Q. Is it true the Mitchell County Hospital board of directors is contemplating building a new hospital?

A. Ray Mason, hospital administrator, said the directors of the Mitchell County Hospital Board have been looking into the need and necessity for remodeling a portion of the hospital. The question arose as to whether the remodeling would correct the needs of the hospital or if that money should be put into a new facility. As for a decision being made to do anything or not, there has been none; but, the board has to continually look into the possibilities of making sure our health facilities are adequate for the needs of our citizens and can maintain the health care standards of today and those standards of care which are expected.

117 seniors will be graduated

Celebration event slated Friday night

Project Celebration, the drug-free and alcohol-free graduation party for students, will get underway Friday night following graduation ceremonies at Colorado High School.

The official party-time is from 9 p.m.-4 a.m. at the county ag barns. The gate will close at 11 p.m. and there will be no entry after that time, say organizers. Anyone who leaves will not be re-admitted to the party. Participants will sign in at the gate and have their hands stamped. Parents will be notified if students leave before 4 a.m.

Anyone who shows signs of drug or alcohol abuse will be denied entry to the grounds, or if on the grounds, will be told to leave. On-duty policemen will handle all disciplinary measures.

Door prizes will be drawn every hour for all participants from CHS, beginning at 10 p.m. sharp. Guests are not eligible for

Commissioners OK improvements at County Barns

Mitchell County Commissioners Court held a special meeting Monday morning to handle some electrical needs at the County Ag Barns.

Karen Holman appeared before the Court, requesting installation of 220-volt electrical outlets in the kitchen area of the Ag Barns, and that the service was needed before Friday night's Project Celebration event.

She indicated that much of the needed material had been either offered at cost or donated by Lovell Electric, Higginbotham Lumber, Colorado Pump, Mitchell County Utilities and TU Electric, amounting to a couple of hundred dollars, but not enough to cover all the costs.

The Court agreed to pay the balance of the cost of the project, and adjourned after the brief meeting.

The Court was scheduled to convene again Wednesday, May 25, in a special meeting to pay current bills.

Council discusses ordinance updating

Although no action was taken at a special meeting Tuesday evening, the Colorado City Council discussed the possible need to strengthen, update and/or enforce several City Ordinances.

After the jury trial in Municipal Court last week when a violator was found guilty but fined only \$25 for not having a plumbing permit, City Manager Brenda Hammond indicated that the Plumbing, Electrical and Building Code Ordinance needed to be

more stringent on violations. At present time the fine level is from \$1 to no more than \$100. It was recommended that the fine be increased to not less than \$100 nor more than \$1,000 for violations of the Code or failing to obtain a proper permit. "Enforcement of the plumbing code is necessary to prevent contamination of the water supply," Hammond said.

The Council agreed and directed the City Attorney to See COUNCIL, page 2

Nursing home standards eyed by hospital board

Marsha Rickard, administrator of Valley Fair Lodge, the Mitchell County Hospital District-owned nursing home, told the board of directors Tuesday night not to be surprised if some changes have to be made in the nursing home.

Mrs. Rickard said she attended a workshop recently in Odessa which explained the new rules and regulations approved by the Texas Department of Health, the licensing agency.

She said the nursing home is due to be surveyed sometime in June but doesn't now how strict the surveyors will adhere to the new set of regulations.

"I'm surprised at the amount of changes made in the regulations," said Mrs. Rickard at Tuesday night's board meeting.

Some of the changes may involve the Texas Department of Human Services and could mean that intermediate care licensed nursing homes such as Valley Fair Lodge will be phased out by 1990 and all nursing homes will have to provide skilled service.

She said training for nurse's aides may be increased and required to be completed before starting to work.

Room size is also another con-

Local clubs to hear humorist

A professional entertainer, turned public relationist, will be the special speaker for the luncheon meeting of the Noon Lions Club Friday, June 10.

Members of the Kiwanis Club and Rotary Club have been invited to join the Lions to hear Bob Jett, now serving in a public relations capacity with a Dallas utility company.

Jett, a native of Mobile, Alabama, has been involved in the entertainment business since 1955, when he organized a quartet to sing in clubs in Japan while serving there with the Air Force. Since that time he has worked as a radio disk jockey and newscaster, a sportscaster, an actor and in PR work.

Jett has lived in Dallas since 1960 and during that time has worked for WRR, WFAA and the Texas State Network. He also acted as producer and host of the "Brunch at the Bronze M" radio show in Fort Worth.

He is active in the Barbershop Music Society and performs regularly with the Dallas based Vocal Majority Chorus. He holds a Bachelor of Arts Degree in Speech and Communications from Birmingham-Southern College.

Playhouse to plan next production

The Colorado City Playhouse will hold auditions for its next production Monday and Tuesday, May 30-31, 7 p.m.

The production will be one of two mysteries, either *The Butler Did It* or *Hide and Seek*.

The production is scheduled for performance in early or mid-August. Director is David Shelton, music minister at the First Baptist Church and choir teacher at Colorado Middle and High schools.

"I'm going to have tryouts for both plays and do the one that has the best match-up of actors to characters," Shelton said.

Senior citizen vote favors Downing, Ray

Senior citizens in Mitchell County went to the polls in Colorado City and Loraine Tuesday voting in favor of Delbert Downing of Snyder and Jerome Ray of Comanche for Silver-haired Legislators.

Downing, unopposed as representative of District 3 received 46 votes in Colorado City and 97 votes in Loraine.

Two candidates were in the running for At-Large positions. Ray received 40 votes at Colorado City and 101 in Loraine. His opponent, Gordon Wood of Brownwood received 13 votes here and only 1 at Loraine.

There were 59 votes cast at Wallace Center here and 102 at the Senior Center Building in Loraine.

Beef Checkoff approved 98-11

Mitchell County beef producers approved the Beef Check-off Referendum by a vote of 98 for to 11 against.

The 111 local producers voted in the nationwide referendum on Tuesday, May 10.

The ballots were counted and tabulated by the personnel of the Mitchell County ASCS office here, Tuesday morning, May 24.

Results of the nationwide voting, probably will not be known for several days.

The referendum proposition was whether or not to continue collecting \$1 per head sold for research and promotion of beef products.

FROM THE SCRIPTURES—"Better is the poor that walketh in his integrity, than he that is perverted in his lips." Proverbs 19:1

Some time back we ran a list of excuses given to insurance companies, that pushed a few laugh buttons. In a recent Ann Landers column, someone contributed these "honest-to-goodness" excerpts from letters written to a public assistance office, seeking financial aid:

"Dear Sir: You asked me to forward my marriage certificate and birth certificate of my six children. I had seven but one died and was baptized on the half sheet of paper here."

"This is to let you know that Mrs. Jones has not had any clothes for a year and has been visited by her minister regularly."

"I cannot get sick pay. I have six children. Can you tell me why?"

"Please find out for certain if my husband is dead. The man I am now living with can't eat or do anything until he finds out."

"I am very annoyed to find that you have branded my son as illiterate. This is a lie. I was married to his father a week before he was born."

"I am forwarding my marriage certificate and my three children, one of which was a mistake as you can see."

Gene Dow

"My husband got his project cut off two weeks ago and I haven't had any relief since then."

"You changed my little boy to a girl. Will this make any difference?"

"In accordance with your instructions, I have given birth to twins in the enclosed envelope."

