### Lose 6 To 21

## Wolves Drop Fourth

It was a 37-degree chiller that blew in like a dripping icicle fit for neither man or beast.

That should have eliminated everybody in the whereabouts.

But somebody once said something about the show must go on. And, so it did until Brownfield had scored a 21 to 6 District 3-AAA triumph over Colorado High's Wolves.

A few hundred shivering spectators huddled together with blankets, hot coffee containers, hunting caps and thoughts of a warm fire.

Officially, the homecoming game froze any hopes of Coach Truman Nix's Wolfpack of climbing above the 500-mark for this 1970 season.

When the whistle started the action, Brownfield and C-City were tied with 2 wins and 3 defeats each in the middle of 3-AAA race. Going to the dressing rooms, the Wolves were two notches above bottom with 2 wins, 4 losses and the Cubs were at a 3-3 level.

Heading for a championship showdown were Lubbock Estacado and Sweetwater, each with 4 wins blemished only by a tie (Estacado) and one setback (Sweetwater).

Below the Wolves are only Snyder, 1-4, and Lake View, 0-6.

There was nothing fancy about Brownfield's 21-6 victory over the Wolves. The Cubs just ran and ran until they crossed the goal.

You got the message of their game plan plain and simple right after the opening kickoff when they ran on fourth down—first at their own 29 with 3 yards to go, then again at their 47 with 4th and 5.

But it paid off. And, with five and a half minutes gone on the clock, they hadn't given up possession of the ball and had a 7-0 margin.

Mike Roberson, 200-pound halfback who didn't appear to care if school kept or not when he wasn't lugging the ball, did the touchdown honors. This first time and every time during the night.

Roberson had just picked his See WOLVES Page 7

## Salute For A Queen

Frank Bertl Jr. salutes his daughter, Teresa, with a kiss in the blowing chill of a wet norther Friday night immediately after the Colorado High senior was crowned homecoming queen by Supt. Lloyd McKee. Coronation was in 37-degree temperature at halftime of C-City's 6-21 3-AAA loss to Brownfield.

## Funeral Rites For Pioneer

Mrs. H. A. Wulfen. She was married to the late Mr. Brennan Dec. 6, 1900, in Weatherford.

He was a long-time rancher in the county and served as post master here for 12 years before his death Sept. 26, 1961.

Mrs. Brennan was a member of First United Methodist Church.

Two brothers, Walter Wulfen of El Paso, Fred Wulfen of Grapevine, a sister, Mrs. Sue Johnson of Abilene and two grandchildren.

# Senate Action To Seek 1-Year Farm Extension

Senator Ralph Yarborough during the coming week will introduce a bill in Washington to extend federal cotton, wheat, feed grain and wool programs.

He informed Colorado City Record Friday of his plans through his Austin office.

Lack of action by Congress to finalize a farm bill has placed area farmers and agribusiness in a severe bind by stalling preparation for next

year's farm operation, thereby hurting the pocketbook of agriculture and business alike.

Yarborough said his bill for extension will be an alternative to Bill HR 18546, which he declared "if enacted into law would seriously harm the cotton, wheat and feed grain programs of this country."

"As an alternative to this disastrous bill," the senator stated, "there will be introduced

in the Senate next week a bill which will:

"1. Extend cotton, wheat, feed grain and wool programs as provided for in the 1965 Agricultural Act for a period of 1 year.

"Re-enact the payment limitations on dairy programs and rural development proposals contained in present bill.

"I will be one of the prin-

cipal sponsors of this bill and will work for 'its passage.'

Inaction by Congress to decide upon a farm program has left farmers in the costly position of not knowing what to plan for in their 1971 year of operation.

Every operation from leasing of land, selling and buying of allotments, contracting for labor, scheduling of equipment purchases, purchasing of seed

and fertilizer, credit needs—all are stymied because of the Washington stall.

Cotton, feed grain farmers begin planning their next year's operation in summer. But now, even in mid-November, they can not start preparation.

Even worse hurt is the wheat farmer. His planting date already passed, yet he doesn't know what program lies ahead for the next 12 months.

The inaction puts a strangle on all business associated with agriculture in this area.

