

BLANTON AGAIN IS STORM CENTER

MISSING MEXICAN FLIER SPENDS LAST NIGHT ON RANCH

MOVES OF MOODY AND LYNCH DAVIDSON ARE AWAITED TODAY

"That's gold in these here prairies."

A fact to remember: There were 550 farms in Gray county in 1920, and the recent census gave a total of 695.

These figures illustrate the agricultural status of the county. Oil development has boosted city and county population, but not on the farms. It is doubtful if there would have been fewer farmers in the county had oil not been discovered. The general prosperity based on oil activities, the farm revenue, one of our most important "staples," and its welfare is important to the entire county.

Congratulations are due Roberts county folks who Saturday voted \$300,000 in road bonds. Roberts has a small population and her valuations are small. Most of her people live in and around Miami. But her folk are gifted with foresight and faith—they voted the bonds by an 8 to 1 majority.

Roberts county's bond issue was as large, according to her valuations as the one contemplated for three precincts of Gray county. Indications are that the present residents of Roberts will pay the bulk of the cost. Of course the rest of us will help in Gray, but we will have the assistance of oil and the state and federal governments.

Those who are inclined to be skeptical about voting bonds in Gray county should not stop thinking and figuring. IF WE ARE EVER GOING TO VOTE BONDS, NOW IS THE TIME TO DO SO. By voting the bonds now we can pay them out during the life of the oil valuations. No other plan, it seems to us, is logical. It is a business proposition.

Minor differences are to be expected in planning any road paving bond issue intended to be comprehensive. The thing to do is to keep on figuring and planning. We have in Gray county a good road problem of great magnitude. Let's solve it while the time is ripe.

The Pampa hopes many local residents read with favor the proposal yesterday of The News for a dahls show. We believe this would be possible and interesting, and, if successful, it would be the beginning of an annual event of much value. The suggestions contained in the Flower raising is a fine thing, and The News wishes to encourage it for what it will mean to the individuals and to Pampa.

TWINKLES

Suggestion to modern Walter Raleighs: While we do not have mud puddles—very often over which to pilot merrily, a pocket shoe-shining device might serve the purpose on dusty days.

Jake-leg, contrary to the opinion of Dumb Dea, is not a new kind of steak.

Evidently Sherman pointed the way to bigger, better, and hotter lynchings.

Many folks take their talent for

Dollar Day Specials Arriving

Much new merchandise has already been received by Pampa merchants for Dollar Day Thursday. Stock is being arranged in the stores now for a big business on that day. Prices are being cut down on hundreds of items that are needed in every home every day.

Not alone are the dry goods merchants co-operating in the big bargain feast but other lines of business are also offering Dollar Specials at the lowest prices ever offered.

Out-of-town people are especially invited to Pampa Thursday when the biggest savings of the year will be available. Watch for the advertisements in the Daily News Wednesday night and the "Dollar Day" signs in the windows.

TODAY LAST TO FILE FOR HIGH OFFICE

Serious Strife For Party Seen in "Extremes"

FERGUSON AND LOVE INVOLVED

Small Will Fly to El Paso to Make Address

DALLAS, June 2. (AP)—Political interests of Texas were focused today on the expected moves of Governor Dan Moody and of Lynch Davidson of Houston, former lieutenant governor, in either accepting or declining the actions of citizens in filing their names as Democratic gubernatorial candidates. Today was the last day allowed candidates to file their names for places on the ballot.

The governor had said he "would not like to run against my friend Ross Sterling," after Sterling, Moody's appointee as chairman of the state highway commission, announced his candidacy as Houston. Sterling's application to Albert Sidney Johnson, secretary of the Democratic state executive committee, for a place on the primary ballot, was in the mails.

Eight other candidates, besides Moody, Sterling, and Davidson, had filed their applications, and more than half a dozen others had until midnight tonight to apply formally for places on the ballot.

Those already filed were Earle B. Mayfield, Austin; Dr. C. E. Walker, Grapevine; Frank Putnam, Houston; Barry Miller, Dallas; Clint Small, Wellington; Mrs. Miriam A. Ferguson, Austin; James Young, Kaufman; and Thomas B. Love, Dallas.

In the midst of the confusion, with an unprecedented number of gubernatorial candidates in the field T. Whit Davidson of Dallas, former lieutenant governor, issued a statement yesterday declaring he would not be a candidate for governor and predicting that "every additional entry increases the danger of defeat for the Democratic party in Texas."

He cited "two extremes entered in the Democratic primary," saying "Mr. Love admits that he will not support either of the Fergusons; they and their following would be less than human if they do not return the compliment."

Davidson foresaw that "in the second primary, the voters must of necessity choose between Mrs. Ferguson and Senator Love. If Mrs. Ferguson is elected, she will be granted, but the public, seeing so little of it, think otherwise."

Lubbock promises a minimum of ballyhoo for the 1931 W. T. C. C. convention. It will take a lot of ballyhoo to get that idea across.

If we gave as much attention to adding two inches to our apples, watermelons, and steaks as the naval experts do to increasing the size of our cruiser guns by the same figure, the world would be better off.

P. G. OMOHUNDRO DEAD—PIONEER SURVEYOR

News has been received here of the death in Beaumont Friday afternoon of Phillip Grymes Omohundro, pioneer surveyor and engineer. He was 67 years old, and had been ill some time.

Mr. Omohundro was well known here, having surveyed, under the direction of T. D. Hobart, the New York and Texas Land company property which became the White Deer lands. It was he who interested one of his former employes, A. H. Doucette, to come to Gray county.

Mr. Omohundro came to Texas in 1886 and located at Mobeetie. He was appointed Texas state surveyor in 1888, and thereafter was known as a boundary specialist. In 1898 he moved to Beaumont, where he became assistant chief engineer for the Gulf, Beaumont, and Kansas City railroad. Few deeds in this territory do not somewhere contain evidence of his work.

He is survived by his wife and three sons. One son, Phillip S., is a mechanical engineer in Los Angeles, while Edward is with the Humble Oil and Refining company at Beaumont. Roger is a well known musician at Chicago.

Herbert M. Lord Dies Suddenly

WASHINGTON, June 2. (AP)—Herbert M. Lord, former director of the budget, died today.

