## Democratic Primary Will Be Saturday, July 25

### Congressman Marvin Jones Spoke To 2,000 Tuesday Night

#### VICE-PRESIDENT GARNER ENDORSES JIMMIE ALLRED

Uvalde, July 14.—Vice-President John N. Garner broke his traditional silence on political matters here today with a brief statement endorsing Governor James V. Allred and expressing a hope that the Governor will win renomination in the first primary without the necessity of waging a run-off campaign.

The Vice-President was interviewed just before he left for a two-week fishing trip with a party of his old Uvalde cronies. "I never talk about national affairs," he said; "I leave that to the boss. But I still vote in Texas and have a right as a private citizen to my own preference."

"I don't mind the world's knowing that I think Allred has made a fine governor and I hope he is reelected in the first primary."

"Of course, I am just talking like I fish—in the capacity of a private citizen, and not as vice-president."

#### Governor Allred Delivers First Old Age Payments

Governor James V. Allred delivered the first two checks under the new Texas Old Age Assistance law to Frank Kainer, age 103, and Mrs. Anna Kainer, age 95. These two checks were for \$25.00 each. Kainers and his wife live near Weimar, Texas, where they have been residents for 65 years. Since July 1, 48,099 checks for amounts ranging from \$9.00 to \$30.00 each have been mailed to needy old people in Texas. Many other applicants will receive checks just as soon as their cases are investigated and approved.

#### NO CONTESTS IN OCHILTREE COUNTY RACES

With Interest in Local Races at a Minimum, Spotlight is Turned On District

#### Everyone Should Vote

Full Vote is Expected in County Even Though There are No Contests Locally

Ochiltree county voters will go to the polls next Saturday to cast their ballots in a Democratic primary that is unique in the history of the county and the entire state. Never before has there been a primary in this county with not a single contest for a place on the ticket.

While there is no reason for interest in county races, yet a full vote is expected, for the year 1936 will go down in history as the one of great interest in district offices. First comes the contest for State Representative from the 124th district. In this race are two Ochiltree county men, B. F. Rogers, running for reelection; and Max W. Boyer, present county attorney. From all reports this race will be close.

Then comes the contest between Senator Clint Small for re-election to the Texas state senate and Curtis Douglass of Panhandle. Small will probably carry Ochiltree county by a good safe majority and reports from over the district indicate that he will be returned to office by a big majority.

While it is not expected to be "even" close, the contest between United States Congressman Marvin Jones and John R. Miller, Berger, is going to call for an overwhelming vote of confidence and appreciation for Marvin Jones. Miller will be smothered under an avalanche of votes so heavy, he won't dig out before the next election.

The primary will be held in the twelve voting precincts of the county. The number of voting boxes was reduced by two when the Alfalfa and Crow boxes were combined, and Cedar Bluff combined with McMillen. Voting places and presiding judges are as follows:

1. Courthouse, F. L. Garrett; 2. Huntton, J. L. Hurter; 3. Lone Tree, R. H. Francis; 4. Alfalfa, Val Mc-

#### PUPIL PER CAPITA INCREASED

HIGHEST APPORTIONMENT IN HISTORY SET BY STATE BOARD OF EDUCATION ON JULY 15TH

The state board of education set an apportionment of \$19 per capita state aid to public schools for next year, the highest in history at its session in Austin July fifteenth.

The board also voted to allow \$2,000,000 next year for free textbooks.

The State Teachers Association petitioned for an apportionment as great as possible permitted under income likely next year from existing taxes, contemplating retention of a 20-cent ad valorem levy. Some had estimated it might be \$20.

The apportionment for the past school year was \$17.50. With a surplus in the school fund however, the board recently added \$1 per capita to the apportionment.

It has been estimated there will be 1,560,000 scholastics next year.

#### COUNTY SIGNS FOR SCS WORK

FEDERAL GOVERNMENT TO ENTER INTO SOIL CONSERVATION ON COOPERATIVE BASIS WITH COUNTY

At a meeting of the commissioners court last week the commissioners and County Judge Dave Shanks Ochiltree County will participate with eight other counties in this region in a long range soil conservation program on partnership basis with the Federal Government.

Under the agreement the Soil Conservation Service will furnish technical men, machinery and fuel while the county will furnish men to operate the machinery and other labor. It is understood that the government has asked for bids on ten sets of machinery to be used in the various counties.

The work in this county under the new program is expected to consist mostly of clearing fence rows and lateral roads which in many instances have been almost blocked by sand dunes. It is said that in Ochiltree County there will be 525 miles of roads to be cleared and 600 miles of fence rows. This program, says Judge Shanks, is entirely separate from the AAA program and the soil conservation work being done by the CCC camp.

Mr. and Mrs. Wallace, who have been in Perryton the past two years as district foreman of the Northern Natural Gas company, left with their household goods Monday for Meade, Kans. Mr. Wallace is with the same company but now holds a better position. His place here was taken by Clifford Beck, who has been working with Mr. Wallace. Larkin Reagan takes Mr. Beck's former work.

#### SMALL WILL BE SENATE WINNER

REPORTS FROM ALL OVER PANHANDLE ASSURE RE-ELECTION OF SENATOR BY BIG MAJORITY

Senator Clint Small will be re-elected to the Texas Senate by a substantial majority when Panhandle voters go to the polls Saturday, was the prediction here today.

A final campaign by Senator Small and friends from all over the district was expected to unite his constituency this week, with the result that voters will go to the polls with a clear conception of Small's service to the Panhandle.

Alleged misrepresentation of facts by Small's opponent had "broken under its own weight," Small supporters claimed.

It was cited, as an example, that Senator Small wrote the Moratorium bill which has since been declared unconstitutional.

Campaign manager Binford Arney produced records from the Senate Journal, second called session of the 43rd Legislature, page 399, to show

#### Moves Law Offices

Walter R. Allen Now Located in Allen Building in Second Floor Quarters

Walter R. Allen has recently moved his law offices from the Stump-Rogers building to the second floor of his own building, the lower floor of which is occupied by Buller's Highland Cafe.

In his new quarters, Mr. Allen will have much more room and will be able to better serve his clients. Attorney J. W. Payne has also moved his law offices from the Stump-Rogers building. He is now located in the telephone building. These changes were made in order to give additional room to the Perryton hospital operated by Drs. Brewer & Kengle.

#### ED WHIPPO WAS HONORED SUN.

PICNIC AND SERVICES HELD ON CREEK TO CELEBRATE HIS 75TH BIRTHDAY WAS SURPRISE

Last Sunday the Christian Church of Perryton and members and friends honored Ed Whippo with a surprise combined birthday dinner and church services. Mr. Whippo is 75 years old today, Thursday, July 23. Mr. McClure conducted the Sunday School lesson after which Rev. Griffith delivered a very forceful sermon, during which time Mr. Whippo occupied a place of honor. Miss Suzanne Sellers sang "That Silver Haired Daddy Mine."

Attorney Jack Allen paid a glowing tribute to the life of Mr. Whippo and the Whippo family, and reviewed Mr. Whippo's moving to Ochiltree county in the spring of 1887, helping to organize Ochiltree County, and hauling a great part of the lumber in the old Ochiltree County Courthouse, now the American Legion Hall, hauling same overland from Liberal, Kansas, in 1899.

