ICE THREATENS THOUSANDS

Massive Cold Wave Socks In Midwest Area

By United Press International
A massive 13-state sub-zero cold wave carried temperatures to record levels in some Midwest areas and threatened thousands of homes with ice jam caused flooding Saturday. Sub-zero readings were reported from Montana and Wyoming to New England.

Ag Committee Meets Wednesday For Work Day

Members of The Agriculture Committee of The Chamber of Commerce and boosters of The Top O' Texas Junior Livestock Show will meet Wednesday at 10 a.m. at the show barns, for a work day.

J. E. Gunn, chairman of the committee, has issued an appeal for everyone who can help to be at the barns by 10 a.m. with their shovels and any tools available so that the buildings and grounds may be put in top shape for the stock show scheduled in Pampa, March 7, 8 and 9.

With the closing of the entries on the show last week it looks as if there will be approximately 80 head of steers and 150 hogs entered, according to Clyde Carruth, show superintendent.

The Top O' Texas Hereford Breeders Show and Sale will run concurrently with the Junior Livestock Show. The Breeders Banquet will be held on Tuesday night March 8 at 7:30 p.m. in The Coronado Inn. The public is invited to attend and reservations may be made by calling the Chamber of Commerce office. The speaker for the banquet will be Charlie Kyd of Three Forks, Mont. He will also judge the breeding cattle.

Fifty teams from the Panhandle Area, will vie for honors at the Stock Judging Contest on Tuesday, March 8 as another feature of the Stock Show Program. The Frank Carter Scholarship Award will be presented to the outstanding agricultural student in Area I as a climax to the contest. The award (See COMMITTEE, Page 3)

Defense of Candy To Start Monday

MIAMI (UPI)—Candy Mosser spent the day in a hospital Saturday while attorneys readied her defense against charges that she and her jutejawed nephew murdered Jacques Mosser for love and money.

Mrs. Mosser, on trial with handsome Melvin Lane Powers for the first degree murder of her millionaire husband, entered Mercy Hospital Friday night for treatment of neck pains.

She wrenched her neck two weeks ago when she slipped on a banana peel while preparing supper for her four adopted children.

Mrs. Mosser turned 46 Friday and got a birthday cake and a card from her children, hailing her as "the best mother in the world." The trial recessed Friday for the weekend.

She has been ill with migraine headaches, chest pains or severe nausea several times since she arrived five weeks ago for the star of the trial.

She had planned weekend conferences with her attorneys, who are making arrangements to bring in the first of 54 persons named so far as probably defense witnesses.

If it comes from a hardware store we have it. Lewis Hov...

City to Formally Get Request To Take Over Airport

The Pampa City Commission will be asked Tuesday to consider taking over operation of the Perry Lefors Field.

The air field now is operated by Gray County.

Former Mayor Ed Myatt and Wynne Veale, chairman of the Chamber of Commerce Aviation Committee, will appear before the commission Tuesday morning.

They are expected to tell the mayor and city councilmen that the Gray County Commissioners Court is agreeable to a transfer of the air field from county to city supervision.

Myatt was named chairman of a committee at a meeting last Jan. 7 to seek permission from the county for the transfer and to ask the city to take over.

The move was instigated after interested Pampans had sought ways and means of having the air field facilities improved by the building of a small air terminal, installation of a taxi-way and hangars.

It was also suggested at that meeting that a board of local citizens be appointed on an airport board to promote better airport services.

Other items on the Tuesday agenda of the city commission include:

Discussion of annexation of various areas adjacent to the city limits.

Discussion of renewal of a rodeo contract for use of the rodeo grounds at Recreation Park.

Discussion of a renewal of the city's street lighting contract with Southwestern Public Service Co.

Discussion of a proposal for a community building in Marcus Sanders Park.

Discussion of proposed rules changes for uses of the auditorium in Lovett Memorial Library.

260 Projects Entered In Science Fair

The science department of Pampa High School is an exceptionally busy place these days with 260 projects already entered in the local Science Fair set for Feb. 24-25 and 26.

Mrs. Elaine Ledbetter, head of the school science department, said there will be four divisions for the various projects entered.

These will be primary, for grades 1 through 3, intermediate, for grades 4 through 6, junior, for grades 7 through 9, and senior, for grades 10 through 12.

The fair will be open to the public from 12:30 noon until 9 p.m. on Friday, Feb. 25, and again on Saturday, Feb. 26, from 9 a.m. until 4 p.m.

The first day, Thursday, Feb. 24, has been reserved for science students to set up their projects in the girls' gymnasium.

Thirty judges from Pampa and over the Panhandle will view the projects on Friday morning and select winners in various divisions which will include zoology, botany, chemistry, physics, biology, medicine and Children Services.

(See FAIR, Page 3)

High School Principal's Son Accidentally Shot

BULLET VICTIM — Johnny Cameron Marsh, 15-year-old son of High School principal Cameron Marsh, is shown here as he was being placed into an ambulance at Highland General Hospital last night for removal to Northwest Hospital in Amarillo. Young Marsh accidentally shot himself with a 22-caliber pistol. Ambulance attendants in the photo are Bob Carmichael, left, and Harrison Dismukes.

Voter Registration Battle Due Tomorrow

AUSTIN (UPI)—The special decided he wanted as few as legislative session, called to replace a voting law to replace the poll tax, will have its big floor battle Monday over two clauses of the House bill backed by majority.

Although proponents of the annual registration system have more than 100 pledges of support in the 150-member House, some changes made by a subcommittee of the House State Affairs Committee have kicked up a fuss.

They have to do with access of potential voters to the registration process.

The version a subcommittee worked through the night to write up has one clause saying a person cannot register by mail except under certain emergency conditions. The Senate bill has no such ban.

Another clause lets the voting registrar decide whether or not he has deputies to help him sign up voters.

The first clause is a sore point in rural areas and among oldsters, and in the biggest cities.

The second clause is a sore point with political operatives because of the question, what if a conservative registrar decided to hire deputies only to go out in the conservative areas of town for voters to register? Or what if a liberal registrar

Patrolman Declines Invitation To Have Mind Read

Patrolman Darrell Patton of the Pampa police department got an invitation last night to have his mind read.

Patton reported that when he returned to his parked patrol car he found a card on the seat.

It advertised the mystic powers of "Madame Siganski" who deals in reading the mind and predicting the future.

It gave an address where the patrolman could pay a visit and find out what is in store for him in the days ahead.

The patrolman had not accepted the invitation late Saturday night.

STATE RESTS CASE

Testimony Reveals Cross Sane At Time of Murder

AUSTIN, Tex. (UPI)—The state rested its case Saturday against James C. Cross Jr. with the testimony of a psychiatrist that said Cross was sane when he allegedly strangled two University of Texas coeds in his apartment and is sane now.

The psychiatrist, Dr. David Wade, said he observed Cross, 23, a former University student himself, while he was being questioned about the killing of Susan Rugsby and Shirley Ann Stark, both 21, and of Dallas.

Wade said he later talked privately with Cross. Cross, in a statement read to the jury Friday over strenuous defense objections, confessed that he killed the girls and raped Susan. He is being tried on a charge of murdering Susan.

Court was recessed until Monday, when the defense will start presenting its case. Charles Elms, who shared Cross' apartment, was recalled for more cross-examination Saturday and said "Cross gave me the impression he was being railroaded."

Elms said he got that impression at Ranger headquarters, where Cross was being questioned. He quoted Cross as saying, "It looks bad unless they find the guy who did it because they seem to think I did it."

Tying Cross closer to the stranglings, a Ranger testified Saturday that Cross showed him where he hid the girls' suitcases.

"I had a flashlight. Cross pointed the spot out. I flashed the light and there they were," Ranger Bill Wilson testified.

Dist. Judge Mace B. Thurman Jr. let Wilson testify after he had (See CROSS, Page 3)

John Cameron Marsh In Critical Condition In Amarillo Hospital

Johnny Cameron Marsh, 15-year-old son of High School principal and Mrs. Cameron Marsh, 2100 Evergreen, was reported still in extremely condition early this morning in the intensive care unit of Northwest Hospital in Amarillo following an accidental shooting in Pampa early Saturday night.

Hospital attendants said shortly after 1 o'clock this morning the boy's condition was extremely critical. It was believed at that hour there was only a slight chance for the unconscious youth's recovery.

The accident happened at the home of Ray Dudley, 700 N. Somerville, shortly after 7:30 p.m. Dudley is owner of the Ray Dudley Motor Co.

Young Marsh and Dudley's son, Gary, 15, both sophomores at Pampa High School, were in the house alone and preparing to leave to spend the night with two school friends, Mr. and Mrs. Dudley were visiting in Amarillo.

The Dudley boy said they were both in the bathroom at the time. Gary was washing up and Marsh was handling a 22-caliber loaded Ruger pistol which Dudley said Marsh had bought from a boy at school last week for \$35.

Young Dudley related the story of the accident as follows: "I guess he thought the gun was on 'safety'. When I went in to the bathroom to clean up, Johnny was playing and twirling it. 'I told him it was dangerous' to do that and to be careful or something might happen. Then I heard the shot and turned around. Johnny staggered and fell to the floor. I asked him if he was hurt bad. He rubbed his hand across his eye and collapsed."

Young Dudley ran immediately across the street to tell a neighbor, John Haynie, 619 N. Somerville, what had happened. Haynie called a Carmichael-Whitley ambulance and the police.

Police Sgt. Preston Bailey was on patrol in the 400-block of W. Francis St. and answered the call. He arrived at the Dudley residence a minute after the ambulance.

Johnny Marsh was taken to Highland General Hospital where emergency treatment and then, accompanied by a special nurse was transferred by ambulance to Northwest Hospital in Amarillo for brain surgery.

The Marsh boy and young Dudley are close friends. They play in the high school band and are members of a small musical combo. Marsh is president of his homeroom and plays on the school's sophomore basketball team. Dudley's father is a former Pampa police chief.

Parents of both boys had no knowledge of the pistol young (See MARCH, Page 3)

The Inside Story on Delay Of Your Income Tax Refund

Income tax refund checks are going to take twice as long to reach taxpayers than a year ago. Last year's average wait was three to four weeks.

More taxpayers than ever may be asked by Internal Revenue Service this year to produce records and verification for deductions claimed on their annual tax report.

The reasons for all this and the inside story of what has been going on in IRS is told for the first time in a three-part series written by Ray De Crane, income tax expert for Newspaper Enterprise Assn., and author of the best-selling book, "Cut Your Own Taxes."

The series, "The Revolution in Internal Revenue," begins Tuesday in the Pampa Daily News.

Center
Wrap-UpGeorge Smith, Director
Pampa Youth and Community Center

The Center will offer new swim lessons starting March 7 and lasting through March 23. Classes will be Advanced, Beginners at 4-5 p.m. and Swimmers from 5-6 p.m. Classes will meet on Monday, Wednesday, Thursday, and Friday for 10 meetings. Mrs. Carolyn Estes will conduct the classes.

Enrollment is free to Center members and a charge of \$3 per child for non-members. Enrollment is going on at the present time.

Memberships to the Center are always available and save you a great deal of money over the daily admission rates. Daily admission rates are 75 cents for adults, 50 cents for students above 12 and 35 cents below 12 years of age. In comparison memberships are good the year round and are very reasonable. Family memberships are only \$20 per year and \$12 for six months. This includes all members of the family who depend on the father or mother for support. Individual memberships are only \$8 per year and \$5 for six months. To obtain a membership you need only go to the Center and fill out the registration blanks then pay your dues. You are then issued membership cards which admit you to the Center.

The Dolphins which are the Center's Competitive Swim Team is still interested in prospective swimmers. Coach Donald Klepper and the members of the Swim Team work out weekdays from 6-7 p.m. and on Saturdays from 10-12 p.m. To become a member of the Swim team you need only become a Center member and pass a small swim test. A reminder however, is the fact that the Dolphins are for competition and not to teach swim lessons during that period of workout. Prospective Dolphins should know how to swim before they join the team.

Volleyball season is just around the corner for both men and women and teams should be lining up their sponsors. The volleyball season this year will

start with tournaments in each division. Women's tournament will be March 14 and the men's tournament will be Mar. 17. Entry fee is \$3 for either tournament and is due March 7.

The Volleyball leagues will kick-off on March 21 with the women and March 24 for the men. Entry fee for either league is \$15 which includes trophies for 1st and 2nd place, game ball, officials, timers, net and game equipment. Entry deadline into either league is March 7 at 8 p.m. At that time a meeting will be held and league schedules drawn up.

The basketball leagues ended this week with Cock 'O' Walk winning the Open League at 11-1 record while in the Novice League Vaughn Oil and First National Bank tied at 10-2 and they will play off the championship Monday night, Feb. 28 at 8 p.m.

Nine Pampans
Named to Honor
Roll at WTSU

CANYON (Spl) — Nine Pampa area students were among 128 undergraduates named to the honor roll for the fall semester at West Texas State University. Dr. Walter H. Juniper, dean of the university, has announced.

They are Robert Finney, Raymond Johnson, Andrea Jewell, and Karen Slate of Pampa; Elma Milton and Wilma Cornette of White Deer; Phillip Dittberner of Panhandle; Kendra Faulkner of Groom; and Chester Jones of Wheeler.

Only students who have compiled academic records of at least 2.5 of a possible 3.0 for the fall semester are placed on the honor roll. To be eligible for the list, students must have enrolled for at least 15 semester hours of work.

Finney, son of Mr. and Mrs. Leland Finney, 2140 Faulker, is a freshman pre-law student. Johnson, son of Mr. and Mrs. R. V. Johnson, 413 Lowry, is a junior majoring in music education.

Miss Jewell, daughter of Mr. and Mrs. R. A. Jewell, 1109 Huff, is a sophomore elementary education major.

Mrs. Slate, 1113 Sandlewood, is a junior elementary education major.

Daughter of Mr. and Mrs. E. S. Milton of White Deer, Miss Milton is a senior majoring in social studies.

Mrs. Cornette is a senior majoring in elementary education.

Dittberner, son of Mr. and Mrs. Edward Dittberner of Panhandle, is a junior majoring in agriculture.

Mrs. Faulkner is a senior majoring in elementary education.

Jones, son of Mrs. Annie Jones of Wheeler, is a freshman majoring in accounting.

Red Cross News

By LIBBY SHOTWELL
Executive Secretary

Mrs. Ralph Converse and Libby Shotwell with Mrs. Margaret Riley from Perryton attended the Disaster Conference Wednesday and Thursday of this week and came home with certificates for taking the course in Disaster Management and Committee Assignment. The course was taught by Ed Shoppers, Regional Disaster Manager from St. Louis and was attended by eight counties and 22 persons.

The Civil Defense Manager from Amarillo attended all of the sessions and gave many valuable comments on the disaster problems in a community. John N. Gikas, Pampa's Disaster chairman, stated plans are to study our local situation and make recommendations to our board of directors.

Miss Donna Sims, nurse representative for the Panhandle of Texas will resign her position and return to college for her masters degree at Emory University, at Atlanta, Ga. Our chapter will miss Donna and will be anxiously awaiting the new representative to take her place.

Mrs. Forrest Hills is the newly appointed project volunteer for Raising Funds for the Counties near Gray Co. Girl Scouts worked at her home Tuesday afternoon packing fund material for her to distribute to Wheeler, Donley, Hemphill, Roberts and Childress Counties. Mrs. Hills will work with the fund chairman from each of these counties in their March campaign.

Marilyn Gibbin, Judy Cox and Betty Cunningham, thanks to each of you for your work last Saturday in our Red Cross office.

We are stressing \$1 memberships and we feel that if you do not have a membership card, you will want to give the \$1 to help carry on the work of Red Cross in our community. Mar.

15 has been set by the Red Cross board for this Balance of Need Membership Drive and we hope everyone in Pampa will be contacted for this membership drive. We have Red Cross stickers to be placed on our front windows. If you have given to Red Cross through the UF and feel that you cannot give any more this year, come by our office and pick up your membership card and sticker for your window. Dr. Julian Key, our Fund Chairman urges all of our people who have benefited by Red Cross to

\$390 Million New Orleans
To Shreveport Road Okayed

BATON ROUGE, La. (UPI)—Louisiana is planning to build a \$390 million toll express highway linking New Orleans with Shreveport, the state's northernmost large city.

Gov. John J. McKeithen heartily endorsed the idea, first put forward by Rep. Taylor W. O'Hearn of Caddo Parish (County), one of two Republicans in the Louisiana Legislature. McKeithen re-activated the dormant Louisiana Expressway Authority in 1964 to make a feasibility study of the proposed road.

Honor Society Holds High School Elections

Thirty-one seniors and 21 juniors were elected Friday to the National Honor Society at Pampa High School.

Five per cent of the junior class members and 15 per cent of the senior class can be elected each year.

All students with a grade average of 85 or better are eligible in the two classes and the quotas for each are selected annually at this time of year by a vote of teachers.

High School Principal Cameron Marsh said scholarship is the first requisite to become eligible for NHS membership.

Roberts County Livestock Show Set Saturday

MIAMI (SpI) — The annual Roberts County Junior Livestock show will be held here starting at 2 p.m. next Saturday.

The show, to be staged in the rear of the new post office, will be judged by Bryan Swain, Moore County agriculture agent.

There will be entries in two classes of calves and two classes of pigs all entered by boys and girls of the FFA and 4-H clubs.

Midwest

(Continued from Page 1)

Michigan's Upper Peninsula, along the Lake Superior shore near the Portage Ship Canal, reported its thermometer showed a low of 50 below zero early Saturday.

The Army Corps of Engineers ruled out blasting to break up five-mile-long Mississippi River ice jam which has already forced more than 400 persons from homes at Davenport, Iowa.

Low water closed U.S. 61 west of its junction with U.S. 67 Col. Howard B. Coffman Jr., of the Army Corps of Engineers, warned residents of low-lying areas along the Mississippi in Iowa and Illinois to be prepared for sudden sharp rises in river levels.

Water was flowing through Walnut Grove, Iowa, and was being pumped from the Davenport, Iowa, business district.

Ice jams also were reported in the Mississippi River at Dubuque, Iowa, where authorities were experimenting with techniques for relieving the situation.

Downstream at Cairo, Ill., the Mississippi and Ohio Rivers were nearing a crest two feet above flood stage but only minor flooding was occurring, confined to farmland along the Kentucky shore.

Milwaukee, Wis., had 7 inches of new snow. Buffalo, N.Y., had 4 inches of new snow. Rochester, N.Y., had 2 inches of new snow. Light snow fell from the Great Plains to New snow fell in southeast Wisconsin well in southeast Wisconsin.

Snow fell in the mountains of northern California and southern Oregon. Blue Canyon, Calif., collected 2 inches of snow, bringing the total on the ground to 54 inches.

Congressman Dedicates Post Office

MIAMI (SpI) — Congressman Walter Rogers of Pampa was the principal speaker at dedication services for Miami's new post office here Saturday afternoon.

Rogers also presented the post office flag to Postmaster Gene Hodges. The outdoor exercises were held in front of the new building and attracted a large crowd of Miami residents and visiting postmasters and postal officials from Pampa and towns.

J. Allen Dupre, assistant director of the regional Post Office Dept. at Dallas, was among dignitaries present at the dedication.

