State Capital Highlights

TEXAS PRESS ASSOCIATION

AUSTIN—When Vice President George Bush promised a Dallas LULAC convention he would appoint a Hispanic to his cabinet, Capitol Democrats immediately ripped him publicly for catering to one of their traditional voting blocs.

Obviously, Bush is trying to make inroads with Hispanic voters, while Democrats are determined to keep their territory intact.

It's a rare sight to see a Republican campaigning in Texas with innovation. Liberal Democrats who regard Hispanics as "ours" may be in for a surprise.

Bush's son married a Mexican national, and his grandchildren are bicultural. And as he pointed out, no Hispanic has ever served in the cabinet, and it's about time.

Certainly, Mike Dukakis is intelligent enough to correct that inequity should he win the election, so Hispanics stand to get a seat in the cabinet no matter who prevails.

Appointments Blocked

After Gov. Bill Clements' appointees to the board of regents fired Southwest Texas State University president Bob Hardesty last month, Austin state Sen. Gonzalo Barrientos warned of retaliation to future Clements appointees.

Barrientos, a friend of Hardesty, seems to be keeping his word.

Last week he rattled his power of senatorial courtesy by blocking the appointment of Moak Rollins, a former commissioner, to the Public Utility Commission.

When Clements, acting on tradition, sent Rollins' name to his hometown senator for approval, Barrientos asked to see alternatives and didn't explain.

Rollins served on the board from late 1979 until March 31, 1983. Appointed during Clements' first term, he resigned after Mark White was elected governor.

An opening was created on the three-member commission last May 31 when chairman Dennis Thomas resigned. The remaining two members have reached an impasse on several issues.

Marketing Scams Eyed

State Rep. Billy Clemons announced plans last week to sponsor legislation to tighten up regulations on lake lot sales and condominium time-share programs.

The Pollok Democrat said he wants to halt giveaway programs that advertise free three-man bass boats and instead award consumers an inflatable raft.

At a Capitol press conference, Clemons showed stacks of direct mail offers that promised customers expensive prizes and instead awarded cheap merchandise. "They go out and tell you that you are going to win a BMW and \$10,000 in cash," he said.

Clemons showed reporters examples of prizes consumers have received after listening to sales pitches. An "executive refrigerator" was a small plastic cooler;

a combination washer-dryer was a plastic container with a spinner inside.

Public School Funding

The state's appeal of a ruling that the public school funding system is unconstitutional continues, but Atty. Gen. Jim Mattox, who will run for governor in 1990, is not arguing the state's case.

Instead, Kevin O'Hanlon, an assistant AG, is defending the constitution in the lawsuit filed by poor school districts seeking more state funding.

In a legal brief, O'Hanlon asserted that framers of the Texas Constitution knowingly created a system that allows school districts to spend unequal amounts of money educating children.

"It is apparent the framers of the constitution intended to create a system of school finance which allowed unequal property tax wealth between school districts," O'Hanlon wrote.

Investigation Ends

The Travis County district attorney's office has ended its investigation into possible misapplication of state funds by state Rep. Charles Staniswalis, D-Amarillo.

"We will not be filing any criminal charges or seeking prosecution of Mr. Staniswalis, said Rosemary Lehmberg, director of the Public Integrity Unit.

The inquiry began when a former House staff member alleged that she was given pay raises by Staniswalis with the agreement that some of the extra pay would be returned to the lawmaker. He has repeatedly maintained his innocence.

In explaining why the case was never presented to a grand jury, Lehmberg said, "We examined bank records, campaign reports and many other documents, and we interviewed everyone we could find who might know anything about it."

Other Highlights

- Helen Farabee, who withdrew from a North Texas state senate race after Democratic county chairmen backed another candidate, is hospitalized in Austin with lung cancer and phlebitis.

She is the wife of former state Sen. Ray Farabee, now vice chancellor and legal counsel for the University of Texas System.

- The Legislative Budget Board ordered a review of a plan to buy a mostly vacant luxury office building for use by the attorney general and Supreme Court.