## Seniors Parade A Winner

This float depicting "Old Woman in A Shoe," with a gang of kids sticking their heads out from all directions, won for Senior Class the \$50 first prize in Colorado High's Friday homecoming parade. Depicting the "old woman" in the rocker is Senior Ada Feaster, Wolverine presi-

dent. Other winners in the parade, bright and colorful despite sudden wintry weather, were "Wizard of Oz" by Sophomore Class (No. 2 for \$30) and "Little Red Riding Hood" by Wolverines (No. 3 for \$20).

# Exes Look To '75

## Homecoming Set Every 5th Year

Colorado High's annual homecoming will be moved to a new schedule—once every five years.

That was the decision of an Ex-Students Association meeting Friday, night after the Colorado - Brownfield football game.

Proposal for the 5-year plan was placed before the 46 exes participating in the association's annual session.

In addition to voting approval, the association named a steering group, according to Mrs. Howard Boyd, are:

Mrs. Ruth Cooper (Class '39), Mrs. Beulah Lester and Mrs. Ann Morrison (Class '40), Mrs. Ethel Sue Taylor and Mrs. Billie Harrison (Class '41), Mrs. Bertie Colson and Mrs. Helen Morgan (Class '43), Preston Morris (Class '44), Mike Mickle, Linden Solomon and Rodney Tiller (Class '45), Mrs. Yvonne Sadler (Class '47), Mrs. Joy Morris (Class '48), Mrs. Verta Hardegre (Class '50), Mrs. Melba Mickle (Class '52), Mrs. Virgie Goodlett and Mrs. Lena Marcom (Class '53).

more of these type meetings," Mrs. Boyd said, "with the 5-year plan."

Class of 1939, which is having a special reunion in conjunction with the current '70 homecoming, had the largest number at the ex-students association meeting. Next highest was Class of '40 with 7 in attendance.

Members of '39 Class were busy all Saturday with their homecoming reunion. They began with a coffee at 10, visited new facilities at the school, then lunched together in the cafeteria.

A dinner Saturday night in Villa Inn with Miss Gladys Miller, their former teacher, as speaker, concluded their activities.

Class of 1939, which is having a special reunion in conjunction with the current '70 homecoming, had the largest number at the ex-students association meeting. Next highest was Class of '40 with 7 in attendance.

# 25 Years In Rape

## Appleton Guilty Here

A 39-year-old Colorado City man entered state prison Tuesday to begin a 25-year sentence.

Judge Austin McCloud pronounced the sentence here Monday in 32nd District Court after the defendant, Freddie Oscar Appleton, pleaded guilty.

Appleton committed the offense upon a 5-year-old girl here last Dec. 1.

He will receive credit for the 11 months he was confined in

Mitchell County jail since his arrest last Dec. 3.

Appleton was charged after the mother of the child, who required hospital and surgical treatment, complained to officers.

At the time of his arrest the defendant had resided here for several months as a farm worker.

Sheriff Claxton transported Appleton to Huntsville Tuesday.

## Thefts In Scattered Locations

Toll of thefts continue to cause trouble for property owners in scattered areas of the county.

One of the largest losses was reported by Grover Kirk-Chapman Construction Company at Lake Colorado City.

Tools worth \$500 were taken from a tool box on a construction site, according to the Big Spring firm. Among the stolen See THEFTS Page 7

# Harvest In A Rush

## 6,000 Bales Ginned Within Week

Mitchell County cotton producers took advantage of good weather during the week to hurry almost 6,000 bales of their '70 crop to gins.

By Friday afternoon, when a damp norther forced a halt to harvest in many fields, the county counted 12,947 bales.

That's a major increase from the season's total of 7,277 bales counted at the close of the previous week.

Still leading the ginning production in Loraine Coop with 3,230 bales. Only 370 bales less was Producers Coop of Colorado City with 2,860.

Farmer Gin & Supply of Colorado City reported 1,593 total bales and Buford Coop had 1,384 bales.

In Westbrook at Planters Gin, the total was 1150. It was there last weekend that a fire destroyed 228 bales before firemen could extinguish the blaze.

Loraine's Guitlar Gin had processed 658 bales Friday and Guitlar in Colorado City was up to 884 bales.

Mitchell County producers accounted for 1,188 bales at China Grove—approximately half of that gin's total ginning.

