Wurzbach Indicted By Texas Court, Report Says

County Owns Post Office Site, Mullican Rules

Here, There And Everywhere With Associated Press

Two Students Killed

POLAND SPRING, Me., Mch. 2.—(AP)—Two students of Wheaton college for women, at Norton, Mass., were killed today in a coasting accident during the recreation hour of the Eastern New England Student's conference here.

Plane Is Sighted

GREENSBORO, N. C., Mch. 3.—(AP)—A plane believed to be the "Captain Carranza," en route from Mexico City to Washington, was sighted over here by airport officials at 12:20 this morning. It was flying northward at high altitude over the air mail route.

Climb Through Window

WASHINGTON, Mch. 2. — (AP) — Unable to get into the White House because of the crowds about the doors and having an engagement to pay his farewell respects to President Coolidge, Admiral Charles F. Hughes, chief of naval operations, pried open a front window at the mansion today and climbed through.

Soldiers' Home Sought

WASHINGTON, Mch. 2. — (AP) — The establishment of a branch of the national home for disabled volunteer soldiers at San Antonio, was asked in a bill introduced today by Representative Wurzbach, Texas. The home would cost $3,000,000.

Pioneer Banker Dies

DALLAS, Mch. 2.—(AP)—Funeral services will be held here Monday for Royal A. Ferris, 77, Dallas pioneer banker who died today. He was stricken with pneumonia at Austin Monday.

Mrs. Sevier Re-elected

TEMPLE, Mch. 2.—(AP)—Mrs. Clara Discoll Sevier of Austin was re-elected president of the daughters of the Republic of Texas at the closing session of the 37th annual convention of the body here today.

Leader Selected

WASHINGTON, Mch. 2.—(AP)—Nicholas Longworth of Ohio and Representative J. Tilson of Connecticut, were selected unanimously today by house republicans to succeed themselves as speaker and majority floor leader in the new congress. Inasmuch as republicans will command a safe majority nomination is regarded as equivalent to election.

To Probe Shooting

GROVETON, March 2. (AP) — A grand jury will listen to testimony Monday in the death of Cleon McClain, 40, lifelong resident of this county, shot down in the courthouse yesterday. After the shooting, Ed McGaughey, another Groveton business man, surrendered.

Man Runs Amuck

SKOPLJE, Jugoslavia, March 2.(AP) An insane man, sent out of neighboring Czechoslovakia because of his condition, today whipped out a pistol while riding on the Belgrade-Skopije express and killed Inspector Savitchitch of the Jugoslav Ministry of the Interior and two Serbian soldiers. He wounded several other passengers as he fired indiscriminately before he was overpowered.

Visit Beauty Spot

CUERNAVACA, Mexico, March 2. (AP)—Speeding over 40 miles of closely guarded highway, Col. Charles A. Lindbergh and his fiancee, Miss Anne Morrow, journeyed from Mexico City today to this place of picturesque beauty and perpetual spring.

WASHINGTON, Mch. 2.—(AP)—The nomination of John H. Vickery to be United States marshal for the north district of Oklahoma was confirmed tonight by the senate.

Early Start For Construction Of Building Looms

Judge Avers Plot On Square Owned By County And Not By "The Public"; Clears Puzzling Issue

Hearing Was Held

Friendly Injunction Suit to Test Title Was Entered By Group Of Property Owners

IT is likely that, within the next few months, the breaking of ground for Lubbock's new $335,000 postoffice and federal building will be obtained, following the decision handed down here Saturday by Judge Clark M. Mullican, of the Ninety-Ninth district court, declaring the county of Lubbock to have fee simple title to the ground it had offered to the government several months ago as a site for the building.

After the county commissioners' court had voted to give the site to the government, appropriations totalling $335,000, to be used in the construction of a much needed postoffice building and one sufficiently large to house the Lubbock division of the United States district court,, northern district of Texas, were voted by congress.

The government, however, held up acceptance of the site, because of a clause contained in the original dedicatory deed to the courthouse square, of which it is the southeast corner part, stating the grounds were donated to "The public for public use," the contention being made that this was not a fee simple title. It is because of this that the acceptance has not yet been made and work started on the postoffice.

In order to clear up the title, J. A. Hodges, and others, entered a friendly suit against the county of Lubbock, and it is this suit which Judge Mullican has decided.

Because of the fact, established during the course of the trial, that the county has always exercised ab-

Neff Nomination Fails To Get O.K.

Wilbur Appointment For Judgeship Also Goes In Discard As Senate Fails To Act Favorably

(By Associated Press)

WASHINGTON, March 2.—Many nominations submittted by President Coolidge in the last days of his administration, including that of his secretary of navy, Curtis D. Wilbur, to be a federal circuit judge in California, went into the discard tonight when the senate declined to act on them.

In its last executive session, the senate disposed of a number of nominations for the judiciary and other federal offices, but those of Wilbur, former Senator Lenroot, of Wisconsin, and former Tariff Commissioner Glassie were not called up. Lenroot and Glassie also were to be members of the judiciary.

Other nominations which failed of confirmation included.

George T. McDermott, Kansas, and Orie L. Philips, New Mexico, to be members of the newly established tenth circuit court, and former Governor Pat M. Neff of Texas, to be a member of the railway board of mediation.

Seek To Close Up Congress Business

WASHINGTON, Mar. 2. (AP)—Every ounce of power at the command of its leaders was brought to bear on the seventieth congress today in an effort to complete all legislative tasks before its passage into history at noon Monday along with the Coolidge administration with which it has served.

Both the senate and house for the second consecutive night were held in session at the capitol and house leaders arranged for a meeting tomorrow—the first Sabbath session in years—to dispose of an eleventh hour deluge of bills and resolutions.

SIGNS EDGE BILL

Coolidge Okehs Measure For Canal Survey

WASHINGTON, Mch. 2—(AP)—The edge resolution providing for a survey of a route for the proposed Nicaraguan canal was signed late today by President Coolidge. The measure also calls for a study of the Panama Canal with a view to enlarging that channel.

You Should Know These Facts!

No matter what your hobby may be—regardless of the type of news in which you are most interested—you'll find it in The Sunday Avalanche-Journal, West Texas' Complete Sunday newspaper.

General news, local, sectional, state, national and worldwide; features of all kinds, news pictures and even "personal" are blended with departments bearing upon the screen, books, radio, automobiles, farm, churches, sports, society and women's news, and editorial comment.

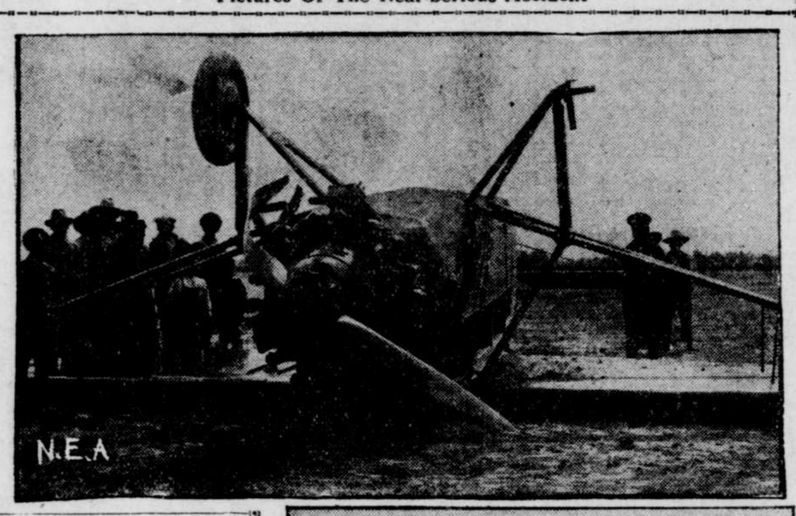

And don't forget The Western Weekly, West Texas' own magazine section, four pages of colored comics, two pages of comic strips and even a bedtime story for the kiddies!

When Lindy And Anne 'Cracked Up'!

As Death Threatened The Lone Eagle And His Fiancee Near Mexico City A Photographer For NEA Service And The Avalanche-Journal Was There; Here Are Pictures Of The Near-Serious Accident

At the top is a good view of the wrecked plane that nearly took the life of America's Lone Eagle and his fiancee, Col. Charles A. Lindbergh and Miss Anne Morrow, near Mexico City Thursday afternoon. The plane turned turtle as Lindbergh landed in it after a spin with his "best girl". Lindy received a dislocated shoulder but Miss Morrow was uninjured.

Below Col. Lindbergh is being helped into a truck near Mexico City, after receiving a dislocated shoulder when his plane, "City of Wichita", turned turtle while landing, after losing a wheel from its landing gear. His fiancee, who was in the plane with him, is already in the truck.

Five Hundred To Attend Convention In Snyder Tuesday

West-Central District Session West Texas Chamber Of Commerce To Be Large Affair

(Special To The Avalanche-Journal)

SNYDER, Mch. 2.—With about 500 visitors anticipated, plans are virtually completed for the West-Central district convention of the West Texas Chamber of Commerce to be held here Tuesday.

Towns of this district to be represented at the convention include: Best, Big Spring, Big Lake, Coahoma, Colorado, Carlsbad, Fluvanna, Gail, Hermleigh, Midland, O'Dessa, Pecos, McCamey, Seminole, Seagraves, Stanton, Sterling City, Wink, Westbrook, and Loraine. Although not included in the west-central district, delegations from the following places are expected: Lubbock, Abilene, Stamford, Sweetwater, San Angelo, Post, Haskell, Roby, Rotan, Roscoe, Lamesa, O'Donnell, and Brownfield.

Vickers Is Toastmaster

A luncheon will be given for the guests by the four local churches. Paul T. Vickers, of Midland will act as toastmaster and H. W. Stanley, El Paso, and Judge R. W. Pittman, Seminole, will make addresses. Elaborate entertainment plans have been made by this city in prepara-

Burkburnett Men Make Good Escape

WICHITA FALLS, Mar. 2. (AP)—Four men who were foiled in a daring attempt to hold up the First National bank of Burburnett yesterday apparently made their way to safety through the cordon of officers and possemen.

As Burkburnett is only a short distance from the Oklahoma-Texas boundary, it was thought probable the men raced across the line before the search for them was well organized and hid.

No trace was seen of them or their automobile after they fled from the bank.

Only the nerve of a woman customer, who ran screaming from the bank after the four bandits had lined seven officials and employes against the wall and then made them lie on the floor, prevented looting of the vault.

School Rum Orgies To Be Investigated

BRIDGETON, N. J., March 2. (AP) Stories of rum parties in hidden nooks of the Bridgeton high school building and of drinking by students between and after classes were under investigation today as a result of the alleged discovery of whiskey and gin flasks in several of the students' locker rooms.

The bottles were said to have been found in both the boys' and girls' locker rooms. Three found in the girls' room were empty, but some of those in the boys' rooms were partly filled.

The principal of the school and members of the faculty declined to state what action, if any, would be taken.

Lubbock In Ninth Place For Week's Building; City Clings To Fifth In Total Construction Work Of Season

STILL holding its own among the leading Texas cities, in point of buildiing permits, Lubbock ranked in ninth place for the week just closed, stands at fifth place for the year, and is rapidly approaching the $1,000,000 class. Of the 12 leading cities in Texas, it is interesting to note that exactly half of them are West Texas cities, namely Fort Worth, Amarillo, Pampa, Lubbock, Wichita Falls and San Angelo.

Fort Worth holds to third place for the week and fourth for the year, with Amarillo during the week being at fifth place, Pampa at eighth and Lubbock ninth.

Saturday's permits here were for $7,750, being for two residences, as follows: L. O. Holley, 2117 Twentieth Street, five room brick veneer residence, $3,500, W. A. Perry, contractor. J. S. McComb, 2114 Twenty-Third Street, six room brick veneer residence, $4,250, V. A. Turner, contractor. Total permits the first two days of March are $21,300, for the week, $68,590, the year's grand total being $785,690.

DALLAS, Mar. 2. (AP)—Houston's building campaign for the first two months of 1929 soared past the four million mark during the past week, when $678,874 in permits were issued. Construction in Houston has more than doubled that of any other Texas city since the first of the year. Following are totals of leading cities for the week and year:

City	Week	Year
Houston	$678,874	$4,208,790
San Antonio	399,356	2,261,688
Fort Worth	164,677	1,201,576
Corpus Christi	116,206	386,241
Amarillo	113,429	
Beaumont	89,722	634,472
Dallas	85,675	1,374,610
Pampa	77,200	369,400
Lubbock	68,590	785,690
Wichita Falls	37,575	266,433
San Angelo	24,279	324,663
Corsicana	1,800	61,000

CONGRESS ON SUNDAY

WASHINGTON, March 2, (AP)—For the first time in recent years both houses of congress will be in session on Sunday, the senate late tonight deciding to follow the decision reached earlier in the day by the house and meet tomorrow morning for consideration of general legislation.

How A President Spends His Last Day As Chief Executive

WASHINGTON, March 2. (AP)—The last work day in the White House for Calvin Coolidge was just that, a day of patient, persistent work.

It was late in an afternoon sodden gray with snow and rain when he turned at last from his desk to gather the men and women of his cabinet family about him at a dinner and bid them farewell.

But his plans to spend the Saturday hours, which for Mr. Coolidge as president have been almost invariably longer than those of other working days, clearing his executive desk of prodding last minute tasks, failed to reckon uith the esteem in which men hold him. They came thronging over the wet streets to gather 553 strong for a place in the handshaking line at the noon hour. It was the largest group of these plain folk, without claim to special privilege or the will to do more than clasp his hand and wish him God Speed that Mr. Coolidge has been called upon in many months to greet.

Since he came first to the White House to take up the duties thrust on him by President Harding's death, Mr. Coolidge has felt keenly that this daily round of hand shaking contact with the humbler folk of the nation is a privilege of the presidency, not a distasteful necessity of public life. He has said that it has meant something more than a mere gesture of democracy to him. It was to this last day, a pleasure to him.

Washington Astir With Visitors To Inauguration Fete

Prospect Of Rainy Weather Fails To Put Damper On Spirits Of Large Crowds Attending Affair

Many see Coolidge

'Cal' Busy At Work On Last Business Day Of His Regime; Many Arrive To Tender Respects

By JAMES L. WILLIAMS
Associated Press Staff Writer

WASHINGTON, Mch. 2.—A drizzling rain, flecked at times with large flakes of snow, whipped the faces of the additional thousands who poured into Washington today to witness the inauguration of Herbert Hoover as president.

It dripped from the flags and bunting flying in the March winds; soaked the reviewing stands lining Pennsylvania Avenue, drove indoors the souvenir peddlers, and made of the capitol a city of scurrying umbrellas. But it did not discourage those who have prepared for Mr. Hoover one of the most imposing inaugural programs of recent years.

The rain began falling during the night and forebodings of visitors who feared it might rain on Monday, inauguration day, were partly supported by the weather bureau. The official forecast said rain was "probable" Monday morning, but hope was contained in unofficial predictions that the skies might clear before noon. This hope was furthered when the sun peeped through the clouds late today. Fair weather would quickly dry the big wooden stands and permit the tens of thousands anxious to view the inaugural parade to sit in comfort as the long procession passes.

Mammoth Crowds Coming

Regardless of the weather there is no doubt about the size of the crowds which have descended on the city to see a change in the government take place. Special trains

Party Given For Dawes In Senate

WASHINGTON, Mar. 2. (AP)—The Senate held a surprise farewell party today for Vice-President Charles G. Dawes, who Monday turns over his office to Charles Curtis, veteran of its own fold.

Pausing in the busy closing hours, the senate gathered almost its whole membership to the floor by a prearranged signal in mid-afternoon, heard tributes to Mr. Dawes and then presented him a silver tray.

Twice the members arose and applauded as Senator Robinson, democrat, and Senator Moses, republican, spoke warm eulogies and farewells. Obviously moved Dawes wouldn't trust himself to respond. He had the clerk read his thanks as he bashfully sank back in his seat.

Horton Assessed 35 Years In Pen

AMARILLO, March 2. (AP) — H. Troy Horton today was convicted of murder for the fatal shooting of his divorced wife, here last October 29, and sentenced to 33 years.

The jury reached a verdict after 43 hours deliberation.

The verdict indicated that the jurors placed little credence in Horton's plea of insanity, although the accused man had claimed his mind had been deranged because of his wife's infidelity during the last nine years.

EAKER FORCED DOWN

Plane Comes Down Near Midland, Texas

MIDLAND, March 2. (AP)—Captain Ira Eaker, forced down here today in the plane in which he hopes to make a dawn to dusk flight between Brownsville, and Panama, hopes to resume his flight to Brownsville early tomorrow afternoon. A telegram from Kelly field, San Antonio, tonight said the relief ship to be sent here from that field to assist in repairing Capt. Eaker's plane, could not start until dawn Sunday. Eaker was forced down by a faulty gasoline line.

WHIPPING POST LOSES

JEFFERSON CITY, Mo., March 2 (AP)—The whipping post bill, designed by its author, Representative Putnam, as a curb to bootleggers, went down to defeat in the Missouri house today. The vote was 37 to 21.

Death Claims Plains Pioneer

John M. Witt, 67, died at 10:30 o'clock Saturday night, at his home, 1814 Eighth street, another of the pioneer citizens of the Plains to be taken during the past few weeks. He came to the Plains in 1890, settling at Old Emma, in Crosby county, opening and operating the first mercantile establishment of that town. For the past 25 years he has been engaged in the nursery business and moved to Lubbock in 1914, where he had lived ever since.

Survivors, besides his widow, are, four sons, Guy M., J. Lowell and Jim Witt, of Lubbock, and Joe F. Witt, of Amarillo; four daughters, Miss Josephine Witt and Mrs. C. H. Tubbs, of Lubbock; Mrs. Carl Hill, of Amarillo, and Mrs. J. J. Spikes, of Ralls.

Funeral services will be held from the First Baptist church at 3:30 o'clock this afternoon, Rev. W. R. White, pastor, officiating. Burial will be in the Lubbock cemetery under direction of Bynum Brothers.

Thompson To Quit Tech Board, Ired Over Moody Veto

Panhandle Delegation Will Storm Austin On Monday, Protesting "Thumbs Down" Action of Moody

(By Associated Press)

AMARILLO, Mch. 2.—Col. Ernest Thompson of this city announced tonight that he would resign from the board of trustees of Technological college because he disagreed with Governor Dan Moody's action in vetoing the Small riverbed land bill. Thompson was appointed to the post by the governor.

"I find it impossible to agree with your action in the veto of the bill, and therefore cannot be in accord and feel that I should resign when I am no loonger able to support you in your action." Col. Thompson's letter of resignation said. Thompson said the letter would be handed to the governor Monday when a large delegation from the Panhandle plans to visit Austin in an effort to pass the bill over the governor's veto.

Steamer Reported Fast Against Reef

PROVIDENCE, R. I., Mch. 2.—(AP)—The steamer Richard Peck, bound from this city to New York with 75 passengers and freight aboard, went aground in Narragansset Bay tonight during a raging snow storm. Although her location is not known, she is believed to be fast on Conanicut Island.

She carries a crew of 81.

Three patrol boats and the destroyer Patterson have been dispatched to her assistance from New London after a radio appeal for aid.

TEXANS IN ATLANTA

Spend Seven Hours, See Stone Mountain

ATLANTA, Mar. 2. (AP)—A party of some 200 Texans en route in a special train to Washington for the presidential inauguration, spent seven hours here today.

Arriving shortly after 8 a. m., the Texans, wearing for the most part big hats and other cowboy accoutrements, visited Mayor I. N. Ragsdale and then went sightseeing.

At a luncheon in the visitors' honor Dr. J. D. Sandefer, president of Simmons University, Abilene, thanked Atlanta for the welcome. The Simmons cowboy band gave a concert before the party entrained for Washington at 3 p. m.

Villages Menaced By Raging Waters

ATLANTA, Ga., March 2. (AP) — Nearly a week of high water in Georgia was climaxed today by the concentration of the murky currents in the Flint rivery valley, where two villages were threatened with inundation.

Albany, safely elevated above the 100 mile flood filled stretch of the Flint in southwest Georgia,, stood by, ready to aid stricken neighbors, while the Red Cross issued a warning to the 400 residents of the town of Newton, 30 miles south, to evacuate.

Meanwhile the Atlanta weather bureau warned West Bainbridge, still further south, that a 32-foot stage might be expected Monday.

Violation Of Law In Contributions To Campaign Held

Charges Returned By Federal Court At Waco; Texas' Only Republican Representative Ready

Donations Listed

Five Contributions By Government Employes Are Cited As Basis For Returning Court Charge

WASHINGTON, Mch. 2.—Representative Harry M. Wurzbach, only republican in congress from Texas, announced today that he had been unofficially informed that an indictment had been returned against him at Waco, alleging violation of the corrupt practices act.

Wurzbach said the charges evidently involved contributions to his primary campaigns of 1024 and 1926 by five federal employes which R. B. Creager, republican national committeeman from Texas, recently testified to before the senate patronage inquiry.

He denied any violation of the corrupt practices act was involved claiming this law did not apply to primary campaigns. In addition he said, the contributions were made voluntarily and the names of the donors and the amounts were submitted to the secretary of state of Texas in compliance with the state law.

Charges Conspiracy

Wurzbach said that Creager and Hartman were his political enemies and charged that the indictment was not only an effort to besmirch his character, but an effort to influence congress in his contest of the election of Augustus McCloskey of San Antonio to Wurzbach's seat. McCloskey now is under indictment in Texasu courts for alleged alteration of election returns, but was acquitted when tried on the first of five indictments of this nature this week.

Wurzbach listed contributions he believed might be involved in the Waco indictment. He said one contribution of $100 was received from

Legality Of Tax Payments Studied

County Commissioners On Solution To Settlement Legality Made In County; Bean Goes To Austin

Legality of a settlement, made in 1928 by the then county attorney, L. A. Howard to the Commissioners court of Lubbock county and arising from contracts entered into in 1925 and 1926 between Mr. Howard and the court for collection of delinquent taxes, will be ruled upon by Attorney-General Claude Pollard this week, County Judge Robert H. Bean announced Saturday afternoon.

Judge Bean left yesterday afternoon for Austin where he will lay the matter before the attorney-general for an opinion. While in the captital city Judge Bean will also attend to other business matters for the county.

One Settlement Made

Question of the legality of payments made Mr. Howard for delinquent tax collections following his taking over the county attorney's of-

The Weather

WEST TEXAS: Partly cloudy, colder in north portion Sunday, Monday probably fair, colder. Local temperatures: maximum, 69, minimum 29.

Postoffice

(Continued from Page One)

olute control over the portion of the courthouse square offered as a site, refusing to allow its use by the public for any occasion, since the original dedication was made, proof of fee simple title was made, the court declared. For many years the southeast corner of the square was fenced in. Even upon that part of the square upon which public meetings have been held, permission has always been granted by the commissioner's court.

Judge Mullican's decision, in part, reads: "It is ordered, adjudged and decreed by the court that Lubbock county, a body politic and one of the regularly organized and created counties under the laws of the state of Texas, do have and recover —both the title and possession of —that particular portion of the land and premises herein adjudged and decreed to Lubbock county in fee simple, being a part of what is referred to in the dedication deed executed by F. E. Wheelock and W. E. Rayner on January 15, 1891, recorded in Vol. 5, page 386, Deed Records of Lubbock county, Texas, as "the public square,"—and that the defendant, Lubbock county, do have and recover of and from all plaintiffs herein, as well as all persons, property owners and tax payers similarly situated as they are, as well as against the defendant, Lubbock county, city of Lubbock, both the title and possession of the above described tract of land in fee simple, and said defendant, Lubbock county, be and it is forever quieted in both the title and possession of the above described land and premises, and it shall henceforth own and hold and be vested with fee simple title in and to the aforesaid described premises, free and clear of any character of claim upon the part of the defendant, city of Lubbock, or the plaintiffs herein . . . to demand or insist in any manner that said property is charged or shall hereinafter be charged with any character of right upon the part of said defendant . . . to demand that said property be devoted to any character of public use or other uses inconsistent with or antagonistic to the absolute and unconditional fee simple ownership of Lubbock county, its successors and assigns, in fee simple to use and hold said property in fee simple without reservations or restrictions of any nature, character or kind, whatsoever. All other affirmative relief prayed for by any of the parties to said suit, which is not herein expressly granted or disposed of, is hereby specifically denied and refused."

The question was not raised in the trial, but some citizens have asked what the use of the site for a postoffice and federal building, would not be "for use by the public."

Legality

(Continued From Page One)

fice on January 1, 1927, was raised before the commissioners court in 1928 by an auditor representing the Thomas Y. Picket Auditing company employed to audit the county's books. At that time, Judge Bean reports, Mr. Howard offered to make any settlement requested subject to a ruling by the attorney general and following the opinion a settlement was agreed upon and made.

Last week, in a secret session of the Commissioners court, the Pickett company's auditor raised a question concerning the legality of the settlement.

Legal Status Unknown

Working with the auditor and the court, Mr. Howard offers to make any restitution of funds which he legally should make if such restitution should be found according to law, and in order to establish the exact legal status of the contract made between the court and Mr. Howard, Judge Bean has gone to the attorney general.

Prior to leaving Judge Bean made public the following statement:

"In June 1925 the commissioners court of this county entered into a contract with L. A. Howard, to assist the county attorney in the collection of delinquent taxes, agreeing to pay him for his services a sum of money equal to ten percent of all delinquent taxes collected. In June, 1926, this contract was renewed, so that Mr. Howard might clean up the tax rolls. Thereafter, on January 1st, 1927, Mr. Howard became county attorney, and continued with his work of collecting delinquent taxes. A great deal of the work done was outside his duties as county attorney, and involved a considerable expense to him.

"In 1928, a question was raised as to the legality of some of the payments made Mr. Howard under the contracts, by an auditor who was employed to audit the county books. Thereafter Mr. Howard offered to settle with the county any amount he might be due it; and after obtaining an opinion of the attorney general, a settlement agreement was entered into.

"The audit of the county books has just been brought down to date and the auditor has questioned the legality of the settlement. This matter was taken up with Mr. Howard who has said that he will repay to the county any sum of money he has collected under such contracts that he is not legally entitled to.

"Because there are several points of law concerning what Mr. Howard is entitled to that have noto been settled by the courts, the commissioners' court and Mr. Howard have thought it best to get an opinion of thue attorney general answering such questions. For this reason, I am making a trip to Austin to see the attorney general.

Snyder C. C.

(Continued From Page 1)

tion for the convention. A new white way with twelve-foot ornamental standards will be in readiness for the occasion.

Dr. P. C. Coleman, Colorado, vice-president of the West Texas Chamber of Commerce, will preside over the convention, and the program will include talks by Dean A. H. Leidigh, of Tech College at Lubbock; C. H. Amacker, McCamey; Judge C. C. Thompson, Colorado; Rev. Hugo Haterius, Avoca; Andy Bourland, president of the W. T. C. C.; Col. R. L. Penick, Stamford; Paul T. Vickers, Midland; H. W. Stanley, El Paso; Judge R. W. Pitman, Seminole; and Col. C. C. French, of Fort Worth.

Wurzbach

(Continued From Page 1)

S. C. Kile, district manager of the veteran's bureau in San Antonio, $25 from H. F. Geyer and $25 from E. J. Kuedell, railway mail clerks, and $100 from H. M. Holden, district attorney at Houston. These contributions he said were made voluntarily for the 1926 primary campaign.

He also mentioned a $25 contribution received in 1924 from Roy B. Nichols, Houston postmaster as one that might possibly be involved in the Houston indictment.

"If they indicted me on the Roy Nichols case it cannot stand because the action was voluntary and because the money was for a primary campaign, and for the additional reason that it is barred by the three year statute of limitations."

Wurzbach said that he had no desire to hide behind a legal technicality, but said that the corrupt practices act had been interpreted by the supreme court as applying only to general and special elections campaign funds.

"These contributions," the Texan added, "not only do not come within the terms of that law, but there has been no attempt on my part to conceal voluntary contributions. I gave names and amounts in my report to the secretary of state, which became a matter of public record."

The Texas congressman said he had arranged to appear before the senate patronage investigating committee next Tuesday "when I will discuss this and other matters that have taken place over the last eight years bearing directly upon the persecution manifested by my enemies in obtaining an indictment in the manner they did."

WACO, March 2. (AP)—Federal court officials refused today to deny or confirm reports from Washington indicating that Congressman Harry M. Wurzbach has been indicted under the corrupt practices act by a federal grand jury here.

The Waco News Tribune tomorrow will say that it has learned on good authority that such an indictment has been returned and that it is now in the hands of a United States marshal for service on Mr. Wurzbach in Washington.

The indictment, the News-Tribune will say, is understood to charge Wurzbach with receiving and being concerned in receiving funds from other federal officers or employees while he was a representative to Washington. It is further understood that the alleged offenses occurred in or near San Antonio in 1926.

Inaugural

(Continued From Page 1)

brought them into town from every part of the country, depositing them at the union station to look out on the watersoaked vistas of the capitol.

President-elect Hoover and President Coolidge remained indoors. Outside the Hoover home there was nothing to indicate that the next president of the United States was inside. The President-elect, resting for the ceremonies Monday, remained secluded with his family. It was announced, however, that he had selected Robert P. Lamont, Chicago engineer, to take over the commerce department, to which Mr. Hoover had devoted nearly eight years. This completed the new cabinet.

At the White House, President Coolidge attended to business as usual, but was handicapped by the throngs who came to pay their respects and wish him godspeed on his journey back to his Northampton, Mass., home Monday.

On Monday the ceremonies will center about Mr. Hoover and Charles Curtis, of Kansas, vice-president elect. Mr. Curtis' induction into office will be in the senate chamber where he will take over the gavel of the presiding officer from Charles G. Dawes, and the humor of the elements will have no effect on his inauguration.

But a hard rain would drench thousands who gather to witness the ceremonies on the capitol plaza where Mr. Hoover will take office, and other tens of thousands sitting along the line of the parade on Pennsylvania Avenue. Both the stand where the inauguration will take place and that from which the new president will review the parade are enclosed and there should be no discomfort for the President-elect and his party.

Unless there is a period of sunshine it appeared tonight that the air circus planned for inauguration day might be interfered with. Bolling field, where most of the heavier than air craft would take off, was a quagmire today, making attempts to go aloft hazardous. Air demonstrations planned for today by the army and navy were cancelled because of the dangerous flying conditions.

From headquarters of General Charles P. Summerall, chief of staff of the army and grand marshal of the parade, came an indication that President Hoover might decide not to ride in the procession but to proceed directly from the capitol to the White House for luncheon after Chief Justice Taft performs the ceremony which places him at the head of the government. Under this plan Mr. Hoover would proceed to the reviewing stand in front of the executive mansion after the midday repast.

The official inaugural program mapped out for visitors began today, but the entertainments, including a concert at the Pan-American Union building and an exhibition drill at Fort Myer, Va., were arranged merely to give the crowds something to do while awaiting the big events.

Socialities Not Neglected

The social side of the pre-inaugural activities was devoted to various functions, such as state dinners, theatre parties and the like.

Vice-President Dawes, just about to depart for his home in Evanston, Illinois, was the only guest invited tonight to a dinner of the gridiron club, made up of Washington correspondents.

Aviators Leave Mexico City On Washington Hop

Diminishing Fuel Supply And Adverse Weather Conditions Confronting Plucky Pair Of Fliers

(By Associated Press)

BROWNSVILLE, Tex., March 2.—Threatened with being forced down short of their goal due to lack of fuel, Joaquin Gonzalez Pacheco and C. E. McMillin continued their attempted non-stop flight from Mexico City to Washington after reaching the Gulf coast of the United States today.

The airmen took off from the Mexican capital 6:46 A. M., (Central Standard time), hoping to cover the 2,300 miles to Washington by early Sunday.

The fliers dropped a note saying it has been necessary to dump 120 gallons of the 510 gallons carried at the take-off in order to keep the heavily loaded monoplane in the air.

The aviators reported the weight of the craft had balked efforts to soar above the clouds on the Mexican leg of the trip.

Despite the possibility of failure there was a cheery and determined tone to the message dropped from the air.

"We will try to reach Washington," it said. "Please notify Mexico City and Washington. We are on our way."

At 1:30 P. M., a plane believed to have been the black and gold craft named after Captain Emilio Carranza, Mexican good will flier, killed in an airplane crash in New Jersey was sighted over Port Arkansas, Texas.

The route outlined for the flight would carry the plane along the Gulf coast to New Orleans, thence over Montgomery, Ala., Atlanta, Richmond, Va., and to Bolling Field, Washington.

Face Adverse Weather

In addition to a diminishing fuel supply the fliers were confronted with adverse weather conditions from the southern border of the United States to the national capital where aviation experts expressed doubt that the flight could be completed.

Pachecon, a wealthy young Mexican aviation enthusiast carried letters from Ambassador Morrow to President-elect Hoover and Secretary of State Kellogg. McMillin is a former United States army aviator and air mail pilot.

WEST WARD SCHOOL CARNIVAL

The third annual carnival and negro minstrel, give nunder the auspices of the Parent-Teachers organization of the West Ward school at that building Friday evening was indeed a great success. Two preformances of the minstrel was given to a packed house, and the consessions of the midway, held in the lower halls, were equally patronized. According to officials of the organization something over $160 was raised, which will ge toward the last payment on a piano bought in September, and beautifying the school grounds. The high seventh grade room won the picture given by the "Home Furniture Co." as a prize for selling the most tickets to the minstrel.

LOCAL REALTOR MARRIED

Friends of J. T. Overby were completely surprised Thursday a. m. when he introduced his wife, who was formerly Mrs. Flovene Connell of Post. They were quietly married at Mrs. Connell's home Wednesday evening with a few close friends present. Rev. M. C. Bishop, pastor of the Baptist church of Post, preformed the ceremony. The groom has been a resident of Slaton since the organization of the city.

Mr. and Mrs. Overby expressed their intention of making their home in Slaton.

SUNDAY SCHOOL CLASS SOCIAL

Mrs. Louise Rhodes was hostess to the Ruth-Wesley Sunday school class of which she is the teacher, in her new home on West Garza street Friday evening. The president, Mrs. D. L. Badgsley, led a short business session. It was decided that the class would study one charpter of the Standard Training book "The Pupil" to be discussed each Sunday in connection with the regular lesson. Mrs. J. S. Dickey gave a talk on Standard Training work. Mrs. Fred B. Tudor gave the history of class and its work since organization.

After a social hour, Mrs. Rhodes served a dainty refreshment course to 12 members and guests. Mrs. J. S. Dickey, a former member of the class, who now lives in Lubbock, was a guest.

LOCAL MAN TO MANAGE BARRIER STORE

Milton Thomas, formerly with Uzzells men's store here, has been named as manager for Barrier Brothers, Inc., store, opened here Saturday, in the T. M. George building on Garza street north of the city hall. Paul Barrier and W. L. Rivers of Lubbock were in Slaton Friday and Saturday assisting in the opening of the new business.

DALTON-HONEA

Miss Margurete Dalton and Richard Honea were married Wednesday evening at the home of the bride's mother, Mrs. Clara Dalton, here. The young couple left immediately for a wedding trip to Fort Worth and Dallas. They expect to make their home in Lubbock.

Arkansas Lands Three Men On All-Conference Team

Frogs Upset Dope And Trim Ponies; Steers Down Texas Aggies

IN THE REALM OF SPORT

WITH ALLAN CARNEY
Avalanche Sports Editor

For the first time in history it appears that two track meets are in the offing that will pay for themselves. The annual Texas Relays have always drawn the outstanding athletes of the country and have been played before large crowds, but not large enough to pay for the enormous expenses of the event. The announcement that the great Finnish runner, Paavo Nurmi, and Percy Williams, the Canadian flier, would compete in both the Texas and S. M. U. relays assures the officials of a greater turnout. It will be the first appearance of the "Phantom Finn" in the South.

* * *

Percy Williams, the greatest sprinter of the 1928 Olympics and the conqueror of Wykoff, Scholz and McAllister at Amsterdam, beat the best that the United Stats had to offer in easy fashion These two world famous Olympic stars will make the turnstiles click faster than ever before. Those in close touch with the events are predicting 10,000 persons will watch the relays this spring. Among the many schools represented at the relays will be Texas Tech. The event in Austin is the first on the Matadors' schedule. Following several weeks of preliminary training, Coach Payne and his squad of speed merchants will get down to serious business this week to round into form a track aggregation to compete in these outstanding events.

* * *

Francis Schmidt, Arkansas university mentor will arrive in Fort Worth Monday to take charge of the Horned Frogs' spring football training which will last for three weeks. At the same time Matty Bell, recently elected to fill the shoes of Danna X. Bible at Texas A. and M., will leave for College Station where he will take over the Aggie post. A clash between the two schools has been hinted. At one time spring football games were frowned upon by coaches in the conference but in recent years, the grid mentors have taken advantage of this opportunity to tune up their gridiron recruits. Last spring the Texas Longhorns and St. Edwards university gridders met in a spring practice game. Bell's departure from T. C. U. is expected to be permanent. Plans are under way in Aggieland to give the former purple mentor a rousing welcome in the form of a banquet. The same is planned for Schmidt at Fort Worth.

* * *

Track Coach Ernie Hjertberg, who coached the thinly clads at Rice Institute for two seasons, is returning from New York to take over the Owls' track squad for the current season. He succeeds Claude Rothberg, who asked to be released. Hjertberg has won national recognition as a track and field authority. It was under his guidance that Claude Bracey, sensational Owl sprinter, was developed. Inciuently, Bracey may give Percy Williams plenty of competition in the dash events in the Texas and S. M. U. relays.

* * *

William F. Carey of the Madison Square Garden corporation has recently signed a contract with the Miami City commission whereby that organization will stage a feature heavyweight bout at Miami Beach each year for the next five years. Thus the turnstiles will click beneath the palm trees of the wealthy winter resort for at least five more years. The recent venture, started by the late Tex Rickard and carried through by Carey and Dempsey, proved a financial success, even though the fight itself was nothing to write home about. The Garden moguls discovered that the colorful setting and the endless wealth gathered at Miami Beach every year assures promoters of a gate.

* * *

In the contract between the Garden and Miami officials, the latter agreed to move the pine bowl to Miami until another car rolls around and it can be used again. The agreement means further fulfillment of the plans of Tex Rickard to make of Miami Beach a permanent winter fight headquarters. The name of Jack Dempsey was not mentioned in the contract, but is believed that the old Mauler will be induced to take a hand in the forthcoming fistic ventures.

Buff Hurlers Set Fast Pace Early

HOUSTON, Mar. 2. (AP)—While some 200 rail birds looked on Manager Frank Snyder today sent his Buffalo charges through a vigorous workout. The baseball tossers, playing under a warm sun, exhibited "pep."

Among arrivals were Jim Lindsey, Ray Powell, Lou Benson, Frank Watt, and Salvadore Gliatto.

Lindsey and Powell, members of the 1928 Dixie champions, appeared in excellent shape, as did Benson who is about 15 pounds lighter than when he reported in 1928.

Watt and Gliatto are twirlers. Watt is a Texas League veteran. Gliatto comes from Terre Haute.

MARYLAND HAS NO CAPTAIN

Maryland is another school that follows the no-captain idea in football. One player acts as captain each game.

General Scoring Onslaught Keeps Contest For TCU

Frogs Take Lead Early In Game and Keep It During Remainder of Fray; Texas Win Led By Brock

(By Associated Press)

DALLAS, Mar. 2.—Texas Christian University upset the dope to defeat Southern Methodist University, 34 to 28, here tonight in the closing game of the southwest conference basketball season for both teams.

Every man on the Horned Frog team joined in a scoring attack that swept the Fort Worth cagers into a lead at the outset of the game and kept them there all the way. At the half the Frogs had a 20 to 9 advantage, and only in the closing minutes did the supposedly superior Methodist quintet draw close enough to make it interesting.

McDonald led the Frog loopers with 12 points, followed by Flynn with nine. Johnson, with nine points was high for the Mustangs.

Brock Noses Out Pickel Far Honors

AUSTIN, Mar. 2. (AP)—Captain Holly Brock, Texas University forward, counted 16 points tonight to pace his team mates to a 42-29 triumph over A. and M. College in the Longhorns final contest of the southwest conference basketball season. In accomplishing the fete Brock nosed out Pickell of Arkansas for high scoring honors.

Brock's deadly marksmanship brought 161 markers to the Longhorn five in conference contests as compared to 155 for the rangy Arkansas center.

In defeating their time-honored rivals the Steers passed their way to victory against one of the greatest guards they have encountered. Buster Keeton, farmer back court performer, was powerful even in defeat and repeatedly brought spectators to their feet with long range shots from the center of the court.

Loney and Wray, playing final games for Texas, figured prominently in the Orange five's victory.

At the finish of the game Captain Brock was presented with a gold watch by collegiate admirers.

Pickren, Arkansas Named Sub-Pilot

FAYETTEVILLE, Ark., Mar. 2. (AP)—Jim Pickrell of Salem, Ark., forward on this year's championship University of Arkansas basketball team was elected sub-captain for 1930 at a meeting of the squad here today. Wear Schoonover of Pocahontas was elected captain earlier in the week.

GIANT BOWLING TILT

Record Prize List Of $107,770 Posted

CHICAGO, Mar. 2. (AP)—As 3,000 persons looked on, booster Maple trundlers of Chaicago hit the shellac trail at Dexter Pavilion tonight, inaugurating the greatest American bowling congress tournament in the history of the game. With cash prizes alone totaling $107,770, more than 13,000 bowlers from 279 cities and towns from 25 states and Canada, will match their pin busting artistry before the tournament ends April 9.

PLANE CRASH KILLS ATHLETE

Don Frazee, who was killed in Texas late in January in an airplane crash, played fullback for Texas Christian university a few years ago.

Waner Boys Stage Unique Brotherly Act

Brother acts are not so novel in the big leagues these days, but it was up to the "Poison Boys," Paul and Lloyd Waner, to show a new wrinkle in this kind of combination.

The Waner brothers form the most valuable brother combination doing big time today. They are outfielders for the Pitsburgh Pirates and despite the fact that they are young in years and experience, they are among the best in the big top.

When it came time to sign their contracts this year, the Waners singly and collectively told Barney Dreyfuss that the amount offered was not enough. They wanted $35,000 between them and they intended holding out until they got it. If Dreyfuss saw fit to meet Paul's demands, Paul would not sign until the boss dealt satisfactorily with Brother Lloyd. And the same held true with Brother Lloyd. Brother Paul had to be fixed up also before he would sign.

This new attitude caused Mr. Dreyfuss and the Pittsburgh fans much worry, especially when the first brigade of Pirates left for the training camps and the Waners had not signed.

Paul batted .370 in 1928, running a close second to Rogers Hornsby for the league leadership. He led in runs scored, 141, and in tw-obase hits, 51. The younger brother clubbed for a mark of .331, scored 121 runs and was a great little guy out in center field.