He reviewed the digging of the old well by Mr. Whippo on the old Whippo homestead, six miles west of Old Ochiltree, which well was a hand dug by Mr. Whippo to a depth of 222 feet, over 100 feet of which was through rock, limestone and shale, this being the third well in Ochiltree county; the Sam Brillion well being the first and the Hart well being the second. Bob Garrett well being the second. He also gave a brilliant tribute to the life of Mrs. Luella Whippo, who has passed on to her reward.

#### Doctor Attempts Suicide

Dr. John V. Guyton, Formerly of Perryton, Slashes Throat in Tucson, Arizona

Dr. John V. Guyton, formerly practicing physician in Perryton is under guard in the Methodist Hospital, Tucson, Ariz. following an attempt to end his life Saturday. This was the second attempt within the past week, the first being in the Pima County sheriff's office the previous Thursday. Both times Dr. Guyton had slashed his throat with a razor. It is reported that he cut a three inch wound near the jugular vein.

Dr. Guyton is said to have attempted suicide following his apprehension in Pima County, Ariz. He is reported to have been a Dallas fugitive, where he recently was convicted of violation of the Federal narcotic laws.

A few weeks ago Dr. Guyton visited in Perryton and it was understood at that time he was looking for a new location. He had recently been practicing in Plainview, Texas.

#### WALKING MARATHON AUG. 22ND

UNIQUE EVENT EXPECTED TO BE OUTSTANDING FEATURE OF 17TH ANNUAL PARTY

One of the outstanding features of the 17th Anniversary celebration of Perryton on Saturday, August 22, is expected to be the Walking Marathon. Forrest C. Campbell, manager of the W. W. Virtue Dry Goods Co., is chairman of the committee that will have charge of this event.

Complete details of this contest are now being arranged but already many in this vicinity have started training. It is thought that a purse of at least \$50.00 for the winner will be given, and prizes of some kind given to practically ever entrant. An entrance fee of \$1.00 will be charged.

While the distance to be covered by the walkers has not been set, it will probably be about 12 miles. The race will be run in the morning, starting on Main Street and routed down Main Street at least once during the course, with the finish in the business district.

Raymond Wilson and Bruce Seitz, Canadian, were dinner guests Monday with their aunt and uncle, Mr. and Mrs. W. E. McMillen. Bruce left Tuesday morning for Lindrieth, New Mexico, to visit with his mother, Mrs. Ruth Thompson.

#### MANY HOSPITAL IMPROVEMENTS

Drs. Brewer & Kengle Make Decided Improvements and Provide More Room Space

Many improvements are now under way at the Perryton hospital operated by Dr. W. J. Brewer and Dr. G. L. Kengle. The new facilities will enable the staff to render a much better service in caring for the sick of this vicinity.

Four additional rooms in the east part of the building have been leased. These rooms will provide for a large reception room for visitors and patients, a laboratory, and private offices for the two doctors.

The three rooms in the north west part of the floor, formerly used for reception and private offices will be used for an operating room and two rooms for patients. A soundproof partition has been constructed just west of the stairway, thus cutting off the hospital part from the remainder of the building.

Mr. and Mrs. Earl Miller and Patsy spent Sunday in the home of his parents in Plainview. His sister, Mrs. W. P. Reed and son, Jack, accompanied them home for a week's stay before returning to their home at Snyder, Okla.

#### LZ CAMP RODEO IS NEXT WEEK

NORTHEAST PANHANDLE AMATEUR RODEO AND "NEIGHBORS' DAY" LZ RANCH ON JULY 31ST

Manager T. V. Ellzey states that the stage is all set for the big and only Northeast-Panhandle Amateur Rodeo and "Neighbors' Day" to be held at the LZ Camp on Friday, July 31. This is the feature event of the season for the Four Square Training Camp for boys and during the past few years has developed into a big entertainment affair for this section of the Southwest. Last year the attendance exceeded all records and from present indications the crowd this year will be larger than last.

As an added attraction this year Mr. Ellzey who is a member of the Perryton Lions Club, has invited the Lions of this district to assemble at the Camp on the evening of July 30. This big get-together of the Lions Club is being sponsored by the Perryton Lions Club and District.

# When Is a Person Not a Good Driver?

## WHY IS IT . . . .

BEHIND A DESK —

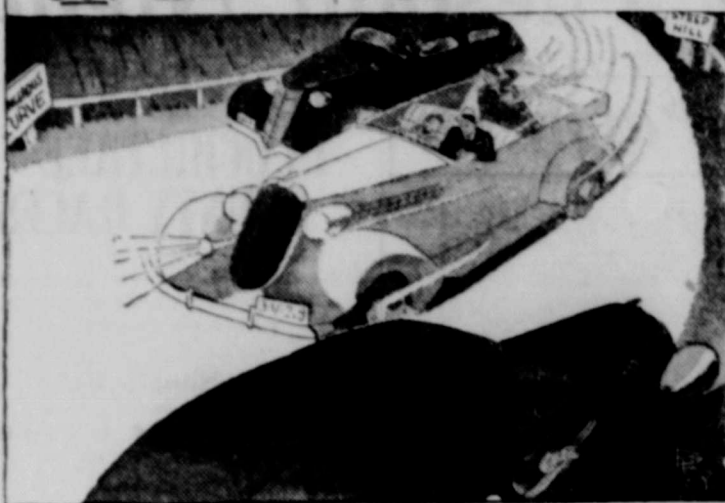

HE'S A LEVEL HEADED BUSINESS MAN

HIS FIRST CONSIDERATION

IS THE HAPPINESS AND SECURITY OF HIS FAMILY

BUT BEHIND A WHEEL . . . . .

HE GAMBLERS WITH THE LIVES OF HIS FAMILY AND EVERYONE ELSE ON THE ROAD

Traders Ins. Co. Safety Service.

A person at his desk may be the most conservative of individuals—the kind who not only considers a matter once but twice, and is likely to sleep over it, if the matter is really important. The world is full of men and women who are most considerate of the members of their families—people who constantly think of the happiness and security of those dependent upon them. The level-headed and considerate people are regarded the salt of the earth. They aren't the type who would ever get involved in an automobile accident because of carelessness or recklessness on their part.

But the level-headed person—the considerate individual—level-headed when it comes to business matters—considerate when it comes to the members of his family, the sick and

infirm, is likely to drive carelessly or recklessly when he gets out on the road. In proof of this, drivers are asked to take note of some of their fellow motorists on curves, near the top of hills, or those who cut in and out of traffic,—the drivers who rush the light or fail to slow up or stop at stop signs.

Such acts distinguish the indifferent or dangerous driver from the good driver. Not all the million drivers who were involved in accidents which killed more than 36,000 and injured around a million last year were of the so-called "smarty" type. Many of those who drove through the red light, on the wrong side of the road, passed on curves, or operated recklessly were persons otherwise level-headed and considerate.

### CHRISTIAN SCIENCE

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, July 26.

The Golden Text is: "God shall send forth his mercy and his truth" (Psalms 57:3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thus saith the Lord of Hosts: Behold I will save my people from the east country, and from the west country: And I will bring them, and they shall dwell in the midst of Jerusalem: and they shall be my people, and I will be their God, in truth and in righteousness" (Zechariah 8:7,8).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth brings the elements of liberty. No power can withstand divine Love. Whatever enslaves man is opposed to the divine government. Truth makes man free" (page 224).