General Lord had been in bad health since his retirement as director of the budget last year. His son, Major Kenneth P. Lord, had recently visited him, but had returned to Fort Leavenworth a few days ago. His daughter, Mrs. Frank van Rensselaer of Elmira, N. Y., was with him at the end. He died at 8:05 o'clock this morning at his home.

General Lord resigned June 1, 1929, announcing he intended to take a position with the firm of Arthur S. Kleiman company, investment brokers, in New York. Ill health, however, had prevented any extensive participation in business.

President Hoover said he regretted the resignation "intensely" and generously praised his work for the government.

General Lord was a member of the Christian Science church. He succeeded Charles O. Dawes, now ambassador to Great Britain, as director of the budget in 1922.

Claims New Record

LOS ANGELES, June 3. (AP)—Bobby Trout, girl aviator, today believed she had bettered the women's altitude record for cabin monoplane. On landing yesterday after a two hours flight she said her altimeter registered 15,200 feet, which would be 2,000 feet above the cabin monoplane record for women, but 4,000 feet under the men's record. A sealed barograph was carried.

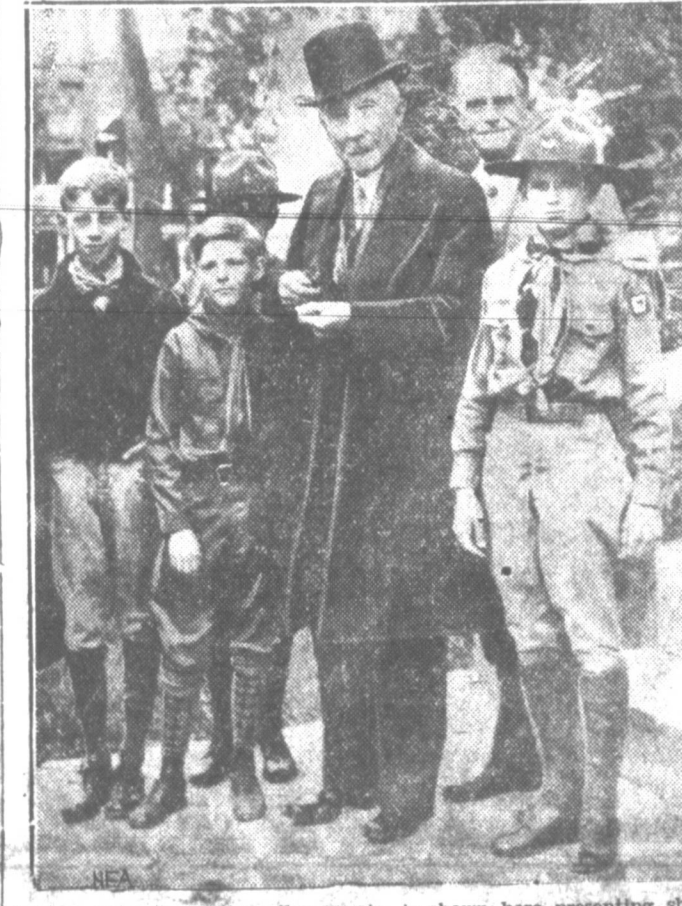

Barnes and Hastings Store Is Burglarized and Loss of \$700 Sustained as "Epidemic" Continues

The epidemic of safe robberies which began three weeks ago at Dilley's bakery on South Cuyler, broke out afresh yesterday when the safe in the Barnes and Hastings grocery store on North Cuyler was broken into and robbed of cash and checks aggregating \$350.

Cash taken amounted to over \$300. The knob of the safe was knocked off in a very neat manner. Total loss was estimated at \$700.

The robbery occurred between the hours of 8 a. m. and 10 p. m. Sunday. One of the proprietors was at the store at 8 o'clock. When he

A GOOD SCOUT!

John D. Rockefeller Jr., oil magnate, is shown here presenting shiny new souvenir dimes to a group of Boy Scouts after attending church with them in Lakewood, N. J. When the boys presented him with a Tenderfoot Scout Badge, Mr. Rockefeller said, "I am a scout now, so I must study up and learn how to be a good one."

MUCH DRILLING UNDER WAY IN BLOCK 3, OF WHICH PAMPA IS IN CENTER—MANY LOCATIONS

A tremendous drilling activity which has developed in the last two months is now underway in block 3, I&GN survey. Most of the locations are west, southwest and south of Pampa, all within a radius of five miles of this city. Pampa is situated directly in the center of block 3. Within a month, derricks have become surprisingly thick south and southwest of Pampa.

Some of the biggest wells of the last two months have been completed in the Combs-Worley pool and in extensions to it, all in block 3. A decided shift in drilling activity from the LeFors and Bowers areas to the immediate vicinity of Pampa has taken place in the last two months. Approximately 60 locations have been made in block 3 in that time.

Locations made last week follow: W. W. Camel No. 4 Harrah, 990 feet from the north line and 330 feet from the east line of section 150, block 3, digging cellar. Cockrell-McIlroy No. 1 Horner, southeast corner of the northeast quarter of section 139, block 3, rig on the ground.

Empire Gas and Fuel company No. 2 Noel, 330 feet from the north and east lines of the southeast quarter of section 151, block 3, building rig. Empire Gas and Fuel company No. 2 Shields, 330 feet from

the north and east lines of the northeast quarter of section 151, block 3, has cellar.

Gulf Production company No. 5 J. M. Saunders, 330 feet from the north and east lines of the southwest quarter of section 40, block 3, has rig up. Humble No. 4 Combs-Worley, 330 feet from the south line and 990 feet from the west line of the north half of the southeast quarter of section 36, block 3, building rig.

Humble Oil and Refining company No. 5 Combs-Worley, 330 feet from the south line and 990 feet from the west line of the north half of the southeast quarter of section 36, block 3, building rig. Jewel Oil company No. 1 Harrah, northwest corner of the west half of the southeast quarter of section 163, block 3, building rig. Texas company No. 8 Combs-Worley, 330 feet from the north line and 990 feet from the east line of the south half of the southeast quarter of section 36, block 3, rigging up a string of tools.