"I have got to have my money as quick as I can get it. I have been in bed with the doctor for two weeks and he doesn't do me any good."

THE LONE WOLF SAYS, "Some times a man gets a reputation for wisdom simply because he doesn't have enough money to make a fool of himself."

DID YOU KNOW? This is the 175th anniversary of the first newspaper published in Texas. Editor and publisher was Jose Alvarez de Toledo, a 34-year-old Cuban who arrived in Texas in 1813, bringing along the first printing press seen in Texas. Toledo's *El Mejicano* was a bilingual newspaper. It made its first appearance in Nacogdoches sometime in May 1813. No copies of *El Mejicano* have ever been found, and some historians claim that it never existed. They say that the *Texas Republican* which first appeared on August 14, 1819, was the first recognized newspaper. It also was published in Nacogdoches, and copies of it still exist. There's no doubt, however, that Toledo had a press. It was captured August 18, 1813 by a Spanish royalist commander, who took the press to Monterrey. There it became the first printing press in northern Mexico.

Council From Page 1

draw up the ordinance changes for approval of the council.

Several items were discussed involving the Zoning Ordinance. The City Manager reported that a request had been made to change the zoning of a block in the area of 9th and Hickory Street. The area was previously changed from single family residential zone to commercial. Now it is being asked to be returned to single family residential. Again, the City Attorney will be asked to look into the requirements of making the change.

Also, there is evidence that more and more small businesses are being opened and operated in homes in residential areas and complaints are being received. Many if not all of these operations are in violation of the zoning codes. Although realizing that some of the operations may not be distracting to other residents, enforcement of the Zoning ordinance was urged and possible remedies would be discussed further at the regular June meeting.

Numerous complaints are also being received about large trucks parking on city streets. The trucks are often noisy and left running all night, some have bad odor, block views, and result in street damage. At present time, there is no ordinance against such truck parking. Councilman Rex Thacker said he hoped some solution might be found or a possible alternative to a blanket restriction. The Council agreed to study the

problem and see what remedies might be found.

In the Committee reports, Councilman Tom Carlock reported that the capital improvements committee had met again and had just about completed its 5-year plan and would be submitting it to the Council soon;

Don Webb reported that the Handicap Committee was still checking into the required regulations about access to city facilities by the handicapped;

Hammond urged the Council to attend a meeting Wednesday morning to be conducted by Richard Sambrano of the U. S. Department of Justice on "The Use of Force".

At the conclusion of the meeting, Councilman Dan Johns presented a plaque in recognition of his service on the City Council the past year. Johns, whose term is expiring, did not seek reelection, is moving to the Dallas area and will be leaving this weekend. Johns said, he didn't know what to expect when first coming on the Council, "I came in with little experience but an open mind. I learned a lot and enjoyed working with the Council" which he praised as being totally dedicated to working for the good of the community.

Mayor Pro Tem Carlock presided at the meeting in the absence of Mayor Jim Baum.

cern, especially with one wing of the nursing home, she said.

In the past, Valley Fair Lodge has always maintained a superior ranking. Mrs. Rickard said that two things "makes us still on top" - higher ratio of staffing and being attached to the hospital.

Mrs. Rickard said she wanted the board to be aware of possible problems before the annual survey is made sometime in June.

No action was taken on her report other than to advertise for bids for new windows for the nursing home.

Hospital administrator Ray Mason said 25 windows need to be replaced because they are so old that they are no longer air tight. The board agreed to advertise for bids for insulated type windows. Mason said the windows could range in price from \$230 to \$320 each installed.

In other business, the board: • administered the oath of office A.K. McCarley and Virgil Stone who were re-elected to the board in April along with Linden Solomon who was absent Tuesday;

• re-elected Preston Morris as board president, Gus Armstrong as vice president and Marion Basham as secretary;

• approved an application of Cardiologists Associates of Lubbock to associate medical staff privileges;

• agreed to advertise for bids for floor covering in the Basham wing, and;

• approved the financial and statistical reports for the hospital and nursing home.

Clarification

In the report of the drowning of a Big Spring youth appearing in the May 22 issue of *The Record*, the youth's companion, identified as Pete Lara, was also from Big Spring. This is not the same Pete Lara who resides in Colorado.

Flurry of police activity past week

Several reports of burglaries, a possible kidnapping, and an assault and resisting arrest case, headed City Police activities the past week.

Last Monday, May 16, Theresa Thompson, 235 E. 11th, reported a verbal assault. After investigation, police have issued a warrant for arrest of the suspect. Also a local man was arrested and charged with DWI, at 12th and Hickory.

Tuesday, May 17, John R. Delorara, 2149 Austin, reported a suspected criminal mischief act which is under investigation.

On Wednesday, May 18, three

offenses were reported. Villa Inn, 2310 Snyder Highway reported a disturbance and police arrested and jailed a man on charge of reckless damage or destruction. A call was received from Trucktown on the 120 bypass reporting a possible kidnapping. Police are investigating. Also at Trucktown a man was picked up for failure to appear warrant. He was fined and released.

Thursday, May 19, Mike Smith reported a burglary of a motor vehicle and the Sonic Drive-In, 2128 Hickory reported a theft. Also Ed Walls reported an electric welder, portable generator and hammer drill taken from his garage at 1665 Watson. These incidents are still being investigated. A man was arrested at 12th and Hickory, and charged with DWLS, and a woman was picked up on a Howard County warrant and charged with issuing a bad check.

Saturday, May 21, police arrested a local man who was charged with resisting arrest, assault and disorderly conduct. Two burglaries were reported, one by Frank Rocha that fishing rods and reels were taken from a garage at 408 E. 16th, and another vehicle incident by Mariano Salaza, 1002 Vine. Both are being investigated.

Sunday, May 22, a man was arrested at 9th and Walnut and charged with possession of marijuana and also for city warrants. One man was arrested at 1209 Westpoint and charged with DWI and his companion was charged with public intoxication and traffic violations. The same day, a man was arrested at 6th and Pine and charged with making alcohol available to a minor and traffic violations.

Monday, May 23, A. E. Spann, 1617 Locust reported a theft of four fishing rods and reels out of a boat, and finally on Tuesday, a man was taken into custody on city warrant, paid his fine and was released.

Three wrecks investigated

Three traffic mishaps were investigated by Colorado City Police Department the past week, with light to medium damage, but no serious injuries.

Last Monday, May 16, there was a collision about 3:25 p.m. in the 700 block of Oak Street. A 1979 Datsun pickup driven by Bobby Woodson Kimmell of Hermleigh and a 1977 Pontiac, 2-door driven by Gesusita Badillo Silva of Colorado were both traveling north. The Silva car had to stop suddenly to avoid another vehicle and was hit in the rear by the pickup.

Sunday, May 22, at 5:50 p.m. a 1981 Chevrolet pickup, driven by Jimmy Michael Vickers of Floydada, was northbound on the 208 bypass. A 1980 Ford pickup driven by Richard Perkins of Colorado City was eastbound on 17th Street. The two vehicles collided at the intersection.

Monday, May 23 at 1:54 a.m. a 1982 Mercury sedan, driven by Sharon Snowden Connell of Colorado, backed out of a parking space at the JEM Store parking lot, 2200 block of Hickory, and hit the side of a 1979 Chevrolet pickup, owned by Dennis Lee Boatwright of Midland, which was parked along side.

