of the most easily accessible of cabinet wives. She answers the phone herself and graciously and patiently answers almost any questions asked, except those regarding politics, or subjects she considers the personal province of her husband, or other members of the family.

Other cabinet wives easy to reach on the phone include Mrs. Charles E. Wilson, wife of the secretary of defense, Mrs. Herbert Brownell, Jr., wife of the attorney general, and Mrs. Arthur E. Summerfield, wife of the postmaster general. They are always willing to discuss their children, vacation plans or give a recipe. In fact, some prefer to talk over a phone rather than take the time to set up an interview in person.

As for dialing members of Congress, only 17 senators have not listed their phone numbers. One gives only his Senate office building number. Only 21 Representatives have unlisted phones, and 64 give the House Office Building phones. About 35 senators live in hotels, apartments and clubs where you have to get through the switchboard before contacting them, while 105 House Members can be reached in the same way. However anyone at all can call the lawmakers in the Capitol Hill offices.

Hollywood Today

By BOB THOMAS

HOLLYWOOD (AP) — The film world was surprised when Darryl F. Zanuck stepped down as head of 20th Century-Fox studios to become an independent producer. Today he tells why he did it:

"Throughout my career, first as a writer, then an editor then a producer and finally as studio head, I considered myself essentially a writer. It was the creative end that really interested me.

"Until a few years ago, I was able to devote myself to the creative end entirely. I didn't have to talk to actors I had people to handle the business matters.

"But this business has changed Three or four years ago, I found myself devoting 60 per cent of my time talking to this agent or that agent or Gregory Peck or some other star. I found I had less and less time to work on stories.

"So I told Mr. Skouras (company head Spyros Skouras) that as soon as I could find someone to take over for me, I'd like to step out and devote myself to the active job of creating. I think I can serve the company and the industry better that way."

He found his successor in able, agressive Buddy Adler, who now heads studio production. Zanuck still occupies the same office and plans to produce 20 films in the next five to seven years. Some will be produced by others under his guidance. At least one a year will be what he calls a "blockbuster." His first will be "Island in The Sun," based on the best-selling novel by Alec Waugh.

Always an enthusiast, Zanuck seems bristling with energy for his new career. He delighted in showing me some pages someone had sent him from the memoirs of the late George Arliss. The actor depicted the young Zanuck as "a born leader, not a blind follower." The passages told how Zanuck, then in his 20s, energetically told his ideas for the film "Disraeli," which won Arliss an Oscar.

"It was interesting to learn what Arliss thought of me," Zanuck said. "That's the kind of spirit of creating I want to get back to."

Despite a few years of hard times in Hollywood, Zanuck has lost none of his hopes for the film industry.

"I think the outlook for theatrical films is very good," he said. "But perhaps our greatest potential will be realized from our No. 1 competitor, television.

"Did you know that in New York last week 250 feature films were playing on television? That there are already 2,500 films released to television? That shows you the tremendous need for entertainment in that medium.

"Eventually I feel that the movie industry and televisien will have to meet. How that will be brought about, I don't know. But it will bring the greatest prosperity Hollywood has ever known."

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE DUMAS DEMONS, who come to town Friday to contest the Tiger footballers, are rapidly becoming the "spoilers deluxe" of Texas Schoolboy football.

The Demons have knocked two teams from the unbeaten ranks during the past two weeks and, of course, the Demons are hoping to make it three in a row here Friday night in their role as spoilers of unbeaten records.

Dumas last week blasted Seymour, 40-6, to hand the latter its initial defeat after five wins and the week before the Demons knocked Canyon from the undefeated list, 19-12.

The Demons are in the same district with Levelland, Phillips, Brownfield and Littlefield.

Are Breck Fans 'Deserting' Buckies?

Dumas, incidentally, has won its last four games after dropping its season opener to Palo Duro of Amarillo, 21-6.

Since then the Demons have beaten Ysleta, 34-20; El Paso High, 28-18; and Canyon and Seymour.

Palo Duro, the only team that holds a win over Dumas, is still undefeated for the '56 campaign.

Friday night's attendance at the Tiger-Breckenridge game was 4,660 paid, according to school business manager, Art Nicholas.

More than 4,000 of the total paid attendance were Snyder fans since only about 300 came over from Breckenridge.

If the Buckies had been winning like they usually do, there probably would have been a 1,000 or better Breck fans at the game here.

Breck has long had a reputation of backing its football teams all the way but now it looks like the Buckie fans will only support a winner.

This is something new to Breckenridge — a losing season. The loss to the Tigers Friday was the Buck's fourth in five outings.

We wonder how long its been since Breckenridge lost four games during a single season.

The 4,000 plus Snyder fans in attendance Friday night is quite a boost over the only other Tiger home game this season which was the season opener with Borger.

Snyder Topped Abilene, Percentagewise

And Snyder did quite a bit better in turning out Friday night than Abilene Eagle fans did in their game with Lubbock.

The estimated attendance at the Abilene-Lubbock game was 7,500. We don't know how many of these were from Lubbock but even if all fans present were Abileneians, that would represent only one-tenth of Abilene's total population of 75,000.