The Austin building near the Capitol complex is owned by one of former Gov. White's closest advisors, Robert Baldwin III.

LITTLE THINGS

Whenever a man or a woman is asked to recount their life, they are most likely to mention their wedding, the birth of their children or their first promotion in their job. These events are certainly important but, in reality, life is made up of many small events.

The things that make life joyful and exciting are a collection of many little things. Praise for a job well-done, a freshly-baked cake from a friend or a phone call from home, these are the things that make life worthwhile.

You can make a difference in the quality of another's life. The things you do for others each day can be very important. It's the little things in life that count.

Letter To The Editor:

Last week, very early in the morning, I came as close to losing my mother as will ever happen until she is called home. As I rushed around to the Emergency Room door, an off duty LVN, getting into her car, saw my panic and rushed around to see if I needed her. I can't tell you, in minutes or seconds, how fast the staff on duty got to that door and

Letters To The Editor

got to my mother. Dr. Viehweg was called and before I realized it, he was there. For possibly two hours, at least six staff members and the doctor worked with her to keep her alive. I want to give their names but I'm afraid I'll miss someone, and I appreciate each one of them so very much.

After the most critical time was past and they took her to ICU, a

nurse sat by her bed for two shifts and then monitored her very closely until she was able to go to her room.

My mother is 91 years old. Her time is short and we realize that. If she had been 19 years old, with a full future ahead of her, I cannot possibly imagine this Fisher County Hospital working any harder to keep her alive.

I don't want to think about what would have happened if Fisher County Hospital's doors were closed permanently. Time means everything in an emergency.

We have been in larger hospitals and we have had specialists for different reasons, because, in certain cases, our local doctors have referred us to them.

I say, with all sincerity, that the warmth and sincere personal caring of our staff in Fisher County cannot be topped. Maybe it is the small community, "everybody knows everybody" atmosphere. Isn't that great! Sometimes it's that "personal caring" that will give a person the will to go on instead of just medical science.

Maybe some people have had experiences relating to this hospital, but there are also people who have had bad experiences

relating to Lubbock, Temple, Abilene, etc. As a community, give our hospital and our fine doctors the support they need to stay in Fisher County. We need our hospital. And I'm so thankful they were there for my mom and me.

Penny Kiser.

Dear Editor:

About two weeks ago I wrote to Jack Rains, who is the Secretary of State and a friend of long standing. I requested that he would make the Governor aware of my request, which was to declare Fisher County as a Disaster County by proclamation and notifying Washington.

Last Friday I had a call from Shawn Rupert, Secretary to Governor Clements, advising me that the necessary documents were being prepared by Robert Lansford for the Governor's signature the following morning, and that this declaration would immediately be sent to Washington.

Ms. Rupert also informed me that they had also been advised by our County Judge, Marshall Bennett, by letter confirming the conditions I had outlined.

Yours very truly,
Thomas B. Colwell.

Beef Price Increases Are Projected To Be Minimal

Texas consumers will see little price change although cattle feeders in seven major beef-producing states, including Texas, reported a record 7.81 million head on feed the first of June.

"This number reflects a three percent increase from last year and is the highest June total since 1978," said Dr. Ernest E. Davis, an economist in livestock marketing with the Texas Agricultural Extension Service.

Davis said that Texas feedlots, however, had 2.13 million head of cattle and calves on feed this June 1, a decrease of three percent from 1987.

"Consumers will see little price change because there will be less beef produced the last half of this year," Davis said.

"Beef supplies represent a national market, and total beef supplies are down. Even though numbers and placements in June were there due to early marketings as a result of the widespread drought, this will not likely reflect a decrease in costs at the meat counter," Davis said.

"We are looking at still smaller

beef supplies in the future on cow and non-fed steer and heifer slaughter. Thus, consumers likely will see little difference in the retail price structure for beef," said Davis.

"Even though total numbers of cattle on feed nationally were the highest in ten years, part of this activity was due to increased marketing of cattle from drought-stricken ranges over the U.S. Many of these cattle would not normally have been placed on the market until August or September," Davis said.