Summer recreational, educational program set

Plans are now underway for a summer recreational and educational program at the Wallace Center for Community Education. Sessions will begin June 6 and continue until July 28 (eight weeks), for four days a week, 8 a.m.-noon.

The program is for Mitchell County children who have been in kindergarten through fifth grades during the 1987-88 school year.

The program will be limited to the first 50 children enrolled. A special fee of \$25 will be charged to cover costs of field trips, swimming and refreshments. Drop-ins will be accepted with a fee of \$2 for each day, with one day's notice.

Directors for the summer program are Susan Farrar and Kim Merket. Activities will include reading and math games, crafts, field trips, movies, Texas history, recreation and swimming.

The program is aimed at encouraging children to work together through fun and enrichment activities.

For more information, contact the Wallace Community Education Center at 728-2392.

Wallace Center course

Bookkeeping math for business set

A special emphasis on math and bookkeeping will be taught in conjunction with the regular GED studies at the Wallace Center.

The class is offered on Wednesday and Thursday of each week from 9 a.m.-noon. There is no fee for the class.

The sessions will include decimals, fractions, equivalents, percents, weights and measures, with application to practical problems. Also, checking accounts, interest computations, cash and trade discounts, sales, payroll, time payment plans and

commercial loans.

The class is designed for persons wanting to improve their knowledge of useful math in order to gain employment or upgrade their present skills or position. Instructor is Mrs. Jim Dockrey.

The class is also an excellent opportunity for parents to review their math skills to help children with homework this fall. All books and supplies are furnished.

For more information, call the Wallace Center at 728-2392.

Chamber of Commerce

NOTES

by DAVID JANCA
Manager, Exec. Vice President

Is Your Local Chamber of Commerce Representing You, the Small Business Person, in the Legislative Arena?

The Colorado City Area Chamber of Commerce's goals include expanding the local economy through strong, aggressive economic development (hard ball!), while maintaining supportive efforts for the existing businesses in Mitchell County.

On that note, let's look at what our ties with the Texas Chamber of Commerce and the U.S. Chamber of Commerce have enabled us to accomplish. On the state level, E.L. "Buddy" Langley, vice-chairman for Governmental Affairs, Rex Jennings, president and chief executive officer, and Adolph Janca, vice president for Governmental Affairs, all of the Texas Chamber of Commerce, have developed the "Top Ten Targets" for their lobbying efforts in upcoming legislative sessions. These "Top Ten Targets" were developed from information received from local chambers, like Colorado City's.

The issues to be addressed are: Taxes and Spending, Workers' and Unemployment Compensation, Governmental Regulations, Trucking Rates, Judicial Reform, Tort Reform, Education, Economic Development, Capital Formation and Health Care.

The Texas Chamber of Commerce's governmental affairs group plans to recommend two or three of the issues to the Board of Directors as Priority Targets.

Just in from Richard Leshner, President of the U.S. Chamber of Commerce:

Senator Edward Kennedy wants every business in America to provide health care - with the benefits that he chooses - as a condition of staying in business. Other members of the Congress want you to provide parental leave for employees - meaning that you could be forced to hold your employee's jobs open for many weeks, find and pay temporary replacements, and continue to pay your employee's benefits. Other legislation would tell you how much you must pay each of your employees by defining their "Comparable Worth".

Add the expenses of these mandated benefits proposals to the other employment costs of Social Security, Workers' Compensation and Unemployment Compensation and you could find your business "out of business".

Texas Economy: According to Bob Bullock, a 2.8 percent increase is projected in the gross state product in 1988 after two years of decreases. Oil prices are generally holding steady with prices averaged at \$17.46 a barrel for 1988. The rig count is significantly higher than 1987.

The Board of Directors of the Colorado City Area Chamber of Commerce is concerned about you and your business's survival. Call us here at the Chamber of Commerce office and let us know where you stand on these important issues. Let's get serious about Small Business; it is our lifeblood!

On the local scene - July Fourthfest plans are really looking good! Look for more information on the activities in our next excerpt. Meanwhile, I extend special thanks to the Fourthfest Committee Members: Rex Thackerson, chairman; Mary Lou Costabile, 5K and 1 mile Fun Run; Tandy Curlee, musical entertainment; First National Bank, hamburger supper; Alan Ramage, retail promotion; Tony Turner, entertainment activities; Pete Parham, entertainment activities; Colleen Palmer, duplicate bridge tournament; B&PW Club, parade for AJRA and Fourthfest; Gary Parker and Connie Penland, food booths; David and Teri Janca, win, lose or draw tournament; Jeremy Strain and FFA, frisbee golf tournament.

Movers and Shakers for the month of May are Fleeta Lewis, Robert G. Alford and Larry Cook.

Story with a Moral

"A business person was hunting in a forest. A terrible storm came up. He looked for shelter, but there was none. It was raining in torrents, so he crawled into a hollow log, which fit snugly. The rain lasted for hours and soaked through the wood. The log began to contract. The storm abated and the man tried to get out but couldn't. The log held him tight. He knew he would die of starvation if he could not free himself. His entire life passed in front of his eyes. Suddenly he remembered that he had not paid his chamber dues. It made him feel so small that he was able to escape with ease. The moral: don't let your chamber dues go until you are in a tight pinch!"

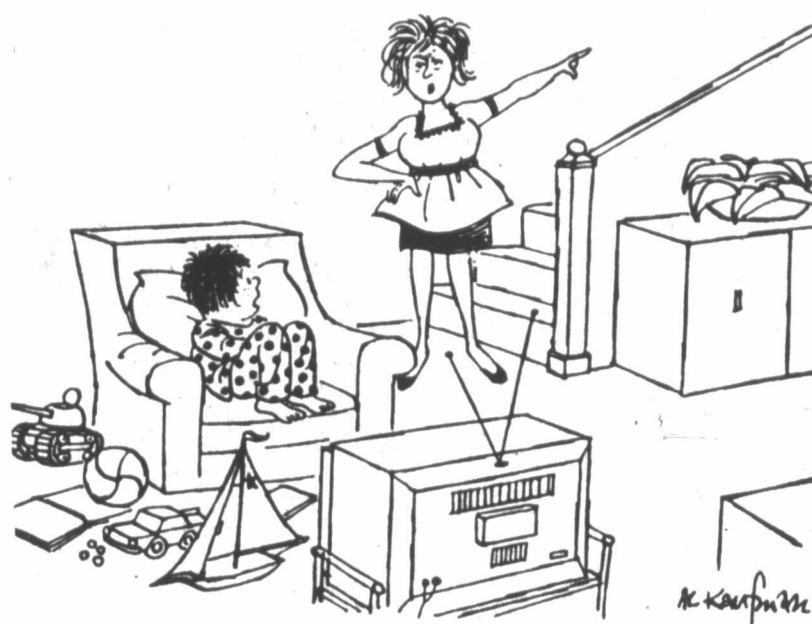

Alzheimer's Disease

What is a Support Group?

Support groups are families, caregivers, friends, and others meeting to share information, give and receive mutual support and exchange coping strategies in relations to caring for people with Alzheimer's Disease and related disorders.

the success of a Support Group is based on the relationship formed beyond the group. It is be-

cause of the hard work that these groups are doing there is any hope at all for this disease and the families afflicted by it. The local Alzheimer's Support Group will meet May 31 and each last Tuesday of the month at 1:30 p.m. in Wallace Center. Any person having a member of the family suffering from the disease is encouraged to attend. Contact Marj Kuleman, 728-8403.