Figuring Snyder's population is 20,000 (and that's probably an overestimate) our city was represented by a little better than one-fifth of its population at Friday's game here.

With Abilene on a winning streak that has now reached 27 games, it looks like the Abilene club should be drawing better than the above figure.

Twice-beaten Odessa drew 11,500 for its game with Stephen F. Austin of Austin Friday and Odessa is much smaller than Abilene.

Snyder schoolboy teams registered three wins, one loss and one tie during the past week, lowering the season percentage slightly.

The season record now shows 17 victories, three losses and three ties for a 80.4 percentage as compared to last week's 83.3 percentage.

But this is still a remarkable record.

Sam Houston Takes Lone Star Command

By The Associated Press

Sam Houston State seeks to win half the battle this week in the Lone Star Conference football race.

Sam Houston, the only team in the league with an unbeaten and untied record for the season and the only one to have won two conference games, rolls against Lamar Tech at Beaumont Saturday night.

Stephen F. Austin, the only other team undefeated in conference play, gets Southwest Texas State at San Marcos.

Texas A&I and Sul Ross play at Alpine in the other conference test on the schedule for the week.

Howard Payne and East Texas State play outside foes. Howard Payne clashes with Eastern New Mexico at Brownwood. East Texas State meets Austin College at Sherman.

Sam Houston State downed Texas A&I 28-14 last week to maintain its unbeaten, untied status. Stephen F. Austin lost to Howard Payne 12-6 in a game that didn't count in the league standings since Payne is not yet eligible to compete for the championship although a member of the circuit.

BAD NEWS FOR BASEBALL MANAGERS—It's a great day for the world champion New York Yankees but another one for other baseball managers. Casey Stengel, whose teams have won seven pennants and six world championships since he came to the Yankees in 1949, signs a new two-year contract with the club in New York. Flanking Casey are co-owners Dan Topping, left, and general manager George Weiss. Terms were not announced but Stengel probably will draw around $65,000 per year again.

Tigers To Close Out Non-Loop Slate Friday

Snyder's unbeaten Tigers will close out their non-district schedule Friday night when they take on the dangerous Dumas Demons at Tiger Stadium.

After Friday's contest, the Tigers will have an open date before swinging into District 3-AAA play against Sweetwater, Nov. 2, at Sweetwater.

The Tigers made the Breckenridge Buckies their 5th straight victim last Friday night, 28-0. It was the first victory in four tries against Breck.

Dumas, Friday's Tiger foe, knocked Seymour from the unbeaten ranks last Friday night, 40-6, at Dumas.

The Demons will bring a high-geared offense to test the rugged Tiger defense that has yielded only six points this season.

Sweetwater pulled into second place in the full season standings last week with a 25-6 win over Monahans. The victory was Sweetwater's second against three losses.

Lake View dropped from second to third by virtue of its 6-0 loss to undefeated Pecos.

Lamesa and Colorado City stayed put in the Nos. 4 and 5 positions. Lamesa dropped a close one to Big Spring, 19-14, while Colorado City suffered its fifth straight loss without a win in losing to Hamlin, 31-0.

In addition to the Snyder-Dumas game this week, Sweetwater goes to Midland, Lamesa entertains Monahans, Colorado City treks to Brownfield and Lake View hosts Andrews.

Following is the District 3-AAA calendar:

STANDINGS
(Full Season)

TEAM	W	L	T	PCT.	PTS	OPP
SNYDER	5	0	0	1.000	142	6
Sweetwater	2	3	0	.400	60	80
Lake View	1	2	1	.375	32	56
Lamesa	1	4	0	.200	75	92
Colorado City	0	5	0	.000	32	159

Last week's results:
SNYDER 28, Breckenridge 0
Sweetwater 25, Monahans 6
Lake View 0, Pecos 6
Lamesa 14, Big Spring 19
Colorado City 0, Hamlin 31

This week's schedule:
Dumas at SNYDER
Colorado City at Brownfield
Andrews at Lake View
Monahans at Lamesa
Sweetwater at Midland

Huge Crowds View Pro Grid Contests

By The Associated Press

"There'll Be Some Changes Made" might well be the National Football League's theme song this year, played to the accompaniment of clicking turnstiles.

Nearly a quarter - million fans turned out to see yesterday's play, in which last year's conference titlists, Los Angeles in the Western and Cleveland in the Eastern lost to teams they used to handle easily.

A throng of 60,042 saw the Brown's succumb to a New York Giants' team for the first time since 1952. The score was 21-9. The once-awesome Cleveland offense could manage only 40 yards rushing and 104 passing. And 56, 281 saw Los Angeles provide last year's cellar - dwelling Detroit with its third victory, 24-21, as many as the Lions won all last year.

Only the Chicago Bears, living up to their rave notices, provided a touch of sanity, rolling almost at will through the San Francisco 49ers, for 397 ground yards, 86 air yards, 22 first downs and a 31-7 victory. A capacity crowd of 49,714 sat in on this one.