## CONSERVATION BELT ENLARGED

ADDITIONAL SECTIONS OF KANSAS AND COLORADO ARE NOW UNDER AMARILLO REGION OFFICE

Boundaries of Region 6 of the Soil Conservation Service have been enlarged to include greater sections of Kansas and Colorado, it was announced here recently by H. H. Fennell, regional conservator.

The region includes parts of Texas, Oklahoma, New Mexico, Colorado and Kansas.

Twenty-five counties in western Kansas and all that territory east of the continental divide in Colorado are included in the region.

**Problems Grouped**  
Formerly only four Colorado counties and seven Kansas counties were within the boundaries of Region 6. Addition of the 18 counties in western Kansas is made to coincide with the boundaries of the Resettlement division.

Announcement of the change was received by Mr. Fennell from H. H. Bennett, chief of the Soil Conservation Service at Washington, with the approval of Secretary of Agriculture Henry Wallace.

"The purpose of the change is to get the territory rearranged to have areas of similar problems better grouped," said Mr. Fennell.

**Counties Named**

The seven counties in Kansas formerly included in the region are Gray, Meade, Haskell, Seward, Grant, Stevens, Stanton and Morton, and to these have been added Sherman, Thomas, Sheridan, Wallace, Logan, Gove, Greeley, Wichita, Scott, Lane, Ness, Hamilton, Kearny, Finney, Hodgeman, Ford and Clark.

In Colorado the territory formerly included in this region was comprised of Bent, Powers, and Baca counties and part of Las Animas County.—Amarillo News.

## AND WHOPEE" TYPIFIES F. W. SHOW

A few weeks the likeness of a rather scantily clad young woman whose brief costume is adorned with the state of Texas, mounted on an agile and onery paint pony, has become almost as familiar as the bearded brothers on coughdrop boxes or the gent with luxuriant moustacho identifying a certain brand of safety razors.

The young lady... to say nothing of the horse... is calculated to make you Fort Worth Frontier conscious. With a costume rather more attenuated than is the custom in the cow country one might gather the implication that there is truth in the press agent's assertion, "you'll see more girls and more of 'em than any time since Cabeza de Vaca barnstormed from Buffalo Bayou to El Paso." Yes, there will be girls and horses... and more girls.

To add zest to Frontier publicity the slogan, "Wild and Whopee," has been coined. This, lest one surmise that the Fort Worth affair contemplates aught save entertainment. With hundreds of communities throughout the state celebrating along historical and educational lines Fort Worth is going in for giving folks a good time... and in a big way.

# Vote For Max W. Boyer

CERTAINLY THE PEOPLE OF PERRYTON AND OCHILTREE COUNTY WHO HAVE REALLY LEARNED TO KNOW

**Max W. Boyer**  
will cast their vote for him for  
**State Representative**

WITH A GRATEFUL HEART FOR PAST FAVORS IN  
OCHILTREE COUNTY

Max Boyer asks that his home folks join with the other nine counties of the 124th District in giving him an overwhelming vote of confidence—He will make good and in future years you will be glad you voted for Boyer. A legislative office is an important office and the people of Ochiltree County should all vote.

**Boyer Has Waged a Clean Campaign. He Will Make a Good Representative**

MAX W. BOYER

The voters of the 124th District have this year an opportunity to elect to the office of State Representative a man—YOUNG ENOUGH FOR PROGRESS—OLD ENOUGH FOR JUDGMENT. Your fellow citizen, Max W. Boyer is that man. Open the doors of opportunity to this young man whose election will reflect credit upon the entire district.

## Max W. Boyer

Three times elected County Attorney of Ochiltree County offers his candidacy as State Representative for the counties of Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Hutchinson, Roberts and Hemphill.

**BOYER ADVOCATES AND WILL WORK FOR THE LOWING, IF ELECTED:**

1. Repeal of law requiring payment of any license fee to farmers for hauling products to market.
2. Amendment of Deed of Trust law of Texas so that owner of real estate at least be given personal notice for definite period of time before sale of estate can be made.
3. Payment in full of Constitutional Old Age Pensions. Revenue should be so that those who come under the terms of old age pension shall receive the full of such pension each month for the balance of their life without deductions for sums of money earned.
4. Protect the present gasoline tax refund for farmers but if possible cause it to be amended so that amount of tax refund will be deducted at time of purchase and waiting long periods for payment of refund to farmers.
5. Fair legislation for all industries of this State. No law should be passed to the detriment of any group of individuals, but should be fair to all affected by same.
6. More labor legislation should be passed in Texas. The needs of labor given proper hearing in committee rooms and by proper urging, legislation to the best of the laboring masses should be passed. A mere vote for a labor measure and diligent and respectful work in behalf of same is not enough to insure those who full benefits to which they are so justly entitled.
7. Proper legislation to insure for all ages to come that the Natural Resources of this State will be conserved.
8. Repeal of statute requiring children to pay tuition to attend any of our schools. There should be no tuition paid by residents of this State to attend schools supported by taxation.
9. Proper legislation, if necessary, for Texas to co-operate with the Federal Government in paying crop benefits to our farmers. Agriculture must remain on a basis of its interests can be protected as well as "Big Business" in America has been favored.
10. Revision of both the Civil and Criminal Procedure of Texas so that miscarriages of justice in matters of litigation will be a thing of the past.

**Max W. Boyer was raised on a farm. He is 100 percent for proper agricultural legislation.**

**You Will Never Regret You Voted For MAX W. BOYER**

## THE HERALD'S CHOICE

With the Democratic primary next Saturday, comes the question to many folks' mind, "Just who will we vote into state offices?" The Herald makes no apologies for offering it's choice. We have no political fences to build or keep in repair, we're not running for office and never expect to. We've gone carefully into the record of all the candidates for state offices and are going to vote for the men that we think are best qualified and who will best serve Ochiltree county.

Here's our slate. For United States Senator, re-elect Morris Sheppard. For Governor, re-elect James V. Allred. The next five offices on the ballot are uncontested. For State Railroad Commissioner, re-elect the Panhandle's own Ernest O. Thompson. For State Comptroller of Public Accounts, re-elect George H. Sheppard. For Commissioner of the General Land Office, John W. Hawkins. For Treasurer of the State of Texas, Garland Adair. For State Superintendent of Public Instruction, A. A. Pat Bullock. For State Commissioner of Agriculture, Cliff Day. For Congressman, 16th District, Marvin Jones. For State Senator, 31st District, Clint C. Small. This brings the list down to the 124th District Representative contest with two Ochiltree county men, B. L. Rogers and Max W. Boyer. You know them as well as we do, so vote your choice. No contests in Ochiltree county races.

## WHAT IS TRUE SUCCESS?

True success is not limited to success in money-making or getting in "Who's Who." In a sermon by Dr. John W. Holland in The Progressive Farmer we find the following thoughtful comment on the elements of true success:

"Whoever refuses to accept defeat, but keeps on keeping on, through thick and through thin, meeting each day with a smile, even though there may be little to smile at; the parents who strive, yet can't do for themselves or their children all that they desire; the good people who must temporarily accept relief, young men and women who stand knocking at doors of opportunity that do not readily open, but who do not give up—these are all successful people. They will not fear though the earth be moved."