Music was provided by the Miami Stompers for half an hour preceding the ceremonies and during an open house tour of the building which followed the dedication program.

The new post office at Main and Wichita Sts. has 1,204 square feet of floor space and was built and is owned by the Royal Corp. of Tulsa, Okla.

The Post Office Dept. has a 10-year lease on the building with four five-year renewal options.

Miami officials hosted Congressman and Mrs. Rogers at a banquet last night.

Cross

(Continued from Page 1)

listened to a morning of argument by defense lawyers, who contended the testimony was inadmissible.

Wilson's testimony was important to the state to help disprove a defense theory that Cross may have given a false confession.

Wilson also said Cross showed him where he left Shirley's yellow automobile and where he dumped the bodies in a field. They lay there 12 days before they were found.

The first week of the trial has done little to explain the "why" of the crime. In his confession, he said he killed the girls when they came to his apartment to shower and change clothes.

"I went into the bedroom and grabbed her (Susan) and choked her till she collapsed on the bed," Cross said in the confession dated Aug. 6, 1965.

He said he "raped" Susan while she was unconscious and strangled Shirley "to quiet her" after she screamed.

The police interpretation is that Cross began choking Susan because she resisted his advances, but that is not in the confession.

Cross is reported to have declined to tell his lawyers much more than he told police.

Lawyers Don't Believe Him

His attorneys concede he appears to have had "something to do with it" because "he left a fingerprint on the girls' car and knew where their luggage was hidden, but they do not believe his story."

They say Cross is angered by remarks that reflect on the dead girls' reputations, and they note that he made a point of saying in the confession, "I did all of it alone."

They see signs that Cross wanted to be caught and punished—he left the bodies in a field near a house and was surprised that they were not found "in the next day or so," he invited friends to his apartment while the bodies were in the closet; he told friends Shirley had called him the day she died, he voluntarily gave police his fingerprints, and in his confession, he changed some words to make the case against him more forceful.

Noting that Cross was studying drama at the University, chief defense counsel Perry L. Jones thinks there is a chance Cross is trying to "stage the greatest drama of all time, with himself at the center."

"If so, he's sure succeeded," Jones said.

BALTIC FREEZE

HELSINKI (UPI) —The Baltic Sea has frozen over for the first time in nearly 20 years, the State Board of shipping reported Saturday. The ice-up, which has left only small areas of the sea open, is the worst since 1947, the board said.

4 Pampa Jaycees Selected in Book Of Top Young Men

Four members of the Pampa Jaycees have been selected for inclusion in the 1966 edition of outstanding Young Men of America.

Dr. Harbord L. Cox, Jim Don Morris, Eddie Lynn Polnac, Jake C. Webb and Jerald Simms, will be included in the annual biographical book, which features approximately 10,000 young men of outstanding rank throughout the country.

The Pampans were nominated earlier this year by the Jaycee chapter in Pampa and were selected by a 13 man National Board of Editors of the publication.

Committee

(Continued from Page 1)

will be made at a banquet to be held at 5 p.m., sponsored by Pampa's two banks.

The sale for the Junior Livestock will be held on Wednesday morning March 9 at 9 a.m. in the sales arena at Recreation Park. Pampa has always supported the show well along with excellent support from towns in the outlying areas.

Gray County Home Demonstration Clubs will have charge of food concessions at the show in the all new kitchen and dining area just completed, which will make this year's show more attractive to both exhibitors and the general public.

"People from The Top 6 Texas Area are urged to visit the show this year and see the many fine improvements that have been made," said J. E. Gunn, chairman of The Agriculture Committee of the Chamber, sponsors of the Show and Sale.

The Lions Club will sponsor its county Livestock Show on Saturday March 5 previous to the regional show and sale.

Marsh

(Continued from Page 1)

Marsh had bought, Dudley said last night.

An Amarillo doctor said the bullet which felled the boy entered just above the right eye, penetrated the brain and severed the spinal chord from the upper brain. The bullet lodged in the back of the head.

Sgt. Bailey said the youth was wearing the shoulder holster that came with the gun when he bought it from a school friend.

Ray Dudley said his son told him that young Marsh apparently thought he had the gun on "safety." Dudley accompanied Mr. and Mrs. Marsh to the Amarillo hospital.

Luxury Car

INDIANAPOLIS, Ind. (UPI) —The new Duesenberg luxury auto will be unveiled for the first time here March 28 at a special press showing. Invitation showings will be held the following two days.

Ground was broken last month for a plant at which the auto will be assembled.

BLOOD COLLECTED

BERLIN (UPI) —East German Communists announced Saturday donations of blood and money were being collected for Viet Nam.

Sport parachutes have large holes in them which permit the air to escape and drive the parachute in the opposite direction of the hole much like a low-power jet. Horizontal speeds of 10 miles per hour can be reached. The two criteria of sport parachuting are "style during free fall and accuracy in landing."

Obituaries

John Paul Caylor

Funeral services for John Paul Caylor, 15-year-old leukemia victim, will be at 4 p.m. tomorrow in First Methodist Church with Rev. Harry Vanderpool officiating. Interment will be in Fairview Cemetery under direction of Carmichael-Whitely Funeral Directors.

Young Caylor died Thursday afternoon in Bristol General Hospital, Dallas. He was born Sept. 12, 1950, in Pampa. He was the son of Mr. and Mrs. Clin Caylor of Pampa.

Pallbearers will be Lyle Gage, Ed J. Barnes, J. T. Rogers Sr., Dick Stowers, Charles W. Shelton and C. W. Osborne.

Honorary pallbearers will be members of Robert E. Lee Junior High School Home room 22 and First Methodist Church MYF.

Birch Group To Study Story of Communist Plot

A local study group is being formed to listen to and study "One Dozen Trumpets", a new educational tool recently released by the John Birch Society, according to local officials of the society. Each of the "trumpets" consists of an album containing two long-play records which run about an hour and a half.

The study group plans to devote one night session per week for six weeks to listen to "One Dozen Trumpets" which deals with the whole Communist conspiracy and its impact upon current history.

The narrators are by Robert Welch, president of The John Birch Society. It covers a vast range of modern history from the instigation of Weishaupt's Illuminati prior to the French Revolution through the evolving of the communists during more than 50 years, all of which has involved the United States of America in a continuous "cold war" and a series of hot wars.

A battle for survival of free men and nations is outlined by Welch, who, however, says he is optimistic because a growing number of responsible citizens is being awakened to the realities of the socialist-communist menace and are stirring into action as well as study.

Anyone interested in attending the "trumpet" sessions may obtain further information by dialing MO 4-2894. The first meeting of the study group will be at 7:30 p.m. Tuesday at 2215 Beech.

Voter

(Continued from Page 1)

get on the voting lists.

Rep. Jake Johnson of San Antonio said the House bill is "worse than the poll tax," because of its restrictions on the way to register.

Cherry said House backers of the annual system put together "the worst features" of that system and of the permanent system proposed by a minority. It is certain the opponents will have amendments ready Monday to try to change the committee - approved bill, first by offering the permanent system as a substitute, then by offering amendments to make it easier to register.

Senate Objections, Too

In the Senate, the bill that came out of committee will run into much the same objections, led by Sens. Franklin Sparks of San Antonio and Don Kennard of Fort Worth. The Senate bill permits mailed registration without the restrictions that are creating the squabble in the House.

Kennard said nobody is planning to filibuster as far as he knows — "we are not trying to be obstructionists, but we do want to discuss this bill fully on the floor." He said he thinks support is increasing for some amendments, particularly those to smooth the way for voters to get registered.

The House bill for an annual system is by Rep. Gene Fonden of Taylor and the Senate measure is by Grady Hazlewood of Amarillo.

Perryton Candidates Files for Election

PERRYTON (SpI) — Mayor Spencer Whippo and Councilman V. R. Coon have filed for reelection in Perryton's April municipal election.

Hershel Swinney, White House Lumber Co. manager, also has filed for a councilman's seat.

Authority

(Continued from Page 1)

munications Commission has jurisdiction over the transmission of broadcast signals — not the reception thereof. However, the FCC is wholly disregarding the legislative history and is seeking to expand its jurisdiction without the approval of the Congress of the United States.

"It is absolutely repugnant to the American system of free broadcasting for a Federal agency to exercise any control or regulation whatsoever over broadcast reception," Rogers said.

The congressman said it is his hope that early hearings can be held on the bill by the Subcommittee on Communications and Power.

Action on the Rogers bill will be watched closely in Pampa where construction of a cable TV system has been temporarily delayed because of the FCC's decision last week adopting regulatory controls over existing and new CATV systems.

Calvin Fraser and Dale Greenhouse recently were granted a franchise to operate cable television in Pampa.

Chief concern of the local CATV operators is whether the FCC rules would permit them to micro-wave long distance television programs into Pampa.

At the time the FCC announced its decision, Rogers stated he thought it was one of the most revolutionary control edicts in the history of Washington bureaucracy.

C-C Convention Committee Seeks Image 'Gimmick'

Duggan Smith, chairman of the Chamber of Commerce Convention committee, said Saturday his group is searching for an "image symbol" to use in attracting conventions and meetings to Pampa.

Smith said the committee is asking Pampans to submit drawings and ideas of cartoon-type characters with proper wording that would serve as an "eye-catcher."

"What we have in mind," Smith said, "is something along the line of the 'Big Tex' character that publicizes the State Fair in Dallas."

Suggestions such as "T. O. Texan," "Pampans 'Pete,'" and "Howdy the Roadrunner" already have been submitted.

"We'd like to have a flood of ideas," Smith said. "We hope some of them will be brought to the chamber membership luncheon tomorrow and that others will be sent to the Chamber of Commerce office."

Smith said a prize will be awarded to the symbol that is finally selected. The contest will run through the remainder of February.

Four PHS Seniors

Qualify For Merit Scholarships

Four Pampa High School seniors have qualified to compete for one of the 2,000 scholarships to be awarded in the National Merit Scholarship competition.

The four are Betty Peck, Dianna Hills, Pat Carlson and Richard Johnson. High scores in the National Merit Scholarship qualifying tests enabled them to take the Scholastic Aptitude Test and qualify as finalists.

There are some 14,000 finalists nationwide who will be competing for the 2,000 scholarships.

Winners will be notified by March 25 and a public announcement of the successful students will be made April 28.

Final Touches

Being Put On Lions Minstrel

The final touches will be put on the Lions Club's Minstrel Show within the next 10 days with Max Presnell, "the ole Minstrel Man" in charge of direction. Presnell said Saturday morning that he could still use some more singers for the Minstrel Chorus.

Some of the ole time favorites are being featured in the program, Presnell said.

The next rehearsal will be held at 8 p.m. on Tuesday night at the Junior High School Music Room and those who would like to have a part in a fine production are urged to be present.

53 Counties Report Worms in 1965

MISSION, — Texas farmers and ranchers detected more than twice as many screwworm infestations in 1965 as during the previous year, but the total was still negligible when compared to what they used to experience before the screwworm eradication program came along.

Livestock authorities have estimated that up to one million screwworm infestations occurred annually in the southwestern United States before agricultural researchers learned the livestock insects could be eradicated by overwhelming them with billions of screwworm flies reared in a plant and sexually sterilized with atomic radiation. Sterile flies mate with fertile flies and prevent reproduction. Nearly 17 1/2 billion sterile flies have been dispersed during the past four years.

Statistics maintained at the screwworm eradication center, near Mission, revealed that 466 infestations were recorded in 53 counties during 1965. The previous year, a total of 223 cases were found in 65 counties.

The majority of the infestations were detected in counties adjacent to or near the United States - Mexico border, leading eradication authorities to believe that most of them were the result of fertile screwworm.

58TH
YEAR

Agriculturally Speaking

By FOSTER WHALEY
Gray County Agent

We attended several meetings this week of importance to the people of this area. On Tuesday we attended an agricultural meeting in Panhandle. B. C. Selden, Internal Revenue Service, Dallas, was present to discuss the I.R.S. interpretation of the manner in which a depletion allowance could be claimed for irrigation water. Felix Ryals, Manager, Panhandle Water District, White Deer, arranged to have Selden on the program.

To be able to apply for a depletion allowance there are three things the land owner must establish: (1) Furnish proof of the amount the water is being depleted annually. (2) Furnish proof of the thickness of the water strata in the beginning date depletion was claimed. (3) Actual cost in water under the land. In effect you will have to show proof of the value of the land itself and the water under it separately. This would be much the same as making a division of the land from that of depreciable assets at time of purchase for income tax purposes. In other words land is not depreciable while buildings, fences, and improvements are depreciable. The water is treated in a similar manner to any depreciable asset.

Needless to say, the court ruling will be of no benefit to a person that purchased land several years ago at dryland prices. It would be of benefit to a person that purchased land of recent date providing he can establish how much water strata he has, how much it is being depleted by irrigation, and how much he paid for the water under the land.

dian river qualifies. For more details check with Mr. John Harnly, President of the local Water District Board and Ryals, Manager, White Deer.

Many times Congress will pass legislation to clarify similar type Court decisions. In the early 1950's this was done after three ranchers had successfully appealed cases to the Supreme Court concerning the matter of claiming capital gains on cows. The difference in the water case and that of cows is in the fact that herds of cows are in pretty well every portion of the 50 states. The water depletion case would be of much less concern to the vast majority of people since it covers relatively small area in one State.

The second meeting that we attended and one that impressed us was the Pampa Career's Day Clinic. You can go east, west, north or south but you will not find a cleaner - cut looking bunch of youngsters anywhere as you would find in our Pampa High School. A lot of people deserve a big hand for the donation of many hours of their time to provide kids a helping hand in the selection of their careers.

On Thursday we attended a hearing of the Red Deer Creek Watershed Project at Miami. A large turnout was on hand. A very large delegation was on hand from Pampa to testify for this project. As you know, Red Deer Creek pretty well has its origin here at Pampa. One of the speakers from Pampa that impressed me a great deal by his remarks was Ben Ogden. He mentioned the recreational value of such a project. He said many thousands of dollars that was pouring into Oklahoma by sportsmen would stay in the Panhandle of Texas when the watershed projects were completed.

Conservation District News

By FELIX W. RYALS
District Manager

Governor John Connally has indicated that he will appoint his six appointees to the Air Pollution Control Board in the very near future. The Air Pollution Board is the newest board to be created to help take care of the pollution problems in Texas.

His six appointees will include a physician engaged in industrial medicine, an engineer experienced in air control, a person from the industrial management field, one from municipal government and two persons to represent the public. The question naturally comes up as to just why we have to have another regulating board. When we think of the terrible smog problem affecting San Francisco and Los Angeles on the west coast, the answer to our question comes quickly. The west coast area waited until they were choked to death with smog before they attempted to alleviate the situation.

Three state officials will join the six appointed by the Governor. Dr. J. E. Peavy, Commissioner of Health, Dr. S. B. Walker, Director of the Animal Health Commission and Harry Clark, Director of the Industrial Commission, and Executive Secretary will be named by Dr. Peavy.

The Air Pollution job will be to eliminate undesirable levels of particulate matter, dust, fumes, gas, mist, smoke or vapor in the Texas air. The levels to be eliminated are those which would appreciably injure human life beyond inconvenience or which would materially injure or interfere with the reasonable use of animal or plant life or property.

A major job will be to make a statewide survey of air pollution, and then to develop a state plan for curing it. A small staff from the State Health Department is already working on city surveys.

On the "water front" Texas has moved rapidly in setting up a water quality plan. Texas was the first State to notify the Department of Health, Education and Welfare that it will adopt its own water quality standards by the deadline set by Congress of June 30, 1967, which will prevent a Federal take-over of the field of quality control. Other states are filing similar assurances as required by the new Federal law enacted by the last session of Congress.

The assurance by Texas means that the Texas Water Pollution Control Board must adopt regulations for prevention of pollution, for all streams in Texas by the June 30, 1967 deadline. An order preventing pollution of the Houston Ship Canal has already been issued and in all probability will be the model followed in regard to other streams in Texas.

On Feb. 11, Chairman Joe Moore of the Water Pollution Control Board met with officers and directors of the new Water Resources Foundation to talk about raising \$1,950,000 during the next four years. Present plans call for \$350,000 to be plans call for \$350,000 to be pay the local area half of the raised during 1966. This would survey of the Galveston Bay System to plan a way to make the Canal usable for all its many and varied activities. In his news conference Moore indicated that the Foundation would be ready to make an important announcement in March.

The figure of \$1,950,000 to be raised by industry, State and local government may be eventually matched by the federal government.

On Thursday of the coming week, Feb. 24, the Railroad Commission begins a series of

It's Too Wet in the East And Too Dry in the West

COLLEGE STATION (UPI)—A lot of Texas farmers and ranchers are hoping the weather patterns for the entire year aren't now being set. It's too wet in the eastern half of the state and a lot drier to the west than most would like to see, the Texas Agricultural Extension Service said today in its mid-week report.

The extension district agent in South Central Texas reported that even surplus moisture in his area was plentiful while another said the entire South Plains district was very dry and farmers were readying irrigation equipment for preplant irrigation.

Due to the low temperatures,

wheat in the Panhandle remains dormant but some improvement in small grain growth was noted from most other sections of the state where moisture conditions are favorable, the service said. Damage from the recent low temperatures has been generally classified as minor.

Wet fields and pastures have curtailed grazing and feeding of livestock is continuing in all sections of the state. Some additional reports of shrinkage have come from most areas but feeding has enabled stockmen to keep their livestock in fair to good condition, the service added.

The vegetable harvest in South Texas made some progress but rains continue to slow activities, the service said. Corn planting has started in the lower Rio Grande Valley and a few acres of cotton have been planted in the same area, the service reported. Frozen-out melons have been replanted and cantaloupe planting is active. Carrots, cabbage, lettuce and spinach are being harvested in South Texas and beets and turnips in the San Antonio area, the service said. Harvesting of all major crops in the state is now complete except for some scrapping in High- and Rolling Plains counties.

Land preparation for spring planting continues to drop far behind schedule in the heavy rainfall areas and open weather is urgently needed, the service said.

Cattle Meeting To Feature Computer Report

Cattlemen attending the 89th annual convention of the Texas and Southwestern Cattle Raisers Association in Fort Worth, March 7-9, will get a concise report on how to use computers in the cattle industry.

The demonstration is one of a number of highlights which promises to make the 89th TSCRA convention a profitable meeting for the hundreds of cattlemen who are expected to attend.

Headquarters for the convention will be the Texas Hotel, and Joe Fletcher of Fort Worth, TSCRA secretary-general manager, said advance registrations indicate a high attendance.

Fred Wulff of Brady, TSCRA president, has issued an invitation to all who are interested in the cattle business to participate in convention activities. Registration will begin Sunday, March 6.

The report will be in the form of a 4-H demonstration by Helen and Carol Mueller, El Paso County members of the state winning 4-H Beef Business Demonstration Team in 1965. Title of the demonstration is "From Cow Punching to Card Punching."

Vitamin A Has Good Test Results

COLLEGE STATION — The uncertainty surrounding the use of supplemental vitamin A for range beef cattle is being cleared up by ag researchers. Vitamin A plays a vital role in reproductive performance of mother cows and in growth of young animals. Research indicates vitamin A is more critical for heifers than older cows.