In other games, the upstart Chicago Cardinals retained their spotless record with their third straight victory, 31-3 over Washington, before 25,794; Philadelphia rode with Bobby Thomason's aerial circus for a 35-21 decision over Green Bay's Packers used veteran quarterback Tobin Rote's two touchdown passes and two scoring plunges for a 38-33 verdict over Baltimore. A near-capacity crowd of 24,214 braved a second-half drizzle to see green Bay notch its first victory.

Trinity, North Texas Share Gulf Coast Lead

By The Associated Press

With Trinity and North Texas State tied for the lead at a victory apiece, Gulf Coast Conference teams take out this week either to rest or to play outsiders.

Trinity is idle while North Texas State engages Texas Western of the Border Conference at Denton Saturday night.

Midwestern also takes the week off but Abilene Christian College, fourth member of the league, journeys to Chattanooga to meet the University of Chattanooga Friday night.

North Texas State tied Trinity for the lead last week with a 14-7 triumph over Midwestern. Trinity was playing an intersectional game and losing to Mississippi State 18-6.

Stamford In Loop Opener

By The Associated Press

Stamford opens the race for the district championship in the Class AA division of Texas schoolboy football this week but it appears only a formality. No team looks capable of halting the mighty bulldogs, who have a winning streak of 23 straight games.

Stamford plays Anson Friday in the first game of the District 4 conference race. Anson has lost three out of six in the non-conference campaign.

Stamford last week clipped its second Class AAA foe of the season when the Bulldogs whipped Brownwood 19-7.

Seymour had been figured as strong competition for Stamford inside the district, as this team won its first five games handily, but last week Seymour took a 40-6 thumping from Dumas.

Comanche, Bonham, DeKalb, Deer Park and West Columbia appear the other standout teams of the state and somewhere within the class of Stamford. Comanche has numbered three Class AAA outfits—Stephenville, Killeen and Graham—among its victims in a 6-game winning surge. Bonham hasn't played the kind of opposition that has marked Comanche's schedule and neither have any of the others but Bonham has scored 193 points in five games, which indicates it could go against the tougher ones if given a chance.

Only 12 undefeated, untied teams remain in Class AA as the teams move virtually en masse into conference lay. Lockney, Stamford, Comanche, Hamilton, Grapevine, Lewisville, Bonham, DeKalb, Gilmer, Deer Park, Sweeny and West Columbia have that distinction. Fort Stockton, Hebbronville and San Antonio Sam Houston are unbeaten but have been tied.

Feature games this week are conference affairs. Lockney and Post clash to send two of three unbeaten teams in the District 2 championship race together. In Distrit 9 Burkburnett and Jacksboro battle in a similar game.

Young Welters Clash In TV Bout Tonight

By MURRAY ROSE
The Associated Press

Garnett "Sugar" Hart of Philadelphia and Earl Dennis of New York, a couple of young, eager welterweights who have wailed that the stars won't fight them, collide tonight in a television 10-rounder, DuMont, TV, 9:30 p.m., EST, at New York's St. Nicholas Arena.

Hart, a solid swinging 21-year-old with a record of 14 knockouts in 17 pro fights, is an 8-5 favorite over the dangerous 24-year-old Dennis, naturally known as "the menace" in New York gyms. Sugar's complete record is 16-1, the loss coming on a one-round knockout by one Fred Terry. Since then Hart has won eight straight.

Dennis has a mediocre 30-13-5 record, including 11 kayos, but he has won 20 of his last 23 scraps.

Hart's manager, Marty Stein of Philadelphia, had to guarantee he would sell $1,000 worth of tickets to get his big opportunity. So far he has sold more than $1,500.

Cuba's Ike Logart, one of the welterweight contenders Hart and Dennis would like to meet, faces Gaspar "Indian" Ortega, a free-swinging, tall Mexican youngster in the Wednesday night radio-TV feature, ABC, 9 p.m., EST, at Boston's Mechanics Building. The 23-year-old Logart, winner of nine straight including six this year, is favored to make it 10 straight. His record is 45-5-5. Ortega's record is 34-7.

Vince Martinez, the No. 6 welterweight contender from Paterson, N.J., also sees action tonight. Hansome Vince, idle since he was beaten by Tony DeMarco last June, opposes Rinzi Nocero at Providence, R.I.

Joey Giambra, another handsome gladiator with titular ambitions, guns for his fifth straight victory Friday night, NBC, TV-radio, 9 p.m. at New York's Madison Square Garden. The 25-year-old Buffalo, N.Y., middleweight, ranked tenth contender, takes on fast - punching, aggressive Gil Turner of Philadelphia. Giambra's record is 45-4-1, Turner's 50-13-1.

San Angeloan Wins El Paso Net Title

EL PASO (AP)—Tut Bartzen of San Angelo retained his men's singles crown in the Southwestern Tennis Tournament here yesterday by defeating R. G. DeBerry of Odessa, 6-1, 6-0, 6-0.

Leigh Hay of the University of Arizona defeated Navy Pennies, El Paso city champion, 6-3, 6-3, to win the women's singles title.

Claim On Olson

SAN FRANCISCO (AP) — The Internal Revenue Service filed a $100,000 income tax lien yesterday against former boxer Carl (Bobo) Olson and his estranged wife.