In addition, Davis said that large numbers of fed cattle were marketed in May, a 14 percent higher level than a year ago and the most for May since 1972.

"These marketings kept feedlots current and minimized price discounting of unwanted over-finished cattle. But supplies of feeder cattle overall are dwindling rapidly and may send cattle feeders scrambling for feeder supplies this fall," Davis said.

It is possible, Davis said, that the highest price for feeder cattle will occur counter-seasonal this fall.

Hustling Around Hobbs

by Joy Walker

Well it's raining again and we really got a good shower early Monday morning; our gauge shows almost 1 1/2 inches and it's still raining, and the forecast is for more rain, so we might get some more. West of Hobbs I think we got almost two inches, and everything is sure wet and the fields really need some good hot sunshine on them.

Jim Ratliff and Trese and Tracy Thompson from Abilene visited with the James Ratliffs over the weekend. Trese stayed here and will be visiting with his grandparents for the week, so they are going to be busy and will enjoy having him.

We heard from Buddy Burnett on Sunday and he reports that his

eye is doing very well, and the Doctor was pleased with how it is coming along. He is in Midland and they had measured over five inches of rain there.

Our preacher, Bro. P.A. Mit-cham from Anson, is in the Veterans Hospital at Big Spring. He went there for a check-up and got sick while he was there and they thought it was a heart at-tack, but it proved otherwise and he is okay and he hopes to come home Monday.

Mr. and Mrs. Clarence Ander-son went to Wayne and Becky Andersons in Clovis, New Mex-ico, on Monday the 4th, and they stayed with them until Thursday. They sure enjoyed the trip and

were pleased to be able to visit with their son and his family. Patrick and Nicole Odom from Abernathy were at church on Sunday; they are here visiting with their grand-parents, Mr. and Mrs. Topsy Guinn. Mrs. Robbie (Guinn) Odom and little son, Brian, came for church on Sunday also.

Laura Hess, daughter of Bruce and Sherry Hess, of Marshall, Missouri was also at church Sun-day; she is here visiting with her grandparents, Mr. and Mrs. James Nettleton.

Wayne Boydston from Mes-quite is here spending a week with Frank and Mary Boydston. His wife and mother-in-law brought him here Saturday, and his parents are really pleased to see him and he seems to be getting along really well after his surgery.

Mrs. Lealon Wilburn and Mrs. J.W. Etheredge met in Abilene on Saturday with Mrs. Jim Wilburn, Shannon and Courtney and Mrs. Mike Wilburn, Justin and Aman-da, and they all spent the day together. Mr. and Mrs. David Etheredge and Dustin from Levelland visited with the J.W. Etheredges over the weekend. Randy, Vicky and Cody Etheredge also visited. Mrs. Lealon Wilburn was also there. The David Etheredges visited with Mr. and Mrs. Sam Etheredge while they were here.

Neal Lee from Snyder visited with Mrs. Bea Hardin one day last week; he is Bea's nephew. Opal Phillips and Louise Lemons visited with Bea on Friday. Morris Hardin from Lubbock spent all day Sunday with his mother.

Jim is feeling much better and seems to be getting stronger, although he still coughs a lot. We went to the AJRA rodeo at Rotan on Saturday night, and really en-joyed it. The weather was real cool, and we saw lots of old friends. We heard from Melody on Saturday and she had just had a real good run Friday night at Ver-nal, Utah; was placing 2nd right behind perennial winner, Char-mayne James, so she was real pleased with Dandy's run. Said she had been placing at every rodeo, and they were going to Nephi, Utah, Saturday night and then I think they're going to leave early Sunday morning for home and I think Melody is ready. She is sure homesick for Texas, and is even looking forward to the hot weather. Said it was hot during the day but gets down to 40 degrees every night and they were using their down filled jackets. They had been to South Dakota, Wyoming, Montana, Nebraska, and Utah so have seen lots of country and done lots of travelling. Mrs. Opal Phillips reports one and three-tenths in-ches of rain on Sunday and said it

was still raining there when she called Monday. Opal went to lunch on Sunday with Mr. and Mrs. C.J. Thornton.