The Waner brothers know teamwork and it seems a good bet that the boys will force more dough from the club coffers than they received last year.

Loughran-Walker Match Is Likely

Bout For Light Heavyweight Championship May Open Up New $7,000,000 Chicago Stadium

CHICAGO, Mar. 2. (AP)—A match between Tommy Loughran and Mickey Walker for the world's light heavyweight championship, opening the new $7,000,000 Chicago stadium March 28, now appears certain.

Paul Prehn, president of the National Boxing Association and chairman of the Illinois State Athletic Commission, said tonight that the N. B. A., would withdraw opposition to the bout, provided Jack Kearns, manager of Walker, posted a $10,000 forfeit as a guarantee that Walker would go through with a title match against Ace Hudkins.

Kearns says Walker is matched to battle Hudkins either in Las Vegas, Nevada, July 4, or later in San Francisco. He said he was willing to post the forfeit demanded of him.

The $10,000 figure represents a compromise.

WIN DOUBLE TITLE

PALM BEACH, March 2. (AP) — Miss Virginia Willeary, Philadelphia, and Miss Dorothy Andrus, New York, today captured the Florida Sttae doubles tennis title by defeating Miss Eleanor Goss and Mrs. John S. Phipps, both of New York, 6-2, 6-2.

Unwilling Hero
Camera Gets Mostil As Ball Beans Him

DALLAS, Mar. 2. (AP)—Johnny Mostil, Chicago White Sox outfielder, was the unwilling hero of an unique achievement of the audible newsreel here today when he was caught in the act of being "beaned" in batting practice.

The hard hitting star was "taking his cut" with a dozen cameras trained on him when the accident occurred. One of the machines had a sound attachment.

A hard thrown ball caught Mostil full on the head and he dropped like a log. The cameras clocked on as his mates gathered around and administered first aid. Cold water finally brought Johnny around, and, outside of feeling dizzy, he said he was all right.

The movietone operator said he got the accident perfectly, but was doubtful he would be able to use the sound effects. Mostil's remarks as the ball struck him were said scarcely to have been suitable for reproduction.

Outside of posing for the picture boys, the Sox took it easy their second day in camp. Manager Lena Blackburne said it would be several more days before he would ask his athletes to begin bearing down.

The biggest punch of the day was supplied by John Kerr, a second baseman obtained by the Sox from Hollywood in the Pacific Coast League. Kerr poled two balls out of the lot in batting practice. He had 16 homers with Hollywood last season.

Williams Named Abilene Manager

Former Wichita Falls Manager To Pilot Aces This Season; Tanner Assists In Handling Squad

WICHITA FALLS, March 2. (AP) News from the training camp of the Wichita Falls Spudders here today included the announcement that Carl Williams, manager of the Spudders from mid-season of 1926 to the middle of 1928, would pilot the Abilene club of the West Texas League this season.

The Abilene club is a subsidiary of the Spudders and candidates for both teams are working out together here. Approximately 75 men are on the rosters of the two clubs, of which 50 have reported.

Buddy Tanner, Spud manager in 1924 and 1925, is assisting Jim Galloway in handling the big squad.

Fred Bennett, slated to succeed Tom Jenkins in the Spudder left field, brought joy to the raibirds today by hammering balls over the left field wall.

Mrs. Ben Strawn and children, James and Mavigean, were shoppers here Saturday from Monroe.

The Nut Cracker

By Joe Williams

football game for the spring, to be played in strict privacy. Wouldn't it be grand if the idea should catch on with some of the heavyweights?

* * *

* At the hour of going to press * nobody had bought the Giants * today. Better luck tomorrow, * maybe.

* * *

Comes now a new Italian heavyweight, Signor Bartzallo, with his sweetie's picture tattooed on his chest. Some of the boys are planning a tattoo for his chin, too.

* * *

BABE RUTH WON A GOLF CUP DOWN IN ST. PETERSBURG WITH A LOW (OR PARDON US, WE MEAN HIGH) SCORE OF 171, THAT IS, FOR 36 HOLES. SOUNDS LIKE MUDDY RUEL'S BATTING AVERAGE.

* * *

Yale is about to spend $7,500,000 in a study of human relations. That branch of study ought to be set up at Harvard and Princeton, too.

* * *

Thoroughbreds have suffered from the annual wave of flu and fever early this year, says a trainer at the southern tracks. The same thing has happened to a lot of bankrolls.

Lubbock Gun Club Installs "Skeet" Trapshoot Range

A "skeet" shooting range, proven the most popular as well as inexpensive type of trapshooting in other cities where it has been installed, is to be put in at the Lubbock Gun club range in the canyon east of the city this year it was announced by Al Goodin, president of the Gun club.

This is just one phase of a general expansion and enlargement program being undertaken by the club this year.

The "skeet" range is fitted with several traps which fire clay pigeons from every conceivable angle. It requires a high degree of marksmanship to score high in this sport and there is a "25" club, for members scoring perfectly in the "skeet" events which is similar to the "Hole-in-one" of the golfing fraternity.

The first scheduled shoot of the spring season is to be held this Sunday afternoon commencing at 2 o'clock. Gun club members are urged to be on hand and the general public is invited to witness the competition. Gun club members from Floydada and Tahoka have been invited to join with the Lubbock club in the shoot Sunday.

Al Goodin is the newly elected Gun club president.

CRITICS MAY BE FOOLED

Most golf critics seem to think that the American Ryder Cup team will have an easy time defeating the British team when they meet this summer.

Herb Pennock, star southpaw with the New York Yankees, says he feels sure he will win 20 games again this year and may stretch his victories to the 30-mark.

Dowell, Mina Watkins and Lemons are hurling the discus. Wilson was a point-winner in this event last year, while Thornton comes here from Slaton.

Southwest Stars Selected By The Associated Press

Holly Brock Of The University Of Texas Is Forward On First Team; 14 Take Hand

DALLAS, March 2. (AP)—Wear Schoonover and Tom Pickell of Arkansas and Holly Brock of the University of Texas were chosen unanimously chosen tonight by the Associated Press, from opinions expressed by 14 coaches, sports writers and officials who watched the 1929 race.

Arkansas landed three men on the team, Gene Lambert, Arkansas guard getting the vote of all but one of the collaborators. Buster Keeton, of the Texas Aggies won the other berth.

Schoonover and Brock were selected as forwards; and Lambert and Keeton as guards. On the second team Brown of S. M. U. and Hess of Rice were placed at the forwards, Rose of Texas, at center and Wallin of T. C. U. and Wray of Texas at guards.

Those who helped in the selection are: Lloyd Gregory, Houston Post-Dispatch; Kern Tips, Houston Chronicle; Flem Hall, Fort Worth Star Telegram; Wad Hawkins, T. C. U. Skiff; Don Legg, Austin Statesman; Dick McMurray, Austin American; Jinx Tucker of the Waco News Tribune; Cawthorn and Sears, referees; Chuck Bassett, Texas Aggie coach; Bob Cantrell, Daily Texan; Johnny Erp, Arkansas Traveler Fred Mosebach, San Antonio Express; Vic Emmanuel, Galveston News.

AUSTIN, March 2. (AP)—All-Southwest basketball teams: by Don Legg, Austin Statesman sports editor: Forwards: Brock (Texas) and Schoonover (Ark.). guards: Lambert, (Ark.) and Wallin, (T. C U.) Center, Pickell, (Ark.). Second team: forwards: Brown (S. M. U.) Hess (Rice). Guards: Rees, (Texas) Keeton (Aggies). Center: Rose (Texas).

HOUSTON, March 2 (AP) — All Southwest conference basketball selections by Lloyd Gregory, Houston Post Dispatch sports editor. First team: forwards, Brock, Texas; Schoonover, Ark. Snyder Club Seeks Part Refund On A. A. U. Charges

Claim Organization Took More Than Share Of The Gate Receipts At West Texas Girl's Basketball Tournament

Lions Club Asks For Refund Of $283.43 On The Ground That Body Got More Than 25 Per Cent

SNYDER, March 2.—The recent publication of expenses charged the Snyder Lions club by the Texas division of the A. A. U. when it secured a total of $948.93 from the recent West Texas girls tournament here, has resulted in the local club filling a protest on the organization because of the large amount taken out of the proceeds of the meet.

Local Lions are asking for the return of $283.43 of the money sent the A. A. U. since only 25 percent of the gate receipts was supposed to go to the A. A. U. headquarters.

Brother Peter, vice-president of the Southern A. A. U. of Saint college, Bay St. Louis, Mississippi, states that charging Snyder 25 per cent of the gate receipts is new to him and that he is taking the matter up with other officers of the body. The A. A. U. executive added that in his many years as member of that organization this was the first time he had ever heard of such a charge.

Snyder officials were unable to refund the expenses to the teams competing in the meet because of this unusual charge, it was stated.

Largest Area To Seat 25,000; Cost $7,000,000

CHICAGO, March 2. (AP)—Patrick "Paddy" Harmon, whose lifetime ambition was to build an indoor amphitheater larger than Madison Square Garden, will realize his dream when the Chicago Stadium opens its doors in March.

Around the new structure of steel and marble, which cost $7,000,000 and will seat 25,000 is woven Harmon's story of disappointments and rebuffs. The 53-year-old gray-thatched sports veteran claims he overcame that long series of disappointments by his homely philosophy "never stay licked."

Several years ago Harmon began his campaign to build the stadium. He had $200,000 and started "sounding out" Chicago business men. Four times New York promoters, warning him against the venture, underwrote him. No less than eight times was Harmon "sold down the river."

"I was just about overboard", Paddy explained. "Then for the eighth time I started the campaign and personally sold the idea to a group of Chicago's largest business men. Now we have seen the light of day."

Every sport, professional and amateur, will be staged in the amphitheater, Boxing, hockey, bicycle racing, basketball, swimming and even football and baseball may be played in the stadium.

When Harmon promoted his first dance at the age of 15, his total gate receipts were $8. When the stadium opens in March with the Chicago Bankers' track meet, the estimated receipts will be more than $30,000.

Sabbath Brings Relief To Majors

ATLANTA, Ga., Mar. 2. (AP)—Long sighs of relief that tomorrow the Sabbath would bring surcease from training went up tonight from most major league ball players in spring training camps in the gulf coast states. In most camps Sunday will be a day of rest.

John McGraw, who took his New York Giants to San Antonio this year, rewarded early arrivals with a holiday tomorrow, but new comers to the camp were ordered to take light workouts.

Sore muscles from their first two days' work caused Lena Blackburne to declare tomorrow a holiday for his Chicago American players who arrived at Dallas yesterday and today.

Beneath a broiling sun in Florida, several score of major league veterans and rookies have rounded into shape rapidly and the lid will be buried off the grapefruit season during the coming week.

DENTON HIGH WINS

Broncoes Qualified For State Title

DENTON, Mar. 2. (AP)—The Denton high school Broncos qualified for the state championship basketball tournament next week at College Station by defeating Sulphur Springs, 34 to 12, in bi-district play here tonight. The Broncos went to the semi-finals in last year's state meet.

RANGERS DEFEAT TERRILL

SAN ANTONIO, March 2. (AP) — Hauling down a two-goal lead of the invading champion Terrill Academy Skaters from Dallas tonight, the San Antonio Rangers made it two straight victories by taking the second and deciding game of their series for the Texas Junior hockey title, 7 to 4.

WIN GIRLS' TITLE

FORT WORTH, March 2. (AP)—Kelsay team, Fort Worth, won the state girls' championship, 38-36, over Employers Casualty team of Dallas here tonight.

Around The Ring

Managerial Jam Irks Schmeling—Same Course Hampers Others

By EDWARD J. NEIL
(Associated Press Sports Writer)

NEW YORK, Mar. 2.—Two robust tempers and a little insidious prompting from unknown sources outside the spotlight may rob the ring for 18 months—and possibly forever—of one of the finest heavyweight prospects in the history of the fight racket.

The battler is Max Schmeling, beetle-browed, swarthy, young German who carries the bolt of thor on his right hand and looks and acts like a Jack Dempsey who never heard of body punching. He has the most potent of the tempers.

The other temper, spurred on by outside influences, rests in the puzzled person of Arthur Buelow, who brought Max from the Fatherland last October. Buelow came as Schmeling's manager and friend, with a contract that still has 18 months to run. Max now has turned against the harassed newspaperman from the other side, wants only the American, Joe Jacobs, as his mentor, and is busy telling the world that his trip to Germany will last the full time Buelow's contract has to run unless the manager withdraws from the picture.

So bitter have the arguments become that there seems little hope of an amicable settlement, the New York State Athletic Commission has ruled that Schmeling can fight only for Buelow and cannot engage in matches made by himself or Jacobs.

While the history of the situation is only that of other foreign boxers who have come to America, shown promise, and immediately become embroiled in difficulties through the interest of American managers, Schmeling represents far more in actual dollars and cents than any of his predecessors. For that reason alone the fight will be, all the more bitter.

Of the many heavyweights from foreign lands in the past decade or more, only Luis Angel Firpo, and Gorgeous Georges Carpentier, beat the clutching hands of the American managerial forces.

Among other heavyweight prospects, some with just as many possibilities as either Firpo or Carpentier, Paulino Uzcudun stands out as the antithesis of Firpo and Carpentier.

The big basque is recognized in many quarters as the outstanding heavyweight in the ranks today. He has a host of managers but none can edge him into a title shot. The best line on his ability is the speed with which other top liners refuse chances to battle him.

Schmeling can return to Germany and fight there for reasonable return. Buelow can get himself another battler, and Jacobs has a string of boxers among the top-notchers in several divisions that bring in steady revenue.

The real sufferer is Madison Square Garden.

Col. John S. Hammond, who prides himself as the discoverer of Schmeling, recently tied him up to a two year contract to fight exclusively for the corporation Tex Rickard built.

When Max nearly tore Johnny Risko apart, a vision appeared before the tall, stately colonel. He pictured Schmeling, the new Dempsey and the old original himself, battling in the Yankee Stadium next fall for the heavyweight title, before the greatest crowd in fight history. Max can't do that and spend 18 months in Germany, too.

Snider Pladner Whips New Yorker

PARIS, March 2. (AP) — Emile (Spider) Padner, France piledriving flyweight, knocked out Frankie Genaro of New York, in the first round of their bout here tonight. The Frenchman's victory practically clinched for him the world's flyweight title.

Genaro has been recognized as the king of the 112 pounders by the National Boxing association, and Izzy Schwartz, another New Yorker, nominee of the New York State Boxing commission for the same title, was beaten by Pladner at Paris several months ago.

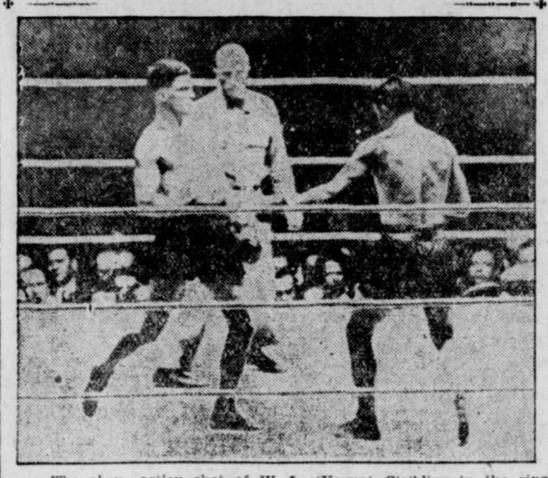

Genaro was hit only twice.

To correct a misleading statement, made in the Avalanche and Journal one day last week, this is being written for the benefit of Owen W. McWhorter, Lubbock attorney. The erroneous statement was to the effect that McWhorter had been appointed assistant county attorney for several days time, when the facts are that he was appointed as assistant to the county attorney for only one case, and only for one day, last week.

OKLAHOMA DEFEATS MISSOURI

NORMAN, Okla., Mar. 2. (AP)—The University of Oklahoma's basketball team, champions of the Big Six Conference, ended its season tonight by beating Missouri University, 36 to 35.

Jack And Strib In Action

The above action shot of W. L. (Young) Stribling in the ring at Flamingo Park, Miami Beach, with Jack Sharkey was rushed to the Avalanche-Journal by telephoto and air mail service. The Georgian is shown at the left meeting Sharkey with guard lowered in the third round of their ten round bout. At this stage the Southerner was leading the scrap.

Spring Training Well Under Way At Lubbock High

Westerner Gridders Drilled In Fundamentals As The Plans For Another Season Are Started

Football fundamentals are being drilled daily into the heads of a score or more ambitious candidates for the 1929 football machine for Lubbock high school by Coaches Henry Frnka and Del Morgan. The high school mentors are taking advantage of all favorable weather to work with the raw material with which the football team will be built next fall.

Spring football training has been under way at Westerner headquarters for the past three weeks with a host of green material getting their first lessons in the prime essentials of the game. During the past week, considerable time has been given to blocking as interference and line play.

A practice game between the "Jellies" and the "Toughs" will likely be played within the next week, Coach Frnka said yesterday. This will give the rookies an opportunity to show their wares in regular competition.

The size and appearance of the squad of gridders working out in spring training indicates that the Westerners will have an even lighter squad next fall than during the past season. A large number of the stars on the 1928 eleven will be lost by graduation and the coaches will have to build an entirely new team.

A different arrangement will be used in handling the squad of football candiidates next fall, school officials announced yesterday. Coaches Frnka and Morgan will remain in charge of the regulars and a third man will be named to work with the reserves. This will enable the head coaches to concentrate their efforts on the most promising members of the squad and at the same time hold the second-stringers in training for the reserve list. An extensive schedule will likely be worked out for the reserves.

Rice Owls Score Win From Bruins

HOUSTON, March 2. (AP) — The Rice Owls tonight played the sort of basketball of which they are capable and scored a 41 to 26 victory over the Baylor Bears in the final conference match. Rice passed with accuracy and traveled the floor in a manner that bewildered the Bruins.

The man-for-man defense was working with near perfection and in the first half Baylor could score but two field-goals, both by Jake Wilson.

McCarble and Zuber were the big boys for the owls. McCarble scored 14 points, while Zuber played an excellent defensive game.

For Baylor Wilson with eight points and Smith with nine, battled for scoring honors.

Slaton Girls Win Cage Tournament

SLATON, March 2.—The Slaton girls basketball team won first honors in the girls' invitation tournament held here this week-end by trouncing Shallowater girls in the finals.

Seven teams were entered: Slaton, Shallowater, Post, Estacado, Levelland, Southland and Acuff.

N. Y. U. WINS

Take Track Title For First Time In Annals

NEW YORK, March 2. (AP)—For the first time in the history of the Intercollegiate association of amateur athletes of America, New York university tonight won the indoor track and field team championship.

LIKES WARNER FOOTBALL

Appointment of Spud Lewis, former Stanford quarterback, as Northwestern backfield coach shows the liking Coach Dick Hanley has for the football teaching of Pop Warner, Stanford coach.

Aggies Plan Big Welcome For Bell

COLLEGE STATION, March 2.—Plans for a special banquet here the night of March 4, honoring Madison (Matty) Bell, who will become head athletic mentor at the A. and M. College of Texas next September, and Mrs. Bell, and welcoming them to the college, have been announced by F. R. Brison, president of the Brazos County A. and M. Ex-Students club which will sponsor the affair. F. M. Law, Houston, president of the board of directors of the college, will be toastmaster for the occasion and attendance is expected to reach 300, including former students and sport fans from many neighboring towns. Although Bell will not take over his duties at A. and M. until fall, he will be here for spring football training and the forthcoming banquet will be to welcome him on his arrival.

THE TINYMITES

BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

The Tree Man turned and looked around. Said he, "What was that raspy sound?" The Tinymites all stood real still, as quiet as could be. Then Carpy said, "It's right near by. Come on, now, everyone! We'll try to find out what is making it, and see what we can see."

They dashed across a little hill and waited there a while until wee Coppy cried, "I see some men right over by those trees." The Tree Man said, "That's what I thought, and this time all those men are caught. I'm going to frighten them away. Just watch me, if you please."

And then he scampered' cross the ground. At first he didn't make a sound. The Tinies stood and watched him, wondering just what was in store. Said Clowny, "He's a real queer sort. I guess he's having heaps of sport. He's surely running toward those men. I wonder what it's for."

"You'll soon find out," another snapped. "It looks like all those men are trapped. The Tree Man's going to scold them 'cause they're cutting down the trees." They soon found out that this was right. The old Tree Man, with all his might, jumped in among the woodsmen, where he landed on his knees.

The woodsmen all seemed mighty scared as Mister Tree Man jumped and rared. "Get out of here," he loudly cried. "Tree cutting, men, is wrong. The trees die off when they are cut. You should be punished right now, but this time I'll let you go if you will quickly run along."

Just then the Tinies heard a squeak. A big oak tree began to speak. "Hello there, Tinymites," it said. "What are you doing here?" "Just playing," little Carpy said. "Oh, all right then, go right ahead," replied the monstrous tree. "There's not a thing that you need fear."

(The Tinies have more fun in the next story.)

Reach Finals In Girls Tournament

FORT WORTH, Mar. 2. (AP)—Teams representing the Kelsay Lumber company of Fort Worth and Employers Casualty company, of Dallas, reached the finals in the first annual girls' basketball tournament of the Texas Amateur Athletic Federation in the play-off today.

Kelsay Lumber defeated Christie-Jobby of Houston, 62 to 25, while the Dallas sextet eliminated Draughon's San Antonio, defending champions, 19 to 18. The Golden Cyclones won in the final fifteen seconds of play.

Bamby's of San Antonio, defeated Nixon-Clay of Austin, 20 to 17, and Y. W. C. A. of Waco downed J. C. Penney of Austin, 39 to 10 in the opening games of the consolation flight. In the second round, Bamby's downed Foley Brothers of Houston, 42 to 20.

Miss Inez Paschall has returned to her home in Floydada after being discharged Saturday from a local hospital.

W. P. Soash, of the Lone Star Land company, is transacting business in Fort Worth.

Outlook For Pony Baseball Gloomy

DALLAS, March 2. (AP)—Man and nature have conspired to keep Gerald Mann from having an outstanding Southwest Conference basketball entry this year, the Southern Methodist university coach insists.

Graduations took away the cream of the Mustang talent, and weather this year has allowed the Methodists less than six days of outdoor practice.

This will be Mann's first year as Pony baseball coach, and he is anything but optimistic.

"I need pitchers, catchers, outfielders and infielders," Mann says. "If I had those and some good utility men I might be able to get a ball team together."

Mann will have only four lettermen back—Robert Drye, catcher; Sammy Reid, shortstop; L. O. Conner, outfielder, and Mershon, who will probably play second. Conner, however, was one of the best slugging gardeners in the conference last season, and Mann expects the outfielder to be proportionately better this year.

UNABLE TO ENTER

Tom Pickell Forced To Refuse Tournament Offers

FAYETTEVILLE, Ark., March 2. (AP)—Tom Pickell, Arkansas university center selected on several 1929 "all-American" basketball teams, will not be available to play either in the national tournament in Kansas City this spring, or in the tri-State tournament at Memphis.

Scholastic duties, Pickell said, would prevent him from accepting either offer.

TERRILL SKATERS VICTORS

SAN ANTONIO, Mar. 2. (AP)—Terrill Academy skaters from Dallas evened the count with San Antonio today when they turned back the Main Avenue Cardinals 3 to 2 in one of the fastest and roughest hockey games played here this season among high school sextets.

DES MOINES, March 2 (AP)—Grinnell won the eighth annual indoor Missouri Valley conference track meet at the Drake Field house tonight, scoring 42 points. Oklahoma A. and M. was second with 29 points.

HOOKS AND SLIDES

By Henry L. Farrell

Another Big Warning

Ever since Bucky Harris was named manager of the Detroit Tigers, it has been predicted that his astute handling of the Tigers would make that club a potent factor in the American League this summer.

This hasn't been the prediction of sports writers alone. Wise baseball men, who know Harris is as smart as a whip and knows his baseball from every angle, hold the same view. And one of them is always coming out with a nice statement about Harris' smartness.

Waite Hoyt, star hurler with the Yankees, joined the Harris boosters while in Cleveland recently for a week's engagement at one of the vaudeville houses.

"Harris will have that Detroit club fighting harder than it has in years," he said. "He's just about the second best manager in the business, in my opinion, and he can get the maximum results from every one of the men working for him. I feel pretty sure that his club, if for no reason than that Harris is manager, will be tough to beat."

• • •

Just a Wise Guy

There was only one claim of the winter racing season among juveniles this year at New Orleans. And, strange to say, the horse claimed was Parnell Bound, who won the New Orleans Juvenile Stakes.

E. J. O'Donnell jockeyed himself into position as a wise horseman when he claimed Parnell Bound for $2500 just a few weeks ago. It looked like a rather steep price to pay for a colt just starting out on his racing career, but, as things have turned out, it was a pretty slick move on O'Donnell's part.

Parnell Bound's owner got his money back from that one big victory, the purse was $3140, and he will get his money back many times in future races as his colt looks like one of the best two-year-old of the year.

• • •

One After Another

Dick Black, the Dartmouth athlete, should give up athletics. Any young man who gets hurt as often as he does should be told to stay away from all forms of athletic endeavor.

In only his freshman year at Dartmouth did Black manage to escape a serious injury. Since then—well, he's lucky to have taken as much part in Dartmouth athletics as he has.

He injured his knee playing football as a sophomore. He underwent an operation to cure the knee and following the operation took up swimming to strengthen that member. But—he slipped on the side of the pool and further hurt himself. After another operation, he took to bike racing—and suffered a spill which further delayed recovery.

This year was his senior year and he played football—that is, until the third game of the season when he had a shoulder torn. He finally shook that off and was ready for play again—only to again hurt his knee.

And just a few weeks ago, he got interested in ping pong and in a game snared a splinter from the playing table in his playing arm.

JUDGMENT AWARDED

Three Men Get Money For Gathering Cotton

Judgement of $23.70 was awarded O. A. Britton, S. W. Jackson and J. E. Green, in justice court before Judge W. S. Clark, by a jury in the case of the three men mentioned against A C. Daws, for money due in gathering 2,370 pounds of cotton for Daws, Saturday afternoon.

The cotton gathering consisted in pulling bolls, it was said, and the labor was done on Daws' farm southeast of town.

D. N. Lacewell has returned from Hamilton where he was called due to the critical illness of his brother, Luther Lacewell, who died in that city only a few hours after D. N., had left him seemingly improved.

Misses Beulah Mae Clark and Oneta Mae Hunter accompanied by Mrs. W. J. Clark and Mrs. E. D. Hunter all of Broadview, were Saturday shoppers in Lubbock.

Slaton Winner Of Invitation Meet

SLATON, March 2.—The Slaton Tigerettes carried off high honors in the individual basketball tournament staged here this week-end by trouncing Shallowater in the final game of the series, 22 to 15, after bowling over all opposition in the preliminaries. Shallowater took second place in the meet and Post came up third. Awards were given these teams.

The Shallowater sextette played sensational basketball in their afternoon fracas with Post to cop second place, downing the girl Antelopes, 19 to 13. Slaton defeated Estacada in the semi-finals, 29 to 14.

In the playoff to decide the third place winner, Post trimmed the Estacada aggregation, 20 to 15.

Southland, Levelland and Acuff were eliminiated early in the tournament.

STURDY BREAKS RECORD

NEW YORK, Mar. 2. (AP)—Frederick Sturdy of Yale, sensational pole vaulting successor to Sabin Carr at Yale, accounted for the first intercollegiate record of the eighth annual indoor meet of the intercollegiate association of amateur athletics of America here tonight. Soaring to a height of 13 feet, 4 3-4 inches, Sturdy shattered the standard set by Carr here a year ago by one inch.

SCHMIDT TO REPORT

New Frog Coach Will Find Ample Grid Material

FORT WORTH, Mar. 2.—Thirty-two men are on the list issued from the athletic office at Texas Christian university as eligible to draw uniforms for spring football training. Coach Francis A. Schmidt, new Frog mentor, will arrive at the purple school soon to look over the material from which he will build his grid team next year. Until the new coach arrives, the spring work will be under Raymond (Bear) Wolfe, the probably successor of Line Coach Ed Kubale.

It is the first time there has been so much material available at T. C. U., that the squad has to be chosen. The list includes seven letter men of last year. Twelve veterans will return next fall, but many of them will be kept from spring practice by baseball and track work.

BUFFS DOWN INDIANS

ABILENE, March 2. (AP)—McMurry college closed its basketball season tonight with a second straight loss to the West Texas Teachers from Canyon. The count was 29 to 10.

OLNEY, March 2. (AP)—Estelline High school won the bi-district championship of districts three and four of the interscholastic league here tonight by defeating Olney High school, 33 to 20.

City Takes Place As Center Of Feed Milling Business

Five Major Mills Are Operating In City At Present Time; Owners Tell How Production Is Rapidly Growing

Farmers Discover They Can Profit By Turning Feed Crops Into Own Cattle And Swine Herds

NOT only has the manufacturing of poultry and stock feed in Lubbock made unusually big strides forward during the past few years, but this city has become one of the most important centers for this class of manufacturing, if not the most important center, in the entire southwest.

Following closely upon the heels of a rapidly growing number of acres planted to grain sorghums throughout the South Plains, this city has witnessed phenomenal development and expansion of mills for grinding and mixing feeds. Today there are five major mills taxed almost to capacity in operation here, with one large mixer of feeds putting out his own products for the retail trade, through the process of having them custom-ground and mixed according to specifications.

Mills Are Listed.

The mills mentioned include The Economy Mills, the Standard Milling Company, Ideal Milling Company, Lubbock Cotton Oil Company, and the Yellowhouse Mills.

Territory served by these mills include not only the South Plains, but part of New Mexico, the entire state of Texas and is beginning to expand into other states, along with the increased capacities of the plants.

Closely affiliated with the manufacturing end of the feed industry has come the further development of dairying, raising of beef cattle, swine and poultry. Farmers who produce the feeds are beginning to learn that they can make more money from these crops than they can from others, with the average per acre income figured at $40. As high as $70 and as low as $20 per acre incomes have been reported.

The Farmer Is Learning

Furthermore, the farmer is learning that the raising of feed crops, including kaffir corn, hegari, feterita, milo maize, Indian corn, cane sorghum, sudan grass, and the like, for sale as a cash crop, is not the best way to make money from their production. They are beginning to realize that their feed products cash in for more dollars, if converted into pounds of meat when fed to beef cattle or swine, or into milk, cream and butter when fed to dairy cattle, or into marketable poultry products when fed to chickens and turkeys.

The Economy Mills, established in October, 1925, last week manufactured 57,000 pounds of chicken feed, with more than 80,000 pounds of the same manufactured the week before, according to Claude Tatum, of that firm. This concern makes all varieties of all kinds of feeds and ships in wholesale and retail lots by carload, truckload, sacks, and so on, principally throughout the South Plains and the state of Texas. The utilization of motor trucks gives this mill a delivery radius of about 100 miles of Lubbock, with dealers in practically every town within such radius.

Expect An Increase

"With this city's present mill facilities," remarked Mr. Tatum, "natural increase in capacities will take care of the growing demand of this section for many years to come."

About 20 tons of mixed feeds, altogether for stock, spells the daily capacity of the Ideal Milling company. This company started in business in December, 1927, and manufactures every variety of stock feed.

"We have had about all the business we could take care of, locall," remarked W. Fort, of the Ideal company. "We are specializing in making feeds for beef cattle raising, as it is my belief this country is the best place in the world for the beef cattle business. We have ideal climate conditions and we raise the necessary feed stuff. The future for both dairying and beef production here is as good as any spot on the face of the globe, and I think the feed business is just now beginning to take on new life."

Mr. Fort stated that his mill had been running to capacity ever since it was opened and plans are being made to double or treble this capacity before another season begins.

Two years ago there were more than 7,000 head of beef cattle fed out from the products made by the Lubbock Cotton Oil company, at their feeding pens here. This year there have been over 3,000 head cared for in this manner. This plant was established in 1923 and has a capacity of crushing 135 tons, or 270,000 pounds, of cotton seed in 24 hours. Their mixed feed is composed of 80 per cent cotton seed hulls and 20 per cent cotton seed meal. A great deal of their products are shipped over the state, wholesale and retail trade being catered to and the immediate territory of the South Plains and eastern New Mexico being served first.

Market Is Created

"With the establishment of the cotton oil mill here," said Ray Grisham, manager, "a market for the farmer's cotton seed was created at his very door."

Eighty tons a day is the capacity of the Yellowhouse Mills, organized originally as the Lubbock Grain and Coal company, their products including all varieties of stock and poultry feed. This concern limits its business to the wholesale trade, serving all of Texas and parts of other states.

J. D. Quick, of the Yellowhouse company, declared: "Indications point to the necessity for increasing our capacity. We use, almost exclusively, feed raised on the Plains."

H. W. Stanton, of the Standard Milling company, states his plant has found it necessary to increase its capacity three times, since establishment in December, of 1926. Present capacity is 100,000 pounds every 10 hours. "We are now making preparations to double our capacity, machinery having been already purchased and due here within the next 30 days or so."

In order to double his capacity, Mr. Stanton declares that 49,000 square feet of ground has been purchased across the street from the present plant, on which will be erected a warehouse and another building. The mill will be ready for a 200,000 pounds per 10 hours capacity by the beginning of next season.

Custom grinding and mixing by the standard averages around 20,000 to 25,000 pounds every day, with the demand growing.

"The demand is unlimited, in the future years, so far as mixed feeds are concerned," said Mr. Stanton.

Specializing only in the sale of his own mixture of poultry feeds, R. E. Ewain of the feed and hatchery company bearing his name, has lately entered quite extensively in having his feeds manufactured here by one of the other mills. He announces that he contemplates the establishment of another mill in the future, to take care of the growth of sales on his products.

Star Gazing

Exclusive Central Press Dispatch to the Avalanche-Journal

NEW YORK, Feb. 2.—Did you know that:

Mary Pickford claims to be the poorest golfer in the movie business?

Demure and stately is Lorayne Duval, screen newcomer, who appears in Reginald Denny's next. Like her?

Lupe Velez has never been to New York?

Norma Shearer is to star in an all-talkie version of the stage play, "The Last of Mrs. Cheney?"

Universal plans a daily talkie newsreel?

Lon Chaney is soon to be seen in a picture dealing with the French foreign legion?

George B. Seity who directed "The Vanishing American" and "The Blood Ship," among other films, is writing a new one?

Illness of Milton Sills has stopped work on his latest picture?

Kate Price and Jimmy Finlayson, cinema character actors, are considered the champ "ma and pa" team of the movies?

They are cast as Dorothy Mackaill's parents in her next?

Billy Dove is enjoying a brief vacation from movie work these days?

Belle Baker, of the stage, has been signed for three singing and talking features?

Belle's eight-year-old son, Herbert, is to appear with her in the productions?

GET NEW TEACHER

Continued Enrollment Increase At Sudan

(Special To The Avalanche-Journal)

SUDAN, March 2. — A volunteered increase in enrollment has made necessary the employment of an additional teacher in the primary grades of the Sudan public school system.

Mrs. B. C. Wells, of Lubbock, was elected to take the place. Mrs. Wells is a former student and graduate of John Tarleton college, and since then a student of Howard Payne college and Texas Technological college. She will be remembered by summer school students of the latter institution as assistant librarian there in the summer of 1927.

This addition makes a total of 12 teachers in the grammar school, and 10 in the high school, with an enrollment of over 700 pupils. It is freely predicted that another increase of faculty will be necessary to take care of the student body another year.

GET WATER WORKS

Sudan Sells Bonds For Financing Project

SUDAN, March 2.—The bond issue of $47,000 for the establishment of a municipal water system for the town of Sudan have been sold and the contract let for the installation of a system of city water works. The contractor has stated that drilling of a well will begin immediately, and that within a very few months an ample water supply for the needs of the growing town will be at hand.

Car Victim

A strange coma going into its second week has held 10-year-old Marjorie Dewdy, above, of Lynchburg, Va., in the grip of unconsciousness since an auto accident in which Marjorie sustained a brain injury. Her strength has been maintained by food being injected through the nostrils.

Unique Affair Is Given By Club In High School Here

Party Friday Evening Given In Three Homes; Texas Day Affair Is Attended By Ye Scribblers

Ye Scribblers, a literary club of the high school, attended a Texas Day party Friday evening.

This was a unique event celebrating three periods in Texas history and three homes were used in entertaining with each one representing a particular stage in history: Mexican, cowboy and modern.

In Bradley Home.

Miss Maxine Bradley was hostess to the group in the early part of the evening at her home, 1006 Avenue M. Appointments in the home suggested the Mexican period and an appropriate program was given consisting of a song by Vivian Doss, accompanied on the guitar by Zada Mae Scott, who then played and sang "La Paloma." After this David Powell sang several popular selections and Maurine Jons gave a reading.

Chili and coffee were served and Texas flags were given as favors.

Miss Bell Hostess.

The second part of the evening's entertainment was in the home of Miss Ruth Bell at 1911 Avenue K and the house was decorated in cowboy fashion with candles stuck in bottles furnishing light. Cactus and baregrass further suggested the west.

Vivian Doss and Zada Mae Scott, dressed as cowgirls, sang and Mrs. Johleirah Beard played a piano selection. Chesley Bedford entertained with rope tricks and a game, "Westerners" was played with David Powell winning a prize. Punch was served in mugs.

See Modern Day.

From the Bell residence the group went to the home of Jean Shelley Jennings at 1016 17th Street and were greeted by Phyllis Pool, Priscilla Watson, Jean Shelley Jennings, Nina Opal Davies and Mary Frances Akard, dressed in rainbow colored evening gowns.

Miss Beulah Dunn played a violin solo, Robert Kornegay played a cornet solo, accompanied by Priscilla Watson at the piano, and David Powell sang several numbers. Mary Frances Akard played a piano selection.

Pineapple whip and angel food cake were served.

Those who attended the affair were Misses Evelyn Smith, Priscilla Watson, Mary Beth Sheeley, Sue Brown, Jean Shelley Jennings, Ethel Trammel, Ruth Bell, Mary Frances Akard, Gertrude Evans, Nina Opal Davies, Phyllis Pool, Vivian Doss, Zada Mae Scott, Mildred Clinton, Pauline Householder, Opal Dean Mosley, Maurine Jons, Maxine Bradley, Dorothy Lomax and Ethel Lawson and David Powell, Chesley Bedford, Prentiss Williams, W. R. Fickas, H. A. Castleberry, Charles O'Neall, Robert Karnegay and Kim Bertram.

GREEN-BLUE

The newest color to combine with navy blue for a street ensemble is green. A navy frock ensemble has its blue coat lined with green, almost in an emerald shade, uses a green suede belt, purse, and binding and trim on a navy felt hat.

OLD-FASHIONED BOW

A navy taffeta flecked in tiny silver diamonds has a pin-tucked sleeveless blouse of off-white chiffon with a large bow of the blue taffeta attached at the point of the V neck reminiscent of the pre-war blouse bows of dark velvet.

WASHING SWEATERS

Remove buttons and sew up buttonholes in sweaters before laundering them. They will not stretch if you do.

"Everybody Works For Lubbock"

That Slogan Has Been Followed Here And Is One Reason For City's Progress, C. Of C. Reports

EDITOR'S NOTE: This is the fifth of a series of articles bearing upon civic activities in Lubbock. The material is being gathered and the series written by Al Hill, of the Avalanche-Journal staff.

IF IT had been true, in Lubbock, that when any movement for development and expansion of the community, the burden were placed upon the shoulders of a handful of citizens—say, for instance, the officers and directors of the Chamber of Commerce—then the history of this city would have read not quite so interestingly.

What has made this city is "The Spirit of Lubbock." A definition of this is: "Everybody Works." Here is your cooperation of community again.

1925 Is Outstanding.

The year of 1925 was perhaps the most outstanding, in point of a number of important things secured, or started, than any year since the city was founded. In 1923, it is to be remembered, Texas Technological college was obtained.

Two years later, demand for a modern hotel had grown so very acute that nothing was to be done, except that Lubbock must have one. And it was obtained. More than $165,000 was subscribed by local men and women to make this adjunct to the city possible. Population then was only a little more than 11,000. Therefore, the raising of $165,000 was more of a task than it would be today. Attempts had been made for two or three years to interest outside capital in building for Lubbock a suitable hotel.

Big Job Is Put Over.

When the decision was reached that the job must be done "at home" or not at all, between 100 and 125 citizens got behind the project and put it over. Not in a single day, was this feat accomplished. It required 30 or 40 days. Lubbockites ate, drank, slept, dreamed, breathed and thought only of "hotel." Back of this campaign, as of the others, was that driving force of leadership and wise planning made possible only by a Chamber of Commerce.

The hotel campaign occured in the months of January and February, 1925. Just a few short months thereafter, in May, this same group of spirited Lubbock citizens that made the hotel possible—in two days time—raised more than $175,000 for the right-of-way, terminal facilities and station grounds necessary to induce the Fort Worth and Denver railroad to build to this point.

Denver Drive Success.

The securing of the Denver, from the standpoint of rapidity, was perhaps the most successful money-raising campaign ever put over in the entire state of Texas. It was done without any pre-publicity or weeks of public education about needs and benefits to be derived. It would never have been possible, without the organization perfected in the Lubbock hotel drive, as practically the same committees and identical general organization did it.

Negotiations for securing natural gas for Lubbock were begun in the latter part of 1925, with A. J. McMahan and associates, of Oklahoma City. Nothing of this preliminary campaign was given to the public, but the Chamber of Commerce was busy, nevertheless, and McMahan and a group of his engineers made a visit to this city in that year, making a survey which led to the ultimate laying of gas pipe lines from the Panhandle oil field. Gas was turned into the pipe lines here in October, 1927.

So, the obtaining of a modern hotel was another turning point in Lubbock's road to progress, to be followed by definite aim for natural gas.

B. C. D. Voted In.

The year 1925 marked a third forward stride when, on December 10, the citizens voted for the assessment of a 2-mill tax for the creation and maintenance of a Board of City Development.

Heretofore, finances for campaigns to better Lubbock, were secured by "passing the hat" to the fellows "around the square." Not every individual nor every business institution that profited by the city's expansion, in the way of increased sales and climbing values of their holdings, had paid their rightful share of the expense in building the municipality, under the old system.

Bigger the corporation, or company, or any class of business organization, naturally the greater benefit obtaining with growth of the community. But these concerns, many of them, were not supporting the Chamber of Commerce to any degree, financially. Some of them were. Yet, there were one-man stores, whose proprietors were contributing more actual dollars to upbuilding the town than some of the others, owned and operated by out-of-town capital were doing.

Burden Lifted From Few.

With the B. C. D. organization and voting of funds by taxation, the burden was lifted from the few and an equitable pro rata made possible upon all assessed property valuations. Increasing property valuations thereby increase the funds necessary to carry on the work of continual expansion and the endeavor at inducing more and bigger interests to locate here.