SWTSU head claims 'politics' in firing

AUSTIN—Southwest Texas State University President Robert Hardesty was fired late last week by a 5-4 vote of the Texas State University System regents.

Regents named Michael Abbott, 43, SWTSU executive vice president, as interim president.

Hardesty claims his allegiance and relationship with former Gov. Mark White caused the dismissal, effective June 30. Hardesty said he was accused by regents last November of writing political speeches for White.

A one-paragraph statement was issued quoting board chairman Ruben Escobedo of San Antonio of saying only that Hardesty was fired due to "philosophical differences" with regents.

Of the five regents who voted to dismiss Hardesty, three were appointed by Gov. Bill Clements and two, including Escobedo, were named by White. The terms of the latter two expire next year.

Among White's campaign financial supporters were Hardesty and his wife, Mary, who had been White's press secretary when he was attorney general and was on his staff when he was governor.

Clements Seeks S&L Aid

Gov. Bill Clements went to Washington last week in seek of aid for Texas lenders. While he was there, the feds merged five Texas savings and loan associations in the largest such transaction thus far.

Federal officials also told Texas it ranked second behind Illinois in the site selection process for the lucrative supercollider.

Texas plans to spend \$6.7 million to convince the feds to build the \$5.3 billion project near Waxahachie.

Maverick Bank Account

State Treasurer Ann Richards said the Texas Department of Commerce has deposited more than \$50,000 in a private bank account instead of with the state treasury.

She says it violates a 1987 state law mandating that private donations raised by the agency must be deposited in the treasury.

The agency contends no law is being broken because the donations are to a non-profit foundation, which was established for tax purposes. The funds are used for travel, entertainment and gifts.

STATE CAPITAL

Bullock Gains Ground

Comptroller Bob Bullock gained ground on two fronts last week.

He picked up several endorsements for his plan to remedy school funding inequities, and his active campaign to win the 1990 lieutenant governorship is gaining popular support.

After Bullock's recent speech to a crowd of 1,600 in Midland, one man commented he saw Democrats conversing there who hadn't spoken to one another for years.

Bullock warned rich school districts not to hold out against his plan hoping for a better deal, because it was likely that alternative plans would treat them much worse.

He will likely lobby those districts by saying his plan avoids what rich districts fear: consolidation of districts and loss of local control.

Mountains, Molehills

Is there some astrological reason why candidates who ought to know better are resorting to cheap tricks to get media coverage?

Or is it just another status quo election year?

Railroad commission hopeful Ed Emmett held a news conference to demand that opponent Jim Nugent fire his political consultant for "making personal threats" against Emmett.

The individual in question, Jim Baker, had commented in jest that Emmett had better lock up his oldest child and his wallet because they were coming after him.

Emmett made it into a vicious threat to get media attention, which it did.

So did Nugent's reply that Baker hadn't worked for him since 1980, and that from what he knew of Emmett, his wallet wasn't worth taking.

Poppies Proclamation

WHEREAS: The annual sale of Buddy Poppies by the Veterans of Foreign Wars of the United States has been officially recognized and endorsed by governmental leaders since 1922; and

WHEREAS: VFW Buddy Poppies are assembled by disabled veterans, and the proceeds of this worthy fund-raising campaign are used exclusively for the benefit of disabled and needy veterans, and the widows and orphans of deceased veterans; and

WHEREAS: The basic purpose of the annual sale of Buddy Poppies by the Veterans of Foreign Wars is eloquently reflected in the desire to "Honor the Dead by Helping the Living"; therefore

I, Jim Baum, Mayor of the City of Colorado City, do hereby urge the citizens of this community to recognize the merits of this cause by contributing generously to its support through the purchase of Buddy Poppies on the day set aside for the distribution of these symbols of appreciation for the sacrifices of our honored dead.

I urge all patriotic citizens to wear a Buddy Poppy as mute evidence of our gratitude to the men of this country who have risked their lives in defense of the freedoms which we continue to enjoy as American citizens,

(Signed)

Colorado City AT WORK

BY BRENDA HAMMOND
CITY MANAGER

There is a mean-spirited myth that is perpetuated as unfortunate folklore in America. It goes like this: if you're employed at one of the thousands of city halls across America, the foundation of our democratic heritage, you are either lazy or stupid, or quite possibly both.

A good word needs to be spoken for those good, hard-working, courageous folk at the bottom level of the work force at city hall; the men and women who work just as hard and take just as much pride in their jobs as the rest of the work force of the world.

What makes a man willing to sit behind the wheel of a motor grader, scraper or garbage compactor for 8 hours a day, day in and day out? Certainly not his pay, for it is modest. And most certainly not praise. What keeps him going are a strong work ethic and pride. He likes his job, and unlike some others in our society, he believes his work is IMPORTANT.

What makes a city water crew work in sub-zero weather, standing chest deep in a freezing repair ditch to repair a broken city water pipe so that we can shower in the morning?

And the hardworking women, who are all too often relegated to clerical positions: How much are the good solid jobs they do day in and day out worth? What about the police dispatcher who tries to calm a screaming mother who has panicked about her choking child, and won't give her address? The secretaries who must cope with irate citizens who need someone to vent their wrath on?

We count so much on these people to handle emergencies, like rescuing heart attack victims and putting out fires, and to do undesirable work such as cleaning animal cage pens, opening clogged sewer lines, and making next-of-kin calls for traffic fatalities. Yet why do we perpetuate the myth that they are second class? One needs to ask "What would we do without them?"

City workers are neither lazy or stupid. They are the same as the rest of the world, susceptible to pressures, motivations, and whatever else affects the behavior of all working people. But most of all, like the rest of us, they are good people who work hard.

Still, the question remains: "Why can't the public give these people their due?" Is it ignorance, stereotyping, callousness, or some combination thereof? Is it bitterness, or simply a feeling that by virtue of paying taxes we "own" a cop or street maintenance worker? I don't believe it is any of this. My theory is that it is the myth. America is a country of people with high ideals that support the idea that front-line workers at city hall are people who work hard. I hope the critics of city workers will stop and count their blessings. They do exist.

Mitchell County

Farm Dispatch FROM YOUR COUNTY ASCS OFFICE

NONGRAZING DATE - ACR-CU

All livestock must now be removed from ACR (set-aside) and CU acres for payment. They must be kept off for a 5-month period. (May 1 through Sept. 30). Remember, NO haying or grazing during this period.

The COC filed a formal request to get permission to hay and graze during this five month period, but we have been notified that we were turned down on the Washington level on the grounds that "there is no evidence of the occurrence of a natural disaster in 1988 causing a current shortage of hay."

FAILED ACRES

If you decide not to harvest your small grain acreage because of a disaster, you must remember to file an ASCS-574. These acres will be deleted from your harvested acres. Not following these regulations could affect future bases.

1988 FINAL PLANTING DATE

Final planting date for cotton and grain sorghum is June 20, 1988. This does not mean you cannot plant after this date, but if you are prevented from planting by this date come to the office and file an ASCS-574, this could protect your bases if circumstances prevent you from planting.

1988 CERTIFICATION

When you finish planting, and have your crop like you want them, you may make an appointment to certify. Final date is July 15.