"Whoever, uncaring whether the world cheers or jeers, will not surrender his personal ideals of moral and spiritual values nor trail his white plume of honor in the dust of animality has in him the heroic stuff out of which God's successes are fashioned. In the lowly, unnoticed stations of life, they who never allow their souls to go to sleep at the switch, however much they may seem to miss the outward goals of success, are setting the music of humanity's better march. They are successful; I salute them with honor."

## TO BE LIKED YOU MUST LIKE

I am interested in Robert Quillen's view that almost anybody of ordinary intelligence can be popular. All you have to do he explains "is to like people."

"Did you ever see a charming person with cold and unfriendly eye?" he inquires. "I am sure you haven't. Those who seem charming are the ones who seem to like you."

"As a general rule, you will find people willing to meet you half way and treat you as well as you treat them. They are willing to like you if you give no offense, and thus you begin with the seed of popularity already planted. All you need do is encourage it a little bit and let it develop by natural processes."

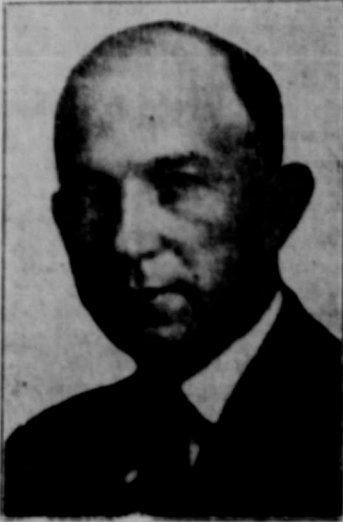

"Most people spoil things by talking too much. In thoughtless conversation with one friend they make rather catty remarks about another. And the person talked about eventually hears what was said and feels hurt. It may not make an enemy of him, but he never again will believe that you like him and never again will like you. That ends your popularity so far as he is concerned."

"Everybody wishes to be liked. And most people will repay you generously if you like them and prove it by not making nasty cracks about them."—Mason City, Ia., Globe-Gazette.

This is the time of year that the boys and girls go around the country selling magazines so they can get back to college. Anyway, that's their story.

## Senator Clint Small

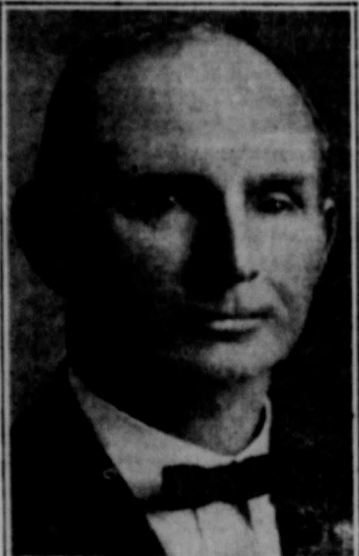

Clint C. Small has won hundreds of supporters from the camp of his opponent since the campaign started. The Senator from the 31st Texas Senatorial District has conducted a clean campaign, confining himself to discussions of his own record as a public servant and the things that he will try to accomplish if re-elected as State Senator from this district. Senator Small has offered a constructive program and in doing so has won the approval of many of the opposition who have tired of the Douglass campaign of vilification with no talk whatsoever of a platform.

## Centennial Governor

James V. Allred, now serving his first term as Governor of the State of Texas, goes into the Democratic primary on Saturday, July 25, with every indication of coming out in first place and many if his supporters predict he will get a majority in the first primary. Jimmie Allred is entitled to reelection without the need of having to make a strenuous campaign, but when it comes to campaigning, the Centennial Governor has "got what it takes" as his opponents have already found out to their sorrow and discomfort.

## George B. Terrell

George B. Terrell, Alto, Cherokee county, Texas, candidate for Commissioner of Agriculture, was a Perryton visitor last week. Mr. Terrell, who is the only candidate for state office to visit Ochiltree County in the interests of his race for office, has served his district in the Texas House of Representatives. He has also served as a member of the National House of Representatives. A number of years ago, he served the State of Texas in the office that he is now seeking. He retired voluntarily with a clean record.

## GARLAND ADAIR FOR TREASURER

ADAIR CHARGES THAT PRESENT INCUMBENT HAS OVERPARKED AT TEXAS STATE PIE COUNTER

Austin, July 22.—In a statement to the people of Texas, Garland Adair of Travis County, candidate for state treasurer, in the closing days of the primary campaign again charged Charey Lockhart, present treasurer, who is running for his fourth term, with "overparking at the public pie-counter."

"According to his own statement, Mr. Lockhart has been paid by Texas taxpayers for more than thirty years. He has been in office practically every year of his life since he became of voting age. For six years he has been treasurer and for twice that many years prior to his election he had been employed in the department. Before coming to Austin he was on the payroll of Scurry County for sixteen years. I am asking for election to the office of state treasurer not on the merits of anyone, but upon my own qualifications. But I do believe in the old time democratic gospel of giving the other fellow a chance. In kingdoms rulers reign until they die—ours is a government of the people. I urge a great turn out to the polls. May the people's will be expressed Saturday the 25th."

## Go-To College Station

Many Short Course Delegates Left Saturday For Week At A. M. Other Trips Planned

Miss Marie Ludwick, county home demonstration agent, and T. J. Stovall, county agent, accompanied the Ochiltree county cub winners and delegates to Short Course at A. & M. college, last Saturday.

This is the twenty-seventh annual Farmer's Short Course and it will be the privilege of the delegates to attend a number of interesting classes and lectures conducted by the members of the Extension Service staff directed by H. H. Williamson. In addition to the varied phases of home-making and the agriculture program, the Centennial theme will be studied in an attempt to help Texans to "know Texas."

Going from Ochiltree county were W. M. Deck, president of the local agriculture association, W. M. Truax, F. L. Hamilton, Mr. and Mrs. Lloyd Furnish, Mr. and Mrs. W. L. Herndon Jr., Jim Dodson, Mrs. Fred Huston, Mrs. Claud Crouch, Mrs. Ivan Lovett, Mrs. Lela Klem, Miss Ruth Huston, Miss Clara Copeland, Miss Lillian Williams, Miss Wilma Anderson, Miss Walden Dodson.

The local group were planning on an interesting trip both to and from College Station, which will include a visit to the Centennial grounds at Dallas and a sight seeing trip to Galveston.

## BOUNTY ON RECKLESS DRIVERS

Here is the way they deal with reckless and intoxicated drivers in Portland, Oregon.

There is a \$100 bounty on reckless drivers in Portland, where the law considers speeding reckless.

Determined to put a check on city drivers the city, cooperating with a civic accident prevention organization, enacted the bounty law recently as one phase of a wide spread traffic control program.

The ordinance provides a \$100 reward for any citizen who gives information leading to the arrest and conviction of a reckless driver. The reward has been paid twice in the short life of the new regulation, adopted in April of this year.

As another safeguard the city has obtained an agreement from major gasoline companies not to sell gasoline to intoxicated persons. The city also conducts a school where reckless drivers are taught safe driving methods.

These unique regulations ought to help in the safety first campaign. Cities might well take the idea and try it out in their own ordinances. Reckless and drinking drivers are a menace to life and property and need strict regulations to insure safety on the highways.—St. James, Minn., Watonwan Co. Plaindealer.