Texas company's No. 9 Combs-Worley, 330 feet from the north and east lines of the southeast quarter of section 151, block 3, building rig. Empire Gas and Fuel company No. 2 Shields, 330 feet from

COL. FIERRO TURNS UP AT SAN ANTONIO

Lands When Fuel Is Thought to Be Too Short

DAMAGES GEAR BUT TAKES OFF

Will Attempt Flight From New York to Mexico

SAN ANTONIO, June 2. (AP)—After spending the night on a ranch about 40 miles southwest of San Antonio, Col. Roberto Fierro, Mexican flier, who will attempt a non-stop flight from New York to Mexico, landed at Winburn field, here, at 11:30 a. m. today.

Fierro left Burbank, Calif., Sunday morning with the intention of flying to Kelly field, where he planned to land Sunday afternoon. He stopped at Lordsburg, N. M., about 11 a. m. Sunday and took off about 45 minutes later for San Antonio.

Flying somewhat north of the direct route, he became doubtful of having enough fuel to complete the flight to San Antonio and landed on the Texas ranch.

A part of the landing gear was damaged in the landing, but the pilot was able to take off without mishap this morning and flew direct to San Antonio.

He will be here at least a day and a half making repairs to his ship and inspecting it before taking off on a continuation of his flight to New York. He is accompanied by his mechanic, Arulfo Cortes.

Blanton Is Back in House Today

WASHINGTON, June 2. (AP)—Thomas L. Blanton of Texas returned today to the House of Representatives.

Re-elected to fill a vacancy caused by death, he again took the seat from which he had withdrawn to try for the senate, after twelve colorful years of service.

Because of a technicality, he had been denied official admission until his certificate of reelection arrived and was filed today.

Mr. and Mrs. T. J. Eldredge returned to Sayre, Okla., yesterday after spending several days with their daughter, Mrs. E. D. Zimmerman, and family. Their grandchildren, Marye and Virginia Charlton, who accompanied them here, returned with them to Sayre.

Mr. and Mrs. J. G. Noel have gone to Durango, Colo., where their daughter, Miss Ruth, underwent an operation for appendicitis Saturday.

Donald Zimmerman and Lewis Fogleman, students in Texas A. & M. college, arrived here yesterday. Mr. Fogleman, formerly a student in Pampa high school, will remain a few days before going to his home in Colony, Kans.

Clarence Bearden of Hollis, Okla., is visiting Mr. and Mrs. B. P. Harris.

WEATHER

OKLAHOMA and TEXAS: Increasing cloudiness tonight and Tuesday. Light to moderate southeasterly winds on the coast.

—AND A SMILE

TULSA, Okla. (AP)—Miss Mary Elizabeth Ford, 16, would rather be a contender for a golf championship than a sweet girl graduate. She is missing high school commencement in Kansas City in order to compete in the Trans-Mississippi women's event. Two brothers, father and mother are golfers of ability.

SEEK STUDIO FOR BROADCAST WORK

Work of installing a remote control line for the radio broadcasting station to be located here has already begun, it was announced today by Sam Fenberg, chairman of the publicity committee of the Board of City Development.

With Jack Porter, business manager of KGRS of Amarillo, Mr. Fenberg today was seeking a suitable location for the local studio, which will be operated two hours or more each week. Beginning of the broadcasting will be possible in five to seven weeks, it was estimated.

T. B. Gish, operator of KGRS, has received formal authority for his power increase, and the new transmitter is being built.

Gambler Is Put To Death—Lethal Gas Is Method

CARSON CITY, Nev. June 2. (AP)—R. H. "Bob" White, Ekko gambler, died today in the lethal gas chamber at Nevada state prison here. He had been convicted on circumstantial evidence of the murder of Louis Levell, another alleged gambler.

White was taken at 4:40 a. m. into the stone chamber he helped build—an air tight room nine feet long by eight feet wide and seven high—and strapped to a chair.

He smiled and nodded to persons peering through a window. There were 53 witnesses, including two women.

Before White's chair stood a two-gallon crockery jar containing a quarter of sulphuric acid and half a gallon of water.

A string extending into the next room was pulled, opening a container dropping nearly a dozen one ounce "eggs" of cyanide of potassium into the acid solution. The deadly gas generated almost instantly.

White nodded again as the gas started to come up from the generator. Then he took a deep breath, as deep as he could inhale. He leaned back easily. At the third breath his head fell back. His arms and body twitched as in a convulsion, then were still.

Three minutes after he entered the death chamber he apparently was dead.

White asked that he be executed in the gas chamber rather than serve a life term in the prison.

"The gas does not frighten me," he said. "Let me take it and get it over with. It will be better for my wife, for if I went to prison she would want to remain here and her life would be wasted. This way she can return to Ireland and in a few years forget me and perhaps be happy."

The condemned man's wife, however, persuaded him to appeal the death sentence.

While waiting for the state supreme court's decision, White spent nearly a year in the prison and assisted in carrying stone from the prison quarry for the construction of the death chamber.

The supreme court ruled that the death sentence must be carried out, and White was notified by the warden, who asked the condemned man whether he had a last wish.

"You might get me a gas mask," the gambler said, laughing.

White did not appear nervous. He shook hands with the warden and the other two men who helped strap him in the chair.

Miss Margaret Skeeter, R. N., Reno, and Miss May E. Kenney, another nurse, Carson City, were the women witnesses. They were admitted at their own request.

Mr. and Mrs. C. Herbert Walker and Judge and Mrs. Clifford Braly visited in Panhandle Sunday night.

Frank A. Lynn of Tulsa is a visitor in Pampa today.

CLANCY HITS TEXAN AGAIN THIS MORNING

Investigation of Late Campaign Is Asked

CHARGES ARE TOLD IN HOUSE

Abilene Man Claims Corruption Now Rampant

WASHINGTON, June 2. (AP)—Within an hour after his return today as a member of the house, Thomas L. Blanton of Texas, famous for his legislative victuals, became once more a storm center.

Sworn in over the protest of Representative Clancy, Republican, Michigan, he sat silent while the house proceeded at once to consider a resolution by Clancy, providing for inquiry into some aspects of the Blanton campaign in Texas.