A's Buy TL Hurler

KANSAS CITY (AP)—Pitcher David Newkirk, 25, has been bought from Shreveport of the Texas League by the Kansas City Athletics.

MAXWELL 5TH

4-Way Playoff In Western Open

SAN FRANCISCO (AP) — Four tournament golf professionals battled it out today in a playoff for $5,000 top money in the Western Open after usually steady Doug Ford blew his chance to take it all.

Ford, one of the finest short game players in the business, came apart on the last three holes of yesterday's climactic round to finish in a 284 dead heat with Don January, Flashy Lampasas, Texas, youngster; Jay Hebert, Sanford, Fla., and Mike Fetchick, Mahopac, N.Y.

Coming off The Presidio's breezy 15th hole, Ford was sailing along four under par and nothing apparently stood in his way of grabbing the big prize. Then, as shocked spectators watched in amazement, his play around the greens went completely haywire.

The 33-year-old winner of the 1955 PGA championship 3-putted the 16th for a bogey, carded another bogey by taking three to get down form the edge of 17 and, as the gallery watched open-mouthed, blew himself into the playoff on the 18th.

On this decisive hole, where he still had a chance to recoup, his second landed in thick grass about 25 feet to the left of the pin. He carefully chipped toward the cup and the ball skidded 10 feet past on the lightning fast surface. From there he barely missed his putt and went down in 5, another bogey.

In the playoff starting at 12:30 p.m., PST, today the Yonkers, N.Y., veteran, who hasn't won a tournament this year, is up against three tough competitors who did considerable scrambling to reach the payoff. Anyone of them could take it.

The lanky Texan, January, 26, has won just one major tournament, the Dallas Centennial last May. He was leading the Western Open midway. He came in today even par, one stroke higher than Ford.

Hebert, who at 33 has never won a major tournament, came right out of the dark, for he had 216 for his first three rounds and had not been putting too well. But his 69 in yesterday's final round shot him up to the top for a chance at the $5,000.

Three sub-par rounds, including a final 70 yesterday, earned the steady Fetchick, who celebrated his 34th birthday Saturday, his spot in the unprecedented playoff. This is the first time such a thing has happened in the Western Open, although other tournaments have had four-way ties.

The four will play together and, if they haven't broke the tie at 18, the issue will be settled by sudden death playoff.

The money normally would be split $5,000 to the winner, $2,500 to the second man, $2,000 for third and $1,500 for fourth. Now the winner still gets $5,000, but the next three get $2,000 apiece.

Dow Finsterwald of Athens, Ohio, and Billy Maxwell of Odessa, Texas, finished with 285 apiece to collect $1,125 each.

W. LEE O'DANIEL
FOR
GOVERNOR
(Pol. Adv. Paid for by W. Lee O'Daniel)

FERGUSON IS HALTED—Arkansas fullback Jerry Ferguson (37) is knocked off his feet by Bobby Jones (12) Baylor quarterback after making a 5 yard gain in the second quarter of the Arkansas-Baylor game at Fayetteville. Paul Dickson (71) of Baylor comes in to help on the play.

No One In Sight Due To Stop OU; Even Once-Mighty Irish

By ED WILKS

It's getting to the point where perhaps the only question about Oklahoma's football powerhouse is whether the Sooners can get through the season unscored upon.

Coach Bud Wilkinson's national champs, with the remaining schedule giving little evidence they'll be unfrocked, now have rolled over three 1956 foes with their goal line still virgin territory. They snubbed North Carolina 36-0, humiliated Kansas State 66-0. Then they made themselves at home on the range with a 45-0 decision over Texas last weekend.

This week it's Kansas. The Jayhawkers, who have beaten only Iowa State in four games to date, figure to give the Sooners a modern record of 34 consecutive victories.

After Kansas all that stands between Oklahoma and another perfect season is Notre Dame, Colorado, Iowa State, Missouri, Nebraska, Oklahoma A&M and indifference.

Notre Dame, only a name for a change, may prove a stumbler, but it's unlikely. After a 28-14 thrashing by Purdue for a 1-2 record, the Irish now hold only the uncertain hope of upsetting one of the big guys. And if an upset is to be Notre Dame's claim to fame it almost has to come this weekend against Michigan State.

Michigan State, Hard on Oklahoma's heels for the national title, took a 53-6 Hoosier Holiday against Indiana — leaving MSU atop the Big Ten with also unbeaten Ohio State (26-6 over Illinois) and Iowa (13-7 over Wisconsin). Iowa may make it to the Rose Bowl what with Michigan State ineligible to return and Ohio State on probation.

In the race for national honors, Georgia Tech, Texas Christian and long-absent Tennessee are ready to move in should either Oklahoma, Michigan State or Ohio State falter. All six are 3-0.

And on the fringe, there's Mississippi (4-0), already primed for a Southeastern Conference battle with Tech and Tennessee; Southern Cal (3-0) and perhaps Michigan (2-1). Michigan, beaten only by Michigan State, made an impressive comeback with a 48-14 crusher against once proud and potent Army.