Lubbock is one of the pioneer cities in instituting the tax system of supporting its Board of City Development. Only a few cities in the entire nation now spell "Cooperation of Community" with B. C. D.

It was learned that the law restricts the uses to which tax-raised money might be put, and the old organization of Chamber of Commerce was continued. The same officers and board of directors administer the executive end of both organizations, and membership in the Chamber of Commerce are still being paid by "the fellows around the square."

Few things can be accomplished without money. With more money available now, without the drain on any few, this city has been doing and is doing greater things for continued upbuilding.

"The Spirit of Lubbock" has expanded.

Next Sunday's Avalanche-Journal will endeavor to give a review of the "Program of Work" outlined a few years ago by the Board of City Development. This program was made to run over a period of years—until accomplishments were achieved. It is interesting to see what has been done, is now being done and what is planned for the future.

Vaughan Renamed As School Head

(Special To The Avalanche-Journal)

BLEDSOE, March 2.—At a recent meeting of the board of education of the Bledsoe independent school district, Clovis L. Vaughn was re-elected superintendent of schools. F. A. Tupman was elected tax assessor for the district at the same meeting.

A fine spirit of school support is being shown by the people in this section. Although the enrollment of the school is not large, the requirements of the state department of education are being approximated both as to equipment and quality of work.

The band concert given here by the Lubbock high school band recently was greatly enjoyed. We were very happy to have them visit us, and we hope to have another program of this kind when opportunity affords.

New Test Being Planned On Ranch In Hockley Area

Total Depth Of 4500 Feet To Be Goal Of Latest Announced Well; Gaines Test Reaches 3500 Feet

A new test well for Hockley county is to be drilled starting within a few weeks, according to reliable information obtained yesterday by the Avalanche-Journal.

The well, planned for a depth of 4500 feet, has been located on the Bob Slaughter ranch in Hockley county. The drillers are to be McEkreath and Suggett of Fort Worth. Date for spudding in the test has not yet been set.

Activity in the few tests still being drilled in this part of the country has been somewhat slow during the past week. A report from the Boles well, near this city, showed that operators were still fishing for the string of tools lost there some weeks ago.

The Gaines county test of the Pure Oil Company, located twelve miles from Seagraves, has reached a depth of 3,500 feet.

The Brownfield test has been abandoned.

There is no report, locally, on the various tests being sunk in Lea county, center of the New Mexico development.

CHEESE SAUCE

Almost any vegetable, such as beans, cauliflower, diced turnips or the like, make a delectable luncheon dish if served hot on toast covered with a tasty cheese sauce.

More than a half million foreign birds were imported during 1928, a figure never before attained, according to he Biological Survey of the United States Department of Agriculture.

Thirty-Eight Boy Scouts Are Given Awards Of Merit

Fifty-Eight Badges Given In February Court Of Honor Friday Night; Troop Four Wins Contest

Thirty-eight Lubbock boy scouts received 58 merit badges Friday night, at the regular monthly court of honor held in the district court room at the courthouse. Seven scouts were promoted to second class, one to first class.

Preceding the awarding of honors, a singsong, led by Rev. L. G. H. Williams, president of the South Plains area council, was had, and following the awards several contests were held, which were in charge of K. N. Clapp, acting scout executive. In the knot-tying contest, troops 3, 4, 6 and 9 tied, there being only one other, troop 5, entered. Troop 4 won the signalling contest in competition with troop number 6 and troop 4 won the flint and steel contest against troops 8 and 9.

Officials Award Honors.

Judge Clark M. Mullican, Commissioner Clapp, Charles Crenshaw and George Dupree awarded the various honors, as listed below:

Scouts advanced to second class: Jack Smith, James Rice, Byron Brown, of troop 2; Jack Campbell, 7; Maynard Wynn, 8; S. M. Wilson, Edgar Bright, 9.

Scouts advanced to first class: Harry Blocker, of troop 4.

Scouts receiving merit badges: from troop number 2, William Davidson, scholarship and cooking; William Johnson, pathfinding and scolarship; Ward Garrison, athletics; Max Waghorne, cooking and automobiling; Wesley Doak, reptiles. Troop 3—John S. Ball, signalling and horsemanship; Charles Cobb, horsemanship; Vaughn Cautier, horsemanship; Stiles Roberts, reptile study. Troop 4—R. C. Douglas, woodcarving and pathfinding; Mason Jones, cooking and pathfinding; Maurice Hughett, music and reptile study; Buster Moxley, bird study and camping; Stanley Gunn, bird study and camping; Tom Everheart, horsemanship and animal husbandry; Frank Eaton, chemistry; Harold Dow, bird study; John Vickers, chemistry; Ordis Forbess, chemistry; Win Overstreet, gardening. Troop 5—Paul Warren, poultry keeping.

Troop 6—Carl Thorp, animal husbandry and reptiles; Sam Counts, personal health; M. K. Foster, animal husbandry and farm home planning; Garland Smith, reptile study; Lowell Armstrong, first aid; Billy Tubbs, first aid. Troop 7—Charles Rice, animal husbandry and pathfinding; Eugene Blue, woodcarving; Scoutmaster P. B. Williams, cooking. Troop 9—Cherrie Foster, swimming and cycling; Carroll McCasland, pioneering and woodwork; Roscoe Clark, woodwork and pioneering; Edgar Neal, bookbinding and woodwork; Sam Henry Jr., reptiles; Orvid Brock, cycling.

Ralph Brock, troop 6, and Max Waghorne, 2, were made star scouts. John Mast, 6, and John Vickers, 4, were awarded gold eagle palms. Ordis Forbess, 4, was given a silver palm. Eugene Adair, Boots Adkisson, of 4, were given silver and bronze palms. Billy Crenshaw and Charles Crenshaw, were given eagle awards.

Sweetwater Will Entertain Press

Publishers From Over West Texas Will Gather In Nolan County Town For Summer Session

(Special To The Avalanche-Journal)

SWEETWATER, Mch. 2. — National speakers and representatives will be on the program of the fourth annual convention of the West Texas Press Association that is to be held in Sweetwater on July 11th and 12th and plans are being made to entertain between 250 and 300 publishers.

The program committee consisting of Luther M. Watson, chairman, Sweetwater, Herschal M. Colbert, Sweetwater, George F. (Jimmy) Smith, Snyder, George Hill, Winters and Eddie Warren, Post, are formulating plans for one of the most elaborate—both constructive and entertaining—programs in the history of the association. A meeting is called for Sunday, March 3rd in Snyder where each member will give the "low-down" on something of interest for the convention.

Out of State Men Coming

Out-of-state newspapermen, as well as those from extreme northern and eastern points of the State, will be present for this West Texas event. The Chicago Tribune is first large paper to signify that they will have two representatives present, states Jimmy Smith, Snyder, and that the committee hopes to have many more present at that time.

President Bowen Pope, Hamlin, wants every publisher in the Southwest to know that he is especially invited, and that the Associations membership is open to all West Texas newspapermen.

Entertainment will not be forgotten either, according to Monte E. Owen, secretary of the Sweetwater Board of City Development, which is cooperating in making plans for the convention. Blue Bonnet Hotel has been chosen headquarters by the pressmen officials.

PADLOCK INJUNCTION UPHELD

FORT WORTH, March 2. (AP) — The padlock injunction law, an amendment to the Dean act, was invoked and upheld for the first time in Tarrant county today by Judge Frank P. Culver Jr., in district court. He denied a motion of Charley Posky to have an injunction against his property dissolved.

Tech Artists Course Is Discussed

Waghorne Bemoans Lack Of Patronage On Part Of People Of Lubbock; Robnett Sees Better Year Ahead

The Artists courses sponsored by the Texas Technological college, together with their hopes and aims, were discussed in brief by two faculty members and the publicity director of the college this week-end in short interviews in which they also expressed regret at not receiving stronger support from the Lubbock citizenry as a whole.

"We have built the course usually, around some well known singer or other artists," declared W. R. Waghorne, Tech music instructor, who further explained that "the student charge for the artists programs the first two years was nominal, while the last two years students have been admitted on identification cards which entitle them to attend the special numbers free." We have also expanded as we have grown older. We would rather spend a little more money, and have fewer and better attractions than to have a great number of low class attractions. We feel that the towns people generally do not support the artists courses as they should. It is much to our regret, and not to say disappointment, that more of the Lubbock citizens do not avail themselves of the cultural opportunity which is offered them through this avenue of the school. To our own way of thinking, this feature alone has built up Lubbock more than any other one thing. As we give more attention to the higher and finer things of life our populace will become better educated and grow in the things cultural. Our patronage is a little better each year, but it would be much better still, if the public could only realize what it is missing.

No Plans For Next Year

"We have no definite plans as yet, for another year," Mr. Waghorne explained, "But we probably will feature some outstanding violinists for the main attraction. There is no intention of making a profit on these artists programs though it costs money to bring them to our city. For comparison should we book such artists as John McCormack for an evening's entertainment, it would cost us $4,000. Amarillo is paying $16,000 for the appearance of the Chicago Grand Opera this spring.

R. Y. Robnett, member of the Tech English department, declared, "It is the intention of the college to bring to Lubbock as many outstanding artists as it can afford. No member of the committee however, wishes to be given any of the credit or praise for the success of these attractions. We hope to bring one of the "big" violinists here next year. This year and every year we have had the very best atteractions we could get for the money. Featuring the first of the artists courses this season was the Eddie Brown's Quartette; second, William Allen White, noted Kansas journalist.; third, Alberto Salvi, harpist, and Miss Ver Harr, presented here last week, with the famous Tony Sarg Marionettes coming here on March 15; Tolstoi, on March 30. Cyrena Van Gordon, great singer, will also appear here, Sousa's band was brought here by the college while not included in the artists course. Last year Frederick Ward, Shakespearian star, was presented along with other entertainers throughout the season.

Attractions Better

"The attractions have grown better each year," said Mr. Robnett, "While, considering everything the patronage has been only fairly good. For the public patronage we cannot speak, but the 50 clubs to which the student body belong, together with the entertainment offered by theatres and so on with the growing city and school seem reason sufficient to alter in a marked degree their patronage. The big numbers of course get the largest patronage.. This is the first year we have managed to "break even" on the expenses incurred. We are hoping to book for the artists course next year perhaps an outstanding singer, a scientific artist and one or two good lecturers, which might include such platform speakers as Josephus Daniels and others," Mr. Robnett, concluded.

Cecil Horne, publicity director for Tech, said "It is with the desire to help cultivate an appreciation of the things worthwhile that we offer to the faculty, student body and the public these attractions. We have had splendid numbers heretofore, but the appearance of Sousa's band, in the early part of this season, seem to us the feature of the year thus far. The entertainment offered these four years has all been high-class and up to the standard, with each year's programs growing better from the standpoint of general interest."

WOMAN MAKES BOND

Mrs. Mary Kerr Puts Up $750 For Release

Bonds of $750, in each of two cases against her for violation of the prohibition laws, were made Saturday afternoon by Mrs. Mary L. Kerr, it was learned from Sheriff Wade Hardy.

Mrs. Kerr was tried before a jury in the Seventy-Second district court here last week, the trial resulting in a hung jury, 11 of the men being reported as favoring conviction and one against.

INDEPENDENCE, Kan., March 2. (AP)—The Prairie Pipeline Company today announced total deliveries for the month of February as 5,203,883.72 barrels, compared with 5,914,554.59 barrels in January.

Better Habits Of Living Taught In Local Schools Gradually Improve Health Of Youngsters Of City

By BLANCHE E. BEAN
Avalanche-Journal Staff

Did you ever see a germ?

Well, he is a little animal with legs all 'round that crawls into the pores of your skin—an interesting fellow, according to one chubby youngster in the Central Ward school who has heard of germs in the course of his health studies. To this boy the germ was not a repugnant creature at all but an intriguing sort of thing. So he came up to tell his teacher about it.

The primary aim of education, good health, is growing in favor at the Central Ward school through a campaign which has been conducted during last year and this by Miss Mayme Alexander, health teacher, with the cooperation of other members of the faculty.

To Improve Living

Result of this campaign are seen in a livelier group of children, an improved morale and better habits of living among the majority of the students.

Weight was emphasized last year and cleanliness is the keynote of the program for this year while the four fundamentals of health—sufficient sleep, proper eating, exercise and cleanliness—are receiving attention.

An examination of children in the school more than a year ago revealed that there was too great a percentage of underweights and subsequent to that 110 girls and boys were fed milk and Graham crackers at recesses in an effort to increase their weight. Every child in the school was urged to eat proper foods and to form health habits.

Plan Meets Success

This plan met with such success that underweights have continued to be fed this year, and the number has dropped to 18 at this time.

"We did not suggest the plan this year, but the parents and children demanded it because it was so helpful," Miss Alexander said.

Everyone of the 450 children in the school comes under the supervision of Miss Alexander in the health work and honor rolls are published weekly from cleanliness charts maintained by the pupils—charts upon which each one records whether or not he has bathed daily, washed his teeth twice and other such items. Monitors in each room keep these records.

There were 93 on this honor roll the first week.

Promoting health is a sort of game for children in this school as interest grows among the students and for those who lack the spirit of play, there is the prompting of pride, as was indicated by a caller at the office of the school principal H. C. Bowlin, last week.

He'll Keep On Bathing.

"I'm getting sort of disgusted with this daily bath," the 15-year-old fellow confided to Mr. Bowlin, "but I guess I'll keep it up."

Contrasted to this youth was the younger child who made his little pilgrimages up to Miss Alexander's room to tell her of his newly discovered germ. This naive child, who is without a mother, has been the victim of sores on his neck and hands this year and teachers in the school have been dressing the wounds daily and assisting in healing the sores.

"You should be very happy to have these teachers looking after you so well," Mr. Bowlin informed this youngster the other morning while the early morning wound dressing was in progress.

"Oh, I am," the youngster contributed with all the cheer in the world, "but then, you know, everyone likes to help children!"

Heart Trouble Frequent.

There is a lot of heart trouble among these adolescents and exercises and stimulating baths must be watched, Miss Alexander said. Some of the children are barred from over-exertion during their "growing period," doctors prescribe cold baths as stimulants for some, while others may not take these baths.

The exercises given the children have been made very attractive through such names as "The Camel Walk," in which a laughable imitation of the unweildy creature is given. These exercises use the principal muscles of the body and are therefore beneficial without imparting that feeling of routine drudgery to the pupils, according to their teacher.

"We attempt to keep the pupils here from eating between meals, except the underweights, who are urged to bring fruits for recess, to drink plenty of milk and other nourishing foods," according to Miss Alexander. "In eating we attempt more to encourage proper eating than the amounts, and those who drank milk last year to gain are now continuing this food in order to maintain a proper weight.

Many Drinking Milk.

"Mothers of the children tell us that the boys and girls have now formed habits of better eating and many are drinking milk who would never drink it before," she said.

About two-thirds of the school students are drinking milk who would never drink it before," she said.

About two-thirds of the school students are entering enthusiastically into baseball and other games at recesses, the overweight children are playing hard to lose their excess flesh and harden their muscles.

"Better health is given these children a lot of energy which requires play and exercise. They are enthusiastic about their sports and, through their interest in health, they are improved in morals.

"A boy who can see no moral wrong in drinking or smoking will avoid these things when he realizes the harm they do to his heart or lungs. One can never tell a boy that his father is wrong—because every normal boy has his father for an idol—and preaching of the moral wrong of drinking never has much effect on a boy whose father drinks. But showing the boy the physical harm drinking may have on him makes an impression," Miss Alexander explained.

Miss Alexander and other teachers in the school do not feel that they have reached perfection in promoting health in the school but they do think that they are promoting a fundamental phase in the training of adolescent boys and girls when they are assisting them to form proper health habits now.

Stock Judging Team Selected

Squad To Represent College At Fort Worth Show Is Chosen After Final Work Out Held Saturday

The class in advanced livestock judging, at Texas Technological college, finished their final workout Saturday, at the conclusion of which the team was announced, members being picked from those making the highest averages for the term and for the contest. Saturday's contest was a strenuous one, involving the judging of beef cattle, hogs, sheep and horses.

The team, as announced, included, Robert L. Burdette, of Goldthwaite; Clarence Grable, Colorado; Frank May, Thalia; Paul Marr, of Stephenville; Davis Pounds, Acuff; W. E. Roane and E. E. Wright.

This group of men, with their coach, R. C. Mowery, will leave for Fort Worth on Saturday, March 9, and on Monday, March 11 they will participate in a collegiate livestock judging contest at the Southwestern Fat Stock Show and Exposition, in which they will compete with teams from Oklahoma A. and M. and Texas A. and M. colleges.

Texas Tech won this contest in 1923, and on February 25, this year at Oklahoma City, the Oklahoma A. and M. team won the judging contest there over Tech's team, only the two competing.

In the work-out Saturday, Prof. W. L. Stangel, head of the department of animal husbandry, and Dr F. G. Harbaugh, assistant professor of animal husbandry, and members of last year's judging team, assisted Mr. Mowery.

Monty-Ward Show Gets Good Crowds

In spite of a disagreeably windy day, the demonstration given Saturday by the Montgomery-Ward company, of their Golden Harvest feed mills, on the lot adjoining their store on Thirteenth Street, was a decided success in point of attendance. Big crowds were present almost at every hour during the demonstration, C. J. Meyers, manager of the store, announces.

The demonstration was given jointly with the Sherrod Brothers Hardware company, who furnished a Wallis tractor for operation of the mill. The exhibition showed the wide possibilities of the mill in grinding bundles, heads, corn on the cob, corn shelled, by crushing and pulverizing as fine as meal.

Legion Planning To Stage Minstrel

Lubbock members of the American Legion may not yet have learned "What Has Become of Hinky, Dinky Parley Vous," but they are learning how to put on a minstrel, at their nightly rehearsals now under way.

The Legion Minstrel will be given on the nights of Monday and Tuesday, March 11 and 12, with Dr. G. H. Ater, an old and experienced minstreler in charge of the offensive. The big show will be given in the high school auditorium with one of the best performances of its kind ever to be seen in the city promised as a certainty.

Monday night, tomorrow, the local Legion Post will meet at the Labor Temple building, 708 Thirteenth Street, for a short business session, after which they will resume rehearsals for the minstrel. Tomorrow night's gathering will take the place of the regular post meeting night, Thursday, and all members have been urged to attend.

QUIZ FALSE PAPERS

Arrests Echo Fraudulent Documents

BERLIN, March 2. (AP)—An attempt to sell to an American newspaperman fraudulent documents alleged to have come from the soviet government, today led to the arrest by Berlin police of the alleged forgers of the notorious documents purporting to show that United States Senators William E. Borah and George W. Norris had received bribes from the soviet government.

Police said they discovered a large plant equipped for forging Russian papers. The men held are Vladimir Orloff, former counselor of state under the late Czar Nicholas, and Michael Sumarokov, a former employee of the Ukrainian soviet mission in Berlin. Two others arrtesed as accomplices were freed.

KELLOGG CONTINUES

Will Work Until Successor Is Named

WASHINGTON, March 2. (AP) — Frank B. Kellogg has consented to continue his services as Secretary of State until his successor, Henry L. Stimson, can qualify, which will be around April 1.

APOPLEXY IS FATAL

SAN ANGELO, Mch. 2.—(AP)—A stroke of apoplexy suffered a month ago today caused the death of Mrs. Tom Nolan, wife of a prominent San Angelo rancher and oil man.

GUESSERS GET BUSY

PARIS, March 2. (AP)—The guessers began work today on the probable outcome of the deliberations of the second Dawes repaartions committee. The experts themselves were taking a week-end rest.

Be Cheerful While You Are Doing That Spring Shopping

LUBBOCK SALESWOMEN ARE ANXIOUS TO LEND THEIR AID TO BUYERS

An indefinable, immutable and it might be said unfathomable tie binds together such factors of existence as ham and eggs; ice cream and cake; mothers and children; shopping and spring.

Ah! Shopping and spring.

Down the street milady trips in her wrinkled winter coat, with the fur of its collar showing unmistakable signs of hard wear. But she doesn't mind, because she is visioning herself in the apple green georgette displayed in one window, or the tan and crimson kasha coat in another. She wears, figuratively, every attractive hat, shoe, stocking, dress and underthing that her eyes fall on in her stroll down town.

But the fantasy fades when she goes to buy these things. Clothes do have a way of costing, while the inelasticity and shrinkage of dollars is notorious. Consequently, many spring shoppers, torn between this conflict, finally arrive at the counters where they are going to actually buy, with rebellion in their hearts and criticism in their eyes.

Better Be Cheerful

Don't be that way, say the people who are going to do the selling. They are not a band in league with the devil to divide you from all your ready cash (and much of your prospective income). Get your mind in the attitude, instead, that you're going to find some things that will express your personality, that will put you in a pleasant frame of mind, be as easy as circumstances will allow on your funds—and keep you a friend everlasting to the large number of Lubbock salespeople who must help you choose your spring clothes, whether you're in a good humor about it or not.

These salespeople have some interesting advice for shoppers and prospective shoppers. When you enter a store just for idle looking, it might be well to state that fact, they say, and don't try the patience of the clerk by trying on the merchandise and handling it. In the routine that a clerk must perform, every customer must receive the same courteous attention for full eight hours.

"Don't regard the clerk as a piece of machinery," declares Miss Wadie Easley, who has found that selling hats requires a study of psychology, "but think of them as wanting to help you find a hat that will express individuality and personality. Make up your mind definitely as to color and type that you want and state those as well as the approximate price of the hat that you would purchase."

Some Rough and Sarcastic

"One especially disagreeable thing to me," according to Mrs. O. E. Turner, "is to have a customer handle the hats roughly, pull them on in any fashion regardless of lining."

This saleswoman declares that she likes to see people look their best, and this requires self-analysis and study, and above all the manner in which the garment is worn.

"Why, some people can put on a $1.95 hat and look better than some people who wear a $19 hat incorrectly," she states. Therefore it would behoove a woman to study the style of the hat as well as her own style and not resent suggestions.

Mrs. Nolan Hart, who sells hosiery, declares that Lubbock does not have many incorrigible bargain hunters in her experience. Her opinion of an ideal customer is one who is pleasant, but not overly humorous, who has a definite idea what she wants.

About Color Blindness

"You would be surprised at the number of people who are color blind and do not know it," she said. "They come to have a pair of shoes or some material matched and when shown the shade that we sell to match that certain shoe or material they think we are trying to fool them. They do not realize that different materials appear to be of a different hue when the same dye is used and persist, saying colors do not match."

"Have confidence in the clerk," says Miss Lela Kendall. "They don't want to cheat or defraud, but they are here to serve.

Shop Intelligently

"Take time to shop, shop intelligently, look for quality, style, and suitability. Remember that the saleswoman wants to make a regular customer of you and when you come back and ask for her, she considers it a compliment and strives to please. We are not here to dran the pocketbook to the sides,' she laughingly continued, "but we want you to leave well pleased and with the knowledge that you will be well dressed when you wear the garment."

"I would suggest that you find the salesman that can fit you properly and then make it a practice to go to him," explain James H. Kimmell, who sells shoes. "We don't object to taking a lot of time to show persons the stock in an effort to find what they need, for many foot troubles are formed through incorrect fitting," he declared.

The ordinary salesman has a horror of the person who delights in making a round of all the stores and wasting the clerk's time, according to a concensus of opinion, but these are compensated by the many who come, find what they want and leave satisfied.

With these few sugestions from those who sell hats, hose, dresses and shoe the ordeal of shopping may be lessened if customers apply a little psychology on themselves, and substitute the image of a helpful, reasonably interested clerk for that of an ogre with itching palms, spring shopping may lose some of its painfulness.

Divorces in England and Wales work out roughly at one in every 100 marriages. In the United States one marriage in every ten ends in the divorce court.

So much freight has been airborne between London and Berlin recently that special "air lorries" are under construction. These planes will not carry passengers.

When Our Matrons A-Shopping Go!

Young Mother Hears Judge Pronounce Sentence For Pro Law Violation

Mrs. Velma Martin Gets 5-Year Suspended Term For Charge In Local Court; Practice Of Selling Booze Is Denounced Bitterly By Pharr

With moist wide-open eyes staring from beneath a mask as motionless as grey putty, a 25-year-old mother of two children stood before the bench in a partially filled courtroom. Her hands twitched nervously as she awaited for a serene judge to sentence her to the state penitentiary.

She was Velma Martin, convicted of violation of the prohibition laws by a jury in the 72nd district court and sentenced to five years in the penitentiary—the sentence to be suspended during good behavior.

Pharr Denounces Practice

"The lowest, sorriest thing any person, white or black, man or woman, can do is to monkey with the damnable liquor traffic." Judge Homer L. Pharr said yesterday in pronouncing the sentence on the young woman. "The time is coming", he continued, "when women can not come to court and hide behind a sob story. The law applies to all alike and a woman who violates the law should not expect lieniency from a jury merely because she is a woman and because she has children."

The emotionless face of the attractive young woman changed into a tear-streaked visage and she sobbed audibly as the judge charged her to go to her two small children and conduct herself as a woman and a mother, setting the proper example before the youngsters.

"It is squarely and wholly up to you and if you disregard this sentence, you will not be allowed to ask for a suspended sentence next time. Six members of the jury that recommended that your sentence be suspended wanted to confine you in the state penitentiary for five years, and they had a right to do so."

Pleaded Guilty

Mrs. Martin pleaded guilty to the liquor violation charges and asked for a suspended sentence. Her mother, Mrs. Marl L. Kerr, went on trial earlier last week on the same charges. The case resulted in a hung jury, eleven favoring conviction and one favoring acquital.

"It is not a pleasant duty," the judge explained, "to try a mother of two children on a bootlegging charge, but the duties of a court are laid down by law and must be carried out." He advised her to get a Holy Bible and to read it to herself and to her children, and to abide by its teachings.

PLAN SEXPANSION

J. A. Forbes, of Fort Worth, assitant territorial display man for Montgomery Ward and Co., was in Lubbock Saturday for the purpose of planning for additional fixtures to be placed in the company's branch store here.

P. T. A. OBSERVES LINCOLN AND WASHINGTON BIRTHDAYS

Friday evening the members of the Parent-Teachers association met in the high school for a social hour, and after a short business session the group retired to the gymnasium.

The gymnasium was cleverly decorated with patriotic colors and Lincoln and Washington cutouts made by the primary pupils.

Rev. Geo. Turrentine led the group in community singing. Kathryn Jones and Frances Barton gave readings.

Following the program, all were asked to join in a number of snappy games. The spirit of play was certainly evident. After the games the guests were invited into the dining room where they were graciously served by Mrs. J. S. Hilliard and Mr. M. M. Brittain and several of the home economic girls.

PRESBYTERIAN AUXILIARY

Mrs. Tauchon was hostess to the ladies of the auxiliary in her country home Tuesday afternoon.

This was the annual meeting and election of officers for the coming year was held as follows:

Mrs. Doc Miller, president; Mrs. N. A. Douglas, vice-president; Mrs. Chas. Barber second vice-president, Miss Lulu Hubbard, third vice-president; Mrs. Joe Chitwood, secretary; Mrs. E. A. Bills, treasurer; Mrs. Ray Jones, chairman of associate members; Mrs. Underwood, secretary of literature.

Mrs. W. O. Stockton had charge of the devotional. The lesson was pertaining to missionaries and articles were read from "Women and Missions," by Mrs. Lee, Mrs. Wynn and Mrs. Stockton.

Lovely refreshments of sandwiches, date nut pudding, and hot chocolate were served to the following members.

Mesdames ,W. O. Stockton, Bob Smith, F. G. Sadler, J. W. Parcher, Irwin Miller, Sid Hopping, J. S. Hilliard, N. A. Douglas, M. V. Cobb, Joe Chitwood, E. A. Bills, Chas. Barber, Trowell, Underwood, H. W. Wiseman, Wynn and Leach.

CHAMEBR OF COMMERCE MEET

The regular membership meeting of the Littlefield chamber of commerce met Tuesday at the college cafeteria. The meeting was a most interesting one, as to number present and interest taken in the affairs of the organization.

Texas Notables To Extend Invitation For Hoover Visit

Morris Sheppard, C.B. Hudspeth, Creager, Cutting, Hendrix, Goen, Standefer And Others To Appear

(Special To The Avalanche-Journal)

STAMFORD, March 2.—Senator Morris Sheppard, Congressman C. B. Hudspeth, Dr. Hendrix, representative of El Paso, Senator Cutting, representative of New Mexico, the Hon. R. B. Creager, National committeeman, U. S. Goen, representative of New Mexico, and Pres. J. D. Sandifer of Simmons are a few of the notables who will be present in Washington during the inauguration to carry President Hoover an invitation extended from Governor Moody to attend the eleventh annual convention of the West Texas Chamber of Commerce.

The invitation will be extended shortly after the inauguration when the Simmons Cowboy Band, official band of the West Texas Chamber of Commerce, which is making the trip in a body for the purpose, will play on the White House lawn.

Caldwell to Present Bid

Judge C. M. Caldwell, of Abilene, well known throughout West Texas will formally present the invitation as the representative of the West Texas Chamber of Commerce.

The invitation addressed to President Hoover, dated March 5, gives a brief discription of the purposes of the regional organization, and is signed, "Your obedient servant, Dan Moody." The last paragraph reads:

"Representatives have told me that invitations to attend this meeting will go to you from the people of El Paso, from New Mexico and from generally over West Texas. They will recall to your mind the fact that on one occasion President Taft met the President of Mexico on the International Bridge between El Paso and Juarez. They are anxious that you shall attend this convention and I write this letter to join in their invitation. It is sincerely hoped that it will be possible for you to visit Texas on this occasion."

Judge Caldwell will also present the concurrent resolution of the Texas Legislature extending the President an invitation to the convention.

Hoover To Be Asked To Dedicate Monument

(Special To The Avalanche-Journal)

STAMFORD, Mch. 2.—U. S. Goen and Dr. Hendrix, well known men of El Paso, are to meet Judge C. M. Caldwell of Abilene, in Washington after the inauguration to extend President Hoover an invitation to be present at the seventy-fifth anniversary of the Gadsden Purchase, and unveil the monument at Mesilla where in 1854, the American flag was first raised signifying government occupancy of the Gadsden Purchase.

It is thought that this can be made of tremendous international historical interest and a good argument for President Hoover coming. The date for the Gadsden Purchase celebration will be the same as the dates for the eleventh annual convention of the West Texas Chamber of Commerce, and will be changed if necessary for the convenience of the president.

Purchased for $10,000,000

The Gadsden Purchase, made in 1853, was a purchase of land from Mexico for a consideration of $10,000,000. This land comprised large portions of the states of New Mexico and Arizona. The purchase of all this territory was signified by a ceremony held in July, 1854, at Mesilla, a town just east of Las Cruces, where the American flag was first raised.

It is hope dthat the president will feel it almost a duty to attend this ceremony and assist in commemorating the tremendous achievement of one of his predecessors, viz. President Millard Fillmore, who concluded the Gadsden Purchase.

Man Seeks Second Divorce From Wife

In seeking his second divorce from the same wife, one husband states, in his petition for a divorce, as filed Saturday in the district court, that during their first marriage, "She began to conduct herself unconventionally and in violation of the rules of good society." He states she told him she did not love him and began to receive attentions from one or more other men; that her conduct became so outrageous he was forced to abandon her.

He secured a divorce in 1922. After this, she gave birth to a child, professed repentance of "Her wrongful ways" and, for the sake of the child they were married again. To this second union, two children were born. Then she changed again, leaving home in their automobile and giving clandestine attention to other men; wrote cold checks; neglected the children, and then left home with their two children. He seeks custody of the children, as well as the second divorce.

DAMAGE SUIT FILED

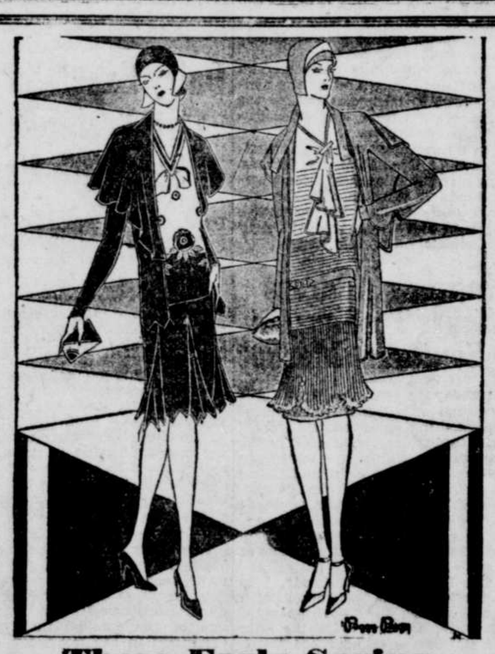

Crews Seek Recovery Of Insurance Policy Here

A suit for $3,000, alleged as being due for an insurance policy on Mrs. Mary E. Crews, was filed in the Ninety-Ninth district court here yesterday, against the American Insurance Union, by W. V. Crews and W. F. Crews.

The plaintiffs claim that because of a tital disability clause in the policy in question, premiums on it were automatically taken care by the company when Mrs. Crews became totally disabled, and that following her demise, in December, 1923, the company has refused to pay the amount of the policy.

An average of 1000 canaries a day were imported into America in 1923.

After hanging in Thundersley (Essex) Church for 340 years, a bell has been taken down and dispatched for recasting to the same London firm which cast it in 1588.

These Early Spring Frocks Are Dedicated To Youthful Chic

Peggy Paige

sends her devotees to tea or bridge in frocks that are strikingly individual. Interesting to note are the graceful capes featured on these two ensembles which will be so smart this Spring.

Prairie Dog Extermination Drive Opens Tomorrow

Finish Fight Against Pests Will Waged In This County; To Work Entire Areay By Way Of Districts

Campaign Starts Monday In Northeastern Portion; Farmers Are Uuged To Secure Poison

The county-wide prairie dog extermination campaign, scheduled to have started Friday was delayed until tomorrow at which time County Agent Dave F. Eaton and his helpers will launch a drive by which it is hoped to entirely rid Lubbock county of these pests which do such vast damage to crops of all kinds.

The county will be worked by precincits. Monday work will be principally in that part lying north of the Crosbyton branch of the Santa Fe and east of the Plainview highway, Next, the part of the county west of the Plainview road and north of the city will be worked. Later will come the southeastern part of the county, down the canyon and near Slaton, and list will come the southwestern district of the county.

Grain Is Poisoned

A large amount of new grain is being poisoned and will be available early next week.

Precinct commissioners and helpers will work with the county agent in the move, which has met with a good response on the part of farmers throughout the county.

"We are going to try to positively exterminate the prairie dogs, not merely cut down their number" Mr. Eaton said, yesterday.

Farmers may best cooperate by calling for their supply of the poison, and by locating the prairie dog dwelling places or "towns" in order that the agents may not be retarded in their work.

The entire campaign is expected to consume about ten days or two weeks.

Bull Market Trips Over Heavy Profit Takings Saturday

Technical Position Weakened By Persistent Driving Of Shorts To Cover; Scores Of Shares Lose

By CLAUDE A. JAGGER
Associated Press Financial Writer

NEW YORK, Mar. 2. (AP)—The new "Hoover bull market" tripped over heavy profit-taking today and gave up part of the week's sharp advance. The market's technical position had been weakened by the persistent driving of shorts to cover, and the normal week-end profit-taking, swelled by overnight news developments bearing on credit, quickly sent the market into a sinking spell.

Scores of important issues lost from 1 to 5 points, and Adams Express, which had gained more than 85 points in the past two sessions, fell back 24. Trading was fairly active, total sales running to 2,473,480 shares in the two hour session. The Associated Press price index for 50 industrials sagged less than a point from yesterday's new high.

The increase in the Dallas rediscount rate, announced last night, was regarded as a logical, as its reserve ratio had fallen to 58 percent, the lowest of the system, and this is the season of expanding agricultural demands in the southwest. Bankers were inclined to the opinion, however, that the New York reserve bank would be forced to act if the firming of commercial paper rates noted this week is permitted to continue.

The days news was rather meagre, but continued favorable. Alfred P. Sloan, jr., president of General Motors, said that the company's first quarter unit sales will exceed the same period last year and net earnings should make a favorable comparison.

Radio sold down more than 11 points at one time, but cut its loss in half at the close. Allied Chemical, American Railway Express, Baldwin Locomotive, A. M. Byers, Columbian Carbon, Commercial solvents, Nation Cash Register, Industrial Rayon, and Wright Aero were among issues losing from 3 to 7 points American Can, Advance Rumely, Johns Manville, and International Harvester sagged a point and more.

U. S. Steel lost more than three points, but some of the independent steels again broke into new high ground for the year. Coppers generally were steady.

In the rails, Buffalo and Susquehanna, a comparatively inactive stock, jumped 21 1-2 points to 85 in a small turnover. Missouri Pacific again touched a new high.

Burroughs Adding machine mounted nearly 5 points to a new top, and American Type Foundries, Crosley Radio, General American Tank Car, and Otis Elevtaor moved up 2 to 5 points.

Foreign exchanges were quiet.

Eagle Rock Men To Pay Visit To City

An Eagle Rock airplane and representatives of the Alexander Aircraft corporation of Denver, which manufactures these planes, will be in Lubbock Monady in connection with a survey of a possible air route through this part of the country.

The plane will be at the temporary landing field northeast of the city.

The plane will pick up A. B. Brown, formerly of Lockney, and now of Lubbock, at Lockney and bring him on to this city.

FARM NOTES

Spring range should not be utilized too early in the season. If it is grazed too soon, not only is the production of a good crop of feed prevented, but cows may become so poor that they fail to get into breeding condition during the year.

Sudan grass is not exacting in its soil requirements, but it likes warm weather during its growing season. This grass, which makes good hay and summer pasture, needs a rather firm seed bed. Spring plowing is preferable, as a cool soil delays seed germination.

Heavy poultry breeds, such as Plymouth Rocks, Rhode Island Reds and Wyandottes, should be hatched not later than the middle of April. Leghorns and similar breeds should be hatched by the first of May in the north, and the first of April in the south.

Apple powdery mildew appears in winter or early spring in the form of gray or silver growth on apple shoots or twigs, and if, as far as practicable, these infected growing shoots are pruned out before the growing season it will be much easier to control the mildew later on by spraying.

The question of raising one or more litters of pigs a year is always a moot point. Three litters every two years probably is the best plan for the average farm and will show the most profit in the end. If the pigs are allowed to suckle for 10 weeks, as they should be, a good sow easily can average three litters every two years.

It is easy to test the germination of red clover seed and avoid sowing poor quality. If 100 or 200 average seeds are counted and kept on a plate between pieces of moist cloth or blotting paper at room temperature, the seed should begin to sprout in three or four days, and in a week germination can be determined. Good seed should test above 90 per cent.

Certain species of wood, such as sugar maple, yellow birch, white and red oak, red gum, black cherry, basswood and osage orange, that often make weak points when gued into furniture or other articles, will make stronger joints if treated with caustic soda before being glued.

If water is piped into the poultry house and the flow so arranged that the water runs a drop at a time, the fowls will have a continuous supply of fresh water and a great amount of labor will be saved.

West Texas Cattle In Best Condition

Livestock Status Was Never Better; Prospects Good For Excellent Crops In This Part Of State

FORT WORTH, Mch. 2.—Livestock conditions in West Texas were never better for this period of the year and prospects are bright for good crops, both of which will be beneficial to attendance and exhibits at the Southwestern Exposition and Fat Stock Show which opens next Friday night, according to John P. Lee of San Angelo. Lee, manager and ringmaster of the exposition livestock divicion, spent Friday in Fort Worth in conference with Manager John B. Davis.

He will leave tonight for San Antonio to attend the International Exposition, after which he will return to Fort Worth.

"Cattle have fared well this Winter," Lee declared. "Up to a few days ago it was getting dry in some sections but the recent rains have put the ground in good condition.

'Looks like the best year yet from a livestock standpoint." Lee declared after reviewing the increased entry lists. "The stalls are all taken for the individual classes for which the entries have closed. Indications are that all the pens will be used for the carlot division in which entries will not close until Monday midnight."

Lee said there is a great deal of discussion in West Texas regarding the exposition and that it will be well represented this year. He said practically all of the animals entered at the San Antonio show will be sent to Fort Worth for the Fat Stock Show. He said at least one special train will be required for the movement of the livestock from San Antonio to this city.

Advocates Industrial Farming

Wheat King Back From Journey In Russia

BY FRANK I. WELLER
Associated Press Farm Editor

WASHINGTON, March 2.—In the vast wheat fields of Ukraine, Thomas D. Campbell, the world's biggest wheat farmer, has seen an opportunity for Russia to become the largest exporter of agricultural products on the globe.

He told the soviet government as much; and it offered him the job, all the money he needed and 15,000,000 acres of land. But Campbell came back to operate his grain farm of 100,000 acres at Hardin, Mont., and reiterate his contention that there is no industrial opportunity, in the United States equal to the opportunity in industrial farming, and that in no other business will a capital investment earn as much money over a period of ten years.

Officials of the soviet union, has asked Campbell to give their agricultural experts a few pointers on large-scale, farming, Rykov, chairman of the council of peoples commissioners, is convinced that the backward, individual farm methods of the peasant are responsible for his economic position and Russia's failure, to feed her own people. Campbell recommended tractors and combines and the operation of larger land units.

Campbell places prime importance in the size of the farm, regardless of the region in which it lies. In his Montana experience, he has found that 2,000 acres is the minimum acreage that can be operated economically. Even at that, he says, a dollar an acre is about all a farmer can average, In Iowa he places the minimum economic unit at 640 acres.

"That means," he explains, "you can take almost any four quarter-section farms, make one 640-acre farm, eliminate almost three sets of buildings and almost three groups of equipment, and afford to pay a manager $2,500 to $3,000 a year and the overhead will not exceed $5 an acre. You start with success written in the first line, because you have efficient management, you have a man with brains and ability to do the job, particularly if he is an engineer."

Campbell says there is no one thing as big a factor in solving the farm problem as the use of engineering, and management in the cost of production. He has developed a way to dry the surface moisture of wheat, thereby making his fleet of combine harvesters more efficient. He says the farmer must have different kinds of tractors, and that development of a Diesel motor for tractors is as "inevitable as sunshine."

Pointing to the fact that the modern plow share made of crucible steel has to be changed twice a day because it gets dull so easily, he recommends a plow share made of high speed tool steel for use on tractor-drawn equipment.

Whatever or wherever the farming enterprise, Campbell insists, that to yield the greatest profit it must be planned and operated with the same business foresight responsible for the success of commercial industries.

SAN ANGELO $230,000; LUBBOCK $500,000

SAN ANGELO, Mar. 2.—Permits for buildings in San Angelo during the month of February totaled $230,235 for 61 permits, according to records on file in the building inspector's office.