## ONE MILLION A YEAR

The population of Japan increased last year by 1,028,623 in a land that, even now has about 70,000,000 people living on a few small islands, which have much mountainous country.

With talk of the population of the United States becoming static and European countries worrying about the birth rate the advent of one million more Japanese a year might mean something, say about 1960.

## NEWSPAPERS IN UNITED STATES ARE DECREASING

According to a new issue of the N. W. Ayer Directory of Newspapers we find the list shows a decrease of 164 papers from the listing published a year previous. Of these deceased papers it is shown 8 were dailies and 156 weekly papers. Some of this was occasioned by consolidations, but the greatest number is attributed to suspensions.

## Col. Ernest Thompson

Col. Ernest Thompson, Amarillo, is the only man from the Panhandle to be elected to a state office. His record before entering politics has been ever upward. Entering the service during the World War, he attained the high rank of a Lieutenant-Colonel, and was the youngest man in the United States army to reach this high rank. Returning to civil life, he became a leader in the business and civic life of Amarillo, serving two terms as Mayor. He was appointed to serve out an unexpired term as a member of the Texas Railroad Commission, was elected for a full term at the end of his appointive period and is now seeking a second term at the end of his appointive period and is now seeking a second elective term at the hands of the Democratic electorate of Texas.

## DOUGLASS CLOSING WITH RADIO

CANDIDATE FOR STATE SENATE WILL SPEAK OVER KGNC AMARILLO FRIDAY AT 8:00 P. M.

Panhandle, July 22.—Curtis Douglass Attorney from Panhandle, is bringing to a close this week his campaign for state senator from the 31st senatorial district. His active speaking campaign began more than two months ago, and he has spoken in nearly every city of the Panhandle.

In addition, many business friends and attorneys have made addresses in what probably has been the most vigorously contested district office in the history of the Panhandle.

A feature of the campaign for Thursday and Friday is a motor caravan through the Panhandle. Plans are for 25 to 30 cars to make a flying trip to dozens of Panhandle cities in his behalf. Tentative plans were to spend Thursday night in Childress with a Douglass rally there that night.

The caravan will move toward home Friday and will reach Amarillo Friday night for a parade to help close the campaign. Douglass will speak over KGNC, Amarillo, from 8 to 8:45 p. m. Friday night, July 24.

Rip Van Winkle slept for 20 years, but, of course, his neighbors didn't have a radio.—Atlanta Constitution.

## Ochiltree County Will Have Legislative Representatives

Regardless of the outcome in the race between B. L. Rogers and Max W. Boyer for the Democratic nomination, it is a foregone conclusion that the next 124 district representatives will be from Ochiltree county.

B. L. ROGERS

Of course there is the remote possibility of a Republican candidate or a write-in campaign in the general election, but this is very unlikely.

B. L. Rogers, Panhandle, serving his second term as representative from this district, Representative Rogers went to the halls of Texas with a backlog of years of experience as a legislator.

MAX W. BOYER

merchant and dirt farmer. Max W. Boyer, Panhandle, serving his third term as representative from this district, was first elected in 1930. He entered this office shortly after he entered the law profession.

## B. L. Rogers For Representative Kept His Promise As To Chauffer's License For Farmers—and More Farm Trucks Now Have Half Rate License

### Performances Not Promises

Farmers and farmers' friends prefer performance to promises and are loyal to their proven friends. A few special groups may not care for this type of legislation. B. L. Rogers knows the farmers' problems. He is the first farmer-stockman, country storekeeper, ever to go to legislature from this ten county district.

As to the gas tax refund on farm used gas, Rep. A. B. Tarwater of Hale county says: "No one with sense and honesty enough to be in the legislature, would talk about agitating for any change, lest we lose it altogether. We have hard enough time keeping it without stirring the matter up."

## Rogers Offers Record

A news story printed in the Amarillo News, March 19, 1935 of the meeting called in Dalhart for a 51 county conference on soil erosion, contained this paragraph—"Mayor Ross Rogers of Amarillo telephoned a message to the meeting with reference to the bill being introduced at Austin to give county courts authority to cooperate in this program."

It is recalled that an earlier meeting had been held at Dumas, and Representative Rogers, wired from Austin his sympathetic understanding of the seriousness of the conditions and assured his intention to co-operate in every way. Telegrams and phone conversations followed, and on March 15, 1935, (House Journal page 687, Regular Session 44th) he introduced H. B. 822. A bill to be entitled;

"An Act authorizing the Commissioners court to devise means and methods to stop the drifting of soil etc." Note that this was before the meeting was held in Dalhart, but after the Dumas meeting," said Mr. Rogers and following the resolution of the Dumas meeting was an attempt to follow somewhat after the Kansas Law. However, it was thought that the Texas constitution would not permit, under the police power, what might be in Kansas, so the final law was grounded in the "Conservation of Natural Resources" section of our constitution. After many conferences, in which were Mr. Hill of Amarillo, Mr. Gelke and others.

The final draft was introduced in both houses, in the Senate as S. B. 515 by Small, in the House as H. B. 978 by Stanfield, Rogers and Tarwater, the journals of both houses show the bill introduced April 23rd. The House bill got out of the committee on Conservation and Reclamation, (of which Representative Rogers is a member) the same day, a special meeting of the committee being called for its consideration. It was called up on the floor and rule being suspended passed, after the tax remission section had been stricken by amendment. This section was put back in the bill by Senator Small when it went to the Senate, and when it returned to the House was passed, as amended, by a vote of 81 to 26, on May 4th.

### AS TO PRIORITY OF EFFORT

As far back as February, 1934 is shown in the House Journal, page 281 that Representative Rogers introduced H. B. 150, a Bill to be entitled "An Act to aid the counties of Dallam, Sherman, etc., all ten counties of the 124th were named) by releasing said counties from the payment of all ad valorem taxes levied for State purposes" and he had passed through the House at the regular session a bill for relief of purchasers of school lands in Dallam and Hartley counties.

### STAR-TELEGRAM CREDITS ROGERS

Under date of March 28th, under headline "Soil Conservator" the Star-Telegram correspondent wrote—"Representative Rogers of Ochiltree County who has taken the lead in the Texas Legislature to enact soil conservation, Rogers is completing final preparation of a bill, patterned after the Kansas law, authorizing commissioners courts to order measure taken by landowners to prevent wind erosion."

### AMARILLO NEWS EDITORIAL CREDITS ROGERS

The Amarillo News of May 1st, under head of "The Soil Erosion Bill" said editorially, "B. L. Rogers of Farnsworth, whose district is made up of the upper ten Panhandle counties, offered the first bill in the House March 15th—later the act was re-written by Senator Small in collaboration with Representatives Rogers, H. K. Stanfield of Amarillo and A. B. Tarwater of Plainview and other members from this section."

The above quotations are from reports of accredited news-men on the ground at the time of the action and are offered as against statements being made in interviews and otherwise, and especially directed to the statement made in the Dalhart Texan of June 15th. The great variance from the facts, in respect to this matter, may be taken as evidence of the credibility of the rest of the article. Some might think it more creditable for a candidate with "Five years as a Public Official, Seven years a successful Lawyer," to direct attention to his own record of achievement, in office and out, if he must attack, make sure of his facts before giving out interviews.