Georgia Tech, after trimming Louisiana State 39-7, meets Auburn Saturday. TCU is involved in one of those Southwest Conference toughies, battling Texas A&M, unbeaten but tied by Houston.

Tennessee, giving an example of Southern graciousness by permitting Chattanooga 20 points while scoring 42 last weekend, faces Alabama, still winless after a 23-6 lesson from TCU.

Southern Cal, idle last week, now tries Washington (3-1) for size. Michigan goes against Northwestern, Ohio State against Penn State.

Wineburg Doing Great As Regular

FORT WORTH, Tex. (AP) — For two years Ken Wineburg played in the shadow of a lot of guys on the Texas Christian football team. He was second string to Ray Taylor at halfback and Taylor, of course, played in the shadow of All-America Jim Swink.

This year they're all playing in the shadow of Ken Wineburg. Swink among them. Ken leads TCU along the unbeaten path with running reminiscent of that of Swink at this stage of the race last season.

Through three games he leads the Southwest Conference in scoring and ball carrying. He has made 42 points and has romped to 364 yards with an average of 10.4 per carry. He has passed for 54 yards, caught a half-dozen passes and punted 6 times for an average of 26.2. Coach Abe Martin is a trifle disappointed in the latter but is confident Wineburg will straighten that out.

Martin explains Wineburg's progress like this

"He was a second stringer for two straight years and when he got the chance to be first string took advantage of it. He has great speed, is willing to try hard and he's sure doing a good job for us."

At the same time Martin expressed confidence that Swink, who has been only an average runner thus far, would reach his 1955 stature. "Maybe the boy's trying to hard," commented the coach. 'He's tryng too hard to live up to what he feels is expected of him. But he'll be all right. Anyway, he's been very valuable to us as a pass receiver and as a threat for the opposition to concentrate on."

Wineburg, 190-pounder who towers 6 feet 3, had a day like Swink of 1955 in the game with Alabama Saturday. He made touchdown runs of 46 and 41 yards, gaining 128 yards for the afternoon.

He is fairly elusive but above all it's speed that gets Wineburg all those yards. He does 100 yards in 10.3.

SWC 5s Start Drills Today

By The Associated Press

The Southwest Conference starts basketball today.

For a month and a half the squads will practice for the opening of the campaign Dec. 1. The early start comes because spring training has been eliminated, allowing practice to begin 15 days ahead of last year.

Prospects are for a three-cornered championship fight. SMU, defending champion, has another strong team but its losses were heavier than Rice or Texas.

Coach Hayes thinks Rice and Texas should be favored over him although he says "We'll have a fine basketball team."

Texas has eight lettermen, including every 1956 starter—Ray Downs, the conference's leading scorer; Norman Hooten, Ellis Olmstead, Kermit Decker and Ken Cleveland.

Rice lost only Joe Durrenberger and has some of the brightest sophomores, including Tommy Robitaille of Graham, a 6-foot-3 youngster. Temple Tucker, 6-10½, will be playing his second varsity season. Letterman Dale Ball however, won't be eligible until midterm.

Buster Brannon, TCU coach, thinks SMU should be the favorite with Rice and Texas offering the sternest resistance. He will have only four lettermen back, including the great Dick O'Neal, but he had a great freshman team last season.

MEN PAST 40
Troubled with GETTING UP NIGHTS
Pains in BACK, HIPS, LEGS
Tiredness, LOSS OF VIGOR
If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.
Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.
The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.
The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. H584 Excelsior Springs, Missouri.

Two Escape Plane Crash

DALLAS (AP)—Two Dallas brothers escaped with only scratches last night when their light plane crash landed in a field near Greenville and exploded moments after they scrambled out of the burning craft.

R. M. Parker and his brother, E. M. Parker, were on a flight to Greenville when the plane's motor began smoking badly.

When smoke began pouring from the engine, they looked for a place to land, picking a meadow about one mile north of Floyd, Hunt County.

The plane's landing gear was torn off and it nosed over after its right wing dug into the earth on landing.

The Parkers quickly scrambled from the plane and had run about 250 yards away when its gas tanks exploded.

State Death Toll 24 Over Weekend

By The Associated Press

The violent death toll in Texas reached 24 over the weekend with traffic taking 18.

Drownings, shooting and an oil field accident accounted for the other deaths.

The worst single accident occurred east of Jasper on Highway 63 Saturday when four persons were killed and three were injured in a two-car collision.

Killed instantly were Mrs. Mary Jordan 34, of near Burkeville; Freddie Love, 15, of Burkeville; and Evan Burrus, 33, of Ballaire. Dr. William Sanders, 32, of Jaser died in Beaumont.

Two youths on a motorcycle were killed east of Winnie when the cycle collided with a truck. They were Bobbie Jim Craig, 17, of Anahuac and Lyal Gregory, 18, of Nacogdoches.

Deaths Sunday included

Gilbert Alvarado, 7, of Groves died in Beaumont of injuries he received when struck by a car in front of his home Saturday night.

John Tantalos, 69, of Port Arthur died of injuries received in a two-car accident in Port Arthur Saturday night.