Finally the resolution was referred, by a vote of 148 to 138, to a committee. On the roll call Blanton voted present.

Clancy told the house that in his campaign advertising the Texas he insulted every member of congress by declaring among other things, that at Washington "waste and extravagance run rampant," and legislative "steals" are perpetrated with impunity.

Representative Clancy, Republican, Michigan, objected that the certificate of election said Blanton was elected a "congressman" and not a "representative."

Clancy also attempted to read a campaign advertisement used by Blanton, but Representative Laguardia, Republican, New York, and Representative Garner, of Texas, the Democratic leader, came to Blanton's defense.

Speaker Longworth put it up to the house itself, and the ayes dropped out the noon.

Clancy later offered a resolution to investigate charges made by Blanton in his political advertising. The Michigan member has declared these charges, in the nature of criticisms of the way public business is done in the house, reflected on every member.

Clancy also assailed Blanton for a telegram printed in the Abilene, Texas, Daily Reporter on May 26, saying Clancy was opposing him because he had "blocked several of his extravagant, wasteful bills."

"That statement is absolutely false," said Clancy. He then charged Blanton had "cast aspersions" on the late R. Q. Lee, whom he succeeds and added that a physician "told the Lee family that Lee would likely be alive today if it were not for attacks upon him by Blanton."

Clancy asserted Blanton had told Lee he would not run against him for congress if Lee would buy his Washington home.

Blanton's campaign was described by Clancy as the "most loathsome campaign ever conducted for congress in the history of the United States."

"He comes here by defamation of you," Clancy told the members, "and always lies. You men of Texas are ashamed of yourselves. You know that he was censored by the house and that he came within six votes of impeachment."

Have Robbery Clue
DALLAS, June 2. (AP)—Investigating officers here today had further clues to follow searching for two bandits who Saturday robbed the Grand Avenue State bank of \$10,400. Two leather brief cases containing currency and coin wrappers from the bank were found yesterday in a creek near Fort Worth by boys swimming.

J. C. Cobb, Arlington, is among today's visitors in Pampa.

It is not the intention of this newspaper to injure any individual, firm or corporation, and corrections will be made, when warranted, as prominently as was the wrongfully published reference or article.

THAT UTILITIES COMMISSION IS LIKELY

If the proposed public utilities commission is created in Texas in the near future, the telephone companies will have had a lot to do with it.

Of all the utilities, the telephone people come nearest to having a monopoly and to taking the "public be damned" policy. The telephone companies have kept their rates high at a time when other similar firms were lowering theirs. There seems a disposition on the part of some utilities, such as light companies, to arbitrate differences with the public and even to make voluntary reductions.

Operated purely on a capital basis, with bulk production cutting cost of the commodity, a big corporation can pass real savings on to the people, who are willing to allow a fair profit. The telephone companies, while being marvelous concerns with respect to technical details and scientific achievement, have never shown any inclination to adjust their rates. At the same time, the salaries paid many of their employes are much below the desirable level.

Telephone companies solicit advertising in each city, but when it comes to printing their directories they send the job to some big city and the local publisher never gets a chance at the work.

When a telephone company is petitioned for better equipment it counters with a request for higher rates.

The proposed public utilities commission would be a step toward getting the d-boiled with the very hard-boiled telephone companies.

WHEN JOBS MAKE JOBS

(Aplene News)

The public and private organizations that are planning on new construction work during the next six months have it in their power to give the nation a very strong boost on the climb back to prosperity.

Offhand, the increase in employment which these projects can provide may not look very impressive. The ultimate effects, however, will be greater than appears on the surface. All departments of our national economic system are tied in together so closely that you cannot improve one without helping to improve all.

Frances Perkins, commissioner of the New York State Department of Labor, makes this clear in a speech recently delivered at a conference of welfare agencies in New York.

"If a million men were put on work on public and private construction projects, let's see what would happen", she remarks.

"Each man would, before very long, buy five pairs of socks, one pair of shoes, one suit of clothes and three shirts. Just think what this would mean to the clothing industry—orders for 5,000,000 pairs of socks, 3,000,000 shirts, a million suits of clothes and a million pairs of shoes.

"And that is only a beginning. The families of these men have been stinting for months, doing without things they have needed for nearly a year. As fast as these million men would be paid they would buy in addition to the essentials of food and clothing for themselves and their families, furniture, radios and perhaps even automobiles. Their children would again buy candy and ice cream."

That makes the proposition clearer. Let these extra construction jobs once start and the business revival will get an immensely important stimulus. Not only will more men be employed; the money that they earn and spend will cause the employment of men in totally unrelated fields.

It seems funny, in a way, that the sum total of national happiness should depend so largely on whether new highways are paved and new buildings are erected, but that is just the situation we are in. Considered as a group, our advance on the pathway toward the better life is to be gauged in terms of so many million pairs of socks and shoes.

There are moments when it appears that the new science of industry—the use of mass production, the maintenance of high wage scales, the strange new economy that calls for the elimination of poverty as a matter of self-interest—may bring us into an era in human affairs incomparably more magnificent than anything ever dreamed of before. That is why the restoration of prosperity is so tremendously important.

Roswell Oil Man in Triple Killing

RUIDOSO, N. M., June 2. (P)—C. R. Farmer, Roswell, N. M., oil man, poisoned his two children, Betty, 7, and Billy, 4, and then took his own life, a coroner's inquest has determined.

Bodies of the trio were found yesterday in the woods of the Ruidoso river district, where Farmer, his wife, and five friends had gone on a week-end fishing trip.

Mrs. Farmer said her husband had been in ill health, having overworked himself while conducting experiments in oil lubrication.

Thursday is Dollar Day in Pampa.

Believe Slaying Is Result of Joke

DENVER, Colo., June 2. (P)—A bridegroom of less than 24 hours, Everett E. Stewart, today was in custody here, while officers investigated the fatal shooting of C. W. Maloney, a friend, believed the victim of a tragic joke.

Stewart fired at Maloney, he said, after his bride screamed that she was being held up. Mr. and Mrs. Stewart both said Maloney had approached them and told the woman to "stick 'em up."

Mrs. Stewart also was arrested, but later released.