Ideal harvesting weather throughout this West Texas a-

rea caused a steady flow sample receipts at the USDA Cotton Classing Office, Abilene.

For the week ending Friday, the office classed 36,000 samples—three times the 12,900 for the same period in 1969.

Season's total at Abilene now is 102,400 samples, compared to 36,000 a year ago.

Twenty per cent of the samples was in the white category, 78 per cent was light spotted and 2 per cent was spotted.

Predominant grade was 32 at 56 per cent, according to B. B. Manly Jr., officer in charge of classing.

Predominant staple lengths at Abilene were 29, 29 per cent and 30, 49 per cent.

Micronaire readings showed 83 per cent in the premium stage.

Pressley or strength reading showed 87 per cent reading 80,000 pounds per square inch and better.

Consumer & Marketing Service, Abilene, reported prices dropped about 100 points. Average gross prices for some predominant qualities were: 19.70 cents for 3229; 20.30 cents for 3230; 19.25 cents for 4229; 19.35 cents for 4230.

# CROP Campaign This Afternoon

Youths of First United Methodist Church Sunday afternoon will be collecting cash donations for Christian Rural Overseas Program.

CROP, an annual project for the youth group, is a fund that is dispensed for emergency relief for persons in need.

"It is also a program to help people in foreign countries to help themselves," said Rick Perkin, a youth leader.

"Through CROP," he continued, "you can feed a child for seven cents a day in one of the starvation ridden countries of the world."

"His daily diet will include three eight ounce servings of milk, three servings of split beans or rice, three servings of dried fruit and a serving of high protein supplement."

A dollar for CROP can provide \$15 work of vegetable seeds or 250 eight ounce servings of milk or 200 servings of dried

fruit or 10 pounds of high protein supplement.

One dollar will also provide a small hand tool or help drill wells and clear land in India to benefit over 350,000 people in one area alone or help train young farmers in the Congo.

Youths working in the missionary project this afternoon can be identified by CROP lapel buttons.

Leaders for the Methodist youths in addition to Perkin are Mrs. Perkin and Mrs. Carol Sue Dakan.

## NRTA Chapter To Hear Insurance Consultant

Insurance plans for older persons will be explained and evaluated at a luncheon meeting of Mitchell County Chapter of National Retired Teachers Association Tuesday in Villa Inn.

Steve Polansky, insurance consultant for NRTA, will be speaker for the occasion, according to Olson Sweatt, president of local unit.

"Non-members of NRTA who are interested in insurance matters will be welcomed at the meeting," Sweatt said. "A question and answer period will provide opportunities for individual cases to be explored."

Membership in NRTA is open to men and women who have at some time been employed in the US school systems or private educational institutions at any level.

## Colorado Independent School District Statement of Cash Receipts and Disbursements For the Fiscal Year Ending August 31, 1970

We have examined the Cash Receipts and Disbursements Statement, Comparison of the Official Budget with Revenues and Expenditures, Bond Schedule, and related records of the Colorado Independent School District for the year ended August 31, 1970. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting

records and such other auditing procedures as we considered necessary in the circumstances.

The accounting records for revenues are maintained on the cash basis with the exception of amounts due from state sources which are recorded on the accrual basis.

All Supporting schedules for the Consolidated Application. Fund are enclosed in a separate audit report as required by T.E.A.

In our opinion, the accompanying statements of cash receipts and disbursements, the comparison of the official budget with revenues and expenditures, and the bond sch-

edule present fairly the cash transactions, revenues and expenditures on a modified accrual basis, except as stated in paragraph two and the bonded indebtedness of the Colorado Independent School District for the year ended August 31, 1970, in conformity with generally accepted accounting principles for public school districts applied on a basis consistent with that of the preceding year.

## Garden Club Members Study Spring Flowering Bulbs

A panel discussion of spring flowering bulbs Wednesday highlighted a meeting of Colorado City Garden Club.

Mrs. Bruce Johnson was moderator for the panel made up of Mrs. George Willis and Mrs. L. J. Taylor.

Mrs. Willis discussed various types of bulbs to be planted including daffodils, narcissus, Dutch iris, bearded iris, tulips and hyacinths.