George Cavazos, 30, of Edinburg, drowned while fishing in the Gulf near Port Isabel.

Deaths Saturday included:

Miss Margaret Reynolds, 45, of Austin was found shot to death in her bathroom of her home. A pistol was found nearby.

Emmett Wiley, 52, of Lancaster drowned in a stock tank near his home.

Mr. and Mrs. Simon Koonse of Marshall were killed when their car overturned after hitting a drainage structure near Sherman.

David Stewart, 60, was killed by five shots in the chest during an argument in a tavern.

A collision of two automobiles five miles south of Rhome killed Sgt. Huey Smith, 29, of Macon, Ga., and Lt. Barry Carson, 23, of Westport, Conn.

Fred Smith, 52, of Houston was shot to death in Houston. Frank Cook, 51, was charged with murder.

C. B. Gladden was killed at Longview when a crown block fell on him from an oil rig.

Ollie Bates, 63, was killed in a headon collision in Lufkin.

Euell Eitell, 45, of Orange, died when his auto went into a ditch eight miles north of Orange.

LEGAL NOTICE

TO: Marie Boatenhamer
GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of October, A. D., 1956, at or before 10 o'clock A. M. before the Honorable district Court of Scurry County at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 3rd day of July, 1956.

The file number of said suit being No. 6906.

The names of the parties in said suit are: J. D. Boatenhamer as Plaintiff, and Marie Boatenhamer as Defendant.

The nature of said suit being substantially as follows, to wit: Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 11th day of September A. D., 1956.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 11th day of September A. D., 1956.

District Court Scurry County, Texas

Yugoslavian Woman Will Face Charge

SAN FRANCISCO (AP—The wife of a Yugoslavian vice consul may have to appear in Municipal Court to answer a complaint if Dist. Atty. Thomas C. Lynch files one in connection with a shoplifting arrest.

Mrs. Sonje Juznic, pretty, 26-year-old citizen of Yugoslavia, was arrested Saturday and held for five hours while police consulted with a State Department official.

She had been halted earlier in the day by a store detective in the downtown branch of the J. C. Penney Co. Police Inspector Al Corrassa said that in her shopping bag was $26.75 of store merchandise, including two sheets, two pairs of men's socks, five towels, a woman's sweater and five slide fasteners.

She was released on her own recognizance. Lynch said he was awaiting definite word from Washington as to whether she has diplomatic immunity.

In Washington, Victor Purse, deputy chief of protocol for the State Department, said the United States has no convention with Yugoslavia and that any such convention would only cover a minor misdemeanor.

Her husband Stanislav insisted that his wife had gone Christmas shopping for her family in Yugoslavia and had thrown away the sales slips. Mrs. Juznic said only it was a "terrible mistake." She spoke little else in English.

Inspector Corrassa said Mrs. Juznic first identified herself as Zinka Kokak and said she arrived from Poland only a month ago. Later she acknowledged her connection with the consulate.

Man's Body Lands Over State Line

SEDAN, N.M. (AP—A Stratford, Tex., man was killed yesterday in a traffic accident in New Mexico but the body finally came to a halt in Texas.

State police said the car driven by Robert Gene Backman, 25, went out of control about four miles east of here only 76 feet from the Texas line. The investigating officer said the car rolled three times and threw Backman from the car. The body landed 38 feet on the Texas side.

Oklahoma Woman Is Booked For Digging

OKLAHOMA CITY (AP — Police booked Billard Edward Tubbs, 25, for reckless driving-by digging.

Officer R. T. Standridge said the unusual citation came after he cited Mrs. Tubbs for speeding.

The officer said that 10 minutes later Tubbs came by and spun his wheels so that gravel flew over a 20 to 25 foot area pelting Standridge.

SNYDER BUSINESS NEWS

COSDEN PACES OIL INDUSTRY—Cosden Petroleum Co. products, distributed in the Snyder area by Bass Oil Co. on the Big Spring highway above, set the pace for the entire oil industry in West Texas through the company's continual improvement of products. Cosden gasolines have the highest octane ratings of any gasolines made for automobiles, and thereby offer better performance for today's high compression cars. (Lee Watson photograph)

Modern Cars Need Higher Octane Gas

Modern new cars are the best ever built and have the most powerful engines to provide the best performance ever built into cars, but higher quality and higher octane gasoline is necessary to get the best performance possible from the new cars.

With the introductions of 1957 model cars now being made by manufacturers, all new car models are accompanied by announcements of more powerful engines and higher compression ratios.

Cosden Petroleum Co. has long been a pace setter in producing the highest octance gasoline available anywhere for motor cars.

The Cosden Petroleum Co. refinery at Big Spring has the most modern catylitic cracking facilities to make Cosden "cat-cracked" premium gasoline for the modern car engines.

In Snyder these higher quality gasolines are available at two retail outlets through the Bass Oil Co. distributor.

One of the retail outlets in the Cosden Service Station at Avenue J and Twenty-fifth Street, and the other is the Bass Oil Co. service station just south of Snyder on the Big Spring highway at the distribution headquarters.