A. A. Melton, animal husbandman at Texas A&M University's Livestock and Forage Research Center, McGregor, has come up with some revealing information concerning vitamin A. Melton did the research in Culberson County, in the Trans-Pecos area of Texas.

In his latest test, 70 yearling heifers were bred to calve as two-year-olds. Thirty-five heifers were used as the control group and were given no supplemental vitamin A.

The other half were injected with two million units of vitamin A one month before the breeding season began and again two months later. Three weeks before calving they were given another two million units, for a total of six million units of supplemental vitamin A.

Melton said the vitamin A was injected so both groups of cattle could graze on the same pasture and to ensure accurate measurement of the dosage. But he added, "Cattle can be fed supplemental vitamin A in concentrates if desirable — and it may be more economical."

Results of the test at calving time are as follows:

From the 35 heifers injected with vitamin A, one calf was lost at calving time and 23 heifers needed help having their calves.

In the group which got no supplemental vitamin A, seven calves died at calving. Two of the heifers also died at calving time and 28 heifers needed help calving.

hearings at which oil and gas operators in fifteen counties will be given a chance to show cause why they should not eliminate the use of open unlined surface pits for the disposal of oil field brine. The hearing on Thursday will cover Young and Archer Counties. On March 10, the Commission will hear from operators in Hemphill, Swisher, Andrews, Martin, Bailey, Cochran, Dawson, Hale, Gaines, Hockley, Terry, Lynn and Yoakum Counties.

Representatives of the Internal Revenue Service appeared before the Carson County Agriculture Review meeting in Panhandle on Tuesday of the past week. The Internal Revenue Service representatives explained the present status of claiming a refund on water depletion.

Does Your Baby Have Normal Hearing?

Watch out for early warnings about possible hearing problems. A newborn baby usually becomes startled at a sharp nearby hand-clap. At three months he should blink his eyes or move at unexpected loud noises. At 12 months babies can hear and turn toward a soft voice three feet away.

If you suspect trouble, consult your physician. We carry many medicines Doctors specify for ear problems. Babies' ears are sensitive and should always get speedy medical attention.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Quotes in the News

By United Press International
WASHINGTON — Sen. Ernest Gruening, D-Alaska, submitting legislation to bar the sending of draftees to Southeast Asia without congressional approval: a move he said, President Johnson dissuaded him from making last August.

"The President very emphatically urged me not to do it, pleaded with me not to do it. He said to me 'Well, if we're not out of there by January, you can do anything you please.'"

SAIGON — A U.S. military spokesman, noting the increased infiltration of North Viet Nam regulars into South Viet Nam:

"We have pretty good evidence that since Jan. 1, at the least 4,000 have moved down."

LOUISVILLE, Ky. — Hea-

vyweight boxing champion, Cassius Clay, notified that he had been classified I-A in the draft, after previously having flunked two Army intelligence tests:

"I can't understand why they picked me without testing me to see if I'm wiser or worse."

ARTA, Greece — King Constantine of Greece, responding to a toast by the Mayor of Arta, which wished the King and Queen would soon have a boy:

"I shall try to conform with the request of the Mayor and the people of the town of Arta."

In 1936, the Supreme Court ruled in a test case that the Tennessee Valley Authority's Wilson Dam could sell electrical power, a major victory for the new deal.

New Books on Shelves At Public Library

Fiction:
"Rafe" — Weldon Hill; Rafe is a boy with a forthright outlook on life, a family that gives him a heck of a lot of trouble, and a natural affinity for fishing lines, shotguns, and trapping.

"The Nowhere City" — Allison Lurie; underlying the zany entanglements between two contrasting marriages is a vivid comparison of the conflicting ways of life in the sober, orderly, idealistic East, and the free-wheeling, fad-infested, socially incongruous Los Angeles.

"Torquemada" — Howard Fast; a short incandescent modern classic that lays bare the soul of the Spanish Inquisition—and all the inquiries that have

followed, up to the present day.
"Give Me Liberty" — Noel B. Gerson; a novel of Patrick Henry.

Mysteries:

"The Widow Watchers" — Frank Archer; it was an overheard conversation in a bar, and the plan was to blow up an airplane with an "old broad" on it who would make somebody rich.
"Z For Zaborra" — Wuorio, Eva-Lis; a former secret agent is persuaded by British Intelligence to take on an assignment involving a neo-Nazi group. She agrees to do the job even though it entails submitting to an operation that will leave her physically weak and mortally debilitated.

Non-fiction:

"Yoga, Yoga, and Reincarnation" — Jess Stearn; instructions and illustrations.
"Ten Fingers for God" — Dorothy Clarke Wilson; the true story of a surgeon's quest for an end to the ravages of leprosy.
"Last Adventure" — Osa Johnson; the Martin Johnsons in Borneo.
"Live High on Low Fat" — Sylvia Rosenthal; approved gourmet recipes using polyunsaturated fats.
"The Retriever" Trainer's Manual — Maurice J. Leclerc.
"Love is Not Enough" — Bruno Bettelheim; the treatment of emotionally disturbed children.
"How to Keep Your Child Fit From Birth to Six" — Bonnie Prudden.
"\$\$\$ and Sense" — Ella Gale; your complete guide to wise buying.
"Television and Society" — Harry J. Skornia.
"Catching Freshwater Fish Made Easy" — Heinz Ulrich.
"The X in Mexico" — Irene Nicholson; an introduction to the Country South of the border, as it is Today and as it has developed through history.
"How to Manage Yourself" — Med Serit.
"Uncle John's Original Bread Book" — John Rahn Braue.
"How to Live Through Junior High School" — Eric W. Johnson; a practical guide for parents of teen-agers.
"The Two Assassins" — Har-togs and Freeman; what drove Lee Harvey Oswald and Jack Ruby to murder.

TO ATTEND BREAKFAST
WASHINGTON (UPI) — President and Mrs. Johnson planned to attend the 14th annual "Presidential Prayer Breakfast" today (at 8 a.m., EST) together with more than 1,000 leaders from government, business and labor.

The breakfast, with evangelist Billy Graham as principal speaker, is sponsored annually by a group of House and Senate members.

In 1879, the first "five-cent" store, forerunner of the modern "five and ten" was opened in Utica, N.Y., by Frank Woolworth.

Business Highlights

By United Press International
WASHINGTON — The Federal Reserve Board reports industrial output in January hit a record 149.9 per cent of the 1957-59 average, up from 148.5 per cent, seasonally adjusted, in December, and 11.3 points above the previous year. Business inventories rose in December by \$1.18 billion, the widest gain in a year.

NEW YORK — The State Banking Superintendent rejected Chase Manhattan Bank's application to become a bank holding company and buy Liberty National Bank of Buffalo. Superintendent Frank Wille said to permit the action would have been to pose a threat to the dual banking system in New York.

NEW YORK — W. R. Grace & Co. has offered to buy up to 700,000 shares or 37.12 per cent of Ruberoid Co. at \$50 a share. Ruberoid makes roofing and floor tile.

IT'S A BOY
OXFORD, England (UPI) — Princess Christina of Hesse, niece of England's Prince Philip and wife of artist Robert van Eyck, gave birth to a son here, it was announced today.

PLAN ROYAL TRIP
LONDON (UPI) — Princess Margaret and her husband, Lord Snowdon, will visit Hong Kong for one week beginning March 1, it was announced Thursday. The royal couple will open "British Week" festivities in the crown colony.

Water Committee Chairman Reports on Bond Proposals

EDITOR'S NOTE — This is the second in a series of four Sunday articles on Pampa's \$2,900,000 bond issue election to be submitted to voters on March 8. The articles "re written by the chairmen of the Citizen Advisory Committees which recommended the improvements. Today's article is by James B. Massa, chairman of the Water Committee, and is being published by the Pampa Daily News as a public service.

By JAMES B. MASSA

Last year the City Commission appointed a widely representative Citizens Committee to study the Pampa water supply. The committee reviewed the data relative to the present water supply, consisting of 17 wells, with a production capacity of 11.5 million gallons per day. The City owns 2281 acres of water rights in the area of

these wells. It also owns 2720 acres of water rights in the Le-fors Basin, further to the South and East. In addition to the above mentioned water rights, the City has entered into a water purchase contract with the CRMWA.

This contract, approved by Pampa voters by a 24 to 1 ratio in an election held in November, 1960, provides for the delivery of a daily average volume of 6.6 million gallons of water each year and sets forth a schedule of annual payments from the City to the CRMWA to pay for Pampa's share of the cost of the Lake Meredith and aqueduct project. The first annual payment will be due in 1968.

The purpose of our committee was to determine whether the City should continue to develop the well water supply or build a filtration plant to utilize the Lake Meredith water. After re-

viewing all pertinent data and hearing the views of several engineers and citizens on the subject, the committee, with only one dissenter, agreed that when the water demand in Pampa required that the present water supply be expanded, the increased demand should be supplied from the lake water. To do this requires building a filtration plant. However, this will cost much less than drilling additional water wells, constructing pump stations and water lines to bring the water into the City and also make the annual payments to CRMWA.

A review of daily water pumping records indicates the water supply will need to be supplemented within a few years. Therefore, we recommended to the City Commission that all necessary preparations be made for the building of the filtration plant, including the preparation of plans so that construction may be commenced immediately when the need arises.

Approving the Filtration Plant Bonds will permit the City officials to plan ahead and to be prepared to meet our needs for water. The Bonds can not be used for any other purpose.

The Week in Review

By H. J. HELLER
United Press International
When thieves fall out, the adage says, "honest men rejoice."

When honest men fall out, it can lead to agonizing indecision.

Thus this week, men of unquestioned integrity spoke at cross purposes during Senate Foreign Relations Committee hearings on U.S. policies in Viet Nam.

No one could denigrate the sincerity of committee Chairman J. William Fulbright, who long has disagreed with some aspects of this country's Viet Nam role.

Nor could anyone question the credentials of such witnesses as Gen. Maxwell D. Taylor, who strongly defended the Johnson administration.

Last week, retired Gen. James M. Gavin and former Ambassador George Kennan told the committee they recommended a "holding" action in Viet Nam. Taylor, a former ambassador to South Viet Nam, said such action would be a disaster, as would be a complete pullout.

And, unlike Kennan and Gavin, Taylor said he did not see a possibility that the Chinese Reds or the Soviet Union would be drawn into the conflict if the United States continued its present strategy.

At a number of points the debate became a bit acrimonious—but it was the irritation of honest men seeking an honest solution.

It reflected the bitter debate going on in the Senate where members of both parties have taken the floor to support or criticize the conduct of the war in the beleaguered Southeast Asian nation.

On the fighting itself, the issues were clearer. It was shoot or be shot at. The combatants had no time to worry about the ideological clash in Washington.

Around the world:

Saigon: A U.S. military spokesman revealed that American intelligence had pinpointed Communist strength in South Viet Nam at 237,000 men, including up to 20,000 North Viet Nam regulars. In fighting on the ground, American troops guided by a captured North Viet Nam battalion commander fought their way through heavy fire to kill 126 Communists near a regimental headquarters.

Canberra, Australia: Vice President Humphrey continued his tour of Asian capitals championing American Viet Nam policies.

Vatican City: Pope Paul VI announced a number of major changes in the Roman Catholic rules of abstinence and fasting. The rules open the way for Catholics in poor countries to replace meatless Friday with other forms of penance.

Washington: In an anti-inflation measure, the government increased interest rates on U.S. saving bonds from 3.75 to 4.15 per cent.

Washington: American tourists were warned they may face harsh treatment in the Soviet Union. The warning stemmed from the jailing and alleged suicide of American tourist Newcomb Mott.

Moscow: A Soviet TU114, the world's largest airliner, crashed on takeoff at Moscow Airport killing an estimated 50 persons.

Washington: The nation's first family announced that Luci Johnson, the President's younger daughter, would be married Aug. 6 to Patrick Nugent in Washington.

Price Continues To Poke Rogers

Republican candidate Bob Price of Pampa continued Saturday to lambast his Democratic opponent, incumbent Rep. Walter Rogers in the 18th district congressional race.

Price's campaign headquarters released the following statement to Panhandle news media:

"In his campaign to unseat a 16-year incumbent for the office of U.S. representative from the 18th Congressional District, Bob Price took a healthy poke at the incumbent Tuesday evening while speaking before the Gray county Young Republican Club, calling him the 'number one dodger of all time.'

"Referring to the present congressman's record in the House of Representatives, Price said:

"Time after time he has supported administration policies clearly opposed by a majority of his constituents. He votes to sell American wheat to Russia on credit, and later reverses himself in attempts to white-wash his error. He tolerates a Department of Agriculture scheme to imprison wheat farmers, and then comes out with criticism of Washington bureaucrats when his district rejects the plan in referendum. "He lives in Chevy Chase, Maryland, and comes home just enough to mend a few political fences. He speaks eloquently of 'our district' but owns no home, has no ties, and shows no affection for the very people whom he is elected to serve. "He pushes for a 1965 Farm Bill and when the bill raises howls of protest from Panhan-

Heritage Month Observe Set By Genealogist

The Pampa Genealogical & Historical Society will observe American Heritage Month at its February meeting at 3 p.m. Monday in Lovett Memorial Library auditorium.

Guest speaker will be Mrs. Russell Holloway who will present "The History of Education in Gray County". Mrs. Holloway will review the stories of the early schools, teachers, and students in the area which she gathered for her thesis in history in 1930-39 while a member

MRS. RUSSELL HOLLOWAY... guest speaker

of the Pampa High School business faculty.

A native of Decatur, Mrs. Holloway received her A. B. degree from Baylor University at Waco, and an M. A. degree from the University of Texas. Graduate study was furthered at the University of Colorado and at Columbia U. in New York City. Mrs. Holloway is the wife of Russell Holloway, branch manager of Cooper-Bessmer Co., and they are the parents of a son, John, a student in Texas Tech, and of a daughter, Patsy Lou, a senior in Pampa High School.

Teachers or students of the early Gray County schools are invited to attend the program and also are asked to bring any pictures of the buildings, faculty or pupils with them to be included in the display.

Following the program the annual election of officers for the Society will be held, and refreshments will be served by the hostesses, Mrs. L. J. Barker, Mrs. J. C. Patillo, Mrs. Mary Field Cary, Mrs. George Ingram, and Mrs. Carmie Helin.

die farmers, he shoves the blame on the Executive branch of government. Every two years our congressman races around the district courting votes in honeyed tones and pious air, but where is he in-between elections? In Washington most of the time, and when he does make it to Texas, he cozies up to a few powerful interests who know how to make maximum use of a cooperative member of congress. The folk who put him there see very little of him except during elections.

"Our office in the United States House of Representatives is a sacred trust, a major responsibility, and a seat of honor. It must no longer be allowed to go by default, to the number one dodger of all time. Even the name is appropriate — Rogers Dodger."

Wall Street Chatter

By United Press International

Those Bucks, 'They Are All Right'.....Huffman

By RON CROSS
News Sports Editor

"There is nothing I get more kick out of than showing off our kids and tonight we'll do just that."

This is the way Lawson Shaw, master of ceremonies at the White Deer All-Sports banquet started the festivities off Saturday night.

Shaw had praise for the school's athletes, coaches and a former student, All-American Carl McAdams.

Coach Huffman introduced his players and had words of praise for all and his coaching staff and McAdams, whom Huffman said, "is the best boy I ever coached."

The footballers were present-

ed with ribbons commemorating their 14-1 record this past football season.

Roy Simmons introduced the Buck basketball team, boys and girls, who had winning seasons despite nearly a four week late start due to the longing out of the football wars.

McAdams then was presented a blanket by the White

Deer-Skellytown Lions Club, sponsors of the fete, which had, "Carl McAdams, All-American" inscribed on it.

The former Buck all starter then paid tribute to his parents, his wife and three coaches, his grade school coach, his junior high coach and his high school coach as the reasons for him being able to gain all American status.

Visibly nervous, McAdams said, "I feel very honored to be here and I feel very fortunate and lucky to have been named an All-American."

After McAdams returned to his chair Shaw said that, "Carl has talked more here tonight than he did all the four years he went to high school put together."

Tommy Bryant, representing Newspaper Enterprise Association and the Amarillo Daily News, presented McAdams with his All-American certificate and a blanket with McAdams name on it and the fact that he is truly an All-American.

When he accepted the awards McAdams turned to Huffman and told the coach, "This year

I had to brag on the Bucks, because we (OU) didn't do much to brag about. But, then I always like to brag on White Deer."

Tech coach Huffman told the crowd of more than 300 in Robert E. Lee Cafeteria that sports can do wonderful things for a young man, pointing out what football has done for McAdams.

(Daily News Photo)

AWARD WINNERS — Awards were passed out by the bushel load Saturday night at the White Deer All Sports banquet but these gentlemen claimed most of the honors.

Monroe 'Doc' Bates, left, was presented the Pampa Jaycee award as Outstanding Physical Fitness leader in the area. Carl McAdams, University of Oklahoma All-

American was presented his All-American certificate and two blankets. Berl Huffman, coach at Texas Tech was the guest and Colie Huffman was praised for being an

outstanding leader of men and coach at White Deer.

Jay Hebert Has One Shot Lead After 54

Campbell Second in Tucson

TUCSON, Ariz. (UPI)—Jay Hebert broke out of a two year slump Saturday with a sparkling 65 to take over the third round lead in the Tucson Open Golf tournament with a 54-hole nine-under-par total of 207.

Cigar-smoking Joe Campbell had a chance to tie Hebert at the three-quarter mark, but hit a trap on the 18th hole and bogeyed it for a 69 and a 208 total.

Johnny Pott, second round leader with an eight-under-par total of 136, slumped to a 75 Saturday including a double bogey six on the final hole, to fall back into a four-way tie for fifth place.

"Gee, it feels good to play well again," Hebert said after his round had included an eagle and three birdies on the four par-five holes of the 7,200-yard Tucson National Golf Club, plus two other birdies for his seven-under-par round.

Hebert, former PGA champion, had been bothered for two years with tendon trouble in his right elbow. He said a new drug eased the pain "and this was the best round I've had in a long time."

George Archer shot a four par 68, a score matched by Gene Littler and the two shared third place going into Sunday's final round with 210.

In with Pott in a tie for fifth at five-under-par 211 were Jay's younger brother, Lionel, who had a 70 Saturday; Dick Sites, another 70 shooter, and Doug Sanders, who hit a ball into the lake on the 18th hole and then three putted the green for a par matching 72.

Defending champion Bob Charles shot a 72 in the third round and for a 214.

Charles Coody, Fred Marti, Rod Funseth, John Lott, Dick Mayer, Pete Brown and Larry Ziegler all checked in with 212. At 213 were Billy Martindale, Tommy Aaron, Ron Letellier, Dick Crawford, Frank Beard, Duff Lawrence, Steve Oppermann, Ken Townes and veteran Julius Boros.

The 214 bracket included George Knudson, Dave Hill, Duane Massengale, Bert Weaver, Marvin Fitts, Gardner Dickenson, Joe Carr and Bob Johnston.

NFL Going to Houston?

HOUSTON (UPI)—Texas oilman John Mecom Jr. of Houston said Saturday he will meet with National Football League commissioner Pete Rozelle in New York "within the next few weeks" about an NFL franchise in Houston.