No fewer than one million street accidents, 40,000 of them being fatal, occurred in England in the ten years from 1918 to 1928.

Poultry Dealers Lose Millions By Misuse Of 'Cull'

Seek New Term To Designate Non-layers Removed From Flocks For Sale As Meat

(By Associated Press)

NEW BRUNSWICK, N. J., Mar. 2.—Blaming the misunderstood term for the loss of $3,000,000 during the summer of 1928, poultrymen are seeking a word to replace "cull" as applied to a fowl removed from the flock as a non-layer and sold for meat.

Prof. Willard C. Thompson, poultry husbandman for the New Jersey agricultural experiment station and a member of the National Poultry Council's committee on terminology, says the consumer discriminates against anything termed "cull," whether it applies to apples, potatoes or fowls. Ordinarily, he explains, culls of any product are inferior grades and as such should, and do, bring lower prices on the market. This condition, however, does not apply to "cull" poultry.

Poultrymen of the modern school, Thompson says, cull their flocks periodically, which is a short way of saying they remove the non-layers. From the standpoint of meat quality, such birds usually are better eating than a hen that is in the full flush of production and birds that have become thin as a result of laying a great many eggs.

But as "culls" they are passed on to the middlemen and to the consumer. All, misunderstanding the term, are suspicious and price discrimination follows.

In its aggregate cost to the poultrymen of the nation, he declares, this discrimination has become serious and it threatens to become even more costly. His committee hopes to find a term that will carry no connotation of inferiority.

Hoover's Address Spurs Trading On Southern Market

NEW ORLEANS, Mar. 2. (AP)—Anticipation of passages in President Hoover's inaugural address favorable to business and good textile reports speeded up late trading in the cotton market today and rallied values 7 to 8 points from an earlier decline. May contracts advanced to 19.88 and closed at 19.87, or 7 points net higher. The general market closed steady at net advances of 4 to 7 points.

The market opened steady, 1 to 3 points up. This was considered a poor response to the firmness in Liverpool. A flurry of buying after the start, however, advanced March to 19.65, May 19.83 and July 19.90, or 3 points above the previous close.

This opening gain was soon lost in the usual week-end liquidation and March eased off to 19.60, May 19.80 and July 19.87, or 3 to 5 points down from the early highs and unchanged to 2 points down compared with the previous close. Offerings appeared absorbed at the setback and favorable textile news and expectations of expressions favorable to business in President Hoover's inaugural address brought out a good demand which carried March up to 19.67, May 19.88 and July 19.95, or 7 to 8 points up from the lows. Final prices were at or near the top.

It was announced after the close that Secretary H. G. Hester of the local exchange would issue his fertilizer report before the opening of the market Monday.

Receipts 11,034; for year 8,398,623; last year 7,192,359. Exports 14,171; for year 6,104,641; last year 5,153,783. Stocks 2,020,275; last year 2,011,626. Stock on shipboard 147,574; last year 110,083; Spot sales 8,860; last year 14,230.

NEW COMBINATION

An interesting black lace dinner gown combines long, tight sleeves from which a bolero of lace swings.

DARK PRINTS

Printed chiffons on dark backgrounds, such as brown, black, navy and raspberry, fashion some of spring's frothiest evening frocks. Tiers, flounches, shirring and swinging panels are features.

Work Progresses On New Home For Area Dairy Show

Second Annual Panhandle-Plains Exposition To Be Held At Plainview Early During April

Construction work is progressing rapidly on the permanent home, at Plainview, of the Panhandle-Plains Dairy show and all is in readiness for this second annual sectional event, to be staged April 1, 2, 3, 4, and 5.

Final touches to plans were applied at a meetin gof the show's directors held last week at Plainview.

Officers: D. F. Eaton, president, Lubbock; O. L. Stansell, vice president, Floydada; Maury Hopkins, secretary-treasurer, Plainview

Directors: Jim Lipscomb, Hereford; R. C. Nicholls, Tulia; O. L. Rutherford, Hereford; S. J. Payne, Tulia; T. L. Shepard, Hale Center; S. J. Underwood, Hale Center; W. A. King, Floydada; J. T. Miller, Lamesa; E. W. Hester, O'Donnell; Geo. P. Grout, Panhandle; H. A. Ferguson, Amarillo; T. M. Moore, Canyon; H. B. Hales, Amerallo; R. J. Newton, Dimmitt; W. L. Butler, Lelia Lake.

Directors: Knox Parr, Post; S. A. Debnam, Levelland; C. E. Merrell, Shallowater; C. C. Stinson, Wellington; R. B. Davis, Brownfield; J. L. McCullough, Seagraves; S. W. White, Meadow; E. R. Duke, Channing; J. E. Ware, Friona; C. C. Willis, Snyder; W. L. Stangel, Lubbock; P. C. Bennett, Amarillo.

Farmers Rush To Combat Dry Wind

Hasten to Break Sod Before Moisture Dried Out By Seasonal Winds; Enough Season For Planting

Although the dry winds of the past several days have served to take much moisture from the soil, farmers of this vicinity are exerting every effort to counter-act this ill effect by getting their land broken as speedily as possible, according to word today from offices of the Lubbock county agent.

"The winds are expected this time of year and if farmers get their land broken speedily, there will be enough moisture left to insure a crop" Mr. Eaton the agent, added.

A small amount of picking is still going on in the county although practically all of the cotton has been gathered up to date.

Almost unanimous favor is meeting the county-wide terracing campaign recently inaugurated by Mr. Eaton and John Patterson terracing expert, formerly of Idalou.

Dairy Expert In City Yesterday; Sees Tech Herds

Prof. George P. Grout From Tulia Brings Two Boys' Teams Here; To Enter In A. and M. Contests

Prof. Geo. P. Grout, director of the vocational agriculture work in the Panhandle schools, was in Lubbock Saturday with two of his boy teams working on dairy cattle at Tech preparatory to entry in the dairy cow judging contest at A. and M. this spring. Prof. Grout is one of the outstanding dairy experts in the country, having been for several years assistant professor of dairy husbandry at the University of Minnesota and for five years he was head of the dairy department at Texas A. and M.

Prof. Grout has a large farm near Tulia and is interested in the development of Jersey and Guernsey dairy cattle in the Tulia and Panhandle sections. He has developed one of the greatest families of Guernseys in the world for which he is known not only in America but abroad. While getting together the foundation for the Jean Du Luth Guernseys he selected a purebred cow from a neighbor, buying her as a caf for $125. From this cow he bred the great Cornet family of Guernseys which is known all over the United States, This cow, her immediate sons and daughters, have sold for $37,500.

Prof. Grout while at the college yesterday greeted a number of old friends, including Dean A. H. Leidiegh, W. L. Stangel, Ray Mowery, C. H. Mahoney, and others. He was amazed at the growth of Texas Technological college, not only in the matter of fine new buildings but in faculty and organization of the many departments of the school He especially complimented the work being done by the school of agriculture.

The following boys were in the party, all from Panhandle: Frank Rorex, Newland Williams, Nelson Ellis, Harry Garretson, J. C. Line, Jack Conner, and Edward Cleek. They worked some Jersey herds at Hale Center Friday afternoon before coming to Lubbock.

Trees are signals for motorists in the region about Kingston-on-Thames, England. Two poplars mark a road turn, and four a crossroads.

Fifteen new hotels have been opened in Paris since 1925; six of them having more than 250 bedrooms each.

Champ Gobbler

There's a reason for the arrogant pose assumed by this turkey. He's the All-American champion and his owner is Mrs. Ray Andrews, of Lakota, N. D., first president of the "Turkey Hen Club," an organization of women who raise turkeys.

TRI-COLOR SCARFS

The tri-color idea is excellent for style this spring, when it comes to accessories. An enlivening addition to a suit or frock is a long narrow scarf that uses navy blue, maple leaf tan and emerald green.

Tight hats, worn by women of today are likely to result in baldness becoming as common among them as it is among men.

Shrubbery More Valuable To Farm Home Than Flowers, Jones Asserts At Home Demonstration Council

Large Lawns Impractical For Rural Residence, Club Women Hear At Session Held Yesterday

Shrubbery is more valuable about the farm home than are flowers, Don L. Jones, superintendent of the agricultural exepriment station located east of the city, told the County Home Demonstration culb council at its monthly session held in the district courtroom yesterday.

Mr. Jones was the principal speaker at the meeting.

"I wouldn't have a flower about my yard." Mr. Jones said, modifying the statement by saying that he would have a separate flower garden located elsewhere.

He gave demonstrations of tree and shrubbery planting as it may best be applied to farm home beautification. His talk was well illucstrated.

Mrs. A. R. Pendley of the Carlisle community, president of the home demonstrated club council, presided over the meeting.

Plan New Well In Cochran County

BLEDSOE, March 2.—A Mr. Sutton has contracted to drill a second well on the Slaughter lease eight miles southeast of Bledsoe. It will be near the site of the first well. The contract calls for a 4,500-foot hole. A standard rig is being set up at present.

Feed Mill To Be Built At Idalou

(Special To The Avalanche-Journal)

IDALOU, March 2. — A modern and commodious feed mill is to be constructed at this place in the near future by Middleton Brothers, former citizens of this town but now of Tankersly, town near San Angelo.

The mill is to be located adjoining a grist mill now owned bythe Middleton brothers.

Surpassing Values in Airline Radios

You have this opportunity to buy an Airline Radio containing every worthwhile improvement at prices much below the market value. One dial tuning, marvelous Dynamic Speaker, A. C. light socket operation makes it the leader in the field. Come in and hear it.

THE BEAUTIFUL
SPANISH MODEL
8 Tube Electric—Dynamic Speaker

There is no limit to the range, no elusive note that is lost, when you have a Utah Dynamic Speaker combined with this 8-tube all electric set. Encased in an exquisite Tudor cabinet of glossy walnut. A truly amazing value!

$125

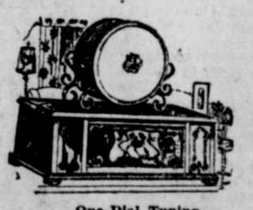

HIGH Boy Cabinet
8 Tubes. A. C. Dynamic Speaker

All the best features of Radio achievement are embodied in this all electric Airline—clear mellowness of tone, distance, selectivity, simplicity of tuning. The distinctive Highboy cabinet of polished walnut is unusually lovely. Priced lower than ever before.

$160

AIRLINE TABLE MODEL
6 Tube Battery Set, Cone Speaker

An all electric table model, amazingly low priced, yet of the finest modern construction—a set that will bring you hours of pleasure. It has simple one dial tuning, the utmost power, range and realism. Encased in a richly finished walnut case that is pleasingly compact for use in the modern home.

One-Dial Tuning

$76

EASY TIME PAYMENTS

$10 Down Ward's Time Payment Plan makes it unusually easy and convenient to own this Airline Radio.

Myrick Farms Represent Example Of Success In Diversification; Modern Methods Only Used In Farming Work

Power Farming And Scientific Methods Paramount In Organization; Breeding Of Stock Is Studied

Perhaps the most interesting farm on all of the great expanse of the South Plains, in point of diversification, power farming, and continual efforts at improving methods utilized, is that of the Myrick Farms located northeast of Lubbock, on the old Spade ranch.

The farm proper covers about 16 1-2 sections, or more than 10,000 acres, practically every acre of which is tillable. The land is ideally rolling topographically and typical in soil to a great deal of the South Plains land.

Prepare 7,500 Acres

This year the farm will have around 7,500 acres in cultivation, several sections now being prepared for planting. Of this acreage, there will be 2,000 acres planted to hegari in one block, which is probably the largest single tract on the Plains put to this grain sorghum. There will be 2,300 acres in wheat.

In preparing the raw lands to cultivation, and in plowing some of that already put to cultivation, several different methods of plowing are being experimented, from a few inches depth to a dozen or so. Power machinery is utilized extensively, disc type plows cutting the sod deeply and, in one field, at the rate of 30-feet swathes at a time, where three ten-foot lengths of one-way plows are in use.

Although there are numerous head of dairy cattle, sheep and other animals on the farm, the most interesting part of it, and probably what has become as successful as any other, is the success attained with the raising of poultry. This includes chickens and turkeys, on a larger scale, and geese.

Poultry Farm Extensive

The poultry farm is almost a full mile in extent, with ample and modern buildings, well-fenced divisions and their own hatchery. Capacity of the hatchery is 44,000 eggs every 21 days. Three of the latest type, electrically-operated, automatic incubators are used. One is a Jamesway, section type, with 12,000 egg capacity, the others being Buckeyes, both of 16,000 capacity.

A brooder, operated automatically, has a capacity of 12,000 chicks, and is part of the building housing the incubators. This plant could well be called a chicken factory, and in handling 5,000 chickens this season there has been less than a three per cent loss, after hatching. Pullets are taken from the brooder when five weeks of age, while the roosters destined to go on the market as broilers are kept therein until they reach about eight or nine weeks of age, never having touched the ground from the day they were born. There are only five of these kind of plants in the state of Texas this being the fifth one to be installed.

Building Up Own Strain

The Myrick Farms have for years been building up their own strain of the Beall strain of Tancred White Leghorns. From year to year, complete records are kept of the pedigreed hens' production, all of which are trap-nested, and no eggs are kept for hatching unless they are from hens possessing at least a record of 200 eggs or more per year. One hundred pedigreed hens have been trap-nested, the roosters in use for breeding being from 270 to 309 egg production records.

The most unique thing of the poultry farm is the plans being made now for running 250 turkey hens, one-acre pens being fenced off with high wiring at this time. There will be 29 of these acre pens, about 10 hens to the pen to be run. All turkeys are of the bonze variety. The Farms have been raising turkeys by incubation on a fairly large scale heretofore, but with this larger procedure and the hatching accompanying, this will undoubtedly the the largest single turkey production farm in West Texas. Last year 123 turkey hens were raised.

Texas Livestock Values Unchanged

FORT WORTH, Mar. 2. (AP)—Salesmen in the cattle division of the livestock market today sent their supply to the scales with tickets at unchanged values from those paid yesterday. No straight loads included in the day's trading and the usual light Saturday supply was made up of mixed lots of she stuff.

The supply of cows ranged from canners that sold at 5.00 to beef cows that sold at 8.50 but the trading was limited to package lots. Buyers cleared the yards at an early hour.

A few head of bulls sold at 7.75 or about in line with the wek's trading.

No slaughter steers or slaughter yearlings of any consequence changed hands.

While the calf supply was light, this was more than usually arrives for Saturday's market. Mixed lots, however, made up the total with some of the best calves selling up to 11.25 and cull calves around 7.00.

Stocker cattle limited to some yearlings of the good kind and showing light weights that sold at 3456 or steady with the week's advance.

Sheep were called steady.

Rail hogs sold about steady with best butchers at 10.75; truck hogs mostly ten cents lower and top at 10.15. Bulk 175-250 pound butchers 9.90 to 10.75; packing sows 8.50 to 9.00.

FIVE CHARGED WITH VAG

Of five men, charged with vagrancy, who were arrested by county officers here Friday, one paid a fine of $15 one was released with charges dismissed and the others are still confined to the county jail.

JUVENILE CLUB MEETS

Program Of Music Is Given Saturday Afternoon

The Juvenile Music club met Saturday afternoon in the high school auditorium, under the direction of Mrs. E. L. Robertson sponsor. The program was as follows: Piano solos, "Bastorale" by Charlotte Ratliff; "Nodding Ferns" by Maurice Hunter; "To a Toy Soldier" by Eleanor Lee. Violins: "Serenade De'Armour" by Jack Carr; "Largo" by Ddorak, by Jane Akers.

There was a good attendance of both parents and children who wish to encourage the youthful performers.

MARRIAGE LICENSES ISSUED

Three marriage licenses were issued here Saturday, to the following.

Alvin O. White, and Miss Lillie Chancellor. Vance Jeter and Dora Frances Smith, colored. O. D. Cooley and Phama Lee Geer.

Daily Markets

MID-WESTERN LIVESTOCK

KANSAS CITY, Mar. 2. (AP)—(U. S. D. A.)—Cattle trade around the 11-market circuit during the week under review was marked by a fairly active trade at steady to unevenly higher prices. Light weight fed steers and yearlings were in broad demand at 25 to 50c higher figures. Weighty steers advanced the forepart of the week but a weak undertone developed on Thursday and most of the early upturn was erased. Other killing classes were little changed.

Continued light hog supplies prompted another price advance of 25 to 50c. Current quotations are slightly lower than the week's high point when a new high mark for the season of 11.30 was established at St. Louis. Total offerings were around 578,000 as compared with 569,337 last week and 729,015 a year ago.

The week's supply of fat lambs was distributed very unevenly throughout the week. Curtailed shipments on early sessions stimulated demand with prices unevenly higher, but heavy marketing after midweek enabled packers to wipe out the early gain and at some centers to enforce a 25c to 50c decline.

Slight Advance Is Made On Prices Of Cotton In Gotham

NEW YORK, March 2. (AP)—A slight opening advance met a further considerable volume of realizing and some southern selling in cotton today. Offerings were absorbed on moderate reactions and prices firmed up later on renewed covering and trade buying, promoted by relatively steady cables and favorable trade advices. May contracts sold up from 30.44 to 20.54 and closed at 20.53. The general marke closed steady at net advances of 1 to 3 points.

The opening was steady at an advance of 4 points to a decline of 1 point, generally 2 to 4 points higher. Under week-end realizing, prices sagged off, and March sold down to 20.45 or back to yesterday's closing quotation. The new October cotract declined to 19.77 or 1 point net lower.

There was covering in the later dueliveries ad the market stiffened up again later in the morning, March sold up to 20.03 and the new October contract to 19.83 in the late trading and closing prices were within a point or two of the best.

Private cables reported continental buying and trade calling in Liverpool and said there had been fair sales of cotton cloths in Manchester for shipment to Egypt and South America. Reports from the local cloth market were regarded as indicating that sales of cotton cloths for the week had exceeded production.

Cotton on shipboard awaiting clearance at the end of the week was estimated at 149,000 bales against 102,000 last year.

Short Course Is Postponed Here

The one-day dairy course which had been planned for Thursday of this week here has been postponed until a later date, at which time dairying leaders of the county will be summoned together, according to Dave F. Eaton, the local county agent.

The short course will be for the purpose of creating interest in a dairy test station, to be located somewhere in the South Plains country.

MOTORISTS PAY FINES

Judge G. R. Scott, justice of the peace, yesterday fined two drivers of automobiles for violating state highway laws. One was driving a car with 1928 license plates on it, and the other with only one license plate. Both motorists were fined $12.15.

Chicagoan Speaks To Local Dentists

Dr. W. A. Clements Talks In Banquet Last Night; Has Praise For Offices And Work Of Men Here

Dr. W. A. Clements, of Chicago, was the principal speaker at the regular monthly meeting of the monthly meeting of the Lubbock County Dental association, held at Our Cafeteria Saturday night, and is recognized as one of the outstanding research men in the dental profession. His visit to Lubbock is otherwise marked by the holding of a special clinic and lecture on Prosphetic Dentistry.

In his speech, Dr. Clements told local dentists that Lubbock possesses the most modern dental offices to be found in any city of equal size in the United States and that the class of dental work Lubbock dentists are doing is far above the average.

Present at last night's banquet were, Drs. G. C. Turner, C. M. Ballinger, R. L. McAllister, W. J. Howard, J. B. Jackson, R. B. Hudson, Edgar Bloom, Harry Bloom, G. A. Ater and J. A. Swindell, of Lubbock; G. W. Shooks, Slaton; F. A. Green, Crosbyton; H. F. Schwab, Ralls; Bryan Havens, Levelland.

Dr. G. C. Turner is president of the Lubbock County Dental association, and Dr. W. J. Howard is secretary-treasurer. Dentists from outside this county, who were here are associate members.

Eaton To Work On Four-H Clubs

An effort to get Four-H club work well under way in this county will be made this week by County Agent Dave F. Eaton, who has scheduled a series of meetings to work upu interest in the work, throughout the county.

CHILDREN START FIRE

Blaze Burns Fence On Ninth Street; Damage Slight

Some small children, playing with matches, set fire to a fence at 1020 Ninth street, about 4:30 o'clock Saturday afternoon, occassioning a run by the fire department. As the scene of the conflagration was within a block of the city hall, quick work of extinguishing the blaze was made, a small chemical container being used. Only slight damage resulted.

The fence was about 15 feet long, located between two small garages, just west of the Lubbock Auto company.

Big Spring Men Form Lease Block

S.D. Ford And Will P Edwards Combine 11,000 Acres In Scurry For Oil Development

SNYDER, March 2.—S. D. Ford and Will P. Edwards of Big Spring completed this morning the task of blocking up 11,000 acres for oil development northwest of Snyder in Scurry county. They expect to secure a drilling contract for a portion of this block as a big development is due in Scurry county.

Oil leases have been secured on more than 200,000 acres in the northern part of Scurry county since the first of December. Among the big lease holders are the Magnolia Petroleum company, with 75,000 acres. Taylor Link il company 6,500 acres, Edwards and Ford 11,000, The Texas Co., 8,96 acres, Independent Oil and Gas Co., 2,500 acres Camp Springs Oil corporation of Chicago 40 acres, Harmon Oil Co., 3,000 acres. The latter to start a deep test in the near future. Oil men are expecting the oil field to extend diagonally across Scurry county from the northwest through the southern portion of Borden county and on through Howard county.

--- and HICK'S PRICES!

Yes sir, they constitute one of the most important of the three HICKS announcements that have proven to be such good news to the motorists of the Southwest.

The new Dayton—King of De Luxe tires, the new Star with its red stripe and white sidewall, and Hicks new and lower Spring prices! A trio that is being talked about, a trio to TIE TO!

Now, this new Dayton King of De Luxe, heavier and tougher and stronger than any of the supers—say, we are even pricing it!

You know, it isn't customary for the super or de luxe tires of recognized manufacturers to be priced in the papers; the price appeal just isn't being done.

But Hicks has a habit of doing the unexpected. So Hicks prices the King of De Luxe, and once more the savings to the public made possible by centralized buying power assert themselves in dollar-for-dollar values.

Come in and meet the KING; he's democratic in price!

Dayton, King Of De Luxe

MERIDITH & MARTIN
Phone 1423

27. REAL ESTATE

RARE OFFER

We wonder if you would be interested in the best purchase of raw land on the Plains. If you will take the pains to go to Morton, then about two miles this side, on the north side of the highway, and lying broadside with it, you will see what you yourself will say is the best looking quarter section of land you ever saw. Big statement, you say? Yes it is, but every word true.

No soil any richer, no table any more level, no sand, no grubs, two miles from fine school, court house and gin, an ideal location for a home.

We are authorized to sell this land for $25 per acre, and when we say that do not get it confused with blow sand lands at $20 and $15, and that are not worth one-half this land.

Its special value is due to the high quality of its soil, its beauty, its location close to Morton, the ease and certainty of getting a bountiful supply of the finest water. As a matter of fact if this land should sell for its value it would not be one cent less than $35.00 per acre. Let us tell you more about it.

Jno. L. Ratliff Co.
No. 1, Brown Bldg.

WOMEN ARE CRAZY

—about that six-room brick home on 20th st. in Ellwood, three bedrooms. Each having an outside entrance. For sale on easy terms by—Meridith and Martin, phone 1423.

STUDY CLUB BANQUET

The Woman's Study club held its annual banquet, honoring the club husbands, on Friday night, February 22, in the home of Mr. and Mrs. Dewey Sullivan on Van Buren Avenue. Mrs. W. P. Fullingim was toastmistress at this colorful occasion, introducing the following dinner numbers: Invocation, R. J. Terrell; quartette, R. P. Nicholson, R. Jones Goode, J. T. Howell, E. S. Smith, Mrs. Irl Robertson at the piano; toast, "Our Husbands", Mrs. R. R. Abell; response, R. L. Durham; reading, Mrs. Ewell Smith; original poem J. T. Howell. A four-course turkel dinner was served at a long banquet board seating forty-two guests, whose places were marked by George Washington place cards, this theme being carried out in the menu also. Red and white carnations and long tapers in harmonizing holders completed the table decorations.

Those enjoying this annual affair were Messrs. and Mesdames R. J. Terrell, E. S. Smith, M. C. Johnson, Floyd Pearson, T. G. Hendrick, R. L. Durham, W. M. Blakemore, R. L. Bowman, T. T. Easter, R. P. Nicholson, H. F. Pearson, Dewey Sullivan, C. R. Westerman, Ewell Smith, Irl Robertson, J. T. Howell, R. Jones Goode, J. F. Catching, R. R. Abell, Mrs. W. P. Fullingim, Mrs. F. B. Hoople, Mrs. E. L. Shaw and Ted Hoople.

MR. AND MRS. PEARSON ENTERTAIN

Mr. and Mrs. H. F. Pearson were host and hostess to a number of their friends last Saturday evening with a six o'clock turkey dinner. A most pleasant evening was spent in this lovely hospitable home. Bridge was enjoyed later in the evening. Mr. and Mrs. Pearson's guests were Messrs. and Mesdames J. T. Howell, J. L. Suits, T. G. Hendrick, R. L. Bowman; Misses Jean Suits and Polly Taylor, Messrs. Thomas G. Hendrick, Wilbur Pearson, Tom Suits and Terrell Bowman.

BRIDGE BREAKFAST

Mesdames R. R. Abell, Austin Fullingim and Joe Schuler entertained the members of the Tuesday Bridge club last Tuesday morning with a delightful breakfast, honoring the club president, Mrs. E. S. Smith. The lovely home of Mrs. Abell in west Lorenzo was the scene of this entertaining affair, where a delicious breakfast of sliced oranges, crisp bacon, grilled eggs, piping hot biscuits, butter, strawberry jam and coffee was served at 9:45.

After the breakfast several games of bridge was enjoyed, in which Mrs. Ewell Smith scored high and Mrs. R. Jones Goode second high.

Club members present were Mesdames W. M .Blakemore, R. L. Bowman, Joe Catching, R. Jones Goode, R. G .O'Rear, Dewey Sullivan, John Hughes, Fred Wiese, J. S. Garmon, O. W. Fagala, J. L. Suits, E. S. and Ewell Smith, H. F. Pearson, Abell, Fullingim and Schuler. Club guests were Mrs. W. E. Thurman, of Quanah, and Miss Sadie Smith of Mescalero, New Mexico.

METHODIST W. M. S.

The ladies of the Methodist Missionary society met Monday afternoon at three o'clock, at the home of Mrs. H. C. Pearson. A program from the Missionary Voice was conducted by Mrs. J. M. Baker and Mrs. R. J. Terrell. Other members present were Mesdames F. L. Terrell, T. T .Easter, R. R. Abell, J. E. Hair and H. F. Pearson.

P. A. L. S. PARTY

Tuesday evening, in the home of Mr. and Mrs. John Huckabay in west Lorenzo, the P. A. L. S. club members and their escorts were delightfully entertained with a forty-two party by Mesdames Huckabay and H. C. Nichols. The house was tastefully decorated in the St. Patrick theme, which was successfully carried out in tallies, plate favors and refreshments.

In the games high scores were captured by Mrs. Ralph Huckaby and Dick Linn.

A lovely refreshment plate of mint sherbet and angel square decorated in shamrocks were passed to Messrs. and Mesdames Ralph and LeRoy Huckabay, Koen, Irvin Bounds, O. F. Martin, P. D. Fullingim, M. C. Johnson, L. E. McNeil and Casey of Lubbock, Mrs. Oscar Thornton, Miss Nancy Hale, Dick Linn and the hostesses and their husbands.

VISITS LUBBOCK SUNDAY SCHOOL

Mrs. W. P. Fullingim, widely known over the Plains as a fluent speaker, visited the First Baptist Sunday school at Lubbock last Sunday and at the request of Mr. and Mrs. Sam Henry, superintendent assistant superintendent of the intermediate department, Mrs. Fullingim spoke at the Sunday school hour to some two hundred boys and girls. Mrs. Fullingim says she was treated with every courtesy while their guest and enjoyed her visit in this department in which Mr. and Mrs. Henry are doing a wonderful work.

SHORT COURSE OPENS

The International Harvester company's agricultural short course and community meeting opened Thursday morning at the high school auditorium with a packed house. Attendance from the adjoining communities were fine and the morning was taken up with a lecture by C. L. Smith. The course lasted two days and was very beneficial to Lorenzo people and the surrounding territory.

MRS. POWERS GIVES TEA

Friday afternoon, February 22nd. Mrs. Payton Powers entertained with a George Washington tea in her home in west Lorenzo, having as her guests her expression pupils and their mothers. After a program of readings and musical numbers an informal tea hour was enjoyed by all present.

$300,000 Corporation Formed For Exploiting Vast Gravel Deposits Discovered Along Quitaque River

Chicago Capital Enlisted In Venture; Headquarters Of Company Are Established In City

Immense deposits of sand and gravel—characterized by some engineers as the most extensive in the southwest—have been discovered northeast of Lockney along the banks of the Quitaque River, and a $300,000 company, headquartered in Lubbock, has been organized for their exploitation and sale.

Discovery of the vast sand and gravel deposits, whose pretensions reach into figures that stagger the imagination, came indirectly as a result of the Denver and South Plains Railway construction in this country.

Workmen in tunneling the caprock for the Clarity tunnel north of Lockney turned up the deposits and subsequent investigation revealed their immensity.

Lockney Man, Prescident

Organization of the Panhandle Sand and Gravel Company with a $300,000 capitol stock, followed. The company has located its main offices here at 301-302 Myrick Building and A. B. Brown, former president of the First National Bank of Lockney has been made president of the new firm. Mr. Brown is already in Lubbock.

Tracks have been built into the pits, which are located two miles from the Clarity tunnel just under the caprock and on the banks of the Quitaque River. Already business on a large scale has been conducted by the company, vast quantities of sand and gravel being sold to the Denver for use in ballasting its new line throughout this territory.

Products Used Here

First shipments of products from the pit were received in Lubbock yesterday. Elements from the Quitaque deposits have already gone into various structural projects around this city.

Abundant access to capital is given the company through Melvin A. Traylor, of Chicago, president of the First National Bank of that city whose $700,000,000 resources give an indication of its financial magnitude. Traylor, a native Texan, is chairman of the Panhandle Sand and Gravel Co. board of directors.

The largest sand and gravel washing and grading plant in the southwest is a feature of the physical properties of the company. Gravel is not only cleaned—and it is declared by engineers to be as pure as obtainable anywhere—but also the company has facilities for mixing sand and gravel to the proper proportions for building work.

100 Cars Loaded Daily

Loading facilities already are ample to load ten carloads of sand and gravel an hour, or one hundred cars a day, this capacity being about ten times that of any similar company in West Texas.

A permanent and ample supply of water for washing purposes is afforded by the Quitaque River, which is fed by perennial springs and which flows some million gallons of water daily.

The gravel deposits underly a 1920 acre tract of land and in some places the deposits are sixty yards in depth. There are twenty-five million cubic yards of gravel in the pit.

Plan Branch Offices

Expansion plans of the company call for establishment of branch offices at Amarillo, Wichita Falls, Plainview and possibly Vernon and Childress.

The pit is in the geographical center of a district now contemplating a $50,000,000 road construction program and this fact, coupled with the present and future indications of extensive building throughout this entire country makes organization of the company just at this time an especially happy venture from two angles.

Noteworthy Personnel

Personnel of the company, in addition to Traylor and Roberts, includes K. E. Keane, secretary, also affiliated with the First National Bank of Chicago; Joseph J. Kaberna, treasurer, formerly of the Chicago institution; and R. G. Porter, vice-president, former cashier of the Tulia Bank and Trust Company of Tulia.

Mr. Traylor is one of the outstanding financiers of the entire nation, being a director on the boards of such nationally known corporations as the New York Central railway, the Fairbanks-Morse Machine Company, and many others.

Mr. Brown was outstanding in civic and business life in Lockney, having served as president of the Chamber of Commerce at that place for several years.

Mr. and Mrs. Floyd Beall have as their guest D. N. Arnett of Colorado City and D. N. Arnett, jr., of St. Joseph, Mo.

Mr. and Mrs. Earl M. Nowlin of Knox City are week-end guests of the latter's parents, Mr. and Mrs. George R. Bean, 1610 19th street.

Miss Louisa Adkisson has gone to Amarillo to be gone about two months.

SATURDAY IS BUSY DAY

Merchants Have Much Work Here Yesterday

Due to the fact that yesterday, Texas Independence Day, was a legal holiday and the banks were closed, local merchants were called upon to act in the capacity of financial institutions.

With large crowds of shoppers in the city, one local merchant reported cashing checks amounting to several thousand dollars, and a number were overheard to complain because of the shortage of ready cash.

PLAN FOR AIRPORT

$50,000 Stock To Be Taken At Big Spring

(By Associated Press)

BIG SPRING—Mch. 2.—At a meeting of the stockholders in the Big Spring Airport Corporation the following officers and directors were chosen: President, Ray Wilcox, Vice-President, B. Reagan, Treasurer, L. S. McDowell, Secretary, Frank R. King, A. J. Crawford, Fox Stripling, and T. S. Currie. The company will be incorporated for $50,000, and a permanent landing field purchased. The site is located two miles west of the city on the Broadway of America highway.

Lubbock Ministers To Meet Tomorrow

The regular monthly meeting of the Lubbock Ministerial Alliance will be held in the study of the First Methodist church at 1:30 o'clock tomorrow afternoon, it was announced yesterday by the Rev. H. L. Munger, president of the organization.

Not only the local pastors but all ministers residing here are eligible to join the alliance and are invited to attend tomorrow's meeting.

The Rev. Mr. Munger said yesterday that he expected several matters of importance would be considered at the meeting. A full attendance of the membership is requested.

McLean To Appear In Concert Here

Cameron McLean, styled as "the world's greatest baritone", is to be presented in concert here on Tuesday night, March 26, under auspices of Mrs. Dewitt Owen of this city.

Mrs. Mabel Howell Mabel is to be his accompanist. Mrs. Mabel has the distinction of being able to play accompaniment to some 500 selections without the necessity of referring to sheet music.

Johnson Is Given Thirty-Day Term

Troy Johnson, arrested recently by county officers on a charge of illegally carrying a pistol, yesterday was sentenced to thirty days in the count jail by County Judge Robert H. Bean.

Johnson was enroute from Wink to Borger at the time he was arrested here. He pleaded guilty to the charges, Judge Bean gave him his choice of the two minimum sentences in cases of this kind, either thirty days in jail or a $100 fine. As he had no money he of necessity chose the jail sentence.

CIVIL APPEALS COURT

FORT WORTH, March 2.—(AP)—Proceedings court of Civil Appeals for second district:

Motions Overruled: Wichita School Supply Co., vs. Mutschler Bros. Co., for rehearing.

Reversed and Remanded: Lowry Oil Corporation vs. L. I. Bennett, et al, Wichita; Judgment of the trial court reversed and rendered in part and left undisturbed in part. Cause No. 12103 J. Lewis Jackson vs. L. I. Bennett, et al, Wichita, having been consolidated with the above case Oct. 6, 1928, see above case for disposition of this one.

V. R. Dockray, jr., is very ill at the Lubbock sanitarium.

DOLLAR DAY

-not many items for a dollar because they're priced for less every day in the year!

We seldom quote prices at "one dollar even"—ordinary dollar items that you are offered are priced at far less than one dollar every day in the year, which has been one reason why this store enjoys such widespread popularity on First Monday and the other shopping days throughout the entire year.

Very shortly we will celebrate our Second Anniversary in Lubbock, and it is with a great deal of pleasure that we look back over our two years of service and estimate the amount of money we have enabled thrifty shoppers to save without any sacrifice of quality. Our extremely advantageous buying connections, and the fact that our buying power for so many hundreds of store makes it possible to secure quantity wholesale prices, is responsible for the fact that WE SELL FOR LESS.

New spring merchandise is arriving daily and we invite you to come to this store—view the wide assortments of clean, desirable merchandise AND SEE FOR YOURSELF HOW MUCH YOU CAN SAVE.

Tech Marks Time Awaiting Special Session Of Solons

College Is Busy Laying Plans To Broaden Service

Largest Summer Session Of School's History Is Being Forecast By Leaders Of Institution Here

WITH a deficiency appropriation measure of $137,000 awaiting sanction and plans started for the passage of the general appropriations measure of $1,218,730, officials of Texas Technological college are now marking time in fund seeking activities until the calling of the special session of the Texas Legislature in April, at which time the general appropriations will be taken up.

In the meantime, the college continues on its steady expansion. Plans for the most extensive summer session in the school's history are being formulated while June will find a graduating class of more than 150 students passing from the doors of the institution.

New Building Planned.

At least one architectural structure will be jutting upward on the campus during the next two years, according to present indications and opinions from various officials of the institution. It is to be a new $175,000 library building and is almost certain of getting passage through both houses.

Officials of the college, in preparing their budget for the next biennium, asked for an appropriation of $1,540,825 for the first year and $1,690,225 for the second year. Of this amount, $654,000 is needed to complete the quadrangle of the administration building and $56,000 to equip it, the budget report of school officials reveals.

In making their report, members of the board of control eliminated this item entirely, leaving only an appropriation of $678,290 for the first year and $580,440 for the second year. Such matters as salaries, maintenance and other items were eliminated partially also.

Structures Are Planned

The board's report calls for the construction of a library building and a dairy products building. The latter is to cost $50,000 complete. According to officials of the college and others in close touch with the political situation, no trouble is to be encountered in the passage of the appropriations recommended by the board and there is a chance of an increase being made in the houses to provide for expansion.

The new library, a vital need for the college since its first year, is to be a two-story building, according to preliminary sketches. It is to provide ample reading and shelf space for a college of more than 2,000 students and is to be designed so as to represent the latest in modern library buildings. It is to be located almost due west of the present administration and south of the new chemistry building.

A movement has been on foot for some time to dedicate a large shelf in the new building to the late Prof. R. C. Harrison, former head of the department of English. Details of this are to be worked out in the plans of the building.

Future Looks Bright.

While the custodians of the state's funds did not see fit to meet the demands of the college, wholly during the next two years, they paved the way for a greater expansion of the college in allowing what buildings they recommended. Removal of the library from the main building and the expansion of the dairy products plant will provide room for more students and increased teaching facilities.

The new Chemistry building, recently completed at a cost of $260,000 is to be formally opened sometime during the spring with a house warming program, President Paul W. Horn says. The affair is to be staged soon after the installation of all of the equipment.

Plains Historical Group Meets Soon

Interesting Program To Be Presented At Canyon Session On March 28; Webb Main Speaker

(Special To The Avalanche-Journal)

CANYON, March 2.—The Panhandle-Plains Historical Society is looking forward to a great meeting March 29, when W. P. Webb of the department of history of the University of Texas will be the principal speaker at both the afternoon business meeting and the banquet which follows.

Dr. Webb has always been intensively interested in the history of the Great Plains area of Texas. His formal paper will be "The Great Plains and the Civil War," while his evening paper will be rich in anecdote as he discusses "The Search for Water in the Great Plains."

The entire program for the annual meeting has been carefully worked out and officers of the society state that it will be released soon. At least 200 people from the whole Plains region are expected to attend the meeting. President T. D. Hobart of Pampa will preside at the business meeting which will take place at three o'clock.

Army Of Lubbock Business Men Will Take Field Tuesday To Raise Boy Scout Budget Of $10,000 For 1929; Organization Covers All Of South Plains Territory

TUESDAY an army of Lubbock business men will take the field to do a few hours of civic work to raise a $10,000 budget for 1929 for the South Plains Area council, Boy Scouts of America.

These workers will make it possible for the scout work to continue on the South Plains in the same progressive fashion in which it has flourished during the past four years.

Area Four Years Old

Just four years ago, in March, 1925, a group of men who believed that the greatest asset of the South Plains is the youth of this section, gathered in small numbers to start what is known as the South Plains Area Council.

At that time in the South Plains section of thirteen counties, only two boy scout troops existed. One of these troops was located in Lubbock and the other in Lamesa. Both troops had been attempting to operate for eight or ten years but without the guidance of a council, the troops would die and be revised, only to die again as the seasons passed.

Harkey Takes Lead.

In looking back into the days of the organization of scouting on a permanent basis, the name of L. S. Harkey is closely linked with all the activities of scouting at that time. Mr. Harkey was at that time, the scout master of the lone troop in Lubbock and was foremost in the organization steps of the council.

During the next few years he was an outstanding leader in the South Plains Area council that has developed scouting on the South Plains until today it has 21 troops and 400 scouts.

Starting from the meager beginning of two troops and 35 scouts the South Plains Area council now has 21 troops and over 400 scouts and new troops and additional scouts are being added each week. Two new troops were added last week, one at Slaton and another at Littlefield.

Seven Troops In Lubbock

At present Lubbock has seven troops, Lamesa two, Slaton two, and there is one each at Spur, Crosbyton, Ralls, Levelland, Ropesville, Seminole, Anton, and Littlefield.

Hundreds of boys have been trained as scouts and passed out of scout age and out of active scout work and a number of scouts are now serving as scout masters, carrying on the work that was made possible for them during their scout age by the South Plains Area council.

Taking an inside view of the scout activities, one finds that the scouts have regular meetings of their troops each Friday night. The meetings are well attended and the scouts are taught any number of constructive things that help them live up to their scout oath which requires that they keep themselves "physically strong, mentally awake, and morally straight."

Honor Courts

These scouts have Courts of Honor meeting each month when those who have done sufficient work get promotions, medals and other recognition and anyone who has attended one of the sessions must remember that a good majority of the scouts are called up to receive some promotion or honor at each meeting.

The scouts are called out at various times for special services or to do special work.

Each August, the scouts have a ten day camp at the C. W. Post Memorial camp site near Post where he has a splendid vacation and recreational outing and gains much practical and constructive information, training and experience.

Special hikes, campings, camp fire sessions and similar meetings are held by the troops at regular intervals.

These meetings and others furnishing something for the scouts to do and keeps them busy and out of trouble that they might be tempted to get into should they have more leisure time and nothing to employ their minds.

Cited To Duncan

After one makes a check-up at scout headquarters to study scouting and to determine in his mind whether or not he believes the work is worth while or not, he is cited to M. H. Duncan, superintendent of the Lubbock public schools for further information by officials of the scout organization.

Should one ask the school superintendent whether or not this scout training is worthy or not, he is likely to be aanswered thus: "If all boys were scouts, we would have no problem of discipline in our schools," or "An eagle scout has had educational training that is fully equal to a year's course in high school." These statements have been made repeatedly by the school superintendent who is recognized as one of the outstanding educators in the Southwest.

Credits Given Scouts.