Prentice Bass, owner of Bass Oil Co., said that engineers and chemists of the Cosden Petroleum Co. continually improve the company's products through adoption of the newest refining techniques to give motorists of this area the best products available anywhere.

"Some of the new car engines being introduced for 1957 have compression ratios of up to 10 to 1 which require the highest quality gasoline with the highest octane rating to give peak performance" Bass said.

"The Cosden refinery which was built in 1929 at Big Spring has been enlarged and improved year by year since then," Bass said:

"Since 1945 the refinery has undergone complete renovation, plus expansion of capacity. A new crude unit and related facilities, and new treating process were added in 1946. In 1949 an ultramodern asphalt plant was placed in operation, and all grades of paving asphalts are produced. A roofing asphalt plant was added later," he said.

In November of 1949 the newest and most modern fluid catalytic cracking unit was completed. Many other plant facilities were enlarged to conform to requirements of the new unit.

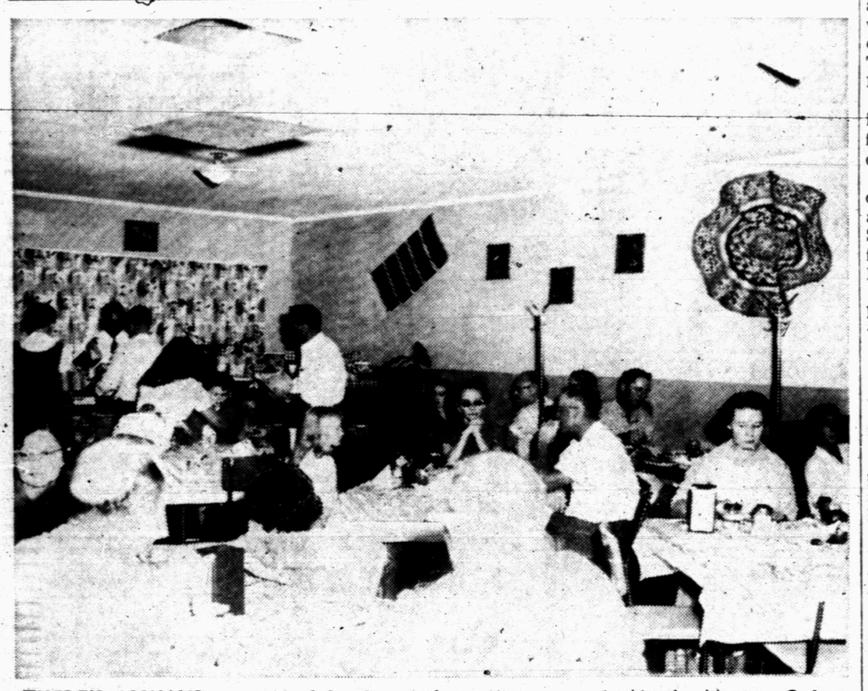
In 1951 an additional crude unit designed for operation on sweet crude, for production of gasoline, naptha and kerosene, was built and placed in operation. In 1951 construction was started on a huge new chemical plant consisting of a platforming unit and related facilities for production of benzene, toulene and Xylene were started and completed in 1952.

This year Cosden has expanded its facilities in West Texas by purchase of two other refineries, the Col-Tex Refinery at Colorado City and the Onyl Refinery at Abilene.

During the last two years the Big Spring plant has been tied directly to the Abilene Air Force Base with a direct pipeline for transmission of aviation gasolines and other fuels needed at the base, as well as for transmission of commercial products to the Abilene distribution center.

This year the Big Spring Cosden refinery has been tied directly to the Canyon Ridge oil field in Scurry County by construction of a pipeline from the Sunray-Mid Continent Gasoline Plant at Snyder to the Cosden refinery.

All these advances reflect the ever increasing demand for Cosden's higher quality products throughout the nation.



THERE'S ALWAYS a crowd of Snyder residents dining at the Little Mexico Cafe, Avenue R and Twenty-fourth Street, at mealtime, and during cool weather the popularity of Mexican food is always higher. (Lee Watson photograph)

Little Mexico Has Many Specialties

During cool weather, just the mention of Mexican food can make a person hungry, and that is why Carlos Mijares, owner and operator of the Little Mexico Cafe, is preparing a new menu with even more specialties than before.

The Little Mexico, located at 2401 Avenue R, has increased in popularity by the month — even in summer — since it opened here a few months ago.

But in winter Snyder residents' craving for well-seasoned Mexican foods increase even more, and Mijares is prepared to meet any demand.

By far the most popular dishes served at the Little Mexico are the Mexican dinner. There is the regular Mexican dinner and the DeLuxe Dinner, which has about as much on it as even the most avid eater can handle.

For $1.60, the person who orders the DeLuxe dinner, gets guacamole salad, followed by a plate loaded with stuffed bell peppers, beef tacos, enchaladas, tamales, chile con carne, fried beans, and Spanish rice. It is topped off with a frozen dessert and is served with coffee, tea, or milk.