Congratulations to Mark and Anitra Anderle who are the proud parents of another boy, who was born on Sunday at Fisher County Hospital. This is Mark and Anitra's 5th boy, so they will sure have lots to keep them busy. They

live in Midlothian but came back here for the baby to be born. Anitra is the former Anitra Hyer, daughter of Mr. and Mrs. Gary Hyer.

Well that's about it for this week; it just keeps on raining and we may get a flood before it's all over. Wish we could get some hot sunshine on the cotton this week. See you next Thursday.

Sheriff's Posse Playday Is Set For Friday Night

The Fisher County Sheriff Posse is hosting a Playday Fri-day, July 15th. Books will open at 6:30 p.m. and begin competition at 7:30 p.m. There will be five age groups consisting of: 6 & under, 7-9, 10-13, 14-17, & 18 & over. The event will also be held but will change at each playday.

An entry fee of \$2.00 will be charged per entry per event. A 1st place trophy will be given and ribbons thereafter. Three other playdays have been scheduled to follow. The dates are July 29th, August 12, & 28.

Hope to see all local kids come and take advantage of this and have a good time. Also ask that local parents and other spectators come and support these kids.

The children that are 6 and under but do not ride are invited to bring their stick horses and compete in the stick horse race and boot race.

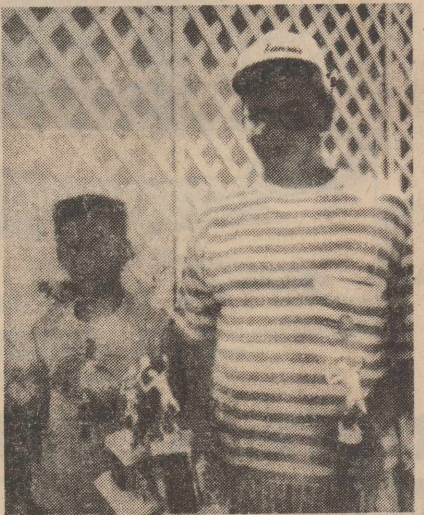

The Fisher County Sheriff Posse took 1st place out of 7 riding clubs at the Stamford

Cowboy Reunion and Rodeo on June 29th. The Posse won their placing on their performance into the parade.

The 1st place trophy is on display at H.L. Davis & Co., for anyone wishing to see it.

An invitation has been received and accepted from Snyder for the Posse to come and participate in their parade and rodeo on July 23rd.

All of the local support and cheering on from local and county folks has been deeply and greatly appreciated.

Kashaun Morris and Nick Dickson, both of Roby, display First Place Doubles trophies won recently in regional Tennis Tournaments at Denver City, Rotan, and Knox City. O'Brian.

SPOUSES - GET INVOLVED

I highly recommend that spouses who haven't already done so learn everything possible about their family's financial affairs. Know the whereabouts and the significance of all important papers. Learn why certain insurance policies were purchased and whether they are still adequate.

For those of you married to a business or professional person, learn the framework of the business or office operation. You should understand the general filing system of the business and know the whereabouts of the general ledger, the banking records, the corporate record book (if appropriate), and special business agreements. You should understand any buy-sell agreements between partners and any lease commitments on equipment or real estate. You should know the whereabouts of all real estate deeds and mortgage or buy-sell agreements. Take the opportunity to sit in on meetings with your spouse, his or her business associates, and professional advisors.

In your spouse's absence, you may be called on to run the business, at least temporarily, or you may be involved in negotiations for the sale of the business. The more you know about all aspects of the business, the better equipped you are to make decisions.

At least once a year, take time to review all the family assets and liabilities with your spouse. During this session review all the backup documents. This annual session is for all spouses regardless of the nature of your business or field of employment.

If you haven't done so already, start an annual financial review with your spouse. I'm sure you will find it informative; you may even find it interesting.