To back up his statements, Mr. Duncan has formed a policy of giving one-fourth of a high school credit to scouts that reach a certain advancement during the four years in high school. Two boys are to graduate this spring that could not have finished without this extra credit, while a number of other scouts have received this credit that has added to the extra credits they have

Postcard Mailed From Europe For Copy Of Journal

A. Richter, Who Resides In Mechernich, Would Like To Learn About Lubbock And South Plains

That Lubbock and the South Plains are stepping into the world's spotlight with their act of rapid growth and development was exemplified perhaps with the receipt yesterday of a request for a "specimen copy" of the Journal from A. Richter, Mechernich, Germany.

The request was written on a postcard, addressed to "To the Newspaper 'Journal', Lubbock, (Texas) U. S. A." It was mailed Feb. 14, with the date marked with the day of the month preceding the month: 14-2-1929. Mr. Richter's complete address is: Mechernich Eifel, Im Sande."

IT IS DOLLAR DAY MONDAY MARCH 4TH

Store-Wide Values in Our MONDAY SALE

IT IS DOLLAR DAY MONDAY MARCH 4TH

"First Monday" always brings a galaxy of bargains from every department of this great store and this particular "Trades Day" seems to have climaxed them all. Never before have we offered such outstanding values to the customers of this store. There are hundreds of reasons why you should visit us first on your shopping tour Monday—we wish we could put them all in this page, but it would take a whole newspaper to hold a good description of each of the many money saving "Dollar Day" specials we will have on Monday, March 4th. Come yourself and bring your friends—let's all share in this great carnival of values.

"QUALITY STORES OF WEST TEXAS"

Barrier Bros. Inc.

LUBBOCK, — Texas

The Avalanche-Journal's Women's Section Edited By Blanche E. Bean, Phones 13 and 14

Bride Is Honored, Affair Given For Mrs. Knox Friday

Mrs. Dewey Campbell, Miss Wauwiece Stoker Entertain; Mrs. C. H. Smith Is Hostess

Two in-honor parties were pleasant affairs of Friday afternoon here. A bride of the week, Mrs. Percy Denton, was complimented at a bridge party and shower given by Mrs. Dewey Campbell and Miss Wauwiece Stoker, the groom's sister and cousin. Mrs. Charles H. Smith extended a farewell courtesy to Mrs. Warren P. Knox, who is moving away, when she was bridge and forty-two hostess in her home.

The first affair was given in the Campbell home at 1511 17th street and seven tables of bridge were in play with Miss Mary Lou Bayless winning high score and Mrs. L. H. McLarty receiving high cut. These two were presented with a luncheon cloth and a handkerchief bag, respectively, and the favors were given to the honor guest.

Small Boy Assists

Little Bobbie Campbell, dressed in the garb of Saint Patrick, passed tallies for the bridge game and later drew in a wagon of gifts for the bride.

A refreshment course repeated the St. Patrick theme and bride and groom stickers were on each plate.

Guests included Mesdames Percy Denton, Joe Nislar, Jack May, Ross A. McWhorter, Carl Roberds, L. H. McLarty, Lon Robinson of Plainview, Melvin Dow, Bob Harvey, Vernon Bradley, Hubert L. Allen, L. C. Denton, Misses Pearl Hensley, Lucille Moxley, Kate Boyd, Edna Yonge, Virginia Lee Finley, Alma Spikes, Faye George, Mary and Anne Snyder, Camille Stobaugh, Margaret Hervey, Margaret Dell Prim, Marjorie Ann Ainsworth and Mary Lou Bayless. Miss Willette Waters was a tea guest.

Before her marriage last Sunday, Mrs. Denton was Miss Salome Walker. She is a Tech student.

Bridge, Forty-Two Played

Bridge and forty-two were in play at the party given by Mrs. Smith in her home at 2209 10th street. The honor guest, Mrs. Knox, is moving away from Lubbock.

Green was featured in colors for appointments. Shamrock tallies and plate favors were used and fern and blooming geraniums were floral contributions.

After the games a refreshment course of chicken salad, cheese sticks, olives and tea was served.

Guests for the games included Mesdames Knox, C. G. Stinson, E. W. McGlasson of Dallas, Vernon Brown, Tom Foster, Allan Hill, Horace Hawkins, Clark Mullican, W. M. Craig, R. T. Campbell, H. W. Richardson, C. P. Carlock, F. M. Maddox, John A. Porter, R. M. Boyd, A. T. Stewart, R. S. Williams, J. L. Murfee, W. A. Clark, Carl Slaton, T. R. Prideaux, George Murfee, S. P. Wilson and W. J. Spikes.

Council Of Camp Fire Is To Meet

Spring Work To Be Planned And Committee Appointed Preparatory To Election Of New Officers

Preparatory to electing new officers and planning spring work, the Camp Fire Council is to meet at 2:30 o'clock Wednesday afternoon in organization headquarters at the Minter-Gamel store, according to an announcement that has been made by the council president, J. W. Gamel.

Committees will be appointed at this meeting and officers will be elected in April , he said.

Members of the council are Mesdames W. B. Price, George Field, Hub Jones, J. C. Granbery, O. L. Peterman, Russell Myrick, G. C. Wolffarth and Messrs. H. L. Allen, R. D. Moxley, F. A. Norman and Rev. Jack M. Lewis.

B. E. Swearingen has returned to his home in Marshall after a visit here with his daughter, Mrs. Roy Roberson, who has been ill in the West Texas hospital. Mrs. Roberson is now at her home, 1618 Avenue M.

A clearance sale causes many a run in silk stockings.

The Woman's Day

By Allene Sumner

Allene Sumner

Since not a few people are interested in the institution called marriage, not a few may also be interested in a fairly sprightly new book called "Marriage in the Modern Manner," by Ira S. Wylie and Mary Day Winn. The following extracts may interest, entertain or instruct.

The one-man-for - one - woman theory is answered thus:

"Nature has endowed practically every man and woman with a certain amount of appeal for the other sex, like the pull between two electrically charged magnetic coils; as in the case of magnets, propinquity does the rest.

"Sometimes sex-appeal works with explosive suddenness, producing 'love at first sight.' This form of love is extremely unstable. If Romeo and Juliet had not died, they would probably have been separated within a year. They were the victims of a love mirage."

* * *

THE "WHY" OF MARRIAGE

The summary of why people marry may interest you:

"First, of course, is romantic love, next is the desire for companionship, for a sense of belonging to someone, for the expansion of life which comes when one lives through and for another, rather than in a limited world revolving only around one's own needs and desires."

And here's an idea! When Mr. Smith on your street who has been a widower for less than a year suddenly outrages your sense of decency by taking unto himself a bride, pray remember this:

"The widower's traditional haste to wed again is one of the highest compliments paid to marriage. It is not a criticism of first wives, but an endorsement. The man who has been happy, contented and emotionally satisfied in his first marriage is much more likely to remarry at an early date than the man who has considered his marriage a failure and who has gradually grown away from his wife and his home."

* * *

ABOUT WIDOWS

And aha, that secret of the widow's popularity!

"Just as great as the widower's haste to marry is that of the widow, and statistics bear out the popular idea that she can marry almost any man she chooses, and on almost any terms. The reasons for the popularity of widows are many. In the first place, they bear the seal of another man's approval. In the second, they are experienced and understanding, and in the third, they are emotionally receptive."

The authors take a gentle little wallop at those very occasional college student questionnaires when young men insist that they will marry girls who have health, moral character, ability and who put beauty and wealth at the end of the list. The authors note that what such college boys do in practice when it comes to picking wives is quite another matter.

The problem of the wage-earning wife gets a chapter with nothing especially new said. But insistence that the wage-earning wife who is pooling her earnings for home upkeep should have more responsibility with the housework than the wage-earning husband cannot be said too often.

The authors hand laurels to those husbands who, reared in the tradition that man is the home provider, are able to sit calmly by and see their wives labor outside the home.

The husband whose wife is in business and who has happily adjusted himself to this fact without resenting it, even if she earns more than he, is apt to be more of a real man, more of an upstanding, self-contained person, than any champion of the boxing ring.

"He may not have won a mastery of muscle, but he has won mastery of far more subtle and formidable powers—instinct and tradition. His is the conquest of mind over custom, and by such heroes has civilization been made."

GIRLS ON HIKE

Amy Brock Is Hostess With Hike Yesterday

Amy Brock was hostess to several friends with a hike yesterday. The group went to Tumble N park in the morning, roasted weiners and enjoyed other diversions, returning to the city in the afternoon. Those in the party were Sylvia Stroup, Cleda Robison, Aline Law, Veda Randolph, Wilma and Amy Brock.

SQUAD ENTERTAINS

High School Groups Enjoy Picnic On Thursday

The Westerners Pep Squad, which is sponsored by Mr. and Mrs. Dan Powers, entertained the high school basketball squad on Thursday evening in the canyon northwest of town. A bonfire was built and supper prepared and eaten. Talks were made by H. A. Castleberry, Joe Bailey, Powers, Luther Tannery, T. D. Peel, Charlie Wilson and Mr. Powers.

Mr. and Mrs. Robert H. Bean and son and Mrs. Bean's parents, Mr. and Mrs. Wade Border, are spending several days in Austin. Mr. and Mrs. Border formerly lived there.

Increase Is Seen In Membership Of Women's Society

Nineteenth Street Church Women Are Assisting In Building Church; Growth In Membership

(EDITOR'S NOTE: This is the sixth of a series of articles concerning the church women's auxiliaries of Lubbock. Others will appear in successive Sunday issues.)

A church women's society which was organized three years ago and which had an active membership of nine last year, has entered the year of 1929 with a membership of 25 and an average attendance of 20 at weekly meetings.

This is the Women's Missionary Society of the 19th Street Methodist church which has Mrs. D. C. Ross for a president.

Help With Building

Since a new building is being erected for this Methodist congregation, the missionary society is finding many ways in which to spend money that has been raised.

A memorial window is being placed in the new building and much of a $200 fund raised through serving dinners in November when the annual conference of the Northwest Texas Methodist church was held here, is going into the new building and equipment.

Money for the window is to be raised through an "apron" social which is to be given on March 9. With each invitation that is extended, an apron is sent and the guests are to bring pennies for their ages in the apron pockets. The social will be in the home of Mrs. O. H. Cline.

Make Many Calls

The nine women in this society last year paid dues amounting to $25.50 and raised a pledge of $5. In addition to these, 225 visits were made to the sick and 55 calls were made upon strangers in the city. Sixteen garments were given to the needy and $26 was spent in local work. A box valued at $10 was packed and sent to the Virginia K. Johnson home of the church.

The pledge for 1929 has been raised to $30 and other activities will increase in proportion. In addition to these things, the women have studies in the Bible and in mission books throughout the year. At present they are studying "Women of the Kingdom."

These Are Officers

The church year for this society begins in January and oficers are elected some time late in the fall. Women who have recently gone into office include the following:

President, Mrs. D. C. Ross; vice-president, Mrs. T. O. Couey; corresponding secretary, Mrs. O. H. Cline; recording secretary, Mrs. B. B. Gillean; treasurer, Mrs. W. L. Bonds; social service chairman, Mrs. Mrs. R. E. Blanton; superintendent of publicity, Mrs. H. E. Ross; superintendent of supplies, Mrs. Paul Williams.

SELECT TEA DATE

Saint Patrick's Silver Tea To Be Given By Aid

A Saint Patrick's silver tea which is to be given by women in the First Presbyterian Women's Auxiliary, is to be on the afternoon of March 14 in the home of Mrs. Neil H. Wright, 1622 Main street, according to an announcement that has been made. All women of the city are invited to attend the tea, the notice said.

LOYALTY CLUB MEETS

Mrs. Mary Neal Hostess To Club On Friday

Mrs. Mary A. Neal, 1613 10th street, was hostess Friday afternoon to the Loyalty Club in her home and after a pleasant social afternoon, refreshments were passed to Mrs. Jack Slover, Mrs. Alva Akers, Mrs. Dan Lacewell, Mrs. Ed Greeg, Mrs. W. E. Blake and Mrs. J. A. Hood.

Miss Ethel Lawson is visiting in Plainview this week-end.

Christian Women Announce Meeting

Missionary Society Is To Have Open Meeting And Other Church Organizations Are Invited

The First Christian Women's Missionary Society is having an open meeting at 7:30 o'clock tomorrow evening in the church and is extending a special invitation to members of the official board, Girl's Circle and the Triangle Club of the church to be in attendance.

After a program on "Forty-Five Years in India", the society executive committee will entertain with a social in the church parlors.

The program has been outlined as follows: Worship service, Mrs. S. J. McFarland; theme, "Living and Loving", hymn; prayer, "That the American church may realize its responsibility to the young church in other lands", Mrs. Walter P. Jennings; offertory hymn, Mrs. D. W. Robertson and Miss Helen Robertson; offertory prayer, Mrs. Clyde F. Elkins; presentation period, Mrs. J. Hartley; hymn; drill, "The Map of Our Work in India"; special music, "Watchman Tell Us of the Night", Mrs. Joe Coursey; "New Acquaintances", Mrs. Charles F. O'Neall; "I Am World Call", Miss Pearl Harrison; prayer for India, Rev. Walter P. Jennings; benediction.

Divorce Modes Presage An Individualistic Spring

Miss Jane McLean

Mrs. S. H. DuPont

Mrs. Mary S. Dorton

By BETSY SCHUYLER
NEA Service Writer

PALM BEACH, March 2.—I have just been pondering the immense changes in styles that this spring has wrought over a year ago.

Last season everybody looked like exerybody else, morning, afternoon, evening.

This spring a smart woman not only never looks like anyone else, but she doesn't look like her own morning self in the afternoon or like her afternoon self in the evening.

The stupendous diversit in styles, the clean lines of demarcation between apparel for different hours of the day and the artistic femininity of original fagrics and fashions make Palm Beach the most stimulating place in the world for one with a fashion eye. And of course we must remember that Palm Beach merely leads the fashion parade that later appears from coast to coast.

Lady-Frock Holds Stage

I suppose I note most of all the eminence of the lady-frock for afternoon. There are so many cute little ruffle tricks, tiered skirts, panels of decorative value, flaring sleeve effects, tiny lacy yokes, cuffs of exquisite daintiness and charm and so on that I am simply entranced.

Figured chiffon, lace, fine crepes, handkerchief linens, batiste and French fabrics of sheed quality all go into these afternoon frocks. Madeline McCarter, down for her brother's wedding, wears some delightful models of this type. One day she had a dainty little Dresden figured chiffon with double skirt of accordion pleating, each tier scalloped in points. Around the bateau neck there was a tiny scalloped ruffle of pleating and the very short sleeve had a similar trim. Topping this was a sheer chiffon coat that tied on one side in a very feminine soft knot.

The chic Mrs. R. Amcotts Wilson wears some delightful off-white afternoon togs that are most feminine and appealing. One with a pinkish cast is French ninon, made with an intricately cut skirt that dips here and there and a blouse with flaring long sleeves and a rounding neckline with a bit of old lace for a tiny dickey. She wears a big, flopping garden hat of novelty pinkish beige straw, banded with pastel colored velvets.

The prestige of the lace gown has been established for so long now no one doubts it. But its usefulness as correct for the wedding gown for daytime ceremonies had its stock raised by the former Suzanne Pierson's choosing it when she married Thomas N. McCarter, jr., here the other day. She was a charming bridal picture in beige lace fashioned with touches of orchid chiffon and her hat a medium sized orchid one. She carried a huge armful of orchids and lillies of the valley.

The lady-influence pervades every line of style. Bathing suits are extremely decoratice and some of them advance new ideas in the separate, sleeveless blouse of vivid prints. Mrs. Harry S. Dorton wears various colorful blouses and matching short jackets of silk with pleated medium blue wool shorts. One of bright blue and white has a white bow tie that is very chic.

Scarfs Still Popular

Scarfs still play a chic role in Palm Beach fashions. Strolling along the Breakers boardwalk, Anne Storrs wore a pair of very effective kerchiefs, white polka dots on a background of alternating squares of red and blue, with a white crepe de chine frock. One girdled her hips, one decorated her shoulders. Jane McLean of Washington, D. C., emphasized her svelt slenderness by tying a black kerchief across the hips of her very chic black satin beach pajama suit. Scarfs grow varied in shape, some come cut like stocks, like flat collars and ties, and others are very longish and tie like a bow tie.

I have stressed new cut in sleeves before. But I doubt if many realize the imminence of that all too often awkward thing called the elbow length sleeve. I have been dead against it until I saw one of the cutest frocks along the beach with elbow sleeves. Mrs. S. H. DuPont of Wilmington was the wearer. It was a very soft blue silk, with an unusual skirt with French box pleats and then the smartest little sleeves almost to elbow length but not quite. All of which proves that, given the smart woman, the style is correct.

Miss Anne Storrs

Tech Co-Eds Go In For Society, Too

Collegians Find Many Avenues Of Amusement When Not Pursuing Their Education, Reporter Discovers

By MARGARET TURNER
Avalanche-Journal Staff

Many and varied are the pastimes for girls at Texas Tech. Variations range from teaching negro children to play basketball to curling the roommates hair in return for the washing of a pair of hose.

Since the college is not equipped with dormitories and the girls live in privately operated houses, an effort has been made by Mrs. R. M. Chitwood, who is assistant dean of women, to make living conditions as comfortable and homelike as possible by cooperating with the boarding house matrons and encouraging them to make the living quarters pleasant for the girls. Many of the girls group by houses and share alike in pastimes and socialities. Those with natural preferences (except for the same boy perhaps) go in for the same clubs and recreations.

Most of Them "Date."

The favorite pastime of all seems to be having dates. And dancing is the social event of most of the girls. A young co-ed rushed into the dean of women's office one day last week to determine the date of the next all-college dance. She appeared to be greatly perturbed upon discovering there were no dances scheduled until the latter part of March. Much excitement was evidenced last week when the election for Freshman queen was being held. Twelve girls were nominated and their names were posted high over the bulletin boards in order that students could lean on the banisters leading to the second floor and concentrate on the loveliness of the girl who was privileged to receive the lucky vote. Thus, the pastime for the week appeared to be a free discussion of merits of the nominees.

Riding School Opens

Captain Rhodes Ingerton has opened a riding school for girls and many have signed up for the course. The classes meet twice a week and do not interfere with the regular schedule. With the season for soccor playing drawing to a close, Miss Zella Riegel, physical training teacher has announced plans for archery. The privilege of playing is extended to all college girls and in addition tennis is scheduled. Many girls have been playing tennis for some time and the coming of warm spring afternoons are a great incentive to lay aside books and join in an out-door sport of some kind. A swimming class is to be opened shortly after the beginning of the new term.

Girls belonging to the social service committee of the Y. W. C. A. are teaching the women of the negro section how to do simple sewing while still others are teaching the children how to play basketball, and other games. One girl is teaching public school music.

While a number of social clubs have been organized at Tech, there are only three which are functioning at present. These are the Sans Souci club, Las Chaparritas, and the Gad-a-Bouts. Las Chaparritas is the oldest club of the college having organized soon after Tech opened its doors. The Gad-a-Bouts is comparatively new mainly composed of girls who knew each other in high school.

Girls who do not belong to social clubs, or dance go to the picture shows for pastime, visit one another, window shop, and make trips to the beauty parlors. Those who have cars of their own or have access to the family car make the campus drag several hundred times a week and when bored or if the way becomes crowded there is Broadway to go down and Main to come up.

Club Meetings On Friday Draw Many People To Social Gatherings; Bridge And Forty-Two Played At Functions

Social Calendar

MONDAY

The American Legion Auxiliary is meeting at 7:45 p. m. with Mrs. Vaughn E. Wilson, 2604 22nd street, and Mrs. D. D. Cross will be joint hostess. A program will be given honoring Gold Star mothers and new members of the local chapter.

The First Christian W. M. S. is meeting at the church at 7:30 p. m. for an open program and social.

The Cumberland Presbyterian Ladies Aid is meeting at 2:30 p. m. with Mrs. Freeland Groce, 2209 15th street, for a business meeting and social.

The First Methodist Builders class is meeting at 7:30 p. m. in the church parlors for a business session.

A business session of the First Baptist W. M. S. will be conducted at 3 p. m. in the church.

A business session of the First Methodist W. M. S. is to be held at 3 o'clock at the church.

TUESDAY

Officers are to be elected when the City P. T. A. council meets in Room 101 Junior High School building in regular session.

Misses Lucille Moxley and Kate Boyd entertain at the Hotel Lubbock with a luncheon honoring Mrs. Percey Denton, bride.

The Fortnightly Club is meeting in the evening with Misses Ruth Budd and Hazel Armstrong at 2223 Broadway.

The Daleth Delphian club is meeting at 2:30 p. m. with Mrs. H. L. Ligon at 2423 22nd street.

The Junior Twentieth Century club is meeting at 3:30 p. m. at the Technological college.

Mrs. W. T. Milam, Mrs. Knox Thomas and Miss Pearl Harrison are entertaining at 8 p. m., complimenting Mrs. Lorenz Ellis. The affair will be at 1103 19th street, the Milam residence.

WEDNESDAY

The Senior High School P. T. A. is meeting at 3:45 o'clock in the east study hall at the school.

The Stag Bridge club will be entertained in the evening by A. V. Weaver, jr., and Jess Lockhart in the home of the first host, 1901 Broadway.

A monthly meeting of the First Baptist T. E. L. class will be held at 3 p. m. with Mrs. J. I. Noah at 916 Avenue R.

THURSDAY

The Junior High School P. T. A. is meeting at 3:30 o'clock at the school.

FRIDAY

The Lubbock Music club is meeting with Mrs. R. L. Douglas, 2123 16th street.

Mesdames R. M. Chitwood and C. S. Middleton will entertain the Fellowship club at 3 p. m., in the home of Mrs. F. R. Friend, 2005 Broadway.

PROGRAM IN SMYER

Pal Young People's Union To Stage Program

A program is to be given at Smyer this afternoon by the Pal B. Y. P. U. of the First Baptist church and all members are to meet at 2 p. m. at the church to make the journey, according to an announcement that has been made.

Famous Operas In Music Club Study

Local Music Society Meets Saturday Afternoon With Mrs. Richard Douglas For Regular Program

Selections from famous operas will be heard next Saturday afternoon when the Lubbock Music club meets for a study of music of Italy. The meeting is to be with Mrs. Richard L. Douglas at 2123 16th street and Mrs. Douglas will lead the program, which has been outlined as follows:

Roll call, a famous opera singer; "Influence of the Greeks on Italian Music", Mrs. Sam Lightfoot; "A Brief Sketch of the Growth of Opera in Italy", Mrs. Jack Lewis; victrola selections, "Largo al factotum" from "Barber of Seville" (Rossini) and "It is Better to Laugh Than Be Sighing" from "Lucretia Borgia" (Donizetti), Mrs. G. E. McCelvey; "Fantasia" from "Il Trovatore" (Verdi), Mrs. Lawrence Baconffi "Intermezzo" from "Cavalleria Rusticana" (Mascagni), Miss Beulah Dunn; "One Fine Day" from "Madame Butterfly" (Puccini), Miss Nell Parmley; "Every Flower" from "Madame Butterfly", Mesdames T. J. Beck and J. T. Shaver.

Lee English of Knox City, is the week-end guest of his brother, Dr. O. W. English, and Mrs. English.

Las Amigas, Cotters, 1921 Bridge Clubs Meet; Needle Society Has Party; 24-42 Club Entertained

Club meetings on Friday afternoon and evening drew a large number of Lubbock people to social gatherings on that day and furnished them with pleasant recreational hours.

Needle societies, bridge and forty-two clubs met, in addition to the other affairs of the day.

Mrs. Canon Hostess

Mrs. R. T. Canon was gracious hostess to Las Amigas club Friday afternon in her beautifully appointed home at 1618 Avenue Y and bridge was played. A collation of fruit salad, hot rolls, olives, coffee and french cake was served.

Guests included Mesdames C. E. Gough, W. G. McMillan, Amos Howard, Earl Sproles, Edgar Lewis, James H. Goodman, Edgar Shelton, Louis Stevens and C. C. Crenshaw.

Needle Club Meets

A meeting of the 1916 Needle club which had been postponed from Wednesday was held on Friday afternoon with Mrs. Joe Baldridge and Mrs. Claude Burrus in the Baldridge home at 1406 Avenue K.

Saint Patrick decorations were used in the house and as plate favors. Refreshments of chicken salad, hot rolls, olives, candies and coffee were served.

Club members attending were Mesdames W. D. Benson, W. E. Ballew, J. N. Bryan, R. T. Coffee, O. H. Cline, J. W. Gamel, L. A. Hollar, James H. Kimmell, R. Martin, R. S. Rodgers, R. I Tubbs, J. M. Gordon and R. F. Huie.

Other guests included Mesdames Joe Reese, Alex McDonald, L. G. Haynes and W. J. Williams.

Conleys are Hosts

Bridge was played on Friday evening in the home of Mr. and Mrs. Ernest Conley at 2113 Main street when they were hosts to the 1921 club members and visitors.

This was a pirate party and guests were greeted at the door by Jack and Ernest Conley, sons of the host and hostess, who were dressed in pirate garb. Scores and tallies were in the same theme and the refreshment plates carried pirate boats.

Those playing during the evening were Messrs. and Mesdames Harold H. Griffith, Hurd Jones, J. A. McCelvey, Owen W. McWhorter, O. L. Peterman, Velton Spikes, Ed McCelvey, C. L. Quillen, Guy L. McAfee, Jack Parsons, R. C. Smith, Houston Spikes, Miss Elizabeth Easter, Miss Virginia Conley and Mrs. Joe Hilton.

Mrs. Velton Spikes and Guy McAfee made club high scores and Mr. and Mrs. Smith scored high among the visitors.

Forty-Two is Played

Mesdames Gus L. Ford and Fred Snyder entertained the 24-42 club in the home of the first hostess at 2311 18th street Friday afternoon.

The Saint Patrick theme was used in appointments and refreshments and forty-two was played during the afternoon.

Guests included Mesdames J. C. Street, A. B. Conley, C. E. Maedgen, W. O. Stevens, G. M. Cosby, J. B. Maxey, R. D. Benson, W. R. Spencer, Eastin Wolffarth, George C. Wolffarth, R. Q. Pierce, W. B. Atkins, W. H. Meador, L. C. Ellis, H A Davidson, J. F. Hankins, S. C. Wilson, C. M Ballenger, W. L. Baugh and Albert Taylor.

The Cotters club was entertained on Friday evening by Mr. and Mrs. Hub Jones in their home at 2114 13th street. Those who played bridge were Mr. and Mrs. J. B. Crisler, Mr. and Mrs. Walter Myrick, Mr. and Mrs. Frank Winn, Mrs. C. D. Swift, Mrs. John Jarrott, Mr. and Mrs. Earl Sproles, Mr. and Mrs. Charles Read.

Mrs. Swift and Mr. Winn scored high in the games. Palatable refreshments were passed.

TO VISIT ITALY

Miss Frances Hoyt Ford On Extended Vacation

Miss Frances Hoyt Ford, county librarian, left yesterday for New York and Italy to be gone about four months. Miss Ford will meet some friends in Naples and they are to spend several weeks in Naples, Rome, Venice and other Italian cities this spring. She expects to return by way of Paris and England.

Fashion Plaque

THE BODICE DRAPE is gracefully interpreted in this semi-tailored blouse of absinthe crepe in a diagonal fashion.

Country Club Is Scene Of Affair For College Club

New Members Of San Souci Entertain Honoring Old Members Last Evening At Country Club

New members of the Sans Souci club, a social organization at Technological college, entertained honoring other members last evening at the Country Club.

Favors of vanities were given the girls and young men received favors of ajustable ash trays. Punch and sandwiches were served during the evening and table appointments were in pink and green.

The Country Club hall was elaborately decorated with flowers, featuring the club colors of pink and green, for this affair, and music was furnished by the Collegians.

These Entertain

Hostesses were Misses Juanita Wiles, Mary Lou Bayless, Lena Bert Madlin, Mary Frizell, Mary Snyder, Ann Snyder, Jean Mitchell, Zona Stiles, Kate Boyd ,Lucille Moxley and Mrs. Percy Denton. Chaperones were Mrs. Mary W. Doak and Mrs. R. M. Chitwood.

Honorees and escorts were Misses Alma Spikes, Faye George, Anna Belle Collins, Donna Vaughn, Helen Womack, Geraldine Smith, D'Aunn Sammons, Virginia Conley, Mr. and Mrs. Lovic Thompson, Dr. and Mrs. J. H. Stiles, Mr. and Mrs. John Edmisson, Mr. and Mrs. Lorenz Ellis, Messrs. J. C. Alexander, Chink Burnett, J. A. Walker, Jess Lockhart, Clarence Wiggington, Jack Camp, Leonard Pearson, Melvin Hunter, Sugg Robertson, Charles Bacon, Freeman Edmons, Lonnie Langston, Weldon Hankins, A. V. Weaver, jr., John Burroughs, Cecil Hilley, Johnnie Keathley and W. D. Watkins.

Add New Volumes To Library Here During February

Non-Fiction Volumes Offer Variety Of Reading For Patrons Of Library Of County

Six non-fiction volumes which have recently been added to the County Library stacks offer a variety of reading to patrons of that institution, according to a report sent in by the librarian, Miss Frances Hoyt Ford.

In addition to these books, seven fiction volumes have been added. These latter include the following: Barnes, "Prevailing Winds;" "Instruments of Destiny" by Beresford; "Eayton Court Mystery," Berksley; "Duke Steps Out" by Carey; "Dimpest Dream" by Colver; "East All the Way," Lockhart; "Sealed Trunk," Webster.

Short reviews of the non-fiction are included in the report. These follow:

Foght, H. W.—"Unfathomed Japan." Here is a lively chronicle of the daily adventures of an American educator and his wife in Japan. They tell their story with real sympathy and understanding of the Japanese, as well as with a touch of humor.

Clark, James L.—"Trails of the Hunted." The author of this record of adventures in Africa and other continents to which he has gone in his search for specimens, has had innumerable thrilling encounters. He has penetrated parts of Africa unexplored by any English speaking person before 1921.

White, Steward Edward—"Why Be a Mud Turtle." The author of this work is a shrewd judge of men. He knows people—why some are failures, others outstanding successes. Are you happy? as asks—if you are not, it's because you do not get on well—really well—with yourself. You will know yourself better when you have read this book.

Miller, Catherine Atkinson—"Stunt Night Tonight." Miss Miller has led recreational activities in community groups, summer conferences and large conventions. Her especial sucess with short comedy, in her experience with dramatization and stage craft, has prompted the original ideas of this book, which will be helpful to young people's leaders.

Cudahy, John — "Mananaland." Little is known of southern California, a part of Mexico but seemingly not of it. Mr. Cudahy and his companions, seeking new game territory, set out to "discover" Lower California, and did it. This is a fascinating record of their sojourn.

Strachey, Lytton—"Elezabeth and Essex." Through this drama of England's golden age, this drama of the conflict of the crown with the powerful group who sought to revive feudalism, there move the renowned figures of the age.

C. E. HAS PARTY

First Christian Church C. E. Members Have Social

A party was given in parlors of the First Christian church Friday evening for the Senior Christian Endeavor of the institution. Games were played under the direction of Mr. and Mrs. Lyster Armstrong.

Refreshments were served to Misses Jo Ellene Vannoy, Grace Johnston, Eleanor Nelson, Nada Casey, Merlyn McGuire, Catherine Schribner, Lilah Gaye Rodgers, Lillian Nelson, Jerdie Casey and Messrs J. E. Couch, Charles Broughton, Jack Nelson and Mr and Mrs. Armstrong.

MEN TO MEET

The Men's Fraternity club is meeting at 7:30 p. m. Monday in the office of Leonard Pearson.

Mr. and Mrs. Sam C. Arnett are to return tomorrow from a visit in Florida.

Several Blouses With Spring Suits Offer Variety

Tech H. E. School Has Annual Party

Dancing Follows Program of Stunts Last Evenng As Home Economics Club Of Tech Entertains

The Home Economics club of Technological college entertained last evening with an annual party in the college gymnasium and after contests and various other diversions there was general dancing for the group.

Stunts opened the evenings' program and prizes were awarded. The Virginia Reel was danced following a grand march. Punch was served throughout the evening and refreshments of ice cream and cake were passed. There was an attendance of about 200.

Yellow and green were used in decorations, which were featured by lanterns, and in the refreshment course. Miss Flora Goforth is president of the Home Economics club.

ENDORSE MEETING

Texas Federation Of Women's Clubs Invited Here

The endorsements of the Chamber of Commerce and of the Technological college, through the president, Paul W. Horn, have been received on an invitation that is to be extended to the Texas Federation of Women's Clubs to meet in Lubbock in November, 1930, according to Mrs. J. V. Connor.

The official invitation will be extended in Mineral Wells next November when the state clubs meet there, Mrs. Connor said.

Dr. Horn's statement is that he most heartily approves of bringing the Federation to Lubbock in 1930 and assures the club women the cooperation of the college faculty in making the meeting a success.

The Chamber of Commerce has also endorsed the invitation.

Miss Nina Bess Sprawls is visiting in Plainview during the week-end

Fashion Expert for Central Press and The Avalanche

The high lighting of the jacket costume is having its effect on the blouses they are wearing. One blouse to the short jacket ensemble, or the two-piece frock long coat ensemble, is not sufficient. Two, or even three, separate blouses are the vogue. Now that the lingerie blouse has come back for summer wear we are getting back to the days when five or six blouses, or shirtwaists, as we then knew them, are none too many, if one's purse permits it. There is a wide range of types in blouses available. These are divided between the tuck-in and the over-blouse, and may be as plain and tailored as were the old-fashioned shirtwaists, or as trimmed and fussy as you please.

Of course the vogue for contrasts has much to do with this. No longer will we wear a gray or biege blouse with the navy blue jacket ensemble. We may wear the biege or gray one day, a printed blouse another, and a bright red a third time. Speaking of the printed blouse, one clever manufacturer is offering a three-piece ensemble consisting of printed frock, monotone jacket and a wrap around skirt to be adjusted over the printed frock, giving it the appearance of a two-piece model with tuck-in blouse. The skirt, of course, matches the jacket. Naturally the skirt may be worn with separate blouses also.

Normal Waistline.

In the tuck-in blouse the waistline is almost normal, and worn without a belt, usually under a yoked skirt which gives the smooth hipline. The model shown at the lower center is of peach beige crepe de chine, and may be worn either as a tuck-in or over blouse. The scarf ends and band trim on the sleeves add softness to the model. Another scarf treatment of the blouse is shown in the model at the upper left. This is of flat crepe shade edging the collar, scarf and cuffs.

Next to this is shown a printed silk blouse in a diagonal striped leaf design. This features the swathed, knotted hipline with a repeat of the knotted effect at the neckline. To the right is shown a sweater type blouse in printed flat crepe with wavy stripes running diagonally. This is a copy of an imported sweater, with triangles of solid color at the neckline, both back and front.

Very feminine is the model at the lower left. It is of wheat color flat crepe, with a narrow pleating decorating the front and terminating with a pink pearl pin or buckle at the shoulder. The pleatings are repeated at the cuffs and at the draped hipline, where a bow further feminizes the model. The blouse at the lower right is of vanilla satin. An interesting feature is the scarf yoke with the ends set under an inlaid motif which repeats at the waistline.

HI-LEAGUE PARTY

First Methodist Group Has Social At Church

The First Methodist Hi-League members enjoyed a party of progressive games Friday evening in parlors of the church. About 22 were inattendance including the sponsors, Mr. and Mrs. Sam Leifeste. Refreshments were served.

O. E. S. TO MEET

Local Chapter To Initiate Tuesday Evening

The local chapter of Eastern Star is meeting at 7:30 p. m. Tuesday in the Masonic hall. There will be initiation work.

Mrs. C. A. Bell of Seymour is visiting her daughter, Mrs. Elmo Payne at 1628 16th Street.

Elimination Contests In Festival Of Music To Be Conducted Here Saturday Programs Have Been Sent Teachers

Miss Craag Leslie, Abilene, Is Elimination Judge In Piano Contest White Are To Be Held Here

Elimination contests for the annual Spring Festival of the South Plains Music Teachers association are to be conducted here next Saturday at the high school auditorium according to an announcement made by Miss Margaret Huff, president.

The Festival is to be conducted here on March 14, 15 and 16 and Silvio Scionti of Chicago and New York is to be the artist-judge. Mr. Scionti played in Lubbock a number of years ago, having been brought here by Miss Huff to give one of the first classical piano concerts in the city. Some of those who heard him play then remember his program and are planning to hear him again.

Miss Leslie Judge.

Miss Caig Leslie of Abilene is to be the elimination judge.

A program for the eliminations has been sent to teachers who will have pupils in the contest and a statement has gone with each one that all contestants must be on the second floor of the Junior High school building here 10 minutes before the contest hour for their age.

There will be no elimination in the 5 and 6 year divisions although there are six entries in each, because the distances are too great for such small children.

These Enter Pupils

Mrs. Jack Jackson of Tahoka; Mrs. M. E. Ware, Ralls; Mrs. F. M. Vinyard of Texico, Mrs. Gus Shaw of Littlefield, Mrs. Eva Barnes of Plainview, Miss Mary Richardson of Lockney, Miss Pauline Buck of Crosbyton, Miss Jeannette Ramsey of Slaton, Mrs. Lillian Butler of Slaton, Mrs. Mabie I Neal of Lubbock, Mirr Mary Dunn of Lubbock, Mrs. S. J. McFarland of Lubbock, Mrs. John L. Ratliff of Lubbock, Miss Mary Gresham of Lubbock, Mrs. Flanniken of Lamesa and Miss Janita Nugent of Levelland.

Program As Follows.

The hour program for contests, with the age entrants and the number enrolled for each group, is as follows for next Saturday:

8 a. m.—solo, 15 years, 13 enrolled; 8:45 a. m.—ensemble, 15 years, 5 enrolled; 9:20—solo, 12 years, 16 enrolled; 9:50—ensemble, 12 years, six enrolled; 10:15—solo, 14 years, 16 enrolled; 11—solo, 13 years, 26 enrolled; 1 p. m.—solo, 7 years, 6 enrolled; 1:15 p. m.—solo, 8 years, 6 enrolled; 1:30—ensemble, 14 years, 7 enrolled; 2:15—ensemble, 13 years, 6 enrolled; 2:45—ensemble, 10 years, 6 enrolled; 3:15—solo, 11 years, 16 enrolled; 3:45—solo, 10 years, 24 enrolled; 4:30—ensemble, 9 years, 7 enrolled; 5—ensemble, 11 years, 10 enrolled; 5:30 p. m.—solo, 9 years, 19 enrolled.

To Play Here

Silvio Scionti, noted pianist of New York and Chicago, will play here on the evening of March 14 during the annual Spring Festival.

State Treasurer Of PTA Asks For Additional Dues

Fiscal Year National P. T. A. Congress Ends On April 1, And State Per Capita Dues Must Be Sent In

The fiscal year for the National Congress of Parents and Teachers of which the Texas Congress of Mothers and Parent Teacher associations is a branch, ends April 1, 1929, for the year 1928-1929. Before that time the state treasurer of the Texas Congress, Mrs. James M. Loving, Austin, will compile a per capita report which she will send to the national treasurer, with five cents for the state and national organizations.

Last year when the national treasurer closed her books, Texas had sent in her per capita dues for 56,379 members. This number was a very small per cent of the estimated population of 5,487,00 accredited to Texas, 1.02 per cent, to give exact numbers. Last year a banner was presented to Tennessee for the largest per cent gained in membership to state population. Tennessee had a per cent of 1.07.

Anxious for Increase

Mrs. Loving is anxious that Texas increase the membership materially this year and explains that the percentage will be based on the scholastic population this year. She states that she has to send in her report early in April, and urges all Texas associations to send in dues before March 31 in order for her to include the amount in her per capita compilation.

Mrs. Loving says that many parent-teacher associations have in many instances sent in dues in October and all during the school year for that matter, but of course new members have been coming in all the time and that dues for these members should be sent in now, such dues being called additional dues. It is necessary that the associations send in additional amounts, according to Mrs. Loving, for two reasons: First, it is necessary because only those who have paid state and national dues of 25 cents are eligible for office in local associations, and if all such membership per capita has not been sent in, who is to say which members have paid and which have not and therefore which are eligible for office? Second because Texas should be given proper rating and should be credited with every member who has paid the 25 cents dues, just loyalty to one's state will demand the proper accounting of the dues, in Mrs. Loving's opinion. Therefore, every treasurer is urged to send in all dues and additional dues before March 31, to Texas Congress of Mothers and Parent-Teacher associations, Capitol Station, Austin, Texas.

Mrs. Loving states that to many the idea of additional dues is a new one, and that as the reasons for the strict accounting of all per capita dues is explained, the associations respond well. Mrs. Loving is expecting that Texas will show a substantial increase in membership when the national books are closed April 1.

CARD CLUB MEETS

Misses Deckert And Branch Entertain Saturday

Misses Genevieve Deckert and Dorothy Branch entertained La Carte club yesterday afternoon in the home of Mr. and Mrs. P. F. Murray, 2113 13th Street, with a bridge party. The St. Patrick motif was used and ice cream, which was served with cake, was molded into the form of clover leaves.

Club members attending were Misses Evelyn Rutherford, Margaret Connor, Lucille Bates, Evelyn Wilson, Dorothy Branch and Maxine Bradley. Guests were Misses Melba Mae Tatom, Dorothy Griffith, Lesey Bullock, Mary Cosby, Elizabeth Connor, Sue Brown, Louise Garrison and Maxine Clark.

Mr. and Mrs. J. Walker Green of Childress are guests this week-end of Mrs. C. Hinds at 806 Avenue Q.

Prayer Week Will Be Observed Here By Baptist W.M.S.

Special Programs To Be Given At Church Four Afternoons This Week In Observance

Members of the First Baptist W. M. S. will observe a week of prayer this week, beginning on Tuesday afternoon and continuing through Friday. Programs will be given each afternoon at 3 o'clock at the church. A business meeting of the society will be held Monday.

Tuesday's program will be on Cuba and Panama and will be as follows:

Devotional, Mrs. Fred Graydon; talk, "Cuba Under Spanish Rule," Mrs. Cecil Horne; "Cuba, the Land of the Lost Christ," Mrs. Fred Lifton; "The Light that Shines from Sea in Panama," Mrs. J. D. Carnett.

On Schools

The program on Wednesday is on "Mountain Schools" and is as follows:

Devotional, Mrs. George Foster; "Settlers in Southern Mountains," Mrs. J. H. Hankins; "A Glorious History and a Gilt Edge Investment," Mrs. E. W. Provence; "A Priceless Heritage," Mrs. W. M. Lowrimore.

Mrs. J. J. Rozzell will lead the devotional at Thursday's program, which will be on the negro. Mrs. Tom Campbell will talk on "Bringing the Negro to the United States and the American Negro," and Mrs. J. G. Brock will talk on "With Christ Across the Barrier of Race." A reading will be given by Mrs. Frazier McCrummen and Mrs. George Duval will talk on "Negro Baptists Need Our Support."