### SHERMAN COUNTY FARMER AND EX-COMMISSIONER IN STRONG APPEAL FOR ROGERS' RETURN

Mr. B. L. Rogers, Farnsworth, Texas.

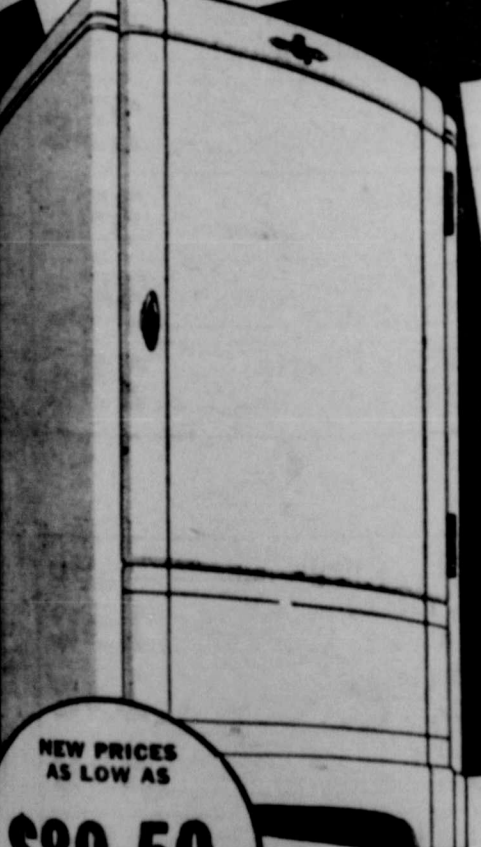

Dear Sir:  
Am anxious to see you nominated at the July primary to represent the 124th Legislative District again. The people owe it to you for your past faithful service rendered by you in that official capacity. And there is no better proof of what you will do and can do, than your valuable service rendered in the past and considering the services you have accomplished already. There is no sensible reason for the voters of the 124th District to seek a change in their District Representative at this time. Therefore, I think the voters of this District owe you their votes in a large majority and I am sure they will elect you by a large majority for their representative, July 25, as well as at the November election.

Feel our voters are too sensible to desire a change in their representative at this time and without a cause. Be assured I dedicate to you my support, and I hope and trust the voters of the 124 Representative District will show you their faith in you, and your ability to serve them well in the next election.

Hoping for your success, I remain Yours truly,  
T. F. BASKIN, Stratford, Texas.

## Two Texas Governors on Midway

ALLRED AND NEFF RELAX A BIT.—Gov. James V. Allred found a bit of time to frolic on the \$5,000,000 Midway as he helped open the Texas Centennial Exposition in Dallas. He is shown here pushing former Governor Pat Neff, now president of Baylor University, in a ricksha. Janice Jarrett, "Sweetheart of Texas," is in the other ricksha.

Miss Marie Ludwick, county home demonstration agent, who left Saturday to accompany the club delegates to Short Course at College Station, will go to her home in Paris, Texas for a two weeks vacation at the close of the Short Course.

Mr. and Mrs. Audie Conley and children, Carolyn and Gray, went to Sharon, Okla., Sunday to take Mrs. Conley's mother, Mrs. A. R. Cook, who has been visiting here two weeks.

Miss Bessie Littleton left Sunday for a two weeks vacation, which she will spend visiting with relatives in Sulphur, and other points in Oklahoma. Mrs. Dalton Pattison will assist at the W. W. Virtue dry goods during her absence.

Miss Elizabeth Richardson, who is attending business college in Dallas, came in Saturday for a week's visit with home folks. Her parents, Mr. and Mrs. J. W. Richardson met her in Amarillo.

## WORSE THAN THE INQUISITION

The Spanish inquisition, with its devices of torture, has long been considered one of the cruellest forms of punishment devised by mankind, although there is little doubt that primitive people have devised more ingenious and more tantalizing devices to inflict vengeance upon the enemies.

Americans who have heard of the rack, etc., sometimes shudder to think of the suffering that its victims endured. They rarely continue their cogitation long enough to realize that modern civilization has an instrument of torture that is inflicting greater punishment upon people than the inquisition. Nevertheless, the automobile today is the vehicle that wins the trick quite handsomely when we reflect upon the broken bones and mangled forms that strew the highways of this modern nation.

Words are inadequate to describe the horrible suffering that some victims of our modern, so-called "inevitable" and "unavoidable" accidents sustain. Bodies broken, bent double and horribly scarred, bones crushed, splintered and piecing flesh, skin and meat scarred and ground to abhorrent masses—these are by-products of speed, the mania that lures most drivers, at times to take chances.

The enormous toll of life and limb can be greatly curtailed in any city or community that wishes to do so. It is not at all an inevitable price to pay for the automobile nor are the accidents as "unavoidable" as routine jurors so often report. Back of most of the highway injuries an

investigation will reveal some regulation violated, some dare-devil assumption of risk by a driver and a callous disregard of the rights of those who try to use the highways safely.

Strict and rigid enforcement of sane traffic laws will reduce these accidents to an astonishing extent. Careless parking, speeding, recklessness on curves and in passing other vehicles, mechanical and human defects can be eliminated from the highways through a systematic drive against offenders, pushed to the limit by officers who "know nobody." So far as this newspaper is concerned it hopes to see just such a relentless pressure upon careless and wanton drivers of automobiles by State and municipal authorities.

Mr. and Mrs. J. B. Phipps, Fort Worth, and son, J. B. Jr., who works at Pampa, were in Perryton Monday and Tuesday visiting with Mrs. Phipps' sister, Mrs. J. B. Conley, and with her brothers, L. L. and L. H. Lance. They were on their way to Colorado for a vacation.

Ray Thomas returned Friday from Evansville, Ind., where he went to get a new Plymouth, which he purchased from the Holdeman Motor company.

Mrs. Wm. Youngblood and children of Fritch are visiting this week with her parents, Mr. and Mrs. H. H. Balzer.

Mr. and Mrs. H. O. Balknap announce the birth of a son on Monday, July 20.

## Rodeo Star and Mount on Chisholm Trail Reproduction

New Ford V-8's are driven over the roads day and night carrying visitors without charge.

Mr. and Mrs. Tom Denman and son returned Sunday from a three weeks vacation near Tres Piedras, New Mexico.

Charles Whippo, Amarillo, was home Saturday night and Sunday.

## International Sunday School Lesson

July 26, 1936  
STANLEY SPREADS BY  
PERSECUTION  
1:38-4:4. 1 Pet. 4:12-19  
HEROIC MARTYRDOM  
Acts 7:59

Libertines and those in sympathy with them attacked the boldness of Stephen, but to no avail. They were unable to "resist" him and the spirit by which he was moved. Stunned to the depths of confusion, they sought by argument, but they could not win. So they took a young man and beat him with rocks. With a death upon his lips, the brave martyr committed his soul to the Lord.

### DEEDS OF PERSECUTION

Acts 8:4  
The deed of stamping out the fire of Christianity, as the enemy had this violent outburst of the part of the enemies of the gospel. Like firebrands in the movement of the gospel, extended to the distant parts of the country. Those who were abroad from Jerusalem, and soon all Judea, and distant regions heard of the cross and its transgression.