If the NFL decides to put a team in Houston, the Mecom interests will make a concerted effort to obtain the franchise, he said.

"The NFL will make the decision (on the expansion city)," Mecom said. "And if Houston is the choice we are going to go all out to try to get the franchise."

Mecom said he did not attend the NFL sessions last week in Palm Springs, Fla.

The NFL will choose the expansion city within the next year. Close observers say Houston and Cincinnati are currently

front runners for the NFL berth.

Mecom said he first became interested in a football team when he was contacted by some NFL owners about looking into the possibilities of a team in New Orleans.

The Mecom interests are only one of several groups or individuals interested in backing an NFL team in Houston. Most prominently mentioned have

WEST GERMAN NETS BREMEN, Germany (UPI) — Ann Haydon-Jones of Britain, and Helga Nielsen of West Germany reached the finals Friday, in the West German indoor tennis championships.

been R. E. (Bob) Smith and the Mitchell Brothers, George and Johnny, all oil men with diversified business interests. There has been speculation

Matson, Beasley Pace Ags, 96-91

COLLEGE STATION (UPI) — Texas A&M stayed atop the Southwest Conference basketball scramble Saturday night with big John Beasley leading the way, fighting off Texas Christian 96-91.

Beasley hit 40 points in playing one of his best games of the year, and paced the Aggies to their biggest point production total of the season.

The combination of A&M's superiority on the boards, along with a cold night of shooting on the part of the Horned Frogs, combined to keep the Aggies one game in front of charging Southern Methodist in the conference race.

SMU, a 67-66 winner over Arkansas Saturday night, will entertain A&M in Dallas next Tuesday in the most crucial contest of the year. The Aggies are 8-2 in league play while SMU is 7-3. TCU's record stands at 4-6.

A&M outrebounded TCU 44-34, with giant Randy Matson picking 11 wayward shots off the boards. TCU hit only 45.1 per cent of its shots, while the Aggies were pumping them in at

the Houston Oilers of the rival American Football League might pack up and leave Houston if an NFL team moved here.

the rate of 56.5 per cent. The frogs stayed close through three quarters of the ball game, and tied A&M 49-49 at the half. But the rebounding strength and the chilly night of shooting began to catch up with them midway through the final period.

Gary Turner paced the Frogs with 30 points.

Restaurateur Pappas To Carry Cincinnati Hopes for NL Pennant

NEW YORK (UPI) — A Greek restaurateur, who can whip up a pretty nifty blue plate special, may be the guy to decide who picks up all the blue chips in the National

Glover, Coody Invited to Play in Masters Meet

AUGUSTA, Ga. (UPI) — Randy Glover and Charles Coody, members of golf's "new guard," were among 77 golfers from this country who were invited Saturday to compete in the 1966 Masters Tournament, April 7-10.

Glover has one of 13 invitees who have never previously competed in the classic at the Augusta National Golf Club. Robert J. Murphy Jr., winner of the 1965 National Amateur championship, was another newcomer on the list.

Among the former Masters champions who automatically received invitations were Jack Burke Jr., Jimmy Demaret, Doug Ford, Ralph Guldahl, Claude Harmon, Ben Hogan, Herman Kelsner, Cary Middlecoff, Byron Nelson, Jack Nicklaus, Arnold Palmer, Gene Sarazen, Henry Picard, Sam Snead, Art Wall Jr., and Craig Wood.

Clifford Roberts, the tournament chairman, announced that Glover and Coody, the opening-round leader in this weekend's Tucson Open, received their invitations "by establishing meritorious records on the 1965 (PGA) fall circuit."

League this year.

His name is Milt Pappas and the two biggest things on his mind at the moment are how he will adjust to his new surroundings with the Cincinnati Reds and to his new restaurant in Baltimore.

"Yeah, yeah, I know all the gags," laughed Pappas. "When two Greeks meet, they open up a restaurant. Well it so happens my partner is Jewish."

The food will be good, anyway, promises Pappas, who is kept pretty busy these days getting his restaurant ready in downtown Baltimore and getting himself ready for spring training with the Reds at Tampa, Fla.

"I think it was a helluva fine deal for me," he said, referring to the four-man swap which sent him, pitcher Jack Baldschun and outfielder Dick Simpson from the Baltimore

Orioles to Cincinnati for outfielder Frank Robinson.

"One thing I'm sure of, I know I'm gonna get a lot more runs," continued the dark-haired, hard-throwing right-hander who won 13 games and checked in with a 2.91 earned run average for the Orioles last year.

"The only thing that scares me is going to a smaller ballpark, but if they get as many runs as they did last year, I have nothing to worry about."

Pappas was a stickout with the Orioles almost from the time he joined them in 1957 and claims they treated him well. "But in five minutes I was gone," he said. "I got a phone call and they told me I was traded. Harry Dalton gave me the news and he told me he hated to call me in his first capacity as general manager but he said the club had to make a move. All I can say about the deal is that Baltimore got a top-drawer player in return."

Pappas' new boss is Reds' owner Bill DeWitt and although DeWitt once didn't go for the idea of Jim Brosnan writing articles while he was pitching for him, he sees nothing wrong in Pappas operating a restaurant on the side.

"I wish him the best of luck. And I don't have any objections," laughed DeWitt, "as long as he don't eat too much."

This is not the first time DeWitt will have a combination pitcher-restaurateur on his ball club. During the days he operated the old lovable St. Louis Browns, DeWitt had a pitcher in his employ by the name of Al Hollingsworth, who also was involved in a restaurant venture.

MILT PAPPAS ready

NOW IT'S CANNIBALISM

Rough Weekend Looming for Aggies in Southwest Race

DALLAS (UPI) — Cannibalism has finally caught up with the Southwest Conference basketball race, just like it was supposed to do before the season started.

The Texas Aggies won the first half of the chase 7-0 with Muscles Matson smothering the boards and Bomber Beasley shredding the nets.

The Maroon and White could do no wrong. The Aggies came from 13 points behind at halftime to whip Texas in Austin, mashed Texas Tech, Southern Methodist and Arkansas at home, and downed Rice, Baylor and Texas Christian on the road.

It looked like 1963 all over again when the Aggies lost but one game and coasted to the championship.

Then Texas and young Noel Stout found a way the Cadets could be had.

Hot on Fielders Stout, popping in 20-footers like they were free throws, hit 14 of 17 field goal attempts against A&M at College Station and the 'Horns caught fire. Texas hit over 50 per cent of their fielders, couldn't miss at the free throw line and pressed the Aggies until their tongues hanged out.

Texas Tech tried the same formula with Dub Malaise as

the gunner and suddenly the runaway was stopped.

The Aggies (7-2) face direct challenges from SMU 6-3, and Texas, Texas Tech and Arkansas 5-4.

Playoff Possible The eventual winner could limp into the NCAA qualification round with as many as four defeats plastered on its hide. A playoff is a distinct possibility.

The conference champion this year must beat an outstanding independent (Texas Western, Houston, Oklahoma City) before it can even qualify for the Midwest Regionals at Lubbock in March.

night when SMU and A&M tangle should give an indication of whether the Aggies will make it to the throne room safely or throw the whole race into chaos.

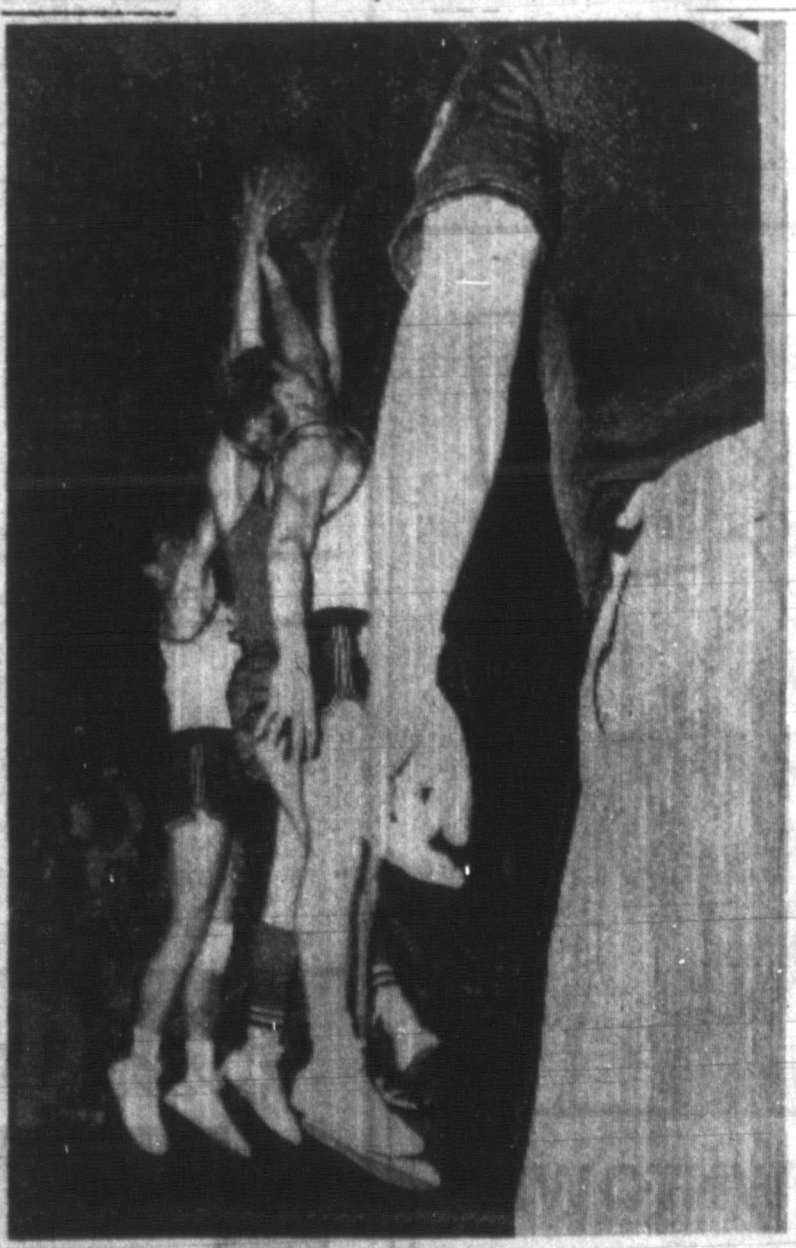

There will be at least four SWC teams shouting "Viva Chaos!"

SPORTS NOTES...

Not only did the Aggies take a thrashing from Tech at Lubbock Tuesday night, but they even had trouble getting out of town. Their chartered flight to College Station was called off because of the weather. The team finally got a chartered plane for Austin, but en route

it was announced, the airport they were socked in. They landed at San Angelo at 12:02 a.m. and finally made it to the campus in a chartered bus at 7:30 a.m.

The rumor mills grindeth on Pat Sheehan the flashy half-back from San Antonio Lee. He signed a pre-enrollment application with the University of Texas but hasn't made up his mind whether he will go to UT or Notre Dame where brother Mike attends school. Texas has a law school, the rumors say, and Mike could end up there as a guest if Pat chooses the Orange and White.

REBOUND TRY — Wheeler and Briscoe fight for a rebound Friday night in the Bronco's 76-65 victory in the finals of the 2-B district tournament. The Bronco's meet Darrouzett Monday at 7:30 p.m. in Booker in a bi-district clash. (See story, other picture, page 11.)

Owls Break Losing Skein With Easy Win Over Steers

By United Press International
The joyous celebration on the Rice campus today almost makes the long wait for a basketball victory seem worthwhile.

Ever since the Owls lost to Texas on Feb. 2, 1965, the pressure had been mounting. The Owls would race onto the court full of determination, the student body would cheer wildly and then the game would start. Before many minutes passed, it was embarrassingly apparent that Rice was headed for another loss.

But finally after 26 consecutive losses, the Owls raced onto the court Friday night as full of inspiration as usual, the crowd let out a huge cheer and Rice roared to an amazingly easy 80-70 victory over Baylor.

The end of the losing streak was carried off in such matter-of-fact fashion by the Owls that they almost seemed to be accustomed to winning.

Bill Doty, a 6-6 junior center, scored a career high 32 points and was a demon on the boards with 18 rebounds, and Doug McKendrick added 14 points.

Travis McCain, a new starter, Guy Lease and Larry Miller also put on brilliant performances.

With just a little luck, Rice might even surpass its record of last season despite the late start. The Owls wound up with a 2-22 record last season and still have four games left this year.

The Southwest also was filled with other surprises Friday night as Arizona upset Utah 71-68 and Arizona State tripped up Brigham Young 101-94.

In other games, Pennsylvania defeated Columbia 67-58, Harvard downed Brown 74-65, Yale beat Dartmouth 92-69, North Carolina State dumped South Carolina 69-63, Virginia Tech whipped George Washington 82-61, North Carolina edged Clemson 70-68 and Southern California crushed Oregon 82-67.

The first saliva test for horses was taken at Hialeah Park, Miami, Fla., in 1933 as a result of studies made by Dr. J. G. Catlett.

READY TO JUMP — Pampa cheerleaders and members of the Truteens are ready to jump and get their Powder Puff basketball game underway. But the two teams will have to wait until Tuesday at 7 p.m. in Harvester field-house.

White Sox Have Talent

By SANDY PADWE
Newspaper Enterprise Assn.

PITCHING — Juan Pizarro's holdout may have cost the White Sox the pennant last season. He didn't report until April 3. Then he tried to do too much at one time and wound up with a torn tendon in his shoulder. His record for the year was 6-3 compared to 19-9 in 1964. Then Gary Peters slipped from 20-8 in 1964 to 10-12 last year. So they blamed Al Lopez. With the two stars so ineffective, Tommy John (14-7) and John Bushardt (13-8) were the most reliable starters. Joel Horlen had a 13-13 record but with a 2.83 ERA. Bruce Howard was 9-8. The bullpen kept the White Sox in contention. Eddie Fisher was 15-7 with a 2.40 ERA in 82 performances. Hoyt Wilhelm finished 7-7 and 1.81 in 66 games. And Bob Locker was 5-2 and 3.16.

RATING—B.

INFIELD — The hitting dropped in 1965 with Pete Ward, the third baseman, down to .245. First baseman Bill Skowron hit .274 with 18 home runs and 78 RBIs, best on the club. Don Buford, at second, hit a solid .283, the leader among the regulars.

RATING—B.

OUTFIELD — Danny Cater had a quick start and slow finish, but hit .270 with 14 home runs. Ken Berry, in center, had a miserable year, hitting .218 in 157 games. And in right, Floyd Robinson, usually one of the most consistent hitters, dropped to .265.

RATING—B.

CATCHER — John Romano is a plodder. He also is a power hitter and tied Skowron for the club home run lead with 18. He has a capable backup man in J.C. Martin, who specializes in handling Wilhelm's knuckler.

RATING—B.

BENCH — The club's two best hitters, utilityman Al Weihs (.296) and catcher-pinch-hitter Smoky Burgess give the White Sox good insurance in tough spots. Burgess led the league in pinch-hits last season and also set a major league record with 117. Another capable reserve is Tom McCraw who can play at first or in the outfield.

RATING—A.

SUMMARY — There is lots of talent. Some, however, went stale or turned sour last year. Eddie Stanky will have to devise methods to revive such key players as Pizarro, Peters and Ward. If he does, the White Sox will make a serious challenge.

Prediction—3rd.

WAVING SUCCESS — Chicago manager Eddie Stanky is counting on these three key faces to help the White Sox to a pennant in his first year as manager. Left to right: Relief pitcher Hoyt Wilhelm, outfielder Floyd Robinson and third baseman Pete Ward.

Independent Tourney Will Open Monday

The Third Annual Top O' Texas Independent Basketball Tournament will get underway Monday at 6:45 p.m. with the first of three opening night games. This year's tournament will prove to be the finest yet with 11 strong teams competing for championship honors.

Bracketing shows the Meco Construction Co. (6-6) vs Pantheon of Amarillo at 6:45 p.m. Monday followed by Dukes Searchlights of Borger (10-2) vs Panhandle Gravel West of Amarillo at 7:55 p.m. and Pampa First National Bank (10-2) vs Indep. Ins. Co. of Perryton at 9:05 p.m.

Tuesday night action will find First National Bank of Amarillo vs Vaughn Oil (10-2) at 7:30 p.m. and House Chev. Co. of Silverton vs Richard Drug at 8:45 p.m. Graham Plow of Amarillo will open play Wednesday night at 7:30 p.m.

Amarillo Graham Plow and Dukes Searchlights of Borger would have to rule as favorites for both have displayed shooting power this year. Amarillo Graham Plow won the Amarillo league and Borger took second place honors in Pampa but won the Dumas YMCA tournament in January. The deciding point will be determined by Frank Schaffer, a 6-8 former All-American who has played for both teams this year and averages some 26 points per game. Borger will have Warren Tipton 6-5 averaging 18 points.

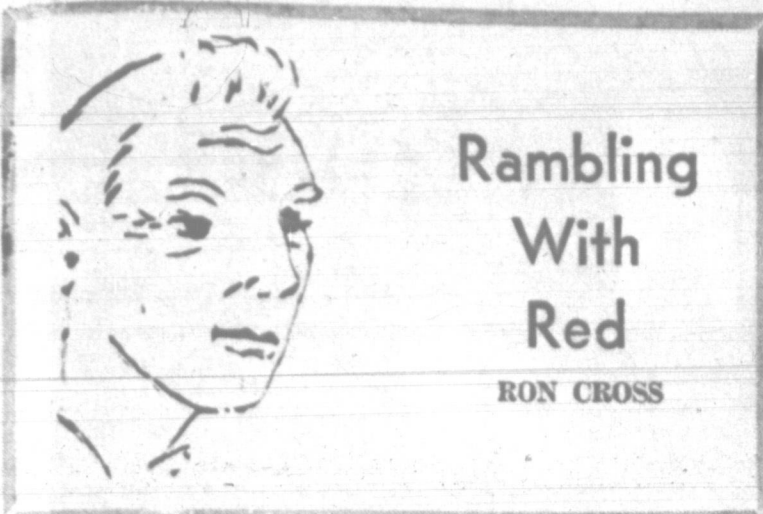

Challengers of the favorites would be Richard Drug who picked up Gary Griffin 6-6 All-Southwest Conference player from Rice and Gene Brown who can hit from anywhere on the court. Roy "Gunner" Pool is also in the fold. Panhandle Gravel West and Vaughn Oil have

Trophies will be awarded winner, runner-up and 3rd place. Semi-final losers will play for 3rd place. The public is invited to watch several games of good hard basketball for a small admission charge. Admission will be Adults 50 cents and Students 25 cents.

TWO SWEDES INVITED
STOCKHOLM (UPI) — The National Hockey League has invited two Swedish players to train with them for a month next fall.

The players, Haaken Hygren and Tord Lundstroem, will compete for Sweden in the world ice hockey championships next month.

FRANCHISE MAY SHIFT
NEW YORK (UPI) — The Newark Bears of the Continental Football League expect to move their franchise to Orlando, Fla., next year. Thomas Granatelli, owner of the Bears, said the team lost \$150,000 operating in Newark last year.