News From Down South

by Bertha Warren

Hello from down south. The Dunns had their reunion Friday, Saturday and Sunday at the Claytonville/Capitola Community Center. They certainly had a large crowd. One hundred and two registered. They had a lot of friends to drop by to visit and they had so much food and everyone enjoyed the weekend and plans were made for the 1989 reunion.

Congratulations are in order for Carrie McCain. She won third place in the 4th of July ice cream making contest in Rising Star. Her prize winning ice cream was peanut butter flavored altho she said her favorite flavor is plain vanilla. Eighty eight year old Carrie is spending a few days with a daughter Jean and Don Bryant.

Mable Warren, Bill, Lita and Tabitha Jones along with Nita Hendrix, Dave and Kathy Hendrix and three children and Bob Hendrix and his two boys all went to the Carlsbad Caverns Tuesday. She said they sure did enjoy the day. Elmer and Bessie Jones are

doing very well and were getting peaches ready to put up.

George Ogden of Brownwood came to Ed and Ollie's Tuesday and mowed all the yard and got everything looking so nice. They sure were happy that they came down and took care of that for them. He returned home Wednesday. Saturday Ed and Ollie went to Grandbury to visit Tommy and Darlene Warren. They also visited with grandson Marty and Joyce in their new home. They returned home Monday.

Happy Birthday Tachi Warren on the 18th of July.

E.M. and Mary Etta O'Donald attended the O'Donald reunion at Cobb Park in Abilene Sunday. About 50 registered. Granddaughters Kerrie O'Donald and Amanda Stinnett spent a couple of days with them then Don came down and they all went to the reunion and the girls went back home with Don.

Joyce Noles went to the hospital Thursday in Abilene and was able to return home Monday. She is weak but hopefully she will

get her strength back soon.

Two more snake bites reported in the Sweetwater area and another one in the Rotan area. I don't remember so many getting bit in one season before. I was pulling weeds in the back yard and all I could think of was snakes so I decided what the mower couldn't get could just grow, couldn't even bribe the dogs or cats to walk in front of me.

A cousin Johnny Ratliff and his son John spent Friday night with us. They were on their way to Odessa. John will be leaving for Italy and he wanted to visit his grandmother Edna Ratliff and his uncle Lloyd Ratliff before leaving. Burt and Ilene Hale's grandson David Rembert got his leg hurt on the job last week. We hope he is better by now.

Helen and Lowell Thornburg have their grandson James Allen Carter of Hearford spending a few days with them. Visiting over the weekend were Barbara Scrinner and Guinn and Eddie Thomson and son Tyler all of Snyder.

The quilting club met at the Claytonville Community Center Thursday and those attending were Ruth Elaine Bange, Susan Stroman, Erna Lee Jones, Helen Thornburg, May Rogers and Eugena Rogers also Wanda Justiss, Sis Holiday, Trina Neeper, Morene Bowen, Tommy Armstrong, Pearl Dooley, Agnis Bunn and Lucy Vines. Lucy will host the next quilting.

That's all for this week. Call and let us know what's going on in your world.

Brides Are Reminded To Change Name At Social Security

Brides who will be using their husband's name, along with anyone else who has had a recent name change, should contact the Abilene Social Security office to arrange to have their name changed in Social Security records and to apply for a new Social Security card showing their new name, Glyn Hammons, Social Security manager in Abilene, said recently.

There is no charge for this service, it's free, Hammons said. Although the name may be changed, the Social Security number will remain the same.

Unless the bride plans to use her maiden name after marriage, Social Security records should be changed so that earnings are correctly reported to the right record.

Evidence of identity showing both the person's old and new names will be required. Only original documents or copies certified by the issuing agency are acceptable. Uncertified photocopies are not acceptable.

It will take about two weeks after acceptable evidence has been submitted to get the new Social Security card. It will show the person's new name, but the original Social Security number.

More information about applying for a Social Security card can be obtained at the Abilene Social Security office, located at 142 S. Pioneer. The telephone number is 698-1360.