The $1.10 regular dinner is almost the same except there is not quite as much of it. Even so, it is still adequate for a person with an average appetite. Then there is the 75-cent Mexican lunch which includes enchaladas, tamales, chile con carne, combination salad, fried beans, and Spanish rice, served with coffee or tea.

Little Mexico has several combination plates which are popular. There are three such plates for $1. One has two enchaladas and two beef tacos. Another combination is two enchaladas and three tamales with chile. The third is two beef tacos with three tamales with chile. There are also two 90-cent combination plates, one of which includes one beef taco, a cheese taco, and an enchalada. The other has one enchalada, a beef taco, and a guacamole taco.

Many a la carte choices are available at Little Mexico in the lines of enchaladas, tacos, tamales, stuffed peppers, chile, fried beans, guacamole salad, chalupas, and more.

Little Mexico has several feature dishes. There are three choices of 45-cent children's plates. A Carlos Special includes a combination of toasted tortillas with guacamole salad, tortillas spread with fried beans and melted cheese, and nachos appetizer.

The cafe also has all kinds of sandwiches and steaks.

Mijares invites all residents to visit the cafe and to try the Mexican food either at the cafe or ordered to take home. Many of the foods prepared by Little Mexico are well-suited for television snacks.

Elvis Wows Bobby-Soxers Across State

By The Associated Press

Elvis Presley wowed Texas bobby-soxers this weekend with his crooning singing and contortions but the national president of his fan club wasn't entirely satisfied with his reception in the state.

Kay Wheeler, Dallas girl who has been so busy running the Elvis Presley Fan Club since she graduated from high school in June that she hasn't gone to college or gotten a job, said she is fighting mad over the way Waco treated the rock 'n' roll singer.

"You know that place Elvis sang in holds 11,000 people and only 5,000 showed up to hear him sing." Kay, 17, said. "Why, they ought to be flattered he came to town. Waco is the squarest town in America. Why, those people just sat on their hands while he sang. I'm going to do something about that town.

"Elvis was obviously affected by the way they treated him there."

Presley drew a crowd of more than 26,000 when he appeared in the Cotton Bowl in Dallas last week. He played to two performances Saturday at Houston that drew more than 8,000 each. He sang to 10,000 or 12,000 Sunday, mostly girls between 12 and 20, at San Antonio.

The limber-limbed and hip-swinging singer was met with screams of anguished delight by both his Houston and San Antonio audiences. He kissed 50 girls who had waited in his dressing room for two hours before he went on stage at Houston. At San Antonio he made eight attempts to sing "Heartbreak Hotel" before the yelling, screaming girls would let him continue.

Explaining his success, the youthful Presley said "I believe in God. I advise young singers to have faith like I had. Everything happened so blame fast I don't know where I was yesterday or where I will be tomorrow."

Large Crowd Jams State Fair Grounds

DALLAS (AP) — A crowd of 280,024 jammed the State Fair Sunday, sending the exposition attendance to date to 1,738,755. Last year 1,687,781 had attended.

In cutting horse competition, top honors were taken by Marion's Girl, an 8-year-old bay mare owned by Marion Flynt of Midland. Marion's Girl and Little Tom W, a 9-year-old gelding owned by Philip Williams of Tokio, Tex., were tied for the title at the end of regular competition. Marion's girl defeated Little Tom W, 146 to 136, in a run-off.

Prize money was divided between the two horses, but the title and trophy went to Marion's Girl, which won the world's champion cutting horse title in 1954. Little Tom W won the world's title in 1951-52.

Marion's Girl has won $10,761, in 1956 and is a strong competitor for this year's title of world's champion.

Third place went to Snooky, owned by Pinehurt Ranch of Orange. Poca Mona, owned by B. A. Skipper Jr. of Longview was fifth. Ott, also owned by Pinehurt Ranch, was tied for sixth place.

Buster Welch of Odessa rode Marion's Girl.

Girls Leave By Horseback

MONTROSE, Mich. (AP)—A dozen police cars got the call "Two runaway girls sighted near Montrose. Both are on horseback."

Thus did Barbara Lawrence, 14, and Martha Sackrider, 13, touch off a merry 2½-hour chase yesterday through fields, over ditches and up and down rural roads. In pursuit was a "posse" of state and local police, sheriff's deputies, citizens and newspapermen.

The posse finally surrounded the girls. One was captured though, only after she was thrown by her horse as she tried to make it jump a ditch.

Undersheriff Jack Turner said a paternal reprimand on school marks started it all. Throwing bedrolls behind them, the girls mounted and rode away into the night. They were more than 10 miles from home when spotted.

Struck by Automobile

COLBERT, Okla. (AP)—A Denison, Tex., man, John Duke, was killed Saturday night when he was struck by an automobile while crossing a highway near here.

BEST WAY TO KILL ROACHES AND ANTS
Scientists recommend that you control roaches and ants the modern way — with Johnseq's NO-ROACH. Brushed just where you want it, (not a messy spray) the colorless, odorless coating kills these pests. It's effective for months, sanitary, and so easy to use. 8 oz., pint, quart. Available at D & H, Furr's, Piggly Wiggly, Safeway, and your local grocer.