1987 COTTON LOANS

May 31, 1988 is the last date to place 1987 cotton in the loan program.

PREVENTED PLANTING DISASTER PAYMENTS

Producers of 1984 or 1985 crops of wheat, feed grains (corn, sorghum, barley, and oats), cotton, and rice who participated in Commodity Credit Corporation (CCC) Price Support and Production Adjustment Programs may be eligible to apply for preventive planting disaster payments. Such producers must file an application and supporting documentation with CCC by June 30. Applications may be obtained at the county ASCS office.

Payments will be made to those eligible producers who were prevented from planting wheat, feed grains, cotton, and rice or other nonconserving crops on any portion of the acreage intended for wheat, feed grains, cotton, or rice because of drought, flood, or other natural disaster or other conditions beyond the control of the producer.

CONSERVATION RESERVE PROGRAM (CRP)

Mitchell County can place 49,250 acres in the CRP program. At this time we have 159 contracts with a total of 30,265 acres. 61% of eligible land has been placed in this program. The seventh sign-up will be July 18, 1988 through August 5, 1988. Keep this date in mind if you are considering this program.

1988 FINAL ADVANCE PAYMENT

Sometime around the middle or last of May you will be receiving your final advance payment for the 1988 crop you plan to plant. This payment will be in the form of CCC-6 (Generic Certificates). Please cash these certificates before the expiration date stamped on the certificate, failure to do so will result in a loss of 5 to 50 percent, depending on the amount of time that has lapsed. This payment will be made only to those persons requesting an advance payment.

HOLIDAY

ASCS office will be closed Monday, May 30, 1988 in observance of Memorial Day.

Thank you for your courteous attitude and assistance in signing-up in the 1988 Farm Program. Without your support we would not have had as smooth an operation in completing this work timely.

The appointment method worked well and we commend you for your spirit of cooperation. This allowed us to finish this phase of work and move on to other things.

A pinewood derby race, bicycle rodeo and skits program highlighted the 1988 Annual Scout-a-Roma for Cub Scouts Pack 2 held Friday and Saturday, May 13-14, at the Hughes Aquatic Center at Lake Colorado City.

The winners in the six and seven-year-old division (Tiger Cub/Bobcat) were first place gold medal winner Jacob Rayburn, son of Mr. and Mrs. Gary Rayburn;

second place silver medal winner Jamie Alvarez, son of Mr. and Mrs. Marcello Alvarez; and third place bronze medal winner Kyle Hammond, son of Barbara Hammond and Jerry Hammond.

Winners in the eight-year-old division (Wolf) were first place gold medal winner Kevin Chambers, son of Mr. and Mrs. Richard Chambers; second place silver medal winner Larry Garrett, son of Mr. and Mrs. Bill Garrett; and

third place bronze medal winner Adam Wood, son of Mr. and Mrs. Don Wood.

Winners in the 10 and 11-year-old division (Webelos) were first place gold medal winner Zane Graham, son of Mr. and Mrs. Ken Graham; second place silver medal winner Cade Hammond, son of Barbara Hammond and Jerry Hammond; and third place bronze medal winner Cory Carlock, son of Mr. and Mrs. Tom

Carlock.

Overall winner was Zane Graham whose car finished ahead of the first place winners in the two other divisions.

Judge for the event was Roy Lee Beach.

Winners of personal pan pizzas, courtesy of Pizza Hut, were Zane Graham, Most Patriotic Car; Lynn Boyd, Most Bizzare Car; Steven Hill, Most Original Car; and Most Unique Car, Jonathan

Sims. Kyle Chambers, honorable mention, received a free video courtesy of Show Place Video.

Libbi Garnett judged the cars' appearance.

Others participating in the Pinewood Derby were:

6 and 7 year olds - Adam Myers, Chris Bolin, Brian Beights, Richie Culpepper, Clay Eades, Coleder Redwine, Glen Girvin and Cade Pharis. Tiger

'Project Celebration Day' proclaimed

Colorado City Mayor Pro-Tem Tom Carlock has signed a proclamation declaring Friday, May 27, as "Project Celebration Day" in Colorado City in observance of the drug-free and alcohol-free graduation party for high school students.

The proclamation reads:
"WHEREAS, the Colorado High School senior class of 1988 has exhibited exemplary achievements, and

"WHEREAS, this graduating class of young citizens proclaims its desire for a drug-free and alcohol-free graduation celebration, and

"WHEREAS, these same students have unselfishly given their time and talents in representing their school and their city, and

"WHEREAS, the Colorado High School class of 1988 is a credit to the community and a highly

favorable reflection on their families and teachers, and

"WHEREAS, these citizens are concerned, knowledgeable and responsible citizens, and

"WHEREAS, the City of Colorado City shows admirable support to the seniors of 1988, and

"WHEREAS, the citizens of Colorado City have indicated a desire to join with the City of Colorado City in expressing appreciation and approval of the graduating class of 1988 and its celebration.

"THEREFORE, I, Mayor Pro-Tem Tom Carlock, hereby proclaim Friday, May 27, 1988 as "Project Celebration Day" in Colorado City, Texas. By this action let it be known that we have faith in the ability of today's youth as they assume responsible roles in the future of mankind. I urge all citizens to wholeheartedly join in this observance of "Project Celebration".

LEE YBARRA of the Tigers begins his swing during T-Ball action at Ruddick Park Saturday morning.

Jarvis Christian accepts Woods

All Ken Woods needs this summer is to become a little taller.

Woods says a few inches added to his height would increase his playing time at Jarvis Christian College.

Woods, a Colorado High School senior and son of Mr. and Mrs. David Woods, was recently accepted to become a student at the Hawkins, Texas school and also signed a letter of intent to play basketball at the school located some 15 miles north of Tyler.

"The coach (Ira People) says I have about a sixty percent chance of playing," said Woods Tuesday. "I'll probably be a guard for now unless I grow and work this summer. I might be a power forward."

Woods was a four year basketball letterman for the Wolves and led Colorado City in scoring and rebounding the last two seasons. He averaged 13 points a game this past season.

Woods played for Colorado City's last playoff as a freshman and received All-District recognition his junior and senior seasons.

Woods said he is going to the Hawkins school "mainly because nobody wanted me here."

A more serious reason is that Jarvis Christian College ranks 7th academically among the nations' predominantly black schools.

"Dad knows the coach," said Woods. Ken's father David Woods, English teacher at CHS, played for coach People at Bishop College.

Jarvis Christian College competes in NAIA athletics. "They finished at 25-7," said Woods, "and third in the conference last year."

"It's real small for a four year school," said Woods. "They only have about six hundred students."

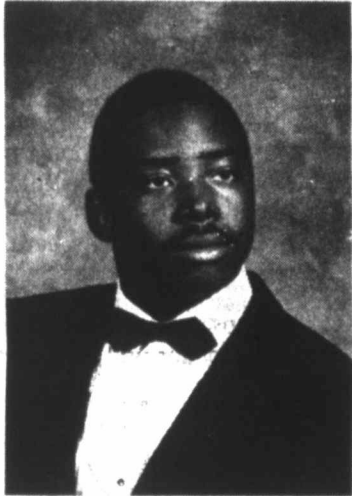

Woods said Jarvis Athletic Director Dr. Charles L. Jackson, who also serves as assistant basketball coach, also influenced his decision to attend the school. Woods visited the campus and spoke to the coaches.