They went down into Samaria. Christ. The people gave up their teachings concerning the kingdom of God, and "were baptized men and women". Idolatry was back to the shadows, and men tottered on their

throne as the sword of the Spirit was brandished with telling effect. Men and women turned from sin and became obedient to the gospel of Christ.

### III. SUFFERING AS A CHRISTIAN

1 Pet. 4:12-19  
Following the admonition to "speak as the oracles of God" (1 Pet. 4:11), the apostle Peter dwells for a time on the theme of enduring persecution as a Christian. He urges that it is no strange thing to have opposition and a fiery trial. Refining processes are essential in preparation of metals for use. The heat will only consume the dross, leaving the gold glittering and beautiful.

But persecution is no sure sign of truth. Many people are persecuted who are far from gospel standards. Unfortunately people sometimes feel that merely because they have opposition, that they are occupying solid ground. It is no great glory to die in a hangman's noose for murder. Deserved punishment is no halo for the man who has violated law. It will be no credit for anyone to go to hell. But Peter says that the endurance of persecution "as a Christian" is worthy. It is no credit to anyone to suffer for a sectarian name or the traditions or creeds of men, but to patiently endure hardships simply as a Christian is precious in the sight of heaven.

Mr. and Mrs. L. E. Stark, Amarillo, spent Saturday night and Sunday in the I. B. Stark home. Their daughter, Dalpha Clay, who has been visiting with her grandparents the past week returned to Amarillo with them.

## TRC TO DETERMINE WPA ROLL

LOCAL TRC COUNTY OFFICES WILL RECEIVE APPLICATIONS FOR WORK ON WPA PROJECTS

AUSTIN, July 20.—Texas Relief Commission offices will be open in the various counties by August 1 to receive the applications of persons desiring to be considered for Works Progress Administration jobs, Adam R. Johnson, director of the Texas Relief Commission, has announced. Upon the request of Works Progress Administration officials, the Texas Relief Commission has agreed to undertake the task of determining the need of persons who apply for WPA employment, Johnson said.

Expense of this service will be paid from federal funds. In addition to performing this service for WPA, the Texas Relief Commission will continue to sponsor surplus commodity distribution contingent upon the continued co-operation of case workers, it was explained. Applications for WPA employment or for surplus commodities will be filed and cleared through the same office.

Eligibility for WPA employment or for receipt of surplus commodities is determined upon a basis of need, Johnson explained. Although it is no longer required that a job applicant be a former relief client present need must be definitely established.

Responsibility and authority of the Texas Relief Commission extends only to the acceptance of clients' applications, and does not encom-

pass assignment of individuals to jobs. Texas Relief Commission employees examine eligibility status of applicants and refer those persons found eligible to WPA.

Johnson pointed out that certification to WPA does not necessarily mean a job is awaiting the person certified as the quota assigned to Texas will permit the absorption of only a portion of those referred to WPA offices. Unless this surplus is absorbed by private industry in the various localities of the state, these persons must remain jobless, he declared.

"For the Texas Relief Commission to perform the service of intake and referral for WPA, and to continue sponsoring the distribution of surplus commodities, we must continue to receive the cooperation of the various counties and cities," Johnson stated. "We anticipate this co-operation, however, as our work consists of making surplus commodities available to the needy and of making WPA jobs a possibility for many of the unemployed workers."

Consistent use of Herald Want Ads will bring fine results.

## Heed Swimming Hazards

State Health Officer Warns Texas Swimmers About Hazards of Accidental Drowning

Austin.—In Texas, during 1935, there were 371 deaths from accidental drowning, according to records in the State Bureau of Vital Statistics. This is an increase of 54 over the number reported for the year 1934, and an increase of 85 over the number reported for 1933.

"While water sports are the greatest of all sports during the summer season, they present certain hazards which should be heeded," said Dr. John W. Brown, Tex. Health Officer.

"Accidental drowning would not occur if each individual respected the fact that water is not man's natural element, and governed his activities in the water by standards of safety."

"Certain precautions should be taken by all swimmers:

1. Never swim alone—especially in deserted places where no rescue is available in case of an emergency.

2. Do not let young children go out in deep water even if they know how to swim, unless some older per-

son proficient in life saving, is with them.

3. Do not go in bathing directly after eating. Wait two hours before taking the plunge.

4. Do not dive in unfamiliar places until you are sure of the depth of the water and the absence of rocks.

5. Do not overtax your strength—work up gradually to a long swim by strengthening the muscles first.

6. Do not swim when fatigued.

7. Do not create a hazard for other swimmers by childish pranks and smart tricks.

"Accidental drownings, with few exceptions, occur through lack of proper safeguards or in places without adequate supervision. Take your swim in one of the approved sanitary swimming pools now available in most communities, and help reduce the deaths in Texas from drowning."

Mrs. F. B. Layton and daughter, Mrs. B. M. Gilliam and two children, Vena Mae and Barnette Jean, returned to their home in Borger Wednesday. They have been visiting since Saturday in the home of Mrs. Layton's sister, Mrs. J. W. Short.

## ED WHIPPO

(continued from page 1)

A great number of interesting historical facts were given by Mr. Allen of Mr. Whippo's life among which was his service to the pioneer families of Ochiltree County in the capacity of family doctor; his hauling the first cedar post from the Canadian River to the Plains country, and how in the early days he would sell horses to the cowboys without a dollar down payment and would take the cowboys promises to pay within six months or a year, and sighted the fact he had made many a transaction as that with the pioneer cowboy and had never lost a dollar from such a trade, and that his first loss in the selling of horses was after he began to take notes and chattel mortgages.

Another interesting fact disclosed by Mr. Allen was that Mr. Whippo's first trip to the southwest country was over land from Medicine Lodge Kansas, to the old Fort Mobette in the early spring of 1887, which trip he made in a spring wagon, and the wagon was loaded to full capacity with eggs which he bought in Medicine Lodge and sold at old Fort Mobette for a good profit; that Judge W. J. Todd, the first County Judge of Ochiltree County, and some of the cowboys from the Bar-C Ranch were at Mobette at that time and persuaded Mr. Whippo to come up and investigate Ochiltree County for a place to make his home, which he did and was so favorably impressed with it that he wrote back to Mrs. Whippo, who had stayed at Medicine Lodge that he had found the garden spot of the world, that he could plow for a whole mile without running into a stump or rock, and that he would cast his lot here.

Mrs. L. U. Teas, of Corvallis, Oregon, 30 years of age, and as spry as she was 30 years ago, and who served as the first post mistress for old Ochiltree from 1897 to 1913, and who is a sister of Mr. Whippo's was in the audience and Mr. Allen gave interesting facts concerning the postal service in the early days, among which were that the post office a great part of the time was in a dug out and that the first post office established in old Ochiltree was in a little frame building, belonging to George W. Cutter, and the Government regulations were that the office should be open at least one hour per day, three days per week.