Rambling With Red

RON CROSS

Two well known referees (not known for their refereeing) have been selected for two important basketball games, slated Tuesday at 8 p.m. in the high school field-house.

One lone brave stooley (namely me) will officiate the Powder Puff game between the Pampa cheerleaders and members of the Truteens service club.

This contest will start at 7 p.m. and might just be better than the featured attraction between the KIXZ Dribbling Drips and members of the Pampa football coaches and other help.

It's no secret the coaches need some help. Weldon Trice and I will call the second game and I'm still trying to figure out some way for one referee to call a technical foul on another official.

If it can be done I'll find a way.

Nix The Rumor

There is a rumor going around that I might be a bit prejudiced towards the cheerleaders and the coaches. I promise to be as fair as any other official you've seen this season.

Playing for the coaches you'll see such outstanding cagers as Tex Nelson, who if he can last I know I can, Eural Ramsey (who won't have any trouble keeping the hair out of his eyes), Bill (poem) Cooper, Bob Skaggs, Bobby Stephens, Rossi Simpson, Curtis Daway, Harold Moore, Don Hulstедer and the others (who ever they are).

My girls team (oops, pardon me) the cheerleaders, will feature such talents as Linda Watson, Leslie Watkins, Dorothy Davis, Debby Roper and Ann Monroe.

The Truteens have Martha Hiatt, Charlie Gustin, Martha Mullins, Pam McCleod, Sally McKnight, Nita Eads, Judy Watkins and others.

It's a fun game but the proceeds are serious and everyone should be willing to pay a buck or if you're a student 50 cents.

Half of the proceeds go to the Youth Center, sponsors of the game and the other half goes into a scholarship fund to help send two students, who like most of us couldn't afford to go, to college.

MUNICH IS OPTIMISTIC
MUNICH, Germany (UPI) — Munich city officials said Thursday that they were optimistic that their city would be selected as the site for the 1972 Olympic summer games.

Perryton Wins Eighth Grade Tourney at YCC

The Third Annual 8th Grade Basketball Tournament at the Pampa Youth and Community Center ended Saturday evening with Perryton winning over Phillips 33-21 to cope championship honors. Lee also defeated Bushland 49-26 for 3rd place honors.

The Tournament started off Friday with plenty of excitement with Lee "B" Team almost upsetting the Tournament favorites Bushland. Lee led at halftime 18-16 but fell behind finally at 32-29. Perryton scored one of the biggest upsets by knocking off co-favorite Pampa Jr. High 36-28.

In other quarter final action Phillips downed St. Joseph of Amarillo 45-27 with Lonnie Lummus scoring 24 points and Lee "A" ran away from St. Vincent 45-6 with Tommy Hawkins scoring 14 pts.

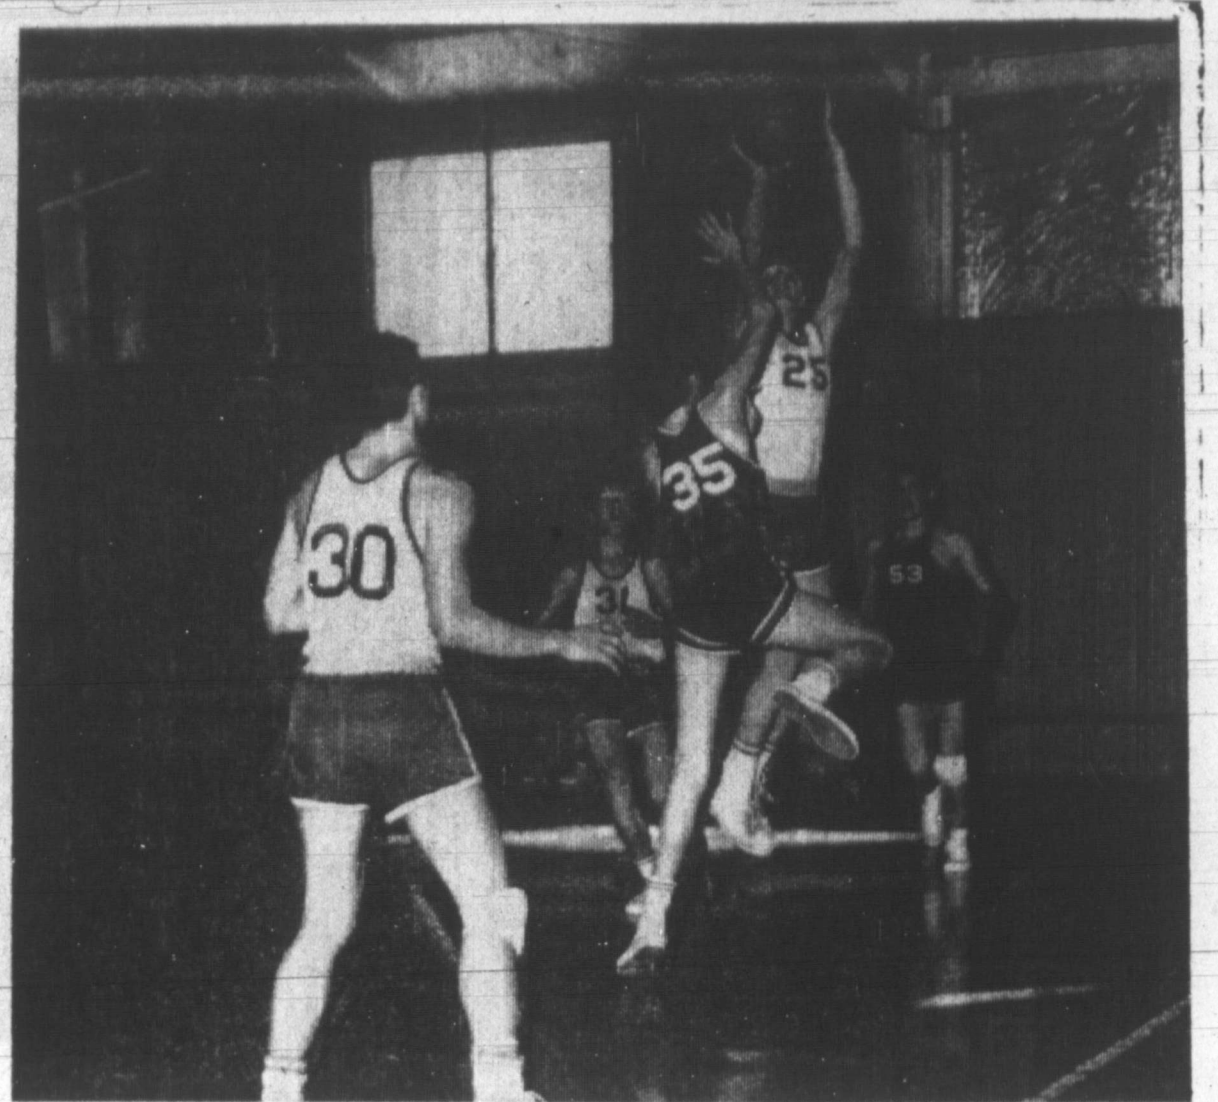

In semi-final action Saturday morning Perryton took Bushland by a 36-28 count and Phillips knocked off Lee 30-29 to enter the championship bracket. Tourney favorite Bushland fell behind 31-9 at the half but tied in a final rally to a taller Perry-

ton team. Phillips just outshot Lee in the 2nd half coming from a 14-13 deficit at halftime to outscore Lee in an exciting finish. Lee missed a free throw that would have tied the score with only 7 sec. left to go.

In the battle for 3rd place, Lee was red hot getting revenge on Bushland building up leads of 17-3 and 25-11. Lewis Brantley bombed the nets for 14 points for Lee while Lonny Dillard scored 11 for the losers. Lee ended their season at 15-6 while Bushland closed out at 24-9.

In the championship finals Perryton's rebounding strength held the edge as they got that second shot time and time again to score and blocking several of Phillips special shots. Phillips jumped out ahead at the 1st period 10-6 but shot a flat 0 in the second period to fall behind 12-10. Perryton took over at that point and extended that lead to 24-14 in the 3rd period. Wayland Brock lead Perryton in scoring with 10 pts. while Loyd Lummus tallied 8 for the losers.

WIBC TOURNEY

COLUMBUS, Ohio (UPI) — The Women's International Bowling Congress announced plans Friday for its 1966 championship tournament, which opens near New Orleans April 14.

The tournament has drawn 4,083 teams, 8,323 doubles and 16,646 singles entries.

The late Babe Didrikson Zaharias won 632 of the 634 contests she entered during her amateur athletic career.

Briscoe Wins 2 From Mustangs

Broncos Stage Rally In Big Third Period

By RON CROSS
News Sports Editor

WHEELER (Spl) — Briscoe did it the hard way. But the Broncos earned the right Friday night to meet Darrouzett in a bi-district clash Monday at Booker.

The Broncos boys and girls cage teams took a pair of district tournament final games from host Wheeler Friday night, but it wasn't easy.

Briscoe's girls edged Wheeler, 43-36 and the Broncos won their 32nd straight contest, 76-65, but the game was closer than the score indicates.

The Mustangs were rolling along with a 15 point margin with two minutes gone in the third period leading, 48-33 before the Broncos caught fire and tallied 10 straight points and outscored the Mustangs 29-21 in the period for a 57-56 lead.

Briscoe hit an amazing 78 per cent of their shots in the period and really warmed up in the final eight minutes.

Arnold Atherton, who carried four fouls the final two periods and Tom Hays, who couldn't buy a basket in the opening half, paced the last half surge.

Hays led the Bronco scoring with 20 points, 15 coming in the final two periods. David Zybach and Harvey Puryear totaled 18 points each and the 6'3" Atherton scored 14.

All-district center Dan Dorman and Villard (Big Game) Hunter paced Wheeler with 14 points each with Hunter fouling out in the final three minutes. Riner Added 11 for the Mustangs.

Briscoe took a 16-15 first period lead but fell behind 35-28 at halftime before regaining their one point third quarter margin.

The Mustangs regained the lead for a short time in the final period at 60-57 but Zybach, Atherton and Hays went to work again.

Briscoe took their last lead at 62-61 and steadily increased it.

The Broncos ended the night with 30 of 67 from the field for 44 per cent. They hit 58 per cent in the final half after an opening two quarters of only 31 per cent.

The girls game, every bit as exciting as the boys contest, was a case of Wheeler just not being able to get over the hump. Wheeler stayed close through three and a half quarters and led briefly at 11-10 in the first period.

But Briscoe was on top 15-11 when the quarter ended and led

25-19 at halftime. Wheeler trailed by seven, 37-24 after three quarters and came within three at 33-30 in the final period but could get no closer.

Dianne Dodd with 24 and Lou Meadows with 14 points paced Briscoe while Beverly Clark hit 20 and Connie Richardson 10 for Wheeler.

The Broncos and Darrouzett play at 7:30 p.m. Monday in Booker and the Briscoe girls meet the Darrouzett-Follett next week.

Wheeler and Briscoe paced the girls all district selections with three players apiece and Briscoe placed four boys on the boys all district.

The girls listed Dianne Dodd of Briscoe, Sue Miller of Allison, Lefurn Bradley, Kelton, Sue Richardson, Wheeler, Sue Barnes, Lefors and Beverly Weise of Miami at forwards.

Guards are Linda Hall, Wheeler, Martha Parish of Miami, Judy Finsterwaldt of Briscoe, Linda Coffee of Miami, Linda Blackburn of Briscoe, Dukes, Allison and Connie Richardson of Wheeler.

On the boys team are Hays, Atherton, Zybach an Puryear of Briscoe, Hunter, Dorman and Chapman of Wheeler, Moore and Bowers of Miami, Hall of Allison and Childress of Allison and Abernathy of Kelton.

Groom Splits Pair in Meet

CLARENDON (Spl)—Groom's girls advanced to a playoff game with Samnorwood next Thursday by downing them, 50-47 in the district tournament finals here Friday night.

The Groom boys fell in the meet finals to a team they had beaten twice previously, Hedley 65-47.

The Tiger girls trailed most of the contest, 13-7 after one quarter but rallied for a 31-23 halftime lead.

Samnorwood came back to lead by two, 40-38 after three periods before Groom staged another rally.

Martha Hunt led all scorers with 28 points in a winning effort and Susan Lovelace tallied 19. Perky paced Samnorwood with 21, Bentley hit 14 and Coleman 12.

Groom's boys trailed from the start and got in foul trouble early and wound up being called down 24 times for the night with Hedley fouling 11 times.

Hedley led 15-10 after one period, 32-23 at the half and 42-32 after three periods.

Jerry Roberts, the area scoring leader tallied 18 points and was the only Tiger to hit in double figures.

BIG BOUNCE

RENO, Nev. (UPI)—A check made out for \$1 million was not worth a cent.

Robert Clement turned in the check to police after he found it while cleaning a garage vacated recently by tenants. The check was drawn against the North Reno branch of the Nevada Bank of Commerce in favor of a "Ron Palmer" from the account of an engineering company. Police checked everything out and said Friday that somebody had done it "just for kicks."

RFE AWARDS

NEW YORK (UPI)—Radio Free Europe announced Friday it is offering \$500 prizes in three categories for reporting on Eastern Europe during the present year.

The prizes for outstanding reporting on Poland, Hungary, Czechoslovakia, Rumania and Bulgaria will be offered to newspapers and wire services; radio and television, and magazines.

STEEL HIKE

PITTSBURGH (UPI)—U.S. Steel Corp. said Friday it will hike the prices of carbon steel flange and firebox quality plates by \$4 a ton, effective Monday.

U.S. Steel said the products affected by the increase are used to manufacture boilers and storage tanks and represent less than three per cent of the firm's plate output. The price increase averaged less than three per cent, according to U.S. Steel.

PHS Students Gain Knowledge From Career Clinic

Pampa Daily News

SUNDAY, FEBRUARY 20, 1966

SOME 1,300 PAMPA High School students took advantage of the Eighth Annual Career Clinic Wednesday to plan their future vocations and help select the college or university they will attend.

The Career Clinic is sponsored jointly by the Altrusa Club of Pampa, the Pampa Chamber of Commerce and the Jaycees.

Mrs. D. B. Jameson, Altrusa Career Clinic chairman; Mrs. Ruby Capps, PHS counselor, and Eddie Poinac, Jaycee president, coordinated the clinic.

Consultants from 34 colleges and universities were present Tuesday evening in the high school cafeteria for workshop conferences with students and parents.

Lewis Timberlake, Austin insurance executive, gave the keynote address Wednesday morning in the Fieldhouse. Following Timberlake's address, the students went to various classrooms for roundtable discussions with more than 100 consultants from different vocations and professions.

At the conclusion of the roundtable discussions, the students filled out evaluation forms of the day's proceedings in their homerooms.

TOP LEFT — Mr. and Mrs. G. H. Altom of 2500 Charles and son Doug, a senior, discuss college plans with C. Kenneth Hill of Abilene. Hill is director of recruiting from Hardin-Simmons University Alumni Association.

TOP RIGHT — Mrs. Ruby Capps, Mrs. D. B. Jameson and Mrs. Eunice King of Amarillo discuss Career Clinic advantages. Mrs. King is director of the School of Nursing at Northwest Texas Hospital, Amarillo.

CENTER LEFT — Greg Gunter, sophomore, is filling out an evaluation form. Greg is the son of Mrs. Mary Nelle Gunter, 1940 Beech.

CENTER RIGHT — R. B. Hall Jr., director of religious activity at Wayland College, Plainview, is talking over the aspects of a religious career with Pam Martin. The

senior student is the daughter of Mr. and Mrs. J. R. Martin of 100 E. 25th St.

LOWER LEFT — Rep. Grainger McElhaney, political science consultant, and George Snell Jr., senior, discuss Snell's future. Mr. and Mrs. George Snell Sr., 2128 Christine, are the student's parents.

LOWER RIGHT — Bob Carmichael, mortician consultant, left; Lynda Colville, junior, center; and James B. Dailey, real estate consultant, right, visit during a Clinic break. Miss Colville is the daughter of Mr. and Mrs. J. L. Colville, 1824 Beech.

Sunday Passing Show

By PEGGY JO ORAMSON

THE PERSON who called an Amarillo TV station last Sunday night and had it announced that there would be no school in Pampa the following day may think he was a real comedian. Many parents, students, school officials and teachers disagree. This bit of "fun" created a lot of inconvenience and chaos. Mothers, thinking their children would not attend classes Monday morning, let them sleep late, and on learning that school would be conducted had to hurriedly get them fed and off to school. Consequently, some missed the bus, many were late and still others did not learn of the "joke" and stayed home. Teachers like a day off as well as pupils, but want to be at school when classes are being conducted. Due to the erroneous announcement, some of the teachers were late. If the practical joker who called the TV station reads this column, consider yourself lucky that you haven't been found out. You are not particularly popular with many Pampans right now. . . . Lewis Timberlake, Austin insurance executive who delivered the keynote address at Pampa High School's Eighth Annual Career Clinic Tuesday morning, concluded his talk on "How to Get the Breaks in Life" with what he thought was a successful man. Timberlake's remarks are well worth repeating and remembering. He said "I believe that a man is a success who has lived well, laughed often and loved much. Who has gained respect of intelligent men and the trust of pure women and the love of little children. Who leaves the world a better place than he found it, whether by an improved poppy, a perfect horn or a rescued soul. Who has never lacked appreciation of earth's beauty or failed to express it. Who has looked for the best in others and given them the best that he had. Whose life was an inspiration and whose memory is a benediction. Death may come early or late, it doesn't matter. The duration of life is not important, but the donation. Life is sort of funny. If you refuse to accept anything but the best, you very often get it."

THIS AFTERNOON will be socially filled for ladies of the area. Two teas are scheduled. Women of the Gray County Democratic Club are honoring Mrs. Walter (Jean) Rogers, wife of Congressman Walter Rogers, at a tea from 3 to 5:30 p.m. in the Citizen's Bank Hospitality Room. All the area women are invited to attend and take advantage of the opportunity to meet and visit with the charming honoree. Chairman of the tea is Mrs. D. V. (Lottie) Burton. Other hostesses include Mrs. Adelle Jeffries, Mrs. Buster (Helen) Carter, Mrs. Leo V. (Mary) Simpson, Mrs. Charles B. (Margaret) Guidry, Mrs. Bill (Suzy) Wilkinson, Mrs. Jimmy (Margaret) Thompson, Mrs. Wiley (Jane) Reynolds, Mrs. Jim (Faye) Terrell, Mrs. Frank (Pebble) Carter, Mrs. Paul (Hazel) Crossman and Mrs. Kirby (Aline) Hyman. . . . The Martha Washington Guest Day Tea of the Las Pampas DAR Chapter will be at 2:30 p.m. in Lovett Memorial Library. It is the first tea of the new organization and a lovely affair is anticipated. Members of the house party will wear dresses of the Martha Washington era and an outstanding DAR award will be presented with a special program for guests' enjoyment. Linda Gail Hubbard, Pampa High School Student and daughter of W. Brooks and June Hubbard, will receive the award. . . . One of the most gala events on the recent social scene was the Feb. 11 cocktail-dance given in the Starlight Room of Coronado Inn. Hosting the gay party were Fern and Johnny Hines, Frances and George Cree, Pauline and George Quible and Joyce and Chick Hickman. Many of the guests concluded the evening with a one o'clock breakfast at the hotel. Joe and Susan Humphrey, son-in-law and daughter of the George Quible's flew up from Austin for the affair and spent the remainder of the weekend before flying back late Sunday afternoon after worrying about their plane being grounded by the sudden snow storm. . . . The Luncheon-Style Show given by Twentieth Century Allegro Club last Monday in Coronado Inn was not hampered by the snowy weather. Pampa women are a hardy lot and wouldn't disappoint a group of friends who had worked long and hard on a project which furnishes support to high school students with financial needs to remain in school. The fashions were outstanding. Many of the guests wore fashions outstanding enough to serve as models.