Planting, cultivation and preparation of soil were reviewed by Mrs. Taylor who suggested

times to plant. She also advised bulbs should be planted in groups of 10 or more rather than in a straight row.

Flower arrangement for the afternoon by Mrs. A. H. Jackson included a spray of pine, coral berries and ceramic deer on a wood deer.

A report from Robert H. Ricker, national landscape design chairman, was read in business session.

In a national report Ricker, an instructor at Texas A&M, urged every garden club to develop at least one Mini-Park. "Every vacant lot is a potential beauty spot if developed into a Mini-Park," he was quoted as saying.

Local Garden Club has completed several mini-parks at various street intersections in Colorado City and have contacted individual businesses and Colorado City Museum concerning small areas on their premises.

Plans for a bake sale Nov. 20-21 were begun also during the business session. Bake is set to begin at 9 a.m.

Members present were Mrs. E. L. Ashford, Mrs. John Bell, Mrs. R. D. Bridgford, Mrs. John Brown, Mrs. Roy Davis Coles, Mrs. W. S. Edge, Mrs. Jackson, Mrs. Johnson, Mrs. E. M. Owen and Mrs. S. A. Palmer.

# CONVERSATION CORNER

OPINIONS depend on the viewpoint—that is, where you sit.

Sit on a jet plane and you can see the world as a toy with miniature doll houses and buildings made of silver dominoes. Sit on the ground under a tall tree and the world seems so big, the sky so high!

Look at a rainbow. Study a star. The eyes just see how small they are.

The mind knows better. The crux of it. Is you measure things from where you sit.

YOU CAN see yourself as poor and downright needy if you insist on measuring the little house and little street you inhabit by the Jim Ling estate just purchased in Dallas by Lamar Hunt for a million plus six hundred thousand dollars.

You can believe yourself rich if the heart's eyes can see real poverty. Shacks by a railroad track. Children with no shoes. Pain and misery when the nights grow cold.

YOU CAN call yourself a failure from where you sit if you covet fame and fortune and what the world points to as success.

Or they can feel like a suc-

cess by your own standards and from the viewpoint where you sit—if none of your kids are in jail for now. Your family and friends love you. . . and you're not overdrawn at the bank.

YOU CAN think yourself into being a martyr with more troubles than Job ever heard of if you like to sit with the head hung down.

You can sit in a home where real tragedy has struck, where one is hopelessly ill, bereft, heart-broken, and erase every little tiresome crisis that's plaguing you.

Best example ever experienced personally happened on a bus trip several years ago. Got on feeling very pitiful indeed, very "put upon." The woman who shared my seat began to talk after a few miles. Her 16-year-old daughter had just run away from home, leaving her newborn baby. The woman's husband was suffering from terminal cancer. She herself was going home after shock therapy in a state hospital.

She did not cry. She was beyond tears. Sitting beside her, this woman wanted to weep in

shame for having been mad at the world over a petty problem.

OPINIONS depend on the viewpoint, depend on where you sit when you take a long look at things.

You can sit beside the walling wall in sackcloth and ashes if that is where you think you belong.

Or you can brush the hair, put on the best raiment and go fine somebody worse off than you are, seek a way to speak a comforting word rather than addle yourself into a decline.

SUMMING UP, this Sunday sermon is trying to accent the positive. If there were to be special music with it we'd all sing the old hymn "Count Your Blessings."

From where you sit you can feel rich if you aren't hungry. Successful if you like what you're doing. Content with your lot if you like yourself a little. At peace with the world.

Let's see—how do those favorite old lines by Frank L. Stanton go? "This world we're a-livin' in. Is mighty hard to beat. You get a thorn with every rose. But aint the roses sweet?"

SEEN LATELYS all around the town were Mary Jo and J. D. Hill Jr. . . Inez Hock. . . Amarie (Mrs. Price) Hall. . . Marcus Vest, Moody Richardson, Drue Cawthron, county commissioners together. . . Betty (Mrs. Dwain) Williams. . . Frances Hines whose son Lynn Prescott is due home from Vietnam soon now.

Pretty Selma Landau admits she's a little on the lonely side since son Jerry left for college. He's a scholarship student at University of Denver.