Thursday is Dollar Day in Pampa.

Train Kills Youth
FORT WORTH, June 2. (P)—Officials here today sought to establish the identity of a youth who was killed last night, when ground beneath the wheels of a freight train.

An envelope found in the boy's clothing contained an address of Van Horn, Texas. The first name on the envelope was deciphered as "Warrior" by undertakers but the last name had been blotted out by blood, excepting for the first letter, "M."

Paul M. Warburg, internationally known banker, after graduating from a school in Hamburg, Germany, accepted a position with an exporting firm. His duties included sticking labels on stockings and other merchandise.

This is in accordance with the Ford policy of keeping prices at the lowest level consistent with the high standards of quality maintained in all Ford products.

FORD MOTOR COMPANY

HOME RUNS PLENTIFUL ON MANY FIELDS

BY HUGH S. FULERTON, JR.
Associated Press Sports Writer

Various winning and losing streaks ended in yesterday's ten major league baseball games, but the boys continued to drive balls outside the parks.

Twenty-four home runs were hit in the ten games, two less than set in the same number of games May 22. Babe Ruth contributed his 16th homer, and Hack Wilson hit two to equal the Babe's total.

The Boston Red Sox ended the season's longest losing streak, turning on the New York Yankees after 14 successive losses to win 7 to 4.

Ruth did not hit his homer until two were out in the ninth inning, and by that time the game belonged to Boston. The Red Sox completed the first triple play of the American league season.

The Giants put an end to Harry Seibold's great pitching performance of having completed nine straight games as they took a double header from the Boston Braves 9 to 4 and 16 to 3. Seibold started the second game and left in the third inning as the Giants scored 12 runs in one frame.

The Philadelphia Athletics, downing Washington for the fourth time in a row and their eighth straight victory, gave Sad Sam Jones his first defeat of the season after he had won six games. The final count was 9 to 6 with a homer by Williams providing the margin of victory.

Walter Stewart of the St. Louis Browns, possessor of another of the American league's best hurling records, could not check the slugging propensities of the Chicago White Sox to earn his eighth victory and lost, 8 to 5. The Chicago victory helped produce a three-way tie in games for fifth place between these two teams and the Detroit Tigers, defeated 3 to 2 by Cleveland. The Indians, bunting hits off George Uhle to score all their runs in the third inning, moved into third place ahead of the Yankees.

Adolfo Luque of Brooklyn continued to win for the Robins, scoring his fifth straight victory at the expense of the Phillies, 10 to 2. The Robins hit 15 times for 34 bases, five of their blows being homers, and placed themselves three full games ahead of their nearest rivals. Chicago moved into second place, running its winning streak to five straight, by trouncing Pittsburgh 16 to 4.

Good pitching was the important factor as Cincinnati sent St. Louis to third place with a double victory. The Cards got only 15 hits in the two games, losing 5 to 4 and 7

to 1. Jake May and Larry Benton hurled the first game for the Reds and Benny Frey the second. Harry Hellmann did the heavy hitting with six hits, two homers, for a perfect day.

DOTSON AND TIGER MILLS TO WRESTLE

The only two heavyweight wrestlers in this section, Oscar Dotson and Tiger Mills, are due to grapple in the main event Thursday night at the Pla-Mor, according to Jack Rogers, promoter.

The only thing that mars the present prospects is that Dotson, well-known in these parts as a blacksmith, doesn't think so much of Tiger Mills, as a wrestler or otherwise. Tiger, he says, isn't a proper novice on which to demonstrate his elephantine strength and superior technique. Tiger, Oscar says, is a ham wrestler.

Recently, Dotson challenged Clingman, Kopecky and Cal Farley to a match. Said Oscar, "I'll throw you one right after the other, in an hour." Yesterday Dotson declared that he would not try to injure Tiger unless the latter grew too talkative between now and the match. Dotson will weigh 190 by Thursday night while Tiger will weigh 185.

The fans probably will be glad to know that Dan Goffino, the fast widdleweight of Milwaukee, will be back Thursday night. He is scheduled to wrestle Rob Roy in the 30-minute event. Since Goffino threw the Japanese wrestler, Iota Shima, at Amarillo two weeks ago he has been beating everybody. Last Friday night his victim was Claude Holt of New Orleans, who easily won two falls from Rob Roy.

Great Champs in Chicago Meet

CHICAGO, June 2. (AP)—Collegiate champions of the cinder track and the field will run and jump and throw for more new records Friday and Saturday in the National Collegiate Athletic association meet at the University of Chicago.

The meet will be well supplied with talent for the 100-yard dash. George Simpson of Ohio State, holder of Big Ten dashes, Eddie Tolan of Michigan, holder of the world record at 99.5, Claude Bracey of Rice Institute, winner of both sprint events in 1928, Cy Leland of Texas Christian, and Hubert Meier of Iowa State college, who is credited with .994 this year, are on the list. Frank Wyckoff of Southern California, winner of the I. C. A. A. A. century Saturday, is entered but is not a certainty to start.

Mr. and Mrs. W. E. Setts of Spearman visited friends and relatives here Saturday.

Mrs. Moody and Henri Cochet Are Tennis Rulers

AUTEUIL, France, June 2. (AP)—Henri Cochet, the one-time ball boy of Lyons, and Helen Wills Moody of California once more have demonstrated their right to rule the world's singles tennis players.

Cochet, beating back the challenge of America's veteran, Bill Tilden, yesterday won the French International hard court men's singles crown for the third time, 3-6, 8-6, 6-3, 6-1.

A little later, Mrs. Moody won the women's title for the third successive year by defeating Helen Jacobs of Berkeley, Calif. in straight sets with the loss of only three games.

Mrs. Moody won 6-2, 6-1.

Hard Resting Is Jones' Desire Now

LONDON, June 2. (AP)—Bobby Jones, who Saturday won the British amateur golf championship, was in Paris today intent, as he said upon doing "some hard resting" prior to return here and an attempt to take the British open championship the middle of the month. He has won the British open twice.

Meanwhile the British press acclaimed his feat at St. Andrews, and there was no question but that his victory was more popular after his many efforts at the British golf course, than would have been that of any other foreigner. Raise in some of the papers extended even beyond the sporting pages into the editorial columns.