OTIS AND EVELYN Nace are two busy and talented Pampans. Nace, local life insurance underwriter, recently received some top awards from his company and Mrs. Nace, fast becoming Pampa's most renowned writer, recently had a story accepted for publication by KMR Publications of New York City. Her best achievement lately was having her entry in a contest conducted by the "Rotarian" Magazine receive an honorable mention. The entry, "Why I'm Glad My Husband is a Rotarian," tied for sixth place in the contest in which there were 841 entries from 42 countries. . . . Mrs. Bill (Elaine) Ledbetter flew to Palo Alto, Calif., last weekend. The science text book of which she is co-author is fast reaching final publication stage and will be available for use next school year. . . . Mrs. Orby (Jane) Atkins of Kansas City has been visiting her sister Mrs. A. A. (Becky) Schuneman this past week. Mrs. Schuneman is recuperating from recent surgery. . . . Mrs. Tom (Ida) Perkins returned home last Sunday afternoon from New Orleans, La., where she was on hand for the arrival of a new granddaughter. Melissa Ann McMurry, Ann, the Perkins' daughter, and Fred McMurry are the proud parents. The McMurrys are being transferred to Chicago, Ill. by Humble Oil Co. McMurry is an industrial psychologist for Humble. . . . The New York Brass Quintet will appear at 8 o'clock next Saturday evening in Pampa Senior High Auditorium in the third performance of the current Community Concert Association. In the ten years since the players of the Quintet combined their talents into one musical force, they have completely captivated audiences throughout North America. The final performance of the concert season will be presented by the Norman Lugoff Choir on March 23. . . . Mrs. E. E. (Maxine) Ethridge left for Dallas this weekend where she will spend a week at the gift market. . . . The six Federated Women's Clubs in Pampa, Civic Culture Club, Twentieth Century Club, Twentieth Century Forum, La Cultura Club, El Pampas Club and Varietas Study Club, are making plans for a Diamond Jubilee Coffee to be held March 3. The coffee will commemorate the actual date 75 years ago that the General Federation of Women's Clubs was organized at Del Monico's in New York City. The six club presidents will serve as hostesses for the event in the home of Mrs. Kermit B. (Josephine) Lawson, who is third vice president of the Top of Texas District of Federated Clubs. A number of outstanding Federated Club Women of Pampa will be honored at the affair. . . . During the semester break last month, two Pampa students at West Texas State University were on a ten-day trip to Washington, D. C. with the Baptist Student Union. They were Cheryl Pitts, daughter of the F. D. Pitts, and Carol Peoples, daughter of the H. E. Peoples, both sophomores at WTSU.

Wedding Vows Pledged in Lake Jackson

Mrs. R. C. Parnell
... nee Miss Margaret Ann Smalley

First Methodist Church of Lake Jackson was the scene for the Feb. 5 wedding uniting Miss Margaret Ann Smalley of Lake Jackson and R. C. Parnell of Clute.

The bride is the daughter of Mr. and Mrs. Ralph E. Smalley of Lake Jackson and the bridegroom is the son of Mr. and Mrs. Joe Parnell of 1710 Duncan.

Rev. Carlos Davis officiated the double-ring rites at 6:30 p.m. before an altar appointed with a large brass floor urn filled with polished magnolia, white gladioli and white carnations. Two candelabra, entwined with magnolia and leather leaf fern, bearing white cathedral tapers, flanked the altar setting.

Mrs. Stanley K. Ross, organist, presented a program of appropriate nuptial selections and accompanied Mrs. R. E. Carter as she sang "The Lord's Prayer."

The bride's book, placed on the register table in the church foyer, was appointed with a nosegay of stephanotis and English ivy.

Escorted to the altar and given in marriage by her father, the bride wore a formal gown of candlelight gown of sole. The sculptured bodice featured a bateau neckline and brief flared sleeves etched with medallions of aleonon lace. The natural waistline was accented with a soft fabric bow at the center front and the bodice back was fastened with miniature covered buttons. The A-line skirt was given formality by a wattleau chapel-length train. Appliques of the chosen lace added to the train's back detail. The bride's shoulder-length tiered veil of illusion fell from a lace coil enhanced by silk roses with lace petals re-embroidered with seed pearls and crystals. She carried a cascading bouquet of cream butterfly roses trimmed with ivory tulle, ivory streamers and satin leaves, centered with a white cattleya orchid. Her only jewelry was a silver pendant, a gift of the bridegroom.

Bridal attendants were Mrs. Donald Bruce of Freeport, matron of honor, and Mrs. Larry

Bland of Houston, bridesmaid. Attired identically in gowns fashioned of kelly green embossed taffeta with a soft fabric bow accenting the front waist, each carried hogarth bouquets of ivory roses, tulle and leaves. Coils of round circles, matching their gowns, with green tulle veils, completed their costumes.

Irvin Parnell served his brother as bestman while Henry Snell attended as groomsman. Ushers included Randy Ferris, Jerry Parks, T. J. Tvedt Jr. and J. T. Reding.

Michael R. Smalley, the bride's brother, and Alan Korenek lit the tapers.

Guests were greeted in Wesley Hall of the church at the reception held following the pledging of vows. The bride's table was appointed with an ornate silver candelabra holding five tapers. Presiding at the punch service was Miss Rebecca Ramirez while Mrs. David Head poured the coffee. Mrs. Henry Snell served the wedding cake and Miss Jeanice Cousins attended the guest register.

Other members of the house party included Mrs. Rhoda Smith, Mrs. James Ferris, Miss Libby Snell, Miss Jo Ann Ferris and Miss Linda Streetman.

The new Mrs. Parnell donned a sheath of heather blue-green tweed, topped by a full-length coat of blue-green and white check, prior to departing on a wedding trip to Mexico City. She lifted the orchid from the bridal bouquet. The newlyweds are now at home at 500 Willow Dr., Lake Jackson.

The bride, a graduate of Alvin Junior College and Sam Houston State College, is employed as librarian at T. W. Ogg Elementary School in Clute. She is a member of Kappa Delta Pi, educational honor society, League of Women Voters, Brazosport Educational Association and Texas State Teachers Association. The bridegroom, a graduate of Texas Technological University, is a member of Phi Eta Sigma and Tau Beta Pi, engineering honor fraternities. He is employed as a chemical engineer for Ethyl Dow in Freeport.

Out-of-town wedding guests included the bridegroom's parents, Mr. and Mrs. Joe Parnell, and his brother, Irvin Parnell, all of Pampa; and the bridegroom's sister and family, Mr. and Mrs. Henry Snell and Miss Libby Snell of Kress.

PRE-NUPTIAL EVENTS

Pre-nuptial courtesies extended the bride included a miscellaneous shower given by Mmes. Gus Merchant, Donald Bruce, Don Norman and Robert C. Hill; a wedding shower hosted by Mmes. Grover Streetman, Kingdon Browning, David Head, Glenn Browning and James Ferris; a kitchen shower with Mmes. Art Giorgiolo, John Huebel and Ray Holmberg sharing hostesses duties, and a coffee honoring the bride and bridegroom given by Mrs. Jean White.

To clean a steam iron, first fill it with clear white distilled vinegar and steam for two minutes. Then let the iron stand overnight with the vinegar in the reservoir. Thoroughly rinse the iron with clean water.

Mrs. Nace, Pampa Author, Tells DKG Chapter Members 'You've Gotta Wanta'

"Any person who has the ability and fortitude to become a writer can do it along with his other work or profession," Mrs. Nace told members of Beta Delta Chapter of Delta Kappa Gamma at their meeting Feb. 12.

"But you have to want to do it," Mrs. Nace said. "The urge to write is most important."

Using as her topic "You've Gotta Wanta," the Pampa author of 150 short stories said that this is the first step in becoming a writer. She cited the frustrations faced when manuscripts are returned with rejection slips.

"A writer's life is a lonely life, and only other writers will understand," she said. "A magazine gets 200,000 manuscripts a year and uses about 60 of these. You must have patience to send out stories many times to different publishers and wait until someone accepts them."

Mrs. Nace said that "work" is the second step in achieving success as a writer. Self-imposed discipline is necessary, along with "a great deal of concentration and intense training."

She emphasized the importance of a regular schedule.

"Writing is a job like everything else," she stressed. "You must have a schedule. I did not good at all until I settled down to a regular schedule. I always write five hours a day, often eight, and sometimes twelve."

Members present included Mmes. Paul Cain, Elmer Rupp, Alvie French, Richard Gattis, Art Rohde and Hugh Shotwell.

The club meeting date is the first Friday night of each month. Mrs. J. W. Chrisler will host a dinner for auxiliary members and their husbands at the next meeting.

Con. Rogers To Be Banquet Speaker

Congressman Walter Rogers will be guest speaker at the American Business Women's Association annual Bosses Night Banquet at 7 p.m. Tuesday in Coronado Inn.

Rogers, now in his eighth term as representative from the 18th Congressional District, is widely recognized throughout the United States for his legislative leadership in such fields as communications, transportation, power, water conservation and development, and energy resources development.

Congressman Rogers is a ranking member of two important standing committees of the U. S. House of Representatives, and the Committee on Interstate and Foreign Commerce and the Committee on Interior and Insular Affairs. In addition, he serves as one of the seven House members appointed to the newly created Public Land Law Review Commission. Three very active House subcommittees are directed by Congressman Rogers.

During the 1950's Congress-

Con. Walter Rogers

ABWA banquet speaker

man Rogers blocked several attempts to jeopardize the Canadian River Project and was successful in efforts to bring a start on construction. The project constitutes the largest repayment contract ever entered into by the U. S. Bureau

of Reclamation. He is a strong advocate in Congress for full development of America's natural resources.

Rogers was born July 19, 1906, in Texarkana, Ark. The Rogers family later moved to McKinney, Texas, where he graduated from high school and entered Austin College. Upon completion of law school, Rogers became associated with the Hon. John F. Sturgeon in the practice of law in Pampa. He then established his own law office. Rogers served as city attorney of Pampa, and in 1940 was elected district attorney for the 31st Judicial District. He was elected to Congress in 1950.

A member of the Texas Bar Association, and the American Bar Association, Rogers is licensed to practice before the Supreme Court of the United States.

His wife is the former Catherine R. (Jean) Daly of Pampa. They are the parents of six children, John, Walter Jr., Susan, Thomas, Robert and Mary Catherine.

Mrs. Alvin Adams Hosts Skelly Club

SKELLYTOWN (Spl) — Skelly Club met recently in the home of Mrs. Alvin Adams in the Skelly Schafer Camp with Mrs. Alta Shaller serving as co-hostess.

During the business meeting members voted to send a gift for a sick member, Mrs. Bob Heaton, who is a patient in the Highland General Hospital.

Next club meeting will be March 1 at Schafer Club House with Mrs. R. E. McAllister and Mrs. J. M. Chapin as hostesses.

Society Meeting

The Pampa Rose Society held its regular meeting Tuesday evening in the home of Mr. and Mrs. Dan Glaxner with Mr. and Mrs. A. B. Carruth as co-hosts.

Mrs. R. E. Darsey, president, presided over the meeting with Mrs. Glaxner giving the Club Prayer. Minutes of the previous meeting were read by the secretary, Mrs. W. A. Bennick. Mrs. Carruth, year book chairman, distributed the new 1966 year books.

Mr. and Mrs. Darsey presented an outstanding program of colored movies and slides and narration of their trip in Honolulu, Hawaii, and their homeward trip by the Lurline Steamship Lines during the Christmas and New Years holidays. Their portrayal of history, customs, and life of the people in the fiftieth state was presented in a very interesting manner.

The hostesses served a plate of assorted nuts and sandwiches

Astrological Forecast

By CARROLL RIGHTER

FOR SUNDAY, FEB. 19

GENERAL TENDENCIES: This is a Sunday when it is advisable that you use every sort of compassion in all of your dealings since those about are likely to want you to do something that is annoying to you or there can be broken promises that actually are beyond the power of those with whom you have agreements to avoid.

ARIES (Mar. 21 to Apr. 19) — Although you want to be off for pleasure, there is much that requires your early going to work or school. Get right at it. You know what others require. Be strict and of great assistance to them.

Taurus (Apr. 20 to May 20) — Be sure to live the Golden Rule on this fine day will help you to avoid arguments with those who are itching to start them. Go after your "personal" aims with power. Be direct in your approach.

GEMINI (May 21 to June 21) — You have plans in the outside world that should be kept or you get into trouble later. Show that you understand what it is that others expect of you. Come through with promises made and be happy.

MOON CHILDREN (June 22 to July 21) — New suggestions and outlets are open to you, but you need to pursue them more thoroughly now. Do nothing for which others can criticize you. Show that you have a sterling character.

LEO (Jul. 22 to Aug. 21) — Use more logic and not so much intuition in dealing with others today, and don't come to any important conclusions until you have slept on them. Get at those tasks that I have said you quickly. Show courtesy, compassion.

VIRGO (Aug. 22 to Sept. 21) — If you first think over matters at hand, you know how to come to a real understanding with associates in a social way later. Avoid the light fantastic. Recreation is best when you have less serious business on your mind.

LIBRA (Sept. 22 to Oct. 21) — Much work is facing you and you should get right at it, the you would rather rest on this fine day. Take the time to assist those in distress, however. Make it a point to be generous and kind.

SCORPIO (Oct. 22 to Nov. 21) — Being with persons you like and admire at places of amusement will help you to get rid of tensions, pressures. Get into hobbies you truly enjoy. Don't neglect to do some of the entertaining yourself.

SAGITTARIUS (Nov. 22 to Dec. 21) — While you may be preparing recreation etc. that does not particularly appeal to you, go along just to keep harmony. Impress others by backing ethical ideas. Do not let yourself be pushed or browbeaten by others.

CAPRICORN (Dec. 22 to Jan. 20) — You can satisfy your desire for knowledge at lectures and services of your

and cherry tarts, with coffee during the social hour. Mr. and Mrs. Ronnie Rice and Mrs. Marion Roberts were welcomed as guests.

Members present were Dr. and Mrs. Weldon Adair and Messrs. and Mmes. Wm. A. Bennick, H. H. Boynton, A. B. Carruth, R. E. Darsey, D. A. Glaxner and Glenn Radcliff.

Claude Zeverly Is Speaker for P-TA

Claude Zeverly, reading coordinator for PESO, presented a program on "Remedial-Reading Class" to members of Woodrow Wilson P-TA. The unit met recently in the school auditorium with Mrs. Billy J. Stephens, president, presiding.

The flag ceremony was presented by Brownie Troop 41 under the leadership of Mrs. E. B. Jackson and Mrs. Carole Welch. Mrs. Ocie Stewart gave the devotional.

Past presidents, honored guests at the Founder's Day meeting, were introduced by Mrs. Stephens. Bob Parks, principal, introduced Mrs. Joe B. Davis, new reading teacher and Mrs. Dan Johnson, new sixth grade teacher.

During the business session the secretary's and treasurer's reports were heard the City Council report was given and a nominating committee, composed of Mrs. Jerry Davis, Mrs. Norman Allen and Bob Parks, was elected.

Room count was won by Mrs. Coker's second grade room with Mrs. Davis' fifth grade room taking second place.

Mrs. Stephens announced that the next meeting, to be held at 6:45 p.m. March 10, will be the unit's annual Fathers' Night.

A room visitation will precede the general session.

Refreshments were served following the meeting.

choice. Later, he with good friends. Exchange views, ideas, discuss current events. Be well-informed.

AQUARIUS (Jan. 21 to Feb. 19) — Much study into how you can increase your material welfare will see you doing just that in the near future. Plan the best week's activities intelligently. Be practical yet kindly with all.

PISCES (Feb. 20 to Mar. 20) — Gossip about socially is fine today and meeting those persons who have been difficult to reach in the recent past. Show devotion to your friends. Keep an open mind where gossip is concerned.

GENERAL TENDENCIES: New conditions of all types are present for your acceptance but you must be willing to make such changes and also moderate your surroundings in detailed expression if you are to gain the good will and acceptance of those about you.

ARIES (Mar. 21 to Apr. 19) — You are able to be more successful now if you come through with constructive and practical ideas that others will appreciate. Concentration brings them forth stably.

Taurus (Apr. 20 to May 20) — A change of attitude is required if you are to come to better understanding with those around you or with whom you deal almost daily. Get out socially in p.m. However, greater diplomacy is necessary than usually.

GEMINI (May 21 to June 21) — If you are not careful in what you say, you may upset a hornet's nest that is best left untouched. Take care of that credit affair without further procrastination. Be on time in business affairs.

MOON CHILDREN (June 22 to July 21) — Study those new suggestions given you very carefully or they will not work out to your benefit. Any correspondence is very easy to take care of now. Think before you set down to pen on paper what is in your mind.

LEO (Jul. 22 to Aug. 21) — Show others that you can keep promises in a most careful and precise manner. Be they in business or personal life. New contacts of

Panel Discusses 'American Heritage' At Sam Houston P-TA Fathers' Night

The Sam Houston Parent-Teachers Association held its annual Father's Night recently in the school auditorium. Dr. Ed Williams presided at the business session and in greeting guests and members invited everyone to return soon, especially the ladies.

Den 1, Troop 27 of the Cub Scouts presented the Flag ceremony. Dan Cockrell led the pledge of allegiance. Members of the den, under the guidance of den mother Mrs. W. A. Skoog, were Bert Casey, Paul Skoog, Clayton Robison, David Skoog, Randy Warner, Stephen Skoog, John Collier and Dan Cockrell.

Harry Paul filled in for his wife as secretary, and the treasurer's report was given by Vernon Miner. The door prize, a large loaf cake baked by Mrs. Otto Specht, was won by Preston Poole. A City Council report was made by Wes Langham. L. C. Davis, school principal, presented the budget which was approved by the members.

Hershal Wilks introduced Charles Meech, director of the Sam Houston Band. Band members dressed in black trousers

and skirts, with white shirts presented: "Commander March," "Drifting Shadows," "Lively Pele," "My Pal," featuring solist Miss David Redus, "Southern Roses," and "Chief Tomahawk." There are approximately 40 members in the Sam Houston Band this year and it is one of the most outstanding bands the school has had in many years.

Following the band performance, Mr. Wilks introduced Rev. Donald Hauck, pastor of the First Presbyterian Church. Rev. Hauck served as moderator of a panel on "American Heritage." Travis Lively, Sr. spoke on "Our Historical Heritage" and gave many interesting facts about the country's founding fathers. Dr. Williams discussed "Home Patriotism" with emphasis on parental responsibilities. Rev. Hauck spoke on "Religious Heritage" and closed the meeting with prayer.