"It wasn't really a tryout," said Woods. "I just shot a few baskets and we talked about what I did in high school. They told me to try to concentrate on my grades and

boost them up, try to stay in shape, shoot around, stay busy and try to grow a little bit."

Woods will be leaving soon to attend summer school at Jarvis. Woods, an Honor Roll graduate with a 3.6 grade point average, plans to study Business Administration.

"I've always had an interest in opening up my own business or managing a business chain or something."

Chiropractic for Health

Doctor of Chiropractic

THE WORLD ON YOUR SHOULDERS

Arm and shoulder pain can have a number of causes, the large percentage of cases, however, are caused by misalignment of one or more spinal bones (vertebras), improper posture, spinal curvatures, occupational stress, or injury to the spine. Any of these conditions may cause irritation or impingement of the nerves supplying the arms shoulder and neck. The degree of pain does not necessarily indicate the degree of seriousness of the problem, whether the problem is serious or not the pain can be quite debilitating. The help of a chiropractor should be sought as soon as a pain is felt in the arms or shoulders.

Arm and shoulder pain does not always mean trouble where the pain is felt.

Pain is a signal...a symptom. Chiropractic understands this and strives to deal directly with the source of the problem rather than merely eliminating the symptoms temporarily. For the chiropractic exam that will address the source of your problem and offer, the opportunity to relieve such discomfort you are invited to call Dr. Hondo Whitmire, WHITMIRE CHIROPRACTIC CENTER, 2112 Hickory St., Colorado City, Texas.

Loraine Personals

...by Lois Phillips

School is almost out so I guess I should say "Thank you" to several people who helped me gather the news from the hill.

Superintendent Glenn Sanders; Doug Foshee, high school principal; Miss Johnson our band director and Mr. Foshee's secretary, Sara Barrera, were all helpful and really cooperated in a beautiful way.

I know I was a pest at times when they were busy. Thanks to you Susan. I'll tell you more about Susan later.

Mr. and Mrs. Loyd Wiggins attended the funeral for Bill Summers in Dimmitt last Monday. Mr. Summers, who is a cousin of Allie Ruth Wiggins, was killed in a car accident in Lubbock on Saturday.

Aaron Stoker of Coahoma visited Tony Snyder last week.

Linda Rhoades and Doris Williamson of Colorado City visited in the Tony Snyder home last Thursday.

Opal and Ervell Coles from Iran met their Loraine relatives at Chester Hart's home in Colorado City on Monday. They all went out to eat and enjoyed their meal. Those going from Loraine were Syble Walker a sister of Opal, another sister Juanice Butler and a brother and his wife, Homer and Gladys Hart. This group always enjoys themselves.

Tony and Bertha Faye's granddaughter, Toni Jan Brown is coming to visit with them for a couple of weeks. Miss Brown is from Lafayette, Louisiana.

Mr. and Mrs. L. B. Elliott of Colorado City were in Loraine Sunday afternoon visiting her sister, Mrs. Clara Butler.

Truitt Butler from Houston spent a few days last week with his mother, Mrs. Clara Butler who has been quite ill, but is much better now.

While Truitt visited his mother, his wife was in Sweetwater attending to her sick mother, I hope she is better by now.

The Loraine Lions Club met last Tuesday for a regular meeting and luncheon.

Bobby Lemons from Colorado City spoke to them using "Old farm programs". Reports are that he did a good job and the men enjoyed him speaking.

George Martin is this year's president and Woodrow Pratt is program chairman. About 25 men attended.

We, of the First Baptist Church, let Oak Street borrow our pastor this week to direct the music for their revival. We know you have enjoyed him because he is a good singer (brag).

Kim Compton came home from her visit to Korea a couple of weeks ago. Last week, she was in Loraine visiting her parents, Shep and Sally Compton and her grandmother, Mrs. Lynn Compton.

Billie Ruth and George Abernathy of Christoval were in Loraine recently attending to business and visiting. Billie Ruth

and three of her daughters and her grandchildren for the weekend.

No sons-in-law were allowed and I don't know why, poor George he was the only adult male factor to protect all those girls.

The girls are Judy from Snyder, Karen from Midland and Gwen from San Angelo.

Loretta was not able to come for this event. Several Loraine friends dropped by to visit. Bet old George really enjoyed that weekend, but maybe he'll come back, just teasing.

Tonya Gail Troutt, daughter of Mr. and Mrs. Virgil Troutt of Loraine, finished the 1988 spring semester at Texas Tech University with a 4.0 grade point average. This average qualifies Tonya for the President's List. Tonya will be entering her third year at Texas Tech University this fall as a secondary education major. Her teaching field is English.

Congratulations, Tonya, you make us proud. Best luck to you in the future.

Vic and Jeannie Goodwin of Cortez, Colorado spent from Sunday until Wednesday of last week visiting in Loraine with long time friends Gus and Iva Armstrong.

Herms host annual fish fry

Mr. and Mrs. Edgar Herm of Ackerly hosted their annual fish fry for Mrs. Herm's relatives at their home May 19.

Those attending from Loraine were Eldie Bryant, Lillie Faulkenberry, Juanice Wilkinson, Effie Wheeler, Jimmie Jacks and Mr. and Mrs. Lester Richburg.

Also attending were Mr. and Mrs. J. C. Richburg from Tuscola, Mr. and Mrs. O. W. Richburg from Hermleigh and the Virgil Richburgs from Sweetwater.

The Herms are real fishermen, usually catching in excess of 1,000 pounds of fish during their fishing trips, which lasts about three-four weeks each year.

Applications being accepted for TSTI nursing program

SWEETWATER - Applications for the next class of vocational nursing students are now being accepted by Texas State Technical Institute - Sweetwater, according to Charla Cain, program chairman.

She said that even though the next class will not actually start until the first week in September, it is now time to apply for admission and to arrange for a personal interview.

Cain said that anyone interested is encouraged to make a campus visit to see the program, as well as related areas such as housing and financial aid. Day care facilities are also available on a limited basis for dependents of qualifying students, particularly the single parent.

In reviewing the one-year program, Cain said that new students will be in a very active classroom setting for the first 12 weeks of training, with qualifying exams being given at that time prior to the student being capped as a student vocational nurse. After the initial 12 weeks, the students start the one-a-day clinicals that expand to four days a week at the end of the 52-week training period. Eleven students who complete the formal training and clinicals successfully will be eligible to sit for the state board of Vocational Nursing Examiners. Upon successful completion of the "boards", the student then becomes a Licensed Vocational Nurse (LVN).

Anyone needing further information should contact Cain at 235-8441 or 1-800-592-TSTI.

Awards presented to students

The Loraine awards banquet was held May 20 in the Loraine Cafeteria at 7 p.m.

The awards were presented by the teachers.

Billy Joe Woods presented all the seniors with Nacona jackets. The school and the seniors wish to say "thank you" to Mr. Woods.

Extension brunch is hosted

The North Loraine Extension Homemakers enjoyed a brunch in the home of Mrs. Billie Shroeder beginning at 9:30 a.m. Thursday, May 19. Mrs. Shroeder was assisted by Veida Gage and Darlene Hamrick.

This variation from a regular homemakers meeting proved to be a treat.

During the business time, the roll call was answered with a year book suggestion. Veida Gage brought the recreation. Blondie Hamilton gave the council report. Her report concerned an all day workshop at the C. C. Thompson Room on June 16 to work on crafts to be sent to the state meeting in Abilene.