Saw gracious Gladys Miller on the shopping scene. Minna (Mrs. Philip) Perman. . . Doyle Kiker. . . Buster Baker.

HEAR TELL that our Duff Chesneys of Houston were in town for the reunion of Duff's graduating class of 1939 at CHS. His wife grew up here, too, as Martha Jane Watson, daughter of the John E. Watsons and sister of Freddie Guitler. Martha Jane finished CHS in 1942.

Hear, too, that Lena Porter left Wednesday night for California where she will spend several days with grandson Skipper Norris, college student. Then Lena will fly to Honolulu for a stay of several months with her daughter Fannie Bess, her husband Air Force Major Eddie K. Norris, and their

younger son Dale. She plans Christmas in Hawaii.

BRIEF ENCOUNTERS brought greetings from LuAnn Hertenberger (Mrs. Buddy) who daughter Jerry Lyn is a freshman at Texas Tech. . . Lon Robertson. . . Lillian Mundy. . . Sally Miller Rogers (Mrs. Howard) sharing a refreshment break with Mabel (Mrs. Frank) Kelley.

Dennis). . . Faye (Mrs. Albert) Spivey. . . John Tiller. . . Luke Thomas. . . Ralph Sorrells, Record advertising manager. . . Otho Rice. . . Maurice Kirschbaum. . . and George Hudson.

P. G. (Pink) Fuller of Farmington, N. M. has been guest of his son Raymond Fuller and his family here.

HAPPY little letter came from El Paso from Barbara Smith Moore, wife of Udell Moore and daughter of Mike and Susie Smith.

Udell has just been elected county judge by his fellow Democrats in El Paso after a hard-fought race against his Republican opponent. He is a CHS grad, class of 1945, and of University of Texas Law School.

Udell is son of Mrs. Emmie Moore and the late Udell Moore Sr. His C-City uncles are Dick and A. O. Hickman.

Barbara writes that she and Udell and their three children look forward to a visit in their old home town here during the

Thanksgiving holidays when the T. C. Richardson family has scheduled a reunion.

She adds that Udell's sister Jean DeVore and her family also live in El Paso and that the Dick Cook family attends the same church as the Moores.

# Self Culture Panel Talks 'Keeping Our Republic'

"Keeping our Republic" was topic of a panel discussion by Mrs. C. P. Gary, Mrs. A. H. Jackson and Mrs. John Brown last Friday in a meeting of Self Culture Club in home of Mrs. Paul Beeman.

The trio of panelists discussed changes and progress of the nation, the country's natural beauty and freedom of individuals to practice and revere values of the nation.

In mentioning undesired changes of the country, Mrs. Jackson said, "Not only has the face of the nation lost much of the beauty of a more gracious age, but sadder still, the na-

tion and its people have lost something more important and fundamental."

"The picture is discouraging even terrifying," she continued, "but not hopeless."

"As President Nixon has pointed out," the panel moderator said, "there is a vast silent majority that still believe in honor, integrity, patriotism, religion and freedom of the individual."

"... a nation is the sum total of its people," Mrs. Gary explained, "What counts is not only what they do but the thoughts they hold, the things

they say among their friends, day to day."

Democracy is something to be lived, club members heard. "It is caring for each other and helping each other, trying always to give a little more than one receives."

"Perhaps we should rediscover America," Mrs. Brown suggested.

"Next time you hear someone cut down America, show them that you have hand-over-heart, flag waving and singing patriotism," she advised. "Tell them how much you enjoy all of your freedoms and comforts."

Refreshments were served to Mrs. Willie Whitmore, Mrs. L. A. Keith, Mrs. Earl Brown, Mrs. Wilford Fox, Mrs. Brown, Mrs. R. M. Reed, Mrs. Gary, Mrs. William L. Watson and Mrs. Elliott.

**WOLVES**

way through the Wolves for a 15-yard jaunt and a first down on the Wolf 48 when Quarterback Mark Nall sent him running for TD No. 1.

Roberson took Nall's handoff, moved across left guard then slanted outside and 48 open yards to the goal. One lonely Wolf made a dive for his heels at the 5, but missed.

Billy Blankenship came off the bench and kicked the extra point, just as he did on two later opportunities.