The knickers men wore in the 1930's are back on the scene. The publication Gentlemen's Quarterly says they're being seen frequently on golf courses and ski slopes and now are headed for suburban wear. The new knickers are slimmed down versions of the old plus-fours, and come in cotton blends, corduroy, wool knit, and even silver gray leather.

Jack P. Foster, NSID
Interior Designer
1621 N. Hobart MO 4-6251

Fashions for a Young Miss

SPRING FOR MISSES — Prettier than ever are the spring fashions for little girls in the 7 to 14 sizes. Navy and white dotted swiss dress (left) with wide windowpane checks has a double ruffle of white eyelet marking the high waist. "Special days" dress of combined peach blossom pink and eyelet embroidery (right) has white eyelet, lace-edged panel in front and is tied with a pink linen sash. These were designed by Helen Lee for spring 1966.

Roman numerals are returning to watch faces. The Watchmakers of Switzerland show them in new time-keepers for milady. Also revived — the watch set in a ring.

School and You

By SUSAN LIGHT

Newspaper Enterprise Assn.

DEAR MRS. LIGHT: A most interesting column in our newspaper, "Don't Condemn System Because of One Teacher." Whom, then, are we to condemn?

We had the same experience. Funny we have all this help at taxpayers' expense, and with real fancy names, like "guidance counselor" and "psychologist." Yet, the guidance counselor chose to tell our son to give up Spanish. I thought he was hired to iron out problems and to encourage students to do better. And the psychologist examined our son's records, then gave us a tutor. Despite the tutoring, the teacher still gave us poor grades.

We called the teacher when we discovered other students were graded differently on the same test papers. He said he was going to give our boy "F" no matter what his real grade was.

We went to the superintendent, who promised to check it all out. Later he called to say he could do nothing for us. We told him this sort of thing causes dropouts, and he said then our son would be one.

Then we went to see the personnel director. He advised us to take the boy out of the class, continue with tutoring and send him to summer school.

We finally got our credit. But it cost us \$430, plus my health and the time spent going to see all these people. I forgot to say we went to the school board, too, but the members didn't

want to get involved because they have children in school. So, where is a parent to go to see that a child who is intelligent gets his education? You tell me.

—FEUDING PARENT
ANSWER: Go to the teacher first — but not with your war paint on. If you had buried the hatchet, things might have been different.

I can't condone the attitude of the teacher and superintendent. Nor yours either. Perhaps your son should have dropped Spanish as he was advised. Not all smart students have language aptitude.

"We finally got our credit," indeed. Next time let your son fight his own battles. He may do better than you, especially if he is willing to lose the war but win the peace.

Please send your school problems to Susan Light in care of this paper. While she cannot answer in this column,

ters of general interest will be swer each letter personally, let-

Lota Pounds Off

TOPS Have Meet

Lota Pounds Off Tops Club met at the Central Baptist Church Monday evening.

There was a loss of 16 pounds and a gain of three pounds reported for the week.

Reatha Ramey's group presented a skit for the group and diet refreshments were served.

Miss Riina Lagus Speaks at Annual Guest Day Tea

Members of the Twentieth Century Study Club entertained guests Tuesday afternoon in the Hospitality Room of the Citizens Bank and Trust.

The members and guests were greeted by Mrs. Don Morrison, Mrs. John Spearman and Mrs. Ralph McKinney, hostesses for the club's annual Guest Day Tea.

Mrs. Morrison introduced the guest speaker, Miss Riina Lagus, foreign exchange student from Sweden spending the year with Dr. and Mrs. Will Graham and daughter Barbara.

Miss Lagus gave a most interesting talk about Sweden. Her home is in Uppsala, Sweden which is north of Stockholm. Uppsala was the center of the historical Vikings of the 12th century and is at present a modern university city. Miss Lagus stated that her father is a lawyer and teacher and her mother is also a school teacher. Miss Lagus plans to study medicine at the University.

"Sweden's school system is very different than the United States. All students must attend school until they reach the 9th grade. Then if they are in the top twenty-five per cent of their class, they may attend High School. A preparation for attending High School may attend a Business, Trade or Technical School. The three year (See RIINA, Page 17)

'Heart of Altrusa' Program Enjoyed By Members of Altrusa Club of Pampa

"The Heart of Altrusa" was the program topic for members of Altrusa Club of Pampa when the group met Monday noon in Coronado Inn with 30 members and 4 guests present.

A large heart, bearing "Seven Keys of Unity" was displayed by Mrs. Irene Smith, program co-ordinator, Mrs. Smith introduced Mrs. Lalar Wilkerson, chairman of Altrusa Information Committee, who led the program. Those participating on the program and their "Keys" were: Miss Rosemary Lawlor, "The Key of Amity;" Mrs. Jewel Dean Lewis, "The Key of Loyalty;" Mrs. Wanda Watkins, "The Key of Talents;" Mrs. Charlene Yeager, "The Key of Reciprocity;" Mrs. Peggy Jo Ormson, "The Key of Unity;" Mrs. Lora Dunn, "The Key of Service," and Mrs. Maxine Ethridge, "The Key of Achievement."

Guests welcomed were Miss Lynn Taylor, Altrusa Girl of the Month for January; Miss Andrea Buzzard, Girl of the Month for February; Miss Charlene Gustin, Truteen Service League representative, and Miss Gail Sims, assistant Gray County home demonstration agent, guest of Miss Lou Ella Patterson.

Mrs. Libby Shotwell, president, presided over the business session at which the secretary's and treasurer's reports were read and Mrs. Georgia Mack was elected to serve as the club's representative on the Safety Project. Reports were heard on the Career Clinic, the International Tea, Council of Clubs and from the nominating committee.

Knits Are Picture-Pretty

TRAVEL COMPANIONS — Quality knits are perfect travel companions. A draped cowl neckline and softer-than-straight skirt add grace and ease to this versatile wool knit (left) which can go anywhere from sunup to sundown. Tailored for travel, the one-piece knit dress (right) is dramatically divided into separate color zones. A self-belt defines the waistline. These are Kimberly knits. Sleekly styled, projector is another ideal travel mate which helps to capture vacation memories for the traveler to enjoy over the years.

Deadlines For Sunday Editions

Deadline schedule for submitting articles to appear in the Women's Section of a Sunday edition of the Pampa Daily News follows:

Wedding Announcements — 12 noon Monday, at least one week before the wedding is solemnized. Forms are available at the Society desk.

Engagement Announcements — 12 noon Monday. Announcements accompanied with pictures are to be submitted at least six weeks prior to the wedding date and announcements without pictures submitted four weeks prior to wedding date. Forms are available at the Women's Dept.

25 and 50-year Anniversary Announcements — 12 noon Monday.

Club Reports, Birthday Parties, Recitals and other articles — One day after the event occurs. Must be submitted no later than Thursday noon to

Riina (Continued From Page 16)
High School is a preparation for the students to attend the University," she stated.

Miss Lagus described the Socialistic government of Sweden. Sweden has been neutral for over 150 years. Miss Lagus concluded her speech with a question and answer period.

Use silverware daily to prevent tarnish. Tarnish has no opportunity to form if silver is washed in hot suds promptly after meals, rinsed in hot water, and dried with a soft towel while still warm.

appear in Sunday's edition.

If the above deadlines are observed every effort will be made to publish articles designated for Sunday on that day. However space limitations may not always permit the publishing of all club reports, birthday parties, recitals and other such stories in a Sunday edition.

Jenny and Penny Hamilton Entertain At Valentine Party

A cupid theme was carried out in table and room decorations for a Valentine's Day party given for Jenny and Penny Hamilton by their mother, Mrs. Jim Hamilton III. The event was given in the Hamilton home at 1817 N. Zimmers.

Guests enjoyed a variety of games including musical chairs, who's missing?, numbers change, pin the arrow on the heart and several team races. Refreshments of Valentine cookies, ice cream and punch were served. Favors of decks of children's cards and Valentine lollipops were given each one attending.

Guests included Misses Melody Scarbrough, Lyn Quarles, Kimberly Sims, Jackie Bradley, Donna Ward, Susan Ward, Jacque Gilbert, Kelle Andrews and Mrs. Leon Ward, who assisted with the party.

Miss Lucretia Kaye Hubbard Becomes Bride of Bobby G. Ramey in Amarillo

Miss Lucretia Kaye Hubbard of Amarillo and Bobby Gene Ramey of Hereford pledged double-ring wedding vows at 7:30 o'clock the evening of Feb. 4.

The bride is the daughter of Mrs. Inez Hubbard of Amarillo, former Pampa, and the late W. L. Hubbard, Mr. and Mrs. R. L. Ramey of Hereford are the parents of the bridegroom.

Rev. Dorian Blasingame, pastor of Amarillo Hollywood Baptist Church, solemnized the rites in the Hubbard home. An arrangement of white and blue carnations was placed on the mantel and candelabra entwined with greenery in front of which the vows were pledged.

Recorded traditional wedding selections were played in the background throughout the ceremony.

M. E. Gierhart of Twitty gave his granddaughter in marriage. For her wedding the bride chose a white tulle suit accented by a white pearl pin that had belonged to her great-grandmother. She wore a diamond pendant made from her mother's engagement ring and carried a white Bible topped with an arrangement of white carnations and stephanotis. A white velvet hat with face veil and white accessories completed her attire.

Miss Linda Sue Hubbard, the bride's sister, attended as maid of honor. Miss Hubbard wore a blue wool dress accented by beige accessories and a white carnation corsage.

Best man to the bridegroom was his brother-in-law, A. W. Self of Hereford. William L.

Hubbard Jr., brother of the bride, and M. L. Gierhart Jr., of Shamrock, the bride's cousin, were candlelighters.

A reception was held immediately following the ceremony. Mrs. Kenneth Mankin, bride's cousin, served the cake, while Miss Carol Parrish of Shamrock presided at the punch bowl. Registering guests were Misses Renee and Tena Self of Hereford, nieces of the bridegroom.

Following a short wedding trip the couple is now at home at 112 Ave. H, Hereford.

The bride, a graduate of Pampa High School, attended Draughon's Business College. Prior to her marriage she was employed by Skaggs Drug in Amarillo. The bridegroom, a graduate of Hereford High School, is employed by the Texas Highway Department.

EASY DOES IT

NEW YORK (UPI) — Are Americans getting too lazy? Losing their muscle? Or just plain tired from pushing so many buttons?

The questions are prompted by a report that sales of electric knives will hit \$10 million next year. Edward P. Reavey Jr., of Hamilton Beach, who made the report, didn't mention anything about research concerning an electric spoon or fork. Some things, it seems, don't lend themselves to the motorized treatment.

Do not keep either iced or un-iced cakes frozen for longer than four months.

ESA GIRL OF THE YEAR — Mrs. Frank Maher, president of Kappa Alpha Chapter of Epsilon Sigma Alpha Sorority, was crowned as the chapter's Girl of the Year by her husband. The crowning ceremony was held Friday evening at the ESA dance at Jim's Steak House. Mrs. Maher was selected for the honor by chapter members voting on secret ballots. The Girl of the Years received an engraved charm bracelet denoting her title.

BARKER-WARNER — Mr. and Mrs. L. J. Barker of 2001 Hamilton announce the engagement and approaching marriage of their daughter, Linda, to Jerome R. Warner of Canyon. The prospective bridegroom is the son of Mrs. Everett Alleman of Burlington, Colorado and the late A. J. Warner. Vows will be solemnized March 26 in the Joseph Hill Memorial Chapel at Canyon. Miss Barker, a 1962 graduate of Pampa High School, is a mid-term graduate of West Texas State University, Canyon. She is presently teaching at Robert E. Lee Junior High School. Mr. Warner, a 1960 graduate of Bethune, Colo. High School is a senior government major at West Texas State University.

LOCKLEAR-EARLES — The engagement and approaching marriage of Miss Nina Roe Locklear of Kermit to Leon Earles, son of Mr. and Mrs. M. L. Earles of 2130 N. Nelson, is announced by Mr. and Mrs. E. C. Locklear of Kermit, parents of the bride-elect. Wedding vows will be pledged at 7:30 p.m., March 17, in the Locklear home. Miss Locklear, a 1965 graduate of Kermit High School, attended Odessa College. Mr. Earles, 1962 graduate of Pampa High School, served with the U.S. Navy on submarine duty. He is now employed in Carlsbad, N.M., by Seismograph Service Corp. of Tulsa, Okla.

Leukemia Research Center To Benefit From Performance

Plans are being completed for the benefit performance of two outstanding Dallas musicians in Pampa next month. Elizabeth Peabody, accompanied by Elizabeth Soderstrom, will sing all the numbers from the Broadway hit musical "Funny Girl". It will be the third appearance of the talented duo in Pampa.

The performance, with all proceeds from ticket sales going to the Wadley Leukemia Research Center, is scheduled for 8 p.m., Thursday, March 17, in the Starlight Room of Coronado Inn. Tickets may be secured from Mrs. James Leverich, MO 4-6549.

Arrangements for Miss Peabody's appearance are being made by a group of persons interested in assisting the leukemia research now going on at Wadley Institute in Dallas.

Members of the group are Mr. and Mrs. J. G. Morrison, Mr. and Mrs. Roy Bourland, Mr. and Mrs. James Leverich, Mrs. James W. Baldrige, Mr. and Mrs. Don Morrison and Bobby R. Carmichael.

Stop radiator cover vibration by placing a strip of adhesive latex foam rubber along the inside edges of a loose cover.

A toothpick stuck in a clove of garlic will make removing the clove easier after a dish of food has been cooked.

Coronado Inn To Be Scene of NALC District Meeting Scheduled for April

Branch 1286 of the National Association of Letter Carriers Auxiliary met recently in the Hospitality Room of Citizens Bank, following a joint installation of officers ceremony with the NALC.

Mrs. R. W. McPhillips Jr., president, presided over the session and appointed as officers, Mrs. Lawrence Hurdie, legislative chairman; Mrs. Gary Mills, year book chairman; Mrs. Marion Brown, flower chairman; Mrs. F. F. Winkleback, mistress at arms; and Mrs. June Mulinax, parliamentarian.

The president announced that the local auxiliary would be hostess for the District Meeting of NALC to be held April 16 in the Starlight Room of Coronado.

Some 250 carriers and their wives are expected to attend the meeting. Committee reports were given and discussed.

Mrs. Harold Engel and Mrs. Given Vance were welcomed into the Auxiliary as new members.

Guests welcomed were Mrs. Lynn Boyd, wife of the local postmaster, and Mrs. Doug Meader, District Three vice president.

Members attending included Mrs. F. F. Winkleback, Marion Brown, Bill Hagerman, Charles George, R. W. McPhillips Jr., T. V. Parks, Leon Pealier and Gary Mills.

Dear Abby.... Reader Asks Reprint Of Enlightening Letter

DEAR ABBY: I am almost 20, and for nearly five years I have carried one of your columns in my wallet. It is so worn I can scarcely read it, but it's done me more good than any single thing I've ever read. Please reprint it, Abby, for girls who need the advice as much today as I did then. I am enclosing the column. I am the girl who wrote the letter signed "Mother Hater."

Sincerely yours,
"WISER NOW"
April 9, 1961

Is Color TV A Complex Threat?

By AILEEN SNOODY

"Dear Abby: You will probably think I am a monster, but I am a girl of 14 and I hate my parents. Especially my mother. She is so old-fashioned it's pitiful. She wants to pick out all my clothes and tell me how to wear my hair. And I am the only girl in our crowd who doesn't wear eye make-up. She won't let me go in cars with boys. All she worries about is my reputation, and I swear I haven't done anything wrong. She is killing my chances to go with the right kids and be popular."

Don't tell me to talk it over with her because she will only give me a long lecture on this bull about how it's all for my 'own good.'

I would like to be able to tell her things, but, heck, I don't want to get killed. I hate to sneak behind her back, but I have no choice. I sure wish I had a different mother.

Mother Hater

"Dear Mother Hater: Girls your age, who feel as you do, regard all adults as the enemy. Perhaps a letter from a girl your age with a different point of view on the same subject will help you more than any advice I could offer."

DEAR ABBY: I am 14 and I think more girls my age should appreciate mothers who love them enough to care about what they do. I feel sorry for young girls my age whose mothers let them go in cars with boys, wear eye make-up and hair-dos that are too old for them.

I am not allowed to go on car dates until I am 16. My mother helps me select my clothes. I wear no make-up to school, and only a little on special occasions. My mother has lived a lot longer than I have, and I have learned from experience that when she forbids me to do something she always has a good reason for it. I am thankful that I have a mother who loves me enough to raise me right.

FOURTEEN AND LUCKY

DEAR ABBY: Why doesn't some smart jeweler design a ring to be worn by widows and divorcees to let men know that they are available? It could be some simple little band with a heart or some other symbol on it. One look at that and a man would know at once that there is no husband on the scene.

NEW IDEA

DEAR NEW: An eligible man with sufficient interest in a woman to find out whether there is a "husband on the scene" can, and will.

CONFIDENTIAL TO REVEREND F. IN TULSA: No one said it better than Harry Emerson Foedick: "Vital religion is like good music. It needs no defense, only rendition. A wrangle

ling controversy in support of religion is as if the members of the orchestra should beat the folks over the head with their violins to prove that the music is beautiful."

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

SUNDAY MORNING GRIST

From the Editorial Mill

AT A RECENT meeting of sons who paid their poll taxes, Texas editors we were privileged to listen to some shocking revelations about the operations of Washington-bureaucracy. One speaker in particular, who asked to remain anonymous, gave some disturbing testimony to the effect that "more and more doors are being closed to newspapermen on Capitol Hill." Most of the news being filtered back home through Washington correspondents is of the "handout" variety. That amounts to nothing more than propaganda favorable to the administration. "Handout" news contains only what the bureaucrats want the people to know. All of us have known that certain bureaus and departments have engaged in this practice for a long time. Now, it is becoming more general in scope. Day by day, month by month and more doors are being closed tight. This means the public gets less and less news out of their nation's capital about things that directly affect their freedom and their pocketbooks. It would seem to us that in connection with a news clampdown in Washington—now is the time for all good editors and publishers to come to the aid of their readers. Press and publishers' groups nationwide should take the bull by the horns, as the anonymous speaker suggested, and demand that government bureaus open their files to newspaper correspondents. And there was also a report at this meeting that the closed door policy is developing in our own state capital building at Austin. Newspaper readers, too, can be an effective weapon in the campaign to turn on the lights at both the national and state levels by writing to their senators and congressmen and to their state representatives and state senators, demanding that government bureaus open their files. The time has arrived to put a stop to any news blackouts on the part of government officials—national, state or local.

THE APPLECAART really has been upset in the controversy over the recent Federal court ruling that the poll tax is unconstitutional in Texas. Per-

THE GUEST PEN:

How to Change Others

By MILDRED PROGAR

Did you ever wonder how you could change people? Well, there is a formula that does work wonderfully well. . . and the only moral one that ever will work. It's a very simple one: change yourself! Quit trying to change others—change your attitude toward them. That is simple enough, isn't it? But just what does it mean? It means a great deal more than what appears at first glance. First, it means that we must give up the idea that we have control over the thinking or actions of others. We really don't. We may influence others, but we can only control ourselves. When we recognize this fact we are ready for the second step: we must accept the full responsibility for our own lives, thoughts and actions.