A brown bag lunch will be sufficient for the day. Council meeting will follow at 2 p.m. in the C. C. Thompson Room. Discussion was brought up regarding the trip to Stanton. The club will be furnishing cookies for the county wide "no alcohol-no drug party" for the high school students May 27.

Food preservation and canning program will be conducted at the C. C. Thompson Room on June 14. Pressure cooker will be tested at that time.

Those present for this meeting were Bessie Ann Vaughn, Darlene Hamrick, Eva Wells, Nina Meadows, Ruth Holman, Blondie Hamilton, Veida Gage and Billie Shroeder.

REPLACE YOUR OLD AIR CONDITIONER WITH THE HOTTEST THING IN HEATING AND COOLING:

It's the "hottest" thing because it's so versatile and energy efficient. The heat pump not only cools the home in summer, it also heats it in the winter.

Plus, a heat pump costs less to operate than any other heating system. Even a gas furnace. And that means lower energy bills for you each month.

Ask your dealer about the all-in-one comfort center: the amazing heat pump. Or if you're looking for a new home, look for an Energy Action home with a heat pump.

TO ALL INTERESTED PERSONS AND PARTIES
You are hereby notified of the opportunity for written public comment concerning the Construction Permit Application No. C-18784 by Mobil Exploration & Producing U.S. Inc. as Agent for Mobil Producing Texas & New Mexico Inc., to add a 1MM BTU/hr. burner to a heater tank at their Mary Foster Tank Battery in Mitchell County, Texas. The site is in the southwest corner of Section 8, Block 29, T-1-S, T&P RR Co. Survey, Mitchell County, Texas. This is approximately 2.5 miles east, southeast of Coahoma, Texas. This facility proposes to emit the following air contaminants: Particulate Matter, Volatile Organic Compounds, Nitrogen Oxides, Sulfur Dioxide & Hydrogen Sulfide. Before a permit can be issued for this facility, all emission sources must demonstrate compliance with all Rules and Regulations of the Texas Air Control Board and all applicable Federal Regulations. This includes the application of "best available control technology" to each emission source and compliance with all ambient air quality standards.

A copy of all materials submitted by the applicant is available for public inspection at the Texas Air Control Board, Abilene Regional Office at Commerce Plaza Office Building, 1290 South Willis, Suite 205, telephone (915) 698-9674 and at the Texas Air Control Board, 6330 Highway 290 East, Austin, Texas 78723. All interested persons may inspect these materials and submit written comments to the Executive Director of the Texas Air Control Board. Any person who may be affected by emissions of air contaminants from the proposed facility may request a contested case hearing from the Board on the Construction Permit Application, pursuant to section 3.271(c) of the Texas Clean Air Act. All comments and hearing requests must be received in writing by June 28, 1988. All written comments submitted to the Executive Director shall be considered in determining whether to issue or not issue the permit. All comments will be made available for public inspection at the Texas Air Control Board office in Austin.

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT
Signon Inc., Gail Rt., Box 51, Big Spring, TX has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Seven Rivers, W. T. Scott (10807 RRC No.), well number 24. The proposed injection well is located 15 miles southwest of Coahoma, Texas in the Howard-Glasscock Field, in Mitchell County. Fluid will be injected into strata in the subsurface depth interval from 1290 to 1320 feet.

TEXAS BUSINESS TODAY

Dear Commissioner Nabers:

I am so angry! We must do something about the Workers' Compensation problem in Texas. Businesses cannot survive with the rate we are being forced to pay.

Where do we start? I am currently operating with no coverage and I know how dangerous that is. Please give me some direction!

F.S.

Midland

Dear F.S.:

There is a state committee currently working on the problem. They need to hear from you.

In my travels around the state I am hearing the same plea from employers everywhere. I cannot stress enough the importance of your contacting this committee.

The Joint Select Committee on Workers' Compensation Insurance is co-chaired by Senator Bob Glasgow and Representative Richard Smith. Members from the Senate are: Kent Caperton, Cyndi Krier, John Montford, and Frank Tejeda. Members from the House are Rick Perry, David Cain, Robert Earley and Alex Moreno.

The Joint Select Committee can be reached at 512/463-0814 or Room 224, John Reagan Building, Austin, Texas 78701. You may write any of the members at that address. You might want to also correspond with the Ex officio employer representatives on the Committee:

Rodger Ellis
McDonald's Restaurants
3000 W. Cedar
Beaumont, Texas 77702

Jim Sultan

Houston, Texas 77062

Additionally, you may write directly to State Representatives at:

P.O. Box 2910
Austin, Texas 78769

And to State Senators at:
Box 12068
Austin, Texas 78711.

The Joint Select Committee members are interested in your input and now is the time to provide it.

Ms. Nabers represents 336,000 employers throughout Texas. If you have any questions you want answered, please write Commissioner Nabers at: Texas Business Today, 614 Texas Employment Commission Building, 15th and Congress, Austin, Texas 78778.

Keep everyone talking with a simple addition.

An additional phone line.

It happens in the best of families. Competition for the phone can quickly turn into a major battle. If you've been struggling with this problem in your house, here's a way to preserve the peace and keep everybody talking. An additional phone line from Southwestern Bell Telephone.

An additional line is a great way to improve family communication. That extra line and number can cut down on family phone feuds. And that keeps everyone talking—on the phone and to one another.

Want to keep communication in your family from becoming strained? All it takes is a simple addition. To find out how simple—and inexpensive—an additional line can be, just call our business office. You'll find it's one addition that'll have the whole family talking.

Computer BBS established here

Morgan Creek Computing of Colorado City has available free personal computer telecommunications services for local area PC users.

Owner and PC consultant Mark Stingley has announced that his company started running a computer bulletin board service (BBS) on Wednesday, May 11. Stingley hopes that many personal computer users will take advantage of the BBS, which will feature programs, technical tips, bulletin, and message areas.

For those not familiar, a BBS is a computer equipped with a telephone modem and the necessary software to allow other computer users (who also have a modem) to dial in and connect with the BBS computer. Once the user is connected with the system, it is possible to read messages left by other users, send or receive software, or post messages of their own. The brand or type of computer owned by the user does not matter as long as it is equipped with a compatible modem and "terminal" software.

Stingley says, "a BBS is an extremely useful service to a community. Besides the software and information that are freely available, using the BBS develops computer and telecommunications skills that are necessary in the forefront of the business world."

Stingley stated that the structure of the BBS will allow for individual areas devoted to specific topics. A few of these areas are Flea Market, with free buy, sell or trade ads; PC Compatibles, for IBM PC and clone technical tips and software; West Texas, feelings, desires or criticisms of our local area; and MCC Client, a support service for Morgan Creek Computing clients. Other areas will be added or changed according to the response of the users.

Hours of operation for the BBS are as follows:

Monday through Friday—5 p.m. until 2 a.m.

Saturday and Sunday—8 a.m. until 2 a.m.

Telephone Number: (915) 728-5769

Modem settings: 300/1200 or 2400 baud, 8 bit word, no parity, 1 stop bit (8/N/1).

Personal computer owners who already have a modem probably have the telecommunications software that is necessary to use the BBS. Stingley also said he sells a wide variety of modems for those PC owners who don't have one already.