The topic for Friday is "Others" and the program will be as follows:

Devotional, "Home Missions Brought Home;" "Following Indian Trails," Mrs. C. L. Fowler; "The Chosen People," Mrs. J. F. Hankins; "That I May Know Him," Mrs. J. W. Reid.

YOUR CHILDREN

by Olive Roberts Barton

©1928 by NEA Service, Inc

The question of promises has come up. Is it right or wrong to compel a child to make a promise?

Now, I believe that the first reaction of thoughtful people to this question will be that it is wrong. If we are going to live by the new doctrine of allowing a child greater liberty of action and freedom of choice, why make an inconsistent reservation?

It would seem, according to this argument, to strike at the very root of initiative and self-confidence. A promise is a wall, a prison, a ball-and-chain! "To compel a child to make a promise," say some of the new behaviorists, "is like compelling a man to buy an article for which he may not be able to pay."

"If a child makes a promise voluntarily—announces of his own free will that he intends to do something—there is no necessity of a promise" they remind us.

"And furthermore, if we impose our wills on a child's will by the moral binder of a promise, he becomes a double offender if he fails, not only in the act itself, but by breaking faith with his parents. An unfair position!"

I agree very heartily with this argument. I think children are "promised" to death. "Promise me, John! Promise me, Mary!" It is a confession of weakness somewhere. It is like building a poor wall and then trying to tie together its weak places. If John and Mary were brought up on right ideas, all other things being equal, there would be little need for promises.

But here, as in other ethical questions, there is no black and white—no "yes" and "no." We cannot draw a decided line. It would be foolish to say flatly, "There should be absolutely no promises where children are concerned." We must remember that children grow up.

If there was no such a thing as a promise, the world couldn't run.

Children should know what it means to contract a bargain and keep it. To learn to keep a bargain is the best developer of moral stamina that I know of. "A man of his word!" "A man who can keep a promise!" What finer eulogy can one have?

TO PAVE STREETS

Muleshoe Election For Improvements Carries

(Special To The Avalanche-Journal)

MULESHOE, March 2.—An election for the adoption of a city improvement plan carried here by a vote of 5 to 1, last Thursday. This election was held under the state law, so that bonds may be voted for the paving of six blocks on Main street. The bonds will be voted on at an early date and citizens are enthusiastic over the new improvement program, which was necessitated by the tide of immigration to this section and the building of new residence and business houses in the town.

SULLY TO SPEAK

Slaton Retailers Will Hold Session

(Special To The Avalanche-Journal)

SLATON, March 2.—According to Mrs. Lee Green, secretary of the Slaton Retail Merchants' association, Slaton business men will hear an address on Friday night, March 8, by G. W. Sulley, prominent merchandising authority, of Dayton, O., appearing under auspices of the merchants' association here.

Successful selling methods, cooperation between merchants, store service, store management, and proper advertising will be among the subjects the speaker will discuss.

How to Achieve Beauty

BY MME. HELENA RUBINSTEIN

MME. RUBINSTEIN

The "eternal feminine!" Such mysteries as the phrase calls up! Such conjectures about the type of this touch-me-not, alluring creature! What is she—a modern Sphinx? or Mona Lisa, bafflingly sweet and inscrutable?

Not mysterious — except as women down through the ages have always been mysterious—nor a siren — although she has her golden, alluring moods. Not a clinging vine, but a simple womanly woman. She is the type that most mothers hope their sons will marry. Wholesome, sweet, wise, maternal and with that blessed sense of humor that makes her livable and lovable.

And most mothers' sons do marry this type, for all women, at times, are like her. But she, the true "eternal feminine," sustains her mood of womanliness beyond the mating season, always.

In appearance she is generally "medium." Neither very tall nor very short. She may be either blonde, brunette or auburn or one of the mixed types. She is not fat or thin. Yet "slender" and slim are not words one thinks of in her connection. She is softly rounded, gently ripe of curve and outline. Her shoulders are broad—often she is capably athletic, and her bosom deep. Her hands are supple, strong, sympathetic.

Hers is a rich type, varied in possibilities. And there are definite suggestions for her to follow in developing or maintaining its natural beauty. For one thing she must beware of all laxness in contours of face and body. Too soon her delightful ripeness may become overgenerous in its propostions. And lines, all too soon deepen into absolute wrinkles. She must guard against these with exercises and preventive beauty preparations.

Her hair, too, she must never neglect. For on "hair-loveliness" depends so much the effect of general wholesomeness. And the "eternal feminine" is essentially wholesome.

Her skin may be good, nearly always is good, but like all good skin, it wants care. She must keep it stimulated and healthy, protected against the weather. In make-up she may go in for bright effects, if her hair and eyes will warrant it. Geranium rouge for lip and cheek, and rachel or ochre powder. All pink and white effects, even for definite blondes, are to be carefully avoided. The womanly type, rich in color and personality. Never insipid, sentimental or artificial in any way.

For her clothes she may choose bright shades, also, suiting them to her general color scheme. Vivid effects, provided they are in good taste, are in keeping with her type. But she must be careful of line, making sure that no unnecessary fullness in ruffles, pleatings or drapes obstructs the lovely contours of her figure.

And she must pay attention to good grooming. Every woman must but the womanly woman must especially. For each daintiness of dress and intimate accessory contribute necessarily to her "eternally feminine" charm, the wholesome, bright, winsome charm of her maturity.

The Morning Avalanche *Menu for the Day*

BY SISTER MARY

BREAKFAST — Grape fruit sections, cereal cooked with figs, cream, crisp toast, milk, coffee.

LUNCHEON—Spanish eggs, whole wheat muffins, hearts of celery, apple tapioca pudding, milk, tea.

DINNER — Broiled fresh herring, shoestring potatoes, broccoli in cream sauce, head lettuce with French dressing, raisin and cranberry pie, milk, coffee.

Of the small fresh water fish, none are better for boning than the herring. There are few bones not attached to the backbone, so most of the bones come out with the removal of the backbone. Even so, care must be observed when children eat fish.

Spanish Eggs.

One tablespoon butter, 1 tablespoon flour, 1-2 cup milk, 1 cup sifted tomatoes, 4 eggs, 1-4 cup chopped cooked ham, 2 tablespoons tomato catsup, salt and pepper.

Melt butter and stir in flour. Cook until bubbling and stir in tomatoes. Bring to the boiling point and add eggs without beating. Add milk and lift with a fork while cooking. When eggs are set add catsup, ham and seasoning. Make very hot and serve at once.

Volunteer Fire Group Organized

(Special To The Avalanche-Journal)

SUNDAN, March 2.—A volunteer fire organization was completed in the town of Sudan this week. The volunteer force consists of 18 men with L. T. Hunt as fire chief; W. G. McGlammery, assistant fire chief, and V. H. Morrison as secretary-treasurer. This organization has been recognized by the city council of Sundan as its official fire-fighters. Most of the men in the organization have had previous experience in similar organizations and their former experience will help them greatly in rounding into form the less experienced members. Regular meeting dates have been set for assemblies of the department to study methods of combatting fires once they have originated. It is planned to give publicity to methods of preventing fires as well. This is a great step in civic protection.

ATTEND HORSBRUGH FUNERAL

Mr. and Mrs. G. W. Bradley of this city left yesterday for Mineral Wells where they will attend the funeral services for Fred Horsbrugh, prominent 72-year-old cattleman who died there Friday.

While in that city Mr. and Mrs. Bradley will visit in the home of their daughter, Mrs. G. G. Ingham.

Mr. and Mrs. Erle Thompson have returned from a month's visit in Corpus Christi, Austin and San Antonio.

Kathleen Mary Quinlin

PREPARATIONS For SKIN, EYES, HAIR

Under Kathleen Mary Quinlan's skillful guidance you'll see your contour grow more lovely. You will note growing firmness of tiny muscles—a gentle uplift of sagging lines—a disappearance of telltale wrinkles in your forehead and around the corners of your mouth. You'll notice too a fineness in the texture of your skin.

Social Courtesies Given For Brides

Bridge And Forty-Two Are Played At Affairs On South Plains Last Week By Hostesses

Affairs for brides were outstanding in social affairs on the South Plains last week. Regular club meetings and parties were given.

Miss Frances Payne of Becton, who is to marry L. J. Sanders of Lorenzo, was honored Friday evening in Post when Mrs. N. N. Rodgers, Mrs. Della Justice and Miss Kathryn Custis entertained in the Rodgers home. The honor guest received a number of gifts.

Colors of pink and white were used in an appropriate theme for the party appointments. There was a large attendance.

Bridge Club Meets

The Abernathy Just-a-Mere club was entertained Friday evening in the home of Mr. and Mrs. O. O. Crow with Mrs. Crow and Mrs. F. Clausen as hostesses. Five tables of bridge were in play.

Miss Marguerite Dalton and Richard A. Honea, who were married in Slaton on Wednesday, expect to be at home in Lubbock when they return from a honeymoon in Fort Worth.

There were several events in Plainview society last week. Mrs. Hugh Tull entertained the Monday Night Bridge club in her home and Mrs. Z. T. Huff entertained on Tuesday afternoon with a forty-two party complimenting her mother, Mrs. J. P. Stimson, of Abilene. The Dixie Bridgers were entertained on Wednesday afternoon by Mrs. John Reed.

A wedding of some interest on the South Plains last Saturday was that of J. P. White of Colorado and Miss Alma Hood of Snyder. Rev. W. Hinds, Methodist pastor at Colorado, officiated in his home, using the ring ceremony. Several friends were in attendance. The couple is living in Colorado.

Mrs. A. J. Cody of Snyder entertained the El Felis club on Friday afternoon in her home with a forty-two party.

Mr. and Mrs. Bill Putman entertained the Entre Nous club of Spur on Thursday evening in their home and during a business hour, new officers were elected. Mrs. John King was chosen president.

Mrs. R. E. Dickson of Spur entertained the 1925 club in the afternoon on Thursday.

Mrs. William D. Beedy, a bride, was honored in Floydada on last Friday afternoon by Mrs. Fannie Montague and Mrs. James Colville of that town. The affair was given in the Montague home.

TEXAS TECH TOPICS

By Margaret Turner

WEEKLY CALENDAR

SUNDAY

Miss Katherine Harper is to lecture at the Engineering auditorium at 4 o'clock on the subject, "Italy."

MONDAY

Girls' Glee club, Room 310, 4 o'clock.

Aggie club, Room A-109, 7:30 o'clock.
Central Texas club, Room 310, 7 o'clock.

FRIDAY

Capa y Espada club, Room 310, 7:30 o'clock.
Pi Gamma Mu, Room 214, 8 o'clock.
Lubbock club, Room 302, 8 o'clock.
Freshman class dance, gymnasium

DELEGATE TO MAKE REPORT

Mrs. Mary Dale Buckner, will address the Southern Scholarship society tomorrow evening at its regular meeting. Mrs. Buckner returned the first of last week from the annual session of the Southern Scholarship societies of colleges where she attended the meet held at North Texas State Teachers' college at Denton, as a delegate from Texas Tech.

VISITOR TO LECTURE FRIDAY

On March 8, in Room 108 of the Home Economics building Miss Millicent Adkin, representative of the Evaporated Milk Association of Chicago will lecture on the uses and preparations of evaporated milk. Although this lecture is to be given primarily for the foods classes, anyone else who is interested is invited to attend according to Dean Weeks.

This lecture follows one given by Mrs. John C. Granbery last week on life insurance and is presented as part of the regular curriculum.

CALL MEET OF MATH CLUB

The Mathematics club is to meet Thursday of this week instead of next week as it is scheduled due to the examinations which are to be given beginning next Tuesday.

MILLS TO LECTURE ON NOVEL

R. A. Mills, member of the department of English, is to lecture to Pi Gamma Mu Friday night on the subject of the modern American novel, Mr. Mills will regard the novel especially in its relation to sociology and social problems. An authority on the subject of the modern novel he offers it as one of his courses in the fall, spring, and summer terms each year.

HERE IS SOME MORE

Thirty students and three teachers, members of a trip made to Santa Fe on an excursion of anthropological, and sociological interests returned early Monday. A profitable and exciting time was reported.

Sylva Wilson, secretary of Pi Gamma Mu, received certificates for new members of that fraternity and spent the week in distributing them.

The funniest story was of the young professor who was called out of class to answer a telephone call and the party on the line (a Freshman girl) wanted to know if a test was announced for his class which she was to attend in a few hours.

The best quotation probably was the one given by the young speaker at convocation: "Faith is betting your life that there is a God."

The most enjoyable occasion were the plays given at the gymnasium by th Coffer-Miller players on Mondays and Tuesday evenings.

And the saddest realization is that next week is the time to dust the books and review them as dead week is upon the students.

Wilkins Heads Club At Sudan

(Special To The Avalanche-Journal)

SUDAN, March 2. — A very enthusiastic meetin gof the Sudan business men's luncheon club was held in the corridors of the high school building yesterday evening. Ladies of the Methodist church served the meals for 35 members. Election and installation of officers for the year was an important event of the meeting.

W. I. Wilkins was elected president; F. B. Talbott, secretary-treasurer; R. C. Hooton, pep-inspirational leader, and S. D. Hay, vice-president. This club membership consists of 35 of the prominent business and professional men of the town and farmers of the vicinity. It is an evidence of the unity of spirit that actuates the people of Sudan and vicinity where farmer, business man and professional man unite in the fight for advancement of the entire community.

Miss Maxine Bradley has as her guests this week-end Misses Florence Duckworth, Juanita Wright and Kate Stallings of Post.

The Avalanche-Journal is an Independent Democratic newspaper, supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics; publishing the news fairly and impartially at all times.

I will sing unto the Lord as long as I live; I will sing praise to my God while I have my being.

My meditation of him shall be sweet: I will be glad in the Lord.

Let the sinners be consummed out of the earth and let the wicked be no more. Bless thou the Lord, O my soul. Praise ye the Lord.—Psalm civ, 33, 34, 35.

WE DO NEED BETTER ROADS

ALTHOUGH it may be several months before another road bond issue election will be held, the fact remains that Lubbock county, and every other county on the South Plains, needs better roads.

It is true that our present highways are not so very bad. They are well-graded and mighty fine to travel over—in fair weather. Like all other dirt roads, however, traffic is slowed down when the rains and resultant mud come. This is the reason for better surfaces.

Lubbock's growing renown, as a result of the $12,000 advertising campaign being conducted in a number of national farm publications by the Chamber of Commerce, is already evident from numerous visitors who have recently come here to look this section over first-first. Any one can see that as the weeks increase and spring and summer approach, thousands of tourists from states of the east, Old South, north and middle west, will head their flivvers in the direction of the South Plains. Radiators will be pointed directly toward "The Hub of the Plains."

What if they arrive in the middle of a June rainstorm?

Anything a tourist despises, while touring, is to be stuck in the mud in some foreign state. If the word might be spread that "Lubbock county is preparing to pave her highways—this will not be thus for long—" sour grapes will not be sour. But, if no word is forthcoming as to better road building, the thousands of tourists will spread the news to thousands of other tourists, headed this way, when they start back home.

When the Carlsbad Cavern Highway, which will traverse Lubbock county over Number 53 ,is mapped and marked and advertised to the nation as a direct route to the famous underground wonders in our sister state, New Mexico, folks will either be drawn by Lubbock, or routed around the county, by good or not so good roads. And it is not to be forgotten that this highway drains the traffic lanes from the thickly-populated areas of the north, east and northeast, by promising the saving of several hundred miles on the way across the continent to the Pacific coast—and vice versa—which will be quite attractive.

Especially will this route become the more attractive, when it is known that tourists may travel it every month in the year, without fear of being stuck by snow-storm.

COGS IN THE WHEELS OF JUSTICE

The other day one of Lubbock county's busy courts, including the judge, clerk, court reporter and several attorneys and many witnesses were kept waiting in the courtroom for half the day, because one important witness, locked up in the county jail could not be brought forthwith to the stand to testify.

Reason for this delay was the absence of the County Jailer from the courthouse. Being a Deputy Sheriff, he was off on other duties for the sheriff's department. But, being the jailer, he was the only one with necessary keys to use in fetching the prisoner as a witness.

Many instances of waits, ranging from an hour to almost a day, have been reported. Even with the jailer present and at instant call of the court, it has taken an hour or more for him to get a prisoner from jail to the courtroom.

There's a reason for this delay, also. And it is not the fault of the court, officers or the county. It is the fault of Lubbock county's lack of modern jail facilities. We need a new jail. We will have one before many months are checked off the calendar.

Like modern jails are being built these days, Lubbock county should look into the possibility of erecting a new jail on top of the courthouse. Some have suggested that this could be done. If the building is not of sufficient foundation to permit adding a story, it might be achieved by placing a jail on the top of steel girders run through the rotunda of the courthouse. An elevator, or stirway, leading to the jail above, would serve both as a time-saver and a precaution against the escape of prisoners.

GETTING READY FOR 1930

While we are sitting upon the threshold of another government census-taking, Lubbock leaders might begin a closer study of planning for this event. There are a number of small additions to the city that, were they included in the census of next year, would add several thousands to the recorded population.

It is often much easier to have outlying additions vote to permit city limits be extended beyond their confines, than to wait several years until such additions become doubled or tripled, with so many more folks to see and so many more minds to bring to accord with the idea.

Some more work that the city Commission, Rotary, Kiwanis, or Chamber of Commerce, might tackle.

THE LAW VINDICATED

There are few situations so desperate that they cannot be remedied. There are not many, if any communities in the United States where peace and order and decency cannot be re stored if there are officials who have the courage and the ability to perform their tasks. No matter how bad a situation may become, how seemingly well entrenched the lawless element may be, there is always a large and respectable number of people who can be depended upon to sustain and support those who are determined upon reform. Nothing more forcefully illustrates the truth of these statements than the improved situation in Herrin, Illinois. For more than nine years crime and violence and disorder have been rampant in the community and the county

On the Firing Line at the Nation's Capital

"LITTLE CABINET" HAS COMPETENT PERSONNEL

BY CHARLES P. STEWART
Washington Correspondent

WASHINGTON, March 2.—Ever hear of the "little cabinet?"

It is quite well known in Washington, where one meets these official folk face to face, actually gets acquainted with a few of them, and gradually comes to recognize a governmental department as a collection of individuals, rather than as a mere "institution."

To most people at a distance from the capital, I fancy it will be news that there is a little cabinet.

As a matter of fact, there is not—except conversationally.

The little cabinet consists of the assistant secretaries in the 10 different departments.

These 10 are a very competent group of men, but not more than two or three of them, at the outside, can accurately be described as public characters of national proportions. They all are prominent in Washington, and each, doubtless is prominent in his home community, but their names are not familiar names the whole country over, like Senator Borah's, or Andy Mellon's or Nick Longworth's.

Clark, Mills, Robbins, Mitchell, Bartlett, Robinson, Finney, Dunlap, Brown and White—that's the list. As will be seen, nobody who is not pretty up-to-date on his official Washington can tell them, which from which.

Don't mistake me. Some of the little cabinet members are among the ablest men in the capital. Nevertheless, there are two reasons why the higher-ups in politics generally steer clear of little cabinet portfolios.

In the first place, a little cabinet job means real hard work.

Secondly, a political star of the first magnitude thinks he rates something fancier than an assistant secretaryship. He wants to shine by his own effulgence. If he can't have an out-and-out portfolio, he prefers to run for some showy elective office—assuming, of course, that he believes he can win it. If not, he may take what he can get.

Thus it is that our nation's little cabinet appointments have been largely frittered away on men who have nothing much better to recommend them than mere ability—men who maybe cannot deliver large blocks of votes worth shucks, on election day.

But now, as I get the hint, a new use has been discovered for assistant secretaryships, whenever one falls vacant, which promises to make them very valuable.

A goodly share of them are to be filled from the G. O. P. south, they tell me.

Not that any cleaning out of our present veterans is forecast, or that Dixie is to get every single vacancy, but retirements and changes do occur from time to time, and the southland is not to be forgotten in the making of replacements, according to this story.

The thing sounds logical.

Southern Republicans have been kept so knocked over the nose that hardly any of them are politically big enough to claim cabinet honors. (True, one of them is supposed to be slated for a portfolio, but certainly not more than one.) And naturally they can't hope to be elected to anything in that part of the country—not without a lot more missionary work, anyway.

An assistant secretaryship should look far more enticing to a southern G. O. P.-ite than to a northern one.

Trust this next administration not to overlook any useful by-products!

Diet and Health

*** *** ***

By LULU HUNT PETERS, M. D.
Medical Adviser for Central Press and The Avalanche-Journal.

TOO MUCH SALT EATEN BY THE MAJORITY OF US: 20-30 GRAINS ENOUGH

"1. Why do you advise those of us who are reducing to eat very little salt? 2. Does it do any harm if one finds it easy to go without breakfast, to omit that and to take the 1,200 calories or so in the other meals? 3. I have been on your diet for three weeks. The first week, I went on the semi-liquid diet for three days, and lost but two pounds. The second week I almost fell off the scales when, although I had eaten more, I discovered I had lost five pounds! This week I have lost but two pounds again, for I had a cold, and, as you advise, I went back to the maintenance diet. "B."

LULU HUNT PETERS, M.D.

Answers: 1. The majority of us eat too much salt anyway. We need 20 to 30 grains a day and we take four times that amount. The reason I advise those who are reducing to cut salt down is that it causes the body tissues to hold water, and this, of course, keeps the weight higher; and too much salt in an irritant to the kidneys and blood vessels.

2. Yes, I think it is alright to omit breakfast if you find you do not care for it. I myself haven't had anything but a cup of coffee or tea for breakfast for years. (A cup of fruit juice would be better.) Many persons seem to be benefitted by the no-breakfast plan, especially if inclined to overeating. However, there is no need of going without breakfast even if you are overweight, if you don't exceed your reducing number of calories during the day. With some it is more convenient to have a fair-sized breakfast and no lunch (or perhaps a little fruit), and a good-sized dinner in the evening.

3. The day before your official weighing, it is necessary to have the same number of calories and the same type of food that you had the week previous and to weigh at the same time of day. Otherwise you cannot judge the relationship between your caloric intake and what you have lost, due to the water balance factor.

We have an article on Blood Pressure and a pamphlet giving instructions on losing and gaining.

A.—The itching you complain of may be due to irritating urine or possibly to pin worms. Sometimes the causes are oftentimes cured by the X-ray.

I suggest you have a complete physical examination, A., including urine and fecos analyses, and see if the cause cannot be detected. Until that is done, try very hot compresses frequently applied, followed with an application of carbolized vaseline.

"Can you tell me what to do for a sensitive nose? I sneeze and seem to have the worst head cold when riding on trains and sometimes in autos from the dust also from anything frying on the stove. I contract cold very easily. Can this be due to sensitiveness? Would hay fever be a cause of a sensitive nose? A."

Yes, A. Those suffering from hay fever are, for some reason, upset by pollens or dust or different animal emanations, or from foods that do not cause any trouble in others. Just what causes this sensitiveness is not known, but there is probably some undermining of the resistance, either through wrong hygienic habits or through absorption of poisons from infected spots in the body. Asthma is also frequently caused by this sensitiveness. This, with hives and other skin eruptions, are known as allergic manifestations. There are physicians who specialize in these diseases.

Speaking of "Blindfold Tests"—!

SO THINK WE

We think that March certainly came in gently and prettily. Just a bit cold, but not blustery. Now what will the weather prognosticators have to say about the thirty succeeding days?

—o—

We think if Plainview is building houses at the rate of one a day, she is going to be a good big city before many months. Plainview has always been a good town, and her people are strictly for their home town, and if you don't believe it just try to get them to move some where else once.

—o—

We think if the Idalou bank depositors do not have to take a loss of greater than 20 or 25 per cent, it will be a very fortunate thing. We are sure that Idalou people will get right behind the new bankers who are figuring on taking the institution over, and make it a stronger bank than it ever has been.

—o—

We think athletics are all right. We enjoy baseball in the schools, football, but are very enthusiastic about basketball. We enjoy the track meets, and it is said that many thousands of people are like us in this respect. But what about debating. It seems that part of the school work certaily goes begging for an audience. Even the student body does not get enthused over it. It is one of the best mind developers too. Boys and girls put in much time working up their debates, and getting in condition to deliver them, but there is a slim chance that ten per cent as many will hear them as will go to the football games or the basketball events.

—o—

We think with an increase in the enrollment of the schools of Lubbock by 197, during the past month, that there is but one thing to do, and that is to get right in there and play ball with the school board, and build a high school building that will be modern and adequate. It will be 1930 at the very earliest time that our school heads can move into a new building started this summer or fall, and there seems to be no way of getting around the erection of additional buildings of some kind. Many of the pupils are only getting half a day at school now, and with an increase equal to the increase the past year, you see where we will be. Out of doors and no place to go to school.

Your Income Tax

YOUR INCOME TAX
No. 24

Inquiries received by the Bureau of Internal Revenue indicate confusion in the minds of the writers concerning the difference between business expenditures and business expenses. Business expenditures are not always business expenses and therefore deductible within the meaning of the income-tax law. A merchant may build an addition to his store at a cost of $25,000. This is a capital expenditure for an addition to his assets. Capital expenditures are not deductible.

Medical, law, or other professional books, machinery, tools, implements or surgical instruments purchased by a taxpayer for use in his business, trade, or profession, and which are of a permanent character, are capital expenditures and their cost is not deductible.

The purchase price of an automobile, even one used wholly for business or professional purposes, is a capital expenditure and not deductible. The cost of gasoline, repairs, and upkeep of an automobile is deductible if used only in business. If used partly for business and partly for pleasure and convenience, such cost should be apportioned accordingly. The proportion of cost justly attributable for business purposes is deductible as a necessary expense.

The Way Of The World

BY GROVE PATTERSON

DIRECT ACTION

Dispatches say Polish women in the outskirts of Warsaw, capital city, wrecked five stores. Proprietors were accused of over-charging. In these civilized days of "conferences" and polite, ineffective organization efforts, one is attracted by this direct action. These women got results. One can't entirely defend them. It is always better to get results within the law, and to do without them if you can't get them that way. But there will always be an answering note of sympathy from most of us who would now and then in a good cause like to break a window to get what we want.

• • •

WITCHCRAFT TODAY

You learn from the newspapers that a New York woman, suing her husband for divorce, accuses him of having the "evil eye" and resorting to witchcraft. Not long ago there were accusations of witchcraft in Pennsylvania. Reading these items one wonders if life is so much different, after all, than it was in Salem, Massachusetts, in the seventeenth century. Many things have been added to life. Unfortunately some things have not been taken from it. The writer of this column, in the Great Smoky mountains of Tennessee, discovered the practice of "charming" away disease. Domesticating the human animal is only half the battle of civilization. Giving him a mind to think with and teaching him to use it is something more.

• • •

DENBY

The life of Edwin Denby, who died recently, may serve as an example of what a man may do by starting at the bottom, when he is really heading for the top. Denby was a "gob" in the navy; he was a "devil dog" in the marines. And he rose to be secretary of the navy. He was blamed, when in the cabinet, for agreeing to the leasing of oil lands. Not a man who knew Edwin Denby but knew that he did only what he thought was for the true interests of his country.. He was a real patriot.

• • •

NEW COMMANDMENTS

Dr. W. L. Stidger, pastor of a Boston Methodist church, compiles the new ten commandments for wives and women. They are interesting, whether observable or not:

1.—Thou shalt not nag.
2.—Thou shalt not be jealous.
3.—Thou shalt not give thy thoughts wholly unto dressing.
4.—Thou shalt not be pugnacious.
5.—Thou shalt attempt to live up to the ideals that have been dreamed for thee.
6.—Thou shalt not expect thy husband to be the cook or the dishwasher.
7.—Thou shalt remember that thy home is thy first shrine.
8.—Thou shalt remember that men love good women and cleave to them forever.
9.—Thou shalt set the spiritual note of human life.
10.—Thou shalt be loving and thou shalt have love.

STRIKE SHOWING OF OIL

KANSAS CITY, March 2 (AP)—A showing of oil was struck late today at the Corder and Hart well, east of Lees Summit, Mo., at 319 feet. The owners were drilling for gas.

ENDORSE R. B. CREAGER

—o—

DALLAS, March 2 (AP)—A resolution approving R. B. Creager, republican national committeeman from Texas, and his efforts to build the party in Texas, was adopted here today by the Texas Republican Woman's club.

PRESS COMMENT

MILLER A CANDIDATE?

Lieutenant Governor Barry Miller was formally put forward as a candidate for governor at an informal session of the Texas senate last Saturday, during which the lieutenant-governor was eulogized, lauded and boosted by the senators who were present.

It is possible Mr. Miller may become a candidate for governor; he has been "mentionel" rather frequently of late.

It is also possible he may be able to overcome the handicap of having his boom launched by the state senate.

But he will have to do some tall old explaining to the voters, at that. —Abilene Reporter.

THEY BEST APPRECIATE

From the Sangelo Times:

Criticism of the low salaries paid teachers everywhere has become common. As a class they are the lowest salaried professional workers. From these salaried professional workers. From these salaries they have the usual expenses that all of us have and most of them also have, in addition, the cost of further preparing themselves for their profession by summer study.

Consequently the teacher should not be expected to give very liberally to any cause. Yet yesterday it was announced here that every teacher in San Angelo had pledged a donation to the fund for the Tom Green County Library.

Such an example is worthy of emulation by every wage-earner in the country. If the teachers can afford to make donations, every one should be able to give something, though it be but a dollar.

Teachers as a class are known for their public spirit and zeal for community betterment, but probably the reason the teachers gave so generously to the library drive is that they, more than any other class of citizens, realize San Angelo's great need for such an institution and what it will mean.

The Free Library—Second in Worth to the School and the Church," is the slogan that has been adopted in the drive and evidently the teachers feel that the statement is correct. We give to schools through taxation and the constant improvement being made in religious facilities is indicative of the fact that the people of this county support the churches well. Equal assistance should be given the library.

PUBLIC OPINION

To Our Friends In Lubbock:

As we have received orders to leave Lubbock to take charge of the Salvation Army's work in Waco, our thoughts turn back to the time when we came to this city over a year ago.

We think of the friends we have won here, of their kindness and cooperation. It is not nor shall never be forgotten. To you who have helped us financially, spiritually and otherwise this little letter of appreciation is written. Continually our prayers will be for you and that God may continue to bless and prosper each of you individually.

Captain and Mrs. Vaughn, of Amarillo, are to take over the work here on Tuesday, March 5th. If you stand by them as you have stood by us we feel that in the future years Lubbock will have a greater and a better Salvation Army.

God bless you all!

Captain and Mrs. F. C. Scott.

TEXAN SEEKS FARM SURVEY

WASHINGTON,, March 2 (AP)—A bill to authorize an initial appropriation of $250,000 for a farm survey of the country by the secretary of agriculture was introduced by Representative Buchanan, democrat, Texas, today. It has little chance of passage.

THE BLACK PIGEON

© 1929 By NEA Service, Inc. by ANNE AUSTIN

THIS HAS HAPPENED

RUTH LESTER, beautiful secretary to "HANDSOME HARRY" BORDEN, promoter of dubious stock companies, becomes engaged to JACK HAYWARD(whose office is just across the narrow airshaft from Borden's.

On a Saturday morning in January, Borden has two women callers. The first is RITA DUBOIS, night club entertainer, who is to accompany him for a week-end at Winter Haven. The second caller is MRS. BORDEN, Borden's wife and mother of his two children, who comes for her monthly alimony which the promoter forces her to ask him for in person.

Learning her husband is busy she agrees to return, but before leaving glimpses a pistol in Ruth's desk. Rita leaves and Borden waves goodby with a torn bank note, reminding her of her "bargain."

While Ruth takes dictation, Borden makes a playful pass at her and she screams, attracting Jack's attention in the opposite office. Jack is furious and threatens Borden across the airshaft. He is still angry when Ruth meets him for lunch. Ruth forgets her bank book and rushes back to the office where she bruises her lip. Jack believes Borden hurt her but Ruth insists he is wrong. At the luncheon table Jack says he left their theater tickets on his desk and returns for them. He is gone 20 minutes, returning strangely perturbed. This mood persists throughout the matinee and reappears again when he calls Sunday night. At the office Monday morning Ruth goes into Borden's private office with crumbs for pigeons that gather on the window ledge. Her eyes fix in horror on the thing sprawled near the window on the floor.

NOW GO ON WITH THE STORY

CHAPTER VII.

Slowly, her feet feeling as stiff and cold as the thing that lay on the floor, Ruth Lester backed toward the door which led into her own office, her hand groping for the knob, in a desperate need for something to cling to, for her whole world was whirling madly about her. But her staring, unwinking blue eyes could not tear themselves away from the sight which filled them—the prostrate body of her employer, "Handsome Harry" Borden.

Even in death he looked handsome. His still face, very white against the polished dark brown wood of the floor and in contrast with the sleek blackness of his unruffled hair, was pillowed upon his up-flung left arm, so that he looked as if he slept. But the rigid stillness of that crumpled body was not the peace of sleep. From beneath the slightly raised right shoulder—he had fallen upon his right side—something which had once been warm and red had spurted, forming a dark, irregular shaped pool, dry now at the edges.

Her groping hand found the door knob, and she clung to it, swaying dizzily for a moment. Then, frenzy taking the place of stunned horror, she banged the door upon that ghastly sight and staggered across her own office, both hands reaching for the outer door.

When she had come in, she had left it on the latch, so that visitors to the office might gain access, and as she let it swing shut behind her fleeing, horror-driven figure, she had the impulse, born of long habit, to click on the latch, so that no one could enter during her absence.

"Nobody can hurt him now. He needn't be afraid of unlocked doors any more." Ruth's mind babbled crazily, as she ran down the hall, past the suite of offices that lay beyond Borden's, turned the corner, raced on.

• • •

From the very first moment of discovery there had been only one thing she could do. She must see Jack. The journey along the two corridors had never seemed long to her before, but now she felt as if she would never reach the man she was engaged to, the man who. . . But as if something too frightful for contemplation were pushing upward from her sub-conscious mind, she veered her thoughts.

Two men who had offices in Jack's wing of the Starbridge building looked at the white-faced, running girl, but she did not see them, did not hear one of them call out to her. If she had, she would not have answered. No one but Jack would do now, and he . . . Oh, no, no!

She found his outer office door closed, but not locked, tore it open, gasped out Jack's name to the girl who was calmly opening mail.

"Mr. Hayward? Yes, he's here, or rather, he's in the building. Just stepped out of the office a minute. Won't you wait for him?" Miss Barnes asked, her light-brown eyes taking Ruth in curiously, then with a little cynical half smile, which betrayed her thought that the engaged couple had quarreled already. "Go right into his private office, Miss Lester. I'll see if I can find him for you. I think he went into the typewriter agency next door—"

Ruth had no power to listen, did not know that she shut the door of Jack's private office upon the uncompleted sentence of his secretary. Gasping, her hand pressing hard upon her heart, she sank down into Jack's desk chair, her whole body trembling so that the chair quivered and squeaked.

If only Jack would come! Come quickly and take her in his arms, and tell her what to do, tell her that he hadn't—Oh, no; not that! She mustn't go mad, with so much to do. . . . Afterwards, Ruth had no memory of reaching a shaking hand down, down, to the bottom drawer of Jack Hayward's desk, no memory at all of jerking it open. But there memory began, recording a moment of such transcendent horror as was never to be entirely erased from her mind.

Every finger of her groping hand seemed to have an eye, as if her wide, terrified blue ones were not enough. But all the eyes were not world could not have found Jack's automatic pistol in the drawer, for it was not there.

For a frantic minute, kneeling now beside that pulled-out drawer, she pawed among the soiled towels and rubber banded bundles of ancient life insurance "literature," but she knew that the thing she had never had the courage to touch but which she would now, if she had found it, have hugged to her breast in a transport of relief and joy, was not there—not there.

She heard Jack's voice in the outer office. Rose, trembling and nauseated, from her kneeling position. Held tightly to his desk for support as she faced him.

• • •

"Hello, darling. Sweet of you to pay me a good morning visit," his cheerful voice began. Then he saw her white, stricken face, the horror in her widened blue eyes. "Why—what's up, Ruth? Wait! Hold everything! Jack's here, sweet!"

And his arms were about her, steadying her, holding her close against his heart. Her fingers dug into his shoulders. "Mr. Borden! He's—dead! What am I to do? The police—oh, Jack!"

The young man's arms went lax for a moment, then tightened about her so that she gasped for breath. "God! That you had to see it!" His exclamation, uttered on jerky gusts of breath, might mean anything—anything!

Ruth struggled in his arms, hid her eyes against her elbow. "My fault! I—I screamed! If only I hadn't screamed, Jack. I won't have to tell the police, will I, Jack? I'll lie! I'll lie, Jack! Nobody will have to know! I'll lie!"

The man seized her roughly, shook her a bit to stop that hysterical babbling. "Shut up, Ruth! Do you hear me?—stop it, I say! You've got to get hold of your nerves, darling! Oh, my God!" he groaned, pressing his cheek hard against the golden curls. "Listen Ruth! The man deserved to be shot. Hold fast to that, darling! He deserved it, I tell you! There's only one thing for you to remember—that we love each other. Now, we'll go—over there—" and he nodded, his face grim, to the window across the airshaft, "and face this thing together. Take my arm, darling. Hold tight!"

The two corridors seemed infinitely long, stretching away like interminable paths in a nightmare, but at last they were in her own office again.

She laid her head on her desk, pillowing it on her crossed arms, while Jack, in a brisk, businesslike voice, called police headquarters. Fragments of his conversation pierced the swirling chaos of her mind—"Yes, Borden! B-o-r-d-e-n. Henry P. Borden. Murdered in his office, suite 712, the Starmridge building . . . This is John C. Hayward speaking. . . . Of course I shall stay until police arrive." • • •

As from a great distance, Ruth heard him turn the knob of the door which she had closed upon the thing which had been "Handsome Harry" Borden.

He must be looking . . . O, how could he? His automatic gone from the drawer of his desk. . . . That heavy briefcase which he had not let out of his possession after he had returned to her at luncheon, during the whole of the matinee. . . . "Check your hat and coat and bag, sir . . ." Jack's scowl at the boy, his curt refusal . . . And all the time, even when they were holding hands across the briefcase, that horrible thing of blue steel had been there.

Oh, no, no! Ruth wrenched her mind back, forced it to reconstruct the events of Saturday afternoon. But that, too, was more than her mind could bear, without shuddering away and being dragged back . . . Her bruised lip. Jack's white hot anger against Borden, his refusal to believe that it had not been Borden who had hurt her. . . His threats, insanely uttered in the presence of Micky Moran, the elevator operator. . . . She had had to hold him back with all her strength to keep him from forcing his way into Borden's offices. . . . His declaration that he had forgotten the theater tickets, his return to his office to get them.

Had he really forgotten them, or had he intended to do what—oh, she mustn't say it, even to herself! Again that agonized wrenching of her mind, to bring it back to the subject, no matter how horrible it was. . . . Had Jack seen Borden across the airshaft?

Oh, God, why had the architect set two windows exactly opposite each other, so terribly close?

Had Jack furiously delivered an ultimatum to Borden about her? Had they quarreled then, so that Jack's fury became insanity? What easier than to snatch his automatic from the drawer of his desk and fire at Borden, drawn to his own window by the quarrel?

Suddenly Ruth's small body was galvanized with purpose. If Jack had done this thing, he had done it for her—for her! He had committed a deadly sin, but he had done it for her. And now, before the police came, she could do something for him.

"Where are you going, Ruth?" Jack demanded harshly. "Stay out of there! It's no sight for your eyes.

Today's Poem

SONG
(From "Maud")

O let the solid ground,
Not fail beneath my feet
Before my life has found
What some have found so sweet;

Then let come what come may,
What matter if I go mad,
I shall have had my day.

Let the sweet heavens endure,
Not close and darken above me
Before I am quite, quite sure
That there is one to love me!

Then let come what come may
To a life that has been so sad,
I shall have had my day.

—Alfred Tennyson (1809-1892)

'Miss Ambition' Makes Her Own Way

Junior Student At Tech Will Not Cash Checks Her Dad Sends Her; Prefers To Pay Her Own Education Cost

By MRS. W. A. McGEE
Avalanche-Journal Staff

A young woman, who for convenience we'll call Mary, a Tech junior student, sat on a counter-stool yesterday in a college-town dry-goods store reading letters from the home folks during a lull in the early afternoon's business.

Gil catching the stare we received obsequiously, "Many, of all things! This must be a red-letter day for letters reading. Everywhere we go we find someone reading letters."

"Mine this letter is from dear old sock back in the old home town," explained Mary as her fingers, long parted in a smile that revealed two uniform rows of pearly white teeth. Another sales lady several years the Tech student's senior confided understandingly, "Get the check he sent them." To this we murmured, "Indeed . . . to be filled out."

The reading was finished. Mary smiled firmly, folded the letter into its pearl-gray envelope and looked on, and laid her hands determinedly on the folded blank check. She blurted out: "I don't aim to use it. But, this is the second dad has sent me lately. I tore the other up . . . and here goes." No quicker said than done, and the check was rent in twain.

"Why Mary, what do you mean?" inquired the senior sales lady. "You should have kept it . . . in case you needed to . . . you could have filled it out."

Shaking her youthful head uncompromisingly as the sun seemed to filter through her windblown bobbed hair . . . Mary clinched her teeth and emphatically declared, "I don't aim to use dad's money. I'll make my own way through school or not go."

The Black Pigeon

(Continued from Page 6)

stop. I tell you!"

"Oh, let me go!" Ruth sobbed, staring at his hands. "I've got to get out. I've got to do it before the police come! Don't you—understand? Do you? Are you crazy? Please, please get control of yourself! It doesn't—your fault, really! You must be reserved to die—"

"Don't say that again! I can't bear it!" Rufe screamed. "Don't you realize?—I've got to close the window before the police come!"

He let her go, or her strength for the moment was greater than his, for she flung herself upon the casement door. Into at the knob until it yielded, stepped in—then stumbled backward into Jack's arms.

"The window's closed, Jack! Closed! Do you hear? Closed. Oh, God, I thank thee! Forgive me Jack—"

There was a loud knock upon the center door, followed immediately by the turning of the knob. The police had started to inquire into the death of "Handsome Harry" Borden.

(To be continued)

Who killed Harry Borden? Detective Sergeant McMann takes charge in the next chapter.

BUFFS DOWN INDIANS

ABILENE, Tex., Mar. 2 (AP).—The West Texas Teachers from Canyon downed McMurry college, 23 to 15 in their T. I. A. A. basketball game here tonight. Crump of West Texas took scoring honors with eight points.

When Dr. J. E. O'Connor of Arkansas City, Kas., became the father of a girl, he signed an insurance policy for her exactly eight minutes after she was born.