Enraged Bear Kills Elderly Man, Feeder

WATERTOWN, N. Y., June 2. (AP)—An enraged female black bear, whose cubs recently had been taken away from her, killed her feeder, Emerson E. Joyce, 60, at the Japan C. Thompson park zoo here today.

So ferocious was her attack that none at the park dared go to the assistance of Joyce in his death battle. Grove H. Brenon, park superintendent, heard Joyce's cries and the bear's roars and rushed to the cage. When he got there the bear had dragged Joyce's body into an artificial cave that that only his feet were visible.

Police later recovered the body, badly crushed and with the neck broken. The bear weighed 500 pounds.

Mr. and Mrs. Jack Back visited in McLean Sunday.

BARGAIN BILL OFFERINGS OF SUNDAY LIKED

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

In an obvious effort to revive interest in the game and pull the customers through the turnstiles, the Texas league broke out in an epidemic of doubleheaders yesterday. That the move was successful was evidenced by the fact that 3,000 fans turned out to watch the seventh place San Antonio Indians split a program with Houston, and a like number saw the Shreveport Sports take a pair from the basement-dwelling Dallas nine.

The Sports, incidentally, were the only club in the lot to enhance their standing, three of the bargain bills resulting in a draw. The Wichita Spudgers thus enter the eighth week of play with a two-game lead over the field. As none of yesterday's doubleheaders was scheduled, it was understood that all would enjoy a holiday except the Cats and Spudgers at Wichita Falls.

Ability of the league leaders to win without a particularly violent offense again was demonstrated when the Spud came back to take the second game from Fort Worth, 5 to 4, after dropping the opener, 12 to 8. Trailing by one run into the last winning of the night cap, the result of Larry Cox's homer in the previous round, the Oilers punched across two runs on Dick Whitworth after two were out.

Bill Hargrove's clean single to center and Joel Hunt's wild throw in an effort to catch a runner at third provided the San Antonio Indians with a very important run in the last inning of the nightcap and gave them an even break with the Buffs. Both bouts were hummers, the Bisons taking the first, 2 to 1, the Indians the second, 3 to 2.

Poor pitching and continued inability to hold a lead fattened the Dallas Steers' latest losing streak to eight straight as the Sports banged their way to two victories, 11 to 9, and 8 to 2.

Everybody Hits in Estelline Tilt But Visitors Finally Win, 19 to 16

A bat-smashing affair in which everybody hit was finally won by Estelline yesterday in a loosely-played game with the Gulf Guns at the Gulf park. At the end of the ninth inning, the score was 19 to 16.

The Guns got a bad start in the first inning when the Estelline batters jumped on Lefty Coop, raced around the bases seven times and drove the Gun hurler to the benches. It was Coop's first game. Edelen pitched the rest of the game. Estelline smacked out 20 hits while the Guns got 17. The Guns made six errors and Estelline 3.

The potemen of both teams sent 14 safe hits over second base. Old fans declared that this was a record. Sullivan, Gun catcher, slammed the ball for the circuit with the bases full. Frank Horton, 1929 member of the Pampa Grays, now with Estelline, knocked a homer in the first and one in the eighth. Bacus, star basketball forward failed to make much showing as an artist at the great American pastime. His playing was loose enough to sink a ship.

Hickey, Gun shortstop, scooped up sizzlers and straight line hits with precision and beauty until he wore himself out at it. The second basemen and shortstops of both teams were exhausted before the ninth inning rolled around.

The score was tied 16 to 16 at the last of the ninth when the visitors made four runs. Duffy Jones umpired the game satisfactorily. A good crowd filled the bleachers, and cars occupied all the parking space.

The Guns lost to Estelline 9 to 6 at Estelline May 10.

Miss Mae Morehead of Gageby, Texas, was the week-end guest of Miss Myrtle Simmons.

Recent arrivals in Pampa are Alfred Russell, Otto and Floyd Macon, L. D. Olson, and Lendon Watts, all of Paducah, Tex.

Tremendous savings at Pampa's Dollar Day Thursday.

Coltco Machine Beats Magnolia Sunday, 5 to 4

Ample evidence that the Coltco Gasoliners are playing better baseball in every way, was furnished yesterday afternoon at LeFors where on their river bottom diamond they upset the dope and won a close game from the Magnolia Petroleum company club 5 to 4.

At the end of the ninth inning each team had made four runs. The tie was not broken until the

last of the eleventh. The Magnolias made their runs in the second inning. Blankenship, Poy, Burke and Lynam circling the bases. Gasoliners scored two in the third, one in the sixth and one in the eleventh. Ross, Coltco pitcher, struck out seven, six of these in the last two innings. Burke, Magnolia moundman, garnered four strike-outs. Four errors were made by the Coltcoans and three by the Magnolias. The Gasoliners got 12 hits and the Magnolias 7. Batteries were: Magnolia—Burke and Bozeman; Coltco—Ross and Flynt.

By virtue of this victory, the Coltcoans are now demanding another game with the Gulf Guns who defeated them a few weeks ago.

CAMELS are made to smoke

FROM THE DAY the choice leaves of sun-mellowed Turkish and Domestic tobaccos are first selected for Camel Cigarettes, every step in their manufacture is headed toward just one goal—the making of a thoroughly enjoyable smoke.

Pleasure, found at its best in Camels, is the only reason for smoking. That's why Camels make no pretense of being anything but a smoke. Camel is a blend of exquisite smoothness, mild and mellow and marvelously fragrant. Have a Camel!

GIGANTIC 3-DAY USED CAR AUCTION SALE

THURSDAY-FRIDAY-SATURDAY, JUNE 5, 6 7

90 CARS and TRUCKS

Will Be Sold to the Highest Bidder, One At a Time, Regardless of Price

Almost any make of car will be offered at auction. Each car has been numbered on the windshield with a plain white figure. Come in and select your car, try it out, remember the number, and ask to have it offered the day of sale. These cars are now on display at the Pampa Buick Co. We will demonstrate any car to anyone before the sale, Thursday, June 5, 10 a. m., and 2 and 7:30 p. m., Three days only.