For more information about the BBS or telecommunications, call or write Mark Stingley, Morgan Creek Computing, P. O. Box 308, Colorado City, Texas 79512, (915) 728-5769.

Albert announces for Senate seat

Republican Bobby Albert, 35, of Wichita Falls has officially announced that he is a candidate for the State Senate of District 30, which includes Mitchell County.

Albert kicked off his campaign for the August 13 special election in front of his Wichita Falls moving and storage business before embarking on a week long campaign swing to Denison, Abilene and Snyder, Baird, Floyd, Ada, Vernon, Graham, Gainesville, Montague and Sherman.

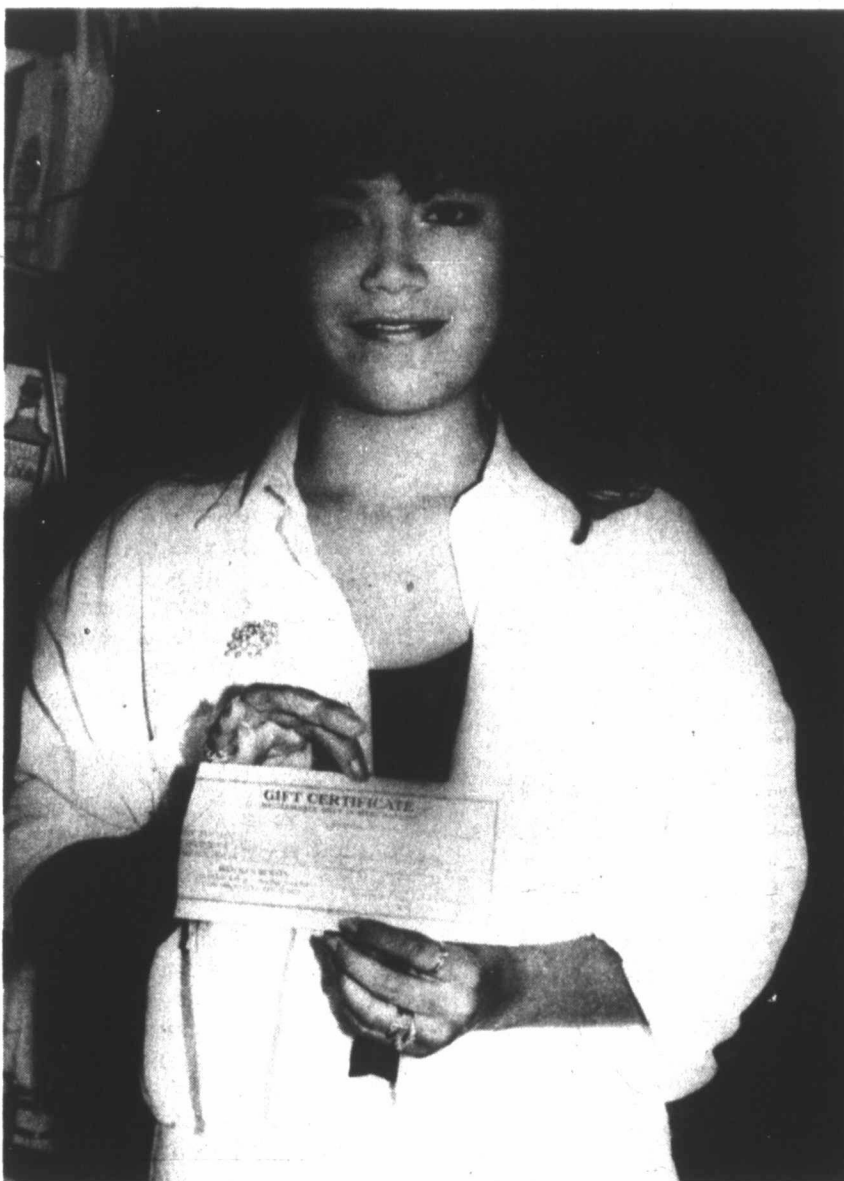

Born and raised in Wichita Falls, Albert cited his successful business background and 14 years of diverse community leadership as some of the valuable qualities that have helped prepare him to serve in the State Senate.

Albert blamed his three Democratic opponents, Rep. Steve Carriker, Rep. Charles Finnell and Austin lobbyist Helen Farabee for being part of the problem of "more government, more spending and more taxes. If they're all part of the problem... how can they be part of the solution."

He proposed to offer "new, vigorous, creative, conservative leadership" to help restore fiscal restraint, fiscal conservatism and fiscal sanity to state government. Albert pledged to sponsor a constitutional amendment to ban a state income tax and legislation that would limit the size of the state bureaucracy.

state bureaucracy.

He also voiced his strong support for local control of our schools, job opportunities, and tougher penalties for drug pushers. He also proposed establishing an innovative working partnership with all elected state and local officials in the 30th district called "Team 30" to ensure North and West Texas gets its fair share from Austin.

BOOT WINNER - Josie Hayley of Colorado City holds the gift certificate for a pair of Justin calf roper boots from Wood's Boots she won. The boots were given away at the conclusion of the recent softball tournament hosted by the Mitchell County Law Enforcement Association.

Body control class with water exercise

New body control classes are set to begin June 6 with Joanne Sanderson as instructor.

The classes will meet three nights per week - Monday, Tuesday and Thursday - at the administration gym, 5:45-6:45 p.m. and Monday and Thursday nights at the Ruddick Park swimming pool at 7-8 p.m. The cost will be \$30 for all three nights plus \$12 pool fee or two nights for \$25 plus \$12 pool fee. (\$1 per night at pool) Classes will run for six weeks.

A \$3 late fee will be charged for payment after first class night. Pre-registration is required

through the Wallace Center before the classes begin. There will be an additional fee for both gym and water exercises.

All classes will involve a series of exercises set to a variety of music that emphasize weight loss, muscle tone and cardiovascular fitness. The workout will include

Feed bought for wildlife now exempt from sales tax

State Comptroller Bob Bullock said Thursday that sales tax will no longer be charged on feed normally eaten by farm and ranch animals that is also used to feed Texas game animals.

"It doesn't make sense to tax feed that farmers and ranchers used to support the native wildlife population when other farm animals get to eat the same stuff tax-free," Bullock said.

Bullock said removal of the sales tax on hay, corn, oats and other feeds that can be eaten by deer, turkey and other wild animals will promote progressive wildlife and conservation practices.

Bullock said Texas farmers and ranchers who lease hunting acreage will benefit by being able to provide supplemental feed during drought conditions or when animal habitats have been reduced.

Land owners will find it easier to buy feed under the proposed rule, since they will no longer have to declare the type and location of the animal eating the feed.

"We've had some confusing situations because of the current rule - for example, corn bought to feed deer is taxable, but corn bought to feed cows isn't," Bullock said.

Feed for domestic farm

animals and work animals will remain exempt from the state sales tax, but feed bought for pets such as cats and dogs is still taxable, he said.

Celebration is scheduled

A Juneteenth Celebration, sponsored by the C-City Ebony Society will be held at the old Wallace Center on Front Street.

Activities will get underway with a parade at 10 a.m. followed by lunch at noon.

The lunch will cost \$3.50 for adults and \$2.50 for children and will include barbecue brisket, sausage and goat, potato salad, beans, bread, dessert and soda or tea.

Anyone wanting to participate may phone 728-3232 or 728-5552 for more information.