Steve Vest cranked up the Wolfpack offense in the second quarter in impressive fashion early in the second quarter for 80 yards and C-City's only touchdown.

Vest started it with a 17-yard romp around right end on his option choice. Larry Dearen got 3 more on a draw up middle.

Brownfield's Duane Bagcus tossed Vest for a 10-yard loss, but the quarterback connected flat to Stan Bracy, who faked out two defenders then sprinted to the 48.

After a miss to Wayne Banks, Vest tossed again to Bracy, who this time was to the left. The speeders took the ball on the Cub 35, button hooked out of the hands of a tackler then ran 32 yards untouched into the north.

Try for 2 extra points brought failure when Dewain Nix tried a pass after a fake kick.

Like opening, Brownfield scored the first time they got the ball in the third quarter.

Starting on the C-City 40 after a short punt into the wind, Brownfield needed only 10 plays to score. Roberson did it this time with a 10-yard waltz untouched from the 10.

The last score came with 6:18 remaining on the clock after an 80-yard drive. From the 15, it was Roberson with four consecutive carries--the last 3 yards around left end to the flag.

**Wild Game, Grass Go Together in West Texas**

"While you are hunting deer, turkey or quail this season notice how wild game and good grass manager go together," says Don Hodges, District Conservationist with the Soil Conservation Service.

Usually the thicker the brush, the less game you will find. Dense stands of mesquite, lote bush, catclaw and cacti limits grass production and reduces food for all game birds and animals. Good range management, including brush control with wildlife consideration, not only increases forage production for livestock, but also food and cover for all species of wildlife.

While browse is the staple item in the year-long diet of deer, succulent grasses and forbs during the spring and early summer are essential components of the diet and without these foods deer do not reproduce successfully.

This part of Texas has always had wildlife, but it had not always had dense brush. The first settlers found an abundance of deer, antelope, turkey, quail, and dove, but they had trouble finding wood. Early ranchers reported "plenty of grass from one to three feet tall and in many places as high as a cow's back."

"The more our present range resembles those that the early settlers found, the more livestock feed and wild game we will have," Hodges said.

The Mitchell Soil and Water Conservation District is dedicated to assisting farmers and ranchers to meet this objective. Talk to your District Director or Soil Conservation Service Technician if you are interested in increasing both wild game and grass," Hodges invited.

### Tips For Christmas Mailing

Postmaster A. M. Morris Saturday listed 6 tips to help residents of Colorado City meet tight Christmas budgets this year by careful mailing of cards and parcels.

For the most efficient mailing, Morris suggested these steps:

1. For Servicemen Overseas "SAM" (Space Available Mail) Christmas Parcels can be sent until Nov. 20 for only the small domestic parcel post charge involved from (Colorado City) to east or west coast points of embarkation for military mail. Parcels up to 5 pounds and 60 inches in combined length and girth are accepted at this low rate.

2. Larger Parcels (up to 30 pounds with the same length and girth limitations) can be sent as "PAL" (Parcel Airlift) mail, provided they are mailed by Nov. 27. Charge is only \$1 per parcel, plus the regular domestic parcel post postage. Much less than charges that would apply later if straight airmail service must be provided.

3. For all packaging - Invest in good quality, sturdy wrapping materials. This small investment can help assure undamaged delivery of valuable

gifts and prevent delays which might result if rewrapping were required in transit.

4. Insure Parcels Realistically - To cover full value but do not over insure. A \$10 gift, for example, can bring only \$10 compensation, if lost, even if "insured" for \$100.

5. Get plenty of stamps on your first trip to the post office to avoid the time and expense of additional trips.

6. Use Zip Codes - As a tool for economy in mailing. When it is used consistently on parcels and cards, zip code helps prevent errors in delivery and expedites handling. If only a few Christmas cards go astray an investment of several dollars may be lost, for example.

"The key to efficient Christmas mailing," the postmaster commented, "is mail early and carefully. Clear addressing, with the zip codes, proper packaging and early depositing can prevent most problems and provide the greatest value for money spent on postage."

Deadlines for mail for Armed Forces overseas are: SAM (Space Available Mail)-Nov. 20, PAL (Parcel Airlift)-Nov. 27, and AIR MAIL (Parcels & Cards)-Dec. 11.