Nation To Tune In On Capital For Hoover Inaugural

Record Network Of Stations To Carry Ceremony

Microphones Will Begin To Function Before Noon and Broadcast Will Last Until Late In Day

WASHINGTON, Mar. 2.—A nation, ears and receivers tuned to catch every word, will center its attention upon the capitol March 4, to hear Herbert Hoover and Senator Charles Curtis take the oaths of office.

Through an all-day broadcast, the National Broadcasting system and the Columbia Broadcasting system, each feature of the inauguration will be presented in detail. More than 100 stations on the broadcast band are to be linked into Washington, while a number of short wave transmitters, operating in conjunction, will make the story available to listeners anywhere in the world.

Microphones so placed that none of the happenings will be missed, will begin to function long before noon, to continue until late in the afternoon. Each of the many microphones will be manned by announcers whose voices are familiar to radio.

For the first time microphones will be placed in the senate chamber where Senator Curtis takes the oath as vice-president. Others will be located on the capitol steps where Mr. Hoover is to be sworn in, and others will be distributed along the line of march for the inaugural parade.

Aside from the aural broadcasts, listeners who have television receivers will have an opportunity to see the inaugration shortly after it is held. In the evening C. Francis, Jenkins, television inventor is planning to transmit moving pictures of Mr. Hoover taking the oath.

Another feature of the evening will be a presentation of music at the charity ball over both the National and Columbia chains. Five bands will be heard.

Graham McNamee and Phillips Carlin will head the announcing staff of the NBC stations, which will include more than 50 regularly on the chain in addition to others who join national hookups only for special events. Other announcers will be Milton J. Cross, John B. Daniels and William S. Lynch with a big corps of assistants. The National stations will open the broadcast at 11 a. m., Eastern time, an dcontinue until 4 o'clock.

Thirty NBC microphones are being scattered about the capital to make available all of the details of the day's happenings. Some of them are in soundproof booths and others are portable. From them numerous features besides the inaugration and the parade are to be presented, including a description of an elaborate aerial display by army and navy aviators.

Chief among the announcers to be heard over the Columbia system will be Norman Brokenshire of WCAU, Philadelphia, who gave the radio story of the Coolidge inauguration in 1925. Other voices will be those of William S. Hedges, manager of WMAQ, Chicago, and head of the National Association of Broadcasters, and Ralph Wentworth and Ted Hussing of the Columbia staff.

In this chain will be the 43 regular stations as well as numerous extras. The system will come on the air at 10 o'clock and remain until late in the afternoon. During that time several special features have been arranged, including talks by Senator James E. Watson of Indiana, Miss Belle Sherwin, national president of the League of Women Voters, and Judge Ira E. Robinson, chairman of the federal radio commission.

WMAL, Washington, will act as the key station.

Station In Long Talk To Australia

Two-Hour Communication Is Maintained By Kentucky Broadcaster Witr Foreign Radio

(By Associated Press)

LEXINGTON, Ky., March 2.—Students of University of Kentucky who operate short wave station, W9JL claim the record for two-way radio communication between the United States and Australia.

The claim is based on a continuous two hour communication with DK5WR, owned by W. M. Richards, 32 Charlbury Road, Medindia Gardens, South Australia.

It was near freezing in Kentucky one morning at 3.35 o'clock, central time, when W9JL, owned by the school's department of engineering, picked up DK5WR. The Australian station reported the weather warm. At the end of the two hour conversation, DK5WR reported: "QSA5," which in radi olanguage means the sending station is coming clear and loud.

The University of Kentucky station uses two 75 watt tubes, and a special type of antenna designed by Isaac Watkins, operator of the station. It has communicated with CM2EMG, Havana; FR5, Colon, Panama, Canal Zone; G5BZ, Great Britain; J9FT, Japan; VK4GS and DK5WR, Australia. Several times it has communicated with the Byrd expedition at the south pole.

CANYON, March 2.—J. L. McReynolds, for 25 years a citizen of Canyon, died at Wichita Falls February 28.

Harmonies and rhythms of old negro spirituals will be part of the program by the KOA mixed quartet Wednesday night, March 6.

Preparations Are Already Being Made

Dozens of microphones are being set up in Washington for the broadcast of the Hoover inauguration. They will be manned by a staff of announcers that includes Phillips Carlin and John B. Daniels of NBC and Edward B. Husing and William S. Hedges representing CBS. In the center is a view of the NBC testing laboratories where pickup devices are being made ready for March 4.

Newest Type Of Loud Speaker Is Much Improved

Latest Device Has Two Of Flat Plates Similar To Big Condenser

ST. CHARLES, Ill., March 2.—The latest loud speaker to be introduced consists of two flat plates put together like an enlarged radio condenser.

It is the invention of Colin Kyle, 34 year old California school teacher, and is the work of five years of experimenting.

Onely one-eighth of an inch thick, the speaker can be formed into any shape. In tests conducted at the Newcombe-Hawley laboratories here, the fidelity of the speaker was shown by its improved articulation over that of the present type of speaker.

Explaining the principle of his new speaker, Kyle says:

"No moving parts are required. The output from an amplifier is delivered directly to the diaphragm of the speaker without passing through the coils placed in a magnetic field. The entire surface of the diaphragm receives the impulses and vibrates in phase with every other portion of the reproducing surface. There is no hum and none can develop. Nothing can interfere with the reproduction of pure sound."

The speaker consists of two metallic plates separated by a special dielectric or insulator called Kylite, named after the inventor. The unit is immersed in a "bath" of low current high voltage electrical energy.

START PAVING

15-Mile Stretch Will Be Surfaced

CANYON, Texas, March 2.—Paving on a fifteen mile stretch of road between Amarillo and Canyon, in Randall county, will begin April 15. The contractors, the Flynn Construction company, of Houston, have 120 working days in which to complete the job, according to Resident Engineer A. E. Dyatt.

Plans are under way for the improvement of the same highway, number 33, south between Canyon and Happy.

TRAIN HITS CABOOSE

Two Killed And Third Hurt In Crash Yesterday

POTTSVILLE, March 2 (AP)—A runaway train of 35 heavily loaded cars crashed into a caboose containing three men, killing two and injuring the third, at the St. Clair yards of the Philadelphia and Reading Coal Company today.

Guy Frantz, of St. Clair, and Joseph Hartman, Schuylkill Haven, died instantly in the caboose in which they, with John Howells, of Port Carbon, were awaiting orders. Howells was removed in a critical condition.

FOREIGN FOODS

Nothing is better for the jaded appetites of late winter than a meal of foreign cooking. The smart housekeeper can purchase, at small price, cook books that give whole menus from various countries. Also many current magazines carry descriptive accounts of just how to give a Spanish dinner or a high tea in Bermuda.

CLOUD HOSIERY

The newest Paris hosiery is "cloud" shade. This is a light grey-brown tone, greyer than beige and yet light.

Among The Stations

Included in the stations announced as broadcasting the inauguration are:

NBC stations, 11:00 a. m. to 4 p. m., Eastern Time—WEAF WJZ WEEI WBZA WBZ WTIC WJAR WTAG WCSH WRC WBAL WGY WGR WHAM WCAE KDKA WWJ WJR WGN KYW KSD WWJ WRJ WGN KYW KSD KWK WHO WOW WDAF WREN KSTP WTMJ KOA WHAS WSM WBT KVOO WFAA WOAI KPO KGO KFI KGW KOMO WHQ WEBC WKY WTAM KSL WMC WSB WLW KPRC WRVA WJAX and others.

CBS stations, 10:00 a. m. Eastern Time, until late in afternoon—WABC WCAU WNAC WEAN WFBL WKBW WCAO WJAS WADC WKRC WGHP WBBM WOWO KMOX KMBC KOIL WSPD WHK WLBW WMAL WCCO KLZ KDYL KMTR KYA KEX KJR KGA WDBJ WTAR WWNC WLAC WDOD WBRC KFJF KTSA KRH WISN WDSU KRLA KRLD WOR KSCJ WWVA and others.

Permits Allowing Television Go To Seventeen Radios

Picture Transmission On Broadcast Bands Banned Except During Hours Of 1 to 6 A. M.

(By Associated Press)

WASHINGTON, March 2.—Banning picture transmission in the broadcast band except for experimental use between 1 and 6 a. m., the federal radio commission has assigned three shore wave bands for visual broadcasting for a period of six months.

The bands are 2,000 to 2,200, 2,200 to 2,300 and 2,750 to 2,950 kilocycles. Use of the channel from 2,00 to 2,300 kilocycles is authorized only where no interference with services operated by other North American nations results and is subject to revocation of license if interference is caused. Construction permits and licenses to operate for six months, jointly usilng these frequencies, have been granted to seventeen stations.

These include two stations of the Radio Corporation of America located in New York and New Jersey, W2XBW and W2XBV, and a construction permit for a third station; W3XK, the Jenkins laboratory station, Washington, and a construction permit for another Jenkins station in Jersey City; four licenses to the Westinghouse company for stations in East Pittsburgh and Springfield, Mass., and two licenses to the General Electric mopany for stations in Schenectady, N. Y., and Oakland, Cal.

One license each has been granted to WAAM, Newark, N. J., Lexington Air Station, Lexington, Mass., the Pilot Electric Manufacturing company, Brooklyn, N. Y.; the Chicago Federation of Labor, Chicago; William Justice Lee, Water Park, Fla., and Aero Products, Inc., Chicago.

Spring is a good time to color up the kitchen. An old aluminum clock can be painted to look pristine new and decidedly like spring. Hung by a colored cord it will be a new asset to kitchen beauty.

FLUFFY POTATOES

Heat almost to the boiling point the milk that is to be added to mashed potatoes and fluffiness will result. Every lump should be mashed out with a fork before the milk is added, however.

Fertile Field For Newspapermen Is Offered By Radio

News Notes Of Interest Of Te Radio Field; New Series Soon To Go On Air; Over 100 in "Chains"

Radio has offered a fertile field for newspapermen. They may be found in the advertising, promotion, program direction and announcing departments of the industry. George L. Sutherland, jr., is an example of the "reformed" news hound who has entered radio. He is now connected with WLBW, Oil City, Pa., going there from WBZ, Springfield. WDBO, WMBF, Miami Beach. WSEA, Virginia Beach, and WPTF, Raleigh, N. C.

• • •

Her stage experience as a star in "Student Prince," makes Patricia Ann Manners right at home in singing leading roles for the Air Theater at WBBM Chicago, every Saturday night. Miss Manners started her career at 10, appearing in juvenile roles. She has had radio experience in the Pacific studios of the NBC and at several other stations.

• • •

"A vocalist extraordinary" is the title by which Mme. Hurd-Fairfax is sometimes known. Her voice ranges from B below middle C to G above high C. She sings the sextette from "Lucia" in five voices; soprano, mezzo-soprano, contralto, tenor and baritone. She recently made her radio debut at station WGBS, New York.

• • •

The first "radio mass meeting" is to be held by the NBC on March 12. More than 1,250,000 members of the American Farm Bureau Federation in 15,000 rural communities are expected to be reached by this program. Local farm bureaus are to provide loud speakers in rural schools, churches ,town halls and other places of assembly.

• • •

New series on the air:

"Musical Art Gallery," WBAL, Baltimore, Fridays at 8 eastern time.

Sacred music, KMBC, Kansas City, Thursdays at 6:20 central time.

"Heroes of the Church," WABC, New York, Sundays at 8 a. m. eastern time.

Series of essays, WGBS, New York Thursday at 5:15 eastern time.

A man's best friend is his dog, they say. And for the past three years Dr. Glenn Adams, Cincinnati physician, has been trying to repay that animal by giving advice on its care via radio. Just now he is giving a series of weekly talks from WLW, every Tuesday. He is an authority on dogs.

Hardly a week passes without some change in personnel of various stations. The latest reported are that of Charles L. Shepherd, noted pianist and orchestra conductor, who has just been named musical director of KHJ, Los Angeles; "Eddie" Dunham, formerly announcer at WNAC, Boston, added to the staff of the NBC production experts, and Lester Palmer, announcer at WOW, Omaha, who has retired to devote his time to law.

WINS FIDDLING CONTEST

CANYON, March 2.—Randall County's Old Fiddlers Contest which took place last night resulted in a victory by L. Rusk. Mr. Rusk will represent this county in the Tri-State Fiddler's Contest at Amarillo, March 7.

CLASS TO VISIT CAVERN

CANYON, March 2.—The Senior class of the Canyon high school propose to visit Carlsbad Cavern in New Mexico at some time before they received their diplomas next May.

Stations Rush To Get Waves Along Relay Radio Band

Six Of 27 Frequencies To Provide Experimental and Long Distance Broadcasting Are Allotted

(By Associated Press)

WASHINGTON, March 2.—Assigning 27 frequences between 6,020 and 21,540 kilocycles for relay broadcasting, the federal radio commission has issued experimental licenses and construction permits to six companies. Forty-one other applicants will be given hearings by the commission.

Six licenses have been granted to the Westinghouse company for long distance experimental relay broadcasting from KDKA, Pittsburgh. One license each has been issued to the Great Lakes Broadcasting company, Chicago; the Mono Motor Oil company, Council Bluffs, Iowa; the Atlantic Broadcasting corporation, New York; L. Bamberger & Co., Newark, N. J., and the Crosley Radio corporation, Cincinnati. The commission had already authorized relay broadcasting by the Barichrome corporation of the Radio Corporation of America and the General Electric company.

The commission issued the licenses with the stipulation that the wave lengths were made available experimentally only and were not assigned exclusively to the present licensees but would be issued to others who qualified. The commission says that longer licenses may be issued if after six months trial the licenses are found to be operating in public interest, convenience or necessity.

The commission defines relay broadcasting as "the transmission on high frequencies over long distances of broadcast programs from one station to another or stations which rebroadcast to the public on the regular broadcast frequency of the receiving station."

Among the applicants whose cases will be heard are religious, educational, fraternal, technical and commercial enterprises. They include the Immanuel Missionary college, Berrien Springs, Mich.; Oakland Educational society, Oakland, Cal.; Symons Investment company, Spokane, Wash.; Experimenter Publishing company, New York; Chicago Federation of Labor and the Voice of St. Louis.

BOOST WATER SUPPLY

Half Million Gallon Storage Tank Provided

CANYON, March 2.—Canyon's immediately available water supply is being increased by the building of a 300,000 gallon storage tank which will be completed within the next four weeks. This will bring the city's storage space to 749,000 gallons in addition to a 50,000 gallon stand pipe which is a part of the city water system.

The completion of 5,900 feet of sewer extension has just added much to the value of lots on two streets in the south part of the city.

CANYON PASTOR QUITS

CANYON, March 2.—Rev. J. H. C. Sieck, pastor of the Lutheran church of a community five miles east of Canyon, has resigned and will go to Shawneetown, Missouri, where he will take up new pastoral duties.

ON THE AIR

"The rounders," headed by Dudley Chambers, have returned to KNX, Los Angeles.

WBAL, Baltimore, has received a new license which will permit it to use 10,000 watts power.

The chorus of the Society of the Friends of Music is to broadcast each Saturday evening, beginning March 9, from WOR, Newark.

Afternoon features of the Columbia chain are a part o fthe programs of WMAQ, Chicago, on Mondays, Wednesdays and Fridays.

The Crescent Park entertainers, heard from WGR, Buffalo, in days gone by, have returned for a new series of programs.

A session of the Ohio state senate is to be broadcast by WLW, Cincinnati, as part of its school of the air programs. The date has not been set, but it is planned to select a day when an interesting debate is in prospect.

Charles Keeler, "the wandering poet," is the author of the series of "Skipper Brown yarns" being given each Friday night from KPO, Oakland.

Dollar Day
FEATURE ITEMS
for $1.00 each

Berry Set—

Beautifully Tinted Fruit Bowl and six Individual Dishes to match—they are attractive and very desirable—

Weter Service—

A handsomely Tinted and Cut Set—one that any woman would proudly own and serves a purpose peculiarly it's own—be sure to get a set.

First 'All Talkie' Will Make Bow This Week

Nancy Carroll Is Featured In Film Starting Sunday

"Lights of N. York" All - Talkie Will Open March 6

PRESENTATION of Lubbock's first 100 percent "talkie" at the Palace during the latter part of the week is the outstanding feature of the movie calendar for the city during the seven-day period starting today.

The 100 percent talkie is entitled "Lights of New York" and it is a story of the big city's underworld.

The other feature slated for the Palace promises something worth seeing, too. It is "A Shopworn Angel," and Nancy Carrol, outstanding star of the talking pictures, with Gary Cooper, are the main characters.

She Sings One Of Most Popular Hits

Nancy Carroll, popular enough on the stage and even more popular with even greater audiences now that talking pictures have come into existence, is at her best in "A Shopworn Angel."

In it she sings that catchy melody "A Precious Little Thing Called Love." The picture is enhanced by a perfect sound synchronization, by interspersed singing and by snatches of dialogue.

Two Vitaphone acts are carded for the first part of the week. They include the Arnaut brothers, world famous musical clowns; Henry B. Walthall, the little colonel in "A Birth of a Nation," in a playlet cognomened "Retribution."

Choice organ selections by Sam Reed and a newsy news reel complete the program.

All-Talkie Tells About Underworld

Insights into New York's underworld, with all the melodrama that such a setting can afford, are given in the 100 percent talkie, "Lights of New York" which starts on Wednesday at the Palace.

"Hear every word; see every action" is the way the production is captioned. Sound synchronization is said to be perfect.

Vitaphone acts include Fred Ardath in "Men Among Men," and Winnie Lighter in the "Song of a Minute Girl." Of course, there will be a news reel and a special organ overture by Sam Reed.

Lyric Presents Many Features

"Oh What a Night," with Raymond McKee and Edna Murphy is the feature for Sunday and Monday at the Lyric. There will also be a comedy and news reel.

"Stolen Love," starring Owen Moore and Marceline Day comes for Tuesday and Wednesday. The program is bolstered by a comedy and news reel.

"Green Grass Widows," with that ace of golfers, Walter Hagen, in a stellar role, comes for one day, on Thursday, along with a comedy and news reel.

"The Danger Rider" with that red hot westerner, Hoot Gibson, comes Friday and Saturday.

The number of persons receiving unemployment benefits in France last September was only seven in every 800.

Appear In Films This Week

Owen Moore
(at the Lyric)

Gary Cooper
(at the Palace)

AT THE THEATERS

Palace

THREE DAYS STARTING SUNDAY

"A Shopworn Angel," with Nancy Carroll, Gary Cooper; special Vitaphone acts.

FOUR DAYS STARTING WEDNESDAY

"Lights of New York," one hundred per cent talkie; special acts.

Lyric

SUNDAY-MONDAY

TUESDAY-WEDNESDAY

"Stolen Love," Owen Moore and Marceline Day.

THURSDAY

"Green Grass Widows," starring Walter Hagen.

FRIDAY-SATURDAY

"The Danger Rider" with Hoot Gibson.

Rex

MONDAY-TUESDAY

"Tracked," with Ranger, the wonder dog.

WEDNESDAY-THURSDAY

"Fire and Steel," a big fire drama, comedy.

FRIDAY-SATURDAY

"The Bantam Cowboy," with Buzz Barton.

Marionettes To Come To College

The appearance of the Tony Sarg Marionettes as an artist course attraction at Tech March 19 will be the occasion of a special invitation to the school children of Lubbock. And not only are the marionettes of great interest to the children but to people of all ages as well. The attraction will be staged in the gymnasium for afternoon and night performances. Special prices will be made to school children.

In many cities contests have been held by schools and newspapers for the best poem, essays, and puzzles about the morionettes. Edna Levine, the children's editor of the Chicago Evening Post, always has a contest when the Tony Sarg Marionettes are in Chicago. The last feature was a cross word puzzle of the play Ali Baba which was presented last year. What the ne wChristopher Columbus play will bring forth this year is as yet undetermined. This is scheduled for the afternoon program in Lubbock. It will show Columus doing his famous egg stunt and also a big sea serpent feature which will delight the children.

'Shopworn Angel' Set In Background Of The Great War

Critic Okehs Film After Seeing Pre-View

(A Pre-View)

"The Shopworn Angel," starring Nancy Carroll and Gary Cooper, which shows at the Palace Theater matinee today, probably is the best "talkie" yet to be shown here.

It is the story of a front-row chorus girl, pampered and kept up by certain male members of the idle rich. Her life is marked by alternating cocktails and headaches, but she is suddenly thrown, by mere coincidence, together with a soldier boy from Texas—one who has been an orphan all of his life and to whom she is the only beautiful thing that has ever entered his life. To him she is an angel sublime, but to those that know her she is "shopworn." The series of natural incidents which buds into the expected romance is painted masterfully against an ever-present background of war.

How this charming young chorus girl sacrificed her stage career, her rich friends, her luxuries so that her lonely soldier boy might be happy as he departed for France and perhaps death, constitutes the story. The poignant climax is reached when she agrees to marry him only to have the ceremony interrupted by the M. P. who drags the young soldier away. The ending is as dramatic and sweeping in its appeal as it is unexpected and surprising. All of the feeling of the drama-picture is displayed with Nancy Carroll's singing "A Precious Little Thing Called Love."

The entire picture is accompanied by sound, only the last part containing talking. It is different from the usual run of war pictures and one worthy of the patronage of the most careful theater critic. Dramatic effects are produced by the accompanying syncronization and the acting of both Gary Cooper and Nancy Carroll is indeed commendable.

V. H. L.

At this meeting further plans will be made to go forward with the building project on which a special committee, headed by H. E. Hoover of Canadian, has been working for the past year.

"Talkies" Boost Once Slapstick Bathing Beauty

Higher Class 2-Reel Comedy Supplants Former Farces

BY DAN THOMAS
NEA Service Writer

HOLLYWOOD, Calif., Mar. 2.—Exit the slap-stick, pie-throwing comedy which for the last 20 years has been entertaining or boring theatre audiences.

In its place has come a higher class, sophisticated two-reeler—for which you can think or blame the "squakies," depending upon how you feel. While dialogue and sound have been shoved roughly into feature length films, their real value to date has been mostly in short subjects.

Reproducing News.

Talking and sound newsreels are proving one of the most interesting products of this new industry. Prominent world figures are now seen and heard at the same time by audiences throughout the country. All the thrills of a football game or other athletic contest are reproduced by the sound newsrools.

A new type of two-reel comedies also is commanding considerable attention these days. To many, these comedies offer welcome relief from slap-sticks. That doesn't mean that the bathing girl, so popular in these pictures, has become extinct nor that the laughs have been taken out of the films. Simply a new and higher level has been reached by the comedy producers. When girls are thrust into bathing costumes which would shrink to practically nothing at the mere sight of water, there is a legitimate reason given for the scanty attire.

Take Important Players.

Most of the talking comedies of today are based upon sketches and magazine short stories. Important players, such as Edward Everett Horton, Louise Fazenda, Lois Wilson, Raymond Griffith, Raymond Hatton James Gleason and his wife, Lucille Webster Gleason, Pat Rooney and Roy D'Arcy, are being selected for the casts.

The Christie studio is taking the lead in the production of the new talking comedies, its outstanding feature to date being the filming with all-corored casts of the Octavus Roy Cohen stories which appear intermittently in the Saturday Evening Post. However, other producers are following closely.

Educational already has ground out a number of 100 percent talkies. Mack Sennett, for years the outstanding comedy producer of the industry, has infected dialogue into a series of comedies which he is personally directing.

Metro-Goldwyn-Mayer, Warner Brothers, Paramount and Fox also have entered the short subject talkie field on a large scale, many of the features being made in the New York studios of these firms with Broadway's biggest stars appearing in them.

SIMULTANEOUS EVANGELISTIC DRIVE

CANYON, March 2—The churches of Canyon will open a simultaneous evangelistic campaign on March 3. Each church will hold services during the coming week, with preaching by the local pastors.

NATIONALISTS REVOLT

PEING, March 2 (AP).—Nationalist troops of Northern origin quartered in the Lama Temple revolted today and terrorized the western section of the city. After manning the walls, they began indiscriminate firing into the streets.

RETURN PROBE REPORT

AUSTIN, March 2 (AP)—The findings of the joint senate and house committee, appointed to investigate the highway department and the board of control, exonerating them of all charges preferred by Representative Gerron were filed with the lieutenant governor and speaker of the house today.

Manhattan Made Mecca Of Literary Lions Turned Free

Sylvia Warner Over From London, Is Most Unique

LITERARY lions have been stalking the Manhattan veldt in unusual numbers these past weeks. Inordinately tame and unobtrusive lions they have proved, to be sure, munching at eclairs and tea cakes, and going on public exhibition only when lashed and prodded by publishers' representatives.

Within a few weeks the Survey has encountered Julia Peterkin, up from the land of the Gullah negroes in the Carolinas; Du Bose Heyward, a bit stunned by the prosperity which comes from being a best seller; O. E. Ralvaag, in from the northwest on the heels of his successful "Peder Victorious"; Sir Gilbert Parker, who clings to the romantic idea to the end, and Sylvia Townsend Warner, over from London as a "guest critic."

• • •

Sir Gilbert easily could be lost on Wall Street. Wandering among the befrocked figures of the financial world, he would pass as one of the more successful bankers, operators or merchant princes. A man well along in years, he seems disarmingly young, and he will tell you that he stays young through optimism. To be sure, he is economically unworried and has been since "The Right of Way." In writing he clings to an old romantic tradition; his ideology in general is almost Victorian. The advance of women in affairs, one feels, has interested him, but his ideas remain those of a quarter of a century ago.

Miss Warner is something else again. Meeting her comes under the general heading of a "real experience." The Survey recalls no author who so stimulated its curiosity in advance. "Lolly Willows," "Mr. Fortune's Maggot" or "The True Heart" must know what we mean.

For Miss Warner is a writer who can rudely yank the earth out from under a reader's feet, and leave him treading upon air. It is prevaded with a certain intangible fragrance and is haunted by the spirit of the author. Too few, alas, are the authors who write something of themselves so subtly between the lines; who so pique one with curiosity to know "how they get that way," or whose wizardy with words carries one away into a restful world of sounds.

Here are books which one wants to read aloud to someone else—at least in a hundred spots. And particularly is this true of "The True Heart," (Viking Press) which left us wondering if the author was as much in love with words as she seemed. Here is a dream-tale, with all the quiet beauty of the poet tucked into it. A thing as unreal as a day-dream, with a terribly ironic import stabbing through its poetry at a sentimentality in romance which allowed its heroes and heroines, however eugenically unsuited to fall into each other's arms.

So in the last pages of "The True Heart," we find Suky, the bond girl who has been plucked out of the Victorian days, mated at last to the gentle idiot she met while laboring in the marshalands, and about to bear him a child. Before the strange adventures of Suky have ended—and these include an amazing interview with Queen Victoria—the strain of madness in the family has been carried beyond Eric, her sweetheart.

It is so typically Warneresque to have them "marry and live happily ever after and have many children," after the fashion of the best romances. But what of the offspring of an unsuspecting orphan girl and the symbol of love and kindness she has seen in Eric, the poetic idiot.

Here is a tale to break your heart, and at the same time to carry you away into idyllic English countrysides. It is our own particular favorite book of the season.

Turns With A Bookworm

JUST at this time of the year when we in West Texas are preparing for the annual onslaught of spring winds and sandstorms, and when in other parts of the state they are watching the modest violet peep from under the sod, it is interesting to take a pre-view of just what the ensuing months will offer to the book lover.

Regardless of the counter-attractions of the radio, the movie, the "talkie" and the other modes of amusement which tend to keep one indoors, the yearly sales of books have vaulted steadily higher during recent years.

• • •

In substantiation of this fact, publishers have arrayed record lists for spring and summer publication.

Century company sends out a catalog which is in itself a work of art.

On the very first page there is a blantant announcement of the fact that the creator of "Mrs. Wiggs in the Cabbage Patch" is busy again. The newest production of this author—who happens to be Alice Hegan Rice—is entitled "The Buffer!" The book takes up a moral problem long a storm center for those inclined to talk didactily—does one owe allegiance first to one's self, to one's family, or to one's fellow man? The issue is answered not by preaching but by illustration throuh story.

• • •

Arthur Somers Roche, whose pen dashed away "Devil May Care" and other books is listed for an expose of New York's underworld, to come under the significant and "box office" title of "The Woman Hunters." The publishers promise at least a thrill to every page.

Succeeding "The Pastic Age," "Lord of Himself" and "Martha," comes "A Dead Man Dies," written by Percy Marsh. It's a new kind of story for the man who so epitomized flaming youth but it's handled just as expertly as were the other books.

Skipping hurriedly through Century's catalogue we find that the spring promises a whiff of sea salt in "The Brand of the Sea" by Knud Anderson; a taste of domestic bliss in "A Good Marriage" by Mary Brearley; a daub of southern color with "Earth Born" by Howard Snyder; a touch from such a bizarre-sounding place as Rhodesia in "Lure of the Dust" by Harding Forrester; a suggestion of most anything in "Fugitive Love" by Negley Parson; a scene from Monte Carlo, aglitter with masquerades and artificialities in "Unholy Virgins" by Edna Walker Malconkey; a complete story of the mysteries of the Balkins in "Under Five Sultans" by Mary Mills Patrick; and lots of others.

In the way of biography, Century offers "The Hohenzollerns" by Herber Eulenberg; "Cochrane the Unconquerable" by Archibald Turnbull and Norman R. Van Der Veer; "Portrait of Ambrose Bierce" by Adolphe de Castro; "Leopold of the Belgians" by Comte Louis de Lichervelde, and others.

There are a number of excellent medical treatises. They include one, rather novelly expressed as "Who's Who Among the Microbes," "The Anatomy of Emotion" and others.

Century lists lots more which will be taken up by "The Bookworm" later in the spring.

One thing about Horace Liveright, who is now sole owner of the publishing house once known as Boni and Liveright—his catalogs and descriptions of new books are always so attractive and so well-sounding that one can not help but believe the books themselves must be interesting.

We're not going into detail over what he has coming up this spring.

But there are a few titles which sound most entrancing. One of them is "The Woman Who Commanded 500,000,000 Men!" How does that strike you in this day of constant encroachment by the once fairer and weaker sex upon the once unquestioned supremacy of the male? It sounds clearer, however, when one explains that the book is about the famous Empress Dowager of China. Charles Pettit is the author.

"Times Square" strikes our fancy in glancing hurriedly through the titles. Anyone who has ever made a trip to New York won't need further explanation about the subject matter of this novel. Into the plot, enter a lovely dance, a gentle and romantic prize-fighter (if any) and a temperamental film star, adds a note appended to the catalog.

"Dynamo," Eugene O'Neill's latest, "Ballyhoo for a Mendicant" by Carlton Tabott, and others are likewise listed by Liveright.

J. W. H.

LONG GLOVES

Long, white gloves now appear on some of the smartest arms when very formal evening gowns are appropriate. Bracelets in large numbers gleam atop gloved wrists.

Lexicographer's Week Observed In Gotham Now

New Drama Harlem Makes Word Book Very Useful

BY GILBERT SWAN
NEA Service Writer

NEW YORK, March 2.—Broadway is observing "lexicographers week."

What with "ofays" and "hincties"; what with "chasids," "rebbitzins" and "tzadiks"; what with "habitzers," "monkey chasers," dictys," "big sugars," "rent parties" and "hip eaters"—the immediate need is for an interpreter, a glossary and a few nights of what they called home work in college.

The "tzadi" and such like expressions are culled from an opus, "The Broken Chain," which is interesting largely because of the introduction it gives to a Hebrew sect of Chasidists, many of whom are still to be found in large Jewish centers such as New York's East Side. They were revolters against the Talmudic ritualism, with something of the ancient cabala held over. All this makes excellent and interesting research when met in a novel or an essay, but somehow becomes too involved with plot and ceremonial when transferred to the stage.

The "hinctys" and "dictys" are en-

Army Of Lubbock Business Men Will Take Field For Scouts On Tuesday

(Continued from page 1)

when graduating.

Not satisfied with all these tributes to the value of scouting, one can go to the city police headquarters where records will verify Deck Sergeant John T. Inmon's statement that never has a boy scout been brought before the court for a charge of law violation with the exception of speeding.

Quality Is High.

Then a check-up on the quality of scouting here on these South lains of Texas as compared with scouting in other sections of the nation is certain to instill a considerable amount of justified pride in the heart of the investigator. Right here in the city of Lubbock and over the South Plains of Texas are found some of the highest types of scouting that can be found in the entire nation. This is not guess work or bragging statement, but it is the statement of a number of regional and higher scout executives and officials who have checked the records, watched the work of scouts over the nation and are in position to know. The statements were made by these men as facts and not as flattery to anyone connected with the scouting movement here.

A good proof of this is the fact that the council has as high a percent of eagle scouts in comparison with the total number of scouts as any council in the Southwest area. Eugene Adair, one of Lubbock's scouts, has made an excellent record and is one of the outstanding examples of the scouting found in the South Plains area council. Young Adair has recently been awarded a Hammond scholarship as one of the four Texas scouts to receive one.

Boys Aid Civic Work.

An attempt to mention the constructive accomplishments of the scouts outside of the benefit to the boys and the future citizenship of this section, would necessitate too much detail for a report of this kind. Of the outstanding civic accomplishments, one's attention should be called to the assistance the scouts have rendered at the Panhandle-South Plains fair by serving as police, errand boys, and for general utility work all during the exposition. Their work in assisting various conventions and meetings held in Lubbock and other South Plains towns has been highly commended by the citizens in charge of the events and have always created a splendid impression on visitors to this section. Clean-up drives have been staged and the scouts have removed thousands of pounds of trash and other objectional waste from Lubbock streets and alleys. The scouts have assisted in putting up school play ground equipment, have served as life savers at the city swimming pool and have rendered many other worthwhile services that are too numerous to mention.

First Camp In 1926

The annual camp is the climax of scouting each year. The first camp was held at Ruidoso, New Mexico, in August 1925. Early in 1926, the heirs of the C. W. Post Estate donated 420 acres of broken land near the city of Post as a site for the future camps of the scouts. This camp was put into shape for the first camp in August 1926 and each August since, the camps have been held there.

About 200 scouts are gathered at these camps each summer and the boys have the time of their lives hiking, swimming, and doing other work.

The camp has an old time house that was built years ago, a reservoir, light plant, spring water pump, and other necessities that make the camp more convenient for the scouts each summer.

Property Worth $14,000

Starting with nothing but one troop and a lot of energy back in 1925, the South Plains area council now has property estimated at more than $14,000. The land of the camp site is valued at $8 000 with $5.000 worth of imorovements, equipment. Office equipment and other valuables make up the balance of the assets of the council.

Lubbock has been the headquarters of the council since it was first organized. Other towns of the South Plains have been willing to have headquarters here in a city that is centrally located and has always taken a lead in scouting. Quarterly meetings of the officers of the council are held here and citizens of practically every town on the Plains come in for these meetings. The location of the office here adds to the prestige of Lubbock as "The Hub of the Plains."

Lubbock is expected to take the lead in financing the the council and after Lubbock makes a clean slate by putting over the financial campaign for the 1929 budget, campaigns will be put on as usual in other towns of the South Plains. It is essential, according to scout officials, hat Lubbock go over the top in the drive before other towns are solicited for their pro-rata part of the budget.

Dupree Heads Drive

George Dupree is chairman of the committees that will make the drive and Tom A. White, chairman of the fisancial committee is working in close cooperation. An organization of 150 men will be built up to do the work and only a few hours time of each of the 150 workers will be required to put the job over in true Lubbock style.

The officers that are directing the activities of the council for the year 1929 follow:

Rev. Luther G. H. Williams, Lubbock, president; K. N. Clapp, Lubbock, scout commissioner. Williams and Klapp acting scout executives.

John T. Herd, Post; J. C. Loveless, Lamesa; George S. Link, Spur; L. A. Wicks, Ralls and Eam Combs, Levelland, vice presidents; F. A. Norman, Lubbock, treasurer; Judge Clark M. Mullican, Lubbock, chairman Court of Honor; Tom A. White, Lubbock, chairman finances; Garnet Reeves, Lubbock, chairman educational publicity; Dr. Paul W. Horn, Lubbock, chairman, leadership and training; W. G. McMillan, Lubbock, chairman camping; R. E. Dickson, Spur, chairman rural work; John W. Hood, Slaton, chairman safety. Other committee chairmen are yet to be selected.

Kept Work Alive.

The South Plains area council is the organization that has kept scouting on a constant progressive footing. Before the organization of the council, with no organization behind the scouts, the troops would start and then die out from lack of organizational backing and encouragement. It is a recognized fact that to make scouting permanent, a council must be back of the venture and the council must be financed and have funds to carry out the program.

This year with a bigger program on the slate than usual, a larger budget than ever before is being called for. The results of four years of scouting is being put up as the basis for the need of the increased budget.

Committee workers that go out as public spirited citizens giving of their time as well as money to assure the continued advancement of scouting on the South Plains. They will call on Lubbock citizens to contribute to the 1929 budget, hoping that 100 per cent response may be received.

New Play

(Continued from Page 10)

countered in an all-negro melodrama, "Harlem," which is likel to prove the "Broadway" of the black belt.

* * *

Sandwiched between this linguistic holiday came a comedy of what some folk might call bad manners. It was so merry and intelligent and witty and shrewd that it took its place at once among the best things to be found on Mazda Lane. It seemed to me the best of the drama ore struck in a lighter vein during the season. It is "Let Us Be Gay," and was written by Rachel Crothers, who had done nothing of consequence in a number of theatrical seasons. Her last opus, "Venus," is best forgotten.

* * *

The new Milne play, "Meet the Prince," is unhappily not so happy. Milne has written many things that are better reading than seeing. This is one of them. It suffers from an over-supply of whimsy and of character writing. Furthermore, the producers have not been able to forget that Milne was author of "Winnie-the-Pooh," and the direction suffersr from too much "Pooh" stuff, as it were.

It's a bit too bad that Mary Ellis, who was so gorgeous in "The Dybbuk," should have such difficulty of late years in finding a play worthy of her skill and beauty. However, letting you in on a bit of Broadway gossip, the story goes that since her marriage to Basil Sydney, Mary Ellis has refused to appear in any play in which her husband also is not cast. And so things have been just a bit difficult.

RESTORING LACE

To restore discolored lace, let it simmer a few minutes in sour milk. Then wash in tepid suds, in the reug lar manner.

Russian Grain Trust Leaders Consult American

Thomas D. Campbell, of Montana, third from left, said to operate the largest wheat farm in the United States and mentioned as a possible secretary of agriculture in the Hoover administration, is shown at a conference with Soviet leaders in Moscow, Russia, where he advised members of ernotrest, the Soviet grain trust. Left to right are Metioff, Soviet grain trust director; Gertlikov, trust president's assistant; Campbell and Kalmanovitch, president of the trust.

Collegiate? Who is Collegiate?

** ** ** ** ** **

National Survey, Sponsored By Deans, Seeks "Lowdown" On Type Of University Lads And Lassies

Shades of sagging socks!

That's precisely what a nation-wide survey of the so-called "collegiate" in American college life is seeking. In a questionnaire, Henry Grattan Doyle, dean of men of George Washington university, not only are sagging socks included in the survey, but sloppy shoes and rumpled shirts as well.

Dean Doyle, through the questionnaire, wishes to know whether or not the "collegiate" is the typical college student, and whether slouchy dress or neatness in appearance is typical. Four hundred leading colleges and universities in the United States are receiving the questionnaires.

Results to Convention

Results of the general survey of the college student are to be revealed at the annual convention of Association of Deans and Advisers of Men to be held in Washington next April.

"I have felt concern and sometimes chagrin over the mental picture of the 'collegiate' boy or girl which the general public has apparently created during recent years," says Dean Doyle in his letter of inquiry.

List of Questions

1. (a) Is the "collegiate" of the humorous press and the vaudeville stage the typical student of your college? or

(b) Is he an exception in the personnel of your enrollment, and if so, what percentage of the total student body is like him?

2. (a) Is a slouchy appearance, as evidenced by garterless socks, rumpled shirt and collar, sloppy shoes and wrinkled suits of clothing, typical of your student body? or

(b) Is neatness in appearance, as evidenced by clean shaving, well-shined shoes, starched linen, appropriate neckties of neat appearance and well-pressed suits of clothing, typical of your student body?

3. (a) In the main, does the psychological attitude of your student body approve slouchy and careless habits of dress and conduct or neat habits of dress and courteous manners?

(b) Is there any appreciable attitude of disfavor in your student body toward carelessness in dress and manners?

4. Is there any connection, in your opinion, between the attempt to be "collegiate" and such problems as:

(a) Drinking?
(b) "Necking"?
(c Neglect of class work?
(d) Dishonesty in examinations?
(e) Other ethical problems?

5. Does the "collegiate" type of student referred to in the opening of this letter excel, as a rule, in:

(a) Scholastic standing?
(b) Sports?
(c) Other student activities?

6. In your opinion is the "collegiate" type diminishing or increasing?

7. Do you or do you not agree with me that in general our student bodies are composed of reasonably serious young people, whose ideals and standards of conduct compare favorable with those of preceding generations—in short, that their faults are faults of manners rather than morals?

Photographs printed on metal by a new process are said to be practically everlasting; the image is burnt in on an alloy.

Annual Meet Of Retailers To Be Held This Week

G. W. Sulley Of Dayton Ohio, To Be Principal Speaker For Session Slated This Thursday Night

Plans are under way for the largest meeting of Lubbock merchants and professional men in the history of the Lubbock Retail Merchants Association when the organization holds its annual meeting Thursday evening.

E. L. Robertson, chairman, Paul Sherrod and Joe Nislar are serving as the program and arrangements committee. A program with music and other features together with the principal address made by J. W. Sulley, educational director of a cash register company, of Dayton Ohio, is being worked out.

Sixteen Lubbock business men have been appointed by J. D. Hassell, president of the Retailers, to serve as an attendance committee and this group will meet at the offices of the association at the city hall early Wednesday morning to spend a couple of hours time to assure a large attendance.

It is the aim of the officers and directors of the Retailers association to have the largest attendance at any previous annual meeting.

Sulley, the principal speaker comes to Lubbock with a high recommendation for being a forceful, a pleasing and an instructive speaker. "Practical Means for Bettering Business in Lubbock" will be the theme of the address that the educational director will deliver to the gathering of Lubbock business men. The talk will deal largely with the actual problems confronting retailers and other business men in Lubbock. Among the topics to be discussed by the speaker will be advertising, cooperation between merchants, retail salesmanship, buying, store service, stockturn, and general store management.

Members of the attendance committee appointed by President Hassell, include: J. W. Gamel, H. H. Jons, Luther Bynum, Earl Hunt, Riley Huie, W. C. Woods, J. B. dricks, George Moore, E. M. Smith, Rhodes, W. L. Meier, Alvin Hen- B. F. Hodges, Walter A. Terrell, A. B. Straley, Walter Alderson, and Altus Sansom.