All the Whippo children and the in-laws and grandchildren were present and enjoyed the happy occasion. At the conclusion of the services all of the Whippo children, Mrs. Ross Thurman, Mrs. Ed McMillen, Mrs. R. T. Correll, C. E. Whippo, Spencer Whippo, and Mrs. A. K. Wilson joined with their father and sang "A Wonderful Savior". They all sang but Charlie who could not sing so they made him hold the

on an inspection tour of the Ochiltree State Park and work of the Soil Conservation Service; have banquet at the Hotel Perryton and public speaking at the schoolhouse. General Chairman LaMaster appointed the following sub-chairmen: Park trip, Dave Shanks; Banquet, Jack R. Allen; Public meeting, Van W. Stewart; Lighting, C. E. Whippo; Loud Speaker, C. V. Hobbs; Reception, R. T. Shindler.

Shortly after Mr. Jones and his secretary, Hollis Scheiver, arrived at 4:00 p. m., a motorcade consisting of county and city officials and citizens of Perryton and Booker left for the park. Mr. Jones was amazed at the possibilities for the development of the Park and at the public meeting in the evening, he pledged his whole hearted cooperation in the immediate securing of a CCC camp for the Park's improvement. Dams and other work of the Soil Conservation Service were visited and details of the work explained to Mr. Jones by David E. Autry, superintendent of the SCS camp. A short stop was made at the LZ Camp, where the boys greeted the distinguished guest with rousing cheers.

Returning to Perryton an informal banquet was served at the Hotel Perryton with Jack R. Allen as master of ceremonies. Out-of-town guests from the Farnsworth, Booker, Pollett, Darrouzett, and the county were introduced. W. J. Van London, division highway engineer, was among the guests. Mr. Jones made a short talk on the accomplishments of the Roosevelt administration.

The public meeting at the school house started at eight o'clock with a concert by the Perryton high school band under the direction of W. I. Byron. Van W. Stewart presided at the meeting. Seated on the platform with the guest of honor were Mayor W. C. Bryan, who gave the invocation; Jack R. Allen who presented Mr. Jones, W. B. LaMaster and R. T. Shindler.

Marvin Jones gave a thorough accounting of the "New Deal", its financial condition and the great benefits that have come to the ordinary man through its workings. He devoted a greater part of the time

that Small voted for the bill on the final ballot after voting against an amendment which he said would "render it null and void."

Small tried to exclude the amendment, Arney said, because he knew it would cause farmers to lose the benefit of the entire bill. The fact that the bill was declared unconstitutional is proof of his technical knowledge of legal procedure—and proof that the Panhandle needs him in the Senate.

Opposition speakers have claimed that Senator Small voted against the measure.

Arney also said that the Senate Journal shows that Senator Small wrote the resolution which submitted the pension amendment to the people and that he later wrote a tax bill, passing it through the Senate, which would have provided funds for immediate payment of old age assistance.

"Senator Small has always been firm in his plea for pensions," his friends declared.

Small called attention to the Senate Journal, second called session, 1935, from which he quoted pages 331 to 347. It gives Small's omnibus tax in full, passed by a vote of 15 to 14 in the Senate, calling for a 25 to 35 per cent tax

## An Open Letter To "Home Folks"

DEAR HOME FOLKS:

I trust the voters in Perryton and over the district appreciate the circumstances that have prevented me from seeing more of them. When Mrs. Rogers' condition improved so that I could get about, I found a condition in Dalhart that needed all my time. Mr. McCarty, one time editor of the Dalhart Texan, now of the Amarillo News, has never liked my "type" as a legislator. McCarty wanted to dictate to me, even as to whom I should support as Speaker of the House when I was first elected. He strongly opposed efforts to have the "Child Labor Amendment" ratified, and when it was disclosed that he was thus writing me privately as to his opposition to the "Child Labor Amendment," the people of Dalhart who were strongly in favor of its ratification, were indignant. McCarty encouraged the young lawyer, whose card says he is "7 years a successful lawyer—5 years a public official" enter the race, and I think McCarty would have been a candidate himself if he had not been transferred to Amarillo.

Mr. Ed Bishop, who, as former secretary-manager of the Dalhart Chamber of Commerce, was closely associated with McCarty, is now in Dalhart Texan office doing all he can to defeat me. They have already thrown a lot of votes to me that otherwise would have gone to my opponent, who is a nice young fellow. Panhandle folks resent this sort of thing.

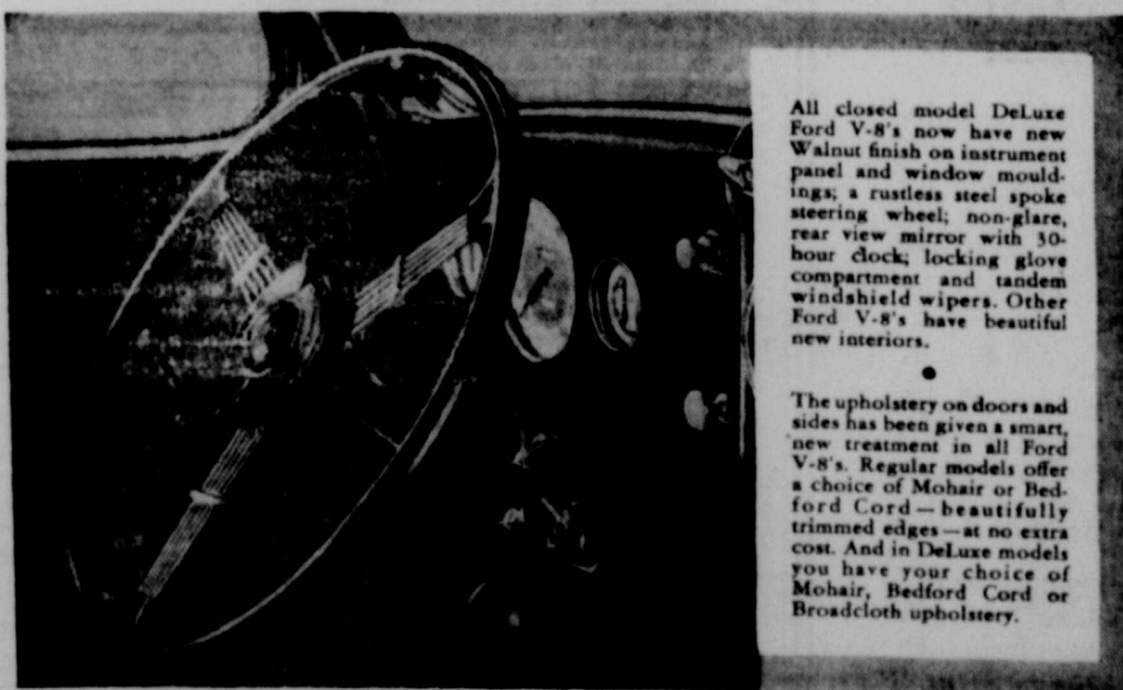

All of the special interests, or some at least, also do not like the farmer-stockman, county store-keeper "type" of legislator, are aiding my opponent, who not long ago said in print, that large expensive cards he used were presented to him by "friends." His sworn statement to the Secretary of State will no doubt show who the "friends" were. These cards were printed in Amarillo and until proven otherwise, I charge they were provided by those whose monopoly was interfered with by passage of measures which I was closely connected.

You here in Perryton and Ochiltree County know my record for the 18 years that I have lived and worked here. You also know the young lawyer who was a candidate for County Attorney six months after coming to Perryton from Oklahoma. You know his record in that office as well as mine in the Legislature. Base your vote on merit. I have not read or heard of any particular achievement accredited to my opponent as a law enforcing officer of Ochiltree County.