We can never again say "Well, so-and-so caused me to do such-and-such. . ." We must apply our minds to making our own decisions based upon what we really want and determining whether or not we can realistically attain the desire. Action from that point of self-knowledge will always bring natural consequences. . . which belong to us, no one else. We assume the full responsibility for our thoughts, decisions and actions. Now we are ready to change others.

As we realize that we control only ourselves, we recognize

that every person is subject to the same natural law—he controls only himself. Ultimately, he has no control over us either. We recognize that we do not control others and in assuming responsibility for ourselves, we allow no one control over our lives.

Instead of being caught up in arguments trying to convince others of our point of view, we spend our time defining our own true desires. We spend our mental energies on finding methods of accomplishing our goals. We no longer become embroiled in controversy and allow it to twist our own integrity. Through thought, experiment and experience we learn to apply the mental and physical discipline necessary to fulfill our desires. And we go about putting our decisions into action—really minding our own affairs—too genuinely and constructively busy to criticize others, too busy adhering to principles to let individual personalities or situations grab our attention or irritate us. When we are no longer under the mesmerizing influence of the personality problems of situations, we naturally become wiser in the use of our time, talents and efforts. . . and by living by principle we become more adept at communicating with others.

Those people who recognize and understand the same prin-

Cover Up The Truth?

Sharp Cuts In U. S. Education Budget, Proposed As President Outlines Costly International Program

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — President Johnson's proposed extension of "Great Society" education programs into the foreign field turns out to be based largely on drastic cuts in major school programs in the U.S.

Most adversely affected by these carefully-mentioned domestic curtailments would be the children of servicemen and Negroes.

They would suffer seriously reduced educational opportunities—fewer teachers, courses, books and other equipment—while considerably increased educational benefits would be made available to foreign students.

In the President's recent special message to Congress, he outlined a grandiose "international education" program to be run jointly by three agencies—Department of Health, Education & Welfare, State Department and the Agency for International Development (foreign aid). Foremost among the envisioned projects were:

Greatly expanded international exchange of teachers, students and equipment, with special emphasis on bringing foreign teachers into various aspects of the anti-poverty program. Also, federally-conducted seminars designed to attract "future foreign leaders," and educational research and demonstration projects in undeveloped nations.

Significantly, the President put no price tag on this sonorous proclaimed plan. But a tell-tale clue of its possible cost is to be found in the new budget he submitted to Congress.

There, aid for foreign educa-

ciples we understand will be of prime importance in our lives. Necessary adjustments or changes will be made. Relationships will become more meaningful and rewarding. And those whom we formerly would try to "change" no longer need to be changed. We recognize that they are what they are, where they are, because that is what they really want. If they really care to know what there is about us that is different from them, they will ask. Then we are sure that they are ready to listen to our ideas—not because we might "put them straight" but because they feel that it will be profitable for them to learn what we know.

We shall have become the examples for emulation. Our attitude will be one of living from the center of self-knowledge in honesty with others—knowing that they, from the best self-knowledge they possess, are doing likewise. The natural inequality of people will be understood for what it really is. . . natural differences. Our attitude toward the differences will have changed. . . and consequently, we will have "changed others" in the only way we ever could. . . by changing ourselves.

petrated" by the Budget Bureau with President Johnson's full knowledge and approval.

Numerous instances are cited by these educational authorities of the severe impact the loss of federal aid will have on schools in areas where federal installations are located. They point out that this problem is particularly critical at this time as school budgets are drawn up months in advance.

Among the illustrations noted are Philadelphia, which would lose \$3.25 million, cut to \$46,000 from \$3.3 million; Columbus, O., slashed to \$210,000 from \$1.8 million; Fort Worth, Tex., \$434,000 from \$1.3 million; Denver, \$210,000 from \$1.8 million.

SOCKING NEGROES — In the President's Lincoln Day message last Saturday, he stressed the progress being made in civil rights as a result of the historic law enacted by Congress last year.

Yet among the hardest hit by his proposed steep slash in domestic educational funds would be land-grant colleges—a considerable number of them Negro, that depend heavily on this aid, particularly for faculty salaries.

Federal aid for land-grant colleges was established by Congress in 1890. There are 68 of these institutions throughout the country, 16 of them predominantly Negro in enrollment or orientation. This year they are receiving \$14.4 million.

Under the President's plan that would be cut 80 per cent—to \$2.5 million.

The National Association of State Universities and Land Grant Colleges estimates this drastic axing would cost the 16 Negro beneficiaries more than \$1 million.

Such a loss, says the association, represents salaries for 100 teachers and, through them, instruction for 1,500 students, the equivalent of a 15 to 20 per cent reduction in next fall's freshman class at these schools.

In many cases, asserts the association, emergency funds won't be available because state legislatures will not be in session. The only recourse to maintaining class levels and educational standards would be to increase already-high tuition charges.

The association lists the following schools that would be hardest hit by the proposed fund cuts: Alabama Agricultural & Mechanical College; Arkansas Agricultural Mechanical & Normal College; Delaware State College; Florida Agricultural & Mechanical University; Fort Valley State College, Georgia; Kentucky State College; Southern University, Louisiana; Maryland State College; Alcorn Agricultural & Mechanical College, Mississippi; Lincoln University, Missouri; Agricultural & Technical College of North Carolina; Langston University, Oklahoma; South Carolina State College; Tennessee Agricultural & Mechanical College; Prairie View Agricultural & Mechanical College, Texas, and Virginia State College.

SPARKS — Committees in both branches of Congress are preparing to investigate the widely criticized foreign aid program. Latest to join in this

Editor:

The City of Pampa has averaged using one million eight hundred thousand gallons of water this year, on a daily basis. Now, taxpayers are being asked to vote a debt of \$1,250,000 to get six million gallons more water from the Canadian river. We pay interest, too. Already we can produce twelve million per day from the city wells. In 1955 we used some over eight million gallons of water ONE day. It was not until two years ago that we topped this use a little and again last year used a little more than the previous record in 1955.

Lead pencils have clogged our wells, and the same pencils are lowering the water in the Ogallala water bed, on which we are located. But do not fear, when those lead pencils stop figuring, the water level in our wells will still be gaining.

Let us look at two paragraphs of the CRMWA contract—Paragraph b. "During periods of scarcity when rationing is in the opinion of the Authority required, the allocation of a lesser volume than listed in article 5a, shall not affect the continuing obligation of the city to make the payments provided in this contract." (end of quote).

Now, taxpayer—read that paragraph carefully—How much can the water be cut down in rationing? IT COULD be cut to 500 gallons per day or to NOTHING. BUT—we can't pay.

Let us suppose that the Canadian river water is not the gold mine that is being pictured to us. Can the taxpayers carry a double load? If we can't, what will happen? Let us turn to another paragraph of the contract:

Under 25 a—"The Authority may stipulate water rates to be charged by the City and the City shall conform to its rates accordingly." (end quote).

This can only mean that the City Commission can NOT set water rates, though we may not at that time be getting a gallon of water from the lake. We may be using only our well water, but the Authority can take over the City water department.

Scarcity of water in the lake, or rather no water from the lake is THE reason that we must keep our wells going. Two years ago, when we were hitting six to seven million gallons a day—only 9 wells were being pumped. We have seventeen wells. Doesn't look like a water shortage, does it???

The Nation's Press

CRAZY, MAN—CRAZY (N. Y. Daily News)

We can't think of any better term than that for the guaranteed annual income scheme solemnly exposed to public ridicule by Congress and the President's 14-member National Commission on Technology, Automation and Economic Progress.

Prominent on the panel are such deep thinkers as Thomas J. (IBM) Watson Jr., Walter P. Reuther, and Anna Rosenberg Hoffman.

Yesterday's report carries a hatful of cloud-cuckoo-land do-gooder proposals, but the guaranteed income thing knocks down first prize in our opinion.

The idea is that, in any year in which U. S. family income fell below a specified sum, Pop or Mom would bill the federal government for the difference, and the Government would pay. If the floor were put at \$3,000 a year, about 35 million persons would "benefit."

You can imagine a surer way to (1) encourage millions to quit working (2) make cheating the U. S. Treasury Department a national pastime, and (3) rapidly run the buying power of the dollar down to the vanishing point?

No matter how many eminent Americans sign their names to this proposal, we think it still is as crazy as a cockroach and should be treated accordingly by Congress.

expanding scrutiny are the House Subcommittee on State Department Organization & Foreign Operations, headed by Representative Wayne Hays, D-O., and the Foreign Operations & Government Information Subcommittee, headed by Representative John Moss, D-Calif. Hays is still uncertain whether his group will hold hearings; Moss has asked all government agencies engaged in foreign aid to submit detailed reports on their activities, after which his committee will decide on the next step.

The Doctor Says:

By DR. WAYNE BRANDS ADT
Protective Face Masks
Available From 2 Firms

I have received a great many letters asking where the protective face masks I mentioned in an earlier column could be purchased. The washable, electrically heated mask is made by Carmen Commodities Corp. (2910 W. Peterson Ave., Chicago 60645) and the disposable fiber mask is made by Minnesota Mining and Manufacturing Co. (St. Paul, Minn.). Your local dealer can order one for you.

Q—Will exercise help to prevent varicose veins and spider veins? Would vitamins or minerals be helpful?

A There is no relationship between the two conditions. The cause of spider veins is not known but they are aggravated by repeated pregnancies, tight garters, tight girdles, sitting with the legs crossed or a deficiency of vitamin C.

Some authorities believe moderate exercises will help to prevent them but there is no definite proof of this. They are in no way a threat to your health and most doctors recommend masking them with cosmetics rather than trying to remove or obliterate them.

Varicose veins are one of the penalties of walking or rather standing upright. Once they have occurred neither vitamins nor exercise will cure them but they can be prevented by pacing up and down instead of just standing while waiting for a bus or when for any reason you must stand, by wiggling your toes, rocking your heels or doing other stationary exercises.

Q—I am 30 and have varicose veins. Does having a sclerosing solution injected into the veins cure the condition or just give partial relief?

A—The injection of a solution to obliterate the varicose veins is now rarely used except to close off the smaller veins leading to the larger varicosities because the relief is temporary and the procedure must be repeated from time to time. Complete removal of the veins is preferred. Some surgeons now use an electronic device to destroy such veins.

Q—My doctor is giving me Cyclex for premenstrual tension. Will it have any harmful effects?

A—This is a combination of hydrochlorothiazide (which acts as a water pill or diuretic and blood pressure reducer) and meproamate (a mild tranquilizer). When given for premenstrual tension it is not taken until the tension is first noted. In the usually prescribed dosage it is safe, but it should not be taken by anyone with liver or kidney disease and should only be taken under close medical supervision during pregnancy—but, of course, pregnancy would give temporary respite from premenstrual tension.

The Almanac

By United Press International
Today is Sunday, Feb. 20, the 51st day of 1966 with 314 to follow.

The moon is in its new phase. The morning star is Venus. The evening star is Jupiter. American operatic soprano Mary Garden was born on this day in 1877.

On this day in history: In 1792, President George Washington signed the first postal act, formally establishing the federal post office.

In 1809, the Supreme Court ruled the power of the federal government was greater than that of any individual state of the Union.

In 1962, astronaut John Glenn orbited the earth three times in a space capsule.

A thought for the day: French philosopher Voltaire: "It is better to risk saving a guilty person than to condemn an innocent one."

CAPITOL EYE:

LBJ Levels Wrath at Viet Critics

By BRUCE HUSSA
Washington Correspondent

WASHINGTON (NEA)—When President Johnson jumped on his critics again in Hawaii, he was not thinking primarily of the highly vocal New Left or even of that professional gadfly, Sen. Wayne Morse of Oregon. His principal focus right now is on the fact that he does not have the full support of the two most influential Democrats in the Senate, Senators Mike Mansfield, his majority leader, and J. W. Fulbright, chairman of the Foreign Relations Committee.

Their criticisms of the President's policies on Viet Nam are pictured in some administration circles as doing more than anything else to stiffen the resolve of Hanoi to fight on.

The argument is that Hanoi can plausibly believe that serious criticisms from such important men will ultimately have a weakening effect on the President's own resolve to prosecute the war.

Criticisms dignified by the Mansfield-Fulbright influence are thus seen as underscoring the already strongly held view in Hanoi that sooner or later the United States will tire of the conflict and get out.

Fulbright, whose private comments on present policy are said to be bitter, might be a little astonished at the tone and direction of some comment on the other side. His concern for the "human rights" of the beleaguered Vietnamese is being bracketed with his many negative votes on domestic civil rights legislation.

Mansfield's complaints against the Johnson policy are, of course, a good deal milder than Fulbright's. Yet one top government figure observed gloomily that Mansfield's critical, acid report of his recent Viet Nam trip with other senators so closely resembled an earlier Mansfield on-the-scene report that the new one might have been written without his leaving the country.

Only Hanoi can say whether the Mansfield-Fulbright objections do in fact help to persuade the Ho Chi Minh regime that the United States will have no staying power in Viet Nam.

It is plain enough, however, that the President would have things a lot easier if two such prominent leaders as Mansfield and Fulbright had both feet in his camp.

All the same, if Johnson had time to dip into history a bit he would find that his position is not altogether unique. Other presidents have had their troubles with the responsible legislative leaders of their own party.

Former President Eisenhower, in his White House memoirs, acknowledges that he and his Senate leader, William Knowland of California, differed materially on foreign issues and one or two other matters. He describes Knowland as "hyper-sensitive" in defending Senate authority and prestige.

For a few stormy days in early 1944, Franklin D. Roosevelt faced the resignation of his Senate leader, the late Alben Barkley of Kentucky. Barkley was enraged when Roosevelt vetoed a tax bill in terms the senator thought demeaning of Congress. He actually did resign but was mollified by a conciliatory presidential letter.

No leadership opposition was more stunning than that provided by the celebrated speaker of the House, Thomas Reed of Maine, at the time of the controversial U.S. assault upon the Philippines in President McKinley's first term.

Reed was so adamant in protest against U.S. war policy that he retired from the House in 1900, rather than fight on in a losing cause.

Mansfield and Fulbright plainly have plenty of company from the roster of the past. But that seems likely to bring them more comfort than it will Lyndon B. Johnson.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)
Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.
Sen. John Tower, Senate Office Bldg., Washington 25, D. C.

(STATE)
Rep. Grainger McIlhenny, Wheeler, Texas.
Sen. Grady Hazelwood, Amarillo, Texas.

Violence, Suspicion Sown Into Tragedy Ridden Town in Maine

(EDITOR'S NOTE: Violent death has struck three times in 14 months in the small town of Fort Fairfield, Maine. The effects of this violence on the townspeople is described in the following dispatch.)

By JACK HUBBARD
United Press International
FORT FAIRFIELD, Maine (UPI) — Violence has sown suspicion and fear in this potato-growing community of 6,000 near the Canadian border.

Three violent deaths in 14 months has bred a tension that belies the town's friendly face. Who among them is the killer or killers?

That question haunts—and horrifies—the people of the town.

The day after Christmas, 1964, a 14-year-old newsboy, Cyrus Everett, vanished while walking his route. His body was found nearly 4½ months later beneath a log in a swamp.

While Cyrus still was missing, Donna L. Mauch, 24, a waitress at a local hotel, was bludgeoned to death. She was killed last Feb. 24.

No One Arrested
No one ever has been arrested in connection with their deaths. Cyrus' death officially was declared accidental until a private detective was called in and said it was homicide. Officials reopened the case and it still is under investigation.

The town's third killing occurred eight days ago when housewife Rose Jane Goodwin, 31, was beaten to death with a mop handle. Her husband was arrested as a suspect.

The violence not only has made this town jittery but has turned it into a gossip mill. Rumors flow like the waters of the nearby St. John River. Most of the rumors concern Cyrus Everett's death.

His mother, Mrs. Mary Everett, said, "there have been enough rumors to write a book." Town Councilman John Beckwith said "they have been awful and vicious. I don't think anybody knows how they started."

A clergyman commented, "many of the people spreading them were looking for quick conclusions, and many of the rumors were on a moronic level."

Lotsof Rumors
A town official who asked to remain anonymous said, "there have been a lot of rumors. The police are trying to do their job, but they need public cooperation. I think there are people in this town who do know some things but won't say anything because they don't want to get involved."

An officer investigating Cyrus' death said "no matter who the suspect is, it won't please some of those people. If we arrested someone tomorrow, somebody would be disappointed."

The case would have been dropped, according to town Councilman Wilfred Cassidy, if it weren't for Otis N. La Bree, La Bree, a onetime policeman, was called in by the Town Council to investigate the boy's

death. La Bree termed it a homicide.

Le Bree's report blew the case open again. He contended that some person, or persons, placed the boy's body under the log.

Doors Tightly Locked
With the welter of rumors, doors that never used to be locked are now tightly secured. Parents know where their children are—and who is with them.

A service station attendant said, "my father keeps my kids when I'm away. I wouldn't trust anybody else."

The town has become the butt of cruel remarks. One man said, "they call us 'Sin-Town' in (nearby) Presque Isle."

John McKenney, Cyrus Everett's eighth grade teacher, said that while taking advanced courses at a state teachers college at Presque Isle, "people quizzed me every morning,

asking 'what's going to happen over there next?'"

A hotel clerk said that during a recent visit across the border to New Brunswick a man asked him "how our new indoor sport was doing."

"I asked, what was that?" the clerk said. "The guy said 'murder.'"

Le Bree said he discovered the "plot" when the Post Office Department informed him by letter that the new postmaster at Gober would be appointed on a temporary basis only.

"Checking with officials at the department, I found there was a dark plot underway to abolish the Gober Post Office within the next few months," Roberts said.

Gober has a population of 246.

Roberts tried, and failed, to get the department to promise that Gober would be allowed to keep its post office. Then he went to Postmaster General Lawrence O'Brien with his arguments that Gober people were as entitled to good postal service as any other Texans.

Thursday Roberts reported gleefully that Gober will retain its post office, "even though many fourth class post offices across the nation are being closed."

Plot to Close Post Office Uncovered

WASHINGTON (UPI)—Rep. Ray Roberts, D-Tex., said Thursday he uncovered a "dark plot" to abolish the post office at Gober, Tex. but that his intervention with the postmaster general saved the facility.

Roberts said he discovered the "plot" when the Post Office Department informed him by letter that the new postmaster at Gober would be appointed on a temporary basis only.

"Checking with officials at the department, I found there was a dark plot underway to abolish the Gober Post Office within the next few months," Roberts said.

Gober has a population of 246.

Roberts tried, and failed, to get the department to promise that Gober would be allowed to keep its post office. Then he went to Postmaster General Lawrence O'Brien with his arguments that Gober people were as entitled to good postal service as any other Texans.

Thursday Roberts reported gleefully that Gober will retain its post office, "even though many fourth class post offices across the nation are being closed."

REPORT RED BUILDUP

NEW DELHI (UPI)—Defense Minister Y. B. Chavan said Wednesday the Communist Chinese are "developing an offensive posture on the northern border" with India.

Chavan told parliament that India was taking "appropriate defense measures to meet the Chinese threat."