Zeder Discloses Chrysler Ideals

Creative Spirit Of Entire Personnel Is To Build Finer Cars, According To Vice-President

By FRED M. ZEDER
Vice President Chrysler Corporation

Neither the Chrysler car nor the Chrysler corporation is the product of one man but a group of men. For five years it has been building an organization of experts who know automobile engineering, manufacturing, metallurgy, chemistry, physics, research, production, finance, sales and transportation.

Today the Chrysler corporation takes pride not so much in being a young organization with no hidebound traditions to hold it back, as in being an organization of vigorous young men highly trained as business, technical and manufacturing experts.

35,000 In Organization

Under such an administration the company refuses to maintain a complacent attitude toward its success. The creative spirit that animates an organization comprising some 25,000 persons is always to build something finer than anything yet achieved.

The first Chrysler was the product of 19 years of study and practical experience in motor car building. It marked the beginning of a new epoch in the American automotive industry. In 1924 but few of the buying public knew much about automotive principles. They were willing to accept standard models that had been originated in the automobile's early days by men who were practical experts rather than technical engineers. It was deemed extremely hazardous to bring out a new car at a cost of two to three million dollars in a highly competitive field.

RALLS NEWS

BY MRS. ROY MOSES

MRS. J. B. HARDIN HONORED

A delightful social function in Ralls recently was last Friday afternoon, Feb. 22, when Mesdames Wheeler Ford, Teddy Miller, W. K. Brown, P. B. Ralls and C. Gollihar honored Mrs. J. B. Hardin with a surprise miscellaneous shower.

In the pretty musical program Mrs. M. E. Ware very impressively sang "O Sole Mio," accompanied by Mrs. F. L. Robbins, and Mrs. R. L. Bryant and Paul Mitchel played a pretty piano duet, followed by a piano solo by Mrs. Hardin. Miss Fanny McWhorter gave two appropriate readings horing George Washington birthday.

The guests then enjoyed a historical contest in which the honoree scored high and was presented with the shower of beautiful and useful gifts.

Delicious refreshments of pink and white brick ice cream with coconut macaroons in the same colors, and coffee was served. The George Washington theme was also carried out by using tiny flags as plate favors.

Those present were Mesdames J. B. Hardin, R. L. Bryant, E. E. Elms, B. B. Travis, Paul H. Mitchell, A. B. Sanders, E. L. Stovall, J. M. Rankin, W L. Betts, M. G. Hargrave, W. E. McLaughlin, W. D. Watkins, A. L. Winfrey, O. R. Sadler, Doug. Rutherford, J. M. DeBolt, Bill Pass, J. C. Harder, R. L. Rutledge, Leonard Schoolcraft, M. E. Houser, M. T. Brigham, Leon Noel, Chas. Moore, May Dunn, M. E. Ware, J. O. Dowell, J. Roy Moses, W. F. Taylor and F. L. Robbins and Miss Fanny McWhorter.

BAPTIST LADIES HOLD JOINT MEETING

The circles of the Women's Missionary society of the Ralls Baptist church held a joint meeting Monday afternoon at the home of Mrs. Oliver Taylor.

Mrs. J. M. Hale conducted the devotional services which was followed by a short business session.

Mrs. Mark Day had charge of a very interesting missionary program.

Refreshments of pineapple pie topped with whipped cream and coffee was served. A good attendance was reported.

ATTEND BANQUET IN FLOYDADA

J. Ed McLaughlin, president of the Ralls C. of C. and A. V. Bullock, secretary of that organization, went to Floydada Thursday night to attend a Chamber of Commerce banquet at that place.

CELEBRATES BIRTHDAY

Little Miss Rubye Jeanne Stovall celebrated her fourth birthday last Monday afternoon with a party at the home of her parents, Mr. and Mrs. Laney Stovall in east Ralls.

The little guests enjoyed several amusing and appropriate games. In a candle blowing contest Little Miss Johnnnie Ruth Hopkins scored high and was awarded a prize.

The Easter idea was used, plate favors being Easter chickens on a ring. Refreshments of cocoa and cake was served.

The guest list included little Misses Christine and Alene Birdwell, Johnnie Ruth Hopkins, Rubylee and Inez Wright, Joan Pearson, Janice Robertson, Jackie Belle Willard, Evelyn Walker, Harold Exum and Wayland Taylor.

HAD OPERATION

Little Miss Bettie Marie Richards, daughter of Mr. and Mrs. T. H. Richards, was taken to Lubbock last Sunday where she underwent an operation for sinus trouble. She is doing nicely.

METHODIST MISSION SOCIETY

Mrs. Tom Brigham was hostess to the Woman's Mission society and the junior league mothers Monday afternoon at her home on the Floydada highway.

Mrs. Brigham conducted the devotional, which was followed by a voice program, "Making Home the Center," interesting papers were read by Mrs. P. B. Ralls and Mrs. J. M. DeBolt. Others present were Mesdames W. D. Watkins, B. B. Travis, May Dunn, B. J. Osborn, Schoolcraft, Leonard Schoolcraft, M. T. Brigham, Tip Williams and C. Gollihar.

Refreshments of cocoa and muffins were served.

LEAVES FOR TEMPLE

Mrs. R. R. Travis left recently for Temple where she will have a medical examination. She was accompanied by Mr. Travis and their daughter, Mrs. J. Ed McLaughlin.

W. R. Lewis of Spur was among the out of town visitors here Thursday.

Mesdames C. E. Dean and J. Ed McLaughlin were in Lubbock Wednesday.

Bruce Spencer was a business visitor in Floydada Wednesday. He was accompanied by his son, W. B. Spencer, jr.

Mr. and Mrs. G. C. King and little son left Friday for Spur where they will live. Mr. King is a traveling salesman for the Bryant Link Wholesale Grocery company at that place.

Mrs. Hugh Wilson left Friday for Gainesville where she will join her husband and they will make their future home.

Mrs. Jake Ligon was a Lubbock visitor Monday.

Mesdames R. L. Bowman and Dewey Sullivan of Lorenzo were shopping in Ralls Tuesday afternoon.

Mr. and Mrs. W. E. Ragle of Lubbock were looking after business here Tuesday.

Mrs. Ada Travis is ill at the home of her daughter, Mrs. G. C. Pass.

Mrs. Lulu Keen returned Tuesday from a visit in Olton, Lubbock and Lamesa.

Mrs. E. A. Henry left this week for a visit in Dallas, Athens and other points in east Texas.

Mesdames Roy Cooper and Trav Richards and daughter, Bettie Marie, were Lubbock visitors Tuesday.

Mesdames John Haney and sister, Vina Scott Carter, left Wednesday for Abilene, where they will visit their mother.

Mrs. Vina Scott Carter of Abilene is here visiting her sister, Mrs. John Haney and Mr. Haney.

Mrs. A. B. Michael of the Dixie store, left recently for Oklahoma City to be at the bedside of her husband, who recently underwent an operation in a hospital at that place.

Mrs. Teddy Miller is in Wellman this week visiting her parents, Mr. and Mrs. J. F. Singleton.

Ernest Herring of Lubbock was among the out of town visitors in Ralls Tuesday.

Burl Griffith has accepted a position in the grocery department of Bryant-Link company.

Little Miss Margaret Frances Bowen and Perry Bowen, jr., went to Amarillo Monday for a visit with their grandparents, Mr. and Mrs. J. Murray Malone.

Mr. and Mrs. Porter Johnston of Fort Worth were here this week visiting his mother, Mrs. A. E. Johnston and Mrs. Johnston's mother, Mrs. John D. Thomason.

Mrs. Carl D. Lewis returned home Wednesdeay from Sulphur Springs where she went to attend the funeral of a sister.

Mr. and Mrs. C. D. Kennedy and little son, Billy Wayne, were week end guests of Mr. Kennedy's parents in Idalou.

Mrs. J. R. Hilburn of Mineola, who has been visiting her daughter, Mrs. B. J. Osborn, left Monday for Abilene. She was accompanied to Post by Rev. Osborn. From there she made the journey to Abilene by bus.

L. H. Hitt, who has been employed by Bryant-Link company here has gone to Petersburg, where he will work with the same company at that place. Mr. Hitt expects to go within a short time.

Mr. and Mrs. Kenneth Robertson of Oklahoma City were guests of Mr. and Mrs. C. D. Kennedy the first of the week.

Mesdames Laney Stovall and B. Exum were Lubbock visitors Wednesday.

Mrs. Lee Ragland of Lubbock and Mr. and Mrs. H. T. Kennedy and Mrs. Gamble, all of Idalou, were all day guests of Mr. and Mrs. C. D. Kennedy here Wednesday.

O. H. Sadler attended to business in Lubbock Wednesday.

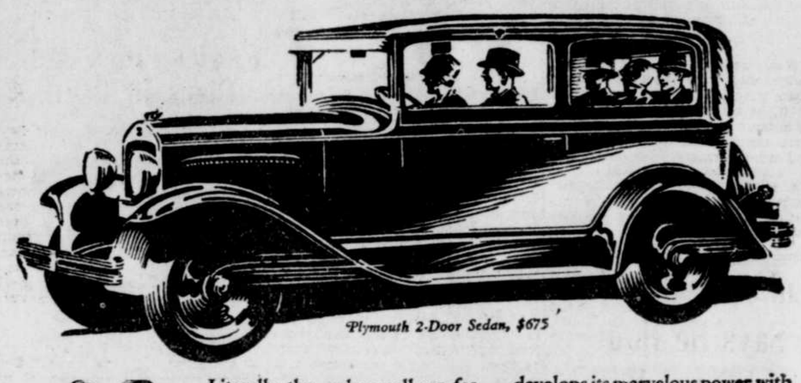

Mesdames Roy Cooper and E L. Haney visited Lubbock Thursday. They were accompanied from Lorenzo by Mrs. Dewey Sullivan.

Battle For Restaurant Control

William Childs, nearly 70, of nation-wide restaurant chain, and his wife, formerly his secretary, together with other members of the family, have regained control of the company. Mr. Childs had been opposed by other stockholders, said to represent large interests, because his vegetarian tendencies were supposed to have decreased the company's earnings. Another stockholders' meeting will be held March 7, when the vegetarians and the beef-steakers will marshal their forces. Mr. and Mrs. Childs snapped above. Childs declares vegetables confuse the issue and asserts his battle is for better management.

FULL SIZE - FULL VALUE at Lowest Prices

Plymouth 2-Door Sedan, $675

Literally the only small-car feature about Plymouth is its price.

Body, chassis, engine, transmission, axles, drive-shaft, springs, brakes—every part of Plymouth is built to specifications, dimensions and standards never before available at so low a price.

Its high-compression engine, of Chrysler "Silver-Dome" type, does high speeds and low speeds with equal smoothness—and it develops its marvelous power with utmost economy of operation.

Matching Plymouth's power to go is Plymouth's power to stop. Its full-size Chrysler weatherproof 4-wheel hydraulic brakes are equal to every emergency.

All the way through the full-size Plymouth are fine evidences of that advanced engineering and careful craftsmanship which the public has always associated with Chrysler-built motor cars. 166

Champion Plugs Set Air Record

Telegraphic advices just received by Champion Spark Plug company at Toledo bring word of the establishment of a new women's world altitude record by Louise McPhetridge Phaden, who raised the previous mark by reaching a height of 22,50 feet in a flight at San Francisco, using a set of Champion aviation spark plugs which were part of her engine's original equipment.

In her telegram to the Champion office reporting the feat she had just accomplished the aviatrix said:

"Using Champion spark plugs, broke women's world altitude record today with a stock model Travel Air type three thousand powered with Hispano model A motor. Officially sealed barograph registered 22,500 feet. Motor ran perfectly during entire flight. Log shows motor has now run a total of 120 hours. Original set of Champion plugs still giving perfect satisfaction and have not even been removed for inspection."

RAG RUGS

Wash rag rugs before they are badly soiled. Shake first, then either douse up and down in warm suds, or if, small, lay flat on the floor or a table and scrub with a brush. Turn the hose on them for rinsing and never wring.

A million pounds in bar gold weighs 7 tons 8 3-4 cwt, and occupies a space of 17 cubic feet. It consists of 600 bars.

Lubbock Man Says He Had Flirted With Grave For Years

Says He Can Now Work As Well As Ever In His Life And Has Found Out From His Own Experience What Orgatone Will Do

"I'll tell you the truth; if I knew that Orgatone was not going to be sold any more I would buy ever bottle on that counter over there before I left tonight, said James E. Riddle, at Bowen's drug store, Lubbock, Texas, recently. Mr. Riddle is a well known stone cutter and brick mason, and resides at 1620 Fifteenth Street, Lubbock, Texas.

JAMES E. RIDDLE

"Before I began taking it I felt like I was just about at my rows end after suffering for about thirty five years with as mean a case of indigestion a man ever had.

"About thirty five years ago I commenced having stomach trouble, and it kept getting worse until I began having attacks of indigestion. When these attacks came on me I would just swell up like a mule with the colic, and got very weak and nervous. My breath would get short and my pulse so weak I was afraid my heart would stop beating. Finally I started to have sharp shooting pains through my shoulders and I don't believe I was out of pain night or day for several years. I actually got so weak I could hardly do my work. I tell you I was flirting with my grave, and guess it would have not been many years before I would have been in it if it hadn't been for Orgatone. But look at me now. I am as strong and well now as I ever was in my life, and can do as big a days work as any man.

"Yes, sir, if ever a mortal man has been through the rub, I am the man. I have paid out hundreds of dollars for Doctor bills and medicines, and have bought enough medicine from drug stores in Lubbock to own an interest in one of them, and was lucky not to have had an undertakers bill to wind it all up.

"I have been a stone cutter for forty five years, and have done a whole lot of heavy work; so I guess this had a whole lot to do with my condition. Anyway there seemed to be nothing that would straighten me out. Everytime I heard of a new medicine I would get it. A friend of mine recommended Orgatone to me one day and that's one time I hit it right. That's what saved me. I can now eat anything, and actually I eat so much I get ashamed of myself. Why seven or eight biscuits at a meal don't satisfy me now, but I just quit at that for fear I will overdo matters; but everything tastes so good to me now. And Sleep! Why, I never would wake up if they didn't come in and shake me. I haven't a pain about me now."

Genuine Orgatone is sold in Lubbock exclusively by Bowen's Drug store under the personal direction of a special Orgatone representative who is meeting the public daily. Adv.

Jazz King Turns Car Salesman

Whiteman Reverts To Role Of Salesman As His Orchestra Plays for Opening

From the muted trombone to a bona fide order for a new automobile may be a far cry in the life of the average musician, but to Paul Whiteman, recognized king of jazz, the role of car salesman or maestro falls easily and naturally.

Years ago Whiteman sold cars in Denver, Colo. He sold cars while studying music and dreaming of the day when he would turn the voice of the saxaphone into coin of the realm. So it was perfectly in character for him recently, while rendering concerts at the opening of a new Oakland-Pontiac salesroom at Detroit, to give up the baton for the fountain pen, step from the concert platform to the sales floor and demonstrate that he has lost none of his old-time finesse in the matter of getting the names on the dotted line.

Pontiac First Sale

Whiteman's first sale was for two new Pontiac Big Six 2-door sedans. In two and a half hours he sold five cars, and in five days he ran this total to thirteen.

His own success in the venture prompted him to sponsor an automobile sales contest among his band members. Whiteman put up a new Pontiac Big Six sport roadster as first prize. Between concert numbers members of the band took up predetermined positions on the floor alongside display models of the new Pontiac or the latest Oakland All-American Six—two musicians to a car, and a regularly employed salesman also in attendance to answer detailed questions of prospects.

Kurt Dieterle, violinist extraordinary, ran away with the prize, averaging two sales a night for the five nights. The rivalry developed by the contest among the thirty-odd musicians, resulted in the sale of 134 Oakland and Pontiac Sixes.

High Compression Features DeSotos

One of the most typical of all the Chrysler features incorporated in the Chrysler built new DeSoto six is the "Red head" high compression cylinder head which obtains from so-called "high compression" fuels increases of power, acceleration, smoothness and speed which are truly astonishing. DeSoto-Chrysler engineers declare that the "red head" solves one of the basic problems of modern automotive engineering, namely the production of a maximum of power from a minimum amount of fuel.

While the "silver dome" high compression cylinder head which uses any ordinary type of gasoline is standard equipment on the DeSoto six, the red head is available at a slight extra cost.

There is a limit, engineers say, to the degree of compression under which the so-called "standard" fuels of today will operate without causing the disagreeable spark knock or detonation sometimes apparent in automobile engines. This condition has limited the amount of compression permissible in internal combustion engines in the past.

Eagles Cinch 2nd Place In T.I.A.A.

DENTON, March 2 (AP).—The East Texas Teachers' college of Commerce cinched second place in the T. I. A. A. basketball race by defeating the North Texas Teachers here tonight, 33 to 22, before the largest crowd ever to see a cage game in Denton. A special train brought 400 fans from Commerce.

Gardner, Commerce guard, and Stringer, forward, scored 16 and 11 points, respectively, to lead the visitors' offense.

MAIN HIGH WINNER

SAN ANTONIO, Mar. 2 (AP).—Defeating Fredericksburg high 43 to 22, Main high school of San Antinio tonight won bi-district cage honors and the right to represent districts 19 and 24 at the state tournament at College Station.

PARIS, Mar. 2 (AP).—The North Texas Junior Aggies from Arlington, winners of the Texas Junior College Association basketball title, made it two straight from Paris Junior College by winning tonight's game, 26 to 23.

Of the fur coats worn by the women of England 90 per cent are rabbit of some kind or other.

Pickell Is Named As All-American

FAYETTEVILLE, Ark., Mar. 2.—Tom Pickell, Arkansas University's star center, has been selected on the all-American basketball team picked annually by the publication College Humor. He was the only southerner placed on the first team

Last year Glenn Rose, Arkansas guard, received a place on the College Humor five.

PRETTY BATHROOMS

Why not color up the bathroom this spring? Any flowered paper can be shellacked so that it is waterproof. With woodwork the color of the paper's background, the family won't know the old bathroom in its new dress.

NEW IVY STAND

A colorful, charming addition to any living room is a new wrought-iron ivy stand like a shepherd's crook, one of its three post of ivy hanging from the loop. The three pots are old rose, yellow and lavender.

Winter visitors at Ormond Beach, Fla., have northern thrills by sledding—but on the beach sands. Sleds with wheels attached are skidded along behind automobiles.

A New Zealand fruit steamer caught in a storm in the harbor at Apia, Samoa, threw out 1,000 cases of bananas, which were distributed free to the natives.

France receives over $250,000,000 a year from her visitors from other countries.

Letter Is Answered

Fourteen Years Go By Before Reply

BASTROP, Mar. 2 (AP).—Fourteen years ago a Bastrop resident wrote a letter to which he got an answer on Feb. 19, 1929.

But it wasn't that fault of the postal department.

On May 17, 1914, C. L. Kappner, now dead, wrote a letter, attached two one-cent stamps to it, put the whole in a bottle and threw the bottle in the Colorado river.

On Feb. 19, Kappner's former employer received a letter from Bay City saying that the writer had found the bottle and letter intact while hunting.

BRYAN WINS WAY TO STATE

COLLEGE STATION, Mar. 2 (AP).—Bryan high school won the Interscholastic League championship of districts 20 and 21 by defeating Georgetown, 40 to 16, in bi-district play here tonight. Bryan will participate in the state basketball tournament here next week.

Among 4314 cases of bankruptcy in England in 1927, farmers with 368 cases, top the list.

Forward-Looking People

will Investigate these 10 Points which reveal

OAKLAND-PONTIAC Superiority

In Oakland-Pontiac showrooms all over the United States, forward-looking people are being invited to investigate the New Oakland All-American Six, the New Pontiac Big Six and Oakland-Pontiac dealers on *ten points* vital to complete motoring satisfaction.

The *ten points* cover every element embodied in an automobile. But the *ten points* go even further. They include service facilities. They include finance plans and terms—because only fair and convenient finance plans and terms are acceptable to experienced buyers. They include an analysis of delivered prices—*because careful buyers insist on knowing what they pay for in addition to the list prices of their cars.* And they include an appraisal of your present car—to show you how little it will cost to enjoy the new style and the thrilling performance of a New All-American Six or a New Pontiac Big Six.

We want *you* to make such an investigation. Come in and learn how Oakland-Pontiac ownership assures complete satisfaction on every one of these *ten points!*

The New Oakland All-American Six, $1145 to $1375. The New Pontiac Big Six, $745 to $895, f. o. b. Pontiac, Michigan, plus delivery charges. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Dodge Conquers Chinese Highway

American motorists who roll along comfortably on smooth pavement over well marked roads would age considerably in making the 125 mile journey from Pekin to Kalgan. A log of the trip would indicate that only an airplane could negotiate the route.

In following the "Blue Book" of the trail blazers, the driver's hair might stand on end if he glanced down the list of landmarks and found that a "horses bend around sunken road—and mud" awaited him 25 miles out of Pekin. Three lines of trenches are next to be crossed. Then he might bounce along 15 more miles and find a "Ford—with big boulders—bad place if water is high." At 44.5 miles, there is another ford with instructions to go upstream a short distance.

Such is a recent "drive-away" trip made in a new Dodge Brothers 1 1-4 ton truck by the owner, who also transported a heavy load of freight. The trip was made safely in two days, with the owner's comment that twice the load could have been carried successfully.

How Is She Hittin'?

By ISRAEL KLEIN
NEA Science Editor

By ISRAEL KLEIN
Science Editor, NEA Service

Our automobiles have become so highly developed and foolproof that we are prone to fall into the trap of taking them too much for granted. Many a motorist has boasted he hasn't lifted the hood of his car although he had driven it ten thousand or more miles.

This is truly a wonderful record and one worth boasting about, yet it points to something that is happening beneath that hood which ordinarily should be guarded against before the motor breaks down. Parts are wearing in that motor, despite the many automatic precautions installed there, despite air cleaners, fuel strainers and oil filters.

These parts are what enable the driver to maintain his boast of driving without thought of the motor, yet just these parts have to be watched and renewed before they break down and fail to guard the motor against trouble.

* * *

Take the oil filter, for instance. Before this accessory was installed in automobiles motorists were advised to change their crankcase oil every 500 miles. Now, thanks to the filter, motorists may run along with the same oil in the crankcase for 1000, 2000, even 3000 miles, without harming the engine.

But—and here's the point—that's provided the filter is working efficiently. It is obvious that the longer a motor runs, the longer does oil strain through the filter and the more dirt and grime from this oil remains in the little accessory. The result is, that after about 10,000 miles of driving, engineers consider the filter is about ready for a cleaning or renewal of its working parts. By that time it has collected so much grime that all its channels have been clogged up and the oil, instead of being washed clean of its impurities, actually gathers more grit from the over-used filter and passes it on to the motor.

* * *

Lubrication engineers say the oil filter has lost its efficiency after 10,000 miles use. If it isn't serviced, and the car is kept going, the motorist would have to return to the practice of changing his crankcase oil every 500 miles.

That's quite costly, it has been estimated. The average motorist, it is pointed out, saves $29 a year on oil alone, not to mention the saving on wearing parts, by proper use of the filter. This is how this saying is figured:

Before introduction of the oil filter, oil was changed every 500 miles which meant 20 changes a year based on the average of 10,000 miles driving. Twenty changes, averaging six quarts a change, at 30 cents a quart, would cost $36.

With use of the oil filter, which occasions changes of oil at every 3000 miles or so, the cost would be only about $7 a year. Thus the saving is calculated at $29 a year.

And that doesn't include the saving of wear on the moving parts, due to the filter's assurance of gritless oil.

That assurance, it may be repeated, depends, however, on a working filter—one that is serviced every 10,000 miles.

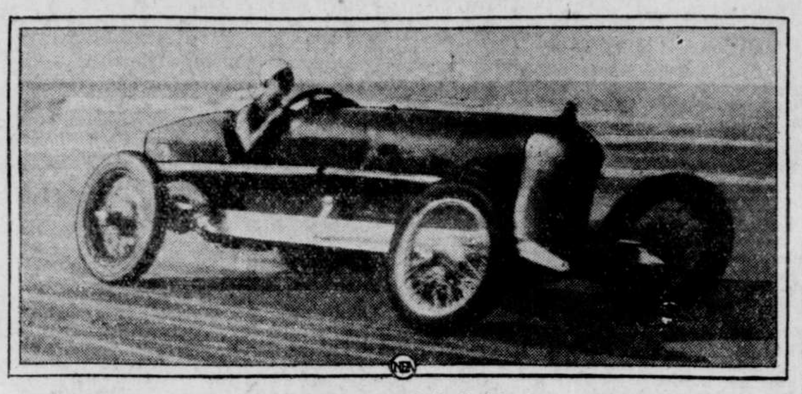

Daytona Beach Speed Tests May Be Opened To Women Soon

By NEA Service

DAYTONA BEACH, Fla., Mar. 2.—Having made the Ormond-Daytona Beach Ocean Speedway the mecca of masculine speed demons of the United States and Europe, "Senator" W. J. Morgan of Newark, N. J., now hopes to make the record-establishing stretch of sand equally popular with women.

Although in his seventy-fifth year, the pioneer sports promoter is assisting Mayor E. H. Armstrong and other Daytona Beach officials in promoting the initial meet for women with the expectation that it will follow the international speed trials of March 1 to 15.

Motor racing on the beach was popularized for amateurs from 1903 to 1909 by the donation of cups by William K. Vanderbilt, Sir Thomas Dewar, the Scotch brewer, and other international notables. Since that period, in which as many as 80 noted Americans and Europeans entered cars, the beach has been used chiefly not for competitive racing but for the establishment of individual speed records.

Mlle. Joan Lacoste is the feminine speed champion of the world. This photo of her at the wheel was taken in 1926 when she set the record of 140.65 miles an hour on the Ormond-Daytona Beach speedway, the highest ever attained by woman.

Get Scientific Recorder

With a view to restoring its popularity with amateurs, including both men and women, the municipal authorities have bought from the United States Bureau of Standards, at a cost of $10,000, and electric device that will "clock" and automobile or speedboat to within a thousandth of a second. They are organizing a sports-social club for promotion of such events during both winter and summer seasons.

Having offered cups for the initial meet, the municipal authorities hope to induce racing notables of the past and automobile manufacturers to award additional trophies for strictly amateur events for members of both sexes.

The present straightaway record for feminine drivers, 140.65 miles an hour, was made on the beach by Mlle. Joan Lacoste, a French professional, during the winter of 1926. Such speed, however, is not anticipated by women driving in individual or competitive events. In view of the fact that the first straightaway record of a mile in 52 1-2 seconds, made by Alexander Winton driving a "Bullet" in 1903, was reduced last April by Ray Keech, driving White's "Triplex," to a mile in 18 seconds, it is impossible to estimate what feminine drivers will do in the present age of speed.

Beach Wide and Safe.

"As women are now displaying prowess and skill in outdoor sports of all kinds, including aviation, yacht and speed boat racing, golf and tennis," says Mayor Armstrong, "we see no reason why they should not manifest an equal amount of interest in automobile racing. When one considers that our wave-hardened beach has a racing length of 23 miles and a lowtide width of 500 feet, its safety for feminine drivers is assured—that is, if proper attention is paid to tire.

"With feminine interest in sports and the safety of the beach for inspiration, we hope to make racing meets for women popular with nationally and internationally known society and sportswomen."

"In the early days," says "Senator" Morgan, "the beach attracted such notables as William K. Vanderbilt, Henry Ford, R. E. Olds, Howard Gould and the late John Jacob Astor, representing the United States; A. C. McDonald and Clifford Earpe, representing England; Victor Hemery and Victor Demogoet, representing France; Cedrino and Lancia, representing Italy, and Schmidt, representing Germany.

"Why shouldn't it attract women of the same type today?"

BUILD MORE BRIDGES

Bridge building contracts on hand at present indicate that a mileage of bridges to be constructed during 1929 will exceed combined mileage of the two previous years, according to the American Institute of Steel Construction.

CUBA LURES MOTORISTS

As a lure to motorists, cars can now enter Cuba without any formality other than signing a sworn statement that the motorist is touring for not more than 90 days, the free period allowed.

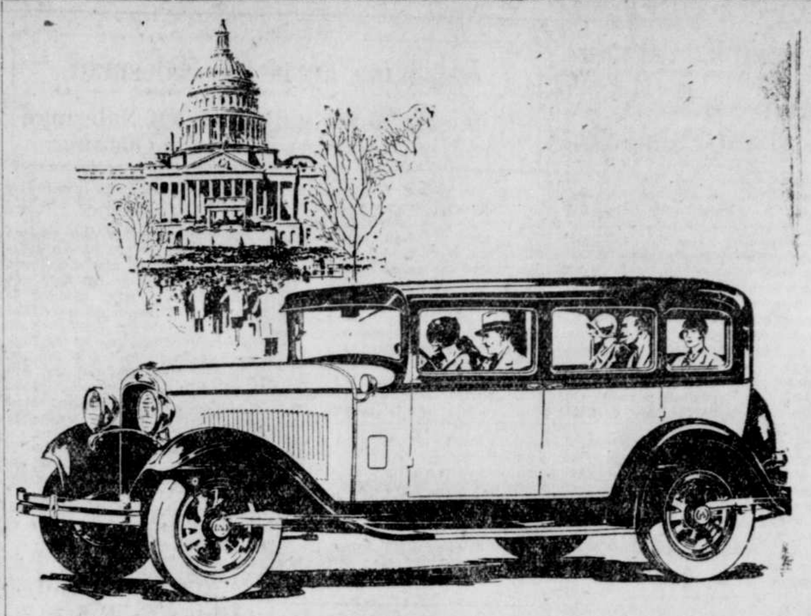

BANANA BEIGE

With the vogue for off-whites, deeper tones of beige are in favor. A gilet for a dark suit, uses banana beige crepe and flaunts a jabot adorned with tiny buttons in matching color.

SPRING PURSES

Shapes, size and originality in fabrics characterize spring purses. It is quite chic to cherish a bit of one's suit fabric and have a purse made from it.

A SIX IN THE PRICE RANGE OF THE FOUR

Hundreds See New Graham-Paige Six

Introduction of the 1929 line of Graham-Paige six and eight cylinder cars in Lubbock drew hundreds of people to the show room of O. W. Moore, recently appointed distributor for Lubbock and vicinity.

Mr. Moore announces that five dealers were signed during the first few days of business to handle the Graham-Paige line, these contracting for fifteen cars. Ten cars were sold at retail for immediate delivery. A large shipment of additional cars has been ordered for this section to care for the immediate demand incident to the introduction of the new models.

The new line of 1929 Graham-Paige cars which Mr. Moore distributes here includes five chassis models, consisting of three six cylinder cars and two eights. All but the lowest priced of these cars have the Graham-Paige standard shift four speed transmission, which is a great advantage for Texas driving, according to Mr. Moore.

Modern Cars Are Finest Ever Made

By C. W. CHURCHILL

No one attending the recent National Automobile show in New York could escape the conviction that the motor cars now being offered to the public are by long odds the finest motor cars ever built. No matter from what angle they are viewed — appearance, performance, or durability—the automobiles for 1929 show a tremendous margin of progress over those of any other year since the industry's inception.

All this is probably only natural, for never has greater attention been focused by manufacturers on the one objective or making motor cars better. The manufacturer has no choice in the matter, for the public has learned to judge automobile values accurately, and the demand for real value in return for the public's dollar cannot be disregarded.

Mr. Wilkins Micawber

Chevrolet Output Eclipses Record

Assurance that Chevrolet's position as "world's largest builder of automobiles" will be sustained again this year, is contained in official production figures which give 106,914 passenger car and truck units as output for the first 45 days production on the new sixes. This figure not only eclipses all previous records of manufacturers of six cylinder cars, but actually exceeds the entire year's output of any other manufacturer during the first year.

The figures, as revealed by W. S. Knudsen, president of the company, date from December 15 to February 1. January production was 86,178, meaning that 20,736 units were produced the last two weeks of December.

A highlight of this remarkable 45 day production record was the manufacture, January 31, of 6,729 cars. This was peak for any day during the period and can be regarded as an indication that February would find all Chevrolet's mammoth productive facilities geared to meet maximum quotas. Chevrolet's peak day as a producer of sixes does not compare unfavorably with the company's all time record for a single day, which occurred May 28, 1928, when 7,075 four cylinder units were produced.

ROADS DO IT

The average daily run of a tourist has increased from 10 miles 10 years ago to 234 miles today. Better highways, motor car improvement, more adequate sign-posting, improved facilities and the raising of speed limits are factors which have helped increase this average.

ON AUTO ROW

Automobile sales during the month of February continued on the upgrade despite adverse weather conditions, local dealers reported at the close of the shortest month. With the sale on new jobs far exceeding February of 1928 and the used car problem beginning to lighten, the Lubbock dealers and distributors are unanimously optimistic as the real buying season nears.

EXPECT MORE BUSINESS

While the majority of local automobile moguls are not expecting the big business to open up until early April, several are of the opinion that it will be an even shorter time until the wanderlust hits the motorist and he will begin taking inventory with one eye cocked on one of the new models. Used cars will also begin to move more rapidly within the next month, it is believed.

GOUGH KEEPS BUSY

Taking its place among the leaders on auto row, the Gough Motor company, local Studebaker distributor, has delivered a total of twenty automobiles during the month past. This number includes various models and designs, from the President Straight Eight to the lower priced used cars.

JENKINS VISITS HERE

A visitor who created an ususual sensation was Ab Jenkins, transcontinental driver, now in the employ of the Studebaker corporation, as he came through Lubbock Friday afternoon in the identical Studebaker in which he recently traveled 30,000 miles in 26,329 consecutive minutes on the Atlantic City speedway. The well-known race driver was met on the outskirts of the city by a Studebaker calvacade which escorted him through the streets of Lubbock with considerable pomp.

A SPEED MERCHANT

The powerful Studebaker roadster in which Jenkins is touring the country is a stock car, but geared up considerably. The driver has driven the machine at the rate of 110 miles an hour, but no Lubbock motorist was so dubious that he was not willing to take the word of the visitor as to the great speed limit of the motor. While here Jenkins demonstrated the Studebaker product to a number of local prospects.

E. Duvall, prominent business man of Munday, Texas, was in Lubbock on business with the Gough Motor company last week.

AIR-MINDED LUBBOCK

Following the announcement that the Lubbock Auto company would give a free airplane ride to each person placing an order for a new model A Ford, ten orders were taken by the local Ford dealers by persons who took advantage of the opportunity to go aloft in the igant tri-motored Ford monoplane which was in the city Tuesday, Wednesday and Thursday. Powered by the Wright motors, the mammoth bird was the largest ever to visit Lubbock for the purpose of carrying passengers. Many plunked down the cold cash to get the thrill of their first ride in a cabin plane.

CHEVROLET IS ACTIVE

K. M. Chase, assistant zone sales manager of the Chevrolet Motor company, Oklahoma City, was in Lubbock last week on business with Kuykendall Chevrolet company. The local concern reports that the new six is coming in much faster now, and within a short time, the Lubbock house should be able to fill all orders promptly.

SHOW PLANS PROGRESS

Plans for the automobile show, sponsored by the Avalanche-Journal newspapers, are progressing nicely. Local dealers have ordered special designs for the occasion and present indications point to a brilliant exhibition during the latter part of this month. Representatives from all Lubbock concerns were present at a meeting of the dealers Thursday night, at which time further plans were laid for the show.

PEDESTRIAN'S RIGHT

A recent decision of the U. S. Court of Appeals is that the pedestrian has the right-of-way whenever he steps off the curb while the "go" sign of a traffic signal is with him.

IT'S A DRAW

Prof. M. S. Viteles of the University of Pennsylvania has gathered figures which show that three times as many women get into automobile accidents as men. However, the male smashups are bigger and do more damage, he finds.

The contest board of the American Automobile Association has submitted a proposal to the International Sport Committee that all speed records from one to 10 miles must be bettered by a minimum of two miles an hour.

Studebaker's
DICTATOR
...champion in comfort as in performance

4-Door Sedan $1265 at the factory

THE DICTATOR ROYAL SEDAN—*Six wire wheels and trunk rack standard equipment, $1395.*
THE DICTATOR REGULAR SEDAN—*$1265. Prices at the factory. Bumpers and spare tires extra.*

STUDEBAKER'S Dictator by its remarkable stock-car record of 5000 miles in 4751 minutes, has certified the fleetness and staying power you may confidently expect from this great Six. Its 28 records for speed and endurance are not matched by any car at its One-Profit price.

The Dictator provides, too, that matchless comfort-assurance pioneered by Studebaker—ball bearing spring shackles. These, with The Dictator's new hydraulic shock absorbers, long, pliant springs and deep-sprung cushions, achieve travel ease unknown before Studebaker pioneered it.

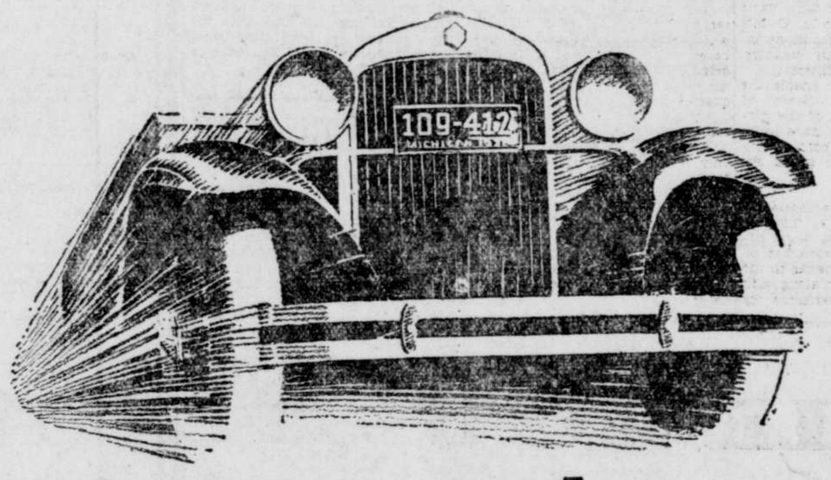

The low-swung grace characteristic of the New Studebakers expresses beautifully The Dictator's champion performance. You sense at a glance the swiftness, the dauntless spirit of the car. You *know* it is fast, and sure, and capable, for it looks the part. And the world knows it too—just as it knows the 77-year-old name of Studebaker that stands four-square to back your judgment.

Lubbock Realtors See 50,000 Population In 10 Years

New Enterprises Scheduled Here To Give New Impetus To Hub Of Plains Say Men Who Deal In Realty Circle

Largest Building Quota In Nation For Its Size To Come To City In 1929 Is Estimate Of One Dealer

By VESTEL LOTT

Lubbock as a city with a population of 50,000 by 1939—trade center of the rapidly developing South Plains with its untold agricultural wealth—is seen as a possibility of the local real estate men.

Naturally an optimistic class because of business necessity, Lubbock realtors base their predictions of the future not so much on the phenomenal growth of the city during the past few years as upon the numerous new enterprises scheduled for the city and the rapid influx of people both here and throughout the section.

Approve of Advertising

Realizing that Lubbock is dependent upon its trade territory, realtors feel that the advertising campaign of the local Chamber of Commerce is of utmost importance to the future of Lubbock as the hub of the Plains. Located as it is in the center of a veritable network of highways and railroads, and serving not only the South Plains but vast untapped mine of oil, cattle and agricultural resources in the eastern section of New Mexico, Lubbock is, in the opinion of realtors, "sitting on top of the world."

Charles F. O'Neal, T. W. Sawyer, Glenn Hess, R. J. Murray, Tom Jones and W. J. Duncan are among the local real estate men interviewed recently concerning the future prospects of Lubbock. Some advanced predictions that the city would double its population within the next five years, although most of them were more conservative with their predictions.

Much Property Transferred

Since January 1 of this year, more than 600 real estate transfers, totalling more than one and a half millions of dollars, have been filed here. This unprecedented activity of the real estate business is, to a certain extent, unaccountable. It surpasses any other era of activity in the history, even the lively period of 1925, the year of the first opening of Tech college.

Mr. O'Neal states that the activity is a result of the good business experienced by the city during the past few years, and says that the section is beginning to feel the results of the national advertising campaign. He predicts that the trend in real estate this year will be toward property in the business district in to counteract the rapid biulding and sale in the residential sections last year.

Many Refuse to Sell

"Not only are values increasing," Mr. O'Neal said, "but many owners are taking their property off of the market because they do not want to sell." He told of several instances where owners would pay a commission to an agent with whom the property had been listed and then keep the property.

A building permit total of five million dollars—the largest per capita of the city in the United States—is predicted by Mr. O'Neal for 1929.

The rapid influx of people in Lubbock and the surrounding territory is given by Mr. Hess as the cause for the real estate activity since the first of the year. The big activity has been in the sale of residential lots," he said. "Builders have been buying well-located lots this year and building substantial homes to meet the demand of the new families moving here.

Vacancy Rate is Normal

"The sale of completed residences has been slow this year and the vacancy rate here is about five per cent—the average for a normal city," he continued. Mr. Hess intimated that this vacancy rate would rise above the normal unless an effort was made by the realtors to stop it. "Business prospects for 1929 have a prosperous outlook, and at the present time business property is the cheapest buy in the city. There is a swing from residential to business real estate and then back to the residential, and the business property is scheduled for the next activity."

"Four years ago when I predicted at a Kiwanis club luncheon that Lubbock would have a population of 20,000 in five years, I was laughed at," Mr. Sawyer said recently. "And now I offer the prediction that the population here will be 50,000 in five years.

Hotel is Help

"The present real estate activity," he continued, "began with the announcement that the Hilton company was to build a hotel here. This together with plans for the $335,000 federal building started things moving, and I believe that 1929 will see more growth in the business section than the city has experienced for the past two years. There are now more new business buildings already announced than were constructed last year."

Mr. Sawyer praised the advertising campaign of the Chamber of Commerce as of great benefit to Lubbock, stating that the city had been legitimately advertised and not over-advertised. He said that the city's growth has been steady and substantial, and not of the boom or mush room type.

Special Service That Appeals

The varied services that the Citizens National Bank offers the people of this vicinity has been a deciding factor in building up its business.

In addition to rendering a general banking service, the added features of advising about investments and talking over plans for the future which prove valuable in helping our customers forge ahead, have figured strongly in attracting new customers.

It is a pleasure to serve the community in this capacity and we invite you to take advantage of these special features.

R. Reiken of the Center community was here doing some trading Thursday afternoon.

CAREFUL PACKING

If packing to go away soon, save the cardboard that comes home in father's shirts. These, slipped into frocks, make excellent protectors from wrinkles. If the frocks are folded about them just right, they will come out of the suitcase perfect.

Very few parrots breed in capitivity in the United States, but some live for a number of years.