COMMENCING THURSDAY, JUNE 5, 10 A. M.

BEGINS PROMPTLY AT 10 a. m., 2 p. m., and 7:30 p. m., rain or shine, 3 days only—Coupes, Sedans, Coaches, Roadsters, Tourings, Trucks, all models, every car accurately described.

© 1930, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Social Calendar

MONDAY
The entire membership of the Pampa Library association and its advisory board is called to meet at 8 o'clock in the parlor adjoining the reading room at the Methodist church. Mrs. B. E. Finley, president, urges a full attendance.

TUESDAY
An all-day meeting of Wayside club will be held at the home of Mrs. William Jackson. Miss Myrtle Miller will give a canning demonstration. All members are asked to bring their year books.

WEDNESDAY
The Women's auxiliary of the Episcopal church will meet at 3 o'clock in Mrs. C. P. Buckler's home. The Women's Missionary society of the Central Baptist church will meet at 2:30 o'clock in the home of Mrs. W. E. Cobb, west of the city. Transportation will be provided those not having a means of going, upon a call to 895-W or 561-J.

THURSDAY
The Ladies Auxiliary of the Carpenters' union will meet at the home of Mrs. Charles Ward Thursday evening at 8 o'clock. Members are urged to bring their husbands.

FRIDAY
Members of the Azar class of the First Baptist Sunday school, together with their husbands, will entertain members of the Bible Cleaners' class and their husbands with a Japanese lawn party at the home of Mr. and Mrs. C. S. Barrett, at 8 o'clock.

THURSDAY
The auxiliary of the Presbyterian church will meet at the church building Wednesday afternoon at 3 o'clock.

Women Golfers in Tulsa Tourney

TULSA, Okla., June 2. (P)—Over the course of the Tulsa Country club the annual tournament of the women's trans-Mississippi Golf association opened today, with a field of nearly 200 players seeking entry into the select group of 32 from which the 1930 champion will be crowned.

The qualifying round, an 18-hole test, will determine not only the 32 low scorers for the championship flight, but the makeup of six additional flights of 16 players each. Pairings for late entrants were made at the starting tee following additional entries yesterday. The names of 171 contestants were listed in the pairings prepared Saturday night.

A new champion will be chosen this year since Mrs. O. S. Hill of Kansas City is not defending the title she won in 1928 and retained in 1929. Mrs. Hill went to England several weeks ago with American women's team selected by Miss Glenna Collett.

If any entrant rules as a favorite to succeed Mrs. Hill's crown, it is Mrs. Dorothy Klotz Pardue of Sioux City, Ia., nationally known star. She declined an invitation to accompany the American women's team to England.

ELKS WIN OVER PAINTERS, 10-5

An Elks team slugged its way to victory over the Pampa Painters yesterday at the Jemco field, 10 to 5.

Batteries for the Elks were Friedman and Tongue, and for the Painters were Mullins and Scarborough. A feature of the game was a home run by Weldon Wilson of the Elks team. Many persons saw the game.

J. L. Noel is constructing a filling station at the corner of Tule and South Cuyler. The station will handle Gulf gasoline and will be similar in design to the Gulf station on Foster street. Cost of the new station is \$4500.

LOCALS

J. W. Caraway, representing the Samuels Shoe company, St. Louis, was a business visitor here yesterday.

A. Seagle, New York City, representing Miller Brothers Hat company, was a visitor here Sunday.

J. Oppenheim of New York City is a Pampa visitor today.

Charles Pickett, of Dallas is a visitor here today.

Thomas F. Bass, of Dallas is among visitors here today.

News of Noelette and Community

Mr. and Mrs. Carson Watt returned early last week from Quanah, where they were called because of the illness and death of Mrs. Porter Sadder, who was a sister of Mr. Watt.

Mr. and Mrs. James Bullock of Pampa are new residents of this community. They are living in a recently completed stucco house on the Noel farm.

Leon Sharpe has returned from a vacation spent in Lubbock and nearby towns.

On Friday, Mr. and Mrs. L. H. Doughty of the Delmar lease left on a business trip to Yale, Okla., and will return in a week.

Mrs. A. S. Donnelly of Tulsa is a guest for the week in the homes of her sons, R. P., Gaul, and Glenn, of this community, and Howard of Boise City. Following her visit here, Mrs. Donnelly will go to Colorado for a further vacation.

Mr. and Mrs. Clyde Cook of Rochester, N. Y., who have been visitors in the home of Mr. and Mrs. George Hooker and family, have purchased a cafe in Pampa and will remain here.

Miss Margaret and Miss Fields of Groom were week-end visitors in the home of their sister, Mrs. W. B. Tinsley.

Floyd Humphries of the I. T. I. O. spent Thursday in Dumas on company business.

On Thursday evening Mr. and Mrs. Howard Donnelly of Boise City entertained with a "family affair" bridge party. All guests were relatives of this community. Following an enjoyable game session, a refreshment plate was served to Mr. and Mrs. George Hooker, Mr. and Mrs. Paul Donnelly, Mr. and Mrs. R. G. Donnelly, and Mr. and Mrs. Clyde Cook.

Mrs. W. E. Davis and daughter, Miss Bernice, were Sunday visitors in the home of Mrs. Milo Bird, another daughter who resides several miles south of Pampa.

Mr. and Mrs. W. A. Hall made a business trip to Panhandle on Friday.

On Friday, Mrs. Henry Lamb of the Skelly plant No. 1 left for a visit with relatives in Clarendon.

Mr. and Mrs. H. R. Campbell of Schafer plant No. 1 have as their guests Mr. and Mrs. L. C. Willinger of Webb City, Okla.

Wayne K. Graves, small son of Mr. and Mrs. G. G. Graves of the Gulf lease, is reported to be ill this week.

On Wednesday, Colleen, little daughter of Mr. and Mrs. Richard Donnelly, suffered a painful injury

to her hand when a very large splinter was lodged across the palm. An anaesthetic was required in removing it.

Mrs. Willis Puckett and daughter, Betty, returned Friday from Anadillo, where treatments had been administered to the little girl because of a serious eye infection. The child is much improved, and it is believed the sight will be saved if no complications arise.

Mr. and Mrs. W. L. Ellis and Curtis Cannon have moved here from San Antonio, where they have been for some time. At present they are visiting in the home of their parents, Mr. and Mrs. T. B. Cannon of the Prairie lease.

Miss Zola Grace Donnelly spent last week-end in the home of Mr. and Mrs. D. W. Decker and family of Panhandle.

Miss Beatrice Martin of Wink is a visitor in the home of her parents, Mr. and Mrs. Frank Martin. Mrs. Joe Randall and Mrs. Ellis High returned Saturday from Drumright, Okla. They were accompanied by their mother, Mrs. Williams.

On Sunday, Mr. and Mrs. Roy Maupin entertained with a 1 o'clock luncheon in honor of Mr. Art Wall, who is severing his connections with the Prairie Oil company and leaving for Shelby, Mont. Mr. Wall is well known in this community, and it is with regret that his friends bid him adieu. Those enjoying the hospitality of Mr. and Mrs. Maupin on this occasion were Mr. Ralph Quinn, Mr. Art Wall, and Mr. Joe Mashado.

Mr. and Mrs. Paul Kaszshke of Pampa visited in the home of Mr. and Mrs. Richard Donnelly early last week. Other visitors in the Donnelly home were Mr. and Mrs. Howard Donnelly of Boise City, who were guests for several days.

Mr. and Mrs. H. B. Campbell and family attended a picnic in Pampa Friday afternoon given by the Presbyterian church. They reported a pleasant evening.

ATTENDED CONVENTION
Postmaster W. A. Crawford returned Saturday from Houston where he attended the Postmasters of Texas convention, May 25-31. Mrs. Crawford and children accompanied Mr. Crawford to Houston and remained in that city to visit at the home of Mr. and Mrs. W. D. Crawford.

Only three state candidates on the Democratic ballot today remained unopposed: S. M. N. Marrs, superintendent of public instruction; J. H. Walker, land office commissioner; and S. Lattimore, judge of the Court of Criminal Appeals.

Jokkie W. Burks, Comanche county citizen and for the last six years employed in state departments, announced yesterday his candidacy for commissioner of the general land office, although his application had not been filed here.

Alvin Moody of Houston, chairman of the Anti-Tammany association of Texas Democrats and leader of the 1928 Democratic group opposing the candidacy of Alfred E. Smith, said Saturday he had decided not to run for lieutenant governor but would serve as campaign manager in the gubernatorial primary contest for state Senator Thomas B. Love of Dallas.

State Senator Clint Small of Wellington, candidate for governor, planned to leave Fort Worth today by plane for El Paso, to put in an intensive week in his campaign, speaking tomorrow in El Paso and continuing through West Texas during the week.

On the other hand, if Thomas B. Love should be the Democratic nominee and all the other 'eighteen' men and women that he refers to as Tammanyized Democracy are eliminated, he has given them license under his freedom of conscience proposal to vote for him or against him, as they see fit. It is needless to say that many of them are going to follow the precedent and example he has set, and Mr. Love will likewise be defeated in the general election.

Davidson further predicted that if the Republicans put forth some outstanding man and "if either Ferguson should be the nominee, the followers of Thomas B. Love will, of course, vote for the Republican—if she is the Democratic standard bearer, then the Democratic party will be defeated.

On the other hand, if Thomas B. Love should be the Democratic nominee and all the other 'eighteen' men and women that he refers to as Tammanyized Democracy are eliminated, he has given them license under his freedom of conscience proposal to vote for him or against him, as they see fit. It is needless to say that many of them are going to follow the precedent and example he has set, and Mr. Love will likewise be defeated in the general election.

Davidson further predicted that if the Republicans put forth some outstanding man and "if either Ferguson should be the nominee, the followers of Thomas B. Love will, of course, vote for the Republican—if she is the Democratic standard bearer, then the Democratic party will be defeated.

Gets Divorce

The "cruel and barbarous" treatment of which the former Elizabeth M. Pelt, above, accused C. Edgerton Warburton, has won her a divorce from the young society man in Philadelphia. He was 21 and she was 17 when they eloped several years ago. He is a son of Major Barclay Warburton, former Mayor of Palm Beach, and a grand son of John Wanamaker, famous merchant.

Thursday is Dollar Day in Pampa.

Jemcos Defeat Magic City Nine Sunday, 9 to 3

The Jemcos of Jones-Everett Machine company gave admirable support to Withers, pitcher, and beat Magic City 9 to 3 at the Wheeler county town.

Not this year have Withers and Maples, catcher, worked so well together. Withers chalked up seven strike-outs and allowed only four hits. The Jemcos jumped on the Magicians and pounded out 11 hits. Bullock and Bowden each made a three-base hit.

Next Sunday, the Jemcos play the Magnolia Petroleum company nine at the Magnolia park. The line-up yesterday: Garfield, 1b; Bowden, 2b; Bullock, 3b; Red Payne, ss; Holt, cf; Hillman, if; Withers and Maples.

Phillips Wins Over Prairie, 8-5

Phillips won a hard-played game yesterday afternoon from the Prairie Oilers 8 to 5. Bating against the wind prevented any hits beyond second. The game was played on the Prairie diamond.

The batteries—Prairie: Billman, McKinley and Michael; Phillips: Wile and Forester. The Oilers got eight hits and Phillips 9.

Next Sunday the Oilers play at Groom and after that date, June 8, they have no games scheduled, but would like to have some.

Howard McKinley, J. T. Morrow, Merle Beavers and Dick Lance were visitors in St. Francis Sunday. George McNally of LeFors was in Pampa Saturday.

In an executive it's Leadership

in a cigarette it's Taste

KNOWING WHAT TO DO—and doing it—that's what carries a man up . . . and a cigarette, too. PUTTING FIRST THINGS FIRST—good taste, uniform quality, aroma, flavor—Chesterfield's popularity is built on knowing what smokers want . . . and giving it unflinchingly. TASTE—THAT'S THE ANSWER and that's what smokers get in Chesterfield in fullest measure—the flavor and aroma of mellow tobaccos, exactly blended and cross-blended, all to a single, satisfying end . . . "TASTE above everything".
